STATUTES OF CALIFORNIA

1987–88

REGULAR SESSION

1987 CHAPTERS

CHAPTER 1

An act relating to a special election to fill vacancies on the City Council of Union City, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 14, 1987. Filed with Secretary of State January 15, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, special elections called pursuant to Section 36512 of the Government Code to fill vacancies occurring on the City Council of the City of Union City during 1986 may be consolidated by the city council as provided in this act. All candidates at the consolidated election for these offices shall stand for election for all vacancies to be filled. Candidates receiving a plurality of votes at the election are elected to fill the vacancies on the city council.

The Legislature finds and declares that the unusual circumstance of two vacancies being created on the City Council of Union City at nearly the same time require this special authorization to consolidate special elections to fill the vacancies. Consolidation of these elections will result in a savings of public moneys and will avoid the confusion that could otherwise result from separate elections to fill these offices.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit consolidation of elections to fill vacancies created in late 1986 on the City Council of the City of Union City, and to thereby avoid confusion of the electorate, it is necessary that this act take effect immediately.

CHAPTER 2

An act to amend Sections 5000.5 and 5010.7 of, and to repeal Section 5007 of, the Education Code, to amend Section 23302.1 of, and to add Section 14009 to, the Elections Code, and to amend Section 36503.5 of the Government Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 2, 1987. Filed with Secretary of State March 3, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 5000.5 of the Education Code is amended to read:

5000.5. (a) Notwithstanding any other provision of law, except as provided under Section 5008, after the initial election of governing board members in any school district, or members of a county board of education, the election of governing board members for the district or members of the county board of education may, upon the adoption of an appropriate resolution by the governing board or the county board of education, respectively, be established to regularly occur on the same day upon which a primary, municipal, or general election is held. If a district is located in more than one county, the district may not consolidate an election if any county in which the district is located denies the request for consolidation. In the event of consolidation, the election of governing board members or members of the county board of education shall be conducted in accordance with all applicable procedural requirements of the Elections Code pertaining to that primary, municipal, or general election, and shall thereafter occur in consolidation with that election.

(b) The resolution of the governing board or county board of education shall be adopted and submitted to the board of supervisors, for purposes of subdivision (a), no later than 240 days prior to the date of the currently scheduled election for the governing board members of the district or for the members of the county board of education.

(c) The board of supervisors, within 60 days from the date of submission, shall approve the resolution unless it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled, or the consolidation will incur additional costs to the county. Prior to the adoption of a resolution to either approve or deny a consolidation request, the board or boards of supervisors shall each obtain from the county clerk, as defined under Section 23503 of the Elections Code, a report on the cost effectiveness of the proposed action, and provide public notices of the proceedings in which the resolution is to be considered for adoption, pursuant to Section 25151 of the Government Code.

(d) An election day established pursuant to subdivision (a) shall be prescribed to occur not less than one month, nor more than 12 months, subsequent to the election day prescribed in subdivision (a) of Section 5000 or pursuant to Section 1007, as appropriate. As described in this subdivision, "12 months" means the period from the election day prescribed in subdivision (a) of Section 5000 or pursuant to Section 1007, as appropriate, to the first Tuesday after the first Monday in the 12th month subsequent to that day, inclusive.

(e) In the event that the election day for a school district governing board or county board of education is established pursuant to subdivision (a), the term of office of all then incumbent members

of that governing board or county board of education shall be extended accordingly.

(f) This section shall not apply to the County of San Diego, pursuant to Section 5000.1, and Section 23509.1 of the Elections Code.

SEC. 2. Section 5007 of the Education Code is repealed.

SEC. 3. Section 5010.7 of the Education Code is amended to read:

5010.7. (a) Notwithstanding any other provision of law, a community college district may, by resolution, require that its trustee general elections be held on the same day as the statewide general election or a municipal election, except that the board of supervisors of any county in which the district will hold an election may deny any request for consolidation if it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled. If a district is located in more than one county the district may not consolidate an election if any county in which the district is located denies the request for consolidation.

(b) If, pursuant to subdivision (a), a general trustee election is held on the same day as a statewide election, those trustees whose four-year terms of office would have, prior to the adoption of the resolution, expired prior to that election shall, instead, continue in their offices until successors are elected and qualified.

(c) If a district governing board adopts a resolution pursuant to subdivision (a), general trustee elections following the adoption of the ordinance shall be conducted on the date specified by the governing board in accordance with subdivision (a) unless the resolution in question is later repealed by the governing board.

SEC. 4. Section 14009 is added to the Elections Code, to read:

14009. Notwithstanding any other provision of law, the Registrar-Recorder of the County of Los Angeles and the Registrar of Voters of Orange County may, pursuant to agreement between those counties, perform, either on behalf of the other, any and all duties relating to the conducting of the election, the counting of votes, and any other election procedures to the extent that those duties are for the conduct of an election of governing board members for any school district whose territory lies within both the County of Los Angeles and Orange County, pursuant to the consolidation of that election with a primary, municipal, or general election under Section 5000.5 of the Education Code.

SEC. 5. Section 23302.1 of the Elections Code is amended to read:

23302.1. (a) This section applies only to special districts electing members of the governing body in November of odd-numbered years. As used in this section, "special district" means an agency of the state formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries, except a city, county, city and county, school or community college district, or special assessment district.

(b) Notwithstanding any other provision of law, a governing body of a special district may, by resolution, require that its elections of

governing body members be held on the same day as the statewide general election. The resolution setting the election shall also include dates that are consistent with the primary or general election with respect to nominations, notices, canvass of votes, certification of election, and all other procedural requirements of the Elections Code pertaining to the primary or general election. The resolution shall be submitted to the board of supervisors no later than 240 days prior to the date of the currently scheduled district election. The board of supervisors shall notify all districts located in the county of the receipt of the resolution to consolidate and shall request input from each district on the effect of consolidation. The election official shall prepare and transmit to the board of supervisors an impact analysis of the proposed consolidation.

The board of supervisors, within 60 days from the date of submission, shall approve the resolution unless it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled. The votes of the districts affected by the consolidation shall be notified at the district's expense of the approval of the resolution by the board of supervisors. Public notices of the proceedings in which the resolution is to be considered for adoption shall be made pursuant to Section 25151 of the Government Code. If a special district is located in more than one county the special district may not consolidate an election if any county in which the special district is located denies the request for consolidation.

(c) If, pursuant to subdivision (b), an election is held on the same day as the statewide general election, those governing body members whose terms of office would have, prior to the adoption of the resolution, expired prior to that election shall, instead, continue in their offices until their successors are elected and qualified, but in no event shall the term be extended more than one year. As described in this subdivision, "one year" means the period from the election day described in subdivision (a) to the first Tuesday after the first Monday in the 12th month subsequent to that day, inclusive.

(d) If a governing body adopts a resolution pursuant to subdivision (b), the elections following the adoption of the ordinance shall be held on the same day as the statewide general election, unless the resolution in question is later repealed by the governing body.

SEC. 6. Section 36503.5 of the Government Code is amended to read:

36503.5. (a) A city council may enact an ordinance requiring its general municipal election to be held on the same day as the statewide direct primary election, the day of the statewide general election, or on the day of school district elections, as set forth in Section 2602 of the Elections Code. Any ordinance adopted pursuant to this subdivision shall become operative upon the approval of the board of supervisors. An ordinance shall be approved by the board of supervisors unless the ballot style, voting equipment, or computer

capability is such that additional elections or materials cannot be handled.

(b) As the result of the adoption of an ordinance pursuant to this section, no term of office shall be increased or decreased by more than 12 months. As described in this subdivision, "12 months" means the period between the day upon which the term of office would otherwise have commenced and the first Tuesday after the second Monday in the 12th month before or after that day, inclusive.

(c) If an election is held pursuant to subdivision (a), and the election is consolidated with another election, Part 2.5 (commencing with Section 23300) of Division 14, except Section 23302, of the Elections Code shall govern the consolidation, and, if the county clerk is requested to conduct the municipal election, Section 22003 of the Elections Code shall be applicable to that election.

(d) If, pursuant to subdivision (a), a general municipal election is held on the same day as a statewide election or the same day as a school district election, those city officers whose terms of office would have, prior to the adoption of the ordinance, expired on the Tuesday succeeding the second Tuesday in April of an even-numbered year, shall, instead, continue in their offices until no later than the fourth Tuesday after the day of the general municipal election, and until their successors are elected and qualified.

(e) Within 30 days after the ordinance becomes operative pursuant to subdivision (a), the city clerk shall cause a notice to be mailed to all registered voters informing the voters of the change in the election date. The notice shall also inform the voters that as a result in the change in the election date, elected city officeholders' terms in office will be changed.

(f) If a city adopts an ordinance pursuant to subdivision (a), the municipal election following the adoption of the ordinance and each municipal election thereafter shall be conducted on the date specified by the city council, in accordance with subdivision (a), unless the ordinance in question is later repealed by the city council.

SEC. 7. Due to the unique circumstances concerning the ballot style and voting equipment of the County of Los Angeles and Orange County, and the ability of the boards of supervisors of those counties to approve a consolidation of a governing board election with a primary, municipal, or general election as authorized by Section 5000.5 of the Education Code, the Legislature finds and declares, for purposes of Section 4 of this act, that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 8. The Legislature hereby finds and declares that the amendments set forth in Section 6 of this act are declaratory of, and do not constitute a substantive change in, existing law.

SEC. 9. The Legislature intends that the amendments set forth in Sections 1–5 inclusive shall not apply to special elections.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify certain statutory provisions relating to the scheduling of school district and municipal elections without undue delay, which provisions took effect on January 1, 1987, and to facilitate the consolidation of certain elections for school districts having territory in both the County of Los Angeles and Orange County, it is necessary that this act take effect immediately.

CHAPTER 3

An act to amend, repeal, and add Section 128 of the Code of Civil Procedure, relating to contempt, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 10, 1987. Filed with Secretary of State March 11, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 128 of the Code of Civil Procedure is amended to read:

128. (a) Every court shall have the power to do all of the following:

(1) To preserve and enforce order in its immediate presence.

(2) To enforce order in the proceedings before it, or before a person or persons empowered to conduct a judicial investigation under its authority.

(3) To provide for the orderly conduct of proceedings before it, or its officers.

(4) To compel obedience to its judgments, orders, and process, and to the orders of a judge out of court, in an action or proceeding pending therein.

(5) To control in furtherance of justice, the conduct of its ministerial officers, and of all other persons in any manner connected with a judicial proceeding before it, in every matter pertaining thereto.

(6) To compel the attendance of persons to testify in an action or proceeding pending therein, in the cases and manner provided in this code.

(7) To administer oaths in an action or proceeding pending therein, and in all other cases where it may be necessary in the exercise of its powers and duties.

(8) To amend and control its process and orders so as to make them conform to law and justice.

(b) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting an attorney, his or her agent, investigator, or any person acting under the attorney's direction, in

the preparation and conduct of any action or proceeding, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, the violation of which is the basis of the contempt except for the conduct as may be proscribed by subdivision (b) of Section 6068 of the Business and Professions Code, relating to an attorney's duty to maintain respect due to the courts and judicial officers.

(c) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting a public safety employee acting within the scope of employment for reason of the employee's failure to comply with a duly issued subpoena or subpoena duces tecum, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, a violation of which is the basis for the contempt.

As used in this subdivision, "public safety employee" includes any peace officer, firefighter, paramedic, or any other employee of a public law enforcement agency whose duty is either to maintain official records or to analyze or present evidence for investigative or prosecutorial purposes.

(d) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting the victim of a sexual assault, where the contempt consists of refusing to testify concerning that sexual assault, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, a violation of which is the basis for the contempt.

As used in this subdivision, "sexual assault" means any act made punishable by Section 261, 262, 264.1, 285, 286, 288, 288a, or 289 of the Penal Code.

(e) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting county government or its governing body acting pursuant to its constitutional or statutory authority, the execution of any sentence shall be stayed for 30 days, and for such additional period as may be granted by a reviewing court upon the filing of a petition for extraordinary relief to test the lawfulness of the court's order, a violation of which is the basis for the contempt.

If a petition is filed in accordance with the provisions of this subdivision, execution of the contempt order shall, upon denial of the petition, be stayed for five judicial days after the petition for extraordinary relief is denied.

SEC. 2. Section 128 is added to the Code of Civil Procedure, to read:

128. (a) Every court shall have the power to do all of the following:

(1) To preserve and enforce order in its immediate presence.

(2) To enforce order in the proceedings before it, or before a

person or persons empowered to conduct a judicial investigation under its authority.

(3) To provide for the orderly conduct of proceedings before it, or its officers.

(4) To compel obedience to its judgments, orders, and process, and to the orders of a judge out of court, in an action or proceeding pending therein.

(5) To control in furtherance of justice, the conduct of its ministerial officers, and of all other persons in any manner connected with a judicial proceeding before it, in every matter pertaining thereto.

(6) To compel the attendance of persons to testify in an action or proceeding pending therein, in the cases and manner provided in this code.

(7) To administer oaths in an action or proceeding pending therein, and in all other cases where it may be necessary in the exercise of its powers and duties.

(8) To amend and control its process and orders so as to make them conform to law and justice.

(b) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting an attorney, his or her agent, investigator, or any person acting under the attorney's direction, in the preparation and conduct of any action or proceeding, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, the violation of which is the basis of the contempt except for the conduct as may be proscribed by subdivision (b) of Section 6068 of the Business and Professions Code, relating to an attorney's duty to maintain respect due to the courts and judicial officers.

(c) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting a public safety employee acting within the scope of employment for reason of the employee's failure to comply with a duly issued subpoena or subpoena duces tecum, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, a violation of which is the basis for the contempt.

As used in this subdivision, "public safety employee" includes any peace officer, firefighter, paramedic, or any other employee of a public law enforcement agency whose duty is either to maintain official records or to analyze or present evidence for investigative or prosecutorial purposes.

(d) Notwithstanding Section 1211 or any other provision of law, if an order of contempt is made affecting the victim of a sexual assault, where the contempt consists of refusing to testify concerning that sexual assault, the execution of any sentence shall be stayed pending the filing within three judicial days of a petition for extraordinary relief testing the lawfulness of the court's order, a violation of which

is the basis for the contempt.

As used in this subdivision, "sexual assault" means any act made punishable by Section 261, 262, 264.1, 285, 286, 288, 288a, or 289 of the Penal Code.

SEC. 3. Section 128 of the Code of Civil Procedure as amended by Section 1 of this act shall remain in effect only until two years after the effective date of this act and on that date is repealed, and Section 2 of this act shall become operative on that date, unless a later enacted statute deletes or extends that date.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

It is necessary for this act to take effect immediately because the effective and continuous functioning of county government requires an orderly process for the resolution of issues raised in connection with a contempt order.

CHAPTER 4

An act to amend Section 1719 of the Civil Code, and to amend Section 1033 of the Code of Civil Procedure, relating to civil procedure, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 17, 1987. Filed with Secretary of State March 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1719 of the Civil Code is amended to read:

1719. (a) Notwithstanding any penal sanctions which may apply, any person who makes, utters, draws, or delivers any check, or draft, or order upon any bank or depository, or person, or firm, or corporation, for the payment of money, which refuses to honor the same for lack of funds or credit to pay, or because the maker has no account with the drawee, or because the maker instructed the drawee to stop payment, and who fails to pay the same amount in cash to the payee within 30 days following a written demand therefor informing the maker of the provisions of this section, mailed to the maker by certified mail, shall be liable to the payee, in addition to the amount owing upon that check or draft or order, for damages of treble the amount so owing, but in no case less than one hundred dollars ($100), and in no case more than five hundred dollars ($500), plus the costs of mailing the written demand for payment. However, there shall be no cause of action under this section if a maker stops payment in order to resolve a good faith dispute with the payee. The payee is entitled to the damages only upon proving by clear and

convincing evidence that there was no good faith dispute, as defined in subdivision (b).

(b) For purposes of this section, in the case of a stop payment the existence of a "good faith dispute" shall be determined by the trier of fact. A "good faith dispute" is one in which the court finds that the maker had a reasonable belief of his or her legal entitlement to withhold payment. Grounds to such entitlement include, but are not limited to, the following: services were not rendered, goods were not delivered, goods or services purchased are faulty, not as promised, or otherwise unsatisfactory, or there was an overcharge.

(c) In the case of a stop payment, the notice to the maker required by this section shall be in substantially the following form:

NOTICE

To: _____
(name of maker)

_____ is the payee of a check you wrote
(name of payee)

for $ _____ . The check was not paid because
(amount)

you stopped payment, and the payee demands payment. You may have a good faith dispute as to whether you owe the full amount. If you do not have a good faith dispute with the payee and fail to pay the payee the full amount of the check in cash within 30 days after this notice was mailed, you could be sued and held responsible to pay at least all of the following:

(1) The amount of the check.

(2) Damages of at least $100 or, if higher, three times the amount of the check up to $500.

(3) The cost of mailing this notice.

If the court determines that you do have a good faith dispute with the payee, you will not have to pay the damages and mailing cost mentioned above. If you stopped payment because you have a good faith dispute with the payee, you should try to work out your dispute with the payee. You can contact the payee at:

_____
(name of payee)

_____
(street address)

_____
(telephone number)

You may wish to contact a lawyer to discuss your legal rights and responsibilities.

_____
(name of sender of notice)

(d) In the case of a stop payment, a court may not award damages or costs under this section unless the court receives into evidence a

copy of the written demand which, in that case, shall have been sent to the maker and a signed certified mail receipt showing delivery of the written demand to the maker's address.

(e) A cause of action under this section may be brought in small claims court, if it does not exceed the jurisdiction of that court, or in any other appropriate court. The payee shall, in order to recover damages because the maker instructed the drawee to stop payment, show to the satisfaction of the trier of fact that there was a reasonable effort on the part of the payee to reconcile and resolve the dispute prior to pursuing the dispute through the courts.

(f) A cause of action under this section may be brought in municipal or justice court by an assignee of the payee. However, if the assignee is acting on behalf of the payee, for a flat fee or a percentage fee, the assignee may not charge the payee a greater flat fee or percentage fee for that portion of the amount collected that represents treble damages than is charged the payee for collecting the face amount of the check, draft, or order. This subdivision shall not apply to an action brought in small claims court.

SEC. 2. Section 1033 of the Code of Civil Procedure is amended to read:

1033. (a) In the superior court, costs or any portion of claimed costs shall be as determined by the court in its discretion in accordance with Section 1034 where the prevailing party recovers a judgment that could have been rendered in a court of lesser jurisdiction.

(b) In a municipal or justice court, where a prevailing plaintiff recovers less than the amount prescribed by law as the maximum limitation upon the jurisdiction of the small claims court, the following shall apply:

(1) Where the party could have brought the action in the small claims court, the court may, in its discretion, allow or deny costs to the prevailing party, or may allow costs in part in any amount as it deems proper.

(2) Where the party could not have brought the action in small claims court, costs and necessary disbursements shall be limited to the actual cost of the filing fee and the actual cost of service of process. However, those costs shall only be awarded to the plaintiff if the court is satisfied that prior to the commencement of the action, the plaintiff informed the defendant in writing of the intended legal action against the defendant and that legal action could result in a judgment against the defendant which would include the costs and necessary disbursements allowed by this paragraph.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that a chaptering problem which occurred in 1986 may be corrected as soon as possible, and in order to ensure consistency in the award of court costs, it is necessary that this act go into immediate effect.

CHAPTER 5

An act to amend Section 11106 of, and to amend and repeal Section 11100 of, the Health and Safety Code, relating to controlled substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 17, 1987. Filed with Secretary of State March 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 11100 of the Health and Safety Code, as added by Section 2 of Chapter 1028 of the Statutes of 1986, is repealed.

SEC. 2. Section 11100 of the Health and Safety Code, as added by Section 3 of Chapter 1028 of the Statutes of 1986, is amended to read:

11100. (a) Any manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes any of the following substances to any person in this state shall submit a report to the Department of Justice of all of those transactions:

(1) Phenyl-2-propanone.
(2) Methylamine.
(3) Ethylamine.
(4) D-lysergic acid.
(5) Ergotamine tartrate.
(6) Diethyl malonate.
(7) Malonic acid.
(8) Ethyl malonate.
(9) Barbituric acid.
(10) Piperidine.
(11) N-acetylanthranilic acid.
(12) Pyrrolidine.
(13) Phenylacetic acid.
(14) Anthranilic acid.
(15) Morpholine.
(16) Ephedrine.
(17) Pseudoephedrine; norpseudoephedrine; and phenylpropanolamine.

(b) The Department of Justice may adopt rules and regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code that add substances to subdivision (a) if the substance is a precursor to a controlled substance and delete substances from subdivision (a). However, no regulation adding or deleting a substance shall have any effect beyond March 1 of the year following the calendar year during which

the regulation was adopted.

(c) (1) Any manufacturer, wholesaler, retailer, or other person shall, prior to selling, transferring, or otherwise furnishing any substance specified in subdivision (a) to a person in this state, require proper identification from the purchaser.

(2) For the purposes of this subdivision, "proper identification" means a motor vehicle operator's license or other official state-issued identification of the purchaser which contains a photograph of the purchaser, and includes the residential or mailing address of the purchaser, other than a post office box number, the motor vehicle license number of any motor vehicle owned or operated by the purchaser, a letter of authorization from the business for which any substance specified in subdivision (a) is being furnished, which includes the business license number and address of the business, a full description of how the substance is to be used, and the signature of the purchaser. The person selling, transferring, or otherwise furnishing any substance specified in subdivision (a) shall affix his or her signature as a witness to the signature and identification of the purchaser.

(3) A violation of this subdivision is a misdemeanor.

(d) Any manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes the substance specified in subdivision (a) to a person in this state shall, not less than 21 days prior to delivery of the substance, submit a report of the transaction, which includes the identification information specified in subdivision (c), to the Department of Justice. However, the Department of Justice may authorize the submission of the reports on a monthly basis with respect to repeated, regular transactions between the furnisher and the recipient involving the same substance if the Department of Justice determines that either of the following exist:

(1) A pattern of regular supply of the substance exists between the manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes such substance and the recipient of the substance.

(2) The recipient has established a record of utilization of the substance for lawful purposes.

(e) This section shall not apply to any of the following:

(1) Any pharmacist or other authorized person who sells or furnishes a substance upon the prescription of a physician, dentist, podiatrist, or veterinarian.

(2) Any physician, dentist, podiatrist, or veterinarian who administers or furnishes a substance to his or her patients.

(3) Any manufacturer or wholesaler licensed by the California State Board of Pharmacy who sells, transfers, or otherwise furnishes a substance to a licensed pharmacy, physician, dentist, podiatrist, or veterinarian.

(4) Any sale, transfer, furnishing, or receipt of any drug which contains any substance listed in paragraph (16) or (17) of subdivision (a) and which is lawfully sold, tranferred, or furnished, over the

counter without a prescription pursuant to the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 301 et seq.) or regulations adopted thereunder.

(f) (1) Any person specified in subdivision (d) who does not submit a report as required by that subdivision or who knowingly submits a report with false or fictitious information shall be punished by imprisonment in the county jail not exceeding six months or by a fine not exceeding five thousand dollars ($5,000) or by both the fine and imprisonment.

(2) Any person specified in subdivision (d) who has previously been convicted of a violation of paragraph (1) shall, upon a subsequent conviction thereof, be punished by imprisonment in the state prison, or by imprisonment in the county jail not exceeding one year, or by a fine not exceeding one hundred thousand dollars ($100,000), or by both the fine and imprisonment.

This section shall become operative on April 1, 1987.

SEC. 3. Section 11106 of the Health and Safety Code is amended to read:

11106. (a) Any manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes any substance specified in subdivision (a) of Section 11100 to a person in this state or who receives from a source outside of the state any substance specified in subdivision (a) of Section 11100 shall obtain a permit for the conduct of that business from the Department of Justice. However, no permit shall be required of any manufacturer, wholesaler, retailer, or other person for the sale, transfer, furnishing, or receipt of any drug which contains any substance listed in paragraph (16) or (17) of subdivision (a) of Section 11100 and which is lawfully sold, tranferred, or furnished over the counter without a prescription or by a prescription pursuant to the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 301 et seq.) or regulations adopted thereunder.

(b) Applications for permits shall be filed in writing and signed by the applicant, and shall set forth the name of the applicant, the business in which the applicant is engaged, the business address of the applicant, and a full description of any substance sold, transferred, or otherwise furnished, or received.

(c) The department may grant permits on forms prescribed by it, which shall be effective for not more than one year from the date of issuance. Applications and permits shall be uniform throughout the state, on forms prescribed by the department.

(d) Each applicant shall pay at the time of filing an application for a permit a fee determined by the department which shall not exceed the application processing costs of the department.

(e) A permit granted pursuant to this article may be renewed one year from the date of issuance, and annually thereafter, upon the filing of a renewal application and the payment of a permit renewal fee not to exceed the application processing costs of the department.

(f) Selling, transferring, or otherwise furnishing, or receiving any

substance specified in subdivision (a) of Section 11100 without a permit, is a misdemeanor or a felony.

(g) This section shall become operative on April 1, 1987.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to properly control substances constituting a menace to public health and safety, it is necessary that this act take effect immediately.

CHAPTER 6

An act to add Sections 16312, 16313, and 16654 to the Government Code, relating to state bonds, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 20, 1987. Filed with Secretary of State March 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 16312 is added to the Government Code, to read:

16312. (a) Notwithstanding and in addition to any other provision of law permitting withdrawal of moneys from the General Fund for deposit into a special fund for the purpose of carrying out a program or project with repayment to the General Fund to come from the proceeds of the later sale of state bonds or notes, the Pooled Money Investment Board may instead make a loan from the Pooled Money Investment Account directly to any such special fund, on such terms and conditions as the board may determine, upon request made to the board by an appropriate official. Any official authorized by law to seek, authorize, or approve a withdrawal of moneys from the General Fund for these purposes may in the alternative request a loan from the board as provided in this section and execute such documents as are required by the board to obtain and repay the loan. Interest on the loan shall be determined as provided in Section 16314.

(b) The Pooled Money Investment Board may also make a loan from the Pooled Money Investment Account to any special fund for the purpose of carrying out a program or project that is authorized to be financed by issuing bonds, notes, or other evidence of indebtedness, where the special fund does not qualify under subdivision (a). Any loan shall be subject to those terms and conditions as the board shall determine and interest shall be determined as provided in Section 16314.

Any state agency or other entity of state government that has authority to issue bonds may request a loan from the Pooled Money

Investment Account and execute such documents as are required by the board to obtain and repay the loan.

(c) When a loan is made pursuant to subdivision (a) or (b) to a special fund to carry out a state general obligation bond program, the Treasurer shall determine whether the program is self-liquidating. For a self-liquidating program, the special fund shall pay the loan interest out of the proceeds derived from bond sales. The General Fund shall pay the loan interest for any non-self-liquidating programs.

(d) Notwithstanding Section 13340, amounts required to pay interest on loans made to non-self-liquidating general obligation bond programs are hereby continuously appropriated from the General Fund.

The Legislature hereby finds and declares that these appropriations for interest payments regarding general obligation bond programs are appropriations for debt service as defined in Section 8 of Article XIII B of the California Constitution and therefore are exempt from the appropriations limit set by that article.

SEC. 2. Section 16313 is added to the Government Code, to read:

16313. Notwithstanding and in addition to any other provision of law permitting loans to state agencies from the Pooled Money Investment Account, the Pooled Money Investment Board may make a loan, on such terms and conditions as the board may determine, from the Pooled Money Investment Account to any state agency in order to prepay or replace existing financing when the board determines it is in the best interest of the state to do so. Interest on the loans shall be determined as provided in Section 16314.

Any state agency with existing financing may request a loan from the Pooled Money Investment Account to replace existing financing and may execute such documents as are required by the board to obtain and repay the loan.

SEC. 3. Section 16654 is added to the Government Code, to read:

16654. The Controller shall establish and maintain accounts and perform accounting transactions as determined by the Treasurer to be necessary to comply with all provisions of federal law and regulations pertaining to retaining the bondholders' exemption from federal income taxation on interest paid on state bonds.

State agencies administering state bond programs shall provide the Treasurer with all program and fiscal information as determined by the Treasurer to be necessary to comply with these federal provisions.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Federal Tax Reform Act of 1986 imposes rebate requirements that severely limit the issuance of tax exempt bonds. Consequently,

the loan authority provided by this act is required as soon as possible in order to allow the orderly continuation of the state's various bond programs. Therefore, it is necessary for this act to take effect immediately.

CHAPTER 7

An act to amend Section 19233 of the Business and Professions Code, relating to dry cleaning, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 27, 1987. Filed with Secretary of State March 27, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 19233 of the Business and Professions Code is amended to read:

19233. (a) The bureau shall require that all registrants maintain a surety bond in the sum of five thousand dollars ($5,000) or post security in the form of a bearer bond issued by the United States or the State of California in the amount of five thousand dollars ($5,000) or post five thousand dollars ($5,000) in cash, unless, after a determination as hereinafter provided, the bond or security is waived. A surety bond shall be duly executed by an admitted surety insurer, shall be continuous in form, shall be in favor of the people of the State of California, and the total aggregate liability on the bond shall in no event exceed the face amount thereof.

The surety bond shall be conditioned that the principal shall and will be liable for fraud and for all claims for damaged articles of clothing of persons with whom the registrant may deal as a registrant.

(b) Payments which are to be made from any security or pursuant to any bond which is required by this section shall be limited to payments of claims which have been approved by the final decision of a court.

(c) Any person injured by the breach of any condition to secure which the bond is given shall have a cause of action upon the bond in any court of competent jurisdiction to recover his or her damages not in excess of two hundred fifty dollars ($250) suffered by reason of that breach. The aggregate liability of the surety to all such persons shall not, however, exceed the sum of the bond.

(d) Bonds filed with the bureau pursuant to this article shall remain in full force and effect until the surety has terminated future liability by 30-day written notice to the bureau.

(e) In lieu of furnishing the bond required by this section, licensees may deposit with the bureau a bearer bond or bearer bonds having a market value of five thousand dollars ($5,000) or more, and

the deposit shall be permitted to receive annually any interest payable on such bond.

(f) The bureau shall waive the filing of the security or bond upon application and proof, as evidenced by a financial statement certified by a certified public accountant, that a third party has a net worth of at least one hundred thousand dollars ($100,000) and that the registrant's financial responsibility is guaranteed by that third party. The guaranty shall be a form provided by the bureau.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that persons seeking registration for dry cleaning plants may have an alternative method of complying with a bond requirement which is operative on and after January 1, 1987, it is necessary that this act go into immediate effect.

CHAPTER 8

An act to amend Sections 74536, 74623, 74651, 74652, 74693, 74694, and 74837 of, and to add Sections 74622.5, 74652.5, 74922.5, and 74952.5 to, the Food and Agricultural Code, relating to agricultural marketing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 27, 1987. Filed with Secretary of State March 27, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 74536 of the Food and Agricultural Code is amended to read:

74536. "Vintner" means a winegrower, as defined in Section 23013 of the Business and Professions Code, who holds a winegrower's license issued by the Department of Alcoholic Beverage Control pursuant to Chapter 3 (commencing with Section 23300) of Division 9 of the Business and Professions Code, and who is engaged in producing must, grape juice, grape concentrate, wine, or products thereof, including high proof and brandy by processing winegrapes or field crushed must. A vintner who processes winegrapes in the preceding marketing season in a quantity of 100 tons or less is not subject to this chapter.

SEC. 2. Section 74622.5 is added to the Food and Agricultural Code, to read:

74622.5. For the purpose of voting in the referendum required in Section 74621, only a person who would be required to pay the assessment pursuant to Section 74652.5 shall be considered a vintner.

SEC. 3. Section 74623 of the Food and Agricultural Code is

amended to read:

74623. In determining whether this chapter shall become operative, the director shall find that at least 40 percent of the total number of vintners from the list established by the director participated in the referendum, and that either one of the following has occurred:

(a) Sixty-five percent or more of the vintners who voted in the referendum voted in favor of this chapter, and the vintners so voting processed a majority of the volume of winegrapes in the preceding marketing season by all the vintners who voted in the referendum.

(b) A majority of the vintners who voted in the referendum voted in favor of this chapter, and the vintners so voting processed 65 percent or more of the volume of winegrapes in the preceding marketing season by all the vintners who voted in the referendum.

SEC. 4. Section 74651 of the Food and Agricultural Code is amended to read:

74651. (a) Prior to the beginning of each marketing season or as soon thereafter as possible, the commission shall establish an assessment rate for the marketing season.

(b) Unless approved by a two-thirds vote of the commission, the assessment rate shall not exceed 1 percent of the gross dollar value of winegrapes processed by vintners.

SEC. 5. Section 74652 of the Food and Agricultural Code is amended to read:

74652. Any vintner who is also a producer who processes winegrapes shall pay the assessment on the winegrapes. The "weighted average producer returns per ton" by district as published in the most recent Final Grape Crush Report issued annually for the current marketing season by the department shall be used as the basis for determining product gross dollar value and the assessment on the winegrapes where no sale is involved.

SEC. 6. Section 74652.5 is added to the Food and Agricultural Code, to read:

74652.5. Unless otherwise exempted by this chapter, the assessment provided for in this article shall be levied on vintners and vintners who are also producers who engage in the act of processing winegrapes into must for the purpose of making grape juice, grape concentrate, wine, or products thereof, including high proof or brandy or processing field crushed must for the purpose of making grape juice, grape concentrate, wine, or products thereof, including high proof or brandy.

SEC. 7. Section 74693 of the Food and Agricultural Code is amended to read:

74693. (a) Upon a finding by a two-thirds vote of the commission that this chapter has not tended to effectuate its declared purposes, the commission may recommend to the director that this chapter be suspended.

(b) Alternatively, the director may be petitioned to suspend this chapter. The petition shall be signed by 20 percent of the vintners

by number who processed not less than 20 percent of the volume of winegrapes in the immediately preceding marketing season. The director shall hold a hearing on the petition after receiving it.

(c) The director shall, upon receipt of the recommendation to suspend this chapter from the commission, or may, after holding the hearing on the petition to suspend this chapter, hold a referendum among the vintners to determine if the commission shall be suspended. However, the director shall not hold a referendum as a result of the petition unless the petitioner shows by the weight of evidence that this chapter has not tended to effectuate its declared purposes.

(d) The director shall establish a referendum period, which shall not be less than 10 days nor more than 60 days in duration. The director may prescribe additional procedures as may be necessary to conduct the referendum. At the close of the referendum period, the director shall tabulate the ballots filed during the period. If at least 40 percent of the total number of vintners from the list established by the director participate in the referendum, the director shall suspend this chapter if he or she finds either of the following has occurred:

(1) Sixty-five percent or more of the vintners who voted in the referendum, voted in favor of suspension; and the vintners so voting processed a majority of the total quantity of winegrapes processed in the preceding marketing season by all of the vintners who participated in the referendum.

(2) A majority of the vintners who voted in the referendum voted in favor of suspension; and the vintners so voting processed 65 percent or more of the total quantity of winegrapes processed in the preceding marketing season by all of the vintners who voted in the referendum.

SEC. 8. Section 74694 of the Food and Agricultural Code is amended to read:

74694. (a) The director shall terminate the commission at the end of the current marketing season if the director finds that termination is requested in writing, within a 90-day period, by at least 51 percent of the eligible vintners that are directly affected that process at least 51 percent of the volume of the product.

(b) The person or persons originating the request shall file a written notice with the director in a manner that establishes the date the request is initiated. Any person may withdraw his or her name from the petition requesting the termination prior to the time the request is presented to the director.

(c) The signatures to the petition requesting termination need not all be appended to one sheet of paper. Each person signing the petition shall add his or her signature and business address. If no business address is given, a designation of the place of business shall be given which will enable the location to be readily ascertained.

(d) The petition shall bear a copy of the notice of intention. Signatures shall be secured within the time limit specified in this

section.

SEC. 9. Section 74837 of the Food and Agricultural Code is amended to read:

74837. "Vintner" means a winegrower, as defined in Section 23013 of the Business and Professions Code, who holds a winegrower's license issued by the Department of Alcoholic Beverage Control pursuant to Chapter 3 (commencing with Section 23300) of Division 9 of the Business and Professions Code, and who is engaged in producing must, grape juice, grape concentrate, wine, or products thereof, including high proof and brandy by processing winegrapes or field crushed must. A vintner who processes winegrapes in the preceding marketing season in a quantity of 100 tons or less is not subject to this chapter.

SEC. 10. Section 74922.5 is added to the Food and Agricultural Code, to read:

74922.5. For the purpose of voting in the referendum required in Section 74921, only a person who would be required to pay the assessment as a producer pursuant to Section 74952.5 shall be considered a producer.

SEC. 11. Section 74952.5 is added to the Food and Agricultural Code, to read:

74952.5. Unless otherwise exempted by this chapter, the assessment provided for in this article shall be levied on producers who process their own winegrapes and on producers who engage in the act of selling winegrapes to a vintner or to a handler from whom the winegrapes will ultimately be sold for the purpose of making must, grape juice, grape concentrate, wine, or products thereof, including high proof or brandy.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Extensive provisions affecting the marketing, production, and ongoing continuity of the winegrape growing and winemaking industry of California were enacted during 1986. In order to put these provisions into effect during the current marketing season, it is necessary that this act take effect immediately.

CHAPTER 9

An act relating to local agencies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 21, 1987. Filed with Secretary of State April 21, 1987.]

The people of the State of California do enact as follows:

SECTION 1. (a) Notwithstanding Section 36936 of the Government Code, the city council of the City of Baldwin Park may enact resolutions and orders for the payment of money, and any ordinance, by a vote of two council members until such time as a third council member has been elected and qualified.

(b) The Legislature finds and declares that a temporary exception to Section 36936 of the Government Code is required in the City of Baldwin Park to prevent an undesirable hiatus in the city's ability to conduct the public's business. This act provides an exception to the requirements of Section 36936 applicable only to the City of Baldwin Park in order to remedy a very unusual set of circumstances, under which less than a majority of the city council was recalled from office, while another vacancy occurred prior to the recall election that will also be filled at a forthcoming special election. This act is necessary to avoid disruption in city activities which would be caused by state law prohibiting city action on ordinances or appropriations by less than a vote of three council members.

(c) This section shall remain in effect until August 1, 1987, and on that date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the City of Baldwin Park to continue operations until vacancies on the city council can be filled by election, it is necessary that this act go into immediate effect.

CHAPTER 10

An act to add Sections 9601.5 and 9607.5 to the Streets and Highways Code, relating to improvement bonds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 28, 1987. Filed with Secretary of State April 28, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 9601.5 is added to the Streets and Highways Code, to read:

9601.5. Section 8769 shall apply to bonds issued pursuant to this division in the County of San Bernardino.

SEC. 2. Section 9607.5 is added to the Streets and Highways Code, to read:

9607.5. For refunding bonds issued in the County of San Bernardino, the last maturity of any of these bonds shall not exceed the longest maturity currently authorized for bonds by the law pursuant to which the bonds to be refunded were issued.

SEC. 3. Notwithstanding Section 16 of Article IV of the Constitution, the Legislature hereby finds that in the County of San Bernardino there are problems relating to refunding bonds which are unique to that county, and it is hereby declared that general law cannot be applicable to the county and that the enactment of this special law is necessary for the public good.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit local governments and taxpayers throughout the state to refinance outstanding bonded indebtedness at current low-interest rates, it is necessary for this act to take effect immediately.

CHAPTER 11

An act to relating to Medi-Cal, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 29, 1987. Filed with Secretary of State April 29, 1987.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated the sum of two hundred fifteen million two hundred thousand dollars ($215,200,000) from the General Fund to the State Department of Health Services for use in reimbursement of Medi-Cal providers for costs in the 1986–87 fiscal year.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the necessary funds to allow adequate funding for the 1986–87 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 12

An act to add Chapter 16 (commencing with Section 77001) to Division 22 of the Food and Agricultural Code, relating to agricultural marketing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 30, 1987. Filed with Secretary of State April 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 16 (commencing with Section 77001) is added to Division 22 of the Food and Agricultural Code, to read:

CHAPTER 16. CALIFORNIA WALNUT COMMISSION

Article 1. Declaration and General Provisions

77001. The production and marketing of walnuts constitute an important industry of this state. This industry not only provides substantial and necessary revenues for the state and employment for its citizens, but also furnishes essential food vital to the public health and welfare.

77002. The maintenance and expansion of the walnut industry of California, and of its foreign markets, are necessary to ensure the consuming public of a continuous supply of this vital food and the maintenance of needed levels of income for those engaged in the walnut industry of this state.

77003. It is necessary for human nutrition and public benefit that the public be made aware of accurate and scientific information relative to the beneficial qualities of walnuts and of the production and distribution costs necessary to make walnuts available to the consuming public.

77004. The production and marketing of walnuts produced in this state is hereby declared to be affected with a public interest. This chapter is enacted in the exercise of the police power of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

77005. No action taken by the commission, nor by any individual in accordance with this chapter or with the rules and regulations adopted under this chapter, is a violation of the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), the Fair Trade Act (Chapter 3 (commencing with Section 16900) of that Part 2), the Unfair Practices Act (Chapter 4 (commencing with Section 1700) of that

Part 2), or any statutory or common law against monopolies or combinations in restraint of trade.

77006. This chapter shall be liberally construed. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

77007. It is hereby declared as a matter of legislative determination that members of the commission are intended to represent and further the interest of a particular agricultural industry concerned and that this representation and furtherance is intended to serve the public interest. Accordingly, the Legislature finds that, with respect to persons who are elected or appointed to the commission, the particular agricultural industry concerned is tantamount to, and constitutes, the public generally within the meaning of Section 87103 of the Government Code.

77008. A commission form of administration created by this chapter is designed to deal with the broad fields of advertising, promotion, and marketing research.

Article 2. Definitions

77021. Unless the context otherwise requires, the definitions in this article govern the construction of this chapter.

77022. "Walnuts" means only walnuts of the English (Juglans regia) varieties grown in California.

77023. "Books and records" means books, records, contracts, documents, memoranda, papers, correspondence, or other written data pertaining to matters relating to the activities subject to this chapter.

77024. "Commission" means the California Walnut Commission.

77025. "Cooperative handler" means any handler who is a nonprofit agricultural cooperative marketing association of producers organized pursuant to Chapter 1 (commencing with Section 54001) of Division 20.

77026. "Independent handler" means any handler who is not a nonprofit agricultural cooperative marketing association of producers organized pursuant to Chapter 1 (commencing with Section 54001) of Division 20.

77027. (a) The districts consist of the following:

(1) District 1 consists of the counties in the state that lie north of a line drawn on the south boundaries of the Counties of San Mateo, Alameda, San Joaquin, Calaveras, and Alpine.

(2) District 2 consists of all other walnut producing counties in the state south of the boundary line set forth in paragraph (1).

(b) The boundaries of any district may be changed by a two-thirds vote of the full commission, which is concurred in by the director, when necessary to maintain similar total production among the

districts and to ensure proper representation by producers. These boundaries need not coincide with county lines.

77028. "Handler" means any person engaged in the marketing of walnuts which he or she has produced or purchased or acquired from a producer, or is marketing on behalf of a producer whether as owner, agent, employee, broker, or otherwise.

77029. "Market" or "marketing" means to sell walnuts.

77030. "Marketing research" means any research relating to the marketing of walnuts in foreign markets.

77031. "Marketing year" or "fiscal year" means the period from August 1 of any year to July 31, inclusive, of the next year.

77032. "Producer" means any person in this state who grows walnuts for market and who, upon request, provides proof of commodity sale. "Producer" does not include any person who markets 2,000 pounds or less of walnuts.

77033. "Ex officio member" means a nonvoting member of the commission.

77034. "Advertising and sales promotion" means, in addition to its ordinarily accepted meaning, any plan directed toward increasing the sale of walnuts in foreign markets. No advertising or sales promotion plan shall make use of false or unwarranted claims on behalf of any product, or disparage the quality, value, sales, or use of any other commodity.

Article 3. The California Walnut Commission

77051. (a) There is in the state government the California Walnut Commission. The commission shall be composed of eight walnut producers who are not handlers, two walnut handlers, and one public member. Four producers, two from each district, shall be elected by and from producers who are not affiliated with any cooperative handling walnuts. The other four producers, two from each district, shall be selected pursuant to Section 77129. One independent handler shall be elected by and from handlers who are not within any cooperative handling walnuts. The other handler shall be selected pursuant to Section 77129.

(b) The public member shall be appointed to the commission by the director from nominees recommended by the commission.

(c) The director and other appropriate individuals as determined by the commission shall be ex officio members of the commission.

77052. (a) The director may require the commission to correct or cease any existing activity or function which is determined by the director not to be in the public interest or which is in violation of this chapter.

(b) If the commission refuses or fails to cease these activities or functions or to make corrections required by the director, the director may, upon written notice, suspend all or a portion of the activities or functions of the commission until the time that the cessation or correction of activities or functions as required by the

director has been accomplished by the commission.

(c) Actions of the commission in violation of the written notice are without legal force or effect. The director, to the extent feasible, shall issue the written notice prior to the commission entering into any contractual relationship affecting the existing or proposed activities or functions which are the subject of the written notice.

(d) Upon service of the written notice, the director shall notify the commission in writing of the specific acts which he or she determines are not in the public interest or are in violation of this chapter and his or her reasons for requiring a cessation or correction of specific existing or proposed activities or functions. The director may make recommendations that will make the activities or functions acceptable.

77053. The commission or the director may bring an action for judicial relief from the director's written notice, or from noncompliance by the commission with the written notice, as the case may be, in a court of competent jurisdiction, which may issue a temporary restraining order, permanent injunction, or other applicable relief.

77054. When the director is required to concur in a decision of the commission, he or she shall give his or her response to the commission within 15 working days from notification of the decision. The response may be a request that additional information be provided.

77055. The commission shall reimburse the director for all expenditures incurred by the director in carrying out his or her duties and responsibilities pursuant to this chapter. However, a court may, if it finds that the director acted arbitrarily or capriciously in restricting the activities or functions of the commission, relieve the commission of the responsibility for payment of the director's legal costs with regard to that action.

77056. Each member of the commission, except the ex officio members, shall have an alternate member to be elected in the same manner as the member. An alternate member shall, in the absence of the member for whom he or she is an alternate, serve in place of the member on the commission and shall have and be able to exercise all the rights, privileges, and powers of the member when serving on the commission. In the event of a change in status making him or her ineligible to serve, or due to death, removal, resignation, or disqualification of a member, the alternate member shall act as a member on the commission until a qualified successor is elected or appointed.

77057. Any vacancy on the commission occurring by the failure of any person elected to the commission as a member or alternate member not affiliated with any cooperative marketing walnuts to continue in his or her position due to a change in status making him or her ineligible to serve, or due to death, removal, or resignation, shall be filled for the unexpired portion of the term by a majority vote of the remaining members of the commission who are not

affiliated with any cooperative marketing walnuts. That person shall meet all the qualifications set forth in this article as required for the member whose office he or she is to fill.

77058. Any vacancy on the commission occurring by the failure of any person elected to the commission as a member or alternate member affiliated with a cooperative marketing walnuts to continue in his or her position due to a change in status making him or her ineligible to serve, or due to death, removal, or resignation, shall be filled for the unexpired portion of the term by a majority vote of the remaining members of the commission who are affiliated with any cooperative marketing walnuts. That person shall meet all the qualifications set forth in this article as required for the member whose office he or she is to fill.

77059. Any vacancy on the commission occurring by the failure of the public member or alternate member to continue in his or her position due to a change in status making him or her ineligible to serve, or due to death, removal, or resignation, shall filled for the unexpired portion of the term by the director from nominees recommended by the commission. That person shall meet all the qualifications set forth in this article as required for the member whose office he or she is to fill.

77060. Any producer member and his or her alternate member on the commission shall be an individual or an employee representing a producer who has a financial interest in producing, or causing to be produced, walnuts for market. The qualifications of producer members and their alternate members shall be maintained during the entire term of office.

77061. Any handler member and his or her alternate member on the commission shall have a financial interest in handling walnuts for market.

77062. The public member and his or her alternate member on the commission shall have all the powers, rights, and privileges of any other member or alternate member, respectively, on the commission. The public member and his or her alternate member shall not have any financial interest in the walnut industry.

77063. The term of office of all members of the commission, except ex officio members, shall be two years from the beginning of the marketing season in the year of their election and until qualified successors are elected. The same selection procedure shall apply to handler members. Terms of office of each member and alternate member of the commission shall be limited to four consecutive terms.

77064. The commission shall be and is hereby declared and created a corporate body. It shall have the power to sue and be sued, to contract and be contracted with, and to have and possess all of the powers of a corporation. It may adopt a corporate seal. Copies of its proceedings, records, and acts, when authenticated, shall be prima facie evidence of the truth of all statements herein.

77065. A quorum of the commission shall be seven voting

members of the commission. Except as provided in Section 77027, a vote in favor of a motion by seven members present at a meeting shall constitute the act of the commission so long as those voting in favor include at least two members who are not affiliated with any cooperative handling walnuts and two members who are affiliated with a cooperative handling walnuts.

77066. The director or his or her representatives shall be notified and may attend each meeting of the commission and any committee meeting of the commission.

77067. No member of the commission or member of a committee established by the commission who is a nonmember of the commission shall receive a salary. Each member of the commission or each alternate member serving in place of a member, except ex officio government members, and each member of a committee established by the commission who is a nonmember of the commission, may receive a sum of not to exceed one hundred dollars ($100) per day, as established by the commission. This per diem shall be paid to members for each day spent in actual attendance at, or in traveling to and from, meetings of the commission or committees of the commission, or on special assignment for the commission, as approved by the commission. Members shall also receive the necessary traveling expenses and meal allowances, as approved by the commission.

77068. All funds received by any person from the assessments levied pursuant this chapter or otherwise received by the commission shall be deposited in banks which the commission may designate and shall be disbursed by order of the commission through an agent or agents as it may designate for that purpose. The agent or agents shall be bonded by a fidelity bond, executed by a surety company authorized to transact business in this state, in favor of the commission, in the amount of not less than twenty-five thousand dollars ($25,000).

77069. The state is not liable for the acts of the commission or its contracts. Payments of all claims arising by reason of the administration of this chapter or acts of the commission are limited to the funds collected by the commission. No member of the commission, alternate member, or any employee or agent thereof, is personally liable for the contracts of the commission. No member of the commission, alternate member, or any employee or agent thereof, is responsible individually in any way to any producer, processor, handler, or any other person for errors in judgment, mistakes, or other acts, either of commission or omission, as principal, agent or employee, except for his or her own individual acts of dishonesty or crime. No member of the commission, alternate member, or any employee or agent thereof, is responsible individually for any act or omission of any other member of the commission, alternate member, or any employee or agent thereof. Liability is several and not joint, and no member of the commission, alternate member, or any employee or agent thereof, is liable for the

default of any other member of the commission, alternate member, or any employee or agent thereof.

Article 4. Powers and Duties of the Commission

77081. The powers and duties of the commission shall include, but are not limited to, all of those contained in this article.

77082. The commission may adopt and from time to time alter, rescind, modify, and amend all proper and necessary bylaws, rules, regulations, operating procedures, and orders for carrying out this chapter, including rules for appeals from any bylaw, rule, regulation, operating procedure, or order of the commission. The commission is exempt from Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code when acting pursuant to this section.

77083. The commission may administer and enforce this chapter and do and perform all acts and exercise all powers incidental to, or in connection with, deemed reasonably necessary for the proper or advisable implementation of this chapter.

77084. The commission may appoint its own officers, including a chairperson, one or more vice chairpersons, and any other officers as it deems necessary. The officers shall have the powers and duties delegated to them by the commission.

77085. The commission may employ a person to serve at the pleasure of the commission as president and chief executive officer of the commission, and other personnel, including legal counsel, necessary to carry out this chapter. The commission may retain a management firm or the staff from any board, commission, or committee of the state or federal government to perform the functions prescribed by this section under the control of the commission.

If the person engages in any conduct which the director determines is not in the public interest or which is in violation of this chapter, the director shall notify the commission of the conduct and request that corrective and, if appropriate, disciplinary action be taken by the commission. If the commission fails or refuses to correct the situation or to take disciplinary action satisfactory to the director, the director may suspend or discharge the person.

77086. The commission may fix the compensation for all employees of the commission.

77087. The commission may appoint committees composed of both members and nonmembers of the commission to advise the commission in carrying out this chapter.

77088. The commission may establish offices and incur expenses, enter into any and all contracts and agreements, create liabilities, and borrow funds in advance of receipt of assessments as may be necessary, in the opinion of the commission, for the proper administration and enforcement of this chapter and the performance of its duties.

77089. The commission shall keep accurate books, records, and accounts of all of its dealings which shall be subject to an annual audit by an auditing firm selected by the commission with the concurrence of the director. A summary of the audit shall be reported to all producers, copies of which shall also be submitted to the department. In addition, the director may, as he or she determines necessary, conduct or cause to be conducted a fiscal and compliance audit of the commission.

77090. The commission may promote the sale of walnuts by brand and generic advertising and other promotional means, including tie-in advertising, for the purpose of maintaining and expanding present markets and creating new and larger foreign markets.

77091. The commission may educate and instruct the wholesale and retail trade in foreign markets with respect to proper methods of handling and selling walnuts.

77092. The commission may make market surveys and analyses.

77093. The commission may present facts to, and negotiate with, state, federal, and foreign agencies on matters which affect this chapter.

77094. The commission may make, in its name, contracts to receive or render services in formulating and conducting plans and programs and any other contracts or agreements that the commission deems necessary for carrying out this chapter.

77095. The commission may conduct, and contract with others to conduct, marketing research, including the study, analysis, accumulation, and dissemination of information obtained from the research or elsewhere, respecting this chapter.

77096. The commission may accept contributions of, or match, private, state, or federal funds and employ or make contributions of funds to other persons or state or federal agencies for purposes of carrying out this chapter.

77097. The commission may publish and distribute without charge a bulletin or other communication for dissemination of information to producers and handlers.

77098. The commission shall establish an assessment rate to defray operating costs of the commission.

77099. The commission shall establish an annual budget according to accepted accounting practices. The budget shall be concurred in by the director prior to disbursement of funds, except for disbursements made pursuant to Section 77086.

77100. The commission shall submit to the director, for his or her concurrence, an annual statement of contemplated activities authorized pursuant to this chapter.

77101. All lists of producers in the possession of the commission or the director are confidential and shall not be disclosed except when required in a judicial proceeding.

77102. The commission may investigate and prosecute civil violations of this chapter and file complaints with appropriate law enforcement agencies or officers for suspected criminal violations of

this chapter.

Article 5. Implementation and Voting Procedures

77121. (a) The director shall establish a list of producers eligible to vote on implementation of this chapter. In establishing the list, the director shall require that handlers, producers, and others submit the names and mailing addresses of all producers. The director also may require that the information provided include the quantity of walnuts produced by each producer or, in the alternative, may establish procedures for receiving the information at the time of the referendum vote specified in Section 77123. The request for the information shall be in writing. The information shall be filed within 30 days following receipt of the written request.

(b) Any producer whose name does not appear on the director's list may have his or her name placed on the list by filing with the director a signed statement identifying himself or herself as a producer. Failure to be on the list does not exempt the producer from paying assessments.

(c) Proponents and opponents of the commission may contact producers on the list in a form and manner prescribed by the director so long as all expenses associated with the contacts are paid in advance.

77122. In finding whether the commission is approved by producers pursuant to this article, the vote of any nonprofit agricultural cooperative marketing association, which is authorized by its members, shall be considered as being the approval or rejection by the producers that are members of, or stockholders in, the nonprofit agricultural cooperative marketing association.

77123. This chapter, except as necessary to conduct an implementation referendum vote, shall not become operative until the director finds in a referendum vote conducted by the director that at least 40 percent of the total number of producers from the list established by the director pursuant to this article participate and that either of the following occurred:

(a) Sixty percent or more of all producers eligible to vote in the referendum voted in favor of this chapter, and the producers so voting marketed a majority of the total quantity of walnuts in the preceding marketing year by all of the producers who voted in the referendum.

(b) A majority of the producers who voted in the referendum voted in favor of this chapter, and the producer so voting marketed 60 percent or more of the total quantity of walnuts in the preceding marketing year.

77124. The director shall establish a period in which to conduct the referendum which shall not be less than 10 days or more than 60 days in duration, and may prescribe additional procedures that may be necessary to conduct the referendum. If the initial period established is less than 60 days, the director may extend the period;

however, the total referendum period may not exceed 60 days.

77125. Nonreceipt of a ballot shall not invalidate a referendum.

77126. If the director finds that a favorable vote has been given as provided in Section 77123, he or she shall certify and give notice of the favorable vote to all affected producers whose names and addresses are on file with the director.

77127. If the director finds that a favorable vote has not been given as provided in Section 77123, he or she shall certify and declare this chapter inoperative. The director may conduct another implementation referendum vote one year or more after the previous vote has been taken.

77128. (a) Upon certification of the commission, the director shall contact all producers in each district who are not affiliated with any cooperative handling walnuts and all independent handlers by mail, or call meetings of producers in each district who are not affiliated with any cooperative handling walnuts and all independent handlers for the purpose of nominating and electing persons to the commission. All of these producers and handlers on the director's list shall be given written notice of any election meetings at least 15 days prior to the meeting date.

(b) To be eligible for election to the commission, producer nominees shall present to the director a nomination petition with the signatures of at least 15 eligible producers from the district from which the nominee is seeking election.

77129. Any cooperative handler who represents at least 30 percent of the producers subject to this chapter shall select four producers who are affiliated with the handler to serve on the commission. The cooperative handler shall also serve on the commission as the cooperative handler member.

77130. Subsequent to the first election of members of the commission pursuant to this chapter, persons to be elected to the commission shall be selected pursuant to nomination and election procedures which shall be established by the commission with the concurrence of the director.

77131. (a) Prior to the referendum vote conducted by the director pursuant to Section 77123, the proponents of the commission shall deposit with the director the amount that the director deems necessary to defray the expenses of preparing the necessary lists and information and conducting the vote.

(b) Any funds not used in carrying out Section 77123 shall be returned to the proponents of the commission who deposited the funds with the director.

(c) Upon establishment of the commission, the commission may reimburse the proponents of the commission for any funds deposited with the director which were used in carrying out Section 77123 and for any legal expenses and costs incurred in establishing the commission.

Article 6. Assessments and Records

77151. (a) The commission shall establish the assessment for the following marketing year not later than August 1 of each year or as soon thereafter as is possible.

(b) The assessment shall not exceed one cent ($0.01) per inshell pound on all walnuts shipped by producers to handlers or marketed by producers.

(c) Assessments provided for in this section shall be levied on the producer. The handler shall deduct the assessment from amounts paid by him or her to the producer and shall be a trustee of the funds until they are paid to the commission at the time and in the manner prescribed by the commission.

(d) A fee greater than the amount provided for in subdivision (b) may not be charged unless and until a greater fee is approved by producers pursuant to the procedures specified in Section 77123.

77152. This chapter does not apply to the walnuts produced only for the producer's home use and to producers who market 2,000 pounds or less of walnuts in the preceding marketing year. However, the producer shall file an affidavit with the commission establishing that he or she has not marketed the walnuts. The commission shall then determine whether the affidavit should be approved.

77153. Every handler shall keep a complete and accurate record of all walnuts handled with the name of the producer whose walnuts were handled. The records shall be in simple form and contain information prescribed by the commission. The records shall be preserved by the handler for a period of two years and shall be offered and submitted for inspection at any reasonable time upon written demand of the commission or its duly authorized agent.

77154. All proprietary information obtained by the commission or the director from producers or handlers is confidential and shall not be disclosed except when required in a judicial proceeding.

77155. Every handler shall be personally liable for the payment of collected assessments to the commission, and the failure of a handler to collect the assessment from any producer does not exempt any handler from liability.

77156. Any assessment which is levied as provided for in this chapter is a personal debt of every producer so assessed. Failure of a handler to collect the assessment does not relieve the producer of the obligation to pay the assessment.

77157. Any producer or handler who fails to file a return or pay any assessment within the time required by the commission shall pay to the commission a penalty of 10 percent of the amount of the assessment determined to be due and, in addition, pay 1½ percent interest per month on the unpaid balance.

77158. When the handler is a corporation, all of the directors and officers of the corporation in their capacity as individuals shall be included, and any liability for failing to collect or make payment of assessments, of which a corporate handler may be subject to under

this chapter, shall also include identical liability upon each director and each officer of the corporation.

Article 7. Actions and Penalties

77171. It is unlawful for any person to do any of the following:

(a) Refuse to render a report, statement, or record required by the commission.

(b) Furnish a false report, statement, or record required by the commission.

(c) When engaged in the handling of walnuts, fail or refuse to furnish the commission, or its duly authorized agents, information concerning the names and addresses of persons from whom walnuts have been received and the quantity so received.

(d) Secrete, destroy, or alter records required to be kept under this chapter.

77172. The commission shall establish procedures for the purpose of according individuals aggrieved by its actions or determinations an informal hearing before the commission or before a committee of the commission designated for this purpose. Appeals from decisions of the commission may be made to the director. The determination of the director shall be subject to judicial review upon petition filed with the appropriate superior court.

77173. (a) The commission may commence civil actions and utilize all remedies provided in law or equity for the collection of assessments and civil penalties and for the obtaining of injunctive relief or specific performance regarding this chapter and the rules and regulations adopted pursuant to this chapter. A court shall issue to the commission any requested writ of attachment or injunctive relief upon a prima facie showing by verified complaint that a named defendant has violated this chapter or any other rule or regulation of the commission, including, but not limited to, the nonpayment of assessments. No bond shall be required to be posted by the commission as a condition for the issuance of any writ of attachment or injunction relief.

(b) A writ of attachment shall be issued pursuant to Chapter 4 (commencing with Section 485.010) of Title 6.5 of Part 2 of the Code of Civil Procedure, except that the showing specified in Section 485.010 of the Code of Civil Procedure is not required. Injunctive relief shall be issued pursuant to Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the showing of irreparable harm or inadequate remedy at law specified in Sections 526 and 527 of the Code of Civil Procedure is not required.

(c) Upon entry of any final judgment on behalf of the commission against any defendant, the court shall enjoin the defendant from conducting any type of business regarding walnuts until there is full compliance and satisfaction of the judgment. Upon a favorable verdict for the commission, it shall be entitled to receive

reimbursement for any reasonable attorney's fees and other actual related costs. Venue for these actions may be established at the domicile or place of business of the defendant or in the county of the principal office of the commission. The commission may be sued only in the county of its principal office.

77174. Termination of this chapter shall not affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with this chapter, release or extinguish any violation of this chapter, or affect or impair any right or remedies of the commission with respect to any violation.

Article 8. Continuation or Suspension and Termination

77191. This chapter, if made operative pursuant to Section 77123, shall remain in effect until July 31, 1991, or until the end of any marketing year thereafter when the commission determines that targeted export assistance funds provided by the federal government have been permanently terminated. Permanent termination shall occur when the federal government does not provide targeted export assistance funds in two consecutive budget years.

77192. (a) Notwithstanding Section 77191, the director shall terminate the commission at the end of the then current marketing year in accordance with Sections 77194 and 77195 if the director finds that the termination of the commission is requested in writing, within a 90-day period, by at least 51 percent of the eligible producers that produce at least 51 percent of the total volume of walnuts.

(b) The person or persons originating the request shall file a written notice with the director in a manner that establishes the date the request is initiated. Any person may withdraw his or her name from the petition requesting the termination prior to the time the request is presented to the director.

(c) The signatures to the petition requesting the termination need not all be appended to one sheet of paper. Each person signing the petition shall specify his or her place of business in a manner that will enable the location to be readily ascertained.

(d) The petition shall bear a copy of the notice of intention to terminate. Signatures shall be secured within the time limit specified in this section.

77193. Every six years, beginning in the 1992–93 marketing year, and so long as funds are available pursuant to Section 77191, the director shall hold a hearing to determine whether operation of this chapter should be continued. If the director finds after the hearing that a substantial question exists among the producers assessed under this chapter regarding whether operation of this chapter should be continued, the director shall submit the chapter for approval utilizing the voting procedures provided in Sections 77122 to 77125, inclusive.

If the director finds that a favorable vote has been given, the director shall so certify and this chapter shall remain in operation. If

the director finds that a favorable vote has not been given, the director shall so certify and declare the operation of this chapter suspended upon expiration of the then current marketing year.

77194. After the effective date of suspension of the operation of this chapter, the operation of the commission shall be concluded and any and all funds remaining held by the commission and not required to defray the expenses of concluding and terminating operations of the commission, shall be returned upon a pro rata basis to all person from whom assessments were collected in the immediately preceding marketing year. However, if the commission finds that the amounts so returnable are so small as to make impractical the computation and remitting of the prorate refund to these persons, any funds remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid into an appropriate program conducted by the University of California or the California State University, another state agency, or a federal agency which deals with the purposes of this chapter. If no program exists, the funds shall be paid into the State Treasury as unclaimed trust funds.

77195. Upon suspension of the operation of this chapter, the commission shall mail a copy of the notice of suspension to all producers affected by the suspension whose names and addresses are on file.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to qualify for federal targeted export assistance funds in the current marketing year and to ensure a sound and prosperous walnut industry, it is necessary that this act take effect immediately.

CHAPTER 13

An act to amend Section 2003 of the Fish and Game Code, relating to fish and game, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 29, 1987. Filed with Secretary of State April 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 2003 of the Fish and Game Code is amended to read:

2003. (a) It is unlawful to offer any prize or other inducement as a reward for the taking of any game birds, mammals, fish, reptiles, or amphibia in an individual contest, tournament, or derby where the total value of all prizes or other inducements exceeds two hundred dollars ($200), except for trout, striped bass, black bass, carp, catfish, Tilapia, or Corvina pursuant to a permit issued under subdivision (b).

(b) The department may issue a permit to any person, as defined in Section 67, authorizing that person to offer a prize or other inducement as a reward for the taking of trout, striped bass, black bass, carp, catfish, Tilapia, or Corvina. The department may issue a permit if it finds that there would be no detriment to the resource. The permit is subject to regulations adopted by the commission, except that no permit is required for any person where the total value of all of the prizes or other inducements does not exceed two hundred dollars ($200) for each individual contest, tournament, or derby. The application for the permit shall be accompanied by a fee in the amount determined by the department as necessary to cover the reasonable administrative costs incurred by the department in issuing the permit.

(c) This section does not apply to any person, as defined in Section 67, conducting what are generally known as frog-jumping contests or fish contests conducted in waters of the Pacific Ocean.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize catfish or carp derbies as early as possible in the sportfishing season, it is necessary that this act take effect immediately.

CHAPTER 14

An act making an appropriation for the payment of claims against the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 1, 1987. Filed with Secretary of State May 4, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The sum of one hundred sixteen thousand dollars ($116,000) is hereby appropriated to the Department of Justice, to be allocated as follows:

(a) One hundred thousand dollars ($100,000) from the Motor Vehicle Account in the State Transportation Fund to pay the settlement in the action captioned Fenelon v. State of California, Case No. 8130, brought in the Superior Court of the State of California in and for the County of Mono.

(b) Sixteen thousand dollars ($16,000) from the General Fund to pay the settlement in the action captioned Anthony G. Peich v. State of California et al., Case No. C 364251, brought in the Superior Court of the State of California in and for the County of Los Angeles.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to relieve the substantial hardship of the plaintiffs by paying the settlements in the actions referenced in this act as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 15

An act to add Section 61765.15 to the Government Code, relating to Lake Don Pedro Community Services District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 1, 1987. Filed with Secretary of State May 4, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 61765.15 is added to the Government Code, to read:

61765.15. Notwithstanding Section 61765, in the Lake Don Pedro Community Services District, the water standby or availability charge shall not exceed sixty dollars ($60) per year for each acre of land on which the charge is levied or sixty dollars ($60) per year for

a parcel less than one acre.

This section, applicable only to the Lake Don Pedro Community Services District, is necessary because of the unique and special water management and financing problems in the area included within the district.

SEC. 2. The Legislature finds and declares that Section 1 of this act is necessary as a special law within the meaning of Section 16 of Article IV of the California Constitution because of the unique and special water management and financial problems within the Lake Don Pedro Community Services District which are not common to other districts organized pursuant to the Community Services District Law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the Lake Don Pedro Community Services District to take advantage of the provisions of this act at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 16

An act to add Section 53971.4 to the Government Code, relating to fire protection services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 1, 1987. Filed with Secretary of State May 4, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 53971.4 is added to the Government Code, to read:

53971.4. (a) As used in this article, "fire protection services" includes, but is not limited to, emergency medical services where provided by a local agency directly or by contract.

(b) "Emergency medical services" includes equipment, apparatus, and salaries and benefits for personnel as described in Article 5 (commencing with Section 1797.160) of Chapter 3 of Part 1 of Division 2.5 of the Health and Safety Code, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, where these services are provided by a local agency which also provides police or fire protection.

This section applies only to San Bernardino County.

SEC. 2. San Bernardino County is unique because of its extended rural areas, many with elderly inhabitants, where charges for emergency medical services cannot economically support these services for either public or private emergency medical services

providers and thus where a special funding mechanism is needed. It is therefore hereby declared that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution and that the enactment of Section 53971.4 of the Government Code as a special law is necessary for the solution of problems existing in San Bernardino County.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to assure continued adequate support of emergency medical services in view of the critical and immediate need for those services by clarification of the law concerning fire protection services, it is necessary that this act take immediate effect.

CHAPTER 17

An act to amend Section 19610.3 of the Business and Professions Code, relating to horseracing.

[Approved by Governor May 11, 1987. Filed with Secretary of State May 12, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 19610.3 of the Business and Professions Code is amended to read:

19610.3. In addition to the amounts required or allowed to be deducted from the parimutuel pools as provided by this chapter, and except as otherwise provided in this section, every association which conducts a racing meeting may elect permanently to deduct an additional amount up to 0.33 of 1 percent from the total parimutuel wagers placed within its inclosure. This election is not available to the California Exposition and State Fair or to a county or district agricultural association fair unless, prior to January 1, 1984, the city or county in which the fair meeting was being conducted levied a license fee or excise tax pursuant to Section 19495 or imposed an admission tax on track patrons.

The amounts deducted pursuant to this section shall be distributed to the city in which the racing meeting is conducted or, if the meeting is conducted outside the limits of any city, to the county in which the racing meeting is conducted. If a city or county has elected by ordinance to receive a distribution from a racing association under this section, it shall not at any time thereafter assess or collect, with respect to an event conducted by that racing association, any license or excise tax or fee, including, but not limited to, any admission, parking, or business tax, or any tax or fee levied solely upon the racing association conducting a racing meeting or any racing patron.

Further, a city or county electing to receive a distribution under this section shall continue to provide ordinary and traditional municipal services, such as police services and traffic control, in connection with racing meetings. "Ordinary and traditional services," as used in this section, means those services provided by the city or county at no charge to the racing association in 1981. If an eligible city or county does not elect to receive a distribution under this section, the amount deducted shall be paid to the state as an additional license fee.

CHAPTER 18

An act to validate the organization, boundaries, acts, proceedings, and bonds of public bodies, and to provide limitations of time within which actions may be commenced, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 12, 1987. Filed with Secretary of State May 12, 1987.]

The people of the State of California do enact as follows:

SECTION 1. This act may be cited as the First Validating Act of 1987.

SEC. 2. As used in this act:

The term "public body" and the plural thereof, as used in this act, shall include only those entities which are specifically enumerated in this section.

(b) "Bonds" means all instruments evidencing an indebtedness of a public body incurred or to be incurred for any public purpose, all leases, installment purchase agreements, or similar agreements in which the obligor is one or more public bodies, all instruments evidencing the borrowing of money in anticipation of taxes, revenues, or other income of such body, all instruments payable from revenues or special funds of such public bodies, all certificates of participation evidencing interests in the leases, installment purchase agreements, or similar agreements, and all instruments funding, refunding, replacing, or amending any thereof or any indebtedness.

(c) "Hereafter" means any time subsequent to the effective date of this act.

(d) "Heretofore" means any time prior to the effective date of this act.

(e) "Now" means the effective date of this act.

SEC. 3. All public bodies heretofore organized or existing under, or under color of, any law are hereby declared to have been legally organized and to be legally functioning as such public body. Every such public body shall have all the rights, powers, and privileges, and be subject to all the duties and obligations, of such a public body regularly formed pursuant to law.

SEC. 4. The boundaries of every public body as heretofore established, defined, or recorded, or as heretofore actually shown on maps or plats used by the assessor, are hereby confirmed, validated, and declared legally established.

SEC. 5. All acts and proceedings heretofore taken by any public body or bodies under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body or for the consolidation, merger, or dissolution of any public bodies are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of any such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory or the consolidation, merger, or dissolution of such public bodies.

SEC. 6. All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for, or in connection with, the authorization, issuance, sale, execution, delivery, or exchange of bonds of any such public body for any public purpose are hereby authorized, confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the authorization, issuance, sale, execution, delivery, or exchange of such bonds.

All bonds of, or relating to, any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid, and binding obligations of the public body. All bonds of, or relating to, any public body heretofore awarded and sold to a purchaser and hereafter issued and delivered in accordance with the contract of sale and other proceedings for the award and sale shall be the legal, valid, and binding obligations of the public body. All bonds of, or relating to, any public body heretofore authorized to be issued by ordinance, resolution, order, or other action adopted or taken by or on behalf of the public body and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. All bonds of, or relating to, any public body heretofore authorized to be issued at an election and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the

public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid, and binding obligations of the public body.

SEC. 7. (a) This act shall operate to supply such legislative authorization as may be necessary to authorize, confirm, and validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) This act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) This act shall not operate to authorize, confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which is pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to authorize, confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void, or ineffective.

(d) This act shall not operate to authorize, confirm, validate, or legalize a contract between any public body and the United States.

SEC. 8. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization, or incorporation of any public body, or for any annexation thereto, exclusion therefrom, or other change of boundaries thereof, or for the consolidation, merger, or dissolution of any public bodies, or for, or in connection with, the authorization, issuance, sale, execution, delivery, or exchange of bonds thereof upon any ground involving any alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of such matters shall be held to be valid and in every respect legal and incontestable. This act shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 9. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by those sections.

SEC. 10. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To validate the organization, boundaries, acts, proceedings, and bonds of public bodies as soon as possible, it is necessary that this act take immediate effect.

CHAPTER 19

An act to amend Sections 1158, 1561, 1563, and 1564 of the Evidence Code, relating to records, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 12, 1987. Filed with Secretary of State May 12, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1158 of the Evidence Code is amended to read:

1158. Whenever, prior to the filing of any action or the appearance of a defendant in an action, an attorney at law or his or her representative presents a written authorization therefor signed by an adult patient, by the guardian or conservator of his or her person or estate, or, in the case of a minor, by a parent or guardian of the minor, or by the personal representative or an heir of a deceased patient, or a copy thereof, a physician and surgeon, dentist, registered nurse, dispensing optician, registered physical therapist, podiatrist, licensed psychologist, osteopath, chiropractor, clinical laboratory bioanalyst, clinical laboratory technologist, or pharmacist or pharmacy, duly licensed as such under the laws of the state, or a licensed hospital, shall make all of the patient's records under his, hers or its custody or control available for inspection and copying by the attorney at law or his, or her, representative, promptly upon the presentation of the written authorization.

No copying may be performed by any medical provider enumerated above, or by an agent thereof, when the requesting attorney has employed a professional photocopier or anyone identified in Section 22451 of the Business and Professions Code as his or her representative to obtain or review the records on his or her behalf. The presentation of the authorization by the agent on behalf of the attorney shall be sufficient proof that the agent is the attorney's representative.

Failure to make such records available, during business hours, within five days after the presentation of the written authorization, may subject the person or entity having custody or control of the records to liability for all reasonable expenses, including attorney's fees, incurred in any proceeding to enforce this section.

All reasonable costs incurred by any person or entity enumerated above in making patient records available pursuant to this section may be charged against the person whose written authorization required the availability of such records.

"Reasonable cost," as used in this section, shall include, but not be limited to, the following specific costs: ten cents ($0.10) per page for standard reproduction of documents of a size 8½ by 14 inches or less; twenty cents ($0.20) per page for copying of documents from microfilm; actual costs for the reproduction of oversize documents or the reproduction of documents requiring special processing which are made in response to an authorization; reasonable clerical costs incurred in locating and making the records available to be billed at the maximum rate of sixteen dollars ($16) per hour per person, computed on the basis of four dollars ($4) per quarter hour or fraction thereof; actual postage charges; and actual costs, if any, charged to the witness by a third person for the retrieval and return of records held by that third person.

Where the records are delivered to the attorney or the attorney's representative for inspection or photocopying at the record custodian's place of business, the only fee for complying with the authorization shall not exceed fifteen dollars ($15), plus actual costs, if any, charged to the record custodian by a third person for retrieval and return of records held offsite by the third person.

SEC. 2. Section 1561 of the Evidence Code is amended to read:

1561. (a) The records shall be accompanied by the affidavit of the custodian or other qualified witness, stating in substance each of the following:

(1) The affiant is the duly authorized custodian of the records or other qualified witness and has authority to certify the records.

(2) The copy is a true copy of all the records described in the subpoena duces tecum, or pursuant to subdivision (e) of Section 1560 the records were delivered to the attorney or the attorney's representative for copying at the custodian's or witness' place of business, as the case may be.

(3) The records were prepared by the personnel of the business in the ordinary course of business at or near the time of the act, condition, or event.

(b) If the business has none of the records described, or only part thereof, the custodian or other qualified witness shall so state in the affidavit, and deliver the affidavit and such records as are available in the manner provided in Section 1560.

(c) Where the records described in the subpoena were delivered to the attorney or his or her representative for copying at the custodian's or witness' place of business, in addition to the affidavit required by subdivision (a), the records shall be accompanied by an affidavit by the attorney or his or her representative stating that the copy is a true copy of all the records delivered to the attorney or his or her representative for copying.

SEC. 3. Section 1563 of the Evidence Code is amended to read:

1563. (a) This article shall not be interpreted to require tender or payment of more than one witness fee and one mileage fee or other charge unless there is an agreement to the contrary.

(b) All reasonable costs incurred in a civil proceeding by any witness which is not a party with respect to the production of all or any part of business records the production of which is requested pursuant to a subpoena duces tecum may be charged against the party serving the subpoena duces tecum.

(1) "Reasonable cost," as used in this section, shall include, but not be limited to, the following specific costs: ten cents ($0.10) per page for standard reproduction of documents of a size 8½ by 14 inches or less; twenty cents ($0.20) per page for copying of documents from microfilm; actual costs for the reproduction of oversize documents or the reproduction of documents requiring special processing which are made in response to a subpoena; reasonable clerical costs incurred in locating and making the records available to be billed at the maximum rate of sixteen dollars ($16) per hour per person, computed on the basis of four dollars ($4) per quarter hour or fraction thereof; actual postage charges; and actual costs, if any, charged to the witness by a third person for the retrieval and return of records held by that third person.

(2) The requesting party shall not be required to pay those costs or any estimate thereof prior to the time the records are available for delivery pursuant to the subpoena, but the witness may demand payment of costs pursuant to this section simultaneous with actual delivery of the subpoenaed records, and until such time as payment is made, is under no obligation to deliver the records.

(3) The witness shall submit an itemized statement for the costs to the requesting party setting forth the reproduction and clerical costs incurred by the witness. Upon demand by the requesting party, the witness shall furnish a statement setting forth the actions taken by the witness in justification of the costs.

(4) The requesting party may petition the court in which the action is pending to recover from the witness all or a part of the costs paid to the witness, or to reduce all or a part of the costs charged by the witness, pursuant to this subdivision, on the grounds that such costs were excessive. Upon the filing of the petition the court shall issue an order to show cause and from the time the order is served on the witness the court has jurisdiction over the witness. The court may hear testimony on the order to show cause and if it finds that the costs demanded and collected, or charged but not collected, exceed the amount authorized by this subdivision, it shall order the witness to remit to the requesting party, or reduce its charge to the requesting party by an amount equal to, the amount of the excess. In the event that the court finds the costs excessive and charged in bad faith by the witness, the court shall order the witness to remit the full amount of the costs demanded and collected, or excuse the requesting party from any payment of costs charged but not collected, and the court shall also order the witness to pay the

requesting party the amount of the reasonable expenses incurred in obtaining the order including attorney's fees. If the court finds the costs were not excessive, the court shall order the requesting party to pay the witness the amount of the reasonable expenses incurred in defending the petition, including attorney's fees.

(5) If a subpoena is served to compel the production of business records and is subsequently withdrawn, or is quashed, modified or limited on a motion made other than by the witness, the witness shall be entitled to reimbursement pursuant to paragraph (1) for all costs incurred in compliance with the subpoena to the time that the requesting party has notified the witness that the subpoena has been withdrawn or quashed, modified or limited. In the event the subpoena is withdrawn or quashed, if those costs are not paid within 30 days after demand therefor, the witness may file a motion in the court in which the action is pending for an order requiring payment, and the court shall award the payment of expenses and attorney's fees in the manner set forth in paragraph (4).

(6) Where the records are delivered to the attorney or the attorney's representative for inspection or photocopying at the witness' place of business, the only fee for complying with the subpoena shall not exceed fifteen dollars ($15), plus actual costs, if any, charged to the witness by a third person for retrieval and return of records held offsite by the third person. If the records are retrieved from microfilm, the reasonable cost, as defined in paragraph (1), shall also apply.

(c) When the personal attendance of the custodian of a record or other qualified witness is required pursuant to Section 1564, in a civil proceeding, he or she shall be entitled to the same witness fees and mileage permitted in a case where the subpoena requires the witness to attend and testify before a court in which the action or proceeding is pending and to any additional costs incurred as provided by subdivision (b).

SEC. 4. Section 1564 of the Evidence Code is amended to read:

1564. The personal attendance of the custodian or other qualified witness and the production of the original records is not required unless, at the discretion of the requesting party, the subpoena duces tecum contains a clause which reads:

"The personal attendance of the custodian or other qualified witness and the production of the original records are required by this subpoena. The procedure authorized pursuant to subdivision (b) of Section 1560, and Sections 1561 and 1562, of the Evidence Code will not be deemed sufficient compliance with this subpoena."

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to eliminate confusing language and to clarify requirements imposed by recent legislation, it is necessary for this act to take effect immediately.

CHAPTER 20

An act to amend Section 1985.3 of the Code of Civil Procedure, and to repeal Chapter 10 (commencing with Section 18680) of Division 7 of the Financial Code, relating to mortgage lenders.

[Approved by Governor May 13, 1987. Filed with Secretary of State May 13, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1985.3 of the Code of Civil Procedure is amended to read:

1985.3. (a) For purposes of this section, the following definitions apply:

(1) "Personal records" means the original or any copy of books, documents, or other writings pertaining to a consumer and which are maintained by any "witness" which is a physician, pharmacist, pharmacy, hospital, state or national bank, state or federal association (as defined in Section 5102 of the Financial Code), state or federal credit union, trust company, anyone authorized by this state to make or arrange loans that are secured by real property, security brokerage firm, insurance company, underwritten title company, attorney, accountant, institution of the Farm Credit System, as specified in Section 2002 of Title 12 of the United States Code, or telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, or psychotherapist, as defined in Section 1010 of the Evidence Code, or a private or public preschool, elementary school, or secondary school.

(2) "Consumer" means any individual, partnership of five or fewer persons, association, or trust which has transacted business with, or has used the services of, the witness or for whom the witness has acted as agent or fiduciary.

(3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding pursuant to this code, but shall not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to the provisions of Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(b) The date specified in a subpoena duces tecum for the production of personal records shall not be less than 15 days from the date the subpoena is issued. Prior to the date called for in the subpoena duces tecum for the production of personal records, the subpoenaing party shall serve or cause to be served on the consumer whose records are being sought a copy of the subpoena duces tecum, of the affidavit supporting the issuance of the subpoena, and of the

notice described in subdivision (e). This service shall be made both:

(1) To the consumer personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. If the consumer is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall do either of the following:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the consumer or by his or her attorney of record. The witness may presume that any attorney purporting to sign the authorization on behalf of the consumer acted with the consent of the consumer.

(d) A subpoena duces tecum for the production of personal records shall be served in sufficient time to allow the witness a reasonable time to locate and produce the records or copies thereof.

Except as to records subpoenaed for a criminal proceeding or records subpoenaed during trial, a subpoena duces tecum served upon a witness with records in more than one location shall be served no less than 10 days prior to the date specified for production, unless good cause is shown pursuant to subdivision (g).

(e) Every copy of the subpoena duces tecum and affidavit served on a consumer or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) records about the consumer are being sought from the witness named on the subpoena; (2) if the consumer objects to the witness furnishing the records to the party seeking the records, the consumer must file papers with the court prior to the date specified for production on the subpoena; and (3) if the party who is seeking the records will not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the consumer's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) Any consumer whose personal records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the

witness prior to production. No witness shall be required to produce personal records after receipt of notice that such a motion has been brought, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and consumers affected.

(g) Upon good cause shown and provided that the rights of witnesses and consumers are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(h) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular consumer or consumers and which requires a custodian of records to delete all information which would in any way identify any consumer whose records are to be produced.

(i) The provisions of this section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

(j) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the personal records sought by a subpoena duces tecum.

SEC. 2. Chapter 10 (commencing with Section 18680) of Division 7 of the Financial Code is repealed.

CHAPTER 21

An act to amend Section 56844 of the Government Code, relating to local government organization and reorganization, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 13, 1987. Filed with Secretary of State May 13, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 56844 of the Government Code is amended to read:

56844. Any change of organization or reorganization may provide for, or be made subject to one or more of, the following terms and conditions. However, none of the following terms and conditions shall directly regulate land use, property development, or subdivision requirements:

(a) The payment of a fixed or determinable amount of money, either as a lump sum or in installments, for the acquisition, transfer, use or right of use of all or any part of the existing property, real or personal, of any city, county, or district.

(b) The levying or fixing and the collection of any of the following, for the purpose of providing for any payment required pursuant to subdivision (a):

(1) Special, extraordinary, or additional taxes or assessments.

(2) Special, extraordinary, or additional service charges, rentals, or rates.

(3) Both taxes or assessments and service charges, rentals, or rates.

(c) The imposition, exemption, transfer, division, or apportionment, as among any affected cities, affected counties, affected districts, and affected territory of liability for payment of all or any part of principal, interest, and any other amounts which shall become due on account of all or any part of any outstanding or then authorized but thereafter issued bonds, including revenue bonds, or other contracts or obligations of any city, county, district, or any improvement district within a local agency, and the levying or fixing and the collection of any (1) taxes or assessments, or (2) service charges, rentals, or rates, or (3) both taxes or assessments and service charges, rentals, or rates, in the same manner as provided in the original authorization of the bonds and in the amount necessary to provide for that payment.

(d) If, as a result of any term or condition made pursuant to subdivision (c), the liability of any affected city, affected county, or affected district for payment of the principal of any bonded indebtedness is increased or decreased, the term and condition may specify the amount, if any, of that increase or decrease which shall be included in, or excluded from, the outstanding bonded indebtedness of that entity for the purpose of the application of any statute or charter provision imposing a limitation upon the principal amount of outstanding bonded indebtedness of the entity.

(e) The formation of a new improvement district or districts or the annexation or detachment of territory to, or from, any existing improvement district or districts.

(f) The incurring of new indebtedness or liability by, or on behalf of, all or any part of any local agency, including territory being annexed to any local agency, or of any existing or proposed new improvement district within that local agency. The new indebtedness may be the obligation solely of territory to be annexed if the local agency has the authority to establish zones for incurring indebtedness. The indebtedness or liability shall be incurred substantially in accordance with the laws otherwise applicable to the local agency.

(g) The issuance and sale of any bonds, including authorized but unissued bonds of a local agency, either by that local agency or by a local agency designated as the successor to any local agency which is extinguished as a result of any change of organization or reorganization.

(h) The acquisition, improvement, disposition, sale, transfer, or division of any property, real or personal.

(i) The disposition, transfer, or division of any moneys or funds,

including cash on hand and moneys due but uncollected, and any other obligations.

(j) The fixing and establishment of priorities of use, or right of use, of water, or capacity rights in any public improvements or facilities or of any other property, real or personal.

(k) The establishment, continuation, or termination of any office, department, or board, or the transfer, combining, consolidation, or separation of any offices, departments, or boards, or any of the functions of those offices, departments, or boards, if, and to the extent that, any of those matters is authorized by the principal act.

(*l*) The employment, transfer, or discharge of employees, the continuation, modification, or termination of existing employment contracts, civil service rights, seniority rights, retirement rights, and other employee benefits and rights.

(m) The designation of a city, county, or district, as the successor to any local agency which is extinguished as a result of any change of organization or reorganization, for the purpose of succeeding to all of the rights, duties, and obligations of the extinguished local agency with respect to enforcement, performance, or payment of any outstanding bonds, including revenue bonds, or other contracts and obligations of the extinguished local agency.

(n) The designation (1) of the method for the selection of members of the legislative body of a district or (2) the number of those members, or (3) both, where the proceedings are for a consolidation, or a reorganization providing for a consolidation or formation of a new district and the principal act provides for alternative methods of that selection or for varying numbers of those members, or both.

(o) The initiation, conduct, or completion of proceedings on a proposal made under, and pursuant to, this division.

(p) The fixing of the effective date of any change of organization, subject to the limitations of Section 57202.

(q) Any terms and conditions authorized or required by the principal act with respect to any change of organization.

(r) The continuation or provision of any service provided at that time, or previously authorized to be provided by an official act of the local agency.

(s) The levying of assessments or the approval by the voters of general or special taxes.

(t) The continuation of any previously authorized charge, fee, assessment, or tax by a successor local agency.

(u) Any other matters necessary or incidental to any of the terms and conditions specified in this section.

SEC. 2. This is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution and shall go into immediate effect. The facts constituting the necessity are:

The voters approved an initiative statute known as Proposition 62 at the statewide general election in November 1986. Among other

things, this initiative statute requires voter approval before a general tax may be imposed by a local government or district. Further, voters may be asked to vote on the incorporation of new cities which are proposed to be financed with general taxes. Accordingly, in order to allow these voters the opportunity to decide the question of taxation simultaneously with the question of incorporation, it is necessary that this act take effect immediately.

CHAPTER 22

An act to amend Section 1013 of the Elections Code, relating to absentee ballots, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 18, 1987. Filed with Secretary of State May 18, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares the following:

(a) There is an immediate need to clarify the potential ambiguity contained in the August 21, 1986, decision of the California Supreme Court in Wilks v. Mouton, 42 Cal. 3d 400. In that case the court held that the provisions of Section 1013 of the Elections Code are directory, not mandatory, such that ballots collected and delivered by third parties who are not election officials may be counted under some circumstances although Section 1013 prohibits this.

(b) The intent of the Legislature is and always has been that the provisions of Section 1013 are mandatory and not directory in effect.

(c) The intent of the Legislature was stated correctly by the Court of Appeal, Second Appellate District, in Fair v. Hernandez, 138 Cal. App. 3d 578, and by the Court of Appeal, First Appellate District, in its decision in Wilks v. Mouton, which was rendered on August 29, 1984.

(d) The California Supreme Court's opinion in Wilks v. Mouton correctly upheld existing case law and the intent of the Legislature that noncompliance with the directory provisions of the Elections Code will not nullify a vote unless (1) the irregularity prevented the fair expression of popular will, (2) the rights of voters were injuriously affected, or (3) the results of an election would be changed. Certain language in the final paragraph of section C of the court's per curiam majority opinion might be misread, however, to authorize the counting of such ballots, even when they would affect the result of the election, unless fraud, tampering, or coercion is affirmatively shown. Such a reading would be inconsistent with the court's decision in Canales v. City of Alviso, 3 Cal. 3d 118, in which the court held that ballots cast in violation even of directory

provisions of the Elections Code must be nullified if "the result of the election has been changed . . . by the deviation." The intent of the Legislature is and always has been that any ballot cast in violation of Section 1013 cannot be counted, particularly when such a ballot would affect the result of the election.

(e) Both the per curiam opinion and the concurring opinion in the Supreme Court decision in Wilks acknowledged the need for legislative intervention to avoid the "potential for abuse" and "the potential for more subtle forms of coercion."

SEC. 2. Section 1013 of the Elections Code is amended to read:

1013. All absentee ballots cast under the provisions of this division shall be voted on or before the day of the election. After marking the ballot, the absent voter shall either: (1) return the ballot by mail or in person to the official from whom it came or (2) return the ballot in person to any member of a precinct board at any polling place within the jurisdiction. However, an absent voter who, because of illness or other physical disability, is unable to return the ballot, may designate his or her spouse, child, parent, grandparent, grandchild, brother, or sister to return the ballot to the official from whom it came or to the precinct board at any polling place within the jurisdiction. The ballot must, however, be received by either the official from whom it came or the precinct board before the close of the polls on election day.

The official shall establish procedures to insure the secrecy of any ballot returned to a precinct polling place.

The provisions of this section are mandatory, not directory, and no ballot shall be counted if it is not delivered in compliance with this section.

SEC. 3. This act shall not be construed to affect the decision of the California Supreme Court in Wilks v. Mouton with respect to the parties in that case, who are bound by that decision.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

There is an immediate and serious danger of coercion and fraud in the absent voter balloting process, and an urgent need for prophylactic and corrective legislation to minimize that danger. In order to clarify the law and to reduce the danger of coercion and fraud in the absent voter balloting, it is necessary that this act take effect immediately.

CHAPTER 23

An act to amend Section 8397 of the Fish and Game Code, relating to fish, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 20, 1987. Filed with Secretary of State May 21, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the utilization of lights at night to attract and take squid in District 17 will enhance the ability of fishermen to make a living without significant effect on the squid resource. The use of lights would also allow that taking away from rock formations where nets are caught and ruined, which causes unnecessary repair expense and may cause entangling of other species.

SEC. 2. Section 8397 of the Fish and Game Code is amended to read:

8397. It is unlawful to use any artificial light to lure or attract squid in District 16.

This section applies to all artificial lights except those lights necessary for the usual operation of a vessel not used to lure or attract, or intended to lure or attract, squid.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to affect the next fishing season, it is necessary that this act to take effect immediately.

CHAPTER 24

An act to amend Section 5544.2 of the Public Resources Code, relating to parks and recreation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 20, 1987. Filed with Secretary of State May 21, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 5544.2 of the Public Resources Code is amended to read:

5544.2. (a) A district may acquire all necessary and proper lands and facilities, or any portion thereof, by means of a plan to borrow money or by purchase on contract.

(b) The amount of indebtedness to be incurred shall not exceed an amount equal to the anticipated property tax revenue allocations for the next four-year period derived pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code or the anticipated tax income for the next 10-year period derived pursuant to Section 50077 of the Government Code, or both; or, with respect to the East Bay Regional Park District only, the anticipated property tax revenue allocations for the next two-year period derived pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code or the anticipated tax income for the next 10-year period derived pursuant to Section 50077 of the Government Code, or both. All indebtedness which is incurred on or after July 1, 1982, pursuant to this section shall be repaid during a period not to exceed 10 years from the date on which it is incurred and shall bear interest at a rate not exceeding 10 percent per annum, or the rate allowed pursuant to Section 53531 of the Government Code, if higher, payable annually or semiannually or in part annually and in part semiannually. Notwithstanding any other provision of this section, with respect to the East Bay Regional Park District only, all indebtedness incurred pursuant to this section for acquisition of lands and facilities designated in the district's master plan, including the Chabot Ridgelands, shall be repaid during a period not to exceed 30 years and at a rate not exceeding the rate allowed in this section for other districts. All other acquisitions of land and facilities by the East Bay Regional Park District not designated in the master plan are subject to the 10-year repayment period limitation of this section. Each indebtedness shall be authorized by a resolution adopted by the affirmative votes of at least two-thirds of the members of the district board, shall be evidenced by a promissory note or contract signed by the president of the board and attested by the secretary or treasurer, and shall be sold at not less than 95 percent of the principal amount in the manner determined by the board at a discount which equals the underwriter's spread. The board shall determine that the discount reflects an underwriter's spread which is both reasonable and customary under the prevailing market conditions. One of the two signatures may be by facsimile reproduction. At the time of making the general tax levy after incurring each indebtedness and annually thereafter until the indebtedness is paid or until there is a sum in the treasury set apart for that purpose sufficient to meet all payments of principal and interest on the indebtedness as they become due, a portion of the taxes levied and collected pursuant to Section 50077 of the Government Code, if any, shall be levied and collected and set aside sufficient to pay the interest on the indebtedness and the part of the principal that will become due before the proceeds of a tax levied at the next general tax levy will be available.

(c) The indebtedness authorized to be incurred by this section shall be in addition to, and the provisions of this section shall not

apply to, any bonded indebtedness authorized by vote of the electors.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit a district to secure a 30-year loan for the purchase of potential parkland on or before April 1, 1987, it is necessary that this act take effect immediately.

CHAPTER 25

An act to amend Sections 22348, 22349, 22354, 22356, 22357, 22358, and 22360 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1987. Filed with Secretary of State May 28, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 22348 of the Vehicle Code is amended to read:

22348. (a) Any person who drives a vehicle upon a highway at a speed greater than 100 miles per hour is guilty of an infraction punishable, as follows:

(1) Upon a first conviction of a violation of this subdivision, by a fine of not to exceed five hundred dollars ($500). The court may also suspend the privilege of the person to operate a motor vehicle for a period not to exceed 30 days pursuant to Section 13200.5.

(2) Upon a conviction under this subdivision of an offense which occurred within three years of a prior offense resulting in a conviction of an offense under this subdivision, by a fine of not to exceed five hundred dollars ($500). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to subdivision (a) of Section 13355.

(3) Upon a conviction under this subdivision of an offense which occurred within five years of two or more prior offenses resulting in convictions of offenses under this subdivision, by a fine of not to exceed five hundred dollars ($500). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to subdivision (b) of Section 13355.

(b) Any vehicle subject to Section 22406 shall be driven in a lane designated pursuant to Section 21655, or if no lane has been so designated, in the right-hand lane for traffic or as close as practicable to the right-hand edge or curb. When overtaking and passing another vehicle proceeding in the same direction, the drivers shall use either the designated lane, the lane to the immediate left of the

right-hand lane, or the right-hand lane for traffic as permitted under this code. If, however, specific lane or lanes have not been designated on a divided highway having four or more clearly marked lanes for traffic in one direction, any such vehicle may also be driven in the lane to the immediate left of the right-hand lane, unless otherwise prohibited under this code. This subdivision does not apply to a driver who is preparing for a left- or right-hand turn or who is in the process of entering into or exiting from a highway or to a driver who is required necessarily to drive in a lane other than the right-hand lane to continue on his intended route.

SEC. 2. Section 22349 of the Vehicle Code is amended to read:

22349. Except as provided in Section 22356, no person shall drive a vehicle upon a highway at a speed greater than 55 miles per hour.

SEC. 2.5. Section 22354 of the Vehicle Code is amended to read:

22354. Whenever the Department of Transportation determines upon the basis of an engineering and traffic survey that the limit of 55 miles per hour is more than is reasonable or safe upon any portion of a state highway where the limit of 55 miles is applicable, the department may determine and declare a prima facie speed limit of 50, 45, 40, 35, 30 or 25 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon the highway.

SEC. 3. Section 22356 of the Vehicle Code is amended to read:

22356. Whenever the Department of Transportation, after consultation with the Department of the California Highway Patrol, determines upon the basis of an engineering and traffic survey on existing interstate freeway segments, or upon the basis of appropriate design standards and projected traffic volumes in the case of newly constructed interstate freeway segments, that a speed greater than 55 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any state highway, or portion thereof, which is an interstate freeway with full control of access and without crossings at grade otherwise subject to a maximum speed limit of 55 miles per hour, the Department of Transportation, with the approval of the Department of the California Highway Patrol, may declare a higher maximum speed of 60 or 65 miles per hour, and shall cause appropriate signs to be erected giving notice thereof. The Department of Transportation shall only make a determination under this section that is fully consistent with, and in full compliance with, federal law.

No person shall drive a vehicle upon that highway at a speed greater than 60 or 65 miles per hour, as posted.

SEC. 4. Section 22357 of the Vehicle Code is amended to read:

22357. Whenever a local authority determines upon the basis of an engineering and traffic survey that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any street other than a state

highway otherwise subject to a prima facie limit of 25 miles per hour, the local authority may by ordinance determine and declare a prima facie speed limit of 30, 35, 40, 45, or 50 miles per hour or a maximum speed limit of 55 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe. The declared prima facie or maximum speed limit shall be effective when appropriate signs giving notice thereof are erected upon the street and shall not thereafter be revised except upon the basis of an engineering and traffic survey. The provisions of this section shall not apply in respect to any 25-mile-per-hour prima facie limit which is applicable when passing a school building or the grounds thereof.

SEC. 5. Section 22358 of the Vehicle Code is amended to read:

22358. Whenever a local authority determines upon the basis of an engineering and traffic survey that the limit of 55 miles per hour is more than is reasonable or safe upon any portion of any street other than a state highway where the limit of 55 miles per hour is applicable, the local authority may by ordinance determine and declare a prima facie speed limit of 50, 45, 40, 35, 30, or 25 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie limit shall be effective when appropriate signs giving notice thereof are erected upon the street.

SEC. 6. Section 22360 of the Vehicle Code is amended to read:

22360. Whenever a local authority determines upon the basis of an engineering and traffic survey that the limit of 55 miles per hour is more than is reasonable or safe upon any portion of a highway other than a state highway for a distance of not exceeding 2,000 feet in length between districts, either business or residence, the local authority may determine and declare a reasonable and safe prima facie limit thereon lower than 55 miles per hour, but not less than 25 miles per hour, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon the street or highway.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The higher speed limits proposed by this bill would allow the Department of the California Highway Patrol to make more efficient use of its limited resources for purposes other than speed limit enforcement, and it is therefore necessary that this act take effect immediately.

CHAPTER 26

An act to amend Sections 19610.4, 19614.1, and 19627.2 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1987. Filed with Secretary of State May 28, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 19610.4 of the Business and Professions Code is amended to read:

19610.4. Notwithstanding Section 19610.3, any association which conducts a racing meeting pursuant to Section 19549.3 or 19549.9, or any county fair, district agricultural association fair, or citrus fruit fair which conducts satellite wagering pursuant to Section 19596.7, shall deduct an additional amount of 0.33 of 1 percent from the total parimutuel wagers placed within its inclosure.

The amounts deducted pursuant to this section shall be distributed to the city in which the racing meeting or satellite wagering is conducted or, if the meeting or wagering is conducted outside the limits of any city, to the county in which the racing meeting or satellite wagering is conducted. If a city or county has elected by ordinance to receive a distribution from a racing association under this section, it shall not at any time thereafter assess or collect, with respect to an event conducted by that racing association, any license or excise tax or fee, including, but not limited to, any admission, parking, or business tax, or any tax or fee levied solely upon the racing association conducting a racing meeting or satellite wagering or any patron thereof. Furthermore, a city or county electing to receive a distribution under this section shall provide ordinary and traditional municipal services, such as police services and traffic control, in connection with the racing meetings or satellite wagerings. If an eligible city or county does not elect to receive a distribution under this section, the amount deducted shall be paid to the state as an additional license fee.

SEC. 2. Section 19614.1 of the Business and Professions Code is amended to read:

19614.1. (a) Notwithstanding Sections 19612.6 and 19614, any county fair which conducts racing pursuant to Section 19549.3, shall pay a daily license fee equal to 5.5 percent of its daily conventional parimutuel handle and 6.0 percent of its daily exotic parimutuel handle. After distribution of the license fees, all funds remaining from the deductions provided in Section 19610 shall be distributed equally between purses and commissions.

(b) Every association which conducts a racing meeting pursuant to Section 19549.3 shall deduct from its parimutuel pools the amount specified in subdivision (c) of Section 19614.

SEC. 3. Section 19627.2 of the Business and Professions Code is amended to read:

19627.2. The funds made available pursuant to both subdivision (c) of Section 19614 and subdivision (b) of Section 19614.1 shall be allocated by the Director of Food and Agriculture for all of the following activities:

(a) For payment of premiums authorized by the Department of Food and Agriculture according to those categories established under Section 4501 of the Food and Agricultural Code.

(b) For purposes specified in Section 4401.5 of the Food and Agricultural Code.

(c) For purposes specified in Section 51004 of the Education Code to support student organizational activities, approved by an appropriate local educational agency, in the fields of agricultural and vocational education. The Director of Food and Agriculture shall annually invite school districts, the Vocational Education Unit of the State Department of Education, and state-supported fairs to which Article 10 (commencing with Section 19620) of Chapter 4 of Division 8 is applicable, together and cooperatively, including the California Exposition and State Fair, to apply for funding for the purposes specified in Section 51004 of the Education Code.

The Director of Food and Agriculture shall develop a standard application procedure and criteria for approval of grants for projects funded under subdivisions (b) and (c), and ensure that the funds allocated under this section do not supplant existing activities currently conducted and funded from other sources, public or private.

Any funds not allocated pursuant to this section shall be allocated under Section 19630. The Director of Food and Agriculture shall determine the need for allocation of funds under Section 19630 prior to making any allocations pursuant to this section.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expedite a needed increase in revenues to local governments and ultimately to the Fair and Exposition Fund by the implementation of successful satellite wagering systems, and to make a necessary technical revision to the California Horse Racing Law regarding deductions to the fund, it is necessary that this act take effect immediately.

CHAPTER 27

An act to amend Sections 4478 and 4479 of the Government Code, and to amend Sections 10393 and 10399 of the Public Contract Code, relating to public contracts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1987. Filed with Secretary of State May 28, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 4478 of the Government Code is amended to read:

4478. The provisions of this chapter shall not apply to contracts with a dollar value below the required level for competitive bidding established in Section 10301 of the Public Contract Code.

SEC. 2. Section 4479 of the Government Code is amended to read:

4479. Each state agency shall exercise due diligence in determining whether or not one or more persons have divided a contract to avoid the limitation of Section 4478.

SEC. 3. Section 10393 of the Public Contract Code is amended to read:

10393. (a) The director shall review the procurement specifications currently used by the department in order to eliminate, wherever economically feasible, discrimination against the procurement of recovered resources and recycled materials.

(b) The director shall review the recycled paper content specifications at least annually to consider increasing the percentage of recycled paper in paper and woodpulp product purchases.

(c) When contracting with the department for the sale of material subject to this article, the contractor shall certify in writing to the contracting officer or his or her representative that the material offered contains the minimum percentage of recycled paper required by Section 10391 and shall specify the percentage of recycled paper content in the paper or paper products. The certification shall be furnished under penalty of perjury.

(d) The department shall establish purchasing practices which, to the maximum extent economically feasible, assure purchase of materials which may be recycled or reused when discarded.

(e) The department shall make every effort to eliminate purchases of paper and paper products deemed potential contaminants to the state's recycling program.

SEC. 4. Section 10399 of the Public Contract Code is amended to read:

10399. All local public agencies shall require the bidder to specify the percentage of recycled paper content in the paper or paper products. All contract provisions impeding the consideration of

products with reclaimed paper content shall be deleted in favor of performance standards.

All printing contracts made by any local agency shall provide that the paper used shall meet the requirements of these provisions.

Except as otherwise provided in this article, state agencies shall also be subject to the provisions of this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to correct a technical problem and to expedite contract bidding for recycled paper as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 28

An act to amend Sections 467, 467.1, and 470.3 of, to add Section 471.3 to, and to repeal and add Section 471 of, the Business and Professions Code, relating to dispute resolution programs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1987. Filed with Secretary of State May 28, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 467 of the Business and Professions Code is amended to read:

467. (a) There is in the Division of Consumer Services of the Department of Consumer Affairs a Dispute Resolution Advisory Council. The advisory council shall complete the duties required by this chapter no later than January 1, 1989.

(b) The advisory council shall consist of seven persons, five of whom shall be appointed by the Governor. One member shall be appointed by the Senate Rules Committee, and one member shall be appointed by the Speaker of the Assembly. At least four of the persons appointed to the advisory council shall be active members of the State Bar of California, and at least four persons appointed to the advisory council shall have a minimum of two years of direct experience in utilizing dispute resolution techniques. The members of the advisory council shall reflect the racial, ethnic, sexual, and geographic diversity of the State of California.

(c) The members of the advisory council shall not receive a salary for their services but shall be reimbursed for their actual and necessary travel and other expenses incurred in the performance of their duties.

SEC. 2. Section 467.1 of the Business and Professions Code is amended to read:

467.1. (a) A program funded pursuant to this chapter shall be operated pursuant to contract with the county and shall comply with all of the requirements of this chapter and the rules and regulations of the advisory council.

(b) Counties may establish a program of grants to public entities and nonpartisan nonprofit corporations for the establishment and continuance of programs to be operated under the requirements of this chapter and the standards developed by the advisory council. The board of supervisors of a county in which, because of the county's size, the fee increase authorized by Section 470.3 is insufficient to establish a county program may enter into an agreement with the board of supervisors of one or more other such counties to establish a program authorized by this chapter on a regional basis.

SEC. 3. Section 470.3 of the Business and Professions Code is amended to read:

470.3. (a) A fee of not less than one dollar ($1) and not more than three dollars ($3) may be added to the total fees collected and fixed pursuant to Sections 26820.4, 26826, 26827, 68090, 72055, and 72056 of the Government Code for the filing of a first paper in a civil action in the superior court or the municipal court, other than a small claims action. These fees shall only be utilized for the support of the dispute resolution programs authorized by this chapter.

(b) A county may carry over moneys received from the additional fees authorized pursuant to subdivision (a), which shall be deposited in a special fund created for those purposes, until such time as the county elects to fund a dispute resolution program. Records of those fees shall be available for inspection by the public, upon request.

SEC. 4. Section 471 of the Business and Professions Code is repealed.

SEC. 5. Section 471 is added to the Business and Professions Code, to read:

471. (a) The advisory council shall adopt rules and regulations to effectuate the purposes of this chapter, including, but not limited to, guidelines to be used by the programs for the recruitment and training of persons conducting dispute resolution, and provisions for periodic monitoring and evaluation of the programs funded pursuant to this chapter. The advisory council shall establish guidelines to evaluate the performance of participating programs, which shall include analysis of court caseload reduction, cost savings to the state, the efficacy of the programs, and the feasibility of operation of a statewide program of grants at the time the state assumes the responsibility for the funding of trial courts.

(b) The advisory council shall adopt temporary guidelines within six months of its initial meeting. The adoption of these temporary guidelines shall not be subject to the procedures specified in Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code.

Upon the adoption of the temporary guidelines, counties may award grants pursuant to this chapter. Programs funded pursuant to

this chapter shall comply with the temporary guidelines, the requirements of this chapter and, when adopted, the formal rules and regulations.

(c) Formal rules and regulations implementing this chapter shall be adopted pursuant to Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code and, upon adoption, shall supersede the temporary guidelines adopted pursuant to subdivision (b).

(d) On and after January 1, 1989, or such earlier date as the advisory council completes its duties pursuant to this chapter, the Division of Consumer Services of the Department of Consumer Affairs shall periodically review the effectiveness of the rules and regulations adopted pursuant to this chapter and adopt changes thereto as necessary. It also shall monitor and evaluate the programs funded pursuant to this chapter as to their compliance with those rules and regulations.

SEC. 6. Section 471.3 is added to the Business and Professions Code, to read:

471.3. The rules and regulations adopted by the advisory council pursuant to Section 471 shall be formulated to promote statewide uniformity with the guidelines contained in those rules and regulations.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the changes made by this act shall be given maximum implementation, it is necessary that it take effect at the earliest possible date.

CHAPTER 29

An act relating to water districts within Santa Clara County, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1987. Filed with Secretary of State May 28, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The registered voters of the Gavilan Water Conservation District, a water conservation district formed pursuant to the Water Conservation Law of 1931 (Division 21 (commencing with Section 74000) of the Water Code) lying wholly within the boundaries of the Santa Clara Valley Water District, may file a petition with the Board of Supervisors of the County of Santa Clara to call an election within the water conservation district on the issue of whether or not the water conservation district shall be

consolidated with the Santa Clara Valley Water District. The petition shall contain at least 10 percent of the signatures of the voters registered in the water conservation district on the effective date of this act. The petition may consist of a single instrument or separate counterparts. Each signer of a petition shall add the date of signing. The petition shall be filed within 45 days after the effective date of this act. Within 15 days after the date of filing of the petition, the clerk of the Board of Supervisors of the County of Santa Clara shall cause it to be examined and shall determine whether it is signed by the requisite number of registered voters. When the examination has been completed, the clerk shall attach a certificate to the petition showing the result of the examination.

If no petition has been filed within the time prescribed in this section, the water conservation district shall be consolidated into the Santa Clara Valley Water District. The consolidation shall become effective 90 days after the effective date of this act.

If, within the time prescribed in this section, a petition containing the required number of signatures of registered voters has been filed calling for an election, the Board of Supervisors of the County of Santa Clara shall call an election in the water conservation district. The board of supervisors shall set the date for the election. Costs of the election shall be borne by the district in which election is held. The election may be held separately or may be consolidated with any other election authorized by law at which the voters of the district may vote.

The board of supervisors shall call the election by ordinance and not otherwise and submit to the registered voters of the water conservation district the question "Shall the Gavilan Water Conservation District be consolidated with and merged into the Santa Clara Valley Water District?" For the purposes of the election, the board of supervisors shall state in the ordinance that in all other particulars the election shall be held and the votes canvassed as provided by law for elections in the water conservation district.

The ordinance calling the special election shall, prior to the date set for the election, be published once in a newspaper of general circulation, circulated in the water conservation district. The last publication of the ordinance shall be at least 14 days before the election.

Any defect or irregularity in the proceedings prior to the calling of the special election shall not affect the validity of the election. If, at the election, a majority of the votes cast are in favor of consolidating with and merging into the Santa Clara Valley Water District, the consolidation shall become effective 10 days after the certification of the results thereof by the Board of Supervisors of Santa Clara County.

SEC. 2. If the Gavilan Water Conservation District is, pursuant to the terms of this act, consolidated with the Santa Clara Valley Water District, the area of the district shall constitute a zone of the Santa Clara Valley Water District. The obligations of the water

conservation district, including, but not limited to, obligations for payment of principal and interest on outstanding bonds, due and owing on the date of the consolidation, shall remain as obligations of that area. Any groundwater extraction charge levied but uncollected by the water conservation district upon groundwater extractions to be made during the 12-month period beginning July 1, 1987, shall be canceled.

SEC. 3. Title to all real and personal property of the water conservation district which, pursuant to the terms of this act, is consolidated with the Santa Clara Valley Water District, shall, upon the consolidation, vest in the Santa Clara Water Valley District, and all funds on hand and moneys, taxes or allocated share of taxes, assessments, and service charges, rentals, or rates due or to become due to the water conservation district shall be due and paid to the credit of the zone consisting of the area of the water conservation district, and any dams and reservoirs of the water conservation district and the water rights therefor shall continue to be dedicated to the benefit of the groundwater basin underlying the zone. All accrued or unaccrued liabilities, debts, accounts payable, or contractual commitments made by the water conservation district shall vest in the Santa Clara Valley Water District and shall be shown as a debit to the zone consisting of the area of the water conservation district. Any funds committed to the payment of principal and interest on bonds issued and sold by the water conservation district shall continue to be committed to that purpose.

SEC. 4. All employees of the water conservation district which, pursuant to the terms of this act, is consolidated with the Santa Clara Valley Water District, shall, upon the consolidation, become employees of the Santa Clara Valley Water District and receive the same rate of pay as they receive from the water conservation district on the date of the consolidation, subject to the right of the board of directors of the district to make salary adjustments, along with salary adjustments for its other employees.

SEC. 5. If the consolidation provided by this act becomes effective, a public hearing shall be held within each zone of the Santa Clara Water Valley District lying outside of the zone in which the district board's chambers are located, in each year that the district prepares a written report which recommends that a groundwater charge be levied in the zone. Each public hearing shall otherwise be noticed and held in accordance with Section 26.6 of the Santa Clara Valley Water District Act.

SEC. 6. The provisions of general law governing the reorganization of districts shall not be applicable to the consolidation provided by this act.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of the need of immediate local decision to secure efficiency and responsibility regarding water supply and conservation and the burden of groundwater extraction charges affecting public health and safety, it is necessary that this act take effect immediately.

CHAPTER 30

An act to amend Sections 2085 and 2184 of the Business and Professions Code, relating to physicians and surgeons, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1987. Filed with Secretary of State May 28, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 2085 of the Business and Professions Code is amended to read:

2085. (a) Notwithstanding Section 2084, a graduate of an approved medical school located in the United States or Canada who has graduated from a special medical school program which does not substantially meet the requirements of Section 2089 with respect to any aspect of curriculum length or content may be approved by the division if the division determines that the applicant has otherwise received adequate instruction in the subjects listed in subdivision (b) of Section 2089. The division may require an applicant under this section to undertake additional education to bring up to standard, instruction in the subjects listed in subdivision (b) of Section 2089 as a condition of issuing a physician's and surgeon's certificate. In approving an applicant under this section, the division may take into account the applicant's total relevant academic experience, including performance on standardized national examinations.

(b) (1) Notwithstanding subdivision (a) or Sections 2084 and 2089, an applicant who is a graduate of an approved medical school located in the United States or Canada who has graduated from a special medical school program that does not substantially meet the requirements of Section 2089 with respect to any aspect of curriculum length or content shall be presumed to meet the requirements of Sections 2084 and 2089 if the special medical school program has been reviewed and approved by a national accrediting agency approved by the division and recognized by the United States Department of Education.

(2) This presumption may be overcome upon a finding by the

division that the medical education received by the applicant is not the educational equivalent of the medical education received by graduates of medical schools approved pursuant to subdivision (a) or Section 2084. In making its finding, the division shall consider, at a minimum, the applicant's total academic and medical training experience prior to, and following, as well as during, medical school, the applicant's performance on standardized national examinations, including the National Board Examinations, the applicant's achievements as a house staff officer, and the number of years of postgraduate medical training completed by the applicant.

(3) An applicant under this subdivision who (A) has satisfactorily completed at least two years of postgraduate clinical training approved by the Accreditation Council for Graduate Medical Education or the Coordinating Council of Medical Education of the Canadian Medical Association and whose postgraduate training has included at least one year of clinical contact with patients and (B) has achieved a passing score in each subject area of the written examination required for licensure, satisfies the requirements of Sections 2084 and 2089. For purposes of this subdivision, a passing score on a subject area in Part I of the written examination shall be a standard score of 380 or higher, and for a subject area in Part II of the examination, a standard score of 290 or higher. For purposes of this subdivision, an applicant who has satisfactorily completed at least two years of approved postgraduate clinical training on or before July 1, 1987, shall not be required to have at least one year of clinical contact with patients.

(4) An applicant who has not achieved a passing score in one or more subject areas of the written examination required for licensure may otherwise demonstrate to the satisfaction of the division that he or she possesses adequate skills, knowledge, and ability in the particular subject area or areas of the examination not passed.

(5) An applicant who has not achieved a passing score in one or more subject areas of the required examination may, at the discretion of the division, be allowed to remedy that deficiency by achieving a passing score in the pertinent subject area or areas through a reexamination administered under the auspices of the division, at the applicant's expense.

(6) Applicants under this subdivision who apply after satisfactorily completing one year of approved postgraduate training shall have their applications reviewed by the division and shall be informed by the division either that satisfactory completion of a second year of approved postgraduate training will result in their being deemed to meet the requirements of Sections 2084 and 2089, or informed of any deficiencies in their qualifications or documentation and the specific remediation, if any, required by the division to meet the requirements of Sections 2084 and 2089. Upon satisfactory completion of the specified remediation, the division shall promptly issue a license to the applicant.

SEC. 2. Section 2184 of the Business and Professions Code is

amended to read:

2184. (a) There shall be at least 10 questions on each subject included in the examination. Each applicant shall obtain at least a score of 75 percent.

(b) Passing scores on the written examination shall be valid for a period of four years, from the month of the examination or until January 1, 1992, whichever is later, for purposes of qualification for participation in postgraduate training or licensure in California.

This period of validity may be extended by the division for good cause and for time spent in a postgraduate training program, including, but not limited to, residency training, fellowship training, remedial or refresher training, or other training that is intended to maintain or improve medical skills.

This subdivision applies to all passing scores achieved in the written examination required by this article.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that unfair barriers to licensure as a physician and surgeon may be removed or alleviated to allow otherwise qualified persons to obtain that licensure, as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 31

An act to amend Section 13895.5 of, to add Sections 13887.3 and 13895.8 to, and to repeal Part 3.5 (commencing with Section 13895) of Division 3 of Title 2 of, the Government Code, relating to employment studies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 29, 1987. Filed with Secretary of State May 29, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 13887.3 is added to the Government Code, to read:

13887.3. (a) The commission shall develop and maintain an economic model capable of estimating the impact of federal expenditures on the state's economy and employment.

(b) On July 1, 1989, and on a semiannual basis thereafter, the commission shall report to the Legislature and Governor on the impact of federal expenditures on the state's economy and employment. The commission's report shall address both of the following:

(1) Projections of federal expenditures coming into the state and

changes in these expenditures.

(2) The impact of these expenditures on the state's economic growth, employment, tax revenues, and other variables determined to be significant by the commission, for the next year compared with the previous three years.

(c) The report also shall identify significant federal expenditures or potential expenditures coming into the state affecting military bases, installations, and active duty and retired military personnel located within the state, as well as the impact of the changes in these expenditures.

This section shall become operative on January 1, 1989.

SEC. 2. Section 13895.5 of the Government Code is amended to read:

13895.5. The Director of Employment Development shall conduct a study to determine the feasibility of establishing a statewide network to monitor and disseminate information on significant federal contract actions affecting employment and job training needs in this state.

By July 1, 1987, the Director of Employment Development shall report to the Legislature, the Governor, and the working group established pursuant to Section 13895.4 regarding the study conducted. Where feasible, the report shall contain the following and shall also outline methods for obtaining information not now compiled in the manner set forth below:

(a) The location and duration of each prime contract award over one million dollars ($1,000,000) in this state and the number and categories of jobs associated with those contracts.

(b) A listing of skills historically subject to significant fluctuation with increasing and decreasing contract expenditures.

(c) The number of prime contracts awarded to small and minority-owned businesses.

(d) A listing of contracts that will be significantly expanded or reduced within the next 12-month period and the numbers and categories of jobs associated with those contracts.

(e) A description of efforts to be taken by the director, the State Job Training Coordinating Council, private industry councils, community colleges, and other agencies to provide job training, vocational education, and economic development services to areas experiencing contract reductions or expansions, as well as an assessment of the effectiveness of services provided during the previous year.

(f) An assessment of the impact of federal contract expenditures on the availability of technical and engineering skills throughout the state.

(g) Methods for improving information from federal agencies on significant program activities and expenditures. The information shall include, but not be limited to, the location and duration of prime contracts over one million dollars ($1,000,000) awarded in this state,. the number and categories of jobs associated with those

contracts, and the number of prime contracts and subcontracts awarded to small and minority-owned businesses.

The report prepared pursuant to this section shall identify significant federal expenditures, or potential expenditures, coming into the state affecting military bases, installations, and active duty and retired military personnel located within the state, particularly those affecting the housing and medical needs of those bases and personnel.

SEC. 3. Section 13895.8 is added to the Government Code, to read:

13895.8. This part shall remain in effect until January 1, 1989, and, as of that date is repealed unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends that date.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to effectuate the purposes of this act prior to the preparation and reporting of the required study, it is necessary for this act to take effect immediately.

CHAPTER 32

An act to amend Sections 1126 and 6599.02 of, and to add Section 1129 to, the Government Code, relating to public agencies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 29, 1987. Filed with Secretary of State May 29, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1126 of the Government Code is amended to read:

1126. (a) Except as provided in Sections 1128 and 1129, a local agency officer or employee shall not engage in any employment, activity, or enterprise for compensation which is inconsistent, incompatible, in conflict with, or inimical to his or her duties as a local agency officer or employee or with the duties, functions, or responsibilities of his or her appointing power or the agency by which he or she is employed. Such officer or employee shall not perform any work, service, or counsel for compensation outside of his or her local agency employment where any part of his or her efforts will be subject to approval by any other officer, employee, board, or commission of his or her employing body, unless otherwise approved in the manner prescribed by subdivision (b).

(b) Each appointing power may determine, subject to approval of the local agency, and consistent with the provisions of Section 1128

where applicable, those outside activities which, for employees under its jurisdiction, are inconsistent with, incompatible to, or in conflict with their duties as local agency officers or employees. An employee's outside employment, activity, or enterprise may be prohibited if it: (1) involves the use for private gain or advantage of his or her local agency time, facilities, equipment and supplies; or the badge, uniform, prestige, or influence of his or her local agency office or employment or, (2) involves receipt or acceptance by the officer or employee of any money or other consideration from anyone other than his or her local agency for the performance of an act which the officer or employee, if not performing such act, would be required or expected to render in the regular course or hours of his or her local agency employment or as a part of his or her duties as a local agency officer or employee or, (3) involves the performance of an act in other than his or her capacity as a local agency officer or employee which act may later be subject directly or indirectly to the control, inspection, review, audit, or enforcement of any other officer or employee or the agency by which he or she is employed, or (4) involves such time demands as would render performance of his or her duties as a local agency officer or employee less efficient.

The local agency may adopt rules governing the application of this section. Such rules shall include provision for notice to employees of the determination of prohibited activities, of disciplinary action to be taken against employees for engaging in prohibited activities, and for appeal by employees from such a determination and from its application to an employee.

SEC. 2. Section 1129 is added to the Government Code, to read:

1129. Service on the Board of Directors of the Local Agency Self-Insurance Authority by an officer or employee of a local agency, as defined by subdivision (a) of Section 6599.02, or by a person who serves in an appointed or employed position with an agency or entity created by a joint powers agreement pursuant to Section 6503.5 to provide insurance pooling, shall not, by itself, be deemed to be inconsistent, incompatible, in conflict with, or inimical to, duties of the officer or employee in either capacity.

SEC. 3. Section 6599.02 of the Government Code is amended to read:

6599.02. As used in this chapter:

(a) "Local agency" means any city, county, city and county, school district, special district, authority, other political subdivision of or within the state, an association or consortium of school districts formed or operating pursuant to Section 35179 of the Education Code, or any joint powers authority composed of any of these agencies.

(b) "Original board" means the first board of directors constituted and selected pursuant to Section 6599.06.

(c) "Board" means the original board and any successor board selected and constituted under this chapter.

SEC. 4. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit appointment of the most qualified available persons to the original Board of Directors of the Local Agency Self-Insurance Authority and to permit participation of the California Interscholastic Federation, it is necessary that this act go into immediate effect.

CHAPTER 33

An act to amend Section 798.50 of the Civil Code, relating to mobilehomes.

[Approved by Governor May 29, 1987. Filed with Secretary of State May 29, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.50 of the Civil Code is amended to read:

798.50. The management shall permit meetings by homeowners or residents of a mobilehome in the park, or any or all of them, related to mobilehome living or social or educational purposes, including forums for or speeches of public officials or candidates for public office, to be held in any of the park community or recreation halls if the meetings are held at reasonable hours and when the facility is not otherwise in use.

CHAPTER 34

An act relating to schools, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 29, 1987. Filed with Secretary of State May 29, 1987.]

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the General Fund to Section A of the State School Fund for emergency apportionment to the Val Verde Elementary School District, pursuant to Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code, for its expenditure obligations through the 1986–87 fiscal year. These funds shall not be apportioned unless and until the Superintendent of Public Instruction approves the district's repayment plan.

(b) Repayment of this apportionment pursuant to Section 41323 of the Education Code shall commence as soon as possible after the Superintendent of Public Instruction approves the repayment plan, but no later than July 1, 1988.

SEC. 2. As a condition on the receipt by the Val Verde Elementary School District of any emergency apportionment funds pursuant to Section 1, in addition to complying with Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code, all of the following shall apply:

(a) The Superintendent of Public Instruction shall appoint a trustee having recognized expertise in education, management, and finance, and who shall be bonded. The costs of the trustee and of the bonding shall be borne by the district. The Superintendent of Public Instruction shall establish the terms and conditions of employment, and the remuneration, of the trustee, who shall serve at the pleasure of, and report directly to, the superintendent. The trustee shall be discharged at the time the total apportionment made under Section 1 of this act is repaid, including interest.

(b) The trustee shall monitor and review the operation of the district. During the period of his or her service, the trustee may stay or rescind any action of the school district governing board that, in the judgment of the trustee, may affect the financial condition of the district. The trustee shall approve or reject all reports and other materials required from the district pursuant to Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code. The Superintendent of Public Instruction, upon the recommendation of the trustee, may reduce any apportionment to the district in an amount of up to one thousand dollars ($1,000) per day for each late or unacceptable report or other material required under Part 24 (commencing with Section 41000) of the Education Code, and shall report to the Legislature any failure of the district to comply with the requirements of this section.

The Superintendent of Public Instruction may contract for the services of the trustee. The superintendent may request the Controller to transfer to the support appropriation of the State Department of Education those funds necessary to pay all costs incurred by the trustee in performing the services. The funds so requested shall be transferred by the Controller from the funding that would otherwise have been apportioned to the Val Verde Elementary School District from Section A of the State School Fund pursuant to Section 42238 of the Education Code.

(c) For the 1986–87 fiscal year and each fiscal year thereafter, the Val Verde Elementary School District shall provide for an audit of the books and accounts of the district, as provided by Section 41020 of the Education Code. Any audit conducted under this subdivision for the preceding fiscal year shall include a statement by the auditor whether or not the district has deviated from the financial plan approved under Section 41320 of the Education Code and whether or not the district is financially solvent. The statements shall be

required until at least one year following the implementation of the plan, but not later than the time the apportionment made under Section 1 is repaid, including interest. The cost of any additional audit services shall be borne by the district.

(d) The county superintendent of schools in which the district is situated shall provide any information and other assistance that the Superintendent of Public Instruction may require in this respect until the apportionment made under Section 1 is repaid, including interest.

(e) If, during the term of the loan, the appointed trustee, with the approval of the Superintendent of Public Instruction, and the county superintendent of schools both agree that the Val Verde Elementary School District Board of Education has taken action to exacerbate the fiscal difficulties of the district, or the board has not taken action to return the district to fiscal solvency, the district shall be declared in receivership by the county board of education upon receipt of a written finding by the appointed trustee and the county superintendent. If the Val Verde Elementary School District goes into receivership under the county board of education, the county board of education shall assume all rights, responsibilities, and authority to operate the district until the loan repayment period expires.

SEC. 3. Due to the unique circumstances concerning the Val Verde Elementary School District, including the difficulties resulting from past fiscal management practices and the critical need to ensure the financial recovery of the district, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. (a) The sum of three million nine hundred thousand dollars ($3,900,000) is hereby appropriated from the General Fund to Section A of the State School Fund for emergency apportionment to the West Covina Unified School District, pursuant to Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code, for its expenditure obligations through the 1986–87 fiscal year.

(b) Repayment of this apportionment pursuant to Section 41323 of the Education Code shall commence as soon as possible after the Superintendent of Public Instruction approves the repayment plan, but no later than July 1, 1988.

SEC. 5. As a condition on the receipt by the West Covina Unified School District of any emergency apportionment funds pursuant to Section 4, in addition to complying with Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code no later than September 1, 1987, all of the following shall apply:

(a) The Superintendent of Public Instruction shall appoint a trustee having recognized expertise in education, management, and finance, and who shall be bonded. The costs of the trustee and of the bonding shall be borne by the district. The Superintendent of Public Instruction shall establish the terms and conditions of employment,

and the remuneration, of the trustee, who shall serve for a period of not less than one year, and shall report directly to the superintendent. The trustee may be discharged after 12 months, or at the end of each subsequent 12-month period thereafter, if in the opinion of the Superintendent of Public Instruction, the Controller, the Joint Legislative Budget Committee, and the county superintendent of schools for the county in which the district is located, the district has taken all steps necessary to assure full implementation of the district repayment plan. In no case shall the trustee serve past the time the total apportionment made under Section 4 of this act is repaid, including interest.

(b) The trustee shall monitor and review the operation of the district. During the period of his or her service, the trustee may stay or rescind any action of the school district governing board that, in the judgment of the trustee, may affect the financial condition of the district. The trustee shall approve or reject all reports and other materials required from the district pursuant to Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code. The Superintendent of Public Instruction, upon the recommendation of the trustee, may reduce any apportionment to the district in an amount of up to one thousand dollars ($1,000) per day for each late or unacceptable report or other material required under Part 24 (commencing with Section 41000) of the Education Code, and shall report to the Legislature any failure of the district to comply with the requirements of this section.

The Superintendent of Public Instruction may contract for the services of the trustee. The superintendent may request the Controller to transfer to the support appropriation of the State Department of Education those funds necessary to pay all costs incurred by the trustee in performing the services. The funds so requested shall be transferred by the Controller from the funding that would otherwise have been apportioned to the West Covina Unified School District from Section A of the State School Fund pursuant to Section 42238 of the Education Code.

(c) For the 1986–87 fiscal year and each fiscal year thereafter, the West Covina Unified School District shall provide for an audit of the books and accounts of the district, as provided by Section 41020 of the Education Code. Any audit conducted under this subdivision for the preceding fiscal year shall include a statement by the auditor whether or not the district has deviated from the financial plan approved under Section 41320 of the Education Code and whether or not the district is financially solvent. The statements shall be required until at least one year following the implementation of the plan, but not later than the time the apportionment made under Section 4 is repaid, including interest. The cost of any additional audit services shall be borne by the district.

(d) The county superintendent of schools in which the district is situated shall provide any information and other assistance that the Superintendent of Public Instruction may require in this respect

until the apportionment made under Section 4 is repaid, including interest.

SEC. 6. The appropriation made pursuant to Section 4 of this act shall be deemed an apportionment made pursuant to Section 41310 of the Education Code, and the West Covina Unified School District shall meet the requirements of Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code, except that, upon the recommendation of the County Superintendent of Schools for Los Angeles County, the Superintendent of Public Instruction shall make an apportionment to the district before the requirements of subdivisions (a), (b), (c), and (d) of Section 41320 of the Education Code have been met for the purpose of meeting expenditure obligations for the 1986–87 fiscal year. The balance of the appropriation made pursuant to Section 4 shall be apportioned after the district meets all of the requirements of subdivisions (a), (b), (c), and (d) of Section 41320 of the Education Code.

By August 31, 1987, the district shall prepare a plan for repayment of the loan. The plan shall be processed in accordance with subdivisions (a), (b), (c), and (d) of Section 41320 of the Education Code.

SEC. 7. Due to the unique circumstances concerning the West Covina Unified School District, including the difficulties resulting from past fiscal management practices and the critical need to ensure the financial recovery of the district, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the Val Verde Elementary School District and the West Covina Unified School District, which are faced with a verified fiscal emergency, with operating funds at the earliest possible date, thus avoiding potential school closures, it is necessary that this act take effect immediately.

CHAPTER 35

[Approved by Governor May 29, 1987. Filed with Secretary of State May 29, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 1 (commencing with Section 14998) of Part 5.7 of Division 3 of Title 2 of the Government Code is amended to read:

CHAPTER 1. CALIFORNIA FILM COMMISSION

SEC. 2. Section 14998.2 of the Government Code is amended to read:

14998.2. (a) There is in the Department of Commerce, the California Film Commission consisting of 25 members. The Governor shall appoint 13 members, the Senate Rules Committee shall appoint four members, the Speaker of the Assembly shall appoint four members, and four members shall be ex officio. The members of the commission appointed by the Governor may include representatives of state and local government, motion picture development companies, employee and professional organizations composed of persons employed in the motion picture industry, and other appropriate members of this or related industries.

All members of the commission, except legislators who are appointed either by the Senate Rules Committee or by the Speaker

of the Assembly, shall serve at the pleasure of the appointing authority for a term of two years from the effective date of the appointment.

(b) One of the members appointed by the Senate Rules Committee shall, and another one may, be a Senator and one of the members appointed by the Speaker shall, and another one may, be a Member of the Assembly. Such persons shall be appointed for terms of four years.

Of the legislators appointed to the commission, no more than three legislators from the same political party may be appointed to or serve on the commission at the same time.

(c) Any legislator appointed shall serve as a voting member of the commission, and shall meet with, and participate in the activities of, the commission to the extent that participation is not incompatible with his or her position as a Member of the Legislature, but shall only serve in that capacity while concurrently serving as a Member of the Legislature. Whenever a legislator vacates an office, the appointing power shall appoint another person for a new full term.

(d) Six of the 13 members appointed by the Governor shall be as follows:

(1) One shall be a person who is a member or employee of a union or guild of motion picture artists.

(2) One shall be a person who is a member or employee of a union or guild representing motion picture craftsmen, technicians, or photographers.

(3) Two shall be from major motion picture studios.

(4) One shall be a member of the city council or a member of the county board of supervisors of a city or a county with a population of at least two million people.

(5) One shall be a member of the city council or a member of the county board of supervisors of a city or a county with a population of less than two million people.

(e) The Director of Transportation shall serve as an ex officio nonvoting member.

(f) The Director of Parks and Recreation shall serve as an ex officio nonvoting member.

