The purpose of this article is to provide in every county in a manner consistent with this chapter and the annual Budget Act those supportive services identified in this section to aged, blind, or disabled persons, as defined under this chapter, who are unable to perform the services themselves and who cannot safely remain in their homes or abodes of their own choosing unless these services are provided.

Supportive services shall include domestic services and services related to domestic services, heavy cleaning, nonmedical personal services, accompaniment by a provider when needed during necessary travel to health-related appointments or to alternative resource sites and other essential transportation as determined by the director, yard hazard abatement, protective supervision, teaching and demonstration directed at reducing the need for other supportive services, and paramedical services which make it possible for the recipient to establish and maintain an independent living arrangement.

Where these supportive services are provided by a person having the legal duty pursuant to the Civil Code to provide for the care of his or her child who is the recipient, the provider of supportive services shall receive remuneration for the services only when the provider leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of the provider to provide supportive services may result in inappropriate placement or inadequate care.

These providers shall be paid only for the following supportive services: services related to domestic services, nonmedical personal services, accompaniment by a provider when needed during necessary travel to health-related appointments or to alternative resource sites, other essential transportation as determined by the director, and protective supervision only as needed because of the functional limitations of the child and paramedical services.

To encourage maximum voluntary services, so as to reduce governmental costs, respite care shall also be provided. Respite care is temporary or periodic service for eligible recipients to relieve

persons who are providing care without compensation.

SEC. 2. Section 12301 of the Welfare and Institutions Code is amended to read:

12301. (a) The intent of the Legislature in enacting this article is to provide supplemental or additional services to the social and rehabilitative services in Article 6 (commencing with Section 12250) of this chapter. The Legislature further intends that necessary in-home supportive services shall be provided in a uniform manner in every county based on individual need consistent with this chapter, in the absence of alternative in-home supportive services provided by an able and willing individual or local agency at no cost to the recipient, except as required under Section 12304.5. An able spouse who is available to assist the recipient shall be deemed willing to provide at no cost any services under this article except nonmedical personal services and paramedical services. When a spouse leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of the provider to provide supportive services may result in inappropriate placement or inadequate care, the spouse shall also be paid for accompaniment when needed during necessary travel to health-related appointments and protective supervision.

(b) Commencing in fiscal year 1985–86, each county shall be notified of its allocation and projected caseload by July 31 of each fiscal year and shall submit a plan to the department within 30 days showing how the county intends to keep program expenditures under this article within the amount of its allocation.

(c) Each county shall report all of the following to the department by August 31 of each year:

(1) Information on caseload, including the number of persons who receive 20 or more hours of personal services, between 18 and 20 hours of personal services, the number of persons receiving protective supervision, and the number of cases per age of recipient.

(2) An estimate of the impact on caseload and hours of service in the In-Home Supportive Services program in the current fiscal year from In-Home Supportive Services referrals made by any of the following programs:

(A) The new linkages program authorized by Chapter 1637 of the Statutes of 1984.

(B) Multipurpose senior service centers.

(C) Adult day health care centers.

(D) Diagnostically related groups and early hospital discharges.

(E) Preadmission screening.

(F) Reported adult abuse.

This estimate shall be based upon referrals from these programs made during the preceding fiscal year.

The county shall also report which methods of outreach are being utilized by the county regarding the availability of services under this article.

When a county does not have the capability of reporting on all cases specified under paragraphs (1) and (2) in a timely manner, the county may report to the department on the basis of a representative sample of cases.

The department shall consider using this information to develop its annual budget request or, should the department decide that a deficiency appropriation is necessary, any deficiency request.

(d) On or before January 10 of each year, the department shall submit a report to the Joint Legislative Budget Committee and the fiscal committees of both houses which includes a compilation by county of the data collected pursuant to paragraphs (1) and (2) of subdivision (c) and, by county (1) the amount allocated at the beginning of the fiscal year, (2) the amount expended during the first three months of the fiscal year, (3) an estimate of total fiscal year expenditures, (4) any reallocation of funds among counties, and (5) a list, by county, of any new programs under subparagraphs (A), (B), (C), and (E) of paragraph (2) of subdivision (c).

SEC. 3. Section 12302 of the Welfare and Institutions Code is amended to read:

12302. Each county is obligated to ensure that services are provided to all eligible recipients during each month of the year in accordance with the county plan.

In order to implement such a plan, an individual county may hire homemakers and other in-home supportive personnel in accordance with established county civil service requirements or merit system requirements for those counties not having civil service, or may contract with a city, county, or city and county agency, a local health district, a voluntary nonprofit agency, a proprietary agency, or an individual or make direct payment to a recipient for the purchase of services.

County plans are effective upon submission to the department. In reviewing county plans the department shall assure that plans are in compliance with provisions of this article including compliance with Section 12301. In the event the department finds a county plan is not in compliance it shall take appropriate action to assure compliance.

The department shall monitor the actual monthly expenditures where available for services to assure compliance with the county plans. If the county's expenditure pattern is not consistent with the plan, the department shall require the county to amend the plan.

SEC. 4. Section 12306 of the Welfare and Institutions Code is repealed.

SEC. 5. Section 12306 is added to the Welfare and Institutions Code, to read:

12306. With respect to in-home supportive services, the state shall pay from the General Fund the matching funds necessary to obtain federal social services funds. If the federal social services funds and matching state funds are insufficient to provide the services authorized by this article, the state shall fully reimburse the counties for all services provided under this article, except that the counties

shall contribute amounts equal to their contribution in the 1987–88 fiscal year.

SEC. 6. Section 12306.1 of the Welfare and Institutions Code is repealed.

SEC. 7. This act shall become operative on July 1, 1988.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1439

An act to amend Section 4104 of the Food and Agricultural Code, relating to museums.

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 4104 of the Food and Agricultural Code is amended to read:

4104. (a) The Legislature hereby finds and declares that there is a need for a state repository dedicated to the diverse contributions of Afro-Americans to the history and culture of this state and the nation.

(b) The California Afro-American Museum is a part of, and coexists with, the California Museum of Science and Industry.

(c) The California Afro-American Museum is governed by a seven-member board of directors. The Governor shall appoint the seven members, at least four of whom shall reside within the boundaries of the 6th Agricultural District. In addition, the Senator representing the Senate district in which the California Afro-American Museum is located and the Assembly Member representing the Assembly district in which the museum is located shall also be ex officio nonvoting members of the board. The two legislative ex officio nonvoting members of the board shall participate in the activities of the board to the extent that their participation is not incompatible with their respective positions as Members of the Legislature. The appointees of the Governor shall be appointed to four-year terms with the initial terms of appointment expiring as follows: one term expiring January 1, 1984, one term expiring January 1, 1985, one term expiring January 1, 1986, and one

term expiring January 1, 1987. The person previously appointed to the Advisory Board of the California Museum of Afro-American History and Culture by the Board of Directors of the California Museum of Science and Industry prior to the amendments made to this section by Senate Bill 464 of the 1987–88 Regular Session shall serve on the Board of Directors of the California Afro-American Museum until the Governor makes the fifth appointment authorized pursuant to those amendments. The fifth appointment made to the board shall serve a term expiring on January 1, 1990, the sixth appointment shall serve a term expiring on January 1, 1991, and the seventh appointment shall serve a term expiring on January 1, 1992.

(d) The Board of Directors of the California Afro-American Museum shall have the sole authority, subject to existing state laws, regulations, and procedures, to determine how funds which have been appropriated and duly allocated by the Legislature and the Governor for support of the museum shall be expended. The board shall also have the sole authority, subject to existing state laws, regulations, and procedures, to contract with any state agency, institution, independent contractor, or private nonprofit organization that the board determines to be appropriate and qualified to assist in the operation of the museum. The board shall further have authority to establish the operations, programs, activities, and exhibitions of the California Afro-American Museum. The Board of Directors of the California Afro-American Museum shall be solely responsible for the actions taken and the expenditures made by the staff of the California Afro-American Museum in the scope and course of their employment.

(e) The Board of Directors of the California Afro-American Museum shall appoint an executive director, who shall be exempt from civil service, and any necessary staff to carry out the provisions of this section, who shall be subject to the State Civil Service Act (Part 2 (commencing with Section 18500) of Division 5 of Title 2 of the Government Code). The California Afro-American Museum shall submit its annual budget request directly to the State and Consumer Services Agency. The California Afro-American Museum may accept grants, contributions, and appropriations from federal, state, local, or private sources for its operation.

(f) The California Afro-American Museum shall preserve, collect, and display samples of Afro-American contributions to the arts, sciences, religion, education, literature, entertainment, politics, sports, and history of the state and the nation. The enrichment and historical perspective of such a collection shall be made available for public use and enjoyment.

SEC. 2. On July 1, 1988, the California Museum of Science and Industry and the California Afro-American Museum shall jointly prepare and execute an agreement specifying the support functions which the California Museum of Science and Industry shall continue to provide for the California Afro-American Museum. It is the intent of the Legislature that the recognition of independence for the

California Afro-American Museum and its board of directors provided by this act should not result in increasing the combined support costs for the California Museum of Science and Industry and the California Afro-American Museum.

CHAPTER 1440

An act to amend Sections 53313, 53313.5, 53314.3, 53314.9, 53317, 53321, 53326, 53327, 53329, 53339.8, 53339.9, 53340, 53350, 53351, and 53363.9 of, and to add Sections 53315.6, 53315.8, 53327.5, 53340.1, 53340.3, 53340.7, 53344, 53362.7, and 54905 to, the Government Code, and to amend Sections 3110 and 3114 of the Streets and Highways Code, relating to community facilities.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 53313 of the Government Code is amended to read:

53313. A community facilities district may be established under this chapter to finance any one or more of the following types of additional services within an area:

(a) Police protection services, including, but not limited to, criminal justice services. However, criminal justice services shall be limited to providing services for jails, detention facilities, and juvenile halls.

(b) Fire protection and suppression services, and ambulance and paramedic services.

(c) Recreation program services, library services, and the operation and maintenance of parks, parkways, open space, and museums and cultural facilities. A special tax may be levied for this purpose only upon approval of the voters as specified in subdivision (b) of Section 53328. However, the requirement contained in subdivision (b) of Section 53328 that a certain number of persons have been registered to vote for each of the 90 days preceding the close of the protest hearing does not apply to an election to enact a special tax for recreation program services, library services, and the operation and maintenance of parks and parkways subject to subdivision (c) of Section 53326.

(d) Flood and storm protection services, including, but not limited to, the operation and maintenance of storm drainage systems.

A community facilities district may only finance the services authorized in this section to the extent that they are in addition to those provided in the territory of the district before the district was created. The additional services may not supplant services already

available within that territory when the district was created.

SEC. 1.5. Section 53313.5 of the Government Code is amended to read:

53313.5. A community facilities district may also finance the purchase, construction, expansion, improvement, or rehabilitation of any real or other tangible property with an estimated useful life of five years or longer or may finance planning and design work which is directly related to the purchase, construction, expansion, or rehabilitation of any real or tangible property. The facilities need not be physically located within the district. A district may not lease out facilities which it has financed except pursuant to a lease agreement or annexation agreement entered into prior to January 1, 1988. A district may only finance the purchase of facilities whose construction has been completed, as determined by the legislative body, before the resolution of formation to establish the district is adopted pursuant to Section 53325.1, except that a district may finance the purchase of facilities completed after the adoption of the resolution of formation if the facility was constructed as if it had been constructed under the direction and supervision, or under the authority of, the local agency. For example, a community facilities district may finance facilities, including, but not limited to, the following:

(a) Local park, recreation, parkway, and open-space facilities.

(b) Elementary and secondary school sites and structures provided that the facilities meet the building area and cost standards established by the State Allocation Board.

(c) Libraries.

(d) The district may also finance the construction or undergrounding of natural gas pipeline facilities, telephone lines, facilities for the transmission or distribution of electrical energy, and cable television lines to provide access to those services to customers who do not have access to those services or to mitigate existing visual blight. The district may enter into an agreement with a public utility to utilize those facilities to provide a particular service and for the conveyance of those facilities to the public utility. If the facilities are conveyed to the public utility, the agreement shall provide for a refund by the public utility to the district or improvement area thereof for the cost of the facilities. Any reimbursement made to the district shall be utilized to reduce or minimize the special tax levied within the district or improvement area, or to construct or acquire additional facilities within the district or improvement area, as specified in the resolution of formation.

(e) The district may also pay in full all amounts necessary to eliminate any fixed special assessment liens or to repay or defease any indebtedness secured by any tax, fee, charge, or assessment levied within the area of a community facilities district or may pay debt service on that indebtedness.

(f) Any other governmental facilities which the legislative body creating the community facilities district is authorized by law to

contribute revenue to, or construct, own, or operate. However, the district shall not operate or maintain or, except as otherwise provided in subdivision (d), have any ownership interest in any facilities for the transmission or distribution of natural gas, telephone service, or electrical energy.

SEC. 2. Section 53314.3 of the Government Code is amended to read:

53314.3. In the first fiscal year in which a special tax or charge is levied for any facility or for any services in a community facilities district or a zone within a community facilities district, the legislative body shall include in the levy a sum sufficient to repay to the legislative body the amounts transferred to that district or zone pursuant to Section 53314. The amounts borrowed, with interest, shall be retransferred to the proper fund or funds from the first available receipts from the special levy in that district or zone.

Notwithstanding the above provisions, the legislative body may, by a resolution adopted no later than the time of the first levy, extend the repayment of the transferred funds over a period of time not to exceed three consecutive years, in which event the levy and each subsequent levy shall include a sum sufficient to repay the amount specified by the legislative body for the year of the levy.

SEC. 2.5. Section 53314.9 of the Government Code is amended to read:

53314.9. (a) Notwithstanding Section 53313.5, at any time either before or after the formation of the district, the legislative body may accept advances of funds or work in-kind from any source, including, but not limited to, private persons or private entities and may provide, by resolution, for the use of those funds or that work in-kind for any authorized purpose, including, but not limited to, paying any cost incurred by the local agency in creating a district. The legislative body may enter into an agreement, by resolution, with the person or entity advancing the funds or work in-kind, to repay all or a portion of the funds advanced, or to reimburse the person or entity for the value, or cost, whichever is less, of the work in-kind, as determined by the legislative body, with or without interest, under all of the following conditions:

(1) The proposal to repay the funds or the value or cost of the work in-kind, whichever is less, is included both in the resolution of intention to establish a district adopted pursuant to Section 53321 and in the resolution of formation to establish the district adopted pursuant to Section 53325.1, or in the resolution of consideration to alter the types of public facilities and services provided within an established district adopted pursuant to Section 53334.

(2) Any proposed special tax or change in a special tax is approved by the qualified electors of the district pursuant to this chapter. Any agreement shall specify that if the qualified electors of the district do not approve the proposed special tax or change in a special tax, the local agency shall return any funds which have not been committed for any authorized purpose by the time of the election to the person

or entity advancing the funds.

(3) Any work in-kind accepted pursuant to this section shall have been performed or constructed as if the work had been performed or constructed under the direction and supervision, or under the authority of, the local agency.

(b) The agreement shall not constitute a debt or liability of the local agency.

SEC. 3. Section 53315.6 is added to the Government Code, to read:

53315.6. When any proceeding is initiated under this chapter by a legislative body other than that of a city or county, a copy of the resolution of intention shall be transmitted to the legislative body of the city, where the land to be assessed lies within the corporate limits of any city, or of the county, where the land to be assessed lies within an unincorporated territory.

SEC. 3.1. Section 53315.8 is added to the Government Code, to read:

53315.8. A county may not form a district within the territorial jurisdiction of a city without the consent of the legislative body of the city.

SEC. 3.3. Section 53317 of the Government Code is amended to read:

53317. Unless the context otherwise requires, the definitions contained in this article shall govern the construction of this chapter.

(a) "Clerk" means the clerk of the legislative body of a local agency.

(3) Any other expenses incidental to the construction, completion, and inspection of the authorized work.

(f) "Landowner" or "owner of land" means any person shown as

the owner of land on the last equalized assessment roll or otherwise known to be the owner of the land by the legislative body. The legislative body has no obligation to obtain other information as to the ownership of the land, and its determination of ownership shall be final and conclusive for the purposes of this chapter. A public agency is not a landowner or owner of land for purposes of this chapter, unless the land owned by a public agency would be subject to a special tax pursuant to Section 53340.1.

(g) "Legislative body" means the legislative body or governing board of any local agency.

(h) "Local agency" means any city or county, whether general law or chartered, special district, school district, joint powers entity created pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, or any other municipal corporation, district, or political subdivision of the state.

SEC. 3.5. Section 53321 of the Government Code is amended to read:

53321. Proceedings for the establishment of a community facilities district shall be instituted by the adoption of a resolution of intention to establish the district which shall do all of the following:

(a) State that a community facilities district is proposed to be established under the terms of this chapter and describe the boundaries of the territory proposed for inclusion in the district, which may be accomplished by reference to a map on file in the office of the clerk, showing the proposed community facilities district.

(b) State the name proposed for the district in substantially the following form: "Community Facilities District No. _____."

(c) State the type or types of public facilities and services proposed to be financed by the district pursuant to this chapter. If the purchase of completed public facilities or the incurring of incidental expenses is proposed, the resolution shall identify those facilities or expenses.

(d) State that, except where funds are otherwise available, a special tax sufficient to pay for all facilities and services will be annually levied within the area. The resolution shall specify the rate and method of apportionment of the special tax in sufficient detail to allow each landowner or resident within the proposed district to estimate the maximum amount that he or she will have to pay. The legislative body may specify conditions under which the obligation to pay the specified special tax may be prepaid and permanently

satisfied.

(e) Fix a time and place for a public hearing on the establishment of the district which shall be not less than 30 or more than 60 days after the adoption of the resolution.

(f) Describe any adjustment in property taxation to pay prior indebtedness pursuant to Sections 53313.6 and 53313.7.

(g) A description of the proposed voting procedure.

SEC. 3.7. Section 53326 of the Government Code is amended to read:

53326. (a) The legislative body shall then submit the levy of any special taxes to the qualified electors of the proposed community facilities district in the next general election or in a special election to be held, notwithstanding any other requirement, including any requirement that elections be held on specified dates, contained in the Elections Code, at least 90 days, but not more than 180 days, following the adoption of the resolution of formation. The legislative body shall provide the resolution of formation, a certified map of sufficient scale and clarity to show the boundaries of the district, and a sufficient description to allow the election official to determine the boundaries of the district to the official conducting the election within three business days after the adoption of the resolution of formation. Assessor's parcel numbers for the land within the district shall be included if it is a landowner election or the district does not conform to an existing district's boundaries and if requested by the official conducting the election. If the election is to be held less than 125 days following the adoption of the resolution of formation, the concurrence of the election official conducting the election shall be required. However, any time limit specified by this section or requirement pertaining to the conduct of the election may be waived with the unanimous consent of the qualified electors of the proposed district and the concurrence of the election official conducting the election.

(b) Except as otherwise provided in subdivision (c), if at least 12 persons, who need not necessarily be the same 12 persons, have been registered to vote within the territory of the proposed community facilities district for each of the 90 days preceding the close of the protest hearing, the vote shall be by the registered voters of the proposed district, with each voter having one vote. Otherwise, the vote shall be by the landowners of the proposed district and each landowner who is the owner of record at the close of the protest hearing, or the authorized representative thereof, shall have one vote for each acre or portion of an acre of land that he or she owns within the proposed community facilities district. The number of votes to be voted by a particular landowner shall be specified on the ballot provided to that landowner. If the vote is by landowners pursuant to this subdivision, the legislative body shall determine that any facilities financed by the district are necessary to meet increased demands placed upon local agencies as the result of development or rehabilitation occurring in the district.

(c) If the proposed special tax will not be apportioned on any portion of property in residential use at the time of the election, as determined by the legislative body, the legislative body may provide that the vote shall be by the landowners of the proposed district whose property would be subject to the tax if it were levied at the time of the election. Each of these landowners shall have one vote for each acre, or portion thereof, that the landowner owns within the proposed district which would be subject to the proposed tax if it were levied at the time of the election.

(d) Ballots for the special election authorized by subdivision (a) may be distributed to qualified electors by mail with return postage prepaid or by personal service by the election official. The official conducting the election may certify the proper mailing of ballots by an affidavit, which shall constitute conclusive proof of mailing in the absence of fraud. The voted ballots shall be returned to the election officer conducting the election not later than the hour specified in the resolution calling the election. However, if all the qualified voters have voted, the election shall be closed.

SEC. 4. Section 53327 of the Government Code is amended to read:

53327. (a) Except as otherwise provided in this chapter, the provisions of law regulating elections of the local agency that calls an election pursuant to this chapter, insofar as they may be applicable, shall govern all elections conducted pursuant to this chapter. Except as provided in subdivision (b), there shall be prepared and included in the ballot material provided to each voter, an impartial analysis pursuant to Section 3781 or 5011 of the Elections Code, arguments and rebuttals, if any, pursuant to Sections 3782 to 3787, inclusive, and 3795 of the Elections Code or pursuant to Sections 5012 to 5016, inclusive, and 5025 of the Elections Code.

(b) If the vote is to be by the landowners of the proposed district, analysis and arguments may be waived with the unanimous consent of all the landowners and shall be so stated in the order for the election.

SEC. 5. Section 53327.5 is added to the Government Code, to read:

53327.5. (a) If the election is to be conducted by mail ballot, the election official conducting the election shall provide ballots and election materials pursuant to subdivision (d) of Section 53326 and Section 53327, together with all supplies and instructions necessary for the use and return of the ballot.

(b) The identification envelope for return of mail ballots used in landowner elections shall contain the following:

(1) The name of the landowner.

(2) The address of the landowner.

(3) A declaration, under penalty of perjury, stating that the voter is the owner of record or the authorized representative of the landowner entitled to vote and is the person whose name appears on the identification envelope.

(4) The printed name and signature of the voter.

(5) The address of the voter.

(6) The date of signing and place of execution of the declaration pursuant to subdivision (c).

(7) A notice that the envelope contains an official ballot and is to be opened only by the canvassing board.

SEC. 6. Section 53329 of the Government Code is amended to read:

53329. After the canvass of returns of any election conducted pursuant to Section 53326, the legislative body shall take no further action with respect to levying the specified special tax within the community facilities district for one year from the date of the election if the question of levying that specified special tax fails to receive approval by two-thirds of the votes cast upon the question.

SEC. 7. Section 53339.8 of the Government Code is amended to read:

53339.8. After the canvass of returns of any election conducted in accordance with Section 53339.7, the legislative body shall determine that the area proposed to be annexed is added to and part of the existing community facilities district with full legal effect, and the legislative body may levy any special tax within the annexed territory, as specified in the resolution of intention to annex adopted pursuant to Section 53339.2, if two-thirds of the votes cast on the proposition are in favor of levying the special tax.

SEC. 8. Section 53339.9 of the Government Code is amended to read:

53339.9. After the canvass of returns of any election conducted in accordance with Section 53339.7, the legislative body shall take no further action on annexing the territory proposed to be annexed to the community facilities district for a period of one year from the date of the election if less than two-thirds of the votes cast on the proposition are in favor of levying the special tax.

SEC. 8.5. Section 53340 of the Government Code is amended to read:

53340. After a community facilities district has been created and authorized to levy specified special taxes pursuant to Article 2 (commencing with Section 53318), Article 3 (commencing with Section 53330), or Article 3.5 (commencing with Section 53339), the legislative body may, by ordinance, levy the special taxes at the rate and apportion them in the manner specified in the resolution adopted pursuant to Article 2 (commencing with Section 53318), Article 3 (commencing with Section 53330), or Article 3.5 (commencing with Section 53339), except that the legislative body may levy the special tax at a lower rate. Properties or entities of the state, federal, or other local governments shall, except as otherwise provided in Section 53317.3, be exempt from the special tax. No other properties or entities are exempt from the special tax unless the properties or entities are expressly exempted in the resolution of formation to establish a district adopted pursuant to Section 53325.1

or in a resolution of consideration to levy a new special tax or special taxes or to alter the rate or method of apportionment of an existing special tax as provided in Section 53334. The proceeds of any special tax may only be used to pay, in whole or part, the cost of providing public facilities, services, and incidental expenses pursuant to this chapter. The special tax may be collected in the same manner as ordinary ad valorem property taxes are collected and may be subject to the same penalties and the same procedure, sale, and lien priority in case of delinquency as is provided for ad valorem taxes, or another procedure may be adopted by the legislative body. The tax collector may collect the special tax at intervals as specified in the resolution of formation, including intervals different from the intervals at which the ordinary ad valorem property taxes are collected. The tax collector may deduct the reasonable administrative costs incurred in collecting the special tax.

Any justice court judge who is an employee or an annuitant of a county which is not a contracting agency under this part shall be entitled to enroll or have his or her coverage and the coverage of any family member continued, under this part, upon assuming payment of the contributions otherwise required for the total health benefit premium costs.

Monthly health benefit premium payments shall include an amount required of an employer under Section 22831.

A justice court judge may elect to come under the provisions of this part within 90 days of the effective date of this section or within 90 days of assuming office for the first time as such a judge.

of, a health benefits plan pursuant to this section, the employing county, by the 10th day of each month, shall remit to the Public Employees' Contingency Reserve Fund the total health benefits premium costs assumed by the judge. For a judge who retired from a county which is subject to the County Employees Retirement Law of 1937, the county shall deduct the health benefits cost from the judge's retirement allowance and remit that sum to the Public Employees' Contingency Reserve Fund. A county may charge a judge a reasonable administrative fee or additional premium amount for the costs incurred by the county in remitting payments pursuant to this section.

Regular judicial assignment is defined as 26 weeks of service in any prior 52-week period. Eligibility for coverage shall terminate upon notice from the Judicial Council that a judge is no longer available for regular judicial assignment in the month following receipt of this notice.

The funds deposited in the Hazardous Waste Reduction Loan Guarantee Account are hereby continuously appropriated to the OSB, notwithstanding Section 13340 of the Government Code, for the purpose of allocation, with the approval of the Department of Finance, to a small business development corporation pursuant to Section 14142. The state is not liable or obligated beyond the state money which is allocated and deposited in the Hazardous Waste Reduction Loan Guarantee Account and is appropriated for these purposes.

14142. A small business development corporation established pursuant to Section 14030 may request the OSB to establish a hazardous waste reduction loan guarantee fund pursuant to regulations adopted pursuant to this article to make and guarantee loans approved by the small business development corporation pursuant to loan criteria established by the OSB, the policies of the small business development corporation, and pursuant to the requirements of Article 7.5 (commencing with Section 14066). Each small business development corporation may establish an account, within its hazardous waste reduction loan guarantee fund, to receive funds appropriated to the Small Business Expansion Fund in the State Treasury. 14149. This article shall remain in effect until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 17705.5 of the Education Code is amended to read:

17705.5. (a) The total building cost portion of any state funding for any project approved under this chapter for the new construction or rehabilitation of one or more school facilities shall be reduced by the amount of the local matching share requirement computed under subdivision (b).

(b) Each school district to which funds are allocated pursuant to this chapter for the new construction or rehabilitation of one or more school facilities shall provide, as its share of the cost of the project, an amount equal to the following:

(1) The product of the applicable maximum fee set forth in subdivision (b) of Section 65995 of the Government Code times the number of square feet of new residential, commercial, and industrial construction, as appropriate, for which building permits are issued within the boundaries of the school district from the date on which the board approves the district's application for project funding under this chapter to the date upon which the notice of completion for the project is issued, except that this period shall not exceed the time reasonably necessary for the final apportionment to be issued where the district meets its obligations as an applicant under this chapter. This amount is reduced by the sum of the following:

(A) Any amounts expended by the district during the described period of time for the acquisition of interim classroom facilities pursuant to Chapter 4.7 (commencing with Section 65970) of Division 1 of Title 7 of the Government Code from the proceeds of the fee levied by the district during that period. This amount is limited to the acquisition of interim classroom facilities necessary to temporarily house that number of pupils calculated, under state pupil loading standards, by subtracting the average daily attendance of the district based on a three-year enrollment projection from the average daily attendance of the district based on a five-year enrollment project. Enrollment projections for this purpose shall be made in accordance with this chapter.

(B) Any amounts expended by the district during the described period of time for the local matching share of any project funded under this chapter from the proceeds of the fee levied by the district during that period.

(C) An amount reflecting the extent to which the district is

precluded from collecting those fees by reason of the levy and collection of developer fees by another school district having common territorial jurisdiction.

(c) For purposes of establishing an estimate of the state project costs pursuant to subdivision (a), the board may estimate the local matching share by using the product of the annual average of the amount that would have resulted from the application of the maximum fee to the square footage of all new construction within the district over the three calendar years preceding the district's project application times the number of years over which the board estimates the fee will be collected by the district pursuant to the project to be funded.

(d) Only those project applications for which, prior to January 1, 1987, the board had made the apportionment for site acquisition and working drawings or the final apportionment for construction of the project shall be subject to the provisions of this chapter in effect prior to that date.

(e) The board may provide a loan to any applicant district in an amount equal to all or a part of the district's obligation under subdivision (b), subject to the requirement that the district pay each month to the board, as reimbursement, an amount equal to the proceeds that would be received by the district from the imposition of the fee described under subdivision (b) until the total amount of the loan has been repaid, together with interest computed pursuant to Section 16065.

(f) The board may make the loan specified in subdivision (e) from any funds available from any source, including, but not limited to, those amounts made available pursuant to Section 16065.

(g) All loan and interest amounts paid to the state pursuant to this section shall be available for the use of the board in the funding of projects as otherwise provided under this chapter, including, but not limited to, additional loans.

(h) This section shall remain in effect only until such date as any state general obligation bond measure submitted to the voters of this state for their ratification, which measure includes within its purposes the funding of school facilities construction, fails to receive that ratification, and as of that date is repealed.

SEC. 2. Section 39248 of the Education Code is amended to read:

39248. Any lease contract or agreement entered into pursuant to Section 39246 shall be subject to the following conditions:

(b) Subdivision (a) shall not apply to manufactured homes used for classrooms or laboratories if those manufactured homes conform to the requirements of Part 2 (commencing with Section 18000) of Division 13 of the Health and Safety Code, and the rules and

regulations promulgated thereunder concerning manufactured homes, are not expanded or fitted together with other sections to form one unit greater than 24 feet in width, are used for special educational purposes, and are used by not more than 12 pupils at a time, except that these manufactured homes may be used by not more than 20 pupils at a time for driver training purposes. Any manufactured home complying with this subdivision that is to be used as a classroom or laboratory shall be installed either on a foundation system or with an earthquake resistant bracing system certified by the Department of Housing and Community Development.

(c) The site on which a leased relocatable structure is located shall be owned by the school district, or shall be under the control of the school district pursuant to a lease or a permit.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that, in 1972, the people of the state adopted an amendment to Section 14 of Article IX of the California Constitution, which permits the Legislature to authorize the governing boards of school districts to initiate and carry on any programs, activities, or to otherwise act in any manner which is not in conflict with the laws and purposes for which school districts are established.

It is the intent of the Legislature, in enacting this act, to implement more fully, for the school districts, county boards of education, and

the county offices of education in California, the intent of the people in adopting the amendment of Section 14 of Article IX of the California Constitution. The Legislature further finds and declares that, in order to do so, it is necessary to amend or repeal many provisions of the Education Code.

Whenever in this act a power, authorization, or duty of a school district governing board, county board of education, or county office of education, is repealed or otherwise deleted by amendment, it is not the intent of the Legislature to prohibit the board or office from acting as prescribed by the deleted provisions. Rather, it is the intent of the Legislature, that the school district governing boards, county boards of education, and county superintendents of schools, respectively, shall have the power, in the absence of other legislation, to so act under the general authority of Section 35160 of the Education Code.

SEC. 2. Section 88 of the Education Code is repealed.

SEC. 3. Section 1007 of the Education Code is amended to read:

A fund is hereby created in the State Treasury, to be known as the State Child Care Facilities Fund. All moneys in the State Child Care Facilities Fund, including any moneys deposited in that fund from any source whatsoever, are hereby continuously appropriated without regard to fiscal year for expenditure pursuant to this article. The State Allocation Board may authorize the expenditure of any moneys in the State Child Care Facilities Fund for capital outlay projects pursuant to the provisions of this article.

(i) The board shall have prepared for its use, performance specifications for relocatable facilities and bids for their construction that can be solicited from more than one responsible bidder. If the board is the governing board of more than one district, it may exercise the discretionary power given it by this section in each district under its jurisdiction, whether or not each of the districts has 60,000 average daily attendance.

This section shall apply only to probationary employees whose probationary period commenced prior to the 1983–84 fiscal year.

44929.23. Every employee of a school district of any type or class having an average daily attendance of less than 250 pupils, who, after having been employed by the district for three complete consecutive school years in a position or positions requiring certification qualifications, is reelected for the next succeeding school year to a position requiring certification qualifications, may be classified by the governing board of the district as a permanent employee of the district. If the classification is not made the employee shall not attain permanent status and may be reelected from year to year thereafter without becoming a permanent employee until the classification is made.

44929.24. (a) Any school district maintaining grades 9 to 12, inclusive, or maintaining grades 6, 7, and 8 in a departmentalized junior high school, shall classify as a probationary employee of the district any person while that person is employed as a teacher trainee pursuant to Section 44830.3 and any person who has completed two years of service in the district as a teacher trainee pursuant to Section 44830.3 and is reelected for the next succeeding school year to a position requiring certification qualifications.

The governing board may dismiss or suspend employees classified as probationary employees pursuant to this subdivision in accordance with the procedures specified in Section 44948.3.

(b) Every employee of a school district maintaining grades 9 to 12, inclusive, or maintaining grades 6, 7, and 8 in a departmentalized junior high school, who, after having been employed as a probationary employee by the district for the number of years prescribed as a teacher trainee pursuant to Sections 44325 and 44830.3 plus one year in a position requiring certification qualifications shall, at the commencement of the succeeding school year, be classified as and become a permanent employee of the district.

The governing board shall notify the employee, on or before March 15 of the employee's third complete consecutive school year of employment by the district as a probationary employee, of the

decision to reelect or not reelect the employee for the next succeeding school year to such a position. In the event the governing board does not give notice pursuant to this section on or before March 15, the employee shall be deemed reelected for the next succeeding school year.

44929.25. When a teacher of classes for adults serves sufficient probationary time as provided in Sections 44929.20 to 44929.23, inclusive, and Section 44908 to be eligible for election to permanent classification in that district, his or her tenure shall be for the service equivalent to the average number of hours per week that he or she has served during his or her probationary years. In no case shall the employee be classified as permanent for more than one full-time assignment. The service for which the person has acquired tenure may be reduced in conformity with Sections 44955 and 44956.

Notwithstanding any other provision to the contrary, in a district that has, or in a district that is one of two or more districts governed by governing boards of identical personnel that have a combined average daily attendance of 400,000 or more, as shown by the annual report of the county superintendent of schools for the preceding fiscal year, no person who is assigned 10 hours or less a week in adult classes in the district shall be eligible for election to permanent classification in the district on account of the assignment in adult classes.

Notwithstanding any other provision to the contrary, any person who is employed to teach adults for not more than 60 percent of the hours per week considered a full-time assignment for permanent employees having comparable duties shall be classified as a temporary employee, and shall not become a probationary employee under the provisions of Section 44954.

44929.26. Nothing in Sections 44929.20 to 44929.23, inclusive, shall be construed to give permanent classification to a person in the adult school who is already classified as a permanent employee in the day school. In case a teacher obtains permanent classification in the evening school and later is eligible for the same classification in the day school by reason of having served the probationary period therein, he or she shall be given his or her choice as to which he or she shall take.

Notwithstanding any other provision to the contrary, service in the evening school shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee in the day school, except service in the evening school rendered by a person rendering services in the day school who is directed or specifically requested by the school district to render services in the evening school either in addition to, or instead of, rendering service in the day school. Service in the day school shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee in the evening school, except service in the day school rendered by a person rendering services in

the evening school who is directed or specifically requested by the school district to render service in the day school either in addition to, or instead of, rendering service in the evening school.

44929.27. No employee of a school district or districts, in which the average daily attendance of all the districts combined is in excess of 200,000, governed by the same governing board shall hereafter acquire permanent certificated tenure or permanent noncertificated status, or a combination of tenure and status, for more than one full-time position. Any employee who hereafter acquires any combination of permanent certificated tenure or permanent noncertificated status or both which exceeds that for one full-time position shall have a choice which tenure or status to retain so long as that retained does not exceed one full-time position.

It is the intent of this section that an employee holding permanent certificated tenure or permanent noncertificated status for a full-time position may not have permanent tenure or status protection for any additional time in either a certificated or a noncertificated position under any such school district governed by the same governing board.

44929.28. The governing board of a school district that employs in a position requiring certification qualifications any person who has become a permanent certificated employee in any school district may employ that person as a permanent certificated employee.

(2) The contract shall be negotiated for the length of time for which nonpublic, nonsectarian school services are specified in the pupil's individualized education program.

Changes in educational instruction, services, or placement provided under contract may only be made on the basis of revisions to the pupil's individualized education program.

At any time during the term of the contract the parent; nonpublic, nonsectarian school; or district, special education local plan area, or county office may request a review of the pupil's individualized education program by the individualized education program team. Changes in the administrative or financial agreements of the contract that do not alter the educational instruction, services, or

placement may be made at any time during the term of the contract as mutually agreed by the nonpublic, nonsectarian school and the district, special education local plan area, or county office.

(3) The contract may be terminated for cause. Such cause shall not be the availability of a public class initiated during the period of the contract unless the parent agrees to the transfer of the pupil to a public school program. To terminate the contract either party shall give 20 days' notice.

(4) The nonpublic, nonsectarian school shall provide all services specified in the individualized education program, unless the nonpublic, nonsectarian school and the district, special education local plan area, or county office agree otherwise in the contract.

Within 30 days of receipt of this appeal, the county superintendent or the superintendent, or his or her designee, shall mediate the formulation of a contract which shall be binding upon both parties.

(c) No contract for special education and related services provided by nonpublic, nonsectarian schools or licensed children's institutions shall be authorized under this part unless the school or institution has been certified as meeting those standards relating to the required special education services and facilities for individuals with exceptional needs. The certification shall result in the school's or institution's receiving approval to educate pupils under this part for a period no longer than five years from the date of such approval. The procedures, methods, and areas of certification shall be established by rules and regulations issued by the board. The school or institution shall be charged a reasonable sum for this certification. (b) A school district, special education local plan area, or county office may request the superintendent to waive one or more of the maximum unit proportions set forth in Section 56760. (b) Subdivision (a) shall not apply to medical or surgical equipment or supplies or to professional services, including data processing programs or software.

(c) Bids need not be secured for change orders which do not materially change the scope of the work as set forth in a contract previously made if such contract was made after compliance with bidding requirements, and if each individual change order does not total more than 5 percent of such contract.

(d) As used in this section, "medical or surgical equipment or supplies" includes only equipment or supplies commonly, necessarily, and directly used by, or under the direction of, a physician and surgeon in caring for or treating a patient in a hospital.

(e) Nothing in this section shall prevent any district hospital from participating as a member of any organization described in Section 23704 of the Revenue and Taxation Code, nor shall this section apply to any purchase made, or services rendered, by such organization on behalf of a district hospital which is a member of such organization.

CHAPTER 1455

An act to amend Sections 14006.2 and 14010 of, and to repeal and add Section 14009 of, the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 14006.2 of the Welfare and Institutions Code is amended to read:

14006.2. (a) In determining the eligibility of a married individual, pursuant to Section 14005.4 or 14005.7, who, in accordance with Title XIX of the federal Social Security Act and regulations adopted pursuant thereto, is considered to be living separately from his or her spouse, the individual shall be considered to have made a transfer of resources for full and adequate consideration under Section 14006 or 14015 by reason of either of the following:

(1) Having entered into a written agreement with his or her spouse dividing their nonexempt community property into equal shares of separate property. Property so agreed to be separate property shall be considered by the department to be the separate property of the spouse who, pursuant to the agreement, is the owner of the property. Only in cases in which separate property owned by one spouse is actually made available to the other spouse, may the department count the separate property in the eligibility determination of the nonowner spouse.

(2) Having transferred to his or her spouse all of his or her interest in a home, whether the transfer was made before or after the individual became a resident in a skilled nursing facility or an intermediate care facility in accordance with and to the extent permitted by Title XIX of the federal Social Security Act and regulations promulgated pursuant thereto.

(b) The department shall furnish to all Medi-Cal applicants a clear and simple statement in writing advising them that (1) in the case of an individual who is an inpatient in a skilled nursing facility, intermediate care facility or other medical institution, if the individual or the individual's conservator transferred to the individual's spouse all of the interest in a home, the individual shall not be considered ineligible for Medi-Cal by reason of the transfer; and that (2) if the individual and the individual's spouse execute a written interspousal agreement which divides and transmutes nonexempt community property into equal shares of separate property, the separate property of the individual's spouse shall not be considered available to the individual and need not be spent by the spouse for the individual's care in a skilled nursing facility, intermediate care facility or other medical institution. The statement

provided for in this subdivision shall also be furnished to each individual admitted to a skilled nursing or intermediate care facility, along with, but separately from, the statement required under Section 72527 of Title 22 of the California Administrative Code.

(c) In order to qualify for Medi-Cal benefits pursuant to Section 14005.4 or 14005.7, a married individual who resides in a skilled nursing facility or intermediate care facility, and who is in a Medi-Cal budget unit separate from that of his or her spouse, shall be required to expend his or her other resources for his or her own benefit, so that the amount which remains does not exceed the limit established pursuant to subdivision (c) of Section 14006. In the event that the married individual expends his or her resources for expenses associated with or for improvements to property, those expenditures shall be considered to be for his or her own benefit only to the extent that the expenditures are proportionate to the ownership interest the individual has in the property. For purposes of this section, the term "his or her other resources" shall be limited to the following:

(1) All of his or her separate property that would not have been exempt under applicable Medi-Cal laws and regulations at the time when he or she entered a skilled nursing or intermediate care facility, or at the date of execution of the agreement referred to in this section, whichever is earlier. For purposes of this paragraph, the mere change of residence from one facility to another shall not be deemed to be a new entry.

(2) One-half of all the community property, or the proceeds from the sale or exchange of that property, that would not have been exempt at the time described in paragraph (1).

(d) For purposes of subdivision (c), in the absence of an agreement such as that referred to in subdivision (a), there shall be a presumption, rebuttable by either spouse, that all property owned by either spouse was community property.

(e) The statement furnished pursuant to subdivision (b) shall advise all persons entering a long-term care facility, and all Medi-Cal applicants that only their half of the community property shall be taken into account in determining their eligibility for Medi-Cal, whether or not they execute the written interspousal agreement referred to in the statement.

SEC. 2. Section 14009 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 14009 is added to the Welfare and Institutions Code, to read:

14009. (a) Any applicant for, or beneficiary of Medi-Cal, or person acting on behalf of an applicant or beneficiary shall be informed as to the provisions of eligibility and, in writing, of his or her responsibility for reporting facts material to a correct determination of eligibility and share of cost.

(b) Any applicant for, or beneficiary of Medi-Cal, or person acting on behalf of an applicant or beneficiary shall be responsible for reporting accurately and completely within his or her competence

those facts required of him or her pursuant to subdivision (a) and to report promptly any changes in those facts.

(c) If, because of a failure to report facts in accordance with subdivision (b), the beneficiary received health care to which he or she was not entitled, he or she shall be liable to repay any overpayment. The amount of overpayment shall be based on the amount of excess income or resources and computed in accordance with overpayment regulations promulgated by the director.

(d) No liability for overpayment shall result from circumstances where there is a failure on the part of an applicant or beneficiary to perform an act constituting a condition of eligibility, if the failure is caused by an error made by the department or a county welfare department, or where the beneficiary reported facts in accordance with subdivision (b) but a county welfare department failed to act on those facts.

(e) When the department determines that an overpayment has occurred, the department shall seek to recover the full amount of the overpayment by appropriate action under state law against the income or resources of the beneficiary or the income and resources of any person who is financially responsible for the cost of his or her health care pursuant to Section 14008.

(f) The department shall advise the beneficiary of the overpayment, the amount he or she is liable to repay, and of his or her entitlement to a hearing on the propriety of the action pursuant to Chapter 7 (commencing with Section 10950) of Part 2.

(g) No civil or criminal action may be commenced against any person based on alleged unlawful application for or receipt of health care services, where the case record of the person has been destroyed after the expiration of the retention period provided pursuant to Section 10851.

SEC. 4. Section 14010 of the Welfare and Institutions Code is amended to read:

14010. (a) Notwithstanding any other provision of law, the parent or parents of a person under 21 years of age shall not be held financially responsible, nor shall financial contribution be requested or required of such parent or parents for health care or related services to which the person may consent under any express provision of law, including, but not limited to, Sections 25.9, 34.5, 34.7, 34.8, 34.9, and 34.10 of the Civil Code, and including, but not limited to, maternity home care, social service counseling, and other services related to pregnancy of the person which are provided by a licensed maternity home.

Federal financial participation in providing such services shall not be claimed to the extent that the exemption from financial responsibility provided by this section is inconsistent with federal law.

(b) Notwithstanding the provisions of subdivision (a), the parent or parents of a person under 21 years of age, who is living in the home of the parent or parents, shall be held financially responsible for

health care or related services to which the person under 21 years of age may consent pursuant to Section 25.6 of the Civil Code, but excluding health care and or related services to which a person may consent under Sections 25.9, 34.5, 34.7, 34.8, 34.9, and 34.10 of the Civil Code.

Any person in possession of information obtained pursuant to Section 604 for election purposes, or pursuant to Section 607 for election, scholarly or political research, or governmental purposes, who knowingly uses or permits the use of all or any part of that information for any purpose other than an election, scholarly or political research, or governmental purpose, or who furnishes that information for the use of another, unless the information is furnished for election, scholarly or political research, or governmental purposes, is guilty of a misdemeanor.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

11165.1. As used in this article, "sexual abuse" means sexual assault or sexual exploitation as defined by the following:

(a) "Sexual assault" means conduct in violation of one or more of the following sections: Section 261 (rape), 264.1 (rape in concert), 285 (incest), 286 (sodomy), subdivision (a) or (b) of Section 288

(lewd or lascivious acts upon a child under 14 years of age), 288a (oral copulation), 289 (penetration of a genital or anal opening by a foreign object), or 647a (child molestation).

(b) Conduct described as "sexual assault" includes, but is not limited to, all of the following:

(1) Any penetration, however slight, of the vagina or anal opening of one person by the penis of another person, whether or not there is the emission of semen.

(2) Any sexual contact between the genitals or anal opening of one person and the mouth or tongue of another person.

(3) Any intrusion by one person into the genitals or anal opening of another person, including the use of any object for this purpose, except that, it does not include acts performed for a valid medical purpose.

(4) The intentional touching of the genitals or intimate parts (including the breasts, genital area, groin, inner thighs, and buttocks) or the clothing covering them, of a child, or of the perpetrator by a child, for purposes of sexual arousal or gratification, except that, it does not include acts which may reasonably be construed to be normal caretaker responsibilities; interactions with, or demonstrations of affection for, the child; or acts performed for a valid medical purpose.

(5) The intentional masturbation of the perpetrator's genitals in the presence of a child.

(c) "Sexual exploitation" refers to any of the following:

(1) Conduct involving matter depicting a minor engaged in obscene acts in violation of Section 311.2 (preparing, selling, or distributing obscene matter) or subdivision (a) of Section 311.4 (employment of minor to perform obscene acts).

(2) Any person who knowingly promotes, aids, or assists, employs, uses, persuades, induces, or coerces a child, or any person responsible for a child's welfare, who knowingly permits or encourages a child to engage in, or assist others to engage in, prostitution or a live performance involving obscene sexual conduct, or to either pose or model alone or with others for purposes of preparing a film, photograph, negative, slide, drawing, painting, or other pictorial depiction, involving obscene sexual conduct. For the purpose of this section, "person responsible for a child's welfare" means a parent, guardian, foster parent, or a licensed administrator or employee of a public or private residential home, residential school, or other residential institution.

(3) Any person who depicts a child in, or who knowingly develops, duplicates, prints, or exchanges, any film, photograph, video tape, negative, or slide in which a child is engaged in an act of obscene sexual conduct, except for those activities by law enforcement and prosecution agencies and other persons described in subdivisions (c) and (e) of Section 311.3.

"Severe neglect" also means those situations of neglect where any person having the care or custody of a child willfully causes or permits the person or health of the child to be placed in a situation such that his or her person or health is endangered, as proscribed by Section 11165.3, including the intentional failure to provide adequate food, clothing, shelter, or medical care.

(b) "General neglect" means the negligent failure of a person having the care or custody of a child to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred.

For the purposes of this chapter, a child receiving treatment by spiritual means as provided in Section 16509.1 of the Welfare and Institutions Code or not receiving specified medical treatment for religious reasons, shall not for that reason alone be considered a neglected child. An informed and appropriate medical decision made by parent or guardian after consultation with a physician or physicians who have examined the minor does not constitute neglect.

SEC. 8. Section 11165.3 of the Penal Code is repealed.

SEC. 9. Section 11165.3 is added to the Penal Code, to read:

11165.3. As used in this article, "willful cruelty or unjustifiable punishment of a child" means a situation where any person willfully causes or permits any child to suffer, or inflicts thereon, unjustifiable physical pain or mental suffering, or having the care or custody of any child, willfully causes or permits the person or health of the child to be placed in a situation such that his or her person or health is endangered.

11165.9. As used in this article, "child protective agency" means a police or sheriff's department, a county probation department, or a county welfare department. It does not include a school district police or security department.

SEC. 17. Section 11165.10 is added to the Penal Code, to read:

11165.10. SEC. 20. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (b), any child care custodian, health practitioner, or employee of a child protective

agency who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident. For the purposes of this article, "reasonable suspicion" means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect child abuse. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute the basis of reasonable suspicion of sexual abuse.

(b) Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or his or her emotional well-being is endangered in any other way, may report such known or suspected instance of child abuse to a child protective agency.

(c) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, video tape, negative or slide depicting a child under the age of 14 years engaged in an act of sexual conduct, shall report such instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately or as soon as practically possible by telephone and shall prepare and send a written report of it with a copy of the film, photograph, video tape, negative or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, "sexual conduct" means any of the following:

(1) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

(2) Penetration of the vagina or rectum by any object.

(3) Masturbation, for the purpose of sexual stimulation of the viewer.

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(d) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse may report the known or suspected instance of child abuse to a child protective agency.

(e) When two or more persons who are required to report are present and jointly have knowledge of a known or suspected instance of child abuse, and when there is agreement among them, the

telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by such selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so, shall thereafter make the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties and no person making such a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with the provisions of this article.

The internal procedures shall not require any employee required to make reports by this article to disclose his or her identity to the employer.

(g) A county probation or welfare department shall immediately or as soon as practically possible report by telephone to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney's office every known or suspected instance of child abuse as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall only be reported to the county welfare department. A county probation or welfare department shall also send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

A law enforcement agency shall immediately or as soon as practically possible report by telephone to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall only be reported to the county welfare department. A law enforcement agency shall report to the county welfare department every known or suspected instance of child abuse reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency shall also send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

SEC. 21. Section 11166.5 of the Penal Code is amended to read:

11166.5. (a) Any person who enters into employment on and after January 1, 1985, as a child care custodian, health practitioner,

or with a child protective agency, prior to commencing his or her employment, and as a prerequisite to that employment, shall sign a statement on a form provided to him or her by his or her employer to the effect that he or she has knowledge of the provisions of Section 11166 and will comply with its provisions.

The statement shall include the following provisions:

Section 11166 of the Penal Code requires any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and to prepare and send a written report thereof within 36 hours of receiving the information concerning the incident.

"Child care custodian" includes teachers; an instructional aide, a teacher's aide, or a teacher's assistant employed by any public or private school, who has been trained in the duties imposed by this article, if the school district has so warranted to the State Department of Education; a classified employee of any public school who has been trained in the duties imposed by this article, if the school has so warranted to the State Department of Education; administrative officers, supervisors of child welfare and attendance, or certificated pupil personnel employees of any public or private school; administrators of a public or private day camp; licensees, administrators, and employees of licensed community care or child day care facilities; headstart teachers; licensing workers or licensing evaluators; public assistance workers; employees of a child care institution including, but not limited to, foster parents, group home personnel, and personnel of residential care facilities; and social workers or probation officers; or any person who is an administrator or presenter of, or a counselor in, a child abuse prevention program in any public or private school.

"Health practitioner" includes physicians and surgeons, psychiatrists, psychologists, dentists, residents, interns, podiatrists, chiropractors, licensed nurses, dental hygienists, optometrists, or any other person who is licensed under Division 2 (commencing with Section 500) of the Business and Professions Code; marriage, family and child counselors; emergency medical technicians I or II, paramedics, or other persons certified pursuant to Division 2.5 (commencing with Section 1797) of the Health and Safety Code; psychological assistants registered pursuant to Section 2913 of the Business and Professions Code; marriage, family and child counselor trainees as defined in subdivision (c) of Section 4980.03 of the Business and Professions Code; unlicensed marriage, family and child counselor interns registered under Section 4980.44 of the Business and Professions Code; state or county public health employees who treat minors for venereal disease or any other condition; coroners; paramedics; and religious practitioners who diagnose, examine, or

treat children.

The signed statements shall be retained by the employer. The cost of printing, distribution, and filing of these statements shall be borne by the employer.

This subdivision is not applicable to persons employed by child protective agencies as members of the support staff or maintenance staff and who do not work with, observe, or have knowledge of children as part of their official duties.

(b) On and after January 1, 1986, when a person is issued a state license or certificate to engage in a profession or occupation, the members of which are required to make a report pursuant to Section 11166, the state agency issuing the license or certificate shall send a statement substantially similar to the one contained in subdivision (a) to the person at the same time as it transmits the document indicating licensure or certification to the person. In addition to the requirements contained in subdivision (a), the statement shall also indicate that failure to comply with the requirements of Section 11166 is a misdemeanor, punishable by up to six months in jail or by a fine of one thousand dollars ($1,000) or by both.

(c) As an alternative to the procedure required by subdivision (b), a state agency may cause the required statement to be printed on all application forms for a license or certificate printed on or after January 1, 1986.

SEC. 22. Section 11167.5 of the Penal Code, as amended by Section 7.5 of Chapter 1598 of the Statutes of 1985, is amended to read:

11167.5. (a) The reports required by Sections 11166 and 11166.2 shall be confidential and may be disclosed only as provided in subdivision (b). Any violation of the confidentiality provided by this article shall be a misdemeanor punishable by up to six months in jail or by a fine of five hundred dollars ($500) or by both.

(b) Reports of suspected child abuse and information contained therein may be disclosed only to the following:

(1) Persons or agencies to whom disclosure of the identity of the reporting party is permitted under Section 11167.

(2) Persons or agencies to whom disclosure of information is permitted under subdivision (b) of Section 11170.

(3) Persons or agencies with whom investigations of child abuse are coordinated under the regulations promulgated under Section 11174.

(4) Multidisciplinary personnel teams as defined in subdivision (d) of Section 18951 of the Welfare and Institutions Code.

(5) Persons or agencies responsible for the licensing of facilities which care for children, as specified in Section 11165.7.

(6) The State Department of Social Services, as specified in paragraph (3) of subdivision (b) of Section 11170, when an individual has applied for a community care license or child day care license, or for employment in an out-of-home care facility, or when a complaint alleges child abuse by an operator or employee of an

out-of-home care facility.

(7) Hospital scan teams. As used in this paragraph, "hospital scan team" means a team of three or more persons established by a hospital, or two or more hospitals in the same county, consisting of health care professionals and representatives of law enforcement and child protective services, the members of which are engaged in the identification of child abuse. The disclosure authorized by this section includes disclosure among hospital scan teams located in the same county.

(c) Nothing in this section shall be interpreted to require the Department of Justice to disclose information contained in records maintained under Section 11169 or under the regulations promulgated pursuant to Section 11174, except as otherwise provided in this article.

(d) This section shall not be interpreted to allow disclosure of any reports or records relevant to the reports of child abuse if the disclosure would be prohibited by any other provisions of state or federal law applicable to the reports or records relevant to the reports of child abuse.

SEC. 23. Section 11172 of the Penal Code is amended to read:

11172. (a) No child care custodian, health practitioner, employee of a child protective agency, or commercial film and photographic print processor who reports a known or suspected instance of child abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this article unless it can be proven that a false report was made and the person knew that the report was false or was made with reckless disregard of the truth or falsity of the report, and any such person who makes a report of child abuse known to be false or with reckless disregard of the truth or falsity of the report is liable for any damages caused. No person required to make a report pursuant to this article, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a suspected victim of child abuse, or causing photographs to be taken of a suspected victim of child abuse, without parental consent, or for disseminating the photographs with the reports required by this article. However, the provisions of this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) Any child care custodian, health practitioner, or employee of a child protective agency who, pursuant to a request from a child protective agency, provides the requesting agency with access to the victim of a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of providing that access.

(c) The Legislature finds that even though it has provided immunity from liability to persons required to report child abuse, that immunity does not eliminate the possibility that actions may be

brought against those persons based upon required reports of child abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a child care custodian, health practitioner, an employee of a child protective agency, or commercial film and photographic print processor may present a claim to the State Board of Control for reasonable attorneys' fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General of the State of California at the time the award is made and shall not exceed an hourly rate greater than the rate charged by the Attorney General of the State of California at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000).

This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) A court may award attorney's fees to a commercial film and photographic print processor when a suit is brought against the processor because of a disclosure mandated by this article and the court finds this suit to be frivolous.

(e) Any person who fails to report an instance of child abuse which he or she knows to exist or reasonably should know to exist, as required by this article, is guilty of a misdemeanor and is punishable by confinement in the county jail for a term not to exceed six months or by a fine of not more than one thousand dollars ($1,000) or by both.

SEC. 24. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. Preplacement Preventive Services are those services which are designed to help children remain with their families by preventing or eliminating the need for removal.

(a) The Emergency Response Program is a component of Preplacement Preventive Services and is a response system which provides in-person response, 24 hours a day, seven days a week to reports of abuse, neglect, or exploitation, for the purpose of providing initial intake services and crisis intervention to maintain the child safely in his or her own home or to protect the safety of the child. County welfare departments shall respond to any report of imminent danger to a child immediately and all other reports within 10 calendar days. An in-person response is not required when the county welfare department, based upon an assessment, determines

that an in-person response is not appropriate. An assessment includes collateral contacts, a review of previous referrals, and other relevant information, as indicated.

(b) The Family Maintenance Program is a component of Preplacement Preventive Services and is designed to provide time-limited protective services to prevent or remedy neglect, abuse, or exploitation, for the purposes of preventing separation of children from their families.

This section shall become operative on October 1, 1983, unless a later enacted statute extends or deletes that date.

SEC. 25. Section 16504 of the Welfare and Institutions Code is amended to read:

16504. Any child reported to the county welfare department to be endangered by abuse, neglect, or exploitation shall be eligible for initial intake and assessment services. Each county welfare department shall maintain and operate a 24-hour response system. An immediate in-person response shall be made by a county welfare department social worker in emergency situations in accordance with regulations of the department. The person making any initial response to a request for child welfare services shall consider providing appropriate social services to maintain the child safely in his or her own home. However, an in-person response is not required when the county welfare department, based upon an assessment, determines that an in-person response is not appropriate. An assessment includes collateral contacts, a review of previous referrals, and other relevant information, as indicated.

This section shall become operative on October 1, 1983, unless a later enacted statute extends or deletes that date.

SEC. 26. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1460

An act to add Section 50803.5 to, and to amend Section 50517.5 of the Health and Safety Code, relating to housing.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 50517.5 of the Health and Safety Code is amended to read:

50517.5. (a) The department shall establish a Farmworker Housing Grant Program under which, subject to the availability of funds therefor, grants shall be made to local public entities and nonprofit corporations for the construction or rehabilitation of housing for agricultural employees and their families. Under this program, grants may also be made for the purchase of land in connection with housing assisted pursuant to this section and for the construction and rehabilitation of related support facilities necessary to the housing. In its administration of this program, the department shall disburse grant funds to the local public entities and nonprofit corporations or may, at the request of the local public entity or nonprofit corporation which sponsors and supervises the rehabilitation program, disburse grant funds to agricultural employees who are participants in a rehabilitation program sponsored and supervised by the local public entity or nonprofit corporation. No part of a grant made pursuant to this section may be used for project organization or planning.

The program shall be administered by the Director of Housing and Community Development and officers and employees of the department as he or she may designate.

It is the intent of the Legislature that, in administering the program, the director shall facilitate, to the greatest extent possible, the construction and rehabilitation of permanent dwellings for year-round occupancy and ownership by agricultural employees, including ownership of the sites upon which the dwellings are located.

(b) The Farmworker Housing Grant Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated to the department for making grants pursuant to this section and for costs incurred by the department in administering the grant program.

There shall be paid into the fund the following:

(1) Any moneys appropriated and made available by the Legislature for purposes of the fund.

(2) Any moneys which the department receives in repayment or return of grants from the fund, including any interest therefrom.

(3) Any other moneys which may be made available to the department for the purposes of this chapter from any other source or sources.

(c) Grants made pursuant to this section shall be matched by grantees with at least equal amounts of federal moneys, other cash investments, or in-kind contributions.

(d) With respect to the supervision of grantees, the department shall do the following:

(1) Establish minimum capital reserves to be maintained by grantees.

(2) Fix and alter from time to time a schedule of rents such as may be necessary to provide residents of housing assisted pursuant to this section with affordable rents to the extent consistent with the maintenance of the financial integrity of the housing project. No grantee shall increase the rent on any unit constructed or rehabilitated with the assistance of funds granted pursuant to this section without the prior permission of the department, which shall be given only if the grantee affirmatively demonstrates that the increase is required to defray necessary operating costs or avoid jeopardizing the fiscal integrity of the housing project.

(3) Determine standards for, and control selection by grantees of, tenants and subsequent purchasers of housing constructed or rehabilitated with the assistance of funds granted pursuant to this section.

(4) Require as a condition precedent to a grant of funds that the grantee be record owner in fee of the assisted real property and that the grantee shall have entered into a written agreement with the department binding upon the grantee and successors in interest to the grantee. The agreement shall include the conditions under which the funds advanced may be repaid. The agreement shall include provisions for a lien on the assisted real property in favor of the State of California for the purpose of securing performance of the agreement. The agreement shall also provide that the lien shall endure until released by the Director of Housing and Community Development.

In the event that funds granted pursuant to this section constitute less than 25 percent of the total development cost or value, whichever is applicable, of a project assisted under this section, the department may adopt, by regulation, criteria for determining the number of units in a project to which the restrictions on occupancy contained in the agreement apply. In no event may these regulations provide for the application of the agreement to a percentage of units in a project which is less than the percentage of total development costs which funds granted pursuant to this section represent.

Contemporaneously with the disbursement of the initial funds to a grantee, the department shall cause to be recorded, in the office of the county recorder of the county in which the assisted real property is located, a notice of lien executed by the Director of Housing and Community Development. The notice of lien shall refer

to the agreement required by this paragraph for which it secures and it shall include a legal description of the assisted real property which is subject to the lien. The notice of lien shall be indexed by the recorder in the Grantor Index to the name of the grantee and in the Grantee Index to the name of the State of California, Department of Housing and Community Development. The department shall adopt by regulation criteria for the determination of the lien period. Such regulation shall take into account whether the property is held by multifamily rental, single-family ownership, or cooperative ownership and whether it is new construction or rehabilitative construction.

Pursuant to regulations adopted by the department, the department may execute and cause to be recorded in the office of the recorder of the county in which a notice of lien has been recorded, a subordination of the lien. The regulations adopted by the department shall provide that any subordination of the lien shall not jeopardize the security interest of the state and shall further the interest of farmworker housing. The recitals contained in the subordination shall be conclusive in favor of any bona fide purchaser or lender relying thereon.

(5) Regulate the terms of occupancy agreements or resale controls, to be used in housing assisted pursuant to this section.

(6) Provide bilingual services and publications, or require grantees to do so, as necessary to implement the purposes of this section.

(7) The agreement between the department and the grantee shall provide, among other things, that:

(A) Upon the sale or conveyance of the real property, or any part thereof, for use other than for agricultural employee occupancy, the grantee or its successors shall, as a condition for the release of the lien provided pursuant to paragraph (4), repay to the fund the department's grant funds.

(B) Upon the sale or conveyance of the real property or any part thereof for continued agricultural employee occupancy, the transferee shall assume the obligation of the transferor and the real property shall be transferred to the new owner; provided that the transferee agrees to abide by the agreement entered into between the transferor and the department and that the new owner takes the property subject to the lien provided pursuant to paragraph (4), except that this lien shall, at the time of the transfer of the property to the new owner, be extended for an additional lien period determined by the department pursuant to paragraph (4), and the new owner shall not be credited with the lien period that had run from the time the transferor had acquired the property to the time of transfer to the new owner, unless the department determines that it is in the best interest of the state and consistent with the intent of this section to so credit the lien period to the new owner. However, the lien shall have priority as of the recording date of the lien for the original grantee, pursuant to paragraph (4).

(e) The department may do any of the following with respect to grantees:

(1) Through its agents or employees enter upon and inspect the lands, buildings, and equipment of a grantee, including books and records, at any time before, during, or after construction or rehabilitation of units assisted pursuant to this section. However, there shall be no entry or inspection of any unit which is occupied, whether or not any occupant is actually present, without the consent of the occupant.

(2) Supervise the operation and maintenance of any housing assisted pursuant to this section and order repairs as may be necessary to protect the public interest or the health, safety, or welfare of occupants of the housing.

(f) The department shall include in its annual report required by Section 50408, a current report of the Farmworker Housing Grant Program. The report shall include, but need not be limited to, (1) the number of households assisted, (2) the average income of households assisted and the distribution of annual incomes among assisted households, (3) the rents paid by households assisted, (4) the number and amount of grants made to each nonprofit corporation and local public entity in the preceding year, (5) the dollar value of funding derived from sources other than the state for each project receiving a grant under this section, and an identification of each source, (6) recommendations, as needed, to improve operations of the program and respecting the desirability of extending its application to other groups in rural areas identified by the department as having special need for state housing assistance, and (7) the number of manufactured housing units assisted under this section.

(g) As used in this section:

(1) "Agricultural employee" has the same meaning as specified in subdivision (b) of Section 1140.4 of the Labor Code.

(2) "Grantee" means the local public entity or nonprofit corporation that is awarded the grant under this section and, at the request thereof, may include an individual homeowner receiving direct payment of a grant for rehabilitation under this section who occupies the assisted housing both before and after the rehabilitation and who is a participant in a rehabilitation program sponsored and supervised by a local public entity or nonprofit corporation.

(3) "Housing" may include, but need not be limited to, conventionally constructed units, and manufactured housing.

SEC. 2. Section 50803.5 is added to the Health and Safety Code, to read:

50803.5. (a) The department shall not approve any application for a grant under this chapter if a representative of the applicant participates or votes on the review, evaluation, or ranking of the applicant's application as part of any review process authorized pursuant to department regulations. The department shall ensure that if an incorporated or unincorporated organization or

governmental agency designated by the department to solicit, review, and recommend ranking for applications from a regional area defined by the department uses a subcommittee for the purpose of reviewing, ranking, and recommending applications for funding, no member of the subcommittee shall be an officer, employee, or agent of, or in any other way have an interest in, any organization applying for such funds. "Interest," as used in this subdivision shall include, but not be limited to, financial, organizational, or contractual relationships affecting the emergency shelter activities of the applicant, and shall not include the provision of uncompensated technical assistance or other forms of uncompensated assistance to the organization.

(b) The initial notice provided by the department of funding for grants shall be transmitted not later than 45 days after the Budget Bill or other statute providing that funding is chaptered.

(c) If the department requires an application for a grant to be submitted to an incorporated or unincorporated organization or governmental agency designated by the department to solicit, review, and recommend ranking for applications from a regional area defined by the department, the department shall allow at least six weeks for completion of that review before acting on the application.

(d) In approving grants the department shall ensure a fair geographical distribution of funds to needy areas and consider in making its decision the prior award of grants under this program.

(f) No stolen weapon shall be sold or destroyed pursuant to subdivision (c) or (d) unless reasonable notice is given to its lawful owner, if his or her identity and address can be reasonably ascertained.

SEC. 2.5. Section 12028 of the Penal Code is amended to read:

12028. (a) The unlawful concealed carrying upon the person or within the vehicle of the carrier of any explosive substance, other than fixed ammunition, dirk, or dagger, as provided in Section 12020, the unlawful concealed carrying upon the person or within the vehicle or the carrier of any of the weapons mentioned in Section 12025, and the unlawful possession or carrying of any item in violation of Section 653k is a nuisance.

(b) A firearm of any nature used in the commission of any misdemeanor as provided in this code or any felony, or an attempt to commit any misdemeanor as provided in this code or any felony, is, upon a conviction of the defendant, or upon a juvenile court finding that an offense which would be a misdemeanor or felony if committed by an adult was committed or attempted by the juvenile with the use of a firearm, a nuisance. A finding that the defendant was guilty of the offense but was insane at the time the offense was committed is a conviction for the purposes of this section.

