10850.1. Notwithstanding any other provision of law, for purposes of Section 10850, the activities of a multidisciplinary personnel team engaged in the prevention, identification, and treatment of child abuse or the abuse of elder or dependent persons are activities performed in the administration of public social services, and a member of the team may disclose any information or writing that also is kept or maintained in connection with any program of public social services which he or she reasonably believes is relevant to the prevention, identification, or treatment of child abuse or the abuse of elder or dependent persons to other members of the team.

As used in this section, "child abuse" has the same meaning as defined in Section 18951. As used in this section, "abuse of elder or dependent persons" has the meaning given in Section 15610.

As used in this section, "multidisciplinary personnel team" means any team of three or more persons, as specified in Section 15715 or 18951, the members of which are trained in the prevention, identification, and treatment of child abuse or the abuse of elder or dependent persons and are qualified to provide a broad range of services related to child abuse or the abuse of elder or dependent persons.

SEC. 190. Section 11002.5 of the Welfare and Institutions Code is repealed.

SEC. 191. Section 11320.2 of the Welfare and Institutions Code is amended to read:

11320.2. (a) County welfare departments shall administer this chapter, in a manner consistent with the provisions of this chapter and regulations adopted by the department in order to implement this chapter.

(b) Each county welfare department, with the cooperation of community college districts, county offices of education, and local private industry councils established under Chapter 4 (commencing with Section 15030) of Division 8 of the Unemployment Insurance Code, shall design a package of services to be provided to participants receiving services under this article, that reflect available resources and local job market needs. A joint plan may be submitted by two or more consenting counties.

Each county plan shall include a participant and labor market needs assessment, to be revised annually, which shall specify all of the following:

(1) The full employment goal of the plan, which shall be the

provision of unsubsidized employment for all county registrants subject to this article.

(2) An assessment of the county's current and projected unsubsidized employment needs.

(3) An inventory of services, including those specified in subdivision (c) of Section 11320, available to county residents.

(4) The amount and kind of services required to meet the full employment goal for all registrants.

(5) The amount and kind of services that will be used in the plan year.

(6) An assessment of what services are currently unavailable and needed, including child care services, to meet the full employment goal and a plan for developing the availability of these services within a reasonable period of time, including a proposed program budget.

(c) The county welfare department shall submit to the department a program budget proposal in conjunction with the county plan, as specified in this section. The budget proposal shall specify the costs associated with providing the range of services included in the plan in the most cost-effective manner. The budget proposal shall identify the amount of funds that the county expects to spend for each component and shall provide supporting detail regarding the caseloads anticipated in each component and the amount that will be spent for (1) county employees, by classification, (2) administrative support and overhead, and (3) contracted services and support. Prior to final approval of the county's plan, as specified in subdivision (f), the department shall notify each county of the amount of its allocation of funds to carry out the plan and the assumptions used to develop that allocation. If the allocation is less than the amount of funds that the county proposed in the program budget, the department shall notify the county that the proposed program budget exceeds the funds available. The department shall specify how the costs proposed by the county exceed the costs used to develop the county's allocation. The county may provide any additional documentation to justify the higher funding level. If, after reviewing the additional information, the department finds that the proposed program costs are not reasonable or cost-effective, the county shall submit the necessary revisions to its plan and program budget to keep program expenditures within the amount of its allocation.

In subsequent years, the county welfare department shall submit its program budget proposal for this article at the same time as the county submits its administrative cost control plan for the Aid to Families with Dependent Children, Medi-Cal, and Food Stamp programs. If services are not available in the county, the county plan may include provisions for the purchase of services from other counties.

The plan shall be approved by the board of supervisors of each county, after a public hearing is held in accordance with existing county public hearing procedures that provide adequate notice and

an opportunity for affected groups and individuals to present their views and suggestions. In approving the plan, the board shall consider the views presented by affected groups during, and as part of the record of, the public hearing.

Prior to implementation, each plan must receive approval by the department. In determining whether a plan should be approved, the department shall consider the projected long-range cost-effectiveness of the plan, in addition to the appropriateness of the services proposed to be delivered under the plan, given the local labor market, maximum utilization of existing and generic services, and administrative ease.

No plan shall be approved by the department that does not provide an adequate range of services as described in Section 11320.3. With respect to large counties, as defined by the department for cost control purposes, "an adequate range of services" means that the counties shall provide all of the services outlined in Section 11320.3.

If two or more counties submit a joint plan, and the joint plan serves a participant caseload equal to or greater than a large county, the plan shall provide for all of the services outlined in Section 11320.3. If the services listed in Section 11320.3 are not provided for in the county plan, the county shall submit a justification as to why the services are not necessary. No plan shall be approved which requires job search and work experience of participants to the exclusion of a range of services and which does not specify the range of services, both existing and proposed to be offered participants, in accordance with this section.

No funds appropriated for purposes of this article shall be used to fund education or training services in any county plan if these services could reasonably be provided by local educational agencies from Section A or Section B of the State School Fund which are not otherwise committed. No local educational agency shall be authorized to receive funds appropriated for purposes of this article unless it has demonstrated that it has fully committed all the funds from Section A or Section B of the State School Fund available to it, as certified by the district to the Chancellor of the California Community Colleges, or the Superintendent of Public Instruction. The Chancellor of the California Community Colleges and the Superintendent of Public Instruction, as appropriate, shall certify this information to the Director of Finance.

(d) In order to measure the effectiveness of county plans under this article, performance standards for this article shall be consistent with those developed for service delivery areas pursuant to Division 8 (commencing with Section 15000) of the Unemployment Insurance Code. The Health and Welfare Agency shall insure that these standards include, but are not limited to all of the following goals:

(1) The training program participants for unsubsidized employment.

(2) Reducing welfare costs by increasing earnings of program

participants in unsubsidized employment.

(3) Placement in unsubsidized employment resulting from all program components.

(e) (1) A county plan may also provide that the program provided for in this article shall apply to recipients of aid under Part 5 (commencing with Section 17000), except that no funds appropriated for purposes of this article shall be utilized for purposes of applying this article to these individuals. A county plan may also provide that the program provided for in this article shall apply to refugees receiving Refugee Cash Assistance or assistance under Article 1 (commencing with Section 13200) of Chapter 5.2. The county shall maintain separate accounting records of expenditures related to applicants for, and recipients of, aid under this chapter, and for the individuals to whom the program applies pursuant to this subdivision. If a county elects to apply the program provided for in this article to refugees receiving Refugee Cash Assistance or assistance under Article 1 (commencing with Section 13200) of Chapter 5.2 or to refugee recipients of aid under Part 5 (commencing with Section 17000), costs of applying the program shall be funded from the county's federal social services and targeted assistance allocation as provided for under Chapter 5.5 (commencing with Section 13275).

(2) If, pursuant to paragraph (1), a county elects to apply the program provided for in this article to refugees or to recipients of aid under Part 5 (commencing with Section 17000), these individuals shall have the same rights, duties, and responsibilities that a participant has who is an applicant for, or a recipient of, aid under this chapter. Any participation by general assistance recipients shall not constitute any actual or implied responsibility for, or assumption of, costs of general assistance by the state.

(f) Each county shall submit its plan to the department within two years from September 26, 1985. The department shall approve a county plan within a reasonable period of time after submission of the county plan. Notwithstanding subdivision (f), a county may phase in the participation in its program for all qualified persons over a period of up to two years from the date upon which the program commences to operate in the county. A county may incorporate into its plan any existing employment or training program for applicants for, or recipients of, aid under this chapter which is operating in the county to the extent that the program is consistent with this article.

(g) This program shall be fully operational on a statewide basis within three years after September 26, 1985, by which time the department shall approve all county plans.

(h) Counties shall continually monitor their program expenditures throughout the fiscal year. If a county determines that its anticipated expenditures will exceed the amount of that year's allocation as a result of an unexpected event, including caseload increases, court cases, or significant justifiable increases in component costs, the county shall immediately notify the

department and submit a reduction plan to the department. The department shall review and respond to a county's proposed reduction plan within 30 days of receipt of the plan. The department may provide additional funds for the existing appropriation to forestall the need for county program reductions. If the department does not respond within 30 days, the plan shall be deemed to be approved. If the department disapproves the reduction plan the county shall continue to provide services as specified in the approved plan. The department shall submit within 30 days of the disapproval of a reduction plan, a report to the Joint Legislative Budget Committee setting forth the reason for the department's disapproval.

A county's approved reduction plan shall remain in effect for no longer than the duration of the fiscal year in which the plan is approved. At the beginning of the following fiscal year, the county shall provide services pursuant to its approved program plan.

A county's plan shall propose only the following methods of reducing costs and shall use only those methods that are necessary to bring anticipated expenditures within the amounts allocated to the county, and shall use these methods for only a specified period and only in the order in which they appear below:

(1) Temporary exemption of new applicants for aid under the Aid to Families with Dependent Children—Unemployed Parent program.

(2) Temporary exemption of all Aid to Families with Dependent Children Unemployed Parent recipients who have been continuously on aid for less than one year.

(3) Temporary assignment of volunteer registrants to a waiting list, during which time these registrants will receive no services.

(4) Temporary exemption of all new applicants for aid under the Aid to Families with Dependent Children—Family Group program.

(5) Temporary exemption of all Aid to Families with Dependent Children—Family Group recipients who have been on aid for one year or more.

(6) Temporary exemption of all Aid to Families with Dependent Children—Family Group recipients who have been on aid continuously for less than one year.

(7) Temporary exemption of all Aid to Families with Dependent Children—Family Group recipients who have been continuously on aid for less than two years.

(8) Temporary exemption of all participants, based on the time on aid, with participants who have been on aid the longest being the last to receive exemptions.

Counties that can remain within their allocation shall not implement reductions.

(i) The department shall evaluate the program and shall collect data on program cost, caseload movement, and program outcomes, including data on all of the following:

(1) The numbers of voluntary and mandatory participants in each

program component.

(2) The amount of time that each participant remains in each component and the types of services, including supportive services, each participant receives.

(3) The number of recipients in each component that move to each of the other components.

(4) The number of participants sanctioned as well as the amount and duration of the sanction, the reason for the sanction, and the amount of time the participant was in the program prior to the sanction.

(5) The number of participants who go off aid, and to the extent possible, the reason they have gone off aid.

(6) The number of applicants who reapplied for and received aid after having gone off aid during the time they were participating in the program.

(7) The starting salary of employed participants.

(8) Participants job retention rates.

(9) The appropriateness of the categorization of participants.

(10) The appropriateness of assessments and employment plans.

(11) The appropriateness of preemployment preparation assignments, including a periodic review of the appropriateness of these assignments.

(12) The effectiveness of training components based upon the number of individuals placed in employment.

(13) The timeliness of preemployment preparation assignment reviews.

(14) The appropriateness of sanctions applied under this article.

The department may use standard statistical sampling methods to conduct the evaluation. The department shall maintain this data for the state and for each county. The department may contract with a qualified organization for the evaluation required by this section. The department shall submit a plan for implementing this evaluation to the Joint Legislative Budget Committee. To the extent possible, the data collection system for this evaluation shall be designed to collect data in the least expensive and least time-consuming manner possible.

Utilizing the data compiled pursuant to this subdivision, the department shall, commencing one year after September 26, 1985, annually report, by January 10, to the Legislature and the Governor on the effectiveness of the program provided for in this article. The Legislative Analyst shall submit a review of this report to the Legislature by April 15 of each year.

SEC. 192. Section 12302.2 of the Welfare and Institutions Code, as added by Chapter 1085 of the Statutes of 1986, is amended and renumbered to read:

12302.4. A county, in receiving bids for a contract pursuant to Sections 12302, 12302.1, and 12303, may evaluate all or any bidders to determine their responsibility, and their responsiveness to the requirements of the bidding document. The county may take all of

the following into account:

(a) Whether the bidder possesses adequate financial resources, or the ability to obtain those resources as required before the beginning of the performance of the contract.

(b) Whether the bidder has the ability to comply with the proposed delivery and performance schedule, taking into consideration available expertise and any other existing business commitments.

(c) Whether the bidder has any record of unsatisfactory performance. In determining if a bidder has a record of unsatisfactory performance, the bidder shall submit a list to the county of all prior in-home supportive services contracts awarded, if any. A county may review past contracts, if any, to determine if the bidder's past in-home supportive services contract performance has been unsatisfactory.

(d) Whether the bidder has any record of lack of integrity or poor business ethics.

(e) Whether the bidder is otherwise qualified and eligible to receive an award under applicable statutes and regulations.

(f) Whether the bid substantially and materially complies with all requirements of the county's bidding document.

SEC. 193. The heading of Article 2.5 (commencing with Section 15060) of Chapter 9 of Part 3 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 194. Section 16121 of the Welfare and Institutions Code is amended to read:

16121. (a) In accordance with the adoption assistance agreement, the adoptive family shall be paid an amount of aid based on the child's needs and the circumstance of the adopting parents but which shall not exceed the amount that would be paid for foster care for the child if the placement for adoption had not taken place. Any substantial change in the family's financial circumstance or need shall be reported by the parents to the adoption agency.

(b) Payment shall begin on or after the effective date of an adoption assistance agreement or a final decree of adoption.

(c) Children on whose behalf an aid for adoption of children agreement had been executed prior to October 1, 1982, shall continue to receive aid for adoption of children benefits in accordance with the terms of that agreement.

This aid for adoption of children agreement may be renewed, provided total benefits do not exceed five years. Prior to the end of the five-year period, if there is a continuing need, related to a chronic health condition of the child which necessitated the initial financial assistance, a parent may petition the department or the designated licensed adoption agency to continue financial assistance. The amount of financial assistance and the time period for which it may be given, shall be determined by the department or the agency but shall not exceed the age of majority of the child. Prior to the

expiration of the extension period, if there is a continuing need, a parent may petition the department or the designated licensed adoption agency for a new period of termination. The department or the agency shall make its determination regarding the financial ability of the parents to meet the continuing medical needs of the child's health condition at the time of adoption, taking into consideration community resources.

SEC. 195. Section 16122 of the Welfare and Institutions Code is amended to read:

16122. (a) It is the intent of the Legislature in enacting this chapter to provide special needs children with permanent adoptive homes. It is also the intent of this Legislature to encourage private adoption agencies to continue placing special needs children, and in so doing, to achieve a substantial savings to the state in foster care costs.

(b) From any funds appropriated for this purpose, the state shall reimburse private adoption agencies licensed pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code for costs of aid to adoption for special needs children, less the amount of fees received by the agencies from adoptive parents.

These agencies shall be reimbursed for the placement of special needs children in an amount not to exceed an average cost of three thousand five hundred dollars ($3,500) per placement for the agency's claims submitted for a fiscal year. This amount shall be based upon the agency's actual costs per placement, less the amount of fees received by the agency from adoptive parents. Requests for reimbursement shall conform to claims procedures established by the department. This section shall not be construed to authorize reimbursement to private agencies for intercountry adoption services.

SEC. 196. Section 16144.3 of the Welfare and Institutions Code is amended and renumbered to read:

16147. Notwithstanding any other provision of law, the parent or parents of a person under 21 years of age who is domiciled in this state shall not be held financially responsible, nor shall financial contributions be requested or required of the parent or parents, for maternity home care, social service counseling, or other services related to pregnancy of the person which are provided by a licensed maternity home pursuant to this chapter.

SEC. 197. Any section of any act enacted by the Legislature during the 1988 calendar year, which takes effect on or before January 1, 1989, and which amends, amends and renumbers, adds, repeals and adds, or repeals a section amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act amends, amends and renumbers, adds, repeals and adds, or repeals any section contained

in that article, chapter, part, title, or division.

CHAPTER 161

An act to amend Sections 12753 and 12841 of, and to add Section 12754.5 to, the Food and Agricultural Code, relating to pesticides, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 10, 1988. Filed with Secretary of State June 10, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 12753 of the Food and Agricultural Code is amended to read:

12753. "Economic poison" includes any of the following:

(a) Any spray adjuvant.

(b) Any substance, or mixture of substances which is intended to be used for defoliating plants, regulating plant growth, or for preventing, destroying, repelling, or mitigating any pest, as defined in Section 12754.5, which may infest or be detrimental to vegetation, man, animals, or households, or be present in any agricultural or nonagricultural environment whatsoever.

SEC. 2. Section 12754.5 is added to the Food and Agricultural Code, to read:

12754.5. "Pest" means any of the following that is, or is liable to become, dangerous or detrimental to the agricultural or nonagricultural environment of the state:

(a) Any insect, predatory animal, rodent, nematode, or weed.

(b) Any form of terrestrial, aquatic, or aerial plant or animal, virus, fungus, bacteria, or other microorganism (except viruses, fungi, bacteria, or other microorganisms on or in living man or other living animals).

(c) Anything that the director, by regulation, declares to be a pest.

SEC. 3. Section 12841 of the Food and Agricultural Code is amended to read:

12841. (a) Each registrant shall pay to the director an assessment not to exceed eight mills ($0.008) per dollar of sales for all sales of his or her registered and labeled economic poisons for use in this state. A registrant is not required to pay an assessment on his or her products registered and labeled only for use in further manufacturing or formulating of economic poisons. The director may reduce the assessment if he or she determines that a lesser assessment rate, together with other available funds, will provide adequate revenue to administer and enforce Division 6 (commencing with Section 11401), this chapter, Chapter 3 (commencing with Section 14001), and Chapter 3.5 (commencing with Section 14101).

(b) Upon application of any registrant, the director shall determine whether a fertilizer or paper product is used as a carrier for economic poison, and is sold in combination, and whether the mill assessment under this section shall be on the economic poison value only, when the product is designed, developed, manufactured, and sold primarily for other than an economic poison use. If the director finds that the combination product has such a major component and is designed, developed, manufactured, and sold primarily for other than an economic poison use, the assessment provided for by this section shall be paid on the equivalent percentage of the sales price of the active ingredients of the economic poison product. The director shall establish this percentage of the sales price. The percentage shall be the ratio of that portion of the sales price attributable to the economic poison portion to the total sales price of the combination product.

(c) For purposes of this section, "active ingredient" means any active ingredient which is required to be stated on the label on any registered economic poison under Section 12883.

(d) It has been and continues to be the intent of the Legislature that this division requires the department to register all economic poisons prior to their sale for use in this state and, except as otherwise provided by law, requires the department to regulate and control economic poison use in accordance with this division. The department shall continue to collect the mill tax as provided in this section at the same rate on all registered agricultural and registered nonagricultural economic poisons.

SEC. 4. The amendment of Sections 12753 and 12841 of, and the addition of Section 12754.5 to, the Food and Agricultural Code by this act are declaratory of existing law and do not constitute a change in the law and no change is made in the program or budget of the Department of Food and Agriculture as a result of this enactment.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the Department of Food and Agriculture may continue to regulate the sale and use of pesticides without any ambiguity as to the department's authority to do so, it is necessary that this act take effect immediately.

CHAPTER 162

An act to add Chapter 6 (commencing with Section 66010) to Division 1 of Title 7 of the Government Code, relating to development projects.

[Approved by Governor June 10, 1988. Filed with Secretary of State June 10, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 66010) is added to Division 1 of Title 7 of the Government Code, to read:

CHAPTER 6. FEES FOR DEVELOPMENT PROJECTS RECONSTRUCTED AFTER A NATURAL DISASTER

(b) "Fee" means a monetary exaction or a dedication, other than a tax or special assessment, which is required by a local agency of the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project, but does not include fees for processing applications for governmental regulatory actions or approvals.

(c) "Local agency" means a county, city, whether general law or chartered, city and county, school district, special district, or any other municipal public corporation or district.

(d) "Public facilities" includes public improvements, public services, and community amenities.

(e) "Reconstruction" means the reconstruction of the real property, or portion thereof, where the property after reconstruction is substantially equivalent to the property prior to damage or destruction.

66011. No fee may be applied by a local agency to the reconstruction of any residential, commercial, or industrial development project that is damaged or destroyed as a result of a natural disaster, as declared by the Governor. Any reconstruction of real property, or portion thereof, which is not substantially equivalent to the damaged or destroyed property, shall be deemed to be new construction and only that portion which exceeds substantially equivalent construction may be assessed a fee. The term substantially equivalent, as used in this section, shall have the same meaning as the term in subdivision (c) of Section 70 of the Revenue and Taxation Code.

CHAPTER 163

An act to amend Sections 12001, 12070, 12072, 12073, and 12078 of the Penal Code, and to amend Section 10334 of the Public Contract Code, relating to crime.

[Approved by Governor June 10, 1988 Filed with Secretary of State June 10, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 12001 of the Penal Code is amended to read:

12001. (a) As used in this chapter, the terms "pistol," "revolver," and "firearm capable of being concealed upon the person" shall apply to and include any device, designed to be used as a weapon, from which is expelled a projectile by the force of any explosion, or other form of combustion, and which has a barrel less than 16 inches in length. These terms also include any device which has a barrel 16 inches or more in length which is designed to be interchanged with a barrel less than 16 inches in length.

(b) As used in Sections 12021, 12021.1, 12070, 12072, and 12073 of this code, and Sections 8100 and 8103 of the Welfare and Institutions Code, the terms "pistol," "revolver," and "firearm capable of being concealed upon the person" include the frame or receiver of any such weapon.

(c) For the purpose of Sections 12025 and 12031 the term "firearm" shall also include any rocket, rocket propelled projectile launcher or similar device containing any explosive or incendiary material whether or not such device is designed for emergency or distress signaling purposes.

(d) For purposes of Sections 12070, 12071, and subdivisions (c) and (d) of Section 12072, the terms "pistol," "revolver," or "firearm capable of being concealed upon the person" do not include an unloaded firearm which is defined as an "antique firearm" in Section 921(a)(16) of Title 18 of the United States Code or a curio, or relic, as defined in Section 178.11 of Title 27 of the Code of Federal Regulations if the antique, curio, or relic is not designed or redesigned to fire rimfire or conventional center fire fixed ammunition.

(e) Nothing shall prevent a device defined as a "pistol," "revolver," or "firearm capable of being concealed upon the person" from also being found to be a sawed-off shotgun, as defined in Section 12020.

SEC. 2. Section 12070 of the Penal Code is amended to read:

12070. No person shall engage in the business of selling, transferring, advertising, offering, or exposing for sale or transfer, any pistol, revolver, or other firearm capable of being concealed upon the person unless that person has been issued a license pursuant to Section 12071. Any person violating this section is guilty of a

misdemeanor. As used in this article, engaging in the business of selling or transferring a pistol, revolver, or other firearm capable of being concealed upon the person does not include the infrequent sale or transfer, offering, exposing for sale, or advertising for sale of any pistol, revolver, or other firearm capable of being concealed upon the person at a gun show, swap meet or similar event.

As used in this section, "infrequent" means occasional and without regularity.

SEC. 3. Section 12072 of the Penal Code is amended to read:

12072. (a) No person, corporation, or dealer shall sell, deliver, or otherwise transfer any pistol, revolver, or other firearm capable of being concealed upon the person to any person whom he or she has cause to believe to be within any of the classes prohibited by Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code from owning or possessing these firearms.

(b) No dealer shall sell, deliver, or transfer any firearm capable of being concealed upon the person to any person under the age of 21 years.

(c) In no event shall any of these firearms be delivered to the purchaser within 15 days of the application for the purchase thereof, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later and when delivered the firearm shall be either securely wrapped or in a locked container and shall be unloaded.

(d) Where neither party to the transaction holds a dealer's license, no person shall sell or otherwise transfer any such firearm to any other person within this state who is not personally known to the vendor.

(e) Any violation of this section is a misdemeanor.

SEC. 4. Section 12073 of the Penal Code is amended to read:

12073. (a) Every person in the business of selling, leasing or otherwise transferring a pistol, revolver, or other firearm, capable of being concealed upon the person, whether such seller, lessor or transferor is a retail dealer, pawnbroker, or otherwise, except as provided by this chapter, shall keep a register in which shall be entered the time of sale, the date of sale, the name of the salesperson making the sale, the place where sold, the make, model, manufacturer's number, caliber, or other marks of identification on that pistol, revolver, or other firearm capable of being concealed upon the person.

(b) This section shall not apply to wholesale dealers in their business intercourse with retail dealers, nor to wholesale or retail dealers in the regular or ordinary transport of unloaded firearms as merchandise to other wholesale or retail dealers by mail, express or other mode of shipment, to points outside of the city or county wherein they are situated.

SEC. 5. Section 12078 of the Penal Code is amended to read:

12078. The preceding provisions of this article do not apply to sales of pistols, revolvers, or other firearms capable of being concealed upon the person made to persons properly identified as full-time paid peace officers as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, provided that the peace officers are authorized by their employer to carry firearms while in the performance of their duties, nor to sales of pistols, revolvers, or other firearms capable of being concealed upon the person made to authorized representatives of cities, cities and counties, counties, state or federal governments for use by such governmental agencies. Proper identification is defined as verifiable written certification from the head of the agency by which the purchaser is employed, identifying the purchaser as a peace officer who is authorized to carry firearms while in the performance of his or her duties, and authorizing the purchase. The certification shall be delivered to the seller at the time of purchase and the purchaser shall identify himself or herself as the person authorized in the certification. On the day the sale is made, the dealer shall forward by prepaid mail to the Department of Justice a report of the sale and the type of information concerning the buyer and the firearm sold as is indicated in Section 12077.

SEC. 6. Section 10334 of the Public Contract Code is amended to read:

10334. (a) No state employee shall purchase any goods, supplies, equipment, or materials from the state, unless the goods, supplies, equipment, or materials are offered to the general public in the regular course of the state's business on the same terms and conditions as those applicable to the employee. (a) The corps consists of not less than 50 corpsmembers organized in the form of supervised work crews and selects young men and women for participation on the basis of the criteria specified in Section 14302.

(b) The corps' program is based upon a highly disciplined work experience, includes an educational component, and is designed to develop corpsmembers' character and civic consciousness through rigorous work on public projects.

(c) The corps compensates corpsmembers at not less than the federal minimum wage, and provides corpsmembers assistance in obtaining permanent employment following their participation in the corps program.

(d) The corps engages in recycling and litter abatement projects as well as projects which accomplish the conservationist and other purposes described in subdivisions (a) to (h), inclusive, of Section 14300, and which assist agencies of local government and other nonprofit community organizations in developing, rehabilitating, and restoring parklands, recreational facilities, and other community resources.

No city, county, or other public agency may enforce or implement any existing or new ordinance, resolution, regulation, or rule establishing recycling-related refund or redemption values, deposits, or similar fees relating to these containers in the state unless expressly authorized by this division. If a federal law is enacted which establishes recycling-related refund or redemption values, deposits, and similar fees, relating to beverage containers, other than a federal law only affecting federal lands, or if a state law is enacted by initiative, which establishes recycling-related refund or redemption values, deposits, and similar fees relating to beverage containers, this division shall become inoperative. This section does not prohibit the implementation or enforcement of any ordinance or regulation governing curbside or dropoff recycling programs operated by, or pursuant to a contract with, a city, county, or other public agency, including actions relating to fees, or establishing fees, for these programs.

(b) On and after September 1, 1987, a manufacturer of carbonated mineral and soda waters, and similar carbonated soft drinks in liquid form shall clearly indicate on every beverage container sold or offered for sale by that beverage manufacturer in this state the message "CA Redemption Value" or "California Redemption Value" in the manner prescribed in subdivision (a).

(c) On and after January 1, 1990, a manufacturer of wine and distilled spirit cooler beverages shall clearly indicate on every container thereof sold or offered for sale by that beverage manufacturer in this state the message "CA Redemption Value" or "California Redemption Value," by either printing or embossing the beverage container or by securely affixing a clear and prominent stamp, label, or other device to the beverage container.

(d) Any refillable beverage container sold or offered for sale is exempt from subdivisions (a), (b) and (c). However, any beverage

manufacturer or container manufacturer may place upon, or affix to, a refillable beverage container, any message which they deem appropriate relating to the refund value of the container.

(e) On and after October 1, 1987, no person shall offer to sell, or sell to a consumer a beverage container subject to subdivision (a) or (b) which has not been labeled pursuant to this section, except for a refillable beverage container which is exempt from labeling.

(f) On and after January 1, 1990, no person shall offer to sell, or sell to a consumer a beverage container subject to subdivision (c) which has not been labeled pursuant to this section, except for a refillable beverage container which is exempt from labeling.

(g) The department may require that any beverage container intended for sale in this state be printed, embossed, stamped, labeled, or otherwise marked with a universal product code or similar machine-readable indicia.

(h) A beverage manufacturer of beer and other malt beverages may print, emboss, or label a beverage container in the manner specified in subdivision (a) before August 1, 1987, and a distributor may distribute the beverage container to dealers and consumers before August 1, 1987. Notwithstanding any other provision of law, the department shall require the beverage manufacturer and distributor to pay the department the redemption values and processing fees required by Sections 14574 and 14575 for any of these beverage containers sold or transferred to a dealer or consumer before September 1, 1987.

(i) A beverage manufacturer of carbonated mineral and soda waters, and similar carbonated soft drinks in liquid form, may print, emboss, or label a beverage container in the manner specified in subdivision (a) before September 1, 1987, and a distributor may distribute the beverage container to dealers and consumers before September 1, 1987. Notwithstanding any other provision of law, the department shall require the beverage manufacturer and distributor to pay the department the redemption values and processing fees required by Section 14574 and 14575 for any of these beverage containers sold or transferred to a dealer or consumer before September 1, 1987.

(j) Any container labeled with the "CA Redemption Value" or "California Redemption Value" message shall have the minimum redemption value established pursuant to Section 14560, which shall be paid by the distributor to the department pursuant to Section 14574.

SEC. 7. Section 14574 of the Public Resources Code is amended to read:

14574. (a) A distributor of beer and other malt beverages shall pay to the department the redemption value of every beverage container, other than a refillable beverage container, sold or transferred to a dealer, less 1 percent for the distributor's administrative costs.

The payment shall be made not later than October 15, 1987, for

labeled beverage containers sold or transferred on or before September 15, 1987; not later than November 15, 1987, for labeled beverage containers sold or transferred after September 15, 1987, but on or before September 30, 1987; not later than December 1, 1987, for labeled beverage containers sold or transferred between October 1, 1987, and October 31, 1987; not later than January 1, 1988, for labeled beverage containers sold or transferred between November 1, 1987, and November 30, 1987; and similarly not later than the first day of the second following month for each successive month.

(b) A distributor of carbonated mineral and soda waters and similar carbonated soft drinks in liquid form shall pay to the department the redemption value of every beverage container, other than a refillable beverage container, sold or transferred to a dealer, less 1 percent for the distributor's administrative costs, within 40 days of any sale, or in the form and manner which the department may prescribe. No redemption value applies to, or shall be paid for, any refillable beverage container.

(c) A distributor of wine and distilled spirit coolers shall pay to the department the redemption value of every beverage container, other than a refillable beverage container, sold or transferred to a dealer on and after January 1, 1990, less 1 percent for the distributor's administrative costs, within 40 days of any sale, or in the form and manner which the department may prescribe. No redemption value applies to, or shall be paid for, any refillable beverage container.

(d) Notwithstanding subdivisions (b) and (c), and upon approval of the department, a distributor of carbonated mineral and soda waters and similar carbonated soft drinks in liquid form, or a distributor of wine and distilled spirit coolers, may make payments in accordance with subdivision (a). The department shall prescribe the terms and conditions for payments pursuant to subdivision (a).

SEC. 8. Since manufacturers of wine and distilled spirit coolers were not originally subject to Division 12.1 (commencing with Section 14500) of the Public Resources Code and therefore require additional time to comply with its provisions, it is the intent of the Legislature to delay the operative date of Sections 2 and 4 of this act to January 1, 1990.

SEC. 9. The amendments made by the addition of subdivision (b) to Section 14504 of the Public Resources Code are declaratory of existing law. Although it is not disputed that the California Beverage Container Recycling and Litter Reduction Act does not apply to wine generally, its application to nonalcoholic wine is unclear. The purpose of this legislation is to make clear that the Legislature never intended the California Beverage Container Recycling and Litter Reduction Act to apply to nonalcoholic wine.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty

for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 171

An act to amend Section 798.56 of the Civil Code, and to amend Section 65863.7 of the Government Code, relating to mobilehome parks.

[Approved by Governor June 13, 1988. Filed with Secretary of State June 13, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.56 of the Civil Code is amended to read:

798.56. A tenancy shall be terminated by the management only for one or more of the following reasons:

(a) Failure of the homeowner or resident to comply with a local ordinance or state law or regulation relating to mobilehomes within a reasonable time after the homeowner receives a notice of noncompliance from the appropriate governmental agency.

(b) Conduct by the homeowner or resident, upon the park premises, which constitutes a substantial annoyance to other homeowners or residents.

(c) Failure of the homeowner or resident to comply with a reasonable rule or regulation of the park as set forth in the rental agreement or any amendment thereto.

No act or omission of the homeowner or resident shall constitute such a failure to comply unless and until the management has given the homeowner written notice of the alleged rule or regulation violation and the homeowner or resident has failed to adhere to the rule or regulation within seven days. However, if a homeowner has been given a written notice of an alleged violation of the same rule or regulation on three or more occasions within a 12-month period after the homeowner or resident has violated that rule or regulation, no written notice shall be required for a subsequent violation of the same rule or regulation.

Nothing in this subdivision shall relieve the management from its obligation to demonstrate that a rule or regulation has in fact been violated.

(d) (1) Nonpayment of rent, utility charges, or reasonable incidental service charges; provided that the amount due has been unpaid for a period of at least five days from its due date, and provided, that the homeowner shall be given a three-day written notice subsequent to that five-day period to pay the amount due or to vacate the tenancy. The three-day written notice shall be given to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure. The notice may be given at the same time as the 60 days' notice required for termination of the tenancy.

Payment by the homeowner prior to the expiration of the three-day notice period shall cure a default under this subdivision.

(2) However, if a homeowner has been given a three-day notice to pay the amount due or to vacate the tenancy on three or more occasions within the preceding 12-month period, no written three-day notice shall be required for a subsequent nonpayment of rent, utility charges, or reasonable incidental service charges.

(3) Payment by the legal owner, as defined in Section 18005.8 of the Health and Safety Code, any junior lienholder, as defined in Section 18005.3 of the Health and Safety Code, or the registered owner, as defined in Section 18009.5 of the Health and Safety Code, if other than the homeowner, on behalf of the homeowner prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner, each junior lienholder, and the registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to that payment.

(4) The homeowner shall remain liable for all payments due up until the time the tenancy is vacated.

(5) Cure of a default of rent, utility charges, or reasonable incidental service charges by the legal owner, any junior lienholder, or the registered owner, if other than the homeowner, as provided by this subdivision, may not be exercised more than twice during a 12-month period.

(e) Condemnation of the park.

(f) Change of use of the park or any portion thereof, provided:

(1) The management gives the homeowners at least 15 days' written notice that the management will be appearing before a local governmental board, commission, or body to request permits for a change of use of the mobilehome park.

(2) After all required permits requesting a change of use have been approved by the local governmental board, commission, or body, the management shall give the homeowners six months' or more written notice of termination of tenancy.

If the change of use requires no local governmental permits, then notice shall be given 12 months or more prior to the management's determination that a change of use will occur. The management in the notice shall disclose and describe in detail the nature of the change of use.

(3) The management gives each proposed homeowner written notice thereof prior to the inception of his or her tenancy that the management is requesting a change of use before local governmental bodies or that a change of use request has been granted.

(4) The notice requirements for termination of tenancy set forth in Sections 798.56 and 798.57 shall be followed if the proposed change actually occurs.

(5) A notice of a proposed change of use given prior to January 1, 1980, which conforms to the requirements in effect at that time shall be valid. The requirements for a notice of a proposed change of use

imposed by this subdivision shall be governed by the law in effect at the time the notice was given.

(g) The report required pursuant to subdivisions (b) and (i) of Section 65863.7 of the Government Code shall be given to the homeowners or residents at the same time that notice is required pursuant to paragraph (1) of subdivision (f) of this section.

SEC. 1.5. Section 798.56 of the Civil Code is amended to read:

798.56. A tenancy shall be terminated by the management only for one or more of the following reasons:

(a) Failure of the homeowner or resident to comply with a local ordinance or state law or regulation relating to mobilehomes within a reasonable time after the homeowner receives a notice of noncompliance from the appropriate governmental agency.

(b) Conduct by the homeowner or resident, upon the park premises, which constitutes a substantial annoyance to other homeowners or residents.

(c) Failure of the homeowner or resident to comply with a reasonable rule or regulation of the park which is part of the rental agreement or any amendment thereto.

No act or omission of the homeowner or resident shall constitute a failure to comply with a reasonable rule or regulation unless and until the management has given the homeowner written notice of the alleged rule or regulation violation and the homeowner or resident has failed to adhere to the rule or regulation within seven days. However, if a homeowner has been given a written notice of an alleged violation of the same rule or regulation on three or more occasions within a 12-month period after the homeowner or resident has violated that rule or regulation, no written notice shall be required for a subsequent violation of the same rule or regulation.

Nothing in this subdivision shall relieve the management from its obligation to demonstrate that a rule or regulation has in fact been violated.

(d) (1) Nonpayment of rent, utility charges, or reasonable incidental service charges; provided that the amount due has been unpaid for a period of at least five days from its due date, and provided, that the homeowner shall be given a three-day written notice subsequent to that five-day period to pay the amount due or to vacate the tenancy. The three-day written notice shall be given to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure. The notice may be given at the same time as the 60 days' notice required for termination of the tenancy.

Payment by the homeowner prior to the expiration of the three-day notice period shall cure a default under this subdivision.

(2) However, if a homeowner has been given a three-day notice to pay the amount due or to vacate the tenancy on three or more occasions within the preceding 12-month period, no written three-day notice shall be required for a subsequent nonpayment of rent, utility charges, or reasonable incidental service charges.

(3) Payment by the legal owner, as defined in Section 18005.8 of

the Health and Safety Code, any junior lienholder, as defined in Section 18005.3 of the Health and Safety Code, or the registered owner, as defined in Section 18009.5 of the Health and Safety Code, if other than the homeowner, on behalf of the homeowner prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner, each junior lienholder, and the registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to that payment.

(4) The homeowner shall remain liable for all payments due up until the time the tenancy is vacated.

(5) Cure of a default of rent, utility charges, or reasonable incidental service charges by the legal owner, any junior lienholder, or the registered owner, if other than the homeowner, as provided by this subdivision, may not be exercised more than twice during a 12-month period.

(e) Condemnation of the park.

(f) Change of use of the park or any portion thereof, provided:

(1) The management gives the homeowners at least 15 days' written notice that the management will be appearing before a local governmental board, commission, or body to request permits for a change of use of the mobilehome park.

(2) After all required permits requesting a change of use have been approved by the local governmental board, commission, or body, the management shall give the homeowners six months' or more written notice of termination of tenancy.

If the change of use requires no local governmental permits, then notice shall be given 12 months or more prior to the management's determination that a change of use will occur. The management in the notice shall disclose and describe in detail the nature of the change of use.

(3) The management gives each proposed homeowner written notice thereof prior to the inception of his or her tenancy that the management is requesting a change of use before local governmental bodies or that a change of use request has been granted.

(4) The notice requirements for termination of tenancy set forth in Sections 798.56 and 798.57 shall be followed if the proposed change actually occurs.

(5) A notice of a proposed change of use given prior to January 1, 1980, which conforms to the requirements in effect at that time shall be valid. The requirements for a notice of a proposed change of use imposed by this subdivision shall be governed by the law in effect at the time the notice was given.

(g) The report required pursuant to subdivisions (b) and (i) of Section 65863.7 of the Government Code shall be given to the homeowners or residents at the same time that notice is required pursuant to paragraph (1) of subdivision (f) of this section.

SEC. 2. Section 65863.7 of the Government Code is amended to read:

65863.7. (a) Prior to the conversion of a mobilehome park to another use, except pursuant to the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7), or prior to closure of a mobilehome park or cessation of use of the land as a mobilehome park, the person or entity proposing the change in use shall file a report on the impact of the conversion, closure, or cessation of use upon the displaced residents of the mobilehome park to be converted or closed. In determining the impact of the conversion, closure, or cessation of use on displaced mobilehome park residents, the report shall address the availability of adequate replacement housing in mobilehome parks and relocation costs.

(b) The person proposing the change in use shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at least 15 days prior to the hearing, if any, on the impact report by the advisory agency, or if there is no advisory agency, by the legislative body.

(c) When the impact report is filed prior to the closure or cessation of use, the person or entity proposing the change shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at the same time as the notice of the change is provided to the residents pursuant to paragraph (2) of subdivision (f) of Section 798.56 of the Civil Code.

(d) When the impact report is filed prior to the closure or cessation of use, the person or entity filing the report or park resident may request, and shall have a right to, a hearing before the legislative body on the sufficiency of the report.

(e) The legislative body, or its delegated advisory agency, shall review the report, prior to any change of use, and may require, as a condition of the change, the person or entity to take steps to mitigate any adverse impact of the conversion, closure, or cessation of use on the ability of displaced mobilehome park residents to find adequate housing in a mobilehome park. The steps required to be taken to mitigate shall not exceed the reasonable costs of relocation.

(f) If the closure or cessation of use of a mobilehome park results from an adjudication of bankruptcy, the provisions of this section shall not be applicable.

(g) The legislative body may establish reasonable fees pursuant to Chapter 13 (commencing with Section 54990) of Part 1 of Division 2 of Title 5 to cover any costs incurred by the local agency in implementing this section. Those fees shall be paid by the person or entity proposing the change in use.

(h) This section is applicable to charter cities.

(i) This section is applicable when the closure, cessation, or change of use is the result of a decision by a local governmental entity or planning agency not to renew a conditional use permit or zoning variance under which the mobilehome park has operated, or as a result of any other zoning or planning decision, action, or inaction. In this case, the local governmental agency is the person proposing the change in use for the purposes of preparing the impact report

required by this section and is required to take steps to mitigate the adverse impact of the change as may be required in subdivision (e).

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 798.56 of the Civil Code proposed by both this bill and AB 3720. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 798.56 of the Civil Code, and (3) this bill is enacted after AB 3720, in which case Section 1 of this bill shall not become operative.

CHAPTER 172

An act to amend Section 10125 of the Health and Safety Code, relating to health and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 13, 1988. Filed with Secretary of State June 13, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Lack of health insurance is a serious health problem in this state, affecting over 20 percent of California.

(b) It is especially problematic for pregnant women and children because birth outcomes are so dependent on adequate prenatal care.

(c) We know a greater proportion of women are receiving later or no prenatal care, especially in groups more likely to be uninsured, and that lack of prenatal care is associated with adverse birth outcomes.

(d) We cannot now show that lack of insurance, rather than race, culture, or behavior, is the cause of lack of care because no population-based data links insurance status with birth outcomes.

(e) The State of Massachusetts currently records financial coverage for prenatal care and delivery on their birth certificate.

(f) Collection of this information is not a difficult task since the categories of information to be collected are merely a condensed form of information already contained in hospital discharge data.

SEC. 2. Section 10125 of the Health and Safety Code is amended to read:

10125. (a) The certificate of live birth for any live birth occurring on or after January 1, 1980, shall contain those items necessary to establish the fact of the birth and shall contain only the following information:

(1) Full name and sex of child.

(2) Date of birth, including month, day, hour, and year.

(3) Planned place of birth and place of birth.

(4) Full name of father, birthplace, and date of birth of father

including month, day, and year.

(5) Full birth name of mother, birthplace, and date of birth of mother including month, day, and year.

(6) Multiple births and birth order of multiple births.

(7) Signature, and relationship to child, of a parent or other informant, and date signed.

(8) Name, title, and mailing address of attending physician and surgeon or principal attendant, signature, and certification of live birth by attending physician and surgeon or principal attendant or certifier, date signed, and name and title of certifier if other than attending physician and surgeon or principal attendant.

(9) Date accepted for registration and signature of local registrar.

(10) A state birth certificate number and local registration district and number.

(11) A blank space for entry of date of death with a caption reading "Date of Death."

(b) In addition to the items listed in subdivision (a), the certificate of live birth shall contain the following medical and social information, provided that the information is kept confidential pursuant to the provisions of Section 10125.5 and is clearly labeled "Confidential Information for Public Health Use Only":

(1) Birth weight.

(2) Pregnancy history.

(3) Race and ethnicity of mother and father.

(4) Residence address of mother.

(5) A blank space for entry of census tract for mother's address.

(6) Month prenatal care began and number of prenatal visits.

(7) Date of last normal menses.

(8) Description of complications of pregnancy and concurrent illnesses, congenital malformation, and any complication of labor and delivery, including surgery; provided that this information is essential medical information and appears in total on the face of the certificate.

(9) Mother's and father's occupations and kind of business or industry.

(10) Education level of mother and father.

(11) Principal source of pay for prenatal care, which shall include all of the following: Medi-Cal, health maintenance organization or prepaid health plan, private insurance companies, medically indigent, self-pay, other sources which shall include, Medicare, workers' compensation, Title V, other government or nongovernment programs, no charge, and other categories as determined by the State Department of Health Services.

This paragraph shall become inoperative on January 1, 1999, or on the implementation date of the decennial birth certificate revision due to occur on or about January 1, 1999, whichever occurs first.

(12) Expected principal source of pay for delivery, which shall include all of the following: Medi-Cal, health maintenance organization or prepaid health plan, private insurance companies,

medically indigent, self-pay, other sources which shall include, Medicare, workers' compensation, Title V, other government or nongovernment programs, no charge, and other categories as determined by the State Department of Health Services.

This paragraph shall become inoperative on January 1, 1999, or on the implementation date of the decennial birth certificate revision due to occur on or about January 1, 1999, whichever occurs first.

(c) Item 8, specified in subdivision (b), shall be completed by the attending physician and surgeon or the attending physician's and surgeon's designated representative. The names and addresses of children born with congenital malformations, who require followup treatment, as determined by the child's physician and surgeon, shall be furnished by the physician and surgeon to the local health officer, if permission is granted by either parent of the child.

(d) The parent shall only be asked to sign the form after both the public portion and the confidential medical and social information items have been entered upon the certificate of live birth.

(e) The State Registrar shall instruct all local registrars to collect the information specified in this section with respect to certificates of live birth. The information shall be transcribed on the certificate of live birth in use at the time and shall be limited to the information specified in this section.

Information relating to concurrent illnesses, complications of pregnancy and delivery, and congenital malformations shall be completed by the physician and surgeon, or physician's and surgeon's designee, inserting in the space provided on the confidential portion of the certificate the appropriate number or numbers listed on the VS-10A supplemental worksheet. The VS-10A supplemental form shall be used as a worksheet only and shall not in any manner be linked with the identity of the child or the mother, nor submitted with the certificate to the State Registrar. All information transferred from the worksheet to the certificate shall be fully explained to the parent or other informant prior to the signing of the certificate. No questions relating to drug or alcohol abuse may be asked.

(f) If the implementation date of the decennial birth certificate revision occurs prior to January 1, 1999, within 30 days of this implementation date the State Department of Health Services shall file a letter with the Secretary of the Senate and with the Chief Clerk of the Assembly, so certifying.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local

agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the addition of categories concerning financial information are included in the revisions now being made to California birth certificates, it is necessary that this act go into immediate effect.