(g) The Commissioner of the California Highway Patrol shall serve as an ex officio nonvoting member.

(h) The director of the commission shall serve as an ex officio nonvoting member.

SEC. 3. Section 14998.3 of the Government Code is repealed.

SEC. 4. Section 14998.3 is added to the Government Code, to read:

14998.3. (a) The California Film Commission shall have a director, exempt from civil service, who shall serve under the direction and at the pleasure of the Director of Commerce and as an assistant director of the Department of Commerce.

(b) The commission shall submit a list for recommended candidates for the position of director to the Governor for

consideration. The Governor shall appoint the director.

(c) The director shall receive a salary to be determined by the Department of Personnel Administration.

(d) The Director of Commerce, or his or her designee, shall act as the director during the absence from the state or other temporary absence, disability, or unavailability of the director, or during a vacancy in that position.

SEC. 5. Section 14998.4 of the Government Code is amended to read:

14998.4. (a) The commission shall meet at least quarterly and shall select a chairperson and a vice chairperson from among its members. The vice chairperson shall act as chairperson in the chairperson's absence.

(b) Each commission member shall serve without compensation but shall be reimbursed for traveling outside the county in which he or she resides to attend meetings.

(c) The commission shall work to encourage motion picture and television filming in California and to that end, shall exercise all of the powers provided in this chapter.

(d) The commission shall make recommendations to the Legislature, the Governor, the Department of Commerce, and other state agencies on legislative or administrative actions which may be necessary or helpful to maintain and improve the position of the state's motion picture industry in the national and world markets.

(e) In addition, the commission shall do all of the following:

(1) Adopt guidelines for a standardized permit to be used by state agencies and the director.

(2) Approve or modify the marketing and promotion plan developed by the director pursuant to subdivision (d) of Section 14998.9 to promote filmmaking in the state.

(3) Conduct workshops and trade shows.

(4) Provide expertise in promotional activities.

(5) Hold hearings.

(6) Adopt its own operational rules and procedures.

(7) Counsel the Legislature and the Governor on issues relating to the motion picture industry.

SEC. 6. Section 14998.5 of the Government Code is amended to read:

14998.5. The commission is authorized to contract for production consultants and appoint an advisory board. No member of the advisory board shall receive any compensation, or use the name of the commission on any letterhead, business card, or identification badge except to the extent that the person is authorized to do so by the commission.

SEC. 7. Section 14998.6 of the Government Code is amended and renumbered to read:

14998.8. (a) The director shall be the permitting authority for the use of state-owned property and state employee services for the purpose of making commercial motion pictures. The commission

may establish fees not to exceed the actual cost of the affected state agency for this purpose. All fees collected pursuant to this section shall be deposited in the Film Transfer Account, which is hereby created in the Special Deposit Fund, for disbursement by the director to reimburse the operating departments for their actual costs.

(b) The director shall assure a "one-stop" permit process for applications for permission to use state-owned property for motion pictures. In so doing, applications for permission to use state property for making motion pictures shall be made to the director of the commission who, promptly upon receipt of such an application, shall contact the state agency having jurisdiction over the property specified in the application for the concurrence of the agency in the use of property. The denial of an application may be made on the basis of any of the following:

(1) The use would unduly interfere with the conduct of state business.

(2) Failure of the permittee to provide full insurance or bond coverage, if required by the Department of General Services, or the affected agency, sufficient to reimburse the state for any user-caused damage to the property and to provide adequate personal liability insurance coverage.

The use of state property shall be denied, if it is determined that the use would violate or be in conflict with existing provisions of statute or regulation by the director of the department, agency, or commission responding to a permit request.

(c) Any state agency having management and control over state property, the use of which is sought by an application, shall permit the property to be used, unless otherwise denied by the provisions of this section.

(d) Nothing in this section requires a state agency to take any action not authorized by law or to make any decision in a manner or by a method not authorized by law or which is prohibited by law.

(e) If in connection with the use of roads, highways, and freeways, the assistance, control, or protection by California Highway Patrol officers is desired, applications to the director to utilize services of California Highway Patrol officers in the production of motion pictures shall be made directly to the Commissioner of the California Highway Patrol. The commissioner may approve the application if employees are available and the department is fully reimbursed for additional costs incurred. Applications to utilize California Highway Patrol employee services shall be approved or disapproved by the commissioner.

(f) The director, whenever feasible, shall approve or deny any application within 24 hours. In the event that the director of the department or agency having jurisdiction over the property specified in the application permit takes no action to disapprove the application within five working days, the application shall be deemed approved by the director. If the director of the department

or agency determines that he or she is unable to concur or deny an application within five working days and so notifies the director within five working days of the application, the director shall then have a total of 10 days from receipt of the application to deny the application. In the event no action is taken by the director within the 10-day period, the application shall be deemed approved by the director.

SEC. 8. Section 14998.6 is added to the Government Code, to read:

14998.6. The director and any other staff as may be assigned, shall provide staff support to the California Film Commission. When needed, the Director of Commerce may assign additional staff on a temporary or permanent basis.

SEC. 9. Section 14998.7 of the Government Code is amended and renumbered to read:

14998.10. It is the intent of the Legislature to encourage local governments to develop uniform procedures for issuing permits and to charge fees for the use of agency property or employee services, which do not exceed the estimated reasonable costs of providing the property or services for which the fees are charged.

It is also the intent of the Legislature to encourage local governments to establish departments which would allow motion picture productions to obtain all the locally required permits at one location.

SEC. 10. Section 14998.7 is added to the Government Code, to read:

14998.7. Any funds appropriated to, or for use by, the California Film Commission or to the Department of Commerce for purposes of this chapter, shall be under the control of the Director of Commerce or his or her designee.

SEC. 11. Section 14998.8 of the Government Code is repealed.

SEC. 12. Section 14998.11 is added to the Government Code, to read:

14998.11. The Motion Picture Council is renamed the California Film Commission. All duties, responsibilities, purposes, and jurisdiction of the council are hereby transferred to the commission. All positions, civil service and exempt, of the council are hereby transferred to the commission and shall be under the supervision of the director.

SEC. 13. Section 14998.12 is added to the Government Code, to read:

14998.12. (a) The Department of Commerce shall have possession and control of and may use the unexpended balances of funds, moneys, and appropriations previously available for the use of, or administered by, the Motion Picture Council. Those funds, moneys, and appropriations shall be used by the department only for the purposes for which they were originally made available to the council.

(b) The department shall have possession and control of all

equipment, supplies, records, papers, contracts, and any other documents held for the benefit of, or use by, the council.

(c) The department shall have possession and control of the unexpended balances of funds, moneys, and appropriations previously available for the use of, or administered by, the California Film Office. Those funds, moneys, and appropriations shall be used by the department only for the purposes for which they were originally made available to the California Film Office.

(d) The department shall have possession and control of all equipment, supplies, records, papers, contracts, and other documents held for the benefit of, or use by, the California Film Office.

SEC. 14. Section 14998.13 is added to the Government Code, to read:

14998.13. (a) All officers of the Motion Picture Council who, on the operative date of this section, are serving in the state civil service, other than as temporary employees, and who are engaged in the performance of a function transferred to, or vested in, the Department of Commerce by Section 14998.11 shall be transferred to the department. The status, positions, and rights of those persons shall not be affected by the transfer, and shall be retained by those persons as officers of the department pursuant to the State Civil Service Act, except as to positions with the council which are exempt from civil service.

(b) The director position and deputy director position of the California Film Office shall be the director position and deputy director position, respectively, of the commission. The director position shall be filled pursuant to subdivision (a) of Section 14998.3. All officers of the office who, on the operative date of this section, are serving in the state civil service, other than temporary employees, shall retain their status, positions, and rights as officers of the Department of Commerce and within the commission pursuant to the State Civil Service Act except as to positions with the office which are exempt from civil service.

SEC. 15. Section 14998.15 of the Government Code is amended to read:

14998.15. (a) In keeping with the intent of Section 14998.10, there is hereby established the Southern California Public-Private Film Commission whose purposes shall be to create a regional permit pilot project and to act as a liaison between the motion picture industry and local government. As used in this section, motion picture industry includes television and commercials.

(b) The Southern California Public-Private Film Commission shall be a joint powers agency, pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, and may represent the six-county region covered by the Southern California Association of Governments.

(c) The membership and staffing of the Southern California Public-Private Film Commission shall be determined by the entities

participating in the joint powers agreement.

(d) This section shall remain in effect only until January 1, 1991, and as of that date is repealed.

SEC. 16. Section 14999.31 of the Government Code is amended to read:

14999.31. The California Film Commission and its director shall encourage the use of the uniform application form described in Section 14999.32 for obtaining a local permit to engage in film production within the jurisdiction of a county, city, or city and county. As used in this chapter "film" includes, but is not limited to, feature motion pictures, video tapes, television motion pictures, commercials, and stills. "Production" means the activity of making a film for commercial or noncommercial purposes on property owned by a county, city, or city and county or on private property within the jurisdiction of a county, city, or city and county.

SEC. 17. Section 15325 of the Government Code is amended to read:

15325. The work of the department shall be divided into at least the following offices:

(a) The Office of Economic Research.

(b) The Office of Local Development.

(c) The Office of Business Development.

(d) The Office of Tourism.

(e) The Office of Small Business.

(f) The California Film Commission.

(g) The Office of Marketing and Communications.

SEC. 18. Section 15335.20 of the Government Code is repealed.

SEC. 19. Section 15335.20 is added to the Government Code, to read:

15335.20. There is within the Department of Commerce, the California Film Commission established pursuant to Section 14998.2.

SEC. 20. Section 15335.21 of the Government Code is amended and renumbered to read:

14998.9. The director shall prepare and implement a program to promote the production of motion pictures and still photography for the benefit of the state's economy.

The program shall do, but shall not be limited to doing, all of the following:

(a) Administer a one-stop permit office, pursuant to subdivision (b) of Section 14998.8, which shall issue permits for the use of state property for filmmaking.

(b) Implement the guidelines or regulations for a standardized permit procedure for all state agencies pursuant to guidelines adopted by the commission under Section 14998.4.

(c) Update and expand the location resource library.

(d) Produce and implement a marketing and promotion plan for filmmaking in California which shall be subject to the approval of the commission. The purpose of the plan shall be to design a program for the preparation and distribution of appropriate promotional and

informational materials pointing out desirable locations within the state for the production of motion pictures, explaining the benefits and advantages of producing motion pictures within the state government, as well as those services available at the local level and within the industry.

(e) Conduct workshops to assist local governments to adopt uniform permit procedures and to establish film development offices.

(f) Request and obtain any information from state entities necessary to carry out the purposes of this section.

(g) Accept grant moneys for the purpose of implementing this section.

(h) Accept gifts and donations for the purpose of implementing this section.

In order for the California Film Commission to promptly proceed with its responsibility to deter run-away film production and retain film production in California, thus retaining private sector jobs in the state and forgoing the individual trauma of loss of employment as well as the social and state costs of unemployment, it is necessary that this act take effect immediately.

CHAPTER 36

An act to add Section 5688.6 to the Welfare and Institutions Code, relating to mental health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 1, 1987. Filed with Secretary of State June 1, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 5688.6 is added to the Welfare and Institutions Code, to read:

5688.6. Notwithstanding the provisions of Section 5715, any funds appropriated to support programs under this chapter may be spent

by local mental health programs, upon approval by the Director of Mental Health, for the acquisition or rehabilitation, or both acquisition and rehabilitation, of housing units for homeless mentally disabled persons. These funds may also be used for emergency shelters acquired or rehabilitated, or both acquired and rehabilitated after the effective date of this section when part of the housing services include transitional and long-term low-income housing for persons eligible for services under this chapter.

There is hereby appropriated to the Department of Housing and Community Development, pursuant to a transfer which shall be made under an interagency agreement which shall be entered into between the director and the Department of Housing and Community Development, any and all funds appropriated for the homeless mentally disabled which have been determined to be unexpended and unencumbered two years after the date the funds were appropriated. The amount of transfer shall be determined after the State Department of Mental Health settles county cost reports for the fiscal year the funds were appropriated. The funds transferred to the Department of Housing and Community Development shall be administered in accordance with that department's Special Users Housing Rehabilitation or Emergency Shelter programs to provide low-income transitional and long-term housing for homeless mentally disabled persons. Special priority shall be given to project proposals for homeless mentally disabled persons in the same county from which the funds for the support of the community support system were originally allocated.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because tens of thousands of homeless mentally disabled persons cannot find adequate and safe low-income housing in this state, and, lacking such provisions in the community, are suffering undue hardship and physical danger, it is necessary that this act take effect immediately.

CHAPTER 37

An act to amend Sections 18218.5, 22458.7, 22476, 24458.7, 24476, and 26476 of the Financial Code, relating to loans.

[Approved by Governor June 1, 1987. Filed with Secretary of State June 1, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 18218.5 of the Financial Code is amended to read:

18218.5. With respect to a loan subject to maximum charges under this article, a ten dollar ($10) fee for return by a depository institution of a dishonored check, negotiable order of withdrawal, or share draft may be charged and collected by the licensee. The fee is not included in charges as defined in this division or in determining the applicable maximum charges which may be made under this article.

SEC. 2. Section 22458.7 of the Financial Code is amended to read:

22458.7. With respect to a loan subject to maximum charges under this article, a ten dollar ($10) fee for return by a depository institution of a dishonored check, negotiable order of withdrawal, or share draft may be charged and collected by the licensee. The fee is not included in charges as defined in this division or in determining the applicable maximum charges which may be made under this article.

SEC. 3. Section 22476 of the Financial Code is amended to read:

22476. (a) A licensee may sell promissory notes evidencing the obligation to repay loans made by the licensee pursuant to this division or evidencing the obligation to repay loans purchased from and made by another licensee pursuant to this division or Division 10 (commencing with Section 24000) or Division 11 (commencing with Section 26000) to institutional investors, and may make agreements with institutional investors for the collection of payments or the performance of services with respect to those notes.

(b) For the purposes of this section, "institutional investor" means the following:

(1) The United States or any state, district, territory, or commonwealth thereof, or any city, county, city and county, public district, public authority, public corporation, public entity, or political subdivision of a state, district, territory, or commonwealth of the United States, or any agency or other instrumentality of any one or more of the foregoing.

(2) Any bank, trust company, savings bank or savings and loan association, credit union, industrial bank or industrial loan company, personal property broker, consumer finance lender, commercial finance lender, or insurance company doing business under the authority of and in accordance with a license, certificate, or charter issued by the United States or any state, district, territory, or commonwealth of the United States.

(3) Trustees of pension, profit sharing, or welfare funds, if the pension, profit sharing, or welfare fund has a net worth of not less than fifteen million dollars ($15,000,000), except pension, profit sharing, or welfare funds of a licensee or its affiliate, self-employed individual retirement plans, or individual retirement accounts.

(4) Any corporation with outstanding securities registered under Section 12 of the Securities Exchange Act of 1934 or any wholly owned subsidiary of that corporation; provided, however, that the purchaser represents that it is purchasing for its own account for investment and not with a view to or for sale in connection with any

distribution of the promissory note.

(5) Any syndication or other combination of any of the foregoing which is organized to purchase the promissory note.

(c) In the absence of agreement to the contrary by the licensee and the institutional investor, all payments received from the collection of payments shall be deposited and maintained in a trust account, and shall be disbursed from the trust account only in accordance with the instructions of the owner of the promissory note.

SEC. 4. Section 24458.7 of the Financial Code is amended to read:

24458.7. With respect to a loan subject to maximum charges under this article, a ten dollar ($10) fee for return by a depository institution of a dishonored check, negotiable order of withdrawal, or share draft may be charged and collected by the licensee. The fee is not included in charges as defined in this division or in determining the applicable maximum charges which may be made under this article.

SEC. 5. Section 24476 of the Financial Code is amended to read:

24476. (a) A licensee may sell promissory notes evidencing the obligation to repay loans made by the licensee pursuant to this division or evidencing the obligation to repay loans purchased from and made by another licensee pursuant to this division or Division 9 (commencing with Section 22000) or Division 11 (commencing with Section 26000) to institutional investors, and may make agreements with institutional investors for the collection of payments or the performance of services with respect to those notes.

(b) For the purposes of this section, "institutional investor" means the following:

(1) The United States or any state, district, territory, or commonwealth thereof, or any city, county, city and county, public district, public authority, public corporation, public entity, or political subdivision of a state, district, territory, or commonwealth of the United States, or any agency or other instrumentality of any one or more of the foregoing.

(2) Any bank, trust company, savings bank or savings and loan association, credit union, industrial bank or industrial loan company, personal property broker, consumer finance lender, commercial finance lender, or insurance company doing business under the authority of and in accordance with a license, certificate, or charter issued by the United States or any state, district, territory, or commonwealth of the United States.

(3) Trustees of pension, profit sharing, or welfare funds, if the pension, profit sharing, or welfare fund has a net worth of not less than fifteen million dollars ($15,000,000), except pension, profit sharing, or welfare funds of a licensee or its affiliate, self-employed individual retirement plans, or individual retirement accounts.

(4) Any corporation with outstanding securities registered under Section 12 of the Securities Exchange Act of 1934 or any wholly owned subsidiary of that corporation; provided, however, that the

purchaser represents that it is purchasing for its own account for investment and not with a view to or for sale in connection with any distribution of the promissory note.

(5) Any syndication or other combination of any of the foregoing which is organized to purchase the promissory note.

(c) In the absence of agreement to the contrary by the licensee and the institutional investor, all payments received from the collection of payments shall be deposited and maintained in a trust account, and shall be disbursed from the trust account only in accordance with the instructions of the owner of the promissory note.

SEC. 6. Section 26476 of the Financial Code is amended to read:

26476. (a) A licensee may sell promissory notes evidencing the obligation to repay loans made by the licensee pursuant to this division or evidencing the obligation to repay loans purchased from and made by another licensee pursuant to this division or Division 9 (commencing with Section 22000) or Division 10 (commencing with Section 24000) to institutional investors, and may make agreements with institutional investors for the collection of payments or the performance of services with respect to those notes.

(b) For the purposes of this section, "institutional investor" means the following:

(1) The United States or any state, district, territory, or commonwealth thereof, or any city, county, city and county, public district, public authority, public corporation, public entity, or political subdivision of a state, district, territory, or commonwealth of the United States, or any agency or other instrumentality of any one or more of the foregoing.

(2) Any bank, trust company, savings bank or savings and loan association, credit union, industrial bank or industrial loan company, personal property broker, consumer finance lender, commercial finance lender, or insurance company doing business under the authority of and in accordance with a license, certificate, or charter issued by the United States or any state, district, territory, or commonwealth of the United States.

(3) Trustees of pension, profit sharing, or welfare funds, if the pension, profit sharing, or welfare fund has a net worth of not less than fifteen million dollars ($15,000,000), except pension, profit sharing, or welfare funds of a licensee or its affiliate, self-employed individual retirement plans, or individual retirement accounts.

(4) Any corporation with outstanding securities registered under Section 12 of the Securities Exchange Act of 1934 or any wholly owned subsidiary of that corporation; provided, however, that the purchaser represents that it is purchasing for its own account for investment and not with a view to or for sale in connection with any distribution of the promissory note.

(5) Any syndication or other combination of any of the foregoing which is organized to purchase the promissory note.

(c) In the absence of agreement to the contrary by the licensee

and the institutional investor, all payments received from the collection of payments shall be deposited and maintained in a trust account, and shall be disbursed from the trust account only in accordance with the instructions of the owner of the promissory note.

CHAPTER 38

An act to amend Sections 6703, 6736, 6829, 6901.5, 6904, 7657, 7916, 8651.7, 41015, and 41056 of the Revenue and Taxation Code, and to amend Section 1.5 of Chapter 825 of the Statutes of 1986, relating to taxation.

[Approved by Governor June 1, 1987. Filed with Secretary of State June 1, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 6703 of the Revenue and Taxation Code is amended to read:

6703. (a) Subject to the limitations in subdivisions (b) and (c), the board may by notice of levy, served personally or by first-class mail, require all persons having in their possession, or under their control, any credits or other personal property belonging to a retailer or other person liable for any amount under this part to withhold from such credits or other personal property the amount of any tax, interest, or penalties due from such retailer or other person, or the amount of any liability incurred by them under this part, and to transmit the amount withheld to the board at such times as it may designate. The notice of levy shall have the same effect as a levy pursuant to a writ of execution.

(b) The person served shall continue to withhold pursuant to the notice of levy until the amount specified in the notice, including accrued interest, has been paid in full, until the notice is withdrawn, or until one year from the date the notice is received, whichever occurs first.

(c) The amount required to be withheld is the lesser of the following:

(1) The amount due stated on the notice.

(2) The amount of each payment due or becoming due to the retailer or other person liable during the period of the levy.

(d) For the purposes of this section, the term "payments" does not include earnings as that term is defined in subdivision (a) of Section 706.011 of the Code of Civil Procedure or funds in a deposit account as defined in Section 9105 of the Commercial Code. The term "payments" does include any of the following:

(1) Payments due for services of independent contractors, dividends, rents, royalties, residuals, patent rights, mineral or other

natural rights.

(2) Payments or credits due or becoming due periodically as a result of an enforceable obligation to the retailer or other person liable for the tax.

(3) Any other payments or credits due or becoming due the retailer or other person liable as the result of written or oral contracts for services or sales whether denominated as wages, salary, commission, bonus, or otherwise.

(e) In the case of a financial institution, to be effective, the notice shall state the amount due from the taxpayer and shall be delivered or mailed to the branch or office of the financial institution where the credits or other property is held, unless another branch or office is designated by the financial institution to receive the notice.

SEC. 2. Section 6736 of the Revenue and Taxation Code is amended to read:

6736. If any amount required to be paid to the state under this part is not paid when due, the board may within 10 years after the amount is due file in the office of the County Clerk of Sacramento County, or any county, a certificate specifying the amount required to be paid, interest and penalty due, the name and address as it appears on the records of the board of the person liable, the compliance of the board with this part in relation to the determination of the amount required to be paid, and a request that judgment be entered against the person in the amount required to be paid, together with interest and penalty as set forth in the certificate.

SEC. 3. Section 6829 of the Revenue and Taxation Code is amended to read:

6829. (a) Upon termination, dissolution, or abandonment of a corporate business, any officer or other person having control or supervision of, or who is charged with the responsibility for the filing of returns or the payment of tax, or who is under a duty to act for the corporation in complying with any requirement of this part, shall be personally liable for any unpaid taxes and interest and penalties on those taxes, if the officer or other person willfully fails to pay or to cause to be paid any taxes due from the corporation pursuant to this part.

(b) The officer or other person shall be liable only for taxes which became due during the period he or she had the control, supervision, responsibility, or duty to act for the corporation described in subdivision (a), plus interest and penalties on those taxes.

(c) Personal liability may be imposed pursuant to this section, only if the board can establish that the corporation had included tax reimbursement in the selling price of, or added tax reimbursement to the selling price of, tangible personal property sold in the conduct of its business, or when it can be established that the corporation consumed tangible personal property and failed to pay the tax to the seller or has included use tax on the billing and collected the use tax or has issued a receipt for the use tax and failed to report and pay use

tax.

(d) For purposes of this section "willfully fails to pay or to cause to be paid" means that the failure was the result of an intentional, conscious, and voluntary course of action.

(e) The sum due for the liability under this section may be collected by determination and collection in the manner provided in Chapter 5 (commencing with Section 6451) and Chapter 6 (commencing with Section 6701).

SEC. 4. Section 6901.5 of the Revenue and Taxation Code is amended to read:

6901.5. When an amount represented by a person to a customer as constituting reimbursement for taxes due under this part is computed upon an amount that is not taxable or is in excess of the taxable amount and is actually paid by the customer to the person, the amount so paid shall be returned by the person to the customer upon notification by the Board of Equalization or by the customer that such excess has been ascertained. In the event of his or her failure or refusal to do so, the amount so paid, if knowingly or mistakenly computed by the person upon an amount that is not taxable or is in excess of the taxable amount, shall be remitted by that person to this state. Notwithstanding subdivision (b) of Section 6904, those amounts remitted to the state shall be credited by the board on any amounts due and payable under this part on the same transaction from the person by whom it was paid to this state and the balance, if any, shall constitute an obligation due from the person to this state.

SEC. 5. Section 6904 of the Revenue and Taxation Code is amended to read:

6904. (a) Every claim shall be in writing and shall state the specific grounds upon which the claim is founded.

(b) A claim filed for or on behalf of a class of taxpayers shall do all of the following:

(1) Be accompanied by written authorization from each taxpayer sought to be included in the class.

(2) Be signed by each taxpayer or taxpayer's authorized representative.

(3) State the specific grounds on which the claim is founded.

SEC. 6. Section 7657 of the Revenue and Taxation Code is amended to read:

7657. If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 7655, 7659.5, 7659.6, and 7660.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he bases his claim for relief.

SEC. 7. Section 7916 of the Revenue and Taxation Code is

amended to read:

7916. Upon receipt of a certificate of the Controller setting forth the amount of a taxpayer's delinquencies, the board shall pay to the Controller the amount so certified from the money deposited with the board by the taxpayer or from the amounts received from the sale of bonds or other obligations deposited with the board by the taxpayer. Securities deposited with the board which have a prevailing market price may be sold by the board for the purposes of this section at private sale at a price not lower than the prevailing market price thereof.

SEC. 8. Section 8651.7 of the Revenue and Taxation Code is amended to read:

8651.7. (a) The owner or operator of a vehicle propelled by a system using liquefied petroluem gas, liquid natural gas, or compressed natural gas may pay the fuel tax for the use of such fuels by paying an annual flat rate fuel tax according to the following schedule:

Unladen weight	Fee
All passenger cars and other vehicles 4,000 lbs. or less	$36
More than 4,000 lbs. but less than 8,001 lbs.	72
More than 8,000 lbs. but less than 12,001 lbs.	120
12,001 lbs. or more	168

(b) The annual flat rate fuel tax described in subdivision (a) shall be an annual tax. The annual period shall be that period from the end of the month in which the tax was paid to the end of the month prior in the following calendar year.

(c) The board shall adopt an identification procedure for vehicles with respect to which the annual flat rate tax described in subdivision (a) of this section has been paid.

SEC. 9. Section 41015 of the Revenue and Taxation Code is amended to read:

41015. "Local telephone service" shall mean both of the following:

(a) The access to a local telephone system, and the privilege of telephonic quality communication with substantially all persons having telephone or radiotelephone stations constituting a part of the local telephone system.

(b) Any facility or service provided in connection with a service described in subdivision (a).

The term "local telephone service" does not include any service which is a "toll telephone service" or a "private communication service."

SEC. 10. Section 41056 of the Revenue and Taxation Code is amended to read:

41056. The service supplier shall maintain such records as may be necessary to determine the amount of surcharge collected under provisions of this part. Those records shall be maintained for a period

of four years from the time the surcharge is due.

SEC. 11. Section 1.5 of Chapter 825 of the Statutes of 1986 is amended to read:

Sec. 1.5. If a transaction regarded under Section 6006.3 of the Revenue and Taxation Code as a sale under a security agreement to any state or local governmental body, or any agency, or instrumentality thereof, entered into prior to January 1, 1987, has been treated by the seller as a lease, the full term of which has not expired or has not been earlier terminated, then that transaction shall be classified as a sale on January 1, 1987, and shall be classified as a lease for all earlier periods. Any sales or use tax previously paid on a transaction described in the preceding sentence, but not interest on that sales or use tax previously paid, shall be credited against any sales or use tax due on that transaction.

The amendment of this section made during the 1987–88 Regular Session of the Legislature does not constitute a change in, but is declaratory of, existing law.

CHAPTER 39

An act to add and repeal Section 21100.3 of the Public Resources Code, relating to the apple maggot, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 1, 1987. Filed with Secretary of State June 1, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 21100.3 is added to the Public Resources Code, to read:

21100.3. (a) Section 21100 does not apply to activities undertaken by the Director of Food and Agriculture during the 1987 and 1988 growing seasons for the apple maggot project. These activities shall be limited to the measures utilized by the director during the 1986 project and shall include the current guarantees of public notification and the nonchemical treatment option.

(b) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 2. Upon the effective date of this act, the Director of Food and Agriculture shall commence preparation, or cause to be prepared by contract, an environmental impact report for the apple maggot project pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code). The Director of Food and Agriculture shall certify the completion of the environmental impact report for the project prior to undertaking any activities to continue the project during the

1989 growing season and subsequent growing seasons.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify provisions relating to the authority of the Director of Food and Agriculture to undertake pest control or eradication projects and to thereby provide more effective pest control, which benefits California's environment and agriculture, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 40

An act to amend Sections 3439.08 and 3440 of, and to add Section 3439.12 to, the Civil Code, to amend Section 697.740 of the Code of Civil Procedure, to amend Section 506 of the Corporations Code, and to amend Section 283 of the Probate Code, relating to property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1987. Filed with Secretary of State June 8, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 3439.08 of the Civil Code is amended to read:

3439.08. (a) A transfer or an obligation is not voidable under subdivision (a) of Section 3439.04, against a person who took in good faith and for a reasonably equivalent value or against any subsequent transferee or obligee.

(b) Except as otherwise provided in this section, to the extent a transfer is voidable in an action by a creditor under paragraph (1) of subdivision (a) of Section 3439.07, the creditor may recover judgment for the value of the asset transferred, as adjusted under subdivision (c), or the amount necessary to satisfy the creditor's claim, whichever is less. The judgment may be entered against the following:

(1) The first transferee of the asset or the person for whose benefit the transfer was made.

(2) Any subsequent transferee other than a good faith transferee who took for value or from any subsequent transferee.

(c) If the judgment under subdivision (b) is based upon the value of the asset transferred, the judgment shall be for an amount equal to the value of the asset at the time of the transfer, subject to adjustment as the equities may require.

(d) Notwithstanding voidability of a transfer or an obligation under this chapter, a good faith transferee or obligee is entitled, to

the extent of the value given the debtor for the transfer or obligation, to the following:

(1) A lien on or a right to retain any interest in the asset transferred.

(2) Enforcement of any obligation incurred.

(3) A reduction in the amount of the liability on the judgment.

(e) A transfer is not voidable under subdivision (b) of Section 3439.04 or Section 3439.05 if the transfer results from the following:

(1) Termination of a lease upon default by the debtor when the termination is pursuant to the lease and applicable law.

(2) Enforcement of a lien in a noncollusive manner and in compliance with applicable law, including Division 9 (commencing with Section 9101) of the Commercial Code, other than a retention of collateral under subdivision (2) of Section 9505 of the Commercial Code and other than a voluntary transfer of the collateral by the debtor to the lienor in satisfaction of all or part of the secured obligation.

SEC. 2. Section 3439.12 is added to the Civil Code, to read:

3439.12. This chapter, and the other changes in the law made by Chapter 383 of the Statutes of 1986, apply only to transfers made or obligations incurred on or after January 1, 1987; and, as to transfers made or obligations incurred prior to that date, the law in effect at the time the transfer was made or the obligation was incurred shall apply. The provisions of this chapter, insofar as they are substantially the same as the provisions of Chapter 1 (commencing with Section 3439) of Title 2 of Part 2 of Division 4, which was repealed by Chapter 383 of the Statutes of 1986, shall be construed as restatements and continuations, and not as new enactments.

SEC. 3. Section 3440 of the Civil Code is amended to read:

3440. (a) Except as otherwise provided in this chapter, every transfer of personal property made by a person having at the time the possession of the property, and not accompanied by an immediate delivery followed by an actual and continued change of possession of the property, is void as against the transferor's creditors (secured or unsecured) at the time of the transfer and those who become creditors while the transferor remains in possession and the successors in interest of those creditors, and as against buyers from the transferor for value in good faith subsequent to the transfer.

(b) As used in this chapter, "creditor" means a person who has a claim, as defined in Section 3439.01, and includes an assignee of a general assignment for the benefit of creditors, as defined in Section 493.010 of the Code of Civil Procedure, of a debtor. "Creditor" also includes any person to whom the transferor's estate devolves in trust for the benefit of persons other than the transferor. Any such assignee or trustee may exercise any and all the rights and remedies specified in this chapter, if they are available to any one or more creditors of the assignor or transferor who are beneficiaries of the assignment or trust, and, in that event (1) only to the extent the rights or remedies are so available and (2) only for the benefit of

those creditors whose rights are asserted by the assignee or trustee.

SEC. 4. Section 697.740 of the Code of Civil Procedure is amended to read:

697.740. Except as provided in Section 9504 of the Commercial Code and in Section 701.630, if personal property subject to an execution lien is not in the custody of a levying officer and the property is transferred or encumbered, the property remains subject to the lien after the transfer or encumbrance except where the transfer or encumbrance is made to one of the following persons:

(a) A person who acquires an interest in the property under the law of this state for reasonably equivalent value without knowledge of the lien. For purposes of this subdivision, value is given for a transfer or encumbrance if, in exchange for the transfer or encumbrance, property is transferred or an antecedent debt is secured or satisfied.

(b) A buyer in ordinary course of business (as defined in Section 1201 of the Commercial Code) who, under Section 9307 of the Commercial Code, would take free of a security interest created by the seller or encumbrancer.

(c) A holder in due course (as defined in Section 3302 of the Commercial Code) of a negotiable instrument within the meaning of Section 3104 of the Commercial Code.

(d) A holder to whom a negotiable document of title has been duly negotiated within the meaning of Section 7501 of the Commercial Code.

(e) A bona fide purchaser (as defined in Section 8302 of the Commercial Code) of a security.

(f) A purchaser of chattel paper or an instrument who gives new value and takes possession of the chattel paper or instrument in the ordinary course of business.

(g) A holder of a purchase money security interest (as defined in Section 9107 of the Commercial Code).

(h) A collecting bank holding a security interest in items being collected, accompanying documents and proceeds, pursuant to Section 4208 of the Commercial Code.

(i) A person who acquires any right or interest in letters of credit, advices of credit, or money.

(j) A person who acquires any right or interest in property subject to a certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate of title is required as a condition of perfection of the security interest.

SEC. 5. Section 506 of the Corporations Code is amended to read:

506. (a) Any shareholder who receives any distribution prohibited by this chapter with knowledge of facts indicating the impropriety thereof is liable to the corporation for the benefit of all of the creditors or shareholders entitled to institute an action under subdivision (b) for the amount so received by such shareholder with interest thereon at the legal rate on judgments until paid, but not exceeding the liabilities of the corporation owed to nonconsenting

creditors at the time of the violation and the injury suffered by nonconsenting shareholders, as the case may be.

(b) Suit may be brought in the name of the corporation to enforce the liability (1) to creditors arising under subdivision (a) for a violation of Section 500 or 501 against any or all shareholders liable by any one or more creditors of the corporation whose debts or claims arose prior to the time of the distribution to shareholders and who have not consented thereto, whether or not they have reduced their claims to judgment, or (2) to shareholders arising under subdivision (a) for a violation of Section 502 or 503 against any or all shareholders liable by any one or more holders of preferred shares outstanding at the time of the distribution who have not consented thereto, without regard to the provisions of Section 800.

(c) Any shareholder sued under this section may implead all other shareholders liable under this section and may compel contribution, either in that action or in an independent action against shareholders not joined in that action.

(d) Nothing contained in this section affects any liability which any shareholder may have under Chapter 1 (commencing with Section 3439) of Title 2 of Part 2 of Division 4 of the Civil Code.

SEC. 6. Section 283 of the Probate Code is amended to read:

283. A disclaimer is not a fraudulent transfer by the beneficiary under Chapter 1 (commencing with Section 3439) of Title 2 of Part 2 of Division 4 of the Civil Code.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the intent of the Legislature with respect to the application of Chapter 383 of the Statutes of 1986, and to clarify the meaning of related provisions of law which refer to definitions repealed by that act, it is necessary that this act take effect immediately.

CHAPTER 41

An act to amend Section 25135.8 of the Health and Safety Code, relating to hazardous waste, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 8, 1987. Filed with Secretary of State June 8, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 25135.8 of the Health and Safety Code is amended to read:

25135.8. (a) There is hereby established, within the Hazardous

Waste Control Account, the Hazardous Waste Management Planning Subaccount. Money deposited in or transferred to the subaccount shall be used to compensate the department for its costs in administering this article and to provide grants to counties and councils of governments that have elected to prepare county and regional hazardous waste management plans. Funds in the subaccount shall be disbursed, upon appropriation by the Legislature, in accordance with this section.

(b) (1) Grants to counties to prepare county hazardous waste management plans shall be disbursed as follows:

(A) On April 1, 1987, or as soon as possible thereafter, the department shall disburse the sum of five million dollars ($5,000,000), less any amount disbursed to councils of governments pursuant to subparagraph (A) of paragraph (3), to counties. The amount disbursed to each county shall be based on the tonnage of hazardous waste shipped offsite by hazardous waste generators within the county during the 1985 calendar year, as reported by the department, in accordance with the following:

(i) Thirty thousand dollars ($30,000) to each county which ships offsite less than 100 tons per year of hazardous waste.

(ii) Sixty thousand dollars ($60,000) to each county which ships offsite 100 or more tons, but less than 10,000 tons, per year of hazardous waste.

(iii) Ninety thousand dollars ($90,000) to each county which ships offsite 10,000 or more tons, but less than 30,000 tons, per year of hazardous waste.

(iv) One hundred twenty thousand dollars ($120,000) to each county which ships offsite 30,000 or more tons, but less than 100,000 tons, per year of hazardous waste.

(v) One hundred sixty thousand dollars ($160,000) to each county which ships offsite 100,000 or more tons, but less than 150,000 tons, per year of hazardous waste.

(vi) Two hundred thousand dollars ($200,000) to each county which ships offsite 150,000 or more tons, but less than 350,000 tons, per year of hazardous waste.

(vii) Two hundred eighty thousand dollars ($280,000) to each county which ships offsite 350,000 or more tons, but less than 500,000 tons, per year of hazardous waste.

(viii) Three hundred fifty thousand dollars ($350,000) to each county which ships offsite 500,000 or more tons per year of hazardous waste.

(ix) The amount remaining after the department has disbursed grants to counties in accordance with clauses (i) to (viii), inclusive, shall be disbursed to counties on a prorated basis based on the tonnage amount of hazardous waste shipped offsite by hazardous waste generators within a county during the 1985 calendar year in proportion to the tonnage amount shipped offsite by hazardous waste generators in all counties during that calendar year, as reported by the department.

(B) On January 1, 1988, and on July 1, 1988, respectively, the department shall disburse one million seven hundred fifty thousand dollars ($1,750,000), less any amount disbursed to councils of governments pursuant to subparagraph (B) of paragraph (3), to counties. The amount disbursed to each county shall be prorated based on the tonnage amount of hazardous waste shipped offsite by hazardous waste generators within that county during the 1985 calendar year, or during a more recent 12-consecutive-month period for which more complete data are available, as determined by the department, in proportion to the tonnage amount shipped offsite by hazardous waste generators in all counties during that calendar year or a more recent 12-month period. A disbursement to a county under this subparagraph shall only be made if the department finds that there is a need for the funding to complete the county's hazardous waste management plan.

(2) A county may provide data to the department concerning the amounts of hazardous waste generated in the county during any 12-consecutive-month period more recent than the 1985 calendar year for purposes of determining the amount of the disbursement to be made to the county pursuant to subparagraph (B) of paragraph (1). Data provided by a county, if found acceptable by the department, shall be used in lieu of data concerning the tonnage amount of hazardous waste shipped offsite by generators in the county for purposes of determining the county's prorated share of disbursed funds. A county shall submit the data to the department by November 1, 1987, for the disbursements that will be made on January 1, 1988, and by April 1, 1988, for the disbursements that will be made on July 1, 1988.

(3) Grants to the councils of governments specified in Section 25135.3 to prepare regional hazardous waste management plans shall be disbursed as follows:

(A) On April 1, 1987, or as soon as possible thereafter, the department shall disburse the following amounts to the following councils of governments which have elected to prepare a regional hazardous waste management plan:

(i) One hundred thousand dollars ($100,000) to the Association of Bay Area Governments.

(ii) One hundred seventy-five thousand dollars ($175,000) to the Southern California Association of Governments.

(iii) Sixty thousand dollars ($60,000) to the Sacramento Area Council of Governments.

(iv) Forty-five thousand dollars ($45,000) to the Association of Monterey Bay Area Governments.

(B) On January 1, 1988, and on July 1, 1988, respectively, the department shall disburse an amount equal to 35 percent of the amount disbursed pursuant to subparagraph (A) to each council of governments which received a disbursement pursuant to subparagraph (A), except that disbursement to a council of governments under this subparagraph shall only be made if the

department finds that there is a need for the additional funding to complete the council of governments' regional hazardous waste management plan.

(4) For the purpose of administering this article, the department may expend not more than one million five hundred thousand dollars ($1,500,000) from the subaccount, of which the department may expend not more than three hundred twenty-five thousand dollars ($325,000) in the 1986–87 fiscal year, eight hundred thirty-nine thousand dollars ($839,000) in the 1987–88 fiscal year, and three hundred thirty-six thousand dollars ($336,000) in the 1988–89 fiscal year.

(c) A city or two or more cities within a county which are eligible to receive funding pursuant to subdivision (c) of Section 25135.1 shall be allocated from the subaccount the amount specified in subparagraph (A) of paragraph (1) of subdivision (b) that would be allocated to the county in which the city or cities are located if the county had elected to prepare the plan, and shall receive all subsequent allocations that would have been allocated to the county pursuant to subparagraph (B) of paragraph (1) of subdivision (b) had the county elected to prepare a plan.

(d) The department may provide funds to counties and cities for the preparation of county hazardous waste management plans, and to councils of governments for the preparation of regional hazardous waste management plans pursuant to subdivision (b), before the completion of all activities regarding the hazardous waste management plan expected to be completed on or before January 1, 1988. The department may also provide these funds on or before January 1, 1988, before the completion of the activities expected to be completed on July 1, 1988, and may provide funds on or before July 1, 1988, before the completion of the activities expected to be completed after July 1, 1988.

(e) The department shall provide the Legislature, on or before October 1, 1987, with a schedule of goals and target dates for accomplishing the activities required by this article, including information on the budgetary and staffing requirements the department anticipates will be needed to meet the goals and target dates through June 30, 1990.

(f) This section shall remain in effect only until June 30, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before June 30, 1990, deletes or extends that date.

SEC. 2. The sum of seven million seventy-five thousand dollars ($7,075,000) is hereby appropriated from the Hazardous Waste Management Planning Subaccount in the Hazardous Waste Control Account in the General Fund to the State Department of Health Services, which the department shall allocate as follows:

(a) Three hundred twenty-five thousand dollars ($325,000) for expenditure during the 1986–87 fiscal year to administer Article 3.5 (commencing with Section 25135) of Chapter 6.5 of Division 20 of the Health and Safety Code.

(b) Six million seven hundred fifty thousand dollars ($6,750,000) for disbursing as grants to counties and to councils of governments, pursuant to subdivision (b) of Section 25135.8 of the Health and Safety Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prepare and transmit guidelines for the preparation and adoption of county and regional hazardous waste management plans to counties and regional councils of governments by June 30, 1987, and in order to provide them with the information required by Section 25135.5 of the Health and Safety Code by June 30, 1987, it is necessary that this act take effect immediately.

CHAPTER 42

An act to add Section 6744 to the Food and Agricultural Code, relating to agriculture.

[Approved by Governor June 9, 1987. Filed with Secretary of State June 9, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 6744 is added to the Food and Agricultural Code, to read:

6744. Any person that sells cut Christmas trees is exempt from the license requirements of this chapter.

CHAPTER 43

An act to amend Section 36976 of the Food and Agricultural Code, relating to dairy products.

[Approved by Governor June 9, 1987. Filed with Secretary of State June 9, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 36976 of the Food and Agricultural Code is amended to read:

36976. This article shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 44

An act to amend Sections 4000, 38025, 38026, and 38026.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor June 9, 1987. Filed with Secretary of State June 9, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 4000 of the Vehicle Code is amended to read:

4000. (a) (1) No person shall drive, move, or leave standing upon a highway, or in an offstreet public parking facility, any motor vehicle, trailer, semitrailer, pole or pipe dolly, logging dolly, or auxiliary dolly unless it is registered and the appropriate fees have been paid under this code, except that an off-highway motor vehicle which displays an identification plate or device issued by the department pursuant to Section 38010 may be driven, moved, or left standing in an offstreet public parking facility without being registered or paying registration fees.

(2) For purposes of this subdivision, "offstreet public parking facility" means either of the following:

(A) Any publicly owned parking facility.

(B) Any privately owned parking facility for which no fee for the privilege to park is charged and which is held open for the common public use of retail customers.

(3) This subdivision does not apply to any motor vehicle stored in a privately owned offstreet parking facility by, or with the express permission of, the owner of the privately owned offstreet parking facility.

(b) No person shall drive, move, or leave standing upon a highway any motor vehicle, as defined in Chapter 2 (commencing with Section 39010) of Part 1 of Division 26 of the Health and Safety Code, which has been registered in violation of Part 5 (commencing with Section 43000) of that Division 26.

(c) Subdivisions (a) and (b) do not apply to off-highway motor vehicles operated pursuant to Sections 38025 and 38026.5.

(d) This section does not apply, following payment of fees due for registration, during the time that registration and transfer is being withheld by the department pending the investigation of any use tax due under the Revenue and Taxation Code.

(e) When a vehicle is towed by a tow car on order of a sheriff,

marshal, or other official acting pursuant to a court order or on order of a peace officer acting pursuant to Chapter 10 (commencing with Section 22650) of Division 11, subdivision (a) of this section does not apply.

SEC. 2. Section 38025 of the Vehicle Code is amended to read:

38025. In accordance with subdivision (c) of Section 4000, motor vehicles issued a plate or device pursuant to Section 38160 may be operated or driven upon a highway but only as follows:

(a) On a two-lane highway, only to cross the highway at an angle of approximately 90 degrees to the direction of the roadway and at a place where a quick and safe crossing may be made, or only when the roadway is not maintained by snow removal equipment and is closed to motor vehicles which are subject to registration pursuant to Division 3 (commencing with Section 4000), or only to cross a highway in the manner specified in subdivision (b).

(b) With respect to the crossing of a highway having more than two lanes, or a highway having limited access, those motor vehicles may cross the highways but only at a place designated by the Department of Transportation or local authorities with respect to highways under their respective jurisdictions as a place where the motor vehicles, or specified types of the motor vehicles, may cross the highways, and the vehicles shall cross the highways only at those designated places and only in a quick and safe manner.

(c) The Department of Transportation and local authorities with respect to highways under their respective jurisdictions may designate, by the erection of appropriate signs of a type approved by the Department of Transportation, places where those motor vehicles, or specified types of the motor vehicles, may cross any highway having more than two lanes or having limited access.

(d) Motor vehicles identified pursuant to Section 38010 may be towed upon a highway, but not driven, if the vehicles display a plate or device issued pursuant to Section 38160.

(e) Motorcycles identified pursuant to Section 38010 may be pushed upon a highway, but not ridden, if the motorcycles have displayed upon them a plate or device issued pursuant to Section 38160.

SEC. 3. Section 38026 of the Vehicle Code is amended to read:

38026. (a) In addition to Section 38025 and after complying with subdivision (c), if a local authority, an agency of the federal government, or the Director of Parks and Recreation finds that a highway, or a portion thereof, under the jurisdiction of the authority, agency, or the director, as the case may be, is located in such a manner as to provide a connecting link between off-highway motor vehicle trail segments, between an off-highway motor vehicle recreational use area and necessary service facilities, or between lodging facilities and an off-highway motor vehicle recreational facility and if it is found that the highway is designed and constructed so as to safely permit the use of regular vehicular traffic and also the driving of off-highway motor vehicles on that highway, the local

authority, by resolution or ordinance, agency of the federal government, or the Director of Parks and Recreation, as the case may be, may designate that highway, or a portion thereof, for combined use and shall prescribe rules and regulations therefor. No highway, or portion thereof, shall be so designated for a distance of more than three miles. No freeway shall be designated under this section.

(b) The Off-Highway Motor Vehicle Recreation Commission may propose highway segments for consideration by local authorities, an agency of the federal government, or the Director of Parks and Recreation for combined use.

(c) Prior to designating a highway or portion thereof on the motion of the local authority, an agency of the federal government, or the Director of Parks and Recreation, or as a recommendation of the Off-Highway Motor Vehicle Recreation Commission, a local authority, an agency of the federal government, or the Director of Parks and Recreation shall notify the Commissioner of the California Highway Patrol, and shall not designate any segment pursuant to subdivision (a) which, in the opinion of the commissioner, would create a potential traffic safety hazard.

(d) A designation of a highway, or a portion thereof, under subdivision (a) shall become effective upon the erection of appropriate signs of a type approved by the Department of Transportation on and along the highway, or portion thereof.

The cost of the signs shall be reimbursed from the Off-Highway Vehicle Fund, when appropriated by the Legislature, or by expenditure of funds from a grant made pursuant to Section 5090.50 of the Public Resources Code.

SEC. 4. Section 38026.5 of the Vehicle Code is amended to read:

38026.5. (a) In accordance with subdivision (c) of Section 4000, a motor vehicle issued a plate or device pursuant to Section 38160 may be operated or driven on a local highway, or a portion thereof, which is designated pursuant to Section 38026 if the operation is in conformance with the Vehicle Code and the vehicle complies with off-highway vehicle equipment requirements specified in this division.

(b) Notwithstanding subdivision (a), it is unlawful for any person using an off-highway vehicle on a combined-use highway to do any of the following:

(1) Operate an off-highway motor vehicle on the highway during the hours of darkness.

(2) Operate any vehicle on the highway which does not have an operational stoplight.

(3) Operate any vehicle on the highway which does not have rubber tires.

(4) Operate any vehicle without a valid driver's license of the appropriate class for the vehicle operation in possession.

(5) Operate any vehicle on the highway without complying with the provisions of Article 2 (commencing with Section 16020) of Chapter 1 of Division 7.

CHAPTER 45

An act relating to education, and making an appropriation therefor, to take effect immediately.

[Approved by Governor June 11, 1987. Filed with Secretary of State June 11, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The sum of seventy-one million five hundred thirty-three thousand five hundred dollars ($71,533,500) is hereby appropriated from the General Fund for allocation as follows in the 1986–87 fiscal year:

(a) Fifty-three million three hundred sixty-two thousand five hundred dollars ($53,362,500) to Section A of the State School Fund for allocation by the Superintendent of Public Instruction to school districts on the basis of 50 percent of the apportionments received from funds appropriated in the prior fiscal year for Urban Impact Aid, Small School District Transportation Aid, and Meade Aid, plus 1 percent.

(b) Eighteen million one hundred seventy-one thousand dollars ($18,171,000) to the Board of Governors of the California Community Colleges for allocation to community college districts by the Chancellor of the California Community Colleges for the purposes of augmenting Category (a) of Item 6870-101-001 of Section 2 of the Budget Act of 1986 (Chapter 186 of the Statutes of 1986) for community college districts that are most in need of revenue adjustments due to declining average daily attendance in the 1984–85 and 1985–86 fiscal years.

SEC. 2. Twenty-five million dollars ($25,000,000) shall be transferred from the Special Account for Capital Outlay to the General Fund for the purpose of funding Section 1 of this act.

SEC. 3. Five million nine hundred twenty-one thousand dollars ($5,921,000) from the unexpended balance available from Chapter 180, Statutes of 1985, is reappropriated to the General Fund for purposes of funding Section 1 of this act.

SEC. 4. (a) Of the amount appropriated in Section 1, it is the intent of the Legislature that thirty million nine hundred forty-nine thousand dollars ($30,949,000) is made available to school districts maintaining kindergarten and grades 1 to 12, inclusive, and community college districts for the 1986–87 fiscal year by virtue of the fact that these districts will realize a savings in their contributions to the Public Employment Retirement System due to a reduced contribution rate for the 1987–88 fiscal year.

(b) To achieve the savings identified in subdivision (a) for the

1987–88 fiscal year only, notwithstanding any other provision of law, in addition to the reduction made pursuant to Item 6100-101-001 of Section 2.00 of the Budget Act of 1987, the county superintendent shall reduce the total revenue limit computed pursuant to Sections 2558 and 42238 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from the applicable employer contribution rate reductions made effective July 1, 1987. The reduction shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1987–88 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to July 1, 1987, were in effect during the 1987–88 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the actual amount of employer contributions made to the Public Employees' Retirement System in the 1987–88 fiscal year.

(3) For the purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds which are subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(C) Positions supported, to the extent of employer contributions not exceeding the twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenues as directed by the Superintendent of Public Instruction.

(c) To achieve the savings identified in subdivision (a), the Chancellor of the California Community College System shall, in the 1987–88 fiscal year, make a permanent reduction to the base revenues per unit of average daily attendance of each community college district for savings resulting from a reduction to the employers' contribution for the 1987–88 retirement benefits as adopted by the Board of Administration of the Public Employees' Retirement System. The total amount of this reduction shall equal two million nine hundred thirty-one thousand dollars ($2,931,000) and each district's proportionate share shall be based upon 1986–87 employer contributions to the Public Employees' Retirement System.

SEC. 5. (a) Of the amount appropriated in Section 1, it is the intent of the Legislature that one million twenty-six thousand dollars ($1,026,000) is made available within a savings in the cost of staff

benefits for the California State University as reflected in the amount appropriated for Item 6610-001-001 of Section 2.00 of the Budget Act of 1987.

(b) Of the amount appropriated in Section 1, it is the intent of the Legislature that four million nine hundred thousand dollars ($4,900,000) is made available from a savings on the amount needed to fund the Asbestos Abatement Fund in the 1987–88 fiscal year as reflected in the amount appropriated for Item 6350-210-001 of Section 2.00 of the Budget Act of 1987.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 7. This act makes an appropriation for the usual current expenses of the state within the meaning of Section 8 of Article IV of the California Constitution and shall go into immediate effect.

CHAPTER 46

An act to make an appropriation in augmentation of Items 9840-001-001, 9840-001-494, 9840-001-988, and 9840-011-001 of Section 2.00 of the Budget Act of 1986, relating to contingencies or emergencies, to take effect immediately, usual current expenses.

[Approved by Governor June 15, 1987. Filed with Secretary of State June 15, 1987]

I am deleting the following amount included in the special fund appropriation contained in Section 1 of Assembly Bill No. 392:

Department of Education, Driver Training Program - $636,000

The 1986 Budget Act specifically limited funding for the Driver Training Program to $19.5 million. To this extent, the State is not obligated to provide additional funding for this fiscal year. However, I have increased funding for this purpose for the 1987–88 fiscal year in recognition of enrollment growth.

With this deletion, I approve Assembly Bill No. 392.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of three hundred ninety-two million nine hundred twenty-four thousand dollars ($392,924,000) appropriated for expenditure in the 1986–87 fiscal year in augmentation of, and for the purposes of contingencies or emergencies as provided in, Items 9840-001-001, 9840-001-494, 9840-001-988, and 9840-011-001 of Section 2.00 of the Budget Act of

1986, in accordance with the following schedule:

(1) Three hundred two million three hundred thirteen thousand dollars ($302,313,000) from the General Fund to the Reserve for Contingencies or Emergencies in Item 9840-001-001.

(2) Twelve million five hundred twelve thousand dollars ($12,512,000) from unallocated special funds to the Reserve for Contingencies or Emergencies in Item 9840-001-494.

(3) Seventy-seven million ninety-nine thousand dollars ($77,099,000) from unallocated nongovernmental cost funds to the Reserve for Contingencies or Emergencies in Item 9840-001-988.

(4) One million dollars ($1,000,000) from the General Fund to the Reserve for Contingencies or Emergencies for short-term loans as provided in Item 9840-011-001.

(b) The Director of Finance may withhold authorization for expenditure of funds provided in this section until such time as, and to the extent that, preliminary estimates of potential deficiencies are verified.

SEC. 2. On the effective date of this act, the Controller shall revert to the unappropriated surplus of the General Fund three million six hundred seventeen thousand dollars ($3,617,000) of the unencumbered balance of the funds appropriated in Item 6100-115-001 of Section 2.00 of the Budget Act of 1986.

SEC. 3. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 47

An act to amend Section 66903.7 of the Education Code, relating to postsecondary education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 15, 1987. Filed with Secretary of State June 15, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 66903.7 of the Education Code is amended to read:

66903.7. (a) There is hereby established the Commission for the Review of the Master Plan for Higher Education, to be comprised of 16 members who shall be citizens knowledgeable in the area of postsecondary education, business, and community leaders representative of the cultural, ethnic, and geographic diversity of the state. Members of the Commission for the Review of the Master Plan for Higher Education shall be appointed as follows:

(1) One representative appointed by the Regents of the University of California.

(2) One representative appointed by the Trustees of the California State University.

(3) One representative appointed by the Board of Governors of the California Community Colleges.

(4) One representative appointed from among the membership of the California Postsecondary Education Commission.

(5) The Superintendent of Public Instruction, or his or her designee.

(6) Four representatives appointed by the Governor.

(7) Three representatives appointed by the Speaker of the Assembly.

(8) Three representatives appointed by the Senate Rules Committee.

(9) One representative appointed by the Association of Independent California Colleges and Universities.

The Governor may designate any one of the 16 members appointed to the commission pursuant to this subdivision to serve as chairperson of the commission.

(b) No person who is employed or retained by any public or private postsecondary educational institution shall be appointed to or serve on the commission. Representatives to the commission shall receive reimbursement for actual and necessary travel expenses incurred while conducting the business of the commission.

(c) The duties of the Commission for the Review of the Master Plan for Higher Education shall include, but need not be limited to, the review of relevant reports by the California Postsecondary Education Commission, the University of California, the California State University, the Board of Governors of the California Community Colleges, the Department of Finance, the Legislative Analyst, or any other reports the commission deems appropriate.

The commission shall select and designate a state administrative agency to carry out the personnel, contractual, and all other fiscal services required by the commission.

In addition, the commission shall, at a minimum, report on all of the following to the Joint Legislative Committee on the Review of the Master Plan established pursuant to Assembly Concurrent Resolution 162 of the 1983–84 Regular Session:

(1) California's postsecondary educational needs through the year 2000, with emphasis on the demography of student, societal, and employment needs in the next decade versus the projected supply of postsecondary education faculty.

(2) Basic and lower division instruction at the various postsecondary institutions, with an initial emphasis on the mission and function of the California community colleges, as specified in Senate Bill 2064 of the 1983–84 Regular Session.

(3) Strategies to promote an increase in the access and success of students, particularly those underrepresented in postsecondary education, including adult education through graduate instruction, in the following areas:

(A) Preparation and outreach: basic skills and college preparation in kindergarten through grade 12, and community college curriculum.

(B) Matriculation: admission, assessment, and advisement.

(C) Retention: remediation, academic support, and financial assistance.

(D) Articulation: transition from secondary education to postsecondary education and employment.

(E) Accountability: assurance that courses offered are consistent with the mission of various segments of postsecondary education.

(4) The appropriateness of existing educational delivery systems and their ability to serve present and future student populations.

(5) Analysis of direct and indirect expenditures for students attending California postsecondary institutions, including student financial assistance and instructional support, as to the efficient use of state resources.

The commission shall conduct public hearings designed to solicit testimony of private citizens, public interest groups, alumni organizations, or any other interested private groups and organizations, as well as professors, administrators, students, and others who are directly affected by that master plan, for the purpose of soliciting the input of these groups in the formulation of the commission's recommendations regarding the master plan.

The commission shall formulate and submit recommendations regarding the policies and content of the master plan, in addition to recommendations regarding the goals, programs, functions, funding, and interrelationships of the Master Plan for Higher Education.

(d) The commission shall develop and submit a management plan identifying the commission's specific objectives and output for review by the Joint Legislative Committee for the Review of the Master Plan for Higher Education by March 1, 1985. The management plan shall also include resource and staffing requirements and specific dates for the completion of interim and final reports to the joint committee.

(e) Not later than June 30, 1987, the Commission for the Review of the Master Plan for Higher Education shall submit a report to the Legislature and the Governor relative to its findings and recommendations regarding the master plan and the functions and interrelationships of public postsecondary education institutions.

(f) It is the intent of the Legislature that any agency receiving public funds for postsecondary education shall, upon request by the commission, provide all necessary information or assistance required by the commission.

(g) This section shall become inoperative on December 31, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. The sum of one hundred seventy-five thousand dollars ($175,000) is hereby appropriated from the General Fund to the

Controller for allocation to the Commission for the Review of the Master Plan for Higher Education for all expenses deemed necessary by the commission for the 1987–88 fiscal year.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Commission for the Review of the Master Plan for Higher Education to continue to carry out its responsibilities beyond June 30, 1987, it is necessary for this act to take effect immediately.

CHAPTER 48

An act to add Section 63.1 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 63.1 is added to the Revenue and Taxation Code, to read:

63.1. (a) Notwithstanding any other provision of this chapter, a change in ownership shall not include either of the following purchases or transfers for which a claim is filed pursuant to this section:

(1) The purchase or transfer of real property which is the principal residence of an eligible transferor in the case of a purchase or transfer between parents and their children.

(2) The purchase or transfer of the first one million dollars ($1,000,000) of full cash value of all other real property of an eligible transferor in the case of a purchase or transfer between parents and their children.

(b) (1) For purposes of paragraph (1) of subdivision (a), "principal residence" means a dwelling for which a homeowner's exemption or a disabled veteran's residence exemption has been granted in the name of the eligible transferor. "Principal residence" includes only that portion of the land underlying the principal residence which consists of an area of reasonable size which is used as a site for the residence.

(2) For purposes of paragraph (2) of subdivision (a), the one million dollar ($1,000,000) exclusion shall apply separately to each eligible transferor with respect to all purchases by and transfers to eligible transferees on and after November 6, 1986, of real property, other than the principal residence, of that eligible transferor. In the case of any purchase or transfer subject to this paragraph involving

two or more eligible transferors, the transferors may elect to combine their separate one million dollar ($1,000,000) exclusions and, upon making that election, may jointly sell or transfer property with a full cash value of not more than the combined amount of their separate exclusions.

(c) As used in this section:

(1) "Purchase or transfer between parents and their children" means either a transfer from a parent or parents to a child or children of the parent or parents or a transfer from a child or children to a parent or parents of the child or children.

(2) "Children" means any of the following:

(A) Any child born of the parent or parents, except a child, as defined in subparagraph (D), who has been adopted by another person or persons.

(B) Any stepchild of the parent or parents and the spouse of that stepchild while the relationship of stepparent and stepchild exists.

(C) Any son-in-law or daughter-in-law of the parent or parents.

(D) Any child adopted by the parent or parents pursuant to statute, other than an individual adopted after reaching the age of 18 years.

(3) "Full cash value" means full cash value, as defined in Section 2 of Article XIII A of the California Constitution and Section 110.1, with any adjustments authorized by those sections, determined as of the date immediately prior to the date of a purchase by or transfer to an eligible transferee of real property subject to this section.

(4) "Eligible transferor" means a parent or child of an eligible transferee.

(5) "Eligible transferee" means a parent or child of an eligible transferor.

(6) "Real property" means real property as defined in Section 104. Real property does not include any interest in a legal entity.

(d) The exclusions provided for in subdivision (a) shall not be allowed unless the eligible transferee files a claim with the assessor for the exclusion sought and furnishes to the assessor each of the following:

(1) A written certification by the transferee made under penalty of perjury that the transferee is a parent or child of the transferor.

(2) A copy of a written certification by the transferor, the transferor's legal representative, or the executor or administrator of the transferor's estate made under penalty of perjury that the transferor is a parent or child of the transferee. The written certification shall also include either or both of the following:

(A) If the purchase or transfer of real property includes the purchase or transfer of residential real property, a certification that the residential real property is or is not the transferor's principal residence.

(B) If the purchase or transfer of real property includes the purchase or transfer of real property other than the transferor's principal residence, a certification that other real property of the

transferor which is subject to this section has or has not been previously sold or transferred to an eligible transferee, the total amount of full cash value, as defined in subdivision (c), of any real property subject to this section that has been previously sold or transferred by that transferor to eligible transferees, the location of that real property, and the names of the eligible transferees of that property.

(C) If the full cash value of the real property purchased by or transferred to the transferee exceeds the permissible exclusion of the transferor or the combined permissible exclusion of the transferors, in the case of a purchase or transfer from two or more joint transferors, taking into account any previous purchases by or transfers to an eligible transferee of the same transferor or transferors, the transferee shall specify in his or her claim the amount and the allocation of the exclusion he or she is seeking.

The assessor shall report quarterly to the State Board of Equalization all purchases or transfers, other than purchases or transfers involving a principal residence, for which a claim for exclusion is made pursuant to this subdivision. Each report shall contain the assessor's parcel number for each parcel for which the exclusion is claimed, the amount of each exclusion claimed, the tax identification number of each eligible transferor, and any other information as the board shall require in order to monitor the one million dollar ($1,000,000) limitation in paragraph (2) of subdivision (a).

(e) This section shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree.

(f) This section shall apply to purchases and transfers of real property completed on or after November 6, 1986.

SEC. 2. It is the intent of the Legislature that the provisions of Section 63.1 of the Revenue and Taxation Code shall be liberally construed in order to carry out the intent of Proposition 58 on the November 4, 1986, general election ballot to exclude from change in ownership purchases or transfers between parents and their children described therein. Specifically, transfers of real property from a corporation, partnership, trust, or other legal entity to an eligible transferor or transferors, where the latter are the sole owner or owners of the entity or are the sole beneficial owner or owners of the property, shall be fully recognized and shall not be ignored or given less than full recognition under a substance-over-form or step-transaction doctrine, where the sole purpose of the transfer is to permit an immediate retransfer from an eligible transferor or transferors to an eligible transferee or transferees which qualifies for the exclusion from change in ownership provided by Section 63.1. Further, transfers of real property between eligible transferors and eligible transferees shall also be fully recognized when the transfers are immediately followed by a transfer from the eligible transferee or eligible transferees to a corporation, partnership, trust, or other legal entity where the transferee or transferees are the sole owner

or owners of the entity or are the sole beneficial owner or owners of the property, if the transfer between eligible transferors and eligible transferees satisfies the requirements of Section 63.1. Except as provided herein, nothing in this section shall be construed as an expression of intent on the part of the Legislature disapproving in principle the appropriate application of the substance-over-form or step-transaction doctrine.

SEC. 3. The Legislature finds that Section 1 of this act mandates a new program or higher level of service on local government by requiring periodic reports to the State Board of Equalization by county assessors with regard to all purchases or transfers of real property specified in subdivision (d) of Section 63.1 of the Revenue and Taxation Code, as added by Section 1 of this act. As required by Section 6 of Article XIII B of the California Constitution, reimbursement to local agencies and school districts for costs mandated by the state, pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the provisions of Proposition 58 which were adopted by the voters at the November 4, 1986, general election may be implemented as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 49

An act to amend Section 1789.2 of the Civil Code, relating to commercial transactions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1789.2 of the Civil Code is amended to read:

1789.2. For the purposes of this title, the following terms have the meanings expressed in this section:

(a) "Electronic commercial service" or "service" means an electronic shopping system to conduct the purchase of goods and services via a telecommunications network, but does not mean conventional voice-only telephone service, one-way television or radio broadcasting, an electronic fund transfer system, or a service

provided through an electronic terminal located at a place of business where the sale of goods or services sold through that service otherwise occurs.

(b) "Consumer" means a natural person who purchases goods or services using an electronic commercial service.

(c) "Provider of service" means a person who contracts with consumers to provide an electronic commercial service.

(d) "Goods or services" means tangible items or physical services provided to the consumer, or tickets or vouchers for such tangible items or physical services, but does not mean computerized data delivered to the consumer via a computer terminal or in printed form.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the application of the Electronic Commerce Act of 1984, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 50

An act to amend Section 11508 of the Government Code, relating to administrative hearings.

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 11508 of the Government Code is amended to read:

11508. (a) The agency shall consult the office, and subject to the availability of its staff, shall determine the time and place of hearing. The hearing shall be held in San Francisco if the transaction occurred or the respondent resides within the First or Sixth Appellate District, in the County of Los Angeles if the transaction occurred or the respondent resides within the Second or Fourth Appellate District, and in the County of Sacramento if the transaction occurred or the respondent resides within the Third or Fifth Appellate District.

(b) Notwithstanding subdivision (a):

(1) If the transaction occurred in a district other than that of respondent's residence, the agency may select the county appropriate for either district.

(2) The agency may select a different place nearer the place where the transaction occurred or the respondent resides.

(3) The parties by agreement may select any place within the state.

CHAPTER 51

An act to amend Sections 20022.05 and 21252.61 of, and to repeal Sections 20017.87, 20750.85, 22013.12, and 22310 of, the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 20017.87 of the Government Code is repealed.

SEC. 2. Section 20022.05 of the Government Code is amended to read:

20022.05. (a) Subdivision (a) of Section 20022 provides that compensation includes any special compensation for performing normally required duties such as holiday pay, bonuses (for duties performed on regular work shift), educational incentive pay, maintenance and noncash payments, out-of-class pay, marksmanship pay, hazard pay, motorcycle pay, paramedic pay, emergency medical technician pay, POST certificate pay, split shift differential and substitute differential in Sections 45196 and 88196 of the Education Code, except for those items excluded from compensation by Section 20022.2; and includes compensation for uniforms, except as provided in Section 20022.2; and subdivision (b) of Section 20022 excludes from compensation special compensation for additional services outside regular duties, such as standby pay, callback pay, court duty, allowance for automobile, bonuses for duties performed after regular work shift.

(b) Notwithstanding subdivision (a), the Department of Personnel Administration shall determine which payments and allowances that are paid by the state employer will be considered compensation for retirement purposes for any employee who either is excluded from the definition of state employee in subdivision (c) of Section 3513, or is a supervisory employee, as defined in Section 3522.1, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service.

(c) Notwithstanding subdivision (a), the Trustees of the California State University shall determine which payments and allowances that are paid by the trustees will be considered compensation for retirement purposes for any managerial employee as defined in subdivision (*l*) of Section 3562, or supervisory employee as defined in Section 3580.3.

(d) Notwithstanding any other provision of this part, all special compensation, as special compensation is defined in Section 20022, heretofore reported or not reported is hereby ratified, confirmed, and validated.

(e) Any statutory reference to Section 20022 shall also be a reference to this section.

SEC. 3. Section 20750.85 of the Government Code is repealed.

SEC. 4. Section 21252.61 of the Government Code is amended to read:

21252.61. The combined prior and current service pension for local safety members with respect to service to a contracting agency subject to this section, upon retirement after attaining 56 years of age, is a pension derived from contributions of an employer sufficient, when added to that portion of the service retirement annuity which is derived from the accumulated normal contributions of the member at the date of his or her retirement, to equal one-fiftieth of his or her final compensation set forth opposite his or her age at retirement taken to the preceding completed quarter year in the following table, multiplied by the number of years of service credited to him or her as a local safety member subject to this section at retirement.

Upon retirement for service prior to attaining 56 years of age, the percentage of final compensation payable for each year of credited service which is subject to this section shall be the product of 2 percent multiplied by the factor set forth in the following table for the actual age at retirement:

If retirement occurs at age:	The percent for each year of credited service is:
50	.8565
50¼	.8650
50½	.8740
50¾	.8830
51	.8920
51¼	.9020
51½	.9120
51¾	.9222
52	.9330
52¼	.9410
52½	.9490
52¾	.9570

53	.9650
53¼	.9675
53½	.9700
53¾	.9725
54	.9750
54¼	.9810
54½	.9870
54¾	.9935
55	1.0000
55¼	1.0435
55½	1.0870
55¾	1.1310
56	1.1750

This section shall apply only to local policemen and county peace officers who are local safety members.

This section shall not apply to persons whose effective date of retirement is prior to the operative date of this section.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation which does not exceed four hundred dollars ($400) per month for service after the effective date of coverage of a member under the federal system. This paragraph shall not apply to a member who retires after the date upon which coverage under the federal system of persons in his or her employment terminates.

In no event shall the total pension for all service under this section exceed an amount which, when added to the service retirement annuity related to the service, equals 75 percent of final compensation. If the pension relates to service for more than one

employer and would otherwise exceed the maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to the employer bears to the total allowance computed as though there were no limit, so that the total of the pensions shall equal the maximum.

This section shall only apply as an optional contributory retirement formula for Public Employees' Retirement System local safety groups whose group participated in Federal Old Age and Survivors' Insurance provisions of the Social Security Act on April 1983.

This section shall not apply to a contracting agency nor its employees unless and until the agency and the representative employee organization agree by memorandum of understanding to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts. It shall also be required that the representative employee organizations agree to be subject to this provision.

The operative date of this section with respect to a local safety member shall be the effective date of the amendment to the employer's contract electing to be subject to this section.

SEC. 5. Section 22013.12 of the Government Code is repealed.

SEC. 6. Section 22310 of the Government Code is repealed.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that statutory inconsistencies regarding the definition of "compensation" for purposes of certain members of the Public Employees' Retirement System which arose out of inadvertent noncoordination of different bills which were chaptered in 1985 may be rectified at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 52

An act to add Article 17 (commencing with Section 25877) to Chapter 7.6 of Division 20 of the Health and Safety Code, relating to radioactive waste.

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Article 17 (commencing with Section 25877) is added to Chapter 7.6 of Division 20 of the Health and Safety Code, to read:

Article 17. Southwestern Low-Level Radioactive Waste Disposal Compact

25877. The Legislature of the State of California hereby enacts and ratifies the agreement set forth in Section 25878 and designated as the "Southwestern Low-Level Radioactive Waste Disposal Compact," which is entered into pursuant to the Low-Level Radioactive Waste Policy Act, as amended by the Low-Level Radioactive Waste Policy Amendments Act of 1985 (42 U.S.C. Sec. 2021b to 2021j, incl.). This compact shall become effective in accordance with Article 7 of the compact as set forth in Section 25878.

25878. The provisions of the Southwestern Low-Level Radioactive Waste Disposal Compact are as follows:

Article 1. Compact Policy and Formation

The party states hereby find and declare all of the following:

(A) The United States Congress, by enacting the Low-Level Radioactive Waste Policy Act, Public Law 96-573, as amended by the Low-Level Radioactive Waste Policy Amendments Act of 1985 (42 U.S.C. Sec. 2021b to 2021j, incl.), has encouraged the use of interstate compacts to provide for the establishment and operation of facilities for regional management of low-level radioactive waste.

(B) It is the purpose of this compact to provide the means for such a cooperative effort between or among party states to protect the citizens of the states and the states' environments.

(C) It is the policy of party states to this compact to encourage the reduction of the volume of low-level radioactive waste requiring disposal within the compact region.

(D) It is the policy of the party states that the protection of the health and safety of their citizens and the most ecological and economical management of low-level radioactive wastes can be accomplished through cooperation of the states by minimizing the amount of handling and transportation required to dispose of these wastes and by providing facilities that serve the compact region.

(E) Each party state, if an agreement state pursuant to Section 2021 of Title 42 of the United States Code, or the Nuclear Regulatory Commission if not an agreement state, is responsible for the primary regulation of radioactive materials within its jurisdiction.

Article 2. Definitions

As used in this compact, unless the context clearly indicates otherwise, the following definitions apply:

(A) "Commission" means the Southwestern Low-Level Radioactive Waste Commission established in Article 3 of this compact.

(B) "Compact region" or "region" means the combined geographical area within the boundaries of the party states.

(C) "Disposal" means the permanent isolation of low-level radioactive waste pursuant to requirements established by the Nuclear Regulatory Commission and the Environmental Protection Agency under applicable laws, or by a party state if that state hosts a disposal facility.

(D) "Generate," when used in relation to low-level radioactive waste, means to produce low-level radioactive waste.

(E) "Generator" means a person whose activity, excluding the management of low-level radioactive waste, results in the production of low-level radioactive waste.

(F) "Host county" means a county, or other similar political subdivision of a party state, in which a regional disposal facility is located or being developed.

(G) "Host state" means a party state in which a regional disposal facility is located or being developed. The State of California is the host state under this compact for the first 30 years from the date the California regional disposal facility commences operations.

(H) "Institutional control period" means that period of time in which the facility license is transferred to the disposal site owner in compliance with the appropriate regulations for long-term observation and maintenance following the postclosure period.

(I) "Low-level radioactive waste" means regulated radioactive material that meets all of the following requirements:

(1) The waste is not high-level radioactive waste, spent nuclear fuel, or byproduct material (as defined in Section 11e(2) of the Atomic Energy Act of 1954 (42 U.S.C. Sec. 2014(e)(2))).

(2) The waste is not uranium mining or mill tailings.

(3) The waste is not any waste for which the federal government is responsible pursuant to subdivision (b) of Section 3 of the Low-Level Radioactive Waste Policy Amendments Act of 1985 (42 U.S.C. Sec. 2021c(b)).

(4) The waste is not an alpha emitting transuranic nuclide with a half-life greater than five years and with a concentration greater than 100 nanocuries per gram, or Plutonium-241 with a concentration greater than 3,500 nanocuries per gram, or Curium-242 with a concentration greater than 20,000 nanocuries per gram.

(J) "Management" means collection, consolidation, storage, packaging, or treatment.

(K) "Major generator state" means a party state which generates 10 percent of the total amount of low-level radioactive waste produced within the compact region and disposed of at the regional disposal facility.

If no party state other than California generates at least 10 percent of the total amount, "major generator state" means the party state which is second to California in the amount of waste produced within the compact region and disposed of at the regional disposal facility.

(L) "Operator" means a person who operates a regional disposal facility.

(M) "Party state" means any state that has become a party in accordance with Article 7 of this compact.

(N) "Person" means an individual, corporation, partnership, or other legal entity, whether public or private.

(O) "Postclosure period" means that period of time after completion of closure of a disposal facility during which the licensee shall observe, monitor, and carry out necessary maintenance and repairs at the disposal facility to assure that the disposal facility will remain stable and will not need ongoing active maintenance. This period ends with the beginning of the institutional control period.

(P) "Regional disposal facility" means a nonfederal low-level radioactive waste disposal facility established and operated under this compact.

(Q) "Site closure and stabilization" means the activities of the disposal facility operator taken at the end of the disposal facility's operating life to assure the continued protection of the public from any residual radioactivity or other potential hazards present at the disposal facility.

(R) "Transporter" means a person who transports low-level radioactive waste.

(S) "Uranium mine and mill tailings" means waste resulting from mining and processing of ores containing uranium.

Article 3. The Commission

(A) There is hereby established the Southwestern Low-Level Radioactive Waste Commission.

(1) The commission shall consist of one voting member from each party state to be appointed by the Governor, confirmed by the Senate of that party state, and to serve at the pleasure of the Governor of each party state, and one voting member from the host county. The appointing authority of each party state shall notify the commission in writing of the identity of the member and of any alternates. An alternate may act in the member's absence.

(2) The host state shall also appoint that number of additional voting members of the commission which is necessary for the host state's members to compose at least 51 percent of the membership on the commission. The host state's additional members shall be appointed by the host state Governor and confirmed by the host state Senate.

If there is more than one host state, only the state in which is located the regional disposal facility actively accepting low-level radioactive waste pursuant to this compact may appoint these additional members.

(3) If the host county has not been selected at the time the commission is appointed, the Governor of the host state shall appoint an interim local government member, who shall be an elected representative of a local government. After a host county is selected, the interim local government member shall resign and the Governor

shall appoint the host county member pursuant to paragraph (4).

(4) The Governor shall appoint the host county member from a list of at least seven candidates compiled by the board of supervisors of the host county.

(5) In recommending and appointing the host county member pursuant to paragraph (4), the board of supervisors and the Governor shall give first consideration to recommending and appointing the member of the board of supervisors in whose district the regional disposal facility is located or being developed. If the board of supervisors of the host county does not provide a list to the Governor of at least seven candidates from which to choose, the Governor shall appoint a resident of the host county as the host county member.

(6) The host county member is subject to confirmation by the Senate of that party state and shall serve at the pleasure of the Governor of the host state.

(B) The commission is a legal entity separate and distinct from the party states and shall be so liable for its actions. Members of the commission shall not be personally liable for actions taken in their official capacity. The liabilities of the commission shall not be deemed liabilities of the party states.

(C) The commission shall conduct its business affairs pursuant to the laws of the host state and disputes arising out of commission action shall be governed by the laws of the host state. The commission shall be located in the capital city of the host state in which the regional disposal facility is located.

(D) The commission's records shall be subject to the host state's public records law, and the meetings of the commission shall be open and public in accordance with the host state's open meeting law.

(E) The commission members are public officials of the appointing state and shall be subject to the conflict of interest laws, as well as any other law, of the appointing state. The commission members shall be compensated according to the appointing state's law.

(F) Each commission member is entitled to one vote. A majority of the commission constitutes a quorum. Unless otherwise provided in this compact, a majority of the total number of votes on the commission is necessary for the commission to take any action.

(G) The commission has all of the following duties and authority:

(1) The commission shall do, pursuant to the authority granted by this compact, whatever is reasonably necessary to ensure that low-level radioactive wastes are safely disposed of and managed within the region.

(2) The commission shall meet at least once a year and otherwise as business requires.

(3) The commission shall establish a compact surcharge to be imposed upon party state generators. The surcharge shall be based upon the cubic feet of low-level radioactive waste and the radioactivity of the low-level radioactive waste and shall be collected

by the operator of the disposal facility.

The host state shall set, and the commission shall impose, the surcharge after congressional approval of the compact. The amount of the surcharge shall be sufficient to establish and maintain at a reasonable level funds for all of the following purposes:

(a) The activities of the commission and commission staff.

(b) At the discretion of the host state, a third-party liability fund to provide compensation for injury to persons or property during the operational, closure, stabilization, and postclosure and institutional control periods of the regional disposal facility. This subparagraph does not limit the responsibility or liability of the operator, who shall comply with any federal or host state statutes or regulations regarding third-party liability claims.

(c) A local government reimbursement fund, for the purpose of reimbursing the local government entity or entities hosting the regional disposal facility for any costs or increased burdens on the local governmental entity for services, including, but not limited to, general fund expenses, the improvement and maintenance of roads and bridges, fire protection, law enforcement, monitoring by local health officials, and emergency preparation and response related to the hosting of the regional disposal facility.

(4) The surcharges imposed by the commission for purposes of subparagraphs (b) and (c) of paragraph (3) and surcharges pursuant to paragraph (3) of subdivision (E) of Article 4 shall be transmitted on a monthly basis to the host state for distribution to the proper accounts.

(5) The commission shall establish a fiscal year which conforms to the fiscal years of the party states to the extent possible.

(6) The commission shall keep an accurate account of all receipts and disbursements. An annual audit of the books of the commission shall be conducted by an independent certified public accountant, and the audit report shall be made a part of the annual report of the commission.

(7) The commission shall prepare and include in the annual report a budget showing anticipated receipts and disbursements for the subsequent fiscal year.

(8) The commission may accept any grants, equipment, supplies, materials, or services, conditional or otherwise, from the federal or state government. The nature, amount and condition, if any, of any donation, grant, or other resources accepted pursuant to this paragraph and the identity of the donor or grantor shall be detailed in the annual report of the commission.

However, the host state shall receive, for the uses specified in subparagraph (E) of paragraph (2) of subsection (d) of Section 2021e of Title 42 of the United States Code, any payments paid from the special escrow account for which the Secretary of Energy is trustee pursuant to subparagraph (A) of paragraph (2) of subsection (d) of Section 2021 (e) of Title 42 of the United States Code.

(9) The commission shall submit communications to the

governors and to the presiding officers of the legislatures of the party states regarding the activities of the commission, including an annual report to be submitted on or before January 15 of each year. The commission shall include in the annual report a review of, and recommendations for, low-level radioactive waste disposal methods which are alternative technologies to the shallow land burial of low-level radioactive waste.

(10) The commission shall assemble and make available to the party states, and to the public, information concerning low-level radioactive waste management needs, technologies, and problems.

(11) The commission shall keep a current inventory of all generators within the region, based upon information provided by the party states.

(12) The commission shall keep a current inventory of all regional disposal facilities, including information on the size, capacity, location, specific low-level radioactive wastes capable of being managed, and the projected useful life of each regional disposal facility.

(13) The commission may establish advisory committees for the purpose of advising the commission on the disposal and management of low-level radioactive waste.

(14) The commission may enter into contracts to carry out its duties and authority, subject to projected resources. No contract made by the commission shall bind a party state.

(15) The commission shall prepare contingency plans, with the cooperation and approval of the host state, for the disposal and management of low-level radioactive waste in the event that any regional disposal facility should be closed.

(16) The commission may sue and be sued and, when authorized by a majority vote of the members, may seek to intervene in an administrative or judicial proceeding related to this compact.

(17) The commission shall be managed by an appropriate staff, including an executive director. Notwithstanding any other provision of law, the commission may hire or retain, or both, legal counsel.

(18) The commission may, subject to applicable federal and state laws, recommend to the appropriate host state authority suitable land and rail transportation routes for low-level radioactive waste carriers.

(19) The commission may enter into an agreement to import low-level radioactive waste into the region only if both of the following requirements are met:

(a) The commission approves the importation agreement by a two-thirds vote of the commission.

(b) The commission and the host state assess the affected regional disposal facilities' capability to handle imported low-level radioactive wastes and any relevant environmental or economic factors, as defined by the host state's appropriate regulatory authorities.

(20) The commission may, upon petition, allow an individual

generator, a group of generators, or the host state of the compact, to export low-level radioactive wastes to a low-level radioactive waste disposal facility located outside the region. The commission may approve the petition only by a two-thirds vote of the commission. The permission to export low-level radioactive wastes shall be effective for that period of time and for the amount of low-level radioactive waste, and subject to any other term or condition, which may be determined by the commission.

(21) The commission may approve, only by a two-thirds vote of the commission, the exportation outside the region of material, which otherwise meets the criteria of low-level radioactive waste, if the sole purpose of the exportation is to process the material for recycling.

(22) The commission shall, not later than 10 years before the closure of the initial or subsequent regional disposal facility, prepare a plan for the establishment of the next regional disposal facility.

Article 4. Rights, Responsibilities, and Obligations of Party States

(A) There shall be regional disposal facilities sufficient to dispose of the low-level radioactive waste generated within the region.

(B) Low-level radioactive waste generated within the region shall be disposed of at regional disposal facilities and each party state shall have access to any regional disposal facility without discrimination.

(C) (1) Upon the effective date of this compact, the State of California shall serve as the host state and shall comply with the requirements of subdivision (E) for at least 30 years from the date the regional disposal facility begins to accept low-level radioactive waste for disposal. The extension of the obligation and duration shall be at the option of the State of California.

If the State of California does not extend this obligation, the party state, other than the State of California, which is the largest major generator state shall then serve as the host state for the second regional disposal facility.

The obligation of a host state which hosts the second regional disposal facility shall also run for 30 years from the date the second regional disposal facility begins operations.

(2) The host state may close its regional disposal facility when necessary for public health or safety.

(D) The party states of this compact cannot be members of another regional low-level radioactive waste compact entered into pursuant to the Low-Level Radioactive Waste Policy Act, as amended by the Low-Level Radioactive Waste Policy Amendments Act of 1985 (42 U.S.C. Secs. 2021b to 2021j, incl.).

(E) A host state shall do all of the following:

(1) Cause a regional disposal facility to be developed on a timely basis.

(2) Ensure by law, consistent with any applicable federal laws, the

protection and preservation of public health and safety in the siting, design, development, licensing, regulation, operation, closure, decommissioning, and long-term care of the regional disposal facilities within the state.

(3) Ensure that charges for disposal of low-level radioactive waste at the regional disposal facility are reasonably sufficient to do all of the following:

(a) Ensure the safe disposal of low-level radioactive waste and long-term care of the regional disposal facility.

(b) Pay for the cost of inspection, enforcement, and surveillance activities at the regional disposal facility.

(c) Assure that charges are assessed without discrimination as to the party state of origin.

(4) Submit an annual report to the commission on the status of the regional disposal facility including projections of the facility's anticipated future capacity.

(5) The host state and the operator shall notify the commission immediately upon the ocurrence of any event which could cause a possible temporary or permanent closure of a regional disposal facility.

(F) Each party state is subject to the following duties and authority:

(1) To the extent authorized by federal law, each party state shall develop and enforce procedures requiring low-level radioactive waste shipments originating within its borders and destined for a regional disposal facility to conform to packaging and transportation requirements and regulations. These procedures shall include, but are not limited to, all of the following requirements:

(a) Periodic inspections of packaging and shipping practices.

(b) Periodic inspections of low-level radioactive waste containers while in the custody of transporters.

(c) Appropriate enforcement actions with respect to violations.

(2) A party state may impose a surcharge on the low-level radioactive waste generators within the state to pay for activities required by paragraph (1).

(3) To the extent authorized by federal law, each party state shall, after receiving notification from a host state that a person in a party state has violated packaging, shipping, or transportation requirements or regulations, take appropriate actions to ensure that these violations do not continue. Appropriate actions may include, but are not limited to, requiring that a bond be posted by the violator to pay the cost of repackaging at the regional disposal facility and prohibit future shipments to the regional disposal facility.

(4) Each party state shall maintain a registry of all generators within the state that may have low-level radioactive waste to be disposed of at a regional disposal facility, including, but not limited to, the amount of low-level radioactive waste and the class of low-level radioactive waste generated by each generator.

(5) Each party state shall encourage generators within its borders

to minimize the volume of low-level radioactive waste requiring disposal.

(6) Each party state may rely on the good faith performance of the other party states to perform those acts which are required by this compact to provide regional disposal facilities, including the use of the regional disposal facilities in a manner consistent with this compact.

(7) Each party state shall provide the commission with any data and information necessary for the implementation of the commission's responsibilities, including taking those actions necessary to obtain this data or information.

(8) Each party state shall agree that only low-level radioactive waste generated within the jurisdiction of the party states shall be disposed of in the regional disposal facility, except as provided in paragraph (19) of subdivision (G) of Article 3.

(9) Each party state shall agree that if there is any injury to persons on property resulting from the operation of a regional disposal facility, the damages resulting from the injury may be paid from the third-party liability fund pursuant to subparagraph (b) of paragraph (3) of subdivision (G) of Article 3, only to the extent that the damages exceed the limits of liability insurance carried by the operator. No party state, by joining this compact, assumes any liability resulting from the siting, operation, maintenance, long-term care, or other activity relating to a regional facility, and no party state shall be liable for any harm or damage resulting from a regional facility not located within the state.

Article 5. Approval of Regional Facilities

A regional disposal facility shall be approved by the host state in accordance with its laws. This compact does not confer any authority on the commission regarding the siting, design, development, licensure, or other regulation, or the operation, closure, decommissioning, or long-term care of, any regional disposal facility within a party state.

Article 6. Prohibited Acts and Penalties

(A) No person shall dispose of low-level radioactive waste within the region unless the disposal is at a regional disposal facility, except as otherwise provided in paragraphs (20) and (21) of subdivision (G) of Article 3.

(B) No person shall dispose of or manage any low-level radioactive waste within the region unless the low-level radioactive waste was generated within the region, except as provided in paragraphs (19), (20), and (21) of subdivision (G) of Article 3.

(C) Violations of this section shall be reported to the appropriate law enforcement agency within the party state's jurisdiction.

(D) Violations of this section may result in prohibiting the violator

from disposing of low-level radioactive waste in the regional disposal facility, as determined by the commission or the host state.

Article 7. Eligibility, Entry into Effect, Congressional Consent, Withdrawal, Exclusion

(A) The States of Arizona, North Dakota, South Dakota, and California are eligible to become parties to this compact. Any other state may be made eligible by a majority vote of the commission and ratification by the legislatures of all of the party states by statute, and upon compliance with those terms and conditions for eligibility which the host state may establish. The host state may establish all terms and conditions for the entry of any state, other than the states named in this subparagraph, as a member of this compact.

(B) Upon compliance with the other provisions of this compact, an eligible state may become a party state by legislative enactment of this compact or by executive order of the governor of the state adopting this compact. A state becoming a party state by executive order shall cease to be a party state upon adjournment of the first general session of its legislature convened after the executive order is issued, unless before the adjournment the legislature enacts this compact.

(C) A party state, other than the host state, may withdraw from the compact by repealing the enactment of this compact, but this withdrawal shall not become effective until two years after the effective date of the repealing legislation. If a party state which is a major generator of low-level radioactive waste voluntarily withdraws from the compact pursuant to this subdivision, that state shall make arrangements for the disposal of the other party states' low-level radioactive waste for a time period equal the period of time it was a member of this compact.

If the host state withdraws from the compact, the withdrawal shall not become effective until five years after the effective date of the repealing legislation.

(D) A party state may be excluded from this compact by a two-thirds vote of the commission members, acting in a meeting, if the state to be excluded has failed to carry out any obligations required by compact.

(E) This compact shall take effect upon the enactment by statute by the legislatures of the State of California and at least one other eligible state and upon the consent of Congress and shall remain in effect until otherwise provided by federal law. This compact is subject to review by Congress and the withdrawal of the consent of Congress every five years after its effective date, pursuant to federal law.

Article 8. Construction and Severability

(A) The provisions of this compact shall be broadly construed to carry out the purposes of the compact, but the sovereign powers of a party state shall not be infringed unnecessarily.

(B) This compact does not affect any judicial proceeding pending on the effective date of this compact.

(C) If any provision of this compact or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the compact which can be given effect without the invalid provision or application, and to this end the provisions of this compact are severable.

(D) Nothing in this compact diminishes or otherwise impairs the jurisdiction, authority, or discretion of either of the following:

(1) The Nuclear Regulatory Commission pursuant to the Atomic Energy Act of 1954, as amended (42 U.S.C. Sec. 2011 et seq.).

(2) An agreement state under Section 274 of the Atomic Energy Act of 1954, as amended (42 U.S.C. Sec. 2021).

(E) Nothing in this compact confers any new authority on the states or commission to do any of the following:

(1) Regulate the packaging or transportation of low-level radioactive waste in a manner inconsistent with the regulations of the Nuclear Regulatory Commission or the United States Department of Transportation.

(2) Regulate health, safety, or environmental hazards from source, byproduct, or special nuclear material.

(3) Inspect the activities of licensees of the agreement states or of the Nuclear Regulatory Commission.

25878.1. Notwithstanding Section 25878, authority for on-highway routing and enforcement relating to low-level radioactive waste shall, pursuant to other provisions of law, remain with the Department of the California Highway Patrol for low-level radioactive waste generated from, and shipments into, California.

25878.2. Notwithstanding Section 25878, authority for rail transportation routing and enforcement relating to low-level radioactive waste shall remain with the Public Utilities Commission pursuant to the Public Utilities Act (Part 1 (commencing with Section 201) of Division 1 of the Public Utilities Code) for low-level radioactive waste generated from, and shipped into, California.

25878.3. The department shall adopt regulations specifying the modes of transportation which are most protective of public health and the environment which shall be used by generators to transport low-level radioactive waste within the state.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 53

An act to amend Sections 1143, 1144, and 1144.5 of the Probate Code, relating to public administrators, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1143 of the Probate Code is amended to read:

1143. (a) Except as provided in subdivision (b), when a public administrator takes possession of the estate of a decedent as provided in this chapter, and it appears that the estate of the decedent meets the valuation criteria specified in Section 13100, the public administrator may apply to the superior court of his or her county or a judge thereof for an order permitting the public administrator summarily to sell any personal and real property belonging to the decedent, and to withdraw any money of the decedent on deposit with any bank, and to collect any indebtedness or claim that may be owing to the decedent. The money received from such a sale or collection shall be used to pay the statutorily permitted expenses of, and commissions to, the public administrator and to the attorney, if any, and to defray the expenses of the disposition of the decedent's remains and the expenses of the decedent's last illness. The balance, if any, shall be used to pay other claims presented to the public administrator within four months of the above order pursuant to Section 950 and there shall be no administration upon the estate unless additional property is discovered. No notice of the application need be given. The application may be filed whether or not there is a will of the decedent in existence, if the executor named therein refuses to act, or if the will does not appoint an executor.

(b) When a public administrator takes possession of the estate of a decedent as provided in this chapter, and it appears that the total value of the estate of the decedent does not exceed ten thousand dollars ($10,000), the public administrator may, instead of applying to the superior court or judge thereof for an order as provided in subdivision (a), collect all assets belonging to the decedent on the public administrator's statement, apply the money or the proceeds from the sale of any personal or real property towards the expense of the disposition of the decedent's remains, pay other proper claims presented within four months after the public administrator takes possession of the estate pursuant to Section 950, and pay over the remaining funds to the heirs or legatees, or if none, deposit the

balance with the county treasurer for use in the general fund after one year of deposit. Heirs, devisees, or beneficiaries of the decedent can claim funds on deposit with the county treasurer if the claim is made within one year from their deposit with the county treasurer.

(c) The commissions payable to the public administrator pursuant to this section and the attorney, if any, for the public administrator for the filing of the application provided for in subdivision (a) or the public administrator's statement specified in subdivision (b), and for the performance of any duty or service connected therewith, are those set forth in Sections 901, 902, and 910, except that, in all cases administered pursuant to this section, the public administrator shall be entitled to a minimum commission of three hundred fifty dollars ($350).

(d) This section does not preclude the public administrator or the attorney, if any, from filing any petitions with the court pursuant to other sections of this code when the petition is necessary to the proper administration of the small estate.

SEC. 2. Section 1144 of the Probate Code is amended to read:

1144. The fee to be allowed to the clerk of the court for the filing of the application provided for in subdivision (a) of Section 1143 shall be set by the court. The minimum commission of the public administrator and the fee for the attorney, if any, for the filing of the application, or the public administrator's statement and the performance of any duty or service connected therewith shall be 10 percent of the first three thousand five hundred dollars ($3,500) and, then as provided in Sections 901, 902, and 910 for the statutory and extraordinary services of an administrator and attorney. Sales of personal property may be made, with or without notice, as the public administrator may elect, and title to the property sold shall pass without the need of confirmation by the court. Sales of real property shall be made pursuant to Article 3 (commencing with Section 780) of Chapter 13 or pursuant to Article 2 (commencing with Section 591) of Chapter 8. Real property shall transfer with the public administrator's deed.

The public administrator, pursuant to subdivision (a) of Section 1143, shall file with the clerk of the court a statement showing the property of the decedent that came into possession of the public administrator and the disposition made thereof, if any, together with receipts for any disposition made of this property or its proceeds. Any money or other property of a decedent remaining in the possession of the public administrator shall be delivered to the devisees or beneficiaries under the decedent's last will, or to the heirs in the absence of a will, and, if none, to the State of California after deduction of all commissions and additional compensation awarded to the public administrator and the attorney, if any, by the court.

Upon rendition of a court order distributing money or other property to the State of California under subdivision (a) of Section 1143, the public administrator shall immediately transmit to the Treasurer or Controller all money or other property distributed to

the State of California, subject to Article 1 (commencing with Section 1440) of Chapter 6 of Title 10 of Part 3 of the Code of Civil Procedure.

SEC. 3. Section 1144.5 of the Probate Code is amended to read:

1144.5. When a public administrator has taken charge of the estate of a decedent as provided in Section 1140, costs incurred by him or her for the protection of the estate, together with a reasonable fee for his or her services shall be a proper and legal charge as an expense of administration of the estate of the decedent, in case of the subsequent appointment of another person as executor or administrator of the estate.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to be given maximum implementation, it is necessary that it take effect at the earliest possible time.

CHAPTER 54

An act to amend Section 35805 of the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 35805 of the Health and Safety Code is amended to read:

35805. As used in this part:

(a) "Agency" means the Business, Transportation and Housing Agency.

(b) "Fair market value" means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. The use of this definition of fair market value by a financial institution in an appraisal made at any time on or after July 1, 1986, does not violate the provisions of this part.

(c) "Financial institution" includes any bank, savings and loan association, or other institution in this state, including a public agency, that regularly makes, arranges, or purchases loans for the purchase, construction, rehabilitation, improvement, or refinancing of housing accommodations.

(d) "Housing accommodation" includes any improved or

unimproved real property, or portion thereof, that (1) is used or is intended to be used as a residence, and (2) is or will be occupied by the owner, and (3) contains not more than four dwelling units. "Housing accommodation" shall also include any residential dwelling containing not more than four dwelling units where the owner thereof, whether or not the owner will occupy the property, applies or has applied for a secured home improvement loan from a financial institution, the proceeds of which loan will be used to improve the security property.

(e) "Secretary" means the Secretary of the Business, Transportation and Housing Agency.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that Section 35805 of the Health and Safety Code is not interpreted to be in conflict with standards promulgated by the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation, it is necessary that this legislation take effect immediately.

CHAPTER 55

An act to amend Section 798.56 of the Civil Code, relating to mobilehomes.

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.56 of the Civil Code is amended to read:

798.56. A tenancy shall be terminated by the management only for one or more of the following reasons:

(a) Failure of the homeowner or resident to comply with a local ordinance or state law or regulation relating to mobilehomes within a reasonable time after the homeowner receives a notice of noncompliance from the appropriate governmental agency.

(b) Conduct by the homeowner or resident, upon the park premises, which constitutes a substantial annoyance to other homeowners or residents.

(c) Failure of the homeowner or resident to comply with a reasonable rule or regulation of the park as set forth in the rental agreement or any amendment thereto.

No act or omission of the homeowner or resident shall constitute such a failure to comply unless and until the management has given the homeowner written notice of the alleged rule or regulation violation and the homeowner or resident has failed to adhere to the

rule or regulation within seven days. However, if a homeowner has been given a written notice of an alleged violation of the same rule or regulation on three or more occasions within a 12-month period after the homeowner or resident has violated that rule or regulation, no written notice shall be required for a subsequent violation of the same rule or regulation.

Nothing in this subdivision shall relieve the management from its obligation to demonstrate that a rule or regulation has in fact been violated.

(d) Nonpayment of rent, utility charges, or reasonable incidental service charges; provided, that the homeowner shall be given a three-day written notice to pay the amount due or to vacate the tenancy. The three-day written notice shall be given to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure. The notice may be given at the same time as the 60 days' notice required for termination of the tenancy. Payment by the homeowner prior to the expiration of the three-day notice period, or payment by the legal owner, as defined in Section 18005.8 of the Health and Safety Code, any junior lienholder, as defined in Section 18005.3 of the Health and Safety Code, or the registered owner, as defined in Section 18009.5 of the Health and Safety Code, if other than the homeowner, on behalf of the homeowner prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner, each junior lienholder, and the registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to that payment. The homeowner shall remain liable for all payments due up until the time the tenancy is vacated. Cure of a default of rent, utility charges, or reasonable incidental service charges by the legal owner, any junior lienholder, or the registered owner, if other than the homeowner, as provided by this subdivision, may not be exercised more than twice during a 12-month period.

(e) Condemnation of the park.

(f) Change of use of the park or any portion thereof, provided:

(1) The management gives the homeowners at least 15 days' written notice that the management will be appearing before a local governmental board, commission, or body to request permits for a change of use of the mobilehome park.

(2) After all required permits requesting a change of use have been approved by the local governmental board, commission, or body, the management shall give the homeowners six months' or more written notice of termination of tenancy.

If the change of use requires no local governmental permits, then notice shall be given 12 months or more prior to the management's determination that a change of use will occur. The management in the notice shall disclose and describe in detail the nature of the change of use.

(3) The management gives each proposed homeowner written notice thereof prior to the inception of his or her tenancy that the

management is requesting a change of use before local governmental bodies or that a change of use request has been granted.

(4) The notice requirements for termination of tenancy set forth in Sections 798.56 and 798.57 shall be followed if the proposed change actually occurs.

(5) A notice of a proposed change of use given prior to January 1, 1980, which conforms to the requirements in effect at that time shall be valid. The requirements for a notice of a proposed change of use imposed by this subdivision shall be governed by the law in effect at the time the notice was given.

CHAPTER 56

An act to amend Sections 471.5, 2878, 4980.40, 6092, 8624, 9943, 9989, 10249.2, 10515, 11000.1, 16770, and 18653 of, and to amend and renumber Sections 6086.8 and 19596.10 of, the Business and Professions Code, to amend Sections 1921, 2375, and 3054 of, and to amend and renumber the heading of Title 1.1 (commencing with Section 1738) and the heading of Title 1.1A (commencing with Section 1739) of, and to repeal Title 1 (commencing with Section 1725) of, Part 4 of Division 3 of, the Civil Code, to amend Section 1991 of, to amend and renumber Section 1855b of, and to repeal the heading immediately following the heading of Part 4 (commencing with Section 1855b) and immediately preceding the heading of Title 1 (commencing with Section 1855b) of Part 4 of, the Code of Civil Procedure, to amend Section 8302 of the Commercial Code, to amend Sections 17742.7, 19423, 35239, 51260, and 67300 of, to amend and renumber Sections 8480, 8481, 8482, 8483, 8485, 8486, 8490, 8491, and 8492 of, to amend and renumber the headings of Articles 4 (commencing with Section 54700), 6 (commencing with Section 54720), and 6 (commencing with Section 54750) of Chapter 9 of Part 29 of, and to repeal Section 78201.7 of, the Education Code, to amend Section 607 of, and to repeal the heading of Chapter 1 (commencing with Section 23500) of Part 3 of Division 14 of, the Elections Code, to amend Section 18357 of, and to repeal Article 10 (commencing with Section 7700) of, and to add Article 11 (commencing with Section 7710) to, Chapter 6 of Division 2 of, the Financial Code, to amend Sections 12113, 12648, 12999.5, 18203, 29145.5, and 73119 of the Food and Agricultural Code, to amend Sections 1322, 8250.1, 11290, 11554, 14038, 14998.15, 16367.7, 19879.1, 20126, 53651.2, 61780, 68081, 69950, 73485, 75030.5, and 75060 of, to amend the heading of Article 8 (commencing with Section 12085) of Chapter 1 of Part 2 of Division 3 of Title 2 of, to amend the heading of Chapter 2.5 (commencing with Section 68701) of Title 8 of, to amend and renumber Sections 1091.1, 8256, 8876, 8877, 8878, 8879, 8879.5, 15365, 15366, 15373, 16650, 19064, 19065, 20017.12, 53590, 53730, 61765.11, and 69906 of, to amend

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 471.5 of the Business and Professions Code is amended to read:

471.5. Each program funded pursuant to this chapter shall annually provide the county with statistical data regarding its operating budget; the number of referrals, categories, or types of cases referred to the program; the number of persons served by the program; the number of disputes resolved; the nature of the disputes resolved; rates of compliance; the number of persons utilizing the process more than once; the duration of and the estimated costs of the hearings conducted by the programs; and any other information that the county may require. The data shall maintain the confidentiality and anonymity of the persons employing the dispute resolution process.

SEC. 2. Section 2878 of the Business and Professions Code is amended to read:

2878. The board may suspend or revoke a license issued under this chapter for any of the following:

(a) Unprofessional conduct, which includes, but is not limited to, the following:

(1) Incompetence, or gross negligence in carrying out usual nursing functions.

(2) A conviction of practicing medicine without a license in violation of Chapter 5 (commencing with Section 2000), in which event the record of conviction shall be conclusive evidence of the conviction.

(3) The use of advertising relating to nursing which violates Section 17500.

(b) Procuring a certificate by fraud, misrepresentation, or mistake.

(c) Procuring, or aiding, or abetting, or attempting, or agreeing, or offering to procure or assist at a criminal abortion.

(d) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violating of, or conspiring to violate any provision or term of this chapter.

(e) Making or giving any false statement or information in connection with the application for issuance of a license.

(f) Conviction of a crime substantially related to the qualifications, functions, and duties of a licensed vocational nurse, in which event the record of the conviction shall be conclusive evidence of the conviction.

(g) Impersonating any applicant or acting as proxy for an applicant in any examination required under this chapter for the issuance of a license.

(h) Impersonating another licensed vocational nurse or a registered nurse, or permitting or allowing another person to use his or her certificate for the purpose of nursing the sick or afflicted.

(i) Aiding or assisting, or agreeing to aid or assist any person or persons, whether a licensed physician or not, in the performance of or arranging for a violation of Article 12 (commencing with Section 2220) of Chapter 5.

SEC. 3. Section 4980.40 of the Business and Professions Code is amended to read:

4980.40. To qualify for a license an applicant shall have all the following qualifications:

(a) Applicants applying for licensure on or after January 1, 1988, shall possess a doctor's or master's degree in marriage, family, and child counseling, marital and family therapy, psychology, clinical psychology, counseling psychology, counseling with an emphasis in marriage, family, and child counseling, or social work with an emphasis in clinical social work, obtained from a school, college, or university accredited by the Western Association of Schools and Colleges, the Northwest Association of Secondary and Higher Schools, or an essentially equivalent accrediting agency, as determined by the board, or approved by the Superintendent of Public Instruction, pursuant to subdivision (b) of Section 94310 of the Education Code. In order to qualify for licensure, pursuant to this subdivision, any doctor's or master's degree program shall contain no less than 48 semester or 72 quarter units of instruction. The instruction shall include no less than 12 semester units or 18 quarter units of coursework in the areas of marriage, family, and child counseling and marital and family systems approaches to treatment.

The coursework shall include all of the following areas:

(1) The salient theories of a variety of psychotherapeutic orientations directly related to marriage, family, and child counseling, and marital and family systems approaches to treatment.

(2) Theories of marriage and family therapy and how they can be utilized in order to intervene therapeutically with couples, families, adults, children, and groups.

(3) Developmental issues and life events from infancy to old age and their affect upon individuals, couples, and family relationships. This may include coursework that focuses on specific family life events and the psychological, psychotherapeutic, and health implications that arise within couples and families, including, but not

limited to, childbirth, child rearing, childhood, adolescence, adulthood, marriage, divorce, blended families, stepparenting, and geropsychology.

(4) A variety of approaches to the treatment of children.

The board may, by regulation, further define the content requirements of required courses specified in this subdivision.

(b) In addition to the 12 semester or 18 quarter units of coursework specified above, the doctor's or master's degree program shall contain not less than six semester or nine quarter units of supervised practicum in applied psychotherapeutic techniques, assessment, diagnosis, prognosis, and treatment of premarital, couple, family, and child relationships, including dysfunctions and healthy functioning and health promotion and illness prevention, in a supervised clinical placement that provides supervised fieldwork experience within the scope of practice of a marriage, family, and child counselor.

(1) Supervised practicum hours, as specified in this subdivision, shall be evaluated, accepted, and credited as hours for trainee experience by the board.

(2) Educational institutions and trainees are encouraged to design the practica to include marriage, family, and child counseling experience in low-income and multicultural mental health settings.

(3) The practicum hours shall be considered as part of the 48 semester or 72 quarter unit requirement.

(c) As an alternative to meeting the qualifications specified in subdivision (a), the board shall accept as equivalent degrees, those master's or doctor's degrees granted by educational institutions whose degree program is approved by the Commission on Accreditation for Marriage and Family Therapy Education.

(d) All applicants shall, in addition, complete the coursework or training specified in Section 4980.41.

(e) All applicants shall be at least 18 years of age.

(f) All applicants shall have at least two years' experience, in interpersonal relationships, marriage, family, and child counseling and psychotherapy under the supervision of a licensed marriage, family, and child counselor, licensed clinical social worker, licensed psychologist, or licensed physician certified in psychiatry, or the equivalent as determined by the board.

(1) All experience shall be at all times under the supervision of the supervisor who shall, with the person being supervised, be responsible for ensuring that the extent, kind, and quality of counseling performed is consistent with the training and experience of the person being supervised, and who shall be responsible to the board for the compliance of all laws, rules, and regulations governing the practice of marriage, family, and child counseling.

(2) Supervision shall include at least one hour of direct supervision for each week of experience claimed.

(3) Any person supervising another pursuant to this subdivision shall have been licensed or certified for at least two years prior to

acting as a supervisor, except this requirement shall not affect any supervisorial relationship in existence on December 31, 1983.

(4) The supervisor shall consider, advise, and encourage his or her interns and trainees regarding the advisability of his or her undertaking individual or group counseling or psychotherapy as appropriate, and insofar as it is deemed appropriate and is desired by the applicant, the supervisor shall seek to assist the applicant in obtaining counseling or psychotherapy at a reasonable cost.

(5) The board may prescribe by regulation any other qualifications for supervisors that it deems appropriate.

(g) The applicant shall pass a written examination and an oral examination conducted by the board or their designees.

(h) The applicant shall not have committed acts or crimes constituting grounds for denial of licensure under Section 480.

(i) Applicants applying for licensure on or before December 31, 1987, shall possess all of the qualifications specified in subdivisions (e) to (h), inclusive, and shall possess a doctor's or master's degree in marriage, family, and child counseling, social work, clinical psychology, counseling, counseling psychology, child development and family studies, or a degree determined by the board to be equivalent, obtained from a school, college, or university accredited by the Western Association of Schools and Colleges, the Northwest Association of Secondary and Higher Schools, or an essentially equivalent accrediting agency as determined by the board.

(j) Persons who commenced graduate study, as defined in Section 4980.40, on or before December 31, 1987, shall be governed by subdivisions (i) and (k) of this section only if they apply and qualify for internship registration or licensure examination within five years of their starting that graduate study or by December 31, 1987, whichever is later.

(k) For applicants applying for a license pursuant to subdivisions (i) and (j), the board may make a determination that an applicant's master's or doctor's degree is an equivalent degree if it finds that the degree was issued upon completion of a course of academic study primarily designed to train persons as a marriage, family, and child counselor. The course of study completed by the applicant shall contain not less than 30 semester or 45 quarter units of coursework as follows: (1) human biological, psychological, and social development, (2) human sexuality, (3) psychopathology, (4) cross-cultural mores and values, (5) theories of marriage, family, and child counseling, (6) professional ethics and law, (7) human communication, (8) research methodology, (9) theories and applications of psychological testing, and (10) not less than six semester or nine quarter units of supervised practicum in applied psychotherapeutic techniques, assessment, diagnosis, prognosis, and treatment of premarital, family, and child relationship dysfunctions. The applicant shall submit to the board satisfactory written verification by the chief academic officer of the accredited or approved school, or by an authorized designee, that the applicant has

successfully completed courses, including the practicum required by the board. The verification shall include, but need not be limited to, descriptions of the completed courses. The board may request further written verification of course content and academic experience to determine that the applicant's training and experience is equivalent to the course of instruction required by this section.

SEC. 4. Section 6086.8 of the Business and Professions Code, as added by Chapter 1114 of the Statutes of 1986, is amended and renumbered to read:

6086.11. The board of governors shall establish a committee, known as the complainants' grievance panel. The panel shall exercise all of the following powers:

(a) Periodically audit dismissals of complaints in lieu of disciplinary prosecution by the trial counsel and the imposition of admonitions by the chief trial counsel in lieu of disciplinary prosecution, and may order rehearing or further investigation or recommend that the chief trial counsel file a notice to show cause or take other formal disciplinary action.

(b) Upon request for review by complainants, review the dismissals and the imposition of admonitions in lieu of disciplinary prosecution, and may order rehearing or further investigation or recommend that the chief trial counsel file a notice to show cause or take other formal disciplinary action.

The complainants' grievance panel shall consist of seven members. Three members of the panel shall consist of public members who have never been members of the State Bar or admitted to practice before any court in the United States. The Governor shall appoint one nonattorney member who shall serve for a term of four years, except that for the initial term after enactment of this section the first nonattorney appointed shall serve for two years. The Senate Committee on Rules shall appoint one nonattorney member who shall serve for a term of four years. The Speaker of the Assembly shall appoint one nonattorney member who shall serve a term of four years, except that for the initial term after enactment of this section the first nonattorney shall serve for three years.

The board of governors shall appoint four members who shall be members of the State Bar and who shall serve for a term of four years, except that for the initial term after enactment of this section one attorney first appointed shall serve for two years, one for three years, and two for four years, as determined by lot.

Each respective appointing authority shall fill any vacancy in and make any reappointment to each respective office.

The complainants' grievance panel shall provide a written report at least once yearly to the Discipline Committee of the Board of Governors of the State Bar as to its findings and recommendations concerning dismissed cases, including its findings as to whether too many or too few cases are being dismissed, and whether varying standards are being used.

It also shall provide a copy of the report to the Senate Rules

Committee and to the Senate and Assembly Judiciary Committees at the same time it submits its report to the board.

SEC. 5. Section 6092 of the Business and Professions Code is amended to read:

6092. (a) The disciplinary agency shall study attorney competency, and shall report to the Legislature and to the Chairpersons of the Assembly and Senate Judiciary Committees by January 1, 1989, on methods of determining and improving attorney competency.

(b) The disciplinary agency may engage the services of consultants and an unpaid volunteer peer review committee and undertake any other steps that may be appropriate for devising methods for determining and improving attorney competence.

SEC. 6. Section 8624 of the Business and Professions Code is amended to read:

8624. If the board suspends or revokes an operator's license and one or more branch offices are registered under the name of the operator, the suspension or revocation may be applied to each branch office.

If the operator is the qualifying manager, a partner, responsible officer, or owner of a registered structural pest control company, the suspension or revocation may be applied to the company registration.

The performance by any partnership, corporation, firm, association, or registered company of any act or omission constituting a cause for disciplinary action, likewise constitutes a cause for disciplinary action against any licensee who, at the time the act or omission occurred, was the qualifying manager, a partner, responsible officer, or owner of the partnership, corporation, firm, association, or registered company whether or not he or she had knowledge of, or participated in, the prohibited act or omission.

SEC. 7. Section 9943 of the Business and Professions Code is amended to read:

9943. To be eligible for application for a license, the applicant shall:

(a) Not have committed acts or crimes constituting grounds for denial of licensure under Section 480.

(b) Be at least 18 years of age.

(c) Be a person whose license has not been revoked within three years from the date of application.

(d) Be a person with a minimum of one year's experience with an employment agency or with equivalent experience in the opinion of the bureau.

(e) Be a person who has completed the 12th grade, except that the bureau may establish proof satisfactory to them that the applicant is possessed of a 12th grade education in point of intellectual competency and achievement.

(f) Show financial responsibility.

SEC. 8. Section 9989 of the Business and Professions Code is

amended to read:

9989. The definitions used in this section govern the construction and terms as used in this article:

(a) "Prepaid computer employment agency" means the business of matching jobseekers with employment opportunities, pursuant to an arrangement under which the jobseekers are required to pay a fee in advance of, or contemporaneously with, the supplying of the matchings, but which does not otherwise involve services for the procurement of employment by the person conducting the service.

(b) "Job listing service" means any person who, by advertisement or otherwise, offers to provide applicants for employment lists of employers or lists of job openings or like publications, or prepares resumés or lists of applicants for distribution to potential employers, where a prepaid fee or valuable consideration is exacted or attempted to be collected, either directly or indirectly from the jobseeker.

(c) "Licensee" means a person licensed to conduct a prepaid computer employment agency or a job listing service.

(d) "Jobseeker" means a person seeking employment.

(e) "Location" means the place where a prepaid computer employment agency or job listing service business is conducted.

(f) "Designated agent" means the person who is in charge of the business of a prepaid computer employment agency or a job listing service at a given location.

SEC. 9. Section 10249.2 of the Business and Professions Code is amended to read:

10249.2. The sale or lease, or the offering for sale or lease, of lots or parcels in a subdivision situated outside of this state shall be governed by Article 6 (commencing with Section 10237) and by Chapter 1 (commencing with Section 11000) of Part 2, insofar as applicable.

The Real Estate Commissioner may adopt regulations reasonably necessary to enforce this article.

SEC. 10. Section 10515 of the Business and Professions Code is amended to read:

10515. (a) Except as provided in subdivision (b), mineral, oil and gas brokers in performing acts within the scope and under the authority of this chapter are subject to the provisions applicable to real estate brokers contained in Sections 10150, 10151.5, 10152, 10153.6, 10153.8, 10156.2, 10157, 10158, 10159, 10159.2, 10159.5, 10161.5, 10161.75, 10162, 10163, and 10165.

(b) Mineral, oil and gas brokers shall not be subject to any of the provisions of Article 2 (commencing with Section 10150) or Article 2.5 (commencing with Section 10170) of Chapter 3 which impose continuing education requirements as a prerequisite to the renewal of a license.

SEC. 11. Section 11000.1 of the Business and Professions Code is amended to read:

11000.1. (a) "Subdivided lands" and "subdivision," as defined by

Sections 11000, 11000.5, and 11004.5, also include improved or unimproved land or lands, a lot or lots, or a parcel or parcels, of any size, in which, for the purpose of sale or lease or financing, whether immediate or future, five or more undivided interests are created or are proposed to be created.

(b) This section does not apply to the creation or proposed creation of undivided interests in land if any one of the following conditions exists:

(1) The undivided interests are held or to be held by persons related one to the other by blood or marriage.

(2) The undivided interests are to be purchased and owned solely by persons who present evidence satisfactory to the Real Estate Commissioner that they are knowledgeable and experienced investors who comprehend the nature and extent of the risks involved in the ownership of these interests. The Real Estate Commissioner shall grant an exemption from this part if the undivided interests are to be purchased by no more than 10 persons, each of whom furnishes a signed statement to the commissioner that he or she (1) is fully informed concerning the real property to be acquired and his or her interest therein including the risks involved in ownership of undivided interests, and (2) is purchasing the interest or interests for his or her own account and with no present intention to resell or otherwise dispose of the interest for value, and (3) expressly waives protections afforded to a purchaser by this part.

(3) The undivided interests are created as the result of a foreclosure sale.

(4) The undivided interests are created by a valid order or decree of a court.

(5) The offering and sale of the undivided interests have been expressly qualified by the issuance of a permit from the Commissioner of Corporations pursuant to the Corporate Securities Law of 1968.

(6) The real property is offered for sale as a time-share project as defined in Section 11003.5.

SEC. 12. Section 16770 of the Business and Professions Code is amended to read:

16770. (a) It is the intent of the Legislature to ensure that the citizens of this state receive high-quality health care coverage in the most efficient and cost-effective manner possible.

(b) In furtherance of this intent, the Legislature finds and declares that it is in the public interest to enhance the ability of California purchasers, providers, and payers to form efficient-sized bargaining units for the purpose of contracting for the delivery of health care services.

(c) This Legislature has previously demonstrated its intent in this area by the recent enactment of Chapters 328, 329, and 1594 of the Statutes of 1982 authorizing various types of contracts to be entered into between public or private purchasers or payers of health care coverage, and institutional or professional providers of health care

services.

(d) The Legislature further finds and declares that individual providers or purchasers, whether institutional, professional, or otherwise, have not proven to be efficient-sized bargaining units for these contracts, and that the formation of groups and combinations of institutional and professional providers and purchasing groups for the purpose of creating efficient-sized contracting units represents a meaningful addition to the health care marketplace.

(e) The Legislature, however, recognizes that the 1982 decision of the United States Supreme Court in Arizona v. Maricopa Medical Society serves as a disincentive to the development of contracting for health care services because purchasers, providers, and payers who enter into contracts bear the risk of being found guilty of committing per se antitrust violations.

(f) The Legislature further finds and declares that the public interest in ensuring that citizens of this state receive high-quality health care coverage in the most efficient and cost-effective manner possible is furthered by permitting negotiations for alternative rate contracts between purchasers or payers of health care services, and institutional and professional providers, or through a person or entity acting for, or on behalf of, a purchaser, payer, or provider.

(g) It is the intent of the Legislature, therefore, that the formation of groups and combinations of providers and purchasing groups for the purpose of creating efficient-sized contracting units be recognized as the creation of a new product within the health care marketplace, and be subject, therefore, only to those antitrust prohibitions applicable to the conduct of other presumptively legitimate enterprises.

These provisions are in addition to those provided for under Section 1342.6 of the Health and Safety Code and Section 10133.6 of the Insurance Code.

(h) This section does not change existing antitrust law as it relates to any agreement or arrangement to exclude from any of the above-described groups or combinations, any person who is lawfully qualified to perform the services to be performed by the members of the group or combination, where the ground for the exclusion is failure to possess the same license or certification as is possessed by the members of the group or combination.

SEC. 13. Section 18653 of the Business and Professions Code is amended to read:

18653. (a) No person shall conduct or operate a professional boxers' training gymnasium unless he or she has a license issued by the commission under this chapter.

(b) Any application to conduct or operate a professional boxers' gymnasium shall contain facts which show compliance with this chapter and shall provide any other information the commission may require.

(c) The application shall include the fee required in Section 18817.

(d) This section shall not apply to a training camp established by

a professional boxer for his or her sole use.

(e) As used in this chapter:

(1) A "professional boxers' training gymnasium" means a gymnasium, the principal business of which is the providing of training facilities for professional boxers, and in which either or both of the following occur:

(A) A fee is charged to professional boxers for the use of the gymnasium facilities.

(B) A fee is charged to persons who view the training of professional boxers.

(2) "Principal business" means the use of the gymnasium for the providing of training facilities for professional boxers which either accounts for more than 50 percent of the annual gross income of the gymnasium, or accounts for more than 50 percent of its total use.

SEC. 14. Section 19596.10 of the Business and Professions Code, as added by Chapter 1285 of the Statutes of 1986, is amended and renumbered to read:

19596.4. Notwithstanding any other provision of law, if there is an overlap in the northern zone between a racing fair, other than the Fresno or Ferndale fairs, and any other association that races in the daytime, the racing fair has the exclusive right to send its signal to the satellite wagering facilities in the state if the board determines that it is operationally possible for the racing fair to send its signal. However, any association that is not a fair that races in the northern zone may send its signal to a satellite wagering facility located at another association that is not a fair in the northern zone.

SEC. 15. Title 1 (commencing with Section 1725) of Part 4 of Division 3 of the Civil Code is repealed.

SEC. 16. The heading of Title 1.1 (commencing with Section 1738) of Part 4 of Division 3 of the Civil Code is amended and renumbered to read:

TITLE 1. CONSIGNMENT OF FINE ART

SEC. 17. The heading of Title 1.1A (commencing with Section 1739) of Part 4 of Division 3 of the Civil Code is amended and renumbered to read:

TITLE 1.1. SALE AND MANUFACTURE OF POLITICAL ITEMS

SEC. 19. Section 1921 of the Civil Code is amended to read:

1921. (a) As used in this section:

(1) "Adjustable-rate residential mortgage loan" means any loan or credit sale which is primarily for personal, family, or household purposes which bears interest at a rate subject to change during the term of the loan, whether predetermined or otherwise, and which is made upon the security of real property containing not less than one nor more than four dwelling units.

(2) "Lender" means any person, association, corporation, partnership, limited partnership, or other business entity making, in any 12-month period, more than 10 loans or credit sales upon the security of residential real property containing not less than one nor more than four dwelling units.

(b) Any lender offering adjustable-rate residential mortgage loans shall provide to prospective borrowers a copy of the most recent available publication of the Federal Reserve Board that is designed to provide the public with descriptive information concerning adjustable-rate mortgages (currently entitled "Consumer Handbook on Adjustable Rate Mortgages"), either upon the prospective borrower's request or at the same time the lender first provides written information, other than direct-mail advertising, concerning any adjustable-rate residential mortgage loan or credit sale to the prospective borrower, whichever is earlier. Any lender who fails to comply with the requirements of this section may be enjoined by any court of competent jurisdiction and shall be liable for actual damages, the costs of the action, and reasonable attorney's fees as determined by the court. The court may make those orders as may be necessary to prevent future violations of this section.

(c) A lender that makes adjustable-rate mortgage loan disclosures pursuant to either Part 29 of Chapter I of, or Part 563 of Chapter V of, Title 12 of the Code of Federal Regulations, may comply with this section by providing the descriptive information required by subdivision (b) at the same time and under the same circumstances that it makes disclosures in accordance with those federal regulations. Such a lender shall also display and make the descriptive information available to the public in an area of the lender's office that is open to the public.

SEC. 20. Section 2375 of the Civil Code is amended to read:

2375. The disclosure form required by Section 2374 shall have this article, excluding this section, printed on the back, and on the front of the disclosure form the following shall appear:

DISCLOSURE REGARDING
REAL ESTATE AGENCY RELATIONSHIP

(As required by the Civil Code)

When you enter into a discussion with a real estate agent regarding a real estate transaction, you should from the outset understand what type of agency relationship or representation you wish to have with the agent in the transaction.

SELLER'S AGENT

A Seller's agent under a listing agreement with the Seller acts as the agent for the Seller only. A Seller's agent or a subagent of that agent has the following affirmative obligations:

To the Seller:

(a) A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Seller.

To the Buyer and the Seller:

(a) Diligent exercise of reasonable skill and care in performance of the agent's duties.

(b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties.

An agent is not obligated to reveal to either party any confidential information obtained from the other party which does not involve the affirmative duties set forth above.

BUYER'S AGENT

A selling agent can, with a Buyer's consent, agree to act as agent for the Buyer only. In these situations, the agent is not the Seller's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Seller. An agent acting only for a Buyer has the following affirmative obligations:

To the Buyer:

(a) A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Buyer.

To the Buyer and the Seller:

(a) Diligent exercise of reasonable skill and care in performance of the agent's duties.

(b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties. An agent is not obligated to reveal to either party any confidential information obtained from the other party which does not involve the affirmative duties set forth above.

AGENT REPRESENTING BOTH SELLER AND BUYER

A real estate agent, either acting directly or through one or more associate licensees, can legally be the agent of both the Seller and the Buyer in a transaction, but only with the knowledge and consent of both the Seller and the Buyer.

In a dual agency situation, the agent has the following affirmative obligations to both the Seller and the Buyer:

(a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either Seller or the Buyer.

(b) Other duties to the Seller and the Buyer as stated above in their respective sections.

In representing both Seller and Buyer, the agent may not, without the express permission of the respective party, disclose to the other

party that the Seller will accept a price less than the listing price or that the Buyer will pay a price greater than the price offered.

The above duties of the agent in a real estate transaction do not relieve a Seller or Buyer from the responsibility to protect their own interests. You should carefully read all agreements to assure that they adequately express your understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional.

Throughout your real property transaction you may receive more than one disclosure form, depending upon the number of agents assisting in the transaction. The law requires each agent with whom you have more than a casual relationship to present you with this disclosure form. You should read its contents each time it is presented to you, considering the relationship between you and the real estate agent in your specific transaction.

This disclosure form includes the provisions of Article 2.5 (commencing with Section 2373) of Chapter 2 of Title 9 of Part 4 of Division 3 of the Civil Code set forth on the reverse hereof. Read it carefully.

SEC. 21. Section 3054 of the Civil Code is amended to read:

3054. (a) A banker, or a savings and loan association, has a general lien, dependent on possession, upon all property in his or her hands belonging to a customer, for the balance due to the banker or savings and loan association from the customer in the course of the business.

(b) The exercise of this lien with respect to deposit accounts shall be subject to the limitations and procedures set forth in Section 864 or 6660 of the Financial Code.

SEC. 22. The heading immediately following the heading of Part 4 (commencing with Section 1855b) and immediately preceding the heading of Title 1 (commencing with Section 1855b) of Part 4 of the Code of Civil Procedure is repealed.

SEC. 23. Section 1855b of the Code of Civil Procedure is amended and renumbered to read:

1855. When any map which has been recorded in the office of the recorder of any county is injured, destroyed, lost, or stolen, any person interested may file in the superior court of the county in which the map was originally filed or recorded a verified petition in writing alleging that the map has been injured, destroyed, lost, or stolen without fault of the person making the application, and that the petitioner has a true and correct copy of the original map which he or she offers for record in the place of the original map. The

petition shall be accompanied by a copy of the true copy offered for recording.

Upon the filing of the petition the clerk shall set it for hearing by the court, and give notice of the hearing by causing notice of the time and place of the hearing to be posted at the courthouse in the county where the court is held at least 10 days prior to the hearing. A copy of the petition and a copy of the true copy offered for record shall be served upon the recorder of the county in which the proceedings are brought at least 10 days prior to the hearing. The court may order any further notice to be given as it deems proper. At the time set for the hearing the court shall take evidence for and against the petition, and if it appears to the court from the evidence presented that the copy of the map submitted is a true copy of the original map, it shall decree that the copy is a true copy of the original map, and order the copy placed of record in the office of the recorder in the place of the original map.

A certified copy of the decree shall accompany the true copy of the map for record. When presented to the county recorder for record, he or she shall place of record the copy of the map in the place of the original map.

When placed of record the copy shall have the same effect as the original map, and conveyances of property referring to the original map shall have the same effect as though the original map had not been injured, destroyed, lost, or stolen, and conveyances thereafter made referring to the copy of the original map shall be deemed to refer also to the original map.

SEC. 24. Section 1991 of the Code of Civil Procedure is amended to read:

1991. Disobedience to a subpoena, or a refusal to be sworn, or to answer as a witness, or to subscribe an affidavit or deposition when required, may be punished as a contempt by the court issuing the subpoena.

When the subpoena, in any such case, requires the attendance of the witness before an officer or commissioner out of court, it is the duty of the officer or commissioner to report any disobedience or refusal to be sworn or to answer a question or to subscribe an affidavit or deposition when required, to the court issuing the subpoena. The witness shall not be punished for any refusal to be sworn or to answer a question or to subscribe an affidavit or deposition, unless, after a hearing upon notice, the court orders the witness to be sworn, or to so answer or subscribe and then only for disobedience to the order.

Any judge, justice, or other officer mentioned in subdivision (c) of Section 1986, may report any disobedience or refusal to be sworn or to answer a question or to subscribe an affidavit or deposition when required to the superior court of the county in which attendance was required; and the court thereupon has power, upon notice, to order the witness to perform the omitted act, and any refusal or neglect to comply with the order may be punished as a contempt of court.

In lieu of the reporting of the refusal as hereinabove provided, the

party seeking to obtain the deposition or to have the deposition or affidavit signed, at the time of the refusal may request the officer or commissioner to notify the witness that at a time stated, not less than five days nor more than 20 days from the date of the refusal, he or she will report the refusal of the witness to the court and that the party will, at that time, or as soon thereafter as he or she may be heard, apply to the court for an order directing the witness to be sworn, or to answer as a witness, or subscribe the deposition or affidavit, as the case may be, and that the witness is required to attend that session of the court.

The officer or commissioner shall enter in the record of the proceedings an exact transcription of the request made of him or her that he or she notify the witness that the party will apply for an order directing the witness to be sworn or to answer as a witness or subscribe the deposition or affidavit, and of his or her notice to the witness, and the transcription shall be attached to his or her report to the court of the refusal of the witness. The report shall be filed by the officer with the clerk of the court issuing the subpoena, and the witness shall attend that session of the court, and for failure or refusal to do so may be punished for contempt.

At the time so specified by the officer, or at a subsequent time to which the court may have continued the matter, if the officer has theretofore filed a report showing the refusal of the witness, the court shall hear the matter, and without further notice to the witness, may order the witness to be sworn or to answer as a witness or subscribe the deposition or affidavit, as the case may be, and may in the order specify the time and place at which compliance shall be made or to which the taking of the deposition is continued. Thereafter if the witness refuses to comply with the order he or she may be punished for contempt.

SEC. 25. Section 8302 of the Commercial Code is amended to read:

8302. (1) A "bona fide purchaser" is a purchaser for value in good faith and without notice of any adverse claim as to whom any of the following apply:

(a) Who takes delivery of a certificated security in bearer form or in registered form, issued or endorsed to him or her or in blank.

(b) To whom the transfer, pledge, or release of an uncertificated security is registered on the books of the issuer.

(c) To whom a security is transferred under the provisions of paragraph (c), subparagraph (i) of paragraph (d), or paragraph (g) of subdivision (1) of Section 8313.

(2) "Adverse claim" includes a claim that a transfer was or would be wrongful or that a particular adverse person is the owner of or has an interest in the security.

(3) A bona fide purchaser in addition to acquiring the rights of a purchaser (Section 8301) also acquires his or her interest in the security free of any adverse claim.

(4) Notwithstanding subdivision (1) of Section 8301, the

transferee of a particular security who has been a party to any fraud or illegality affecting the security, or who as a prior owner of that security had notice of an adverse claim, cannot improve his or her position by taking from a bona fide purchaser.

SEC. 26. Section 8480 of the Education Code, as added by Chapter 1026 of the Statutes of 1985, is amended and renumbered to read:

8475. Programs funded pursuant to this article shall be deemed to be child day care facilities, as defined under Section 1596.750 of the Health and Safety Code, and subject to the California Child Day Care Act set forth in Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code. A program may be exempted from any administrative regulation promulgated pursuant to the California Child Day Care Act by the Superintendent of Public Instruction for the sole purpose of qualification for funding, upon the determination by the superintendent that good cause exists for the exemption, that the purposes of this article will be so furthered, and that the exemption will not result in a dangerous or life-threatening situation.

SEC. 27. Section 8480 of the Education Code, as added by Chapter 1440 of the Statutes of 1985, is amended and renumbered to read:

8485. The governing board of any school district conducting instruction for students in any grade level up to, and including, the completion of junior high school may establish a program of affordably priced supervision for children before and after school.

SEC. 28. Section 8481 of the Education Code, as added by Chapter 1026 of the Statutes of 1985, is amended and renumbered to read:

8476. In order to maximize program flexibility and cost effectiveness and to foster innovation and creativity, the Superintendent of Public Instruction may exempt from any administrative requirements established under this article any programs that are recreational in nature and contain no instructional components.