(c) Any weapon described in subdivision (a), or, upon conviction of the defendant or a juvenile court finding that an offense which would be a misdemeanor or felony if committed by an adult was committed or attempted by the juvenile with the use of a firearm, any weapon described in subdivision (b), shall be surrendered to the sheriff of a county or the chief of police or other head of a municipal

police department of any city or city and county. The officers to whom the weapons are surrendered, except upon the certificate of a judge of a court of record, or of the district attorney of the county, that the retention thereof is necessary or proper to the ends of justice, may annually, between the 1st and 10th days of July, in each year, offer the weapons, which the officers in charge of them consider to have value with respect to sporting, recreational, or collection purposes, for sale at public auction to persons licensed under federal law to engage in businesses involving any weapon purchased. If any weapon has been stolen and is thereafter recovered from the thief or his or her transferee, or is used in such a manner as to constitute a nuisance pursuant to subdivision (a) or (b) without the prior knowledge of its lawful owner that it would be so used, it shall not be so offered for sale but shall be restored to the lawful owner, as soon as its use as evidence has been served, upon his or her identification of the weapon and proof of ownership.

(d) If, under this section, a weapon is not of the type that can be sold to the public, generally, or is not sold pursuant to subdivision (c) the weapon shall in the month of July, next succeeding, or sooner, if necessary to conserve local resources including space and utilization of personnel who maintain files and security of those weapons, be destroyed so that it can no longer be used as such weapon except upon the certificate of a judge of a court of record, or of the district attorney of the county, that the retention of it is necessary or proper to the ends of justice.

(e) This section does not apply to any firearm in the possession of the Department of Fish and Game or which was used in the violation of any provision of in the Fish and Game Code or any regulation adopted pursuant thereto, or which is forfeited pursuant to Section 5008.6 of the Public Resources Code.

These weapons shall be subject to confiscation and summary destruction whenever found within the state. These weapons shall be destroyed in the same manner as other weapons described in Section 12028, except that upon the certification of a judge or of the district attorney that the ends of justice will be subserved thereby, the weapon shall be preserved until the necessity for its use ceases.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 12028 of the Penal Code proposed by both this bill and AB

1680. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1988, (2) each bill amends Section 12028 of the Penal Code, and (3) this bill is enacted after AB 1680, in which case Section 2 of this bill shall not become operative.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1462

An act to amend Sections 667.9, 13844, and 13845 of, and to add Sections 1203.1j and 13823.2 to, the Penal Code, relating to crimes.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 667.9 of the Penal Code is amended to read:

667.9. (a) Any person who has a prior conviction for any of the offenses listed in subdivision (b), and who commits one or more of the crimes listed in subdivision (b) against a person who is 65 years of age or older, or against a person who is blind, a paraplegic, or a quadriplegic, or against a person who is under the age of 14 years, and that disability or condition is known or reasonably should be known to the person committing the crime, shall receive a two-year enhancement for each violation in addition to the sentence provided under Section 667.

(b) Subdivision (a) applies to the following crimes:

(1) Robbery, in violation of Section 211.

(2) Kidnapping, in violation of Section 207.

(3) Kidnapping for ransom, extortion, or robbery, in violation of Section 209.

(4) Rape by force, violence, or fear of immediate and unlawful bodily injury on the victim or another person in violation of subdivision (2) of Section 261.

(5) Sodomy or oral copulation by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person in violation of Section 286 or 288a.

(6) Mayhem, as defined in Section 203.

(7) Burglary of the first degree, as defined in Section 460.

(c) The existence of any fact which would bring a person under subdivision (a) shall be alleged in the information or indictment and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is

established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

SEC. 2. Section 1203.1j is added to the Penal Code, to read:

1203.1j. In any case in which the defendant is convicted of assault, battery, or assault with a deadly weapon on a victim 65 years of age or older, and the defendant knew or reasonably should have known the elderly status of the victim, the court, as a condition of probation, may order the defendant to make restitution for the costs of medical or psychological treatment incurred by the victim as a result of the crime, and that the defendant seek and maintain legitimate employment and apply that portion of his or her earnings specified by the court toward those costs.

The defendant shall be entitled to a hearing, concerning any modification of the amount of restitution, based on the costs of medical and psychological treatment incurred by the victim subsequent to the issuance of the order of probation.

SEC. 3. Section 13823.2 is added to the Penal Code, to read:

13823.2. (a) The Legislature hereby finds and declares all of the following:

(1) That violent and serious crimes are being committed against the elderly on an alarmingly regular basis.

(2) That in 1985, the United States Department of Justice reported that approximately 1 in every 10 elderly households in the nation would be touched by crime.

(3) That the California Department of Justice, based upon limited data received from local law enforcement agencies, reported that approximately 10,000 violent crimes were committed against elderly victims in 1985.

(4) That while the elderly may not be the most frequent targets of crime, when they are victimized the impact of each vicious attack has long-lasting effects. Injuries involving, for example, a broken hip may never heal properly and often leave the victim physically impaired. The loss of money used for food and other daily living expenses for these costs may be life-threatening for the older citizen on a fixed income. In addition, stolen or damaged property often cannot be replaced.

(5) Although the State of California currently funds programs to provide assistance to victims of crime and to provide general crime prevention information, there are limited specialized efforts to respond directly to the needs of elderly victims or to provide prevention services tailored for the senior population.

(b) It is the intent of the Legislature that victim services, crime prevention, and criminal justice training programs funded by the Office of Criminal Justice Planning shall include, consistent with available resources, specialized components that respond to the diverse needs of elderly citizens residing in the state.

SEC. 4. Section 13844 of the Penal Code is amended to read:

13844. (a) Use of funds granted under the California Community Crime Resistance Program are restricted to the

following activities:

(1) Further the goal of a statewide crime prevention network by supporting the initiation or expansion of local crime prevention efforts.

(2) Provide information and encourage the use of new and innovative refinements to the traditional crime prevention model in localities that currently maintain a well-established crime prevention program.

(3) Support the development of a coordinated service network, including information exchange and case referral between such programs as local victim-witness assistance programs, sexual assault programs, gang violence reduction programs, drug suppression programs, elderly care custodians, state and local elderly service programs, or any other established and recognizable local programs devoted to the lessening of crime and the promotion of the community's well-being.

(b) With respect to the initiation or expansion of local crime prevention efforts, projects supported under the California Community Crime Resistance Program shall carry out as many of the following activities as deemed, in the judgment of the Office of Criminal Justice Planning to be consistent with available resources:

(1) Crime prevention programs using tailored outreach techniques in order to provide effective and consistent services for the elderly in the following areas:

(A) Crime prevention information to elderly citizens regarding personal safety, fraud, theft, grand theft, burglary, and elderly abuse.

(B) Services designed to respond to the specific and diverse crime prevention needs of elderly residential communities.

(C) Specific services coordinated to assist in the installation of security devices or provision of escort services and victim assistance.

(2) Programs to provide training, information, and prevention literature to peace officers, elderly care custodians, health practitioners, and social service providers regarding physical abuse and neglect within residential health care facilities for the elderly.

(3) Programs to promote neighborhood involvement such as, but not limited to, block clubs and other community or resident-sponsored anti-crime programs.

(4) Personal safety programs. .

(5) Domestic violence prevention programs.

(6) Crime prevention programs specifically geared to youth in schools and school district personnel.

(7) Programs which make available to residents and businesses information on locking devices, building security and related crime resistance approaches.

(8) In cooperation with the Commission on Peace Officer Standards and Training, support for the training of peace officers in crime prevention and its effects on the relationship between citizens and law enforcement.

(9) Efforts to address the crime prevention needs of communities

with high proportions of teenagers and young adults, low-income families, and non-English-speaking residents, including juvenile delinquency diversion, social service referrals, and making available crime resistance literature in appropriate languages other than English.

(c) With respect to the support of new and innovative techniques, communities taking part in the California Crime Resistance Program shall carry out those activities as determined by the Office of Criminal Justice Planning, that conform to local needs and are consistent with available expertise and resources, such as the following:

(7) Programs devoted to crime and delinquency prevention through the establishment of partnership initiatives utilizing elderly and juvenile volunteers.

(d) All approved programs shall utilize volunteers to assist in implementing and conducting community crime resistance programs. Programs providing elderly crime prevention programs shall recruit senior citizens to assist in providing services.

Whereas, the people of the State of California desire to promote and achieve tax equity and fairness among all the state's citizens and further desire to conform to the public policy of nondiscrimination, the Legislature hereby enacts the following for these reasons and for no other purpose:

(b) A club described in subdivision (a) holding an alcoholic beverage license pursuant to Division 9 (commencing with Section 23000) of the Business and Professions Code, except a club holding an alcoholic beverage license pursuant to Section 23425 thereof, shall provide on each receipt furnished to a taxpayer a printed statement as follows:

(c) For purposes of this section:

SEC. 4. This act is not intended to affect the tax exempt status of any church or other organization which is exempt from taxation under Section 23701d of the Revenue and Taxation Code.

SEC. 5. It is not intended that any inference be drawn as the result of the enactment of this act that the Legislature intended to preclude administrative regulations by the Franchise Tax Board which disallow business deductions on public policy grounds with respect to expenses incurred before the operative date of this act. However, as of the operative date of this act, any administrative regulations adopted by the Franchise Tax Board which are inconsistent with or contrary to this act shall be of no further force or effect.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 7. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall be applied in the computation of taxes for taxable or income years commencing on or after January 1, 1990.

4850.1. An applicant for environmental license plates issued under Article 8.5 (commencing with Section 5100) of Chapter 1 of Division 3 may request either reflectorized license plates pursuant to Section 4850 or nonreflectorized blue and gold license plates without payment of any fee in addition to that required for environmental license plates pursuant to Section 5106.

CHAPTER 1465

An act to amend Section 24405 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 24405 of the Revenue and Taxation Code is amended to read:

24405. (a) In the case of other associations organized and operated in whole or in part on a cooperative or a mutual basis, all income resulting from or arising out of business activities for or with their members carried on by them or their agents, or when done on a nonprofit basis for or with nonmembers, shall be an allowable deduction. However, the deduction allowable under this section shall not apply to those cooperative or mutual associations whose income is principally derived from the sale in the regular course of business of tangible personal property other than water, agricultural products, or food sold at wholesale.

(b) For the purposes of subdivision (a), "food sold at wholesale" means a sale of food to anyone engaged in the business of selling food who holds a seller's permit issued pursuant to Section 6066, and who at the time of purchasing the food either:

(1) Intends to sell it in the regular course of business.

(2) Is unable to ascertain at the time of purchase whether the food will be sold or used for some other purpose.

(c) For the purposes of subdivision (a), a credit union's activities are "for or with" the members of the credit union if the activities involve the investment of surplus member savings capital in investments permitted for credit unions pursuant to Sections 14406, 14652, 14653, 14653.5, 14654, 14655, and 14656 of the Financial Code. "Surplus member savings capital" means the savings capital of credit union members which is in excess of the amount of savings capital which is loaned to members of the credit union. The term "savings capital" shall have the meaning set forth in subdivision (a) of Section 14400 of the Financial Code.

SEC. 2. It is not the intent of the Legislature to exempt, within the provisions of Section 24405 of the Revenue and Taxation Code, "equity capital," as that term is defined in subdivision (b) of Section 14400 of the Financial Code.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall be applied in the computation of taxes for income years commencing on or after January 1, 1988.

CHAPTER 1466

An act to add and repeal Section 15202.5 of the Government Code, relating to the counties, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 15202.5 is added to the Government Code, to read:

15202.5. (a) Notwithstanding any other provision of this chapter, the Controller, in the case of Sierra County because of its unique circumstances, shall reimburse Sierra County for costs incurred in the 1986–87 and 1987–88 fiscal years as a result of contracts for county counsel services.

(b) This section shall become inoperative on June 30, 1989, and, as of January 1, 1990, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1990, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Sierra County has experienced a drastic increase in homicides recently. This has required the county counsel, who is also the district attorney for the county, to serve as district attorney full-time, leaving the responsibilities of the county counsel to be met

by contract civil attorneys. This additional cost has imposed an extreme burden on Sierra County. Due to these unique circumstances, the Legislature finds and declares that a statute of general application cannot be enacted within the meaning of Section 16 of Article IV of the Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for Sierra County to be reimbursed as soon as possible for purposes of the 1986–87 and 1987–88 budgets for contract civil attorney services due to the unavailability of the usual county counsel representation, it is necessary that this act take effect immediately.

SEC. 4. There is hereby appropriated the sum of fifty-eight thousand dollars ($58,000) from the General Fund to the Controller for the reimbursement required by Section 1 of this act.

CHAPTER 1467

An act relating to the Department of Commerce.

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) That nonprofit organizations make significant contributions to California's citizens by providing a wide array of health, education, and social services.

(b) That small businesses have been the backbone of California's growing economy by providing 8 out of 10 jobs in the last decade.

(c) That small businesses survive and grow because they are effective competitors, yet, because of this competition, most businesses operate on a margin that cannot afford additional pressures.

(d) That the nonprofit sector traditionally comprised charitable organizations which survived on contributions from the public, providing services such as health care, education, and basic research that were not provided by the for-profit sector.

(e) That the transition of our nation from a manufacturing to a service-based economy has led to tremendous growth in the service-oriented nonprofit sector.

(f) That considerable cutbacks in federal funds and private contributions to nonprofit entities has resulted in a dependence upon commercial activities by these entities in order to replace

dwindling resources.

(g) That the commercial activities of nonprofit entities have, in some instances, created a perceived form of competition with the for-profit sector, since small businesses engaged in similar enterprises do not receive the same benefits as nonprofits and therefore cannot afford to offer a product at the same price.

(h) That other states have passed legislation restricting the tax-exempt activities of commercial nonprofit organizations, and Congress is considering the same action.

(i) That, in order to make reasonable decisions and influence Congress to do the same, there needs to be reliable data made available regarding the extent to which small businesses in the state face unfair competition from nonprofit entities, while also providing information on the negative impacts certain reforms would have on the ability of nonprofit entities to continue to operate.

(j) That information is also needed to assess the compatibility of small businesses and nonprofit entities in all sectors of the economy.

(k) That a study of reliable data should also contain the input of a broad based group of representatives from California's public and private universities, private industry, nonprofit organizations that conduct commercially competitive activities, and appropriate government agencies.

SEC. 2. (a) The Department of Commerce shall conduct a study to review, analyze, and document information regarding the growth of commercial nonprofit organizations and their competitive impact, if any, on California's small business community.

(b) The department may, if necessary, contract out for the study required by subdivision (a). In conducting the study all available resources shall be used, including, but not limited to, public hearings held by the Small Business Advisory Council inviting testimony and recommendations from the business and nonprofit commercial community.

(c) The department shall create an advisory task force to provide input to the study.

The advisory task force shall be comprised of the Director of the Department of Commerce or his or her designee who shall also serve as chairperson of the task force and all of the following members who shall be appointed by the director:

(1) The dean, or a representative, of a California public university business school.

(2) The dean, or a representative, of a California private university business school.

(3) Four persons, one of whom may be the owner of a small business, or representatives of small business organizations whose members are affected by the commercially competitive activities of nonprofit organizations.

(4) Two persons representing nonprofit organizations that conduct commercially competitive activities. One of these persons shall represent a nonprofit youth-serving organization which is

exempt from income taxation under Section 501(c)(3) of the Internal Revenue Code.

(5) Representatives from other government agencies or departments as deemed necessary by the Director of the Department of Commerce.

The director may solicit private and public funds to pay for the expenses and per diem of the advisory task force members.

(d) The department shall complete the study no later than June 30, 1988, and report its findings and recommendations to the Governor, the Senate Committee on Rules, and the Speaker of the Assembly.

The task force shall remain constituted until June 30, 1988, or until the completion of the study, and, as of that date, is terminated unless a later enacted statute deletes or extends that date.

CHAPTER 1468

An act to amend Sections 44325, 44326, 44327, 44328, 44329, 44830.3, and 44885.5 of, to amend the heading of Article 7.5 (commencing with Section 44325) of Chapter 2 of Part 25 of, and to repeal Section 44274 of, the Education Code, relating to education.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 44274 of the Education Code is repealed.

SEC. 2. The heading of Article 7.5 (commencing with Section 44325) of Chapter 2 of Part 25 of the Education Code is amended to read:

Article 7.5. District Interns

SEC. 3. Section 44325 of the Education Code is amended to read:

44325. (a) The Commission on Teacher Credentialing shall issue district intern certificates authorizing persons employed by any school district that maintains kindergarten and grades 1 to 12, inclusive, or that maintains classes in bilingual education, to provide classroom instruction to pupils in those grades and classes in accordance with the requirements of Section 44830.3.

(b) Each district intern certificate shall be valid for a period of two years except that a certificate that authorizes the holder to teach a bilingual education class is valid for three years. Upon the recommendation of the governing board of the school district, the commission may grant a one-year extension of the district intern certificate.

(c) The commission shall require each applicant for a district

intern certificate to demonstrate that he or she meets the minimum qualifications for that certificate, including (1) the possession of a baccalaureate degree conferred by an accredited institution of postsecondary education, (2) the successful passage of the state basic skills proficiency test administered under Sections 44252 and 44252.5, (3) the appropriate subject matter examination administered by the commission for the subject areas in which the district intern is authorized to teach, and (4) the oral language component of the assessment program leading to the bilingual-crosscultural certificate of competence for persons seeking a district intern certificate to teach bilingual education classes.

(d) The commission shall apply the requirements of Sections 44339, 44340, and 44341 to each applicant for a district intern certificate.

SEC. 4. Section 44326 of the Education Code is amended to read:

44326. Persons holding district intern certificates issued by the commission under Section 44325 to teach in grades 9 to 12, inclusive, or in grades 6 to 8, inclusive, in a departmentalized program, or in departmentalized bilingual classes, shall only be authorized to teach in the subject areas in which they completed an undergraduate academic major or minor. Persons holding district intern certificates issued by the commission under Section 44325 to teach in kindergarten and grades 1 to 8, inclusive, in a self-contained program or in self-contained bilingual classes who have completed an academic major or minor or a diversified or liberal arts degree that includes the subject matter coursework prescribed in Section 44314 shall be authorized to teach in those grades, or classes. These persons shall be required to teach with the assistance and guidance of certificated employees of the district who have been classified as mentor teachers under the provisions of Article 4 (commencing with Section 44490) of Chapter 3, or with the assistance and guidance of certificated employees selected through a competitive process adopted by the governing board after consultation with the exclusive teacher representative unit or by personnel employed by institutions of higher education to supervise student teachers.

SEC. 5. Section 44327 of the Education Code is amended to read:

44327. (a) On or before July 1, 1988, the commission, in consultation with participating school districts and other affected organizations, shall adopt standards related to the quality of the training, support, evaluation, and performance of district interns. The standards shall be appropriate for an alternative program of teacher recruitment, preparation, and certification. To the extent feasible, the standards shall also be equivalent to the standards of the commission for professional preparation programs in colleges and universities.

(b) Commencing July 1, 1989, the commission shall periodically review district intern programs on the basis of the standards adopted pursuant to subdivision (a).

(c) The commission is not authorized to approve district intern

programs. On or before March 15, 1988, the commission shall inform all school districts in the state of the district intern program option, and shall disseminate its recommended standards to all districts.

SEC. 6. Section 44328 of the Education Code is amended to read:

44328. Unless the commission determines that substantial evidence exists that a person is unqualified to teach, upon the completion of successful service as a district intern pursuant to subdivision (b) of Section 44325, and upon the recommendation of the school district governing board, the commission shall award clear credentials to district interns in the same manner as applicants recommended for credentials by institutions that operate approved programs of professional preparation.

Notwithstanding subdivisions (b), (c), and (e) of Section 44259, Sections 44261, 44265, and 44335, or the requirements for the completion of course requirements in special education adopted pursuant to the authority of Section 67.5 of Chapter 1247 of the Statutes of 1977, it is the intent of the Legislature that upon recommendation by the governing board, district interns shall be issued clear credentials, rather than preliminary credentials, upon the completion of successful service as a teacher pursuant to subdivision (b) of Section 44325 unless the governing board recommends, and the commission finds substantial evidence that the person is not qualified to teach.

SEC. 7. Section 44329 of the Education Code is amended to read:

44329. The commission shall study the effectiveness of the certificated district intern program and shall report its findings to the Legislature on or before January 1, 1993.

SEC. 8. Section 44830.3 of the Education Code is amended to read:

(a) The governing board of any school district that maintains kindergarten or grades 1 to 12, inclusive, or that maintains classes in bilingual education may employ persons authorized by the Commission on Teacher Credentialing to provide service as district interns to provide instruction to pupils in those grades as a classroom teacher. Prior to employing any person as a district intern, the governing board shall certify to the commission on the appropriate statement of need document provided by the commission that insufficient fully credentialed teachers are available. The governing board shall require that each district intern be assisted and guided by a certificated employee of the school district who has been designated by the governing board as a mentor teacher pursuant to the provisions of Article 4 (commencing with Section 44490) of Chapter 3 or by certificated employees selected through a competitive process adopted by the governing board after consultation with the exclusive teacher representative unit or by personnel employed by institutions of higher education to supervise student teachers.

(b) The governing board of each school district employing district interns shall develop and implement a professional development

plan for district interns in consultation with an accredited institution of higher education offering an approved program of pedagogical preparation. The professional development plan shall include all of the following:

(1) Provisions for an annual evaluation of the district intern.

(2) As the governing board determines necessary, a description of courses to be completed by the district intern, if any, and a plan for the completion of preservice or other clinical training, if any, including student teaching.

(3) Mandatory preservice training for district interns teaching in kindergarten or grades 1 to 12, inclusive, tailored to the grade level to be taught, through either of the following options:

(A) One hundred twenty clock hours of preservice training and orientation in the aspects of child development and the methods of teaching the subject field or fields in which the district intern will be assigned, which training and orientation period shall be under the direct supervision of an experienced permanent teacher. At the conclusion of the preservice training period, the permanent teacher shall provide the district with information regarding the area that should be emphasized in the future training of the district intern.

(B) The completion, prior to service by the intern in any classroom, of six semester units of college or university coursework designed in cooperation with the school district to provide instruction and orientation in the aspects of child development and the methods of teaching the subject field or fields in which the district intern will be assigned.

(4) Instruction in child development and the methods of teaching during the first semester of service for district interns teaching in kindergarten or grades 1 to 6, inclusive, including bilingual classes at those levels.

(5) Instruction in the culture and methods of teaching bilingual children during the first year of service for district interns teaching children in bilingual classes.

(6) Any other criteria which may be required by the governing board.

(c) Each district intern and each district teacher assigned to supervise the district intern during the preservice period, shall be compensated for the preservice period pursuant to subparagraph (A) or (B) of paragraph (3). The compensation shall be that which is normally provided by each district for staff development or in-service activity.

(d) Upon completion of two years of service or three years of service for those teaching in bilingual classes, the governing board may recommend to the Commission on Teacher Credentialing that the district intern be credentialed in the manner prescribed by Section 44328.

SEC. 9. Section 44885.5 of the Education Code is amended to read:

44885.5. (a) Any school district shall classify as a probationary

employee of the district any person who is employed as a district intern pursuant to Section 44830.3 and any person who has completed service in the district as a district intern pursuant to subdivision (b) of Section 44325 and Section 44830.3 and is reelected for the next succeeding school year to a position requiring certification qualifications.

The governing board may dismiss or suspend employees classified as probationary employees pursuant to this subdivision in accordance with the procedures specified in Section 44948 or 44948.3 as applicable.

(b) Every certificated employee, who has completed service as a district intern pursuant to subdivision (b) of Section 44325 and pursuant to Section 44830.3 and who is further reelected and employed during the succeeding school year as described in subdivision (a) shall, upon reelection for the next succeeding school year, to a position requiring certification qualifications, be classified as and become a permanent employee of the district.

The governing board shall notify the employee, on or before March 15 of the employee's last complete consecutive school year of probationary employment in a position requiring certification qualification as described in this subdivision, of the decision to reelect or not reelect the employee for the next succeeding school year to this type of a position. In the event the governing board does not give notice pursuant to this section on or before March 15, the employee shall be deemed reelected for the next succeeding school year.

SEC. 10. The changes made in Sections 1 to 9, inclusive, of this act to existing law shall have no retroactive application or effect upon any individual who has entered any teacher training program prior to January 1, 1988.

CHAPTER 1469

An act to amend Section 214 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 214 of the Revenue and Taxation Code is amended to read:

214. (a) Property used exclusively for religious, hospital, scientific, or charitable purposes owned and operated by community chests, funds, foundations or corporations organized and operated for religious, hospital, scientific, or charitable purposes is exempt from taxation if:

(1) The owner is not organized or operated for profit; provided, that in the case of hospitals, such organization shall not be deemed to be organized or operated for profit, if during the immediate preceding fiscal year the excess of operating revenues, exclusive of gifts, endowments and grants-in-aid, over operating expenses shall not have exceeded a sum equivalent to 10 percent of such operating expenses. As used herein, operating expenses shall include depreciation based on cost of replacement and amortization of, and interest on, indebtedness.

(2) No part of the net earnings of the owner inures to the benefit of any private shareholder or individual.

(3) The property is used for the actual operation of the exempt activity, and does not exceed an amount of property reasonably necessary to the accomplishment of the exempt purpose.

(4) The property is not used or operated by the owner or by any other person so as to benefit any officer, trustee, director, shareholder, member, employee, contributor, or bondholder of the owner or operator, or any other person, through the distribution of profits, payment of excessive charges or compensations or the more advantageous pursuit of their business or profession.

(5) The property is not used by the owner or members thereof for fraternal or lodge purposes, or for social club purposes except where such use is clearly incidental to a primary religious, hospital, scientific, or charitable purpose.

(6) The property is irrevocably dedicated to religious, charitable, scientific, or hospital purposes and upon the liquidation, dissolution or abandonment of the owner will not inure to the benefit of any private person except a fund, foundation or corporation organized and operated for religious, hospital, scientific, or charitable purposes.

(7) The property, if used exclusively for scientific purposes, is used by a foundation or institution which, in addition to complying with the foregoing requirements for the exemption of charitable organization in general, has been chartered by the Congress of the United States (except that this requirement shall not apply when the scientific purposes are medical research), and whose objects are the encouragement or conduct of scientific investigation, research and discovery for the benefit of the community at large.

The exemption provided for herein shall be known as the "welfare exemption." This exemption shall be in addition to any other exemption now provided by law and the existence of the exemption provision in paragraph (2) of subdivision (a) of Section 202 shall not preclude the exemption under this section for museum or library property. Except as provided in subdivision (e), this section shall not be construed to enlarge the college exemption.

(b) Property used exclusively for school purposes of less than collegiate grade and owned and operated by religious, hospital, or charitable funds, foundations, or corporations, which property and funds, foundations, or corporations meet all of the requirements of subdivision (a), shall be deemed to be within the exemption

provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section.

(c) Property used exclusively for nursery school purposes and owned and operated by religious, hospital, or charitable funds, foundations, or corporations, which property and funds, foundations, or corporations meet all the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section.

(d) Property used exclusively for a noncommercial educational FM broadcast station or an educational television station and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations meeting all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section.

(e) Property used exclusively for religious, charitable, scientific, or hospital purposes and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations or educational institutions of collegiate grade, as defined in Section 203, which property and funds, foundations, corporations, or educational institutions meet all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section. As to educational institutions of collegiate grade, as defined in Section 203, the requirements of paragraph (6) of subdivision (a) shall be deemed to be met if both of the following are met:

(1) The property of the educational institution is irrevocably dedicated in its articles of incorporation to charitable and educational purposes, to religious and educational purposes, or to educational purposes.

(2) The articles of incorporation of the educational institution provide for distribution of its property upon its liquidation, dissolution, or abandonment to a fund, foundation, or corporation organized and operated for religious, hospital, scientific, charitable, or educational purposes meeting the requirements for exemption provided by Section 203 or this section.

(f) Property used exclusively for housing and related facilities for elderly or handicapped families and financed by, including, but not limited to, the federal government pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), as amended, Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v), or Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z), and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations meeting all of the requirements of this section shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section. The amendment of this paragraph made at the

1983–84 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law. However, no refund of property taxes shall be required as a result of this amendment for any fiscal year prior to the fiscal year in which the amendment takes effect.

Property used exclusively for housing and related facilities for elderly or handicapped families at which supplemental care or services designed to meet the special needs of elderly or handicapped residents are not provided, or which is not financed by the federal government pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), as amended, Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v), or Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715), shall not be entitled to exemption pursuant to this subdivision unless the property is used for housing and related facilities for low- and moderate-income elderly or handicapped families. Property which would otherwise be exempt pursuant to this subdivision, except that it includes some housing and related facilities for other than low- or moderate-income elderly or handicapped families, shall be entitled to a partial exemption. The partial exemption shall be equal to that percentage of the value of the property which is equal to the percentage which the number of low- and moderate-income elderly and handicapped families occupying the property is of the total number of families occupying the property.

As used in this subdivision, "low and moderate income" has the same meaning as the term "persons and families of low or moderate income" as defined by Section 50093 of the Health and Safety Code.

(g) Property used exclusively for rental housing and related facilities and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations, including limited partnerships in which the managing general partner is an eligible nonprofit corporation, meeting all of the requirements of this section shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section and shall be entitled to a partial exemption equal to that percentage of the value of the property which the portion of the property serving lower-income households is of the total property in any year in which any of the following criteria are applicable:

(1) Twenty percent or more of the occupants of the property are lower-income households whose rent does not exceed that prescribed by Section 50053 of the Health and Safety Code.

(2) The acquisition, rehabilitation, development, or operation of the property, or any combination of these factors, is financed with tax exempt mortgage revenue bonds or general obligation bonds, or is financed by local, state, or federal loans or grants and the rents of the occupants who are lower-income households do not exceed those prescribed by deed restrictions or regulatory agreements pursuant to the terms of the financing or financial assistance.

(3) The owner of the property is eligible for and receives low-income housing tax credits pursuant to Section 42 of the Internal Revenue Code of 1986, as added by Public Law 99-514.

In order to be eligible for the exemption provided by this subdivision, the owner of the property shall do both of the following:

(A) Certify and ensure that there is a deed restriction, agreement, or other legal document which restricts the project's usage and which provides that the units designated for use by lower income households are continuously available to or occupied by lower income households at rents that do not exceed those prescribed by Section 50053 of the Health and Safety Code, or, to the extent that the terms of federal, state, or local financing or financial assistance conflicts with Section 50053, rents do not exceed those prescribed by the terms of the financing or financial assistance.

(B) Certify that the funds which would have been necessary to pay property taxes are used to maintain the affordability of, or reduce rents otherwise necessary for, the units occupied by lower-income households.

As used in this subdivision, "lower-income households" has the same meaning as the term "lower-income households" as defined by Section 50079.5 of the Health and Safety Code.

SEC. 2. This act makes a classification or exemption of property for purposes of ad valorem taxation within the meaning of Section 2229 of the Revenue and Taxation Code.

SEC. 3. The amendments to Section 214 of the Revenue and Taxation Code made by this act shall be operative for the 1988–89 fiscal year and each fiscal year thereafter.

(b) Nothing contained in this section shall be construed to prohibit the board from refusing to permit a person meeting the above requirements to take such examination if, in the opinion of the board, the course of instruction at the institution issuing him the degree of doctor of optometry was not reasonably equivalent to that required of applicants for the examination who have graduated from a college or university located in the United States.

(c) This section shall remain in effect until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1991, deletes or extends that date.

CHAPTER 1474

An act to add Section 43.93 to the Civil Code, relating to psychotherapy.

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 43.93 is added to the Civil Code, to read:

43.93. (a) For the purposes of this section the following definitions are applicable:

(1) "Psychotherapy" means the professional treatment, assessment, or counseling of a mental or emotional illness, symptom, or condition.

(2) "Psychotherapist" means a physician and surgeon specializing in the practice of psychiatry, a psychologist, a psychological assistant, marriage, family and child counselor, a registered marriage, family and child counselor intern, an educational psychologist, an apprentice social worker, or clinical social worker.

(3) "Sexual contact" means the touching of an intimate part of another person. "Intimate part" and "touching" have the same meanings as defined in Section 243.4 of the Penal Code. For the purposes of this section, sexual contact includes sexual intercourse, sodomy, and oral copulation.

(4) "Therapeutic relationship" exists during the time the patient or client is rendered professional service by the therapist.

(5) "Therapeutic deception" means a representation by a psychotherapist that sexual contact with the psychotherapist is consistent with or part of the patient's or former patient's treatment.

(b) A cause of action against a psychotherapist for sexual contact exists for a patient or former patient for injury caused by sexual contact with the psychotherapist, if the sexual contact occurred under any of the following conditions:

(1) During the period the patient was receiving psychotherapy

from the psychotherapist.

(2) Within two years following termination of therapy.

(3) By means of therapeutic deception.

(c) The patient or former patient may recover damages from a psychotherapist who is found liable for sexual contact. It is not a defense to the action that sexual contact with a patient occurred outside a therapy or treatment session or that it occurred off the premises regularly used by the psychotherapist for therapy or treatment sessions. No cause of action shall exist between spouses within a marriage.

(d) In an action for sexual contact, evidence of the plaintiff's sexual history is not subject to discovery and is not admissible as evidence except in either of the following situations:

(1) The plaintiff claims damage to sexual functioning.

(2) The defendant requests a hearing prior to conducting discovery and makes an offer of proof of the relevancy of the history, and the court finds that the history is relevant and the probative value of the history outweighs its prejudicial effect.

The court shall allow the discovery or introduction as evidence only of specific information or examples of the plaintiff's conduct that are determined by the court to be relevant. The court's order shall detail the information or conduct that is subject to discovery.

CHAPTER 1475

An act to add Sections 14529.8, 14529.9, and 14529.10 to the Government Code, relating to transportation.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to reimburse local agencies which provide funds to advance construction of projects in the state transportation improvement program.

SEC. 2. Section 14529.8 is added to the Government Code, to read:

14529.8. (a) A transportation planning agency, county transportation commission, or local transportation authority, with the concurrence of the commission and the department, may provide the funds to prevent a delay in the delivery of any project in the state transportation improvement program caused by a shortage of state and federal funds for the project.

(b) Upon giving its concurrence, the commission shall amend the state transportation improvement program to specify the year in which the local entity shall be reimbursed for the funding it provides. The reimbursement shall be for the actual cost of the project, and

shall have no lower priority for funding than did the project when it was originally scheduled in the state transportation improvement program. For purposes of Sections 188 and 188.8 of the Streets and Highways Code, the project shall be considered as an expenditure in the year it was originally scheduled in the state transportation improvement program.

(c) If any portion of the cost of a project becomes eligible for reimbursement from federal funds pursuant to Section 115 of Title 23 of the United States Code, responsibility for the cost which the department incurs in making the project eligible shall be specified by agreement between the transportation planning agency, county transportation commission, or local transportation authority and the department.

SEC. 3. Section 14529.9 is added to the Government Code, to read:

14529.9. (a) A transportation planning agency, county transportation commission, or local transportation authority may, with the concurrence of the commission, request the department to make a portion of the cost of any project funded by a local entity that is included in the state transportation improvement program eligible for reimbursement by the federal government pursuant to Section 115 of Title 23 of the United States Code. The transportation planning agency, county transportation commission, or local transportation authority shall be responsible for the cost the department incurs in making the project's cost eligible for federal reimbursement.

(b) The transportation planning agency, county transportation commission, or local transportation authority and the department shall specify by agreement whether reimbursements for project costs received from the federal government pursuant to Section 115 of Title 23 of the United States Code shall be returned to the local funding entity for transportation projects or allocated to additional projects in the state transportation improvement program. For purposes of Sections 188 and 188.8 of the Streets and Highways Code, reimbursements to local entities shall be considered expenditures from the State Highway Account in the year the reimbursement occurs.

(c) For reimbursements which a local funding entity specifies are to be allocated to additional projects in the state transportation improvement program, the transportation planning agency, county transportation commission, or local transportation authority and the department, in making their recommendations, and the commission, in adopting the state transportation improvement program, shall consider the recommendations of the local funding entity for projects to be funded from federal reimbursements received for a project the entity has funded. The reimbursements may not be used as substitute funding for projects the commission has included in the adopted state transportation improvement program and programmed to receive state and federal funds, other than those provided as reimbursement pursuant to Section 115 of Title 23 of the

United States Code.

(d) The department, in its recommended funding estimate, shall identify the amount of project costs that can be made eligible for reimbursement pursuant to Section 115 of Title 23 of the United States Code. The department shall also estimate the amount of federal funds available for reimbursement in each year of the state transportation improvement program.

(e) Each year the department shall determine the actual amount of federal funds available for reimbursement pursuant to Section 115 of Title 23 of the United States Code and shall notify the commission and regional transportation planning agencies.

(f) In any federal fiscal year in which the department determines funding is available for reimbursement pursuant to Section 115 of Title 23 of the United States Code, the department shall seek reimbursement for locally funded projects in the order in which the projects were made eligible pursuant to subdivision (a). If the funds available are not sufficient to fully reimburse a locally funded project, the department shall seek reimbursment for the next project whose amount can be fully reimbursed. Projects bypassed for reimbursement in one fiscal year shall retain their priority in the next fiscal year in which funding is available.

(g) The commission shall not make a reimbursement pursuant to this section unless the department finds that implementation of advance construction of projects results in the state receiving federal funds in addition to those which would be received in the absence of advanced construction agreements under this section. Reimbursement shall only be made when the commission determines that all county minimum expenditures pursuant to Section 188.8 of the Streets and Highways Code can be reasonably met, that the minimum expenditures cannot be met for reasons not related to advance construction reimbursements, or when the county in which a reimbursement would be made is below its minimum expenditure amount pursuant to that section. A project bypassed for reimbursement under this subdivision in one fiscal year shall retain its priority in the next fiscal year in which funding is available.

(h) The department shall notify the commission within 30 days of applying for reimbursement by the federal government for locally funded projects.

SEC. 4. Section 14529.10 is added to the Government Code, to read:

14529.10. The department shall recommend, and the commission shall adopt, guidelines and procedures to implement Sections 14529.8 and 14529.9.

CHAPTER 1476

An act to add Chapter 4.5 (commencing with Section 1188.80) to Part 4 of Division 1 of the Health and Safety Code, and to amend Item 4260-101-001 of Section 2.00 of Chapter 135 of the Statutes of 1987, relating to health, and making an appropriation therefor.

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.5 (commencing with Section 1188.80) is added to Part 4 of Division 1 of the Health and Safety Code, to read:

CHAPTER 4.5. SMALL AND RURAL HOSPITALS

Article 1. General Provisions

1188.80. The Legislature finds and declares all of the following:

(a) Rural hospitals serve as the "hub of health," and through that role attract and retain in their communities physicians, nurses, and other primary care providers. Because of economies of scale compounded by reimbursement reforms, many rural hospitals will close before the end of this decade. This will result in the departure of primary care providers and the loss of emergency medical services both to residents and persons traveling through the area. The smallest and most remote facilities are at highest risk.

(b) The rural hospital is often one of the largest employers in the community. The closure of such a hospital means the loss of a source of employment. This has an economic impact beyond the health sector. Further, economic development of a rural area is, in part, tied to the existence of a hospital. People, for example, tend not to retire to areas where there is not reasonable access to physician and hospital-based services.

(c) Rural hospitals, especially the smaller facilities, lack access to the sophisticated expertise necessary to deal with current reimbursement regulations and the associated bureaucracy.

(d) Most rural hospitals are unable to participate in programs which provide access to short- and long-term financing due to lender requirements for credit enhancement.

(e) Because of economies of scale compounded by regulations under Title 22 of the California Administrative Code and other regulations, rural hospitals have high, fixed costs which, in the present reimbursement environment, cannot be offset by revenues generated from serving a relatively small population base. Further, in an economically depressed rural area, community contributions are not sufficient to offset deficits.

(f) Rural hospitals are an important link in the Medi-Cal program,

and without special consideration which takes into account their unique circumstances, rural hospitals will be unable to continue providing services to Medi-Cal patients. This is especially true for outpatient services which are reimbursed at less than 60 percent of costs.

(g) While only a very small percentage of the Medi-Cal budget for inpatient and outpatient services is spent for services rendered by rural hospitals, their participation is essential to preserve the integrity of the entire Medi-Cal program.

1188.81. (a) The Legislature recognizes the need to strengthen, and in some cases salvage, rural hospitals to ensure that adequate access to services is provided to residents of rural areas as well as tourists and travelers who, at certain times, may outnumber the residents. Further, the Legislature recognizes that this will require a comprehensive approach. Therefore, the Legislature intends that:

(1) Expertise be provided to endangered rural hospitals to both of the following:

(A) Carry out a strategic assessment of potential business and diversification of service opportunities.

(B) Develop a specific plan of action when feasible.

(2) Access, when appropriate, be provided to special eligibility programs within the California Health Facilities Financing Authority.

(3) Short-term technical assistance be available on fiscal and program matters.

(4) The State Department of Health Services continue to provide regulatory relief through program flexibility.

(5) Inpatient reimbursement limitations be modified so as not to single out rural hospitals for application.

(6) Reimbursement rates for outpatient services be set at a level which will provide incentives for rural hospitals to focus on the provision of outpatient services and which will reduce the financial losses incurred by the facilities in providing those services.

(b) The Legislature recognizes that for certain rural settings, an acute care hospital as defined in subdivision (a) of Section 1250 of the Health and Safety Code may no longer be cost-effective. Therefore, a rural alternative model which preserves the primary and emergency care systems must be identified and studied for feasibility. To this end, the Legislature intends that the concept of an alternative health facility be studied through a limited demonstration project.

(c) The Legislature recognizes that a rural alternative facility may not conform to what is now depicted in state or federal regulation. Therefore, to actually test a model, once identified, a cooperative effort will be required between the state department, the federal Health Care Financing Administration, and the health care industry. To this end, the Legislature intends that the department inform the federal Health Care Financing Administration of its interest in the concept and subsequently seek any necessary waivers.

1188.82. Unless the context otherwise requires, the definitions contained in this article govern the construction of this chapter.

1188.83. "Department" means the State Department of Health Services.

1188.835. "Director" means the Director of Health Services.

1188.84. "High-risk rural hospital," means a hospital as defined in subdivision (a) of Section 1188.855 which can demonstrate through audited and interim financial reports and projections that it is probable that it will need to cease operations within one year.

1188.845. "Organizations of interest" means nonprofit organizations which typically represent the interests of hospitals and health systems.

1188.855. "Small and rural hospital" means an acute care hospital which meets either of the following criteria:

(a) Meets the criteria for designation within peer group six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982.

(b) Meets the criteria for designation within peer group five or seven and has no more than 76 acute care beds and is located in an incorporated place or census designated place of 15,000 or less population according to the 1980 federal census.

1188.856. "Strategically located" means a hospital as defined in subdivision (a) of Section 1188.855 which, by virtue of its location, or the location of a major portion of the hospital's service area, can demonstrate that its existence is essential to provide health services including emergency services and stabilization to the service area and transient populations.

1188.865. The department shall provide grants or expert technical assistance to strategically located high-risk rural hospitals to assist the hospitals in carrying out an assessment of potential business and diversification of service opportunities. In providing the technical assistance on business opportunities, the department shall consult with the Department of Commerce and other appropriate agencies. The high-risk rural hospital, in cooperation with the department, may develop a short-term plan of action if, in its opinion, the results of the assessment so indicate. The department, in consultation with an organization of interest, shall do all of the following:

(a) Establish a process for identifying strategically located high-risk rural hospitals and reviewing requests from the hospitals for assessment grants or assistance.

(b) Develop a standard format for the strategic assessment.

(c) Develop a model action plan.

(d) Establish criteria for review of action plans.

(e) Request input and assistance from organizations of interest.

(f) Make the strategic assessment format and model action plan available to all small and rural hospitals.

1188.866. Any small and rural hospital may apply to the California Health Facilities Financing Authority for consideration under special

eligibility programs if the hospital has successfully completed the assessment and developed an action plan.

1188.87. The department shall, in consultation with an organization of interest, develop recommendations on the type and scope of technical assistance which needs to be available to small and rural hospitals from within the department. The recommendations of an organization of interest shall be given consideration by the department in development of subsequent budgets.

1188.875. The department, after consultation with an organization of interest, shall select at least one strategically located high-risk rural hospital to study the feasibility of a rural alternative hospital. To the extent feasible, the study shall be conducted on site, with approval of the hospital. The study shall include, but not be limited to, identification of the following:

(a) Appropriate mix and type of services to be provided locally and obtained on referral.

(b) Types and numbers of personnel required.

(c) Probability of, and the amount of, reimbursement under current regulations.

(d) Statutory and regulatory changes necessary to license the facility and maximize reimbursement.

The department shall convey to the federal Health Care Financing Administration its interest in the rural alternative hospital concept and seek any necessary appropriate waivers.

1188.876. The department shall continue to provide regulatory relief when appropriate through program flexibility for such items as staffing, space, and physical plant requirements.

SEC. 2. Item 4260-101-001 of Section 2.00 of Chapter 135 of the Statutes of 1987 is amended to read:

(b) Reimbursements ..... -19,420,000

(c) Amount payable from the Federal Trust Fund (Item 4260-101-890) -2,745,000,000

Provisions:

1. After June 30, 1988, a transfer to the Health Care

Deposit Fund from this item shall be permitted to meet the total General Fund obligation incurred pursuant to this item.

2. Notwithstanding any other provision of law, both the federal and nonfederal shares of any money recovered for previously paid health care services, provided pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, are hereby appropriated and shall be expended as soon as practicable for medical care and services as defined in the Welfare and Institutions Code.
3. Notwithstanding any other provision of law, accounts receivable, for recoveries as described in Provision 2 above, shall have no effect upon the positive balance of the General Fund or the Health Care Deposit Fund. Notwithstanding any other provision of law, money recovered as described in this item required to be transferred from the Health Care Deposit Fund to the General Fund shall be credited by the State Controller to the General Fund without regard to the appropriation from which it was drawn.
4. Without regard to fiscal year, the General Fund shall make a loan available not to exceed a cumulative total of $45 million to be transferred as needed to the Health Care Deposit Fund to meet cash needs. Such loans are subject to repayment provisions of Section 16351 of the Government Code. Any additional loan requirement in excess of $45 million shall be processed in the manner prescribed by Section 16351 of the Government Code.
5. Notwithstanding any other provision of law, the Director of Health Services may give public notice relative to proposing or amending any rule or regulation which could result in increased costs in the Medi-Cal program only after approval by the Department of Finance as to the availability of funds; and any rule or regulation adopted by the Director of Health Services and any communication which revises the Medi-Cal program shall only be effective from and after the date upon which it is approved as to availability of funds by the Department of Finance.
7. The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or

service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.

9. Of the funds appropriated by this item, up to $25,000 may be allocated for attorney fees pursuant to Section 10962 of the Welfare and Institutions Code without prior notification to the Legislature. Individual settlements authorized under this language are limited to no more than $5,000. The semiannual estimates of Medi-Cal expenditures due to the Legislature in January and May shall reflect attorney fees paid fifteen (15) or more days prior to the transmittal of the estimate.

14. The State Department of Finance, pursuant to a request by the State Department of Health Services, may augment the amount available for expenditure in Item 4260-001-001 for support of the San Mateo County field office by transfer from Item 4260-101-001 pending the implementation of the San Mateo County Organized Health System. Any transfer may be authorized pursuant to this section not sooner than 30 days after notification in writing is provided to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each case determine.

15. When a date for public hearing has been established for a change in any program, rule, or regulation, or the Department of Finance has approved any communication revising any department program, the two fiscal committees and the Joint Legislative Budget Committee shall be notified if the annual General Fund cost of the proposed change is $1 million or more.

19. Where regulations involve changes to the Medi-Cal Drug Formulary which could result in increased costs to the Medi-Cal program, it shall not be necessary for the Director of the State Department of Health Services to secure approval by the Department of Finance prior to the director's giving of public notice relative to the proposed or amended regulations. However, after the public hearing, the director shall

submit those regulations which propose the addition of drugs to, or the deletion of drugs from, the Medi-Cal Drug Formulary to the Department of Finance for final approval prior to the submission of those regulations to the Office of Administrative Law for review and filing with the Secretary of State.

23. None of the funds appropriated by this item shall be used for induced abortions. The exclusive means for paying for induced abortions shall be through the appropriation made in Item 4260-105-001.

24. Notwithstanding any other provision of law, the Department of Health Services shall not access fiscal sanctions against any county during 1987–88 and thereafter based solely upon a state-established error rate standard. The department shall pass on to counties any federal sanction imposed upon the state based on the following program:

(a) The department shall institute an eligibility determination of a sample of persons in each county granted Medi-Cal eligibility under Section 14005.4, 14005.7, or 14005.8 or Article 4.4 (commencing with Section 14140) of the Welfare and Institutions Code.

(b) A review period shall be defined as one year and shall coincide with the federal fiscal year. The department shall draw a random sample of cases for each period. The random sample shall be drawn to ensure a minimum number of cases reviewed in each county in each review period according to the following:

(1) All cases shall be sampled in any county with less than 50 Medi-Cal cases.

(2) 50 cases in any county with 0.01% to 0.50% of the Medi-Cal cases.

(3) 75 cases in any county with 0.51% to 1.00% of the Medi-Cal cases.

(4) 100 cases in any county with 1.01% to 3.00% of the Medi-Cal cases.

(5) 125 cases in any county with 3.01% to 10.00% of the Medi-Cal cases.

(6) 650 cases in any county with more than 10.00% of the Medi-Cal cases.

(c) When family members maintain separate residences, but eligibility is determined as

a single unit because of the provisions of Section 14008 of the Welfare and Institutions Code, the county to which the parent or parents reside shall determine the eligibility for the entire unit.

(d) In administering the provisions of law and regulations related to eligibility determination, the director shall impose such fiscal penalties as provided by this section to assure adequate county administrative performance.

(e) The director shall hold counties financially liable for payments made on behalf of ineligible persons or persons with an incorrect share of costs.

When a sampled case is found to include an ineligible person or a person with an incorrect share of cost, written notification will be sent to the county department which describes the error and requests a written response within two weeks. The county must indicate whether it agrees or disagrees with the findings. If the county disagrees, the department shall reevaluate the error findings, taking into consideration any additional facts contained in the county's response. The county shall again be notified of the department's findings. If the county continues to disagree with the error findings, the county may appeal to the Chief, Audits and Investigations Division, requesting that the department review the case and render a final decision. The director may reduce or waive the fiscal liability of a county if the department is unable to meet the minimum sample requirements as earlier defined or if an individual county experienced a natural disaster, job actions, or other occurrences which impacted the findings in an individual county as determined by the director.

(f) The department shall utilize the methodology detailed in this subdivision to establish counties' fiscal penalties. The department shall determine each county's case error rate for each review period by dividing the number of cases reviewed in that county found in error by the number of cases reviewed in that county. State-

caused errors shall not be included in this calculation. Case error rates shall be arrayed, from highest to lowest. From this array, the department shall determine the percentage of counties liable as follows:

(1) The 60% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 0.01% to 1.00%.

(2) The 70% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 1.01% to 2.00%.

(3) The 80% of the counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 2.01% to 3.00%.

(4) The 90% of counties with the highest case error rates shall be liable if the state's dollar error rate exceeds the federal standard by 3.01% to 4.00%.

(5) All counties shall be liable if the state's dollar error rate exceeds the federal standard by 4.01% or more.

As used herein, the state's dollar error rate means the Medicaid dollar error rate reported to the department by the Department of Health and Human Services less any portion of this error rate attributable to state caused errors. The term federal standard means the Medicaid dollar error rate standard to which the accountable.

For each county determined liable, the department shall calculate a penalty multiple which shall be the product of a liable county's case error rate multiplied by the liable county's percentage of statewide Medi-Cal cases. Each county's fiscal penalty shall be the product of a county's penalty multiple divided by the sum of all penalty multiples, multiplied times the penalty bank. The penalty bank includes all federal fiscal sanctions, federal withholds, federal disallowances, and any associated General Fund expenditures, minus the value of any state caused errors.

If after the department has assessed fiscal penalties to counties the federal govern-

ment reduces or eliminates any federal fiscal sanction, federal withhold, or federal disallowances, the department shall reduce or eliminate the corresponding fiscal penalty assessment including any associated General Fund expenditures to liable counties.

(g) When a county welfare department contravenes state eligibility processing regulations and written instructions in a way that produces increased program benefits or administrative expenses but does not result in an increase in the federal eligibility dollar error rate, the director shall recoup from that county the additional administrative or program benefit costs above those which would have been incurred had that county not contravened the established state eligibility processing regulation and written instructions. This provision shall not be construed to interfere with the rights of counties to outstation eligibility staff.

(h) Notwithstanding the number of counties determined liable for fiscal penalties under this section, Individual County Corrective Action Plans as prescribed by the department shall be required from all counties which exceed a 15% case error rate.

(i) Any penalties imposed under this system shall be collected through direct repayment from liable counties rather than through any reduction in funds otherwise due to counties.

The Director of Health Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Government Code to implement this program. The adoption of these regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding any provision of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the Department of Health Services to implement this program shall not be subject to any review,

approval, or disapproval by the Office of Administrative Law at any stage of the rulemaking process. These regulations shall become effective immediately upon filing with the Secretary of State.

25. Notwithstanding Section 14154.1 of the Welfare and Institutions Code, which requires that the Department of Health Services shall not allocate funds for nonapproved Medi-Cal applications which exceed a specified level, the level for applications accepted on or after July 1, 1986, shall be determined by multiplying the county's number of approved applications by the ratio of nonapproved applications to approved applications processed by the county during the 1983–84 fiscal year.
26. The State Departmment of Health Services shall test a variety of followup thresholds under the Income and Eligibility Verification System (IEVS) program in order to determine the amount of followup that is needed to ensure that the program generates savings in excess of its operating costs. The department shall also take appropriate action to ensure that counties use automated followup to the maximum possible extent. The department shall report to the Legislature by December 15, 1987, on its estimate of the savings that will be generated by IEVS.
27. Change orders to the medical or the dental fiscal intermediary contract for amounts exceeding a total cost of $250,000 shall be approved by the Director of Finance not sooner than 30 days after written notification of the change order is provided to the chairpersons of the fiscal and policy committees in each house and to the Chairperson of the Joint Legislative Budget Committee or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may designate. If there are changes or potential changes in federal funding, the Department of Finance shall provide timely written notification of the changes to the chairperson of the fiscal committee in each house and the Chairperson of the Joint Legislative Budget Committee.
28. When a date for public hearing has been established for a change in any program rule, or regu-

lation, or the Department of Finance has approved any communication revising any department program, the two fiscal committees and the Joint Legislative Budget Committee shall be notified if the annual General Fund cost of the proposed change is $1,000,000 or more.

29. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are hereby reappropriated to the Health Care Deposit Fund for reimbursement to those counties where allowable costs exceed the the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the Medical Assistance Program, these funds, subject to notification to the Chairperson of the Joint Legislative Committee, are hereby appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services, county administration, and fiscal intermediary services.

30. (a) The $25,000,000 appropriation provided in Schedule (ax), Program 50.12, Special Adjustment- (Contracts with Disproportionate Share Hospitals), shall be to fund rate increases negotiated after June 30, 1987, by the California Medical Assistance Commission for hospitals serving a disproportionate share of Medi-Cal patients. The commission shall allocate $2,000,000, $1,000,000 from the General Fund and $1,000,000 from federal funds, for rural, distressed safety-net providers and county-operated hospitals with less than 100 acute care beds which serve a preponderance of persons residing in rural areas.

(b) Amounts shall be allocated from Schedule (ax) to Schedule (a) of this item in the appropriate fiscal years to cover the annualized cost for each rate increase provided from these funds, by executive order of the Department of Finance, based on the estimate of annualized cost and fiscal year costs made by the commission. Any rate increases resulting from these funds shall be in addition to any other rate increases which hospitals would have received.

(c) Disproportionate share hospitals are hospitals which serve a disproportionate number of Medi-Cal beneficiaries as referenced in subdivision (k) of Section 14083 of the Welfare and Institutions Code and as determined by the California Medical Assistance Commission.

(d) The aggregate cost of these rate increases shall not exceed an annualized cost of $25,000,000. Furthermore, notwithstanding Section 2.00 of this act, the funds provided in this schedule shall be available for expenditure for the 1987–88, 1988–89, and 1989–90 fiscal years. Funds in this schedule shall be appropriated in Items 4260-101-001 and 4260-101-890.

31. Amounts identified as abatements to the county medical services program for retroactive aid to the Totally Dependent Program claims shall be transferred from the Health Care Deposit Fund to the county medical services program without regard to fiscal year.

SEC. 3. (a) Notwithstanding any other provision of law, for the 1987–88 fiscal year the State Department of Health Services shall provide rate adjustments for Medi-Cal outpatient services rendered by small and rural hospitals, as defined in Section 1188.855 of the Health and Safety Code. The rate adjustments shall not exceed an aggregate total of four million dollars ($4,000,000) in state and federal funds. The sum which is necessary to carry out the purposes of this section is hereby reappropriated to the department from Item 4260-101-001 of Section 2.00 of Chapter 135 of the Statutes of 1987.

(b) The rate adjustments authorized by subdivision (a) shall be allocated to eligible hospitals as follows:

(1) Except as otherwise provided in paragraphs (2) and (3), an eligible hospital's basic share of the rate adjustment shall be computed as the hospital's ratio of Medi-Cal expenditures for claims paid to eligible hospitals for hospital outpatient services during the 1986 calendar year, as determined by the department.

(2) However, if a hospital's share of the rate increase as calculated in paragraph (1) is less than twenty thousand dollars ($20,000) and if total gross annual patient revenue during 1986 was less than two million five hundred thousand dollars ($2,500,000) then the hospital's minimum floor share shall be calculated as 125 percent of the amount calculated in paragraph (1), not to exceed twenty thousand dollars ($20,000).

(3) The final share for each hospital not receiving the minimum floor share under paragraph (2) shall then be recomputed as in paragraph (1), except the ratio shall be computed using the Medi-

Cal expenditures for the remaining eligible hospitals. The total aggregate rate adjustment for hospitals not qualifying for minimum floor shares under paragraph (2) shall be that amount remaining after subtracting the minimum floor shares computed under paragraph (2) from four million dollars ($4,000,000).

(4) For the purposes of determining a hospital's share of the rate adjustment, if any eligible hospital had less than a full year of operation during 1986, the department shall extrapolate the Medi-Cal paid claims expenditures for that hospital to estimate a full year's Medi-Cal claims expenditures.

(c) The allocation of these rate adjustments under this section shall not be subject to administrative or judicial review.

(d) Payment under this section shall be contingent upon submission of claims for Medi-Cal outpatient services rendered after the effective date of this section.

(e) Payments under this section shall be made in three equal installments and shall be made on or about February 15, 1988, April 15, 1988, and June 15, 1988.

(f) Any rule, regulation, order, or standard of general application adopted or enforced by the State Department of Health Services, in order to implement the provisions of this section, shall be exempt from the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(g) The department shall maximize federal financial participation in implementing this section.

(h) Hospitals receiving rate adjustments pursuant to this section shall be liable to the state for any disallowances of federal financial participation on the ground that implementation of this act is inconsistent, in whole or in part, with federal law governing eligibility for federal financial participation.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

I am deleting the $150,000 appropriation contained in Section 4 of Assembly Bill No. 7.

This bill would establish the Rosenthal-Farr Motion Picture Marketing Act of 1987, to increase marketing efforts by local communities to the motion picture industry.

The demands placed on budget resources require all of us to set priorities. The budget enacted in July, 1987 appropriated nearly $41 billion in state funds. This amount is more than adequate to provide the necessary essential services provided for by State Government. It is not necessary to put additional pressure on taxpayer funds for programs that fall beyond the priorities currently provided.

Thus, after reviewing this legislation, I have concluded that its merits do not sufficiently outweigh the need this year for funding top priority programs and continuing a prudent reserve for economic uncertainties

I would, however, consider funding the provisions of this bill during the budget process for Fiscal Year 1988-89. It is appropriate to review the relative merits of this program in comparison to all other funding projects. The budget process enables us to weigh all demands on the state's revenues and direct our resources to programs, either new or existing, that have the most merit.

With this deletion, I approve Assembly Bill No 7

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The State of California has innumerable ideal locations for the production of motion pictures.

(2) The production of motion pictures within the state is a valuable source of jobs and revenues.

(3) The potential benefits of the film industry to the state are not currently maximized.

(4) State resources should be provided to improve the promotion and marketing of California locations to the movie industry, and to assist local governments in coordinating with the industry.

(b) It is the intent of the Legislature to enact the Cooperative Motion Picture Marketing Plan for the purpose of promoting and marketing the State of California, especially lesser known and underutilized rural areas, for motion picture production and its related activities. The goal of the plan is to optimize the entertainment industry's contribution to the state's economy and to expand employment opportunities. The creation of the plan is consistent with other state policies to encourge activities that benefit California, such as programs promoting tourism and small business opportunities.

The Legislature further intends that the California Film Commission shall expand the location resource library to include an extensive catalog of photographs and information from local governments which participate in the Cooperative Motion Picture Marketing Plan.

Furthermore, it is the intent of the Legislature that participation in this plan shall be limited to local governments that have adopted reasonable use permit guidelines and fee structures as related to motion picture production.

SEC. 2. Section 15335.22 is added to the Government Code, to read:

15335.22. (a) (1) The California Film Commission shall develop and implement a Cooperative Motion Picture Marketing Plan. The plan shall increase the marketing efforts of the commission, and offer state resources to local film commissions and local government liaisons to the film industry for the purpose of marketing their locales to the motion picture industry.

(2) In addition to paragraph (1), the resources offered under the plan for marketing shall be used to recruit local government participation in, and development of, local film commissions.

(3) For purposes of this section, resources offered to local film commissions and local government liaisons to the motion picture industry shall include all of the following:

(A) Grants for partial or full funding of the cost to develop or participate in workshops, trade shows, seminars, or meetings that assist local governments to promote and market the use of their

locales by the motion picture industry. Eligible meetings shall also include those called or approved by the director to further the purposes of the Cooperative Motion Picture Marketing Plan.

(B) The services of a professional photographer, including material and expenses, to take still photographs of motion picture locations for inclusion in the location resource library established pursuant to Section 15335.21. Whenever possible, the photographer shall be hired from the local area participating in the Cooperative Motion Picture Marketing Plan.

(C) Appropriate promotional and informational materials for the purpose of mailing or distributing to the motion picture industry. The materials shall include, but not be limited to, brochures, print ads, and direct marketing materials which state the benefits and advantages of producing motion pictures within the state or the locales participating in the Cooperative Motion Picture Marketing Plan.

(b) Any resource requested under the provisions of the Cooperative Motion Picture Marketing Plan not specified in this section shall be subject to the approval of the California Film Commission.

(c) The California Film Commission, pursuant to subdivision (c) of Section 15335.21, shall expand and upgrade the location resource library through the use of a librarian, a computerized catalog system, and a professional photographer.

(d) As a condition of eligibility for the use of resources pursuant to this section, a local government shall demonstrate substantial compliance with all of the following criteria:

(1) It has adopted by resolution of its governing body or permitting authority, a streamlined permit process for the obtaining of necessary permits for filmmaking within the affected jurisdiction.

(2) It has adopted by resolution of its governing body a fee schedule for motion picture permits which is reasonably related to the cost of providing services occasioned by motion picture production, including administrative, police, fire, sanitation, and other necessary services.

(3) It has designated by resolution a film commissioner or film liaison whose responsibility shall include, but not be limited to:

(A) The attraction of motion picture production to the jurisdiction.

(B) Assistance in expediting to the greatest extent possible the issuance of all use permits necessary for motion picture production.

(e) The commission shall adopt additional guidelines as needed for the implementation of the plan, including, but not limited to, guidelines for a streamlined permit process and local government fee schedules for the permits.

(f) The purpose of the Cooperative Motion Picture Marketing Plan is in no way to discourage, limit, or impede the participation of local governments in the Film Liaisons in California, Statewide, commonly referred to as F.L.I.C.S.

(g) As used in this section, "motion picture" shall include, but not be limited to, production in film, video, television, commercial, and still photography.

SEC. 3. This act shall be cited as the Rosenthal-Farr Motion Picture Marketing Act of 1987.

SEC. 4. The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the General Fund to the Department of Commerce for allocation to the California Film Commission for expenditure during the 1987–88 fiscal year for the purposes of this act.

CHAPTER 1480

An act to amend Section 58551 of, and to amend, repeal, and add Section 58040 of, the Food and Agricultural Code, relating to agricultural exports, and making an appropriation therefor.

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987]

I am deleting the $200,000 appropriation contained in Section 4 of Senate Bill No. 1269.

This bill authorizes the Department of Food and Agriculture Director to utilize state foreign trade offices or contract with persons in a foreign country to provide marketing services to promote the sale of California's agricultural projects in that country and appropriates $200,000 for implementation

The demands placed on budget resources require all of us to set priorities. The budget enacted in July, 1987 appropriated nearly $41 billion in state funds. This amount is more than adequate to provide the necessary essential services provided for by State Government. It is not necessary to put additional pressure on taxpayer funds for programs that fall beyond the priorities currently provided.

Thus, after reviewing this legislation, I have concluded that its merits do not sufficiently outweigh the need this year for funding top priority programs and continuing a prudent reserve for economic uncertainties.

I would, however, consider funding the provisions of this bill during the budget process for Fiscal Year 1988–89 It is appropriate to review the relative merits of this program in comparison to all other funding projects. The budget process enables us to weigh all demands on the state's revenues and direct our resources to programs, either new or existing, that have the most merit

With this deletion, I approve Senate Bill No 1269

GEORGE DEUKMEJIAN, Governor

The report shall be submitted on or before February 1, 1989.

(d) Subdivisions (b) and (c) of this section shall remain operative only until June 30, 1989. This section is repealed on January 1, 1990, unless a later enacted statute, enacted before January 1, 1990, deletes or extends the dates on which it is repealed.

CHAPTER 1481

An act to amend Section 24357.8 of, and to add Section 23701u to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

For purposes of this section, "government" means the State of California, a city, city and county, county, school district, board of education, public corporation, hospital district, and any other special district.

An organization is not organized exclusively for the exempt purposes referred to in the first paragraph unless its assets are irrevocably dedicated to one or more purposes listed in Section 23701f.

Any organization that has had its exemption revoked by the Franchise Tax Board for failure to comply with Section 23701f may request a further review of its status under this section.

SEC. 2. Section 24357.8 of the Revenue and Taxation Code is amended to read:

24357.8. (a) In the case of a qualified research contribution, the amount otherwise allowed as a deduction under Section 24357, shall be reduced by that amount of the reduction provided by Section 24357.1 which is no greater than the sum of the following:

(1) One-half of the amount computed pursuant to Section 24357.1 (computed without regard to this paragraph).

(2) The amount (if any) by which the charitable contribution deduction under this section for any qualified research contribution (computed by taking into account the amount determined by paragraph (1), but without regard to this paragraph) exceeds twice the basis of the property.

(b) For purposes of this section, "qualified research contribution" means a charitable contribution by a taxpayer of tangible personal property described in paragraph (1) of Section 1221 of the Internal Revenue Code of 1954, but only if all of the following conditions are met:

(1) The contribution is to an educational organization which is described in subsection (b) (1) (A) (ii) of Section 170 of the Internal Revenue Code of 1954 and which is an institution of higher education (as defined in Section 3304 (f) of the Internal Revenue Code of 1954) in California.

(2) The contribution is made not later than two years after the date the construction of the property is substantially completed.

(3) The original use of the property is by the donee.

(4) The property is scientific equipment or apparatus substantially all of the use of which by the donee is for research or experimentation (within the meaning of Sections 24365 to 24368, inclusive), or for research training, in physical, applied, or biological sciences, or for instructional purposes.

(5) The property is not transferred by the donee in exchange for money, other property, or services.

(6) The taxpayer receives from the donee a written statement representing that its use and disposition of the property will be in accordance with this section, and with respect to property substantially all of the use of which is for instructional purposes, the taxpayer receives from the donee a written statement representing that the property will be used as an integral part of the instructional program. In the case of a computer, the statement shall also represent that the donee has acquired or will acquire, necessary basic operational software and the means to provide trained staff to utilize the property.

laboratory approved as a school and the minimum requirements for training in any specialty or in the entire field of clinical laboratory technology. Application for approval shall be made on forms provided by the department.

CHAPTER 1483

An act to amend Section 25143.6 of, and to add and repeal Section 25143.8 of, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 25143.6 of the Health and Safety Code is amended to read:

25143.6. On or before February 15, 1988, the following California regional water quality control boards shall prepare a list of class III landfills, as specified in Section 2533 of Title 23 of the California Administrative Code, including at least one landfill in each specified water quality control region which is authorized to accept and dispose of shredder waste in accordance with State Water Resources Control Board Resolution No. 87-22: San Francisco Bay Region, Central Valley Region, Los Angeles Region, Santa Ana Region, and San Diego Region.

SEC. 2. Section 25143.8 is added to the Health and Safety Code, to read:

25143.8. (a) The department shall not prohibit any person from disposing of shredder waste in an appropriate class III landfill designated by a California regional water quality control board pursuant to Section 25143.6, if the requirements of subdivision (b) are met and the producer of the waste complies with all of the following requirements:

(1) The producer carries out an ongoing shredder waste testing program which includes all of the following:

(A) Once during each hour the facility is in operation, the facility operator shall take a grab sample of the waste from the process line. The facility operator shall collect samples of sufficient size so that a five-gallon container is filled at the end of eight hours of operation.

(B) At the end of every 16 hours of operation, the facility operator shall thoroughly mix all samples collected to that point to form a composite sample from which a single 16-ounce representative sample shall be collected for analysis.

(C) The facility operator shall submit samples to a hazardous waste testing laboratory certified pursuant to Article 8.5 (commencing with Section 25198) for analysis each week.

