[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 4527 of the Public Resources Code is amended to read:

4527. "Timber operations" means the cutting or removal or both of timber or other solid wood forest products, including Christmas trees, from timberlands for commercial purposes, together with all the work incidental thereto, including, but not limited to, construction and maintenance of roads, fuel breaks, firebreaks, stream crossings, landings, skid trails, beds for the falling of trees, fire hazard abatement, and site preparation that involves disturbance of soil or burning of vegetation following timber harvesting activities conducted after January 1, 1988, but excluding preparatory work such as treemarking, surveying, or roadflagging. Removal or harvest of incidental vegetation from timberlands, such as berries, ferns, greenery, mistletoe, herbs, and other products, which action cannot normally be expected to result in a threat to forest, air, water, or soil resources, does not constitute timber operations.

SEC. 2. Section 4551.5 of the Public Resources Code is amended to read:

4551.5. Rules and regulations shall apply to the conduct of timber operations and shall include, but shall not be limited to, measures for fire prevention and control, for soil erosion control, for site preparation that involves disturbance of soil or burning of vegetation following timber harvesting activities conducted after January 1, 1988, for water quality and watershed control, for flood control, for stocking, for protection against timber operations which unnecessarily destroy young timber growth or timber productivity of the soil, for prevention and control of damage by forest insects, pests, and disease, for the protection of natural and scenic qualities in special treatment areas identified pursuant to subdivision (b) of Section 30417, and for the preparation of timber harvesting plans. In developing these rules, the board shall solicit and consider

recommendations from the department, recommendations from the Department of Fish and Game relating to the protection of fish and wildlife, recommendations from the State Water Resources Control Board and the California regional water quality control boards relating to water quality, recommendations from the State Air Resources Board and local air pollution control districts relating to air pollution control, and recommendations of the California Coastal Commission relating to the protection of natural and scenic coastal zone resources in special treatment areas.

SEC. 3. Section 4551.7 is added to the Public Resources Code, to read:

4551.7. The board shall, on or before November 1, 1988, adopt regulations pertaining to site preparation that involves disturbance of soil or burning of vegetation following timber harvesting activities conducted after January 1, 1988.

SEC. 4. Section 4562.7 of the Public Resources Code is amended to read:

4562.7. The purpose of this section is to ensure the protection of beneficial uses that are derived from the physical form, water quality, and biological capability of streams. To these ends, in addition to the rules provided for in Section 4551.5, the board shall adopt rules for control of timber operations which will result or threaten to result in unreasonable effects on the beneficial uses of the waters of the state. The rules shall include rules for:

(a) The disposal of petroleum products, sanitary wastes, refuse, and cleaning agents in proper dumps or waste treatment facilities to prevent them from entering streams.

(b) Construction of logging road and tractor trail stream crossings to assure substantially unimpaired flow of water and to assure free passage of fish both upstream and downstream.

(c) Minimizing damage to unmerchantable streamside vegetation, particularly hardwood trees.

(d) Minimizing damage to streambeds or banks resulting from skidding or hauling logs through, across, or into streams, by operating tractors or other heavy equipment in or near streambeds, or by construction of log landings or logging roads in or near the channels of streams.

(e) Control of slash, debris, fill, and side cast earth, resulting from timber operations, which may be carried into streams.

(f) Minimizing the effects of erosion on watercourses and lakes by all of the following:

(1) Installation and maintenance of drainage facilities and soil stabilization treatments as required on timber operations.

(2) Planned abandonment of roads and landings.

(3) Maintenance of installed drainage facilities and soil stabilization treatments on skid trails, roads, and landings for a period of at least one year after filing of the work completion report, provided the report is approved.

SEC. 5. Section 4562.9 is added to the Public Resources Code, to

read:

4562.9. The board shall, on or before November 1, 1988, adopt regulations requiring maintenance of installed drainage facilities and soil stabilization treatments on skid trails, roads, and landings for a period of at least one year, but not to exceed three years, after filing of the work completion report, provided the report is approved.

SEC. 6. Section 4563.5 is added to the Public Resources Code, to read:

4563.5. The department shall, on or before July 1, 1989, report to the Governor and the Legislature on the adequacy of existing resource conservation standards in meeting the objectives of this chapter and achieving the goal of maximum sustained production of high-quality timber products, as specified in Section 4513. The report shall include all of the following:

(a) A description of the status of regeneration at a representative number of timber harvesting sites, within each forest practice district, that were previously determined by the department to be adequately stocked.

(b) Information on the type of silvicultural method originally described in the timber harvesting plan for each site examined.

(c) Any recommendations for regulations or legislation changing the requirements of this chapter, as they pertain to existing resource conservation standards, and limitations, if any, on allowable harvest levels for forest land where regeneration is not occurring consistent with the goals specified in Section 4513.

SEC. 7. Section 4584 of the Public Resources Code is amended to read:

4584. Upon determining that the exemption is consistent with the purposes of this chapter, the board may exempt from the provisions of this chapter or portions thereof, any person engaged in forest management whose activities are limited to any of the following:

(1) The cutting or removal of trees for the purpose of constructing or maintaining a right-of-way for utility lines.

(2) The planting, growing, nurturing, shaping, shearing, removal, or harvest of immature trees for Christmas trees or other ornamental purposes or minor forest products, including fuelwood.

(5) Maintenance of drainage facilities and soil stabilization treatments.

SEC. 8. Section 4585 of the Public Resources Code is amended to read:

4585. (a) Within one month after completion of the work described in the timber harvesting plan, excluding work for stocking, site preparation, or maintenance of drainage facilities and soil stabilization treatments on skid trails, roads, and landings after the plan period a report shall be filed by the timber owner or the owner's

agent with the department that all work, except stocking, site preparation, or maintenance of drainage facilities and soil stabilization, has been completed.

(b) If all of the work described in the plan has not been completed, a report may be filed annually with respect to a portion of the area covered by the plan which has been completed. The portion completed shall be adequately identified on a map submitted with the report.

(c) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 9. Section 4585 is added to the Public Resources Code, to read:

4585. Within one month after completion of the work described in the timber harvesting plan, excluding work for stocking, site preparation, or maintenance of drainage facilities and soil stabilization treatments on skid trails, roads, and landings after the plan period, a report shall be filed by the timber owner or the owner's agent with the department that all work, except stocking, site preparation, or maintenance of drainage facilities and soil stabilization has been completed.

This section shall become operative January 1, 1990.

CHAPTER 988

An act relating to schools.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, in enacting this act, to provide for a complete procedure to allow the reorganization permitted by this act pursuant to all of the provisions of this act, and to ensure that each of the school officials of each affected district undertake his or her duties and responsibilities in a cooperative and positive manner, that each pupil receive a quality education within the legal boundaries of the appropriate districts authorized under this act, and that the reorganization permitted by this act does not interrupt or impede the education by the Fullerton Joint Union High School District of pupils in grades 9 to 12, inclusive, who reside within the boundaries of the Yorba Linda Elementary School District as it exists on the effective date of this act. It is further the intent of the Legislature that all pupils of high school age who now, or in the future, reside within the boundaries of the Yorba Linda Elementary School District, as it exists on the effective date of this act, receive their high school education for grades 9 to 12, inclusive, in the

educational programs provided by the Fullerton Joint Union High School District. For this purpose, all districts concerned are hereby encouraged to cooperate to the fullest extent to ensure that the transition of pupils from the elementary schools of the Placentia Unified School District, if reorganized pursuant to this act, to the high schools of the Fullerton Joint Union High School District will take place in an orderly manner, and that the educational program in the elementary schools will support and, to the greatest extent possible, be compatible with, and supportive of, the educational program of the Fullerton Joint Union High School District. With regard to pupils residing within the Yorba Linda Elementary School District, under the boundaries existing on the effective date of this act, the Placentia Unified School District shall have the same relationship to the Fullerton Joint Union High School District as do component elementary school districts within the Fullerton Joint High School District.

SEC. 2. Notwithstanding Chapter 3 (commencing with Section 35500) or Chapter 4 (commencing with Section 35700) of Part 21 of the Education Code, the boundaries of the Yorba Linda Elementary School District may be reorganized to become coterminous with the Placentia Unified School District, and thus merge those two districts into one new school district, by the performance of all of the following procedures:

(a) The governing boards of each of those two districts shall approve an action to reorganize pursuant to those chapters.

(b) A petition to reorganize, reflecting that approval, shall be filed with the Orange County Superintendent of Schools pursuant to subdivision (c) of Section 35700 of the Education Code.

(c) The county committee on school district organization shall hold one or more public hearings on the petition, pursuant to Article 1 (commencing with Section 35700) of Chapter 4 of Part 21 of the Education Code, and shall, within 90 days of receipt of the petition by the county committee, unless a longer period of time is necessary to carry out the prescribed duties of the county committee, transmit the petition to the State Board of Education with its recommendation appended thereto.

(d) The State Board of Education shall hear the petition pursuant to Article 4 (commencing with Section 35750) of Chapter 4 of Part 21 of the Education Code.

(e) If the State Board of Education approves the petition for reorganization, it shall give notice to the Orange County Superintendent of Schools, who shall call an election on the petition in both the Placentia Unified School District and the Yorba Linda Elementary School District. The reorganization shall be deemed to be approved if approved by a majority of electors of each district voting in that election.

(f) The actual wording of the election proposition, regardless of the form of the ballot card, label, or other election device, and regardless of the system of voting used, shall read as follows:

ANNEXATION—YORBA LINDA SCHOOL DISTRICT TO PLACENTIA UNIFIED SCHOOL DISTRICT	YES	
Shall the Yorba Linda Elementary School District be annexed to the Placentia Unified School District for the purposes of educating pupils in kindergarten and grades 1 through 8 only?	NO	

SEC. 3. Notwithstanding any other provision of law, the Placentia Unified School District shall not, as a result of the reorganization permitted by this act, have any jurisdiction for any of the grades 9 to 12, inclusive, within the boundaries of the Yorba Linda Elementary School District, as the jurisdiction of the Yorba Linda Elementary School District existed upon the effective date of this act.

SEC. 4. The governing board of the Placentia Unified School District shall continue in existence, and shall serve as the governing board of the new district. The agreement shall include a provision for increasing the number of the governing board members from five to seven, for which purpose the governing board of the Yorba Linda Elementary School District shall designate two additional members to be appointed. Approval of the action to reorganize shall constitute the appointment of the designated additional two members, whose terms shall commence on the date of the first meeting of the governing board of the new district and shall terminate after a single term of two years, whereupon the number of governing board members of the Placentia Unified School District shall revert to five.

SEC. 5. Notwithstanding any other provision of law, no statutory provision permitting interdistrict attendance shall apply to pupils in grades 9 to 12, inclusive, who reside within the boundaries of the Yorba Linda Elementary School District, as it existed on the effective date of this act, except to the extent authorized by the governing board of the Fullerton Joint Union High School District.

SEC. 6. The following conditions and requirements shall apply in the event that the reorganization permitted under this act occurs.

(a) The Placentia Unified School District shall provide to the Orange County Superintendent of Schools a list of the names and addresses of all pupils in the district in kindergarten and grades 1 to 12, inclusive, including the names and addresses of the parents or guardians of these pupils, as of October 1 and March 1 of each year. This list shall be provided on or before the last day of October and March, respectively.

The list shall include and be sorted by the name, address, phone number, grade level, and age of each pupil, and the name, address, and phone number of the pupil's parent or legal guardian. Other

information mutually agreed to by the Placentia Unified School District and the Fullerton Joint Union High School District may also be provided.

The list shall include a certification by the superintendent of the Placentia Unified School District that, to the best of his or her knowledge, there are no pupils attending grades 9 to 12, inclusive, in the Placentia Unified School District who reside within the boundaries of the former Yorba Linda Elementary School District, as it existed on the effective date of this act, without the approval of the governing board of the Fullerton Joint Union High School District.

(b) The Orange County Superintendent of Schools shall make the information provided pursuant to subdivision (a) available to the Fullerton Joint Union High School District for the purposes of instructional planning, pupil services, communication with the parents of current and future pupils of the district, master planning, and the fulfillment of the intent and purposes of this act. For all other purposes, this information shall be confidential and not be made available to the public.

(c) The Orange County Superintendent of Schools shall review the information provided pursuant to subdivision (a) to ensure that all pupils residing within the boundaries of the former Yorba Linda Elementary School District, as it existed on the effective date of this act, and who are attending public schools in any of grades 9 to 12, inclusive, are attending schools in the Fullerton Joint Union High School District or have been authorized by the governing board of that district to attend schools outside of the Fullerton Joint Union High School District.

(d) The Placentia Unified School District shall establish and implement reasonable written procedures to ensure that pupils in grades 9 to 12, inclusive, who reside within the boundaries of the Yorba Linda Elementary School District, as it existed on the effective date of this act, do not attend the Placentia Unified School District without the approval of the governing board of the Fullerton Union High School District.

(e) (1) If either the Placentia Unified School District or the Fullerton Joint Union High School District determines that a pupil in any of the grades 9 to 12, inclusive, who resides within the boundaries of the Yorba Linda Elementary School District as it existed on the effective date of this act, is attending a school of the Placentia Unified School District without the authorization of the governing board of the Fullerton Joint Union High School District, that district shall so notify the Superintendent of Public Instruction.

(2) The Superintendent of Public Instruction shall, from the date of receiving that notice, and until that pupil commences attending the Fullerton Union High School District, or receives authorization from the governing board of that district to attend that school, withhold from the apportionments made to the Placentia Unified School District the amount of the apportionment for that pupil, and shall apportion to the Fullerton Joint Union High School District the

amount withheld.

(3) If it is determined that a pupil, without the authorization of the Fullerton Union High School District, had attended any of the grades 9 to 12, inclusive, in the Placentia Unified School District prior to the date of notification under paragraph (1) and that school officials in the Placentia Unified School District knew or reasonably should have known that the pupil resided within the boundaries of the Yorba Linda Elementary School District, as it existed on the effective date of this act, the Superintendent of Public Instruction shall withhold from the apportionments made to the Placentia Unified School District the amount of the apportionment for that pupil for the duration of that unauthorized attendance, not to exceed 36 calendar months, and shall apportion to the Fullerton Union High School District the amount of the withheld apportionments.

SEC. 7. The Placentia Unified School District shall, upon the conclusion of each fiscal year, pay to the Orange County Superintendent of Schools all costs incurred by the Orange County Superintendent of Schools for that fiscal year in administering, monitoring, and evaluating the enrollment information supplied to the Orange County Superintendent of Schools pursuant to Section 6 of this act. The amount of that payment shall be as agreed to by the Orange County Superintendent of Schools and the Placentia Unified School District or, absent that agreement, that amount determined to be a state mandate. This sum of money shall be adjusted annually by the inflation adjustment computed under Section 42238.1 of the Education Code.

SEC. 8. Notwithstanding Article 7 (commencing with Section 35560) of Chapter 3 of Part 20, all liquid and fixed assets of the Yorba Linda Elementary School District shall become the property of the Placentia Unified School District upon reorganization. All other liquid and fixed assets of the Fullerton Joint Union High School District shall remain the property of that district. In addition, the current bonded indebtedness assigned to respective parcels of property as of June 30, 1988, as to each of the affected districts, shall remain assigned until the bonds are retired.

SEC. 9. The action to organize school districts permitted by this act is deemed to be a project that may result in a substantial, or potentially substantial, adverse change in physical conditions within the area that will be affected by the action, for purposes of Division 13 (commencing with Section 21000) of the Public Resources Code.

SEC. 10. The authority to conduct an election pursuant to this act shall be for one election only and shall terminate unless the election is held before January 1, 1990. If the election is not held before January 1, 1990, this act shall remain in effect until January 1, 1990, and as of that date is repealed. If an election is held before January 1, 1990, and a majority of the voters of each of the districts do not approve the reorganization, this act shall remain in effect only until the date immediately following the date of the election, and as of that date is repealed. If an election is held before January 1, 1990, and the

majority of voters of each of the districts approve the reorganization authorized by this act, then this act shall remain in effect unless a later enacted statute provides otherwise.

SEC. 11. Due to the unique circumstances concerning the Fullerton Joint Union High School District, the Yorba Linda Elementary School District, and the Placentia Unified School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. These circumstances are that the boundaries of the Yorba Linda Elementary School District are not contiguous to the Fullerton Joint Union High School District, of which it is a part, although they are contiguous to the Placentia Unified School District.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

(a) The district requesting the apportionment shall submit to the county superintendent of schools having jurisdiction over the district a report issued by an independent auditor approved by the county superintendent of schools on the financial conditions and budgetary controls of the district, a written management review conducted by a qualified management consultant approved by the county superintendent of schools, and a fiscal plan adopted by the governing board to resolve the financial problems of the district.

CHAPTER 994

An act to amend Sections 11965, 11965.5, 11965.7, 11966, 11966.5, 11967, 11967.5, and 11969.5 of, and to add Section 11965.4 to, the Health and Safety Code, relating to drug abuse prevention.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 11965 of the Health and Safety Code is amended to read:

11965. The Legislature makes the following findings and declarations of intent:

(a) A statewide drug abuse primary prevention program is essential in order to address the continuing problem of drug abuse throughout the state, which often exists in combination with other problems such as crime and juvenile delinquency. The program is labeled as "primary" prevention because it is intended to prevent drug abuse before it begins or before it has reached later stages requiring treatment.

(b) The program necessarily emphasizes a continuing partnership between education agencies, drug abuse agencies, community service agencies, parents, and other members of the community. In order to facilitate this partnership, the Legislature

finds and declares that it is of vital importance that fiscal and management responsibilities for the program be shared equitably by education and drug agencies at the county level, and that this cooperation is a major tool in efforts to achieve the successful prevention of drug abuse.

(c) The program established pursuant to this article is intended by the Legislature to delegate primary responsibility for program planning to local school and local drug abuse authorities and their constituents. These agencies are best suited for dealing with lifetime drug using patterns, which are formed during youth and in the family setting.

(d) This article places primary emphasis on youth, families, and communitywide drug abuse prevention planning. Therefore, programs to acquaint professionals serving youth and families, community representatives, parents, and youth with the skills and strategies needed for program implementation is an important aspect of the total program.

SEC. 2. Section 11965.4 is added to the Health and Safety Code, to read:

11965.4. School-community primary prevention programs shall be funded with 90 percent state and 10 percent school district funds.

SEC. 3. Section 11965.5 of the Health and Safety Code is amended to read:

11965.5. This article shall affect only those counties in which the board of supervisors and the county board of education have each adopted a resolution electing to apply for available funds, and have been awarded funds pursuant to Section 11966. Programs funded, planned, and implemented under this article shall emphasize a joint school-community primary prevention program, which may include:

(a) School and classroom-oriented programs, including, but not limited to, programs designed to encourage sound decisionmaking, an awareness of values, an awareness of drugs and their effects, enhanced self-esteem, refusal skills, social and practical skills that will assist students toward maturity, enhanced or improved school climate and relationships among all school personnel and students, furtherance of cooperative efforts of school- and community-based personnel.

(b) School- or community-based nonclassroom alternative programs, or both, including, but not limited to, positive peer group programs, positive role model programs, programs involving youth and adults in constructive activities designed as alternatives to drug use, and programs for special target groups, including, but not limited to, women, ethnic minorities, and other high-risk, high-need populations.

(c) Family-oriented programs, including, but not limited to, programs aimed at improving family relationships and involving parents constructively in the education and nurturing of their children, as well as in specific activities aimed at preventing drug abuse.

SEC. 4. Section 11965.7 of the Health and Safety Code is amended to read:

11965.7. In those counties electing to apply for funds under this article, both the county administrator and the county office of education shall designate units with primary responsibility for planning and administering the School-Community Primary Prevention Program. These units shall work together on a cooperative basis to review and develop the school and community program plan and applications for funds. The joint application of school-community primary drug abuse prevention plan prepared by the county administrator and the county office of education shall be submitted to the local primary prevention advisory committee, as established pursuant to subdivision (b) of Section 11966, for review and comment. After this review, the school-community primary drug abuse prevention plan shall be submitted to the state as a separate and distinct part of a county drug plan. Applications for funding shall be reviewed by an external review selection committee. This committee shall be composed of no less than six members, appointed by the State Department of Alcohol and Drug Programs. The committee shall review applications and make recommendations for grant awards.

SEC. 5. Section 11966 of the Health and Safety Code is amended to read:

11966. The planning process at the county level shall include all of the following, which shall be incorporated into each local school-community primary drug abuse prevention plan submitted to the State Department of Alcohol and Drug Programs:

(a) A copy of the resolutions of the board of supervisors and the county board of education electing to apply for funding under this article, and documentation of public notice as required by Section 11967.

(b) Incorporation of comments on program plans provided by the local primary prevention advisory committee. This committee may be the existing drug abuse advisory board unless the county board of supervisors and the county board of education have each adopted a resolution requiring the formation of an independent committee. Independent committees so established shall consist of 10 members, five members being appointed by the board of supervisors and five by the county board of education.

(c) Certification by the county drug program administrator and the county office of education of each others plans, emphasizing public notice and nonduplication of programming, especially with respect to nonduplication of the drug program application and of any services provided pursuant to Section 51260 of the Education Code.

(d) Submission of the application as required under Section 11965.7.

(e) Evidence that there has been coordination with existing successful programs in the development of the county plans, and assurance of maintenance of current efforts in order to preclude the

use of funds to support existing programs.

(f) Provision for no more than 5 percent of the county level program funds being used for program administration, and specification of measurable goals and objectives for each program to be funded pursuant to the application.

(g) Evidence that any program funded for two years or more under this article has substantially achieved its measurable goals and objectives as specified in the approved application and school-community primary drug abuse prevention plan. The county agencies allocating funds to individual applicants or programs pursuant to the county application and school-community primary drug abuse prevention plan shall have responsibility to institute monitoring systems to insure compliance with this requirement.

(h) In counties in which the board of education is appointed by the board of supervisors, the board of supervisors shall have final authority for application, planning, and implementation of programs funded under this article.

(i) Evidence of the intent and capability of the county to provide for the needs of ethnic minorities and other underserved groups.

11966.5. The school-community primary drug abuse prevention plan from each county shall be submitted, with appropriate documentation as provided in Section 11966, as part of the county drug plan.

Upon receiving a letter from the State Department of Alcohol and Drug Programs specifying the eligible county allocation, both the county drug program administrator and the county office of education shall announce the availability of funds locally under the School-Community Primary Prevention Program pursuant to Section 6061.3 of the Government Code, and shall also disseminate the information to the public media, to school districts within the county, and to community nonprofit organizations providing preventive services to youth. The public notice shall specify the nature and content of the program as provided in this article, and shall inform agencies and organizations concerning the details of applying for funds.

11967.5. Funds provided for purposes of this article shall be administered and allocated as follows:

(a) The total funds available shall be administered by the State Department of Alcohol and Drug Programs.

(b) No more than 7.5 percent of the total amount shall be used for administrative costs. The maximum amount shall be inclusive of administrative costs at the state level. An appropriate portion of such maximum amount shall be used by the state department to develop

school-community primary drug abuse prevention plan guidelines that are consistent with the legislative intent prescribed in Section 11965.7.

14041. (a) The director shall develop and implement standards for the timely processing and payment of each claim type. The standards shall be sufficient to meet minimal federal requirements for the timely processing of claims.

The formula for the payments shall be determined in accordance with regulations establishing the methods to be used and the items to be included.

(2) Will take any action which may be necessary to assure that charges by providers will be reasonable and not higher than the charge for a comparable service and under comparable circumstances made to other payors.

(3) Bills for service under this chapter shall be reviewed and rejected or processed for payment within an average of 18 days from receipt of evidence establishing validity of the bill for payment in the office of the contractor. Ninety percent of all bills submitted to the contractor and under the contractor's control, as set forth in the request for proposal, shall be processed and paid in 30 days and 99 percent of all claims submitted to the contractor and under the contractor's control, as set forth in the request for proposal, shall be processed and paid in 90 days. If it is determined by the contractor that additional evidence of validity is required, the evidence shall be requested within 18 days from the date the bill is received by the contractor. In any event, notice shall be given within 30 days from the date the bill is received concerning the status of the bill submitted if the bill is held for peer review by the contractor beyond 18 days. In no event, shall the number of bills not processed for payment within 30 days of receipt exceed 9 percent of the total bills inventory.

(b) Contracts awarded under this section shall be awarded on a bid basis, and before entering into any contract, the director shall publish notice soliciting bids.

(c) Contracts awarded under this section may provide all of the following:

CHAPTER 997

An act to amend Section 14006.2 of, and to add Sections 14006.3, 14006.4, and 14006.5 to, the Welfare and Institutions Code, relating to health.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that this act require health facility providers to pass on to residents and applicants information regarding Medi-Cal eligibility provided by the State Department of Health Services and not to require those providers to provide advice on eligibility for Medi-Cal benefits.

SEC. 2. Section 14006.2 of the Welfare and Institutions Code is

amended to read:

14006.2. (a) In determining the eligibility of a married individual, pursuant to Section 14005.4 or 14005.7, who, in accordance with Title XIX of the federal Social Security Act and regulations adopted pursuant thereto, is considered to be living separately from his or her spouse, the individual shall be considered to have made a transfer of resources for full and adequate consideration under Section 14006 or 14015 by reason of either of the following:

(1) Having entered into a written agreement with his or her spouse dividing their community property into equal shares of separate property. Property so agreed to be separate property shall be considered by the department to be the separate property of the spouse who, pursuant to the agreement, is the owner of the property. Only in cases in which separate property owned by one spouse is actually made available to the other spouse, may the department count the separate property in the eligibility determination of the nonowner spouse.

(2) Having transferred to his or her spouse all of his or her interest in a home, whether the transfer was made before or after the individual became a resident in a skilled nursing facility or an intermediate care facility in accordance with and to the extent permitted by Title XIX of the federal Social Security Act and regulations promulgated pursuant thereto.

(b) The department shall furnish to all Medi-Cal applicants a clear and simple statement in writing advising them that (1) in the case of an individual who is an inpatient in a skilled nursing facility, intermediate care facility or other medical institution, if the individual or the individual's conservator transferred to the individual's spouse all of the interest in a home, the individual shall not be considered ineligible for Medi-Cal by reason of the transfer; and that (2) if the individual and the individual's spouse execute a written interspousal agreement which divides and transmutes community property into equal shares of separate property, the separate property of the individual's spouse shall not be considered available to the individual and need not be spent by the spouse for the individual's care in a skilled nursing facility, intermediate care facility or other medical institution.

(c) In order to qualify for Medi-Cal benefits pursuant to Section 14005.4 or 14005.7, a married individual who resides in a skilled nursing facility or intermediate care facility, and who is in a Medi-Cal budget unit separate from that of his or her spouse, shall be required to expend his or her other resources for his or her own benefit, so that the amount which remains does not exceed the limit established pursuant to subdivision (c) of Section 14006. For purposes of this section, the term "his or her other resources" shall be limited to the following:

(1) All of his or her separate property that would not have been exempt under applicable Medi-Cal laws and regulations at the time when he or she entered a skilled nursing or intermediate care

facility, or at the date of execution of the agreement referred to in this section, whichever is earlier. For purposes of this paragraph, the mere change of residence from one facility to another shall not be deemed to be a new entry.

(2) One-half of all the community property, or the proceeds from the sale or exchange of that property, that would not have been exempt at the time described in paragraph (1).

(d) For purposes of subdivision (c), in the absence of an agreement such as that referred to in subdivision (a), there shall be a presumption, rebuttable by either spouse, that all property owned by either spouse was community property.

(e) The statement furnished pursuant to subdivision (b) shall advise all persons entering a long-term care facility, and all Medi-Cal applicants that only their half of the community property shall be taken into account in determining their eligibility for Medi-Cal, whether or not they execute the written interspousal agreement referred to in the statement.

SEC. 3. Section 14006.3 is added to the Welfare and Institutions Code, to read:

14006.3. Any skilled nursing facility or intermediate care facility shall, prior to admitting any person, provide a clear and simple statement, in writing, in a form and language specified by the department, to that person and that person's spouse and responsible relative which explains how Medi-Cal eligibility requirements affect their separate and community property.

SEC. 4. Section 14006.4 is added to the Welfare and Institutions Code, to read:

14006.4. (a) The statement required by Sections 14006.2 and 14006.3 shall be in the following form:

"NOTICE REGARDING SEPARATE AND COMMUNITY PROPERTY AND ELIGIBILITY FOR MEDI-CAL

"If you or your spouse is in or is entering Long-Term Care, read this important message!

You both do not have to use all your resources, such as savings, before Medi-Cal might help pay for all or some of the long-term care costs.

You should be aware of the following to take advantage of this provision of the law:

If you and your spouse have a written property agreement (Interspousal Agreement) dividing your community property into equal shares, only the spouse in long-term care has to spend his or her resources down to the Medi-Cal property limit before Medi-Cal might help pay for nursing home costs. The at-home spouse's share of the resources does not have to be used.

Even if you do not have a written agreement, the county welfare department will automatically divide your community property for Medi-Cal purposes at the time the long-term care spouse applies for

Medi-Cal. This automatic division is computed as of the date the spouse entered long-term care.

A spouse in long-term care may transfer all his or her interest in the home to the at-home spouse without affecting Medi-Cal eligibility.

The Medi-Cal program assumes that all of a married couple's income is community income, so it can be divided into equal shares when one spouse is in long term care. However, if the spouse at home receives more than half of the couple's community property income in his or her own name, the spouse at home may keep the larger share.

This is only a brief description of the Medi-Cal eligibility rules, for more detailed information, you should call your county welfare department. You will probably want to consult with the local branch of the state long-term care ombudsman, an attorney, or a legal services program for seniors in your area.

I have read the above notice and have received a copy.

Dated: _____ Signature: _____ "

(b) The statement required by subdivision (a) shall be printed in at least 10-point type, shall be clearly separate from any other document or writing, and shall be signed by the person to be admitted and that person's spouse, and any responsible relative.

(c) Any skilled nursing facility or intermediate care facility that willfully fails to comply with this section shall be subject to a class "B" citation, as defined by Section 1424 of the Health and Safety Code.

(d) The department may revise this statement as necessary to maintain its consistency with state and federal law.

SEC. 5. Section 14006.5 is added to the Welfare and Institutions Code, to read:

14006.5. The department shall include training regarding the treatment of separate and community income and resources in determining eligibility for Medi-Cal benefits, as part of the ongoing training offered to county welfare departments.

SEC. 6. All skilled nursing facilities and intermediate care facilities shall provide to all of their residents the statement required by Section 14006.3 of the Welfare and Institutions Code, as added by Section 4 of this act, immediately upon receipt of notice from the State Department of Health Services. Subdivision (c) of Section 14006.4 shall also apply to this section.

(2) Contribute toward reimbursement of the retirement system for administrative expenses incurred in responding to this situation, to the extent the employer is determined by the executive officer to be at fault.

SEC. 4. There is hereby appropriated from the Public Employees' Retirement Fund the amount of ten thousand dollars ($10,000) to the Public Employees' Retirement System for the purpose of informing annuitants and employers regarding the provisions of Sections 2 and 3 of this act.

CHAPTER 1002

An act to amend Sections 53077, 54997, and 54998 of the Government Code, relating to fees.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 53077 of the Government Code is amended to read:

53077. (a) If a local agency requires the payment of a fee specified in paragraph (2) of subdivision (b) in connection with the approval of a development project, the local agency receiving the fee shall deposit it with the other fees for the improvement in a separate capital facilities account or fund in a manner to avoid any commingling of the fees with other revenues and funds of the local agency, except for temporary investments, and expend those fees solely for the purpose for which the fee was collected. Any interest income earned by moneys in the capital facilities account or fund shall also be deposited in that account or fund and shall be expended only for the purpose for which the fee was originally collected, except that the requirements of this sentence shall not apply to interest on the fees paid pursuant to Section 66477 until January 1, 1985.

(b) For purposes of this section:

(1) "Development project" means any project undertaken for the purpose of development. "Development project" includes a project involving the issuance of a permit for construction or reconstruction, but not a permit to operate.

(2) "Fee" means any fee imposed to provide for an improvement to be constructed to serve a development project, or which is a fee within the meaning of subdivision (b) of Section 66000, as added by Assembly Bill 1600 of the 1987–88 Regular Session, if enacted, and that is imposed by the local agency as a condition of approving the development project.

(3) "Local agency" means a county, city, whether general law or chartered, city and county, school district, special district, or any other municipal public corporation or district.

(c) Any person may request an audit of any local agency fee or charge that is subject to Section 54997, including fees or charges of school districts, in accordance with that section.

(d) The Legislature finds and declares that untimely or improper allocation of development fees hinders economic growth and is, therefore, a matter of statewide interest and concern. It is, therefore, the intent of the Legislature that subdivision (a) shall supersede all conflicting local laws and shall apply in charter cities.

SEC. 2. Section 54997 of the Government Code is amended to

read:

54997. (a) Any person may request an audit in order to determine whether any fee or charge levied by a local agency exceeds the amount reasonably necessary to cover the cost of any product or service provided by the local agency. If a person makes that request, the legislative body of the local agency may retain an independent auditor to conduct an audit to determine whether the fee or charge is reasonable.

(b) Any costs incurred by a local agency in having an audit conducted by an independent auditor pursuant to subdivision (a) may be recovered from the person who requests the audit.

(c) Any audit conducted by an independent auditor to determine whether a fee or charge levied by a local agency exceeds the amount reasonably necessary to cover the cost of providing the product or service shall conform to generally accepted auditing standards.

(d) The procedures specified in this section shall be alternative and in addition to those specified in Section 54985.

(e) "Local agency," as used in this chapter, means a county, city, whether general law or chartered, city and county, school district, special district, or any other municipal public corporation or district.

(f) The Legislature finds and declares that oversight of local agency fees is a matter of statewide interest and concern. It is, therefore, the intent of the Legislature that this chapter shall supersede all conflicting local laws and shall apply in charter cities.

SEC. 3. Section 54998 of the Government Code is amended to read:

54998. This chapter shall not be construed as granting any additional authority to any local agency to levy any fee or charge which is not otherwise authorized by another provision of law nor shall its provisions be construed as granting authority to any local agency to levy a new fee or charge when other provisions of law specifically prohibit the levy of a fee or charge.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1003

An act to add and repeal Sections 447 and 1021.1 of the Code of Civil Procedure, relating to civil actions.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 447 is added to the Code of Civil Procedure, to read:

447. (a) The signature of an attorney or party constitutes a certificate by him or her that he or she has read the pleading, motion, or other paper; that to the best of his or her knowledge, information, and belief formed after reasonable inquiry, it is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; and that it is not interposed for any improper purpose, such as to harass or cause unnecessary delay or needless increase in the cost of litigation. If a pleading, motion, or other paper is not signed, it shall be stricken unless it is signed promptly after the omission is called to the attention of the pleader or movant. If a pleading, motion, or other paper is signed in violation of this section, the court, upon motion or upon its own initiative, shall impose upon the person who signed it, a represented party, or both, an appropriate sanction, which may include an order to pay the other party or parties the amount of the reasonable expenses incurred because of the filing of the pleading, motion, or other paper, including a reasonable attorney's fee. Sanctions may be imposed only after notice and opportunity to be heard. An order imposing sanctions shall be in writing, and shall recite in detail the circumstances justifying sanctions.

(b) This section shall apply only in Riverside County and San Bernardino County. The Legislature finds and declares that, in order to assess the impact of this section on a limited basis before making it applicable on a statewide basis, it is necessary for this section to be applicable for a limited period of time in those counties.

(c) This section shall remain in effect until January 1, 1991, and on that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends that date.

SEC. 2. Section 1021.1 is added to the Code of Civil Procedure, to read:

1021.1. (a) Reasonable attorney's fees, may be awarded in an amount to be determined in the court's discretion, to a party to any civil action as provided by this section, and that award shall be made upon notice and motion by a party and shall be an element of the costs of suit.

(b) A party may be entitled, in the discretion of the court, to an award of attorney's fees under this section if all of the following

conditions are met:

(1) The party has made an offer for judgment under Section 998.

(2) That offer was not accepted within the time provided in Section 998.

(3) The party to whom the offer was made thereafter failed to obtain a more favorable judgment.

The party making the offer shall be entitled to attorney's fees only for legal services rendered after the date of the offer.

(c) In exercising its discretion to award attorney's fees the court shall consider the following factors:

(1) The reasonableness or lack thereof, of a party's failure to accept an offer for judgment under Section 998 in light of the facts known to the party at the time, of which, in light of all of the circumstances, should have been known to the party. Reasonableness shall be determined by a consideration of at least the following matters:

(A) The then apparent merit or lack of merit in the claim that was the subject of the action.

(B) The closeness of the questions of fact and law at issue.

(C) Whether the offeror has unreasonably refused to furnish information necessary to evaluate the reasonableness of the offer.

(D) Whether the action was in the nature of a "test case," presenting questions of far-reaching importance affecting nonparties.

(E) The relief that might reasonably have been expected if the claimant should prevail.

(F) The amount of the additional delay, cost, and expense that the offeror reasonably would be expected to incur if the litigation should be prolonged.

(G) Those other matters that the court may deem relevant in the interest of justice.

(2) The amount of damages and other relief sought and the results obtained for the client.

(3) The efforts made by the parties or the attorneys to settle the controversy.

(4) The existence of any bad faith or abuse of legal procedure by the parties or the attorneys.

(d) In exercising its discretion to determine the amount of attorney's fees to be awarded, the court shall consider the following factors, except that in no event shall the amount awarded exceed a reasonable fee for the services actually rendered.

(1) Customary fees in the community in which the action or proceeding is pending charged by attorneys with similar experience or expertise.

(2) The time and labor reasonably required to be spent by the attorney or attorneys.

(3) The experience and ability of the attorneys generally within the profession and also with respect to the action or proceeding.

(4) The novelty and difficulty of the questions involved and the

skill required to perform the services properly.

(5) The extent to which the acceptance of the particular matter imposes extraordinary burdens on the attorney or attorneys (A) by way of precluding other employment, (B) by the time limitations imposed by the client, or (C) by the circumstances.

(6) Whether the fee is fixed or contingent.

(7) Those other factors that the court may deem relevant in the interest of justice, including any of the factors described in subdivision (c).

(e) Nothing in this section shall be construed to repeal or modify any other statutory provision for the award of attorney's fees or to diminish any express or implied contractual right which a party to a civil action may otherwise have to obtain an award of attorney's fees for the prosecution or defense of an action.

(f) No attorney's fees shall be awarded pursuant to this section in any of the following instances:

(1) Against a party who is proceeding in forma pauperis or a party whom the court has found not to have the financial ability to pay fees or who would suffer an unreasonable financial hardship if ordered to pay fees.

(2) For or against any party with respect to any cause of action under which an award for reasonable attorney's fees is authorized or required by any other federal or California statute.

(3) For or against any party with respect to any cause of action or proceeding commenced or prosecuted under the provisions of Title 7 (commencing with Section 1230.010) of Part 3.

(4) For or against any party in any action in which one or more of plaintiffs seek to proceed as a class under Section 382.

(5) For or against any party as to any cause of action the gravamen of which is personal injury, wrongful death, or injunctive relief.

(g) The determination under this section shall be made after the final disposition of the action.

(h) This section shall apply only in Riverside County and San Bernardino County. The Legislature finds and declares that, in order to assess the impact of this section on a limited basis before making it applicable on a statewide basis, it is necessary for this section to be applicable for a limited period of time in those counties.

(i) This section shall remain in effect until January 1, 1991, and on that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends that date.

SEC. 3. (a) It is the purpose of this act to reduce court congestion. It is the further purpose of adding Section 447 to the Code of Civil Procedure to determine whether that section will result in pleadings that are accurate, based upon a reasonable investigation, and are not frivolous. For courts in Riverside County and San Bernardino County the effectiveness of this act shall be determined by whether, and to what extent, this act accomplishes the following goals:

(1) Reduces caseload by 20 percent.

(2) Reduces frivolous actions by 20 percent.

(3) Increases the early settlement of cases by 20 percent.

(b) The Judicial Council shall assess the impact of this act upon the courts to which it applies, and shall report its findings to the Legislature on or before January 1, 1991. The assessment and report shall include a determination of the number of filings in affected courts, the number of issues involving verification of pleadings that were raised, whether those issues required a court hearing, the number of cases in which sanctions were requested under Section 447 of the Code of Civil Procedure, and whether the judges believe that Section 447 of the Code of Civil Procedure contributes to a reduction of unfounded civil litigation. The report shall particularly address whether this act has accomplished the goals set forth in subdivision (a).

(c) The presiding judges of the courts in which this act applies shall cooperate with the Judicial Council in the assessment and report required by this section.

CHAPTER 1004

An act to amend Sections 4200, 5604, and 5763 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 4200 of the Welfare and Institutions Code is amended to read:

4200. Each state hospital under the jurisdiction of the State Department of Mental Health shall have a hospital advisory board of eight members appointed by the Governor from a list of nominations submitted to him by the boards of supervisors of counties within each hospital's designated service area. If a state hospital provides services for both the mentally disordered and the developmentally disabled, there shall be a separate advisory board for the program provided the mentally disordered and a separate board for the program provided the developmentally disabled. To the extent feasible, an advisory board serving a hospital for the mentally disordered shall consist of one member who has been a patient in a state mental hospital and two members shall be the parents, spouse, siblings, or adult children of persons who are or have been patients in a state mental hospital, three representatives of professional disciplines who are not employees of the state hospital system, but who are serving the mentally disordered, and two representatives of the general public who have demonstrated an interest in services to the mentally disordered.

Of the members first appointed after the operative date of the amendments made to this section during the 1975–76 legislative session, one shall be appointed for a term of two years, and one for three years. Thereafter, each appointment shall be for the term of three years, except that an appointment to fill a vacancy shall be for the unexpired term only. No person shall be appointed to serve more than a maximum of two terms as a member of the board.

Notwithstanding any provision of this section, members serving on the hospital advisory board on the operative date of the amendments made to this section during the 1987–88 legislative session, may continue to serve on the board until the expiration of their term. The Legislature intends that changes in the composition of the board required by these amendments apply to future vacancies on the board.

SEC. 2. Section 5604 of the Welfare and Institutions Code, as amended by Chapter 179 of the Statutes of 1986, is amended to read:

5604. (a) Each community mental health service shall have an advisory board of 17 members appointed by the governing body except that the boards in counties with a population of less than 100,000 may have a minimum of 11 members. One member of the advisory board shall be a member of the local governing body. Not less than 51 percent of the members of the advisory board shall be persons representative of the public interest in mental health.

(1) In counties with 100,000 or more population, not less than six of the members representing the public interest shall be persons or the parents, spouse, sibling, or adult children of persons, who are receiving or have received mental health services from a city or county Short-Doyle program or any of its contract agencies, a state hospital, or any public or private nonprofit mental health agency and at least two shall be persons who are receiving or have received mental health services and at least two shall be the parents, spouse, sibling, or adult children of persons receiving or who have received, these mental health services.

No more than one appointee from each of these professions shall be selected. Persons in the professions of education, law, criminal justice, and fiscal management may be considered as representatives of the general public. For members representing the public interest, the governing body shall appoint persons representing different disciplines.

(b) The term of each member of the board shall be for three years. However, of the members first appointed to a board with 17 members, six shall be appointed for one year, six for a term of two years, and five for a term of three years. For members appointed to boards of less than 17 members, the governing body shall equitably stagger the appointments so that approximately one-third of the appointments shall be for one year, one-third for two years, and one-third for three years. If, however, prior to the expiration of the term a member ceases to retain the status which qualified the person for appointment on the board, the membership on the board shall terminate and there shall be a vacancy on the board.

(c) If two or more local agencies jointly establish a community mental health service under Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the advisory board for the community mental health service shall consist of an additional two members for each additional agency, one of whom shall be a member of the governing body or a person who does not qualify as a professional member under this section designated by the governing body and the second of whom shall be a person or a parent, spouse, sibling, or adult child of a person who has received mental health services.

(d) No member of the advisory board or his or her spouse shall be a full-time or part-time county employee of a county mental health service, an employee of the State Department of Mental Health, or an employee of, or a paid member of the governing body of, a Short-Doyle contract agency. Members of the advisory board shall abstain from voting on any issue in which the member has a financial interest, as defined in Section 87103 of the Government Code.

(f) The composition of the mental health advisory board shall reflect the minority population found in the county. A statement shall be included in the mental health plan or contract as to the ways equitable representation will be achieved and a timetable for achieving equitable representation.

(g) Notwithstanding any provision of this section, members serving on the advisory board on the operative date of the amendments made to this section during the 1987–88 legislative session, may continue to serve on the board until the expiration of their term. The Legislature intends that changes in the composition of the board required by these amendments apply to future vacancies on the board.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 3. Section 5604 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 1295 of the Statutes of 1985, is amended to read:

Not less than 51 percent of the members of the advisory board shall be persons representative of the public interest in mental health.

(1) In counties with 100,000 or more population, not less than six of the members representing the public interest shall be persons or the parents, spouse, sibling, or adult children of persons, who are receiving or have received mental health services from a city or county Short-Doyle program or any of its contract agencies, a state hospital, or any public or private nonprofit mental health agency and at least two shall be persons who are receiving or have received mental health services and at least two shall be the parents, spouse, sibling, or adult children of persons receiving or who have received mental health services.

(2) In counties under 100,000 population, at least one member shall be a person who is receiving or has received mental health services.

No more than one appointee from each of these professions shall be selected. Persons in the professions of education, law, criminal justice, and fiscal management may be considered as representatives of the general public. For members representing the public interest, the governing body shall appoint persons representing different disciplines.

(b) The term of each member of the board shall be for three years. However, of the members first appointed to a board with 17 members, six shall be appointed for one year, six for a term of two years, and five for a term of three years. For members appointed to boards of less than 17 members, the governing body shall equitably stagger the appointments so that approximately one-third of the appointments shall be for one year, one-third for two years, and one-third for three years. If, however, prior to the expiration of such term a member ceases to retain the status which qualified the person for appointment on the board, the membership on the board shall terminate and there shall be a vacancy on the board.

(c) If two or more local agencies jointly establish a community

mental health service under Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the advisory board for the community mental health service shall consist of an additional two members for each additional agency, one of whom shall be a member of the governing body or a person who does not qualify as a professional member under this section designated by the governing body and the second of whom shall be a person or a parent, spouse, sibling, or adult child of a person who has received mental health services.

(d) No member of the advisory board or his or her spouse shall be a full-time or part-time county employee of a county mental health service, an employee of the State Department of Mental Health, or an employee of, or a member of the governing body of, a Short-Doyle contract agency.

(e) If it is not possible to secure membership as specified from among persons who reside in the county, the governing body may substitute representatives of the public interest in mental health who are not full-time or part-time employees of the county mental health service, the State Department of Mental Health, or on the staff of, or a member of the governing body of, a Short-Doyle contract agency.

(f) The composition of the mental health advisory board shall reflect the minority population found in the county. A statement shall be included in the mental health plan or contract as to the ways equitable representation will be achieved and a timetable for achieving equitable representation.

This section shall become operative January 1, 1990.

The attachment of the California Council on Mental Health to the State Department of Mental Health shall not limit the council's scope of concern to mental health programs or limit the council's responsibilities or functions regarding all other pertinent state and local programs, as defined in subdivision (c) of Section 5764.

The administrative attachment of the council to the State Department of Mental Health shall not be construed to interfere in any way with the provisions of Section 5766.2 requiring all personnel employed by the council to be responsible to the council.

The council shall consist of 15 appointed voting members. There shall be one member who shall be a member of the California Conference of Local Mental Health Directors. There shall be five

If prior to the expiration of a term a member ceases to retain the status which qualified him or her for appointment on the council, his or her membership on the council shall terminate and there shall be a vacancy on the council.

The members of the California Council on Mental Health shall

serve without compensation but shall be reimbursed for any actual and necessary expenses incurred in connection with the performance of their duties under this chapter.

The provisions of Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 of the Penal Code shall not apply to reduce any minimum term of 25 years in state prison when the person is guilty of murder in the second degree and the victim was a peace officer, as defined in this subdivision, and such person shall not be released prior to serving 25 years confinement.

(b) Every insurer issuing workers' compensation insurance policies under the laws of this state shall file annually with the rating organization designated by the commissioner information relating to dividend payments made to its policyholders. Information filed shall be in sufficient detail to permit the rating organization to prepare for the commissioner's review and approval, a report showing in the aggregate for all companies premiums earned, losses incurred, and dividends paid the preceding calendar year under policies containing a participating provision, separately by premium size and loss ratio categories, as may reasonably be prescribed by the commissioner.

(c) Information submitted by individual companies pursuant to this section shall be confidential and not subject to public disclosure under any law of this state.

CHAPTER 1010

An act to add Section 33608 to the Health and Safety Code, and to add Section 97.9 to the Revenue and Taxation Code, relating to redevelopment.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 33608 is added to the Health and Safety Code, to read:

33608. (a) All acts and proceedings heretofore or hereafter taken under color of law by a charter city meeting the criteria of subdivision (g) and its redevelopment agency in a county with a population over 4,000,000 with respect to a reimbursement

agreement executed pursuant to Section 33445 of the Health and Safety Code dated July 7, 1986, and as amended as of July 13, 1987, are hereby confirmed, validated, and declared legally effective to the extent the agreement could have been authorized by the Legislature initially, except as to limitations imposed by the California and United States Constitutions. The validation provided by this section shall be the only determination necessary to satisfy the requirement of subdivision (e) of Section 33675 of the Health and Safety Code and those provisions shall not apply to the agreement otherwise. The Legislature finds and declares that this section is consistent with existing law and does not conflict with either Article XIII B or Section 16 of Article XVI of the California Constitution.

(b) If the commencement of reimbursement of the principal amount of indebtedness of the agency under an agreement referred to in subdivision (a), or any predecessor agreement executed pursuant to Section 33445 of the Health and Safety Code, is delayed beyond 10 years after the date of execution of the agreement for any reason, the agency and the city may amend or enforce the reimbursement agreement, or any predecessor thereto, to provide for the payment of interest. The interest may accrue, as to reimbursement for any particular property or improvement, from the date of acquisition, construction, or installation thereof until the date of the reimbursement agreement and thereafter, until payment of the principal and interest by the agency. The interest shall be at the rate specified in the reimbursement agreement, not to exceed the rate of interest earned by the treasurer of the city on investments of the city's pooled funds. Subject to that limitation, interest on the indebtedness may be calculated pursuant to any generally accepted method of computation, including, without limitation, any method which allows the compounding of interest monthly or at other appropriate intervals.

(c) Reimbursements for any indebtedness under the reimbursement agreement referred to in subdivision (a) shall be (1) first allocated for the funding requirements of the fire and police retirement fund of the city and (2) then deposited into the Low and Moderate Income Housing Fund of the agency. However, this section shall not be construed to authorize any reimbursement of indebtedness which is not permissive under Section 16 of Article XVI of the California Constitution.

(d) The reimbursement agreement shall not be amended without the approval of the Legislature, by statute, and the obligation created by the reimbursement agreement shall terminate on December 31, 2014.

(e) In addition to any amounts provided to the city's fire and police retirement system under the reimbursement agreement, to the extent permitted by law, the city shall undertake, by ordinance, to contribute additional moneys from its general fund annually and transfer assets (including, without limitation, income producing assets such as parking garages) as necessary and actuarially

appropriate to satisfy its fire and police retirement fund obligation. When this obligation has been actuarily funded, all assets contributed pursuant to this section shall revert to the city.

(f) The obligations created by the reimbursement agreement specified in subdivision (a) shall be deemed to be existing obligations for purposes of subdivision (d) of Section 33334.6 incurred by the agency to finance a redevelopment project existing on, and created prior to, January 1, 1986. The statement of existing obligations required by subdivision (f) of Section 33334.6 shall be deemed amended to include the obligations created by this reimbursement agreement. The agency shall make deposits into the Low and Moderate Income Housing Fund of the agency in accordance with the reimbursement agreement. These deposits shall be the only obligations that the agency shall have to deposit money in the Low and Moderate Income Housing Fund under subdivision (a) of Section 33334.2 or Section 33334.6, with respect to the project area subject to the reimbursement agreement, notwithstanding any other provision of law.

(g) This section applies to any charter city meeting all of the following criteria:

(1) The city's retirement system is part of the city's charter and was approved by the voters before July 1, 1978.

(2) The city did not levy a separate ad valorem property tax rate to support the retirement system in the 1983–84 fiscal year.

(3) The retirement system provides for a cost-of-living adjustment which is indexed to a consumer price index and does not limit the annual increases which may be paid to members after their retirement.

(4) The retirement system is not currently available to newly hired fire and police employees and will not be available in the future.

(5) Before January 1, 1985, the city unsuccessfully litigated a limit to the cost-of-living adjustment which may be paid to members of the retirement system after their retirement.

(6) The governing body of the city has, by resolution, elected to make this section applicable to it. This election shall be final and binding and may not be revoked for any reason.

(h) "Agency," as used in this section, includes a community development commission exercising the powers of a redevelopment agency pursuant to Section 34141.

SEC. 2. Section 97.9 is added to the Revenue and Taxation Code, to read:

97.9. (a) Notwithstanding any other provision of this part or Part 8 (commencing with Section 4651) of Division 1, when all loans, advances, or indebtedness incurred to finance or refinance a redevelopment project subject to a reimbursement agreement validated by Section 33608 of the Health and Safety Code have been paid as provided in subdivision (b) of Section 33670 of the Health and Safety Code, the portion of taxes specified in subdivision (b) of this

section that is produced by property within the redevelopment project area and that would otherwise have been allocated and distributed to the city, shall instead be allocated and distributed as follows:

(1) Fifty percent of these tax revenues shall be distributed to the affected school entities specified in Section 95 until the school entities have received the amount, including interest, specified in this subdivision. The amount of taxes allocated under this subdivision shall be equal to the aggregate amount of taxes that would have otherwise been received by the school entities in the years 2006 to 2014, inclusive, but for the reimbursement paid to the city pursuant to the agreement specified in Section 33608 of the Health and Safety Code, plus simple interest on the unpaid balance at an annual rate of 7 percent, accruing from and after January 1, 2006, until payment in full.

(2) The balance of these tax revenues shall be paid to the city, including the remainder of the portion of taxes specified in subdivision (b) available after the distribution made pursuant to paragraph (1).

(b) This section applies to that portion of the property tax revenues from property within the redevelopment project area subject to Section 33608 of the Health and Safety Code which is in excess of the property tax revenues that would be produced by the rate upon which the tax is levied each year by or for the city upon the total sum of the assessed value of the taxable property in the redevelopment project area as shown upon the assessment roll used in connection with the taxation of the property by the city, last equalized prior to the effective date of the ordinance approving the final redevelopment plan for that redevelopment project area.

(c) For purposes of all other allocations of property taxes under this code, the amount allocated to school entities by this section shall be treated as having been allocated to the city.

(d) The county auditor may assess the city for, and the city shall pay to the county auditor, the actual costs of making the reallocation and payment of property taxes required by this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1011

An act to amend Sections 53179, 53181, and 53183 of, and to add Section 53179.5 to, the Government Code, relating to public finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

(c) "Fund" means the District Reimbursement Fund created pursuant to Section 53197.

(d) "Landowner" or "owner of land" has the same meaning as in the financing act employed in conjunction with this chapter.

(e) "Legislative body" means the legislative body, governing board, or board of directors of any local agency.

(f) "Local agency" means any city or county, whether general law or chartered, special district, school district, joint powers entity created pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, or any other municipal corporation or district.

SEC. 2. Section 53179.5 is added to the Government Code, to read:

53179.5. (a) The legislative bodies of two or more local agencies may enter into a joint public facilities financing agreement pursuant to this section or into a joint exercise of powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 to exercise any power authorized by this chapter if the legislative body of each entity adopts a resolution declaring that a joint agreement would be beneficial to the residents of that entity.

(b) Notwithstanding Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, a contracting party may use the proceeds of any levy made pursuant to this chapter, or of any indebtedness or warrants issued pursuant to this chapter, to provide facilities or services which that contracting party is otherwise authorized by law to provide, even though another contracting party does not have the power to provide those facilities or services.

(c) The agreement entered into pursuant to subdivision (a) shall contain a description of the facilities and services to be provided or acquired under the agreement. The agreement shall also provide for the division of responsibility to provide any of the facilities or services among the entities entering into the agreement. The agreement shall provide for the allocation and distribution of the proceeds of any special tax levy among the parties to the agreement.

SEC. 3. Section 53181 of the Government Code is amended to read:

53181. Proceedings to create an integrated financing district shall be instituted by the local agency by adopting a resolution of intention to create the integrated financing district which shall include all of the following, and which may be combined with any similar resolution required in the financing act:

(a) A statement that the local agency will proceed under the authority of this chapter.

(b) A description of the boundaries of the proposed integrated financing district, which need not be the same as the boundaries of the district created pursuant to the financing act.

(c) A description of the rates and methods of apportionment over time of any levy proposed under this chapter, and the contingencies under which each levy will be made. A contingent assessment shall be specified as a fixed dollar amount per unit of area for parcels developed into each of several land use categories, as determined by the legislative body, except that the legislative body may provide that the fixed dollar amount may be adjusted annually by an interest rate, as determined by the legislative body. The cumulative interest rate adjustment shall not exceed 100 percent.

(d) A description of the proposed uses of funds arising from any levy made pursuant to this chapter, including a description of any facilities to be constructed with the funds, and an estimate of the cost of those facilities.

(e) A description of any proposed reimbursement agreement.

(f) A statement that a public hearing on proposals made under this chapter will be combined with any hearing or hearings required under the financing act, and a description of the procedures for interested persons to protest against the proposals.

SEC. 4. Section 53183 of the Government Code is amended to read:

53183. (a) At any time not later than the hour set for hearing objections to the proposed work, any owner of property liable to be assessed pursuant to this chapter may make a written protest against the proposed work, the extent of the territory to be assessed, the proposed rate and method of apportionment of any contingent assessments, any levy proposed to be made pursuant to a financing act, any agreement entered into pursuant to the financing act or pursuant to this chapter, or any combination thereof. Any protest pertaining to a levy made pursuant to a financing act shall be heard and shall have the force and effect provided in the financing act. Any protest pertaining to a contingent assessment shall be in writing, contain a description of the property in which each signer is interested, sufficient to identify the property, and, if the signers are not shown on the last equalized assessment roll as the owners of the property, contain, or be accompanied by, written evidence that the signers are the owners of the property. All of the protests shall be delivered to the clerk and no other protests or objections shall be considered.

(b) At the time set for hearing protests, the legislative body shall proceed to hear and pass upon all protests so made and its decision shall be final and conclusive. The legislative body may adjourn the hearings from time to time. Any protest may be withdrawn, in writing, by the owner making the protest at any time prior to the conclusion of the protest hearing.

(c) In lieu of hearing and passing upon protests, the legislative body may continue the hearing of protests to a day certain and refer the protests to the superintendent of streets for investigation, report, and recommendation as to the improvement and matters included in the protests. The report and recommendation of the superintendent of streets shall be in writing, and a copy thereof shall be mailed not less than five days prior to the continued hearing date for protests to each person owning property liable to be assessed who has made a written protest. At the time set for the continued hearing, the legislative body shall hear and pass upon the report and recommendation of the superintendent of streets and its decision shall be final and conclusive. The legislative body may adjourn the hearing from time to time. Protests may be withdrawn in the same manner as provided in subdivision (b).

(d) If the protest is against the proposed contingent assessment and the legislative body finds that the protest is made by the owners of more than one-half of the area of the property within the proposed integrated financing district which is proposed to be subject to the contingent assessment immediately or in the future, or which is

proposed to be subject to a levy made pursuant to a financing act immediately or in the future, and protests are not withdrawn so as to reduce the same to less than a majority, no further proceedings to levy the specified contingent assessment shall be taken pursuant to this chapter for a period of one year from the date of the decision of the legislative body on the hearing.

(e) If it is necessary to determine whether any or all of the signers of written protests are the owners of property to be assessed, in order to find whether a majority protest exists, the legislative body shall make that determination from the last equalized assessment roll, any written evidence submitted with a written protest, and any other evidence received at the hearing. The legislative body shall be under no duty to obtain or consider any other evidence as to ownership of property and its determination of ownership shall be final and conclusive.

(f) If no written protests have been delivered to the clerk up to the hour set for hearing protests, if protests have been found by the legislative body to be insufficient or have been overruled, or if protests against the extent of the proposed district have been heard and denied, the legislative body shall immediately have jurisdiction to order the contingent assessment to be levied, and to enter into a proposed reimbursement agreement.

(g) Nothing in this chapter prohibits the legislative body, within the one-year period referred to in subdivision (d), from commencing and carrying on new proceedings for the levy of the proposed contingent assessment or entry into the proposed reimbursement agreement which was subject to protest if the legislative body finds, by the affirmative vote of four-fifths of its members, that the owners of a majority of the property within the area of the integrated financing district are in favor of commencing and carrying on those proceedings.

SEC. 5. Notwithstanding Section 29080 of the Government Code, for the 1987–88 fiscal year counties shall begin public hearings on their final 1987–88 budgets no later than September 11, 1987, and shall complete these hearings and adopt the final budget on or before September 21, 1987.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for counties to know their exact allocation from local assistance legislation and thereby reduce cuts required in their budgets, and in order to clear up certain legal ambiguities to allow localities to create integrated financing districts as a method of financing capital facilities, thereby avoiding costs arising from delays in development projects, it is necessary that this act take effect immediately.

reduce those disparities.

(e) The State Department of Education, the Educational Technology Committee, and all regional organizations shall make reasonable efforts to assist schools that have not applied for grants under this article to apply for those grants and, pursuant to the receipt of grant funding, to implement educational technology programs in those districts.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 53972.5 of the Government Code is amended to read:

53972.5. A proposal for the creation of a local agency for the purpose of providing fire protection, prevention, or suppression services directly, by contract with another local agency, or pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code, or police protection services, may be combined with a proposal for the adoption by the local agency of a special tax pursuant to Section 53978, and presented to the voters as a single ballot proposition. If both proposals are presented as a single ballot proposition, the proposed local agency shall not be created, and the special tax shall not take effect, unless the proposition is approved by two-thirds of the voters voting upon the proposition.

SEC. 2. Section 53978 of the Government Code is amended to read:

53978. (a) Any local agency which provides fire protection or prevention services directly, by contract with another local agency, or which provides such services pursuant to Section 25643 of this code or the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code, or which provides police protection services, may, by ordinance, determine and propose for adoption a special tax for fire protection and prevention provided by the local agency, or a special tax for police protection services provided by the local agency, or both of such special taxes if both such services are provided by the local agency, other than ad valorem property taxes, pursuant to this section. The legislative body may establish zones or areas within the local agency and may restrict the levy of the special tax to those zones or areas. Such proposition shall be submitted to the voters of the affected area

or zone, or of the district, and shall take effect upon approval of two-thirds of the voters voting upon such proposition. The local agency which fixes such a special tax shall not, however, impose such tax upon a federal or state governmental agency or another local agency.

(b) The ordinance submitted to voter approval pursuant to subdivision (a), shall specify the amount of each of such special taxes. Each of such special taxes shall be levied on a parcel, class of improvement to property, or use of property basis, or a combination thereof, within the local agency to which fire protection services or police protection services are made available, for the purpose of obtaining, furnishing, operating, and maintaining fire suppression and police protection equipment or apparatus or either such service, respectively, for paying the salaries and benefits to firefighting and police protection personnel or either such personnel, respectively, and for such other necessary fire protection and prevention expenses and police protection expenses, respectively, or either such expenses of the local agency in such area, zone, or local agency to which fire protection and prevention services or police protection services, or both, are made available.