CHAPTER 173

An act to amend Section 17538 of the Business and Professions Code, relating to consumer affairs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 15, 1988. Filed with Secretary of State June 15, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 17538 of the Business and Professions Code is amended to read:

17538. (a) It is unlawful in the sale or lease or offering for sale or lease of goods or services, for any person conducting sales or leases by telephone, mail order, or catalog in this state, including, but not limited to, the offering for sale or lease on television, radio, or other telecommunications device of goods or services which may be ordered by mail, telephone, or other telecommunications device, or for any person advertising in connection with those sales, leases, or advertisements a mailing address or telephone number, to accept payment from or for a buyer, for the purchase or lease of goods or services ordered by mail, telephone, or other telecommunications device, whether payment to the vendor is made directly, through the mails, by means of a transfer of funds from an account of the buyer or any other person, or by any other means, and then permit 30 days, unless otherwise conspicuously stated in the offering or advertisement, or unless a shorter time is clearly communicated by the person conducting the sale or lease, to elapse without doing any one of the following things:

(1) Shipping, mailing, or providing the goods or services ordered.

(2) Mailing a full refund or, if payment was made by means of a transfer from an account, (A) crediting the account in the full

amount of the debit, or (B) if a third party is the creditor, issuing a credit memorandum to the third party who shall promptly credit the account in the full amount of the debit.

(3) Sending the buyer a letter or other written notice (A) advising the buyer of the duration of an expected delay expressed as a specific number of days or weeks, or proposing the substitution of goods or services of equivalent or superior quality, and (B) offering to make a full refund, in accordance with paragraph (2), within one week if the buyer so requests. The vendor shall provide to the buyer a toll-free telephone number or other cost-free method to communicate the buyer's request for a full refund. If the vendor proposes to substitute goods or services, the vendor shall describe the substitute goods or services in detail, indicating fully how the substitute differs from the goods or services ordered.

(4) (A) Shipping, mailing, or providing substitute goods or services of equivalent or superior quality, if the buyer is extended the opportunity to return the substitute goods or services and the vendor promises to refund to the buyer (i) the cost of returning the substitute goods or services and (ii) any portion of the purchase price previously paid by the buyer.

(B) Except as provided in subparagraph (C), a notice to the buyer shall accompany the mailing, shipping, or providing of the substitute goods or services which informs the buyer of the substitution; describes fully how the substitute differs from the goods or services ordered, except that obvious nontechnical differences, such as color, need not be described; and discloses the buyer's right to reject the substitute goods or services and obtain a full refund of the amount paid, plus the cost of returning the substitute goods or services.

(C) The vendor may omit from the notice required by subparagraph (B) a description of how the substitute goods or services differ from the ordered goods or services if the notice otherwise complies with subparagraph (B), and if all the following requirements are complied with:

(i) The vendor maintains at least 100 retail outlets located in at least 20 counties in this state that are open to the public regularly during normal business hours where buyers can order catalog goods, pick them up, and return them for refunds.

(ii) The vendor maintains a toll-free telephone number and provides to each buyer, at the time of the buyer's call, a full description of how substitute goods or services differ from ordered goods or services. The toll-free telephone number shall operate and be staffed at all times during which goods or services normally are available for pick up from the vendor's retail outlets.

(iii) If the buyer picks up substitute goods or services from the vendor's retail outlet, the notice required by subparagraph (B) as modified by this subparagraph is placed on, or attached to, the exterior of the package or wrapping containing the substitute, or is handed to the buyer at the time the buyer picks up the substitute.

(iv) The notice contains a reference number or some other means

of identifying the ordered goods or services and the substitute goods or services.

(v) The notice contains the vendor's toll-free telephone number and instructions to the buyer that the buyer may call that number to obtain a full description of how the substitute differs from the ordered goods.

(b) For purposes of paragraphs (3) and (4) of subdivision (a), goods or services shall be considered of "equivalent or superior quality" only if they are (1) substantially similar to the goods or services ordered, (2) fit for the usual purposes for which the goods or services ordered are used, and (3) normally offered by the vendor at a price equal to or greater than the price of the goods or services ordered.

(c) When a buyer makes an initial application for an open-end credit plan, as defined in the Federal Consumer Credit Protection Act (15 U.S.C. Sec. 1682), at the same time the goods or services are ordered, and the goods or services are to be purchased on credit, the person conducting the business shall have 50 days, rather than 30 days, to perform the actions specified in this section.

(d) As used in this section and Section 17538.3, the following words have the following meanings:

(1) "Goods" means tangible chattels, including certificates or coupons exchangeable for such goods, and including goods which, at the time of the sale or subsequently, are to be so affixed to real property as to become a part of such real property, whether or not severable therefrom.

(2) "Person" means an individual, partnership, corporation, association, or other group, however organized.

(3) "Buyer" means a person who seeks or acquires, by purchase or lease, any goods or services for any purpose.

CHAPTER 175

An act to amend Sections 45308 and 88127 of the Education Code, relating to classified employees.

[Approved by Governor June 15, 1988. Filed with Secretary of State June 15, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 45308 of the Education Code is amended to read:

45308. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, in school districts with an average daily attendance below 400,000, for service commencing or continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 45128. Nothing in this section shall preclude the governing board of a school district from entering into an agreement with the exclusive representative of the classified employees which defines "length of service" to mean hire date. For purposes of this section, in school districts with an average daily attendance of 400,000 or more, for service commencing or continuing after January 1, 1986, "length of service" shall be determined by the date of hire.

If a governing board enters into an agreement with the exclusive representative of classified employees that defines "length of service" to mean hire date, the governing board may define "length of service" to mean hire date for a classification of employee not represented by any exclusive bargaining unit.

Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on military leave of absence, or unpaid illness leave, or unpaid maternity leave, or unpaid industrial accident leave. In the event an employee returns to work following any other unpaid leave of absence, no further seniority shall be accrued for the time not worked.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.

SEC. 2. Section 88127 of the Education Code is amended to read:

88127. Classified employees shall be subject to layoff for lack of

work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, for service commencing or continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 88027. Nothing in this section shall preclude the governing board of a community college district from entering into an agreement with the exclusive representative of the classified employees which defines "length of service" to mean hire date.

If a governing board enters into an agreement with the exclusive representative of classified employees that defines "length of service" to mean hire date, the governing board may define "length of service" to mean hire date for a classification of employee not represented by any exclusive bargaining unit.

Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on military leave of absence, or unpaid illness leave, or unpaid industrial accident leave.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.

The services provided by the naturalists shall be under the exclusive control and management of the governing board of the school district and shall comply with all guidelines established by the Superintendent of Public Instruction relating to outdoor educational programs. SEC. 2. Section 2924.7 is added to the Civil Code, to read:

2924.7. (a) The provisions of any deed of trust or mortgage on real property which authorize any beneficiary, trustee, mortgagee, or his or her agent or successor in interest, to accelerate the maturity date of the principal and interest on any loan secured thereby or to exercise any power of sale or other remedy contained therein upon the failure of the trustor or mortgagor to pay, at the times provided for under the terms of the deed of trust or mortgage, any taxes, rents, assessments, or insurance premiums with respect to the property or the loan, or any advances made by the beneficiary, mortgagee, or his or her agent or successor in interest shall be enforceable whether or not impairment of the security interest in the property has resulted from the failure of the trustor or mortgagor to pay the taxes, rents, assessments, insurance premiums, or advances.

(b) The provisions of any deed of trust or mortgage on real property which authorize any beneficiary, trustee, mortgagee, or his or her agent or successor in interest, to receive and control the disbursement of the proceeds of any policy of fire, flood, or other hazard insurance respecting the property shall be enforceable

whether or not impairment of the security interest in the property has resulted from the event that caused the proceeds of the insurance policy to become payable.

SEC. 3. The Legislature hereby declares that this act is not intended to abrogate the holding in the case of Schoolcraft v. Ross (81 Cal. App. 3d 75) insofar as it provides that a lender may not prohibit the use of insurance proceeds for the restoration of the security property absent a showing that the lender's security interest in the property has been impaired. It is the intent of the Legislature to abrogate the holdings in cases such as Kreshek v. Sperling (157 Cal. App. 3d 279) and Freeman v. Lind (181 Cal. App. 3d 791) to the extent those holdings in any way restrict the right of a beneficiary or mortgagee under a deed of trust or mortgage on real property to enforce the express provisions of the deed of trust or mortgage.

For purposes of this section, "victim" shall include the immediate surviving family of the actual victim in homicide cases. For purposes of this section, "restitution" means payment described in subdivision (d) of Section 729.6.

(b) A restitution order imposed pursuant to this section shall identify the losses to which it pertains and may be enforced in a manner provided for the enforcement of money judgments. Restitution collected pursuant to this section shall be credited to any other judgments obtained by the victim against the minor arising out of the offense for which the minor was found to be a person described in Section 602.

(c) If the court finds that there are compelling and extraordinary reasons, the court may waive imposition of restitution. When such a waiver is granted, the court shall state on the record all reasons supporting the waiver.

SEC. 2. Section 1752.82 of the Welfare and Institutions Code is amended to read:

1752.82. Whenever an adult or minor is committed to or housed in a Youth Authority facility and he or she owes restitution to a victim or a restitution fine imposed pursuant to Section 13967 of the Government Code or pursuant to Section 730.6 or 731.1 of this code, the director may deduct a reasonable amount not to exceed 20 percent from the wages of that adult or minor and the amount so deducted, exclusive of the costs of administering this section, which shall be retained by the director, shall be transferred to the State Board of Control for deposit in the Restitution Fund in the State Treasury in the case of a restitution fine, or, in the case of a restitution

order, and upon the request of the victim, shall be paid directly to the victim. Any amount so deducted shall be credited against the amount owing on the fine or to the victim. The committing court shall be provided a record of any such payments.

SEC. 3. Section 1766.1 of the Welfare and Institutions Code is amended to read:

1766.1. When permitting an adult or minor committed to the Youth Authority his or her liberty pursuant to subdivision (a) of Section 1766, the Youthful Offender Parole Board shall impose as a condition thereof that the adult or minor pay in full any restitution fine or restitution order imposed pursuant to Section 13967 of the Government Code or Section 730.6 or 731.1 of this code. Payment shall be in installments set in an amount consistent with the adult's or minor's ability to pay.

(f) Any order protecting victims of violent crime from contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant.

Any person violating any order made pursuant to subdivisions (a) to (f), inclusive, may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. No finding of contempt shall be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. The hearing board shall, however, include a written explanation of its action in the order for abatement.

SEC. 3. Sections 42450 and 42451 of the Health and Safety Code, as amended by Sections 1 and 2 of this act, apply whether the violation occurred before or after the effective date of this act.

(1) "Personal records" means the original or any copy of books, documents, or other writings pertaining to a consumer and which are maintained by any "witness" which is a physician, veterinarian, veterinary hospital, veterinary clinic, pharmacist, pharmacy, hospital, state or national bank, state or federal association (as defined in Section 5102 of the Financial Code), state or federal credit union, trust company, anyone authorized by this state to make or arrange loans that are secured by real property, security brokerage firm, insurance company, underwritten title company, attorney, accountant, institution of the Farm Credit System, as specified in Section 2002 of Title 12 of the United States Code, or telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, or psychotherapist, as defined in Section 1010 of the Evidence Code, or a private or public preschool, elementary

school, or secondary school.

(2) "Consumer" means any individual, partnership of five or fewer persons, association, or trust which has transacted business with, or has used the services of, the witness or for whom the witness has acted as agent or fiduciary.

(3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding pursuant to this code, but shall not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to the provisions of Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(b) The date specified in a subpoena duces tecum for the production of personal records shall not be less than 15 days from the date the subpoena is issued. Prior to the date called for in the subpoena duces tecum for the production of personal records, the subpoenaing party shall serve or cause to be served on the consumer whose records are being sought a copy of the subpoena duces tecum, of the affidavit supporting the issuance of the subpoena, and of the notice described in subdivision (e). This service shall be made as follows:

(1) To the consumer personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. If the consumer is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(3) At least five days prior to service upon the custodian of the records, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall do either of the following:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the consumer or by his or her attorney of record. The witness may presume that any attorney purporting to sign the authorization on behalf of the consumer acted with the consent of the consumer.

(d) A subpoena duces tecum for the production of personal

records shall be served in sufficient time to allow the witness a reasonable time to locate and produce the records or copies thereof.

Except as to records subpoenaed for a criminal proceeding or records subpoenaed during trial, a subpoena duces tecum served upon a witness with records in more than one location shall be served no less than 10 days prior to the date specified for production, unless good cause is shown pursuant to subdivision (h).

(e) Every copy of the subpoena duces tecum and affidavit served on a consumer or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) records about the consumer are being sought from the witness named on the subpoena; (2) if the consumer objects to the witness furnishing the records to the party seeking the records, the consumer must file papers with the court prior to the date specified for production on the subpoena; and (3) if the party who is seeking the records will not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the consumer's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) A subpoena duces tecum for personal records maintained by a telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, shall not be valid or effective unless it includes a consent to release, signed by the consumer whose records are requested, as required by Section 2891 of the Public Utilities Code.

(g) Any consumer whose personal records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness prior to production. No witness shall be required to produce personal records after receipt of notice that such a motion has been brought, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and consumers affected.

(h) Upon good cause shown and provided that the rights of witnesses and consumers are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(i) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular consumer or consumers and which requires a custodian of records to delete all information which would in any way identify any consumer whose records are to be produced.

(j) The provisions of this section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with

Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

The hearing on the application for the stay shall be held not later than 60 days after service of the summons. If the defendant files a motion for an order

requiring an undertaking, which is granted but the defendant objects to the undertaking, the court may in its discretion stay the proceedings not longer than 10 days after a sufficient undertaking has been filed and the defendant has been served with a copy of the undertaking.

(f) The determinations of the court under this section have no effect on the determination of any issues on the merits of the action or special proceeding and may not be given in evidence nor referred to in the trial of the action or proceeding.

(g) An order granting or denying a motion for an undertaking under this section is not appealable.

SEC. 4. Section 99 of the Revenue and Taxation Code is amended to read:

99. (a) For the purposes of the computations required by this chapter:

(1) In the case of a jurisdictional change, other than a city incorporation or a formation of a district as defined in Section 2215 , the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 97, or the annual tax increment determined pursuant to Section 98, for local agencies whose service area or service responsibility would be altered by the jurisdictional change, as determined pursuant to subdivision (b) or (c).

(2) In the case of a city incorporation or a formation of a district as defined in Section 2215, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56842 of the Government Code to the newly formed city or district and shall make the adjustment as determined by Section 56842 in the allocation of property tax revenue determined pursuant to Section 96 or 97 for each local agency whose service area or service responsibilities would be altered by the incorporation or formation.

(b) Upon the filing of an application or a resolution pursuant to the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code), but prior to the issuance of a certificate of filing, the executive officer shall give notice of the filing to the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change.

(1) (A) The county assessor shall provide to the county auditor, within 30 days of the notice of filing, a report which identifies the assessed valuations for the territory subject to the jurisdictional change and the tax rate area or areas in which the territory exists.

(B) The auditor shall estimate the amount of property tax revenue generated within the territory which is the subject of the jurisdictional change during the current fiscal year.

(2) The auditor shall estimate what proportion of the property tax revenue determined pursuant to paragraph (1) is attributable to each local agency pursuant to Section 96 or 97, and Section 98, notwithstanding Section 98.6.

(3) Within 45 days of notice of the filing of an application or resolution, the auditor shall notify the governing body of each local agency whose service area or service responsibility will be altered by the amount of, and allocation factors with respect to, property tax revenue estimated pursuant to paragraph (2) which is subject to a negotiated exchange.

(4) Upon receipt of the estimates pursuant to paragraph (3) the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between and among the local agencies. This negotiation period shall not exceed 30 days.

The exchange may be limited to an exchange of property tax revenues from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years.

(5) In the event that a jurisdictional change would affect the service area or service responsibility of one or more special districts, the board of supervisors of the county or counties in which the districts are located shall, on behalf of the district or districts, negotiate any exchange of property tax revenues.

(6) Notwithstanding any other provision of law, the executive officer shall not issue a certificate of filing pursuant to Section 56828 of the Government Code until the local agencies included in the property tax revenue exchange negotiation, within the 30-day negotiation period, present resolutions adopted by each such county and city whereby each county and city agrees to accept the exchange of property tax revenues.

(7) In the event that the commission modifies the proposal or its resolution of determination, any local agency whose service area or service responsibility would be altered by the proposed jurisdictional change may request, and the executive officer shall grant, 15 days for the affected agencies, pursuant to paragraph (4) to renegotiate an exchange of property tax revenues. Notwithstanding the time period specified in paragraph (4), if the resolutions required pursuant to paragraph (6) are not presented to the executive officer within the 15-day period, all proceedings of the jurisdictional change shall automatically be terminated.

(8) No later than the date on which the certificate of completion of the jurisdictional change is recorded with the county recorder, the executive officer shall notify the auditor or auditors of the exchange of property tax revenues and the auditor or auditors shall make the appropriate adjustments as provided in subdivision (a).

(c) Whenever a jurisdictional change is not required to be

reviewed and approved by a local agency formation commission, the local agencies whose service area or service responsibilities would be altered by the proposed change, shall give notice to the State Board of Equalization and the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change and request the auditor and assessor to make the determinations required pursuant to paragraphs (1) and (2) of subdivision (b). Upon notification by the auditor of the amount of, and allocation factors with respect to, property tax subject to exchange, the local agencies, pursuant to the provisions of paragraphs (4), (5), and (6) of subdivision (b), shall determine the amount of property tax revenues to be exchanged between and among the local agencies. Notwithstanding any other provision of law, no such jurisdictional change shall become effective until each county and city included in these negotiations agrees, by resolution, to accept the negotiated exchange of property tax revenues. The exchange may be limited to an exchange of property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Upon the adoption of the resolutions required pursuant to this section, the adopting agencies shall notify the auditor who shall make the appropriate adjustments as provided in subdivision (a).

(d) With respect to adjustments in the allocation of property taxes pursuant to this section, a county and any local agency or agencies within the county may develop and adopt a master property tax transfer agreement. The agreement may be revised from time to time by the parties subject to the agreement.

(e) Except as otherwise provided in subdivision (f), for the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and thereafter for those local agencies which were affected by a jurisdictional change which was filed with the State Board of Equalization after January 1, 1978 but on or before January 1, 1979. The local agencies shall determine by resolution the amount of property tax revenues to be exchanged between and among the affected agencies and notify the auditor of the determination.

(f) For the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and thereafter, for a city incorporation which was filed pursuant to Sections 54900 to 54904 after January 1, 1978, but on or before January 1, 1979, the amount of property tax revenue considered to have been received by the jurisdiction for the 1978–79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to the

incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978–79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the 1977–78 fiscal year. Except, however, in the event that the final commission report did not specify the amount of property tax revenue projected for such incorporation, the commission shall by October 10, determine pursuant to Section 54790.3 of the Government Code the amount of property tax to be transferred to the city.

The provisions of this subdivision shall also apply to the allocation of property taxes for the 1980–81 fiscal year and thereafter for incorporations approved by the voters in June 1979.

(g) For the purpose of the computations made pursuant to this section, in the case of a district formation which was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1978, but before January 1, 1979, the amount of property tax to be allocated to the district for the 1979–80 fiscal year and each fiscal year thereafter shall be determined pursuant to Section 54790.3 of the Government Code.

(h) For the purposes of the computations required by this chapter, in the case of a jurisdictional change, other than a change requiring an adjustment by the auditor pursuant to subdivision (a), the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 97, or the annual tax increment determined pursuant to Section 98, for each local school district, community college district, or county superintendent of schools whose service area or service responsibility would be altered by the jurisdictional change, as determined as follows:

(1) The governing body of each district, county superintendent of schools, or county whose service areas or service responsibilities would be altered by the change shall determine the amount of property tax revenues to be exchanged between and among the affected jurisdictions. This determination shall be adopted by each affected jurisdiction by resolution. For the purpose of negotiation, the county auditor shall furnish the parties and the county board of education with an estimate of the property tax revenue subject to negotiation.

(2) In the event that the affected jurisdictions are unable to agree, within 60 days after the effective date of the jurisdictional change, and if all the jurisdictions are wholly within one county, the county board of education shall, by resolution, determine the amount of property tax revenue to be exchanged. If the jurisdictions are in more than one county, the State Board of Education shall, by resolution, within 60 days after the effective date of the jurisdictional change, determine the amount of property tax to be exchanged.

(3) Upon adoption of any resolution pursuant to this subdivision, the adopting jurisdictions or State Board of Education shall notify the county auditor who shall make the appropriate adjustments as

provided in subdivision (a).

(i) For purposes of subdivision (h), the annexation by a community college district of territory within a county not previously served by a community college district is an alteration of service area. The community college district and the county shall negotiate the amount, if any, of property tax revenues to be exchanged. In these negotiations, there shall be taken into consideration the amount of revenue received from the timber yield tax and forest reserve receipts by the community college district in the area not previously served. In no event shall the property tax revenue to be exchanged exceed the amount of property tax revenue collected prior to the annexation for the purposes of paying tuition expenses of residents enrolled in the community college district, adjusted each year by the percentage change in population and the percentage change in cost of living, or per capita personal income, whichever is lower, less the amount of revenue received by the community college district in the annexed area from the timber yield tax and forest reserve receipts.

(j) At any time after a jurisdictional change is effective, any of the local agencies party to the agreement to exchange property tax revenue may renegotiate the agreement with respect to the current fiscal year or subsequent fiscal years, subject to approval by all local agencies affected by the renegotiation.

CHAPTER 193

An act to amend Section 1000.8 of the Penal Code, relating to crime, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 16, 1988. Filed with Secretary of State June 16, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that in many cases persons charged with a misdemeanor act of domestic violence who are diverted and referred to counseling programs do not receive counseling which is appropriate to the offense for which they are charged. The Legislature further finds that materials applicable to batterer's treatment programs are readily available and that the establishment of these programs in each county would greatly benefit both the defendant and the victim.

It is the intent of the Legislature in enacting this act to provide that defendants in domestic violence cases shall be diverted and referred to counseling in batterer's treatment programs. It is further the intent of the Legislature to encourage counties without existing batterer's treatment programs to establish these counseling programs on or before January 1, 1990.

SEC. 2. Section 1000.8 of the Penal Code is amended to read:

1000.8. (a) The court shall hold a hearing and, after consideration of the probation department's report and any other information considered by the court to be relevant to its decision, shall determine if the defendant consents to further proceedings under this chapter and waives his or her right to a speedy trial and if the defendant should be diverted and referred for batterer's treatment counseling directed specifically to the violent conduct of the defendant. The court, in determining the defendant's eligibility for diversion, shall consider the nature and extent of the injury inflicted upon the victim, any prior incidents of domestic violence by the defendant, and any factors which would adversely influence the likelihood of successful completion of the diversion program. If the court does not deem the defendant a person who would be benefited by diversion, or if the defendant does not consent to participate, the proceedings shall continue as in any other case. If the court orders a defendant to be diverted, the court shall make inquiry into the financial condition of the defendant and upon a finding that the defendant is able in whole or part to pay the expense of such counseling the court may order him or her to pay for all or part of such expense.

Nothing in this subdivision shall prohibit the placement of a defendant in another appropriate counseling program if the court determines that there is no available batterer's treatment counseling

program.

(b) At such time that the defendant's case is diverted, any bail bond or undertaking, or deposit in lieu thereof, on file by or on behalf of him or her shall be exonerated, and the court shall enter an order so directing.

(c) The period during which further criminal proceedings against a person may be diverted pursuant to this chapter shall be for no less than six months nor longer than two years.

The court shall set forth in writing or state on the record its reason for granting or denying diversion. The court's decision in such matter shall be final and shall not constitute an appealable order.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the most effective means to prevent future domestic violence at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 194

(b) The minimum schoolday in grades 4, 5, 6, 7, and 8 in elementary schools may be computed by determining the number of minutes of attendance in any 10 consecutive schooldays and dividing that number by 10. If the resulting quotient is 240 or more, the pupils shall be deemed to have complied with Section 46113, even if the number of minutes attended in any one schoolday is less than 240, but not less than 180.

(c) The minimum schoolday in kindergarten in elementary schools may be computed by determining the number of minutes of

attendance in any 10 consecutive schooldays and dividing that number by 10. If the resulting quotient is 180 or more, pupils shall be deemed to have complied with Section 46117, even if the number of minutes attended in any one schoolday is less than 180, but not less than 60.

No computation authorized by this section shall result in any increase in state apportionments.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the alternative method established by this act for the computation of the minimum schoolday in kindergarten may be used at the start of the 1988–89 school year, it is necessary that this act take effect immediately as an urgency statute.

(a) Notwithstanding any other provision of law, the unencumbered balance of the appropriation provided for the Foster Family Home and Small Family Home Insurance Fund in Item 5180-001-131 of the Budget Act of 1987 is reappropriated for the purposes specified in Item 5180-001-131 and shall be available for expenditure until June 30, 1989.

(b) Notwithstanding Section 6.50 of the Budget Act of 1987, up to one hundred fifty thousand dollars ($150,000) appropriated for claims payments in Item 5180-001-131 (b) of the Budget Act of 1987 is available for transfer to Item 5180-001-131 (a) for the operation and maintenance of the Foster Family Home and Small Family Home Insurance Fund.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

In order to ensure the orderly continuation of programs necessary for the promotion of child welfare which are affected by this act, it is necessary for this act to take effect immediately.

CHAPTER 196

An act to add Section 70141.1 to the Government Code, relating to courts.

[Became law without Governor's signature Filed with Secretary of State June 20, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 70141.1 is added to the Government Code, to read:

70141.1. In El Dorado County, a majority of the judges of the superior court, subject to prior approval by the board of supervisors, may appoint one or more commissioners up to one full-time equivalent. The superior court may provide that the commissioner, in addition to the duties prescribed in Section 259 of the Code of Civil Procedure, shall perform the duties of a probate commissioner appointed pursuant to Section 69897 or any other duties authorized by law for a commissioner to perform. The superior court may also authorize the commissioner to perform the duties of a juvenile court referee appointed pursuant to Section 247 of the Welfare and Institutions Code.

Any commissioner appointed pursuant to this section shall receive compensation pursuant to a contract approved annually by the board of supervisors. The presiding judge of the superior court shall specify the days, hours, and court locations for the commissioner. Each commissioner shall also be allowed actual traveling expenses pursuant to Section 70148.

CHAPTER 197

An act relating to transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1988. Filed with Secretary of State June 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The Los Angeles-Fresno-Bay Area/Sacramento transportation corridor has the potential for development in the future as a high-speed rail corridor using modern railroad technology similar to that employed in Europe and Japan.

(b) Development of the existing rail lines in this corridor for rail passenger purposes is tempered by the fact that a modern, direct rail link through the mountainous area known as the Grapevine does not exist. Nevertheless, ridership on the existing Amtrak service between Bakersfield, Fresno, and Oakland more than tripled between 1974 and 1987, and the trains continue to grow in popularity.

(c) It is obvious that development of high-speed rail in this vital transportation corridor will require a new railroad alignment between Los Angeles and Bakersfield, while the existing railroad corridors north of Bakersfield may be usable in conjunction with the new line. The current Amtrak speed limit is 79 miles per hour, while trains in the past have traversed this corridor at 90 miles per hour or more. Over time, it may be necessary to replace the existing line with a higher speed alignment, as development of the corridor proceeds.

(d) Implementation of a high-speed rail corridor requires a long-term planning effort. It is the intent of the Legislature that this process be set in motion as soon as possible.

SEC. 2. (a) There is hereby created the Los Angeles-Fresno-Bay Area/Sacramento High-Speed Rail Corridor Study Group. The Director of Transportation or a designee of the director, shall be chairperson and a local elected official selected by the study group, shall be vice chairperson of the study group. The director, or a designee of the director, shall be responsible for coordinating the meetings of the study group.

(b) Each of the following shall appoint representatives to the study group:

(1) One representative appointed by each county board of supervisors in the Counties of Fresno, Kern, Kings, Madera, Merced, Sacramento, San Joaquin, Stanislaus, and Tulare and one representative jointly selected by the cities in each of these counties; two representatives appointed by the Metropolitan Transportation Commission; one representative appointed by the Los Angeles County Transportation Commission; and one representative appointed by the Southern California Association of Governments. In addition, other transportation planning agencies and local transportation commissions located within the confines of the corridor may participate in the work of the study group as nonvoting members.

(2) The California Transportation Commission.

(3) The National Railroad Passenger Corporation.

(4) The Southern Pacific Transportation Company and the Atchison, Topeka and Santa Fe Railway Company, or their successor

corporations.

(5) The Secretary-Treasurer of the California Labor Federation.

(6) A consumer representative jointly appointed by the Chairperson of the Assembly Committee on Transportation and Chairperson of the Senate Committee on Transportation.

(7) The Public Utilities Commission.

(c) The voting members of the study group shall consist of the Director of Transportation or a designee of the director, the representatives appointed by each county and city, the Metropolitan Transportation Commission, the Los Angeles County Transportation Commission, and the Southern California Association of Governments pursuant to paragraph (1) of subdivision (b), and one representative each from the entities specified in paragraphs (2) to (7), inclusive, of subdivision (b).

(d) The study group shall develop a program of incremental development of the high-speed rail corridor, and shall do all of the following:

(1) Identify improvements on existing rail lines that will reduce train running times, increase reliability of service, and facilitate additional frequencies for passenger train service, while maintaining capacity for freight operations. These improvements shall include, but not be limited to, increasing current slow speeds wherever present, identification of grade crossing signals that can be retimed to permit higher speeds, and installation of a cab signaling or comparable system which permits speeds of 110 miles per hour or more on appropriate track under current federal standards. An analysis of all of the following shall also be included:

(A) Identification of improvements necessary to operate passenger trains between Fresno, Modesto, and Stockton on the Southern Pacific Railroad on a schedule equivalent to running times achievable on the parallel Santa Fe Railway.

(B) Providing direct rail service between Stockton and Sacramento.

(2) Identify new alignments for a high-speed passenger or combined passenger and freight line between Los Angeles and Bakersfield. The study group shall examine any previous plans for such an alignment which may at one time have been studied, and shall consider both an at-grade alignment located essentially within the State Highway Route 5 right-of-way, or a route immediately adjacent or parallel thereto, and possible tunnels through the mountains. The study group may also investigate new alignments elsewhere within the corridor. When considering the possible maximum grade for an alignment, the group shall consider the benefits of electrification.

(3) Develop criteria to determine priorities of these improvements on a cost-benefit basis, and analyze and make suitable recommendations.

(4) Establish an implementation and funding plan, which shall consider the possibility of a state bond issue to finance development

of the high-speed corridor.

(e) The study group may employ the services of outside consultants.

(f) The study group shall prepare and submit to the Legislature a preliminary report of its findings and recommendations on or before January 1, 1990, and a final report on or before July 1, 1990.

SEC. 3. Notwithstanding any other provision of law, one hundred fifty thousand dollars ($150,000) of the unencumbered balance, or the unliquidated encumbrance, whichever is appropriate, of the funds appropriated in Item 2660-001-046 of the Budget Act of 1985 to the Department of Transportation for payments under contracts with the National Rail Passenger Corporation or a railroad corporation entered into under Section 14035 of the Government Code, are hereby reverted to the Transportation Planning and Development Account in the State Transportation Fund.

SEC. 4. The sum of one hundred fifty thousand dollars ($150,000) from the Transportation Planning and Development Account in the State Transportation Fund is hereby appropriated to the Department of Transportation for allocation by the Director of Transportation for purposes of Section 2 of this act, including any state-mandated local program costs imposed by that section.

The director shall make the funds available in an amount equal to funds provided for these purposes from nonstate sources.

SEC. 5. This act shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because self-financing authority is provided in this act to cover any costs that may be incurred in carrying on any program or performing any service required to be carried on or performed by this act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that funds which would otherwise revert to the Transportation Planning and Development Account as of July 1, 1988, may be made available for the study provided for in this act, it is necessary that this act take effect immediately.

CHAPTER 198

An act to amend Section 1 of Chapter 1257 of the Statutes of 1986, relating to the Lodi Unified School District.

[Approved by Governor June 20, 1988 Filed with Secretary of State June 20, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 1257 of the Statutes of 1986 is amended to read:

Section 1. The Lodi Unified School District may lease residential houses constructed after January 1, 1978, to house elementary school pupils, until June 30, 1990, if the facilities meet all applicable provisions of state and local building standards for residential houses existing at the time of construction of the houses. Notwithstanding any other provision of law, residential houses that meet those requirements, and that were leased by the Lodi Unified School District as of January 1, 1988, are exempt from Article 3 (commencing with Section 39140) and Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of the Education Code.

This section shall remain in effect only until June 30, 1990, and as of that date is repealed unless a later enacted statute which is chaptered before June 30, 1990, deletes or extends that date.

SEC. 2. Due to unique circumstances concerning the school facilities in the Lodi Unified School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 199

An act to amend Sections 19611.5, 19614.2, and 19617 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1988 Filed with Secretary of State June 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 19611.5 of the Business and Professions Code is amended to read:

19611.5. (a) In addition to the amounts otherwise deducted pursuant to this chapter, every association other than the California State Fair and Exposition or a district or county fair which conducts a thoroughbred race meeting may deduct from the total amount handled in daily double, quiniela, exacta, and other multiple

wagering pools approved by the board up to 3 percent thereof to be distributed as commissions and purses in the following percentage ratios: in 1978, 56 percent as commissions and 44 percent as purses; in 1979, 55 percent as commissions and 45 percent as purses; in 1980, 54 percent as commissions and 46 percent as purses; in 1981, 53 percent as commissions and 47 percent as purses; in 1982, 52 percent as commissions and 48 percent as purses; in 1983, 51 percent as commissions and 49 percent as purses; and in 1984 and thereafter, 50 percent as commissions and 50 percent as purses.

After deduction of expenses, not to exceed 5 percent, and approval of all such deductions by the board, the fund shall then be added to the funds described in subdivision (a) of Section 19617 and shall be paid in accordance with subdivisions (b), (c), and (d) of Section 19617.

(c) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board, the amount of the deduction shall not be changed during the course of the meeting.

SEC. 2. Section 19614.2 of the Business and Professions Code is amended to read:

19614.2. (a) In addition to the amounts otherwise deducted pursuant to this chapter, the California Exposition and State Fair, or a district or county fair, or an association conducting its meeting pursuant to Section 19549.1, may deduct from the total amount handled in daily double, quiniela, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses in the current year of the fair meet. Of the amount deducted, if any, 52 percent shall be distributed as additional purses and 48 percent shall be distributed as additional commissions. (b) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board, the amount of the deduction shall not be changed during the course of the meeting.

(c) From the amount deducted for thoroughbred purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be distributed and disbursed as required in subdivision (b) of Section 19611.5.

(d) From the amount deducted for quarter horse purses under subdivision (a), a sum equal to 25 percent thereof shall be held by

the association to be paid as owners' premiums for California-breds winning or placing at the meeting. The premiums shall be distributed within 30 days of the date on which the funds are received by the officially recognized organization designated to administer this subdivision on a prorated percentage basis of first and second place moneys earned to persons owning California-bred quarter horses at the time of their wins or places in races having a total purse value equal to or in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year.

The board shall designate the officially recognized organizations representing quarter horse horsemen to administer this subdivision and to distribute premiums.

The organization may, with the approval of the board, make a deduction for expenses not to exceed 10 percent of the total awards fund.

(e) From the amount deducted for Appaloosa and Arabian horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owner's premiums for California-breds winning at the meeting. The premiums shall be distributed within 30 days of the close of the meeting on a prorated percentage basis of first moneys earned to persons owning California-bred Appaloosa and Arabian horses at the time of their wins in races having a total purse value in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. The board shall designate the officially recognized organization representing Appaloosa and Arabian horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

SEC. 3. Section 19617 of the Business and Professions Code is amended to read:

19617. (a) Any association conducting a thoroughbred racing meeting shall, within seven days after the close of the meeting, deposit 0.34 percent of the total amount handled on-track, and the 0.40 percent of the total amount handled off-track, in daily conventional and exotic parimutuel pools with the official registering agency of California-bred thoroughbred racehorses as designated by the board.

(b) The official registering agency shall distribute the funds pursuant to Section 19567 to the breeders of California-bred thoroughbred horses becoming entitled thereto at the thoroughbred racing meeting, except that a breeder of a thoroughbred horse winning a race in this state shall be paid a sum equal to 20 percent of the respective share of the purse, and the breeder of a thoroughbred horse placing second or third in a race in this state shall be paid a sum equal to 15 percent of the respective share of the purse, in each case, exclusive of nomination, entry, or starting fees. A

breeder of a California-bred thoroughbred winning, or placing second or third in, a graded stakes race outside the State of California shall be paid a sum equal to 15 percent of the respective share of the purse, exclusive of nomination, entry, and starting fees, with a maximum award of fifteen thousand dollars ($15,000) for a win, five thousand dollars ($5,000) for a second place, and four thousand dollars ($4,000) for a third place.

(c) Following the close of each meeting the official registering agency shall pay an owners' premium award of 20 percent of the winner's share of the purse, exclusive of nomination, entry, or starting fees, to the owner of a California-bred thoroughbred horse winning a race other than a claiming race at a racing meeting in this state, or a claiming race in the central and southern zones when the total purse exceeds the daily average purse in races, excluding stakes, distributed at that meeting during the prior year, or a claiming race in the northern zone when the total purse exceeds 125 percent of the daily average purse in races, excluding stakes, distributed at that meeting during the prior year.

(d) At the end of the fiscal year, the balance of the fund shall be distributed by the official registering agency as stallion awards. Stallion awards shall be made on a prorated percentage based on the share of the purse, exclusive of nomination, entry, or starting fees, to the owner of a sire of California-conceived or California-bred thoroughbred horses which finish first, second, or third in one or more stakes races at a racing meeting in this state or which win one or more races other than claiming races at a racing meeting in this state, or a claiming race in the central or southern zone when the total purse exceeds the daily average purse in races, excluding stakes, distributed at that meeting during the prior year, or a claiming race in the northern zone when the total purse exceeds 125 percent of the daily average purse in races, excluding stakes, distributed at that meeting during the prior year, and, in the case of California-conceived or California-bred thoroughbreds finishing first, second, or third in a graded stakes race outside the State of California, a prorated award shall be made to the owner of the sire, with a maximum award of fifteen thousand dollars ($15,000) for winning any one race, a maximum award of five thousand dollars ($5,000) for finishing second, and a maximum award of four thousand dollars ($4,000) for finishing third. To be eligible for benefits for a given year, a stallion shall have been in California at least from January 15 to July 15, inclusive, of that year. At the end of the year in which benefits are earned, it is the ultimate responsibility of the stallion owner to advise the official registering agency of any qualifying races.

(e) The maximum amount payable to the owner of a California stallion eligible for stallion awards for any one race shall be 3 percent of the total stallion awards fund for the year during which that race was run.

(f) The official registering agency shall make a deduction for

administration and expenses for educational, promotional, and research programs not to exceed 5 percent of the total awards fund, with the deductions having to be approved by the board, which shall report annually to the Governor and Legislature with respect to the distributions.

(g) In the event there are insufficient funds to make all of the distributions in this section, there shall be no additional assessments made against any associations to fund the deficiencies.

SEC. 4. The amendments to Sections 19611.5, 19614.2, and 19617 of the Business and Professions Code made by this act shall apply only to horseracing meetings that commence on or after the effective date of this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to delete contradictory language in Section 19617 of the Business and Professions Code at the earliest opportunity, it is necessary that this act take effect immediately.

CHAPTER 200

An act to amend Section 25883 of the Health and Safety Code, relating to electrical generators.

[Approved by Governor June 20, 1988. Filed with Secretary of State June 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 25883 of the Health and Safety Code is amended to read:

25883. (a) Every public utility or utility district shall notify all electrical service customers of the electrical backfeed hazards of portable and permanent electric generators.

(b) Any owner, renter, or lessee who possesses and operates an electric generator, when the generator is connected to a commercial, industrial, or residential structure's electrical system which is connected to the service of a public utility or utility district, shall notify the utility of the location of the generator.

CHAPTER 201

An act to amend Section 2884 of the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1988. Filed with Secretary of State June 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares as follows:

(1) Changes in the policy and technological environment for telephone service promise a plethora of new and valuable services for telephone subscribers, and the development and emergence of these new services is a matter of vital public concern.

(2) It is in the interest of the people of California for telephone subscribers to be able to selectively access information services via the telephone.

(3) It is also in the interest of the people of California that parents of young children and others who wish to refuse access to information services may do so, without incurring additional telephone charges.

(4) A careful balancing of the First Amendment and privacy rights of telephone subscribers and information providers, as well as the need to stimulate the growth of a responsible, economically viable information service industry, should guide the Public Utilities Commission in the adoption of regulations and tariffs for these services.

(b) It is, therefore, the intent of the Legislature, in enacting amendments to Section 2884 of the Public Utilities Code, to accomplish these purposes and policies.

SEC. 2. Section 2884 of the Public Utilities Code is amended to read:

2884. (a) The commission shall, pursuant to its existing authority, by rule or order, establish procedures governing telephone corporation billing practices and operations to require every telephone corporation, on and after July 1, 1986, or on and after another date or dates which the commission finds and determines to be appropriate and feasible with respect to the capability of particular telephone equipment, to offer residential subscribers the option of deleting access to a class of information-access telephone service, commonly referred to as "976 service," whereby recorded commercial, informational, or public service messages, interactive computer programs, and other services, are provided for a charge, in addition to the basic local exchange charge, to the person calling.

The commission shall specify a method or methods for telephone corporations to institute this deletion of access option for residential

subscribers, taking into consideration the operational requirements of the various types of telephone equipment in use throughout the state. The commission shall impose no charge on residential telephone subscribers for this deletion of access option, and shall require telephone corporations to refund to subscribers any amounts paid prior to the effective date of the amendments to this section enacted in 1988 for deletion of access. The commission shall determine and implement a method by which telephone corporations shall be recompensed for the expenses of providing this deletion of access option.

(b) The commission shall require every telephone corporation which furnishes information-access telephone service to make available a separate, easily distinguishable telephone prefix number for information providers which provide messages which constitute harmful matter and for those who provide other than messages which constitute harmful matter, and to request every information provider to designate which prefix corresponds to the type of messages it proposes to provide. Any information provider which provides any live or recorded message constituting harmful matter through any information-access telephone number other than one within the prefix assigned to information providers furnishing messages constituting harmful matter is in violation of Section 2111. The commission shall require the telephone corporation to offer residential subscribers the option of deleting access to the telephone prefix number by which messages constituting harmful matter are accessed, pursuant to subdivision (a), and shall determine and implement a method by which a telephone corporation shall be recompensed for the expenses of providing this deletion of access option to residential subscribers.

(c) The commission shall require telephone corporations and providers of information-access telephone services to institute a method of handling subscriber complaints concerning these services, which shall include provision for a waiver of certain or all of the charges for these services for a first occasion of their inadvertent or mistaken use.

(d) As used in this section, "harmful matter" means harmful matter as defined in subdivision (a) of Section 313 of the Penal Code.

(e) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

(f) This section shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the date on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

In order to, as quickly as possible, provide for segmentation of information access telephone services, to eliminate charges to residential telephone subscribers for deletion of access to information services, and to clarify the responsibilities of the Public Utilities Commission in this regard to provide protection to residential subscribers from unwanted information services, it is necessary that this act take effect immediately.

CHAPTER 202

An act to add Section 4034.1 to the Business and Professions Code, relating to healing arts.

[Approved by Governor June 23, 1988. Filed with Secretary of State June 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that with the advent of home health care, new relationships between pharmacies, hospitals, and patients have developed in servicing the needs of the home health care patient. In order to best facilitate those needs and provide the highest quality of care for the patient, it sometimes necessitates the division of services between pharmacies providing complete home health care services and those pharmacies engaging in the compounding of parenteral medications. The Legislature finds and declares that the law needs to be clarified by adding Section 4034.1 to the Business and Professions Code. It is the intent of the Legislature that the change will not increase the overall cost of delivery of goods and services to the home health care patient. It is further the intent of the Legislature that the State Board of Pharmacy continue to retain full jurisdiction over the pharmacies contracting for those services.

SEC. 2. Section 4034.1 is added to the Business and Professions Code, to read:

4034.1. Notwithstanding Section 4034, "manufacturer" shall not mean a pharmacy compounding a drug for parenteral therapy, pursuant to a prescription, for delivery to another pharmacy for the purpose of delivering or administering the drug to the prescription patient provided that neither the components for the drug nor the drug are compounded, fabricated, packaged, or otherwise prepared prior to receipt of the prescription.

Any pharmacy which contracts to compound a drug for parenteral therapy, pursuant to a prescription, for delivery to another pharmacy shall report that contractual arrangement to the board. That information shall be reported by the pharmacy performing the compounding services within 30 days of commencing that

compounding.

CHAPTER 203

An act to amend Section 9889.75 of the Business and Professions Code, relating to warranties, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 23, 1988. Filed with Secretary of State June 23, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 9889.75 of the Business and Professions Code, as added by Chapter 1280 of the Statutes of 1987, is amended to read:

9889.75. The New Motor Vehicle Board in the Department of Motor Vehicles shall, in accordance with the procedures prescribed in this section, administer the collection of fees for the purposes of fully funding the administration of this chapter.

(a) There is hereby created in the Automotive Repair Fund a Certification Account. Fees collected pursuant to this section shall be deposited in the Certification Account and shall be available, upon appropriation by the Legislature, exclusively to pay the expenses incurred by the bureau in administering this chapter. If at the conclusion of any fiscal year the amount of fees collected exceeds the amount of expenditures for that purpose during that fiscal year, the surplus in the Certification Account shall be carried over into the succeeding fiscal year.

(b) Beginning July 1, 1988, and on or before May 1 of each calendar year thereafter, every manufacturer shall file with the New Motor Vehicle Board a statement of the number of motor vehicles sold, leased, or otherwise distributed by or for the manufacturer in this state during the preceding calendar year, and shall, upon written notice delivered to the manufacturer by certified mail, return receipt requested, pay to the New Motor Vehicle Board a fee, not to exceed one dollar ($1) for each motor vehicle sold, leased, or distributed by or for the manufacturer in this state during the preceding calendar year. The total fee paid by each manufacturer shall be rounded to the nearest dollar in the manner described in Section 9559 of the Vehicle Code. No more than one dollar ($1) shall be charged, collected, or received from any one or more manufacturer pursuant to this subdivision with respect to the same motor vehicle.

(c) (1) The fee required by subdivision (b) is due and payable no later than 30 days after the manufacturer has received notice of the amount due and is delinquent after that time. A penalty of 10 percent of the amount delinquent shall be added to that amount, if the

delinquency continues for more than 30 days.

(2) In the event that a manufacturer fails to file the statement required by subdivision (b) by the date specified, the New Motor Vehicle Board shall assess the amount due from the manufacturer by using as the number of motor vehicles sold, leased, or otherwise distributed by or for the manufacturer in this state during the preceding calendar year the total number of new registrations of all motor vehicles sold, leased, or otherwise distributed by or for the manufacturer during the preceding calendar year.

(d) On or before February 1 of each calendar year, the bureau shall notify the New Motor Vehicle Board of the dollar amount necessary to fully fund the program established by this chapter during the following fiscal year. The New Motor Vehicle Board shall use this information in calculating the amounts of the fees to be collected from manufacturers pursuant to this section.