(D) Each sample shall be analyzed for both total and soluble

concentrations of chromium, cadmium, copper, lead, mercury, nickel, and zinc, and for total concentrations of polychlorinated biphenyls.

(E) The facility operator shall forward copies of all laboratory analytical results each month to the appropriate regional office of the department, the Alternative Technology Section of the department, and the appropriate California regional water quality control board.

(F) The department may reduce the frequency of the testing required by this paragraph, as it deems appropriate.

(2) Shredder waste which has been stored, but not disposed of, as of January 1, 1988, shall be representatively sampled on or before February 15, 1988, in accordance with the sampling methodology and sample handling procedures specified in Volume II of "Test Methods for Evaluating Solid Waste, Physical/Chemical Methods," SW-846, 3rd edition, Environmental Protection Agency, 1986. Each sample shall be analyzed for both total and soluble concentrations of chromium, cadmium, copper, lead, mercury, nickel, and zinc, and for total concentrations of polychlorinated biphenyls.

(3) The producer maintains records documenting the use of a registered hauler and a weigh bill, bill of lading, or similar papers indicating the name of the generator, the date and amount shipped, the date and amount received, and the location where the waste is disposed of.

(b) The department shall not prohibit the disposal of shredder waste pursuant to subdivision (a) if the department determines that the waste will not pose a threat to human health or water quality and the waste is not stored, but is disposed of within 45 days after production or determination of its hazardous constituents. In making this determination, the department shall use the criteria and procedures specified in Chapter 30 (commencing with Section 60001) of Division 4 of Title 22 of the California Administrative Code for the identification of hazardous waste, and shall determine that the waste conforms with the allowable levels of specified contaminants, as verified by results obtained from the shredder waste monitoring program described in paragraph (1) of subdivision (a).

(c) Shredder waste disposed of pursuant to this section shall be disposed of in accordance with State Water Resources Control Board Resolution No. 87-22, ensuring its location in either a separate cell or in the highest lift, unless this procedure is waived by the State Water Resources Control Board or the appropriate California regional water quality control board.

(d) This section does not apply to any shredder waste which contains total concentrations of polychlorinated biphenyls in excess of 50 parts per million.

(e) Shredder waste disposed of pursuant to this section is exempt from any hazardous waste fee or tax imposed pursuant to this chapter or Chapter 6.8 (commencing with Section 25300).

(f) For purposes of this section, "shredder waste" means waste

which results from the shredding of automobile bodies, household appliances, and sheet metal.

(g) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1484

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 4.5 (commencing with Section 56450) of Part 30 of the Education Code is amended to read:

CHAPTER 4.5. CAREER AND VOCATIONAL EDUCATION PROGRAMS, TRANSITION SERVICES, AND PROJECT WORKABILITY

SEC. 2. Section 56450 of the Education Code is repealed.

SEC. 3. Section 56451 of the Education Code is repealed.

SEC. 4. A heading for Article 1 (commencing with Section 56452) is added to Chapter 4.5 of Part 30 of the Education Code, to read:

Article 1. Career and Vocational Education Programs

SEC. 5. Section 56452 of the Education Code is amended to read:

56452. The superintendent shall ensure that the state annually secures all federal funds available for career and vocational education of individuals with exceptional needs.

SEC. 6. Section 56454 of the Education Code is amended to read:

56454. In order to provide districts, special education local plan areas, and county offices with maximum flexibility to secure and utilize all federal funds available to enable those entities to meet the

career and vocational needs of individuals with exceptional needs more effectively and efficiently, and to provide maximum federal funding to those agencies for the provision of that education, the superintendent shall do all the following:

(a) Provide necessary technical assistance to districts, special education local plan areas, and county offices.

(b) Establish procedures for these entities to obtain available federal funds.

(c) Apply for necessary waivers of federal statutes and regulations including, but not limited to, those governing federal career and vocational education programs.

SEC. 7. Section 56456 of the Education Code is amended to read:

56456. It is the intent of the Legislature that districts, special education local plan areas, and county offices may use any state or local special education funds for approved vocational programs, services, and activities to satisfy the excess cost matching requirements for receipt of federal vocational education funds for individuals with exceptional needs.

SEC. 8. Article 2 (commencing with Section 56460) is added to Chapter 4.5 of Part 30 of the Education Code, to read:

Article 2. Transition Services

56460. The Legislature finds and declares all of the following:

(a) That while the passage of the Education for All Handicapped Children Act of 1975 (Public Law 94-142) and the California Master Plan for Special Education have resulted in improved educational services for individuals with exceptional needs; this has not translated into paid employment opportunities or maximum integration into our heterogeneous communities for individuals with exceptional needs.

(b) That there is no formalized process that bridges the gap between the security and structure of school and the complexity of service options and resources available for individuals with exceptional needs in the adult community.

(c) That there is insufficient coordination between educators, adult service providers, potential employers, and families and students in order to effectively plan and implement a successful transition for students to the adult world of paid employment and social independence.

(d) That because of insufficient vocational training throughout the middle and secondary school years, and effective interagency coordination and involvement of potential employers in a planning process, the majority of options available for individuals with exceptional needs in the adult community are programs that support dependence rather than independence.

(e) The goal of transition services is planned movement from secondary education to adult life that provides opportunities which maximize economic and social independence in the least restrictive

environment for individuals with exceptional needs. Planning for transition from school to postsecondary environments should begin in the school system well before the student leaves the system.

56461. The superintendent shall establish the capacity to provide transition services for a broad range of individuals with exceptional needs such as employment and academic training, strategic planning, interagency coordination, and parent training.

56462. The transition services shall include, but not be limited to, the following:

(a) In-service training programs, resource materials, and handbooks that identify the following:

(1) The definition of "transition," including the major components of an effective school-based transition program.

(2) Relevant laws and regulations.

(3) The roles of other agencies in the transition process including, but not limited to, the scope of their services, eligibility criteria, and funding.

(4) The components of effective transition planning.

(5) The role of families in the individualized transition process.

(6) Resources and model programs currently available in California.

(b) Development of the role and responsibilities of special education in the transition process, including the following:

(1) The provision of work skills training, including those skills that are necessary in order to exhibit competence on the job.

(2) The provision of multiple employment options and facilitating job or career choice by providing a variety of vocational experiences.

(3) The collection and analysis of data on what happens to students once they leave the school system and enter the adult world.

(4) The coordination of the transition planning process, including development of necessary interagency agreements and procedures at both state and local levels.

(5) The provision of instructional learning strategies that will assist students who find learning difficult in acquiring skills that will enable them to obtain diplomas, promote a positive attitude toward secondary and postsecondary education and training, and make a successful transition to postsecondary life.

(c) The development and implementation of systematic and longitudinal vocational education curriculum including the following:

(1) Instructional strategies that will prepare students with severe disabilities to make a successful transition to supported employment and the community.

(2) The introduction of vocational and career education curriculum in the elementary grades for those students who can benefit from it.

(d) Materials, resource manuals, and in-service training programs to support the active participation of families in the planning and implementation of transition-related goals and activities.

(e) The development of resources and in-service training that will support the implementation of individualized transition planning for all students with exceptional needs.

(f) The development of a network of model demonstration sites that illustrate a wide variety of transition models and implementation strategies.

(g) Coordination with other specialized programs that serve students who face barriers to successful transition.

(h) A research, evaluation, and dissemination program that will support the major programmatic aspects of transition services. Through a variety of competitive grants, bids, contracts, and other awards specific content areas will be developed in cooperation with a variety of field-based agencies, including local education agencies, special education local plan areas, county offices, institutions of higher education, and in-service training agencies.

(i) The superintendent shall annually report to the education and fiscal policy committees of the Legislature on the implementation and effectiveness of transition services.

56463. Transition services shall be funded pursuant to the Budget Act.

SEC. 9. Article 3 (commencing with Section 56470) is added to Chapter 4.5 of Part 30 of the Education Code, to read:

Article 3. Project Workability

56470. The Legislature finds and declares all of the following:

(a) That an essential component of transition services developed and supported by the State Department of Education is project workability.

(b) That the workability program provides instruction and experiences that reinforce core curriculum concepts and skills leading to gainful employment.

(c) That since project workability was established by the State Department of Education in 1981, substantial numbers of individuals with exceptional needs have obtained full- or part-time employment.

(d) That project workability is a true partnership established at the state level through nonfinancial interagency agreements between the State Department of Education, the Department of Employment Development, and the Department of Rehabilitation, and has elevated awareness in the private sector of the employment potential of individuals with exceptional needs, and focuses its efforts in developing careers for these youth, and preventing needless economic and social dependency on state and community agencies and resources.

(e) That local education agencies in California establish linkage between agencies, eliminate duplication of effort, and develop precedent-setting employment training practices which should be preserved and advanced to better assure future productive employable citizens.

56471. (a) The program shall be administered by the State Department of Education.

(b) The department shall establish an advisory committee. This committee will include representatives from local workability projects to ensure ongoing communications.

(c) The superintendent shall develop criteria for awarding grants, funding, and evaluating of workability projects.

(d) Workability project applications shall include, but are not limited to, the following elements:

(1) recruitment, (2) assessment, (3) counseling, (4) preemployment skills training, (5) vocational training, (6) student stipends for try-out employment, (7) placement in unsubsidized employment, (8) other assistance with transition to a quality adult life, and (9) utilization of an interdisciplinary advisory committee to enhance project goals.

56472. The population served by workability projects may include secondary students with disabilities, adults with disabilities and other individuals who experience barriers to successful completion of school.

56473. Project workability shall be funded pursuant to Item 6100-161-001 and Item 6100-161-890 of the Budget Act.

56474. The superintendent shall continue to seek additional state and federal funding for project workability.

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 232 of the Civil Code is amended to read:

232. (a) An action may be brought for the purpose of having any child under the age of 18 years declared free from the custody and control of either or both of his or her parents when the child comes within any of the following descriptions:

(1) The child has been left without provision for the child's identification by his or her parent or parents or by others or has been

left by both of his or her parents or his or her sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the other parent for a period of one year without any provision for the child's support, or without communication from the parent or parents, with the intent on the part of the parent or parents to abandon the child. The failure to provide identification, failure to provide support, or failure to communicate shall be presumptive evidence of the intent to abandon. If the parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by the parent or parents. In those cases in which the child has been left without provision for the child's identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.

(2) Who has been neglected or cruelly treated by either or both parents, if the child has been a dependent child of the juvenile court under any subdivision of Section 300 of the Welfare and Institutions Code and the parent or parents have been deprived of the child's custody for one year prior to the filing of a petition pursuant to this section. Physical custody by the parent or parents for insubstantial periods of time shall not serve to interrupt the running of the one-year period.

(3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive, of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when these controlled substances are used as part of a medically prescribed plan, or are morally depraved, if the child has been a dependent child of the juvenile court, and the parent or parents have been deprived of the child's custody continuously for one year immediately prior to the filing of a petition pursuant to this section. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child. Physical custody by the parent or parents for insubstantial periods of time shall not interrupt the running of the one-year period.

(4) Whose parent or parents are convicted of a felony, if the facts of the crime of which the parent or parents were convicted are of a nature so as to prove the unfitness of the parent or parents to have the future custody and control of the child.

(5) Whose parent or parents have been declared by a court of competent jurisdiction, wherever situated, to be developmentally disabled or mentally ill, if, in the state or country in which the parent or parents reside or are hospitalized, the Director of Mental Health or the Director of Developmental Services, or their equivalent, if any, and the superintendent of the hospital of which, if any, the parent or parents are inmates or patients, certify that the parent or

parents so declared to be developmentally disabled or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(6) Whose parent or parents are mentally disabled and are likely to remain so in the foreseeable future. As used in this subdivision, "mentally disabled" means that a parent or parents suffer any mental incapacity or disorder which renders the parent or parents unable to adequately care for and control the child. The evidence of any two experts, each of whom shall be either a physician and surgeon, certified either by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code, or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders, shall be required to support a finding under this subdivision. If, however, the parent or parents reside in another state or in a foreign country, the evidence required by this subdivision may be supplied by the affidavits of two experts, each of whom shall be either a physician and surgeon who is a resident of that state or foreign country, and who has been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine, or by a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders and who is licensed in that state or authorized to practice in that country. If the rights of any parent are sought to be terminated pursuant to this subdivision, and the parent has no attorney, the court shall appoint an attorney for the parent pursuant to Section 237.5, whether or not a request for the appointment is made by the parent.

(7) Who has been in out-of-home placement under the supervision of the juvenile court, the county welfare department, or other public or private licensed child-placing agency for a one-year period, if the court finds that return of the child to the child's parent or parents would be detrimental to the child and that the parent or parents have failed during that period, and are likely to fail in the future, to maintain an adequate parental relationship with the child, which includes providing both a home and care and control for the child.

If the minor has been adjudged a dependent child of the juvenile court and placed in out-of-home placement pursuant to Section 361 of the Welfare and Institutions Code, the one-year period shall be calculated from the date of the dispositional hearing at which the child was placed in out-of-home placement pursuant to that section. If the minor is in placement under the supervision of a county welfare department or other public or private licensed child-placing agency, pursuant to a voluntary placement, as described in Section 16507.4 of the Welfare and Institutions Code, the one-year period shall be calculated from the date the minor entered out-of-home placement.

The court shall make a determination that reasonable services have been provided or offered to the parents which were designed to aid the parents to overcome the problems which led to the deprivation or continued loss of custody and that despite the availability of these services, return of the child to the parents would be detrimental to the child. The probation officer or social worker currently assigned to the case of the child shall appear at the termination proceedings.

If the minor has been adjudged to be a dependent child of the court pursuant to Section 300 of the Welfare and Institutions Code, the court shall review and consider the contents of the juvenile court file in determining if the services offered were reasonable under the circumstances.

Trial placement of the child in the physical custody of the parent or visitation of the child with the parent during the one-year period, when the trial placement or visitation does not result in permanent placement of the child with the parent, shall not serve to interrupt the running of the one-year period.

(8) A minor who has been found to be a dependent child of the juvenile court and the juvenile court has determined, pursuant to paragraph (3), (4), or (5) of subdivision (b) of Section 361.5 of the Welfare and Institutions Code, that reunification services shall not be provided to the minor's parent or guardian.

(b) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(c) A finding pursuant to this section shall be supported by clear and convincing evidence.

(d) Section 5158 shall not apply to proceedings pursuant to this section.

(e) This section does not apply to minors adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on and after January 1, 1989, during the period in which the minor is a dependent child of the court. For those minors, Section

366.26 of this code and Section 7017 of the Civil Code provide the exclusive means for the termination of parental rights.

SEC. 1.5. Section 206 of the Welfare and Institutions Code is amended to read:

206. Persons taken into custody and persons alleged to be within the description of Section 300, or persons adjudged to be such and made dependent children of the court pursuant to this chapter solely upon that ground, shall be provided by the board of supervisors with separate facilities segregated from persons either alleged or adjudged to come within the description of Section 601 or 602 except as provided in Section 16514. Separate segregated facilities may be provided in the juvenile hall or elsewhere.

The facilities required by this section shall, with regard to minors alleged or adjudged to come within Section 300, be nonsecure.

For the purposes of this section, the term "secure facility" means a facility which is designed and operated so as to insure that all entrances to, and exits from, the facility are under the exclusive control of the staff of the facility, whether or not the person being detained has freedom of movement within the perimeters of the facility, or which relies on locked rooms and buildings, fences, or physical restraints in order to control behavior of its residents. The term "nonsecure facility" means a facility that is not characterized by the use of physically restricting construction, hardware, and procedures and which provides its residents access to the surrounding community with minimal supervision. A facility shall not be deemed secure due solely to any of the following conditions: (1) the existence within the facility of a small room for the protection of individual residents from themselves or others; (2) the adoption of regulations establishing reasonable hours for residents to come and go from the facility based upon a sensible and fair balance between allowing residents free access to the community and providing the staff with sufficient authority to maintain order, limit unreasonable actions by residents, and to insure that minors placed in their care do not come and go at all hours of the day and night or absent themselves at will for days at a time; and (3) staff control over ingress and egress no greater than that exercised by a prudent parent. The State Department of Social Services may adopt regulations governing the use of small rooms pursuant to this section.

No minor described in this section may be held in temporary custody in any building that contains a jail or lockup for the confinement of adults, unless, while in the building, the minor is under continuous supervision and is not permitted to come into or remain in contact with adults in custody in the building.

No record of the detention of such a person shall be made or kept by any law enforcement agency or the Department of Justice as a record of arrest.

SEC. 2. Section 280 of the Welfare and Institutions Code is amended to read:

280. Except where waived by the probation officer, judge, or

referee and the minor, the probation officer shall be present in court to represent the interests of each person who is the subject of a petition to declare that person to be a ward or dependent child upon all hearings or rehearings of his or her case, and shall furnish to the court such information and assistance as the court may require. If so ordered, the probation officer shall take charge of that person before and after any hearing or rehearing.

It shall be the duty of the probation officer to prepare for every hearing on the disposition of a case as provided by Section 356, 358, 358.1, 361.5, 364, 366, 366.2, or 366.21 as is appropriate for the specific hearing, or, for a hearing as provided by Section 702, a social study of the minor, containing such matters as may be relevant to a proper disposition of the case. The social study shall include a recommendation for the disposition of the case.

SEC. 3. Section 300 of the Welfare and Institutions Code is repealed.

SEC. 4. Section 300 is added to the Welfare and Institutions Code, to read:

300. Any minor who comes within any of the following descriptions is within the jurisdiction of the juvenile court which may adjudge that person to be a dependent child of the court.

(a) The minor has suffered, or there is a substantial risk that the minor will suffer, serious physical harm inflicted nonaccidentally upon the minor by the minor's parent or guardian. For the purposes of this subdivision, a court may find there is a substantial risk of serious future injury based on the manner in which a less serious injury was inflicted, a history of repeated inflictions of injuries on the minor or the minor's siblings, or a combination of these and other actions by the parent or guardian which indicate the child is at risk of serious physical harm. For purposes of this subdivision, "serious physical harm" does not include reasonable and age appropriate spanking to the buttocks where there is no evidence of serious physical injury.

(b) The minor has suffered, or there is a substantial risk that the minor will suffer, serious physical harm or illness, as a result of the failure or inability of his or her parent or guardian to adequately supervise or protect the minor, or the willful or negligent failure of the minor's parent or guardian to adequately supervise or protect the minor from the conduct of the custodian with whom the minor has been left, or by the willful or negligent failure of the parent or guardian to provide the minor with adequate food, clothing, shelter, or medical treatment, or by the inability of the parent or guardian to provide regular care for the minor due to the parent's or guardian's mental illness, developmental disability, or substance abuse. No minor shall be found to be a person described by this subdivision solely due to the lack of an emergency shelter for the family. Whenever it is alleged that a minor comes within the jursidiction of the court on the basis of the parent's or guardian's willful failure to provide adequate medical treatment or specific

decision to provide spiritual treatment through prayer, the court shall give deference to the parent's or guardian's medical treatment, nontreatment, or spiritual treatment through prayer alone in accordance with the tenets and practices of a recognized church or religious denomination, by an accredited practitioner thereof, and shall not assume jurisdiction unless necessary to protect the minor from suffering serious physical harm or illness. In making its determination, the court shall consider (1) the nature of the treatment proposed by the parent or guardian (2) the risks to the minor posed by the course of treatment or nontreatment proposed by the parent or guardian (3) the risk, if any, of the course of treatment being proposed by the petitioning agency, and (4) the likely success of the courses of treatment or nontreatment proposed by the parent or guardian and agency. The minor shall continue to be a dependent child pursuant to this subdivision only so long as is necessary to protect the minor from risk of suffering serious physical harm or illness.

(c) The minor is suffering serious emotional damage, or is at substantial risk of suffering serious emotional damage, evidenced by severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, as a result of the conduct of the parent or guardian or who has no parent or guardian capable of providing appropriate care. No minor shall be found to be a person described by this subdivision if the willful failure of the parent or guardian to provide adequate mental health treatment is based on a sincerely held religious belief and if a less intrusive judicial intervention is available.

(d) The minor has been sexually abused, or there is a substantial risk that the minor will be sexually abused, as defined in subdivision (b) of Section 11165 of the Penal Code, by his or her parent or guardian or a member of his or her household, or the parent or guardian has failed to adequately protect the minor from sexual abuse when the parent or guardian knew or reasonably should have known that the minor was in danger of sexual abuse.

(e) The minor is under the age of five and has suffered severe physical abuse by a parent, or by any person known by the parent, if the parent knew or reasonably should have known that the person was physically abusing the minor. For the purposes of this subdivision, "severe physical abuse" means any of the following: any single act of abuse which causes physical trauma of sufficient severity that, if left untreated, would cause permanent physical disfigurement, permanent physical disability, or death; any single act of sexual abuse which causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness. A minor may not be removed from the physical custody of his or her parent or guardian on the basis of a finding of severe physical abuse unless the probation officer has made an

allegation of severe physical abuse pursuant to Section 332.

(f) The minor's parent or guardian has been convicted of causing the death of another child through abuse or neglect.

(g) The minor has been left without any provision for support; or the minor's parent has been incarcerated or institutionalized and cannot arrange for the care of the minor; or a relative or other adult custodian with whom the child resides or has been left is unwilling or unable to provide care or support for the child, the whereabouts of the parent is unknown, and reasonable efforts to locate the parent have been unsuccessful.

(h) The minor has been freed for adoption from one or both parents for 12 months by either relinquishment or termination of parental rights and an interlocutory decree has not been granted pursuant to Section 224n of the Civil Code or an adoption petition has not been granted.

(i) The minor has been subjected to an act or acts of cruelty by the parent or guardian or a member of his or her household, or the parent or guardian has failed to adequately protect the minor from an act or acts of cruelty when the parent or guardian knew or reasonably should have known that the minor was in danger of being subjected to an act or acts of cruelty.

(j) The minor's sibling has been abused or neglected, as defined in subdivision (a), (b), (d), (e), or (i), and there is a substantial risk that the minor will be abused or neglected, as defined in those subdivisions. The court shall consider the circumstances surrounding the abuse or neglect of the sibling, the age and gender of each child, the nature of the abuse or neglect of the sibling, the mental condition of the parent or guardian, and any other factors the court considers probative in determining whether there is a substantial risk to the minor.

It is the intent of the Legislature in enacting this section to provide maximum protection for children who are currently being physically, sexually, or emotionally abused, being neglected, or being exploited, and to protect children who are at risk of that harm. This protection includes provision of a full array of social and health services to help the child and family and to prevent reabuse of children. That protection shall focus on the preservation of the family whenever possible. Nothing in this section is intended to disrupt the family unnecessarily or to intrude inappropriately into family life, to prohibit the use of reasonable methods of parental discipline, or to prescribe a particular method of parenting. Further, nothing in this section is intended to limit the offering of voluntary services to those families in need of assistance but who do not come within the descriptions of this section. To the extent that savings accrue to the state from child welfare services funding obtained as a result of the enactment of the act that enacted this section, those savings shall be used to promote services which support family maintenance and family reunification plans, such as client transportation, out-of-home respite care, parenting training, and the

provision of temporary or emergency in-home caretakers and persons teaching and demonstrating homemaking skills. The Legislature further declares that a physical disability, such as blindness or deafness, is no bar to the raising of happy and well-adjusted children and that a court's determination pursuant to this section shall center upon whether a parent's disability prevents him or her from exercising care and control.

As used in this section "guardian" means the legal guardian of the child.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 4.5. Section 300 is added to the Welfare and Institutions Code, to read:

300. Any minor who comes within any of the following descriptions is within the jurisdiction of the juvenile court which may adjudge that person to be a dependent child of the court.

(a) The minor has suffered, or there is a substantial risk that the minor will suffer, serious physical harm inflicted nonaccidentally upon the minor by the minor's parent or guardian. For the purposes of this subdivision, a court may find there is a substantial risk of serious future injury based on the manner in which a less serious injury was inflicted, a history of repeated inflictions of injuries on the minor or the minor's siblings, or a combination of these and other actions by the parent or guardian which indicate the child is at risk of serious physical harm. For purposes of this subdivision, "serious physical harm" does not include reasonable and age appropriate spanking to the buttocks where there is no evidence of serious physical injury.

(b) The minor has suffered, or there is a substantial risk that the minor will suffer, serious physical harm or illness, as a result of the failure of his or her parent or guardian to adequately supervise or protect the minor, or the willful or negligent failure of the minor's parent or guardian to adequately supervise or protect the minor from the conduct of the custodian with whom the minor has been left, or by the willful or negligent failure of the parent or guardian to provide the minor with adequate food, clothing, shelter, or medical treatment, or by the inability of the parent or guardian to provide regular care for the minor due to the parent's or guardian's mental illness, developmental disability, or substance abuse. No minor shall be found to be a person described by this subdivision solely due to the lack of an emergency shelter for the family. Whenever it is alleged that a minor comes within the jursidiction of the court on the basis of the parent's or guardian's willful failure to provide adequate medical treatment or specific decision to provide spiritual treatment through prayer, the court shall give deference to the parent's or guardian's medical treatment, nontreatment, or spiritual treatment through prayer alone in accordance with the tenets and practices of a recognized church or religious

denomination by an accredited practitioner thereof and shall not assume jurisdiction unless necessary to protect the minor from suffering serious physical harm or illness. In making its determination, the court shall consider (1) the nature of the treatment or nontreatment proposed by the parent or guardian (2) the risks to the minor posed by the course of treatment or nontreatment proposed by the parent or guardian (3) the risk, if any, of the course of treatment being proposed by the petitioning agency, and (4) the likely success of the courses of treatment or nontreatment proposed by the parent or guardian and agency. The minor shall continue to be a dependent child pursuant to this subdivision only so long as is necessary to protect the minor from risk of suffering serious physical harm or illness.

(c) The minor is suffering serious emotional damage, or is at substantial risk of suffering serious emotional damage, evidenced by severe anxiety, depression, or withdrawal, untoward aggressive behavior toward self or others, as a result of the conduct of the parent or guardian. No minor shall be found to be a person described by this subdivision if the willful failure of the parent or guardian to provide adequate mental health treatment is based on a sincerely held religious belief and if a less intrusive judicial intervention is available.

(d) The minor has been sexually abused, or there is a substantial risk that the minor will be sexually abused, as defined in subdivision (b) of Section 11165 of the Penal Code, by his or her parent or guardian or a member of his or her household, or the parent or guardian has failed to adequately protect the minor from sexual abuse when the parent or guardian knew or reasonably should have known that the minor was in danger of sexual abuse.

(e) The minor is under the age of five and has suffered severe physical abuse by a parent, or by any person known by the parent, if the parent knew or reasonably should have known that the person was physically abusing the minor. For the purposes of this subdivision, "severe physical abuse" means any of the following: any single act of abuse which causes physical trauma of sufficient severity that, if left untreated, would cause permanent physical disfigurement, permanent physical disability, or death; any single act of sexual abuse which causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness. A minor may not be removed from the physical custody of his or her parent or guardian on the basis of a finding of severe physical abuse unless the probation officer has made an allegation of severe physical abuse pursuant to Section 332.

(f) The minor's parent or guardian has been convicted of causing the death of another child through abuse or neglect.

(g) The minor has been left without any provision for support; or the minor's parent has been incarcerated or institutionalized and cannot arrange for the care of the minor; or a relative or other adult

custodian with whom the child resides or has been left is unwilling or unable to provide care or support for the child, the whereabouts of the parent is unknown, and reasonable efforts to locate the parent have been unsuccessful.

(h) The minor has been freed for adoption from one or both parents for 12 months by either relinquishment or termination of parental rights and an interlocutory decree has not been granted pursuant to Section 224n of the Civil Code or an adoption petition has not been granted.

(i) The minor has been subjected to an act or acts of cruelty by the parent or guardian or a member of his or her household, or the parent or guardian has failed to adequately protect the minor from an act or acts of cruelty when the parent or guardian knew or reasonably should have known that the minor was in danger of being subjected to an act or acts of cruelty.

(j) The minor's sibling has been abused or neglected, as defined in subdivision (a), (b), (d), (e), or (i), and there is a substantial risk that the minor will be abused or neglected, as defined in those subdivisions. The court shall consider the circumstances surrounding the abuse or neglect of the sibling, the age and gender of each child, the nature of the abuse or neglect of the sibling, the mental condition of the parent or guardian, and any other factors the court considers probative in determining whether there is a substantial risk to the minor.

It is the intent of the Legislature in enacting this section to provide maximum protection for children who are currently being physically, sexually, or emotionally abused, being neglected, or being exploited, and to protect children who are at risk of that harm. This protection includes provision of a full array of social and health services to help the child and family and to prevent reabuse of children. That protection shall focus on the preservation of the family whenever possible. Nothing in this section is intended to disrupt the family unnecessarily or to intrude inappropriately into family life, to prohibit the use of reasonable methods of parental discipline, or to prescribe a particular method of parenting. Further, nothing in this section is intended to limit the offering of voluntary services to those families in need of assistance but who do not come within the descriptions of this section. To the extent that savings accrue to the state from child welfare services funding obtained as a result of the enactment of the act that enacted this section, those savings shall be used to promote services which support family maintenance and family reunification plans such as client transportation, out-of-home respite care, parenting training, and the provision of temporary or emergency in-home caretakers and persons teaching and demonstrating homemaking skills. The Legislature further declares that a physical disability, such as blindness or deafness, is no bar to the raising of happy and well-adjusted children and that a court's determination pursuant to this section shall center upon whether a parent's disability prevents

him or her from exercising care and control.

As used in this section, "guardian" means the legal guardian of the child.

SEC. 5. Section 300.1 of the Welfare and Institutions Code is amended to read:

300.1. (a) Notwithstanding subdivision (e) of Section 361 and Section 16507, family reunification services shall not be provided to a minor adjudged a dependent pursuant to subdivision (f) of Section 300.

(b) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 6. Section 300.1 is added to the Welfare and Institutions Code, to read:

300.1. Notwithstanding subdivision (e) of Section 361 and Section 16507, family reunification services shall not be provided to a minor adjudged a dependent pursuant to subdivision (h) of Section 300.

SEC. 7. Section 301 of the Welfare and Institutions Code is amended and renumbered to read:

303. The court may retain jurisdiction over any person who is found to be a dependent child of the juvenile court until the ward or dependent child attains the age of 21 years.

SEC. 7.5. Section 301 is added to the Welfare and Institutions Code, to read:

301. (a) A juvenile court may assume jurisdiction over a child described in Section 300 regardless of whether the child was in the physical custody of both parents or was in the sole legal or physical custody of only one parent at the time that the events or conditions occurred that brought the child within the jurisdiction of the court.

(b) Unless their parental rights have been terminated, both parents shall be notified of all proceedings involving the child. In any case where the probation officer is required to provide a parent or guardian with notice of a proceeding at which the probation officer intends to present a report, the probation officer shall also provide both parents, whether custodial or noncustodial, or any guardian, or the counsel for the parent or guardian a copy of the report prior to the hearing, either personally or by first-class mail. The probation officer shall not charge any fee for providing a copy of a report required by this subdivision.

(c) When a minor is adjudged a dependent of the juvenile court, any issues regarding custodial rights between his or her parents shall be determined solely by the juvenile court, as specified in Sections 304, 361.2, and 362.4, so long as the minor remains a dependent of the juvenile court.

SEC. 8. Section 304 is added to the Welfare and Institutions Code, to read:

In deciding issues between the parents or between a parent and a guardian regarding custody of a minor who has been adjudicated a dependent of the juvenile court, the juvenile court may review any records that would be available to the domestic relations division of a superior court hearing such a matter. This section shall not be construed to divest the domestic relations division of a superior court from hearing any issues regarding the custody of a minor when that minor is no longer a dependent of the juvenile court.

(b) Who is in a hospital and release of the minor to a parent poses an immediate danger to the child's health or safety.

(c) Who is a dependent child of the juvenile court, or concerning whom an order has been made under Section 319, when the officer has reasonable cause for believing that the minor has violated an order of the juvenile court or has left any placement ordered by the juvenile court.

(a) Receive and maintain, pending investigation, temporary custody of a minor who is described in Section 300, and who has been delivered by a peace officer.

(b) Take into and maintain temporary custody of, without a warrant, a minor who has been declared a dependent child of the juvenile court under Section 300 or who the social worker has

reasonable cause to believe is a person described in subdivision (b) or (g) of Section 300, and the social worker has reasonable cause to believe that the minor has an immediate need for medical care or is in immediate danger of continued physical or sexual abuse or the physical environment poses an immediate threat to the child's health or safety.

Before taking a minor into custody a social worker shall consider whether there are any reasonable services available to the worker which, if provided to the minor's parent, guardian, caretaker, or to the minor, would eliminate the need to remove the minor from the custody of his or her parent, guardian, or caretaker. In addition, the social worker shall also consider whether a referral to public assistance pursuant to Chapter 2 (commencing with Section 11200) of Part 3, Chapter 7 (commencing with Section 14000) of Part 3, Chapter 1 (commencing with Section 17000) of Part 5, and Chapter 10 (commencing with Section 18900) of Part 6, of Division 9 would eliminate the need to take temporary custody of the minor. If those services are available they shall be utilized.

SEC. 14. Section 308 of the Welfare and Institutions Code is amended to read:

308. (a) When a peace officer or social worker takes a minor into custody pursuant to this article, he or she shall take immediate steps to notify the minor's parent, guardian, or a responsible relative that the minor is in custody and the place where he or she is being held, except that, upon order of the juvenile court, the parent or guardian shall not be notified of the exact whereabouts of the minor. The court shall issue such an order only upon a showing that notifying the parent or guardian of the exact whereabouts would endanger the child or that the parent or guardian is likely to flee with the child. However, if it is impossible or impracticable to obtain a court order authorizing nondisclosure prior to the detention hearing, and if the peace officer or social worker has a reasonable belief that the minor would be endangered by the disclosure of his or her exact whereabouts, or that the disclosure would cause the custody of the minor to be disturbed, the peace officer or social worker may refuse to disclose the place where the minor is being held. The county welfare department shall make a diligent effort to ensure regular telephone contact between the parent and the child, prior to the detention hearing, unless that contact would be detrimental to the child. The court shall review any such decision not to disclose the place where the minor is being held at the detention hearing, and shall conduct that review within 24 hours upon the application of a parent, guardian, or a responsible relative.

(b) Immediately after being taken to a place of confinement pursuant to this article and, except where physically impossible, no later than one hour after he or she has been taken into custody, a minor 10 years of age or older shall be advised that he or she has the right to make at least two telephone calls from the place where he or she is being held, one call completed to his or her parent, guardian,

or a responsible relative, and another call completed to an attorney. The calls shall be at public expense, if the calls are completed to telephone numbers within the local calling area, and in the presence of a public officer or employee. Any public officer or employee who willfully deprives a minor taken into custody of his or her right to make these telephone calls is guilty of a misdemeanor.

SEC. 15. Section 309 of the Welfare and Institutions Code is amended to read:

309. (a) Upon delivery to the probation officer of a minor who has been taken into temporary custody under this article, the probation officer shall immediately investigate the circumstances of the minor and the facts surrounding the minor's being taken into custody and attempt to maintain the minor with the minor's family through the provision of services. The probation officer shall immediately release the minor to the custody of the minor's parent, guardian, or responsible relative unless one or more of the following conditions exist:

(1) The minor has no parent, guardian, or responsible relative; or the minor's parent, guardian, or responsible relative is not willing to provide care for the minor.

(2) Continued detention of the minor is a matter of immediate and urgent necessity for the protection of the minor and there are no reasonable means by which the minor can be protected in his or her home or the home of a responsible relative.

(3) The minor or his or her parent, guardian, or responsible relative is likely to flee the jurisdiction of the court.

(4) The minor has violated an order of the juvenile court.

(b) In any case in which there is reasonable cause for believing that a minor who is under the care of a physician or surgeon or a hospital, clinic, or other medical facility and cannot be immediately moved is a person described in Section 300, the minor shall be deemed to have been taken into temporary custody and delivered to the probation officer for the purposes of this chapter while the minor is at the office of the physician or surgeon or the medical facility.

(c) If the minor is not released to his or her parent or guardian, the minor shall be deemed detained for purposes of this chapter.

SEC. 16. Section 315 of the Welfare and Institutions Code is repealed.

SEC. 17. Section 315 is added to the Welfare and Institutions Code, to read:

315. If a minor has been taken into custody under this article and not released to a parent or guardian, the juvenile court shall hold a hearing (which shall be referred to as a "detention hearing") to determine whether the minor shall be further detained. This hearing shall be held as soon as possible, but in any event before the expiration of the next judicial day after a petition to declare the minor a dependent child has been filed. If the hearing is not held within the period prescribed by this section, the minor shall be

released from custody.

SEC. 18. Section 316 of the Welfare and Institutions Code is repealed.

SEC. 19. Section 316 is added to the Welfare and Institutions Code, to read:

316. Upon his or her appearance before the court at the detention hearing, each parent or guardian and the minor, if present, shall first be informed of the reasons why the minor was taken into custody, the nature of the juvenile court proceedings, and the right of each parent or guardian and any minor to be represented at every stage of the proceedings by counsel.

SEC. 20. Section 317 of the Welfare and Institutions Code is repealed.

SEC. 21. Section 317 is added to the Welfare and Institutions Code, to read:

317. (a) When it appears to the court that a parent or guardian of the minor desires counsel but is unable to afford and cannot for that reason employ counsel, the court may appoint counsel.

(b) When it appears to the court that a parent or guardian of the minor is unable to afford and cannot for that reason employ counsel, and the minor has been placed in out-of-home care, or the petitioning agency is recommending that the minor be placed in out-of-home care, the court shall appoint counsel, unless the court finds that the parent or guardian has made a knowing and intelligent waiver of counsel.

(c) In any case in which it appears to the court that the minor would benefit from the appointment of counsel the court shall appoint counsel for the minor. Counsel for the minor may be a county counsel, district attorney, public defender, or other member of the bar, provided that the counsel does not represent another party or county agency whose interests conflict with the minor's. The fact that the district attorney represents the minor in a proceeding pursuant to Section 300 as well as conducts a criminal investigation or files a criminal complaint or information arising from the same or reasonably related set of facts as the proceeding pursuant to Section 300 is not in and of itself a conflict of interest. The court shall determine if representation of both the petitioning agency and the minor constitutes a conflict of interest. If the court finds there is a conflict of interest, separate counsel shall be appointed for the minor. The court may fix the compensation to be paid by the county for the services of appointed counsel, if counsel is not a county counsel, district attorney, or public defender.

(d) The counsel appointed by the court shall represent the parent, guardian, or minor at the detention hearing and at all subsequent proceedings before the juvenile court. Counsel shall continue to represent the parent or minor unless relieved by the court upon the substitution of other counsel or for cause. The representation shall include representing the parent or the minor in termination proceedings and in those proceedings relating to the

institution or setting aside of a legal guardianship.

(e) The counsel for the minor shall be charged in general with the representation of the minor's interests. To that end, counsel shall make such further investigations as he or she deems necessary to ascertain the facts, including the interviewing of witnesses, and he or she shall examine and cross-examine witnesses in both the adjudicatory and dispositional hearings; he or she may also introduce and examine his or her own witnesses, make recommendations to the court concerning the minor's welfare, and participate further in the proceedings to the degree necessary to adequately represent the minor. In any case in which the minor is four years of age or older, counsel shall interview the minor to determine the minor's wishes and to assess the minor's well-being. In addition, counsel shall investigate the interests of the minor beyond the scope of the juvenile proceeding and report to the court other interests of the minor that may need to be protected by the institution of other administrative or judicial proceedings. The court shall take whatever appropriate action is necessary to fully protect the interests of the minor.

(f) Notwithstanding any other provision of law, counsel shall be given access to all records relevant to the case which are maintained by state or local public agencies. Counsel shall be given access to records maintained by hospitals or by other medical or nonmedical practitioners or by child care custodians, in the manner prescribed by Section 1158 of the Evidence Code.

SEC. 22. Section 318 of the Welfare and Institutions Code, as amended by Chapter 302 of the Statutes of 1985, is repealed.

SEC. 23. Section 318 is added to the Welfare and Institutions Code, to read:

318. (a) In any case in which it appears to the court that the minor would benefit from the appointment of counsel, the court shall appoint counsel for the minor. The court shall determine if a conflict of interest exists between the petitioning agency and the minor. If the court finds that there is a conflict of interest, separate counsel shall be appointed for the minor. Counsel for the minor may be a county counsel, district attorney, public defender, or other member of the bar, provided that the counsel does not represent another party or county agency whose interests conflict with the minor's interests. The fact that the district attorney represents the minor in a proceeding pursuant to Section 300 as well as conducts a criminal investigation or files a criminal complaint or information arising from the same or reasonably related set of facts as the proceeding pursuant to Section 300 is not in and of itself a conflict of interest. The court may fix the compensation to be paid by the county for the services of appointed counsel, if counsel is not a county counsel, district attorney, or public defender.

(b) The counsel appointed by the court shall represent the minor at the detention hearing and at all subsequent proceedings before the juvenile court.

(c) Any counsel upon entering an appearance on behalf of a minor shall continue to represent that minor unless relieved by the court upon the substitution of other counsel or for cause.

(d) The counsel shall be charged in general with the representation of the child's interests. In any case in which the minor is four years of age or older, counsel shall interview the minor to determine the minor's wishes and to assess the minor's well-being. Counsel shall make such further investigations as he or she deems necessary to ascertain the facts, including the interviewing of witnesses, and he or she shall examine and cross-examine witnesses in both the adjudicatory and depositional hearings; he or she may also introduce and examine his or her own witnesses, make recommendations to the court concerning the child's welfare, and participate further in the proceedings to the degree necessary to adequately represent the child. In addition, the counsel shall investigate the interests of the child beyond the scope of the juvenile proceeding and report to the court other interests of the child that may be protected by other administrative or judicial proceedings. The court shall take whatever appropriate action is necessary to fully protect the interests of the child.

(e) Notwithstanding any other provision of law, counsel shall be given access to all records relevant to the case which are maintained by state or local public agencies. Counsel shall be given access to records maintained by hospitals or by other medical or nonmedical practitioners or by child care custodians, in the manner prescribed by Section 1158 of the Evidence Code.

SEC. 24. Section 319 of the Welfare and Institutions Code is amended to read:

319. At the initial petition hearing the court shall examine the minor's parents, guardians, or other persons having relevant knowledge and hear the relevant evidence as the minor, the minor's parents or guardians, the petitioner, or their counsel desires to present. The court may examine the minor, as provided in Section 350.

The probation officer shall report to the court on the reasons why the minor has been removed from the parent's custody; the need, if any, for continued detention; on the available services and the referral methods to those services which could facilitate the return of the minor to the custody of the minor's parents or guardians; and whether there are any relatives who are able and willing to take temporary custody of the minor. The court shall order the release of the minor from custody unless a prima facie showing has been made that the minor comes within Section 300 and any of the following circumstances exist:

(a) There is a substantial danger to the physical health of the minor or the minor is suffering severe emotional damage, and there are no reasonable means by which the minor's physical or emotional health may be protected without removing the minor from the parents' or guardians' physical custody.

(b) There is substantial evidence that a parent, guardian, or custodian of the minor is likely to flee the jurisdiction of the court.

(c) The minor has left a placement in which he or she was placed by the juvenile court.

(d) The minor indicates an unwillingness to return home, if the minor has been physically or sexually abused by a person residing in the home.

The court shall also make a determination on the record as to whether reasonable efforts were made to prevent or eliminate the need for removal of the minor from his or her home and whether there are available services which would prevent the need for further detention. Services to be considered for purposes of making this determination are case management, counseling, emergency shelter care, emergency in-home caretakers, out-of-home respite care, teaching and demonstrating homemakers, parenting training, transportation, and any other child welfare services authorized by the State Department of Social Services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9. The court shall also review whether the social worker has considered whether a referral to public assistance services pursuant to Chapter 2 (commencing with Section 11200) of Part 3, Chapter 7 (commencing with Section 14000) of Part 3, Chapter 1 (commencing with Section 17000) of Part 5, and Chapter 10 (commencing with Section 18900) of Part 6, of Division 9 would have eliminated the need to take temporary custody of the minor or would prevent the need for further detention. If the minor can be returned to the custody of his or her parent or guardian through the provision of those services, the court shall place the minor with his or her parent or guardian and order that the services shall be provided. If the minor cannot be returned to the custody of his or her parent or guardian, the court shall determine if there is a relative who is able and willing to care for the child. Where the first contact with the family has occurred during an emergency situation in which the child could not safely remain at home, even with reasonable services being provided, the court shall make a finding that the lack of preplacement preventive efforts were reasonable. Whenever a court orders a minor detained, the court shall state the facts on which the decision is based, shall specify why the initial removal was necessary, and shall order services to be provided as soon as possible to reunify the minor and his or her family if appropriate.

When the minor is not released from custody the court may order that the minor shall be placed in the suitable home of a relative or in an emergency shelter or other suitable licensed place or a place exempt from licensure designated by the juvenile court for a period not to exceed 15 judicial days.

As used in this section, "relative" means an adult who is a grandparent, aunt, uncle, or a sibling of the minor.

SEC. 25. Section 328 of the Welfare and Institutions Code is amended to read:

328. Whenever the probation officer has cause to believe that there was or is within the county, or residing therein, a person described in Section 300, the probation officer shall immediately make any investigation he or she deems necessary to determine whether child welfare services should be offered to the family and whether proceedings in the juvenile court should be commenced. If the probation officer determines that it is appropriate to offer child welfare services to the family, the probation officer shall make a referral to these services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9.

However, this section does not require an investigation by the probation officer with respect to a minor delivered or referred to any agency pursuant to Section 307.5.

The probation officer shall interview any minor four years of age or older who is a subject of an investigation, and who is in juvenile hall or other custodial facility, or has been removed to a foster home, to ascertain the minor's view of the home environment. If proceedings are commenced, the probation officer shall include the substance of the interview in any written report submitted at an adjudicatory hearing, or if no report is then received in evidence, the probation officer shall include the substance of the interview in the social study required by Section 358.

SEC. 26. Section 332 of the Welfare and Institutions Code is amended to read:

332. A petition to commence proceedings in the juvenile court to declare a minor a ward or a dependent child of the court shall be verified and shall contain all of the following:

(a) The name of the court to which it is addressed.

(b) The title of the proceeding.

(c) The code section and the subdivision under which the proceedings are instituted. If it is alleged that the minor is a person described by subdivision (e) of Section 300, the petition shall include an allegation pursuant to that section.

(d) The name, age, and address, if any, of the minor upon whose behalf the petition is brought.

(e) The names and residence addresses, if known to the petitioner, of both parents and any guardian of the minor. If there is no parent or guardian residing within the state, or if his or her place of residence is not known to the petitioner, the petition shall also contain the name and residence address, if known, of any adult relative residing within the county, or, if there is none, the adult relative residing nearest to the location of the court.

(f) A concise statement of facts, separately stated, to support the conclusion that the minor upon whose behalf the petition is being brought is a person within the definition of each of the sections and subdivisions under which the proceedings are being instituted.

(g) The fact that the minor upon whose behalf the petition is brought is detained in custody or is not detained in custody, and if he or she is detained in custody, the date and the precise time the

minor was taken into custody.

(h) A notice to the father, mother, spouse, or other person liable for support of the minor child, of all of the following: (1) Section 903 makes that person, the estate of that person, and the estate of the minor child, liable for the cost of the care, support, and maintenance of the minor child in any county institution or any other place in which the child is placed, detained, or committed pursuant to an order of the juvenile court; (2) Section 903.1 makes that person, the estate of that person, and the estate of the minor child, liable for the cost to the county of legal services rendered to the minor or the parent by a private attorney or a public defender appointed pursuant to the order of the juvenile court; (3) Section 903.2 makes that person, the estate of that person, and the estate of the minor child, liable for the cost to the county of the probation supervision of the minor child by the probation officer pursuant to the order of the juvenile court; and (4) the liabilities established by these sections are joint and several.

SEC. 27. Section 335 of the Welfare and Institutions Code is amended to read:

335. Upon the filing of the petition, the clerk of the juvenile court shall issue a notice, to which shall be attached a copy of the petition, and he or she shall cause the same to be served upon the minor, if the minor is 10 or more years of age, and upon each of the persons described in subdivision (e) of Section 332 whose residence addresses are set forth in the petition and thereafter before the hearing upon all such persons whose residence addresses become known to the clerk. The clerk shall issue a copy of the petition to the attorney for the minor's parent or guardian and to the district attorney, if the district attorney has notified the clerk of the court that he or she wishes to receive the petition, containing the time, date, and place of the hearing.

SEC. 28. Section 336 of the Welfare and Institutions Code is amended to read:

336. The notice shall contain all of the following:

(a) The name and address of the person to whom the notice is directed.

(b) The date, time, and place of the hearing on the petition.

(c) The name of the minor upon whose behalf the petition has been brought.

(d) Each section and subdivision under which the proceeding has been instituted.

(e) A statement that the parent or guardian or adult relative to whom notice is required to be given, and the minor, are entitled to have an attorney present at the hearing on the petition, and that, if the parent or guardian or an adult relative is indigent and cannot afford an attorney, and desires to be represented by an attorney, the parent or guardian or adult relative shall promptly notify the clerk of the juvenile court, and that in the event counsel or legal assistance is furnished by the court, the parent or guardian or adult relative

shall be liable to the county, to the extent of his, her, or their financial ability, for all or a portion of the cost thereof.

(f) A statement that the parent or guardian or responsible relative may be liable for the costs of support of the minor in a county institution.

SEC. 29. Section 340 of the Welfare and Institutions Code is amended to read:

340. Whenever a petition has been filed in the juvenile court alleging that a minor comes within Section 300 and praying for a hearing thereon, or whenever any subsequent petition has been filed praying for a hearing in the matter of the minor and it appears to the court that the circumstances of his or her home environment may endanger the health, person, or welfare of the minor, or whenever a dependent minor has run away from his or her court ordered placement, a protective custody warrant may be issued immediately for the minor.

SEC. 30. Section 342 is added to the Welfare and Institutions Code, to read:

342. In any case in which a minor has been found to be a person described by Section 300 and the petitioner alleges new facts or circumstances which indicate that there is reasonable cause to believe that the minor is a person described in a subdivision other than the subdivision of Section 300 under which the previous or original petition was sustained, the petitioner shall file a subsequent petition.

All procedures and hearings required for an original petition are applicable to a subsequent petition filed under this section.

SEC. 31. Section 345 of the Welfare and Institutions Code is amended to read:

345. All cases under this chapter shall be heard at a special or separate session of the court, and no other matter shall be heard at such a session. No person on trial, awaiting trial, or under accusation of crime, other than a parent, guardian, or relative of the minor, shall be permitted to be present at any such session, except as a witness.

Cases in which the minor is detained and the sole allegation is that the minor is a person described in Section 300 shall be granted precedence on the calendar of the court for the day on which the case is set for hearing.

SEC. 32. Section 350 of the Welfare and Institutions Code is amended to read:

350. (a) The judge of the juvenile court shall control all proceedings during the hearings with a view to the expeditious and effective ascertainment of the jurisdictional facts and the ascertainment of all information relative to the present condition and future welfare of the person upon whose behalf the petition is brought. Except where there is a contested issue of fact or law, the proceedings shall be conducted in an informal nonadversary atmosphere with a view to obtaining the maximum cooperation of the minor upon whose behalf the petition is brought and all persons

interested in his or her welfare with such provisions as the court may make for the disposition and care of the minor.

(b) The testimony of a minor may be taken in chambers and outside the presence of the minor's parent or parents, if the minor's parent or parents are represented by counsel, the counsel is present and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(c) At any hearing in which the probation department bears the burden of proof, after the presentation of evidence on behalf of the probation department has been closed, the court, on motion of the minor, parent or guardian, or on its own motion, shall order whatever action the law requires of it if the court, upon weighing the evidence then before it, finds that the probation department has not met its burden. That action includes, but is not limited to, the dismissal of the petition and release of the minor at a jurisdictional hearing, the return of the minor at an out-of-home review held prior to the permanency planning hearing, or the termination of jurisdiction at an in-home review. If the motion is not granted, the minor, parent, or guardian may offer evidence without first having reserved that right.

SEC. 33. Section 353 of the Welfare and Institutions Code is amended to read:

353. At the beginning of the hearing on a petition filed pursuant to Article 8 (commencing with Section 325) of this chapter, the judge or clerk shall first read the petition to those present. Upon request of any parent, guardian, or adult relative, counsel for the minor, or the minor, if he or she is present, the judge shall explain any term of allegation contained therein and the nature of the hearing, its procedures, and possible consequences. The judge shall ascertain whether the parent, guardian, or adult relative and, when required by Section 317, the minor have been informed of their right to be represented by counsel, and if not, the judge shall advise those persons, if present, of the right to have counsel present and where applicable, of the right to appointed counsel. If such a person is unable to afford counsel and desires to be represented by counsel, the court shall appoint counsel in accordance with Sections 317 and 318. The court shall continue the hearing for not to exceed seven days, as necessary to make an appointment of counsel, or to enable

counsel to acquaint himself or herself with the case, or to determine whether the parent or guardian or adult relative is unable to afford counsel at his or her own expense, and shall continue the hearing as necessary to provide reasonable opportunity for the minor and the parent or guardian or adult relative to prepare for the hearing.

SEC. 34. Section 355 of the Welfare and Institutions Code is amended to read:

355. At the jurisdictional hearing, the court shall first consider only the question whether the minor is a person described by Section 300, and for this purpose, any matter or information relevant and material to the circumstances or acts which are alleged to bring him or her within the jurisdiction of the juvenile court is admissible and may be received in evidence. However, proof by a preponderance of evidence, legally admissible in the trial of civil cases must be adduced to support a finding that the minor is a person described by Section 300. If the parent or guardian is not represented by counsel at the hearing, it shall be deemed that objections that could have been made to the evidence were made.

SEC. 35. Section 355.1 of the Welfare and Institutions Code is amended to read:

355.1. (a) Where the court finds, based upon competent professional evidence, that an injury, injuries, or detrimental condition sustained by a minor, of such a nature as would ordinarily not be sustained except as the result of the unreasonable or neglectful acts or omissions of either parent, the guardian, or other person who has the care or custody of the minor, that evidence shall be prima facie evidence that the minor is a person described by subdivision (a), (b), or (d) of Section 300.

(b) Proof that either parent, the guardian, or other person who has the care or custody of a minor who is the subject of a petition filed under Section 300, has physically abused, neglected, or cruelly treated another minor shall be admissible in evidence.

(c) The presumption created by subdivision (a) constitutes a presumption affecting the burden of producing evidence.

(d) Testimony by a parent, guardian, or other person who has the care or custody of the minor made the subject of a proceeding under Section 300 shall not be admissible as evidence in any other action or proceeding.

SEC. 35.1. Section 355.2 of the Welfare and Institutions Code is repealed.

SEC. 35.2. Section 355.3 of the Welfare and Institutions Code is repealed.

SEC. 35.3. Section 355.4 of the Welfare and Institutions Code is repealed.

SEC. 35.4. Section 355.5 of the Welfare and Institutions Code is repealed.

SEC. 35.5. Section 355.6 of the Welfare and Institutions Code is repealed.

SEC. 35.6. Section 355.7 of the Welfare and Institutions Code is

repealed.

SEC. 36. Section 358 of the Welfare and Institutions Code is amended to read:

358. (a) After finding that a minor is a person described in Section 300, the court shall hear evidence on the question of the proper disposition to be made of the minor. Prior to making a finding required by this section, the court may continue the hearing on its own motion, the motion of the parent or guardian, or the motion of the minor, as follows:

(1) If the minor is detained during the continuance, and the probation officer is not alleging that subdivision (b) of Section 361.5 is applicable, the continuance shall not exceed 10 judicial days. The court may make such order for detention of the minor or for the minor's release from detention, during the period of continuance, as is appropriate.

(2) If the minor is not detained during the continuance, the continuance shall not exceed 30 days after the date of the finding pursuant to Section 356. However, the court may, for cause, continue the hearing for an additional 15 days.

(3) If the probation officer is alleging that subdivision (b) of Section 361.5 is applicable, the court shall continue the proceedings for a period not to exceed 30 days. The probation officer shall notify each parent of the content of subdivision (b) of Section 361.5 and shall inform each parent that if the court does not order reunification a permanency planning hearing will be held, and that his or her parental rights may be terminated within the time frames specified by law.

(b) Before determining the appropriate disposition, the court shall receive in evidence the social study of the minor made by the probation officer, any study or evaluation made by a child advocate appointed by the court, and such other relevant and material evidence as may be offered. In any judgment and order of disposition, the court shall specifically state that the social study made by the probation officer and the study or evaluation made by the child advocate appointed by the court, if there be any, has been read and considered by the court in arriving at its judgment and order of disposition.

(c) If the court finds that a minor is described by subdivision (f) of Section 300 or that subdivision (b) of Section 361.5 may be applicable, the court shall conduct the dispositional proceeding pursuant to subdivision (c) of Section 361.5.

(d) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 37. Section 358 is added to the Welfare and Institutions Code, to read:

358. (a) After finding that a minor is a person described in Section 300, the court shall hear evidence on the question of the proper disposition to be made of the minor. Prior to making a finding

required by this section, the court may continue the hearing on its own motion, the motion of the parent or guardian, or the motion of the minor, as follows:

(1) If the minor is detained during the continuance, and the probation officer is not alleging that subdivision (b) of Section 361.5 is applicable, the continuance shall not exceed 10 judicial days. The court may make such order for detention of the minor or for the minor's release from detention, during the period of continuance, as is appropriate.

(2) If the minor is not detained during the continuance, the continuance shall not exceed 30 days after the date of the finding pursuant to Section 356. However, the court may, for cause, continue the hearing for an additional 15 days.

(3) If the probation officer is alleging that subdivision (b) of Section 361.5 is applicable, the court shall continue the proceedings for a period not to exceed 30 days. The probation officer shall notify each parent of the content of subdivision (b) of Section 361.5 and shall inform each parent that if the court does not order reunification a permanency planning hearing will be held, and that his or her parental rights may be terminated within the time frames specified by law.

(b) Before determining the appropriate disposition, the court shall receive in evidence the social study of the minor made by the probation officer, any study or evaluation made by a child advocate appointed by the court, and such other relevant and material evidence as may be offered. In any judgment and order of disposition, the court shall specifically state that the social study made by the probation officer and the study or evaluation made by the child advocate appointed by the court, if there be any, has been read and considered by the court in arriving at its judgment and order of disposition.

(c) If the court finds that a minor is described by subdivision (h) of Section 300 or that subdivision (b) of Section 361.5 may be applicable, the court shall conduct the dispositional proceeding pursuant to subdivision (c) of Section 361.5.

SEC. 38. Section 361 of the Welfare and Institutions Code is amended to read:

361. (a) In all cases in which a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may limit the control to be exercised over the dependent child by any parent or guardian and shall by its order clearly and specifically set forth all such limitations. The limitations shall not exceed those necessary to protect the child.

(b) No dependent child shall be taken from the physical custody of his or her parents or guardian or guardians with whom the child resides at the time the petition was initiated unless the juvenile court finds clear and convincing evidence of any of the following:

(1) There is a substantial danger to the physical health of the minor or would be if the minor was returned home, and there are

no reasonable means by which the minor's physical health can be protected without removing the minor from the minor's parents' or guardians' physical custody. The fact that a minor has been adjudicated a dependent child of the court pursuant to subdivision (e) of Section 300 shall constitute prima facie evidence that the minor cannot be safely left in the custody of the parent or guardian with whom the minor resided at the time of injury.

(2) The parent or guardian of the minor is unwilling to have physical custody of the minor, and the parent or guardian has been notified that if the minor remains out of their physical custody for the period specified in Section 366.25 or 366.26, the minor may be declared permanently free from their custody and control.

(3) The minor is suffering severe emotional damage, as indicated by extreme anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, and there are no reasonable means by which the minor's emotional health may be protected without removing the minor from the physical custody of his or her parent or guardian.

(4) The minor has been sexually abused by a parent, guardian, or member of his or her household or other person known to his or her parent and there are no reasonable means by which the minor can be protected from further sexual abuse without removing the minor from his or her parent or guardian or the minor does not wish to return to his or her parent or guardian.

(5) The minor has been left without any provision for his or her support, or a parent who has been incarcerated or institutionalized cannot arrange for the care of the minor, or a relative or other adult custodian with whom the child has been left by the parent is unwilling or unable to provide care or support for the child and the whereabouts of the parent is unknown and reasonable efforts to locate him or her have been unsuccessful.

(c) The court shall make a determination as to whether reasonable efforts were made to prevent or to eliminate the need for removal of the minor from his or her home or, if the minor is removed for one of the reasons stated in paragraph (5) of subdivision (b), whether it was reasonable under the circumstances not to make any such efforts. The court shall state the facts on which the decision to remove the minor is based.

(d) The court shall make all of the findings required by subdivision (a) of Section 366 in either of the following circumstances:

(1) The minor has been taken from the custody of his or her parents or guardians and has been living in an out-of-home placement pursuant to Section 319.

(2) The minor has been living in a voluntary out-of-home placement pursuant to Section 16507.4.

SEC. 39. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b), whenever a

minor is removed from a parent's or guardian's custody, the juvenile court shall order the probation officer to provide child welfare services to the minor and the minor's parents or guardians for the purpose of facilitating reunification of the family within a maximum time period not to exceed 12 months. The court also shall make findings pursuant to subdivision (a) of Section 366. When counseling or other treatment services are ordered, the parent shall be ordered to participate in those services, unless the parent's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be achieved within the extended time period. Physical custody of the minor by the parents or guardians during the 18-month period shall not serve to interrupt the running of the period.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of the provision of Section 366.25 or 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parents is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent. The posting or publication of notices is not required in such a search.

(2) That the parent is suffering from a mental disability that is described in Section 232 of the Civil Code and that renders him or her incapable of utilizing those services.

(3) That the minor had been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the minor had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the minor has been returned to the custody of the parent or parents, guardian, or guardians from whom the minor had been taken originally, and that the minor is being removed pursuant to Section 361, due to additional physical or sexual abuse. However, this section is not applicable if the jurisdiction of the juvenile court has been dismissed prior to the additional abuse.

(4) That the parent of the minor has been convicted of causing the death of another child through abuse or neglect.

(5) That the minor was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The probation officer shall prepare a report which discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order

reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within 12 months.

When paragraph (3), (4), or (5), inclusive, of subdivision (b) is applicable, the court shall not order reunification unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and postively attached to that parent. The probation officer shall investigate the circumstances leading to the removal of the minor and advise the court whether there are circumstances which indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the minor may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the minor, the court shall order the probation officer to provide family reunification services in accordance with this subdivision. However, the time limits specified in Section 366.25 are not tolled by the parent's absence.

(e) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines those services would be detrimental to the minor. In determining detriment, the court shall consider the age of child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of crime or illness, the degree of detriment to the child if services are not offered and, for minors 10 years of age or older, the minor's attitude toward the implementation of family reunification services, and any other appropriate factors. Services may include, but shall not be limited to, all of the following:

(1) Maintaining contact between parent and child through collect phone calls.

(2) Transportation services, where appropriate.

(3) Visitation services, where appropriate.

(4) Reasonable services to extended family members or foster parents providing care for the child if the services are not

detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(f) If a court, pursuant to paragraph (2), (3), (4), or (5) of subdivision (b), does not order reunification services, it shall conduct a hearing pursuant to Section 366.25 or 366.26 within 120 days of the dispositional hearing.

(g) Whenever a court orders that a permanency planning hearing shall be held it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include current search efforts for an absent parent or parents; a review of the amount of and nature of any contact between the minor and his or her parents since the time of placement; an evaluation of the minor's medical, developmental, scholastic, mental, and emotional status; a preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent, particularly the caretaker; and an analysis of the likelihood that the minor will be adopted if parental rights are terminated. In any case involving a minor 10 years of age or older the report shall also indicate the minor's attitude toward placement and termination of parental rights.

SEC. 40. Section 364 of the Welfare and Institutions Code is amended to read:

364. (a) Every hearing in which an order is made placing a minor under the supervision of the juvenile court pursuant to Section 300 and in which the minor is not removed from the physical custody of his or her parent or guardian shall be continued to a specific future date not to exceed six months after the date of the original dispositional hearing. The continued hearing shall be placed on the appearance calendar. The court shall advise all persons present of the date of the future hearings, of their rights to be present, and to be represented by counsel.

(b) At least 10 calendar days prior to the hearing, the probation officer shall file a supplemental report with the court describing the services offered to the family and the progress made by the family in eliminating the conditions or factors requiring court supervision. The probation officer shall also make a recommendation regarding the necessity of continued supervision. A copy of this report shall be furnished to all parties at least 10 calendar days prior to the hearing.

(c) After hearing any evidence presented by the probation officer, the parent, the guardian, or the minor, the court shall determine whether continued supervision is necessary. The court shall terminate its jurisdiction unless the probation department establishes by a preponderance of evidence that the conditions still exist which would justify initial assumption of jurisdiction under Section 300, or that such conditions are likely to exist if supervision

is withdrawn. Failure of the parent or guardian to participate regularly in any court ordered treatment program shall constitute prima facie evidence that the conditions which justified initial assumption of jurisdiction still exist and that continued supervision is necessary.

(d) If the court retains jurisdiction it shall continue the matter to a specified date, not more than six months from the time of the hearing, at which point the court shall again follow the procedure specified in subdivision (c).

(e) In any case in which the court has ordered that a parent or guardian shall retain physical custody of a minor subject to supervision by a probation officer, and the probation officer subsequently receives a report of acts or circumstances which indicate that there is reasonable cause to believe that the minor is a person described in subdivision (a), (d), or (e) of Section 300, the probation officer shall commence proceedings under this chapter. If, as a result of the proceedings required, the court finds that the minor is a person described in subdivision (a), (d), or (e) of Section 300, the court shall remove the minor from the care, custody, and control of the minor's parent or guardian and shall commit the minor to the care, custody, and control of the probation officer pursuant to Section 361.5.

SEC. 41. Section 366.1 of the Welfare and Institutions Code is amended to read:

366.1. Each supplemental report required to be filed pursuant to Section 366 shall include, but not be limited to, a factual discussion of each of the following subjects:

(a) Whether the county welfare department or probation officer has considered child protective services, as defined in Chapter 5 (commencing with Section 16500) of Part 4 of Division 9, as a possible solution to the problems at hand, and has offered those services to qualified parents if appropriate under the circumstances.

(b) What plan, if any, for return of the child is recommended to the court by the county welfare department or probation officer.

(c) Whether the subject child appears to be a person who is eligible to be considered for further court action to free the child from parental custody and control.

(d) What actions, if any, have been taken by the parent to correct the problems which caused the child to be made a dependent child of the court.

SEC. 42. Section 366.2 of the Welfare and Institutions Code is amended to read:

366.2. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.

(b) Except as provided in Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the

original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued.

(c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services offered to the family, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to any such hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider any such report and recommendation prior to determining any disposition.

(e) The court shall proceed as follows at the review hearing: The court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that the return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall

also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 232 of the Civil Code may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

(f) This section shall apply only to minors made dependents of the court pursuant to subdivision (c) of Section 360 prior to January 1, 1989.

SEC. 43. Section 366.21 is added to the Welfare and Institutions Code, to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the minor being recommended by the supervising agency. The notice to the foster parent shall indicate that the foster parent may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services provided or offered to the parents to enable them to assume custody, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the recommendation is not to return the minor to a parent, the report shall specify why the return of the minor would be detrimental to the minor. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to any such hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider any such report and recommendation prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that the return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report, shall review and consider the report and recommendations of any child advocate appointed pursuant to Section 356.5, and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the minor was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the minor had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification

services previously ordered shall continue to be offered to the parent or guardian, provided that the court may modify the terms and conditions of those services. If the child is not returned to his or her parent or parents, the court shall determine whether reasonable services have been provided or offered to the parent or parents which were designed to aid the parent or parents overcome the problems which led to the initial removal. The court shall order that those services be initiated or continued.

(f) At the review hearing held 12 months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parent or guardian unless, by a preponderance of the evidence, it finds that return of the child would create a substantial risk or detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or parents which were designed to aid the parent or parents to overcome the problems which led to the initial removal and continued custody of the minor. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided. If the minor is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If a minor is not returned to the custody of a parent or guardian at the hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for another review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months or that reasonable services have not been provided to the parent or parents. The court shall inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a permanent plan shall be developed at that hearing. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of

reunification services to the parent. The court shall continue to permit the parent to visit the minor pending the hearing unless it finds that visitation would be detrimental to the minor.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include current search efforts for an absent parent or parents; a review of the amount of and nature of any contact between the minor and his or her parents since the time of placement; an evaluation of the minor's medical, developmental, scholastic, mental, and emotional status; a preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent, particularly the caretaker; and an analysis of the likelihood that the minor will be adopted if parental rights are terminated. In any case involving a minor 10 years of age or older, the report shall also indicate the minor's attitude toward placement and termination of parental rights.

(j) This section shall apply to minors made dependents of the court pursuant to subdivision (c) of Section 360 on or after January 1, 1989.