An ordinance which sets a maximum amount of the tax to be levied on a parcel, class of improvement to property, or use of property basis, or a combination thereof, and which permits the local agency proposing the tax to determine the amount to be levied, annually, within the maximum amount, shall satisfy the requirements of this section. However, in no case shall the amount of the tax to be levied exceed the maximum amount established by the ordinance without the approval of the voters as prescribed in subdivision (a).

(c) The amount of each such special tax established by the legislative body, and approved by the voters of the local agency, may be varied to each parcel, improvement, or use of property based on the degree of availability of fire protection and prevention services or police protection services, respectively, in the affected area, and may restrict such charges to areas lying within one or more zones or areas established in such local agency.

(d) The legislative body may provide for the collection of the special taxes in the same manner and subject to the same penalty as, or with, other charges and taxes fixed and collected by the local agency, or by the county on behalf of the local agency. If such special taxes are collected by the county on behalf of the local agency, the county may deduct its reasonable costs incurred for such service before remittal of the balance to the local agency.

(e) The revenues from each of such special taxes shall be used for the service for which it was imposed, and for no other purpose.

(f) This section does not limit or prohibit the levy or collection or any other fee, charge, or tax, or any license or service fee or charge for fire prevention or protection services or police protection services as provided by other provisions of law.

SEC. 5. Section 56115 of the Government Code is repealed.

SEC. 6. Section 56375 of the Government Code is amended to read:

56375. The commission shall have all of the following powers and duties subject to any limitations upon its jurisdiction set forth in this part:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally, proposals for changes of organization or reorganization. However, a commission shall not have the power to disapprove an annexation to a city, initiated by resolution, of contiguous territory which the commission finds is either:

(1) Surrounded or substantially surrounded by the city to which the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(2) Located within an urban service area which has been delineated and adopted by a commission, which is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

As a condition to the annexation of an area, which is surrounded, or substantially surrounded, by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

A commission shall not impose any conditions which would directly regulate land use density or intensity, property development, or subdivision requirements. When the development purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. This paragraph does not prohibit a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed. However, the commission shall not specify how, or in what manner, the territory shall be prezoned.

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city or district or with regard to a proposal for reorganization which includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated, successor city or district.

(d) To approve the annexation to a city after notice and hearing, and authorize the conducting authority to order annexation of the territory without an election, if the commission finds that the territory contained in an annexation proposal meets all of the following requirements:

(1) It does not exceed 75 acres in area, that area constitutes the entire island, and the island does not constitute a part of an unincorporated area which is more than 100 acres in area.

(2) It is surrounded in either of the following ways:

(A) Surrounded, or substantially surrounded, by the city to which annexation is proposed or by the city and a county boundary or the Pacific Ocean.

(B) Surrounded by the city to which annexation is proposed and adjacent cities.

(3) It is substantially developed or developing. The finding required by this subparagraph shall be based upon one or more factors, including, but not limited to, any of the following factors:

(A) The availability of public utility services.

(B) The presence of public improvements.

(C) The presence of physical improvements upon the parcel or parcels within the area.

(4) It is not prime agricultural land, as defined by Section 56064.

(5) It will benefit from the annexation or is receiving benefits from the annexing city.

(e) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56111, located in the same county as that in which the city is located, and which is owned by a city and used for municipal purposes and to authorize the conducting authority to annex the territory without notice and hearing.

(f) Subject to Section 56029, to designate in the resolution making

determinations the conducting authority for proceedings.

(g) When a change of organization or a reorganization includes the annexation of inhabited territory to a city and the assessed value of land within the territory equals one-half or more of the assessed value of land within the city, or the number of registered voters residing within the territory equals one-half or more of the number of registered voters residing within the city, to determine as a condition of the proposal that the change of organization or reorganization shall also be subject to confirmation by the voters in an election to be called, held, and conducted within the territory of the city to which annexation is proposed.

(h) With respect to the incorporation of a new city or the formation of a new special district, to determine the number of registered voters residing within the proposed city or special district.

(i) To adopt procedures for the evaluation of proposals. The commission may adopt standards for any of the factors enumerated in Section 56841.

(j) To adopt standards and procedures for the evaluation of service plans submitted pursuant to Section 56653.

(k) To make and enforce regulations for the orderly and fair conduct of hearings by the commission.

(*l*) To incur usual and necessary expenses for the accomplishment of its functions.

(m) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(n) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty of those boundaries, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(o) To waive the restrictions of Section 56109 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(p) To waive the application of Section 25210.90 if it finds the application would deprive an area of a service needed to ensure the health, safety, or welfare of the residents of the area and if it finds that the waiver would not affect the ability of a city to provide any service. However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

(q) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the property tax revenue to be exchanged by the affected local agencies pursuant to Section 56842.

SEC. 7. Section 56835 of the Government Code is amended to read:

56835. The executive officer shall also give mailed notice of any hearing by the commission, as provided in Sections 56155 to 56157, inclusive, by mailing notice of the hearing to all of the following persons and entities:

(a) To each affected local agency.

(b) To the chief petitioners, if any.

(c) To each person who has filed a written request for special notice with the executive officer.

(d) If the proposal is for any annexation or detachment, or for a reorganization providing for the formation of a new district, to each city within three miles of the exterior boundaries of the territory proposed to be annexed, detached, or formed into a new district.

(e) If the proposal is to incorporate a new city or for the formation of a district, to the affected county.

(f) If the proposal includes the annexation of territory to a fire protection district formed pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code, and all or part of the affected territory has been classified as a state responsibility area, to the Director of Forestry and Fire Protection.

SEC. 7.5. Section 56848 of the Government Code is repealed.

SEC. 8. Section 56848.3 is added to the Government Code, to read:

56848.3. (a) This section shall apply to any proposal which contains the annexation of territory to a fire protection district which is organized pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code, and the affected territory is or is proposed to be all or part of a city which is within the fire protection district.

(b) Prior to the adoption by the local agency formation commission of a resolution making determinations, the district may request and the commission shall impose, as a term and condition, a requirement that the legislative body of the city shall enter into a contract with the district. The contract shall require:

(1) That the affected territory shall remain part of the district for a period of at least 10 years.

(2) That the city shall pay the cost of services provided by the district. This payment shall be in amounts and on terms specified in the contract.

(3) Any other conditions to which the city and the district mutually agree.

SEC. 9. Section 61623.4 of the Government Code is amended to read:

61623.4. A district may exercise any of the powers, functions, and duties which are vested in, or imposed upon, a fire protection district pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and

Safety Code if the petition for formation of the district included fire protection among the designated purposes for which it was formed, or if the district adopts fire protection as an additional purpose of the district pursuant to Section 61601.

If the district includes any part of a city, fire protection district, or other local agency which provides fire protection service to any territory in the district, the district shall have no authority pursuant to this section regarding the prevention and suppression of fires in such territories, unless such district has obtained the consent of such city, fire protection district, or other local agency.

SEC. 10. Part 2.7 (commencing with Section 13801) of Division 12 of the Health and Safety Code is repealed.

SEC. 11. Part 3 (commencing with Section 13800) is added to Division 12 of the Health and Safety Code, to read:

PART 3. FIRE PROTECTION DISTRICT LAW OF 1987

CHAPTER 1. GENERAL PROVISIONS

13800. This part shall be known and may be cited as the Fire Protection District Law of 1987.

13801. The Legislature finds and declares that the local provision of fire protection services, rescue services, emergency medical services, hazardous material emergency response services, ambulance services, and other services relating to the protection of lives and property is critical to the public peace, health, and safety of the state. Among the ways that local communities have provided for those services has been the creation of fire protection districts. Local control over the types, levels, and availability of these services is a long-standing tradition in California which the Legislature intends to retain. Recognizing that the state's communities have diverse needs and resources, it is the intent of the Legislature in enacting this part to provide a broad statutory authority for local officials. The Legislature encourages local communities and their officials to adapt the powers and procedures in this part to meet their own circumstances and responsibilities.

13802. As used in this part:

(a) "City" means any city whether general law or charter, including a city and county, and including any city the name of which includes the word "town."

(b) "Day" means a calendar day.

(c) "District" means a fire protection district created pursuant to this part or created pursuant to any law which this part supersedes.

(d) "District board," means the board of directors of a district.

(e) "Employee" means any personnel of a district, including any regular or call firefighter hired and paid on a full-time or part-time basis, or any volunteer firefighter. "Employee" also includes any person who assists in the provision of any authorized emergency duty or service at the request of a person who has been authorized by the

district board to request this assistance from other persons.

(f) "Principal county" means the county having all or the greater portion of the entire assessed value, as shown on the last equalized assessment roll of the county or counties, of all taxable property within a district.

(g) "Zone" means a service zone formed pursuant to Chapter 10 (commencing with Section 13950).

13803. (a) This part provides the authority for the organization and powers of fire protection districts. This part succeeds the Fire Protection District Law of 1961 and all of its statutory predecessors. Any fire protection district organized or reorganized pursuant to the Fire Protection District Law of 1961 or any of its statutory predecessors which was in existence on January 1, 1988, shall remain in existence as if it had been organized pursuant to this part, except that when the district board is a county board of supervisors the number and method of selection of its board of directors shall continue to be governed by the provisions of Chapter 4 (commencing with Section 13831) of the Fire Protection District Law of 1961 in effect on December 31, 1987, as if that chapter had not been repealed. Any special fire protection zone formed pursuant to Chapter 12 (commencing with Section 13991) of the Fire Protection District Law of 1961 or any of its statutory predecessors which was in existence on January 1, 1988, shall remain in existence as a service zone as if it has been formed pursuant to Chapter 10 (commencing with Section 13950).

(b) This part does not apply to any reorganization which was filed pursuant to the Fire Protection District Law of 1961 and which is pending on January 1, 1988. Those pending reorganizations may be continued and completed under, and in accordance with, the Fire Protection District Law of 1961. The repeals, amendments, and additions made by the act enacting this part shall not apply to any of those pending reorganizations, and the laws existing prior to January 1, 1988, shall continue in full force and effect as applied to those pending reorganizations.

13804. This part is necessary for the public health, safety, and welfare, and shall be liberally construed to effectuate its purposes.

13805. If any provision of this part or the application of any provision of this part in any circumstance or to any person, city, county, district, the state, or any agency or subdivision of the state is held invalid, that invalidity shall not affect other provisions or applications of this part which can be given effect without the invalid provision or application of the invalid provision, and to this end the provisions of this part are severable.

13806. Any action to determine the validity of the organization or of any action of a district shall be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

CHAPTER 2. AREA

13810. Any territory, whether incorporated or unincorporated, whether contiguous or noncontiguous, may be included in a district.

13811. Territory which has been classified as a state responsibility area may be included in a district, except for commercial forest lands which are timbered lands declared to be in a state responsibility area. The executive officer of the local agency formation commission shall give mailed notice of the commission's hearing on any proposal to include state responsibility area in a district, whether by annexation or formation, to the Director of Forestry and Fire Protection. The commission may approve the proposal. Upon inclusion of a state responsibility area in a district, whether by formation or annexation, the state shall retain its responsibility for fire suppression and prevention on timbered, brush, and grass-covered lands. The district may provide the same services in the state responsibility area as it provides in other areas of the district.

13812. The Cortese-Knox Local Government Reorganization Act, Division 3 (commencing with Section 56000) of Title 5 of the Government Code shall govern any change of organization or reorganization of a district.

CHAPTER 3. FORMATION

Article 1. Initiation

13815. A new district may be formed pursuant to this chapter. A district formed or proposed to be formed pursuant to this chapter is not subject to the District Investigation Act of 1933, Chapter 2 (commencing with Section 58500) of Division 2 of Title 6 of the Government Code.

13816. A proposal to form a new district may be made by petition which shall do all of the following:

(i) Request that proceedings be taken for the formation pursuant to this chapter.

13817. (a) Before circulating any petition, the chief petitioners

shall publish a notice of intention which shall include a written statement not to exceed 500 words in length, setting forth the reasons for forming the district. The notice shall be published pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation within the territory proposed to be included in the district. If the territory proposed to be included in the district is located in more than one county, publication of the notice shall be made in at least one newspaper of general circulation in each of the counties.

(b) The notice shall be signed by at least one, but not more than three, chief petitioners and shall be in substantially the following form:

"Notice of Intent to Circulate Petition

(c) Within five days after the date of publication, the chief petitioners shall file with the executive officer of the local agency formation commission of the principal county a copy of the notice together with an affidavit made by a representative of the newspaper in which the notice was published certifying to the fact of publication.

(d) After the filing required pursuant to subdivision (c), the petition may be circulated for signatures.

13818. The petition shall be signed by not less than 25 percent of the registered voters residing in the area to be included in the district, as determined by the local agency formation commission pursuant to subdivision (h) of Section 56375 of the Government Code. The provisions of Sections 41 and 44 of the Elections Code shall govern the signing of the petition and the format of the petition.

13819. A petition may consist of a single instrument or separate counterparts. The chief petitioner or petitioners shall file the petition, including all counterparts, with the executive officer of the local agency formation commission of the principal county. The executive officer shall not accept a petition for filing unless the signatures have been secured within six months of the date on which the first signature was obtained and the chief petitioner or petitioners submitted the petition to the executive officer for filing within 60 days after the last signature was obtained.

13820. (a) Within 30 days after the date of filing a petition, the executive officer of the local agency formation commission shall cause the petition to be examined and shall prepare a certificate of sufficiency indicating whether the petition is signed by the requisite number of signers.

(b) The executive officer shall cause the names of the signers on

the petition to be compared with the voters' register in the office of the county clerk or registrar of voters and ascertain (i) the number of registered voters in the territory to be included in the district, and (ii) the number of qualified signers appearing upon the petition.

(c) If the certificate of the executive officer shows the petition to be insufficient, the executive officer shall immediately give notice by certified mail of the insufficiency to the chief petitioners. That mailed notice shall state in what amount the petition is insufficient. Within 15 days after the date of the notice of insufficiency, the chief petitioners may file with the executive officer a supplemental petition bearing additional signatures.

(d) Within 10 days after the date of filing a supplemental petition, the executive officer shall examine the supplemental petition and certify in writing the results of his or her examination.

(e) The executive officer shall sign and date a certificate of sufficiency. That certificate shall also state the minimum signature requirements for a sufficient petition and show the results of the executive officer's examination. The executive officer shall mail a copy of the certificate of sufficiency to the chief petitioners.

13821. (a) A proposal to form a new district may also be made by the adoption of a resolution of application by the legislative body of any county or city which contains territory proposed to be included in the district. Except for the provisions regarding signers and signatures, a resolution of application shall contain all of the matters specified for a petition in Section 13816. Before submitting a resolution of application, the legislative body shall conduct a public hearing on the resolution.

(b) Notice of the hearing shall be published pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation within the county or city.

(c) At the hearing, the legislative body shall give any person an opportunity to present his or her views on the resolution.

(d) The clerk of the legislative body shall file a certified copy of the resolution of application with the executive officer of the local agency formation commission of the principal county.

13822. Once the chief petitioners have filed a sufficient petition or a legislative body has filed a resolution or application, the local agency formation commission shall proceed pursuant to Chapter 5 (commencing with Section 56825) of Part 3 of Division 3 of Title 5 of the Government Code.

Article 2. Election

13823. (a) If the local agency formation commission approves the formation of a district, with or without amendment, wholly, partially, or conditionally, the board of supervisors shall call and give notice of the election to be held in the proposed district. If the proposed district lies in more than one county, the board of supervisors shall call and give notice of the election to be held in the

territory of the proposed district which lies in that county.

(b) The election shall be held on the next regular election date not less than 113 nor more than 150 days after the date the board of supervisors calls and gives notice of the election.

(c) Notice of the election shall be published pursuant to Section 6061 of the Government Code in a newspaper of general circulation circulated within the territory of the proposed district which lies in the county.

13824. Within five days after the district formation election has been called, the board of supervisors which has called the election shall transmit by registered mail a written notification of the election call to the executive officer of the local agency formation commission of the principal county. The written notice shall include the name and a description of the proposed district and may be in the form of a certified copy of the resolution adopted by the board of supervisors calling the district formation election.

The executive officer of the local agency formation commission shall submit an impartial analysis of the proposed district formation to the officials in charge of conducting the district formation election, pursuant to Section 56859 of the Government Code.

13825. (a) The chief petitioners or the agency filing the resolution or any member or members of the board of supervisors authorized by the board, or any individual voter or bona fide association of citizens entitled to vote on the district formation proposition, or any combination of such voters and associations of citizens, may file a written argument for or a written argument against the proposed district formation.

Arguments shall not exceed 300 words in length. Based on the time reasonably necessary to prepare and print the text of the proposition, analysis, arguments, and sample ballots and to permit the 10-day public examination period as provided in Section 3795 of the Elections Code for the particular election, the election officials shall fix and determine a reasonable date prior to the election after which no arguments for or against the measure may be submitted for printing and distribution to the voters pursuant to Section 13826. Notice of the date fixed shall be published by the elections officials pursuant to Section 6061 of the Government Code. Arguments may be changed until and including the date fixed by the election officials.

If the district lies in more than one county, the county clerk of the principal county shall transmit a certified copy of the resolution to the county clerk of each of the other counties in which the district lies.

13830. If the district lies in one county, immediately after entering the resolution in the board minutes pursuant to Section 13829, the county clerk shall cause to be recorded in the office of the county recorder of the county for which he or she is county clerk and file with the Secretary of State a certified copy of the resolution

Article 3. Selection of the Initial Board of Directors

13834. The initial board of directors of a district formed on or after January 1, 1988, shall be determined pursuant to this article.

13835. In the case of a district which contains only unincorporated territory in a single county, the district board may be elected or may be appointed by the county board of supervisors which may appoint itself as the district board.

13836. In the case of a district which contains only unincorporated territory in more than one county, the district board may be elected or may be appointed by the boards of supervisors of the counties in which the district is located. If the district board is appointed by the boards of supervisors, they shall appoint directors according to the proportionate share of population of that portion of each county within the district, provided that each board of supervisors shall appoint at least one director.

13837. In the case of a district which contains unincorporated territory and the territory of one or more cities:

(a) The district board may be elected or appointed by the county board of supervisors and the city councils in which the district is located. If the district board is to be appointed, the board of supervisors and the city council or councils shall appoint directors according to the proportionate share of population that portion of the county and each city within the district, provided that the board of superviors and each city council shall appoint at least one director. The board of supervisors or city council may appoint one or more of its own members to the district board. In no case shall the number of directors exceed 11 members.

(b) Notwithstanding subdivision (a), the county board of supervisors may appoint itself as the district board, if the city council of each of the cities consents by resolution.

13838. In the case of a district which includes only incorporated territory within a single city, the district board may be elected or appointed by the city council which may appoint itself as the district board.

13839. In the case of a district which includes only incorporated territory in more than one city, the district board may be elected or appointed by the city councils in which the district is located. If the district board is appointed, the city councils shall appoint directors

according to the proportionate share of population of that portion of each city within the district, provided that each city council shall appoint at least one director. The city council may appoint one or more of its own members to the district board. In no case shall the directors exceed the number permitted pursuant to Section 13842.

CHAPTER 4. EXISTING BOARD OF DIRECTORS AND OFFICERS

13840. Every district shall be governed by a legislative body known as a board of directors.

13841. Except in the case where a county board of supervisors has appointed itself as the district board, each member of a district board and each member of a fire commission appointed pursuant to Section 13844 shall be a resident of the district. In the case of a district board which is elected by divisions, each director shall be a resident of the division from which he or she is elected.

13842. Except in the case where a county board of supervisors or a city council has appointed itself as the district board, a district board may have three, five, seven, nine, or eleven members.

13843. (a) The term of office of each member of a district board is four years or until his or her successor qualifies and takes office, except as provided in subdivision (b).

(b) In the case of a district formed on or after January 1, 1988, the directors shall serve terms as provided in the Uniform District Election Law, Part 3 (commencing with Section 23500) of Division 14 of the Elections Code.

13844. If a county board of supervisors or a city council has appointed itself as the district board, the board of supervisors or city council may delegate any or all of its powers to a fire commission composed of five or seven commissioners. The board of supervisors or city council shall determine whether the commissioners shall serve at its pleasure or for staggered terms of four years subject to removal for cause.

13845. (a) Except in the case where a county board of supervisors or a city council has appointed itself as the district board, the number of members of a district board may be increased or decreased if a majority of the voters voting on the question are in favor of the question at a general district or special election. The question shall specify the resulting number of members of the district board.

(b) The district board may adopt a resolution placing the question on the ballot. Alternatively, upon receipt of a petition signed by at least 25 percent of the registered voters of the district, the district board shall adopt a resolution placing the question on the ballot.

(c) If the question is submitted to the voters at a general district election, the notice required by Section 23511 of the Elections Code shall contain a statement of the question to appear on the ballot. If the question is submitted to the voters at a special election, the notice of election and the ballot shall contain a statement of the question.

(d) If the voters approve of increasing the number of directors, the new members shall be elected or appointed pursuant to this chapter. If the district board is elected, the additional members may be elected at the same election.

(e) If the voters approve of decreasing the number of directors, the members of the district board continue to serve until the end of their current terms.

(f) The number of members of a district board may be changed by the local agency formation commission as a term and condition of approval by the commission of any change of organization. Unless the Cortese-Knox Local Government Reorganization Act of 1985, Division 3 (commencing with Section 56000) of Title 5 of the Government Code, otherwise requires voter approval, the change ordered by the commission does not require approval by the voters of the district.

13846. (a) In the case of an elected district board, the directors may be elected by divisions if a majority of the voters voting upon the question are in favor of the question at a general district or special election. Conversely, in the case of a district which has an elected district board which is elected by election division, the directors may be elected at large if a majority of the voters voting upon the question are in favor of the question at a general district or special election.

(b) As used in this section, " election by division" means the election of each member of the district board by voters of only the respective election division.

(c) The district board may adopt a resolution placing the question on the ballot. Alternatively, upon receipt of a petition signed by at least 25 percent of the registered voters of the district, the district board shall adopt a resolution placing the question on the ballot.

(d) If the question is submitted to the voters at a general district election, the notice required by Section 23511 of the Elections Code shall contain a statement of the question to appear on the ballot. If the question is submitted to the voters at a special election, the notice of election and ballot shall contain a statement of the question.

(e) If the majority of voters voting upon the question approves the election of directors by divisions, the district board shall promptly adopt a resolution dividing the district into as many divisions as there are directors. The resolution shall assign a number to each division. Using the last decennial census as a basis, the divisions shall be as nearly equal in population as possible. In establishing the boundaries of the divisions the district board may give consideration to the following factors: (i) topography, (ii) geography, (iii) cohesiveness, contiguity, integrity, and compactness of territory, and (iv) community of interests of the divisions.

(f) If the majority of voters voting upon the question approves the election of directors by division, the board members shall be elected by election divisions and each member elected shall be a resident of the election division from which he or she is elected. At the district

general election following the approval by the voters of the election of directors by divisions, the district board shall assign vacancies on the board created by the expiration of terms to the respective election divisions and the vacancies shall be filled from those election divisions.

(g) If the majority of voters voting upon the question approves the election of directors at large, the district board shall properly adopt a resolution dissolving the election divisions which had existed.

13847. In the case of a district board elected by election divisions, the district board shall adjust the boundaries of the election divisions before November 1 of the year following the year in which each decennial federal census is taken. If at any time between each decennial federal census a change of organization alters the population of the district or the district increases or decreases the number of members of the district board, the district board shall reexamine the boundaries of its election divisions. If the district board finds that the population of any election division has varied so that the divisions no longer meet the criteria specified in subdivision (d) of Section 13846, the district board shall adjust the boundaries of the election divisions so that the divisions shall be as nearly equal in population as possible. The district board shall make this change within 60 days of the effective date of the change of organization or an increase or decrease in the number of members of the district board.

13848. (a) If a majority of the voters voting upon the question at a general district or special election are in favor, a district which has an appointed district board shall have an elected district board or a district which has an elected district board shall have an appointed district board.

(b) The district board may adopt a resolution placing the question on the ballot. Alternatively, upon receipt of a petition signed by at least 25 percent of the registered voters of the district, the district board shall adopt a resolution placing the question on the ballot.

(c) If the question is submitted to the voters at a general district election, the notice required by Section 23511 of the Elections Code shall contain a statement of the question to appear on the ballot. If the question is submitted to the voters at a special election, the notice of election and ballot shall contain a statement of the question.

(d) If a majority of voters voting upon the question approves of changing from an appointed district board to an elected district board, the members of the district board shall be elected at the next general district election. If a majority of voters voting upon the question approves of changing from an elected district board to an appointed district board, members shall be appointed to the district board as vacancies occur.

13849. (a) Before circulating any petition pursuant to Section 13845, 13846, or 13848 the chief petitioners shall publish a notice of intention which shall include a written statement not to exceed 500 words in length, setting forth the reasons for the proposal. The notice

(c) Within five days after the date of publication, the chief petitioners shall file with the secretary of the district board a copy of the notice together with an affidavit made by a representative of the newspaper in which the notice was published certifying to the fact of publication.

(d) After the filing required pursuant to subdivision (c), the petition may be circulated for signatures.

13850. (a) The provisions of Sections 41 and 44 of the Elections Code shall govern the signing of the petition and the format of the petition.

(b) A petition may consist of a single instrument or separate counterparts. The chief petitioner or petitioners shall file the petition, together with all counterparts, with the secretary of the district board. The secretary shall not accept a petition for filing unless the signatures have been secured within six months of the date on which the first signature was obtained and the chief petitioner or petitioners submitted the petition to the secretary for filing within 60 days after the last signature was obtained.

13851. (a) Within 30 days after the date of filing a petition, the secretary of the district board shall cause the petition to be examined and shall prepare a certificate of sufficiency indicating whether the petition is signed by the requisite number of signers.

(b) The secretary shall cause the names of the signers on the petition to be compared with the voters' register in the office of the county clerk or registrar of voters and ascertain (i) the number of registered voters in the district, and (ii) the number of qualified signers appearing upon the petition.

(c) If the certificate of the secretary shows the petition to be insufficient, the secretary shall immediately give notice by certified mail of the insufficiency to the chief petitioners. That mailed notice shall state in what amount the petition is insufficient. Within 15 days after the date of the notice of insufficiency, the chief petitioners may file with the secretary a supplemental petition bearing additional

signatures.

(d) Within 10 days after the date of filing a supplemental petition, the secretary shall examine the supplemental petition and certify in writing the results of his or her examination.

(e) The secretary shall sign and date a certificate of sufficiency. That certificate shall also state the minimum signature requirements for a sufficient petition and show the results of the secretary's examination. The secretary shall mail a copy of the certificate of sufficiency to the chief petitioners.

(f) Once the chief petitioners have filed a sufficient petition, the district board shall take the actions required pursuant to Section 13845, 13846, or 13848.

The district treasurer, or any other person authorized by the district board, shall draw checks or warrants to pay any demands which have been audited and approved in the manner prescribed by the district board.

(c) If the district board adopts the resolution provided by subdivision (b), the district treasurer and any other person designated by the district board shall give bonds to the district conditioned for the faithful performance of their duties. The amount of each bond shall be at least one hundred thousand dollars ($100,000) or 10 percent of the total amount of the district's final budget for the preceding fiscal year, whichever is greater. (c) A capital outlay reserve shall be used only for the purposes specified by the district board. However, if a district board finds at the time it adopts its final budget that the reserve is no longer required, it may, by unanimous vote, discontinue the reserve or transfer any balance to the district's general fund.

13903. (a) All claims for money or damages against a district are governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code.

(b) Claims against a district shall be audited, allowed, and paid by order of the district board.

(c) As an alternative to subdivision (b), a district board may instruct the county auditor to audit, allow, and draw his or her warrant on the county treasurer for all legal claims presented to him or her and authorized by the district board.

(d) The warrants shall be paid in the order in which they are presented.

13904. If a warrant is presented to the district treasurer for payment and the treasurer cannot pay it for want of funds in the account on which it is drawn, the treasurer shall endorse the warrant "NOT PAID BECAUSE OF INSUFFICIENT FUNDS" and sign his or her name and indicate the date and time the warrant was presented. From that time until it is paid, the warrant bears interest

at the maximum rate permitted pursuant to Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code.

13905. Notwithstanding Section 13903, a district board may adopt a resolution ordering the establishment of a petty cash fund to pay small bills directly. The resolution shall designate all of the following:

(a) The maximum amount of the fund, not to exceed five hundred dollars ($500).

(b) The purposes for which the fund may be spent.

(c) The officer or employee who is authorized to spend the fund and who will account for it.

(d) The officer or employee who is authorized to draw a warrant on the district treasury to establish the fund and who is authorized to draw additional warrants to reimburse the fund. Each warrant drawn to reimburse the fund shall contain an itemized account of expenditures.

13906. (a) A district may acquire any necessary property by purchase or purchase on contract with money borrowed pursuant to this section.

(b) The amount of indebtedness to be incurred shall not exceed an amount equal to three times the actual income from property taxes received pursuant to Section 13896 for the fiscal year preceding the year in which the indebtedness is incurred. Any indebtedness shall be repaid within 10 years from the date on which it is incurred. An indebtedness shall bear interest at a rate which shall not exceed the rate permitted under Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code.

(c) An indebtedness shall be authorized by resolution adopted by a two-thirds majority vote of the total membership of the district board.

CHAPTER 8. ALTERNATIVE REVENUES

13910. Whenever the district board determines that the amount of revenue available to the district or any of its zones is inadequate to meet the costs of providing services pursuant to Section 13862, the board may raise revenues pursuant to this chapter or any other provision of law.

13911. A district may levy a special tax pursuant to Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

13912. A district may levy a special tax pursuant to the Mello-Roos Community Facilities Act of 1982, Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code.

13913. A district may levy a special tax pursuant to Article 16 (commencing with Section 53970) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code. However, the tax shall not

require a higher rate of payment or other measure of tax on the part of new construction than on the part of other real property.

13914. A district may levy an assessment for fire suppression services pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

13915. A district may levy assessments to finance capital improvements pursuant to the Improvement Act of 1911, Division 7 (commencing with Section 5000), the Improvement Bond Act of 1915, Division 10 (commencing with Section 8500), and the Municipal Improvement Act of 1913, Division 12 (commencing with Section 10000) of the Streets and Highways Code.

13916. (a) A district board may charge a fee to cover the cost of any service which the district provides or the cost of enforcing any regulation for which the fee is charged. No fee shall exceed the costs reasonably borne by the district in providing the service or enforcing the regulation for which the fee is charged. A district board shall not charge a fee on new construction or development for the construction of public improvements or facilities or the acquisition of equipment.

(b) The district board shall adopt an ordinance establishing a schedule of fees. Before either approving an increase in an existing fee or initially imposing a new fee, the district board shall publish notice of its intention to establish a schedule of fees pursuant to Section 6066 of the Government Code. The notice shall state the time and place of the meeting, including a general explanation of the matter to be considered, and a statement that the data required by subdivision (d) is available.

(c) The district board shall mail the notice of the meeting at least 14 days before the meeting to any interested party who has filed a written request with the district board for mailed notice of the meeting on new or increased fees. Any written request for mailed notice is valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed notice shall be filed on or before April 1 of each year. The district board may establish a reasonable annual charge for sending these notices based on the estimated cost of providing that service.

(d) At least 10 days before the meeting, the district board shall make available to the public, data indicating the amount of cost, or estimated cost, required to provide the service or the cost of enforcing any regulation for which the fee is charged and the revenue sources anticipated to provide the service or the cost of enforcing any regulation, including general fund revenues.

(e) Any costs incurred by a district in conducting the meeting required by this section may be recovered from fees charged for the service or the cost of enforcing any regulation which were the subject of the meeting.

(f) At the meeting, the district board shall hear and consider any objections or protests to the proposed schedule of fees.

13917. A district board may charge residents of the district a fee

authorized pursuant to Section 13916 which is less than the fee which it charges to nonresidents of the district.

13918. Notwithstanding Section 6103 of the Government Code, a district board may charge a fee authorized pursuant to Section 13916 to other public agencies.

13919. A district board may waive payment of a fee authorized pursuant to Section 13916 when it determines that payment would not be in the public interest. Before waiving payment of any fee, a district board shall adopt a resolution which specifies the policies and procedures governing waivers.

CHAPTER 9. GENERAL OBLIGATION BONDS

13925. Whenever a district board determines that it is necessary to incur a general obligation bonded indebtedness for the acquisition or construction of any real property or other capital expense or for funding or refunding of any outstanding indebtedness, the district board shall adopt a resolution making determinations and calling an election on a proposition to incur indebtedness and to issue general obligation bonds.

13926. The resolution shall state:

(a) The purpose for which the proposed debt is to be incurred, which may include expenses for the authorization, issuance, and sale of bonds.

(b) The amount of debt to be incurred.

(c) The maximum term of the bonds, not to exceed 30 years.

(d) The maximum rate of interest to be paid, not to exceed the maximum rate permitted pursuant to Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code.

(e) The measure to be submitted to the voters.

(f) The date on which the election will be held.

(g) Any other matters which are required pursuant to the Uniform District Election Law, Part 3 (commencing with Section 23500) of Division 14 of the Elections Code.

13927. The election shall be conducted pursuant to the Uniform District Election Law, Part 3 (commencing with Section 23500) of Division 14 of the Elections Code.

13928. If two-thirds of voters voting upon the proposition favor incurring the indebtedness and issuing the bonds, the district board may adopt resolutions to issue bonds for all or any part of the amount of the indebtedness.

13929. The district board may provide for the issuance of bonds in any amounts, in any series, and on any terms, provided that they do not exceed the limits approved by the voters.

13930. The district board shall adopt a resolution prescribing the form and denomination of the bonds and any coupons. The resolution shall specify the dates on which all or any part of the principal shall become due and payable. The payment of the first

installment or principal may be deferred for a maximum period not to exceed five years from the date on which the district board issues the first bonds or first bonds in each series.

13931. The district board may provide for the call and redemption of bonds before their maturity at times and prices and upon any other terms as it specifies. A bond shall not be subject to call or redemption before maturity unless it contains a recital to that effect or unless a statement to that effect is printed on it.

13932. The principal and interest of the bonds shall be payable in lawful money of the United States at the office of the district treasurer or any other place, at the option of the bondholder.

13933. (a) The bonds shall be dated, numbered consecutively, and be signed by the president of the district board and the district treasurer. The district treasurer shall sign any coupons. Any signatures or countersignatures may be mechanically reproduced by any means, except that one of the signatures shall be signed by hand.

(b) If the president of the district board or the district treasurer whose signature appears on a bond or coupon ceases to hold that office before the delivery of the bonds or the coupons to the purchaser, the signature is nevertheless valid and sufficient for any purpose as if the president or treasurer had remained in office until the delivery of the bonds or coupons.

13934. (a) Before selling the bonds or coupons, the district board shall give notice inviting sealed bids. At a minimum, the district board shall publish notice at least once in a newspaper of general circulation in the district at least 10 days before the deadline for receiving the bids.

(b) The district board shall award the sale of the bonds to the highest responsible bidder.

(c) If the district board does not receive any bids or if it determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids, if any, and either readvertise or sell the bonds at private sale.

13935. (a) All premiums and accrued interest received from the sale of the bonds shall be deposited with the district treasurer in a special bond service fund to be used for the payment of the principal of and interest on the bonds, and the remainder of the proceeds of the bonds shall be placed to the credit of the proper improvement fund and applied exclusively to the purpose and object recited in the proposition approved by the voters.

(b) When the purpose and object have been accomplished, any moneys remaining in the improvement fund shall be transferred to the special bond service fund. When the purpose and object have been accomplished and all principal and interest on the bonds have been paid, any balance of money then remaining shall be transferred to the general fund of the district.

13936. Any general obligation bonds issued by a district have the same force, value, and use as bonds issued by a city and the bonds and the interest on the bonds are exempt from all taxation within the

State of California.

13937. A district shall not incur a bonded indebtedness in excess of 10 percent of the assessed value of all taxable property within the district.

13938. (a) After incurring a general obligation indebtedness, and annually thereafter until the indebtedness is paid or until there is a sum in the district treasury in a special bond service fund set apart for that purpose sufficient to meet all payments of principal and interest on that indebtedness as it becomes due, the district board shall adopt a resolution directing the county tax collector to levy a tax on behalf of the district.

(b) The tax shall be in addition to all other taxes levied by and for the district and shall be collected in the same manner and at the same time as county taxes. A county may recover its costs as provided by Section 29124 of the Government Code.

(c) The rate of the tax shall be fixed to result in proceeds which are sufficient to pay any principal and interest which will become due before the next proceeds of a tax to be levied will be available.

CHAPTER 10. SERVICE ZONES

13950. (a) Whenever a district board determines that it is in the public interest to provide different services, to provide different levels of service, or to raise additional revenues within specific areas of the district, it may form one or more service zones pursuant to this chapter.

(b) The district board shall initiate proceedings for the formation of a new zone by adopting a resolution which shall do all of the following:

(1) State that the proposal is made pursuant to this chapter.

(2) Set forth a description of the boundaries of the territory to be included in the zone.

(3) State the different services, different levels of service, or additional revenues which the zone will provide.

(4) Set forth the methods by which those services or levels of service will be financed.

(5) State the reasons for forming the zone.

(6) Propose a name or number for the zone.

(7) Fix the date, time, and place for the public hearing on the formation of the zone.

(c) The district board shall publish notice of the hearing, including the information required by subdivision (b), pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation in the district. The district board shall mail the notice to all owners of property within the proposed zone. The district board shall post the notice in at least three public places within the territory of the proposed zone.

(d) At the hearing, the district board shall hear and consider any protests to the formation of the zone. At the conclusion of the

hearing, the district board may adopt a resolution ordering the formation of the zone.

13951. A district board may change the boundaries of a service zone or dissolve a zone by following the procedures in Section 13950.

13952. A local agency formation commission shall have no power or duty to review and approve or disapprove a proposal to create a service zone, a proposal to change the boundaries of a zone, or a proposal to dissolve a zone.

13953. As determined by the district board, a service zone may provide any service at any level within its boundaries which the district may provide.

13954. As determined by the district board and pursuant to the requirements of this part, a service zone may exercise any fiscal powers within its boundaries that the district may exercise.

13955. Any taxes, special taxes, assessments, or fees which are intended solely for the support of services within a zone shall be levied, assessed, and collected only within the boundaries of the zone.

13956. To assist it in the operation of a service zone, the district board may appoint one or more advisory groups composed of persons who reside in or own property in the zone.

CHAPTER 11. EMPLOYEE RELATIONS

13960. (a) The Meyers-Milias-Brown Act, Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code applies to all fire protection districts.

(b) Chapter 4 (commencing with Section 1960) of Part 7 of Division 2 of the Labor Code applies to all fire protection districts.

13961. (a) A district board may adopt an ordinance establishing an employee relations system.

(b) "Employee relations system" as used in this chapter means a civil service system or a merit system.

13962. (a) Upon receipt of a petition proposing an employee relations system for employees of the district signed by at least 10 percent of the registered voters of the district, the district board shall either adopt an ordinance providing for the employee relations system or adopt an ordinance subject to the approval of the voters of the district.

(b) District employees may circulate the petitions described in subdivision (a) at any time when they are not on duty.

(c) If the question is submitted to the voters at a general district election, the notice required by Section 23511 of the Elections Code shall contain a statement of the question to appear on the ballot. If the question is submitted to the voters at a special election, the notice of election and ballot shall contain a statement of the question.

(d) The question placed before the voters shall call for a "Yes" or "No" vote and shall be in substantially the following form:

"Shall the ordinance of the Board of Directors of the _____ (name of the district), adopting an employee relations system for the employees of the district, be approved?"

(e) If a majority of the voters voting on the question approve of the question, the ordinance shall go into effect.

13963. When more than one district is governed by the same board of directors, the district board may do all of the following:

(a) Adopt the same set of employee relations rules, regulations, and procedures for any or all districts.

(b) Authorize one examination for any or all districts for each classification of employment, establish one eligibility list, permit qualified candidates to transfer from one district to another, and allow requested changes in assignment.

(c) Adopt one seniority list to be used in the layoff of all employees of any or all districts. Persons laid off due to lack of work shall be eligible for reemployment and shall be reemployed in preference to the employment of new applicants. The district board may set a time limit on the use of this seniority list.

13964. If a county board of supervisors has appointed itself as the district board, it may change to district status any employee of a county fire warden department and the status of any district employee may be changed to that of a county employee, subject to charter provisions relating to employee relations, and the rules, regulations, and procedures of the employee relations system of the employer county.

13965. If the civil service commission or body performing employee relations functions for a district finds that a person has been employed by a city or another district which has, or any portion of which has, been annexed to, included within, or contracts with, the district for all fire protection, rescue, or emergency medical services, in a position classification the duties of which and qualifications for which are substantially the same as those of any position classification in the district, at the request of the district board, the civil service commission or other body may certify, without examination, that person as eligible to hold that district position classification or any lower position classification for which the person is qualified and which would not result in a lower level of salary than was received by the person immediately before the annexation, inclusion, or contract. If a person is employed by the district after certification without examination by the civil service commission or other body because of his or her employment in a position classification of similar duties by a city or district, all time employed in that city or district shall be considered as time employed by the district, to determine seniority rights and salary rates.

13966. (a) In the case of a district where the Board of Supervisors of the County of Santa Clara has appointed itself as the district board of a district, the district board may call an election to be held in the district for the purpose of submitting to the voters of the district the

question of whether the district board may provide for a system of binding arbitration for the resolution of impasses in employer-employee relations.

(b) Where the district has created service zones, the election specified in subdivision (a) shall be held only in those zones in which the district provides direct fire protection and not in those zones in which fire protection is provided by contract with other agencies.

13967. A district board may require any employee of the district to be bonded. The district shall pay the cost of the bonds.

13968. A district board may provide for any programs for the benefits of its employees or members of the district board, pursuant to Chapter 2 (commencing with Section 53200) of Part 1 of Division 2 of Title 5 of the Government Code.

13969. A district board shall train all employees of the district who are expected to provide services pursuant to Section 13862, except those whose duties are primarily clerical or administrative, to administer first aid and cardiopulmonary resuscitation, as required pursuant to Section 1797.182. A district board may provide any other training programs for its employees.

13970. A fire protection district shall be considered a "fire district" to grant leaves of absence in lieu of temporary disability payments pursuant to Article 7 (commencing with Section 4850) of Chapter 2 of Part 2 of Division 4 of the Labor Code.

SEC. 12. Section 20811 is added to the Public Contract Code, to read:

20811. When a district board determines that it is in the public interest, a district may contract with any other public agency for fire protection services, rescue services, emergency medical services, hazardous material emergency response services, ambulance services, and any other emergency services for the protection of lives and property.

SEC. 13. Section 20812 is added to the Public Contract Code, to read:

20812. (a) A district board may contract for special services. These contracts shall be with persons specially trained, experienced, expert, and competent to perform the special services. The special services shall be in the fields of accounting, administration, ambulance, architecture, custodial, economics, engineering, finance, insurance, labor relations, law, maintenance, mechanics, medicine, planning, science, technology, and other services which are incidental to the operation of the district.

(b) In the case of a district which has a final budget in excess of one million dollars ($1,000,000), the district shall follow the contracting and purchasing procedures which apply to the county government of its principal county or the procedures in subdivision (c).

(c) In the case of a district which has a final budget less than one million dollars ($1,000,000), the district shall follow the procedures of this subdivision.

(1) When the expenditure required for the service contract exceeds ten thousand dollars ($10,000), it shall be contracted for and let to the lowest responsible bidder. If two or more bids are the same and the lowest, the district board may accept the one it chooses.

(2) The notice inviting bids shall set a date for the opening of bids. The first publication or posting of the notice shall be at least 10 days before the date of opening the bids. Notice shall be published at least twice, at least five days apart, in a newspaper of general circulation in the district, or if there is none, it shall be posted in at least three public places in the district. The notice shall distinctly state the service to be performed.

(3) The district board may reject any bids. If the district board rejects all bids, it may either readvertise or adopt a resolution, by two-thirds vote, declaring that the service can be performed more economically by the district's employees or obtained at a lower price in the open market. Upon adoption of the resolution, the district board may undertake the service contract without further complying with this section.

(4) If no bids are received, the district board may undertake the service contract without further complying with this section.

SEC. 14. Section 20813 is added to the Public Contract Code, to read:

20813. (a) All contracts for the construction or completion of any building, structure, or improvement, when the expenditure required for the work exceeds ten thousand dollars ($10,000), shall be contracted for and let to the lowest responsible bidder after notice. If two or more bids are the same and the lowest, the district board may accept the one it chooses.

(b) The notice inviting bids shall set a date for the opening of bids. The first publication or posting of the notice shall be at least 10 days before the date of opening the bids. Notice shall be published at least twice, not less than five days apart, in a newspaper of general circulation in the district, or if there is none, it shall be posted in at least three public places in the district. The notice shall distinctly state the work to be done.

(c) In its discretion, the board may reject any bids presented and readvertise.

(d) In the case of an emergency, the district board may adopt a resolution by a two-thirds vote of all the members of the district board declaring that the public interest and necessity demand immediate expenditure of public money to safeguard life, health, or property. The district board may expend any sum required in the emergency without submitting such expenditure to bid.

(e) The district board may, subject to the provisions of Chapter 7 (commencing with Section 3247) of Title 15 of Part 4 of Division 3 of the Civil Code, require the posting of those bonds it deems desirable as a condition to the filing of a bid or the letting of a contract.

(f) Cost records of the work shall be kept in the manner provided

in Chapter 1 (commencing with Section 4000) of Division 5 of Title 1 of the Government Code.

SEC. 15. Section 5782.22 of the Public Resources Code is amended to read:

5782.22. (a) The district board may exercise any of the powers, functions, and duties which are vested in, or imposed upon, a fire protection district pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code.

(b) If the district includes any part of a local agency which provides fire protection to any territory in the district, the district shall not have any authority regarding the prevention or suppression of fires in that territory unless it obtains the consent of the other local agency.

SEC. 16. Section 16463.5 of the Public Utilities Code is amended to read:

16463.5. (a) A district may exercise any of the powers, functions, and duties which are vested in, or imposed upon, a fire protection district pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code.

(b) If the district includes any part of a local agency which provides fire protection service to any territory in the district, the district shall have no authority regarding the prevention and suppression of fires in that territory, unless the district has obtained the consent of the local agency.

SEC. 17. Article 7 (commencing with Section 31120) of Part 5 of Division 12 of the Water Code is repealed.

SEC. 18. Article 7 (commencing with Section 31120) is added to Part 5 of Division 12 of the Water Code, to read:

Article 7. Fire Protection

31120. (a) A district may exercise any of the powers, functions, and duties which are vested in, or imposed upon, a fire protection district pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code.

(b) If the district includes any part of a local agency which provides fire protection service to any territory in the district, the district shall have no authority regarding the prevention and suppression of fires in that territory unless the district has obtained the consent of the other local agency.

SEC. 19. Section 35412 of the Water Code is amended to read:

35412. The Irish Beach Water District may acquire, construct, and operate facilities for providing fire protection to the district and its inhabitants, including buildings, engines, hose, hose carts, or carriages, and other appliances and supplies for the full equipment of a fire company or department.

The Irish Beach Water District for the purpose of providing fire protection services may exercise any of the powers, functions, and duties which are vested in, or imposed upon, a fire protection district pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code.

If the district includes any part of a city, fire protection district, or other local agency which provides fire protection service to any territory in the district, or if the Department of Forestry and Fire Protection provides fire protection service to any territory in the district, the district shall have no authority pursuant to this section regarding the prevention and suppression of fires in these territories, unless the district has obtained the consent of the city, fire protection district, other local agency, or the Department of Forestry and Fire Protection.

The provisions of this section are necessary because of the great need for fire protection services within the area of the Irish Beach Water District. There is no other local governmental entity willing to provide this service to the people of the district. This problem is not common to all districts formed under this division. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary for the solution of problems existing in the Irish Beach Water District.

SEC. 20. Section 71680 of the Water Code is amended to read:

71680. (a) A district may exercise any of the powers, functions, and duties which are vested in, or imposed upon, a fire protection district pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code.

(b) If the district includes any part of any local agency which provides fire protection service to any territory in the district, the district shall have no authority regarding the prevention or suppression of fires, in that territory unless the district has obtained the consent of the other local agency.

SEC. 21. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 22. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1014

An act to amend Section 40000.7 of, to add and repeal Sections 5105.5 and 5106.5 of, the Vehicle Code, relating to environmental license plates, and making an appropriation therefor.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 5105.5 is added to the Vehicle Code, to read:

5105.5. (a) If an applicant for an environmental license plate so requests, the department shall furnish, with any environmental license plates issued under this article, a third license plate for display upon payment of the extra fee pursuant to Section 5106.5. The third license plate shall be clearly and unalterably marked as a display license plate.

(b) The department shall advise any applicant for environmental license plates or renewal of environmental license plates of the availability and fee for the third license plate. (c) The third license plate shall be produced and marketed by the State of California.

SEC. 2. Section 5106.5 is added to the Vehicle Code, to read:

5106.5. (a) If an applicant requests a third license plate for display, the applicant shall be charged, in addition to the regular registration fee and the fee prescribed in Section 5106, a fee of thirty-five dollars ($35). The fee charged for the third license plate for display shall increase in direct proportion with any increase in the fee prescribed in Section 5106.

(b) From the revenues collected pursuant to subdivision (a) and deposited pursuant to Section 5107 in the California Environmental License Plate Fund, the Controller shall transfer to the Motor Vehicle Account in the State Transportation Fund the amount certified by the director to be necessary to provide reimbursement to the department for its administrative costs relating to the issuance of the third, display, environmental license plate.

(c) On or before January 1, 1991, the department shall submit to the Governor and the Legislature a report on measures taken to

advertise the third license plates for display, the number of these license plates annually produced, fees collected therefor, and other matters and recommendations as the department may provide.

(d) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

CHAPTER 1015

An act to amend and repeal Section 1572 of the Health and Safety Code, and to amend Sections 9314 and 9316 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 22, 1987 Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1572 of the Health and Safety Code, as amended by Chapter 1305 of the Statutes of 1985, is amended to read:

1572. To the extent provided for under Section 9316 of the Welfare and Institutions Code, the functions and duties of the state department provided for under this chapter shall be performed by the Department of Aging commencing on the date the functions are transferred from the Department of Health Services to the Department of Aging. These functions shall be transferred when the Department of Aging develops an implementation plan clearly defining the authority, functions, and responsibility of the Department of Aging, and signs an interagency agreement with the state department to specify how the departments shall work together in areas of mutual concern.

The Health and Welfare Agency shall develop a plan by July 1, 1988, for streamlining the certification and licensing process for adult day health care.

The interagency agreement shall specify that the Department of Aging is designated by the state department as the agency responsible for community long-term care programs. At a minimum, the interagency agreement shall clarify each department's responsibilities on issues involving licensure and certification of adult day health care providers, payment of adult day health care claims, prior authorization of services, promulgation of regulations, and development of adult day health care Medi-Cal rates. The interagency agreement shall also specify that as of January 1, 1988, the State Department of Health Services shall delegate to the Department of Aging the responsibility of performing the financial and cost report audits and the resolution of audit appeals which are necessary to ensure program integrity. As provided for in Section 19994.10 of the Government Code, the personnel resources and funding, equivalent to one personnel year used to perform the audit responsibilities shall be transferred to the Department of Aging. This agreement shall also include provisions whereby the state department and the Department of Aging shall collaborate in the development and implementation of health programs and services for older persons and functionally impaired adults.

To the extent necessary for implementation of Section 9316 of the Welfare and Institutions Code, as used in this chapter, "director"

shall refer to the Director of the Department of Aging and "state department" shall refer to the Department of Aging. A Long-Term Care Committee is hereby established in the Department of Aging. The committee shall include, but not be limited to, a member of the California Commission on Aging, who shall be a member of the Long-Term Care Committee of the commission, a representative of the Association for Adult Day Care Services, a representative of the California Association of Area Agencies on Aging, a representative of the California Conference of Local Health Officers, a member of a local adult day health care planning council, nonprofit representatives and professionals with expertise in Alzheimer's disease or a disease of a related disorder, a member of the California Coalition of Independent Living Centers, and representatives from other appropriate state departments, including the State Department of Health Services, the State Department of Social Services, the State Department of Mental Health, the State Department of Developmental Services and the State Department of Rehabilitation, as deemed appropriate by the Director of the Department of Aging. At least one member shall be a person over 60 years of age. The committee shall function as an advisory body to the Department of Aging and advise the Director of the Department of Aging regarding development of community-based long-term care programs.

This function shall also include advice to the Director of the Department of Aging for recommendations to the State Department of Health Services on licensure, Medi-Cal reimbursement, and utilization control issues.

The committee shall be responsible for the reviewing of new programs under the jurisdiction of the department.

The committee shall assist the Director of the Department of Aging in the development of procedures and guidelines for new contracts or grants, as well as review and make recommendations on applicants. The committee shall take into consideration the desirability of coordinating and utilizing existing resources, avoidance of duplication of services and inefficient operations, and locational preferences with respect to accessibility and availability to the economically disadvantaged older person.

Additionally, the functions of the committee shall include all of the following:

(a) The committee shall review and make recommendations on guidelines for adoption by the Director of the Department of Aging setting forth principles for evaluation of community need for adult day health care, which shall take into consideration the desirability of coordinating and utilizing existing resources, avoidance of duplication of services and inefficient operations, and locational preferences with respect to accessibility and availability to the economically disadvantaged older person.

(b) The committee shall review county plans submitted pursuant to Section 1572.9. Such county plans shall be approved if consistent

with the guidelines adopted by the director pursuant to subdivision (a).

(c) The committee shall review and make recommendations to the Director of the Department of Aging concerning individual proposals for startup funds and for original licensure of proposed adult day health care centers. The Director of the Department of Aging shall make recommendations regarding licensure to the Licensing and Certification Division in the State Department of Health Services. This review may include onsite inspections by the committee, or a special subcommittee thereof, for the purpose of evaluating a proposed provider or its facility. The basis of this review shall be the approved county plan and an evaluation of the ability of the applicant to provide adult day health care in accordance with the requirements of this chapter and regulations adopted hereunder. A public hearing on each individual proposal for an adult day health care center may be held by the department in conjunction with the local adult day health care council in the county to be served. A hearing shall be held if requested by a local adult day health care council. In order to provide the greatest public input, the hearing should preferably be held in the service area to be served.

SEC. 2. Section 1572 of the Health and Safety Code, as added by Section 5 of Chapter 1600 of the Statutes of 1984, is repealed.

SEC. 3. Section 9314 of the Welfare and Institutions Code is amended to read:

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to minimize the complexity of the process by which students apply for student financial assistance and, at the same time, to maintain strict standards of eligibility to ensure that the most needy students receive student financial assistance. It is further the intent of the Legislature to make various changes in California law to conform with the United States Higher Education Amendments of 1986 (Public Law 99-498).

SEC. 2. Section 69506 of the Education Code is repealed.

SEC. 3. Section 69506 is added to the Education Code, to read:

69506. For the purposes of determining the dependent and independent status of students, the definition set forth in the federal law or regulation shall serve as the definition for students seeking any state-funded financial assistance.

SEC. 4. Section 69506.5 of the Education Code is repealed.

SEC. 5. Section 69506.5 is added to the Education Code, to read:

69506.5. Notwithstanding Section 69506, the Student Aid Commission may, whenever it is determined to be in the best interest of the state, develop and adopt regulations that modify the federal definition for establishing the dependent and independent status of students seeking any state-funded financial assistance. It is the Legislature's intent that these regulations promote consistency between federal and state standards, encourage the maximum contribution from parents while being sensitive to individual student financial and personal circumstances, and encourage a simple financial aid application process.

(a) Prior to adopting regulations pursuant to this section, the commission shall convene an advisory committee for the purposes of seeking recommendations on criteria for student dependency status. The committee, which may be an existing committee, shall comprise representatives of the financial aid community including students, financial aid officers, representatives of the postsecondary education segments, and the California Postsecondary Education Commission.

(b) The regulations developed pursuant to this section shall be adopted as Student Aid Commission regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) Prior to adopting or amending regulations pursuant to this section, the commission shall conduct, and make public, a full analysis which includes at least an examination and explanation of the cost of the change, the effect on student applicant and recipient eligibility and award levels, and the effects of implementing the criteria on those programs administered by the commission.

(d) Not later than July 1 of the year following any changes in the definition of student dependence or independence made pursuant to this section, the commission shall report to the Governor and the Legislature the impact of the changes on those programs administered by the commission.

SEC. 6. Section 69506.7 of the Education Code is repealed.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The changes of this act are critical to the efficient and effective use of funds for need-based grants within public postsecondary educational institutions. In order to allow the Student Aid Commission to adopt new regulations pursuant to this act effective for the 1988–89 academic year, commencing July 1988, and reflected on the student financial aid forms printed in October 1987, it is necessary that this act take immediate effect.

CHAPTER 1017

65302.3. (a) The general plan, and any applicable specific plan prepared pursuant to Article 8 (commencing with Section 65450), shall be consistent with the plan adopted or amended pursuant to Section 21675 of the Public Utilities Code.

21670. (a) The Legislature hereby finds and declares that:

(1) It is in the public interest to provide for the orderly development of each public use airport in this state and the area surrounding these airports so as to promote the overall goals and

objectives of the California airport noise standards adopted pursuant to Section 21669 and to prevent the creation of new noise and safety problems.

(2) It is the purpose of this article to protect public health, safety, and welfare by ensuring the orderly expansion of airports and the adoption of land use measures that minimize the public's exposure to excessive noise and safety hazards within areas around public airports to the extent that these areas are not already devoted to incompatible uses.

(b) In order to achieve the purposes of this article, every county in which there is located an airport which is served by a scheduled airline shall establish an airport land use commission. Every county, in which there is located an airport which is not served by a scheduled airline, but is operated for the benefit of the general public, shall establish an airport land use commission, except that the board of supervisors of the county may, after consultation with the appropriate airport operators and affected local entities and after a public hearing, adopt a resolution finding that there are no noise, public safety, or land use issues affecting any airport in the county which require the creation of a commission and declaring the county exempt from that requirement. The board shall, in this event, transmit a copy of the resolution to the Director of Transportation. For purposes of this section, "commission" means an airport land use commission. Each commission shall consist of seven members to be selected as follows:

If there are no cities within a county, the number of representatives provided for by paragraphs (2) and (3) shall each be increased by one.

(2) Two representing the county, appointed by the board of supervisors.

(4) One representing the general public, appointed by the other six members of the commission.

(c) Public officers, whether elected or appointed, may be appointed and serve as members of the commission during their terms of public office.

(d) Each member shall promptly appoint a single proxy to represent him or her in commission affairs and to vote on all matters when the member is not in attendance. The proxy shall be designated in a signed written instrument which shall be kept on file at the commission offices, and the proxy shall serve at the pleasure of the appointing member. A vacancy in the office of proxy shall be filled promptly by appointment of a new proxy.

(e) A person having an "expertise in aviation" means a person who, by way of education, training, business, experience, vocation, or avocation has acquired and possesses particular knowledge of, and familiarity with, the function, operation, and role of airports, or is an elected official of a local agency which owns or operates an airport. The commission shall be constituted pursuant to this section on and after March 1, 1988.

SEC. 4. Section 21670.1 of the Public Utilities Code is amended to read:

21670.1. (a) Notwithstanding any other provision of this article, if the board of supervisors and the city selection committee of mayors in the county each makes a determination by a majority vote that proper land use planning can be accomplished through the actions of an appropriately designated body, then the body so designated shall assume the planning responsibilities of an airport land use commission as provided for in this article, and a commission need not be formed in that county.

(b) A body designated pursuant to subdivision (a) which does not include among its membership at least two members having an expertise in aviation, as defined in subdivision (e) of Section 21670, shall, when acting in the capacity of an airport land use commission, be augmented so that that body, as augmented, will have at least two members having that expertise. The commission shall be constituted pursuant to this section on and after March 1, 1988.

21671. In any county where there is an airport operated for the general public which is owned by a city or district in another county or by another county, one of the representatives provided by paragraph (1) of subdivision (b) of Section 21670 shall be appointed by the city selection committee of mayors of the cities of the county in which the owner of that airport is located, and one of the representatives provided by paragraph (2) of subdivision (b) of Section 21670 shall be appointed by the board of supervisors of the county in which the owner of that airport is located.

SEC. 6. Section 21671 of the Public Utilities Code, as amended by Section 5 of Chapter 1117 of the Statutes of 1984, is repealed.

SEC. 8. Section 21673 of the Public Utilities Code is amended to read:

21673. In any county not having a commission or a body designated to carry out the responsibilities of a commission, any owner of a public airport may initiate proceedings for the creation of a commission by presenting a request to the board of supervisors that a commission be created and showing the need therefor to the satisfaction of the board of supervisors.

SEC. 9. Section 21674 of the Public Utilities Code, as amended by Section 7 of Chapter 1041 of the Statutes of 1982, is amended to read:

(b) To coordinate planning at the state, regional, and local levels so as to provide for the orderly development of air transportation, while at the same time protecting the public health, safety, and welfare.

(c) To prepare and adopt an airport land use plan pursuant to Section 21675.

(d) To review the plans, regulations, and other actions of local agencies and airport operators pursuant to Section 21676.

(e) The powers of the commission shall in no way be construed to give the commission jurisdiction over the operation of any airport.

(f) In order to carry out its responsibilities, the commission may adopt rules and regulations consistent with this article.

SEC. 10. Section 21674 of the Public Utilities Code, as added by Section 8 of Chapter 1041 of the Statutes of 1982, is repealed.

SEC. 11. Section 21675 of the Public Utilities Code is amended to read:

21675. (a) Each commission shall formulate a comprehensive land use plan that will provide for the orderly growth of each public airport and the area surrounding the airport within the jurisdiction of the commission, and will safeguard the general welfare of the inhabitants within the vicinity of the airport and the public in general. The commission plan shall include a long-range master plan that reflects the anticipated growth of the airport during at least the next 20 years. In formulating a land use plan, the commission may develop height restrictions on buildings, may specify use of land, and may determine building standards, including soundproofing adjacent to airports, within the planning area. The comprehensive land use plan shall be reviewed as often as necessary in order to accomplish its purposes, but shall not be amended more than once in any calendar year.

(b) The commission may include, within its plan formulated pursuant to subdivision (a), the area within the jurisdiction of the commission surrounding any federal military airport for all the purposes specified in subdivision (a). This subdivision does not give the commission any jurisdiction or authority over the territory or operations of any military airport.

(c) The planning boundaries shall be established by the commission after hearing and consultation with the involved agencies.

SEC. 12. Section 21676 of the Public Utilities Code, as amended by Section 9 of Chapter 1041 of the Statutes of 1982 is amended to read:

21676. (a) Each local agency whose general plan includes areas covered by an airport land use commission plan shall, by July 1, 1983, submit a copy of its plan or specific plans to the airport land use commission. The commission shall determine by August 31, 1983, whether the plan or plans are consistent or inconsistent with the commission's plan. If the plan or plans are inconsistent with the commission's plan, the local agency shall be notified and that local agency shall have another hearing to reconsider its plans. The local agency may overrule the commission after such hearing by a two-thirds vote of its governing body if it makes specific findings that the proposed action is consistent with the purposes of this article stated in Section 21670.