SEC. 29. Section 8481 of the Education Code, as added by Chapter 1440 of the Statutes of 1985, is amended and renumbered to read:

8486. Child supervision programs conducted pursuant to this article shall be licensed or exempt programs administered and monitored by the school district. Programs may be staffed by district personnel or may be subcontracted to qualified private or nonprofit, or other public agencies. Each program shall be designed by administrators of the district to fit the needs at each school or site where a program is conducted.

SEC. 30. Section 8482 of the Education Code is amended and renumbered to read:

8487. Child supervision programs conducted pursuant to this article shall consist of supervised activities including, but not limited

to, arts and crafts, sports, quiet games, playground time and snacks, and homework. Computer training may also be made available. Extra enrichment programs and study trips may be made available for a fee which shall be paid by the children's parents or guardians.

SEC. 31. Section 8483 of the Education Code is amended and renumbered to read:

8488. Each school which elects to establish a child supervision program shall apply to the State Department of Education for a grant for each program of up to four thousand dollars ($4,000). Grants for the new programs established pursuant to this section shall be allocated to programs that meet both the following requirements:

(a) Have conducted a needs assessment of the local community.

(b) Provide for a viable program plan.

The grants may be used for any of the following: one month's staffing cost, snacks, and the purchase of sports equipment, games, computers, and supplies as indicated by the budget submitted by the district. After the program is operating, the district shall maintain the program through the fees charged the parents and guardians of the children in the program. The fee may be the same for each child regardless of family income or the number of hours a child participates in the program so that the self-supporting nature of the program is assured. School programs shall seek funding from local business, community, and philanthropic organizations to ensure that no needy child who desires to participate shall be denied the opportunity to participate because of inability to pay the fee. No one who desires to participate in the program shall be denied the opportunity to participate because of inability to pay the fee. The state department shall fund up to 250 programs.

SEC. 32. Section 8485 of the Education Code is amended and renumbered to read:

8477. (a) It is the intent of the Legislature that funds be appropriated for the state purchase of relocatable child care and development facilities for the purpose of providing extended day care services pursuant to this article, for lease to qualifying contracting agencies in geographic areas with no available child care and development facilities. A fund is hereby created in the State Treasury, to be known as the State Child Care Facilities Fund. All moneys in the State Child Care Facilities Fund, including any moneys deposited in that fund from any source whatsoever, are hereby continuously appropriated without regard to fiscal year for expenditure pursuant to the provisions of this article. The State Allocation Board may authorize the expenditure of any moneys in the State Child Care Facilities Fund for capital outlay projects pursuant to this article.

(b) No relocatable child care and development facility owned by the state shall be placed on privately owned land except in those areas of the state where the Superintendent of Public Instruction determines there is no available space on publicly owned land and where there are no available child care and development facilities.

(c) The Superintendent of Public Instruction shall establish the qualifications to determine the eligibility of extended day care contracting agencies to lease relocatable facilities under this section.

(d) The Superintendent of Public Instruction shall adopt rules establishing priorities for the acquisition and leasing of facilities to contracting agencies that will most benefit children needing extended day care services. First priority shall be given to programs that are operated in school districts that have unhoused pupils, as determined under state standards established pursuant to Chapter 22 (commencing with Section 17700) of Part 10, and have developed a plan to provide extended day care services in a cost-effective manner. Each lessee shall be required to demonstrate that relocatable facilities are utilized solely for operation of extended day care services, and to comply with cost-effective minimum program standards established by the superintendent.

(e) The State Allocation Board, with the advice of the Superintendent of Public Instruction, may do all of the following:

(1) Establish any procedures and policies in connection with the administration of this section that it deems necessary.

(2) Adopt any rules and regulations for the administration of this section requiring those procedures, forms, and information that it deems necessary.

(3) Have constructed, furnished, equipped, or otherwise require whatever work is necessary to place relocatable extended day care services facilities where needed.

(f) The board shall lease relocatable facilities to qualifying extended day care services contracting agencies and shall charge rent of one dollar ($1) per year. The board shall require lessees to undertake all necessary maintenance, repairs, renewal, and replacement to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the lessee.

(g) The board shall require lessees to insure at their own expense for the benefit of the state, any leased relocatable facility which is the property of the state, against any risks, including liability from the use thereof, in the amounts the board deems necessary to protect the interests of the state.

(h) No relocatable facilities shall be made available to a contracting agency unless the agency furnishes evidence, satisfactory to the board, that the contracting agency has no other facility available for rental, lease, or purchase in the geographic service area that is economically or otherwise feasible.

(i) The board shall have prepared for its use, performance specifications for relocatable facilities and bids for their construction that can be solicited from more than one responsible bidder. The board shall from time to time solicit bids from, and award to, the lowest responsible competitive bidder, contracts for the construction or purchase of relocatable facilities that have been approved for lease to eligible extended day care services contracting agencies.

(j) If at any time the board determines that a lessee's need for particular relocatable facilities which were made available to the lessee pursuant to this article has ceased, the board may take possession of the relocatable facilities and may lease them to other eligible contracting agencies, or, if there is no longer a need for the relocatable facilities, the board may dispose of them to public or private parties in the manner it deems to be in the best interests of the state.

(k) If a lessee uses a particular relocatable facility for only a portion of the year, the board may enter into a second lease with a public or private party for the use of that facility for the portion of the year during which the facility would otherwise be unused, in the manner it deems to be in the best interests of the state. The lessee shall be subject to subdivisions (e) and (g).

SEC. 33. Section 8486 of the Education Code is amended and renumbered to read:

8478. The State Allocation Board shall establish regulations for the allocation of funds for capital outlay for purposes of this chapter. The Superintendent of Public Instruction shall establish qualifications for determining the eligibility of extended day care agencies to apply for these funds.

SEC. 34. Section 8490 of the Education Code is amended and renumbered to read:

8479. The State Department of Education shall submit a written report to the Legislature by June 30, 1986, documenting the department's progress in implementing this article. The report shall include the number of contracts awarded, the number of contracts awarded to programs based on public school sites, the number of children by age or grade level served in programs funded under this chapter, and any problems with the implementation of this chapter.

SEC. 35. Section 8491 of the Education Code is amended and renumbered to read:

8480. The advisory committee established pursuant to Section 8286 shall perform all of the following functions with regard to this chapter:

(a) Assist the State Department of Education in developing and reviewing guidelines for the administration of this chapter.

(b) Serve in an advisory capacity to the Superintendent of Public Instruction and the Governor for program policy decisions.

(c) Review the implementation of this chapter.

(d) Make written recommendations to the Legislature, the Governor, the State Department of Education, and the State Department of Social Services, by June 30, 1986, with regard to possible improvements to facilitate the implementation of this chapter.

SEC. 36. Section 8492 of the Education Code is amended and renumbered to read:

8481. The Office of the Legislative Analyst shall contract for an independent study of the school age community child care program

provided for under this article at the end of the second program year, and shall report the results of the study to the Legislature no later than December 1, 1987. The study shall include, but need not be limited to, program services, cost, staffing, administration, and support services; a review of the maximum reimbursement rate; the relationship between school districts, resource and referral programs, and county welfare departments; the timeliness of the creation of the support for child care; the timeliness of the provision of services; a comparative analysis of program services; and any other factors deemed relevant to the evaluation of the program's attainment of its goals and purposes.

SEC. 37. Section 17742.7 of the Education Code is amended to read:

17742.7. (a) For any project application filed or amended on or after January 1, 1987, the area of adequate school construction existing in the applicant school district or, where appropriate, in the attendance area, at the time of application shall be calculated as otherwise provided by this article or, at the request of the district, pursuant to the following formula:

(1) Identify by grade level all teaching stations existing in the school district or, where appropriate, the attendance area, as of January 1, 1986. For the purposes of this section, "teaching station" means any space that was constructed or reconstructed to serve as an area in which to provide pupil instruction.

(2) Determine the maximum pupil loading figure for each grade level pursuant to the district pupil loading standards in effect on January 1, 1986. In no event may this figure be more than the maximum pupil loading standards established by the board, or less than three pupil units lower than those maximum pupil loading standards.

(3) Multiply the figure determined under paragraph (2) for each grade level by the number of teaching stations for the particular grade level, as determined under paragraph (1).

(4) Multiply the product determined under paragraph (3) by the maximum area allowance established for that grade level under this article.

(5) The sum of these computations for each grade level, as determined under paragraphs (1) to (4), inclusive, in addition to the area of existing adequate school construction as calculated under Section 17740 for all school construction completed after January 1, 1986, in the district or, where appropriate, the attendance area, shall be the total area of adequate school construction existing in the district or attendance area pursuant to this formula.

(b) For purposes of this section, a school district that is participating in a class size reduction program set forth in this code shall use the pupil loading standard established pursuant to that program.

SEC. 38. Section 19423 of the Education Code is amended to read:

19423. The first board of library trustees appointed or elected in

a district shall at their first meeting so classify themselves by lot that their terms shall expire:

(a) For three-member boards, one on the last Friday in November of the first odd-numbered calendar year next succeeding his or her appointment or election, and two on the last Friday in November of the second succeeding odd-numbered calendar year.

(b) For five-member boards, two on the last Friday in November of the first odd-numbered calendar year next succeeding his or her appointment or election, and three on the last Friday in November of the second succeeding odd-numbered calendar year.

SEC. 39. Section 35239 of the Education Code is amended to read:

35239. (a) In a school district which during the preceding fiscal year had an average daily attendance of 70 or less, a member of the governing board may receive a reasonable compensation from the district for necessary work and labor performed by him or her for the district in repairing the schoolhouse, fences, and other property belonging to the district, or in furnishing wood or other necessary supplies.

(b) In a school district which during the preceding fiscal year had an average daily attendance of 70 or less, a member of the governing board may receive a reasonable compensation from the district for providing services in a classified position if the collective bargaining agent for classified employees in that district and the governing board concur that no other qualified person is available.

(c) The requisition drawn pursuant to subdivision (a) or (b) for payment for services or supplies shall be signed by the other members of the governing board and shall be subject to approval by the county superintendent of schools.

SEC. 40. Section 51260 of the Education Code is amended to read:

51260. (a) Instruction shall be given in the elementary and secondary schools by appropriately trained instructors on drug education and the effects of the use of tobacco, alcohol, narcotics, dangerous drugs, as defined in Section 11032 of the Health and Safety Code, and other dangerous substances.

For purposes of this chapter, an "appropriately trained instructor" is one who, based upon the determination of the site administrator, demonstrates competencies in interacting in a positive manner with children and youth; demonstrates knowledge of the properties and effects of tobacco, alcohol, narcotics, and dangerous drugs; and who demonstrates skills in conducting affective education, which include methods and techniques for helping children and youth to freely express ideas and opinions in a responsible manner and to gain an awareness of their values as they affect decisions related to drug use and misuse.

In grades 1 through 6, instruction on drug education should be conducted in conjunction with courses given on health pursuant to subdivision (f) of Section 51210.

In grades 7 to 12, inclusive, instruction on drug education shall be conducted in conjunction with courses given on health or in any

appropriate area of study pursuant to Section 51220.

The instruction shall be sequential in nature and suited to meet the needs of students at their respective grade level.

(b) Services provided under this section shall be in addition to, but shall not be duplicative of, services provided pursuant to Article 2 (commencing with Section 11965) of Part 3 of Division 10.5 of the Health and Safety Code.

SEC. 41. The heading of Article 4 (commencing with Section 54700) of Chapter 9 of Part 29 of the Education Code is amended and renumbered to read:

Article 6. University and College Opportunities Program

SEC. 42. The heading of Article 6 (commencing with Section 54720) of Chapter 9 of Part 29 of the Education Code is amended and renumbered to read:

Article 7. School-Based Pupil Motivation and Maintenance Program and Dropout Recovery Act

SEC. 43. The heading of Article 6 (commencing with Section 54750) of Chapter 9 of Part 29 of the Education Code is amended and renumbered to read:

Article 8. College Admissions Test Preparation Pilot Projects

SEC. 44. Section 67300 of the Education Code, as amended by Section 35 of Chapter 248 of the Statutes of 1986, is amended to read:

67300. Services for disabled students provided by the California community colleges and the California State University shall, and services provided for the University of California may, at a minimum, conform to the level and quality of those services provided by the Department of Rehabilitation to its clients prior to July 1, 1981. However, nothing in this chapter requires the California community colleges, the California State University, or the University of California to provide the services for disabled students in the same manner as those services were provided by the Department of Rehabilitation.

The Board of Governors of the California Community Colleges and the Trustees of the California State University shall, for their respective systems, and the Regents of the University of California may, by January 15, 1982, adopt regulations to implement this chapter.

This section shall become operative on July 1, 1988, unless a later enacted statute, which is enacted prior to that date, deletes or extends that date.

SEC. 45. Section 78201.7 of the Education Code is repealed.

SEC. 46. Section 607 of the Elections Code is amended to read:

607. (a) Each county clerk shall send to the Secretary of State a

summary statement of the number of voters in the county. The statement shall show the total number of voters in the county, the number registered as affiliated with each qualified political party, the number registered in nonqualified parties, and the number who declined to state any party affiliation. The statement shall also show the number of voters, by political affiliations, in each city, supervisorial district, Assembly District, Senate District, and congressional district, located in whole or in part within the county.

(b) The Secretary of State, on the basis of the statements sent by the county clerks and within 30 days after receiving those statements, shall compile a statewide list showing the number of voters, by party affiliations, in the state and in each county, city, supervisorial district, Assembly District, Senate District, and congressional district, in the state. A copy of this list shall be made available, upon request, to any elector in this state.

(c) Each county clerk who uses data-processing equipment to store the information set forth in the affidavit of registration shall send to the Secretary of State one copy of the magnetic tape file with the information. Each county clerk who does not use data-processing storage shall send to the Secretary of State one copy of the index setting forth that information.

(d) The summary statements and the magnetic tape file copy or the index shall be sent at the following times:

(1) On the 135th day before each presidential primary and before each direct primary, with respect to voters registered on the 154th day before the primary election.

(2) Not less than 50 days prior to the primary election, with respect to voters registered on the 60th day before the primary election.

(3) Not less than 10 days prior to the primary election, with respect to voters registered before the 28th day prior to the primary election.

(4) Not less than 50 days prior to the general election, with respect to voters registered on the 60th day before the general election.

(5) Not less than 10 days prior to the general election, with respect to voters registered before the 28th day prior to the general election.

(6) On or before March 1 of each odd-numbered year, with respect to voters registered as of February 10.

(7) On or before October 1 of each odd-numbered year, with respect to voters registered as of September 12.

(e) The Secretary of State may adopt regulations prescribing the format of the magnetic tape file or index containing the registered voter information from the affidavits of registration.

(f) The Secretary of State may adopt regulations prescribing additional regular reporting times, except that the total number of reporting times in any one calendar year shall not exceed 12.

(g) The Secretary of State shall make the information from the magnetic tape files or the printed indexes available, under conditions prescribed by the Secretary of State, to any candidate for federal,

state, or local office, to any committee for or against any proposed ballot measure, to any committee for or against any initiative or referendum measure for which legal publication is made, and to any person for election or governmental purposes as determined by the Secretary of State.

SEC. 47. The heading of Chapter 1 (commencing with Section 23500) of Part 3 of Division 14 of the Elections Code is repealed.

SEC. 48. Article 10 (commencing with Section 7700) of Chapter 6 of Division 2 of the Financial Code, as added by Chapter 287 of the Statutes of 1984, is repealed.

SEC. 49. Article 11 (commencing with Section 7710) is added to Chapter 6 of Division 2 of the Financial Code, to read:

Article 11. Leasing

7710. (a) Subject to regulations issued by the commissioner, an association may invest in tangible personal property, including without limitation, vehicles, mobilehomes, machinery, equipment, or furniture, and may hold the property for rental or sale.

(b) Investment under this section is limited to not in excess of 10 percent of the total assets of the association.

SEC. 50. Section 18357 of the Financial Code is amended to read:

18357. (a) If it appears to the commissioner that an industrial loan company has violated or failed to comply with the provisions of its articles of incorporation, or with any law of this state, the commissioner may by written order addressed to the company, direct that company to discontinue the violation and to comply with the law.

(b) Whenever it appears from the report of an industrial loan company or the commissioner has reason to conclude, that the capital stock of an industrial loan company is impaired or reduced below the amount required by this division, the commissioner shall by written order addressed to the company, direct that company to make good the alleged deficiency or impairment of capital. If the company fails to make good the alleged deficiency or impairment of capital, the commissioner may forthwith take possession of the property and business of the industrial loan company pursuant to Section 18415; if the company fails to make good the alleged deficiency or impairment of capital within 60 days of the date of the order, the commissioner shall take possession of the industrial loan company pursuant to Section 18415. The capital of an industrial loan company is impaired when the minimum amount of capital required by Sections 18130, 18131, or 18132 and 18134 is reduced by a net deficit balance in the company's surplus account.

SEC. 51. Section 12113 of the Food and Agricultural Code is amended to read:

12113. The director may, after a hearing, refuse, revoke, or suspend a pesticide dealer license for violation of the provisions of this division, or Division 7 (commencing with Section 12501),

relating to pesticides or the rules and regulations adopted pursuant to those provisions. The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 52. Section 12648 of the Food and Agricultural Code is amended to read:

12648. Notwithstanding any other provision of this code, upon making a finding that a crop, commodity, or site has been treated with an economic poison not registered pursuant to Chapter 2 (commencing with Section 12751) for use on the crop, commodity, or site and, upon making a further finding that the treatment has resulted in, or could reasonably result in, the creation of a hazard to human health or an unfair business advantage, the crop or commodity may be declared by the director to be a public nuisance and may be seized and held to prevent harvest and sale. The director shall hold the crop or commodity for 30 days, and if no action has been filed to contest the seizure, the director may order that the crop or commodity be destroyed.

SEC. 53. Section 12999.5 of the Food and Agricultural Code is amended to read:

12999.5. (a) In lieu of civil prosecution by the director, the commissioner may levy a civil penalty against a person violating Division 6 (commencing with Section 11401), Article 10 (commencing with Section 12971) or Article 10.5 (commencing with Section 12980) of this chapter, Section 12995, Article 1 (commencing with Section 14001) of Chapter 3, or a regulation adopted pursuant to any of these provisions, of not more than five hundred dollars ($500) for each violation.

(b) Before a civil penalty is levied, the person charged with the violation shall receive notice of the nature of the violation and shall be given an opportunity to be heard. This shall include the right to review the commissioner's evidence and a right to present evidence on his or her own behalf.

(c) The person fined may appeal to the director within 10 days of the date of receiving notification of the fine. The following procedures apply to the appeal:

(1) The appeal need not be formal, but it shall be in writing and signed by the appellant or his or her authorized agent, and shall state the grounds for the appeal.

(2) Any party may, at the time of filing the appeal or within 10 days thereafter, present written evidence and a written argument to the director.

(3) The director may grant oral arguments upon application made at the time written arguments are filed.

(4) If an application to present an oral argument is granted, written notice of the time and place for the oral argument shall be given at least 10 days before the date set therefor. The times may be altered by mutual agreement.

(5) The director shall decide the appeal on any oral or written

argument, briefs, and evidence that he or she has received.

(6) The director shall render a written decision within 45 days of the date of appeal or within 15 days of the date of oral arguments.

(7) On an appeal pursuant to this section, the director may sustain, modify by reducing the amount of the fine levied, or reverse the decision of the commissioner. A copy of the director's decision shall be delivered or mailed to the appellant and the commissioner.

(8) Review of the decision of the director may be sought by the appellant pursuant to Section 1094.5 of the Code of Civil Procedure.

SEC. 54. Section 18203 of the Food and Agricultural Code is amended to read:

18203. There is in the department the Bureau of Meat and Poultry Inspection.

SEC. 55. Section 29145.5 of the Food and Agricultural Code is amended to read:

29145.5. Failure of a beekeeper to remove hives from a specific location, except during specific periods of time, as provided in subdivisions (c) and (d) of Section 29145.1 after notification, shall not prevent the application of pesticides to blossoming plants pursuant to the pesticide's labeling and applicable laws and regulations. When the pesticide applicator has complied with the notification pursuant to subdivision (b) of Section 29145.1, the applicator shall not be liable for injury to bees that enter the area treated during or after the application.

SEC. 56. Section 73119 of the Food and Agricultural Code is amended to read:

73119. A quorum of the commission is 12 voting commissioners. Except as provided in Sections 73061 and 73353, the commission may act by a vote of a majority of the members present at a meeting at which there is a quorum.

SEC. 57. Section 1091.1 of the Government Code, as added by Chapter 910 of the Statutes of 1985, is amended and renumbered to read:

1091.2. Section 1090 shall not apply to any contract or grant made by private industry councils established pursuant to Chapter 4 (commencing with Section 15030) of Division 8 of the Unemployment Insurance Code, unless both of the following conditions are met:

(a) The contract or grant directly bears on services to be provided by any member of a private industry council or any business or organization which the member directly represents, or the contract or grant would financially benefit the member or business or organization which the member represents.

(b) The affected private industry council member fails to comply with Section 87100.

SEC. 58. Section 1322 of the Government Code is amended to read:

1322. In addition to any other statutory provisions requiring confirmation by the Senate of officers appointed by the Governor,

the appointments by the Governor of the following officers and the appointments by him to the listed boards and commissions are subject to confirmation by the Senate:

(1) California Horse Racing Board.
(2) Certified Shorthand Reporters Board.
(3) Chief, Division of Occupational Safety and Health.
(4) Chief, Division of Labor Standards Enforcement.
(5) Commissioner of Corporations.
(6) Contractors State License Board.
(7) Director of Fish and Game.
(8) State Director of Health Services.
(9) Chief Deputy, State Department of Health Services.
(10) Real Estate Commissioner.
(11) State Athletic Commissioner.
(12) State Board of Barber Examiners.
(13) State Librarian.
(14) Director of Social Services.
(15) Chief Deputy, State Department of Social Services.
(16) Director of Mental Health.
(17) Chief Deputy, State Department of Mental Health.
(18) Director of Developmental Services.
(19) Chief Deputy, State Department of Developmental Services.
(20) Director of Alcohol and Drug Abuse.
(21) Director of Rehabilitation.
(22) Chief Deputy, Department of Rehabilitation.
(23) Director of the Office of Statewide Health Planning and Development.
(24) Deputy, Health and Welfare Agency.

SEC. 60. Section 8250.1 of the Government Code is amended to read:

8250.1. The Legislature further finds all of the following:

(a) The California Commission on Crime Control and Violence Prevention, a laypersons' commission, established by Chapter 990 of the Statutes of 1979 (AB 23), is model legislation which resulted in the publication of the final report "Ounces of Prevention" now widely accepted by universities and the law enforcement community throughout California as one of the most important and seminal studies on the root causes and prevention of violence and criminal behavior.

(b) The findings of the Commission on Crime Control and Violence Prevention included scientific evidence of the correlation between violent antisocial behavior and a lack of self-esteem, to wit: "A lack of self-esteem, negative or criminal self-image and feelings of distrust and personal powerlessness are prevalent among violent offenders and highly recidivistic criminals."

(c) Such a limited, short-term citizens' effort is proving to be a cost-efficient way in which citizens can, through our government, assist all Californians to better understand and get to the roots of our problems.

(d) As a result of this commission's efforts, in 1984 legislation was passed overwhelmingly by both houses of the Legislature and signed into law by Governor George Deukmejian, whereby the State of California is, in cooperation with major foundations and corporations, currently providing matching funds under the auspices of the Office of Criminal Justice Planning. Californians Preventing Violence, a statewide nonprofit organization founded to more fully realize the recommendations of the commission, and to initiate pilot projects at the community level, is one of the agencies receiving these matching funds. Californians Preventing Violence today provides education, training, and technical assistance to individuals and community organizations in furtherance of the commission's findings and recommendations. There exists a high degree of professional and public approval for the work of Californians Preventing Violence in the pilot community program as well as in promoting the commission's recommendations statewide.

(e) As a model for legislation of far-reaching impact and importance in truly addressing the root causes of our social problems, the California Commission on Crime Control and Violence Prevention, the "Ounces of Prevention" report, and the public-private partnership of the resultant pilot project conducted by Californians Preventing Violence are proving to be cost-effective and sound problem-solving tools.

(f) A California Task Force to Promote Self-Esteem, Personal and Social Responsibility could be modeled after this successful prototype, and would offer an equally hopeful, cost-effective, and sound process to educate all Californians about the causes and prevention of social problems, and to promote the exercise of responsible citizenship among Californians.

SEC. 61. Section 8256 of the Government Code, as added by Chapter 1065 of the Statutes of 1986, is amended and renumbered to read:

8255.5. This chapter shall become inoperative on July 1, 1990, and, as of January 1, 1991, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 62. Section 8876 of the Government Code is amended and renumbered to read:

8875.1. A program is hereby established within all cities, both general law and chartered, and all counties and portions thereof located within seismic zone 4, as defined and illustrated in Chapter 2-23 of Part 2 of Title 24 of the California Administrative Code, to identify all potentially hazardous buildings and to establish a program for mitigation of identified potentially hazardous buildings.

By September 1, 1987, the Seismic Safety Commission, in cooperation with the League of California Cities, the County Supervisors Association of California, and California building officials, shall prepare an advisory report for local jurisdictions containing criteria and procedures for purposes of Section 8875.2.

SEC. 63. Section 8877 of the Government Code is amended and renumbered to read:

8875.2. Local building departments shall do all of the following:

(a) Identify all potentially hazardous buildings within their respective jurisdictions on or before January 1, 1990. This identification shall include current building use and daily occupancy load. In regard to identifying and inventorying the buildings, the local building departments may establish a schedule of fees to recover the costs of identifying potentially hazardous buildings and carrying out this chapter.

(b) Establish a mitigation program for potentially hazardous buildings to include notification to the legal owner that the building is considered to be one of a general type of structure that historically has exhibited little resistance to earthquake motion. The mitigation program may include the adoption by ordinance of a hazardous buildings program, measures to strengthen buildings, measures to change the use to acceptable occupancy levels or to demolish the building, tax incentives available for seismic rehabilitation, low-cost seismic rehabilitation loans available under Division 32 (commencing with Section 55000) of the Health and Safety Code, application of structural standards necessary to provide for life safety above current code requirements, and other incentives to repair the buildings which are available from federal, state, and local programs. Compliance with an adopted hazardous buildings ordinance or mitigation program shall be the responsibility of building owners.

Nothing in this chapter makes any state building subject to a local building mitigation program or makes the state or any local government responsible for paying the cost of strengthening a privately owned structure, reducing the occupancy, demolishing a structure, preparing engineering or architectural analysis, investigation, or design, or other costs associated with compliance of locally adopted mitigation programs.

(c) By January 1, 1990, all information regarding potentially hazardous buildings and all hazardous building mitigation programs shall be reported to the appropriate legislative body of a city or county and filed with the Seismic Safety Commission.

SEC. 64. Section 8878 of the Government Code is amended and renumbered to read:

8875.3. Local jurisdictions undertaking inventories and providing structural evaluations of potentially hazardous buildings pursuant to this chapter shall have the same immunity from liability for action or inaction taken pursuant to this chapter as is provided by Section 19167 of the Health and Safety Code for action or failure to take any action pursuant to Article 4 (commencing with Section 19160) of Chapter 2 of Part 3 of Division 13 of the Health and Safety Code.

SEC. 65. Section 8879 of the Government Code is amended and renumbered to read:

8875.4. The Seismic Safety Commission shall report annually, commencing on or before June 30, 1987, to the Legislature on the

filing of mitigation programs from local jurisdictions. The annual report required by this section shall review and assess the effectiveness of building reconstruction standards adopted by cities and counties pursuant to this article and shall supersede the reporting requirement pursuant to Section 19169 of the Health and Safety Code.

SEC. 66. Section 8879.5 of the Government Code is amended and renumbered to read:

8875.5. The Seismic Safety Commission shall coordinate the earthquake-related responsibilities of government agencies imposed by this chapter to ensure compliance with the purposes of this chapter.

SEC. 67. Section 11290 of the Government Code is amended to read:

11290. The Department of General Services may fix the cost or pro rata share, or in its discretion an amount it considers equivalent to the cost or pro rata share, and collect from each state agency in advance or upon any other basis that it may determine:

(a) The cost of insuring motor vehicles belonging to the state agency against liability for damages resulting from the ownership or operation of motor vehicles and arising under Article 1 (commencing with Section 17000) of Chapter 1 of Division 9 of the Vehicle Code or an amount to be expended by the Department of General Services in accordance with law in paying claims under that article and for their investigation, adjustment, defense and administration.

(b) Rent for the use or occupancy of space in any building owned, managed or controlled by the state and used by the state agency in carrying out its work and affairs.

(c) The cost of janitor and maintenance service rendered to the state agency to enable it to carry out its work and affairs.

(d) The cost of workers' compensation insurance and bonds covering the officers, employees and servants of the state agency, and the cost of liability, fire, and other types of insurance or bonds.

(e) The cost of all other services rendered to the state agency.

SEC. 68. Section 11554 of the Government Code is amended to read:

11554. Effective July 1, 1984, an annual salary of sixty thousand dollars ($60,000) shall be paid to each of the following:

(a) Director of Conservation.
(b) Director of Fish and Game.
(c) Director of Parks and Recreation.
(d) Director of Rehabilitation.
(e) Director of Veterans Affairs.
(f) Director of Consumer Affairs.
(g) Director of the Department of Economic Opportunity.
(h) State Architect.
(i) Director of Forestry.
(j) Director of Fair Employment and Housing.

On July 1, the annual compensation provided by this section shall be increased in any fiscal year in which a cost-of-living increase is provided for state employees. The amount of the increase provided by this section shall be determined by multiplying the then current compensation by the percentage of the general cost-of-living salary increases provided for state employees during that fiscal year.

SEC. 69. The heading of Article 8 (commencing with Section 12085) of Chapter 1 of Part 2 of Division 3 of Title 2 of the Government Code is amended to read:

Article 8. Department of Economic Opportunity

SEC. 70. Section 14038 of the Government Code is amended to read:

14038. (a) The department may purchase, sell, and lease rail passenger cars and locomotives and other self-propelled rail vehicles.

(b) The department may acquire, lease, design, construct, and improve track lines and related facilities, and the department may contract with the private sector for the design, improvement, or construction of track lines and related facilities. If a railroad corporation refuses to allow improvements to tracks and related facilities, the Public Utilities Commission shall, within 60 days after application by the department, order the institution of those improvements, if it finds that the improvements are necessary to the safety of the railroad corporation's employees, passengers, customers, and the public, and the operating efficiency of the service for which they are requested.

(c) All purchases authorized by this section shall be made in accordance with Article 2 (commencing with Section 14790) of Chapter 6 of Part 5.5 of Division 3 of Title 2, except that the department shall perform the tasks set forth therein for the Department of General Services.

(d) Any facility or equipment acquired or improved by any entity with funds made available to it pursuant to this section shall become the property of that entity at the time and under the conditions as are agreed upon by the department in the agreement that makes the funds available to the entity. Section 14780 does not apply to any agreement entered into pursuant to this section.

(e) The department shall deposit in the Passenger Equipment Acquisition Fund, for expenditure pursuant to Section 14066, the net proceeds from the sale of rail passenger cars and locomotives and other self-propelled rail vehicles.

SEC. 71. Section 14998.15 of the Government Code is amended to read:

14998.15. (a) In keeping with the intent of Section 14998.7, there is hereby established the Southern California Public-Private Film Commission whose purposes shall be to create a regional permit pilot project and to act as a liaison between the motion picture industry and local government. As used in this section, "motion picture

industry" includes television and commercials.

(b) The Southern California Public-Private Film Commission shall be a joint powers agency, pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, and may represent the six-county region covered by the Southern California Association of Governments.

(c) The membership and staffing of the Southern California Public-Private Film Commission shall be determined by the entities participating in the joint powers agreement.

(d) This section shall remain in effect only until January 1, 1991, and as of that date is repealed.

SEC. 72. Section 15365 of the Government Code, as added by Chapter 654 of the Statutes of 1979, is amended and renumbered to read:

15366. This chapter shall be known and may be cited as the Business License Information Act of 1979.

SEC. 73. Section 15366 of the Government Code is amended and renumbered to read:

15366.5. It is the intent of the Legislature that the informational functions to be provided by state agencies under this chapter shall be accomplished by existing employees in the agencies who already handle inquiries relating to license or permit requirements of the particular agency and should not necessitate additional budgeted positions. This chapter will allow agencies to more effectively and efficiently carry out duties and services to the public that they are or should currently be performing.

SEC. 74. Section 15373 of the Government Code, as added by Chapter 654 of the Statutes of 1979, is amended and renumbered to read:

15372.5. The failure to satisfy a permit, license, or registration requirement shall not be excused for the reason that the requirement does not appear in a handbook.

SEC. 75. Section 16367.7 of the Government Code is amended to read:

16367.7. Whenever the Department of Economic Opportunity does not allocate Energy Crisis Intervention Program funds on schedule to a community-based organization or community action agency and the organization or agency finds it necessary to obtain a loan in order to cover its program costs, the department shall pay any interest charges on the loan out of the funds budgeted for the administration of the department, unless the failure to allocate is due to an incomplete application or report and the department promptly gives notice of this fact to the organization or agency.

Any interest payable by the department pursuant to this section shall be paid by the Controller to the organization or agency from available funds in the department's budget. If any interest charge is paid by the department pursuant to this section, the department shall report this fact to the Legislature and describe what actions are being taken to prevent additional payments of interest charges.

SEC. 76. Section 16650 of the Government Code, as added by Chapter 1254 of the Statutes of 1986, is amended and renumbered to read:

16649.5. Present, future, and former Regents of the University of California, jointly and individually, officers and employees of the University of California, and investment managers under contract with the University of California shall be indemnified from the General Fund by the State of California from all claims, demands, suits, actions, damages, judgments, costs, charges and expenses, including court costs and attorney's fees and against all liability, losses, and damages of any nature whatsoever that these present, future, or former regents, officers, employees, or contract investment managers shall or may at any time sustain by reason of any decision to restrict, reduce, or eliminate university investments in business firms with business operations in South Africa or business arrangements with the government of South Africa or investments in financial institutions extending credit to the government of South Africa or South African corporations.

SEC. 77. Section 19064 of the Government Code is amended and renumbered to read:

19062.3. An employee holding a full- or part-time appointment shall be entitled to the amount of employment specified at the time of the appointment, subject to provisions of law and rule governing work force reduction and separation from civil service positions.

SEC. 78. Section 19065 of the Government Code is amended and renumbered to read:

19062.5. The board may establish rules specifying minimum service and eligibility requirements governing movement of employees between full-time, part-time, and intermittent positions.

SEC. 79. Section 19879.1 of the Government Code is amended to read:

19879.1. (a) For the purpose of this section, an eligible employee is an employee designated managerial by the Department of Personnel Administration under subdivision (e) of Section 3513 and Section 18801.1, a nonelected officer of the executive branch of government exempt from civil service designated by the department as eligible to receive managerial benefits, or a State Traffic Sergeant in the California Highway Patrol.

(b) Notwithstanding any other provision of this article, an eligible employee who has enrolled in the annual leave program under Article 2.5 (commencing with Section 19858.3) shall receive nonindustrial disability leave benefits in accordance with all of the following:

(1) A disabled employee shall be eligible to receive Nonindustrial Disability Insurance benefits in an amount equal to one-half full pay, 50 percent of gross salary.

(2) A disabled employee shall be eligible to receive Nonindustrial Disability Insurance benefits without being required to use any sick leave accrued under Article 3 (commencing with Section 19859) or

annual leave accrued under Article 2.5 (commencing with Section 19858.3) unless the employee, in his or her sole discretion, elects to use sick leave or annual leave in lieu of receiving benefits.

(3) If the employee elects to use sick leave or annual leave credits prior to receiving Nonindustrial Disability Insurance payments, he or she shall not be required to exhaust the accrued leave balance.

(4) Following the start of Nonindustrial Disability Insurance payments, an employee may at any time change from the receipt of Nonindustrial Disability Insurance payments to the utilization of sick leave or annual leave. Once such an election is made, the employee may not recommence receiving Nonindustrial Disability Insurance payments until that leave is exhausted.

(5) In accordance with the state's return to work policy, an employee who is eligible to receive Nonindustrial Disability Insurance benefits and who is medically certified as unable to return to his or her full-time work during the period of his or her disability, may, with medical approval, and at the discretion of his or her appointing power, work up to the number of hours, in hour increments, which when combined with his or her Nonindustrial Disability Insurance benefits will result in a salary which does not exceed 100 percent of his or her regular full pay.

(6) If an employee refuses to return to work in a position offered by the employer under the state's Injured State Worker Assistance Program, Nonindustrial Disability Insurance benefits shall be terminated effective as of the date of the offer.

(7) An employee may with his or her department head's approval elect to supplement Nonindustrial Disablity Insurance benefits with sick or annual leave up to 100 percent of his or her regular full pay.

SEC. 80. Section 20017.12 of the Government Code is amended and renumbered to read:

20017.91. "State safety member" shall also include persons employed under the title of "campus firefighter" who performed active firefighting duties for the state on April 1, 1973, and who, on January 1, 1979, performed those duties for a local agency providing fire protection under contract to the state.

The campus firefighter may elect by a writing filed with the board prior to December 31, 1979, to be restored to his or her previous status as a state miscellaneous member with respect to that service. Upon the filing of the election, the service shall cease to be state safety member service and the campus firefighter's rights and obligations shall be adjusted accordingly and his or her status shall be the same as if this section had not been enacted.

SEC. 81. Section 20126 of the Government Code is amended to read:

20126. The board may enter into an agreement with the State Compensation Insurance Fund under which the latter shall represent the retirement system, as its agent, or the Attorney General under which the latter shall represent the retirement system, in proceedings instituted or to be instituted before the

Workers' Compensation Appeals Board as may be referred to it by the board to determine whether the death or disability of a member is industrial. The agreed cost of this service and the expenses incidental thereto shall be paid from the Retirement Fund, except that there shall be no charge to the retirement system by the Attorney General in cases involving members of the system who are employees of the General Fund state agencies.

SEC. 82. Article 3.5 (commencing with Section 20540) of Chapter 4 of Part 3 of Division 5 of Title 2 of the Government Code, as added by Chapter 1458 of the Statutes of 1986, is repealed.

SEC. 83. Article 3.7 (commencing with Section 20550) is added to Chapter 4 of Part 3 of Division 5 of Title 2 of the Government Code, to read:

Article 3.7. Alternative Return of Contributions Benefit Plan

20550. The board shall investigate the feasibility of developing an additional benefit plan under this part to consist of a return of contributions benefit plan.

The board shall consult with contracting agencies, representatives of employee organizations of contracting agencies, and appropriate legislative staff members in conjunction with this investigation.

SEC. 84. Section 51282.3 of the Government Code, as added by Chapter 764 of the Statutes of 1980, is repealed.

SEC. 85. Section 53590 of the Government Code, as added by Section 20 of Chapter 1033 of the Statutes of 1985, is amended and renumbered to read:

53589.5. An action may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of any issuance or proposed issuance of refunding bonds under this article, and the legality and validity of all proceedings previously taken or proposed to be taken in a resolution or ordinance adopted by the local agency for the authorization, issuance, sale, and delivery of the bonds, for entering into any credit reimbursement or other agreement in connection therewith, for the use of the proceeds of the bonds, and for the payment of the principal of, and interest on, the bonds.

SEC. 86. Section 53651.2 of the Government Code is amended to read:

53651.2. (a) To be an eligible security under subdivision (m) of Section 53651, a promissory note placed in a securities pool on or after January 1, 1987, shall comply with all of the following provisions:

(1) Each promissory note shall be secured by a first mortgage or first trust deed on improved 1 to 4 unit residential real property located in California, shall be fully amortized over the term of the note, and shall have a term of no more than 30 years. No promissory note shall provide for negative amortization.

(2) Each promissory note shall be eligible for sale to the Federal National Mortgage Association, the Government National Mortgage

Association, or the Federal Home Loan Mortgage Corporation; provided, however, that up to 25 percent of the total dollar amount of any promissory note securities pool established pursuant to Section 53658 may consist of promissory notes with loan amounts which exceed the maximum amounts eligible for purchase by the Federal National Mortgage Association, the Government National Mortgage Association, or the Federal Home Loan Mortgage Corporation, but which do not exceed: (i) five hundred thousand dollars ($500,000) in the case of a single family dwelling; (ii) one million dollars ($1,000,000) in the case of a 2, 3, or 4 unit dwelling.

(b) To be an eligible security under subdivision (m) of Section 53651, a promissory note which was placed in a securities pool on or before December 31, 1986, and which remains in that securities pool continuously thereafter shall comply with all the requirements of subdivision (m) of Section 53651, as in effect on December 31, 1986, and of the regulations of the administrator adopted under that subdivision (m), as in effect on December 31, 1986.

(c) The following shall not constitute eligible securities under subdivision (m) of Section 53651:

(1) Any promissory note on which any payment is more than 90 days past due.

(2) Any promissory note secured by a mortgage or deed of trust as to which there is a lien prior to the mortgage or deed of trust. For the purposes of this paragraph, no lien specified in Section 766 of the Financial Code shall be considered a prior encumbrance unless any installment or payment thereunder (other than a rental or royalty under a lease) is due and delinquent.

(3) Any promissory note secured by a mortgage or deed of trust as to which a notice of default has been recorded pursuant to Section 2924 of the Civil Code or an action has been commenced pursuant to Section 725a of the Code of Civil Procedure.

(d) The depository may exercise, enforce, or waive any right granted to it by the promissory note, mortgage, or deed of trust.

(e) For purposes of this article, the market value of a promissory note which is an eligible security under subdivision (m) of Section 53651, shall be determined in accordance with the regulations adopted by the Treasurer under paragraph (2) of subdivision (m) of Section 53651, as the regulations and statute were in effect on December 31, 1986. However, if and when regulations on the subject are adopted by the administrator, the market value shall be determined in accordance with those regulations of the administrator.

SEC. 87. Section 53730 of the Government Code, as added by Chapter 81 of the Statutes of 1949, is amended and renumbered to read:

53730.5. As used in this article, "local agency" means a city, county, or district empowered to levy and collect assessments or taxes.

SEC. 88. The heading of Division 2 (commencing with Section

58000) of Title 6 of the Government Code is amended and renumbered to read:

DIVISION 1. GENERAL

SEC. 89. The heading of Division 2.5 (commencing with Section 60400) of Title 6 of the Government Code is amended and renumbered to read:

DIVISION 2. ROSSMOOR SPECIAL COMMUNITY SERVICES DISTRICT

SEC. 90. Section 61765.11 of the Government Code, as added by Chapter 313 of the Statutes of 1986, is amended and renumbered to read:

61765.12. Notwithstanding Section 61765, in the Descanso Community Water District, the water standby or availability charge shall not exceed forty dollars ($40) per year for each acre of land on which the charge is levied or forty dollars ($40) per year for a parcel less than one acre.

This section, applicable only to the Descanso Community Water District, is necessary because of the unique and special water management and financing problems in the area included within the district.

SEC. 91. Section 61780 of the Government Code is amended to read:

61780. Upon the establishment of a zone, bonds may be issued for purposes of benefiting the zones in accordance with Chapter 4 (commencing with Section 61650) of Part 5 or the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5).

SEC. 92. Section 68081 of the Government Code is amended to read:

68081. Before the Supreme Court, a court of appeal, or the appellate department of a superior court renders a decision in a proceeding other than a summary denial of a petition for an extraordinary writ, based upon an issue which was not proposed or briefed by any party to the proceeding, the court shall afford the parties an opportunity to present their views on the matter through supplemental briefing. If the court fails to afford that opportunity, a rehearing shall be ordered upon timely petition of any party.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 93. The heading of Chapter 2.5 (commencing with Section 68701) of Title 8 of the Government Code is amended to read:

CHAPTER 2.5. COMMISSION ON JUDICIAL PERFORMANCE

SEC. 94. Section 69906 of the Government Code, as added by Chapter 775 of the Statutes of 1984, is amended and renumbered to read:

69906.5. Notwithstanding Section 270 of the Welfare and Institutions Code, in Mendocino County the offices of assistant probation officer and deputy probation officer, or either of them, shall exist only if established by an ordinance adopted by the board of supervisors; and the probation officer may appoint one or more deputy or assistant probation officers only if the positions have been authorized by the board of supervisors.

SEC. 95. Section 69950 of the Government Code is amended to read:

69950. The fee for transcription for original ribbon copy is seventy cents ($0.70) for each 100 words, and for each copy for the party buying the original made at the same time, ten cents ($0.10) for each 100 words. The fee for a first copy to any other person shall be twenty cents ($0.20) for each 100 words, and for each additional copy, made at the same time, ten cents ($0.10) for each 100 words.

SEC. 96. Section 73485 of the Government Code is amended to read:

73485. The marshal may appoint:

(a) Four deputy marshals.

(b) One clerk-typist II.

(c) One clerk-typist I.

SEC. 97. Section 75030.5 of the Government Code is amended to read:

75030.5. Any judge who first becomes a judge on or after May 1, 1962, and who has served as an elected state constitutional officer before becoming a judge, or any judge who first became a judge prior to that date who has served as a constitutional officer or as a public legal officer before becoming a judge, has a right to elect, by written election filed with the Judges' Retirement System at any time prior to retirement, to make contributions pursuant to this section for, and receive credit in this system as, service for all or any part of the time he or she served as that officer, excluding any period of time for which the judge is receiving, or is entitled to receive, a retirement allowance from any other public retirement system.

As used in this chapter, the term "elected state constitutional officer" means the holder of the office of Member of the Senate or Assembly, Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Superintendent of Public Instruction, or member of the State Board of Equalization.

As used in this chapter, the term "constitutional officer" means the holder of an office created by the California Constitution, and "public legal officer" means the holder of any legal office of the state or any agency of the state or of any county or city in the state who is paid a salary or other fixed regular compensation and who is

admitted and licensed to practice law in the State of California during the time of holding the office and whose principal duties in the office are legal in nature, such as the Attorney General, Legislative Counsel, Commissioner of Corporations, a district attorney, county counsel, city attorney, city prosecutor, public defender, or a deputy of any such office, or a secretary to the Governor whose duties include the hearing of extradition matters, admitted and licensed to practice law in the State of California during the time of holding the office and whose principal duties in the office are legal in nature.

Every judge electing to receive credit for service pursuant to this section shall at the time of filing his or her election, and as a condition to receiving that credit, pay into the Judges' Retirement Fund a sum equal to the amount which would have been deducted from his or her salary and paid into that fund pursuant to Section 75102 had he or she been a judge during the time for which he or she elects to receive credit for service, computed by applying the rates of deduction applicable to judges' salaries during that time to the rate of salary the judge actually received during the first year as a judge, plus interest at 3 percent a year, to the date of his or her payment, upon the amounts of the deductions and from the respective dates they would have been paid had he or she been a judge during the time for which he or she elects to receive credit for service. The amount and interest shall be determined by the Judges' Retirement System in accordance with this section. Funds transferred to the Judges' Retirement Fund pursuant to Section 9356.5 shall be deducted from the payment. Any funds so transferred which are in excess of the amount required by this section shall be refunded to the judge.

This section shall not apply to any person who, on or after January 1, 1986, first becomes or continues as an elected state constitutional officer, in a term which commences on or after January 1, 1986.

SEC. 98. Section 75060 of the Government Code is amended to read:

75060. (a) Any judge who is unable to discharge efficiently the duties of his or her office by reason of mental or physical disability that is or is likely to become permanent may, with his or her consent and with the approval of the Chief Justice or Acting Chief Justice and the Commission on Judicial Performance, be retired from office. The consent of the judge shall be made on a written application to the Commission on Judicial Performance. The retirement shall be effective upon approval by the designated officers, except as provided in subdivision (b). A certificate evidencing the approval shall be filed with the Secretary of State. Upon the filing of the certificate, a successor shall be appointed to fill the vacancy.

(b) Any judge who dies after executing an application evidencing his or her consent that has been received in the office of the commission and before the approval of both of the designated officers has been obtained shall be deemed to have retired on the

date of his or her death if the designated officers, prior to the filling of the vacancy created by the judge's death, file with the Secretary of State their certificate of approval.

(c) No retirement under this section may be approved unless a written statement by a physician or psychiatrist that he or she has personally examined the judge applying for retirement under this section and that he or she is of the opinion that the judge is unable to discharge efficiently the duties of the judge's office by reason of a mental or physical disability that is or is likely to become permanent is presented to the persons having the responsibility to approve or disapprove the retirement.

SEC. 99. Section 294 of the Harbors and Navigation Code is amended to read:

294. (a) Any person responsible for natural gas, oil, drilling waste, or exploration, as defined in paragraph (4) of subdivision (g), shall be absolutely liable without regard to fault for any damages incurred by any injured party which arise out of, or are caused by, the discharge or leaking of natural gas, oil, or drilling waste into or onto marine waters, or by any exploration in or upon marine waters, from any of the following sources:

(1) Any offshore well or undersea site at which there is exploration for or extraction or recovery of natural gas or oil.

(2) Any offshore facility, oil rig, or oil platform at which there is exploration for, or extraction, recovery, processing, or storage of, natural gas or oil.

(3) Any vessel offshore in which natural gas, oil, or drilling waste is transported, processed, or stored.

(4) Any pipeline located offshore in which natural gas, oil, or drilling waste is transported.

(b) A responsible person is not liable to an injured party under this section for any of the following:

(1) Damages, other than costs of removal incurred by the state or a local government, caused solely by any act of war, hostilities, civil war, or insurrection or by an unanticipated grave natural disaster or other act of God of an exceptional, inevitable, and irresistible character, which could not have been prevented or avoided by the exercise of due care or foresight.

(2) Damages caused solely by the negligence or intentional malfeasance of that injured party.

(3) Damages caused solely by the criminal act of a third party other than the defendant or an agent or employee of the defendant.

(4) Natural seepage not caused by a responsible party.

(5) Discharge or leaking of oil or natural gas from a private pleasure boat or vessel.

(6) Damages which arise out of, or are caused by, a discharge which is authorized by a state or federal permit.

(c) Upon motion and sufficient showing by a person deemed to be responsible under this section, the court shall join to the action any other person who may be responsible under this section.

(d) In determining whether a party is a responsible person under this section, the court shall consider the results of any chemical or other scientific tests conducted to determine whether oil or other substances produced, discharged, or controlled by the defendant matches the oil or other substance which caused the damage to the injured party. The defendant shall have the burden of producing the results of tests of samples of the substance which caused the injury and of substances for which the defendant is responsible, unless it is not possible to conduct the tests because of unavailability of samples to test or because the substance is not one for which reliable tests have been developed. At the request of any party, any other party shall provide samples of oil or other substances within its possession or control for testing.

(e) The court may award reasonable costs of the suit, attorneys' fees, and the costs of any necessary expert witnesses, to any prevailing plaintiff. The court may award reasonable costs of the suit and attorneys' fees to any prevailing defendant if the court finds that the plaintiff commenced or prosecuted the suit under this section in bad faith or solely for purposes of harassing the defendant.

(f) This section does not prohibit any person from bringing an action for damages caused by natural gas, oil, or drilling waste, or by exploration, under any other provision or principle of law, including, but not limited to, common law. However, damages shall not be awarded pursuant to this section to an injured party for any loss or injury for which the party is or has been awarded damages under any other provision or principle of law. Subdivision (b) does not create any defense not otherwise available regarding any action brought under any other provision or principle of law, including, but not limited to, common law.

(g) As used in this section, the following definitions apply:

(1) "Damages" are damages for any of the following:

(A) Injury or harm to real or personal property.

(B) Business loss, including loss of income.

(C) Costs of cleanup, removal, or treatment of natural gas, oil, or drilling waste.

(D) Cost of wildlife rehabilitation.

(E) When the injured party is the state, or a city, county, or district, in addition to any injury described in subparagraphs (A) to (D), inclusive, damages include all of the following:

(i) Injury to natural resources or wildlife, and loss of use and enjoyment of public beaches and other public resources or facilities, within the jurisdiction of the state, city, county, or district.

(ii) Costs incurred to monitor the cleanup of the natural gas, oil, or drilling waste.

(iii) Loss of taxes.

(iv) Costs to assess damages to natural resources, wildlife, or habitat.

(2) "Injured party" means any person who suffers damages from natural gas, oil, or drilling waste, which is discharged or leaks into

marine waters, or from offshore exploration. The state, or a city, county, or district, may be an injured party.

(3) "Natural gas" includes natural gas, liquified natural gas, and natural gas byproducts. "Natural gas" does not include natural gas carried in a vessel for use as fuel in that vessel.

(4) "Exploration" means boring and soil sampling.

(5) "Oil" and "drilling wastes" include, but are not limited to, petroleum, refined or processed petroleum, petroleum byproducts, oil sludge, oil refuse, oil mixed with wastes, and chemicals or other materials used in the exploration, recovery, or processing of oil. "Oil" does not include oil carried in a vessel for use as fuel in that vessel.

(6) "Person" means an individual, proprietorship, firm, partnership, joint venture, corporation, or other business entity, or an association or other organization.

(7) "Responsible person" means any of the following:

(A) The owner or transporter of natural gas, oil, or drilling waste which causes an injury covered by this section.

(B) The owner, operator, or lessee of, or person who charters by demise, any offshore well, undersea site, facility, oil rig, oil platform, vessel, or pipeline which is the source of natural gas, oil, drilling waste, or is the source or location of exploration which causes an injury covered by this section.

"Responsible party" does not include the United States, the state, or any public agency.

(h) Liability under this section shall be joint and several. However, this section does not bar a cause of action that a responsible party has or would have, by reason of subrogation or otherwise, against any person.

(i) Section 3291 of the Civil Code applies to actions brought under this section.

(j) This section does not apply to claims for damages for personal injury or wrongful death, and does not limit the right of any person to bring an action for personal injury or wrongful death under any provision or theory of law.

SEC. 100. Section 5950 of the Harbors and Navigation Code, as added by Chapter 195 of the Statutes of 1986, is amended and renumbered to read:

5950.5. The board of supervisors of any harbor improvement district organized and existing pursuant to Part 2 (commencing with Section 5800) may authorize the district to acquire, develop, operate, and maintain inland parks and recreation areas pursuant to this chapter.

SEC. 101. The heading of Chapter 1.11 (commencing with Section 199.7) of Part 1 of Division 1 of the Health and Safety Code is amended and renumbered to read:

CHAPTER 1.16. CALIFORNIA AIDS PROGRAM (CAP)

SEC. 102. Section 199.7 of the Health and Safety Code is amended and renumbered to read:

199.70. The intent of the Legislature in enacting this chapter is as follows:

(a) To fund specified pilot AIDS education programs.

(b) To fund pilot projects to demonstrate the value of noninstitutional health care services such as hospice, home health, and attendant care in controlling costs and providing humane care to people with AIDS and AIDS-related conditions.

(c) To fund clinical research.

(d) To fund the development of an AIDS Mental Health Project.

(e) To fund specified needs assessments, studies, and program evaluations.

(f) To authorize the use of funds appropriated by Section 6 of Chapter 23 of the Statutes of 1985 for preventive education for individuals who are seropositive as a result of antibody testing.

(g) To promote broad-based support for AIDS programs by encouraging community level networking and coordination of efforts among private sector, nonprofit, and public service agencies as well as health care professionals and providers of essential services.

SEC. 103. Section 199.33 of the Health and Safety Code is amended to read:

199.33. Notwithstanding Section 199.31, whether or not the research subject, with respect to whom any confidential research record is maintained, gives prior written consent, the content of the confidential research record may be disclosed in any of the following situations:

(a) To medical personnel to the extent it is necessary to meet a bona fide medical emergency of a research subject.

(b) To the state department to the extent necessary for the conduct of a special investigation pursuant to Section 211, in which case the confidentiality provisions of Chapter 1.13 (commencing with Section 199.42) shall apply.

SEC. 104. Chapter 1.13 (commencing with Section 199.45) of Part 1 of Division 1 of the Health and Safety Code is repealed.

SEC. 105. Chapter 1.13 (commencing with Section 199.42) is added to Part 1 of Division 1 of the Health and Safety Code, to read:

CHAPTER 1.13. ACQUIRED IMMUNE DEFICIENCY SYNDROME PUBLIC HEALTH RECORDS CONFIDENTIALITY ACT

199.42. (a) Public health records relating to acquired immune deficiency syndrome (AIDS), containing personally identifying information, which were developed or acquired by state or local public health agencies shall be confidential and shall not be disclosed, except as otherwise provided by law for public health purposes or pursuant to a written authorization by the person who is the subject

of the record or by his or her guardian or conservator.

(b) State or local public health agencies may disclose personally identifying information in public health records, as described in subdivision (a), to other local, state, or federal public health agencies or to corroborating medical researchers, when the confidential information is necessary to carry out the duties of the agency or researcher in the investigation, control, or surveillance of disease, as determined by the state or local public health agency.

(c) Any disclosure authorized by subdivision (a) or (b) shall include only the information necessary for the purpose of that disclosure and shall be made only upon agreement that the information will be kept confidential and will not be further disclosed without written authorization, as described in subdivision (a).

(d) No confidential public health record, as described in subdivision (a), shall be disclosed, discoverable, or compelled to be produced in any civil, criminal, administrative, or other proceeding.

(e) Any person who willfully or maliciously discloses the content of any confidential public health record, as described in subdivision (a), to any third party, except pursuant to a written authorization, as described in subdivision (a), or as otherwise authorized by law, shall be subject to a civil penalty in an amount not less than one thousand dollars ($1,000) and not more than five thousand dollars ($5,000) plus court costs, as determined by the court, which penalty and costs shall be paid to the person whose record was disclosed.

(f) In the event that a public health record, as described in subdivision (a), is disclosed, the information shall not be used to determine employability, or insurability of any person.

199.43. (a) To the extent Chapter 1.11 (commencing with Section 199.20) and Chapter 1.12 (commencing with Section 199.30) apply to records or information which would be covered by this chapter, Chapters 1.11 and 1.12 shall supersede this chapter.

(b) This chapter supersedes Section 211.5 to the extent it applies to records or information covered by Section 211 or 211.5.

199.44. For purposes of this chapter:

(a) "Disclosed" or "disclosure" or "discloses" has the same meaning as set forth in subdivision (b) of Section 199.40.

(b) "State or local public health agencies" are the State Department of Health Services, and any local entity that a health officer, as defined in Section 3000, serves.

SEC. 106. The heading of Chapter 1.15 (commencing with Section 199.81) of Part 1 of Division 1 of the Health and Safety Code is amended and renumbered to read:

CHAPTER 1.17. AIDS INFORMATION

SEC. 107. The heading of Article 1.6 (commencing with Section 235) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, immediately preceding Section 235, is added and renumbered,

to read:

Article 1.8. Nutrition

SEC. 108. Section 237 of the Health and Safety Code is amended to read:

237. (a) The State Department of Health Services shall assess the availability and adequacy of existing state and local food and nutrition data systems. All state departments and agencies which are required to provide data pursuant to this article are encouraged to participate to the fullest extent possible in all aspects of this program and to make their data available to counties upon request.

(b) The state departments from which existing data shall be provided for project purposes shall include the State Departments of Health Services, Aging, Education, and Social Services. Upon request of the State Department of Health Services, these departments shall provide existing nutrition-related data collection forms, documentation, and reports, including, but not limited to, the following programs:

(1) In the Department of Aging: Congregate Nutrition Services, Home Delivered Nutrition Services, and the Brown Bag Network.

(2) In the State Department of Education: National School Lunch Program, the National School Breakfast Program, the Child Care Food Program, the Special Milk Program, the Nutrition Education and Training Program, and the various commodities programs.

(3) In the State Department of Health Services: Special Supplemental Food Program for Women, Infants and Children (WIC), the Comprehensive Perinatal Care Program, the Genetics Disease Program, the Child Health and Disability Prevention Program, California Children's Services, County Health Services, Primary Health Services Development, Indian Health Program, Medical Care Services (Medi-Cal), Adult Health, and Vital Statistics.

(4) In the State Department of Social Services: the Food Stamp Program.

(c) The state department may require any other state agency, department, board, or commission, with the exception of the University of California, to provide existing nutrition-related data, as described in this article. The state department may request the University of California to provide this data in the case of the University of California Cooperative Extension Program, the Home Economics Program, and the Expanded Food and Nutrition Education Program. Additionally, other programs in local government and the private sector, such as local public health and social services departments, food banks, pantries, and meal programs, voluntary health organizations, and charitable social service agencies shall be encouraged to provide available nutrition monitoring information.

SEC. 109. Section 239 of the Health and Safety Code is amended to read:

239. The state department shall analyze the results of the California Nutrition Monitoring Development Act of 1986 in a report to the Governor and the Legislature. Where feasible and appropriate, other reports on nutritional status within the state department shall be consolidated into one nutrition monitoring report. This report shall include all of the following components:

(a) The types of data to be collected and reported on shall include, but are not limited to, the data described in Section 236 for purposes of carrying out this article.

(b) Based upon the findings of subdivision (a), the state department shall identify those areas in which existing data is meeting user needs, areas in which users have identified deficiencies or inefficiencies, and areas in which data collection efforts are not occurring. The state department shall recommend specifications for a suitable data system using microcomputer technology where feasible. The system shall involve state and local government agencies and the private sector.

(c) Using the data collected in subdivisions (a) and (b), the state department shall identify options for providing data of the type and timeliness needed by local users.

(d) The state department shall submit its report and recommendations to the Governor and the Legislature no later than January 1, 1988.

SEC. 110. Section 437.07 of the Health and Safety Code is amended to read:

437.07. (a) In order to effectively implement the provisions of this part, the Legislature finds that it is indispensable that providers of health care be free to engage in voluntary, cooperative efforts with consumers, government, or other providers of health care to fulfill the purposes of the health planning laws.

(b) Approved plans and projects undertaken in compliance with those plans, as provided in Sections 437.20, 437.21, 437.22, and 437.23, are exempt from the provisions of Chapter 1 (commencing with Section 16600), Chapter 2 (commencing with Section 16700), Chapter 3 (commencing with Section 16900), and Chapter 4 (commencing with Section 17000) of Part 2 of Division 7 of the Business and Professions Code.

(c) In the case of a project which, on or before January 1, 1987, is included in the Tulare County countywide long-range capital investment plan, which is contained in the "April 1983 Multi-Hospital Capital Investment and Master Plan," as amended by the April 1986 update, the exemptions set forth in subdivision (b) shall apply even though the project is not undertaken until after January 1, 1987.

SEC. 111. Section 1155.7 of the Health and Safety Code is amended to read:

1155.7. Notwithstanding Section 1155, the county board of supervisors may, upon concurrence of the county officer providing the services, transfer all or any portion of the function of providing vector control services to any mosquito abatement district or vector

control district formed pursuant to Chapter 5 (commencing with Section 2200) of Division 3. A county which chooses to transfer the services shall continue to receive funds appropriated for the purposes of this article if it complies with all other minimum standards and if the vector control program is maintained at a level which meets the minimum standards set by the State Department of Health Services.

SEC. 112. Article 2.5 (commencing with Section 1527) of Chapter 3 of Division 2 of the Health and Safety Code, as added by Chapter 830 of the Statutes of 1986, is repealed.

SEC. 113. Article 2.6 (commencing with Section 1528) is added to Chapter 3 of Division 2 of the Health and Safety Code, to read:

Article 2.6. Foster Care for Children

1528. The State Department of Social Services shall establish a task force consisting of representatives from the State Department of Health Services, (Licensing and Certification Division, Medi-Cal Policy Division and California Children's Services Program), the State Department of Developmental Services, the County Welfare Directors Association, the State Foster Parent's Association, and the California Continuity of Care Association to conduct a study of the problems of medically fragile children who are dependents or potential dependents of the court in care outside of an acute care hospital. The findings and recommendations of the task force shall be submitted to the Legislature by January 1, 1988. The report shall include, but not be limited to, the following:

(a) Identification of a "medically fragile child" shall include, but not be limited to, children with the following conditions or care needs:

(1) Children with enteral feeding tubes.

(2) Children with tracheostomies.

(3) Children who are oxygen dependent.

(4) Children on cardiorespiratory monitors.

(5) Children who have had a colostomy or ileostomy.

(6) Children who are on intravenous therapy.

(7) Children who are on total parenteral nutrition.

(8) Children with urinary catheterization.

(9) Children who are in need of special medication regimes including, but not limited to, injections, aerosol treatment, or intravenous or oral medications.

(b) Recommendations regarding the need for a new licensing category to provide services to the medically fragile child and the roles the State Department of Social Services and the State Department of Health Services will assume in terms of facility licensure and program standards for caring for these children.

(c) Development of a process for ensuring the individual facility's ability to serve the medically fragile child.

(d) Recommendations for qualifications or training of care

providers.

(e) Recommendations for appropriations in the 1988–89 budget to implement this level of care.

SEC. 114. Section 1597.531 of the Health and Safety Code is amended to read:

1597.531. (a) All family day care homes for children shall either maintain in force liability insurance covering injury to clients and guests in the amount of at least one hundred thousand dollars ($100,000) per occurrence and three hundred thousand dollars ($300,000) in the total annual aggregate, sustained on account of the negligence of the licensee or its employees, or a bond in the aggregate amount of three hundred thousand dollars ($300,000). In lieu of the liability insurance or the bond, the family day care home may maintain a file of affidavits signed by each parent with a child enrolled in the home which meets the requirements of this subdivision. The affidavit shall state that the parent has been informed that the family day care home does not carry liability insurance or a bond according to standards established by the state. These affidavits shall be on a form provided by the department and shall be reviewed at each licensing inspection.

(b) The department shall initiate proceedings to revoke the license of any family day care home that is out of compliance with this section.

SEC. 115. The heading of Chapter 3.5 (commencing with Section 3130) of Division 4 of the Health and Safety Code is amended to read:

CHAPTER 3.5. FOOD PRODUCT SAFETY

SEC. 116. Section 18551 of the Health and Safety Code is amended to read:

18551. (a) The department shall establish regulations for manufactured home, mobilehome, and commercial coach foundation systems which shall be applicable throughout the state. When established, these regulations supersede any ordinance enacted by any city, county, or city and county applicable to manufactured home, mobilehome, and commercial coach foundation systems. The department may approve alternate foundation systems to those provided by regulation where the department is satisfied of equivalent performance. The department shall document approval of alternate systems by its stamp of approval on the plans and specifications for the alternate foundation system.

(b) Prior to installation of a manufactured home, mobilehome, or commercial coach on a foundation system, the manufactured home, mobilehome, or commercial coach owner or a licensed contractor shall obtain a building permit from the appropriate local agency. To obtain a permit, the owner or contractor shall provide the following:

(1) Written evidence acceptable to the local agency that the manufactured home, mobilehome, or, commercial coach owner owns, holds title to, or is purchasing the real property where the

mobilehome is to be installed on a foundation system. A lease held by the manufactured home, mobilehome, or commercial coach owner, which is transferable, for the exclusive use of the real property where the manufactured home, mobilehome, or commercial coach is to be installed, shall be deemed to comply with this paragraph if the lease is for a term of 35 years or more, or if less than 35 years, for a term mutually agreed upon by the lessor and lessee, and the term of the lease is not revocable at the discretion of the lessor except for cause, as described in subdivisions 2 to 5, inclusive, of Section 1161 of the Code of Civil Procedure.

(2) Written evidence acceptable to the local agency that the registered owner owns the manufactured home, mobilehome, or commercial coach free of any liens or encumbrances or, in the event that the legal owner is not the registered owner, or liens and encumbrances exist on the manufactured home, mobilehome, or commercial coach, written evidence provided by the legal owner and any lienors or encumbrancers that the legal owner, lienor, or encumbrancer consents to the attachment of the manufactured home, mobilehome, or commercial coach upon the discharge of any personal lien, which may be conditioned upon the satisfaction by the registered owner of the obligation secured by the lien.

(3) Plans and specifications required by department regulations or a department-approved alternate for the manufactured home, mobilehome, or commercial coach foundation system.

(4) The manufactured home, mobilehome, or commercial coach manufacturer's installation instructions, or plans and specifications signed by a California licensed architect or engineer covering the installation of an individual manufactured home, mobilehome, or commercial coach in the absence of the manufactured home, mobilehome, or commercial coach manufacturer's instructions.

(5) Building permit fees established by ordinance of the city, county, or city and county of the appropriate local agency.

(6) A fee payable to the department in the amount of eleven dollars ($11) for each transportable section of the manufactured home, mobilehome, or commercial coach, which shall be transmitted to the department at the time the certificate of occupancy is issued with a copy of the building permit and any other information concerning the manufactured home, mobilehome, or commercial coach which the department may prescribe on forms provided by the department.

(c) (1) On the same day that the certificate of occupancy for the manufactured home, mobilehome, or commercial coach is issued by the appropriate local agency, the local agency shall record with the county recorder of the county in which the real property is situated, on which the manufactured home, mobilehome, or commercial coach has been installed, a document naming the owner of the real property, describing the real property with certainty, and stating that a manufactured home, mobilehome, or commercial coach has been affixed to that real property by installation on a foundation

system pursuant to this section.

(2) When recorded, the document referred to in paragraph (1) shall be indexed by the county recorder to the named owner and shall be deemed to give constructive notice as to its contents to all persons thereafter dealing with the real property.

(3) Fees received by the department pursuant to subdivision (b) shall be deposited in the Mobilehome-Manufactured Home Revolving Fund established under subdivision (a) of Section 18016.5. To the extent these fees are utilized for enforcement of consumer protections, subdivision (b) of Section 18016.5 does not apply.

(d) The department shall adopt regulations providing for the cancellation of registration of a manufactured home, mobilehome, or commercial coach which is permanently attached to the ground on a foundation system pursuant to this section. The regulations shall provide for the surrender to the department of the certificate of title and other indicia of registration. For the purposes of this subdivision, permanent affixation to a foundation system shall be deemed to have occurred on the day a certificate of occupancy is issued to the manufactured home, mobilehome, or commercial coach owner and the document referred to in paragraph (6) of subdivision (b) is recorded. Cancellation shall be effective as of that date and the department shall enter the cancellation on its records upon receipt of a copy of the certificate of occupancy. This subdivision shall not be construed to affect the application of existing laws, or the department's regulations or procedures with regard to the cancellation of registration, except as to the requirement therefor and the effective date thereof.

(e) Once installed on a foundation system in compliance with subdivisions (b), (c), and (d), a manufactured home, mobilehome, or commercial coach shall be deemed a fixture and a real property improvement to the real property to which it is affixed. Physical removal of the manufactured home, mobilehome, or commercial coach shall thereafter be prohibited without the consent of all persons or entities who, at the time of removal, have title to any estate or interest in the real property to which the manufactured home, mobilehome, or commercial coach is affixed.

(f) For the purposes of this part:

(1) "Physical removal" shall include, without limitation, the unattaching of the manufactured home, mobilehome, or commercial coach from the foundation system, except for temporary purposes of repair or improvement thereto.

(2) Consent to removal shall not be required from the owners of rights-of-way or easements or the owners of subsurface rights or interests in or to minerals, including, but not limited to, oil, gas, or other hydrocarbon substances.

(g) At least 30 days prior to a legal removal of the manufactured home, mobilehome, or commercial coach from the foundation system and transportation away from the real property to which it was formerly affixed, the manufactured home, mobilehome, or

commercial coach owner shall notify the department and the county assessor of the intended removal of the manufactured home, mobilehome, or commercial coach. The department shall require written evidence that the necessary consents have been obtained pursuant to this section and shall require application for either a transportation permit or manufactured home, mobilehome, or commercial coach registration as the department may decide is appropriate to the circumstances. Immediately upon removal, as defined in this section, the manufactured home, mobilehome, or commercial coach shall be deemed to have become personal property and subject to all laws governing the same as applicable to a manufactured home, mobilehome, or commercial coach.

(h) Notwithstanding any other provision of law, any manufactured home, mobilehome, or commercial coach installed on a foundation system, attached, or otherwise permanently affixed to, real property without compliance with subdivisions (b), (c), and (d), shall not be deemed a fixture or improvement to the real property. This subdivision shall not be construed to affect the application of sales and use or property taxes.

(i) Once installed on a foundation system, a manufactured home, mobilehome, or commercial coach shall be subject to state enforced health and safety standards for manufactured homes, mobilehomes, or commercial coaches enforced pursuant to Section 18020.

(j) No local agency shall require that any manufactured home, mobilehome, or commercial coach currently on private property be placed on a foundation system.

(k) No local agency shall require that any manufactured home or mobilehome located in a mobilehome park be placed on a foundation system, so as to be permanently affixed to real property.

(*l*) No local agency shall require, as a condition for the approval of the conversion of a rental mobilehome park to a resident-owned park, including, but not limited to, a subdivision, cooperative, or condominium for mobilehomes, that any manufactured home or mobilehome located there be placed on a foundation system, so as to be permanently affixed to real property. This subdivision shall only apply to the conversion of a rental mobilehome park which has been operated as a rental mobilehome park for a minimum period of five years.

SEC. 117. Section 25534 of the Health and Safety Code is amended to read:

25534. (a) Within 90 days after receiving an acutely hazardous material registration form filed pursuant to Section 25533, the administering agency may require the submission of an RMPP if the administering agency determines that the handler's operation may present an acutely hazardous materials accident risk. The handler shall prepare the RMPP in accordance with subdivision (c). The RMPP shall be prepared within 12 months following the request made by the administering agency pursuant to this section.

(b) In addition to any requirements imposed pursuant to

subdivision (a), an owner or operator of a new or modified facility which will be used for the handling of acutely hazardous materials and which will commence operations on or after January 1, 1988, in the case of a new facility or commence the operations which will be modified on or after January 1, 1988, in the case of an existing facility, shall prepare an RMPP. The RMPP shall be approved by the administering agency pursuant to subdivision (e) of Section 25535.

(c) The RMPP shall include all of the following elements:

(1) A description of each accident involving acutely hazardous materials which has occurred at the business or facility within three years from the date of the request made pursuant to subdivision (a), together with a description of the underlying causes of the accident and the measures taken, if any, to avoid a recurrence of a similar accident.

(2) A report specifying the nature, age, and condition of the equipment used to handle acutely hazardous materials at the business or facility and any schedules for testing and maintenance.

(3) Design, operating, and maintenance controls which minimize the risk of an accident involving acutely hazardous materials.

(4) Detection, monitoring, or automatic control systems to minimize potential acutely hazardous materials accident risks.

(5) A schedule for implementing additional steps to be taken by the business, in response to the findings of the assessment performed pursuant to subdivision (d), to reduce the risk of an accident involving acutely hazardous materials. These actions may include any of the following:

(A) Installation of alarm, detection, monitoring, or automatic control devices.

(B) Equipment modifications, repairs, or additions.

(C) Changes in the operations, procedures, maintenance schedules, or facility design.

(6) Auditing and inspection programs designed to allow the handler to confirm that the RMPP is effectively carried out.

(7) Recordkeeping procedures for the RMPP.

(d) The RMPP shall be based upon an assessment of the processes, operations, and procedures of the business, and shall consider all of the following:

(1) An offsite consequence analysis which, at a minimum, assumes a complete release of all acutely hazardous materials, pessimistic air dispersion parameters, and other adverse environmental conditions, to determine any potential acutely hazardous materials accident risk.

(2) The results of a probabilistic risk assessment, which quantifies the likelihood and consequences of an event involving a release of the acutely hazardous materials, and the uncertainties of the computed values of the event's likelihood and consequences, for any acutely hazardous material which has been determined, pursuant to the offsite consequence analysis, to present a possible acutely hazardous materials accident risk.

(e) The business shall submit to the administering agency any

additional supporting technical information deemed necessary by the administering agency to clarify information submitted pursuant to subdivision (c).

(f) A handler shall maintain all records concerning an RMPP for a period of at least five years.

(g) The RMPP shall identify, by title, all personnel at the business who are responsible for carrying out the specific elements of the RMPP, and their respective responsibilities, and the RMPP shall include a detailed training program to ensure that those persons are able to implement the RMPP.

(h) The handler shall review the RMPP, and shall make necessary revisions to the RMPP at least every three years, but, in any event, within 60 days following a modification which would materially affect the handling of an acutely hazardous material.

(i) Any person who handles acutely hazardous materials and who owns or operates two or more business facilities which are substantially identical may prepare a single generic RMPP applicable to all those facilities if the handling of the acutely hazardous materials is substantially similar at all of those facilities.

(j) The RMPP, and any revisions required by subdivision (h), shall be certified as complete by a registered professional and the facility operator.

(k) Except as specified in subdivision (e) of Section 25535, the handler shall implement all activities and programs specified in the RMPP within one year following the certification made pursuant to subdivision (j). Implementation of the RMPP shall include carrying out all operating, maintenance, monitoring, inventory control, equipment inspection, auditing, recordkeeping, and training programs as required by the RMPP. The administering agency may grant an extension of this deadline upon a showing of good cause.

SEC. 118. Section 10121 of the Insurance Code is amended to read:

10121. (a) No self-insured employee welfare benefit plan, issued or renewed on or after November 23, 1970, which contains coverage for sterilization operations or procedures, shall impose any disclaimer, restriction on, or limitation of, coverage relative to the covered individual's reason for sterilization. All those plans entered into or renewed on or after November 23, 1970, shall be construed to be in compliance with this section, and any provision in any plan which is in conflict with this section shall be of no force or effect.

(b) Every self-insured employee welfare benefit plan issued or amended on or after July 1, 1972, which provides benefits to the employee's dependents, shall contain a provision granting immediate accident and sickness coverage, from and after the moment of birth, to each newborn infant of any family covered. No plan may be issued or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn infants of a family covered from and after the moment of birth.

(c) No self-insured employee welfare benefit plan which provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state on or after July 1, 1976, if it contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions as to involuntary complications of pregnancy, unless those provisions apply generally to all benefits paid under the plan. If a fixed amount is specified in the plan for surgery, the fixed amounts for surgical procedures involving involuntary complications of pregnancy shall be commensurate with other fixed amounts payable for procedures of comparable difficulty and severity. In a case where a fixed amount is payable for maternity benefits, involuntary complications of pregnancy shall be deemed an illness and entitled to benefits otherwise provided by the plan. Where the plan contains a maternity deductible, the maternity deductible shall apply only to expenses resulting from normal delivery and cesarean section delivery; however, expenses for cesarean section delivery in excess of the deductible shall be treated as expenses for any other illness under the plan. This subdivision shall apply to all self-insured employee welfare benefit plans except any plan made subject to an applicable collective bargaining agreement in effect before July 1, 1976.

For purposes of this subdivision, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

All plans subject to this subdivision and issued, amended, delivered, or renewed in this state on or after July 1, 1976, shall be construed to be in compliance with this section, and any provision in any plan which is in conflict with this section shall be of no force or effect.

(d) Every self-insured employee welfare benefit plan issued or amended on or after January 1, 1987, which provides benefits to the employee's dependents, shall offer a choice to all employees of coverage for comprehensive preventive health care for children.

(e) For purposes of this section, benefits for the comprehensive preventive care of children shall be consistent with the Guidelines for Health Supervision of Children and Youth, as adopted by the American Academy of Pediatrics in May 1982, and provide for the following:

(1) Physician service for routine physical examinations.

(2) Immunizations.

(3) Laboratory services in connection with routine physical examinations.

(f) As used in this section, "self-insured employee welfare benefit plan" means any plan or program of benefits provided by an employer or an employee organization, or both, for the purpose of providing hospital, medical, surgical, nursing, or dental services, or indemnification for the costs incurred for those services, to the

employer's employees or their dependents.

SEC. 119. Section 11628 of the Insurance Code is amended to read:

11628. (a) No admitted insurer, licensed to issue and issuing motor vehicle liability policies as defined in Section 16450 of the Vehicle Code, shall fail or refuse to accept an application for that insurance, to issue that insurance to an applicant therefor, or issue or cancel that insurance under conditions less favorable to the insured than in other comparable cases, except for reasons applicable alike to persons of every race, language, color, religion, national origin, ancestry, or the same geographic area; nor shall race, language, color, religion, national origin, ancestry, or location within a geographic area of itself constitute a condition or risk for which a higher rate, premium, or charge may be required of the insured for the insurance.

As used in this section "geographic area" means a portion of this state of not less than 20 square miles defined by description in the rating manual of an insurer or in the rating manual of a rating bureau of which the insurer is a member or subscriber. In order that geographic areas used for rating purposes may reflect homogeneity of loss experience, a record of loss experience for the geographic area shall include the breakdown of actual loss experience statistics by zip code area (as designated by the United States Postal Service) within each geographic area for family owned private passenger motor vehicles and lightweight commercial motor vehicles, under 1½-ton load capacity, used for local service or retail delivery, normally within a 50-mile radius of garaging, and which are not part of a fleet of five or more motor vehicles under one ownership. A record of loss experience for the geographic area, including statistical data by zip code area, shall be submitted annually to the commissioner for examination by each insurer. An insurer may satisfy its obligation to report statistical data under this subdivision by providing its loss experience data to a rating or advisory organization for submission to the commissioner. This data shall be made available to the public by the commissioner annually after examination; however, it shall be released in aggregate form by zip code in order that no individual insurer's loss experience for any specific geographic area be revealed. Differentiation in rates between geographical areas shall not constitute unfair discrimination.

All information reported to the department pursuant to this subdivision shall be confidential.

As used in this section, "language" means the inability to speak, read, write, or comprehend the English language.

(b) No admitted insurer, licensed to issue and issuing motor vehicle liability insurance policies as defined in Section 16450 of the Vehicle Code, shall fail or refuse to accept an application for that insurance, refuse to issue that insurance to an applicant therefor, or cancel that insurance solely for the reason that the applicant for the insurance or any insured is employed in a specific occupation.

Nothing in this section shall prohibit an insurer from:

(1) Considering the occupation of the applicant or insured as a condition or risk for which a higher rate or discounted rate may be required or offered for coverage in the course and scope of his or her occupation.

(2) Charging a deviated rate to any classification of risks involving a specific occupation, or grouping thereof, if the rate meets the requirements of Chapter 9 (commencing with Section 1850) of Part 2 of Division 1 and is based upon actuarial data which demonstrates a significant actual historical differential between past losses or expenses attributable to the specific occupation, or grouping thereof, and the past losses or expenses attributable to other classification of risks. For purposes of compiling the actuarial data for a specific occupation or grouping thereof, a person shall be deemed employed in the occupation in which that data is compiled if: (A) the majority of his or her employment during the previous year was in the occupation, or (B) the majority of his or her aggregate earnings for the immediate preceding three-year period were derived from the occupation, or (C) the person is a member in good standing of a union which is an authorized collective bargaining agent for persons engaged in the occupation.

Nothing in this section shall be construed to include in the definition of "occupation" active duty service in the Armed Forces of the United States, any status or activity which does not result in remuneration for work done or services performed, or self-employment in a business operated out of an applicant's or insured's place of residence or persons engaged in the renting, leasing, selling, repossessing, rebuilding, wrecking or salvaging of motor vehicles.

(c) Nothing in this section shall limit or restrict the ability of an insurer to refuse to accept an application for or refuse to issue or cancel the insurance for the reason that it is a commercial vehicle or based upon the consideration of a vehicle's size, weight, design or intended use.

(d) It is the intent of the Legislature that actuarial data by occupation may be examined for credibility by the commissioner on the same basis as any other automobile insurance data which he or she is empowered to examine.

(e) The provisions of this section shall be known and may be cited as the "Rosenthal-Robbins Auto Insurance Nondiscrimination Law."

SEC. 120. Section 1260 of the Military and Veterans Code is amended to read:

1260. As used in this chapter, unless the context otherwise indicates:

(a) "Political subdivision" means any city, county, district, or other local governmental agency.

(b) "Governing body" means the board of supervisors in the case of a county, or the city council or board of trustees or other governing board in the case of a city, district, or other local governmental

agency.

(c) "Veterans' association" means any association or organization which is composed solely of persons who served honorably in time of war or in time of peace in a campaign or expedition for service in which a medal has been authorized by the government of the United States, as members of the armed forces of the United States, or who as citizens of the United States served honorably in time of war as members of the armed forces of any nation whose government was allied with the United States during that war, and which is organized for patriotic, fraternal, and benevolent objects.

SEC. 121. Section 241 of the Penal Code is amended to read:

241. (a) An assault is punishable by a fine not exceeding one thousand dollars ($1,000), or by imprisonment in the county jail not exceeding six months, or by both the fine and imprisonment.

(b) When an assault is committed against the person of a peace officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, traffic officer, or animal control officer engaged in the performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care outside a hospital, clinic, or other health care facility, and the person committing the offense knows or reasonably should know that the victim is a peace officer, firefighter, emergency medical technician, mobile intensive care paramedic, lifeguard, traffic officer, or animal control officer engaged in the performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care, the assault is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in the county jail not exceeding one year, or by both the fine and imprisonment.

(c) As used in this section:

(1) Peace officer means any person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2.

(2) "Emergency medical technician" means a person possessing a valid course completion certificate from a program approved by the State Department of Health Services for the medical training and education of ambulance personnel, and who meets the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(3) "Mobile intensive care paramedic" refers to those persons who meet the standards set forth in Section 1481 of, and Division 2.5 (commencing with Section 1797) of, the Health and Safety Code.

(4) "Nurse" means a person who meets the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(5) "Lifeguard" means a person who is:

(A) Employed as a lifeguard by the state, a county, or a city, and is designated by local ordinance as a public officer who has a duty and responsibility to enforce local ordinances and misdemeanors through the issuance of citations.

(B) Wearing distinctive clothing which includes written identification of the person's status as a lifeguard and which clearly

identifies the employing organization.

(6) "Traffic officer" means any person employed by a county or city to monitor and enforce state laws and local ordinances relating to parking and the operation of vehicles.

(7) "Animal control officer" means any person employed by a county or city for purposes of enforcing animal control laws or regulations.

SEC. 122. Section 597 of the Penal Code is amended to read:

597. (a) Except as provided in subdivision (c), every person who maliciously and intentionally maims, mutilates, tortures, or wounds a living animal which is the property of another, or maliciously and intentionally, kills an animal which is the property of another, is guilty of an offense punishable by imprisonment in the state prison, or by a fine of not more than twenty thousand dollars ($20,000), or by both the fine and imprisonment, or, alternatively, by imprisonment in the county jail for not more than one year, or by a fine of not more than two thousand dollars ($2,000), or by both the fine and imprisonment.

(b) Except as otherwise provided in subdivision (a) or (c), every person who overdrives, overloads, drives when overloaded, overworks, tortures, torments, deprives of necessary sustenance, drink, or shelter, cruelly beats, mutilates, or cruelly kills any animal, or causes or procures any animal to be so overdriven, overloaded, driven when overloaded, overworked, tortured, tormented, deprived of necessary sustenance, drink, or shelter, or to be cruelly beaten, mutilated, or cruelly killed; and whoever, having the charge or custody of any animal, either as owner or otherwise, subjects any animal to needless suffering, or inflicts unnecessary cruelty upon the animal, or in any manner abuses any animal, or fails to provide the animal with proper food, drink, or shelter or protection from the weather, or who drives, rides, or otherwise uses the animal when unfit for labor, is, for every such offense, guilty of a misdemeanor.

(c) Every person who maliciously and intentionally maims, mutilates, or tortures any mammal, bird, reptile, amphibian, or fish, as described in subdivision (d), is guilty of an offense punishable by imprisonment in the state prison, or by a fine of not more than twenty thousand dollars ($20,000), or by both the fine and imprisonment, or, alternatively, by imprisonment in the county jail for not more than one year, by a fine of not more than two thousand dollars ($2,000), or by both the fine and imprisonment if any of the following facts are proven:

(1) The person knows the mammal, bird, reptile, amphibian, or fish is a creature described in subdivision (d).

(2) The person has been convicted of a violation of Section 12008 of the Fish and Game Code, which conviction occurred within five years of the conviction of this violation.

(3) The person has been convicted of a violation of this subdivision, which conviction occurred within five years of the conviction of this offense.

(4) The person maliciously and intentionally maims, tortures, or mutilates three or more separate specimens of the creatures described in subdivision (d) whether from the same or separate or any combination of the groups of creatures described therein.

(d) Subdivision (c) applies to any mammal, bird, reptile, amphibian, or fish which is a creature described as follows:

(1) Endangered species or threatened species as described in Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code.

(2) Fully protected birds described in Section 3511 of the Fish and Game Code.

(3) Fully protected mammals described in Chapter 8 (commencing with Section 4700) of Part 3 of Division 4 of the Fish and Game Code.

(4) Fully protected reptiles and amphibians described in Chapter 2 (commencing with Section 5050) of Division 5 of the Fish and Game Code.

(5) Fully protected fish as described in Section 5515 of the Fish and Game Code.

This subdivision does not supersede or affect any provisions of law relating to taking of the described species, including, but not limited to, Section 12008 of the Fish and Game Code.

(e) For the purposes of subdivision (c) each act of malicious and intentional maiming, mutilating, or torturing a separate specimen of a creature described in subdivision (d) is a separate offense. If any person is charged with a violation of subdivision (c), the proceedings shall be subject to Section 12157 of the Fish and Game Code.

(f) Upon the conviction of a person charged with a violation of this section by causing or permitting an act of cruelty, as defined in Section 599b, all animals lawfully seized and impounded with respect to the violation by a peace officer, officer of a humane society, or officer of a pound or animal regulation department of a public agency shall be adjudged by the court to be forfeited and shall thereupon be awarded to the impounding officer for proper disposition. A person convicted of a violation of this section by causing or permitting an act of cruelty, as defined in Section 599b, shall be liable to the impounding officer for all costs of impoundment from the time of seizure to the time of proper disposition.

Mandatory seizure or impoundment shall not apply to animals in properly conducted scientific experiments or investigations performed under the authority of the faculty of a regularly incorporated medical college or university of this state.

SEC. 123. Section 667.7 of the Penal Code is amended to read:

667.7. (a) Any person convicted of a felony in which the person inflicted great bodily injury as provided in Section 12022.7, or personally used force which was likely to produce great bodily injury, who has served two or more prior separate prison terms as defined in Section 667.5 for the crime of murder; attempted murder; voluntary manslaughter; mayhem; rape by force, violence, or fear of

immediate and unlawful bodily injury on the victim or another person; oral copulation by force, violence, duress, menace or fear of immediate and unlawful bodily injury on the victim or another person; sodomy by force, violence, duress, menace or fear of immediate and unlawful bodily injury on the victim or another person; lewd acts on a child under the age of 14 years by use of force, violence, duress, menace or fear of immediate and unlawful bodily injury on the victim or another person; a violation of subdivision (a) of Section 289 where the act is accomplished against the victim's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person; kidnapping for ransom, extortion, or robbery; robbery involving the use of force or a deadly weapon; assault with intent to commit murder; assault with a deadly weapon; assault with a force likely to produce great bodily injury; assault with intent to commit rape, sodomy, oral copulation, penetration of a vaginal or anal opening in violation of Section 289, or lewd and lascivious acts on a child; arson of a structure; escape or attempted escape by an inmate with force or violence in violation of subdivision (a) of Section 4530, or of Section 4532; exploding a device with intent to murder in violation of Section 12308; exploding a destructive device which causes bodily injury in violation of Section 12309, or mayhem or great bodily injury in violation of Section 12310; exploding a destructive device with intent to injure, intimidate, or terrify, in violation of Section 12303.3; any felony in which the person inflicted great bodily injury as provided in Section 12022.7; or any felony punishable by death or life imprisonment with or without the possibility of parole is a habitual offender and shall be punished as follows:

(1) A person who served two prior separate prison terms shall be punished by imprisonment in the state prison for life and shall not be eligible for release on parole for 20 years, or the term determined by the court pursuant to Section 1170 for the underlying conviction, including any enhancement applicable under Chapter 4.5 (commencing with Section 1170) of Title 7 of Part 2, or any period prescribed by Section 190 or 3046, whichever is greatest. The provisions of Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply to reduce any minimum term in a state prison imposed pursuant to this section, but the person shall not otherwise be released on parole prior to that time.

(2) Any person convicted of such a felony who has served three or more prior separate prison terms, as defined in Section 667.5, for the crimes specified in subdivision (a) of this section shall be punished by imprisonment in the state prison for life without the possibility of parole.

(b) This section shall not prevent the imposition of the punishment of death or imprisonment for life without the possibility of parole. No prior prison term shall be used for this determination which was served prior to a period of 10 years in which the person remained free of both prison custody and the commission of an

offense which results in a felony conviction. As used in this section, a commitment to the Department of the Youth Authority after conviction for a felony shall constitute a prior prison term. The term imposed under this section shall be imposed only if the prior prison terms are alleged under this section in the accusatory pleading, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by a plea of guilty or nolo contendere or by a trial by the court sitting without a jury.

SEC. 124. Section 868.8 of the Penal Code, as added by Chapter 1172 of the Statutes of 1985, is repealed.

SEC. 125. The heading of Chapter 2.3 (commencing with Section 999b) of Title 6 of Part 2 of the Penal Code is amended and renumbered to read:

CHAPTER 2.2. CAREER CRIMINALS

SEC. 126. The heading of Chapter 2.4 (commencing with Section 999i) of Title 6 of Part 2 of the Penal Code is amended and renumbered to read:

CHAPTER 2.3. REPEAT SEXUAL OFFENDERS

SEC. 127. Section 1205 of the Penal Code is amended to read:

1205. (a) A judgment that the defendant pay a fine, with or without other punishment, may also direct that he or she be imprisoned until the fine is satisfied and may further direct that the imprisonment begin at and continue after the expiration of any imprisonment imposed as a part of the punishment or of any other imprisonment to which he or she may theretofore have been sentenced. Each of these judgments shall specify the extent of the imprisonment for nonpayment of the fine, which shall not be more than one day for each thirty dollars ($30) of the fine, nor exceed in any case the term for which the defendant might be sentenced to imprisonment for the offense of which he or she has been convicted. A defendant held in custody for nonpayment of a fine shall be entitled to credit on the fine for each day he or she is so held in custody, at the rate specified in the judgment. When the defendant has been convicted of a misdemeanor, a judgment that the defendant pay a fine may also direct that he or she pay the fine within a limited time or in installments on specified dates and that in default of payment as therein stipulated he or she be imprisoned in the discretion of the court either until the defaulted installment is satisfied or until the fine is satisfied in full; but unless the direction is given in the judgment, the fine shall be payable forthwith.

(b) Except as otherwise provided in case of fines imposed as conditions of probation, the defendant shall pay the fine to the clerk of the court, or to the judge thereof if there is no clerk, unless the defendant is taken into custody for nonpayment of the fine, in which

event payments made while he or she is in custody shall be made to the officer who holds him or her in custody and all amounts so paid shall be forthwith paid over by the officer to the court which rendered the judgment. The clerk shall report to the court every default in payment of a fine or any part thereof, or if there is no clerk, the court shall take notice of the default. If time has been given for payment of a fine or it has been made payable in installments, the court shall, upon any default in payment, immediately order the arrest of the defendant and order him or her to show cause why he or she should not be imprisoned until the fine or installment thereof, as the case may be, is satisfied in full. If the fine, or installment, is payable forthwith and it is not so paid, the court shall without further proceedings, immediately commit the defendant to the custody of the proper officer to be held in custody until the fine or installment thereof, as the case may be, is satisfied in full.

(c) This section applies to any violation of any of the codes or statutes of this state punishable by a fine or by a fine and imprisonment.

Nothing in this section shall be construed to prohibit the clerk of the court, or the judge thereof if there is no clerk, from turning these accounts over to another county department or a collecting agency for processing and collection.

(d) The defendant shall pay to the clerk of the court or the collecting agency a fee for the processing of installment accounts. This fee shall equal the administrative and clerical costs, as determined by the board of supervisors, except that the fee shall not exceed thirty dollars ($30). The Legislature hereby authorizes the establishment of the following program described in this section, to be implemented in the County of San Diego or the County of Alameda, or both, upon the adoption of a resolution by the board of supervisors authorizing it. The Board of Supervisors of the County of San Diego, and the Board of Supervisors of the County of Alameda, may establish a fee for the processing of accounts receivable that are not to be paid in installments. The defendant shall pay to the clerk of the court or the collecting agency the fee established for the processing of the accounts. The fee shall equal the administrative and clerical costs, as determined by the board of supervisors, except that the fee shall not exceed thirty dollars ($30).

SEC. 128. Section 1463.01 of the Penal Code is repealed.

SEC. 129. Section 1464 of the Penal Code is amended to read:

1464. (a) Subject to the provisions of Section 76000 of the Government Code, there shall be levied an assessment in an amount equal to five dollars ($5) for every ten dollars ($10) or fraction thereof, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or bicyclists, or where an order is made to pay a sum to the general fund

of the county pursuant to subparagraph (iii) of paragraph (3) of subdivision (a) of Section 258 of the Welfare and Institutions Code. Any bail schedule adopted pursuant to Section 1269b may include the necessary amount to pay the assessments established by this section and Section 76000 of the Government Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine.

(b) Where multiple offenses are involved, the assessment shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the assessment shall be reduced in proportion to the suspension.

(c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the assessment prescribed by this section for forfeited bail. If bail is returned, the assessment made thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the assessment, the payment of which would work a hardship on the person convicted or his or her immediate family.

(e) After a determination by the court of the amount due, the clerk of the court shall collect the amount and transmit it to the county treasury. The portion thereof attributable to Section 76000 of the Government Code shall be deposited in the appropriate county fund and the balance shall then be transmitted to the State Treasury to be deposited in the Assessment Fund, which is hereby created. The transmission to the State Treasury shall be carried out in the same manner as fines collected for the state by a county.

(f) The moneys so deposited shall be distributed as follows:

(1) Once a month there shall be transferred into the Fish and Game Preservation Fund an amount equal to 0.38 percent of the funds deposited in the Assessment Fund during the preceding month, but in no event shall the amount be less than the assessment levied on fines or forfeitures for violation of state laws relating to the protection or propagation of fish and game. These moneys are to be used for the education or training of department employees which fulfills a need consistent with the objectives of the Department of Fish and Game.

(2) Once a month there shall be transferred into the Restitution Fund an amount equal to 22.12 percent of the funds deposited in the Assessment Fund during the preceding month. These funds shall be available in accordance with subdivision (b) of Section 13967 of the Government Code.

(3) Once a month there shall be transferred into the Peace Officers' Training Fund an amount equal to 27.75 percent of the funds deposited in the Assessment Fund during the preceding month.

(4) Once a month there shall be transferred into the Driver Training Penalty Assessment Fund an amount equal to 29.73 percent of the funds deposited in the Assessment Fund during the preceding month.

(5) Once a month there shall be transferred into the Corrections Training Fund an amount equal to 9.12 percent of the funds deposited in the Assessment Fund during the preceding month. Money in the Corrections Training Fund is not continuously appropriated and shall be appropriated in the Budget Act.

(6) Once a month there shall be transferred into the Local Public Prosecutors and Public Defenders Training Fund established pursuant to Section 11503 an amount equal to 0.90 percent of the funds deposited in the Assessment Fund during the preceding month. The amount so transferred shall not exceed the sum of eight hundred fifty thousand dollars ($850,000) in any fiscal year. The remainder in excess of eight hundred fifty thousand dollars ($850,000) shall be transferred to the Restitution Fund.

(7) Once a month there shall be transferred into the Victim-Witness Assistance Fund an amount equal to 10 percent of the funds deposited in the Assessment Fund during the preceding month.

SEC. 130. Section 2932 of the Penal Code is amended to read:

2932. (a) (1) For any time credit accumulated pursuant to Section 2931 or to Section 2933, not more than 360 days of credit may be denied or lost for a single act of murder, attempted murder, solicitation of murder, manslaughter, rape, sodomy, or oral copulation accomplished against the victim's will, attempted rape, attempted sodomy, or attempted oral copulation accomplished against the victim's will, assault or battery causing serious bodily injury, assault with a deadly weapon or caustic substance, taking of a hostage, escape with force or violence, or possession or manufacture of a deadly weapon or explosive device, whether or not prosecution is undertaken for purposes of this paragraph. Solicitation of murder shall be proved by the testimony of two witnesses, or of one witness and corroborating circumstances.

(2) Not more than 180 days of credit may be denied or lost for a single act of misconduct, except as specified in paragraph (1), which could be prosecuted as a felony whether or not prosecution is undertaken.

(3) Not more than 90 days of credit may be denied or lost for a single act of misconduct which could be prosecuted as a misdemeanor, whether or not prosecution is undertaken.

(4) Not more than 30 days of credit may be denied or lost for a single act of misconduct defined by regulation as a serious disciplinary offense by the Department of Corrections. Any person confined due to a change in custodial classification following the commission of any serious disciplinary infraction shall, in addition to any loss of time credits, be ineligible to receive participation or worktime credit for a period not to exceed the number of days of

credit which have been lost for the act of misconduct or 180 days, whichever is less. Any person confined in a secure housing unit for having committed any misconduct specified in paragraph (1) in which great bodily injury is inflicted upon a nonprisoner shall, in addition to any loss of time credits, be ineligible to receive participation or worktime credit for a period not to exceed the number of days of credit which have been lost for that act of misconduct, or for the period that the prisoner is confined in a secure housing unit, whichever is less. In unusual cases, an inmate may be denied the opportunity to participate in a credit qualifying assignment for up to six months beyond the period specified in this subdivision if the Director of Corrections finds, after a hearing, that no credit qualifying program may be assigned to the inmate without creating a substantial risk of physical harm to staff or other inmates. At the end of the six-month period and of successive six-month periods, the denial of the opportunity to participate in a credit qualifying assignment may be renewed upon a hearing and finding by the director.

The prisoner may appeal the decision through the department's review procedure, which shall include a review by an individual independent of the institution who has supervisorial authority over the institution.

(b) For any credit accumulated pursuant to Section 2931, not more than 30 days of participation credit may be denied or lost for a single failure or refusal to participate. Any act of misconduct described by the Department of Corrections as a serious disciplinary infraction if committed while participating in work, educational, vocational, therapeutic or other prison activity shall be deemed a failure to participate.

(c) Any procedure not provided for by this section, but necessary to carry out the purposes of this section, shall be those procedures provided for by the Department of Corrections for serious disciplinary infractions if those procedures are not in conflict with this section.

(1) The Department of Corrections shall, using reasonable diligence to investigate, provide written notice to the prisoner. The written notice shall be given within 15 days after the discovery of information leading to charges that may result in a possible denial of credit, except that if the prisoner has escaped, the notice shall be given within 15 days of the prisoner's return to the custody of the Director of Corrections. The written notice shall include the specific charge, the date, the time, the place that the alleged misbehavior took place, the evidence relied upon, a written explanation of the procedures that will be employed at the proceedings and the prisoner's rights at the hearing. The hearing shall be conducted by an individual who shall be independent of the case and shall take place within 30 days of the written notice.

(2) The prisoner may elect to be assigned an employee to assist in the investigation, preparation, or presentation of a defense at the

disciplinary hearing if it is determined by the department that: (i) the prisoner is illiterate; or (ii) the complexity of the issues or the prisoner's confinement status makes it unlikely that the prisoner can collect and present the evidence necessary for an adequate comprehension of the case.

(3) The prisoner may request witnesses to attend the hearing and they shall be called unless the person conducting the hearing has specific reasons to deny this request. The specific reasons shall be set forth in writing and a copy of the document shall be presented to the prisoner.

(4) The prisoner has the right, under the direction of the person conducting the hearing, to question all witnesses.

(5) At the conclusion of the hearing the charge shall be dismissed if the facts do not support the charge, or the prisoner may be found guilty on the basis of a preponderance of the evidence.

(d) If found guilty the prisoner shall be advised in writing of the guilty finding and the specific evidence relied upon to reach this conclusion and the amount of time-credit loss. The prisoner may appeal the decision through the Department of Corrections' review procedure, and may, upon final notification of appeal denial, within 15 days of the notification demand review of the department's denial of credit to the Board of Prison Terms, and the board may affirm, reverse, or modify the department's decision or grant a hearing before the board at which hearing the prisoner shall have the rights specified in Section 3041.5.

(e) Each prisoner subject to Section 2931 shall be notified of the total amount of good behavior and participation credit which may be credited pursuant to Section 2931, and his or her anticipated time-credit release date. The prisoner shall be notified of any change in the anticipated release date due to denial or loss of credits, award of worktime credit, under Section 2933, or the restoration of any credits previously forfeited.

(f) If the conduct the prisoner is charged with also constitutes a crime, the Department of Corrections may refer the case to criminal authorities for possible prosecution. The department shall notify the prisoner, who may request postponement of the disciplinary proceedings pending the referral.

The prisoner may revoke his or her request for postponement of the disciplinary proceedings up until the filing of the accusatory pleading. In the event of the revocation of the request for postponement of the proceeding, the department shall hold the hearing within 30 days of the revocation.

In the case where the prisoner is prosecuted by the district attorney, the Department of Corrections shall not deny time credit where the prisoner is found not guilty and may deny credit if the prisoner is found guilty, in which case the procedures in subdivision (c) shall not apply.

(g) If time credit denial proceedings or criminal prosecution prohibit the release of a prisoner who would have otherwise been

released, and the prisoner is found not guilty of the alleged misconduct, the amount of time spent incarcerated, in excess of what the period of incarceration would have been absent the alleged misbehavior, shall be deducted from the prisoner's parole period.

(h) Nothing in the amendments to this section made at the 1981–82 Regular Session of the Legislature shall affect the granting or revocation of credits attributable to that portion of the prisoner's sentence served prior to January 1, 1983.

SEC. 132. Section 5085 of the Penal Code is amended to read:

5085. (a) There is hereby created in state government the Robert B. Presley Institute of Corrections Research and Training, hereafter referred to as "the institute," for the purpose of developing and enhancing research, education, and training for corrections personnel within the youth and adult corrections system in California.

(b) The Legislature declares that the institute shall research and recommend short-term and long-term approaches to address the following:

(1) Identify the methods and practices necessary for the most beneficial operation of the state's correctional institutions.

(2) Reduce prison, jail, and youth facility violence and recidivism rates.

(3) Ensure that California remains the nationwide leader in modern, humane, secure, and efficient correctional systems.

(4) Review current educational and training practices for correctional staff and recommend new curricula and training regimens intended to enhance the professionalism, expertise, and effectiveness of these personnel.

SEC. 133. Section 5085.5 of the Penal Code is amended to read:

5085.5. The Legislature further finds and declares the following:

(a) That the Department of Corrections and the Department of the Youth Authority require assistance in improving methods for the training and education of adult and youth corrections line employees, supervisors, managers, and directors.

(b) That there is a need for theoretical and applied research in the subjects of the following:

(1) Correctional facility management, planning, design, and construction.

(2) Inmate diagnosis, classification, and treatment.

(3) Staff security and inmate discipline.

(4) Ward and inmate vocational training, and development of job skills for their permanent civilian employment.

(5) Correctional facility overcrowding.

(6) Prison, jail, and street gang activity.

(7) Safe, secure, and cost-effective incarceration in California's correctional institutions.

(8) New approaches to inmate and ward rehabilitation during and after incarceration.

(9) New methods to reduce recidivism and the consequent

victimization of California citizens.

SEC. 134. Section 5086 of the Penal Code is amended to read:

5086. The institute shall be governed by a 16-member board of trustees, hereafter referred to as "the board," which shall consult with the governing body of the University of California, and the governing bodies of the California State University and the California community colleges. The institute shall also consult with the Governor and the Legislature on matters related to corrections research, education, and training.

SEC. 135. Section 5094 of the Penal Code is amended to read:

5094. (a) It is the intent of the Legislature to encourage the board to seek funding for necessary training, education, and research projects from the Legislature, the state college and university systems, private colleges and universities, foundations, the federal government, and other sources deemed appropriate by the board.

(b) The executive director shall, subject to review and approval of the board, negotiate the terms, services, and costs of contracts and research projects consistent with funds available. The board shall approve contracts negotiated by the executive director and shall retain legal counsel for purposes of contract review.

(c) Consistent with the funds available, the executive director shall obtain all necessary office space, equipment, supplies, and services he or she deems necessary for the institute to perform its mandated duties.

SEC. 136. Section 6028.11 of the Penal Code is repealed.

SEC. 137. The heading of Chapter 11 (commencing with Section 6350) of Title 7 of Part 3 of the Penal Code is amended and renumbered to read:

CHAPTER 10.5. PRISON VISITOR SERVICES

SEC. 138. Section 11105.2 of the Penal Code is amended to read:

11105.2. (a) The Department of Justice may provide subsequent arrest notification to any agency authorized by Section 11105 to receive state summary criminal history information to assist in fulfilling employment, licensing, or certification duties upon the arrest of any person whose fingerprints are maintained on file at the Department of Justice as the result of an application for licensing, employment, or certification. The notification shall consist of a current copy of the person's state summary criminal history transcript.

(b) Any agency, other than a law enforcement agency employing peace officers as defined in Section 830.1, subdivisions (a), (b), and (f) of Section 830.2, subdivision (a) of Section 830.3, subdivisions (a) and (b) of Section 830.5, and subdivision (a) of Section 830.31, shall enter into a contract with the Department of Justice in order to receive notification of subsequent arrests for licensing, employment, or certification purposes.

(c) Any agency which submits the fingerprints of applicants for

licensing, employment, or certification to the Department of Justice for the purpose of establishing a record of the applicant to receive notification of subsequent arrests shall immediately notify the department when the employment of the applicant is terminated, when the applicant's license or certificate is revoked, or when the applicant may no longer renew or reinstate the license or certificate. The Department of Justice shall terminate subsequent arrest notification on any applicant upon the request of the licensing, employment, or certifying authority.

(d) Any agency receiving a notification of subsequent arrest for a person unknown to the agency, or for a person no longer employed by the agency, or no longer eligible to renew the certificate or license for which subsequent arrest notification service was established shall immediately return the subsequent arrest notification to the Department of Justice, informing the department that the agency is no longer interested in the applicant. The agency shall not record or otherwise retain any information received as a result of the subsequent arrest notice.

(e) Any agency which submits the fingerprints of an applicant for employment, licensing, or certification to the Department of Justice for the purpose of establishing a record at the department to receive notification of subsequent arrest shall immediately notify the department if the applicant is not subsequently employed, or if the applicant is denied licensing or certification.

(f) An agency which fails to provide the Department of Justice with notification as set forth in subdivisions (c), (d), and (e) may be denied further subsequent arrest notification service.

(g) Notwithstanding subdivisions (c), (d), and (f), subsequent arrest notification by the Department of Justice and retention by the employing agency shall continue as to retired peace officers listed in subdivision (c) of Section 830.5.

SEC. 139. Section 11165.1 of the Penal Code, as added by Chapter 1572 of the Statutes of 1985, is amended and renumbered to read:

11165.7. In addition to those persons specified in the definition of "child care custodian" contained in Section 11165, the term also includes any person who is an administrator or presenter of, or a counselor in, a child abuse prevention program in any public or private school.

SEC. 140. Section 11165.5 of the Penal Code is amended to read:

11165.5. (a) As used in Sections 11165 and 11166.5, "child care custodian," in addition to the persons specified therein, means an instructional aide, a teacher's aide, or a teacher's assistant employed by any public or private school, who has been trained in the duties imposed by this article, if the school district has so warranted to the State Department of Education. It also includes a classified employee of any public school who has been trained in the duties imposed by this article if the school has so warranted to the State Department of Education.

(b) Training in the duties imposed by this article shall include

training in child abuse identification and training in child abuse reporting. As part of that training, school districts shall provide to all employees being trained a written copy of the reporting requirements and a written disclosure of the employees' confidentiality rights.

(c) School districts which do not train the employees specified in subdivision (a) in the duties of child care custodians under the child abuse reporting laws shall report to the State Department of Education the reasons why this training is not provided.

SEC. 141. Section 11166.1 of the Penal Code, as added by Chapter 1593 of the Statutes of 1985, is amended and renumbered to read:

11166.4. When a child protective agency receives a report of abuse alleged to have occurred in facilities licensed to care for children by the State Department of Social Services, it shall, within 24 hours, notify the licensing office with jurisdiction over the facility.

SEC. 143. Section 13524 of the Penal Code, as added by Chapter 654 of the Statutes of 1980, is repealed.

SEC. 144. The heading of Title 5 (commencing with Section 13600) of Part 4 of the Penal Code is amended and renumbered to read:

TITLE 4.5. YOUTH AND ADULT CORRECTIONAL PEACE OFFICER STANDARDS AND TRAINING

SEC. 145. Section 1202 of the Probate Code is amended to read:

1202. At any time after the issuance of letters testamentary or of administration, any person interested in the estate, whether as heir, devisee, legatee, creditor, beneficiary under a trust, or as otherwise interested, or the Controller, may, in person or by attorney, serve upon the executor or administrator, or upon the attorney for the executor or administrator, and file with the clerk of the court where the proceedings are pending, with a written admission or proof of service, a written request, stating that the person desires special notice of the filing of any or all of the petitions or accounts mentioned in Section 1200.5, and giving the post office address of the person making the request or the person's attorney. Thereafter the person is entitled to notice as provided in Section 1200.5.

SEC. 146. The heading of Chapter 1 (commencing with Section 17000) of Part 5 of Division 9 of the Probate Code is amended to read:

CHAPTER 1. JURISDICTION AND VENUE

SEC. 148. The heading of Article 6.5 (commencing with Section 20209) of Chapter 1 of Part 3 of Division 2 of the Public Contract Code is amended and renumbered to read:

Article 6.7. Transit Districts

SEC. 149. Section 3824.5 of the Public Resources Code is amended to read:

3824.5. Revenues disbursed to counties of origin pursuant to Section 3821 may be expended for purposes unrelated to geothermal development only in counties where there is no new geothermal development and substantial planning, maintenance, and environmental mitigation of geothermal development have been achieved.

SEC. 150. Section 5002.3 of the Public Resources Code is amended to read:

5002.3. A public hearing shall be scheduled by the State Park and Recreation Commission to consider each matter of classification or reclassification of a unit and of approval of the department's general plan for a unit. Notice of the hearing shall be posted in plain sight at one or more places within the affected unit, published in one or more newspapers of general circulation in each county within which the affected unit is located, and mailed to every person who has filed a request for notice of the hearing with the commission. If the notice of hearing is published in a weekly newspaper, it shall appear therein on at least two different days of publication; and if in a newspaper published more often, there shall be at least five days from the first to the last day of publication, both days included. The content of the notice of hearing shall substantially comply with the requirements of Section 11346.5 of the Government Code.

Copies of the department's inventory of features, in the case of a hearing on classification or reclassification, or copies of the department's general plan, in the case of a hearing on approval of the plans, shall be made available to the public at each of the department's district offices on the last date of publication of the notice.

The hearing shall be held by the commission in, or within a radius of 100 miles of, the City of San Diego, Los Angeles, San Francisco, San Bernardino, Eureka, Redding, Fresno, or Sacramento, whichever is closest to the unit affected, not less than 30 days, nor more than 60 days, after the last date of publication of the notice. However, the Cities of Eureka and Redding, and the area within a radius of 100 miles of each of these cities, shall be considered as a single location for hearings of the commission, and not more than one hearing in any year may be held at that location. The hearing shall be conducted in the manner specified in Section 11346.8 of the Government Code. The vote of each individual member of the commission on each matter of classification or reclassification and of approval of the department's general plan shall be recorded when the final decision of the commission is announced.

SEC. 151. Section 5184 of the Public Resources Code is amended to read:

5184. The Governor shall issue a commission to each

commissioner appointed by him or her, and each commissioner shall, within 20 days after the receipt thereof, take and subscribe the oath of office prescribed by law.

SEC. 153. Section 311 of the Public Utilities Code is amended to read:

311. (a) The commission, each commissioner, the executive director, and the assistant executive directors may administer oaths, certify to all official acts, and issue subpoenas for the attendance of witnesses and the production of papers, waybills, books, accounts, documents, and testimony in any inquiry, investigation, hearing, or proceeding in any part of the state.

(b) The administrative law judges may administer oaths, examine witnesses, issue subpoenas, and receive evidence, under rules that the commission adopts. The commission, upon scheduling hearings and specifying the scope of issues to be heard in any proceeding involving an electrical, gas, telephone, railroad, or water corporation, or a highway carrier, shall assign an administrative law judge to preside over the hearings, either sitting alone or assisting the commissioner or commissioners who will hear the case.

(c) The evidence in any hearing shall be taken by the administrative law judge designated for that purpose. The administrative law judge may receive and exclude evidence offered in the hearing in accordance with the rules of practice and procedure of the commission.

(d) The administrative law judge shall prepare and file an opinion setting forth recommendations, findings, and conclusions. The opinion of the administrative law judge shall become the proposed decision and a part of the public record in the proceeding. The proposed decision of the administrative law judge shall be filed with the commission and served upon all parties to the action or proceeding without undue delay, not later than 90 days after the matter has been submitted for decision. The commission shall issue its decision not sooner than 30 days following filing and service of the proposed decision by the administrative law judge. The commission may, in issuing its decision, adopt, modify, or set aside the proposed decision or any part thereof. Every finding, opinion, and order made in the proposed decision and approved or confirmed by the commission shall, upon that approval or confirmation, be the finding, opinion, and order of the commission.

(e) The commission may specify that the administrative law judge assigned to a proceeding involving an electrical, gas, telephone, railroad, or water corporation, or a highway carrier, initiated by customer or subscriber complaint need not prepare, file, and serve an opinion, unless the commission finds this is required in the public interest in a particular case.

SEC. 154. Section 3542 of the Public Utilities Code, as added by Chapter 794 of the Statutes of 1986, is amended and renumbered to read:

3542.5. The commission shall not issue a highway carrier permit

pursuant to this chapter unless the applicant certifies on a form acceptable to the commission that the applicant will maintain its vehicles in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Administrative Code relative to motor vehicle safety.

SEC. 155. The heading of Article 4 (commencing with Section 16501) of Chapter 4 of Division 7 of the Public Utilities Code is repealed.

SEC. 156. The heading of Article 1 (commencing with Section 30800) of Chapter 6 of Part 3 of Division 10 of the Public Utilities Code is repealed.

SEC. 157. Section 99268.12 of the Public Utilities Code is amended to read:

99268.12. Notwithstanding Sections 99268.2 and 99268.3, the transportation planning agency or the county transportation commission may set the required ratio of fare revenue to operating cost at not less than three-twentieths for an operator in a county with a population of 500,000 or less and serving an urbanized area where funds may be allocated under Article 8 (commencing with Section 99400). Prior to setting the required ratio, the transportation planning agency or the county transportation commission shall make findings specifying the reasons for its action.

SEC. 158. Section 142009 of the Public Utilities Code is amended to read:

142009. If the electors do not approve the imposition of the one-half of 1 percent retail transactions and use tax, this division is repealed as of the date that the county certifies the election results to the Secretary of State.

SEC. 159. Section 98.6 of the Revenue and Taxation Code is amended to read:

98.6. (a) Notwithstanding any other provision of this chapter, the amount allocated pursuant to Sections 96 or 97, and 98, to a special district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, excluding multicounty districts, and the amount allocated pursuant to Section 75.70 to a special district which is governed by the board of supervisors of a county or whose governing body is the same as the board of supervisors of a county, shall be reduced by an amount computed as follows:

(1) A ratio shall be computed for each of the special districts equal to the amount of state assistance payment for the special district for the 1978–79 fiscal year divided by the sum of the state assistance payment for the special district plus the amount of property tax revenue allocated to the special district for the 1978–79 fiscal year pursuant to Section 26912 of the Government Code.

(2) The amount by which the allocation pursuant to Sections 75.70, 96 or 97, and 98, shall be reduced shall be equal to the allocation multiplied by the factor computed for the district pursuant to

paragraph (1).

(3) For the 1984–85 fiscal year and each fiscal year thereafter, the amount computed for each special district pursuant to this subdivision, other than a special district governed by a county board of supervisors or whose governing board is the same as the county board of supervisors, shall not be greater than the amount computed for the 1983–84 fiscal year.

(4) The total of all amounts computed for special districts within each county shall be deposited in the Special District Augmentation Fund which shall specify amounts for each governing body as defined in Section 16271 of the Government Code and which shall be allocated pursuant to subdivision (b).

(b) There is hereby created a Special District Augmentation Fund in each county to augment the revenues of special districts. On or before June 1 of each year, the governing body shall notify each special district of the estimated amount of funds in the Special District Augmentation Fund available to special districts in the coming fiscal year. The auditor shall, on or before September 30 of each year, notify each governing body, as defined in Section 16271 of the Government Code, of the amount allocated to it pursuant to this section.

(c) Within 15 days of the notice, the governing body shall hold a public hearing for the purpose of determining the distribution of the funds. The governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council. The notice shall include all of the following:

(1) The amount of funds disbursed to each special district and the amount of funds disbursed pursuant to subdivision (j) in the past fiscal year.

(2) The amount of funds computed pursuant to subdivision (a).

(3) The amount of funds proposed to be allocated pursuant to subdivision (j).

(4) The time and place of the hearing.

The governing body shall also publish the notice in a newspaper of general circulation in the county not less than three days prior to the hearing. The published notice shall include the time and place of the hearing.

(d) Within 30 days of the notice of allocation, the governing body shall allocate the funds to special districts, and may allocate funds pursuant to subdivision (j). The governing body shall disburse the entire amount of the fund to special districts during the fiscal year, except for the amounts allocated pursuant to subdivision (j).

(e) In determining the amount of funds to be disbursed to each special district, the governing body shall not consider any revenues raised by a special district pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1, or Article 16 (commencing with Section 53970) of Chapter 4 of Part 1 of Division 2, of Title 5 of, the Government Code.

(f) In determining the amount of funds to be allocated to each special district, the governing body may consider the revenues which are raised, or could be raised, by a special district from its enterprise activities.

(g) In determining the amount of funds to be allocated to each special district, the governing body shall not allocate funds to any special district which is governed by the board of supervisors or the city council if the governing body intends that those funds are to be transferred to that county or city upon or after disbursement to the special district, except as reimbursement to the city or county for services rendered to the special district.

(h) Within 30 days after determining the amount of funds to be allocated, the governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council which shall include:

(1) The total amount of funds computed pursuant to subdivision (a).

(2) The amount of funds allocated to each special district.

(3) The amount of funds allocated pursuant to subdivision (j).

(i) In determining the amount of funds to be disbursed to a special district, the governing body may restrict the use of the funds requested by a special district for purposes of capital purchases to those purposes.

(j) The funds allocated pursuant to this section shall be used exclusively for special districts and shall not be used for any general county or municipal expenses, except that:

(1) The governing body may allocate to its general fund an amount not to exceed the actual demonstrated cost of administering the Special District Augmentation Fund, which shall be an amount necessary to reimburse the actual demonstrated expenditures made to carry out the requirements of subdivisions (a) to (i), inclusive, and also the actual demonstrated cost of providing the assistance requested by special districts, which amount shall not exceed 1 percent of the amount in the fund.

(2) The governing body may allocate to a special account in its general fund an amount not to exceed 1 percent of the amount of the Special District Augmentation Fund to pay only the costs of the following:

(A) Expenses incurred by special districts in the event of an emergency. As used in this subparagraph, "emergency" means a sudden, unexpected occurrence which threatens the public peace, health, safety, or welfare and which is, or is likely to be, beyond the control of the services, personnel, equipment, or facilities of the special district.

(B) To carry out the purposes of the California Special District Consolidation Assistance Program established pursuant to Chapter 9.5 (commencing with Section 60350) of Division 2 of Title 6 of the Government Code.

(C) To establish a Special District Augmentation Fund Loan

program. The program funds may be loaned to special districts under those terms and conditions and in those amounts as are specified by the governing body.

(3) Notwithstanding the limits of paragraph (2), the governing body of a county with a population of less than 50,000, as determined by the Department of Finance, may allocate an amount not to exceed 2 percent of the fund. Those governing bodies may accumulate in the special account an amount not to exceed 5 percent of the fund over a period of three fiscal years.

(4) The governing body shall disburse to special districts any amount allocated pursuant to this subdivision which is greater than the limits set by paragraphs (2) and (3) in the succeeding fiscal year.

(k) The county auditor shall disburse funds to the special district in the same manner as disbursements which are made from the county treasurer's property tax trust fund.

(*l*) Disbursements to cities with more than one subsidiary special district may be made to the city. Each city shall distribute these funds to their individual subsidiary special districts in accordance with the city council's final determination.

(m) Any interest which accrues to the Special District Augmentation Fund shall be considered part of the fund and shall not be allocated or distributed in any way to the general fund of the governing body.

SEC. 160. Section 2611.5 of the Revenue and Taxation Code is amended to read:

2611.5. (a) The following information shall be included in each county tax bill or in a separate statement accompanying the bill:

(1) The full value of locally assessed property, including assessments made for irrigation district purposes in accordance with Section 26625.1 of the Water Code.

(2) The tax rate required by Article XIII A of the California Constitution.

(3) The rate or dollar amount of taxes levied in excess of the 1-percent limitation to pay for voter-approved indebtedness incurred before July 1, 1978, or bonded indebtedness for the acquisition or improvement of real property approved by two-thirds of the voters on or after June 4, 1986.

(4) The amount of any special taxes and special assessments levied.

(5) The amount of any tax rate reduction pursuant to Section 100 of this code, with the notation: "Tax reduction by (name of jurisdiction)."

(6) The amount of any exemptions. Exemptions reimbursable by the state shall be separately shown.

(7) The total taxes due on the property covered by the bill.

(8) Instructions on tendering payment, including the name and mailing address of the tax collector.

(b) In any year in which all of the assessments on the local secured roll have been raised or lowered as a result of a board order adopted

pursuant to Section 18 of Article XIII of the California Constitution, the full value may be omitted or, if shown, the tax bill shall include an explanation of the inconsistency of that figure with the equalized value and announced assessment ratio.

SEC. 161. Section 6472 of the Revenue and Taxation Code is amended to read:

6472. For purposes of Section 6471, prepayment shall be accompanied by a report of the amount of the prepayment in a form prescribed by the board and shall be made to the board as follows:

(a) In the first, third, and fourth calendar quarters, on or before the 24th day next following the end of each of the first two monthly periods of each quarterly period.

(b) In the second calendar quarter as follows:

(1) The first prepayment on or before the 24th day next following the end of the first monthly period of each quarterly period.

(2) The second prepayment on or before the 23rd day of the third monthly period of each quarterly period for the second monthly period and the first 15 days of the third monthly period of each quarterly period.

SEC. 162. Section 8359 of the Revenue and Taxation Code is amended to read:

8359. The board may, without at the time furnishing vouchers and itemized statements, draw from the Motor Vehicle Fuel Account a sum not to exceed five thousand dollars ($5,000). The sum so drawn shall be used as a revolving fund where cash advances are necessary.

SEC. 163. Section 8360 of the Revenue and Taxation Code is amended to read:

8360. The board may pay out of the appropriations made to it from the Motor Vehicle Fuel Account all expenses incurred in the prosecution before any court of this state of any person charged with the violation of this part.

SEC. 164. Section 24357.8 of the Revenue and Taxation Code is amended to read:

24357.8. (a) In the case of a qualified research contribution, the amount otherwise allowed as a deduction under Section 24357 shall be reduced by that amount of the reduction provided by Section 24357.1 which is no greater than the sum of the following:

(1) One-half of the amount computed pursuant to Section 24357.1 (computed without regard to this paragraph).

(2) The amount (if any) by which the charitable contribution deduction under this section for any qualified research contribution (computed by taking into account the amount determined by paragraph (1), but without regard to this paragraph) exceeds twice the basis of the property.

(b) For purposes of this section, "qualified research contribution" means a charitable contribution by a taxpayer of tangible personal property described in paragraph (1) of Section 1221 of the Internal Revenue Code of 1954, but only if all of the following conditions are met:

(1) The contribution is to an educational organization which is described in subsection (b) (1) (A) (ii) of Section 170 of the Internal Revenue Code of 1954 and which is an institution of higher education (as defined in Section 3304(f) of the Internal Revenue Code of 1954) in California.

(2) The contribution is made not later than two years after the date the construction of the property is substantially completed.

(3) The original use of the property is by the donee.

(4) The property is scientific equipment or apparatus substantially all of the use of which by the donee is for research or experimentation (within the meaning of Sections 24365 to 24368, inclusive), or for research training, in physical, applied, or biological sciences, or for instructional purposes.

(5) The property is not transferred by the donee in exchange for money, other property, or services.

(6) The taxpayer receives from the donee a written statement representing that its use and disposition of the property will be in accordance with this section, and with respect to property substantially all of the use of which is for instructional purposes, the taxpayer receives from the donee a written statement representing that the property will be used as an integral part of the instructional program. In the case of a computer, the statement shall also represent that the donee has acquired or will acquire, necessary basic operational software and the means to provide trained staff to utilize the property.

(7) The contribution is made on or after July 1, 1983, and on or before December 31, 1987.

(8) The taxpayer shall report to the Franchise Tax Board, on forms prescribed by the board, the name and address of the recipient educational organization, a description of the qualified charitable contribution, the fair market value of the contribution, and the date the contribution was made. The taxpayer shall forward a copy of the forms, along with the written statements prescribed in paragraph (6), to the following:

(A) The President of the University of California, in the case of contributions to institutions within the University of California system.

(B) The California Postsecondary Education Commission, in the case of contributions to private institutions.

(C) The Chancellor of the California State University, in the case of contributions to institutions within the California State University system.

(D) The Chancellor of the California Community Colleges, in the case of contributions to institutions within the California Community College system.

(c) For purposes of this section, the term "taxpayer" shall not include a service organization (as defined in Section 414(m) (3) of the Internal Revenue Code of 1954).

SEC. 165. Section 2006 of the Streets and Highways Code is

amended to read:

2006. (a) The board of supervisors of each county shall appoint a single road commissioner for all road districts in the county. Every person who is appointed road commissioner after December 31, 1965, shall be a registered civil engineer. However, the City and County of San Francisco may appoint a person road commissioner who is not a registered civil engineer. Any person appointed road commissioner on or before December 31, 1965, need not be a registered civil engineer if he or she is approved by the board of supervisors as qualified and competent to handle the road and highway work of the county. Any person who is a road commissioner in any county on December 31, 1965, need not be a registered civil engineer to be appointed road commissioner of another county after December 31, 1965. After October 1, 1952, no person shall be appointed road commissioner until the board of supervisors holds a public hearing on the qualifications of the candidate or candidates for the position of road commissioner. At least 14 days but not more than 30 days prior to the hearing, notice of the hearing shall be posted at the county courthouse and published at least once in a newspaper of general circulation in the county. Nothing in this section precludes one person from serving two or more counties. An elective county official shall not be appointed road commissioner after October 1, 1952, unless the official is holding the position of road commissioner on that date. The road commissioner is, at all times, under the direction and supervision of the board of supervisors but may be dismissed, after a hearing, only upon a majority vote of the board. This subdivision does not apply in chartered counties whose charter requires the county surveyor to perform the duties of, or exercise the powers conferred by law on, the road commissioner.

(b) Each county shall furnish evidence to the Controller that it has complied with this section.

(c) Neither the Controller nor any other state officer shall make any allocations or payments to any county from the Highway Users Tax Account in the Transportation Tax Fund until the county has complied with the requirements of this section; except that, if a vacancy occurs in the office of road commissioner of a county, the allocations or payments to the county shall not be suspended pursuant to this section unless the county has not appointed a new road commissioner in accordance with this section within 180 days from the date the vacancy first occurred.

(d) The 180-day time limit is contingent on the condition that there be a qualified acting road commissioner functioning during the interim period under direct appointment by the board of supervisors.

SEC. 166. Section 8680 of the Streets and Highways Code is amended to read:

8680. (a) The unpaid assessments shall be payable in annual series corresponding in number to the number of series of bonds issued. An annual proportion of each assessment shall be payable in

each year preceding the date of maturity of each of the several series of bonds which have been issued, sufficient to pay the bonds when due. The annual proportion of each assessment coming due in any year, together with the annual interest on the assessment, shall be payable in the same manner and at the same time and in the same installments as the general taxes of the city on real property are payable, and the assessment installments and the annual interest on the assessment shall be payable and become delinquent at the same times and in the same proportionate amounts and, except as provided in subdivision (b), shall bear the same proportionate penalties and interest after delinquency as do the general taxes on real property of the city.

(b) The legislative body may provide, in the resolution of intention to do the work, that a penalty of 2 percent per month of the total amount of the delinquent installment shall be added to the delinquent installment after the close of business on the delinquency date and an additional penalty of 2 percent of the amount of the delinqency shall be added at the beginning of business on the 10th day of each succeeding month until that delinquent installment and all penalties thereon are fully paid. This penalty shall be in lieu of all other penalties assessed by other provisions of law. The treasurer or the designated paying agent shall collect the penalties with, and as a part of, the delinquent installments, and all penalties collected shall be deposited in the redemption fund.

SEC. 167. Section 984 of the Unemployment Insurance Code is amended to read:

984. (a) (1) Each worker shall pay worker contributions at the rate determined by the director pursuant to this section with respect to wages, as defined by Sections 926, 927, and 985. On or before October 31 of each calendar year, the director shall prepare a statement, which shall be a public record, declaring the rate of worker contributions for the calendar year and shall notify promptly all employers of employees covered for disability insurance of the rate.

(2) Except as provided in paragraph (3), the rate of worker contributions for calendar year 1987 and for each subsequent calendar year shall be 1.45 times the amount disbursed from the Disability Fund during the 12-month period ending September 30 and immediately preceding the calendar year for which the rate is to be effective, less the amount in the Disability Fund on that September 30, with the resulting figure divided by total wages paid pursuant to Sections 926, 927, and 985 during the same 12-month period, and then rounded to the nearest one-tenth of 1 percent.

(3) In no event shall the rate of worker contributions exceed 1 and two-tenths percent or be less than one-tenth of 1 percent. For calendar year 1990, and for each subsequent calendar year, the rate of worker contributions shall not decrease from the rate in the previous year by more than two-tenths of 1 percent.

(b) Worker contributions required under Sections 708 and 708.5

shall be at a rate determined by the director to reimburse the Disability Fund for unemployment compensation disability benefits paid and estimated to be paid to all employers and self-employed individuals covered by those sections. On or before November 30th of each calendar year, the director shall prepare a statement, which shall be a public record, declaring the rate of contributions for the succeeding calendar year for all employers and self-employed individuals covered under Sections 708 and 708.5 and shall notify promptly the employers and self-employed individuals of the rate. The rate shall be determined by dividing the estimated benefits paid in the prior year by the product of the annual remuneration deemed to have been received under Sections 708 and 708.5 and the estimated number of persons who were covered at any time in the prior year. The resulting rate shall be rounded to the next higher one-hundredth percentage point. The rate may also be reduced or increased by a factor estimated to maintain as nearly as practicable a cumulative zero balance in the funds contributed pursuant to Sections 708 and 708.5. Estimates made pursuant to this subdivision may be made on the basis of statistical sampling, or another method determined by the director.

(c) The director's action in determining a rate under this section shall not constitute an authorized regulation.

SEC. 168. Section 2267 of the Vehicle Code, as added by Chapter 23 of the Statutes of 1982, is amended and renumbered to read:

2269. (a) The commissioner shall provide, as safety equipment, boots to each member of the California Highway Patrol who is assigned to ride motorcycles. This safety equipment shall remain the property of the state. Items lost or damaged because of the negligence of the officer shall be replaced by the officer at his or her expense.

(b) The commissioner shall pay the cost of aviation boots to each member of the California Highway Patrol who is assigned to aircraft operations and shall make aviation boots directly available for purchase by those members.

SEC. 169. Section 12519.5 of the Vehicle Code is amended to read:

12519.5. (a) No person shall operate a tour bus unless that person has in his or her immediate possession a valid driver's license for the appropriate class of vehicle operated. When transporting one or more passengers, that person shall also have in his or her immediate possession a certificate to operate a tour bus issued by the department pursuant to subdivision (b).

(b) The driver's certificate shall be issued only to applicants qualified by examinations prescribed and conducted by the department upon payment of a forty-one dollar ($41) fee.

(c) An operator of a tour bus shall, at all times when operating a tour bus, do all of the following:

(1) Use a safety belt.

(2) Report any accidents involving the tour bus to the Department of the California Highway Patrol.

(d) The department may adopt implementation dates for this section by regulation in order to accomplish an orderly certification program.

SEC. 170. Section 23196 of the Vehicle Code, as added by Chapter 1104 of the Statutes of 1986, is amended and renumbered to read:

23198. (a) Upon motion of the prosecution in a criminal action for a felony violation of Section 23153 which resulted in serious bodily injury to any person other than the defendant, the court may declare the motor vehicle driven by the defendant to be a nuisance if both of the following conditions are present:

(1) The defendant is the registered owner of the vehicle.

(2) The defendant has, within the five years immediately preceding the violation, been convicted of one or more separate violations of Section 23152 or 23153.

(b) Except as provided in subdivision (g), upon the conviction of the defendant, the court shall order any vehicle declared to be a nuisance pursuant to subdivision (a) to be sold. Any vehicle ordered to be sold pursuant to this subdivision shall be surrendered to the sheriff of the county or the chief of police of the city in which the violation occurred. The officer to whom the vehicle is surrendered shall promptly ascertain from the department the names and addresses of all legal and registered owners of the vehicle and, within five days of receiving that information, shall send by certified mail a notice to all legal and registered owners of the vehicle other than the defendant, at the addresses obtained from the department, informing them that the vehicle has been declared a nuisance and will be sold or otherwise disposed of pursuant to this section and of the approximate date and location of the sale or other disposition. The notice shall also inform any legal owner of its right to conduct the sale pursuant to subdivision (c).