SEC. 44. Section 366.22 is added to the Welfare and Institutions Code, to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the court, at the 18-month hearing, shall order the return of the minor to the physical custody of his or her parent or guardian unless, by a preponderance of the evidence, it finds that return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing the detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall review and consider the report and recommendations of any child advocate appointed pursuant to Section 356.6 and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided. If the minor is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the minor is not returned to a parent or guardian at the 18-month hearing, the court shall develop a permanent plan. The court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the minor. However, if the court finds by clear and convincing evidence, based on the evidence

already presented to it that the minor is not adoptable and has no one willing to accept legal guardianship, the court may order that the minor remain in long-term foster care. The hearing shall be held no later than 120 days from the date of the 18-month hearing. The court shall also order termination of reunification services to the parent. The court may, if it is in the interests of the minor, continue to permit the parent to visit the minor.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include current search efforts for an absent parent or parents; a review of the amount of and nature of any contact between the minor and his or her parents since the time of placement; an evaluation of the minor's medical, developmental, scholastic, mental, and emotional status; a preliminary assessment of the eligibility and commitment of any identified prospective parent, particularly the caretaker; and an analysis of the likelihood that the minor will be adopted if parental rights are terminated. In any case involving a minor 10 years of age or older, the report shall also indicate the minor's attitude toward placement and termination of parental rights.

SEC. 45. Section 366.23 is added to the Welfare and Institutions Code, to read:

366.23. (a) Whenever a juvenile court schedules a hearing pursuant to Section 366.26 regarding a minor, it shall direct that the father and mother of the minor, if their place of residence is known or, if the place of residence of the father or mother is not known to the petitioner, then the grandparents and adult brothers, sisters, uncles, and aunts of the minor, if there are any and if their residences and relationships to the minor are known, shall be notified of the time and place of the proceedings and advised that they may appear. The notice shall also advise the person or persons of the rights and procedures set forth in Section 366.26. In all cases where a parent has relinquished his or her child for the purpose of adoption, no notice need be given to that parent. Service of the notice shall be completed at least 45 days before the date of the hearing. If the probation officer is recommending termination of parental rights, all persons entitled to receive notice shall also be notified of the recommendation at least 15 days before the scheduled hearing. Notice may be given in any of the following manners:

(1) Personal service to the party named in the notice.

(2) Delivery to a competent person who is at least 18 years of age at the party's usual place of residence or business, and thereafter mailed to the party named in the notice by first-class mail at the place where the notice was delivered.

(3) If the place of residence is outside the state, service may be made in the manner prescribed in paragraph (1) or (2), or by

certified mail, return receipt requested.

(4) If the father or mother of the minor or any person alleged to be or claiming to be the father or mother cannot, with reasonable diligence, be served as provided for in paragraph (1), (2), or (3) or if his or her place of residence is not known, the probation officer shall file an affidavit with the court at least 75 days before the date of the hearing, stating the name of the father or mother or alleged father or mother and his or her place of residence, if known, and the name of the father or mother or alleged father or mother whose place of residence is unknown to the petitioner. Unless the court has determined at the review hearing that it is not in the interest of the minor to consider the termination of parental rights at the hearing held pursuant to Section 366.26, the court shall order that the service be made by publication of a citation requiring the father or mother, or alleged father or mother, to appear at the time and place stated in the citation, and that the citation be published in a newspaper designated as most likely to give notice to the father or mother. Publication shall be made once a week for four successive weeks. In case of publication where the residence of a parent or alleged parent becomes known, notice shall immediately be served upon the parent or alleged parent by personal service or by mail addressed to the parent or alleged parent at his or her place of residence. When publication is ordered, service of a copy of the notice in the manner provided for in paragraph (1), (2), or (3) is equivalent to publication.

If the identity of one or both of the parents of the minor is unknown or if the name of either or both of his or her parents is uncertain, then that fact shall be set forth in the affidavit and the court shall order the citation to be directed to either the father or the mother, or both, of the minor, and to all persons claiming to be the father or mother of the minor naming and otherwise describing the minor.

(b) Service is deemed complete at the time the notice is personally delivered to the party named in the notice, or 10 days after the notice has been placed in the mail, or at the expiration of the time prescribed by the order for publication, whichever occurs first.

SEC. 46. Section 366.25 of the Welfare and Institutions Code is amended to read:

366.25. (a) In order to provide stable, permanent homes for children, a court shall, if the minor cannot be returned home pursuant to subdivision (e) of Section 366.2, conduct a permanency planning hearing to make a determination regarding the future status of the minor no later than 12 months after the original dispositional hearing in which the child was removed from the custody of his or her parent, parents, or guardians, and in no case later than 18 months from the time of the minor's original placement pursuant to Section 319 or Section 16507.4 and periodically, but no less frequently than once each 18 months, thereafter during the continuation of foster care. The permanency planning hearing may

be combined with the six months' review as provided for in Section 366. In the case of a minor who comes within subdivision (b) of Section 361.5 and for whom the court has found that reunification services should not be provided, a permanency planning hearing shall be held pursuant to Section 361.5.

(b) Notice of the proceeding to conduct the review shall be mailed by the probation officer to the same persons as in an original proceeding, to the minor's present custodian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons not earlier than 30 days, nor later than 15 days prior to the date the review is to be conducted.

(c) Except in cases where permanency planning is conducted pursuant to Section 361.5, the court shall first determine at the hearing whether the minor should be returned to his or her parent or guardian, pursuant to subdivision (e) of Section 366.2. If the minor is not returned to the custody of his or her parent or guardian the court shall determine whether there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months. If the court so determines it shall set another review hearing for not more than six months, which shall be a permanency planning hearing.

(d) If the court determines that the minor cannot be returned to the physical custody of his or her parent or guardian and that there is not a substantial probability that the minor will be returned within six months, the court shall develop a permanent plan for the minor. In order to enable the minor to obtain a permanent home the court shall make the following determinations and orders:

(1) If the court finds that it is likely that the minor can or will be adopted, the court shall authorize the appropriate county or state agency to proceed to free the minor from the custody and control of his or her parents or guardians pursuant to Section 232 of the Civil Code unless the court finds that any of the following conditions exist:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing this relationship.

(B) A minor 10 years of age or older objects to termination of parental rights.

(C) The minor's foster parents, including relative caretakers, are unable to adopt the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.

(2) If the court finds that it is not likely that the minor can or will be adopted or that one of the conditions in subparagraph (A), (B), or (C) of paragraph (1) applies, the court shall order the appropriate county department to initiate or facilitate the placement of the

minor in a home environment that can be reasonably expected to be stable and permanent. This may be accomplished by initiating legal guardianship proceedings or long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is in a foster home and the foster parents, including relative caretakers, are willing and capable of providing a stable and permanent environment, the minor shall not be removed from the home if the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the foster parents.

(3) (A) If the court finds that it is not likely that the minor can or will be adopted, that there is no suitable adult available to become the legal guardian of the minor, and that there are no suitable foster parents except certified homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

(B) The licensed foster family agency shall place the minor in a suitable licensed or other family home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for support of the minor shall not in and of itself create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(C) Subsequent reviews for these minors shall be conducted every six months by the court. The licensed foster family agency shall be required to submit reports for each minor in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the minor's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the minor.

(e) The proceeding for the appointment of a guardian for a minor who is a dependent child of the juvenile court shall be in the juvenile court. The court shall receive into evidence a report and recommendation concerning the proposed guardianship. The report shall include, but not be limited to, a discussion of all of the following:

(1) A social history of the proposed guardian, including screening for criminal records and prior referrals for child abuse or neglect.

(2) A social history of the minor, including an assessment of any

identified developmental, emotional, psychological, or educational needs, and the capability of the proposed guardian to meet those needs.

(3) The relationship of the minor to the proposed guardian, the duration and character of the relationship, the motivation for seeking guardianship rather than adoption, the proposed guardian's long-term commitment to provide a stable and permanent home for the minor, and a statement from the minor concerning the proposed guardianship.

(4) The plan, if any, for the natural parents for continued involvement with the minor.

(5) The proposed guardian's understanding of the legal and financial rights and responsibilities of guardianship.

The report shall be read and considered by the court prior to ruling on the petition for guardianship, and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding.

(f) Physical custody of a minor by his or her parents or guardians for insubstantial periods during the 12-month period prior to a permanency planning hearing shall not serve to interrupt the running of those periods.

(g) Notwithstanding any other provision of law, the application of any person who, as a foster parent, including relative caretakers, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the foster parent and removal from the foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(h) Subsequent permanency planning hearings need not be held if (1) the child has been freed for adoption and placed in the adoptive home identified in the previous permanency planning hearing and is awaiting finalization of the adoption or (2) the child is the ward of a guardian.

(i) This section applies to minors adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 prior to January 1, 1989.

SEC. 47. Section 366.26 is added to the Welfare and Institutions Code, to read:

366.26. (a) This section applies to minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989. The standards specified herein are the exclusive standards for conducting these hearings; Section 4600 of the Civil Code is not applicable to these proceedings.

For minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360, this section and Section 7017 of the Civil Code specify the exclusive procedures, after January 1, 1990, for permanently terminating parental rights with regard to, or establishing legal guardianship of, the minor while the minor is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all minors who are dependents of the juvenile court, the court shall review the report as specified in Section 361.5 or 366.21 and shall do one of the following:

(1) Permanently sever the parent or parents' rights and order that the child be placed for adoption.

(2) Without permanently terminating parental rights, order that a minor be placed in the legal guardianship of a person, or persons, other than the minor's parents.

(3) Order that the minor be placed in long-term foster care, subject to the regular review of the juvenile court.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) At the hearing the court shall proceed pursuant to one of the following procedures:

(1) It shall terminate parental rights if it determines by clear and convincing evidence that it is likely that the minor will be adopted. The findings pursuant to subdivision (b) of Section 361.5 that reunification services shall not be offered, or the findings pursuant to subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or pursuant to paragraph (2) of subdivision (g) of Section 366.21 or subdivision (a) of Section 366.22 that a minor cannot or should not be returned to his or her parent or guardian, are a sufficient basis for termination of parental rights unless the court finds that termination would be detrimental to the minor due to one of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing the relationship.

(B) A minor 10 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The minor is living with a relative or foster parent who is unable or unwilling to adopt the minor because of exceptional circumstances, which do not include an unwillingness to accept legal responsibility for the minor, but who is willing and capable of providing the minor with a stable and permanent environment and

the removal of the minor from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the minor.

(2) If the court finds that adoption of the minor or termination of parental rights is not in the interests of the minor, or that one of the conditions in subparagraph (A), (B), (C), or (D) of paragraph (1) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the minor or order that the minor remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the minor shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the relative caretaker or foster parents.

(3) If the court finds that the child should not be placed for adoption and that legal guardianship shall not be established and that there are no suitable foster parents except exclusive-use homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitablility of such a transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the minor in a suitable licensed or exclusive-use home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for the support of the minor shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a minor who is a dependent child of the juvenile court shall be in the juvenile court. The court shall receive into evidence a report and recommendation concerning the proposed guardianship. The report shall include, but not be limited to, a discussion of all of the following:

(1) A social history of the proposed guardian, including screening for criminal records and prior referrals for child abuse or neglect.

(2) A social history of the minor, including an assessment of any identified developmental, emotional, psychological, or educational

needs, and the capability of the proposed guardian to meet those needs.

(3) The relationship of the minor to the proposed guardian, the duration and character of the relationship, the motivation for seeking guardianship rather than adoption, the proposed guardian's long-term commitment to provide a stable and permanent home for the minor, and a statement from the minor concerning the proposed guardianship.

(4) The plan, if any, for the natural parents for continued involvement with the minor.

(5) The proposed guardian's understanding of the legal and financial rights and responsibilities of guardianship.

The report shall be read and considered by the court prior to ruling on the petition for guardianship, and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding.

(e) At the beginning of any proceeding pursuant to this section, if the minor or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) The court shall consider whether the interests of the minor require the appointment of counsel. If the court finds that the interests of the minor do require such protection, the court shall appoint counsel to represent the minor. If the court finds that the interests of the minor require the representation of counsel, counsel shall be appointed whether or not the minor is able to afford counsel. The minor shall not be present in court unless the minor so requests or the court so orders.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless such representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the minor and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the minor, in such proportions as the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(f) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(g) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(h) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the minor person, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making such an order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(i) If the court, by order or judgment declared the minor free from the custody and control of both parents, or one parent if the other no longer has custody and control, the court shall at the same time order the minor referred to a licensed county adoption agency for adoptive placement by the agency. However, no petition for adoption may be heard until the appellate rights of the natural parents have been exhausted. The licensed county adoption agency shall be responsible for the care and supervision of the minor and shall be entitled to the exclusive care and control of the minor at all times until a petition for adoption is granted.

(j) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

SEC. 48. Section 366.3 of the Welfare and Institutions Code is repealed.

SEC. 49. Section 366.3 is added to the Welfare and Institutions Code, to read:

366.3. (a) If a juvenile court orders a permanent plan of adoption or legal guardianship pursuant to Section 366.25 or 366.26, the court shall retain jurisdiction over the minor until the minor is adopted or

the legal guardianship is established. The status of the minor shall be reviewed every six months to ensure that the adoption or guardianship is completed as expeditiously as possible. When the adoption of the minor has been granted, the court shall terminate its jurisdiction over the minor. The court may continue jurisdiction following the establishment of a legal guardianship, if continued jurisdiction is in the interests of the minor. Following a termination of parental rights the parent or parents shall not be a party to, or receive notice of, any subsequent proceedings regarding the minor.

(b) If the court has dismissed jurisdiction following the establishment of a legal guardianship and the legal guardianship is subsequently revoked or otherwise terminated, the county department of social services or welfare department shall notify the juvenile court of this fact. The court may vacate its previous order dismissing jurisdiction over the minor.

Notwithstanding Section 1601 of the Probate Code, the proceedings to terminate a guardianship which has been granted pursuant to Section 366.25 or 366.26 shall be held in the juvenile court, unless the termination is due to the emancipation or adoption of the minor. If the petition to terminate guardianship is granted, the juvenile court may resume jurisdiction over the minor, and may order the county department of social services or welfare department to develop a new permanent plan, which shall be presented to the court within 60 days of the termination.

Unless the parental rights of the child's parent or parents have been terminated, they shall be notified that the guardianship has been revoked or terminated and shall be entitled to participate in the new permanency planning hearing. The court shall try to place the minor in another permanent placement. At the hearing, the parents may be considered as custodians but the minor shall not be returned to the parent or parents unless they prove, by a preponderance of the evidence, that reunification is the best alternative for the minor. The court may, if it is in the interests of the minor, order that reunification services again be provided to the parent or parents.

(c) If the minor is in a placement other than a preadoptive home or the home of a legal guardian and jurisdiction has not been dismissed, the status of the minor shall be reviewed every six months. This review may be conducted by the court or an appropriate local agency; the court shall conduct the review upon the request of the minor's parents or guardian or of the minor and shall conduct the review 18 months after the hearing held pursuant to Section 366.26 and every 18 months thereafter. The reviewing body shall inquire about the progress being made to provide a permanent home for the minor and shall determine the appropriateness of the placement, the continuing appropriateness and extent of compliance with the permanent plan for the child, the extent of compliance with the case plan, and the adequacy of services provided to the child.

Each licensed foster family agency shall submit reports for each

minor in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the minor's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the minor.

Unless their parental rights have been permanently terminated, the parent or parents of the minor are entitled to receive notice of, and participate in, those hearings. It shall be presumed that continued care is in the interests of the minor, unless the parent or parents prove, by a preponderance of the evidence, that further efforts at reunification are the best alternative for the minor. In those cases, the court may order that further reunification services be provided to the parent or parents for a period not to exceed six months.

SEC. 50. Section 390 of the Welfare and Institutions Code is amended to read:

390. A judge of the juvenile court in which a petition was filed, at any time before the minor reaches the age of 21 years, may dismiss the petition or may set aside the findings and dismiss the petition if the court finds that the interests of justice and the welfare of the minor require the dismissal, and that the parent or guardian of the minor is not in need of treatment or rehabilitation.

SEC. 51. Sections 3, 4, 6, 12, 13, 37, 40, 43, 44, 45, 47, 48, and 49 of this act shall be operative January 1, 1989.

SEC. 52. Section 4.5 of this act shall be operative January 1, 1990.

SEC. 53. Sections 20 and 21 of this act shall be operative January 1, 1989, and only upon the enactment and effectiveness on or before that date of Senate Bill 203 of the 1987–88 Regular Session or any other statute which provides funding for trial court operations, and defines "court operations" to include the services of court-appointed counsel.

SEC. 54. Section 23 of this act shall be operative only until the operative date of Sections 20 and 21 of this act and on that date is repealed.

SEC. 55. The Senate Select Committee on Children and Youth shall conduct a hearing on the implementation of this act and its effectiveness in ensuring protection for children and their families who are at risk of abuse or neglect. The hearing shall be held prior to January 1, 1991.

SEC. 56. The Legislative Analyst shall report to the Legislature on the effect of this act no later than January 1, 1992.

SEC. 57. The Health and Welfare Agency shall review the effect of this act on minors adjudged dependent children of the juvenile court, including any minors presently eligible for such adjudication who will not be eligible for adjudication after January 1, 1990. No later than January 1, 1989, the Health and Welfare Agency shall prepare recommendations for a new program to be implemented by January 1, 1990, to meet the needs of minors presently eligible for juvenile court adjudication who will not be eligible for adjudication on or after January 1, 1990, including appropriate funding sources

and service delivery systems.

SEC. 58. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1486

An act to add Chapter 13 (commencing with Section 52950) to Part 28 of the Education Code of, the Government Code, relating to science and technology.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 13 (commencing with Section 52950) is added to Part 28 of the Education Code, to read:

CHAPTER 13. SCIENCE AND TECHNOLOGY EDUCATION IMPROVEMENT PROGRAMS

Article 1. Legislative Findings and Declarations, and Statewide Goals

52950. (a) The Legislature finds and declares that improved science education in elementary and secondary schools contributes to improvements in student performance. The Legislature further finds that the California Writing Project and the California Mathematics Project are exemplary training programs which were established to improve student competence in writing and mathematics through effective in-service education and training programs for teachers in these subject areas. The Legislature recognizes that the California writing and math projects provide effective models which could be utilized in providing staff development for teachers in science.

(b) It is the intent of the Legislature that the Regents of the University of California consider establishing the California Science Project, to be administered jointly by the Regents of the University of California and the Trustees of the California State University in cooperation with the State Department of Education. The purpose of this project shall be to provide in-service education to elementary

and secondary teachers in public schools.

It is also the intent of the Legislature that projects be distributed throughout the state so that elementary and secondary school personnel located in rural, urban, and suburban areas may benefit from the in-service education opportunities. It is further the intent of the Legislature that participating school districts, colleges, and universities coordinate these projects with staff development programs and activities currently administered by the State Department of Education, including, but not limited to, teacher education and computer centers established in the same geographic area. It is further the intent of the Legislature that the scientists in the community be contacted in order to determine their interest in participating in the projects.

52951. The Legislature finds and declares as follows:

(a) California is a national and international leader in scientific and technological development. California employs 45 percent of the nation's computer specialists and 21 percent of its engineers. The economic growth of California and the nation will depend in a large part upon its ability to remain competitive with other states and with foreign nations. Maintaining our preeminence will be dependent upon persons who have a solid foundation in science.

(b) There is growing concern about science illiteracy within the state's adult population. A National Science Foundation Report shows that less than half of all high school juniors and one-third of high school seniors take a science course. As a result, American high school students receive only one-half to one-third the exposure to science as their counterparts in other developed countries, such as Japan, West Germany, East Germany, and the Soviet Union.

(c) California has an insufficient number of teachers trained in science and mathematics. There were 1,400 positions filled by teachers not trained in science or mathematics in 1985, and there is a projected shortage of 2,000 to 2,500 positions being filled by teachers not trained in science and mathematics in 1986.

(d) Due to the higher entry level salaries provided by the private sector for college graduates trained in science and mathematics, the growing shortage of qualified science and mathematics teachers will continue.

(e) There are exemplary programs in California that upgrade the training of science teachers and train science teachers.

(f) Complex problems must be overcome if science education is to advance students to a level of competence appropriate for an increasingly technological society. The decline in science achievement of students in schools, colleges, and universities in California affects all students, but is particularly acute for women students, minority students, and students from lower income groups. The problems related to this situation include, but are not limited to, all of the following:

(1) A lack of understanding of the fundamental principles of science and their implications for everyday life.

(2) Inadequate mastery of knowledge of science by students and many teachers, resulting in poor comprehension of college coursework and high attrition rates for those students who have these deficiencies.

(3) A tendency among girls and young women to avoid taking science courses in high school, which limits their choice of educational options, and screens them out of future careers in science, engineering, and other science-related professions.

(4) Lack of science instruction at the elementary school level to enable all students, including female, minority, and low-income students, to develop skills and attitudes which will enable and encourage them to pursue science successfully in later grades.

(5) A critical shortage of qualified teachers, with significant numbers of science teachers leaving the classroom for nonteaching jobs, and few students training to take their places.

(6) Lack of teachers' training in the use of laboratory equipment and procedures, as well as the lack of laboratory-based facilities in schools, thereby reducing the opportunity for students to receive "hands-on" science instruction.

(7) Staffing of more than 25 percent of science classes by teachers not certified to teach science.

(g) While some colleges and universities are improving courses in the teaching of science, this will not fully address the problem, since the number of new teacher candidates is relatively small. Therefore, the Legislature recognizes the need to assist existing teachers in gaining the knowledge necessary to improve science education for all students.

(h) The science problem is shared by all segments and levels of California education, and the problem can best be addressed by cooperatively planned and funded efforts.

(i) Appropriate models for cooperative, intersegmental approaches to solving the science problem should address the findings of state and national science associations, including, but not limited to, the National Science Foundation and National Association of Science Teachers. The comprehensive approach will give special attention to providing in-service training of classroom teachers, defining more clearly those standards of science knowledge required at each school level, and developing curricula and instructional strategies to meet these standards. Whenever possible, existing resources shall be pooled to support this comprehensive program. Models for the program may include the California Writing Project; the California Mathematics Project; the EQUALS Project; the MESA Project; the University of California at Irvine's Summer Science Institute; the Lawrence Hall of Science's Programs for Schools; and the Lawrence Livermore Laboratory's Science Education Center, Summer Science Institute, and Lesson In-service Science Workshop for Elementary and Middle School Teachers.

Article 2. California Science Project

52955. With funds appropriated therefor, the University of California, upon approval by the regents, shall establish a cooperative endeavor entitled the California Science Project, to be administered jointly with the Trustees of the California State University in cooperation with the State Department of Education. Science projects shall be distributed throughout the state so that public elementary, secondary, and postsecondary school personnel located in rural, urban, and suburban areas may avail themselves of science education. "Project," as used in this chapter, means the California Science Project.

52956. The project shall establish an advisory committee to recommend proposals to be funded and criteria for project evaluation. The advisory committee shall evaluate the progress of the project and recommend appropriate changes.

52957. The advisory committee shall include:

(a) One representative selected by the California Postsecondary Education Commission.

(b) Two representatives selected by the President of the University of California, one of whom has the responsibility for teaching science.

(c) Two representatives selected by the Chancellor of the California State University, one of whom has the responsibility for teaching science.

(d) Two representatives selected by the Chancellor of the California Community Colleges, one of whom has the responsibility for teaching science.

(e) Four public school classroom teachers of science, and one additional representative, selected by the Superintendent of Public Instruction.

(f) One teacher of science plus a representative selected by the Association of Independent California Colleges and Universities.

(g) One representative of business and industry selected by the Industry Education Council of California.

(h) One representative of California labor, selected by the California branch of the American Federation of Labor-Congress of Industrial Organizations (AFL-CIO).

(i) One representative of the National Science Supervisors Association.

(j) One representative of a national laboratory, selected by the Regents of the University of California.

52958. The project shall establish criteria for approval of science projects. These criteria shall include, but not be limited to, the extent to which:

(a) The science project addresses the need to integrate existing standards of science competence in the curriculum at each school level.

(b) The science project establishes clear and informed

approaches to the needs of women and minorities for continuing with those science courses required to enhance future career options.

(c) The science project is designed to expand the base of scientific knowledge and the repertoire of teaching techniques of participating teachers and their colleagues in science teaching, and the scientific knowledge of students attending the classes they attend.

(d) Neighboring institutions have worked collaboratively to develop a proposal which clearly indicates their intention to continue to work cooperatively through the duration of the project.

(e) Participating districts, colleges, universities, businesses, federal laboratories, and individual scientists intend to provide financial and personnel support for the science project.

(f) Selection of participating teachers will create school-based or district-based teams of leaders for improvement of science education at all grade levels.

(g) Participating districts, colleges, universities, and businesses intend to use the expertise of participating teachers for leadership among their teaching colleagues.

(h) The science project provides continuing science education to teachers in the public schools.

(i) Scientists in both the public and private sector are recruited to enhance the science project by providing facilities or personnel support.

52959. Proposals for science projects which meet the criteria specified in Section 52958 shall be submitted to the advisory committee for review and recommendation. The advisory committee shall establish procedures to assure that individuals reviewing a specific proposal do not submit the proposals for a science project. The Regents of the University of California shall provide funding to projects which, as a group, provide a comprehensive approach to solving the problems identified in Section 52951.

Agencies eligible to submit a proposal for a project shall include, but are not limited to, school districts, county superintendents of schools, colleges, universities, and national laboratories.

52960. The policy board of each teacher education and computer center established pursuant to Section 44680.09 shall have the opportunity to review and comment on any initial application submitted by a science project applicant located within the geographic region of the center.

52961. The Educational Technology Committee and the State Board of Education shall give careful consideration to funding proposals for classroom application utilizing computers, videos, and other educational technology which would enhance the project.

52962. The advisory committee shall develop criteria for evaluating each project. The criteria shall include at least the following elements:

(a) The change in science knowledge and pedagogical techniques for teaching science of participating teachers served by the local project.

(b) Participants' attitudes towards the effectiveness of the local project.

(c) Changes in classroom behavior and perceived in-class teaching effectiveness.

(d) Participants' contribution to ongoing teacher retraining and in-service programs.

(e) Any change in the students' knowledge of science due to their teacher's participation in the science project.

52963. The California Postsecondary Education Commission shall provide the following information to the Governor, Superintendent of Public Instruction, and the Legislature:

(a) A summary of the local project evaluations and an assessment of the extent of program implementation and progress toward achieving project goals. The summary shall be submitted on or before January 1, 1989.

(b) An evaluation of the project's effectiveness and recommendations for legislative action regarding the project. The evaluation shall be submitted on or before January 1, 1991.

52964. (a) The executive director of the project and the advisory committee shall secure the maximum amount of funding available from the federal government, universities and colleges, school districts, county boards of education, the State Department of Education, and the private sector. The funding may be provided through in-kind contributions.

(b) To the extent possible, training provided to teachers shall be eligible for credit through the University of California or the California State University.

52965. Articles 2 (commencing with Section 52952) and 3 (commencing with Section 52954) shall not apply to the University of California unless the regents, by resolution, make those provisions applicable.

SEC. 2. It is the intent of the Legislature that funding for purposes of the California Science Project be provided in the annual Budget Act and the provisions of Article 2 (commencing with Section 52955) of Chapter 13 of Part 28 of the Education Code, which require a General Fund appropriation shall not be operative until the time a future statute appropriates funding for the California Science Project.

CHAPTER 1487

An act to amend Sections 1596.792 and 1596.807 of the Health and Safety Code, relating to child day care.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 1596.792 of the Health and Safety Code is amended to read:

1596.792. This chapter and Chapters 3.5 (commencing with Section 1596.90) and 3.6 (commencing with Section 1597.30) do not apply to any of the following:

(a) Any health facilities, as defined by Section 1250.

(b) Any clinic, as defined by Section 1202.

(c) Any community care facility, as defined by Section 1502.

(d) Any family day care home providing care for the children of only one family in addition to the operator's own children.

(e) Any cooperative arrangement between parents for the care of their children where no payment is involved and the arrangement meets all of the following conditions:

(1) In a cooperative arrangement, parents shall combine their efforts so that each parent, or set of parents, rotates as the responsible care-giver with respect to all the children in the cooperative.

(2) Any person caring for children shall be a parent, legal guardian, stepparent, grandparent, aunt, uncle, or adult sibling of at least one of the children in the cooperative.

(3) There can be no payment of money or receipt of in-kind income in exchange for the provision of care. This does not prohibit in-kind contributions of snacks, games, toys, blankets for napping, pillows and other materials parents deem appropriate for their children. It is not the intent of this paragraph to prohibit payment for outside activities, the amount of which may not exceed the actual cost of the activity.

(4) Care may only be provided in the home of a parent, legal guardian, stepparent, grandparent, aunt, uncle, or adult sibling of at least one of the children in the cooperative.

(5) No more than 12 children are receiving care in the same home at the same time.

(f) Any arrangement for the receiving and care of children by a relative.

(g) Any public recreation program. "Public recreation program" means a program operated by the state, city, county, special district, school district, community college district, chartered city, or chartered city and county which meets either of the following criteria:

(1) The program is provided for children over the age of four

years and nine months and is in operation for either of the following periods:

(A) For under 13 hours per week.

(B) For more than 12 hours per week and is for 12 weeks or less per year in duration.

(2) The program is provided to children under the age of four years and nine months with sessions which run 12 hours per week or less and are 12 weeks or less in duration.

(h) Extended day care programs operated by public or private schools.

SEC. 2. Section 1596.807 of the Health and Safety Code is amended to read:

1596.807. The State Department of Social Services, shall allow an extended day care program, whether or not exempt from licensure pursuant to subdivision (h) of Section 1596.792, to serve additional children at that school site, so long as they are four years and nine months of age or older and the number of additional children, including dependent children living within the same household as a child attending that school, does not exceed 15 percent of the total enrollment in the extended day care program. In no case shall the enrollment of the extended day care program exceed the enrollment during the regular schoolday.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1488

An act to amend Section 11772 and 11987.5 of, to add a chapter heading immediately preceding Section 11750 of, and to add and repeal Chapter 3 (commencing with Section 11758.10) and Chapter 4 (commencing with Section 11759) of Part 1 of Division 10.5 of, the Health and Safety Code, relating to alcohol and drug programs, and making an appropriation therefor.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

I am deleting the $130,000 appropriation contained in Section 6 of Senate Bill No 1528

While I agree with the concept of funding this worthy drug prevention effort, it is inappropriate for the Legislature to mandate specific expenditures of discretionary funds. The Department of Alcohol and Drug Programs has existing authority to allocate those funds.

Therefore, I am asking the Department to fund this program out of existing resources

With this deletion, I approve Senate Bill No. 1528.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. A chapter heading is added immediately preceding Section 11750 of the Health and Safety Code, to read:

CHAPTER 1. GENERAL PROVISIONS

SEC. 2. Chapter 3 (commencing with Section 11758.10) is added to Part 1 of Division 10.5 of the Health and Safety Code, to read:

CHAPTER 3. NEGOTIATED NET AMOUNT CONTRACTS PILOT PROJECT

11758.10. (a) Notwithstanding any other provision of law, the department shall conduct a pilot project in accordance with this chapter with any or all of the following counties requesting to participate in the pilot project: Butte County, Merced County, and Stanislaus County, for fiscal years 1988–89 to 1990–91, inclusive; and Fresno County, Riverside County, San Joaquin County, and Tulare County, for fiscal years 1989–90 and 1990–91.

(b) The department shall report by January 1, 1991, to the chairman of the Senate Health and Human Services Committee, the chairman of the Assembly Health Committee, and the chairman of the Assembly Human Services Committee as to whether the use of negotiated net amount contracts under this pilot project result in improved levels of efficiency, local discretion and flexibility, reduced local administrative overhead and costs, and increased program funds for services, as well as maintenance of quality and access within the counties requesting to participate in the pilot project.

11758.11. (a) The department shall negotiate net amount contracts with a participating county in lieu of any grant, reporting, or reimbursement procedure for the cost of services specified in the county alcohol program plan or the county drug program plan, or both, under this division.

(b) An allocation of funds for the purpose of establishing net negotiated amount contracts shall be made by the department to each pilot project county in accordance with Section 11814 for county alcohol programs, and Section 11983 for county drug programs.

11758.12. (a) A negotiated net amount, for the purposes of this chapter, shall be determined by calculating the total budget for services less the amount of projected revenue. These net amounts for alcohol or drug services, or both, shall be negotiated for each year of the pilot project between the participating county and the department and shall be disbursed to participating counties on a monthly basis.

(b) No contracts shall become final until approved by both the participating county and the State Department of Alcohol and Drug

Programs. If approval is received after the commencement date of the contract, the approval shall be retroactive to the commencement date. Should a contract not be approved by the department and the county within 90 days of issuance of the final allocation to the county by the department, the county shall be compensated for work performed upon submission by the county of an alcohol program plan or drug program plan or both in conformance with existing requirements for submission of the plan.

(c) Once the negotiated net amount is approved by the department, all participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9), shall be bound to that amount as the cost of providing alcohol or drug services, or both, as described in the contract. Where the State Department of Health Services promulgates regulations for determining reimbursement of county drug program plan services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of these services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries.

(d) Participating counties shall report to the department any information required by the department in accordance with existing procedures established by the department.

(e) Absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a county's expenditure or retention of funds received pursuant to this article.

11758.13. Provisions of the net amount contract shall meet all of the following criteria:

(a) Assurance of an adequate quality and quantity of services.

(b) Provision for access to services by persons residing within the contracting county.

(c) Access by the department to financial and service records for the purpose of verifying conformance to provisions of the contract and the establishment of data necessary for subsequent contract negotiation.

(d) Counties that propose to negotiate net amount contracts with the State Department of Alcohol and Drug Programs in lieu of the drug or alcohol annual plan shall inform the Drug and Alcohol Advisory Board of its intentions as follows:

(1) Prior to opening of negotiations, the local program administrator shall submit to the advisory board an outline of issues to be negotiated and the intended agreement on each issue.

(2) At each regular meeting of the advisory board during the period of negotiations, the local program administrator shall inform the advisory board of progress on each issue and shall request the advisory board's advice on how to further proceed on the negotiations.

(e) Assurance that all funds paid out by the state under this chapter shall be used exclusively by the participating county for the

purposes for which it was paid out.

(f) The participating county shall bear the financial risk in providing any alcohol or drug services, or both, to the population described and enumerated in the approved contract within the net amount.

(g) Negotiated net amount contracts shall not preclude the county from subcontracting to purchase all or part of the delivery of alcohol or drug services, or both, from noncounty providers.

(h) Funds for negotiated net amount contracts in those counties with a population under 200,000 may be adjusted between alcohol programs and drug programs as negotiated by the State Department of Alcohol and Drug Programs and the county in their contracts.

(i) Each county which participates as part of the negotiated net contracts process between the county and the State Department of Alcohol and Drug Programs shall adhere to Section 11840 requiring matching funds by the county for programs and services under this section.

11758.14. Negotiated net amount contracts under this chapter shall be exempt from the requirements contained in the Public Contract Code and the state administrative manual, and shall be exempt from approval by the Department of General Services.

11758.15. This chapter shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Chapter 4 (commencing with Section 11759) is added to Part 1 of Division 10.5 of the Health and Safety Code, to read:

CHAPTER 4. SKILLS FOR ADOLESCENCE PROGRAM

11759. The State Department of Alcohol and Drug Programs shall provide funding to the Whittier Host Lions Club to conduct a three-year drug prevention pilot program, to be known as the Skills for Adolescence Program, or the "Quest" program. The program may, with the consent of the school district, be implemented in all fifth, sixth, and seventh grade classes in both the Whittier City School District and the East Whittier School District. The program shall train teachers in drug prevention education and shall provide instructional materials to students on drug prevention.

11759.1. There is hereby created a six-member commission to evaluate the pilot project under this chapter, two of whom shall be appointed by the Whittier Host Lions Club, two of whom shall be appointed by the City Council of Whittier, one of whom shall be appointed by the Whittier City School District, and one of whom shall be appointed by the East Whittier School District. The commission shall, at the end of the three-year pilot project, submit its evaluation report to the department.

11759.2. This chapter shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute,

which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 11772 of the Health and Safety Code is amended to read:

11772. (a) The department may enter into contracts with public or private agencies or make grants necessary or incidental to the performance of its duties and the execution of its powers, including contracts with public or private agencies and individuals, to pay them in advance or reimburse them for services provided to problem drinkers and their families and communities. The Legislature finds and declares that many of the activities required of the department which are necessary to carry out its duties under this part are unique to alcohol services and programs. Therefore, the Legislature directs the department to contract with public or private agencies or individuals to perform its duties whenever that expertise is available and appropriate to utilize.

(b) Notwithstanding any other provision of this part, the department may not contract directly for the provision of alcohol services except as follows:

(1) To provide referral and monitoring services for recipients of Supplemental Security Income in those counties that choose not to provide these services.

(2) For demonstration programs of limited duration and scope which, wherever possible, shall be administered through the counties and which are specifically authorized and funded by the Budget Act or other statutes.

(3) For pilot projects under Chapter 3 (commencing with Section 11758.10).

(4) To provide supportive services, such as technical assistance, on a statewide basis, or management and evaluation studies to help assure more effective implementation of this part.

(c) The Legislature strongly encourages all counties to apply for funds under this part because of the seriousness of alcohol problems in California and the necessity for affirmative governmental involvement to help alleviate alcohol problems. However, the Legislature has chosen not to mandate that counties provide those services and programs. In the absence of local community control of the services and programs, the state shall not intervene to operate directly or through contract services and programs which the elected county board of supervisors has chosen not to provide to its constituents.

SEC. 5. Section 11987.5 of the Health and Safety Code is amended to read:

11987.5. (a) Except as provided in Chapter 3 (commencing with Section 11758.10), the cost of services specified in the county drug program plan shall be actual cost as determined with standard accounting practices or a negotiated rate. Negotiated rate is a specific and fixed dollar rate for a specified unit of service provided. Negotiated rate may be used as the cost of services only between the

county and private provider. The negotiated rate shall be approved by the county prior to commencing services for reimbursement and the rate shall be based upon the projected cost of providing the services and projected revenues realized as a result of providing the services. The provider shall make available to the county the prior year's actual costs of providing the services and actual revenues where the information is available.

(b) Once the negotiated rate has been approved by the county, all participating governmental funding sources, except the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code), shall be bound to that rate as the cost of providing all or part of the total county drug program as described in the county drug program plan for each fiscal year to the extent that the governmental funding sources participate in funding the county drug program. Where the State Department of Health Services adopts regulations for determining reimbursement of drug program services formerly allowable under the Short-Doyle program and reimbursed under the Medi-Cal Act, those regulations shall be controlling only as to the rates for reimbursement of drug program services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this section shall report to the State Department of Alcohol and Drug Programs and the county any information required by the State Department of Alcohol and Drug Programs in accordance with the procedures established by the Director of the State Department of Alcohol and Drug Programs.

(c) The Legislature recognizes that drug abuse services differ from mental health services provided through the State Department of Mental Health and therefore should not necessarily be bound by rate determination methodology used for reimbursement of those services formerly provided under the Short-Doyle program and reimbursed under the Medi-Cal Act. The State Department of Alcohol and Drug Programs and the State Department of Health Services shall, pursuant to Section 14021.5 of the Welfare and Institutions Code, develop a ratesetting methodology suitable for drug services reimbursed under the Medi-Cal program using an all-inclusive rate encompassing the costs of reimbursable service functions provided by each authorized modality.

(d) The department may negotiate net amount contracts between counties and the department in lieu of the annual county plan and budgets. Provisions of this contract shall be in accordance with the requirements in Section 11983.2.

SEC. 6. There is hereby appropriated the sum of one hundred thirty thousand dollars ($130,000) from the Governor's discretionary funds received by the State Department of Alcohol and Drug Programs under the federal Drug Free Schools and Communities Act of 1986 (Public Law 99-570), to the State Department of Alcohol and Drug Programs for implementation of Chapter 4 (commencing with Section 11759) of Part 1 of Division 10.5 of the Health and Safety

Code, as contained in Section 3 of this act. Funds appropriated pursuant to this section shall be allocated to the Whittier Host Lions Club for expenditure as follows:

(a) One hundred thousand dollars ($100,000) to be used for startup costs. Startup costs shall include the cost of training 133 teachers and purchasing 3,990 textbooks.

(b) Fifteen thousand dollars ($15,000) per year to be used for program maintenance costs during the second and third years of the program. Maintenance costs shall include training new teachers and purchasing new textbooks.

(c) No funds appropriated pursuant to this section shall be used for staff or administrative purposes.

CHAPTER 1489

An act to add and repeal Section 727.5 of the Welfare and Institutions Code, relating to juvenile court law, and making an appropriation therefor.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

I am deleting the $150,000 appropriation and the intent language contained in Section 3 of Senate Bill No. 1582.

This bill would authorize the establishment of a nonresidential treatment program with a marine environment component for juvenile offenders in Monterey County on a 2-year pilot basis. This bill would appropriate $150,000 from the General Fund to the Department of Youth Authority for allocation to Monterey County for this purpose.

The demands placed on budget resources require all of us to set priorities. The budget enacted in July, 1987 appropriated nearly $41 billion in state funds. This amount is more than adequate to provide the necessary essential services provided for by State Government. It is not necessary to put additional pressure on taxpayer funds for programs that fall beyond the priorities currently provided.

Thus, after reviewing this legislation, I have concluded that its merits do not sufficiently outweigh the need this year for funding top priority programs and continuing a prudent reserve for economic uncertainties.

I would, however, consider funding the provisions of this bill during the budget process for Fiscal Year 1988–89. It is appropriate to review the relative merits of this program in comparison to all other funding projects. The budget process enables us to weigh all demands on the state's revenues and direct our resources to programs, either new or existing, that have the most merit.

With this deletion, I approve Senate Bill No. 1582.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that the current process for funding the costs of juvenile court wards in 24-hour residential placement discourages the development of local placement alternatives at the county level. In Monterey County alone the state contribution of 45 percent for the AFDC costs of residential placement amounts to at least three hundred forty thousand dollars ($340,000) annually, for 30 wards, over a full 12-month period. The two-year program authorized by this act, although funded in

advance, will afford savings far in excess of those amounts for that period.

SEC. 2. Section 727.5 is added to the Welfare and Institutions Code, to read:

727.5. (a) It is the intent of the Legislature in authorizing the pilot program authorized by this section to promote the use of cost-effective local alternatives to out-of-home placement, with emphasis on education, supervision, family involvement, skills development, accountability for behavior, restitution to victims of offenses, and productive involvement in the community. It is not its intent to promote programs which emphasize endurance of physical hardship as a rehabilitative approach.

(b) The Department of the Youth Authority shall, if Monterey County consents thereto, allocate funds to Monterey County for establishment of an environmentally based, nonresidential treatment program for persons declared wards of the juvenile court pursuant to Section 602 who have not been removed from parental custody or control and who, but for the existence of that program, would have been placed in a 24-hour residential program. Monterey County may establish, or may contract with a private agency for the provision of, the program. The program shall include, but not be limited to, a marine oriented component. The county may enter into an agreement with Santa Cruz County to provide for the joint participation of juvenile court wards from that county, in such numbers as the counties may agree.

(c) The Department of the Youth Authority shall report to the Legislature no later than September 1, 1989, as to the cost effectiveness of the placements made by the program authorized by this section as opposed to the costs associated with removal of similar wards from the physical custody of their parents or guardians and placement in a community care facility. The project shall be deemed to be successful if it can be shown that participating minors meet all of the following criteria: (1) 70 percent of the minors referred to the program successfully complete the program; (2) 50 percent of the minors who complete the program advance an average of two academic grade levels; and (3) minors who successfully complete the program will, collectively, experience a 30 percent reduction in law enforcement contacts within one year of the termination of their involvement with the program.

(d) This section shall be operative only until January 1, 1990, and as of that date is repealed unless a later enacted statute operative on or before that date extends or deletes that date.

SEC. 3. (a) The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the General Fund to the Department of the Youth Authority for allocation to Monterey County in the 1987–88 fiscal year for the purposes of this act.

(b) The Legislature intends that three hundred thousand dollars ($300,000) shall be appropriated in the 1988–89 Budget Act and that one hundred fifty thousand dollars ($150,000) shall be appropriated

in the 1989–90 Budget Act for continuation of the program established by this act.

(c) The Legislature intends that the costs of this program, following an allowance in 1987–88 for startup, shall be more than offset by savings in residential placement costs.

CHAPTER 1490

An act making an appropriation for the payment of judgments and settlement claims against the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987.]

I am reducing the General Fund appropriation contained in Section 1(c) of Assembly Bill No. 432 from $3,583,978.86 to $3,202,471.37 by removing the attorney fees claim for Public Advocates, Inc This claim should be paid from the Agriculture Fund rather than the General Fund.

With this reduction, I approve Assembly Bill No. 432

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The sum of three million eight hundred sixty-nine thousand five hundred eight dollars and thirteen cents ($3,869,508.13) is hereby appropriated to the Secretary of the State Board of Control for the payment of judgments and settlement claims accepted by the State Board of Control.

These funds shall be appropriated in accordance with the following schedule:

(a) Twenty-five thousand four hundred eighty-seven dollars and fifty cents ($25,487.50) from the Federal Trust Fund.

(b) Fifty-four thousand two hundred fifty-two dollars and eighty-two cents ($54,252.82) from the Board of Osteopathic Examiners Contingent Fund.

(c) Three million five hundred eighty-three thousand nine hundred seventy-eight dollars and eighty-six cents ($3,583,978.86) from the General Fund.

(d) Five thousand seven dollars and forty-five cents ($5,007.45) from the Hazardous Substance Clean-Up Bond Fund.

(e) Seven thousand two hundred sixty-three dollars ($7,263) from the Restitution Fund.

(f) One hundred ninety-three thousand five hundred eighteen dollars and fifty cents ($193,518.50) from the Transportation Fund in the Motor Vehicle Account.

SEC. 2. Funds appropriated by this act for payment of attorney's fees pursuant to Section 1021.5 of the Code of Civil Procedure shall be expended only in accordance with the provisions of Items 9810-001-001, 9810-001-494, and 9810-001-988 of Section 2.00 of the

Budget Act of 1987.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to pay judgments and settlement claims against the state and end hardship to claimants as quickly as possible, it is necessary for this act to take effect immediately.

CHAPTER 1491

An act to add Article 11 (commencing with Section 32400) to Chapter 3 of Part 19 of the Education Code, relating to immigration, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

I am deleting $1,289,000 of the $2,789,000 appropriation contained in Section 13 of Senate Bill 1583. Of this amount, I am reducing $1,000,000 from the allocation for legalization services and $289,000 from the allocation for technical assistance

This bill would require the Superintendent of Public Instruction to develop a test to measure the English and citizenship proficiency of eligible aliens under the Immigration Reform and Control Act (IRCA). In addition, the bill allows the Health and Welfare Agency to contract with various nonprofit organizations to assist aliens applying for residency under IRCA

I fully support aliens becoming lawful residents of California Information from INS suggests, however, that only a small percent of those eligible have been able to file for residency through nonprofit organizations I believe the $1 5 million approved will allow these community organizations to provide help to aliens who might not otherwise take advantage of the Amnesty Program.

With this deletion, I approve Senate Bill No 1583

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Article 11 (commencing with Section 32400) is added to Chapter 3 of Part 19 of the Education Code, to read:

Article 11. Educational Services and the Federal Immigration Reform and Control Act of 1986

32400. (a) The Legislature finds that as many as one million seven hundred thousand illegal aliens could be granted amnesty and would seek permanent residency in California under the provisions of the federal Immigration Reform and Control Act of 1986 (Public Law 99-603). Under the act, eligible aliens would be required to demonstrate an understanding of ordinary English and a knowledge and understanding of the history and government of the United States.

(b) Further, it is the intent of the Legislature to establish a state

test that may be used by eligible aliens to attest to their understanding of English and understanding of the history and government of the United States to meet the requirements of Section 312 of the Immigration and Nationality Act (8 U.S.C. Sec. 1423) and the federal Immigration Reform and Control Act of 1986 (Public Law 99-603).

32401. (a) The Superintendent of Public Instruction, in consultation with the Chancellor of the California Community Colleges, shall develop a test or adopt an existing test, subject to the approval of the United States Attorney General pursuant to the federal Immigration Reform and Control Act of 1986 (Public Law 99-603), to measure whether an eligible alien has a minimal understanding of ordinary English and a knowledge and understanding of the history and government of the United States as required under Section 312 of the Immigration and Nationality Act (8 U.S.C. Sec. 1423).

(b) The Governor, the Superintendent of Public Instruction, the Chancellor of the California Community Colleges, the President pro Tempore of the Senate, and the Speaker of the Assembly shall petition the Director of the Immigration and Naturalization Service and the United States Attorney General for approval to use the test referred to in subdivision (a) as one means by which an eligible immigrant may satisfy the requirements under the federal Immigration Reform and Control Act of 1986 (Public Law 99-603).

(c) The Superintendent of Public Instruction shall distribute this test to school districts, county offices of education, and community colleges, upon their request for purposes of administration, to eligible immigrants granted legal status pursuant to Section 245A of the Immigration and Nationality Act, as amended by the Federal Immigration Reform and Control Act of 1986 (Public Law 99-603). Any school district, county office of education, or any other eligible agency which receives federal legalization impact-assistance funds to provide educational services may administer the test for purposes of determining the need of an eligible immigrant applying for legal status for appropriate educational services, and of allowing an eligible immigrant to demonstrate an understanding of ordinary English and a knowledge and understanding of the history and government of the United States. Test results shall be confidential and may not be released without the written consent of the eligible immigrant for any purpose that is not directly related to the provision of educational services. Upon request by an eligible immigrant applying for legal status, test results may be transmitted to the Immigration and Naturalization Service. School districts, county offices of education community colleges, and any other eligible agencies that receive federal funds for this purpose shall administer the test using appropriate test monitor and control procedures and provide for necessary test security measures.

SEC. 2. It is the intent of the Legislature that Section 32401 of the Education Code be funded pursuant to federal funds provided by the

State Legalization Impact-Assistance Grants of the Federal Immigration Reform and Control Act of 1986 (Public Law 99-603).

SEC. 3. The Legislature finds and declares as follows:

(a) The Immigration Reform and Control Act of 1986 (P.L. 99-603) establishes a legalization program for certain immigrants without legal residency status to adjust to lawful temporary resident status and subsequently to permanent resident status.

(b) The success of the legalization program is based on the ability of qualified designated entities of the Immigration and Naturalization Service and other nonprofit community-based immigrant service organizations to perform prescreening and application assistance for immigrants eligible for legalization.

(c) The service capacity of these organizations is estimated to be less than half of what is needed to serve the estimated 1.6 million potentially eligible persons in the state, and many organizations are experiencing an unmanageable increase in clients requesting legalization assistance. These circumstances have led to a backlog in application processing.

(d) Most immigrants eligible for legalization must apply by May 4, 1988, or lose the opportunity to adjust to legal status and thereby lose authorization to continue in their current employment or residency, irrespective of their having lived and worked here for five years or more.

(e) The reduction of the immigrant labor force will impact negatively numerous industries that rely on this workforce and depend upon the legalization program to assure that workers have an opportunity to remain and work in California.

(f) The State of California will not be able to utilize State Legalization Impact-Assistance Grant monies for reimbursement of services to persons who are unable to legalize within the one-year time frame.

(g) It is in the best interest of the people of the State of California to establish a legalization assistance grant program for the purpose of increasing the number of undocumented immigrants adjusting to legal residency pursuant to the Immigration Reform and Control Act of 1986.

SEC. 4. (a) The Secretary of the Health and Welfare Agency may contract with legalization service providers and legalization support centers to increase the number of legalization applications which are submitted to the Immigration and Naturalization Service in this state.

(b) For the purposes of this section, the following definitions shall apply:

(1) "Legalization service provider" means a nonprofit incorporated organization which has demonstrated effectiveness in providing assistance to applicants for adjustment of status under the Immigration Reform and Control Act of 1986.

(2) "Legalization support center" means a nonprofit incorporated organization which has experience in providing

technical assistance in the field of immigration of law or program management, or both, and which is currently providing these services to legalization service providers. These organizations may include "qualified support centers," as defined in Section 6213 of the Business and Professions Code.

(3) "Pre-1982 legalization applicant" means a person applying for temporary residency status under Section 201 of the Immigration Reform and Control of 1986 (Title 8, Section 1255(a) of the United States Code).

(4) "Special Agricultural Worker" means a person applying for temporary residency status under Section 201A of the Immigration Reform and Control Act of 1986 (Title 8, Section 1161 of the United States Code).

SEC. 5. Eligible organizations shall provide evidence that they are tax-exempt organizations incorporated under Title 26, Section 501(c)(3), (4), or (5) of the United States Code and which may include social services agencies, churches, immigrant legal services organizations, and other service organizations.

SEC. 6. Legalization service providers which qualify for funding under this act shall not charge fees that on the average exceed by one hundred dollars ($100) the limits of the Immigration and Naturalization Service for qualified designated entities, and shall have one or more of the following:

(a) Status as a qualified designated entity of the Immigration and Naturalization Service.

(b) An immigration attorney or a Board of Immigration Appeals accredited representative on staff, and have demonstrated experience in processing legalization applications in consultation with immigration attorneys, or accredited representatives, or both, on a regular basis.

SEC. 7. Legalization services may include all of the following:

(a) Outreach, screening, orientation, and counseling regarding the legalization process.

(b) Assistance in securing and assembling required documentation.

(c) Preparation of Immigration and Naturalization Service forms, including translation of documents, photocopying, notarization, fingerprinting, and photographs if provided by the agency.

(d) Referral assistance in securing services necessary to the completion of the application process, such as medical examinations, fingerprinting, or photographs.

(e) Final review of completed applications and submission to the Immigration and Naturalization Service.

SEC. 8. Technical Assistance services may include all of the following:

(a) Materials, advice, and training regarding legal issues and expertise necessary for proper processing and review of applications.

(b) Materials, advice, and training in the use of management information systems designed to accelerate the application process.

(c) Assistance and training in the establishment, restructuring, and streamlining of administrative and program procedures, such as screening and documentation retrieval.

(d) Assistance in the opening of new sites for existing legalization programs.

SEC. 9. No technical assistance funds shall be allocated by the agency for the purpose of providing direct legal services to applicants for temporary residency under the Immigration Reform and Control Act of 1986 (Public Law 99-603).

SEC. 10. (a) Applicant organizations shall provide evidence that they are nonprofit tax-exempt organizations operated for charitable or public purposes.

(b) By December 15, 1987, applicants for funding as legalization service providers under this act shall submit to the Health and Welfare Agency their proposals and requests for funds to increase their total volume of legalization applications. The proposal shall discuss the basis for the proposal and provide supporting documentation demonstrating the additional service capacity that would be created. Specifically, each application shall contain:

(1) A description of the need in the local community for increased services, including the impact on the locality and access to services.

(2) A history of program participation to include the total number of applications already submitted by the organization, by county, per month since May 5, 1987, with a breakdown of pre-1982 applicants and Special Agricultural worker applicants.

(3) The organization's current projections of application capacity, broken down by pre-1982 applicants and Special Agricultural Worker applicants, by month through the end of the application period.

(4) A monthly breakdown of the estimated Special Agricultural Worker applicants and pre-1982 applicants to be assisted in addition to current capacity, stated as performance goals within the contracting period.

(5) The organization's plan for expansion to achieve the additional capacity.

(6) Current and estimated program budgets with descriptions and breakdown of costs, program components, and fee structure, cost per application, staffing patterns and use of funds from other sources.

(7) A description of any technical assistance needs.

(8) A description of the system of accounting and program records designed to demonstrate clearly the number of additional applications filed monthly.

(c) Applicants requesting funding as legalization support centers shall submit the following:

(1) A description of services currently provided by the organization, including current staffing and budget.

(2) A proposal for provision of any of the services outlined in Section 9 of this act.

(3) An itemized budget and listing of costs per unit of service

when applicable, estimated for providing proposed services.

(4) An indication of the geographic service area of the organization and an assessment of services needed in that region.

SEC. 11. (a) The Health and Welfare Agency shall evaluate applications based on the factors outlined in subdivisions (b) and (c) of Section 11 and shall award contracts as applications are submitted.

(b) The Secretary of Health and Welfare Agency shall, in order to ensure that legalization service providers will have adequate funds for the initiation of their contracts, issue a first quarter advance payment in an amount equal to 20 percent of the organization's annual allocation for the contract period. The advance payment shall be sent to the contractor during the first month of the quarter for which the advance is made. The agency may, depending on contract cash-flow needs and adequate performance, provide subsequent advance payments in an amount equal to 20 percent of the organization's annual allocation.

The contractor shall submit monthly invoices to document the number of applications submitted to the Immigration and Naturalization Service and to justify the advance of funds.

(c) Other periodic payment under the contract shall be made only upon the submission of monthly invoices providing the required information, and only when the offset of the advance payment has been liquidated.

(d) (1) Funds not expended by May 5, 1988, as determined by final claims made by contractors submitted by July 31, 1988, shall be reallocated for legalization assistance to Special Agricultural Worker applicants from May 6, 1988, through November 30, 1988.

(2) The agency shall evaluate the need for technical assistance services on the basis of proposals from legalization support centers and the needs described by legalization providers.

The agency may reallocate unobligated funds for legalization services to technical assistance if technical assistance needs exceed project levels. Any unexpended technical assistance funds shall revert to be allocated under legalization services if not obligated by January 1, 1988.

(e) Contracts entered into with legalization service providers for legalization services and legalization support centers for technical assistance shall last for a specified number of months, and in any event not past December 1, 1988.

(f) The agency may partially fund proposals it deems appropriate.

(g) Contractors shall submit to the agency monthly reports stating at a minimum: (1) the number of legalization applicants assisted during the month, broken down by Special Agricultural Worker applicants and pre-1982 applicants, and (2) total expenses for legalization activities during the month.

SEC. 12. (a) Organizations shall not be reimbursed for applications processed prior to the date of the contract. For the purposes of this section, preregistration and initial intake of applicants shall not constitute the processing of an application.

(b) The maximum reimbursement shall be forty dollars ($40) for assistance in the preparation of each individual application.

(c) The agency shall consult with the local Immigration and Naturalization Service legalization offices, in order to determine the acceptance rate of applications submitted by each contracting organizations.

(d) Contractors for legalization funds shall keep a monthly statistical record of the number of applicants, the number of clients assisted, the number of applications completed and submitted to the Immigration and Naturalization Service and other information as required by the Health and Welfare Agency.

Of this amount, two million four hundred thousand dollars ($2,400,000) is allocated for the purpose of contracting for legalization services and three hundred eighty-nine thousand dollars ($389,000) for the purposes of provding technical assistance to nonprofit legalization service providers.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that a statewide test may be developed to measure the English and citizenship skills of certain immigrants applying for legal status under the federal Immigration Reform and Control Act of 1986 (Public Law 99–603), that immigrants eligible for legalization may have the necessary assistance in time to meet the May 4, 1988, deadline, and that the Legislature may declare its intent with respect to providing educational services and legalization assistance to these immigrants as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 1492

An act to amend Section 1985.3 of the Code of Civil Procedure, and to amend Section 35815 of, and to add Section 35816 to, the Health and Safety Code, relating to housing.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby makes the following findings and declarations:

(a) Adequate home financing to qualified applicants on reasonable terms and conditions must be provided to all neighborhoods to prevent economic decline.

(b) The Home Mortgage Disclosure Act was enacted by the federal government to require federally regulated lending institutions to disclose their home mortgage lending practices.

(c) Recent deregulation of the banking industry has given rise to the creation of new types of financial institutions in California's home mortgage lending market which are not subject to the requirements of the Home Mortgage Disclosure Act.

(d) It is therefore the intent of the Legislature in enacting this act to provide citizens and public officials of California with sufficient information to enable them to determine whether certain financial institutions are fulfilling their obligations to serve the housing needs of the communities and neighborhoods in which they are located and to assist public officials in developing strategies for revitalizing economically declining neighborhoods.

SEC. 2. Section 1985.3 of the Code of Civil Procedure is amended to read:

1985.3. (a) For purposes of this section, the following definitions apply:

(1) "Personal records" means the original or any copy of books, documents, or other writings pertaining to a consumer and which are maintained by any "witness" which is a physician, pharmacist, pharmacy, hospital, state or national bank, state or federal association (as defined in Section 5102 of the Financial Code), state or federal credit union, trust company, anyone authorized by this state to make or arrange loans that are secured by real property, security brokerage firm, insurance company, underwritten title company, attorney, accountant, institution of the Farm Credit System, as specified in Section 2002 of Title 12 of the United States Code, or telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, or psychotherapist, as defined in Section 1010 of the Evidence Code, or a private or public preschool, elementary school, or secondary school.

(2) "Consumer" means any individual, partnership of five or

fewer persons, association, or trust which has transacted business with, or has used the services of, the witness or for whom the witness has acted as agent or fiduciary.

(3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding pursuant to this code, but shall not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to the provisions of Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(b) The date specified in a subpoena duces tecum for the production of personal records shall not be less than 15 days from the date the subpoena is issued. Prior to the date called for in the subpoena duces tecum for the production of personal records, the subpoenaing party shall serve or cause to be served on the consumer whose records are being sought a copy of the subpoena duces tecum, of the affidavit supporting the issuance of the subpoena, and of the notice described in subdivision (e). This service shall be made as follows:

(1) To the consumer personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. If the consumer is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(3) At least five days prior to service upon the custodian of the records, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall do either of the following:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the consumer or by his or her attorney of record. The witness may presume that any attorney purporting to sign the authorization on behalf of the consumer acted with the consent of the consumer.

(d) A subpoena duces tecum for the production of personal records shall be served in sufficient time to allow the witness a reasonable time to locate and produce the records or copies thereof.

Except as to records subpoenaed for a criminal proceeding or records subpoenaed during trial, a subpoena duces tecum served upon a witness with records in more than one location shall be served no less than 10 days prior to the date specified for production, unless good cause is shown pursuant to subdivision (h).

(e) Every copy of the subpoena duces tecum and affidavit served on a consumer or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) records about the consumer are being sought from the witness named on the subpoena; (2) if the consumer objects to the witness furnishing the records to the party seeking the records, the consumer must file papers with the court prior to the date specified for production on the subpoena; and (3) if the party who is seeking the records will not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the consumer's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) A subpoena duces tecum for personal records maintained by a telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, shall not be valid or effective unless it includes a consent to release, signed by the consumer whose records are requested, as required by Section 2891 of the Public Utilities Code.

(g) Any consumer whose personal records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness prior to production. No witness shall be required to produce personal records after receipt of notice that such a motion has been brought, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and consumers affected.

(h) Upon good cause shown and provided that the rights of witnesses and consumers are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(i) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular consumer or consumers and which requires a custodian of records to delete all information which would in any way identify any consumer whose records are to be produced.

(j) The provisions of this section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

(k) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the personal records sought by a subpoena duces tecum.

SEC. 3. Section 35815 of the Health and Safety Code is amended to read:

35815. (a) The secretary or the secretary's designee shall monitor and investigate the lending patterns and practices of financial institutions for compliance with this part, including the lending patterns and practices for housing accommodations which are not occupied by the owner. If a finding is made that such patterns or practices violate the provisions of this part the secretary or the secretary's designee shall take such action as will effectuate the purposes of this part. In addition to other remedies provided by this part or other provisions of law, the secretary may recommend to the Treasurer that state funds not be deposited in a financial institution where the secretary has made a finding that such financial institution has engaged in a lending pattern and practice which violates this part.

(b) The secretary shall annually report to the Legislature on the activities of the appropriate regulatory agencies and departments in complying with this part. The report shall include a description of any actions taken by the secretary or the secretary's designee to remedy patterns or practices the secretary determines are in violation of this part.

SEC. 4. Section 35816 is added to the Health and Safety Code, to read:

35816. The secretary shall adopt regulations applicable to all persons who are in the business of originating residential mortgage loans in this state, including, but not limited to, insurers, mortgage bankers, investment bankers and credit unions and who are not depository institutions within the meaning of subsection (2) of Section 2802 of Title 12 of the United States Code. The regulations for residential mortgage loans shall impose substantially the same reporting requirements by geographic area and loan product as are imposed by the federal Home Mortgage Disclosure Act of 1975, as amended (12 U.S.C. Sec. 2801 et seq.).

This section does not apply to subsidiaries of depository institutions or subsidiaries of depository institution holding companies which are currently reporting to a federal or state regulatory agency as provided by the Home Mortgage Disclosure Act of 1975, as amended (12 U.S.C. Sec. 2081 et seq.) or are subject to substantially the same reporting requirements by geographic area and loan product pursuant to an act of a federal or state regulatory agency.

CHAPTER 1493

An act to amend Sections 527.6 and 631 of the Code of Civil Procedure, and to amend Sections 1363, 69503.1, 69845, 73644, 73954, 74344, 74345, and 74745 of, and to add Section 69848 to, the Government Code, relating to local agencies.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 527.6 of the Code of Civil Procedure is amended to read:

527.6. (a) A person who has suffered harassment as defined in subdivision (b) may seek a temporary restraining order, and an injunction prohibiting harassment as provided in this section.

(b) For the purposes of this section, "harassment" is a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys, or harasses the person, and which serves no legitimate purpose. The course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the plaintiff. "Course of conduct" is a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of "course of conduct."

(c) Upon filing a petition for an injunction under this section, the plaintiff may obtain a temporary restraining order in accordance with subdivision (a) of Section 527. A temporary restraining order may be granted with or without notice upon an affidavit which, to the satisfaction of the court, shows reasonable proof of harassment of the plaintiff by the defendant, and that great or irreparable harm would result to the plaintiff. A temporary restraining order granted under this section shall remain in effect, at the court's discretion, for a period not to exceed 15 days, unless otherwise modified or terminated by the court.

(d) Within 15 days of the filing of the petition, a hearing shall be held on the petition for the injunction. The defendant may file a response which explains, excuses, justifies, or denies the alleged harassment or may file a cross-complaint under this section. At the hearing, the judge shall receive such testimony as is relevant, and may make an independent inquiry. If the judge finds by clear and convincing evidence that unlawful harassment exists, an injunction shall issue prohibiting the harassment. An injunction issued pursuant to this section shall have a duration of not more than three years. At any time within the three months before the expiration of the injunction, the plaintiff may apply for a renewal of the injunction by filing a new petition for an injunction under this section.

(e) Nothing in this section shall preclude either party from representation by private counsel or from appearing on his or her own behalf.

(f) Upon filing of a petition for an injunction under this section, the defendant shall be personally served with a copy of the petition, temporary restraining order, if any, and notice of hearing of the petition.

(g) The court shall order the plaintiff or the attorney for the plaintiff to deliver a copy of each temporary restraining order or injunction, or modification or termination thereof, granted under this section, by the close of the business day on which the order was granted, to the law enforcement agencies within the court's discretion as are requested by the plaintiff. Each appropriate law enforcement agency shall make available information as to the existence and current status of these orders to law enforcement officers responding to the scene of reported harassment.

(h) The prevailing party in any action brought under this section may be awarded court costs and attorney's fees, if any.

(i) Any willful disobedience of any temporary restraining order or injunction granted under this section is punishable pursuant to Section 273.6 of the Penal Code.

(j) This section does not apply to any action covered by Section 4359 or 7020 of the Civil Code, or by Chapter 4 (commencing with Section 540) of this title, or by Title 1.6C (commencing with Section 1788) of the Civil Code. Nothing in this section shall preclude a plaintiff's right to utilize other existing civil remedies.

(k) The Judicial Council shall promulgate forms and instructions therefor, rules for service of process, scheduling of hearings, and any other matters required by this section. The petition and response forms shall be simple and concise.

SEC. 1.5. Section 631 of the Code of Civil Procedure is amended to read:

631. Trial by jury may be waived by the several parties to an issue of fact in any of the following ways:

1. By failing to appear at the trial;

2. By written consent filed with the clerk or judge;

3. By oral consent, in open court, entered in the minutes or docket;

4. By failing to announce that a jury is required, at the time the cause is first set upon the trial calendar if it be set upon notice or stipulation, or within five days after notice of setting if it be set without notice or stipulation; provided, that in justice courts such waiver may be made by failure of either party to demand a jury within two days after service upon him of the notice provided for in Section 594 of this code; provided further, that in any superior court action if a jury is demanded by either party in the memorandum to set cause for trial and such party thereafter by announcement or by operation of law waives a trial by jury, then in said event any and all adverse party or parties shall be given 10 days' written notice by the clerk of the court of such waiver, whereupon, notwithstanding any

rule of the court to the contrary, such adverse party or parties shall have not exceeding five days immediately following the receipt of such notice of such waiver, within which to file and serve a demand for a trial by jury and deposit advance jury fees for the first day's trial whenever such deposit is required by rule of court, and if it is impossible for the clerk of the court to give such 10 days' notice by reason of the trial date, or if for any cause said notice is not given, the trial of said action shall be continued by the court for a sufficient length of time to enable the giving of such notice by the clerk of the court to such adverse party.

Regardless of anything contained in the foregoing to the contrary, the court may in its discretion, upon such terms as may be just, allow a trial by jury to be had, although there has been a waiver of such a trial.

5. By failing to deposit with the clerk, or judge, a sum equal to the amount of one day's jury fees payable under the law, 25 days prior to the date set for trial.

6. By failing to deposit with the clerk or judge, promptly after the impanelment of the jury, a sum equal to the mileage or transportation (if any be allowed by law) of the jury accrued up to that time;

7. By failing to deposit with the clerk or judge, at the beginning of the second and each succeeding day's session a sum equal to one day's fees of the jury, and the mileage or transportation, if any there be.

8. When the party who has demanded trial by jury either waives such trial upon or after the assignment for trial to a specific department of the court, or upon or after the commencement of the trial, or fails to deposit the fees as provided in subdivision 6 or 7; by the other party either failing promptly to demand trial by jury before the judge in whose department such waiver, other than for the failure to deposit such fees, was made, or by his failing promptly to deposit the fees provided in subdivision 6 or 7.