(b) Prior to the amendment of a general plan or specific plan, or the adoption or approval of a zoning ordinance or building regulation within the planning boundary established by the airport land use commission pursuant to Section 21675, the local agency shall first refer the proposed action to the commission. If the commission determines that the proposed action is inconsistent with the commission's plan, the referring agency shall be notified. The local agency may, after a public hearing, overrule the commission by a two-thirds vote of its governing body if it makes specific findings that the proposed action is consistent with the purposes of this article stated in Section 21670.

(c) Each public agency owning any airport within the boundaries of an airport land use commission plan shall, prior to modification of its airport master plan, refer such proposed change to the airport land use commission. If the commission determines that the proposed action is inconsistent with the commission's plan, the referring agency shall be notified. The public agency may, after a public hearing, overrule the commission by a two-thirds vote of its governing body if it makes specific findings that the proposed action is consistent with the purposes of this article stated in Section 21670.

(d) Each commission determination pursuant to subdivision (b) or (c) shall be made within 60 days from the date of referral of the proposed action. If a commission fails to make the determination within that period, the proposed action shall be deemed consistent with the commission's plan.

SEC. 15. Section 21679 is added to the Public Utilities Code, to

read:

21679. (a) In any county in which there is no airport land use commission or other body designated to assume the responsibilities of an airport land use commission, or in which the commission or other designated body has not adopted an airport land use plan, an interested party may initiate proceedings in a court of competent jurisdiction to postpone the effective date of a zoning change, a zoning variance, the issuance of a permit, or the adoption of a regulation by a local agency, which directly affects the use of land within one mile of the boundary of a public airport within the county.

(b) The court may issue an injunction which postpones the effective date of the zoning change, zoning variance, permit, or regulation until the governing body of the local agency which took the action does one of the following:

(1) In the case of an action which is a legislative act, adopts a resolution declaring that the proposed action is consistent with the purposes of this article stated in Section 21670.

(2) In the case of an action which is not a legislative act, adopts a resolution making findings based on substantial evidence in the record that the proposed action is consistent with the purposes of this article stated in Section 21670.

(3) Rescinds the action.

SEC. 8. Section 361.2 of the Welfare and Institutions Code is amended to read:

361.2. (a) When a court orders removal of a minor pursuant to Section 361, the court shall first determine whether there is a parent of the minor, with whom the minor was not residing at the time that the events or conditions arose that brought the minor within the provisions of Section 300, who desires to assume custody of the minor. If such a parent requests custody the court shall place the minor with the parent unless it finds that placement with that parent would be detrimental to the minor.

If the court places the minor with such a parent it may do either

of the following:

(1) Order that such parent become legal and physical custodian of the child. The court may also provide reasonable visitation by the noncustodial parent. The court shall then terminate its jurisdiction over the minor. The custody order shall continue unless modified by a subsequent order of the superior court. The order of the juvenile court shall be filed in any domestic relation proceeding between the parents.

(2) Order that the parent assume custody subject to the supervision of the juvenile court. In such a case the court may order that reunification services be provided to the parent or guardian from whom the minor is being removed, or the court may order that services be provided solely to the parent who is assuming physical custody in order to allow that parent to retain later custody without court supervision, or that services be provided to both parents, in which case the court shall determine, at review hearings held pursuant to Section 366, which parent, if either, shall have custody of the minor.

(b) When the court orders removal pursuant to Section 361, the court shall order the care, custody, control, and conduct of the minor to be under the supervision of the probation officer who may place the minor in any of the following:

(1) The home of a relative, including a noncustodial parent.

(2) A foster home in which the child has been placed before an interruption in foster care, if that placement is in the best interest of the child and space is available.

(3) A suitable licensed community care facility.

(4) With a foster family agency to be placed in a suitable licensed foster family home or certified family home which has been certified by the agency as meeting licensing standards.

(5) A home or facility in accordance with the federal Indian Child Welfare Act.

(c) If the minor is taken from the physical custody of the minor's parents or guardians and unless the minor is placed with relatives, the minor shall be placed in foster care in the county of residence of the minor's parents or guardians in order to facilitate reunification of the family.

In the event that there are no appropriate placements available in the parents' or guardians' county, a placement may be made in an appropriate place in another county, preferably a county located adjacent to the parents' or guardians' community of residence.

Nothing in this section shall be interpreted as requiring multiple disruptions of the minor's placement corresponding to frequent changes of residence by the parents or guardians. In determining whether the minor should be moved, the probation officer will take into consideration the potential harmful effects of disrupting the placement of the minor and the parents' or guardians' reason for the move.

(d) Whenever the probation officer must change the placement

of the minor and is unable to find a suitable placement within the county and must place the minor outside the county, no such placement shall be made until he or she has served written notice on the parents or guardians at least 14 days prior to the placement, unless the child's health or well-being is endangered by delaying the action or would be endangered if prior notice were given. The notice shall state the reasons which require placement outside the county. The parents or guardians may object to the placement not later than seven days after receipt of the notice and, upon objection the court shall hold a hearing not later than five days after the objection and prior to the placement. The court shall order out-of-county placement if it finds that the minor's particular needs require placement outside the county.

(e) Where the court has ordered a minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, if all of the following certification conditions are met:

(1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.

If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.

(f) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall consider whether the family ties and best interest of the minor will be served by granting visitation rights to the minor's grandparents. [Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 35160.5 of the Education Code is amended to read:

35160.5. (a) On or before December 1, 1984, the governing board of each school district shall, as a condition for the receipt of school apportionments from the State School Fund, adopt rules and regulations establishing school district policies as they relate to the following:

(1) Certification that personnel assigned to evaluate teachers have demonstrated competence in instructional methodologies and evaluation for teachers they are assigned to evaluate. The determination of whether school personnel meet the district's adopted policies shall be made by the governing board.

(2) The establishment of district policies ensuring that each probationary certificated employee is assigned to a school within the

district with assurances that his or her status as a new teacher and his or her potential needs for training, assistance, and evaluations will be recognized by the district.

(3) The establishment of policies and procedures that parents or guardians of pupils enrolled in the district may use to present complaints regarding employees of the district. These policies and procedures shall provide for appropriate mechanisms to respond to, and where possible, to resolve the complaints.

(b) The governing board of each school district that maintains one or more schools containing any of grades 7 to 12, inclusive, shall, as a condition for the receipt of an inflation adjustment pursuant to Section 42238.1, establish a school district policy regarding participation in extracurricular and cocurricular activities by pupils in grades 7 to 12, inclusive. The criteria, which shall be applied to extracurricular and cocurricular activities, shall ensure that pupil participation is conditioned upon satisfactory educational progress in the previous grading period. Pupils who are eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 are covered by this section consistent with that subdivision. No person shall classify a pupil as eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 for the purpose of circumventing the intent of this subdivision.

(1) For purposes of this subdivision, "extracurricular activity" means a program that has all of the following characteristics:

(A) The program is supervised or financed by the school district.

(B) Pupils participating in the program represent the school district.

(C) Pupils exercise some degree of freedom in either the selection, planning, or control of the program.

(D) The program includes both preparation for performance and performance before an audience or spectators.

(2) For purposes of this subdivision, an "extracurricular activity" is not part of the regular school curriculum, is not graded, does not offer credit, and does not take place during classroom time.

(3) For purposes of this subdivision, a "cocurricular activity" is defined as a program that may be associated with the curriculum in a regular classroom.

(4) For purposes of this subdivision, "satisfactory educational progress" shall include, but not be limited to, the following:

(A) Maintenance of minimum passing grades, which is defined as at least a 2.0 grade point average in all enrolled courses on a 4.0 scale.

(B) Maintenance of minimum progress toward meeting the high school graduation requirements prescribed by the governing board.

(5) For purposes of this subdivision, "previous grading period" does not include any grading period in which the pupil was not in attendance for all, or a majority of, the grading period due to absences excused by the school for reasons such as serious illness or injury, approved travel, or work. In that event, "previous grading period" is deemed to mean the grading period immediately prior to

the grading period or periods excluded pursuant to this paragraph.

(6) A program that has, as its primary goal, the improvement of academic or educational achievements of pupils is not an extracurricular or cocurricular activity as defined by this section.

(7) The governing board of each school district may adopt, as part of its policy established pursuant to this subdivision, provisions that would allow a pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), in the previous grading period to remain eligible to participate in extracurricular and cocurricular activities during a probationary period. The probationary period shall not exceed one semester in length, but may be for a shorter period of time, as determined by the governing board of the school district. A pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), during the probationary period shall not be allowed to participate in extracurricular and cocurricular activities in the subsequent grading period.

(8) Nothing in this subdivision shall preclude the governing board of a school district from imposing a more stringent academic standard than that imposed by this subdivision. If the governing board of a school district imposes a more stringent academic standard, the governing board shall establish the criteria for participation in extracurricular and cocurricular activities at a meeting open to the public pursuant to Section 35145.

The governing board of each school district shall annually review the school district policies adopted pursuant to the requirements of this section.

(c) A spark arrester is a device constructed of nonflammable materials specifically for the purpose of removing and retaining carbon and other flammable particles over 0.0232 of an inch in size from the exhaust flow of an internal combustion engine or which is qualified and rated by the United States Forest Service.

(1) The department may charge any driving school participating in the program a fee not to exceed two dollars ($2) per applicant to recover the department's cost in establishing and monitoring the program. The fee that a participating school may charge an applicant for a student license may not exceed the fee which the department charges the school for the license.

(2) The department may remove a driving school from the program if the department determines that the school has issued a student license fraudulently, or has otherwise not followed the

requirements of the program.

(3) Any such fraudulent conduct may result in cause for suspension or revocation of the driving school license.

(4) Applicants shall meet the qualification standards specified in regulations adopted by the department pursuant to Section 12661.

(b) The department shall submit a report to the Legislature on the progress of the program established pursuant to subdivision (a) within two years after the program is implemented. The report shall include, but not be limited to, an analysis of the costs and benefits of the program and shall include recommendations by the department.

(e) Any other requirements necessary to carry out Section 12660.

CHAPTER 1030

An act to amend Section 16724 of, and to add Article 6 (commencing with Section 16780) to Chapter 4 of Part 3 of Division 4 of Title 2 of, the Government Code, relating to state general obligation bonds, and making an appropriation therefor.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to enable the accomplishment of savings in both debt service costs to the state and reorganization of state debt by providing for the refunding of general obligation bonds of the state issued under bond acts hereafter adopted by the Legislature and approved by the electors which expressly mention the right of the state to refund the bonds so authorized. The refundings will ordinarily involve the issuance of the refunding bonds some time before the bonds being refunded are actually retired, and the aggregate amount of outstanding debt during that time will therefore be greater than it would have been if no refunding had occurred. However, since the payment of debt service on the refunded bonds will be provided for by the proceeds of the refunding bonds, the debt service which is paid from the General Fund will in fact be reduced and the state's debt will be reorganized to the benefit of the state and its taxpayers.

SEC. 2. Section 16724 of the Government Code is amended to read:

16724. The bond act shall contain all of the following provisions:

(a) A statement of the total amount of bonds authorized to be issued and the purpose for which the proceeds from the sale of the bonds may be used.

(b) The creation of a committee and fund, and the naming of the board.

(c) A statement that the bonds are valid obligations of the state and a pledge of the full faith and credit of the state for the punctual payment of both principal and interest thereof.

(d) An appropriation from the General Fund in the State Treasury of the sum annually as shall be necessary to pay the principal and interest on the bonds as they become due and payable.

(e) A requirement that there be collected annually in the same manner and at the same time as other state revenue is collected the sum, in addition to the ordinary revenues of the state, as is required to pay the principal and interest on the bonds; and a provision making it the duty of all officers charged by law with any duty in regard to the collections of the revenue to do and perform each and every act which is necessary to collect that additional sum.

(f) A provision requiring the transfer into the General Fund in the State Treasury, on the several dates on which funds are remitted pursuant to Section 16676 of the Government Code for the payment of the then maturing principal and interest on the bonds, from the fund, so far as available therein, of amounts equal to all sums so becoming due for principal and interest; and a provision that if the money so returned on the remittance dates is less than the principal and interest then due and payable, the balance remaining unpaid shall be transferred to the General Fund out of the fund as soon thereafter as it shall become available, together with interest thereon from the remittance dates until so returned at the same rate as borne

Article 6. Refunding Bonds

16780. The committee may provide for the issuance and sale or exchange of refunding bonds for the purpose of redeeming, retiring, or purchasing for retirement, outstanding bonds at or before their maturity, if the committee determines that refunding is necessary or advisable in order (a) to effect a favorable reorganization of the debt structure of the state, or (b) to effect a saving in debt service cost to the state, as measured by the present value of that saving.

16781. Except as otherwise provided in this article, all of the provisions of this chapter except Sections 16730 and 16757 are applicable to the issuance and sale of refunding bonds.

(5) The interest accruing on the outstanding bonds to the date of their call, retirement, or purchase.

In any such bond act, the provisions included therein pursuant to subdivisions (c), (d), (e), and (f) of Section 16724 apply to refunding bonds to the same extent and in the same manner as those provisions applied to the bonds being refunded.

16787. In any report of outstanding general obligation bonds or bonded debt of the state, the Controller shall include both refunding bonds and bonds which have been refunded but not yet retired, but shall in the same report deduct either the refunded bonds, for the retirement of which sufficient moneys or securities have been

deposited in the Refunding Escrow Fund, or the refunding bonds, if interest thereon is pledged to be paid from moneys or securities deposited in the Refunding Escrow Fund until the redemption or payment of the bonds to be refunded, so as to show the net total of bonds or bonded debt to be paid from the General Fund or future revenues of the state other than the income from the investment of the Refunding Escrow Fund.

The requirements are that such a clean and irrevocable letter of credit shall be issued and maintained under arrangements satisfactory to the commissioner as constituting security to the ceding insurer substantially equal to that of a deposit under subdivision (b), and that it shall be (1) issued or confirmed by a banking institution which is a member of the Federal Reserve System and of financial standing satisfactory to the commissioner, or (2) issued by a California state chartered bank which is insured by the Federal Deposit Insurance Corporation and meets the conditions established by the commissioner. competent jurisdiction in any state of the United States and designate the commissioner or a designated attorney in this state as its agent for service of process in this state in any action, suit, or proceeding instituted by or on behalf of the ceding insurer for any matter arising out of the reinsurance.

(c) To the extent that the amount of a clean and irrevocable letter of credit issued for a term of one year conforming to the requirements set forth below, is a substitute for advances for claims, unearned premium, and all other policy and contract liabilities and reserve obligations to be made by an alien reinsurer in connection with its liability under a specific reinsurance agreement. The requirements are that such a clean and irrevocable letter of credit shall be issued and maintained under arrangements satisfactory to the commissioner as constituting security to the ceding insurer substantially equal to that of a deposit under subdivision (a), and that it shall be (1) issued or confirmed by a banking institution which is a member of the Federal Reserve System and of financial standing satisfactory to the commissioner, or (2) issued by a California state chartered bank which is insured by the Federal Deposit Insurance Corporation and meets the conditions established by the commissioner. CHAPTER 1033

An act to amend Section 22209 of the Business and Professions Code, relating to crimes.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that the citizens of this state have a substantial interest in protecting small children from harm and possibly even death, as evidenced by the numerous warning labels found on common household items.

The Legislature finds, however, that certain retailers use polyethylene plastic bags as containers for products sold to consumers without affixing warning labels to the bags. Thus, for the sake of cutting costs, certain retailers have become neglectful of their responsibility to warn the purchaser of a product that polyethylene bags can cause suffocation if they are used improperly.

The Legislature, therefore, finds and declares that all retailers, distributors, and manufacturers shall be required by law to affix warning labels to polyethylene bags in order that consumers might

be made aware of the dangers resulting from a misuse of these bags.

SEC. 2. Section 22200 of the Business and Professions Code is amended to read:

22200. No bag made of plastic material of an average gauge thinner than 0.001 inch which is large enough to fit over a child's head shall be used by any business establishment as a container for products delivered to purchasers, or by any other business establishment to package articles delivered to customers or other persons doing business with the establishment, or, after January 1, 1988, shall be directly sold, delivered, or given to any business establishment located in the state of California by any manufacturer, supplier, or distributor after January 1, 1988, unless there is printed upon such bag, or upon a gummed label which is securely attached to such bag, in clear legible type the following: "CAUTION--KEEP AWAY FROM SMALL CHILDREN. THE THIN FILM MAY CLING TO NOSE AND MOUTH AND PREVENT BREATHING," or a similar warning that the bag is dangerous to small children.

SEC. 2.5. There shall be no cause of action prior to January 1, 1988, based on the amendments to Section 22200 of the Business and Professions Code made by Section 2 of this act.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 15. Section 50908 of the Health and Safety Code is amended to read:

50908. The Governor shall, subject to confirmation by the Senate, appoint an executive director of the agency, who shall, subject solely to supervision by the board, administer and direct the day-to-day operations of the agency. The term of office of the executive director is five years. However, the salary of the executive director shall not exceed the salary of the Secretary of the Business, Transportation and Housing Agency. Members of the board shall not receive a salary but shall be entitled to a per diem allowance of one hundred dollars ($100) for each day's attendance at a meeting of the board or a meeting of a committee of the board, not to exceed three hundred dollars ($300) in any month, and reimbursement for expenses incurred in the performance of their duties under this part, including

The general counsel shall serve as secretary to the board and shall perform all duties and services as general counsel to the agency which the agency may require of such person.

Except as provided in Section 11040 of the Government Code, the Attorney General shall represent and appear for the people of the State of California and the agency in all court proceedings involving any question under this division or any order or act of the agency. However, the agency may also employ private counsel to assist in any court proceeding.

This division shall be deemed to provide a complete, additional, and alternative method for doing the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws. The issuance of bonds and refunding bonds under this

part need not comply with the requirements of any other law applicable to the issuance of bonds, and in the construction or acquisition of a housing development or a residential structure pursuant to this division, the agency need not comply with the requirements of any other law applicable to construction or acquisition of public works, except as specifically provided in this division. The agency shall adopt regulations for review of construction contracts for the construction or rehabilitation of housing developments and residential structures financed under this division and shall require that on construction of this housing which is financed by a construction loan from the agency, other than mutual self-help housing developments, all workers employed in the construction, exclusive of maintenance work, shall be paid not less than the general prevailing rate or per diem wages for work of a similar character in the locality in which the construction is performed, and not less than the prevailing rate of per diem wages for holiday and overtime work. The agency shall determine or require determination of the general prevailing rate of per diem wages in accordance with the standards set forth in Section 1773 of the Labor Code. Apprentices shall be employed in the construction of housing developments in accordance with the regulations of the agency, which shall impose the same requirements as contained in Section 1777.5 of the Labor Code, except as to differences necessitated by the methods of awarding construction contracts for housing developments financed under this division.

Notwithstanding Section 13340 of the Government Code, all money in the fund is hereby continuously appropriated to the agency for carrying out the purposes of this part, and, notwithstanding Chapter 2 (commencing with Section 12850) of Part 2.5 of Division 3 of Title 2 of the Government Code, or the provisions of Sections

11032 and 11033 of the Government Code, and except as provided in this part, expenditure of the fund shall not be subject to the supervision or approval of any other officer or division of state government. However, the agency's budget shall be reviewed as provided in Section 50913. The agency may pledge any or all of the moneys in the fund as security for payment of the principal of, and interest on, and redemption premiums on, bonds issued pursuant to this part, and, for that purpose or as necessary or convenient to the accomplishment of any other purpose of the agency, may divide the fund into separate accounts. All moneys accruing to the agency pursuant to this part from whatever source shall be deposited in the fund.

SEC. 22. Section 51003 of the Health and Safety Code is amended to read:

51003. The agency shall, from time to time, direct the Treasurer to invest moneys in the fund which are not required for its current needs, including proceeds from the sale of any bonds, in any eligible securities specified in Section 16430 of the Government Code which the agency shall designate. The agency may direct the Treasurer to invest the moneys by entering into repurchase agreements or reverse repurchase agreements, which, for purposes of this section, shall mean agreements for the purchase or sale of eligible securities pursuant to which the seller or buyer agrees to repurchase or sell back the securities on or before a specified date and for a specified amount. The agency may direct the Treasurer to invest the moneys in investment agreements with corporations, financial institutions, or national associations within the United States which are rated by a nationally recognized rating service within the top three ratings of the service. For purposes of this section, investment agreements shall mean any agreement for the investment of moneys in the fund whether at fixed or variable interest rates, and may include, but not be limited to, repurchase agreements, notes, uncollateralized time deposits and certificates of deposit. The agency may direct the Treasurer to deposit moneys in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state.

Subject to any agreement with holders of particular bonds, in furtherance of the provisions of Section 51373, and to the extent permitted by law, the agency may also invest moneys of the fund in obligations or financial institutions as are permitted by board resolution. The agency may alternatively require the transfer of moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

All interest or other increment resulting from such investment or deposit shall be deposited in the fund, notwithstanding Section 16305.7 of the Government Code. Moneys in the fund shall not be subject to transfer to any other fund pursuant to any provision of Part

2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, excepting the Surplus Money Investment Fund.

SEC. 24. Section 51005.5 of the Health and Safety Code is repealed.

SEC. 25. Section 51006 of the Health and Safety Code is amended to read:

51006. The executive director of the agency shall immediately certify in writing to the Joint Legislative Audit Committee, the Joint Legislative Budget Committee, the Speaker of the Assembly, the Senate Rules Committee, and the Governor, if the agency is notified by the trustee in writing that moneys of the agency will not be sufficient to meet principal payments, sinking fund payments, and interest payments on bonds authorized under this part and to restore and maintain necessary bond reserve funds. However, certification pursuant to this section need not be made unless this insufficiency will result in an event of default under the respective bond resolution authorizing the bonds.

SEC. 26. Section 51050 of the Health and Safety Code is amended to read:

51050. The agency shall have all of the following powers:

(a) To sue and be sued in its own name.

(b) To have an official seal and to alter the same at pleasure.

(c) To have perpetual succession.

(d) To maintain offices at any place or places within the state which it may designate.

(e) To adopt, and from time to time amend and repeal, by action of the board, resolutions, rules, and regulations, not inconsistent with this part, to carry into effect the powers and purposes of the agency and the conduct of its business. Rules and regulations of the agency shall be adopted, amended, repealed, and published in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) Notwithstanding any other provision of law, to make and execute contracts and all other instruments necessary or convenient for the exercise of its powers and functions under this part with any governmental agency, private corporation or other entity, or individual, and to contract with any local public entity for processing of any aspect of financing housing developments. Contracts made or executed under the authority of this part shall not be subject to any

provision of law requiring competitive bidding, but the agency shall take into consideration any applicable state policies respecting competitive bidding prior to letting a contract on a negotiated bid.

In exercising the powers set forth in this subdivision, the agency shall be subject to any applicable provisions of law requiring the supervision or approval of another division or officer of state government, except with respect to the following, which shall be exempt from these requirements:

(1) Contracts and instruments made or executed in connection with the issuance or marketing of the agency's bonds, including procurement of financial consultants, underwriters, actuaries, bond counsel, and computer and printing services related to the issuance or marketing of the bonds.

(2) Contracts and instruments relating to protection of the security interests of holders of the agency's bonds or the management, acquisition, or disposition of any property, funds, assets, or loans that are either acquired with the proceeds of any bonds or pledged or held in trust for the benefit of holders of the agency's bonds.

(3) Contracts and instruments made or executed pursuant to Chapter 5 (commencing with Section 51100).

(g) To acquire real or personal property, or any interest therein, on either a temporary or long-term basis in its own name by gift, purchase, transfer, foreclosure, a deed in lieu of foreclosure, lease, option, or otherwise, including easements or other incorporeal rights in property.

(h) To hold, sell, assign, lease, encumber, mortgage, or otherwise dispose of any real or personal property or any interest therein; to hold, sell, assign, or otherwise dispose of any mortgage interest owned by it, under its control or custody, or in its possession; and, as applicable, to do any of the acts specified in this subdivision by public or private sale, with or without public bidding, notwithstanding any other provision of law.

(i) To release or relinquish any right, title, claim, lien, interest, easement, or demand however acquired, including any equity or right of redemption in real property foreclosed by it or acquired by it by a deed in lieu of foreclosure.

(j) To determine the terms and conditions of any mortgage instrument, deed of trust, or promissory note used or executed in conjunction with the financing of any housing development.

(k) To employ architects, engineers, attorneys, accountants, housing construction and financial experts, and such other advisers, consultants, and agents as may be necessary in its judgment and to fix their compensation.

(*l*) To provide advice, technical information, and consultative and technical service in connection with the financing of housing developments pursuant to this part.

(m) Notwithstanding any other provision of law, to insure or reinsure against any loss in connection with its property and other

assets, including mortgages and mortgage loans, in amounts, in the manner, and from those insurers as it deems desirable.

(n) To establish, revise from time to time, and charge and collect fees and charges in connection with loans made or insured by the agency.

(o) To borrow money and issue bonds, as provided in this part.

(p) To enter agreements and perform acts as are necessary to obtain and maintain federal housing subsidies for use in connection with housing developments.

(q) To provide bilingual staff and make available agency publications in a language, other than English, where necessary to effectively serve all groups for which those services or publications are made available.

(r) To require any individual, corporation, or other legal entity operating, managing, or providing maintenance services for a housing development or a residential structure to maintain a current certificate of qualification developed and approved by the agency.

(s) To do any and all things necessary to carry out its purposes and exercise the powers expressly granted by this part.

SEC. 27. Section 51055 of the Health and Safety Code is amended to read:

51055. The agency may purchase and sell construction loans, mortgage loans, property improvement loans, obligations secured by these loans, insurance on these loans, and participation therein.

SEC. 28. Section 51057 of the Health and Safety Code is repealed.

SEC. 29. Section 51066 of the Health and Safety Code is amended to read:

51066. For housing developments financed by a mortgage loan from the agency, the agency shall establish a grievance procedure or require housing sponsors to establish a grievance procedure, or both, for the purpose of resolving complaints by housing sponsors and tenants of housing sponsors and contractual disputes between two or more housing sponsors or between a housing sponsor and a tenant of the housing sponsor. Notwithstanding any other provision of law, no individual or family shall be evicted from a housing development unless the following requirements are met:

(a) The eviction is for good cause as defined by rules and regulations of the agency.

(b) Eviction proceedings shall be commenced by the giving of notice as required by Section 1946 of the Civil Code or Section 1161 or 1161a of the Code of Civil Procedure and served as provided by Section 1162 of the Code of Civil Procedure. The notice shall contain a statement of the cause for eviction and of the right of the tenant to a hearing and decision pursuant to regulations of the agency if a request for such a hearing is made to the landlord in writing within the period specified in Section 1946 of the Civil Code or Section 1161 of the Code of Civil Procedure, as the case may be.

(c) When the tenant so requests the landlord in writing within the period specified in Section 1946 of the Civil Code or Section 1161 of

the Code of Civil Procedure, as the case may be, a hearing, in accordance with procedures established pursuant to regulations of the agency, shall be held by an impartial individual or panel selected or approved by the agency and a decision rendered within two weeks after receipt by the landlord of the tenant's written request for a hearing. Good cause for eviction shall be established at the hearing by the weight of the evidence. Before a right to a hearing vests, the tenant shall pay rent for the two-week hearing period to the owner or to an escrow account of the agency, if not already paid.

A defendant in an unlawful detainer proceeding may assert as a defense the failure of the plaintiff or the agency to comply with the requirements of this section or regulations adopted pursuant to this section. A defendant in an unlawful detainer proceeding may assert as a defense that the findings at the hearing were not supported by the weight of evidence.

The costs of any hearing conducted pursuant to this section shall be assessed to, and paid by, the losing party as provided in regulations of the agency. If neither party prevails, the costs of the hearing shall be equitably apportioned.

As used in this section, "tenant" includes a resident shareholder of a cooperative housing development. Nothing in this section shall be construed as a limitation of the rights of a resident shareholder of a cooperative housing development.

SEC. 30. Section 51068 of the Health and Safety Code is repealed.

SEC. 31. Section 51068.5 of the Health and Safety Code is amended and renumbered to read:

51068. (a) Except as otherwise provided in subdivision (b) and notwithstanding the provisions of Sections 711, 711.5, and 1916.5 of the Civil Code, the agency shall not permit assumption of the obligation of any mortgage loan made pursuant to Chapter 5 (commencing with Section 51100) by a subsequent ineligible purchaser or transferee of the prior borrower. If the subsequent purchaser or transferee does not meet the agency's eligibility requirements, the agency shall require acceleration of repayment of the principal balance of the loan to be all due and payable upon the sale or transfer of the property.

(b) With respect to mortgage loans made prior to July 1, 1979, the agency may waive the requirements of subdivision (a) when necessary to permit participation in mortgage insurance, guarantee, or purchase programs, or when the provisions of subdivision (a) would interfere with the financial structuring or the administration of any bond financing program.

(c) The requirements of subdivision (a) may be waived pursuant to subdivision (b) with respect to any mortgage loan made on or after July 1, 1979, only if the loan is federally assisted or insured and the waiver is necessary to obtain the federal assistance or insurance. As a condition to authorizing assumption of a mortgage loan pursuant to this subdivision, the agency shall recast the repayment schedule for the remainder of the term of the loan by increasing the interest

to the current market rate at the time of assumption, or to any lower rate of interest which is the maximum allowed by an entity that provided any insurance or other assistance with respect to which a waiver was granted pursuant to this subdivision. Any additional increment of interest produced by increasing the rate of interest upon a mortgage loan pursuant to this subdivision shall be transmitted or forwarded to the agency for deposit in the California Housing Finance Fund.

(d) The agency may also waive the requirements of subdivision (a) if it determines that its application would result in undue hardship, that the failure to meet the agency's eligibility requirements resulted from circumstances beyond the mortgagor's control, and if the waiver is for a limited period of time as specified by the agency.

(e) The agency shall implement appropriate measures to assure compliance with this section.

(f) This section applies to all mortgage loans made by the agency pursuant to Chapter 5 (commencing with Section 51100), whether directly or through a qualified mortgage lender, and including mortgage loans made prior to September 22, 1979.

SEC. 32. Section 51069 of the Health and Safety Code is amended to read:

51069. The agency, after approving an application for mutual self-help housing, may make development loans and construction loans for land acquisition and development costs to eligible housing sponsors on terms and conditions and in amounts as it deems necessary to accomplish the purposes of this part. These development loans and construction loans may be interest free if sufficient surplus funds exist for that purpose and the loans can be made without jeopardizing the financial self-sufficiency of the agency or the adequacy of its reserves. Land acquired and housing developments financed pursuant to this section shall be sold or conveyed to eligible housing sponsors or for the purpose of developing other mutual self-help housing.

In making loans pursuant to this section, the agency, as an alternative to disbursing the loans directly to eligible housing sponsors or persons and families of low or moderate income, may establish procedures retaining the loans or portions thereof, and disburse those amounts directly to the person or entity performing a service, or providing goods, material, land or improvements.

SEC. 33. Section 51070 of the Health and Safety Code is amended to read:

51070. The agency shall require that qualified mortgage lenders do not substitute funds made available under this part for the lenders' own resources, without permission of the agency. Qualified mortgage lenders may provide financing under this part until the agency makes a finding that the lender is in violation of this section or decertifies the lender pursuant to Section 50094.

SEC. 34. Section 51103 is added to the Health and Safety Code,

to read:

51103. Prior to the commitment of moneys under this part for a mortgage loan on a housing development as provided in Article 1 (commencing with Section 51100), Article 2 (commencing with Section 51125), Article 3 (commencing with Section 51150), and Article 4 (commencing with Section 51175), the agency shall take adequate measures to assure (a) the economic feasibility of the housing development, (b) the financial eligibility of the housing sponsors and tenants, (c) the consistency of the proposed housing developement with the current housing objectives of the agency, (d) the sufficiency of access of the housing development to supporting social services, public mass transit services and other transportation, schools, employment, and retail merchants, and (e) that the location of the proposed housing development is consistent with the agency's policies of dispersing housing developments throughout communities and of avoiding undue concentration of lower income households. Wherever possible, the agency shall verify these facts before financing is committed.

In providing for dispersal of housing developments, the agency shall consider economic feasibility, which shall be determined in light of all relevant factors, including the assistance programs and funds which could be utilized to reduce costs. Nothing in this section shall prohibit the agency from financing housing developments in neighborhood preservation areas in a manner that would otherwise be in conflict with the agency's policies respecting dispersal of housing developments or concentration of lower income households, where necessary to accomplish the purposes for which financing or loan insurance is made available by the agency in the area.

SEC. 35. Section 51127 of the Health and Safety Code is amended to read:

51127. The agency may insure or guarantee any obligation held by the agency and secured by a mortage on a housing development or residential structure for the purpose of increasing its acceptability or value for sale or as security for other obligations. The agency may also insure or guarantee any loan, or participation in a loan, for rehabilitation or home improvement which is insured by an agency or instrumentality of the United States and which is held by the agency. Nothing in this section shall, however, be construed as authorizing the creation of a debt or liability of the state within the meaning of Section 1 of Article XVI of the State Constitution.

SEC. 36. Section 51152 of the Health and Safety Code is amended to read:

51152. Loans shall not be made by the agency to a qualified mortgage lender under this article, except pursuant to an agreement between the agency and the qualified mortgage lender. The agreements shall include the following:

(a) A maximum interest rate that can be charged for construction loans or mortgage loans.

(b) A specification of the requirements of loans authorized by this

part.

(c) Standards for mortgage servicing and foreclosure practices, including programs of forbearance and recasting for mortgages in default.

SEC. 37. Section 51200 of the Health and Safety Code is amended to read:

51200. With respect to housing developments financed by a mortgage loan from the agency, the agency shall:

(a) Prescribe uniform systems of accounts and records for rental and cooperative housing developments and require the housing sponsors to make reports and give answers to specific questions on such forms and at such times as may be necessary for the purposes of this part.

(b) Establish minimum reserves to be maintained by nonprofit and limited-dividend housing sponsors of rental and cooperative housing developments.

(c) Fix and alter from time to time a schedule of rents such as may be necessary to provide residents of rental and cooperative housing developments who are lower and very low income households with affordable rents to the extent consistent with the maintenance of the financial integrity of the housing developments and to provide profits to housing sponsors subject to the limitations of Section 51202. Income from commercial facilities constituting a portion of a housing development or residential structure financed pursuant to this part shall, to the extent they receive the benefit of below-market-interest financing from the agency, assist in the support of appurtenant residential facilities. No housing sponsor shall increase the rent charged on any restricted rental or cooperative unit of a housing development without the prior permission of the agency, which shall be given only if the housing sponsor affirmatively demonstrates that the increase is required to defray necessary operating costs or avoid jeopardizing the fiscal integrity of the housing development or to provide the agreed rate of return with respect to additional equity money contributed by investors pursuant to Section 51202, and additional debt service and necessary operating costs with respect to increases in mortgage loans for improvements to the housing development deemed necessary by the agency.

Applications to the agency for permission to adjust rents shall include a statement of the existing and proposed rent for each unit, a detailed statement of the necessity and authority for the increase under this subdivision, and the extent to which rent increases would be paid by residents of restricted units and not offset by increased subsidy payments. Prior notice of any rent increase shall be given in writing as required by Section 1946 of the Civil Code. Prior to the time any rent increase is effective the housing sponsor shall notify every affected resident, in writing, of informal meetings with the housing sponsor to review the proposed rent increase and that each resident, upon request, will be provided the information submitted to the agency under this subdivision.

"Restricted," as used in this subdivision, means required to be made available for occupancy by lower income households or very low income households pursuant to an agreement between the agency and the housing sponsor.

(d) Determine standards for, and control selection by housing sponsors of, tenants and purchasers.

(e) Regulate the terms of occupancy agreements to be used in housing financed under this chapter.

(f) Provide bilingual services and publications, or require housing sponsors to provide bilingual services and publications, which are necessary to ensure informed access to housing financed pursuant to this part for persons and families of low or moderate income who have limited fluency in the English language.

SEC. 38. Article 5.5 (commencing with Section 51210) of Chapter 5 of Part 3 of Division 31 of the Health and Safety Code is repealed.

SEC. 39. Section 51251 of the Health and Safety Code is amended to read:

51251. Notwithstanding any other provision of law, the Department of General Services, any other state agency or officer authorized by law to convey real property of the state, and any local public entity may, in his or her or its discretion, from time to time sell, lease for a term not exceeding 99 years, grant, or convey to the agency or to a housing sponsor designated by the agency any real property and appurtenances thereto or any interest therein owned by the state or local public entity which the agency shall certify as necessary for its purposes. The certification of need shall be evidenced by a formal request from the executive director of the agency. Any sale, lease, grant, or conveyance pursuant to this section shall be made with or without consideration and upon terms and conditions which may be mutually agreed upon by the state or local public entity and the agency. However, before any sale, lease, grant, or conveyance pursuant to this section is made at less than fair market value, the agency shall make a finding that the difference between the consideration required and fair market value will inure primarily to the benefit of persons and families of low or moderate income living in a housing development or a residential structure.

SEC. 40. Section 51335 of the Health and Safety Code is amended to read:

51335. (a) (1) Not less than 20 percent of the total number of units in a multifamily rental housing development financed, or for which financing has been extended or committed, pursuant to this chapter from the proceeds of sale of each bond issuance of the agency shall be for occupancy on a priority basis by lower income households. If a multifamily rental housing development is located within a targeted area, as defined by Section 143(j) of Title 26 of the United States Code, not less than 15 percent of the total number of units financed, or for which financing has been extended or committed pursuant to this chapter, shall be for occupancy on a priority basis by lower income households. Not less than one-half of

the units required for occupancy on a priority basis by lower income households shall be for occupancy on a priority basis for very low income households.

The rental payments on the units required for occupancy by very low income households paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed 30 percent of 50 percent of area median income. If the sponsor elects to establish a base rent for all or part of the units for lower income households and very low income households, the base rents shall be adjusted for household size. In adjusting rents for household size, the agency shall assume that one person will occupy a studio unit, two persons will occupy a one-bedroom unit, three persons will occupy a two-bedroom unit, four persons will occupy a three-bedroom unit, and five persons will occupy a four-bedroom unit.

(2) The local agency issuing permits for the development of the multifamily rental housing development shall consider opportunities to contribute to the economic feasibility of the units and to the provision of units for very low income households through concessions and inducements such as the following:

(A) Reductions in construction and design requirements.

(B) Reductions in setback and square footage requirements and the ratio of vehicular parking spaces that would otherwise be required.

(C) Granting density bonuses.

(D) Providing expedited processing of permits.

(E) Modifying zoning code requirements to allow mixed use zoning.

(F) Reducing or eliminating fees and charges for filing and processing applications, petitions, permits, planning services, water and sewer connections, and other fees and charges.

(G) Reducing or eliminating requirements relating to monetary exactions, dedications, reservations of land, or construction of public facilities.

(H) Other financial incentives or concessions for the multifamily rental housing development which result in identifiable cost reductions, as determined by the agency. The agency shall ensure that the local agency issuing permits for the development considers its responsibilities under this section and makes a good faith effort to enhance the feasibility of the project and to provide housing for lower income households and very low income households.

(3) The agency shall not permit a selection criteria to be applied to certificate holders under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) that is any more burdensome than the criteria applied to all other prospective tenants.

(4) It is the intent of the Legislature that the agency finance projects that assist in meeting the urgent need for providing shelter for lower income households, very low income households, and

persons and families of low or moderate income. To that end, the quality of materials and the amenities provided should not be excessive so as to hinder the prospect of achieving the stated goal. The Legislature finds and declares that the design standards utilized by the agency in the past including, but not limited to, the design requirements adopted to govern the new construction program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), are substantially in excess of those required for a decent, healthy, and safe residential unit and intends, by the amendment adding this paragraph to this section by the Statutes of 1985, that the agency finance multifamily rental developments with substantially less costly design requirements than those required by the agency prior to January 1, 1986.

(5) It is the intent of the Legislature that the agency finance projects that assist in meeting the urgent need for providing shelter for families. To that end, developments with three- and four-bedroom units affordable to larger families shall have priority over competing developments.

(b) As a condition of financing pursuant to this chapter, the housing sponsor shall enter into a regulatory agreement with the agency providing that units reserved for occupancy by lower income households remain available on a priority basis for occupancy until the bonds are retired. The regulatory agreement shall contain a provision making the covenants and conditions of the agreement binding upon successors in interest of the housing sponsor and, notwithstanding any other provision of law, these burdens of the regulatory agreement shall run with the land. The regulatory agreement shall be recorded in the office of the county recorder of the county in which the multifamily rental housing development is located. The regulatory agreement shall be recorded in the grantor-grantee index to the name of the property owner as grantor and to the name of the agency as grantee.

(c) The agency shall ensure that units occupied by lower income households are of comparable quality and offer a range of sizes and number of bedrooms comparable to those units which are available to other tenants.

(d) (1) The agency shall give priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees for multifamily rental housing developments which incorporate innovative and energy-efficient techniques which reduce development or operating costs and which have the lowest feasible per unit cost, as determined by the agency, based on efficiency of design, the elimination of improvements that are not required by applicable building standards, or a reduction in the amount of local fees imposed on the development.

(2) The agency shall give equal priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees on multifamily rental housing developments which do any of the following:

(A) Utilize federal housing or development assistance.

(B) Utilize redevelopment funds or other local financial assistance, including, but not limited to, contributions of land, or for which local fees have been reduced.

(C) Are sponsored by a nonprofit housing organization.

(D) Provide a significant number of housing units, as determined by the agency, as part of a coordinated jobs and housing plan adopted by a local government.

(E) Exceed a ratio whereby 20 percent of the units are reserved for occupancy by lower income households, or whereby 10 percent of the units are reserved for occupancy by very low income households, or which provide units for lower income households or very low income households for the longest period of time beyond the minimum number of years.

(e) Notwithstanding any other provision of law, any mortgage which encumbers a multifamily rental housing development as security for an obligation to the agency shall have priority over any covenant, condition, restriction, or other limitation or agreement imposed on the housing development as a condition of qualifying it for any development, construction, or rehabilitation permit or approval or for any financial assistance. However, the agency may require subordination of a mortgage to the regulatory agreement specified in subdivision (b) to serve the purposes of this part.

(f) (1) New and existing rental housing developments may be syndicated after prior written approval of the agency. The agency shall grant that approval only after the agency determines that the terms and conditions of the syndication comply with this section.

(2) The terms and conditions of the syndication shall not reduce or limit any of the requirements of this chapter or regulations adopted or documents executed pursuant to this chapter. No requirements of the state shall be subordinated to the syndication agreement. A syndication shall not result in the provision of fewer assisted units, or the reduction of any benefits or services, than were in existence prior to the syndication agreement.

(g) At the option of the agency, the amendments to this section made by Chapter 907 of the Statutes of 1983 may be made applicable to any multifamily rental housing development financed by the issuance, on or after September 3, 1982, of bonds authorized by this chapter.

SEC. 41. Section 51340 of the Health and Safety Code is amended to read:

51340. This chapter constitutes an alternative method to issue bonds for making construction loans and mortgage loans for multifamily rental housing pursuant to the provisions of this chapter.

(a) Housing developments and residential structures financed with bonds of the agency guaranteed by the federal government.

(b) Housing developments and residential structures financed with bonds of the agency that are guaranteed, or the time payment of principal and interest of which is insured, by an agency of the state or by a private insuring entity authorized to engage in that business.

(c) Housing developments and residential structures, the mortgage loans on which presently are or are expected to be guaranteed, insured, or coinsured by the federal government.

(d) Housing developments and residential structures, the bonds or mortgage loans on which are presently, or are expected to be, insured or guaranteed in whole or in part by an agency of the state, including the California Housing Finance Agency, a political subdivision of the state, or by a private insuring entity authorized to engage in that business, or by any combination thereof, in percentages determined by the agency.

(e) Housing developments and residential structures financed by a loan made by the agency to a qualified mortgage lender, if both of the following conditions are met:

(1) The loan to the qualified mortgage lender is a general obligation of the mortgage lender.

(2) The qualified mortgage lender is a member of, or a subsidiary of a member of, the Federal Deposit Insurance Corporation or of the Federal Savings and Loan Insurance Corporation.

(f) Housing developments and residential structures financed by tax-exempt bonds for which a bond reserve fund is created which complies with the terms and conditions of the agreement or agreements with agency bondholders.

SEC. 44. Section 51352 of the Health and Safety Code is amended to read:

The agency shall develop and maintain complete and current statistics and other information with respect to the loan insurance program, including, but not limited to, (1) mortgage arrearages, defaults, and foreclosures on insured loans, (2) expenses incurred as a result of

such arrearages, defaults, and foreclosures, and (3) the extent of displacement caused by availability of insured loans. The information shall be provided in the agency's annual report as required by Section 51035.

SEC. 46. Section 51654 of the Health and Safety Code is amended to read:

However, the agency's budget respecting the insurance fund shall be prepared and reviewed in accordance with Section 50913.

The agency may direct the State Treasurer to deposit moneys in the insurance fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. To the extent permitted by law, the agency may invest moneys in the fund in obligations of financial institutions as permitted by board resolution. The agency may also require the transfer of moneys in the insurance fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

All interest or other increment resulting from such investment shall be deposited in the insurance fund, notwithstanding Section 16305.7 of the Government Code. Moneys in the insurance fund shall not be subject to transfer to any other fund pursuant to Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, except the Surplus Money Investment Fund as provided in this section.

SEC. 48. Section 51659 of the Health and Safety Code is amended to read:

51659. (a) The obligation of the agency and of the state to pay any insurance benefit pursuant to contracts of insurance insuring loans or bonds shall not exceed amounts deposited in the insurance fund which are made available therefor under the respective contracts of insurance. Nothing in this part shall require the Legislature to appropriate moneys from the General Fund in the State Treasury to the Housing Insurance Fund on account of these obligations. The insurance of loans or bonds under the provisions of this part shall not directly, indirectly, or contingently obligate the

state or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment.

(b) All contracts of insurance insuring loans or bonds pursuant to this part shall contain on the face thereof a statement to the following effect: "Neither the faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of or interest on this contract of insurance."

CHAPTER 1036

An act to add Section 11023.5 to the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 22, 1987 Filed with Secretary of State September 23, 1987]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to operate the public assistance program in an efficient manner. The Legislature recognizes that under the current public assistance program persons submitting documents requested by the county welfare departments are not provided with receipts to verify that the documents were provided to the welfare department. The Legislature recognizes that providing receipts is a very basic business practice and it should apply to public assistance programs. The Legislature recognizes that there are several counties which do provide receipts for documents left at the county welfare department and commends them on their fine practice.

SEC. 2. Section 11023.5 is added to the Welfare and Institutions Code, to read:

11023.5. (a) Any applicant or recipient of benefits under the Aid to Families with Dependent Children, Food Stamps, and Medi-Cal programs, who delivers a document which has been requested by the county welfare department shall, upon the applicant's or recipient's request, be provided with a written receipt indicating that the county welfare department has received the document. A notice which explains an applicant's and recipient's right to receipts upon request shall be prominently posted by the county welfare department at the location where the document is to be delivered. The receipt shall be issued at the time the document is delivered.

(1) A county which maintains a system of logging hand delivered documents is exempt from the requirements of this subdivision.

(2) County welfare departments which provide receipts for all hand delivered documents without a request by an applicant or

recipient shall be exempt from the notice posting requirement.

(b) The county welfare department shall only provide receipts for documents which have been delivered in person to a county welfare department employee other than the applicant's or recipient's regularly assigned caseworker and to the location in which or through which the caseworker conducts his or her business. Only one receipt is required for monthly income reports and their supporting documents which are hand delivered. Monthly income reports and other requested documents which have been mailed shall not be subject to the requirements of this section.

(c) In consultation with the County Welfare Directors Association and the Coalition of California Welfare Rights Organizations, the department shall develop the notice which informs applicants and recipients of the right to receipts for hand delivered documents and shall develop minimum guidelines for county receipt forms.

(d) As used in this section, "applicant or recipient" means an applicant or recipient of benefits under the Aid to Families with Dependent Children, Food Stamps, and Medi-Cal programs.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

(1) The amount of the proposed fees or other requirements and

the location of the land, if any, to be dedicated, bear a reasonable relationship and are limited to the needs of the community for elementary or high school facilities caused by the development.

(2) The amount of the proposed fees or other requirements does not exceed the estimated reasonable cost of providing for the construction or reconstruction of the school facilities necessitated by the development projects from which the fees or other requirements are to be collected.

(c) In determining the amount of the fees or other requirements, if any, to be levied on the development of any structure as described in subdivision (a), the school district governing board shall consider the relationship between the proposed increase in the number of employees, if any, the size and specific use of the structure, and the cost of the construction. No fee, charge, dedication, or other form of requirement, as authorized under Section 53080, shall be applied to the development of any structure described in subdivision (a) where the governing board finds either that the number of employees is not increased as a result of that development, or that housing has been provided for those employees, to the extent of any increase, by their employer, against which housing a fee, charge, or dedication, or other form of requirement has been applied under Section 53080. In developing the finding described in this section, the governing board shall consult with the county agricultural commissioner or the county director of the cooperative extension service.

[Approved by Governor September 22, 1987 Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 11837 of the Health and Safety Code is amended to read:

11837. (a) Pursuant to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of an alcoholic beverage or under the combined influence of an alcoholic beverage and any drug, as set forth in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege pursuant to Section 13352.5 of the Vehicle Code, if the court has notified the department pursuant to Section 13352.5 of the Vehicle Code that the person convicted of that offense has consented to participate for at least one year in a program designed to offer alcohol services to problem drinkers that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 23166, 23171, 23176, 23186, or 23191 of the Vehicle Code, to a licensed one-year or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, which is permitted but not required under Section 23205 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed one-year or 30-month program pursuant to this chapter.

(c) The court may, subject to Sections 11837.3 and 11838.2 and as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. A one-year program described in Section 23166 or 23186 of the Vehicle Code or a 30-month program described in Section 23171, 23176, or 23191 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in subdivision (e) of Section 9838 of Title 9

of the California Administrative Code, if there is no increase in the costs of the program to the convicted person.

(d) As used in this chapter, "program" means a program which has been recommended by the county board of supervisors to the department and possesses a valid license issued by the department.

SEC. 2. Section 11837.1 of the Health and Safety Code is amended to read:

11837.1. (a) In utilizing any program defined in subdivision (d) of Section 11837, the court shall require periodic reports concerning the performance of each person referred to and participating in a program. The program shall also provide the court, the Department of Motor Vehicles, and the person referred to and participating in a program, with an immediate report of any failure of the person to comply with the program's rules and policies.

(b) (1) If, at any time after entry into or while participating in a program, a participant who is referred to a one-year program described in Section 23166 or 23186 of the Vehicle Code fails to comply with the rules and policies of the program, and that fact is reported, the Department of Motor Vehicles shall revoke or suspend the privilege of that person to operate a motor vehicle for the period prescribed by law in accordance with Section 13352.5 of the Vehicle Code, except as otherwise provided in this section. The Department of Motor Vehicles shall notify the person and the court of its intended action and shall inform the person of the opportunity to be reinstated in the program and to avoid suspension of the driving privilege.

(2) Notwithstanding paragraph (1), the Department of Motor Vehicles shall not suspend the driving privilege pursuant to paragraph (1) if the court, upon the petition of the person, determines that the person should be reinstated in the one-year program. The determination by the court shall be made within 45 days of the notice from the department of the intended action or such additional time, not to exceed an additional 45 days, for the determination as is required, ordered, and transmitted to the Department of Motor Vehicles by the court, which additional time is not caused by any action or failure to act by the person. Upon timely presentation by the person to the Department of Motor Vehicles of evidence satisfactory to the Department of Motor Vehicles that the court of jurisdiction has consented to the person's reinstatement in the program and that the person is currently participating in the program, the Department of Motor Vehicles shall continue in effect the restriction of the driving privilege prescribed by Section 13352.5 of the Vehicle Code unless the person has previously been reinstated in the program on two or more prior occasions, in which case the department shall suspend or revoke the driving privilege for the time prescribed in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code. If the court fails to grant the person's petition for reinstatement in the program, the court shall suspend the person's driving privilege until the time the person's driving privilege is suspended or revoked by the

Department of Motor Vehicles pursuant to subdivision (d) of Section 13352.5 of the Vehicle Code.

(c) If, at any time after referral to or while participating in a program, a participant who is referred to a one-year program pursuant to Section 23166 or 23186 of the Vehicle Code or to a 30-month program pursuant to Section 23171, 23176, or 23191 of the Vehicle Code, refuses, for any reason, to consent to a chemical test that he or she is required to submit to pursuant to Section 23157 of the Vehicle Code, his or her participation in the program shall be terminated and, the Department of Motor Vehicles shall immediately suspend or revoke his or her privilege to operate a motor vehicle for the period prescribed in Section 13352 of the Vehicle Code, according to the offense for which he or she was convicted immediately prior to referral to the program. The period of suspension or revocation shall be in addition to the period of suspension imposed by the Department of Motor Vehicles pursuant to Section 13353 of the Vehicle Code.

(d) If the department withdraws the license of a program, the department shall immediately notify the Department of Motor Vehicles of those persons who do not commence participation in a licensed program within 21 days from the date of the withdrawal of the license of the program in which the persons were previously participating. The Department of Motor Vehicles shall suspend or revoke, for the period prescribed by law, the privilege to operate a motor vehicle of each of those persons referred to a one-year program pursuant to Section 23166 or 23186 of the Vehicle Code or to a 30-month program pursuant to Section 23171, 23176, or 23191 of the Vehicle Code.

SEC. 3. Section 11837.2 of the Health and Safety Code is amended to read:

11837.2. (a) The court may, subject to Section 11838.2, refer persons only to licensed programs. Subject to these provisions, a person is eligible to participate in the program if it is operating in (1) the county where the person is convicted, or (2) the county where the person resides, or (3) a county that has an agreement with such person's county of residence pursuant to Section 11851, or (4) a county to which a person may request transfer pursuant to subdivision (d). If a person granted probation under Section 23166 or 23186 of the Vehicle Code cannot be referred to a licensed one-year program pursuant to this section, Section 13352.5 of the Vehicle Code does not apply.

(b) Subject to Section 11838.2, if a person has consented to participate in a licensed program and the county where the person is convicted is the same county in which the person resides, the court may order the person to participate in a licensed program within that county, or, if that county does not have a licensed program, the court may order that person to participate in a licensed program within another county, pursuant to Section 11838.

(c) Subject to Section 11838.2, if a person has consented to

participate in a licensed program in the county in which that person resides or in a county in which the person's county of residence has an agreement pursuant to Section 11837, and the county where the person is convicted is not the county where the person resides, and if the court grants the person summary probation, the court may order the person to participate in a licensed program in that county. In lieu of summary probation, the court may utilize the probation officer to implement the orders of the court. If the county in which the person resides does not have a licensed program or an agreement with another county pursuant to Section 11838 and the person consents, the court may order the person to participate in a licensed program within the county where that person is convicted or in a county with which the county has an agreement pursuant to Section 11838.

(d) Except as otherwise provided in subdivision (e), subsequent to a person's commencement of participation in a program, the person may request transfer to another licensed program (1) in the same county in which the person has commenced participation in the program, upon approval of that county's alcohol program administrator, or (2) in a county other than the county in which the person has commenced participation in the program, upon approval of the alcohol program administrator of the county in which the person is participating and the county to which the person is requesting transfer.

(e) Subdivision (d) does not apply (1) if the court has ordered the person to participate in a specific licensed program, unless the court orders the transfer or, (2) if the person is under formal probation, unless the probation officer consents to the transfer. The department shall establish reporting forms and procedures to ensure that the court receives notice of any program transfer pursuant to this subdivision or subdivision (d).

(f) Jurisdiction of all postconviction matters arising pursuant to this section may be retained by the court of conviction.

(g) The department, in cooperation with the Department of Motor Vehicles and the alcohol program administrators, shall establish procedures to ensure the effective implementation of this section.

SEC. 4. Section 11837.4 of the Health and Safety Code is amended to read:

11837.4. (a) The department shall have sole authority to license programs pursuant to this chapter. No program, regardless of how it is funded, may be licensed unless, subject to subdivision (c), it meets or exceeds the minimum standards established by the department, which shall include, but are not limited to, all of the following:

(1) For the one-year programs specified in subdivision (a) of Section 11837, each program shall provide for close and regular supervision of the person, including face-to-face interviews at least once every other calendar week, regarding the person's progress in the program. For the 30-month programs specified in subdivision (c)

of Section 23171, subdivision (c) of Section 23176, and subdivision (c) of Section 23191 of the Vehicle Code, each program shall provide for close and regular supervision of the person, including regular, scheduled face-to-face interviews over the course of 30 months regarding the person's progress in the program and recovery from problem drinking, alcoholism, chemical dependency, or polydrug abuse, as prescribed by regulations of the department. The interviews in either program shall be conducted individually with each person being supervised and shall occur at times other than when the person is participating in any group or other activities of the program. No program activity in which the person is participating shall be interrupted in order to conduct the individual interviews.

(2) The department shall approve all fee schedules for the programs and shall require that each program be self-supporting from the participants' fees and that each program provide for the payment of the costs of the program by participants at times and in amounts commensurate with their ability to pay in order to enable these persons to participate. Each program shall make provisions for persons who cannot afford to pay the fees. Only the department may establish the criteria and procedures for determining a participant's ability to pay. The department shall ensure that the fees are set at amounts which will enable programs to provide adequately for the immediate and long-term continuation of services required pursuant to this chapter. The fees shall be used only for the purposes set forth in this chapter, except that any profit or surplus, that does not exceed the maximum level established by the department, may be utilized for any purposes allowable under any other provisions of law. In its standards, the department shall define, for the purposes of this paragraph, taking into account prudent accounting, management, and business practices and procedures, the terms "profits" and "surplus." The department shall fairly construe these provisions so as not to jeopardize fiscal integrity of the programs. The department may not license any program if the department finds that any element of the administration of the program does not assure the fiscal integrity of the program.

(3) Both of the licensed programs described in paragraph (1) shall include a variety of treatment services for problem drinkers, alcoholics, chemical dependents, and polydrug abusers or shall have the capability of referring the persons to, and regularly and closely supervising the persons while in, any appropriate medical, hospital, or licensed residential treatment services or self-help groups for their problem drinking, alcoholism, chemical dependency, or polydrug abuse problem. In addition to the requirements of paragraph (1), the department shall prescribe in its minimum standards what other services the program shall provide, at a minimum, in the treatment of participants, which services may include lectures, classes, group discussions, group counseling, or individual counseling in addition to the interviews required by paragraph (1), or any combination

thereof. However, any class, group discussion, or counseling activity, other than lectures, shall be regularly scheduled to consist of not to exceed 15 persons, except that they may, on an emergency basis, exceed 15, but not more than 17, persons, at any one meeting. For the 30-month programs specified in subdivision (c) of Section 23171, subdivision (c) of Section 23176, and subdivision (c) of Section 23191 of the Vehicle Code, each licensed program shall include a method by which each participant shall maintain a compendium of probative evidence, as prescribed in the regulations of the department, on a trimonthly basis demonstrating a performance of voluntary community service by the participant, including, but not limited to, the prevention of drinking and driving, the promotion of safe driving, and responsible attitudes toward the use of chemicals of any kind, for not less than 10 hours per month, with a total of not less than 300 hours of service for the entire program. In determining whether or not the participant has met the objectives of the program, the court shall consider the participant's demonstration of significant improvement in any of the following areas of personal achievement:

(A) Significant improvement in occupational performance, including efforts to obtain gainful employment.

(B) Significant improvement in physical and mental health.

(C) Significant improvement in family relations, including financial obligations.

(D) Significant improvement in financial affairs and economic stability.

The compendium of evidence shall be maintained by the participant for review by the program, court, probation officer, or other appropriate governmental agency. The program officials, with the express approval of the referring court, shall make provisions for a participant to voluntarily enter, using the participant's own resources, a licensed chemical dependency recovery hospital or residential treatment program which has a valid license and is certified by the department to provide alcohol or drug services, and to receive three weeks of program participation credit for each week of that treatment, not to exceed 12 weeks of program participation credit, but only if the treatment is at least two weeks in duration. The program shall document probative evidence of this hospital or residential care treatment in the participant's program file.

(4) In order to assure program effectiveness, the department shall require, whenever appropriate, that the licensed program provides services to ethnic minorities, women, youth, or any other group that has particular needs relating to the program.

(5) The goal of each program shall be to assist persons participating in the program to recognize their chemical dependency and to assist them in their recovery.

(6) Each program shall establish a method by which the court, the Department of Motor Vehicles, and the person are notified in a timely manner of the person's failure to comply with the program's rules and regulations.

(b) Each program may be an extension of an existing program or a new program. No such program may be licensed, however, unless the county complies with the requirements of subdivision (b) of Section 11812. The provider of a program that offers either or both programs described in this section shall be required to obtain only one license.

(c) The approval for the establishment of the 30-month program is contingent upon approval by the county alcohol program administrator, based upon confirmation that the program applicant is capable of providing the service and that the fiscal integrity of the program applicant will not be jeopardized by the operation of the program.

The court shall refer a person to a 30-month treatment program only if a 30-month program exists or is provided for in the jurisdiction of the court.

(d) A county or program shall not prescribe additional program requirements unless the requirements are specifically approved by the department.

(e) The department may license a program on a provisional basis.

SEC. 5. Section 11837.5 of the Health and Safety Code is amended to read:

11837.5. (a) No person may participate in any program that has not been licensed by the department pursuant to the regulations adopted pursuant to this part.

(b) Subject to subdivision (b) of Section 11837.4, the department shall charge a reasonable fee for licensing or for the renewal of a license of a program. The fee shall be set at a level sufficient to cover all administrative costs incurred by the department.

(c) There is established in the State Treasury a Drinking Driver Program Licensing Trust Fund. All licensure fees collected from the providers of drinking driver service shall be deposited in this fund. The money in the fund shall be available when appropriated by the Legislature.

Except as otherwise provided in this section, if funds remain in this fund after allocation by the Legislature for the department's costs, a percentage of the excess funds shall be annually rebated by the Legislature to the licensees based on the percentage their licensing fee is of the total amount of fees collected by the department. A reserve equal to 10 percent of the total licensure fees collected during the preceding fiscal year may be held in the trust fund for allocation by the Legislature to reimburse the department if actual costs for licensure administration exceed fees collected during a fiscal year.

SEC. 6. Section 13352 of the Vehicle Code is amended to read:

13352. (a) The department shall immediately suspend or revoke the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, or upon receipt of a report of a

judge of the juvenile court, a juvenile traffic hearing officer, or a referee of a juvenile court showing that the person has been found to have committed a violation of Section 23152 or 23153 or subdivision (a) of Section 23109. For purposes of this section, suspension or revocation shall be as follows:

(1) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23160, the privilege shall be suspended for a period of six months if the court orders the department to suspend the privilege, or if the court does not grant probation, or if the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate specified in Section 12804.1. However, where (A) the driving privilege is required to be suspended by this paragraph due to the violation having occurred in vehicles requiring a class 1 or class 2 driver's license, and (B) the court grants probation and imposes the condition specified in subdivision (b) of Section 23161, the department shall issue the person a class 3 driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (e) of Section 13352.5. The department shall issue the restricted license upon receipt of an abstract of record from the court pursuant to Section 1803 certifying that the court has granted probation to the person on conditions which include the condition specified in subdivision (b) of Section 23161.

(2) Upon a conviction or finding of a violation of Section 23153 punishable under Section 23180, the privilege shall be suspended for a period of one year. The privilege shall not be reinstated until the person gives proof of ability to respond in damages as defined in Section 16430.

(3) Except as provided in Section 13352.5, upon a conviction or finding of a violation of Section 23152 punishable under Section 23165, the privilege shall be suspended for 18 months. The privilege shall not be reinstated until the person gives proof of ability to respond in damages as defined in Section 16430.