(e) For the purposes of this section, "motor vehicle" means a new passenger or commercial motor vehicle of a kind that is required to be registered under the Vehicle Code, but the term does not include a motorcycle, a motor home, or any vehicle whose gross weight exceeds 10,000 pounds.

(f) The New Motor Vehicle Board may adopt regulations to implement this section. The regulations shall include, at a minimum, a formula for calculating the fee, established pursuant to subdivision (b), for each motor vehicle and the total amount of fees to be collected from each manufacturer.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 1280 of the Statutes of 1987 established a program in the Bureau of Automotive Repair to certify the operation of third-party dispute resolution processes under the state's "Lemon Law" and imposed fees on auto manufacturers to fund that program. Both the program and fee collections are scheduled to become operative on July 1, 1988. In order to establish a more efficient, less costly method of collecting fees from auto manufacturers to fund the certification program before it begins operation, it is necessary that this act take effect immediately.

CHAPTER 204

An act relating to parks and recreation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 23, 1988. Filed with Secretary of State June 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. (2) Develop new recreational facilities on existing parklands and expend for those facilities an amount that is not less than the fair market value of the converted park.

(b) Prior to making the conversion, the district, or any successor agency, shall enter into an agreement with the Department of Parks and Recreation governing the use of the substitute parklands to be acquired or the new recreational facilities to be developed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that a water district project essential to a substantial portion of Orange County water distribution plans may be commenced in conjunction with the United States Army Corps of Engineers as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 205

An act to amend Section 6361.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor June 23, 1988. Filed with Secretary of State June 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 6361.5 of the Revenue and Taxation Code is amended to read:

6361.5. Any public or private school, school district, county office of education, or student organization is a consumer of, and shall not be considered a retailer within the provisions of this part with respect to yearbooks and catalogs prepared for or by it and distributed to students.

SEC. 2. Notwithstanding Section 2230 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to the section nor shall there be any appropriation made by this act because revenue losses to local agencies due to this act, if any, are minor in nature and will not cause any financial burden to local government.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

CHAPTER 206

An act to add and repeal Section 14407.5 of the Welfare and Institutions Code, relating to medical assistance.

[Approved by Governor June 23, 1988. Filed with Secretary of State June 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to test the cost effectiveness of guaranteed eligibility or lock-ins, or both, as an incentive for Medi-Cal beneficiaries to voluntarily enroll in prepaid health plans.

SEC. 2. The goal of this pilot program is to test the following assumptions:

(a) That continuity of prepaid health plan enrollment and the resulting continuity of care can improve the health status of voluntary prepaid health plan enrollees and avoid Medi-Cal health care expenditures which would otherwise be experienced.

(b) That guaranteed eligibility and a corresponding lock-in period are an effective incentive for Medi-Cal beneficiaries to voluntarily enroll in prepaid health plans, resulting in increased prepaid health plan enrollment without increased administrative costs.

(c) That the state and the prepaid health plan will experience administrative cost savings from guaranteed eligibility or lock-in, or both.

The department shall prepare the necessary methodology required to ensure that accurate data gathering procedures are included in all contracts with prepaid health plans who participate in the pilot project.

SEC. 3. Section 14407.5 is added to the Welfare and Institutions Code, to read:

14407.5. (a) If the State Director of Health Services determines that it is cost-effective and secures the necessary federal waivers, the department shall implement pilot programs to test the enrollment incentives, the improvement in health status, and the cost effectiveness of guaranteed eligibility and lock-ins. The department shall choose a mixture of public and private nonprofit plans that are eligible to participate under the provisions of Section 1902(e) (2) (A) (B) of Title 19 of the Social Security Act (42 U.S.C.A. Sec. 1396a (e) (2) (A) (B)), county health maintenance organizations which provide services pursuant to Section 25209.6 of the Government Code, or county health plans under Article 2.8 (commencing with Section 14087.5) of Chapter 7, in order to ensure sufficient enrollees to test the assumptions contained in Section 3 of the act adding this section.

(b) In order to ensure that the pilot project will generate sufficient data to determine its cost-effectiveness, the department may limit application of this section to any specific Medi-Cal aid categories which it determines to be cost effective and may guarantee eligibility or lock-in or both for a period of time, not to exceed six months in accordance with federal law. The pilot project shall not be implemented, unless and until the director determines that there would be no net costs to the state in implementing this pilot project. Each beneficiary who accepts this offer may not disenroll from the prepaid health plan during this eligibility period except for good cause. For the purpose of this section, good cause shall be limited to the following circumstances:

(1) The beneficiary is enrolled in violation of this article or in violation of the regulations adopted by the department pursuant to this article.

(2) The beneficiary moves outside of the service area of the prepaid health plan in which the beneficiary is enrolled.

(3) The prepaid health plan reduces the scope or level of services it offered to Medi-Cal enrollees at the time the beneficiary elected to enroll in the plan except where the reduction also occurs in the Medi-Cal fee-for-service program.

(4) The disenrollment is requested by the prepaid health plan and

approved by the department because the beneficiary fraudulently uses, or permits to be used fraudulently, the beneficiary's Medi-Cal coverage under the plan.

(5) The disenrollment is requested by the prepaid health plan or the beneficiary and approved by the department because of a breakdown in the physician-patient relationship occurs involving the beneficiary which is irreconcilable after having been processed through the plan's patient relations and grievance systems.

(6) The beneficiary requires services excluded under the prepaid health plan contract for which the beneficiary, except for the existence of the pilot project, would be disenrolled from the plan.

(c) Long-term care services provided in skilled nursing and intermediate care facilities, as licensed by the department, shall not be included in the pilot project authorized under this section.

(d) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 4. The State Department of Health Services shall evaluate the cost effectiveness of the demonstration program prescribed by this act for the state and federal government. The department shall also assess the effectiveness of the enrollment incentives and the continuity of care provided for in the program on the health status of the Medi-Cal beneficiaries. The department shall report to the Legislature its findings on the outcome of the assumptions delineated in Section 2 of this act by December 15, 1990.

CHAPTER 207

[Approved by Governor June 27, 1988. Filed with Secretary of State June 27, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 16424 is added to the Government Code, to read:

16424. The Surplus Personal Property Revolving Fund in the State Treasury, created by Section 10383.5 of the Public Contract Code, is abolished. On January 1, 1989, the Controller shall transfer the assets, liabilities, and surplus in that fund to the Service Revolving Fund. Any reference in state law to the "Surplus Personal Property Revolving Fund" shall mean the Service Revolving Fund.

SEC. 2. Section 10383.5 of the Public Contract Code is amended to read:

10383.5. The cash resources of the Surplus Property - Hardware

Program from surplus-personal property transferred to this state in accordance with the Federal Property and Administrative Services Act of 1949 (40 U.S.C. Sec. 484(j)) shall be deposited in the Service Revolving Fund in the State Treasury, created pursuant to Section 16420 of the Government Code. All costs of the Department of General Services attributable to the distribution of surplus personal property pursuant to this article shall be paid from the Service Revolving Fund.

CHAPTER 208

An act to add Section 13332.17 to the Government Code, relating to state procurement.

[Approved by Governor June 27, 1988 Filed with Secretary of State June 27, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 13332.17 is added to the Government Code, to read:

13332.17. Purchase estimates for supplies or equipment submitted to the Department of General Services pursuant to Section 10311 of the Public Contract Code which are received during the last 90 days of a fiscal year and for which a purchase order award is pending at the end of that fiscal year, may be awarded during the initial 60 days of the subsequent fiscal year. The 60-day period shall be extended commensurate with the time required to resolve any protest filed pursuant to Section 10306 of the Public Contract Code.

Notwithstanding any other provision of law and regardless of the date of receipt of the materials, supplies or equipment, the date of expenditure and encumbrance for a purchase authorized by this section shall be construed to be the last day of the fiscal year in which the purchase estimate is received by the department. A purchase order awarded in accordance with the provisions of this section shall cite this section and the actual date of award.

CHAPTER 209

An act to add Article 10.5 (commencing with Section 25215) to Chapter 6.5 of Division 20 of the Health and Safety Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 27, 1988. Filed with Secretary of State June 27, 1988]

The people of the State of California do enact as follows:

SECTION 1. Article 10.5 (commencing with Section 25215) is added to Chapter 6.5 of Division 20 of the Health and Safety Code, to read:

Article 10.5. Management of Lead Acid Batteries

25215. The Legislature finds and declares all of the following:

(a) There are currently 24 million motor vehicles registered in this state and each contains a lead acid battery for starting, lighting, and ignition applications.

(b) An estimated 8 million used lead acid batteries are generated and replaced in this state each year. The average lead acid battery contains 17.5 pounds of lead, 1.5 gallons of sulfuric acid, and 1.6 pounds of polypropylene.

(c) There has existed an efficient and comprehensive recycling process whereby used lead acid batteries are returned by the consumer to the lead acid battery retailer when a new lead acid battery is purchased by the consumer, often involving an "exchange" discount. These returned lead batteries are then picked up and eventually transported to secondary lead smelters who then reclaim the lead and polypropylene for use in new batteries and other products and neutralize the sulfuric acid.

(d) This lead acid battery recycling process is losing its comprehensive nature and, in recent years, an estimated 30 percent of all used lead acid batteries nationwide are not finding their way into the recycling process. In California, this gap translates into 2.4 million used lead acid batteries escaping the recycling process each year.

(e) The decline in the lead acid battery recycling process is due to a combination of depressed lead prices, higher operating costs, and an erosion in the exchange process between the consumer and retailer of lead acid batteries. Increasing numbers of consumers are not returning their old lead acid batteries when purchasing new ones and increasing numbers of distributors and retailers are not accepting used lead acid batteries.

(f) While there are no data on where these batteries are going, it is very likely that they are being stored indefinitely in private

garages, or disposed of in municipal sanitary landfills, on roadsides, in ditches, under bridges, in bodies of water, and at secluded locations.

(g) These 2.4 million unrecycled lead acid batteries are not being disposed of properly and represent the introduction of 210,000 tons of lead, 3 million gallons of sulfuric acid, and 3.2 million pounds of polypropylene, all hazardous waste, into the environment each year.

(h) The introduction of these volumes of hazardous waste poses a significant and unacceptable risk to the public health and safety and steps need to be taken to attain the renewed viability of the lead acid battery recycling process.

(i) If consumers and retailers were encouraged to return and collect these used lead acid batteries for the recycling process, a major source of hazardous waste that is presently being disposed of improperly could be successfully eliminated.

25215.1. For purposes of this article, the following definitions shall apply:

(a) "Consumer" means every person who, for his or her use or consumption, purchases a lead acid battery.

(b) "Dealer" means every person who engages in the sale of lead acid batteries directly to consumers.

(c) "Lead acid battery" means any battery which is primarily composed of both lead and sulfuric acid, with a capacity of six volts or more, and which is used for any of the following purposes:

(1) As a starting battery which is designed to deliver a high burst of energy necessary to crank an engine until it starts.

(2) As a motive power battery which is designed to provide the sources of power for propulsion or operation.

(3) As a stationary standby battery which is designed to be used in systems where the battery acts as a source of emergency power, serving as a backup in case of failure or interruption in the flow of power from the primary source.

25215.2. (a) Except as provided in subdivision (b), no person shall dispose, or attempt to dispose, of a lead acid battery at a solid waste facility, or on or in any land, surface waters, watercourses, or marine waters.

(b) A person may dispose of a lead acid battery at any of the following locations:

(1) A facility established and operated for the purpose of recycling, or providing for the eventual recycling of, lead acid batteries, including a facility located at a solid waste facility.

(2) An establishment which is a dealer pursuant to Section 25215.3.

(c) This section shall become operative on January 1, 1989.

25215.3. (a) A dealer shall accept, when offered at the point of transfer, a lead acid battery from a consumer in exchange for the new lead acid battery purchased by that consumer from the dealer.

(b) This section shall become operative on January 1, 1989.

25215.4. The department shall, within 30 days after the effective

date of the act enacting this section, notify all manufacturers of lead acid batteries sold by dealers to consumers in this state of the requirements set forth in Section 25215.2, 25215.3, and 25215.5.

25215.5. Each manufacturer of lead acid batteries sold by dealers to consumers in this state shall, within 60 days after the effective date of the act enacting this section, notify the distributors, wholesalers, and dealers of the lead acid batteries it manufactures of the requirements set forth in Sections 25215.2 and 25215.3.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to begin reducing the number of lead acid batteries being improperly disposed of into the environment on the earliest possible date, and thereby protect public health and safety and the environment, it is necessary that this act take effect immediately.

CHAPTER 210

[Approved by Governor June 27, 1988. Filed with Secretary of State June 27, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 607 of the Elections Code is amended to read:

A certificate showing the results of this examination shall be attached to the petition.

(b) In determining the number of valid signatures, the clerk of the district may use the duplicate file of affidavits maintained, or may check the signatures against facsimiles of voters' signatures, provided that the method of preparing and displaying the facsimiles complies

with law.

(c) The clerk of the district shall notify the proponents of the petition as to the sufficiency or insufficiency of the petition.

(d) If the petition is found insufficient, no further action shall be taken. However, the failure to secure sufficient signatures, shall not preclude the filing of a new petition on the same subject, at a later date.

The random sample of signatures to be verified shall be drawn in such a manner that every signature filed with the clerk of the district shall be given an equal opportunity to be included in the sample. Such a random sampling shall include an examination of at least 1,000 or 5 percent of the signatures, whichever is greater.

(b) If the statistical sampling shows that the number of valid signatures is within 90 to 110 percent of the number of signatures of qualified voters needed to declare the petition sufficient, the clerk of the district shall examine and verify each signature filed.

(c) In determining from the records of registration, what number of valid signatures are signed on the petition, the clerk of the district may use the duplicate file of affidavits maintained, or may check the signatures against facsimiles of voters' signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(d) The clerk of the district shall attach to the petition, a certificate showing the result of this examination, and shall notify the proponents of either the sufficiency or insufficiency of the petition.

(e) If the petition is found insufficient, no action shall be taken on the petition. However, the failure to secure sufficient signatures shall not preclude the filing later of an entirely new petition to the same effect.

(f) If the petition is found to be sufficient, the clerk of the district shall certify the results of the examination to the governing board of the district at the next regular meeting of the board.

SEC. 7. Section 14236 of the Elections Code is amended to read:

(d) If a contest is not commenced within the 22-month period, or if a criminal prosecution involving fraudulent use, marking, or falsification of ballots or forgery of absent voters' signatures is not commenced within the 22-month period, either of which may involve the vote of the precinct from which voted ballots were received, the elections official may have the packages destroyed or recycled.

SEC. 9. Section 14821 of the Elections Code is amended to read:

14821. (a) The following provisions shall apply to all state or local elections not provided for in subdivision (a) of Section 14820. (1) Two tally sheets.

(2) The copy of the index used as the voting record.

(3) The challenge lists.

CHAPTER 212

An act to amend Section 739 of, and to add Sections 739.6 and 739.7 to, the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1988 Filed with Secretary of State June 28, 1988]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) The rates for gas service in excess of the baseline quantity are too high, and cause extremely high residential bills during cold weather.

(2) The Public Utilities Commission should have greater flexibility in establishing rates for baseline service, in order to protect residential ratepayers from excessive rate increases and high winter gas bills.

(b) It is therefore the intent of the Legislature in enacting this act to grant the Public Utilities Commission greater flexibility in pricing the baseline quantity of service, while at the same time assuring the residential ratepayers that in the future they will not be economically worse off, relative to other customers, than they are currently as a consequence of changes in baseline rates pursuant to the amendments to Section 739 of the Public Utilities Code enacted by this act.

SEC. 2. Section 739 of the Public Utilities Code is amended to read:

739. (a) The commission shall designate a baseline quantity of gas and electricity which is necessary to supply a significant portion of the reasonable energy needs of the average residential customer. In estimating those quantities, the commission shall take into account differentials in energy needs between customers whose residential energy needs are currently supplied by electricity alone or by both electricity and gas. The commission shall develop a separate baseline quantity for all-electric residential customers. For these purposes, "all-electric residential customers" are residential customers having electrical service only or whose space heating is provided by electricity, or both. The commission shall also take into account differentials in energy use by climatic zone and season.

(b) The commission shall establish a standard limited allowance which shall be in addition to the baseline quantity of gas and electricity for residential customers dependent on life support equipment, including, but not limited to, emphysema and pulmonary patients. A residential customer dependent on life support equipment shall be given a higher energy allocation than the average residential customer.

"Life support equipment" means that equipment which utilizes

mechanical or artificial means to sustain, restore, or supplant a vital function, or mechanical equipment which is relied upon for mobility both within and outside of buildings. "Life support equipment," as used in this subdivision, includes all of the following: all types of respirators, iron lungs, hemodialysis machines, suction machines, electric nerve stimulators, pressure pads and pumps, aerosol tents, electrostatic and ultrasonic nebulizers, compressors, IPPB machines, and motorized wheelchairs.

The limited additional allowance shall also be made available to paraplegic and quadriplegic persons in consideration of the increased heating needs of those persons.

The limited additional allowance shall also be made available to multiple sclerosis patients in consideration of the increased heating and cooling needs of those persons.

(c) (1) The commission shall require that every electrical and gas corporation file a schedule of rates and charges providing baseline rates. The baseline rates shall apply to the first or lowest block of an increasing block rate structure which shall be the baseline quantity and shall be established for the residential consumption of gas and electricity. In establishing these rates, the commission shall avoid excessive rate increases for residential customers, and shall establish an appropriate gradual differential between the rates for the respective blocks of usage.

(2) In establishing residential electric and gas rates, including baseline rates, the commission shall assure that the rates are sufficient to enable the electrical corporation or gas corporation to recover a just and reasonable amount of revenue from residential customers as a class, while observing the principle that electricity and gas services are necessities, for which a low affordable rate is desirable.

(d) As used in this section:

(1) "Baseline quantity" means a quantity of electricity or gas for residential customers to be established by the commission based on from 50 to 60 percent of average residential consumption of these commodities, except that, for residential gas customers and for all-electric residential customers, the baseline quantity shall be established at from 60 to 70 percent of average residential consumption during the winter heating season. In establishing the baseline quantities, the commission shall take into account climatic and seasonal variations in consumption and the availability of gas service. The commission shall review and revise baseline quantities as average consumption patterns change in order to maintain these ratios.

(2) "Residential customer" means those customers receiving electrical or gas service pursuant to a domestic rate schedules and excludes industrial, commercial, and every other category of customer.

(e) Wholesale electrical or gas purchases and the rates charged therefor are exempt from the provisions of this section.

(f) Nothing contained in this section shall be construed to prohibit experimentation with alternative gas or electrical rate schedules for the purpose of achieving energy conservation.

(g) The commission shall establish a program of assistance to low-income electric and gas customers, the cost of which shall not be borne solely by any single class of customer.

SEC. 3. Section 739.6 is added to the Public Utilities Code, to read:

739.6. The commission shall establish rates using cost allocation principles that fairly and reasonably assign to different customer classes the costs of providing service to those customer classes, consistent with the policies of affordability and conservation. The cost allocation methodology adopted for gas corporations by the commission in Decisions 86-12-009 and 86-12-010, as supplemented by Decisions 87-05-046 and 87-12-039, is consistent with this policy, and shall be retained by the commission at least until December 31, 1990, except that the commission may modify this cost allocation methodology to address customer hardships and inequities if residential customers as a class are not, on balance, adversely affected and the purpose of the modification is not solely protection of gas corporation revenues. If any gas corporation files a cost allocation application seeking to change that methodology after May 1, 1990, the commission may not issue an order on that application until January 1, 1991.

SEC. 4. Section 739.7 is added to the Public Utilities Code, to read:

739.7. In establishing residential rates, the commission shall reduce high nonbaseline residential rates as rapidly as possible. If the commission increases baseline rates pursuant to Section 739, revenues resulting from those increases shall be used exclusively to reduce nonbaseline residential rates. In any event, baseline rates may not be increased so as to result in the substantial elimination of any significant differential between baseline and nonbaseline residential rates in less than 30 months following the effective date of this section.

SEC. 5. Immediately upon the effective date of this act, the Public Utilities Commission shall reduce rates charged for usage over baseline by each electrical corporation and gas corporation, and shall institute appropriate proceedings to accomplish this. If the commission increases baseline rates, it shall apply all revenue derived from that increase to a reduction of the rate charged for residential service over baseline. The reduced rates shall be in effect not later than November 1, 1988.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

An emergency exists for the immediate effectiveness of this act due to the extremely high residential rates for electrical and gas

service that the Public Utilities Commission has established, with the consequence that residential ratepayers are at risk for unreasonably high winter heating bills in the 1988–89 winter season.

With the approval of the designated next of kin or other individual, as set forth in Section 7151.5, the hospital shall then notify an organ and tissue procurement organization and cooperate in the procurement of the anatomical gift or gifts. The protocol shall encourage reasonable discretion and sensitivity to the family circumstances in all discussions regarding donations of tissue or organs. The protocol may take into account the deceased individual's religious beliefs or obvious nonsuitability for organ and tissue donation. In the event an organ and tissue procurement organization does not exist in a region, the hospital shall contact an organ or a tissue procurement organization, as appropriate. Laws pertaining to notification of the coroner shall be complied with in all cases of reportable deaths.

(b) A general acute care hospital shall comply with subdivision (a) as a condition of participation in the Medi-Cal program contained in Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

[Approved by Governor June 29, 1988 Filed with Secretary of State June 29, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 503 of the Harbors and Navigation Code is amended to read:

503. (a) A lienholder shall apply to the department for the issuance of an authorization to conduct a lien sale pursuant to the provisions of this section for any vessel with a value determined to be over one thousand five hundred dollars ($1,500). A fee shall be charged by the department and may be recovered by the lienholder if a lien sale is conducted or if the vessel is redeemed. The application shall be executed under penalty of perjury and shall include all of the following information:

(1) A description of the vessel, including make, hull identification number, and state of registration, to the extent available.

(2) The names and addresses of the registered and legal owners of the vessel, if ascertainable from the registration certificate within the vessel, and the name and address of any person whom the lienholder knows or reasonably should know claims a proprietary interest in the vessel.

(3) A statement of the amount of the lien and the facts which give rise to the lien. The statement shall include, as a separate item, an estimate of any additional storage costs accruing pending the lien sale.

(b) Upon receipt of an application made pursuant to subdivision (a), the department shall within 15 days thereafter do the following:

(1) Notify the vessel registry agency of a foreign state of the pending lien sale, if the vessel bears indicia of registration in that state.

(2) By mail, send a notice, a copy of the application, and a return envelope preaddressed to the department to the registered and legal owners at their addresses of record with the department, and to any other person whose name and address is listed in the application.

(3) A vessel registration stop order or title transfer stop order shall be applied by the department at the time the lien claimant requests authorization to conduct the sale.

(c) The notice required pursuant to subdivision (b) shall include all of the following statements:

(1) An application has been made with the department for authorization to conduct a lien sale and the department has placed

a vessel registration stop order or title transfer stop order on the vessel.

(2) Each person to whom notice is sent pursuant to subdivision (b) is entitled to a hearing in court if that person so desires.

(3) If a hearing in court is desired, a declaration of opposition, signed under penalty of perjury, is required to be signed and returned to the department within 15 days of the date that the notice required pursuant to subdivision (b) was mailed.

(4) If the declaration of opposition is signed and returned to the department, the lienholder will be allowed to sell the vessel only if he or she obtains a court judgment or a subsequent release from the declarant.

(5) If a court action is filed, the declarant will be served by mail with legal process in the court proceedings at the address shown on the declaration of opposition and may appear to contest the claim.

(6) The person may be liable for court costs if a judgment is entered in favor of the lienholder.

(d) If the department receives the declaration of opposition in the time provided, the department shall notify the lienholder within 16 days of the receipt of the declaration of opposition that a lien sale shall not be conducted unless the lienholder files an action in court within 60 days of the notice. A lien sale of the vessel shall not be conducted unless judgment is subsequently entered in favor of the lienholder or the declarant subsequently releases his or her interest in the vessel.

(e) Service of legal process on the declarant, with return receipt requested signed by the declarant or an authorized agent of the declarant at the address shown on the declaration of opposition, shall be effective. Return of a declaration of opposition shall constitute consent by the declarant to service of legal process for the desired court hearing upon him or her in the foregoing manner. Notwithstanding subdivision (d) of Section 415.3 of the Code of Civil Procedure, if the lienholder has attempted service upon declarant by that method at the address shown on the declaration of opposition and the mail has been returned unclaimed, the department shall promptly authorize the sale.

(f) Upon receipt of authorization to conduct the lien sale, the lienholder shall do all of the following:

(1) At least 10 days, but not more than 30 days, prior to the lien sale, not counting the day of the sale, give notice of the sale by advertising once in a newspaper of general circulation published in the county in which the vessel is located. If there is no newspaper published in the county, notice shall be given by posting a notice of sale form in three of the most public places in the area in which the vessel is located and at the place where the vessel is to be sold for 10 consecutive days prior to and including the day of the sale.

(2) Send a notice of pending lien sale 20 days prior to the sale, but not counting the day of sale, by mail with return receipt requested, to each of the following:

(A) The registered and legal owners of the vessel, if registered in this state.

(B) All persons known to have an interest in the vessel.

(C) The department.

(g) Upon receipt of the notice, the department shall mark its records and thereafter notify any person having a proprietary interest in the vessel that there is a pending lien sale and that title will not be transferred until the lien is satisfied or released.

(h) All notices required by this section, including the notice forms prescribed by the department, shall specify the make, hull identification number, and state of registration, if available, and the specific date, exact time, and place of sale.

(b) Claim for the costs described in subdivision (a) shall be forwarded to the treasurer and auditor of the county in which the action originated and the treasurer shall pay the amount of such costs out of the general funds of the county.

(c) The term "all costs" means all reasonable and necessary costs incurred by the county as a result of the change of venue which would not have been incurred but for the change, and does not include normal salaries, overhead, and other expenses which would have been incurred by the county in any event.

(d) The trial court may, in its sound discretion, approve any cost as reasonable and necessary under this section. Prior to the trial court's issuing any order approving such a cost, the clerk shall give 10 days' written notice of the court's intention to issue an order to the auditor of the county in which the action originated. The auditor may appear for the limited purpose of opposing the issuance of the order. If he or she fails to appear, the county of origin may not in any other proceeding contest the imposition of these costs.

SEC. 2. Section 1801.6 is added to the Welfare and Institutions Code, to read:

It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 236

An act to amend Sections 9396, 9397, and 9398 of the Welfare and Institutions Code, relating to respite services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1988. Filed with Secretary of State June 29, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 9396 of the Welfare and Institutions Code is amended to read:

9396. (a) There is hereby established the Community Care Facility Demonstration Project for the Elderly in accordance with the provisions of this section. The Multipurpose Senior Services Program shall administer the Community Care Facilities Demonstration Project for the Elderly. The Multipurpose Senior Services Program may contract with the State Department of Health Services for the utilization of funds from the Health Care Deposit Fund upon determination that the demonstration project qualifies for federal financial participation as stipulated in subdivision (e).

(b) The Multipurpose Senior Services Program shall contract with two local Multipurpose Senior Services Program sites to serve as demonstration sites. One site shall be in the northern and one in the southern part of the state. The sites shall be selected through a request for proposal process.

(c) The project shall serve a selected number of frail elderly persons, whose current medical assessment does not indicate the need for long-term intermediate or skilled nursing care. "Frail elderly persons," for purposes of this chapter, means those persons as defined in Section 9111 who meet current Medi-Cal criteria for being "certified" or "certifiable" for admission into intermediate or skilled nursing care facilities, and whom a physician has determined may remain in a community care facility with services as provided for by this section. Participating facilities shall be limited to those licensed community care facilities serving adults, as defined in Section 80001 of Title 22 of the California Administrative Code. During the demonstration project a total of 120 persons at any one time shall be served in the two local Multipurpose Senior Services Program sites selected for participation under this chapter. Personal care services shall be purchased through the use of funds appropriated for purposes of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9. Participation by a person or a community care facility shall be voluntary. Personal care provided pursuant to this chapter shall supplement, and not replace, personal care provided by community care facilities pursuant to statutory and regulatory requirements which are required to be met in order to obtain and maintain a community care facility license. This supplemental care shall be provided only when the level of care needed by a person participating under this chapter exceeds that which can be provided by the community care facility pursuant to existing statutory and regulatory requirements which are required to be met in order to obtain and maintain a community care facility license. Determination as to the necessary level of care shall be based on an assessment of need performed initially, and at six-month intervals thereafter by the case manager.

(d) The pilot project shall be operated for a period of three years. The Multipurpose Senior Services Program shall submit an evaluation of this project to the Legislature not later than July 1, 1988. The evaluation shall do all of the following:

(1) Describe the service providers and the services they provide and compare them to services provided to persons within skilled nursing, intermediate care, and nonmedical community care facilities and persons receiving home health services while residing in their own homes.

(2) Describe the program participants and compare them to those residing in skilled nursing, intermediate care, and nonmedical community care facilities and persons receiving home health services while in their own homes.

(3) Contain a description of the criteria used to select participants

and compare them to criteria used to determine who would be more suitably cared for in skilled nursing or intermediate care facilities.

(4) Compare the total governmental costs incurred for persons participating in this project with the costs of care provided by skilled nursing facilities.

(5) Assess the extent to which the demonstration project, in fact, did delay or prevent care in an intermediate or skilled nursing facility and the cost effectiveness of the project.

(e) Implementation of the demonstration project is dependent upon the availability of federal financial participation for the services to be provided.

Implementation of the project shall be subject to receipt of required waivers or waiver amendments. Use of existing federal waivers and existing program authority shall be the first priority for implementation of this chapter. The Multipurpose Senior Services Program shall seek new waivers from the federal government if implementation cannot be carried out through existing waivers or existing categorical programs. The Secretary of the Health and Welfare Agency shall have the authority to waive existing state statutes or regulations at the request of the Multipurpose Senior Services Program that would prohibit or restrict the ability of the Multipurpose Senior Services Program to provide for the services authorized by this section.

(f) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute enacted prior to January 1, 1989, extends or deletes that date. This demonstration project shall not be extended or expanded unless conclusive evidence has been presented to the Legislature showing that it has been cost effective and can be replicated.

SEC. 2. Section 9397 of the Welfare and Institutions Code is amended to read:

9397. (a) The department shall establish a respite care registry program for frail elderly persons and functionally impaired adults, selecting up to five program sites. In selecting program sites, preference shall be given to linkages programs, independent living centers, and area agencies on aging demonstrating the capability of coordinating services for frail elderly persons and functionally impaired adults. Preference shall also be given to geographical locations in which respite care projects are established pursuant to Chapter 446 of the Statutes of 1986. At least one program site selected shall be in northern California, at least one program site selected shall be in southern California, and at least one program site selected shall be in a rural or underserved area. The department shall assure that the contractors have adequate liability insurance.

(b) Participating program sites shall do all of the following:

licensed residential care facilities for the elderly.

(2) Act as a respite care information and referral agency for prospective respite care recipients, as well as arrange directly for respite services for respite care recipients upon request.

(3) Submit respite care registry plans to the department. These plans shall be subject to approval by the department based on their consistency with criteria for respite care registries developed by the department.

The criteria shall include, but not be limited to, all of the following:

(A) Assessment of community resources and community respite care needs.

(B) Methodology for surveying client and family needs.

(C) Outreach program to inform clients about the program and to recruit providers for the registry.

(D) Evaluation tools for client families and providers.

(E) Recordkeeping system for family and care provider utilization.

(F) Monitoring of program effectiveness.

(G) Plan for screening providers and matching providers and clients, including an assessment of the provider's ability or training in caring for individuals with special needs, including, but not limited to, persons with Alzheimer's disease or related disorders.

(c) This chapter shall remain in effect only until January 1, 1990, and as of that date is repealed unless a later enacted statute, which becomes effective on or before January 1, 1990, deletes or extends that date.

SEC. 3. Section 9398 of the Welfare and Institutions Code is amended to read:

9398. Distribution of appropriated funds shall be subject to the discretion of the department, but in no case shall any program site receive more than ten thousand dollars ($10,000). The funds may be utilized for costs incurred in establishing and maintaining the respite care registry created pursuant to Section 9397. The costs shall include, but not be limited to, recruitment and screening of respite providers and matching of respite providers to clients. The department may develop or purchase, on a request for proposal basis, provider training materials and distribute those materials to respite care registry program sites.

This section shall be repealed pursuant to subdivision (c) of Section 9397.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to adequately evaluate the need for respite care and assist senior citizens and their families as soon as possible, it is necessary that this act take effect immediately.

If a work-activity program client appeals a decision made pursuant to Section 19353.5 to the department, the individual shall, pending the outcome of the appeal, continue to receive the same level of services provided prior to appeal if the client entered the work-activity program from a day program paid for by a regional center or provided by a state hospital and is unable to return to the program.

If a work-activity program client appeals a decision made pursuant to Section 19354.1 to the department, the client shall, pending the outcome of the appeal, continue to receive the same level of service provided prior to appeal.

SEC. 4. Section 19353.5 of the Welfare and Institutions Code is amended to read:

When the department has made its determination of eligibility pursuant to subdivision (e) of Section 19353, the individual shall be placed in a work-activity program, and shall be deemed presumptively eligible for the period not to exceed 90 days. SEC. 7. Section 19356 of the Welfare and Institutions Code is amended to read:

19356. (a) The department shall promulgate regulations to establish rates subject to the approval of the Department of Finance. The regulations shall provide for an equitable ratesetting procedure in which each specific allowable service, activity, and provider administrative cost comprising an overall habilitation service, as determined by the department, reflects the reasonable cost of service. Reasonable costs shall be determined annually by the department, subject to audit at the discretion of the department.

(b) Notwithstanding subdivision (a), commencing July 1, 1988, the department shall set rates for work-activity program facilities based on the following premises and methodology:

(1) Work-activity program facilities shall be grouped into four categories, as follows:

(A) Three categories shall be determined by the size of client attendance:

(i) Category A, including client attendance of not more than 30:

(ii) Category B, including client attendance of more than 30 but not more than 100.

(iii) Category C, including client attendance of more than 100.

Client attendance for categories "A," "B," and "C" shall be determined by dividing the number of habilitation days billed in the previous historical year, as specified in regulations adopted pursuant to subdivision (a), by the number of billable days in that year.

(B) One category shall be determined by the primary purpose of the work-activity program:

(i) Category D, consisting of all facilities, without regard to client attendance, which the department approves to provide services to clients with special needs.

(2) Notwithstanding other provisions of this subdivision, the department shall redetermine the size of each facility in categories A, B, and C annually, using the methodology specified in paragraph (1). If a facility's client attendance size changes, resulting in changing that facility to a new category, the department shall adjust its rate, using the methodology prescribed in paragraph (3), the existing cost statement, and the gross weighted average of the category of the facility's new category.

(3) The department shall compute the gross weighted average of each category of work-activity program, based on cost statements submitted biennially in the form specified in regulations adopted pursuant to subdivision (a). The rate for the two payment years following that computation, except as provided in paragraphs (2) and (5), and except for any annual cost of living adjustments contained in the annual Budget Act, for each individual facility shall be set at the highest of the following three options:

(A) (i) Option A: the net to gross of each facility, which shall be the ratio of the daily net cost, or the cost excluding recoveries, as specified in regulations adopted pursuant to subdivision (a), to the daily gross cost, or the cost including recoveries. The net to gross ratio multiplied by the gross weighted average of the respective category multiplied by 95 percent shall be the Option A rate for each facility in all categories.

(ii) Beginning July 1, 1990, Option A shall be the net to gross multiplied by the gross weighted average of the respective category for each facility in all categories.

(B) (i) Option B for all facilities other than category D facilities: the individual new cost statement rate multiplied by 95 percent.

(ii) Option B for category D facilities: the individual new cost statement rate.

(C) Option C:

(i) For facilities in categories A, B, and C when the net to gross of the new cost statement is lower than the net to gross of the previous cost statement: the individual rate paid in the 1987–88 fiscal year, less the product of the individual rate paid in the 1987–88 fiscal year multiplied by the difference of the net to gross ratios between the previous cost statement and the new cost statement, multiplied by 90 percent.

(ii) For facilities in categories A, B, and C when the net to gross of the new cost statement is equal to, or higher than, the net to gross of the previous cost statement: the product of the individual rate paid in the 1987–88 fiscal year multiplied by 90 percent.

(iii) For facilities in category D: the same methodology specified in subparagraphs (i) and (ii), except the percentage factor shall be 100 percent.

(iv) Option C shall be operative only until July 1, 1990.

(4) The gross weighted average specified in paragraph (3) shall be determined by using the cost statements submitted by facilities in the 1987–88 fiscal year pursuant to regulations adopted pursuant to subdivision (a), to determine the daily gross rate for each facility for each category. The daily gross rate of each facility in the same category shall be multiplied by the number of client attendance days to determine the program cost of that facility. The gross weighted average of each category shall be the quotient of the sum of the total program costs and the total days attended, of all facilities in the same category. The department shall biennially reset the gross weighted average and the rate options specified in paragraph (3), using new cost statements.

(5) (A) The department shall make no rate adjustments other than those specified in paragraph (2), those rate adjustments based on the loss of subsidized staff, and cost-of-living adjustments contained in the Budget Act.

(B) The department shall reset the rate due to the loss of subsidized staff only for the individual facility which incurs the loss, and only in the following circumstances:

(i) The facility is receiving a rate which is less than the gross weighted average of its category.

(ii) The facility has hired or retained staff to maintain the staffing level specified in regulations adopted pursuant to subdivision (a).

(iii) The adjusted rate due to loss of subsidized staff shall not exceed the gross weighted average of its category, and shall become effective on the following July 1.

(6) The department may adopt regulations in addition to those adopted pursuant to subdivision (a), after consultation with the California Association of Rehabilitational Facilities and the Association for Retarded Citizens-California, or any advisory groups which are successors to those groups that represent work-activity programs, which set forth further policies and procedures and staffing and performance standards for work-activity programs. The department shall meet at least semiannually with those provider advisory groups to review and make recommendations regarding implementation of this subdivision.

(7) This subdivision shall become inoperative July 1, 1993.

SEC. 8. Section 19356.5 of the Welfare and Institutions Code is repealed.

SEC. 9. Section 19356.5 is added to the Welfare and Institutions Code, to read:

19356.5. (a) The department may approve new work-activity programs, after confirming the need for a new work-activity program, determining the capacity of a new work-activity program to deliver effective services, and assessing the ability of the program to comply with accreditation and certification requirements of the Habilitation Services Program, when applicable.

(b) Work-activity programs or program components that receive the department's approval to provide supported employment

services shall receive rates in accordance with Section 19356.6.

(c) (1) Any other new program or program component, including that which has as its primary purpose the provision of specialized services to meet the needs of particular groups, shall receive 95 percent of the gross weighted average of its respective category if it is approved prior to July 1, 1990. If it is approved on or after July 1, 1990, the new program or program component shall receive the gross weighted average of its respective category.

(2) As soon as the new work-activity facility has a historical period of not less than three months that is representative of the cost per client, as determined by the department, the department shall set the rate in accordance with subparagraphs (A), (B), and (C) of paragraph (3) of subdivision (b) of Section 19356, using the gross weighted average for the appropriate category.

(3) This subdivision shall remain operative only until July 1, 1993.

It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 1170.95 of the Penal Code, and (3) this bill is enacted after AB 2825, in which case Section 1 of this bill shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. Section 11590 of the Health and Safety Code is amended to read:

11590. (a) Any person who, on or after the effective date of this section, is convicted in the State of California of any offense defined in Section 11350, 11351, 11351.5, 11352, 11353, 11353.5, 11354, 11355, 11357, 11358, 11359, 11360, 11361, 11363, 11366, 11368, or 11550, or any person who is, on or after that date, discharged or paroled from a penal institution where he or she was confined because of the commission of any such offense, or any person who is, on or after that date, convicted in any other state of any offense which, if committed or attempted in this state, would have been punishable as one or more of the above-mentioned offenses, shall within 30 days after the effective date of this section or within 30 days of his or her coming into any county or city, or city and county in which he or she resides or is temporarily domiciled for that length of time, register with the chief of police of the city in which he or she resides or the sheriff of the county if he or she resides in an unincorporated area.

SEC. 9. Section 12002.9 of the Fish and Game Code is amended to read:

CHAPTER 247

An act relating to fire protection, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1988. Filed with Secretary of State June 30, 1988.]

I am reducing the appropriation contained in Section 1 of Assembly Bill No. 2721 from $2,272,000 to $1,429,000, for a reduction of $843,000.

I have been informed by the Department of Forestry and Fire Protection that the appropriation in this bill can be reduced by $843,000 as a result of one-time savings achieved by the Department.

The reduced appropriation will provide the Department with adequate funds to institute the early activation of the State's firefighting resources The Department is able to redirect one-time funding of $843,000 towards the early activation of fire season without adversely affecting overall fire suppression activities.

With this reduction, I approve Assembly Bill No. 2721.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The sum of two million two hundred seventy-two thousand dollars ($2,272,000) is hereby appropriated from the Special Fund for Economic Uncertainties to the Department of Forestry and Fire Protection for encumbrance as a severe fire hazard augmentation for early activation of seasonal fire crews, stations, lookouts, and air attack operations, and to support related contract services required to enhance the department's capacity for detecting wildland fires and responding on an initial attack basis during the 1988 fire season.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to prolonged drought conditions, California currently faces the potential for an earlier and unusually severe fire season, with the likelihood of extensive and disastrous wildland fires. In order to activate state firefighting resources earlier, facilitate the shortest possible response times for essential wildland fire suppression operations throughout California, and minimize the threat to lives and property, it is necessary that this act take effect immediately.

CHAPTER 248

An act to amend Section 19585 of the Government Code, relating to state civil service.

[Approved by Governor June 30, 1988. Filed with Secretary of State June 30, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 19585 of the Government Code is amended to read:

19585. (a) This section shall apply to permanent and probationary employees and may be used in lieu of adverse action and rejection during probation when the only cause for action against an employee is his or her failure to meet a requirement for continuing employment, as provided in this section. This section shall not apply to cases subject to the provisions of termination or demotion for medical reasons or retirement for disability.

(b) An appointing power may terminate, demote, or transfer an employee who fails to meet the requirement for continuing employment that is prescribed by the board on or after January 1, 1986, in the specification for the classification to which the employee is appointed. Notwithstanding the foregoing, as prescribed by Article 11 (commencing with Section 19991) of Chapter 1 of Part 2.6, the appointing power may grant the employee a leave of absence in lieu of one of the actions specified above. In prescribing requirements for continuing employment, the board may specify standards to ensure that the requirements are consistently applied. The board may also specify when separation from a position for failure to meet requirements for continuing employment also constitutes separation from former positions that the employee held in other classifications that have the same or greater requirements for continuing employment.

(c) The federal Immigration Reform and Control Act of 1986 requires termination of an employee for failure to meet the employment eligibility requirements of that act, and if this is the only cause for action against that employee, the termination shall be carried out pursuant to this section. If a person fails to meet the employment eligibility requirements of the federal Immigration Reform and Control Act of 1986, that information, when used under this section, except for purposes of the appeals process, shall be confidential, as provided in the federal Immigration Reform and Control Act of 1986.

(d) For the purposes of this section, requirements for continuing employment shall be limited to the acquisition or retention of specified licenses, certificates, registrations, or other professional qualifications, education, or eligibility for continuing employment or advancement to the fully qualified level within a particular class

series. The board shall prescribe procedures to ensure that employees affected by the requirements are informed of them. Requirements for continuing employment that are established for the purposes of this section shall not include medical, physical ability, work, or academy performance standards.

(e) For the purposes of this section, an employee who has filed a proper and timely application for renewal of a required license, registration, or certificate shall be considered as having maintained the license, registration, or certificate unless it is subsequently denied, revoked, or suspended.

(f) The employee shall receive at least five days' written notice of termination, demotion, or transfer and shall have the right to appeal the action to the board.

(g) When the requirements for continuing employment have been regained, terminated, demoted, or transferred employees may be reinstated pursuant to Section 19140.

(h) Any action under this section shall be considered nondisciplinary for the purposes of the State Civil Service Act and board rules.

CHAPTER 249

An act to make an appropriation in augmentation of Items 6100-001-001, 6100-161-001, 9840-001-001, and 9840-001-494 of Section 2.00 of the Budget Act of 1987, relating to contingencies or emergencies, to take effect immediately, usual current expenses.

[Approved by Governor June 30, 1988 Filed with Secretary of State June 30, 1988.]

I am deleting the following amounts included in the General Fund appropriation contained in Assembly Bill No. 2789:

The proposed desegregation deficiency of $3,653,000 resulted from action taken by the State Controller to pay the San Francisco Unified School District an amount of funds which is in excess of the statutory formula. This matter is currently the subject of an appeal in federal court. If the San Francisco claim had not been paid, the appropriation would have been sufficient to pay all legitimate claims.

The proposed desegregation deficiency of $3,000,000 for Ravenswood is also contrary to state law as the district has not yet incurred costs for which it may be reimbursed. Additionally, I understand this matter is still the subject of litigation. Therefore, it appears prudent to resolve all policy and legal issues prior to payment of funds

The Community Colleges apportionments deficiency of $8.2 million because funding shortfalls are addressed in the current apportionment formula. In addition, to the extent that actual 1987–88 property taxes are higher than the amount estimated by the county auditors, those funds will be available to meet this need.

With these deletions, I approve Assembly Bill No. 2789.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of fifteen million eight thousand dollars ($15,008,000) is hereby reappropriated in augmentation of,

and for the purposes of, Item 6100-161-001 of the Budget Act of 1987. This sum is reappropriated from the unexpended balances of the appropriations contained in the statutes listed in the following schedule:

(1) Forty-four thousand dollars ($44,000) from Chapter 418 of the Statutes of 1984.

(2) One million eight hundred twenty-seven thousand dollars ($1,827,000) from Chapter 180 of the Statutes of 1985.

(3) One million seven hundred eighty-nine thousand dollars ($1,789,000) from Item 6100-114-001 of the Budget Act of 1986.

(4) Eight million one hundred ten thousand dollars ($8,110,000) from Item 6100-115-001 of the Budget Act of 1986.

(5) Three million ninety-seven thousand dollars ($3,097,000) from Item 6100-115-001 of the Budget Act of 1987.

(b) The sum of forty-one million eight hundred forty-eight thousand dollars ($41,848,000) is hereby appropriated for expenditure in the 1987–88 fiscal year in augmentation of, and for the purposes of, contingencies or emergencies as provided in Items 9840-001-001 and 9840-001-494 of Section 2.00 of the Budget Act of 1987, in accordance with the following schedule:

(1) Thirty million four hundred fifty-nine thousand dollars ($30,459,000) from the General Fund to the Reserve for Contingencies or Emergencies in Item 9840-001-001.

(2) Fourteen million three hundred eighty-nine thousand dollars ($14,389,000) from unallocated special funds to the Reserve for Contingencies or Emergencies in Item 9840-001-494.

(3) The Director of Finance may withhold authorization for expenditure of funds provided in this subdivision until such time as, and to the extent that, preliminary estimates of potential deficiencies are verified.

SEC. 2. (a) On or before December 15, 1988, the Superintendent of Public Instruction shall report to the Director of Finance the actual annual local revenues and the actual annual Public Employee Retirement System employee contributions received by the county offices of education and school districts for the county office of education, K-12 district revenue limit, and special education apportionments for the 1987–88 fiscal year.