The court may, in its discretion upon such terms as may be just, allow a trial by jury to be had although there has been a waiver of such a trial.

SEC. 2. Section 1363 of the Government Code is amended to read:

1363. Unless otherwise provided, every oath of office certified by the officer before whom it was taken shall be filed within the time required as follows:

(a) The oath of all officers whose authority is not limited to any particular county, in the office of the Secretary of State.

(b) The oath of all officers elected or appointed for any county, and, except as provided in subdivision (d), of all officers whose duties are local, or whose residence in any particular county is prescribed by law, in the office of the county clerk of their respective counties.

(c) Each judge of a superior court and county clerk shall file a copy of his or her official oath, signed with his or her own proper

signature, in the office of the Secretary of State as soon as he or she has taken and subscribed his or her oath.

(d) The oath of all officers for any independent special district, as defined in Section 56044, in the office of the clerk or secretary of that district.

SEC. 3. Section 69503.1 of the Government Code is amended to read:

69503.1. (a) Notwithstanding Section 69503 of the Government Code or any other law relating to the destruction of court records except the provisions of this section and Section 69503.2, the county clerk may cause to be destroyed any records, papers, case files, and exhibits in any superior court action or proceeding after 30 years have elapsed since the filing of any paper in the action or proceeding and when the records of the county clerk do not show that the action or proceeding is pending on appeal in any court. However, minute book entries, minute books, and judgment books may not be destroyed unless microfilmed in accordance with Section 69503, and shall constitute the record for all purposes in lieu of the records, papers, and exhibits destroyed. For the purposes of this section, "destroy" means destroy or dispose of for the purposes of destruction.

(b) Prior to the disposition of such records the county clerk shall give notice of the proposed disposition to the Secretary of State, who shall have 60 days to request the transfer of the records. If the Secretary of State does not request the transfer of the records the county clerk may destroy them pursuant to this section.

(c) Case files of civil actions which have been dismissed may be destroyed pursuant to this section seven years after dismissal. Case files of civil actions for tortious injury to the person or for wrongful death, which have not been dismissed, may be destroyed 15 years after final judgment, except case files of actions involving the filing of a petition pursuant to Section 372 of the Code of Civil Procedure; provided that no such case file shall be destroyed if the action is pending or under appeal, judgment in the action has been enjoined, or the time in which to enforce the judgment has been extended by court order or by operation of law.

(d) This section shall not apply to the records of probate, real property, juvenile, criminal, or adoption actions or proceedings.

SEC. 4. Section 69845 of the Government Code is amended to read:

69845. The clerk of the superior court may keep a register of actions in which shall be entered the title of each cause, with the date of its commencement and a memorandum of every subsequent proceeding in the action with its date.

The people of the State of California do enact as follows:

SECTION 1. Section 10197.5 is added to the Insurance Code, to read:

10197.5. (a) On and after July 1, 1988, the commissioner shall initiate a process to adopt or recommend at least one and no more than three sets of standards for policies to supplement Medicare for sale or issuance in California, regardless of the situs of the contract. The adopted or recommended standards shall be substantive and include levels of coverage, benefits, reimbursement formulas, claims procedures, policy forms, and other elements of the policies. In addition, in adopting or recommending the standards, the commissioner shall designate a set of criteria for a standard form of policy and coverage which shall indicate a minimum, extended, and comprehensive policy type. Policies which meet all of these criteria may indicate that they comply with the commissioner's criteria for the particular policy type. The policies shall be written in language that is unambiguous and can be readily understood by the average senior using a standard format for the purpose of side-by-side comparison.

(b) No later than six months after the adoption or recommendation of any standard under this section, no insurer or agent shall do any of the following:

(1) Recommend for sale, or sell, a policy which does not strictly comply with any standard adopted or recommended pursuant to this section.

(2) Cause a policyholder to purchase from the same company or from the same agent or broker more than one policy meeting the same standards to supplement Medicare for any period of time in excess of six months.

(c) Nothing in this section shall be construed to limit an insurer from offering policies which exceed any standards adopted or recommended pursuant to this section.

(d) The commissioner may adopt regulations to implement this section. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any regulations adopted to implement this section shall not be subject to the review and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

CHAPTER 1495

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 911.5 of the Insurance Code is amended to read:

911.5. The commissioner shall prepare an annual report to the Legislature summarizing financial data for all property and casualty insurers subject to Section 905 and all life and disability insurers subject to Section 913. The report shall include the following:

(a) For all property and casualty insurers subject to the reporting requirements of Section 905, the report shall provide each of the following:

(1) Aggregate balance sheet, statement of income, and capital and surplus account.

(2) Aggregate net premiums and losses data by lines of business nationwide.

(3) Aggregate net premiums and losses data by lines of business for the state.

To the extent practicable the report shall utilize the categories delineated in Sections 907, 908, 909, and 910. Wherever feasible, property and casualty information shall be broken down into subcategories for commercial and personal lines.

(b) For life and disability insurers subject to the reporting requirements of Section 913, the report shall provide each of the following:

(1) Aggregate balance sheet, summary of operations, and capital and surplus account.

(2) Aggregate analysis of operations by lines of business nationwide.

(3) Aggregate direct premiums, benefits and losses data by lines

of business for the state.

The report shall be presented to the Legislature annually on or before June 15, or any earlier date that the Legislature may establish in the budget process, and shall be compiled from financial information reported in the most recent filings to the commissioner pursuant to Section 900.

(c) For life and disability insurers and nonprofit health service plan contracts subject to Section 10195, the report shall summarize reports, plans, exemptions, or other documents prepared pursuant to subdivision (e) of Section 10195.

(d) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 2. Section 10195 of the Insurance Code is amended to read:

10195. "Insurance policies to supplement Medicare" refers to disability insurance policies and nonprofit hospital service plan contracts which are designed primarily to supplement Medicare, or are advertised, marketed, or otherwise purported to be a supplement to Medicare and, which are issued on a group or individual basis.

(a) Insurance policies to supplement Medicare shall:

(1) Meet the minimum benefit standards as established by the Insurance Commissioner.

(2) Notwithstanding Section 10276, or any other provision of law, provide an examination period of 30 days for purposes of review of the contract at which time the subscriber may return the contract. Such return shall void the policy from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be refunded to the owner.

(3) Require insurers and plans to explain the relationship of the coverage of their policies to the benefits provided by Medicare.

(4) Not be limited to coverage exclusively for a single disease or affliction.

(5) If the policy does not cover custodial care, on and after January 1, 1985, the cover page of the outline of coverage required by subdivision (g) shall contain the statement in upper case type: THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.

(6) Comply with the provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(b) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of insurance policies to supplement Medicare. Such standards shall be in addition to and in accordance with applicable laws of this state, including provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2.

(c) The commissioner may issue reasonable regulations that

specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under insurance policies to supplement Medicare.

(d) Notwithstanding any other provision of law, insurance policies to supplement Medicare shall not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. A policy shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(e) Insurance policies to supplement Medicare shall return to policyholders benefits which are reasonable in relation to the premium charged. The commissioner shall issue reasonable regulations to establish minimum standards for loss ratios of insurance policies to supplement Medicare on the basis of incurred claims experience and earned premiums for the entire period for which rates are computed to provide coverage and in accordance with accepted actuarial principles and practices. The commissioner may establish different loss ratios for group policies of insurance than for individual policies of insurance. For purposes of regulations issued pursuant to this section, insurance polices to supplement Medicare issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be considered individual policies.

The commissioner shall require that insurers maintain detailed experience data for policies subject to this section and that insurers make an annual filing with the commissioner disclosing the loss ratio for each policy subject to this section.

If that filing or other information received by the commissioner indicates that the actual loss ratio for a policy is less than the minimum loss ratio established by the commissioner, the commissioner shall require that insurers file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods such that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

If, in the opinion of the commissioner, a policy's failure to meet the minimum loss ratio requirement is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for the granting of the exemption.

If an insurer fails to file and implement a corrective plan in a timely manner, the commissioner shall withdraw approval of the policy according to the procedures set forth in Section 10293. This

remedy shall be in addition to any remedy available in this section or under other laws of this state. Any report, plan, exemption, or other document prepared pursuant to this subdivision shall be accessible to the public as a public record. A summary of reports, plans, exemptions, or other documents prepared pursuant to this subdivision shall be included in the commissioner's annual report to the Legislature in accordance with Section 911.5.

The commissioner shall adopt regulations to implement this subdivision and shall amend existing regulations to conform to this subdivision on or before September 1, 1988.

For the purposes of this subdivision, an insurance policy to supplement Medicare includes each specific insurance policy type for individual or group coverage, delivered or issued for delivery by any insurer in this state. "Specific insurance policy type" includes a policy with all of the same provisions and coverage specifications.

(f) In addition to Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, and in order to provide for full and fair disclosure in the sale of Medicare supplemental policies, no insurance policy to supplement Medicare shall be delivered or issued for delivery in this state and no certificate shall be delivered pursuant to a group Medicare supplemental policy delivered or issued for delivery in the state unless an outline of coverage is delivered to the applicant at the time application is made.

(g) The commissioner shall prescribe the format and content of the outline of coverage required by subdivision (f). For purposes of this section, "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include all of the following:

(2) A statement of the exceptions, reductions, and limitations contained in the policy.

(3) A statement of the renewal provisions including any reservation by the insurer of a right to change premiums.

(4) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(h) The commissioner may prescribe by regulation a standard form, and the contents of, an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective

insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(j) The commissioner may promulgate reasonable regulations to govern the full and fair disclosure of information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for Medicare by reason of age.

The return shall void the policy or certificate from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be fully refunded to the owner.

(3) Require insurers and plans to explain the relationship of the coverage of their policies to the benefits provided by Medicare.

(4) Not be limited to coverage exclusively for a single disease or affliction.

(5) If the policy does not cover custodial care, on and after January 1, 1985, the cover page of the outline of coverage required by subdivision (g) shall contain the statement in upper case type: THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.

(6) Comply with the provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of

Division 2, regardless of the situs of the contract.

(b) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of insurance policies to supplement Medicare. These standards shall be in addition to and in accordance with applicable laws of this state, including Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(c) The commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under insurance policies to supplement Medicare.

(d) Notwithstanding any other provision of law, insurance policies to supplement Medicare shall not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. A policy shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(e) Insurance policies to supplement Medicare shall return to policyholders benefits which are reasonable in relation to the premium charged. The commissioner shall issue reasonable regulations to establish minimum standards for loss ratios of insurance policies to supplement Medicare on the basis of incurred claims experience and earned premiums for the entire period for which rates are computed to provide coverage and in accordance with accepted actuarial principles and practices. The commissioner may establish different loss ratios for group policies of insurance than for individual policies of insurance. For purposes of regulations issued pursuant to this section, insurance polices to supplement Medicare issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be considered individual policies.

The commissioner shall require that insurers maintain detailed experience data for policies subject to this section and that insurers make an annual filing with the commissioner disclosing the loss ratio for each policy subject to this section.

If that filing or other information received by the commissioner indicates that the actual loss ratio for a policy is less than the minimum loss ratio established by the commissioner, the commissioner shall require that insurers file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods such that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

If, in the opinion of the commissioner, a policy's failure to meet the minimum loss ratio requirement is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for the granting of the exemption.

If an insurer fails to file and implement a corrective plan in a timely manner, the commissioner shall withdraw approval of the policy according to the procedures set forth in Section 10293. This remedy shall be in addition to any remedy available in this section or under other laws of this state. Any report, plan, exemption, or other document prepared pursuant to this subdivision shall be accessible to the public as a public record. A summary of reports, plans, exemptions, or other documents prepared pursuant to this subdivision shall be included in the commissioner's annual report to the Legislature in accordance with Section 911.5.

The commissioner shall adopt regulations to implement this subdivision and shall amend existing regulations to conform to this subdivision on or before September 1, 1988.

eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

SEC. 2.11. Section 10195 of the Insurance Code is amended to read:

10195. "Insurance policies to supplement Medicare" refers to disability insurance policies and nonprofit hospital service plan contracts which are designed primarily to supplement Medicare, or are advertised, marketed, or otherwise purported to be a supplement to Medicare and, which are issued on a group or individual basis.

(a) Insurance policies to supplement Medicare shall:

(1) Meet the minimum benefit standards as established by the Insurance Commissioner.

(2) Notwithstanding Section 10276, or any other provision of law, provide an examination period of 30 days after the receipt of the policy or certificate for purposes of review of the contract at which time the subscriber may return the contract. The return shall void the policy or certificate from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be fully refunded to the owner.

(3) Require insurers and plans to explain the relationship of the coverage of their policies to the benefits provided by Medicare.

(4) Not be limited to coverage exclusively for a single disease or affliction.

(5) If the policy does not cover custodial care in a skilled nursing care facility, dental care, eye glasses, prescription drugs, or hearing

aids, the cover page of the policy and the cover page of the outline of coverage required by subdivision (g) shall contain the statement in no less than 12-point upper case type THIS POLICY DOES NOT COVER (indicate the specific coverage set forth above in this paragraph that is not covered by the policy). Also, the cover page of the policy shall include at least ¼ inch below that statement, the following statement, in no less than 12-point upper case type: THERE MAY BE OTHER EXCLUSIONS IN THIS POLICY, PLEASE REFER TO PAGE (indicate page where other exclusions are described, if other exclusions exist). The requirements of this paragraph apply on and after July 1, 1988.

(6) Until July 1, 1988, if the policy does not cover custodial care, the cover page of the outline of coverage required by subdivision (g) shall contain the statement in upper case type: THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.

(7) Comply with the provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(b) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of insurance policies to supplement Medicare. These standards shall be in addition to and in accordance with applicable laws of this state, including Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(c) The commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under insurance policies to supplement Medicare.

(d) Notwithstanding any other provision of law, insurance policies to supplement Medicare shall not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. A policy shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(e) Insurance policies to supplement Medicare shall return to policyholders benefits which have a minimum loss ratio of 60 percent for individual policies and 70 percent for group policies. On or before September 1, 1988, the commissioner shall issue regulations to establish these minimum standards on the basis of policy experience of the reasonable period of time for which rates are paid and coverage is afforded. The time period shall be less than the life of the policy. For the purposes of this section and the regulations issued pursuant to it, insurance policies to supplement Medicare issued as

a result of solicitation of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be considered individual policies.

The commissioner shall require that insurers maintain detailed experience data for policies subject to this section and that insurers make an annual filing with the commissioner disclosing the loss ratio for each policy subject to this section.

If that filing or other information received by the commissioner indicates that the actual loss ratio for a policy is less than the minimum loss ratio established by the commissioner, the commissioner shall require that insurers file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods such that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

If, in the opinion of the commissioner, a policy's failure to meet the minimum loss ratio requirement is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for the granting of the exemption.

If an insurer fails to file and implement a corrective plan in a timely manner, the commissioner shall withdraw approval of the policy according to the procedures set forth in Section 10293. This remedy shall be in addition to any remedy available in this section or under other laws of this state. Any report, plan, exemption, or other document prepared pursuant to this subdivision shall be accessible to the public as a public record. A summary of reports, plans, exemptions, or other documents prepared pursuant to this subdivision shall be included in the commissioner's annual report to the Legislature in accordance with Section 911.5.

The commissioner shall adopt regulations to implement this subdivision and shall amend existing regulations to conform to this subdivision on or before September 1, 1988.

For the purposes of this subdivision, an insurance policy to supplement Medicare includes each specific insurance policy type for individual or group coverage, delivered or issued for delivery by any insurer in this state. "Specific insurance policy type" includes a policy with all of the same provisions and coverage specifications.

(f) In addition to Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, and in order to provide for full and fair disclosure in the sale of Medicare supplemental policies, no insurance policy to supplement Medicare shall be delivered or issued for delivery in this state or elsewhere and no certificate shall be delivered pursuant to a group Medicare supplemental policy delivered or issued for delivery in the state unless an outline of coverage is delivered to the applicant at the time application is made.

(g) The commissioner shall prescribe the format and content of

the outline of coverage required by subdivision (f). For purposes of this section, "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include all of the following:

(1) A description of the principal benefits and coverage provided in the policy.

(2) A statement of the exceptions, reductions, and limitations contained in the policy.

(3) A statement of the renewal provisions including any reservation by the insurer of a right to change premiums.

(4) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(h) The commissioner may prescribe by regulation a standard form, and the contents of, an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(j) The commissioner may promulgate reasonable regulations to govern the full and fair disclosure of information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for Medicare by reason of age.

(k) This section applies to insurance provided to residents of this state under a group policy, in accordance with applicable laws of this state, including provisions of Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2 regardless of the situs of the contract.

This section shall not apply to policies issued to one or more employers or labor organizations, or to the trustees of a fund established by one or more employers or labor organizations, or

combination thereof, for employees or former employees, or combination thereof, or for members or former members, or combination thereof, of the labor organization.

This section shall not apply to individual policies or contracts issued pursuant to a conversion privilege under a policy or contract of group or individual insurance when the group or individual policy or contract includes provisions which are inconsistent with the requirements of this section.

(e) Insurance policies to supplement Medicare shall return to policyholders benefits which have a minimum loss ratio of 60 percent for individual policies and 70 percent for group policies. On or before September 1, 1988, the commissioner shall issue regulations to establish these minimum standards on the basis of policy experience of the reasonable period of time for which rates are paid and coverage is afforded. The time period shall be less than the life of the policy. For the purposes of this section and the regulations issued pursuant to it, insurance policies to supplement Medicare issued as a result of solicitation of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be considered individual policies.

(f) In addition to Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, and in order to provide for full and fair disclosure in the sale of Medicare supplemental policies, no insurance policy to supplement Medicare shall be delivered or issued for delivery in this state or elsewhere and no certificate shall be delivered pursuant to a group Medicare supplemental policy delivered or issued for delivery in the state unless an outline of coverage is delivered to the applicant at the time application is made.

(g) The commissioner shall prescribe the format and content of the outline of coverage required by subdivision (f). For purposes of this section, "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include all of the following:

(1) A description of the principal benefits and coverage provided in the policy.

(2) A statement of the exceptions, reductions, and limitations contained in the policy.

(3) A statement of the renewal provisions including any reservation by the insurer of a right to change premiums.

(4) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(h) The commissioner may prescribe by regulation a standard form, and the contents of, an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the

prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(j) The commissioner may promulgate reasonable regulations to govern the full and fair disclosure of information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for Medicare by reason of age.

(k) This section applies to insurance provided to residents of this state under a group policy, in accordance with applicable laws of this state, including provisions of Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2 regardless of the situs of the contract.

This section shall not apply to policies issued to one or more employers or labor organizations, or to the trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees or former employees, or combination thereof, or for members or former members, or combination thereof, of the labor organization.

This section shall not apply to individual policies or contracts issued pursuant to a conversion privilege under a policy or contract of group or individual insurance when the group or individual policy or contract includes provisions which are inconsistent with the requirements of this section.

SEC. 2.06. Section 10195 of the Insurance Code is amended to read:

(1) Meet the minimum benefit standards as established by the Insurance Commissioner.

(2) Notwithstanding Section 10276, or any other provision of law, provide an examination period of 30 days after the receipt of the policy or certificate for purposes of review of the contract at which time the subscriber may return the contract. The return shall void the policy or certificate from the beginning, and the parties shall be

in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be fully refunded to the owner.

(3) Require insurers and plans to explain the relationship of the coverage of their policies to the benefits provided by Medicare.

(4) Not be limited to coverage exclusively for a single disease or affliction.

(5) If the policy does not cover custodial care, on and after January 1, 1985, the cover page of the outline of coverage required by subdivision (g) shall contain the statement in upper case type: THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.

(6) Comply with the provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

These standards shall be in addition to and in accordance with applicable laws of this state, including Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(c) The commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under insurance policies to supplement Medicare.

(d) Notwithstanding any other provision of law, insurance policies to supplement Medicare shall not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. The commissioner may establish different loss ratios for group policies of insurance than for individual policies of insurance. For purposes of regulations issued pursuant to this section, insurance polices to supplement Medicare issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast

advertising, shall be considered individual policies.

The commissioner shall require that insurers maintain detailed experience data for policies subject to this section and that insurers make an annual filing with the commissioner disclosing the loss ratio for each policy subject to this section.

If that filing or other information received by the commissioner indicates that the actual loss ratio for a policy is less than the minimum loss ratio established by the commissioner, the commissioner shall require that insurers file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods such that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

If, in the opinion of the commissioner, a policy's failure to meet the minimum loss ratio requirement is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for the granting of the exemption.

If an insurer fails to file and implement a corrective plan in a timely manner, the commissioner shall withdraw approval of the policy according to the procedures set forth in Section 10293. This remedy shall be in addition to any remedy available in this section or under other laws of this state. Any report, plan, exemption, or other document prepared pursuant to this subdivision shall be accessible to the public as a public record. A summary of reports, plans, exemptions, or other documents prepared pursuant to this subdivision shall be included in the commissioner's annual report to the Legislature in accordance with Section 911.5.

(g) The commissioner shall prescribe the format and content of the outline of coverage required by subdivision (f). For purposes of this section, "format" means style, arrangement, and overall

(h) The commissioner may prescribe by regulation a standard form, and the contents of, an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(j) The commissioner may promulgate reasonable regulations to govern the full and fair disclosure of information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for Medicare by reason of age.

(k) This section applies to insurance provided to residents of this state under a group policy, in accordance with applicable laws of this state, including provisions of Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2 regardless of the situs of the contract.

The commissioner shall adopt regulations to implement this subdivision and shall amend existing regulations to conform to this subdivision on or before September 1, 1988.

For the purposes of this subdivision, an insurance policy to supplement Medicare includes each specific insurance policy type for individual or group coverage, delivered or issued for delivery by any insurer in this state. "Specific insurance policy type" includes a policy with all of the same provisions and coverage specifications.

(f) In addition to Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, and in order to provide for full and fair disclosure in the sale of Medicare supplemental policies, no insurance policy to supplement Medicare shall be delivered or issued for delivery in this state or elsewhere and no certificate shall be delivered pursuant to a group Medicare supplemental policy delivered or issued for delivery in the state unless an outline of coverage is delivered to the applicant at the time application is made.

(g) The commissioner shall prescribe the format and content of

the outline of coverage required by subdivision (f). For purposes of this section, "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include all of the following:

(1) A description of the principal benefits and coverage provided in the policy.

(2) A statement of the exceptions, reductions, and limitations contained in the policy.

(3) A statement of the renewal provisions including any reservation by the insurer of a right to change premiums.

(4) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(h) The commissioner may prescribe by regulation a standard form, and the contents of, an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(j) The commissioner may promulgate reasonable regulations to govern the full and fair disclosure of information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for Medicare by reason of age.

(k) This section applies to insurance provided to residents of this state under a group policy, in accordance with applicable laws of this state, including provisions of Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2 regardless of the situs of the contract.

This section shall not apply to policies issued to one or more employers or labor organizations, or to the trustees of a fund established by one or more employers or labor organizations, or

combination thereof, for employees or former employees, or combination thereof, or for members or former members, or combination thereof, of the labor organization.

This section shall not apply to individual policies or contracts issued pursuant to a conversion privilege under a policy or contract of group or individual insurance when the group or individual policy or contract includes provisions which are inconsistent with the requirements of this section.

SEC. 2.11. Section 10195 of the Insurance Code is amended to read:

10195. "Insurance policies to supplement Medicare" refers to disability insurance policies and nonprofit hospital service plan contracts which are designed primarily to supplement Medicare, or are advertised, marketed, or otherwise purported to be a supplement to Medicare and, which are issued on a group or individual basis.

(a) Insurance policies to supplement Medicare shall:

(1) Meet the minimum benefit standards as established by the Insurance Commissioner.

(2) Notwithstanding Section 10276, or any other provision of law, provide an examination period of 30 days after the receipt of the policy or certificate for purposes of review of the contract at which time the subscriber may return the contract. The return shall void the policy or certificate from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be fully refunded to the owner.

(3) Require insurers and plans to explain the relationship of the coverage of their policies to the benefits provided by Medicare.

(4) Not be limited to coverage exclusively for a single disease or affliction.

(5) If the policy does not cover custodial care in a skilled nursing care facility, dental care, eye glasses, prescription drugs, or hearing aids, the cover page of the policy and the cover page of the outline of coverage required by subdivision (g) shall contain the statement in no less than 12-point upper case type THIS POLICY DOES NOT COVER (indicate the specific coverage set forth above in this paragraph that is not covered by the policy). Also, the cover page of the policy shall include at least ¼ inch below that statement, the following statement, in no less than 12-point upper case type: THERE MAY BE OTHER EXCLUSIONS IN THIS POLICY, PLEASE REFER TO PAGE (indicate page where other exclusions are described, if other exclusions exist). The requirements of this paragraph apply on and after July 1, 1988.

(6) Until July 1, 1988, if the policy does not cover custodial care, the cover page of the outline of coverage required by subdivision (g) shall contain the statement in upper case type: THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.

(7) Comply with the provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(b) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of insurance policies to supplement Medicare. These standards shall be in addition to and in accordance with applicable laws of this state, including Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(c) The commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under insurance policies to supplement Medicare.

(d) Notwithstanding any other provision of law, insurance policies to supplement Medicare shall not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. A policy shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(e) Insurance policies to supplement Medicare shall return to policyholders benefits which have a minimum loss ratio of 60 percent for individual policies and 70 percent for group policies. On or before September 1, 1988, the commissioner shall issue regulations to establish these minimum standards on the basis of policy experience of the reasonable period of time for which rates are paid and coverage is afforded. The time period shall be less than the life of the policy. For the purposes of this section and the regulations issued pursuant to it, insurance policies to supplement Medicare issued as a result of solicitation of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be considered individual policies.

The commissioner shall require that insurers maintain detailed experience data for policies subject to this section and that insurers make an annual filing with the commissioner disclosing the loss ratio for each policy subject to this section.

If that filing or other information received by the commissioner indicates that the actual loss ratio for a policy is less than the minimum loss ratio established by the commissioner, the commissioner shall require that insurers file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods such that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

If, in the opinion of the commissioner, a policy's failure to meet the minimum loss ratio requirement is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for the granting of the exemption.

If an insurer fails to file and implement a corrective plan in a timely manner, the commissioner shall withdraw approval of the policy according to the procedures set forth in Section 10293. This remedy shall be in addition to any remedy available in this section or under other laws of this state. Any report, plan, exemption, or other document prepared pursuant to this subdivision shall be accessible to the public as a public record. A summary of reports, plans, exemptions, or other documents prepared pursuant to this subdivision shall be included in the commissioner's annual report to the Legislature in accordance with Section 911.5.

The commissioner shall adopt regulations to implement this subdivision and shall amend existing regulations to conform to this subdivision on or before September 1, 1988.

For the purposes of this subdivision, an insurance policy to supplement Medicare includes each specific insurance policy type for individual or group coverage, delivered or issued for delivery by any insurer in this state. "Specific insurance policy type" includes a policy with all of the same provisions and coverage specifications.

(f) In addition to Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, and in order to provide for full and fair disclosure in the sale of Medicare supplemental policies, no insurance policy to supplement Medicare shall be delivered or issued for delivery in this state or elsewhere and no certificate shall be delivered pursuant to a group Medicare supplemental policy delivered or issued for delivery in the state unless an outline of coverage is delivered to the applicant at the time application is made.

(g) The commissioner shall prescribe the format and content of the outline of coverage required by subdivision (f). Such outline of coverage shall include all of the following:

(3) A statement of the renewal provisions including any reservation by the insurer of a right to change premiums.

(4) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(h) The commissioner may prescribe by regulation a standard form, and the contents of, an informational brochure for persons

eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(k) This section applies to insurance provided to residents of this state under a group policy, in accordance with applicable laws of this state, including provisions of Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2 regardless of the situs of the contract.

This section shall not apply to policies issued to one or more employers or labor organizations, or to the trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees or former employees, or combination thereof, or for members or former members, or combination thereof, of the labor organization.

This section shall not apply to individual policies or contracts issued pursuant to a conversion privilege under a policy or contract of group or individual insurance when the group or individual policy or contract includes provisions which are inconsistent with the requirements of this section.

SEC. 3. Section 10195.4 is added to the Insurance Code, to read:

(6) Until July 1, 1988, if the policy does not cover custodial care, the cover page of the outline of coverage required by subdivision (g) shall contain the statement in upper case type: THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.

For purposes of regulations issued pursuant to this section, insurance polices to supplement Medicare issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be considered individual policies.

The commissioner shall require that insurers maintain detailed experience data for policies subject to this section and that insurers make an annual filing with the commissioner disclosing the loss ratio for each policy subject to this section.

If that filing or other information received by the commissioner indicates that the actual loss ratio for a policy is less than the minimum loss ratio established by the commissioner, the commissioner shall require that insurers file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods such that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

If, in the opinion of the commissioner, a policy's failure to meet the minimum loss ratio requirement is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for the granting of the exemption.

If an insurer fails to file and implement a corrective plan in a timely manner, the commissioner shall withdraw approval of the policy according to the procedures set forth in Section 10293. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(2) Notwithstanding Section 10276, or any other provision of law, provide an examination period of 30 days after the receipt of the policy or certificate for purposes of review of the contract at which time the subscriber may return the contract. The return shall void the policy or certificate from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be fully refunded to the owner.

(3) Require insurers and plans to explain the relationship of the coverage of their policies to the benefits provided by Medicare.

(4) Not be limited to coverage exclusively for a single disease or affliction.

(5) If the policy does not cover custodial care in a skilled nursing care facility, dental care, eyeglasses, prescription drugs, or hearing aids, the cover page of the policy and the cover page of the outline of coverage required by subdivision (g) shall contain the statement in no less than 12-point upper case type THIS POLICY DOES NOT COVER (indicate the specific coverage set forth above in this paragraph that is not covered by the policy). Also, the cover page of the policy shall include at least ¼ inch below that statement, the following statement, in no less than 12-point upper case type: THERE MAY BE OTHER EXCLUSIONS IN THIS POLICY, PLEASE REFER TO PAGE (indicate page where other exclusions are described, if other exclusions exist). The requirements of this paragraph apply on and after July 1, 1988.

(6) Until July 1, 1988, if the policy does not cover custodial care, the cover page of the outline of coverage required by subdivision (g) shall contain the statement in upper case type: THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.

(7) Comply with the provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(b) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of insurance policies to supplement Medicare. These standards shall be in addition to and in accordance with applicable laws of this state, including Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(c) The commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under insurance policies to supplement Medicare.

(d) Notwithstanding any other provision of law, insurance policies to supplement Medicare shall not deny a claim for losses incurred more than six months from the effective date of coverage for a

preexisting condition. A policy shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(e) Insurance policies to supplement Medicare shall return to policyholders benefits which are reasonable in relation to the premium charged. The commissioner shall issue reasonable regulations to establish minimum standards for loss ratios of insurance policies to supplement Medicare on the basis of incurred claims experience and earned premiums for the entire period for which rates are computed to provide coverage and in accordance with accepted actuarial principles and practices. The commissioner may establish different loss ratios for group policies of insurance than for individual policies of insurance. For purposes of regulations issued pursuant to this section, insurance polices to supplement Medicare issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be considered individual policies.

The commissioner shall require that insurers maintain detailed experience data for policies subject to this section and that insurers make an annual filing with the commissioner disclosing the loss ratio for each policy subject to this section.

If that filing or other information received by the commissioner indicates that the actual loss ratio for a policy is less than the minimum loss ratio established by the commissioner, the commissioner shall require that insurers file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods such that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

If, in the opinion of the commissioner, a policy's failure to meet the minimum loss ratio requirement is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for the granting of the exemption.

If an insurer fails to file and implement a corrective plan in a timely manner, the commissioner shall withdraw approval of the policy according to the procedures set forth in Section 10293. This remedy shall be in addition to any remedy available in this section or under other laws of this state. Any report, plan, exemption, or other document prepared pursuant to this subdivision shall be accessible to the public as a public record. A summary of reports, plans, exemptions, or other documents prepared pursuant to this subdivision shall be included in the commissioner's annual report to the Legislature in accordance with Section 911.5.

The commissioner shall adopt regulations to implement this

subdivision and shall amend existing regulations to conform to this subdivision on or before September 1, 1988.

For the purposes of this subdivision, an insurance policy to supplement Medicare includes each specific insurance policy type for individual or group coverage, delivered or issued for delivery by any insurer in this state. "Specific insurance policy type" includes a policy with all of the same provisions and coverage specifications.

(f) In addition to Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, and in order to provide for full and fair disclosure in the sale of Medicare supplemental policies, no insurance policy to supplement Medicare shall be delivered or issued for delivery in this state or elsewhere and no certificate shall be delivered pursuant to a group Medicare supplemental policy delivered or issued for delivery in the state unless an outline of coverage is delivered to the applicant at the time application is made.

(g) The commissioner shall prescribe the format and content of the outline of coverage required by subdivision (f). For purposes of this section, "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include all of the following:

(1) A description of the principal benefits and coverage provided in the policy.

(2) A statement of the exceptions, reductions, and limitations contained in the policy.

(3) A statement of the renewal provisions including any reservation by the insurer of a right to change premiums.

(4) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(h) The commissioner may prescribe by regulation a standard form, and the contents of, an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance

policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(j) The commissioner may promulgate reasonable regulations to govern the full and fair disclosure of information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for Medicare by reason of age.

(k) This section applies to insurance provided to residents of this state under a group policy, in accordance with applicable laws of this state, including provisions of Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2 regardless of the situs of the contract.

This section shall not apply to policies issued to one or more employers or labor organizations, or to the trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees or former employees, or combination thereof, or for members or former members, or combination thereof, of the labor organization.

This section shall not apply to individual policies or contracts issued pursuant to a conversion privilege under a policy or contract of group or individual insurance when the group or individual policy or contract includes provisions which are inconsistent with the requirements of this section.

SEC. 1.11. Section 10195 of the Insurance Code is amended to read:

10195. (a) Insurance policies to supplement Medicare shall:

(1) Meet the minimum benefit standards as established by the Insurance Commissioner.

(2) Notwithstanding Section 10276, or any other provision of law, provide an examination period of 30 days after the receipt of the policy or certificate for purposes of review of the contract at which time the subscriber may return the contract. The return shall void the policy or certificate from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be fully refunded to the owner.

(3) Require insurers and plans to explain the relationship of the coverage of their policies to the benefits provided by Medicare.

(4) Not be limited to coverage exclusively for a single disease or affliction.

(5) If the policy does not cover custodial care in a skilled nursing care facility, dental care, eye glasses, prescription drugs, or hearing

aids, the cover page of the policy and the cover page of the outline of coverage required by subdivision (g) shall contain the statement in no less than 12-point upper case type THIS POLICY DOES NOT COVER (indicate the specific coverage set forth above in this paragraph that is not covered by the policy). Also, the cover page of the policy shall include at least ¼ inch below that statement, the following statement, in no less than 12-point upper case type: THERE MAY BE OTHER EXCLUSIONS IN THIS POLICY, PLEASE REFER TO PAGE (indicate page where other exclusions are described, if other exclusions exist). The requirements of this paragraph apply on and after July 1, 1988.

(6) Until July 1, 1988, if the policy does not cover custodial care, the cover page of the outline of coverage required by subdivision (g) shall contain the statement in upper case type: THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.

(7) Comply with the provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(b) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of insurance policies to supplement Medicare. These standards shall be in addition to and in accordance with applicable laws of this state, including Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(c) The commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under insurance policies to supplement Medicare.

(d) Notwithstanding any other provision of law, insurance policies to supplement Medicare shall not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. A policy shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(e) Insurance policies to supplement Medicare shall return to policyholders benefits which have a minimum loss ratio of 60 percent for individual policies and 70 percent for group policies. On or before September 1, 1988, the commissioner shall issue regulations to establish these minimum standards on the basis of policy experience of the reasonable period of time for which rates are paid and coverage is afforded. The time period shall be less than the life of the policy. For the purposes of this section and the regulations issued pursuant to it, insurance policies to supplement Medicare issued as

a result of solicitation of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be considered individual policies.

The commissioner shall require that insurers maintain detailed experience data for policies subject to this section and that insurers make an annual filing with the commissioner disclosing the loss ratio for each policy subject to this section.

If that filing or other information received by the commissioner indicates that the actual loss ratio for a policy is less than the minimum loss ratio established by the commissioner, the commissioner shall require that insurers file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods such that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

If, in the opinion of the commissioner, a policy's failure to meet the minimum loss ratio requirement is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for the granting of the exemption.

If an insurer fails to file and implement a corrective plan in a timely manner, the commissioner shall withdraw approval of the policy according to the procedures set forth in Section 10293. This remedy shall be in addition to any remedy available in this section or under other laws of this state. Any report, plan, exemption, or other document prepared pursuant to this subdivision shall be accessible to the public as a public record. A summary of reports, plans, exemptions, or other documents prepared pursuant to this subdivision shall be included in the commissioner's annual report to the Legislature in accordance with Section 911.5.

The commissioner shall adopt regulations to implement this subdivision and shall amend existing regulations to conform to this subdivision on or before September 1, 1988.

For the purposes of this subdivision, an insurance policy to supplement Medicare includes each specific insurance policy type for individual or group coverage, delivered or issued for delivery by any insurer in this state. "Specific insurance policy type" includes a policy with all of the same provisions and coverage specifications.

(f) In addition to Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, and in order to provide for full and fair disclosure in the sale of Medicare supplemental policies, no insurance policy to supplement Medicare shall be delivered or issued for delivery in this state or elsewhere and no certificate shall be delivered pursuant to a group Medicare supplemental policy delivered or issued for delivery in the state unless an outline of coverage is delivered to the applicant at the time application is made.

(g) The commissioner shall prescribe the format and content of

the outline of coverage required by subdivision (f). For purposes of this section, "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include all of the following:

(1) A description of the principal benefits and coverage provided in the policy.

(2) A statement of the exceptions, reductions, and limitations contained in the policy.

(3) A statement of the renewal provisions including any reservation by the insurer of a right to change premiums.

(4) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(h) The commissioner may prescribe by regulation a standard form, and the contents of, an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

CHAPTER 1498

An act to amend Section 6146 of the Business and Professions Code, to amend Sections 3294 and 3295 of, and to add Section 1714.45 to, and to add Title 13.5 (commencing with Section 2860) to Part 4 of Division 3 of, the Civil Code, and to add Section 425.13 to the Code of Civil Procedure, relating to liability.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Willie L. Brown Jr.-Bill Lockyer Civil Liability Reform Act of 1987.

SEC. 2. Section 6146 of the Business and Professions Code is amended to read:

6146. (a) An attorney shall not contract for or collect a contingency fee for representing any person seeking damages in connection with an action for injury or damage against a health care

provider based upon such person's alleged professional negligence in excess of the following limits:

(1) Forty percent of the first fifty thousand dollars ($50,000) recovered.

(2) Thirty-three and one-third percent of the next fifty thousand dollars ($50,000) recovered.

(3) Twenty-five percent of the next five hundred thousand dollars ($500,000) recovered.

(4) Fifteen percent of any amount on which the recovery exceeds six hundred thousand dollars ($600,000).

The limitations shall apply regardless of whether the recovery is by settlement, arbitration, or judgment, or whether the person for whom the recovery is made is a responsible adult, an infant, or a person of unsound mind.

(b) If periodic payments are awarded to the plaintiff pursuant to Section 667.7 of the Code of Civil Procedure, the court shall place a total value on these payments based upon the projected life expectancy of the plaintiff and include this amount in computing the total award from which attorney's fees are calculated under this section.

(c) For purposes of this section:

(1) "Recovered" means the net sum recovered after deducting any disbursements or costs incurred in connection with prosecution or settlement of the claim. Costs of medical care incurred by the plaintiff and the attorney's office-overhead costs or charges are not deductible disbursements or costs for such purpose.

(2) "Health care provider" means any person licensed or certified pursuant to Division 2 (commencing with Section 500), or licensed pursuant to the Osteopathic Initiative Act, or the Chiropractic Initiative Act, or licensed pursuant to Chapter 2.5 (commencing with Section 1440) of Division 2 of the Health and Safety Code; and any clinic, health dispensary, or health facility, licensed pursuant to Division 2 (commencing with Section 1200) of the Health and Safety Code. "Health care provider" includes the legal representatives of a health care provider.

(3) "Professional negligence" is a negligent act or omission to act by a health care provider in the rendering of professional services, which act or omission is the proximate cause of a personal injury or wrongful death, provided that the services are within the scope of services for which the provider is licensed and which are not within any restriction imposed by the licensing agency or licensed hospital.

SEC. 3. Section 1714.45 is added to the Civil Code, to read:

1714.45. (a) In a product liability action, a manufacturer or seller shall not be liable if:

(1) The product is inherently unsafe and the product is known to be unsafe by the ordinary consumer who consumes the product with the ordinary knowledge common to the community; and

(2) The product is a common consumer product intended for personal consumption, such as sugar, castor oil, alcohol, tobacco, and

butter, as identified in comment i to Section 402A of the Restatement (Second) of Torts.

(b) For purposes of this section, the term "product liability action" means any action for injury or death caused by a product, except that the term does not include an action based on a manufacturing defect or breach of an express warranty.

(c) This section is intended to be declarative of and does not alter or amend existing California law, including Cronin v. J.B.E. Olson Corp., (1972) 8 Cal. 3d 121, and shall apply to all product liability actions pending on, or commenced after, January 1, 1988.

SEC. 4. Title 13.5 (commencing with Section 2860) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 13.5. OBLIGATION TO DEFEND ACTION

2860. (a) If the provisions of a policy of insurance impose a duty to defend upon an insurer and a conflict of interest arises which creates a duty on the part of the insurer to provide independent counsel to the insured, the insurer shall provide such counsel to represent the insured unless, at the time the insured is informed that a possible conflict may arise or does exist, the insured expressly waives, in writing, the right to such counsel. An insurance contract may contain a provision which sets forth the method of selecting such counsel consistent with this section.

(b) For purposes of this section, a conflict of interest does not exist as to allegations or facts in the litigation for which the insurer denies coverage; however, when an insurer reserves its rights on a given issue and the outcome of that coverage issue can be controlled by counsel first retained by the insurer for the defense of the claim, a conflict of interest may exist. No conflict of interest shall be deemed to exist as to allegations of punitive damages or be deemed to exist solely because an insured is sued for an amount in excess of the insurance policy limits.

(c) When the insured has selected independent counsel to represent him or her, the insurer may exercise its right to require that the counsel selected by the insured possess certain minimum qualifications which may include that the selected counsel have (1) at least five years of tort litigation practice which includes substantial defense experience in the subject at issue in the litigation, and (2) errors and omissions coverage. The insurer's obligation to pay fees to such independent counsel selected by the insured is limited to the rates which are actually paid by the insurer to attorneys retained by it in the ordinary course of business in the defense of similar actions in the community where the claim arose or is being defended. The provisions of this subdivision shall not invalidate other different or additional policy provisions pertaining to attorney's fees or providing for methods of settlement of disputes concerning those fees. Any dispute concerning attorney's fees not resolved by these methods shall be resolved by final and binding arbitration by a single neutral

arbitrator selected by the parties to the dispute.

(d) When independent counsel has been selected by the insured, it shall be the duty of such counsel and the insured to disclose to the insurer all information concerning the action except privileged materials relevant to coverage disputes, and timely to inform and consult with the insurer on all matters relating to the action. Any claim of privilege asserted is subject to in camera review in the appropriate law and motion department of the superior court. Any information disclosed by the insured or by independent counsel is not a waiver of the privilege as to any other party.

(e) The insured may waive its right to select independent counsel by signing the following statement:

"I have been advised and informed of my right to select independent counsel to represent me in this lawsuit. I have considered this matter fully and freely waive my right to select independent counsel at this time. I authorize my insurer to select a defense attorney to represent me in this lawsuit."

(f) Where the insured selects independent counsel pursuant to the provisions of this section, both the counsel provided by the insurer and independent counsel selected by the insured shall be allowed to participate in all aspects of the litigation. Counsel shall cooperate fully in the exchange of information that is consistent with each counsel's ethical and legal obligation to the insured. Nothing in this section shall relieve the insured of his or her duty to cooperate with the insurer under the terms of the insurance contract.

SEC. 5. Section 3294 of the Civil Code is amended to read:

3294. (a) In an action for the breach of an obligation not arising from contract, where it is proven by clear and convincing evidence that the defendant has been guilty of oppression, fraud, or malice, the plaintiff, in addition to the actual damages, may recover damages for the sake of example and by way of punishing the defendant.

(b) An employer shall not be liable for damages pursuant to subdivision (a), based upon acts of an employee of the employer, unless the employer had advance knowledge of the unfitness of the employee and employed him or her with a conscious disregard of the rights or safety of others or authorized or ratified the wrongful conduct for which the damages are awarded or was personally guilty of oppression, fraud, or malice. With respect to a corporate employer, the advance knowledge and conscious disregard, authorization, ratification or act of oppression, fraud, or malice must be on the part of an officer, director, or managing agent of the corporation.

(c) As used in this section, the following definitions shall apply:

(1) "Malice" means conduct which is intended by the defendant to cause injury to the plaintiff or despicable conduct which is carried on by the defendant with a willful and conscious disregard of the rights or safety of others.

(2) "Oppression" means despicable conduct that subjects a person to cruel and unjust hardship in conscious disregard of that

person's rights.

(3) "Fraud" means an intentional misrepresentation, deceit, or concealment of a material fact known to the defendant with the intention on the part of the defendant of thereby depriving a person of property or legal rights or otherwise causing injury.

(d) Damages may be recovered pursuant to this section in an action pursuant to Section 377 of the Code of Civil Procedure or Section 573 of the Probate Code based upon a death which resulted from a homicide for which the defendant has been convicted of a felony, whether or not the decedant died instantly or survived the fatal injury for some period of time. The procedures for joinder and consolidation contained in Section 377 of the Code of Civil Procedure shall apply to prevent multiple recoveries of punitive or exemplary damages based upon the same wrongful act.

(e) The amendments to this section made by Senate Bill No. 241 of the 1987–88 Regular Session apply to all actions in which the initial trial has not commenced prior to January 1, 1988.

SEC. 6. Section 3295 of the Civil Code is amended to read:

3295. (a) The court may, for good cause, grant any defendant a protective order requiring the plaintiff to produce evidence of a prima facie case of liability for damages pursuant to Section 3294, prior to the introduction of evidence of:

(1) The profits the defendant has gained by virtue of the wrongful course of conduct of the nature and type shown by the evidence.

(2) The financial condition of the defendant.

(b) Nothing in this section shall prohibit the introduction of prima facie evidence to establish a case for damages pursuant to Section 3294.

(c) No pretrial discovery by the plaintiff shall be permitted with respect to the evidence referred to in paragraphs (1) and (2) of subdivision (a) unless the court enters an order permitting such discovery pursuant to this subdivision. However, the plaintiff may subpoena documents or witnesses to be available at the trial for the purpose of establishing the profits or financial condition referred to in subdivision (a), and the defendant may be required to identify documents in the defendant's possession which are relevant and admissible for that purpose and the witnesses employed by or related to the defendant who would be most competent to testify to those facts. Upon motion by the plaintiff supported by appropriate affidavits and after a hearing, if the court deems a hearing to be necessary, the court may at any time enter an order permitting the discovery otherwise prohibited by this subdivision if the court finds, on the basis of the supporting and opposing affidavits presented, that the plaintiff has established that there is a substantial probability that the plaintiff will prevail on the claim pursuant to Section 3294. Such order shall not be considered to be a determination on the merits of the claim or any defense thereto and shall not be given in evidence or referred to at the trial.

(d) The court shall, on application of any defendant, preclude the

admission of evidence of that defendant's profits or financial condition until after the trier of fact returns a verdict for plaintiff awarding actual damages and finds that a defendant is guilty of malice, oppression, or fraud in accordance with Section 3294. Evidence of profit and financial condition shall be admissible only as to the defendant or defendants found to be liable to the plaintiff and to be guilty of malice, oppression, or fraud. Evidence of profit and financial condition shall be presented to the same trier of fact that found for the plaintiff and found one or more defendants guilty of malice, oppression, or fraud.

(e) No claim for exemplary damages shall state an amount or amounts.

(f) The amendments to this section made by Senate Bill No. 241 of the 1987–88 Regular Session apply to all actions in which the initial trial has not commenced prior to January 1, 1988.

SEC. 7. Section 425.13 is added to the Code of Civil Procedure, to read:

425.13. No claim for punitive damages against a health care provider shall be included in a complaint or other pleading unless the court enters an order allowing an amended pleading that includes a claim for punitive damages to be filed. The court may allow the filing of an amended pleading claiming punitive damages on a motion by the party seeking the amended pleading and on the basis of the supporting and opposing affidavits presented that the plaintiff has established that there is a substantial probability that the plaintiff will prevail on the claim pursuant to Section 3294 of the Civil Code. The court shall not grant a motion allowing the filing of an amended pleading that includes a claim for punitive damages if the motion for such an order is not filed within two years after the complaint or initial pleading is filed or not less than nine months before the date the matter is first set for trial, whichever is earlier.

CHAPTER 1499

An act to repeal and add Section 502 of the Penal Code, and to amend Section 653.5 of, and to add Section 653.1 to, the Welfare and Institutions Code, relating to crimes.

[Approved by Governor September 30, 1987. Filed with Secretary of State September 30, 1987]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Comprehensive Computer Data Access and Fraud Act."

SEC. 2. Section 502 of the Penal Code is repealed.

502. (a) It is the intent of the Legislature in enacting this section

to expand the degree of protection afforded to individuals, businesses, and governmental agencies from tampering, interference, damage, and unauthorized access to lawfully created computer data and computer systems. The Legislature finds and declares that the proliferation of computer technology has resulted in a concomitant proliferation of computer crime and other forms of unauthorized access to computers, computer systems, and computer data.

The Legislature further finds and declares that protection of the integrity of all types and forms of lawfully created computers, computer systems, and computer data is vital to the protection of the privacy of individuals as well as to the well-being of financial institutions, business concerns, governmental agencies, and others within this state that lawfully utilize those computers, computer systems, and data.

653.1. Notwithstanding Section 653, in the case of an affidavit alleging that the minor committed an offense described in Section 602, the probation officer shall cause the affidavit to be immediately taken to the prosecuting attorney if it appears to the probation officer that the minor has been referred to the probation officer for any violation of an offense listed in subdivision (b) of Section 707 and that offense was allegedly committed when the minor was 16 years of age or older. If the prosecuting attorney decides not to file a petition, he or she may return the affidavit to the probation officer for any other appropriate action.

SEC. 5. Section 653.5 of the Welfare and Institutions Code is amended to read:

653.5. (a) Whenever any person applies to the probation officer to commence proceedings in the juvenile court, the application shall be in the form of an affidavit alleging that there was or is within the county, or residing therein, a minor within the provisions of Section 602, or that a minor committed an offense described in Section 602 within the county, and setting forth facts in support thereof. The probation officer shall immediately make any investigation he or she

deems necessary to determine whether proceedings in the juvenile court shall be commenced.

(b) Except as provided in subdivision (c), if the probation officer determines that proceedings pursuant to Section 650 should be commenced to declare a person to be a ward of the juvenile court on the basis that he or she is a person described in Section 602, the probation officer shall cause the affidavit to be taken to the prosecuting attorney.

(c) Notwithstanding the provisions of subdivision (b), the probation officer shall cause the affidavit to be taken within 48 hours to the prosecuting attorney in all of the following cases:

(1) If it appears to the probation officer that the minor has been referred to the probation officer for any violation of an offense listed in subdivision (b) of Section 707.

(2) If it appears to the probation officer that the minor is under 16 years of age at the date of the offense and that the offense constitutes a second felony referral to the probation officer.

(3) If it appears to the probation officer that the minor was 16 years of age or older at the date of the offense and that the offense constitutes a felony referral to the probation officer.

The provisions of subdivision (c) shall not apply to a narcotics and drug offense set forth in Section 1000 of the Penal Code.

The prosecuting attorney shall within his or her discretionary power institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 and Section 26500 of the Government Code. However, if it appears to the prosecuting attorney that the affidavit was not properly referred, that the offense for which the minor was referred should be charged as a misdemeanor, or that the minor may benefit from a program of informal supervision, he or she shall refer the matter to the probation officer for whatever action the probation officer may deem appropriate.

(d) In all matters where the minor is not in custody and is already a ward of the court or a probationer under Section 602, the prosecuting attorney, within five judicial days of receipt of the affidavit from the probation officer, shall institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 of this code and Section 26500 of the Government Code, unless it appears to the prosecuting attorney that the affidavit was not properly referred or that the offense for which the minor was referred requires additional substantiating information, in which case he or she shall immediately notify the probation officer of what further action he or she is taking.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1500

An act to add Chapter 5.7 (commencing with Section 92590) to Part 57 of the Education Code, relating to manufacturing and automation research, and making an appropriation therefor.

[Approved by Governor September 30, 1987 Filed with Secretary of State September 30, 1987.]

I am deleting the $200,000 appropriation contained in Section 2 of Senate Bill No. 1647

This bill would appropriate $200,000 to support the University of California Institute for Manufacturing and Automation

The demands placed on budget resources require all of us to set priorities. The budget enacted in July, 1987 appropriated nearly $41 billion in state funds. This amount is more than adequate to provide the necessary essential services provided for by State Government. It is not necessary to put additional pressure on taxpayer funds for programs that fall beyond the priorities currently provided

Thus, after reviewing this legislation, I have concluded that its merits do not sufficiently outweigh the need this year for funding top priority programs and continuing a prudent reserve for economic uncertainties.

I would, however, consider funding the provisions of this bill during the budget process for Fiscal Year 1988–89. It is appropriate to review the relative merits of this program in comparison to all other funding projects. The budget process enables us to weigh all demands on the state's revenues and direct our resources to programs, either new or existing, that have the most merit

With this deletion, I approve Senate Bill No 1647.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.7 (commencing with Section 92590) is added to Part 57 of the Education Code, to read:

CHAPTER 5.7. INSTITUTE FOR MANUFACTURING AND AUTOMATION RESEARCH

92590. The Legislature finds and declares the following:

(a) That a recent study documented that key industries in this state have experienced a decline in productivity from 1972 to 1982 when compared with the rest of the nation. The decline occurred in industries such as computers and civilian aerospace which have been critical to the growth of California's economy.

(b) California continues to be in the forefront of innovation and development of new products, but must improve its competitiveness in the manufacturing of products if industries in the state are to maintain their market shares.

(c) Developing partnerships with the private sector, the federal government, the universities, and the state to support research and education in process engineering would benefit the state's economy.

(d) The Institute for Manufacturing and Automation Research was incorporated in California on March 2, 1987.

92591. The University of California may, with the approval of the regents, participate in the Institute for Manufacturing and Automation Research which meets all the requirements of this chapter.

92591.5. For the purposes of this chapter, "institute" means the Institute for Manufacturing and Automation Research.

92592. The institute shall perform basic and applied research on manufacturing systems, automation, and robotics and shall train engineering students and industry personnel in the latest manufacturing techniques and methods. A major emphasis shall be on the development of highly autonomous, intelligent systems and processes applicable to manufacturing process of interest to California's high technology oriented companies.

The research and development may address the following areas: computer integrated manufacturing; computer hardware methodologies for manfacturing; application of artificial intelligence and expert systems in manufacturing; software methodologies in manufacturing; robotics and numerically controlled manufacturing; computer vision and sensor technology; automated materials handling and storage; process planning and control; computer-aided design, engineering and manufacturing; manufacturing systems engineering; flexible manufacturing systems; human resources in manufacturing and automation; and implementation of advanced manufacturing technology.

The research and development shall be conducted by public and private universities in California. The universities shall utilize visiting fellows from industry to conduct the research and development when possible and appropriate.

92593. There shall be an advisory committee consisting of private industry members willing to identify necessary research and development projects of major importance to industry in California and willing to provide matching funds for the research and development projects.

92594. The institute shall seek funding from private industry, industry associations and foundations, the federal government, and the universities.

92595. The university, with the approval of the regents, shall provide funding for graduate fellowships to assist in the research projects conducted by the University of California.

92596. The Department of Commerce shall contract with the

institute for research and development regarding the manufacturing process. The amount of state funding provided under this contract shall constitute the required state match for securing federal funding from the National Science Foundation's Industry-University Cooperative Research Center program.

SEC. 2. The sum of two hundred thousand dollars ($200,000) is appropriated from the General Fund to the Department of Commerce for implementation of the contract between the department and the institute provided for in this act. The funds appropriated by this act shall only be expended at a ratio of at least seven dollars ($7) of private funds for each four dollars ($4) of the funds appropriated from the General Fund. The funds appropriated from the General Fund shall be expended by the Department of Commerce upon notification that the institute has received the required private match.

CHAPTER 1501

An act to repeal Section 3212.8 of the Labor Code, relating to governmental programs.

[Approved by Governor September 30, 1987. Filed with Secretary of State October 1, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 3212.8 of the Labor Code is repealed.

SEC. 2. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which requires reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 1502

An act to amend Section 12413 of the Insurance Code, relating to insurance.

(a) No title insurance company, controlled escrow company, or underwritten title company shall disburse funds from an escrow account until items or drafts in an amount sufficient to fund any disbursements from the account have been received and deposited to the account or submitted for collection.

(b) Except as provided in Section 12404, where a draft, other than a share draft, has been received and submitted for collection, no title insurance company, controlled escrow company, or underwritten title company shall disburse funds from an escrow account with respect to the draft until the proceeds of the draft have become available for withdrawal as a matter of right from the financial institution to which the draft has been submitted for collection.

(c) Except as provided in Section 12404, where an item which is drawn on an office of a financial institution which is located in a state other than this state, has been received and deposited to the escrow account, no title insurance company, controlled escrow company, or underwritten title company shall disburse funds from the escrow account with respect to the item until the proceeds of the item have become available for withdrawal as a matter of right from the financial institution to which the deposit was made. For the purposes of this subdivision, "item" does not include any category of checks which has been found by the commissioner, in response to an application: (1) to be drawn by a financial institution insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation, (2) to qualify for use in interbank settlements in accordance with Section 4211 of the Commercial Code, (3) to be drawn on an insured bank which is located in a Federal Reserve city or which has a routing and transit code on the face of the check which is identified as a high dollar group sort clearing point by the Board of Governors of the Federal Reserve system, and (4) to be shown on the basis of verifiable information to be collected by depository banks within the same time or less as generally occurs for items drawn on California institutions. For the purposes of this subdivision, "Federal Reserve city" is a city in which is located a Federal Reserve Bank or branch thereof.

(d) For purposes of subdivisions (b) and (c), "available for withdrawal as a matter of right" means the following:

(B) Unless written notification has been received from the financial institution to which the deposit was made establishing a longer period, for any item drawn on a state or federal saving and loan association or state or federal savings bank located in a state other than this state, that period established by regulations, issued pursuant to Article 1.8 (commencing with Section 866) of Chapter 7 of Division 1 of the Financial Code by the department having regulatory authority over the financial institution to which the item was deposited, as a reasonable time for permitting customers to draw on the item which was drawn on a financial institution located in a state other than this state, notwithstanding any provision in the regulations limiting their application to items having a face amount less than a stated amount.

(C) Unless written notification has been received from the financial institution to which the deposit was made establishing a longer period, for any item drawn on a state or national bank located in a state other than this state, that period established by regulations, issued pursuant to Article 1.8 (commencing with Section 866) of Chapter 7 of Division 1 of the Financial Code by the department having regulatory authority over the financial institution to which the item was deposited, as a reasonable time for permitting customers to draw on the item which was drawn on a financial institution located in a state other than this state, notwithstanding any provision in the regulations limiting their application to items having a face amount less than a stated amount.

(E) When the financial institution to which the item has been deposited considers the item available for withdrawal as a matter of right, and when a final settlement will occur, as indicated to the title insurance company, controlled escrow company, or underwritten title company, in writing, by the depository financial institution with respect to that item or type of item.

(e) As used herein, the deposit to an escrow account of an item, or the submission for collection of an item, shall be deemed to have

occurred on the date denominated the day of deposit as set forth in the regulations adopted pursuant to Article 1.8 (commencing with Section 866) of Chapter 7 of Division 1 of the Financial Code, applicable to the financial institution to which the item is deposited or submitted for collection by the title insurer, controlled escrow company, or underwritten title company.

(f) For purposes of this section, the term "escrow account" means any depository account with a financial institution to which items or drafts are deposited with respect to any transaction wherein one person, for the purpose of effecting the sale, transfer, encumbering or leasing of real or personal property to another person, delivers any written instrument, money, evidence of title to real or personal property, or other thing of value to a third person to be held by such third person until the happening of a specified event or the performance of a prescribed condition, when it is then to be delivered by such third person to a grantee, grantor, promisee, promisor, obligee, obligor, bailee, bailor, or any agency or employee of the latter.

(g) For purposes of this section, the term "item" means any check (including a cashier's check), negotiable order of withdrawal, share draft, traveler's check, or money order.

(h) For purposes of this section, the term "financial institution" means any financial institution: (1) whose accounts are insured by either the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation or the National Credit Union Administration, or (2) which is subject to the jurisdiction of either the Comptroller of the Currency, the Federal Home Loan Bank Board, or the National Credit Union Administration, or (3) is located in a state other than this state, and does not meet the requirements of paragraph (1) or (2), but is subject to the jurisdiction of the state with which it is located by an agency having authority comparable to that of either the State Department of State Banking, Department of Savings and Loan, or Department of Corporations.

(i) No title insurance company, controlled escrow company, or underwritten title company shall be liable for a violation of this section if the violation was not intentional or resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid that error. Examples of bona fide errors include, but are not limited to clerical, calculation, computer malfunction and programming, and printing errors.

(j) Nothing in this section shall be deemed to prohibit the recordation of documents prior to the time funds would be available for disbursement with respect to a transaction provided the parties to the transaction consent in writing prior thereto.

CHAPTER 1503

An act to add Section 1940.5 to the Civil Code, relating to landlord-tenant.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1987.]

The people of the State of California do enact as follows:

SECTION 1. Section 1940.5 is added to the Civil Code, to read:

1940.5. An owner or an owner's agent shall not refuse to rent a dwelling unit in a structure which received its valid certificate of occupancy after January 1, 1973, to an otherwise qualified prospective tenant or refuse to continue to rent to an existing tenant solely on the basis of that tenant's possession of a waterbed or other bedding with liquid filling material where all of the following requirements and conditions are met:

(a) A tenant or prospective tenant furnishes to the owner, prior to installation, a valid waterbed insurance policy or certificate of insurance for property damage. The policy shall be issued by a company licensed to do business in California and possessing a Bests Insurance Report rating of "B" or higher. The insurance policy shall be maintained in full force and effect until the bedding is permanently removed from the rental premises. The policy shall cover, up to the limits of the policy, replacement value of all property damage, including loss of use, incurred by the rental property owner or other caused by or arising out of the ownership, maintenance, use, or removal of the waterbed on the rental premises only, except for any damage caused intentionally or at the direction of the insured, or for any damage caused by or resulting from fire. The owner may require the tenant to produce evidence of insurance at any time. The carrier shall give the owner notice of cancellation or nonrenewal 10 days prior to this action. Every application for a policy shall contain the information as provided in subdivisions (a), (b), and (c) of Section 1962 and Section 1962.5.

(b) The bedding shall conform to the pounds-per-square foot weight limitation and placement as dictated by the floor load capacity of the residential structure. The weight shall be distributed on a pedestal or frame which is substantially the dimensions of the mattress itself.

(c) The tenant or prospective tenant shall install, maintain and remove the bedding, including, but not limited to, the mattress and frame, according to standard methods of installation, maintenance, and removal as prescribed by the manufacturer, retailer, or state law, whichever provides the higher degree of safety. The tenant shall notify the owner or owner's agent in writing of the intent to install,

remove, or move the waterbed. The notice shall be delivered 24 hours prior to the installation, removal, or movement. The owner or the owner's agent may be present at the time of installation, removal, or movement at the owner's or the owner's agent's option. If the bedding is installed or moved by any person other than the tenant or prospective tenant, the tenant or prospective tenant shall deliver to the owner or to the owner's agent a written installation receipt stating the installer's name, address, and business affiliation where appropriate.

(d) Any new bedding installation shall conform to the owner's or the owner's agent's reasonable structural specifications for placement within the rental property and shall be consistent with floor capacity of the rental dwelling unit.

(e) The tenant or prospective tenant shall comply with the minimum component specification list prescribed by the manufacturer, retailer, or state law, whichever provides the higher degree of safety.

(f) All bedding shall comply with the rules and regulations governing the quality of bedding construction promulgated by the Bureau of Home Furnishings pursuant to Section 19155 of the Business and Professions Code, and shall display a label declaring compliance with those rules and regulations. Any bedding constructed prior to January 1, 1973, shall be deemed not in compliance with the requirements of this subdivision.

(g) Subject to the notice requirements of Section 1954, the owner, or the owner's agent, shall have the right to inspect the bedding installation upon completion, and periodically thereafter, to insure its conformity with this section. If installation or maintenance is not in conformity with this section, the owner may serve the tenant with a written notice of breach of the rental agreement. The owner may give the tenant three days either to bring the installation into conformity with those standards or to remove the bedding, unless there is an immediate danger to the structure, in which case there shall be immediate corrective action. If the bedding is installed by any person other than the tenant or prospective tenant, the tenant or prospective tenant shall deliver to the owner or to the owner's agent a written installation receipt stating the installer's name and business affiliation where appropriate.

(h) Notwithstanding Section 1950.5, an owner or owner's agent is entitled to increase the security deposit on the dwelling unit in an amount equal to one-half of one months' rent. The owner or owner's agent may charge a tenant, lessee, or sublessee a reasonable fee to cover administration costs. In no event does this section authorize the payment of a rebate of premium in violation of Article 5 (commencing with Section 750) of Chapter 1 of Part 2 of Division 1 of the Insurance Code.

(i) Failure of the owner, or owner's agent, to exercise any of his or her rights pursuant to this section does not constitute grounds for denial of an insurance claim.

(j) As used in this section, "tenant" includes any lessee, and "rental" means any rental or lease.

SEC. 2. The Bureau of Home Furnishings shall, on or before January 1, 1989, do all of the following:

(a) Review the current standards for waterbed heaters.

(b) Review recent developments in technology relating to waterbed heaters.

CHAPTER 1504

An act to amend Section 39015 of the Education Code, relating to school facilities.

[Became law without Governor's signature. Filed with Secretary of State October 1, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 39015 of the Education Code is amended to read:

39015. (a) Whenever a school district acquires or has acquired a site for school purposes, as determined by the State Allocation Board, and does not use the site within (1) five years of the date of acquisition for the kindergarten, if any, and any of grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district, or, (2) seven years of the date of acquisition for any of grades 7 to 12, inclusive, maintained by a high school district or a unified school district, or if a school district has a site at any grade level that has previously been used but has not been used for school purposes within the preceding five years, the school district shall be subject to nonuse payments, unless the State Allocation Board, from time to time, makes a determination that the school district will utilize the property for the purpose for which it was intended within a reasonable period of time, in a specific amount for each additional year in which the site is retained and not used by the district beyond the foregoing specified periods, except the first additional year shall be deemed to end not earlier than April 30, 1973.

(b) Payment shall not be required under this section as to any site having a value of twenty thousand dollars ($20,000) or less. Commencing on January 1, 1988, and annually thereafter, the State Allocation Board shall increase this exemption figure by the amount of the current fiscal year inflation adjustment specified in Section 42238.1, if any.

(c) The payments required shall be computed by the Executive Officer of the State Allocation Board and certified to the Controller, and payments shall be equal to one one-hundredth (1/100) of the

original purchase price of the site modified by either a factor reflecting the change in assessed value of all lands in the state from the date of purchase of the site to the current date or any other factor that in the determination of the State Allocation Board is applicable to the site under consideration.

(d) Whenever the State Allocation Board has determined that a school district in good faith has, within the preceding year, advertised the school site for sale to the highest bidder pursuant to the provisions of Article 4 (commencing with Section 39360) of Chapter 3 of Part 23 and has received no bids that in the judgment of the State Allocation Board reflect the fair market value of the property, the Executive Officer of the State Allocation Board shall not compute any nonuse payments for the site for a period of one year beyond the date of the determination.

(e) Nonuse payments shall not be required for any year with respect to a school site that for one-half or more of the number of days of that year has been utilized (1) by the school district, or by any other governmental entity pursuant to agreement with the school district, for school purposes, for use as a civic center, or for community playground, playing field, or other outdoor recreational purposes, or (2) by the State Allocation Board, pursuant to agreement with the school district, for the storage of emergency portable classrooms. " Civic center," for this purpose, means a site used for one or more of the purposes described in Section 40041.

Nonuse payments shall not be required for any year with respect to a school site that was leased at least one-half of the days in that year in a manner that subjected the site to property taxes equal to the taxes that would have been paid if the site had been sold.

RESOLUTION CHAPTER 10

Assembly Joint Resolution No. 2—Relative to Africanized bees.

[Filed with Secretary of State February 19, 1987.]