(4) Except as provided in Section 13352.5, upon a conviction or finding of a violation of Section 23153 punishable under Section 23185, the privilege shall be revoked for a period of three years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages as defined in Section 16430.

(5) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23170, the privilege shall be revoked for a period of three years. The privilege shall not be reinstated until the person files proof of ability to respond in damages as defined in Section 16430 and gives proof satisfactory to the department of successful completion of a one-year program or a 30-month program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. The court shall advise the person at the time of sentencing that completion of

a one-year program or a 30-month program is required in order to become eligible for a California driver's license. Any individual convicted of a violation of Section 23152 punishable under Section 23170 may also, at any time after sentencing, petition the court for referral to a one-year program or a 30-month program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(6) Upon a conviction or finding of a violation of Section 23153 punishable under Section 23190, the privilege shall be revoked for a period of five years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages as defined in Section 16430 and gives proof satisfactory to the department of successful completion of a 30-month program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. The court shall advise the person at the time of sentencing that completion of a 30-month program is required in order to become eligible for a California driver's license. Any individual convicted of a violation of Section 23153 punishable under Section 23190 may also, at any time after sentencing, petition the court for referral to a 30-month program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(7) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23175, the privilege shall be revoked for a period of four years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages as defined in Section 16430 and gives proof satisfactory to the department of successful completion of a one-year program or a 30-month program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. The court shall advise the person at the time of sentencing that completion of a one-year program or a 30-month program is required in order to become eligible for a California driver's license. Any individual convicted of a violation of Section 23152 punishable under Section 23175 may also, at any time after sentencing, petition the court for referral to a one-year program or a 30-month program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(8) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 punishable under subdivision (e) of that section, the privilege shall be suspended for a period of 90 days to six months, if and as ordered by the court.

(9) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 punishable under subdivision (f) of that section, the privilege shall be suspended for a period of six months, if the court orders the department to suspend the privilege. The privilege shall not be reinstated until the person gives proof of ability to respond in damages as defined in Section 16430.

(b) For the purpose of paragraphs (2) to (9), inclusive, of subdivision (a), the finding of the juvenile court judge, the juvenile traffic hearing officer, or the referee of a juvenile court of a commission of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, as specified in subdivision (a) of this section, is a conviction.

(c) Each judge of a juvenile court, juvenile traffic hearing officer, or referee of a juvenile court shall immediately report the findings specified in subdivision (a) to the department.

(d) A conviction of an offense in any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or the Dominion of Canada which, if committed in this state, would be a violation of Section 23152, is a conviction of Section 23152 for purposes of this section, and such a conviction of an offense which, if committed in this state, would be a violation of Section 23153, is a conviction of Section 23153 for purposes of this section. The department shall suspend or revoke the privilege to operate a motor vehicle pursuant to this section upon receiving notice of such a conviction.

SEC. 7. Section 23171 of the Vehicle Code is amended to read:

23171. (a) If the court grants probation to any person punished under Section 23170, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be confined in the county jail for at least 120 days but not more than one year and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (5) of subdivision (a) of Section 13352.

(b) In those counties participating in the pilot program established pursuant to Article 3 (commencing with Section 23230), the court shall require that at least 30 days of the term of imprisonment prescribed in subdivision (a) be served in the county jail, but may in its discretion, if requested by the person convicted, order that a portion or all of the rest of the term be served by participation in a treatment program in an alcohol rehabilitation facility approved pursuant to Article 3 (commencing with Section 23230), as designated by the court. The person shall not be ordered to the alcohol rehabilitation facility for less than 30 days, and the person shall pay the costs of that treatment program commensurate with the person's ability to pay. A violation of the terms of the program or leaving the alcohol rehabilitation facility without

authorization is a violation of probation.

(c) In addition to subdivision (a), if the court grants probation to any person punished under Section 23170, the court, may, in its discretion, order as a condition of probation that the person participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. In lieu of the minimum term of imprisonment in subdivision (a), the court shall impose as a condition of probation under this subdivision that the person be confined in the county jail for at least 30 days but not more than one year. The court shall not order the treatment prescribed by this subdivision unless the person makes a specific request and shows good cause for the order, whether or not the person has previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186. A person ordered to treatment pursuant to this subdivision shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion and report the completion to the Department of Motor Vehicles. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (5) of subdivision (a) of Section 13352.

(d) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23170 who has not previously successfully completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186, and unless the person is ordered to participate in and complete a program under subdivision (c), the court shall impose as a condition of probation that the person participate, for at least one year and in a manner satisfactory to the court, in a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. The program shall provide for persons who cannot afford the program fee pursuant to paragraph (2) of subdivision (a) of Section 11837.4 of the Health and Safety Code in order to enable those persons to participate. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license

revocation provisions of paragraph (5) of subdivision (a) of Section 13352.

SEC. 8. Section 23176 of the Vehicle Code is amended to read:

23176. (a) If the court grants probation to any person punished under Section 23175, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be confined in the county jail for at least 180 days but not more than one year and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (7) of subdivision (a) of Section 13352.

(b) In those counties participating in the pilot program established pursuant to Article 3 (commencing with Section 23230), the court shall require that at least one-fourth of the term of imprisonment prescribed in subdivision (a) be served in the county jail, but may in its discretion, if requested by the person convicted, order that a portion or all of the rest of the term be served by participation in a treatment program in an alcohol rehabilitation facility approved pursuant to Article 3 (commencing with Section 23230), as designated by the court. The person shall not be ordered to the alcohol rehabilitation facility for less than 30 days, and the person shall pay the costs of that treatment program commensurate with the person's ability to pay. A violation of the terms of the program or leaving the alcohol rehabilitation facility without authorization is a violation of probation.

(c) In addition to subdivision (a), if the court grants probation to any person punished under Section 23175, the court, may, in its discretion, order as a condition of probation that the person participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. In lieu of the minimum term of imprisonment in subdivision (a), the court shall impose as a condition of probation under this subdivision that the person be confined in the county jail for at least 30 days but not more than one year. The court shall not order the treatment prescribed by this subdivision unless the person makes a specific request and shows good cause for the order, whether or not the person has previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186. A person ordered to treatment pursuant to this subdivision shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion and report the completion to the Department of Motor Vehicles. A failure to obtain an order of satisfaction at the

conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (7) of subdivision (a) of Section 13352.

(d) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23175 who has not previously successfully completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186, and unless the person is ordered to participate in, and complete, a program under subdivision (c), the court shall impose as a condition of probation that the person participate, for at least one year and in a manner satisfactory to the court, in a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (7) of subdivision (a) of Section 13352.

SEC. 9. Section 23191 of the Vehicle Code is amended to read:

23191. (a) If the court grants probation to any person punished under Section 23190, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as conditions of probation that the person be confined in the county jail for at least one year, that the person pay a fine of at least three hundred ninety dollars ($390) but not more than five thousand dollars ($5,000), and that the person make restitution or reparation pursuant to Section 1203.1 of the Penal Code. The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (6) of subdivision (a) of Section 13352.

(b) In those counties participating in the pilot program established pursuant to Article 3 (commencing with Section 23230), the court shall require that at least one-fourth of the terms of imprisonment prescribed in subdivision (a) be served in the county jail, but may in its discretion order that a portion or all of the rest of the term be served by participation in a treatment program in an alcohol rehabilitation facility approved pursuant to Article 3 (commencing with Section 23230), as designated by the court. The person shall not be ordered to the alcohol rehabilitation facility for less than 30 days, and the person shall pay the costs of that treatment program commensurate with the person's ability to pay. A violation of the terms of the program or leaving the alcohol rehabilitation facility without authorization is a violation of probation.

(c) In addition to the provisions of Section 23206 and subdivision (a), if the court grants probation to any person punished under Section 23190, the court shall impose as a condition of probation that the person participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. In lieu of the minimum term of imprisonment in subdivision (a), the court shall impose as a minimum condition of probation under this subdivision that the person be confined in the county jail for at least 30 days but not more than one year. Except as provided in subdivision (b), if the court grants probation under this section, the court shall order the treatment prescribed by this subdivision, whether or not the person has previously completed a treatment program pursuant to paragraph (4) of subdivision (b) of Section 23166 or paragraph (4) of subdivision (b) of Section 23186. A person ordered to treatment pursuant to this subdivision shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion and report the completion to the Department of Motor Vehicles. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this subdivision is a basis for reducing any other probation requirement in this section or Section 23206 or for avoiding the mandatory license revocation provisions of paragraph (6) of subdivision (a) of Section 13352.

(b) The court may determine if the defendant has the ability to pay the assessment. If the court determines that the defendant has the ability to pay the assessment then the court may set the amount to be reimbursed and order the defendant to pay that sum to the county in the manner in which the court determines is reasonable and compatible with the defendant's financial ability. In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution.

An act to amend Section 11010.2 of the Business and Professions Code, relating to real estate.

[Approved by Governor September 22, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 11010.2 of the Business and Professions Code is amended to read:

11010.2. Upon receipt of a notice of intention pursuant to Section 11010 and an application for issuance of a public report, the commissioner shall review the notice and application to determine if the notice and application are substantially complete, with respect to quantitative requirements. As used in this section, "quantitative" means the number and type of documents required to make the filing substantially complete, as defined in the regulations of the commissioner, without regard to the content of those requirements.

(a) Upon determination by the commissioner that the notice and application are substantially complete, the commissioner shall do all of the following:

(1) Notify the applicant in writing of that determination within 10 days of receipt of the notice and application. The notification shall include any request for additional information concerning the project as the commissioner deems necessary.

(2) Provide the applicant with a listing of all deficiencies and substantive inadequacies which exist in the notice and application within 60 days of that determination, in the case of subdivisions specified in Section 11000.1, 11000.5, or 11004.5, and within 20 days of that determination, in the case of other subdivisions.

(3) Review and advise the applicant within 30 days of receipt of documents, materials, writings, or other information intended to correct the listing of deficiencies and substantive inadequacies which remain to be corrected, in the case of subdivisions specified in Section 11000.1, 11000.5, or 11004.5, and within 20 days of receipt, in the case of other subdivisions, or notify the applicant that the application is qualitatively complete. As used in this section, "qualitatively" means the information or documentation contained in documents required to make the filing substantially complete, as defined in the regulations of the commissioner, which the commissioner deems necessary for the issuance of a public report.

This subdivision is applicable to any and all submissions by the applicant which are intended to correct a listing of deficiencies or substantive inadequacies provided to the applicant in accordance with this subdivision.

(4) Issue a public report within 15 days, in the case of a subdivision specified in Section 11000.1, 11000.5, or 11004.5, or 10 days, in the case

of other subdivisions, after correction of all the deficiencies and substantive inadequacies of which the applicant was informed pursuant to subdivision (b) and after the applicant has provided additional information such as may be requested under subdivision (a).

(b) In the event that the commissioner determines pursuant to this section that a notice of intention and an application are not substantially complete, the commissioner shall inform the applicant, in writing within 10 days of the receipt of such notice and application, in what respects the notice and application are not complete.

(c) The commissioner shall adopt regulations, in accordance with Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code, which define "substantially complete" and which list all the requirements necessary for a notice of intention and application to be considered "substantially complete."

(d) The commissioner may adopt emergency regulations, in accordance with Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code, to do all of the following:

(i) As set forth below, increase those time periods specified in subdivision (a), upon a showing that the number of notices of intention and applications for a subdivision public report filed with the department for any immediately preceding six-month period has increased by more than 15 percent over the monthly average number of notices and applications filed for the base period commencing July 1, 1983, and ending June 30, 1986:

(C) The time period provided in paragraph (3) of subdivision (a) for responding to receipt of documents intended to correct deficiencies shall be 30 days without regard to the type of subdivision being processed.

(D) The time periods provided in paragraph (4) of subdivision (a) within which the commissioner is required to issue a public report in the case of subdivisions specified in Sections 11000.1, 11000.5 and 11004.5, shall increase to 30 days and in the case of other subdivisions shall increase to 15 days.

This section shall not apply to filings made exclusively under Section 11010.1. Nothing in this section shall require the commissioner to issue a public report where grounds for denial exist, provided that issuance of a public report shall not be denied for inadequate information if the cause thereof is the commissioner's failure to comply with this section.

Notwithstanding this section, the commissioner shall not be required to issue a public report if grounds for denial exist under

Section 11018 or 11018.5. However, the commissioner may not base the denial of a public report on the lack of adequate information if the commissioner has not acted within the time periods prescribed herein.

(C) Any medical, psychological, dental, or podiatric professional society having as members at least 25 percent of the eligible licentiates in the area in which it functions (which must include at least one county), which is not organized for profit and which has been determined to be exempt from taxes pursuant to Section 23701 of the Revenue and Taxation Code.

(D) A committee organized by any entity consisting of or employing more than 25 licentiates of the same class, which functions for the purpose of reviewing the quality of professional care provided by members or employees of that entity.

The 805 report shall be filed within 30 days after the effective date of the denial, termination, restriction, or resignation, or after the exhaustion of administrative procedures, without regard to any filing for judicial review.

An 805 report shall also be filed within 30 days following the imposition of summary suspension of staff privileges, membership, or employment, if the summary suspension remains in effect for a period in excess of 14 days.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(b) No officer, director, committee member, or employee of any credit union shall approve a person for admission to membership or admit an applicant for membership in the credit union or extend any benefit or service of the credit union to any person, unless that person is admitted to membership in the credit union pursuant to subdivision (a).

(c) Nothing in subdivisions (a) and (b) shall be construed to limit the powers of a credit union to engage in joint service programs or business relationships for the benefit of their members where some incidental benefit may flow to third parties to the transaction or the authority for a credit union to engage in joint loan programs pursuant to Section 14959.

SEC. 2. Section 14821 of the Financial Code is amended to read:

14821. (a) Except for solicited proxies which on their face provide for a period of validity of three years from the date of execution of the proxy, any form of proxy or written ballot distributed to 10 or more members of a credit union shall afford an opportunity on the proxy or form of written ballot to specify at the time the written ballot or proxy is distributed, a choice between approval and disapproval of each matter or group of related matters intended to be acted upon at the meeting for which the proxy is solicited or by such written ballot, and shall provide, subject to reasonable specified conditions, that where the person solicited specifies a choice with respect to any such matter the vote shall be cast in accordance therewith.

Notice pursuant to this subdivision may be sent with notice to the members of the date, time, and place of the annual meeting.

(d) Failure to comply with this section shall not invalidate any corporate action taken, but may be the basis for challenging any proxy at a meeting or written ballot and the superior court may compel compliance therewith at the suit of any member.

SEC. 3. Section 14860 of the Financial Code is amended to read:

14860. Except as provided in this section and Part 1 (commencing with Section 5100) of Division 5 of the Probate Code, no credit union shall exercise trust powers except upon qualifying as a trust company pursuant to Division 1 (commencing with Section 99).

(a) Notwithstanding any other provisions of law relating to trusts and trust authority, subject to the regulations of the commissioner, a credit union may act as a trustee or custodian, and may receive reasonable compensation for so acting, under any written trust instrument or custodial agreement created or organized in the United States which is a part of a pension plan for its members or groups or organizations of its members, which qualifies or has qualified for specific tax treatment under Section 401 or Section 408 of the Internal Revenue Code, Title 26 of the United States Code, or any deferred compensation plan for the benefit of the credit union's employees, provided the funds received pursuant to these plans are invested as provided in Section 16040 of the Probate Code. All funds held by a credit union trustee or in a custodial capacity shall be maintained in accordance with applicable laws and rules and regulations as may be promulgated by the Secretary of Labor, the Secretary of the Treasury, or any other authority exercising jurisdiction over such trust or custodial accounts. The credit union shall maintain individual records for each participant or beneficiary which show in detail all transactions relating to the funds of each participant or beneficiary.

The trust instrument or agreement shall provide for the appointment of a successor trustee or custodian by a person, committee, corporation, or organization other than the credit union or any person acting in his or her capacity as a director, employee, or agent of the credit union, upon notice from the credit union or the commissioner that the credit union is unwilling or unable to continue to act as trustee or custodian.

(b) Shares may be issued in a revocable or irrevocable trust subject to the following:

(1) When shares are issued in a revocable trust, the settlor shall be a member of the credit union issuing the shares in his or her own right.

(2) When shares are issued in an irrevocable trust, the settlor or the beneficiary shall be a member of this credit union in his or her own right. For purposes of this section, shares issued pursuant to a pension plan authorized by this section shall be treated as an irrevocable trust unless otherwise indicated in rules and regulations issued by the commissioner.

(3) This subdivision does not apply to trust accounts established prior to the effective date of this subdivision.

SEC. 4. Section 15307 is added to the Financial Code, to read:

15307. Notwithstanding any provision to the contrary, the commissioner shall ratably return to the credit union converting to a federal charter pursuant to this article, any charges and assessments

collected pursuant to Section 14350. The portion of the charges and assessments collected pursuant to Section 14350 shall be ratably returned on a monthly basis for the months after the month in which the conversion to a federal charter is effective.

SEC. 5. Section 5101 of the Probate Code is amended to read:

5101. In this part, unless the context otherwise requires:

(a) "Account" means a contract of deposit of funds between a depositor and a financial institution, and includes a checking account, savings account, certificate of deposit, share account, and other like arrangement.

(b) "Beneficiary" means a person named in a trust account as one for whom a party to the account is named as trustee.

(c) "Financial institution" means:

(1) Any organization authorized to do business under state or federal laws relating to credit unions.

(2) Any industrial loan company as defined in Section 18003 of the Financial Code.

(d) "Joint account" means an account payable on request to one or more of two or more parties whether or not mention is made of any right of survivorship.

(e) A "multiple-party account" is any of the following types of account: (1) a joint account, (2) a P.O.D. account, or (3) a trust account. It does not include: (1) accounts established for deposit of funds of a partnership, joint venture, or other association for business purposes, (2) accounts controlled by one or more persons as the duly authorized agent or trustee for a corporation, unincorporated association, charitable or civic organization, or (3) a regular fiduciary or trust account where the relationship is established other than by deposit agreement.

(f) "Net contribution" of a party to a joint account as of any given time is the sum of all deposits thereto made by or for the party, less all withdrawals made by or for the party that have not been paid to or applied to the use of any other party, plus a pro rata share of any interest or dividends included in the current balance. The term includes, in addition, any proceeds of deposit life insurance added to the account by reason of the death of the party whose net contribution is in question. In the absence of proof otherwise, only parties who have a present right of withdrawal shall be considered as having a net contribution and the net contribution of each of the parties having a present right of withdrawal is deemed to be an equal amount.

(g) "Party" means a person who, by the terms of the account, has a present right, subject to request, to payment from a multiple-party account. A P.O.D. payee or beneficiary of a trust account is a party only after the account becomes payable to the payee or beneficiary by reason of surviving the original payee or trustee. Unless the context otherwise requires, "party" includes a guardian, conservator, personal representative, or assignee, including a levying creditor, of a party. "Party" also includes a person identified as a trustee of an

account for another whether or not a beneficiary is named, but it does not include any named beneficiary unless the beneficiary has a present right of withdrawal.

(h) "Payment" of sums on deposit includes withdrawal, payment on check or other directive of a party, and any pledge of sums on deposit by a party and any set-off, or reduction or other disposition of all or part of an account pursuant to a pledge.

(i) "P.O.D. account" means an account payable on request to one person during the person's lifetime and on the person's death to one or more P.O.D. payees, or to one or more persons during their lifetimes and on the death of all of them to one or more P.O.D. payees.

(j) "P.O.D. payee" means a person designated on a P.O.D. account as one to whom the account is payable on request after the death of one or more persons.

(k) "Proof of death" includes an original or attested or certified copy of a death certificate or record or report that is prima facie evidence of death under Section 10577 of the Health and Safety Code, Sections 1530 to 1532, inclusive, of the Evidence Code, or another statute of this state.

(*l*) A financial institution "receives" an order or notice under this part when it is received by the particular office or branch office of the financial institution where the account is carried.

(m) "Request" means a proper request for withdrawal, or a check or order for payment, that complies with all conditions of the account (including special requirements concerning necessary signatures) and regulations of the financial institution; but if the financial institution conditions withdrawal or payment on advance notice, for purposes of this part the request for withdrawal or payment is treated as immediately effective and a notice of intent to withdraw is treated as a request for withdrawal.

(n) "Sums on deposit" means the balance payable on a multiple-party account including interest, dividends, and in addition any deposit life insurance proceeds added to the account by reason of the death of a party.

(o) "Trust account" means an account in the name of one or more parties as trustee for one or more beneficiaries where the relationship is established by the form of the account and the deposit agreement with the financial institution and there is no subject of the trust other than the sums on deposit in the account. In a trust account, it is not essential that payment to the beneficiary be mentioned in the deposit agreement. The deposit agreement shall indicate the current address of any beneficiary. A trust account does not include (1) a regular trust account under a testamentary trust or a trust agreement that has significance apart from the account or (2) a fiduciary account arising from a fiduciary relation such as attorney-client.

(p) "Withdrawal" includes payment to a third person pursuant to check or other directive of a party.

CHAPTER 1046

[Approved by Governor September 23, 1987. Filed with Secretary of State September 23, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 14154.1 of the Welfare and Institutions Code is amended to read:

14154.1. Reimbursement for any Medi-Cal county administrative costs shall be made subject to the requirements specified in the County Administrative Cost Control Plan, established pursuant to Section 14154. However, notwithstanding any other provision of law, for applications taken on or after July 1, 1987, and thereafter, the department shall make allocations for Medi-Cal county administrative expenses taking into consideration all Medi-Cal applications. However, if the department determines that a county is inappropriately processing non-Medi-Cal applications through the Medi-Cal process, then the department shall not allocate state general funds for nonapproved Medi-Cal applications which exceed a specified level. That level shall be determined by multiplying the county's number of approved applications by the ratio of nonapproved applications to approved applications processed by the county during the base period used in the cost control plan which is in effect for the fiscal year the inappropriate processing of non-Medi-Cal applications occurred. Reimbursement to Los Angeles County hospitals shall be limited on the same basis.

CHAPTER 1047

An act to amend Section 99243 of the Public Utilities Code, and to amend Section 2151 of the Streets and Highways Code, relating to transportation.

[Became law without Governor's signature. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 99243 of the Public Utilities Code is amended to read:

99243. (a) The Controller, in cooperation with the department and the operators, shall design and adopt a uniform system of accounts and records, from which the operators shall prepare and submit annual reports of their operation to the transportation

planning agencies having jurisdiction over them and to the Controller within 90 days of the end of the fiscal year. The report shall specify (1) the amount of revenue generated from each source and its application for the prior fiscal year and (2) the data necessary to determine which section, with respect to Sections 99268.1, 99268.2, 99268.3, 99268.4, 99268.5, and 99268.9, the operator is required to be in compliance with in order to be eligible for funds under this article.

(b) As a supplement to the annual report prepared pursuant to subdivision (a), each operator shall include an estimate of the amount of revenues to be generated from each source and its proposed application for the next fiscal year.

(c) The Controller shall instruct the county auditor to withhold payments from the fund to any operator which has not submitted its annual report to the Controller within the time specified by subdivision (a).

(d) In establishing the uniform system of accounts and records, the Controller shall include the data required by the United States Department of Transportation and the department.

(e) Notwithstanding any other law or any regulation, including any California Administrative Code provision, the City of South Lake Tahoe may select, for purposes of this chapter, on a one-time basis, a fiscal year which does not end on June 30. After the city has sent a written notice to the Secretary of the Business, Transportation and Housing Agency and the Controller that the city has selected a fiscal year other than one ending on June 30, the fiscal year selected by the city shall be its fiscal year for all reports required by the state under this chapter.

SEC. 2. Section 2151 of the Streets and Highways Code is amended to read:

2151. On or before the first day of October of each year, the governing body of each county and city shall cause to be made and filed with the Controller a complete report of the expenditures for street or road purposes during the preceding fiscal year ending on the 30th day of June. However, the City of South Lake Tahoe may send, on a one-time basis, a written notice to the Controller that it has selected a fiscal year ending on a date other than June 30, and, in that case, the fiscal year selected by the city shall be its fiscal year for reports under this section.

The Controller shall prescribe the form and contents of the report. The report shall show the amount expended for construction by contract, maintenance by contract, construction by day labor, and maintenance by day labor. For construction and maintenance by day labor, the amount shall include the cost of material, labor, equipment, and overhead for work performed thereunder.

The board of supervisors of each county shall by appropriate action, at any regular or special meeting, designate either the county road commissioner or the county auditor as the person responsible for making and signing the report required by this section. When the road commissioner is designated to make and sign the report, the

county auditor shall certify the report before it is filed with the Controller. When the county auditor is designated to make and sign the report, the road commissioner shall certify the report before it is filed with the Controller. Reports made by each city shall be certified by the city's fiscal officer.

SEC. 3. The Legislature hereby finds and declares that the City of South Lake Tahoe has adopted a fiscal year ending on other than June 30, so that it could better estimate its revenues and expenditures for the following fiscal year and, therefore, a general statute within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 10205 of the Unemployment Insurance Code is amended to read:

10205. The panel shall do all of the following:

(1) An employer or group of employers.

(2) A training agency.

(3) A private industry council with the approval of the appropriate local elected officials in the service delivery area.

(4) A grant recipient or administrative entity selected pursuant to Section 103 of the Federal Job Training Partnership Act and Section 15021, with the approval of the local private industry council and the

appropriate local elected officials. These contracts shall be in the form of fixed-fee performance contracts. Notwithstanding any provision of law to the contrary, contracts entered into pursuant to this chapter shall not be subject to competitive bidding procedures. No trainee shall receive employment training under this chapter for a period of more than 18 months. Contracts for training may be written for a period not to exceed 24 months for the purpose of administration by the panel and the contracting employer or any group of employers acting jointly or any training agency for the purpose of providing employment training.

(b) Allocate the Employment Training Fund. In doing so, the panel shall seek to facilitate the employment of the maximum number of eligible participants in jobs with definite career potential and long-term job security. In no case shall the statewide allocation be based solely on population. Nothing in this chapter shall be construed to preclude the panel from entering into contracts for the provision of training in multijurisdictional areas of the state. In writing contracts, priority shall be given to employers and training for employers who are expanding their business enterprises in this state, to employers and training for employers who are establishing enterprises in areas targeted for economic development by the Department of Commerce, and to employers and training for employers in industries in which there are critical skills shortages. Preference shall be given to apprenticeship and similar training in which a person is employed at the commencement of training.

(c) Establish minimum standards for the consideration of proposals, which shall include, but not be limited to, the identification of employers who will employ successful trainees, the number of jobs available, the skill requirements for the identified jobs, the projected cost per trainee, and the wage level of the available jobs. No proposal shall be considered which proposes training for employment covered by a collective bargaining agreement unless the signatory labor organization agrees in writing.

(d) Ensure the provision of adequate fiscal and accounting controls for, monitoring and auditing of, and other appropriate technical and administrative assistance to, projects funded by this chapter.

(e) Provide for evaluation of projects funded by this chapter. Individual project evaluations shall contain a summary description of the project, the number of persons entering training, the number of persons completing training, the number of persons employed at the end of the project, the number of persons still employed three months after the end of the project, the wages paid, the total costs of the project, and the total reimbursement received from the Employment Training Fund.

(f) Report annually to the Legislature, by November 30, on projects operating during the previous state fiscal year. These annual reports shall provide separate summaries of all of the following:

(1) Projects completed during the year, including their individual

and aggregate performance and cost.

(2) Projects not completed during the year, briefly describing each project and identifying approved contract amounts by contract and for this category as a whole, and identifying any projects in which funds are expected to be disencumbered.

(3) Projects terminated prior to completion and the reasons for the termination.

In addition, based upon its experience in administering job training projects, the panel shall include in these reports policy recommendations concerning the impact of job training and the panel's program on economic development, labor-management relations, employment security, and other related issues. To assist in the preparation of the policy recommendations, the chair of the panel may appoint an advisory research council.

(g) Expedite the processing of contracts for firms considering locating or expanding businesses in the state, as determined by the Department of Commerce.

SEC. 2. Section 10209 of the Unemployment Insurance Code is amended to read:

10209. (a) Contracts shall only be made for job-linked training, including basic skills training, which provides specific skills for career advancement or which is preparatory for, and leads directly to, jobs with definite career potential and long-term job security.

(b) Payments shall be made in accordance with a performance contract under which partial payments may be made during training, a partial payment may be made on placement or retention of each trainee, and not less than 25 percent of the negotiated fee is withheld until the trainee has been retained in employment for 90 days after the end of training with a single employer, except for those occupations in which it is not customary for a worker to be employed 90 consecutive days with a single employer. In these latter cases, the panel may substitute a period similar to the probationary period customary to the occupation. In no case shall the probationary period amount to less than 500 work hours. In no case shall any payment be considered to have been earned until the trainee has been retained in employment for 90 days or the equivalent probationary period for an occupation in which it is not customary for a worker to be employed 90 consecutive days with a single employer.

CHAPTER 1052

An act to amend Sections 25806, 34700, 37203, and 37210 of, and to add Sections 22284 and 36950.1 to, the Water Code, relating to water.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 22284 is added to the Water Code, to read:

22284. A district may prescribe by rule that when any charges fixed for services under Section 22280 become delinquent, the charges may be collected in accordance with procedures specified in Section 25806.

SEC. 2. Section 25806 of the Water Code is amended to read:

25806. (a) In case any charges for water and other services or either remain unpaid, the amount of the unpaid charges may, in the discretion of the district:

(1) If unpaid at the time specified for delivery of the assessment book to the collector, be added to and become a part of the annual assessment levied upon the real property upon which the water for which the charges are unpaid was used and upon the real property subject to the charges for any other district services and shall constitute a lien on that real property. However, if, during the year preceding the date on which the first installment of real property taxes which evidence the charges appears on the roll, any real property to which the lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, then the lien which would otherwise be imposed by this subdivision shall not be added to and become part of the annual assessment nor shall it attach to the real property.

(2) Be secured at any time by filing for record in the office of the county recorder of any county, a certificate specifying the amount of the charges and the name and address of the person liable therefor.

From the time of recordation of the certificate, the amount required to be paid together with interest and penalty constitutes a lien upon all real property in the county owned by the person or afterwards, and before the lien expires, acquired by him or her. The lien has the force, priority, and effect of a judgment lien and shall continue for 10 years from the date of the filing of the certificate unless sooner released or otherwise discharged. The lien may, within 10 years from the filing of the certificate or within 10 years from the date of the last extension of the lien in the manner herein provided, be extended by filing for record a new certificate in the office of the county recorder of any county and from the time of the filing the lien shall be extended to the real property in such county for 10 years unless sooner released or otherwise discharged.

When the charges have become delinquent, they may be collected in the manner provided for the collection of delinquent assessments in Chapter 5 (commencing with Section 26075) and Chapter 6 (commencing with Section 26225) of Division 11 of Part 10.

(b) Where the county assumes the responsibility of assessment and collection pursuant to Chapter 7 (commencing with Section 26500), the amount of the unpaid charges may be added to, and become part of, the annual assessment levied upon the real property upon which the water for which the charges are unpaid was used and upon the real property subject to the charges for any other district services and shall constitute a lien on that real property upon recordation of the order confirming the assessment in the office of the county recorder of the county in which the real property is situated. However, if, during the year preceding the date on which the first installment of real property taxes which evidence the charges appears on the roll, any real property to which the lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, then the lien which would otherwise be imposed by this subdivision shall not attach to the real property and the costs of the water and services or either, as confirmed, relating to the property shall be transferred to the unsecured roll for collection.

SEC. 3. Section 34700 of the Water Code is amended to read:

34700. (a) Each director shall be a holder of title to land within the district.

(b) Notwithstanding subdivision (a), in the Angiola Water District, each director shall be a holder of title to land within the district, or an officer, employee, or legal representative of a holder of title to land within the district, or an individual whose service as a director has been approved in writing by a holder of title to land within the district. This subdivision, applicable only to the Angiola Water District, is necessary because of unique and special water management problems in the area included within the district.

SEC. 4. Section 36950.1 is added to the Water Code, to read:

36950.1. As used in this chapter and Chapter 5 (commencing with Section 37050), Chapter 6 (commencing with Section 37150), and Chapter 7 (commencing with Section 37175), "assessment" includes standby charges and other charges levied for the use of district water.

SEC. 5. Section 37203 of the Water Code is amended to read:

37203. (a) On or before December 31st of any year the board may by resolution elect to proceed under this part for the levy, collection, and enforcement of any or all assessments, and thereafter until termination of that election the provisions of this part shall apply to the levy, collection, and enforcement of those assessments. The board by resolution may at any time on or before December 31st of any year terminate its election to proceed under this part, and thereafter the provisions of this part shall no longer apply to the levy, collection, and enforcement of those assessments. On or before

January 1st following the adoption of either of those resolutions, a certified copy thereof shall be filed with the auditor, assessor, tax collector and treasurer of each county within which a district is located and with the State Board of Equalization. There shall also be filed with the county assessor and the State Board of Equalization a statement as required by Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code.

(b) Notwithstanding subdivision (a), the board may, by resolution, elect at any time to proceed under this part only for the collection and enforcement of delinquent assessments, including standby and other charges, and thereafter until termination of that election this part shall apply to the collection and enforcement of the delinquent assessments. A certified copy of the resolution shall be filed with the auditor, assessor, tax collector, and treasurer of each county within which the district is located and the assessments shall thereafter be included in all county tax statements.

SEC. 6. Section 37210 of the Water Code is amended to read:

Whenever a building standard is intended to promote fire and panic safety, each agency shall, unless adopted by the State Fire Marshal, submit the building standard to the State Fire Marshal for prior approval.

(e) Whenever the commission finds, pursuant to paragraph (2) of subdivision (a), that a building standard is adopted by an adopting agency pursuant to statutes requiring adoption of the building standard, the commission shall not consider or review whether the adoption is in the public interest pursuant to paragraph (3) of subdivision (a).

respect to its proposed action on any building standards to any design profession organizations, chambers of commerce, consumer groups, building and construction industry organizations, governmental agencies, and other parties and organizations that have submitted a written request therefor at least 15 days prior to any meeting thereon, provided that the failure to do so shall not invalidate any commission action.

SEC. 19. Section 18937 of the Health and Safety Code is amended to read:

18937. (a) Emergency standards shall be acted on by the commission within 30 days and, except for building standards adopted by the Occupational Safety and Health Standards Board which are at least as effective as a federal standard promulgated under Section 6 of the federal Occupational Safety and Health Act of 1970 (Public Law 91-596), only when the adopting agencies have made the finding of emergency required by Sections 11346.1 and 11346.5 of the Government Code and have adopted the emergency standard in compliance with Section 11346.1 of the Government Code, and the commission concurs with that finding. Both the concurrence and the approval of the emergency standards require an affirmative vote of two-thirds of the members of the commission attending a meeting, or not less than six affirmative votes, whichever is greater.

(b) Emergency standards approved by the commission pursuant to subdivision (a) shall be filed by the commission pursuant to Section 11346.1 of the Government Code and shall be subject to the provisions of that section.

SEC. 20. Section 18938 of the Health and Safety Code is amended to read:

18938. (a) Building standards shall be filed with the Secretary of State and codified only after they have been approved by the commission and shall not be published in any other title of the California Administrative Code. Emergency standards shall be filed with the Secretary of State and shall take effect only after they have been approved by the commission as required by Section 18937. The filing of building standards adopted or approved pursuant to this part, or any certification with respect thereto, with the Secretary of State, or elsewhere as required by law, shall be done solely by the commission.

(b) An adoption, amendment, or repeal of a building standard shall only become effective upon its publication in the triennial edition of the State Building Standards Code or one of its supplements, or at any later date as approved by the Building Standards Commission. This subdivision shall not apply to emergency standards, and standards approved pursuant to subdivision (b) of Section 142.3 of the Labor Code and published pursuant to subdivision (b) of Section 18943.

(c) This section shall not be applicable to the time limits set forth in Sections 17922 and 17958 for approval of uniform codes and for

changes by local agencies in the State Building Standards Code.

SEC. 21. Section 18938.5 of the Health and Safety Code is amended to read:

18938.5. Only those building standards approved by the commission, and which are effective at the local level at the time an application for a building permit is submitted, apply to construction performed under that building permit.

SEC. 22. Section 18940 of the Health and Safety Code is amended to read:

18940. Building standards approved by the commission shall be incorporated into the code and shall not be incorporated into other individual titles of state agencies in the California Administrative Code.

SEC. 23. Section 18942 of the Health and Safety Code is amended to read:

18942. (a) The commission shall publish, or cause to be published, editions of the code in its entirety once in every three years. In each intervening year the commission shall publish, or cause to be published, supplements as necessary. For emergency standards defined in subdivision (a) of Section 18913, an emergency standards supplement shall be published whenever the commission determines it is necessary. The commission shall also publish, for emergency standards defined in subdivision (b) of Section 18913 and for building standards approved pursuant to subdivision (b) of Section 142.3 of the Labor Code, a semiannual supplement, or a more frequent supplement if required by federal law.

(b) Except emergency standards and building standards approved pursuant to subdivision (b) of Section 142.3 of the Labor Code, no building standards or regulations shall be published in the triennial edition of the code or annual supplement less than 90 days after approval by the commission.

(c) Emergency standards defined in subdivision (a) of Section 18913 shall become effective when approved by the commission, and filed with the Secretary of State, or upon any later date specified therein, and remain in effect as provided by Section 11346.1 of the Government Code and Section 18937 of this code. Emergency standards shall be distributed as soon as practicable after publication to all interested and affected parties. Notice of repeal pursuant to Section 11346.1 of the Government Code of emergency standards defined in subdivision (a) of Section 18913 within the period specified by that section shall also be given to the parties by the affected agencies promptly after the termination of the statutory period pursuant to Section 11346.1 of the Government Code.

(d) The commission may publish, stockpile, and sell at a reasonable price the code and any materials incorporated therein by reference if it deems the latter is insufficiently available to the public, or unavailable at a reasonable price. Each state department concerned and each city and county shall have an up-to-date copy of the code available for public inspection.

SEC. 24. Section 18943 of the Health and Safety Code is amended to read:

18943. (a) Building standards in individual titles of the California Administrative Code other than the State Building Standards Code shall have no force nor effect after January 1, 1985.

(b) Building standards adopted by the Occupational Safety and Health Standards Board shall be published as provided in Section 18942 by the commission in the State Building Standards Code. Those building standards may also be published by the Occupational Safety and Health Standards Board in other provisions in Title 8 of the California Administrative Code prior to publication in the State Building Standards Code if that other publication includes an appropriate identification of building standards contained in the other publication.

SEC. 25. Section 18944 of the Health and Safety Code is amended to read:

18944. State agencies shall adopt regulations for publication in the titles of the California Administrative Code containing other regulations of such agency to identify, by reference, the appropriate sections of the State Building Standards Code containing those building standards for which that agency has enforcement responsibility.

CHAPTER 1054

An act to amend Sections 1208 and 6031.1 of the Penal Code, relating to prisoners.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any ordinance the board shall prescribe whether the sheriff, the probation officer, the director of the county department of corrections, or the superintendent of a county industrial farm or

industrial road camp in the county shall perform the functions of the work furlough administrator. The board may, in that ordinance, provide for the performance of any or all functions of the work furlough administrator by any one or more of those persons, acting separately or jointly as to any of the functions; and may, by a subsequent ordinance, revise the provisions within the authorization of this section. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

Notwithstanding any other provision of law, the board of supervisors may by ordinance designate a facility for confinement of prisoners classified for the work furlough program and designate the work furlough administrator as the custodian of the facility. The work furlough administrator may, with the approval of the board of supervisors, enter into contracts with appropriate public or nonprofit private agencies or private entities to provide a facility and services for the housing, sustenance, counseling, supervision, and related services for such inmates as are eligible for work furlough. No agency or private entity entering into a contract may itself employ any person who is in the work furlough program. The sheriff or director of the county department of corrections, as the case may be, is authorized to transfer custody of prisoners to the work furlough administrator to be confined in a facility for the period during which they are in the work furlough program.

All privately operated work furlough facilities and programs used for the detention of persons sentenced into the custody of the sheriff, the director of a county department of corrections, or the chief probation officer, shall be under the jurisdiction of, and subject to the terms of a contract entered into with, the work furlough administrator. Each contract shall include, but not be limited to, a provision whereby the private agency or entity agrees to operate in compliance with all appropriate state and local building, zoning, health, safety, and fire statutes, ordinances, and regulations and the minimum jail standards for Type IV facilities as established by regulations adopted by the Board of Corrections. The private agency or entity shall select and train its personnel in accordance with selection and training requirements adopted by the Board of Corrections as set forth in Subchapter 1 (commencing with Section 100) of Chapter 1 of Division 1 of Title 15 of the California Administrative Code. Failure to comply with the appropriate health, safety, and fire laws or minimum jail standards adopted by the board may be cause for termination of the contract; and upon discovery of a failure to comply with these requirements, the work furlough administrator shall notify the privately operated program director that the contract may be canceled if the specified deficiencies are not corrected within 60 days.

All private work furlough facilities and programs shall be inspected biennially by the Board of Corrections unless the work furlough administrator requests an earlier inspection pursuant to Section 6031.1. Each private agency or entity shall pay a fee to the Board of Corrections commensurate with the cost of those inspections and a fee commensurate with the cost of the initial review of the facility.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, the work furlough administrator may, if he or she concludes that the person is a fit subject therefor, direct that the person be permitted to continue in his or her regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself or herself, unless the court at the time of sentencing or committing has ordered that the person not be granted work furloughs. The work furlough administrator may, if he or she concludes that the person is a fit subject therefor, direct that the person be permitted to continue in his or her regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself or herself, unless the court at the time of sentencing has ordered that person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his or her regular employment or educational program, the administrator shall arrange for a continuation of that employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself or herself, the prisoner may do so, and the administrator may assist the prisoner in doing so. Any employment or education so secured shall be suitable for the prisoner. The employment or educational program, if the educational program includes earnings by the prisoner, shall be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in that area. In no event may any employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, the prisoner shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him or her from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, worker's compensation

insurer, or the prisoner. The release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner classified for the work furlough program for a period not to exceed 72 hours for medical, dental, or psychiatric care, or for family emergencies or pressing business which would result in severe hardship if the release were not granted, or to attend those activities as the administrator deems may effectively promote the prisoner's successful return to the community, including, but not limited to, an attempt to secure housing, employment, entry into educational programs, or participation in community programs.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit the wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, that request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and the sheriff receives a writ of execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, the sheriff shall first levy on the earnings pursuant to the writ. When an employer or educator transmits earnings to the administrator pursuant to this subdivision, the sheriff shall have no liability to the prisoner for those earnings. From the earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to the prisoner or if the prisoner is unable to pay that sum, such lesser sum as is reasonable, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him or her.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018 and 4019.

(g) In the event the prisoner violates the conditions laid down for his or her conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he or she is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532.

(i) As used in this section, "education" includes vocational and educational training and counseling; and psychological, drug abuse,

alcoholic and other rehabilitative counseling; "educator" includes a person or institution providing such training or counseling; and "employment" includes care of children, including the daytime care of children of the prisoner.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 2. Section 6031.1 of the Penal Code is amended to read:

6031.1. Inspections of local detention facilities shall be made biennially. Inspections of privately operated work furlough facilities and programs shall be made biennially unless the work furlough administrator requests an earlier inspection. Inspections shall include, but not be limited to, the following:

(a) Health and safety inspections conducted pursuant to Section 459 of the Health and Safety Code.

(b) Fire suppression preplanning inspections by the local fire department.

(c) Security, rehabilitation programs, recreation, treatment of persons confined in the facilities, and personnel training by the staff of the Board of Corrections.

Reports of each facility's inspection shall be furnished to the official in charge of the local detention facility or, in the case of a privately operated facility, the work furlough administrator, the local governing body, the grand jury, and the presiding or sole judge of the superior court in the county where the facility is located. These reports shall set forth the areas wherein the facility has complied and has failed to comply with the minimum standards established pursuant to Section 6030.

CHAPTER 1055

An act to add Sections 61765.13 and 61767 to the Government Code, and to amend Sections 2, 2.5, 2.6, 7, 11, 13, and 14 of, to amend and renumber Sections 26 of, to add Sections 26, 26.1, 26.2, 26.3, 26.4, 26.5, 26.6, 26.7, 26.8, 26.9, 26.10, 26.11, 26.12, 26.13, 26.14, and 26.15 to, and to repeal Section 17.4 of, the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), relating to districts.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 61765.13 is added to the Government Code, to read:

61765.13. Notwithstanding Section 61765, in any community services district in San Bernardino County, the water standby or availability charge shall not exceed thirty dollars ($30) per year for each acre of land on which the charge is levied or thirty dollars ($30)

per year for a parcel less than one acre. This section does not affect the ability of a district to fix, levy, or collect standby or availability charges pursuant to Chapter 12.4 (commencing with Section 54984) of Part 1 of Division 2 of Title 5, as added by Assembly Bill No. 499 of the 1987–88 Regular Session of the Legislature, if that bill is enacted and becomes effective.

This section, applicable only to San Bernardino County, is necessary because of the unique and special water management and financing problems in the area included within the county.

SEC. 2. Section 61767 is added to the Government Code, to read:

61767. Notwithstanding any other provision of law, any district within San Bernardino County may fix, levy, and collect a sewage and waste service standby or availability charge in any of the alternate methods and in the same manner and under the same terms and conditions as are provided for a water standby or availability charge in this chapter.

This section, applicable only to San Bernardino County, is necessary because of the unique and special water and community services management and financing problems in the area included within the county.

SEC. 3. Section 2 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 2. The objects and purposes of this act are to provide for the control of the flood and storm waters of the district and the flood and storm waters of streams that have their source outside of the district, but which streams and the flood waters thereof flow into the district, and to conserve such waters for beneficial and useful purposes by spreading, storing, retaining, and causing to percolate into the soil within the district, or without the district, the waters, or to save or conserve in any manner all or any of the waters and protect from flood or storm waters, the watercourses, watersheds, public highways, life, and property in the district, and to prevent waste of water or diminution of the water supply in, or exportation of water from the district, and to obtain, retain, and reclaim drainage, storm, flood, and other waters for beneficial use in the district.

San Bernardino County Flood Control District is hereby declared to be a body corporate and politic and has all of the following powers:

1. To have perpetual succession.

2. To sue and be sued in the name of the district in all actions and proceedings in all courts and tribunals of competent jurisdiction.

3. To adopt a seal and alter it at pleasure.

4. To take by grant, purchase, gift, devise, or lease, or otherwise, and to hold, use, enjoy, and to lease or dispose of real or personal property of every kind within or without the district necessary or convenient to the full exercise of its powers.

5. To acquire, by purchase, lease, construction, or otherwise, or contract to acquire, lands, rights-of-way, easements, privileges, and property of every kind, whether real or personal, and to construct, maintain, and operate any and all works or improvements within or

without the district necessary or proper to carry out any of the objects or purposes of this act, and to complete, extend, add to, repair, or otherwise improve any works or improvements or property acquired by it as authorized by this act.

6. To store water in surface or underground reservoirs within or outside of the district for the common benefit of the district; to conserve and reclaim water for present and future use within the district; to appropriate and acquire water and water rights, and import water into the district and to conserve within or outside of the district, water and water rights for any useful purpose to the district; to commence, maintain, intervene in, and compromise, in the name of the district, or otherwise, and to assume the costs and expenses of any action or proceeding involving or affecting the ownership or use of waters or water rights within the district used or useful for any purpose of the district or of common benefit to any land situated therein, or involving the wasteful use of water therein; to commence, maintain, intervene in, defend, and compromise and to assume the cost and expenses of any and all actions and proceedings now or hereafter begun; to prevent interference with or diminution of, or to declare rights in, the natural flow of any stream or surface or subterranean supply of waters used or useful for any purpose of the district or of common benefit to the lands within the district or to its inhabitants; to prevent unlawful exportation of water from the district; to prevent contamination, pollution, or otherwise rendering unfit for beneficial use the surface or subsurface water used in the district, and to commence, maintain, and defend actions and proceedings to prevent any interference with the waters as may endanger or damage the inhabitants, lands, or use of water in the district; provided, however, that the district may not intervene or take part in, or pay the costs or expenses of, actions or controversies between the owner of lands or water rights within the boundaries of the district and which do not involve taking water outside of or away from the district; and provided further, that the district may not transport the waters of the Mojave River to any other zone of said district.

9. To enter upon any land, to make surveys, and locate the necessary works of improvement and the lines for channels, conduits, canals, pipelines, roadways, and other rights-of-way; to acquire by purchase, lease, contract, or other legal means all lands and water and water rights and other property necessary or convenient for the construction, use, supply, maintenance, repair, and improvement of those works, whether in this or in other states, including works constructed and being constructed by private owners, lands for reservoirs for storage of necessary water, and all necessary appurtenances, and also where necessary or convenient to this end, and for those purposes and uses, to acquire and hold the stock of corporations, domestic or foreign, owning water or water rights, canals, waterworks, powerplants, franchises, concessions, or rights; to enter into and do any acts necessary or proper for the performance of any agreement with the United States, or any state, county, district of any kind, public or private corporation, association, firm, or individual, or any number of them, for the joint acquisition, construction, leasing, ownership, disposition, use, management, maintenance, repair, or operation of any rights, works, or other property of a kind which might be lawfully acquired or owned by the San Bernardino County Flood Control District; to acquire the right to store water in any reservoirs, or to carry water through any canal, ditch, or conduit not owned or controlled by the district; to grant to any owner or lessee the right to the use of any water or the right to store water in any reservoir of the district, or to carry the water through any tunnels, canal, ditch, or conduit of the district; to enter into and do any acts necessary or proper for the performance of any agreement with any district, public or private corporation, association, firm, or individual, or any number of them for the transfer or delivery to any district, corporation, association, firm, or individual of any water right or water pumped, stored, appropriated, or otherwise acquired or secured for the use of the San Bernardino County Flood Control District, or for the purpose of exchanging the water or water right for other water, water right, or water supply to be delivered to the district by the other party to the agreement; to cooperate with and to act in conjunction with the State of California, or any of its engineers, officers, boards, commissions, departments, or agencies, or with the government of the United States, or any of its engineers, officers, boards, commissions, departments, or agencies, or with any public or private corporation, in the construction of any work for the controlling of flood or storm waters of the district, or for the protection of life or property therein, or for the purpose of conserving those waters for beneficial use within the district, or in any other works, acts, or purposes provided for herein, and to adopt

and carry out any definite plan or system of work for any such purpose.

10. To carry on technical and other investigations of all kinds, make measurements, collect data, and make analyses, studies, and inspections pertaining to water supply, water rights, control of floods, and use of water, both within and without the district, and for this purpose the district has the right of access through its authorized representative to all properties within the district.

SEC. 4. Section 2.5 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 2.5. In addition to the powers specified in Section 2, the district has all of the following powers:

(1) To borrow money to finance any flood control or conservation project of any zone of the district. Any loan shall not exceed 2 percent of the total assessed value of the zone and shall be repaid in installments over a period of not to exceed 20 years and shall constitute a charge against the funds of the zone in which the construction occurs. Pursuant to the power granted in this section, the board of supervisors may borrow money from the United States of America, or any agency or department thereof, or from the State of California or any agency or department thereof, or from any bank or banking institution authorized to transact business within the State of California or from any private corporation organized under the laws of the State of California and authorized by its articles of incorporation to lend money to public agencies for construction of public works. The power to borrow money authorized by this section shall be exercised only when both of the following actions have been taken:

(a) The board of supervisors has declared the existence of an emergency and ordered the holding of a special election not less than 30 days from the date of the resolution declaring the existence of an emergency.

(b) The proposition of borrowing money has been ratified and authorized by a majority of the votes cast at a special election called for the purpose. A special election may be consolidated with a primary or general election. Interest on any loan authorized shall not exceed a rate in excess of the rate permitted under Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code. A loan made pursuant to this act shall be evidenced by written contract signed by the chairperson of the board specifying the particular flood control work or projects

for which the contracts shall be let. If a surplus remains after completion of the work, the surplus shall be applied to the payment of the principal and interest due under the contract. The board of supervisors shall annually levy a tax or assessment upon the taxable property of the zone or zones within which the work is performed, sufficient to pay the installments and interest on the loan as the principal and interest become due and payable in accordance with the terms of the contract; provided, however, that the tax or assessment levy for the payment of principal and interest on any loan shall not, together with all other charges and obligations for construction, maintenance, operation, and improvements within the zone, exceed the limitations fixed by Section 7 of this act.

(2) To incur indebtedness for the purposes of the district or of any zone thereof.

(3) To issue bonds in the manner provided in this act.

SEC. 5. Section 2.6 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 2.6. The district may borrow money and incur indebtedness pursuant to this section to meet the short-term needs of any zone by action of the board of supervisors and without the necessity of calling and holding an election in the district.

The indebtedness may be incurred solely for the purpose of providing for a cash flow to handle temporary funding for local interest obligations for federal flood control projects or to provide a cash flow for other zone operations prior to receipt of annual tax revenues or other revenues.

Any negotiable promissory notes shall be issued after the adoption, by a four-fifths vote of all the members of the board, of a resolution setting forth the form of the notes, the maturity date or dates thereof, and the manner of execution thereof.

Any negotiable promissory notes shall bear interest at a rate not exceeding the rate permitted under Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code. The notes shall be general obligations of the zone payable from revenues and taxes, unless paid from other available funds of the zone, but in no event to exceed the maximum tax limitations as provided for in this act, in the same manner as bonds of the zone; and provided further, that the maturity shall not be later than five years from the date thereof and that the total aggregate amount of the notes outstanding at any one time for all zones within the district shall not exceed the sum of eight million dollars ($8,000,000).

SEC. 6. Section 7 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 7. The board of supervisors of the district shall have power, in any year:

1. To levy and collect a tax or assessment upon all taxable property in the district to pay the costs and expenses of the San Bernardino County Flood Control District and to carry out any of the objects or

purposes of this act of common benefit to the district as a whole, and

2. To levy and collect a tax or assessment upon all taxable property in each or any of the zones, according to the benefits derived or to be derived by the respective zones, to pay the costs and expenses of carrying out any of the objects or purposes of this act of special benefit to the respective zones, including the constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works or improvements within the respective zones.

The taxes and assessments shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenues derived from the taxes and assessments shall be paid into the county treasury to the credit of the district, and the board of supervisors shall control and order the expenditure thereof for those purposes; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes and assessments levied under subdivision 2 of this section shall be expended for constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements not of special benefit to the respective zones; and provided further, however, that the aggregate taxes and assessments levied under this act for any one fiscal year shall not exceed thirty cents ($0.30) on each one hundred dollars ($100) of the assessed valuation of the taxable property in the zones exclusive of any tax levied to meet the bonded indebtedness of the zones and the interest thereon.

SEC. 7. Section 11 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 11. After the adoption of the report as provided in Section 5.5, the board of supervisors may, by resolution, call an election in any zone to submit the proposition of incurring bonded indebtedness to the qualified voters of that zone. The resolution shall set forth the purpose of incurring the proposed bonded indebtedness, the principal amount of the indebtedness, the maximum rate of interest to be paid on the indebtedness which shall not exceed the rate permitted under Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, the date on which the election shall be held, and the manner of holding the election and of voting for or against the incurring of the indebtedness. The election may be held separately or may be consolidated or held concurrently with any other election authorized by law at which the qualified voters of the zone are entitled to vote. Except as otherwise provided in this section or in the resolution, the election shall be held as near as practicable in conformity with the general election laws of the state.

The resolution calling the election shall be published twice in a newspaper of general circulation published in the zone, the first publication to be not less than 10 days before the election; if there is no such newspaper, publication shall be made in a newspaper of general circulation published in the county. No other notice of the

election need be given.

SEC. 8. Section 13 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 13. The board of supervisors shall prescribe the form of the bonds to be issued by the district and of the interest coupons to be attached thereto. The board shall fix the date of the bonds and may, in its discretion, divide the aggregate principal amount of any authorized issue into two or more series and fix different dates for each separate series. If any authorized issue is divided into two or more series, the bonds of each series may be made payable at such time or times as may be fixed by the board, separate and distinct from the time or times of payment of bonds of any other series of the same issue; provided, that no bond shall run more than 40 years from its date and that the earliest maturity of each issue or series, as the case may be, shall not be more than two years from the date of the bonds of the issue or series, and that beginning with the date of the earliest maturity of each issue or series not less than $\frac{1}{40}$th of the indebtedness of such issue or series, as the case may be, shall be paid every year. The board of supervisors may determine in the resolution authorizing the issuance of the bonds that the principal amount of the bonds maturing each year shall be other than an amount equal to an equal annual proportion of the aggregate principal of the bonds, and it may determine that the amount of the principal maturing in each year plus the amount of interest payable in that year shall as nearly as possible be an aggregate amount that is equal each year, except for the principal and interest due on the first series of the bonds which shall be adjusted to reflect the amount of interest covered from the date when the bonds bear interest to the date when the first interest is payable on the bonds, or it may make other determination as to the amount of the aggregate principal of the bonds which shall mature each year as it shall choose.

The bonds shall be issued in the denominations as the board of supervisors may determine, and shall be payable on the date and at the place or places stated in the bonds and with interest at the rate specified in the bonds, payable semiannually, except that interest for the first year may be made payable at the end of that year. The bonds shall be signed by the chairperson of the board of supervisors (or another member of the board of supervisors as the board of supervisors shall, by resolution, designate) and countersigned by the auditor of the county, and the seal of the district shall be affixed thereto. The coupons of the bonds shall be numbered consecutively and signed by the auditor of the county. The bonds may be authenticated by a paying agent selected by the board of supervisors, and the signature on all coupons and one signature on the bonds may be by printed, lithographed, or engraved facsimile signature. In case any of the officers whose signatures appear on the bonds or coupons shall cease to be that officer before the delivery of the bonds to the purchaser, the signature shall nevertheless be valid for all purposes as if that person had remained in office until delivery of the bonds.

The board of supervisors may provide that all, or any part, of the bonds issued may be called and redeemed prior to maturity, at the option of the board, upon payment of the premiums, if any, as the board, in the resolution providing for the issuance thereof, may determine. If any bond is redeemable prior to its maturity, a statement substantially to that effect shall be contained in the bond.

SEC. 9. Section 14 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended to read:

Sec. 14. The bonds may be issued and sold as the board of supervisors determines, but for not less than 95 percent of par and accrued interest. Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in the manner as the board may prescribe. If satisfactory bids are received, the bonds shall be sold to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received and either readvertise or sell the bonds at private sale. The proceeds of the sale shall be placed in the treasury of the County of San Bernardino to the credit of the district. All premiums and accrued interest received shall be placed in the fund to be used for the payment of principal of, and interest on, the bonds. The remainder of the proceeds of the bonds shall be placed to the credit of the construction fund of the district and, except as otherwise provided in Section 20.5, shall be applied exclusively to the purposes recited in the resolution calling the election. When those purposes have been accomplished, any moneys remaining in the construction fund shall be transferred to the fund to be used for the payment of principal of, and interest on, the bonds. When those purposes have been accomplished and all principal of, and interest on, the bonds have been paid, any balance of money then remaining shall be transferred to that fund of the district established for the purpose of containing taxes collected for the special benefit of the zone pursuant to Section 7.

SEC. 10. Section 17.4 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is repealed.

SEC. 11. Section 26 of the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939) is amended and renumbered to read:

Sec. 27.5. This act, and every part thereof, shall be liberally construed to promote the objects thereof, and to carry out its intents and purposes.

SEC. 12. Section 26 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26. The board of supervisors may determine that it may be necessary to sell bonds of the district to finance needed flood control improvements for the protection and benefit of portions of the district which the board determines cannot be financed from annual revenues from taxes or assessments, or both, over a period of years without selling bonds. The board may also determine that it may be

necessary to sell bonds of the district to finance the local share of the cost of any flood control improvements or projects undertaken by the federal government or the state, or both. The board shall make these determinations by the adopting of a resolution indicating its intention to finance the improvements through the issuance of bonds, generally describing the improvements to be financed with the proceeds of the bonds and referring the improvements to an engineer selected by the board and therein named for the preparation and filing with the board of a report with regard to the proposed improvements.

The portions of the district which will benefit from the sale of the bonds and the flood control improvements to be financed shall be designated in the resolution of the board making those determinations as the area of benefit for the specified project, or by some similar designation.

The report shall contain, among other things, all of the following:

(a) A general description of the improvements.

(b) Estimates of the cost of the improvements, the cost of land, rights-of-way, and easements, incidental expenses in connection with the improvements, and expenses in connection with the issuance of the bonds, and if part of the cost of the improvements will be paid from contributions from the federal government or the state, or both, an estimate of the expected total amount of those contributions.

(c) A map which shows the location of the proposed improvements and lands, rights-of-way, easements, and property to be taken, acquired, or injured in carrying out the construction of the improvements, and any other information in regard to those matters as may be deemed useful. However, improvements, lands, rights-of-way, easements, and property which will be located outside the district or outside the area of benefit need not be shown on the map.

(d) A map or maps showing the location of the lots and parcels of property in the area of benefit which will derive special benefit from the proposed improvements and which are proposed to be assessed for the cost thereof.

(e) A listing by county assessor's parcel numbers of the lots and parcels of property within the area of benefit which will derive special benefit from the improvements and which are proposed to be assessed and pay annual assessments for the payment of the principal of, and interest on, the bonds, and the estimated maximum amount of the annual assessment to be levied on each lot or parcel.

(f) A general analysis of the engineer's determination as to how the lots and parcels proposed to be assessed in the area of benefit, and each proposed zone of benefit therein, will derive special benefit from the proposed improvements.

The engineer may propose in the report that parcels of property in the area of benefit which benefit similarly, but differently from other parcels from the improvements, be included in different zones

of benefit which shall be identified by boundary lines on the map or maps specified in subdivision (d). If the engineer proposes in the report the establishment of different zones of benefit, the listing referred to in subdivision (e) shall also identify the zone of benefit in which each lot or parcel is proposed to be included.

SEC. 13. Section 26.1 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.1. If the improvements are proposed to provide protection against flooding in a floodway or flood plain designated on the general plan of the County of San Bernardino or any city therein or a flood plain area or flood-risk zone established by the Secretary of Housing and Urban Development of the United States pursuant to Section 4101 et seq. of Title 42 of the United States Code, the fact that a lot or parcel of property is located within that floodway or flood plain or flood-risk area shall be conclusive evidence that it will derive special benefit from the improvements. Assessments based on special benefit may be levied on lots and parcels of property included in an area of benefit or in zones of benefit therein on the basis of proportionate stormwater runoff.

Proportionate stormwater runoff may be used as a measure of benefit on an undeveloped parcel of land pursuant to this section only if, and to the extent that, it is found that it will benefit from the service.

For purposes of this section, an "undeveloped parcel of land" means a parcel of rural land in its undeveloped natural state, although the land may be grazed, or otherwise undisturbed, in a manner consistent with the normally accepted grazing land management practices for that geographic area. An "undeveloped parcel of land" also includes wetlands and marshlands if undisturbed and subject to periodic inundation. For purposes of this section, rural land is which is outside of an urbanized area, as designated by the most recent decennial census of the United States Bureau of the Census.

SEC. 14. Section 26.2 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.2. (a) When the report of the engineer is filed with the board of supervisors, the board may, at a regular or special meeting, approve the report and schedule a hearing thereon. The hearing shall be scheduled not earlier than 30 days and not later than 90 days following approval of the report. Notice of the hearing shall be published pursuant to Section 6066 of the Government Code, and the first publication shall occur not later than 20 days before the date of the hearing. The notice to be published shall do all of the following:

(1) Be entitled "Notice of Flood Control Improvements."