(c) Any legal owner which in the regular course of its business conducts sales of repossessed or surrendered motor vehicles may take possession and conduct the sale of the vehicle declared to be a nuisance if it notifies the officer to whom the vehicle is surrendered of its intent to conduct the sale within 15 days of the mailing of the notice pursuant to subdivision (b). Sale of the vehicle pursuant to this subdivision may be conducted at the time, in the manner, and on the notice usually given by the legal owner for the sale of repossessed or surrendered vehicles. The proceeds of any sale conducted by the legal owner shall be disposed of as provided in subdivision (e).

(d) If the legal owner does not notify the officer to whom the vehicle is surrendered of its intent to conduct the sale as provided in subdivision (c), the officer shall offer the vehicle for sale at public auction within 60 days of receiving the vehicle. At least 10 days but not more than 20 days prior to the sale, not counting the day of sale, the officer shall give notice of the sale by advertising once in a newspaper of general circulation published in the city or county, as the case may be, in which the vehicle is located, which notice shall contain a description of the make, year, model, identification

number, and license number of the vehicle and the date, time, and location of the sale. For motorcycles, the engine number shall also be included. If there is no newspaper of general circulation published in the county, notice shall be given by posting a notice of sale containing the information required by this subdivision in three of the most public places in the city or county in which the vehicle is located, and at the place where the vehicle is to be sold, for 10 consecutive days prior to and including the day of the sale.

(e) The proceeds of a sale conducted pursuant to this section shall be disposed of in the following priority:

(1) To satisfy the costs of the sale, including costs incurred with respect to the taking and keeping of the vehicle pending sale.

(2) To the legal owner in an amount to satisfy the indebtedness owed to the legal owner remaining as of the date of sale, including accrued interest or finance charges and delinquency charges.

(3) To the holder of any subordinate lien or encumbrance on the vehicle to satisfy any indebtedness so secured if written notification of demand is received before distribution of the proceeds is completed. The holder of a subordinate lien or encumbrance, if requested, shall reasonably furnish reasonable proof of its interest and, unless it does so on request, is not entitled to distribution pursuant to this paragraph.

(4) To any other person who can establish an interest in the vehicle, including a community property interest, to the extent of his or her provable interest.

(5) The balance, if any, to the city or county in which the violation occurred, to be deposited in its general fund.

The person conducting the sale shall disburse the proceeds of the sale as provided in this subdivision, and provide a written accounting regarding the disposition to all persons entitled to or claiming a share of the proceeds, within 15 days after the sale is conducted.

(f) If the vehicle to be sold under this section is not of the type that can readily be sold to the public generally, the vehicle shall be destroyed or donated to an eleemosynary institution.

(g) No vehicle shall be sold pursuant to this section in either of the following circumstances:

(1) The vehicle is stolen, unless the identity of the legal and registered owners of the vehicle cannot be reasonably ascertained.

(2) The vehicle is owned by another, or there is a community property interest in the vehicle owned by a person other than the defendant and the vehicle is the only vehicle available to the defendant's immediate family which may be operated on the highway with a class 3 or class 4 driver's license.

(h) The Legislature finds and declares it to be the public policy of this state that no policy of insurance shall afford benefits which would alleviate the financial detriment suffered by any person as a direct or indirect result of a confiscation of a vehicle pursuant to this section.

SEC. 171. Section 23206.5 of the Vehicle Code is amended to read:

23206.5. (a) If any person is convicted of a violation of Section 23152 or 23153 and the offense was a second or subsequent offense punishable under Section 23165, 23170, 23175, or 23185, the court shall require that any term of imprisonment that is imposed include at least one period of not less than 48 consecutive hours of imprisonment or, in the alternative and notwithstanding Section 4024.2 of the Penal Code, that the person serve not less than 10 days of community service.

(b) Notwithstanding any other provision of law, except Section 2900.5 of the Penal Code, unless the court expressly finds in the circumstances that the punishment inflicted would be cruel or unusual punishment prohibited by Section 17 of Article I of the California Constitution, no court or person to whom a person is remanded for execution of sentence shall release, or permit the release of, a person from the requirements of subdivision (a), including, but not limited to, any work-release program, weekend service of sentence program, diversion or treatment program, or otherwise.

(c) For purposes of this section, "imprisonment" means confinement in a jail, in a minimum security facility, or in an inpatient rehabilitation facility, as provided in Part 1309 (commencing with Section 1309.1) of Title 23 of the Code of Federal Regulations.

(d) This section shall become operative only if, and upon the date of the certification by, the Department of Motor Vehicles to the Secretary of State that California has submitted a completed application for federal Title 408 grant programs funds pursuant to that Part 1309.

SEC. 172. Article 4 (commencing with Section 23240) of Chapter 12 of Division 11 of the Vehicle Code, as added by Chapter 985 of the Statutes of 1986, is repealed.

SEC. 173. Article 5 (commencing with Section 23249.50) is added to Chapter 12 of Division 11 of the Vehicle Code, to read:

Article 5. Alcohol and Drug Problem Assessment Program

23249.50. (a) The Legislature finds and declares all of the following:

(1) Driving under the influence of an alcoholic beverage or a drug is a serious problem, constituting the largest group of misdemeanor violations in many counties.

(2) Studies of first offenders have found that more than half of first offenders are alcoholics or problem drinkers. There are higher percentages of problem drinkers among second offenders than among first offenders.

(3) As the link between the health and legal aspects of the problem has become recognized, the courts have sought more information on a presentence basis in determining the appropriate sentence.

(4) Laws relating to driving under the influence of an alcoholic beverage or a drug allow the courts to order a presentence investigation to determine whether a person can benefit from an education, training, or treatment program. The Legislature thus finds that, to adequately assess whether an individual arrested for driving under the influence of an alcoholic beverage or a drug is chemically dependent, it is important to develop and implement screening programs in order to continue to address the problem of driving under the influence of alcoholic beverages or drugs in the state.

(b) It is therefore the intent of the Legislature to establish an additional procedure to assist the courts in the use of presentence investigations of individuals convicted of driving under the influence of an alcoholic beverage or a drug and to enable the courts to make appropriate dispositions in these cases. As part of this process, the courts should obtain and consider a presentence investigation report detailing the defendant's driving and criminal record, and, where possible, an alcohol or drug problem assessment report. In all cases, an alcohol or drug problem assessment report should be completed by qualified personnel prior to the determination of an education or treatment plan and subsequent sentencing by the courts.

23249.51. A county may develop, implement, operate, and administer an alcohol and drug problem assessment program pursuant to this article by resolution of the board of supervisors. The alcohol and drug problem assessment program may include a referral and client tracking component.

23249.52. Any person convicted of a violation of Section 23152 or 23153 in a county that administers an alcohol and drug problem assessment program pursuant to this article shall participate in the program.

23249.53. An alcohol and drug problem assessment report shall be made on each person who participates in the program. The report may be used to determine the appropriate sentence for persons convicted of a violation of Section 23152 or 23153.

23249.54. (a) Notwithstanding any other provision of law, in addition to any other fine or penalty assessment, there shall be levied an assessment of not more than fifty dollars ($50) upon every fine, penalty, or forfeiture imposed and collected by the courts for a violation of Section 23152 or 23153 in any county that administers an alcohol and drug problem assessment program pursuant to this article.

(b) The court may determine if the defendant has the ability to pay all or part of the assessment. The court may set the amount to be reimbursed and order the defendant to pay that sum to the county in the manner which the court determines is reasonable and compatible with the defendant's financial ability. In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to

pay in restitution.

(c) Notwithstanding Section 1463 or 1464 of the Penal Code or any other provision of law, all moneys collected pursuant to this section shall be deposited in a special account in the county treasury and shall be used exclusively to pay for the costs of developing, implementing, operating, maintaining, and evaluating alcohol and drug problem assessment programs.

(d) On January 15 of each year, the treasurer of each county that administers an alcohol and drug problem assessment program shall determine those moneys in the special account which were not expended during the preceding fiscal year, and shall transfer those moneys to the general fund of the county.

(e) Any moneys remaining in the special account, if and when the alcohol and drug problem assessment program is terminated, shall be transferred to the general fund of the county.

(f) The county treasurer shall annually transfer an amount of money equal to the county's administrative cost incurred pursuant to this section, as he or she shall determine, from the special account to the general fund of the county.

23249.55. The Office of Traffic Safety shall adopt rules and guidelines to implement this article.

23249.56. Any alcohol and drug problem assessment program established pursuant to this article may be terminated by the county on or before December 31, 1989.

23249.57. This article shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 174. Section 34501 of the Vehicle Code, as added by Section 3 of Chapter 969 of the Statutes of 1986, is amended to read:

34501. (a) (1) The department shall adopt reasonable rules and regulations which, in the judgment of the department, are designed to promote the safe operation of vehicles described in Section 34500, regarding, but not limited to, hours of service of drivers, equipment, fuel containers, fueling operations, inspection, maintenance, recordkeeping, accident reports, and drawbridges. The rules and regulations shall not, however, be applicable to schoolbuses, which shall be subject to rules and regulations adopted pursuant to Section 34501.5.

(2) The commissioner shall appoint a committee of 15 members, consisting of representatives of industry subject to the regulations to be adopted pursuant to this section, to act in an advisory capacity to the department, and the department shall cooperate and confer with the advisory committee so appointed. The commissioner shall appoint a separate committee to advise the department on rules and regulations concerning wheelchair lifts for installation and use on buses, consisting of persons who use the wheelchair lifts, representatives of transit districts, representatives of designers or manufacturers of wheelchairs and wheelchair lifts, and representatives of the Department of Transportation.

(3) The department may inspect any vehicles in maintenance facilities or terminals, as well as any records relating to the dispatch of vehicles or drivers, and the pay of drivers, to assure compliance with this code and regulations adopted pursuant to this section.

(b) The department, using the definitions adopted pursuant to Section 2402.7, shall adopt regulations for the transportation of hazardous materials in this state, except the transportation of materials which are subject to other provisions of this code, that the department determines are reasonably necessary to ensure the safety of persons and property using the highways. The regulations may include provisions governing the filling, marking, packing, labeling, and assembly of, and containers that may be used for, hazardous materials shipments, and the manner by which the shipper attests that the shipments are correctly identified and in proper conditions for transport.

(c) At least once every 13 months, the department shall inspect every maintenance facility or terminal of any person who at any time operates any bus.

(d) The commissioner shall adopt and enforce regulations which will make the public or private users of any bus aware of the operator's last safety rating.

(e) It is unlawful and a misdemeanor for any person to operate any bus without the inspection specified in subdivision (c) having been conducted.

(f) The department may adopt regulations restricting or prohibiting the movement of any vehicle from a maintenance facility or terminal if the vehicle is found in violation of this code or regulations adopted pursuant to this section.

SEC. 175. Section 42001.9 of the Vehicle Code, as added by Chapter 1009 of the Statutes of 1986, is amended and renumbered to read:

42001.10. Every person convicted for a violation of Section 38020 shall be punished by a fine of not less than twenty-five dollars ($25) for a first offense, and not less than fifty dollars ($50) for every subsequent offense.

SEC. 176. Section 1394 of the Water Code is amended to read:

1394. (a) The board may reserve jurisdiction, in whole or in part, to amend, revise, supplement, or delete terms and conditions in a permit under either of the following circumstances:

(1) If the board finds that sufficient information is not available to finally determine the terms and conditions which will reasonably protect vested rights without resulting in waste of water or which will best develop, conserve, and utilize in the public interest the water sought to be appropriated, and that a period of actual operation or time for completion of studies will be necessary in order to secure the required information.

(2) If the application or applications being acted upon represent only part of a coordinated project, other applications for the project being pending, and the board finds that the coordinated project

requires coordinated terms and conditions which cannot reasonably be decided upon until a decision is reached on the other pending applications.

(b) Jurisdiction shall be reserved under this section for no longer period of time than the board finds to be reasonably necessary, and in no case shall jurisdiction be exercised after the issuance of the license. The jurisdiction shall be exercised only after notice to the parties and a hearing. The board's decision or order reserving jurisdiction and the board's decision or order in the exercise of its reserved jurisdiction shall both be subject to reconsideration by the board and judicial review as authorized in this part.

SEC. 177. Section 8609 of the Water Code is amended to read:

8609. (a) The board may designate floodways throughout the Sacramento and San Joaquin Rivers drainage to control encroachments in, and to preserve the flow regimens of, floodways for the purpose of protecting public improvements, lives, land use values, and improvements created in reliance upon historical flooding patterns.

(b) As used in this part, "Sacramento and San Joaquin Rivers drainage," or equivalent language, means all lands currently and historically drained by the Sacramento River and the San Joaquin River and their tributaries and distributaries.

(c) This section is declaratory of existing law.

SEC. 178. Chapter 2 (commencing with Section 20200) of Division 10 of the Water Code, as added by Chapter 87 of the Statutes of 1984, is repealed.

SEC. 179. Chapter 3 (commencing with Section 20220) is added to Division 10 of the Water Code, to read:

CHAPTER 3. WATER DISTRICT TAXES

20220. (a) Notwithstanding any other provision of law, a mobilehome used primarily for residential purposes and located on rental spaces within a mobilehome park is not property subject to ad valorem property taxes for debt service of any water district or of any improvement district therein.

(b) As used in this chapter, "water district" means any district or other political subdivision, other than a city or county, a primary function of which is the irrigation, reclamation, or drainage of land or the diversion, storage, or distribution of water primarily for domestic, municipal, agricultural, industrial, recreation, fish and wildlife enhancement, flood control, or power production purposes.

SEC. 180. Section 20527.91 of the Water Code is amended to read:

20527.91. Notwithstanding Section 20527 or any other provision of law, in the Big Springs Irrigation District in Siskiyou County and in the Princeton-Codora-Glenn Irrigation District, every owner of real property within the district, but no others, may vote at elections for directors or otherwise. Owners need not be residents of the district in order to qualify as voters. The last equalized county

assessment roll is conclusive evidence of ownership of the real property so owned. Where land is owned in joint tenancy, tenancy in common, or any other multiple ownership, the owners of the land shall designate in writing which one of the owners shall be deemed the owner of the land for purposes of qualifying as a voter.

The legal representative of a corporation or estate owning real property may vote on behalf of the corporation or estate. As used in this section, legal representative means an official of a corporation owning real property or a guardian, conservator, executor, or administrator of the estate of the holder of title to real property who is all of the following:

(a) Appointed under the laws of this state.

(b) Entitled to the possession of the estate's real property.

(c) Authorized by the appointing court to exercise the particular right, privilege, or immunity which the legal representative seeks to exercise. Before a legal representative votes at a district election, the legal representative shall present to the precinct board a certified copy of his or her authority which shall be kept and filed with the returns of the election.

Every voter, or his or her legal representative, may vote at any district election either in person or by a person duly appointed as his or her proxy, but shall be entitled to cast only one vote. The appointment of a proxy shall be as provided in Section 35005.

Notwithstanding Section 21100 or any other provision of law, any voter, as defined in this section, is eligible to be a member of the Board of Directors of the Big Springs Irrigation District or the Board of Directors of the Princeton-Codora-Glenn Irrigation District.

SEC. 181. Section 318 of the Welfare and Institutions Code, as added by Chapter 1122 of the Statutes of 1986, is amended and renumbered to read:

318.5. In a juvenile court hearing, where the parent or guardian is represented by counsel, the county counsel or district attorney shall, at the request of the juvenile court judge, appear and participate in the hearing to represent the petitioner.

SEC. 182. Section 361.3 of the Welfare and Institutions Code is amended to read:

361.3. (a) In any case in which a child is removed from the physical custody of his or her parents pursuant to Section 361, preferential consideration shall be given to a request by a relative of the child for placement of the child with the relative. In determining whether such a placement is appropriate, the probation officer and court shall consider the ability of the relative to provide a secure and stable environment for the child. Factors to be considered in that assessment include, but are not limited to, the good moral character of the relative; the ability of the relative to exercise proper and effective care and control of the child; the ability of the relative to provide a home and the necessities of life for the child; which relative is most likely to protect the child from his or her parents; which relative is most likely to facilitate visitation with the child's other

relatives and to facilitate reunification efforts with the parents; and the best interests of the child. In this regard, the Legislature declares that a physical disability, such as blindness or deafness, is no bar to the raising of children, and a probation officer's determination as to the ability of a disabled relative to exercise care and control should center upon whether the relative's disability prevents him or her from exercising care and control.

(b) In any case in which more than one appropriate relative requests preferential consideration pursuant to this section, the probation officer and the court, in determining which relative should receive preferential consideration, shall consider the best interests of the child, and which of the relatives is most likely to protect the child from his or her parents, to facilitate visitation with the child's other relatives, and to facilitate reunification efforts with the parents. Consideration shall also be given to attempting to place siblings and stepsiblings in the same home if such a placement is found to be in their best interests.

(c) For purposes of this section:

(1) "Preferential consideration" means that the relative seeking placement shall be the first placement to be considered and investigated.

(2) "Relative" means an adult who is a grandparent, aunt, uncle, first cousin, or sibling.

SEC. 183. Section 5350.2 of the Welfare and Institutions Code is amended to read:

5350.2. Reasonable attempts shall be made by the county mental health program to notify family members or any other person designated by the person for whom conservatorship is sought, of the time and place of the conservatorship hearing. The person for whom the conservatorship is sought shall be advised by the facility treating the person that he or she may request that information about the time and place of the conservatorship hearing not be given to family members, in those circumstances where the proposed conservator is not a family member. The request shall be honored by the mental health program. Neither this section nor Section 5350 shall be interpreted to allow the proposed conservatee to request that any proposed conservator not be advised of the time and place of the conservatorship hearing.

SEC. 184. Section 5769 of the Welfare and Institutions Code, as added by Chapter 1286 of the Statutes of 1985, is amended and renumbered to read:

5769.5. The department shall review the licensing, benefits, and reimbursement policies of the Medi-Cal program and make recommendations as necessary to the Director of Health Services, the Secretary of the Health and Welfare Agency, the Governor, and the Legislature to assure that these state policies are consistent with the following goals:

(a) Voluntary placement for the provision of mental health treatment services shall be encouraged at all times.

(b) Counties shall be allowed maximum flexibility to respond to community needs for the provision of involuntary mental health treatment.

The director shall consult with the Conference of Local Mental Health Directors and the Citizens Advisory Council in fulfilling this responsibility.

SEC. 185. Section 11201.5 of the Welfare and Institutions Code is amended to read:

11201.5. (a) The department shall conduct a demonstration program in order to determine whether the definition of "unemployed parent" specified in Section 11201 discourages primary wage earners receiving assistance under this chapter from accepting employment offered to them.

(b) The department shall seek the necessary waivers to implement this section.

The waivers shall provide that for recipients of aid under this chapter, "unemployed parent" means the principal earner, whose wages, after applicable earned income disregards, is less than the minimum basic standard of adequate care for the family size. This definition applies only to those families receiving Aid to Families with Dependent Children-Unemployed Parent assistance whose total applicable family income meets the gross and net income eligibility standards established by regulation.

(c) The demonstration program provided for in this section shall provide for one county to demonstrate whether this revised definition of "unemployed parent" would do either of the following:

(1) Increase the number of principal earners accepting employment.

(2) Reduce the average level of grant payments being made in the Aid to Families with Dependent Children-Unemployed Parent Program.

The duration of the demonstration program shall be for two years from the date of implementation by the county.

(d) The department shall institute, as soon as possible, both of the following:

(1) Upon receipt of the federal waivers, the demonstration program described in subdivision (c).

(2) As part of the demonstration project, as described in subdivision (c), to test the impact of this revised definition of "unemployed parent" as part of the State-Only AFDC-U Program provided in Article 3.1 (commencing with Section 11315). If the federal waivers are obtained, this program shall be implemented concurrently with the program described in paragraph (1). If the federal waivers are denied, this program shall be implemented as soon as possible after the denial. The duration of the program shall be for two years from the date of implementation by the county.

For purposes of this demonstration program, the Aid to Families With Dependent Children-Unemployed Parent applicant shall not have quit a job without good cause within the 90 days immediately

prior to the beginning date of aid. If the Aid to Families With Dependent Children-Unemployed Parent applicant quits a job without good cause within this 90-day period, the entire family shall be ineligible for aid under this chapter for 90 days from the date the applicant quit his or her job.

An Aid to Families With Dependent Children-Unemployed Parent recipient shall not refuse an offer of employment without good cause. Good cause does not exist when the wage, less applicable earned income disregards, would make the family financially ineligible for aid under this chapter.

The demonstration program established pursuant to this section shall be in addition to the refugee demonstration programs provided for during the 1983–84 Regular Session of the Legislature.

(e) The department shall report to the Legislature the results of the demonstration program.

SEC. 186. The heading of Chapter 6 (commencing with Section 13000) of Part 3 of Division 9 of the Welfare and Institutions Code is amended and renumbered to read:

CHAPTER 5.1. SOCIAL SERVICES

SEC. 187. The heading of Chapter 6.3 (commencing with Section 13500) of Part 3 of Division 9 of the Welfare and Institutions Code is amended and renumbered to read:

CHAPTER 5.5. EMERGENCY SHELTERS FOR ELDERLY AND DEPENDENT ADULT ABUSE VICTIMS

SEC. 188. Section 14171 of the Welfare and Institutions Code is amended to read:

14171. (a) The director shall establish administrative appeal processes to review grievances or complaints arising from the findings of an audit or examination made pursuant to Sections 10722 and 14170.

(b) Different administrative appeal processes may be established by the director for grievances or complaints arising from the determinations of a tentative or final settlement based on audit or examination findings made by or on behalf of the department pursuant to Sections 10722 and 14170, except that consistent with existing practice, no administrative appeal shall be available for tentative settlement of cost reports.

(c) The administrative appeal process established by the director for final settlements, including, in the case of hospitals, the application of Sections 51536, 51537, and 51539 of Title 22 of the California Administrative Code shall include the procedural requirements of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The impartial hearing shall be conducted by an administrative law judge appointed by the director. The director may subcontract with the Office of

Administrative Hearings to conduct hearings on cases involving complicated issues of fact or law, or to reduce the backlog of cases.

(d) The administrative appeal process established by the director for tentative settlements, including, in the case of hospitals, the application of Sections 51536, 51537, and 51539 of Title 22 of the California Administrative Code shall be an informal process which, however, guarantees a provider the right to present any grievance or complaint to the department in writing. Any subsequent hearings shall be conducted in an informal manner and shall be held at the discretion of the department.

(e) The time limitations in subdivision (g) for the impartial hearing and the final decisions are mandatory. If the department fails to conduct the hearing within 360 days or to adopt a final decision thereon within 180 days of the hearing, the amount of any overpayment which is ultimately determined by the department to be due shall be reduced by 10 percent for each 30-day period that either the hearing or the decision, or both, are delayed beyond 360 days or the additional 180 days provided in subdivision (g). However, the time period shall be extended by either of the following:

(1) Delay caused by a noninstitutional provider.

(2) Extensions of time granted a noninstitutional provider at its sole request or at the joint request of the provider and the department.

(f) Notwithstanding subdivision (c), the administrative appeal process established by the director for institutional providers at final settlements shall commence with an informal conference with the provider, a representative of the department and the hearing officer. The hearing officer, when appropriate, may assign the administrative appeal to an informal level of review where efforts could be made to resolve facts and issues in dispute in a fair and equitable manner, subject to the requirements of state and federal law. Nothing in this subdivision shall prohibit the provider from presenting any unresolved grievances or complaints at an impartial hearing pursuant to subdivision (c).

(g) Notwithstanding subdivision (c), the administrative appeal process established by the director for noninstitutional providers shall commence with an informal conference with the provider, a representative of the department, and the hearing officer. The informal conference shall be conducted no later than 90 days after the filing of a timely and specific statement of disputed issues by the noninstitutional provider. The administrative law judge, when appropriate, may assign the administrative appeal to an informal level of review where efforts could be made to resolve facts and issues in dispute in a fair and equitable manner, subject to the requirements of state and federal law. The review conducted at this informal level shall be completed no later than 180 days after the filing of a timely and specific statement of disputed issues by the noninstitutional provider. Nothing in this subdivision shall prohibit the provider from presenting any unresolved grievances or

complaints at an impartial hearing pursuant to subdivision (c). For noninstitutional providers, the impartial hearing shall be conducted no later than 360 days after the issuance of the first statement of account status or demand for payment to the noninstitutional provider. A proposed decision shall be prepared within 60 days after the impartial hearing is concluded, and a final decision shall be adopted within 180 days of the hearing.

(h) In the event recovery of a disallowed payment has been made by the department, a provider who prevails in an appeal of a disallowed payment shall be entitled to interest at the rate equal to the monthly average received on investments in the Surplus Money Investment Fund, commencing on the date the appeal is formally accepted by the department or the date payment is received by the department, whichever is later.

(i) Commencing 60 days after issuance of the first statement of account status or demand for repayment resulting from an audit or examination made pursuant to Sections 10722 and 14170, interest at the rate equal to the monthly average received on investments in the Surplus Money Investment Fund during the month the first statement of account status or demand for repayment was issued shall be assessed against any unrecovered overpayment due to the department.

(j) The final decision of the director shall be reviewable in accordance with Section 1094.5 of the Code of Civil Procedure within six months of the issuance of the director's final decision.

SEC. 189. Section 15630 of the Welfare and Institutions Code is amended to read:

15630. (a) Any elder or dependent adult care custodian, health practitioner, or employee of a county adult protective services agency or a local law enforcement agency, who in his or her professional capacity or within the scope of his or her employment, either has observed an incident that reasonably appears to be physical abuse, has observed a physical injury where the nature of the injury, its location on the body, or the repetition of the injury, clearly indicates that physical abuse has occurred, or is told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, shall report the known or suspected instance of physical abuse either to the long-term care ombudsman coordinator or to a local law enforcement agency when the physical abuse is alleged to have occurred in a long-term care facility, or to either the county adult protective services agency or to a local law enforcement agency when the physical abuse is alleged to have occurred anywhere else, immediately or as soon as possible by telephone, and shall prepare and send a written report thereof within 36 hours.

(b) Any care custodian, health practitioner, or employee of an adult protective services agency or local law enforcement agency who has knowledge of or reasonably suspects that other types of elder or dependent adult abuse have been inflicted upon an elder or

dependent adult or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse either to a long-term care ombudsman coordinator or to a local law enforcement agency when the abuse is alleged to have occurred in a long-term care facility, or to either the county adult protective services agency or to a local law enforcement agency when the abuse is alleged to have occurred anywhere else.

(c) When two or more persons who are required to report are present and jointly have knowledge of a known or suspected instance of abuse of an elder or a dependent adult, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(d) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting duties and no person making such a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(e) (1) An adult protective services agency shall immediately or as soon as practically possible report by telephone to the law enforcement agency having jurisdiction over the case and to any public agency given responsibility for investigation in that jurisdiction of cases of elder and dependent adult abuse, every known or suspected instance of physical abuse of an elder or dependent adult. A county adult protective services agency shall also send a written report thereof within 36 hours of receiving the information concerning the incident to each agency to which it is required to make a telephone report under this subdivision.

Only a written report, sent within 36 hours, shall be required in the case of types of elder and dependent adult abuse other than physical abuse.

If an adult protective services agency receives a report of abuse alleged to have occurred in a long-term care facility, that adult protective services agency shall immediately inform the person making the report that he or she shall make it to the long-term care ombudsman coordinator or to a local law enforcement agency. The adult protective services agency shall not accept the reports.

(2) If an adult protective services agency or local law enforcement agency or ombudsman program receiving a report of known or suspected elder or dependent adult abuse involving physical abuse or neglect determines, pursuant to its investigation, that the abuse is being committed by a health practitioner licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, or any related initiative act, or by a person

purporting to be such a licensee, the adult protective services agency or local law enforcement agency or ombudsman program shall immediately report this information to the appropriate licensing agency. The licensing agency shall investigate the report in light of the potential for physical harm. The transmittal of information to the appropriate licensing agency shall not relieve the adult protective services agency or local law enforcement agency or ombudsman program of the responsibility to continue its own investigation as required under applicable provisions of law. The information reported pursuant to this paragraph shall remain confidential and shall not be disclosed.

(f) A law enforcement agency shall immediately or as soon as practically possible report by telephone to the long-term care ombudsman coordinator when the abuse is alleged to have occurred in a long-term care facility or to the county adult protective services agency when it is alleged to have occurred anywhere else, and to the agency given responsibility for the investigation of cases of elder and dependent adult abuse every known or suspected instance of abuse of an elder or a dependent adult. A law enforcement agency shall also send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

(g) A long-term care ombudsman coordinator may report the instance of abuse to the county adult protective services agency or to the local law enforcement agency for assistance in the investigation of the abuse if the victim gives his or her consent.

(h) When a county adult protective services agency, a long-term care ombudsman coordinator, or a local law enforcement agency receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, that county adult protective services agency, long-term care ombudsman coordinator, or local law enforcement agency shall report the incident to the licensing agency by telephone as soon as possible.

(i) Each long-term care ombudsman coordinator shall report to the county adult protective services agency monthly on the reports it receives pursuant to this chapter. The reports shall be on forms adopted by the department. The information reported shall include, but shall not be limited to, the number of incidents of abuse, the number of persons abused, the type of abuse, and the actions taken on the reports. For purposes of these reports, sexual abuse shall be reported separately from physical abuse.

(j) Each county adult protective services agency shall report to the State Department of Social Services monthly on the reports received pursuant to this chapter. The reports shall be made on forms adopted by the department. The information reported shall include, but shall not be limited to, the number of incidents of abuse, the number of persons abused, the type of abuse sustained, and the actions taken on the reports. For purposes of these reports, sexual

abuse shall be reported separately from physical abuse.

The county's report to the department shall include reports it receives from the long-term care ombudsman coordinator pursuant to subdivision (i).

SEC. 190. Section 18966.1 of the Welfare and Institutions Code is amended to read:

18966.1. (a) Any federal funds provided for child abuse prevention challenge grants to provide matching funds to states that have established children's trust funds shall be allocated to the counties' children's trust funds in the following manner:

(1) Those counties which receive less than twenty thousand dollars ($20,000) per annum for their county children's trust funds from the fees on birth certificates collected pursuant to Section 10605 of the Health and Safety Code, shall be granted from federal matching funds that amount necessary to bring that income to the trust fund to twenty thousand dollars ($20,000) per year.

If the state's annual federal matching fund allocation is insufficient to provide each county children's trust fund with a minimum total annual funding level of twenty thousand dollars ($20,000), the Office of Child Abuse Prevention shall determine an allocation process for federal matching funds to ensure that each county's children's trust fund receives a minimum level of annual funding from all sources.

(2) The remaining funds from the federal challenge grant shall then be distributed equally among all the counties, up to ten thousand dollars ($10,000) per county.

(3) If sufficient federal matching funds exist after each county children's trust fund is provided a total annual children's trust fund allocation of twenty thousand dollars ($20,000) and after each county children's trust receives a maximum annual allocation of ten thousand dollars ($10,000) in federal matching funds, the remaining federal matching funds shall be distributed to each county children's trust fund according to population.

(b) (1) Federal challenge grant funds shall be received by the Office of Child Abuse Prevention and allocated in the manner specified in subdivision (a).

(2) Boards of supervisors may establish criteria for determining those programs which shall receive funding. Boards of supervisors may accept all program proposals, prioritize those proposals, and make the final decision as to which programs shall receive funds.

(c) Federal matching funds shall be allocated pursuant to subdivision (a) for counties that have not established a local children's trust fund and shall be transferred to that county's existing children's trust fund established by the Office of Child Abuse Prevention in the State Children's Trust Fund. Nothing in this section shall prevent a county that has not established a local children's trust fund from establishing a local children's trust fund.

(d) Receipt by a county of any federal funds available for the purposes set forth in this section shall be contingent upon the provision of assurances that the county will provide to the Office of

Child Abuse Prevention all information necessary to meet federal reporting mandates. Those information needs shall be identified by the department at the time federal funds are allocated.

SEC. 191. Section 2 of Chapter 1420 of the Statutes of 1985 is repealed.

SEC. 192. Section 5 is added to Chapter 522 of the Statutes of 1986, to read:

Sec. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to conform provisions relating to driving restrictions to the changes in penalties for driving under the influence offenses made in 1985, and to clarify the meaning of Section 23206.5 of the Vehicle Code at the earliest possible time in order to prevent release of repeat drunk drivers before they have been punished pursuant to law, it is necessary that this act take effect immediately.

SEC. 193. Section 5 of Chapter 1287 of the Statutes of 1986 is amended to read:

Sec. 5. It is the intent of the Legislature that the addition of Section 74108 to the Food and Agricultural Code, as proposed in Section 2 of this act, the addition of Section 74608 to the Food and Agricultural Code, as proposed in Section 3 of this act, and the addition of Section 74908 to the Food and Agricultural Code, as proposed in Section 4 of this act, are intended to apply only to the Winegrowers of California Commission, as proposed to be added by Section 1 of Senate Bill 2048 of the 1985–86 Regular Session, the California Wine Commission, as added by Section 3 of this act, and the California Winegrape Growers Commission, as added by Section 4 of this act, respectively. These sections are not intended to apply to any other agricultural commissions presently in operation or to be created in the future.

SEC. 194. Any section of any act enacted by the Legislature during the 1987 calendar year, which takes effect on or before January 1, 1988, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

CHAPTER 57

An act to amend Sections 4357.5 and 4700.1 of the Civil Code, relating to family law.

[Approved by Governor June 17, 1987. Filed with Secretary of State June 17, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 4357.5 of the Civil Code is amended to read:

4357.5. (a) In any action for child support that has been filed and served, the court may, without a hearing, make an order requiring a parent or parents to pay for the support, maintenance, and education of his or her minor child or children during the pendency of that action, pursuant to this section, in an amount as required by Section 4722 or, if the income of the obligated parent or parents is unknown to the applicant, then the minimum amount of support as provided in Section 11452 of the Welfare and Institutions Code.

An order under this section shall be known as an expedited support order.

As used in this section, "income and expense declaration" means the form for an income and expense declaration in family law matters adopted by the Judicial Council.

(b) An expedited support order shall be made by the superior court upon the filing of an application requesting that relief, setting forth the minimum amount the obligated parent or parents are required to pay pursuant to Section 4722 or pursuant to Section 11452 of the Welfare and Institutions Code, an income and expense declaration for both parents completed by the applicant, a worksheet setting forth the basis of the required amount and a proposed expedited support order.

Except in the event of a hearing concerning the application for an expedited support order, the amount of the expedited support order shall be the minimum amount the obligated parent is required to pay as set forth in the application. An expedited support order shall be effective 30 days after service on the obligated parent of the application, income and expense declarations, worksheet, a notice of consequences of failure to file a response, the proposed order, three blank responses to the application for an expedited support order and notice of hearing forms, and three blank income and expense declaration forms.

The expedited support order shall be effective on the obligated parent, without further action by the court, unless there is a response to the application for an expedited support order.

(c) Service on the obligated parent of the application and other required documents as set forth in subdivision (b) shall be by personal service or by any method available under Sections 415.10 to 415.40, inclusive, of the Code of Civil Procedure.

(d) The response to the application for the proposed expedited support order and the obligated parent's income and expense declaration may be filed with the court at any time prior to the effective date of the expedited support order and, on filing, shall be served upon the applicant by any method by which a response to a notice of motion may be served. The response to the application for an expedited support order shall state the objections of the obligated parent to the proposed expedited support order. The simultaneous filing of the response to the application for an expedited support order and the obligated parent's income and expense declaration shall stay the effective date of the expedited support order. No fee shall be charged for, or in connection with, the filing of the response.

(e) The obligated parent shall cause the court clerk to, and the court clerk shall, set a hearing on the application for the expedited support order not less than 20 nor more than 30 days after the filing of the response to the application for the expedited support order and income and expense declaration. The obligated parent shall give notice of the hearing to the other parties or their counsel by first-class mail no less than 15 days before the hearing. If no such notice is given, expedited support order shall become effective as provided in subdivision (b) subject to the relief available to the responding party as provided by Section 473 of the Code of Civil Procedure or any other available relief whether in law or in equity.

(f) An application for the expedited support order shall confer jurisdiction on the court to hear only the issue of support of the minor child or children. Nothing in this section shall prevent either party from bringing before the court at the hearing other separately noticed issues otherwise relevant and proper to the action in which the application for the expedited support order has been filed.

(g) At the hearing to establish a support order, all parties who are parents of the child or children who are the subject of the action shall produce copies of their most recently filed federal and state income tax returns. A tax return so submitted may be reviewed by the other parties and a party also may be examined by the other parties as to the contents of any such return. A party who fails to submit documents to the court as required by this section shall not be granted the relief that he or she has requested. However, the court may grant the requested relief if a party submits a declaration under penalty of perjury that (1) no such documents exist, or (2) in the case of a tax return, it cannot be produced, but a copy has been requested from the Internal Revenue Service or Franchise Tax Board.

(h) The court shall order an amount of support in accordance with Chapter 2 (commencing with Section 4720) of Title 5 of this part.

(i) When there is a hearing, the resulting order shall be called an order after hearing. The order after hearing shall become effective no more than 30 days after the filing of the response to the application for the expedited support order and may be given retroactive effect to the date of the filing of the application.

(j) An order entered under this section may be modified at any

time on the same basis as any other order for child support.

(k) The Judicial Council shall prepare all forms necessary to give effect to this section.

SEC. 2. Section 4700.1 of the Civil Code is amended to read:

4700.1. (a) It is the intention of the Legislature in enacting this section to provide an additional, simplified method for the modification of child support awards.

(b) A notice of motion to modify an order awarding child support may be filed under this section at any time subsequent to one year after the entry of a previous order for the award of child support, except that the one-year limitation shall not be applicable if the request for modification is based on a significant decrease in the income of the moving party.

A motion to modify child support shall include a proposed order for modification of child support, and a declaration that the facts on which the motion is based are true and correct, under penalty of perjury. The moving party shall cause the notice of motion and the proposed order to be served on the other party to the child support award. The responding party shall have 30 days from the date of service within which to file an objection and request for a hearing. If the responding party so files, he or she shall be responsible for requesting a hearing date and giving notice thereof to the moving party. The original proof of service of the notice of the objection and request shall be filed at the same time as the filing of the objection and the request for hearing.

(c) No attorney at law or person other than the moving or responding party shall take any part in the filing or prosecution or defense of a proceeding pursuant to this section, unless the attorney is appearing as a party to the proceeding. Nothing in this section shall be construed to prohibit an attorney from rendering advice to a party to the proceeding, either before or after the commencement of the proceeding. However, if a party to such a proceeding elects to be represented by counsel, the court shall proceed on the motion as specified in subdivision (i).

(d) Only one modification of child support pursuant to this section shall be granted within any 12-month period, except in cases where the request for a modification is based on a significant decrease in the income of the moving party.

The court may grant a modification of child support, not to exceed an amount equal to 10 percent of the current award for each year subsequent to the date on which the current award was granted, without requiring a showing of changed circumstances by the moving party, to the extent justified by the economic evidence presented by way of the income statements (and expense statements, if the court deems them necessary and relevant) of the parties. In the event of a default by the responding party, the court shall award a modification, without requiring the submission of economic evidence by the moving party.

In cases in which the request for modification is based on a

significant decrease in the income of the moving party, the moving party shall present evidence of his or her decline in economic circumstances. The amount of the modification shall be based on the economic evidence presented by way of income statements (and expense statements, if the court deems them necessary and relevant) of the parties. In the event of a default by the responding party in a case where the request for the modification is based on a significant decrease in the income of the moving party, the court shall award a modification based on the evidence. If the court considering the request for modification awards child support according to guidelines in use within its jurisdiction, the amount of modification shall be based on those guidelines. If no guidelines are in use, the amount of the modification shall be based on the factors employed in determining the existing award.

In addition to the income statement (and the expense statement, if required by the court), in a contested proceeding, both the moving party and the responding party shall make available to the court copies of their federal and state income tax returns for the preceding year at the time of the hearing. No relief shall be granted pursuant to this procedure to a party who fails to submit such documents as may be required by the court or a declaration under penalty of perjury that no such documents exist, or that, in the case of a tax return, it cannot be produced but a copy has been requested from the Internal Revenue Service or the Franchise Tax Board. A tax return so submitted may be reviewed by the other party and a party also may be examined by the other party as to the contents of any such return.

(e) Notice pursuant to this section shall be by certified mail, postage prepaid, return receipt requested, to the last known address of the party to be served, or by personal service. Proof of service shall be filed with the court. In order to facilitate service of process, each party to an order for child support shall provide the other party with his or her current mailing address and any subsequent change of address.

(f) In any proceeding in which the court orders a payment for the support of a minor child, the court shall, at the time of providing written notice of the order, provide the parties with a document describing the procedures by which the order may subsequently be modified.

(g) The party filing a notice of motion to modify child support with the clerk pursuant to this section shall also file a duplicate copy of the notice with the district attorney within five working days of filing.

(h) Nothing in this section shall be construed to infringe upon the duty of the state to comply with federal rules and regulations pertaining to the establishment, enforcement, and collection of child support payments in cases in which the child is receiving public assistance.

(i) Upon notice by a party to a proceeding under this section that

he or she elects to be represented by counsel in the proceeding, the court shall proceed on the motion as in a proceeding for modification of child support pursuant to Section 4700. A party's notice of intent to proceed with the benefit of counsel shall be accompanied by the party's declaration under penalty of perjury stating facts evidencing that intent.

(j) The Judicial Council shall adopt forms or notices for the use of the procedure provided by this section, which shall include a notice advising of the right of a party to proceed with or without benefit of counsel, and which shall incorporate, where appropriate, advice as to the availability of this additional, simplified method for the modification of child support.

(k) Where it appears in the response to a request for a modification pursuant to this section that issues other than support are contested with respect to the child for whom support is sought, those issues shall be set for mediation pursuant to Section 4607. A separate hearing shall be scheduled with regard to any such issue. The pendency of such a mediation proceeding shall not delay a hearing on the request for a modification pursuant to this section.

CHAPTER 58

An act to amend Section 25536 of the Government Code, relating to county contracts.

[Approved by Governor June 22, 1987. Filed with Secretary of State June 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 25536 of the Government Code is amended to read:

25536. (a) Nothing in this article shall prevent the board of supervisors of a county from, and the board of supervisors of any county is empowered to make contracts, acquiring, leasing, or subleasing property pursuant to Section 1261 of the Military and Veterans Code, or, by a four-fifths vote of the board, entering into leases, or concession or managerial contracts involving leasing or subleasing all or any part of county-owned, leased, or managed property devoted to or held for ultimate use for airport, vehicle parking, fairground, beach, park, amusement, recreation, or employee cafeteria purposes, or industrial or commercial development incidental thereto or not inconsistent therewith without compliance with this article.

(b) In addition to the powers provided in subdivision (a), the County of Monterey may enter into a lease, concession, or managerial contract involving the leasing or subleasing of all or any part of a county-owned, leased, or managed property devoted to or

held for ultimate use for juvenile placement.

(c) In addition to the powers provided in subdivisions (a) and (b), the board of supervisors of a county, by a four-fifths vote of the board, may sell or lease all or any part of county-owned property without compliance with this article if the county repurchases or leases back the property as part of the same transaction.

CHAPTER 59

An act to amend Section 1340 of the Elections Code, relating to water district elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 22, 1987. Filed with Secretary of State June 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1340 of the Elections Code is amended to read:

1340. Any local, special, or consolidated election may be conducted wholly by mail provided that:

(a) The governing body of the local agency authorizes the use of mailed ballots for the election; and

(b) The election does not occur on the same date as a statewide direct primary election or statewide general election; and

(c) The election is one of the following:

(1) An election in which no more than 1,000 registered voters are eligible to participate.

(2) A maximum property tax rate election as provided for in Section 2287 of the Revenue and Taxation Code.

(3) An election on a measure or measures restricted to (A) the imposition of special taxes, or (B) expenditure limitation overrides, or (C) both (A) and (B), in a city, county, or special district with 5,000 or less registered voters calculated as of the time of the last report of registration by the county clerk to the Secretary of State.

(4) An election on the issuance of a general obligation water bond in accordance with Section 12944.5 of the Water Code.

(5) An election of the Directors of the Monterey Peninsula Water Management District as authorized in Section 122 of Chapter 527 of the Statutes of 1977, known as the Monterey Peninsula Water Management District Law.

(6) An election of the Aliso Water Management Agency, or its affected member agencies, pursuant to Sections 13416 and 13417 of the Water Code.

(7) An election of the San Jacinto Mountain Area Water Study Agency pursuant to Sections 13416 and 13417 of the Water Code.

(8) An election of the San Lorenzo Valley Water District pursuant

to Sections 13416 and 13417 of the Water Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the San Lorenzo Valley Water District to take necessary measures to preserve the high quality of the water and the unique beauty of the San Lorenzo Valley at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 60

An act to add and repeal Section 37420.5 of the Government Code, and to add and repeal Section 10051.5 of the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 22, 1987. Filed with Secretary of State June 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 37420.5 is added to the Government Code, to read:

37420.5. (a) Notwithstanding Article 2 (commencing with Section 10051) of Chapter 1 of Division 5 of the Public Utilities Code, the City of Montebello may sell a water utility pursuant to this article.

(b) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 2. Section 10051.5 is added to the Public Utilities Code, to read:

10051.5. (a) Notwithstanding any other provision of this article, the City of Montebello may sell a water utility pursuant to Article 3 (commencing with Section 37420) of Chapter 5 of Part 2 of Division 3 of Title 4 of the Government Code.

(b) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 3. The Legislature finds and declares that a special statute is necessary and that a general statute cannot be made applicable, within the meaning of Section 16 of Article IV of the California Constitution, because of unique circumstances applicable to the City of Montebello and not generally applicable. The City of Montebello owns a water utility which the city council now finds that it is no longer in the public interest to own and operate. The city desires to sell the water utility but believes that the Legislature has enacted two statutes which may conflict with one another, preventing the

city from selling the water utility without an election. In order to clearly state the law with respect to the City of Montebello, a special statute is needed and a general statute cannot be made applicable.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The City of Montebello desires to sell a city-owned water utility while financial conditions are favorable to the city. However, the city believes that the Legislature has adopted two statutes governing the sale of municipal property which conflict with each other. In order to provide the city with the clear statutory authority to sell its water utility without an election as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 61

An act to amend Section 1191 of the Military and Veterans Code, relating to veterans' memorial districts.

[Approved by Governor June 24, 1987. Filed with Secretary of State June 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1191 of the Military and Veterans Code is amended to read:

1191. (a) Every district may do all of the following:

(1) Provide and maintain memorial halls, assembly halls, buildings, or meetingplaces, together with suitable indoor and outdoor park and recreation facilities, including swimming pools, picnic areas, and playgrounds, for the use of persons or organizations other than veterans, pursuant to subdivisions (h) and (i), and veteran soldiers, sailors, and marines who have honorably served the United States in any wars or campaigns recognized by law for the purposes of Section 3 of Article XIII of the California Constitution, or for the use of patriotic, fraternal, or benevolent associations of those persons. However, no district shall provide and maintain indoor and outdoor park and recreation facilities, including swimming pools, picnic areas, and playgrounds, unless these projects have been approved by a majority of the voters at either the general district election or at a special election called for that purpose. The question of whether the district shall provide and maintain indoor and outdoor park and recreation facilities may be submitted to the electors of the district by the board on its own motion and shall be submitted by the board upon petition signed by 8 percent of the registered electors of the district, at either the general district election or at a special election called for that purpose. If submitted

at a special election, the election shall be called, conducted, governed, and regulated in the same manner as the general district election.

All plans for indoor and outdoor park and recreation facilities, including swimming pools, picnic areas, and playgrounds, shall be approved initially by the board of supervisors.

(2) Purchase, receive by donation, condemn, lease, or acquire real or personal property necessary or convenient for the construction or maintenance of halls, buildings, meetingplaces and facilities, and improve, preserve, manage, and control these facilities.

(3) Purchase, construct, lease, build, furnish, or repair halls, buildings, meetingplaces, and facilities upon sites owned or leased by the district or made available to the district; and provide custodians, employees, attendants, and supplies for the proper maintenance, care, and management thereof.

(4) Furnish sites for halls, buildings, meetingplaces, or facilities, to be built either by the district or by or for patriotic, fraternal, or benevolent associations of veterans, if the funds for these sites are supplied by the district or from other sources.

(5) Enter into agreements with county, municipal, school, park, or other public authorities or agencies conveying, leasing, or making available to the district, either gratuitously or for compensation, sites upon public land for the construction, maintenance, and management thereon by the district of assembly or memorial halls, buildings, meetingplaces, or facilities; and construct and maintain thereon halls, buildings, meetingplaces, or facilities.

(6) Sell or lease any district property to the highest responsible bidder, as determined by the board, except as provided by Section 1191.3. The board shall, prior to any sale, make a call for bids and advertise that call pursuant to Section 6062 of the Government Code in a newspaper of general circulation in the district, inviting sealed bids for the sale or lease of the property. The board may either accept the highest responsible bid or reject all bids. The board may require the successful bidder to file with the board good and sufficient undertaking to be approved by the board to insure faithful performance of the contract of sale or lease. No sales or lease shall be transacted, however, if a petition has been filed with the board requesting it not to enter into the sales or leasing of the property.

The petition shall have affixed thereto, as petitioners, the signatures, indicating place of residence and place of signing, of the electors of the district in a number equal to at least 10 percent of the votes cast in the district at the last preceding general election held in the state.

If the petition meets these requirements, as determined by the records of the county clerk or registrar of voters for the county or counties in which the district lies, the board either shall not convey the property or shall submit the matter to the electors of the district to be voted upon at the next primary or general election, or at a special election called for the purpose of ratifying or rejecting the

action of the district to sell or lease the property.

(7) Sell or lease any district property to any political subdivision, or portion thereof, in which the district lies for purposes of roads, streets, or highways, or for the improvements thereof, without regard to the highest responsible bidder but otherwise meeting the petition requirements of subdivision (f).

(8) Adopt, from time to time, reasonable rules and regulations for the use of halls, buildings, meetingplaces, and facilities by veterans or by organizations thereof, and to allow the halls, buildings, meetingplaces, and facilities to be used for lawful purposes consistent with the objects of this section by persons or organizations other than veterans either free of charge or for stated compensation to aid in defraying the cost of maintenance thereof, if that use will not unduly interfere with the reasonable use of the facilities by veterans' associations.

(9) Enter into a joint powers agreement for recreational or senior citizens' services within the boundaries of the district.

(b) In conformance with this section, a district may provide recreational facilities or services at any location within the district boundaries regardless of the location of district-owned facilities. A district may not increase its tax levy for the purpose of providing recreational services for persons other than veterans unless that increase is first approved by a majority of the electors of the district who vote upon the proposal.

CHAPTER 62

An act to add Section 418.11 to the Code of Civil Procedure, relating to appearances.

[Approved by Governor June 24, 1987. Filed with Secretary of State June 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 418.11 is added to the Code of Civil Procedure, to read:

418.11. An appearance at a hearing at which ex parte relief is sought, or an appearance at a hearing for which an ex parte application for a provisional remedy is made, is not a general appearance and does not constitute a waiver of the right to make a motion under Section 418.10.

CHAPTER 63

An act to amend Section 3775 of the Financial Code, relating to banks, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 24, 1987. Filed with Secretary of State June 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 3775 of the Financial Code is amended to read:

3775. Nothing in this chapter shall be interpreted to affect, to the extent otherwise authorized by the laws of this state or of the United States, the acquisition of, or merger or consolidation with, a California bank or a California bank holding company by a bank that maintains no branch, or by a bank holding company that does not control any bank that maintains a branch, within the United States but outside California if the bank or bank holding company is not controlled by a company having its head office located, or principally conducting its operations, within the United States. Nothing in this chapter shall prohibit any bank holding company from acquiring a credit card portfolio, or portions thereof, from a California bank.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Significant banking transactions currently are in question because of the uncertain applicability of provisions of Chapter 21.6 (commencing with Section 3770) of Division 1 of the Financial Code. So that these transactions may be consummated, it is necessary that this act be immediately implemented to clarify that the chapter is not intended to prohibit the sale by national banks of certain specified assets, particularly where the assets are not related to branches or deposit-taking functions.

CHAPTER 64

An act to add Section 5341.5 to the Food and Agricultural Code, relating to agriculture.

[Approved by Governor June 25, 1987. Filed with Secretary of State June 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 5341.5 is added to the Food and Agricultural Code, to read:

5341.5. (a) Every operator of a motor vehicle entering the state with a shipment of any agricultural commodity shall cause the vehicle and the shipment to be inspected, and shall obtain a certificate of inspection, at the plant quarantine inspection station nearest the point of entry into the state.

(b) Failure to obtain the required certificate of inspection shall subject the operator of the vehicle and the registered owner of the vehicle, if a different person or legal entity, to separate civil penalties of not more than one thousand dollars ($1,000) for each violation. In determining the severity of the penalty to be imposed, the court shall consider any prior violations of the same nature within the preceding 24 months, the commodity being transported, and any evidence, including deviation from normal and usual routes, that the operator of the vehicle intentionally avoided inspection.

(c) Inspection shall not be required when the operator of the vehicle would be required to travel a distance of 15 miles or more from normal and usual routes for the particular trip to obtain the required inspection and certification, or when weather conditions or road closures on normal and usual routes prevent travel to the nearest plant quarantine inspection station.

(d) Violation of this section is a separate offense from violation of any other provision of this code and proceedings under this section shall not be deemed to prevent separate proceedings for any other offense.

(e) Proceedings under this section may be brought by the director or, with the director's concurrence, by the district attorney of the county in which the violation occurred. The civil penalty shall be awarded to the agency which brings the enforcement action for use by that agency in enforcing the provisions of this code.

(f) The director may, by regulation or executive order, as the director deems advisable, permit exceptions for certain commodities, areas, and times consistent with the purposes of this division, patterns of local traffic near border areas, and availability of inspection stations.

(g) Persons holding a valid permit to transport cattle pursuant to Section 21067 are exempt from this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 65

An act to amend Sections 38761 and 38762 of, to amend and renumber Sections 38765, 38766, and 38767 of, to repeal Sections 32518 and 38764 of, and to repeal Article 10.2 (commencing with Section 38348) and Article 30 (commencing with Section 38781) of Chapter 5 of Part 3 of Division 15 of, the Food and Agricultural Code, relating to agriculture.

[Approved by Governor June 25, 1987. Filed with Secretary of State June 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 32518 of the Food and Agricultural Code is repealed.

SEC. 2. Article 10.2 (commencing with Section 38348) of Chapter 5 of Part 3 of Division 15 of the Food and Agricultural Code is repealed.

SEC. 3. Section 38761 of the Food and Agricultural Code is amended to read:

38761. Whipped cream or cream topping is a product which is packaged and dispensed from a pressurized hermetically sealed container. It shall be made from market cream which contains not more than 150,000 bacteria per milliliter. It may contain added nonfat milk solids derived from market milk and whey solids.

Whipped cream or cream topping may contain harmless flavoring or coloring and nutritive carbohydrate sweeteners. Harmless edible stabilizers and emulsifiers may be added to the extent required to accomplish the necessary physical effect. Hexitols may be added within limits established by the Federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 301 et seq).

Vitamin C and E may be added to whipped cream or cream topping in accordance with subdivision (d) of Section 32909.

SEC. 4. Section 38762 of the Food and Agricultural Code is amended to read:

38762. Whipped cream or cream topping shall contain not less than 18 percent of milk fat and shall contain not more than 30,000 bacteria per milliliter after pasteurization.

SEC. 5. Section 38764 of the Food and Agricultural Code is repealed.

SEC. 6. Section 38765 of the Food and Agricultural Code is amended and renumbered to read:

38764. Whipped cream or cream topping shall be manufactured and processed in a milk products plant which is licensed by the department.

SEC. 7. Section 38766 of the Food and Agricultural Code is amended and renumbered to read:

38765. Whipped cream or cream topping shall be labeled with

the term "whipped cream," "cream topping," or "whipped light cream" and with the name and address of the manufacturer or distributor and shall be labeled with the word "pasteurized" or "ultra-pasteurized".

SEC. 8. Section 38767 of the Food and Agricultural Code is amended and renumbered to read:

38766. Milk or any milk product which is used in the manufacture of whipped cream or cream topping shall be pasteurized or ultra-pasteurized. It may be homogenized.

SEC. 9. Article 30 (commencing with Section 38781) of Chapter 5 of Part 3 of Division 15 of the Food and Agricultural Code is repealed.

CHAPTER 66

An act to amend Sections 74604 and 74607 of the Government Code, relating to courts.

[Approved by Governor June 25, 1987. Filed with Secretary of State June 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 74604 of the Government Code is amended to read:

74604. There shall be one clerk of the court known as the court executive officer, who shall be appointed by the presiding judge with the concurrence of a majority of the judges of the court, and shall hold office at the pleasure of the majority of the judges. The monthly compensation to be paid to the court executive officer shall be Range 2087, Step 5, of the San Luis Obispo County Salary Table. In addition to any other duties imposed on such officer by law, the court executive officer shall have the following duties:

(a) To direct and coordinate the nonjudicial activities of the court.

(b) To coordinate the personnel practices in compliance with rules of the court.

(c) To prepare and administer the budget of the court.

(d) To coordinate with other county agencies the acquisition, utilization, maintenance and disposition of county facilities, equipment and supplies necessary for operation of the court.

(e) To initiate studies and prepare appropriate recommendations and reports to the presiding judge relating to the business of the court, including, but not limited to, such matters as standardization of forms, procedures, and classification and compensation of officers and employees.

(f) To collect, compare, and analyze statistical data on a continuing basis concerning the status of judicial and nonjudicial business of the court and to prepare periodic reports and

recommendations based on such data.

(g) To serve as liaison for the court with other persons, committees, boards, groups, and associations as directed by the presiding judge.

(h) To provide for and conduct a program of in-service training for the personnel of the municipal court.

SEC. 2. Section 74607 of the Government Code is amended to read:

74607. The presiding judge may make appointments to the following authorized positions:

Number	Classification	Salary Range
1	Assistant Clerk Administrator	1343
2	Calendar Coordinator - 1/2 time	0955
4	Municipal Court Clerk II	0860
2	Municipal Court Clerk I	0803
1	Accounting Technician	0820
2	Account Clerk	0642
1	Accountant I	1015
	or Accountant II	1161
2	Data Entry Operator I	0662
	or Data Entry Operator II	0715
	or Data Entry Operator III	0779
13	Intermediate Typist Clerk	0612
4	Municipal Court Legal Process Clerk I	0732
7	Municipal Court Legal Process Clerk II	0803
4	Municipal Court Legal Process Clerk III	0860
4	Supervising Municipal Court Clerk	0955
1	Administrative Services Officer I	1015

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 67

An act to amend Section 25660 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor June 25, 1987. Filed with Secretary of State June 26, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 25660 of the Business and Professions Code is amended to read:

25660. Bona fide evidence of majority and identity of the person is a document issued by a federal, state, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license or an identification card issued to a member of the Armed Forces, which contains the name, date of birth, description, and picture of the person. Proof that the defendant-licensee, or his employee or agent, demanded, was shown and acted in reliance upon such bona fide evidence in any transaction, employment, use or permission forbidden by Sections 25658, 25663 or 25665 shall be a defense to any criminal prosecution therefor or to any proceedings for the suspension or revocation of any license based thereon.

CHAPTER 68

An act to amend Sections 23776 and 25502 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor June 25, 1987. Filed with Secretary of State June 26, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 23776 of the Business and Professions Code is amended to read:

23776. A wholesaler's license shall not be issued or renewed to any on-sale or off-sale licensee, except that a wholesaler's license restricted to sales to on-sale licensees may be issued or renewed to an on-sale licensee in counties not to exceed 15,000 population.

SEC. 2. Section 25502 of the Business and Professions Code is amended to read:

25502. No manufacturer, winegrower, manufacturer's agent, California winegrower's agent, rectifier, distiller, bottler, importer, or wholesaler, or any officer, director, or agent of any such person, shall, except as authorized by this division:

(a) Hold the ownership, directly or indirectly, of any interest in

an off-sale license.

(b) Furnish, give, or lend any money or other thing of value, directly or indirectly, to, or guarantee the repayment of any loan or the fulfillment of any financial obligation of, any person engaged in operating, owning, or maintaining any off-sale licensed premises.

(c) Own or control any interest, directly or indirectly, by stock ownership, interlocking directors, or trusteeship, in the business, furniture, fixtures, refrigeration equipment, signs, except signs for interior use mentioned in subdivision (g) of Section 25503, or lease in premises licensed with an off-sale license.

(d) Own or control any interest, directly or indirectly, by stock ownership, interlocking directors, trusteeship, or mortgage of the realty upon which an off-sale licensed premises is maintained.

Any wholesaler in counties not to exceed 15,000 population who holds both a beer and wine wholesaler's license and an off-sale general license and who held such licenses prior to September 19, 1947, may continue to hold such licenses but may not transfer the beer and wine wholesaler's license to another individual, individuals, partnership, corporation or other legal entity. Where the off-sale general license is transferred to an individual, individuals, partnership, corporation or other legal entity, the transfer shall be a person-to-person transfer only.

Nothing in this section prohibits any holder of a distilled spirits manufacturer's, manufacturer's agent's, California winegrower's agent, rectifier's, or wholesaler's license, or any officer, employee, or representative of any such licensee, from acting as a trustee for any off-sale general licensee in any bankruptcy or other proceedings for the benefit of the creditors of the off-sale general licensee.

Nothing in this section shall alter, change, or otherwise affect, retroactively or prospectively, any of the rights or privileges granted to a winegrower or brandy manufacturer by Section 23362 of this code, or by any other provision of this division.

CHAPTER 69

An act to amend Section 15364.52 of the Government Code, relating to the California Tourism Commission.

[Approved by Governor June 25, 1987. Filed with Secretary of State June 26, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 15364.52 of the Government Code is amended to read:

15364.52. (a) There is hereby created in state government a California Tourism Commission, located within the Department of Commerce, which shall consist of the Secretary of the Business,

Transportation and Housing Agency, who shall serve as the chairperson of the commission; the Director of Commerce, who shall serve as vice chairperson of the commission and nine other members appointed as follows:

(1) Five members shall be appointed by the Governor who are able persons, professionally active in the tourism industry representing diverse segments of that industry.

(2) One Member of the Senate shall be appointed by the Senate Rules Committee and one Member of the Assembly shall be appointed by the Speaker of the Assembly. These members shall be ex officio, nonvoting members of the commission.

(3) Two members, who are able persons professionally active in the tourism industry representing diverse segments of that industry, shall be appointed one each by the Senate Rules Committee and the Speaker of the Assembly.

(b) The Director of the Office of Tourism shall serve as secretary to the commission, and shall keep the minutes and records of all commission meetings and provide staff and whatever supportive services necessary to the activities of the commission.

(c) The commission shall meet quarterly and at other times and places as the chairperson may designate for the purpose of transacting the commission's business. Each commission member shall serve without compensation but shall be reimbursed for traveling and other expenses necessarily incurred in the performance of duties.

(d) The commission shall, in cooperation with the Office of Tourism, the department, and the agency, adopt, and annually update, a tourism marketing plan for the State of California which includes both domestic and international tourism promotion. The plan shall, to the extent practical and feasible, do all of the following:

(1) Serve as a guide for effectuating the California Tourism Policy Act, within available resources.

(2) Include an assessment of the activities and accomplishments of the Office of Tourism.

(3) Outline the intended program of tourism promotion and visitor service activities for the oncoming year.

(4) Delineate the ways, means, and programs by which tourism shall be promoted, including any cost-effective marketing methods and techniques to be employed.

(5) Identify resources as are reasonably necessary, from all sources both public and private, to accomplish these promotion and marketing activities.

(6) Identify and articulate cooperative or shared cost programs, or opportunities for these ventures, with private entities.

(7) Contain other information, data, or recommendations which may be germane to the marketing efforts of California pursuant to the intent of this chapter.

(e) The commission, in cooperation with the Office of Tourism, may convene such committees consisting of qualified professionals

and experts in various segments of the tourism industry as may be required to aid in the preparation of, or revision of, the marketing plan, or parts thereof, and as may from time to time be appropriate to further the purposes of this chapter.

(f) The commission shall work to the maximum extent practicable with those private associations, nonprofit corporations, organizations, or other private entities whose purpose includes the promotion of California tourism.

(g) Members of the California Tourism Commission and the staff of the Office of Tourism, when traveling to foreign countries or attending international travel trade shows, shall do so in cooperation with the California State World Trade Commission to preserve its ambassadorial function.

CHAPTER 70

An act to add Section 34501.9 to the Vehicle Code, relating to vehicles.

[Approved by Governor June 29, 1987. Filed with Secretary of State June 29, 1987.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, in enacting Section 34501.9 of the Vehicle Code, that the Industrial Welfare Commission's wage orders regarding driver's overtime exemptions be enforced as of the date the wage orders become effective until the time that they are changed by the commission during its regular hearing process.

SEC. 2. Section 34501.9 is added to the Vehicle Code, to read:

34501.9. (a) Nothing in this division or the regulations adopted under this division is intended to, or shall, affect the rate of payment of wages, including, but not limited to, regular, premium, or overtime rates, paid to any person whether for on-duty hours or driving hours or otherwise.

(b) Nothing in this division or the regulations adopted under this division is intended to, or shall, affect the regulations adopted pursuant to other provisions of law or the rate or rates of payment of wages by any other public agency, including, but not limited to, the Industrial Welfare Commission or the Division of Labor Standards Enforcement of the Department of Industrial Relations.

CHAPTER 71

An act to amend Sections 987.603, 987.61, and 987.65 of the Military and Veterans Code, relating to veterans' farm and home purchases, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1987. Filed with Secretary of State June 29, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 987.603 of the Military and Veterans Code is amended to read:

987.603. The department may acquire a leasehold interest in trust land and contract with an Indian veteran as provided in Sections 987.601 and 987.602 upon the terms agreed if all of the following conditions are met:

(a) The department is satisfied of the desirability of the property submitted.

(b) The Indian veteran has agreed with the department that the veteran, or members of the veteran's immediate family, will actually reside on the property within 60 days from the date of acquisition by the department, or if the residence on the property is not complete on the date of acquisition, within 60 days after the residence is completed.

(c) The sum to be expended by the department pursuant to a contract for the acquisition of a home or the construction of a dwelling house and other improvements does not exceed ninety thousand dollars ($90,000).

(d) The Indian veteran has paid a reasonable fee set by the department to cover the cost of preliminary service of the department that may be necessary to process the application.

(e) The Indian veteran has filed with the department adequate plans and specifications for the improvements to be constructed upon the real property, together with a contract executed by a contractor licensed by the State of California or by an Indian contractor approved by the department for the construction of the improvements, in accordance with the plans and specifications, within eight months after the acquisition of the leasehold interest in the real property by the department, and a bond executed by the contractor providing for compliance with the terms of the contract and for the payment of materialmen and labor furnishing material or labor on the job, executed by a surety company, authorized to do business in the State of California.

(f) The plans, specifications, contract, and bond are approved by the department.

(g) The Indian veteran has placed in escrow all sums of money to be advanced by the veteran where the cost is in excess of the maximum that may be expended by the department.

SEC. 2. Section 987.61 of the Military and Veterans Code is amended to read:

987.61. The department may purchase property, subject to a participation contract providing for a loan term of not less than 23 years. In no event shall the purchase price plus the participation contract exceed ninety thousand dollars ($90,000) or equal more than 95 percent of the market value of the property as determined by department appraisal, whichever is the lower amount.

SEC. 3. Section 987.65 of the Military and Veterans Code is amended to read:

987.65. The purchase price of a home to the department, or the sum to be expended by the department pursuant to a contract for the construction of a dwelling house and other improvements, shall not exceed the sum of ninety thousand dollars ($90,000), except that the purchase price of a mobilehome sited on a lot owned by the purchaser and installed on a foundation system pursuant to Section 18551 of the Health and Safety Code shall not exceed ninety thousand dollars ($90,000), or of a mobilehome which is to be sited in a mobilehome park, as defined in Section 18214 of the Health and Safety Code, shall not exceed seventy thousand dollars ($70,000). A veteran purchasing the home may advance, subject to Section 987.64, the difference between the total price or cost of the home and the sum of the purchase price of the home to the department and any amount the department is required, under Section 987.69, to add to the purchase price of the home in fixing the selling price thereof to the veteran. Any amount of the purchase price to the department may be provided by funds from participation contracts or revenue bonds.

The purchase price of a farm to the department shall not exceed two hundred thousand dollars ($200,000). A veteran purchasing the farm may advance the difference between the total price of the farm, or the cost of the dwelling and improvements to be constructed on a farm under a contract, and the sum of the purchase price to the department or contract price to the department and any amount which the department is required, under Section 987.69, to add to the purchase or contract price to the department in fixing the selling price of the farm to the veteran.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Cal-Vet farm and home purchase program to more nearly reflect the actual housing needs of veterans in this state and make the benefits of this act available to qualified veterans as quickly as possible, it is necessary for this act to become effective immediately.

CHAPTER 72

An act to amend Section 853.6 of the Penal Code, and to amend Sections 22348, 40202, and 40500 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 853.6 of the Penal Code is amended to read:

853.6. (a) In any case in which a person is arrested for an offense declared to be a misdemeanor, including violation of any city or county ordinance, and does not demand to be taken before a magistrate, that person shall, instead of being taken before a magistrate, be released according to the procedures set forth by this chapter. If the person is released, the officer or superior shall prepare in duplicate a written notice to appear in court, containing the name and address of the person, the offense charged, and the time and place where and when the person shall appear in court. If, pursuant to subdivision (i), the person is not released prior to being booked and the officer in charge of the booking or his or her superior determines that the person should be released, the officer or superior shall prepare a written notice to appear in a court.

(b) Unless waived by the person, the time specified in the notice to appear shall be at least 10 days after arrest if the duplicate notice is to be filed by the officer with the magistrate.

(c) The place specified in the notice shall be the court of the magistrate before whom the person would be taken if the requirement of taking an arrested person before a magistrate were complied with, or shall be an officer authorized by that court to receive a deposit of bail.

(d) The officer shall deliver one copy of the notice to appear to the arrested person, and the arrested person, in order to secure release, shall give his or her written promise so to appear in court by signing the duplicate notice which shall be retained by the officer. Thereupon, the arresting officer shall immediately release the person arrested from custody.

(e) The officer shall, as soon as practicable, file the duplicate notice, as follows:

(1) It shall be filed with the magistrate if the offense charged is an infraction.

(2) It shall be filed with the magistrate if the prosecuting attorney has previously directed the officer to do so.

(3) The duplicate notice and underlying police reports in support of the charge or charges shall be filed with the prosecuting attorney in cases other than those specified in paragraphs (1) and (2).

If the duplicate notice is filed with the prosecuting attorney, he or she, within his or her discretion, may initiate prosecution by filing the notice or a formal complaint with the magistrate specified therein within 25 days from the time of arrest. If the prosecution is not to be initiated, the prosecutor shall send notice to the person arrested at the address on the notice to appear. The failure by the prosecutor to file the notice or formal complaint within 25 days of the time of the arrest shall not bar further prosecution of the misdemeanor charged in the notice to appear; however, any further prosecution shall be preceded by a new and separate citation or an arrest warrant.

Upon the filing of the notice with the magistrate by the officer, or the filing of the notice or formal complaint by the prosecutor, the magistrate may fix the amount of bail which in his or her judgment, in accordance with Section 1275, will be reasonable and sufficient for the appearance of the defendant and shall indorse upon the notice a statement signed by him or her in the form set forth in Section 815a. The defendant may, prior to the date upon which he or she promised to appear in court, deposit with the magistrate the amount of bail thus set. Thereafter, at the time when the case is called for arraignment before the magistrate, if the defendant does not appear, either in person or by counsel, the magistrate may declare the bail forfeited, and may, in his or her discretion, order that no further proceedings shall be had in such case, unless the defendant has been charged with violation of Section 374b or 374e of this code or of Section 11357, 11360, or 13002 of the Health and Safety Code, or a violation punishable under Section 5008.7 of the Public Resources Code, and he or she has previously been convicted of a violation of that section or a violation which is punishable under that section, except in cases where the magistrate finds that undue hardship will be imposed upon the defendant by requiring him or her to appear, the magistrate may declare the bail forfeited and order that no further proceedings be had in the case.

Upon the making of the order that no further proceedings be had, all sums deposited as bail shall immediately be paid into the county treasury for distribution pursuant to Section 1463.

(f) No warrant shall be issued for the arrest of a person who has given a written promise to appear in court, unless and until he or she has violated that promise or has failed to deposit bail, to appear for arraignment, trial, or judgment or to comply with the terms and provisions of the judgment, as required by law.

(g) The officer may either book the arrested person, as defined in subdivision 21 of Section 7, prior to release or indicate on the citation that the arrested person shall be booked. If it is indicated on the citation that the arrested person is to be booked, the magistrate shall, before the proceedings are finally concluded, order the defendant to be booked by the arresting agency.

(h) A peace officer shall use the written notice to appear procedure set forth in this section for any misdemeanor offense in which the officer has arrested a person without a warrant pursuant

to Section 836 or in which he or she has taken custody of a person pursuant to Section 847.

(i) Whenever any person is arrested by a peace officer for a misdemeanor, that person shall be released according to the procedures set forth by this chapter unless one of the following is a reason for nonrelease, in which case the arresting officer may release the person, or the arresting officer shall indicate, on a form to be established by his or her employing law enforcement agency, which of the following was a reason for the nonrelease:

(1) The person arrested was so intoxicated that he or she could have been a danger to himself or herself or to others.

(2) The person arrested required medical examination or medical care or was otherwise unable to care for his or her own safety.

(3) The person was arrested under one or more of the circumstances listed in Sections 40302 and 40303 of the Vehicle Code.

(4) There were one or more outstanding arrest warrants for the person.

(5) The person could not provide satisfactory evidence of personal identification.

(6) The prosecution of the offense or offenses for which the person was arrested, or the prosecution of any other offense or offenses, would be jeopardized by immediate release of the person arrested.

(7) There was a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by release of the person arrested.

(8) The person arrested demanded to be taken before a magistrate or refused to sign the notice to appear.

(9) There is reason to believe that the person would not appear at the time and place specified in the notice. The basis for this determination shall be specifically stated.

The form shall be filed with the arresting agency as soon as practicable and shall be made available to any party having custody of the arrested person, subsequent to the arresting officer, and to any person authorized by law to release him or her for custody before trial.

(j) Once the arresting officer has prepared the written notice to appear and has delivered a copy to the person arrested, the officer shall deliver the remaining original and all copies as provided by subdivision (e) of this section.

Any person, including the arresting officer and any member of the officer's department or agency, or any peace officer, who alters, conceals, modifies, nullifies, or destroys, or causes to be altered, concealed, modified, nullified, or destroyed, the face side of the remaining original or any copy of a citation that was retained by the officer, for any reason, before it is filed with the magistrate or with a person authorized by the magistrate to receive deposit of bail, is guilty of a misdemeanor.

If, after an arrested person has signed and received a copy of a

notice to appear, the arresting officer determines that, in the interest of justice, the citation or notice should be dismissed, the arresting agency may recommend, in writing, to the magistrate that the charges be dismissed. The recommendation shall cite the reasons for the recommendation and shall be filed with the court.

If the magistrate makes a finding that there are grounds for dismissal, the finding shall be entered in the record and the charges dismissed.

Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for dismissal.

SEC. 2. Section 22348 of the Vehicle Code, as amended by Chapter 25 of the Statutes of 1987, is amended to read:

22348. (a) Notwithstanding subdivision (b) of Section 22351, no person shall drive a vehicle upon a highway with a speed limit established pursuant to Section 22349 or 22356 at a speed greater than that speed limit.

(b) Any person who drives a vehicle upon a highway at a speed greater than 100 miles per hour is guilty of an infraction punishable, as follows:

(1) Upon a first conviction of a violation of this subdivision, by a fine of not to exceed five hundred dollars ($500). The court may also suspend the privilege of the person to operate a motor vehicle for a period not to exceed 30 days pursuant to Section 13200.5.

(2) Upon a conviction under this subdivision of an offense which occurred within three years of a prior offense resulting in a conviction of an offense under this subdivision, by a fine of not to exceed five hundred dollars ($500). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to subdivision (a) of Section 13355.

(3) Upon a conviction under this subdivision of an offense which occurred within five years of two or more prior offenses resulting in convictions of offenses under this subdivision, by a fine of not to exceed five hundred dollars ($500). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to subdivision (b) of Section 13355.

(c) Any vehicle subject to Section 22406 shall be driven in a lane designated pursuant to Section 21655, or if no lane has been so designated, in the right-hand lane for traffic or as close as practicable to the right-hand edge or curb. When overtaking and passing another vehicle proceeding in the same direction, the drivers shall use either the designated lane, the lane to the immediate left of the right-hand lane, or the right-hand lane for traffic as permitted under this code. If, however, specific lane or lanes have not been designated on a divided highway having four or more clearly marked lanes for traffic in one direction, any such vehicle may also be driven in the lane to the immediate left of the right-hand lane, unless otherwise prohibited under this code. This subdivision does not apply to a driver who is preparing for a left- or right-hand turn or who is in the

process of entering into or exiting from a highway or to a driver who is required necessarily to drive in a lane other than the right-hand lane to continue on his or her intended route.

SEC. 3. Section 40202 of the Vehicle Code is amended to read:

40202. (a) If a vehicle is unattended during the time of the violation, the peace officer or person authorized to enforce parking laws and regulations shall securely attach to the vehicle a notice of parking violation setting forth the violation, including reference to the section of this code or of the local ordinance or federal statute or regulation so violated, the approximate time thereof, and the location where the violation occurred and fixing a time and place for appearance by the registered owner or the lessee or renter to answer the notice of parking violation. The notice of parking violation shall also set forth the vehicle license number and registration expiration date, the color of the vehicle, and, if possible, the make of the vehicle.

(b) The notice of parking violation shall be attached to the vehicle either under the windshield wiper or in another conspicuous place upon the vehicle so as to be easily observed by the person in charge of the vehicle upon the return of that person.

(c) Once the issuing officer has prepared the notice of parking violation and has attached it to the vehicle as provided in subdivision (a), the officer shall file the notice with the processing agency. Any person, including the issuing officer and any member of the officer's department or agency, or any peace officer who alters, conceals, modifies, nullifies, or destroys, or causes to be altered, concealed, modified, nullified, or destroyed the face of the remaining original or any copy of a citation that was retained by the officer, for any reason, before it is filed with the processing agency or with a person authorized to receive the deposit of the parking penalty, is guilty of a misdemeanor.

If, after a copy of the notice of parking violation is attached to the vehicle, the issuing officer determines that, in the interest of justice, the notice of parking violation should be dismissed, the issuing agency may recommend, in writing, that the charges be dismissed. The recommendation shall cite the reasons for the recommendation and shall be filed with the processing agency.

If the processing agency makes a finding that there are grounds for dismissal, the finding shall be entered on the record and the notice of parking violation shall be canceled pursuant to paragraph (1) of subdivision (a) of Section 40215.

Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for dismissal.

SEC. 4. Section 40500 of the Vehicle Code is amended to read:

40500. (a) Whenever a person is arrested for any violation of this code not declared to be a felony, or for a violation of an ordinance of a city or county relating to traffic offenses and he is not immediately taken before a magistrate, as provided in this chapter, the arresting officer shall prepare in triplicate a written notice to

appear in court or before a person authorized to receive a deposit of bail, containing the name and address of the person, the license number of his vehicle, if any, the name and address, when available, of the registered owner or lessee of the vehicle, the offense charged and the time and place when and where he shall appear.

(b) The Judicial Council shall prescribe the form of the notice to appear.

(c) Nothing in this section requires the law enforcement agency or the arresting officer issuing the notice to appear to inform any person arrested pursuant to this section of the amount of bail required to be deposited for the offense charged.

(d) Once the arresting officer has prepared the written notice to appear, and has delivered a copy to the arrested person, the officer shall deliver the remaining original and all copies of the notice to appear as provided by Section 40506.

Any person, including the arresting officer and any member of the officer's department or agency, or any peace officer, who alters, conceals, modifies, nullifies, or destroys, or causes to be altered, concealed, modified, nullified, or destroyed, the face side of the remaining original or any copy of a citation that was retained by the officer, for any reason, before it is filed with the magistrate or with a person authorized by the magistrate or judge to receive a deposit of bail, is guilty of a misdemeanor.

If, after an arrested person has signed and received a copy of a notice to appear, the arresting officer or other officer of the issuing agency, determines that, in the interest of justice, the citation or notice should be dismissed, the arresting agency may recommend, in writing, to the magistrate or judge that the case be dismissed. The recommendation shall cite the reasons for the recommendation and be filed with the court.

If the magistrate or judge makes a finding that there are grounds for dismissal, the finding shall be entered on the record and the infraction or misdemeanor dismissed.

Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for dismissal.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Moreover, no reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for other costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of

law for those other costs.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent the alteration or concealment of notices to appear, and to avoid confusion in the implementation of speed limit laws, it is necessary that this act take effect immediately.

CHAPTER 73

An act to add Section 65101.1 to the Government Code, relating to planning.

[Approved by Governor June 29, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 65101.1 is added to the Government Code, to read:

65101.1. The Hoopa Valley Business Council, as the governing body of the Hoopa Valley Indian Tribe, may participate as a legislative body, pursuant to subdivision (b) of Section 65101 on the Humboldt County Association of Governments and for that purpose may enter into a joint powers agreement with the parties thereto and shall be deemed to be a public agency for purposes of Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1. The Legislature finds and declares that the unique circumstances of Humboldt County necessitate this special law.

CHAPTER 74

An act to amend Section 35400 of the Vehicle Code, relating to vehicles.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 35400 of the Vehicle Code is amended to read:

35400. (a) No vehicle shall exceed a length of 40 feet.

(b) This section does not apply to any of the following:

(1) A vehicle used in a combination of vehicles when the excess length is caused by auxiliary parts, equipment, or machinery not used

as space to carry any part of the load, except that the combination of vehicles shall not exceed the length provided for combination vehicles.

(2) A vehicle when the excess length is caused by any parts necessary to comply with the fender and mudguard regulations of this code.

(3) An articulated bus or articulated trolley coach which does not exceed a length of 60 feet.

(4) A semitrailer while being towed by a motor truck or truck tractor, if the distance from the kingpin to the rearmost axle of the semitrailer does not exceed 40 feet for semitrailers having two or more axles, or 38 feet for semitrailers having one axle if the semitrailer does not, exclusive of attachments, extend forward of the rear of the cab of the motor truck or truck tractor.

(5) A bus when the excess length is caused by the projection of a front safety bumper or a rear safety bumper, or both. The safety bumper shall not cause the length of the vehicle to exceed the maximum legal limit by more than one foot in the front and one foot in the rear. For the purposes of this chapter, "safety bumper" means any device which is fitted on an existing bumper or which replaces the bumper and is constructed, treated, or manufactured to absorb energy upon impact.

(6) A bus when the excess length is caused by a device, located in front of the front axle, for lifting wheelchairs into the bus. That device shall not cause the length of the bus to be extended by more than 18 inches, inclusive of any front safety bumper.

(7) A bus when the excess length is caused by a device attached to the rear of the bus designed and used exclusively for the transporting of bicycles. This device may be up to 10 feet in length, if the device, along with any other device permitted pursuant to this section, does not cause the total length of the bus, including any device or load, to exceed 50 feet.

(8) A bus operated by a public agency or a passenger stage corporation, as defined in Section 226 of the Public Utilities Code, used in transit system service, other than a schoolbus, when the excess length is caused by a folding device attached to the front of the bus which is designed and used exclusively for transporting bicycles. The device, including any bicycles transported thereon, shall be mounted in a manner that does not materially affect efficiency or visibility of vehicle safety equipment, and shall not extend more than 18 inches from the front of the bus when fully deployed.

(c) The Legislature, by increasing the maximum permissible kingpin to rearmost axle distance to 40 feet effective January 1, 1987, as provided in paragraph (4) of subdivision (b), does not intend this action to be considered a precedent for any future increases in truck size and length limitations.

CHAPTER 75

An act to add Sections 11104.5 and 11206.5 to the Vehicle Code, relating to licenses.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 11104.5 is added to the Vehicle Code, to read:

11104.5. Each applicant for a license as a driving school owner, driving school operator, or driving instructor shall submit an application to the department on the forms prescribed by the department. The applicant shall provide the department with any information concerning the applicant's character, honesty, integrity, and reputation which the department may consider necessary.

SEC. 2. Section 11206.5 is added to the Vehicle Code, to read:

11206.5. Each applicant for a license as a traffic violator school owner, traffic violator school operator, or traffic violator school instructor shall submit an application to the department on the forms prescribed by the department. The applicant shall provide the department with any information concerning the applicant's character, honesty, integrity, and reputation which the department may consider necessary.

CHAPTER 76

An act to amend Sections 22113 and 22114 of the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 22113 of the Education Code is amended to read:

22113. "Compensation earnable" by a member means the compensation as determined by the board which would have been earned by the member if he or she were engaged in his or her duties on a full-time basis.

For part-time service, "compensation earnable" means the compensation which would be earnable if the employment were on a full-time basis and the member worked full time.

For purposes of this part, "full-time" means service that is not less than the minimum schoolday for each day the schools of the district

are maintained during the school year. If persons employed in positions requiring certification qualifications are required to serve a longer period of time in each schoolday than the minimums required, the longer period is recognized provided all those employees in similar grades or levels are similarly required to serve the longer periods of time, and provided that the duties required of those persons during the extended time is directly related to and restricted to their normal assignment.

SEC. 2. Section 22114 of the Education Code is amended to read:

22114. (a) "Compensation" and "salary" mean:

(1) Remuneration in cash payable by the employer to the member.

(2) Any member contributions paid by the employer pursuant to Sections 23000.1 and 23000.5.

(3) Any amount deducted from the member's salary for payment to one other than the member for the purpose of purchasing an annuity contract for the member under an annuity plan which meets the requirements of Section 403(b) of the Internal Revenue Code of 1954 (26 U.S.C. Sec. 403(b)).

(4) Any amount deducted from a member's wages for participation in a deferred compensation plan established pursuant to Chapter 4 (commencing with Section 19993) of Part 2.6 of Division 5 of Title 2, or pursuant to Article 1.1 (commencing with Section 53212) of Chapter 2 of Part 1 of Division 2 of Title 5, of the Government Code.

(5) Any amount deducted from the member's salary for payment for participation in a voluntary tax-deferred retirement plan which meets the requirements of Section 401(k) of the Internal Revenue Code of 1954 (26 U.S.C. Sec. 401(k)).

(6) Any other payments the board may determine to be "compensation" and "salary."

(b) "Compensation" and "salary" do not mean, and shall not include, any of the following:

(1) Job-related expenses.

(2) Money paid to the employee for overtime service on and after July 1, 1956.

(3) Compensatory damages and money paid to the member in excess of regular salary as a compromise settlement of a dispute arising from termination of a member's employment contract.

(4) Lump-sum payments for accumulated sick leave or accumulated vacation leave.

(5) Money paid for summer school employment.

(6) Money paid as a bonus; for purposes of this part, a bonus is a payment made only to a selected employee or employees and not to the entire class of employees on a systematic basis.

(7) Tax-sheltered annuity contributions which do not result in a reduction of the earned contract salary paid to the employee.

(8) Fringe benefits paid for by the employer in lieu of salary.

(9) Money not available for payment of salaries and which is

applied by an employer for the purchase of annuity contracts or for other insurance programs, including those which meet the requirements of Section 403(b) of the Internal Revenue Code of 1954.

(10) Money not available for payment of salaries and which is applied by an employer for the purchase of a tax-deferred retirement plan which meets the requirements of Section 401(k) of the Internal Revenue Code.

(11) Money paid as a stipend to mentor teachers pursuant to subdivision (a) of Section 44494.

(12) Any other payments the board may determine not to be "compensation" and "salary."

(c) Any moneys paid under paragraphs (1) to (12), inclusive, of subdivision (b), shall not be included as a part of the member's compensation subject to contributions reported to the system.

CHAPTER 77

An act to amend Section 1051 of, and to add Section 1057 to, the Labor Code, relating to employment.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1051 of the Labor Code is amended to read:

1051. Except as provided in Section 1057, any person or agent or officer thereof, who requires, as a condition precedent to securing or retaining employment, that an employee or applicant for employment be photographed or fingerprinted by any person who desires his or her photograph or fingerprints for the purpose of furnishing the same or information concerning the same or concerning the employee or applicant for employment to any other employer or third person, and these photographs and fingerprints could be used to the detriment of the employee or applicant for employment is guilty of a misdemeanor.

SEC. 2. Section 1057 is added to the Labor Code, to read:

1057. Section 1051 shall not apply to any employee of a diversified or nondiversified management company, as defined in Section 80a-5 of Title 15 of the United States Code, and the affiliates thereof, as defined in Sections 80a-2(a)(2) and 80a-2(a)(3) of Title 15 of the United States Code, who is required to be fingerprinted pursuant to federal law.

CHAPTER 78

An act to repeal Sections 2, 12, and 18 of Chapter 1217 of the Statutes of 1985, relating to fiscal affairs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of Chapter 1217 of the Statutes of 1985 is repealed.

SEC. 2. Section 12 of Chapter 1217 of the Statutes of 1985 is repealed.

SEC. 3. Section 18 of Chapter 1217 of the Statutes of 1985 is repealed.

SEC. 4. As of the effective date of this act, the undisbursed balance of the appropriations provided in subdivision (b) of Section 17 of Chapter 1217 of the Statutes of 1985 and in Item 8885-101-001 (jj) of the Budget Act of 1986 (Ch. 186, Stats. 1986) shall revert to the unappropriated surplus of the General Fund.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the state may reduce expenditures in response to a substantial decline in anticipated revenues and prevent the transfer of certain funding that will otherwise occur during the 1986–87 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 79

An act to amend Section 22754 of the Government Code, relating to public employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 22754 of the Government Code is amended to read:

22754. As used in this part the following definitions, unless the context otherwise requires, shall govern the interpretation of terms:

(a) "Board" means the Board of Administration of the Public Employees' Retirement System.

(b) "Employee" means:

(1) Any officer or employee of the State of California or of any agency, department, authority, or instrumentality of the state including the University of California, or any officer or employee who is a local or school member of the Public Employees' Retirement System employed by a contracting agency which has elected to be or otherwise has become subject to this part, or who is a member or retirant of the State Teachers' Retirement System employed by an employer who has elected to become subject to this part, or who is an employee or annuitant of a special district or county subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3) which has elected to become subject to this part, or who is an employee or annuitant of a special district, as defined in subdivision (i), which has elected to become subject to this part, except persons employed on an intermittent, irregular or less than half-time basis, or employees similarly situated, or employees in respect to whom contributions by the state for any type of plan or program offering prepaid hospital and medical care are otherwise authorized by law.

(2) Any officer or employee who participates in the retirement system of a contracting agency as defined in paragraph (2) of subdivision (g) which has elected to become subject to this part, except persons employed less than half-time or who are otherwise determined to be ineligible.

(c) "Carrier" means a private insurance company holding a valid outstanding certificate of authority from the Insurance Commissioner of the state, a medical society or other medical group, a nonprofit hospital service plan qualifying under Chapter 11A (commencing with Section 11491) of Part 2 of Division 2 of the Insurance Code, or nonprofit membership corporation lawfully operating under Section 9200 or Section 9201 of the Corporations Code, or a health care service plan as defined under subdivision (f) of Section 1345 of the Health and Safety Code, or a health maintenance organization approved under Title XIII of the federal Public Health Services Act, which is lawfully engaged in providing, arranging, paying for, or reimbursing the cost of personal health services under insurance policies or contracts, medical and hospital service agreements, membership contracts, or the like, in consideration of premiums or other periodic charges payable to it.

(d) "Health benefits plan" means any program or entity that provides, arranges, pays for, or reimburses the cost of health benefits.

(e) "Annuitant" means:

(1) Any person who has retired within 120 days of separation from employment and who receives any retirement allowance under any state or University of California retirement system to which the state was a contributing party.

(2) A family member receiving an allowance as the survivor of an annuitant who has retired as provided in paragraph (1), or as the survivor of a deceased employee under Section 21364, 21365.5 or

21382 or similar provisions of any other state retirement system.

(3) Any person who, at the time of separation from employment because of disability, was enrolled in a health benefits plan and who enters a rehabilitation program under Section 139.5 of the Labor Code and retires for disability within 120 days of termination of the rehabilitation program.

(4) Any employee who has retired under the retirement system provided by a contracting agency as defined in paragraph (2) of subdivision (g) and who receives a retirement allowance from that retirement system, or a surviving family member who receives the retirement allowance in place of the deceased.

(f) "Family member" means an employee's or annuitant's spouse and any unmarried child (including an adopted child, a stepchild, or recognized natural child who lives with the employee or annuitant in a regular parent-child relationship). The board shall, by regulation, prescribe age limits and other conditions and limitations pertaining to unmarried children.

(g) "Contracting agency" means:

(1) Any contracting agency as defined in Section 20010, any county or special district subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3), and any special district, school district, county board of education, personnel commission of a school district or a county superintendent of schools.

(2) Any public body or agency of, or within California not covered by the Public Employees' Retirement System or subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3), which provides a retirement system for its employees funded wholly or in part by public funds.

(h) "Employer" means the state, any contracting agency employing an employee, and any agency which has elected to become subject to this part pursuant to Section 22856.

(i) "Special district" means a nonprofit, self-governed public agency, within the State of California and comprised solely of public employees, performing a governmental rather than proprietary function.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The primary changes made by this act in Section 22754 of the Government Code were made previously by Chapter 199 of the Statutes of 1986, an urgency statute which took effect on June 27, 1986. However, on January 1, 1987, those changes will be superseded by Chapter 1280 of the Statutes of 1986. Therefore, in order that the changes made in Section 22754 of the Government Code by Chapter 199 of the Statutes of 1986 may remain in effect, it is necessary that this act take effect immediately.

CHAPTER 80

An act to amend Section 1 of Chapter 1352 of the Statutes of 1986, relating to state government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 1352 of the Statutes of 1986 is amended to read:

Section 1. (a) There is hereby established an advisory committee in order to study, report on, and make recommendations concerning, the feasibility of creating a Department of Public Safety. In conducting its study, the advisory committee shall consider the efficiency and cost savings to be gained by reorganizing and consolidating into one department the functions of the various offices, departments, divisions, and subdivisions of state government which exist primarily for the purpose of providing emergency services, criminal justice planning, criminal justice assistance to local government, and the protection of state offices and property which employ 500 or fewer personnel.

(b) The committee shall consist of seven members, as follows:

(1) Four members shall be appointed by the Governor.

(2) One member shall be appointed by the Speaker of the Assembly.

(3) One member shall be appointed by the President pro Tempore of the Senate.

(4) One member shall be the Chief of the California State Police Division, or his or her designee.

(c) The Youth and Adult Correctional Agency shall provide the advisory committee with the necessary staff support and technical assistance for completion of the study.

(d) The advisory committee shall report its findings to the Legislature not later than June 30, 1988.

(e) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute which is chaptered prior to January 1, 1989, extends or deletes that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow sufficient time for the advisory committee, recently appointed pursuant to Chapter 1352 of the Statutes of 1986, to complete its study, it is necessary that this act take effect immediately.

CHAPTER 81

An act to amend Section 25666 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 25666 of the Business and Professions Code is amended to read:

25666. In any hearing on an accusation charging a licensee with a violation of Sections 25658, 25663, and 25665, the department shall produce the alleged minor for examination at the hearing unless he or she is unavailable as a witness because he or she is dead or unable to attend the hearing because of a then-existing physical or mental illness or infirmity, or unless the licensee has waived, in writing, the appearance of the minor. When a minor is absent because of a then-existing physical or mental illness or infirmity, a reasonable continuance shall be granted to allow for the appearance of the minor if the administrative law judge finds that it is reasonably likely that the minor can be produced within a reasonable amount of time. Nothing in this section shall prevent the department from taking testimony of the minor as provided in Section 11511 of the Government Code.

CHAPTER 82

An act to amend Sections 1597.82, 1597.83, and 1597.84 of the Health and Safety Code, and to amend Section 11170 of the Penal Code, relating to child care, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1597.82 of the Health and Safety Code is amended to read:

1597.82. The Department of Justice may charge any necessary fees to the parent submitting the request to cover all expenses incurred by the Department of Justice in making this review.

The Department of Justice may adopt regulations establishing a fee schedule for this purpose. The amount of the fee shall be set at a level so that the revenues collected by the fees are adequate to cover the costs incurred pursuant to this chapter. Fees collected shall

be deposited in the General Fund. However, a parent who is a participant in the Greater Avenues for Independence Act of 1985 (Article 3.2 (commencing with Section 11320) of Part 3 of Division 9 of the Welfare and Institutions Code), or is a recipient under the Aid to Families with Dependent Children program, county general assistance program, or state supplementary program for the aged, blind, and disabled, shall only be charged the fingerprint processing fee by the Department of Justice.

SEC. 2. Section 1597.83 of the Health and Safety Code is amended to read:

1597.83. (a) If criminal conviction information or substantiated child abuse is found, the Department of Justice shall notify the prospective professional child care provider in writing first that pertinent criminal conviction information or substantiated child abuse has been found; however, the actual conviction or substantiated child abuse information shall not be divulged.

(b) The prospective professional child care provider shall have 15 days to request that the information not be sent to the parent so that the provider may appeal sending the information.

(c) If the conviction was for a crime that could not be granted an exemption if the prospective professional child care provider were applying for a day care license, the parent or legal guardian shall be immediately notified that there is pertinent criminal conviction information and no appeal is possible for the provider.

In the event that the conviction was for a crime that could be granted an exemption if the prospective professional child care provider were applying for a day care license, the prospective professional child care provider shall have 15 days to appeal the release of the information. Upon receipt by the department of the appeal, the appeal shall be set for hearing. The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department has all the powers granted in that chapter.

(d) The Department of Justice shall adopt regulations which are parallel to those used by the State Department of Social Services in determining whether a person applying for a day care license may be granted an exemption to work in a day care facility despite a criminal conviction or a determination of substantiated child abuse.

(e) If an appeal is requested, the Department of Justice shall make the determination within 30 days, based upon the regulations adopted, and then notify the parent or legal guardian whether there is pertinent criminal conviction information or a determination of substantiated child abuse.

(f) If no pertinent criminal conviction or substantiated child abuse information is found, the Department of Justice shall notify the parent or legal guardian and the prospective professional child care provider that there is no pertinent criminal conviction or substantiated child abuse information.

SEC. 3. Section 1597.84 of the Health and Safety Code is amended

to read:

1597.84. (a) The Department of Justice shall maintain and continually update an index of reports of child abuse and pertinent criminal convictions by a professional child care provider for which it has received a written request pursuant to Section 1597.80.

(b) The Department of Justice shall review these reports received from the Child Abuse Registry pursuant to Section 11170 of the Penal Code to determine if the child abuse by the professional child care provider is substantiated.

(c) Parents who submit a written request concerning a professional child care provider pursuant to Section 1597.80, as well as the professional child care provider, shall be notified of the results of any future investigation that determines the professional child care provider's child abuse is substantiated and any future pertinent criminal convictions of that provider. The Department of Justice shall not divulge actual cases in reporting information to the parents or legal guardians.

(d) Within 15 days after the Department of Justice mails notification of the results of an investigation of reports of child abuse and pertinent criminal convictions by a professional child care provider pursuant to this section, the professional child care provider may petition the Department of Justice for a hearing. The hearing shall be set and conducted in the manner prescribed in Section 1597.83.

(e) Notwithstanding any provision of law to the contrary, including Part 3 (commencing with Section 900) of Division 3.6 of the Government Code, state officers or employees shall not be liable for any damages caused by their conduct pursuant to this chapter except for intentional acts or gross negligence.

SEC. 4. Section 11170 of the Penal Code is amended to read:

11170. (a) The Department of Justice shall maintain an index of all reports of child abuse submitted pursuant to Section 11169. The index shall be continually updated by the department and shall not contain any reports that are determined to be unfounded. The department may adopt rules governing recordkeeping and reporting pursuant to this article.

(b) (1) The Department of Justice shall immediately notify a child protective agency which submits a report pursuant to Section 11169, or a district attorney who requests notification, of any information maintained pursuant to subdivision (a) which is relevant to the known or suspected instance of child abuse reported by the agency. A child protective agency shall make that information available to the reporting medical practitioner, child custodian, guardian ad litem appointed under Section 326, or counsel appointed under Section 318 of the Welfare and Institutions Code, or the appropriate licensing agency, if he or she is treating or investigating a case of known or suspected child abuse.

(2) When a report is made pursuant to subdivision (a) of Section 11166, the investigating agency shall, upon completion of the

investigation or after there has been a final disposition in the matter, inform the person required to report of the results of the investigation and of any action the agency is taking with regard to the child or family.

(3) The department shall make available to the State Department of Social Services any information received subsequent to January 1, 1981, pursuant to this section concerning any person who is an applicant for licensure or employment in a position having supervisorial or disciplinary power over a child or children, or who will provide 24-hour care for a child or children in a residential home or facility, pursuant to Section 1522.1 or 1596.876 of the Health and Safety Code, or Section 226 of the Civil Code. If the department has information which has been received subsequent to January 1, 1981, concerning such a person, it shall also make available to the State Department of Social Services any other information maintained pursuant to subdivision (a).

(4) The department shall notify parents or legal guardians requesting a background examination of a professional child care provider pursuant to Chapter 3.65 (commencing with Section 1597.80) of Division 2 of the Health and Safety Code, of the fact that a substantiated report exists which indicates that the professional child care provider was a suspect of child abuse subsequent to January 1, 1981, or prior to January 1, 1981, if there was also a report subsequent to that date.

(5) The department shall notify parents or legal guardians requesting a background examination of a professional child care provider pursuant to Chapter 3.65 (commencing with Section 1597.80) of Division 2 of the Health and Safety Code, of the fact that no substantiated report exists which indicates that the professional child care provider was a suspect of child abuse subsequent to January 1, 1981.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make necessary technical and clarifying changes before the pilot projects authorized by Chapter 1496 of the Statutes of 1986 commence operation on July 1, 1987, it is necessary that this act take effect immediately.

CHAPTER 83

An act to amend Sections 5 and 11 of Chapter 1519 of the Statutes of 1986, relating to correctional facilities, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of Chapter 1519 of the Statutes of 1986 is amended to read:

Sec. 5. Money appropriated to the Board of Corrections by this act shall be allocated as follows:

(a) Funding shall be provided for those projects entitled to be funded under subdivision (c) of Section 3 of Chapter 444 of the Statutes of 1984, as amended, to the extent that those projects have not received full funding.

(b) The following additional amounts shall be allocated to the counties for the construction, reconstruction, replacement, or renovation of county jail facilities or medical facilities for mentally ill prisoners. With the exception of those counties with only one local detention facility, these funds shall not be used to supplant local funds directed to previously approved state funded projects. These funds may be used for allocations specified in subdivisions (c) and (d) of Chapter 444, Statutes of 1984, as amended, or for new projects.

(c) If any county declares that it is unable to use the funds allocated to it, or if any county is unable to satisfy the prerequisites for funding listed in Section 6, the amount allocated to the county in this section shall revert to the state, to be reallocated by the board as follows:

First priority for reallocation shall be given to counties on the following list subject to the following limits:

Orange County	$ 7,000,000
Sacramento County	3,000,000
San Diego County	2,000,000
San Francisco City and County	10,000,000
Santa Clara County	1,000,000

Among these counties, reallocated funds shall be awarded to each on a pro rata basis based on the amounts listed in this subdivision. Funds shall be distributed twice. The first distribution shall occur on July 1, 1988; the second distribution shall occur on December 31, 1990. If any county on this list has not completed architectural drawings at the time reallocation funds become available for it, the county shall be removed from the reallocation list until it has completed architectural drawings.

(d) If funds beyond those needed for the itemized amounts become available for reallocation, the board shall propose a reallocation formula or procedure for legislative review.

(e) It is the Legislature's intention that in any subsequent state bond measures for county jail construction assistance, first priority for the new moneys shall go for a grant of thirty-six million dollars ($36,000,000) for Los Angeles County; second, to any unfunded allocations under subdivision (b); and third, to any unfunded allocation among those listed in subdivision (c).

SEC. 2. Section 11 of Chapter 1519 of the Statutes of 1986 is amended to read:

Sec. 11. All money in the 1986 County Correctional Facility Expenditure Fund is appropriated without regard to fiscal year for allocation as follows:

(a) Twenty million dollars ($20,000,000) is appropriated to the Department of the Youth Authority for allocation as provided by Section 9 provided that not more than two hundred thousand dollars ($200,000) shall be expended by the Department of the Youth Authority for administrative costs and for performing a statewide needs assessment under subdivision (i) of Section 9.

(b) The remainder is appropriated to the Board of Corrections for allocation in accordance with Sections 5 and 5.5 and for the administrative costs of the Board of Corrections and the Ad Hoc Jail Standards Committee, but the administrative costs shall not exceed 1 percent of the amount allocated, provided, that for any amount disbursed for a project entitled to receive funds under Section 3 of Chapter 444 of the Statutes of 1984, as amended, from the County Jail Capital Expenditure Bond Act of 1981 or the County Jail Capital Expenditure Bond Act of 1984, that amount shall be repaid to the fund from any amounts that may become available under those earlier bond acts including amounts derived under Section 4 of Chapter 444 of the Statutes of 1984.

(c) If bonds have not been sold for projects authorized to meet the

maximum allocations contained in Section 3 of Chapter 444 of the Statutes of 1984, as amended, the Board of Corrections may disperse those funds from the proceeds of the sale of bonds authorized under subdivision (b) of Section 5 of Chapter 1519 of the Statutes of 1986 or disburse funds which may be available under the provisions of Chapter 6 of the Statutes of 1987, to meet this obligation, subject to all of the following conditions:

(1) Counties shall have completed their project or have put the project out for construction bids prior to March 1, 1987, that date being the date upon which proposed revisions to Jail Funding Regulations were issued by the Board of Corrections.

(2) Projects reimbursed, funded, or both, through this provision shall be the same project approved by the Board of Corrections prior to March 1, 1987.

(3) Funds exempted from the requirements of Chapter 1519 of the Statutes of 1986 and corresponding regulations established by the Board of Corrections shall not exceed the combined totals of subdivisions (c) and (d) of Section 3 of Chapter 444 of the Statutes of 1984.

(4) To the extent that counties receive funds under subdivision (b) of Section 5 of Chapter 1519 of the Statutes of 1986 which are in excess of the combined total of those allocations specified in subdivisions (c) and (d) of Section 3 of Chapter 444 of the Statutes of 1984, as amended, those counties shall comply with Jail Funding Regulations issued by the Board of Corrections on or after March 1, 1987, prior to the receipt of those excess funds.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Presently, local facilities for adults are operating over capacity and the population in these facilities is still increasing. It is essential to the public safety that construction of new facilities proceed as expeditiously as possible to relieve overcrowding and to maintain public safety and security. Thus, it is necessary that this bill, which will help improve the situation, take effect immediately.

CHAPTER 84

An act to amend Sections 5000.5 and 5010.7 of, and to add Section 5000.6 to, the Education Code, to amend Section 23302.1 of the Elections Code, and to amend Section 36503.5 of the Government Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 5000.5 of the Education Code is amended to read:

5000.5. (a) (1) Notwithstanding any other provision of law, except as provided under Section 5008, after the initial election of governing board members in any school district, or members of a county board of education, the election of governing board members for the district or members of the county board of education may, upon the adoption of an appropriate resolution by the governing board or the county board of education, respectively, be established to regularly occur on the same day upon which a primary, municipal, or general election is held. If a school district is located in more than one county, the district may not consolidate an election if any county in which the district is located denies the request for consolidation.

(2) In the event of consolidation, the election of governing board members or members of the county board of education shall be conducted in accordance with all applicable procedural requirements of the Elections Code pertaining to that primary, municipal, or general election, and shall thereafter occur in consolidation with that election.

(b) (1) The resolution of the governing board or county board of education shall be adopted and submitted to the board of supervisors, for purposes of subdivision (a), no later than 240 days prior to the date of the currently scheduled election of the district or for the members of the county board of education.

(2) The final date for the submission of the resolution by the governing board or county board of education to the board of supervisors is not subject to waiver.

(c) The board of supervisors shall notify all school districts and the county board of education located in the county of the receipt of the resolution to consolidate and shall request input from each district on the effect of consolidation.

(d) (1) The board of supervisors, within 60 days from the date of submission, shall approve the resolution unless it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled. Prior to the adoption of a resolution to either approve or deny a consolidation request, the

board or boards of supervisors shall each obtain from the elections official a report on the cost effectiveness of the proposed action.

(2) Public notices of the proceedings in which the resolution is to be considered for adoption shall be made pursuant to Section 25151 of the Government Code.

(e) Within 30 days after the approval of the resolution by the board of supervisors, the elections official shall notify all registered voters of the districts affected by the consolidation of the approval of the resolution by the board of supervisors. The notice shall be delivered by mail and at the expense of the school district or if applicable, the county board of education.

(f) An election day established pursuant to subdivision (a) shall be prescribed to occur not less than one month, nor more than 12 months, subsequent to the election day prescribed in subdivision (a) of Section 5000 or pursuant to Section 1007, as appropriate. As used in this subdivision, "12 months" means the period from the election day prescribed in subdivision (a) of Section 5000 or pursuant to Section 1007, as appropriate, to the first Tuesday after the first Monday in the 12th month subsequent to that day, inclusive.

(g) In the event that the election day for a school district governing board or county board of education is established pursuant to subdivision (a), the term of office of all then incumbent members of that governing board or county board of education shall be extended accordingly.

(h) (1) If a board of supervisors approves the resolution pursuant to subdivision (d), the school district governing board election shall be conducted on the date specified by the board of supervisors, in accordance with subdivision (a), unless the approval is later rescinded by the board of supervisors.

(2) If the date of a school district governing board election is changed pursuant to this section, at least one election shall be held before the resolution, as approved by the board of supervisors, may be subsequently repealed or amended.

(i) This section shall not apply to the County of San Diego, pursuant to Section 5000.1, and Section 23509.1 of the Elections Code.

SEC. 2. Section 5000.6 is added to the Education Code, to read:

5000.6. A school district in Tehama County or the Tehama County Board of Education, by itself or in concert with other school districts or county boards of education, may purchase or otherwise contribute to the purchase of elections equipment, including, but not limited to, a computer for the purposes of conducting a consolidated election when the equipment shall be owned by Tehama County.

SEC. 3. Section 5010.7 of the Education Code is amended to read:

5010.7. (a) (1) Notwithstanding any other provision of law, a community college district may, by resolution, require that its district governing board member elections be held on the same day as the statewide general election. If a community college district is located in more than one county, the district may not consolidate an election if any county in which the district is located denies the

request for consolidation.

(2) In the event of consolidation, the election of the governing board member or members shall be conducted in accordance with all applicable procedural requirements of the Elections Code pertaining to that statewide general election or municipal election, and shall thereafter occur in consolidation with that election.

(b) (1) The resolution of the community college district governing board shall be adopted and submitted to the board of supervisors, for purposes of subdivision (a), no later than 240 days prior to the date of the currently scheduled election for the governing board members of the community college district.

(2) The final date for the submission of the resolution by the community college district governing board to the board of supervisors is not subject to waiver.

(c) The board of supervisors shall notify all community college districts located in the county of the receipts of the resolution to consolidate and shall request input from each district on the effect of consolidation.

(d) (1) The board of supervisors, within 60 days from the date of submission, shall approve the resolution unless it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled.

Prior to the adoption of a resolution to either approve or deny a consolidation request, the board or boards of supervisors shall each obtain from the elections official a report on the cost effectiveness of the proposed action.

(2) Public notices of the proceedings in which the resolution is to be considered for adoption shall be made pursuant to Section 25151 of the Government Code.

(e) (1) Within 30 days after the approval of the resolution by the board of supervisors, the elections official shall notify all registered voters of the districts affected by the consolidation of the approval of the resolution by the board of supervisors.

(2) The notice required by subdivision (e) shall be delivered by mail and at the expense of the community college district.

(f) An election day established pursuant to subdivision (a) shall be prescribed to occur not less than one month, nor more than 12 months, subsequent to the election day prescribed in subdivision (a) of Section 5000. As used in this subdivision, "12 months" means the period from the election day prescribed in subdivision (a) of Section 5000 to the first Tuesday after the first Monday in the 12th month subsequent to that day, inclusive.

(g) If, pursuant to subdivision (a), a district governing board member election is held on the same day as a statewide general election, those district governing board members whose four-year terms of office would have, prior to the adoption of the resolution, expired prior to that election shall, instead, continue in their offices until successors are elected and qualified.

(h) (1) If a board of supervisors approves the resolution pursuant

to subdivision (d), the school district governing board election shall be conducted on the date specified by the board of supervisors, in accordance with subdivision (a), unless the approval is later rescinded by the board of supervisors.

(2) If the date of a district governing board member election is changed pursuant to this section, at least one election shall be held before the resolution, as approved by the board of supervisors, may be subsequently repealed or amended.

(i) This section shall not apply to the County of San Diego, pursuant to Section 5000.1, and Section 23509.1 of the Elections Code.

SEC. 4. Section 23302.1 of the Elections Code is amended to read:

23302.1. (a) This section applies only to special districts electing members of the governing body in November of odd-numbered years. As used in this section, "special district" means an agency of the state formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries, except a city, county, city and county, school or community college district, or special assessment district.

(b) Notwithstanding any other provision of law, a governing body of a special district may, by resolution, require that its elections of governing body members be held on the same day as the statewide general election.

(1) The resolution setting the election shall also include dates that are consistent with the primary or general election with respect to nominations, notices, canvass of votes, certification of election, and all other procedural requirements of the Elections Code pertaining to the primary or general election.

(2) The resolution shall be submitted to the board of supervisors no later than 240 days prior to the date of the currently scheduled district election.

(c) The board of supervisors shall notify all districts located in the county of the receipt of the resolution to consolidate and shall request input from each district on the effect of consolidation.

(d) The elections official shall prepare and transmit to the board of supervisors an impact analysis of the proposed consolidation.

(e) The board of supervisors, within 60 days from the date of submission, shall approve the resolution unless it finds that the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled. Prior to the adoption of a resolution to either approve or deny a consolidation request, the board or boards of supervisors shall each obtain from the elections official a report on the cost effectiveness of the proposed action.

(f) Within 30 days after the approval of the resolution, the elections official shall notify all registered voters of the districts affected by the consolidation of the approval of the resolution by the board of supervisors. The notice shall be delivered by mail and at the expense of the district.

(g) Public notices of the proceedings in which the resolution is to be considered for adoption shall be made pursuant to Section 25151

of the Government Code.

(h) If a special district is located in more than one county the special district may not consolidate an election if any county in which the special district is located denies the request for consolidation.

(i) If, pursuant to subdivision (b), a special district election is held on the same day as the statewide general election, those governing body members whose terms of office would have, prior to the adoption of the resolution, expired prior to that election shall, instead, continue in their offices until their successors are elected and qualified, but in no event shall the term be extended beyond December 31 of the year following the year in which the request for consolidation is approved by the board of supervisors.

(j) If a board of supervisors approves the resolution pursuant to subdivision (e), the special district election shall be conducted on the date specified by the board of supervisors, in accordance with subdivision (a), unless the approval is later rescinded by the board of supervisors.

(k) If the date of a special district election is changed pursuant to this section, at least one election shall be held before the resolution, as approved by the board of supervisors, may be subsequently repealed or amended.

SEC. 5. Section 36503.5 of the Government Code is amended to read:

36503.5. (a) (1) A city council may enact an ordinance requiring its general municipal election to be held on the same day as the statewide direct primary election or the day of the statewide general election. Any ordinance adopted pursuant to this subdivision shall become operative upon the approval of the board of supervisors. An ordinance shall be approved by the board of supervisors unless the ballot style, voting equipment, or computer capability is such that additional elections or materials cannot be handled. Prior to adoption of a resolution to either approve or deny a consolidation request, the board or boards of supervisors shall each obtain from the elections official a report on the cost effectiveness of the proposed action.

(2) A city, by itself or in concert with other cities, may purchase or otherwise contribute to the purchase of elections equipment, including, but not limited to, a computer for the purposes of conducting a consolidated election when the equipment shall be owned by the county.

(b) As the result of the adoption of an ordinance pursuant to this section, no term of office shall be increased or decreased by more than 12 months. As used in this subdivision, "12 months" means the period between the day upon which the term of office would otherwise have commenced and the first Tuesday after the second Monday in the 12th month before or after that day, inclusive.

(c) If an election is held pursuant to subdivision (a), and the election is consolidated with another election, Part 2.5 (commencing with Section 23300) of Division 14, except Section 23302, of the

Elections Code shall govern the consolidation, and, if the county clerk is requested to conduct the municipal election, Section 22003 of the Elections Code shall be applicable to that election.

(d) If, pursuant to subdivision (a), a general municipal election is held on the same day as a statewide election, those city officers whose terms of office would have, prior to the adoption of the ordinance, expired on the Tuesday succeeding the second Tuesday in April of an even-numbered year, shall, instead, continue in their offices until no later than the fourth Tuesday after the day of the general municipal election, and until their successors are elected and qualified.

(e) Within 30 days after the ordinance becomes operative pursuant to subdivision (a), the city clerk shall cause a notice to be mailed to all registered voters informing the voters of the change in the election date. The notice shall also inform the voters that as a result in the change in the election date, elected city officeholders' terms in office will be changed.

(f) If a city adopts an ordinance pursuant to subdivision (a), the municipal election following the adoption of the ordinance and each municipal election thereafter shall be conducted on the date specified by the city council, in accordance with subdivision (a), unless the ordinance in question is later repealed by the city council.

(g) If the date of a general municipal election is changed pursuant to this section, at least one election shall be held before the ordinance, as approved by the board of supervisors, may be subsequently repealed or amended.

SEC. 6. The Legislature hereby finds and declares that the amendments set forth in Section 4 of this act are declaratory of, and do not constitute a substantive change in, existing law.

SEC. 7. Due to the unique circumstances concerning Tehama County, its school districts, and its county board of education, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution for purposes of Section 2 of this act.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify certain statutory provisions relating to the scheduling of school district and municipal elections without undue delay, which provisions took effect on January 1, 1987, it is necessary that this act take effect immediately.

CHAPTER 85

An act to make an appropriation in augmentation of Items 1970-301-036, 1970-301-890, 9840-001-001, 9840-001-494, and 9840-001-988 of Section 2.00 of the Budget Act of 1986, relating to contingencies or emergencies, to take effect immediately, usual current expenses.

[Approved by Governor June 30, 1987. Filed with Secretary of State June 30, 1987.]

I am deleting the following appropriation included in the General Fund appropriation contained in Assembly Bill No. 533:

Department of Health Services, Medically Indigent Services Program (MISP) $25,000,000

The MISP block grant program has been completed for the year at the level funded in the Budget Act and through a subsequent augmentation conformed in legislation. With this deletion, I approve Assembly Bill No. 533.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of seventy-two million fifty-seven thousand dollars ($72,057,000) is hereby appropriated in accordance with the following schedule:

(1) Notwithstanding any other provision of law, the sum of three hundred one thousand dollars ($301,000) is hereby reappropriated to the Department of Veterans' Affairs for the Veterans' Home of California without regard to fiscal year from the unencumbered balance of category (8) of Item 1970-301-036 of Section 2.00 of the Budget Act of 1984.

(2) Five hundred thirty-one thousand dollars ($531,000) to the Department of Veterans' Affairs for the Veterans' Home of California, in augmentation of, and for the purposes of, Item 1970-301-036 of Section 2.00 of the Budget Act of 1986, as follows:

(A) Two hundred seventy-one thousand dollars ($271,000) for remodeling of Hospital Wards 1, 2, and 3A.

(B) Two hundred sixty thousand dollars ($260,000) for modifications to the storm drain system.

(3) Five hundred three thousand dollars ($503,000) to the Department of Veterans' Affairs for the Veterans' Home of California in augmentation of, and for the purposes of, Item 1970-301-890 of Section 2.00 of the Budget Act of 1986, for remodeling of Hospital Wards 1, 2, and 3A.

(4) Seventy million seven hundred twenty-two thousand dollars ($70,722,000) for expenditure in the 1986–87 fiscal year in augmentation of, and for the purposes of, contingencies or emergencies as provided in Items 9840-001-001, 9840-001-494, and 9840-001-988 of Section 2.00 of the Budget Act of 1986, in accordance with the following schedule:

(A) Sixty-nine million eight hundred forty-nine thousand dollars ($69,849,000) from the General Fund to the Reserve for Contingencies or Emergencies in Item 9840-001-001.

(B) Twenty-seven thousand dollars ($27,000) from unallocated special funds to the Reserve for Contingencies or Emergencies in Item 9840-001-494.

(C) Eight hundred forty-six thousand dollars ($846,000) from unallocated nongovernmental cost funds to the Reserve for Contingencies or Emergencies in Item 9840-001-988.

(b) The Director of Finance may withhold authorization for expenditure of funds provided in this section until such time as, and to the extent that, preliminary estimates of potential deficiencies are verified.

SEC. 2. (a) On or before December 15, 1987, the Superintendent of Public Instruction shall report to the Director of Finance the actual annual local revenues received by county offices of education and school districts for the county office of education, K-12 district revenue limit, and special education apportionments for the 1986–87 fiscal year.

(b) At the first principal apportionment of the 1987–88 fiscal year, the Superintendent of Public Instruction shall report to the Director of Finance and the State Controller the amounts by which the actual 1986–87 local revenues received by county offices of education for revenue limit purposes, by county offices of education for special education programs, and by school districts for revenue limit purposes, reported at the 1986–87 annual apportionment, exceed the amounts of local revenues received by county offices of education and school districts, as reported at the 1986–87 second principal apportionment. The State Controller shall transfer these amounts, as adjusted pursuant to subdivision (c), from the funds appropriated in Items 6100-101-001, 6100-106-001, and 6100-161-001 of the Budget Act of 1987 to the unappropriated balance of the General Fund.

(c) The local revenue increases specified in subdivision (b) may be adjusted by the net amounts of any adjustments made to county office of education and district revenue limits and to special education entitlements, pursuant to Section 41341 of the Education Code, between the 1986–87 second principal apportionment and the 1986–87 annual apportionment.

SEC. 3. None of the funds appropriated or reappropriated in Section 1 to the Department of Veterans' Affairs shall be encumbered until sufficient funds in the Special Account for Capital Outlay have become available through the reversion of savings from projects previously funded from the account pursuant to Section 16351.5 of the Government Code. Before these funds may be encumbered, the Director of Finance shall notify the chairpersons of the Joint Legislative Budget Committee and of the legislative fiscal committees of the sources and the amounts of the savings.

SEC. 4. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 86

An act to amend Sections 93, 94, 2016, 2017, 2019, 2020, 2023, 2024, 2025, 2026, 2027, 2028, 2030, 2031, 2032, 2033, 2033.5, 2034, 2035, and 2036 of, and to repeal and add Section 2018 of, the Code of Civil Procedure, relating to discovery, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 1, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 93 of the Code of Civil Procedure is amended to read:

93. (a) The plaintiff has the option to serve case questionnaires with the complaint, using forms approved by the Judicial Council. The questionnaires served shall include a completed copy of the plaintiff's completed case questionnaire, and a blank copy of the defendant's case questionnaire.

(b) Any defendant upon whom a case questionnaire is served shall serve a completed defendant's case questionnaire upon the requesting plaintiff with the answer.

(c) The case questionnaire shall be designed to elicit fundamental information about each party's case, including names and addresses of all witnesses with knowledge of any relevant facts, a list of all documents relevant to the case, a statement of the nature and amount of damages, and information covering insurance coverages, injuries and treating physicians. The Judicial Council shall design and develop forms for case questionnaires.

(d) Approved forms shall be made available by the clerk of the court.

(e) If a party on whom a case questionnaire has been served under subdivision (a) or (b) fails to serve a timely or a complete response to that questionnaire, the party serving the questionnaire may move for an order compelling a response or a further response and for a monetary sanction under Section 2023. If a party then fails to obey an order compelling a response or a further response, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

SEC. 1.3. Section 94 of the Code of Civil Procedure is amended to read:

94. Discovery is permitted only to the extent provided by this section and Section 95. This discovery shall comply with the notice

and format requirements of the particular method of discovery, as provided in Article 3 (commencing with Section 2016) of Chapter 3 of Title 4 of Part 4. As to each adverse party, a party may use the following forms of discovery:

(a) Any combination of 35 of the following:

(1) Interrogatories (with no subparts) under Section 2030.

(2) Demands to produce documents or things under Section 2031.

(3) Requests for admission (with no subparts) under Section 2033.

(b) One oral or written deposition under Sections 2025 to 2028, inclusive.

(c) Any party may serve on any person a deposition subpoena duces tecum requiring the person served to mail copies of documents, books or records to the party's counsel at a specified address, along with an affidavit complying with Section 1561 of the Evidence Code.

The party who issued the deposition subpoena shall mail a copy of the response to any other party who tenders the reasonable cost of copying it.

(d) Physical and mental examinations under Section 2032.

(e) The identity of expert witnesses under Section 2034.

SEC. 1.8. Section 2016 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2016. (a) This article may be cited as the Civil Discovery Act of 1986.

(b) As used in this article:

(1) "Action" includes a civil action and a special proceeding of a civil nature.

(2) "Court" means the trial court in which the action is pending, unless otherwise specified.

(3) "Document" and "writing" mean a writing as defined in Section 250 of the Evidence Code.

(c) This article applies to discovery in aid of enforcement of a money judgment only to the extent provided in Article 1 (commencing with Section 708.010) of Chapter 6 of Title 9 of Part 2.

SEC. 2. Section 2017 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2017. (a) Unless otherwise limited by order of the court in accordance with this article, any party may obtain discovery regarding any matter, not privileged, that is relevant to the subject matter involved in the pending action or to the determination of any motion made in that action, if the matter either is itself admissible in evidence or appears reasonably calculated to lead to the discovery of admissible evidence. Discovery may relate to the claim or defense of the party seeking discovery or of any other party to the action. Discovery may be obtained of the identity and location of persons having knowledge of any discoverable matter, as well as of the existence, description, nature, custody, condition, and location of any document, tangible thing, or land or other property.

(b) A party may obtain discovery of the existence and contents of any agreement under which any insurance carrier may be liable to satisfy in whole or in part a judgment that may be entered in the action or to indemnify or reimburse for payments made to satisfy the judgment. This discovery may include the identity of the carrier and the nature and limits of the coverage. A party may also obtain discovery as to whether that insurance carrier is disputing the agreement's coverage of the claim involved in the action, but not as to the nature and substance of that dispute. Information concerning the insurance agreement is not by reason of disclosure admissible in evidence at trial.

(3) "Document" and "writing" mean a writing as defined in Section 250 of the Evidence Code.

(c) The court shall limit the scope of discovery if it determines that the burden, expense, or intrusiveness of that discovery clearly outweighs the likelihood that the information sought will lead to the discovery of admissible evidence. The court may make this determination pursuant to a motion for protective order by a party or other affected person. This motion shall be accompanied by a declaration stating facts showing a good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(d) In any civil action alleging conduct that constitutes sexual harassment, sexual assault, or sexual battery, any party seeking discovery concerning the plaintiff's sexual conduct with individuals other than the alleged perpetrator is required to establish specific facts showing good cause for that discovery, and that the matter sought to be discovered is relevant to the subject matter of the action and reasonably calculated to lead to the discovery of admissible evidence. This showing shall be made by noticed motion and shall not be made or considered by the court at an ex parte hearing. This motion shall be accompanied by a declaration stating facts showing a good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for discovery, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

SEC. 3. Section 2018 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is repealed.

SEC. 3.5. Section 2018 is added to the Code of Civil Procedure, to read:

2018. (a) It is the policy of the state to: (1) preserve the rights of attorneys to prepare cases for trial with that degree of privacy

necessary to encourage them to prepare their cases thoroughly and to investigate not only the favorable but the unfavorable aspects of those cases; and (2) to prevent attorneys from taking undue advantage of their adversary's industry and efforts.

(b) Subject to subdivision (c), the work product of an attorney is not discoverable unless the court determines that denial of discovery will unfairly prejudice the party seeking discovery in preparing that party's claim or defense or will result in an injustice.

(c) Any writing that reflects an attorney's impressions, conclusions, opinions, or legal research or theories shall not be discoverable under any circumstances.

(d) This section is intended to be a restatement of existing law relating to protection of work product. It is not intended to expand or reduce the extent to which work product is discoverable under existing law in any action.

SEC. 4. Section 2019 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2019. (a) Any party may obtain discovery by one or more of the following methods:

(1) Oral and written depositions.

(2) Interrogatories to a party.

(3) Inspections of documents, things, and places.

(4) Physical and mental examinations.

(5) Requests for admissions.

(6) Simultaneous exchanges of expert trial witness information.

(b) The court shall restrict the frequency or extent of use of these discovery methods if it determines either of the following:

(1) The discovery sought is unreasonably cumulative or duplicative, or is obtainable from some other source that is more convenient, less burdensome, or less expensive.

(2) The selected method of discovery is unduly burdensome or expensive, taking into account the needs of the case, the amount in controversy, and the importance of the issues at stake in the litigation.

The court may make those determinations pursuant to a motion for a protective order by a party or other affected person. This motion shall be accompanied by a declaration stating facts showing a good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(c) Unless there is a rule of the Judicial Council, or a local court rule or local uniform written policy to the contrary, the methods of discovery may be used in any sequence, and the fact that a party is conducting discovery, whether by deposition or another method, shall not operate to delay the discovery of any other party. However,

on motion and for good cause shown, the court may establish the sequence and timing of discovery for the convenience of parties and witnesses and in the interests of justice.

(d) In any action alleging the misappropriation of a trade secret under the Uniform Trade Secrets Act (Title 5 (commencing with Section 3426) of Part 1 of Division 4 of the Civil Code), before commencing discovery relating to the trade secret, the party alleging the misappropriation shall identify the trade secret with reasonable particularity subject to any orders that may be appropriate under Section 3426.5 of the Civil Code.

(e) The provisions of subdivision (a) of Section 1013 relating to extensions of time where service is made by mail shall be applicable to any discovery method or motion in this article.

SEC. 5. Section 2020 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2020. (a) The method for obtaining discovery within the state from one who is not a party to the action is an oral deposition under Section 2025, a written deposition under Section 2028, or a deposition for production of business records and things under subdivisions (d) and (e). Except as provided in paragraph (1) of subdivision (h) of Section 2025, the process by which a nonparty is required to provide discovery is a deposition subpoena. The deposition subpoena may command any of the following:

(1) Only the attendance and the testimony of the deponent, under subdivision (c).

(2) Only the production of business records for copying, under subdivision (d).

(3) Both the attendance and the testimony of the deponent, as well as the production of business records, other documents, and tangible things, under subdivision (e).

Except as modified in this section, the provisions of Chapter 2 (commencing with Section 1985), and of Article 4 (commencing with Section 1560) of Chapter 2 of Division 11 of the Evidence Code, apply to a deposition subpoena.

(b) The clerk of the court in which the action is pending shall issue a deposition subpoena signed and sealed, but otherwise in blank, to a party requesting it, who shall fill it in before service. In lieu of the court-issued deposition subpoena, an attorney of record for any party may sign and issue a deposition subpoena; the deposition subpoena in that case need not be sealed.

(c) A deposition subpoena that commands only the attendance and the testimony of the deponent shall specify the time when and the place where the deponent is commanded to attend for the deposition. It shall set forth a summary of (1) the nature of a deposition, (2) the rights and duties of the deponent, and (3) the penalties for disobedience of a deposition subpoena described in subdivision (h). If the deposition will be recorded by video tape under paragraph (2) of subdivision (*l*) of Section 2025, the deposition subpoena shall state that it will be recorded in that

manner. If the deponent is an organization, the deposition subpoena shall describe with reasonable particularity the matters on which examination is requested, and shall advise that organization of its duty to make the designation of employees or agents who will attend described in subdivision (d) of Section 2025.

(d) (1) A deposition subpoena that commands only the production of business records for copying shall designate the business records to be produced either by specifically describing each individual item or by reasonably particularizing each category of item. This deposition subpoena need not be accompanied by an affidavit or declaration showing good cause for the production of the business records designated in it. It shall be directed to the custodian of those records or another person qualified to certify the records. It shall command compliance in accordance with paragraph (4) on a date that is no earlier than 20 days after the issuance, or 15 days after the service, of the deposition subpoena, whichever date is later.

(2) If, under Section 1985.3, the one to whom the deposition subpoena is directed is a witness, and the business records described in the deposition subpoena are personal records pertaining to a consumer, the service of the deposition subpoena shall be accompanied either by a copy of the proof of service of the notice to the consumer described in subdivision (e) of Section 1985.3, or by the consumer's written authorization to release personal records described in paragraph (2) of subdivision (c) of Section 1985.3.

(3) The officer for a deposition seeking discovery only of business records for copying under this subdivision shall be a professional photocopier registered under Chapter 20 (commencing with Section 22450) of Division 8 of the Business and Professions Code, or a person exempted from the registration requirements of that chapter under Section 22451 of the Business and Professions Code. This deposition officer shall not be financially interested in the action, or a relative or employee of any attorney of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the date of production or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(4) Unless directed to make the records available for inspection or copying by the subpoenaing party's attorney or a representative of that attorney at the witness' business address under subdivision (e) of Section 1560 of the Evidence Code, the custodian of the records or other qualified person shall, in person, by messenger, or by mail, deliver only to the deposition officer specified in the deposition subpoena (1) a true, legible, and durable copy of the records, and (2) an affidavit in compliance with Section 1561 of the Evidence Code. If this delivery is made to the office of the deposition officer, the records shall be enclosed, sealed, and directed as described in subdivision (c) of Section 1560 of the Evidence Code. If this delivery is made at the office of the business whose records are the subject of the deposition subpoena, the custodian of those records or other

qualified person may (1) permit the deposition officer specified in the deposition subpoena to make a copy of the originals of the designated business records, or (2) deliver to that deposition officer a true, legible, and durable copy of the records on receipt of payment in cash or by check, by or on behalf of the party serving the deposition subpoena, of the reasonable costs of preparing that copy as determined under subdivision (b) of Section 1563 of the Evidence Code. This copy need not be delivered in a sealed envelope.

(5) Promptly after the receipt or the making of a copy of business records under this subdivision, the deposition officer shall provide that copy to the party at whose instance the deposition subpoena was served, and a copy of those records to any other party to the action who then or subsequently notifies the deposition officer that the party desires to purchase a copy of those records.

(6) The provisions of Section 1562 of the Evidence Code concerning the admissibility of the affidavit of the custodian or other qualified person apply to a deposition subpoena served under this subdivision.

(e) A deposition subpoena that commands both the attendance and the testimony of the deponent, as well as the production of business records, documents, and tangible things, shall (1) comply with the requirements of subdivision (c), (2) designate the business records, documents, and tangible things to be produced either by specifically describing each individual item or by reasonably particularizing each category of item, and (3) specify any testing or sampling that is being sought. This deposition subpoena need not be accompanied by an affidavit or declaration showing good cause for the production of the documents and things designated.

Where, as described in Section 1985.3, the person to whom the deposition subpoena is directed is a witness, and the business records described in the deposition subpoena are personal records pertaining to a consumer, the service of the deposition subpoena shall be accompanied either by a copy of the proof of service of the notice to the consumer described in subdivision (e) of Section 1985.3, or by the consumer's written authorization to release personal records described in paragraph (2) of subdivision (c) of Section 1985.3.

(f) Subject to paragraph (1) of subdivision (d), service of a deposition subpoena shall be effected a sufficient time in advance of the deposition to provide the deponent a reasonable opportunity to locate and produce any designated business records, documents, and tangible things, and, where personal attendance is commanded, a reasonable time to travel to the place of deposition. Any person may serve the subpoena by personal delivery of a copy of it (1) if the deponent is a natural person, to that person, and (2) if the deponent is an organization, to any officer, director, custodian of records, or to any agent or employee authorized by the organization to accept service of a subpoena.

If a deposition subpoena requires the personal attendance of the

deponent, under subdivision (c) or (e), the party noticing the deposition shall pay to the deponent in cash or by check the same witness fee and mileage required by Chapter 1 (commencing with Section 68070) of Title 8 of the Government Code for attendance and testimony before the court in which the action is pending. This payment, whether or not demanded by the deponent, shall be made, at the option of the party noticing the deposition, either at the time of service of the deposition subpoena, or at the time the deponent attends for the taking of testimony.

Service of a deposition subpoena that does not require the personal attendance of a custodian of records or other qualified person, under subdivision (d), shall be accompanied, whether or not demanded by the deponent, by a payment in cash or by check of the witness fee required by paragraph (6) of subdivision (b) of Section 1563 of the Evidence Code.