WHEREAS, The Africanized bee quickly supplanted European stock, expanding their range 200 to 300 miles a year from the original epicenter in Brazil (1957), and have now reached Guatemala and are

soon to cross over into Mexico if this has not already occurred; and

WHEREAS, Leading scientific experts have indicated that, if the Africanized bee continues to advance as predicted, it will be in the United States by 1990; and

WHEREAS, Studies in Venezuela, Colombia, and Central America found that the bee has retained virtually all of its African characteristics as it has spread; and

WHEREAS, The Africanized bee has the potential to have a devastating impact on California's agricultural industry and to threaten public health and safety; and

WHEREAS, Africanized bees are a potentially serious threat to the pollination of many agricultural crops in California because their colonies are not manageable as commercial pollination units under California conditions, with the vast acreages of crops interspersed with roads, livestock, and people, and especially with the need to frequently transport hives from area to area; and

WHEREAS, In California, more than 600,000 commercially managed beehives pollinate approximately 40 crops, valued at $4 billion annually; and

WHEREAS, California ranks high in the nation in honey production; and

WHEREAS, Assuming pure European stock can still be produced in California after Africanized bees become established, research has shown that the European bees may be unable to compete with a potentially high density of wild Africanized bees foraging on the limited pollen and nectar sources; and

WHEREAS, Africanized bees could have a serious effect on the commercial beekeeping industry for queen and package bee production as well as honey production; and

WHEREAS, A substantial number of cases have been reported in which animals and people have been severely or fatally stung because of the abundance and special behavioral characteristics of the Africanized bee; and

WHEREAS, The public could encounter Africanized bees in the form of wild colonies and swarms in urban and suburban areas as well as rural areas where increased incidences of stinging could occur; and

WHEREAS, Public awareness programs, as well as continuous permanent programs to control wild colonies of Africanized bees would need to be established by public agencies at a great expense to the taxpayer; and

WHEREAS, To date, the Africanized bee has not been eradicated from any area in which it has become established; and

WHEREAS, The United States Department of Agriculture's Agriculture Research Service and Animal and Plant Health Inspection Service have developed the Africanized Bee Barrier Proposal not as the ultimate solution, but as a way to provide our scientists with the time needed for research to be completed to provide a long-term genetic solution; and

WHEREAS, Recent sightings indicate that the Africanized bee has migrated up to the barrier point proposed by the United States Department of Agriculture which may make any delay in implementing the barrier proposal more hazardous; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to give their full support to the speedy implementation of the United States Department of Agriculture's Africanized Bee Barrier Proposal by appropriating the funds necessary from the department's current 1986–87 budget; and be it further

Digest of Bills Amended

8.6. Whenever a bill is amended in either house, the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be, shall request the Legislative Counsel to prepare an amended digest and cause it to be printed on the first page of the bill as amended. The digest shall be amended to show changes in the existing law which are proposed by the bill as amended with any material changes in the digest indicated by the use of appropriate type.

Errors in Digest

8.7. If a material error in a printed digest referred to in Rule 8.5 or 8.6 is brought to the attention of the Legislative Counsel, he shall prepare a corrected digest which shall show the changes made in the digest as provided in Rule 10 for amendments to bills. He shall deliver the corrected digest to the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be. If the correction warrants it in the opinion of the President pro Tempore of the Senate or the Speaker of the Assembly, a corrected print of the bill as introduced shall be ordered with the corrected digest printed thereon.

Bills Amending Title 9 of the Government Code

8.8. A member who is the first-named author of a bill which would amend, add, or repeal any provision of Title 9 (commencing with Section 81000) of the Government Code, upon introduction or amendment of such bill in either house shall notify the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, of the nature of such bill. Thereafter, the Chief Clerk of the Assembly or the Secretary of the Senate shall deliver a copy of such bill as introduced or amended to the Fair Political Practices Commission pursuant to Section 81012 of the Government Code.

Restrictions as to Amendments

9. A substitute or amendment must relate to the same subject as the original bill, constitutional amendment, or resolution under consideration. No amendment shall be in order when all that would be done to the bill is the addition of a coauthor or coauthors, unless the Rules Committee of the house in which such an amendment is to be offered grants prior approval.

Changes in Existing Law to Be Marked by Author

10. In a bill amending or repealing a code section or a general law, any new matter shall be underlined and any matter to be omitted shall be in type bearing a horizontal line through the center and commonly known as "strikeout" type. When printed the new matter shall be printed in italics, and the matter to be omitted shall be printed in "strikeout" type.

In any amendment to a bill which sets out for the first time a section being amended or repealed, any new matter to be added and any matter to be omitted shall be indicated by the author and shall be printed in the same manner as though the section as amended or repealed were a part of the original bill and was being printed for the first time.

When an entire code is repealed as part of a codification or recodification or when an entire title, part, division, chapter, or article of a code is repealed, the sections comprising such code, title, part, division, chapter, or article shall not be set forth in the bill or amendment in strikeout type.

Rereference to Fiscal and Rules Committees

10.5. Bills shall be rereferred to the fiscal committee of each house when they would do any of the following:

(1) Appropriate money.

(2) Result in substantial expenditure of state money by: (a) imposing new responsibilities on the state or (b) imposing new or additional duties on a state agency or (c) liberalizing any state program, function, or responsibility.

(3) Result in a substantial loss of revenue to the state.

(4) Result in substantial reduction of expenditures of state money by reducing, transferring, or eliminating any existing responsibilities of any state agency, program, or function.

Concurrent and joint resolutions shall be rereferred to the fiscal committee of each house when they contemplate any action which would involve any of the following:

(1) Any substantial expenditure of state money.

(2) Any substantial loss of revenue to the state.

The above requirements do not apply to bills or concurrent resolutions which contemplate the expenditure or allocation of contingent funds.

A bill which assigns a study to the Joint Legislative Budget Committee or to the Legislative Analyst shall be rereferred to the respective rules committees. Before the committee shall act upon such bill, it shall obtain from the Joint Legislative Budget Committee an estimate of the amount required to be expended to make the study.

Heading of Bills

10.7. No bill shall indicate in its heading or elsewhere that it was introduced at the request of a state agency or officer or any other person. No bill shall contain the words "By request" or words of similar import.

Consideration of Bills

10.8. The limitation contained in subdivision (a) of Section 8 of Article IV of the Constitution may be dispensed with as follows:

(a) A written request for such dispensation entitled "Request to Consider and Act on Bill Within 30 Calendar Days" shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, and transmitted to the Committee on Rules of the appropriate house.

(b) The Committee on Rules of the Assembly or Senate, as the case may be, shall determine whether there exists an urgent need for dispensing with the 30-calendar-day waiting period following the bill's introduction.

(c) If the Committee on Rules recommends that the waiting period be dispensed with, the member may offer a resolution, without further reference thereof to committee, authorizing hearing and action upon the bill before the 30 calendar days have elapsed. The adoption of the resolution shall require an affirmative recorded vote of three-fourths of the elected members of the house in which the resolution is presented.

Printing of Amendments

11. (a) All bills amended by either house shall be immediately reprinted. Except as otherwise provided in subdivision (b), if new matter is added by the amendment, the new matter shall be printed in italics in the printed bill; if matter is omitted, the matter to be omitted shall be printed in strikeout type. When a bill is amended in either house, the first or previous markings shall be omitted.

(b) If amendments to a bill, including the report of a committee on conference, are adopted that omit the entire contents of the bill, the matter omitted need not be reprinted in the amended version of the bill. Instead, the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be, may select any such amended bill and cause to be printed a brief statement to appear after the last line of the amended bill identifying which previously printed version of the bill contains the complete text of the omitted matter.

Manner of Printing Bills

12. The State Printer shall observe the directions of the Joint Rules Committee in printing all bills, constitutional amendments, and

concurrent and joint resolutions.

Distribution of Legislative Publications

13. The Secretary of the Senate and the Chief Clerk of the Assembly shall order a sufficient number of bills and legislative publications as may be necessary for legislative requirements.

No complete list of bills shall be delivered except upon payment therefor of such sum as may be fixed by the Joint Rules Committee for any regular or extraordinary session. No more than one copy of any bill or other legislative publication, nor more than a total of 100 bills or other legislative publications during a session, shall be distributed free to any person, office, or organization. The limitations imposed by this paragraph do not apply to Members of the Legislature, the President of the Senate, the Secretary of the Senate and the Chief Clerk of the Assembly for the proper functioning of their respective houses; the Legislative Counsel Bureau; Attorney General's office; Secretary of State's office; Controller's office; Governor's office; the Clerk of the Supreme Court; the clerk of the court of appeal for each district; the Judicial Council; the California Law Revision Commission; the State Library; the Library of Congress; the libraries of the University of California at Berkeley and at Los Angeles; and accredited members of the press. The State Printer shall fix the cost of such bills and publications, including postage, and such moneys as may be received by him shall, after deducting the cost of handling and mailing, be remitted on the first day of each month, one-half each to the Secretary of the Senate and the Chief Clerk of the Assembly for credit to legislative printing. Legislative publications heretofore distributed through the Bureau of Documents shall be distributed through the Bill Room. Unless otherwise provided for, the total number of each bill to be printed shall not be more than 2,500.

Summary Digest and Legislative Index

13.1. The Legislative Counsel shall provide for the periodic publication of a cumulative Legislative Index which shall include tables of sections affected by pending legislation. The State Printer shall print the Legislative Index in such quantities, and at such times, as are determined by the Secretary of the Senate and the Chief Clerk of the Assembly. The costs of such printing shall be paid from the legislative printing appropriation.

13.3. The Legislative Counsel shall compile and prepare for publication a summary digest of legislation passed at each regular and extraordinary session, which digest shall be prepared in a form suitable for inclusion in the publication of statutes. The digest shall be printed as a separate legislative publication on the order of the Joint Rules Committee and may be made available to the public in such quantities and at such prices as the Joint Rules Committee may

determine.

13.5. The Legislative Counsel shall prepare for publication from time to time a cumulative statutory record. The statutory record shall be printed as a legislative publication on the order of the Secretary of the Senate or the Chief Clerk of the Assembly.

OTHER LEGISLATIVE PRINTING

Printing of the Daily Journal

14. The State Printer shall print in such quantity as directed by the Secretary of the Senate and the Chief Clerk of the Assembly, copies of the journal of each day's proceedings of each house. At the end of the session he shall also print, as directed by the Secretary of the Senate and the Chief Clerk of the Assembly a sufficient number of copies properly paged after being corrected and indexed by the Secretary of the Senate and the Chief Clerk of the Assembly, to bind in book form as the journal of the respective houses of the Legislature.

What Shall Be Printed in the Journal

15. The following shall always be printed in the journal of each house:

(a) Messages from the Governor and messages from the other house, and the titles of all bills, joint and concurrent resolutions, and constitutional amendments when introduced in, offered to, or acted upon by the house.

(b) Every vote taken in the house, and a statement of the contents of each petition, memorial, or paper presented to the house.

(c) A true and accurate account of the proceedings of the house, when not acting as a Committee of the Whole.

Printing of the Daily File

16. A daily file of bills ready for consideration shall be printed each day for each house when the Legislature is not in joint recess except days when a house does not meet.

Printing of History

17. Each house shall cause to be printed, once each week, a complete history of all bills; constitutional amendments; and concurrent, joint, and house resolutions originating in, considered, or acted upon by the respective houses and committees thereof. A regular form shall be prescribed by the Secretary of the Senate and the Chief Clerk of the Assembly. Such history shall show the action taken upon each measure up to and including the legislative day preceding its issuance. Except for periods when the houses are in

joint recess, for each day intervening there shall be printed a daily history showing the consideration given to or action taken upon any measure since the issuance of the complete history.

Authority for Printing Orders

18. The State Printer shall not print for use of either house nor charge to legislative printing any matter other than provided by law or by the rules, except upon a written order signed by the Secretary of the Senate, on behalf of the Senate, or the Chief Clerk of the Assembly or other person authorized by the Assembly, on behalf of the Assembly. Persons authorized to order printing under this rule may, when necessity requires it, order certain matter printed in advance of the regular order, by the issuance of a rush order.

The Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly or other person authorized by the Assembly, on behalf of the Assembly, are hereby authorized and directed to order and distribute for the members stationery and legislative publications for which there is a demand, and, subject to the rules of their respective houses, to approve the bills covering such orders. All bills for printing must be presented by the State Printer within 30 days after the completion of the printing.

RECORD OF BILLS

Secretary and Chief Clerk to Keep Records

19. The Secretary of the Senate and the Chief Clerk of the Assembly shall keep a complete and accurate record of every action taken by the Senate and Assembly on every bill.

Secretary and Chief Clerk Shall Endorse Bills

20. The Secretary of the Senate and the Chief Clerk of the Assembly shall endorse on every original or engrossed bill a statement of any action taken by the Senate or Assembly concerning such bill.

ACTION IN ONE HOUSE ON BILL TRANSMITTED FROM THE OTHER

After a Bill Has Been Passed by the Senate or Assembly

21. When a bill has been passed by either house it shall be transmitted promptly to the other unless a motion to reconsider or a notice of motion to reconsider has been made or it is held pursuant to some rule or order of the house.

The procedure of referring bills to committees shall be determined by the respective houses.

Messages to Be in Writing Under Proper Signatures

22. Notice of the action of either house to the other shall be in writing and under the signature of the Secretary of the Senate or the Chief Clerk of the Assembly from which such message is to be conveyed. A receipt shall be taken from the officer to whom such message is delivered.

Uncontested Bills

22.1. Each standing committee may report an uncontested bill out of committee with the recommendation that it be placed on the consent calendar. The Secretary of the Senate and the Chief Clerk of the Assembly shall provide to each committee chairman or chairwoman appropriate forms for such report. As used in this rule, "uncontested bill" means a bill, except a revenue measure or a measure as to which the 30-day limitation prescribed by subdivision (a) of Section 8 of Article IV of the Constitution has been dispensed with, which: (a) receives a do-pass or do-pass-as-amended recommendation from the committee to which it is referred, by unanimous vote of the members present provided a quorum is present; and (b) has no opposition expressed by any person present at the committee meeting with respect to the final version of the bill as approved by the committee; and (c) prior to final action by the committee has been requested, by the author, to be placed on the consent calendar.

Consent Calendar

22.2. Following their second reading and the adoption of any committee amendments thereto, all bills certified by the committee chairman or chairwoman as uncontested bills shall be placed by the Secretary of the Senate or the Chief Clerk of the Assembly on the consent calendar, and shall be known as "consent calendar bills." Any consent calendar bill which is amended from the floor shall cease to be a consent calendar bill and shall be replaced on the third reading file. Upon objection of any member to the placement or retention of any bill on the consent calendar, such bill shall cease to be a consent calendar bill and shall be replaced on the third reading file. No consent calendar bill shall be considered for adoption until the second legislative day following the day of its placement on the consent calendar.

Consideration of Bills on Consent Calendar

22.3. Bills on the consent calendar are not debatable, except that the President of the Senate or the Speaker of the Assembly shall allow a reasonable time for questions from the floor and shall permit the proponents of such bills to answer such questions. Immediately

prior to voting on the first bill on the consent calendar, the President of the Senate or the Speaker of the Assembly shall call to the attention of the members the fact that the next rollcall will be the rollcall on the first bill on the consent calendar.

The consent calendar shall be considered as the last order of business on the daily file.

PASSAGE AND ENROLLING OF BILLS

Procedure on Defeat of More Than Majority Bill

23.5. Whenever a bill containing a section or sections requiring for passage an affirmative recorded vote of more than 21 votes in the Senate and more than 41 votes in the Assembly is being considered for passage and the urgency clause, if the bill is an urgency bill, or the bill, in any case, fails to receive the necessary votes to make all sections effective, no further action may be taken on the bill; provided that an amendment to remove all sections requiring the higher vote for passage from the bill shall be in order prior to consideration of further business. If the amendment is adopted, the bill shall be reprinted to reflect such amendment. When the bill is reprinted, it shall be returned to the same place on the file as when it failed to receive the necessary votes.

Enrollment of Bill After Passage

24. After a bill has passed both houses it shall be printed in enrolled form, omitting symbols indicating amendments, and shall be compared by the Engrossing and Enrolling Clerk and the proper committee of the house where it originated to determine that it is in the form approved by the houses. The enrolled bill shall thereupon be signed by the Secretary of the Senate and Chief Clerk of the Assembly and, except as otherwise provided by these rules, presented without delay to the Governor. The committee shall report the time of presentation of the bill to the Governor to the house and the record shall be entered in the journal. After enrollment and signature by the officers of the Legislature, constitutional amendments, and concurrent and joint resolutions shall be filed without delay in the office of the Secretary of State and the time of filing shall be reported to the house and the record entered in the journal.

AMENDMENTS AND CONFERENCES

Amendments to Amended Bills Must Be Attached

25. Whenever a bill or resolution which shall have been passed in one house shall be amended in the other, it shall immediately be reprinted as amended by the house making such amendment or

amendments. Two copies of such amendment or amendments shall be attached to the bill or resolution so amended, and endorsed "adopted" and such amendment or amendments, if concurred in by the house in which such bill or resolution originated, shall be endorsed "concurred in," and such endorsement shall be signed by the Secretary or Assistant Secretary of the Senate, or the Chief Clerk or Assistant Clerk of the Assembly, as the case may be; provided, however, that an amendment to the title of a bill adopted after the passage of such bill shall not necessitate reprinting, but such amendment must be concurred in by the house in which such bill originated.

Amendments to Concurrent and Joint Resolutions

25.5. When a concurrent or joint resolution is amended, and the only effect of the amendments is to add coauthors, the joint or concurrent resolution shall not be reprinted unless specifically requested by one of the added coauthors, but a list of the coauthors shall appear in the journal and history.

To Concur or Refuse to Concur in Amendments

26. In case the Senate amends and passes an Assembly bill, or the Assembly amends and passes a Senate bill, the Senate (if it be a Senate bill) or the Assembly (if it be an Assembly bill) must either "concur" or "refuse to concur" in the amendments. If the Senate concurs (if it be a Senate bill), or the Assembly concurs (if it be an Assembly bill), the Secretary or Chief Clerk shall notify the house making the amendments and the bill shall be ordered to enrollment.

Reference to Committee

26.5. Pursuant to Rule 26, whenever a bill is returned to its house of origin for a vote on concurrence in an amendment made in the other house, the Legislative Counsel shall promptly prepare and transmit to the Chief Clerk of the Assembly and the Speaker of the Assembly in the case of an Assembly bill, or to the Secretary of the Senate and Chairman of the Senate Committee on Rules in the case of a Senate bill, a brief digest summarizing the effect of the amendment made in the other house. The Secretary or Chief Clerk shall cause the digest to be printed in the Daily File immediately following any reference to the bill covered by the digest. A motion to concur or refuse to concur in the amendment shall not be in order until such time as the Legislative Counsel's Digest has appeared in the file.

If the digest discloses that the amendment of the other house has made a substantial substantive change in the bill as first passed by the house of origin, the bill shall on motion of the Chairman of the Senate Committee on Rules, if it be a Senate bill, be referred to the Senate

Committee on Rules for reference to an appropriate standing committee. If the bill is an Assembly bill it shall be referred by the Chief Clerk of the Assembly, with the approval of the Speaker, to the committee of first reference. If the Speaker, upon evaluation of the bill, determines that the committee of first reference is not an appropriate committee to hear the amended bill, the Speaker shall not approve referral to that committee, but shall instead refer the bill to the Assembly Committee on Rules for rereferral.

Upon receipt of such a bill, the committee may vote to recommend concurrence or nonconcurrence in the amendment or the committee may hold the bill. The committee shall be subject to all the requirements for procedure provided under Rule 62 for committees other than for committees of first referral, and such other requirements for normal committee procedure as the Assembly or Senate may separately provide in the standing rules of their respective houses.

Any of the provisions of this rule may be dispensed with regard to a particular bill in its house of origin upon an affirmative vote of a majority of the members of that house.

Concurring in Amendments Adding Urgency Section

27. When a bill which has been passed in one house is amended in the other by the addition of a section providing that the act shall take effect immediately as an urgency statute and is returned to the house in which it originated for concurrence in the amendment or amendments thereto, the procedure and vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the members elected to the house vote in the affirmative, the presiding officer shall then direct that the question of whether the house shall concur in the amendment or amendments shall be put to a vote. If two-thirds of all the members elected to the house vote in the affirmative, concurrence in the amendments shall be effective.

If the affirmative vote on either of such questions is less than two-thirds of all the members elected to such house, the effect is a refusal to concur in the amendment or amendments, and the procedure thereupon shall be as provided in Rule 28.

When Senate or Assembly Refuse to Concur

28. If the Senate (if it be a Senate bill) or the Assembly (if it be an Assembly bill) refuses to concur in amendments to the bill made by the other house, and when the other house has been notified of such refusal to concur, a conference committee shall be appointed for each house in the manner prescribed by these rules. The Committee on Rules in the case of the Senate and the Speaker of the Assembly in the case of the Assembly shall each appoint a committee

of three on conference, and the Secretary of the Senate or the Chief Clerk of the Assembly shall immediately notify the other house of the action taken.

Committee on Conference

28.1. The Senate Committee on Rules and the Speaker of the Assembly, in appointing a committee on conference, shall each select two members from those voting with the majority on the point about which the difference has arisen, and the other member from the minority, in the event there is a minority vote.

Whether a member has voted with the majority or minority on the point about which the difference has arisen is determined by his vote on the appropriate rollcall, as follows:

(1) In the Assembly—

(a) The rollcall on the question of final passage of a Senate bill amended in the Assembly when the Senate has refused to concur with the Assembly amendments.

(b) The rollcall on the question of concurrence with Senate amendments to an Assembly bill.

(2) In the Senate—

(a) The rollcall on the question of final passage of an Assembly bill amended in the Senate when the Assembly has refused to concur with the Senate amendments.

(b) The rollcall on the question of concurrence with Assembly amendments to a Senate bill.

Meetings and Reports of Committees on Conference

29. The first Senator named on the conference committee shall act as chairman or chairwoman of the committee from the Senate, and the first Member of the Assembly named on such committee shall act as chairman or chairwoman of the committee from the Assembly. The chairman or chairwoman of the committee on conference for the house of origin of the bill shall arrange the time and place of meeting of the conference committee and shall prepare or direct the preparation of reports. It shall require an affirmative vote of not less than two of the Assembly Members and two of the Senate Members constituting the committee on conference to agree upon a report, and the report shall be submitted to both the Senate and the Assembly. The committee on conference shall report to both the Senate and the Assembly. Such report is not subject to amendment, and if either house refuses to adopt such report, the conferees shall be discharged and other conferees appointed; provided, however, that no more than three different conference committees shall be appointed on any one bill. No member who has served on a committee on conference shall be appointed a member of another committee on conference on the same bill. It shall require the same affirmative recorded vote to adopt any conference report as

required by the Constitution upon the final passage of the bill affected by such report. It shall require an affirmative recorded vote of two-thirds of the entire elected membership of each house to adopt any conference report affecting any bill which contains an item or items of appropriation which are subject to subdivision (d) of Section 12 of Article IV of the Constitution. The report of a conference committee shall be in writing, and shall have affixed thereto the signatures of each Senator and each Member of the Assembly consenting to the report. Space shall also be provided where a member of a conference committee may indicate his dissent in the committee's findings. Any dissenting member may have attached to a conference committee report a dissenting report which shall not exceed, in length, the majority committee report. A copy of any amendments proposed in the majority report shall be placed on the desk of each member of the house before it is acted upon by the house.

The vote on concurrence or upon the adoption of such conference report shall be deemed the vote upon final passage of such bill.

Conference Committees

29.5. (a) All meetings of any conference committee on the Budget Bill shall be open and readily accessible to the public.

No conference committee on any bill may meet, consider, or act on the subject matter of the bill except in a meeting that is open and readily accessible to the public; unless the action is on a report determined by the Legislative Counsel to be nonsubstantive. The Legislative Counsel shall examine each proposed report and shall note upon the face of the report that the amendments proposed are "substantive" or "nonsubstantive" as the case may be.

The chairman or chairwoman of the conference committee of each house shall give notice to the file clerk of their respective houses of the time and place of such meeting. Notice of each public meeting shall be published in the file of each house one calendar day prior to the meeting, except that such notice shall not be required for a meeting of a conference committee on the Budget Bill. When the provisions of this subdivision are waived with respect to a meeting of any public conference committee, and when there is a meeting of a conference committee on the Budget Bill, every effort shall be made to inform the public that such a meeting has been called. When the provisions of this subdivision have been waived with respect to the meeting of any public conference committee, the chairman or chairwoman of the conference committee of each house shall immediately notify the chairman or chairwoman of the policy committee of their respective houses that considered the bill in question of the waiver, and of the time and place of the meeting.

(b) The first committee on conference of the Budget Bill, if such a committee is appointed, shall submit its report to each house no later than 15 days after the Budget Bill has been passed by both

houses. If such report is not submitted by such date, the conference committee shall be deemed to have reached no agreement and shall so inform each house pursuant to Rule 30.7.

(c) A committee on conference of the Budget Bill shall only consider differences between the Assembly version of the Budget Bill as passed by the Assembly and the Senate version of the Budget Bill as passed by the Senate and shall not approve any item of expenditure nor control which exceeds that contained in one of the two versions before the conference committee.

(d) No conference committee on any bill, other than the Budget Bill, shall approve any substantial financial provision in any bill if such financial provision has not been heard by the fiscal committee of each house, nor shall any such conference committee approve substantial policy changes which have not been heard by the policy committee of each house.

(e) No waiver of the one calendar day file notice requirement of subdivision (a) shall be effective for longer than three calendar days.

CONFERENCE COMMITTEE REPORTS

30. Upon submission of the report of a committee on conference, if the report recommends that the bill be further amended, the bill shall be reprinted incorporating the amendments recommended by the conference committee. The consideration of the report of a committee on conference shall not be in order until the bill in the form recommended by the report of the committee on conference has both been in print and been noticed in the Daily File for not less than one legislative day.

If the conference committee's report recommends only that the amendments of the Senate or the Assembly "be concurred in", consideration of the report shall be in order at any time, and reprinting of the bill shall not be required, but notice shall appear in the Daily File for not less than one legislative day.

No conference committee report shall be in order unless it has been received by the Secretary of the Senate and the Chief Clerk of the Assembly at least three calendar days preceding the scheduled commencement of the summer, interim, or final recesses of the Legislature.

The provisions of this rule may be suspended as to any particular conference committee report by a two-thirds vote of the membership of either house.

This rule shall not apply to a report of a committee on conference on the Budget Bill.

Conference Committee Reports on Urgency Statutes

30.5. When the report of a committee on conference recommends the amendment of a bill by the addition of a section providing that the act shall take effect immediately as an urgency statute, the

procedure and the vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the members elected to the house vote in the affirmative, the presiding officer shall then direct that the question of whether the house shall adopt the report of the committee on conference shall be put to a vote. If two-thirds of the members elected to the house vote in the affirmative, the adoption of the report and the amendments proposed thereby shall be effective.

If the affirmative vote on either of such questions is less than two-thirds of the members elected to such house, the effect is a refusal to adopt the report of the committee on conference.

Failure to Agree on Report

30.7. A conference committee may find and determine that it is unable to submit a report to the respective houses, upon the affirmative vote to that effect of not less than two of the Assembly Members and not less than two of the Senate Members constituting the committee. Such finding may be submitted to the Chief Clerk of the Assembly and the Secretary of the Senate in the form of a letter from the chairman of the committee on conference for the house of origin of the bill, containing the signatures of the members of the committee consenting to the finding and determination that the committee is unable to submit a report. The Chief Clerk of the Assembly and the Secretary of the Senate, upon being notified that a conference committee is unable to submit a report, shall so inform each house, whereupon the conferees shall be discharged and other conferees appointed, in accordance with the provisions of Rule 29.

MISCELLANEOUS PROVISIONS

Authority When Rules Do Not Govern

31. All relations between the houses which are not covered by these rules shall be governed by Mason's Manual.

Press Rules

32. (a) Persons desiring privileges of accredited press representatives shall make application to the Joint Rules Committee. Such application shall constitute compliance with any provisions of the rules of the Assembly or the Senate with respect to registration of news correspondents. Applications shall state in writing the names of the daily newspapers, periodic publications, news associations, or radio or television stations by which they are employed, and what other occupations or employment they may have, if any; and they shall further declare that they are not employed, directly or indirectly, to assist in the prosecution of the legislative business of

any person, corporation, or association, and will not become so employed while retaining the privilege of accredited press representatives.

(b) The applications required by subdivision (a) of this rule shall be authenticated in a manner that shall be satisfactory to the Standing Committee of the Capitol Correspondents Association which shall see that occupation of seats and desks in the Senate and the Assembly Chambers is confined to bona fide correspondents of reputable standing in their business, who represent daily newspapers requiring a daily file of legislative news, qualified periodic publications, or news associations requiring daily telegraphic or radio or television service on legislative news. It shall be the duty of the standing committee at its discretion, to report violation of accredited press privileges to the Speaker of the Assembly, or to the Senate Committee on Rules, and pending action thereon the offending correspondent may be suspended by the standing committee.

(c) Except as otherwise provided in this subdivision, persons engaged in other occupations whose chief attention is not given to newspaper correspondence or to news associations requiring telegraphic or radio or television service shall not be entitled to the privileges accorded accredited press representatives; and the press list in the Handbook of the California Legislature and the Senate and Assembly Histories shall be a list only of persons authenticated by the standing committee of correspondents. Accreditation may be granted to bona fide correspondents of reputable standing employed by periodic publications of general circulation, providing that the applicants are employed on a full-time basis in the capitol area preparing articles dealing with state government and politics and that their publications are not organs or organizations involved in legislative advocacy.

(d) The press seats and desks in the Senate and Assembly Chambers shall be under the control of the standing committee of correspondents, subject to the approval and supervision of the Speaker of the Assembly and the Senate Committee on Rules. Press cards shall be issued by the President of the Senate and the Speaker of the Assembly only to correspondents properly accredited in accordance with the provisions of this rule.

(e) One or more rooms shall be assigned for the exclusive use of correspondents during the legislative session, which rooms shall be known as the Press Room. The Press Room shall be under the control of the Chief of the Bureau of Buildings and Grounds; provided, that all rules and regulations shall be approved by the Senate Committee on Rules and the Speaker of the Assembly.

(f) No accredited member of the Capitol Correspondents Association shall, for compensation, perform any service for state constitutional officers or members of their staffs, for state agencies, for the Legislature, for candidates for state office, or for a state officeholder, or for any person registered or performing as a legislative advocate.

(g) An accredited member of the association who violates subdivision (a) or (f) of this rule shall be subject to the following penalties:

(1) For the first offense, the Standing Committee of the Capitol Correspondents Association shall send a letter of admonition to the offending member, his employer, and the Joint Rules Committee. The letter shall state the nature of the member's rule violation and shall warn of an additional penalty for a second offense.

(2) For a second offense, the Standing Committee of the Capitol Correspondents Association shall recommend to the Joint Rules Committee that the member's accreditation be suspended or revoked and that he lose all rights and privileges attached thereto. The Standing Committee of the Capitol Correspondents Association shall also dismiss the member from the association.

Any member of the Standing Committee of the Capitol Correspondents Association may propose that the committee make an inquiry to determine if an association member has violated subdivision (a) or (f) of this rule. Upon a majority vote of the Standing Committee of the Capitol Correspondents Association, an inquiry shall be made.

Upon receipt of a signed, written notice from any association member of his belief that another association member may have violated subdivision (a) or (f) of this rule, the Standing Committee of the Capitol Correspondents Association shall commence an inquiry into the possible violation.

If the Standing Committee of the Capitol Correspondents Association determines by majority vote that an association member has broken an association rule, it shall inform the member of its finding. Within two weeks of notification, the member may request a meeting of the membership. If the member makes such a request, the Standing Committee of the Capitol Correspondents Association shall promptly schedule a meeting at the earliest possible time. After hearing the member and the committee review the circumstances of the alleged violation, the membership may, by majority vote, nullify the finding of the Standing Committee of the Capitol Correspondents Association. If nullification does not occur, the Standing Committee of the Capitol Correspondents Association shall impose immediately the appropriate penalty.

Dispensing With Joint Rules

33. No joint rule shall be dispensed with except by a vote of two-thirds of each house, except as otherwise provided in these rules. If either house shall violate a joint rule, a question of order may be raised in the other house and decided in the same manner as in the case of the violation of the rules of such house; and if it shall be decided that the joint rules have been violated, the bill involving such violations shall be returned to the house in which it originated, and such disputed matter be considered in like manner as in

conference committee.

Opinions of Legislative Counsel

34. Whenever the Legislative Counsel issues an opinion to any person other than the first-named author analyzing the constitutionality, operation, or effect of a bill or other legislative measure which is then pending before the Legislature or of any amendment made or proposed to be made to such bill or measure, he is authorized and instructed to deliver two copies of the opinion to the first-named author as promptly as feasible after the delivery of the original opinion and also to deliver a copy to any other author of the bill or measure who so requests. A copy of any letter prepared by the Legislative Counsel for the sole purpose of advising a member of a conflict between two or more bills as to the sections of law being amended, repealed, or added shall be submitted to the chairman of the committee to which each such bill has been referred.

Resolutions Prepared by Legislative Counsel

34.1. Whenever the Legislative Counsel has been requested to draft a resolution commemorating or taking note of any event, or a resolution congratulating or expressing sympathy toward any person, and subsequently receives a similar request from another Member of the Legislature, he shall inform that requester and each subsequent requester that such a resolution is being, or has been, prepared, and he shall inform them of the name of the member for whom the resolution was, or is being, prepared.

Resolutions

34.2. A concurrent resolution, Senate resolution, or House resolution may be introduced to memorialize the death of a present or former state or federal elected official or a member of their immediate families. In all other instances, a resolution other than a concurrent resolution, as specified by the Committee on Rules of each house, or as provided by the Joint Rules Committee in those cases which require that such resolution should emanate from both houses, shall be used for the purpose of commendation, congratulation, sympathy, or regret with respect to any person, group, or organization.

No concurrent resolution requesting the Governor to issue a proclamation shall be introduced without the prior approval of the Committee on Rules of the house in which the resolution is to be introduced.

Identical Drafting Requests

34.5. Whenever it shall come to the attention of the Legislative Counsel that a member has requested the drafting of a bill which will be substantially identical to one already introduced, he shall inform such member of that fact.

Expense of Members

35. As provided in Section 8902 of the Government Code, each Member of the Legislature is entitled to reimbursement for living expenses while required to be in Sacramento to attend a session of the Legislature, or while traveling to and from or in attendance at a committee meeting, or while attending to any legislative function or responsibility as authorized or directed by legislative rules or the Committee on Rules of the house of which he or she is a member at the same rate as may be established by the State Board of Control for other elected state officers. Each member shall be reimbursed for travel expenses incurred in traveling to and from a session of the Legislature, or when traveling to and from a meeting of a committee of which he or she is a member, or when traveling pursuant to any other legislative function or responsibility as authorized or directed by legislative rules or the Committee on Rules of the house of which he or she is a member at the rate prescribed by Section 8903 of the Government Code.

Expense allowances for Members of the Senate and Assembly shall be approved and certified to the Controller by the Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly or other person authorized by the Assembly Committee on Rules, on behalf of the Assembly, weekly or as otherwise directed by either house, and upon such certification the Controller shall draw his or her warrants in payment of the allowances to the respective members.

Investigating Committees

36. In order to expedite the work of the Legislature either house, or both houses jointly, may by resolution or statute provide for the appointment of committees to ascertain facts and to make recommendations as to any subject within the scope of legislative regulation or control.

The resolution providing for the appointment of a committee shall state the purpose of the committee, and the scope of the subject concerning which it is to act and may authorize it to act either during sessions of the Legislature or, when such authorization may lawfully be made, after final adjournment.

In the exercise of the power granted by this rule, each committee may employ such clerical, legal, and technical assistants as may be authorized by: (a) the Joint Committee on Rules in the case of a joint

committee, (b) the Senate Committee on Rules in the case of a Senate committee, or (c) the Assembly Committee on Rules in the case of an Assembly committee.

Except as otherwise provided herein for joint committees or by the rules of the Senate or the Assembly for single house committees, each committee may adopt and amend such rules governing its procedure as may appear necessary and proper to carry out the powers granted and duties imposed under this rule. Such rules may include provisions fixing the quorum of the committee and the number of votes necessary to take action on any matter. With respect to all joint committees, a majority of the membership from each house constitutes a quorum and an affirmative vote of a majority of the membership from each house is necessary for the committee to take action.

Each such committee is authorized and empowered to summon and subpoena witnesses, require the production of papers, books, accounts, reports, documents, records, and papers of every kind and description, to issue subpoenas, and to take all necessary means to compel the attendance of witnesses and to procure testimony, oral and documentary.

Each member of such committees is authorized and empowered to administer oaths, and all of the provisions of Chapter 4 (commencing with Section 9400), Part 1, Division 2, Title 2 of the Government Code, relating to the attendance and examination of witnesses before the Legislature and the committees thereof, shall apply to such committees.

The Sergeant at Arms of the Senate or Assembly, or such other person as may be designated by the chairman or chairwoman of the committee, shall serve any and all subpoenas, orders, and other process that may be issued by the committee, when directed to do so by the chairman, chairwoman, or by a majority of the membership of the committee.

Every department, commission, board, agency, officer, and employee of the state government, including the Legislative Counsel and the Attorney General and their subordinates, and of every political subdivision, county, city, or public district of or in this state, shall give and furnish to these committees and to their subcommittees upon request such information, records, and documents as the committees deem necessary or proper for the achievement of the purposes for which each such committee was created.

Each committee or subcommittee of either house in accordance with the rules of that respective house and each joint committee or subcommittee thereof, may meet at any time during the period in which it is authorized to act, either at the State Capitol, or at any other place in the State of California, in public or executive session, and do any and all things necessary or convenient to enable it to exercise the powers and perform the duties herein granted to it or accomplish the objects and purposes of the resolution creating it with

the following exceptions:

(a) When the Legislature is not in joint recess:

(1) No committee or subcommittee of either house shall meet outside the State Capitol without the prior approval of the Senate Committee on Rules with respect to Senate committees and subcommittees and the Speaker of the Assembly with respect to Assembly committees and subcommittees.

(2) No committee or subcommittee of either house, other than a standing committee or subcommittee thereof, shall meet unless notice of such meeting has been printed in the daily file for four days prior thereto. This requirement may be waived by a majority vote of either house with respect to a particular bill.

(3) No joint committee or subcommittee thereof, other than the Joint Committees on Legislative Audit, Legislative Budget, Legislative Ethics, and Rules, shall meet outside the State Capitol without the prior approval of the Joint Rules Committee.

(4) No joint committee or subcommittee thereof, other than the Joint Committees on Legislative Audit, Legislative Budget, Legislative Ethics, and Rules, shall meet unless notice of such meeting has been printed in the daily file for four days prior thereto.

(b) When the Legislature is in joint recess each joint committee or subcommittee, other than the Joint Committees on Legislative Audit, Legislative Budget, Legislative Ethics, and Rules, shall notify the Joint Rules Committee at least two weeks prior to any such meeting.

(c) The requirements placed upon joint committees by subdivisions (a) and (b) of this rule may be waived where it is deemed necessary by the Joint Rules Committee.

Each such committee may expend such money as may be made available to it for such purpose but no committee shall incur any indebtedness unless money shall have been first made available therefor.

No living expenses shall be allowed in connection with legislative business for a day on which the member receives reimbursement for expenses while required to be in Sacramento to attend a session of the Legislature. The chairman or chairwoman of each committee shall audit and approve the expense claims of the members of the committee including claims for mileage in connection with attendance on committee business, or in connection with specific assignments by the committee chairman or chairwoman, but excluding other types of mileage, and shall certify the amount approved to the Controller, and the Controller shall draw his warrants upon the certification of the chairman or chairwoman.

Subject to the rules of each house for the respective committees of each house, and subject to the joint rules for any joint committee, the chairman or chairwoman of any such committee may appoint subcommittees and chairmen or chairwomen thereof for the purpose of more expeditiously handling and considering matters referred to it, and such subcommittees and the chairmen or

chairwomen thereof shall have all the powers and authority herein conferred upon the committee and its chairman or chairwoman. The chairman or chairwoman of such subcommittee shall audit the expense claims of the members of such subcommittees and other claims and the expenses incurred by it and shall certify the amount thereof to the chairman or chairwoman of the committee who shall, if he approves the same, certify the amount thereof to the Controller, and the Controller shall draw his warrant therefor upon such certification, and the Treasurer shall pay the same. Whenever such committee or any subcommittee thereof is authorized to leave the State of California in the performance of its duties, then such committee or subcommittee shall, while out of the state, have the same authority as if it were acting and functioning within the state, and the members thereof shall be reimbursed for expenses.

Notwithstanding any provision of this rule, if the standing rules of either house require that expense claims of committees for goods or services or pursuant to contracts or for expenses of employees or members of committees be audited or approved, after approval of the committee chairman or chairwoman, by another agency of either house, the Controller shall draw his warrants only upon the certification of such other agency. All expense claims approved by the chairman or chairwoman of any joint committee, other than the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall be approved by the Joint Rules Committee and the Controller shall draw his warrants only upon the certification of the Joint Rules Committee.

Except salary claims of employees clearly subject to federal withholding taxes and the requirement as to loyalty oaths, claims presented for services or pursuant to contract shall refer to the agreement, the terms of which shall be made available to the Controller.

Expenses of Committee Employees

36.1. Unless otherwise provided by respective house or committee rule or resolution, employees of legislative committees shall, when entitled to traveling expenses, be entitled to allowances in lieu of actual expenses for hotel accommodations, breakfast, lunch, and dinner, at the rates fixed by the Board of Control from time to time in limitation of reimbursement of expenses of state employees generally; provided, that if an allowance for hotel accommodations, breakfast, lunch, and dinner is made by a committee at a rate in excess of those fixed by the Board of Control the chairman or chairwoman of the committee shall notify the Controller of that fact in writing.

Appointment of Committees

36.5. The provisions of this rule shall apply whenever a joint committee is created by a statute or resolution which either provides that appointments be made and vacancies be filled in the manner provided for in the Joint Rules, or which makes no provision for the appointment of members or the filling of vacancies.

The Senate members of the committee shall be appointed by the Senate Committee on Rules; the Assembly members of the committee shall be appointed by the Speaker of the Assembly; and vacancies occurring in the membership of the committee shall be filled by the respective appointing powers. The members appointed shall hold over until their successors are regularly selected.

Appointment of Joint Committee Chairmen or Chairwomen

36.7. The chairman or chairwoman of each joint committee heretofore or hereafter created, except the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall be appointed by the Joint Rules Committee from a member or members recommended by the Senate Committee on Rules and the Speaker of the Assembly.

Joint Committee Funds

36.8. Each joint committee, heretofore or hereafter created, except the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall expend the funds heretofore or hereafter made available to it in compliance with the policies set forth by the Joint Rules Committee with respect to personnel, salaries, purchasing, office space assignment, contractual services, rental or lease agreements, travel, and any and all other matters relating to the management and administration of committee affairs.

Joint Legislative Budget Committee

37. In addition to any other committee provided for by these rules, there shall be a joint committee to be known and called the Joint Legislative Budget Committee, which is hereby declared to be a continuing body.

It shall be the duty of the committee to ascertain facts and make recommendations to the Legislature and to the houses thereof concerning the state budget, the revenues and expenditures of the state, and the organization and functions of the state, its departments, subdivisions and agencies, with a view of reducing the cost of the state government and securing greater efficiency and economy.

The committee shall consist of seven Members of the Senate and seven Members of the Assembly. The Senate members of the

committee shall consist of seven Members of the Senate appointed by the Senate Committee on Rules. The Assembly members of the committee shall consist of seven Members of the Assembly appointed by the Speaker of the Assembly. The committee shall select its own chairman or chairwoman.

Any vacancies occurring between regular sessions in the Senate membership of the Joint Legislative Budget Committee shall be filled by the Senate Committee on Rules, and the Senators appointed shall hold over until their successors are regularly selected. For the purposes of this rule, a vacancy shall be deemed to exist as to a Senator whose term is expiring whenever he is not reelected at the general election.

Any vacancies occurring between regular sessions in the Assembly membership of the Joint Legislative Budget Committee shall be filled by the Speaker of the Assembly, and the Members of the Assembly appointed shall hold over until their successors are regularly selected. For the purposes of this rule, a vacancy shall be deemed to exist as to a Member of the Assembly whose term is expiring whenever he is not reelected at the general election.

Any vacancy occurring at any time in the Assembly membership of the committee shall be filled by appointment by the Speaker. The committee shall have the authority to make rules to govern its own proceedings and its employees. It may also create subcommittees from its membership, assigning to its subcommittees any study, inquiry, investigation, or hearing which the committee itself has authority to undertake or hold and the subcommittee for the purpose of this assignment shall have and may exercise all the powers conferred upon the committee, limited only by the express terms of any rule or resolution of the committee defining the powers and duties of the subcommittee. Such powers may be withdrawn or terminated at any time by the committee.

The Joint Legislative Budget Committee may render services to any investigating committee of the Legislature pursuant to contract between the Joint Legislative Budget Committee and the committee for which the services are to be performed. The contract may provide for payment to the Joint Legislative Budget Committee of the cost of such services from the funds appropriated to the contracting investigating committee. All legislative investigating committees are authorized to enter into such contracts with the Joint Legislative Budget Committee. Money received by the Joint Legislative Budget Committee pursuant to any such agreement shall be in augmentation of the current appropriation for the support of the Joint Legislative Budget Committee.

The provisions of Rule 36 shall apply to the Joint Legislative Budget Committee, and it shall have all the authority provided in such rule or pursuant to Section 11 of Article IV of the Constitution.

The committee shall have authority to appoint a Legislative Analyst, to fix his compensation and to prescribe his duties, and to appoint such other clerical and technical employees as may appear

necessary. The duties of the Legislative Analyst shall be as follows:

(1) To ascertain the facts and make recommendations to the Joint Legislative Budget Committee and under its direction to the committees of the Legislature concerning:

(a) The state Budget.

(b) The revenues and expenditures of the state.

(c) The organization and functions of the state, its departments, subdivisions, and agencies.

(2) To assist the Senate Budget and Fiscal Review Committee and the Assembly Ways and Means Committee in consideration of the Budget and all bills carrying express or implied appropriations and all legislation affecting state departments and their efficiency; to appear before any other legislative committee; and to assist any other legislative committees upon instruction by the Joint Legislative Budget Committee.

(3) To provide all legislative committees and Members of the Legislature with information obtained under the direction of the Joint Legislative Budget Committee.

(4) To maintain a record of all work performed by the Legislative Analyst under the direction of the Joint Legislative Budget Committee and to keep and make available all documents, data, and reports submitted to him by any Senate, Assembly, or joint committee. The committee may meet either during sessions of the Legislature, any recess thereof, or after final adjournment, and may meet or conduct business at any place within the State of California.

The chairman or chairwoman of the committee or, in the event of such person's inability to act, the vice chairman or vice chairwoman, shall audit and approve the expenses of members of the committee or salaries of the employees, and all other expenses incurred in connection with the performance of its duties by the committee, and the chairman or chairwoman shall certify the amount approved to the Controller, and the Controller shall draw his warrants upon the certification of the chairman or chairwoman, and the Treasurer shall pay the same to the chairman or chairwoman of the committee to be disbursed by the chairman or chairwoman.

On and after the commencement of a succeeding regular session those members of the committee who continue to be Members of the Senate and Assembly, respectively, continue as members of the committee until their successors are appointed, and the committee continues with all its powers, duties, authority, records, papers, personnel, and staff, and all funds theretofore made available for its use.

Upon the conclusion of its work, any Assembly, Senate, or joint committee (other than a standing committee) shall deliver to the Legislative Analyst for use and custody all documents, data, reports, and other materials that have come into the possession of such committee and which are not included within the final report of such committee to the Assembly, Senate, or the Legislature, as the case may be. Such documents, data, reports, and other materials shall be

available to Members of the Legislature, the Senate Office of Research, and the Assembly Office of Research, upon request.

The Legislative Analyst with the consent of the committee shall make available to any Member or committee of the Legislature any other reports, records, documents, or other data under his control, except that reports prepared by the Legislative Analyst in response to a request from a Member or committee of the Legislature shall only be made available with the written permission of the Member or committee who made the request.

The Legislative Analyst, upon the receipt of a request from any committee or Member of the Legislature to conduct a study or provide information which falls within the scope of his responsibilities and which concerns the administration of the government of the State of California, shall at once advise the Joint Legislative Budget Committee of the nature of the request without disclosing the name of the member or committee making the request.

The Legislative Analyst shall immediately undertake to provide the requesting committee or legislator with the service or information requested, and shall inform the committee or legislator of the approximate date when this information will be available. Should there be any material delay, he shall subsequently communicate this fact to the requester.

Neither the Committee on Rules of either house nor the Joint Rules Committee shall assign any matter for study to the Joint Legislative Budget Committee or the Legislative Analyst without first obtaining from the Joint Legislative Budget Committee an estimate of the amount required to be expended by it to make the study.

Any concurrent, joint, Senate, or House resolution assigning a study to the Joint Legislative Budget Committee or to the Legislative Analyst shall be referred to the respective rules committees. Before the committees shall act upon or assign such resolution, they shall obtain an estimate from the Joint Legislative Budget Committee of the amount required to be expended to make the study.

Citizen Cost Impact Report

37.1. Any Member or committee of the Legislature may recommend that the Legislative Analyst prepare a citizen cost impact analysis on proposed legislation. However, such a recommendation shall first be reviewed by the Committee on Rules of the house where the recommendation originated, and this committee shall make the final determination as to which bills shall be assigned for preparation of an impact analysis.

In selecting specific bills for assignment to the Legislative Analyst for preparation of citizen cost impact analyses, the Committee on Rules shall request the Legislative Analyst to present an estimate of his time and prospective costs for preparing the analyses. Only those

bills which have a potential significant cost impact shall be assigned. Where necessary, the Committee on Rules shall provide funds to offset added costs incurred by the Legislative Analyst.

The citizen cost impact analyses shall include those economic effects which the Legislative Analyst deems significant and which he believes will result directly from the proposed legislation. Insofar as feasible, the Legislative Analyst shall consider, but not be limited to consideration of, the following:

(a) The economic effect on the public generally.

(b) Any specific economic effect on persons or businesses in the case of legislation which is regulatory.

The Legislative Analyst shall submit the citizen cost impact analyses when completed to the committee or committees and at the time or times designated by the Committee on Rules.

The Legislative Analyst shall submit from time to time, but at least once a year, a report to the Legislature on the trends and directions of the state's economy, and shall list the alternatives and make recommendations as to legislative actions which, in his judgment, will insure a sound and stable state economy.

Joint Legislative Audit Committee

37.3. The Joint Legislative Audit Committee is created pursuant to the Legislature's rulemaking authority and specific constitutional authority by Chapter 4 (commencing with Section 10500), Part 2, Division 2, Title 2 of the Government Code. The committee shall consist of seven Members of the Senate and seven Members of the Assembly who shall be selected in the manner provided for in these rules, of which one shall be the chairman of the fiscal committee for the Senate and one the chairman of the fiscal committee for the Assembly. Notwithstanding anything to the contrary in these rules, four members from each house constitute a quorum and the number of votes necessary to take action on any matter. The Chairman of the Joint Legislative Audit Committee, upon receiving a request by any Member of the Legislature or committee thereof for a copy of a report prepared or being prepared by the Auditor General, shall provide the member or committee with a copy of such report when it is, or has been, submitted by the Auditor General to the Joint Legislative Audit Committee.

Study or Audits

37.4. (a) Notwithstanding any other provision of law to the contrary, the Joint Legislative Audit Committee shall establish priorities and assign all work to be done by the Auditor General.

(b) Any bill requiring action by the Auditor General shall contain an appropriation for the cost of any study or audit.

(c) Any bill or concurrent, joint, Senate, or House resolution assigning a study to the Joint Legislative Audit Committee or to the

Auditor General shall be referred to the respective rules committees. Before the committees shall act upon or assign the bill or resolution, they shall obtain an estimate from the Joint Legislative Audit Committee of the amount required to be expended to make the study.

Waiver

37.5. The provisions of subdivision (b) of Rule 37.4 may be waived by the Joint Legislative Audit Committee. The chairman of the committee shall notify the Secretary of the Senate, the Chief Clerk of the Assembly, and the Legislative Counsel in writing when the provisions of subdivision (b) of Rule 37.4 have been waived. If the cost of a study or audit is less than one hundred thousand dollars ($100,000), the chairman of the committee may exercise the committee's authority to waive the provisions of subdivision (b) of Rule 37.4.

Administrative Regulations

37.7. (a) Any Member of the Senate may request the Senate Committee on Rules, and any Member of the Assembly may request the Speaker of the Assembly, to direct a standing committee or the Office of Research of their respective house to study any proposed or existing regulation or group of related regulations. Upon receipt of such a request, the Senate Committee on Rules or the Speaker of the Assembly shall, after review, determine whether such a study shall be made. In reviewing the request, the Senate Committee on Rules or the Speaker of the Assembly shall determine:

(1) The cost of making such a study.

(2) The potential public benefit to be derived from such a study.

(3) The scope of the study.

(b) The study may consider, among other relevant issues, whether the proposed or existing regulation:

(1) Exceeds the agency's statutory authority.

(2) Fails to conform to the legislative intent of the enabling statute.

(3) Contradicts or duplicates other regulations adopted by federal, state, or local agencies.

(4) Involves an overdelegation of regulatory authority to a particular state agency.

(5) Unfairly burdens particular elements of the public.

(6) Imposes social or economic costs which outweigh its intended benefits to the public.

(7) Imposes unreasonable penalties for violation.

The respective reviewing unit shall in a timely manner transmit its concerns, if any, to the Senate Committee on Rules or the Speaker of the Assembly, and the promulgating agency.

In the event that a state agency takes a regulatory action which the

reviewing unit finds unacceptable, the unit shall file a report for publication in the daily journal of its respective house indicating the specific reasons why the regulatory action should not have been taken. The report may include a recommendation that the Legislature adopt a concurrent resolution requesting the state agency to reconsider its action or that the Legislature enact a statute to restrict the regulatory powers of the state agency taking the action.

Designating Legislative Sessions

39. All extraordinary sessions shall be designated in numerical order by the session in which convened.

Joint Rules Committee

40. The Joint Rules Committee is hereby created. The committee has a continuing existence and may meet, act, and conduct its business during sessions of the Legislature or any recess thereof.

Claims for Workers' Compensation

41. The Chairman or Chairwoman of the Committee on Rules of each house, or a designated representative, shall sign any required worker's compensation report regarding injuries or death arising out of and within the course of employment suffered by any member, officer, or employee of the house, or any employee of a standing or investigating committee thereof. In the case of a joint committee, the Chairman or Chairwoman of the Committee on Rules of either house, or a designated representative, may sign any such report in respect to a member or employee of such joint committee.

Information Concerning Committees

42. The Committee on Rules of each house shall provide for a continuous cumulation of information concerning the membership, organization, meetings, and studies of legislative investigating committees. Each Committee on Rules shall be responsible for information concerning the investigating committees of its own house and concerning joint investigating committees under the chairmanship of a member of that house. To the extent possible, each Committee on Rules shall seek to insure that the investigating committees for which it has responsibility under this rule have organized, including the organization of any subcommittees, and have had all topics for study assigned to them within a reasonable period of time.

The information thus cumulated shall be made available to the public by the Committee on Rules of each house and shall be published periodically under their joint direction.

Joint Committees

43. Concurrent resolutions creating joint committees of the Legislature and concurrent resolutions allocating moneys from the Contingent Funds of the Assembly and Senate to such committees shall be referred to the Committee on Rules of the respective houses.

Conflict of Interest

44. (a) No Member of the Legislature shall, while serving as such, have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity, or incur any obligation of any nature, which is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed by the laws of this state.

(b) No Member of the Legislature shall, during the term for which he or she was elected:

(1) Accept other employment which he or she has reason to believe will either impair his or her independence of judgment as to

his or her official duties or require him or her, or induce him or her, to disclose confidential information acquired by him or her in the course of and by reason of his or her official duties.

(2) Willfully and knowingly disclose, for pecuniary gain, to any other person, confidential information acquired by him or her in the course of and by reason of his or her official duties or use any such information for the purpose of pecuniary gain.

(3) Accept or agree to accept, or be in partnership with any person who accepts or agrees to accept, any employment, fee, or other thing of value, or portion thereof, in consideration of his or her appearance, agreeing to appear, or taking any other action on behalf of another person regarding a licensing or regulatory matter, before any state board or agency which is established by law for the primary purpose of licensing or regulating the professional activity of persons licensed, pursuant to state law; provided, that this rule shall not be construed to prohibit a member who is an attorney at law from practicing in such capacity before the Workers' Compensation Appeals Board or the Commissioner of Corporations, and receiving compensation therefor, or from practicing for compensation before any state board or agency in connection with, or in any matter related to, any case, action, or proceeding filed and pending in any state or federal court; and provided that this rule shall not act to prohibit a member from making inquiry for information on behalf of a constituent before a state board or agency, if no fee or reward is given or promised in consequence thereof, and provided that the prohibition contained in this rule shall not apply to a partnership in which the Member of the Legislature is a member if the Member of the Legislature does not share directly or indirectly in the fee resulting from the transaction; and provided that the prohibition contained in this rule shall not apply in connection with any matter pending before any state board or agency on the operative date of this rule if the affected Member of the Legislature is attorney of record or representative in the matter prior to such operative date.

(4) Receive or agree to receive, directly or indirectly, any compensation, reward, or gift from any source except the State of California for any service, advice, assistance, or other matter related to the legislative process, except fees for speeches or published works on legislative subjects and except, in connection therewith, reimbursement of expenses for actual expenditures for travel and reasonable subsistence for which no payment or reimbursement is made by the State of California.

(5) Participate, by voting or any other action, on the floor of either house, or in committee or elsewhere, in the enactment or defeat of legislation in which he or she has a personal interest, except as follows:

(i) If, on the vote for final passage by the house of which he or she is a member, of the legislation in which he or she has a personal interest, he or she first files a statement (which shall be entered verbatim on the journal) stating in substance that he or she has a

personal interest in the legislation to be voted on and notwithstanding such interest, he or she is able to cast a fair and objective vote on such legislation, he or she may cast his or her vote without violating any provision of this rule;

(ii) If the member believes that, because of his or her personal interest, he or she should abstain from participating in the vote on the legislation, he or she shall so advise the presiding officer prior to the commencement of the vote and shall be excused from voting on the legislation without any entry on the journal of the fact of his or her personal interest. In the event a rule of the house, requiring that each member who is present vote aye or nay is invoked, the presiding officer shall order the member excused from compliance and shall order entered on the journal a simple statement that the member was excused from voting on the legislation pursuant to law.

(c) A person subject to this rule has an interest which is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed in the laws of this state or a personal interest, arising from any situation, within the scope of this rule, if he or she has reason to believe or expect that he or she will derive a direct monetary gain or suffer a direct monetary loss, as the case may be, by reason of his or her official activity. He or she does not have an interest which is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed by the laws of this state or a personal interest, arising from any situation, within the scope of this rule, if any benefit or detriment accrues to him or her as a member of a business, profession, occupation, or group to no greater extent than any other member of such business, profession, occupation, or group.

(d) A person subject to the provisions of this rule shall not be deemed to be engaged in any activity which is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed by the laws of this state, arising from any situation, or to have a personal interest, arising from any situation, within the scope of this rule, solely by reason of any of the following:

(1) His or her relationship to any potential beneficiary of any situation is one which is defined as a remote interest by Section 1091 of the Government Code or is otherwise not deemed to be a prohibited interest by Section 1091.1 or 1091.5 of the Government Code.

(2) Receipt of a campaign contribution regulated, received, reported, and accounted for pursuant to Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code, so long as the contribution is not made on the understanding or agreement, in violation of law, that the person's vote, opinion, judgment, or action will be influenced thereby.

(e) The enumeration in this rule of specific situations or conditions which are deemed not to result in substantial conflicts

with the proper discharge of the duties and responsibilities of a legislator or legislative employee or in a personal interest shall not be construed as exclusive.

The Legislature in adopting this rule recognizes that Members of the Legislature and legislative employees may need to engage in employment, professional, or business activities other than legislative activities, in order to maintain a continuity of professional or business activity, or may need to maintain investments, which activities or investments do not conflict with the specific provisions of this rule. However, in construing and administering the provisions of the rule, weight should be given to any coincidence of income, employment, investment, or other profit from sources which may be identified with the interests represented by those sources which are seeking action of any character on matters then pending before the Legislature.

(f) No employee of either house of the Legislature shall, during the time he is so employed, commit any act or engage in any activity prohibited by any part of this rule.

(g) No person shall induce or seek to induce any Member of the Legislature to violate any part of this rule.

(h) Violations of any part of this rule are punishable as provided in Section 8926 of the Government Code.

Joint Legislative Ethics Committee

45. (a) The Joint Legislative Ethics Committee is hereby created. The committee shall consist of three Members of the Senate appointed by the Senate Committee on Rules and three Members of the Assembly appointed by the Speaker of the Assembly. Of the three members appointed from each house, at least one from each house shall be a member of the political party having the largest number of members in that house and at least one from each house shall be a member of the political party having the second largest number of members in that house. The committee shall elect its own chairman or chairwoman. Vacancies occurring in the membership of the committee shall be filled in the manner provided for in these rules for other committees. A vacancy shall be deemed to exist as to any member of the committee whose term is expiring whenever such member is not reelected at the general election.

(b) The committee is authorized to make rules governing its own proceedings. The provisions of Rule 36 relating to investigating committees shall apply to the committee.

Prior to the issuance of any subpoena by the committee with respect to any matter before the committee, it shall by a resolution adopted by a vote of two members of the committee from each house of the Legislature define the nature and scope of its investigation in the matter before it.

(c) Funds for the support of the committee shall be provided from the Contingent Funds of the Assembly and the Senate in the same

manner that such funds are made available to other joint committees of the Legislature.

(d) The committee shall have power, pursuant to the provisions of this rule, to investigate and make findings and recommendations concerning alleged violations by Members of the Legislature of the provisions of Rule 44.

(e) Any person may: (1) file with the committee a verified complaint in writing which shall state the name of the Member of the Legislature alleged to have committed the violation complained of, and which shall set forth the particulars thereof, or (2) file a complaint concerning the alleged violation by a Member of the Legislature with the district attorney of the appropriate county.

If a person files a complaint with respect to any alleged violation by a Member of the Legislature with the committee, he or she may not thereafter file a complaint to institute a criminal prosecution for such violation until the committee has rendered its report or until a period of 120 days has elapsed since the filing of the complaint. If a complaint is filed with the appropriate district attorney by any person concerning an alleged violation by a Member of the Legislature of any provision of Rule 44, such person may not thereafter file a complaint with respect to such alleged violation with the committee.

If a complaint is filed with the committee, the committee shall promptly send a copy of the complaint to the Member of the Legislature alleged to have committed the violation complained of, who shall thereafter be designated as the respondent.

No complaint may be filed with the committee after the expiration of six months from the date upon which the alleged violation occurred.

(f) If the committee determines that the verified complaint does not allege facts, directly or upon information and belief, sufficient to constitute a violation of any of the provisions of Rule 44, it shall dismiss the complaint and notify the complainant and respondent thereof. If the committee determines that such verified complaint does allege facts, directly or upon information and belief, sufficient to constitute a violation of any of the provisions of Rule 44, the committee shall promptly investigate the alleged violation and if, after such preliminary investigation, the committee finds that probable cause exists for believing the allegations of the complaint, it shall fix a time for a hearing in the matter, which shall be not more than 30 days after such finding. If, after the preliminary investigation, the committee finds that probable cause does not exist for believing the allegations of the complaint, the committee shall dismiss the complaint. In either event, the committee shall notify the complainant and respondent of its determination.

(g) After the complaint has been filed, the respondent shall be entitled to examine and make copies of all evidence in the possession of the committee relating to the complaint.

(h) If a hearing is to be held pursuant to subdivision (f) of this

rule, the committee, before the hearing has commenced, shall issue subpoenas and subpoenas duces tecum at the request of any party in accordance with the provisions of Chapter 4 (commencing with Section 9400), Part 1, Division 2, Title 2 of the Government Code. All of the provisions of Chapter 4, except Section 9410, shall be applicable to the committee and the witnesses before it.

(i) At any hearing held by the committee:

(1) Oral evidence shall be taken only on oath or affirmation.

(2) Each party shall have these rights: to be represented by legal counsel; to call and examine witnesses; to introduce exhibits; and to cross-examine opposing witnesses.

(3) The hearing shall be open to the public.

(j) Any official or other person whose name is mentioned at any investigation or hearing of the committee and who believes that testimony has been given which adversely affects him, shall have the right to testify or, at the discretion of the committee, to file a statement of facts under oath relating solely to the material relevant to the testimony of which he complains.

(k) After the hearing the committee shall state its findings of fact. If the committee finds that the respondent has not violated any of the provisions of Rule 44, it shall order the action dismissed, and shall notify the respondent and complainant thereof and shall also transmit a copy of the complaint and the fact of dismissal to the Attorney General and to the district attorney of the appropriate county. If the committee finds that the respondent has violated any of the provisions of Rule 44, it shall state its findings of fact and submit a report thereon to the house in which the respondent serves, send a copy of such findings and report to the complainant and respondent, and the committee shall also report thereon to the Attorney General and to the district attorney of the appropriate county.

(*l*) Nothing in this rule shall preclude any person from instituting a prosecution for violation of any provision of Rule 44 unless such person has filed a complaint with the committee concerning such violation, in which case such person may not file a complaint with the district attorney of the appropriate county to institute a criminal prosecution for such violation until the committee has made its determination of the matter or a period of 120 days has elapsed since the filing of the complaint with the committee.

(m) The filing of a complaint with the committee pursuant to this rule suspends the running of the statute of limitations applicable to any violation of the provisions of Rule 44 while such complaint is pending.

(n) The committee shall maintain a record of its investigations, inquiries, and proceedings. All records, complaints, documents, reports filed with or submitted to or made by the committee, and all records and transcripts of any investigations, inquiries, or hearings of the committee under this rule shall be deemed confidential and shall not be open to inspection by any person other than a member of the

committee, an employee of the committee, or a state employee designated to assist the committee, except as otherwise specifically provided in this rule. The committee may, by adoption of a resolution, authorize the release to the Attorney General or to the district attorney of the appropriate county of any information, records, complaints, documents, reports, and transcripts in its possession material to any matter pending before the Attorney General or the district attorney. All matters presented at a public hearing of the committee and all reports of the committee stating a final finding of fact pursuant to subdivision (k) of this rule shall be public records and open to public inspection. Any employee of the committee who divulges any matter which is deemed to be confidential by this subdivision is punishable as provided in Section 8953 of the Government Code.

(o) All actions of the committee shall require the concurrence of two members of the committee from each house.

(p) The committee may render advisory opinions to Members of the Legislature with respect to the provisions of Rule 44 and their application and construction. The committee may secure an opinion from the Legislative Counsel for this purpose or issue its own opinion.

Legislative Hearing Rooms

46. The Rules Committee of each house shall provide designated space for nonsmokers in each legislative hearing room under its jurisdiction; provided, however, that nothing in this rule shall prevent any committee chairman from prohibiting smoking completely, or from further restricting smoking to a greater extent than provided by the Rules Committee of that house.

Designating Legislative Sessions

50. Regular sessions shall be identified with the odd-numbered year subsequent to each general election, followed by a hyphen, and then the last two digits of the following even-numbered year. For example: 1973–74 Regular Session.

Days and Dates

50.5. (a) As used in these rules, "day" means a calendar day, unless otherwise specified.

(b) When the date of a deadline, recess requirement, or circumstance falls on a Saturday, Sunday, or Monday that is a holiday, the date shall be deemed to refer to the preceding Friday. When the date falls on a holiday on a weekday other than a Monday, the date shall be deemed to refer to the preceding day.

Legislative Calendar

51. (a) The Legislature shall observe the following calendar during the first year of the regular session:

(1) Organizational Recess—The Legislature shall meet on the first Monday in December following the general election to organize. Thereafter, each house shall be in recess from such time as it determines, but not later than the following Friday until the first Monday in January, except when the first Monday is January 1 or January 1 is a Sunday, in which case, the following Tuesday.

(2) Easter Recess—The Legislature shall be in recess from the 10th day prior to Easter until the Monday after Easter.

(3) Summer Recess—The Legislature shall be in recess from July 17 until August 17. This recess shall not commence until the Budget Bill is enacted.

(4) Interim Study Recess—The Legislature shall be in recess from September 11 until the first Monday in January, except when the first Monday is January 1 or January 1 is a Sunday, in which case, the following Tuesday.

(b) The Legislature shall observe the following calendar for the remainder of the legislative session:

(2) Summer Recess—The Legislature shall be in recess from July 1 until August 1. This recess shall not commence until the Budget Bill is enacted.

(3) Final Recess—The Legislature shall be in recess on September 1 until adjournment sine die on November 30.

(c) Recesses shall be from the hour of adjournment on the day specified to reconvene at the time designated by the respective houses.

(d) The recesses specified by this rule shall be designated as joint recesses.

Recall From Recess

52. Notwithstanding the power of the Governor to call a special session, the Legislature may be recalled from joint recess and reconvene in regular session by any of the following means:

(a) It may be recalled by joint proclamation, which shall be entered in the journal, of the Senate Committee on Rules and the Speaker of the Assembly or, in his or her absence from the state, the Assembly Committee on Rules.

(b) Ten or more Members of the Legislature may present a request for recall from joint recess to the Chief Clerk of the Assembly and the Secretary of the Senate. The request shall immediately be printed in the journal. Within 10 days thereafter, the Speaker of the Assembly, or if the Speaker is absent from the state, the Assembly Committee on Rules, and the Senate Committee on Rules shall act

upon the request. If they concur in desiring to recall the Legislature from joint recess, they shall issue their joint proclamation entered in the journal no later than 20 days after publication of the request in the journal.