(b) (1) At the first principal apportionment of the 1988–89 fiscal year, the Superintendent of Public Instruction shall report to the Director of Finance and the State Controller the amounts by which the actual 1987–88 local revenues received by the county offices of education for revenue limit purposes, by county offices of education for special education programs and by school districts for revenue limit purposes, as reported at the 1987–88 annual apportionment, exceed the amount of local revenues received by county offices of education and school districts, as reported at the 1987–88 second principal apportionment.

(2) The Superintendent of Public Instruction shall report to the Director of Finance and the State Controller the amounts by which the actual reductions in the Public Employees Retirement System employee contributions, required by provisions 6.3, 6.5, and 6.7 of Item 6100-101-001 of the Budget Act of 1987, exceed the amount of the reductions in the Public Employees Retirement System employee contributions as reported at the 1987–88 second principal apportionment.

(3) The State Controller shall transfer the amounts calculated pursuant to paragraphs (1) and (2), as adjusted pursuant to subdivision (c), from the funds appropriated in Items 6110-101-001, 6110-106-001, and 6110-161-001 of the Budget Act of 1988 to the unappropriated balance of the General Fund.

(c) The local revenue increases and reductions to the Public Employee Retirement System employee contributions specified in subdivision (b) may be adjusted by the net amounts of any adjustment made to county office of education and district revenue limits and to special education entitlements, pursuant to Section 41341 of the Education Code, between the 1987–88 second principal apportionment and the 1987–88 annual apportionment.

SEC. 3. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 250

An act relating to courts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1988. Filed with Secretary of State June 30, 1988.]

The people of the State of California do enact as follows:

SECTION 1. On the effective date of this act, from the unencumbered balance of Item 0250-490-036(1) of the Budget Act of 1987, the sum of two hundred fifteen thousand dollars ($215,000) shall revert to the Special Account for Capital Outlay as unencumbered surplus.

SEC. 2. On the effective date of this act, from the unencumbered balance of Item 0250-490-036(2) of the Budget Act of 1987, the sum of one million five hundred two thousand dollars ($1,502,000) shall revert to the Special Account for Capital Outlay as unencumbered surplus.

Existing court facilities in San Francisco present a substantial earthquake hazard that must be promptly addressed.

CHAPTER 251

An act to amend Section 19630 of the Government Code, relating to public employees.

[Approved by Governor July 1, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 19630 of the Government Code is amended to read:

19630. No action or proceeding shall be brought by any person having or claiming to have a cause of action or complaint or ground for issuance of any complaint or legal remedy for wrongs or grievances based on or related to any civil service law in this state, or the administration thereof, unless that action or proceeding is commenced and served within one year after the cause of action or complaint or ground for issuance of any writ or legal remedy first arose. The person shall not be compensated for the time subsequent to the date when the cause or ground arose unless that action or proceeding is filed and served within 90 days after the cause or ground arose. Where an appeal is taken from a decision of the board, the cause of action does not arise until the final decision of the board.

This section shall not be applicable to any action or proceeding for the collection of salary or wage, the amount of which is not disputed by the state agency owing that salary or wage.

CHAPTER 252

(b) The Legislature further finds that changes in the health care system of this state have increased the need for more highly skilled nurses. These changes include advances in medical technology and pharmacology, which necessitate the use of more highly skilled nurses in acute care facilities. Further, the containment of health care costs has led to increased reliance on home health care and outpatient services and to a higher proportion of more acutely ill patients in acute care facilities. Long-term care facilities also need more highly educated nursing personnel. Both shifts require a larger number of skilled nursing personnel.

(c) The Legislature further finds and declares that in nursing, as in other professions, certain populations are underrepresented. The Legislature also finds and declares that it is especially important that nursing care be provided in a way that is sensitive to the sociocultural variables that affect a person's health. The Legislature recognizes that the financial burden of obtaining a baccalaureate degree is considerable and that persons from families lacking adequate financial resources may need financial assistance to complete a baccalaureate degree.

(d) The Legislature further finds and declares that approximately 20 percent of all Californians live in rural and urban areas that have been designated health manpower shortage areas. The shortage of professional nurses in these areas makes it more difficult for those citizens to obtain health care and more difficult to attract and retain other health care professionals to those areas.

(e) The Legislature further finds and declares that applications for enrollment in programs that grant baccalaureate of science of nursing degrees have declined at the same time that demand for professional nurses has increased.

447.41. It is the intent of the Legislature to accomplish the following:

(a) Assure an adequate supply of appropriately trained professional nurses.

(b) Encourage persons from populations that are currently underrepresented in the nursing profession to enter that profession.

(c) Encourage professional nurses to work in medically underserved areas.

447.42. (a) There is hereby created the Registered Nurse Education Program within the Minority Health Professions Education Foundation. Persons participating in this program shall be either persons from demographically underrepresented groups or persons who agree in writing prior to graduation to serve in a health manpower shortage area, as designated by the director of the Office of Statewide Health Planning and Development. Persons from

demographically underrepresented groups may apply for awards to persons agreeing to serve in health manpower shortage areas. The Registered Nurse Education Program shall be administered in accordance with Article 14 (commencing with Section 69795) of Chapter 2 of Part 42 of the Education Code, except that all funds in the Registered Nurse Education Fund shall be used only for the purpose of promoting the education of registered nurses and related administrative costs, and except that persons who apply for awards that require them to serve in health manpower shortage areas may be, but are not required to be, persons from demographically underrepresented groups or persons from "underrepresented minority groups" as defined in subdivision (g) of Section 69795 of the Education Code. The Minority Health Professions Education Foundation shall make recommendations to the Director of the Office of Statewide Health Planning and Development concerning both the following:

(1) A standard contractual agreement to be signed by the director and any student who has received an award to work in a health manpower shortage area that would require a period of obligated professional service in the areas of California designated by the Health Manpower Policy Commission as deficient in primary care services. The obligated professional service shall be in direct patient care. The agreement shall include a clause entitling the state to recover the funds awarded plus the maximum allowable interest for failure to begin or complete the service obligation.

(2) Maximum allowable amounts for scholarships, educational loans, and loan repayment programs in order to assure the most effective use of these funds.

(b) Applicants may be persons licensed as registered nurses or graduates of associate degree nursing programs prior to entering a program granting a baccalaureate of science of nursing. Priority shall be given to applicants who hold associate degrees in nursing.

(c) Not more than 5 percent of the funds available under the Registered Nurse Education Program shall be available for a pilot project designed to test whether it is possible to encourage articulation from associate degree nursing programs to baccalaureate of science of nursing programs. Persons who otherwise meet the standards of subdivision (a) shall be eligible for educational loans when they are enrolled in associate degree nursing programs. If these persons complete a baccalaureate of science of nursing program in California within five years of obtaining an associate degree in nursing and meet the standards of this article, these loans shall be completely forgiven.

447.43. The funds made available pursuant to this article shall be used as specified in Article 14 (commencing with Section 69795) of Chapter 2 of Part 42 of the Education Code, except that the funds shall be used only for the purpose of assisting students in completing nursing programs meeting the standards specified in subdivision (j) of Section 69799 of the Education Code.

447.44. In developing this program, the Minority Health Professions Education Foundation shall solicit the advice of representatives of the Board of Registered Nurses, the California Nurses Association, the Chancellor of the California Community Colleges, the Chancellor of the California State University, and the California Association of Hospitals and Health Systems.

447.45. There is hereby established in the State Treasury the Registered Nurse Education Fund. All money in the fund shall be used for the purposes specified in the California Registered Nurse Education Program established pursuant to this article. This fund shall receive money collected pursuant to subdivision (c) of Section 2815 of the Business and Professions Code. These funds shall be appropriated annually in the Budget Act.

447.46. This article shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

CHAPTER 253

[Approved by Governor July 1, 1988. Filed with Secretary of State July 5, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 21630 of the Business and Professions Code is amended to read:

21630. If the transaction takes place within the territorial limits of an incorporated city, the report shall be submitted to the police chief executive of the city or his or her designee, by mail unless otherwise agreed upon by the pawnbroker and the police chief executive or his or her designee. If the transaction takes place outside the territorial limits of an incorporated city, the report shall be submitted to the sheriff of the county or his or her designee, by mail unless otherwise agreed upon by the pawnbroker and the sheriff or his or her designee.

SEC. 2. Section 21200.9 is added to the Financial Code, to read:

21200.9. No licensed pawnbroker shall promise any seller of tangible personal property that the seller may repurchase property sold to the pawnbroker.

SEC. 3. Section 21201 of the Financial Code is amended to read:

21201. Every loan made by a pawnbroker for which goods are received in pledge as security shall be evidenced by a written contract, a copy of which shall be furnished to the borrower. The loan

contract shall set forth the loan period and the date on which the loan is due and payable, and shall clearly inform the borrower of his or her right to redeem the pledge during the redemption period.

Every pawnbroker shall retain in his or her possession, after the date on which the loan became due and payable, every article pledged to him or her for a period of four months. During such periods the borrower may redeem the articles upon payment of the applicable charges.

If any pledged article is not redeemed during the four-month redemption period as provided herein, and the borrower and pawnbroker do not mutually agree in writing to extend the redemption period, the pawnbroker shall notify the borrower within 30 days after expiration of the redemption period. If the pawnbroker fails to notify the borrower within 30 days after the expiration of the redemption period, the pawnbroker shall not charge interest from the day after the expiration of the 30-day period. The pawnbroker shall notify the borrower either by registered mail, or by certified mail, or by regular mail for which a certificate of mailing is issued by the United States Postal Service addressed to his or her last known address of the termination of the redemption period, and extending the right of redemption for a period of 10 days from date of mailing of such notice.

However, the posted schedule of charges required pursuant to Section 21200.5 shall contain a notice informing the borrower that if he or she desires, the pawnbroker shall send the notice of termination of the redemption period by registered or certified mail with return receipt requested, upon prepayment of the mailing costs. The schedule of charges shall contain the notice no later than January 1, 1986. If any pledged article is not redeemed within the 10-day period, the pawnbroker shall become vested with all right, title, and interest of the pledgor, or his or her assigns, to the pledged article, to hold and dispose of as his or her own property. Any other provision of law relating to the foreclosure and sale of pledges shall not be applicable to any pledge the title to which is transferred in accordance with this section. The pawnbroker shall not sell any article of pledged property until he or she has become vested with the title to that property pursuant to this section. The sale of pledged property is a misdemeanor pursuant to Section 21209.

SEC. 4. Section 21208 of the Financial Code is amended to read:

21208. Every pawnbroker shall report daily or on the first working day after receipt or purchase, all descriptions of all property received in pledge or purchased as tangible personal property, as defined in Section 21627 of the Business and Professions Code, in whatever quantity received, including property purchased as tangible personal property at wholesale, tangible personal property taken in for sale or possessed on consignment for sale, and tangible personal property taken in trade.

If the transaction took place within the territorial limits of an incorporated city, the report shall be submitted to the police chief

executive of the city or his or her designee, by mail unless otherwise agreed upon by the pawnbroker and the police chief executive or his or her designee. If the transaction took place outside the territorial limits of an incorporated city, the report shall be submitted to the sheriff of the county or his or her designee, by mail unless otherwise agreed upon by the pawnbroker and the sheriff or his or her designee.

All reports shall be on forms approved or provided at actual cost by the Department of Justice. The police chief executive or sheriff who receives a report on a form filed pursuant to the provisions of this section shall daily submit a legible copy of the transactions to the Department of Justice.

CHAPTER 254

[Approved by Governor July 1, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 13960.2 is added to the Government Code, to read:

13960.2. (a) Notwithstanding Section 13960, for purposes of this article, "victim" does not include any person who is convicted of a felony until that person has been discharged from probation or has been released from a correctional institution and has been discharged from parole, if any. In no case shall assistance be granted to an applicant for assistance pursuant to this article during any period of time the applicant is held in a correctional institution.

(b) A victim who has been convicted of a felony may apply for assistance pursuant to this article at any time, but the award of that assistance shall not be considered until the applicant meets the requirements of subdivision (a).

(c) Assistance may be granted to a victim who is also a felon only after the application of victims who are not felons has been acted upon by the board and all awards granted by the board for assistance to the nonfelon applicants have been made.

CHAPTER 255

An act to amend Section 20013.8 of the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor July 1, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 20013.8 of the Government Code is amended to read:

20013.8. Members with at least 10 years of service credit who, in the opinion of the board, had permanently separated from state service before having any of the rights provided members specified in Section 20013.7, may make an irrevocable election to be subject to the Second Tier level of benefits provided for in Section 21251.146 for service rendered as a state miscellaneous member and state industrial member.

The board has no duty to locate or notify any permanently separated member or to provide the name or address of any permanently separated member to any person, agency, or entity for the purpose of notifying those members.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

CHAPTER 256

An act to add Section 19996.19 to the Government Code, relating to state employees.

[Approved by Governor July 1, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 19996.19 is added to Article 1.6 (commencing with Section 19996.20) of Chapter 7 of Part 2.6 of the Government Code, to read:

19996.19. (a) The Legislature finds and declares all of the following:

(1) Many individuals in our society possess great productive potential which goes unused because they cannot meet the requirements of a standard workweek.

(2) An increasing proportion of workers have family responsibilities which include the care of dependent elders and the rearing of children.

(3) There is a lack of adequate, affordable adult or child care to accommodate the growing need for such services.

(4) The state is benefited by exploring and encouraging cost-saving supplements to latchkey programs, out-of-home child care services, and adult dependent care.

(5) Disabled employees or persons with special health needs may benefit from voluntary reduced worktime.

(6) Voluntary reduced worktime benefits both employers and employees, by increasing flexibility and decreasing absenteeism, offering management more flexibility in meeting work requirements, and filling shortages in various occupations.

(7) Society is benefited by offering a needed alternative for those individuals who require or prefer shorter hours, despite the reduced income, thus increasing jobs available to reduce unemployment while retaining the skills of individuals who have training and experience.

(8) Employment opportunities are maximized by providing for voluntary reduced worktime options to a standard workweek.

(b) It is the intent of the Legislature in adopting this section to pursue all of the following objectives:

(1) To provide for maximum employment opportunities.

(2) To encourage the realization of individual potential.

(3) To increase the numbers and kinds of public and private sector voluntary reduced worktime options.

(4) To support the creation of a healthy balance between work and family needs, including the need for additional income.

(5) To encourage voluntary reduced worktime opportunities within the private as well as public sector.

(6) To develop policies and procedures which support the growth of voluntary reduced worktime positions.

(7) To promote job stability.

(8) To strengthen the family and promote domestic tranquility and to benefit the family and society by promoting a balance between work and home.

(9) To provide for alternative solutions to the growing need for adequate child care, care for dependent adults, and care for the disabled.

(c) Nothing in this section shall be construed as superseding Sections 19996.20 and 19996.21 which provide that the reduced worktime option shall be made available only to the extent feasible and as the department finds consistent with maximum employment opportunity.

CHAPTER 257

An act to amend Sections 660, 664, 730, and 732 of, and to repeal Sections 666 and 734 of, the Public Resources Code, relating to public officers.

The people of the State of California do enact as follows:

SECTION 1. Section 660 of the Public Resources Code is amended to read:

660. There is in the department a State Mining and Geology Board consisting of nine members appointed by the Governor, subject to confirmation by the Senate.

730. There is in the department a State Board of Forestry consisting of nine members appointed by the Governor, subject to confirmation by the Senate.

732. Each member of the board shall hold office for four years from the expiration of the term of his or her predecessor. Vacancies shall be immediately filled by the Governor.

SEC. 6. Section 734 of the Public Resources Code is repealed.

CHAPTER 258

An act to amend Sections 17058, 23610.5, and 25106.5 of, to amend and renumber Sections 18513, 18513.1, and 18513.2 of, to repeal the heading of Article 6.7 (commencing with Section 18513) of, and to add a heading to Article 6.7 (commencing with Section 18515) of Chapter 17 of Part 10 of Division 2 of, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor July 4, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 17058 of the Revenue and Taxation Code is

amended to read:

17058. (a) There shall be allowed as a credit against the amount of net tax (as defined in Section 17039) a state low-income housing credit in an amount equal to the amount determined in subdivision (c), computed in accordance with the provisions of Section 42 of the Internal Revenue Code, except as otherwise provided in this section.

(b) (1) The amount of the credit allocated to any project shall be authorized by the Mortgage Bond and Tax Credit Allocation Committee, or any successor thereof, based on a project's need for the credit for economic feasibility.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) It shall have been allocated by the Mortgage Bond and Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code.

(ii) It shall qualify for a credit under Section 42(h) (4) (B) of the Internal Revenue Code.

(B) The Mortgage Bond and Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code.

(2) (A) The Mortgage Bond and Tax Credit Allocation Committee shall certify to the taxpayer the amount of tax credit under this section to which the taxpayer is entitled for each year in the credit period.

(B) The taxpayer shall attach a copy of the certification to any return upon which a tax credit is claimed under this section.

(C) In the case of a failure to attach a copy of the certification for the year to the return in which a tax credit is claimed under this section, no credit under this section shall be allowed for that year until a copy of that certification is provided.

(c) Section 42(b) of the Internal Revenue Code shall be modified as follows:

(1) In the case of any qualified low-income building placed in service by the taxpayer during 1987, the term "applicable percentage" means 9 percent for each of the first three years and 3 percent for the fourth year for new buildings (whether or not the building is federally subsidized) and for existing buildings.

(2) In the case of any qualified low-income building placed in service by the taxpayer after 1987 (for new buildings whether or not the building is federally subsidized and for existing buildings), the term "applicable percentage" means either of the following:

(A) For each of the first three years, the highest percentage prescribed under Section 42(b) (2) of the Internal Revenue Code, for the month in which the building is placed in service, in lieu of the percentage prescribed in Section 42(b) (1) (A) of the Internal Revenue Code.

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(d) The term "qualified low-income housing project" as defined in Section 42(c)(2) of the Internal Revenue Code is modified by adding the following requirements:

(1) The taxpayer shall be entitled to receive a cumulative cash distribution on the taxpayer's cash invested in the qualified low-income housing project in an amount not to exceed 8 percent per annum. For purposes of this paragraph, if the taxpayer is a partnership or an S corporation, the limitation on return shall apply to each of the partners or the shareholders, respectively.

(2) The taxpayer shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

(1) The term "credit period" as defined in Section 42(f)(1) of the Internal Revenue Code is modified by substituting "four taxable years" for "10 taxable years."

(2) The special rule for the first taxable year of credit period under Section 42(f)(2) of the Internal Revenue Code shall not apply to the tax credit under this section.

(3) Section 42(f)(3) of the Internal Revenue Code is modified to read:

If, as of the close of the 1988 or 1989 taxable year, the qualified basis of any building exceeds the qualified basis of that building as approved for the initial allocation of credits pursuant to this section, the taxpayer shall be eligible to apply for an allocation of the credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) above for the four-year period beginning with the later of the taxable year in which the increase in qualified basis occurs or the taxable year in which the credit allocation is received.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

The total amount for the four-year period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the Mortgage Bond and Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (6), and (7) of Section 42(h) of the Internal Revenue Code shall not be applicable to this section.

(g) (1) Except as provided in paragraph (2), the aggregate housing credit dollar amount which may be allocated annually by the Mortgage Bond and Tax Credit Allocation Committee for the 1987, 1988, and 1989 calendar years pursuant to this section and Section 23610.5 shall be an amount equal to one dollar and twenty-five cents

($1.25) multiplied by the state population in that year, as established by the Department of Finance.

(2) The portion of the aggregate housing credit dollar amount of the Mortgage Bond and Tax Credit Allocation Committee which is not allocated for each of the calendar years may be carried over to any subsequent calendar years through 1989. Thereafter, Section 42(n)(2) of the Internal Revenue Code shall apply.

(h) (1) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto, subject to the limitation in paragraph (2).

(2) If, after the first 15 years of the compliance period, a qualified low-income housing project is not economically feasible, the taxpayer shall be entitled to remove one or more low-income units from the set-aside and rent requirements of Section 42(g) of the Internal Revenue Code as is necessary for the project to become economically feasible, provided that once a project is again economically feasible, the taxpayer designates the next available units as low-income units subject to the set-aside and rent requirements, up to the original number of low-income units, while keeping the project economically feasible.

(3) For purposes of paragraph (2), "economically feasible" means that project revenue equals or exceeds project operating expenses excluding any return on investment.

(4) For purposes of paragraph (3), "operating expenses" means the reasonable expenses necessary to operate and maintain the project in habitable condition, debt service, taxes, and reasonable reserves. For purposes of this paragraph, debt service shall not include that portion of payments of principal and interest attributable to any excess refinanced principal over the outstanding principal of the loan that was refinanced.

(i) Section 42(j) of the Internal Revenue Code shall not be applicable and the following shall be substituted in its place:

(1) The requirements of this section shall be set forth in a regulatory agreement between the Mortgage Bond and Tax Credit Allocation Committee and the taxpayer.

(2) The regulatory agreement shall include, but not be limited to, the following:

(A) A term equal to the compliance period.

(B) A requirement that the agreement be filed in the official records of the county in which the qualified low-income housing project is located.

(C) A provision stating which state and local agencies can enforce the regulatory agreement in the event the taxpayer fails to satisfy any of the requirements of this section.

(D) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto.

(E) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.

(F) A requirement that the taxpayer provide the Mortgage Bond and Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement with advance notice if the taxpayer intends to reduce the number of low-income units to make a project economically feasible.

(G) A requirement that the taxpayer notify the Mortgage Bond and Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.

(H) A requirement that the taxpayer, as security for the performance of taxpayer's obligations under the regulatory agreement, assign the taxpayer's interest in rents which it receives from the project, provided that until there is a default under the regulatory agreement, the taxpayer is entitled to collect and retain the rents.

(I) The remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period, include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the taxpayer is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance, securing the appointment of a receiver to operate the project, or any other relief as may be appropriate.

(j) In allocating the housing credit, the Mortgage Bond and Tax Credit Allocation Committee shall give priority to qualified low-income housing projects that satisfy the following criteria, which are weighted according to the numerical order of the paragraphs listed below:

(1) Projects that have received government financing or mortgage assistance and are eligible and likely to convert to market-rate rental units.

(2) (A) Projects that commit to providing low-income units for a significantly longer period than the compliance period under this section.

(B) Projects that commit to providing a greater percentage of low-income units than is required under Section 42(g)(1) of the Internal Revenue Code.

(3) Projects that commit to charging rent for low-income units that is less than the rent requirements under Section 42(g)(2) of the Internal Revenue Code.

(4) (A) Projects for which the rate of return on cash investment is less than the rate allowed under this section.

(B) Projects targeted to those groups identified in the California

Statewide Housing Plan as having special needs, including projects that ensure that rural areas receive a proportionate share of the housing credits.

(k) Section 42(*l*) of the Internal Revenue Code shall be modified as follows:

The term "secretary" shall be replaced by the term "Mortgage Bond and Tax Credit Allocation Committee."

(*l*) In the case where the credit allowed under this section exceeds the net tax for the taxable year, that portion of the credit which exceeds the net tax may be carried over to the net tax in succeeding taxable years, with respect to which this section shall remain in effect for purposes of carrying over excess credit, until the credit is used. The credit shall be applied first to the earliest years possible.

(m) The aggregate amount of tax credits granted pursuant to this section and Section 23610.5 shall not exceed thirty-five million dollars ($35,000,000) per year. The Mortgage Bond and Tax Credit Allocation Committee shall not authorize any credit if the total amount of credits authorized in any year under the Personal Income Tax Law and the Bank and Corporation Tax Law exceeds thirty-five million dollars ($35,000,000).

(n) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1990.

In the event that payments and credits reported on the return, together with any other credits associated with the taxpayer's account do not exceed the tax liability, if any, shown thereupon, the return shall be treated as though no designation had been made.

If the amount designated exceeds the amount actually available for designation, the amount designated shall be adjusted to correspond to the amount actually available for designation.

(d) In the event a taxpayer designates a contribution to more than one account, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the forms of the return to include a space labeled the Vietnam Veterans Memorial Fund to allow for the designation permitted under subdivision (a). The forms shall also include in the instructions the information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used to build a memorial to Vietnam veterans and, if contributions exceed the cost of the Vietnam Memorial, excess contributions shall be used to construct a memorial to veterans generally.

23610.5. (a) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the alternative minimum tax) a state low-income housing tax credit in an amount equal to the amount determined in subdivision (c), computed in accordance with Section 42 of the Internal Revenue Code, except as otherwise provided in this section.

(b) (1) The amount of the credit allocated to any project shall be authorized by the Mortgage Bond and Tax Credit Allocation Committee, or any successor thereof, based on a project's need for the credit for economic feasibility.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) It shall have been allocated by the Mortgage Bond and Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code.

(ii) It shall qualify for a credit under Section 42(h) (4) (B) of the Internal Revenue Code.

(B) The Mortgage Bond and Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code.

(2) (A) The Mortgage Bond and Tax Credit Allocation Committee shall certify to the taxpayer the amount of tax credit under this section to which the taxpayer is entitled for each year in the credit period.

(B) The taxpayer shall attach a copy of the certification to any return upon which a tax credit is claimed under this section.

(C) In the case of a failure to attach a copy of the certification for the year to the return in which a tax credit is claimed under this section, no credit under this section shall be allowed for that year until a copy of that certification is provided.

(c) Section 42(b) of the Internal Revenue Code shall be modified as follows:

(1) In the case of any qualified low-income building placed in service by the taxpayer during 1987, the term "applicable percentage" means 9 percent for each of the first three years and 3 percent for the fourth year for new buildings (whether or not the building is federally subsidized) and for existing buildings.

(2) In the case of any qualified low-income building placed in service by the taxpayer after 1987 (for new buildings whether or not the building is federally subsidized and for existing buildings), the term "applicable percentage" means either of the following:

(A) For each of the first three years, the highest percentage prescribed under Section 42(b) (2) of the Internal Revenue Code, for the month in which the building is placed in service, in lieu of the

percentage prescribed in Section 42(b)(1)(A) of the Internal Revenue Code.

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(d) The term "qualified low-income housing project" as defined in Section 42(c)(2) of the Internal Revenue Code is modified by adding the following requirements:

(1) The taxpayer shall be entitled to receive a cumulative cash distribution on the taxpayer's cash invested in the qualified low-income housing project in an amount not to exceed 8 percent per annum. For purposes of this paragraph, if the taxpayer is a partnership or an S corporation, the limitation on return shall apply to each of the partners or the shareholders, respectively.

(2) The taxpayer shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

(1) The term "credit period" as defined in Section 42(f)(1) of the Internal Revenue Code is modified by substituting "four income years" for "10 taxable years."

(2) The special rule for the first taxable year of credit period under Section 42(f)(2) of the Internal Revenue Code shall not apply to the tax credit under this section.

(3) Section 42(f)(3) of the Internal Revenue Code is modified to read:

If, as of the close of the 1988 or 1989 taxable year, the qualified basis of any building exceeds the qualified basis of such building as approved for the initial allocation of credits pursuant to this section, the taxpayer shall be eligible to apply for an allocation of the credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) above for the four-year period beginning with the later of the taxable year in which the increase in qualified basis occurs or the taxable year in which the credit allocation is received.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

The total amount for the four-year credit period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the Mortgage Bond and Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (6), and (7) of Section 42(h) of the Internal Revenue Code shall not be applicable.

(g) (1) Except as provided in paragraph (2), the aggregate

housing credit dollar amount which may be allocated annually by the Mortgage Bond and Tax Credit Allocation Committee for the 1987, 1988, and 1989 calendar years pursuant to this section and Section 17058 shall be an amount equal to one dollar and twenty-five cents ($1.25) multiplied by the state population in that year, as established by the Department of Finance.

(2) The portion of the aggregate housing credit dollar amount of the Mortgage Bond and Tax Credit Allocation Committee which is not allocated for each of the calendar years may be carried over to any subsequent calendar years through 1989. Thereafter, Section 42(n)(2) of the Internal Revenue Code shall apply.

(h) (1) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30-consecutive income years beginning with the first income year of the credit period with respect thereto, subject to the limitation in paragraph (2).

(2) If, after the first 15 years of the compliance period, a qualified low-income housing project is not economically feasible, the taxpayer shall be entitled to remove one or more low-income units from the set-aside and rent requirements of Section 42(g) of the Internal Revenue Code as is necessary for the project to become economically feasible, provided that once a project is again economically feasible, the taxpayer designates the next available units as low-income units subject to the set-aside and rent requirements, up to the original number of low-income units, while keeping the project economically feasible.

(3) For purposes of paragraph (2), "economically feasible" means that project revenue equals or exceeds project operating expenses excluding any return on investment.

(4) For purposes of paragraph (3), "operating expenses" means the reasonable expenses necessary to operate and maintain the project in habitable condition, debt service, taxes, and reasonable reserves. For purposes of this paragraph, debt service shall not include that portion of payments of principal and interest attributable to any excess refinanced principal over the outstanding principal of the loan that was refinanced.

(i) Section 42(j) of the Internal Revenue Code shall not be applicable and the following shall be substituted in its place:

(1) The requirements of this section shall be set forth in a regulatory agreement between the Mortgage Bond and Tax Credit Allocation Committee and the taxpayer.

(2) The regulatory agreement shall include, but not be limited to, the following:

(A) A term equal to the compliance period.

(B) A requirement that the agreement be filed in the official records of the county in which the qualified low-income housing project is located.

(C) A provision stating which state and local agencies can enforce the regulatory agreement in the event the taxpayer fails to satisfy any

of the requirements of this section.

(D) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto.

(E) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.

(F) A requirement that the taxpayer provide the Mortgage Bond and Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement with advance notice if the taxpayer intends to reduce the number of low-income units to make a project economically feasible.

(G) A requirement that the taxpayer notify the Mortgage Bond and Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.

(H) A requirement that the taxpayer, as security for the performance of taxpayer's obligations under the regulatory agreement, assign the taxpayer's interest in rents which it receives from the project, provided that until there is a default under the regulatory agreement, the taxpayer is entitled to collect and retain the rents.

(I) The remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period, include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operate the project in accordance with the regulatory agreement until the enforcer determines the taxpayer is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance, securing the appointment of a receiver to operate the project, or any other relief as may be appropriate.

(j) In allocating the housing credit, the Mortgage Bond and Tax Credit Allocation Committee shall give priority to qualified low-income housing projects that satisfy the following criteria, which are weighted according to the numerical order of the paragraphs listed below:

(1) Projects that have received government financing or mortgage assistance and are eligible and likely to convert to market-rate rental units.

(2) (A) Projects that commit to providing low-income units for a significantly longer period than the compliance period under this section.

(B) Projects that commit to providing a greater percentage of low-income units than is required under Section 42(g)(1) of the Internal Revenue Code.

(3) Projects that commit to charging rent for low-income units that is less than the rent requirements under Section 42(g)(2) of the

Internal Revenue Code.

(4) (A) Projects for which the rate of return on cash investment is less than the rate allowed under this section.

(B) Projects targeted to those groups identified in the California Statewide Housing Plan as having special needs, including projects that ensure that rural areas receive a proportionate share of the housing credits.

(k) Section 42(*l*) of the Internal Revenue Code shall be modified as follows:

The term "secretary" shall be replaced by the term "Mortgage Bond and Tax Credit Allocation Committee."

(*l*) In the case where the state credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the alternative minimum tax) for the income year, that portion of the credit which exceeds those taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the alternative minimum tax) in succeeding income years, with respect to which this section shall remain in effect for purposes of carrying over excess credit, until the credit is used. The credit shall be applied first to the earliest income years possible.

(m) The aggregate amount of tax credits granted pursuant to this section and Section 17058 shall not exceed thirty-five million dollars ($35,000,000) per year. The Mortgage Bond and Tax Credit Allocation Committee shall not authorize any credit if the total amount of credits authorized in any year under the Personal Income Tax Law and the Bank and Corporation Tax Law exceeds thirty-five million dollars ($35,000,000).

(n) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1990.

SEC. 7. Section 25106.5 of the Revenue and Taxation Code is amended to read:

25106.5. (a) The Franchise Tax Board may adopt regulations necessary to ensure that the tax liability or net income of any taxpayer whose income derived from or attributable to sources within this state which is required to be determined by a combined report pursuant to Section 25101 or 25110 of this chapter, and of each entity included in the combined report, both during and after the period of inclusion in the combined report is properly reported , determined, computed, assessed, collected, or adjusted.

(b) Notwithstanding subdivision (a), the Franchise Tax Board shall not adopt regulations under the authority of this section which shall in any manner determine, prescribe, or otherwise affect (1) the inclusion or exclusion in the combined report of those entities whose income and apportionment factors are to be taken into account pursuant to Sections 25101 and 25110 of this chapter, or (2) after the

period of inclusion, cause the income or expenses of an entity which is excluded from a combined report pursuant to Sections 25101 and 25110 of this part to be included in a combined report.

DIVISION 3.5. MINES AND MINING

CHAPTER 1. MANNER OF LOCATING MINING CLAIMS, TUNNEL RIGHTS, AND MILLSITES

3900. Any person, who is a citizen of the United States or who has declared his or her intention to become a citizen, and who discovers a vein or lode of quartz, or other rock in place, bearing gold, silver, cinnabar, lead, tin, copper, or any other valuable deposit, may locate a claim upon the vein or lode, by defining the boundaries of the claim, in the manner specified in this chapter, by erecting at the point of discovery a conspicuous and substantial monument, and by posting in or on the monument a notice of the location. The notice shall contain all of the following:

(a) The name of the lode or claim.

(b) The name, current mailing address or current residence address, of the locator.

(c) The number of linear feet claimed in length along the course of the vein, each way from the point of discovery, with the width on each side of the center of the claim, and the general course of the vein or lode, as near as may be.

(d) The date of location, which shall be the date of posting the notice.

(e) A description of the claim by reference to some natural object, or permanent monument, as will identify the claim located.

3901. The locator of any lode mining claim shall define the boundaries of the claim so that they may be readily traced, but in no case shall the claim extend more than 1,500 feet along the course of the vein or lode, or more than 300 feet on either side thereof as measured from the centerline of the vein at the surface. Within 60 days after the date of location of any lode mining claim located, the locator shall erect at each corner of the claim and at the center of each endline, or at the nearest accessible points thereto, a conspicuous and substantial monument. Each corner monument so erected shall bear or contain markings sufficient to appropriately designate the corner of the mining claim to which it pertains and the name of the claim.

3902. The location of a placer claim shall be made in the following manner:

(a) By erecting at the point of discovery thereon a conspicuous and substantial monument, and by posting in or on the monument a notice of location containing all of the following:

(1) The name of the claim.

(2) The name, current mailing address or current residence

address, of the locator.

(3) The date of the location, which shall be the date of posting the notice.

(4) The number of feet or acreage claimed.

(5) A description of the claim by reference to some natural object or permanent monument as will identify the claim located.

(b) By marking the boundaries so that they may be readily traced and by erecting at each corner of the claim, or at the nearest accessible points thereto, a conspicuous and substantial monument. Each corner monument shall bear or contain markings sufficient to appropriately designate the corner of the mining claim to which it pertains and the name of the claim.

Where the United States survey has been extended over the land embraced in the location, the claim may be taken by legal subdivisions and no other reference than those of the survey shall be required, and the boundaries of a claim so located and described need not be staked or monumented. The description by legal subdivisions shall be deemed the equivalent of marking.

3903. The relocation of any lode or placer mining location which is subject to relocation shall be made as an original location is required to be made.

3904. As to any placer mining claim which has been otherwise validly located or relocated since July 20, 1935, and as to which claim the locator or relocator has not performed the work thereon required by former Sections 1426da and 1426dc of the Civil Code for the reason that literal compliance therewith was not feasible, the locator or relocator may perfect his or her claim by excavating an open cut thereon and removing from the cut not less than seven cubic yards of material if the work is completed not later than December 14, 1935.

3905. The failure or neglect of the locator or locators to comply with the requirements of Section 3900, 3901, or 3903 shall render the location null and void, unless the failure or neglect is curable under Section 3908, in which event the location shall be voidable.

3906. The locator of a tunnel right or location shall locate his or her tunnel right or location by erecting at the face or point of commencement of the tunnel a conspicuous and substantial monument in or on which there shall be posted a notice of location, which notice shall contain all of the following:

(a) The name, current mailing address or current residence address, of the locator.

(b) The date of location, which shall be the date of posting the notice.

(c) The proposed course or direction of the tunnel.

(d) A description of the tunnel by reference to some natural object or permanent monument as will identify the claim or tunnel right.

3907. The boundary lines of the tunnel shall be established by conspicuous and substantial monuments placed along the lines on

the surface at an interval of not more than 600 feet from the face or point of commencement of the tunnel to the terminus of 3,000 feet therefrom.

3908. If at any time the locator of any mining claim, or his or her assigns, apprehends that his or her original location notice was defective, erroneous, or that the requirements of the law had not been complied with before filing, or in case the original notice was made prior to April 28, 1939, and he or she is desirous of securing the benefit of this chapter, the locator, or his or her assigns, may file an amended notice, subject to this chapter, if the amended location notice does not interfere with the existing rights of others at the time of posting and filing the amended location notice. No amended location notice or the record thereof precludes the claimant from proving any title as he or she may have held under previous locations.

3909. Where a locator, or his or her assigns, has the boundaries and corners of his or her claim established by a United States deputy mineral surveyor, or a licensed surveyor of this state, and the claim connected with the corner of the public or minor surveys of an established initial point, and incorporates into the record of the claim the field notes of the survey, and attaches to and files with the location notice a certificate of the surveyor setting forth all of the following:

(a) The survey was actually made by him or her, giving the date thereof.

(b) The name of the claim surveyed and the location thereof.

(c) The description incorporated in the declaratory statement is sufficient to identify the claim.

The survey and certificate becomes a part of the record, and the record is prima facie evidence of the facts contained therein.

3910. The proprietor of a vein or lode claim or mine, the proprietor of a placer claim, or the owner of a quartz mill or reduction works, or any person qualified by the laws of the United States may locate not more than five acres of nonmineral land as a millsite.

The location shall be made and the claim boundaries marked in the same manner as required by Section 3902 for locating placer claims, except that the monument in or on which the notice of location is posted may be erected anywhere within the claim, and location work is not required.

3911. Within 90 days after the posting of his or her notice of location upon a lode mining claim, placer claim, tunnel right or location, or millsite claim or location, the locator shall record, in the office of the county recorder of the county in which the claim is situated, a true copy of the notice together with a statement by the locator of the markings of the boundaries as required by this chapter and the character of the markings, which statement also shall include the section or sections, township, range, and meridian of the United States survey within which all, or any part, of the claim is located.

Any person who willfully makes a false statement with respect to

any mining claim on the posted location notice or on the recorded notice, or accompanying statement, is guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than two hundred dollars ($200) or by imprisonment in the county jail for not more than six months, or by both that fine and imprisonment.

3912. The amount of work done or improvements made during each year to hold possession of a mining claim shall be that prescribed by the laws of the United States, which is one hundred dollars ($100) annually.

3913. (a) Whenever labor is performed and improvements are made as required by law upon any mining claim, the person on whose behalf the labor was performed or improvements made, or someone in his or her behalf, shall, within 30 days after the time limited by law for performing the labor or making the improvements, make and have recorded by the county recorder in books kept for that purpose, in the county in which the mining claim is situated, an affidavit setting forth all of the following:

(1) The name of the claim.

(2) A reference by book and page to the public record of the notice of location of the claim and, if amended, of the last recorded amendment thereof.

(3) The section or sections, township, range, and meridian of the United States survey within which all or any part of the claim is located.

(4) A description of the labor and improvements performed or made upon or for the benefit of the claim for which the proof is made, the value of each item, and the dates on which, or the period of time within which, the labor was performed or improvement made.

(5) The name, current mailing address, and current residence address of the person who makes the proof and of the owner of the claim, as known to the affiant.

(6) A statement that the claim is held and claimed by the owner, or the person making the proof if he or she is entitled to possession thereof, for the valuable mineral contained therein.

(7) The name and address of the person who performed or made the work and improvements described in the affidavit, as known to the affiant.

(8) A statement that all monuments required by law to have been erected upon the claim and all notices required by law to have been posted on the claim or copies thereof were in place at a date within the assessment year for which the affidavit is made and a statement of the date.

(9) A statement that, at that date, each corner monument bore or contained a marking sufficient to appropriately designate the corner of the mining claim to which it pertains and the name of the claim.

(b) The affidavit so recorded as required by subdivision (a), or a copy thereof duly certified by the county recorder, shall be prima facie evidence of the performance of the labor and the making of the

improvements as stated in the affidavit.

(c) The neglect or failure of the owner of any mining claim to record, or cause to be recorded, within the time allowed by this section an affidavit containing the statements required by subdivision (a) creates a prima facie presumption of the act and intent of the owner to abandon the claim at the end of the assessment year within which the labor should have been performed or the improvements made under the laws of the United States, and imposes the burden of proof upon the owner of the claim to show that the labor has been performed and that the improvements have been made in any contest, suit, or proceeding touching the title to the claim. However, if the affidavit is executed and recorded by anyone other than an owner within the 30-day period, and the owner apprehends that there are deficiencies in the recorded affidavit, he or she may supplement the recorded affidavit by further affidavit to comply with the section and may record the supplemental affidavit within 30 days following the last day of the 30-day period after the time limited by law for performance of the work or making of improvements, and thereby obtain the prima facie evidence of performance of labor and making of improvements, and avoid the prima facie presumption of abandonment and the burden of proving the performance of labor and making of improvements required by law.

(d) Any person who willfully makes a false statement with respect to any mining claim on the affidavit of labor or improvements required by subdivision (a), or on the supplementary affidavit permitted by subdivision (c), is guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than two hundred dollars ($200) or by imprisonment in the county jail for not more than six months, or by both the fine and imprisonment.

3914. The board of supervisors, may require, by resolution, that any person filing an affidavit pursuant to Section 3913 demonstrate proof of payment of any unsecured tax levied against the mining claim on which the affidavit is filed, prior to the recordation of the affidavit.

If a resolution is adopted by the board of supervisors pursuant to this section, it may include the following provisions, and any other provisions determined by the board as necessary to carry out the intent of this section:

(a) A provision prohibiting the county recorder from accepting the affidavit for recordation without the tax collector's certification that the taxes have been paid.

(b) A provision requiring the following:

(1) That, when taxes are paid, the tax collector issue a receipt or certificate of payment for use in certification of the affidavit.

(2) That the county recorder forward the affidavit to the tax collector if the county recorder receives an affidavit for recording by mail and the affidavit does not contain the tax collector's certification that the taxes have been paid.

(3) That, if applicable, the tax collector then certify that the taxes have been paid on the face of the affidavit and return the document to the county recorder for recording.

(4) That, if the taxes have not been paid, the tax collector return the affidavit unrecorded to the filer.

3915. (a) A wooden post or stone structure not less than 3½ inches in diameter or a metal post not less than two inches in diameter, projecting at least three feet above the ground and set at least one foot in the ground, or a mound of stone at least three feet in height above the ground, is prima facie a conspicuous and substantial monument as referred to in this chapter.

(b) Where, by reason of precipitous ground, it is impractical or dangerous to place a monument in its true position, a witness monument may be erected as near thereto as the nature of the ground will permit and marked so as to identify the true position.

(c) Where, by reason of working the claim, it is impractical or dangerous to maintain a monument in its true position, a witness monument shall be erected as near thereto as the nature of the ground will permit and marked so as to identify the true position.

3916. Any person who takes down, removes, alters, or destroys any stake, post, monument, or notice of location upon any mining claim which is required by law to be upon the mining claim, without the consent of the owner thereof, shall be deemed guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than two hundred dollars ($200) or by imprisonment in the county jail for not more than six months, or by both the fine and imprisonment.

3917. Whenever a coowner or coowners of a mining claim give to a delinquent coowner or coowners the notice in writing or notice by publication provided for in Section 2324 of the Revised Statutes of the United States, an affidavit of the person giving the notice, stating the time, place, manner of service, and by whom and upon whom service was made, shall be attached to a true copy of the notice.

The notice and affidavit shall be recorded in the office of the county recorder, in books kept for that purpose, in the county in which the claim is situated, within 90 days, after the giving of the notice. For recording the notice and affidavit, the recorder shall receive the same fees as are allowed by law for recording deeds.

If the notice is given by publication in a newspaper, there shall be attached to a printed copy of the notice an affidavit of the printer or his or her foreman, or principal clerk of the newspaper, stating the date of the first, last, and each insertion of the notice therein, and where the newspaper was published during that time, and the name of the newspaper. The affidavit and notice shall be recorded within 180 days after the first publication thereof.

3918. The original of the notice and affidavit, or a duly certified copy of the record thereof, shall be prima facie evidence that the delinquent mentioned in Section 2324 of the Revised Statutes of the

United States has failed or refused to contribute his or her proportion of the expenditure required by that section, and of the service of publication of the notice, unless the writing or affidavit specified in Section 3919 is of record.

3919. If the delinquent, within the 90 days required by Section 2324 of the Revised Statutes of the United States, contributes to his or her coowner or coowners his or her proportion of the expenditures and also all costs of service of the notice required by Section 3917, whether incurred for publication charges or otherwise, the coowner or coowners shall sign and deliver to the delinquent or delinquents a writing, stating that the delinquent or delinquents by name has, within the time required by that Section 2324, contributed his or her share for the year _____, upon the _____ mine, and further stating therein the district, county, and state wherein the claim is situated, and the book and page where the location notice is recorded, if the claim was located under this chapter. The writing shall be recorded in the office of the county recorder of the county, for which he or she shall receive the same fees as are allowed by law for recording deeds.

3920. If the coowner fails to sign and deliver the writing to the delinquent within 20 days after the contribution, the coowner so failing is liable to the delinquent for a penalty of one hundred dollars ($100) to be recovered by the delinquent in any court of competent jurisdiction. If the coowner fails to deliver the writing within 20 days after the contribution, the delinquent, with two disinterested persons having personal knowledge of the contribution, may make an affidavit setting forth in what manner, the amount of, to whom, and upon what claim, the contribution was made. The affidavit, or a record thereof in the office of the county recorder of the county in which the claim is situated, is prima facie evidence of the contribution.

3921. The record of any location of a mining claim, millsite, or tunnel right in the office of the county recorder, as provided in this chapter, shall be received in evidence and have the same force and effect in the courts of the state as the original notice.

3922. Copies of the records of all instruments required to be recorded by this chapter, duly certified by the recorder in whose custody the records are, may be read in evidence under the same circumstances and rules as are provided by law for using copies of instruments relating to real estate, duly executed or acknowledged or proved and recorded.

3923. This chapter does not in any manner affect or abolish any mining district or the rules and regulations thereof within the state.

3924. Whenever any mining district in this state, organized or created under the laws of the United States, is dissolved, the officers or custodians of the records of the mining district shall deposit with the county recorder of the county, in which the district is located, all records of location notices or other documents affecting titles to mining claims in the mining district, shown by the records of the

district.

County recorders of the counties shall accept any location notices and other documents affecting title to mining claims of dissolved mining districts. Thereafter all notices and documents shall be open for public inspection.

CHAPTER 2. MINING PARTNERSHIPS

3940. A mining partnership exists when two or more persons who own or acquire a mining claim for the purpose of working it and extracting the mineral therefrom actually engage in working the claim.