(g) Personal service of any deposition subpoena is effective to require of any deponent who is a resident of California at the time of service (1) personal attendance and testimony, if the subpoena so specifies, (2) any specified production, inspection, testing, and sampling, and (3) the deponent's attendance at a court session to consider any issue arising out of the deponent's refusal to be sworn, or to answer any question, or to produce specified items, or to permit inspection or specified testing and sampling of the items produced.

(h) A deponent who disobeys a deposition subpoena in any manner described in subdivision (g) may be punished for contempt under Section 2023 without the necessity of a prior order of court directing compliance by the witness, and is subject to the forfeiture and the payment of damages set forth in Section 1992.

SEC. 6. Section 2023 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2023. (a) Misuses of the discovery process include, but are not limited to, the following:

(1) Persisting, over objection and without substantial justification, in an attempt to obtain information or materials that are outside the scope of permissible discovery.

(2) Using a discovery method in a manner that does not comply with its specified procedures.

(3) Employing a discovery method in a manner or to an extent that causes unwarranted annoyance, embarrassment, or oppression, or undue burden and expense.

(4) Failing to respond or to submit to an authorized method of discovery.

(5) Making, without substantial justification, an unmeritorous objection to discovery.

(6) Making an evasive response to discovery.

(7) Disobeying a court order to provide discovery.

(8) Making or opposing, unsuccessfully and without substantial justification, a motion to compel or to limit discovery.

(9) Failing to confer in person, by telephone, or by letter with an

opposing party or attorney in a reasonable and good faith attempt to resolve informally any dispute concerning discovery, if the section governing a particular discovery motion requires the filing of a declaration stating facts showing that such an attempt has been made. Notwithstanding the outcome of the particular discovery motion, the court shall impose a monetary sanction ordering that any party or attorney who fails to confer as required pay the reasonable expenses, including attorney's fees, incurred by anyone as a result of that conduct.

(b) To the extent authorized by the section governing any particular discovery method or any other provision of this article, the court, after notice to any affected party, person, or attorney, and after opportunity for hearing, may impose the following sanctions against anyone engaging in conduct that is a misuse of the discovery process.

(1) The court may impose a monetary sanction ordering that one engaging in the misuse of the discovery process, or any attorney advising that conduct, or both pay the reasonable expenses, including attorney's fees, incurred by anyone as a result of that conduct. The court may also impose this sanction on one unsuccessfully asserting that another has engaged in the misuse of the discovery process, or on any attorney who advised that assertion, or on both. If a monetary sanction is authorized by any provision of this article, the court shall impose that sanction unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) The court may impose an issue sanction ordering that designated facts shall be taken as established in the action in accordance with the claim of the party adversely affected by the misuse of the discovery process. The court may also impose an issue sanction by an order prohibiting any party engaging in the misuse of the discovery process from supporting or opposing designated claims or defenses.

(3) The court may impose an evidence sanction by an order prohibiting any party engaging in the misuse of the discovery process from introducing designated matters in evidence.

(4) The court may impose a terminating sanction by one of the following orders:

(A) An order striking out the pleadings or parts of the pleadings of any party engaging in the misuse of the discovery process.

(B) An order staying further proceedings by that party until an order for discovery is obeyed.

(C) An order dismissing the action, or any part of the action, of that party.

(D) An order rendering a judgment by default against that party.

(5) The court may impose a contempt sanction by an order treating the misuse of the discovery process as a contempt of court.

(c) A request for a sanction shall, in the notice of motion, identify every person, party, and attorney against whom the sanction is

sought, and specify the type of sanction sought. The notice of motion shall be supported by a memorandum of points and authorities, and accompanied by a declaration setting forth facts supporting the amount of any monetary sanction sought.

SEC. 7. Section 2024 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2024. (a) Except as otherwise provided in this section, any party shall be entitled as a matter of right to complete discovery proceedings on or before the 30th day, and to have motions concerning discovery heard on or before the 15th day, before the date initially set for the trial of the action. As used in this section, discovery is considered completed on the day a response is due or on the day a deposition begins. Except as provided in subdivision (e), a continuance or postponement of the trial date does not operate to reopen discovery proceedings.

(b) The time limit on completing discovery in an action to be arbitrated under Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 is subject to Judicial Council Rule. After an award in a case ordered to judicial arbitration, completion of discovery is limited by Section 1141.24.

(c) This section does not apply to (1) summary proceedings for obtaining possession of real property governed by Chapter 4 (commencing with Section 1159) of Title 3 of Part 3, or (2) eminent domain proceedings governed by Title 7 (commencing with Section 1230.010) of Part 3.

(d) Any party shall be entitled as a matter of right to complete discovery proceedings pertaining to a witness identified under Section 2034 on or before the 15th day, and to have motions concerning that discovery heard on or before the 10th day, before the date initially set for the trial of the action.

(e) On motion of any party, the court may grant leave to complete discovery proceedings, or to have a motion concerning discovery heard, closer to the initial trial date, or to reopen discovery after a new trial date has been set. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any matter relevant to the leave requested, including, but not limited to, the following:

(1) The necessity and the reasons for the discovery.

(2) The diligence or lack of diligence of the party seeking the discovery or the hearing of a discovery motion, and the reasons that the discovery was not completed or that the discovery motion was not heard earlier.

(3) Any likelihood that permitting the discovery or hearing the discovery motion will prevent the case from going to trial on the date set, or otherwise interfere with the trial calendar, or result in prejudice to any other party.

(4) The length of time that has elapsed between any date previously set, and the date presently set, for the trial of the action.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to extend or to reopen discovery, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) Parties to the action may, with the consent of any party affected by it, enter into an agreement to extend the time for the completion of discovery proceedings or for the hearing of motions concerning discovery, or to reopen discovery after a new date for trial of the action has been set. This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date. In no event shall this agreement require a court to grant a continuance or postponement of the trial of the action.

SEC. 8. Section 2025 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2025. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by taking in California the oral deposition of any person, including any party to the action. The person deposed may be a natural person, an organization such as a public or private corporation, a partnership, an association, or a governmental agency.

(b) Subject to the provisions of subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action. The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985.3, and (3) a copy of the deposition subpoena.

(d) The deposition notice shall state all of the following:

(1) The address where the deposition will be taken.

(2) The date of the deposition, selected under subdivision (f), and the time it will commence.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audio tape or video tape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*).

(6) Any intention to reserve the right to use at trial a video tape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u). In this event, the operator of the video tape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers, directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or

business office, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office of the organization in California.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsucessfully makes or opposes a motion to increase travel limits for party-deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena.

On motion of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a

protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written objection specifying that error or irregularity on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a video tape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial

under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required

deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audio tape or video tape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audio tape or video tape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audio tape or video tape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audio tape or video tape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a video tape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement

on camera or on the audio tape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audio tape.

(F) The oath shall be administered to the deponent on camera or on the audio tape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audio tape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audio tape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audio tape or video tape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audio taped or video taped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing , and for any editing of the tape. Objections to all or part of the deposition shall be made in writing . The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audio taped or video taped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audio tape or video tape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a video tape or an audio tape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived

unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) On demand of any party or the deponent, the deposition officer shall suspend the taking of testimony to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a

session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is recorded by audio tape or video tape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audio tape or video tape shall promptly (1) permit that other party to hear the audio tape or to view the video tape, and (2) furnish a copy of the audio tape or video tape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audio tape or video tape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the original transcript of the testimony is available for reading and signing, unless the deponent and all these parties agree on the record to waive the reading and signing of the transcript of the testimony. For 30 days

following this notice the deponent, either in person or by a signed letter to the deposition officer, may change the form or the substance of the answer to any question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it. For good cause shown the court may shorten this time.

The deposition officer shall indicate on the original any action taken by the deponent, or the failure of the deponent to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly disapproves the accuracy of the transcript by refusing to sign it, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audio tape or video tape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply such signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) The deposition officer shall certify on the transcript of the deposition, or in the writing accompanying an audio taped or video

taped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given and of any changes made by the deponent.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)", and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audio tape or video tape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audio tape or the video tape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audio tape or video tape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audio tape or video tape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who received, notice of the deposition may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined as a result of that person's designation to testify on behalf of an organization under subdivision (d).

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying, (iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a video tape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any party may introduce any other parts.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

SEC. 9. Section 2026 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2026. (a) Any party may obtain discovery by taking an oral deposition, as described in subdivision (a) of Section 2025, in another state of the United States, or in a territory or an insular possession subject to its jurisdiction. Except as modified in this section, the procedures for taking oral depositions in California set forth in Section 2025 apply to an oral deposition taken in another state of the United States, or in a territory or an insular possession subject to its jurisdiction.

(b) (1) If a deponent is a party to the action or an officer, director, managing agent, or employee of a party, the service of the deposition notice is effective to compel that deponent to attend and to testify, as well as to produce any document or tangible thing for inspection and copying. The deposition notice shall specify a place in the state, territory, or insular possession of the United States that is within 75 miles of the residence or a business office of a deponent.

(2) If the deponent is not a party to the action or an officer, director, managing agent, or employee of a party, a party serving a deposition notice under this section shall use any process and procedures required and available under the laws of the state, territory, or insular possession where the deposition is to be taken to compel the deponent to attend and to testify, as well as to produce any document or tangible thing for inspection, copying, and any related activity.

(c) A deposition taken under this section shall be conducted (1) under the supervision of a person who is authorized to administer oaths by the laws of the United States or those of the place where the examination is to be held, and who is not otherwise disqualified under subdivision (k) of Section 2025, or (2) before a person appointed by the court. This appointment is effective to authorize that person to administer oaths and to take testimony. When necessary or convenient, the court shall issue a commission on such terms and with such directions as are just and appropriate.

SEC. 10. Section 2027 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2027. (a) Any party may obtain discovery by taking an oral deposition, as described in subdivision (a) of Section 2025, in a foreign nation. Except as modified in this section, the procedures for taking oral depositions in California set forth in Section 2025 apply to an oral deposition taken in a foreign nation.

(b) (1) If a deponent is a party to the action or an officer, director, managing agent, or employee of a party, the service of the deposition notice is effective to compel the deponent to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) If a deponent is not a party to the action or an officer, director, managing agent or employee of a party, a party serving a deposition notice under this section shall use any process and procedures required and available under the laws of the foreign nation where the deposition is to be taken to compel the deponent to attend and to testify, as well as to produce any document or tangible thing for inspection, copying, and any related activity.

(c) A deposition taken under this section shall be conducted (1) under the supervision of a person who is authorized to administer oaths or their equivalent by the laws of the United States or of the foreign nation, and who is not otherwise disqualified under subdivision (k) of Section 2025, or (2) a person or officer appointed by commission or under letters rogatory; or (3) any person agreed to by all the parties.

On motion of the party seeking to take an oral deposition in a foreign nation, the court in which the action is pending shall issue a commission, letters rogatory, or a letter of request, if it determines that one is necessary or convenient. The commission, letters rogatory, or letter of request may include any terms and directions that are just and appropriate. The deposition officer may be designated by name or by descriptive title in the deposition notice and in the commission. Letters rogatory or a letter of request may be addressed: "To the Appropriate Judicial Authority in [name of foreign nation]."

SEC. 11. Section 2028 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2028. (a) Any party may obtain discovery by taking a deposition by written questions instead of by oral examination. Except as modified in this section, the procedures for taking oral depositions set forth in Sections 2025, 2026, and 2027 apply to written depositions.

(b) The notice of a written deposition shall comply with subdivision (d) of Section 2025, except that (1) the name or descriptive title, as well as the address, of the deposition officer shall be stated, and (2) the date, time, and place for commencement of the deposition may be left to future determination by the deposition officer.

(c) The questions to be propounded to the deponent by direct examination shall accompany the notice of a written deposition.

Within 30 days after the deposition notice and questions are served, a party shall serve any cross questions on all other parties entitled to notice of the deposition.

Within 15 days after being served with cross questions, a party shall serve any redirect questions on all other parties entitled to notice of the deposition.

Within 15 days after being served with redirect questions, a party shall serve any recross questions on all other parties entitled to notice of the deposition.

The court may, for good cause shown, extend or shorten the time periods for the interchange of cross, redirect, and recross questions.

(d) (1) A party who objects to the form of any question shall serve a specific objection to that question on all parties entitled to notice of the deposition within 15 days after service of the question. A party who fails to timely serve an objection to the form of a question waives it. The objecting party shall promptly move the court to sustain the objection. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the objection and motion. Unless the court has sustained that objection, the deposition officer shall propound to the deponent that question subject to that objection as to its form.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to sustain an objection, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) A party who objects to any question on the ground that it calls for information that is privileged or is protected work product under Section 2018 shall serve a specific objection to that question on all parties entitled to notice of the deposition within 15 days after service of the question. A party who fails to timely serve that objection waives it. The party propounding any question to which an objection is made on those grounds may then move the court for an order overruling that objection. This motion shall be accompanied by a declaration stating facts constituting a reasonable and good faith attempt at an informal resolution of each issue presented by the objection and motion. The deposition officer shall not propound to the deponent any question to which a written objection on those grounds has been served unless the court has overruled that objection.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to overrule an objection, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(e) The party taking a written deposition may forward to the deponent a copy of the questions on direct examination for study prior to the deposition. No party or attorney shall permit the deponent to preview the form or the substance of any cross, redirect, or recross questions.

(f) In addition to any appropriate order listed in subdivision (i) of Section 2025, the court may order any of the following:

(1) That the deponent's testimony be taken by oral, instead of written, examination.

(2) That one or more of the parties receiving notice of the written deposition be permitted to attend in person or by attorney and to propound questions to the deponent by oral examination.

(3) That objections under subdivision (d) be sustained or overruled.

(4) That the deposition be taken before an officer other than the one named or described in the deposition notice.

(g) The party taking the deposition shall deliver to the officer designated in the deposition notice a copy of that notice and of all questions served under subdivision (c). The deposition officer shall proceed promptly to propound the questions and to take and record the testimony of the deponent in response to the questions.

SEC. 12. Section 2030 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2030. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by propounding to any other party to the action written interrogatories to be answered under oath.

(b) A defendant may propound interrogatories to a party to the action without leave of court at any time. A plaintiff may propound interrogatories to a party without leave of court at any time that is 10 days after the service of the summons on, or appearance by, that party, whichever occurs first. However, on motion with or without notice, the court, for good cause shown, may grant leave to a plaintiff to propound interrogatories at an earlier time.

(c) (1) A party may propound to another party (1) 35 specially prepared interrogatories, and (2) any additional number of official form interrogatories, as described in Section 2033.5, that are relevant to the subject matter of the pending action. Except as provided in paragraph (8), no party shall, as a matter of right, propound to any other party more than 35 specially prepared interrogatories. If the initial set of interrogatories does not exhaust this limit, the balance may be propounded in subsequent sets. Unless a declaration as described in paragraph (3) has been made, a party need only respond to the first 35 specially prepared interrogatories served, if that party states an objection to the balance, under paragraph 3 of subdivision (f), on the ground that the limit has been exceeded.

(2) Subject to the right of the responding party to seek a protective order under subdivision (e), any party who attaches a supporting declaration as described in paragraph (3) may propound a greater number of specially prepared interrogatories to another party if this greater number is warranted because of any of the following:

(A) The complexity or the quantity of the existing and potential issues in the particular case.

(B) The financial burden on a party entailed in conducting the discovery by oral deposition.

(C) The expedience of using this method of discovery to provide to the responding party the opportunity to conduct an inquiry,

investigation, or search of files or records to supply the information sought.

If the responding party seeks a protective order on the ground that the number of specially prepared interrogatories is unwarranted, the propounding party shall have the burden of justifying the number of these interrogatories.

(3) Any party who is propounding or has propounded more than 35 specially prepared interrogatories to any other party shall attach to each set of those interrogatories a declaration containing substantially the following:

DECLARATION FOR ADDITIONAL DISCOVERY

I, _____, declare:

1. I am (a party to this action or proceeding appearing in propria persona) (presently the attorney for _____, a party to this action or proceeding).

2. I am propounding to _____ the attached set of interrogatories.

3. This set of interrogatories will cause the total number of specially prepared interrogatories propounded to the party to whom they are directed to exceed the number of specially prepared interrogatories permitted by paragraph (1) of subdivision (c) of Section 2030 of the Code of Civil Procedure.

4. I have previously propounded a total of _____ interrogatories to this party, of which _____ interrogatories were not official form interrogatories.

5. This set of interrogatories contains a total of _____ specially prepared interrogatories.

6. I am familiar with the issues and the previous discovery conducted by all of the parties in the case.

7. I have personally examined each of the questions in this set of interrogatories.

8. This number of questions is warranted under paragraph (2) of subdivision (c) of Section 2030 of the Code of Civil Procedure because _____. (Here state each factor described in paragraph (2) of subdivision (c) that is relied on, as well as the reasons why any factor relied on is applicable to the instant lawsuit.)

9. None of the questions in this set of interrogatories is being propounded for any improper purpose, such as to harass the party, or the attorney for the party, to whom it is directed, or to cause unnecessary delay or needless increase in the cost of litigation.

I declare under penalty of perjury under the laws of California that the foregoing is true and correct, and that this declaration was executed on _____.

(Signature)

Attorney for _____

(4) A party propounding interrogatories shall number each set of interrogatories consecutively. In the first paragraph immediately below the title of the case, there shall appear the identity of the propounding party, the set number, and the identity of the responding party. Each interrogatory in a set shall be separately set forth and identified by number or letter.

(5) Each interrogatory shall be full and complete in and of itself. No preface or instruction shall be included with a set of interrogatories unless it has been approved under Section 2033.5. Any term specially defined in a set of interrogatories shall be typed with all letters capitalized wherever that term appears. No specially prepared interrogatory shall contain subparts, or a compound, conjunctive, or disjunctive question.

(6) An interrogatory may relate to whether another party is making a certain contention, or to the facts, witnesses, and writings on which a contention is based. An interrogatory is not objectionable because an answer to it involves an opinion or contention that relates to fact or the application of law to fact, or would be based on information obtained or legal theories developed in anticipation of litigation or in preparation for trial.

(7) An interrogatory may not be made a continuing one so as to impose on the party responding to it a duty to supplement an answer to it that was initially correct and complete with later acquired information.

(8) In addition to the number of interrogatories permitted by paragraphs (1) and (2), a party may propound a supplemental interrogatory to elicit any later acquired information bearing on all answers previously made by any party in response to interrogatories (1) twice prior to the initial setting of a trial date, and (2) subject to the time limits on discovery proceedings and motions provided in Section 2024, once after the initial setting of a trial date. However, on motion, for good cause shown, the court may grant leave to a party to propound an additional number of supplemental interrogatories.

(d) The party propounding interrogatories shall serve a copy of them (1) on the party to whom they are directed, and (2) on all other parties who have appeared in the action, unless the court on motion with or without notice has relieved that party from this requirement on its determination that service on all other parties would be unduly expensive or burdensome.

(e) When interrogatories have been propounded, the responding party, and any other party or affected natural person or organization may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented

by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the set of interrogatories, or particular interrogatories in the set, need not be answered.

(2) That, contrary to the representations made in a declaration submitted under paragraph (3) of subdivision (c), the number of specially prepared interrogatories is unwarranted.

(3) That the time specified in subdivision (h) to respond to the set of interrogatories, or to particular interrogatories in the set, be extended.

(4) That the response be made only on specified terms and conditions.

(5) That the method of discovery be an oral deposition instead of interrogatories to a party.

(6) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a certain way.

(7) That some or all of the answers to interrogatories be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the party provide or permit the discovery against which protection was sought on terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances made the imposition of the sanction unjust.

(f) The party to whom interrogatories have been propounded shall respond in writing under oath separately to each interrogatory by (1) an answer containing the information sought to be discovered, (2) an exercise of the party's option to produce writings, or (3) an objection to the particular interrogatory. In the first paragraph of the response immediately below the title of the case, there shall appear the identity of the responding party, the set number, and the identity of the propounding party. Each answer, exercise of option, or objection in the response shall bear the same identifying number or letter and be in the same sequence as the corresponding interrogatory, but the text of that interrogatory need not be repeated.

(1) Each answer in the response shall be as complete and straightforward as the information reasonably available to the responding party permits. If an interrogatory cannot be answered completely, it shall be answered to the extent possible. If the responding party does not have personal knowledge sufficient to

respond fully to an interrogatory, that party shall so state, but shall make a reasonable and good faith effort to obtain the information by inquiry to other natural persons or organizations, except where the information is equally available to the propounding party.

(2) If the answer to an interrogatory would necessitate the preparation or the making of a compilation, abstract, audit, or summary of or from the documents of the party to whom the interrogatory is directed, and if the burden or expense of preparing or making it would be substantially the same for the party propounding the interrogatory as for the responding party, it is a sufficient answer to that interrogatory to refer to this subdivision and to specify the writings from which the answer may be derived or ascertained. This specification shall be in sufficient detail to permit the propounding party to locate and to identify, as readily as the responding party can, the documents from which the answer may be ascertained. The responding party shall then afford to the propounding party a reasonable opportunity to examine, audit, or inspect these documents and to make copies, compilations, abstracts, or summaries of them.

(3) If only a part of an interrogatory is objectionable, the remainder of the interrogatory shall be answered. If an objection is made to an interrogatory or to a part of an interrogatory, the specific ground for the objection shall be set forth clearly in the response. If an objection is based on a claim of privilege, the particular privilege invoked shall be clearly stated. If an objection is based on a claim that the information sought is protected work product under Section 2018, that claim shall be expressly asserted.

(g) The party to whom the interrogatories are directed shall sign the response under oath unless the response contains only objections. If that party is a public or private corporation, or a partnership, association, or governmental agency, one of its officers or agents shall sign the response under oath on behalf of that party. If the officer or agent signing the response on behalf of that party is an attorney acting in that capacity for the party, that party waives any lawyer-client privilege and any protection for work product under Section 2018 during any subsequent discovery from that attorney concerning the identity of the sources of the information contained in the response. The attorney for the responding party shall sign any responses that contain an objection.

(h) Within 30 days after service of interrogatories, the party to whom the interrogatories are propounded shall serve the original of the response to them on the propounding party, unless on motion of the propounding party the court has shortened the time for response, or unless on motion of the responding party the court has extended the time for response. The party to whom the interrogatories are propounded shall also serve a copy of the response on all other parties who have appeared in the action, unless the court on motion with or without notice has relieved that party from this requirement on its determination that service on all other parties would be unduly

expensive or burdensome.

(i) The party propounding interrogatories and the responding party may agree to extend the time for service of a response to a set of interrogatories, or to particular interrogatories in a set, to a date beyond that provided in subdivision (h). This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date for service of a response. Unless this agreement expressly states otherwise, it is effective to preserve to the responding party the right to respond to any interrogatory to which the agreement applies in any manner specified in subdivision (f).

(j) The interrogatories and the response thereto shall not be filed with the court. The propounding party shall retain both the original of the interrogatories, with the original proof of service affixed to them, and the original of the sworn response until six months after final disposition of the action. At that time, both originals may be destroyed, unless the court on motion of any party and for good cause shown orders that the originals be preserved for a longer period.

(k) If a party to whom interrogatories have been directed fails to serve a timely response, that party waives any right to exercise the option to produce writings under subdivision (f), as well as any objection to the interrogatories, including one based on privilege or on the protection for work product under Section 2018. However, the court, on motion, may relieve that party from this waiver on its determination that (1) the party has subsequently served a response that is in substantial compliance with subdivision (f), and (2) the party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The party propounding the interrogatories may move for an order compelling response to the interrogatories. The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel a response to interrogatories, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. If a party then fails to obey an order compelling answers, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(*l*) If the propounding party, on receipt of a response to interrogatories, deems that (1) an answer to a particular interrogatory is evasive or incomplete, (2) an exercise of the option to produce documents under paragraph (2) of subdivision (f) is unwarranted or the required specification of those documents is inadequate, or (3) an objection to an interrogatory is without merit or too general, that party may move for an order compelling a further response. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

Unless notice of this motion is given within 45 days of the service of the response, or on or before any specific later date to which the propounding party and the responding party have agreed in writing, the propounding party waives any right to compel a further response to the interrogatories.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel a further response to interrogatories, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling further response to interrogatories, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(m) Without leave of court, a party may serve an amended answer to any interrogatory that contains information subsequently discovered, inadvertently omitted, or mistakenly stated in the initial interrogatory. At the trial of the action, the propounding party or any other party may use the initial answer under subdivision (n), and the responding party may then use the amended answer.

The party who propounded an interrogatory to which an amended answer has been served may move for an order that the initial answer to that interrogatory be deemed binding on the responding party for the purpose of the pending action. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court shall grant this motion if it determines that (1) the initial failure of the responding party to answer the interrogatory correctly has substantially prejudiced the party who propounded the interrogatory, (2) the responding party has failed to show substantial justification for the initial answer to that interrogatory, and (3) the prejudice to the propounding party cannot be cured either by a continuance to permit further discovery or by the use of the initial answer under subdivision (n).

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to deem binding an initial answer to an interrogatory, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(n) At the trial or any other hearing in the action, so far as admissible under the rules of evidence, the propounding party or any party other than the responding party may use any answer or part of an answer to an interrogatory only against the responding party. It is not ground for objection to the use of an answer to an interrogatory that the responding party is available to testify, has

testified, or will testify at the trial or other hearing.

SEC. 13. Section 2031 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2031. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by inspecting documents, tangible things, and land or other property that are in the possession, custody, or control of any other party to the action.

(1) A party may demand that any other party produce and permit the party making the demand, or someone acting on that party's behalf, to inspect and to copy a document that is in the possession, custody, or control of the party on whom the demand is made.

(2) A party may demand that any other party produce and permit the party making the demand, or someone acting on that party's behalf, to inspect and to photograph, test, or sample any tangible things that are in the possession, custody, or control of the party on whom the demand is made.

(3) A party may demand that any other party allow the party making the demand, or someone acting on that party's behalf, to enter on any land or other property that is in the possession, custody, or control of the party on whom the demand is made, and to inspect and to measure, survey, photograph, test, or sample the land or other property, or any designated object or operation on it.

(b) A defendant may make a demand for inspection without leave of court at any time. A plaintiff may make a demand for inspection without leave of court at any time that is 10 days after the service of the summons on, or appearance by, the party to whom the demand is directed, whichever occurs first. However, on motion with or without notice, the court, for good cause shown, may grant leave to a plaintiff to make an inspection demand at an earlier time.

(c) A party demanding an inspection shall number each set of demands consecutively. In the first paragraph immediately below the title of the case, there shall appear the identity of the demanding party, the set number, and the identity of the responding party. Each demand in a set shall be separately set forth, identified by number or letter, and shall do all of the following:

(1) Designate the documents, tangible things, or land or other property to be inspected either by specifically describing each individual item or by reasonably particularizing each category of item.

(2) Specify a reasonable time for the inspection that is at least 30 days after service of the demand unless the court for good cause shown has granted leave to specify an earlier date.

(3) Specify a reasonable place for making the inspection, copying, and performing any related activity.

(4) Specify any related activity that is being demanded in addition to an inspection and copying, as well as the manner in which that related activity will be performed, and whether that activity will permanently alter or destroy the item involved.

(d) The party demanding an inspection shall serve a copy of the inspection demand on the party to whom it is directed and on all other parties who have appeared in the action.

(e) When an inspection of documents, tangible things or places has been demanded, the party to whom the demand has been directed, and any other party or affected person or organization, may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That all or some of the items or categories of items in the inspection demand need not be produced or made available at all.

(2) That the time specified in subdivision (h) to respond to the set of inspection demands, or to a particular item or category in the set, be extended.

(3) That the place of production be other than that specified in the inspection demand.

(4) That the inspection be made only on specified terms and conditions.

(5) That a trade secret or other confidential research, development, or commercial information not be disclosed, or be disclosed only to specified persons or only in a specified way.

(6) That the items produced be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the party to whom the demand was directed provide or permit the discovery against which protection was sought on terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) The party to whom an inspection demand has been directed shall respond separately to each item or category of item by a statement that the party will comply with the particular demand for inspection and any related activities, a representation that the party lacks the ability to comply with the demand for inspection of a particular item or category of item, or an objection to the particular demand.

In the first paragraph of the response immediately below the title of the case, there shall appear the identity of the responding party, the set number, and the identity of the demanding party. Each statement of compliance, each representation, and each objection in

the response shall bear the same number and be in the same sequence as the corresponding item or category in the demand, but the text of that item or category need not be repeated.

(1) A statement that the party to whom an inspection demand has been directed will comply with the particular demand shall state that the production, inspection, and related activity demanded will be allowed either in whole or in part, and that all documents or things in the demanded category that are in the possession, custody, or control of that party and to which no objection is being made will be included in the production.

Any documents demanded shall either be produced as they are kept in the usual course of business, or be organized and labeled to correspond with the categories in the demand. If necessary, the responding party at the reasonable expense of the demanding party shall, through detection devices, translate any data compilations included in the demand into reasonably usable form.

(2) A representation of inability to comply with the particular demand for inspection shall affirm that a diligent search and a reasonable inquiry has been made in an effort to comply with that demand. This statement shall also specify whether the inability to comply is because the particular item or category has never existed, has been destroyed, has been lost, misplaced, or stolen, or has never been, or is no longer, in the possession, custody, or control of the responding party. The statement shall set forth the name and address of any natural person or organization known or believed by that party to have possession, custody, or control of that item or category of item.

(3) If only part of an item or category of item in an inspection demand is objectionable, the response shall contain a statement of compliance, or a representation of inability to comply with respect to the remainder of that item or category. If the responding party objects to the demand for inspection of an item or category of item, the response shall (A) identify with particularity any document, tangible thing, or land falling within any category of item in the demand to which an objection is being made, and (B) set forth clearly the extent of, and the specific ground for, the objection. If an objection is based on a claim of privilege, the particular privilege invoked shall be stated. If an objection is based on a claim that the information sought is protected work product under Section 2018, that claim shall be expressly asserted.

(g) The party to whom the demand for inspection is directed shall sign the response under oath unless the response contains only objections. If that party is a public or private corporation or a partnership or association or governmental agency, one of its officers or agents shall sign the response under oath on behalf of that party. If the officer or agent signing the response on behalf of that party is an attorney acting in that capacity for a party, that party waives any lawyer-client privilege and any protection for work product under Section 2018 during any subsequent discovery from that attorney

concerning the identity of the sources of the information contained in the response. The attorney for the responding party shall sign any responses that contain an objection.

(h) Within 20 days after service of an inspection demand, the party to whom the demand is directed shall serve the original of the response to it on the party making the demand, and a copy of the response on all other parties who have appeared in the action, unless on motion of the party making the demand the court has shortened the time for response, or unless on motion of the party to whom the demand has been directed, the court has extended the time for response.

(i) The party demanding an inspection and the responding party may agree to extend the time for service of a response to a set of inspection demands, or to particular items or categories of items in a set, to a date beyond that provided in subdivision (h). This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date for service of a response. Unless this agreement expressly states otherwise, it is effective to preserve to the responding party the right to respond to any item or category of item in the demand to which the agreement applies in any manner specified in subdivision (f).

(j) The inspection demand and the response to it shall not be filed with the court. The party demanding an inspection shall retain both the original of the inspection demand, with the original proof of service affixed to it, and the original of the sworn response until six months after final disposition of the action. At that time, both originals may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

(k) If a party to whom an inspection demand has been directed fails to serve a timely response to it, that party waives any objection to the demand, including one based on privilege or on the protection for work product under Section 2018. However, the court, on motion, may relieve that party from this waiver on its determination that (1) the party has subsequently served a response that is in substantial compliance with subdivision (f), and (2) the party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The party making the demand may move for an order compelling response to the inspection demand. The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel a response to an inspection demand, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. If a party then fails to obey the order compelling a response, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may

impose a monetary sanction under Section 2023.

(*l*) If the party demanding an inspection, on receipt of a response to an inspection demand, deems that (1) a statement of compliance with the demand is incomplete, (2) a representation of inability to comply is inadequate, incomplete, or evasive, or (3) an objection in the response is without merit or too general, that party may move for an order compelling further response to the demand. This motion (1) shall set forth specific facts showing good cause justifying the discovery sought by the inspection demand, and (2) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by it.

Unless notice of this motion is given within 45 days of the service of the response, or on or before any specific later date to which the demanding party and the responding party have agreed in writing, the demanding party waives any right to compel a further response to the inspection demand.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel further response to an inspection demand, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party fails to obey an order compelling further response, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(m) If a party filing a response to a demand for inspection under subdivision (f) thereafter fails to permit the inspection in accordance with that party's statement of compliance, the party demanding the inspection may move for an order compelling compliance.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel compliance with an inspection demand, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling inspection, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

SEC. 14. Section 2032 of the Code of Civil Procedure, as added by Chapter 1336 of the Statutes of 1986, is amended to read:

2032. (a) Any party may obtain discovery, subject to the restrictions set forth in Section 2019, by means of a physical or mental examination of (1) a party to the action, (2) an agent of any party, or (3) a natural person in the custody or under the legal control of

a party, in any action in which the mental or physical condition (including the blood group) of that party or other person is in controversy in the action.

(b) A physical examination conducted under this section shall be performed only by a licensed physician or other appropriate licensed health care practitioner. A mental examination conducted under this section shall be performed only by a licensed physician, or by a licensed clinical psychologist who holds a doctoral degree in psychology and has had at least five years of postgraduate experience in the diagnosis of emotional and mental disorders. Nothing in this section affects tests under the Uniform Act on Blood Tests to Determine Paternity (Chapter 2 (commencing with Section 890) of Division 7 of the Evidence Code).

(c) (1) As used in this subdivision, plaintiff includes a cross-complainant, and defendant includes a cross-defendant.

(2) In any case in which a plaintiff is seeking recovery for personal injuries, any defendant may demand one physical examination of the plaintiff, provided the examination does not include any diagnostic test or procedure that is painful, protracted, or intrusive, and is conducted at a location within 75 miles of the residence of the examinee. A defendant may make this demand without leave of court after that defendant has been served or has appeared in the action, whichever occurs first. This demand shall specify the time, place, manner, conditions, scope, and nature of the examination, as well as the identity and the specialty, if any, of the physician who will perform the examination.

(3) A physical examination demanded under this subdivision shall be scheduled for a date that is at least 30 days after service of the demand for it unless on motion of the party demanding the examination the court has shortened this time.

(4) The defendant shall serve a copy of the demand for this physical examination on the plaintiff and on all other parties who have appeared in the action.

(5) The plaintiff to whom this demand for a physical examination has been directed shall respond to the demand by a written statement that the examinee will comply with the demand as stated, will comply with the demand as specifically modified by the plaintiff, or will refuse, for reasons specified in the response, to submit to the demanded physical examination. Within 20 days after service of the demand the plaintiff to whom the demand is directed shall serve the original of the response to it on the defendant making the demand, and a copy of the response on all other parties who have appeared in the action, unless on motion of the defendant making the demand the court has shortened the time for response, or unless on motion of the plaintiff to whom the demand has been directed, the court has extended the time for response.

(6) If a plaintiff to whom this demand for a physical examination has been directed fails to serve a timely response to it, that plaintiff waives any objection to the demand. However, the court, on motion,

may relieve that plaintiff from this waiver on its determination that (A) the plaintiff has subsequently served a response that is in substantial compliance with paragraph (5), and (B) the plaintiff's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The defendant may move for an order compelling response and compliance with a demand for a physical examination. The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel response and compliance with a demand for a physical examination, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a plaintiff then fails to obey the order compelling response and compliance, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction the court may impose a monetary sanction under Section 2023.

(7) If a defendant who has demanded a physical examination under this subdivision, on receipt of the plaintiff's response to that demand, deems that any modification of the demand, or any refusal to submit to the physical examination is unwarranted, that defendant may move for an order compelling compliance with the demand. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel compliance with a demand for a physical examination, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(8) The demand for a physical examination and the response to it shall not be filed with the court. The defendant shall retain both the original of the demand, with the original proof of service affixed to it, and the original response until six months after final disposition of the action. At that time, the original may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

(d) If any party desires to obtain discovery by a physical examination other than that described in subdivision (c), or by a mental examination, the party shall obtain leave of court. The motion for the examination shall specify the time, place, manner, conditions, scope, and nature of the examination, as well as the identity and the specialty, if any, of the person or persons who will perform the examination. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt to arrange for the examination by an agreement under subdivision (e). Notice

of the motion shall be served on the person to be examined and on all parties who have appeared in the action.

The court shall grant a motion for a physical or mental examination only for good cause shown. If a party stipulates that (1) no claim is being made for mental and emotional distress over and above that usually associated with the physical injuries claimed, and (2) no expert testimony regarding this usual mental and emotional distress will be presented at trial in support of the claim for damages, a mental examination of a person for whose personal injuries a recovery is being sought shall not be ordered except on a showing of exceptional circumstances. The order granting a physical or mental examination shall specify the person or persons who may perform the examination, and the time, place, manner, diagnostic tests and procedures, conditions, scope, and nature of the examination. If the place of the examination is more than 75 miles from the residence of the person to be examined, the order to submit to it shall be (1) made only on the court's determination that there is good cause for the travel involved, and (2) conditioned on the advancement by the moving party of the reasonable expenses and costs to the examinee for travel to the place of examination.

(e) In lieu of the procedures and restrictions specified in subdivisions (c) and (d), any physical or mental examination may be arranged by, and carried out under, a written agreement of the parties.

(f) If a party required by subdivision (c), (d), or (e) to submit to a physical or mental examination fails to do so, the court, on motion of the party entitled to the examination, may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may, on motion of the party, impose a monetary sanction under Section 2023.

If a party required by subdivision (c), (d), or (e) to produce another for a physical or mental examination fails to do so, the court, on motion of the party entitled to the examination, may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023, unless the party failing to comply demonstrates an inability to produce that person for examination. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(g) (1) The attorney for the examinee or for a party producing the examinee, or that attorney's representative, shall be permitted to attend and observe any physical examination conducted for discovery purposes, and to record stenographically or by audio tape any words spoken to or by the examinee during any phase of the examination. This observer may monitor the examination, but shall not participate in or disrupt it.

If in the judgment of the observer the examiner becomes abusive to the examinee or undertakes to engage in unauthorized diagnostic

tests and procedures, the observer may suspend it to enable the party being examined or producing the examinee to make a motion for a protective order. If the observer begins to participate in or disrupt the examination, the person conducting the physical examination may suspend the examination to enable the party at whose instance it is being conducted to move for a protective order.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If the examinee submits or authorizes access to X-rays of any area of his or her body for inspection by the examining physician, no additional X-rays of that area may be taken by the examining physician except with consent of the examinee or on order of the court for good cause shown.

(2) The examiner and examinee shall have the right to record a mental examination on audio tape. However, nothing in this article shall be construed to alter, amend, or affect existing case law with respect to the presence of the attorney for the examinee or other persons during the examination by agreement or court order.

(h) If a party submits to, or produces another for, a physical or mental examination in compliance with a demand under subdivision (c), an order of court under subdivision (d), or an agreement under subdivision (e), that party has the option of making a written demand that the party at whose instance the examination was made deliver to the demanding party (1) a copy of a detailed written report setting out the history, examinations, findings, including the results of all tests made, diagnoses, prognoses, and conclusions of the examiner, and (2) a copy of reports of all earlier examinations of the same condition of the examinee made by that or any other examiner. If this option is exercised, a copy of these reports shall be delivered within 30 days after service of the demand, or within 15 days of trial, whichever is earlier. The protection for work product under Section 2018 is waived, both for the examiner's writings and reports and to the taking of the examiner's testimony.

If the party at whose instance the examination was made fails to make a timely delivery of the reports demanded, the demanding party may move for an order compelling their delivery. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel delivery of medical reports, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling delivery of

demanded medical reports, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to those sanctions, the court may impose a monetary sanction under Section 2023. The court shall exclude at trial the testimony of any examiner whose report has not been provided by a party.

(i) By demanding and obtaining a report of a physical or mental examination under the provisions of subdivision (h), or by taking the deposition of the examiner, other than under subdivision (i) of Section 2034, the party who submitted to, or produced another for, a physical or mental examination waives in the pending action, and in any other action involving the same controversy, any privilege, as well as any protection for work product under Section 2018, that the party or other examinee may have regarding reports and writings as well as the testimony of every other physician, psychologist, or licensed health care practitioner who has examined or may thereafter examine the party or other examinee in respect of the same physical or mental condition.

(j) A party receiving a demand for a report under subdivision (h) is entitled at the time of compliance to receive in exchange a copy of any existing written report of any examination of the same condition by any other physician, psychologist, or licensed health care practitioner. In addition, that party is entitled to receive promptly any later report of any previous or subsequent examination of the same condition, by any physician, psychologist, or licensed health care practitioner.

If a party who has demanded and received delivery of medical reports under subdivision (h) fails to deliver existing or later reports of previous or subsequent examinations, a party who has complied with subdivision (h) may move for an order compelling delivery of medical reports. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel delivery of medical reports, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling delivery of medical reports, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to the sanction, the court may impose a monetary sanction under Section 2023 against that party. The court shall exclude at trial the testimony of any health care practitioner whose report has not been provided by a party ordered to do so by the court.

(k) Nothing in this section shall require the disclosure of the

identity of an expert consulted by an attorney in order to make the certification required in an action for professional negligence under Sections 411.30 and 411.35.

SEC. 15. Section 2033 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2033. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by a written request that any other party to the action admit the genuineness of specified documents, or the truth of specified matters of fact, opinion relating to fact, or application of law to fact. A request for admission may relate to a matter that is in controversy between the parties.

(b) A defendant may make requests for admission by a party without leave of court at any time. A plaintiff may make requests for admission by a party without leave of court at any time that is 10 days after the service of the summons on, or appearance by, that party, whichever occurs first. However, on motion with or without notice, the court, for good cause shown, may grant leave to a plaintiff to make requests for admission at an earlier time.

(c) (1) No party shall request, as a matter of right, that any other party admit more than 35 matters that do not relate to the genuineness of documents. If the initial set of admission requests does not exhaust this limit, the balance may be requested in subsequent sets. Unless a declaration as described in paragraph (3) has been made, a party need only respond to the first 35 admission requests served that do not relate to the genuineness of documents, if that party states an objection to the balance under paragraph (2) of subdivision (f) on the ground that the limit has been exceeded.

The number of requests for admission of the genuineness of documents is not limited except as justice requires to protect the responding party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense.

(2) Subject to the right of the responding party to seek a protective order under subdivision (e), any party who attaches a supporting declaration as described in paragraph (3) may request a greater number of admissions by another party if the greater number is warranted by the complexity or the quantity of the existing and potential issues in the particular case.

If the responding party seeks a protective order on the ground that the number of requests for admission is unwarranted, the propounding party shall have the burden of justifying the number of requests for admission.

(3) Any party who is requesting or who has already requested more than 35 admissions not relating to the genuineness of documents by any other party shall attach to each set of requests for admissions a declaration containing substantially the following words:

DECLARATION FOR ADDITIONAL DISCOVERY

I, _____, declare:

1. I am (a party to this action or proceeding appearing in propria persona) (presently the attorney for _____, a party to this action or proceeding).

2. I am propounding to _____ the attached set of requests for admission.

3. This set of requests for admission will cause the total number of requests propounded to the party to whom they are directed to exceed the number of requests permitted by paragraph (1) of subdivision (c) of Section 2033 of the Code of Civil Procedure.

4. I have previously propounded a total of _____ requests for admission to this party.

5. This set of requests for admission contains a total of _____ requests.

6. I am familiar with the issues and the previous discovery conducted by all of the parties in this case.

7. I have personally examined each of the requests in this set of requests for admission.

8. This number of requests for admission is warranted under paragraph (2) of subdivision (c) of Section 2033 of the Code of Civil Procedure because _____. (Here state the reasons why the complexity or the quantity of issues in the instant lawsuit warrant this number of requests for admission.)

9. None of the requests in this set of requests is being propounded for any improper purpose, such as to harass the party, or the attorney for the party, to whom it is directed, or to cause unnecessary delay or needless increase in the cost of litigation.

I declare under penalty of perjury under the laws of California that the foregoing is true and correct, and that this declaration was executed on _____.

Attorney for _____

(4) A party requesting admissions shall number each set of requests consecutively. In the first paragraph immediately below the title of the case, there shall appear the identity of the party requesting the admissions, the set number, and the identity of the requesting party, the set number, and the identity of the responding party. Each request for admission in a set shall be separately set forth and identified by letter or number.

(5) Each request for admission shall be full and complete in and of itself. No preface or instruction shall be included with a set of admission requests unless it has been approved under Section 2033.5. Any term specially defined in a request for admission shall be typed with all letters capitalized whenever the term appears. No request

for admission shall contain subparts, or a compound, conjunctive, or disjunctive request unless it has been approved under Section 2033.5.

(6) A party requesting an admission of the genuineness of any documents shall attach copies of those documents to the requests, and shall make the original of those documents available for inspection on demand by the party to whom the requests for admission are directed.

(7) No party shall combine in a single document requests for admission with any other method of discovery.

(d) The party requesting admissions shall serve a copy of them on the party to whom they are directed and on all other parties who have appeared in the action.

(e) When requests for admission have been made, the responding party may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the set of admission requests, or particular requests in the set, need not be answered at all.

(2) That, contrary to the representations made in a declaration submitted under paragraph (3) of subdivision (c), the number of admission requests is unwarranted.

(3) That the time specified in subdivision (h) to respond to the set of admission requests, or to particular requests in the set, be extended.

(4) That a trade secret or other confidential research, development, or commercial information not be admitted or be admitted only in a certain way.

(5) That some or all of the answers to requests for admission be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the responding party provide or permit the discovery against which protection was sought on terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) The party to whom requests for admission have been directed shall respond in writing under oath separately to each request. Each response shall answer the substance of the requested admission, or set forth an objection to the particular request. In the first paragraph of the response immediately below the title of the case, there shall

appear the identity of the responding party, the set number, and the identity of the requesting party. Each answer or objection in the response shall bear the same identifying number or letter and be in the same sequence as the corresponding request, but the text of the particular request need not be repeated.

(1) Each answer in the response shall be as complete and straightforward as the information reasonably available to the responding party permits. Each answer shall (A) admit so much of the matter involved in the request as is true, either as expressed in the request itself or as reasonably and clearly qualified by the responding party, (B) deny so much of the matter involved in the request as is untrue, and (C) specify so much of the matter involved in the request as to the truth of which the responding party lacks sufficient information or knowledge. If a responding party gives lack of information or knowledge as a reason for a failure to admit all or part of a request for admission, that party shall state in the answer that a reasonable inquiry concerning the matter in the particular request has been made, and that the information known or readily obtainable is insufficient to enable that party to admit the matter.

(2) If only a part of a request for admission is objectionable, the remainder of the request shall be answered. If an objection is made to a request or to a part of a request, the specific ground for the objection shall be set forth clearly in the response. If an objection is based on a claim of privilege, the particular privilege invoked shall be clearly stated. If an objection is based on a claim that the matter as to which an admission is requested is protected work product under Section 2018, that claim shall be expressly asserted.

(g) The party to whom the requests for admission are directed shall sign the response under oath, unless the response contains only objections. If that party is a public or private corporation, or a partnership or association or governmental agency, one of its officers or agents shall sign the response under oath on behalf of that party. If the officer or agent signing the response on behalf of that party is an attorney acting in that capacity for the party, that party waives any lawyer-client privilege and any protection for work product under Section 2018 during any subsequent discovery from that attorney concerning the identity of the sources of the information contained in the response. The attorney for the responding party shall sign any response that contains an objection.

(h) Within 30 days after service of requests for admission, the party to whom the requests are directed shall serve the original of the response to them on the requesting party, and a copy of the response on all other parties who have appeared, unless on motion of the requesting party the court has shortened the time for response, or unless on motion of the responding party the court has extended the time for response.

(i) The party requesting admissions and the responding party may agree to extend the time for service of a response to a set of admission requests, or to particular requests in a set, to a date beyond

that provided in subdivision (h). This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date for service of a response. Unless this agreement expressly states otherwise, it is effective to preserve to the responding party the right to respond to any request for admission to which the agreement applies in any manner specified in subdivision (f). Notice of this agreement shall be given by the responding party to all other parties who were served with a copy of the request.

(j) The requests for admission and the response to them shall not be filed with the court. The party requesting admissions shall retain both the original of the requests for admission, with the original proof of service affixed to them, and the original of the sworn response until six months after final disposition of the action. At that time, both originals may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

(k) If a party to whom requests for admission have been directed fails to serve a timely response, that party thereby waives any objection to the requests, including one based on privilege or on the protection for work product under Section 2018. However, the court, on motion, may relieve that party from this waiver on its determination that (1) the party has subsequently served a response that is in substantial compliance with subdivision (f), and (2) the party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The requesting party may move for an order that the genuineness of any documents and the truth of any matters specified in the requests be deemed admitted, as well as for a monetary sanction under Section 2023. The court shall make this order, unless it finds that the party to whom the requests for admission have been directed has served, before the hearing on the motion, a proposed response to the requests for admission that is in substantial compliance with paragraph (1) of subdivision (f). It is mandatory that the court impose a monetary sanction under Section 2023 on the party or attorney, or both, whose failure to serve a timely response to requests for admission necessitated this motion.

(*l*) If the party requesting admissions, on receipt of a response to the requests, deems that (1) an answer to a particular request is evasive or incomplete, or (2) an objection to a particular request is without merit or too general, that party may move for an order compelling a further response. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

Unless notice of this motion is given within 45 days of the service of the response, or any specific later date to which the requesting party and the responding party have agreed in writing, the requesting party waives any right to compel further response to the requests for admission.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel further response, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling further response to requests for admission, the court may order that the matters involved in the requests be deemed admitted. In lieu of or in addition to this order, the court may impose a monetary sanction under Section 2023.

(m) A party may withdraw or amend an admission made in response to a request for admission only on leave of court granted after notice to all parties. The court may permit withdrawal or amendment of an admission only if it determines that the admission was the result of mistake, inadvertence, or excusable neglect, and that the party who obtained the admission will not be substantially prejudiced in maintaining that party's action or defense on the merits. The court may impose conditions on the granting of the motion that are just, including, but not limited to, an order that (1) the party who obtained the admission be permitted to pursue additional discovery related to the matter involved in the withdrawn or amended admission, and (2) the costs of any additional discovery be borne in whole or in part by the party withdrawing or amending the admission.

(n) Any matter admitted in response to a request for admission is conclusively established against the party making the admission in the pending action, unless the court has permitted withdrawal or amendment of that admission under subdivision (m). However, any admission made by a party under this section is (1) binding only on that party, and (2) made for the purpose of the pending action only. It is not an admission by that party for any other purpose, and it shall not be used in any manner against that party in any other proceeding.

(o) If a party fails to admit the genuineness of any document or the truth of any matter when requested to do so under this section, and if the party requesting that admission thereafter proves the genuineness of that document or the truth of that matter, the party requesting the admission may move the court for an order requiring the party to whom the request was directed to pay the reasonable expenses incurred in making that proof, including reasonable attorney's fees. The court shall make this order unless it finds that (1) an objection to the request was sustained or a response to it was waived under subdivision (*l*), (2) the admission sought was of no substantial importance, (3) the party failing to make the admission had reasonable ground to believe that that party would prevail on the matter, or (4) there was other good reason for the failure to admit.

SEC. 16. Section 2033.5 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2033.5. The Judicial Council shall develop and approve official form interrogatories and requests for admission of the genuineness of any relevant documents or of the truth of any relevant matters of fact in any civil action in a state court based on personal injury, property damage, wrongful death, unlawful detainer, breach of contract, or fraud. Use of the approved form interrogatories and requests for admission shall be optional.

In developing the form interrogatories and requests for admission required by this section, the Judicial Council shall consult with a representative advisory committee which shall include, but not be limited to, representatives of the plaintiff's bar, the defense bar, the public interest bar, court administrators, and the public. The form interrogatories and requests for admission shall be drafted in nontechnical language and shall be made available through the office of the clerk of the appropriate trial court.

The Judicial Council also shall promulgate any necessary rules to govern the use of the form interrogatories and requests for admission.

SEC. 17. Section 2034 of the Code of Civil Procedure, as added by Chapter 1336 of the Statutes of 1986, is amended to read:

2034. (a) After the setting of a trial date for the action, any party may obtain discovery by demanding that all parties simultaneously exchange information concerning each other's expert trial witnesses to the following extent:

(1) Any party may demand a mutual and simultaneous exchange by all parties of a list containing the name and address of any natural person, including one who is a party, whose oral or deposition testimony in the form of an expert opinion any party expects to offer in evidence at the trial.

(2) If any expert designated by a party under paragraph (1) is a party or an employee of a party, or has been retained by a party for the purpose of forming and expressing an opinion in anticipation of the litigation or in preparation for the trial of the action, the designation of that witness shall include or be accompanied by an expert witness declaration under paragraph (2) of subdivision (f).

(3) Any party may also include a demand for the mutual and simultaneous production for inspection and copying of all discoverable reports and writings, if any, made by any expert described in paragraph (2) in the course of preparing that expert's opinion.

This section does not apply to exchanges of lists of experts and valuation data in eminent domain proceedings under Chapter 7 (commencing with Section 1258.010) of Title 7 of Part 3.

(b) Any party may make a demand for an exchange of information concerning expert trial witnesses without leave of court. A party shall make this demand no later than the 10th day after a trial date has been set, or 70 days before that trial date, whichever is closer to the trial date.

(c) A demand for an exchange of information concerning expert

trial witnesses shall be in writing and shall identify, below the title of the case, the party making the demand. The demand shall state that it is being made under this section.

The demand shall specify the date for the exchange of lists of expert trial witnesses, expert witness declarations, and any demanded production of writings. The specified date of exchange shall be 50 days before the trial date, or 20 days after service of the demand, whichever is closer to the trial date, unless the court, on motion and a showing of good cause, orders an earlier or later date of exchange.

(d) The party demanding an exchange of information concerning expert trial witnesses shall serve the demand on all parties who have appeared in the action.

(e) A party who has been served with a demand to exchange information concerning expert trial witnesses may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense. The protective order may include, but is not limited to, one or more of the following directions:

(1) That the demand be quashed because it was not timely served.

(2) That the date of exchange be earlier or later than that specified in the demand.

(3) That the exchange be made only on specified terms and conditions.

(4) That the production and exchange of any reports and writings of experts be made at a different place or at a different time than that specified in the demand.

(5) That some or all of the parties be divided into sides on the basis of their identity of interest in the issues in the action, and that the designation of any experts as described in paragraph (2) of subdivision (a) be made by any side so created.

(6) That a party or a side reduce the list of employed or retained experts designated by that party or side under paragraph (2) of subdivision (a).

If the motion for a protective order is denied in whole or in part, the court may order that the parties against whom the motion is brought, provide or permit the discovery against which the protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) All parties who have appeared in the action shall exchange information concerning expert witnesses in writing on or before the

date of exchange specified in the demand. The exchange of information may occur at a meeting of the attorneys for the parties involved or by a mailing on or before the date of exchange.

(1) The exchange of expert witness information shall include either of the following:

(A) A list setting forth the name and address of any person whose expert opinion that party expects to offer in evidence at the trial.

(B) A statement that the party does not presently intend to offer the testimony of any expert witness.

(2) If any witness on the list is an expert as described in paragraph (2) of subdivision (a), the exchange shall also include or be accompanied by an expert witness declaration signed only by the attorney for the party designating the expert, or by that party if that party has no attorney. This declaration shall be under penalty of perjury and shall contain:

(A) A brief narrative statement of the qualifications of each expert.

(B) A brief narrative statement of the general substance of the testimony that the expert is expected to give.

(C) A representation that the expert has agreed to testify at the trial.

(D) A representation that the expert will be sufficiently familiar with the pending action to submit to a meaningful oral deposition concerning the specific testimony, including any opinion and its basis, that the expert is expected to give at trial.

(E) A statement of the expert's hourly and daily fee for providing deposition testimony.

(g) If a demand for an exchange of information concerning expert trial witnesses includes a demand for production of reports and writings as described in paragraph (3) of subdivision (a), all parties shall produce and exchange, at the place and on the date specified in the demand, all discoverable reports and writings, if any, made by any designated expert described in paragraph (2) of subdivision (a).

(h) Within 20 days after the exchange described in subdivision (f), any party who engaged in the exchange may submit a supplemental expert witness list containing the name and address of any experts who will express an opinion on a subject to be covered by an expert designated by an adverse party to the exchange, if the party supplementing an expert witness list has not previously retained an expert to testify on that subject. This supplemental list shall be accompanied by an expert witness declaration under paragraph (2) of subdivision (f) concerning those additional experts, and by all discoverable reports and writings, if any, made by those additional experts. The party shall also make those experts available immediately for a deposition under subdivision (i), which deposition may be taken even though the time limit for discovery under Section 2024 has expired.

(i) On receipt of an expert witness list from a party, any other party may take the deposition of any person on the list. The

procedures for taking oral and written depositions set forth in Sections 2025, 2026, 2027, and 2028 apply to a deposition of a listed trial expert witness except as follows:

(1) The deposition of any expert described in paragraph (2) of subdivision (a) shall be taken at a place that is within 75 miles of the courthouse where the action is pending. However, on motion for a protective order by the party designating an expert witness, and on a showing of exceptional hardship, the court may order that the deposition be taken at a more distant place from the courthouse.

(2) A party desiring (A) to depose any expert described in paragraph (2) of subdivision (a) except one who is a party or an employee of a party, or (B) to depose any treating physician or other treating health care practitioner who is to be asked to express an opinion during the deposition, shall pay the reasonable and customary hourly or daily fee for the actual time consumed in the examination of that expert by any party attending the deposition. In a worker's compensation case arising under Division 4 (commencing with Section 3201) or Division 4.5 (commencing with Section 6100) of the Labor Code, a party desiring to depose any expert on another party's expert witness list shall pay this fee.

The party taking the deposition shall either accompany the service of the deposition notice with a tender of the expert's fee based on the anticipated length of the deposition or tender that fee at the commencement of the deposition. The expert's fee shall be delivered to the attorney for the party designating the expert. If the deposition of the expert takes longer than anticipated, the party giving notice of the deposition shall pay the balance of the expert's fee within five days of receipt of an itemized statement from the expert. The party designating the expert is responsible for any fee charged by the expert for preparing for the deposition and for traveling to the place of the deposition, as well as for any travel expenses of the expert.

(3) The service of a proper deposition notice accompanied by the tender of the expert witness fee described in paragraph (2) is effective to require the party employing or retaining the expert to produce the expert for the deposition. If the party noticing the deposition fails to tender the expert's fee under paragraph (2), the expert shall not be deposed at that time unless the parties stipulate otherwise.

(4) If a party desiring to take the deposition of an expert witness under this subdivision deems that the hourly or daily fee of that expert for providing deposition testimony is unreasonable, that party may move for an order setting the compensation of that expert. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall also be given to the expert.

The court shall set the fee of the expert for providing deposition testimony if it determines that the fee demanded by that expert is unreasonable.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to set expert witness fee, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) Except as provided in subdivisions (k), (*l*), and (m), on objection of any party who has made a complete and timely compliance with subdivision (f), the trial court shall exclude from evidence the expert opinion of any witness that is offered by any party who has unreasonably failed to do any of the following:

(1) List that witness as an expert under subdivision (f).

(2) Submit an expert witness declaration.

(3) Produce reports and writings of expert witnesses under subdivision (f).

(4) Make that expert available for a deposition under subdivision (i).

(k) On motion of any party who has engaged in a timely exchange of expert witness information, the court may grant leave to (1) augment that party's expert witness list and declaration by adding the name and address of any expert witness whom that party has subsequently retained, or (2) amend that party's expert witness declaration with respect to the general substance of the testimony that an expert previously designated is expected to give. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The demand, and all expert witness lists and declarations exchanged in response to it, shall be lodged with the court when their contents become relevant to an issue in any pending matter in the action. The court shall grant leave to augment or amend an expert witness list or declaration only after taking into account the extent to which the opposing party has relied on the list of expert witnesses, and after determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party either (1) would not in the exercise of reasonable diligence have determined to call that expert witness or have decided to offer the different or additional testimony of that expert witness, or (2) failed to determine to call that expert witness, or to offer the different or additional testimony of that expert witness as a result of mistake, inadvertence, surprise, or excusable neglect, provided that the moving party (1) has sought leave to augment or amend promptly after deciding to call the expert witness or to offer the different or additional testimony, and (2) has promptly thereafter served a copy of the proposed expert witness information concerning the expert or

the testimony described in subdivision (f) on all other parties who have appeared in the action. Leave shall be conditioned on the moving party making the expert available immediately for a deposition under subdivision (i), and on such other terms as may be just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding to any party opposing the motion of costs and litigation expenses.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to augment or amend expert witness information, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances made the imposition of the sanction unjust.

(*l*) On motion of any party who has failed to submit expert witness information on the date specified in a demand for that exchange, the court may grant leave to submit that information on a later date. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall grant leave to submit tardy expert witness information only after taking into account the extent to which the opposing party has relied on the absence of a list of expert witnesses, and determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party (1) failed to submit that information as the result of mistake, inadvertence, surprise, or excusable neglect, (2) sought that leave promptly after learning of the mistake, inadvertence, surprise, or excusable neglect, and (3) has promptly thereafter served a copy of the proposed expert witness information described in subdivision (f) on all other parties who have appeared in the action. This order shall be conditioned on the moving party making that expert available immediately for a deposition under subdivision (i), and on such other terms as may be just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding to any party opposing the motion costs and litigation expenses.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to submit tardy expert witness information, unless it finds that the one subject to the sanction acted with substantial

justification or that other circumstances make the imposition of the sanction unjust.

(m) A party may call as a witness at trial an expert not previously designated by that party if: (1) that expert has been designated by another party and has thereafter been deposed under subdivision (i), or (2) that expert is called as a witness to testify to the falsity or nonexistence of any fact used as the foundation for any opinion by an expert witness called by any other party at the trial. However, the court shall not permit that undesignated expert witness to contradict the opinions themselves.

(n) The demand for an exchange of information concerning expert trial witnesses, and any expert witness lists and declarations exchanged shall not be filed with the court. The party demanding the exchange shall retain both the original of the demand, with the original proof of service affixed, and the original of all expert witness lists and declarations exchanged in response to the demand until six months after final disposition of the action. At that time, all originals may be destroyed unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

SEC. 18. Section 2035 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2035. (a) One who expects to be a party to any action that may be cognizable in any court of the State of California, whether as a plaintiff, or as a defendant, or in any other capacity, may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, for the purpose of perpetuating that party's own testimony or that of another natural person or organization, or of preserving evidence for use in the event an action is subsequently filed. One shall not employ the procedures of this section for the purpose either of ascertaining the possible existence of a cause of action or a defense to it, or of identifying those who might be made parties to an action not yet filed.

(b) The methods available for discovery conducted for the purposes set forth in subdivision (a) are (1) oral and written depositions, (2) inspections of documents, things, and places, and (3) physical and mental examinations.

(c) One who desires to perpetuate testimony or preserve evidence for the purposes set forth in subdivision (a) shall file a verified petition in the superior court of the county of the residence of at least one expected adverse party, or, if no expected adverse party is a resident of the State of California, in the superior court of a county where the action or proceeding may be filed.

(d) The petition shall be titled in the name of the one who desires the perpetuation of testimony or the preservation of evidence. The petition shall set forth all of the following:

(1) The expectation that the petitioner will be a party to an action cognizable in a court of the State of California.

(2) The present inability of the petitioner either to bring that

action or to cause it to be brought.

(3) The subject matter of the expected action and the petitioner's involvement.

(4) The particular discovery methods described in subdivision (b) that the petitioner desires to employ.

(5) The facts that the petitioner desires to establish by the proposed discovery.

(6) The reasons for desiring to perpetuate or preserve these facts before an action has been filed.

(7) The name or a description of those whom the petitioner expects to be adverse parties so far as known.

(8) The name and address of those from whom the discovery is to be sought.

(9) The substance of the information expected to be elicited from each of those from whom discovery is being sought.

The petition shall request the court to enter an order authorizing the petitioner to engage in discovery by the described methods for the purpose of perpetuating the described testimony or preserving the described evidence.

(e) The petitioner shall cause service of a notice of the petition to be made on each natural person or organization named in the petition as an expected adverse party. This service shall be made in the same manner provided for the service of a summons. The service of the notice shall be accompanied by a copy of the petition. The notice shall state that the petitioner will apply to the court at a time and place specified in the notice for the order requested in the petition. This service shall be effected at least 20 days prior to the date specified in the notice for the hearing on the petition.

If after the exercise of due diligence, the petitioner is unable to cause service to be made on any expected adverse party named in the petition, the court in which the petition is filed shall make an order for service by publication. If any expected adverse party served by publication does not appear at the hearing, the court shall appoint an attorney to represent that party for all purposes, including the cross-examination of any person whose testimony is taken by deposition. The court shall order that the petitioner pay the reasonable fees and expenses of any attorney so appointed.

(f) If the court determines that all or part of the discovery requested may prevent a failure or delay of justice, it shall make an order authorizing that discovery. The order shall identify any witness whose deposition may be taken, and any documents, things, or places that may be inspected, and any person whose physical or mental condition may be examined. Any authorized depositions, inspections, and physical or mental examinations shall then be conducted in accordance with the provisions of this article relating to those methods of discovery in actions that have been filed.

(g) If a deposition to perpetuate testimony has been taken either under the provisions of this section, or under comparable provisions of the laws of another state, or the federal courts, or a foreign nation,

that deposition may be used, in any action involving the same subject matter that is brought in a court of the State of California, in accordance with subdivision (u) of Section 2025 against any party, or the successor in interest of any party, named in the petition as an expected adverse party.

SEC. 19. Section 2036 of the Code of Civil Procedure, as added by Chapter 1334 of the Statutes of 1986, is amended to read:

2036. (a) If an appeal has been taken from a judgment entered by any court of the State of California, or if the time for taking an appeal has not expired, a party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, for the purpose of perpetuating testimony or preserving information for use in the event of further proceedings in that court.

(b) The methods available for discovery for the purpose set forth in subdivision (a) are (1) oral and written depositions, (2) inspections of documents, things, and places, and (3) physical and mental examinations.

(c) A party who desires to obtain discovery pending appeal shall obtain leave of the court that entered the judgment. This motion shall be made on the same notice to and service of parties as is required for discovery sought in an action pending in that court.

(d) The motion for leave to conduct discovery pending appeal shall set forth (1) the names and addresses of the natural persons or organizations from whom the discovery is being sought, (2) the particular discovery methods described in subdivision (b) for which authorization is being sought, and (3) the reasons for perpetuating testimony or preserving evidence.

(e) If the court determines that all or part of the discovery requested may prevent a failure or delay of justice in the event of further proceedings in the action in that court, it shall make an order authorizing that discovery. The order shall identify any witness whose deposition may be taken, and any documents, things, or places that may be inspected, and any person whose physical or mental condition may be examined. Any authorized depositions, inspections, and physical and mental examinations shall then be conducted in accordance with the provisions of this article relating to these methods of discovery in a pending action.

(f) If a deposition to perpetuate testimony has been taken under the provisions of this section, it may be used in any later proceeding in accordance with subdivision (u) of Section 2025.

SEC. 20. The Civil Discovery Act of 1986 shall become operative on July 1, 1987. This act shall govern all discovery proceedings in actions filed on or after that date. It shall also govern discovery proceedings in actions then pending, except that (a) any particular use of a discovery method that was initiated before July 1, 1987, shall continue to be governed by the provisions of law regulating that method at the time it was initiated, and (b) in computing the numerical limits on the use of particular discovery methods that are

contained in this act, depositions taken, and interrogatories and requests for admission propounded, before July 1, 1987, shall be excluded.

SEC. 21. This act shall become operative on July 1, 1987.

SEC. 22. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that necessary revisions to Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure (the Civil Discovery Act of 1986) may take effect prior to that act's operative date, and to make related changes, it is necessary for this act to take effect immediately.

CHAPTER 87

An act relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 1, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the funds appropriated and authorized to be allocated by the State Allocation Board pursuant to Section 16 of Chapter 1440 of the Statutes of 1985 and pursuant to Section 16 of Chapter 1339 of the Statutes of 1986 can only be allocated to those schools that presently are operating on a year-round or continuous basis. The Legislature further finds and declares that many school districts in this state are located in areas where extreme temperatures in June, July, and August and the lack of air-conditioning in the schools in those districts render effective instruction impossible during those months and that the existing authorization favors school districts located in temperate climates.

SEC. 2. The appropriations contained in Section 16 of Chapter 1440 of the Statutes of 1985 and Section 16 of Chapter 1339 of the Statutes of 1986 may be allocated to school districts selected by the State Allocation Board for the purchase of air-conditioning equipment and insulation materials, and for the expense of installing the equipment and materials for schools that the school district will be operating on a year-round or continuous basis pursuant to Chapter 3 (commencing with Section 37400), Chapter 4 (commencing with Section 37500), or Chapter 5 (commencing with Section 37600) of Part 22 of the Education Code as well as to schools that are presently operating on a year-round or continuous basis pursuant to that authority. Prior to receiving any allocation pursuant to this section, the governing board of each school district that will

be operating schools on a year-round or continuous basis shall adopt a resolution providing that after the air-conditioning equipment and insulation materials have been installed in its schools, these schools shall operate on a year-round or continuous basis.

If a year-round or continuous school program is not established at each school that received the installation of air-conditioning equipment and insulation materials within a period of 12 months from the date the air-conditioning system becomes operational, or if the air-conditioned and insulated year-round school does not operate on a year-round or continuous basis for three consecutive years thereafter, the funds allocated by the State Allocation Board shall be repaid to the state over a five-year period, or less, together with interest at a rate based on the most current investment rate of the Pooled Money Investment Account as of the date of the disbursement of funds to the district. The Superintendent of Public Instruction shall withhold from the apportionments to be made to the district from the State School Fund in each year an amount equal to the amount that becomes due in the year.

SEC. 3. Any money repaid to the state pursuant to this act because of the failure of a school district to operate year-round schools or because it ceased operation of a year-round school within a period of three years, is hereby appropriated for the purchase of air-conditioning equipment and insulation materials and for the expense of installing the equipment and materials in the same manner as those appropriations contained in Section 16 of Chapter 1440 of the Statutes of 1985 and Section 16 of Chapter 1339 of the Statutes of 1986.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the funds heretofore appropriated for the purpose of providing air-conditioning and insulation for schools being operated on a year-round or continuous basis may be made available as soon as possible to those districts whose climate precludes the operation of schools on a year-round or continuous basis without air-conditioning and insulation first being installed, it is necessary that this act take effect immediately.

CHAPTER 88

An act to add Section 614.5 to the Code of Civil Procedure, and to add Section 1138.5 to the Penal Code, relating to trials, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 1, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 614.5 is added to the Code of Civil Procedure, to read:

614.5. Except for good cause shown, the judge in his or her discretion need not be present in the court while testimony previously received in evidence is read to the jury.

SEC. 2. Section 1138.5 is added to the Penal Code, to read:

1138.5. Except for good cause shown, the judge in his of her discretion need not be present in the court while testimony previously received in evidence is read to the jury.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expedite court procedures and to save the costs consequent upon trial delays, it is necessary that this act shall take effect at the earliest possible date.

CHAPTER 89

An act to amend Sections 45308 and 88127 of the Education Code, relating to classified employees.

[Approved by Governor July 1, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 45308 of the Education Code is amended to read:

45308. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, in school districts with an average daily attendance below 400,000, for service commencing or

continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 45128. Nothing in this section shall preclude the governing board of a school district from entering into an agreement with the exclusive representative of the classified employees which defines "length of service" to mean hire date. For purposes of this section, in school districts with an average daily attendance of 400,000 or more, for service commencing or continuing after January 1, 1986, "length of service" shall be determined by the date of hire.

Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on military leave of absence, or unpaid illness leave, or unpaid maternity leave, or unpaid industrial accident leave. In the event an employee returns to work following any other unpaid leave of absence, no further seniority shall be accrued for the time not worked.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.

SEC. 2. Section 88127 of the Education Code is amended to read:

88127. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, for service commencing or continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 88027. Nothing in this section shall preclude the governing board of a community college district from entering into an agreement with the exclusive representative of the classified employees which defines "length of service" to mean hire date.

Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on military leave of absence, or unpaid illness leave, or unpaid industrial accident leave.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.

CHAPTER 90

An act to add Section 39308.5 to the Education Code, relating to school facilities.

[Approved by Governor July 1, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 39308.5 is added to the Education Code, to read:

39308.5. (a) If, at an election held pursuant to Section 15708 of the Education Code of 1959 on November 5, 1974, a majority of the electors voting on the proposition voted "Yes," the governing board may call an election pursuant to this section.

Before entering into one or more leases or agreements pursuant to this section and this article, the governing board of the district shall call, hold, and conduct an election in the manner provided in Section 42202 of the Education Code, as it existed on December 31, 1979, except that the ballot used in the election shall contain substantially the words: "Shall the governing board of the _____ District purchase (a site, sites) prepare plans and specifications [the reference to the site or sites and plans and specifications shall not be included if, prior to calling the election, the governing board of the district has acquired a site or sites or proposes to lease a site or sites or has prepared plans and specifications] and lease (a site, sites) and (a building, buildings) to be constructed for use by the school district (designating the location of the site or sites on which the building or buildings will be constructed and generally describing the buildings or buildings) and for those purposes, shall the tax rate increase authorized on November 5, 1974, be used solely and exclusively for those purposes in addition to those approved by the majority of electors at the election held pursuant to Section 15708 of the Education Code of 1959 on November 5, 1974?"

If, at the election held pursuant to this section, a majority of the electors voting on the proposition voted "Yes," the governing board may proceed pursuant to this article.

(b) It is the intent of the Legislature, in enacting this section, to permit the levy of a tax to the extent authorized at the election held pursuant to Section 15708 of the Education Code of 1959 on November 5, 1974, as modified to permit the purposes authorized at the election held pursuant to subdivision (a).

CHAPTER 91

An act to amend Sections 20181, 21025.6, and 21331 of the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor July 1, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 20181 of the Government Code is amended to read:

20181. (a) The obligations of this system to its members continue throughout their respective memberships, and the obligations of this system to and in respect to retired members continue throughout the lives of the respective retired members, and thereafter until all obligations to their respective beneficiaries under optional settlements have been discharged. The obligations of the state and contracting agencies to this system in respect to members employed by them, respectively, continue throughout the memberships of the respective members, and the obligations of the state and contracting agencies to this system in respect to retired members formerly employed by them, respectively, continue until all of the obligations of this system in respect to those retired members, respectively, have been discharged. The obligations of any member to this system continue throughout his or her membership, and thereafter until all of the obligations of this system to or in respect to him or her have been discharged.

(b) For the purposes of payments into or out of the retirement fund for adjustment of errors or omissions, whether pursuant to Sections 20165, 20180, or 20527, or otherwise, the period of limitation of actions shall be three years, and shall be applied as follows:

(1) In cases where the system makes an erroneous payment to a member or beneficiary, the system's right to collect shall expire three years from the date of payment.

(2) In cases where the system owes money to a member or beneficiary, the period of limitations shall not apply.

(3) In cases where payment is erroneous because of the death of the retired member or beneficiary or because of the remarriage of the beneficiary, the period of limitation shall commence with the discovery of the erroneous payment.

(c) Notwithstanding subdivision (b), where any erroneous payment has been made on the basis of fraud or misrepresentation by a member, beneficiary, or other party in relation to or on behalf of a member or beneficiary, the three-year period of limitation shall not be deemed to commence or to have commenced until the discovery of the error or omission.

(d) The board shall determine the applicability of the period of

limitations in any case, and its determination with respect to the running of any period of limitation shall be conclusive and binding for purposes of correcting the error or omission.

SEC. 2. Section 21025.6 of the Government Code is amended to read:

21025.6. Notwithstanding any other provision of this article, the retirement of a member who has been offered enrollment in a rehabilitation program provided by the employer, or appointing power if he or she is a state member, shall not become effective until:

(a) The employer or appointing power determines that the rehabilitation program is ineffective and cancels his or her enrollment in the program, or

(b) The member requests release from the rehabilitation program unless the member rejects the offer of enrollment in the rehabilitation program within 30 days after notice by the Public Employees' Retirement System of his or her eligibility for disability retirement.

If a member pursuant to a rehabilitation program enters a position in state service, he or she shall be retired thereafter for disability only in accordance with provisions of this part other than this section if he or she becomes incapacitated for performance of duty in that position. The disability shall be deemed to be industrial if the disability resulting in enrollment in the program was industrial, unless Section 21202.5 applies.

SEC. 3. Section 21331 of the Government Code is amended to read:

21331. An election, revocation, or change of election shall be made prior to the making of the first payment on account of any retirement allowance or, in event of a change of retirement status after retirement, prior to the making of the first payment on account of any retirement allowance following the change in retirement status. "Change in retirement status" includes, but is not limited to, change from service to disability retirement, from disability retirement to service retirement, from nonindustrial disability retirement to industrial disability retirement, or from industrial to nonindustrial disability retirement.

For purposes of this section, payment shall be deemed to have been made on the date a warrant is mailed, or the date funds are electronically transferred to a bank, savings and loan association or credit union account for deposit in the member's account.

This section shall not be construed to authorize a member to change his or her retirement status after the mailing of the first retirement warrant following the election, revocation, or change of election provided in this section.

CHAPTER 92

An act to amend Sections 898.5 and 899 of the Welfare and Institutions Code, relating to juveniles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 1, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 898.5 of the Welfare and Institutions Code is amended to read:

898.5. The Youth Authority shall conduct a study of the effectiveness of the pilot program authorized by this article in reducing recidivism, and shall report thereon to the Legislature no later than January 1, 1989.

SEC. 2. Section 899 of the Welfare and Institutions Code is amended to read:

899. This article shall become inoperative on June 30, 1990, and, as of January 1, 1991, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the program authorizing regional youth educational facilities to continue and that maximum time be provided for the study required by Section 898.5 of the Welfare and Institutions Code, it is necessary that this act take effect at the earliest possible date.

CHAPTER 93

An act to amend Section 50784 of the Health and Safety Code, relating to housing.

[Approved by Governor July 1, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 50784 of the Health and Safety Code is amended to read:

50784. (a) The department may make loans from the fund to low-income residents of mobilehome parks converted to resident ownership or to resident organizations which have converted or plan to convert a mobilehome park to resident ownership. The purpose

of providing loans pursuant to this section is to reduce the monthly housing costs for low-income residents to an affordable level.

(b) Loans provided pursuant to this section shall be for a term of no more than 30 years and shall bear interest at a rate of 7 percent per annum.

(c) The department may establish flexible repayment terms for loans provided pursuant to this section if the terms are necessary to reduce the monthly housing costs for low-income residents to an affordable level, and do not represent an unacceptable risk to the security of the fund. Flexible repayment terms may include, but are not limited to, graduated payment schedules with negative amortization.

(d) Loans provided to low-income residents pursuant to this section shall be for the minimum amount necessary to reduce the borrower's monthly housing costs to an affordable level. However, in no case shall loan amounts exceed 50 percent of the acquisition costs of the individual interests in the mobilehome parks. In addition, the total indebtedness upon individual interests may not exceed 90 percent of the value of the collateral securing the loan.

(e) Loans provided to resident organizations pursuant to this section shall be for the minimum amount necessary to reduce the monthly housing costs of low-income residents to an affordable level. However, in no case shall the loan amounts exceed 50 percent of the conversion costs attributable to the low-income spaces. Funds provided pursuant to this section shall not be used to assist residents who are not of low income, or to reduce monthly housing costs for low-income residents to less than 30 percent of their monthly income.

CHAPTER 94

An act to amend Section 19613 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 1, 1987 Filed with Secretary of State July 2, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 19613 of the Business and Professions Code is amended to read:

19613. (a) Except as provided in subdivisions (b), (c), (d), and (e), the portion deducted for purses pursuant to this chapter shall be paid to or for the benefit of the horsemen at the racing meeting.

(b) Any association other than a fair which conducts a thoroughbred racing meeting shall pay to the horsemen's organization contracting with the association with respect to the

conduct of racing meetings for administrative expense and services rendered to horsemen an amount equivalent to 1.5 percent of the portion, and for a pension plan for backstretch personnel to be administered by the horsemen's organization, an amount equivalent to an additional 1 percent of the portion. The remainder of the portion shall be distributed as purses.

(c) Any other association may pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expense and services rendered to horsemen an amount out of the portion as may be determined by the association by agreement or otherwise, but, in all events, shall include, relative to a thoroughbred horsemen's organization, 1 percent of the portion for a pension plan for backstretch personnel to be administered by the horsemen's organization. The remainder of the portion shall be distributed as purses.

(d) Notwithstanding subdivisions (b) and (c), any association conducting a fair racing meeting or conducting a mixed breed racing meeting shall pay to the horsemen's organizations contracting with the association with respect to the conduct of races for their respective breeds of horses at the meetings for administrative expense and services rendered to their respective horsemen those amounts out of the portion as determined by the horsemen's organization for the respective breeds with the approval of the board. The amount to be distributed as purses or commissions for any race meet under this subdivision shall be based on respective parimutuel pools during the previous corresponding meeting, if any.

Pursuant to this subdivision, amounts equivalent to 3 percent of the portion for the horsemen's organization shall be distributed to any thoroughbred horsemen's organizations contracting with an association for a fair racing meeting or participating in mixed breed racing meetings as follows: 1 percent for administrative expenses and services rendered to their respective horsemen, 1 percent for welfare funds, and 1 percent for a pension program for backstretch personnel, to be administered by the thoroughbred horsemen's organizations.

(e) Any association other than a fair which conducts a quarter horse racing meeting, except a mixed breed meeting, shall pay to the horsemen's organization contracting with the association with respect to the conduct of racing meetings for administrative expense and services rendered to horsemen an amount equivalent to 2.5 percent of the portion. The remainder of the portion shall be distributed as purses.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that horsemen's organizations that provide services to horsemen in this state may continue to do so in light of current economic difficulties, it is necessary that this act take effect immediately.

CHAPTER 95

An act to amend Section 54724 of the Education Code, relating to education.

[Approved by Governor July 1, 1987. Filed with Secretary of State July 2, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 54724 of the Education Code is amended to read:

54724. A school site council shall be established at each school that participates in motivation and maintenance programs. The council shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by the parents; and, in secondary schools, pupils selected by pupils attending the school. Also, each school is encouraged to include representatives of the business community as members of the school site council.

At the elementary level, the council shall be constituted to ensure parity between (a) the principal, classroom teachers and other school personnel; and (b) parents or other community members selected by parents.

At the secondary level, the council shall be constituted to ensure parity between (a) the principal, classroom teachers and other school personnel; and (b) equal numbers of parents and pupils.

At both the elementary and secondary levels, classroom teachers shall comprise the majority of persons represented under category (a).

Existing schoolwide advisory groups or school support groups may be utilized as the school site council if the groups conform to the provisions of this section.

The Superintendent of Public Instruction shall provide several examples of selection and replacement procedures that may be considered by school site councils.

CHAPTER 96

An act to add Section 25503.20 to the Business and Professions Code, relating to alcoholic beverages, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 25503.20 is added to the Business and Professions Code, to read:

25503.20. (a) Notwithstanding any other provision of this division, the holder of no more than six on-sale licenses, or any officer, director, employee, or agent of that licensee, may hold not more than 10 percent of the stock of one corporate licensed beer manufacturer holding a license pursuant to paragraph (a) of subdivision (1) of Section 23320 and that is located in a county of the first class, and may serve on the board of directors and as an officer or employee of that corporate licensed beer manufacturer located in a county of the first class.

(b) An on-sale licensee specified in subdivision (a) shall purchase no alcoholic beverages for sale in this state other than from a wholesale or winegrower licensee.

(c) The Legislature finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverage in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages produced by overly aggressive marketing techniques. The Legislature further finds that the exception established by this section to the general prohibition against tied interests must be limited to its expressed terms so as not to undermine the general prohibition, and intends that this section be construed accordingly.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that obstacles to the preparation of plans and construction of a brewery in Los Angeles County may be eliminated and construction be commenced at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 97

An act to repeal Section 2924j of the Civil Code, relating to civil law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1987. Filed with Secretary of State July 2, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 2924j of the Civil Code is repealed.

SEC. 2. By the repeal of Section 2924j of the Civil Code made by this act, the Legislature intends to restore the law regarding the validity and effect of a purported nonjudicial foreclosure sale conducted after that purported sale was enjoined to the law's status prior to the enactment of Chapter 943 of the Statutes of 1986 without affecting any other statutes or decisional law.

The Legislature intends that no inferences as to the status of the law on the effective date of this act be drawn from the enactment of Chapter 943 of the Statutes of 1986 or the repeal of Section 2924j of the Civil Code by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to eliminate confusion resulting from the interpretation of Section 2924j of the Civil Code, it is necessary that this act take effect immediately.

CHAPTER 98

An act to amend Section 7102 of the Public Contract Code, relating to public contracts.

[Approved by Governor July 2, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 7102 of the Public Contract Code is amended to read:

7102. Contract provisions in construction contracts of public agencies and subcontracts thereunder which limit the contractee's liability to an extension of time for delay for which the contractee is responsible and which delay is unreasonable under the circumstances involved, and not within the contemplation of the parties, shall not be construed to preclude the recovery of damages by the contractor or subcontractor.

No public agency may require the waiver, alteration, or limitation of the applicability of this section. Any such waiver, alteration, or limitation is void. This section shall not be construed to void any provision in a construction contract which requires notice of delays, provides for arbitration or other procedure for settlement, or provides for liquidated damages.

CHAPTER 99

An act to amend Section 48232 of the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1987 Filed with Secretary of State July 2, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 48232 of the Education Code is amended to read:

48232. Notwithstanding any other provision of law, a child who will be 15 years old at the time a leave of absence is to begin may take a leave of absence from school for a period of up to one semester, if all of the following conditions are satisfied:

(a) The school district governing board adopts a written policy to allow student leaves of absence consistent with this section.

(b) The purpose of the leave is supervised travel, study, training, or work not available to the student under another education option.

(c) A written agreement is entered into that is signed by the child's parent or guardian, the principal or administrative officer of the school which the child would otherwise attend, a classroom teacher familiar with the child's academic progress selected by the child, and the district supervisor of child welfare and attendance, and that provides for all of the following:

(1) The purpose of the leave.

(2) The length of time the child will be on leave.

(3) A meeting between, or contact with, the child and a school official designated in the agreement at least once a month while the child is on leave.

(4) A statement incorporating the provisions contained in subdivision (b).

(d) The child shall be entitled to return to school at any time. No child who takes a leave of absence shall be penalized from completing his or her academic requirements within a time period equal to that of classmates who did not take a leave of absence, plus a period of time equal to the leave of absence. However, when a child reenrolls at any time other than the beginning of a semester, the school shall not be required to give makeup sessions during that

semester for the classes that the child has missed.

(e) A leave of absence may be extended for an additional semester upon approval by all parties to the written agreement and the local school attendance review board.

(f) No leave of absence may be taken which would continue past the end of the school year in which the leave is taken.

(g) If the student does not contact the designated school official as stipulated in the written agreement, the leave of absence shall be nullified.

Any party to the written agreement may nullify the agreement for cause at any time.

(h) No more than 1 percent of the students enrolled and in attendance at each school shall be permitted to take a leave of absence during each academic year.

(i) The Legislative Analyst shall review and report upon the leave-of-absence program authorized by this section in the Analysis of the Budget Bill for the 1984–85 fiscal year. The report shall be based upon data collected by the State Department of Education from a representative sampling of participating school districts and shall include an analysis of the racial and ethnic backgrounds of participating pupils and a review of the opinions of pupils, parents, and school district personnel regarding pupil scholastic achievement and attitudes toward schools The report shall be presented to the Legislature no later than January 1, 1985.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that pupils may take a leave of absence from school during the fall quarter or semester of the 1987–88 school year, it is necessary that this act take effect immediately.

CHAPTER 100

An act to add Article 3.8 (commencing with Section 50079) to Chapter 1 of Division 1 of Title 5 of the Government Code, relating to school district taxes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2 1987 Filed with Secretary of State July 2, 1987]

The people of the State of California do enact as follows:

SECTION 1. Article 3.8 (commencing with Section 50079) is added to Chapter 1 of Division 1 of Title 5 of the Government Code, to read:

Article 3.8. School Districts

50079. (a) Subject to Section 4 of Article XIII A of the California Constitution, any school district may impose qualified special taxes upon the district pursuant to the procedures established in Article 3.5 (commencing with Section 50075) and any other applicable procedures provided by law.

(b) As used in this section, "qualified special taxes" means special taxes which apply uniformly to all taxpayers or all real property within the school district, except that "qualified special taxes" may include special taxes which provide for an exemption from those taxes for taxpayers 65 years of age or older.

"Qualified special taxes" do not include special taxes imposed on a particular class of property or taxpayers.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that school districts may impose qualified special taxes at the earliest possible time in accordance with the authorization provided by this act, it is necessary that this act go into immediate effect.

CHAPTER 101

An act to amend Section 21686 of the Public Utilities Code, relating to aviation.

[Approved by Governor July 2, 1987 Filed with Secretary of State July 2, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 21686 of the Public Utilities Code is amended to read:

21686. It shall be the duty of any public entity receiving payments or allocations under this article to periodically audit its books and records as deemed necessary by the department for the purpose of determining that the money received has been expended for the purposes and under the conditions authorized by this article.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 102

An act to amend Section 20111.5 of the Public Contract Code, relating to public contracts.

[Approved by Governor July 2, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 20111.5 of the Public Contract Code is amended to read:

20111.5. (a) The governing board of the district may require that each prospective bidder for a contract, as described under Section 20111, complete and submit to the district a standardized questionnaire and financial statement in a form specified by the district, including a complete statement of the prospective bidder's financial ability and experience in performing public works. The questionnaire and financial statement shall be verified under oath by the bidder in the manner in which civil pleadings in civil actions are verified. The questionnaires and financial statements shall not be public records and shall not be open to public inspection.

(b) Any school district requiring prospective bidders to complete and submit questionnaires and financial statements, as described in subdivision (a), shall adopt and apply a uniform system of rating bidders on the basis of the completed questionnaires and financial statements, in order to determine the size of the contracts upon which each bidder shall be deemed qualified to bid.

(c) Each prospective bidder on any contract described under Section 20111 shall be furnished by the school district letting the contract with a standardized proposal form that, when completed and executed, shall be submitted as his or her bid. Bids not presented on the forms so furnished shall be disregarded. A proposal form shall not be accepted from any person or other entity who is required to submit a completed questionnaire and financial statement for prequalification pursuant to subdivision (a), but has not done so at least five days prior to the date fixed for the public opening of sealed bids or has not been prequalified, pursuant to subdivision (b), for at least one day prior to that date.

CHAPTER 103

An act to amend Sections 50950, 50957, 50959, 50959.5, and 50961 of, and to repeal Section 50960 of, the Government Code, relating to volunteer firefighters.

[Approved by Governor July 2, 1987 Filed with Secretary of State July 2, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 50950 of the Government Code is amended to read:

50950. It is the purpose of this chapter to provide cities, counties, cities and counties, or districts, that have fire departments with volunteer firefighting members, the opportunity to offer such members an award for life as an incentive. Nothing contained herein shall be deemed to supersede the provisions of existing state law and the charters, ordinances, and rules of local public agencies which establish and regulate the activities of these fire departments. This chapter is intended, instead, to strengthen these departments through the creation of an incentive for the volunteer to respond to emergency calls and attend official department training drills and meetings. It is the further intention of this chapter to provide a means whereby local communities may bestow fitting reward and recognition for long and faithful volunteer service.

SEC. 2. Section 50957 of the Government Code is amended to read:

50957. Only members may accumulate service credit in the award system. A volunteer becomes a member upon completion of one year of current service as certified by a qualifications review commission. Membership shall terminate on the day prior to the effective date of an award pursuant to Section 50962.

SEC. 3. Section 50959 of the Government Code is amended to read:

50959. (a) Only those volunteers who have been certified by their contracting department as having satisfactorily completed a service year shall be credited with current service for that year. A member is not required to qualify in consecutive years.

(b) Members of departments contracting on or after January 1, 1988, may initially be credited with a full service year if they have been active members of the contracting department for at least six months of the service year of the contract operative date and are certified by the department's qualifications review commission.

(c) A satisfactory service year credit shall be determined by a member's active participation in all of the following fire department activities.

(1) Training drills.

(2) Responses to emergency calls.

(3) Attendance at official department and association meetings.

(d) Contracting departments shall maintain adequate records to show that a credited member was a participating member of the department during the year of certification. The records may include, but are not limited to, the following:

(1) Department run logs.

(2) Department training records.

(3) Certificates of training.

(4) Records of exposures to hazardous products.

(5) Minutes of departmental or association meetings.

SEC. 4. Section 50959.5 of the Government Code is amended to read:

50959.5. The State Board of Fire Services may audit and review the department records necessary to ensure that credited individuals have actively participated in department activities as required by Section 50959.

SEC. 5. Section 50960 of the Government Code is repealed.

SEC. 6. Section 50961 of the Government Code is amended to read:

50961. (a) The governing body of each contracting department shall establish a qualifications review commission which shall include the fire chief, one member of the governing body appointed by the governing body, and one volunteer elected by the volunteers employed by the contracting department.

(b) The qualifications review commission shall review the list of department members each year, and prior to October 1 of each year shall certify to the board those volunteers who have qualified.

(c) In no event shall any member be credited with more than 20 years of service.

(d) With respect to each contracting department which provides benefits for prior service credit, the qualifications review commission shall promulgate and publish guidelines for computing prior service credit. The guidelines shall require the prior service credit to be verified and certified and, in the event that there are no records in existence, the members of the commission and the volunteer shall sign an affidavit certifying that the prior service met the criteria prescribed in Section 50959. The affidavit shall be signed under penalty of perjury. Thereafter, the qualifications review commission shall certify to the board certified prior service credit which has been earned by each member.

CHAPTER 104

An act to amend and repeal Section 86 of the Code of Civil Procedure, relating to courts.

[Approved by Governor July 2, 1987. Filed with Secretary of State July 2, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 86 of the Code of Civil Procedure, as amended by Chapter 953 of the Statutes of 1986, is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to twenty-five thousand dollars ($25,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed twenty-five thousand dollars ($25,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed twenty-five thousand dollars ($25,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding twenty-five thousand dollars ($25,000) or property of a value not exceeding twenty-five thousand dollars ($25,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of residential real property where rent is charged, and the whole amount of damages claimed is twenty-five thousand dollars ($25,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand five hundred dollars ($1,500) per month or less, and the whole amount claimed is twenty-five thousand dollars ($25,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is twenty-five thousand dollars ($25,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under the provisions of Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code, or

to enforce and foreclose an assessment lien on a common interest development as defined in Section 1351 of the Civil Code, where the amount of the liens is twenty-five thousand dollars ($25,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of twenty-five thousand dollars ($25,000) the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in such court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding twenty-five thousand dollars ($25,000) or the debt denied does not exceed twenty-five thousand dollars ($25,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, except for uninsured motorist arbitration proceedings in accordance with Section 11580.2 of the Insurance Code, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than twenty-five thousand dollars ($25,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session or the 1985–86 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 2. Section 86 of the Code of Civil Procedure as amended by Chapter 88 of the Statutes of 1986, is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to twenty-five thousand dollars ($25,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed twenty-five thousand dollars ($25,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed twenty-five thousand dollars ($25,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding twenty-five thousand dollars ($25,000) or property of a value not exceeding twenty-five thousand dollars ($25,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is twenty-five thousand dollars ($25,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is twenty-five thousand dollars ($25,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is twenty-five thousand dollars ($25,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under the provisions of Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code, or to enforce and foreclose an assessment lien on a common interest

development as defined in Section 1351 of the Civil Code, where the amount of the liens is twenty-five thousand dollars ($25,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of twenty-five thousand dollars ($25,000) the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in such court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding twenty-five thousand dollars ($25,000) or the debt denied does not exceed twenty-five thousand dollars ($25,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, except for uninsured motorist arbitration proceedings in accordance with Section 11580.2 of the Insurance Code, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than twenty-five thousand dollars ($25,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court

may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session or the 1985–86 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 3. Section 1 of this act shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. Section 2 of this act shall become operative on the date Section 1 of this act is repealed.

CHAPTER 105

An act to add Section 1649.5 to the Insurance Code, relating to insurance.

[Approved by Governor July 2, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1649.5 is added to the Insurance Code, to read:

1649.5. Notwithstanding Section 1642, an insurer may own or control, whether directly or indirectly, a separate entity licensed under this chapter as an insurance agent or life agent as defined in Section 1621 or 1622, respectively.

CHAPTER 106

An act to amend Section 58800 of the Education Code, relating to education.

[Approved by Governor July 2, 1987. Filed with Secretary of State July 2, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 58800 of the Education Code is amended to read:

58800. It is the intent of the Legislature in enacting this chapter to assist in the establishment of specialized high schools in the state to provide advanced instruction and training in high technology fields and in the performing arts.

The Legislature recognizes that the establishment of these

specialized high schools will benefit the state economy by providing opportunities to talented pupils to obtain enhanced learning opportunities in high technology fields and in the performing arts while enrolled in schools located in school districts in close proximity to areas in which these industries are located.

The Legislature also recognizes that the high technology specialized high schools established under this chapter will enable the faculty providing instruction in these schools to develop model curricula of general application in the fields of mathematics, science, performing arts, and computer technology to be made available to other school districts in the public school system.

SEC. 2. (a) Notwithstanding any other provision of law to the contrary, the county committee on school district organization in a county of the fourth class, as determined pursuant to Section 28025 of the Government Code, which is studying a proposal for unification within a union high school district, shall exclude any component elementary school district, with an average daily attendance of less than 170 but more than 120 during the 1986–87 fiscal year, from any proposal to unify any or all of the remainder of the high school district, upon request of the elementary school district to be excluded.

(b) Notwithstanding any other provision of law to the contrary, any elementary school district excluded in a proposal for unification within a union high school district pursuant to subdivision (a) shall not be merged into a new unified school district by operation of law but shall become an independent unified school district of kindergarten and grades 1 to 12, inclusive, within its own right.

(c) An elementary school district excluded from unification pursuant to subdivision (a) shall have the right to educate its own pupils in kindergarten and grades 1 to 8, inclusive, and to contract out with neighboring unified school districts to provide educational services for its students in grades 9 to 12, inclusive, until the excluded elementary school district shall have a sufficient number of students to offer its own comprehensive program for kindergarten and grades 1 to 12, inclusive.

(d) This section shall not be construed as precluding any elementary school district requesting exclusion from a unification proposal pursuant to subdivision (a) from electing to be included in unification plans in the future.

SEC. 3. Due to unique circumstances, relating to the distinct geographical location of the affected elementary school district, being in a rural valley separated from its neighboring urban areas by 84 square miles of uninhabited land owned by a regional park system, a large urban city's watershed, and ranch land governed by the Williamson Act, which setting has created a distinct and separate community identity of the residents totally different from the developed communities of the surrounding areas, and because the community identity is that of a rural environment protected by a strong history of nondevelopment and self reliance, which has

enabled the community to meet the associated educational needs of its students by assuring a community-based, locally controlled educational system, without having to send its students out of the community to receive basic education, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 5. Section 2 of this act shall become operative July 1, 1988.

CHAPTER 107

An act to amend Section 42407 of, and to add Section 42403.5 to, the Health and Safety Code, relating to air pollution.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 42403.5 is added to the Health and Safety Code, to read:

42403.5. (a) Notwithstanding Section 42407, any violation of Section 41700 resulting from the engine of any diesel-powered bus while idling shall subject the owner to civil penalties assessed under this article, which may be recovered pursuant to Section 42403 by the Attorney General, by any district attorney, or by the attorney for any district in which the violation occurs in any court of competent jurisdiction.

(b) There is no liability under subdivision (a) if the person accused of the violation establishes by affirmative defense that the extent of the harm caused does not exceed the benefit accrued to bus passengers as a result of idling the engine.

SEC. 2. Section 42407 of the Health and Safety Code is amended to read:

42407. Except as provided in Section 42403.5, this article is not applicable to vehicular sources.

CHAPTER 108

An act to amend Section 17788.5 of, and to add Section 17742.6 to, the Education Code, relating to school facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 17742.6 is added to the Education Code, to read:

17742.6. Notwithstanding subdivision (b) of Section 17742.5, the exclusion provided by that subdivision includes portable classrooms obtained by an applicant school district pursuant to subdivision (b) of Section 17788.5, except as to any portable classroom or classrooms for which the district rejected the board's offer to purchase pursuant to that subdivision.

SEC. 2. Section 17788.5 of the Education Code is amended to read:

17788.5. (a) The board may empower any lessee to act as its agent in the performance of acts authorized under this chapter with regard to portable classrooms to be made available to that lessee, including, but not necessarily limited to, contracting for architectural and construction services and purchasing furniture and equipment.

(b) In addition, where any qualifying school district or county superintendent of schools is deemed by the board to be eligible under this chapter for the lease of portable classrooms, but adequate funds are not at that time available to the board for the purchase of those classrooms, the board may authorize the school district or county superintendent of schools to purchase portable classrooms, to the extent of that eligibility, pursuant to the following conditions:

(1) The portable classrooms are purchased under a procedure determined by the board, pursuant to either a bidding process implemented by the school district or county superintendent of schools or by the State Office of Procurement.

(2) To the extent that funding for purposes of this chapter is subsequently made available to the board, the board shall purchase the portable classroom or classrooms from the school district or county superintendent of schools, for lease to that entity under this chapter, for an amount, not to exceed the purchase price the board determines it would have paid for the classroom or classrooms at the time they were acquired pursuant to paragraph (1), as necessary to reimburse the school district or county superintendent of schools for the purchase price, less the amount that would have been charged to the school district or county superintendent of schools for the lease of the classroom or classrooms under Section 17789 from the date of

purchase. The sale of the portable classroom or classrooms under this paragraph shall be at the discretion of the school district or county superintendent of schools.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to adequately meet the critical need of school districts in this state for portable classroom facilities prior to the commencement of the 1987–88 school year, it is necessary that this act take effect immediately.

CHAPTER 109

An act to amend Sections 56411, 56704, 56705, and 56706 of, and to add Sections 56702.5 and 56704.5 to, the Food and Agricultural Code, relating to farm products.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 56411 of the Food and Agricultural Code is amended to read:

56411. For the purpose of enforcing this chapter, the director may receive verified complaints from producers or licensees against any person licensed pursuant to this chapter or Chapter 6 (commencing with Section 55401) or any person who acts or attempts to act as a licensee.

Upon receipt of any verified complaint, the director may make any and all necessary investigations relative to the complaint. The director shall, within 30 days, commence to investigate any verified complaint alleging that a licensee may be insolvent or in an unsound financial condition.

SEC. 2. Section 56702.5 is added to the Food and Agricultural Code, to read:

56702.5. "Farm products creditor" means either of the following:

(a) A person who produced and sold a farm product produced in this state to a person licensed pursuant to Chapter 6 (commencing with Section 55401) or Chapter 7 (commencing with Section 56101) who failed to pay for the farm product.

(b) A person licensed pursuant to Chapter 7 (commencing with Section 56101) who sold or handled a farm product produced in this state to a person licensed pursuant to Chapter 6 (commencing with Section 55401) or Chapter 7 (commencing with Section 56101) who failed to pay for the farm product.

SEC. 3. Section 56704 of the Food and Agricultural Code is

amended to read:

56704. The money deposited in the products fund shall only be used to pay for farm products grown or produced within this state which have not been otherwise paid for. However, claims made against the fund may include charges for services which by custom of the trade are incidental to the sale and generally accepted as being included in the purchase price. Any moneys remaining in the products fund after all the claims have been settled, discharged, or paid in any year shall be credited to the funds to be used in any other year, and the director, in view of this, shall adjust the fees provided for under Section 56703 in accordance with the provisions of that section.

SEC. 4. Section 56704.5 is added to the Food and Agricultural Code, to read:

56704.5. Claims may only be made against the products fund by a farm products creditor.

SEC. 5. Section 56705 of the Food and Agricultural Code is amended to read:

56705. If a person licensed under Chapter 6 (commencing with Section 55401) or Chapter 7 (commencing with Section 56101) fails to pay a farm products creditor for any farm product which is received by the licensee, the director shall ascertain the names and addresses of all farm products creditors together with the amounts which are due and owing to them and each of them by the licensee and shall request all of those farm products creditors to file a verified statement of their respective claims with the director. The request shall be addressed to each creditor at his or her last known address. If by reason of the absence of records, or other circumstances which make it impossible or unreasonable for the director to ascertain the names and addresses of all of the farm products creditors, the director, after exerting due diligence and making reasonable inquiry to secure the information from all reasonable and available sources, may make demand upon the products fund on the basis of information then in his or her possession, and thereafter is not liable or responsible for claims or the handling of claims which may subsequently appear or be discovered.

SEC. 6. Section 56706 of the Food and Agricultural Code is amended to read:

56706. If the farm products creditor fails, refuses, or neglects to file in the office of the director his or her verified claim as requested by the director under this chapter, within 60 days from the date of the request, the director is relieved of further duty or liability pursuant to this chapter on behalf of the farm products creditor.

CHAPTER 110

An act to amend Section 21682 of the Public Utilities Code, relating to aviation.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 21682 of the Public Utilities Code is amended to read:

21682. (a) The department shall establish individual revolving fund subaccounts for eligible airports in the Aeronautics Account in the State Transportation Fund. Money payable under this section shall be credited to individual airport subaccounts annually, and may be accumulated for a maximum period of five years. The department may advance to the subaccount of an airport an amount that will raise the total in the subaccount to not more than twenty-five thousand dollars ($25,000) when it finds and determines that to do so will materially assist the public entity in meeting the qualifications for federal airport loans or grants and that sufficient funds will remain in the account to make all of the credits and payments required under subdivision (b). Whenever an advance is made to a subaccount, the department shall withhold not more than the amount of the five thousand dollars ($5,000) annual payment under this section each year until the advancement plus interest is fully recovered. Interest shall be calculated at the same rate as that earned on funds invested in the Pooled Money Investment Account during the period of the advance. If any airport fails to maintain eligibility at any time during the five-year period, the public entity shall repay that amount which the department determines is attributable to the period of the airport's ineligibility under the terms and conditions specified by the department, taking into consideration, among other things, the amount to be repaid.

(b) The department shall, subject to Section 21684, credit from the Aeronautics Account to each public entity owning and operating an airport or airports under a valid permit issued by the department for every airport which has less than 85,000 annual enplanements the sum of five thousand dollars ($5,000) annually for each qualifying airport. These funds shall be paid to public entities upon request for expenditure on preapproved eligible projects. Eligible public entities may submit applications for the withdrawal of credited funds for expenditure on proposed projects in letter form to the department for review and approval. Projects identified shall be for airport and aviation purposes and operation and maintenance purposes. Payment under this section is conditioned upon each public entity proving to the satisfaction of the department that not more than 85,000 enplanements occurred at each airport for which

funding is being sought. No payment made under this section is transferable, but shall be expended only upon the airport for which the payment is made, unless the department authorizes a payment to be transferred for expenditure on another airport owned or operated by the public entity. The department may establish any accounting systems it deems necessary to provide for the cumulation and expenditure of funds under this subdivision.

(c) If, in any year, there is insufficient money in the Aeronautics Account to make the credits specified in subdivision (b), the department shall, subject to Section 21684, credit to each public entity subaccount an amount which is equal to the total amount of money in the Aeronautics Account multiplied by a percentage equivalent to the proportion which the airport or airports of the public entity for which credit is required to be made pursuant to subdivision (b) bear to the total number of airports for which credit is required to be made pursuant to subdivision (b).

(d) No payment shall be made under this section to any public entity for any airport on which general or commercial aviation activities are substantially restricted if the airport is licensed to conduct these activities by the department. The department shall determine whether or not general or commercial aviation activities are restricted.

(e) The department shall adopt rules and regulations and establish procedures to effect prompt payment to public entities for eligible airport projects from money credited pursuant to this section.

CHAPTER 111

An act to amend Sections 11105.1, 11207, 11209, 11814, and 11820 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 11105.1 of the Vehicle Code is amended to read:

11105.1. (a) The department shall issue a license certificate to each driving school instructor when it is satisfied that he or she has met the qualifications required under this chapter. The original driving school instructor license and any driving school instructor license renewed pursuant to subdivisions (b) and (c) shall be valid for a period of three years from the date of issuance unless canceled, suspended, or revoked by the department.

(b) Every application for the renewal of a driving school instructor license may be made by the licensee prior to the

expiration date of the license by presenting the application form provided by the department. In no event shall a driving school instructor renew the license after the date of expiration.

The department shall require all of the following for the renewal of the license:

(1) Compliance with Section 11104, except subdivision (c) thereof, and with 11105.2.

(2) Satisfactory completion of an examination as provided in Section 11104 at least once during each succeeding three-year period after the initial issuance of a license certificate.

In lieu of any examination for renewal of the license, the department may accept submission by the licensee of evidence of continuing professional education as defined in paragraph (2) of subdivision (b) of Section 11105.

(c) The department may issue a probationary license and certificate subject to conditions to be observed by the licensee in the exercise of the privilege granted. The conditions to be attached to the exercise of the privilege shall not appear on the face of the license or certificate, but shall be such as may, in the judgment of the department, be in the public interest and suitable to the qualifications of the applicant as disclosed by the application and investigation by the department of the information contained therein.

SEC. 2. Section 11207 of the Vehicle Code is amended to read:

11207. (a) The department shall issue a license certificate to each traffic violator school instructor when it is satisfied that he or she has met the qualifications required under this chapter. The original instructor license and any license renewed pursuant to subdivisions (b) and (c) shall be valid for a period of three years from the date of issuance unless canceled, suspended, or revoked by the department.

(b) Every application for the renewal of a traffic violator school instructor license may be made by the licensee prior to the expiration date of the license by presenting to the department a completed application on a form provided by the department. In no event shall a traffic violator school instructor renew the license after the date of expiration.

(c) The department shall require all of the following for the renewal of an instructor's license:

(1) Compliance with Section 11206, except subdivision (c) thereof.

(2) Satisfactory completion of an examination as provided in Section 11206 at least once during each succeeding three-year period after the initial issuance of the license. However, in lieu of examination for renewal of the license, the department may accept submission by the licensee of evidence of continuing professional education.

(d) When, in its judgment, the public interest so requires, the department may issue a probationary license subject to special

conditions to be observed by the licensee in the exercise of the privilege granted. The conditions to be attached to the license shall be such as may, in the judgment of the department, be in the public interest and suitable to the qualifications of the applicant, as disclosed by the application and investigation by the department of the information contained therein.

SEC. 3. Section 11209 of the Vehicle Code is amended to read:

11209. Any traffic violator school owner, traffic violator school operator, or traffic violator school instructor required to be licensed under this chapter who fails to renew the license before the expiration of the license may not renew that license, but may reapply for an original license pursuant to this chapter. For purposes of this section, a license that has been canceled may not be renewed and a license that is suspended or revoked may not be renewed, until reinstatement or reissuance by the department. If the period of suspension or revocation extends beyond the expiration of a license, it may not be renewed, but the person may apply for a new license thereafter.

SEC. 4. Section 11814 of the Vehicle Code is amended to read:

11814. (a) Every original vehicle salesperson's license issued, and every vehicle salesperson's license renewed pursuant to subdivision (b), shall be valid for a period of three years from the date of issuance unless canceled, suspended, or revoked by the department.

(b) Renewal of a vehicle salesperson's license may be made prior to the expiration date. In no event may a vehicle salesperson renew his or her license after the date of expiration.

(c) A salesperson shall obtain a duplicate license when the original is either lost or mutilated.

SEC. 5. Section 11820 of the Vehicle Code is amended to read:

11820. The following fees shall be paid to the department:

(a) Except as provided by Section 42231, a nonrefundable fee for the original issuance of a license, fifty dollars ($50).

(b) Fee for license renewal, fifteen dollars ($15).

(c) Fee for a duplicate license, fifteen dollars ($15).

CHAPTER 112

An act to amend Sections 2200 and 2272 of, and to add Section 2272.5 to, the Health and Safety Code, relating to local agencies.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 2200 of the Health and Safety Code is amended to read:

2200. Except where the context otherwise requires, the following definitions govern construction of this chapter:

(a) "Board" or "district board" refers to the board of trustees of a district.

(b) "City" includes a city and county.

(c) "District" refers to any mosquito abatement district or vector control district formed pursuant to this chapter or pursuant to any law which it supersedes.

(d) "Property" includes water, and the person or agency claiming ownership, title, or right to water or who controls the diversion, delivery, conveyance, or flow of water is responsible for abatement of public nuisances, as specified in this chapter or Chapter 8 (commencing with Section 2800), which are caused by or as a result of diversion, delivery, conveyance, or control.

(e) "Public nuisance" means any of the following:

(1) (A) Any breeding place for mosquitoes, flies, or other vectors of public health importance which exists by reason of any use made of the land on which it is found, or of any artificial change in its natural condition. Presence of immature arthropods of public health importance shall constitute prima facie evidence that a place is a breeding place for arthropods.

(B) If the board determines that an agricultural operation is growing or processing crops or raising fowl or animals in a manner consistent with proper and accepted practices and standards, as established and followed by similar agricultural operations in the same locality, and employing measures for fly control, for manure management, removal, and disposal, and for disposal of agricultural crop waste, which prevent excessive domestic fly larval development and excessive adult fly emergence on the property, then that place shall not be deemed a public nuisance.

(C) As used in this paragraph, "excessive" means the presence of domestic flies associated with agricultural operations, which do all of the following:

(i) Occur in immature stages and as adults in numbers considerably in excess of those found in the surrounding environment.

(ii) Are associated with the design, layout, and management of agricultural operations.

(iii) Disseminate widely from the property.

(iv) Cause detrimental effects on the public health and well-being of a majority of the surrounding population, as determined by the board.

(2) Water which is a breeding place for mosquitoes, flies, or other arthropods of public health importance.

(3) The presence of rodents or evidence of rodent activity, such as rodent droppings, trails, or evidence of feeding activity.

(f) "Vector" means any animal capable of transmitting the causative agent of human disease or capable of producing human discomfort or injury, including, but not limited to, mosquitoes, flies,

other insects, ticks, mites, and rats, but not including any domesticated animal.

SEC. 2. Section 2272 of the Health and Safety Code is amended to read:

2272. Except as otherwise provided in Section 2272.5, a public nuisance may be abated in any action or proceeding by any remedy provided by this chapter or any other provision of law.

SEC. 3. Section 2272.5 is added to the Health and Safety Code, to read:

2272.5. Section 2272 shall not apply to a public nuisance which exists at an agricultural operation by reason of excessive domestic fly larval development and excessive adult fly emergence as defined in subparagraph (C) of paragraph (1) of subdivision (e) of Section 2200. An agricultural nuisance described in this section may be abated in any action or proceeding only by the remedies provided by this chapter. This chapter shall provide the exclusive source of costs and civil penalties which may be assessed by reason of the agricultural nuisance against the owner or operator of an agricultural operation at which the nuisance is found to exist.

CHAPTER 113

An act to amend Section 98.6 of the Revenue and Taxation Code, relating to mosquito abatement districts.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 98.6 of the Revenue and Taxation Code is amended to read:

98.6. (a) Notwithstanding any other provision of this chapter, the amount allocated pursuant to Sections 96 or 97, and 98, to a special district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, excluding multicounty districts, and the amount allocated pursuant to Section 75.70 to a special district which is governed by the board of supervisors of a county or whose governing body is the same as the board of supervisors of a county, shall be reduced by an amount computed as follows:

(1) A ratio shall be computed for each of the special districts equal to the amount of state assistance payment for the special district for the 1978–79 fiscal year divided by the sum of the state assistance payment for the special district plus the amount of property tax revenue allocated to the special district for the 1978–79 fiscal year pursuant to Section 26912 of the Government Code.

(2) The amount by which the allocation pursuant to Sections 75.70, 96 or 97, and 98, shall be reduced shall be equal to the allocation

multiplied by the factor computed for the district pursuant to paragraph (1).

(3) For the 1984–85 fiscal year and each fiscal year thereafter, the amount computed for each special district pursuant to this subdivision, other than a special district governed by a county board of supervisors or whose governing board is the same as the county board of supervisors, shall not be greater than the amount computed for the 1983–84 fiscal year.

(4) The total of all amounts computed for special districts within each county shall be deposited in the Special District Augmentation Fund which shall specify amounts for each governing body as defined in Section 16271 of the Government Code and which shall be allocated pursuant to subdivision (b).

(5) Notwithstanding any other provision of law, for purposes of this section, an existing mosquito abatement district, as provided for in Chapter 5 (commencing with Section 2108) of Division 3 of the Health and Safety Code, located in Monterey County that, on or after January 1, 1988, annexes property in a county adjoining Monterey County and which prior to the date of annexation is not a multicounty district, shall not be deemed a multicounty district.

(b) There is hereby created a Special District Augmentation Fund in each county to augment the revenues of special districts. On or before June 1 of each year, the governing body shall notify each special district of the estimated amount of funds in the Special District Augmentation Fund available to special districts in the coming fiscal year. The auditor shall, on or before September 30 of each year, notify each governing body, as defined in Section 16271 of the Government Code, of the amount allocated to it pursuant to this section.

(c) Within 15 days of the notice, the governing body shall hold a public hearing for the purpose of determining the distribution of the funds. The governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council. The notice shall include all of the following:

(1) The amount of funds disbursed to each special district and the amount of funds disbursed pursuant to subdivision (j) in the past fiscal year.

(2) The amount of funds computed pursuant to subdivision (a).

(3) The amount of funds proposed to be allocated pursuant to subdivision (j).

(4) The time and place of the hearing.

The governing body shall also publish the notice in a newspaper of general circulation in the county not less than three days prior to the hearing. The published notice shall include the time and place of the hearing.

(d) Within 30 days of the notice of allocation, the governing body shall allocate the funds to special districts, and may allocate funds pursuant to subdivision (j). The governing body shall disburse the

entire amount of the fund to special districts during the fiscal year, except for the amounts allocated pursuant to subdivision (j).

(e) In determining the amount of funds to be disbursed to each special district, the governing body shall not consider any revenues raised by a special district pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1, or Article 16 (commencing with Section 53970) of Chapter 4 of Part 1 of Division 2, of Title 5 of the Government Code.

(f) In determining the amount of funds to be allocated to each special district, the governing body may consider the revenues which are raised, or could be raised, by a special district from its enterprise activities.

(g) In determining the amount of funds to be allocated to each special district, the governing body shall not allocate funds to any special district which is governed by the board of supervisors or the city council if the governing body intends that those funds are to be transferred to that county or city upon or after disbursement to the special district, except as reimbursement to the city or county for services rendered to the special district.

(h) Within 30 days after determining the amount of funds to be allocated, the governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council which shall include:

(1) The total amount of funds computed pursuant to subdivision (a).

(2) The amount of funds allocated to each special district.

(3) The amount of funds allocated pursuant to subdivision (j).

(i) In determining the amount of funds to be disbursed to a special district, the governing body may restrict the use of the funds requested by a special district for purposes of capital purchases to those purposes.

(j) The funds allocated pursuant to this section shall be used exclusively for special districts and shall not be used for any general county or municipal expenses, except that:

(1) The governing body may allocate to its general fund an amount not to exceed the actual demonstrated cost of administering the Special District Augmentation Fund, which shall be an amount necessary to reimburse the actual demonstrated expenditures made to carry out the requirements of subdivisions (a) to (i), inclusive, and also the actual demonstrated cost of providing the assistance requested by special districts, which amount shall not exceed 1 percent of the amount in the fund.

(2) The governing body may allocate to a special account in its general fund an amount not to exceed 1 percent of the amount of the Special District Augmentation Fund to pay only the costs of the following:

(A) Expenses incurred by special districts in the event of an emergency. As used in this subparagraph, "emergency" means a sudden, unexpected occurrence which threatens the public peace,

health, safety, or welfare and which is, or is likely to be, beyond the control of the services, personnel, equipment, or facilities of the special district.

(B) To carry out the purposes of the California Special District Consolidation Assistance Program established pursuant to Chapter 9.5 (commencing with Section 60350) of Division 2 of Title 6 of the Government Code.

(C) To establish a Special District Augmentation Fund Loan program. The program funds may be loaned to special districts under those terms and conditions and in those amounts as are specified by the governing body.

(3) Notwithstanding the limits of paragraph (2), the governing body of a county with a population of less than 50,000, as determined by the Department of Finance, may allocate an amount not to exceed 2 percent of the fund. Those governing bodies may accumulate in the special account an amount not to exceed 5 percent of the fund over a period of three fiscal years.

(4) The governing body shall disburse to special districts any amount allocated pursuant to this subdivision which is greater than the limits set by paragraphs (2) and (3) in the succeeding fiscal year.

(k) The county auditor shall disburse funds to the special district in the same manner as disbursements which are made from the county treasurer's property tax trust fund.

(*l*) Disbursements to cities with more than one subsidiary special district may be made to the city. Each city shall distribute these funds to their individual subsidiary special districts in accordance with the city council's final determination.

(m) Any interest which accrues to the Special District Augmentation Fund shall be considered part of the fund and shall not be allocated or distributed in any way to the general fund of the governing body.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the County of Monterey. The facts constituting the necessity are:

The Northern Salinas Valley Mosquito Abatement District has considered the annexation of territory which is located in the County of Santa Cruz and thereby becoming a multicounty district. If this annexation results in reducing the amount of money which is deposited in the Special District Augmentation Fund of the County of Monterey pursuant to Section 98.6 of the Revenue and Taxation Code, then the Board of Supervisors of the County of Monterey will have less money to allocate to other special districts in the county.

CHAPTER 114

An act to amend Section 7006 of, and to add Section 7017.2 to, the Civil Code, relating to parent and child.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 7006 of the Civil Code is amended to read:

7006. (a) A child, the child's natural mother, or a man presumed to be the child's father under paragraph (1), (2), or (3) of subdivision (a) of Section 7004, may bring an action as follows:

(1) At any time for the purpose of declaring the existence of the father and child relationship presumed under paragraph (1), (2), or (3) of subdivision (a) of Section 7004.

(2) For the purpose of declaring the nonexistence of the father and child relationship presumed under paragraph (1), (2), or (3) of subdivision (a) of Section 7004 only if the action is brought within a reasonable time after obtaining knowledge of relevant facts. After the presumption has been rebutted, paternity of the child by another man may be determined in the same action, if he has been made a party.

(b) Any interested party may bring an action at any time for the purpose of determining the existence or nonexistence of the father and child relationship presumed under paragraph (4) of subdivision (a) of Section 7004.

(c) An action to determine the existence of the father and child relationship with respect to a child who has no presumed father under Section 7004 or whose presumed father is deceased may be brought by the child or personal representative of the child, the State Department of Social Services, the mother or the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor. Such an action shall be consolidated with a proceeding pursuant to subdivision (b) of Section 7017 if a proceeding has been filed under Section 7017. The parental rights of the alleged natural father shall be determined as set forth in subdivision (d) of Section 7017.

(d) Except as to cases coming within the provisions of Section 621 of the Evidence Code, a man not a presumed father may bring an action for the purpose of declaring that he is the natural father of a child having a presumed father under Section 7004, if the mother relinquishes for, consents to, or proposes to relinquish for or consent to, the adoption of the child. Such an action shall be brought within 30 days after the man is served as prescribed in subdivision (f) of Section 7017 with a notice that he is or could be the father of the child

or the birth of the child, whichever is later. The commencement of the action shall suspend any pending proceeding in connection with the adoption of the child until a judgment in the action is final.

(e) Regardless of its terms, an agreement between an alleged or presumed father and the mother or child does not bar an action under this section.

(f) An action under this section may be brought before the birth of the child.

(g) The district attorney may also, at his or her discretion, bring an action under this section in any case in which the district attorney believes it to be appropriate.

SEC. 2. Section 7017.2 is added to the Civil Code, to read:

7017.2. (a) Notwithstanding any other provision of law, an action to terminate the parental rights of a father of a child as specified in Section 7017 shall be set for hearing not more than 45 days after filing of the petition therefor and completion of service thereon or the entry of an order dispensing with notice of the proceedings. The petition shall either specify the date of the hearing or state that a hearing will be held on a date as determined pursuant to this section, which shall be separately noticed.

(b) The matter so set shall have precedence over all other civil matters on the date set for trial, except an action to terminate parental rights pursuant to Section 232. The court may continue the proceedings for not more than 30 days as necessary to appoint counsel and to enable counsel to adequately prepare for the case or for other good cause.

(c) In order to obtain a motion for a continuance of the hearing, written notice shall be filed within two court days of the date set for the hearing, together with affidavits or declarations detailing specific facts showing that a continuance is necessary, unless the court for good cause entertains an oral motion for continuance. Continuances shall be granted only upon a showing of good cause. Neither a stipulation between counsel nor the convenience of the parties is in and of itself a good cause.

A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the facts proven which require the continuance shall be entered upon the minutes of the court.

CHAPTER 115

An act to amend Sections 12027 and 12031 of the Penal Code, relating to firearms.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 12027 of the Penal Code is amended to read:

12027. Section 12025 does not apply to or affect any of the following:

(a) (1) Any peace officer, listed in Section 830.1 or 830.2, whether active or honorably retired, other duly appointed peace officers, honorably retired peace officers listed in subdivision (c) of Section 830.5, full-time paid peace officers of other states and the federal government who are carrying out official duties while in California, or any person summoned by any of these officers to assist in making arrests or preserving the peace while he or she is actually engaged in assisting that officer. Any peace officer described in this paragraph who has been honorably retired shall be issued an identification certificate by the agency the officer retired from.

Any officer retired after January 1, 1981, shall have an endorsement on the identification certificate stating that the issuing agency approves the officer's carrying of a firearm. The endorsement shall also include the date when the endorsement is to be renewed.

(2) A retired peace officer who retired after January 1, 1981, shall petition the issuing agency for renewal of his or her privilege to carry a concealed firearm every five years. An honorably retired peace officer, described in paragraph (1), retired prior to January 1, 1981, shall not be required to obtain an endorsement from the issuing agency to carry a firearm. The agency from which a peace officer is honorably retired may, upon initial retirement of that peace officer, or at any time subsequent thereto, deny or revoke, for good cause, the retired officer's privilege to carry a firearm.

(3) An honorably retired peace officer listed in subdivision (c) of Section 830.5 authorized to carry firearms by this subdivision shall meet the training requirements of Section 832 and shall qualify with the firearm at least annually. The individual retired peace officer shall be responsible for maintaining his or her eligibility to carry a firearm. The Department of Justice shall provide subsequent arrest notification pursuant to Section 11105.2 regarding honorably retired peace officers listed in subdivision (c) of Section 830.5 to the agency from which the officer has retired.

(b) The possession or transportation by any merchant of unloaded firearms as merchandise.

(c) Members of the Army, Navy, or Marine Corps of the United States, or the National Guard, when on duty, or organizations which

are by law authorized to purchase or receive such weapons from the United States or this state.

(d) Duly authorized military or civil organizations while parading, or the members thereof when going to and from the places of meeting of their respective organizations.

(e) Guards or messengers of common carriers, banks, and other financial institutions while actually employed in and about the shipment, transportation, or delivery of any money, treasure, bullion, bonds, or other thing of value within this state.

(f) Members of any club or organization organized for the purpose of practicing shooting at targets upon established target ranges, whether public or private, while such members are using any of the firearms referred to in this chapter upon such target ranges, or while going to and from such ranges.

(g) Licensed hunters or fishermen while engaged in hunting or fishing, or while going to or returning from such hunting or fishing expedition.

(h) Members of any club or organization organized for the purpose of collecting and displaying antique or historical pistols, revolvers or other firearms, while such members are displaying such weapons at meetings of such clubs or organizations or while going to and from such meetings, or individuals who collect such firearms not designed to fire, or incapable of firing fixed cartridges or fixed shot shells, or other firearms of obsolete ignition type for which ammunition is not readily available and which are generally recognized as collector's items, provided such firearm is kept in the trunk. If the vehicle is not equipped with a trunk, such firearm shall be kept in a locked container in an area of the vehicle other than the utility or glove compartment.

(i) Upon approval of the sheriff of the county in which they reside, honorably retired federal officers or agents of the Federal Bureau of Investigation, the Secret Service, the United States Customs Service, the Federal Bureau of Alcohol, Tobacco, and Firearms, the Federal Bureau of Narcotics, and the Drug Enforcement Administration who were assigned to duty within the state for a period of not less than one year, or who retired from active service in the state.

Retired federal officers or agents shall carry identification indicating their retired federal status and shall provide the sheriff with certification from the agency from which they retired certifying their service in the state, the nature of their retirement, and indicating the agency's concurrence that the retired federal officer or agent should be accorded the privilege of carrying a concealed firearm.

The sheriff of the county in which the retired federal officer or agent resides may require recertification prior to a permit renewal, and may suspend the privilege for cause. The sheriff may charge a fee necessary to cover any reasonable expenses incurred by the county.

SEC. 2. Section 12031 of the Penal Code is amended to read:

12031. (a) Except as provided in subdivision (b), (c), or (d), every person who carries a loaded firearm on his or her person or in a vehicle while in any public place or on any public street in an incorporated city or in any public place or on any public street in a prohibited area of unincorporated territory is guilty of a misdemeanor.

Every person convicted under this section who has previously been convicted of an offense enumerated in Section 12001.6, or of any crime made punishable under this chapter, shall serve a term of at least three months in the county jail, or, if granted probation, or if the execution or imposition of sentence is suspended, it shall be a condition thereof that he or she be imprisoned for a period of at least three months.

The court shall apply the three-month minimum sentence except in unusual cases where the interests of justice would best be served by granting probation or suspending the imposition or execution of sentence without the minimum imprisonment required in this subdivision or by granting probation or suspending the imposition or execution of sentence with conditions other than those set forth in this subdivision, in which case, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

(b) Subdivision (a) shall not apply to any of the following:

(1) Peace officers listed in Section 830.1 or 830.2, whether active or honorably retired, other duly appointed peace officers, honorably retired peace officers listed in subdivision (c) of Section 830.5, full-time paid peace officers of other states and the federal government who are carrying out official duties while in California, or any person summoned by any such officers to assist in making arrests or preserving the peace while the person is actually engaged in assisting that officer. Any peace officer described in this paragraph who has been honorably retired shall be issued an identification certificate by the agency from which the officer has retired.

Any officer retired after January 1, 1981, shall have an endorsement on the identification certificate stating that the issuing agency approves the officer's carrying of a loaded firearm. The endorsement shall also include the date when the endorsement is to be renewed.

(2) A retired peace officer who retired after January 1, 1981, shall petition the issuing agency for renewal of his or her privilege to carry a loaded firearm every five years. An honorably retired peace officer, described in paragraph (1), retired prior to January 1, 1981, shall not be required to obtain an endorsement from the issuing agency to carry a firearm. The agency from which a peace officer is honorably retired may, upon initial retirement of the peace officer, or at any time subsequent thereto, deny or revoke, for good cause, the retired officer's privilege to carry a firearm.

(3) An honorably retired peace officer listed in subdivision (c) of Section 830.5 authorized to carry loaded firearms by this subdivision

shall meet the training requirements of Section 832 and shall qualify with the firearm at least annually. The individual retired peace officer shall be responsible for maintaining his or her eligibility to carry a loaded firearm. The Department of Justice shall provide subsequent arrest notification pursuant to Section 11105.2 regarding honorably retired peace officers listed in subdivision (c) of Section 830.5 to the agency from which the officer has retired.

(4) Members of the military forces of this state or of the United States engaged in the performance of their duties.

(5) Persons who are using target ranges for the purpose of practice shooting with a firearm or who are members of shooting clubs while hunting on the premises of such clubs.

(6) The carrying of concealable weapons by persons who are authorized to carry such weapons pursuant to Article 3 (commencing with Section 12050) of Chapter 1 of Title 2 of Part 4.

(7) Armored vehicle guards, as defined in Section 7521 of the Business and Professions Code, (A) if hired prior to January 1, 1977; or (B) if hired on or after such date, if they have received a firearms qualification card from the Department of Consumer Affairs, in each case while acting within the course and scope of their employment.

(8) Upon approval of the sheriff of the county in which they reside, honorably retired federal officers or agents of the Federal Bureau of Investigation, the Secret Service, the United States Customs Service, the Federal Bureau of Alcohol, Tobacco, and Firearms, the Federal Bureau of Narcotics, and the Drug Enforcement Administration who were assigned to duty within the state for a period of not less than one year, or who retired from active service in the state.

Retired federal officers or agents shall carry identification indicating their retired federal status and shall provide the sheriff with certification from the agency from which they retired certifying their service in the state, the nature of their retirement, and indicating the agency's concurrence that the retired federal officer or agent should be accorded the privilege of carrying a loaded firearm.

The sheriff of the county in which the retired federal officer or agent resides may require recertification prior to a permit renewal, and may suspend the privilege for cause. The sheriff may charge a fee necessary to cover any reasonable expenses incurred by the county.

(c) Subdivision (a) shall not apply to any of the following who have completed a regular course in firearms training approved by the Commission on Peace Officer Standards and Training:

(1) Patrol special police officers appointed by the police commission of any city, county, or city and county under the express terms of its charter who also under the express terms of the charter (i) are subject to suspension or dismissal after a hearing on charges duly filed with the commission after a fair and impartial trial, (ii) must be not less than 18 years of age nor more than 40 years of age,

(iii) must possess physical qualifications prescribed by the commission, and (iv) are designated by the police commission as the owners of a certain beat or territory as may be fixed from time to time by the police commission.

(2) The carrying of weapons by animal control officers or zookeepers, regularly compensated as such by a governmental agency when acting in the course and scope of their employment and when designated by a local ordinance or, if the governmental agency is not authorized to act by ordinance, by a resolution, either individually or by class, to carry such weapons, or by persons who are authorized to carry such weapons pursuant to Section 607f of the Civil Code, while actually engaged in the performance of their duties pursuant to that section.

(3) Harbor policemen designated pursuant to Section 663.5 of the Harbors and Navigation Code.

(d) Subdivision (a) shall not apply to any of the following who have been issued a certificate pursuant to Section 12033. Such certificate shall not be required of any person who is a peace officer, who has completed all training required by law for the exercise of his or her power as a peace officer, and who is employed while not on duty as such peace officer.

(1) Guards or messengers of common carriers, banks, and other financial institutions while actually employed in and about the shipment, transportation, or delivery of any money, treasure, bullion, bonds, or other thing of value within this state.

(2) Guards of contract carriers operating armored vehicles pursuant to California Highway Patrol and Public Utilities Commission authority (i) if hired prior to January 1, 1977; or (ii) if hired on or after January 1, 1977, if they have completed a course in the carrying and use of firearms which meets the standards prescribed by the Department of Consumer Affairs.

(3) Private investigators and private patrol operators who are licensed pursuant to Chapter 11.5 (commencing with Section 7512) of, and alarm company operators who are licensed pursuant to Chapter 11.6 (commencing with Section 7590) of, Division 3 of the Business and Professions Code, while acting within the course and scope of their employment.

(4) Uniformed security guards or night watchmen employed by any public agency, while acting within the scope and in the course of their employment.

(5) Uniformed security guards, regularly employed and compensated in that capacity by persons engaged in any lawful business, and uniformed alarm agents employed by an alarm company operator, while actually engaged in protecting and preserving the property of their employers or on duty or en route to or from their residence or their place of employment. Security guards and alarm agents en route to or from their residence or employer-required range training. Nothing in this paragraph shall be construed to prohibit cities and counties from enacting ordinances

requiring alarm agents to register their name.

(6) Uniformed employees of private patrol operators and private investigators licensed pursuant to Chapter 11.5 (commencing with Section 7512) of Division 3 of the Business and Professions Code while acting within the course and scope of their employment as private patrolmen or private investigators.

(e) In order to determine whether or not a firearm is loaded for the purpose of enforcing this section, peace officers are authorized to examine any firearm carried by anyone on his or her person or in a vehicle while in any public place or on any public street in an incorporated city or prohibited area of an unincorporated territory. Refusal to allow a peace officer to inspect a firearm pursuant to the provisions of this section constitutes probable cause for arrest for violation of this section.

(f) As used in this section "prohibited area" means any place where it is unlawful to discharge a weapon.

(g) A firearm shall be deemed to be loaded for the purposes of this section when there is an unexpended cartridge or shell, consisting of a case which holds a charge of powder and a bullet or shot, in, or attached in any manner to, the firearm, including, but not limited to, in the firing chamber, magazine, or clip thereof attached to the firearm; except that a muzzle-loader firearm shall be deemed to be loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinder.

(h) Nothing in this section shall prevent any person engaged in any lawful business, including a nonprofit organization, or any officer, employee, or agent authorized by such person for lawful purposes connected with such business, from having a loaded firearm within such person's place of business, or any person in lawful possession of private property from having a loaded firearm on such property.

(i) Nothing in this section shall prevent any person from carrying a loaded firearm in an area within an incorporated city while engaged in hunting, during such time and in such area as the hunting is not prohibited by the city council.