(c) If either or both of the parties specified in subdivision (b) does not concur, 10 or more Members of the Legislature may request the Chief Clerk of the Assembly or the Secretary of the Senate to petition the membership of the respective house. The petition shall be entered in the journal and shall contain a specified reconvening date commencing not later than 20 days after the date of the petition. If two-thirds of the members of the house or each of the two houses concur, the Legislature shall reconvene on the date specified. The necessary concurrences must be received at least 10 days prior to date specified for reconvening.

Procedure on Suspending Rules by Single House

53. Whenever these rules authorize suspension of the Joint Rules as to a particular bill by action of a single house after approval by the Committee on Rules of that house, the following procedure shall be followed:

(a) A written request to suspend the joint rule shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, and shall be transmitted to the Committee on Rules of the appropriate house.

(b) The Assembly Committee on Rules or the Senate Committee on Rules, as the case may be, shall determine whether there exists an urgent need for the suspension of the joint rule with regard to the bill.

(c) If the appropriate rules committee recommends that the suspension be permitted, the member may offer a resolution, without further reference thereof to committee, granting permission to suspend the joint rule. The adoption of the resolution granting such permission shall require an affirmative recorded vote of the elected members of the house in which the request is made.

Introduction of Bills

54. (a) No bill may be introduced in the first year of the regular session after March 6 and no bill may be introduced in the second year of the regular session after February 19. These deadlines shall not apply to constitutional amendments, committee bills introduced pursuant to Assembly Rule 47 or Senate Rule 23, bills introduced in the Assembly with the permission of the Speaker of the Assembly, or bills introduced in the Senate with the permission of the Senate Committee on Rules. Subject to these deadlines, bills may be introduced at any time except when the houses are in joint summer, interim, or final recess. Each house may provide for introduction of bills during a recess other than a joint recess. Bills shall be numbered

consecutively during the regular session.

(b) The desks of the Senate and Assembly shall remain open, during a joint recess, other than a joint Easter, summer, interim, or final recess, for introduction of bills, during business hours on Monday through Friday, inclusive, except holidays. Bills received at the Senate Desk during such periods shall be numbered and printed. After printing, such bills shall be delivered to the Secretary of the Senate and shall be referred by the Senate Committee on Rules to a standing committee. Bills received at the Assembly Desk during such periods shall be numbered, printed, and referred to a committee by the Assembly Committee on Rules. After printing, such bills shall be delivered to the Chief Clerk of the Assembly. On the reconvening of each house, the bills shall be read the first time, and shall be delivered to the committee to which they were referred.

(c) A member may not author a bill during a session that would have substantially the same effect as a bill he or she had previously introduced during that session. This restriction shall not apply in cases where a previously introduced bill has been vetoed by the Governor or has had its provisions "chaptered out" by a later chaptered bill pursuant to Section 9605 of the Government Code. An objection may be raised only while the bill is being considered by the house in which it is introduced. In such case the objection shall be referred to the Committee on Rules of the house for a determination. The bill shall remain on file or with a committee, as the case may be, until such determination is made. If upon consideration of the objection the Committee on Rules determines that the bill objected to would have substantially the same effect as another bill previously introduced during the session by the author, the bill objected to shall be stricken from the file or returned to the desk by the committee, as the case may be, and shall not be acted upon during the remainder of the session. If the Committee on Rules determines that the bill objected to would not have substantially the same effect as a bill previously introduced during the session by the author, the bill may thereafter be acted upon by the committee or the house, as the case may be. The Committee on Rules may obtain such assistance as it may desire from the Legislative Counsel as to the similarity of a bill or amendments to a prior bill.

This joint rule may be suspended by approval of the Committee on Rules and three-fourths vote of the membership of the house.

(d) During a joint recess, the Chief Clerk of the Assembly or Secretary of the Senate shall order the preparation of preprint bills when so ordered by any of the following:

(1) The Speaker of the Assembly.

(2) The Committee on Rules of the respective houses.

(3) A committee with respect to bills within the subject matter jurisdiction of the committee.

Preprint bills shall be designated as such and shall be printed in the order received and numbered in the order printed. To facilitate subsequent amendment, preprint bills shall be so prepared that

when introduced as a bill, the page and the line numbers will not change. The Chief Clerk of the Assembly and Secretary of the Senate shall publish a list periodically of such preprint bills showing the preprint bill number, the title, and the Legislative Counsel's Digest. The Speaker of the Assembly and Senate Committee on Rules may refer all preprint bills to committee for study.

30-Day Waiting Period

55. No bill other than the Budget Bill may be heard or acted upon by committee or either house until the bill has been in print for 30 days. The date a bill is returned from the printer shall be entered in the history. This rule may be suspended concurrently with the suspension of the requirement of Section 8 of Article IV of the Constitution or if such period has expired, this rule may be suspended by approval of the Committee on Rules and two-thirds vote of the house in which the bill is being considered.

Return of Bills

56. Bills introduced in the first year of the regular session and passed by the house of origin on or before the January 30th constitutional deadline are "carryover bills." Immediately after January 30, bills introduced in the first year of the regular session that do not become "carryover bills" shall be returned to the Chief Clerk of the Assembly or Secretary of the Senate, respectively. Notwithstanding Rule 4, as used in this rule, "bills" does not include constitutional amendments.

Appropriation Bills

57. Appropriation bills that may not be sent to the Governor shall be held, after enrollment, by the Chief Clerk of the Assembly or Secretary of the Senate, respectively. The bills shall be sent to the Governor immediately after the Budget Bill has been enacted.

Urgency Clauses

58. An amendment to add a section to a bill to provide that the act shall take effect immediately as an urgency statute shall not be adopted unless the author of the amendment has first secured the approval of the Committee on Rules of the house in which the amendments are offered.

Vetoes

58.5. The Legislature may consider a Governor's veto for only 60 days, not counting days when the Legislature is in joint recess.

Publications

59. During periods of joint recess, weekly, if necessary, the following documents shall be published: files, histories, and journals.

(c) No bill may be acted upon by a committee during a joint recess.

Committee Procedure

62. (a) Notice of a hearing on a bill by the committee of first reference in each house shall be published in the file at least four days prior to the hearing. Otherwise, notice shall be published in the file two days prior to the hearing. Such notice may be waived by a

majority vote of the house in which the bill is being considered. A bill may be set for hearing in a committee only three times. A bill is "set" for purposes of this subdivision whenever notice of the hearing has been published in the file for one or more days. If a bill is set for hearing, and the committee, on its own initiation and not the author's, postpones the hearing on the bill or adjourns the hearing while testimony is being taken, such hearing shall not be counted as one of the three times a bill may be set. After hearing the bill, the committee may vote on the bill. If the hearing notice in the file specifically indicates that "testimony only" will be taken, such hearing shall not be counted as one of the three times a bill may be set. A committee may not vote on a bill so noticed until it has been heard in accordance with this rule. After a committee has voted on a bill, reconsideration may be granted only one time. Reconsideration may be granted within 15 legislative days or prior to the interim study joint recess, whichever first occurs. A vote on reconsideration cannot be taken without the same notice required to set a bill unless such vote is taken at the same meeting at which the vote to be reconsidered was taken and the author is present. When a bill fails to get the necessary votes to pass it out of committee or upon failure to receive reconsideration, it shall be returned to the Chief Clerk of the Assembly or Secretary of the Senate of the house of the committee and may not be considered further during the session.

This subdivision may be suspended with respect to a particular bill by approval of the Committee on Rules and two-thirds vote of the members of the house.

(b) If the committee adopts amendments other than those offered by the author and orders the bill reprinted prior to its further consideration, the hearing shall not be the final time a bill may be set under subdivision (a) of this rule.

(c) When a standing committee takes action on a bill, the vote shall be by rollcall vote only. All rollcall votes taken by a standing committee shall be recorded by the committee secretary on forms provided by the Chief Clerk of the Assembly and the Secretary of the Senate. The chairman or chairwoman of each standing committee shall promptly transmit a copy of the record of the rollcall votes to the Chief Clerk of the Assembly or the Secretary of the Senate, respectively, who shall cause the votes to be published as prescribed by each house.

The provisions of this subdivision shall also apply to action of a committee on a subcommittee report. The rules of each house shall prescribe the procedure as to rollcall votes on amendments.

Any committee may, with the unanimous consent of the members present, substitute a rollcall from a prior bill, provided that the members whose votes are substituted are present at the time of the substitution.

At no time shall a bill be passed out by a committee without a quorum being present.

The provisions of this subdivision shall not apply to:

(1) Procedural motions which do not have the effect of disposing of a bill.

(2) Withdrawal of a bill from a committee calendar at the request of an author.

(3) Return of bills to the house where the bills have not been voted on by the committee.

(4) The assignment of bills to committee.

(d) The chairman or chairwoman of the committee hearing a bill, may, at any time, order a call of the committee. Upon a request by any member of a committee or the author in person, the chairman or chairwoman shall order the call.

In the absence of a quorum, a majority of the members present may order a quorum call of the committee and compel the attendance of absentees. The chairman or chairwoman shall send the Sergeant at Arms for those members who are absent and not excused by their respective house.

When a call of a committee is ordered by the chairman or chairwoman with respect to a particular bill, he or she shall send the Sergeant at Arms or any other person to be appointed for that purpose for those members who have not voted on that particular bill and are not excused.

A quorum call or a call of the committee with respect to a particular bill may be dispensed with by the chairman or chairwoman without objection by any member of the committee, or by a majority of the members present.

If a motion is adopted to adjourn the committee while the committee is operating under a call, the call shall be dispensed with and any pending vote announced.

The committee secretary shall record the votes of members answering a call. The rules of each house may prescribe additional procedures for a call of a committee.

64. Every meeting of each house and standing committee or subcommittee thereof where a vote is to be taken on a bill, or amendments to a bill, shall be public.

RESOLUTION CHAPTER 19

Assembly Joint Resolution No. 3—Relative to California exporters.

[Filed with Secretary of State March 24, 1987]

WHEREAS, California is the nation's leading exporter, with $32.4 billion worth of goods exported through its ports during 1985 alone; and

WHEREAS, Exports are vital to this state's employment, tax revenue base, and economic growth, with trade projected to equal one-quarter of the state's entire output by the year 2000; and

WHEREAS, California is the world's leading center for high-technology development and production, employing more than 30 percent of the nation's total work force and contributing to the productivity of virtually every other industry sector; and

WHEREAS, High-technology firms, especially those which are highly dependent on overseas markets, are particularly impacted by export controls, and rely strongly on an export climate as unrestrained as possible; and

WHEREAS, Under the Federal Export Administration Act, certain exports may be restricted to prevent diversion of American

technology to unfriendly nations; and

WHEREAS, Exporters of high-technology products subject to these restrictions must obtain a special license, known as a validated license, to export their product from the United States Department of Commerce; and

WHEREAS, A validated license is subject to review by some or all of the following agencies: the United States Department of Commerce, the Department of Defense, the United States Customs Bureau, and COCOM (a coordinating committee composed of a group of 15 countries which coordinate export controls for security purposes; and

WHEREAS, Each of these agencies and organizations have their own methods of review which may cause further delays in the licensing process; and

WHEREAS, The United States Department of Commerce reports that 40 percent of all export license applications received by their department each year are filed by California exporters, who are thousands of miles and three time zones away, and are therefore at a disadvantage when attempting to provide and receive necessary information in order to comply with the export regulations, receiving limited assistance from the Department of Commerce's International Trade Administration offices; and

WHEREAS, Many exporters find it difficult to interpret the massive volumes of Export Administration Regulations and the tens of thousands of entries under the Commodity Control List; and

WHEREAS, Providing the required supporting documentation can be burdensome, especially when substantial technical information is needed or where foreign countries must provide certifications; and

WHEREAS, There is clearly overlapping jurisdiction over the development and enforcement of export control policies between the Department of Commerce, the Department of Defense, and the United States Customs Bureau, leading to delays in license approval and difficulties in resolving compliance investigations; and

WHEREAS, The cumulative effects of these burdensome bureaucratic licensing procedures increases the cost of doing business as an exporter in California, not only by necessitating the employment of staff and consultants simply to manage the paperwork, but also through contractual penalties for delayed deliveries and the loss of current and future business opportunities; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the California Legislature respectfully memorializes the President of the United States, Secretary of the Department of Commerce, Secretary of the Department of Defense, Director of the United States Customs Bureau, and the Congress of the United States to streamline the export licensing process, consistent with national security, by doing all of the following:

WHEREAS, The California deaf community has consistently pioneered and paved the way for deaf communities of other states and nations to follow; and

WHEREAS, The deaf community has its own beautiful and expressive language, American Sign Language, and its own distinct identity and culture; and

WHEREAS, California was the first state in which deaf consumers came together to create, govern, direct, and staff their own service and advocacy agencies—"of, by, and for" deaf people—to serve the needs and advocate the interests of people with hearing losses; and

WHEREAS, These "Deaf Service Agencies" have developed and refined services and service delivery strategies that have become models for the rest of the nation and the world; and

WHEREAS, Deafness, a communicational disability, is the most prevalent, and yet one of the least visible or understood, disabilities; and

WHEREAS, Communicational and attitudinal barriers prejudice deaf people far more than their physical disabilities; and

RESOLUTION CHAPTER 57

Senate Joint Resolution No. 21—Relative to persons of Japanese ancestry interned during World War II.

[Filed with Secretary of State July 1, 1987]

WHEREAS, A grave injustice was done to both United States citizens and resident aliens of Japanese ancestry by the evacuation, relocation, and internment of those persons during World War II; and

WHEREAS, The basic civil liberties and constitutional rights of the civilians of Japanese ancestry who were interned in the United States during World War II were fundamentally violated by that evacuation and internment; and

WHEREAS, The findings of the federal Commission on Wartime Relocation and Internment of Civilians describe the circumstances of the evacuation, relocation, and internment of 110,000 United States citizens and permanent resident aliens of Japanese ancestry; and

WHEREAS, H.R. 442 and S. 1009, which would enact the Civil Liberties Act of 1987 and implement the recommendations of the Commission on Wartime Relocation and Internment of Civilians, were introduced in 1987 in the House of Representatives and the Senate of the United States, respectively; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California urges the President and the Congress of the United States to enact those portions of H.R. 442 and S. 1009 of the 100th Congress, the Civil Liberties Act of 1987, which relate to the redress of the injustice done to United States citizens and resident aliens of Japanese ancestry who were interned in the United States during World War II; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives of the United States, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 58

Assembly Joint Resolution No. 12—Relative to offshore oil drilling.

[Filed with Secretary of State July 2, 1987]

WHEREAS, United States Secretary of the Interior Donald P. Hodel has announced new revisions to a proposed five-year offshore oil and gas leasing plan for California; and

WHEREAS, Secretary Hodel's proposals were immediately criticized by several members of California's congressional delegation, including both of the state's senators; and

WHEREAS, As recently revised, the five-year plan would open to development about 6,450,000 acres—about 13% of the total California offshore area—which had been excluded from drilling by a congressional moratorium that expired in 1985; and

WHEREAS, The fields opened to development under the plan would provide for the nation's energy supply for no more than, and possibly many fewer than, 39 days; and

WHEREAS, The proposed five-year plan has been released against a backdrop of growing public concern and local actions affecting the process of offshore oil and gas development and regulations; and

WHEREAS, Voters in a number of California coastal communities

have overwhelmingly approved initiatives to limit onshore support facilities for offshore oil and gas development; and

WHEREAS, California Department of Fish and Game statistics for 1982 indicate California fishermen earned two hundred forty-one million dollars ($241,000,000) and the commercial fishing industry and related industries contributed approximately seven hundred twenty-five million dollars ($725,000,000) to this state's economy in 1982; and

WHEREAS, Some twenty-two billion five hundred million dollars ($22,500,000,000) are spent annually by tourists in California coastal communities, and studies conclude that offshore oil and gas development has a negative effect on tourist expenditures; and

WHEREAS, The Department of the Interior proposal continues to reject the need for the inclusion in the five-year plan of protective provisions requiring that offshore oil and gas development activities comply with onshore air quality standards, the ability to demonstrate oil spill preparedness, and limitations on ocean discharges of drilling muds and other material from offshore operation; and

WHEREAS, The offshore oil and gas development plan fails to require the transport of any produced oil by pipeline, the safest method from the standpoint of oil spill prevention and protection of air quality; and

WHEREAS, Migratory animals such as ducks, geese, whales, and sea lions feed and rest in California's coastal wetlands in large enough numbers to make these wetlands irreplaceable habitat areas; and

WHEREAS, California's multi-billion dollar tourist industry has considerable national significance and is in large part dependent on a spectacular, highly scenic, and world renowned shoreline which demands a sensitive and carefully planned offshore energy development program; and

WHEREAS, The offshore oil and gas development plan fails to assure the protection of unique and sensitive coastal environments, as well as of endangered and sensitive species, such as the elephant seal and other marine mammals, and is particularly inadequate with respect to lease tracts adjacent to state-designated areas of special biological significance for national marine sanctuaries; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California urges the United States Secretary of the Interior to revise the proposed five-year offshore oil and gas leasing plan for California so that this state's coastal environment may be more effectively preserved; and be it further

Resolved, That the Legislature urges the Congress of the United States to enact appropriate legislation in protection of California's coastal environment; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the United States Secretary of the Interior, to the Speaker

of the United States House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 59

WHEREAS, September 17, 1987, has been designated as "Constitution Day" in commemoration of the signing of the Constitution of the United States of America 200 years ago, an occasion upon which it is appropriate that the people of California come together in celebration; and

WHEREAS, The basic compact of the United States government, a government which protects the individual liberties of its citizens, the Constitution is the oldest document of its kind still in active use in the world today; and

WHEREAS, Over the years, the Constitution has provided to the American people a more enduring and practical government and a greater degree of prosperity than that given to any other people in recorded history; and '

WHEREAS, The independence granted to the American people by the freedoms provided for in the Constitution is the cornerstone of this country, and recognition of this independence is most appropriately displayed at this, the celebration of the bicentennial of the drafting of our Constitution; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That September 17, 1987, is hereby designated as "Constitution Day" throughout the State of California, a time during which all of the citizens of the state are urged to celebrate with appropriate ceremonies and activities and to express gratitude for the privilege of American citizenship as established by the Constitution of the United States of America.

RESOLUTION CHAPTER 60

Senate Concurrent Resolution No. 27—Relative to manufactured homes.

[Filed with Secretary of State July 6, 1987]

WHEREAS, Owners of manufactured homes are often treated as second-class homeowners when they try to obtain financing for their

homes; and

WHEREAS, Owners of manufactured homes often cannot obtain conventional home loans if they live in a mobilehome park; and

WHEREAS, Owners of manufactured homes who can obtain only consumer, rather than mortgage, loans on their manufactured homes cannot deduct interest on their federal tax returns; and

WHEREAS, Owners of manufactured homes who do obtain mortgage loans must pay them off sooner than owners of conventional homes; and

WHEREAS, Owners of manufactured homes pay two to three percentage points more for mortgage money than owners of conventional homes; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature declares the issue of discrimination in mortgage lending to owners of manufactured homes to be of the utmost concern and requests mortgage lending institutions to provide equal treatment to owners of manufactured homes and conventional homes in the conditions, duration, and types of, and interest rates charged on, mortgage loans; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Superintendent of Banks, the Savings and Loan Commissioner, and to associations of California mortgage lending institutions.

[Filed with Secretary of State July 8, 1987.]

WHEREAS, As the most established professional theater in the San Fernando Valley, the Back Alley serves the needs of the valley's 1.5 million residents by providing creative and provocative dramatic productions in the area in which they live and work; and

WHEREAS, The Back Alley subsidizes a free ticket distribution program for nonprofit community groups serving the disabled or needy and substantially discounts tickets for senior citizens and students; and

WHEREAS, The Back Alley has received support from every level of government, including the National Endowment for the Arts, the

WHEREAS, The Back Alley has outgrown its present facility, a 1940's converted warehouse with only 93 seats, attendance having grown 400 percent during the past five years; and

WHEREAS, The lease on this warehouse facility will expire in November of 1987 and it will not be possible for the Back Alley Theatre to occupy the facility after that time; and

WHEREAS, During 1985 the Back Alley played to over 20,000 patrons, representing 97 percent of its capacity; and

WHEREAS, San Fernando Valley residents make up more than 75 percent of the Back Alley's subscribers and more than 50 percent of its 16,000 home mailing list; and

WHEREAS, The San Fernando Valley, with a population of over 1.5 million persons, is the size of many cities which support several regional theaters, but does not yet have a single facility over 100 seats devoted to professional theater; and

WHEREAS, The Back Alley Theatre has applied for financial assistance from several sources to convert and renovate the old post office building in the City of Van Nuys for use as a 368-seat theater facility; and

WHEREAS, The old Van Nuys post office building was declared a Regional Historical Landmark by the Los Angeles Cultural Heritage Commission in 1978 and an application is pending for its inclusion in the National Register of Historic Places; and

WHEREAS, Without renovation the condition of the old post office building in Van Nuys will continue to rapidly deteriorate and the structure will eventually be lost; and

WHEREAS, The old post office is an ideal location for a midsize theater because of its interior dimensions, ample nearby parking, and architectural style; and

WHEREAS, Use of the old post office building by the Back Alley Theatre will enable Back Alley to serve over 100,000 community residents annually, as well as provide needed local economic stimulation and the creation of over 100 new jobs; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Office of Historic Preservation is requested to provide all possible assistance to the Back Alley Theatre to obtain financial assistance for its proposal to renovate the old post office building in the City of Van Nuys for use as a theater facility; and be it further

WHEREAS, A recent study of 60 social studies textbooks, for grades 1 to 6, inclusive, by Professor Paul Vitz, Professor of Psychology at New York University, under a grant awarded by the United States Department of Education, found only 11 references to religious activities in some 15,000 pages studied; and

WHEREAS, It is essential for an understanding of the history and culture of our state and nation that appropriate references to religion not be arbitrarily excluded from textbooks; and

WHEREAS, It is the intent of the Legislature to ensure that the history of our heritage and the proper relationship between church and state under our constitution be accurately reflected to future generations; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That textbooks used in California should accurately and objectively reflect the history of our state and nation, and that appropriate and balanced references to religion and religious freedom not be arbitrarily excluded from these textbooks where inclusion of such references is essential for an understanding of the history and culture of our society and the relationship between church and state under our constitution.

WHEREAS, There is a significant and growing interest by the general public in learning ASL; and

WHEREAS, The study and learning of ASL contributes to a greater understanding of the social and cultural aspects of deafness and to the breakdown of the communication barriers that have existed between hearing people, and deaf people and thus to the advancement of the state's expressed policy to encourage and enable deaf people, as well as other disabled people, to participate fully in the social and economic life of the state; now, therefore, be it

All other provisions of Resolution Chapter 156 relating to the membership of the task force shall remain the same.

RESOLUTION CHAPTER 66

Senate Concurrent Resolution No. 29—Relative to the Joint Committee on School Facilities.

[Filed with Secretary of State July 15, 1987]

WHEREAS, The Department of Finance, in a survey entitled "An Assessment of the Need for Funding to Provide Facilities for the Unhoused School Population Anticipated Between 1986 and 1991," estimated an increase of 567,000 pupils in grades kindergarten to 12, inclusive, of the public schools from fiscal years 1985–86 to 1990–91, inclusive, with 486,000 of those pupils needing new or rehabilitated school facilities; and

WHEREAS, In that survey, the Department of Finance estimated that, in order to provide adequate school facilities through the 1990–91 fiscal year, it would be necessary to expend $2.8 billion for

new school construction and $1.9 billion for the rehabilitation of existing schools; and

WHEREAS, The Legislature enacted and the Governor signed a package of school facility bills in 1986 which were designed to establish a state and local partnership in financing school facilities and to increase building standards to provide suitable educational facilities; and

WHEREAS, The continued economic development of the state is dependent on the provision of adequate school facilities; and

WHEREAS, Continuous legislative oversight of the implementation of school facilities legislation and an ongoing review of school facility needs should be maintained; now, therefore, be it

Resolved, by the Senate of the State of California, the Assembly thereof concurring, That the Joint Committee on School Facilities is hereby established and authorized to do all of the following:

(1) Investigate, study, and analyze the statutory provisions relating to the financing, construction, reconstruction, and operation of school facilities.

(2) Conduct oversight hearings and investigations as necessary to evaluate the effectiveness and efficiency of the school facilities system.

(3) Formulate school facility legislation necessary to meet the need for additional school facilities; and be it further

Resolved, That the Joint Committee on School Facilities shall consist of four Members of the Senate, appointed by the Senate Committee on Rules, and four Members of the Assembly, appointed by the Speaker of the Assembly; and be it further

Resolved, That the committee and its members shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members; and be it further

Resolved, That the Joint Committee on School Facilities may contract, subject to approval of the Senate Committee on Rules, with other agencies, public or private, as necessary to obtain services or studies which will assist the committee in carrying out its responsibilities; and be it further

Resolved, That the Senate Committee on Rules may make money available from the Contingent Fund of the Senate as it deems necessary for the expenses of the committee and its members. Any expenditure of money shall be made in compliance with policies set forth by the Senate Committee on Rules and shall be subject to the approval of the Senate Committee on Rules; and be it further

RESOLUTION CHAPTER 67

Senate Concurrent Resolution No. 40—Relative to workers' compensation judges.

[Filed with Secretary of State July 15, 1987]

WHEREAS, The California Supreme Court has characterized the Workers' Compensation Appeals Board as a judicial body exercising judicial functions whose workers' compensation judges hear and determine causes to final resolution in a manner and form consistent with judges of other courts of record in this state; and

WHEREAS, The California Court of Appeal has stated that workers' compensation judges are officers of a judicial system performing judicial functions and are judges for the purposes of the Code of Judicial Conduct and as such are subject to the same rules and constraints in the performance of the duties of their office, and in their adjudicative responsibilities, as are the judges of the other courts of this state; and

WHEREAS, The workers' compensation judges are required by Section 123.6 of the Labor Code to adhere to the Code of Judicial Conduct; and

WHEREAS, Section 68110 of the Government Code provides that "Every judge of a court of this state shall, in open court during the presentation of causes before him, wear a judicial robe, ..."; and

WHEREAS, The Legislative Counsel has advised that although Section 68110 does not require a workers' compensation judge to wear a judicial robe, no law prohibits it and wearing of judicial robes by the workers' compensation judges would appear to be appropriate; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That workers' compensation judges be authorized, on an optional basis, to wear judicial robes in open court during presentation of causes provided, however, that any robe shall be paid for by the workers' compensation judge from his or her personal funds rather than at state expense; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Chairperson of the Workers' Compensation Appeals Board for dissemination to its workers' compensation judges.

RESOLUTION CHAPTER 68

Senate Concurrent Resolution No. 37—Relative to consumer fraud.

[Filed with Secretary of State July 16, 1987]

WHEREAS, The public deserves to be protected from consumer fraud; and

WHEREAS, Federal law requires that gold and silver jewelry marked as having a certain number of karats or silver content shall contain not less than that number or designation, within applicable tolerances set forth, and federal law also requires that the manufacturer responsible for the gold or silver marking apply its trademark; and

WHEREAS, It is important to commerce in California that consumers feel confident in the value of their jewelry purchases; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature requests law enforcement agencies to make their employees aware of those provisions of federal law, specificially the National Gold and Silver Stamping Act (15 U.S.C. Sec. 291 et seq.), and the importance of it to California industry and tourism; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Attorney General and all appropriate state and local law enforcement agencies designated by the Attorney General.

RESOLUTION CHAPTER 69

Senate Concurrent Resolution No. 47—Relative to infant health.

[Filed with Secretary of State July 16, 1987.]

WHEREAS, Each year in California nearly 40,000 babies die in infancy or begin their lives at risk for significant health problems. Adequate prenatal care could prevent roughly one-third of these tragedies. In addition to the cost of lives lost, the lack of adequate maternity care is costing taxpayers needless millions of dollars for hospitalization and other remedial services for children. California needs to get "back to basics" by ensuring needed health care for pregnant women; and

WHEREAS, Nearly a half million babies were born in California in 1985, representing one out of every eight babies in the United States; and

WHEREAS, Compared to babies whose mothers received adequate health care, those with no prenatal care are five times more likely to die in their first year of life. They are also one and one-half

times more likely to be born with medical problems associated with their low birthweight; and

WHEREAS, Between 1970 and 1983, California fell from seventh best among states to 14th in its ranking of infant mortality; from 10th best to 29th in the percent of pregnant women receiving prenatal care in the crucial first trimester of pregnancy; from 12th best to 17th on percent of babies born with low birthweight; and

WHEREAS, The life consequences for the one in 14 babies born in California to mothers who receive late or no prenatal care are often bleak. Many of these babies begin their lives in hospital intensive care units--sick or disabled--at an average cost of $19,000. These babies account for 7 percent of births, but 20 percent of the newborn deaths. "No prenatal care babies" come from all ethnic groups: 34 percent are White; 43 percent Hispanic; 9 percent Black; 8 percent Asian, American Indian, or unknown; and 6 percent others. Infant death rates have recently increased for California's babies, and low birthweight percentages have increased for all of Asian and Black babies and "the number and percentage of babies to mothers with late or no prenatal care have increased;" and

WHEREAS, For the 30 percent of women who are poor or uninsured, there is no "maternity care system" in California. The services which do exist are uneven and overloaded. In Los Angeles County, patients who use public clinics must wait as long as 19 weeks after requesting an appointment for prenatal care before getting one. Orange County prenatal clinics turned away 2,000 indigent patients in 1985 because of their limited resources, and clinics in San Diego turned away 1,245 pregnant women during a recent three-month period for the same reason; and

WHEREAS, Despite the increasing demands on the maternity care system, California has invested relatively little state money in this preventative service. Only $12 million in California's $37 billion budget is specifically earmarked for maternal and child health services. A recent national survey found that 25 states devoted considerable state resources to improving the health of mothers and babies. California was not one of them; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the California Legislature supports the same all-out effort used to wipe out polio among children toward the goal of getting California's next generation off to the healthiest possible start in life. As with the highly successful immunization campaign, the public and private sectors need to join together to make the prenatal care campaign a success. Specific steps the State of California should take are; (1) make services available in every community, through new initiatives to attract providers and to reduce the cost of malpractice insurance; (2) make the price of maternity care affordable, by extending health coverage to uninsured pregnant women and removing fees that deter early care; and (3) get more pregnant women into early health care, through changes in public health policies and expanded education and

outreach; and be it further

Resolved, That the Legislature adopt measures to improve access to the prenatal services for all women in our state to improve the health of our infants who are at risk. Thirty years ago California leaders dedicated themselves to wiping out polio and diphtheria by building a public/private partnership to protect each child. The Legislature by adopting this resolution will demonstrate the same level of commitment to providing prenatal care since this is the best "vaccine" available to protect our state's babies' health; and be it further

Resolved, That the Legislature supports initiatives in the United States Congress which strengthen and expand prenatal care for uninsured pregnant women, including the Medicaid Infant Mortality Amendments of 1987 (H.R. 1018 and S. 422); and be it further

Resolved, That the California Legislature by implementing these prevention-oriented recommendations can reduce total state expenditures in the first year and provide California with large fiscal and human dividends in later years. It will cost approximately $32 million per year to provide prenatal care to the pregnant women who now go without. Savings from this investment in the first year alone amount to an estimated $54.4 million--for a net savings of $22.4 million. Over time, by avoiding preventable disabilities in children, the savings could increase to approximately $260 million annually.

RESOLUTION CHAPTER 70

Senate Concurrent Resolution No. 14—Relative to the Public Utilities Commission.

[Filed with Secretary of State July 20, 1987]

WHEREAS, The Public Utilities Commission, in its regulation of the rates and charges of public utilities under its jurisdiction, considers and approves matters affecting rates and services amounting to many millions of dollars each year directly affecting nearly every Californian; and

WHEREAS, Although the commission holds public hearings in these matters, real public input is often more a theory than a reality because of limited access to essential documentation in these cases and inconveniently scheduled hearings; and

WHEREAS, It is essential for informed public participation in commission proceedings that documents relating to pending proceedings be readily available to the public in the major metropolitan areas of the state and that hearings be scheduled in locations convenient to the ratepayers and other members of the public directly concerned; and

WHEREAS, It is also essential that the Public Utilities Commission

ensure that adequate commission staff are available within major metropolitan areas comprising the service areas of public utilities to assist citizens in reviewing documents relating to pending proceedings, to answer complaints about utility services and rates, and to serve other community needs associated with the provision of public utility services; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Public Utilities Commission schedule public hearings, upon request, in electrical, gas, and telephone corporation proceedings within the service area of the public utility involved; and be it further

Resolved, That the commission report to the Legislature on or before January 1, 1989, on its policy for the scheduling of hearings within the service area of the public utilities involved, and on its creation of a regional office in San Diego; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Public Utilities Commission.

RESOLUTION CHAPTER 72

Assembly Joint Resolution No. 16—Relative to handicapped children.

[Filed with Secretary of State July 21, 1987]

WHEREAS, Congress, in 1986, enacted and the President signed Public Law 99-457, which authorizes an early intervention program under the Education of the Handicapped Act for handicapped infants and toddlers and their families, and for handicapped preschoolers; and

WHEREAS, Congressional testimony and research indicate that early intervention and preschool services help enhance intelligence in children; produce substantial gains in physical development, cognitive development, language and speech development, psychosocial development and self-help skills; prevent the development of secondary handicapping conditions; reduce family stress; reduce societal dependency and institutionalization; reduce the need for special class placement in special education programs once the children reach school age; and save society and our nation's schools substantial costs; and

WHEREAS, Congress has made findings that there are urgent and substantial needs "(1) to enhance the development of handicapped infants and toddlers and to minimize their potential for developmental delay, (2) to reduce the educational costs to our society, including our nation's schools, by minimizing the need for special education and related services after handicapped infants and toddlers reach school age, (3) to minimize the likelihood of institutionalization of handicapped individuals and maximize the potential for their independent living in society, and (4) to enhance the capacity of families to meet the special needs of their infants and toddlers with handicaps," and that an overwhelming case exists for expanding and improving the provision of early intervention and preschool programs for these young individuals with exceptional needs; and

WHEREAS, The federal Department of Education in its Seventh Annual Report to the Congress has found that studies of the effectiveness of preschool education for the handicapped have demonstrated beyond doubt the economic and educational benefits of programs for young handicapped children, and the studies have also shown that the earlier intervention is started, the greater is the

ultimate dollar savings and the higher the rate of educational attainment by these handicapped children; and

WHEREAS, It is the policy of the United States to provide financial assistance to states to develop and implement a statewide, comprehensive, coordinated, multidisciplinary, interagency program of early intervention services for all handicapped infants and toddlers and their families; and provide a preschool grant program with enhanced incentives for states to serve all three to five year old handicapped children by school year 1990–91 or 1991–92, depending on the level of funds appropriated under the preschool program by Congress; and

WHEREAS, The California Legislature is concerned that Congress, since 1979, has not given states the full amount of financial assistance necessary to achieve its goal of ensuring handicapped pupils, under Public Law 94-142, equal protection of the laws; and that in 1986, the federal government's share of the cost of special education was only 9 percent of the average per pupil expenditure, although the law authorizes a 40 percent federal share; and

WHEREAS, California currently has a partial mandate to make early educational opportunities available to all children younger than three years of age who require intensive special education and services and their parents, and a mandate to serve all handicapped children between the ages of three and four years and nine months who require intensive special education and services; and

WHEREAS, California is exploring the feasibility of implementing the infant and toddler, and preschool provisions of Public Law 99-457; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to provide funding for the new federal programs for handicapped infants, toddlers, and preschoolers to the maximum amount authorized under Titles I and II of Public Law 99-457, in the 1988 federal budget, and in each subsequent budget year, so that states participating in these critical programs will not have to eliminate funding from other vital state and local programs to fund underfunded federal financial commitments; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to the Chair of the Senate Budget Committee, and the Chair of the House Committee on the Budget, and to each Senator and Representative from California in the Congress of the United States.

WHEREAS, The Legislature has passed and the Governor has signed legislation that requires local school districts to define policies related to academic grade point and student participation in extracurricular or cocurricular activities as presented in Section 35160.5 of the Education Code; and

WHEREAS, That local policy includes the maintenance of satisfactory educational progress which is defined at least a 2.0 grade point average and progress toward meeting graduation requirements; and

WHEREAS, The law further limits that local board policy to programs which are extracurricular or cocurricular and not academic programs which have as their primary goal the improvement of academic or educational achievements of pupils; and

WHEREAS, The University of California and the California State University System include coursework in the arts, which may require performance or exhibition as part of the class; and

WHEREAS, The State Education Code defines graduation requirement as including coursework in Foreign Language or the Visual and Performing Arts; and

WHEREAS, The Legislature is distinguishing between nonacademic enhancement programs and academic coursework in defining the limits of Section 35160.5; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the intent of the Legislature is not to restrict access to performance based arts classes if these classes are required for graduation or used as a means to satisfy collegiate entrance requirements as these courses clearly have academic goals.

RESOLUTION CHAPTER 74

WHEREAS, The nation's leading bioscience firms have located in close proximity to these institutions; and

RESOLUTION CHAPTER 75

Senate Joint Resolution No. 14—Relative to Coast Guard Vessel Traffic Service.

[Filed with Secretary of State August 26, 1987]

WHEREAS, The United States Coast Guard is a branch of the armed services originally created to defend our coastline and to ensure safe and orderly marine navigation in our territorial waters; and

WHEREAS, During the last 10 years, the Coast Guard has been given many additional responsibilities pursuant to numerous federal acts, including the Boat and Safety Act, the Port and Waterways Safety Act, the Port and Tanker Safety Act, the Fishery Conservation and Management Act, the Water Pollution Control Act, the Clean Water Act, and the OCS Land Act Amendments; and

WHEREAS, The nation's first Federal Harbor Advisory Radar system was developed in San Francisco with the full cooperation and the services of the Marine Exchange of the San Francisco Bay Region and became the prototype for vessel traffic service; and

WHEREAS, In recognition of the importance of vessel traffic service and its many contributions to marine navigation and safety, on January 1, 1986, a vessel traffic service became operational in New York; and

WHEREAS, San Francisco Bay is one of only six areas in the country which, because of its unique conditions, has Coast Guard Vessel Traffic Service; and

WHEREAS, The Coast Guard's Vessel Traffic Service, by directing over 350,000 movements in San Francisco Bay in the past five years and 75,000 movements in 1986 provides essential safety services for vessels using the bay and its numerous ports and harbors, including inland Sacramento-San Joaquin Delta ports; and

WHEREAS, The Coast Guard's port security and defense missions are expanding and the San Francisco Vessel Traffic Service also serves a unique role in the training and qualification of Coast Guard personnel in capabilities that will be increasingly critical; and

WHEREAS, The Coast Guard has in the past stated that the Vessel Traffic Service is a major factor in avoiding ship collisions; and

WHEREAS, Termination of this service will pose a serious threat to navigation and create unnecessary risks to life, property, and the environment; and

WHEREAS, Alternatives for operation of a marine navigation traffic system other than by the United States Coast Guard have been fully explored and found infeasible, in part because no agency has the respect and competence of the Coast Guard; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to provide full congressional funding to continue the Coast Guard Vessel Traffic Service in San Francisco Bay; and be it further

RESOLUTION CHAPTER 77

Assembly Concurrent Resolution No. 64—Relative to self-esteem.

[Filed with Secretary of State August 28, 1987]

WHEREAS, The epidemics of violence, drug abuse, teen pregnancy, child abuse, chronic welfare dependency, and educational failure threaten to engulf our society, and it begins to look like self-esteem may be our best hope for a preventive vaccine to develop an immunity to these and other self-destructive behaviors; and

WHEREAS, In 1986 the Legislature passed and the Governor signed into law, AB 3659 (Chapter 1065 of the Statutes of 1986) creating the California Task Force to Promote Self-Esteem and Personal and Social Responsibility; and

WHEREAS, California thereby again proves itself to be the leading state — the first to systematically and self-consciously seek to discover the key to unlock the secrets of healthy human development in order to get to the roots of, and develop effective solutions for, our major social problems; and

WHEREAS, This is an historic and hopeful effort by this state to develop for and provide to all Californians the latest knowledge and practices regarding the significance of self-esteem in our lives and in the lives of our children; and

WHEREAS, The California Task Force to Promote Self-Esteem and Personal and Social Responsibility is firstly charged to compile the most credible, contemporary scientific research regarding whether low or healthy self-esteem is causally implicated in the following six major social problem areas:

(a) Crime and violence.

(b) Drug (including alcohol) abuse.

(c) Teen pregnancy.

(d) Child abuse.

(e) Chronic welfare dependency.

(f) Failure of children to learn up to their potential; and

WHEREAS, The task force is secondly charged to compile the most credible, contemporary scientific research regarding how healthy self-esteem is nurtured and developed, harmed, and rehabilitated; and

WHEREAS, The task force is thirdly charged to search out and compile a listing of the model programs in California which indicate encouraging levels of success, with the development and the rehabilitation of healthy self-esteem; and

WHEREAS, The task force shall otherwise seek to identify policies and programs which support the development of healthy self-esteem and personal and social responsibility; and

WHEREAS, The task force shall survey government and other public institutions, including government agencies, schools, and public assistance programs to determine whether the manner in which they treat people serves to dehumanize persons and adversely affect their healthy self-esteem; and

WHEREAS, Extensive state and nationwide media coverage has made the creation and mission of this self-esteem task force widely known so that our entire state and much of our nation are watching; and

WHEREAS, More than 1,200 Californians, as well as numerous individuals and representatives of other states have come forward to state their endorsement of this task force and its mission; and

WHEREAS, The majority of those Californians who have come forward have also expressed interest in being personally involved with and serving as a resource for the task force; and

WHEREAS, Hundreds of committed, competent, and enthusiastic Californians sought appointment to the task force, and only 25 were successful, leaving a substantial reservoir of talent, energy, and good will available and eager to personally participate in this historic and hopeful endeavor; and

WHEREAS, We now have an unprecedented opportunity to create an effective statewide grass roots self-esteem network which could well serve as a model for other states to learn from and emulate; and

WHEREAS, The initial success of the task force's effort depends upon its receiving the most extensive input from throughout California thus, it would be valuable to create local vehicles with which all Californians could affiliate and through which they could make their knowledge and talents better known and available to the state task force; and

WHEREAS, The eventual success of the task force's effort will depend upon the effective carrying of its findings and recommendations into the heads and hearts, understanding and attitudes, and behaviors and practices of every individual Californian; and

WHEREAS, That success will be most assured by creating a series of vehicles to bring the task force's findings and recommendations back into every local community throughout California to inform and encourage implementation by every Californian in his or her individual, family, and community lives; and

WHEREAS, California's 58 counties seem most likely to be the most extensive and effective network through which to create such a vehicle locally for both input and implementation; now, therefore, be it

Resolved, That the task force hold statewide and locally based public hearings and meetings and to seek involvement of, and to receive input from, local community groups and programs; and be it further

Resolved, That the Legislature hereby requests and encourages each of California's 58 counties to immediately create its own local self-esteem task force to work as a partner with the statewide self-esteem task force, for the purpose of becoming that local vehicle; and be it further

Resolved, That each county, in so creating its task force, is encouraged to model its membership after the statewide task force to do all of the following:

(a) Include the county superintendent of schools, the county head of health and human services, the county chief parole officer, and the county district attorney.

RESOLUTION CHAPTER 78

Assembly Joint Resolution No. 10—Relative to the Aviation Trust Fund.

[Filed with Secretary of State August 28, 1987]

WHEREAS, Congress has established the Aviation Trust Fund for purposes of funding enhanced aviation safety and efficiency programs, and improvements in these matters have never been more urgently needed; and

WHEREAS, This fund was established in 1970 as a means to support construction of additional airports, including small "reliever" airports designed to reduce congestion at crowded major airports; and

WHEREAS, In 1982, the purpose of the fund was expanded to include airport improvements, air traffic control facilities, and air safety matters; and

WHEREAS, Urgently needed projects include replacement of outmoded radar systems presently affording only partial coverage of air traffic control areas, higher capacity computer information processing systems, and systems to warn air traffic controllers of impending midair collisions; and

WHEREAS, Because of inadequacies in the present air traffic control system, airlines and their passengers in 1986 experienced delays totalling approximately 2,500 hours per day nationwide, the industry's worst year ever for flight delays, which has been estimated

to cost the airlines, passengers, and shippers more than two billion dollars ($2,000,000,000); and

WHEREAS, Needed improvements are especially critical since airlines are presently serving more passengers than ever before, and the annual United States airline passenger total is reliably expected to continue to increase for the foreseeable future; and

WHEREAS, The Aviation Trust Fund is supported by an 8 percent tax on all airline tickets, a twelve cent ($0.12) per gallon tax on general aviation fuel, an air cargo tax, and an international departure fee, which result in total revenues of nearly three billion dollars ($3,000,000,000) per year; and

WHEREAS, An enormous surplus presently exists in the fund amounting to unspent revenues of approximately eight billion four hundred million dollars ($8,400,000,000), of which approximately four billion three hundred million dollars ($4,300,000,000) is not even committed to any long-term project; and

WHEREAS, It has been alleged that these funds have been hoarded for federal deficit-reduction purposes rather than utilized for the purposes for which the trust was created, and the Federal Aviation Administration has proposed that some of these funds be diverted to covering FAA operating expenses, including salaries, rather than the safety and improvement projects for which the money was originally collected; and

WHEREAS, This failure to properly utilize these funds for their original safety and improvement purposes jeopardizes the safety and well-being of the entire American public as well as air travelers and personnel; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the California Legislature urgently memorializes the President and Congress to take all necessary measures to utilize the Aviation Trust Fund for purposes of greatly needed aviation safety and improvement projects, pursuant to the original purposes of that fund; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Administrator of the Federal Aviation Administration.

RESOLUTION CHAPTER 79

Assembly Joint Resolution No. 17—Relative to strategic supplies of tungsten.

[Filed with Secretary of State August 28, 1987]

WHEREAS, Tungsten is a strategic material which is used not only to make drilling and cutting parts for the machining, oil well drilling, and mining industries and filaments for light bulbs, but also has many important applications in armaments and aircraft; and

WHEREAS, During World War II and the Korean Conflict, the United States, with world supplies cut off, became self-sufficient in the production of tungsten and created a strategic stockpiling program for this essential commodity; and

WHEREAS, The Bishop, California tungsten deposit is believed to be the world's largest, and the mine and mill located there contributed greatly to this country's production of that vital material; and

WHEREAS, At its peak of production in 1979, the Bishop mine and mill employed about 10 percent of that city's population, while today the mine has closed and the mill barely remains able to operate, and employs only 2 percent of Bishop's population; and

WHEREAS, If present import trends continue, all tungsten mines in this country will soon close, followed closely by the remaining tungsten mills, making the United States totally dependent upon foreign imports for tungsten; and

WHEREAS, Although federal stockpiles of tungsten are ample for a national emergency, that material is presently stored in a raw material state, and must be refined in order to be of any use to either industry or defense; and

WHEREAS, The closure of the nation's tungsten mills would render federal tungsten stockpiles worthless and unusable; and

WHEREAS, The United States tungsten industry has proposed that these stockpiles be refined and upgraded as a means to keeping these vital milling facilities in operation and the country's tungsten supplies in a usable state; and

WHEREAS, Excess tungsten concentrates may be used to finance this upgrading and refining process in order to minimize expenditures, and a similar program is presently in place for other strategic materials such as manganese and chromium; and

WHEREAS, Institution of a tungsten upgrading and refining program would be the only feasible way to keep the Bishop mill and its highly trained employees working, and the closure of this modern and environmentally sound facility would be a great loss not only for the community of Bishop but for the United States; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the California Legislature respectfully memorializes the President and Congress to institute a tungsten upgrading and refining program in order to render the nation's strategic stockpiles of tungsten usable and to rescue the vital tungsten milling industry from oblivion; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of

this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Administrator of the General Services Administration.

RESOLUTION CHAPTER 80

Assembly Joint Resolution No. 36—Relative to the Elk Hills Naval Petroleum Reserve.

[Filed with Secretary of State August 28, 1987]

WHEREAS, The Elk Hills Naval Petroleum Reserve was established in 1912 to provide a ready source of crude oil in time of national emergency; and

WHEREAS, The reserve was opened in 1976 to commercial production to offset the loss of imported crude due to the Arab oil embargo; and

WHEREAS, Congress and the federal government mandated that a portion of the production from the reserve be made available to small refiners; and

WHEREAS, Elk Hills crude provides the only available supply of light, relatively low-sulfur crude needed by small California refiners to meet the state's strict environmental limitations and special product needs; and

WHEREAS, The small refiners use the Elk Hills crude oil in blend to transport to processing facilities the heavier, low-gravity crudes produced by independent oil producers in the San Joaquin Valley; and

WHEREAS, This independent refiner market is of paramount importance to the continued viability of independent oil producers; and

WHEREAS, Elk Hills crude represents the single largest block of crude oil production not controlled by a major integrated refiner; and

WHEREAS, The state's independent refiners provide an important product price competition for major integrated companies; and

WHEREAS, Several proposals have been made to sell the portion of the Elk Hills Naval Petroleum Reserve owned by the federal government; and

WHEREAS, Section 7430 of the federal Naval Petroleum Reserves Act prohibits any person from obtaining control over more than 20 percent of annual oil sales from Elk Hills; and

WHEREAS, The Department of Energy has recently interpreted Section 7430 to apply only cumulatively to all sales that occur each

year and not to individual oil sales which occur approximately every three months; and

WHEREAS, This interpretation will result in the disruption of steady oil supplies which are needed by small refiners; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress to disapprove any sale or lease of the federal government's portion of the Elk Hills Naval Petroleum Reserve; and be it further

Resolved, That to ensure the continued existence of smaller refinery facilities, the Congress is requested to direct the federal government to assure that not more than 20 percent of each oil sale from the reserve be granted to one corporate entity, and its subsidiaries and affiliates; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 81

Senate Joint Resolution No. 17—Relative to school lunch programs.

[Filed with Secretary of State August 31, 1987]

WHEREAS, The programs established pursuant to the National School Lunch Act (Sections 1751 to 1769a, inclusive, of Title 42 of the United States Code) are intended to serve the nutritional needs of all children; and

WHEREAS, Good nutrition is essential to the growth, development, and general good health of children and has been demonstrated to promote the ability of children to learn; and

WHEREAS, Studies indicate that students from all economic levels who participate in the programs established pursuant to the National School Lunch Act are better nourished than children who do not participate in the school lunch program; and

WHEREAS, The school lunch program comprises the major nutritional component of the daily diet of millions of American schoolchildren; and

WHEREAS, The programs established pursuant to the National School Lunch Act further benefit the economy by helping to fully utilize the nation's abundance of agricultural products; and

WHEREAS, The President of the United States has proposed to reduce financial support for child nutrition programs across the nation by $826 million in the 1987–1988 federal budget; and

WHEREAS, The cuts in federal cash assistance to school lunch programs in California alone will total at least $57 million; and

WHEREAS, Since passage of the 1981 Omnibus Budget Reconciliation Act (Public Law 97-35), federal funding for child nutrition has declined by more than $6 billion; and

WHEREAS, The program under current law provides a basic infrastructure which helps pay the fixed costs of school food service programs in 1,178 California school districts serving 1,950,000 children; and

WHEREAS, State law mandates school lunches for needy children, and without the existing level of federal funding, many school districts would be unable to meet this mandate, jeopardizing the nutritional well-being of all children, including the poor, in the community; and

WHEREAS, The funding reduction in California since 1981 has resulted in a drop of more than 10 million free lunches, 8 million reduced-price lunches, and 16 million paid lunches annually; and

WHEREAS, The Child Nutrition Amendments of 1986 (Public Law 99-661) reauthorized all child nutrition programs until September 30, 1989; and

WHEREAS, The 98th Congress and the 99th Congress rejected all child nutrition budget cuts after extensive hearings and the Gramm-Rudman-Hollings Act (also known as the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177)) exempted child nutrition programs from any budget cuts; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California urges the United States Senate and House of Representatives to provide at least the level of funding provided in current law for school lunch programs in the 1987–88 fiscal year; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative in the Congress of the United States.

RESOLUTION CHAPTER 82

Senate Concurrent Resolution No. 33—Relative to missing disabled persons.

[Filed with Secretary of State September 2, 1987]

WHEREAS, Section 11114 of the Penal Code requires all local police and sheriffs' departments to accept any report of a missing person without delay, and it authorizes the police or sheriff's department having jurisdiction of the place in which the person

reported missing was last seen to initiate the investigation of the missing person; and

WHEREAS, The necessity to locate missing persons who suffer from disabilities as soon as possible requires local law enforcement agencies to initiate programs which expedite the investigation of their disappearance; and

WHEREAS, The circumstances involved in each missing person report are unique and must be individually evaluated; and

WHEREAS, Local law enforcement agencies in the past have given valuable service to society by providing helpful information to the public regarding self-protection and survival in potentially dangerous circumstances; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby requests each police and sheriff's department to review its regulations and adopt, if necessary, additional measures to require immediate attention to, and appropriate action on, missing person reports regarding disabled persons; and be it, further

Resolved, That the Legislature hereby requests, to the extent that time and funds are available, each police and sheriff's department to continue providing the public with appropriate self-protection information and specific information for use by disabled persons in order that they can facilitate their own discovery and rescue in the event of a mishap; and be it

Resolved, That the Chief Clerk of the Senate transmit a copy of this resolution to each police and sheriff's department.

RESOLUTION CHAPTER 83

Senate Concurrent Resolution No. 34—Relative to the Glenn Anderson Freeway.

[Filed with Secretary of State September 2, 1987]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That State Highway Route 105 be officially designated the "Glenn Anderson Freeway"; and be it further

Resolved, That the Department of Transportation be directed to determine the cost of erecting appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the official designation and, upon receiving donations from private sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 84

Senate Joint Resolution No. 8—Relative to federal income tax reform.

[Filed with Secretary of State September 2, 1987]

WHEREAS, The ability of investor-owned energy and water utilities to provide extensions of their dedicated utility services to new residential, agricultural, and business customers within California on an efficient basis is of utmost importance to the continuing growth of the state's dynamic economy; and

WHEREAS, The policies of the California Public Utilities Commission encourage new customers to contribute to the plant or needed funds to the serving utility for major service extensions, and thereby protect existing ratepayers from assuming the costs of those extensions; and

WHEREAS, A key element of providing least-cost utility service extensions was a long-standing provision of federal tax law which allowed payments made by new customers to offset the cost of extending the utilities distribution facilities to be treated as a contribution of capital to the utility, and thus not treated as income to the utility upon which income taxes are owed; and

WHEREAS, The federal Tax Reform Act of 1986 (Public Law 99-514) amended Section 118 and repealed Section 362(c) of the Internal Revenue Code, which allowed for those contributions to be treated as capital, and produced the result that contributions made after December 31, 1986, will be treated as income to the receiving utility, and subject to applicable federal income tax rates; and

WHEREAS, The economic impact of this change will be immediate and severe, inasmuch as the overall cost of those contributions will increase by as much as 66 percent during 1987, due to their taxable status, and these increased costs must be borne by either the new customer or the ratepayers of the serving utility; and

WHEREAS, This impact will be particularly harmful for regulated water utilities, which are unable to obtain cash for both building needed extensions and paying the newly-imposed tax unless the California Public Utility Commission grants significant rate increases for existing customers; and

WHEREAS, This action by the federal government does not appear to satisfy either of the goals of fairness or economic growth upon which the Tax Reform Act of 1986 is grounded; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to immediately enact legislation to restore the capital status of contributions to investor-owned energy and water utilities as it existed prior to the federal Tax Reform Act of 1986; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the California Public Utilities Commission.

RESOLUTION CHAPTER 85

Senate Joint Resolution No. 12—Relative to airport funding.

[Filed with Secretary of State September 2, 1987]

WHEREAS, The federal Airport and Airway Trust Fund, created by the former federal Airport and Airway Development Act of 1970 (Public Law 91-258), consists primarily of user fees from the carriage of passengers by air transport, the transport of property and cargo, and excise taxes on aviation fuel and tires, and is dedicated to the support and development of the nation's overall air transportation system; and

WHEREAS, The projected annual revenues to the Airport and Airway Trust Fund for the 1987 fiscal year are three billion five hundred million dollars ($3,500,000,000), bringing the projected surplus in the trust fund up to five billion six hundred million dollars ($5,600,000,000) by the end of the 1987 fiscal year on September 30, 1987; and

WHEREAS, The Airport and Airway Trust Fund was established as the funding mechanism for the support of, and future research and development for, the nation's air transport system, including the air traffic controller system; research, engineering, and development; and grants of aid for state and local governments to maintain and improve their airport facilities; and

WHEREAS, In 1981, the authorization of the Airport Improvement Program contained in the former Airport and Airway Development Act of 1970 was delayed for 18 months during which time only limited federal funds were available for airport development even though aviation user fees and taxes continued to flow into the United States Treasury; and

WHEREAS, This reduction in funding has contributed to the increasing shortfall of airport development needs as determined both by the Federal Aviation Administration's National Plan of Integrated Airport Systems and by state and regional system plans; and

WHEREAS, The Airport and Airway Improvement Act of 1982 (Public Law 97-248) will expire on September 30, 1987, and without reauthorization legislation, serious delays in the delivery of moneys from the fund to California will result, thereby inhibiting the ability of local airport operators to plan needed projects; and

WHEREAS, Another delay in the reauthorization of the Airport Improvement Program such as the delay in 1981 could translate into a 100 million dollar setback annually in California for planned and approved projects, most of which are either safety-related or are intended to improve the severe airport capacity or compatibility planning problems faced by California's airports; and

WHEREAS, The California Commission on Aviation and Airports unanimously approved a motion expressing concern and recommending that the Legislature of the State of California urge the Congress of the United States to take immediate action to avoid any delay in the reauthorization of the Airport and Airway Improvement Act of 1982; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to support and expeditiously enact legislation reauthorizing both the Airport and Airway Improvement Act of 1982 and the Airport and Airway Trust Fund so as to preclude any interruption in the expenditure of user-paid aviation trust funds for the airport projects for which the funds were collected and intended; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Secretary of Transportation, to the Administrator of the Federal Aviation Administration, and to the Governor of each state in the United States.

[Filed with Secretary of State September 3, 1987]

WHEREAS, Drowning is a major cause of accidental death in California for children between the ages of one and five years; and

WHEREAS, California has unacceptable incidences of infant and toddler mortality rates as a result of accidental drowning; and

WHEREAS, Near-drowning accidents which result in severe mental retardation and disability are the leading accidental cause of admission of children under the age of five years to California State Hospitals; and

WHEREAS, A child can drown in as little as two to three inches of water, and in less time than it takes to respond to a phone call; and

WHEREAS, All parents and child care providers need to be educated regarding water safety and the importance of all

appropriate water safety devices to keep children from pools and other bodies of water, as well as the importance of being trained in cardiopulmonary resuscitation; and

WHEREAS, Private health agencies and various state agencies have already collected considerable data on drownings and near-drownings by toddlers and small children; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Department of Health Services shall make available to the Legislature, upon request, any reports and information that the department has in its possession, compiled by private health agencies and state agencies relative to drownings and near drownings of toddlers and small children in pools and other bodies of water; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the State Director of Health Services.

RESOLUTION CHAPTER 87

Resolved, That the Superintendent of Public Instruction, school districts, and county boards of education, be encouraged to instill in staff development programs for school personnel the teachings of Martin Luther King, Jr.; whereby on the days surrounding his holiday they will better be able to remind and articulate to pupils and students the positive aspects of his teachings, and those of the Civil Rights Movement, and their impact on the American society as a whole; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Superintendent of Public Instruction and to each school district and each county board of education in this state.

WHEREAS, In the United States more than one million teenage girls become pregnant each year, and four out of five are unmarried; and

WHEREAS, In California teenage pregnancy has resulted in 50,000 births to teenage parents, 70,000 teenage abortions, and 17,000 teenage miscarriages in 1984 alone; and

WHEREAS, In addition, California has the second highest teenage pregnancy rate (14 percent) and the highest teenage abortion rate (6.9 percent) in the United States; and

WHEREAS, Eighty percent of teenage mothers and 45 percent of teenage fathers drop out of high school, and 60 percent of teenage mothers receive public assistance; and

WHEREAS, Among teenage pregnancies there is a substantial risk for low birth weight babies, with physical abnormalities and disabilities, and substantially higher infant mortality; and

WHEREAS, The economic loss to society having a substantially unproductive, uneducated portion of the population is immense; and

WHEREAS, Although the success of addressing teenage pregnancy issues requires policymakers, service providers, client/users of services, and interested citizens to work together, there has been no centralized attempt in California to deal with the problem of teenage pregnancy; and

WHEREAS, Other states, and Stanislaus and Los Angeles Counties have held conferences to develop a comprehensive community plan for addressing the issue of teenage pregnancy based upon the model developed by Women and Foundations/Corporate Philanthropy through a Mott Foundation Grant; and

WHEREAS, All of the following organizations have agreed to coordinate such a statewide conference, based upon the Women and Foundations/Corporate Philanthropy model: Adolescent Pregnancy Childwatch of Los Angeles County, American Association of University Women, California Alliance Concerned with School-Age Parenting, California Asian/Pacific Women's Network, California Council of Churches, California Home Economics Association,

California Medical Association, California Mental Health Association, California Reproductive Health Association, California Rural Indian Health Board, State Department of Education, State Department of Health Services, California State Parent-Teachers Association, Crittendon Center for Young Women and Infants, Delta Sigma Theta Sorority, Enterprises Adolescent Development, Institute for Advanced Study of the Black Family, Junior Leagues of California, Los Angeles Comision Feminil Mexicana Nacional, Los Angeles County Task Force on Teenage Pregnancy and Parenting, Lutheran Office of Governmental Ministry, March of Dimes, National Council of Negro Women, Planned Parenthood Affiliates of California, Senate Office of Research, Stanislaus County Public Health Department, Community Advisory Network on Pregnant and Parenting Teens, and UCSF Institute for Health Policy; and

WHEREAS, This conference is to be held in Sacramento on January 28 and 29, 1988; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature actively supports the holding of a statewide planning conference to facilitate California's identification of those policies, programs, and services that are most needed for both primary and secondary prevention of teenage pregnancy, and to improve teenagers' access to timely perinatal care, appropriate parenting education, and support for the completion of high school; and be it further

Resolved, That the conference should identify the needs of teenagers, and the resources available to them, and develop a comprehensive state plan to address teenage pregnancy and parenting in the areas of pregnancy prevention, health care for teenage parents and their children, and education and economic independence of the young parents.

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Director of Food and Agriculture is hereby requested to appoint a committee pursuant to Section 465 of the Food and Agricultural Code consisting of representatives of the state citrus industry to evaluate the concept of requiring the use of clean state registered citrus stock in the propagating, producing, or selling of citrus stock in this state; and be it further

Resolved, That the evaluation shall include a comprehensive review of existing methods to combat transmissible citrus diseases, including the present quarantine against citrus tristeza virus, other aspects of the present regulatory activities, and the feasibility of implementing the statewide use of clean state registered citrus stock; and be it further

WHEREAS, The fire at the veterinary diagnostic medicine facility did not just cause damage to property but presented a severe hazard to the safety and lives of people, including firefighters; and

WHEREAS, A fire does not just jeoparadize the lives of people but also endangers the lives and well-being of members of other species; and

WHEREAS, Because fire presents such an extreme threat of physical injury and death, arson has long been recognized as among the most heinous of crimes; and

WHEREAS, The vast majority of persons concerned with the humane treatment of animals has condemned those responsible for the fire at the veterinary diagnostic medicine facility; and

WHEREAS, Nevertheless, a small minority of purported animal rights activists has condoned the arson at the facility, thereby encouraging cruel and vicious terrorist activities that endanger the lives of people and of members of other species; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the members condemn the terrorist act of arson at the veterinary diagnostic medicine facility at the University of California, Davis; and be it further

Resolved, That the members condemn those who would condone that act of arson; and be it further

Resolved, That notwithstanding the terrorist act of arson, the State of California and its institutions must remain committed to the humane treatment of animals, and in furtherance of that commitment must consider the views of responsible persons and organizations that are also committed to animal rights; and be it further

Resolved, That the members declare that those who would put human and other animal life in peril by committing arson or by condoning arson cannot be considered truly representitive of the interests of animals; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to the Regents of the University of California and the Chancellor of the University of California, Davis.

RESOLUTION CHAPTER 92

Assembly Joint Resolution No. 15—Relative to the use of tributyltin in marine bottom paints.

[Filed with Secretary of State September 3, 1987.]

WHEREAS, Marine bottom paints containing tributyltin (TBT) are widely used by commercial and recreational fleets as an effective antifoulant; and

WHEREAS, The United States Navy is currently considering a conversion to the use of TBT-additive bottom paints for its fleet; and

WHEREAS, High concentrations of TBT have been found in marinas along the west coast, ranging from 100 to 1,000 parts per trillion in the marina water; and

WHEREAS, TBT is known to be toxic in concentrations of over 5 parts per trillion; and

WHEREAS, TBT has been found to cause deformities in oysters and other shellfish and lethal to juvenile chinook salmon; and

WHEREAS, TBT-based bottom paints have been banned or restricted in France and Great Britain at the insistence of the fishing industry to protect marine fish and shellfish; and

WHEREAS, Existing and increased uses of TBT-based bottom paints in the United States pose a potential threat to fish and shellfish resources; and

WHEREAS, Other forms of antifoulant bottom paints do exist and are available to military, commercial, and recreational fleets; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to enact an immediate ban on the use of TBT-based bottom paints by domestic or foreign vessels until such time as methods of use of TBT-based bottom paints or derivatives of organotin paints are developed that pose no threat to the marine environment; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of Defense, to the Secretary of Transportation, to the Secretary of the Navy, to the Administrator of the Environmental Protection Agency, to the Speaker of the House of Representatives, and to each Senator and Representative from Alaska, California, Hawaii, Idaho, Oregon, and Washington in the Congress of the United States.

RESOLUTION CHAPTER 93

Assembly Joint Resolution No. 19—Relative to fishing.

[Filed with Secretary of State September 3, 1987]

WHEREAS, The federal government through the National Marine Fisheries Service is actively encouraging joint venture agreements with foreign governments; and

WHEREAS, Fish, although caught by domestic or foreign fishermen, are landed on foreign flag "mother ships" for processing rather than being landed on our coast; and

WHEREAS, Fish otherwise landed on our shores are subject to taxation for the support of a fisheries-related program in research, law enforcement, and management; and

WHEREAS, Federal funding for the support of fisheries-related programs for research, law enforcement, and management is on the decline; and

WHEREAS, The federal government could impose a fee or tax on joint ventures which could be dedicated to fisheries-related activities; and

WHEREAS, The lack of such a federal equalization levy forces domestically landed fisheries to pay ever-increasing levies to support fishing programs due to federal funding declines and foreign competition; and

WHEREAS, Since 1980, over 400,000 metric tons of whiting, which were caught off the California, Oregon, and Washington coasts, were landed on joint venture foreign flag vessels, and payment of landing taxes were avoided which would have been paid if the fish had been landed domestically; and

WHEREAS, At the California rate of two dollars and sixty cents ($2.60) per ton, in excess of one million dollars ($1,000,000) would have been raised to support fisheries programs for research, management, and restoration if those joint venture landings had been equally taxed; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the California Legislature respectfully memorializes the Congress to enact legislation to immediately impose an equalization levy on all joint venture landings to be paid by the foreign flag mother ships and dedicated for state fisheries support, marketing, enforcement, and management; and be it further

RESOLUTION CHAPTER 94

Assembly Joint Resolution No. 20—Relative to federal income tax reform.

[Filed with Secretary of State September 3, 1987]

WHEREAS, The ability of investor-owned energy and water utilities to provide extensions of their dedicated utility services to new residential, agricultural, and business customers within California on an efficient basis is of utmost importance to the continuing growth of the state's dynamic economy; and

WHEREAS, The policies of the California Public Utilities Commission encourage new customers to contribute the plant or needed funds to the serving utility for major service extensions, and thereby protect existing ratepayers from assuming the costs of those extensions; and

WHEREAS, A key element of providing least-cost utility service extensions was a longstanding provision of federal tax law which allowed payments made by new customers to offset the cost of extending the utility's distribution facilities to be treated as a contribution of capital to the utility, and thus not treated as income to the utility upon which income taxes are owed; and

WHEREAS, The federal Tax Reform Act of 1986 (Public Law 99-514) amended Section 118 and repealed Section 362(c) of the Internal Revenue Code, which allowed for those contributions to be treated as capital, and produced the result that contributions made after December 31, 1986, will be treated as income to the receiving utility, and subject to applicable federal income tax rates; and

WHEREAS, The economic impact of this change will be immediate and severe, inasmuch as the overall cost of those contributions will increase by as much as 66 percent during 1987, due to their taxable status, and these increased costs must be borne by either the new customer or the ratepayers of the serving utility; and

WHEREAS, This impact will be particularly harmful for regulated water utilities, which are unable to obtain cash for both building needed extensions and paying the newly-imposed tax unless the California Public Utility Commission grants significant rate increases for existing customers; and

WHEREAS, This action by the federal government does not appear to satisfy either of the goals of fairness or economic growth upon which the Tax Reform Act of 1986 is grounded; now, therefore, be it

Resolved that the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congess of the United States to immediately enact legislation to restore the capital status of contributions to investor-owned energy and water utilities as it existed prior to the federal Tax Reform Act of 1986; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the California Public Utilities Commission.

making California the number one ranked state in the United States having the largest veteran community; and

WHEREAS, The young men and women presently in the armed forces that President Reagan referred to in his State of the Union Message will be veterans at sometime in the future, and by 1989, one-half of all American men over age 65 will be veterans; and

WHEREAS, The Reagan Administration plans to reduce the number of veteran patients treated at Veterans' Administration Hospitals by reducing the Veterans' Administration medical staff by 3,810 workers in 1988, thereby forcing 9,700 hospital patients and 113,000 outpatients to find alternative care; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President to support and the Congress of the United States to enact legislation recognizing the medical needs of our large veteran population, and to amend the budget accordingly to assure that the veterans of this country will not be slighted by reduction in funding for the Veterans'. WHEREAS, All succeeding United States Presidents have endorsed this program conducted for the broad purpose of exchanging ideas between the citizens of this state, the United States, and the people of other nations; and

WHEREAS, The people of the Republic of Korea, like the people of this state and the United States, generally, have overcome great adversity and have built a successful, prosperous, free economy; and

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature, on behalf of the people of the State of California, extends to the people of the Republic of Korea, an invitation to join California in a friendship and commerce relationship and to conduct mutually beneficial social, economic, educational, and cultural programs in order to bring our citizens closer together and strengthen international understanding and goodwill; and be it further

RESOLUTION CHAPTER 98

Assembly Joint Resolution No. 11—Relative to air traffic safety.