3941. An express agreement to become partners or to share the profits and losses of mining is not necessary to the formation or existence of a mining partnership. The relation arises from the ownership of shares or interests in a mine and working it for the purpose of extracting the minerals therefrom.

3942. A member of a mining partnership shares in the profits and losses thereof in the proportion which the interest or share he or she owns in the mine bears to the whole partnership capital or whole number of shares.

3943. Each member of a mining partnership has a lien on the partnership property for the debts due the creditors thereof, and for money advanced by him or her for its use. This lien exists notwithstanding that there is an agreement among the partners that it shall not.

3944. The mining-ground owned and worked by partners in mining, whether purchased with partnership funds or not, is partnership property.

3945. One of the partners in a mining partnership may convey his or her interest in the mine and business without dissolving the partnership. The purchaser, from the date of his or her purchase, becomes a member of the partnership.

3946. A purchaser of an interest in the mining-ground of a mining partnership takes it subject to the liens existing in favor of the partners for debts due all creditors thereof, or advances made for the benefit of the partnership, unless he or she purchased in good faith, for a valuable consideration, without notice of that lien.

3947. A purchaser of the interest of a partner in a mine when the partnership is engaged in working it, takes with notice of all liens resulting from the relation of the partners to each other and to the creditors of the partnership.

3948. No member of a mining partnership or other agent or manager thereof can, by a contract in writing, bind the partnership, except by express authority derived from the members thereof.

3949. The decision of the members owning a majority of the shares or interests in a mining partnership binds it in the conduct of its business.

3950. This chapter does not apply to any operations for the

extraction of oil, gas, and other hydrocarbons.

CHAPTER 3. PLACER MINING WATER POLLUTION

3960. This chapter does not apply to any placer mine operator who holds a permit to operate from the California Debris Commission.

3961. Any person, firm, or corporation who engages in the operation of a placer mine on any stream or on the watershed of any stream tributary directly or indirectly to the Sacramento River or the San Joaquin River shall record a verified statement in the office of the county recorder of the county in which his or her mine is situated, within 30 days after the commencement of operations.

3962. The verified statement shall be verified by the operator or by someone in his or her behalf and shall contain all of the following information:

(a) A description of the ground proposed to be mined by placer mining methods, described by United States government subdivisions if possible.

(b) The names and addresses of the owners of the ground.

(c) The names and addresses of the operators of the mine.

(d) The proposed means or method of placer mining operation.

(e) The means which the operator proposes to use to prevent the pollution of any stream by the effluent from the operations.

3963. Within 10 days after an owner or operator changes his or her address, or transfers the ownership or changes the operator of any mining property, a notice setting forth the names and addresses of the new owners or operators shall be filed in the office of the county recorder.

3964. No placer mining operator shall mine by the placer process on any stream or on the watershed of any stream tributary directly or indirectly to the Sacramento River or the San Joaquin River without taking both of the following precautions to prevent pollution of the stream by the effluent from his or her operations:

(a) Constructing a settling pond or ponds of sufficient size to permit the clarification of water used in the mining processes before the water is discharged into the stream.

(b) Mixing with the effluent from mining operations aluminum sulphate and lime, or an equivalent clarifying substance which will cause the solid material in the effluent to coagulate and thus avoid rendering the water in the stream unfit for domestic water supply purposes.

3965. Notwithstanding subdivision (b) of Section 3964, any placer miner who is operating by dredging process, and who desires to transport his or her dredger across a stream, may conduct the dredger across the stream without constructing a settling pond, if he or she is of the opinion that the expense of constructing settling ponds in the stream would be unduly heavy.

Before transporting the dredger, the operator shall use the

following procedure:

(a) He or she shall give a notice of the intent to cross a stream to the clerk or the secretary of each city or district owning or operating a domestic water supply whose clarity is likely to be affected by the crossing operation.

(b) The notice shall be given at least seven days in advance of the date that he or she expects to cross the stream with the dredger.

(c) Upon the expiration of the notice, the operator may, during the following 48 hours, conduct the dredger across the stream even though some turbidity may be caused by the crossing operation.

(d) After crossing the stream, the operator shall comply with subdivision (b) of Section 3964.

3966. Any person, firm, or corporation who violates this chapter is guilty of a misdemeanor.

3967. The operation of any placer mine on ground not covered by a permit issued to the operator from the California Debris Commission, without compliance with this chapter, is declared to be a public nuisance which may be enjoined upon suit brought by the district attorney of the county in which the operation has been conducted, or by any city or district whose domestic water supply is rendered unfit or dangerous for human consumption by the acts, or failure to act, of the operator.

The superior court of the county in which the operation is conducted has jurisdiction to hear and determine the action and to award relief as may be proper.

3968. Nothing in this chapter deprives the state, any city, county, district, person, firm, or corporation of any right to maintain any action or proceeding, in any jurisdiction, which it was entitled to maintain prior to April 8, 1953, or to receive or obtain in the action any remedy accorded to it under existing law.

CHAPTER 4. MISCELLANEOUS PROVISIONS

3980. Sluice boxes, flumes, hose, pipes, railway tracks, cars, blacksmith shops, mills, and all other machinery or tools used in working or developing a mine, are deemed affixed to the mine.

3981. The business of hydraulic mining may be carried on within the state wherever and whenever it can be carried on without material injury to navigable streams or the lands adjacent thereto.

3982. "Hydraulic mining," as used in Section 3981, is mining by means of the application of water, under pressure, through a nozzle, against a natural bank.

3983. Any corporation organized in this state for the purpose of mining or carrying on mining operations in or outside this state, may establish and maintain agencies in other states, for the transfer and issuing of its shares. A transfer or issue of the shares of the corporation at any of its transfer agencies, in accordance with its bylaws, is valid and binding as fully and effectually for all purposes as if made upon the books of the corporation at its principal office within this state.

The transfer agencies shall be governed by the bylaws and the directors of the corporation.

3984. Any shareholder of a corporation formed under the laws of this state for the purpose of mining, may visit, accompanied by his or her expert, and examine the mines owned by the corporation, and every part thereof, at any time he or she may see fit.

When the shareholder applies to the president of the corporation, the president shall immediately cause the secretary thereof to issue and deliver to the shareholder an order, under the seal of the corporation, directed to the superintendent, commanding him or her to show and exhibit parts of the mines that the shareholder named in the order may desire to visit and examine. The superintendent, on receiving the order, shall furnish the shareholder every facility for making a full and complete inspection of the mines, and of the workings therein, and shall either accompany the shareholder in person or furnish some person familiar with the mines to accompany the shareholder in the visit to and through the mines and every part thereof.

If the superintendent fails to obey the order, the shareholder may recover, in any court of competent jurisdiction, against the corporation, the sum of one thousand dollars ($1,000) and traveling expenses to and from the mine, as liquidated damages, together with costs of suit. In case of a refusal, the directors of the corporation shall immediately remove the officer so refusing, and thereafter he or she shall not be employed directly or indirectly by the corporation and shall not be paid any salary.

3985. All grubstake contracts and prospecting agreements entered into after September 19, 1939, and which may in any way affect the title of mining locations, or other locations under the mining laws of this state, shall be void and of no effect unless the instrument has first been recorded in the office of the county recorder of the county in which the instrument is made. The instrument shall be duly acknowledged before a notary public or other person competent to take acknowledgments. Grubstake contracts and prospecting agreements, duly acknowledged and recorded as provided for in this section, shall be prima facie evidence in all courts in this state in all cases where the title to mining locations and other locations under the mining laws of this state are in dispute.

CHAPTER 260

CHAPTER 261

An act to amend Section 704.120 of the Code of Civil Procedure, to amend Sections 1255.7 and 1342 of, and to add Section 2630 to, the Unemployment Insurance Code, and to amend Section 11350.5 of the Welfare and Institutions Code, relating to unemployment insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 4, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 704.120 of the Code of Civil Procedure is amended to read:

704.120. (a) Contributions by workers payable to the Unemployment Compensation Disability Fund and by employers payable to the Unemployment Fund are exempt without making a claim.

(b) Before payment, amounts held for payment of the following benefits are exempt without making a claim:

(e) During the payment of benefits described in paragraphs (2) to (5), inclusive, of subdivision (b) to a judgment debtor under a support judgment, the judgment creditor may, directly or through the appropriate district attorney, seek to apply the benefit payments to satisfy the judgment by a wage assignment for support as defined in Section 706.011 or any other applicable enforcement procedure. If the benefit is payable periodically, the amount to be withheld pursuant to the wage assignment or other procedure shall be 25 percent of the amount of each periodic payment or any lower amount specified in writing by the judgment creditor or court order, rounded down to the nearest whole dollar. Otherwise the amount to

be withheld shall be the amount the court determines under subdivision (c) of Section 703.070. The paying entity may deduct from each payment made pursuant to a wage assignment under this subdivision an amount reflecting the actual cost of administration caused by the wage assignment up to two dollars ($2) for each payment.

SEC. 2. Section 1255.7 of the Unemployment Insurance Code is amended to read:

1255.7. (a) The State Department of Social Services shall notify the director whether an individual filing a claim for unemployment compensation after October 1, 1982, owes support obligations as defined under subdivision (h), and notify the department of any changes in the status of these individuals to ensure that the department has a current record.

(b) The department shall maintain and keep current a record of individuals who owe support obligations and who may have claims for unemployment compensation benefits.

(c) The department shall deduct and withhold support obligations as defined under subdivision (h) from any unemployment compensation payable to an individual who owes these obligations.

(d) Any amount deducted and withheld under subdivision (c) shall be paid by the department to the appropriate county through the State Department of Social Services.

(e) Any amount deducted and withheld under subdivision (c) shall for all purposes be treated as if it were paid to the individual as unemployment compensation and paid by the individual to the State Department of Social Services.

(f) For purposes of subdivisions (a) to (e), inclusive, "unemployment compensation" means any compensation payable under this division, except Part 2 (commencing with Section 2601), but including amounts payable by the department pursuant to an agreement under any federal unemployment compensation law.

(g) This section applies only if appropriate arrangements have been made for reimbursement by the State Department of Social Services for the administrative costs incurred by the Employment Development Department.

(h) For purposes of this section, "support obligations" means the child and related spousal support obligations which are being enforced pursuant to a plan described in Section 454 of the Social Security Act.

SEC. 3. Section 1342 of the Unemployment Insurance Code is amended to read:

1342. Any waiver by any person of any benefit or right under this code is invalid, except as provided by Sections 1255.7 and 2630. Benefits under this code, incentive payments provided by Division 2 (commencing with Section 5000), and payments to an individual under a plan or system established by an employer which makes provisions for his or her employees generally, or for a class or group

of his or her employees, for the purpose of supplementing unemployment compensation benefits, are not subject to assignment, release, or commutation, except as provided by Sections 1255.7 and 2630. Any agreement by any individual in the employ of any person or concern to pay all or any portion of the contributions required of his or her employer under this division is void.

SEC. 4. Section 2630 is added to the Unemployment Insurance Code, to read:

2630. (a) The State Department of Social Services shall periodically notify the department of individuals who are certified, as provided in Section 11350.5 of the Welfare and Institutions Code, as having support obligations, as defined by subdivision (g) and notify the department of any changes in the status of these individuals to ensure that the department has a current record.

(b) Upon receipt of the notifications referred to in subdivision (a), the department shall determine whether the individuals have claims for unemployment compensation disability benefits, either with the department or under an approved voluntary plan.

(c) If the department determines that an individual referred to in subdivision (a) has a claim for unemployment compensation disability benefits with an approved voluntary plan, it shall notify the voluntary plan payer. When the State Department of Social Services notifies the department of any changes in the individual's status as to his or her support obligations, the department shall in turn notify the voluntary plan payer. Upon notification from the department, the voluntary plan payer shall deduct and withhold the amounts specified in Section 11350.5 of the Welfare and Institutions Code from the unemployment compensation disability benefits that would otherwise be payable to the individual. For each withholding, the voluntary plan payor shall deduct an amount which represents the amount withheld for support obligations and may also deduct an administrative fee representing actual costs, not to exceed two dollars ($2). In no event shall the withholding and the administrative fee exceed 25 percent or a lesser amount as specified in subdivision (e) of Section 11350.5 of the Welfare and Institutions Code. The voluntary plan payor shall pay the amounts for support deducted and withheld pursuant to this section to the appropriate certifying county.

(d) The department shall maintain a current record of individuals certified as owing support obligations. If the department determines that the individual has a claim for unemployment compensation disability benefits with the department, it shall deduct and withhold the amounts specified in Section 11350.5 of the Welfare and Institutions Code from the unemployment compensation disability benefits that would otherwise be payable to the individual. The department shall periodically pay the amounts deducted and withheld to the appropriate county through the State Department of Social Services.

(e) Amounts deducted and withheld from an individual's

unemployment compensation disability benefits in accordance with subdivision (c) or (d) shall for all purposes be treated as if it were paid to the individual and then paid by the individual to the State Department of Social Services or the appropriate certifying county.

(f) This section shall apply only if appropriate arrangements are made for the State Department of Social Services to reimburse the department for its administrative costs for performing the functions required of it by this section.

(g) For purposes of this section, "support obligations" means the child and related spousal support obligations described in the state plan approved pursuant to Section 454 of the Social Security Act.

SEC. 5. Section 11350.5 of the Welfare and Institutions Code is amended to read:

11350.5. (a) As authorized by subdivision (d) of Section 704.120 of the Code of Civil Procedure, the following actions shall be taken in order to enforce support obligations which are not being met. Whenever a support judgment or order has been rendered by a court of this state against an individual who is entitled to any unemployment compensation benefits or unemployment compensation disability benefits, the district attorney may file a certification of support judgment or support order with the State Department of Social Services, verifying under penalty of perjury that there is or has been a judgment or an order for support with sums overdue thereunder. The department shall periodically present and keep current, by deletions and additions, a list of the certified support judgments and orders and shall periodically notify the Employment Development Department of individuals certified as owing support obligations.

(b) If the Employment Development Department determines that an individual who owes support may have a claim for unemployment compensation disability insurance benefits under a voluntary plan approved by the Employment Development Department in accordance with Chapter 6 (commencing with Section 3251) of Part 2 of Division 1 of the Unemployment Insurance Code, the Employment Development Department shall immediately notify the voluntary plan payer. When the department notifies the Employment Development Department of changes in an individual's support obligations, the Employment Development Department shall promptly notify the voluntary plan payer of these changes. The Employment Development Department shall maintain and keep current a record of individuals who owe support obligations who may have claims for unemployment compensation or unemployment compensation disability benefits.

(c) Notwithstanding any other provision of law, the Employment Development Department shall withhold the amounts specified below from the unemployment compensation benefits or unemployment compensation disability benefits of individuals with unmet support obligations. The Employment Development Department shall periodically forward them to the State

Department of Social Services for distribution to the appropriate certifying county.

(d) Notwithstanding any other provision of law, during the payment of unemployment compensation disability benefits to an individual, with respect to whom the Employment Development Department has notified a voluntary plan payer that the individual has a support obligation, the voluntary plan payer shall withhold the amounts specified below from the individual's unemployment compensation disability benefits and shall periodically forward them to the appropriate certifying county.

(e) The amounts withheld in subdivisions (c) and (d) shall be equal to 25 percent of each weekly unemployment compensation benefit payment or periodic unemployment compensation disability benefit payment, rounded down to the nearest whole dollar, which is due the individual identified on the certified list. However, the amount withheld may be reduced to a lower whole dollar amount through a written agreement between the individual and district attorney's office or through an order of the court.

(f) The State Department of Social Services shall ensure that the appropriate certifying county shall resolve any claims for refunds in the amounts overwithheld by the Employment Development Department or voluntary plan payer.

(g) No later than the time of the first withholding, the individuals who are subject to the withholding shall be notified by the payer of benefits of all of the following:

(1) That his or her unemployment compensation benefits or unemployment compensation disability benefits have been reduced by a court-ordered support judgment or order pursuant to this section.

(2) The address and phone number of the district attorney's office which submitted the certificate of support judgment or order.

(h) The individual may ask the appropriate court for an equitable division of the individual's unemployment compensation or unemployment compensation disability amounts withheld to take into account the needs of all the persons the individual is required to support.

(i) The State Department of Social Services and the Employment Development Department shall enter into any agreements necessary to carry out this section.

(j) For purposes of this section, "support obligations" means the child and related spousal support obligations which are being enforced pursuant to a plan described in Section 454 of the Social Security Act.

SEC. 6. This act shall have no force and effect until the Director of Employment Development determines that the Employment Development Department has acquired the technical capability to comply with its provisions. Until that time, unemployment compensation disability benefits may be applied to the satisfaction of a support judgment creditor as was provided for prior to the

enactment of this act, including a wage assignment in accordance with Section 704.120 of the Code of Civil Procedure.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to facilitate at the earliest possible time the collection of certain court-ordered but unpaid child and related spousal support through a new program for intercepting unemployment compensation disability benefit payments made to individuals with unmet support obligations, which is in the interest of the health and safety of the affected children and the custodial parents, it is necessary that this act take effect immediately.

CHAPTER 262

An act to amend Section 21209 of the Vehicle Code, relating to bicycle lanes.

[Approved by Governor July 4, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 21209 of the Vehicle Code is amended to read:

21209. (a) No person shall drive a motor vehicle in a bicycle lane established on a roadway pursuant to Section 21207 except as follows:

(1) To park where parking is permitted.

(2) To enter or leave the roadway.

(3) To prepare for a turn within a distance of 200 feet from the intersection.

(b) This section does not prohibit the use of a motorized bicycle in a bicycle lane, pursuant to Section 21207.5, at a speed no greater than is reasonable or prudent, having due regard for visibility, traffic conditions, and the condition of the roadway surface of the bicycle lane, and in a manner which does not endanger the safety of bicyclists.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 263

An act to amend Sections 66796.22, 66796.30, 66796.52, 66796.67, 66799.3, 66799.22, 66799.30, 66799.31, 66799.37, 66799.40, 66799.45, 66799.46, 66799.52, and 66799.55 of, and to add Sections 66711.5, 66711.6, 66711.7, and 66711.8 to, the Government Code, relating to solid waste.

[Approved by Governor July 4, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 66711.5 is added to the Government Code, to read:

66711.5. "Closure plan" means a plan prepared by the owner or operator of a solid waste landfill in accordance with any permit conditions and standards which may be required by an enforcement agency, a regional water board, the state water board, or the board.

SEC. 2. Section 66711.6 is added to the Government Code, to read:

66711.6. "Postclosure maintenance plan" means a plan prepared by the owner or operator of a solid waste landfill to maintain the landfill for at least 30 years after closure in accordance with any permit conditions and standards which may be required by an enforcement agency, a regional water board, the state water board, or the board.

SEC. 3. Section 66711.7 is added to the Government Code, to read:

66711.7. "Regional water board" means a California regional water quality control board for a region, as specified in Section 13200 of the Water Code.

SEC. 4. Section 66711.8 is added to the Government Code, to read:

66711.8. "State water board" means the State Water Resources Control Board, created pursuant to Section 13100 of the Water Code.

SEC. 5. Section 66796.22 of the Government Code is amended to read:

66796.22. (a) The Legislature hereby finds and declares that the long-term protection of air, water, and land from pollution due to the disposal of solid waste is best achieved by requiring financial assurances of the closure and postclosure maintenance of solid waste landfills.

(b) Any person operating a solid waste landfill, as defined in subdivision (e) of Section 66799.3, on or after January 1, 1988, shall do both of the following:

(1) On or before January 1, 1989, or upon application to become an operator of a solid waste facility pursuant to subdivision (b) of Section 66796.30, certify to the board and the enforcement agency

that all of the following have been accomplished:

(A) The operator has prepared an initial estimate of closure and postclosure maintenance costs.

(B) The operator has established a trust fund or equivalent financial arrangement acceptable to the board, as specified in subdivision (f).

(C) The amounts that the operator will deposit annually in the trust fund or equivalent financial arrangement acceptable to the board will ensure adequate resources for closure and postclosure maintenance.

All documentation relating to the preparation of the closure and postclosure maintenance costs shall be retained by the operator and shall be available for inspection by the board or the enforcement agency at reasonable times.

(2) (A) (i) Submit to the enforcement agency, the regional water board, and the board a plan for the closure of the landfill and a plan for the postclosure maintenance of the landfill.

(ii) The closure plan and the postclosure maintenance plan shall be submitted not later than the first date after July 1, 1990, that the solid waste facilities permit is required to be reviewed, pursuant to subdivision (d) of Section 66796.33, and shall be included in that review. If the operator intends to close the solid waste landfill within five years of the effective date of this section, or if the solid waste landfill does not have sufficient permitted capacity to operate for at least five years beyond the effective date of this section, the operator shall submit the plans on or before July 1, 1990, or upon application to become an operator of a solid waste facility pursuant to subdivision (b) of Section 66796.30. No person shall operate a solid waste landfill more than one year after submitting to the enforcement agency, the regional water board, and the board a plan for the closure of the landfill and a plan for the postclosure maintenance of the landfill unless both plans have been approved, or modified and approved, by the enforcement agency, the board, and the regional board pursuant to their authority under the Water Code.

(iii) The closure plan and the postclosure maintenance plan may be modified or revised only upon the filing of a written application therefor by the operator, and the approval, or modification and approval, by the board and the enforcement agency.

(B) After receiving a complete closure plan and postclosure maintenance plan, the regional water board shall approve or disapprove the plans pursuant to the authority and time schedules specified in Division 7 (commencing with Section 13000) of the Water Code. The action by the regional water board shall include a review and approval of the estimates of the funds necessary to implement those portions of the plans approved by the regional water board. The board shall incorporate the action of the regional water board and shall only approve plans that include an acceptable mechanism for providing the necessary funds to implement the plans.

(C) The owner and operator shall, regardless of any changes occurring during the continued operation of the landfill, close and maintain the landfill during postclosure in accordance with the most recent closure plan and the most recent postclosure maintenance plan approved by the enforcement agency and the board pursuant to this section.

(c) The enforcement agency may recover any costs incurred in meeting the requirements of this section by charging a fee as authorized by Section 66796.30.

(d) The board shall adopt emergency regulations on or before July 1, 1989, specifying closure plan and postclosure maintenance plan adoption procedures and uniform closure and postclosure standards. The regulations shall also require solid waste landfill operators to calculate, and periodically revise, cost estimates for closure and postclosure maintenance for a period of not less than 30 years after closure. The board may adopt regulations that distinguish between preliminary and final closure and postclosure maintenance plans. Regulations for preliminary plans may require less specificity and engineering detail than final plans and shall apply only in those cases in which there is reasonable certainty that the solid waste landfill will not close for at least one year following approval of the plans. Preliminary plans shall provide sufficient detail to enable the operator and the board to accurately estimate the costs for closure and postclosure maintenance.

(e) The regulations adopted by the board pursuant to subdivision (d) shall not duplicate or conflict with the regulations imposing the closure and postclosure maintenance requirements adopted by the state water board which are found in Subchapter 15 (commencing with Section 2510) of Chapter 3 of Title 23 of the California Code of Regulations.

(f) Any person operating a solid waste landfill on or after January 1, 1988, shall, with the closure plan and postclosure maintenance plan required to be submitted pursuant to subdivision (b), submit to the board evidence of financial ability to provide for the cost of closure and postclosure maintenance, in an amount equal to the estimated cost of closure and 15 years of postclosure maintenance, contained in the closure plan and the postclosure maintenance plan submitted pursuant to subdivision (b). The evidence of financial ability shall be in the form of a trust fund into which funds shall be deposited on an annual basis in amounts sufficient to meet closure and postclosure costs when needed, or an equivalent financial arrangement acceptable to the board, and shall be reviewed and approved by the enforcement agency and the board in conjunction with the required plans. The evidence of financial ability required of an operator shall be adjusted to equal the estimated costs of closure, and 15 years of postclosure maintenance, in the approved plans. Revisions in the plans prior to closure shall be accompanied by corresponding revisions in cost estimates and financial assurances.

(g) The board shall not require an operator of a solid waste landfill

to revise or amend a closure plan submitted pursuant to this section after closure of the landfill in order to reflect subsequent changes in any standards and regulations adopted by the board.

(h) After closure, and during the postclosure maintenance period, a solid waste landfill operator shall maintain evidence of financial ability for postclosure maintenance at all times equal to the estimated cost of 15 years of postclosure maintenance, except that 15 years before the end of the postclosure maintenance period specified in a postclosure maintenance plan approved by the board and the enforcement agency, an operator may request approval of the board to provide evidence of financial ability in a lesser amount.

(i) Nothing in this title affects the authority of the state water board to impose closure and postclosure maintenance requirements on solid waste landfills.

SEC. 6. Section 66796.30 of the Government Code is amended to read:

66796.30. (a) Any person operating a solid waste facility under an approved land use permit or under other equivalent local approval dated prior to August 15, 1977, shall file a notice of operation with the appropriate enforcement agency by August 15, 1977. If the operator was operating the facility prior to August 15, 1977, and is in compliance with the state minimum standards for solid waste handling and disposal and any applicable local ordinances and regulations, a solid waste facilities permit shall be granted.

(b) Any person who proposes to become an operator of a solid waste facility after August 15, 1977, shall file with the enforcement agency having jurisdiction over such facility an application for a solid waste facilities permit at least 120 days in advance of the date on which it is desired to commence operation.

(c) The operation of a solid waste facility by any person except as authorized pursuant to a solid waste facilities permit is prohibited.

(d) When the operator of the disposal site is not the disposal site owner, the disposal site operator's application for a solid waste facilities permit shall contain any information that the board may require regarding the disposal site owner's interest in the real property utilized as the disposal site.

(e) After August 15, 1977, no operator of a solid waste facility shall make a significant change in the design or operation of any such facility except in conformance with the terms and conditions in a solid waste facilities permit or revised permit issued to such operator. If the operator wishes to modify the operation of a solid waste facility, the operator shall file an application for revision of the existing solid waste facilities permit. The application shall be filed at least 120 days in advance of the date when the proposed modification is to take place. Under circumstances which present an immediate danger to public health, as determined by the governing board of the enforcement agency, the 120-day filing period may be waived by the governing board.

(f) Any person who is the owner of a disposal site which is in

operation after August 15, 1977, shall file with the enforcement agency having jurisdiction over the disposal site a report specifying the date when he encumbered, sold, transferred, or conveyed, or permitted to be encumbered, sold, transferred or conveyed, by agreement for sale, or in any other manner, his interest or any portion thereof in the real property utilized as the disposal site. Such report shall be filed within 30 days after any such sale, transfer or conveyance.

(g) Each report and application filed under this section shall be submitted under oath or under penalty of perjury.

(h) Each report, notice, and application filed under this section shall be submitted on a form approved by the board.

(i) Each application required to be filed under this section shall be accompanied by a filing fee according to a fee schedule established by the enforcement agency to reflect the cost of processing such applications. Any filing fee established by the enforcement agency shall be subject to approval by a majority vote of its local governing body and may not exceed an amount of five hundred dollars ($500), except as necessary to recover costs incurred in meeting the requirements of Section 66796.22. This fee is in addition to the fee authorized by Section 66796.20.

SEC. 7. Section 66796.52 of the Government Code is amended to read:

66796.52. (a) Whenever an enforcement agency finds that any person is operating a solid waste facility or proposes to operate such a facility which causes or threatens to cause a condition of hazard, pollution, or nuisance constituting an emergency requiring immediate action to protect the public health, welfare, or safety, the enforcement agency may issue a cease and desist or cleanup order under this section. If the enforcement agency fails to issue the order, the board may, after notification of the enforcement agency, do so.

(b) An enforcement agency may, whenever it determines that the operation of a solid waste landfill, as defined in subdivision (h) of Section 66799.3, is causing or threatening to cause a condition of hazard, pollution, or nuisance due to the migration of methane gas or any solid waste, require the owner or operator of the facility to take corrective action as necessary to abate a nuisance or protect human health and the environment.

SEC. 8. Section 66796.67 of the Government Code is amended to read:

66796.67. (a) Upon the request of the enforcement agency, or upon its own initiative, the board may, after notification of the enforcement agency, enforce this title. In taking any action, the board is vested, in addition to its other powers, with all the powers of the enforcement agency under this title.

(b) (1) Upon the request of the enforcement agency, or upon its own initiative, the board may, after notification of the enforcement agency require the owner or operator of a solid waste landfill, as defined in subdivision (e) of Section 66799.3, to do either or both of

the following:

(A) Take corrective action as necessary to abate a nuisance or protect human health and the environment.

(B) Prepare and implement a closure plan and postclosure maintenance plan.

(2) The board may expend funds available to it from the Solid Waste Disposal Site Cleanup and Maintenance Account in the General Fund in preparing and issuing an order under this subdivision.

(c) Upon the request of the enforcement agency or a regional water board, or upon its own initiative, the board may, after notification of the enforcement agency, contract for the preparation and, if necessary, the implementation of any closure plan or postclosure maintenance plan required by Section 66796.22 after issuance of an order pursuant to subdivison (b) and the failure of the owner or operator to comply on or before the date specified in the order. The board may expend funds allocated from the Solid Waste Disposal Site Cleanup and Maintenance Account in the General Fund to carry out this subdivision.

(d) Upon the request of the enforcement agency, or upon its own initiative, the board may, after notification of the enforcement agency, contract for corrective action after the issuance of an order pursuant to subdivision (b) and failure of the owner and operator to comply on or before the date specified in the order. The board may expend funds allocated from the Solid Waste Disposal Site Cleanup and Maintenance Account in the General Fund to carry out this subdivision.

(e) If the board expends any funds pursuant to subdivision (c) or (d), the owner and the operator of the solid waste landfill shall pay the board an amount equal to the funds which are expended plus a reasonable amount for the board's cost of contract administration together with an amount equal to the interest that would have been earned on the expended funds. The amount of any cost incurred by the board pursuant to this section shall be recoverable in a civil action by the board, or upon request of the board pursuant to Section 66748, by the Attorney General. Any amounts recovered, except amounts payable to the board for contract administration, shall be deposited in the Solid Waste Disposal Site Cleanup and Maintenance Account in the General Fund.

(f) Any contract entered into by the board, pursuant to subdivision (b), (c), or (d), is exempt from approval by the Department of General Services pursuant to Section 14780.

(g) Nothing in this title affects the authority of the state water board or a regional water board to issue enforcement orders or take corrective actions on solid waste facilities.

(h) Any corrective action taken under this title shall incorporate, as a condition of the action, any applicable waste discharge requirements issued by the state water board or a regional water board, and shall be consistent with all applicable water quality

control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code, and state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code existing at the time of the action or proposed action.

SEC. 9. Section 66799.3 of the Government Code is amended to read:

66799.3. As used in this chapter, the following definitions apply:

(a) "Account" means the Solid Waste Disposal Site Cleanup and Maintenance Account in the General Fund.

(b) "Committee" means the Solid Waste Cleanup and Advisory Committee.

(c) "Corrective action" means any action, required or approved by an enforcement agency, or the board pursuant to Chapter 3 (commencing with Section 66795), the state water board, a regional water board, or an air quality management district or air pollution control district, to abate a nuisance or prevent the migration of methane gas or contaminated ground or surface water as necessary to protect human health and the environment.

(d) "Inert waste" means a nonliquid waste including, but not limited to, soil and concrete, that does not contain hazardous waste or soluble pollutants at concentrations in excess of water quality objectives established by a regional board pursuant to Division 7 (commencing with Section 13000) of the Water Code and does not contain significant quantities of decomposable waste.

(e) "Solid waste landfill" means a solid waste disposal facility which meets the requirements of a class III landfill pursuant to Section 2533 of Title 23 of the California Code of Regulations. "Solid waste landfill" does not include a facility which receives only wastes generated by the landfill owner or operator in the extraction, beneficiation, or processing of ores and minerals.

(f) "State board" means the State Board of Equalization.

SEC. 10. Section 66799.22 of the Government Code is amended to read:

66799.22. The board may do all of the following:

(a) Enter into loan guarantee agreements with owners or operators of solid waste landfills operating solid waste disposal facilities on or after January 1, 1988, pursuant to a solid waste facilities permit issued pursuant to Article 2 (commencing with Section 66796.30) of Chapter 3.

(b) Enter into contracts which the board deems necessary to carry out its powers and duties pursuant to this chapter.

(c) Provide grants, pursuant to Section 66799.40, to cities or counties for local programs to help prevent the disposal of hazardous wastes at solid waste disposal sites, including, but not limited to, programs to manage household hazardous waste. These grants shall not exceed, in any one fiscal year, more than 20 percent of the total revenues deposited, or anticipated to be deposited, in the account

during the same fiscal year.

(d) Fix reasonable fees and charges for loan guarantees and revise, from time-to-time, these fees and charges.

SEC. 11. Section 66799.30 of the Government Code is amended to read:

66799.30. The board may make loan guarantees to the owner or operator of a solid waste landfill to implement a corrective action. Loan guarantees approved by the board may apply to loans made by banks, savings and loan institutions, or state or federal agencies authorized to make loans or provide other forms of financial assistance for these purposes, including, but not limited to, the California Pollution Control Financing Authority.

SEC. 12. Section 66799.31 of the Government Code is amended to read:

66799.31. The board shall not make a loan guarantee pursuant to this chapter unless the board finds both of the following:

(a) That the owner or the operator of a solid waste landfill requires financial assistance to complete a corrective action.

(b) That loan guarantee funds will not be used to fund routine closure and postclosure maintenance activities that could be paid or financed out of trust funds or equivalent arrangements established pursuant to subdivision (e) of Section 66796.22.

SEC. 13. Section 66799.37 of the Government Code is amended to read:

66799.37. The board shall not, on or after January 1, 1988, guarantee a loan to a person who is not the owner or operator of a solid waste disposal facility operating pursuant to a solid waste facilities permit issued pursuant to Article 2 (commencing with Section 66796.30) of Chapter 3 and accepting solid wastes.

SEC. 14. Section 66799.40 of the Government Code is amended to read:

66799.40. The board may make grants of funds in the account to a city or county for any of the following purposes related to the safe operation, closure, and maintenance of solid waste landfills operating on or after January 1, 1988:

(a) Support for establishing collection systems to ensure that hazardous waste, including, but not limited to, household hazardous waste, is not improperly disposed of in a solid waste landfill.

(b) Payment of the local costs of waste control and enforcement programs that help prevent the disposal of hazardous wastes in solid waste landfills.

(c) If a city or county has already funded the type of program described in subdivision (a) or (b) locally, the board shall award a minimum grant of funds from the account to reimburse that city or county for the actual cost of the local program in that fiscal year or 20 percent of the fees generated or anticipated to be generated in the city or county into the account during the same fiscal year, whichever is less. This subdivision does not limit the authority of the board to award grants of funds from the account in excess of, or in

addition to, the minimum grant amounts set forth in this subdivision, in accordance with the grant criteria established pursuant to Section 66799.23.

SEC. 15. Section 66799.45 of the Government Code is amended to read:

66799.45. (a) The board shall annually grant or allocate funds from the account to enforcement agencies and the state water board, as determined necessary by the board and consistent with legislative direction, to assist in the support of solid waste landfill permit inspection and enforcement programs carried out by regional boards pursuant to Division 7 (commencing with Section 13000) of the Water Code and by enforcement agencies pursuant to Chapter 3 (commencing with Section 66795).

(b) The board shall apportion the funds generally to reflect population, number of solid waste landfills, the scope of local enforcement responsibilities, and the weight or volume of solid waste disposed of within an enforcement agency or regional water board's jurisdiction. The state water board and each enforcement agency shall expend its annual apportionment made pursuant to this section by the board exclusively for the inspection of solid waste landfills, enforcement of the solid waste landfill's solid waste facilities permits, and enforcement of waste discharge requirements by the regional water quality control boards. These funds are in addition to any other funds available for these purposes. The board shall grant or allocate funds pursuant to this section in an amount which equals, in any one fiscal year, 10 percent of the total revenues deposited, or anticipated to be deposited, in the account during the same fiscal year. The board shall distribute not less than 75 percent of the funds granted or allocated pursuant to this section to local enforcement agencies.

SEC. 16. Section 66799.46 of the Government Code is amended to read:

66799.46. (a) Upon application by the state water board or at the discretion of the board, the board may allocate funds from the account to the state water board to prepare or implement a closure plan or a postclosure maintenance plan for a solid waste landfill if the owner and the operator have failed to comply with an order issued by a regional board requiring the preparation or implementation of a closure plan or postclosure maintenance plan.

(b) Upon application by the state water board or at the discretion of the board, the board may allocate funds from the account to the state water board to take emergency corrective action if the solid waste landfill owner and operator have failed to comply with a corrective action order issued by a regional board.

(c) If the board expends any funds pursuant to subdivision (a) or (b), the owner and operator of the solid waste landfill shall pay the board an amount equal to the funds expended plus a reasonable amount for interest and the costs of contract administration.

(d) Costs incurred by the state water board pursuant to this section shall be recoverable in a civil action by the board or, upon

the request of the board pursuant to Section 66748, by the Attorney General. Any amounts recovered shall be deposited in the account.

SEC. 17. Section 66799.52 of the Government Code is amended to read:

66799.52. All money in the account is available to the board, upon appropriation by the Legislature, only for purposes of this chapter and for the purposes of Section 66796.67.

SEC. 18. Section 66799.55 of the Government Code is amended to read:

66799.55. (a) Any operator of a solid waste landfill that pays a fee pursuant to this article, may impose, as necessary, on its users an administrative fee of not more than 5 percent of the fees collected by the state board in the previous year.

(b) Administrative fees imposed pursuant to subdivision (a) shall reflect the actual costs of collecting and accounting for fees paid to the state board.

(c) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 19. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency and school district has the authority to levy service charges, fees, or assessments sufficient to pay for the programs or level of service mandated by this act.

CHAPTER 264

An act to add Title 4.8 (commencing with Section 4496) to Part 3 of the Penal Code, relating to the financing of a county correctional facility and youth facility program by providing the funds necessary therefor through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 4, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Title 4.8 (commencing with Section 4496) is added to Part 3 of the Penal Code, to read:

TITLE 4.8. COUNTY CORRECTIONAL FACILITY CAPITAL EXPENDITURE AND YOUTH FACILITY BOND ACT OF 1988

CHAPTER 1. GENERAL PROVISIONS

4496. This title shall be known and may be cited as the County

Correctional Facility Capital Expenditure and Youth Facility Bond Act of 1988.

4496.02. The Legislature finds and declares all of the following:

(a) While the County Jail Capital Expenditure Bond Act of 1981, the County Jail Capital Expenditure Bond Act of 1984, and the County Correctional Facility Capital Expenditure Bond Act of 1986 have helped eliminate many of the critically overcrowded conditions found in county correctional facilities in the state, many problems remain.

(b) Numerous county jails and juvenile facilities throughout California are dilapidated and overcrowded.

(c) Capital improvements are necessary to protect life and safety of the persons confined or employed in jail facilities and to upgrade the health and sanitary conditions of those facilities.

(d) County jails are threatened with closure or the imposition of court supervision if health and safety deficiencies are not corrected immediately.

(e) Due to fiscal constraints associated with the loss of local property tax revenues, counties are unable to finance the construction of adequate jail and juvenile facilities.

(f) Local facilities for adults and juveniles are operating over capacity and the population of these facilities is still increasing. It is essential to the public safety that construction of new facilities proceed as expeditiously as possible to relieve overcrowding and to maintain public safety and security.

4496.04. As used in this title, the following terms have the following meanings:

(a) "Committee" means the 1988 County Correctional Facility Capital Expenditure and Youth Facility Finance Committee created pursuant to Section 4496.34.

(b) "Fund" means the 1988 County Correctional Facility Capital Expenditure and Youth Facility Bond Fund created pursuant to Section 4496.10.

(c) "County correctional facilities" means county jail facilities, including separate facilities for the care of mentally ill inmates and persons arrested because of intoxication, but does not include county juvenile facilities.

(d) "County juvenile facilities" means county juvenile halls, juvenile homes, ranches, or camps, and other juvenile detention facilities.

(e) "Youth center" means a facility where children, ages 6 to 17, inclusive, come together for programs and activities, including, but not limited to, recreation, health and fitness, delinquency prevention such as antigang programs and programs fostering resistance to peer group pressures, counseling for problems such as drug and alcohol abuse and suicide, citizenship and leadership development, and youth employment.

(f) "Youth shelter" means a facility that provides a variety of services to homeless minors living on the street or abused and

neglected children to assist them with their immediate survival needs and to help reunite them with their parents or, as a last alternative, to find a suitable home.

CHAPTER 2. PROGRAM

4496.10. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the 1988 County Correctional Facility Capital Expenditure and Youth Facility Bond Fund, which is hereby created.

4496.12. (a) (1) Moneys in the fund, up to a limit of four hundred ten million dollars ($410,000,000), may be available for the construction, reconstruction, remodeling, and replacement of county correctional facilities, and the performance of deferred maintenance on county correctional facilities. However, deferred maintenance for facilities shall only include items with a useful life of at least 10 years.

(2) Moneys in the fund, up to a limit of sixty-five million dollars ($65,000,000), may be available for the construction, reconstruction, remodeling, and replacement of county juvenile facilities, and the performance of deferred maintenance on county juvenile facilities, but may only be used for the purpose of reducing overcrowding and eliminating health, fire, and life safety hazards.

(3) Expenditure shall be made only if county matching funds of 25 percent are provided as determined by the Legislature, except that this requirement may be modified or waived by the Legislature where it determines that it is necessary to facilitate the expeditious and equitable construction of state and local correctional facilities.

(b) Moneys in the fund, up to a limit of twenty-five million dollars ($25,000,000), may be available for the purpose of making awards to public or private nonprofit agencies or joint ventures, or a combination of those entities, for purpose of purchasing equipment and for acquiring, renovating, or constructing youth centers or youth shelters, as may be provided by statute. Fifteen million dollars ($15,000,000) shall be available for youth centers and ten million dollars ($10,000,000) shall be available for youth shelters and shall be distributed by the Department of the Youth Authority. However, any remaining money that has not been awarded under this subdivision within two years of the effective date of this title shall be available for both youth centers and youth shelters.

4496.16. In order to be eligible to receive funds for the purposes specified in subdivision (a) of Section 4496.12 derived from the issuance of bonds under this title, a county shall do all of the following:

(a) Adopt a plan to prohibit the detention of all juveniles in county jails unless otherwise authorized by law.

(b) Demonstrate that it has adequate facilities for mentally ill inmates or detainees and for those persons arrested because of inebriation, or demonstrate that it has a plan for the provision of

services to these persons.

(c) Demonstrate that it has utilized, to the greatest practicable extent, alternatives to jail incarceration.

4496.19. Money in the fund may only be expended for projects specified in this chapter as allocated in appropriations made by the Legislature.

CHAPTER 3. FISCAL PROVISIONS

4496.30. Bonds in the total amount of five hundred million dollars ($500,000,000), exclusive of refunding bonds, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this title and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

4496.32. The bonds authorized by this title shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this title.

4496.34. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this title, the 1988 County Correctional Facility Capital Expenditure and Youth Facility Finance Committee is hereby created. For purposes of this title, the finance committee is "the committee" as that term is used in the State General Obligation Bond Law. The committee consists of the Governor, the Controller, the Treasurer, the Director of Finance, or their designated representatives. A majority of the committee may act for the committee.

(b) For purposes of the State General Obligation Bond Law, the Board of Corrections is designated the "board."

4496.36. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Section 4496.12 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

4496.38. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount

required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

4496.40. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum which is necessary to carry out the provisions of Section 4496.42, appropriated without regard to fiscal years.

4496.42. For the purposes of carrying out this title, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section, plus any interest that the amounts would have earned in the Pooled Money Investment Account, shall be returned to the General Fund from money received from the sale of bonds for the purpose of carrying out this title.

4496.44. All money deposited in the fund which is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

4496.46. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code.

4496.47. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purposes of carrying out the provisions of this chapter. The amount of the request shall not exceed the amount of the unsold bonds which the committee has by resolution authorized to be sold for the purpose of carrying out this chapter. The board shall execute such documents as required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

4496.48. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this title are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

SEC. 2. Section 1 of this act shall take effect upon the adoption by the voters of the County Correctional Facility Capital Expenditure and Youth Facility Bond Act of 1988, as set forth in Section 1 of this act.

SEC. 3. Section 1 of this act shall be submitted to the voters at the next statewide election in accordance with provisions of the Government Code and the Elections Code governing the submission of statewide measures to the voters.

SEC. 4. Notwithstanding any other provision of law, all ballots of the election shall have printed thereon and in a square thereof, the words: "County Correctional Facility Capital Expenditure and Youth Facility Bond Act of 1988," and in the same square under those words, the following in 8-point type: "This act provides for a bond issue of five hundred million dollars ($500,000,000) to provide funds for the construction, reconstruction, remodeling, replacement, and deferred maintenance of county correctional facilities and county juvenile facilities and to provide funds to youth centers and youth shelters." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that conditions threatening life and safety shall be alleviated at the earliest possible date, it is necessary that this act take effect immediately.

CHAPTER 265

An act to repeal and add Section 1203 of the Corporations Code, relating to corporations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 4, 1988. Filed with Secretary of State July 5, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203 of the Corporations Code is repealed.

SEC. 2. Section 1203 is added to the Corporations Code, to read:

1203. (a) If a tender offer or a written proposal for approval of a reorganization subject to Section 1200 or for a sale of assets subject to subdivision (a) of Section 1001 is made to some or all of a corporation's shareholders by an interested party (herein referred to as an "Interested Party Proposal"), an affirmative opinion in writing as to the fairness of the consideration to the shareholders of that

corporation shall be delivered as follows:

(1) If no shareholder approval or acceptance is required for the consummation of the transaction, the opinion shall be delivered to the corporation's board of directors not later than the time that consummation of the transaction is authorized and approved by the board of directors.

(2) If a tender offer is made to the corporation's shareholders, the opinion shall be delivered to the shareholders at the time that the tender offer is first made in writing to the shareholders.

(3) If a shareholders' meeting is to be held to vote on approval of the transaction, the opinion shall be delivered to the shareholders with the notice of the meeting (Section 601).

(4) If consents of all shareholders entitled to vote are solicited in writing (Section 603), the opinion shall be delivered at the same time as that solicitation.

(5) If the consents of all shareholders are not solicited in writing, the opinion shall be delivered to each shareholder whose consent is solicited prior to that shareholder's consent being given, and to all other shareholders at the time they are given the notice required by subdivision (b) of Section 603.

For purposes of this section, the term "interested party" means a person who is a party to the transaction and (A) directly or indirectly controls the corporation that is the subject of the tender offer or proposal, (B) is, or is directly or indirectly controlled by, an officer or director of the subject corporation, or (C) is an entity in which a material financial interest (subdivision (a) of Section 310) is held by any director or executive officer of the subject corporation. For purposes of the clause (C), "any executive officer" means the president, any vice president in charge of a principal business unit, division, or function such as sales, administration, research or development, or finance, and any other officer or other person who performs a policymaking function or has the same duties as those of a president or vice president. The opinion required by this subdivision shall be provided by a person who is not affiliated with the offeror and who, for compensation, engages in the business of advising others as to the value of properties, businesses, or securities. The fact that the opining person previously has provided services to the offeror or a related entity or is simultaneously engaged in providing advice or assistance with respect to the proposed transaction in a manner which makes its compensation contingent on the success of the proposed transaction shall not, for those reasons, be deemed to affiliate the opining person with the offeror. Nothing in this subdivision shall limit the applicability of the standards of review of the transaction in the event of a challenge thereto under Section 310 or subdivision (c) of Section 1312.