(2) Include the time and place of the hearing on the proposed improvements and on the proposed bonds and annual assessments.

(3) Generally describe the proposed improvements and the proposed area of benefit and refer to the report of the engineer for further particulars.

(4) State that the board of supervisors is considering issuing bonds to finance the cost of the proposed improvements, or the local share thereof, and the amount of the bonds which would be issued.

(5) State that the board of supervisors is considering levying annual assessments on lots and parcels of property within the area of benefit to pay the principal of, and interest on, the bonds.

(6) Contain the name and telephone number of an officer or employee of the district to answer inquiries regarding the protest proceedings.

(b) A notice of the time and place of the hearing shall also be mailed, postage prepaid, to all persons owning real property proposed to be assessed as their names and addresses appear on the last equalized assessment roll for county taxes. The notices shall be mailed not later than 20 days before the date of the hearing. The notices to be mailed shall be entitled "Notice of Flood Control Improvements" and shall contain all of the following:

(1) A statement of the time, place, and purpose of the hearing on the improvements and the proposed annual assessments.

(2) A statement of the total estimated cost of the proposed improvements.

(3) A statement that the board of supervisors proposes to issue and sell bonds to finance the cost of the proposed improvements, or the local share thereof, and to levy annual assessments on lots and parcels of property within the area of benefit which will derive special benefit therefrom to pay the principal of, and interest on, the bonds.

(4) The estimated maximum amount of the annual assessment to be levied on the particular parcel of property to which the notice relates, and a statement that the annual assessment to be levied on the parcel may not exceed 110 percent of that estimated maximum amount.

(5) A statement that any owner of a lot or parcel of property proposed to be assessed for the cost of the improvements or the payment of the principal of, and interest on, the bonds may file a written protest with the clerk.

(6) The name and telephone number of an officer or employee of the district designated by the board of supervisors to answer inquiries regarding the protest proceedings.

(c) If the engineer's report proposes the designation of two or more zones of benefit within the area of benefit wherein parcels will be assessed different amounts of annual assessments, the notice shall also advise each owner of this and of the zone in which his or her lot or parcel will be located.

SEC. 15. Section 26.3 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.3. Any owner of a lot or parcel of property proposed to be assessed annual assessments for the payment of the principal of, and interest on, the bonds may protest the proposed improvements, the extent of the area of benefit or any proposed zone of benefit, or the proposed maximum annual assessment against his or her lot or parcel

by filing a written protest with the clerk at or before the time set for the hearing.

Each protest shall contain a description of the lot or parcel in which each signer thereof has an ownership interest sufficient to identify the lot or parcel and, if the signers are not shown on the last equalized assessment roll as the owners of the lot or parcel, the protest shall contain or be accompanied by written evidence that the signers are the owners of the property.

The clerk shall endorse on each protest the date of its receipt and, at the time set for the hearing, shall present to the board of supervisors all protests filed with the clerk.

SEC. 16. Section 26.4 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.4. At the time of the hearing, the engineer's report shall be summarized, and the board of supervisors shall grant all persons who are present an opportunity to comment upon, object to, or present evidence with regard to, the proposed improvements, the proposed area of benefit and zones of benefit, the issuance and sale of the bonds, the proposed estimated maximum amount of annual assessment against any lot or parcel of property, or any other matter relating thereto.

At the conclusion of the hearing, the board of supervisors may confirm the report of the engineer or direct its modification in any respect, and thereafter confirm the report as modified. The board may change the boundaries of the area of benefit or any zone of benefit identified in the report to exclude lots and parcels of property identified which it determines will not derive special benefit from the proposed improvements, but may not change the boundaries of the area of benefit or any zone of benefit therein to include lots and parcels which are not listed in the report.

The hearing may be continued from time to time, but not to exceed a total of 180 days.

SEC. 17. Section 26.5 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.5. If the board of supervisors finds that written protests filed at or before the time of the hearing are signed by the owners of more than 25 percent of the area of land in the area of benefit or in any proposed zone of benefit therein, and protests are not withdrawn at the time of the hearing so as to reduce the percentage of protest for all proposed zones of benefit below that percentage, the board of supervisors shall abandon the proceedings.

SEC. 18. Section 26.6 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.6. If the board of supervisors abandons the proceedings, it shall not initiate similar proceedings within a period of 180 days from the date of adoption of the resolution ordering abandonment of the proceedings.

SEC. 19. Section 26.7 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.7. If, at the conclusion of the hearing, the board of supervisors determines that protests received for the area of benefit and for each of the proposed zones of benefit therein are below the percentage set forth in Section 26.5, the board may adopt a resolution confirming the engineer's report, and, ordering the improvements, or payment of the local share of the cost thereof, if the improvements are to be undertaken by the federal government or the state, or both, and the issuance of the bonds. The board shall also establish in this resolution the boundaries of the area of benefit and all zones of benefit therein by reference to the map or maps contained in the confirmed engineer's report.

SEC. 20. Section 26.8 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.8. The board of supervisors may authorize the issuance of bonds on the basis of competitive bids or negotiated sale. The board of supervisors shall establish a process of selecting bond counsel, including at least two proposing firms. If the bonds are to be sold on the basis of a negotiated sale, the board of supervisors shall establish a process for selecting underwriters, including at least five proposing underwriter firms, unless the board finds, four-fifths of its members concurring, that fewer than five underwriting firms are willing to submit proposals. If competitive bids are to be received, notice of the time and place of the receipt of bids shall be published in a financial journal of general circulation in the state as provided in Section 6066 of the Government Code. The bonds shall be issued and sold as provided in and be subject to Sections 13 and 14.

SEC. 21. Section 26.9 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.9. After the authorization and sale of bonds pursuant to Sections 26 to 26.8, inclusive, the board of supervisors shall levy an assessment each year upon the lots and parcels of property identified and listed in the engineer's report based upon the special benefit to be derived thereby from the improvements as specified therein in a total amount sufficient to pay interest on the bonds for that year and that portion of the principal thereof as is to become due before the time for making the next general tax levy. The board may also include in the total amount of the assessment levied in any year the estimated amount of the district's cost of levying and collecting the assessments, the cost of registration, transfer, and payment of the bonds, the expected amount of delinquency in payment of assessments, and the amount, if any, needed to replenish the reserve fund for the bonds as a result of past delinquencies in payment of assessments. However, the amount of the annual assessment on any lot or parcel in any year shall not exceed 110 percent of the estimated amount of the maximum annual assessment set forth in the engineer's report for the lot or parcel. The annual assessments shall be levied, collected, and become delinquent at the same time and in the same manner and have the same lien priority and bear the same penalties and interest after delinquency as the general tax levy for

county purposes.

When collected, the assessments collected shall be paid into the county treasury of the County of San Bernardino to the credit of the district, and be used for the payment of the principal of, and interest on, the bonds, the replenishment of the reserve fund for the bonds, and the district's expenses incurred in collecting the assessments, and for no other purpose. The principal of, and interest on, the bonds shall be paid by the county treasurer of the county in the manner provided by law for the payment of principal of, and interest on, bonds of the county, except that the board of supervisors may determine, in the resolution authorizing the issuance of the bonds, that the principal and interest shall be paid by a paying agent, other than the county treasurer, named therein.

SEC. 22. Section 26.10 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.10. The board of supervisors may include in the aggregate principal amount of the bonds an amount for a reserve fund for the payment of the principal of, and interest on, the bonds if, as a result of delinquencies in the payment of annual assessments levied on benefiting lots and parcels, there is a deficiency in the amount needed for the payment of principal and interest. The amount to be included for the reserve fund shall not exceed 15 percent of the total principal amount of the bonds. The reserve fund and all interest earned thereon shall be used solely for the payment of the principal of, and interest on, the bonds, if there is a deficiency and then only to the extent of the deficiency.

Notwithstanding any other provision of this section, for the purposes of ensuring that the bonds will not become arbitrage bonds as defined in the Internal Revenue Code of 1954 (Title 26 of the United States Code) and regulations adopted thereunder by the Department of the Treasury, and providing for a reduction of the amount of money in the special reserve fund during the term of the bonds, the board of supervisors may, by resolution adopted prior to the issuance of the bonds, provide that money in the reserve fund, including investment income, shall be transferred to the redemption fund for the bonds for advance retirement of the bonds.

The balance remaining in the reserve fund at the time of the levy of the annual assessments for the payment of the principal of, and interest on, the last series of the bonds shall be transferred to the redemption fund and taken into consideration by the board of supervisors in determining the aggregate amount of the annual assessments to be levied for the payment of the principal and interest. In lieu of establishing a reserve fund or in addition thereto, the board of supervisors may, in determining the amount of the assessments to be levied on lots and parcels benefiting from the improvements in any year, include in the assessments a proportionate share of any expected amount of delinquency in payment of assessments, or a proportionate share of the amount needed to replenish the reserve fund as a result of past delinquencies

in the payment of assessments.

Notwithstanding the preceding provisions of this section, if any amendment to the Internal Revenue Code of 1954 or the regulations of the Department of the Treasury thereunder require a different allocation or utilization of the amount of the reserve fund or the earnings thereon than is provided in this section, the board of supervisors shall order that action with regard to the reserve fund or the earnings thereon as is required by that code or regulations to avoid the interest on the bonds becoming taxable.

SEC. 23. Section 26.11 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.11. Sections 7 to 22, inclusive, and 26 to 26.10, inclusive, provide alternative authorization and proceedings for making improvements, or paying the local share of the cost thereof, and issuing bonds, and may be pursued by the board of supervisors in lieu of any other, similar proceedings which are authorized by this act.

SEC. 24. Section 26.12 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.12. The validity of any proceedings for the issuance of bonds conducted pursuant to Sections 7 to 22, inclusive, and Sections 26 to 26.10, inclusive, shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the adoption by the board of supervisors of a resolution or resolutions confirming, or modifying and confirming as modified, the engineer's report and authorizing the issuance of bonds. An appeal from a final judgment in the action or proceeding shall be perfected within 30 days after the entry of judgment. Bonds issued pursuant to Sections 7 to 22, inclusive, and Sections 26 to 26.10, inclusive, shall be conclusive evidence of the regularity of all proceedings leading up to the issuance of the bonds.

SEC. 25. Section 26.13 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.13. An action to determine the validity of bonds issued pursuant to Sections 7 to 22, inclusive, and Sections 26 to 26.10, inclusive, and of the annual assessments to be levied on lots and parcels which will derive special benefit from the improvements to be financed therewith to pay the principal of, and interest on, the bonds, or to determine the validity of assessments levied pursuant to Section 7, may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 26. Section 26.14 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.14. The board of supervisors shall, upon confirming the engineer's report and establishing the boundaries of the area of benefit pursuant to Section 7 or Section 26.7, record with the County Recorder of the County of San Bernardino a notice of the establishment of the area of benefit. The notice shall be captioned "Notice of Establishment of Area of Benefit for the _____ Project of the San Bernardino County Flood Control District," and shall

provide notice of the boundaries of the territory included in the area of benefit by reference to sections, townships, and ranges of the United States Government Survey of public lands, or a map or maps showing the boundaries which may be recorded with the notice. The notice shall further provide notice that all lots and parcels of land in the area of benefit are subject to the annual levy of assessments for the payment of the cost of the construction, maintenance, operation, extension, and repair of any works or improvements or the payment of the principal of, and interest on, bonds of the district sold to finance those improvements, or the local share of the cost thereof, and that the amount of annual assessment for any lot or parcel therein may be obtained from the chief engineer of the district. If the board of supervisors determines to provide notice of the boundaries of the territory included in the area of benefit by reference to the sections, townships, and ranges of the United States Government Survey, it need not specifically identify the boundaries, but shall by that reference generally identify the territory included therein. The notice shall be signed on behalf of the district by the chairperson of the board of supervisors or the chief engineer. The recording of the notice shall impart constructive notice of its contents to purchasers and mortgagees of property in the area of benefit.

SEC. 27. Section 26.15 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 26.15. The Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800) of the Streets and Highways Code) does not apply to assessments levied pursuant to Section 7 or Sections 26 to 26.10, inclusive.

SEC. 28. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 1056

An act to amend Sections 14672.15 and 15819.8 of, and to add Section 15819.21 to, the Government Code, and to amend Section 2048.7 of, and to add Section 1387.1 to, the Penal Code, to amend Sections 2.9 and 4 of Chapter 933 of the Statutes of 1985, and to amend Sections 6.5, 9, 10, and 13 of Chapter 1393 of the Statutes of 1986, relating to crime, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 14672.15 of the Government Code is amended to read:

14672.15. Notwithstanding Section 14670, the Director of General Services, with the consent of the Department of Corrections, upon such terms and conditions as the director deems in the best interests of the state and without any monetary consideration, may let to the City of Chino for a term not to exceed 25 years, for the purposes of developing and maintaining a public park, real property not to exceed 140 acres which belongs to the state and which is retained by the state primarily to provide a peripheral buffer area, or zone, between real property upon which is located the California Institution for Men and adjacent real property. The lease authorized by this section shall be nonassignable and shall be subject to periodic review after the fifth anniversary of the lease. Such review shall be made by the Director of General Services who shall ascertain whether the original purposes of the lease are being carried out. The lease provided for by this section may be renewed upon its expiration for a term not to exceed 20 years.

SEC. 2. Section 15819.8 of the Government Code is amended to read:

15819.8. At least 20 days prior to marketing bonds authorized by this chapter, the Department of Corrections shall notify the chairpersons of the fiscal committees in each house of the Legislature, the Chairpersons of the Assembly Committee on Public Safety and the Senate Judiciary Committee, the Chairperson and the Vice Chairperson of the Joint Legislative Budget Committee, and the Chairperson of the Joint Legislative Committee on Prison Construction and Operation of the general parameters of the proposed sale, including the size and terms of the issue, the anticipated debt service requirements, and any other significant factors affecting the sale. This paragraph does not apply to the marketing of bonds for lease-purchase financing of the California State Prison—Corcoran.

The Department of Corrections shall report to each of these persons on a quarterly basis following the sale of the bonds on the progress of any acquisition or construction financed by the sale and on the then current debt service requirements.

SEC. 3. Section 15819.21 is added to the Government Code, to read:

15819.21. (a) The necessary funding for the construction of the California State Prison-Madera County authorized by Section 6.5 of Chapter 1393 of the Statutes of 1986, as amended by the act in which this section was added, may be obtained through lease-purchase financing arrangements. The provisions of Sections 15819.1 to

15819.13, inclusive, and Section 15819.15 shall apply for that purpose provided that:

(1) "Prison facility" as used in Section 15819.1 includes the California State Prison-Madera County.

(2) Notwithstanding the monetary limitation imposed by Section 15819.3, the total amount of bonds which may be issued pursuant to this section for the California State Prison—Madera County shall not exceed the additional sum of two hundred twenty-five million dollars ($225,000,000).

(b) Notwithstanding Section 13340, funds derived from the lease-purchase financing methods for the California State Prison—Madera County deposited in the State Treasury, are hereby continuously appropriated to the State Public Works Board on behalf of the Department of Corrections for the purpose of acquiring and constructing or refinancing the prison facility so financed.

Funds appropriated by this section shall be available as necessary for site acquisition, site studies and suitability reports, environmental planning, architectural programming, schematics, preliminary plans, working drawings, construction, long-lead and equipment items.

The State Public Works Board may authorize the augmentation of the cost of the construction of the projects set forth in this section pursuant to the board's authority under Section 13332.11.

SEC. 3.5. Section 1387.1 is added to the Penal Code, to read:

1387.1. (a) Where an offense is a violent felony, as defined in Section 667.5 and the prosecution has had two prior dismissals, as defined in Section 1387, the people shall be permitted one additional opportunity to refile charges where either of the prior dismissals under Section 1387 were due solely to excusable neglect. In no case shall the additional refiling of charges provided under this section be permitted where the conduct of the prosecution amounted to bad faith.

(b) As used in this section, "excusable neglect" includes, but is not limited to, error on the part of the court, prosecution, law enforcement agency, or witnesses.

SEC. 4. Section 2048.7 of the Penal Code is amended to read:

2048.7. Notwithstanding any other provision of this part, any violation of this part by any person with intent to defeat or evade the determination of an amount due required by law to be made is guilty of a felony when the amount of tax liability aggregates twenty-five thousand dollars ($25,000) or more in any 12-consecutive-month period. The determination shall be approved by the administrator of the excise taxes or that person's supervisor. Each offense shall be punished by a fine of not less than five thousand dollars ($5,000) and not more than twenty thousand dollars ($20,000), or imprisonment for 16 months, two years, or three years, or both the fine and imprisonment in the discretion of the court.

SEC. 4. Section 40187 is added to the Revenue and Taxation Code, to read:

40187. Notwithstanding any other provision of this part, any violation of this part by any person with intent to defeat or evade the determination of an amount due required by law to be made is guilty of a felony when the amount of tax liability aggregates twenty-five thousand dollars ($25,000) or more in any 12-consecutive-month period. The determination shall be approved by the administrator of the excise taxes or that person's supervisor. Each offense shall be punished by a fine of not less than five thousand dollars ($5,000) and not more than twenty thousand dollars ($20,000), or imprisonment for 16 months, two years, or three years, or both the fine and imprisonment in the discretion of the court.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1065

An act to amend Sections 15003, 15100, and 15101 of, and to add Sections 15103, 15104, and 15105 to, the Fish and Game Code, relating to aquaculture.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 15003 of the Fish and Game Code is amended to read:

15003. (a) The department may assess a fee on persons growing aquaculture products on public lands and in public waters based on the price per pound of the products sold. The fees, if imposed, shall be set at amounts necessary to defray the costs of the commission and the department in administering this division. However, the fees if any, may not exceed the tax rates as provided in Section 8051.

(b) The price per pound for these taxation purposes shall be based on the whole product weight or its equivalent as taken by the lessee.

(c) The privilege tax imposed by this section shall be paid monthly to the department within 30 days after the close of each month. If not paid within 60 days after the close of the month in which it is due, a 10 percent penalty shall be paid.

SEC. 2. Section 15100 of the Fish and Game Code is amended to read:

15100. There is within the department an aquaculture coordinator who shall perform all of the following duties:

(a) Promote understanding of aquaculture among public agencies and the general public.

(b) Propose methods of reducing the negative impact of public regulation at all levels of government on the aquaculture industry.

(c) Provide information on all aspects of regulatory compliance to the various sectors of the aquaculture industry.

(d) Provide such advice to aquaculturists on project siting and facility design that may be needed to comply with regulatory requirements.

SEC. 3. Section 15101 of the Fish and Game Code is amended to read:

15101. The owner of each aquaculture facility shall register all of the following information with the department by March 1 of each year.

(a) The owner's name.

(b) The species grown.

(c) The location or locations of each operation or operations.

The department may provide registration forms for this purpose and may impose a registration fee of one hundred dollars ($100). It is unlawful to conduct aquaculture operations or to culture approved

species of aquatic plants and animals unless registered under this section.

SEC. 4. Section 15103 is added to the Fish and Game Code, to read:

15103. (a) In addition to the fees specified in Section 15101, a surcharge fee of one hundred fifty dollars ($150) shall be paid at the time of registration by the owner of an aquaculture facility if the gross annual sales of aquaculture products of the facility during the prior calendar year exceed twenty-five thousand dollars ($25,000).

(b) Each registered aquaculturist shall maintain sales and production records which shall be made available upon request of the department to assist the department in the administration of this chapter.

(c) Any person who fails to pay the surcharge fee required in this section at the time of registration shall be assessed a delinquency penalty in an amount equal to the fees prescribed in subdivision (a).

SEC. 5. Section 15104 is added to the Fish and Game Code, to read:

15104. (a) If any person engages in the business of aquaculture, as regulated under this division, without having paid the registration fee or surcharge fee within one calendar month of the commencement of business, or, for renewal of registration, on or before April 1 of the registration year, the fees are delinquent.

(b) A penalty shall be paid at the time of registration for any fees that are delinquent in the amount of twenty-five dollars ($25) plus 1 percent of the fees due for each month or portion thereof after the date the fees become delinquent.

SEC. 6. Section 15105 is added to the Fish and Game Code, to read:

15105. (a) Notwithstanding Section 13001 or 13002, all moneys collected by the department pursuant to this division shall be deposited in the Aquaculture Account, which is hereby created in the Fish and Game Preservation Fund.

(b) Notwithstanding Section 13004, the moneys in the account are available for appropriation by the Legislature in the annual Budget Act, after its yearly review of the funding requirements, for purposes of this division.

SEC. 7. In addition to the personnel positions authorized in the Budget Act of 1987, the department shall use moneys in the Aquaculture Account in the Fish and Game Preservation Fund, upon appropriation of funds therefor, to provide one additional personnel year for the purposes of providing an aquaculture coordinator to assist in the implementation of Division 12 (commencing with Section 15000) of the Fish and Game Code.

SEC. 8. The Legislature finds and declares that Division 12 (commencing with Section 15000) of the Fish and Game Code, relating to aquaculture, was enacted by Chapter 1486 of the Statutes of 1982 without providing adequate funding and staffing to the Department of Fish and Game for its administration and

implementation. It is the Legislature's intent, by enacting this act, to provide additional funding and staffing for this purpose. It is further the Legislature's intent that the fees levied under subdivision (a) of Section 15103 shall generate additional revenue in an amount not less than thirty-five thousand dollars ($35,000) annually.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1066

An act to amend Sections 11751.1 and 11751.3 of, and to add Sections 11751.35 and 11752.6 to, the Insurance Code, relating to insurance.

[Approved by Governor September 23, 1987 Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 11751.1 of the Insurance Code is amended to read:

11751.1. To obtain and retain a license, a rating organization shall provide satisfactory evidence to the commissioner that it will:

(a) Permit any insurer to become a member at a reasonable cost and without discrimination, or to withdraw therefrom.

(b) Neither have nor adopt any rule or exact any agreement, the effect of which would be to require any member as a condition of membership to adhere to rates, greater than the minimum adequate rates approved by the commissioner.

(c) Neither adopt any rule nor exact any agreement, the effect of which would be to prohibit or regulate the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders or members.

(d) Neither practice nor sanction any plan or act of boycott, coercion or intimidation.

(e) Neither enter into nor sanction any contract or act by which any person is restrained from lawfully engaging in the insurance business.

(f) Notify the commissioner promptly of every change in its constitution or articles of incorporation, agreement of association, or in its bylaws, rules and regulations governing the conduct of its business; its list of members; and the name and address of the resident of this state designated by it upon whom notices or orders of the commissioner or process affecting such organization may be

served.

(g) Agree that the commissioner or his or her representative may attend all meetings of the organization or any of its committees.

(h) Agree to permit two members of the public, one representing organized labor and one representing insured employers, to serve on the managing or governing committee of the organization as specified in Section 11751.35.

(i) Maintain reasonable records of the experience of its members and of the data, statistics or information collected or used in connection with the rates, classifications, rating plans, rating systems, manual rules, and policy and endorsement forms used by its members so that such records will be available at all reasonable times to enable the commissioner to determine whether the rating organization and its members comply with the provisions of this chapter applicable to them. Such records shall be maintained in an office within this state. The commissioner may prescribe a uniform system for the keeping of such records which shall be reasonably adapted to the rating organization and its members' method of operation and which shall be applicable to all rating organizations licensed under this article and their members.

SEC. 2. Section 11751.3 of the Insurance Code is amended to read:

11751.3. Subject to the approval of the commissioner, a rating organization licensed under this article may adopt any reasonable constitution, articles of incorporation or agreement of association, and may make reasonable rules for the regulation of its members and the conduct of its business by bylaws or otherwise. In a rating organization of which the State Compensation Insurance Fund is a member, it shall be entitled without election to membership on the managing or governing committee and on the classification and rating committee thereof. In addition, the commissioner shall appoint two public members to serve on the managing or governing committee of a rating organization.

SEC. 3. Section 11751.35 is added to the Insurance Code, to read:

11751.35. Two members of the public, one representing organized labor and one representing insured employers, shall be entitled to serve on the managing or governing committee of a rating organization licensed under this article. The public members shall be entitled to vote on all issues involving rates, classifications, rating plans, rating systems, manual rules and policy, and endorsement forms which are properly brought before the managing or governing committee. In the event one or more public members are unable or unwilling to complete their term, the commissioner shall appoint a successor from labor or an insured employer to complete the term.

SEC. 4. Section 11752.6 is added to the Insurance Code, to read:

11752.6. (a) A licensed rating organization shall make available to an employer insured under a workers' compensation policy, all policyholder information contained in its records upon request of the employer and after notice to the employer's insurer.

(b) As used in this section, "policyholder information" means all information relating to the employer's loss experience, claims, classification assignments, rates and policy contracts, and includes information relating to rating plans, rating systems, and manual rules which impact the policyholder's rates.

(c) If the licensed rating organization rejects an employer's request for that information, the rating organization shall notify the employer in writing as to the reasons for the rejection. An employer whose request for that information has been rejected in whole or in part may appeal to the commissioner in accordance with Section 11753.1. If the commissioner finds that the reasons for the rejection are not justified, he or she may order the rating organization to furnish that information to the employer.

(d) No licensed rating organization or member thereof, or member of a committee of a licensed rating organization when acting in its capacity as a member of the committee, or officer or employee of a licensed rating organization, when acting within the scope of his or her employment, shall be liable to any person for injury, personal or otherwise, or damages caused or alleged to have been caused, either directly or indirectly, by the disclosure of information to an employer pursuant to this section or for the accuracy or completeness of the information so disclosed.

(e) This section shall not be construed as implying the existence of liability in circumstances not defined in this section, nor does it imply a legislative recognition that, except for enactment of this section, a liability has existed or would exist in the circumstances stated in this section.

(f) This section shall not be construed as limiting any authority of a licensed rating organization to disclose information contained in its records to others.

CHAPTER 1067

An act to amend Section 2127 of the Streets and Highways Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 2127 of the Streets and Highways Code is amended to read:

2127. (a) (1) Except in the case of a city or county which has made an election pursuant to paragraph (2) or (3) of this subdivision, in order to receive any allocation pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985, the city or county, as the

case may be, shall expend for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year that it receives an allocation pursuant to Section 2126 or that Section 7 not less than its base year expenditure, excluding the allocation received pursuant to Section 2126 or that Section 7, or both, during the fiscal year.

(2) A city or county may elect to expend during the two fiscal years that it receives an allocation, a total amount which is not less than twice the amount of its base year expenditure.

(3) A city may elect to expend during the two fiscal years that it receives an allocation and the following fiscal year, a total amount which is not less than three times the amount of its base year expenditure. This paragraph shall apply only to the City of Westminster, the City of San Mateo, and the City of Seal Beach.

Any city or county making an election pursuant to paragraph (2) or (3) shall so notify the Controller by December 31, 1987, and a city or county which fails to do so shall be governed by paragraph (1) of this subdivision.

This subdivision does not apply to a city or a county, including a city which filed a notice with the Controller pursuant to subdivision (g), with a population of 10,000 or less, as most recently determined by the Department of Finance.

(b) The amount allocated to a city or a county, as the case may be, shall be expended by October 30, 1988.

(c) (1) For purposes of this section, "base year expenditure" means the amount that the city or county, as the case may be, expended for patching, overlay and sealing, and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151. Any city or county, with a population of 100,000 or less as of October 1, 1986, which filed a notice with the Controller pursuant to subdivision (g), may elect to have its "base year expenditure" determined on the basis of its 1983–84 fiscal year expenditures. A city or county making this election shall so notify the Controller by December 31, 1987, and the election shall not be available to a city or county which does not so notify the Controller.

(2) If the sum of the revenue received by a city or county during the fiscal year pursuant to Section 500 of Title 16, Section 104(b) (2) and (6) and Sections 125 and 144 of Title 23, and Chapter 68 (commencing with Section 5121) of Title 42 of the United States Code, and from the federal Community Block Grant Program, the federal Revenue Sharing Program, and transit assistance funds from the Transportation Planning and Development Account, which was expended for the maintenance and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151, is more than the sum of funds it received from those sources during any fiscal year, the base year expenditure of the city or county, as the case may be, for the fiscal year shall be reduced by the difference between the sums. For

purposes of this paragraph, "revenue received" means that percentage of the project expenditures or the maximum reimbursable amount of eligible project costs as agreed upon by the federal government and the local agency for those projects eligible under this paragraph.

(d) For each fiscal year during which an allocation was made pursuant to Section 2126 or that Section 7, or both, the Controller shall audit the amount each county and city expended for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year. For amounts allocated to cities and counties for expenditure by October 30, 1988, the audit shall be completed by October 30, 1990.

(e) (1) If the Controller determines pursuant to subdivision (d) that a county or city, for the fiscal year, expended for the maintenance and reconstruction of its local street and highway system less than the required amount determined pursuant to subdivision (a) or (b), its allocation pursuant to Section 2104 or 2107, as the case may be, shall be reduced during the next fiscal year by the amount that its expenditure is less than the required amount, but the amount of the reduction shall not exceed the amount allocated to the city or county in each fiscal year that the city or county received funds pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985.

(2) Paragraph (1) does not apply to a city or county during the fiscal year in which it returns to the Controller the allocation it received pursuant to Section 2126 or that Section 7, or both. The city or county shall return the allocation plus any accrued interest within 30 days after receipt of the allocation.

(f) Any funds withheld or returned as a result of subdivision (e) of this section shall be reallocated to the other counties and cities whose expenditure is not less than its required amount pursuant to subdivision (b) or (c) of Section 2126, as the case may be.

(g) In the case of a city or county which on or before October 1, 1986, files with the Controller a written notice declaring the inability of the city or county to comply with the matching requirement of subdivision (a), the Controller shall postpone the penalty provisions of paragraph (1) of subdivision (e) and shall not reallocate the funds, as provided for by subdivision (f), until September 1, 1987. The notice to the Controller shall contain all of the following:

(1) The amount of 1984–85 base year matching requirements as determined by the Controller's audit.

(2) The amount the local entity will fall short of the base year matching requirement.

(3) The reasons why the city or county is unable to meet the base year matching requirement.

(4) The amounts expended by the local entity on patching, overlay, sealing, and reconstruction of its street and highway system in fiscal years 1981–82, 1982–83, and 1983–84.

The Controller shall, by November 1, 1986, transmit to the

Chairpersons of the Senate and Assembly Transportation Committees and the Joint Legislative Budget Committee the information submitted by cities and counties in the written notices provided for in this subdivision.

SEC. 2. Due to the existence of circumstances unique to the Cities of Westminster, San Mateo, and Seal Beach, the Legislature finds that a general statute may not be made applicable within the meaning of Section 16 of Article IV of the California Constitution, and it is necessary, therefore, to limit the application of paragraph (3) of subdivision (a) of Section 2127 of the Streets and Highways Code, as proposed by Section 1 of this act, to those three named cities.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that counties and cities may receive the funds which would be made available to them by Section 2127 of the Streets and Highways Code and commence critically needed street and road repairs at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1068

An act to amend Sections 266j, 288, and 667.6 of, and to add Section 266k to, the Penal Code, relating to crimes.

[Approved by Governor September 23, 1987 Filed with Secretary of State September 24, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 266j of the Penal Code is amended to read:

266j. Any person who intentionally gives, transports, provides, or makes available, or who offers to give, transport, provide, or make available to another person, a child under the age of 16 for the purpose of any lewd or lascivious act as defined in Section 288, or who causes, induces, or persuades a child under the age of 16 to engage in such an act with another person, is guilty of a felony and shall be imprisoned in the state prison for a term of three, six, or eight years, and by a fine not to exceed fifteen thousand dollars ($15,000).

SEC. 2. Section 266k is added to the Penal Code, to read:

266k. (a) Upon the conviction of any person for a violation of Section 266h, 266i, or 266j, the court may, in addition to any other penalty or fine imposed, order the defendant to pay an additional fine not to exceed five thousand dollars ($5,000). In setting the amount of the fine, the court shall consider any relevant factors including, but not limited to, the seriousness and gravity of the offense and the circumstances of its commission, whether the

defendant derived any economic gain as the result of the crime, and the extent to which the victim suffered losses as a result of the crime. Every fine imposed and collected under this section shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs under Section 13837.

(b) If the court orders a fine to be imposed pursuant to this section, the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

SEC. 3. Section 288 of the Penal Code is amended to read:

288. (a) Any person who shall willfully and lewdly commit any lewd or lascivious act including any of the acts constituting other crimes provided for in Part 1 of this code upon or with the body, or any part or member thereof, of a child under the age of 14 years, with the intent of arousing, appealing to, or gratifying the lust or passions or sexual desires of such person or of such child, shall be guilty of a felony and shall be imprisoned in the state prison for a term of three, six, or eight years.

(b) Any person who commits an act described in subdivision (a) by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, shall be guilty of a felony and shall be imprisoned in the state prison for a term of three, six or eight years.

(c) In any arrest or prosecution under this section the peace officer, the district attorney, and the court shall consider the needs of the child victim and shall do whatever is necessary and constitutionally permissible to prevent psychological harm to the child victim.

(d) Upon the conviction of any person for a violation of subdivision (a) or (b), the court may, in addition to any other penalty or fine imposed, order the defendant to pay an additional fine not to exceed five thousand dollars ($5,000). In setting the amount of the fine, the court shall consider any relevant factors including, but not limited to, the seriousness and gravity of the offense, and the circumstances of its commission, whether the defendant derived any economic gain as a result of the crime, and the extent to which the victim suffered economic losses as a result of the crime. Every fine imposed and collected under this section shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs pursuant to Section 13837.

If the court orders a fine to be imposed pursuant to this subdivision, the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

SEC. 4. Section 667.6 of the Penal Code is amended to read:

667.6. (a) Any person who is found guilty of violating subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person who has been convicted previously of any of those offenses shall receive a five-year enhancement for each of those prior convictions provided that no enhancement shall be imposed under this subdivision for any conviction occurring prior to a period of 10 years in which the person remained free of both prison custody and the commission of an offense which results in a felony conviction. In addition to the five-year enhancement imposed under this subdivision, the court may also impose a fine not to exceed twenty thousand dollars ($20,000) for anyone sentenced under these provisions. The fine imposed and collected pursuant to this subdivision shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs established pursuant to Section 13837.

(b) Any person convicted of an offense specified in subdivision (a) who has served two or more prior prison terms as defined in Section 667.5 for any offense specified in subdivision (a), shall receive a 10-year enhancement for each of those prior terms provided that no additional enhancement shall be imposed under this subdivision for any prison term served prior to a period of 10 years in which the person remained free of both prison custody and the commission of an offense which results in a felony conviction. In addition to the 10-year enhancement imposed under this subdivision, the court may also impose a fine not to exceed twenty thousand dollars ($20,000) for any person sentenced under this subdivision. The fine imposed and collected pursuant to this subdivision shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs established pursuant to Section 13837.

(c) In lieu of the term provided in Section 1170.1, a full, separate, and consecutive term may be imposed for each violation of subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person whether or not the crimes were committed during a single transaction. If the term is imposed consecutively pursuant to this subdivision, it shall be served consecutively to any other term of imprisonment, and shall commence from the time the person would otherwise have been released from imprisonment. The term shall not be included in any determination pursuant to Section 1170.1. Any other term imposed

subsequent to that term shall not be merged therein but shall commence at the time the person would otherwise have been released from prison.

(d) A full, separate, and consecutive term shall be served for each violation of subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person if the crimes involve separate victims or involve the same victim on separate occasions.

In determining whether crimes against a single victim were committed on separate occasions under this subdivision, the court shall consider whether, between the commission of one sex crime and another, the defendant had a reasonable opportunity to reflect upon his or her actions and nevertheless resumed sexually assaultive behavior. Neither the duration of time between crimes, nor whether or not the defendant lost or abandoned his or her opportunity to attack, shall be, in and of itself, determinative on the issue of whether the crimes in question occurred on separate occasions.

The term shall be served consecutively to any other term of imprisonment, and shall commence from the time the person would otherwise have been released from imprisonment. The term shall not be included in any determination pursuant to Section 1170.1. Any other term imposed subsequent to that term shall not be merged therein but shall commence at the time the person would otherwise have been released from prison.

(e) If the court orders a fine to be imposed pursuant to subdivision (a) or (b), the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1069

An act to amend Sections 1520, 1520.3, 1550, 1569.10, 1569.15, 1569.16, 1569.50, 1596.851, 1596.853, 1596.86, 1596.885, 1596.95, and 1597.54 of, and to add Section 1596.83 to, the Health and Safety Code, relating to social services.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1520 of the Health and Safety Code is amended to read:

1520. Any person desiring issuance or renewal of a license for a community care facility or a special permit for specialized services under this chapter shall file with the department, pursuant to regulations, an application on forms furnished by the department, which shall include, but not be limited to:

(a) Evidence satisfactory to the department of the ability of the applicant to comply with this chapter and of rules and regulations promulgated under this chapter by the department. 3496. In any of the following described cases, the court may award costs, including the costs of investigation and discovery, and reasonable attorneys' fees, which are not compensated for pursuant to some other provision of law, to the prevailing party:

(a) In any case in which a governmental agency seeks to enjoin the sale, distribution, or public exhibition, for commercial consideration, of obscene matter, as defined in Section 311 of the Penal Code.

(b) In any case in which a governmental agency seeks to enjoin the use of a building or place for the purpose of illegal gambling,

lewdness, assignation, or prostitution; or any case in which a governmental agency seeks to enjoin acts of illegal gambling, lewdness, assignation, or prostitution in or upon a building or place, as authorized in Article 2 (commencing with Section 11225) of Chapter 3 of Title 1 of Part 4 of the Penal Code.

(c) In any case in which a governmental agency seeks to enjoin the use of a building or place, or seeks to enjoin in or upon any building or place the unlawful sale, manufacture, service, storage, or keeping or giving away of any controlled substance, as authorized in Article 3 (commencing with Section 11570) of Chapter 10 of Division 10 of the Health and Safety Code.

SEC. 2. Section 11571 of the Health and Safety Code is amended to read:

11571. Whenever there is reason to believe that such a nuisance is kept, maintained or exists in any county, the district attorney of the county, in the name of the people, may, or the city attorney of any incorporated city, or any citizen of the state resident in the county, in his or her own name, may, maintain an action to abate and prevent the nuisance and perpetually to enjoin the person conducting or maintaining it, and the owner, lessee, or agent of the building or place, in or upon which the nuisance exists, from directly or indirectly maintaining or permitting the nuisance.

SEC. 3. Section 11572 of the Health and Safety Code is amended to read:

11572. Unless filed by the district attorney, or the city attorney of an incorporated city, the complaint in the action shall be verified.

SEC. 4. Section 11581 of the Health and Safety Code is amended to read:

11581. (a) If the existence of the nuisance is established in the action, an order of abatement shall be entered as a part of the judgment, which order shall direct the removal from the building or place of all fixtures, musical instruments, and other movable property used in conducting, maintaining, aiding, or abetting the nuisance and shall direct their sale in the manner provided for the sale of chattels under execution.

(b) The order shall provide for the effectual closing of the building or place against its use for any purpose, and for keeping it closed for a period of one year. This subdivision is intended to give priority to closure. Any alternative to closure may be considered only as provided in this section.

In addition, the court may assess a civil penalty not to exceed twenty-five thousand dollars ($25,000) against any or all of the defendants, based upon the severity of the nuisance and its duration.

(c) (1) If the court finds that any vacancy resulting from closure of the building or place may create a nuisance or that closure is

otherwise harmful to the community, in lieu of ordering the building or place closed, the court may order the person who is responsible for the existence of the nuisance, or the person who knowingly permits controlled substances to be unlawfully sold, served, stored, kept, or given away in or from a building or place he or she owns, to pay damages in an amount equal to the fair market rental value of the building or place for one year to the city or county in whose jurisdiction the nuisance is located for the purpose of carrying out their drug prevention and education programs. If awarded to a city, eligible programs may include those developed as a result of cooperative programs among schools, community agencies, and the local law enforcement agency. If awarded to a county, funds shall be used for those programs that are part of the drug program plan, as specified in Section 11983.2. These funds shall not be used to supplant existing city, county, state, or federal resources used for drug prevention and education programs.

(2) For purposes of this subdivision, the actual amount of rent being received for the rental of the building or place, or the existence of any vacancy therein, may be considered, but shall not be the sole determinant of the fair market rental value. Expert testimony may be used to determine the fair market rental value.

SEC. 5. Section 11201 of the Penal Code is amended to read:

11201. Whenever there is reason to believe that a nuisance as defined in this article is kept, maintained or exists in any county, the district attorney, in the name of the people of the State of California, shall, or the city attorney of an incorporated city, or any citizen of the state resident within the county, in his or her own name may, maintain an action in equity to abate and prevent the nuisance and to perpetually enjoin the person or persons conducting or maintaining it, and the owner, lessee or agent of the building, or place, in or upon which the nuisance exists, from directly or indirectly maintaining or permitting it.

The complaint in the action shall be verified unless filed by the district attorney.

SEC. 6. Section 11226 of the Penal Code is amended to read:

11226. Whenever there is reason to believe that a nuisance as defined in this article is kept, maintained or is in existence in any county, the district attorney, in the name of the people of the State of California, shall, or the city attorney of an incorporated city, or any citizen of the state resident within the county, in his or her own name may, maintain an action in equity to abate and prevent the nuisance and to perpetually enjoin the person conducting or maintaining it, and the owner, lessee or agent of the building, or place, in or upon which the nuisance exists, from directly or indirectly maintaining or permitting it.

An act to amend Section 1717 of the Civil Code, and to amend Sections 488.080, 581, 685.095, 699.080, 706.108, 715.040, 998, 1033.5, and 1985.3 of, and to add Section 1281.7 to, the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1717 of the Civil Code is amended to read:

1717. (a) In any action on a contract, where the contract specifically provides that attorney's fees and costs, which are incurred to enforce that contract, shall be awarded either to one of the parties or to the prevailing party, then the party who is determined to be the party prevailing on the contract, whether he or she is the party specified in the contract or not, shall be entitled to reasonable attorney's fees in addition to other costs.

Where a contract provides for attorney's fees, as set forth above, that provision shall be construed as applying to the entire contract, unless each party was represented by counsel in the negotiation and execution of the contract, and the fact of that representation is specified in the contract.

Reasonable attorney's fees shall be fixed by the court, and shall be an element of the costs of suit.

Attorney's fees provided for by this section shall not be subject to waiver by the parties to any contract which is entered into after the effective date of this section. Any provision in any such contract which provides for a waiver of attorney's fees is void.

The court may also determine that there is no party prevailing on the contract for purposes of this section.

(2) Where an action has been voluntarily dismissed or dismissed pursuant to a settlement of the case, there shall be no prevailing party for purposes of this section.

Where the defendant alleges in his or her answer that he or she

tendered to the plaintiff the full amount to which he or she was entitled, and thereupon deposits in court for the plaintiff, the amount so tendered, and the allegation is found to be true, then the defendant is deemed to be a party prevailing on the contract within the meaning of this section.

Where a deposit has been made pursuant to this section, the court shall, on the application of any party to the action, order the deposit to be invested in an insured, interest-bearing account. Interest on the amount shall be allocated to the parties in the same proportion as the original funds are allocated.

(c) In an action which seeks relief in addition to that based on a contract, if the party prevailing on the contract has damages awarded against it on causes of action not on the contract, the amounts awarded to the party prevailing on the contract under this section shall be deducted from any damages awarded in favor of the party who did not prevail on the contract. If the amount awarded under this section exceeds the amount of damages awarded the party not prevailing on the contract, the net amount shall be awarded the party prevailing on the contract and judgment may be entered in favor of the party prevailing on the contract for that net amount.

If the registered process server does not comply with subdivisions (b) and (d), the levy is ineffective and the levying officer is not required to perform any duties under the writ and may issue a release for any property sought to be attached. The levying officer is not liable for actions taken in conformance with the provisions of this title in reliance on information provided to the levying officer under subdivision (d) except to the extent that the levying officer has actual knowledge that the information is incorrect. Nothing in this subdivision limits any liability the plaintiff or registered process server may have if the levying officer acts on the basis of incorrect information provided under subdivision (d).

(f) The fee for services of a registered process server under this section shall be allowed as a recoverable cost pursuant to Section 1033.5.

(2) "Consumer" means any individual, partnership of five or fewer persons, association, or trust which has transacted business

with, or has used the services of, the witness or for whom the witness has acted as agent or fiduciary.

(3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding pursuant to this code, but shall not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to the provisions of Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(b) The date specified in a subpoena duces tecum for the production of personal records shall not be less than 15 days from the date the subpoena is issued. Prior to the date called for in the subpoena duces tecum for the production of personal records, the subpoenaing party shall serve or cause to be served on the consumer whose records are being sought a copy of the subpoena duces tecum, of the affidavit supporting the issuance of the subpoena, and of the notice described in subdivision (e). This service shall be made as follows:

(1) To the consumer personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. (2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(3) At least five days prior to service upon the custodian of the records, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall do either of the following:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the consumer or by his or her attorney of record. The witness may presume that any attorney purporting to sign the authorization on behalf of the consumer acted with the consent of the consumer.

(d) A subpoena duces tecum for the production of personal records shall be served in sufficient time to allow the witness a reasonable time to locate and produce the records or copies thereof.

Except as to records subpoenaed for a criminal proceeding or

records subpoenaed during trial, a subpoena duces tecum served upon a witness with records in more than one location shall be served no less than 10 days prior to the date specified for production, unless good cause is shown pursuant to subdivision (h).

(e) Every copy of the subpoena duces tecum and affidavit served on a consumer or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) records about the consumer are being sought from the witness named on the subpoena; (2) if the consumer objects to the witness furnishing the records to the party seeking the records, the consumer must file papers with the court prior to the date specified for production on the subpoena; and (3) if the party who is seeking the records will not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the consumer's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) A subpoena duces tecum for personal records maintained by a telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, shall not be valid or effective unless it includes a consent to release, signed by the consumer whose records are requested, as required by Section 2891 of the Public Utilities Code.

(g) Any consumer whose personal records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness prior to production. No witness shall be required to produce personal records after receipt of notice that such a motion has been brought, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and consumers affected.

(h) Upon good cause shown and provided that the rights of witnesses and consumers are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(i) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular consumer or consumers and which requires a custodian of records to delete all information which would in any way identify any consumer whose records are to be produced.

(j) The provisions of this section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

the witness to refuse to produce the personal records sought by a subpoena duces tecum.

CHAPTER 1081

An act to amend Section 1305 of the Penal Code, relating to bail, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1305 of the Penal Code is amended to read:

1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his or her presence in court is lawfully required, or to surrender himself or herself in execution of the judgment, the court must direct the fact to be entered upon its minutes, and, unless within 15 court days from arraignment no complaint has been filed or the charges have been dismissed, the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds two hundred dollars ($200), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of bond, and shall execute a certificate of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond.

But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant appears, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall, under terms as may be just and that are equal with respect to all forms of pretrial release, direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately. The court may order the bail reinstated and the defendant released again on the same bond after notice to the bail, provided that the bail has not surrendered the defendant. If at any

time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall under terms as may be just direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately.

If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall, under terms as may be just and that are equal with respect to all forms of pretrial release, direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days.

Unless waived by the district attorney or other prosecuting attorney, no order discharging the forfeiture of the undertaking or deposit shall be made without notice by the bail to the district attorney or prosecuting attorney, who may request a hearing within 10 days after receipt of the notice. The court shall then set the date, time, and place of hearing and give notice to the district attorney or prosecuting attorney and to the bail.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other occasion when his or her presence in court is lawfully required, or to surrender himself or herself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for his or her neglect to appear or surrender himself or herself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to avoid unnecessary expense in connection with bail procedures it is necessary for this act to go into immediate effect.

CHAPTER 1082

An act to amend Sections 76000, 76001, 76005, and 76006 of the Government Code, relating to justice facilities.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 76000 of the Government Code, as amended by Chapter 300 of the Statutes of 1987, is amended to read:

76000. (a) In each county, provided that the board of supervisors has adopted a resolution stating that the provisions of this section and Section 76001, 76002, 76004, 76005, 76006, or 76008 are necessary to the establishment of adequate facilities in the county, the following surcharges and assessments shall be collected, except that a resolution adopted pursuant to Section 76004 may limit the collection to the assessments specified in paragraph (2) or paragraph (3), as applicable, and a resolution adopted pursuant to Section 76005 or 76008 shall limit the collection to the assessments specified in paragraph (2):

(1) With respect to each fund established, for every parking offense where a fine or forfeiture is imposed, a surcharge of one dollar and fifty cents ($1.50) shall be included in the fine or forfeiture.

The judges of the county shall increase the bail schedule amounts as appropriate to reflect the surcharge provided for by this subdivision.

In those cities, districts, or other issuing agencies which elect to receive, deposit, accept forfeitures, and otherwise process the posting of bail for parking violations pursuant to subdivision (3) of Section 1463 of the Penal Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the surcharge provided for by this paragraph.

CHAPTER 1083

An act to amend Section 36503.5 of the Government Code, and to add Section 5011 to the Education Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 5011 is added to the Education Code, to read:

5011. Nothwithstanding paragraph (2) of subdivision (b) of Section 5010.7, the Board of Supervisors for Mendocino and Marin Counties may waive the requirement of paragraph (1) of subdivision (b) of Section 5010.7 for the Sonoma County Junior College District on a one-time basis in order to allow the consolidation of the election for its governing board members scheduled to be held in November 1987, with the general election scheduled for November 1988, in Mendocino and Marin Counties.

SEC. 2. Section 36503.5 of the Government Code is amended to read:

36503.5. (a) (1) A city council may enact an ordinance requiring its general municipal election to be held on the same day as the statewide direct primary election, the day of the statewide general election, or on the day of school district elections, as set forth in Section 2602 of the Elections Code. Any ordinance adopted pursuant to this subdivision shall become operative upon the approval of the board of supervisors. An ordinance shall be approved by the board of supervisors unless the ballot style, voting equipment, or computer capability is such that additional elections or materials cannot be

handled. Prior to adoption of a resolution to either approve or deny a consolidation request, the board or boards of supervisors shall each obtain from the elections official a report on the cost effectiveness of the proposed action.

(2) A city, by itself or in concert with other cities, may purchase or otherwise contribute to the purchase of elections equipment, including, but not limited to, a computer for the purposes of conducting a consolidated election when the equipment shall be owned by the county.

(b) As the result of the adoption of an ordinance pursuant to this section, no term of office shall be increased or decreased by more than 12 months. As used in this subdivision, "12 months" means the period between the day upon which the term of office would otherwise have commenced and the first Tuesday after the second Monday in the 12th month before or after that day, inclusive.

(c) If an election is held pursuant to subdivision (a), and the election is consolidated with another election, Part 2.5 (commencing with Section 23300) of Division 14, except Section 23302, of the Elections Code shall govern the consolidation, and, if the county clerk is requested to conduct the municipal election, Section 22003 of the Elections Code shall be applicable to that election.

(d) If, pursuant to subdivision (a), a general municipal election is held on the same day as a statewide election, those city officers whose terms of office would have, prior to the adoption of the ordinance, expired on the Tuesday succeeding the second Tuesday in April of an even-numbered year, shall, instead, continue in their offices until no later than the fourth Tuesday after the day of the general municipal election, and until their successors are elected and qualified.

(e) Within 30 days after the ordinance becomes operative pursuant to subdivision (a), the city clerk shall cause a notice to be mailed to all registered voters informing the voters of the change in the election date. The notice shall also inform the voters that as a result in the change in the election date, elected city officeholders' terms in office will be changed.

(f) If a city adopts an ordinance pursuant to subdivision (a), the municipal election following the adoption of the ordinance and each municipal election thereafter shall be conducted on the date specified by the city council, in accordance with subdivision (a), unless the ordinance in question is later repealed by the city council.

(g) If the date of a general municipal election is changed pursuant to this section, at least one election shall be held before the ordinance, as approved by the board of supervisors, may be subsequently repealed or amended.

SEC. 3. Due to unique circumstances concerning the Sonoma County Junior College District, which has territory in Mendocino and Marin Counties, as well as in Sonoma County, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California

Constitution for purposes of Section 1 of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to consolidate the election of the Governing Board of the Sonoma County Junior College District scheduled for November 1987, with the general election in the affected counties, to permit cities and school districts that consolidated their elections pursuant to previous provisions of Section 36503.5 of the Government Code to hold elections scheduled for November 1987, and in order for revisions of existing law pertaining to voter registration to become effective at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1084

An act to amend Section 9315 of the Welfare and Institutions Code, relating to seniors.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 9315 of the Welfare and Institutions Code is amended to read:

9315. (a) The department shall implement by July 1, 1985, a new intrastate funding formula in accordance with all federal regulations. This formula shall apply to all federal and state funds allocated for programs provided for under Title III of the federal Older Americans Act (42 U.S.C. Sec. 3021, et seq.).

The intrastate funding formula shall include all of the following:

(1) Assurances that all area agencies on aging shall have a fifty thousand dollar ($50,000) administrative base with the remainder of the allowable administrative dollars allocated to planning and service area on the basis of number of persons over the age of 60 years.

Area agencies on aging shall use no state funds for administrative purposes.

(2) Where data is available, an annual adjustment for changes in population characteristics to include the number of persons per planning and service area over the age of 60 years and persons in greatest economic or social need as measured by all of the following variables:

(A) Number of persons over the age of 65 years receiving aid under the State Supplementary Program, provided for under Chapter 3 (commencing with Section 12000) of Part 3 of Division 9.

(B) Number of persons over the age of 75 years.

(C) Number of minority elderly over the age of 60 years.

(D) Number of persons over the age of 60 years living alone.

(E) Number of non-English-speaking persons over the age of 60 years.

The weight given to each variable shall simulate the weighting used in the Washington State intrastate funding formula adjusting for the geographic factor.

(3) A rural factor which guarantees a 105 percent allocation to rural planning and service areas.

(4) A hold-harmless factor which guarantees that no planning and service area shall have its federal and state allocation of funds under Title III of the federal Older Americans Act (42 U.S.C., Sec. 3021, et seq.), excluding area agency on aging administrative costs and funds carried over from the 1983–84 fiscal year, reduced below the 1984–85 fiscal year funding levels.

(b) In the event that additional federal or state funds, in excess of those appropriated under the 1984–85 Budget Act, or subsequent Budget Acts are made available for services, these funds shall be used to maintain existing service levels, with the remainder to be distributed to those planning and service areas which have been determined by the department to be underequity until parity is achieved.

(c) One-time-only funds shall be used for one-time-only purposes, including:

(1) The purchase of capital equipment which enhances the delivery of services to those seniors identified as being in greatest social or economic need as determined by the local planning process.

(2) Home and community based long-term care projects which encourage families to maintain their elderly members in the home environment.

(3) Innovative pilot projects, as determined by the department.

Preference shall be given to those planning service areas which have been determined by the Department of Aging to be underequity as defined in subdivision (b).

The department shall report annually, commencing December 1, 1988, to the Assembly Committee on Aging and Long Term Care and the Senate Subcommittee on Aging regarding the allocation of one-time-only funds in accordance with the provisions of this subdivision.

(d) The department shall develop, in conjunction with the intrastate funding formula, a methodology for assuring compliance with the state targeting strategy on an intraplanning and service area basis. In developing this methodology the department shall provide assurances that as additional federal and state service dollars are allocated to the planning and service areas these dollars will be expended on those elderly persons identified as in greatest economic or social need.

(e) For purposes of this section, "one-time-only funds" means the

combination of unspent funds which were budgeted to an area agency on aging and unearned funds resulting from audit resolutions.

CHAPTER 1085

An act to add Section 66456.2 to the Government Code, relating to subdivisions.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 66456.2 is added to the Government Code, to read:

66456.2. (a) An improvement plan being processed in conjunction with either an approved tentative, parcel, or final map shall be acted on within 60 working days of its submittal, except that at least 15 working days shall be provided for processing any resubmitted improvement plan. The 60 working day period shall not include any days during which the improvement plan has been returned to the applicant for correction, has been subject to review by other than the local agency or, following that review, has been returned to the applicant for correction.

(b) The time limits specified in this section for acting on improvement plans may be extended by mutual consent of the subdivider and the advisory agency or legislative body required to act. However, no advisory agency or legislative body may require a routine waiver of time limits as a condition of accepting the improvement plan. A routine waiver may be obtained for the purpose of permitting concurrent processing of other requirements related to the improvement plan or map.

(c) If, at the time of submittal or resubmittal, the local agency or designee determines it is unable to meet the time limits of this section, the local agency or designee shall, upon request of the subdivider and for purposes of meeting the time limits, contract or employ a private entity or persons on a temporary basis to perform services necessary to permit the agency or designee to meet the time limits. However, a local agency or designee need not enter into a contract or employ those persons if it determines either of the following:

(1) No entities or persons are available or qualified to perform the services.

(2) The local agency or designee would be able to perform services in a more rapid fashion by modifying its own work schedule than would any available and qualified persons or entities.

A local agency may charge the subdivider fees in an amount

necessary to defray costs directly attributable to employing or contracting with entities or persons performing services pursuant to this section.

(d) "Improvement plan" means the plan for public improvement as described in Sections 66418 and 66419.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because self-financing authority is provided in Section 66451.2 of the Government Code to cover any costs that may be incurred in carrying on any program or performing any service required to be carried on or performed by this act.

CHAPTER 1086

SECTION 1. Section 4607 of the Civil Code is amended to read:

4607. (a) In any proceeding where there is at issue the custody of or visitation with a minor child, and where it appears on the face of the petition or other application for an order or modification of an order for the custody or visitation of a child or children that either or both such issues are contested, as provided in Section 4600, 4600.1 or 4601, the matter shall be set for mediation of the contested issues prior to or concurrent with the setting of the matter for hearing. Upon the adoption of a resolution by the board of supervisors authorizing the procedure, a petition also may be filed pursuant to this section for the mediation of a dispute relating to any existing order for custody or visitation; the mediation of a dispute concerning an existing order shall be set not later than 60 days after the filing of the petition. The purpose of the mediation proceeding shall be to reduce acrimony which may exist between the parties and to develop an agreement assuring the child or children's close and continuing contact with both parents. The mediator shall use his or her best efforts to effect a settlement of the custody or visitation dispute.

(b) Each superior court shall make available a mediator. The mediator may be a member of the professional staff of a family conciliation court, probation department, or mental health services agency, or may be any other person or agency designated by the court. In order to provide mediation services, the court shall not be required to institute a family conciliation court. The mediator shall

meet the minimum qualifications required of a counselor of conciliation as provided in Section 1745 of the Code of Civil Procedure.

(c) Mediation proceedings shall be held in private and shall be confidential, and all communications, verbal or written, from the parties to the mediator made in a proceeding pursuant to this section shall be deemed to be official information within the meaning of Section 1040 of the Evidence Code.

(d) The mediator shall have the authority to exclude counsel from participation in the mediation proceedings where, in the discretion of the mediator, exclusion of counsel is deemed by the mediator to be appropriate or necessary. The mediator shall have the duty to assess the needs and interests of the child or children involved in the controversy and shall be entitled to interview the child or children when the mediator deems the interview appropriate or necessary.

(e) The mediator may, consistent with local court rules, render a recommendation to the court as to the custody or visitation of the child or children. The mediator may, in cases where the parties have not reached agreement as a result of the mediation proceeding, recommend to the court that an investigation be conducted pursuant to Section 4602, or that other action be taken to assist the parties to effect a resolution of the controversy prior to any hearing on the issues. The mediator may, in appropriate cases, recommend that mutual restraining orders be issued, pending determination of the controversy, to protect the well-being of the children involved in the controversy. Any agreement reached by the parties as a result of mediation shall be reported to the court and to counsel for the parties by the mediator on the day set for mediation or any time thereafter designated by the court.

(f) Nothing in this section shall prohibit the mediator from recommending to the court that counsel be appointed pursuant to Section 4606 to represent the minor child or children. In making any recommendation, the mediator shall inform the court of the reasons why it would be in the best interests of the minor child or children to have counsel appointed.

SEC. 2. Section 4801 of the Civil Code is amended to read:

4801. (a) In any judgment decreeing the dissolution of a marriage or a legal separation of the parties, the court may order a party to pay for the support of the other party any amount, and for any period of time, as the court may deem just and reasonable. In making the award, the court shall consider all of the following circumstances of the respective parties:

(1) The earning capacity of each spouse, taking into account the following:

(A) The marketable skills of the supported spouse; the job market for those skills; the time and expenses required for the supported spouse to acquire the appropriate education or training to develop those skills; and the possible need for retraining or education to acquire other, more marketable skills or employment.

(B) The extent to which the supported spouse's present or future earning capacity is impaired by periods of unemployment that were incurred during the marriage to permit the supported spouse to devote time to domestic duties.

(C) The extent to which the supported spouse contributed to the attainment of an education, training, a career position, or a license by the other spouse.

(2) The needs of each party.

(3) The obligations and assets, including the separate property, of each.

(4) The duration of the marriage.

(5) The ability of the supported spouse to engage in gainful employment without interfering with the interests of dependent children in the custody of the spouse.

(6) The age or health of the parties.

(7) The standard of living of the parties.

(8) Any other factors which it deems just and equitable.

At the request of either party, the court shall make appropriate factual determinations with respect to the circumstances. The court may order the party required to make the payment of support to give reasonable security therefor. Any order for support of the other party may be modified or revoked as the court may deem necessary, except as to any amount that may have accrued prior to the date of the filing of the notice of motion or order to show cause to modify or revoke. Any order for spousal support may be made retroactive to the date of filing of the notice of motion or order to show cause therefor, or to any subsequent date. At the request of either party, the order of modification or revocation shall include a statement of decision and may be made retroactive to the date of filing of the notice of motion or order to show cause therefor, or to any subsequent date.

(b) Except as otherwise agreed by the parties in writing, the obligation of any party under any order or judgment for the support and maintenance of the other party shall terminate upon the death of either party or the remarriage of the other party.

(c) When a court orders a person to make specified payments for support of the other party for a contingent period of time, the liability of the person terminates upon the happening of the contingency. If the party to whom payments are to be made fails to notify the person ordered to make the payments, or the attorney of record of the person so ordered, of the happening of the contingency and continues to accept support payments, the supported party shall refund any and all moneys received which accrued after the happening of the contingency, except that the overpayments shall first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the party to whom payments are to be made to notify the person ordered to make the payments, or his or her attorney of record, of the happening of the contingency.

(d) An order for payment of an allowance for the support of one of the parties shall terminate at the end of the period specified in the order and shall not be extended unless the court in its original order retains jurisdiction. Except upon written agreement of the parties to the contrary or a court order terminating spousal support, the court retains jurisdiction indefinitely where the marriage has been of long duration.

For purposes of retaining jurisdiction, there is a presumption affecting the burden of providing evidence, that a marriage of 10 years or more, from the date of marriage to the date of separation, is a marriage of long duration. However, the court may consider periods of separation during the marriage in determining whether the marriage is in fact of long duration. Nothing in this section precludes a court from determining that a marriage of less than 10 years is a marriage of long duration. Nothing in this section limits the court's discretion to terminate spousal support in subsequent proceedings upon a showing of changed circumstances.

The amendments to this subdivision enacted at the 1987 portion of the 1987–88 Regular Session apply in those proceedings pending on January 1, 1988, in which the court has not entered a permanent spousal support order or in which the court order is subject to modification and to any case filed on or after January 1, 1988.