[Filed with Secretary of State September 14, 1987]

WHEREAS, More than 50 major air disasters have occurred since the National Safety Council warned, on August 17, 1964, that collision prediction can only be achieved through the use of three-dimensional measurement radar, which is radar capable of measuring longitude, latitude, and altitude; and

WHEREAS, These air disasters have resulted in the tragic loss of hundreds of lives, including 87 deaths in the recent midair collision of an Aero-Mexico airliner and a small private plane over Cerritos, California; and

WHEREAS, The Cerritos air disaster could in all likelihood have been prevented had air traffic controllers been informed of the private aircraft's altitude and pending collision course with the Aero-Mexico airliner, and this could have been readily provided through the use of a three-dimensional tracking system; and

WHEREAS, Current airborne collision avoidance systems, as evidenced by continued midair tragedies, are not sufficiently effective in ensuring public safety due to the absence of the means of making an altitude determination; and

WHEREAS, Recognized experts in the field of flight radar detection have testified that a cost-effective ground-based three-dimensional collision warning system is practicable and available in the form of bistatic or listen-only radar, a one-way radio broadcast transmission system which informs monitoring commercial aircraft pilots of collision bound aircraft; and

WHEREAS, Bistatic or listen-only radar systems may be installed using existing technology at far less cost than alternative airborne systems capable of measuring altitude as well as longitude and latitude; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to initiate emergency expert analysis of three-dimensional radar as an interim remedy to the current situation; and be it further

Resolved, That the Legislature urges the boards of supervisors of all California counties which host major commercial air traffic to adopt measures in support of this resolution, to communicate these measures to the President and Congress, and to provide local funding for analyses of bistatic, listen-only radar by counties; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the board of supervisors of each county in California, and to the Administrator of the Federal Aviation Administration.

[Filed with Secretary of State September 14, 1987]

WHEREAS, The Environmental Protection Agency is designated by the federal government as the agency responsible for the protection of our coastal environment; and

WHEREAS, An ever-increasing body of evidence is indicating that tributyltin-based antifouling paints can cause significant harm to the environment, especially shellfish; and

WHEREAS, The Environmental Protection Agency has the expert staff necessary to prepare and distribute appropriate informational

and educational materials on the use of antifouling paint and its potential adverse impact on our marine environment; and

WHEREAS, The Pacific Fisheries Legislative Task Force is willing to assist with coordination and development in the preparation and distribution of educational materials; and

WHEREAS, The failure to take informative and preventative steps could lead ultimately to regulation at either the state or federal level to eliminate or significantly reduce the potentially devastating adverse impacts on the environment and the related domestic fishing economics; and

WHEREAS, Similar educational leaflets such as "Don't Foul Things Up" have previously been prepared by the Royal Yachting Association in cooperation with the United Kingdom, Department of the Environment, and other bodies to serve as an example and guide; now, therefore, be it

Resolved, by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California requests and encourages the Environmental Protection Agency to devote all necessary staff and effort to prepare and distribute appropriate informational and educational materials on antifouling paints at the earliest possible date to further the protection of our marine environment and to help foster a positive economic climate, especially since less environmentally damaging alternatives are available; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Administrator of the Environmental Protection Agency, and to each Senator and Representative from Alaska, California, Hawaii, Idaho, Oregon, and Washington in the Congress of the United States.

WHEREAS, It is fitting and proper for a representative collection of the vessels that made this history be preserved and exhibited in

San Francisco so that generations to come may better understand our maritime history; and

WHEREAS, It was one of the legislative goals of the late Representative Sala Burton of San Francisco to make a maritime museum in San Francisco a reality; and

WHEREAS, Representative Burton's cause has been taken up by Representative Udall, Chairperson of the House Interior and Insular Affairs Committee, who has introduced legislation with the cosponsorship of 27 members of the California congressional delegation to establish a national maritime museum in San Francisco for the preservation and presentation of maritime artifacts and historic vessels including the sailing ship Balclutha, the steam schooner Wapama, the steamship SS Jeremiah O'Brien, the ferry Eureka, the schooner C. WHEREAS, The State of California is currently in the process of selecting a fiscal intermediary for processing Medi-Cal claims; and

WHEREAS, Medi-Cal providers have experienced difficulties with claims processing, claim reconciliation, and cash-flow to the degree that many have dropped out of the Medi-Cal program or are seriously considering dropping out of the Medi-Cal program; and

RESOLUTION CHAPTER 115

Senate Joint Resolution No. 3—Relative to telephone services.

[Filed with Secretary of State September 15, 1987]

WHEREAS, The federal plan to deregulate the nation's telephone network has resulted in a variety of changes in services, products and costs which have confused and angered Americans who have been used to a single reliable monopoly telephone service provider; and

WHEREAS, A recent decision by the Federal Communications Commission to deregulate the inside wire maintenance service, usually routinely provided by local telephone corporations, has caused a new level of confusion for the state's ratepayers and raised several important issues with respect to further deregulation of telephone services; and

WHEREAS, The state's ratepayers have financed, through their telephone rates paid to telephone corporations, the technical expertise to develop the sound and rational repair program which has served telephone subscribers who have had inside telephone wiring problems; and

WHEREAS, The Federal Communications Commission's decision to deregulate telephone service was in anticipation of a competitive repair marketplace which seems unlikely to materialize given the existing advantages the present telephone corporations have in the market; and

WHEREAS, The Legislature of the State of California has already expressed its strong support in Resolution Chapter 80 of the Statutes of 1986 for preserving the state's authority to regulate intrastate telephone service with respect to accounting methods and other regulatory decisions which affect local telephone rates; and

WHEREAS, Legislation may be reintroduced in the 100th Congress of the United States to transfer all future telephone deregulation authority to the Federal Communications Commission which, because of the Federal Communications Commission's policies which support competition, could detrimentally impact other local telephone services now regulated by the Public Utilities

Commission; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to enact legislation to reverse the decision to deregulate inside wiring maintenance by the Federal Communications Commission and thereby reestablish state authority over this public utility service; and be it further

Resolved, That the California Legislature opposes legislative proposals by the Congress of the United States to transfer authority from the Department of Justice to the Federal Communications Commission to deregulate telephone services, unless the Congress also requires significant input on these policy changes by state regulatory commissions, and local residential and business telephone subscribers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Chairperson of the Federal Communications Commission, and to the Public Utilities Commission.

Assembly Concurrent Resolution No. 80—Relative to the Kern Water Bank.

[Filed with Secretary of State September 18, 1987]

WHEREAS, The Kern County Groundwater Basin contains a large amount of available space for storage of additional water supplies, and the Department of Water Resources has proposed development of a conjunctive use program termed the Kern Water Bank; and

WHEREAS, In 1985, Senator Ayala authored SB 187, which authorized the Department of Water Resources to include in the State Water Project facilities south of the Sacramento-San Joaquin Delta for utilizing groundwater storage space determined by the Director of Water Resources to be feasible for providing yield for the State Water Project; and

WHEREAS, The Department of Water Resources has prepared an environmental impact report and a preliminary technical report showing that a direct recharge and extraction program in the area of the Kern River alluvial fan would be environmentally sound and cost-effective; and

WHEREAS, Additional water supplies could be stored in the basin by in-lieu recharge through delivery of State Water Project water supplies to lands now using local groundwater in exchange for a reduction in the pumping of groundwater on those lands; and

WHEREAS, In its report, entitled "Kern River Fan Element, Kern Water Bank," dated April 1987, the department has identified land on the Kern River alluvial fan which is ideally situated for conducting a ground water storage program; and

WHEREAS, The department and the Kern County Water Agency have executed a memorandum of understanding concerning the principles of operation of the Kern Water Bank and the key issues to address in negotiating a contract for management of the program; and

WHEREAS, SCR 92, adopted September 10, 1986, requested the department to report to the water policy committees of the Legislature on the progress of investigations on its groundwater programs and hearings were held on the Kern Water Bank in the Senate Agriculture and Water Committee on May 26, 1987, and in the Assembly Water, Parks and Wildlife Committee on June 3, 1987; and

WHEREAS, The proposed Kern Water Bank is supported by local interests in Kern County, the State Water Contractors, and various environmental interests; now ,therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Water Resources is requested to proceed with implementation of a program for direct recharge of State Water Project water supplies in the Kern River alluvial fan area through completing additional technical studies, acquiring lands deemed appropriate by the director for the program as outlined in its technical report, negotiating a contract with the Kern County Water Agency concerning the operation of the program, negotiating any necessary amendments to State Water Project contracts, and constructing facilities necessary for the

program; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Water Resources.

RESOLUTION CHAPTER 133

Assembly Concurrent Resolution No. 88—Relative to Recycling Week.

[Filed with Secretary of State September 18, 1987]

WHEREAS, In 1986 the Legislature enacted the California Beverage Container Recycling and Litter Reduction Act (Division 12.1 (commencing with Section 14500) of the Public Resources Code) with the goal of increasing recycling and reducing litter in the state; and

WHEREAS, The act is the first of its kind in the nation, and recycling centers will open statewide for consumers to redeem their aluminum, plastic, glass, and nonaluminum metal beverage containers; and

WHEREAS, In an attempt to make recycling easier for consumers, convenience zones will be established within one-half mile of every major supermarket; and

WHEREAS, Beginning October 1, 1987, consumers may return their marked beverage containers to certified recyclers and be paid a redemption value for each container; and

WHEREAS, The act has a goal of recycling 80 percent of beverage containers, but if a 65-percent rate is not reached for any specific type of container by January 1, 1990, the redemption value will increase to two cents, and will increase to three cents on January 1, 1993; and

WHEREAS, Beginning September 1, 1987, beverage distributors are required to pay the Department of Conservation one cent for each beverage container sold in California for deposit in the California Beverage Container Recycling Fund; and

WHEREAS, The unredeemed portion of the California Beverage Container Recycling Fund will be used to provide incentives for recycling centers to serve unserved areas, recycling bonuses for consumers, litter and recycling grants for community conservation corps programs, public education and promotion, and administrative costs; and

WHEREAS, The act provides incentives for nonprofit organizations and curbside pickup programs operated by public agencies; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims the week of October 5 to 9, 1987, as Recycling Week and urges all Californians to participate in recycling beverage containers and experience the new convenience of recycling beverage containers in California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor, and to the Department of Conservation for distribution to appropriate agencies and representatives in the private sector.

RESOLUTION CHAPTER 134

Assembly Concurrent Resolution No. 89—Relative to the Joint Select Task Force on the Changing Family.

[Filed with Secretary of State September 18, 1987]

WHEREAS, The family is the moral core of our society and the ability of the family to fulfill its roles and obligations is critical to the well-being of California's citizenry and economy; and

WHEREAS, Healthy family relations are of central importance to both the ability of adults to make productive contributions to society and to the emotional and intellectual development of children; and

WHEREAS, Major structural transformations are permanently changing the family as we have known it, for example:

(a) In 80 percent of all families, both parents are working; less than 10 percent of all families fit the traditional mom-at-home and dad-at-work image.

(b) Today, nearly half of the labor force is female and married women with young children comprise the majority of all new labor force participants; by the year 2000, three-fourths of all school-aged children, and two-thirds of all children under five will have working mothers.

(c) The number of single-parent families has jumped to 16 percent of all families and one in four children lives with a single parent; half of all single parent households live below the poverty level.

(d) Fifty percent of all marriages end in divorce; California has the second highest teenage pregnancy rate in the nation; and

WHEREAS, Family economics are dramatically influenced by a labor market converting from a manufacturing to a service and information economy as evidenced by:

(a) Real family income has declined 8.3 percent since 1973; service sector workers make half the salary of workers in manufacturing.

(b) The Congressional Joint Economic Committee reported in December that 60 percent of all the jobs created between 1979 and 1984 paid less than $7,000 a year, while the number of jobs paying more than $28,000 declined.

(c) The number of people involuntarily working part-time with no benefits has increased 60 percent since 1979; 28 percent of part-time workers earn the minimum wage.

(d) A middle-income homeowner spends 44 percent of his or her income on mortgage costs as compared to 14 percent in 1949; and

WHEREAS, Demographic shifts have occurred in California's family composition and these trends must be addressed by the public and private sectors:

(a) Between 1980 and the year 2000, the under 18 population will increase by 1.4 million children, reaching 7.9 million; the magnitude

of this increase and the corresponding need to care and educate these children is greater than anything California has faced since the 1946 baby boom.

(b) By the year 2000, the majority of working adults will be Hispanics, Asians, or Blacks, while the majority of those over age 65 will be non-Hispanic whites; immigration has and will continue to make California a rapidly growing multicultural state.

(c) Californians are living longer; the years of life after retirement are likely to equal or surpass the number of years of childhood and schooling; between 1985 and the year 2000, there will be an 80-percent increase in the number of those age 85 and over placing new challenges on our medical and long-term care systems; and

WHEREAS, Massive socioeconomic changes have taken place in our society, redefining the concept of the family and the composition of the labor force, and a comprehensive family policy would strengthen the foundation of California's families and the competitiveness of its economy; and

WHEREAS, California's institutions—from the workplace to the schools—have not fully recognized or responded to the fundamental transformations that have occurred allowing for potential family crises rather than planned opportunity by the year 2000; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature establish a Joint Select Task Force on the Changing Family. This task force shall:

(a) Report to the Legislature and the public on California's changing family into the year 2000, specifically reviewing current social, economic, and demographic trends and assessing their socioeconomic implications for the family.

(b) Define the basic tenets of a comprehensive California family policy, and report to the Legislature on national, state, and local programs that address the socioeconomic trends impacting on family stability.

(c) Develop legislative recommendations that incorporate the policy issues reviewed and researched by this task force which are to be submitted in part to the Legislature in draft form by February 1, 1988, for the 1987–88 Regular Legislative Session and the remainder submitted to the Legislature in draft form by September 1, 1988, for the 1989–90 Regular Legislative Session.

(d) Recommend to the Legislature methods for evaluating the impact of program and policy development on family stability using basic family functions as the baseline criteria. These family functions should include, but not be limited to, primary need fulfillment such as food, shelter, and safety; nurturance, the imbuing of values and ethics; motivation for education and employment preparation; and the provision of safety and rest for all family members; and be it further

Resolved, That the task force shall consist of 26 members that represent both the diversity of California's family demographic

profile and the geographic balance of the state; and be it further

Resolved, That the Speaker of the Assembly and the Senate Rules Committee shall each appoint three legislators and 10 public appointees. The public appointees shall have expertise in areas of family work policy, family economics, or family demographic trends. They shall include, but not be limited to, community leaders in economics, employment development, education, religion, business, sociology, social and support services, parenting, and family programs; and be it further

Resolved, That the Speaker of the Assembly and the Senate Rules Committee shall each designate a Cochairperson of the Joint Select Task Force on the Changing Family. The task force shall hold its first meeting within 45 days of the date on which this resolution takes effect and shall meet on at least a monthly basis. In the event of a vacancy, the original appointing authority shall appoint a replacement; and be it further

Resolved, That the task force shall submit a report to the Legislature with its findings on the social, demographic, and economic trends impacting on California's families and comprehensive legislative recommendations to address these structural changes by September 1, 1988; and be it further

Resolved, That the task force shall terminate on November 30, 1988; and be it further

Resolved, That the Assembly Committee on Rules and the Senate Committee on Rules shall allocate funds, in equal amounts, as they deem appropriate, from the contingent funds of the respective houses for the support of the Joint Select Task Force on the Changing Family; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Speaker of the Assembly and the Chairperson of the Senate Committee on Rules.

RESOLUTION CHAPTER 135

Assembly Concurrent Resolution No. 91—Relative to AIDS Awareness Month.

[Filed with Secretary of State September 18, 1987]

WHEREAS, Aquired Immune Deficiency Syndrome has been the cause of death for 22,747 Americans to date; and

WHEREAS, The National Academy of Sciences estimates 1,500,000 Americans currently carry the HIV virus and will eventually develop full blown AIDS; and

WHEREAS, There is no known cure for AIDS; and

WHEREAS, Prevention of contracting the virus is the only means known to stop the spread of this disease; and

WHEREAS, The federal government has declared October, 1987, as National AIDS Awareness Month; now, therefore, be it

Resolved, That the Legislature declares October, 1987, as California AIDS Awareness Month; and be it further

Resolved, That the Governor is hereby requested to proclaim October, 1987, as California AIDS Awareness Month; and be it further

Resolved, That the Chief Clerk of the Assembly submit a copy of this resolution to the Governor.

RESOLUTION CHAPTER 136

Assembly Joint Resolution No. 49—Relative to Taiwanese poultry import restrictions.

[Filed with Secretary of State September 18, 1987]

WHEREAS, Taiwan exports more products to California than any nation other than Japan; and

WHEREAS, In 1986, California's $1.7 billion in exports were overwhelmed by $7.8 billion worth of Taiwanese imports; and

WHEREAS, High tariffs present a major barrier to imports to Taiwan, with tariffs ranging from 40 to 75 percent in addition to a 4 percent "harbor tax" on imports; and

WHEREAS, In 1982 Taiwan placed an official import ban on chicken meat, and while this ban was lifted in 1985, import applications must still be approved by the Taiwan Council of Agriculture; and

WHEREAS, Approval from the Council of Agriculture has never been granted; and

WHEREAS, While the Taiwan Customs Bureau has ruled that processed chicken meets the definition of prepared food products and is allowed entry at the current 45 percent tariff, the Taiwan Feed and Grain Association, Poultry Association, Veterinary Products, and other poultry related groups have threatened to reduce imports of United States grain and feed and ban all imports of chicken meat, regardless of how it is prepared; and

WHEREAS, The introduction of fast food chains and modern supermarkets in Taiwan has increased the demand for chicken by at least 30 percent, and is expected to double by the end of the year, creating a natural export market for California poultry exports; and

WHEREAS, Five main chicken breeder farms in Taiwan which control the chicken market have hampered growth by maintaining very high prices by alleged market manipulation and a protectionist ban on imported chicken meat; and

WHEREAS, Even with the 45 percent import tariff imposed by Taiwan on chicken imports, California chicken would still be

competitively priced in Taiwan if the import ban was lifted; and

WHEREAS, Because Taiwan is not part of the General Agreement of Tariffs and Trade (GATT) negotiations, all formal trade negotiations between Taiwan and the United States are conducted by the American Institute in Taiwan with Taiwan's Coordinating Council for North American Affairs; and

WHEREAS, The American Institute in Taiwan has made the lifting of the ban on chicken imports a top priority of discussion with Taiwan; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the President of the United States, the Congress of the United States, and the United States Trade Representative are respectfully requested to urge Taiwan to lift its ban on imported chicken parts; and be it further

Resolved, That the Governor and the Director of the Asian Trade and Investment Office in Tokyo are respectfully requested to urge Taiwan to lift their ban on imported chicken parts and reduce excessive tariffs and duties, and to formally support the American Institute in Taiwan in their efforts to accomplish the same goal; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the United States Trade Representative, to the Taiwan representative of the Coordinating Council for North American Affairs, to the Governor, to the Director of the Asian Trade, to the Investment Office in Tokyo, to members of the California State World Trade Commission, to the Director of the California Department of Food and Agriculture, and to the Director of the American Institute in Taiwan.

RESOLUTION CHAPTER 137

Assembly Joint Resolution No. 50—Relative to Salvadoran death squads.

[Filed with Secretary of State September 18, 1987]

WHEREAS, On July 7, 1987, a politically active Salvadoran woman was kidnapped at knife point by two Salvadoran men outside the Los Angeles office of the Committee in Solidarity with the People of El Salvador, forced into a car, and for six hours was brutally tortured, burned, interrogated, and raped; and

WHEREAS, On July 17, 1987, Rev. Luis Olivarez, Pastor of Los Angeles' largest Latino parish, Lady Queen of the Angels, disclosed that he had received a death threat in the form of a letter marked "E.M." — the initial of El Salvador's Escuadron de Muerte (the Squadron of Death); and

WHEREAS, The reported kidnapping of a Guatemalan woman on July 17, 1987, is being investigated in connection with these earlier threats and abduction; and

WHEREAS, On July 10, 1987, a Salvadoran woman refugee who had been kidnapped and tortured in El Salvador in 1979 received a death squad-style threat in her Los Angeles mailbox that also threatened 18 other refugees warning that although they escaped in El Salvador, they would not in America; and

WHEREAS, Other members of the refugee community, in both Los Angeles and San Francisco, have reported being followed, having their cars broken into, and receiving threats by telephone; and

WHEREAS, These incidents, combined with recent vandalizing of cars of other politically active Salvadorans have raised fears in the refugee community that death squad-type groups are conducting a kind of psychological warfare aimed at terrifying refugees into halting their political activities; and

WHEREAS, The Federal Bureau of Investigation has announced in its statement that it is opening an investigation into the possibility of terrorist activity by Salvadoran death squads in Los Angeles; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the California Legislature condemns the ongoing terror campaign against Central American refugees in Los Angeles and San Francisco and expresses its support for the refugee community; and be it further

Resolved, That the California Legislature declares its support for the United States Congressional subcommittee inquiry into the death squad's activities and, in doing so, urges the inquiry to send a clear message to those who would import terrorism to the United States that this violence will not be tolerated; and be it further

Resolved, That the Legislature respectfully requests Los Angeles Mayor Tom Bradley, San Francisco Mayor Dianne Feinstein, and the Federal Bureau of Investigation to take action to accomplish the intent of this measure; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of the Federal Bureau of Investigation, Los Angeles Mayor Tom Bradley, San Francisco Mayor Dianne Feinstein, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 138

Assembly Joint Resolution No. 51—Relative to contracts with Toshiba Corporation of Japan and Kongsberg Vaapenfabrikk.

[Filed with Secretary of State September 18, 1987.]

WHEREAS, In the face of a huge deficit, the United States spends millions for Toshiba products; and

WHEREAS, California is also a major purchaser of Toshiba products, including personal computers, medical equipment, and office copiers; and

WHEREAS, Toshiba Machine Company, Ltd., a subsidiary of Toshiba Corporation of Japan, and Kongsberg Vaapenfabrikk, a state-owned company of Norway, put profit before principle by secretly peddling defense technology to the Soviet Union; and

WHEREAS, Between 1981 and 1985, Toshiba and Kongsberg conspired to sell eight metalworking machines and specialized computers to the Soviets to construct superquiet submarine propellers which are 10 times quieter than before, and therefore undetectable by undersea listening devices; and

WHEREAS, These illegal sales were not only in direct violation of Regulation IL 1091 of the Allied Coordinating Committee for export controls, which includes most members of the North Atlantic Treaty Organization and Japan, but represent one of the worst losses of high-technology equipment to the Soviet Union in a decade; and

WHEREAS, The new superquiet Soviet submarines, the Akula and Sierra Hunter-killers, are now capable of coming within a 10-minute missile firing range of American shores, placing the people of the State of California, our country, and our allies in peril; and

WHEREAS, Far from being the unwitting dupes of a KGB plot, Toshiba and Kongsberg were the perpetrators, purposely falsifying their export license applications to indicate that the machines were legal; and

WHEREAS, The Japanese and Norwegian authorities gave these false license applications minimal scrutiny, without attempting to determine the true capabilities of the equipment listed on the export control applications, or checking the shipments to determine if they actually contained the models listed on the erroneous export license; and

WHEREAS, Japanese and Norwegian authorities have made a limited effort to punish the perpetrators, with both countries invoking their statutes of limitations to foreclose the possibility of serious prosecution; and

WHEREAS, The response by Japan and Norway was wholly inadequate to act as a deterrent against further national security breaches; and

WHEREAS, While Toshiba and Kongsberg made $17 million on their covert sale to the Soviets, it is estimated that it will cost American taxpayers billions to respond with countertechnology; and

WHEREAS, The citizens of California must join with the United States government in expressing our strongest objection to placing our citizens in jeopardy; and

WHEREAS, One of the best ways to deter future breaches of

national security would be the curtailment of business relationships between the United States and the State of California with Toshiba, Kongsberg, or any other business or organization which practices international treason for profit; now, therefore be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectively memorializes the President of the United States, the Congress of the United States, and the Department of Defense to support legislation aimed at punishing Toshiba and Kongsberg; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Secretary of Defense, to the United States Trade Representative, to the Governor of the State of California, to the Director of the Asian Trade and Investment Office in Tokyo, and to the secretary or director of every California state agency and department.

RESOLUTION CHAPTER 139

Assembly Joint Resolution No. 55—Relative to Indian health care services.

[Filed with Secretary of State September 18, 1987]

WHEREAS, There presently reside in California more than 200,000 Native Americans, also known as Indians, of whom approximately 75,000 are in rural areas; and

WHEREAS, The health needs of California Native Americans are documented to be the most critically acute of any population; and

WHEREAS, The vast majority of these Native Americans receive most of their health care services through federal government funding, particularly the Department of Health and Human Services operating through the Indian Health Service; and

WHEREAS, The Department of Health and Human Services has announced its intention to publish a regulation imminently that redefines who is an Indian for purposes of eligibility to receive federally funded health services through the Indian Health Service; and

WHEREAS, This new definition narrows who is an Indian to those who are (1) members of a federally recognized Indian tribe, and (2) reside within a designated health service delivery area, a geographic area determined by the Indian Health Service; and

WHEREAS, Current federal and state law defines who is an Indian eligible for federal health services through the Indian Health Service as those persons of Indian descent who are regarded as Indian by the community in which they live and who reside on or near an Indian reservation (Section 36.12 of Title 42 of the Code of Federal

Regulations); and

WHEREAS, The vice of the new definition by the Department of Health and Human Services limiting "Indians" to "members of federally recognized tribes" is that most Native Americans indigenous to California are not members of federally recognized tribes because these are tribes having treaties with the United States, and many treaties with California Indians were never ratified in 1850 because of the discovery of gold and the United States Senate's reluctance to cede land to California Indians that might contain valuable gold deposits; and

WHEREAS, The impact of the regulation redefining Indian to "members of federally recognized tribes" is to deprive more than half of California's Native American population, and two-thirds of the rural Native Americans in this state, of critically needed health services or shift an exorbitant burden to meet these needs upon the state and local governments; and

WHEREAS, It would be a grave injustice to California Indians and an unfair burden on California for the federal government to adopt a new definition of Indian for health care purposes that ignores the federal government's historical role in depriving them of "federally recognized" tribal status; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California urge the Secretary of Health and Human Services to not publish, or to rescind if published, the regulation that limits the eligibility of Indians for critically needed health care services to those who are members of federally recognized tribes; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact legislation that will define "Indian" for the purposes of eligibility to receive federal health care benefits in a manner consistent with current regulatory practice and sensitive to the historical anomaly of California Native Americans who do not have federally recognized tribal status; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Secretary of Health and Human Services.

RESOLUTION CHAPTER 140

Senate Joint Resolution No. 7—Relative to foster care.

[Filed with Secretary of State September 18, 1987]

WHEREAS, Federal matching funds for foster care is available for the cost of care of children who have been removed from their homes and placed in foster care as the result of a judicial determination that continuing to live in that home would be contrary to the welfare of the child; and

WHEREAS, In some teenage foster care cases, the foster child is herself the parent of an infant child who lives in the same foster family home or foster care institution, but because of the requirement that a child must have been removed from their home and placed in foster care away from their parent, the infant child of a teenager in foster care is not eligible for federally assisted Aid to Families with Dependent Children-Foster Care (AFDC-FC), even though the care of the infant may be primarily the responsibility of the foster care provider; and

WHEREAS, These children of foster care children may be eligible as a child-only AFDC unit, but, the AFDC family rate for a child-only unit is usually much less than the cost of foster care, especially in the cases where a foster care institution has a specialized program for foster care teenagers and their infants; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact legislation to amend Title IV-E of the Social Security Act to make children of foster care recipients eligible for AFDC-FC matching funds and to require states to include in a foster care payment the cost of care provided to the child of a girl in foster care along with the cost of care provided to the foster child herself when they are living in the same foster care home or foster care institution; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 141

Senate Joint Resolution No. 19—Relative to oil and gas royalties.

[Filed with Secretary of State September 18, 1987.]

WHEREAS, According to the General Accounting Office, serious deficiencies in the system for collection of oil and gas royalties by the Department of the Interior that were identified over 20 years ago persist today; and

WHEREAS, According to a report issued by the House Appropriations Subcommittee on the Interior, the federal

government may be failing to collect as much as one billion dollars ($1,000,000,000) a year in oil and gas royalties; and

WHEREAS, Since states receive half the royalties earned from public lands within their borders, the states have a vital interest in ensuring that the federal government collects all royalties due; and

WHEREAS, Proposed regulations of the Department of the Interior, if implemented, would unreasonably require states to rebate millions of dollars to oil and gas companies for royalties collected since 1982; and

WHEREAS, The Department of the Interior has consistently failed to forward royalty payments to the states in a timely manner and has failed to comply with the Federal Oil and Gas Royalty Management Act passed by Congress in 1982, which requires the department to disperse royalties within 30 days of receipt; and

WHEREAS, The Department of the Interior has wasted large sums of the taxpayers' moneys in attempting to develop new computer systems to efficiently manage the collection of royalties, but has so far utterly failed to develop a workable system; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States and the Secretary of the Interior to ensure that oil and gas royalties are efficiently collected by the federal government and disbursed to the states in accordance with federal law; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of the Interior, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 143

Senate Joint Resolution No. 28—Relative to recommending that Everett Alvarez, Jr. receive the Presidential Medal of Freedom.

[Filed with Secretary of State September 18, 1987]

WHEREAS, Everett Alvarez, Jr., who is currently the Vice President for Government Services of the Hospital Corporation of America, was the first American aviator shot down over North Vietnam; and

WHEREAS, Born in Salinas on December 23, 1937, Mr. Alvarez is the holder of a bachelor's degree in electrical engineering, a masters' degree in operations research and systems analysis, and a juris doctorate degree, and he is also a member of the District of Columbia Bar; and

RESOLUTION CHAPTER 144

Senate Joint Resolution No. 26—Relative to federal gasoline taxes.

[Filed with Secretary of State September 18, 1987]

WHEREAS, Gasoline taxes have traditionally been treated as user fees dedicated to transportation improvements; and

WHEREAS, Transportation programs have not contributed to the federal debt because the Federal Highway Trust Fund is required to have revenues sufficient to balance expenditures from it; and

WHEREAS, An increase in the gasoline tax for nontransportation purposes would be an unwarranted diversion of a traditional source of revenue for transportation and would seriously undermine the ability of states to raise funds for improvements to their roads and for transportation programs; and

WHEREAS, A federal gasoline tax increase for deficit reduction would increase consumer prices and place an undue burden on lower income persons and those especially dependent on private vehicles for transportation; and

WHEREAS, A nontransportation federal gasoline tax increase would have a negative effect on employment, income tax revenues, and the personal savings rate; and

WHEREAS, A federal gasoline tax increase would create regional and geographic inequities which would place a greater burden on western and nonurban areas where motorists must travel greater distances between their homes, businesses, and workplaces; and

WHEREAS, Any increase in the federal gasoline tax should be used to fund existing and growing transportation infrastructure needs; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States not to use or increase the federal excise tax on gasoline to reduce the federal budget deficit; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 145

Senate Concurrent Resolution No. 30—Relative to the Task Force on Financial Planning Regulations.

[Filed with Secretary of State September 18, 1987]

WHEREAS, Opportunities for financial investing by Californians with various income levels have increased substantially in recent years; and

WHEREAS, Sound and prudent selection among these many new opportunities, as a means of planning ones' financial future, can significantly enhance ones' economic security and well being; and

WHEREAS, Many of these investment opportunities pose difficult and highly technical issues, particularly in comparing investment opportunities and in integrating various investment opportunities into a beneficial individual financial plan; and

WHEREAS, Californians increasingly are seeking expert assistance in designing their financial plans, resulting in Americans spending up to $400 billion a year on financial services; and

WHEREAS, There exists a wide range of expertise and competence among those to whom many Californians are turning for financial planning assistance; and

WHEREAS, The Legislature desires that individuals be given adequate information regarding the qualifications of those persons offering expert advice as well as adequate information regarding the financial plans and products being recommended; and

WHEREAS, These financial experts, known as financial planners, engage in multiple professions and businesses and offer a variety of types of financial services which may be related to or be part of their financial planning activities; and

WHEREAS, Conservative estimates place the number of individuals calling themselves financial planners, or similar names, at over 20,000; and

WHEREAS, There has been within California over the past several years a dramatic increase in the number of professionals calling themselves financial planners, which in many instances may be based more upon the individual's desire to attract new clients than a reflection of expertise; and

WHEREAS, Existing California law regulates financial planners as investment advisors, when investment advice is given, but does not regulate as financial planners individuals not giving investment advice in the course and scope of their work for clients, but who nonetheless call themselves financial planners; and

WHEREAS, An ever-increasing number of existing professionals, such as accountants, bankers, lawyers, insurers, realtors, stockbrokers, and tax preparers, have all expanded their businesses to include the provision of personal financial planning with no uniform consumer protections or guidelines; and

WHEREAS, The California Legislature during its 1985–86 Regular Session acted in recognition of the need to protect consumers of financial planning services by passing Senate Bill No. 315, a bill which required everyone offering financial planning services to fully disclose professional expertise, training, potential conflicts of interest, and methods of remuneration, among other requirements; and

WHEREAS, The Governor vetoed Senate Bill No. 315, explaining that he believed the legislation would have given consumers a false sense of state protection; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature remains concerned about the adequate protection of individuals seeking financial advice from those offering financial planning services and believes current California law does not clearly provide this protection; and be it further

Resolved, That the Legislature desires that those parties affected by legislation regulating financial planning services and financial planners, including financial planners, investment advisors, stockbrokers, insurers, lawyers, accountants, tax preparers, realtors, bankers, the administration, and consumers, study and propose ways in which the Legislature and the Governor can act to bring these protections to California's consumers; and be it further

Resolved, That there is hereby created the Task Force on Financial Planning Regulations, which shall be convened and meet as necessary and report back to the Legislature and the Governor on or before January 15, 1988, with a proposal to regulate financial planners and their services within California and thus protect consumers, either by additional coordination of existing state law and regulation, or through additional legislation and regulation; and be it further

Resolved, That the Task Force on Financial Planning Regulations shall be dissolved once the report is received by the Legislature and the Governor; and be it further

Resolved, (a) That the Task Force on Financial Planning Regulations shall be comprised of members as follows:

RESOLUTION CHAPTER 146

Senate Concurrent Resolution No. 43—Relative to the state's Hispanic population.

[Filed with Secretary of State September 18, 1987.]

WHEREAS, There is in California a large and growing population of persons of Hispanic origin; and

WHEREAS, It is estimated that within the next 40 years, this group will comprise the largest single element of the state's population and currently is the state's largest minority population; and

WHEREAS, A substantial proportion of this population has a common heritage, with strong cultural and ethnic identities that are shared with the people of Mexico and other Latin American countries, presenting a unique opportunity for cooperative efforts to address the pressing concerns of our Latin American neighbors as they relate to California's problems as a whole; and

WHEREAS, California's history and development have relied heavily upon the contributions of its Hispanic population, helping to create a rich cultural heritage, prospering economy, and social environment admired around the world; and

WHEREAS, Current statistics demonstrate that large segments of the Hispanic population have not benefited fully from California's

advances, a fact that is reflected in high levels of poverty and low economic opportunity, low levels of political participation, substantial underrepresentation in government at all levels, high academic dropout rates, high concentration of limited-English-speaking and writing ability, and pervasive discrimination in numerous aspects of everyday life, indicating that the enormous resources available to the state have not been adequately utilized to plan, strategize, and provide direction or develop resources designed to overcome the obstacles to full participation faced by such a large and important segment of California's population; and

WHEREAS, It is in the interest of all the citizens of the State of California that barriers which inhibit full participation in the educational, political, scientific, social, and economic activities of the state be eliminated; and

WHEREAS, Although there has been steady growth in the number of Hispanics participating in the educational, political, scientific, social, and economic activities of the state, Hispanics remain seriously underrepresented in all of these areas in comparison to the size of the population; and

WHEREAS, The continued underutilization and underdevelopment of the resources that exist within the growing Hispanic population threatens the stability of California's economy and its social structure; and

WHEREAS, For example, if the largest segment of California's work force is unprepared to compete for jobs in a highly technical and skilled marketplace, there is a strong likelihood that employers would look elsewhere to locate and take with them the opportunity for high-paying employment. Lower wages mean less economic power and a reduction of the ability of taxpayers to support the operation of government and the programs it implements for the benefit of all of its citizens; and

WHEREAS, As one example, the rising portion of the state's wage earners who will come from the Hispanic work force, and their lower comparative wage rates, will have a critical economic impact on funds available for retirement programs, workers' and unemployment compensation, and other employee benefits for all employees and their families; and

WHEREAS, The new Federal Immigration Reform and Control Act while alleviating some problems may exacerbate others and create new issues that must be researched or addressed; and

WHEREAS, Passage of Proposition 63, the English as official language constitutional amendment, poses new issues which must be examined and dealt with in ways which will benefit all Californians; and

WHEREAS, The serious economic and social problems being experienced by Mexico and other major sources of immigration to California will inevitably affect the state's Hispanic population; and

WHEREAS, It would be of invaluable assistance in seeking

solutions to many of these problems to have the benefit of a thorough understanding of the history, demographics, experience, and potential of California's Hispanic population; and

WHEREAS, It has become imperative that resources be focused so as to stimulate research and to promote evaluation and analysis of these problems by knowledgeable academicians, members of the professional and business communities, government officials, political and community leaders, and individual concerned citizens so that they may propose solutions that will benefit all segments of our society; and

WHEREAS, The Hispanic population is so heterogeneous and comprised of so many subpopulations that are differently affected by policy decisions, that solutions to many policy problems can be found only by rigorous study and understanding of the diverse needs and expectations presented by this group's members residing in the state; and

WHEREAS, Through the enormous resources made available through the University of California, the state would benefit from the development of research which would promote the evaluation and analysis of these problems and develop reliable information upon which, with the assistance of the university, strategies can be constructed and solutions can be proposed; and

WHEREAS, The University of California is already demonstrating a strong concern in these problem areas, having established centers for Chicano, Mexican, and Latin American studies on various campuses, a linguistic minority research project, the nine-campus University of California Consortium on Mexico and the United States (UC Mexus), which brings together scholars and scientists from the university and Mexico to address critical issues, and similar focused research and education programs; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California requests that the University of California initiate efforts in helping to coordinate the state's academic, professional, governmental, business, and community resources toward a comprehensive approach to these problems and their solutions, and that the university seek suitable research and graduate training funds commensurate with the university's major and diverse research mission and programs to aid in helping resolve crucial state problems; and be it further

Resolved, That the university make every effort to seek funds from foundations, private sources, state government, and from federal funds which are becoming available to states, such as the $1 billion included in the Immigration Reform and Control Act to assist states in its implementation, some of which is earmarked for education; and be it further

Resolved, That the university consider formation of a social research policy and priorities task force to help advise and coordinate the university's efforts in this direction and to involve both public

and private institutions and sectors in these efforts; and be it further

Resolved, That the university consider establishing an advisory committee as part of the task force to assist in the development of the report. In addition to representatives selected by the university, the university is requested to include three public members, one each to be designated by the Speaker of the Assembly, the President pro Tempore of the Senate, and the Governor. It is the intent of the Legislature that persons appointed or selected to serve on the task force and on the advisory group be selected primarily from the Hispanic community or from groups that represent that community, or both; and be it further

Resolved, That these policy research efforts concentrate on, but not be limited to, health, education, employment, government participation, housing, welfare, criminal justice, and immigration policy areas, using extant data sets when possible and creating new ones when needed; and be it further

Resolved, That the university consider as an initial priority, the thorough cataloging and collecting of information and data on existing efforts and available funding so that the task can be organized in a manner that will avoid the duplication of effort and cross purposes, and work toward goals which benefit and have the support of all responsible elements of our society; and be it further

Resolved, That the university report to the Legislature within nine months after the date this resolution is chaptered its response to this challenge, and how it plans to approach the task given to it through this measure. This report will include a discussion of the time frames contemplated by the university, the resources that will be needed for this effort, existing resources that the university anticipates tapping into, and the perceived benefits that the university believes this endeavor will bring to the people of this state; and be it further

Resolved, That the university, after its report to the Legislature, continue its efforts as expressed in this measure, with the goal of developing within the university a focused and coordinated capacity to do research, provide instruction, and develop resources that specifically address concerns raised in this resolution; and be it further

Resolved, That by passage of this resolution, the Legislature once again expresses its confidence in the ability of the nation's greatest university system to assist the state in addressing these important public policy problems and meeting the full potential of California as we prepare to enter the 21st century; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Regents of the University of California.

RESOLUTION CHAPTER 147

Senate Concurrent Resolution No. 45—Relative to commitment of developmentally disabled persons.

[Filed with Secretary of State September 18, 1987]

WHEREAS, Persons with developmental disabilities have the same legal rights and responsibilities guaranteed to all other individuals by the Constitution of the United States and the Constitution and laws of the State of California; and

WHEREAS, The personal liberty to each person with a developmental disability is a fundamental interest which must be protected; and

WHEREAS, Involuntary commitments of persons with developmental disabilities must meet strict due process standards and result in placements in the least restrictive environment possible; and

WHEREAS, The California Supreme Court in the In re Hop decision (29 Cal. 3d 82) has determined that commitments of developmentally disabled persons who lack the mental capacity to protest their current placement or to petition for a less restrictive placement are, in effect, involuntary commitments and therefore entitled to a judicial review; and

WHEREAS, Three to four thousand persons with developmental disabilities admitted to state developmental centers prior to 1981 are entitled to a judicial review of their placements in the wake of the In re Hop decision; and

WHEREAS, The State Department of Developmental Services has not established administrative procedures for judicial review of developmentally disabled persons already committed to state developmental centers; and

WHEREAS, Also statutory procedures do not exist for judicial review of new commitments of nonprotesting adults with developmental disabilities; and

WHEREAS, County commitment procedures intended to comply with In re Hop are inconsistent and conflicting; and

WHEREAS, In the absence of state laws or regulations establishing uniform commitment procedures for nonprotesting developmentally disabled adults, some counties are seeking to commit persons with developmental disabilities under statutory criteria contained in Section 6500 of the Welfare and Institutions Code, which, because of its implications of criminality, is inappropriate; and

WHEREAS, There is a need for uniform procedures and administrative processes to remedy the existing inconsistency and confusion with regard to commitments of persons with developmental disabilities; and

WHEREAS, There is a need to analyze the costs which would be

incurred in instituting a system of judicial reviews of developmentally disabled persons being committed or already committed to state developmental centers; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislative Analyst prepare and submit to the Legislature by January 1, 1988, a report that provides all of the following information:

(1) The number of persons currently residing in state developmental centers whose placement has not been reviewed under the constitutional standards as set forth in the case of In re Hop;

(2) Alternative methods available to counties to implement the In re Hop decision and the costs associated with each alternative;

(3) The criteria used by a representative number of counties for commitments under Section 6500 of the Welfare and Institutions Code;

(4) The capacity of the community service system to meet the needs of individuals who may be referred to the community as a result of the In re Hop reviews; and be it further

Resolved, That in preparing the report the Legislative Analyst consult with appropriate organizations including, but not limited to, the California District Attorneys Association, the California Public Defenders Association, the Association for Retarded Citizens - California, the Judicial Council, the California Association of State Hospital-Parent Councils for the Retarded, the Association of Regional Center Agencies, the State Department of Developmental Services, Protection and Advocacy, the State Council on Developmental Disabilities, the Organization of Area Boards, and the American Civil Liberties Union; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Legislative Analyst.

RESOLUTION CHAPTER 148

[Filed with Secretary of State September 18, 1987]

WHEREAS, The third largest community of Jews in the world resides in the Union of Soviet Socialist Republics; and

WHEREAS, Soviet Jews who practice their religion, study the Hebrew language, celebrate Jewish holidays, and otherwise express themselves as Jews are targets of frequent harassment and intimidation by Soviet authorities; and

WHEREAS, Tens of thousands of Soviet Jews have applied for exit visas to Israel and have been denied permission to emigrate; and

WHEREAS, Some Jewish activists have been arrested and convicted on false charges because of their religious and cultural activities, and these persons are now serving sentences in Soviet prisons and labor camps; and

WHEREAS, Officially-sanctioned Soviet anti-Semitism is becoming increasingly virulent; and

WHEREAS, The Soviet Union's refusal to permit the emigration of Jews is a violation of solemn Soviet commitments under the Helsinki Final Act and other international agreements; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California hereby adopts the following Soviet Jewish Refuseniks:

Vladimir Kislik of Moscow
Lev Shapiro of Leningrad
Yuli Karolin of Leningrad
Leonid Altman of Tashkent
Vladimir Prestin of Moscow
Aleksey Magarik of Moscow
Lev and Inna Elbert of Kiev
Bella Dizhur of Yurmala
Grigory Geishis of Leningrad
Evgeny and Irina Lein of Leningrad
Roman Fridman of Moscow
Boris and Elena Chernobilsky of Moscow

; and be it further

Resolved, That the Legislature shall continue to issue appeals to the Soviet government on behalf of these Refuseniks until these persons are released; and be it further

Resolved, That the above-mentioned Refuseniks should immediately be granted permission to emigrate in accordance with international law; and be it further

Resolved, That the Union of Soviet Socialist Republics should allow all other Jews desiring to emigrate to do so, and the U.S.S.R. should also respect the fundamental right of these persons to live where and how they choose; and be it further

Resolved, That the Secretary of the Senate shall transmit a copy of this resolution to the President and Secretary of State of the United States of America, to the General Secretary of the Communist Party of the Union of Soviet Socialist Republics, to the Ambassador of the Union of Soviet Socialist Republics to the United States of America, and to each of the Refuseniks named above.

RESOLUTION CHAPTER 149

Senate Joint Resolution No. 29—Relative to United States Forest Service lands.

[Filed with Secretary of State September 18, 1987]

WHEREAS, Hundreds of thousands of areas of prime national forest timber have been destroyed by forest fires; and

WHEREAS, Much of that timber was presently being harvested, and California counties receive 25 percent of gross receipts, as compensation for federal timber harvested; and

WHEREAS, Many of the communities in California's rural counties are completely dependent on a supply of national forest timber for their economic livelihood; and

WHEREAS, Loss of these receipts to the counties will have a devastating effect; and

WHEREAS, Even the remaining portion of merchantable timber volume will be devalued, and there will be a loss of pulp chip value, some loss of volume, increased operating costs, and lack of market flexibility; and

WHEREAS, Volume and value of timber are reduced in indirect proportion to time delay; and

WHEREAS, There is a need to accomplish salvage with a minimum impact on national forest values and programs, a need to reduce the risk of insect and disease attack, and a need to provide a mechanism for erosion control and revegetation at the earliest possible time; and

WHEREAS, Because of poor winter access to burned areas, it is necessary to accomplish as much work as possible this fall and next spring, including the implementation of expedited appraisals and sale preparations and examination of the need for special road funding in low value situations; now, therefore, be it

Resolved, by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Secretary of Agriculture and the Congress of the United States to immediately implement and fund a salvage program in those burned areas of United States Forest Service lands in California; and be it further

Resolved, That those destroyed areas that were being harvested at the time of the fires, as well as those areas that were being prepared for sale, be considered first in order to lessen the economic impact on California counties; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Secretary of Agriculture, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

(a) There is hereby created, within the Disaster Response-Emergency Operations Account, the 1987 Higher Education Earthquake Account, into which shall be paid all moneys allocated pursuant to Section 8690.6 for assistance to eligible higher education entities that incurred losses or expenses related to earthquake activity that began on October 1, 1987. For purposes of this section, an "eligible higher education entity" means any campus of the California State University or of any community college district which is located within the disaster area proclaimed by the Governor, as a result of the October 1, 1987, earthquake and aftershocks. Moneys appropriated to the 1987 Higher Education Earthquake Account shall be used for the following purposes:

(2) To provide for the repair, cleanup, and reconstruction of damaged public facilities.

(3) To provide matching funds required under federal disaster assistance programs.

(4) Funds up to five hundred thousand dollars ($500,000) from the amount allocated to the account may be used for the purposes described in Section 8683 and also to provide administrative support required for the rapid and effective implementation of the disaster assistance program authorized by this subdivision.

(5) To provide other assistance as the Director of the Office of Emergency Services deems necessary to carry out this section.

(b) In order to qualify for funding under this section, the California State University and any eligible community college district shall undertake to utilize maximum federal participation in funding projects, and no funds allocated under this section shall be used to supplant federal funds otherwise available in the absence of state financial relief.

(c) The Office of Emergency Services shall establish standards and instructions for the receipt of applications from, and the processing of claims by, eligible higher education entities within 30 days of the operative date of this section, as added by the 1987–88

First Extraordinary Session of the Legislature. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2, these standards, if promulgated, shall not be subject to the review and approval of the Office of Administrative Law.

(d) Under the standards and procedures to be prescribed by the Office of Emergency Services, a higher education entity may receive an advance of funds for approved costs. These advances shall not exceed 90 percent of the amount approved for allocation to the eligible local agency.

(e) Funds provided pursuant to the requirement of this section may be audited by the Controller.

(f) Any unused funds shall revert to the Disaster Response-Emergency Operations Account.

SEC. 2. The sum of fifteen million three hundred thousand dollars ($15,300,000) is hereby transferred from the Special Fund for Economic Uncertainties to the Disaster Response-Emergency Operations Account for allocation by the Director of Finance in accordance with Section 8690.6 of the Government Code and this act.

SEC. 3. Pursuant to Section 2 of this act, the sum of fifteen million three hundred thousand dollars ($15,300,000) shall be allocated, and continuously appropriated, to the 1987 Higher Education Earthquake Account created in Section 1 of this act. Of these funds, up to thirteen million five hundred thousand dollars ($13,500,000) shall be available to the Trustees of the California State University and one million eight hundred thousand dollars ($1,800,000) shall be available to the Board of Governors of the California Community Colleges in accordance with Section 8690.8 of the Government Code, as added by this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The recent disastrous earthquakes in areas of this state subsequently proclaimed to be in a state of emergency have destroyed and damaged property on campuses of certain public postsecondary educational institutions. In order that these institutions may continue to perform their functions without interruption, it is necessary that this act take effect immediately.

CHAPTER 2

An act to add Sections 50199.19 and 50662.5 to the Health and Safety Code, relating to disaster relief, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor November 13, 1987. Filed with Secretary of State November 16, 1987]

The people of the State of California do enact as follows:

SECTION 1. Section 50199.19 is added to Chapter 3.6 (commencing with Section 50199.7) of Part 1 of Division 31 of the Health and Safety Code, as added by Chapter 658 of the Statutes of 1987, to read:

50199.19. In allocating housing credits for the 1988 calendar year, the committee shall give preference to housing credit applicants rehabilitating structures damaged or destroyed by the earthquakes of October of 1987 in counties proclaimed by the Governor to be in a state of emergency as a result of the earthquakes.

SEC. 2. Section 50662.5 is added to the Health and Safety Code, to read:

50662.5. For the purpose of providing disaster relief to those owners of owner-occupied single-family dwellings that were damaged or destroyed as a result of the Los Angeles-Whittier Narrows Earthquake on October 1, 1987, or subsequent aftershocks, resulting in a state of emergency proclaimed by the Governor pursuant to Section 8625 of the Government Code, financial assistance may be provided to disaster victims as prescribed in this chapter under the following special conditions, which shall prevail over conflicting provisions of this chapter and administrative regulations:

(a) The loans shall be provided in the counties proclaimed by the Governor to be in a state of disaster (1) to persons who do not qualify for loan assistance from an agency of the United States for rehabilitation of the damage caused by the earthquakes of October 1987, (2) to the extent that federally provided or assisted financing may be insufficient to accomplish the necessary rehabilitation, and (3) to the extent required to enable the recipient to obtain and afford loan assistance from an agency of the United States to finance the necessary rehabilitation. The loans shall be made only to households that are victims of the earthquakes specified in this section and only to the extent that other federal, state, local, or private resources are not available or do not provide the assistance or coverage needed to rehabilitate or reconstruct their homes.

(b) The loans shall be for the purpose of rehabilitating, including reconstruction, of single-family dwellings that are owner-occupied or would be owner-occupied but for the damage caused by the

earthquake or earthquakes.

(c) The maximum loan amount shall not exceed twenty thousand dollars ($20,000), except that the department may waive this limitation in individual cases to permit compliance with health and safety standards or to restore the dwelling to a condition substantially similar to its condition prior to the earthquakes.

(d) The loan, together with any existing indebtedness encumbering the security property, shall not exceed 100 percent of the after-rehabilitation value of the property, except that the department may waive this limitation in individual cases to permit compliance with health and safety standards or to restore the dwelling to a condition substantially similar to its condition prior to the earthquakes.

(e) The department shall impose no income criteria or other means test as a prerequisite to obtaining a loan under this section.

(f) Repayment of the principal amount of a loan under this section and interest thereon shall not be required until the borrower transfers ownership of the rehabilitated property. Payments of principal and interest on the loans shall, notwithstanding Section 50661, be deposited in the General Fund.

(g) The adoption by the department of rules for implementation of this chapter shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(h) No commitments of loan funds under this section may be made after December 31, 1990.

(i) Section 50668 does not apply to loans made pursuant to this section.

SEC. 3. (a) In addition to any other funds made available, the sum of seventeen million five hundred thousand dollars ($17,500,000) is hereby transferred from the Special Fund for Economic Uncertainties to the Disaster Response-Emergency Operations Account therein for allocation by the Department of Finance in accordance with Section 8690.6 of the Government Code and this section pursuant to the following schedule:

(b) Of the funds transferred pursuant to subdivision (a), seven million five hundred thousand dollars ($7,500,000) is transferred to the Housing Rehabilitation Loan Fund for use by the Department of Housing and Community Development for making deferred-payment loans pursuant to Section 50662.5 of the Health and Safety Code, including administrative costs, which shall not exceed two hundred fifty thousand dollars ($250,000).

(c) Of the funds transferred pursuant to subdivision (a), ten million dollars ($10,000,000) shall be allocated to the State Department of Social Services for allocation by that department to provide individual and family grant assistance to persons incurring damage due to earthquakes occurring in October 1987 in Los Angeles and Orange Counties. These funds shall not be used to fulfill matching fund requirements for federal disaster assistance, but shall

be used to supplement the federal Individual and Family Grant Program. A supplemental grant provided for under this subdivision to an individual or family shall not exceed ten thousand dollars ($10,000): Any moneys subject to this subdivision that are not encumbered as of July 1, 1988, shall be transferred on that date to the Housing Rehabilitation Loan Fund for use as specified in subdivision (a).

SEC. 4. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide disaster assistance without delay for damage caused by the October 1987 earthquakes in Los Angeles and Orange Counties, it is necessary that this act take effect immediately.

(b) For losses covered by Sections 165(c)(1) and 165(c)(2) of the

Internal Revenue Code, relating to trade or business losses, losses resulting from transactions entered into for profit, and for losses covered by Section 165(c)(3) of the Internal Revenue Code, relating to personal casualty losses, the "excess loss" may be carried forward to each of the five taxable years following the year the loss is claimed.

(c) The entire amount of any "excess loss" as defined in subdivision (a) shall be carried to the earliest of the taxable years to which, by reason of subdivision (b), the loss may be carried. The portion of the loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of "excess loss" over the sum of the taxable income for each of the prior taxable years to which that "excess loss" may be carried.

(d) The provisions of this section and Section 165(i) of the Internal Revenue Code shall be applicable to any of the following losses sustained in any county in this state which was proclaimed by the Governor to be in a state of disaster:

(b) (1) Of the sums appropriated pursuant to subdivision (a), a sum sufficient to award grants to eligible nonprofit agencies incurring substantial damage due to earthquakes during October 1987 shall be allocated to any city or county receiving applications from eligible nonprofit agencies for such grants, a sum not to exceed two million five hundred thousand dollars ($2,500,000).

(2) No grant awarded pursuant to paragraph (1) shall exceed three hundred fifty thousand dollars ($350,000) for any eligible nonprofit agency.

(3) Cities and counties shall administer and distribute funds allocated pursuant to paragraph (1).

(c) Of the sums tranferred pursuant to subdivision (a), a sum sufficient to reimburse cities and counties for their costs incurred in the administration and distribution of grant funds pursuant to paragraph (2) of subdivision (b) shall be allocated to those cities and counties.

(d) (1) Eligible nonprofit agencies shall submit, on or before February 1, 1988, to the appropriate city or county, applications, including proof of substantial damage, for grants for relief for substantial damage due to earthquakes occurring during October 1987.

(2) Cities and counties shall certify the amount of earthquake damage to the Office of Emergency Services for the allocation of funds pursuant to subdivision (b).

Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these standards shall not be subject to the review and approval of the Office of Administrative Law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide timely relief from the devastating effects of the October 1987 earthquakes for those organizations which provided community services, it is necessary that this act take effect immediately.

CHAPTER 4

An act to add Section 50671 to the Health and Safety Code, relating to disaster relief, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor November 13, 1987 Filed with Secretary of State November 16, 1987]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that the Los Angeles-Whittier Narrows Earthquake resulted in destruction and damage affecting several thousand apartments and subsequent displacement of tenants. It is the intent of the Legislature to assist local communities in the rehabilitation and replacement of residential rental structures and to aid displaced tenants in the jurisdictions subject to the state of emergency proclaimed by the Governor on October 2 and 5, 1987, pursuant to Section 8625 of the Government Code to the extent that other federal, state, local, and private resources are not available or do not provide the assistance

or coverage needed.

SEC. 2. Section 50671 is added to the Health and Safety Code, to read:

50671. For the purpose of providing disaster relief to owners of rental housing and the tenants residing in rental housing that was damaged or destroyed as a result of the Los Angeles-Whittier Narrows Earthquake on October 1, 1987, or subsequent aftershocks, resulting in a state of emergency proclaimed by the Governor pursuant to Section 8625 of the Government Code, financial assistance may be provided to disaster victims as prescribed in this chapter under the following special conditions, which shall prevail over conflicting provisions of this chapter and administrative regulations:

(a) Funds may be used for the purpose of rehabilitating, including reconstruction of, rental housing developments, including residential hotels, which were damaged or destroyed as a result of the earthquake.

(b) Rental housing developments, as otherwise defined in subdivision (b) of Section 50669, need not contain a minimum of five rental dwelling units. One rental dwelling unit shall be sufficient.

(c) The loans need not be made in support of the programs specified in Section 50663.

(d) As a condition of assistance to sponsors of rental housing developments, the department may establish those rent levels as it may determine (1) are necessary to alleviate hardship in the disaster area, (2) provide for affordable rents or rents not exceeding those charged prior to the earthquakes, and (3) are consistent with the economic feasibility of the assisted rental housing development. In addition to the other requirements of this chapter, the department may require terms and conditions as it determines necessary to meet the needs of the disaster area and its victims, to ensure the fiscal integrity of the rental housing development and to protect the interests of the state. The department shall require that priority in occupancy in any unit in a development assisted pursuant to this section shall be given first to occupants of rental units assisted pursuant to this section who were displaced by the earthquakes or resulting rehabilitation of the assisted rental units. Second priority shall be given to lower income households and very low income households who have been displaced during the 12 months after the earthquake from other nonassisted dwelling units as a result of the earthquake or repairs made thereafter. Third priority shall be given to any other victims of this disaster who are persons and families of low or moderate income, including those who may be permanently displaced during the 12 months after the earthquake because of significant rent increases related to repair of earthquake damage. After no additional victims of the disaster qualify for, or remain in, any assisted units, these units shall be available to on a priority basis, or occupied by, very low income households and lower income households.

(e) In allocating funds to local public entities and nonprofit corporations, the department shall consider the availability of other resources to assist rental housing and the occupants of that rental housing and shall give priority to those applicants in jurisdictions with the greatest housing need resulting from the disaster and the fewest resources to address those needs.

(f) The department may waive the maximum loan amounts and per-unit loan amounts established by regulation as it determines necessary to serve the disaster victims.

(g) A loan to a nonprofit corporation or a limited partnership in which a nonprofit corporation is a general partner which owns or will acquire a rental housing development shall not exceed 100 percent of the combined costs of rehabilitation and refinancing existing indebtedness or rehabilitation and acquisition costs.

(h) A loan may be made to a local housing authority or community development commission to rehabilitate vacant rental housing that it owns and operates.

(i) When a loan will be used in conjunction with federal or other state housing assistance or tax credits and a conflict exists between the other state or federal program requirements and this chapter with regard to determining maximum allowable rents, the requirements of this chapter may be waived only to the extent necessary to permit the federal or other state financial participation or eligibility for tax credits.

(j) Eligible rehabilitation or reconstruction costs may include the costs of temporary relocation where damage caused by the earthquake or rehabilitation or reconstruction of the rental housing development necessitates temporarily displacement of the tenants. The amount of monthly relocation assistance provided to eligible households temporarily displaced shall not exceed the difference between monthly rent paid by the tenant prior to the earthquake and rent in the replacement housing located by the local public entity or nonprofit corporation until rehabilitation is completed, but in no case shall, the total amount exceed one thousand dollars ($1,000). Prior to providing relocation assistance payments, the local public entity or nonprofit shall ensure that displaced tenants have applied for any and all other financial assistance for which the tenants are eligible that is provided by any other federal, state, or local programs.

(k) The department may provide funds to local public entities and nonprofit corporations for related administrative expenses in an amount not to exceed 5 percent of the total loan commitments subject to this section from the Housing Rehabilitation Loan Fund.

(*l*) No funds shall be committed pursuant to this section on or after January 1, 1990.

SEC. 3. Any rule, policy, or standard of general application employed by the Department of Housing and Community Development in implementing the provisions of this act shall not be subject to the requirements of Chapter 3.5 (commencing with

Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 4. Fund allocations made pursuant to this act shall not be subject to review or approval by the Loan Committee of the Department of Housing and Community Development operating pursuant to Subchapter 1 (commencing with Section 6900) of Chapter 6.5 of Title 25 of the California Administrative Code.

SEC. 5. Notwithstanding other provisions of law, any moneys transferred or appropriated by Section 7 of this act which are repaid, rebated, or not committed for the purposes of this act by January 1, 1990, shall be returned to the General Fund.

SEC. 6. No development fee may be levied pursuant to Sections 53080 and 65995 of the Government Code on the reconstruction or rehabilitation of any residential, commercial, or industrial development project that is damaged or destroyed as a result of the October 1987 earthquakes in Los Angeles and Orange Counties.

SEC. 7. In addition to any other funds made available, the sum of seven million five hundred thousand dollars ($7,500,000) is hereby appropriated from the Special Fund for Economic Uncertainties to the 1987 Southern California Earthquake Account in the Natural Disaster Assistance Fund for allocation in accordance with the following schedule:

(a) Seven million two hundred fifty thousand dollars ($7,250,000) to the Housing Rehabilitation Loan Fund established pursuant to Section 50661 of the Health and Safety Code to be expended for purposes authorized by Section 50671 of the Health and Safety Code.

(b) Two hundred fifty thousand dollars ($250,000) for administrative costs by the Department of Housing and Community Development.

SEC. 8. To the extent that any housing units or structures damaged or destroyed by the earthquake are reconstructed with substantially the same number of units and with assistance provided pursuant to this act, they shall be deemed "existing housing" for the purposes of subdivision (d) of Section 37001.5.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act establishes and provides funding for programs which address a housing crisis in this state caused by the Los Angeles-Whittier Narrows Earthquake. In order to make these programs operational at the earliest possible time, it is necessary that this act take immediate effect.

"Substantial disaster damage", as to real or personal property located in a county declared to be a disaster by the Governor as a result of fires occurring in 1987 means, with respect to real property and any mobilehome which has received the homeowner's exemption or is eligible for the exemption as of October 1, 1987, damage amounting to at least 10 percent of its fair market value or five thousand dollars ($5,000), whichever is less.

(d) "Fair market value" means "full cash value" or "fair market value" as defined in Section 110.

(e) "Property tax deferral claim" means a claim filed by the owner of eligible property in conjunction with or in addition to the filing of an application for reassessment of that property pursuant to Section 170, which enables the owner to defer payment of the December 10, 1987, installment of taxes on property on the regular secured roll for the 1987–88 fiscal year, as provided in Section 197.1, or to defer payment of taxes on property on the supplemental roll for the 1987–88 fiscal year, as provided in Section 197.9.

197.1. (a) Any owner of eligible property who files on or before December 10, 1987, a claim for reassessment pursuant to Section 170 may apply to the county assessor to defer payment of the first installment of property taxes on the regular secured roll for the 1987–88 fiscal year with respect to that property which are due no later than December 10, 1987. If a timely claim is filed, the payment shall be deferred without penalty or interest until the assessor has reassessed the property and a corrected bill prepared pursuant to the provisions of Section 170 has been sent to the property owner. Taxes deferred pursuant to this section are due 30 days after receipt by the owner of the corrected tax bill and if unpaid thereafter are delinquent as provided in Section 2610.5 and shall be subject to the penalty provided by law.

(b) If, following reassessment pursuant to subdivision (a), the assessor determines that an owner who applied and was granted a deferral of property taxes did not file the claim in good faith, the owner shall be assessed a delinquency penalty for the nonpayment of the deferred taxes.

(c) The provisions of this section do not apply to property taxes paid through impound accounts.

197.2. On or before January 15, 1988, the tax collector of an eligible county shall certify to the Director of Finance the total amount of the first installment of property taxes for all eligible property on both the regular secured roll and the supplemental roll for the 1987–88 fiscal year which were deferred pursuant to Section 197.1.

197.3. If an eligible county has adopted an ordinance in accordance with Section 197.9, the tax collector shall certify to the Director of Finance on or before January 31, 1988, the total amount of supplemental roll property tax deferral claims submitted pursuant to Section 197.9 to the county by 5 p.m. on December 10, 1987.

197.4. After the tax collector of an eligible county has made the applicable certification to the Director of Finance pursuant to Section 197.2, the director shall, within 30 days and after verification, certify this amount to the Controller for allocation to the county. Upon receipt of certification by the Director of Finance, the Controller shall make the appropriate allocation to the county within 10 working days thereafter.

197.5. On or before December 31, 1988, each eligible county shall compute and remit to the Controller for deposit in the General Fund an amount equal to the amount allocated to it by the Controller pursuant to Section 197.4, less the amount of its property tax revenue lost in the 1987–88 fiscal year with respect to eligible properties as a result of the reassessment pursuant to Section 170 of that property. If the amount computed pursuant to this section for an eligible county is less than zero, the Controller shall allocate that amount to the county.

197.6. On or before December 31, 1988, each eligible county which has adopted an ordinance in accordance with Section 197.9, shall compute and remit to the Controller for deposit in the General Fund an amount equal to the amount allocated to it by the Controller pursuant to Section 197.4, less the amount of its supplemental roll property tax revenue lost in the 1987–88 fiscal year with respect to eligible properties as the result of reassessment pursuant to Section 170 of that property. If the amount computed pursuant to this section for an eligible county is less than zero, the Controller shall allocate that amount to the county.

197.8. The allocation of funds to, and the repayment of funds by, counties made pursuant to this chapter shall be subject to review and audit by the Controller.

197.9. Each eligible county may adopt an ordinance to permit the deferral of unpaid nondelinquent 1987–88 fiscal year supplemental

roll taxes on eligible property reassessed pursuant to Chapter 3.5 (commencing with Section 75) of Part 0.5 if the owner files a claim for deferral on or before December 10, 1987, with the assessor. Taxes deferred pursuant to this section shall be due on the last day of the month following the month in which the corrected bill is mailed or the delinquent date of the first installment of the original bill, whichever is later.

198. The Department of Finance shall establish guidelines in carrying out this chapter. These guidelines shall include a procedure for the review of claims submitted by an eligible county to the Department of Finance. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these standards shall not be subject to the review and approval of the Office of Administrative Law.

198.1. Any eligible county may adopt an ordinance providing for the temporary postponement of the April 10, 1988, installment of taxes on property on the regular secured roll for the 1987–88 fiscal year until December 10, 1988, and, notwithstanding any other provision of this chapter, the further postponement of the December 10, 1987, installment of taxes on property on the regular secured roll for the 1987–88 fiscal year until December 10, 1988. The state shall provide no reimbursement payments to local jurisdictions for the postponement of property taxes pursuant to this section.