This subdivision shall not apply to an Interested Party Proposal if the corporation that is the subject thereof does not have shares held or record by 100 or more persons (determined as provided in Section 605), or if the transaction has been qualified under Section 25113 or

25120 and no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to that qualification.

(b) If a tender of shares or a vote or written consent is being sought pursuant to an Interested Party Proposal and a later tender offer or written proposal for a reorganization subject to Section 1200 or sale of assets subject to subdivision (a) of Section 1001 that would require a vote or written consent of shareholders is made to the corporation or its shareholders (herein referred to as a "Later Proposal") by any other person at least 10 days prior to the date for acceptance of the tendered shares or the vote or notice of shareholder approval on the Interested Party Proposal, then each of the following shall apply:

(1) The shareholders shall be informed of the Later Proposal and any written material provided for this purpose by the later offeror shall be forwarded to the shareholders at that offeror's expense.

(2) The shareholders shall be afforded a reasonable opportunity to withdraw any vote, consent, or proxy previously given before the vote or written consent on the Interested Party Proposal becomes effective, or a reasonable time to withdraw any tendered shares before the purchase of the shares pursuant to the Interested Party Proposal. For purposes of this subdivision, a delay of 10 days from the notice or publication of the Later Proposal shall be deemed to provide a reasonable opportunity or time to effect that withdrawal.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reconcile existing law with well established procedures in the financial community and to facilitate the implementation of regulations governing corporate reorganizations, sales of assets, and tender offers, it is necessary that this act become effective immediately.

CHAPTER 266

An act to add Article 7 (commencing with Section 10301) to Chapter 1 of Division 5 of the Public Utilities Code, relating to public utilities.

[Approved by Governor July 6, 1988. Filed with Secretary of State July 6, 1988]

The people of the State of California do enact as follows:

SECTION 1. Article 7 (commencing with Section 10301) is added to Chapter 1 of Division 5 of the Public Utilities Code, to read:

Article 7. Financing Provisions

10301. The Legislature finds and declares that financing the acquisition of privately owned facilities of an electrical or gas corporation by a municipal corporation not previously engaged in furnishing electricity or gas to customers on a regular and ongoing basis or by a redevelopment agency should be subject to the investigation and safeguards provided by this article in the public interest. The Legislature further finds and declares that the purpose of this article is to ensure that the power to acquire and operate these facilities is exercised in the wisest manner consistent with its grant and in the public interest.

10302. As used in this article:

(a) "Electrical corporation" means an electrical corporation as defined in Section 218.

(b) "Gas corporation" means a gas corporation as defined in Section 222.

(c) "Redevelopment agency" means a redevelopment agency as defined in Section 34102 of the Health and Safety Code.

10303. CHAPTER 267

An act to add Section 11370.6 to the Health and Safety Code, relating to controlled substances.

[Approved by Governor July 6, 1988. Filed with Secretary of State July 6, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 11370.6 is added to the Health and Safety Code, to read:

11370.6. (a) Every person who possesses any moneys or negotiable instruments in excess of one hundred thousand dollars ($100,000) which have been obtained as the result of the unlawful

sale, possession for sale, transportation, manufacture, offer for sale, or offer to manufacture any controlled substance listed in Section 11054, 11055, 11056, 11057, or 11058, with knowledge that the moneys or negotiable instruments have been so obtained, and any person who possesses any moneys or negotiable instruments in excess of one hundred thousand dollars ($100,000) which are intended by that person for the unlawful purchase of any controlled substance listed in Section 11054, 11055, 11056, 11057, or 11058 and who commits an act in substantial furtherance of the unlawful purchase, shall be punished by imprisonment in the county jail for a term not to exceed one year, or by imprisonment in the state prison for two, three, or four years.

(b) In consideration of the constitutional right to counsel afforded by the Sixth Amendment to the United States Constitution and Section 15 of Article 1 of the California Constitution, when a case charged under subdivision (a) involves an attorney who accepts a fee for representing a client in a criminal investigation or proceeding, the prosecution shall additionally be required to prove that the moneys or negotiable instruments were accepted by the attorney with the intent to participate in the unlawful conduct described in subdivision (a) or to disguise or aid in disguising the source of the funds or the nature of the criminal activity.

(c) In determining the guilt or innocence of a person charged under subdivision (a), the trier of fact may consider the following in addition to any other relevant evidence:

(1) The lack of gainful employment by the person charged.

(2) The expert opinion of a qualified controlled substances expert as to the source of the assets.

(3) The existence of documents or ledgers that indicate sales of controlled substances.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 268

An act to amend Section 19879 of the Government Code, relating to state employees.

[Approved by Governor July 6, 1988. Filed with Secretary of State July 6, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 19879 of the Government Code is amended to read:

19879. (a) When an employee is disabled, whether temporarily or permanently, the employee shall become entitled, subject to the provisions of this article, to receive nonindustrial disability benefits in an amount equal to one-half full pay, but not to exceed one hundred twenty-five dollars ($125) per week, payable monthly for a period not exceeding 26 weeks for any one disability benefit period, but in no case shall benefits be payable for any day on and after death or separation or retirement from state service.

(b) For purposes of this section, the "full pay" of a part-time or intermittent employee only shall be established in accordance with the following:

(1) Where the part-time employment is regularly scheduled and is a fixed proportion of the established workweek, the payments shall be determined on the basis of that proportionate part of the monthly rate.

(2) Where employment is intermittent or irregular, the payments shall be determined on the basis of the proportionate part of a monthly rate established by the total hours actually employed in the 18 monthly pay periods immediately preceding the pay period in which the disability begins as compared to the regular rate for a full-time employee in the same group or class.

(c) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

(d) This section shall also apply to employees who are either excluded from the definition of a state employee in subdivision (c) of Section 3513, or are supervisory employees as defined in Section 3522.1, or are nonelected officers or employees of the executive branch of government who are not members of the civil service, except that the maximum weekly payment shall be established by regulation adopted by the department.

CHAPTER 269

An act to amend Sections 11166, 11166.2, 11169, 11174, and 11174.1 of, and to repeal Section 11166.1 of, the Penal Code, relating to child abuse and neglect.

[Approved by Governor July 6, 1988. Filed with Secretary of State July 6, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (b), any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident. For the purposes of this article, "reasonable suspicion" means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect child abuse. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute the basis of reasonable suspicion of sexual abuse.

(b) Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or his or her emotional well-being is endangered in any other way, may report such known or suspected instance of child abuse to a child protective agency.

(c) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, video tape, negative or slide depicting a child under the age of 14 years engaged in an act of sexual conduct, shall report such instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately or as soon as practically possible by telephone and shall prepare and send a written report of it with a copy of the film, photograph, video tape, negative or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, "sexual conduct" means any of the following:

(1) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

(2) Penetration of the vagina or rectum by any object.

(3) Masturbation, for the purpose of sexual stimulation of the viewer.

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(d) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse may report the known or suspected instance of child abuse to a child protective agency.

(e) When two or more persons who are required to report are present and jointly have knowledge of a known or suspected instance of child abuse, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by such selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so, shall thereafter make the report.

(f) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties and no person making such a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with the provisions of this article.

The internal procedures shall not require any employee required to make reports by this article to disclose his or her identity to the employer.

(2) Any supervisor or administrator who violates paragraph (1) is guilty of a misdemeanor which is punishable by confinement in the county jail for a term not to exceed six months or by a fine of not more than one thousand dollars ($1,000) or by both.

(g) A county probation or welfare department shall immediately or as soon as practically possible report by telephone to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney's office every known or suspected instance of child abuse as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall only be reported to the county welfare department. A county probation or welfare department shall also send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

A law enforcement agency shall immediately or as soon as practically possible report by telephone to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office

every known or suspected instance of child abuse reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall only be reported to the county welfare department. A law enforcement agency shall report to the county welfare department every known or suspected instance of child abuse reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency shall also send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision.

SEC. 2. Section 11166.1 of the Penal Code, as added by Chapter 1598 of the Statutes of 1985, is repealed.

SEC. 3. Section 11166.2 of the Penal Code is amended to read:

11166.2. In addition to the reports required under Section 11166, a child protective agency shall immediately or as soon as practically possible report by telephone to the appropriate licensing agency every known or suspected instance of child abuse, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall only be reported to the county welfare department, when the instance of abuse occurs while the child is being cared for in a child day care facility, involves a child day care licensed staff person, or occurs while the child is under the supervision of a community care facility or involves a community care facility licensee or staff person. A child protective agency shall also send a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it is required to make a telephone report under this subdivision. A child protective agency shall send the licensing agency a copy of its investigation report and any other pertinent materials.

SEC. 4. Section 11169 of the Penal Code is amended to read:

11169. A child protective agency shall forward to the Department of Justice a report in writing of every case it investigates of known or suspected child abuse which is determined not to be unfounded, other than cases coming within subdivision (b) of Section 11165.2. A child protective agency shall not forward a report to the Department of Justice unless it has conducted an active investigation and determined that the report is not unfounded, as defined in Section 11165.12. If a report has previously been filed which subsequently proves to be unfounded, the Department of Justice shall be notified in writing of that fact and shall not retain the report. The report required by this section shall be in a form approved by the Department of Justice. A child protective agency receiving a written report from another child protective agency shall not send such report to the Department of Justice.

The immunity provisions of Section 11172 shall not apply to the submission of a report by a child protective agency pursuant to this section. However, nothing in this section shall be construed to alter or diminish any other immunity provisions of state or federal law.

SEC. 5. Section 11174 of the Penal Code is amended to read:

11174. The Department of Justice, in cooperation with the State Department of Social Services, shall prescribe by regulation guidelines for the investigation of abuse in out-of-home care, as defined in Section 11165.5, and shall ensure that the investigation is conducted in accordance with the regulations and guidelines.

SEC. 6. Section 11174.1 of the Penal Code is amended to read:

11174.1. The Department of Justice, in cooperation with the State Department of Social Services, shall prescribe by regulation guidelines for the investigation of child abuse, as defined in Section 11165.6, in facilities licensed to care for children, and shall ensure that the investigation is conducted in accordance with the regulations and guidelines.

CHAPTER 270

An act to amend Sections 4103.5, 4423, 4423.1, 4423.2, 4423.3, and 4423.4 of, and to add Sections 4103.4 and 4412.5 to, the Public Resources Code, relating to fires.

[Approved by Governor July 6, 1988. Filed with Secretary of State July 6, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 4103.4 is added to the Public Resources Code, to read:

4103.4. "Open fire" means any fire, controlled or uncontrolled, including a campfire, burning outside of any structure, mobilehome, or living accommodation mounted on a motor vehicle. "Open fire" does not include portable lanterns designed to emit light resulting from a combustion process.

SEC. 2. Section 4103.5 of the Public Resources Code is amended to read:

4103.5. "Campfire" means a fire which is used for cooking, personal warmth, lighting, ceremonial, or aesthetic purposes, including fires contained within outdoor fireplaces and enclosed stoves with flues or chimneys, stoves using jellied, liquid, solid, or gaseous fuels, portable barbecue pits and braziers, or space heating devices which are used outside any structure, mobilehome, or living accommodation mounted on a motor vehicle. "Campfire" does not include portable lanterns designed to emit light resulting from a combustion process.

SEC. 3. Section 4412.5 is added to the Public Resources Code, to

read:

4412.5. "Campfire" has the same meaning as defined in Section 4103.5.

SEC. 4. Section 4423 of the Public Resources Code is amended to read:

4423. A person shall not burn any brush, stumps, logs, fallen timber, fallows, slash, grass-covered land, brush-covered land, forest-covered land, or other flammable material, in any state responsibility area, area receiving fire protection by the department by contract, or upon federal lands administered by the United States Department of Agriculture or Department of the Interior, unless the person has a written permit from the department or its duly authorized representative or the authorized federal officer on federal lands administered by the United States Department of Agriculture or of the Interior and in strict accordance with the terms of the permit:

(a) At any time in Zone A.

(b) At any time in Zone B between May 1st and the date the director declares, by proclamation, that the hazardous fire conditions have abated for that year, or at any other time in Zone B during any year when the director has declared, by proclamation, that unusual fire hazard conditions exist in the area.

The issuing agency may require the permittee to contact the agency to determine permit suspension status prior to burning.

SEC. 5. Section 4423.1 of the Public Resources Code is amended to read:

4423.1. Burning under permit by any person on public or private lands, except within incorporated cities, may be suspended, restricted, or otherwise prohibited by proclamation. Any of the following public officers may issue a proclamation, which shall be applicable within their respective jurisdictions:

(a) The director or his or her designee.

(b) Any county fire warden with the approval of the director.

(c) The federal officers directing activities within California of the United States Bureau of Land Management, the National Park Service, and the United States Forest Service.

The proclamation may be issued when, in the judgment of the issuing public official, the menace of destruction by fire to life, improved property, or natural resources is, or is forecast to become, extreme due to critical fire weather, fire suppression forces being heavily committed to control fires already burning, acute dryness of the vegetation, or other factors that may cause the rapid spread of fire. A proclamation is effective on issuance or at a time specified therein and shall remain in effect until a proclamation removing the suspension, restriction, or prohibition is issued. The proclamation may be effective for a single day or longer. The proclamation shall declare the conditions that necessitate its issuance, designate the geographic area to which it applies, require that all or specified burning under permit be suspended, restricted, or prohibited until

the conditions necessitating the proclamation abate, and identify the public official issuing the proclamation. The proclamation may be in the form of a verbal or tape-recorded telephone message, a press release, or a posted order.

The proclamation may be issued without complying with Chapter 3.5 (commencing with Section 11340) and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 6. Section 4423.2 of the Public Resources Code is amended to read:

4423.2. (a) Whenever the burning under permit has been suspended , restricted, or prohibited by proclamation pursuant to Section 4423.1, the officer having jurisdiction may issue a restricted temporary burning permit in instances in which the continuation of burning may be essential for reasons of public health, safety, or welfare. The permit may stipulate any special precautions that are required to be followed to reduce the risk of uncontrolled fire originating from the operation.

(b) Violation of the terms of a restricted temporary burning permit is a misdemeanor, and any person upon conviction thereof shall be punished by a fine of not less than two hundred fifty dollars ($250). No part of the fine shall be suspended. The court may permit the fine prescribed by this section to be paid in installments if the court determines that the defendant is unable to pay the fine in one lump sum.

CHAPTER 271

An act to amend Sections 4359, 4516, 7020, and 7021 of the Civil Code, and to amend Section 550 of the Code of Civil Procedure, relating to orders.

[Approved by Governor July 6, 1988 Filed with Secretary of State July 6, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 4359 of the Civil Code is amended to read:

4359. (a) During the pendency of any proceeding under Title 2 (commencing with Section 4400) or Title 3 (commencing with Section 4500) of this part, upon application of either party in the manner provided by Section 527 of the Code of Civil Procedure, the superior court may issue ex parte orders (1) restraining any person from transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether community, quasi-community, or separate, except in the usual course of business or for the necessities of life, and if the order is directed against a party, requiring him or her to notify the other party of any proposed extraordinary expenditures and to account to the court for all extraordinary expenditures; (2) enjoining any party from contacting, molesting, attacking, striking, threatening, sexually assaulting, battering, or disturbing the peace of the other party, and, in the discretion of the court, upon a showing of good cause, other named family and household members; (3) excluding one party from the family dwelling or from the dwelling of the other, for the period of time and upon the conditions as the court may determine, regardless of which party holds legal or equitable title, or is the lessee of the dwelling, upon a showing that the party to be excluded has assaulted or threatens to assault the other party or any other person under the care, custody, or control of the other party, or any minor child of the parties or of the other party, and that physical or emotional harm would otherwise result to the other party or any person under the care, custody, or control of the other party, or to any minor child of the parties or of the other party as provided in Section 5102; (4) determining the temporary custody of any minor children of the marriage, and the right of a party to visit the minor

children upon the conditions as the court may determine; (5) determining the temporary use, possession, and control of real or personal property of the parties and the payment of any liens or encumbrances coming due during the pendency of the order; and (6) enjoining a party from specified behavior which the court determines is necessary to effectuate orders under paragraph (2) or (3).

Any order issued pursuant to this section shall state on its face the date of expiration of the order.

The Judicial Council shall promulgate forms and instructions for applications for orders and orders granted pursuant to this section.

(b) The court shall order the party who obtained the order or the attorney for that party to deliver or the clerk to mail a copy of any order, or extension, modification or termination thereof, granted pursuant to subdivision (a), by the close of the business day on which the order, extension, modification, or termination was granted, and any subsequent proof of service thereof, to each local law enforcement agency designated by the party or the attorney for the party, having jurisdiction over the residence of the party and other locations where the court determines that acts of domestic violence against the party are likely to occur. Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms and current status of any order issued pursuant to subdivision (a) to any law enforcement officer responding to the scene of reported domestic violence.

Notwithstanding the foregoing, an order issued pursuant to this section is enforceable in any place in this state. However, an order issued pursuant to this section is not enforceable by a law enforcement agency of a political subdivision unless that law enforcement agency has received a copy of the order pursuant to this subdivision, has otherwise received a copy of the order, or the officer enforcing the order has been shown a copy of the order.

(c) Each order granted pursuant to this section shall state on its face that it is enforceable in any place in this state by any law enforcement agency that has received a mailed notice as provided by subdivision (b), by any other law enforcement agency that has received the order, or by any officer who has been shown the order. Any willful and knowing violation of any order granted pursuant to paragraph (2), (3) or (6) of subdivision (a) shall be a misdemeanor punishable under Section 273.6 of the Penal Code.

(d) Any restraining order against domestic violence issued pursuant to paragraph (2), (3), or (6) of subdivision (a) may, upon the request of the moving party, be served upon the responding party by any law enforcement officer who is present at the scene of reported domestic violence involving the parties to the action. The moving party shall provide the officer with an endorsed copy of the order and a proof of service which the officer shall complete and transmit to the issuing court.

SEC. 2. Section 4516 of the Civil Code is amended to read:

4516. A judgment entered pursuant to this part may include any orders issued pursuant to paragraphs (2) and (6) of subdivision (a) of Section 4359. Any such judgment shall state on its face (1) which provisions of the judgment are the orders, and (2) the date of expiration of the orders, which shall be not more than three years from the date of entry of judgment unless extended by the court after notice and hearing. The judgments, or orders, or extensions thereof, shall be transmitted to law enforcement agencies in the manner provided by subdivision (b) of Section 4359. Any willful and knowing violation of any such order shall be a misdemeanor punishable under Section 273.6 of the Penal Code.

SEC. 3. Section 7020 of the Civil Code is amended to read:

7020. (a) During the pendency of any proceeding under this part, upon application in the manner provided by Section 527 of the Code of Civil Procedure, the superior court may issue ex parte orders (1) enjoining any party from contacting, molesting, attacking, striking, threatening, sexually assaulting, battering, or disturbing the peace of the other party or the minor child; (2) excluding one party from the dwelling of the party who has care, custody and control of the child upon showing that the party to be excluded has assaulted or threatens to assault the other party or the minor child, and that physical or emotional harm would otherwise result to the party or the minor child; (3) enjoining a party from specified behavior which the court determines is necessary to effectuate orders under paragraph (1) or (2); and (4) determining the temporary custody of any minor child who is the subject of a proceeding under this part and the right of a party to visit the minor child upon the conditions as the court may determine. In the case in which a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be granted, on the earliest day that the business of the court will permit, but not later than 15 days or, if good cause appears to the court, 20 days from the date the temporary restraining order is granted. The court may on motion of the plaintiff or on its own motion shorten the time for service on the defendant of the order to show cause.

(b) The court may issue upon notice and a hearing any of the orders set forth in subdivision (a). After notice and a hearing, the court may order the exclusion of one party from the common dwelling of both parties or from the dwelling of the party who has care, custody, and control of the minor child upon a showing only that physical or emotional harm would otherwise result to the party or the minor child. Any restraining order granted pursuant to this subdivision shall remain in effect, in the discretion of the court, not to exceed one year except as provided in Section 7021, unless otherwise terminated by the court, extended by mutual consent of the parties or extended by further order of the court on the motion of any party.

(c) Any order issued pursuant to subdivision (a) or (b) shall state on its face the date of expiration of the order.

(d) The court shall order the party who obtained the order or the attorney for the party to deliver or the clerk to mail a copy of any order, or extension, modification or termination thereof, granted pursuant to subdivision (a) or (b), by the close of the business day on which the order, extension, modification, or termination was granted, and any subsequent proof of service thereof, to each local law enforcement agency designated by the party or the attorney for the party, having jurisdiction over the residence of the party who has care, custody and control of the minor child and such other locations where the court determines that acts of domestic violence against the party and the minor child are likely to occur. Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms and current status of any order issued pursuant to subdivision (a) or (b) to any law enforcement officer responding to the scene of reported domestic violence.

(e) Any restraining order against domestic violence issued pursuant to paragraph (1), (2), or (3) of subdivision (a) may, upon the request of the moving party, be served upon the responding party by any law enforcement officer who is present at the scene of reported domestic violence involving the parties to the action. The moving party shall provide the officer with an endorsed copy of the order and a proof of service which the officer shall complete and transmit to the issuing court.

(f) Any willful and knowing violation of any order granted pursuant to subdivision (a) or (b) shall be a misdemeanor punishable under Section 273.6 of the Penal Code.

SEC. 4. Section 7021 of the Civil Code is amended to read:

7021. A judgment entered under this part may include any orders issued pursuant to paragraph (1), (2), or (3) of subdivision (a) of Section 7020. Any such judgment shall state on its face (1) which provisions of the judgment are the orders, and (2) the date of expiration of the orders, which shall be not more than three years from the date the judgment is issued unless extended by the court after notice and hearing. The judgments, or orders, or extensions thereof shall be transmitted to law enforcement agencies in the manner provided by subdivision (d) of Section 7020. Any willful and knowing violation of any such order shall be a misdemeanor punishable under Section 273.6 of the Penal Code.

SEC. 5. Section 550 of the Code of Civil Procedure is amended to read:

Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms and current status of any order issued pursuant to this chapter to any law enforcement officer responding to the scene of reported domestic violence. Any restraining order against domestic violence issued pursuant to this chapter may, upon request of the plaintiff, be served upon the defendant by any law enforcement officer who is present at the scene of reported domestic violence involving the parties to the action. The moving party shall provide the officer with an endorsed copy of the order and a proof of service which the officer shall complete and transmit to the issuing court.

In considering the seriousness of the offense charged, the judge or magistrate shall include consideration of the alleged injury to the victim, and alleged threats to the victim or a witness to the crime charged, the alleged use of a firearm or other deadly weapon in the commission of the crime charged, and the alleged use or possession of controlled substances by the defendant.

In considering offenses wherein a violation of Chapter 6 (commencing with Section 11350) of Division 10 of the Health and Safety Code is alleged, the judge or magistrate shall consider the following: (1) the alleged amounts of controlled substances involved in the commission of the offense, and (2) whether the defendant is currently released on bail for an alleged violation of Chapter 6 (commencing with Section 11350) of Division 10 of the Health and

Safety Code.

CHAPTER 275

An act to amend Section 68092.5 of the Government Code, relating to witnesses.

[Approved by Governor July 6, 1988 Filed with Secretary of State July 6, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 68092.5 of the Government Code is amended to read:

68092.5. (a) A party requiring testimony before any court, tribunal, or arbiter in any civil action or proceeding from any (1) expert described in paragraph (2) of subdivision (a) of Section 2034 of the Code of Civil Procedure, except one who is a party or an employee of a party, or (2) treating physician or other treating health care practitioner who is to be asked to express an opinion during the action or procedure, shall pay the reasonable and customary hourly or daily fee for the actual time consumed in the examination of that expert by any party attending the action or proceeding.

The party requiring the attendance shall either accompany the service of the subpoena or notice with a tender of the expert's fee based on the anticipated length of time the expert is required to remain at such place pursuant to the notice or subpoena or tender that fee at the required time of appearance. The expert's fee shall be delivered to the attorney for the party designating the expert. If the appearance of the expert takes longer than anticipated, the party serving the subpoena or notice shall pay the balance of the expert's fee within five days of receipt of an itemized statement from the expert. The party designating the expert is responsible for any fee charged by the expert for preparing for the testimony and for traveling to the place of the civil action or proceeding, as well as for any travel expenses of the expert, unless otherwise determined by the court.

(b) The service of a proper subpoena or notice accompanied by the tender of the expert witness fee described in subdivision (a) is effective to require the party employing or retaining the expert to produce the expert for testimony. If the party serving the notice or subpoena fails to tender the expert's fee under subdivision (a), the expert shall not be required to appear at that time unless the parties stipulate otherwise.

(c) If a party requiring the appearance by subpoena or notice of another party's expert witness under this subdivision deems that the hourly or daily fee of that expert for providing testimony is unreasonable, that party may move for an order setting the compensation of that expert. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith

attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall also be given to the expert.

The court shall set the fee of the expert for providing testimony if it determines that the fee demanded by that expert is unreasonable.

(d) In the event the proceeding at which the expert witness has been notified his attendance is required is continued or canceled in advance of the time for which it is scheduled, such witness shall be notified of the continuance or cancellation by the party requiring his or her attendance by the quickest and most reliable means of giving notice under the circumstances. In the event such party fails to give notice as required by this subdivision, then the expert witness shall be entitled to receive the compensation specified in subdivision (a) of this section, notwithstanding his or her failure to give any testimony.

(e) An express contract entered into between a person and the party requesting or requiring the person to testify, relating to compensation, shall be enforceable and shall prevail over the provisions of this section.

(f) The deposition of an expert witness is governed by Section 2034 of the Code of Civil Procedure.

2955.5. (a) No lender shall require a borrower, as a condition of receiving or maintaining a loan secured by real property, to provide hazard insurance coverage against risks to the improvements on that real property in an amount exceeding the replacement value of the improvements on the property.

(b) Any person harmed by a violation of this section shall be entitled to obtain injunctive relief and may recover damages and reasonable attorney's fees and costs.

(c) A violation of this section does not affect the validity of the loan, note secured by a deed of trust, mortgage, or deed of trust.

(d) For purposes of this section:

(1) "Hazard insurance coverage" means insurance against losses caused by perils which are commonly covered in policies described as a "Homeowner's Policy," "General Property Form," "Guaranteed

CHAPTER 277

An act to amend Sections 861 and 868 of the Penal Code, relating to criminal procedure.

[Approved by Governor July 6, 1988. Filed with Secretary of State July 6, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 861 of the Penal Code is amended to read:

861. The preliminary examination shall be completed at one session or the complaint shall be dismissed, unless the magistrate, for good cause shown by affidavit, postpones it. The postponement shall not be for more than 10 court days, unless either of the following occur:

(a) The defendant personally waives his or her right to a continuous preliminary examination.

(b) The prosecution establishes good cause for a postponement beyond the 10-court day period. If the magistrate postpones the preliminary examination beyond the 10-court day period, and the defendant is in custody, the defendant shall be released pursuant to subdivision (b) of Section 859b.

The preliminary examination shall not be postponed beyond 60 days from the date the motion to postpone the examination is granted, unless by consent or on motion of the defendant.

Nothing in this section shall preclude the magistrate from interrupting the preliminary examination to conduct brief court matters so long as a substantial majority of the court's time is devoted

to the preliminary examination.

SEC. 2. Section 868 of the Penal Code is amended to read:

868. The examination shall be open and public. However, upon the request of the defendant and a finding by the magistrate that exclusion of the public is necessary in order to protect the defendant's right to a fair and impartial trial, the magistrate shall exclude from the examination every person except the clerk, court reporter and bailiff, the prosecutor and his or her counsel, the Attorney General, the district attorney of the county, the investigating officer, the officer having custody of a prisoner witness while the prisoner is testifying, the defendant and his or her counsel, the officer having the defendant in custody, and a person chosen by the prosecuting witness who is not himself or herself a witness but who is present to provide the prosecuting witness moral support, provided that the person so chosen shall not discuss prior to or during the preliminary examination the testimony of the prosecuting witness with any person, other than the prosecuting witness, who is a witness in the examination. Upon motion of the prosecution, members of the alleged victim's family shall be entitled to be present and seated during the examination. The court shall grant the motion unless the magistrate finds that the exclusion is necessary to protect the defendant's right to a fair and impartial trial, or unless information provided by the defendant or noticed by the court establishes that there is a reasonable likelihood that the attendance of members of the alleged victim's family poses a risk of affecting the content of the testimony of the victim or any other witness. The court shall admonish members of the alleged victim's family who are present and seated during the examination not to discuss any testimony with family members, witnesses, or the public. Nothing in this section shall affect the exclusion of witnesses as provided in Section 867 of the Penal Code.

For purposes of this section, members of the alleged victim's family shall include the alleged victim's spouse, parents, legal guardian, children, or siblings.

CHAPTER 278

An act to amend Section 631 of the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor July 6, 1988 Filed with Secretary of State July 6, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 631 of the Code of Civil Procedure is amended to read:

631. Trial by jury may be waived by the several parties to an issue

of fact in any of the following ways:

1. By failing to appear at the trial;

2. By written consent filed with the clerk or judge;

3. By oral consent, in open court, entered in the minutes or docket;

4. By failing to announce that a jury is required, at the time the cause is first set upon the trial calendar if it be set upon notice or stipulation, or within five days after notice of setting if it be set without notice or stipulation; provided, that in justice courts such waiver may be made by failure of either party to demand a jury within two days after service upon him of the notice provided for in Section 594 of this code; provided further, that in any superior court action if a jury is demanded by either party in the memorandum to set cause for trial and such party thereafter by announcement or by operation of law waives a trial by jury, then in said event any and all adverse party or parties shall be given 10 days' written notice by the clerk of the court of such waiver, whereupon, notwithstanding any rule of the court to the contrary, such adverse party or parties shall have not exceeding five days immediately following the receipt of such notice of such waiver, within which to file and serve a demand for a trial by jury and deposit advance jury fees for the first day's trial whenever such deposit is required by rule of court, and if it is impossible for the clerk of the court to give such 10 days' notice by reason of the trial date, or if for any cause said notice is not given, the trial of said action shall be continued by the court for a sufficient length of time to enable the giving of such notice by the clerk of the court to such adverse party.

Regardless of anything contained in the foregoing to the contrary, the court may in its discretion, upon such terms as may be just, allow a trial by jury to be had, although there has been a waiver of such a trial.

5. By failing to deposit with the clerk, or judge, a sum equal to the amount of one day's jury fees payable under the law, 25 days prior to the date set for trial, except in unlawful detainer actions where the fees shall be deposited at least five days prior to the date set for trial.

6. By failing to deposit with the clerk or judge, promptly after the impanelment of the jury, a sum equal to the mileage or transportation (if any be allowed by law) of the jury accrued up to that time;

7. By failing to deposit with the clerk or judge, at the beginning of the second and each succeeding day's session a sum equal to one day's fees of the jury, and the mileage or transportation, if any there be.

8. When the party who has demanded trial by jury either waives such trial upon or after the assignment for trial to a specific department of the court, or upon or after the commencement of the trial, or fails to deposit the fees as provided in subdivision 6 or 7; by the other party either failing promptly to demand trial by jury before the judge in whose department such waiver, other than for the failure to deposit such fees, was made, or by his failing promptly to

deposit the fees provided in subdivision 6 or 7.

The court may, in its discretion upon such terms as may be just, allow a trial by jury to be had although there has been a waiver of such a trial.

SECTION 1. Section 10086.5 is added to the Insurance Code, to read:

10086.5. (a) The Legislature hereby finds and declares that the continued regulation of the business practices of insurers and their products is in the interest of the citizens of the state and that the control and limitation of unlawful rejection or cancellation of residential property insurance after an offer of earthquake coverage is accepted is an essential component of that regulation which is necessary to effectuate an adequate and complete system and regulation of insurer and producer business practices. The Legislature finds that this chapter continues to provide critical protection to insureds in this state from the numerous consequences that would occur in the absence of that regulation.

(b) An insurer shall not reject or cancel a policy of residential property insurance after an offer of earthquake coverage is accepted solely because the insured has accepted that offer of earthquake coverage, except in cases in which the policy is terminated by the named insured.

(a) An estimate or requisition approved by the state agency in control of the appropriation or fund against which a purchase is to be charged, is full authority for any contract and purchase of supplies of the quality specified by the agency or determined by the Board of Control as provided in this article made pursuant thereto by the department.

(b) The department shall issue a call for bids within 30 days after receiving a requisition for any supplies, material, or equipment that are regularly purchased within this state. The period of closing time designated in the invitations for bids shall be exclusive of holidays and shall be extended to the next working day after a holiday.

(c) Except as provided in subdivision (d), after the closing date for receiving any bids within or without this state, the contract of purchase shall be awarded or the bids shall be rejected within 45 days unless a protest is filed as provided in Section 10306.

(d) After the 45-day time period prescribed by subdivision (c), the department may in its sound discretion either award the contract of purchase to the lowest responsible bidder meeting specifications who remains willing to accept the award or else reject all bids.

(e) The amendments made to this section at the 1987–88 Regular Session of the Legislature do not constitute a change in, but are declaratory of, existing law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

In order to ensure that the validity of various existing procurement contracts is not jeopardized due to ambiguities in existing law, it is necessary that this act go into effect immediately.

CHAPTER 283

An act to amend Section 1770 of, and to add Sections 1770.1 and 1770.2 to, the Government Code, relating to public officers.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 7, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1770 of the Government Code is amended to read:

1770. An office becomes vacant on the happening of any of the following events before the expiration of the term:

(a) The death of the incumbent.

(b) An adjudication pursuant to a quo warranto proceeding declaring that the incumbent is physically or mentally incapacitated due to disease, illness, or accident and that there is reasonable cause to believe that the incumbent will not be able to perform the duties of his or her office for the remainder of his or her term. This subdivision shall not apply to offices created by the California Constitution nor to federal or state legislators.

(c) His or her resignation.

(d) His or her removal from office.

(e) His or her ceasing to be an inhabitant of the state, or if the office be local and one for which local residence is required by law, of the district, county, or city for which the officer was chosen or appointed, or within which the duties of his or her office are required to be discharged. However, the office of judge of a municipal or justice court shall not become vacant when, as a result of a change in the boundaries of a judicial district during an incumbent's term, the incumbent ceases to be an inhabitant of the district for which he or she was elected or appointed to serve.

(f) His or her absence from the state without the permission required by law beyond the period allowed by law.

(g) His or her ceasing to discharge the duties of his or her office for the period of three consecutive months, except when prevented by sickness, or when absent from the state with the permission required by law.

(h) His or her conviction of a felony or of any offense involving a violation of his or her official duties. An officer shall be deemed to have been convicted under this subdivision when trial court judgment is entered. For the purposes of this subdivision, "trial court

judgment" means a judgment by the trial court either sentencing the officer or otherwise upholding and implementing the plea, verdict, or finding.

(i) His or her refusal or neglect to file his or her required oath or bond within the time prescribed.

(j) The decision of a competent tribunal declaring void his or her election or appointment.

(k) The making of an order vacating his or her office or declaring the office vacant when the officer fails to furnish an additional or supplemental bond.

(*l*) His or her commitment to a hospital or sanitarium by a court of competent jurisdiction as a drug addict, dipsomaniac, inebriate, or stimulant addict; but in that event the office shall not be deemed vacant until the order of commitment has become final.

SEC. 2. Section 1770.1 is added to the Government Code, to read:

1770.1. The disqualification from holding office upon conviction, as provided in Section 1021, or the forfeiture of office upon conviction, as provided in subdivision (h) of Section 1770 and Section 3000, is neither stayed by the initiation of an appeal from the conviction, nor set aside by the successful prosecuting of an appeal from the conviction by the person suffering the conviction.

SEC. 3. Section 1770.2 is added to the Government Code, to read:

1770.2. Upon the entry of a plea of guilty, the entry of a plea of nolo contendere, or the rendering of a verdict of a guilty either by a jury or by the court sitting without a jury of a public offense, the conviction of which would invoke the provisions of Section 1021, subdivision (h) of Section 1770, or Section 3000, the person found guilty shall not assume the office for which the person is otherwise qualified or shall be suspended immediately from the office the person then holds. During the time of inability to assume an office or of suspension from office, the person shall not be entitled to receive the emoluments of the office, including, but not limited to, the exercise of the powers of the office, the rights to be seated in the office, and the compensation, including benefits, prescribed for the office.

In the event the trial court sets aside or otherwise nullifies the plea or verdict before the trial court judgment is entered, the inability to assume office or the suspension from holding office shall be lifted, and the person suspended from office shall be restored to office with its emoluments, including those that would have otherwise accrued during the suspension, excluding, however, interest on any monetary payment.

SEC. 4. Sections 1 and 2 of this act do not constitute changes in, but are declaratory of, the existing law.

CHAPTER 284

An act to amend Sections 23378.2, 23776, and 25503.15 of the Business and Professions Code, relating to alcoholic beverages, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 7, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 23378.2 of the Business and Professions Code is amended to read:

23378.2. Notwithstanding any other provision of this division, a licensed wholesaler or importer may be issued and may hold retail package off-sale beer and wine licenses if the wholesaler or importer sells wine and no other alcoholic beverages at or from the retail premises.

SEC. 2. Section 23776 of the Business and Professions Code is amended to read:

23776. A wholesaler's license shall not be issued or renewed to any on-sale or off-sale licensee, except that:

(1) A wholesaler's license restricted to sales to on-sale licensees may be issued or renewed to an on-sale licensee in counties not to exceed 15,000 population, or

(2) If restricted to the wholesaler's sale of wine, a beer and wine wholesaler's license may be renewed for the holder of an off-sale beer and wine licensee who on December 31, 1987, held an off-sale beer and wine license and a beer and wine wholesaler's license, provided that the beer and wine wholesaler's license restricted to the wholesaler's sale of wine can only be transferred to the holder of a beer and wine wholesaler's license restricted to the wholesaler's sale of wine on the date of transfer.

SEC. 3. Section 25503.15 of the Business and Professions Code is amended to read:

25503.15. Notwithstanding any other provision of this division, a winegrower who manufactures, produces, bottles, processes, imports, or sells wine only, or any officer, director, or agent of any such person, may hold the ownership of any interest in any on-sale license, or the business conducted under any such license, provided that the person or the officer, director, or agent of that person, shall have entered into an undertaking approved by the department stating that neither that person nor any officer, director, or agent of that person shall sell or furnish to the holder of the license any wine, or permit the sale pursuant to that license of any wine, manufactured, produced, bottled, processed, imported, or sold by that person or that person's principal so long as that ownership continues, nor that neither that person nor any officer, director, or agent of that person shall enter into any collusive scheme whereby

he or she unfairly sells or promotes, in his or her onsale businesses, the wine of another winegrower who manufactures, produces, bottles, processes, imports or sells wine only, in return for his or her wine being unfairly sold or promoted in the on-sale businesses of that winegrower.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 68 of the Statutes of 1987 inadvertently removed longstanding statutory authority for delicatessens and groceries holding off-sale beer and wine licenses to wholesale wine in gift packs with food products. As a result, unless this defect is reversed by June 30, 1988, many small markets will be forced to divest themselves of their wine wholesale businesses. Therefore, it is necessary that this act go into immediate effect.

CHAPTER 285

An act to amend Section 3 of Chapter 2 of the Statutes of 1987—First Extraordinary Session, relating to disaster relief, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1988 Filed with Secretary of State July 7, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 3 of Chapter 2 of the Statutes of 1987 First Extraordinary Session is amended to read:

Sec. 3. (a) In addition to any other funds made available, the sum of seventeen million five hundred thousand dollars ($17,500,000) is hereby transferred from the Special Fund for Economic Uncertainties to the Disaster Response-Emergency Operations Account therein for allocation by the Department of Finance in accordance with Section 8690.6 of the Government Code and this section pursuant to the following schedule:

(b) Of the funds transferred pursuant to subdivision (a), seven million five hundred thousand dollars ($7,500,000) is transferred to the Housing Rehabilitation Loan Fund for use by the Department of Housing and Community Development for making deferred-payment loans pursuant to Section 50662.5 of the Health and Safety Code, including administrative costs, which shall not exceed two hundred fifty thousand dollars ($250,000).

(c) Of the funds transferred pursuant to subdivision (a), ten million dollars ($10,000,000) shall be allocated to the State Department of Social Services for allocation by that department to provide individual and family grant assistance to persons incurring

damage due to earthquakes occurring in October 1987 in Los Angeles and Orange Counties. These funds shall not be used to fulfill matching fund requirements for federal disaster assistance, but shall be used to supplement the federal Individual and Family Grant Program. A supplemental grant provided for under this subdivision to an individual or family shall not exceed ten thousand dollars ($10,000). Except as provided in subdivision (d), any moneys subject to this subdivision that are not encumbered as of July 1, 1988, shall be transferred on that date to the Housing Rehabilitation Loan Fund for use as specified in subdivision (b).

(d) From the moneys subject to subdivision (c) and that are not encumbered as of July 1, 1988, the amount of five hundred thousand dollars ($500,000) shall be retained by the State Department of Social Services to provide additional individual and family grant assistance until October 1, 1988. The unencumbered portion, if any, of that amount shall be transferred to the Housing Rehabilitation Loan Fund for use as specified in subdivision (b).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to insure that all persons who incurred damage as a result of the October 1987 earthquakes in Los Angeles and Orange Counties and who have applied for supplemental individual and family grants assistance receive full and appropriate consideration and in order to give the State Department of Social Services additional time in 1988 to process and resolve all applications for grants, it is necessary that this act go into immediate effect.

CHAPTER 286

An act to amend Sections 1513, 1513.5, 1514, 1515, 1516, 1518, 1519, 1520, and 1521 of, and to add Section 1501.5 to, the Code of Civil Procedure, relating to escheat.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 7, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1501.5 is added to the Code of Civil Procedure, to read:

1501.5. (a) Notwithstanding any provision of law to the contrary, property received by the state under this chapter shall not permanently escheat to the state.

(b) The Legislature finds and declares that this section is declaratory of the existing law and sets forth the intent of the Legislature regarding the Uniform Disposition of Unclaimed

Property Act (Chapter 1809, Statutes of 1959) and all amendments thereto and revisions thereof. Any opinions, rulings, orders, judgments, or other statements to the contrary by any court are erroneous and inconsistent with the intent of the Legislature.

SEC. 2. Section 1513 of the Code of Civil Procedure is amended to read:

1513. Subject to Sections 1510 and 1511, the following property held or owing by a business association escheats to this state:

(1) Increased or decreased the amount of the deposit, or presented the passbook or other similar evidence of the deposit for the crediting of interest.

(2) Corresponded in writing with the banking organization concerning the deposit.

(3) Otherwise indicated an interest in the deposit as evidenced by a memorandum or other record on file with the banking organization.

No banking organization may discontinue any interest or dividends on any savings deposit because of the inactivity contemplated by this section.

(b) Except as provided in subdivision (f), any demand, savings, or matured time deposit, or matured investment certificate, or account subject to a negotiable order of withdrawal, or other interest in a financial organization or any deposit made therewith, and any interest or dividends thereon, excluding, from demand deposits and accounts subject to a negotiable order of withdrawal only, any reasonable service charges which may lawfully be withheld and which do not (where made in this state) exceed those set forth in schedules filed by the financial organization from time to time with the Controller, when the owner, for more than five years, has not done any of the following:

(2) Corresponded in writing with the financial organization concerning the funds or deposit.

(3) Otherwise indicated an interest in the funds or deposit as evidenced by a memorandum or other record on file with the financial organization.

No financial organization may discontinue any interest or

dividends on any funds paid toward purchase of shares or other interest, or on any deposit, because of the inactivity contemplated by this section.

(c) Any sum payable on a travelers check issued by a business association that has been outstanding for more than 15 years from the date of its issuance, when the owner, for more than 15 years, has not corresponded in writing with the business association concerning it, or otherwise indicated an interest as evidenced by a memorandum or other record on file with such association.

(d) Any sum payable on any other written instrument on which a banking or financial organization is directly liable, including, by way of illustration but not of limitation, any draft or certified check, that has been outstanding for more than five years from the date it was payable, or from the date of its issuance if payable on demand, when the owner, for more than five years, has not corresponded in writing with the banking or financial organization concerning it, or otherwise indicated an interest as evidenced by a memorandum or other record on file with the banking or financial organization.

(e) Any sum payable on a money order issued by a business association (including a banking or financial organization), that has been outstanding for more than seven years from the date it was payable, or from the date of its issuance if payable on demand, when the owner, for more than seven years, has not corresponded in writing with the business association, banking, or financial organization concerning it, or otherwise indicated an interest as evidenced by a memorandum or other record on file with the business association.

(f) Any funds held by a business association in an individual retirement account or under a retirement plan for self-employed individuals or similar account or plan established pursuant to the internal revenue laws of the United States or of this state, when the owner, for more than five years after the funds become payable or distributable, has not done any of the following:

(1) Increased or decreased the principal.

(2) Accepted payment of principal or income.

(3) Corresponded in writing concerning the property or otherwise indicated an interest.

Such funds are not payable or distributable within the meaning of this subdivision unless, under the terms of the account or plan, distribution of all or a part of the funds would then be mandatory.

(g) For purposes of this section "service charges" means service charges imposed because of the inactivity contemplated by this section.

SEC. 3. Section 1513.5 of the Code of Civil Procedure is amended to read:

1513.5. (a) Except as provided in subdivision (c), if the holder has in its records an address for the apparent owner, which the holder's records do not disclose to be inaccurate, every banking or financial organization shall make reasonable efforts to notify by mail

any customer that the customer's deposit, account, shares, or other interest in the banking or financial organization will escheat to the state pursuant to subdivision (a) or (b) of Section 1513. The notice shall be given not less than three years nor more than three and one-half years after the date of last activity by, or communication with, the owner with respect to the account, deposit, shares, or other interest, as shown on the record of the financial organization.

(b) The notice required by this section shall specify the time that the deposit, account, shares, or other interest will escheat and the effects of escheat, including the necessity for filing a claim for the return of the deposit, account, shares, or other interest. It shall also include a form, as prescribed by the State Controller, by which the customer may declare an intention to maintain the deposit, account, shares, or other interest. If that form is filled out, signed by the customer, and returned to the banking or financial organization, it shall satisfy the requirement of paragraph (3) of subdivision (a) or paragraph (3) of subdivision (b) of Section 1513. The banking or financial organization may impose a service charge on the deposit, account, shares, or other interest for this notice in an amount not to exceed the administrative cost of mailing the notice and form and in no case to exceed two dollars ($2).

(c) Notice as provided by subdivisions (a) and (b) shall not be required for deposits, accounts, shares, or other interests of less than twenty-five dollars ($25) and no service charge may be made for notice on these items.

SEC. 4. Section 1514 of the Code of Civil Procedure is amended to read:

1514. The contents of any safe deposit box or any other safekeeping repository, held in this state by a business association, escheat to this state if unclaimed by the owner for more than five years from the date on which the lease or rental period on the box or other repository expired, or from the date of termination of any agreement because of which the box or other repository was furnished to the owner without cost, whichever last occurs.

SEC. 5. Section 1515 of the Code of Civil Procedure is amended to read:

1515. (a) Subject to Section 1510, funds held or owing by a life insurance corporation under any life or endowment insurance policy or annuity contract which has matured or terminated escheat to this state if unclaimed and unpaid for more than five years after the funds became due and payable as established from the records of the corporation.