(e) In any proceeding under this section the court may order a party to submit to an examination by a vocational training consultant. The order may be made only on motion, for good cause shown, and upon notice to the party to be examined and to all parties, and shall specify the time, place, manner, conditions, scope of the examination, and the person or persons by whom it is to be made. The party refusing to comply with such an order shall be subject to the same consequences provided for failure to comply with an examination ordered pursuant to Section 2032 of the Code of Civil Procedure.

(f) For the purposes of this section, "vocational training consultant" means an individual with sufficient knowledge, skill, experience, training, or education relating to interviewing, the testing and analysis of work skills, the planning of courses of training and study, the formulation of career goals, and the work market to qualify as an expert in vocational training under Section 720 of the Evidence Code.

SEC. 3. Section 4801.9 is added to the Civil Code, to read:

4801.9. (a) It is the intention of the Legislature in enacting this section to provide an additional, simplified method for the modification of spousal support awards.

(b) A notice of motion to modify an order awarding spousal support may be filed under this section at any time subsequent to one year after the entry of a previous order for the award of spousal support, except that the one-year limitation shall not be applicable if the request for modification is based on a significant decrease in the income of the moving party.

A motion to modify spousal support shall include a proposed order for modification of spousal support, and a declaration that the facts on which the motion is based are true and correct, under penalty of perjury. The moving party shall cause the notice of motion and the proposed order to be served on the other party to the spousal support award. The responding party shall have 30 days from the date of service within which to file an objection and request for a hearing. If the responding party so files, he or she shall be responsible for requesting a hearing date and giving notice thereof to the moving party. The original proof of service of the notice of the objection and request shall be filed at the same time as the filing of the objection and the request for hearing.

(c) No attorney at law or person other than the moving or responding party shall take any part in the filing or prosecution or defense of a proceeding pursuant to this section, unless the attorney is appearing as a party to the proceeding. Nothing in this section shall be construed to prohibit an attorney from rendering advice to a party to the proceeding, either before or after the commencement of the proceeding. However, if a party to such a proceeding elects to be represented by counsel, the court shall proceed on the motion as specified in subdivision (h).

(d) Only one modification of spousal support pursuant to this section shall be granted within any 12-month period, except in cases where the request for a modification is based on a significant decrease in the income of the moving party.

The court may grant an increase of spousal support, not to exceed an amount equal to the increase in the California all consumer price index provided by the federal government for each year subsequent to the date on which the current award was granted, without requiring a showing of changed circumstances by the moving party, to the extent justified by the economic evidence presented by way of the income statements (and expense statements, if the court deems them necessary and relevant) of the parties. In the event of a default by the responding party, the court shall award an increase, without requiring the submission of economic evidence by the moving party.

In cases in which the request for modification is based on a significant decrease in the income of the moving party, the court may require the moving party to present evidence of his or her decline in economic circumstances. The amount of the modification shall be based on the economic evidence presented by way of income statements (and expense statements, if the court deems them necessary and relevant) of the parties. In the event of a default by the responding party in a case where the request for the modification is based on a significant decrease in the income of the moving party, the court shall award a modification based on the evidence. If the court considering the request for modification awards spousal support according to guidelines in use within its jurisdiction, the amount of modification shall be based on those guidelines. If no

guidelines are in use, the amount of the modification shall be based on the factors employed in determining the existing award.

In addition to the income statement (and the expense statement, if required by the court), in a contested proceeding, both the moving party and the responding party shall make available to the court copies of their federal and state income tax returns for the preceding year at the time of the hearing. No relief shall be granted pursuant to this procedure to a party who fails to submit such documents as may be required by the court or a declaration under penalty of perjury that no such documents exist, or that, in the case of a tax return, it cannot be produced but a copy has been requested from the Internal Revenue Service and the Franchise Tax Board. A tax return so submitted may be reviewed by the other party and a party also may be examined by the other party as to contents of any such return.

(e) Notice pursuant to this section shall be by certified mail, postage prepaid, return receipt requested, to the last known address of the party to be served, or by personal service. Proof of service shall be filed with the court. In order to facilitate service of process, each party to an order for spousal support shall provide the other party with his or her current mailing address and any subsequent change of address.

(f) The party filing a notice of motion to modify spousal support with the clerk pursuant to this section shall also file a duplicate copy of the notice with the district attorney within five working days of filing, if the district attorney has previously attempted to enforce the spousal support obligation upon which the motion is based.

(g) Nothing in this section shall be construed to infringe upon the duty of the state to comply with any federal rules and regulations pertaining to the establishment, enforcement, and collection of spousal support payments.

(h) Upon notice by a party to a proceeding under this section that he or she elects to be represented by counsel in the proceeding, the court shall proceed on the motion as in a proceeding for modification of spousal support pursuant to Section 4801. A party's notice of intent to proceed with the benefit of counsel shall be accompanied by the party's declaration under penalty of perjury stating facts evidencing that intent.

(i) The Judicial Council shall adopt forms or notices for the use of the procedure provided by this section, which shall include a notice advising of the right of a party to proceed with or without benefit of counsel, and which shall incorporate, where appropriate, advice as to the availability of this additional, simplified method for the modification of spousal support.

SEC. 4. Section 11475.5 of the Welfare and Institutions Code is amended to read:

11475.5. (a) The State Department of Social Services shall publish a booklet describing the proper procedures and processes for the collection and payment of child and spousal support. The booklet

shall be written in language understandable to the lay person and shall direct the reader to obtain the assistance of the local district attorney's office or legal counsel where appropriate. The department may contract on a competitive basis with an organization or individual to write the booklet.

(b) The department shall have primary responsibility for the design and development of the contents of the booklet. The department shall solicit comment regarding the content of the booklet from the Director of the Administrative Office of the Courts. The department shall verify the appropriateness and accuracy of the contents of the booklet with at least one representative of each of the following organizations:

(1) A county district attorney's office.

(2) The State Attorney General's office.

(3) The California Family Support Council.

(4) A community organization which advocates for the rights of custodial parents.

(5) A community organization which advocates for the rights of supporting parents.

(c) Upon receipt of booklets on support collection, each county welfare department shall provide a copy to each head of household whose application for public assistance under this chapter has been approved and for whom support rights have been assigned pursuant to Section 11477. The State Department of Social Services shall provide copies of the booklet to district attorneys' offices for distribution, and to any person upon request. The department shall also distribute the booklets to all superior courts. Upon receipt of those booklets, each clerk of the court shall provide two copies of the booklet to the petitioner or plaintiff in any action involving the support of a minor child. The moving party shall serve a copy of the booklet on the responding party.

(d) The department shall expand the information provided under its toll-free information hotline in response to inquiries regarding the process and procedures for collection and payment of child and spousal support. This toll-free number shall be advertised as providing information on child and spousal support. The hotline personnel shall not provide legal consultation or advice, but shall provide only referral services.

(e) The department shall maintain a file of referral sources to provide callers to the telephone hotline with the following information specific to the county in which the caller resides:

(1) The location and phone number of the district attorney's office, the county welfare office, and any other government agency which handles child and spousal support matters.

(2) The telephone number of the local bar association for referral to attorneys in family law practice.

(3) The name and telephone number of at least one organization which advocates the payment of child and spousal support or the name and telephone number of at least one organization which

advocates the rights of supporting parents, if these organizations exist in the county.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1087

An act to add Sections 653*l* and 1203.046 to, the Penal Code, relating to crimes.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 653*l* is added to the Penal Code, to read:

653*l*. (a) Every person 18 years of age or older who, in any voluntary manner, solicits, induces, encourages, or intimidates any minor with the intent that the minor shall commit a felony in violation of paragraph (1) of subdivision (c) of Section 136.1 or Section 187, 211, 245, 246, 451, 459, or 520 of the Penal Code, or Section 10851 of the Vehicle Code, shall be punished by imprisonment in the state prison for a period of three, five, or seven years. If the minor is 16 years of age or older at the time of the offense, this section shall only apply when the adult is at least five years older than the minor at the time the offense is committed.

(b) In no case shall the court impose a sentence pursuant to subdivision (a) which exceeds the maximum penalty prescribed for the felony offense for which the minor was solicited, induced, encouraged, or intimidated to commit.

(c) Whenever a sentence is imposed under subdivision (a), the court shall consider the severity of the underlying crime as one of the circumstances in aggravation.

SEC. 2. Section 1203.046 is added to the Penal Code, to read:

1203.046. (a) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any person who is convicted of violating Section 653*l* by using, soliciting, inducing, encouraging, or intimidating a minor to commit a felony in violation of that section.

(b) When probation is granted pursuant to subdivision (a), the court shall specify on the record and shall enter into the minutes the

circumstances indicating that the interests of justice would best be served by that disposition.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1088

An act to amend Sections 125.9, 7311, and 7332.6 of, to amend and repeal Section 7444.1 of, to add Sections 7332.7, 7332.8, and 7432 to, to add and repeal Section 7386.8 of, to repeal and add Section 7396.5 of, and to repeal Article 7.5 (commencing with Section 7386) of Chapter 10 of Division 3 of, the Business and Professions Code, relating to cosmetology.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 125.9 of the Business and Professions Code is amended to read:

125.9. (a) Except with respect to persons regulated under Chapter 8 (commencing with Section 6850), Chapter 11 (commencing with Section 7500), Chapter 11.5 (commencing with Section 7512), and Chapter 11.6 (commencing with Section 7590) of Division 3, or a person holding a license specified in paragraph (1), (6), or (7) of subdivision (b) of Section 9941, any board, bureau, or commission within the department, other than the State Board of Dental Examiners, may establish, by regulation, a system for the issuance to a licensee of a citation which may contain an order of abatement or an order to pay an administrative fine assessed by the board, bureau, or commission where the licensee is in violation of the applicable licensing act or any regulation adopted pursuant thereto.

(b) The system shall contain the following provisions:

(1) Citations shall be in writing and shall describe with particularity the nature of the violation, including specific reference to the provision of law determined to have been violated.

(2) Where appropriate, the citation shall contain an order of abatement fixing a reasonable time for abatement of the violation.

(3) In no event shall the administrative fine assessed by the board, bureau, or commission exceed two thousand five hundred dollars ($2,500) for each inspection or each investigation made with respect to the violation. In assessing a fine, the board, bureau, or commission shall give due consideration to the appropriateness of the amount of

the fine with respect to such factors as the gravity of the violation, the good faith of the licensee, and the history of previous violations.

(4) A citation or fine assessment issued pursuant to a citation shall inform the licensee that if he or she desires a hearing to contest the finding of a violation, that hearing shall be requested by written notice to the board, bureau, or commission within 30 days of the date of issuance of the citation or assessment. If a hearing is not requested pursuant to this section, payment of any fine shall not constitute an admission of the violation charged. Hearings shall be held pursuant to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(5) Failure of a licensee to pay a fine within 30 days of the date of assessment, unless the citation is being appealed, may result in disciplinary action being taken by the board, bureau, or commission. Where a citation is not contested and a fine is not paid, the full amount of the assessed fine shall be added to the fee for renewal of the license. A license shall not be renewed without payment of the renewal fee and fine.

(c) The system may contain the following provisions:

(1) A citation may be issued without the assessment of an administrative fine.

(2) Assessment of administrative fines may be limited to only particular violations of the applicable licensing act.

(d) Notwithstanding any other provision of law, where a fine is paid to satisfy an assessment based on the finding of a violation, payment of the fine shall be represented as satisfactory resolution of the matter for purposes of public disclosure.

(e) This section does not apply to any board, bureau, or commission within the department with existing authority to establish, by regulation, a system for the issuance, to a licensee, of a citation which may include an order of abatement or an order to pay an administrative fine, even if the system of citation does not affect or apply to all activities engaged in by a licensee. Nothing in this section expands or limits that authority.

(f) Administrative fines collected pursuant to this section shall be deposited in the special fund of the particular board, bureau, or commission.

SEC. 2. Section 7311 of the Business and Professions Code is amended to read:

7311. The board may adopt such rules governing sanitary conditions, and precautions to be employed, as are reasonably necessary to protect the public health and safety in cosmetological establishments, schools of cosmetology, in the practice of a cosmetologist, and in any branch of cosmetology. The rules shall be adopted in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Title 2 of the Government Code), and shall be submitted to the State Department of Health Services, and approved by that department prior to filing with the Secretary of State. A written copy of all such rules shall be

furnished to each licensee.

SEC. 3. Section 7332.6 of the Business and Professions Code is amended to read:

7332.6. Notwithstanding any other provision of law, any person currently and validly licensed in this state as a cosmetologist who has made application to the board in proper form, has paid the fee required by this chapter, and has not committed acts or crimes constituting grounds for denial of licensure under Section 480, shall be granted a provisional I license as a cosmetology instructor.

Any person issued a provisional I license as a cosmetology instructor who, within a period of not more than six months immediately following the date of expiration thereof, has made application to the board in proper form, accompanied by proof satisfactory to the board of having practiced the occupation of a cosmetology instructor for a period of not less than 10 months full time or its equivalent in a licensed school, has paid the fee required by the chapter and has not committed acts or crimes constituting grounds for denial of licensure under Section 480, shall be admitted to examination for a license as a cosmetology instructor.

SEC. 4. Section 7332.7 is added to the Business and Professions Code, to read:

7332.7. Any person issued a provisional II license as a cosmetology instructor who, within a period of not more than six months immediately following the date of expiration thereof, has made application to the board in proper form, accompanied by proof satisfactory to the board of having practiced the occupation of cosmetology instructor for a period of not less than 10 months full time or its equivalent in a licensed school, has paid the fee required by this chapter, and has not committed acts or crimes constituting grounds for denial of licensure under Section 480, shall be admitted to examination for a license as a cosmetology instructor.

SEC. 5. Section 7332.8 is added to the Business and Professions Code, to read:

7332.8. (a) The provisional I and provisional II license shall authorize the holder thereof to practice the occupation of a cosmetology instructor in a licensed school of cosmetology. There shall not be more than one provisional licensed instructor for each licensed cosmetology instructor employed full time by a school.

(b) Every provisional license as a cosmetology instructor shall expire one year from the date of issue and shall not be renewable. A six-month extension shall be granted by the board if the provisional

instructor has made application for examination prior to the expiration of the provisional license. A person may hold a provisional license as a cosmetology instructor only once.

(c) It is the intent of Sections 7332.6 and 7332.7 that provisional instructors I and II shall be given supervision and guidance in the teaching of vocational education by the licensed cosmetology instructors of the school or schools in which they are engaged.

SEC. 6. Section 7386.8 is added to the Business and Professions Code, to read:

7386.8. This article shall remain in effect only until January 1, 1989, and as of that date is repealed.

SEC. 7. Section 7396.5 of the Business and Professions Code is repealed.

SEC. 8. Section 7396.5 is added to the Business and Professions Code, to read:

7396.5. (a) Every school of cosmetology, including those under the public school system of this state, shall employ at least two licensed cosmetology instructors. When the daily attendance for either day or night school classes averages more than 50 students for a period of three months, at least one additional instructor shall be employed for each three months' average of 25 students or less after the first 50.

(b) The ratio of instructors present and on the premises to students present and on the premises shall be one instructor for the first 25 students and at least one additional instructor for every additional 25 students or less after the first 25. If there are 25 students or less present and on the premises and there are students both on the clinic floor and in the classroom, there shall be at least two instructors present and on the premises.

(c) Provisional II instructors may be employed to meet the requirements of this section at the ratio of one licensed cosmetology instructor to one provisional II instructor provided that only licensed cosmetology instructors shall be employed to meet the requirements for the first 50 students or less.

(d) This section shall remain in effect only until January 1, 1991, and as of that date is repealed.

SEC. 9. Section 7396.5 is added to the Business and Professions Code, to read:

7396.5. (a) Every school of cosmetology, including those under the public school system of this state, shall employ at least two licensed cosmetology instructors. When the daily attendance for either day or night school classes averages more than 50 students for a period of three months, at least one additional instructor shall be employed for each three months' average of 25 students or less after the first 50.

(b) The ratio of instructors present and on the premises to students present and on the premises shall be at least one instructor for the first 25 students, and at least one additional instructor for every additional 25 students or less after the first 25.

If there are 25 students or less present and on the premises and there are students both on the clinic floor and in the classroom, there shall be at least two instructors present and on the premises.

(c) This section shall become operative on January 1, 1991.

SEC. 10. Section 7432 is added to the Business and Professions Code, to read:

7432. Notwithstanding Section 125.9, the following provisions apply to the issuance to a school of cosmetology or electrology of a citation which includes an assessment of an administrative fine:

(a) A citation shall be classified according to the nature of the violation and shall indicate the classification on the face thereof, as follows: (1) An administrative fine may be assessed for the first Class "1" violation. A violation of Section 7320, 7325, 7327, 7392.3, 7392.2, 7400, 7402, or 7415, or subdivision (e), (f), or (g) of Section 7431, of this code, or paragraph (1) of subdivision (a) of Section 911.4 of Chapter 9 of Title 16 of the California Administrative Code, may be designated as a Class "1" violation.

(2) An administrative fine may be assessed for the second "Class 2" violation during any two-year period. A violation of Section 7391.5, 7392.2, 7395, 7396.5, 7397, 7400, or 7402 of this code, or paragraph (4) or (5) of subdivision (b) of Section 911.4, or Section 912, 912.1, 913.2, 913.3, 919.13, 919.16, or 922 of Chapter 9 of Title 16 of the California Administrative Code, may be designated as a Class "2" violation.

(3) An administrative fine may be assessed for a Class "3" violation for the first such violation. The fine for a first violation shall be suspended upon the correction of the conditions constituting the violation within 20 days and the submission of a signed statement to that effect to the board. An administrative fine may be assessed for the second Class "3" violation during any two-year period. A violation of Section 7320, 7325, 7392.3, 7393.1, 7393.2, 7393.5, or 7398, subdivision (c) of Section 7398.5, or subdivision (*l*) of Section 7431, of this code, or Section 911, 911.1, 911.2, 917, or 919.1, subdivision (a) of Section 919.3, subdivision (a) of Section 919.4, or Section 919.7, 919.8, 919.12, or 921 of Chapter 9 of Title 16 of the California Administrative Code may be designated as a Class "3" violation.

(4) A Class "4" violation is a violation of any health and safety regulation of the board not committed by a student. An administrative fine may be assessed when a combination of at least two Class "4" violations are committed two or more times during any two-year period.

(5) A Class "5" violation is a violation of any health and safety regulation of the board committed by a student. An administrative fine may be assessed when a combination of at least three Class "5" violations are committed two or more times during any two-year period.

Nothing in this section shall prevent the local housing authority from adopting reasonable regulations relating to any such pets; prevent the adoption of differing terms for the tenancy which are reasonably related to the presence of such pet; or relieve a tenant from any liability otherwise imposed by law for damages caused by such pet when proof of same exists.

The adoption of any regulations pursuant to this section, or the application of any regulation adopted pursuant to this section, may be appealed by an elderly resident or applicant or resident or

A copy of the public agency's authorization for disposal shall be forwarded to the licensed dismantler within five days of disposal to a licensed dismantler. A copy of the public agency's authorization for disposal shall be retained by the lienholder who stored the vehicle for a period of 90 days if the vehicle is disposed of to a scrap iron processor.

(k) If the names and addresses of the registered and legal owners of the vehicle are not available from the records of the Department of Motor Vehicles, either directly or by use of the California Law Enforcement Telecommunications System, the public agency may issue to the lienholder who stored the vehicle an authorization for disposal at any time after the removal.

The lienholder may request the public agency to issue an authorization for disposal after the lienholder ascertains that the names and addresses of the registered and legal owners of the vehicle are not available from the records of the Department of Motor Vehicles either directly or by use of the California Law Enforcement Telecommunications System.

(*l*) A vehicle disposed of pursuant to this section shall not be reconstructed or made operable, unless it is a vehicle which qualifies for either horseless carriage license plates or historical vehicle license plates, pursuant to Section 5004, in which case the vehicle may be

(a) Not less than 72 hours before the vehicle is removed, the peace officer or the authorized public employee has securely attached to the vehicle a distinctive notice which states that the vehicle will be removed by the public agency. This subdivision does not apply to abandoned vehicles removed pursuant to subdivision (d) of Section 22669 which are determined by the public agency to have an estimated value of one hundred dollars ($100) or less.

(b) Immediately after removal of the vehicle, the public agency which removed, or caused the removal of, the vehicle shall notify the Stolen Vehicle System of the Department of Justice in Sacramento of the removal.

(c) The public agency which removed, or caused the removal of, the vehicle or, at the request of the public agency, the lienholder shall obtain a copy of the names and addresses of all persons having an interest in the vehicle, if any, from the Department of Motor Vehicles either directly or by use of the California Law Enforcement Telecommunications System. This subdivision does not require the public agency or lienholder to obtain a copy of the actual record on file at the Department of Motor Vehicles.

(d) Within 48 hours of the removal, excluding weekends and holidays, the public agency which removed, or caused the removal of, the vehicle or, at the request of the public agency, the lienholder shall send a notice to the registered and legal owners at their addresses of record with the Department of Motor Vehicles, and to any other person known to have an interest in the vehicle. A notice sent by the public agency shall be sent by certified or first-class mail, and a notice sent by the lienholder shall be sent by certified mail. The notice shall include all of the following information:

(1) The name, address, and telephone number of the public agency providing the notice.

(2) The location of the place of storage and description of the vehicle which shall include, if available, the vehicle make, license plate number, vehicle identification number, and mileage.

(3) The authority and purpose for the removal of the vehicle.

(4) A statement that the vehicle will be disposed of 15 days from the date of the notice.

(5) A statement that the owners and interested persons, or their

agents, have the opportunity for a poststorage hearing before the public agency which removed, or caused the removal of, the vehicle to determine the validity of the storage if a request for a hearing is made in person, in writing, or by telephone within 10 days from the date of notice; that, if the owner or interested person, or his or her agent, disagrees with the decision of the public agency, the decision may be reviewed pursuant to Section 11523 of the Government Code; and that during the time of the initial hearing, or during the time the decision is being reviewed pursuant to Section 11523 of the Government Code, the vehicle in question shall not be disposed of.

(e) (1) Any requested hearings shall be conducted within 48 hours of the request, excluding weekends and holidays. The public agency which removed the vehicle may authorize its own officers to conduct the hearing if the hearing officer is not the same person who directed the storage of the vehicle.

(2) Failure of either the registered or legal owner or interested person, or his or her agent, to request or to attend a scheduled hearing shall satisfy the poststorage validity hearing requirement of this section.

(f) The public agency employing the person, or utilizing the services of a contractor or franchiser pursuant to subdivision (b) of Section 22669, which removed, or caused the removal of, the vehicle and which directed any towing or storage, shall be responsible for the costs incurred for towing and storage if it is determined in the hearing that reasonable grounds to believe that the vehicle was abandoned are not established.

(g) No authorization for disposal may be issued by the public agency which removed, or caused the removal of, the vehicle to a lienholder who is storing the vehicle prior to the conclusion of a requested poststorage hearing or any judicial review of that hearing.

(h) If, after 15 days from the notification date, the vehicle remains unclaimed and the towing and storage fees have not been paid, and if no request for a poststorage hearing was requested or a poststorage hearing was not attended, the public agency which removed, or caused the removal of, the vehicle shall provide to the lienholder who is storing the vehicle, on a form approved by the Department of Motor Vehicles, authorization to dispose of the vehicle. The lienholder may request the public agency to provide the authorization to dispose of the vehicle.

(i) If the vehicle is claimed by the owner or his or her agent within 15 days of the notice date, the lienholder who is storing the vehicle may collect reasonable fees for services rendered, but may not collect lien sale fees as provided in Section 22851.12.

(j) Disposal of the vehicle by the lienholder who is storing the vehicle may only be to a licensed dismantler or scrap iron processor. A copy of the public agency's authorization for disposal shall be forwarded to the licensed dismantler within five days of disposal to a licensed dismantler. A copy of the public agency's authorization for disposal shall be retained by the lienholder who stored the vehicle

for a period of 90 days if the vehicle is disposed of to a scrap iron processor.

(k) If the names and addresses of the registered and legal owners of the vehicle are not available from the records of the Department of Motor Vehicles, either directly or by use of the California Law Enforcement Telecommunications System, the public agency may issue to the lienholder who stored the vehicle an authorization for disposal at any time after the removal.

The lienholder may request the public agency to issue an authorization for disposal after the lienholder ascertains that the names and addresses of the registered and legal owners of the vehicle are not available from the records of the Department of Motor Vehicles either directly or by use of the California Law Enforcement Telecommunications System.

CHAPTER 1092

An act to add Section 1566.8 to, and to amend Sections 1566.2, 1566.3, 1569.84, and 1569.85 of, the Health and Safety Code, and to amend Section 15200 of the Welfare and Institutions Code, relating to public social services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1987. Filed with Secretary of State September 24, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1566.2 of the Health and Safety Code is amended to read:

1566.2. A residential facility, which serves six or fewer persons shall not be subject to any business taxes, local registration fees, use permit fees, or other fees to which other family dwellings of the same type in the same zone are not likewise subject. Nothing in this section shall be construed to forbid the imposition of local property taxes, fees for water service and garbage collection, fees for inspections not prohibited by Section 1566.3, local bond assessments, and other fees, charges, and assessments to which other family dwellings of the same type in the same zone are likewise subject. Neither the State Fire Marshal nor any local public entity shall charge any fee for enforcing fire inspection regulations pursuant to state law or regulation or local ordinance, with respect to residential facilities which serve six or fewer persons.

For the purposes of this section, "family dwellings," includes, but is not limited to, single-family dwellings, units in multifamily dwellings, including units in duplexes and units in apartment dwellings, mobilehomes, including mobilehomes located in mobilehome parks, units in cooperatives, units in condominiums, units in townhouses, and units in planned unit developments.

SEC. 2. Section 1566.3 of the Health and Safety Code is amended to read:

1566.3. Whether or not unrelated persons are living together, a residential facility which serves six or fewer persons shall be considered a residential use of property for the purposes of this article. In addition, the residents and operators of such a facility shall be considered a family for the purposes of any law or zoning ordinance which relates to the residential use of property pursuant

to this article.

For the purpose of all local ordinances, a residential facility which serves six or fewer persons shall not be included within the definition of a boarding house, rooming house, institution or home for the care of minors, the aged, or the mentally infirm, foster care home, guest home, rest home, sanitarium, mental hygiene home, or other similar term which implies that the residential facility is a business run for profit or differs in any other way from a family dwelling.

This section shall not be construed to forbid any city, county, or other local public entity from placing restrictions on building heights, setback, lot dimensions, or placement of signs of a residential facility which serves six or fewer persons as long as such restrictions are identical to those applied to other family dwellings of the same type in the same zone.

This section shall not be construed to forbid the application to a residential care facility of any local ordinance which deals with health and safety, building standards, environmental impact standards, or any other matter within the jurisdiction of a local public entity if the ordinance does not distinguish residential care facilities which serve six or fewer persons from other family dwellings of the same type in the same zone; and if the ordinance does not distinguish residents of the residential care facilities from persons who reside in other family dwellings of the same type in the same zone.

No conditional use permit, zoning variance, or other zoning clearance shall be required of a residential facility which serves six or fewer persons which is not required of a family dwelling of the same type in the same zone.

Use of a family dwelling for purposes of a residential facility serving six or fewer persons shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 or local building codes. However, nothing in this section is intended to supersede Section 13143 or 13143.6, to the extent such sections are applicable to residential facilities providing care for six or fewer residents.

For the purposes of this section, "family dwelling," includes, but is not limited to, single-family dwellings, units in multifamily dwellings, including units in duplexes and units in apartment dwellings, mobilehomes, including mobilehomes located in mobilehome parks, units in cooperatives, units in condominiums, units in townhouses, and units in planned unit developments.

SEC. 3. Section 1566.8 is added to the Health and Safety Code, to read:

1566.8. Notwithstanding any other provision of law, if according to the rules and regulations of a mobilehome park, the park is designated as a family park or a section of a mixed mobilehome park is designated as a family section, no rule, regulation, rental agreement, or any other provision in existence on the effective date of this section shall, directly or indirectly, prohibit a person from operating in any mobilehome in a family park or designated family

section, a licensed foster family home.

SEC. 4. Section 1569.84 of the Health and Safety Code is amended to read:

1569.84. A residential care facility for the elderly, which serves six or fewer persons shall not be subject to any business taxes, local registration fees, use permit fees, or other fees to which other family dwellings of the same type in the same zone are not likewise subject. Nothing in this section shall be construed to forbid the imposition of local property taxes, fees for water service and garbage collection, fees for inspections not prohibited by Section 1569.85, local bond assessments, and other fees, charges, and assessments to which other family dwellings of the same type in the same zone are likewise subject. Neither the State Fire Marshal nor any local public entity shall charge any fee for enforcing fire inspection regulations pursuant to state law or regulation or local ordinance, with respect to residential care facilities for the elderly which service six or fewer persons.

For the purposes of this section, "family dwelling," includes, but is not limited to, single-family dwellings, units in multifamily dwellings, including units in duplexes and units in apartment dwellings, mobilehomes, including mobilehomes located in mobilehome parks, units in cooperatives, units in condominiums, units in townhouses, and units in planned unit developments.

SEC. 5. Section 1569.85 of the Health and Safety Code is amended to read:

1569.85. Whether or not unrelated persons are living together, a residential care facility for the elderly which serves six or fewer persons shall be considered a residential use of property for the purposes of this article. In addition, the residents and operators of the facility shall be considered a family for the purposes of any law or zoning ordinance which relates to the residential use of property pursuant to this article.

For the purpose of all local ordinances, a residential care facility for the elderly which serves six or fewer persons shall not be included within the definition of a boarding house, rooming house, institution or home for the care of the aged, guest home, rest home, sanitarium, mental hygiene home, or other similar term which implies that the residential care facility for the elderly is a business run for profit or differs in any other way from a family dwelling.

This section shall not be construed to forbid any city, county, or other local public entity from placing restrictions on building heights, setback, lot dimensions, or placement of signs of a residential care facility for the elderly which serves six or fewer persons as long as the restrictions are identical to those applied to other family dwellings of the same type in the same zone.

This section shall not be construed to forbid the application to a residential care facility for the elderly of any local ordinance which deals with health and safety, building standards, environmental impact standards, or any other matter within the jurisdiction of a

local public entity if the ordinance does not distinguish residential care facilities for the elderly which serve six or fewer persons from other family dwellings of the same type in the same zone; and if the ordinance does not distinguish residents of the residential care facilities for the elderly from persons who reside in other family dwellings of the same type in the same zone.

No conditional use permit, zoning variance, or other zoning clearance shall be required of a residential care facility for the elderly which serves six or fewer persons which is not required of a family dwelling of the same type in the same zone.

Use of a family dwelling for purposes of a residential care facility for the elderly serving six or fewer persons shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 or local building codes. However, nothing in this section is intended to supersede Section 13143 or 13143.6, to the extent these sections are applicable to residential care facilities for the elderly providing care for six or fewer residents.

For the purposes of this section, "family dwelling," includes, but is not limited to, single-family dwellings, units in multifamily dwellings, including units in duplexes and units in apartment dwellings, mobilehomes, including mobilehomes located in mobilehome parks, units in cooperatives, units in condominiums, units in townhouses, and units in planned unit developments.

The report shall also contain recommendations for funding of child welfare services and the foster care program, based on findings presented in the report.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

SECTION 1. Section 61 of the Revenue and Taxation Code is amended to read:

61. Except as otherwise provided in Section 62, change in ownership, as defined in Section 60, includes, but is not limited to:

(a) The creation, renewal, sublease, assignment, or other transfer of the right to produce or extract oil, gas, or other minerals regardless of the period during which the right may be exercised. The balance of the property, other than the mineral rights, shall not be reappraised pursuant to this section.

(b) The creation, renewal, sublease, or assignment of a taxable possessory interest in tax exempt real property for any term. For purposes of this subdivision, "renewal" does not include the granting of an option to renew an existing agreement pursuant to which the term of possession of the existing agreement would, upon exercise of the option, be lengthened, whether the option is granted in the original agreement or subsequent thereto.

(c) (1) The creation of a leasehold interest in taxable real property for a term of 35 years or more (including renewal options), the termination of a leasehold interest in taxable real property which had an original term of 35 years or more (including renewal options), and any transfer of a leasehold interest having a remaining term of 35 years or more (including renewal options); or (2) any transfer of

a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of less than 35 years.

Only that portion of a property subject to such lease or transfer shall be considered to have undergone a change of ownership.

For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(e) The creation, transfer, or termination of any tenancy-in-common interest, except as provided in subdivision (a) of Section 62 and in Section 63.

CHAPTER 1103

An act to add and repeal Section 6373 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 6373 is added to the Revenue and Taxation Code, to read:

6373. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale of, and the storage, use, or other consumption in this state of tangible personal property the gross receipts of which are received in the form of food stamp coupons acquired by the purchaser pursuant to the Food Stamp Act of 1977

(Public Law 95-113), including subsequent amendments thereto.

(b) When the gross receipts from a sale of tangible personal property are received partly in the form of cash and partly in the form of food stamp coupons, the amount of the food stamp coupons shall be attributed first to gross receipts which would have been subject to the taxes imposed by this part if payment were not received in the form of food stamps.

(c) A retailer shall not add to the sale price of tangible personal property any amount designated as sales tax, use tax, or sales tax reimbursement when the sale is exempt pursuant to this section.

(d) In lieu of separately accounting for gross receipts which are exempt pursuant to this section and taking a deduction on sales tax returns for the exact amount of those gross receipts, a retailer may take a deduction on each sales tax return equal to two percent of the total amount of food stamp coupons redeemed during the period for which the return is filed.

(e) This section is repealed on the first day of the first calendar month immediately following the effective date of any federal act which repeals those provisions which prohibit any state from participating in the food stamp program if sales taxes are imposed within that state on purchases made with food stamp coupons.

SEC. 2. On or before January 1, 1990, the State Board of Equalization shall recommend to the Legislature whether the percentage specified in subdivision (d) of Section 6373 of the Revenue and Taxation Code for sales tax reporting purposes should be changed to reflect more accurately the amount of gross receipts which are exempted by that section.

SEC. 3. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, this act shall become operative on October 1, 1987.

CHAPTER 1104

An act to amend Section 24045.7 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 24045.7 of the Business and Professions Code is amended to read:

24045.7. (a) The department may issue a special on-sale general

license to any nonprofit theater company which has been in existence for at least 10 years and which is exempt from the payment of income taxes under the provisions of Section 23701d of the Revenue and Taxation Code and Section 501(c)(3) of the Internal Revenue Code of the United States.

Theater companies holding a license under this section may, subject to Section 25631, sell and serve alcoholic beverages to ticketholders only during, and one hour prior to and one hour after, a bona fide theater performance of the company.

An applicant for such a license shall accompany the application with an original issuance fee of one thousand dollars ($1,000) and shall pay an annual renewal fee as provided in subdivision (30) of Section 23320.

(b) The department may issue a special on-sale beer and wine license to any nonprofit theater company which has been in existence for at least eight years, which for at least six years has performed in facilities leased or rented from a local county fair association, and which is exempt from the payment of income taxes under the provisions of Section 23701d of the Revenue and Taxation Code and Section 501(c)(3) of the Internal Revenue Code of the United States.

Theater companies holding a license under this subdivision may, subject to Section 25631, sell and serve beer and wine to ticketholders only during, and one hour prior to, a bona fide theater performance of the company. Beer and wine may be sold from an open-air concession stand which is not attached to the theater building itself, provided that the concession stand is located on fair association property within 30 feet of the theater building, and provided that alcoholic beverages sold shall be consumed only in the theater building itself, or within a designated outdoor area in front of and between the concession stand and the main public entrance to the theater building. Nothing in this section permits a theater company to sell beer or wine during the run of a county fair.

An applicant for a license under this subdivision shall accompany the application with an original issuance fee equal to the annual renewal fee and shall pay an annual renewal fee as provided in subdivision (23) of Section 23320.

CHAPTER 1105

An act to add Section 4511.5 to the Food and Agricultural Code, relating to fairs.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 4511.5 is added to the Food and Agricultural Code, to read:

4511.5. If carnival incident or accident records are required as conditions to contracts between carnival contractors and district agricultural associations, county fairs, or citrus fruit fairs, the department shall maintain and review carnival contractor's accident reports submitted by the Division of Occupational Safety and Health in the Department of Industrial Relations to the department and disseminate information regarding these reports to district agricultural associations, county fairs, and citrus fruit fairs.

CHAPTER 1106

An act to amend Sections 1166, 1167, 1168, 1172, and 1173 of the Health and Safety Code, and to amend Section 5705.2 of the Welfare and Institutions Code, relating to health.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1166 of the Health and Safety Code is amended to read:

1166. Notwithstanding any provisions of law to the contrary, all services delivered by the county participating in a pilot project pursuant to this article or its subcontractors under the Medical Assistance Program, Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) and Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code may be reimbursed at a negotiated rate or net amount that shall be fixed and based on projected levels of utilization. The method of calculating the rate or net amount shall be negotiated between the California Medical Assistance Commission and the pilot county electing to participate under this article, and shall be binding on the state department for the purposes of this pilot project. A single, countywide rate or net amount shall be negotiated for hospital inpatient, hospital skilled nursing, skilled nursing facility, and

outpatient clinic services provided by the pilot county. Rates or net amounts shall be renegotiated annually, and shall be retroactive to the beginning of the fiscal year to which they apply.

SEC. 2. Section 1167 of the Health and Safety Code is amended to read:

1167. Contracts negotiated pursuant to Section 1162 shall be negotiated by October 15 of the fiscal year to which they apply and shall be retroactive to July 1 of that fiscal year. The first contract may commence July 1, 1986. If the state department and the pilot county cannot reach agreement by October 15 for any given year, negotiations are terminated, and the county shall be paid at the prior year's negotiated rate adjusted to reflect the medical component of the cost-of-living increase for the previous fiscal year for the Standard Metropolitan Statistical Area in which the county is located for the remainder of that annual year (July 1 through December 31). The county terminating from the pilot project shall thereafter revert to reimbursement formulas existing outside of this article. Either party terminating under this section shall provide the other with 30 days' advance written notification. Contracts may be renegotiated during the year as may be necessary to reflect substantial changes in any element of the services described in the contract, pursuant to the procedures specified in subdivision (i) of Section 1162.

SEC. 3. Section 1168 of the Health and Safety Code is amended to read:

1168. Reimbursements under this contracting procedure shall be monthly in advance, in amounts which are as nearly equal to one another as possible.

SEC. 4. Section 1172 of the Health and Safety Code is amended to read:

1172. The department shall submit an evaluation report to the Legislature by June 30, 1990, regarding the effectiveness of the pilot program in meeting the objectives of this article in accordance with the article.

SEC. 5. Section 1173 of the Health and Safety Code is amended to read:

1173. This article shall remain in effect only until June 30, 1990, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date deletes or extends that date.

SEC. 6. Section 5705.2 of the Welfare and Institutions Code, as amended by Section 2 of Chapter 1080 of the Statutes of 1985, is amended to read:

5705.2. (a) It is the intent of the Legislature that the use of negotiated net amounts or rates, as provided in subdivision (b), be given preference in contracts for services under this division.

(b) Negotiated net amounts or rates may be used as the cost of services only in accordance with the following provisions:

(1) A negotiated net amount shall be determined by calculating the total budget for services for a program or a component of a program, less the amount of projected revenue. This net amount

shall be negotiated between the provider of services and the county mental health program, and may be used by providers in contracts with the county. The negotiated net amount shall be submitted to the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the net amount. If approval is received after the commencement date of the contract, the approval shall be retroactive to the commencement date. Should the negotiated net amount be disapproved after the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with Section 5705. Once the negotiated net amount is approved by the State Department of Mental Health, all participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9), shall be bound to that amount as the cost of providing all or part of the total county mental health program as described in the county Short-Doyle plan for each fiscal year to the extent that the governmental funding source participates in funding the county mental health program. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health. Contracts entered into pursuant to this paragraph shall be financed within an approved Short-Doyle plan or contract.

Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's expenditure or retention funds received pursuant to this paragraph.

(2) A negotiated rate is the payment for services delivered on a per unit of service basis. This rate shall be negotiated between the provider of services and the county mental health program. The negotiated rate shall be submitted to the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the rate. If approval is received after the commencement date of the contract, the approval shall be retroactive to the commencement date. Should the negotiated rate be disapproved after the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with Section 5705. Once this rate is approved by the State Department of Mental Health, all participating

governmental funding shall be bound by that amount as the cost of providing that service for that county mental health program to the extent that the governmental funding source participates in funding the county mental health program. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health.

Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's expenditure or retention of funds received pursuant to this paragraph.

(c) The director may negotiate net amount contracts between counties and the State Department of Mental Health in lieu of the Short-Doyle plan and budgets. Provisions of the contract shall include at least all of the following:

(1) Assurance of an adequate quality and quantity of services.

(2) Provision for access to services by patients residing within the contracting county.

(3) Statistical and cost reporting necessary to maintain the statewide mental health data base. For the purpose of verifying the conformance to provisions of the contract and the establishment of data necessary for subsequent contract negotiation, the State Department of Mental Health shall have access to financial and service records.

(4) A method for reimbursing the State Department of Mental Health for state hospital obligations incurred by the county.

(5) Assurance that citizen participation as described in Section 5606 will be achieved.

(6) A negotiated net amount contract shall not preclude the county from subcontracting to purchase all or part of the delivery of mental health services from noncounty providers.

(7) Assurance that all funds paid out by the state under this subdivision shall be used exclusively for the purpose of providing mental health services, which shall include, but not be limited to, defraying operating and capital costs.

Contracts entered into under this subdivision shall be subject to all the provisions of subdivisions (a) and (b), but shall be exempt from the requirements contained in the Public Contract Code and the State Administrative Manual, and shall be exempt from approval by the Department of General Services.

(d) It is not the intent of the Legislature to preclude counties from reimbursing providers by using methods other than those in this section when these counties are part of a Short-Doyle and Medi-Cal consolidation program established pursuant to Article 5 (commencing with Section 14660) of Chapter 8.8 of Part 3 of Division 9.

(e) Counties that propose to negotiate rate or net amount contracts with the State Department of Mental Health pursuant to subdivision (c) in lieu of the Short-Doyle annual plan shall inform the Mental Health Advisory Board of its intentions in the following ways:

(1) Prior to opening of negotiations, the local program director shall submit to the board an outline of issues to be negotiated and the intended agreement on each issue.

(2) At each regular meeting of the board, during the period of negotiations, the local program director shall inform the board of progress on each issue and shall request the board's advice on how to further proceed on the negotiations.

(f) The county shall bear the financial risk in providing any and all mental health services to the population described and enumerated in the approved contract within the net amount.

(g) By April 1, 1989, the State Department of Mental Health shall submit to the Legislature an evaluation of the extent to which the objectives of negotiated net amount contracts have been met, including, but not limited to:

(1) Increased use of less restrictive treatment alternatives.

(2) Decreased rates compared to rates for similar services provided in counties that remain under the actual cost-reimbursement methodology.

(3) Quality and quantity of services and access to services equal to or better than the quality and quantity of services provided prior to negotiating the net amount contract.

(4) Reduction of state hospital utilization.

(h) This section shall remain in effect only until July 1, 1991, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1991, deletes or extends such date.

SEC. 7. Section 5705.2 of the Welfare and Institutions Code, as amended by Section 3 of Chapter 1080 of the Statutes of 1985, is amended to read:

5705.2. (a) It is the intent of the Legislature that the use of negotiated net amounts or rates, as provided in subdivision (b), be given preference in contracts for services under this division.

(b) Negotiated net amounts or rates may be used as the cost of services only in accordance with the following provisions:

(1) A negotiated net amount shall be determined by calculating the total budget for services for a program or a component of a program, less the amount of projected revenue. This net amount shall be negotiated between the provider of services and the county mental health program, and may be used by providers in contracts with the county. The negotiated net amount shall be submitted to

the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the net amount. If approval is received after the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with Section 5705. Once the negotiated net amount is approved by the State Department of Mental Health, all participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9), shall be bound to that amount as the cost of providing all or part of the total county mental health program as described in the county Short-Doyle plan for each fiscal year to the extent that the governmental funding source participates in funding the county mental health program. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health. Contracts entered into pursuant to this paragraph shall be financed within an approved Short-Doyle plan or contract.

Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's expenditure or retention of funds received pursuant to this paragraph.

(2) A negotiated rate is the payment for services delivered on a per unit of service basis. This rate shall be negotiated between the provider of services and the county mental health program. The negotiated rate shall be submitted to the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the rate. If approval is received after the commencement date of the contract, the approval shall be retroactive to the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with Section 5705. Once this rate is approved by the State Department of Mental Health, all participating governmental funding sources shall be bound by that amount as the cost of providing that service for that county mental health program to the extent that the governmental funding source participates in funding the county mental health program. Where the State Department of Health Services promulgates regulations for determining

reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health.

Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's expenditure or retention of funds received pursuant to this paragraph.

This section shall become operative July 1, 1991.

CHAPTER 1107

An act to add Section 5751.7 to the Welfare and Institutions Code, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 5751.7 is added to the Welfare and Institutions Code, to read:

5751.7. For the purposes of this part and the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000)), the department shall ensure that, whenever feasible, minors shall not be admitted into psychiatric treatment with adults if the health facility has no specific separate housing arrangements, treatment staff, and treatment programs designed to serve children or adolescents. The director shall provide waivers to counties, upon their request, if this policy creates undue hardship in any county due to inadequate or unavailable alternative resources. In granting the waivers, the director shall require the county to establish specific treatment protocols and administrative procedures for identifying and providing appropriate treatment to minors admitted with adults.

However, notwithstanding any other provision of law, no minor may be admitted for psychiatric treatment into the same treatment ward as any adult receiving treatment who is in the custody of any jailor for a violent crime, is a known registered sex offender, or has a known history of, or exhibits inappropriate, sexual, or other violent behavior which would present a threat to the physical safety of

minors.

SEC. 2. The State Department of Health Services shall survey all licensed acute care hospitals to gather all of the following information:

(a) The numbers of minors, ages 0 to 14, inclusive, and ages 14 to 18, inclusive, receiving psychiatric treatment.

(b) The treatment programs in these facilities, how many minors are in distinct programs designed and staffed for minors, and how many minors receive treatment in programs designed and staffed for minors as well as adults.

The department shall report the information gathered under this section to the Governor and the Legislature no later than January 1, 1990.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because children, even as young as five years old, are being held in adult psychiatric wards where they cannot receive the treatment they need, it is necessary that this act take immediate effect.

CHAPTER 1108

An act to amend Sections 1030 and 1032 of the Unemployment Insurance Code, relating to unemployment compensation.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 1030 of the Unemployment Insurance Code is amended to read:

1030. (a) Any employer who is entitled under Section 1327 to receive notice of the filing of a new or additional claim may, within 10 days after mailing of the notice, submit to the department any facts within its possession disclosing whether the claimant left the employer's employ voluntarily and without good cause or was discharged from the employment for misconduct connected with his or her work, or whether the discharge or quit from his or her most recent employer was the result of an irresistible compulsion to use or consume intoxicants including alcoholic beverages, or whether the claimant was a student employed on a temporary basis and whose employment began within, and ended with his or her leaving to return to school at the close of, his or her vacation period, or whether the claimant left the employer's employ to accompany his or her spouse to or join her or him at a place from which it is impractical to commute to the employment, to which a transfer of the claimant

by the employer is not available, and at which the spouse has secured employment. The period during which the employer may submit these facts may be extended by the director for good cause.

(b) Any base period employer who is not entitled under Section 1327 to receive notice of the filing of a new or additional claim and is entitled under Section 1329 to receive notice of computation may, within 15 days after mailing of the notice of computation, submit to the department any facts within its possession disclosing whether the claimant left the employer's employ voluntarily and without good cause or was discharged from the employment for misconduct connected with his or her work, or whether the claimant was a student employed on a temporary basis and whose employment began within, and ended with his or her leaving to return to school at the close of, his or her vacation period, or whether the claimant left the employer's employ to accompany his or her spouse to or join her or him at a place from which it is impractical to commute to the employment, to which a transfer of the claimant by the employer is not available, and at which the spouse has secured employment. The period during which the employer may submit such facts may be extended by the director for good cause.

(c) The department shall consider these facts together with any information in its possession. If the employer is entitled to a ruling under subdivision (b) or to a determination under Section 1328, the department shall promptly notify the employer of its ruling as to the cause of the termination of the claimant's employment. The employer may appeal from a ruling or reconsidered ruling to an administrative law judge within 20 days after mailing or personal service of notice of the ruling or reconsidered ruling. The 20-day period may be extended for good cause, which shall include, but not be limited to, mistake, inadvertence, surprise, or excusable neglect. The director shall be an interested party to any appeal. The department may for good cause reconsider any ruling or reconsidered ruling within either five days after the date an appeal to an administrative law judge is filed or, if no appeal is filed, within 20 days after mailing or personal service of notice of the ruling or reconsidered ruling, except that any ruling or reconsidered ruling which relates to a determination which is reconsidered pursuant to subdivision (a) of Section 1332 may also be reconsidered by the department within the time provided for reconsideration of such determination.

(d) For purposes of this section only, if the claimant voluntarily leaves the employer's employ without notification to the employer of the reasons therefor, and if the employer submits all of the facts within its possession concerning the leaving within the applicable time period referred to in this section, the leaving shall be presumed to be without good cause.

(e) An individual whose employment is terminated under the compulsory retirement provisions of a collective bargaining agreement to which the employer is a party shall not be deemed to

have voluntarily left his or her employment without good cause.

SEC. 2. Section 1032 of the Unemployment Insurance Code is amended to read:

1032. If it is ruled under Section 1030 or 1328 that the claimant left the employer's employ voluntarily and without good cause or was discharged by reason of misconduct connected with his or her work, or that he or she was a student employed on a temporary basis and whose employment began within, and ended with his or her leaving to return to school at the close of, his or her vacation period, or that he or she left the employer's employ to accompany his or her spouse to or join her or him at a place from which it is impractical to commute to such employment, to which a transfer of the claimant by the employer is not available, and at which the spouse has secured employment, benefits paid to the claimant subsequent to the termination of employment due to such voluntary leaving or discharge, or due to the termination of the temporary employment of a student whose employment began within, and ended with his or her leaving to return to school at the close of, his or her vacation period, or due to the termination of employment caused by the leaving to accompany or join a spouse, or if it is shown the claimant's discharge or quit from his or her most recent employer was the result of an irresistible compulsion to use or consume intoxicants including alcoholic beverages, which are based upon wages earned from the employer prior to the date of such termination of employment, shall not be charged to the account of such employer, except as provided by Section 1026, unless he or she failed to furnish the information specified in Section 1030 within the time limit prescribed in that section or unless such ruling is reversed by a reconsidered ruling.

CHAPTER 1109

An act to amend Sections 91502.1, 91503, 91505, 91527, 91530, 91531, 91535, 91537.5, 91538, 91549, and 91573 of, to add Section 91558 to, and to repeal and add Section 91504 of, the Government Code, relating to industrial development, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

91502.1. (a) The Legislature declares that it is the policy of this state, consistent with environmental, resource conservation, and other policies, to facilitate for and on behalf of private enterprise the acquisition of property, either suitable for or evidencing an

obligation respecting any one or more of the activities or uses set forth in Section 91503, through the issuance of revenue bonds by authorities in accordance with the criteria set forth in subdivision (b), and that this additional method of financing when made available in accordance with that policy serves a public purpose and will promote the prosperity, health, safety, and welfare of the citizens of the State of California.

(b) The Legislature declares that the criteria to be utilized to determine whether this method of financing may be made available shall include the following:

(1) Whether employment benefits arising out of the use of the facilities may ensue by securing or increasing (A) the number of employees of the company and any other direct users of the facilities or (B) compensation for that employment, the value of which may be expressed in terms of aggregate direct employment earnings.

(2) Whether energy, mineral or natural or cultivated resource conservation benefits arising out of the use of the facilities may ensue by the reduction of waste, improvement of recovery or intensification of utilization of resources that otherwise would be less intensively utilized, or wasted, or not recovered, the value of which may be expressed in terms of the price and amount of the energy, minerals, or other resources saved or recovered, or the price and amount of equivalent energy, minerals, or other resources which would be utilized were the resources not utilized as intensively.

(3) Whether consumer benefits arising out of the use of the facilities may ensue by any of the following:

(A) Improvement of the quantity or quality or reduction in the price of products, energy, or related services or facilities, the value of which may be expressed in terms of quantity and price differentials.

(B) Production of new or improved products, or related services or facilities, the value of which may be expressed in terms of quantity and price.

(C) The transfer of ownership of a business or place of work which has closed or is in danger of closing, to its employees for the purpose of formation of an employee-owned corporation, as defined by subdivision (c).

(c) For purposes of this section, "employee-owned corporation" means a corporation which is under employee ownership. "Employee ownership" means the majority ownership of a business in this state by a majority of its employees under either of the following methods:

(1) Establishment of an Employee Stock Ownership Plan (ESOP) pursuant to the federal Employee Retirement Income and Security Act (ERISA). All stock initially issued at the time of formation of the employee-owned corporation shall be allocated to the employees and become fully vested within five years of the date the employee-owned corporation begins operation. Voting rights of the employees are established in accordance with Section 409A(e) of the

SEC. 4.5. Section 91505 of the Government Code is amended to read:

SEC. 5. Section 91527 of the Government Code is amended to read:

91527. Authorities shall have all powers necessary or appropriate for carrying out the purposes of this title including, without limitation, the following powers, together with all powers incidental thereto:

SEC. 6. Section 91530 of the Government Code is amended to read:

91530. (a) Applications for projects or companies not in accordance with the reasonable priorities and criteria which an authority may establish need not be accepted and further processed by an authority.

(b) Acceptance of any application in no way obligates an authority to adopt a resolution of intention or undertake the project proposed.

(c) Upon acceptance of any application and request of a company, the board shall determine whether it is likely that the undertaking of the project by the authority will be a substantial factor in the accrual of one or more of the public benefits from the use of the facilities as proposed in the application, whether the activities or uses are in accord with Section 91503, and whether the project is otherwise in accord with the purposes and requirements of this title.

(d) Upon affirmative determinations under subdivision (c), the board may express the present intention of the authority to issue bonds in connection with the project and shall evidence the same by the adoption of a resolution of intention to undertake the project. The resolution of intention shall briefly describe the facilities, state the estimated principal amount of the bond issue (which estimate shall not limit the amount of bonds which may be issued), indicate whether it is expected that the bonds will be tax-exempt or taxable, and identify the company that is the applicant, and may include other provisions as the board shall prescribe.

(e) A notice of the filing of an application, naming the company that is the applicant, briefly describing the facilities, stating the estimated principal amount of the bond issue and referring to the application for further particulars, shall be published by the secretary of the authority pursuant to Section 6061, and in the event the facilities are proposed to be located in a city and the project is proposed to be undertaken by an authority the jurisdiction of which is countywide, a copy of the notice shall be mailed by the secretary of the authority to the governing body of such city. Any amendment, supplement or clarification of an application which changes the company that is the applicant, the description of the facilities, or the estimated principal amount of the bond issue, as previously noticed,

shall be noticed in the same manner.

(f) A copy of the application shall be filed with the public agency. The authority shall not issue bonds with respect to any project unless the public agency shall approve, conditionally or unconditionally, the project, including the issuance of bonds therefor. Action to approve or disapprove a project shall be taken within 45 days of the filing with the public agency. Certification of approval or disapproval shall be made by the clerk of the public agency to the authority. If the governing body has declared itself to be the board pursuant to Section 91523, the approvals and other actions required of the authority or the public agency by this section may be taken and performed on a joint and consolidated basis, as may be deemed practicable in the discretion of the public agency.

(g) A resolution of intention may be revoked, amended, supplemented or clarified by the board, at any time prior to entry into the project agreements. The project agreements, indenture, bonds and other proceedings shall be consistent with the resolution of intention, and shall supersede it except to the extent otherwise expressed.

SEC. 7. Section 91531 of the Government Code is amended to read:

91531. (a) At any time following adoption of the resolution of intention, the board shall request that the commission make the determinations authorized by this section and shall provide for transmission to the commission of the fee required by the commission and such information as may be required by the commission.

(b) The commission shall review the submission and shall, by express findings on the basis of the submission, determine compliance with the following criteria:

(1) Public benefits, determined in accordance with the policy stated in Section 91502.1, from the use of the facilities likely will substantially exceed any public detriment from issuance of bonds in the estimated principal amount proposed in the application.

(2) Neither the completion of the project nor the operation of the facilities will have the proximate effect of relocation of any substantial operations of the company from one area of the state to another or in the abandonment of any substantial operations of the company within other areas of the state, or, if the completion or operation will have either of the effects, then the completion or operation is reasonably necessary to prevent the relocation of any substantial operations of the company from an area within the state to an area outside the state.

(3) The proposed issuance of bonds qualifies for issuance under the provisions of Article 5 (commencing with Section 91570).

(c) Written notification of the determinations of the commission shall be given the authority.

(d) Upon failure of the commission to make determinations as to compliance with the criteria within 60 days of the receipt of the

submission, unless the time is extended by written consent of the authority, the commission shall lose jurisdiction to make the determinations, and the authority shall determine compliance with the criteria.

(e) A proposed issuance of refunding bonds shall be evaluated solely under the requirement of paragraph (3) of subdivision (b), upon request of the board following the determination provided for in subdivision (j) of Section 91527.

(f) Determinations of the commission or of an authority as provided in subdivision (j) of Section 91527, Section 91530, and this section shall be final and conclusive.

(g) The authority shall not deliver bonds for the project until this section has been complied with.

(h) It is the intention of the Legislature that submissions be reviewed by the commission individually and not comparatively and that determinations be made generally in the order of receipt of the submissions. To the extent consistent with accomplishment of the public purposes as provided in Section 91502, priority consideration shall be given submissions on behalf of small and medium-size companies. To the extent that the public benefits finding under paragraph (1) of subdivision (b) of this section is based on employment benefits under paragraph (1) of subdivision (b) of Section 91502.1, the following considerations, as alternatives to each other, may in accordance with the submission, additionally be considered in making such finding:

(1) The willingness of the company to provide for the screening for employment of (i) individuals affected by industrial relocations or abandonments, (ii) new entrants or reentrants to the work force, (iii) unemployed or partially unemployed individuals who are registered for work at a public employment office or other approved place pursuant to Section 1253 of the Unemployment Insurance Code, or (iv) individuals participating in job training or placement programs directly calculated to increase employability or improve the employment of these individuals.

(2) The location of the facilities in or conveniently accessible to a portion of the work force residing within an economically distressed area of the state or an area of the state affected by industrial depression or decline.

An adverse finding shall not be made merely because each of such alternative considerations is inapplicable if the facilities are located in or are conveniently accessible to a portion of the work force residing within a pocket of economic distress or an area of the state largely rural in character.

SEC. 8. Section 91535 of the Government Code is amended to read:

91535. (a) All bonds issued by an authority in connection with a project shall be special obligations, only, of the authority, payable solely out of the revenues or out of the other sources specified in the proceedings.

(b) The bonds prescribed by subdivision (a) may:

(1) Be executed and delivered by the authority at any time and from time to time;

(2) Be in such type and denominations and of such terms and maturities;

(3) Be in registered or bearer form either as to principal or interest or both and carry such conversion and reconversion privileges;

(4) Be payable as term bonds or in such installments and at such time or times not exceeding 40 years from the date thereof;

(5) Be payable in such mediums and at such place or places within or without the state;

(6) Be sold below par or face value thereof, but the sale price of tax-exempt bonds shall not be less than 95 percent of the par or face value of the bond;

(7) Be exchangeable for, or issuable in lieu of, such bonds;

(8) Be issuable in temporary form pending preparation of and exchange for definitive bonds; and

(9) Be executed by such officers, be authenticated, and contain such provisions not inconsistent with this article; all as shall be provided in the proceedings.

(c) If deemed advisable by the board, there may be retained in or granted by the proceedings an option to redeem or to cause to be redeemed prior to maturity all or any part of any bonds as may be specified in the proceedings, at the price or prices and after any notice or notices and on any terms and conditions which may be set forth in the proceedings and as may be briefly recited in the bond. Nothing in this title shall be construed to confer on an authority or any bondholder or trustee any right or option to redeem or cause the redemption of any bonds, except as may be provided in the proceedings under which they shall have been issued.

(d) Issuance by an authority of one or more issues of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same project or any other project, subject to any agreements with bondholders which may then exist.

(e) Any bonds of an authority at any time outstanding may at any time, and from time to time, be refunded, including the payment of any redemption premium and accrued interest to the date of redemption, by an authority by the issuance of its refunding bonds in any amount which the board may deem necessary or appropriate. Bonds may be issued as one issue for refunding and other authorized purposes. Any refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds to the payment, purchase or redemption of the bonds to be refunded thereby or to the deposit or investment in securities or obligations yielding amounts sufficient to pay or redeem the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby or bonds and claims with the consent

of the holders of the bonds so to be refunded and with such cash or property adjustments as may be agreed, and regardless of whether or not the bonds proposed to be refunded shall be payable at the same date or different dates or shall be due serially or otherwise.

(f) Each bond shall be deemed to be an investment security under the Uniform Commerical Code and a negotiable instrument, subject only to any provisions thereof for registration or other provisions restricting transfer, and shall be deemed to have been issued for an authorized purpose of the authority in exercise of the powers granted by this article, provided that the board so determines in the proceedings and the determination is recited in the bond.

SEC. 9. Section 91537.5 of the Government Code is amended to read:

91537.5. The bonds may bear interest on the amount or amounts, payable at the time or times, evidenced in the manner and at the fixed or variable rate or rates as shall be established by or pursuant to a method approved by the board, but the maximum rate of interest to be paid on any tax-exempt bonds shall not exceed 12 percent per annum or such higher rate as is at the time of accrual of interest then stated in Section 53531 or other applicable law. In the case of taxable bonds, or tax-exempt bonds the interest on which becomes includable in federal gross income after original issuance, the maximum rate of interest to be paid on the bonds shall not exceed 16 percent per annum. Project agreements may bear up to the same rate of interest as the underlying bonds.

SEC. 10. Section 91538 of the Government Code is amended to read:

91538. (a) Bonds may be sold at the prices which the board directs, at public or private sale, subject to subdivision (b) of Section 91535.

(b) The aggregate principal amount of tax-exempt bonds of an issue pursuant to this article for any project shall not exceed ten million dollars ($10,000,000).

(c) The aggregate principal amount of taxable bonds of an issue pursuant to this article for any project shall not exceed fifty million dollars ($50,000,000).

SEC. 11. Section 91549 of the Government Code is amended to read:

91549. (a) Except as may be authorized by other state legislation, this title provides the exclusive authority of public agencies for the undertaking, carrying out, and completion of projects authorized by this title.

(b) Except as limited by subdivision (a), the authorizations of this title shall be regarded as supplemental and additional to powers conferred by other laws. However, all projects authorized by this title which are undertaken, carried out, or completed by redevelopment agencies shall be subject to the terms and limitations of this title, notwithstanding the authorities and provisions created by and under other laws.

(c) In the exercise of any of the powers conferred, including powers relating to the offer, issuance, and sale of bonds, under this title, authorities need not comply with any law applicable to the exercise of similar powers except as referred to in this article.

(d) A charter city which is otherwise authorized to undertake, carry out and complete projects hereunder authorized need not comply with this title as to warehousing activities.

SEC. 12. Section 91558 is added to the Government Code, to read:

91558. (a) The commission may, upon request of two or more authorities, in order to share expenses and facilitate bond issuance, act as a pooling agent to issue bonds on a joint or composite basis for companies which have applied for financing to the participating authorities. Authorities shall enter into written agreements with the commission specifying the projects which are to be delegated to the commission for financing pursuant to this section.