(j) Nothing in this section is intended to preclude the carrying of any loaded firearm, under circumstances where it would otherwise be lawful, by a person who reasonably believes that the person or property of himself or herself or of another is in immediate, grave danger and that the carrying of such weapon is necessary for the preservation of such person or property. As used in this subdivision "immediate" means the brief interval before and after the local law enforcement agency, when reasonably possible, has been notified of the danger and before the arrival of its assistance.

(k) Nothing in this section is intended to preclude the carrying of a loaded firearm by any person while engaged in the act of making or attempting to make a lawful arrest.

(*l*) Nothing in this section shall prevent any person from having a loaded weapon, if it is otherwise lawful, at his or her place of residence, including any temporary residence or campsite.

CHAPTER 116

An act to amend Section 14613 of the Government Code, relating to the California State Police, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 14613 of the Government Code is amended to read:

14613. There is in the Department of General Services the California State Police Division.

The director shall appoint members and employees of the California State Police Division as may be necessary to protect and provide police services for the state buildings and grounds and occupants thereof. Members and security officers of the California State Police Division have the powers of peace officers as defined in the Penal Code.

Members of the California State Police Division consist of the following: the chief, inspectors, captains, lieutenants, sergeants, and officers. All other persons in the California State Police Division are considered employees.

The California State Police Division may provide for the physical security of any current or former constitutional officer of the state and any current or former legislator of the state.

Upon the request of the Chief Justice, the director, through the California State Police Division, may provide appropriate protective services to any current or former member of the state courts of appeal and the California Supreme Court.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that protective services continue to be provided to persons now receiving those services as a result of public service on the California Supreme Court, it is necessary that this act take effect immediately.

CHAPTER 117

An act to amend Section 19549.10 of the Business and Professions Code, relating to horseracing.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 19549.10 of the Business and Professions Code is amended to read:

19549.10. Notwithstanding Section 19414.5, the board may allocate racing weeks of four racing days to an association conducting quarter horse racing in the northern zone if the association and the organization representing the horsemen agree to the allocation.

CHAPTER 118

An act to amend Section 232 of the Education Code, relating to education.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 232 of the Education Code is amended to read:

232. The State Board of Education, the Board of Governors of the California Community Colleges, and the Trustees of the California State University shall issue regulations pursuant to Chapter 3.5 (commencing with Section 11340) and Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code, commonly referred to as the Administrative Procedure Act, to implement the provisions of this chapter.

The Regents of the University of California may issue regulations to implement the provisions of this chapter. If the Regents of the University of California choose to issue regulations it may issue them pursuant to Chapter 3.5 (commencing with Section 11340) and Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code, commonly referred to as the Administrative Procedure Act.

SEC. 2. It is the intent of the Legislature that Section 264 of the Education Code, relative to the applicability of Chapter 2 (commencing with Section 200) of Part 1 of the Education Code to the University of California, apply to the section of the Education Code amended by this act.

CHAPTER 119

An act to amend Sections 4 and 5 of, and to add Sections 12.1 and 12.3 to, the Monterey County Flood Control and Water Conservation District Act (Chapter 699 of the Statutes of 1947), relating to the Monterey County Flood Control and Water Conservation District.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 4 of the Monterey County Flood Control and Water Conservation District Act (Chapter 699 of the Statutes of 1947) is amended to read:

Sec. 4. The objects and purposes of this act are to provide for the control of the flood and storm waters of the district and the flood and storm waters of streams that have their sources outside the district, but which streams and flood waters flow into the district, and to conserve such waters for beneficial and useful purposes by spreading, storing, retaining, and causing such waters to percolate into the soil within the district, or to save and conserve in any manner all or any of such waters and to protect from such flood or storm waters the public highways, life and property in the district, and the watercourses and watersheds of streams flowing into the district, and to increase, and prevent the waste or diminution of the water supply in the district, including the control of groundwater extractions as required to prevent or deter the loss of usable groundwater through intrusion of seawater and the replacement of groundwater so controlled through the development and distribution of a substitute surface supply, and to prohibit groundwater exportation from the Salinas River Groundwater Basin, and to obtain, retain, and reclaim drainage, storm, flood, and other waters for beneficial use within the district; and to provide, in the discretion of the district in connection with and as an incident to any works, dam, or reservoir heretofore or hereafter constructed either within or without the district, for the construction, maintenance, and operation of a minimum or permanent pool and facilities for swimming, boating, fishing, and recreation in or upon waters stored in any stream, reservoir, or minimum or permanent pool, and for the acquisition in any manner provided in this act and for the use by the district, in addition or adjacent to lands that may be used or acquired for flood control or water conservation purposes or that may be acquired for the maintenance or protection of any such works, dam, or reservoir or watersheds adjacent thereto, of lands deemed by the supervisors of the district to be necessary or convenient for the installation, construction, use, and maintenance of recreational areas or facilities, including picnic grounds, play grounds, camp grounds, home sites, boats and fishing, bathing, or other facilities for use by the

public, subject to such rules and regulations and reasonable charges as may be prescribed by the board of supervisors of the district; provided, however, that no property situated in another county, except property sought to be condemned in condemnation proceedings pending before a court upon the effective date of this section (as amended at the 1956 First Extraordinary Session) shall be condemned by the district for recreational areas or facilities unless the board of supervisors of the county in which such property is situated agrees to the condemnation thereof.

SEC. 2. Section 5 of the Monterey County Flood Control and Water Conservation District Act (Chapter 699 of the Statutes of 1947) is amended to read:

Sec. 5. The district is hereby declared to be a body corporate and politic and as such shall have, in addition to the other powers vested in it by this act, the following powers:

1. To have perpetual succession.

2. To sue and be sued in the name of the district in all actions and proceedings in all courts and tribunals of competent jurisdiction.

3. To adopt a seal and alter it at pleasure.

4. To acquire by grant, purchase, lease, gift, devise, contract, construction, or otherwise, and to hold, use, enjoy, sell, let, and dispose of real and personal property of every kind, including lands, structures, buildings, rights-of-way, easements, and privileges, and to construct, maintain, alter, and operate any and all works or improvements, within or without the district, necessary or proper to carry out any of the objects or purposes of this act and convenient to the full exercise of its powers, and to complete, extend, add to, alter, remove, repair, or otherwise improve any works, or improvements, or property acquired by it as authorized by this act.

5. To store water in surface or underground reservoirs within or outside of the district for the common benefit of the district or of any zone or zones affected; to conserve and reclaim water for present and future use within the district; to appropriate and acquire water and water rights, and import water into the district and to conserve within or outside of the district, water for any purpose useful to the district; to commence, maintain, intervene in, defend, or compromise, in the name of the district in behalf of the landowners therein, or otherwise, and to assume the costs and expenses of any action or proceeding involving or affecting the ownership or use of waters or water rights within or without the district, used or useful for any purpose of the district or of common benefit to any land situated therein, or involving the wasteful use of water therein; to commence, maintain, intervene in, defend, and compromise and to assume the cost and expenses of any and all actions and proceedings now or hereafter begun; to prevent interference with or diminution of, or to declare rights in the natural flow of any stream or surface or subterranean supply of waters used or useful for any purpose of the district or of common benefit to the lands within the district or to its inhabitants; to prevent unlawful exportation of water from the

district; to prevent contamination, pollution or otherwise rendering unfit for beneficial use the surface or subsurface water used or useful in the district, and to commence, maintain and defend actions and proceedings to prevent any such interference with those waters as may endanger or damage the inhabitants, lands, or use of water in, or flowing into, the district; provided, however, that the district shall not have power to intervene or take part in, or to pay the cost or expenses of, actions or controversies between the owners of lands or water rights which do not affect the interests of the district.

6. To control the flood and storm waters of the district and the flood and storm waters of streams that have their sources outside of the district, but which streams and the flood waters thereof, flow into the district, and to conserve such waters for beneficial and useful purposes of the district by spreading, storing, retaining, and causing to percolate into the soil within or without the district, or to save or conserve in any manner all or any of such waters and protect from damage from such flood or storm waters the watercourses, watersheds, public highways, life, and property in the district, and the watercourses outside of the district of streams flowing into the district.

7. To cooperate and to act in conjunction with the State of California, or any of its engineers, officers, boards, commissions, departments, or agencies, or with the government of the United States, or any of its engineers, officers, boards, commissions, departments, or agencies, or with any public or private corporation, or with the County of Monterey, in the construction of any work for the controlling of flood or storm waters of or flowing into the district, or for the protection of life or property therein, or for the purpose of conserving those waters for beneficial use within the district, or in any other works, acts, or purposes provided for herein, and to adopt and carry out any definite plan or system of work for any such purpose.

8. To carry on technical and other necessary investigations, make measurements, collect data, make analyses, studies, and inspections pertaining to water supply, water rights, control of flood and storm waters, and use of water both within and without the district relating to watercourses or streams flowing in or into the district. For such purposes, the district shall have the right of access through its authorized representatives to all properties within the district and elsewhere relating to watercourses and streams flowing in or into the district. The district, through its authorized representatives, may enter upon such lands and make examinations, surveys, and maps thereof.

9. To enter upon any land, to make surveys and locate the necessary works of improvement and the lines for channels, conduits, canals, pipelines, roadways, and other rights-of-way; to acquire by purchase, lease, contract, gift, devise, or other legal means all lands and water and water rights and other property necessary or convenient for the construction, use, supply, maintenance, repair,

and improvement of those works, including works constructed and being constructed by private owners, lands for reservoirs for storage of necessary water, and all necessary appurtenances, and also where necessary or convenient to that end, and for those purposes and uses, to acquire and to hold in the name of the state, the capital stock of any mutual water company or corporation, domestic or foreign, owning water or water rights, canals, waterworks, franchises, concessions, or rights, when the ownership of such stock is necessary to secure a water supply required by the district or any part thereof, upon the condition that when holding such stock, the district shall be entitled to all the rights, powers, and privileges, and shall be subject to all the obligations and liabilities conferred or imposed by law upon other holders of such stock in the same company; to enter into and do any acts necessary or proper for the performance of any agreement with the United States, or any state, county, district of any kind, public or private corporation, association, firm, or individual, or any number of them, for the joint acquisition, construction, leasing, ownership, disposition, use, management, maintenance, repair, or operation of any rights, works, or other property of a kind which might be lawfully acquired or owned by the district; to acquire the right to store water in any reservoirs, or to carry water through any canal, ditch or conduit not owned or controlled by the district; to grant to any owner or lessee the right to the use of any water or right to store such water in any reservoir of the district, or to carry such water through any tunnels, canal, ditch, or conduit of the district; to enter into and do any acts necessary or proper for the performance of any agreement with any district of any kind, public or private corporation, association, firm, or individual, or any number of them for the transfer or delivery to any such district, corporation, association, firm, or individual of any water right or water pumped, stored, appropriated, or otherwise acquired or secured, for the use of the district, or for the purpose of exchanging the same for other water, water right, or water supply in exchange for water, water right, or water supply to be delivered to said district by the other party to the agreement; to cooperate with, and to act in conjunction with, the State of California, or any of its engineers, officers, boards, commissions, departments, or agencies, or with the government of the United States, or any of its engineers, officers, boards, commissions, departments, or agencies, or with any public or private corporation, in the construction of any work for controlling flood or storm waters of streams in or running into the district, or for the protection of life or property therein, or for the purpose of conserving the waters for beneficial use within the district, or in any other works, acts, or purposes provided for herein, and to adopt and carry out any definite plan or system of work for any such purpose.

10. To incur indebtedness and to issue bonds in the manner herein provided.

11. To cause taxes or assessments to be levied and collected for the purpose of paying any obligation of the district, and to carry out any

of the purposes of this act, in the manner hereinafter provided.

12. To make contracts, and to employ labor, and to do all acts necessary for the full exercise of all powers vested in the district or any of the officers thereof, by this act.

13. To buy, provide, sell and deliver water.

14. To exchange water.

15. To develop and distribute water to persons in exchange for ceasing or reducing groundwater extractions, and to prevent groundwater extractions which are determined to be harmful to the groundwater basin.

16. To transport, reclaim, purify, treat, or otherwise manage and control water for the beneficial use of persons or property within the district.

17. To construct, maintain, improve, and operate public recreational facilities appurtenant to any water reservoir operated or contracted to be operated by the district whether within or without the district, subject to the limitations as to eminent domain use for recreational purposes outside the district set forth in Section 4, and to provide by ordinance regulations binding upon all persons to govern the use of such facilities including regulations imposing reasonable charges for the use thereof.

18. To regulate, inspect, and license all structures, including docks and wharves, or structures used as docks or wharves, and their anchorage or mooring system, that float on or are designed to float on the surface of reservoirs operated or contracted to be operated by the district or that are located within the area subject to its flowage easement, or that are located on real property of the district, and to charge a reasonable fee for licensing such structures. Any of such structures that are unlicensed more than 30 days after notice to license the structure has been posted thereon, or any unlicensed structure that is neither anchored nor moored, or is found on property owned in fee by the district is a nuisance. The district may have injunctive relief for any of such nuisances, or may summarily abate any untended structure floating on the surface of such reservoir that is neither anchored nor moored, or any untended structure found on property owned in fee by the district. It shall be unlawful and it is hereby declared to be a misdemeanor to maintain, anchor, or moor or suffer to be maintained, anchored, or moored on property of which one is possessed any unlicensed structure when such structure is required to be licensed pursuant to the provisions of this act. Such misdemeanor shall be punishable by a fine not to exceed five hundred dollars ($500) or by imprisonment in the county jail for not to exceed six months, or by both such fine and imprisonment. Each day of violation of these provisions shall constitute a separate offense.

19. To utilize any part of its water, and any part of its works, facilities, improvements, and property used for the development, storage, and transportation of water pursuant to this section to provide, generate, and deliver hydroelectric power, and to acquire,

construct, operate, and maintain any and all works, facilities, improvements, and property necessary or convenient therefor.

20. Pursuant to contract, to provide, generate, sell, and deliver hydroelectric power to the United States of America or any board, department, or agency thereof, to the State of California for the purposes of the State Water Resources Development System and to any public agency, public utility, private corporation, or other person or public entity, or any combination thereof, engaged in the sale of electric power. For the purposes of this subdivision, "public agency" means a city, county, city and county, district, local agency, public authority, or public corporation.

21. To construct, maintain, and operate works, facilities, improvements, and property of the district useful or necessary for the provision, generation, and delivery of hydroelectric power, pursuant to paragraphs 19 and 20 of this section.

22. To prevent the export of groundwater from the Salinas River Groundwater Basin, except that use of water from the basin on any part of Fort Ord shall not be deemed such an export. Nothing in this act shall be deemed to prevent the development and use of the Seaside Groundwater Basin for use on any lands within or without that basin.

SEC. 3. Section 12.1 is added to the Monterey County Flood Control and Water Conservation District Act (Chapter 699 of the Statutes of 1947), to read:

Sec. 12.1. The Legislature finds and determines that the district is developing a project which will establish a substantial balance between extraction and recharge within the Salinas River Groundwater Basin. For the purpose of preserving that balance, no groundwater from that basin may be exported for any use outside the basin, except that use of water from the basin on any part of Fort Ord shall not be deemed such an export. If any export of water from the basin is attempted, the district may obtain from the superior court, and the court shall grant, injunctive relief prohibiting that exportation of groundwater.

SEC. 4. Section 12.3 is added to the Monterey County Flood Control and Water Conservation District Act (Chapter 699 of the Statutes of 1947), to read:

Sec. 12.3. If, as a result of appropriate studies conducted by the district, it is determined by the board that any portion of a groundwater basin underlying the district is threatened with the loss of a usable water supply as a result of seawater intrusion into that portion of the groundwater basin, the board may take appropriate steps to prevent or deter the further intrusion of underground seawater by establishing and defining an area and depth from which the further extraction of groundwater is prohibited. This determination shall be made only after a public hearing by the board upon the proposed determination, with notice of the hearing to be given in the manner prescribed in Section 6065 of the Government Code. At the hearing, the board shall accept evidence showing the

nature and extent of the threat of seawater intrusion and the facilities proposed in order to provide to the area threatened a substitute supply of surface water. If, at the conclusion of the hearing, the board determines that a threat of seawater intrusion exists which will be aggravated by continued groundwater extraction within a given area and depth, the board may adopt an ordinance prohibiting the further extraction of groundwater from the area and depth so defined. The ordinance shall be effective as to any existing groundwater well extracting water from the area and depth prohibited only if there is made available to the lands served from that well a substitute surface water supply adequate to replace the water supply previously available from that well. The board shall apportion the costs of installation, maintenance, and operation of the facilities required to furnish that substitute surface supply in an equitable manner among all those benefited by the substitute supply, and by the cessation of groundwater extraction, through appropriate standby charges, water tolls, or subsidies.

CHAPTER 120

An act to amend Sections 30102.5, 30208, 30212, 30214, and 30224 of, to repeal and add Section 30231 of, and to repeal Sections 30228 and 30230 of, the Streets and Highways Code, relating to toll bridges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 30102.5 of the Streets and Highways Code is amended to read:

30102.5. (a) Notwithstanding any other provision of this chapter, on and after January 1, 1982, the commission, in establishing toll charges for any particular toll bridge within the area of jurisdiction of the Metropolitan Transportation Commission, shall give consideration to the cost of operating toll bridges or other toll highways, the tolls on which are pledged as security for bonds issued and outstanding. The cost of operating toll bridges and other toll highways includes the cost of insurance, and the amount required annually to meet the redemption of bonds issued and outstanding for which the tolls are pledged as security, and interest payments and interest charges of the bonds issued and outstanding as they fall due for any particular toll bridge or other toll highway. For the Richmond-San Rafael Bridge, costs may include amounts necessary to repay loans from the State Highway Account in the State Transportation Fund.

(b) In establishing toll charges for the toll bridges within the area

of jurisdiction of the Metropolitan Transportation Commission, the commission shall also maintain net revenues to be used exclusively for transit capital improvements. The net revenues may not exceed the average financial commitment made toward transit capital improvements from toll revenues, as audited, during the 1977–78 and 1978–79 fiscal years, but may be adjusted annually according to the appropriate inflationary index adopted by the Metropolitan Transportation Commission.

(c) No new bonds may be issued that are secured by tolls of any particular toll bridge or toll highway within the area of jurisdiction of the Metropolitan Transportation Commission, except for those bonds necessary to finance the completion of the new Dumbarton Bridge and the payment by the Richmond-San Rafael Bridge of loans from the State Highway Account in the State Transportation Fund. Nothing in this section shall be construed to prohibit the issuance of refunding bonds when, in the exercise of its discretion, the commission determines that by so doing a net savings to the state in interest costs will be realized.

(d) No new loans shall be made from the General Fund or the State Highway Account for any toll bridge or toll highway within the area of jurisdiction of the Metropolitan Transportation Commission.

SEC. 2. Section 30208 of the Streets and Highways Code is amended to read:

30208. (a) The commission shall determine the form, conditions, and denominations of all bonds, the dates which the bonds to be sold shall bear, and the interest rate thereon which may be a variable rate of interest, except that the interest rate shall not exceed 12 percent per annum. The rate of interest need not be uniform for all bonds of the same authorized issue. Principal and interest of the bonds shall be payable at places fixed and determined by the commission. The bonds may contain provisions for registration as to principal only and as to both principal and interest. The bonds may be issued in coupon form with interest payable at times determined by the commission, and shall mature at times and in amounts as prescribed by the commission.

(b) The interest rate on bonds whose proceeds are used exclusively for the costs of construction of the new Dumbarton Bridge shall not exceed 12 percent per annum. Costs of construction shall include all costs and expenses incidental to the acquisition, construction, and financing of the bridge, the costs of issuance and sale of the bonds, and legal, financial, consulting, and engineering fees, and the expenses of printing the bonds and the resolution authorizing issuance of the bonds. This subdivision only applies to bonds not exceeding an aggregate amount of fifty million dollars ($50,000,000).

SEC. 3. Section 30212 of the Streets and Highways Code is amended to read:

30212. Bonds authorized pursuant to this chapter may be sold at a discount from their par value. The sales price shall include the

interest which has accrued thereon up to the date of delivery of the bonds.

SEC. 4. Section 30214 of the Streets and Highways Code is amended to read:

30214. (a) Other than refunding bonds, bonds issued and sold pursuant to this chapter shall be sold on sealed proposals to the highest and best bidder after advertising for bids that the commission deems proper. The commission may reject any and all bids submitted and may thereafter sell the bonds so advertised for sale at private sale under terms and conditions that it deems most advantageous to its own interest, but the bonds shall not be sold at a price below that of the best bid which was rejected.

(b) Refunding bonds issued and sold pursuant to this chapter may be sold pursuant to subdivision (a) or at a private or negotiated sale if the commission determines that a private or negotiated sale of the refunding bonds is in the best interests of the state.

SEC. 5. Section 30224 of the Streets and Highways Code is amended to read:

30224. If a bond issue for the acquisition or construction of a toll bridge or other highway crossing is authorized and sold, in whole or in part, and the commission and director deem it advisable and advantageous to enlarge or extend the toll bridge or other highway crossing or to change the structure or design thereof in order to provide new or greater facilities for any type or class of traffic, the commission may issue additional bonds for the purpose of enlarging or extending the toll bridge or other highway crossing or changing the structure or design thereof in order to provide those new or greater facilities.

The additional bonds shall not constitute a debt or obligation of the state, but shall be bonds of the commission of the same character and payable from the same funds as other bonds authorized pursuant to this chapter. The pledge of the tolls and other revenues to be received from the operation of the toll bridge or other highway crossing to the payment of outstanding bonds shall not be lessened, diminished, or affected in any way by the issuance of the additional bonds.

SEC. 6. Section 30228 of the Streets and Highways Code is repealed.

SEC. 7. Section 30230 of the Streets and Highways Code is repealed.

SEC. 8. Section 30231 of the Streets and Highways Code is repealed.

SEC. 9. Section 30231 is added to the Streets and Highways Code, to read:

30231. (a) The commission may provide for the issuance of bonds for the purpose of refunding any bonds or any series or issue of bonds, or any portion of any series or issue of bonds, of the commission then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue

to the date of redemption, purchase, or maturity of the bonds.

(b) The proceeds of any bonds issued for the purpose of refunding of outstanding bonds may, in the discretion of the commission, be applied to the purchase, redemption prior to maturity, or retirement at maturity of any outstanding bonds on their earliest redemption date, upon their purchase or maturity, or paid to a third person to assume the commission's obligation to make the payments, and may, pending that application, be placed in escrow to be applied to the purchase, retirement at maturity, or redemption on the date determined by the commission.

(c) Any proceeds placed in escrow may, pending their use, be invested and reinvested in obligations or securities authorized by resolutions of the commission, payable or maturing at the time appropriate to ensure the prompt payment of the principal, interest, and redemption premium, if any, of the outstanding bonds to be redeemed at maturity or to be refunded at either their earliest redemption date or any subsequent redemption date. The interest, income, and profits, if any, earned or realized on any investment may also be applied to the payment of the outstanding bonds to be refunded or to the payment of interest on the refunding bonds. After the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds and interest, income, and profits, if any, earned or realized on the investments thereof may be returned to the commission for use by the commission.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to take advantage of current economic conditions with respect to interest rates that could provide significant additional savings to the state, it is necessary that this act take effect immediately.

CHAPTER 121

An act to add Section 30606 to the Streets and Highways Code, relating to the San Francisco-Oakland Bay Bridge.

[Approved by Governor July 6, 1987 Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 30606 is added to the Streets and Highways Code, to read:

30606. (a) The cost of operating and maintaining the architectural lights on the toll bridge shall be paid by the department from toll bridge revenue funds available for the operation of the toll

bridge.

(b) For the purpose of carrying out this section from January 1, 1988, to January 1, 1989, the department's operating expense budget shall be augmented by one person-year and fifty thousand dollars ($50,000). Thereafter, the expense of carrying out this section shall be included in the annual Budget Act.

CHAPTER 122

An act to amend Sections 21151 and 21153 of the Government Code, relating to public employees.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 21151 of the Government Code is amended to read:

21151. A retired person may serve without reinstatement from retirement or loss or interruption of benefits provided by this system, as follows:

(a) As a member of any board, commission or advisory committee, upon appointment by the Governor, the Speaker of the Assembly, the President pro Tempore of the Senate, director of a state department, or the governing board of the contracting agency. However, the appointment shall not be deemed employment within the meaning of Division 4 (commencing with Section 3201) and Division 4.5 (commencing with Section 6100) of the Labor Code, and shall not provide a basis for the payment of workers' compensation to a retired state employee or to his or her dependents.

(b) As a school crossing guard.

(c) As a juror or election officer.

(d) As an elective officer on and after September 15, 1961. However, all rights and immunities which may have accrued under Section 21158 as it read prior to that section's repeal during the 1969 Regular Session of the Legislature are hereby preserved.

(e) As an appointive member of the governing body of a contracting agency. However, the compensation for that office shall not exceed one hundred dollars ($100) per month.

(f) Upon appointment by the Legislature, or either house, or a legislative committee to a position deemed by the appointing power to be temporary in nature.

(g) Upon appointment by the governing body of a contracting agency to a position deemed by the governing body to be of a limited duration and requiring specialized skills. The appointment shall be only to fill a temporary vacancy until a permanent appointment can be made by the governing body.

SEC. 2. Section 21153 of the Government Code is amended to read:

21153. A retired person may serve without reinstatement from retirement or loss or interruption of benefits provided by this system upon appointment by the appointing power of a state agency or any other employer either during an emergency to prevent stoppage of public business or because the retired employee has skills needed in performing work of limited duration. These appointments shall not exceed a total for all employers of 90 working days or 720 hours in any calendar year, and the rate of pay for the employment shall not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties.

CHAPTER 123

An act to add Sections 17004.5 and 17004.6 to the Government Code, relating to state government.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 17004.5 is added to the Government Code, to read:

17004.5. Each warrant issued by the Controller payable pursuant to Sections 21235, 21236, and 21237 from the Investment Dividend Disbursement Account in the Public Employees' Retirement Fund to a retiree or beneficiary of the Public Employees' Retirement System shall be accompanied by a statement in at least 10-point print that shall advise at a minimum that:

(a) The benefits are paid quarterly and are paid solely from any moneys then available in the Investment Dividend Disbursement Account (IDDA). Current law provides that the last payment will be made on October 1, 1993.

(b) Moneys become available in the Investment Dividend Disbursement Account (IDDA) only when the investment earnings exceed the earnings forecasted by the actuaries and adopted by the Board of Administration of the Public Employees' Retirement System.

(c) The increases are subject to some variation, are not cumulative, and will not be included in your base allowance entitlement, are not subject to any cost-of-living adjustments, and may be discontinued or reduced if sufficient funds are not available.

SEC. 2. Section 17004.6 is added to the Government Code, to read:

17004.6. Each warrant issued by the Controller payable pursuant to Section 24701 or 24702 of the Education Code to a retirant or

beneficiary of the State Teachers' Retirement System, shall be accompanied by a statement in at least 10-point print that shall advise at a minimum that:

(a) The warrant associated with this stub provides a quarterly payment from funds made available during the current fiscal year to help offset the effects of inflation on your normal monthly allowance from the State Teachers' Retirement System (STRS).

(b) These payments are not cumulative, are not part of the base retirement allowance, and are made only when funds are available for this purpose.

(c) In order for payments to be made pursuant to Section 24701 of the Education Code (added by Chapter 1606 of the Statutes of 1982, S.B. 1562), funds must be appropriated each fiscal year as part of the Budget Act of the State of California.

(d) Funding for the supplemental payments made pursuant to Section 24702 of the Education Code (added by the Deddeh, Elder, and Stirling Act of 1983, Chapter 1213 of the Statutes of 1983, S.B. 638) comes from the net revenues received from the use of school lands and lieu lands in the State of California. The amount of the supplemental payment to each eligible individual is calculated in September. The payments are made on October 1, January 1, April 1, and July 1, for the current fiscal year.

CHAPTER 124

An act to amend Section 12306.5 of the Education Code, relating to resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1987 Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 12306.5 of the Education Code is amended to read:

12306.5. Notwithstanding any other provision in this article or Section 2795 of the Public Resources Code, the Controller shall apportion money received pursuant to Section 12304 for potash deposits located in the Trona Joint Unified School District and the Kern Community College District as follows:

(a) Kern Community College District shall receive 15 percent of the total apportionment.

(b) Trona Joint Unified School District shall receive 85 percent of the total apportionment.

SEC. 2. It is the intent of the Legislature that the amendments to Section 12306.5 of the Education Code made by Section 1 of this act are to be applied retroactively so as to authorize the Controller

to allocate funds received for potash deposits located in the Trona Joint Unified School District and the Kern Community College District to those districts as of July 1, 1986, notwithstanding the effect of Section 2795 of the Public Resources Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to alleviate the financial hardship placed on certain school districts due to a revised method of accounting for federal mineral royalties received by this state and earmarked for those districts from which the minerals are obtained, it is necessary that this act take effect immediately.

CHAPTER 125

An act to amend Section 1070 of the Penal Code, relating to criminal procedure.

[Approved by Governor July 6, 1987 Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 1070 of the Penal Code is amended to read:

1070. (a) If the offense charged be punishable with death, or with imprisonment in the state prison for life, the defendant is entitled to 20 and the state to 20 peremptory challenges. Except as provided in subdivision (b), on a trial for any other offense, the defendant is entitled to 10 and the state to 10 peremptory challenges.

(b) If the offense charged be punishable with a maximum term of imprisonment of 90 days or less, the defendant is entitled to six and the state to six peremptory challenges.

CHAPTER 126

An act to amend Section 798.15 of the Civil Code, relating to mobilehomes.

[Approved by Governor July 6, 1987 Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 798.15 of the Civil Code is amended to read:

798.15. The rental agreement shall be in writing and shall contain, in addition to the provisions otherwise required by law to be

included, all of the following:

(a) The term of the tenancy and the rent therefor.

(b) The rules and regulations of the park.

(c) A copy of the text of this chapter shall be attached as an exhibit and shall be incorporated into the rental agreement by reference. Management shall provide all homeowners with a copy of this chapter prior to February 1 of each year, if a significant change was made in the chapter by legislation enacted in the prior year.

(d) A provision specifying that it is the responsibility of the management to provide and maintain physical improvements in the common facilities in good working order and condition.

(e) A description of the physical improvements to be provided the homeowner during his or her tenancy.

(f) A provision listing those services which will be provided at the time the rental agreement is executed and will continue to be offered for the term of tenancy and the fees, if any, to be charged for those services.

(g) A provision stating that management may charge a reasonable fee for services relating to the maintenance of the land and premises upon which a mobilehome is situated in the event the homeowner fails to maintain such land or premises in accordance with the rules and regulations of the park after written notification to the homeowner and the failure of the homeowner to comply within 14 days. The written notice shall state the specific condition to be corrected and an estimate of the charges to be imposed by management if the services are performed by management or its agent.

(h) All other provisions governing the tenancy.

CHAPTER 127

An act to amend Sections 3520 and 3521 of the Elections Code, relating to elections.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 3520 of the Elections Code is amended to read:

3520. (a) Each section of the petition shall be filed with the clerk or registrar of voters of the county or city and county in which it was circulated, but all sections circulated in any county or city and county shall be filed at the same time.

(b) Within five days, excluding Saturdays, Sundays, and holidays, after the filing of the petition, the clerk or registrar of voters shall determine the total number of signatures affixed to the petition and

shall transmit this information to the Secretary of State. If the total number of signatures filed with all county clerks is less than 100 percent of the number of qualified voters required to find the petition sufficient, the Secretary of State shall so notify the proponents and the county clerks and no further action shall be taken in regard to the petition.

(c) If the number of signatures filed with all county clerks is 100 percent or more of the number of qualified voters needed to declare the petition sufficient, the Secretary of State shall immediately so notify the county clerks.

(d) Within 15 days after this notification, the clerk or registrar of voters shall determine the number of qualified voters who have signed the petition. If more than 500 names have been signed on sections of the petition filed with a county clerk, the clerk shall use a random sampling technique for verification of signatures, as determined by the Secretary of State. The random sample of signatures to be verified shall be drawn in such a manner that every signature filed with the county clerk shall be given an equal opportunity to be included in the sample. Such a random sampling shall include an examination of at least 500 or 5 percent of the signatures, whichever is greater. In determining from the records of registration what number of qualified voters have signed the petition, the clerk or registrar of voters may use the duplicate file of affidavits of registered voters or the facsimiles of voter's signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(e) The clerk or registrar, upon the completion of the examination, shall immediately attach to the petition, except the signatures thereto appended, a certificate properly dated, showing the result of the examination and shall immediately transmit the petition, together with the certificate, to the Secretary of State. A copy of this certificate shall be filed in the clerk's office.

(f) If the certificates received from all county clerks by the Secretary of State establish that the number of valid signatures does not equal 95 percent of the number of qualified voters needed to find the petition sufficient, the petition shall be deemed to have failed to qualify, and the Secretary of State shall immediately so notify the proponents and the county clerks.

(g) If the certificates received from all county clerks by the Secretary of State total more than 110 percent of the number of qualified voters needed to find the petition sufficient, the petition shall be deemed to qualify as of the date of receipt by the Secretary of State of certificates showing the petition to have reached the 105 percent, and the Secretary of State shall immediately so notify the proponents and the county clerks.

SEC. 2. Section 3521 of the Elections Code is amended to read:

3521. (a) If the statistical sampling shows that the number of valid signatures is within 95 to 110 percent of the number of signatures of qualified voters needed to declare the petition

sufficient, the Secretary of State shall order the examination and verification of each signature filed and shall so notify the county clerks.

(b) Within 30 days, excluding Saturdays, Sundays, and holidays, after receipt of the order, the clerk or registrar of voters shall determine from the records of registration what number of qualified voters have signed the petition and if necessary the board of supervisors shall allow the clerk or registrar additional assistance for the purpose of examining the petition and provide for their compensation. In determining from the records of registration what number of qualified voters have signed the petition, the clerk or registrar of voters may use any file or list of registered voters maintained by his or her office or the facsimiles of voters' signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(c) The clerk or registrar, upon the completion of the examination, shall immediately attach to the petition, except the signatures thereto appended, an amended certificate properly dated, showing the result of the examination and shall immediately transmit the petition, together with the amended certificate, to the Secretary of State. A copy of the amended certificate shall be filed in the clerk's office.

(d) If the amended certificates establish that the petition is sufficient, the petition shall be deemed to be filed as of the date of receipt by the Secretary of State of certificates showing the petition to be signed by the requisite number of voters of the state.

If the amended certificates received from all county clerks by the Secretary of State establish that the petition has still been found insufficient, the Secretary of State shall immediately so notify the proponents and the county clerks.

CHAPTER 128

An act to amend Sections 5110, 5125, and 5127 of the Civil Code, to amend Sections 104, 1201, 13504, 15003, 15405, 15410, 15803, 16062, 16063, 16222, 16303, 16441, and 17457 of, to add Sections 15805, 16082, and 20114.5 to, and to repeal and add Section 82 of, the Probate Code, relating to actions and proceedings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 1987 Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 5110 of the Civil Code is amended to read:

5110. Except as provided in Sections 5107, 5108, and 5126, all real property situated in this state and all personal property wherever

situated acquired during the marriage by a married person while domiciled in this state, and property held in trust pursuant to Section 5110.150, is community property; but whenever any real or personal property, or any interest therein or encumbrance thereon, is acquired prior to January 1, 1975, by a married woman by an instrument in writing, the presumption is that the same is her separate property, and if so acquired by the married woman and any other person the presumption is that she takes the part acquired by her, as tenant in common, unless a different intention is expressed in the instrument; except, that when any of the property is acquired by husband and wife by an instrument in which they are described as husband and wife, unless a different intention is expressed in the instrument, the presumption is that the property is the community property of the husband and wife. The presumptions in this section mentioned are conclusive in favor of any person dealing in good faith and for a valuable consideration with a married woman or her legal representatives or successors in interest, and regardless of any change in her marital status after acquisition of the property.

In cases where a married woman has conveyed, or shall hereafter convey, real property which she acquired prior to May 19, 1889, the husband, or his heirs or assigns, of the married woman, shall be barred from commencing or maintaining any action to show that the real property was community property, or to recover the real property from and after one year from the filing for record in the recorder's office of the conveyances, respectively.

As used in this section, personal property does not include and real property does include leasehold interests in real property.

SEC. 2. Section 5125 of the Civil Code, as amended by Chapter 1091 of the Statutes of 1986, is amended to read:

5125. (a) Except as provided in subdivisions (b), (c), and (d) and Sections 5110.150 and 5128, either spouse has the management and control of the community personal property, whether acquired prior to or on or after January 1, 1975, with like absolute power of disposition, other than testamentary, as the spouse has of the separate estate of the spouse.

(b) A spouse may not make a gift of community personal property, or dispose of community personal property without a valuable consideration, without the written consent of the other spouse.

(c) A spouse may not sell, convey, or encumber community personal property used as the family dwelling, or the furniture, furnishings, or fittings of the home, or the clothing or wearing apparel of the other spouse or minor children which is community personal property, without the written consent of the other spouse.

(d) Except as provided in subdivisions (b) and (c), and in Section 5127, a spouse who is operating or managing a business or an interest in a business that is all or substantially all community personal property has the primary management and control of the business or interest. Primary management and control means that the

managing spouse may act alone in all transactions but shall give prior written notice to the other spouse of any sale, lease, exchange, encumbrance or other disposition of all or substantially all of the personal property used in the operation of the business (including personal property used for agricultural purposes), whether or not title to that property is held in the name of only one spouse. Written notice is not, however, required when prohibited by the law otherwise applicable to the transaction.

Any change of the form of a business is not subject to the requirement of written notice.

Remedies for the failure by a managing spouse to give prior written notice as required by this subdivision are only as specified in Section 5125.1. A failure to give prior written notice shall not adversely affect the validity of a transaction nor of any interest transferred.

(e) Each spouse shall act in good faith with respect to the other spouse in the management and control of the community property in accordance with the general rules which control the actions of persons having relationships of personal confidence as specified in Section 5103, until such time as the property has been divided by the parties or by a court. This duty includes the obligation to make full disclosure to the other spouse of the existence of assets in which the community has an interest and debts for which the community may be liable, upon request. The case law defining the standard of care applicable to Section 5103, but not the case law applicable to former Title 8 (commencing with Section 2215) of Part 4 of Division 3 of this code (as repealed by Chapter 820 of the Statutes of 1986) or Division 9 (commencing with Section 15000) of the Probate Code, applies to this section. In no event shall this standard be interpreted to be less than that of good faith in confidential relations nor as high as that established by former Title 8 (commencing with Section 2215) of Part 4 of Division 3 of this code (as repealed by Chapter 820 of the Statutes of 1986) or Division 9 (commencing with Section 15000) of the Probate Code.

SEC. 3. Section 5127 of the Civil Code is amended to read:

5127. Except as provided in Sections 5110.150 and 5128, either spouse has the management and control of the community real property, whether acquired prior to or on or after January 1, 1975, but both spouses either personally or by duly authorized agent, must join in executing any instrument by which such community real property or any interest therein is leased for a longer period than one year, or is sold, conveyed, or encumbered; provided, however, that nothing herein contained shall be construed to apply to a lease, mortgage, conveyance, or transfer of real property or of any interest in real property between husband and wife; provided, also, however, that the sole lease, contract, mortgage or deed of the husband, holding the record title to community real property, to a lessee, purchaser, or encumbrancer, in good faith without knowlege of the marriage relation, shall be presumed to be valid if executed prior to

January 1, 1975, and that the sole lease, contract, mortgage, or deed of either spouse, holding the record title to community real property to a lessee, purchaser, or encumbrancer, in good faith without knowledge of the marriage relation, shall be presumed to be valid if executed on or after January 1, 1975. No action to avoid any instrument mentioned in this section, affecting any property standing of record in the name of either spouse alone, executed by the spouse alone, shall be commenced after the expiration of one year from the filing for record of such instrument in the recorder's office in the county in which the land is situate, and no action to avoid any instrument mentioned in this section, affecting any property standing of record in the name of the husband alone, which was executed by the husband alone and filed for record prior to the time this act takes effect, in the recorder's office in the county in which the land is situate, shall be commenced after the expiration of one year from the date on which this act takes effect.

SEC. 4. Section 82 of the Probate Code, as amended by Chapter 820 of the Statutes of 1986, is repealed.

SEC. 5. Section 82 is added to the Probate Code, to read:

82. (a) "Trust" includes the following:

(1) An express trust, private or charitable, with additions thereto, wherever and however created.

(2) A trust created or determined by a judgment or decree under which the trust is to be administered in the manner of an express trust.

(b) "Trust" excludes the following:

(1) Constructive trusts, other than those described in paragraph (2) of subdivision (a), and resulting trusts.

(2) Guardianships and conservatorships.

(3) Personal representatives.

(4) Totten trust accounts.

(5) Custodial arrangements pursuant to the Uniform Gifts to Minors Act or the Uniform Transfers to Minors Act of any state.

(6) Business trusts that are taxed as partnerships or corporations.

(7) Investment trusts subject to regulation under the laws of this state or any other jurisdiction.

(8) Common trust funds.

(9) Voting trusts.

(10) Security arrangements.

(11) Transfers in trust for purpose of suit or enforcement of a claim or right.

(12) Liquidation trusts.

(13) Trusts for the primary purpose of paying debts, dividends, interest, salaries, wages, profits, pensions, or employee benefits of any kind.

(14) Any arrangement under which a person is nominee or escrowee for another.

SEC. 6. Section 104 of the Probate Code is amended to read:

104. Notwithstanding Section 100, community property held in a

revocable trust described in Section 5110.150 of the Civil Code is governed by the provisions, if any, in the trust for disposition in the event of death.

SEC. 6.5. Section 1201 of the Probate Code is amended to read:

1201. (a) Where a provision of this code requires that notice be given to heirs, or to devisees and legatees, or both, of a decedent or testator, notice need not be given to (1) a person who may be an heir of the decedent or testator because of a possible parent-child relationship between a stepchild and a stepparent or between a foster child and a foster parent or (2) a person who may be a member of a class to whom a devise or bequest is made because of a possible parent-child relationship between a stepchild and a stepparent or between a foster child and a foster parent, unless the person required to give the notice has actual knowledge of facts which a person would reasonably believe give rise under Section 6408 to the parent-child relationship between the stepchild and the stepparent or the foster child and the foster parent.

(b) Nothing in this section limits Section 1202, 1202.5, or 1204.

SEC. 7. Section 13504 of the Probate Code is amended to read:

13504. Notwithstanding the provisions of this part, community property held in a revocable trust described in Section 5110.150 of the Civil Code is governed by the provisions, if any, in the trust for disposition in the event of death.

SEC. 8. Section 15003 of the Probate Code is amended to read:

15003. (a) Nothing in this division affects the law relating to constructive or resulting trusts.

(b) The repeal of Title 8 (commencing with Section 2215) of Part 4 of Division 3 of the Civil Code as provided in the act that added this division to the Probate Code is not intended to alter the rules applied by the courts to fiduciary and confidential relationships, except as to express trusts governed by this division.

(c) Nothing in this division or in Section 82 is intended to prevent the application of all or part of the principles or procedures of this division to an entity or relationship that is excluded from the definition of "trust" provided by Section 82 where these principles or procedures are applied pursuant to statutory or common law principles, by court order or rule, or by contract.

SEC. 9. Section 15405 of the Probate Code is amended to read:

15405. For the purposes of Section 15403 and 15404, the consent of a beneficiary who lacks legal capacity, including a minor, or who is an unascertained or unborn person may be given in proceedings before the court by a guardian ad litem, if it would be appropriate to do so. In determining whether to give consent, the guardian ad litem may rely on general family benefit accruing to living members of the beneficiary's family as a basis for approving a modification or termination of the trust.

SEC. 10. Section 15410 of the Probate Code is amended to read:

15410. At the termination of a trust, the trust property shall be disposed of as follows:

(a) In the case of a trust that is revoked by the settlor, as directed by the settlor.

(b) In the case of a trust that is terminated by the consent of the settlor and all beneficiaries, as agreed by the settlor and all beneficiaries.

(c) In any other case, as provided in the trust instrument or in a manner directed by the court that conforms as nearly as possible to the intention of the settlor as expressed in the trust instrument.

(d) If a trust is terminated by the trustee pursuant to subdivision (b) of Section 15408, the trust property may be distributed as determined by the trustee pursuant to the standard provided in subdivision (c) without the need for a court order. Where the trust instrument does not provide a manner of distribution at termination and the settlor's intent is not adequately expressed in the trust instrument, the trustee may distribute the trust property to the living beneficiaries on an actuarial basis.

SEC. 11. Section 15803 of the Probate Code is amended to read:

15803. The holder of a presently exercisable general power of appointment or power to withdraw property from the trust has the rights of a person holding the power to revoke the trust that are provided by Sections 15800 to 15802, inclusive, to the extent of the holder's power over the trust property.

SEC. 12. Section 15805 is added to the Probate Code, to read:

15805. Notwithstanding any other provision of law, the Attorney General is subject to the limitations on the rights of beneficiaries of revocable trusts provided by Sections 15800 to 15802, inclusive.

SEC. 13. Section 16062 of the Probate Code is amended to read:

16062. (a) Except as otherwise provided in this section and in Section 16064, the trustee shall account at least annually, at the termination of the trust, and upon a change of trustees, to each beneficiary to whom income or principal is required or authorized in the trustee's discretion to be currently distributed.

(b) A trustee of a living trust created by an instrument executed before July 1, 1987, is not subject to the duty to account provided by subdivision (a).

(c) A trustee of a trust created by a will executed before July 1, 1987, is not subject to the duty to account provided by subdivision (a), except that if the trust is removed from continuing court jurisdiction pursuant to Article 2 (commencing with Section 17350) of Chapter 4 of Part 5, the duty to account provided by subdivision (a) applies to the trustee.

(d) Except as provided in Section 16064, the duty of a trustee to account pursuant to former Section 1120.1a of the Probate Code (as repealed by Chapter 820 of the Statutes of 1986), under a trust created by a will executed before July 1, 1977, which has been removed from continuing court jurisdiction pursuant to former Section 1120.1a, continues to apply after July 1, 1987. The duty to account under former Section 1120.1a may be satisfied by furnishing an account that satisfies the requirements of Section 16063.

SEC. 14. Section 16063 of the Probate Code is amended to read:

16063. An account furnished pursuant to Section 16062 shall contain the following information:

(a) A statement of receipts and disbursements of principal and income that have occurred during the last complete fiscal year of the trust or since the last account.

(b) A statement of the assets and liabilities of the trust as of the end of the last complete fiscal year of the trust or as of the end of the period covered by the account.

(c) The trustee's compensation for the last complete fiscal year of the trust or since the last account.

(d) The agents hired by the trustee, their relationship to the trustee, if any, and their compensation, for the last complete fiscal year of the trust or since the last account.

(e) A statement that the recipient of the account may petition the court pursuant to Section 17200 to obtain a court review of the account and of the acts of the trustee.

(f) A statement that claims against the trustee for breach of trust may not be made after the expiration of three years from the date the beneficiary receives an account or report disclosing facts giving rise to the claim.

SEC. 15. Section 16082 is added to the Probate Code, to read:

16082. Except as otherwise specifically provided in the trust instrument, a person who holds a power to appoint or distribute income or principal to or for the benefit of others, either as an individual or as trustee, may not use the power to discharge the legal obligations of the person holding the power.

SEC. 16. Section 16222 of the Probate Code is amended to read:

16222. (a) Subject to subdivision (b), the trustee has the power to continue or participate in the operation of any business or other enterprise that is part of the trust property and may effect incorporation, dissolution, or other change in the form of the organization of the business or enterprise.

(b) Except as provided in subdivision (c), the trustee may continue the operation of a business or other enterprise only as authorized by the trust instrument or by the court. For the purpose of this subdivision, the lease of four or fewer residential units is not considered to be the operation of a business or other enterprise.

(c) The trustee may continue the operation of a business or other enterprise for a reasonable time pending a court hearing on the matter or pending a sale of the business or other enterprise.

(d) The limitation provided in subdivision (b) does not affect any power to continue or participate in the operation of a business or other enterprise that the trustee has under a trust created by an instrument executed before July 1, 1987.

SEC. 17. Section 16303 of the Probate Code is amended to read:

16303. (a) Income is the return in money or property derived from the use of principal, including return received as any of the following:

(1) Rent of real or personal property, including sums received for cancellation or renewal of a lease.

(2) Interest on money lent, including sums received as consideration for the prepayment of principal except as provided in Section 16307 on bond premium and bond discount.

(3) Receipts allocated to income as provided in Section 16304.

(4) Income earned during administration of a decedent's estate as provided in Section 16305.

(5) Corporate distributions as provided in Section 16306.

(6) Accrued increment on bonds or other obligations issued at discount as provided in Section 16307.

(7) Receipts from business and farming operations as provided in Section 16308.

(8) Receipts from disposition of natural resources as provided in Section 16309.

(9) Receipts from other principal subject to depletion as provided in Section 16310.

(10) Receipts from disposition of underproductive property as provided in Section 16311.

(b) Principal is the property which has been set aside by the owner or the person legally empowered so that it is held in trust eventually to be delivered to a remainder beneficiary while the return or use of the principal is in the meantime taken or received by or held for accumulation for an income beneficiary. Principal includes the following:

(1) Consideration received by the trustee on the sale or other transfer of principal or on repayment of a loan or as a refund or replacement or change in the form of principal.

(2) Proceeds of property taken on eminent domain proceedings.

(3) Proceeds of insurance upon property forming part of the principal except proceeds of insurance upon a separate interest of an income beneficiary.

(4) Receipts allocated to principal as provided in Section 16304.

(5) Stock dividends, receipts on liquidation of a corporation, and other corporate distributions as provided in Section 16306.

(6) Proceeds from the disposition of bonds and other obligations for the payment of money as provided in Section 16307.

(7) Royalties and other receipts from disposition of natural resources as provided in Section 16309.

(8) Receipts from other principal subject to depletion as provided in Section 16310.

(9) Any profit resulting from any change in the form of principal except as provided in Section 16311 on underproductive property.

(10) Receipts from disposition of underproductive property as provided in Section 16311.

(11) Any allowances for depreciation established under Section 16308 and paragraph (2) of subdivision (b) of Section 16312.

SEC. 18. Section 16441 of the Probate Code is amended to read:

16441. If the trustee is liable for interest pursuant to Section

16440, the trustee is liable for the greater of the following amounts:

(a) The amount of interest that accrues at the legal rate on judgments in effect during the period when the interest accrued.

(b) The amount of interest actually received.

SEC. 19. Section 17457 of the Probate Code is amended to read:

17457. A trust transferred to this state pursuant to this chapter shall be administered in the same manner as a trust of that type created in this state. The validity of a trust and the construction of the beneficial provisions of a trust transferred to this state are not affected by this section.

SEC. 20. Section 20114.5 is added to the Probate Code, to read:

20114.5. (a) As used in this section: (1) A reference to Section 4981 of the Internal Revenue Code means Section 4981 as enacted by Section 1133(a) of the Tax Reform Act of 1986 (Public Law 99-514); (2) "Excess retirement accumulation" has the meaning given it in Section 4981(d)(3) of the Internal Revenue Code.

(b) If the federal estate tax is increased under Section 4981(d) of the Internal Revenue Code, the amount of the increase shall be a charge against the persons who receive the excess retirement accumulation that gives rise to the increase, and shall be equitably prorated among all persons who receive interests in qualified employer plans and individual retirement plans to which the excess retirement accumulation is attributable.

SEC. 21. Sections 1 to 20, inclusive, of this act shall become operative on July 1, 1987.

SEC. 21. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to facilitate and coordinate the implementation of the Trust Law, which will become operative July 1, 1987, it is necessary that this act go into immediate effect.

CHAPTER 129

An act to repeal Section 21665 of the Public Utilities Code, relating to aviation.

[Approved by Governor July 6, 1987 Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 21665 of the Public Utilities Code is repealed.

CHAPTER 130

An act to repeal and add Section 28053 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 6, 1987 Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 28053 of the Vehicle Code is repealed.

SEC. 2. Section 28053 is added to the Vehicle Code, to read:

28053. (a) Nothing in this article prevents the service, repair, or replacement of an odometer, if the mileage indicated thereon remains the same as before the service, repair, or replacement. If the odometer is incapable of registering the same mileage as before the service, repair, or replacement, the odometer shall be adjusted to read zero and a notice in writing shall be attached to the left doorframe of the vehicle by the person performing the service, repair, or replacement specifying the mileage prior to the service, repair or replacement of the odometer and the date on which it was serviced, repaired, or replaced.

(b) No person shall fail to adjust an odometer or affix a notice regarding the adjustment as required by subdivision (a).

(c) No person shall, with intent to defraud, remove or alter any notice affixed to a vehicle pursuant to subdivision (a).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 131

An act to amend Section 12028.5 of the Penal Code, relating to crime.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 12028.5 of the Penal Code is amended to read:

12028.5. (a) As used in this section, the following words have the following meanings:

(1) "Abuse" means intentionally or recklessly causing or

attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself, herself, or another.

(2) "Domestic violence" is abuse perpetrated against a family or household member.

(3) "Family or household member" means a spouse, former spouse, parent, child, any other person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the last six months, regularly resided in the household.

(b) A sheriff, undersheriff, deputy sheriff, or police officer of a city, as defined in subdivision (a) of Section 830.1, a member of the University of California Police Department, as defined in subdivision (d) of Section 830.2, and a member of a California State University Police Department, as defined in subdivision (e) of Section 830.2, who is at the scene of a domestic violence incident involving a threat to human life or a physical assault, may take temporary custody of any firearm in plain sight or discovered pursuant to a consensual search as necessary for the protection of the peace officer or other persons present. Upon taking custody of a firearm, the officer shall give the owner or person who possessed the firearm a receipt. The receipt shall describe the firearm and list any identification or serial number on the firearm. The receipt shall indicate where the firearm can be recovered and the date after which the owner or possessor can recover the firearm. No firearm shall be held less than 48 hours. If a firearm is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident or is not retained because it was illegally possessed, the firearm shall be made available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than 72 hours after the seizure.

(c) Any firearm which has been taken into custody which has been stolen shall be restored to the lawful owner, as soon as its use for evidence has been served, upon his or her identification of the firearm and proof of ownership.

(d) Any firearm taken into custody and held by a police or sheriff's department for longer than 12 months and not recovered by the owner or person who has lawful possession at the time it was taken into custody, shall be considered a nuisance and sold or destroyed as provided in subdivision (c) of Section 12028.

SEC. 2. Section 12028.5 of the Penal Code is amended to read:

12028.5. (a) As used in this section, the following words have the following meanings:

(1) "Abuse" means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself, herself, or another.

(2) "Domestic violence" is abuse perpetrated against a family or household member.

(3) "Family or household member" means a spouse, former spouse, parent, child, any other person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the last six months, regularly resided in the household.

(b) A sheriff, undersheriff, deputy sheriff, marshal, deputy marshal, or police officer of a city, as defined in subdivision (a) of Section 830.1, a member of the University of California Police Department, as defined in subdivision (d) of Section 830.2, and a member of a California State University Police Department, as defined in subdivision (e) of Section 830.2, who is at the scene of a domestic violence incident involving a threat to human life or a physical assault, may take temporary custody of any firearm in plain sight or discovered pursuant to a consensual search as necessary for the protection of the peace officer or other persons present. Upon taking custody of a firearm, the officer shall give the owner or person who possessed the firearm a receipt. The receipt shall describe the firearm and list any identification or serial number on the firearm. The receipt shall indicate where the firearm can be recovered and the date after which the owner or possessor can recover the firearm. No firearm shall be held less than 48 hours. If a firearm is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident or is not retained because it was illegally possessed, the firearm shall be made available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than 72 hours after the seizure.

(c) Any firearm which has been taken into custody which has been stolen shall be restored to the lawful owner, as soon as its use for evidence has been served, upon his or her identification of the firearm and proof of ownership.

(d) Any firearm taken into custody and held by a police, university police, or sheriff's department or by a marshal's office, for longer than 12 months and not recovered by the owner or person who has lawful possession at the time it was taken into custody, shall be considered a nuisance and sold or destroyed as provided in subdivision (c) of Section 12028.

SEC. 3. Section 2 of this bill incorporates amendments to Section 12028.5 of the Penal Code proposed by both this bill and AB 416. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1988, (2) each bill amends Section 12028.5 of the Penal Code, and (3) this bill is enacted after AB 416, in which case Section 1 of this bill shall not become operative.

CHAPTER 132

An act to amend Section 3781 of the Elections Code, relating to county elections.

[Approved by Governor July 6, 1987. Filed with Secretary of State July 6, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 3781 of the Elections Code is amended to read:

3781. (a) Whenever any county measure qualifies for a place on the ballot, the county clerk shall transmit a copy of the measure to the county auditor and to the county counsel or to the district attorney in any county which has no county counsel.

(b) The county counsel or district attorney shall prepare an impartial analysis of the measure showing the effect of the measure on the existing law and the operation of the measure. The analysis shall be printed preceding the arguments for and against the measure. The analysis shall not exceed 500 words in length.

Immediately below the impartial analysis there shall be printed in no less than 10-point boldface type a legend substantially as follows:

"The above statement is an impartial analysis of Ordinance or Measure _____. If you desire a copy of the ordinance or measure, please call the elections official's office at (insert telephone number) and a copy will be mailed at no cost to you."

(c) Not later than 88 days prior to an election which includes a county ballot measure, the board of supervisors may direct the county auditor to review the measure and determine whether the substance thereof, if adopted, would affect the revenues or expenditures of the county. He or she shall prepare a fiscal impact statement which estimates the amount of any increase or decrease in revenues or costs to the county if the proposed measure is adopted. The fiscal impact statement is "official matter" within the meaning of those words as used in Section 10010 and shall be printed preceding the arguments for and against the measure. The fiscal impact statement shall not exceed 500 words in length.

CHAPTER 133

An act to amend Section 13002 of the Health and Safety Code, to amend and renumber Sections 374b, 374b.5, and 374e of the Penal Code, to amend Section 5008.7 of the Public Resources Code, and to amend Section 42001.7 of the Vehicle Code, relating to litter.

[Approved by Governor July 6, 1987 Filed with Secretary of State July 7, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 13002 of the Health and Safety Code is amended to read:

13002. (a) Every person is guilty of a misdemeanor who throws or discharges any lighted or nonlighted cigarette, cigar, match, or any flaming or glowing substance, or any substance or thing which may cause a fire upon any highway, including any portion of the right-of-way of any highway, upon any sidewalk, or upon any public or private property. This subdivision does not restrict a private owner in the use of his or her own private property, unless the placing, depositing, or dumping of the waste matter on the property creates a public health and safety hazard, a public nuisance, or a fire hazard, as determined by a local health department, local fire department or fire district, or the Department of Forestry and Fire Protection, in which case this section applies.

(b) Every person convicted of a violation of this section shall be punished by a mandatory fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) upon a first conviction, by a mandatory fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000) upon a second conviction, and by a mandatory fine of not less than seven hundred fifty dollars ($750) nor more than one thousand dollars ($1,000) upon a third or subsequent conviction.

The court may, in addition to the fine imposed upon a conviction, require as a condition of probation, in addition to any other condition, that any person convicted of a violation of this section pick up litter at a time and place within the jurisdiction of the court for not less than eight hours.

SEC. 2. Section 374b of the Penal Code is amended and renumbered to read:

374.3. (a) It is unlawful to dump or cause to be dumped any waste matter in or upon any public or private highway or road, including any portion of the right-of-way thereof, or in or upon any private property into or upon which the public is admitted by easement or license, or upon any private property without the consent of the owner, or in or upon any public park or other public property other than property designated or set aside for that purpose by the governing board or body having charge of that property.

(b) It is unlawful to place, deposit, or dump, or cause to be placed, deposited, or dumped, any rocks or dirt in or upon any private highway or road, including any portion of the right-of-way thereof, or any private property, without the consent of the owner, or in or upon any public park or other public property, without the consent of the state or local agency having jurisdiction over the highway, road, or property.

(c) Any person, firm, or corporation violating this section is guilty of an infraction. Each day that waste placed, deposited, or dumped in violation of this section remains is a separate violation.

(d) This section does not restrict a private owner in the use of his or her own private property, unless the placing, depositing, or dumping of the waste matter on the property creates a public health and safety hazard, a public nuisance, or a fire hazard, as determined by a local health department, local fire department or district providing fire protection services, or the Department of Forestry and Fire Protection, in which case this section applies.

(e) A person convicted of a violation of this section shall be punished by a mandatory fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) upon a first conviction, by a mandatory fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000) upon a second conviction, and by a mandatory fine of not less than seven hundred fifty dollars ($750) nor more than one thousand dollars ($1,000) upon a third or subsequent conviction.

(f) The court may require, in addition to any fine imposed upon a conviction, that, as a condition of probation and in addition to any other condition of probation, a person convicted under this section remove, or pay the cost of removing, any waste matter which the convicted person dumped or caused to be dumped upon public or private property.

(g) Except when the court requires the convicted person to remove waste matter which he or she is responsible for dumping as a condition of probation, the court may, in addition to the fine imposed upon a conviction, require as a condition of probation, in addition to any other condition of probation, that any person convicted of a violation of this section pick up waste matter at a time and place within the jurisdiction of the court for not less than eight hours.

SEC. 3. Section 374b.5 of the Penal Code is amended and renumbered to read:

374.4. (a) It is unlawful to litter or cause to be littered in or upon any public or private property. Any person, firm, or corporation violating this section is guilty of an infraction.

(b) This section does not restrict a private owner in the use of his or her own property, unless the littering of waste matter on the property creates a public health and safety hazard, a public nuisance, or a fire hazard, as determined by a local health department, local fire department or district providing fire protection services, or the

Department of Forestry and Fire Protection, in which case this section applies.

(c) As used in this section, "litter" means the discarding, dropping, or scattering of small quantities of waste matter ordinarily carried on or about the person, including, but not limited to, beverage containers and closures, packaging, wrappers, wastepaper, newspapers, and magazines, in a place other than a place or container for the proper disposal thereof, and including waste matter which escapes or is allowed to escape from a container, receptacle, or package.

(d) A person, firm, or corporation convicted of a violation of this section shall be punished by a mandatory fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) upon a first conviction, by a mandatory fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000) upon a second conviction, and by a mandatory fine of not less than seven hundred fifty dollars ($750) nor more than one thousand dollars ($1,000) upon a third or subsequent conviction.

(e) The court may, in addition to the fine imposed upon a conviction, require as a condition of probation, in addition to any other condition of probation, that any person convicted of a violation of this section pick up litter at a time and place within the jurisdiction of the court for not less than eight hours.

SEC. 4. Section 374e of the Penal Code is amended and renumbered to read:

374.7. (a) Every person who litters or causes to be littered, or dumps or causes to be dumped, any waste matter into any bay, lagoon, channel, river, creek, slough, canal, lake, or reservoir, or other stream or body of water, or upon a bank, beach, or shore within 150 feet of the high water mark of any stream or body of water, is guilty of a misdemeanor.

(b) Every person convicted of a violation of subdivision (a) shall be punished by a mandatory fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) upon a first conviction, by a mandatory fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000) upon a second conviction, and by a mandatory fine of not less than seven hundred fifty dollars ($750) nor more than one thousand dollars ($1,000) upon a third or subsequent conviction.

(c) The court may, in addition to the fine imposed upon a conviction, require as a condition of probation, in addition to any other condition of probation, that any person convicted of a violation of subdivision (a), pick up litter at a time and place within the jurisdiction of the court for not less than eight hours.

SEC. 5. Section 5008.7 of the Public Resources Code is amended to read:

5008.7. Every person convicted of a violation of any rule or regulation adopted by the department pursuant to this division prohibiting the leaving, depositing, dropping, or scattering of bottles,

broken glass, ashes, wastepaper, cans, or other rubbish in any unit of the state park system shall be punished by a mandatory fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) upon a first conviction, by a mandatory fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000) upon a second conviction, and by a mandatory fine of not less than seven hundred fifty dollars ($750) nor more than one thousand dollars ($1,000) upon a third or subsequent conviction.

The court may, in addition to the fine imposed upon a conviction, require as a condition of probation, in addition to any other condition of probation, that any person convicted of a violation of this section pick up litter at a time and place within the jurisdiction of the court for not less than eight hours.

SEC. 6. Section 42001.7 of the Vehicle Code is amended to read:

42001.7. Every person convicted of a violation of Section 23111 or 23112, or subdivision (a) of Section 23113, shall be punished by a mandatory fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) upon a first conviction, by a mandatory fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000) upon a second conviction, and by a mandatory fine of not less than seven hundred fifty dollars ($750) nor more than one thousand dollars ($1,000) upon a third or subsequent conviction.

The court may, in addition to the fine imposed upon a conviction, require as a condition of probation, in addition to any other condition of probation, that any person convicted of a violation of this section pick up litter at a time and place within the jurisdiction of the court for not less than eight hours.

CHAPTER 134

An act to amend Sections 196 and 239 of, and to add Section 1141.105 to, the Code of Civil Procedure, to amend Sections 32390, 48911, 48914, and 48980 of the Education Code, to amend Sections 7906, 68562, and 68562.1 of the Government Code, to amend Sections 1143 and 1203 of the Penal Code, to amend Section 653.5 of, and to repeal Section 653.1 of, the Welfare and Institutions Code, and to repeal Sections 2, 12, and 18 of Chapter 1217 of the Statutes of 1985, relating to fiscal affairs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1987 Filed with Secretary of State July 7, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 196 of the Code of Civil Procedure is amended to read:

196. Except as otherwise provided by the next sentence, unless a higher fee of no more than ten dollars ($10) for each day's attendance is provided by county or city and county ordinance, the fee for trial jurors in the superior, municipal, and justice courts, in civil cases, is five dollars ($5) a day for each day's attendance as a juror. If a juror is subject to the requirement that the compensation provided by this section be remitted to his or her employer, then the fee for that trial juror, in civil cases, is five dollars ($5). Unless a higher rate of mileage is otherwise provided by statute or by county or city and county ordinance, trial jurors in the superior, municipal, and justice courts shall be reimbursed for mileage at the rate of fifteen cents ($0.15) per mile for each mile actually traveled in attending court as a juror, in going only.

SEC. 2. Section 239 of the Code of Civil Procedure is amended to read:

239. (a) Except in a county having a population of more than 6,000,000, any juror summoned shall be entitled to volunteer to be available on one-hour notice by telephone, in which case he would not be obligated to actually appear in court until so notified.

In a county having a population of more than 6,000,000, any juror summoned shall be entitled to volunteer to be available on one-hour notice by telephone, provided that the jury commissioner determines that it will serve the operational needs of the court and that a resolution has been adopted by the board of supervisors authorizing implementation of this section.

(b) The board of supervisors of any county may provide by ordinance that no trial juror shall be required during any 12-month period to serve more than 10 court days, except as necessary to complete the hearing of an action.

SEC. 3. Section 1141.105 is added to the Code of Civil Procedure, to read:

1141.105. This chapter only applies in those counties in which the board of supervisors has adopted a resolution authorizing this chapter to be applied in that county and agreeing to the payment by the county of costs imposed by Section 1141.28.

SEC. 4. Section 32390 of the Education Code is amended to read:

32390. (a) The governing board of any school district may offer a fingerprint program for children enrolled in kindergarten or newly enrolled in that district. The governing board may contract with any public or private agency, including any civic or community organization if determined to be appropriate by the governing board, to perform the fingerprinting. The governing board may seek to obtain private funding and volunteer assistance in performing the fingerprinting. The department shall adopt rules and regulations concerning obtaining private funding and volunteer assistance, and develop fingerprinting standards, as approved by the Department of Justice, to be followed in the fingerprinting of children pursuant to this article.

The governing board of any school district offering a

fingerprinting program pursuant to this article shall assess a fee to the parent or guardian of the fingerprinted pupils. The fee shall be calculated to reimburse the district only for actual costs associated with the program.

(b) In a school district which elects to offer a fingerprinting program pursuant to this article, each parent or guardian of a child shall be informed of the school fingerprinting program when he or she first enrolls the child in the public schools. At that time the parent or guardian shall declare, in writing, whether or not he or she wants the child to be fingerprinted in the school program and if the parent or guardian consents to the fingerprinting he or she shall pay the applicable fee. The parent or guardian shall be informed in writing at the time of enrollment that he or she may reverse in writing his or her declaration on fingerprinting at any time. Children shall not be fingerprinted without the consent of the parent or guardian.

(c) Any report or document containing fingerprints of a child which is made pursuant to this article shall be given to the parents or guardian of the child and shall not be given to, or retained by, the school district or any other private or public entity. The report or document containing the fingerprints may be given to the parents or guardian with the child's report card or any other document routinely mailed to parents or guardians, or may be given to parents or guardians in person at any conference with the child's teacher. To the maximum extent feasible, the report or document containing the fingerprints shall not be sent to the parents in a separate mailing.

(d) As used in this article, the terms "school district," and "governing board" include a county superintendent of schools.

SEC. 5. Section 48911 of the Education Code is amended to read:

48911. (a) The principal of the school, the principal's designee, or the superintendent of schools may suspend a pupil from the school for any of the reasons enumerated in Section 48900, and pursuant to Section 48900.5, for no more than five consecutive schooldays.

(b) Suspension by the principal, the principal's designee, or the superintendent shall be preceded by an informal conference conducted by the principal or the principal's designee or the superintendent of schools between the pupil and, whenever practicable, the teacher or supervisor or school employee who referred the pupil to the principal or the principal's designee or the superintendent of schools. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

(c) A principal or the principal's designee or the superintendent of schools may suspend a pupil without affording the pupil an opportunity for a conference only if the principal or the principal's designee or the superintendent of schools determines that an emergency situation exists. "Emergency situation," as used in this article, means a situation determined by the principal, the principal's designee, or the superintendent to constitute a clear and present

danger to the lives, safety, or health of pupils or school personnel. If a pupil is suspended without a conference prior to suspension, both the parent and the pupil shall be notified of the pupil's right to a conference, and the pupil's right to return to school for the purpose of a conference. The conference shall be held within two schooldays, unless the pupil waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. The conference shall then be held as soon as the pupil is physically able to return to school for the conference.

(d) At the time of suspension, a school employee shall make a reasonable effort to contact the pupil's parent or guardian in person or by telephone. Whenever a pupil is suspended from school, the parent or guardian shall be notified in writing of the suspension.

(e) A school employee shall report the suspension of the pupil, including the cause therefor, to the governing board of the school district or to the district superintendent in accordance with the regulations of the governing board.

(f) The parent or guardian of any pupil shall respond without delay to any request from school officials to attend a conference regarding his or her child's behavior.

No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at such conference.

(g) In a case where expulsion from any school or suspension for the balance of the semester from continuation school is being processed by the governing board, the school district superintendent or other person designated by the superintendent in writing may extend the suspension until such time as the governing board has rendered a decision in the action. However, an extension may be granted only if the superintendent or the superintendent's designee has determined, following a meeting in which the pupil and the pupil's parent or guardian are invited to participate, that the presence of the pupil at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. If the pupil or the pupil's parent or guardian has requested a meeting to challenge the original suspension pursuant to Section 48914, the purpose of the meeting shall be to decide upon the extension of the suspension order under this section and may be held in conjunction with the initial meeting on the merits of the suspension.

(h) For the purposes of this section, a "principal's designee" is any one or more administrators at the school site specifically designated by the principal, in writing, to assist with disciplinary procedures.

In the event that there is not an administrator in addition to the principal at the school site, a certificated person at the school site may be specifically designated by the principal, in writing, as a "principal's designee," to assist with disciplinary procedures. The principal may designate only one such person at a time as the

principal's primary designee for the school year.

An additional person meeting the requirements of this subdivision may be designated by the principal, in writing, to act for the purposes of this article when both the principal and the principal's primary designee are absent from the school site. The name of the person, and the names of any person or persons designated as "principal's designee," shall be on file in the principal's office.

SEC. 6. Section 48914 of the Education Code is amended to read:

48914. Each school district is authorized to establish a policy that permits school officials to conduct a meeting with the parent or guardian of a suspended pupil to discuss the causes, the duration, the school policy involved, and other matters pertinent to the suspension.

SEC. 7. Section 48980 of the Education Code is amended to read:

48980. (a) At the beginning of the first semester or quarter of the regular school term, the governing board of each school district shall notify the parent or guardian of its minor pupils regarding the right or responsibility of the parent or guardian under Sections 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, 51240, and 51550, and Article 3 (commencing with Section 56030) of Chapter 1 of Part 30.

(b) The notification shall also advise the parent or guardian of the availability of individualized instruction as prescribed by Section 48206.3, and of the program prescribed by Article 9 (commencing with Section 49510) of Chapter 9.

(c) School districts which elect to provide a fingerprinting program pursuant to Article 10 (commencing with Section 32390) shall inform parents or guardians of the program as specified in Section 32390.

SEC. 8. Section 7906 of the Government Code is amended to read:

7906. For school districts:

(a) "ADA" means a school district's second principal apportionment units of average daily attendance in the regular school year, excluding average daily attendance in summer programs, adult education programs, and regional occupational centers and programs.

(b) "Foundation program level" means:

(1) For the 1978–79 fiscal year, one thousand two hundred forty-one dollars ($1,241) for elementary districts, one thousand three hundred twenty-two dollars ($1,322) for unified districts, and one thousand four hundred twenty-seven dollars ($1,427) for high school districts.

(2) For the 1979–80 fiscal year through the 1986–87 fiscal year, inclusive, the levels specified in paragraph (1) increased by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year.

(3) For the 1986–87 fiscal year, the levels specified in paragraph (2) increased by one hundred eighty dollars ($180) for elementary districts, one hundred ninety-one dollars ($191) for unified districts,

and two hundred seven dollars ($207) for high school districts.

(4) For the 1987–88 fiscal year and each fiscal year thereafter, the levels specified in paragraph (3) increased by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year.

(c) "Proceeds of taxes" shall be deemed to include subventions received from the state only if those subventions are for one of the following two purposes:

(1) Basic aid subventions of $120 per ADA.

(2) Additional apportionments, if any, which, when added to the district's local revenues as defined in Section 42237 or 42238 of the Education Code, do not exceed the foundation program level for that type of district. Any apportionments which are provided in excess of the amount needed to increase a district's 1978–79 revenue limit per ADA by the lesser of the change in cost of living or California per capita personal income, shall not be considered to be proceeds of taxes for that school district.

(d) The remainder of the state apportionments, including special purpose apportionments and categorical aid subventions shall not be considered proceeds of taxes for a school district.

SEC. 9. Section 68562 of the Government Code is amended to read:

68562. Any appropriation that provides funding for court interpreter services shall identify the county and the court interpreter programs to which it applies. For each county thus designated, beginning one year after the effective date of the designation, the State Personnel Board shall establish, maintain, and publish a list of recommended court interpreters, and the trial courts of each county shall utilize only the services of those recommended interpreters unless good cause is found by the judge for the appointment of an interpreter not on the recommended list. In establishing a list of recommended court interpreters, the State Personnel Board shall select from a list of qualified candidates who have successfully demonstrated proficiency, both written and oral, in an examination conducted by the State Personnel Board. The courts may also impose additional testing requirements and consider additional standards, as necessary for equity or to recognize local conditions. The State Personnel Board shall establish minimum standards of proficiency of language skills, both written and oral, in both English and the language to be interpreted. In establishing these criteria, the State Personnel Board shall take into account standards adopted by the Judicial Council to ensure a court interpreter's understanding of the technical terminology and procedures used in the courts. The State Personnel Board shall administer an appropriate examination and publish and make available to every trial court a list of qualified interpreters as frequently as needed to ensure that qualified interpreters are available.

SEC. 10. Section 68562.1 of the Government Code is amended to

read:

68562.1. The State Personnel Board shall charge a fee to applicants sufficient to cover the costs of examination and the costs of producing and distributing the list of qualified interpreters pursuant to Sections 68562 and 11513 and shall charge and be reimbursed a pro rata share of the costs of carrying out the provisions of Sections 68562 and 11513 by the Judicial Council and state agencies which conduct administrative hearings.

SEC. 10.5. Section 1143 of the Penal Code is amended to read:

1143. Except as otherwise provided by the next sentence, unless a higher fee of no more than ten dollars ($10) for each day's attendance is provided by county or city and county ordinance, the fee for trial jurors in the superior, municipal, and justice courts of the state, in criminal cases, is five dollars ($5), in lawful money of the United States, for each day's attendance. If a juror is subject to the requirement that the compensation provided by this section be remitted to his or her employer, then the fee for that trial juror, in criminal cases, is five dollars ($5). Unless a higher rate of mileage is otherwise provided by statute or by county or city and county ordinance, trial jurors in the superior, municipal, and justice courts shall be reimbursed for mileage at the rate of fifteen cents ($0.15) per mile for each mile necessarily traveled in attending court, in going only. Such fees and mileage shall be paid by the treasurer of the county, or city and county, in which the juror's services were rendered, out of the general fund of said county, or city and county, upon warrants drawn by the county auditor upon the written order of the judge of the court in which said juror was in attendance, and the treasurer of said county, or city and county, shall pay said warrants. The board of supervisors of each county, or city and county, is hereby directed to make suitable appropriations for the payment of the fees herein provided for.

SEC. 11. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" shall mean the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of the probation officer. As used in this code, "conditional sentence" shall mean the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to the conditions established by the court without the supervision of the probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) Except as provided in subdivision (j), in every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be

considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted. Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation. The probation officer shall also include in the report his or her recommendation of the amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his or her report a recommendation as to whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund. The report shall be made available to the court and the prosecuting and defense attorney at least nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) In every case in which a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If such a case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person which could have been included in a probation report. The court shall inform the person of the

information to be considered and permit him or her to answer or controvert such information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, burglary, burglary with explosives, rape with force or violence, murder, assault with intent to commit murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of such crimes and was armed with such weapon at either of such times.

(2) Any person who used or attempted to use a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, murder, attempt to commit murder, assault with intent to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, or 288a, or a conspiracy to commit one or more of such crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of such previous crime or his or her arrest for such previous crime, he or she was armed with such weapon at either of such times.

(B) The person used or attempted to use a deadly weapon upon a human being in connection with the perpetration of such previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of such previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or

was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(f) When probation is granted in a case which comes within the provisions of subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where such determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon such referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) In any case in which a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain such a statement in any case where the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator, Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4).

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before such county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay such costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's

probationary period.

SEC. 12. Section 653.1 of the Welfare and Institutions Code is repealed.

SEC. 13. Section 653.5 of the Welfare and Institutions Code is amended to read:

653.5. (a) Whenever any person applies to the probation officer to commence proceedings in the juvenile court, the application shall be in the form of an affidavit alleging that there was or is within the county, or residing therein, a minor within the provisions of Section 602, or that a minor committed an offense described in Section 602 within the county, and setting forth facts in support thereof. The probation officer shall immediately make any investigation he or she deems necessary to determine whether proceedings in the juvenile court shall be commenced.

(b) If the probation officer determines that proceedings pursuant to Section 650 should be commenced to declare a person to be a ward of the juvenile court on the basis that he or she is a person described in Section 602, the probation officer shall cause the affidavit to be taken to the prosecuting attorney.

(c) In all matters where the minor is not in custody and is already a ward of the court or a probationer under Section 602, the prosecuting attorney, within five judicial days of receipt of the affidavit from the probation officer, shall institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 of this code and Section 26500 of the Government Code, unless it appears to the prosecuting attorney that the affidavit was not properly referred or that the offense for which the minor was referred requires additional substantiating information, in which case he or she shall immediately notify the probation officer of what further action he or she is taking.

SEC. 14. Section 2 of Chapter 1217 of the Statutes of 1985 is repealed.

SEC. 15. Section 12 of Chapter 1217 of the Statutes of 1985 is repealed.

SEC. 16. Section 18 of Chapter 1217 of the Statutes of 1985 is repealed.

SEC. 17. On the effective date of this act, the undisbursed balance of the appropriations provided in subdivision (b) of Section 17 of Chapter 1217 of the Statutes of 1985 and in Item 8885-101-001 (jj) of the Budget Act of 1986 (Ch. 186, Stats. 1986) shall revert to the unappropriated surplus of the General Fund.

SEC. 18. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act, which would provide necessary statutory adjustments to implement the Budget Act of 1987, may be in effect throughout the 1987–88 fiscal year, it is necessary for this act to take effect immediately.

CHAPTER 135

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1987, Filed with Secretary of State July 7, 1987]

I object to the following appropriations contained in Senate Bill No. 152:

Item 0250-490—Reappropriation, Judiciary 1 delete Provision 1

I believe it is inappropriate to transfer funds appropriated for a Judicial Council project to the Department of General Services to undertake a new project which has never been reviewed by the Administration. Retrofit of the San Francisco State Building is currently being studied. Upon completion and approval of the study, General Services can propose funding of the project and compete for available resources on a priority basis through the normal budgetary process

"1 Funds included under this item to remodel the Orange County Courthouse are hereby appropriated for transfer to, and in augmentation of, Item 1760-301-036, for preliminary plans for remodeling of the San Francisco State Building (350 McAllister and 455 Golden Gate), only if Assembly Bill No 666 of the 1987–88 Regular Session is chaptered."

Item 0585-001-001—For support of California State World Trade Commission 1 reduce this item from $1,942,000 to $1,442,000.

I am reducing this item to conform with my action in Item 0585-001-981

Item 0585-001-981—For support of California State World Trade Commission 1 reduce this item from $2,202,000 to $1,702,000 by reducing

(a) Personal Services from $1,117,000 to $617,000,

and deleting Provision 1.

I am deleting the $500,000 legislative augmentation for a feasibility study, development, and implementation of a trade fair for Pacific Rim trade partners to be held during the summer of 1988. The budget provides $315,000 for the Commission to participate in 12 international trade shows in 1987–88. The Commission may participate in any trade shows that it deems appropriate within its existing budgetary resources.

I am deleting Provision 1 to conform with this action.

"1. Of the funds appropriated in category (b), $500,000 shall be used by the commission for a feasibility study, development, and implementation of a California Trade Fair for Pacific Rim trade partners to be held during the summer of 1988. The feasibility study shall include, but not be limited to, an assessment of the economic benefits which would be realized by holding a California Trade Fair with representatives of Pacific Rim trade partners in the manufacturing, business, services, and agriculture sectors of the economy during the summer of 1988 The feasibility study, along with plans for the development and implementation of a Trade Fair, shall be reported to the fiscal committees of the Legislature no later than January 1, 1988 "

Item 0820-001-001—For support of Department of Justice 1 reduce this item from $152,981,000 to $152,716,000 by reducing

(g) 50-Law Enforcement from $126,138,000 to $125,873,000

I am reducing this item by $265,000 and 11.4 personnel years to delete the augmentation for the accelerated conversion of the automated child abuse system. The merits and the costs of the accelerated project have not been established. If the department provides the necessary information, the project can be considered in the

1988–89 fiscal year budget process However, the budget still provides $709,000 for the 1987–88 fiscal year to fund the current conversion schedule, which is expected to be completed by fiscal year 1994–95.

Item 0860-001-001—For support of State Board of Equalization I reduce this item from $98,671,000 to $97,760,000 by reducing

(a) 100000-Personal Services from $113,428,000 to $112,612,000, and

(b) 300000-Operating Expenses and Equipment from $30,066,000 to $29,971,000

I am deleting the $911,000 legislative augmentation for the Sales and Use Tax program as related to the administrative costs for tax collection in Alameda County Current law provides for the amount to be charged to each jurisdiction for the costs to administer the local option sales tax I believe each local jurisdiction should pay no more than its fair share However, before any adjustments are made to the charges provided for by current law, I am requesting the Board of Equalization to conduct a study of its actual costs associated with administering this tax and submit their findings to the Department of Finance for consideration in the 1988–89 budget process

Item 0890-001-001—For support of Secretary of State I delete Provision 4

Provision 4 would have required that funds appropriated for the Uniform Commercial Code (UCC) program conversion costs be used only for that purpose In light of the 16 percent reduction made by the Legislature to the $3 million UCC automation project, this language unnecessarily restricts the department's ability to implement the project and limits the administrative flexibility that is necessary to implement a project of this scope and magnitude

"4 The funds appropriated for the Uniform Commercial Code program conversion costs shall be used only for that purpose."

Item 1100-001-001—For support of Museum of Science and Industry I reduce this item from $8,554,000 to $8,504,000 by reducing

(b) 300000 Operating Expenses and Equipment from $4,165,000 to $4,115,000 and by deleting Provisions 3 and 5

I am reducing this item by $50,000 The Legislature augmented the budget by $200,000 to fund the development of a master capital outlay plan for Exposition Park in Los Angeles I support the need for a master capital outlay plan at Exposition Park which would provide for better utilization of this area and would benefit visitors to the park However, I am reducing the augmentation to reflect a revised estimate of the amount actually needed to complete the master plan

I am also deleting Provisions 3 and 5 because this language is unnecessary and would restrict the Museum's ability to implement the master capital outlay plan project In addition, the language limits the administrative flexibility that is necessary to implement a project of this scope and magnitude

"3 Except for the Natural History Museum, which shall submit all proposed construction to the Joint Legislative Budget Committee for approval, no new facility construction shall be approved by the California Museum of Science and Industry Board of Directors prior to 30 days after submission to the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson may determine, of a master capital outlay plan for Exposition Park and, where appropriate, the surrounding area

5. The California Museum of Science and Industry shall submit its draft of the Request for Proposal to the Joint Legislative Budget Committee for approval, prior to release for response Additionally, the California Museum of Science and Industry shall submit for approval to the Joint Legislative Budget Committee the proposed individual or group of individuals, firm, or organization with which the California Museum of Science and Industry proposes to contract for the development of the master capital outlay plan for Exposition Park."

Item 1150-008-128—For support of Bureau of Automotive Repair I revise this item by reducing

(a) 12-Bureau of Automotive Repair from $38,746,000 to $36,596,000, and

(c) Amount payable from the Vehicle Inspection Fund (Item 1150-008-420) from —$31,148,000 to —$28,998,000

I am reducing this item by $2,150,000 and 33 5 personnel years from the amount payable from the Vehicle Inspection Fund to correspond to my action taken in Item 1150-008-420

Item 1150-008-420—For support of Bureau of Automotive Repair I reduce this item from $31,148,000 to $28,998,000

I am reducing $2,150,000 of the legislative augmentation for the Smog Check Program This augmentation was added based on a report by the Inspection and Maintenance Review Committee which identified a need to increase the Bureau of Automotive Repair's Undercover Vehicle Inspection Program and recommended other technical changes to the Smog Check Program to reduce vehicle emissions within California While I support efforts to resolve air quality problems associated with emission standards within the state, it appears unlikely that the Bureau of Automotive Repair can expand their enforcement program as quickly as anticipated in the augmentation. I am retaining $2,150,000 of the augmentation to be available for a phase-in of new staff over the year for an increased enforcement effort in the Smog Check Program Full implementation of this expanded enforcement program by the end of 1987–88 will provide the capability to perform an undercover inspection in each smog check station once every two years rather than once every six years

These actions reduce the amount payable from this item to Item 1150-008-128

Item 1700-001-001—For support of Department of Fair Employment and Housing I reduce this item from $9,293,000 to $9,292,000 by reducing·

(a) 50-Administration of Civil Rights Law from $11,359,000 to $11,358,000, and by deleting Provision 1

I am reducing this Item by $1,000 During 1986–87, the Department of Fair Employment and Housing consolidated the operations of the San Francisco legal office into the Sacramento legal office and eliminated the Boalt Hall Employment Discrimination Clinic The Legislature transferred funds from the Department of Fair Employment and Housing main support item to newly created items for the Los Angeles legal office, San Francisco legal office and the Boalt Hall Employment Discrimination Clinic The amounts appropriated in these four items are based on the premise that all rent and other operating expenses for the legal offices will be paid from the main support item. However, the language in Provision 1 specifically precludes any transfer of funds to pay for the rent and other operating expenses in the three newly created items The Department of Fair Employment and Housing would incur at least $1,000 of cost to relocate staff and pay the support expenses related to reestablishing the San Francisco legal office and the Boalt Hall Clinic Although funds have not been budgeted for these administrative costs, I am reducing $1,000 which represents the savings that will be achieved based on vetoing language contained in Provision 1 of this item and similar provisions in the newly created items.

I am deleting Provision 1 to conform to this action.

I also believe Provision 1 is inconsistent with two constitutional provisions. First, the language violates the separation of powers provision concerning the Executive Branch authority. Second, the language represents a substantive change of law which can only be included with a single subject bill, not the Budget Act.

"1 None of the funds appropriated in this item shall be encumbered for transfer to any legal services operation in any legal office or discrimination clinic "

Item 1700-011-001—For support of Department of Fair Employment and Housing, Los Angeles Legal Office I revise the language in this item, and delete Provision 1

The Department of Fair Employment and Housing has a district office in Los Angeles which employs four attorneys to handle civil rights cases The department does not consider the legal staff in Los Angeles to constitute a legal office so I am revising this item to read·

"1700-011-001—For the support of Department of Fair Employment and Housing ; ~~Los Angeles Legal Office~~ "

I am deleting Provision 1 because this provision and the location specified in the item (Los Angeles Legal Office) are inconsistent with two constitutional provisions First, the language violates the separation of powers provision concerning the

Executive Branch authority Second, in as much as existing law does not define or reference the Los Angeles Legal Office, the language represents a substantive change of law which can only be included within a single subject bill, rather than the Budget Act. I believe the director of the Department of Fair Employment and Housing should be provided the opportunity to relocate staff and allocate funds to meet departmental needs which this language would prohibit

"1 The funds appropriated in this item shall be spent only in Los Angeles for legal staff and support of legal staff "

Item 1700-021-001—For support of Department of Fair Employment and Housing, San Francisco Legal Office I reduce this item from $383,000 to $382,000, revise the item language in the item and delete Provision 1

The relocation of staff from Sacramento to San Francisco to reestablish a legal office would cost at least $1,000 Last year the department closed the San Francisco legal office and consolidated the positions with the Sacramento office, and evidence has not been provided to justify the reopening of this office Although relocation costs have not been budgeted in 1987–88, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item

I am revising the language in the item to conform to this action

"1700-021-001—For support of Department of Fair Employment and Housing; ~~San Francisco Legal Office~~ "

I am also deleting Provision 1 because this provision and the location specified in the item (San Francisco Legal Office) are inconsistent with two constitutional provisions First, the language violates the separation of powers provision concerning the Executive Branch authority Second, in as much as existing law does not define or reference the San Francisco Legal Office, the language represents a substantive change of law which can only be included within a single subject bill, not the Budget Act

"1. The funds appropriated in this item shall be spent only in San Francisco for legal staff and support of legal staff "

Item 1700-031-001—For support of Department of Fair Employment and Housing Boalt Hall Employment Discrimination Clinic I reduce this item from $73,000 to $72,000, revise the language in this item and delete Provision 1

The relocation of staff from Sacramento to Berkeley to reestablish a legal clinic at Boalt Hall School of Law would cost at least $1,000 Last year the department closed the Boalt Hall legal clinic and evidence has not been provided to justify the reopening of this clinic Although relocation costs have not been budgeted in 1987–88, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item

I am revising the language in the item to conform to this action

"1700-031-001—For support of Department of Fair Employment and Housing; ~~Boalt Hall Employment Discrimination Clinic~~ "

I am also deleting Provision 1 because this provision and the location specified in the item (Boalt Hall Employment Discrimination Clinic) are inconsistent with two Constitutional provisions First, the language violates the separation of powers provision concerning Executive Branch authority Second, in as much as existing law does not define or reference the Boalt Hall Employment Discrimination Clinic, the language represents a substantive change of law which can only be included within a single subject bill, not the Budget Act

"1. The funds appropriated in this item shall be spent only at the University of California at Berkeley for the Employment Discrimination Clinic at Boalt Hall School of Law "

Item 1730-001-001—For support of Franchise Tax Board I reduce this item from $143,010,000 to $142,107,000 by reducing

(a) 100000-Personal Services from $106,969,000 to $106,562,000,

and

(b) 300000-Operating Expenses and Equipment from $38,436,000 to $37,940,000

I am reducing this item by $531,000 and 14.8 personnel years to maintain the same relative level of audit activity as in the past The legislative augmentation would fund the audit program at the $5 to $1 revenue-to-cost ratio using marginal costs rather than

at the $5 to $1 level using total costs The audit plan has always been developed on a total revenue-to-cost basis with $5 to $1 as the target level Nothing has changed the methodology and assumptions that have been used in recent years The 1987–88 budget contains an additional $4,069,000 and 142 personnel years for more audits and collections resources which I believe will provide an appropriate level of tax enforcement

I am also reducing this item by $372,000 which provided General Fund money to replace reimbursements I believe the Board can achieve the level of reimbursements proposed in the 1987–88 budget making this augmentation unnecessary

Item 1760-001-001—For support of Department of General Services, for transfer to Item 1760-001-666 I reduce this item from $8,917,000 to $8,897,000

I am reducing this item by $20,000 to delete the legislative augmentation to fund staff benefit increases for elevator operators Adjustments to staff benefits for elevator operators are more appropriately addressed through the collective bargaining process

Item 1760-001-666—For support of Department of General Services, payable from the Service Revolving Fund I revise this item by reducing

(a) Personal Services from $160,139,000 to $160,119,000,

(e) Amount payable from the General Fund (Item 1760-001-001) from −$8,917,000 to −$8,897,000

I am reducing this item by $20,000 from the amount payable from the General Fund to correspond to my action taken in Item 1760-001-001

Item 1760-012-036—For support of Department of General Services, for activities other than the Office of State Printing, payable from the Special Account for Capital Outlay I reduce this item from $9,666,000 to $8,040,000 by reducing

(b) Operating Expenses and Equipment from $9,280,000 to $7,654,000

I am reducing this item by $1,626,000 to delete the legislative augmentation for the construction phase of 65 projects to replace polychlorinated biphenyl (PCB) equipment at California State University campuses I believe this augmentation is premature I have included $226,000 in the budget to fund the preliminary plans and working drawing phases of these projects These preliminary plans and working drawings will provide more accurate information on which we can determine the extent of the problems and the cost to correct them Funding for the construction phase of these projects will be proposed for the 1988–89 budget I am approving a total of $8,040,000, including the $226,000 provided for preliminary plans and working drawings, from the Special Account for Capital Outlay and $755,000 from various special funds to replace PCB equipment at state-owned facilities

Item 1760-301-036—For capital outlay, Department of General Services I reduce this item from $2,962,000 to $1,133,000 by deleting

(7) 50.10.045-Site 5-State Library, Working Drawings ($659,000),

(8) 50.25 002-Van Nuys State Office Building-Space Frame Roof Covering ($400,000) and

(9) 50 25 003-Van Nuys State Office Building-Site Acquisition and Relocation Expenses ($770,000),

and deleting Provision 2

I am deleting the $659,000 legislative augmentation for Site 5-State Library working drawings because I believe it is premature to fund working drawings for this project until the preliminary plans are completed and the scope of the project is well defined

I am deleting Provision 2 to conform to this action

"2 Funds for working drawings appropriated pursuant to category (7) for Site 5 shall not be available for expenditure sooner than 30 days after the completed preliminary plans have been submitted to the Chairperson of the Joint Legislative Budget Committee and to the chairs of the Legislative fiscal committees "

I am deleting the $400,000 legislative augmentation for the Van Nuys State Office Building Space Frame Roof Covering because the project should be submitted through the annual budget process in the context of competing with Statewide priorities

I am also deleting the $770,000 legislative augmentation for the Van Nuys State Building Site Acquisition because the need for the State to acquire this property has not been justified.

Item 2200-001-001—For support of Department of Commerce I reduce this item from $15,286,000 to $15,132,000 by reducing·

(f) 50-Small Business from $1,352,000 to $1,198,000

I am reducing $154,000 of the $300,000 Legislative augmentation for the Small Business Development Center (SBDC) program Chapter 1154, Statutes of 1983, which implemented the State SBDC program, linked the State program to the Federal Small Business Administration (SBA) program Because SBA funds were terminated in 1986–87, no State matching funds were provided for this purpose During 1986–87, however, $429,000 in Federal Jobs Training Partnership Act (JTPA) funds, which require no State matching funds, were allocated to support SBDCs The department has requested a continuation of the current JTPA unexpended balance of $154,000. Coupled with the $146,000 which I am leaving in this item, the continuation funds will provide the department a program level of $300,000

Item 2200-101-922—For local assistance, Department of Commerce I delete Provision 2

Chapter 1229, Statutes of 1977 created the California Economic Development Grant and Loan Fund to create long-term or permanent jobs in areas of high unemployment Grants are provided for public works and facilities needed to attract new industry and create business expansion which will result in economic benefits in these areas The loan program provides for direct loans to public agencies or private businesses which are seeking to establish or expand their operations

I am deleting Provision 2 because it would require the use of grant funds for a purpose not consistent with the creation of long-term or permanent jobs in areas of high unemployment as required by Chapter 1229, Statutes of 1977

"2 Of the amount appropriated in this item, $40,000 shall be used to finance the redesign of the current kiosk at the Interstate 80/Hunter Hill Rest Stop "

Item 2640-101-046—For local assistance, Special Transportation Programs I reduce this item from $27,000,000 to $2,000,000 and revise Provision (c)

I am reducing this item by $25,000,000 because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes. I recognize that this will reduce the transit funding available under the State Transit Assistance Program Because I believe this is an important program, I would sign legislation to provide $25 million for this purpose from the Special Account for Capital Outlay. There will be sufficient resources in the Account for this purpose

"2640-101-046—For local assistance, Special Transportation Programs, for allocation by the State Controller, payable from the Transportation Planning and Development Account in the State Transportation Fund, ~~60~~ *10* percent of the revenues transferred into the Transportation Planning and Development Account in the State Transportation Fund pursuant to paragraphs (1) and (2) of subdivision (a) of Section 7102 of the Revenue and Taxation Code during the 1987–88 fiscal year, for allocation in the 1987–88 fiscal year pursuant to Section 99312 of the Public Utilities Code

Provisions

(a) (1) 70 percent of this appropriation shall be allocated pursuant to Section 99313 of the Public Utilities Code

(2) 30 percent of this appropriation shall be allocated pursuant to Section 99314 of the Public Utilities Code

(b) Notwithstanding Sections 99313 and 99314 of the Public Utilities Code, an amount not more than $70,500 of the amount appropriated by this item shall fund the Department of Transportation's expenditures for administration of State Transit Assistance funds and the federal match requirement of the Transit Management Assistance program, and an amount not more than $48,000 of the amount appropriated by this item shall fund the State Controller's expenditures for administration of State Transit Assistance funds.

(c) Notwithstanding any other provision of law, no more than ~~$15,000,000~~ *$20,000,000* may be transferred to the Transportation Planning and Development Account in the State Transportation Fund during the 1987–88 fiscal year pursuant to subparagraph (E) of paragraph (2) of subdivision (a) of Section 7102 of the Revenue and Taxation Code."

Item 2660-001-042—For support of Department of Transportation I reduce this item from $918,976,000 to $918,973,000 by reducing:

(b) Highways from $1,093,702,000 to $1,093,699,000,

and deleting Provisions 4 and 8

I am deleting the 60.2 personnel years added for highway maintenance In reviewing the Legislature's action on the department's contracting-out proposals, I have determined that traffic guidance and landscape maintenance continue to be appropriate areas for contract work. It should be noted further that this Budget includes an additional 46.6 personnel years for Caltrans' highway maintenance activities, which must be performed by staff rather than through contracts, demonstrating the department's thoughtful approach to distinguishing between in-house and contract work.

I am reducing this item by $1,000 and deleting Provision 4. Provision 4 requires an unnecessary expenditure It implies that the intent of the program is to eliminate an unsafe or unhealthy condition, which would be evidenced by an improvement in the inside air quality after the project is finished. This is incorrect The purpose of the asbestos removal program is to replace the asbestos insulation before it becomes a hazard This is preventive, not remedial, action Therefore, the proposed language is inappropriate

"4. The Department of Transportation shall obtain air samples of all spaces scheduled to undergo asbestos removal. In the contract provisions for asbestos removal, contractors shall be required to show that, upon completion of the project, the airborne asbestos level shall be at or below either the limits allowed by the governing regulatory agency or the level identified from the air sample taken prior to initiating the project, whichever is less."

I am further reducing this item by $2,000 and deleting Provision 8. Provision 8 restricts the Director's statutory duty to act in the best interest of the State Further. it specifies terms and conditions which would result in a net cost to the State Highway Account by requiring the department to perform and pay for activities that are properly the responsibility of the lessee. Although I encourage the department to continue to negotiate an acceptable lease, the proposed language is too costly and restrictive.

"8. The department shall enter into a long-term minimum-cost lease with the City of Los Angeles for approximately 2.5 acres at the termination of Route 2 at the north-east corner of Duane and Waterloo Streets in the City of Los Angeles for use as a ballpark.

The terms of the lease agreement shall include:

(a) A ten year nonrevocable lease;

(b) The City of Los Angeles shall pay an estimated $100 a year for the term of the lease;

(c) The department shall prepare a plan for future uses of the freeway ramp system adjacent to the proposed park;

(d) If it is determined that the park land will be needed for future reconstruction of freeway access ramps or for other highway purposes, the department shall have the right not to renew the lease after the initial ten-year period.

(e) If the department determines there to be no highway needs for the park land at the end of ten years, it shall enter into a long-term lease with, or sell the land to, the City of Los Angeles for park purposes.

(f) The park site shall be cleared of the mounds of asphalt, concrete, dirt, and roadway materials, and graded so as to be usable as a ballfield before the land is leased to the City.

(g) A six-foot chain link fence shall be constructed between the property and the Route 2 highway before the land is leased to the City."

Item 2660-101-042—For local assistance, Department of Transportation. I reduce this item from $64,170,000 to $64,120,000 by reducing:

(a) 20-Highway Transportation from $32,250,000 to $32,200,000

and revising Provision 3.

I am reducing $50,000 of a $250,000 legislative augmentation to complete a management plan for the Least Bell's Vireo. I agree that completion of the management plan must be expedited in order to permit a number of important State and local construction projects in San Diego County to proceed. However, when I originally approved Caltrans' participation in the management plan, it was with the understanding that local interests would co-fund the plan's costs as a cooperative effort with the State. I have been informed that the San Diego Association of Governments agrees with the principle of co-funding and has offered to provide $50,000 towards completion of the management plan Therefore, the total State funds needed for the plan have been reduced to $200,000.

I am revising Provision 3 to conform with this action.

"3. ~~$250,000~~ *$200,000* appropriated by this item shall be for completion of a management plan for the Least Bell's Vireo."

Item 2660-301-042—For capital outlay, Department of Transportation I delete Provision 4.

I am deleting Provision 4 because I do not believe it is appropriate to attempt to change substantive law in the budget by making the expenditure of this Budget Act appropriation contingent on the enactment of other legislation Existing law already provides both a set of priorities for highway projects and a detailed procedure for applying these priorities to the annual State Transportation Improvement Program. If legislation is subsequently enacted which changes the priorities and guidelines, the Department will, of course, follow the law.

"4. Of the amount appropriated in this item, $295,000,000 in State Highway Account funds shall not be allocated for highway capital outlay projects until legislation has been enacted to provide the Department of Transportation and the California Transportation Commission with guidelines to determine the use of state funds. Prior to its enactment, that legislation shall have been approved by the committees in each house which consider the budget bill."

Item 2720-001-044—For support of Department of the California Highway Patrol I reduce this item from $470,711,000 to $470,303,000 by reducing·

(a) 10-Traffic Management from $432,665,000 to $432,257,000.

I am reducing this item by the $408,000 and 4.0 positions which the Legislature added for an additional multidisciplinary accident investigation team in Southern California. I feel assured that the Patrol will continue its fine job of deploying the three teams currently budgeted to investigate accidents whenever they occur. It is not necessary, therefore, to establish an additional team in the budget year.

Item 3110-101-140—For local assistance, Special Resources Program, Program 10—Tahoe Regional Planning Agency. I delete Provision 4.

I am deleting Provision 4 because this language is unnecessarily restrictive. The budget provides $546,000 in funding for various studies and one-time projects in the Tahoe Basin. The Tahoe Regional Planning Agency should have the flexibility to contract with whomever can provide competent water quality monitoring service at a competitive price

"4. It is the intent of the Legislature that the current working relationship between the Tahoe Regional Planning Agency and the Tahoe Research Group concerning water quality monitoring be maintained."

Item 3340-001-001—For support of California Conservation Corps. I reduce this item from $36,882,000 to $36,382,000 by reducing:

(a) 10-Training and Work Program from $48,904,000 to $48,404,000,

and by deleting Provision 4.

I am reducing the amount provided for the local corps program by $500,000 because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes. I am retaining $2,000,000 for the continuation of this program.

I am deleting Provision 4 because no funding has been provided for this purpose. The Legislature originally included $74,000 and language in the Corps' capital outlay budget, Item 3340-301-036, to make funding in that item available for support of a project for the homeless. However, the Legislature later removed the funds and the language which would have provided the resources for this project, but did not remove the companion language in this item.

"4. Of the funds appropriated in this item, $74,000 shall be for a grant to the San Francisco Conservation Corps for a project for the homeless."

Item 3360-011-465—For support of State Energy Resources Conservation and Development Commission. I delete this item.

I am deleting the transfer of $5,565,000 from the Energy Resources Programs Account fund balance to the General Fund. For the past three fiscal years it has been necessary to rely upon Energy Resources Programs Account fund reserves to address funding deficiencies resulting from unanticipated workload increases in the power plant siting program administered by the Energy Commission. While I have provided significant increases in personnel in this critical workload area, it is important to maintain an adequate reserve in the fund to address any unforeseen increase in this statutorily mandated workload. Deletion of this item will assure that sufficient funding is available from the Energy Resources Programs Account for this purpose as well as other energy conservation and development activities.

Item 3400-001-001—For support of State Air Resources Board. I revise this item by reducing:

(a) 10-Air Pollution Control from $52,695,000 to $52,670,000

(f) Amount payable from the Environmental License Plate Fund (Item 3400-001-140) from —$1,535,000 to —$1,510,000,

and by deleting Provision 4 and revising Provision 2.

I am deleting the $25,000 and 0.9 personnel year legislative augmentation for a study of air emissions from tire-burning facilities. AB 514 of the current session would require the Air Resources Board, in cooperation with the Waste Management Board and the Energy Commission, to conduct a comprehensive waste rubber tire study. Any funding augmentation should be considered in the pending legislation along with the policy considerations.

I am deleting Provision 4 to conform with this action.

"4. Of the amount appropriated in this item, $25,000 (as transferred from Item 3400-001-140) is to prepare a study of the air emissions from tire-burning facilities. The study shall be distributed to local districts to assist in permit activities."

I am also revising Provision 2. This provision would limit the State's share of the costs for fiscal year 1987–88 to 30 percent of the total cost for the air quality study of the San Joaquin Valley. While I agree that the 30 percent maximum limit on the State's share over the life of the project is appropriate, I am concerned that specifying that the limit applies to the 1987–88 fiscal year may result in a problem with the timing of the receipt of funds from other participants.

"2. The State's share of the San Joaquin Valley Data Collection and Modeling Study shall not exceed 30 percent of the total expenditures for this study ~~in the 1987/88 fiscal year~~."

Item 3400-001-140—For support of State Air Resources Board, for transfer to Item 3400-001-001. I reduce this item from $1,535,000 to $1,510,000.

I am deleting the $25,000 legislative augmentation from the California Environmental License Plate Fund for a study of air emissions from tire-burning facilities to conform to my action taken in Item 3400-001-001. This action reduces the amount payable from this Item to Item 3400-001-001.

Item 3540-001-001—For support of Department of Forestry and Fire Protection. I revise this item by reducing:

(b) 300000-Operating Expenses and Equipment from $91,040,000 to $90,413,000, and

(i) Amount payable from the Forest Resources Improvement Fund (Item 3540-001-928) from —$3,045,000 to —$2,418,000,

and by deleting Provisions 4 and 5.

I am deleting Provision 4 because I believe this language is unnecessary. There appear to be no obstacles to representatives of State agencies obtaining access to private lands to monitor timber harvesting activities pursuant to the provisions of current law. Nevertheless, questions have been raised regarding the efficiency of current procedures for achieving coordination among the various agencies with responsibilities for natural resources in timber harvesting areas. Therefore, I am directing the Department of Forestry and Fire Protection to work cooperatively with the Department of Fish and Game, the State Water Resources Control Board, and other appropriate State agencies to achieve common goals on matters relating to the approval, management, and enforcement of timber harvesting plans in order to realize the optimum use of the State's timber resources through resource management and environmental considerations.

"4. The Director of Forestry and Fire Protection shall not approve any timber harvest plan submitted to the department pursuant to Section 4581 of the Public Resources Code, unless the person filing the plan agrees to cooperate with other state agencies in their legally authorized activities."

I am also deleting Provision 5 which specifies where an $843,000 unallocated General Fund reduction can be taken within the Department of Forestry and Fire Protection. Because this language is restrictive, the department would be limited to making the reduction in its support services and non-Forest Practice Act resource management programs. This would result in a disproportionate reduction of approximately 4 percent in those programs. Such a decrease in the level of services provided by these programs would have a serious impact on the ability of the department, as a whole, to fulfill its statutory obligations. Therefore, due to the restrictive nature of the language, I am deleting Provision 5 to provide the department with the flexibility to administer the $843,000 unallocated General Fund reduction with a minimum impact to programs and services provided.

"5. This item has been reduced by $843,000. In order to implement this reduction, the department may (a) make reductions in all programs, except the administration of the Forest Practice Act and direct fire protection activities (including fire lookouts), (b) increase fees for services to local governments, (c) assess fees on the timber industry to pay for the costs of administering the Forest Practice Act, or (d) impose any combination of options (a), (b), and (c)."

Concurrent with the deletion of this restrictive language, I am directing the department to apply the unallocated reduction to funds appropriated for retirement benefits for planned overtime. This issue was discussed during collective bargaining negotiations last year, but ultimately was not included in the memorandum of understanding with the California Department of Forestry Employees' Association. As such, retaining these funds would represent budgeting for a contingency expenditure, which I believe would be inappropriate. This issue is more appropriately addressed through the collective bargaining process.

I am also reducing $627,000 from the amount payable from the Forest Resources Improvement Fund to reflect the following. 1) a reduction of $527,000 from a $1,880,000 legislative augmentation for the support of the California Forest Improvement Grant Program, and 2) an elimination of a $100,000 legislative augmentation for urban forestry activities. I am reducing these augmentations to correspond to the actions taken in Item 3540-001-928.

Item 3540-001-928—For support of Department of Forestry and Fire Protection. I reduce this item from $3,045,000 to $2,418,000 and delete Provision 1.

I am reducing a $1,880,000 legislative augmentation in this item by $527,000, leaving $1,353,000 to continue funding grants for the California Forest Improvement Program at its current level. I believe that this funding level is sufficient to support high priority projects, and, in addition, there is insufficient information to support the need for the remaining portion of this augmentation.

I am also deleting the $100,000 legislative augmentation for the support of urban forestry activities because there is inadequate information to support funding for these projects. This request, along with the list of projects it would support, can be

considered for inclusion in the 1988–89 Governor's Budget. This will allow these projects to be reviewed and evaluated along with other proposals on a priority basis.

I am deleting Provision 1 to conform with my actions taken on this item.

"1 Of the amount appropriated in this item, $100,000 shall be for an urban forestry program The urban forestry program shall consist of only (a) providing technical assistance to local entities and (b) distributing public information, as defined below

To implement the technical assistance portion of the program, the department shall (a) compile information on urban forest management programs, pest management programs, energy conservation programs, developing computerized tree inventories, and air and water quality management programs, (b) notify local entities that technical assistance is available in these areas, and (c) provide assistance to local entities in these areas

To implement the public information portion of the program, the department shall compile and disseminate information on a request basis on (a) innovative treeplanting programs and (b) forestry and environmental education program relevant to city dwellers. The department also shall, in coordination with the Department of Education and the American Forestry Association, design a pilot school program to create a link between urban forestry and statewide resource management "

These actions reduce the amount payable from this item to Item 3540-001-001.

Item 3600-001-001—For support of Department of Fish and Game. I reduce this item from $9,125,000 to $8,875,000

I am deleting the $250,000 budgeted for a loan to Orange County for a study of the impact of modifications to a local marina on the Bolsa Chica Ecological Reserve. The full amount of the State loan for this purpose was appropriated during the 1986–87 fiscal year. Therefore, no additional State funding is necessary.

Item 3600-001-140—For support of Department of Fish and Game. I reduce this item from $11,868,000 to $11,679,000.

I am reducing this item by $44,000 by deleting the legislative augmentation to provide for a grant to the University of California to be used for the Fish Slough Ecological Reserve I do not believe that this proposal has a high enough priority to warrant support from the Environmental License Plate Fund. The University can provide support to this project, if they consider it a high priority, by redirecting a portion of its currently budgeted research funds.

I am also reducing this item by $145,000 by deleting the legislative augmentation for a grant for the Marin Wildlife Center. I am retaining $50,000 proposed in the Governor's Budget for this grant, but I am deleting the $145,000 legislative augmentation because there is pending legislation (AB 2289) which would provide funding for this purpose. I believe the priority and purpose of this augmentation can more appropriately be considered through this legislation.

Item 3600-001-200—For support of Department of Fish and Game. I reduce this item from $61,794,000 to $61,494,000 by reducing:

(b) 300000-Operating Expenses and Equipment from $46,848,000 to $46,109,000,

(d) Amount payable from the General Fund (Item 3600-001-001) from −$9,125,000 to −$8,875,000, and

(f) Amount payable from the California Environmental License Plate Fund (Item 3600-001-140) from −$11,868,000 to −$11,679,000,

and by deleting Provisions 6, 7 and 8.

I am reducing the $250,000 legislative augmentation for matching funds for the State's share of the Klamath and Trinity River projects because a matching fund requirement has not been established. Therefore, this augmentation represents funding for a contingency, which I believe is inappropriate. If matching funds are later determined to be necessary, the department will either redirect funds or seek additional support through the deficiency process

I am deleting Provision 6 to conform with this action.

"6. Of the amount appropriated in this item, $250,000 is available for the state's share of the Klamath River agreement or the Trinity River agreement."

In addition, I am reducing the $50,000 legislative augmentation for a grant to Central Coast Salmon Enhancement, Inc. because the priority of this project has not been established by the advisory committee comprised of members from the salmon fishing industry which provides support for these projects. This grant request, along with the list of projects it would support, should be submitted to the Department of Fish and Game for possible inclusion in the 1988–89 Governor's Budget. This will allow the project to be reviewed along with other proposals and will allow funding recommendations to be made by the advisory committee on a priority basis.

I am deleting Provision 8 to conform to this action.

"8. Of the amount appropriated in this item, $50,000 shall be for a grant to the Central Coast Salmon Enhancement project."

I am also deleting Provision 7 which requires that $401,000 of the amount appropriated in Item 3600-001-200 be from fees assessed on wildlife areas. The various revenues deposited into the nondedicated portion of the Fish and Game Preservation Fund are combined without being distinguished by source. Each revenue loses its individual identity once it enters the nondedicated portion of the fund. Therefore, the requirements of this language cannot be implemented unless legislation is enacted creating a new account within the Fish and Game Preservation Fund. Under current law, expenditures from the nondedicated portion of the Fish and Game Preservation Fund cannot be linked with particular sources of revenue to the fund.

"7 Of the funds appropriated in this item, $401,000 is from fees assessed on wildlife areas and may only be used for the operation of wildlife areas."

I am reducing $250,000 from the amount payable from the General Fund to correspond to the action I have taken on Item 3600-001-001

I am also reducing $189,000 from the amount payable from the California Environmental License Plate Fund to correspond to the action I have taken on Item 3600-001-140

Item 3600-301-200—For capital outlay, Department of Fish and Game I delete Provision 1

I am deleting Provision 1 because this language is unnecessary. Existing statutory authority stipulates that revenues generated from the Income Tax Check-Off Account be utilized for purposes as specified in category (3). The department is in compliance with this mandate.

"1. The amount in category (3) shall be funded exclusively from the Endangered and Rare Fish, Wildlife, and Plant Species Conservation and Enhancement (Income Tax Check-Off) Dedicated Account in the Fish and Game Preservation Fund."

Item 3640-001-140—For support of Wildlife Conservation Board. I reduce this item from $700,000 to $250,000 by reducing:

(1) 300000-Operating Expenses and Equipment from $700,000 to $250,000

I am retaining $250,000 of this legislative augmentation to provide funding for the Suisun Marsh Conservation District to conduct activities authorized by Chapter 1571, Statutes of 1982. This chapter authorizes payments to landowners within the district for the enhancement and management of wetlands on their property. However, there is insufficient information to support the need for the remaining portion of the augmentation. Therefore, I am reducing this item by $450,000, and recommending that a project proposal be submitted during the 1988–89 budget development process for consideration on a priority basis.

Item 3640-301-447—For capital outlay, Wildlife Conservation Board I delete Provision 3.

I am deleting Provision 3 because this language is unnecessary, and may restrict the Board's ability to manage the area. The Board has expressed its support for the preservation of the specified wetlands and is currently working toward that objective.

"3. It is the intent of the Legislature that the acquisition of Mapes Ranch, Faith Ranch, Dos Rios Ranch, and adjoining habitat and recreational lands (which are located along the San Joaquin and Tuolumne Rivers in Stanislaus County), or the acquisition of rights restricting development and hunting on these properties, for the preservation of riparian wetlands and related purposes is a high priority of the Legislature. The Wildlife Conservation Board shall assist

with its resources to ensure the acquisition of these properties, or the acquisition of rights restricting development and hunting on these properties, with state and nonstate funds in a timely manner."

Item 3720-001-001—For support of California Coastal Commission. I reduce this item from $6,272,000 to $5,953,000 by reducing

(a) 10-Coastal Management Program from $8,447,000 to $8,128,000

I am reducing $319,000 and 8 personnel years by eliminating the Santa Barbara district office and combining the Santa Cruz district office with the San Francisco district office. These reductions reflect the reduced workloads resulting from the completion and near completion of local coastal plans in these areas The remaining district offices, particularly in San Francisco and Los Angeles, are available to administer any workload generated in these two areas.

Item 3790-101-036—For local assistance, Department of Parks and Recreation. I reduce this item from $14,803,000 to $1,584,000 by reducing:

(1) 50.20 036-East Bay Regional Park District from $2,100,000 to $100,000

by deleting

(1) (a) 50.20 036.066 Alameda County-East Bay Regional Park District-Wool Property, ($2,000,000)

by reducing

(19) 50 20.036 029-City of Oakland, Peralta Hacienda Historical Park (Phase II) from $740,000 to $50,000,

and by deleting

(2) 50 20 036.006-Fresno City College Admin Bldg. ($200,000)

(2 3) 50 20 036 007-Riverside County—Jensen-Alvarado Ranch ($200,000)

(2.6) 50 20 036 008-Riverside County-Lake Elsinore Park and Recreation District ($65,000)

(2.9) 50 20.036 009-City of Colton-Colton Library ($235,000)

(7) 50.20 036 013-City of San Diego, Belmont Park-Roller Coaster ($300,000)

(8) 50.20 036.015-City of Los Angeles, Recreational Facilities and Swimming Pool Construction ($200,000)

(9) 50 20.036 017-City of Sacramento, Multicultural Center ($1,000,000)

(10) 25 30 036 044-Sonoma County, Healdsburg-Carnegie Library ($124,000)

(11) 25 30 036 045-Los Angeles County, Van Nuys Post Office ($200,000)

(12) 50.20.036.051-Selma-Pioneer Park ($200,000)

(13) 50.20.036 053-Balboa Park. Restoration of Administration Building ($200,000)

(14) 50 20 036.019-Santa Clara County, Los Gatos Creek Trail ($1,000,000)

(15) 50 20.036 021-City of Oakland, Aquatic Biology Hall/Oakland Museum ($250,000)

(16) 50.20 036.023-County of Los Angeles, Highland-Camrose Bungalows/Hollywood Bowl ($1,000,000)

(17) 50.20.036.025-City of Kingsburg, Kingburg Pool ($400,000)

(18) 50.20.036.027-City of Dinuba, Rose Ann Vuich Park Bandstand ($150,000)

(20) 50 20 036 031-City of Piedmont, Linda Playfield Project ($102,000)

(21) 50.20.036 033-City of San Francisco, California Academy of Science ($2,000,000)

(22) 50.20 036.035-Sacramento County—City of Sacramento Softball Complex ($250,000)

(23) 50 20.036.037-Ventura County—Santa Paula Community Center ($500,000)

(27) 50.20 036 045-City of Los Angeles—Los Angeles City Hall ($300,000)

(28) 50.20.036.047-City of Los Angeles—Union Church ($150,000)

(29) 50.20.036 049-City of Los Angeles—Eagle Rock Library ($238,000)

(31) 50.20.036.057-San Diego County, Spring Valley Revitalization Plan Project ($1,225,000)

(33) 50.20.036 061-City of Desert Hot Springs, Baseball Field Lighting ($10,000)

(34) 50.20.036.063-City of Los Angeles, Duane and Waterloo Streets Ballpark ($30,000)

I am reducing this item by $2,690,000 to reflect the deletion of an augmentation for the acquisition of the East Bay Regional Park District-Wool Property ($2,000,000) and the development of the City of Oakland, Peralta Hacienda Historical Park-(Phase II)

($690,000). I am retaining $100,000 and $50,000 from each of the respective projects for capital outlay purposes related only to the operation of the Knowland Zoo in the City of Oakland.

I am deleting $10,529,000 in legislative augmentations for 26 local assistance projects because I am concerned with the volume and magnitude of projects proposed. With the implementation of this 1987–88 Budget, the final appropriations of the three year program from the 1984 Parklands Fund have been made. While many local entities were successful in receiving funds from this 1984 Bond Act, many were not due to the competitive nature of the program. Other local entities are still seeking additional State funds for local projects. While many of these legislative augmentations may be for meritorious projects, they are not of significant statewide priority to justify the use of the limited tidelands oil revenues nor do they appear to be of a critical or urgent nature requiring immediate funding. Therefore, I recommend the local entities re-evaluate priority usage of their 1986 Bond fund allocation with consideration of funding these projects which I have deleted.

Item 3790-101-716—For local assistance, Department of Parks and Recreation. I reduce this item from $80,037,000 to $79,723,000 by deleting:

(4) 59.29.716.871-Santa Cruz County—Entitlement grants ($314,000)

I am deleting the legislative augmentation of $314,000 for a local assistance grant to Santa Cruz County—Entitlement grants because the application for 1987–88 funding was submitted too late for consideration. This request should be submitted for consideration during the normal budget process.

Item 3790-101-742—For local assistance, Department of Parks and Recreation. I reduce this item from $481,000 to $412,000 by deleting:

(6) 50.10.742.009-Sacramento County, Southgate Recreation Park District—Bowling Green Park ($69,000).

I am deleting the legislative augmentation of $69,000 for a local assistance grant for the Southgate Recreation Park District—Bowling Green Park because this project could be funded from Sacramento County's allocation of 1986 Park Bond funds if it is found to be a high priority project of the County.

Item 3790-301-036—For capital outlay, Department of Parks and Recreation. I reduce this item from $1,790,000 to $790,000 by deleting:

(2) 90.95.100.870-Little Frank's Tract—Repair ($1,000,000).

I am deleting the legislative augmentation of $1,000,000 for the repairs to the levees at Little Frank's Tract because additional funding for this project may be premature at this time. As I stated in my veto action on a similar augmentation in the 1986–87 Budget Bill, I have previously approved two appropriations totaling $1 million from 1984 Bond funds for this project. Until the State Park and Recreation Commission has approved the General Plan for Frank's Tract SRA, additional funding for repairs may not be appropriate or consistent with the General Plan.

Item 3790-301-392—For capital outlay, Department of Parks and Recreation. I reduce this item from $4,094,000 to $3,983,000 by deleting:

(5) 90.9H.100.870-Colonel Allensworth SHP, Railroad Passenger Platform ($20,000), and

(6) 90.9H.100.871-Colonel Allensworth SHP, Hotel Renovation ($91,000).

I am deleting the legislative augmentations of $20,000 and $91,000 for the railroad passenger platform and hotel renovation, respectively, at Colonel Allensworth State Historic Park. These projects should be submitted for consideration during the normal budget process

Item 3790-301-722—For capital outlay, Department of Parks and Recreation. I reduce this item from $33,997,000 to $32,297,000 by deleting:

(7.5) 90.5Y.100-Candlestick Park SRA-Complete Project ($1,700,000)

I am deleting the legislative augmentation of $1,700,000 for Candlestick Park-Complete Project because funding to accelerate the completion of the project has not been justified. The schedule for this project calls for this phase to be funded in 1988–89. This should be resubmitted at that time for consideration in the normal budget process.

Item 3810-101-140—For local assistance, Santa Monica Mountains Conservancy I

delete this item.

I am deleting the $250,000 legislative augmentation from the California Environmental License Plate Fund for six local assistance grants to various local entities for environmental education projects.

The limited resources available in this fund require that all proposed expenditures be prioritized in order that the highest priority projects will be funded. I am retaining over $21 million in projects statewide from the California Environmental License Plate Fund to address a variety of environmental concerns, including environmental education projects

Item 3810-301-036—For capital outlay, Santa Monica Mountains Conservancy. I delete this item.

I am deleting the legislative augmentation of $1,750,000 for the acquisition of Runyon Canyon Urban Wilderness This project should be submitted for review and evaluation during the normal budget process.

Item 3860-001-001—For support of Department of Water Resources. I reduce this item from $28,989,000 to $28,593,000 by reducing:

(c) 30-Public Safety and Prevention of Damage from $17,442,000 to $17,046,000, and by deleting Provisions 2 and 4.

I am deleting $396,000 and 0.8 personnel years for the support of two sediment removal projects because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes Specifically, I am deleting $196,000 and 0.3 personnel years for support of the Lindo Channel sediment removal project Further, I am eliminating $200,000 and 0.5 personnel years for support of the Cherokee Canal sediment removal project. I am willing to support legislation to fund the Lindo Channel and the Cherokee Canal sediment removal projects from the Special Account for Capital Outlay.

I am also deleting Provision 2 to conform to this action

"2. The $200,000 appropriated in this item for sediment removal at Cherokee Canal shall be spent only in accordance with the recommendations of the Department of Fish and Game concerning protection of fish and wildlife."

I am also deleting Provision 4 because the California Environmental Quality Act has established adequate safeguards as a part of the environmental impact report review process which address the concerns specified in this provision. This action is consistent with action taken last year by deleting similar language for this project.

"4 (a) Prior to entering into the assurance agreement for the Chico Landing to Red Bluff Project, the Reclamation Board shall enter into an agreement with the Department of Fish and Game that will provide for full mitigation of the impacts of the project on riparian habitat, wildlife, and fisheries. This agreement shall, at a minimum, provide for the approval of the Department of Fish and Game of the mitigation plan's design, implementation, and effectiveness

(b) Prior to certifying lands and rights-of-way for this project and within 30 days after the final Environmental Impact Report has been adopted for the Chico Landing to Red Bluff Project, the Reclamation Board shall report to the legislative fiscal committees and the Joint Legislative Budget Committee on (1) the agreement between the Reclamation Board and the Department of Fish and Game and (2) a financing and implementation plan for the mitigation measures required by the agreement.

(c) Any assurance agreement entered into between the Secretary of the Army and the Reclamation Board for the Chico Landing to Red Bluff Project shall provide for full mitigation of the impacts of the project on riparian habitat, wildlife, and fisheries.

(d) The assurance agreement shall also provide for implementation and funding of the measures specified in the agreement between the Department of Fish and Game and the Reclamation Board."

Item 3860-301-036—For capital outlay, Department of Water Resources. I delete Provision 8

I am deleting Provision 8 because I believe the California Environmental Quality

Act has established adequate safeguards to be met prior to construction of the type foreseen by this provision.

"8. (a) Prior to certifying lands and rights-of-way to the United States Corps of Engineers for the San Joaquin River Channel Project, the Reclamation Board shall submit a report to the legislative fiscal committees and the Joint Legislative Budget Committee by November 1, 1987, on the financing plan for mitigation and enhancement or their progress to date in preparing the plan. The plan shall recommend the appropriate federal, state, and local share of all past and future costs and an implementation schedule for the plan.

The Department of Fish and Game shall review the financing plan or progress report and report to the Legislature by December 1, 1987, on the adequacy of the plan or report.

(b) Any assurance agreement signed by the Reclamation Board and the United States Army Corps of Engineers for snagging and clearing work on the San Joaquin River shall include a plan for financing all of the required mitigation, including the objectives of net long-term enhancement, as provided in Chapter 1530, Statutes of 1984. This financing plan shall establish whether federal, state, and/or local funds and resources shall be used to pay for each cost associated with providing the required mitigation, as set forth above, the amount that each source will be responsible for providing, and a schedule establishing when these funds and resources are to be made available.

The assurance agreement shall also provide that the required mitigation work, where possible, shall proceed concurrently with the project implementation. The Director of the Department of Water Resources shall certify the adequacy of this financing plan. The certified financing plan shall be transmitted to the Legislature at least 30 days prior to any assurance agreement being signed.

The Department of Fish and Game shall monitor and report annually to the Legislature on the implementation and effectiveness of the mitigation plan."

Item 3940-001-001—For support of the State Water Resources Control Board. I am revising this item by reducing:

(a) 10-Water Quality from $54,374,000 to $54,324,000,

and by deleting:

(fx) Amount payable from the California Environmental License Plate Fund (Item 3940-001-140) (−$50,000),

and deleting Provision 2.

I am deleting the legislative augmentation of $50,000 payable from the California Environmental License Plate Fund for a study of ocean pollution. The State Water Resources Control Board indicates that Federal funds are available for this study. The study will be funded if it meets criteria for implementable recommendations which the Board imposes on studies of this sort, regardless of funding source. Therefore, these additional funds are not warranted. I am deleting this subitem to correspond to Item 3940-001-140.

I am also deleting Provision 2. The State Water Resources Control Board has indicated that it can develop a workplan within its baseline resources which would identify the problems associated with nitrate contamination in drinking water, identify the resources necessary to evaluate the magnitude of the problem, and develop and recommend strategies for protecting drinking water from nitrate contamination. It would be premature to require a study prior to the completion of such a workplan. Therefore, I am directing the Board to conduct a workplan within its current resources that will determine the scope of any future study.

"2. Of the funds appropriated in this item, $250,000 shall be available to conduct a study of the causes of nitrate contamination of groundwater and provide recommendations on how to prevent such pollution."

Item 3940-001-140—For support of State Water Resources Control Board, for transfer to Item 3940-001-001 I delete this item and accompanying Provision 1.

0 8 45 0

I am deleting this item to conform to my action regarding a study of ocean pollution in Item 3940-001-001. This action eliminates the amount payable from this Item to Item 3940-001-001.

Item 4120-101-001—For local assistance, Emergency Medical Services Authority, Program 10, grants to local agencies. I reduce this item from $1,726,000 to $1,717,000.

I am deleting the $9,000 legislative augmentation for a discretionary cost-of-living adjustment for this program because the increase is not warranted. The State subvention for local emergency medical service agencies proposed for 1987–88 represents a 93 percent increase over the 1983–84 level of support and should be sufficient to provide essential services.

Item 4140-101-001—For local assistance, Office of Statewide Health Planning and Development for Health Professions Development (Family Physician Training). I reduce this item from $3,380,000 to $2,880,000,
and delete Provision 2.

I am deleting the $500,000 legislative augmentation for the Family Physician Training Program to establish additional residency programs to meet the health care needs of individuals in underserved areas. I prefer the approach taken in SB 478 which provides $1,200,000 for grants and administration in 1987–88 from the Health Facility Construction Loan Fund. Funding for the program in future years is proposed to be raised from private sources by the Minority Health Professions Education Foundation created by the bill.

I am deleting Provision 2 to conform with this action.

"2. The Office of Statewide Health Planning and Development shall spend $500,000 to expand and/or increase family physician residency capitation programs established under the Song-Brown program. The allocation of the funds shall be approved by the Health Manpower Policy Commission."

Item 4170-101-001—For local assistance, Department of Aging. I reduce this item from $38,751,000 to $30,319,000 by reducing:

(a) 10-Nutrition from $62,818,640 to $62,430,000

(1) 10.10-Congregate nutrition from $46,291,680 to $46,109,000

(2) 10.20-Home delivered nutrition from $16,526,960 to $16,321,000

(c) 30-Supportive Services and Centers (for match) from $26,849,080 to $26,771,000
and

(d) 40-Special Projects from $34,255,280 to $26,290,000

I am deleting the $1,002,000 legislative augmentation to provide a 3 percent discretionary cost-of-living adjustment for the Nutrition ($388,640), Supportive Services and Centers ($78,080) and Special Projects ($535,280) programs. I believe the critical growth needs in this area have been addressed by providing increased funding for Alzheimer Day Care Resource Centers ($500,000) and the Long Term Care Ombudsman program ($500,000).

I am also reducing $7,430,000 of the $8,625,280 legislative augmentations for Special Projects as follows:

I am deleting the $750,000 legislative augmentation, which provides for expansion of Adult Day Health Care (ADHC) facilities, because I have signed legislation over the last four years which has provided for expansion in excess of $4 million in the ADHC program. In reviewing the current budget, I believe that sufficient resources are available to meet the current plans to expand from the 57 existing facilities to 70 ADHC facilities by June 1988.

Further, I am reducing $80,000 of the $180,000 legislative augmentation provided for the existing Alzheimer's Day Care Resource Centers (ADCRC). The remaining $100,000 will increase the allocation to the eight existing centers from $37,500 to $50,000.

I am also deleting $6,600,000 of the $7,000,000 legislative augmentation intended to expand the number of Centers ($5,000,000) and provide related education and training activities ($2,000,000). This will leave $400,000 to establish eight additional ADCRC's which will double the number of available facilities. These eight new facilities will provide services to an additional 400 clients statewide. The funding I have retained represents a 99 percent increase for Alzheimer's Day Care Resource Centers over the 1986–87 level of support.

Item 4200-101-001—For local assistance, Department of Alcohol and Drug Programs I delete Provision 5.

I am deleting Provision 5 because it places an emphasis on prevention efforts by alcohol and drug programs directed primarily at youth groups. As such, this language ignores the scope of prevention activities currently within the existing alcohol and drug prevention efforts in California which are directed at all population groups. This conforms to the action I have taken in Item 4200-101-890

"5 In allocating funds to counties for local alcohol and drug programs, the Director of the Department of Alcohol and Drug Programs shall ensure that counties are funding an adequate prevention effort An adequate prevention effort is one which. (1) helps young people to develop the positive values, knowledge, and skills to lead productive, drug-free lives; (2) presents accurate information on the root causes of substance abuse; (3) explores ways in which the use of alcohol and drugs by young people coincide with low self-image and self-esteem; (4) explores ways in which substance abuse can result in other adverse behavior which has long-term consequences for individuals' families and society as a whole, such as low academic performance, truancy and dropping out of school, teenage pregnancy, and delinquency; and (5) includes familial relationships and family dynamics within prevention strategies, as appropriate "

Item 4200-101-890—For local assistance, Department of Alcohol and Drug Programs I delete Provisions 6, 9 and 10

I am deleting Provision 6 because the Department of Alcohol and Drug Programs has already formalized a memorandum of understanding regarding departmental responsibilities relating to AIDS issues with the Department of Health Services Furthermore, the requirement that counties provide information to clients is currently being addressed in legislation, SB 1323. The identified cost of this issue has been estimated at $1 1 million. This requirement may result in less money being available for expenditure by counties for their local needs and priorities

"6 The Departments of Health Services and Alcohol and Drug Programs shall submit to the Legislature, on or before July 15, 1987, a memorandum of understanding which details each department's responsibility in addressing the AIDS epidemic in substance abusers

The Departments of Health Services and Alcohol and Drug Programs shall submit to the Legislature, on or before August 1, 1987, an assessment of services needed to deal with the AIDS epidemic in substance abusers

As a condition of using any funds received from the federal Anti-Drug Abuse Act, rollover funds from prior year federal allocations, or new Alcohol, Drug Abuse and Mental Health block grant funds, a county shall ensure that clients of county alcohol and substance abuse programs receive information on HTLV-III infection."

I am deleting Provision 9 because it places an emphasis on prevention efforts by alcohol and drug programs directed primarily at youth groups. As such, this language ignores the scope of prevention activities currently within the existing alcohol and drug prevention efforts in California which are directed at all population groups This conforms to the action I have taken in Item 4200-101-001.