(b) If a person other than the insured or annuitant is entitled to the funds and no address of such person is known to the corporation or if it is not definite and certain from the records of the corporation what person is entitled to the funds, it is presumed that the last known address of the person entitled to the funds is the same as the last known address of the insured or annuitant according to the records of the corporation. This presumption is a presumption

affecting the burden of proof.

(c) A life insurance policy not matured by actual proof of the death of the insured according to the records of the corporation is deemed to be matured and the proceeds due and payable if:

(1) The insured has attained, or would have attained if he were living, the limiting age under the mortality table on which the reserve is based;

(2) The policy was in force at the time the insured attained, or would have attained, the limiting age specified in paragraph (1); and

(3) Neither the insured nor any other person appearing to have an interest in the policy has, within the preceding five years, according to the records of the corporation (i) assigned, readjusted, or paid premiums on the policy, (ii) subjected the policy to loan, or (iii) corresponded in writing with the life insurance corporation concerning the policy.

(d) Any funds otherwise payable according to the records of the corporation are deemed due and payable although the policy or contract has not been surrendered as required.

SEC. 6. Section 1516 of the Code of Civil Procedure is amended to read:

1516. (a) Subject to Section 1510, any dividend, profit, distribution, interest, payment on principal, or other sum held or owing by a business association for or to its shareholder, certificate holder, member, bondholder, or other security holder, or a participating patron of a cooperative, who has not claimed it, or corresponded in writing with the business association concerning it, within five years after the date prescribed for payment or delivery, escheats to this state.

(b) Subject to Section 1510, any intangible interest in a business association, as evidenced by the stock records or membership records of the association, escheats to this state if (1) the interest in the association is owned by a person who for more than five years has neither claimed a dividend or other sum referred to in subdivision (a) nor corresponded in writing with the association or otherwise indicated an interest as evidenced by a memorandum or other record on file with the association, and (2) the association does not know the location of the owner at the end of such five-year period. With respect to such interest, the business association shall be deemed the holder.

(c) Subject to Section 1510, any dividends or other distributions held for or owing to a person at the time the stock or other security to which they attach escheats to this state also escheat to this state as of the same time.

SEC. 7. Section 1518 of the Code of Civil Procedure is amended to read:

1518. (a) All tangible personal property located in this state and, subject to Section 1510, all intangible personal property, and the income or increment on such tangible or intangible property, held in a fiduciary capacity for the benefit of another person escheats to

this state if after it becomes payable or distributable, the owner has not, within a period of five years, increased or decreased the principal, accepted payment of principal or income, corresponded in writing concerning the property, or otherwise indicated an interest as evidenced by a memorandum or other record on file with the fiduciary.

(b) Funds in an individual retirement account or a retirement plan for self-employed individuals or similar account or plan established pursuant to the internal revenue laws of the United States or of this state are not payable or distributable within the meaning of subdivision (a) unless, under the terms of the account or plan, distribution of all or part of the funds would then be mandatory.

(c) For the purpose of this section, when a person holds property as an agent for a business association, he is deemed to hold such property in a fiduciary capacity for the business association alone, unless the agreement between him and the business association clearly provides the contrary. For the purposes of this chapter, if a person holds property in a fiduciary capacity for a business association alone, he is the holder of the property only insofar as the interest of the business association in such property is concerned and the association is deemed to be the holder of the property insofar as the interest of any other person in the property is concerned.

SEC. 8. Section 1519 of the Code of Civil Procedure is amended to read:

1519. All tangible personal property located in this state, and, subject to Section 1510, all intangible personal property, held for the owner by any government or governmental subdivision or agency, that has remained unclaimed by the owner for more than five years escheats to this state.

SEC. 9. Section 1520 of the Code of Civil Procedure is amended to read:

1520. All tangible personal property located in this state and, subject to Section 1510, all intangible personal property, except property of the classes mentioned in Sections 1511, 1513, 1514, 1515, 1516, 1517, 1518, 1519, and 1521, including any income or increment thereon and deducting any lawful charges, that is held or owing in the ordinary course of the holder's business and has remained unclaimed by the owner for more than five years after it became payable or distributable escheats to this state.

For purposes of this section, "lawful charges" means charges which are specifically authorized by statute, other than the Unclaimed Property Law, or by a valid, enforceable contract.

SEC. 10. Section 1521 of the Code of Civil Procedure is amended to read:

1521. (a) Except as provided in subdivision (b), and subject to Section 1510, all employee benefit plan distributions and any income or other increment thereon escheats to the state if the owner has not, within five years after it becomes payable or distributable, accepted such distribution, corresponded in writing concerning such

distribution, or otherwise indicated an interest as evidenced by a memorandum or other record on file with the fiduciary of the trust or custodial fund or administrator of the plan under which such trust or fund is established. As used in this section, "fiduciary" means any person exercising any power, authority, or responsibility of management or disposition with respect to any money or other property of a retirement system or plan, and "administrator" means the person specifically so designated by the plan, trust agreement, contract, or other instrument under which the retirement system or plan is operated, or if none is designated, the employer.

(b) Except as provided in subdivision (c), an employee benefit plan distribution and any income or other increment thereon shall not escheat to this state if, at the time such distribution shall become payable to a participant in an employee benefit plan, such plan contains a provision for forfeiture or expressly authorizes the administrator to declare a forfeiture of a distribution to a beneficiary thereof who cannot be found after a period of time specified in such plan, and the trust or fund established under the plan has not terminated prior to the date on which such distribution would become forfeitable in accordance with such provision.

(c) A participant entitled to an employee benefit plan distribution in the form of residuals shall be relieved from a forfeiture declared under subdivision (b) upon the making of a claim therefor.

CHAPTER 287

An act to add Section 1192.3 to the Penal Code, relating to restitution.

SECTION 1. Section 1192.3 is added to the Penal Code, to read:

1192.3. (a) A plea of guilty or nolo contendere to an accusatory pleading charging a public offense, other than a felony specified in Section 1192.5 or 1192.7, which public offense did not result in damage for which restitution may be ordered, made on the condition that charges be dismissed for one or more public offenses arising from the same or related course of conduct by the defendant which did result in damage for which restitution may be ordered, may specify the payment of restitution by the defendant as a condition of the plea or any probation granted pursuant thereto, so long as the plea is freely and voluntarily made, there is factual basis for the plea, and the plea and all conditions are approved by the court.

(b) If restitution is imposed which is attributable to a count dismissed pursuant to a plea bargain, as described in this section, the

court shall obtain a waiver pursuant to People v. Harvey (1979) 25 Cal. 3d 754 from the defendant as to the dismissed count.

CHAPTER 288

An act to amend Sections 13700, 13701, 13702, 13703, and 13704 of, and to repeal Section 13705 of, the Welfare and Institutions Code, relating to children, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1988 Filed with Secretary of State July 7, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 13700 of the Welfare and Institutions Code is amended to read:

13700. The Legislature finds and declares all of the following:

(a) There are homeless minors living on the streets of major urban centers in this state without adequate food, shelter, health care or financial support.

(b) Many of these homeless youth in these urban centers come from out-of-city or out-of-county locations.

(c) The homeless child, in many instances, has a history of physical or sexual abuse at home, and of having been rejected or forced out of the parental home.

(d) While living on the streets, these youth fall prey to drug abuse, prostitution and other illegal activities.

(e) Local public agencies are unable to provide these youth with an adequate level or range of remedial services.

(f) These homeless minors are urgently in need of specialized services to locate them, to assist them with their immediate survival needs, and to address their long-term need to reunite with their parents or find a suitable home.

(g) Two homeless youth emergency service pilot programs, one in the City of Los Angeles, and one in the City and County of San Francisco, have demonstrated the need for ongoing programs to meet the needs of homeless minors and the effectiveness of these programs in meeting these needs.

The purpose of this chapter is therefore to maintain one Homeless Youth Emergency Service Project in the County of Los Angeles, and one in the City and County of San Francisco, where the problem is most acute, and to examine the condition of homeless youth in major urban areas of this state with populations of 500,000 or more, as well as other urban, suburban, and rural areas, and develop a profile of homeless youth in terms of background and available services, in order to locate these youth, to provide for their emergency survival needs, and to assist them in reunification with their parents or in

finding a suitable home.

SEC. 2. Section 13701 of the Welfare and Institutions Code is amended to read:

13701. Each homeless youth project established under this chapter shall provide services which shall include, but are not limited to, all of the following:

(a) Food and access to an overnight shelter.

(b) Counseling to address immediate emotional crises or problems.

(c) Outreach services to locate homeless youth and link them with services, and drop-in facilities to make the services accessible to the street population.

(d) Screening for basic health needs and referral to public and private agencies for health care.

(e) Linkage to other services offered by public and private agencies.

(f) Long-term stabilization planning so that the youth may be returned to the parental home under circumstances favoring long-term reunification with the family, or so that the youth can be suitably placed in a situation outside the family when family reunification is not possible.

(g) Followup services to ensure that the return to the family or the placement outside the family is stable.

SEC. 3. Section 13702 of the Welfare and Institutions Code is amended to read:

13702. In addition to the services provided for in Section 13701, each homeless youth emergency services project shall collect data based upon client service histories, including data from similar youth service providers in urban areas of this state with populations of 500,000 or more. These data shall include client demographic and cost information on each case that will be sufficient to allow for the effective evaluation of the projects. These client data shall remain confidential unless disclosure is provided for under some other provision of law, and if disclosure is required it shall be made only in the manner provided for under such other provision of law.

SEC. 4. Section 13703 of the Welfare and Institutions Code is amended to read:

13703. (a) One homeless youth emergency service project shall be established in the County of Los Angeles and one shall be established in the City and County of San Francisco. Each project may have one central location or may have more than one location in the service area in order to serve effectively the area population of homeless youth. [Approved by Governor July 7, 1988 Filed with Secretary of State July 7, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 24045.5 of the Business and Professions Code is amended to read:

24045.5. The department in its discretion may issue a temporary permit to the transferee of any license to continue the operation of the premises during the period a transfer application for the license from person to person at the same premises is pending and when all the following conditions exist:

(a) The premises shall have been operated under a license within 30 days of the date of filing the application for a temporary permit.

(b) The license for said premises shall have been surrendered pursuant to rules of the department.

(c) The applicant for the temporary permit shall have filed with the department an application for transfer of the license at such premises to himself or herself.

(d) The application for the temporary permit shall be accompanied by a temporary permit fee of one hundred dollars ($100).

A temporary permit issued by the department pursuant to this section shall be for a period not to exceed 120 days. A temporary permit may be extended at the discretion of the department for an additional 120-day period upon payment of an additional fee of one hundred dollars ($100) and upon compliance with all conditions required herein. A temporary permit is a conditional permit and authorizes the holder thereof to sell such alcoholic beverages as would be permitted to be sold under the privileges of the license for which transfer application has been filed with the department.

Purchase of beer and wine by the holder of a temporary permit shall be made only upon payment before or at time of delivery in currency or by check. Purchase of distilled spirits by the holder of a temporary permit shall be made only upon payment before or at time of delivery in currency or by certified check. Provided, however, that the holder of a temporary retail permit who also holds one or more retail licenses and is operating under such retail license or licenses in addition to the temporary permit, and who is not delinquent under the provisions of Section 25509 as to any retail license under which he or she operates, may purchase alcoholic beverages on credit under the temporary permit.

All checks received by a seller for beer or wine purchased by the holder of a temporary retail permit shall be deposited not later than

the second business day following the date the beer or wine is delivered.

A check dishonored on presentation shall not be deemed payment. The receipt by the seller or his or her agent in good faith from a holder of a temporary permit of a check dishonored on presentation shall not be cause for disciplinary action against the seller.

Transfer of the license for which the holder of a temporary permit has filed application shall not be approved by the department until the holder of the temporary permit shall have filed with the department a statement executed under penalty of perjury that all current obligations have been discharged, and that all outstanding checks issued by him or her in payment for alcoholic beverages will be honored on presentation.

It shall not be a violation of this section or otherwise grounds for disciplinary action for any licensee to extend credit to the holder of a temporary permit or to receive payment from such permittee in a manner other than authorized herein unless the seller had knowledge of the fact that the purchaser was operating under a temporary permit. Knowledge of such fact may be established by evidence, including, but not limited to, evidence that, at the time of receipt of payment or the extension of credit, the premises operated under a temporary permit were posted with the notice required by Section 23985, or the holder of the temporary permit had recorded notice as required by Section 24073, or the holder of the temporary permit had published notice as required by Section 23986, or the holder of the temporary permit had recorded and published notice pursuant to Division 6 (commencing with Section 6101) of the Commercial Code.

Refusal by the department to issue or extend a temporary permit shall not entitle the applicant to petition for such permit pursuant to Section 24011, or to a hearing pursuant to Section 24012. The provisions of Articles 2 (commencing with Section 23985) and 3 (commencing with Section 24011) of this chapter shall not apply to temporary permits.

Notwithstanding any other provision of law, a temporary permit may be canceled or suspended summarily at any time if the department determines that good cause for such cancellation or suspension exists. The provisions of Chapter 8 (commencing with Section 24300) of this division shall not apply to temporary permits.

Application for a temporary permit shall be on such form as the department shall prescribe. If an application for temporary permit is withdrawn before issuance or is refused by the department, the fee which accompanied such application shall be refunded in full, and Sections 23959 and 23960 shall not apply. Fees received by the department for issuance of temporary permits shall be deposited in the Alcohol Beverage Control Fund as provided in Section 25761.

However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

participation in those bonds, indebtedness, or lease installment sale, or other agreements, may be invested in accordance with the statutory provisions governing the issuance of those bonds, indebtedness, or lease installment sale, or other agreement, or to the extent not inconsistent therewith or if there are no specific statutory provisions, in accordance with the ordinance, resolution, indenture, or agreement of the local agency providing for the issuance.

Purchases of bankers acceptances may not exceed 270 days maturity or 40 percent of the agency's surplus funds which may be invested pursuant to this section. However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act, Division 6 (commencing with Section 11501) of the Public Utilities Code.

(h) Negotiable certificates of deposit issued by a nationally or state-chartered bank or a savings association or federal association or a state or federal credit union or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's surplus money which may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposit do not come within Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5, except that the amount so invested shall be subject to the limitations of Section 53638. Investment in a reverse repurchase agreement shall be made only upon prior approval of the legislative body of the local agency. For purposes of this section, the term "repurchase agreement" means a purchase of securities by the local agency pursuant to an agreement by which the seller will repurchase the securities on or before a specified date and for a specified amount and will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank's customer book entry account may be used for book entry delivery. The term "counterparty" for the purposes of this subdivision, means the other party to the transaction. A counterparty bank's trust department or safekeeping department may be used for physical delivery of the underlying security. The term of repurchase agreements shall be for one year or less. The term "securities," for purpose of repurchase under this subdivision, shall mean securities of the same issuer, description, issue date, and maturity.

The term "reverse repurchase agreement" means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase such securities on or before a specified date and for a specified amount.

(j) Medium-term notes of a maximum of five years' maturity issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated in a rating category of "A" or its equivalent or better by a nationally recognized rating service. Purchases of medium-term notes may not exceed 30 percent of the agency's surplus money which may be invested pursuant to this section.

(k) Shares of beneficial interest issued by diversified management companies, as defined in Section 23701m of the Revenue and Taxation Code, investing in the securities and obligations as authorized by subdivisions (a) to (k), inclusive, of this section and

which comply with the investment restrictions of this article and Article 1 (commencing with Section 53600). To be eligible for investment pursuant to this subdivision, these companies shall either: (1) attain the highest ranking or the highest letter and numerical rating provided by not less than two of the three largest nationally recognized rating services, or (2) have an investment adviser registered with the Securities and Exchange Commission with not less than five years' experience investing in the securities and obligations as authorized by subdivisions (a) to (m), inclusive, of this section and with assets under management in excess of five hundred million dollars ($500,000,000). The purchase price of shares of beneficial interest purchased pursuant to this subdivision shall not include any commission that these companies may charge and shall not exceed 15 percent of the agency's surplus money which may be invested pursuant to this section.

(*l*) Notes, bonds, or other obligations which are at all times secured by a valid first priority security interest in securities of the types listed by Section 53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by Section 53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank which is not affiliated with the issuer of the secured obligation, and the security interest shall be perfected in accordance with the requirements of the Uniform Commercial Code or federal regulations applicable to the types of securities in which the security interest is granted.

SEC. 3. Section 53651.2 of the Government Code is amended to read:

53651.2. (a) To be an eligible security under subdivision (m) of Section 53651, a promissory note placed in a securities pool on or after January 1, 1987, shall comply with all of the following provisions:

(1) Each promissory note shall be secured by a first mortgage or first trust deed on improved 1 to 4 unit residential real property located in California, shall be fully amortized over the term of the note, and shall have a term of no more than 30 years. Any first mortgage or first trust deed which secures a promissory note providing for negative amortization shall be removed from the securities pool and replaced with an eligible security under subdivision (m) of Section 53651 if the loan to value ratio exceeds 85 percent of the original appraised value of the security property as a consequence of negative amortization.

(2) Each promissory note shall be eligible for sale to the Federal National Mortgage Association, the Government National Mortgage Association, or the Federal Home Loan Mortgage Corporation; provided, however, that up to 25 percent of the total dollar amount of any promissory note securities pool established pursuant to Section 53658 may consist of promissory notes with loan amounts which exceed the maximum amounts eligible for purchase by the Federal

National Mortgage Association, the Government National Mortgage Association, or the Federal Home Loan Mortgage Corporation, but which do not exceed: (i) five hundred thousand dollars ($500,000) in the case of a single family dwelling; (ii) one million dollars ($1,000,000) in the case of a 2, 3, or 4 unit dwelling.

(b) To be an eligible security under subdivision (m) of Section 53651, a promissory note which was placed in a securities pool on or before December 31, 1986, and which remains in that securities pool continuously thereafter shall comply with all the requirements of subdivision (m) of Section 53651, as in effect on December 31, 1986, and of the regulations of the administrator adopted under that subdivision (m), as in effect on December 31, 1986.

(1) Any promissory note subject to the provisions of this subdivision shall be removed from the securities pool when any payment on the note is more than 60 days past due.

(2) This subdivision shall remain operative until January 1, 1994.

(c) The following shall not constitute eligible securities under subdivision (m) of Section 53651:

(1) Any promissory note on which any payment is more than 60 days past due.

(2) Any promissory note secured by a mortgage or deed of trust as to which there is a lien prior to the mortgage or deed of trust. For the purposes of this paragraph, no lien specified in Section 766 of the Financial Code shall be considered a prior encumbrance unless any installment or payment thereunder (other than a rental or royalty under a lease) is due and delinquent.

(3) Any promissory note secured by a mortgage or deed of trust as to which a notice of default has been recorded pursuant to Section 2924 of the Civil Code or an action has been commenced pursuant to Section 725a of the Code of Civil Procedure.

(d) The depository may exercise, enforce, or waive any right granted to it by the promissory note, mortgage, or deed of trust.

(e) For purposes of this article, the market value of a promissory note which is an eligible security under subdivision (m) of Section 53651, shall be determined in accordance with the regulations adopted by the Treasurer under paragraph (2) of subdivision (m) of Section 53651, as the regulations and statute were in effect on December 31, 1986. However, if and when regulations on the subject are adopted by the administrator, the market value shall be determined in accordance with those regulations of the administrator.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

A large number of financial institutions which provide millions of dollars in home loans for citizens of California are currently prohibited from seeking deposits from local agencies due to unnecessary limitations in the statutes governing security for local

agency deposits. In order to remove these limitations, enact more realistic protections for these deposits, and ensure maximum availability of funds for housing in this state, it is necessary that this act take effect immediately.

CHAPTER 295

An act to amend Sections 6703, 6707, and 6708 of the Fish and Game Code, relating to water bottom leases.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 7, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 6703 of the Fish and Game Code is amended to read:

6703. The initial term of a lease for the exclusive privilege of harvesting kelp shall not exceed 20 years. No lessee shall have an exclusive lease, excluding subleases, to an area in excess of 25 square miles or 50 percent of the total area of the kelp resource as shown on the maps of the resource prepared by the commission, whichever is greater.

SEC. 2. Section 6707 of the Fish and Game Code is amended to read:

6707. Each lease entered into, or renewed, on or after January 1, 1985, shall require, in addition to the license fee required by this chapter, a payment by the lessee or any sublessee of not less than the minimum royalty established under Article 2 (commencing with Section 6680), for all kelp harvested from the lease area, and shall provide for an annual advance payment of not less than forty dollars ($40) per square mile per year for the kelp bed leased, to be credited against the amount payable by the lessee, or sublessee, as the case may be, for each ton of kelp harvested during the ensuing year. The lease shall, in addition, include provisions for forfeiture of the lease if the annual payment is not made in advance.

SEC. 3. Section 6708 of the Fish and Game Code is amended to read:

6708. A lease may not be assigned, in whole or in part, by the lessee, either voluntarily or by operation of law, and no subleases or other rights may be granted thereunder by the lessee without the prior approval of the commission, subject to the conditions that the commission prescribes. The lease shall be forfeited in the event of a violation of this section. Each lease shall contain a statement of the contents of this section.

CHAPTER 296

An act to amend, repeal, and add Section 25299 of, and to add and repeal Section 25293.1 of, the Health and Safety Code, relating to hazardous substances.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 25293.1 is added to the Health and Safety Code, to read:

25293.1. (a) Any person, as specified in subdivision (b), who sells, or authorizes the delivery of, hazardous substances to any underground storage tank, which is located in the County of San Mateo, shall provide the county, on or before January 1, 1990, with a complete list of all deliveries made from January 1, 1989, to December 31, 1989. The list shall include all of the following information for each delivery:

(1) The owner or operator of the tank to which the delivery was made.

(2) The address and location of the underground storage tank.

(3) A description of the type and quantity of hazardous substances delivered.

(b) This section applies only to persons who sell, or authorize the delivery of, hazardous substances and does not apply to highway carriers, as defined in Section 3511 of the Public Utilities Code, or their drivers, unless that person is the person who sold the hazardous substance specified in subdivision (a).

(c) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 2. Section 25299 of the Health and Safety Code is amended to read:

25299. (a) Any operator of an underground storage tank shall be liable for a civil penalty of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) per day for any of the following:

(1) Operates an underground storage tank which has not been issued a permit.

(2) Fails to monitor the underground storage tank, as required by the permit.

(3) Fails to maintain records, as required by Section 25286.

(4) Fails to report an unauthorized release, as required by Sections 25294 and 25295.

(5) Fails to properly close an underground storage tank, as required by Section 25298.

(b) Any owner of an underground storage tank shall be liable for

a civil penalty of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) per day for any of the following:

(1) Failure to obtain a permit as specified by this chapter.

(2) Failure to repair an underground storage tank in accordance with the provisions of this chapter.

(3) Abandonment or improper closure of any underground storage tank subject to the provisions of this chapter.

(4) Knowing failure to take reasonable and necessary steps to assure compliance with this chapter by the operator of an underground storage tank.

(c) Any person who falsifies any monitoring records required by this chapter, or knowingly fails to report an unauthorized release, shall, upon conviction, be punished by a fine of not less than five thousand dollars ($5,000) or more than ten thousand dollars ($10,000), or by imprisonment in the county jail for not to exceed one year, or by both that fine and imprisonment.

(d) Any person subject to Section 25293.1 who fails to transmit the information as required by Section 25293.1 shall be liable for a civil penalty of not more than one thousand dollars ($1,000).

(e) In determining both the civil and criminal penalties imposed pursuant to this section, the court shall consider all relevant circumstances, including, but not limited to, the extent of harm or potential harm caused by the violation, the nature of the violation and the period of time over which it occurred, the frequency of past violations, and the corrective action, if any, taken by the person who holds the permit.

(f) Each civil penalty or criminal fine imposed pursuant to this section for any separate violation shall be separate, and in addition to, any other civil penalty or criminal fine imposed pursuant to this section or any other provision of law, and shall be paid to the treasury of the local agency or state, whichever is represented by the office of the city attorney, district attorney, or Attorney General bringing the action.

(g) In addition to the state and any city or county implementing this chapter pursuant to Section 25283, a city or county specified in subdivision (a) of Section 25299.1 may also levy and collect penalties under this section.

(h) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 3. Section 25299 is added to the Health and Safety Code, to read:

25299. (a) Any operator of an underground storage tank shall be liable for a civil penalty of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) per day for any of the following:

(1) Operates an underground storage tank which has not been issued a permit.

(2) Fails to monitor the underground storage tank, as required by

the permit.

(3) Fails to maintain records, as required by Section 25286.

(4) Fails to report an unauthorized release, as required by Sections 25294 and 25295.

(5) Fails to properly close an underground storage tank, as required by Section 25298.

(b) Any owner of an underground storage tank shall be liable for a civil penalty of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) per day for any of the following:

(1) Failure to obtain a permit as specified by this chapter.

(2) Failure to repair an underground storage tank in accordance with this chapter.

(3) Abandonment or improper closure of any underground storage tank subject to this chapter.

(4) Knowing failure to take reasonable and necessary steps to assure compliance with this chapter by the operator of an underground storage tank.

(c) Any person who falsifies any monitoring records required by this chapter, or knowingly fails to report an unauthorized release, shall, upon conviction, be punished by a fine of not less than five thousand dollars ($5,000) or more than ten thousand dollars ($10,000), or by imprisonment in the county jail for not to exceed one year, or by both that fine and imprisonment.

(d) In determining both the civil and criminal penalties imposed pursuant to this section, the court shall consider all relevant circumstances, including, but not limited to, the extent of harm or potential harm caused by the violation, the nature of the violation and the period of time over which it occurred, the frequency of past violations, and the corrective action, if any, taken by the person who holds the permit.

(e) Each civil penalty or criminal fine imposed pursuant to this section for any separate violation shall be separate, and in addition to, any other civil penalty or criminal fine imposed pursuant to this section or any other provision of law, and shall be paid to the treasury of the local agency or state, whichever is represented by the office of the city attorney, district attorney, or Attorney General bringing the action.

(f) In addition to the state and any city or county implementing this chapter pursuant to Section 25283, a city or county specified in subdivision (a) of Section 25299.1 may also levy and collect penalties under this section.

(g) This section shall become operative on January 1, 1991.

SEC. 4. The Legislature hereby finds and declares that Section 1 of this act is not a special statute within the meaning of Section 16 of Article IV of the California Constitution, as Section 1 of this act would establish a temporary pilot project in the County of San Mateo for the purpose of determining the feasibility of gathering information on unregistered underground storage tanks using delivery information and that the County of San Mateo is especially

suitable to carry out this pilot project because the county's current information system, though extensive, requires new data to discover these tanks.

CHAPTER 297

An act to amend Sections 12879.2, 12879.4, 12879.5, 12879.6, and 14029 of the Water Code, to amend Section 2 of Chapter 45 of the Statutes of 1988, and to amend Sections 7 and 8 of Chapter 46 of the Statutes of 1988, relating to water, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 12879.2 of the Water Code is amended to read:

12879.2. As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the Water Conservation Finance Committee created pursuant to 12879.9.

(b) "Department" means the Department of Water Resources.

(c) "Fund" means the 1988 Water Conservation Fund created pursuant to 12879.3.

(d) "Local agency" means any city, county, city and county, district, joint powers authority, or other political subdivision of the state involved in water management.

(e) "Eligible project" means any dam, reservoir, or other construction or improvement by a local agency for the diversion, storage, or primary distribution of water, or facilities for groundwater extraction, primarily for domestic, municipal, agricultural, industrial, recreation, fish and wildlife enhancement, flood control, or power production purposes. An eligible project also means any reservoir, pipeline, or other construction or improvement by a local agency for the storage or distribution of reclaimed water for reuse.

(f) "Groundwater recharge facilities" means land and facilities for artificial groundwater recharge through methods which include, but are not limited to, either percolation using basins, pits, ditches, and furrows, modified streambed, flooding, and well injection, or in-lieu recharge. "Groundwater recharge facilities" also means capital outlay expenditures to expand, renovate, or restructure land and facilities already in use for the purpose of groundwater recharge.

Groundwater recharge facilities may include either of the following:

(1) Instream facilities for regulation of water levels, but not

regulation of streamflow by storage to accomplish diversion from the waterway.

(2) Conveyance facilities to the recharge site, including devices for flow regulation and measurement of recharge waters.

Any part or all of the project facilities, including land under the facilities, may consist of separable features, or an appropriate share of multipurpose features of a larger system, or both.

(g) "In-lieu recharge" means accomplishing increased storage of groundwater by providing surface water to a user who relies on groundwater as a primary supply, in order to accomplish groundwater storage through the direct use of that surface water in lieu of pumping groundwater. In-lieu recharge shall be used rather than continuing pumping while artificially recharging with surface waters. However, bond proceeds shall not be used to purchase surface waters for use in lieu of pumping groundwater.

(h) "Voluntary cost-effective capital outlay water conservation programs" means those feasible capital outlay measures to improve the efficiency of water use through benefits which exceed their costs. The programs include, but are not limited to, lining or piping of ditches; improvements in water distribution system controls such as automated canal control, construction of small reservoirs within distribution systems which conserve water that already has been captured for reuse, and related physical improvements; tailwater pumpback recovery systems to reduce leakage; and capital changes in onfarm irrigation systems which improve irrigation efficiency, such as sprinkler or subsurface drip systems. In each case, the department shall determine that there is a net savings of water as a result of each proposed project and that the project is cost-effective.

SEC. 2. Section 12879.4 of the Water Code is amended to read:

12879.4. (a) The department may make loans to local agencies, upon approval of the Legislature by statute, to aid in the construction of eligible projects and to aid in the funding of voluntary, cost-effective capital outlay water conservation programs and groundwater recharge facilities, and may adopt rules and regulations necessary to carry out this chapter.

Notwithstanding any provision of law, existing rules and regulations adopted by the department pursuant to Chapter 5 (commencing with Section 12880) and Chapter 6.1 (commencing with Section 13450) that are in effect on the effective date of this chapter may be utilized to carry out this chapter. The department may subsequently revise those rules and regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code as necessary to carry out this chapter.

(b) For the purpose of administering this chapter, the total expenditures of the department through the making of any loans may not exceed 5 percent of the total amount of the bonds authorized to be issued under this chapter. The department shall establish a reasonable schedule of administrative fees for loans,

which fees shall be paid by the local agency pursuant to subdivision (c) of Section 12879.4 to reimburse the state for the costs of state administration of this chapter.

Charges incurred by the Attorney General in protecting the interests of the state in the use and repayment of funds under this chapter shall be paid from the proceeds of bonds authorized to be issued under this chapter. These charges shall not be paid from funds allocated for administrative purposes, but shall be treated as a program expense, not to exceed 1.5 percent of the total amount of the bonds authorized to be issued under this chapter.

(c) Any contract entered into pursuant to this section may include such provisions as may be determined by the department, provided that any contract concerning an eligible project shall include, in substance, all of the following provisions:

(1) A finding by the department that the local agency has the ability to repay the loan, that the eligible project is economically justified, and that the eligible project is feasible from an engineering and geologic standpoint.

(2) An estimate of the reasonable cost and benefit of the eligible project, program, or facility.

(3) An agreement by the local agency to proceed expeditiously with, and complete, the eligible project.

(4) A provision that there shall be no moratorium or deferment on payments of principal or interest.

(5) Local agencies seeking a loan shall demonstrate, to the satisfaction of the department, that an adequate opportunity for public participation regarding the loan has been provided.

(6) Any election held with respect to the loan shall include the entire local agency except where the agency proposes to accept the loan on behalf of a specified portion, or portions, of the agency, in which case the election shall be held in that portion or portions of the agency only.

(7) Annual principal and interest payments shall commence not later than one year after completion of any project and all loans shall be fully amortized not later than 50 years after project completion.

(8) The recipient of a loan shall establish a dedicated source of revenue for repayment of the loan.

(9) Any loans made pursuant to this chapter may be for a period of up to 20 years. The interest rate for the loans made for projects to be funded pursuant to Section 12879.5 shall be set at a rate equal to the interest rate paid by the state on the most recent sale of state general obligation bonds, with that rate to be computed according to the true interest cost method. The interest rate for loans made for projects to be funded pursuant to Section 12879.6 shall be set at a rate equal to 50 percent of the interest rate paid by the state on the most recent sale of state general obligation bonds, with that rate to be computed according to the true interest cost method. When the interest rate so determined is not a multiple of one-tenth of 1 percent, the interest rate shall be set at the next higher multiple of

one-tenth of 1 percent. The interest rate set for each contract shall be applied throughout the repayment period of the contract. There shall be a level annual repayment of principal and interest on the loans. The amount of the principal shall include the administrative fee described in subdivision (b).

(d) All loans made pursuant to this chapter shall be subject to the approval of the Legislature by statute.

(e) Applications for loans or financial participation by the state under this chapter shall be made to the department in the form and with the supporting material as may be prescribed by the department.

(f) All money repaid to the state pursuant to any contract executed under this chapter, or under Section 13999.11, shall be deposited in the General Fund as reimbursement for payment of principal and interest on bonds authorized to be issued under this chapter or Chapter 15 (commencing with Section 13999) that have been paid from the General Fund.

(g) As approved annually by the Legislature in the Budget Act, the department, notwithstanding subdivision (b), may expend money repaid to the state pursuant to any contract executed pursuant to this chapter as necessary for the administration of contracts entered into by the department pursuant to this chapter. However, the expenditures may not in any year exceed 1.5 percent of the amount repaid to the state in that year. Charges incurred by the Attorney General in protecting the state's interests in the use and repayment of funds pursuant to this chapter may be paid by the department from these funds. However, the charges may not exceed 0.5 percent of the amount repaid to the state in that year. Any of the foregoing sums approved by the Legislature in the Budget Act but unencumbered at the end of any year shall automatically revert to the General Fund.

SEC. 3. Section 12879.5 of the Water Code is amended to read:

12879.5. (a) The sum of twenty million dollars ($20,000,000) of the money in the fund shall be deposited in the Local Water Projects Assistance Account and shall be available for loans to local agencies to aid in the construction of eligible projects.

(b) No eligible project may receive more than five million dollars ($5,000,000) in loans from the department.

(c) In the administration of this section, the department and the California Water Commission shall give preference to projects involving the development of new basic water supplies which may include the enlargement of existing dams and reservoirs, and for projects that will remedy existing water supply problems. The department and the California Water Commission shall set priority for loans pursuant to this section on the basis of the cost effectiveness of the proposed project, with the most cost-effective projects receiving highest priority.

(d) If the water supply function of a dam and reservoir facility is operationally limited or eliminated for dam safety purposes,

pursuant to Part 1 (commencing with Section 6000) of Division 3, the department and the California Water Commission may give consideration to projects which would rehabilitate the dam and reservoir for water supply purposes. The rehabilitation of facilities may include comparable replacement facilities.

(e) A copy of each application for a loan pursuant to this section shall be transmitted by the department to the Department of Fish and Game, the Department of Parks and Recreation, and the State Water Resources Control Board. A report on each application shall be prepared by the department and submitted to the Legislature, together with the comments of those agencies to which the application was transmitted. In the report, the department shall make findings as to the nature and extent of the statewide interest in the project, the urgency of the need, and the engineering feasibility, economic justification, and financial feasibility of the project.

(f) Not later than January 31, 1990, and each year thereafter, the department shall submit to the Legislature an annual report on all loans made pursuant to this chapter. The report shall cover loans made by the department during the previous calendar year.

(g) The department shall not make loans pursuant to this section for otherwise eligible projects whose benefits are more than 50 percent derived from hydroelectric generation, as determined by the department.

(h) The department may make loans to local agencies, at the interest rates authorized pursuant to this chapter and pursuant to any terms and conditions as may be determined necessary by the department, for the purposes of financing feasibility studies of projects potentially eligible for funding pursuant to this section. No single potential project shall be eligible to receive more than five hundred thousand dollars ($500,000), and not more than 10 percent of the total amount of bonds authorized to be expended for purposes of this section may be expended for those purposes.

SEC. 4. Section 12879.6 of the Water Code is amended to read:

12879.6. (a) The sum of forty million dollars ($40,000,000) of the money in the fund shall be deposited in the Water Conservation and Groundwater Recharge Account and shall be available for appropriation by the Legislature for loans to local agencies to aid in the acquisition and construction of voluntary, cost-effective capital outlay water conservation programs and groundwater recharge facilities.

(b) No eligible project may receive more than five million dollars ($5,000,000) in loans from the department.

(c) The department shall set priority for loans under this section for voluntary, cost-effective capital outlay water conservation programs on the basis of the cost effectiveness of the proposed project, with the most cost-effective projects receiving the highest priority.

(d) The department shall set priority for loans under this section

for groundwater recharge facilities for projects in overdrafted groundwater basins and those projects in critical need, for projects whose feasibility studies show the greatest economic justification and the greatest engineering and hydrogeologic feasibility, as determined by the department, and for projects located in areas which have existing water management programs.

(e) The department may make loans to local agencies, at the interest rates authorized pursuant to this chapter and under any terms and conditions as may be determined necessary by the department, for the purposes of financing feasibility studies of projects potentially eligible for funding pursuant to this section. No single potential project shall be eligible to receive more than one hundred thousand dollars ($100,000), and not more than 3 percent of the total amount of bonds authorized to be expended for the purposes of this section may be expended for these purposes.

SEC. 5. Section 14029 of the Water Code is amended to read:

14029. (a) As approved annually by the Legislature in the Budget Act, the department, notwithstanding Section 14022, may expend money repaid to the state pursuant to any contract executed under Section 14011 as necessary for the administration of contracts entered into by the department under this chapter, but those expenditures may not in any year exceed 1.5 percent of the amount repaid to the state in that year. Charges incurred by the Attorney General in protecting the state's interest in the use and repayment of grant and loan funds under this chapter may be paid by the department from these funds, but those charges may not exceed one-half of 1 percent of the amount repaid to the state in that year. Any of the above sums approved by the Legislature, but unexpended by the department at the end of any year, shall automatically revert to the General Fund.

(b) Except as provided in subdivision (a), all money repaid to the state pursuant to any contract executed under Section 14011 shall be deposited in the General Fund and, when so deposited, shall be applied as a reimbursement to the General Fund on account of principal and interest on bonds issued pursuant to this chapter which has been paid from the General Fund.

(c) The department may enter into contracts with suppliers of water for grants or short-term loans for the purpose of investigating and identifying alternatives for system improvements. Any loans or grants pursuant to this section shall be made from the fund. No supplier may receive for a single investigation more than twenty-five thousand dollars ($25,000) in the form of a loan or grant pursuant to this section. The State Department of Health Services shall review all proposed investigations and shall determine if they are necessary and appropriate.

(d) Any contract entered into pursuant to this section shall include terms and conditions consistent with this chapter, and any loan contract shall provide for a repayment period not to exceed 24 months.

(e) Not more than six million dollars ($6,000,000) may be expended for the purposes of this section, of which not more than two million dollars ($2,000,000) may be used for grants to public agencies. A loan or grant made for the purposes of this section shall not decrease the maximum amount of any other loan or grant which may be made under this chapter, Chapter 10.2 (commencing with Section 13810), Chapter 10.5 (commencing with Section 13850), Chapter 10.6 (commencing with Section 13880), or Chapter 10.7 (commencing with Section 13895).

SEC. 6. Section 2 of Chapter 45 of the Statutes of 1988 is amended to read:

Sec. 2. (b) The base rate specified in subdivision (a) shall apply to persons subject to the fee specified in Section 25174. Upon the enactment of the Budget Act of 1986, and upon the enactment of the annual Budget Act for each fiscal year thereafter, the State Board of Equalization shall determine the base rate, in accordance with the formula specified in subdivision (a), using the adjusted tonnage estimates supplied by the department for the fiscal year for that year's budget. The department shall supply these estimates to the State Board of Equalization before July 1 of each year, so as to give the State Board of Equalization sufficient time to determine the base rate. Within 30 days after the enactment of the annual Budget Act, the State Board of Equalization shall send a notice of the adjusted fee rate to every person subject to the fee specified in Section 25174.

(c) This section shall remain in effect only until July 1, 1989, and, as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1989, deletes or extends that date.

25174.6. (a) The fee provided pursuant to Section 25174 to be paid by persons disposing of hazardous waste onsite, or submitting hazardous waste for disposal offsite, and by operators of hazardous waste disposal facilities, for each ton, or fraction thereof, of hazardous waste disposed of on land or applied to land on or after July 1, 1986, shall be determined as a percentage of the base rate, as adjusted by the State Board of Equalization, pursuant to Section 25174.02. The percentages of the base rate for determining these fees are as follows:

(1) Twenty-five percent of the base rate for each ton, or fraction thereof for up to the first 5,000 tons of hazardous waste disposed of, or submitted for offsite disposal, at each specific facility by each producer or at each specific onsite facility, per month, which is not subject to Subchapter III (commencing with Section 6921) of Chapter 82 of Title 42 of the United States Code, pursuant to subsection (b) of Section 6921 of Title 42 of the United States Code and which is not otherwise subject to the fee specified in paragraph (3) or (4), or hazardous waste for which the Administrator of the Environmental Protection Agency has determined that regulation is unwarranted, as specified in subparagraph (C) of paragraph (2) of, and subparagraph (C) of paragraph (3) of, subsection (b) of Section 6921 of Title 42 of the United States Code and which is not otherwise subject to the fee specified in paragraph (3) or (4).

(2) Twenty-five percent of the base rate for each ton, or fraction

thereof, for up to the first 5,000 tons of hazardous waste disposed of, or submitted for offsite disposal, at each specific facility by each producer or at each specific onsite facility, per month, which result from the extraction, beneficiation, and processing of ores and minerals, including phosphate rock and the overburden from the mining of uranium ore and which is not otherwise subject to the fee specified in paragraph (3) or (4).

(3) Two hundred percent of the base rate for each ton, or fraction thereof, of extremely hazardous waste.

(4) Two hundred percent of the base rate for each ton, or fraction thereof, of restricted hazardous wastes listed in Section 66900 of Title 22 of the California Code of Regulations.

(5) Five percent of the base rate for each ton, or fraction thereof, of solid hazardous waste residues resulting from incineration or other controlled chemical or physical treatment processes if the department determines that the processes alter the physical properties of the waste being incinerated or treated and effectively remove all free liquids and volatile organic constituents from the waste being incinerated or treated.

(6) One hundred percent of the base rate for each ton, or fraction thereof, of hazardous waste disposed of, or submitted for offsite disposal, at each specific facility by each producer or at each specific onsite facility, per month, of hazardous waste, which is not otherwise subject to the fees specified in paragraph (1), (2), (3), (4), (5), or (7) of this subdivision or subdivision (c).

(7) Twenty-five percent of the base rate for each ton, or fraction thereof, of waste resulting from the shredding of automobile bodies, sheet metal, and household appliances, if the producer of the shredder waste has certified in writing, to the department, that the producer has in place an ongoing program for inspection and removal of all automobile batteries, mufflers, tailpipes, and wheelweights from the shredder feed, and if the producer meets any other regulations imposed by the department.

(8) Fifty percent of the base rate for each ton, or fraction thereof, of hazardous waste generated in this state which is disposed of, or submitted for disposal, outside the state.

(b) The amount of fees payable to the State Board of Equalization pursuant to this section shall be calculated using the total wet weight, measured in tons or fractions thereof, of the hazardous waste in the form in which the hazardous waste existed at the time of disposal, submission for disposal, or application to land using the land disposal methods defined in Section 66122 of Title 22 of the California Code of Regulations.

(c) Notwithstanding subdivision (a), the fee rate for hazardous waste disposed of, or submitted for offsite disposal, into a surface impoundment which is double lined, meets the criteria specified in paragraph (1), and for which a report has not been submitted pursuant to paragraph (2), is 10 percent of the base rate for each ton, or fraction thereof, of hazardous waste so disposed of or submitted

for disposal. The owner or operator of the surface impoundment shall certify to the State Board of Equalization that the requirements of paragraph (1) have been met before the fee rate specified in this subdivision may be applied to the hazardous waste disposed of, or submitted for disposal, into the surface impoundment.

(1) This subdivision applies only to hazardous waste disposed of, or submitted for disposal, into a surface impoundment which meets all the following criteria:

(A) The surface impoundment is double lined and is equipped with a leachate collection system which is in place and in operation, and complies with existing federal and state regulations and guidance documents published by the Environmental Protection Agency prior to July 1, 1984.

(B) The surface impoundment has in place and in operation a minimum of one upgradient and two downgradient monitoring wells capable of identifying the migration of any hazardous waste constituents disposed of into the surface impoundment.

(C) The surface impoundment has in place and in operation a vadose zone monitoring system capable of identifying the migration of any hazardous waste constituents disposed of into the surface impoundment from the impoundment into the zone between the surface and the water table.

(D) The surface impoundment has an enforceable site closure plan which initiates closure of the impoundment within 12 years after the surface impoundment is certified pursuant to this subdivision. This plan shall require the surface impoundment, and any surrounding soils contaminated by the impoundment, to be returned to a nonhazardous condition within five years of initiating closure.

(E) The owner or operator has submitted to the department and to the California regional water quality control board documentation demonstrating full compliance with subparagraphs (A), (B), (C), and (D).

(2) Upon discovering that, or receiving notification that, a surface impoundment certified for the fee rate specified in this subdivision has leaked or overflowed, and that there is migration into the vadose zone or into the waters of the state, the owner or operator of the surface impoundment shall report the migration to the department and the California regional water quality control board within 24 hours after the migration or unauthorized release has been detected. The owner or operator shall transmit a full written report to the department and the regional board within five working days after the detection of the migration. The reporting requirements imposed by this paragraph are in addition to any requirements which may be imposed by Section 13271 of the Water Code. Unless the regional board, or its executive officer, determines that the presence of the hazardous waste constituents in the migration do not pose any short-term or long-term, present or potential, hazards to human health or the environment, the regional board shall issue a cease and

desist order pursuant to Section 13301 of the Water Code prohibiting any discharge into the surface impoundment and shall take any other actions which are necessary.

(3) After a surface impoundment has been the subject of a report specified in paragraph (2), the fee rate specified in this subdivision for hazardous waste disposed of, or submitted for disposal, into that surface impoundment shall not apply and the fees shall be calculated pursuant to subdivision (a). The fee rate specified in this subdivision may again be applied to the hazardous waste disposed of, or submitted for disposal, into the surface impoundment only after the department and the California regional water quality control board determines that hazardous constituents are no longer migrating from the surface impoundment, and that there is no significant potential for them to migrate from the surface impoundment into the vadose zone or into the waters of the state, so that the presence of the hazardous constituents poses, or would pose, a present or potential hazard to human health or the environment.

(4) Hazardous waste, as used in this subdivision, includes restricted hazardous waste.

(d) All fees imposed by this section shall be paid in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code.

(e) This section shall remain in effect only until July 1, 1989, and, as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1989, deletes or extends that date.

SEC. 6. Section 25205.8 of the Health and Safety Code is amended to read:

25205.8. This article shall remain in effect only until July 1, 1989, and, as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1989, deletes or extends that date.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue the authority to fund the state's hazardous waste control program, and thereby protect the public health and safety, it is necessary that this act take effect immediately.

SEC. 2. Section 798.56 of the Civil Code is amended to read:

798.56. A tenancy shall be terminated by the management only for one or more of the following reasons:

(a) Failure of the homeowner or resident to comply with a local ordinance or state law or regulation relating to mobilehomes within a reasonable time after the homeowner receives a notice of noncompliance from the appropriate governmental agency.