(b) Prior to issuance of any bonds pursuant to this section, the authority and public agency shall have completed the procedures required by Section 91530.

(c) The commission may issue bonds as requested and authorized by this section. For these purposes, the commission is granted all of the powers of an authority and may enter into project agreements and take all steps toward the sale, issuance, and security of bonds in the same manner as authorities may do. The resolution required by Section 91537 shall be adopted by the commission rather than by an authority.

SEC. 13. Section 91573 of the Government Code is amended to read:

91573. (a) The aggregate amount of bonds qualified pursuant to this title in each calendar year shall not exceed three hundred fifty million dollars ($350,000,000) of the tax-exempt bonds and three hundred fifty million dollars ($350,000,000) of taxable bonds, per calendar year, commencing January 1, 1987. Until October 1 of each year, a minimum of 10 percent of the aggregate amount of taxable bond authority and a minimum of 10 percent of the aggregate amount of tax-exempt bond authority shall be reserved for projects located in enterprise zones pursuant to subdivision (d) of Section 7073 and program areas pursuant to subdivision (i) of Section 7082. Any unused portion of the above reserved amounts as of October 1 of each year shall be made available for projects without regard to enterprise zones and program areas.

(b) Each authority shall file with the commission reports at those times which are required by the commission, setting forth with respect to each project the bonds of an issue qualified by the commission or the authority, the bonds which have been issued and the dates of delivery and receipt of the purchase prices thereof, and the passage of the period or periods for lapse of qualification.

(c) Bonds may be delivered in return for the purchase price within a six-month period of the making of the determinations required to be made pursuant to Section 91531 or the making of the

last determinations to be made pursuant to Section 91532, unless extended for a definite period by further commission action or further authority action in the event the determinations were made by an authority pursuant to subdivision (d) of Section 91531. The unissued amount of a qualification lapses upon the expiration of such period or periods.

SEC. 14. Section 2.5 of this bill incorporates amendments to Section 91503 of the Government Code proposed by both this bill and AB 1859. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1988, but this bill becomes operative first, (2) each bill amends Section 91503 of the Government Code, and (3) this bill is enacted after AB 1859, in which case Section 91503 of the Government Code, as amended by Section 2 of this bill, shall remain operative only until the operative date of AB 1859, at which time Section 2.5 of this bill shall become operative.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The federal Tax Reform Act of 1986 has significantly altered the ability of local governments to issue revenue bonds for industrial development. It is necessary for this bill to take effect immediately so that state laws can be conformed to the new federal tax laws, which are already in effect.

CHAPTER 1110

An act to amend Section 3003 of, and to add Section 3058.6 to, the Penal Code, relating to prisoners.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 3003 of the Penal Code is amended to read:

3003. (a) An inmate who is released on parole shall be returned to the county from which he or she was committed.

For purposes of this subdivision, "county from which he or she was committed" means the county where the crime for which the inmate was convicted occurred.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county in a case where that would be in the best interests of the public and of the parolee. If the Board of Prison Terms setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168 or the Department of Corrections setting the conditions of parole for inmates sentenced pursuant to

Section 1170 decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record. In making its decision, the authority may consider, among others, the following factors:

(1) The need to protect the life or safety of a victim, the parolee, a witness or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The last legal residence of the inmate having been in another county.

(5) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(6) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) An inmate may be paroled to another state pursuant to any other provision of law.

SEC. 2. Section 3058.6 is added to the Penal Code, to read:

3058.6. (a) Whenever any person confined to state prison is serving a term for the conviction of a violent felony listed in subdivision (c) of Section 667.5, the Board of Prison Terms, with respect to inmates sentenced pursuant to subdivision (b) of Section 1168 or the Department of Corrections, with respect to inmates sentenced pursuant to Section 1170, shall notify the sheriff or chief of police, or both, having jurisdiction over the community in which the person is scheduled to be released on parole or rereleased following a period of confinement pursuant to a parole revocation without a new commitment. Except as provided in subdivision (b), the notification shall be made at least 15 days prior to the scheduled release date and, in all cases, shall include the name of the person who is scheduled to be released, whether or not the parolee is required to register with law enforcement, and the community in which the person will reside.

(b) When an inmate serving a term for the conviction of a violent felony listed in subdivision (c) of Section 667.5 is scheduled to be released pursuant to subdivision (b) of Section 3003 to a county other than the county from which he or she was committed, the board or department shall provide written notice of that release to the sheriff or police chief, or both, having jurisdiction over the community in which the inmate is scheduled to be released. The notification shall be made at least 45 days prior to the scheduled release date and, in all cases, shall include the name of the person who is scheduled to be released, whether or not the person is required to register with local law enforcement, and the community in which the person will reside.

The law enforcement agency receiving the notice referred to in this subdivision shall have 15 days from receipt of the notice to

provide written comment to the board or department regarding the impending release. Those comments shall be considered by the board or department which may, based on those comments, modify its decision regarding the community in which the person is scheduled to be released.

(c) In the event that the court orders the immediate release of an inmate, the department shall notify the sheriff or chief of police, or both, having jurisdiction over the community in which the person is scheduled to be released on parole at the time of release.

(d) The notification required by this section shall be made whether or not a request has been made under Section 3058.5.

(e) The time limits imposed by this section are not applicable where the release date of an inmate has been advanced by restoration of behavior credits, presentence credits, or other process or procedure that could not have reasonably been anticipated by the Department of Corrections and where, as the result of the time adjustments, there is less than 30 days remaining on the sentence before the inmate's release on parole, but notice shall be given as soon as practicable. In no case shall notice required by this section to the appropriate law enforcement agency be later than the day of release on parole. If, after the 45-day notice to law enforcement relating to an out-of-county placement, there is change of county, notice to the ultimate county of placement shall be made upon the determination of the county of placement.

CHAPTER 1111

An act to amend Sections 33080.6, 33334.2, 33334.3, 33334.6, and 33413 of, to amend, repeal, and add Section 33080.4 of, and to add Section 33011.2 to, the Health and Safety Code, relating to housing.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature reaffirms its finding and declaration, stated in Section 33334.6 of the Health and Safety Code, that the provision of housing is itself a fundamental purpose of the Community Redevelopment Law and that a generally inadequate statewide supply of decent, safe, and sanitary housing affordable to persons of low and moderate income, as defined by Section 50093 of that code, threatens the accomplishment of the primary purposes of the Community Redevelopment Law, including job creation, attracting new private investments, and creating physical, economic, social, and environmental conditions to remove and prevent the recurrence of blight, and that the provision of affordable housing by redevelopment agencies and the use of taxes allocated to the agency

pursuant to subdivision (b) of Section 33670 of that code is of statewide benefit and of particular benefit and assistance to all local governmental agencies where the housing is provided.

SEC. 2. Section 33011.2 is added to the Health and Safety Code, to read:

33011.2. "Director" means the Director of Housing and Community Development.

SEC. 3. Section 33080.4 of the Health and Safety Code is amended to read:

33080.4. For the purposes of compliance with subdivision (c) of Section 33080.1, the description of the agency's activities shall contain the following information regardless of whether each activity is funded exclusively by the state or federal government, for each project area and for the agency overall:

(a) Pursuant to Section 33413, the total number of households, including separate subtotals of the numbers of households for persons and families of low or moderate income and very low income households, that were displaced or moved from their dwelling units as part of a redevelopment project of the agency during the previous fiscal year.

(b) Pursuant to Section 33413.5, the total number of households, including separate subtotals of the numbers of households for persons and families of low or moderate income and very low income households, that the agency estimates will be displaced or will move from their dwellings as part of a redevelopment project of the agency during the present fiscal year.

(c) The total number of dwelling units housing persons and families of low and moderate income and very low income households, respectively, which have been destroyed or removed from the low- or moderate-income housing market during the previous fiscal year as part of a redevelopment project of the agency.

(d) The total numbers of agency-assisted dwelling units which were constructed, rehabilitated, acquired, or subsidized during the previous fiscal year for occupancy at an affordable housing cost by persons and families of low and moderate income and very low income households, respectively.

(e) The status and use of the Low and Moderate Income Housing Fund created pursuant to Section 33334.3, including information on the use of this fund for very low income households, lower income households and households for persons and families of low or moderate income.

(f) Any other information which the agency believes useful to explain its housing programs, including, but not limited to, housing for persons and families of other than low and moderate income.

This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 3.5. Section 33080.4 is added to the Health and Safety Code, to read:

33080.4. For the purposes of compliance with paragraph (e) of Section 33080.1, the description of the agency's activities shall contain the following information irrespective of whether or not each activity is funded exclusively by the state or federal government:

(a) The total number of households that were displaced or moved from their dwelling units as part of a redevelopment project of the agency during the previous fiscal year.

(b) The total number of households that the agency estimates will be displaced or will move from their dwellings as part of a redevelopment project of the agency during the present fiscal year.

(c) The total number of dwelling units housing persons and families of low and moderate income which have been destroyed or removed from the low- or moderate-income housing market during the previous fiscal year as part of a redevelopment project of the agency.

(d) The total number of dwelling units which the agency has caused to be constructed, rehabilitated, or developed during the previous fiscal year for occupancy at an affordable housing cost by persons and families of low and moderate income.

This section shall become operative January 1, 1991.

SEC. 4. Section 33080.6 of the Health and Safety Code is amended to read:

33080.6. On or before April 1 of each year, the department shall compile and publish reports of the activities of redevelopment agencies for the previous fiscal year, based on the information reported pursuant to subdivision (c) of Section 33080.1 and reporting the types of findings made by agencies pursuant to paragraph (1), (2), or (3) of subdivision (a) of Section 33334.2, including the date of the findings. The department's compilation shall also report on the project area mergers reported pursuant to Section 33488. The department shall publish this information for each project area of each redevelopment agency. These reports may also contain the biennial review of relocation assistance required by Section 50460. The first report published pursuant to this section shall be for the 1984–85 fiscal year. For fiscal year 1987–88 and succeeding fiscal years, the report shall contain a list of those project areas which are not subject to the requirements of Section 33413.

This section shall remain in effect only until January 1, 1991, and as of that date is repealed unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 5. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes which are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing and improving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless

one of the following findings is made annually by resolution:

(1) That no need exists in the community to improve or increase the supply of low- and moderate-income housing in a manner which would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(2) That some stated percentage less than 20 percent of the taxes which are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need which can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with the provisions of Article 9 (commencing with Section 33410).

(b) Within 10 days following the making of a finding under subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of

any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purpose of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire land or building sites.

(2) Improve land or building sites with onsite or offsite improvements.

(3) Donate land to private or public persons or entities.

(4) Construct buildings or structures.

(5) Acquire buildings or structures.

(6) Rehabilitate buildings or structures.

(7) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093.

(8) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that such use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area which is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) (1) Notwithstanding Sections 50079.5, 50093, and 50105, for purposes of providing assistance to mortgagors participating in a

homeownership residential mortgage revenue bond program pursuant to Section 33750, or a home financing program pursuant to Section 52020, or a California Housing Finance Agency home financing program, "area median income" means the highest of the following:

(A) Statewide median household income.

(B) Countywide median household income.

(C) Median family income for the area, as determined by the United States Department of Housing and Urban Development with respect to either a standard metropolitan statistical area or an area outside of a standard metropolitan statistical area.

Nothing in Section 50093 shall prevent the agency from adopting separate family size adjustment factors or programmatic definitions of income to qualify households, persons, and families for the programs of the agency.

(2) To the extent that any portion of the Low and Moderate Income Housing Fund is expended to provide assistance to mortgagors participating in programs whose income exceeds that of persons and families of low or moderate income, as defined in Section 50093, the agency shall, within two years, expend or enter into a legally enforceable agreement to expend twice that sum exclusively to increase and improve the community's supply of housing available at affordable housing cost, as defined in Section 50052.5, to lower income households, as defined in Section 50079.5, of which at least 50 percent shall be very low income households, as defined in Section 50105.

(3) In addition to the requirements of subdivision (c) of Section 33413, the agency shall require that the lower and very low income dwelling units developed pursuant to this subdivision remain available at affordable housing cost to lower and very low income households for at least 30 years, except as to dwelling units developed with the assistance of federal or state subsidy programs which terminate in a shorter period and cannot be extended or renewed.

(4) The agency shall include within the report required by Section 33080 information with respect to compliance by the agency with the requirements of this subdivision.

SEC. 5.5. Section 33334.2 of the Health and Safety Code, as amended by Section 1 of SB 1218, is amended to read:

33334.2. (a) Not less than 20 percent of all taxes which are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing and improving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless one of the following findings is made annually by resolution:

(1) That no need exists in the community to improve or increase the supply of low- and moderate-income housing in a manner which would benefit the project area and that this finding is consistent with

the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(2) That some stated percentage less than 20 percent of the taxes which are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need which can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with the provisions of Article 9 (commencing with Section 33410).

(b) Within 10 days following the making of a finding under subdivision (a), the agency shall send the Department of Housing and Community Development a copy of the finding, including the factual information supporting the finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purpose of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire land or building sites.

(2) Improve land or building sites with onsite or offsite improvements.

(3) Donate land to private or public persons or entities.

(4) Construct buildings or structures.

(5) Acquire buildings or structures.

(6) Rehabilitate buildings or structures.

(7) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093.

(8) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(9) Maintain the community's supply of mobilehomes.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that such use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area which is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) (1) Notwithstanding Sections 50079.5, 50093, and 50105, for purposes of providing assistance to mortgagors participating in a homeownership residential mortgage revenue bond program pursuant to Section 33750, or a home financing program pursuant to Section 52020, or a California Housing Finance Agency home

financing program, "area median income" means the highest of the following:

(A) Statewide median household income.

(B) Countywide median household income.

(C) Median family income for the area, as determined by the United States Department of Housing and Urban Development with respect to either a standard metropolitan statistical area or an area outside of a standard metropolitan statistical area.

Nothing in Section 50093 shall prevent the agency from adopting separate family size adjustment factors or programmatic definitions of income to qualify households, persons, and families for the programs of the agency.

(2) To the extent that any portion of the Low and Moderate Income Housing Fund is expended to provide assistance to mortgagors participating in programs whose income exceeds that of persons and families of low or moderate income, as defined in Section 50093, the agency shall, within two years, expend or enter into a legally enforceable agreement to expend twice that sum exclusively to increase and improve the community's supply of housing available at affordable housing cost, as defined in Section 50052.5, to lower income households, as defined in Section 50079.5, of which at least 50 percent shall be very low income households, as defined in Section 50105.

(3) In addition to the requirements of subdivision (c) of Section 33413, the agency shall require that the lower and very low income dwelling units developed pursuant to this subdivision remain available at affordable housing cost to lower and very low income households for at least 30 years, except as to dwelling units developed with the assistance of federal or state subsidy programs which terminate in a shorter period and cannot be extended or renewed.

(4) The agency shall include within the report required by Section 33080 information with respect to compliance by the agency with the requirements of this subdivision.

SEC. 6. Section 33334.3 of the Health and Safety Code is amended to read:

33334.3. (a) The funds which are required by Section 33334.2 or 33334.6 to be used for the purposes of increasing and improving the community's supply of low- and moderate-income housing shall be held in a separate Low and Moderate Income Housing Fund until used.

(b) Any interest earned by the Low and Moderate Income Housing Fund shall accrue to the fund and may only be used in the manner prescribed in Section 33334.2.

(c) The moneys in the Low and Moderate Income Housing Fund shall be used to increase and improve the supply of low- and moderate-income housing within the territorial jurisdiction of the agency.

(d) It is the intent of the Legislature that the Low and Moderate Income Housing Fund be used to the maximum extent possible to

defray the costs of production and improvement of low- and moderate-income housing and that the amount of money spent for planning and general administrative activities associated with the development or improvement of that housing not be disproportionate to the amount actually spent for the costs of production and improvement of that housing.

(e) The requirements of this subdivision apply to all new or substantially rehabilitated housing units developed or otherwise assisted, with moneys from the Low and Moderate Income Housing Fund, pursuant to an agreement approved by an agency on or after January 1, 1988. Except to the extent a longer period of time may be required by other provisions of law, the agency shall require that housing units subject to this subdivision shall remain available at affordable housing costs to persons and families of low or moderate income and very low income households for the longest feasible time, but for not less than the following periods of time, except as provided in paragraph (3) of subdivision (j) of Section 33334.2:

(1) Fifteen years for rental units. However, the agency may replace rental units with equally affordable and comparable rental units in another location within the community if (A) the replacement units are available for occupancy prior to the displacement of any persons and families of low or moderate income residing in the units to be replaced and (B) the comparable replacement units are not developed with moneys from the Low and Moderate Income Housing Fund.

(2) Ten years for owner-occupied units. However, the agency may permit sales of owner-occupied units prior to the expiration of the 10-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program which protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program which establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency and deposited in the Low and Moderate Income Housing Fund.

The agency shall require the recording in the office of the county recorder of covenants or restrictions implementing this subdivision for each parcel or unit of real property subject to this subdivision. Notwithstanding any other provision of law, the covenants or restrictions shall run with the land and shall be enforceable, against the original owner and successors in interest, by the agency or the community.

(f) "Housing," as used in this section, includes residential hotels, as defined in subdivision (k) of Section 37912.

SEC. 7. Section 33334.6 of the Health and Safety Code is amended to read:

33334.6. (a) The Legislature finds and declares that the provision of housing is itself a fundamental purpose of the

Community Redevelopment Law and that a generally inadequate statewide supply of decent, safe, and sanitary housing affordable to persons and families of low or moderate income, as defined by Section 50093, threatens the accomplishment of the primary purposes of the Community Redevelopment Law, including job creation, attracting new private investments, and creating physical, economic, social, and environmental conditions to remove and prevent the recurrence of blight. The Legislature further finds and declares that the provision and improvement of affordable housing, as provided by Section 33334.2, outside of redevelopment project areas can be of direct benefit to those projects in assisting the accomplishment of project objectives whether or not those redevelopment projects provide for housing within the project area. The Legislature finds and determines that the provision of affordable housing by redevelopment agencies and the use of taxes allocated to the agency pursuant to subdivision (b) of Section 33670 is of statewide benefit and of particular benefit and assistance to all local governmental agencies in the areas where the housing is provided.

(b) This section is applicable to all project areas, or portions of project areas, which are not subject to Section 33334.2, except that a project area, or portion of a project area, for which a resolution was adopted pursuant to subdivision (i) of Section 33334.2 is subject to this section. Project areas subject to this section which are merged prior to, or on or after, January 1, 1986, are subject to the requirements of both this section and Section 33487. The deposit of taxes into the Low and Moderate Income Housing Fund in compliance with either this section or Section 33487 shall satisfy the requirements of both sections in the year those taxes are deposited.

(c) Except as otherwise permitted by subdivisions (d) and (e), not less than 20 percent of the taxes allocated to the agency pursuant to Section 33670 from project areas specified in subdivision (b) for the 1985–86 fiscal year and each succeeding fiscal year shall be deposited into the Low and Moderate Income Housing Fund established pursuant to Section 33334.3 and used for the purposes set forth in Section 33334.2, unless the agency, by resolution, makes one of the findings described in paragraphs (1) to (3), inclusive, of subdivision (a) of Section 33334.2. Subdivisions (b) and (c) of Section 33334.2 apply if an agency makes any of those findings.

(d) In any fiscal year, the agency may deposit less than the amount required by subdivision (c) into the Low and Moderate Income Housing Fund if the agency finds that the difference between the amount deposited and the amount required by subdivision (c) is necessary to make payments under existing obligations of amounts due or required to be committed, set aside, or reserved by the agency during that fiscal year and which are used by the agency for that purpose. For purposes of this section, "existing obligations" means the principal of, and interest on, loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the agency to finance or refinance, in

whole or in part, any redevelopment project existing on, and created prior to January 1, 1986, and contained on the statement of existing obligations adopted pursuant to subdivision (f). Obligations incurred on or after January 1, 1986, shall be deemed existing obligations for purposes of this section if the net proceeds are used to refinance existing obligations contained on the statement.

(e) In each fiscal year prior to July 1, 1996, the agency may deposit less than the amount required by subdivisions (c) and (d) into the Low and Moderate Income Housing Fund if the agency finds that the deposit of less than the amount required by those subdivisions is necessary in order to provide for the orderly and timely completion of public and private projects, programs, or activities approved by the agency prior to January 1, 1986, which are contained on the statement of existing programs adopted pursuant to subdivision (f). Approval of these projects, programs, and activities means approval by the agency of written documents which demonstrate an intent to implement a specific project, program, or activity and is not limited to final approval of a specific project, program, or activity.

(f) Any agency which deposits less than the amount required by subdivision (c) into the Low and Moderate Income Housing Fund pursuant to subdivision (d) or (e) shall adopt prior to September 1, 1986, by resolution, after a noticed public hearing, a statement of existing obligations or a statement of existing programs, or both.

(1) The agency shall prepare and submit the proposed statement to the legislative body and to the Department of Housing and Community Development prior to giving notice of the public hearing. Notice of the time and place of the public hearing shall be transmitted to the Department of Housing and Community Development at least 15 days prior to the public hearing and notice of the time and place of the public hearing shall be published in a newspaper of general circulation in the community once a week for at least two successive weeks prior to the public hearing. The legislative body shall maintain a record of the public hearing.

(2) A copy of the resolution adopted by the agency, together with any amendments to the statement of the agency, shall be transmitted to the Department of Housing and Community Development within 10 days following adoption of the resolution by the agency.

(3) A statement of existing obligations shall describe each existing obligation and, based upon the best available information, as determined by the agency, list the total amount of the existing obligation, the annual payments required to be made by the agency pursuant to the existing obligation, and the date the existing obligation will be discharged in full.

(4) A statement of existing programs shall list the specific public and private projects, programs, or activities approved prior to January 1, 1986, which are necessary for the orderly completion of the redevelopment plan as it existed on January 1, 1986. No project, program, or activity shall be included on the statement of existing programs unless written evidence of the existence and approval of

the project, program, or activity prior to January 1, 1986, is attached to the statement of existing programs.

(g) If, pursuant to subdivision (d) or (e), the agency deposits less than 20 percent of the taxes allocated to the agency pursuant to Section 33670 in any fiscal year in the Low and Moderate Income Housing Fund, the amount equal to the difference between 20 percent of the taxes allocated to the agency pursuant to Section 33670 for each affected project and the amount deposited that year shall constitute an indebtedness of the project. The agency shall adopt a plan to eliminate the deficit in subsequent years as determined by the agency.

(h) The obligations imposed by this section, including deficits, if any, created under this section, are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670, and shall constitute an indebtedness of the agency with respect to the redevelopment project until paid in full.

(i) In any litigation to challenge or attack a statement of existing obligations, the decision by the agency after the public hearing to include an existing obligation on the statement of existing obligations, or the decision by the agency after the public hearing to include a project, program, or activity on the statement of existing programs, the court shall uphold the action of the agency unless the court finds that the agency has abused its discretion. The Legislature finds and declares that this standard of review is necessary in order to protect against the possible impairment of existing obligations, programs, and activities because agencies with project areas adopted prior to January 1, 1977, have incurred existing obligations and have adopted projects, programs, and activities with the authority to receive and pledge the entire allocation of funds authorized by Section 33670.

SEC. 8. Section 33413 of the Health and Safety Code is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units at affordable housing cost within the territorial jurisdiction of the agency.

(b) (1) At least 30 percent of all new or rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) At least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a) and in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, or constructed pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low income, moderate income, and very low income households, respectively,, but for not less than the period of the land use controls established in the redevelopment plan, except to the extent a longer period of time may be required by other provisions of law. If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in the previous sentence. These requirements shall be made enforceable in the same manner as provided in subdivision (e) of Section 33334.3.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to two replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing

development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equal or exceed the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to the same income level of households as the destroyed or removed units.

SEC. 9. Section 5.5 of this bill incorporates amendments to Section 33334.2 of the Health and Safety Code proposed by both this bill and SB 1218. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1988, (2) each bill amends Section 33334.2 of the Health and Safety Code, and (3) this bill is enacted after SB 1218, in which case Section 33334.2 of the Health and Safety Code, as amended by SB 1218, shall remain operative only until the operative date of this bill, at which time Section 5.5 of this bill shall become operative, and Section 5 of this bill shall not become operative.

SEC. 10. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

In preparing and conducting the report and study of earthquake insurance, the Department of Insurance shall consult with the respective Chairpersons of the Assembly Finance and Insurance Committee and the Senate Insurance, Claims, and Corporations Committee prior to commencing the study and thereafter at least quarterly until the final report is submitted to the Legislature. The department shall also consult with persons who have held the office of Insurance Commissioner since 1970, the Governor's Task Force on Earthquake Hazard Reduction, the State Seismic Safety Commission, the Office of Emergency Services, the current and past consultants to the department on probable maximum loss studies, and other groups, individuals, and agencies as needed. The department is also authorized to retain outside assistance in conducting the study.

SEC. 2. (a) The sum of up to one hundred fifty thousand dollars ($150,000) is hereby appropriated from the Insurance Fund to the Department of Insurance for the purposes of this act, for use during the 1987–88 fiscal year, the 1988–89 fiscal year, the 1989–90 fiscal year,

Therefore, it is necessary that this act take effect immediately.

CHAPTER 1113

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares the following:

(a) The State of California should have an information policy that directs state agencies to ensure the following:

(1) Efficient use of state information resources, including the use of telecommunications and computer systems for the collection, processing, and dissemination of information in the conduct of the state's business.

(2) Reliable and convenient public access to public records, without discrimination among citizens on the basis of ability to pay for access.

(3) Protection for the privacy of persons about whom personal information is supplied to the state, in the conduct of the state's business.

(b) The state has no information policy, and responsibility for efficient, convenient, and secure use of information in the possession of the state is fragmented among various agencies and departments. There is little or no enforcement of current laws which, individually, provide some guidance to state agencies in these areas.

(c) The Legislature and Governor should be regularly informed of the current condition of state information resources so that they can construct a coherent, workable information policy appropriate to the needs of the State of California and its citizens.

SEC. 2. Section 1798.9 of the Civil Code is amended to read:

The notices shall be retained by the originating agency and the office until superseded or until after the record system to which the notice applies is abolished. The notices shall serve as the public directory to agency records containing personal information. The Office of Information Practices shall prescribe the form for filing and method of updating the notices required by Section 1798.10 to implement this section.

SEC. 3. Section 1798.10 of the Civil Code is amended to read:

1798.10. Notices required to be filed by Section 1798.9 shall specify each of the following:

(a) The names of the agency and the subdivision within the agency and the title and business address of the agency official responsible for the maintenance of each record system containing personal information.

(c) The use or purpose within the agency for the personal information within the system.

(d) Disclosures of the information that will be made pursuant to subdivision (e) or (f) of Section 1798.24.

(e) The legal authority which authorizes the maintenance of personal information in the system.

(i) The cost to the agency of complying with the provisions of this chapter and the California Public Records Act, Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

If an agency fails to file such a report, the office promptly shall inform the agency and if the agency fails to comply within 60 days thereafter, the office shall report on the violation in accordance with subdivision (b) of Section 1798.6. Upon a showing of good cause by

an agency, the Office of Information Practices may extend the time for filing notices for a period not to exceed 120 days.

SEC. 4. Section 1798.11 is added to the Civil Code, to read:

1798.11. The Office of Information Practices shall, on or before June 30, 1988, and annually thereafter, transmit a report to the Legislature regarding the compliance of state agencies with the provisions of this chapter and the California Public Records Act, Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code, the cost to the state of agencies complying with this act and the California Public Records Act, and recommendations for legislation to improve state agencies' compliance with these acts.

SEC. 5. Section 2 of this act, which amends Section 1798.9 of the Civil Code, shall become operative on January 1, 1989. However, each agency subject to the filing requirement of that section shall file with the Office of Information Practices on March 31, 1988, in the manner provided pursuant to that section a notice containing the information specified in subdivisions (h) and (i) of Section 1798.10 of the Civil Code.

SEC. 6. Section 8790.7 is added to the Government Code, to read:

8790.7. (a) Notwithstanding Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3, any action taken by the commission prior to the effective date of this section is not subject to an action under Section 11130.3. For purposes of Section 11130.3, any such action shall be deemed to have been taken in substantial compliance with Sections 11123 and 11125.

(b) No member of the commission shall be found to have violated any provision of Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 for any action taken prior to the effective date of this section.

CHAPTER 1116

An act to add Chapter 7.8 (commencing with Section 8698) to Division 1 of Title 2 of the Government Code, relating to emergency shelter, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) A fundamental purpose of government is to protect the health

and safety of persons within its jurisdiction.

(b) There exist approximately 75,000 to 100,000 homeless individuals in California, including families and children.

(c) Homelessness is a state which results in a direct threat to the health and safety of its victims, many of whom have died, particularly during severe weather conditions, as a result of this state of homelessness. Persons subject to homelessness are frequent victims of crime.

(d) Homelessness is destructive to the growth and education of children.

(e) Local government entities and state agencies have facilities which can be utilized, on an emergency basis, to house the homeless.

SEC. 2. Chapter 7.8 (commencing with Section 8698) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 7.8. SHELTER CRISIS

8698. For purposes of this chapter, the following definitions shall apply:

(a) "Political subdivision" includes the state, any city, city and county, county, special district, or school district or public agency authorized by law.

(b) "Governing body" means the chief executive or the legislative body, trustees, or director of a political subdivision.

(c) "Public facility" means any facility of a political subdivision including parks, schools, and vacant or underutilized facilities which are owned, operated, or maintained, or any combination thereof, by the political subdivision through money derived by taxation or assessment.

(d) "Declaration of a shelter crisis" means the duly proclaimed existence of a situation in which a significant number of persons are without the ability to obtain shelter, resulting in a threat to their health and safety.

8698.1. Upon a declaration of a shelter crisis, the following provisions shall apply during the period of the emergency.

(a) The political subdivision shall be immune from liability for ordinary negligence in the provision of emergency housing pursuant to Section 8698.2. This limitation of liability shall apply only to conditions, acts, or omissions directly related to, and which would not occur but for, the provision of emergency housing. This section does not limit liability for grossly negligent, reckless, or intentional conduct which causes injury.

(b) The provisions of any state or local regulatory statute, regulation, or ordinance prescribing standards of housing, health, or safety shall be suspended to the extent that strict compliance would in any way prevent, hinder, or delay the mitigation of the effects of the shelter crisis. Political subdivisions may, in place of such standards, enact municipal health and safety standards to be operative during the housing emergency consistent with ensuring

minimal public health and safety. The provisions of this section apply only to additional public facilities open to the homeless pursuant to this chapter.

8698.2. The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system or other alternative system approved pursuant to Section 78002, and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section or from fees defrayed pursuant to subdivision (f) shall be deemed to be local property tax revenue within the meaning of subdivision (b) of Section 84700.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement shall not apply to students enrolled in the noncredit courses designated by Section 84711, or to California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

SEC. 8. Section 72252.1 is added to the Education Code, to read:

72252.1. (a) It is the intent of the Legislature to provide adequate funding for the purpose of providing financial aid funds directly to low-income students who cannot pay the fee specified in subdivision (b) of Section 72252 and for the purpose of defraying fees pursuant to subdivision (g) of Section 72252, to be provided as follows:

Period	Amount

July 1, 1989, to June 30, 1990	15,000,000
July 1, 1990, to June 30, 1991	15,000,000
July 1, 1991, to January 1, 1992	7,500,000

(b) It is the intent of the Legislature that all funds provided pursuant to subdivision (a) be allocated to community college districts. In prescribing the manner of allocation, the board shall endeavor to ensure that students with similar characteristics shall be treated similarly with respect to the provision of financial aid pursuant to this section, regardless of the community college they attend.

In allocating funds pursuant to this section, the board shall consider the number of students eligible for such assistance in the prior academic year and other factors that may have bearing on the amount of these funds required by each community college district.

The board may allocate up to 7 percent of the total amount of funds provided pursuant to subdivision (a) to community college districts for delivery of student financial aid services required as a result of this section. Funds so allocated to a district for delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1983–84 fiscal year, adjusted annually in accordance with the cost-of-living adjustment to the general apportionments.

The board shall be provided adequate resources through the annual Budget Act to support state administration of this financial aid program.

(c) Financial aid shall be provided pursuant to this section only to those students required to pay the fee specified in Section 72252, and only in an amount equal to the fee actually charged the student pursuant to that section. In addition, the chancellor shall pay districts

the amount of fees defrayed pursuant to subdivision (g) of Section 72252.

(d) Districts that receive an allocation of funds pursuant to this section shall administer and award the funds in accordance with regulations adopted by the board of governors.

(e) If the amount of funds provided pursuant to subdivision (a) exceeds the need for financial aid to students who cannot afford to pay the fee charged pursuant to Section 72252, the excess shall revert to the General Fund.

(f) If the amount needed for financial aid to students who cannot afford the fee charged pursuant to Section 72252 and to pay districts for the total amount of fees defrayed pursuant to subdivision (g) of Section 72252 is greater than the amount of funds provided pursuant to subdivision (a), the chancellor shall certify to the Department of Finance the amount of the additional funds that are required. Upon receipt of this certification, the Director of Finance shall take any administrative action available to him or her to transfer the additional funds, pursuant to the Budget Act or as otherwise provided by the Legislature.

(g) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 9. Section 72640 of the Education Code, as amended by Chapter 274 of the Statutes of 1984, is amended to read:

72640. The governing board of a community college district may:

(a) Conduct field trips or excursions in connection with courses of instruction or school-related social, educational, cultural, athletic, or college band activities to and from places in the state, any other state, the District of Columbia, or a foreign country for students enrolled in a college. A field trip or excursion to and from a foreign country may be permitted to familiarize students with the language, history, geography, natural sciences, and other studies relative to the district's course of study for the pupils.

(b) Engage instructors, supervisors, and other personnel who desire to contribute their services over and above the normal period for which they are employed by the district, if necessary, and provide equipment and supplies for the field trip or excursion.

(c) Transport by use of district equipment, contract to provide transportation, or arrange transportation by the use of other equipment, of students, instructors, supervisors or other personnel to and from places in the state, any other state, the District of Columbia, or a foreign country where the excursions and field trips are being conducted; provided that, when district equipment is used, the governing board shall secure liability insurance, and if travel is to and from a foreign country, the liability insurance shall be secured from a carrier licensed to transact insurance business in the foreign country.

(d) Provide supervision of students involved in field trips or excursions by certificated employees of the district.

No student shall be required to pay a fee to participate in an instructionally related field trip or excursion within the state.

No student shall be prevented from making the field trip or excursion because of lack of sufficient funds. To this end, the governing board shall coordinate efforts of community service groups to supply funds for students in need of them.

No group shall be authorized to take a field trip or excursion authorized by this section if any student who is a member of such an identifiable group will be excluded from participation in the field trip or excursion because of lack of sufficient funds.

No expenses of students participating in a field trip or excursion to any other state, the District of Columbia, or a foreign country authorized by this section shall be paid with district funds. Expenses of instructors, chaperons, and other personnel participating in a field trip or excursion authorized by this section may be paid from district funds, and the district may pay from district funds all incidental expenses for the use of district equipment during a field trip or excursion authorized by this section.

The attendance or participation of a student in a field trip or excursion authorized by this section shall be considered attendance for the purpose of crediting attendance for apportionments from the State School Fund in the fiscal year. Credited attendance resulting from such field trip or excursion shall be limited to the amount of attendance that would have accrued had the students not been engaged in the field trip or excursion. No more contact hours shall be generated by a field trip or excursion than if the class were held on campus.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents or guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims.

(e) Nothing in this section shall be construed to require the governing board of a community college district to pay the costs of meals, lodging, and other incidental expenses for students participating in field trips and excursions. The costs of meals and lodging are incidental in nature and shall not be applied in determining the funds necessary for a student to participate in a field trip or excursion.

(f) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

(d) Provide supervision of students involved in field trips or excursions by certificated employees of the district.

No student shall be prevented from making the field trip or excursion because of lack of sufficient funds. To this end, the governing board shall coordinate efforts of community service groups to supply funds for students in need of them.

No group shall be authorized to take a field trip or excursion authorized by this section if any student who is a member of such an identifiable group will be excluded from participation in the field trip or excursion because of lack of sufficient funds.

No expenses of students participating in a field trip or excursion to any other state, the District of Columbia, or a foreign country authorized by this section shall be paid with district funds. Expenses of instructors, chaperons, and other personnel participating in a field trip or excursion authorized by this section may be paid from district funds, and the district may pay from district funds all incidental expenses for the use of district equipment during a field trip or excursion authorized by this section.

No more contact hours shall be generated by a field trip or excursion than if the class were held on campus.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California

for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents or guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims.

(d) The date, maturity, denomination, and form of such notes.

The notes shall be signed by the chairperson of the district board and countersigned by the county treasurer and the seal of the district board shall be affixed.

The district board shall cause the board of supervisors to levy and collect taxes to pay the interest on and the principal of the notes as the same comes due and, if the maturity of the notes begins more than one year after the date thereof, to constitute a sinking fund for the payment of the principal thereof at maturity.

Before selling the notes, the district board shall give notice inviting sealed bids in the manner the board prescribes. If satisfactory bids are received, the notes offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the district board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the district board may reject all bids received, if any, and either readvertise or sell the notes at private sale.

The district may issue negotiable promissory notes, borrow from the county or a chartered bank, or establish a line of credit with a chartered bank pursuant to this chapter to acquire funds for any district purposes. The promissory notes or indentures shall not mature later than five years from the date of issuance. The maximum rate of interest on the notes shall not exceed the rate prescribed by Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code. The total aggregate amount of the debt outstanding at any time shall not exceed the lesser of four million dollars ($4,000,000) or 3 percent of the total assessed value of all the taxable property in the district, according to the last equalized assessment roll. Promissory notes issued pursuant to Section 4746.5 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this section.

(d) The district may issue negotiable promissory notes for financing the acquisition of administrative or construction offices and for the acquisition of land for district purposes. The promissory notes shall not mature later than 10 years from the date of issuance. The maximum rate of interest on the notes shall not exceed the rate prescribed by Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code. The total aggregate amount of the notes outstanding at any one time may not exceed the lesser of either two million dollars ($2,000,000) or 1 percent of the total assessed value of all taxable property in the district, according to the last equalized assessment roll. Promissory notes issued pursuant to Section 4746.1 may be disregarded in computing the aggregate amount of notes issued pursuant to this section.

(e) The district may fix on or before the first Monday in August of each fiscal year, a service standby or availability charge in the district, in any portion thereof, in any improvement district, or in any special zone established pursuant to Section 4850, to which a district

service, other than sewage or sanitation service, is available, whether the service is actually used or not. The standby charge levied pursuant to this section shall not exceed fifty dollars ($50) per acre or per parcel less than one acre. This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute which is chaptered before January 1, 1998, deletes or extends that date.

(f) On or before the second Monday in August of each year in which a standby charge is to be levied and collected, the secretary shall furnish to the county auditor the parcel number of each parcel of land within any area, zone, or improvement district upon which a charge is to be levied and collected, together with the amount of the standby charge fixed on each parcel of land subject to levy. The board shall direct that at the time and in the manner required by law for the levying of taxes for county purposes, the board of supervisors shall levy, in addition to any other tax, assessment, or charge it levies, a standby charge in the amounts and on the respective parcels identified by the district secretary. All county officers charged with the duty of collecting, receiving, and disbursing taxes shall collect the district's standby charges with the regular tax payments to the county. Charges fixed by the district shall be liens on all the parcels of land against which those charges have been imposed. Liens for those charges shall be of the same force and effect as liens for taxes, and their collection may be enforced in the same manner as provided for the enforcement of liens for county taxes.

(g) In lieu, in whole or in part, of levying taxes pursuant to Section 4815, the district may levy a connection fee for initiating water service to properties requesting this service, pursuant to Section 54991 of the Government Code. The board of directors may require that the connection fees be collected by the county or city building departments in the manner of building permit fees and transmitted to the district within 30 days of their collection. Unless otherwise authorized by law, the connection fee charged to public entity users shall be limited to the actual direct cost incurred by the district in connecting water or sewage service to the properties owned or occupied by the public entity users and shall not include any component for other construction, operation, and maintenance costs.

SEC. 2. Section 24.1 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 24.1. The agency, by resolution, may annually fix on the basis of benefit a water standby charge within any water service area of the agency to which water is made available. The agency may cause the water standby charge to be applied on an area or parcel basis, or a combination of both, to benefited lands, whether water available is actually used or not. The agency may fix and establish in its adopting resolution appropriate schedules varying the water standby charges within its water service areas according to the land uses and

the degree of availability to affected lands. Availability of water pursuant to this section shall include, without limitation, the agency's contract interests pursuant to the State Water Resources Development System and the agency's property, plant, and distribution facilities. The water standby charge of the agency shall not exceed forty dollars ($40) per acre per year for each acre of land, or forty dollars ($40) per year for any parcel of land less than one acre, within any water service area of the agency. The resolution fixing water standby charges shall be adopted by the board of directors only at or after the annual hearing on the formation of water service areas within the agency. The agency may use the proceeds of the water standby charges only for the annual capital budget of the agency, as described in Section 29.1.

On or before the second Monday in August of each year in which a water standby charge is to be levied and collected for the then current fiscal year, the board of directors shall furnish in writing to the county auditor of each affected county the parcel number of each parcel of land within any water service area within the agency upon which a charge is to be levied and collected, together with the amount of the water standby charge fixed by the agency on each assessed parcel of land subject to the levy. The board shall direct that, at the time and in the manner required by law for the levying of taxes for county purposes, the board of supervisors shall levy, in addition to any other tax, assessment, or charge it levies, a water standby charge in the amounts and on the respective parcels identified by the agency's board. All county officers charged with the duty of collecting, receiving, and disbursing taxes shall collect agency water standby charges with the regular tax payments to the county. The charges shall be collected in the same form and manner as county taxes are collected and shall be paid to the agency. The agency shall reimburse the county for its necessary costs and expenses. Any water service charges fixed by the agency shall be liens against the parcels of land against which those charges have been imposed. Liens for those charges shall be of the same force and effect as liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for either state or county taxes.

SEC. 3. Section 29.1 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 29.1. For any agency fiscal year commencing on or after July 1, 1987, the board of directors shall divide all lands within the agency into separate, nonoverlapping water service areas. The water service areas shall be fixed, formed, and established following a public hearing and notice pursuant to Section 29.3. The purpose for the formation of water service areas is to provide a source of and to apportion moneys, not to exceed the amount permitted annually by law, for, and only for, the annual capital budget of the agency. The funding and apportioning of the capital budget shall be on the principle of benefit received by the lands and people within each

water service area. Projected use of water in any way to be made available by the agency within a water service area during any agency fiscal year, as well as the agency's contract interests pursuant to the State Water Resources Development System and the agency's existing property, plant, and distribution facilities, shall be deemed by the board of directors to be the principal benefits to be considered in determining the proportion of the annual capital budget of the agency to be collected from sources within each water service area. Different schedules of rates, charges, fees, assessments, and taxes to fund the capital budget of the agency, or a portion thereof, may be fixed and established in each water service area, except that tax rates within any individual water service area shall be uniform. The lands within each water service area need not be contiguous.

Any ad valorem tax or tax rate set or determined by the board of directors, though part of the benefit determination process within water service areas, is valid so long as the tax proceeds are applied in accordance with constitutional restrictions. Allocations by the board of directors of the burden of ad valorem taxes between or among water service areas may, at the option of the board of directors, be conducted outside the hearing process set forth and described in Sections 29.2 to 29.4, inclusive.

As used in this act, the "annual capital budget of the agency" means that sum annually projected by the board of directors to be reasonably necessary (1) for payments of capital costs to the State of California, including its agencies or departments, in any way for purposes of the State Water Resources Development System as from time to time amended, (2) for payments for acquisition of other water imported into the agency or for local water, (3) for payments in any way concerning agency bonded indebtedness or for lands and facilities, within or outside the agency, useful or necessary to bank, store, transport, treat, and distribute water currently or eventually to be made available by the agency within water service areas thereof, and (4) for payment to agency budget reserve accounts for the above uses or purposes in future agency fiscal years. Moneys collected by the agency for the "annual capital budget of the agency" shall only be utilized for "capital," as that term is utilized under general accounting principles. The board of directors in its budgetary processes during any fiscal year may shift "capital" moneys between or among "capital" accounts, including reserve accounts. Notwithstanding the foregoing, the annual capital budget of the agency as derived from all water service areas of the agency shall be funded in strict accordance with constitutional and statutory restrictions, as existing from time to time, on legally permissible rates, charges, fees, assessments, and taxes.

SEC. 4. Section 29.2 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 29.2. The board of directors shall annually adopt a resolution of intention to form new water service areas, or to continue, amend,

or modify water service areas previously established. The resolution shall contain all of the following:

(a) The proposed boundary description of each proposed water service area.

(b) The projected benefits to be received by the lands and people within each proposed water service area during a specific, identified agency fiscal year.

(c) The proposed annual capital budget of the agency for that fiscal year, and the portion thereof proposed to be obtained from sources within each proposed water service area.

(d) The proposed charges, fees, assessments, and tax rates proposed to be fixed, levied, or collected within or from each proposed water service area for the proposed annual capital budget of the agency.

(e) The date, time, and location for a public hearing concerning the formation, continuation, amendments, or modification of the water service areas.

SEC. 5. Section 29.3 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 29.3. The board of directors shall annually hold the public hearing concerning its proposed water service areas only after not less than two weeks' notice of the hearing has been given by all of the following means:

(a) Publication of and notice once a week for two weeks, the publications to be seven days apart, in a newspaper of general circulation within the agency published in the county where the agency has its principal office, with the first notice to be published not less than 15 calendar days in advance of the hearing.

(b) Posting of the notice not less than 15 calendar days in advance of the hearing in three public places in each of the proposed water service areas.

(c) Mailing of the notice by first-class mail, postage prepaid, not less than 21 calendar days in advance of the hearing, to each person or entity to whom land is assessed, as shown on the last equalized assessment roll of any county whose territory is within a proposed water service area, at the address shown on the assessment roll, and also to each purveyor. Mailing of the notice to the person or entity to whom land is assessed is not required, however, with respect to any public hearing where the board of directors proposes in the resolution required by Section 29.2 to continue without change any water service area previously established. For the purpose of mailed notice requirements only, a water service area shall be deemed continued without change as previously established if the water service area is proposed to retain over 95 percent of its existing territory, with only such other territories as may be proposed to be included with or excluded from the water service area being subject to the mailed notice requirement.

Notice which is published shall include the text of the agency

resolution concerning water service areas. The published notice need not, however, include any exhibit to the resolution which sets forth or describes boundary descriptions of water service areas which are proposed to be continued without change. All other notices need only include (1) the date, time, and location for the public hearing, and (2) the charges, fees, assessments, and tax rates proposed to affect the specific property proposed to be included within a specific water service area.

Except as otherwise provided in this act, no additional notice need be given on any adjournment or continuation of the public hearing.

SEC. 6. Section 29.4 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 29.4. The board of directors shall at the public hearing concerning water service areas, which hearing may be adjourned and continued from time to time, hear and consider any objections or comments concerning the proposed water service areas as described in the agency's resolution of intention concerning the areas. At or following the hearing, the board of directors may make any changes in the proposals set forth in the resolution of intention that are deemed by the board of directors to be proper; provided, except that if additional land is to be included within or described land is to be excluded from a proposed water service area, or if any proposed described benefit within a proposed water service area is to be materially changed, or if any proposed charge, fee, assessment, or tax rate within a proposed water service area is to be increased by 15 percent or more, the hearing shall be continued for at least 30 days and mailed notice of that continuance shall be given to the affected property owners not waiving that notice by mailing the notice not less than 21 days in advance of the continued hearing.

Absent any need to continue the public hearing, the board of directors shall thereafter find and determine whether it is in the best interest of the agency and each proposed water service area that the water service area be either fixed, formed, and established or continued, modified, or amended. When all those findings and determinations are made, the board of directors shall by resolution do the following:

(a) Determine each water service area and describe the land in that area.

(b) Fix the annual capital budget of the agency.

(c) Describe generally the benefits proposed to be received by the lands and people within each water service area.

(d) Fix, levy, and apportion within each water service area the charges, fees, assessments, and tax rates to be collected therefrom for the purpose of equitably matching those charges, fees, assessments, and tax rates with projected benefits within each water service area.

SEC. 7. With respect to the addition of Section 4746.5 to the Health and Safety Code by Section 1 of this act, the Legislature finds and declares that a special law is necessary and that a general law

cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances faced by the Triunfo County Sanitation District's program of reclaiming waste water for reuse.

SEC. 3. Section 8468.5 of the Education Code is amended to read:

8468.5. (a) Priority for enrollment in programs supported under this article shall be as follows:

(1) First priority shall be given to recipients of child protective services for children who are neglected or abused, or at risk of being neglected or abused, upon written referral from a legal, medical, social service, or public agency. Within this priority, families with the lowest gross monthly income shall be admitted first. When an agency is unable to enroll a child in need of protective services, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall go to children in kindergarten and grades 1 to 3, inclusive, and their school age siblings under the age of 13, whose families need extended day care services because parents are engaged in vocational training leading directly to a recognized trade, paraprofession or profession; are employed or seeking employment; or are incapacitated. Within this priority, families with the lowest gross monthly income in relation to family size shall be admitted first. Each program shall serve individuals with exceptional needs, as defined in Section 56026. The percentage of children who are individuals with exceptional needs in each program shall at least equal the percentage of children in kindergarten and grades 1 to 8, inclusive, residing in the school district and receiving special education services, unless the demand for this level of service does not exist.

(3) Third priority shall go to children in grades 4 to 9, inclusive, and their school age siblings under the age of 13, whose families need extended day care services because parents are engaged in vocational training leading directly to a recognized trade, paraprofession or profession; are employed or seeking employment; or are incapacitated. Within this priority, families with the lowest gross monthly income in relation to family size shall be admitted first. Each program shall serve individuals with exceptional needs, as defined in Section 56026. The percentage of children who are individuals with exceptional needs in each program shall at least equal the percentage of children in kindergarten and grades 1 to 8, inclusive, residing in the school district and receiving special education services, unless the demand for this level of service does not exist.

(4) To the extent possible, and within the parameters contained in this section, programs should serve a mix of children that reflects substantially the varying socioeconomic, racial, and ethnic backgrounds of the school district in which the agency is located, and a mix of subsidized and nonsubsidized children.

(5) Where compelling need is demonstrated for extended day care exclusively for either grades kindergarten and grades 1 to 3, inclusive, or grades 4 to 9, inclusive, programs may be offered subject to criteria and guidelines as may be established by the State Department of Education including all of the following:

(A) Needs assessment.

(B) Community concurrence.

(C) Cost effectiveness.

(D) Good faith effort to meet the extended day care needs of the siblings of children to be serviced. Nothing in this section alters the priorities specified in this article but is intended, rather, to more effectively meet local needs.

(b) In order for an extended day care program to receive funding, pursuant to this article, for a child served, the child's family shall meet at least one requirement in each of the following areas:

(1) A family shall be one of the following:

(A) A recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program.

SEC. 5. Section 8470 of the Education Code is amended to read:

8470. (a) The Superintendent of Public Instruction shall implement a plan that establishes reasonable and cost-effective standards and assigned reimbursement rates. The reimbursement rates established under this section shall be based upon child days of enrollment.

The maximum reimbursement rate for a full year of extended day care service shall not exceed an average of two thousand one hundred dollars ($2,100) per child per year in the 1985–86 fiscal year, as adjusted annually thereafter by the cost-of-living adjustment established by the Legislature for child care services.

(b) The superintendent shall review the implementation of the reimbursement rates, based on child days of enrollment, established for the 1987–88 fiscal year pursuant to subdivision (a), to determine whether the rates are reasonable, cost-effective, and consistent with the goal of increasing the availability of affordable child care services for nonsubsidized children.

(c) After consultation with the Department of Finance and the Legislative Analyst, the superintendent shall, no later than April 15, 1988, develop and disseminate to all contracting agencies reimbursement rate factors for part-time and full-time enrollment that are proposed for use in the 1988–89 fiscal year. (d) Notwithstanding subdivision (a), the Superintendent of Public Instruction shall authorize any contracting agency, that so requests, to continue to receive reimbursement on the basis of child hours of enrollment, rather than on the basis of child days of enrollment, for the remaining portion of the 1987–88 fiscal year.

The superintendent shall make the determination required by this section on the basis of child days of enrollment.

SEC. 7. Section 8473.3 is added to the Education Code, to read:

8473.3. No program approved for funding pursuant to this article shall be reimbursed more than the maximum reimbursable amount stated in the contract with the State Department of Education. The maximum reimbursable amount on the contract shall be proportionately adjusted for programs that do not meet the minimum days of operation specified in the contract.

SEC. 8. Section 8473.4 is added to the Education Code, to read:

8473.4. Parent fees for subsidized children shall be used for net reimbursable program costs for subsidized children and shall fund services to subsidized children at a rate not to exceed the assigned reimbursement rate.

8473.5. Subject to Sections 8473 and 8473.3, an agency operating pursuant to this article shall be reimbursed for net reimbursable

Nothing in this article permits the use of any state funding to provide service for families who do not meet the eligibility criteria set forth in subdivision (b) of Section 8468.5.

SEC. 10. Section 8474 of the Education Code is amended to read:

8474. An applicant agency may request a waiver of Section 8473. The Superintendent of Public Instruction may waive the conditions in Section 8473 only when compliance cannot be achieved due to a scarcity of families who do not meet the requirements for subsidization specified in Section 8468.5 and for the fee schedule established under subdivision (e) of Section 8263. The Superintendent of Public Instruction may base these waivers on verified demographic data from the community to be served.

No program shall be granted a waiver under this section for which the total net program costs per child served exceed the mean net cost of community child care for that region per child served by more than 1.5 market standard deviations.

SEC. 11. Section 8480 of the Education Code, as added by Chapter 1440 of the Statues of 1985, is amended and renumbered to read:

the new programs established pursuant to this section shall be allocated to programs that meet both of the following requirements:

(a) Have conducted a needs assessment of the local community.

(b) Provide for a viable program plan.

The grants may be used for any of the following: one month's staffing cost, snacks, and the purchase of sports equipment, games, computers, and supplies as indicated by the budget submitted by the district. Once the program is operating, the district shall maintain the program through the fees charged the parents and guardians of the children in the program. The fee may be the same for each child regardless of family income or the number of hours a child participates in the program so that the self-supporting nature of the program is assured. School programs shall seek funding from local business, community, and philanthropic organizations to ensure that no needy child who desires to participate shall be denied the opportunity to participate because of inability to pay the fee. No one who desires to participate in the program shall be denied the opportunity to participate because of inability to pay the fee. The state department shall fund up to 250 programs.

SEC. 15. Section 8485 of the Education Code is amended and renumbered to read:

8477. (a) It is the intent of the Legislature that funds be appropriated for the minor renovation and repair of publicly owned buildings as necessary to meet state licensing standards, and for the state purchase of relocatable child care and development facilities for the purpose of providing extended day care services pursuant to this article, for lease to qualifying agencies in geographic areas with no available child care and development facilities and, as to any child care and development facility acquired by a qualifying agency with funds not including state funds, for the purpose of reimbursement of initial utility service installation costs. A fund is hereby created in the State Treasury, to be known as the State Child Care Facilities Fund. All moneys in the State Child Care Facilities Fund, including any moneys deposited in that fund from any source whatsoever, are hereby continuously appropriated without regard to fiscal year for expenditure pursuant to the provisions of this article. The State Allocation Board may authorize the expenditure of any moneys in the State Child Care Facilities Fund for capital outlay projects pursuant to this article.

(b) No relocatable child care and development facility owned by the state shall be placed on privately owned land except in those areas of the state where the Superintendent of Public Instruction determines there is no available space on publicly owned land and where there are no available child care and development facilities.

(c) The Superintendent of Public Instruction shall establish the qualifications to determine the eligibility of extended day care agencies to lease relocatable facilities under this section.

(d) The Superintendent of Public Instruction shall adopt rules establishing priorities for the acquisition and leasing of facilities to

agencies that will most benefit children needing extended day care services. First priority shall be given to programs that are operated in school districts that have unhoused pupils, as determined under state standards established pursuant to Chapter 22 (commencing with Section 17700) of Part 10, and have developed a plan to provide extended day care services in a cost-effective manner. Each lessee shall be required to demonstrate that relocatable facilities are utilized solely for operation of extended day care services, and to comply with cost-effective minimum program standards established by the superintendent.

(e) The State Allocation Board, with the advice of the Superintendent of Public Instruction, may do all of the following:

(1) Establish any procedures and policies in connection with the administration of this section that it deems necessary.

(2) Adopt any rules and regulations for the administration of this section requiring those procedures, forms, and information that it deems necessary.

(3) Have constructed, furnished, equipped, or otherwise require whatever work is necessary to place relocatable extended day care services facilities where needed.

(f) The board shall lease relocatable facilities to qualifying extended day care services agencies and shall charge rent of one dollar ($1) per year. The board shall require lessees to undertake all necessary maintenance, repairs, renewal, and replacement to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the lessee. Neither the board nor the state shall assume any responsibility for utility services costs other than initial installation costs reimbursed under this article, and the agency shall provide adequate safeguards to protect the state's interest in this regard.

(g) The board shall require lessees to insure at their own expense for the benefit of the state, any leased relocatable facility that is the property of the state, against any risks, including liability from the use thereof, in the amounts the board deems necessary to protect the interests of the state. Neither the board nor the state shall assume any responsibility for utility services costs other than initial installation costs reimbursed under this article, and the agency shall provide adequate safeguards to protect the state's interest in this regard.

(h) No relocatable facilities shall be made available to an agency unless the agency furnishes evidence, satisfactory to the board, that the agency has no other facility available for rental, lease, or purchase in the geographic service area that is economically or otherwise feasible.

(i) The board shall have prepared for its use, performance specifications for relocatable facilities and bids for their construction that can be solicited from more than one responsible bidder. The board shall from time to time solicit bids from, and award to, the lowest responsible competitive bidder, contracts for the construction or purchase of relocatable facilities that have been approved for lease

to eligible extended day care services agencies.

(j) If at any time the board determines that a lessee's need for particular relocatable facilities that were made available to the lessee pursuant to this article has ceased, the board may take possession of the relocatable facilities and may lease them to other eligible contracting agencies, or, if there is no longer a need for the relocatable facilities, the board may dispose of them to public or private parties in the manner it deems to be in the best interests of the state.

(k) If a lessee uses a particular relocatable facility for only a portion of the year, the board may enter into a second lease with a public or private party for the use of that facility for the portion of the year during which the facility would otherwise be unused, in the manner it deems to be in the best interests of the state. The lessee shall be subject to subdivisions (e) and (g).

SEC. 16. Section 8486 of the Education Code is amended and renumbered to read:

8478. The State Allocation Board shall establish regulations for the allocation of funds for capital outlay and for the reimbursement of initial utility installation costs for purposes of this chapter. The Superintendent of Public Instruction shall establish qualifications for determining the eligibility of extended day care agencies to apply for these funds.

SEC. 17. Section 8490 of the Education Code is amended and renumbered to read:

8479. The State Department of Education shall submit a written report to the Legislature by June 30, 1986, documenting the department's progress in implementing this article. The report shall include the number of contracts awarded, the number of contracts awarded to programs based on public school sites, the number of children by age or grade level served in programs funded under this chapter, and any problems with the implementation of this chapter.

8481. The Office of the Legislative Analyst shall contract for an independent study of the school age community child care program provided for under this article and shall report the results of the study to the Legislature no later than December 1, 1988. The study shall include, but need not be limited to, program services, cost, staffing, administration, and support services; a review of the maximum reimbursement rate; the relationship between school districts, resource and referral programs, and county welfare departments; the timeliness of the creation of the support for child care; the timeliness of the provision of services; a comparative analysis of program services; and any other factors deemed relevant to the evaluation of the program's attainment of its goals and purposes.

These funds shall be expended for county health services and public health services for cities as defined in paragraph (5) of subdivision (b).

(b) The allocation of the amounts up to the maximum determined in subdivisions (b), (c), and (d) of Section 16702 shall be made upon application by the governing body of each local jurisdiction and upon signing of an agreement between the governing body and the State Director of Health Services. In the agreement, (1) all local jurisdictions shall agree to expend funds in an aggregate amount at least equal to the total amount designated in the plan and budget submitted pursuant to Section 16700; (2) counties shall agree to net county costs for county health services of county funds in the same amount as the funds requested under this subdivision pursuant to subdivision (b) of Section 16702; (3) counties shall agree to expend one dollar ($1) of county funds for every three dollars ($3) of state funds requested pursuant to subdivision (d) of Section 16702; (4) the City of Berkeley shall agree to expend three dollars ($3) of city funds for every one dollar ($1) of state funds requested pursuant to paragraph (2) of subdivision (c) of Section 16702; and (5) all local health districts shall agree to expend two dollars ($2) of district funds for every one dollar ($1) of state funds requested pursuant to paragraph (3) of subdivision (c) of Section 16702. Funds requested pursuant to subdivision (d) and paragraph (3) of subdivision (c) of Section 16702 shall be expended only for public health services. The City of Long Beach and the City of Pasadena shall agree to expend the allocations received pursuant to paragraph (4) of subdivision (c) of Section 16702 only for public health services, exclusive of animal control and paramedic services.

(c) (1) The allocation of funds appropriated pursuant to

subdivisions (c) and (d) of Section 16703 shall be made upon application by the county board of supervisors. The application shall be in a form and in accordance with procedures and format established by the department. The board shall assure that it will expend such funds only for the health services specified in Sections 14132 and 14021 provided to persons certified as eligible for such services pursuant to Section 17000. Unless the county has entered into a contract with the department under Section 16709 which is effective either for an entire fiscal year, including the 1983–84 fiscal year, or is effective for the period commencing October 1, 1983, and ending on June 30, 1984, the board shall also assure that it will incur no less in net costs of county funds for county health services in any fiscal year than the amount required to obtain the maximum allocation under Section 16702. These assurances shall be incorporated in the agreement specified in subdivision (b). In no event shall such funds be expended for costs of services specified in county Short-Doyle plans which are in excess of the 125 percent limitation specified in Section 5705.1.

(2) A county may reduce the amount of net costs of county funds for county health services required pursuant to paragraph (1) of subdivision (c) to the extent such reduction has been permitted pursuant to the provisions of Section 16705 or 16705.5, provided that, for fiscal year 1982–83 only, the provisions of Section 16705 shall not be operative, except for counties which received approval for reductions pursuant to this section in prior fiscal years.

(3) Any person whose income and resources meet the income and resource criteria for certification for services pursuant to Section 14005.7 other than for the aged, blind, or disabled, shall not be excluded from eligibility for services to the extent that state funds are provided. Such persons may be held financially liable for these services based upon the person's ability to pay. A county may not establish a payment requirement which would deny medically necessary services. This section shall not be construed to mandate that a county provide any specific level or type of health care service or to preclude a county from utilizing its own forms for the purpose of identifying persons eligible for county health care services. The Board of Control shall not honor any claims by a local agency for reimbursement of costs under this section. The provisions of this paragraph shall become inoperative if a court ruling is issued which decrees that the provisions of this paragraph mandate that additional state funds be provided and which requires that additional state reimbursement be made to counties for costs incurred under this paragraph. This paragraph shall be operative only until June 30, 1985, unless a later enacted statute extends or deletes that date.

(d) The agreement shall provide for reports of expenditures and information and shall constitute a contractual obligation. The State Director of Health Services shall not have the authority to disapprove the county health services plan or to require the additional expenditure of county, city, or district funds for health

services beyond that required by this section and Section 16707.