"9 In allocating funds to the counties for local alcohol and drug programs, the director of the Department of Alcohol and Drug Programs shall ensure that counties are funding an adequate prevention effort. An adequate prevention effort is one which. (1) helps young people to develop the positive values, knowledge, and skills to lead productive, drug-free lives, (2) presents accurate information on the root causes of substance abuse, (3) explores ways in which the use of alcohol and drugs by young people coincides with low self-image and self-esteem, (4) explores ways in which substance abuse can result in other adverse behavior which has long-term consequences for individuals' families and society as a whole, such as low academic performance, truancy, and dropping out of school, teenage pregnancy, and delinquency, and (5) includes familial relationships and family dynamics within prevention strategies, as appropriate "

I am deleting Provision 10 because it does not provide sufficient flexibility to measure the full range of process and outcome evaluation criteria which the department may wish to consider in its evaluation of programs funded with Federal Anti-Drug Act Funds

"10. In conducting its evaluation of programs funded with federal Anti-Drug Abuse Act funds, the department shall include in its evaluation criteria an assessment of whether counties have used the funds to support an adequate prevention effort The adequacy of the prevention effort shall be assessed using the criteria detailed above "

Item 4260-001-001—For support of Department of Health Services I reduce this item from $135,175,100 to $132,146,100 by reducing

(a) 100000-Personal Services from $156,064,650 to $154,235,636

(b) 300000-Operating expenses and equipment from $120,977,250 to $118,956,864

(d) Reimbursements from —$10,966,000 to —$8,850,600

(o) Amount Payable from Federal Trust Fund (Item 4260-001-890) from —$88,941,800 to —$87,941,800, and by adding

(t) Unallocated Reduction —$2,295,000, and

by revising Provision 5 and deleting Provisions 8, 9, 11, and 12

I am reducing $1,295,000 of the $2,135,000 legislative augmentation for the Licensing and Certification Division This augmentation was provided to reflect a change in General Fund and federal fund billing practices The Department has recently estimated that federal funding ratios should be 41.6 percent for Division activities instead of the 53 8 percent currently reflected in the budget While an accurate reflection of the change in the federal fund share would require a reduction of $3,135,000 in federal funds with a corresponding increase to the General Fund, the Legislature provided an increase of only $2,135,000 based on the Department's ability to absorb $1,000,000 in the existing base budget I believe that the Department is capable of absorbing $2,295,000 of the increased cost to the General Fund during 1987–88 as it has been absorbing similar funding imbalances for several years It is appropriate to retain an augmentation of $840,000 which corrects the funding ratio for the Licensing and Certification Division staffing standards augmentation which I proposed With the $840,000 augmentation, the Licensing and Certification Division's General Fund budget is increased by 8 percent when compared to 1986–87

I am also reducing Item 4260-001-890 by $1,000,000 to conform with the above action This reduction is in addition to the federal fund reduction of $2,135,000 proposed by the Legislature This additional decrease is necessary to properly reflect the change in the ratio of federal funds to General Fund

To effect these two actions, I am making an unallocated reduction of $2,295,000 in this item

I am deleting the $232,000 (General Fund) and 3.8 personnel year legislative augmentation for the Hazard Evaluation System and Information Service (HESIS) The Legislature added these funds and language to direct the HESIS program to assess 100 chemicals and their adverse reproductive effects My budget already contains funds for similar reproductive effects' studies as part of the implementation of Proposition 65 The Office of Environmental Health Hazard Assessment will perform these studies Therefore, this augmentation is duplicative of funding contained elsewhere in this budget

I am deleting Provision 9 to conform with this action.

"9 Of the amount appropriated in this item, $232,000 shall be available for a study of adverse reproductive effects of chemicals only if AB 2433 of the 1987–88 Regular Session of the Legislature is enacted

The Department of Health Services shall direct the Hazards Evaluation System and Information Service (HESIS) to assess 100 chemicals, according to criteria of volume and/or concentration, identified in California's hazardous waste stream in accordance to data collected by the department's Toxics Reduction Analysis Project HESIS shall evaluate 100 waste stream chemicals identified by the Department of Health Services' Toxics Reduction Analysis Project to accomplish each of the following tasks no later than December 31, 1989. (a) to list those tests which are necessary to assess

reproductive effects; (b) to identify what tests and information are available from all literature sources; (c) to determine whether each chemical contains valid, complete, and adequate studies to assess reproductive effects; and (d) to determine whether available studies indicate adverse reproductive effects."

I am reducing $950,000 of the $1,000,000 (General Fund) legislative augmentation for a Spinal Cord Injury Task Force. I believe that funding for the support of research is premature. However, in order to explore the need for additional research in this area, I will sign SB 1026 of the 1987–88 Regular Session of the Legislature. SB 1026 creates the Spinal Cord Injury Task Force.

I am revising Provision 12 to conform with this action.

"12. Of the amount appropriated in this item, ~~$1,000,000~~ *$50,000* shall be available for the ~~promotion of spinal cord injury research, which funds shall be distributed only upon the recommendation and direction of the~~ Spinal Cord Injury Task Force ~~, regarding the distribution of spinal cord research funds to designated and defined spinal cord research projects, and~~ only if SB 1026 of the 1987–88 Regular Session of the Legislature is enacted."

I am deleting the $552,000 (General Fund) legislative augmentation for the Hazard Evaluation System and Information Service (HESIS). Elsewhere in this budget I have deleted funding for the Cal-OSHA program in order to return this activity to federal jurisdiction. I am also reducing 4.4 personnel years from the HESIS program as a result of this action. In the absence of Cal-OSHA, the workload for the Cal-OSHA-related activity in the HESIS program no longer exists.

Therefore, there is no justification for the proposed General Fund augmentation. Additionally, I am reducing scheduled reimbursements by $552,000 and 4.4 personnel years. This action conforms to the action I have taken to return the occupational safety and health responsibility to the federal government in Item 8350-001-001.

I am deleting Provision 11 to conform with this action.

"11. Notwithstanding any other provision of law, of the amount appropriated in this item, $552,000 shall be available to (a) supplant any federal funds budgeted in Item 8350-001-890 for support of Cal-OSHA activities in the Department of Health Services performed pursuant to the interagency agreements executed in satisfaction of Section 147.2 of the Labor Code, or (b) replace federal fund support for HESIS in the event that such support is not forthcoming."

I am reducing the scheduled reimbursements in this item by $1,563,400 and 27.3 personnel years to reflect the reduction of reimbursements to the Laboratories Division resulting from the return of the Occupational Safety and Health Administration responsibilities to the federal government. This action conforms to the action I have taken in Item 8350-001-001.

I am revising Provision 5 because this provision duplicates Provision 7 of Item 5180-001-001 and Provision 8 of Item 5180-141-001 for the Department of Social Services. The inclusion of this language in this item is redundant. I have retained appropriate portions of the language in the Department of Social Services' budget which also apply to the Department of Health Services. I am supporting the effort to develop a work measurement based methodology for county eligibility cost control.

In addition, the adjustment to the fee increase pursuant to Health and Safety Code Section 115 is based on the increase of the budget year General Fund appropriation for the Licensing and Certification Division compared to the current year General Fund budget for the Division. Subdivision (7), as adopted by the Legislature, includes the Legislature's augmentation of $2,135,000 for the Division. I have reduced the Division's augmentation to $840,000. Therefore, to reflect the corrected fee increase, I am reducing the Legislature's proposed fee increase from 31.9 percent to 19.5 percent. Additionally, I am reducing a portion of the fee increase subject to Health and Safety Code Sections 113 and 114. The Legislature proposed an additional 4.3 percent fee increase due to an increase in operating expenses and equipment expenditures. Due to my overall veto action affecting the Department's General Fund appropriation, which reduces these expenditures below the Legislature's proposed level of funding, I am reducing the related fee increase for operating expenses and

equipment to 3 4 percent for Sections 113 and 114.

~~5. The Department of Social Services (DSS) and Department of Health Services (DHS) in conjunction with the County Welfare Directors' Association (CWDA) shall develop a timetable for conducting county work measurement studies of the intake and continuing eligibility work activities in the Aid to Families with Dependent Children (AFDC), Nonassistance Food Stamps, and Medi/Cal programs. The intent of the Legislature is that work measurement studies be conducted in time for consideration of the results during the deliberations for the budget for fiscal year 1989/90. The timetable shall set out the steps necessary to do the following:~~

~~(1) Group the 40 largest counties into no more than three groups. Counties may be grouped before or after work measurement studies are conducted and a survey may be used to collect data for grouping counties as the departments and CWDA determine necessary;~~

~~(2) Identify representative counties for work measurement;~~

~~(3) Develop the methodology for work measurement including the projected cost of conducting the studies;~~

~~(4) Complete work measurement studies.~~

~~The DSS and DHS in conjunction with CWDA shall report to the Joint Legislative Budget of Committee on the timetable developed by February 1, 1988.~~

~~By March 1, 1989, the DSS and DHS shall submit a joint report to the Legislature regarding the findings of work measurement studies on a county/specific basis. The report shall include the following:~~

~~(1) An analysis of the fiscal impact on the federal, state, and county governments should the budget process for eligibility worker caseloads be based upon the findings of the work measurement studies;~~

~~(2) A description of the methodology that would be used to set county targets utilizing the results of the studies;~~

~~(3) An estimate of the cost of fully implementing the findings of the studies taking into account: salary expenditures (direct salary, fringe benefits, and overhead); actual total caseload size or projections; eligibility supervisors; and appropriate isolated supportive eligibility functions.~~

~~(4) Other options for implementing the study findings and the fiscal impacts related to each option.~~

~~(5) The alternatives that could be used to address the unique special circumstances which may exist in some counties that would be adversely affected by the transferability of the work measurement data.~~

~~It is the intent of the Legislature that county welfare departments which have unique circumstances which would adversely affect the transferability of work measurement data shall have those unique circumstances considered and alternatives shall be developed by the departments to address those unique circumstances.~~

~~The DSS and DHS shall consult with the County Welfare Directors Association (CWDA) and the Service Employees International Union (SEIU) on the design, findings, and implementation recommendations of the study. It is the intent of the Legislature that, for fiscal year 1988/89, the DSS shall utilize the lowest two of the most recent three years for which there is data to set the targets for the AFDC and Food Stamp programs. The department shall implement no more than 25% of the target change based upon the new methodology in fiscal year 1988/89 from the level budgeted in fiscal year 1987/88. The targets for the Medi/Cal program shall not be changed in the 1988/89 fiscal year from the level budgeted in the 1987/88 fiscal year.~~

~~Of the amounts appropriated under Item 4260/001/001 for support of the DHS, $100,000 shall be appropriated for department costs associated with the work measurement study of eligibility casework activities in the Medi/Cal program.~~

~~The DSS and the DHS shall make those administrative changes necessary to permit fund transfers effective January 1, 1988, between the local assistance~~

~~budget items for county eligibility work activities (Item 5180/141/001 and Item 4260/101/001) in the 18 counties in California with the smallest caseloads.~~

(7) Effective July 1, 1987, the annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, general acute care rehabilitation hospital, psychiatric health facility, and chemical dependency recovery hospital shall be $16.99 per bed. Effective July 1, 1987, the annual fee for a skilled nursing facility, intermediate care facility, or intermediate care facility for the developmentally disabled is $79.01 per bed.

Department of Health Services fees subject to the annual fee adjustment pursuant to subdivision (a) of Section 115 of the Health and Safety Code, added by Chapter 327 of the Statutes of 1982, shall be increased by ~~31.9~~ *19 5* percent effective January 1, 1988.

Departmental fees subject to the annual fee adjustment pursuant to subdivision (a) of Section 116 of the Health and Safety Code, as added by Chapter 327 of the Statutes of 1982, shall be increased by 5.9 percent effective January 1, 1988

Departmental fees subject to the annual fee increase provisions of subdivision (a) of Section 113 and subdivision (a) of Section 114 of the Health and Safety Code shall be increased ~~4.3~~ *3.4* percent plus 0.56 percent for each 1 percent increase in employee compensation granted in the 1987 Budget Act.

The Director of Finance shall propose language to implement fee adjustments in the 1988 Budget Bill."

I am deleting Provision 8 because this provision would have required the Department to assign a staff member to oversee all budget and fiscal matters and to monitor all cancer contracts. This language creates redundant responsibilities and costs as the activity is already part of the normal on-going work of the Department's Budget Office and existing program personnel

"8. The Department of Health Services shall ensure that a staff member from an appropriate civil service classification is assigned to oversee all budget and fiscal matters relating to the initiation, implementation, and ongoing management of the statewide cancer registry program The duties of this staff shall include, but not be limited to, (a) reviewing budget documents prepared by the contractor or subcontractors for consistency with state budgeting practices and (b) defining, in conjunction with program and contractor staff, appropriate interim target dates for implementation of each of the regional appropriate interim target dates for implementation of each of the regional registries, and periodic review of progress in complying with these dates."

Item 4260-001-890—For support of Department of Health Services. I reduce this item from $88,941,800 to $87,941,800

I am reducing $1,000,000 to reflect the full amount of the revised estimate of the federal share of the support of the Licensing and Certification Division This conforms to action I have taken in Item 4260-001-001

Item 4260-011-014—For support of Department of Health Services (Toxic Substances Control Division). I reduce this item from $27,654,000 to $27,604,000 by reducing:

(b) 300000—Operating Expenses and Equipment from $34,229,000 to $34,179,000, and deleting Provision 9.

I am deleting the legislative augmentation of $50,000 from the Hazardous Waste Control Account to increase the contract with the University of California, Davis, for data analysis of hazardous waste generator reports. The Division's baseline budget already contains sufficient resources to fund this contract at the higher level if the Division believes this is the appropriate level. Therefore, additional funds are not warranted

I am also deleting Provision 9 because the Toxics Division already has the ability to compute and adopt the fees by emergency regulations as often as deemed necessary. Therefore, this language is not necessary

"9. The department shall, on or before January 15, 1988, review the fee rates

established pursuant to Sections 25174, 25174.6, and 25205.5 of the Health and Safety Code to determine if adjustments shall be necessary to the rates to ensure funding at the level appropriated in the Budget Act of 1987 and in subsequent legislation The department shall pursue any necessary adjustment of fees through the process set forth in Section 25174 9 of the Health and Safety Code "

Item 4260-101-001—For local assistance, Department of Health Services. I reduce this item from $2.770.422,000 to $2.683,094.000 by reducing:

(a) 30 11-Benefits (Medical Care and Services) from $5,383.611,000 to $5 229,029,000 and

(c) Amount payable from the Federal Trust Fund (Item 4260-101-890) from -$2 812.254.000 to —$2.745.000.000,

and by deleting Provisions 16, 17, 18, 20, 21 and 22 and by revising Provision 30.

I am reducing this item by $142,000 and taking a corresponding action in Item 4260-101-890 by reducing $142,000 in federal funds to reflect deletion of the augmentation to provide a $150 rate differential to providers of comprehensive perinatal services It has not been determined whether such a rate increase is necessary to provide adequate access or whether the comprehensive perinatal program can be justified on a cost-effectiveness basis at the higher cost levels proposed . A need for this rate increase cannot be demonstrated at this time

I am deleting Provision 18 to conform with this action

"18 The State Department of Health Services shall increase by $150 the rate for prenatal care provided by comprehensive perinatal care providers if the providers have initiated care for the pregnant woman during the first trimester of pregnancy and have provided at least nine prenatal visits."

I am reducing this item by $36,014,000 and taking a corresponding action in Item 4260-101-890 by reducing $36,020,000 in federal funds to reflect reduction of the legislative augmentation which eliminated the savings projected for the Program Restructuring proposal. This action reflects the current estimate of net savings I continue to support Program Restructuring and am directing the Department of Health Services to expeditiously proceed with implementation of Patterns of Treatment and other elements which do not require legislation. I remain firm in my commitment to achieving the changes in law necessary to implement the remaining elements in my Program Restructuring proposal I have adopted the policy of deferring all program enhancements until legislation and detailed budget proposals for implementing the remaining elements of the Program Restructuring proposal are adopted by the Legislature

I am reducing this item by $31,172,000 and taking a corresponding action in Item 4260-101-890 by reducing $31,092,000 in federal funds to the legislative augmentation which eliminated the savings due to the ten percent reimbursement rate reductions implemented pursuant to Welfare and Institutions Code Section 14120 I continue to believe in the appropriateness and necessity of the provider rate reductions I proposed in order to respond to the substantial deficiency in the Medi-Cal budget and have advised the Department of Health Services to actively defend the proposed reductions

I am deleting $20,000,000 in this item which I proposed in the May Revision to fund the settlement of outstanding audit issues reached between the Department of Health Services and the County of Los Angeles. In light of the needs of priority areas such as school district and community college apportionments, corrections, AIDS and toxic wastes, I am deferring payment of the settlement at this time

I am deleting Provision 16 because there appears to be a stronger correlation between statewide unemployment rates and nursing home employee turnover rates than between wages and nursing home employee turnover rates Therefore, I believe that wage pass through requirements increase costs without significantly relieving high employee turnover rate problems

"16 (a) Long-term care facilities with labor costs below medians established for each reimbursement category by the State Department of Health Services shall pass through to nonadministrative employees a portion of the payment rate increase attributable to the salaries, wages, and

benefits component of the Medi-Cal cost-of-living adjustment for skilled nursing facilities, intermediate care facilities, intermediate care facilities/developmentally disabled, and intermediate care facilities/developmentally disabled-habilitative, as defined in Section 1250 of the Health and Safety Code. It is the intent of this section to provide increases to nonadministrative employees, exclusive of administrators or administrators-in-training.

(b) The department shall adopt regulations setting forth a median nonadministrative labor cost base per patient day calculated on the basis of actual facility labor costs within each reimbursement category. The median established for each category shall reflect all data reported by facilities, provided that the data base includes a statistically valid number of facility certifications which capture facility spending pursuant to Chapters 10 and 11 and 111 of the Statutes of 1985 for the period of August 1, 1986, through July 31, 1987. Both free-standing and hospital-based facilities shall file certifications for this period with the department before September 15, 1987, and the department shall use these certifications to publish medians by reimbursement category before November 1, 1987.

(c) Each long-term health care facility shall compare its actual nonadministrative labor costs per patient day, including nurse registry and contract labor expenses in an amount consistent with wages paid employees performing similar duties, during the August 1, 1986, through July 31, 1987, base period to the median labor cost base established for its category. Facilities with actual labor costs below the median shall increase labor costs by an amount sufficient to reach the median, or a specific percentage of the rate increase attributable to labor costs as follows:

(1) Facilities with labor costs in the 26th through 49th labor cost percentiles must increase these costs by 75 percent of the rate increase attributable labor.

(2) Facilities with labor costs in the first through 25 labor costs percentiles must increase these costs by 87.5 percent of the increase attributable to labor.

Facilities with labor costs equal to or greater than the median labor cost base established for their category shall not be subject to this requirement

(d) The Cost-of-Living Adjustment (COLA) median labor cost base process established in this section represents a consolidated requirement which encompasses facility spending requirements associated with the wage pass-through provisions of Chapter 10 and 11 of the Statutes of 1985 and Chapter 19 of the Statutes of 1978. With the exception of the specific wage levels required under Section 1439.7 of the Health and Safety Code, this process shall be used exclusively by the department to monitor facility compliance with all previous pass-through requirements in lieu of existing monitoring mechanisms after the effective date of this act.

(e) Long-term care facilities shall document, in a certification submitted to the department by September 15, 1987, their Cost-of-Living Adjustment (COLA) pass-through obligation and compliance with the requirements of this section. The department shall audit these certifications to ensure that facilities subject to these requirements increase labor cost per patient day by the appropriate amount during the period of August 1, 1987, through July 31, 1988. In assessing facility compliance, the department shall compare facility labor costs per patient day during this period to those reported for the base period described in subdivision (c) above. The department shall also consider documented operational efficiencies which impact overall labor costs in this comparison.

(f) Effective with facility certifications filed for the July 1, 1985, through July

31, 1986, period, facilities shall be allowed to carryover any excess or shortage within 25 percent of their pass-through obligation from one certification period to another, provided that this carryover is spent in addition to any new labor cost increase required during the second certification period. Shortages in excess of 25 percent in the first facility fiscal period, or any shortages which remain at the end of the second fiscal period, shall be distributed by the facility with a 10 percent penalty through a one-time payment to all employees within 60 days of the end of the certification period or the date of final post-appeal audit findings. Facilities which do not meet their pass-through obligation, except as specified above, shall be subject to recovery of that portion of the Medi-Cal Cost-of-Living Adjustment (COLA) pertinent to the compliance period not distributed to employees and other actions pursuant to Section 14017.4 of the Welfare and Institutions Code. Money recovered pursuant to this section shall revert to the General Fund.

(g) The department shall provide a waiver to the Cost-of-Living Adjustment (COLA) pass-through requirements when it determines that a facility will be unable to provide adequate care for patients or maintain financial stability without diverting these funds from labor to other costs. Waiver requests shall be submitted by December 1, 1987, and decisions rendered by February 1, 1988. Life threatening/emergency situations will be processed by the department on an individual case/situation basis. Waivers shall only be granted on a prospective basis, retroactive adjustments shall be handled through the existing audit/appeal process.

(h) The department shall develop the specific methodology and procedures necessary to implement this act with consultation from labor, providers, and legislative committee representatives Prior to implementation of these provisions, the Department of Health Services shall advise the fiscal committee of each house of the Legislature. Facilities shall be provided with complete instructions and monitoring guidelines prior to implementation of these procedures.

(i) The department shall report with input from the parties identified in (a) above to the Legislature by May 1, 1989, on the effectivenesss of this section in ensuring the required pass-through of wages, including a report on the number of facilities and the dollar amounts involved in compliance audits resulting in the imposition of penalties required by this section. In conjunction with this report, the department shall also implement a plan for integration of these procedures with the standard Medi-Cal and disclosure report process by December 1, 1989 "

I am deleting Provision 17 because this language is unnecessary and could potentially reduce the possibility of obtaining a federal waiver to provide these services. The Department of Health Services currently has the authority to request federal waivers. However, federal waivers are only granted if it has been established that such a waiver is cost-beneficial. Currently, the Department of Health Services is in the process of determining which home and community-based services would be deemed cost-beneficial. A federal waiver request will be sent for those services. The language adopted by the Legislature requires that the waiver request must include case management, home health attendant aid, homemaker, adult day care, and respite care whether or not the services are cost beneficial. If this language were to remain in the Budget Act, it could result in the Department committing scarce resources to pursuing a federal waiver which will not be approved.

"17. The State Department of Health Services shall seek from the federal Department of Health and Human Services a waiver from existing Medicaid regulations for the purpose of obtaining federal financial participation in funding home and community-based services to Medi-Cal eligible individuals with AIDS or with AIDS-related conditions who would have to receive inpatient or nursing home care but for the provision of home and community-based services. Home and community-based services that shall

be included in the waiver application include, but are not limited to, case management, home health attendant aid, homemaker, adult day care, and respite care. Room and board shall be specifically excluded from the waiver application. The department shall submit the waiver request no later than September 1, 1987."

I am deleting Provisions 20 and 21 which add Motrin and pentoxifylline to the Medi-Cal Drug Formulary. Current policy places the responsibility for adding or deleting drugs from the Medi-Cal Drug Formulary with the Department of Health Services subject to review by the Medical Therapeutic and Drug Advisory Committee and in depth study by the pharmacists and physicians within the Department of Health Services. I believe that the budget process is an inappropriate means of adding drugs to the Formulary.

In the case of Motrin, efficacious alternative drugs are currently on the Formulary and both drugs are available on a prior authorization basis to Medi-Cal patients. Significantly increased costs would result from the addition of these drugs to the Formulary without any substantial therapeutic benefit.

"20. The State Department of Health Services shall add Motrin 800-milligram to the Medi-Cal Drug Formulary, and immediately promulgate emergency regulations for this purpose."

"21. The State Department of Health Services shall add pentoxifylline to the Medi-Cal Drug Formulary, to be used for treatment of intermittent claudication. The department shall immediately promulgate emergency regulations for this purpose."

I am deleting Provision 22 because expenditures are primarily controlled by eligibility and utilization and not by providers. I believe that the exemption created by this provision is unwarranted. Any rate reductions implemented pursuant to Welfare and Institutions Code Section 14120 should be applied to all providers except where prohibited by federal law or in cases where access may be affected.

"22. The Director of the State Department of Health Services shall not impose rate reductions pursuant to Section 14120 of the Welfare and Institutions Code on Medi-Cal services that do not exceed their allocations in the period in which the proposed rate reduction determination is made."

I am revising Provision 30 because the California Medical Assistance Commission does not have the necessary data to establish which hospitals are disproportionate share providers on the basis of "patients not covered by third party payors." Determination of disproportionate share hospitals for Medi-Cal reimbursement purposes should be based on services to Medi-Cal patients. It would be inappropriate to use all patients with no third party coverage for this purpose. The current negotiating procedure clearly allows for "contracts at rates above a facility's costs," making this phrase redundant and potentially confusing.

"30. (a) The $25,000,000 appropriation provided in Schedule (ax), Program 50.12, Special Adjustment-(Contracts with Disproportionate Share Hospitals), shall be to fund rate increases negotiated after June 30, 1987, by the California Medical Assistance Commission for hospitals serving a disproportionate share of Medi-Cal patients. The Commission shall allocate $2,000,000, $1,000,000 from the General Fund and $1,000,000 from federal funds, for rural, distressed safety-net providers and county-operated hospitals with less than 100 acute care beds which serve a preponderance of persons residing in rural areas.

(b) Amounts shall be allocated from Schedule (ax) to Schedule (a) of this item in the appropriate fiscal years to cover the annualized cost for each rate increase provided from these funds, by executive order of the Department of Finance, based on the estimate of annualized cost and fiscal year costs made by the commission. Any rate increases resulting from these funds shall be in addition to any other rate increases which hospitals would have received.

(c) Disproportionate share hospitals are hospitals which serve a disproportionate number of Medi-Cal beneficiaries. ~~or patients not covered by other third party payors~~ as referenced in subdivision (k) of

Section 14083 of the Welfare and Institutions Code and as determined by the California Medical Assistance Commission. ~~The commission may contract at rates above a facility's costs if the financial viability of that facility is threatened.~~

(d) The aggregate cost of these rate increases shall not exceed an annualized cost of $25,000,000. Furthermore, notwithstanding Section 2.00 of this act, the funds provided in this schedule shall be available for expenditure for the 1987–88, 1988–89, and 1989–1990 fiscal years. Funds in this schedule shall be appropriated in Item 4260-101-001 and 4260-101-890.

Item 4260-101-890—For local assistance, Department of Health Services. I reduce this item from $2,812,254,000 to $2,745,000,000,

and revise Provision 1.

I am deleting the $142,000 legislative augmentation for a $150 rate differential to providers of comprehensive perinatal services to correspond to my action in Item 4260-101-001.

I am deleting the $36,020,000 legislative augmentation which eliminated the savings projected for my Medi-Cal Program Restructuring Proposal to correspond to my action in Item 4260-101-001.

I am deleting the $31,092,000 legislative augmentation which eliminated the savings from the ten percent provider rate reductions proposed in 1986–87 pursuant to Welfare and Institutions Code Section 14120 to correspond to my action in Item 4260-101-001.

I am revising Provision 1 to conform with this action.

"1. The amount payable from this item is scheduled as follows:

(a) 50.10 Eligibility (County Administration)	73,849,000
(b) 50.11 Benefits (Medical Care and Services)	~~2,690,118,000~~ *2,622,864,000*
(bx) 50.12 Special Adjustment—Contracts with Disproportionate Share Hospitals	12,500,000
(c) 50.50 Fiscal Intermediary Management	33,787,000"

Item 4260-106-001—For cost-of-living increases, Department of Health Services. I reduce this item from $23,179,000 to $4,934,000 by reducing

(a) 50.11-Benefits (Medical Care and Services) from $46,358,000 to $9,868,000 and

(b) Amount payable from the Federal Trust Fund (Item 4260-106-890) from −$23,179,000 to −$4,934,000,

and revising Provision 1 and deleting Provisions 2 and 3.

I am reducing $374,000 in this item and taking corresponding action in Item 4260-106-890 by reducing $374,000 in federal funds added by the Legislature to increase adult day health care rates. I am retaining $193,000 in this item and a corresponding amount in Item 4260-106-890 to provide a cost-of-living adjustment consistent with the increase provided to skilled nursing facilities. The rate increase proposed by the Legislature would bring adult day health care daily rates to about 94 percent of current skilled nursing facility 24-hour care rates. This is contrary to one of the original purposes of adult day health care which was to provide an economical alternative to skilled nursing care.

I am revising Provision 1 to conform with this action.

"1. The department shall reimburse for adult day health care services at a daily rate of ~~$42.97~~ *$39.45*."

I am deleting $10,000,000 in this item and taking corresponding action in Item 4260-106-890 by deleting $10,000,000 in federal funds added by the Legislature to increase hospital rates to take into consideration the special circumstances of hospitals serving a disproportionate share of Medi-Cal and other low income patients on an outpatient basis.

Currently, outpatient services are funded under the Medi-Cal program based on a uniform fee schedule. This augmentation would provide reimbursement rates in excess of those currently offered pursuant to the Schedule of Maximum Allowances, establishing preferential treatment for hospitals compared to all other outpatient providers. It is possible that this action would not qualify for federal financial

participation. In addition, the language defines disproportionate share on the basis of both Medi-Cal billings and "other" outpatient deductions from revenue It is inappropriate to base Medi-Cal reimbursements on "other" deductions for bad debt and charity care not related to Medi-Cal

I am providing $25 million for increased rates for disproportionate share hospitals' inpatient rates in Items 4260-101-001 and 4260-101-890. These funds will be provided within the hospital contracting process in recognition of the unique financial problems of many institutions serving large numbers of Medi-Cal patients.

I am also deleting Provision 2 to conform to this action

"2. Of the amounts appropriated in this item, $10,000,000 transferred from Item 4260-106-890 and $10,000,000 from the General Fund are for rate increases to hospitals that the Director of the State Department of Health Services determines to be disproportionate outpatient providers. For the purposes of this provision, a disproportionate outpatient provider is a hospital that exceeds the mean value of the disproportionate provider factor for all hospitals as determined by the director based on the most recent annual disclosure data administered by the Office of Statewide Health Planning and Development In making this determination, the director may give special consideration to hospitals that previously had not submitted necessary data elements and that certify to changes in relevant data subsequent to the most recent state report

This factor shall be the proportion of total outpatient gross revenue attributable to Medi-Cal gross revenue and "Other" outpatient deductions from revenue. Medi-Cal gross revenue shall include Medi-Cal revenue from eligible persons who are members of prepaid health plans, as defined in Section 14251 of the Welfare and Institutions Code.

The rate increases shall be effective August 1, 1987, and shall be in amounts that (1) are in proportion to the degree by which each hospital's disproportionate outpatient factor exceeds the mean, and (2) shall be calculated by the director based on his or her most recent estimate of Medi-Cal outpatient utilization in such a way as to cost $20,000,000 ($10,000,000, General Fund) during fiscal year 1987–88."

I am deleting $3,646,000 in this item and taking corresponding action in Item 4260-106-890 by deleting $3,646,000 in federal funds added by the Legislature to provide a one percent discretionary rate increase to Medi-Cal non-hospital providers with the exception of long-term care and physician services. Because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS and toxic wastes I am unable to provide cost-of-living adjustments for programs such as this one. Even with this reduction, I am providing over $100 million for statutory COLAs in Health and Welfare programs during 1987–88.

I am deleting $4,225,000 in this item and taking corresponding action in Item 4260-106-890 by deleting $4,225,000 in federal funds added by the Legislature to provide a discretionary COLA amounting to an 18.6 percent rate increase to providers of obstetrical/gynecological (OB/GYN) services I believe that the 26.5 percent rate increase provided in the 1986–87 Budget is adequate in that it brings obstetrical providers to parity with Medi-Cal providers of other critical primary care services and is adequate to ensure access to obstetrical services. In addition, as noted above, because of the need for funds in high priority areas, I am unable to provide cost-of-living adjustments for programs such as this one

I am also deleting Provision 3 to conform with this action.

"3. Of the amount appropriated in this item, $8,450,000 ($4,225,000 General Fund and $4,225,000 Federal funds) shall be for providers of Obstetrical/Gynecological (OB/GYN) services for purposes of providing a 18 6 percent rate increase. All other Medi-Cal fee-for-service, non-hospital providers, except long-term care and physician services, shall receive a rate increase of one percent."

Item 4260-106-890—For local assistance, Department of Health Services I reduce this item from $23,179,000 to $4,934,000

0 13 20 0

I am reducing this item by $374,000 and retaining $193,000 of the legislative augmentation for adult day health care rate increases to correspond to the action I have taken in Item 4260-106-001.

I am deleting the $10,000,000 legislative augmentation for rate increases to hospitals serving a disproportionate number of Medi-Cal or other low income patients on an outpatient basis to correspond to the action I have taken in Item 4260-106-001.

I am deleting the $4,225,000 legislative augmentation to provide an 18.6 percent rate increase to providers of obstetrical/gynecological (OB/GYN) services to correspond to the action I have taken in Item 4260-106-001.

I am deleting the $3,646,000 legislative augmentation for a one percent discretionary rate increase to Medi-Cal non-hospital providers with the exception of long-term care and physician services to correspond to the action I have taken in Item 4260-106-001.

Item 4260-111-001—For local assistance, Department of Health Services I reduce this item from $1,243,268,000 to $1,135,452,000 by reducing

(a) 11-Preventive Medical Services from $18,503,000 to $9,016,000

(b) 15-AIDS from $18,873,000 to $18,777,000

(c) 20-Family Health Services from $138,601,000 to $130,119,000 and

(d) 40-Rural and Community Health from $1,067,291,000 to $977,540,000,

and revising Provisions 1, 1.5, 2, and 3.

I am reducing $9,190,000 of the $10,000,000 legislative augmentation for the Alzheimer's Diagnostic and Treatment Centers. I am retaining $810,000 for Alzheimer's Diagnostic and Treatment Centers. This amount will provide, on the average, for an increase from $115,000 to $250,000 per center for the existing six centers. My budget contains a total allocation for Alzheimer's Diagnostic and Treatment Centers of $1.5 million; over twice the amount allocated in 1986–87 I am deleting Provision 1 (c) to conform to this action.

I am deleting the $215,000 legislative augmentation for the Medication Education Program for Seniors In 1987–88, funds for this program are available through Special Needs and Priorities (SNAP) funding in the County Health Services budget which is specified in Subdivision (c) of Provision 3 of this item. Welfare and Institutions Code Section 16707 allows the SNAP fund to total up to $2,450,000 in 1987–88. The Medication Education Program is ranked seventh in terms of priority, and funding, if available, would be administered under the established SNAP grant program. I have not seen any justification which supports the proposed augmentation or which warrants changing SNAP funding program priorities I am deleting Provision 1(d) to conform to this action.

I am reducing this item by $1,000,000 to reflect the deletion of the legislative augmentation for the testing and treatment of Chlamydia. My budget includes $34.2 million for contracts with various agencies to provide family planning services. These funds are available for various services, including testing for and treatment of sexually transmitted diseases such as Chlamydia. I am deleting Provision 2(d) to conform to this action.

I am deleting the $3,000,000 legislative augmentation for family planning contracts My budget contains $34,155,000 for this program which represents a 21.5 percent increase over the 1983–84 budget for this program. I am deleting Provision 2 (e) to conform to this action.

I am deleting a legislative augmentation of $750,000 added to fund school-based health clinics. The progam is being proposed in SB 717. Any funding for the program should be included in the bill and considered along with the program policy There is no demonstrated statewide need for school-based clinics. To the extent that they are a local priority, existing public and private funds should be used. In addition to Medi-Cal, which provides services to eligible low-income citizens, the Department of Health Services provides funding for several other programs which make services available to adolescents. The Office of Family Planning contracts statewide with various private, non-profit agencies for family planning education and clinical services. In addition, subventions are provided for county health services (AB 8), including outpatient services, and for health services to the medically indigent (Medically Indigent Services Program). I am deleting Provision 2 (f) to conform to this action

I am deleting the $1,000,000 legislative augmentation for the Women, Infants, and Children program This is a $166,195,000 federal program, not separately authorized under State law It is inappropriate and unnecessary to provide State funding for this federal program. I am deleting Provision 2 (1) to conform to this action

I am deleting the $1,830,000 legislative augmentation for community based perinatal programs, the diabetes in pregnancy program, and perinatal regionalization programs In 1986–87, I added $7,511,000 to the budget for Maternal and Child Health Services to replace federal funds that were no longer available These funds continue into 1987–88. My budget, therefore, already contains in excess of $25 million for various perinatal programs. I am deleting Provision 2 (h), (i), and (j) to conform to this action

I am deleting a legislative augmentation in the amount of $500,000 to provide funding for the California Health Services Corps The National Health Services Corps has been provided 133 health personnel in California However, the federal government has proposed a cutback in the program which will result in a net loss of 20 physicians for California. Funds are currently available through contracts to clinics in underserved areas under the same legislation that authorizes the California Health Services Corps. Nothing precludes the clinics from utilizing contract funds for physician salaries

I am deleting the $69,000,000 legislative augmentation for the Medically Indigent Services program. Although I proposed to increase the funding for this program by $12,500,000 in May, I believe that the Legislature's proposal to provide block grant funding to counties, contained in Section 32 50, provides a better approach to address individual county needs. Because the funds provided in Section 32 50 will be allocated to the counties as general revenue, counties will have the discretion to utilize the funding for the highest priority programs within each county, including medical services and trauma care. The amount of funding for the Medically Indigent Services program will continue at the 1986–87 level of $498,435,000. I am deleting the first subdivision (c) of Provision 3 to conform to this action

I am deleting a $20,000,000 legislative augmentation for reimbursement of physicians and hospitals for uncollected charges for providing emergency medical services The problem of providing funding for medical care for the uninsured, nonindigent population is nationwide in scope and cannot be efficiently and fairly resolved by this sort of piecemeal approach In addition, public reimbursement to physicians and hospitals for services rendered to patients who do not pay would reduce incentives to actively collect money owed them since prorated reimbursement can be received regardless of the reasons for non-payment. I am deleting the first subdivision (d) of Provision 3 to conform to this action

I am deleting the $40,000 legislative augmentation to provide funding for a half-time physician for the South County Community Clinic in San Juan Capistrano This clinic currently receives a primary health care grant in the amount of $20,000. I believe that the clinic should be required to continue to compete for State funding with the many other small and rural clinics.

I am deleting the $1,291,000 legislative augmentation for discretionary cost-of-living adjustments (COLA) for public health categorical programs These increases were to be distributed to programs as follows: $82,000 for Preventive Medical Services; $96,000 for AIDS; $902,000 for Family Health Services; and $211,000 for Rural and Community Health Services I have addressed the critical growth needs of these programs through the May Revision process by adding $4,297,000 for the Child Health and Disability Prevention program, $7,129,000 for California Children's Services and $915,000 for the Genetically Handicapped Persons program. In addition, over $24 3 million of new funds have been included for the Department of Health Services for AIDS programs. In light of other budgetary priorities I believe that across the board augmentations are not justified.

I am deleting Subdivision (a) of Provision 1.5 which requires that $1 million of the amount budgeted for the AIDS alternative test site program be redirected to fund an early diagnostic treatment program and to support mobile anonymous testing programs. The alternative test site program is a critical program designed to anonymously test individuals to find out if they are infected with the AIDS retrovirus (HIV) to eliminate the use of blood banks by individuals wishing to test for AIDS To

the extent any funds are redirected from HIV antibody testing, the State would be unable to meet the demand (currently estimated at 11,000 persons per month) for testing Clearly, the early diagnostic and treatment activities would redirect critical resources away from testing To the extent that mobile testing is more costly than testing in the alternative test sites, this proposed activity would also effectively decrease the resources available. Since the utilization of the alternative test site program has more than doubled since 1986, I am opposed to any redirection of funds which would limit the number of tests that could be provided in 1987–88

I am deleting Provision 2(k) which requires the Department of Health Services to request federal financial participation for county costs incurred in the new Medi-Cal comprehensive perinatal program The counties perform provider recruitment for perinatal programs other than the comprehensive perinatal services program. Increased county costs cannot be estimated or demonstrated for this new program since no data currently exists It is clear that a waiver would currently be denied and, as such, this language is not warranted.

I am revising Provisions 1, 1.5, 2, and 3 to conform with these actions.

"1 Program 11-Preventive Medical Services:

(a) Funds appropriated in this item for the purpose of grants and contracts for lupus erythematosus research shall be used for basic research and shall be subject to the provisions of Section 2 of Chapter 297 of the Statutes of 1976 as amended by Section 1 of Chapter 643 of the Statutes of 1982.

(b) The State Department of Health Services shall redirect $200,000 of the funds appropriated for lupus erythematosus to fund studies of transfusion-related AIDS or hepatitis. The department shall contract with up to three university medical schools or medical schools affiliated with university medical schools to conduct the studies The contracts shall be approved by that body which approves contracts for research into lupus erythematosus

The studies shall compare results in three categories (1) patients receiving pooled, random platelet transfusions of 6 to 10 platelet packs, (2) patients receiving platelet pheresis concentrates from volunteer donors; and (3) patients receiving platelet pheresis concentrate from compensated donors

Both voluntary and compensated donors whose platelet pheresis products are screened for potential transfusion purposes at these medical schools and clinics shall also receive donor and platelet product laboratory testing Laboratory tests to be included in this survey are those associated with patient safety from transfusion-related infectious diseases and include all of the following tests: hepatitis surface antigen, antibody to hepatitis core antigen, HTLV-III antibody, and ALT test for elevated liver enzymes.

~~(c) Of the additional funds for Alzheimer's programs contained in the 1987/88 budget for the State Department of Health Services, $1.5 million shall be allocated to existing centers, $3.5 million shall be allocated for up to 10 new centers, $69,000 shall be allocated to state support, $70,000 shall be allocated to evaluation, and $4,870,000 shall be spent for additional Alzheimer's research projects.~~

~~(d) Of the funds appropriated in this item, $215,000 shall be used to support existing senior medication education programs which have demonstrated the ability to provide a comprehensive array of educational services through a cost/efficient, collaborative regional approach. An evaluation report shall be submitted to the State Department of Health Services and the Legislature by April 15, 1988. Participating counties shall be required to provide 50% matching funds, or an equal value in in/kind staff and materials.~~

1.5. Program 15-AIDS:

~~(a) Of the funds provided for the alternative test site program, the department shall allocate $1,039,000 to (1) establish an early diagnostic treatment program in the test sites, and (2) support mobile anonymous~~

~~testing programs.~~

(b) The department shall create a reserve of $125,000 from the amount appropriated in this item for AIDS programs. The reserve may be allocated for special local assistance projects identified during the year which were not anticipated during the budget process. Funds allocated from this reserve are subject to the provisions of Section 28.00.

2. Program 20-Family Health Services:

(a) Funds appropriated in this item for services to physically handicapped children shall be used in accordance with provisions of Article 2 (commencing with Section 248) of Chapter 2 of Division 1 of the Health and Safety Code, provided that any person who is eligible for and is receiving services under the program funded by this item shall not be denied services or suffer an interruption of services because of any relocation within this state.

(b) Collections of family repayments by CCS in excess of $750,000 shall be used to offset the General Fund appropriation to those programs.

(c) The CCS Program shall require all CCS applicants who are potentially eligible for cash grant public assistance to apply for Medi-Cal eligibility prior to becoming eligible for CCS funded services, unless the individual declines to apply on the basis of known ineligibility under state law and the regulations promulgated thereunder.

~~(d) There shall be allocated $1,000,000 to the Office of Family Planning to fund the testing and treatment of Chlamydia for individuals who are eligible for services pursuant to Section 14503 of the Welfare and Institutions Code.~~

~~(e) There shall be allocated $3,000,000 to the Office of Family Planning to fund family planning services pursuant to Section 14501 of the Welfare and Institutions Code.~~

~~(f) The sum of $750,000 is hereby appropriated from the General Fund to the Maternal and Child Health Program in the State Department of Health Services for allocation for the establishment and operation of school/based health clinics.~~

~~These funds shall not be appropriated for this purpose unless SB 717 of the 1987/88 Regular Session is chaptered.~~

(g) By October 1, 1987, the Superintendent of Public Instruction and the Departments of Health Services and Mental Health shall submit for public comment the proposed regulations implementing Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 2 of the Government Code, concerning interagency responsibilities for providing services to handicapped children.

By November 1, 1987, the Departments of Developmental Services and Health Services (including representation from California Childen's Services and Medi-Cal) shall negotiate an interagency agreement concerning clients concurrently eligible for services. The interagency agreement shall delineate the service responsibilities of each agency as it relates to mutual clients. The Department of Education shall provide technical assistance pursuant to Section 300.600 of Title 34 of the Code of Federal Regulations to ensure that the agreement is written in compliance with all applicable federal laws concerning delivery of services to handicapped children.

~~(h) The State Department of Health Services shall increase by $1,000,000 funds for communitybased perinatal programs. The department shall allocate the funds through a request/for/proposal to counties in which low/income women are experiencing problems in accessing prenatal care.~~

~~(i) The State Department of Health Services shall increase by $320,000 funds for diabetes in pregnancy programs. The department shall use the funds to fully fund four programs which are partially funded and to establish two additional programs at $60,000 each.~~

~~(j) The State Department of Health Services shall increase by $510,000 funds for perinatal regionalization programs. The department shall use the funds~~

~~to fully fund those regions in Fresno and Los Angeles Counties which presently are unfunded or underfunded.~~

~~(k) The State Department of Health Services shall submit by September 1, 1987, a request to the federal government for federal financial participation for implementing county costs incurred in comprehensive perinatal services.~~

~~(l) Of the funds appropriated in this item, one million dollars ($1,000,000) shall be allocated to the Department of Health Services to administer the California Special Supplemental Food Program for Women, Infants, and Children for the purpose of providing the department with the means to fully use existing federal funds. These funds shall ensure that enough money is allocated locally to expend the entire federal grant for food, administrative and direct nutrition services in the same proportion as set forth in the state special project existing on January 1, 1986. It is expected that all or most of the appropriation shall revert to the General Fund on June 30, 1988, and that subsequent appropriations shall be set aside through the annual Budget Act.~~

3. Program 40-Rural and Community Health:

(a) The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.

(b) Amounts identified as abatements to the county medical services program for retroactive aid to the totally dependent program claims shall be transferred from the Health Care Deposit Fund to the county medical services program without regard to fiscal year

~~(c) Of the amount appropriated in this Item for the Medically Indigent Services Program, Los Angeles County shall use at least $9,000,000 from its allocation to expand its support of emergency medical and trauma services.~~

~~(d) Of the amount appropriated in this item, $20,030,000 shall be allocated to reimburse physicians and hospitals for a percentage of the losses they incur in providing emergency medical services. These funds shall be available for allocation upon enactment of legislation specifying the procedures for reimbursement of these providers.~~

(c) To the extent savings are available from the County Health Services Fund, the director shall allocate the funds according to the following priorities:

(1) Public Health Emergencies	$315,000
(2) Distressed County Facilities, as defined in Section 16715 of the Welfare and Institutions Code	470,000
(3) Refugee Health Programs	245,000
(4) Computerization of County Information	535,000
(5) County-Clinic Linkages	130,000
(6) Elder Care Projects	505,000
(7) Medication Education Program for Seniors	250,000

If the funding applications of local jurisdictions request fewer funds from one category than the amounts set forth above, the director may reallocate funds from one category to another. However, in reallocating funds, the director shall first consider the need for additional funds in the categories in the order or priorities listed above.

(d) Funds appropriated for Medically Indigent Services in independent counties shall be spent to preserve or provide reasonable access to both inpatient hospital care and outpatient care.

Outpatient care includes reasonable access, as determined by the State Department of Health Services, to physician's services through county outpatient clinics, nonprofit community outpatient clinics, or other arrangements, the Medi-Cal formulary of prescription drugs, and acute dental care. The department may withhold this funding for any county for

which it makes a finding that the funding is not necessary to preserve or provide reasonable access to both inpatient hospital care and outpatient care. The department shall withhold approval if it makes a finding that the county will not be in compliance with state statutory requirements governing eligibility, advance payment of patient liability, or notices."

Item 4300-101-001—For local assistance, Department of Developmental Services, for Regional Centers. I reduce this item from $404,440,000 to $398,709,000 by reducing:

10.10-Regional Centers

(a) 10.10.010-Operations from $118,110,000 to $117,177,000,

(b) 10.10.020-Purchase of services from $288,898,000 to $284,101,000,

and

(d) 10.20.030-Cultural Center for the Handicapped from $147,000 to $146,000.

I am deleting the $3,998,000 legislative augmentation for a one percent cost-of-living increase for out-of-home, day, and the other service programs in the Regional Centers' purchase of service budget. The final budget will provide an additional $29,754,000, which represents an increase of 11.7 percent, to provide additional support services for persons with developmental disabilities

I am also deleting the $800,000 legislative augmentation for a rate adjustment for day programs which would partially fund the lag between allowable costs and the current reimbursement levels. This augmentation would provide preferential treatment for one provider type. There is no evidence to indicate that rates paid for day programs are inequitable in comparison to providers of services in other major program areas.

I am also reducing $933,000 of the $1,400,000 legislative augmentation for the cost-of-living increase for regional center employees. I am retaining $467,000 of the augmentation, which, when added to the amount originally proposed, will provide up to a 4 percent general compensation increase package effective January 1, 1988 This is consistent with my action in Item 9800-001-001 regarding the employee compensation increase for State employees.

Item 4300-111-001—For local assistance, Department of Developmental Services, for State Hospitals. I reduce this item from $34,354,000 to $34,298,000 by reducing·

(a) 20-State Hospital Services Program from $468,506,000 to $468,450,000, and deleting Provision 5.

I am deleting the $56,000 legislative augmentation for the one percent cost-of-living adjustment for the Developmental Center county education contracts. Because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes, I am unable to provide cost-of-living adjustments for programs such as this one. Even with this reduction, $5.6 million is available to contract for these services.

I am also deleting Provision 5 because it does not allow sufficient flexibility to provide for a continuity of laundry services to the State Hospitals. Although I support maximizing work programs for prisoners, it is important that the State Hospitals maintain the flexibility to revise PIA laundry service contracts when situations arise due to circumstances beyond their control Furthermore, I am concerned that this language could create additional costs to the State for additional staffing and for repair of State Hospital laundry equipment which is old and in poor condition

"5. The Prison Industries Authority (PIA) is prohibited from subcontracting Department of Developmental Services' contracted services to private firms where the PIA cannot complete the work itself. In determining its ability to complete the work, PIA shall consider the feasibility of additional prisoner worktime, including voluntary overtime. When the PIA cannot complete the work itself, state civil servants shall be employed for the work originally contracted to the PIA."

Item 4440-101-001—For local assistance, Department of Mental Health.

I am deleting Provision 13. This Provision would require Los Angeles County to allocate funds received from this item to Service Area 5 to correct unmet service needs identified in a June, 1987 Los Angeles County Grand Jury report. It is this Administration's policy that counties utilize their Short-Doyle local assistance funds based on their local priorities. Consistent with this policy, since this is a local problem,

it should be addressed at the local level

"13 Funds received by Los Angeles County under this item shall first be allocated to Service Area 5 to correct the unmet service needs identified in the June 1987 report of the Social and Human Services Mental Health Subcommittee of the 1986–87 Los Angeles County Grand Jury."

Item 4440-111-001—For local assistance, Department of Mental Health, for services to brain damaged adults. I reduce this item from $6,683,000 to $3,257,000, and delete Provision 1.

I am deleting the $120,000 legislative augmentation for the Statewide Resources Consultant for day activity programs and/or supported employment projects for brain damaged adults. My budget already provides $445,000 for this Consultant. An augmentation for this purpose is premature as the Department has requested that the Statewide Resources Consultant conduct a study to determine the appropriate level of programmatic and fiscal needs.

I am deleting Provision 1 to conform with this action

"1. Of the amount appropriated in this item, $120,000 shall be made available to the Statewide Resources Consultant under Chapter 1658 of the Statutes of 1984, as a "sole source contract" for no more than two demonstration projects which will be contracts with community-based, non-profit corporations which have experience in developing and operating day activity or supported employment projects for adults with acquired head injuries.

In making determinations of contractors, the Statewide Resources Consultant, in consultation with the department, shall give highest priority to proposed projects which will maximize federal funding for recipients of services from the Federal Rehabilitation Act of 1973, as amended, and which will involve a community college and other local resources in a collaborative venture "

I am deleting the $31,000 legislative augmentation for a one percent discretionary cost-of-living adjustment for this item Because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes, I am unable to provide cost-of-living adjustments for programs such as this one.

I am deleting the $275,000 legislative augmentation to expand services for brain damaged adults. The intent of this augmentation was to provide an additional five months funding for four new Regional Resource Centers. My budget provides $3,257,000 for support of seven existing and four new Regional Resource Centers. This budgeted level meets the statutory requirement for statewide implementation by September, 1988 pursuant to Chapter 1658, Statutes of 1984

I am also deleting the $3,000,000 legislative augmentation for the Department of Mental Health Brain Damaged Local Assistance Item This augmentation consists of (1) $2,300,000 for service to brain damaged adults, (2) $500,000 for the Statewide Resources Consultant, and (3) $200,000 for an evaluation contract. This $3,000,000 expansion has not been justified. The $500,000 would more than double the current $445,000 budgeted for the Statewide Resources Consultant and, as indicated above, is premature. My budget already includes $60,000 for an evaluation contract to be let in 1987–88; thus an additional $200,000 is not warranted.

Item 4440-131-001—For local assistance, Department of Mental Health. I reduce this item from $18,700,000 to $8,200,000 by reducing:

(a) 10.80-Assessments, treatment and case management of special education pupils pursuant to Chapter 1747 of the Statutes of 1984 and Chapter 1274 of the Statutes of 1985, from $19,375,000 to $8,875,000 and

deleting Provision 4.

I am reducing the $14,000,000 legislative augmentation to this item by $10,500,000. I am retaining $3,500,000 of the augmentation, which, when added to the $6,000,000 reappropriation in Item 4440-491, will provide a total increase of $9,500,000 for services to special education pupils. This represents a 177 percent increase in funding over the 1986–87 program level. With these augmentations, my budget provides a total of $14,875,000 for these services. When added to the estimated maintenance of effort counties report spending on services to special education pupils, an amount in excess

of $20,000,000 is available for this program.

I am deleting Provision 4 because the 1986 Budget Act provided a waiver of the county match for one year. Beginning in 1987–88, counties were expected to provide a match, consistent with other mental health services. If adopted, this language would result in a reduction of available service dollars of as much as $1,487,500.

"4. Notwithstanding any other provision of law, counties shall not be required to match funds in this item for services provided pursuant to Chapter 1747 of the Statutes of 1984 and Chapter 1274 of the Statutes of 1985."

Item 4440-491—Reappropriation, Department of Mental Health. I delete Provision 3.

I am deleting this provision because its intention is to provide another means by which counties could cover their State hospital overuse. The effect of this language would be to take funds which would otherwise revert to the General Fund and give them to counties who have not managed their resources to live within their State hospital day allocation. Current Administration policy precludes the use of rollover/savings from one county to another. This language is inconsistent with this policy. Furthermore, I am concerned that adoption of this language would establish a precedent for "bailing out" counties who do not live within their allocations.

"(3) Item 4440-101-001 (b)-Community Services-Other Treatment, Budget Act of 1986, for local assistance, provided that upon completion of final costs settlements, all available unexpended funds not approved for rollover appropriated to the Department of Mental Health are reappropriated and shall be applied to the costs of state hospital services in counties who have exceeded their allocations due to lack of alternative mental health services."

Item 5100-001-185—For support of Employment Development Department. I reduce this item from $20,854,000 to $20,264,000,
and delete Provision 4.

I am reducing this item by $590,000, payable from this fund to Item 5100-001-870, to conform with my actions in Item 5100-001-870 as follows:

I am deleting a $250,000 legislative augmentation that would have provided funding for a work procedures and performance standards study.

I am deleting Provision 4 to conform with this action.

"4. An amount not to exceed $250,000 is provided for purposes of EDD contracting with an independent consultant to develop a work management system for the Unemployment Insurance and the Disability Insurance Programs. This system shall accomplish all of the following objectives.

(a) Evaluate work activities and identify measurable and nonmeasurable activities.

(b) Identify and document operational improvement opportunities

(c) Develop work standards for measurable work tasks.

(d) Develop effectiveness/quality measures.

(e) Develop a workload forecasting procedure to document staffing needs and support future budget requests.

(f) Formulate new budgeting procedures utilizing the work standards and workload forecasts."

I am deleting a $100,000 legislative augmentation that would have provided funding for the Genesis Project.

I am also deleting a $240,000 legislative augmentation that would have provided additional funding for the Deaf and Hearing Impaired Program.

Item 5100-001-514—For support of Employment Development Department. I delete Provision 5.

I am deleting this Provision because the additional appropriation of interest income earned by the Employment Training Fund is not needed for job training in 1987–88. I am sustaining new legislative language contained in Provision 4 which appropriates prior years' disencumbered funds. The effect of Provision 4 will be to provide an additional $22 million for job training contracts. In total, the Employment Training Panel will have $104,000,000 available in 1987–88 for training contracts. Furthermore, I do not believe that Legislative intervention is necessary in the approval of individual job training contracts and would only result in unnecessary delays in worthwhile

training

"5 Interest income earned from investments of the Employment Training Fund during fiscal year 1987–88 is hereby appropriated for transfer to and in augmentation of this item for allocation by the Employment Training Panel for job training contracts. The panel shall not expend any of this allocation for training contracts sooner than 30 days after notification in writing to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee."

Item 5100-001-870—For support of Employment Development Department. I revise this item by reducing:

(a) 10-Employment and Employment Related Services from $144,324,000 to $143,984,000

(b) 20-Tax Collection and Benefit Payments from $323,447,000 to $323,197,000

(i) Amount Payable from the Employment Development Contingent Fund (Item 5100-001-185) from −$21,854,000 to −$21,264,000.

I am deleting a $250,000 legislative augmentation, payable from Item 5100-001-185, that would have provided funding for a work procedure and performance standards study of the Unemployment Insurance and the Disability Insurance programs. Performance standards are collective bargaining issues. As such, related studies are already ongoing activities within the Department. In addition, in regard to the Unemployment Insurance Program, work measurements are tied to Federal Department of Labor standards thus limiting the Department's flexibility in implementing a new methodology in this area.

I am deleting a $240,000 legislative augmentation, payable from Item 5100-001-185, that would have augmented the Deaf and Hearing Impaired program. Even with this elimination, my budget includes $859,000 for this program, an increase of 56 percent over the 1986–87 level of funding.

I am also deleting a $100,000 legislative augmentation, payable from Item 5100-001-185, that would have provided funding for the Genesis Project. This project would encourage students to do well in school by obtaining employment for them. I do not believe that the Contingent Fund is an appropriate funding source. However, because the project appears to have merit, I am instructing the Employment Development Department to make every effort to finance the project from 10 percent Wagner-Peyser funding which is available for such innovative training projects.

Item 5100-101-185—For local assistance, Employment Development Department. I delete this item.

I am deleting the $400,000 legislative augmentation for child care services to participants in Job Training Partnership Act programs because the Employment Development Contingent Fund, which is derived from penalties and assessments for the Disability Insurance, Unemployment Insurance and Employment Training programs, is an inappropriate funding source.

Moreover, the Employment Development Department has taken steps to provide $500,000 for this program in 1987–88 from discretionary fund sources. That amount, along with anticipated savings in Federal Title XX funds available for the program, will provide a total Job Training Partnership Act Child Care program level of $1,000,000 in the budget year.

Item 5100-301-870—For capital outlay, Employment Development Department. I delete Provision 1.

I am deleting Provision 1. I concur with the concept of correcting all accessibility deficiencies on a priority basis, however, funds are not included for correcting known deficiencies at the Indio field office because the alteration project proposed for that office was judged to be infeasible and, subsequently, funds were deleted from the budget. At this time, it is not known if sufficient savings of budgeted funds for other projects will be available to address these deficiencies in a technically feasible manner during the budget year.

"1 The first priority use of funds appropriated under this item for minor capital outlay shall be to provide handicapped accessibility to all facilities within Employment Development Department-owned field offices. The

Employment Development Department shall initiate construction of, or enter into construction contracts for, all these handicapped accessibility projects during the 1987–88 fiscal year."

Item 5160-001-001—For support of Department of Rehabilitation. I am revising this item by reducing:

(a) 10-Vocational Rehabilitation Services from $129,131,000 to $129,089,000, and

(g) Amount payable from the Federal Trust Fund (Item 5160-001-890) from −$112,713,000 to −$112,671,000.

I am revising this item to reflect the $42,000 reduction of the one percent cost-of-living adjustment for the Supported Employment Program. The final budget will provide an additional $6,695,000, or a 253 percent increase over the 1986–87 program level, to fund anticipated caseload associated with the individual placement component of the Supported Employment Program

Item 5160-001-890—For support of Department of Rehabilitation I reduce this item from $112,713,000 to $112,671,000.

I am reducing this item by $42,000 to reflect the elimination of the cost-of-living adjustment for the Supported Employment Program.

This conforms with my action on Item 5160-001-001.

Item 5160-101-001—For local assistance, Department of Rehabilitation. I reduce this item from $74,829,000 to $73,989,000 by reducing:

(a) 10-Vocational Rehabilitation Services from $512,000 to $507,000,

(b) 20-Habilitation Services from $69,042,000 to $68,358,000,

(1) 20.10 Work Activity Program from $56,865,000 to $56,302,000,

(2) 20.30 Counselor-Teacher and Reader Services from $103,000 to $102,000,

(3) 20.40 Supported Employment Services from $12,074,000 to $11,954,000, and

(c) 30-Support of Community Facilities from $5,275,000 to $5,124,000,

and deleting Provision 3.

I am reducing this item by $740,000 to reflect the elimination of the one percent cost-of-living adjustment for the Department of Rehabilitation local assistance programs. My budget will still provide an increase of $9,988,000, or 15.6 percent over the 1986–87 level, for additional services to the disabled.

I am also deleting the legislative augmentation of $100,000 to hold Independent Living Centers harmless from any funding reductions that could result from the revised allocation criteria adopted by the Legislature. While I agree with the need to provide for a more simplified, equitable process for funding Independent Living Centers, the hold harmless provision would result in some centers receiving more than is justified under the formula. In addition, it would be more appropriate to pursue a permanent solution to this problem via regulatory changes rather than addressing this issue in the Budget Act. The Department of Rehabilitation is currently in the process of revising regulations to reflect the formula contained in Provision 3, absent the hold harmless provision. Therefore, this augmentation and Provision 3 are not warranted.

I am deleting Provision 3 to conform with this action.

"3. For purposes of the 1987–88 fiscal year, the allocation of available General Fund moneys by the department to eligible independent living centers (ILC) shall be in accordance with the following criteria.

(a) Each ILC shall receive a $150,000 base grant.

(b) The allocation of these funds for the "population" factor shall be based upon the percentage of the general population in an ILC's catchment area as it relates to the total population of all ILC catchment areas.

(c) No ILC shall receive fewer combined base grant and population funds than it received in the 1986–87 fiscal year.

(d) The "base year" for purposes of state matching funds for private funds raised by the new ILCs funded in the 1986–87 fiscal year shall be their first full year of operation with Department of Rehabilitation/Independent Living Center funding The base amount for matching purposes shall be either 10% of the ILC grant for that period or the actual private fundraising amount, whichever is greater."

Item 5180-001-001—For support of Department of Social Services. I delete Provision 7.

I am deleting Provision 7 because this language is unnecessary since the individual Budget Act appropriations for County Administration in the Departments of Health Services and Social Services are sufficient to accommodate justified costs in the county eligibility work activities in the 18 smallest counties. Furthermore, this language could create administrative accounting difficulties which would outweigh any benefit from such funding transfers.

"7. The Department of Social Services and the Department of Health Services shall make those administrative changes necessary to permit fund transfers effective January 1, 1988, between the local assistance budget items for county eligibility work activities (Items 5180-141-000 and 4260-101-001) in the 18 counties in California with the smallest caseloads."

Item 5180-141-001—For local assistance, Department of Social Services. I revise Provision 8.

While I believe it is imperative for the Department to continue to work with the counties to develop an appropriate method of measuring county intake and eligibility functions, I have specific concerns with paragraphs (d) and (e) of Provision 8.

I am deleting paragraph (d) because it is inconsistent with the Administration's intent to deal with exceptions through the development of uniform work measurement data. Second, I am deleting paragraph (e) because the involvement of the Service Employees' International Union in the design and implementation of the workload study findings may result in conflicts between county welfare departments and local union organizations in future labor contract negotiations. Nonetheless, county welfare directors have sufficient flexibility to obtain input from labor organizations regarding the design, findings and implementation recommendations of the workload study.

"8. (a) The Department of Social Services and the Department of Health Services, in conjunction with the County Welfare Directors' Association, shall develop a timetable for conducting county work measurement studies of the intake and continuing eligibility work activities in the AFDC, Nonassistance Food Stamps, and Medi-Cal programs. The intent of the Legislature is that work measurement studies shall be conducted in time for consideration of the results during the deliberations for the fiscal year 1989–90 budget. The timetable shall set out the steps necessary to:

(1) Group the 40 largest counties into no more than three groups. Counties may be grouped before or after work measurement studies are conducted, and a survey may be used to collect data for grouping counties as the Department of Social Services, the Department of Health Services, and the County Welfare Directors' Association determine necessary.

(2) Identify representative counties for work measurements

(3) Develop the methodology for work measurement, including the projected cost of conducting the studies

(4) Complete work measurement studies.

(b) The Department of Social Services and the Department of Health Services, in conjunction with the County Welfare Directors' Association, shall report to the Joint Legislative Budget Committee on the timetable developed pursuant to subdivision (a) by February 1, 1988

(c) By March 1, 1989, the Department of Social Services and the Department of Health Services shall submit a joint report to the Legislature regarding the findings of the work measurement study on a county-specific basis. The report shall include:

(1) An analysis of the fiscal impact on the federal, state, and county governments should the budget process for eligibility worker caseloads be based upon the findings of the work measurement study.

(2) A description of the methodology that would be used to set county

targets utilizing the results of the study.

(3) An estimate of the cost of fully implementing the findings of the study taking into account: salary expenditures (direct salary, fringe benefits, and overhead); actual total caseload size or projections; eligibility supervisors; and appropriate isolated supportive eligibility functions.

(4) Other options for implementing the study findings and the fiscal impacts related to each option.

(5) The alternatives that could be used to address the unique special circumstances which may exist in some counties that would be adversely affected by the transferability of the work measurement data

~~(d) It is the intent of the Legislature that county welfare departments which have unique special circumstances that would adversely affect the transferability of work measurement data shall have those special circumstances considered. Alternatives shall be developed by the departments to address those unique circumstances.~~

~~(e) The Department of Social Services and the Department of Health Services shall consult with the County Welfare Directors' Association and the Service Employees International Union on the design, findings, and implementation recommendations of the study.~~

(f) It is the intent of the Legislature that, for the 1988–89 fiscal year, the Department of Social Services shall utilize the lowest two of the most recent three years for which there is data to set the targets for the AFDC and Food Stamps programs. The Department of Social Services shall implement no more than 25 percent of the target change based upon the new methodology in the 1988–89 fiscal year The targets for the Medi-Cal program shall not be changed in the 1988–89 fiscal year from the level budgeted in the 1987–88 fiscal year."

Item 5180-151-001—For local assistance, Department of Social Services I delete Provision 18.

I recently signed SB 1567, Chapter 1490, Statutes of 1986, that authorized the Department of Social Services to redesign the Emergency Assistance Program to correct both the State and county noncompliance activities which have resulted in federal funding disallowances and deferrals. The Department of Social Services is in the process of implementing these provisions and is assuming that federal funding deferrals will not continue into the 1987–88 fiscal year However, in the event that Emergency Assistance Program federal funding deferrals do continue into the 1987–88, I feel this language could limit the Administration's ability to examine various alternatives to address such an occurrence

"18 In the event that the federal government reduces or eliminates Emergency Assistance Program funding because of noncompliance with current federal Emergency Assistance Program requirements, the Director of Finance is authorized to allocate funds in augmentation of funding for Child Welfare Services in the Department of Social Services for the 1987–88 fiscal year No county shall be held financially liable for any Emergency Assistance costs incurred in fiscal year 1987–88 which are claimed in accordance with state policies and procedures that are in effect in 1987–88 but which are disallowed by the federal government"

Item 5180-181-001—For local assistance, Department of Social Services. I reduce this item from $122,475,000 to $118,692,000 by reducing·

(b) 20-Social Services Program (for transfer to Item 5180-151-001) from $4,527,000 to $744,000

I am deleting the $3,783,000 legislative augmentation to provide a one percent discretionary cost-of-living adjustment to the In-Home Supportive Services, Access Assistance for the Deaf, Maternity Care and Child Abuse Prevention programs I believe the critical growth needs in this area have been addressed by increasing 1987–88 funding in the In-Home Supportive Services program by 38.8 percent and in the Child Welfare Services program by 18 6 percent

Item 5240-001-001—For support of Department of Corrections. I reduce this item from $1,267,602,000 to $1,267,392,000 by reducing:

(a) 21-Institution Program from $1,234,320,000 to $1,234,110,000,

and by deleting Provision 8.

I am deleting the legislative augmentation of $160,000 for the Friends Outside organization I recognize the valuable services this organization provides to inmates and their families. However, the budget includes $479,000 for this organization, an increase of $150,000 over 1986–87, which will permit expansion of these services to institutions which are not now served.

I am reducing the augmentation for the M-2 Sponsors program by $50,000. I am approving the remaining $50,000 augmentation, together with the $827,000 continued in the budget for this purpose. This will be adequate to extend the M-2 Sponsors program to all institutions

I am deleting Provision 8 because it inappropriately restricts the Department's use of funds authorized for inmate education and training. The Department should have the opportunity to evaluate the recently completed pilot project with the Vital Issues company without the requirement to contract for ongoing inmate counseling services with a specific vendor.

"8. Of the amount appropriated in category (a), $200,000 is provided to continue the Personal Development and Life Management Training programs operated by Vital Issues."

In addition to these actions, I have reduced other General Fund areas of the budget by $38 million. I am setting these funds aside to pay for the deficiencies in the Department of Corrections' budget, which will result from the actions of the Legislative Budget Conference Committee.

Item 5240-011-001—For support, Community Return-to-Custody Facilities with Per Capita Costs of $17,000 or less, Department of Corrections, Program 31. I revise this item and delete Provision 1

I am revising the language in this item because it inappropriately and unreasonably restricts the Department's efforts to obtain community-based housing facilities for minimum security inmates as alternatives to further prison overcrowding.

"5240-011-001—For support, Community Return-to-Custody Facilities ~~with Per Capita Costs of $17,000 or less~~, Department of Corrections, Program 31 ..... 3,000,000".

I am deleting Provision 1 to conform with this action.

"1. If the average per capita costs of community return-to-custody facilities funded in Item 5240-001-001 is equal to or less than $17,000 (including Department of Corrections staff), funds provided in this item may be used to support additional community return-to-custody facilities at a per capita cost of $17,000 or less If the average per capita costs exceed $17,000, funds provided in this item may instead be used to support replacement overcrowding beds in existing prison facilities at an average per capita rate of $10,400."

Item 5240-301-746—For capital outlay, Department of Corrections. I delete Provisions 3 and 6.

I am deleting Provision 3 because this provision would limit flexibility and could increase costs by requiring the Department to renovate San Quentin's Neumiller Hospital to meet acute care licensing standards if a court agreement is not reached by October 1, 1987, even though the final court settlement may not require an acute care facility

"3. Unless the Marin v. Rushen settlement agreement is modified and approved by the court by October 1, 1987, so that Neumiller Hospital is not required to operate as an acute care hospital, then all funds appropriated under Item 5240-301-746 or reappropriated under Item 5240-491 for Neumiller Hospital shall be used to prepare preliminary plans and working drawings for an acute care hospital at San Quentin."

I am deleting Provision 6 because funds for preliminary plan preparation for the projects to remodel the hospitals at California Institution for Men, California Medical Facility and California Men's Colony have already been transferred to the Office of

the State Architect and to make a change at this time could delay the project and increase the costs.

"6. Notwithstanding any other provision of law, the department may contract for development of preliminary plans/working drawings and for construction that is directly related to hospital remodeling required to meet licensing standards at the California Institution for Men (Chino), the California Medical Facility (Vacaville), and the California Men's Colony (San Luis Obispo)."

Item 5440-011-001—For Expansion of the Inmate Work/Training Incentive Program to All Parole Violators, Board of Prison Terms.

I revise this item and delete Provision 1.

I am revising the language in this item and deleting Provision 1 because the legislative restrictions on this item are an inappropriate intrusion on the statutory authority of the Board of Prison Terms to determine the reconfinement terms to be served by parole violators.

"5440-011-001—For ~~Expansion of the Inmate Work/Training Incentive Program to All Parole Violators,~~ Board of Prison Terms ..... 850,000"

"1. The amount appropriated in this item shall be available to support the Board of Prison Terms if the board adopts a policy to allow technical parole violators to earn work credits during the budget year in the same manner and to the same extent that inmates earn credits under the existing Inmate Work/Training Incentive program. The board may exempt a limited number of technical parole violators from this policy who are charged with violent criminal conduct while on parole."

Item 5450-001-001—For support of Youthful Offender Parole Board, Program 10. I delete Provision 1.

I am deleting Provision 1 because it contains restrictive control language which is inappropriate and unnecessary I believe the existing procedures of the Office of Administrative Law provide sufficient review for such regulation changes

"1. Notwithstanding any other provision of law, the Youthful Offender Parole Board shall not administratively adopt, amend, or repeal any regulation, including any emergency regulation, relating to parole consideration dates for wards of the Department of the Youth Authority, which would result in a net increase in cost to the department. Any such parole consideration date changes may be considered only as statutory proposals subject to review and approval by the Legislature."

Item 5460-001-001—For support of Department of the Youth Authority. I reduce this item from $262,274,000 to $261,680,000 by reducing:

(b) 20-Institutions and Camps from $246,701,200 to $246,440,200,

and

(c) 30-Parole Services from $27,121,900 to $26,788,900.

I am deleting the legislative augmentation of $235,000 and 2.8 personnel years for a gang violence reduction program for the Boyle Heights area in Northeast Los Angeles While I am supportive of efforts to reduce gang violence, a project for this specific area has not been justified on a priority basis. My budget includes $349,000 for gang violence reduction, which will continue to serve a more critical area in East Los Angeles.

I am reducing 9.5 personnel years and $98,000 of a $580,000 Legislative augmentation for additional bed savings alternatives related to Re-Entry Furlough and Disciplinary Work Crews. The budget already contains $1 6 million for bed savings alternatives designed to avoid the need for up to 294 institution beds. Additionally, the bed savings attributed to the Re-Entry Furlough effort are marginal and the savings for the Disciplinary Work Crews may materialize without the need for any augmentation. This reduction will leave a net amount of $482,000 and 12 6 personnel years to restore the Legislature's unallocated reduction of $482,000 and related personnel years; thereby, avoiding a potential 1987–88 deficiency.

I am also reducing this item by $261,000 to eliminate the Legislative augmentation for the provision of mental health services to the Youth Authority wards by the Department of Mental Health. The budget provides $3,748,000, which is sufficient to

meet the current needs of the Department's wards and provide a slight increase in the level of services on a priority basis.

Item 5770-001-001—For support of the Robert Presley Corrections Research and Training Institute I delete this item

Chapter 1288, Statutes of 1986, appropriated $150,000 for Institute start-up purposes and only minor costs have been incurred to date The carryover funds of this appropriation should be sufficient to provide funding for the 1987–88 fiscal year on a priority basis

Item 6100-001-001—For support of Department of Education. I reduce this item from $38,551,000 to $37,135,000 by reducing

(a) 10-Instruction from $29,220,000 to $29,103,000,

(b) 20-Instructional Support from $29,577,000 to $23,397,000,

(d) 41.00-Executive Management and Special Services from $8,085,000 to $6,842,000,

(h) Amount payable from Federal Trust Fund (Item 6100-001-890) from −$38,174,000 to −$32,050,000,

and deleting Provisions 10, 11, 12, 13, 14 and 15

I am reducing this item by $38,000 from the General Fund because additional unrestricted Federal Chapter II grant funds in this amount are now available for the support of the Department of Education This action will not affect the total support funding I have proposed for the Department of Education.

I am deleting the $25,000 augmentation to fund a pilot bilingual teacher training program I have provided $50,000 in Item 6100-191-001 for a Department of Education study to assess existing State and local bilingual teacher training programs and to develop alternative training methods. This study is to be completed by December 1, 1987 It is premature to fund a new training program before the department completes the ongoing study.

The Legislature added language which directed the study of the State Compensatory Education Program, the Miller-Unruh Reading Program, and the Native American Indian Education Program. Presumably, such a study would reinforce the concept of maintaining these programs as individual entities rather than providing districts with a source of funds that they could use to address their highest priorities, such as smaller class sizes. I am pursuing legislation which would give such flexibility to school districts Furthermore, I do not believe that a redirection of funding for an evaluation of Specialized Secondary Programs is warranted at this time. During 1986, the State Department of Education published two evaluation reports on these programs Redirecting funds available for start-up of new programs to conduct yet another study should not be a priority for the 1987–88 fiscal year.

I am deleting Provisions 10, 11, 12, 13, 14 and 15 to conform with this action

"10 Of the funds transferred from Item 6100-121-001, an amount not to exceed $250,000 shall be available only for the State Department of Education to contract for an independent study of the Economic Impact Aid/State Compensatory Education program. The State Department of Education may use up to $12,500 of the funds allocated for the purposes of this contract for necessary administrative costs.

11 Of the funds transferred from Item 6100-117-001, an amount not to exceed $100,000 shall be available only for the State Department of Education to contract for an independent study of the Miller-Unruh Reading program. The State Department of Education may use up to $5,000 of the funds allocated for the purposes of this contract for necessary administrative costs.

12. Of the funds transferred from Item 6100-117-001, an amount not to exceed $30,000 shall be available only for the State Department of Education to conduct an evaluation of the Native American Indian Early Childhood Education program.

13 Of the funds transferred from category (b) of Item 6100-119-001, an amount not to exceed $50,000 shall be available only for the State Department of Education to conduct an evaluation of Specialized Secondary Schools.

14 The following provision applies to the evaluations required to be conducted by provisions 12 and 13.

The State Department of Education shall establish an advisory committee which shall: (1) assist the department in developing a proposed workplan, and (2) advise the department during all phases of the study. The advisory committee shall be composed of representatives from all of the following: the educational policy and fiscal committees of the Assembly and the Senate; the Office of the Legislative Analyst; the Department of Finance; and the State Department of Education. A majority of the advisory committee members shall consist of representatives from the educational policy and fiscal committees of the Assembly and the Senate and the Office of the Legislative Analyst.

15 The following provisions apply to the studies specified in provisions 10 and 11.

Notwithstanding Section 1213 of the State Administrative Manual or any other provision of law, the State Department of Education shall convene an advisory committee to develop the Request for Proposals (RFP) and to evaluate the proposals submitted. The advisory committee shall be composed of representatives from the education policy and fiscal committees of the Assembly and the Senate; the Office of the Legislative Analyst, the Department of Finance; and the State Department of Education A majority of the advisory committee members shall consist of representatives of the Assembly and the Senate and the Office of the Legislative Analyst.

Notwithstanding Section 1213 of the State Administrative Manual or any other provision of law, cost shall not be considered in evaluating proposals; instead, the State Department of Education shall select, from among the proposals submitted, the proposal which displays the most technical merit within the amount of funds specified Nothing in this provision shall be construed to prevent utilization of the preference points which may be allowed for certain categories of contractors, as specified in the State Administrative Manual (commencing with Section 1200). The final decision regarding selection of a contractor shall rest solely with the State Department of Education."

Since the submission of my budget in January several activities budgeted for 1987–88 have been completed. On that basis, I am making the following baseline budget reductions·

I am making a reduction of $117,000 and 1.4 positions by deleting the Driver Training Unit because continued program staff support for driver training is unnecessary. The current activities of the staff assigned to this unit include completion of rules and regulations required by statute and assisting districts in establishing driver training for the first time. Essentially, all districts operate driver training and the regulations are almost final. Any remaining work that may be necessary on rules and regulations can be completed by the legal staff. To the extent that field reviews of the program become desirable, they can be accomplished by the Compliance Division field audit staff of the department.

I am making a reduction of $273,000 by reducing funds budgeted for the acquisition of personal computers. In March 1987, the Department of Education advanced the timeline for personal computer purchases authorized in its Information Management Annual Plan so that the target of 450 machines has now been reached. Therefore, these funds will not be needed for such purchases in 1987–88.

I am reducing $191,000 and 3 positions for support of the Dropout Prevention Program. Six positions were provided to the department in 1986–87 to develop and implement the program. Because of my veto of $7,500,000 in Item 6100-120-001 for expansion of this program, the development and implementation activities have been completed. Therefore 3 of the positions no longer are necessary. I am retaining $244,000 and 3 positions to provide technical assistance and ongoing monitoring and evaluation of the program.

I am reducing this item by $158,000 budgeted for one-time automation projects, for which funding was provided in 1985–86. Because the department has completed the projects, these funds no longer are needed.

I am also making a reduction of $614,000 and 15 positions by deleting the Regional Services Division. The Regional Services Division was created in my 1984–85 budget to act as a clearinghouse for questions from school districts about implementation of SB 813 reforms and to foster the creation of networks among the districts to support the SB 813 reforms. The Superintendent of Public Instruction has redirected the positions that were budgeted for this division for 1987–88 despite the submittal by the Department of Education of a staffing plan calling for the continuation of the division. Although implementation of SB 813 is essentially complete and the responsibilities of the division no longer exist, the Superintendent is required by law to submit a reorganization plan to the Department of Finance prior to redirecting positions to other activities. To date, the Department of Finance has not seen such a reorganization plan, and no workload data have been submitted to justify continuation of these positions.

Item 6100-001-344—For support of Department of Education I reduce this item from $1,250,000 to $1,070,000 and delete Provision 2.

I am reducing the legislative augmentation of $160,000 and two positions in the School Facilities Planning Unit to $80,000 and one position based on workload needs. The Department of Finance, in its review of this budget, found no justification for the addition of a supervisory position in this Unit.

I am also making a reduction of $100,000 in consulting services because the unit will now be authorized a total of 14.5 personnel years of in-house staffing The position added by the budget subcommittees will allow the Department to provide the necessary field assistance to school districts, thereby eliminating the need for the external contract funding I proposed in January.

I am deleting Provision 2 to conform to this action.

"2. Of the funds appropriated in this item, up to $100,000 may be used for consultant and professional services to assist the Department in reviewing and approving school sites and school plans."

Item 6100-001-890—For the support of Department of Education I reduce this item from $38,174,000 to $32,050,000.

Consistent with my action in Item 6100-001-001, I am making a budget reduction of $587,000 by deleting the Regional Services Division. The positions budgeted for this division in January have since been redirected and no workload justification exists for continuing the positions Item 6100-001-001 has been adjusted to conform to this action.

Consistent with my action in Item 6100-001-001, I am making a budget reduction of $268,000 in federal funding by reducing funds budgeted for the acquisition of personal computers. The Department of Education has now purchased the total number of personal computers planned for the department and funding for this purpose in 1987–88 is no longer needed. Item 6100-001-001 has been adjusted to conform to this action

I am concerned that an excessive amount of Federal Economic and Improvement Act funding (ECIA Chapter II), which is intended to meet the needs of local education agencies, is being used for the administration of the Department of Education. It is my desire that the maximum amount of such funding be allocated for the use of, and at the discretion of, our school districts. The Superintendent has allocated 17 4 percent of the total Chapter II grant to departmental administration for 1987–88, while local education agencies must hold administrative costs, by State law, to 15 percent of State categorical aid funds. To limit the administrative expenses associated with the Chapter II grant to no more than 15 percent, I am making a budget reduction of $1,000,000 in federal departmental support funding These funds should be allocated to local school districts.

I am also making budget reductions of $100,000 in out-of-state travel and $3,369,000 in consultant and professional services to reflect the historical spending patterns of the department. I believe that the remaining authorizations of $138,000 and $8,410,000, respectively, provide sufficient allotments to carry out the planned tasks for the 1987–88 fiscal year

I am also reducing the in-state travel authorization for the Department of Education by $800,000. The remaining allotment of $2,704,000 provides a more reasonable level of funding as compared to the allotments provided in my budget for departments of

a similar size.

It is my desire that the funding released by these actions be made available to local education agencies for their high priority needs, within the constraints of the federal grants.

Item 6100-101-001—For local assistance, Department of Education. I delete Provisions 11 and 12.5.

Provision 11 would authorize the Superintendent of Public Instruction, with the approval of the Director of Finance, to transfer funds between the K–12 district revenue limit budget and the county office of education budget in the event of a deficiency in either item. In addition, the provision would require the Superintendent to apply the same deficit factor to the two budgets so that entitlements could be reduced in line with any deficiencies

I am deleting this language because the normal budgetary process provides the full opportunity to review any deficits in the K–12 budget. There is no valid reason for circumventing this normal budgetary process and authorizing the Superintendent to treat the two budgets as essentially one item when a deficiency exists.

"11. In the event of a deficiency in the appropriation made in Schedule (a) of this item, or in Item 6100-106-001, the Superintendent of Public Instruction may transfer funds between this item and Item 6100-106-001 with the approval of the Director of Finance. The superintendent shall adjust the apportionments made from funds appropriated for the purposes specified in Schedule (a) of this item and in Item 6100-106-001 so that the deficit factor applied to the funding entitlements is the same for each of the programs funded by such appropriations."

Provision 12.5 would guarantee school districts 1987–88 funding equivalent to the greater of either their 1986–87 Base Revenue Limit or 1986–87 unrestricted local general fund income. I am deleting this provision because it attempts to restrict the Governor's constitutional powers of line item veto by requiring that programs such as Urban Impact Aid and Meade Act be fully funded in 1987–88. In addition, the Legislature's failure to fund the impact of this language and my vetoes of legislative augmentations for both Urban Impact Aid and Meade Aid in Item 6100-117-001, could result in a $115.8 million deficiency. This deficiency inappropriately would result in reduced apportionments to *all* school districts so that those districts which benefit from the Urban Impact and Meade Aid programs can continue to be funded at their current year levels.

"12.5. Of the funds appropriated in Schedule (a), the Superintendent of Public Instruction shall allocate an amount pursuant to this provision by making the following computations for each school district:

(a) For the 1986–87 fiscal year, the amount computed pursuant to subdivision (c) or (d), as appropriate, of Section 42238 of the Education Code, utilizing the inflation adjustment prescribed by Provision 2 of Item 6100-226-001 of the Budget Act of 1986, plus the amount computed pursuant to subdivision (f) of Section 42238 of the Education Code, plus the amount computed pursuant to Provision 20 of Item 6100-101-001 of the Budget Act of 1986, plus the amount provided pursuant to Section 42238.8 of the Education Code.

(b) For the 1986–87 fiscal year, the sum of the following, per unit of ADA as computed pursuant to Section 42238.5 of the Education Code for the 1986–87 fiscal year: (1) the amount of total allocation entitlements that can be applied by the district as unrestricted local general fund income, including base revenue limits but excluding (A) amounts received for purposes of Sections 8153, 42238 10, 42239, 42243.7, and Article 10.5 (commencing with Section 49550) of Chapter 9 of Part 27 and (B) any adjustments made to revenue limits as the result of changes in the employer contribution rate to the Public Employees' Retirement System; and (2) the amount subtracted from the apportionment of state funds pursuant to subdivision (h) of Section 42238 of the Education Code for the 1986–87 fiscal year.

(c) For the 1987–88 fiscal year, the amount computed pursuant to

subdivision (c) or (d), as appropriate, of Section 42238 of the Education Code utilizing the inflation adjustment received by the district for purposes of paragraph (1) of subdivision (b) of Section 42238 of the Education Code plus the amount computed pursuant to subdivision (f) of Section 42238 of the Education Code.

(d) For the 1987–88 fiscal year, the amount of total unrestricted local general fund income received by the district, per unit of ADA as computed pursuant to Section 42238.5 of the Education Code the amount of total unrestricted general fund income shall be adjusted as follows:

(1) By excluding (a) amounts received for purposes of Sections 8153, 42238.10, 42239, 42243.7 and Article 10 5 (commencing with Section 49550) of Chapter 9 of Part 27 and (b), any adjustments made to revenue limits as the result of changes in the employer contribution rate to the Public Employees' Retirement System;

(2) By adding the amount subtracted from the apportionment of state funds to the district pursuant to subdivision (h) of Section 42238 of the Education Code for the 1987–88 fiscal year; and

(3) By excluding the cost-of-living adjustments received by the district as unrestricted general fund income in 1987–88.

(e) Subtract the amount determined in subdivision (c) of this Provision from the amount determined in subdivision (a) of this Provision

(f) Subtract the amount determined in subdivision (d) of this Provision from the amount determined in subdivision (b) of this Provision, and multiply the result by the total ADA computed pursuant to Section 42238 5 of the Education Code for the 1987–88 fiscal year.

(g) If either of the amounts determined in subdivision (e) or (f) of this Provision is greater than zero, the Superintendent of Public Instruction shall add the greater of these amounts to the amount computed pursuant to Section 42238 of the Education Code for the 1987–88 fiscal year "

Item 6100-106-001—For local assistance, Department of Education I delete Provision 3.5.

Provision 3 5 would authorize the Superintendent of Public Instruction, with the approval of the Director of Finance, to transfer funds between the county office of education budget and the K–12 district revenue limit budget in the event of a deficiency in either item. In addition, the provision would require the Superintendent to apply the same deficit factor to the two budgets so that entitlements could be reduced in line with any deficiencies.

I am deleting this language because the normal budgetary process provides the full opportunity to review any deficits in the K–12 budget There is no valid reason for circumventing this normal budgetary process and authorizing the Superintendent to treat the two budgets as essentially one item when a deficiency exists.

"3.5. In the event of a deficiency in the appropriation made in Schedule (a) of Item 6100-101-001, or in this item, the Superintendent of Public Instruction may transfer funds between Item 6100-101-001 and this item with the approval of the Director of Finance. The superintendent shall adjust the apportionments made from funds appropriated for the purposes specified in Schedule (a) of Item 6100-101-001 and in this item, so that the deficit factor applied to the funding entitlements is the same for each of the programs funded by these appropriations."

Item 6100-117-001—For local assistance, Department of Education. I reduce this item from $238,990,000 to $152,355,000, revise Provision 1, and delete Provisions 3 and 4.

I am reducing this item by $86,635,000 to eliminate the augmentation for the Urban Impact Aid and Meade Aid Programs I do not believe that there is a sufficient analytical basis for continuing these programs in the 1987–88 fiscal year. The data on which these programs are funded is over 10 years old and available data have not confirmed that those districts eligible for these funds have higher educational costs

than those districts which are not eligible I am revising Provision 1 to conform to this action.

"1. Funds appropriated by this item are in lieu of the amounts that otherwise would be provided for purposes of the Economic Impact Aid Program—State Compensatory Education pursuant to Chapter 1 (commencing with Section 54000) of Part 29 of the Education Code, the Gifted and Talented Program pursuant to Chapter 8 (commencing with Section 52200) of Part 28 of the Education Code, the Miller-Unruh Reading Program pursuant to Chapter 2 (commencing with Section 54100) of Part 29 of the Education Code, the Native American Indian Education Program pursuant to Chapter 6.5 (commencing with Section 52063) of Part 28 of the Education Code, ~~the Urban Impact Aid and Meade Aid programs pursuant to Chapter 1.5 (commencing with Section 54060) of Part 29 of the Education Code,~~ and Small School District Transportation Aid pursuant to Sections 42240 and 42240.1 of the Education Code, and shall be allocated to each of these programs in proportion to the total amounts appropriated for each program in the 1985–86 fiscal year, increased by the cost-of-living adjustments provided for each program in the 1986–87 fiscal year. For purposes of this section, the amount appropriated for the Economic Impact Aid Program—State Compensatory Education program in the 1985–86 fiscal year shall be deemed to be $89,896,000. Funds appropriated in this item for Economic Impact Aid are in augmentation of the amount provided in Item 6100-121-001. All other funds appropriated in this item shall be allocated in proportion to the allowances received by school districts for each of these programs in the 1985–86 fiscal year, increased by the cost-of-living adjustment provided for each program in the 1986–87 fiscal year, except that in the event that the eligibility of any school district to receive funds pursuant to any program has been reduced below the level provided in 1985–86, or in the event that a district has terminated its participation in any program, these funds shall be reallocated within that program pursuant to the provisions of current law."

I am deleting Provisions 3 and 4 because they would require the Department to contract for a study of the Miller-Unruh Reading Program and conduct a study of the Native American Indian Education Program. Conducting studies of these individual programs would reinforce the concept of maintaining the programs as individual entities rather than providing districts with a source of funds that they could use to address their highest priorities, such as reducing class sizes. I am pursuing legislation that would give such flexibility to school districts

"3. Of the amount appropriated in this item, an amount not to exceed $100,000 shall be for transfer to Item 6100-001-001 for the State Department of Education to contract for an independent study of the Miller-Unruh Reading Program.

4. Of the amount appropriated in this item, an amount not to exceed $30,000 shall be for transfer to Item 6100-001-001 for the State Department of Education to conduct an evaluation of the Native American Indian Education Program."

Item 6100-118-001—For local assistance, Department of Education.

I am retaining the $50,000 legislative augmentation for the California Association of Student Councils to continue the current program level because I support the activities of such student organizations. However, I believe that any subsequent growth in this program should be funded by private sources and not be an obligation of the State.

Item 6100-119-001—For local assistance, Department of Education. I delete Provision 3.

I am deleting Provision 3 because I do not believe that a redirection of funding for an evaluation of Specialized Secondary Programs is warranted at this time During 1986, the State Department of Education published two evaluation reports on these programs. Redirecting funds available for start-up of new programs to conduct yet another study should not be a priority for the 1987–88 fiscal year

"3. Of the funds appropriated in category (b) of this item, an amount not to

exceed $50,000 shall be for transfer to Item 6100-001-001 and utilized by the State Department of Education to conduct an evaluation of specialized secondary schools."

Item 6100-120-001—For local assistance, Department of Education. I reduce this item from $19,750,000 to $12,250,000, and revise Provisions 1, 2 and 5.

I am reducing this item by $5 million to delete the augmentation for expansion of dropout prevention programs established pursuant to Chapter 1431, Statutes of 1985. Since these programs became operational only this year and their effectiveness is not yet known, I do not believe that expansion is warranted. Furthermore, because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes, I am further reducing this item by $2,500,000. After this veto, there will still be $10 million included for 1987–88 to fund outreach consultants for dropout prevention and recovery programs in 200 schools and 50 districts at the levels provided in 1986–87.

I am revising Provisions 1, 2 and 5 to conform to this action.

"1. Of the amount appropriated in this item, ~~$13,084,000~~ *$8,000,000* shall be available for the funding of outreach consultants by up to ~~350~~ *200* schools with motivation and maintenance program plans developed in accordance with Chapter 1431, Statutes of 1985

2. Of the amount appropriated in this item, ~~3,496,000~~ *$2,000,000* shall be available for the funding of outreach consultants by up to ~~87~~ *50* school districts with dropout recovery program plans developed in accordance with Chapter 1431, Statutes of 1985.

5. Of the amount appropriated in this item, ~~$370,000~~ *$350,000* shall be available for grants to be awarded by the Superintendent of Public Instruction to schools for the purpose of implementing dropout prevention programs based upon model programs approved for use by the Department of Education."

Item 6100-121-001—For local assistance, Department of Education I delete Provisions 2 and 3.

Provision 2 would require the Department of Education to contract for a study of the Economic Impact Aid—State Compensatory Education Program Conducting a study of this program would reinforce the concept of maintaining this program as a separate entity rather than providing districts with a source of funds that they may use to address their highest educational priorities such as reducing class size. I am pursuing legislation which would give such flexibility to school districts. Therefore, I am deleting Provision 2

"2. Of the amount appropriated in this item, an amount not to exceed $250,000 shall be for transfer to Item 6100-001-001 and utilization by the State Department of Education to contract for an independent study of the Economic Impact Aid/State Compensatory Education Program."

I am deleting Provision 3 because this provision would extend the sunset date for the bilingual education program and would represent a substantive change to current law. Extension of the sunset date should be addressed through separate legislation.

"3. Notwithstanding Section 62000 of the Education Code, as a condition of receiving funds appropriated in this item or in Item 6100-117-001, local education agencies shall comply with Chapter 7 (commencing with Section 52130) of Part 28 of the Education Code as those provisions were operative prior to June 30, 1987 "

Item 6100-156-001—For local assistance, Department of Education. I revise Provision 4.

My 1987–88 budget proposal included an additional $6 million for K–12 school districts to fund more classes for adults in English-as-a-second language (ESL). By requiring $1 million of this augmentation to be reallocated to community colleges, K–12 programs would receive less than the estimated need. In addition, this budget includes $200,000 specifically for additional ESL classes at community colleges and $58.1 million to fund regular community college ADA growth and growth in basic skills areas, which includes ESL instruction.

"4. Notwithstanding any other provision of law to the contrary, $6,000,000 of the funds appropriated in this item are for allocation to school districts in the

1987–88 fiscal year for the purposes of funding extraordinary needs in adult education programs in English as a second language provided under subdivision (c) of Section 41976 of the Education Code.

(a) Adult average daily attendance funded under this act shall be excluded from the average daily attendance used for computing school districts' adult block entitlements computed pursuant to Section 52616 of the Education Code.

(b) The Superintendent of Public Instruction shall identify districts having extraordinary needs as those having the highest concentration of limited-English-proficient students in grades K–12 recorded by the annual census of pupils of limited-English proficiency pursuant to Section 52164 The Superintendent of Public Instruction shall allocate the funds to applicant districts on the basis of the proportionate share of the total count of pupils of limited-English proficiency in all participating districts.

~~(c) Of the funds allocated in this provision, $1,000,000 shall be transferred by the Superintendent of Public Instruction to Item 6870/101/001 for the purpose of funding extraordinary needs in adult education programs in English as a second language provided by community colleges. As a condition of receiving funds allocated in this provision, community college districts shall certify to the Chancellor of the California Community Colleges that levels of annual average daily attendance in the 1987/88 fiscal year in English as a second language programs which are used to compute entitlements shall be maintained at or above levels funded in either the 1985/86 or the 1986/87 fiscal year, whichever levels are higher.~~

~~The Chancellor shall reduce funding by the corresponding amount to any district receiving funds under this provision which fails to generate certified levels of average daily attendance.~~ "

Item 6100-156-890—For local assistance, Department of Education. I delete Provision 1

I have convened a special task force, led by the Secretary of the Health and Welfare Agency, to prepare a service and expenditure plan for federal funds received to implement the Immigration Reform and Control Act (IRCA) of 1986. This plan will be developed with the input of the Superintendent of Public Instruction and the Legislature and will allocate federal funds to public and private agencies providing educational services to eligible immigrants. Control Section 14 further provides that the Director of Finance may authorize expenditure of these funds upon specified notification of the Legislature. Provision 1 in this item, therefore, is unnecessary and contrary to the established process for the program as a whole.

"1. From federal funds provided pursuant to the Immigration Reform and Control Act of 1986, the Superintendent of Public Instruction shall allocate funds, pursuant to the applicable provisions of federal law, to local education agencies, the Chancellor of the California Community Colleges, and other public or private organizations eligible to receive these funds, for the purpose of providing appropriate educational services to immigrants newly legalized under the provisions of that act."

Item 6100-161-001—For local assistance, Department of Education. I reduce this item from $1,026,892,000 to $1,022,492,000.

As a result of my action to reduce the amount of federal discretionary funds in Item 6100-161-890, an additional $7 million of federal funds will be allocated to school districts for special education local entitlements. Under the statutory formula for funding special education, the amount of the General Fund appropriation in Item 6100-161-001 should be reduced by $7 million. However, I am reducing this item by only $4,400,000 because the Legislature did not fully fund the special education program as I had proposed doing. With my action on this item and Item 6100-161-890, the statutory special education entitlements will be fully funded in 1987–88. In addition, this budget provides an increase of $66 million for special education program enhancements Altogether, local assistance entitlements for the special education program will increase by 5.5 percent in 1987–88.

Item 6100-161-890—For local assistance, Department of Education I reduce this item from $140,157,000 to $133,157,000 by reducing

(b) 10.60 050 020-PL 94-142, direct and indirect instructional services approved in the State Plan, from $13,381,000 to $6,381,000,

and by deleting Provisions 2, 5, and 7.

I am reducing this item by $7 million in discretionary projects in order to allow these federal funds to be used for local entitlements, which offset General Fund needs. This action is necessary because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes These funds should be allocated to school districts for special education local entitlements

I am deleting Provisions 2 and 5 to conform to this action

"2 $1,561,000 of the funds appropriated in this item for direct and indirect instructional services shall be used only to fund licensed children's institutions growth units.

5 Of the funds appropriated in this item for direct and indirect instructional services, an amount not to exceed $380,000 shall be allocated to the Timpany Center in Santa Clara County, provided that $2 from this item shall be allocated for each $1 provided from local sources, and that the center certify that the funds provided from this item are used to provide services only to youth through age 21 "

I am deleting Provision 7 because this provision inappropriately restricts implementation of the new federal preschool grant program for handicapped children to the enactment of AB 2666. I believe that implementation of the program should be based upon enactment of legislation generally, not specifically

"7. The funds appropriated in category (c) shall not be expended unless and until Assembly Bill No 2666 of the 1987–88 Regular Session is chaptered "

Item 6100-181-001—For local assistance, Department of Education. I reduce this item from $26,155,000 to $13,055,000.

Because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes, I am reducing funding for the Educational Technology Program by $13,100,000.

Even with this reduction, the General Fund appropriation for Educational Technology will be $13,055,000. I believe this will allow the program to continue its effort to introduce computer technology to unserved school districts and to continue the dissemination of curriculum through the Institute for Computer Technology.

Item 6100-191-001—For local assistance, Department of Education I reduce this item from $88,522,000 to $56,241,000 by reducing

(d) 20.60.060 002-Teacher Instructional Improvement Grants, from $16,000,000 to $50,000,

by deleting

(c) 20 60.060 001-School Personnel Staff Development ($3,645,000),

(f) 20.60 090-Teacher Education and Computer Centers ($12,586,000), and

(k) 20.60.150—Regional Science Resource Centers (100,000),

and by revising Provision 5 and deleting Provision 11

I am deleting $100,000 for the Regional Science Resource Center program (Exploratorium Museum). While I believe that the museum provides a worthwhile service to the local community, I also believe that the program should be supported by those districts which benefit from the service

In addition, I am deleting funding for Teacher Instructional Improvement Grants More than $68 million has been appropriated over the past four years for this program. I have asked the Department of Finance to review this program for its effectiveness in improving the quality of instruction in the classroom. Before additional funds are provided for the program, its effectiveness must be clearly demonstrated. I have retained $50,000 in this item to conduct a study on bilingual teacher training programs, consistent with my proposed budget.

I am also deleting funding for the School Personnel Staff Development and Teacher Education and Computer Centers programs because of the need for funds in higher priority areas such as school district and community college apportionments,

corrections, AIDS, and toxic wastes. Consideration of funding in the future for this program will be based on the CPEC staff development study scheduled for completion in December 1987.

I am revising Provision 5 and deleting Provision 11 to conform to these actions.

"5 Notwithstanding any other provision of law to the contrary, of the amount appropriated in subschedule (d) of this item, $50,000 shall be used to study the cost-effectiveness and characteristics of the different types of state and school district bilingual teacher training programs and, based on the findings, to develop alternative strategies for training teachers on bilingual waiver The superintendent shall submit the report to the Legislature on or before December 1, 1988. ~~The amount remaining shall be the maximum amount allocated for the purposes of Chapter 3.3 (Classroom Teacher Instructional Improvement Program (commencing with Section 44700) of Part 25 of the Education Code.~~

"11. The amount appropriated in Schedule (k) shall be available for a grant to the Exploratorium in San Francisco for exhibit-based teacher training."

Item 6100-211-001—For local assistance, Department of Education, California State Library, Program 50.20-Statewide Library Support and Development. I reduce this item from $12,708,000 to $12,108,000.

I am reducing the legislative augmentation of $1,100,000 for the California Literacy Campaign by $600,000. I am, however, retaining $500,000 of the augmentation so that, when combined with existing resources, 14 new Literacy Programs may be created during 1987–88.

I believe that this program provides a needed stimulus for the creation and maintenance of literacy projects by our local libraries. However, I believe that too rapid an expansion of this program may result in a loss of continuity in the provision of services because of local funding constraints

Even with this reduction, the General Fund appropriation for the California Literacy Campaign will be $4,535,000, an increase of 12.4 percent above the 1986–87 level.

Item 6100-226-001—For local assistance, Department of Education I reduce this item from $391,143,000 to $373,466,000 by deleting:

(2.5) 10.10.001 003—Instruction-School apportionments, revenue limits, district transportation ($201,000),

(3.3) 10 10 001 005—Instruction-School apportionments, revenue limits, apprentice programs ($69,000),

(3.5) 10.10.004—Instruction-School apportionments, ROC/P ($2,121,000),

(4.3) 10.10.006—Instruction—School Apportionments, transportation ($2,900,000),

(4.5) 10.10.008—Bus replacement ($32,000),

(7.2) 10 30.040—Other compensatory programs—demonstration program in reading and mathematics ($44,000),

(7.4) 10.30.050—Instruction—American Indian Education Centers ($9,000),

(7 6) 10.30.051—Native American Indian Education ($4,000),

(7 8) 10.30.070—Instruction—Economic Impact Aid ($1,970,000),

(dd) 20.10—Educational Technology and Instructional Support:

(1) 20 10.025—Educational Technology ($262,000),

(2) 20.10.035—Instructional Support—Miller-Unruh ($199,000),

(2) 20.20 020.002—Instructional materials for grades 9 through 12 ($224,000),

(f) 20.40—Instructional Support:

(1) 20.40.060—Instructional Support—foster youth ($8,000),

(2) 20.40.090—Specialized Secondary programs ($21,000),

(g) 20.60—Staff Development and Counseling.

(1) 20.60.010.001—Staff development—administrative training and evaluation ($42,000),

(2) 20.60.020.002—Tenth-grade counseling program ($76,000),

(2) 20.60.030.002—School Improvement—grades 7 through 12 ($325,000),

(3) 20.60 060.001—Staff development—school personnel ($36,000),

(4) 20 60.070—Staff development-bilingual teacher training ($8,000),

(5) 20.60.090—Staff development-teacher education and computer centers

($126,000),
(6) International studies centers ($5,000),
(i) 30.10—Miscellaneous Programs.
(1) 30 10 010—Special programs—preschool education ($910,000),
(2) 30 10 020.001—General child development programs ($5,098,000),
(3) 30.10.020 002—Campus children's centers ($158,000),
(4) 30 10.020 003—High-school age parenting and infant development ($169,000),
(5) 30.10 020 004—Migrant day care ($168,000),
(6) 30 10 020 005—Special allowances for rent ($11,000),
(7) 30.10 020.006—Special allowances for handicapped ($18,000),
(8) 30 10 020 007—Alternative payment program ($815,000),
(9) 30 10.020 008—Resource and referral ($186,000),
(10) 30 10 020 009—Campus child care tax bailout ($102,000),
(11) 30 10 020 010—Protective services ($26,000),
(12) 30 10 020.015—Extended day care ($393,000),
(k) 30 40—Urban Impact Aid and Meade Aid
(1) 30 40 001 001—Special programs—Urban Impact Aid—unified school districts ($665,000),
(2) 30.40 001 002—Special programs—Urban Impact Aid—nonunified school districts ($97,000),
(3) 30.40 002—Meade Aid ($104,000),
(*l*) 50 20—Library Services—Statewide Library Support and Development ($75,000)

I am deleting the $17,677,000 legislative augmentation for discretionary COLAs Because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes, I am unable to provide cost-of-living adjustments for programs such as this one Even with this reduction, I am providing $373 5 million to fully fund all statutory COLAs during 1987–88

Item 6100-490—Reappropriation, Department of Education I delete the reappropriations made in Schedules 2 and 8 of this item for the Classroom Teacher Instructional Improvement Program (CTIIP)

Consistent with my action in Item 6100-191-001, I am deleting Provisions 2 and 8 until the program has been evaluated and has demonstrated a positive impact on the quality of education provided in the classroom

"(2) Item 6100-191-001(f), Budget Act of 1984, for the purposes of funding the Classroom Teacher Instructional Improvement Program
(8) Item 6100-191-001(d), Budget Act of 1986, for the purpose of funding the Classroom Teacher Instructional Improvement Program"

Item 6440-001-001—For support of University of California I reduce this item from $1,803,186,000 to $1,794,461,000 by reducing

(a) Support from $1,784,274,500 to $1,775,549,500,

and deleting Provision 11

I am deleting the legislative augmentation of $250,000 for the Teaching Assistants Training Program The Budget, as presented on January 10, 1987, included $500,000 for this program which is sufficient until more is known about what training programs are successful

I am deleting the legislative augmentation of $1,000,000 and 38 personnel years for janitors. My budget includes an augmentation of $5,230,000 for the maintenance of new State-funded facilities, including 32 personnel years for janitors The University will retain $41,494,000 and 1,312 personnel years to support a continuation of the existing level of service for State-funded facilities Any changes in this level of service will be guided by a management study which will be available for the 1988–89 budget preparation.

I am deleting the legislative augmentation of $250,000 for Neural Injury Research Although this project appears to have merit, it was not among the highest priority uses for State funds in 1987–88. If the Regents deem the project to be a high priority, the University has the option to fund it from the $189,300,000 appropriated in the 1987–88 Budget Act for research

I am retaining $150,000 of the $300,000 legislative augmentation for Sustainable Agriculture Research. These funds, together with the amount the Regents now are spending for this research, will provide a 50 percent increase in the amount available for this purpose

I am retaining $1,500,000 of the $7,500,000 budgeted for computer equipment and $839,000 of the $1,414,000 budgeted for UC's library equipment. I am making this reduction of $6,575,000 due to the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes.

I am deleting the legislative augmentation of $500,000 for Cardiac Disease Research Although this project appears to have merit, it has not received internal University review or prioritization among the University's programs.

I am also deleting Provision 11 to conform to this action

"11 Of the amount provided in this item, $500,000 is available only for research on heart disease prevention strategies and alternatives to medication and surgery The research shall be conducted by a research institute affiliated with the University of California, San Francisco, which shows the most promise for developing innovative and effective treatments to reverse heart disease through life-style changes These funds shall be allocated by the regent only to the extent that federal or private funds, in excess of those already provided for this purpose, are not received "

As a result of my actions, the total General Fund budget for the University of California will be $112 million higher than the 1986–87 fiscal year, which is a 6 2 percent increase

Item 6440-011-001—For support of University of California I reduce this item from $49,285,000 to $43,285,000 by reducing

(b) Nonfaculty Compensation Increase from $18,000,000 to $12,000,000,

and by revising Provision 1

I am reducing the increase for nonfaculty compensation by $6,000,000 Even with this reduction, the augmentation for non-faculty compensation increases is sufficient to provide, subject to collective bargaining, up to a four percent general compensation increase package commencing January 1, 1988, plus costs of estimated health and dental benefit rate increases

I am also revising Provision 1 relating to the percentage and effective date of nonfaculty compensation increases This language would contravene the Higher Education Employer-Employee Relations Act (HEERA) regarding the rights of the higher education employer and employees to determine wages, hours and other terms and conditions of employment through collective bargaining.

"1 The funds herein appropriated are for increases in salaries and wages, including increases in benefits related thereto, so that sufficient money will be available for each employee of the University of California whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increases provided ~~commencing January 1, 1988,~~ by the Regents of the University of California. ~~Compensation increase funds shall be for an average 6.0 percent salary increase for nonfaculty employees and for an average 5.7 percent salary increase for faculty employees commencing January 1, 1988~~ "

Item 6440-016-001—For support of University of California teaching hospitals at Irvine, San Diego and Sacramento I reduce this item from $7,425,000 to $3,000,000.

I am reducing this item by $4,425,000 because the income of the hospital system appears to be better than anticipated and UC may not require all of the subsidy proposed during 1987–88

Item 6600-011-001—For support of Hastings College of the Law I reduce this item from $331,000 to $285,000,

and revise Provision 1.

I am reducing the increase for nonfaculty compensation by $46,000 Even with this reduction, the augmentation for non-faculty compensation increases is sufficient to provide, subject to collective bargaining, up to a four percent general compensation increase package commencing January 1, 1988, plus costs of estimated health and dental benefit rate increases

I am revising Provision 1 relating to the percentage and effective date of nonfaculty compensation increases. This language would contravene the Higher Education Employer-Employee Relations Act (HEERA) regarding the rights of the higher education employer and employees to determine wages, hours and other terms and conditions of employment through collective bargaining.

"1 The funds herein appropriated are for increases in salaries and wages, including increases in benefits related thereto, such that sufficient money will be available for each academic and non-academic employee of Hastings College of the Law whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increase provided ~~commencing January 1, 1988,~~ by the Directors of Hastings College of the Law ~~Compensation increase funds shall be for an average 6.0 percent salary increase for nonfaculty employees and for an average 5.7 percent salary increase for faculty employees commencing January 1, 1988.~~ "

Item 6610-001-001—For support of California State University. I reduce this item from $1,379,719,000 to $1,378,385,000 by reducing:

(c) 04-Academic Support from $182,697,000 to $182,173,000,

(d) 05-Student Services from $130,964,000 to $130,154,000,

and deleting Provision 9.

I am reducing this item by the $500,000 augmented by the Legislature to implement a joint research project between CSU Fresno and the Ben Gurion University, of the Negev in Israel. The project is designed to conduct research into water quality and agricultural management The primary mission of CSU, as defined by the Master Plan for Higher Education, is instruction and not research. According to the Master Plan, the University of California has been designated as the primary research institution of California and, as such, is the responsible and appropriate entity to conduct research endeavors affecting California.

I am deleting the conforming Budget Act language in Provision 9 to conform with this action.

"9. Of the funds appropriated by this item, $500,000 shall be used by the Trustees of the California State University to implement a joint research project between California State University at Fresno and Ben-Gurion University of the Negev in Israel. The project includes research into water quality and agricultural management These funds shall be allocated to the extent that the trustees receive a matching amount of $500,000 from federal or private sources "

I am further reducing this item by $24,000 which would have provided additional resources to purchase instructional equipment for the California Ocean Consortium's research vessel CSU has available, from its formula-driven equipment allotment, over $9 0 million to purchase new equipment in 1987–88 Moreover, I have provided CSU with an additional $14 million in 1987–88 to purchase and replace instructional equipment. I believe that in light of the resources CSU has available to purchase equipment, $24,000 is well within its ability to fund and fully equip the research vessel for instructional purposes

I am also reducing by $810,000, the $1,000,000 augmentation for Student Services to subsidize child day care centers operated by CSU auxiliary organizations In recognition of some of the cost increases that these centers have experienced recently, I am retaining in this budget $10,000 for each of the 19 day care centers, for a total cost of $190,000 While some information is available on the problems facing day care centers, the need for the full amount of the legislative augmentation has not been documented. Continuing my desire to make higher education available to every student, I have requested, and the Legislature has concurred, that an additional $300,000 should be appropriated to CSU to conduct an extensive evaluation of the need for child day care services. This evaluation should address the relationship between the availability of these services and students' access to all of higher education, child day care admission standards and criteria that exist across segments, and the level of care that is provided by each segment and how this compares to the level of care provided and made available to the population generally Future support for child day care services will be considered pursuant to the findings and outcome of this

evaluation.

As a result of my actions, the total General Fund budget for the California State University will be $112 million higher than the 1986–87 fiscal year, which is a 6.9 percent increase.

Item 6610-031-001—For support of California State University. I reduce this item from $75,889,000 to $42,309,000 by reducing:

(a) 97 20-Faculty Compensation Increase from $53,979,000 to $26,979,000,

(b) 97.20-Nonfaculty Compensation Increase from $17,476,000 to $10,896,000,

revising Provision 1 and deleting Provision 4.

I am reducing this item by the $27,000,000 augmentation provided by the Legislature to provide CSU faculty with a 6.9 percent salary increase effective July 1, 1987. I have provided sufficient funds to provide faculty with an average 6.9 percent salary increase effective January 1, 1988. This funding will enable CSU to recruit and retain qualified faculty, as well as provide salaries that are at parity with the 20 comparison institutions reviewed to arrive at appropriate salary increases for CSU faculty.

I am reducing the increase for nonfaculty compensation by $5,448,000. Even with this reduction, the augmentation for nonfaculty compensation increases is sufficient to provide, subject to collective bargaining, up to a four percent general compensation increase package commencing January 1, 1988, plus costs of estimated health and dental benefit rate increases

Further, I am revising Provision 1 relating to the percentage and effective date of nonfaculty compensation increases. This language would contravene the Higher Education Employer-Employee Relations Act (HEERA) regarding the rights of the higher education employer and employees to determine wages, hours and other terms and conditions of employment through collective bargaining.

"1. The funds herein appropriated are for compensation increases, increases in benefits related thereto, and other benefits, to be allocated by the Department of Finance, in augmentation of Item 6610-001-001 or allocations for support or for other purposes, in such amounts as will make sufficient money available for each state officer or employee in the state service, whose compensation, or portion thereof, is chargeable to the General Fund, to receive any such increases provided by the Trustees of the California State University ~~Nonfaculty compensation increase funds shall be for an average 6.0 percent salary increase commencing January 1, 1988, and faculty compensation increase funds shall be for an average 6.9 percent salary increase commencing July 1, 1987.~~ "

I am also reducing this item by $1,132,000, which provides additional compensation monies for CSU Trades Unit No. 6 Pursuant to the provisions of HEERA, compensation issues are subject to negotiation between CSU and the union organizations Inherent within the collective bargaining process is the understanding that negotiated agreements must be funded out of compensation funds appropriated to CSU. Providing additional funds for compensation via the legislative process circumvents collective bargaining procedures and establishes a precedent that could have far-reaching statewide ramifications for all collective bargaining discussions

I am deleting the Budget Act language in Provision 4 to conform to this action.

"4. Of the amount appropriated in category (b) of this item, $1,132,000 is available for equity adjustments for Skilled Trades Unit No. 6 "

I am requesting the Trustees to disregard the broader authority which the Legislature has provided by excluding CSU from provisions that prohibit a salary setting authority from using, for employee compensation increases, monies other than what is specifically appropriated for compensation increases I do not believe the action of the Legislature reflects sound fiscal policy. The Legislature did not extend this same authority to the University of California, Hastings College of Law or to Civil Service and Related employees. If CSU Trustees decide to use this broader authority, I am requesting they report back to me and the Legislature for concurrence prior to the expenditure of any funds other than those specifically appropriated for compensation purposes.

Item 6610-490—Reappropriation, California State University I am reducing this

expenditure authority by $10,000,000

The 1987–88 Budget authorizes the reappropriation of any 1986–87 savings from CSU's main support item. Because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes, I am requiring the first $10,000,000 in reappropriated savings to revert to the General Fund. Consistent with provisional language in this item, the remainder of any reappropriated savings may be used to fund deferred maintenance and special repairs, replacement of instructional equipment and the On-Line Public Access (OLPAC) system

Item 6870-101-001—For local assistance, Board of Governors of the California Community Colleges I reduce this item from $1,291,787,000 to $1,280,037,000 by reducing:

(a) 10-Apportionments from $1,185,089,000 to $1,173,339,000,

and by deleting Provisions 24, 25, 32, 34 and 35, and by revising Provision 26.

I am deleting the $11,600,000 legislative augmentation for aid to districts which had declines in average daily attendance (ADA) in 1985–86 and 1986–87 Now that the community colleges' ADA declines have ended and ADA is beginning to increase, funding for growth appears to be a higher priority than funding for previous ADA declines. For this reason, I have provided $56 million for ADA growth in 1987–88

I am deleting Provision 35 to conform with this action.

"35 Notwithstanding any other provision of law, after sufficient funds have been allocated to comply with the provisions of Article 1 (commencing with Section 84700) of Chapter 5 of Part 50 of the Education Code, an amount not to exceed $11,600,000 of the amount appropriated in Schedule (a) shall be allocated to community college districts by the Chancellor of the California Community Colleges for allocation to those districts which are most in need of revenue adjustments due to declining average daily attendance in the 1985–86 and 1986–87 fiscal years.

Funds allocated to districts for purposes of deferring revenue adjustments for declining average daily attendance shall not be considered as part of the district base revenues for the 1988–89 fiscal year "

I am deleting the $150,000 legislative augmentation for a community archive program. These funds would be for facility renovations, staff and curriculum development. This proposed program has not undergone review through the budget process.

I am revising Provision 26, dealing with the $11,000,000 provided for excess growth beyond the statewide ADA limit. It was my intention to provide these additional funds only for instruction in basic skills, that is, for remedial English and mathematics and English-as-a-second language. Instructional needs in these areas are increasing, both as a result of the increased emphasis on academic standards in the community colleges and the changing needs of the community college student body. Now that the community colleges are growing again, it is important that growth serve our State's high priority needs. Thus, I am deleting wording in Provision 26 that would allow the $11,000,000 to be used for ADA in areas other than basic skills. I am also deleting wording which would allow this funding to be incorporated into the subsequent year's base budget in order to insure that the funds will continue to be used for the purposes intended.

"26 Notwithstanding any other provision of law, $11,000,000 of the funds appropriated in schedule (a) shall be for allocation to community college districts in the 1987–88 fiscal year for the purposes of funding, beyond the statutory ADA growth limit, needs in basic skills ~~and ADA growth in other areas~~. The chancellor shall develop criteria for allocating funds for instruction in basic skills ~~and other areas~~. ~~This funding shall be considered as part of the base revenues for community college districts in computing the subsequent year's funding.~~ "

I am deleting Provision 34, which would alter the State-to-local funds matching requirement in the deferred maintenance program from 1-to-1 to 2-to-1. This legislative change would have reduced the total amount of funding for deferred maintenance and slowed the pace of badly needed repairs. It is appropriate that

districts maintain their efforts in the contribution of State apportionment funds for this program. Furthermore, this change is unnecessary, as districts which can meet the matching requirements would be given unneeded relief, and the Chancellor currently has the authority to waive the match in cases of district hardship.

"34.. Notwithstanding any other provision of law, the chancellor shall allocate funds in Schedule (b) for deferred maintenance so that, for every $2.00 of funds allocated from this item, the districts shall provide $1 00 of matching funds "

I am deleting Provision 25, which would require the State to fund remedial math courses above a district's growth cap if the courses are conducted for students currently enrolled in the University of California or California State University. This language could result in expenditures of over $1 2 million for these students who may currently receive this instruction at UC or CSU Furthermore, I have already provided an additional $11 million for growth above the ADA caps in basic skills Thus, there is no need for this requirement.

"25. A community college district may exceed its average daily attendance (ADA) limit for any ADA generated by students who are enrolled in a remedial mathematics course (if a UC or California State University requirement) conducted by the community college district for students who are concurrently enrolled at UC or at the California State University.

ADA which is credited above a district's limit for these specified purposes shall be funded by the state at a rate equal to the current-year rate for noncredit ADA specified in subdivision (d) of Section 84701 of the Education Code or for credit ADA specified in subdivision (e) of Section 84701 of the Education Code, whichever is applicable. Any community college district which receives an apportionment under this provision shall establish a separate categorical account for the receipt of revenues and disbursement of expenditures for the authorized classes "

I am deleting Provision 24, which would constrain local districts in operating auxiliary organizations, and Provision 32, which would prohibit Los Angeles district from implementing reforms and receiving $2 million of its apportionments allocation Management of community college districts is a local responsibility Districts must have the flexibility to determine the programs and courses offered, and to make difficult decisions to maintain fiscal integrity If the Legislature believes that there should be additional oversight of local community college governing boards, then it should address its concerns through separate legislation, rather than through the Budget Act.

"24 Any community college district which establishes an auxiliary organization pursuant to Article 6 (commencing with Section 72670) of Chapter 6 of Part 45 of the Education Code and which operates on property which it does not own or on property which the district has not leased as of July 1, 1987, shall not receive an apportionment under this item unless the Chancellor of the Community Colleges submits a written memorandum to the local district governing board stating that the chancellor's office has made both of the following findings

(a) The proposed auxiliary activity conforms with apprenticeship programs approved by the chancellor's office if the activity for students is similar to, or closely allied with, apprenticeship training.

(b) The proposed auxiliary activity has not displaced noncommunity college district employees unless an agreement to do so has been reached between the local district and representatives of employees in the private sector if a private business is involved "

"32. The Los Angeles Community College District shall maintain its nursing programs at the 1986–87 level. This action shall include the reestablishment of a nursing program at Los Angeles City College which shall enroll at least 45 students by the spring semester of the 1987–88 academic year. A total of $2,000,000 shall be withheld from apportionments unless the district complies with the provisions of this section and submits a report to the chancellor on its district reform plan.

0 28 10 0

The report shall assess the effect of the district's reform plan on student access and the continued availability of vocational training programs for occupations where there is a shortage of trained workers and where student demand for entry into those training programs exceeds available class space The chancellor shall review the study to determine whether the proposed plan will cause a decline in student access and whether the district is maintaining its nursing program at current levels If the chancellor determines that there will be a decline in student access or the district is not maintaining its nursing program, the district will not become eligible for the amount withheld from apportionments pursuant to this item

The chancellor shall certify to the Director of Finance and the Joint Legislative Budget Committee whether funds should be allocated to the Los Angeles Community College District The funds shall not be released without the approval of the Chairperson of the Joint Legislative Budget Committee."

As a result of my actions, the total General Fund budget for community colleges will be $88 1 million higher than for the 1986–87 fiscal year, which is a 7 1 percent increase

Item 6870-106-001—For local assistance, Board of Governors of the California Community Colleges I reduce this item from $15,000,000 to $11,862,000, and revise Provision 1

I am deleting the $3,138,000 legislative augmentation for instructional equipment replacement and library materials. The Administration has already considered and determined the level of funding that the State can provide for this program, and has provided $17,000,000 from the General Fund for this purpose, in addition to $35,000,000 of bond funds which were reappropriated from 1986–87

I am also revising Provision 1 to delete language added by the legislature granting authority to the Chancellor to waive the 3-to-1 State-to-local matching fund requirement in this program. It is presumed that community college districts have historically allocated a portion of their apportionments funding for instructional equipment and library materials It is appropriate that the districts maintain this effort With maintenance of effort, the additional State funding will enable districts to quadruple their resources for instructional equipment and library materials This incentive should encourage districts to fund this high priority program This matching requirement is consistent with community college matching requirements for deferred maintenance (1-to-1) and capital outlay (9-to-1) It is also consistent with the Administration's program for K–12 school construction, which includes an estimated 3-to-1 match

"1 The amount appropriated in this item is available on a one-time basis for the purpose of providing community college districts with funds to replace instructional equipment and for purchase of library materials. The chancellor shall allocate these funds to the districts such that for every $3 00 (three dollars) of funds allocated from this item, the districts shall provide $1 00 (one dollar) of matching funds. ~~The Chancellor may waive the matching requirements for districts which cannot provide the matching funds without financial hardship. The Chancellor shall develop criteria for determining whether compliance with the matching requirement would cause financial hardship to a district.~~"

Item 6870-301-782—For capital outlay, Board of Governors of the California Community Colleges. I reduce this item from $31,869,000 to $31,746,000 by deleting

Los Angeles City College,
Southwest
(14.1) 40.26.603-Working drawings,
Physical Education Facilities Core (123,000)

This item already contains $31,746,000 for 40 projects which were included on a priority basis for the community college system. This project, which did not fall within that priority range, is being deferred because a physical education facility already exists on this campus. The project may be resubmitted for consideration in the 1988–89 Governor's Budget if it is deemed a high priority

Item 8100-101-001—For local assistance, Office of Criminal Justice Planning. I delete

Provision 5

I am deleting Provision 5 because this provision would restrict the allocation of funds for the Community Crime Resistance Program only to recipients who are located in cities I believe that this language, added by the Legislature, was inadvertently restricted to recipients who are located in cities In fairness to recipients who are located outside of city limits, I am deleting this language However, I support using the crime index as a factor in allocating the funds, and I will direct the Office of Criminal Justice Planning to use this factor in their administration of the program.

"5 The funds appropriated in category (c) of this item shall be allocated to recipients located in cities officially ranked as having the highest crime rates in the state. "Crime rate" means the level of incidence of crimes per 100,000 population."

Item 8260-001-001—For support of California Arts Council I reduce this item from $2,699,000 to $2,599,000 by reducing:

(e) 50.01-Administration from $1,554,000 to $1,454,000

I am reducing $100,000 from the legislative augmentation of $150,000 which was to provide additional administrative support for various local assistance programs I have retained $50,000 and one position to provide the necessary administrative support related to the $1,000,000 augmentation for the local assistance, grants and subventions This conforms to the actions I have taken in Item 8260-101-001.

Item 8260-101-001—For local assistance, California Arts Council for grants and subventions. I reduce this item from $12,961,997 to $11,000,000 by reducing·

(a) 10-Artists in Residence from $2,078,218 to $1,827,000,

(b) 20-Organizational Grants from $7,811,000 to $6,880,000,

(d) 40-Statewide Projects from $2,475,779 to $1,696,000,

and deleting Provisions 2 and 3

I am reducing $1,961,997 from the legislative augmentation of $2,961,997 to various local assistance programs. These funds were requested to provide additional grants to local artists. I have retained $1,000,000, which is a 10 percent increase above my January 10 budget proposal. This will provide a $385,000 increase to the Artists in Residence Program, $569,000 to the Performing Arts Touring/Presenting Program and $46,000 to the Statewide Projects.

I am deleting Provisions 2 and 3 to conform with this action

"2. The California Arts Council shall utilize $15,000 of the augmentation for the Interagency Arts Program to fund an Arts/Tourism Pilot Project through an interagency agreement with the Department of Commerce, Office of Tourism."

"3. The California Arts Council shall utilize $500,000 of the augmentation for the Multi-Cultural Arts Program."

Item 8290-001-001—For support of California Public Broadcasting Commission I delete this item, and accompanying provisions.

The California Public Broadcasting Commission is no longer in operation and is not included in the 1987–88 Governor's Budget I continue to believe that public broadcasting should be supported by viewers, foundations, and other private sources

Item 8350-001-001—For support of Department of Industrial Relations I reduce this item from $102,382,000 to $94,219,000 by reducing

(ax) Program operations from $140,247,000 to $120,775,000, and

(u) Amount payable from the Federal Trust Fund (Item 8350-001-890) from −$17,633,000 to −$6,324,000

and deleting Provisions 2, 3 5, 4, and 5

I am deleting the $547,000 and 8 positions augmented by the Legislature to reinstate the Mine Safety Program which would allow for inspections of employment conditions related to the mine safety law This augmentation will constitute a program duplication because California's mines are already regulated and inspected by the Federal Mine Safety and Health Administration and the State program constitutes duplicative activities. A court ruling has also determined that the State also has no jurisdiction where mines are inspected by the Federal Mine Safety and Health Administration.

I am deleting Provision 2 to conform to this action.

"2 Notwithstanding subdivision (a) of Section 6303 of the Labor Code, the Governor and the Director of the of Industrial Relations shall enforce the full scope of Part 9 (commencing with Section 7950) of Division 5 of the Labor Code."

I am deleting 357.8 personnel years and reducing $7,000,000 of the $8,000,000 legislative augmentation to reinstate the Cal/OSHA Program in the private sector The Department of Labor resumed enforcement of federal job safety and health standards in the private sector worksites effective July 1, 1987. California will continue to provide the necessary public sector responsibilities and consultation services for employees in both the public and private sectors. I believe California employers and employees can be assured that the Federal Government will continue to deliver appropriate services to provide safety in the workplace. I am retaining $1,000,000 of the augmentation to provide funding for the Appeals Board to handle the existing open cases on appeal and continue processing the public sector appeals and to fund the Standards Board to carry out its public sector responsibilities I am reducing the amount payable to this item from the Federal Trust Fund item by $11,309,000 to correspond to my action taken in Item 8350-001-890.

I am deleting the $300,000 legislative augmentation for a consultant study of the current system for processing workers' compensation cases The current budget of $45,526,000 and 768.6 personnel years provides an adequate level of funding to address the workload. I am deleting Provision 5 to conform to this action

"5. Of the funds appropriated in this item, $300,000 shall be available solely for a consultant study of the current system for processing workers' compensation cases. Any study authorized by the director shall: (a) consider the efficiency of current clerical procedures, the need for improved use of automation, the reasons for delays in the current system, the reasons for variations in productivity of judges in the 22 local offices; and (b) make recommendations with respect to the need for additional staff, the introduction of better management procedures, the need for an improved management reporting system, and standards for the timely issuance of decisions "

I am deleting $316,000 and 6 positions augmented by the Legislature to expedite wage claims. The current budget provides sufficient resources to accomplish the workload

I am deleting Provision 3 5 because this language is unnecessarily restrictive since the current administrative process already requires public hearings whenever regulations are to be amended.

"3.5. No modification of regulations as they existed on January 1, 1987, affecting eligibility for, the amount of, or procedures governing the determination of, workers' compensation rehabilitation or permanent disability benefits shall be adopted until 30 days after the proposed changes have been reviewed in public hearings by any appropriate fiscal or policy committee of the Legislature which schedules a hearing on the proposed regulations prior to the final adoption of the regulations."

I am also deleting Provision 4 because I believe the establishment of this reporting requirement is duplicative of administrative policies and procedures already in effect

"4. The Labor Commissioner shall provide the appropriate policy committees (a) timelapse data on all significant elements of the wage-claim collection process and (b) a quarterly breakdown by field office of active wage claims which require a hearing under subdivision (a) of Section 98 of the Labor Code and for which no hearing has been held within 75 days of the filing of the claim "

Item 8350-001-890—For support of Department of Industrial Relations I reduce this item from $17,633,000 to $6,324,000

I am reducing $11,309,000 of the legislative augmentation to reinstate the Cal/OSHA program in the private sector. I am retaining $2,400,000 of the augmentation to provide funding for a contract to facilitate the transition to the federal OSHA program. I am also retaining $450,000 to provide spending authority for the federal contribution to the first quarter of the public sector program. This conforms to the

action I have taken in Item 8350-001-001 ·

Item 8570-001-001—For support of Department of Food and Agriculture. I revise this item by reducing

(b) 20-Plant Pest and Disease Prevention from $27,074,000 to $27,003,000,

(g) 60-Financial and Administrative assistance to local fairs from $1,277,000 to $1,227,000 and,

(lx) Amount payable from the Environmental License Plate Fund (Item 8570-001-140) from $-371,000 to $-300,000

and by deleting

(kx) Amount payable from Special Account for Capital Outlay (Item 8570-001-036) (-$50,000),

and Provision 3.

I am deleting a legislative augmentation of $71,000 from the Environmental License Plate Fund that was intended for Imperial County for its hydrilla control program Based on an established departmental priority system which considers the magnitude of the problem, the potential for control or eradication, and the ability of local entities to deal with the problem, it has been determined that the current levels of State funding provided to Imperial County are sufficient.

I am deleting a legislative augmentation of $50,000 from the Special Account for Capital Outlay funds for a study concerning the feasibility of relocating the Sacramento County Fair Although I support local fairs, this is an inappropriate use of SAFCO funds. A study of this nature, if it is of sufficiently high priority, should be funded from the Fair and Exposition Fund.

I am also deleting Provision 3 because this provision would have required the Department of Food and Agriculture to determine who is an "interested party" for notification purposes prior to the issuance of a special agricultural products move permit. This process would add unnecessary administrative workload and costs to the department In addition, failure to recognize and notify all "interested parties" could result in costly lawsuits

"3. The Director of Food and Agriculture shall not issue special permits pursuant to Section 3154 of Title 3 of the California Administrative Code without first giving all interested parties formal notice of this action Any special permits issued in 1987 without such notice shall be immediately rescinded by the director "

Item 8570-001-036—For support of Department of Food and Agriculture I delete this item.

I am deleting this item to conform to the action I have taken in Item 8570-001-001

Item 8570-001-140—For support of Department of Food and Agriculture. I reduce this item from $371,000 to $300,000

I am reducing this item to conform to the action I have taken in Item 8570-001-001.

Item 8570-101-001—For local assistance, Department of Food and Agriculture. I revise this item by reducing:

(d) 60-Financial and Administrative Assistance to local fairs from $6,640,000 to $4,690,000, and

(g) Payable from the Fair and Exposition Fund (Item 8570-101-191) from -$6,640,000 to -$4,690,000.

I am reducing the schedule in this item by $1,950,000 to reflect the deletion of funds designated for the construction of a display building for the San Fernando Valley Fair This Fair does not have a permanent site as yet, nor is it known what facilities or alterations may be needed once a permanent site is acquired. Allocation of funds for a display building at this time is premature.

Item 8570-101-191—For local assistance, Department of Food and Agriculture. I reduce this item from $6,640,000 to $4,690,000 by reducing·

(c) Other local fair projects from $2,690,000 to $740,000,

deleting Provision 7 and revising Provision 6.

I am reducing this item by $1,950,000 to conform with the action I have taken in Item 8570-101-001

I am deleting Provision 7 to conform to this action.

"7. The Department of Food and Agriculture shall allocate up to $1,950,000 of category (c) to the 51st District Agricultural Association upon the acquisition of a permanent site for the San Fernando Valley Fair for the construction of a display building. Funds appropriated by this provision shall be available for encumbrance for three years."