(e) The local jurisdiction shall act in general accordance with the plan and budget submitted pursuant to Section 16700.

(f) Notwithstanding any other provision of this part, there shall be no increase in the amount of county funds required pursuant to paragraph (2) of subdivision (b) as a result of the implementation of paragraphs (4), (5) and (6) of subdivision (c) of Section 16702.

CHAPTER 1125

An act to amend Section 1428 of, and to add Section 1418.3 to, the Health and Safety Code, relating to health facilities.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1418.3 is added to the Health and Safety Code, to read:

1418.3. (a) Each licensed skilled nursing facility shall, when requested by a member of a patient's family, allow the family to meet privately with a family member who is a resident in the facility.

(b) "Family member" for the purposes of this section means an immediate family member or family member designated and documented on the patient's record at the time of admission to the facility.

SEC. 2. Section 1428 of the Health and Safety Code is amended to read:

1428. (a) If a licensee desires to contest a class "AA" or a class "A" citation, or a citation alleging a class "B" violation and either a class "AA" or class "A" violation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation notify the director in writing of his or her request for a citation review conference with the designee of the director for the county in which the cited long-term health care facility is located. The director's designee shall hold, within five business days from the receipt of the request, a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action, and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. If the licensee fails to notify the director

in writing that he or she intends to contest the citation or the proposed assessment of a civil penalty therefor or the decision made by a director's designee after a citation review conference within the time specified in this subdivision, the citation or the proposed assessment of a civil penalty or the decision by a director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject to further administrative review.

(b) If a licensee notifies the director that he or she intends to contest a class "AA" or a class "A" citation, or a citation alleging a class "B" violation and either a class "AA" or class "A" violation, the director shall immediately notify the Attorney General. Upon notification, the Attorney General shall promptly take all appropriate action to enforce the citation and recover the civil penalty prescribed thereon, and shall take such other action as the Attorney General shall deem appropriate, in the court of competent jurisdiction for the county in which the long-term health care facility is located.

(c) If a licensee desires to contest a class "B" citation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation (1) notify the director in writing of his or her request for a citation review conference with the designee of the director for the county in which the cited long-term health care facility is located; or (2) notify the director in writing of the licensee's intent to adjudicate the validity of the citation in the municipal court in the county in which the long-term health care facility is located. If requested by the licensee, the director's designee shall hold, within five business days from the receipt of the request, a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or the proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. In order to perfect a judicial appeal of a contested citation, a licensee shall file a civil action in the municipal court in the county in which the long-term health care facility is located. The action shall be filed no later than 60 calendar days after a licensee notifies the director that he or she intends to contest a citation, and served no later than 60 days thereafter, or, in the event a citation review conference is held, no later than 60 calendar days after a licensee notifies the director of his or her intent to contest the decision of the director's designee. If a judicial appeal is prosecuted under the provisions of this subdivision, the state department shall have the burden of establishing by a preponderance of the evidence that (1) the alleged

violation did occur, (2) the alleged violation met the criteria for the class of citation alleged, and (3) the assessed penalty was appropriate. The state department shall also have the burden of establishing by a preponderance of the evidence that the assessment of a civil penalty should be upheld. If a licensee fails to notify the director in writing that he or she intends to contest the citation or the decision made by the director's designee within the time specified in this subdivision, or fails to file a civil action within the time specified in this subdivision, the citation or the decision by the director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject to further administrative review. If a licensee prosecutes a judicial appeal of a contested citation or the assessment of a civil penalty, no civil penalty shall be due and payable unless and until the appeal is terminated in favor of the state department. Notwithstanding any other provision of law, for those citations filed after January 1, 1988, a licensee prosecuting a judicial appeal shall file and serve an at issue memorandum pursuant to Rule 209 of the California Rules of Court by July 1, 1988, or within six months after the state department files its answer in the appeal, whichever is later. The court shall dismiss the appeal upon motion of the state department if the at issue memorandum is not filed by the facility within the period specified.

(d) The director or the director's designee shall establish an independent unit of trained citation review conference hearing officers within the state department to conduct citation review conferences. Citation review conference hearing officers shall be directly responsible to the deputy director for licensing and certification, and shall not be concurrently employed as supervisors, district administrators, or regional administrators with the licensing and certification division. Specific training shall be provided to members of this unit on conducting an informal conference, with emphasis on the regulatory and legal aspects of long-term health care.

Where the state department issues a citation as a result of a complaint or regular inspection visit, and a resident or residents are specifically identified in a citation by name as being specifically affected by the violation, then the following persons may attend the citation review conference:

(1) The complainant and his or her designated representative.

(2) A personal health care provider, designated by the resident.

(3) A personal attorney, only if the long-term health care facility has an attorney present.

(4) Any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code.

Where the state department determines that residents in the facility were threatened by the cited violation but does not name specific residents, any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of

Section 9701 of the Welfare and Institutions Code, and a representative of the residents or family council at the facility may participate to represent all residents. In this case, these representatives shall be the sole participants for the residents in the conference. The residents' council shall designate which representative will participate.

The complainant, affected resident, or their designated representatives shall be notified by the state department of the conference and their right to participate. The director's designee shall notify the complainant or his or her designated representative and the affected resident or his or her designated representative, of his or her determination based on the citation review conference.

(e) In assessing the civil penalty for a violation, all relevant facts shall be considered, including, but not limited to, all of the following:

(1) The probability and severity of the risk which the violation presents to the patient's mental and physical condition.

(2) The patient's medical condition.

(3) The patient's mental condition and his or her history of mental disability.

(4) The good-faith efforts exercised by the facility to prevent the violation from occurring.

(5) The licensee's history of compliance with regulations.

(f) Except as otherwise provided in this subdivision, an assessment of civil penalties for a class "A" or class "B" violation shall be trebled and collected for a second or subsequent violation occurring within any 12-month period, if a citation was issued and a civil penalty assessed for the previous violation occurring within the period, without regard to whether the action to enforce the previous citation has become final. However, the increment to the civil penalty required by this subdivision shall not be due and payable unless and until the previous action has terminated in favor of the state department.

If the class "B" violation is a patient's rights violation, as defined in subdivision (d) of Section 1424, it shall not be trebled unless the state department determines the violation has a direct or immediate relationship to the health, safety, security, or welfare of long-term health care facility residents.

(g) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to safety or health.

(h) Actions brought under this chapter shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. Times for responsive pleading and for hearing any such proceeding shall be set by the judge of the court with the object of securing a decision as to subject matters at the earliest possible time.

(i) If the citation is dismissed or reduced, the state department shall take action immediately to ensure that the public records

reflect in a prominent manner that the citation was dismissed or reduced.

(j) Upon a licensee notifying the director of its intent to contest one or more citations or decisions made following a citation review conference where the total penalties do not exceed fifteen thousand dollars ($15,000), either the state or the licensee may elect to submit the matter to binding arbitration. The parties shall agree upon an arbitrator designated from the American Arbitration Association in accordance with the association's established rules and procedures. The arbitration hearing shall be set within 45 days of the petitioner's election, but in no event less than 28 days from the date of selection of an arbitrator. The arbitration hearing may be continued up to 15 additional days if necessary at the arbitrator's discretion. The decision of the arbitrator shall be based upon substantive law and shall be binding on all parties, subject to judicial review. This review shall be limited to whether there was substantial evidence to support the decision of the arbitrator.

The arbitrator shall determine which of the parties are financially liable for arbitration costs based upon the position each took at the commencement of the arbitration proceedings compared to the decision of the arbitrator.

The retention of, renewal of, or application for, a license to operate a skilled nursing facility or intermediate care facility shall, for purposes of the administration of this chapter, be deemed a written agreement to arbitrate contested citations within the meaning of Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure. Without extending the time for commencement of these hearings, the provisions of Section 1283.05 of the Code of Civil Procedure shall be applicable to all proceedings to arbitrate citations issued pursuant to this chapter, except that depositions may be noticed and taken without prior approval of the arbitrator.

Penalties paid on violations under this chapter shall be applied against the state department's accounts to offset any costs incurred by the state pursuant to this subdivision. Any costs or penalties assessed pursuant to this chapter shall be paid within 30 days of the date the decision becomes final. If a facility does not comply with this provision, the state department shall withhold any payment under the Medi-Cal program until the debt is satisfied. No payment shall be withheld if the state department determines that it would cause undue hardship to the facility or to patients of the facility.

SEC. 2.5. Section 1428 of the Health and Safety Code is amended to read:

1428. (a) If a licensee desires to contest a class "AA" or a class "A" citation, or a citation alleging a class "B" violation and either a class "AA" or class "A" violation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation notify the director in writing of his or her request for a citation review conference with the designee of the director for the county in which the cited long-term health care

facility is located. The director's designee shall hold, within five business days from the receipt of the request, a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action, and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. If the licensee fails to notify the director in writing that he or she intends to contest the citation or the proposed assessment of a civil penalty therefor or the decision made by a director's designee after a citation review conference within the time specified in this subdivision, the citation or the proposed assessment of a civil penalty or the decision by a director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject to further administrative review.

(b) If a licensee notifies the director that he or she intends to contest a class "AA" or a class "A" citation, or a citation alleging a class "B" violation and either a class "AA" or class "A" violation, the director shall immediately notify the Attorney General. Upon notification, the Attorney General shall promptly take all appropriate action to enforce the citation and recover the civil penalty prescribed thereon, and shall take such other action as the Attorney General shall deem appropriate, in the court of competent jurisdiction for the county in which the long-term health care facility is located.

(c) If a licensee desires to contest a class "B" citation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation (1) notify the director in writing of his or her request for a citation review conference with the designee of the director for the county in which the cited long-term health care facility is located; or (2) notify the director in writing of the licensee's intent to adjudicate the validity of the citation in the municipal court in the county in which the long-term health care facility is located. If requested by the licensee, the director's designee shall hold, within five business days from the receipt of the request, a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or the proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days

after he or she receives the decision by the director's designee. In order to perfect a judicial appeal of a contested citation, a licensee shall file a civil action in the municipal court in the county in which the long-term health care facility is located. The action shall be filed no later than 60 calendar days after a licensee notifies the director that he or she intends to contest a citation, and served no later than 60 days thereafter, or, in the event a citation review conference is held, no later than 60 calendar days after a licensee notifies the director of his or her intent to contest the decision of the director's designee. If a judicial appeal is prosecuted under the provisions of this subdivision, the state department shall have the burden of establishing by a preponderance of the evidence that (1) the alleged violation did occur, (2) the alleged violation met the criteria for the class of citation alleged, and (3) the assessed penalty was appropriate. The state department shall also have the burden of establishing by a preponderance of the evidence that the assessment of a civil penalty should be upheld. If a licensee fails to notify the director in writing that he or she intends to contest the citation or the decision made by the director's designee within the time specified in this subdivision, or fails to file a civil action within the time specified in this subdivision, the citation or the decision by the director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject to further administrative review. If a licensee prosecutes a judicial appeal of a contested citation or the assessment of a civil penalty, no civil penalty shall be due and payable unless and until the appeal is terminated in favor of the state department. Notwithstanding any other provision of law, for those citations filed after January 1, 1988, a licensee prosecuting a judicial appeal shall file and serve an at issue memorandum pursuant to Rule 209 of the California Rules of Court by July 1, 1988, or within six months after the state department files its answer in the appeal, whichever is later. The court shall dismiss the appeal upon motion of the state department if the at issue memorandum is not filed by the facility within the period specified.

(d) The director or the director's designee shall establish an independent unit of trained citation review conference hearing officers within the state department to conduct citation review conferences. Citation review conference hearing officers shall be directly responsible to the deputy director for licensing and certification, and shall not be concurrently employed as supervisors, district administrators, or regional administrators with the licensing and certification division. Specific training shall be provided to members of this unit on conducting an informal conference, with emphasis on the regulatory and legal aspects of long-term health care.

Where the state department issues a citation as a result of a complaint or regular inspection visit, and a resident or residents are specifically identified in a citation by name as being specifically affected by the violation, then the following persons may attend the

citation review conference:

(1) The complainant and his or her designated representative.

(2) A personal health care provider, designated by the resident.

(3) A personal attorney, only if the long-term health care facility has an attorney present.

(4) Any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code.

Where the state department determines that residents in the facility were threatened by the cited violation but does not name specific residents, any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, and a representative of the residents or family council at the facility may participate to represent all residents. In this case, these representatives shall be the sole participants for the residents in the conference. The residents' council shall designate which representative will participate.

The complainant, affected resident, or their designated representatives shall be notified by the state department of the conference and their right to participate. The director's designee shall notify the complainant or his or her designated representative and the affected resident or his or her designated representative, of his or her determination based on the citation review conference.

(e) In assessing the civil penalty for a violation, all relevant facts shall be considered, including, but not limited to, all of the following:

(1) The probability and severity of the risk which the violation presents to the patient's mental and physical condition.

(2) The patient's medical condition.

(3) The patient's mental condition and his or her history of mental disability.

(4) The good-faith efforts exercised by the facility to prevent the violation from occurring.

(5) The licensee's history of compliance with regulations.

(f) Except as otherwise provided in this subdivision, an assessment of civil penalties for a class "A" or class "B" violation shall be trebled and collected for a second or subsequent violation occurring within any 12-month period, if a citation was issued and a civil penalty assessed for the previous violation occurring within the period, without regard to whether the action to enforce the previous citation has become final. However, the increment to the civil penalty required by this subdivision shall not be due and payable unless and until the previous action has terminated in favor of the state department.

If the class "B" violation is a patient's rights violation, as defined in subdivision (d) of Section 1424, it shall not be trebled unless the state department determines the violation has a direct or immediate relationship to the health, safety, security, or welfare of long-term health care facility residents.

(g) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to safety or health.

(h) Actions brought under this chapter shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. (i) If the citation is dismissed or reduced, the state department shall take action immediately to ensure that the public records reflect in a prominent manner that the citation was dismissed or reduced.

(j) Upon a licensee notifying the director of its intent to contest one or more citations or decisions made following a citation review conference where the total penalties do not exceed fifteen thousand dollars ($15,000), either the state or the licensee may elect to submit the matter to binding arbitration. The arbitration hearing shall be set within 45 days of the petitioner's election, but in no event less than 28 days from the date of selection of an arbitrator. The arbitration hearing may be continued up to 15 additional days if necessary at the arbitrator's discretion. The arbitrator's decision shall specify, in writing, the areas of disagreement between the parties, the evidence upon which the decision is based, and the reasons for the decision. The decision of the arbitrator shall be based upon substantive law and shall be binding on all parties, subject to judicial review. This review shall be limited to whether there was substantial evidence to support the decision of the arbitrator.

The arbitrator shall determine which of the parties are financially liable for arbitration costs based upon the position each took at the commencement of the arbitration proceedings compared to the decision of the arbitrator.

The retention of, renewal of, or application for, a license to operate a skilled nursing facility or intermediate care facility shall, for purposes of the administration of this chapter, be deemed a written agreement to arbitrate contested citations within the meaning of Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure. Penalties paid on violations under this chapter shall be applied against the state department's accounts to offset any costs incurred by the state pursuant to this subdivision. Any costs or penalties

assessed pursuant to this chapter shall be paid within 30 days of the date the decision becomes final. If a facility does not comply with this provision, the state department shall withhold any payment under the Medi-Cal program until the debt is satisfied. No payment shall be withheld if the state department determines that it would cause undue hardship to the facility or to patients of the facility.

SEC. 3. Section 2.5 of this bill incorporates amendments to Section 1428 of the Health and Safety Code proposed by both this bill and SB 212. It shall only become operative if (1) both bills are chaptered and become effective January 1, 1988, (2) each bill amends Section 1428 of the Health and Safety Code, and (3) this bill is chaptered after SB 212, in which case Section 2 of this bill shall not become operative.

CHAPTER 1126

An act to amend and repeal Section 16709 of the Welfare and Institutions Code, relating to fiscal affairs.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 16709 of the Welfare and Institutions Code, as amended by Chapter 1119 of the Statutes of 1985, is amended to read:

16709. (a) The board of supervisors of a county with a population under 300,000, as determined in accordance with the 1980 decennial census, may enter into a contract with the department and the department may enter into a contract with that county under which the department agrees to administer the program responsibilities for specified health services to county residents certified eligible for those services by the county. Any county may also elect to act jointly on a regional basis with other counties in assuming the program responsibilities and claim state funds on a joint basis.

(b) For the period from January 1, 1983, to June 30, 1983, each county intending to contract with the department pursuant to this section shall submit to the department a notice of intent to contract adopted by the board of supervisors no later than November 15, 1982. For each fiscal year thereafter, a notice adopted by the board of supervisors shall be submitted no later than April 1 of the fiscal year preceding the fiscal year for which the agreement will be in effect in accordance with procedures established by the department.

(c) A county contracting with the department pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) The department shall establish the County Medical Services

Program Account, hereinafter referred to as the program account, in the County Health Services Fund. The following amounts may be deposited in the account:

(1) Moneys allotted under subdivisions (c) and (d) of Section 16703 to each county electing to contract with the department under this section.

(2) Any interest earned upon money deposited in the account.

(3) Any other additional moneys provided by participating counties or appropriated by the Legislature to the account.

(e) Moneys in the account specified in subdivision (d) shall be used by the department for both of the following purposes:

(1) To pay for health care services provided to the county residents meeting the eligibility criteria established pursuant to subdivision (j).

(2) To defray the department's administrative costs incurred in implementing this section. Costs for administering this section shall be borne by the participating counties out of the account specified in subdivision (d).

For costs of the initial implementation of this section, which are incurred prior to signing contracts with the counties, the department is authorized to transfer up to five hundred thousand dollars ($500,000) from Item 4260-101-001(b) to Item 4260-101-001(c) to fund fiscal intermediary changes and to Item 4260-001-001 to fund additional staff. The funds shall be repaid from the account specified in subdivision (d) to the General Fund by June 30, 1984. Any change order to the Medi-Cal fiscal intermediary contract that is required to carry out this section shall be exempted from the 30-day notice to the Legislature required by the Budget Act of 1982, Section 2, Item 4260-101-001, provision 22. This change order shall be exempt from the Department of General Services review and approval. The funds shall be repaid by funds specified in subdivision (e) to the General Fund by June 30, 1984. Transfer of funds shall be subject to Department of Finance approval and legislative notification.

(f) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from the investment shall be deposited in the Program Account, at the end of the 1982–83 fiscal year and every six months thereafter, notwithstanding Section 16305.7 of the Government Code. All this interest shall be available to reimburse program-covered services, or for expenditure to augment the program's rates, benefits, or eligibility criteria pursuant to subdivision (j).

(g) The department shall establish a separate County Medical Services Program Reserve Account, hereinafter referred to as the reserve account, in the County Health Services Fund. Six months

after the end of the 1982–83 fiscal year and thereafter, six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the total allocation available for health services made pursuant to subdivisions (c) and (d) of Section 16703 for all counties electing to contract with the department under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j).

(h) Moneys in the program account and the reserve account shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from investment shall be deposited in the program account, notwithstanding Section 16705.7 of the Government Code.

(i) Moneys appropriated pursuant to subdivisions (c) and (d) of Section 16703 for counties electing to contract with the department pursuant to this section shall be deposited monthly as provided in subdivision (b) of Section 16706 in the program account after execution of the contract specified in subdivision (a). The Department of Finance may accelerate the deposit of the funds when necessary to meet cash-flow requirements.

(j) The state shall be at risk for any amount over and above the amounts deposited in the reserve account. As a condition of the state assuming this risk, the department may require uniform eligibility criteria and benefits to be provided which shall be mutually established by participating counties in conjunction with the department. The department in consultation with the counties may revise these eligibility criteria and benefits or alter rates of payment during the fiscal year in order to assure that sufficient funds are available for health services to county residents certified as eligible for the services. The counties and the department shall work collectively to ensure that expenditures do not exceed the funds available in the program account and may adjust eligibility and benefit criteria and payments accordingly.

(k) The Legislature hereby determines that an expedited contract process for contracts under this section is necessary. Contracts under this section shall be exempt from the provisions of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code. Contracts shall have no force and effect unless approved by the Department of Finance.

(*l*) The state shall not incur any liability except as specified in this section.

(m) Under the program provided for in this section, the

department shall reimburse hospitals for inpatient services at the rates negotiated for the Medi-Cal program by the California Medical Assistance Commission, pursuant to Article 2.6 (commencing with Section 14081) of Chapter 7 of Part 3, if both of the following circumstances exist:

(1) The hospital has a contract with the state for these rates of reimbursement.

(2) The California Medical Assistance Commission determines that reimbursement to the hospital at the contracted rate will not have a detrimental fiscal impact on either the Medi-Cal program or the program provided for in this section. In negotiating and renegotiating contracts with hospitals, the commission may seek terms which allow reimbursement for patients receiving services under this section at contracted Medi-Cal rates.

Any hospital which has a contract with the state for inpatient services under the Medi-Cal program and which has been approved by the commission to be reimbursed for patients receiving services under this section shall not deny services to these patients.

SEC. 2. Section 16709 of the Welfare and Institutions Code, as added by Section 1.5 of Chapter 588 of the Statutes of 1984, is repealed.

SEC. 3. The Legislature finds and declares that counties are utilizing general purpose revenue in greater proportions in order to meet the matching requirements of federal- and state-mandated programs. These requirements ignore the impact of high unemployment and other extenuating factors which cause the growth in the county matching funds requirement to far exceed its growth, if any, in general purpose revenues. Counties have been forced to use discretionary funds to meet the matching requirements and, therefore, have had to make undesirable spending reductions in essential services like law enforcement, fire protection, streets and roads maintenance programs, and personnel costs not related to the mandated programs.

Further, it is the intent of the Legislature that the one-time appropriation contained in Section 4 of this act recognizes and is consistent with the fiscal and programmatic relationships and responsibilities between the state and counties as they involve funding and program delivery of partnership programs.

CHAPTER 1127

An act to amend Sections 13009 and 13009.1 of the Health and Safety Code, relating to fires.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 13009 of the Health and Safety Code is amended to read:

13009. (a) Any person (1) who negligently, or in violation of the law, sets a fire, allows a fire to be set, or allows a fire kindled or attended by him or her to escape onto any public or private property, (2) other than a mortgagee, who, being in actual possession of a structure, fails or refuses to correct, within the time allotted for correction, despite having the right to do so, a fire hazard prohibited by law, for which a public agency properly has issued a notice of violation respecting the hazard, or (3) including a mortgagee, who, having an obligation under other provisions of law to correct a fire hazard prohibited by law, for which a public agency has properly issued a notice of violation respecting the hazard, fails or refuses to correct the hazard within the time allotted for correction, despite having the right to do so, is liable for the fire suppression costs incurred in fighting the fire and for the cost of providing rescue or emergency medical services, and those costs shall be a charge against that person. The charge shall constitute a debt of that person, and is collectible by the person, or by the federal, state, county, public, or private agency, incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied.

(b) Any costs incurred by the Department of Forestry in suppressing any wildland fire originating or spreading from a prescribed burning operation conducted by the department pursuant to a contract entered into pursuant to Article 2 (commencing with Section 4475) of Chapter 7 of Part 2 of Division 4 of the Public Resources Code shall not be collectible from any party to the contract, including any private consultant or contractor who entered into an agreement with that party pursuant to subdivision (d) of Section 4475.5 of the Public Resources Code, as provided in subdivision (a), to the extent that those costs were not incurred as a result of a violation of any provision of the contract.

(c) This section applies in all areas of the state, regardless of whether primarily wildlands, sparsely developed, or urban.

SEC. 2. Section 13009.1 of the Health and Safety Code is amended to read:

13009.1. (a) Any person (1) who negligently, or in violation of the law, sets a fire, allows a fire to be set, or allows a fire kindled or attended by him or her to escape onto any public or private property,

(2) other than a mortgagee, who, being in actual possession of a structure, fails or refuses to correct, within the time allotted for correction, despite having the right to do so, a fire hazard prohibited by law, for which a public agency properly has issued a notice of violation respecting the hazard, or (3) including a mortgagee, who, having an obligation under other provisions of law to correct a fire hazard prohibited by law, for which a public agency properly has issued a notice of violation respecting the hazard, fails or refuses to correct the hazard within the time allotted for correction, despite having the right to do so, is liable for both of the following:

(1) The cost of investigating and making any reports with respect to the fire.

(2) The costs relating to accounting for that fire and the collection of any funds pursuant to Section 13009, including, but not limited to, the administrative costs of operating a fire suppression cost recovery program. The liability imposed pursuant to this paragraph is limited to the actual amount expended which is attributable to the fire.

(b) In any civil action brought for the recovery of costs provided in this section, the court in its discretion may impose the amount of liability for costs described in subdivision (a).

(c) The burden of proof as to liability shall be on the plaintiff and shall be by a preponderance of the evidence in an action alleging that the defendant is liable for costs pursuant to this section. The burden of proof as to the amount of costs recoverable shall be on the plaintiff and shall be by a preponderance of the evidence in any action brought pursuant to this section.

(d) Any testimony, admission, or any other statement made by the defendant in any proceeding brought pursuant to this section, or any evidence derived from the testimony, admission or other statement, shall not be admitted or otherwise used in any criminal proceeding arising out of the same conduct.

(e) The liability constitutes a debt of that person and is collectible by the person, or by the federal, state, county, public, or private agency, incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied.

(f) This section applies in all areas of the state, regardless of whether primarily wildlands, sparsely developed, or urban.

CHAPTER 1128

An act to add Chapter 7.9 (commencing with Section 4049.50) to Part 1 of Division 5 of the Health and Safety Code, relating to water supply.

[Approved by Governor September 24, 1987 Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.9 (commencing with Section 4049.50) is added to Part 1 of Division 5 of the Health and Safety Code, to read:

CHAPTER 7.9. CONTROL OF CROSS-CONNECTIONS BY WATER USERS

4049.50. Local health officers may maintain programs for the control of cross-connections by water users, within the users' premises, where public exposure to drinking water contaminated by backflow may occur. The programs may include inspections within water users premises for the purpose of identifying cross-connection hazards and determining appropriate backflow protection. Water users shall comply with all orders, instructions, regulations, and notices from the local health officer with respect to the installation, testing, and maintenance of backflow prevention devices. The local health officer may collect fees from those water users required to install backflow prevention devices to offset the costs of implementing cross-connection control programs.

4049.51. Local health officers may maintain programs, in cooperation with water suppliers, to protect against backflow through service connections into the public water supply, and may collect fees from those water users required to install backflow prevention devices to offset the costs of implementing these programs. The fees authorized under this section and under Section 4049.50 shall be limited to the costs of administering these programs. These programs shall be conducted in accordance with backflow protection regulations adopted by the State Department of Health Services.

CHAPTER 1129

An act to amend Sections 21152, 22791, 22792, 22793, 22813, 22825.1, 22832, 22841, and 22842 of, and to add Sections 22790.4, 22840.2, and 22840.3 to, the Government Code, relating to public employees, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 21152 of the Government Code is amended to read:

21152. A retired person may serve without reinstatement from retirement or loss or interruption of benefits provided under this system upon approval of the State Board of Control or the governing body of a contracting agency, as the case may be, under employment by any state or contracting agency in which he or she previously served while a member of this system, where by reason of actual litigation, or a proceeding before the State Board of Control or the governing body of a contracting agency, as the case may be, or where the state or contracting agency desires to perpetuate testimony in connection with any anticipated litigation involving the state or the state or contracting agency, and adverse interests, the services of the person are or may be necessary in preparing for trial or in testifying as to matters within or based upon his or her knowledge acquired while employed. He or she may be paid a per diem and actual and necessary traveling expenses, but he or she shall not be paid at a greater rate of compensation per diem than the rate ordinarily paid other persons by state agencies or the contracting agency for similar services. However, there shall be deducted from the per diem compensation sums equal to the retirement annuity allocable to the days of actual employment hereunder.

SEC. 2. Section 22790.4 is added to the Government Code, to read:

22790.4. In addition to the powers conferred on the board by Section 22790, the board may administer self-funded or minimum premium health benefits plans.

SEC. 3. Section 22791 of the Government Code is amended to read:

22791. The basic health benefit plans which may be approved by the board may include the following types:

(a) One or more statewide service benefit plans under which payment is made by a carrier under contracts with physicians, hospitals, or other providers of health services rendered to employees or annuitants or family members, or under which, under certain conditions, payment is made by a carrier to the employee or

annuitant or family member.

(b) One or more statewide indemnity benefit plans under which a carrier agrees to pay certain sums of money, not in excess of actual expenses incurred, for health services.

(c) Comprehensive group-practice prepayment plans which offer benefits, in whole or in substantial part, on a prepaid basis, with professional services thereunder provided by physicians practicing as a group in a common center or centers. A group shall include physicians representing at least three major medical specialities who receive all or a substantial part of their professional income from the prepaid funds.

(d) Individual practice prepayment plans which offer health services in whole or in part on a prepaid basis, with professional services thereunder provided by individual physicians who agree, under such conditions as may be prescribed by the board, to accept the payments provided by the plans as full payment for covered services rendered by them.

(e) Employee cost containment and cost reduction incentive programs which involve the employee, the annuitant, and family members, as active participants, along with the plan carrier and the plan provider, in a joint effort toward containing and reducing the cost of providing medical and hospital health care services to public employees. In developing these plans the board, in cooperation with the Department of Personnel Administration, may request proposals from carriers and certified public employee representatives.

(f) One or more self-funded or minimum premium plans.

The board shall report to the Legislature annually, on November 1, relative to the success or failure of any approved plans.

Irrespective of any other provision of law, the sponsors of a plan approved under this section may reinsure the operation of the plan with an admitted insurer authorized to write disability insurance, provided that the premium for the insurance shall include the entire prepayment fee.

SEC. 4. Section 22792 of the Government Code is amended to read:

22792. The board may, without compliance with any provisions of law relating to competitive bidding, enter into contracts with carriers offering health benefit plans or with entities offering services relating to the administration of health benefits plans. Every such contract shall be for a uniform term of at least one year, but may be made automatically renewable from term to term in the absence of notice of termination by either party.

Commencing in the year 1976 the contract term for contracts entered into or approved by the board shall be for such period as will result in expiration of the contract terms on July 31. However, the board may extend a contract for a period not exceeding six months, subject to existing terms and conditions or any new terms and conditions which are agreed upon.

SEC. 5. Section 22793 of the Government Code is amended to

read:

22793. Each contract shall contain a detailed statement of benefits offered and shall include such maximums, limitations, exclusions, and other definitions of benefits as the board may deem necessary or desirable.

No contract shall be made or plan approved which excludes any person on account of that person's physical condition, age, race, or other status at the time of original group enrollment. Transfer of enrollment in any plan shall be open to all employees and annuitants in accordance with the provisions of Section 22813 of this code.

No contract shall be made or plan approved which does not offer to each annuitant whose enrollment in the plan is terminated other than by cancellation of enrollment, or each employee whose enrollment in the plan is terminated other than by cancellation of enrollment, voluntary separation from state service, or dismissal from state service for cause, the option to convert, without evidence of good health and within the time limits which are prescribed by the carrier and approved by the board, to a nongroup contract providing health benefits. An employee or annuitant who exercises this option shall pay the full periodic charges of the nongroup contract, on the terms or conditions which are prescribed by the carrier and approved by the board.

No contract shall be made or plan approved which does not provide for grievance procedures to protect the rights of employees and annuitants.

SEC. 6. Section 22813 of the Government Code is amended to read:

22813. A transfer of enrollment from one health benefits plan to another such plan may be made by an employee or annuitant at such times and under such conditions as may be prescribed by regulations of the board. In the case of a health benefits plan in which services are provided by a limited panel of physicians associated with the plan, it is recognized that it may be impossible or impractical to maintain acceptable physician-patient relationships with particular employees or annuitants or members of their families. In any such case the plan may submit the question of ability to maintain adequate physician-patient relationships for consideration under the grievance procedure provided pursuant to Section 22793, and in the event such grievance procedure shall result in a determination that such relationship cannot reasonably be maintained, then the employee or annuitant shall be entitled to change his or her enrollment to any other available health benefits plan without regard to his or her physical condition, age, race, or other status.

SEC. 7. Section 22825.1 of the Government Code is amended to read:

22825.1. (a) Notwithstanding any other provision of this article, the employer's contribution, with respect to each state officer and employee or an annuitant who was in such employment or office including an academic position with a campus of the California State

University or is a survivor of such person, shall be adjusted by the Legislature in the annual Budget Act. Annual adjustments of the dollar amounts therein shall be based upon the principle that the employer's contribution for each employee or annuitant shall be an amount equal to 100 percent of the weighted average of the health benefits plan premiums for employees or annuitants enrolled for self alone plus 90 percent of the weighted average of the additional premiums required for enrollment of family members in the four health benefits plans which have the largest number of enrollments during the fiscal year to which the formula applied. Notwithstanding any other provision of law, any plan which is offered exclusively as part of any flexible benefits program shall not be included in the formula. There shall be only one such contribution with respect to all annuitants receiving allowances as survivors of the same employee or annuitant.

The employer's contribution under this section for each employee shall commence on the effective date of his or her enrollment.

The contribution of each employee and annuitant shall be the total cost per month of the benefit coverage afforded him or her under the plan or plans less the portion thereof to be contributed by the employer.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5 or Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, the memorandum of understanding shall be controlling without further legislative action, except that if those provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 8. Section 22832 of the Government Code is amended to read:

22832. The contributions required of a contracting agency, along with contributions withheld from salaries of its employees, shall be forwarded monthly, no later than the 10th day of the month for which the contribution is due, and shall be deposited in the Public Employees' Health Care Fund and credited to either the Public Employees' Health Care Fund or the Public Employees' Contingency Reserve Fund in the proportions specified by Section 22826. The county superintendent of schools shall draw requisitions against the county school service fund and the funds of the respective school districts for amounts equal to the total of the employers' contributions required to be paid from the county school service fund and from the funds of the districts, and the contributions deducted from the compensation of employees paid from the funds. The amounts shall be deposited in the county treasury to the credit of the contract retirement fund established under Section 20585.

The county superintendent thereafter shall draw his or her requisitions against the fund in favor of the board which when allowed by the county auditor shall constitute warrants against the

funds and shall forward the warrants to the board in accordance with this section.

SEC. 9. Section 22840.2 is added to the Government Code, to read:

22840.2. (a) There is in the State Treasury a Public Employees' Health Care Fund, the purpose of which is to fund the health benefits plan or plans administered or approved by the board pursuant to the authority conferred on the board by this part. The board shall have the exclusive control of the administration and investment of the Public Employees' Health Care Fund.

(b) The Public Employees' Health Care Fund shall consist of the following:

(1) Any self-funded or minimum premium plan premiums paid by public agencies, the state and enrolled employees, annuitants, and family members, including premiums paid directly for continuation coverage authorized under the Consolidated Omnibus Budget and Reconciliation Act of 1986 or as thereafter amended, and as authorized by this part.

(2) Any other health plan premiums paid by public agencies.

(3) Any reserve moneys from terminated plans designated by the board for payment to self-funded or minimum premium plans.

(c) The board may invest funds in the Public Employees' Health Care Fund pursuant to the law governing its investment of the retirement fund. The board may authorize its investment staff or may contract with independent investment professionals to manage the investments of this fund.

(d) Income, of whatever nature, earned on the Public Employees' Health Care Fund during any fiscal year, shall be credited to the fund.

(e) The Public Employees' Health Care Fund is continuously appropriated, without regard to fiscal years, to pay benefits and claims costs, to pay the costs of administering self-funded or minimum premium plans, to refund those who made direct premium payments, and to pay such other costs as the board may determine as necessary, consistent with its fiduciary duty.

(f) The Legislature finds and declares that the Public Employees' Health Care Fund is a trust fund held for the exclusive benefit of enrolled employees, annuitants, and family members and the health plan carriers, insurers, and those contracting to provide medical and hospital care services.

SEC. 10. Section 22840.3 is added to the Government Code, to read:

22840.3. (a) The board shall submit a written report to the Senate Public Employment and Retirement Committee and the Assembly Public Employees' Retirement and Social Security Committee on the content of the current fee-for-service consolidation request for proposals and shall receive any comments of those committees. If the board decides to release any additional requests for proposals regarding consolidation or self-funding, the

board shall submit copies thereof to those committees at least 30 days prior to the release.

(b) The board shall, within 60 days after the selection of an administrator pursuant to Section 22792, submit to the committees specified in subdivision (a) a schedule for the implementation of the consolidation of fee-for-service plans and the proposed design of the evaluation of the consolidation required by subdivision (c).

(c) Within 18 months after the implementation of the consolidation of fee-for-service plans, and each year thereafter, the board shall submit to the committees specified in subdivision (a) an evaluation of the consolidation plan. The report shall include, but not be limited to: the costs to the board and to participants; the degree of satisfaction of members and annuitants with the consolidated plan and with the quality of the care provided thereby, as determined by a representative sampling of participants; and the level of accessibility to preferred providers for rural members who do not have access to health maintenance organizations.

(d) Within 18 months of the implementation of the consolidation of fee-for-service plans, the board shall submit to the committees specified in subdivision (a), the schedule and process for the consolidation of the health maintenance organizations. The report shall include the design for the evaluation of the consolidation of the health maintenance organizations.

SEC. 11. Section 22841 of the Government Code is amended to read:

22841. Contributions of employees and annuitants, and contributions of the state not credited to the Public Employees' Contingency Reserve Fund, shall be utilized to pay the premiums or other charges to carriers or to the Public Employees' Health Care Fund. The Controller shall suitably identify and remit the state's contribution for each employee or annuitant monthly to the Public Employees' Health Care Fund or to the insurer or insurers of, or others contracting to provide or arrange medical and hospital service under the plans, together with amounts authorized by the employees and annuitants covered under the plans to be deducted from their salaries or retirement allowances for payment of their share of the cost of the plan.

SEC. 12. Section 22842 of the Government Code is amended to read:

22842. Contributions of employees and annuitants of contracting agencies, and contributions of the employers not credited to the Public Employees' Health Care Fund or to the Public Employees' Contingency Reserve Fund for purposes specified in Section 22826, shall be utilized for payment of premiums and other charges required to be paid to carriers, and those funds are continuously appropriated for that purpose to the extent of those contributions. Those amounts shall be suitably identified and remitted monthly to the carriers by warrant of the Controller upon claims filed by the board.

SEC. 13. It is the intent of the Legislature that the Board of Administration of the Public Employee's Retirement System shall not implement a plan pursuant to this act that would consolidate the fee-for-service plans under the Public Employees' Medical and Hospital Care Act into one self-funded program, until after the Assembly Committee on Public Employees, Retirement, and Social Security, either separately or in conjunction with the Senate Committee on Public Employment and Retirement, holds a committee hearing on the subject of consolidating, which hearing would include a review of the need for consolidation, the pros and cons of consolidating, and possible alternatives, if any, to consolidating the fee-for-service plans.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The single statewide health benefits service plan, whose premiums are an integral element of the statutory weighted average formula for determining the amount of the state's contribution for health benefits coverage, has been terminated effective July 31, 1987. In order that the statutory formula may be revised at the earliest possible time to reflect that termination, it is necessary that this act take effect immediately.

CHAPTER 1130

An act to add and repeal Article 6.8 (commencing with Section 408) of Chapter 2 of Division 1 of the Health and Safety Code, relating to health, and making an appropriation therefor.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Article 6.8 (commencing with Section 408) is added to Chapter 2 of Division 1 of the Health and Safety Code, to read:

Article 6.8. Task Force on Spinal Cord Injuries

408. The Legislature finds and declares all of the following:

(a) There are approximately 35,000 spinal cord injured persons residing in this state.

(b) The state expends approximately three hundred forty million dollars ($340,000,000) annually to support 17,000 quadraplegics.

(c) If cures are found for spinal cord injuries the incidence of quadraplegia will be greatly reduced.

(d) Cures for spinal cord injuries are on the threshold of being

discovered.

(e) A task force to explore the need for research in this area could be of immense value in the effort to find these cures at the earliest possible time.

408.1. (a) There is hereby created in the State Department of Health Services an advisory board entitled the Task Force on Spinal Cord Injuries, to be composed of 9 members. The task force shall be composed as follows:

(1) The Senate Committee on Rules shall appoint two members, one of whom shall be a Senator.

(2) The Speaker of the Assembly shall appoint two members, one of whom shall be an Assembly Member.

(3) The Governor shall appoint two representatives of the scientific community who are presently involved in central nervous system (CNS) research.

(4) The Governor shall appoint two representatives from organizations within the state which are composed of spinal cord injured members.

(5) The Governor shall appoint one member to represent the University of California.

(b) For the purposes of this article the Members of the Legislature serving as members of the task force shall be considered a joint committee of the two houses of the Legislature constituted and acting as an investigating committee, and as such shall have the powers and duties imposed on such committees by the Joint Rules of the Senate and Assembly. A Member of the Legislature serving on the task force may appoint a designee to attend meetings of the task force on his or her behalf.

(c) Members of the task force shall receive per diem in the amount of one hundred dollars ($100) while engaging in task force business, and shall be reimbursed for their actual and necessary travel expenses incurred in attending task force meetings.

408.2. The task force shall explore the need for additional research in the area of spinal cord injury.

408.4. This article shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute which is chaptered prior to January 1, 1993, deletes or extends that date.

SEC. 2. There is hereby reappropriated to the State Department of Health Services, from funds appropriated to the department pursuant to Provision (12) of Item 4260-001-001 of the Budget Act of 1987 (Chapter 135 of the Statutes of 1987), the sum of fifty thousand dollars ($50,000) to be expended for the administrative expenses of the Task Force on Spinal Cord Injuries, created by Article 6.8 (commencing with Section 408) of Chapter 2 of Division 1 of the Health and Safety Code, as contained in Section 1 of this act.

CHAPTER 1131

An act to amend Section 8690.6 of the Government Code, relating to emergencies, and making an appropriation therefor.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 8690.6 of the Government Code is amended to read:

8690.6. (a) There is hereby established in the Reserve for Economic Uncertainties a Disaster Response-Emergency Operations Account. Notwithstanding Section 13340, moneys in the account are continuously appropriated, without regard to fiscal year, for both of the following:

(1) For allocation by the Director of the Office of Emergency Services, upon an order of the Governor and approval by the Director of Finance, for reimbursement of extraordinary emergency or disaster response operation costs incurred by state-requested local agencies as a result of a state of emergency proclamation by the Governor.

(2) For allocation by the Director of Finance for the reimbursement of extraordinary emergency or disaster response operation costs incurred by state agencies as a result of a state of emergency proclamation by the Governor.

(b) The funds shall be allocated subject to the conditions of this section and in accordance with Section 27.00 of the annual Budget Act, except that the allocations may be made 30 days or less after the notification of the Legislature pursuant to subdivision (b) of that section.

(c) Funds allocated to state and local agencies pursuant to the requirements of this section may be used to provide reimbursement to state and local agencies for extraordinary costs incurred for emergency or disaster response operations resulting from a state of emergency proclamation by the Governor. No funds allocated under this section shall be used to supplant federal funds otherwise available in the absence of state financial relief. The Office of Emergency Services shall establish standards and instructions for the receipt and processing of state and local agency claims. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2, these standards shall not be subject to the review and approval of the Office of Administrative Law. All funds provided pursuant to this section shall be subject to audit by the Controller.

(d) The amount of financial assistance provided to an individual, business, or governmental entity under this section, or pursuant to any other program of state-funded disaster assistance, shall be

deducted from sums received in payment of damage claims asserted against the state, its agents, or employees, for causing or contributing to the effects of the proclaimed disaster.

(e) This section shall become inoperative on June 30, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 8690.6 of the Government Code is amended to read:

8690.6. (a) There is hereby established in the Reserve for Economic Uncertainties a Disaster Response-Emergency Operations Account. Notwithstanding Section 13340, moneys in the account are continuously appropriated, without regard to fiscal years, for both of the following:

(1) For allocation by the Director of the Office of Emergency Services, upon an order of the Governor and approval by the Director of Finance, for reimbursement of extraordinary emergency or disaster response operation costs incurred by state-requested local agencies as a result of a state of emergency proclamation by the Governor.

(2) For allocation by the Director of Finance for the reimbursement of extraordinary emergency or disaster response operation costs incurred by state agencies as a result of a state of emergency proclamation by the Governor.

(b) The funds shall be allocated subject to the conditions of this section and in accordance with Section 27.00 of the annual Budget Act, except that the allocations may be made 30 days or less after notification of the Legislature pursuant to subdivision (b) of that section.

(c) Funds allocated to state and local agencies pursuant to the requirements of this section may be used to provide reimbursement to state and local agencies for extraordinary costs incurred for emergency or disaster response operations resulting from a state of emergency proclamation by the Governor. No funds allocated under this section shall be used to supplant federal funds otherwise available in the absence of state financial relief. The Office of Emergency Services shall establish standards and instructions for the receipt and processing of state and local agency claims. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2, these standards shall not be subject to the review and approval of the Office of Administrative Law. All funds provided pursuant to this section shall be subject to audit by the Controller.

(d) The amount of financial assistance provided to an individual, business, or governmental entity under this section, or pursuant to any other program of state-funded disaster assistance, shall be deducted from sums received in payment of damage claims asserted against the state, its agents, or employees, for causing or contributing to the effects of the proclaimed disaster.

(e) The Legislature finds and declares that the amendments made to subdivision (c) of this section by Chapter 16 of the Statutes of 1986 declare the intent of the Legislature at the time when this section was originally added to this code by Chapter 1562 of the Statutes of 1985.

(f) This section shall become inoperative on June 30, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 2 of this bill incorporates amendments to Section 8690.6 of the Government Code proposed by both this bill and SB 1568. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1988, (2) each bill amends Section 8690.6 of the Government Code, and (3) this bill is enacted after SB 1568, in which case Section 1 of this bill shall not become operative.

CHAPTER 1132

An act to amend Section 593a of the Penal Code, and to amend Section 6008 of the Public Resources Code, relating to resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 593a of the Penal Code is amended to read:

593a. (a) Every person who maliciously drives or places, in any tree, saw-log, shingle-bolt, or other wood, any iron, steel, ceramic, or other substance sufficiently hard to injure saws, knowing that the tree is intended to be harvested or that the saw-log, shingle-bolt, or other wood is intended to be manufactured into any kind of lumber or other wood product, is guilty of a felony.

(b) Any person who violates subdivision (a) and causes bodily injury to another person other than an accomplice shall, in addition and consecutive to the punishment prescribed for that felony, be punished by an additional prison term of three years.

SEC. 2. Section 6008 of the Public Resources Code is amended to read:

6008. In order to protect the public's access to, and use of, all state-owned lands in Humboldt Bay, no right to the use of any state lands, including, but not limited to, tide and submerged lands, in and adjacent to Humboldt Bay south of the entrance to the bay shall be sold.

This section shall not be applicable to settlements of title or boundary problems by the commission or to exchanges in connection therewith.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 4. Section 1 of this bill shall become operative only if Assembly Bill 952 of the 1987–88 Regular Session is chaptered and shall become operative on the date that this bill is chaptered or the date that Assembly Bill 952 is chaptered, whichever is later.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the fact that Section 593a of the Penal Code makes "tree spiking" a felony, in order to add an additional prison term when that criminal act causes bodily injury, and in order to allow the Humboldt Bay Harbor, Recreation, and Conservation District to lease land at the earliest possible date, it is necessary that this act take effect immediately.

(a) Not less than 72 hours before the vehicle is removed, the peace officer or the authorized public employee has securely attached to the vehicle a distinctive notice which states that the vehicle will be removed by the public agency. This subdivision does not apply to abandoned vehicles removed pursuant to subdivision (d) of Section 22669 which are determined by the public agency to have an estimated value of one hundred dollars ($100) or less.

(b) Immediately after removal of the vehicle, the public agency which removed, or caused the removal of, the vehicle shall notify the Stolen Vehicle System of the Department of Justice in Sacramento of the removal.

(c) The public agency which removed, or caused the removal of, the vehicle or, at the request of the public agency, the lienholder shall obtain a copy of the names and addresses of all persons having an interest in the vehicle, if any, from the Department of Motor Vehicles either directly or by use of the California Law Enforcement Telecommunications System. This subdivision does not require the public agency or lienholder to obtain a copy of the actual record on file at the Department of Motor Vehicles.

(d) Within 48 hours of the removal, excluding weekends and holidays, the public agency which removed, or caused the removal of, the vehicle or, at the request of the public agency, the lienholder shall send a notice to the registered and legal owners at their addresses of record with the Department of Motor Vehicles, and to any other person known to have an interest in the vehicle. (1) Many community college students desire to attend, and do attend, community colleges outside their district of residence.

(2) Prior to the passage of Proposition 13, interdistrict attendance restrictions were necessary to provide for payments from the district of residence to a district of attendance whenever significant numbers of students were involved.

(3) The fact that community colleges are now substantially reliant upon the state for financial resources rather than upon local residents compels a reexamination of the concern over subsidization of the attendance of nondistrict residents.

(4) Community college district boundaries are often irregular in configuration and require many students to attend community colleges in less convenient locations when interdistrict attendance restrictions are imposed.

(5) Transportation is the most significant cost facing community college students with regard to college attendance.

(6) It is not in the best interests of the people of the State of California that attendance at a community college be restricted to a person's district of residence.

(b) It is the intent of the Legislature in enacting this article to provide for the unrestricted enrollment and attendance of students at community colleges, thereby providing each resident of the state an equal opportunity to attend the community college of his or her choice.

78031. (a) Subject to Article 1 (commencing with Section 76000) of Chapter 1 of Part 47, a district resident, as defined for purposes of Part 41 (commencing with Section 68000), shall be admitted to a community college in another district without regard to district boundaries.

(b) No district shall restrict the admission of its residents into a

community college of another district, nor shall it restrict the admission of residents of another district into its community college or colleges, except as authorized under Section 78032.

78032. (a) Notwithstanding Section 78031, the Board of Governors of the California Community Colleges may, pursuant to a finding that one or more of the following concerns in any community college district requires the restriction of interdistrict attendance, impose one or more restrictions upon interdistrict attendance with regard to that district as it may deem necessary:

(1) Protection of the financial health of the district, and of educational program integrity, including, but not limited to, maintenance of the appropriate quality and scope of student educational opportunity.

(2) The need to avoid overcrowding, in light of the available space in the district.

(3) The priority that resident students not be displaced by students who do not reside in the district.

(4) The avoidance of any serious disruption in the ethnic balance of the student population of any affected district.

(b) No restriction adopted under subdivision (a) shall apply for a period of longer than two years, absent additional action of the board of governors to continue that restriction.

(c) (1) No community college district shall recruit any student who is a resident of any other community college district, except where an agreement exists between those districts authorizing each district to recruit within the boundaries of the other district.

(2) If, pursuant to an agreement as described in paragraph (1), a community college district recruits within the boundaries of another community college district, it shall recruit from all high schools within that other district, and may not favor any high schools over other high schools within that other district unless it is intended to improve the racial balance of the recruiting community college district.

(3) "Recruiting," for purposes of this section, means either or both of the following actions by a community college district, where the apparent purpose is to encourage student attendance in that district:

(A) The mailing by a community college district, to any address not within its boundaries, of class schedules or other written information, except to current or former students of the district or at the addressee's request.

(B) The personal visit by a representative of the community college district to any high school, except in response to an invitation from the school district of which the high school is a part.

"Recruiting" does not include, for this purpose, any information provided by a community college district through any newspaper or other publication that is not published or otherwise issued by the district, and for which distribution is not limited to residents of the district.

(d) The board of governors shall authorize the Chancellor of the

California Community Colleges to retain in any fiscal year an amount of up to 5 percent of the appropriation calculated under Chapter 5 (commencing with Section 84700) of Part 50 as a penalty applicable to any community college district that violates this article, including, but not limited to, any restriction imposed by the board of governors under this section. Any funds retained pursuant to this subdivision shall revert to the General Fund.

(e) The board of governors shall annually report to the Legislature and the Governor regarding any restrictions imposed pursuant to subdivision (a), statistical information relating to interdistrict attendance, and any retention of funds pursuant to subdivision (c).

78033. Nothing in this act shall abrogate any contract existing between any school districts on the effective date of this chapter. Any contractual provision in any contract in effect on the effective date of this chapter shall prevail over any conflicting provision in this chapter until the termination date of the contract, or upon termination by mutual agreement of the parties, whichever occurs first.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1137

An act to add Sections 54060.1, 54060.2, and 54060.3 to, add Article 2.5 (commencing with Section 78040) of Chapter 1 of Part 48 of, and to repeal and add Section 54060 of, the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 24, 1987. Filed with Secretary of State September 25, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 54060 of the Education Code is repealed.

SEC. 2. Section 54060 is added to the Education Code, to read:

54060. For the 1987–88 fiscal year, the Superintendent of Public Instruction shall do the following:

(a) Using the latest available data as of April 1, 1987, identify each unified school district that meets all of the following criteria:

(1) Has a factor of 0.9 or greater calculated pursuant to subdivision

(a) of Section 54023.

(2) Has more than 12,022 pupils in average daily attendance.

(3) Has a count of children from families receiving benefits pursuant to the Aid to Families with Dependent Children program that, when multiplied by the district factor determined in paragraph (1), yields a product of 3,731 or more.

(b) For each school district identified pursuant to subdivision (a), the superintendent shall make the following calculations:

(1) Multiply the district's Aid to Families with Dependent Children count by the factor determined in paragraph (1) of subdivision (a).

(2) Multiply the product determined in paragraph (1) by the district's base revenue limit per unit of average daily attendance computed pursuant to subdivision (b) of Section 42238.

(3) Multiply the product determined in paragraph (2) by a factor of 1.1 if it is a district that has an average daily attendance greater than 58,800. That product for each district is that district's gross entitlement for urban impact aid.

(4) Total the gross entitlements determined in paragraph (3) for each school district identified pursuant to subdivision (a) and divide that sum into the amount appropriated by the Legislature for the purposes of this section in the 1987–88 fiscal year.

(5) Multiply the gross entitlement determined in paragraph (3) by the quotient determined in paragraph (4). That product for each district is the 1987–88 maximum allocation for urban impact aid.

SEC. 3. Section 54060.1 is added to the Education Code, to read:

54060.1. (a) The Superintendent of Public Instruction shall compare the 1987–88 maximum allocation calculated for each school district pursuant to Section 54060 to the allocation that district received in 1986–87 pursuant to Section 54060 as that section was in effect during the 1986–87 fiscal year.

(b) If the 1987–88 maximum allocation is less than the 1986–87 allocation received by a district, the superintendent shall allocate the lesser amount to that district; however, no district shall receive an allocation less than 90 percent of the district's 1986–87 allocation.

(c) The superintendent shall calculate the total net savings derived from all districts in which the 1987–88 allocation determined pursuant to subdivision (b) is less than the 1986–87 allocation.

(d) If the 1987–88 maximum allocation is greater than or equal to the 1986–87 allocation received by a district, the superintendent shall allocate to that district the sum of the following:

(1) The allocation received by the district in 1986–87.

(2) The amount determined by allocating the total net savings calculated pursuant to subdivision (c) on a pro rata basis to each district in proportion to the amount by which the 1987–88 maximum allocation exceeds the allocation received by that district in 1986–87.

SEC. 4. Section 54060.2 is added to the Education Code, to read:

54060.2. For the 1987–88 fiscal year, the Superintendent of Public Instruction shall do the following:

(a) Using the latest available data as of April 1, 1987, identify each high school district and its elementary school feeder districts that, if the elementary districts had been unified with the high school district, would have all of the following:

(1) A composite factor of 0.9 or greater calculated pursuant to subdivision (a) of Section 54023.

(2) More than 12,022 pupils in average daily attendance.

(3) A combined count of children from families receiving benefits pursuant to the Aid to Families with Dependent Children program which, when multiplied by the composite factor determined in paragraph (1), yields a product of 3,731 or more.

(b) For each school district identified pursuant to subdivision (a), the superintendent shall make the following calculations:

(1) Multiply the district's Aid to Families with Dependent Children count by the factor determined in paragraph (1) of subdivision (a).

(2) Multiply the product determined in paragraph (1) by the district's base revenue limit per unit of average daily attendance computed pursuant to subdivision (b) of Section 42238.

(3) Multiply the product determined in paragraph (2) by a factor of 1.1 if the average daily attendance in paragraph (2) of subdivision (a) is greater than 58,800. That product for each district is the combined gross entitlement for urban impact aid.

(4) Total the gross entitlements determined in paragraph (3) for each school district identified pursuant to subdivision (a) and divide that sum into the amount appropriated by the Legislature for the purposes of this section in the 1987–88 fiscal year.

(5) Multiply the gross entitlement determined in paragraph (3) by the quotient determined in paragraph (4). That product for each district is the 1987–88 maximum allocation for urban impact aid.

SEC. 5. Section 54060.3 is added to the Education Code, to read:

54060.3. (a) The Superintendent of Public Instruction shall compare the 1987–88 maximum allocation calculated for each school district pursuant to Section 54060.2 to the allocation that district received in 1986–87 pursuant to Section 54060 as that section was in effect during the 1986–87 fiscal year.

(b) If the 1987–88 maximum allocation is less than the 1986–87 allocation received by a district, the superintendent shall allocate the lesser amount to that district; however, no district shall receive an allocation less than 90 percent of the district's 1986–87 allocation.

(c) The superintendent shall calculate the total net savings derived from all districts in which the 1987–88 allocation determined pursuant to subdivision (b) is less than the 1986–87 allocation.

(d) If the 1987–88 maximum allocation is greater than or equal to the 1986–87 allocation received by a district, the superintendent shall allocate to that district the sum of the following:

(1) The allocation received by the district in 1986–87.

(2) The amount determined by allocating the total net savings calculated pursuant to subdivision (c) on a pro rata basis to each

district in proportion to the amount by which the 1987–88 maximum allocation exceeds the allocation received by that district in 1986–87.

SEC. 6. (a) There is hereby established a task force on urban impact aid, which shall consist of five members appointed by the Governor, two members appointed by the Speaker of the Assembly, and two members appointed by the Senate Rules Committee. The task force shall do all of the following:

(1) Review the rationale and purposes of urban impact aid. As part of this review, the task force shall identify the increased costs, if any, associated with providing educational services in school districts with high concentrations of educationally disadvantaged, low-income, welfare-dependent, or limited English-proficient pupils.

(2) Review those factors and the formulas used as the basis for providing urban impact aid to school districts in recognition of high concentrations of those pupils. and determine whether those factors and formulas accurately and fairly measure the educational and fiscal needs associated with that impaction. In completing this review, the task force shall consider the relationship between the allocation of funds pursuant to Sections 54060 and 54060.2 and any increases or reductions in demonstrated need for funding in each school district and statewide since the enactment of Chapter 894 of the Statutes of 1977.

(3) Propose, if appropriate, for consideration by the Legislature, criteria for the allocation of general aid to school districts in recognition of the impaction of educationally disadvantaged pupils. If criteria are proposed, the task force shall identify the relationship between increases or decreases in the allocation of funds to each school district and the pupil or district characteristics that reflect educational and fiscal needs in that district.

(b) The task force shall report its findings and recommendations to the fiscal and education policy committees of the Senate and the Assembly on or before March 1, 1988.

SEC. 7. The Legislature hereby finds and declares that it is not within the interests of the people of the State of California that attendance at a public community college be restricted to a person's district of residence. The Legislature recognizes that the vast majority of funding for community college districts is currently provided by the state, rather than from local revenues. The Legislature hereby further recognizes that community college district boundaries are often irregular in configuration, requiring many students to attend community colleges in less convenient locations when interdistrict attendance restrictions are imposed.

It is the intent of the Legislature in enacting this article to provide for the unrestricted enrollment and attendance of students at community colleges, thereby providing each resident of the state an equal opportunity to attend the community college of their choice.

SEC. 8. Article 2.5 (commencing with Section 78040) is added to Chapter 1 of Part 48 of the Education Code, to read:

Article 2.5. Interdistrict Attendance

78040. Subject to Article 1 (commencing with Section 76000) of Chapter 1 of Part 47, a district resident, as defined for purposes of Part 41 (commencing with Section 68000), shall be admitted to a community college in another district without regard to district boundaries, unless the Board of Governors of the California Community Colleges finds that compelling, extenuating circumstances exist under which the application of this policy would be substantially detrimental to the opportunity of students to obtain a quality education.

78041. The Board of Governors of the California Community Colleges shall adopt any guidelines or regulations necessary to implement the intent of this article.

78042. (a) The Board of Governors of the California Community Colleges may, pursuant to a finding that one or more of the following concerns in any community college district requires the restriction of interdistrict attendance, impose one or more restrictions upon interdistrict attendance with regard to that district as it may deem necessary:

(1) Protection of the financial health of the district, and of educational program integrity, including, but not limited to, maintenance of the appropriate quality and scope of student educational opportunity.

(2) The need to avoid overcrowding, in light of the available space in the district.

(3) The priority that resident students not be displaced by students who do not reside in the district.

(4) The avoidance of any serious disruption in the ethnic balance of the student population of any affected district.

(b) No restriction adopted under subdivision (a) shall apply for a period of longer than two years, absent additional action of the board of governors to continue that restriction.

(c) (1) A district shall not actively recruit out-of-district students unless there is agreed to reciprocity of recruiting; that is, an agreement by the affected districts to recruit within the district of the other.

(2) If, pursuant to an agreement as described in paragraph (1), a community college district recruits within the boundaries of another community college district, it shall recruit from all high schools within that other district, and may not favor any high schools over other high schools within that other district unless it is intended to improve the racial balance of the recruiting community college district.

(3) Recruiting is defined as either or both of the following: (A) the out-of-district mailing of class schedules or other written materials, except to current or former students of the district or at the addressee's request and (B) the personal visit by a representative of the community college district to any high school, except in response

to an invitation from the school district of which the high school is a part, where the personal visit is intended to encourage student attendance in that community college district.

General media advertising such as radio, television, or in newspapers with an overlapping readership, shall not be prohibited.

If districts agree to recruiting, they shall be prohibited from "selective" recruiting; that is, recruiting in certain high schools, but not in others.

(d) The board of governors shall authorize the Chancellor of the California Community Colleges to retain in any fiscal year an amount of up to 5 percent of the appropriation calculated under Chapter 5 (commencing with Section 84700) of Part 50 as a penalty applicable to any community college district that violates this article, including, but not limited to, any restriction imposed by the board of governors under this section. Any funds retained pursuant to this subdivision shall revert to the General Fund.

(e) The board of governors shall annually report to the Legislature and the Governor regarding any restrictions imposed pursuant to subdivision (a) and statistical information relating to interdistrict attendance.

SEC. 9. Nothing in this act shall abrogate any contract existing between districts on the effective date of this act. Any contractual provision in any contract in effect on the effective date of this act shall prevail over any conflicting provision in this act until the termination date of the contract, or upon termination by mutual agreement of the parties, whichever occurs first.

SEC. 10. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 11. The sum of eighty-six million six hundred thirty-five thousand dollars ($86,635,000) is hereby appropriated from the General Fund to Section A of the State School Fund for allocation as follows in the 1987–88 fiscal year:

(a) The sum of sixty-six million five hundred nineteen thousand dollars ($66,519,000) for the purpose of Sections 54060 and 54060.1 of the Education Code.

(b) The sum of nine million six hundred eighty-one thousand dollars ($9,681,000) for the purpose of Sections 54060.2 and 54060.3 of the Education Code.

(c) The sum of ten million four hundred thirty-five thousand dollars ($10,435,000) for the purpose of Section 54061 of the Education Code.