In addition, I am revising Provision 6 to delete the requirement that the department notify the Legislature of any expenditure over $50,000. I believe this reporting requirement is duplicative. The department is currently required to submit a report to the Legislature detailing expenditure plans for three years. That report will fulfill the requirements of the deleted portion of Provision 6.

"6. All funds that would otherwise be available for allocation pursuant to Section 19630 of the Business and Professions Code and which are in excess of the amount appropriated in this item, are hereby appropriated in augmentation of this item. ~~The department shall submit a written notification to the chair of the Senate Select Committee on Fairs and Rural Issues, the chair of the Assembly Subcommittee on Fairs and Expositions, and the chairs of the respective Senate and Assembly Fiscal Committees prior to any expenditure over $50,000 from this augmentation, explaining the nature and use of the expenditure.~~ "

Item 8570-301-036—For capital outlay, Department of Food and Agriculture. I delete Provision 1

I am deleting Provision 1 because this language is ineffective since current administrative procedures would allow the department to augment the project pursuant to existing statutory authority.

"1. Notwithstanding any other provision of law, on June 30, 1988, the Controller shall transfer from the funds appropriated under category (1) of this item a sum equal to 10 percent of all unspent funds in category (1) to the Special Account for Capital Outlay in the General Fund "

Item 8570-490—Reappropriation, Department of Food and Agriculture I delete this item.

I am deleting this reappropriation which was added by the Legislature for the eradication of yellow primrose and parrots feather in San Joaquin County. Based on a priority system which considers the magnitude of the problem, the potential for control or eradication, the ability of local entities to deal with the problem, and the potential adverse effects of the plants, it has been determined this the project does not require additional State funding. The Department of Food and Agriculture will, instead, utilize funds budgeted for control and eradication work on projects that require a statewide approach and which, if left uncontrolled, could result in significant environmental and economic problems

Item 9800-001-001—For augmentation for Employee Compensation I reduce this item from $107,575,000 to $77,582,000 by reducing:

(a) 10.01-Civil Service Employees-Represented from $76,592,000 to $53,939,000,

(b) 10.02-Civil Service Employees-Nonrepresented from $19,031,000 to $13,402,000,

(c) 20-Exempt/Excluded and Other Employees from $5,623,000 to $3,912,000,

and deleting Provisions 3 and 4.

I am reducing the amount available for employee compensation increases by $29,993,000. Even with this reduction, the augmentation for employee compensation is sufficient to provide, subject to collective bargaining, up to a four percent general compensation increase package commencing January 1, 1988, plus costs of estimated health and dental benefit rate increases.

I am also deleting Provisions 3 and 4 because these provisions would contravene the Ralph C. Dills Act regarding the rights of the State employer and employees to determine wages, hours and other terms and conditions of employment through collective bargaining

"3. Where memoranda of understanding have not been approved prior to passage of this act, the current provisions of existing memoranda of understanding, including compensation and benefit levels, shall remain in effect until superseded by approved memoranda of understanding

4. The funds provided in this item, except for those amounts necessary for health

and dental benefit rate increases, shall be used to provide a general compensation increase of 6 percent commencing January 1, 1988."

Item 9800-001-494—For augmentation for Employee Compensation. I reduce this item from $53,345,000 to $37,635,000 by reducing:

(a) 10.01-Civil Service Employees-Represented from $42,246,000 to $29,804,000,

(b) 10 02-Civil Service Employees-Nonrepresented from $10,496,000 to $7,405,000,

(c) 20-Exempt/Excluded and Other Employees from $603,000 to $426,000,

and deletmg Provisions 3 and 4.

I am reducing this item by $15,710,000 and deleting Provisions 3 and 4 to conform to my action taken in Item 9800-001-001

"3. Where memoranda of understanding have not been approved prior to passage of this act, the current provisions of existing memoranda of understanding, including compensation and benefit levels, shall remain in effect until superseded by approved memoranda of understanding.

4. The funds provided in this item, except for those amounts necessary for health and dental benefit rate increases, shall be used to provide a general compensation increase of 6 percent commencing January 1, 1988"

Item 9800-001-988—For augmentation for Employee Compensation I reduce this item from $35,357,000 to $24,944,000 by reducing

(a) 10 01-Civil Service Employees-Represented from $28,001,000 to $19,755,000,

(b) 10.02-Civil Service Employees-Nonrepresented from $6,956,000 to $4,907,000,

(c) 20-Exempt/Excluded and Other Employees from $400,000 to $282,000,

and deleting Provisions 3 and 4.

I am reducing this item by $10,413,000 and deleting Provisions 3 and 4 to conform to my action taken in Item 9800-001-001.

"3. Where memoranda of understanding have not been approved prior to passage of this act, the current provisions of existing memoranda of understanding, including compensation and benefit levels, shall remain in effect until superseded by approved memoranda of understanding

4. The funds provided in this item, except for those amounts necessary for health and dental benefit rate increases, shall be used to provide a general compensation increase of 6 percent commencing January 1, 1988."

Section 3.80—Allocation of one percent General Fund restoration. I reduce this section from $69,521,000 to $32,331,000.

I am reducing this section by $37,190,000 because of the need for funds in high priority areas. With this reduction the remaining $32,331,000 will be allocated to higher education programs

"SEC. 3.80 *The sum of* ~~sixty/nine million five hundred twenty/one thousand dollars ($69,521,000)~~ *thirty-two million three hundred thirty-one thousand dollars ($32,331,000)* is hereby appropriated from the General Fund to restore ~~the one percent (1%)~~ 1987–88 General Fund reductions that were implemented in the January 10 version of the Governor's Budget. These funds shall be allocated by the Department of Finance ~~to the several state offices, departments, boards, bureaus, commissions, and other state agencies,~~ in augmentation of ~~their respective~~ support appropriations."

Section 11.50—Distribution of Tidelands Oil Revenues.

I am approving Section 11.50 which includes the allocation of $86.4 million of Tidelands Oil revenues to the General Fund. However, I am particularly concerned about the $18 million reduction which was made to the Rural Renaissance Program to achieve this General Fund transfer. I believe that this reduction should be restored for this important program Therefore, I will support Senator Nielsen's bill as a legislative vehicle to provide $18 million from the Special Account for Capital Outlay since there will be sufficient resources in the Account for this purpose.

Section 11.60—For transfer of to the Disaster Response-Emergency Operations Account in the Special Fund for Economic Uncertainties.

I am revising this section by reducing the transfer from $14,960,000 to $9,960,000 because of the need for funds in high priority areas such as school district and community college apportionments, corrections, AIDS, and toxic wastes Even with

this reduction, the Disaster Response-Emergency Operations Account will contain $15,000,000.

"SEC. 11.60. On July 1, 1987, the State Controller shall transfer the amount of ~~fourteen million nine hundred sixty thousand dollars ($14,960,000)~~ *nine million nine hundred sixth thousand dollars ($9,960,000)* from the General Fund to the Disaster Response-Emergency Operations Account in the Special Fund for Economic Uncertainties."

Section 12.00—Appropriations Limit. I am approving Section 12.00.

I have directed that the renters' tax credit program be excluded from the computation of the amount of appropriations subject to the limit and the appropriations limit for the 1987–88 fiscal year. Proposed adjustment of the appropriations limit for the 1986–87 fiscal year, related to the renter credit program, is not acceptable as it attempts to reconstruct the limit retroactively.

Section 15.00—For allocation to various departments for AIDS related activities. I reduce this section from $39,068,000 to $16,500,000,
and revise its provisions.

I have more than doubled California's commitment to AIDS programs over the amount budgeted in 1986–87. This increases the State's AIDS budget to $63,033,000, in addition to funding available in other programs, such as Medi-Cal. In my action on this section, I have preserved the priorities of this Administration and the Legislature with respect to AIDS funding. The funding level which I have sustained is both significant and appropriate and it continues to show California as a leader in its effort to combat AIDS.

I am deleting language allocating funds for information and education, providing the Department of Health Services the flexibility to expend funds on projects determined to address the greatest needs of those population groups that would benefit most from additional information and education activities. In addition, I have not provided funds for payment of AFDC-Foster Care grants for infants and children diagnosed as having AIDS, ARC, or HIV infection in this section. Because the Foster Care program is an entitlement program, funding for the placement of children with special needs, such as these, is already accounted for as part of the caseload development for the Foster Care Program. Therefore, funding is already included in the Department of Social Services' budget.

I am sustaining the $5.7 million augmentation for construction of the multidisciplinary AIDS research center at the San Francisco General Hospital. However, I believe a more appropriate funding source is the Special Account for Capital Outlay (SAFCO). Since there are sufficient resources in this Account, I would sign a bill to use SAFCO in lieu of the General Fund augmentation provided in this section.

"SEC. 15.00. (a) The sum of ~~thirty-nine million sixty-eight thousand dollars ($39,068,000)~~ *sixteen million five hundred thousand dollars ($16,500,000)* is hereby appropriated from the General Fund to the Controller.

(b) The amount appropriated by this section shall be transferred by the Controller, upon the order of the Director of Finance, to fund AIDS-related programs during the 1987–88 fiscal year, in accordance with the following schedule:

~~(1) State Health and Welfare Agency~~	~~450,000~~
~~(2) Department of Housing and Community Development~~	~~50,000~~
~~(3) Department of Alcohol and Drug Programs~~	~~1,000,000~~

(5) Department of Mental Health	~~3,250,000~~ *700,000*
(6) Department of Corrections	300,000
(7) California Youth Authority	200,000
~~(8) State Department of Education~~	~~1,000,000~~
~~(9) California State University~~	~~220,000~~
~~(10) University of California~~	~~100,000~~
~~(11) California Community Colleges~~	~~0,000~~

0 32 20 0

~~(12) Department of Social Services (AFDC/FC) ..... 1,300,000~~

(bx) Each agency listed in subdivision (b) shall prepare expenditure plans for the funds transferred to it pursuant to this section. These expenditure plans shall be submitted to the appropriate legislative policy and fiscal committees and the to Joint Legislative Budget Committee no later than September 1, 1987

~~(c) The Health and Welfare Agency shall allocate the amount transferred to it pursuant to paragraph (1) of subdivision (b) for use by the California Commission on AIDS as established in Chapter 1.17 (commencing with Section 199.95) of Part 1 of Division 1 of the Health and Safety Code as contained in AB 87 of the 1987/88 Regular Session if that bill is enacted.~~

~~(d) The Department of Housing and Community Development shall allocate the amount transferred to it pursuant to paragraph (2) of subdivision (b) to provide technical assistance to organizations which are developing housing for persons with HIV infection.~~

~~(e) The Department of Alcohol and Drug Programs shall allocate the amount transferred to it pursuant to paragraph (3) of subdvision (b) to counties to increase treatment programs related to IV drug use. The department shall allocate 80 percent of the funds to the 20 counties with the highest AIDS caseloads, based upon reported IV drug abuse cases. The director shall allocate the remaining 20 percent of these funds to counties in accordance with their needs for addressing the AIDS epidemic.~~

(f) The State Department of Health Services shall allocate the amount transferred to it pursuant to paragraph (4) of subdivision (b) for use as follows

(1) ~~$130,000~~ *$100,000* to maintain funding for statewide education programs which have demonstrated effectiveness in educating and informing health care workers, emergency service workers, and hemophiliacs about AIDS. The department may enter into sole source contracts with the contractors who received funding in 1986–87 The department shall ensure that the contracts address the needs of minorities in the target populations.

(2) To adopt a goal of spending 25% of funds provided for information to and education of minority populations

(3) (A) *$5,000,000* to increase state efforts during the 1987–88 fiscal year to educate ~~specified~~ target populations on AIDS ~~as follows: (i) $638,000 for persons attending sexually transmitted disease clinics and other public health clinics; (ii) $3,830,000 for men who have sex with men; (iii) $2,220,000 for sexually active heterosexuals; (iv) $2,261,000 for minority populations; (v) $2,553,000 for IV drug users; (vi) $192,000 for prostitutes; (vii) $638,000 for health professionals with special emphasis on education of black and hispanic health care networks; (viii) $209,000 to support English and Spanish language hotlines in Southern and Northern California; (ix) $319,000 for inmates and employees of county jails; and (x) $160,000 for health professionals responsible for education of diagnosing pediatric AIDS.~~

(B) In allocating funds pursuant to this paragraph, the department shall give first priority to those contractors who were determined to have high-quality proposals for funding during the 1987–88 fiscal year, but whose requests were reduced or denied because of insufficient funds ~~During the 1988/89 fiscal year, these amounts shall be increased by 33 percent to reflect annualized funding.~~

~~(C) The department may reallocate up to 14% of the increased funds provided herein to educate men who have sex with men, sexually active heterosexuals, and minority populations to programs which, instead, educate the general population if the department does not receive a sufficient number of high quality proposals in those categories. In no event shall the reallocation exceed $2,000,000.~~

~~(1) $1,000,000 to establish four resource centers./ two in the south and two in the north./ to provide service to provider counties, schools, colleges, and the public with the most recent information on AIDS on the effective intervention for controlling the epidemic. These centers shall include information on all target groups affected by AIDS, including men who have sex with men, sexually active heterosexuals, IV drug users, and minorities. In allocating the funds, the department shall give consideration to those entities experienced in acting as a~~

~~resource center.~~

~~(5)~~ ~~$750,000~~ *$500,000* to evaluate the effectiveness of the prevention and intervention of AIDS through information and education grants.

(6) ~~$5,856,000~~ *$1,500,000* to support activities and programs designed to care for HIV infected people in nonhospital settings These funds may be used for case management services, home health care, attendant care, housing costs, food, and for subsidizing rates paid to skilled nursing facility distinct parts.

~~(7) $250,000 to support programs to encourage private sector providers to offer the HIV antibody test.~~

~~(8) To encourage publicly funded clinics to provide the HIV antibody test and to allocate $250,000 to reimburse costs incurred by the clinics in providing the test.~~

(9) To provide that alternate test sites may refer persons with HIV infection to mental health services, as appropriate.

(10) ~~$1,162,000~~ *$1,000,000* for counties for their AIDS programs. These funds may be used for serologic monitoring, active case monitoring, monitoring of sexually transmitted diseases, county epidemiology planning, evaluation of data collective efforts, and coordination of AIDS activities.

(11) $5,700,000 for construction of a multidisciplinary AIDS research center at San Francisco General Hospital. The department shall only allocate the funds to the City and County of San Francisco after the department submits a Section 28.00 notification, which includes the projects' preliminary plans, to the Joint Legislative Budget Committee and the legislative fiscal committees for review. The Joint Legislative Budget Committee shall report on the adequacy of the plans within 30 days of receipt of the Section 28.00 request. After approval of the preliminary plans, changes affecting the scope or cost of the project shall be submitted under the review process set forth above to the Chair of the Joint Legislative Budget Committee and the chair of the fiscal committee in each house prior to implementing the proposed change The department shall ensure that the City and County of San Francisco shall expedite the development of preliminary plans for this project. It is the intent of the Legislature that this project shall be expedited to make possible the start of the construction in the 1987–88 fiscal year.

It is the intent of the Legislature that the remaining $4,800,000 in construction costs for this project shall be funded in the Budget Act of 1988 The Legislature requests the City and County of San Francisco to let a single contract for the project which provides for phased construction award and phased construction.

(12) ~~$539,000~~ *$400,000* to establish ~~13~~ 7 positions to administer the additional funds provided in this subdivision ~~for information and education activities~~.

(13) The department shall ensure that HIV-infected children are eligible for California Children Services (CCS). ~~CCS shall coordinate with county welfare departments to facilitate appropriate foster placements for these children.~~

(14) ~~$1,599,000~~ *$1,100,000* to fund health care costs of HIV-infected infants and children. ~~Of~~ this amount, ~~$1,099,000~~ shall be transferred to California Children Services to fund health care costs of HIV-infected infants and children, ~~and $500,000 shall be contracted through the RFP process to fund clinical treatment centers within existing health care facilities for infants and children diagnosed as having AIDS, ARC, or HIV infection. In awarding these grants, the department shall ensure that the centers are located in, or in close proximity to, the communities with the highest concentration of HIV/infected infants and children~~

(g) The Department of Mental Health shall allocate the amount transferred to it pursuant to paragraph (5) of subdivision (b) for use as follows:

(1) ~~$789,000~~ *$200,000* for community services ~~as follows: (i) $250,000 for promotion of mental health; (ii) $250,000 for training of volunteers and peer counselors; and (iii) $289,000~~ for counseling of hemophiliacs with regard to AIDS-related mental health issues.

~~(2) To prepare a report regarding state hospital issues related to AIDS which shall include, but not be limited to, all of the following with regard to patients with AIDS, ARC, or who test positive for the AIDS antibody; (i) state policy regarding~~

~~admission to the state hospitals; (ii) issues relating to confidentiality, testing, and treatment including the need for data collection; (iii) the number of patients currently in the state hospitals and, to the extent possible, the projected unmet need for hospital beds; (iv) projections regarding appropriate treatment programs; and (v) mechanisms for improving coordination between the state hospitals and community mental health programs.~~

~~The report shall be submitted by November 1, 1987, to the Assembly Ways and Means Committee and the Senate Budget and Fiscal Review Committee.~~

(3) ~~$2,550,000~~ *$500,000* to provide critical mental health treatment service to people with AIDS-related mental health needs These funds shall not be expended for any other mental health program and shall be used to provide services to the following populations: (i) people with AIDS; (ii) people with ARC; (iii) people who test antibody positive for exposure to the AIDS virus; (iv) significant others of any of those in the above groups; (v) those suffering from AIDS-related depression, anxiety, or somatization disorders; and (vi) people whose work brings them in contact with anyone identified in groups (i) through (v) above.

The department shall develop a request for proposals for allocation of funds pursuant to paragraph (3) Both county mental health departments and private, nonprofit agencies shall be eligible for funding However, priority shall be given to proposals from county mental health departments which propose to make use of appropriate private provider expertise.

(h) The Department of Corrections shall allocate $300,000 of the amount transferred to it pursuant to paragraph (6) of subdivision (b) to inform and educate inmates and employees of the state's prisons on AIDS.

(i) The California Youth Authority shall allocate the amount transferred to it pursuant to paragraph (7) of subdivision (b) to inform and educate wards and department employees on AIDS

~~(j) The Superintendent of Public Instruction shall allocate the amount transferred to the State Department of Education pursuant to paragraph (8) of subdivision (b) to local school districts to: (i) train teachers and staff to provide classroom instruction on AIDS; (ii) purchase AIDS instructional materials, including videos; and (iii) develop AIDS curricula and teaching guidelines.~~

~~(k) The Board of Trustees shall allocate the amount transferred to the California State Universities the amount pursuant to paragraph (9) of subdivision (b) to (i) train health personnel to provide AIDS education to students and staff; (ii) purchase AIDS instructional materials; (iii) develop AIDS curricula; and (iv) coordinate campus AIDS education programs.~~

(l) In allocating funds appropriated for *AIDS* research in Item 6440-001-001, the university shall increase its emphasis on social and behavioral science and policy research which identifies effective ways to combat the spread of AIDS by: (i) funding more research on issues such as effective prevention and education strategies, local AIDS policy directions, and the quality of health care; and (ii) diversifying its task force to include researchers in disciplines such as health education and policy, medical anthropology, or other social sciences.

~~Of the amount allocated to the University of California, the Regents of the University of California shall allocate $100,000 to the eight general campuses to: (i) train health personnel to provide AIDS education to students and staff; (ii) purchase AIDS instructional materials; (iii) develop AIDS curricula; and (iv) coordinate campus AIDS education programs.~~

~~(m) (1) The Chancellor of the California Community Colleges shall develop and distribute a program which shall do both of the following.~~

~~(A) Train health personnel to provide AIDS education.~~

~~(B) Develop AIDS curricula and instructional materials for use in community colleges.~~

~~(2) The Chancellor shall further allocate up to $680,000 from the amount transferred to it pursuant to paragraph (11) of subdivision (b) to community college districts in order to do both of the following.~~

~~(A) Provide direct instruction and information to community college staff and~~

~~students.~~

~~(B) Coordinate community college campus AIDS education programs.~~

~~(n) The amount appropriated in paragraph (12) of subdivision (b) shall be transferred to the Department of Social Services for payment of AFDC/FC grants for infants and children in foster care placement diagnosed as having AIDS, ARC, or HIV infection. The department is authorized to pay any supplemental rate that may be approved.~~"

Section 22 00—Greater Avenues for Independence (GAIN) Program Implementation. I am approving Control Section 22 00

The Legislature took action to reduce the amount of funds available in this section based on the assumption that, due to implementation delays that counties are experiencing, additional resources are not warranted at this time I, too, recognize that this is a very complex program to implement. However, I am committed to implementing the GAIN program in a timely fashion, based upon the plan approval process designed by the Department of Social Services. Therefore, should additional funding be required during 1987–88, I would support such a request.

Section 23.00—For implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986. I reduce this section from $13,146,000 to $12,127,000 by reducing the General Fund from $7,715,000 to $6,696,000

I am reducing the legislative augmentation of $133,000 (General Fund) for the Department of Health Services for allocation to the Hazard Evaluation System and Information Service for technical assistance relating to occupational exposures The augmentation I proposed which is included in this control section totals $1,777,000 for the Office of Environmental Health Hazard Assessments in the Department of Health Services. This amount includes $254,000 and 4.8 personnel years to enable the Department to develop a protocol for the identification of use patterns and the likelihood of significant exposures for substances in commercial use in the State. Additionally, this funding will enable the Department to identify chemicals that are in use in California, particularly in the workplace Therefore, the augmentation proposed by the Legislature is duplicative of funding which is already included in this section for implementation of Proposition 65 I have seen no justification or evidence to support an additional and parallel activity.

I am reducing $295,000 of the $554,000 (General Fund) legislative augmentation for the Department of Justice. The total amount of this augmentation is premature given that it is not expected that significant legal enforcement workload will exist in 1987–88. The $259,000 I am retaining will provide legal representation of the lead agency and legal advice to implementing departments. I am providing these funds by reducing related expenditures in other departments as follows: Health and Welfare Agency by $100,000, Department of Health Services by $54,000, State Water Resources Control Board by $50,000 and Department of Food and Agriculture by $55,000.

I am reducing the $266,000 (General Fund) legislative augmentation for the Department of Industrial Relations because the department has no separate, unique responsibilities under the Proposition. Therefore, no significant increase in workload should be experienced by the Department of Industrial Relations as a result of the passage of Proposition 65 Funding for this department would duplicate funding provided elsewhere in this section.

I am deleting the $66,000 (General Fund) legislative augmentation for the Air Resources Board for technical assistance. These funds are not justified as the Board indicates that the activity for which they are intended can be absorbed within existing resources in 1987–88. The long term needs of the Board related to this activity should be assessed in the next budget cycle when the Board will have sufficient experience to project its needs.

The $11,683,000 which I have provided to implement the Safe Drinking Water and Toxic Enforcement Act of 1986 will ensure that the projected workload for Fiscal Year 1987–88 will be adequately addressed. The agencies for which I have provided funding are appropriate and necessary for effective implementation of the Proposition Although there may be some peripheral impact upon other agencies, the departments which will receive funding have been determined as the responsible entities by the Health and Welfare Agency and the funding level which I have proposed provides a

full spectrum of implementation and enforcement activities.

I am revising language in Section 23.00 to conform to these actions as follows:

"SEC. 23.00. (a) The sum of ~~thirteen million one hundred forty-six thousand dollars ($13,146,000)~~ *twelve million one hundred twenty-seven thousand dollars ($12,127,000)* is hereby appropriated to the Controller in accordance with the following schedule:

(1) ~~$7,715,000~~ *$6,696,000* from the General Fund.

(2) $1,270,000 from the Hazardous Waste Control Account.

(3) $4,161,000 from fees (reimbursements)

(b) Of the funds appropriated from the Hazardous Waste Control Account, $444,000 shall be transferred by the Controller to Item 4260-011-014 for support of state and local hazardous waste management planning. These funds shall not be available for expenditure until after 30 days' notice to the legislative fiscal committees and to the Joint Legislative Budget Committee of the Department of Health Services' intention to encumber the funds.

(c) ~~Twelve million seven hundred two thousand dollars ($12,702,000)~~ *Eleven million six hundred eighty-three thousand dollars ($11,683,000)*, which is the balance of the amount appropriated by this section, shall be allocated by the Controller upon order of the Director of Finance, for the purpose of implementing the Safe Drinking Water and Toxic Enforcement Act of 1986 and in accordance with the schedules set forth in subdivisions (d), (e), (f), (g), and (h) to complete activities as identified. The amounts appropriated from the Hazardous Waste Control Account and fee reimbursements shall be allocated according to the schedules identified in the Department of Finance letter dated May 19, 1987.

(d) Scientific Functions. The sum of six million six hundred twenty-two thousand dollars ($6,622,000) shall be allocated in this category according to the following schedule:

Air Resources Board	$279,000
Department of Food and Agriculture	1,929,000
Department of Health Services	3,387,000
Health and Welfare Agency	253,000
State Water Resources Control Board	774,000

This allocation shall be consistent with the following priorities:

(1) Priority 1: Policies and Guidelines. The first priority under this subdivision shall be for the Department of Health Services to update existing policies and guidelines to be used for assessing risks posed by cancer-causing substances; to develop policies and guidelines to be used for assessing risks posed by reproductive toxicants; and to develop policies and guidelines to be used for exposure assessment protocols. These policies and guidelines shall, to the extent appropriate, incorporate procedures to assess risks from multiple routes of exposure from individual sources. These policies and guidelines shall be updated and developed under the direct supervision, and with the active participation, of staff with direct experience in such policy and guideline development, and who possess knowledge and expertise in the areas of carcinogenesis, reproductive toxicology, epidemiology, and the identification of exposures in the workplace and the environment.

(2) Priority 2: Listing of Chemicals (Scientific Advisory Panel). The second priority under this subdivision shall be for support of the activities of the Scientific Advisory Panel for the purpose of listing chemicals subject to the prohibitions of the Safe Drinking Water and Toxic Enforcement Act of 1986

(3) Priority 3: Health Hazard Assessment. The third priority under this subdivision shall be for the Department of Health Services to develop chemical-specific health hazard assessments to be used for implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986. The development of these health hazard assessments shall be based on the policies and guidelines updated or developed pursuant to Priority 1.

(4) Priority 4: Permit and Pesticide Registration Review and Modification. The fourth priority under this subdivision shall be to review and revise permits

and registrations relating to waste discharges, air emissions, and pesticide labeling requirements and use, consistent with the policies and guidelines updated or developed pursuant to Priority 1, with actions taken to list chemicals subject to the prohibitions of the Safe Drinking Water and Toxic Enforcement Act of 1986, and with the health hazard assessments developed pursuant to Priority 3.

(5) Priority 5: Safe Use Determinations. The last priority under this subdivision shall be the review and approval or denial of individual Safe Use Determinations based on regulations or guidelines consistent with policies and guidelines developed pursuant to Priority 1 and health hazard assessments developed pursuant to Priority 3

(e) Technical Assistance. The sum of ~~one million six hundred sixty/one thousand dollars ($1,661,000)~~ *one million four hundred sixty-two thousand dollars ($1,462,000)* is allocated for the purpose of providing technical assistance to the general public, employees, chemical users, and local governmental entities in implementing the provisions of the Safe Drinking Water and Toxic Enforcement Act of 1986. This allocation shall be subject to the following schedule:

Department of Health Services	$818,000
~~Department of Health Services for allocation to the HESIS Unit for technical assistance relating to occupational exposures~~	~~133,000~~
Department of Food and Agriculture	430,000
State Water Resources Control Board	214,000
~~Air Resources Board~~	~~66,000~~

(f) Monitoring and Enforcement. The sum of ~~three million one hundred forty thousand dollars ($3,140,000)~~ *two million four hundred eighty-three thousand dollars ($2,483,000)* is allocated for monitoring and enforcement of the provisions of the Safe Drinking Water and Toxic Enforcement Act of 1986 The allocation shall be made according to the following schedule·

Department of Health Services	~~$198,000~~ *$444,000*
Department of Food and Agriculture	~~971,000~~ *916,000*
State Water Resources Control Board	887,000
Department of Justice	~~518,000~~ *236,000*
~~Department of Industrial Relations~~	~~266,000~~

(g) Management and Support The sum of ~~five hundred sixty/nine thousand dollars ($569,000)~~ *four hundred sixty-nine thousand dollars ($469,000)* is allocated for management and support for state agencies to implement the provisions of the Safe Drinking Water and Toxic Enforcement Act of 1986, as follows:

Department of Health Services	$152,000
Health and Welfare Agency	~~250,000~~ *150,000*
State Water Resources Control Board	167,000

(h) Employee Reporting. The sum of ~~seven hundred ten thousand ($710,000)~~ *six hundred forty-seven thousand dollars ($647,000)* is allocated for assistance in state employee reporting requirements pursuant to Section 25180 7 of the Health and Safety Code, as provided in the Safe Drinking Water and Toxic Enforcement Act of 1986 This allocation shall be made according to the following schedule

Department of Fish and Game	$23,000
Department of Food and Agriculture	36,000
Department of Health Services	229,000
Office of Emergency Services	23,000
State Water Resources Control Board	~~363,000~~ *313,000*
Department of Justice	~~36,000~~ *23,000*

(i) The Department of Health Services shall consult with the State Water Resources Control Board, the Department of Food and Agriculture, and the Air

Resources Board in the development of policies and guidelines updated or developed pursuant to Priority 1 of subdivision (d) and health hazard assessments developed pursuant to Priority 3 of subdivision (d)

(j) The Department of Health Services, by direction of the Health and Welfare Agency, shall work with other agencies and may enter into contracts with private parties for assistance in developing the health hazard assessments described in Priority 3 of subdivision (d)

(k) In the event that Safe Use Determinations are issued, they shall be based on the policies and guidelines updated or developed in Priority 1 of subdivision (d) and health hazard assessments developed in Priority 3 of subdivision (d).

(*l*) The Health and Welfare Agency shall develop a system to track the number and type of Safe Use Determinations that are developed by various agencies. To the extent feasible, the agency shall assist departments in avoiding duplication of effort in the development of Safe Use Determinations

(m) The Health and Welfare Agency shall prepare a schedule of fees to be paid by private parties in seeking to obtain Safe Use Determinations. The schedule of fees shall be set at a level sufficient to fund the total state cost of administering Safe Use Determinations requests

~~(n) In the event that programs relating to worker protection are not available within the Department of Industrial Relations in the 1987/88 fiscal year to implement the provisions of the Safe Drinking Water and Toxic Enforcement Act of 1986, the Director of Finance shall report to the chairpersons of the legislative toxics policy committees and the fiscal committees on how the administration plans to discharge its responsibilities to protect workers pursuant to the Safe Drinking Water and Toxic Enforcement Act of 1986.~~

~~(o) Among the activities conducted by HESIS pursuant to subdivision (c) shall be the development of a worker notification and information dissemination program.~~

(p) In conjunction with the Governor's 1988–89 Budget, the Health and Welfare Agency shall report to the Legislature on activities of agencies in implementing provisions of the Safe Drinking Water and Toxic Enforcement Act of 1986.

(q) To the extent that funds in this section need to be reallocated to implement priorities specified in subdivision (d), the Director of Finance shall do so after 30 days' notice to the Chairpersons of the Assembly Ways and Means Committee and the Senate Committee on Budget and Fiscal Review of his or her intention to provide for the reallocation."

Section 24.60—Lottery Reports. I revise this control section.

I am revising Section 24.60 to delete the requirement that the University of California, the Hastings College of the Law, and the California State University submit their reports on 1988–89 lottery expenditures by April 1, 1988 rather than by the November 1, 1988 deadline which applies to other State agencies. The April 1, 1988 deadline is in conflict with the voter-approved lottery initiative and statutory law, which require these monies to be expended by educational entities free of State control. I intend to uphold the wishes of the voters and statutory law in this regard.

I also am revising Section 24.60 to delete language prohibiting additional reports from being required of local educational agencies unless the report is specifically authorized by the Legislature. This language unduly restricts the Administration's ability to request data from recipients of lottery funds. I believe that the Administration should have the same flexibility as the Legislature to request information from school districts on how they are using their lottery funds.

"SEC. 24.60. From the funds appropriated in Items 5460-001-814, 6100-226-001, 6440-001-001, 6600-001-001, 6610-001-001, 6860-001-001 and 6870-101-001 of this act, the Department of the Youth Authority and the local education agencies through the Superintendent of Public Instruction, Regents of the University of California, Directors of Hastings College of the Law, Trustees of the California State University system, Board of Governors of the California Maritime Academy, and community college districts through the chancellor shall report to the Governor and the Legislature no later than November 1, 1988, the amount of lottery funds

which each entity received and the purposes for which the funds were expended in the 1987–88 fiscal year, including administrative costs and proposed expenditures and purposes for expenditure for the 1988–89 fiscal year ~~; provided that the University of California, the Hastings College of the Law, and the California State University shall submit their reports on proposed expenditures on or before April 1, 1988~~ . If applicable, the amount of lottery funds received on the basis of adult education ADA and the amount of lottery funds expended for adult education shall be reported. ~~No additional report shall be required of local educational agencies regarding the use of lottery funds unless that report is specifically authorized by the Legislature.~~ "

Section 31.00—Related to the establishment of positions and compensation. I revise this control section.

It is the policy of this Administration that the California State University, and all State agencies for that matter, be required to abide by the standard employee compensation process. I am, therefore, deleting the reference in this control section that would eliminate the prohibition from using funds appropriated for purposes other than employee compensation for employee compensation Therefore, I am deleting the reference to the California State University.

"SEC. 31 00 The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

The Director of Finance, or his or her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step of $2,641 per month. He or she shall also report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization

All positions administratively established pursuant to this section during the 1987–88 fiscal year shall terminate on June 30, 1988, except that those positions which have been (a) included in the 1988–89 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1988–89 Governor's Budget submission to the Legislature, may be reestablished by the Department of Finance during the 1988–89 fiscal year, provided these positions are shown in the 1989–90 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in establishment of positions deleted by the Legisture through the 1988–89 budget process.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. A copy of this document shall be submitted to the Department of Finance upon request The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment and expenditures and accrued obligations for salaries and wages chargeable to the allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance This transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary

expenditures for salaries and wages.

No money in any 1987–88 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action(s) unless the Department of Finance certifies to the salary and other compensation-setting authority prior to the adoption of these action(s) that funds are available to pay the increased salary or employee compensation resulting therefrom; ~~but this provision shall not apply to the California State University~~ Prior to certification, the Department of Finance shall determine whether this increase in salary range of employee compensation action will require supplemental funding in the 1988–89 fiscal year If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the joint committee, or his or her designee, determines

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that these expenditures comply with the provisions of this section

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act"

Section 32 50—Local government block grant funds. I am retaining the legislative augmentation of $88,870,000

These funds will be used to provide block grants to local governments Because of the diverse needs of California counties, I believe it is appropriate to provide these funds to the counties to be used at their discretion. This allows each county to fund identified priority needs, such as health care delivery systems, including trauma centers, public safety, county matching requirements; or other essential county services

I am troubled, however, by the language which specifies the formula to be used to appropriate the funds to local governments It is my belief that the formula does not treat all counties equitably, particularly the small and rural counties Therefore, I am willing to work with the Legislature to develop a more straightforward and impartial method to distribute the block grant funds provided in this section.

I am revising Control Section 32.50 as follows

"SEC 32 50. There is hereby appropriated from the General Fund the amount of eighty-eight million eight hundred seventy thousand dollars ($88,870,000) for payment to local jurisdictions - ~~Except as provided pursuant to subdivision (c), these funds shall be distributed as follows~~

(a) ~~Local jurisdictions, other than counties, or cities and counties, that received funds from the programs listed in subdivision (b) in the 1986/87 fiscal year, shall receive an amount of funds equal to 5.97 percent of the amount the local jurisdiction received in the 1986/87 fiscal year~~ The Director of Finance shall certify to the State Controller the amount of discretionary block grant funds to be distributed to each local jurisdiction under this provision

~~(b) The remaining amount shall be distributed to counties and cities and counties as discretionary block grants. The Director of Finance shall certify to the State Controller the amount of discretionary block grant funds to be distributed in lieu of a 5.97 percent cost/of/living adjustment for each of the following programs.~~

~~(1) Alcohol and drug programs.~~

~~(2) Medically indigent services programs.~~

~~(3) Local mental health programs, including special education pupils.~~

~~(4) Aid to Families with Dependent Children/Foster Care programs.~~

0 38 30 0

~~(5) Social services/county services block grant programs.~~
~~(6) Social services/employment programs.~~
~~(7) Social services/adoptions programs.~~
~~(8) Social services/community care licensing programs.~~
~~These funds shall be distributed as follows:~~
~~(A) 66.66 percent shall be allocated in the same proportions as each county's maximum allocation under Section 16702 of the Welfare and Institutions Code in the 1987/88 fiscal year.~~
~~(B) 16.67 percent shall be distributed in the same proportion as 1988/87 program allocations under the cited programs. The Director of Finance shall determine this proportion by dividing (a) the sum of the amounts each county was allocated in the 1986/87 fiscal year for each separate program by (b) the total allocations for all programs.~~
~~(C) 16.67 percent shall be distributed in the same proportion as the population of each county as estimated by the Department of Finance on July 1, 1987.~~
~~(D)~~ The Controller shall subvene these funds on or before January 1, 1988.
~~(c) The Department of Social Services shall establish a procedure which allows counties to verify that they have voluntarily provided a cost/of/living adjustment for foster care from funds provided pursuant to this section and to claim federal foster care cost/of/living adjustment funds available in Item 5180/181/890. The department shall also establish a procedure for auditing claims made by counties pursuant to this subdivision.~~
~~(d)(1)~~ When the Director of Finance determines that an allocation of money pursuant to subdivisions (a) and (b) would result in a jurisdiction having proceeds of taxes in excess of its appropriations limit pursuant to Article XIII B of the Constitution, the Director of Finance shall reduce the amount ~~computed pursuant to subdivisions (a) and (b)~~ accordingly.
~~(2)~~ In the case of a reduction pursuant to this subdivision, and if the electors of the local jurisdiction subsequently raise the 1987–88 fiscal year appropriations limit of the jurisdiction, the department shall certify a supplemental amount to the Controller by May 1, 1988. The Controller shall issue a warrant in that amount to the jurisdiction no later than June 30, 1988. In the case of a reduction pursuant to this subdivision where there is no certification of a supplemental amount to the Controller on or before May 1, 1988, the Controller shall distribute the amount of the reduction to all other counties and cities and counties ~~pursuant to the formula specified in subdivision (b)~~.
~~(e) It is the intent of the Legislature that the funding formula established in this section shall be effective for one year only. It is the intent of the Legislature that, subject to the passage of a concurrent resolution, the Legislative Analyst shall prepare a report that reviews the various formulas which can be used to allocate discretionary COLA's for health, mental health, social services, and alcohol and drug programs. It is the intent of the Legislature that the concurrent resolution shall identify and specify the criteria which the Legislative Analyst shall use in reviewing the formulas.~~"

With the above deletions and reductions, I hereby approve Senate Bill No 152

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 1987."

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978 (AB 3322), and as amended by Chapter 1286, Statutes of 1984 (AB 3372), it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state's fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provisions of this act, the Department of Finance may revise the schedule of any appropriation made in this act where such revision is of a technical nature and is consistent with legislative intent. Such revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. Such revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to (d) above, approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing such transfer shall also

be eliminated.

SEC. 2.00. The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1987–88 fiscal year beginning July 1, 1987, and ending June 30, 1988. Appropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 1987–88, 1988–89 and 1989–90 fiscal years, except that appropriations for studies, planning, working drawings, or minor capital outlay shall, except as provided herein, be available for expenditure only during the 1987–88 fiscal year. In addition, the balance of every appropriation made in this act which contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department of Finance on or before June 30, 1988, shall, except as provided herein, revert as of that date to the fund from which the appropriation was made. All such appropriations, unless otherwise herein provided, shall be paid out of the General Fund in the State Treasury.

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes, to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

Provisions:

1. The appropriation made by this item shall be in lieu of any allocation made pursuant to subdivision (b) of Section 30462 of the Revenue and Taxation Code during the 1987–88 fiscal year and no funds shall be allocated to the State Controller pursuant to Section 30462 during the 1987–88 fiscal year.
2. The funds appropriated in Schedule (c) are for refunding of payments of taxes, licenses, fees and other receipts which have been erroneously collected and deposited in the General Fund for the refund of which no other provision is made by law, for refunding of amounts withheld and deposited in a fund in the State Treasury to any person who is determined to be liable to a taxpayer by reason of withholding and transmitting payments of taxes, interest, and penalties for the refund of which no other provision is made by law, and for payment of prior judgments, liens or encumbrances pursuant to Section 12516 of the Government Code; provided further, that expenditures made under Schedule (c) of this item shall be charged to the year in which the warrant is issued by the State Controller.
3. The appropriation made by this item shall be in lieu of the appropriation in Section 1564 of the Code of Civil Procedure for all costs, expenses, or obligations connected with the administration of the Unclaimed Property Law, with the exception of payment of owners' or holders' claims pursuant to Section 1540, 1542, 1560, or 1561 of that code.
4. To the extent that federal funds are received by the State Controller for audits in categories (a) and (b) covered by the joint cooperative audit agreement between the United States Department of the Interior Mineral Management Services Division and the State Controller's office, pursuant to the terms of the 1982 Mineral Act, exceed $334,000, these excess federal funds shall be utilized to reduce the General Fund participation in this program.

   General Fund moneys which are not needed because of the use of these federal funds shall not be expended by the State Controller.

sons who are dependent upon the family income for more than 50 percent of their support. The term "family income" shall include only the income of the dependent applicant; the parents, either natural or adoptive, of the dependent applicant; and, if married, the spouse of the dependent applicant; and shall mean "adjusted gross income" as that term is defined in Section 17072 of the Revenue and Taxation Code.	
2. Expenditures pursuant to category (c) are for educational assistance to veterans' dependents, Department of Veterans Affairs, to be expended under the provisions of Sections 890 through 899 of the Military and Veterans Code. However, no funds appropriated in this item, except as specified, may be expended to provide financial assistance for the education of dependents of non-California veterans killed or totally disabled as a result of active military service and of non-California servicemen currently missing in action. This restriction shall not apply to dependents receiving such financial assistance in, or prior to, fiscal year 1978–79. "Non-California veteran" means a person not meeting the requirements of Section 980 of the Military and Veterans Code.

Provisions:

1. Within 30 days of the award of a grant of money from funds appropriated in category (e), the department shall submit a proposed contract to the grantee for approval and execution. The grantee shall have 45 days thereafter to approve and execute the proposed contract and return it to the department, which shall have 15 days after receipt from the grantee to execute the contract.
2. The department shall not approve of any application for a grant under category (e) if a representative of the applicant participates or votes on the review, evaluation, or ranking of its own application as part of any review process authorized pursuant to department regulations. In approving grants under category (e), the department shall ensure that any regional FEMA board in which a subcommittee has been used in the 1985–86 and 1986–87 fiscal years to evaluate applications shall continue to use the subcommittee for the purpose of reviewing, ranking, and recommending applications for funding. No member of the subcommittee shall be an officer, employee, or agent of, or in any other way have an interest in, any organization applying for such funds.
3. The initial notice provided by the department of funding for grants in category (e) shall be transmitted not later than 45 days after this act or any other statute providing that funding is chaptered.
4. If the department requires an application for a grant under category (e) to be submitted to an incorporated or unincorporated organization or governmental agency designated by the department to solicit, review, and recommend ranking for applications from a regional area defined by the department, the department shall allow at least six weeks for completion of that review before acting on the application.
5. At least 50 percent of the funds appropriated in category (e) may be expended for grants to cover operating expenses.

Item Amount

6. In approving grants under category (e), the department shall ensure a fair geographical distribution of funds to needy areas and consider, in making its decision, the prior award of grants under this program.

Item Amount

Provisions:

1. For Program 20—Highway Transportation. Notwithstanding other provisions of law, up to 10 percent of any of the amounts scheduled within Item 2660-001-042, may be transferred to Item 2660-101-042 or Item 2660-301-042 only under emergency situations, for implementation of cost savings programs, or to maximize the use of federal funds. These transfers shall require the prior approval of the California Transportation Commission and the Department of Finance.
2. For Program 20—Highway Transportation. Funds appropriated by this item shall be available for support of those projects which have been included in a State Transportation Improvement Plan adopted by the California Transportation Commission.
3. For Program 20—Highway Transportation. The department shall notify the chairperson of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee at least 20 days prior to spending funds to expand activities above budgeted levels or to implement a new activity not identified in the Budget, including any such expenditures to be funded through a transfer of money from other expenditure categories or programs, except in the case of emergency snow or storm damage work increases.
4. The Department of Transportation shall obtain air samples of all spaces scheduled to undergo asbestos removal. In the contract provisions for asbestos removal, contractors shall be required to show that, upon completion of the project, the airborne asbestos level shall be at or below either the limits allowed by the governing regulatory agency or the level identified from the air sample taken prior to initiating the project, whichever is less.
5. The department shall submit quarterly reports to the Chair of the Joint Legislative Budget Committee and the chairs of the fiscal committees of the Legislature showing the number of contracts executed, the type of work contained in these contracts, and a plan for the next quarter, beginning September 1, 1987, and continuing quarterly thereafter.

Item Amount

6. Of the amount in this item, $8,030,000 shall be expended only for the purpose of contracting for preliminary project development and for environmental studies for state highway projects funded by local tax measures. The department shall submit to the Joint Legislative Budget Committee and the fiscal committees by March 1, 1988, a report on (1) the department's progress on contracting for project development services for state highway projects funded by local tax initiatives, including the number and dollar amount of contracts executed and the total amount estimated to be encumbered in 1987–88, by county, and (2) the number of department personnel-years expended to date on project development work for each local measure and the estimated total personnel-years to be expended for 1987–88.
7. Of the amount appropriated by this item, 5 personnel years and $212,000 are to be used for the development, but not the implementation, of a cash flow management system.
8. The department shall enter into a long-term minimum-cost lease with the City of Los Angeles for approximately 2.5 acres at the termination of Route 2 at the northeast corner of Duane and Waterloo Streets in the City of Los Angeles for use as a ballpark.

   The terms of the lease agreement shall include:

   (a) A ten year nonrevocable lease;
   (b) The City of Los Angeles shall pay an estimated $100 a year for the term of the lease;
   (c) The department shall prepare a plan for future uses of the freeway ramp system adjacent to the proposed park;
   (d) If it is determined that the park land will be needed for future reconstruction of freeway access ramps or for other highway purposes, the department shall have the right not to renew the lease after the initial ten-year period.
   (e) If the department determines there to be no highway needs for the parkland at the end of ten years, it shall enter into a long-term lease with, or sell the land to, the City of Los Angeles for park purposes.

Item Amount

(f) The park site shall be cleared of the mounds of asphalt, concrete, dirt, and roadway materials, and graded so as to be useable as a ball field before the land is leased to the City.

(g) A six-foot chain link fence shall be constructed between the property and the Route 2 highway before the land is leased to the City.

9. Caltrans shall cause to be produced a feasibility study for a rest area in the County of Imperial under the currently authorized joint economic development study program.

(h) Amount payable from the Renewable Resources Investment Fund (Item 3600-001-940) ..... −730,000

Provisions:

1. Notwithstanding Sections 711 and 712 of the Fish and Game Code, funds appropriated by this item shall be utilized for support of the Sea Otter Research Project because a benefit of this study will be information applicable to the protection of the abalone and clam fisheries.
2. Notwithstanding Provision 1 of Item 3600-011-001 of the Budget Act of 1985, the department shall repay by June 30, 1991, the $2,000,000 loan from the General Fund to the Fish and Game Preservation Fund provided in the Budget Act of 1985. The loan shall be repaid in 48 monthly installments, with interest calculated at the rate received by funds in the Pooled Money Investment Account.
3. The department shall contract with an independent third party to evaluate the cost effectiveness of the state-operated fish hatchery system compared to contracting out for fishery services. Of the amount appropriated in this item for fish food, no more than $100,000 may be used for the hatchery evaluation study. The study shall include an analysis of the costs for propagating the same fish at different state hatcheries. The study shall include an evaluation of whether it is more cost-effective to pay cash for overtime worked, provide compensatory time off for overtime, or hire additional personnel rather than requiring overtime. The study shall make recommendations for budgeting fish food, eliminating inefficient state hatchery practices, and establishing guidelines for procuring fish from private hatcheries. The department shall submit the results of the hatchery evaluation study to the Legislature by April 1, 1988.

   The department shall release the requests-for-proposal for the hatchery evaluation study no sooner than 30 days after submitting the requests-for-proposal to the chairpersons of the committees of each house which consider appropriations and the Chairperson of the Joint Legislative Budget Committee for review. The Department shall not award the hatchery

	4. None of the $2,282,000 appropriated in this item to purchase fish food shall be spent for any purpose other than (1) purchasing fish food, (2) purchasing replacement fish from private hatcheries in the event of catastrophic fish losses at state hatcheries, or (3) contracting for a study on the cost-effectiveness of the department's fish hatcheries.	
	5. The amount appropriated in this item may be increased with the approval of, and under the conditions set by, the Department of Finance to meet current obligations proposed to be funded by categories (c) and (g) of this item. The amount shall not be increased until the Department of Fish and Game has a valid contract, signed by the client agency, which provides sufficient funds to finance the increased authorization. This increased authorization may not be used to expand services or create new obligations.	
	Reimbursements received under categories (c) and (g) of this item shall be used in repayment of any funds utilized to meet current obligations pursuant to this provision.	
	6. Of the amount appropriated in this item, $250,000 is available for the state's share of the Klamath River agreement or the Trinity River agreement.	
	7. Of the funds appropriated in this item, $401,000 is from fees assessed on wildlife areas and may only be used for the operation of wildlife areas.	
	8. Of the amount appropriated in this item, $50,000 shall be for a grant to the Central Coast Salmon Enhancement project.

the legislative fiscal committees and the Joint Legislative Budget Committee by November 1, 1987, on the financing plan for mitigation and enhancement or their progress to date in preparing the plan. The plan shall recommend the appropriate federal, state, and local share of all past and future costs and an implementation schedule for the plan.

The Department of Fish and Game shall review the financing plan or progress report and report to the Legislature by December 1, 1987, on the adequacy of the plan or report.

(b) Any assurance agreement signed by the Reclamation Board and the United States Army Corps of Engineers for snagging and clearing work on the San Joaquin River shall include a plan for financing all of the required mitigation, including the objectives of net long-term enhancement, as provided in Chapter 1530, Statutes of 1984. This financing plan shall establish whether federal, state, and/or local funds and resources shall be used to pay for each cost associated with providing the required mitigation, as set forth above, the amount that each source will be responsible for providing, and a schedule establishing when these funds and resources are to be made available.

The assurance agreement shall also provide that the required mitigation work, where possible, shall proceed concurrently with the project implementation. The Director of the Department of Water Resources shall certify the adequacy of this financing plan. The certified financing plan shall be transmitted to the Legislature at least 30 days prior to any assurance agreement being signed.

The Department of Fish and Game shall monitor and report annually to the Legislature on the implementation and effectiveness of the mitigation plan.

(e) Amount payable from the Federal Trust Fund (Item 4200-101-890)	−51,015,000

Provisions:

1. Provision 1 of Item 4200-001-001 is also applicable to this item.

Item Amount

2. The Director of the Department of Finance may authorize the transfer of the local assistance state general fund appropriation between the alcohol program and the drug program for the purpose of meeting the intent of Sections 11814(b) and 11983.5(b) of the Health and Safety Code.
3. The Department of Alcohol and Drug Programs shall require counties to provide a local match for their S/CPPP funds from the schools or school districts participating in the program.
5. In allocating funds to counties for local alcohol and drug programs, the Director of the Department of Alcohol and Drug Programs shall ensure that counties are funding an adequate prevention effort. An adequate prevention effort is one which: (1) helps young people to develop the positive values, knowledge, and skills to lead productive, drug-free lives; (2) presents accurate information on the root causes of substance abuse; (3) explores ways in which the use of alcohol and drugs by young people coincide with low self-image and self-esteem; (4) explores ways in which substance abuse can result in other adverse behavior which has long-term consequences for individuals' families and society as a whole, such as low academic performance, truancy and dropping out of school, teenage pregnancy, and delinquency; and (5) includes familial relationships and family dynamics within prevention strategies, as appropriate.

4200-101-890—For local assistance, Department of Alcohol and Drug Programs, for transfer to Item 4200-101-001, payable from the Federal Trust Fund 51,015,000

Provisions:

1. Provision 1 of Item 4200-001-890 is also applicable to this item.
2. The Director of the Department of Finance may authorize the transfer of the Local Assistance Federal Block Grant Fund appropriation between the alcohol program and the drug program for the purpose of meeting the intent of Sections 11814(b) and 11983.5(b) of the Health and Safety Code.

Item Amount

4. It is the intent of the Legislature that, in allocating the $4.5 million in Federal Anti-Drug Abuse Act Education and Prevention funds that are transferred from the State Department of Education to the Department of Alcohol and Drug Programs, the Department of Alcohol and Drug Programs shall give first priority to developing programs related to Fetal Alcohol Syndrome.
5. The Department of Alcohol and Drug Programs shall allocate $150,000 for a pilot project to assess the effectiveness of using acupuncture as an alternative to methadone in the treatment of drug addiction. The project shall evaluate the effectiveness of acupuncture by:
   (a) Comparing the costs of treatment of acupuncture and methadone on a per patient basis.
   (b) Determining the validity and efficiency of acupuncture as a treatment modality for drug abuse.
   (c) Developing treatment standards to ensure consistent treatment practices.

   The department shall report to the Legislature on or before January 1, 1989, on the effect of the program.
6. The Departments of Health Services and Alcohol and Drug Programs shall submit to the Legislature, on or before July 15, 1987, a memorandum of understanding which details each department's responsibility in addressing the AIDS epidemic in substance abusers.

   The Departments of Health Services and Alcohol and Drug Programs shall submit to the Legislature, on or before August 1, 1987, an assessment of services needed to deal with the AIDS epidemic in substance abusers.

   As a condition of using any funds received from the federal Anti-Drug Abuse Act, rollover funds from prior year federal allocations, or new Alcohol, Drug Abuse and Mental Health block grant funds, a county shall ensure that clients of county alcohol and substance abuse programs receive information on HTLV-III infection.

Item Amount

7. The Department of Alcohol and Drug Programs shall allocate $5,000,000 of the funds provided under the federal Anti-Drug Abuse Act to counties to increase treatment programs related to IV drug use. The department shall allocate 80 percent of the funds to the 20 counties with the highest AIDS caseloads based on reported IV drug abuse cases. The director shall allocate the remaining 20 percent to counties based on their needs for addressing the AIDS epidemic.
8. The Department of Alcohol and Drug Programs shall allocate $175,000 of the funds provided under the federal Anti-Drug Act to contract for a computer-based information and referral project in one county.
9. In allocating funds to the counties for local alcohol and drug programs, the director of the Department of Alcohol and Drug Programs shall ensure that counties are funding an adequate prevention effort. An adequate prevention effort is one which: (1) helps young people to develop the positive values, knowledge, and skills to lead productive, drug-free lives; (2) presents accurate information on the root causes of substance abuse; (3) explores ways in which the use of alcohol and drugs by young people coincides with low self-image and self-esteem; (4) explores ways in which substance abuse can result in other adverse behavior which has long-term consequences for individuals' families and society as a whole, such as low academic performance, truancy, and dropping out of school, teenage pregnancy, and delinquency; and (5) includes familial relationships and family dynamics within prevention strategies, as appropriate.
10. In conducting its evaluation of programs funded with federal Anti-Drug Abuse Act funds, the department shall include in its evaluation criteria an assessment of whether counties have used the funds to support an adequate prevention effort. The adequacy of the prevention effort shall be assessed using the criteria detailed above.

(s) Amount payable from the AIDS Vaccine Research and Development Grant Fund (Chapter 1462, Statutes of 1986) ..... —3,000,000

Provisions:

1. Funds for state services, administration, research and training projects as identified as Special Projects of the 1987–88 Governor's Budget, are hereby approved for expenditure. The Department of Health Services shall process a budget revision for each project through the Department of Finance prior to any expenditure of funds and shall provide notification pursuant to Section 28 for any amounts in excess of those identified and for projects not identified.
2. Except as otherwise prohibited by law, the department shall promulgate emergency regulations to adjust the public health fees set by regulation to an amount, such that if the new fees were effective throughout the 1987–88 fiscal year, the estimated revenues would be sufficient to offset at least 95% of the approved program level intended to be supported by such fees This provision shall not apply to the fees for shellfish certificates. For radioactive materials licenses, the approved program level shall be calculated based on the total approved program level less the portion of the total approved program level attributable to fee-exempt facilities.
4. The Director of Finance, pursuant to a request by the State Director of Health Services, may augment the amount available for expenditure in Item 4260-001-001 and establish positions in the Audits and Investigations Division and Medi-Cal Eligibility Quality Control Branch related to the Income and Eligibility Verification System. Funds may be transferred from Item 4260-101-001 to the extent that the State Director of Health Services can demonstrate to the Director of Finance that the positions established will result in savings in Item 4260-101-001 which exceed the amount transferred. Any transfer may be authorized pursuant to this provision not sooner than 30 days after notification in writing is provided to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint

Item Amount

Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

5. The Department of Social Services (DSS) and Department of Health Services (DHS) in conjunction with the County Welfare Directors' Association (CWDA) shall develop a timetable for conducting county work measurement studies of the intake and continuing eligibility work activities in the Aid to Families with Dependent Children (AFDC), Nonassistance Food Stamps, and Medi-Cal programs. The intent of the Legislature is that work measurement studies be conducted in time for consideration of the results during the deliberations for the budget for fiscal year 1989–90. The timetable shall set out the steps necessary to do the following:
   (1) Group the 40 largest counties into no more than three groups. Counties may be grouped before or after work measurement studies are conducted and a survey may be used to collect data for grouping counties as the departments and CWDA determine necessary;
   (2) Identify representative counties for work measurement;
   (3) Develop the methodology for work measurement including the projected cost of conducting the studies;
   (4) Complete work measurement studies.

   The DSS and DHS in conjunction with CWDA shall report to the Joint Legislative Budget of Committee on the timetable developed by February 1, 1988.

   By March 1, 1989, the DSS and DHS shall submit a joint report to the Legislature regarding the findings of work measurement studies on a county-specific basis. The report shall include the following:
   (1) An analysis of the fiscal impact on the federal, state, and county governments should the budget process for eligibility worker caseloads be based upon the findings of the work measurement studies;
   (2) A description of the methodology that

Item Amount

would be used to set county targets utilizing the results of the studies;

(3) An estimate of the cost of fully implementing the findings of the studies taking into account: salary expenditures (direct salary, fringe benefits, and overhead); actual total caseload size or projections; eligibility supervisors; and appropriate isolated supportive eligibility functions.

(4) Other options for implementing the study findings and the fiscal impacts related to each option.

(5) The alternatives that could be used to address the unique special circumstances which may exist in some counties that would be adversely affected by the transferability of the work measurement data.

It is the intent of the Legislature that county welfare departments which have unique circumstances which would adversely affect the transferability of work measurement data shall have those unique circumstances considered and alternatives shall be developed by the departments to address those unique circumstances.

The DSS and DHS shall consult with the County Welfare Directors Association (CWDA) and the Service Employees International Union (SEIU) on the design, findings, and implementation recommendations of the study. It is the intent of the Legislature that, for fiscal year 1988–89, the DSS shall utilize the lowest two of the most recent three years for which there is data to set the targets for the AFDC and Food Stamp programs. The department shall implement no more than 25% of the target change based upon the new methodology in fiscal year 1988–89 from the level budgeted in fiscal year 1987–88. The targets for the Medi-Cal program shall not be changed in the 1988–89 fiscal year from the level budgeted in the 1987–88 fiscal year.

Of the amounts appropriated under Item 4260-001-001 for support of the DHS, $100,000 shall be appropriated for department costs associated with the work measurement study of eligibility casework activities in the Medi-Cal program.

Item Amount

The DSS and the DHS shall make those administrative changes necessary to permit fund transfers effective January 1, 1988, between the local assistance budget items for county eligibility work activities (Item 5180-141-001 and Item 4260-101-001) in the 18 counties in California with the smallest caseloads.

(7) Effective July 1, 1987, the annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, general acute care rehabilitation hospital, psychiatric health facility, and chemical dependency recovery hospital shall be $16.99 per bed. Effective July 1, 1987, the annual fee for a skilled nursing facility, intermediate care facility, or intermediate care facility for the developmentally disabled is $79.01 per bed.

Department of Health Services fees subject to the annual fee adjustment pursuant to subdivision (a) of Section 115 of the Health and Safety Code, added by Chapter 327 of the Statutes of 1982, shall be increased by 31.9 percent effective January 1, 1988.

Departmental fees subject to the annual fee adjustment pursuant to subdivision (a) of Section 116 of the Health and Safety Code, as added by Chapter 327 of the Statutes of 1982, shall be increased by 5.9 percent effective January 1, 1988.

Departmental fees subject to the annual fee increase provisions of subdivision (a) of Section 113 and subdivision (a) of Section 114 of the Health and Safety Code shall be increased 4.3 percent plus 0.56 percent for each 1 percent increase in employee compensation granted in the 1987 Budget Act.

The Director of Finance shall propose language to implement fee adjustments in the 1988 Budget Bill.

8. The Department of Health Services shall ensure that a staff member from an appropriate civil service classification is assigned to oversee all budget and fiscal matters relating to the initiation, implementation, and ongoing management of the statewide cancer registry program. The duties of this staff shall include, but not be limited to, (a) reviewing budget documents

9. Of the amount appropriated in this item, $232,000 shall be available for a study of adverse reproductive effects of chemicals only if AB 2433 of the 1987–88 Regular Session of the Legislature is enacted.

The Department of Health Services shall direct the Hazards Evaluation System and Information Service (HESIS) to assess 100 chemicals, according to criteria of volume and/or concentration, identified in California's hazardous waste stream in accordance to data collected by the department's Toxics Reduction Analysis Project. HESIS shall evaluate 100 waste stream chemicals identified by the Department of Health Services' Toxics Reduction Analysis Project to accomplish each of the following tasks no later than December 31, 1989: (a) to list those tests which are necessary to assess reproductive effects; (b) to identify what tests and information are available from all literature sources; (c) to determine whether each chemical contains valid, complete, and adequate studies to assess reproductive effects; and (d) to determine whether available studies indicate adverse reproductive effects.

10. The Department of Health Services shall establish fees for the Neural Tube Defects program and the Newborn Screening program that are sufficient to cover the variable costs that may reasonably be attributed to providing services to each participant.
11. Notwithstanding any other provision of law, of the amount appropriated in this item, $552,000 shall be available to (a) supplant any federal funds budgeted in Item 8350-001-890 for support of Cal-OSHA activities in the Department of Health Services performed pursuant to the interagency agreements executed in satisfac-

(h) Amount payable from Special Account for Capital Outlay (Item 4260-011-036)	−1,500,000	

Provisions:

1. The Department of Health Services shall seek reimbursement to projected expenses associated with monitoring hazardous waste mitigation projects operated under an agreement with responsible parties prior to initiation of such activities.
2. Notwithstanding subdivision (a) of Section 25353 of the Health and Safety Code, funds from the Hazardous Substance Account appropriated by this Act may be used by the Department to provide for state oversight of the abatement of hazardous waste sites located on property owned and operated by the federal government including federal military installations.

Item Amount

3. If a responsible party, or parties, pay(s) the department in advance for the state's costs incurred in montoring responsible-party cleanups, funds budgeted in the Hazardous Substance Account shall not be spent unless the Legislature is provided 30 days' advance notice.
4. The limitations of Item 9840-001-494 shall not apply to any deficiency expenditure authorization for the Department of Health Services payable from the Hazardous Waste Control Account, General Fund.
6. Upon the request of the department and the approval of the Director of the Department of Finance, the Controller shall transfer between Item 4260-001-014 and Item 4260-011-014 those funds necessary to ensure that sufficient funds are available for the programs approved by this act.
7. Of the funds appropriated in category (e) from the Hazardous Waste Management Planning Account, $220,000 shall not be available to the State Department of Health Services until after 30 days' notice, to the chairperson of the committee which considers appropriations in each house and the Chairperson of the Joint Legislative Budget Committee, of the department's intention to encumber the funds.
8. Two of the seven positions which the State Department of Health Services has proposed for site mitigation and one of the 7.3 positions proposed for community relations shall be provided to the Fresno office.
9. The department shall, on or before January 15, 1988, review the fee rates established pursuant to Sections 25174, 25714.6, and 25205.5 of the Health and Safety Code to determine if adjustments shall be necessary to the rates to ensure funding at the level appropriated in the Budget Act of 1987 and in subsequent legislation. The department shall pursue any necessary adjustment of fees through the process set forth in Section 25174.9 of the Health and Safety Code.

4260-011-036—For support of Department of Health Services (Toxic Substances Control Division), payable from the Special Account for Capital Outlay 1,500,000

Provisions:	
1. The limitations of Item 9840-001-494 shall not apply to any deficiency expenditure authorization for the Department of Health Services payable from the Hazardous Substance Account.	
2. Upon the request of the department and the approval of the Director of the Department of Finance, the Controller shall transfer between Item 4260-001-455 and Item 4260-011-455 those funds necessary to ensure that sufficient funds are available for the programs approved by this act.	
3. Notwithstanding Section 25351.1 of the Health and Safety Code, $5,000,000 shall not be transferred from the Hazardous Substance Account to the Hazardous Substance Clearing Account, because the funds are not needed to pay debt service costs in the 1987–88 fiscal year.	
4260-011-710—For support of Department of Health Services (Toxics Substances Control Division), for transfer to Item 4260-011-014, payable from the Hazardous Substance Cleanup Fund	12,848,000
Provisions:	
1. Upon the request of the department and the approval of the Director of the Department of Finance, the Controller shall transfer between Item 4260-001-710 and Item 4260-011-710 those funds necessary to ensure that sufficient funds are available for the programs approved by this act.	
4260-011-890—For support of Department of Health Services (Toxics Substances Control Division), for transfer to Item 4260-011-014, payable from the Federal Trust Fund	4,252,000

Item Amount

Provisions:

1. Upon the request of the department and the approval of the Director of the Department of Finance, the Controller shall transfer between Item 4260-001-890 and Item 4260-011-890 those funds necessary to ensure that sufficient funds are available for the programs approved by this act.

4260-012-710—For support of Department of Health Services (Toxic Substances Control Division), for transfer to Item 4260-011-014, payable from the Hazardous Substance Cleanup Fund 7,500,000

Provisions:

1. Of the funds appropriated by this item, $7,500,000 shall be available only for support of (1) local oversight activities related to responsible-party cleanup activities at leaking underground tank sites and (2) state activities related to administering the local oversight program and for overseeing responsible-party cleanups of leaking underground tanks where local oversight efforts are insufficient.
2. To the extent that funds are not needed to support state and local oversight activities related to responsible-party cleanups of underground tank sites, these funds shall revert to schedule (c) of Section 7 of Chapter 1439 of the Statutes of 1985. These funds may subsequently be transferred to schedule (a) or (b) pursuant to provision (4) as set forth in schedule (c) of Section 7 of Chapter 1439 of the Statutes of 1985.

4260-013-014—For transfer to the General Fund, for repayment of one-half of the loan made from Item 4260-011-001, plus accrued interest, payable from the Hazardous Waste Control Account, General Fund 5,800,000

Provisions:

1. On or before June 30, 1988, the Controller shall transfer $5,000,000, plus interest accrued at the Pooled Money Investment Account rate, in an amount not to exceed $5,800,000, from the Hazardous Waste Control Account to the General Fund for repayment of the loan provided for in Item 4260-011-001. Any unpaid interest resulting from an underestimate of the actual Pooled Money Investment Account rate charged to this loan shall be included in the second year's

(b) Reimbursements	−19,420,000	
(c) Amount payable from the Federal Trust Fund (Item 4260-101-890)	−2,812,254,000	
Provisions:		
1. After June 30, 1988, a transfer to the Health Care Deposit Fund from this item shall be permitted to meet the total General Fund obligation incurred pursuant to this item.		
2. Notwithstanding any other provision of law, both the federal and nonfederal shares of any money recovered for previously paid health care services, provided pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, are hereby appropriated and shall be expended as soon as practicable for medical care and services as defined in the Welfare and Institutions Code.		

Item Amount

3. Notwithstanding any other provision of law, accounts receivable, for recoveries as described in Provision 2 above, shall have no effect upon the positive balance of the General Fund or the Health Care Deposit Fund. Notwithstanding any other provision of law, money recovered as described in this item required to be transferred from the Health Care Deposit Fund to the General Fund shall be credited by the State Controller to the General Fund without regard to the appropriation from which it was drawn.
4. Without regard to fiscal year, the General Fund shall make a loan available not to exceed a cumulative total of $45 million to be transferred as needed to the Health Care Deposit Fund to meet cash needs. Such loans are subject to repayment provisions of Section 16351 of the Government Code. Any additional loan requirement in excess of $45 million shall be processed in the manner prescribed by Section 16351 of the Government Code.
5. Notwithstanding any other provision of law, the Director of Health Services may give public notice relative to proposing or amending any rule or regulation which could result in increased costs in the Medi-Cal program only after approval by the Department of Finance as to the availability of funds; and any rule or regulation adopted by the Director of Health Services and any communication which revises the Medi-Cal program shall only be effective from and after the date upon which it is approved as to availability of funds by the Department of Finance.
7. The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.
9. Of the funds appropriated by this item, up to $25,000 may be allocated for attorney fees pursuant to Section 10962 of the Welfare and Institutions Code without prior notification to the Legislature. Individual settlements authorized under this language are limited to no more than $5,000. The semiannual estimates of Medi-

Cal expenditures due to the Legislature in January and May shall reflect attorney fees paid fifteen (15) or more days prior to the transmittal of the estimate.

14. The State Department of Finance, pursuant to a request by the State Department of Health Services, may augment the amount available for expenditure in Item 4260-001-001 for support of the San Mateo County field office by transfer from Item 4260-101-001 pending the implementation of the San Mateo County Organized Health System. Any transfer may be authorized pursuant to this section not sooner than 30 days after notification in writing is provided to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each case determine.
15. When a date for public hearing has been established for a change in any program, rule, or regulation, or the Department of Finance has approved any communication revising any department program, the two fiscal committees and the Joint Legislative Budget Committee shall be notified if the annual General Fund cost of the proposed change is $1 million or more.
16. (a) Long-term care facilities with labor costs below medians established for each reimbursement category by the State Department of Health Services shall pass through to nonadministrative employees a portion of the payment rate increase attributable to the salaries, wages, and benefits component of the Medi-Cal cost-of-living adjustment for skilled nursing facilities, intermediate care facilities, intermediate care facilities/developmentally disabled, and intermediate care facilities/developmentally disabled-habilitative, as defined in Section 1250 of the Health and Safety Code. It is the intent of this section to provide increases to nonadministrative employees, exclusive of administrators or

Item Amount

administrators-in-training.

(b) The department shall adopt regulations setting forth a median nonadministrative labor cost base per patient day calculated on the basis of actual facility labor costs within each reimbursement category. The median established for each category shall reflect all data reported by facilities, provided that the data base includes a statistically valid number of facility certifications which capture facility spending pursuant to Chapters 10 and 11 and 111 of the Statutes of 1985 for the period of August 1, 1986, through July 31, 1987. Both freestanding and hospital-based facilities shall file certifications for this period with the department before September 15, 1987, and the department shall use these certifications to publish medians by reimbursement category before November 1, 1987.

(c) Each long-term health care facility shall compare its actual nonadministrative labor costs per patient day, including nurse registry and contract labor expenses in an amount consistent with wages paid employees performing similar duties, during the August 1, 1986, through July 31, 1987, base period to the median labor cost base established for its category. Facilities with actual labor costs below the median shall increase labor costs by an amount sufficient to reach the median, or a specific percentage of the rate increase attributable to labor costs as follows:

(1) Facilities with labor costs in the 26th through 49th labor cost percentiles must increase these costs by 75 percent of the rate increase attributable labor.

(2) Facilities with labor costs in the first through 25th labor cost percentiles must increase these costs by 87.5 percent of the increase attributable to labor.

Facilities with labor costs equal to or greater than the median labor cost base established for their category

Item		Amount

shall not be subject to this requirement.

(d) The Cost-of-Living Adjustment (COLA) median labor cost base process established in this section represents a consolidated requirement which encompasses facility spending requirements associated with the wage pass-through provisions of Chapters 10 and 11 of the Statutes of 1985 and Chapter 19 of the Statutes of 1978. With the exception of the specific wage levels required under Section 1439.7 of the Health and Safety Code, this process shall be used exclusively by the department to monitor facility compliance with all previous pass-through requirements in lieu of existing monitoring mechanisms after the effective date of this act.

(e) Long-term care facilities shall document, in a certification submitted to the department by September 15, 1987, their Cost-of-Living Adjustment (COLA) pass-through obligation and compliance with the requirements of this section. The department shall audit these certifications to ensure that facilities subject to these requirements increase labor cost per patient day by the appropriate amount during the period of August 1, 1987, through July 31, 1988. In assessing facility compliance, the department shall compare facility labor costs per patient day during this period to those reported for the base period described in subdivision (c) above. The department shall also consider documented operational efficiencies which impact overall labor costs in this comparison.

(f) Effective with facility certifications filed for the July 1, 1985, through July 31, 1986, period, facilities shall be allowed to carryover any excess or shortage within 25 percent of their pass-through obligation from one certification period to another, provided that this carryover is spent in addition to any new labor cost increase required during the second certification period. Shortages in excess of 25 percent in

Item		Amount
	the first facility fiscal period, or any shortages which remain at the end of the second fiscal period, shall be distributed by the facility with a 10 percent penalty through a one-time payment to all employees within 60 days of the end of the certification period or the date of final post-appeal audit findings. Facilities which do not meet their pass-through obligation, except as specified above, shall be subject to recovery of that portion of the Medi-Cal Cost-of-Living Adjustment (COLA) pertinent to the compliance period not distributed to employees and other actions pursuant to Section 14017.4 of the Welfare and Institutions Code. Money recovered pursuant to this section shall revert to the General Fund.	
	(g) The department shall provide a waiver to the Cost-of-Living Adjustment (COLA) pass-through requirements when it determines that a facility will be unable to provide adequate care for patients or maintain financial stability without diverting these funds from labor to other costs. Waiver requests shall be submitted by December 1, 1987, and decisions rendered by February 1, 1988. Life threatening/emergency situations will be processed by the department on an individual case/situation basis. Waivers shall only be granted on a prospective basis; retroactive adjustments shall be handled through the existing audit/appeal process.	
	(h) The department shall develop the specific methodology and procedures necessary to implement this act with consultation from labor, providers, and legislative committee representatives. Prior to implementation of these provisions, the Department of Health Services shall advise the fiscal committee of each house of the Legislature. Facilities shall be provided with complete instructions and monitoring guidelines prior to implementation of these procedures.	
	(i) The department shall report with input from the parties identified in (a) above to	

Item Amount

the Legislature by May 1, 1989, on the effectiveness of this section in ensuring the required pass-through of wages, including a report on the number of facilities and the dollar amounts involved in compliance audits resulting in the imposition of penalties required by this section. In conjunction with this report, the department shall also implement a plan for integration of these procedures with the standard Medi-Cal and disclosure report process by December 1, 1989.

17. The State Department of Health Services shall seek from the federal Department of Health and Human Services a waiver from existing Medicaid regulations for the purpose of obtaining federal financial participation in funding home and community-based services to Medi-Cal eligible individuals with AIDS or with AIDS-related conditions who would have to receive inpatient or nursing home care but for the provision of home and community-based services. Home and community-based services that shall be included in the waiver application include, but are not limited to, case management, home health attendant aid, homemaker, adult day care, and respite care. Room and board shall be specifically excluded from the waiver application. The department shall submit the waiver request no later than September 1, 1987.
18. The State Department of Health Services shall increase by $150 the rate for prenatal care provided by comprehensive perinatal care providers if the providers have initiated care for the pregnant woman during the first trimester of pregnancy and have provided at least nine prenatal visits.
19. Where regulations involve changes to the Medi-Cal Drug Formulary which could result in increased costs to the Medi-Cal program, it shall not be necessary for the Director of the State Department of Health Services to secure approval by the Department of Finance prior to the director's giving of public notice relative to the proposed or amended regulations. However, after the public hearing, the director

Item Amount

shall submit those regulations which propose the addition of drugs to, or the deletion of drugs from, the Medi-Cal Drug Formulary to the Department of Finance for final approval prior to the submission of those regulations to the Office of Administrative Law for review and filing with the Secretary of State.

20. The State Department of Health Services shall add Motrin 800-milligram to the Medi-Cal Drug Formulary, and immediately promulgate emergency regulations for this purpose.
21. The State Department of Health Services shall add pentoxifylline to the Medi-Cal Drug Formulary, to be used for treatment of intermittent claudication. The department shall immediately promulgate emergency regulations for this purpose.
22. The Director of the State Department of Health Services shall not impose rate reductions pursuant to Section 14120 of the Welfare and Institutions Code on Medi-Cal services that do not exceed their allocations in the period in which the proposed rate reduction determination is made.
23. None of the funds appropriated by this item shall be used for induced abortions. The exclusive means for paying for induced abortions shall be through the appropriation made in Item 4260-105-001.
24. Notwithstanding any other provision of law, the Department of Health Services shall not assess fiscal sanctions against any county during 1987–88 and thereafter based solely upon a state-established error rate standard. The department shall pass on to counties any federal sanction imposed upon the state based on the following program:
    (a) The department shall institute an eligibility determination of a sample of persons in each county granted Medi-Cal eligibility under Section 14005.4, 14005.7, or 14005.8 or Article 4.4 (commencing with Section 14140) of the Welfare and Institutions Code.
    (b) A review period shall be defined as one year and shall coincide with the federal fiscal year. The department shall draw a

Item Amount

random sample of cases for each period. The random sample shall be drawn to ensure a minimum number of cases reviewed in each county in each review period according to the following:

(1) All cases shall be sampled in any county with less than 50 Medi-Cal cases.
(2) 50 cases in any county with 0.01% to 0.50% of the Medi-Cal cases.
(3) 75 cases in any county with 0.51% to 1.00% of the Medi-Cal cases.
(4) 100 cases in any county with 1.01% to 3.00% of the Medi-Cal cases.
(5) 125 cases in any county with 3.01% to 10.00% of the Medi-Cal cases.
(6) 650 cases in any county with more than 10.00% of the Medi-Cal cases.

(c) When family members maintain separate residences, but eligibility is determined as a single unit because of the provisions of Section 14008 of the Welfare and Institutions Code, the county to which the parent or parents reside shall determine the eligibility for the entire unit.

(d) In administering the provisions of law and regulations related to eligibility determination, the director shall impose such fiscal penalties as provided by this section to assure adequate county administrative performance.

(e) The director shall hold counties financially liable for payments made on behalf of ineligible persons or persons with an incorrect share of costs.

When a sampled case is found to include an ineligible person or a person with an incorrect share of cost, written notification will be sent to the county department which describes the error and requests a written response within two weeks. The county must indicate whether it agrees or disagrees with the findings. If the county disagrees, the department shall reevaluate the error findings, taking into consideration any additional facts contained in the county's response. The county shall again be notified of the department's findings. If

Item Amount

the county continues to disagree with the error findings, the county may appeal to the Chief, Audits and Investigations Division, requesting that the department review the case and render a final decision. The director may reduce or waive the fiscal liability of a county if the department is unable to meet the minimum sample requirements as earlier defined or if an individual county experienced a natural disaster, job actions, or other occurrences which impacted the findings in an individual county as determined by the director.

(f) The department shall utilize the methodology detailed in this subdivision to establish counties' fiscal penalties. The department shall determine each county's case error rate for each review period by dividing the number of cases reviewed in that county found in error by the number of cases reviewed in that county. State-caused errors shall not be included in this calculation. Case error rates shall be arrayed, from highest to lowest. From this array, the department shall determine the percentage of counties liable as follows:

(1) The 60% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 0.01% to 1.00%.

(2) The 70% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 1.01% to 2.00%.

(3) The 80% of the counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 2.01% to 3.00%.

(4) The 90% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 3.01% to 4.00%.

(5) All counties shall be liable if the state's dollar error rate exceeds the federal standard by 4.01% or more.

As used herein the state's dollar error rate means the Medicaid dollar er-

Item		Amount

ror rate reported to the department by the Department of Health and Human Services less any portion of this error rate attributable to state caused errors. The term federal standard means the Medicaid dollar error rate standard to which the accountable.

For each county determined liable, the department shall calculate a penalty multiple which shall be the product of a liable county's case error rate multiplied by the liable county's percentage of statewide Medi-Cal cases. Each county's fiscal penalty shall be the product of a county's penalty multiple divided by the sum of all penalty multiples, multiplied times the penalty bank. The penalty bank includes all federal fiscal sanctions, federal withholds, federal disallowances, and any associated General Fund expenditures, minus the value of any state caused errors.

If after the department has assessed fiscal penalties to counties the federal government reduces or eliminates any federal fiscal sanction, federal withhold, or federal disallowances, the department shall reduce or eliminate the corresponding fiscal penalty assessment including any associated General Fund expenditures to liable counties.

(g) When a county welfare department contravenes state eligibility processing regulations and written instructions in a way that produces increased program benefits or administrative expenses but does not result in an increase in the federal eligibility dollar error rate, the director shall recoup from that county the additional administrative or program benefit costs above those which would have been incurred had that county not contravened the established state eligibility processing regulations and written instructions. This provision shall not be construed to interfere with the rights of counties to outstation eligibility

Item Amount

staff.

(h) Notwithstanding the number of counties determined liable for fiscal penalties under this section, Individual County Corrective Action Plans as prescribed by the department shall be required from all counties which exceed a 15% case error rate.

(i) Any penalties imposed under this system shall be collected through direct repayment from liable counties rather than through any reduction in funds otherwise due to counties.

The Director of Health Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Government Code to implement this program. The adoption of these regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding any provision of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the Department of Health Services to implement this program shall not be subject to any review, approval, or disapproval by the Office of Administrative Law at any stage of the rulemaking process. These regulations shall become effective immediately upon filing with the Secretary of State.

25. Notwithstanding Section 14154.1 of the Welfare and Institutions Code, which requires that the Department of Health Services shall not allocate funds for nonapproved Medi-Cal applications which exceed a specified level, the level for applications accepted on or after July 1, 1986, shall be determined by multiplying the county's number of approved applications by the ratio of nonapproved applications to approved applications processed by the county during the 1983–84 fiscal year.

Item	Amount
26. The State Department of Health Services shall test a variety of followup thresholds under the Income and Eligibility Verification System (IEVS) program in order to determine the amount of followup that is needed to ensure that the program generates savings in excess of its operating costs. The department shall also take appropriate action to ensure that counties use automated followup to the maximum possible extent. The department shall report to the Legislature by December 15, 1987, on its estimate of the savings that will be generated by IEVS.	
27. Change orders to the medical or the dental fiscal intermediary contract for amounts exceeding a total cost of $250,000 shall be approved by the Director of Finance not sooner than 30 days after written notification of the change order is provided to the chairpersons of the fiscal and policy committees in each house and to the Chairperson of the Joint Legislative Budget Committee or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may designate. If there are changes or potential changes in federal funding, the Department of Finance shall provide timely written notification of the changes to the chairperson of the fiscal committee in each house and the Chairperson of the Joint Legislative Budget Committee.	
28. When a date for public hearing has been established for a change in any program, rule, or regulation, or the Department of Finance has approved any communication revising any department program, the two fiscal committees and the Joint Legislative Budget Committee shall be notified if the annual General Fund cost of the proposed change is $1,000,000 or more.	
29. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are hereby reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts	

Item Amount

required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the Medical Assistance Program, these funds, subject to notification to the Chairperson of the Joint Legislative Committee, are hereby appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services, county administration, and fiscal intermediary services.

30. (a) The $25,000,000 appropriation provided in Schedule (ax), Program 50.12, Special Adjustment-(Contracts with Disproportionate Share Hospitals), shall be to fund rate increases negotiated after June 30, 1987, by the California Medical Assistance Commission for hospitals serving a disproportionate share of Medi-Cal patients. The Commission shall allocate $2,000,000, $1,000,000 from the General Fund and $1,000,000 from federal funds, for rural, distressed safety-net providers and county-operated hospitals with less than 100 acute care beds which serve a preponderance of persons residing in rural areas.

(b) Amounts shall be allocated from Schedule (ax) to Schedule (a) of this item in the appropriate fiscal years to cover the annualized cost for each rate increase provided from these funds, by executive order of the Department of Finance, based on the estimate of annualized cost and fiscal year costs made by the commission. Any rate increases resulting from these funds shall be in addition to any other rate increases which hospitals would have received.

(c) Disproportionate share hospitals are hospitals which serve a disproportionate number of Medi-Cal beneficiaries or patients not covered by other third party payors as referenced in subdivision (k) of Section 14083 of the Welfare and Institutions Code and as determined by the California Medical Assistance Commission. The commission may contract at rates above a facility's costs if the financial viability of that facility

Item Amount

is threatened.

(d) The aggregate cost of these rate increases shall not exceed an annualized cost of $25,000,000. Furthermore, notwithstanding Section 2.00 of this act, the funds provided in this schedule shall be available for expenditure for the 1987–88, 1988–89, and 1989–90 fiscal years. Funds in this schedule shall be appropriated in Items 4260-101-001 and 4260-101-890.

31. Amounts identified as abatements to the county medical services program for retroactive aid to the Totally Dependent Program claims shall be transferred from the Health Care Deposit Fund to the county medical services program without regard to fiscal year.

32. Of the amount appropriated in this item, $2,000,000 transferred from Item 4260-101-890 and $2,000,000 from the General Fund shall be for rate increases for non-contract small and rural hospitals. Small and rural hospital means an acute care hospital which is designated by the Office of Statewide Health Planning and Development to meet the criteria for designation within peer group six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982, or an acute care hospital which meets the criteria for designation within peer group five or seven.

Hospitals which do not elect to contract with the California Medical Assistance Commission shall be exempt from those provisions of Section 51536 of Title 22 of the California Administrative Code relating to the all-inclusive rate per discharge.

The State Department of Health Services shall seek all federal waivers necessary to implement this provision.

4260-101-890—For local assistance, Department of Health Services, for transfer to Item 4260-101-001, payable from the Federal Trust Fund 2,812,254,000

Provisions:

1. The amount payable from this item is scheduled as follows:

(a) 50.10-Eligibility (County Administration) 75,849,000

Item	Amount
(b) 50.11-Benefits (Medical Care and Services)	2,690,118,000
(bx) 50.12-Special Adjustment—Contracts with Disproportionate Share Hospitals	12,500,000
(c) 50.50-Fiscal Intermediary Management	33,787,000

2. Any provision from Item 4260-101-001 relevant to this item shall also be applicable to this item.

4260-105-001—For abortions, Department of Health Services, Program 50.11—Medical Assistance Program, benefits, for transfer to the Special Financing Fund 12,858,000

Provisions:

1. This item shall be the sole source of general funds for abortions.
2. The expenditures of funds appropriated by this item for induced abortions shall be limited for persons eligible for the Medi-Cal program to the extent that federal matching funds are available for these purposes; except that, regardless of whether federal matching funds are available, funds may be provided for induced abortions for these persons under any of the following circumstances:
   (a) Where the life of a woman would be endangered if the pregnancy were allowed to continue, and when so certified under penalty of perjury by two physicians, one of whom, where practicable, is a specialist in the affected medical discipline, and documentation thereof is provided with the claim for payment.
   (b) Where the pregnancy results from an act punishable under Section 261 of the Penal Code, and this act has been reported, within 60 days of its occurrence, to a law enforcement agency or a public health agency which has immediately reported it to a law enforcement agency, and the abortion occurs during the first trimester.
   (c) Where the pregnancy results from an act punishable under Section 261.5 of the Penal Code, and the female is under 18 years of age, and the abortion is performed no later than the first trimester, provided that the female's parent or guardian or, if none, an

Item		Amount
	adult of the female's choice, is notified at least five days prior to the abortion by the physician who performs the abortion. Regulations governing the notice requirement shall be promulgated by the Director of Health Services.	
	(d) Where the pregnancy results from an act punishable under Section 285 of the Penal Code, and this act has been reported to a law enforcement agency or a public health agency which has immediately reported it to a law enforcement agency, and the abortion occurs not later than during the second trimester.	
	(e) Where it is determined by prenatal studies limited to amniocentesis, fetal blood sampling, fetal angiography, ultrasound, x-ray, or maternal blood examination that the woman will give birth to a child with severe genetic or congenital abnormality and the abortion occurs not later than the second trimester.	
	3. (a) The provider's claim for payment for abortion services shall be accompanied by documentation which specifies the circumstances under which the abortion was performed. Claims without this documentation shall not be paid.	
	(b) In every case, prior to abortion, the provider shall make available to the woman appropriate counseling regarding the situation, complications, risks, benefits, and alternatives.	
	(c) By May 1, 1988, the Department of Health Services shall provide the Legislature a report listing the number of abortions theretofore paid for during the fiscal year 1987–88 pursuant to this act. The report shall specify the number of abortions performed under each category, and further specify the reasons or conditions within each category which qualified the particular pregnancy for the abortion and payment pursuant to this provision.	
	4. Nothing in this item shall be interpreted to prohibit payment for drugs or devices to prevent implantation of the fertilized ovum.	

Item Amount

5. Limitation on payment for abortions provided for in this item shall apply only to abortions performed after August 15, 1987.
6. None of the funds appropriated by any other item in this act shall be used to pay for abortions.
7. The Controller shall place all funds appropriated by this item into the Special Financing Fund, which is hereby created. Henceforth, the director shall direct payment, and the Controller shall draw warrants for payments as allowed by this item, only from the Special Financing Fund.
8. As promptly as possible, the director shall notify providers and beneficiaries of the restrictions imposed by this item. The restrictions upon providers and beneficiaries shall become effective as soon as practicable after they receive notice from the director.
9. If any provision of this item or the application thereof to any person or circumstances is held invalid, this invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

4260-106-001—For cost-of-living increases, Department of Health Services, to be transferred to and in augmentation of programs upon approval of the Department of Finance, in accordance with the following schedule 23,179,000

Schedule:

(a) 50.11-Benefits (Medical Care and Services) (for transfer to Item 4260-101-001) 46,358,000

(b) Amount payable from the Federal Trust Fund (Item 4260-106-890) —23,179,000

Provisions:

1. The department shall reimburse for adult day health care services at a daily rate of $42.97.
2. Of the amounts appropriated in this item, $10,000,000 transferred from Item 4260-106-890 and $10,000,000 from the General Fund are for rate increases to hospitals that the Director of the State Department of Health Services determines to be disproportionate outpatient providers. For the purposes of this provision, a disproportionate outpatient provider is a hospital that exceeds the mean value of the dispropor-

Item	Amount

tionate provider factor for all hospitals as determined by the director based on the most recent annual disclosure data administered by the Office of Statewide Health Planning and Development. In making this determination, the director may give special consideration to hospitals that previously had not submitted necessary data elements and that certify to changes in relevant data subsequent to the most recent state report.

This factor shall be the proportion of total outpatient gross revenue attributable to Medi-Cal gross revenue and "Other" outpatient deductions from revenue. Medi-Cal gross revenue shall include Medi-Cal revenue from eligible persons who are members of prepaid health plans, as defined in Section 14251 of the Welfare and Institutions Code.

The rate increases shall be effective August 1, 1987, and shall be in amounts that (1) are in proportion to the degree by which each hospital's disproportionate outpatient factor exceeds the mean, and (2) shall be calculated by the director based on his or her most recent estimate of Medi-Cal outpatient utilization in such a way as to cost $20,000,000 ($10,000,000, General Fund) during fiscal year 1987–88.

3. Of the amount appropriated in this item, $8,450,000 ($4,225,000 General Fund and $4,225,000 Federal funds) shall be for providers of Obstetrical/Gynecological (OB/GYN) services for purposes of providing a 18.6 percent rate increase. All other Medi-Cal fee-for-service, nonhospital providers, except long-term care and physician services, shall receive a rate increase of one percent.

4260-106-890—For cost-of-living increases, Department of Health Services, for transfer to Item 4260-106-001, payable from the Federal Trust Fund 23,179,000

4260-111-001—For local assistance, Department of Health Services 1,243,268,000

Schedule:

(a) 11-Preventive Medical Services.... 18,503,000
(b) 15-AIDS 18,873,000
(c) 20-Family Health Services..... 138,601,000
(d) 40-Rural and Community Health.....1,067,291,000

Item Amount

Provisions:

1. Program 11-Preventive Medical Services:

(a) Funds appropriated in this item for the purpose of grants and contracts for lupus erythematosus research shall be used for basic research and shall be subject to the provisions of Section 2 of Chapter 297 of the Statutes of 1976 as amended by Section 1 of Chapter 643 of the Statutes of 1982.

(b) The State Department of Health Services shall redirect $200,000 of the funds appropriated for lupus erythematosus to fund studies of transfusion-related AIDS or hepatitis. The department shall contract with up to three university medical schools or medical schools affiliated with university medical schools to conduct the studies. The contracts shall be approved by that body which approves contracts for research into lupus erythematosus.

The studies shall compare results in three categories: (1) patients receiving pooled, random platelet transfusions of 6 to 10 platelet packs; (2) patients receiving platelet pheresis concentrates from volunteer donors; and (3) patients receiving platelet pheresis concentrate from compensated donors.

Both voluntary and compensated donors whose platelet pheresis products are screened for potential transfusion purposes at these medical schools and clinics shall also receive donor and platelet product laboratory testing. Laboratory tests to be included in this survey are those associated with patient safety from transfusion-related infectious diseases and include all of the followings tests: hepatitis surface antigen, antibody to hepatitis core antigen, HTLV-III antibody, and ALT test for elevated liver enzymes.

(c) Of the additional funds for Alzheimer's programs contained in the 1987–88 budget for the State Department of Health Services, $1.5 million shall be allocated to existing centers, $3.5 million shall be allocated for up to 10 new centers, $60,000 shall be allocated

Item Amount

to state support, $70,000 shall be allocated to evaluation, and $4,870,000 shall be spent for additional Alzheimer's research projects.

(d) Of the funds appropriated in this item, $215,000 shall be used to support existing senior medication education programs which have demonstrated the ability to provide a comprehensive array of educational services through a cost-efficient, collaborative regional approach. An evaluation report shall be submitted to the State Department of Health Services and the Legislature by April 15, 1988. Participating counties shall be required to provide 50% matching funds, or an equal value in in-kind staff and materials.

1.5. Program 15-AIDS:

(a) Of the funds provided for the alternative test site program, the department shall allocate $1,000,000 to (1) establish an early diagnostic treatment program in the test sites, and (2) support mobile anonymous testing programs.

(b) The department shall create a reserve of $125,000 from the amount appropriated in this item for AIDS programs. The reserve may be allocated for special local assistance projects identified during the year which were not anticipated during the budget process. Funds allocated from this reserve are subject to the provisions of Section 28.00.

2. Program 20-Family Health Services:

(a) Funds appropriated in this item for services to physically handicapped children shall be used in accordance with provisions of Article 2 (commencing with Section 248) of Chapter 2 of Division 1 of the Health and Safety Code, provided that any person who is eligible for and is receiving services under the program funded by this item shall not be denied services or suffer an interruption of services because of any relocation within this state.

(b) Collections of family repayments by CCS in excess of $750,000 shall be used to offset the General Fund appropriation to those pro-

Item Amount

grams.

(c) The CCS Program shall require all CCS applicants who are potentially eligible for cash grant public assistance to apply for Medi-Cal eligibility prior to becoming eligible for CCS funded services, unless the individual declines to apply on the basis of known ineligibility under state law and the regulations promulgated thereunder.

(d) There shall be allocated $1,000,000 to the Office of Family Planning to fund the testing and treatment of Chlamydia for individuals who are eligible for services pursuant to Section 14503 of the Welfare and Institutions Code.

(e) There shall be allocated $3,000,000 to the Office of Family Planning to fund family planning services pursuant to Section 14501 of the Welfare and Institutions Code.

(f) The sum of $750,000 is hereby appropriated from the General Fund to the Maternal and Child Health Program in the State Department of Health Services for allocation for the establishment and operation of school-based health clinics.

These funds shall not be appropriated for this purpose unless SB 717 of the 1987–88 Regular Session is chaptered.

(g) By October 1, 1987, the Superintendent of Public Instruction and the Departments of Health Services and Mental Health shall submit for public comment the proposed regulations implementing Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 2 of the Government Code, concerning interagency responsibilities for providing services to handicapped children.

By November 1, 1987, the Departments of Developmental Services and Health Services (including representation from California Children's Services and Medi-Cal) shall negotiate an interagency agreement concerning clients concurrently eligible for services. The interagency agreement shall delineate the service responsibilities of each agency as it relates to

Item		Amount

mutual clients. The Department of Education shall provide technical assistance pursuant to Section 300.600 of Title 34 of the Code of Federal Regulations to ensure that the agreement is written in compliance with all applicable federal laws concerning delivery of services to handicapped children.

(h) The State Department of Health Services shall increase by $1,000,000 funds for community-based perinatal programs. The department shall allocate the funds through a request-for-proposal to counties in which low-income women are experiencing problems in accessing prenatal care.

(i) The State Department of Health Services shall increase by $320,000 funds for diabetes in pregnancy programs. The department shall use the funds to fully fund four programs which are partially funded and to establish two additional programs at $60,000 each.

(j) The State Department of Health Services shall increase by $510,000 funds for perinatal regionalization programs. The department shall use the funds to fully fund those regions in Fresno and Los Angeles Counties which presently are unfunded or under-funded.

(k) The State Department of Health Services shall submit by September 1, 1987, a request to the federal government for federal financial participation for implementing county costs incurred in comprehensive perinatal services.

(*l*) Of the funds appropriated in this item, one million dollars ($1,000,000) shall be allocated to the Department of Health Services to administer the California Special Supplemental Food Program for Women, Infants, and Children for the purpose of providing the department with the means to fully use existing federal funds. These funds shall ensure that enough money is allocated locally to expend the entire federal grant for food, administrative and direct nutrition services in the same proportion as set forth in the state special project existing on January 1,

Item Amount

1986. It is expected that all or most of the appropriation shall revert to the General Fund on June 30, 1988, and that subsequent appropriations shall be set aside through the annual Budget Act.

3. Program 40-Rural and Community Health:

(a) The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.

(b) Amounts identified as abatements to the county medical services program for retroactive aid to the totally dependent program claims shall be transferred from the Health Care Deposit Fund to the county medical services program without regard to fiscal year.

(c) Of the amount appropriated in this Item for the Medically Indigent Services Program, Los Angeles County shall use at least $9,900,000 from its allocation to expand its support of emergency medical and trauma services.

(d) Of the amount appropriated in this item, $20,000,000 shall be allocated to reimburse physicians and hospitals for a percentage of the losses they incur in providing emergency medical services. These funds shall be available for allocation upon enactment of legislation specifying the procedures for reimbursement of these providers.

(c) To the extent savings are available from the County Health Services Fund, the director shall allocate the funds according to the following priorities:

(1) Public Health Emergencies	$315,000
(2) Distressed County Facilities, as defined in Section 16715 of the Welfare and Institutions Code	470,000
(3) Refugee Health Programs	245,000
(4) Computerization of County Information	535,000
(5) County-Clinic Linkages	130,000

Item		Amount
	(6) Elder Care Projects 505,000	
	(7) Medication Education Program for Seniors 250,000	
	If the funding applications of local jurisdictions request fewer funds from one category than the amounts set forth above, the director may reallocate funds from one category to another. However, in reallocating funds, the director shall first consider the need for additional funds in the categories in the order of priorities listed above.	
	(d) Funds appropriated for Medically Indigent Services in independent counties shall be spent to preserve or provide reasonable access to both inpatient hospital care and outpatient care.	
	Outpatient care includes reasonable access, as determined by the State Department of Health Services, to physician's services through county outpatient clinics, nonprofit community outpatient clinics, or other arrangements, the Medi-Cal formulary of prescription drugs, and acute dental care. The department may withhold this funding for any county for which it makes a finding that the funding is not necessary to preserve or provide reasonable access to both inpatient hospital care and outpatient care. The department shall withhold approval if it makes a finding that the county will not be in compliance with state statutory requirements governing eligibility, advance payment of patient liability, or notices.

001-General Fund

(1) For construction of the San Francisco General Hospital Multidisciplinary AIDS Research Center, the unspent funds from the $1,500,000 appropriated for this purpose in Item 4260-001-001 of the Budget Act of 1986.

Provisions:

1. The department shall allocate funds for preliminary plans no sooner than 30 days after submitting to the Joint Legislative Budget Committee and the legislative fiscal committees a project planning guide for the project. The Joint Legislative Budget Committee shall report on the adequacy of the plans within 30 days of receipt of the preliminary plans. After approval of the preliminary plans, changes affecting the scope or cost of the project shall be submitted under the above review process to the Chair of the Joint Legislative Budget Committee and the chair of the fiscal committee in each house prior to implementing the proposed change. The department shall ensure that the City and County of San Francisco shall expedite the development of preliminary plans for this project. It is the intent of the Legislature that this project shall be expedited to make possible the start of construction in the 1987–88 fiscal year.

(2) For support of the Pilot Project for Chronically and Terminally Ill Children, maintained by Children's Respite Care Inc., the $32,000 in unspent funds from the $250,000 appropriated for this purpose in Item 4260-001-001 of the Budget Act of 1986.

(e) Reimbursements	−1,295,000	

Item		Amount
(f)	Amount payable from Developmental Disabilities Program Development Fund (Item 4300-101-172)	−3,723,000

Provisions:

1. Upon order of the Director of the Department of Finance, the State Controller shall transfer such funds as are necessary between this item, and Item 4300-111-001. Provided further, that the Director of Finance may authorize the transfer of funds from this item to the Health Care Deposit Fund for the state's share of expenditures for developmental services provided to persons eligible under the California Medical Assistance Program.
2. (a) In order to ensure that services to eligible clients are available throughout the contract period, it is the intent of the Legislature in enacting this provision that each regional center administer the contract within the level of funding available pursuant to Sections 4621 and 4633 of the Welfare and Institutions Code and this act. If additional funds are appropriated by the Legislature, the Department of Developmental Services shall revise the contract amounts. The regional centers shall then administer the contracts within the revised contract amounts.

   To carry out the intent of this provision, each regional center contract shall include provisions which ensure the regional center will provide services to eligible clients within the funds available in the contract throughout the contract term. If the regional center or the Director of Developmental Services determines that there are insufficient funds in a regional center contract for the provision of client services, the regional center shall continue to administer the contract within the funds provided and report to the director of the Department of Developmental Services on the type, amount, and costs of client services which cannot be provided directly or through purchase because of insufficiency of funds. The director of the department shall use these

data in preparing reports pursuant to subdivision (c) of Section 4631 and Section 4779 of the Welfare and Institutions Code, and subdivision (b) of this provision.

The regional center shall develop a written plan which specifies how the center intends to address the funding deficiency. If at any time the director of the department determines that a regional center's plan does not adequately address the funding deficiency during the contract period, the director may require the use of operational funds to reduce the deficiency in purchase of services.

(b) The Director of Developmental Services shall report on the financial status of all regional centers and their operations to the Joint Legislative Budget Committee by February 15, 1988, and May 15, 1988. The reports shall:

(1) Identify all projections of regional center budget deficits during the reporting period.

(2) Analyze the accuracy of each identified deficit projection.

(3) Analyze the feasibility of eliminating the projected deficits by reductions in expenditures, reallocations of appropriated funds, and budget augmentation.

(4) Indicate the actions planned to eliminate the projected deficits, including a description of the impact of such actions on the receipt of services needed by regional center clients during the remainder of the fiscal year.

3. Upon order of the Director of the Department of Finance, the State Controller shall transfer funds as are necessary between this item and Item 5160-101-001, to provide for the conversion of Day Programs, Supported Work Programs and Work Activity Programs to meet client service needs.

Item Amount

4. The Department of Developmental Services shall continue to conduct the department's Residential Care Rate Proposal Demonstration Project mandated in Item 4300-101-001 of the Budget Act of 1985.
5. Any funds available from cost-of-living adjustments in the Supplemental Security Income/State Supplementary Program (SSI/SSP) shall be used to offset General Fund costs for residential care services.
6. By November 1, 1987, the Departments of Developmental Services and Health Services (including representation from California Children's Services and Medi-Cal) shall negotiate an interagency agreement concerning clients concurrently eligible for services. The interagency agreement shall delineate the service responsibilities of each agency as it relates to mutual clients. The Department of Education shall provide technical assistance pursuant to Section 300.600 of Title 34 of the Code of Federal Regulations to ensure that the agreement is written in compliance with all applicable federal laws concerning delivery of services to handicapped children.

4300-101-172—For local assistance, Department of Developmental Services, for transfer to Item 4300-101-001, payable from the Developmental Disabilities Program Development Fund 3,723,000

Provisions:

1. Notwithstanding any other provision of law, the Director of Finance may authorize expenditures for the Department of Developmental Services in excess of the amount appropriated, no sooner than 30 days after notification in writing of the chairperson of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee, or no sooner than such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

4300-111-001—For local assistance, Department of Developmental Services, for State Hospitals 34,354,000

Schedule:

(a) 20-State Hospital Services Program 468,506,000
(b) Reimbursements ..... -433,208,000

Item		Amount
	(c) Amount payable from the Federal Trust Fund (Item 4300-111-890) ..	−944,000

Provisions:

1. Upon order of the Director of the Department of Finance, the State Controller shall transfer such funds as are necessary between this item and Items 4300-101-001, 4440-011-001, and 4440-101-001.
2. Without regard to fiscal year, the General Fund shall make a loan available to the Department of Developmental Services not to exceed a cumulative total of $100 million. The loan funds will be transferred to this item as needed to meet cash flow needs due to delays in collecting reimbursements from the Health Care Deposit Fund, and subject to the repayment provisions of Section 16351 of the Government Code.
3. Of the amount appropriated in Schedule 20, $15,000 is provided for payment of energy service contracts as required in connection with issuance of Public Works Board Energy Efficiency Revenue Bonds (State Pool Program), Series 1986 A.
4. The Department of Finance may transfer to Item 4440-141-001 any funds received by the department as a result of Medi-Cal long-term care cost-of-living adjustments (COLAs) in excess of $28,002,000 for purposes of funding a deficiency in funds available for COLAs to Institutions for Mental Disease (IMD). Any funds in excess of the amount needed for IMD COLAs shall revert to the General Fund.
5. The Prison Industries Authority (PIA) is prohibited from subcontracting Department of Developmental Services' contracted services to private firms where the PIA cannot complete the work itself. In determining its ability to complete the work, PIA shall consider the feasibility of additional prisoner worktime, including voluntary overtime. When the PIA cannot complete the work itself, state civil servants shall be employed for the work originally contracted to the PIA.

(g) Amount payable from the Federal Trust Fund (Item 4440-001-890) ..	−562,000

Provisions:

1. Certain counties have not assumed the administrative, fiscal, and program responsibilities for mental health social services programs as required by Chapter 1330, Statutes of 1984. It is the intent of this proviso to enable the transfer of state employees to county employment in such a way that personnel benefits are protected. Upon order of the Director of Finance, the State Controller shall transfer between this item and Item 4440-101-001 such funds as are necessary to enable the transfer of state employees to county employment in such a way that personnel benefits are protected.
2. Upon the order of the Director of Finance, the Controller shall transfer between this item and Item 4440-016-001 those funds that are necessary for direct community services, as well as administrative and ancillary services related to the provision of direct services.

Item		Amount
3. By October 1, 1987, the Superintendent of Public Instruction and the Departments of Health Services and Mental Health shall submit for public comment the proposed regulations implementing Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code.		
4. Upon order of the Director of Finance, the Controller shall transfer between this item and Item 4440-141-001 those funds that are necessary for administration of the SNF/STP program.		
5. The Department of Mental Health, in conjunction with other state departments when appropriate, shall maximize federal revenue for mental health services:		
(a) The department shall assist the Department of Health Services in preparing an amendment to the state's Medicaid plan to provide Medicaid reimbursement for case management services.		
(b) The department shall review recent federal legislation relating to changes in social security, Medicaid, vocational rehabilitation, and mental health to identify potential federal revenue and programs for improving services for the mentally disabled, and develop recommendations for applying for these funds.

(h)	Reimbursements	−67,869,000
(i)	Amount payable from the Federal Trust Fund (Item 4440-101-890)	−16,589,000

Provisions:

1. The amounts appropriated in this item are for assistance to local agencies in the establishment and operation of mental health services, in accordance with the provisions of Division 5 (commencing with Section 5000) of the Welfare and Institutions Code, Department of Mental Health, and in addition, any amounts transferred from the Health Care Deposit Fund shall augment and be available for expenditure for the purposes specified above.
2. The Director of Finance may authorize the transfer of funds from this item to the Health Care Deposit Fund for the state's share of expenditures for mental health services provided to patients eligible under the California Medical Assistance Program.

Item Amount

3. Upon order of the Director of Finance, the Controller shall transfer between this item and Item 4440-011-001 those funds which are necessary to provide for overuse of allocated state hospital days. Other transfers between this item and Item 4440-011-001 may be made not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his/her designee, may in each instance determine.
4. Certain counties have not assumed the administrative, fiscal, and program responsibilities for mental health social services programs as required by Chapter 1330, Statutes of 1984. It is the intent of this proviso to enable the transfer of state employees to county employment in such a way that personnel benefits are protected. Upon order of the Director of Finance, the State Controller shall transfer between this item and Item 4440-001-001 such funds as are necessary to enable the transfer of state employees to county employment in such a way that personnel benefits are protected.
5. Upon order of the Director of Finance, the Controller shall transfer between this item and Item 4440-016-001 those funds that are necessary for direct community services, as well as administrative and ancillary services related to the provision of direct services.
6. In administering the residential care rate supplement program, the department shall continue its procedures to ensure that the program is operated within the available appropriation as scheduled in category (f).
7. Notwithstanding any other provisions of law, funds identified in Item 4440-101-001 of the Budget Act of 1986, for rollover by the counties in fiscal year 1987–88, shall be used only for the specified purpose for which they were allocated.

Item Amount

8. Funds in categories (d) and (e) are hereby appropriated to the Targeted Supplement Fund to provide services to priority populations as specified in this item.
9. Notwithstanding any other provisions of this act, no funds in category (a), (d), (e), (f) or (g) shall be transferred to other categories within this item or to any other items except as specified in Provision 10.
10. In order to provide relief from administrative requirements and budget restrictions which would create an undue hardship, small counties may combine allocations from categories (d), (e) and (g) into category (b) to be used for Short-Doyle funded programs with the approval of State Director of Mental Health provided that the following conditions are met:
    a. Local unmet priorities are identified in Part B, County Plan Executive Summary.
    b. The county agrees to comply with all required submissions for data collection.
    c. The county has demonstrated that specific needs do not exist to establish special programs with categorical funds and/or categorical funds do not exist in amounts that make it programmatically or fiscally feasible to implement programs. The county must show that an attempt to maximize the use of public funds for identified populations has been made on a regional basis.

Small counties are defined as those with a population of less than 1% of the total statewide population based on the most current Department of Finance population estimate.

11. The Department of Mental Health may enter into, or continue, an agreement with Los Angeles County which allows the county to operate the La Paz Program for Lanterman-Petris-Short mental health patients on Metropolitan State Hospital grounds, only if the agreement is included in the 1987–88 county plan and provides both of the following:
    (a) The county shall be fiscally responsible for any increased costs to the General Fund over the actual net General Fund costs in the 1985–86 fiscal year for operation of the program on the state hospital grounds.

Item Amount

(b) When determining the amount of any increased costs to the General Fund for the operation of the program on the state hospital grounds, state hospital cost savings shall be taken into consideration.

12. Notwithstanding Section 5715 of the Welfare and Institutions Code, a county may expend funds in 1987–88 from its 1986–87 Short-Doyle rollover funds for capital outlay purposes, subject to the approval of the State Department of Mental Health. It is not the intent of the Legislature that community services programs be reduced to provide funds to rollover for capital outlay purposes.
13. Funds received by Los Angeles County under this item shall first be allocated to Service Area 5 to correct the unmet service needs identified in the June 1987 report of the Social and Human Services Mental Health Subcommittee of the 1986–87 Los Angeles County Grand Jury.

4440-101-890—For support of Department of Mental Health, for transfer to Item 4440-101-001, payable from the Federal Trust Fund 16,589,000

Provisions:

1. The amounts appropriated in this item are for assistance to local agencies in the establishment and operation of mental health services, in accordance with the provisions of Division 5 (commencing with Section 5000) of the Welfare and Institutions Code.
2. Upon order of the Department of Finance, the State Controller shall transfer such funds as are necessary between this item and Item 4200-101-890.
3. The Department of Mental Health may authorize advance payments of federal ADAMH block grant funds on a monthly basis to the counties for grantees. Such advance payments may not exceed one-twelfth of the individual grant award for 1987–88. No General Fund money may be used in making grant awards under the provisions of the federal ADAMH block grant.
4. The least possible amount of block grant funds shall be utilized for purposes of administration at both the state, local and direct provider levels. The department's administrative expenditures shall not exceed 10 percent of any block grant.

Item		Amount
4440-111-001—For local assistance, Department of Mental Health, for services to brain damaged adults ..		6,683,000

Provisions:

1. Of the amount appropriated in this item, $120,000 shall be made available to the Statewide Resources Consultant under Chapter 1658 of the Statutes of 1984, as a "sole source contract" for no more than two demonstration projects which will be contracts with community-based, nonprofit corporations which have experience in developing and operating day activity or supported employment projects for adults with acquired head injuries.

   In making determinations of contractors, the Statewide Resources Consultant, in consultation with the department, shall give highest priority to proposed projects which will maximize federal funding for recipients of services from the Federal Rehabilitation Act of 1973, as amended, and which will involve a community college and other local resources in a collaborative venture.

4440-131-001—For local assistance, Department of Mental Health		18,700,000

Schedule:

(a) 10.80-Assessments, treatment and case management of special education pupils pursuant to Chapter 1747 of the Statutes of 1984 and Chapter 1274 of the Statutes of 1985	19,375,000	
(b) Reimbursements	−675,000	

Provisions:

1. In allocating to the counties funds for services to severely emotionally disturbed children as defined by paragraph 8 of subdivision (b) of Section 300.5 of Title 34 of the Code of Federal Regulations, the Department of Mental Health may allocate the funds based on the individual county's needs, in lieu of Section 5600 of the Welfare and Institutions Code.
2. Notwithstanding Section 7587 of the Government Code, the emergency regulations developed to implement Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code shall not be subject to automatic repeal until the final regulations take effect on or before June 30, 1988.

Item Amount

3. Expenditure of funds appropriated in this item shall be made in consultation with the California Conference of Local Mental Health Directors and representatives of counties which have a high number of children in special education with unmet mental health needs.
4. Notwithstanding any other provision of law, counties shall not be required to match funds in this item for services provided pursuant to Chapter 1747 of the Statutes of 1984 and Chapter 1274 of the Statutes of 1985.

4440-141-001—For local assistance, Department of Mental Health 41,288,000

Schedule:

(a) 10.95 Institutions for Mental Diseases 41,288,000

Provisions:

1. The funds appropriated in this item shall be used to provide mental health services for persons between the ages of 21 and 64, in the 40 existing skilled nursing facilities/special treatment programs (SNF/STP) in accordance with Division 5 (commencing with Section 5000) of the Welfare and Institutions Code.
2. Notwithstanding any other provision of law, counties shall not be required to match funds in this item.
3. In allocating funds for services to patients in the 40 existing SNF/STP programs, the Department of Mental Health may allocate funds based on an individual county's usage of SNF/STP beds in lieu of Section 5600 of the Welfare and Institutions Code.
4. Notwithstanding any other provision of law, the Department of Mental Health may authorize estimated or advanced payments to existing SNF/STP programs until such time as a permanent allocation/payment system is implemented. These payments will be adjusted, as necessary, to reflect actual utilization and to be offset by revenues, when appropriate. These payments shall not be limited to nonprofit facilities.
5. The operation of SNF/STP programs shall be consistent with Department of Mental Health policies and regulations for 24-hour care facilities.

Item Amount

6. Prior to any payment being made, a provider shall enter into an agreement with the Department of Mental Health and those counties deemed appropriate.
7. Notwithstanding any provision of Article 4 (commencing with Section 10335) of Chapter 2 of Part 3 of Division 2 of the Public Contract Code, if the Director of Mental Health determines that it is in the best interest of the state to enter into a contract for payment of claims for the 40 existing SNF/STP programs, the director may enter into a sole sourse contract.
8. Upon order of the Director of Finance, the Controller shall transfer, between this item and Item 4440-001-001, those funds that are necessary for administration of the SNF/STP program. The amount of this transfer shall not exceed the $500,000 included in this item for reimbursement of the administrative costs of the SNF/STP program.
9. The $500,000 for administrative costs may be expended only for documented costs. Any funds not needed for this purpose shall revert to the General Fund. The department shall maintain data on its own costs and costs incurred by counties for purposes of establishing future funding levels for administration.
10. Rates of payment for SNF/STPs in this item shall be limited to the Medi-Cal SNF/STP rate. In order to receive this level of payment, SNF/STPs shall continue to provide the level of services required prior to the loss of federal funding. Any reductions in services below this level shall be accompanied by rate reductions equal to the savings in costs attributable to reducing services.
11. Upon order of the Director of Finance, the Controller shall transfer, between this item and Item 4300-111-001, those funds exceeding $2,279,000 that are necessary to fund a long-term care cost-of-living adjustment. The amount of this transfer shall be agreed upon in advance by the Department of Finance, subject to the requirements of Section 28.00, and shall not exceed the amount that is necessary to provide the specific rate increase, as determined by the Department of Health Services,

Item Amount

for these facility categories. Any funds appropriated in this item that are in excess of the amount needed for funding COLAs shall revert to the General Fund.

12. (a) The Department of Mental Health, in consultation with the Health and Welfare Agency and other relevant departments, shall submit to the Legislature a preliminary report by December 1, 1987, and a final report by February 15, 1988. The report shall outline a plan for serving mental health clients currently in skilled nursing facilities. The plan shall include, but not be limited to, all of the following:
    (1) Licensing and program certification standards for guiding placement of individuals in the least restrictive and most cost-effective level of care.
    (2) Ratesetting and payment mechanisms for providers.
    (3) Recommendations regarding whether IMD services should be incorporated into Short-Doyle plans and budget ratios that should be employed.
    (4) County responsibilities.
    (5) The appropriate use of a range of community services, including community residential treatment system programs to meet the needs of clients in a continuum of care.
    (6) Data on characteristics of the IMD caseload and payments for IMD services. For example, the report should identify in total and by county (A) the number of clients; (B) the functional and behavioral characteristics of the population; (C) the number receiving full and partial SSI/SSP; (D) the reasons the remaining clients are not eligible for SSI/SSP; (E) the payments made by counties for IMD services; and (F) the amount of revenue collected by facilities and other providers for medical and ancillary services provided to IMD patients—both before and after the loss of federal funding for SNF/STPs.

Item		Amount
	(b) To facilitate preparation of the report described in subdivision (a), the department shall require counties to submit data regarding the characteristics of the IMD caseload and payments for IMD services.	
	(c) In developing the plan required by subdivision (a), the department shall hold at least one public hearing to allow the public, local mental health providers, local mental advisory boards, local mental health directors, the advisory committee specified in Section 5462 of the Welfare and Institutions Code, the California Association of Health Facilities, and other interested parties to provide testimony on the proposed plan.

(h) Reimbursements	−8,228,000
(i) Amount payable from the Federal Trust Fund (Item 5180-001-890)	−141,573,000

Provisions:

1. The Director of Finance may authorize the transfer of General Fund moneys from Item 5180-001-001(c) to Item 5180-161-001, Program 30, Community Care Licensing, in order to allow counties to perform the facilities evaluation function.
2. Of the funds appropriated by this item, $25,000 is for payment of attorney fees pursuant to Section 10962 of the Welfare and Institutions Code.

Item Amount

3. The Department of Social Services shall exert maximum possible effort toward obtaining enhanced federal funds participation in the state support costs and county administrative costs of each of the projects included in the Standardized Automated Welfare System (SAWS) plan. The Director of Finance shall notify the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee of the receipt of enhanced federal funds participation for the SAWS projects. The notice shall provide for increases in the federal funds appropriated in Items 5180-001-890 and 5180-141-890 and offsetting reductions in the General Fund amount appropriated in this item and Item 5180-141-001 for the SAWS projects to reflect the increased rate of federal funds participation.
4. Of the funds appropriated by Item 5180-001-001 (b), $140,000 is for transfer to Item 5180-001-131 to operate and maintain the Foster Family Home and Small Family Home Insurance Fund and $248,000 is for transfer to Item 5180-001-131 for claims payments.
5. Of the funds appropriated in Schedule (c), $951,000 shall be allocated to address child care needs related to GAIN.
6. Of the amounts appropriated under this item for support of the Department of Social Services, $100,000 is for department costs associated with the work measurement study of eligibility casework activities in the AFDC and Food Stamps programs.
7. The Department of Social Services and the Department of Health Services shall make those administrative changes necessary to permit fund transfers effective January 1, 1988, between the local assistance budget items for county eligibility work activities (Items 5180-141-000 and 4260-101-001) in the 18 counties in California with the smallest caseloads.

Item		Amount
8. Of the amount appropriated in Section 22 of this act, $100,000 is for the support of an interagency contract between the Department of Social Services (DSS) and the Employment Development Department (EDD). The interagency contract should identify the nature and scope of the activities provided with these funds. It is the intent of the Legislature that this contract support the cost of two staff persons dedicated to providing technical assistance to county welfare departments in designing labor market assessments, conducting surveys, assessing client training needs, and other areas in which EDD has expertise. It is also the intent of the Legislature that DSS notify EDD whenever a county plan appears to be severely deficient in the extent to which labor market or client assessments actually identify potential job opportunities or client needs.

5180-001-890—For support of Department of Social Services, for transfer to Item 5180-001-001, payable from the Federal Trust Fund		141,573,000
Provisions:		
1. The Director of Finance may authorize the transfer of federal funds from this item to Item 5180-161-890, in order to allow counties to perform the facilities evaluation function in community care licensing.		
2. The Department shall (with the assistance of the State Personnel Board and the Department of Personnel Administration) contract with up to five persons to work closely with the refugee communities to assist in the development of refugee community-based organizations and to assist such organizations to acquire and develop the capacity to compete for and operate refugee funded programs or to provide other services to refugees.		

Item Amount

3. Of the funds appropriated by this item, $88,000 is for transfer to Item 5180-001-131 to operate and maintain the Foster Family Home and Small Family Home Insurance Fund and $127,000 is for transfer to Item 5180-001-131 for claims payments.

5180-101-001—For local assistance, Department of Social Services 2,026,844,000

Schedule:

(a) 10.04.005-Aid to Families with Dependent Children 4,010,518,000

(ax) 10.04.005.001-Seriously emotionally disturbed children-foster care 5,400,000

(b) 10.04.010-Child Support Incentives 38,116,000

(c) 10.04.015-Aid for Adoption of Children/Adoption Assistance Program 22,476,000

(d) Reimbursements ..... −7,383,000

(e) Amount payable from the Federal Trust Fund (Item 5180-101-890) ..... −2,042,283,000

Provisions:

1. No funds appropriated by this item shall be encumbered unless every rule or regulation adopted and every all-county letter issued by the Department of Social Services which adds to the cost of any welfare program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter which would increase the costs of a welfare program, the Director of Finance shall consider the amount of the proposed increase on an annualized basis, the effect such change would have on the expenditure limitations for such program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, or any additional factors relating to the fiscal integrity of such program or the state's fiscal situation.

Notwithstanding the provisions of Sections 26.00 and 28.00, the availability of funds contained in this item for welfare rules, regulations,

Item Amount

or all-county letters which add to program costs funded from the General Fund in excess of $500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (a) specifically required as a result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Director of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

Funds appropriated in this item are for welfare programs as they exist on July 1, 1987, consisting of state and federal statutory law, regulations, and court decisions, if funds necessary to carry out such decisions are specifically appropriated in this act.

For purposes of this provision "welfare" shall mean those program elements under "Welfare Program Operations," as found in the Governor's Budget and consistent with definitions used in the California Fiscal Information System (CFIS).

2. The Department of Social Services shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth herein, and so that the amount authorized to be expended in program 10.04, Aid to Families with Dependent Children program shall fully cover the state share of aid payments and for services under such programs for the 1987–88 fiscal year.
3. There is hereby established for the next two quality control review periods, a dollar error rate standard of 4 percent, pursuant to Section 15200.4 of the Welfare and Institutions Code.

For the purposes of state sanctions pursuant to Section 15200.4 of the Welfare and Institutions Code, the error rate estimate that shall be used

Item Amount

to measure the quality performance of each county shall be the low point estimate of the confidence interval estimated by combining the results from the two quality review samples conducted during the two subsequent quality review periods.

Amounts realized from the counties as the result of a state fiscal sanction shall first be applied as an offset to the state's share of Program 10.04, Payments for Children. To the extent that this application results in a surplus to the General Fund appropriation for that program, such surplus shall revert to the General Fund.

4. The Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any rule or regulation adopted and any all-county letter issued in Program 10.04, Payments for Children, as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court decision, during the 1987–88 fiscal year which are within or in excess of amounts appropriated in this act for that year.

   If the Director of Finance determines that the estimate of expenditures will exceed the expenditures authorized for Program 10.04, Payments for Children, the director shall so report to the Legislature. At such time as the report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

5. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $105,000,000 shall be made available from the General Fund from funds not otherwise appropriated, to cover the federal share of costs for the Aid to Families with Dependent Children program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.

Item	Amount
6. Pursuant to subdivision (b) of Section 903.7 of the Welfare and Institutions Code, the Department of Social Services shall authorize the quarterly transfer of the state share of collections attributable to Sections 903, 903.4, and 903.5 of the Welfare and Institutions Code to the Foster Children and Parent Training Fund. From these collections, and prior to any transfer of funds, there shall be a deduction for the appropriate amount of county child support collection incentives.	
7. The funds appropriated in Schedule (ax) shall be available for the purposes of Chapter 6 (commencing with Section 18350) of Part 6 of Division 9 of the Welfare and Institutions Code. Pursuant to Provision 12 of Item 6100-161-001, the Director of Finance shall review this transfer at the 1988 May revision to determine the actual amounts of cost savings to the Department of Education and the cost increases to the Department of Social Services. If necessary, the Director of Finance shall adjust the transfer amount at that time.

Item Amount

2. During the 1987–88 fiscal year, pursuant to Sections 15204.5 and 18906 of the Welfare and Institutions Code, the Department of Social Services shall continue the implementation of a plan whereby costs for county administration for AFDC and Food Stamp Programs will be effectively controlled within the total state funds appropriated for Program 10.20, County Administration.

   Notwithstanding any provisions of the Welfare and Institutions Code to the contrary, the total amount of state funds available to the counties for administration of the programs specified in Program 10.20, County Administration, shall be limited to the amount appropriated for that program.
3. Notwithstanding any other provisions of law, the Department of Social Services may withhold state financial support of a county's automated welfare operations if the county does not provide a fiscal accounting of such operations in the form and manner as may be requested by the department. Provided further, that the Department of Social Services may enter into an agreement with a county wherein state financial support for the development or modification of county-automated welfare operations is conditioned upon the realization of savings projected by the county.
4. Provision 1 of Item 5180-101-001 is also applicable to this item.
5. Of the funds appropriated in this item for costs of administering the Special Circumstances Program, the department shall limit state reimbursement for an individual county's administrative costs to 100 percent of the county's total benefit expenditures, or actual administrative costs, whichever is less.
6. When performance refinements and modifications to a county EDP system are needed to meet Statewide Automated Welfare System (SAWS) requirements that will benefit additional counties, the Department of Social Services may pay the first counties' share of administrative costs incurred for those modifications. The department is restricted to paying for the first counties' share for no more than five

SAWS systems.

7. All counties with State Department of Social Services approved Early Fraud Prevention/Detection Programs shall refer applicants to a fraud investigation only after they have completed and signed the application for aid. If eligibility for assistance is established, such referral and investigation shall not delay the receipt of aid, including immediate need payments.

It is the intent of the Legislature that no intimidation based on fraud allegations shall occur, whether by referral, or threat of referral, prior to the completion of the application for aid. Whenever an application is withdrawn because of a fraud referral, the withdrawal shall be documented by a caseworker and the county shall keep records of all such withdrawals.

The caseworker shall provide a complaint form to any applicant who withdraws his or her application after being referred to the program. The county shall provide the department with copies of all complaints.

The department shall approve county proposals which provide satisfactory results regardless of the personnel classifications used. No proposal shall be approved that includes the employment of uniformed investigators. Counties shall give first priority for hiring additional fraud detection specialists to those county employees who have been laid off as a result of funding cuts and shall provide the necessary training to these individuals in order for them to carry out the duties of the positions.

The department shall submit a report on or before March 15, 1988, to the Joint Legislative Budget Committee and the legislative fiscal committees. The report shall describe the following subjects for calendar year 1987: the number of applications in each county; the number of cases referred in each county; the number of investigations; the number of cases denied and withdrawn; the reasons that cases were denied or withdrawn; the number of cases referred to the District Attorney's Office for prosecution; the number and results of fair hearings that involved determinations made by the program; and the actual savings generated by this pro-

gram since its implementation. In addition, the department shall report any complaints received by the county regarding the county programs.

The report shall also provide recommendations for corrective actions that should be taken with respect to counties that have a benefit-cost ratio in this program of less than 2 to 1 for fiscal year 1985–86. The report shall also identify any counties that refer more than 10 percent of their applicants to the program for fiscal year 1985–86 and shall provide the department's evaluation of the appropriateness of the referrals made in these counties.

The department shall have an Early Welfare Fraud Detection Advisory Committee that shall review all plans submitted to the department prior to approval by the department, and the department shall take into consideration the comments of the committee prior to approving or rejecting the county plan. The department shall advise the committee, in writing, of its reasons for rejecting the committee's recommendations in this regard. The committee shall be composed of two persons appointed by the California Welfare Fraud Investigators Association, two persons appointed by the California Welfare Directors Association, two persons appointed by social services labor unions, and two persons appointed by the Coalition of California Welfare Rights Organizations. The committee shall meet no more than four times per year and make such reports as it deems appropriate to the Legislature and the director of the department. The committee may also hold hearings regarding the effectiveness of the program and take public testimony from individuals regarding their opinions about the program.

The department shall reimburse members for their travel and per diem expenses.

8. (a) The Department of Social Services and the Department of Health Services, in conjunction with the County Welfare Directors' Association, shall develop a timetable for conducting county work measurement studies of the intake and continuing eligibility work activities in the AFDC, Nonassist-

ance Food Stamps, and Medi-Cal programs. The intent of the Legislature is that work measurement studies shall be conducted in time for consideration of the results during the deliberations for the fiscal year 1989–90 Budget. The timetable shall set out the steps necessary to:

(1) Group the 40 largest counties into no more than three groups. Counties may be grouped before or after work measurement studies are conducted, and a survey may be used to collect data for grouping counties as the Department of Social Services, the Department of Health Services, and the County Welfare Directors' Association determine necessary.

(2) Identify representative counties for work measurements.

(3) Develop the methodology for work measurement, including the projected cost of conducting the studies.

(4) Complete work measurement studies.

(b) The Department of Social Services and the Department of Health Services, in conjunction with the County Welfare Directors' Association, shall report to the Joint Legislative Budget Committee on the timetable developed pursuant to subdivision (a) by February 1, 1988.

(c) By March 1, 1989, the Department of Social Services and the Department of Health Services shall submit a joint report to the Legislature regarding the findings of the work measurement study on a county-specific basis.

The report shall include:

(1) An analysis of the fiscal impact on the federal, state, and county governments should the budget process for eligibility worker caseloads be based upon the findings of the work measurement study.

(2) A description of the methodology that would be used to set county targets utilizing the results of the study.

(3) An estimate of the cost of fully imple-

	menting the findings of the study taking into account: salary expenditures (direct salary, fringe benefits, and overhead); actual total caseload size or projections; eligibility supervisors; and appropriate isolated supportive eligibility functions.	
	(4) Other options for implementing the study findings and the fiscal impacts related to each option.	
	(5) The alternatives that could be used to address the unique special circumstances which may exist in some counties that would be adversely affected by the transferability of the work measurement data.	
	(d) It is the intent of the Legislature that county welfare departments which have unique special circumstances that would adversely affect the transferability of work measurement data shall have those special circumstances considered. Alternatives shall be developed by the departments to address those unique circumstances.	
	(e) The Department of Social Services and the Department of Health Services shall consult with the County Welfare Directors' Association and the Service Employees International Union on the design, findings, and implementation recommendations of the study.	
	(f) It is the intent of the Legislature that, for the 1988–89 fiscal year, the Department of Social Services shall utilize the lowest two of the most recent three years for which there is data to set the targets for the AFDC and Food Stamps programs. The Department of Social Services shall implement no more than 25% of the target change based upon the new methodology in the 1988–89 fiscal year. The targets for the Medi-Cal program shall not be changed in the 1988–89 fiscal year from the level budgeted in the 1987–88 fiscal year.

services as provided by Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, and for prevention of child abuse and neglect as provided by Chapter 11, Part 6 of Division 9 of the Welfare and Institutions Code.

2. Provision 1 of Item 5180-101-001 is also applicable to this item.
3. In accordance with the provisions of Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, $496,170,000, consisting of $473,365,000 scheduled in (b) (1) of this item and $22,805,000 in county funds is the designated level of funding for the In-Home Supportive Services Program for fiscal year 1987–88.
4. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $22,800,000 may be made available from the General Fund from funds not otherwise appropriated upon the approval of the Director of Finance to cover the federal share of costs for the In-Home Supportive Services Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.
5. The amount appropriated in Item 5180-151-001 (b) (2), Program 20.35.240, Maternity Care, is appropriated in lieu of the amounts which would otherwise be appropriated pursuant to Sections 16148 and 16151 of the Welfare and Institutions Code.
6. Funds provided by this act to fund Child Abuse and Neglect Prevention programs authorized by this item shall be used to supplement, not supplant, services provided pursuant to Section 16501 of the Welfare and Institutions Code to create a continuum of services.
7. Funds appropriated to the Child Welfare Services Program for county-granted prior year cost-of-living adjustments shall be matched by the required county share pursuant to Section 16500 of the Welfare and Institutions Code.
9. The Department of Social Services shall submit

Item Amount

quarterly reports to the fiscal and policy committees of the Legislature, the Joint Legislative Budget Committee, and the Joint Oversight Committee on the Greater Avenues for Independence Act (GAIN) specifying: (1) the total cost of county GAIN plans approved to date; and (2) the average new per-participant costs of approved plans.

If the cost exceeds the amount assumed in this act, the report shall specify how the department will revise its GAIN spending plan in order to accommodate the higher than anticipated county costs. The department shall also discuss all of the following: (1) whether funding allotted for approved county plans shall be reduced: (2) whether the reduction in available funding will jeopardize the department's commitments to provide additional support to counties that have been promised this support if actual program experience warrants; and (3) whether the higher costs of approved plans will jeopardize the starting date for counties that are anticipated for approval during the fiscal year. If the potential shortfall necessitates reductions in approved county budgets or available funding for counties yet to be approved, the department shall advise the committees of how it proposes to achieve the reductions.

10. It is the intent of the Legislature that caseload-related funds appropriated for Child Welfare Services (CWS) shall be allocated to counties based upon a 100 percent weighting of the CWS caseloads by the 1988–89 fiscal year. For the 1988–89 fiscal year, the department shall develop a formula which separately allocates CWS funds for caseload and direct costs, which shall include, but not be limited to, county-operated emergency shelters and other purchase of service costs. For the 1987–88 fiscal year, the Department of Social Services shall implement a formula for allocating CWS funds that is based upon a weighting of 75 percent for CWS caseloads. In addition, the 1987–88 fiscal year CWS allocation shall take into consideration an adjustment to individual county allocations for counties with county-operated emergency shelter care facilities. No county shall receive

Item Amount

fewer CWS funds in the 1987–88 fiscal year than were received by the county in the 1986–87 fiscal year. The department shall develop the allocation formulas in consultation with the County Welfare Directors' Association (CWDA).

13. The Department of Social Services shall submit by January 1, 1988, a state plan for GAIN implementation. If the department has not submitted a plan by January 1, 1988, no new county plans shall begin operating unless the Department of Finance certifies to the Joint Legislative Budget Committee, the Joint Oversight Committee on GAIN Implementation, and the policy committees of both houses that the plans comply with the provisions of Chapter 1025 of the Statutes of 1985 and control language in this act regarding GAIN related child care, cost reporting, interdepartmental agreements and technical assistance to the counties, and that the county is ready to begin operation after January 1, 1988.