(b) Conduct by the homeowner or resident, upon the park premises, which constitutes a substantial annoyance to other homeowners or residents.

(c) Failure of the homeowner or resident to comply with a reasonable rule or regulation of the park which is a part of the rental agreement, or any amendment thereto.

No act or omission of the homeowner or resident shall constitute a failure to comply with a reasonable rule or regulation unless and until the management has given the homeowner written notice of the alleged rule or regulation violation and the homeowner or resident has failed to adhere to the rule or regulation within seven days. However, if a homeowner has been given a written notice of an alleged violation of the same rule or regulation on three or more occasions within a 12-month period after the homeowner or resident has violated that rule or regulation, no written notice shall be required for a subsequent violation of the same rule or regulation.

Nothing in this subdivision shall relieve the management from its obligation to demonstrate that a rule or regulation has in fact been violated.

(d) (1) Nonpayment of rent, utility charges, or reasonable incidental service charges; provided that the amount due has been unpaid for a period of at least five days from its due date, and provided, that the homeowner shall be given a three-day written notice subsequent to that five-day period to pay the amount due or to vacate the tenancy. The three-day written notice shall be given to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure. The notice may be given at the same time

as the 60 days' notice required for termination of the tenancy.

Payment by the homeowner prior to the expiration of the three-day notice period shall cure a default under this subdivision.

(2) However, if a homeowner has been given a three-day notice to pay the amount due or to vacate the tenancy on three or more occasions within the preceding 12-month period, no written three-day notice shall be required for a subsequent nonpayment of rent, utility charges, or reasonable incidental service charges.

(3) Payment by the legal owner, as defined in Section 18005.8 of the Health and Safety Code, any junior lienholder, as defined in Section 18005.3 of the Health and Safety Code, or the registered owner, as defined in Section 18009.5 of the Health and Safety Code, if other than the homeowner, on behalf of the homeowner prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner, each junior lienholder, and the registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to that payment.

(4) The homeowner shall remain liable for all payments due up until the time the tenancy is vacated.

(5) Cure of a default of rent, utility charges, or reasonable incidental service charges by the legal owner, any junior lienholder, or the registered owner, if other than the homeowner, as provided by this subdivision, may not be exercised more than twice during a 12-month period.

(e) Condemnation of the park.

(f) Change of use of the park or any portion thereof, provided:

(1) The management gives the homeowners at least 15 days' written notice that the management will be appearing before a local governmental board, commission, or body to request permits for a change of use of the mobilehome park.

(2) After all required permits requesting a change of use have been approved by the local governmental board, commission, or body, the management shall give the homeowners six months' or more written notice of termination of tenancy.

If the change of use requires no local governmental permits, then notice shall be given 12 months or more prior to the management's determination that a change of use will occur. The management in the notice shall disclose and describe in detail the nature of the change of use.

(3) The management gives each proposed homeowner written notice thereof prior to the inception of his or her tenancy that the management is requesting a change of use before local governmental bodies or that a change of use request has been granted.

(4) The notice requirements for termination of tenancy set forth in Sections 798.56 and 798.57 shall be followed if the proposed change actually occurs.

(5) A notice of a proposed change of use given prior to January 1, 1980, which conforms to the requirements in effect at that time shall

be valid. The requirements for a notice of a proposed change of use imposed by this subdivision shall be governed by the law in effect at the time the notice was given.

SEC. 2.5. Section 798.56 of the Civil Code is amended to read:

798.56. A tenancy shall be terminated by the management only for one or more of the following reasons:

(a) Failure of the homeowner or resident to comply with a local ordinance or state law or regulation relating to mobilehomes within a reasonable time after the homeowner receives a notice of noncompliance from the appropriate governmental agency.

(b) Conduct by the homeowner or resident, upon the park premises, which constitutes a substantial annoyance to other homeowners or residents.

(c) Failure of the homeowner or resident to comply with a reasonable rule or regulation of the park which is part of the rental agreement or any amendment thereto.

No act or omission of the homeowner or resident shall constitute a failure to comply with a reasonable rule or regulation unless and until the management has given the homeowner written notice of the alleged rule or regulation violation and the homeowner or resident has failed to adhere to the rule or regulation within seven days. However, if a homeowner has been given a written notice of an alleged violation of the same rule or regulation on three or more occasions within a 12-month period after the homeowner or resident has violated that rule or regulation, no written notice shall be required for a subsequent violation of the same rule or regulation.

Nothing in this subdivision shall relieve the management from its obligation to demonstrate that a rule or regulation has in fact been violated.

(d) (1) Nonpayment of rent, utility charges, or reasonable incidental service charges; provided that the amount due has been unpaid for a period of at least five days from its due date, and provided, that the homeowner shall be given a three-day written notice subsequent to that five-day period to pay the amount due or to vacate the tenancy. The three-day written notice shall be given to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure. The notice may be given at the same time as the 60 days' notice required for termination of the tenancy.

Payment by the homeowner prior to the expiration of the three-day notice period shall cure a default under this subdivision.

(2) However, if a homeowner has been given a three-day notice to pay the amount due or to vacate the tenancy on three or more occasions within the preceding 12-month period, no written three-day notice shall be required for a subsequent nonpayment of rent, utility charges, or reasonable incidental service charges.

(3) Payment by the legal owner, as defined in Section 18005.8 of the Health and Safety Code, any junior lienholder, as defined in Section 18005.3 of the Health and Safety Code, or the registered owner, as defined in Section 18009.5 of the Health and Safety Code,

if other than the homeowner, on behalf of the homeowner prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner, each junior lienholder, and the registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to that payment.

(4) The homeowner shall remain liable for all payments due up until the time the tenancy is vacated.

(5) Cure of a default of rent, utility charges, or reasonable incidental service charges by the legal owner, any junior lienholder, or the registered owner, if other than the homeowner, as provided by this subdivision, may not be exercised more than twice during a 12-month period.

(e) Condemnation of the park.

(f) Change of use of the park or any portion thereof, provided:

(1) The management gives the homeowners at least 15 days' written notice that the management will be appearing before a local governmental board, commission, or body to request permits for a change of use of the mobilehome park.

(2) After all required permits requesting a change of use have been approved by the local governmental board, commission, or body, the management shall give the homeowners six months' or more written notice of termination of tenancy.

If the change of use requires no local governmental permits, then notice shall be given 12 months or more prior to the management's determination that a change of use will occur. The management in the notice shall disclose and describe in detail the nature of the change of use.

(3) The management gives each proposed homeowner written notice thereof prior to the inception of his or her tenancy that the management is requesting a change of use before local governmental bodies or that a change of use request has been granted.

(4) The notice requirements for termination of tenancy set forth in Sections 798.56 and 798.57 shall be followed if the proposed change actually occurs.

(5) A notice of a proposed change of use given prior to January 1, 1980, which conforms to the requirements in effect at that time shall be valid. The requirements for a notice of a proposed change of use imposed by this subdivision shall be governed by the law in effect at the time the notice was given.

(g) The report required pursuant to subdivisions (b) and (i) of Section 65863.7 of the Government Code shall be given to the homeowners or residents at the same time that notice is required pursuant to subdivision (f) of this section.

SEC. 3. Section 798.61 of the Civil Code is amended to read:

798.61. (a) As used in this section, "abandoned mobilehome" means a mobilehome (1) less than 12 feet in width, (2) located in a mobilehome park on a site for which no rent has been paid to the management for the preceding 60 days, (3) that is unoccupied, and

(4) which the management reasonably believes to be abandoned.

(b) After determining a mobilehome in a mobilehome park to be an abandoned mobilehome, the management shall post a notice to that effect on the mobilehome for not less than 30 days, and shall deposit copies of the notice in the United States mail, postage prepaid, addressed to the homeowner at the last known address and to any known registered owner, if different from the homeowner, and to any known holder of a security interest in the mobilehome. This notice shall be mailed by registered mail with a return receipt requested.

(c) Thirty or more days following posting pursuant to subdivision (b), the management may file a petition in the municipal or justice court for the judicial district in which the mobilehome park is located for a judicial declaration of abandonment of the mobilehome. Copies of the petition shall be served upon the homeowner, any known registered owner, and any known person having a lien or security interest of record in the mobilehome by mailing copies to those persons at their last known addresses by registered mail with a return receipt requested in the United State mail, postage prepaid.

(d) Hearing on the petition shall be given precedence over other matters on the court's calendar. In no event shall the hearing be scheduled less than 60 days following initial posting under subdivision (b). If, upon the hearing, the petitioner shows by a preponderance of the evidence that the mobilehome meets the criteria for an abandoned mobilehome and no party establishes an interest therein at the hearing, the court shall enter a judgment of abandonment, determine the amount of charges to which the petitioner is entitled, and award costs to the petitioner. However, at any time prior to sale under this section, any person having a right to possession of the mobilehome may recover it upon payment to the management of all rent or other charges due, including reasonable costs of storage and other costs awarded by the court.

(e) Within 10 days following a judgment of abandonment, the management shall enter the abandoned mobilehome and complete an inventory of the contents and submit the inventory to the court. During this period the management shall post and mail notice of intent to sell the abandoned mobilehome and its contents under this section, and announcing the date of sale, in the same manner as provided for the notice of determination of abandonment under subdivision (b), and by publication in a newspaper of general circulation published in the city in which the park is located or, if located in an unincorporated area, in the county where the park is located.

(f) Prior to the sale, the abandoned mobilehome and its contents shall not be moved from its site, but the management shall be entitled to storage costs in the same amount as the contract rent and other charges that would be applicable if the mobilehome had not been abandoned.

(g) Not less than 30 days following the judgment of abandonment,

the management may conduct a public sale of the abandoned mobilehome and its contents. The management may bid at the sale and shall have the right to offset its bids to the extent of the total amount due it under this section. The proceeds of the sale shall be retained by the management, but any unclaimed amount thus retained over and above the amount to which the management is entitled under this section shall be deemed abandoned property and shall be paid into the treasury of the county in which the sale took place within 30 days of the date of the sale. The former homeowner or any other owner may claim any or all of that unclaimed amount within one year from the date of payment to the county by making application to the county treasurer or other official designated by the county. If the county pays any or all of that unclaimed amount to a claimant, neither the county nor any officer or employee of the county is liable to any other claimant as to the amount paid.

(h) Within 30 days of the date of the sale, the management shall submit to the court an accounting of the moneys received from the sale and the disposition of the money and the items contained in the inventory submitted to the court pursuant to subdivision (e).

(i) The management shall provide the purchaser at the sale with a copy of the judgment of abandonment and evidence of title, as shall be specified by the State Department of Housing and Community Development, which shall register title in the mobilehome to the purchaser upon presentation thereof. The sale shall pass title to the mobilehome to the purchaser free of any prior interest, including any security interest or lien, in the mobilehome.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 798.56 of the Civil Code proposed by both this bill and AB 3085. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 798.56 of the Civil Code, and (3) this bill is enacted after AB 3085, in which case Section 2 of this bill shall not become operative.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 25189.7 is added to the Health and Safety Code, to read:

25189.7. (a) The burning or incineration of any hazardous waste, or the causing thereof, is prohibited when the burning or incineration is at a facility which does not have a permit from the

department issued pursuant to this chapter, or at any point which is not authorized according to this chapter.

(b) Any person who is convicted of knowingly burning or incinerating, or causing the burning or incineration of, any hazardous waste, or who reasonably should have known that he or she was burning or incinerating, or causing the burning or incineration of, any hazardous waste, at a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter, shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16, 24, or 36 months.

(c) The court shall also impose upon a person convicted of violating subdivision (b) a fine of not less than five thousand dollars ($5,000) nor more than one hundred thousand dollars ($100,000) for each day of violation, except as otherwise provided in this subdivision. If the act which violated subdivision (b) caused great bodily injury or caused a substantial probability that death could result, the person convicted of violating subdivision (b) may be punished by imprisonment in the state prison for up to 36 months, in addition to the term specified in subdivision (b), and may be fined up to two hundred fifty thousand dollars ($250,000) for each day of violation.

SEC. 2. Section 25190 of the Health and Safety Code is amended to read:

25190. Except as otherwise provided in Sections 25189.5, 25189.7, 25191, and 25195, any person who violates any provision of this chapter, or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, is, upon conviction, guilty of a misdemeanor.

If the conviction is for a second or subsequent violation, the person shall, upon conviction, be punished by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for 16, 20, or 24 months. The court shall also impose upon the person a fine of not less than five thousand dollars ($5,000) or more than twenty-five thousand dollars ($25,000).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 303

An act to amend Sections 412, 413, 1313.3, 1313.5, and 1568.15 of, to add Section 1568.17 to, and to repeal Chapter 1.6 (commencing with Section 171) of Part 1 of Division 1 of, the Health and Safety Code, relating to health, and making an appropriation therefor.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.6 (commencing with Section 171) of Part 1 of Division 1 of the Health and Safety Code is repealed.

SEC. 2. Section 412 of the Health and Safety Code is amended to read:

412. (a) The Legislature finds that Alzheimer's disease, a devastating disease which destroys certain vital cells of the brain, affects more than 1,500,000 Americans. The Legislature also finds that Alzheimer's disease and related disorders are responsible for 50 percent of all nursing home admissions and Alzheimer's disease is the fourth leading cause of death in adults. The Legislature recognizes that the disease has serious emotional, financial, and social consequences for its victims and their families.

(b) The Legislature recognizes that the cause of Alzheimer's disease is presently unknown, and there is no established treatment which can cure, reverse, or stop the progression of Alzheimer's disease. The Legislature also recognizes that research is the only hope for victims and families. The Legislature finds that existing diagnostic and treatment centers have improved the quality of care available to the victims of Alzheimer's disease and increased knowledge with respect to Alzheimer's disease and related disorders. These centers provide clinical opportunities for research and facilitate the collection of essential data regarding Alzheimer's disease and related disorders, while at the same time providing valuable services such as information and referral, counseling, and training to victims and their families. It is the intent of the Legislature, in enacting this article, to encourage the establishment of geographically dispersed diagnostic and treatment centers for Alzheimer's disease within every postsecondary higher educational institution with a medical center, and to encourage research to discover the cause of, and a cure for, Alzheimer's disease.

(c) The functions of the diagnostic and treatment centers shall be designed to serve all of the following purposes:

(1) To provide diagnostic and treatment services and improve the quality of care to victims of Alzheimer's disease.

(2) To increase research by faculty and students in discovering the cause of, and a cure for, Alzheimer's disease.

(3) To provide training, monitoring, consultation, and continuing

education to the families of those who are affected by Alzheimer's disease.

(4) To increase the training of health care professionals with respect to Alzheimer's disease.

SEC. 3. Section 413 of the Health and Safety Code is amended to read:

413. (a) Any postsecondary higher educational institution with a medical center may establish diagnostic and treatment centers for Alzheimer's disease subject to the State Department of Health Services' grants review process.

(b) The State Department of Health Services shall administer grants to postsecondary higher educational institutions which establish diagnostic and treatment centers pursuant to subdivision (a).

(c) Funds appropriated for the purposes of this article by the Statutes of 1987 shall first be used to maintain and enhance, as determined by the state department, existing centers and to prevent program cutbacks under subdivision (b).

(d) Alzheimer's disease grants for the purpose of establishing a diagnostic and treatment center shall be used only for the purposes of this article, including, but not limited to, all of the following:

(1) Salary and benefits for faculty, residents, fellows, and staff of the diagnostic and treatment center.

(2) Costs of supplies and equipment.

(3) Research grants for faculty research to discover the cause of, and a cure for, Alzheimer's disease.

(4) Research grants for students, residents, and fellows.

(5) General administrative costs of up to 8 percent of the total grant.

(e) The State Department of Health Services shall establish criteria for requests for Alzheimer's disease diagnostic and treatment center grants and Alzheimer's disease research grants, and for program evaluation.

(f) No grant awarded pursuant to this article shall be approved for any amount which exceeds 25 percent of the total amount of funds appropriated for this purpose in the 1987–88 Regular Session of the Legislature.

(g) The department shall administer a grant program for the purpose of research into the causes, treatment, cure, strategies for coping with, prevention, incidence, and prevalence of Alzheimer's disease and related disorders. Priority shall be given to grant applications for feasibility studies, startup grants, and matching funds for federal and privately funded research grants. Consideration shall be given to proposals which link service delivery and collect data relative to patient care and the delivery of social services. This research may include, but is not limited to, examinations and recommendations for the improvement of the family, community-based and health care support systems available to Alzheimer's disease victims, and their caregivers.

(h) Upon request, the department shall make available to the Legislature information regarding the progress of the grant programs established pursuant to this article.

(i) The State Department of Health Services shall reduce any grant pursuant to this article by the amount of any federal funds available for the same purposes to the same grantee.

SEC. 4. Section 1313.3 of the Health and Safety Code is amended to read:

1313.3. The office shall submit an annual report to the Legislature commencing on or before January 1, 1988, concerning the progress of the demonstration project. The report shall include, but is not limited to, the number of participants served, a description of the services provided and the cost per service and per patient (for the entire institute) in the aggregate. A final report shall be submitted by the office to the Legislature 42 months following the date that the designation is executed for the first Alzheimer's disease institute site. The report shall include all of the information required in the above-described progress reports, an evaluation of the demonstration project, and a description of the legislative and regulatory changes that would be required to make the institutes established pursuant to this article permanent.

SEC. 5. Section 1313.5 of the Health and Safety Code is amended to read:

1313.5. This article shall be repealed on the last day of the 48th full month following the date that the designation is executed for the first Alzheimer's disease institute site, unless a later enacted statute deletes or extends that date.

SEC. 6. Section 1568.15 of the Health and Safety Code is amended to read:

1568.15. The Secretary of the Health and Welfare Agency shall be responsible for the oversight and coordination of programs serving victims of Alzheimer's disease and related disorders and their families. This responsibility shall include, but not be limited to:

(a) State level support and assistance to all programs within the Health and Welfare Agency and member departments developed for this target population.

(b) Establishment of the Alzheimer's Disease and Related Disorders Advisory Committee pursuant to Section 1568.17.

(c) Review of the recommendations contained in the 1987 California Alzheimer's Disease Task Force Report, in consultation with appropriate state departments and the Alzheimer's Disease and Related Disorders Advisory Committee.

SEC. 7. Section 1568.17 is added to the Health and Safety Code, to read:

1568.17. (a) The Health and Welfare Agency shall establish an Alzheimer's Disease and Related Disorders Advisory Committee consisting of 12 members selected as follows:

(1) One representing the field of academic medical research.

(2) One representing the field of social research.

(3) One representing the field of mental health.

(4) One representing the Alzheimer's day care resource centers.

(5) One representing the Alzheimer's disease diagnostic and treatment centers.

(6) Two representing families of persons suffering from Alzheimer's disease or related disorders.

(7) Two representing organizations providing services to Alzheimer's disease patients.

(8) One representing a consumer organization representing persons with Alzheimer's disease.

(9) One representing a member of the State Bar who is familiar with the legal issues confronting Alzheimer's disease victims and their families.

(10) The Secretary of the Health and Welfare Agency or his or her designee.

(b) Priority for membership shall be given to the members that were, on December 31, 1987, serving on the task force established under former Section 171.3, to ensure continuity, in monitoring the implementations of the 1987 California Alzheimer's Disease Task Force Report.

(c) Members shall serve at the pleasure of the Secretary of the Health and Welfare Agency. The agency secretary may establish fixed terms for advisory committee membership. For purposes of continuity, those terms shall be staggered.

(d) Members shall serve without compensation, but shall receive reimbursement for travel and other necessary expenses actually incurred in the performance of their official duties.

(e) The Alzheimer's Disease and Related Disorders Advisory Committee shall do all of the following:

(1) Provide ongoing advice and assistance to the administration and the Legislature as to the program needs and priorities of the target population.

(2) Appoint a chairperson and vice chairperson.

(3) Meet quarterly.

(f) All meetings of the advisory committee and any subcommittees thereof, shall be open to the public and adequate notice shall be provided in accordance with Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 8. The sum of fifteen thousand dollars ($15,000) is hereby appropriated from the General Fund to the Health and Welfare Agency for the purpose of meeting the travel and other necessary expenses actually incurred in the performace of their official duties by the members of the Alzheimer's Disease and Related Disorders Advisory Committee as provided in Section 1568.17 of the Health and Safety Code.

CHAPTER 306

An act to add Section 5001.5 to the Unemployment Insurance Code, to amend Sections 11310 and 11320 of, to add Sections 11314 and 11320.95 to, and to repeal Article 3.85 (commencing with Section 11348.5) of Chapter 2 of Part 3 of Division 9 of, the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 5001.5 is added to the Unemployment Insurance Code, to read:

5001.5. This division shall only be effective in those counties which have not implemented the plan required by Section 11320.2 of the Welfare and Institutions Code except as otherwise provided in the Greater Avenues for Independence Act of 1985, Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 2. Section 11310 of the Welfare and Institutions Code is amended to read:

11310. (a) Except for individuals provided for in Section 11251 and as provided in subdivision (b), every individual, as a condition for eligibility for aid under this chapter, shall register for manpower services, training, and employment.

(b) The following individuals are not required to register:

(1) An individual under 16.

(2) A child attending school full time. For purposes of this subdivision, school does not include postsecondary education.

(3) An individual who is ill, incapacitated, or of advanced age.

(4) An individual so remote from a work incentive project that his or her effective participation is precluded.

(5) An individual whose presence in the home is required because of illness or incapacity of another member of the household.

(6) A parent with primary responsibility for the care of a child under the age of six or other relative who is caring for such child if the parent or adult relative is providing care with only brief or infrequent absences from the child.

(7) A parent or other relative who is caring for a child if the other parent or another adult relative meets all of the following requirements:

(A) The other parent or adult relative is in the home.

(B) He or she is not excluded by paragraph (1), (2), (3), (4), or (5) of this subdivision.

(C) He or she has not failed to register as required by this section or has not been found pursuant to Chapter 4 (commencing with

Section 5300) of Division 2 of the Unemployment Insurance Code to have refused without good cause to participate under a work incentive program or to accept employment, to the extent not in conflict with federal law.

(8) An individual who is working not less than 30 hours per week in unsubsidized employment which is expected to last a minimum of 30 days. This exemption continues to apply if there is a temporary break in full-time employment which is expected to last no longer than 10 working days.

(c) Any individual not required to register may choose to register voluntarily for manpower services, training, and employment, and may withdraw such registration at any time without loss of eligibility for aid under this chapter, if his or her status has not changed in a way which would require registration.

SEC. 3. Section 11314 is added to the Welfare and Institutions Code, to read:

11314. This article shall only be effective in those counties which have not implemented the plan required by Section 11320.2, except as otherwise provided in the Greater Avenues for Independence Act of 1985, Article 3.2 (commencing with Section 11320).

SEC. 4. Section 11320 of the Welfare and Institutions Code is amended to read:

11320. The Legislature finds and declares that this article is intended to be the employment and training program for the state and is intended to satisfy the registration requirement of Section 602(a)(19)(A) of Title 42 of the United States Code. The Legislature further declares that the provisions of this article shall be implemented even if the requirements of the federal Social Security Act are not met.

(b) The Legislature finds and declares that the state and counties recognize all of the following:

(1) Applicants for, and recipients of, aid under this chapter desire to work, and will do so if provided with the opportunity.

(2) The state and counties shall provide applicants for, and recipients of, aid under this chapter with the opportunity to obtain employment by offering a full range of employment training and supportive services, consistent with the needs of participants, that allow for informed choices in order to meet their employment goals.

(3) Able-bodied applicants for, and recipients of, aid under this chapter, are expected to work. The timeframes for fulfilling this expectation shall be set forth in an explicit contract between an applicant or recipient and the county.

(4) Applicants for, and recipients of, aid under this chapter who are required to register for employment and training programs pursuant to Section 11310 are "individuals in special need" of training as described in Section 2 of the federal Job Training Partnership Act (29 U.S.C. Sec. 1501 et seq.), "individuals who require special assistance" provided in Section 123 of that act, and "most in need" of employment and training opportunities as

described in Section 141 of that act. The Legislature finds and declares that these individuals are in the labor force actively seeking employment.

(5) Because success of any program will depend on the state, it must exercise leadership to engender enthusiasm among counties, county welfare department directors, and county welfare department line staff, who are the principal contacts for many recipients enrolled in the program.

(6) A successful program should also be based upon all the following principles:

(A) Recipients should be able to make choices and to live up to the responsibilities involved in those choices.

(B) Participants should have an early opportunity to obtain a job.

(C) Expenditures should be targeted where they can do the most good.

(D) The state and the counties have a responsibility to provide a sufficient level of services to meet the needs of participants, as well as to undertake sufficient public information efforts to make recipients, potential participants, employers, or other public or private entities aware of the components, opportunities, and benefits of this program.

(E) New programs should be good investments of public funds. Added costs to the system should be incurred only when they are likely to result in long-term personal and community payoff.

(7) Clients should not be placed in any unassigned pool while waiting for a scarce resource.

(8) Most types of employment and training program components for applicants for, and recipients of, aid under this chapter have been successfully tried in this state.

(9) Aid under this chapter is available to persons who meet eligibility requirements. The program provided for in this article should not hamper continuation of this state's existing system of fraud detection, one of the most successful in the nation.

SEC. 5. Section 11320.95 is added to the Welfare and Institutions Code, to read:

11320.95. In those counties which have not implemented the plan required by Section 11320.2, all of the following shall apply:

(a) County welfare departments shall have the responsibility for registering applicants and recipients as required by Section 11310.

(b) In implementing the program, the State Department of Social Services shall contract with the Employment Development Department to provide services pursuant to Division 2 (commencing with Section 5000) of the Unemployment Insurance Code to applicants and recipients of aid under this chapter who are registered under subdivision (a) of Section 11310. Under the terms of the contract, the Employment Development Department is authorized to carry out any or all of the functions specified in Division 2 (commencing with Section 5000) of the Unemployment Insurance Code, except as otherwise provided under subdivision (c).

(c) The State Department of Social Services shall conduct the hearings regarding any dispute. "Good cause" shall be as defined in Sections 5007 and 5007.5 of the Unemployment Insurance Code. The hearings shall be requested and conducted under the provisions of Chapter 7 (commencing with Section 10950) of Part 2. Nothing in this section precludes the registrant's right to conciliation efforts as specified in Section 5302 of the Unemployment Insurance Code.

SEC. 6. Article 3.85 (commencing with Section 11348.5) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for an orderly continuation of the Work Incentive Demonstration Program in California upon expiration of federal authorizing legislation and to provide for an orderly transition into the Greater Avenues for Independence program, it is necessary that this act take effect immediately.

CHAPTER 307

An act to amend Section 40531 of the Food and Agricultural Code, relating to agricultural products.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 40531 of the Food and Agricultural Code is amended to read:

40531. The director may investigate and certify to shippers or other financially interested parties the analysis, classification, grade, quality, or condition of any fruit, vegetable, or other agricultural product, either raw or processed, under regulations that the director may adopt, including the payment of reasonable fees, the frequency of payment of the fees, the procedure for payment, the procedure for refunds, and the penalties for late payment.

CHAPTER 308

An act to amend Section 8380 of, and to add and repeal Section 8388 of, the Fish and Game Code, relating to fish.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 8, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 8380 of the Fish and Game Code is amended to read:

8380. (a) Giant seabass (Stereolepis gigas) may not be taken for any purpose, except that not more than one fish per vessel may be possessed or sold if taken incidentally in commercial fishing operations by gill or trammel net. Any fish so taken shall not be transferred to any other vessel.

(b) The restrictions specified in this section shall not apply to 1,000 pounds of giant seabass per trip taken in waters lying south of the International Boundary Line between the United States and Mexico extended westerly into the Pacific Ocean. Fish taken under this provision, however, shall be limited to a maximum aggregate of 3,000 pounds per vessel in any calendar year. A current fishing permit issued by the Mexican government constitutes valid evidence that the giant seabass were taken south of the international boundary.

SEC. 2. Section 8388 is added to the Fish and Game Code, to read:

8388. (a) No female angel shark measuring less than 42 inches in total length or 4.5 inches in alternate length and no male angel shark measuring less than 40 inches in total length or 4.3 inches in alternate length may be possessed, sold, or purchased, except that 10 percent of the angel sharks in any load may measure less than the minimum sizes specified herein.

(b) Angel shark total length shall be measured from the anterior end of the head to the tip of the tail while the fish is lying in a position of natural repose. When measuring total length, the tip of the tail may be laid flat against the surface of the measuring device. Angel shark alternate length shall be measured between the points where the leading edges of the first and second dorsal fins meet the back. Angel sharks may be constrained from lateral movement during measurement by restraining devices approved by the department.

(c) Angel sharks taken in gill or trammel nets shall be landed (brought ashore) with at least one intact pelvic fin attached.

(d) Angel sharks taken in gill or trammel nets shall not be transferred to or from another vessel, except that angel sharks may be transferred to or from vessels with a department observer on board. An observer shall observe and make a written record of that transfer.

(e) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute which

is enacted before January 1, 1992, deletes or extends that date.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 309

An act to amend Section 996.030 of the Code of Civil Procedure, relating to bonds.

[Approved by Governor July 7, 1988 Filed with Secretary of State July 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 996.030 of the Code of Civil Procedure is amended to read:

996.030. (a) The court if a bond is given or ordered in an action or proceeding, or the officer if a bond is given or ordered other than in an action or proceeding, may determine that the amount of the bond is excessive and order the amount reduced to an amount that in the discretion of the court or officer appears proper under the circumstances. The order is subject to any limitations in the statute providing for the bond.

(b) The determination shall be made upon motion or affidavit of the principal in the same manner as a motion or affidavit for a determination under this article that a bond is insufficient. The notice of motion or the order to show cause made pursuant to affidavit shall be served on the beneficiary. The determination shall be made in the same manner and pursuant to the same procedures as a determination under this article that the bond is insufficient.

(c) The principal may give a new bond for the reduced amount. The sureties may be the same sureties as on the original bond.

CHAPTER 310

An act to amend Sections 26205.6 and 27297.5 of the Government Code, relating to county recorders.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 26205.6 of the Government Code is amended to read:

26205.6. (a) Notwithstanding any other law relating to the destruction of city or county records, the county recorder may cause to be destroyed any original document left with and recorded by the county recorder which is undeliverable by mail and uncalled for for 10 years or more after the date of recording.

(b) Notwithstanding any other law relating to the destruction of city or county records, the county recorder may cause to be destroyed any original document left with and recorded by the county recorder by permanent photographic means which is undeliverable by mail and uncalled for two years or more after the date of recording.

(c) For purposes of this section, "destroy" means destroy or dispose of for purposes of destruction.

SEC. 2. Section 27297.5 of the Government Code is amended to read:

27297.5. (a) Upon recordation of an abstract of judgment or other document creating an involuntary lien affecting the title to real property, unless the county recorder has received from the judgment creditor proof of service pursuant to subdivision (b) of a copy of the document being recorded, the county recorder shall, whenever the recorded document evidencing such lien contains the address of the person or persons against whom the involuntary lien is recorded or the address of the judgment debtor's attorney of record, within 10 days notify the person or persons or attorney of record by mail of the recordation.

(b) As an alternative to notice by the recorder, the judgment creditor or lienholder may serve upon the person or persons against whom the abstract of judgment or document creating an involuntary lien is to be recorded, a copy thereof in one of the following ways:

(1) By personal delivery. Proof of service pursuant to this paragraph shall be shown by the affidavit of the person making the service, showing the time, place, and manner of service, the name and address of the person served, and any other facts necessary to show that service was made in accordance with this paragraph. If there is no address for a person to be served known to the judgment creditor or lienholder, he or she shall append to the abstract of judgment or involuntary lien an affidavit to that effect.

(2) By leaving it at the person's residence or place of business in the care of some person in charge. Proof of service pursuant to this paragraph shall be shown by the affidavit of the person making the service, showing the time, place, and manner of service, the name and address of the person served, together with the title or capacity of the person accepting service, and any other facts necessary to show that service was made in accordance with this paragraph.

(3) By registered or certified mail, postage prepaid, addressed to the person's residence or place of business. This service is complete at the time of mailing. Proof of service pursuant to this paragraph shall be shown by an affidavit setting forth the fact of service, the name and residence or business address of the person making this service, showing that he or she is a resident of, or employed in, the county where the mailing occurs, the fact that he or she is over the age of 18 years, the date and place of deposit in the mail, the name and address of the person served as shown on the envelope, and the fact that the envelope was sealed and deposited in the mail, with the postage thereon fully prepaid, and sent by registered or certified mail.

(c) The judgment creditor may add the actual cost of service pursuant to subdivision (b) to the judgment or involuntary lien. The costs shall not exceed the cost had the abstract of judgment or involuntary lien been recorded pursuant to subdivision (a).

(d) As used in this section, "involuntary lien" means a lien which the person or persons against whom the lien is recorded has not executed or has not consented to by contract.

(e) This section shall not apply to the recordation of any documents relating to an involuntary lien in favor of the federal government pursuant to federal law or statute or to the recordation of any state tax lien against real property.

(f) The failure of the county recorder or a judgment creditor or lienholder to notify the person or persons against whom an abstract of judgment or involuntary lien is recorded as required by this section shall not affect the constructive notice otherwise imparted by recordation, nor shall it affect the force, effect, or priority otherwise accorded the lien.

(g) In the event that the notice is returned to the recorder by the postal service as undeliverable, the recorder is not required to retain the returned notice.

CHAPTER 311

An act to amend Section 640 of the Penal Code, relating to crime.

[Approved by Governor July 7, 1988 Filed with Secretary of State July 8, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 640 of the Penal Code is amended to read:

640. Any of the following acts committed on or in the facilities or vehicles of a public transportation system as defined by Section 99211 of the Public Utilities Code, on or in the facilities of, or vehicles operated by entities subsidized by, the Department of Transportation is an infraction punishable by a fine not to exceed two hundred fifty dollars ($250) or by community service for a total time not to exceed 20 hours over a period not to exceed 30 days, during a time other than during his or her hours of school attendance or employment:

(g) Writing, spraying, scratching, or otherwise affixing of graffiti on or in system facilities or vehicles.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 312

An act to amend Section 43.95 of the Civil Code, relating to civil law.

[Approved by Governor July 7, 1988. Filed with Secretary of State July 8, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 43.95 of the Civil Code, as amended by Section 3 of Chapter 727 of the Statutes of 1987, is amended to read:

43.95. (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society or any nonprofit corporation authorized by the society to operate a referral service, or a nonprofit lawyer referral service registered with the State Bar of California and which conforms to the minimum standards for a lawyer referral service approved by the Supreme Court, or their agents, employees, or members, for referring any member of the public to any professional member of the society or service, or for acts of negligence or conduct constituting unprofessional conduct committed by a professional to whom a member of the public was referred, so long as any of the foregoing persons or entities has acted without malice, and the referral was made at no cost added to the initial referral fee as part of a public service referral system organized under the auspices of the professional society or nonprofit lawyer referral service. Further, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society for providing a telephone information library available for use by the general public without charge, nor against any nonprofit corporation authorized by the society for providing a telephone information library available for use by the general public without charge. "Professional society" includes psychological, architectural, medical, dental, dietetic, accounting, optometric, podiatric, pharmaceutic, chiropractic, veterinary, licensed marriage, family, and child counseling, licensed clinical social work, and engineering organizations having as members at least 25 percent of the eligible persons or licentiates in the geographic area served by the particular society. However, if the professional society has less than 100 members, it shall have as members at least a majority of the eligible persons or licentiates in the geographic area served by the particular society. Professional society also includes organizations with nonprofit lawyer referral services which are registered with the State Bar of California and conform to the minimum standards for a lawyer referral service approved by the Supreme Court, and organizations which have been established to provide free assistance or representation to needy patients or clients.

(b) This section shall not apply whenever the professional society,

while making a referral to a professional member of the society, or a lawyer referral service registered with the State Bar of California while making a referral to an attorney, fails to disclose the nature of any disciplinary action of which it has actual knowledge taken by a state licensing agency against that professional. However, there shall be no duty to disclose a disciplinary action in either of the following cases:

(1) Where a disciplinary proceeding results in no disciplinary action being taken against the professional to whom a member of the public was referred.

(2) Where a period of three years has elapsed since the professional to whom a member of the public was referred has satisfied any terms, conditions, or sanctions imposed upon such professional as disciplinary action; except that if the professional is an attorney, there shall be no time limit on the duty to disclose.

(c) A nonprofit referral service that, on July 1, 1988, has been authorized by the State Bar of California and determined to be operating in accordance with its minimum standards for a lawyer referral service, shall be afforded the protection conferred by this section against monetary liability for a reasonable period, not to exceed six months, after approval of the minimum standards by the Supreme Court to permit that referral service to apply for reregistration with the State Bar under the approved standards.

(d) This section shall become inoperative on July 1, 1993, and, as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 43.95 of the Civil Code, as amended by Section 4 of Chapter 727 of the Statutes of 1987, is amended to read:

43.95. (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society or any nonprofit corporation authorized by such society to operate a referral service, or their agents, employees, or members, for referring any member of the public to any professional member of such society or service, or for acts of negligence or conduct constituting unprofessional conduct committed by a professional to whom a member of the public was referred, so long as any of the foregoing persons or entities has acted without malice, and the referral was made at no cost added to the initial referral fee as part of a public service referral system organized under the auspices of the professional society. Further, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society for providing a telephone information library available for use by the general public without charge, nor against any nonprofit corporation authorized by such society for providing a telephone information library available for use by the general public without charge. "Professional society" includes legal, psychological, architectural, medical, dental, dietetic, accounting, optometric, podiatric, pharmaceutic, chiropractic, veterinary,

licensed marriage, family, and child counseling, licensed clinical social work, and engineering organizations having as members at least 25 percent of the eligible persons or licentiates in the geographic area served by the particular society. However, if the society has less than 100 members, it shall have as members at least a majority of the eligible persons or licentiates in the geographic area served by the particular society. "Professional society" also includes organizations with referral services which have been authorized by the State Bar of California and operated in accordance with its Minimum Standards for a Lawyer Referral Service in California, and organizations which have been established to provide free assistance or representation to needy patients or clients.

(b) This section shall not apply whenever the professional society, while making a referral to a professional member of such society, fails to disclose the nature of any disciplinary action of which it has actual knowledge taken by a state licensing agency against that professional member. However, there shall be no duty to disclose a disciplinary action in either of the following cases:

(1) Where a disciplinary proceeding results in no disciplinary action being taken against the professional to whom a member of the public was referred.

(2) Where a period of three years has elapsed since the professional to whom a member of the public was referred has satisfied any terms, conditions, or sanctions imposed upon such professional as disciplinary action; except that if the professional is an attorney, there shall be no time limit on the duty to disclose.

(c) This section shall become operative on July 1, 1993.

SEC. 3. In enacting this section, it is the intent of the Legislature to maximize the public benefit resulting from professional referral services and to standardize the prerequisites for liability protection granted professional associations.

CHAPTER 313

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 1988. Filed with Secretary of State July 8, 1988.]

I object to the following appropriations contained in Assembly Bill No. 224.

Item 0250-001-001—For support of Judiciary. I reduce this item from $107,862,000 to $106,783,000 by increasing:

(fx) Unallocated Reduction from −$2,214,000 to −$3,293,000.

I am reducing this item in the amount of $1,079,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 0420-101-001—For local assistance, for the state's share of salaries and health, dental and vision benefits of judges of superior courts, as provided by Section 68206 of the Government Code. I reduce this item from $56,243,000 to $56,154,000 by reducing:

(a) State share and advances per Section 68206 of the Government Code for Superior Court judges from $57,598,000 to $57,509,000.

I am deleting $89,000 for health, dental and vision benefits for superior court judgeships that have been delayed in their appointment by legislative action to delete funding for the Trial Court Funding Program. The salaries associated with these judgeships were deleted by the Legislature, but not the associated benefits. I have retained benefit funding on a half-year basis, however, and have set aside sufficient funding to support legislation that would permit the Trial Court Funding Program to commence on January 1, 1989.

Item 0440-101-001—For local assistance, for payment to counties for disbursement as a $60,000 block grant for each of the superior court judgeships created by statutes enacted since January 1, 1973. I reduce this item from $13,500,000 to $7,050,000.

I am reducing this item by $6,450,000, half of the $12,900,000 amount augmented by the Legislature. When the Legislature eliminated funding for the Trial Court Funding Program, it was necessary for them to make this augmentation. Since I am urging the Legislature to send me the necessary clean-up legislation for the Trial Court Program and use funding available from my reductions to the 1988–89 Budget Bill to finance the Trial Court Funding Program on a half-year basis commencing January 1, 1989, one-half of the Legislature's augmentation is unnecessary.

Item 0500-001-001—For support of Governor and of Governor's Office. I reduce this item from $7,471,000 to $7,410,000 by increasing:

(dx) Unallocated Reduction from −$122,000 to −$183,000.

I am reducing this item by $61,000 which represents a one percent reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 0690-001-001—For support of Office of Emergency Services, California Emergency Council and Advisory Committees. I reduce this item from $10,146,000 to

$10,045,000 by increasing:

(ex) Unallocated Reduction from −$314,000 to −$415,000.

I am reducing this item in the amount of $101,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6 9 percent I believe this remaining amount will continue to provide essential services to Californians.

Item 0820-001-001—For support of Department of Justice I reduce this item from $159,760,000 to $154,462,000 by reducing·

(f) 45-Public Rights from $23,379,000 to $20,530,000,

(g) 50-Law Enforcement from $129,532,000 to $128,070,000,

(h) Reimbursements from −$35,892,000 to −$35,319,000,

and by increasing:

(gx) Unallocated Reduction from −$2,191,000 to −$3,751,000,

and by deleting Provision 5.

I am deleting the $1,462,000 legislative augmentation and 18.8 personnel years to expand the Organized Crime and Criminal Intelligence Program to include two new organized crime strike force teams. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties It should also be noted that with the existing budgeted resources, the Department of Justice's Bureau of Organized Crime and Criminal Intelligence and Special Prosecutions Unit are already engaged in many of the activities proposed for the new strike force teams.

I am deleting the $2,276,000 legislative augmentation and associated 4 8 personnel years for litigation work related to the Atlantic Richfield Company (ARCO) v. State Lands Commission, et al. Funding for this legal work should more appropriately be included in the State Lands Commission budget, since the Commission has the lead programmatic responsibility regarding this matter. In addition, before any further support is provided for this litigation, the Legislature should study carefully the need for and level of additional resources necessary to meet the legal requirements of this case.

I am deleting Provision 5 of this item to conform with this action

I am reducing this item in the amount of $1,560,000 which represents a one percent unallocated reduction This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6 9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am reducing the scheduled reimbursements in this item to delete a $573,000 legislative augmentation and 9.7 personnel years funded by the Department of Health Services for costs associated with litigation efforts to recover the costs of cleaning up hazardous waste sites because it is unclear that the workload identified will materialize. This conforms to my action in Item 4260-011-014.

Item 0820-101-001—For local assistance, Department of Justice I reduce this item from $1,310,000 to $310,000 by reducing Program 50, Law Enforcement

I am reducing this item by $1,000,000 for reimbursements to counties with populations under 1,250,000 for costs associated with the Clandestine Laboratory Enforcement Program. I am supportive of efforts in this area, however it is now estimated that claims for reimbursements from eligible counties for 1987–88 will total $200,000. Therefore, the $310,000 remaining in this item should be sufficient to meet the funding needs of eligible counties during 1988–89.

Item 0840-001-001—For support of State Controller I reduce this item from $61,841,000 to $61,223,000 by increasing:

(dy) Unallocated Reduction from −$1,378,000 to −$1,996,000.

I am reducing this item by $618,000 which represents a one percent reduction This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction

in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 0860-001-001—For support of State Board of Equalization. I reduce this item from $103,007,000 to $101,711,000 by reducing:

(a) 100000-Personal Services from $124,249,000 to $124,066,000,

(b) 300000-Operating Expenses and Equipment from $31,907,000 to $31,821,000, and by increasing:

(bx) Unallocated Reduction from −$1,000,000 to −$2,027,000.

I am deleting the legislative augmentation of $269,000 and 4.7 personnel years to implement the provisions of SB 2407 of the 1987–88 Regular Session, and the enhancement of the Property Taxes Exemption Unit. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current vital programs and provide for a prudent reserve for economic uncertainties.

I am also reducing this item in the amount of $1,027,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 0890-001-001—For support of Secretary of State. I reduce this item from $22,298,000 to $22,075,000 by increasing:

(cx) Unallocated Reduction from −$458,000 to −$681,000.

I am reducing this item in the amount of $223,000, which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 0950-001-001—For support of State Treasurer. I reduce this item from $6,083,000 to $6,021,000 by increasing:

(bx) Unallocated Reduction from −$124,000 to −$186,000,

and by deleting Provisions 1 and 2.

I am deleting Provision 1 which was added by the legislature to require the State Treasurer's Office to select banking firms and bond counsel based on a review process that allows all banking firms and bond counsels to participate; and to report to the Legislature the firms that have been awarded contracts related to the issuance of the State's bonds and notes during 1988. While this Administration favors open competition in connection with selecting providers of State goods and services, a change in the substantive law related to selection of banking firms and bond counsel is not appropriate as part of the Budget Act. In addition, the information regarding the issuance of the State's bonds and notes is readily available as public information. Consequently, the Provision 1 language proposed by the Legislature is unnecessary.

In addition, I am deleting Provision 2 added by the Legislature because conducting specified bond and note issuance seminars could be costly and may not result in the most cost effective method of providing information. Further, I am reducing $1,000 from this item to reflect the savings that will be achieved based on my vetoing of the seminar requirements of this provision and the reporting requirements proposed in Provision 1.

I am also reducing this item by $61,000 which represents a one percent reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 0977-101-001—For local assistance, California Health Facilities Financing Authority. I delete this item and Provision 1.

I am deleting the $100,000 General Fund legislative augmentation to expand services provided by the California Health Facilities Financing Authority. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting Provision 1 to conform to this action.

Item 1100-001-001—For support of Museum of Science and Industry. I reduce this item from $8,787,000 to $8,699,000 by increasing:

(bx) Unallocated Reduction from —$182,000 to —$270,000.

I am reducing this item in the amount of $88,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6 9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 1120-001-704—For support of Board of Accountancy. I reduce this item from $5,132,000 to $4,398,000 by reducing:

(a) 3—Board of Accountancy from $5,151,000 to $4,417,000.

I am deleting the legislative augmentation of $734,000 and 8.5 personnel years. The 1988–89 Budget already provides an increase of $925,000 for the Board's enforcement program. I believe the Board should have the opportunity to incorporate this augmentation into current operations before more resources are added.

Item 1700-001-001—For support of Department of Fair Employment and Housing. I reduce this item from $9,466,000 to $9,359,000, by reducing:

(a) 50-Administration of Civil Rights Law from $11,761,000 to $11,760,000,

and by increasing:

(ax) Unallocated Reduction from —$216,000 to —$322,000,

and by deleting Provision 1.

I am reducing this item by $1,000. During 1986–87, the Department of Fair Employment and Housing consolidated the operations of the San Francisco legal office into the Sacramento legal office and eliminated the Boalt Hall Employment Discrimination Clinic The Legislature transferred funds from the Department of Fair Employment and Housing main support item to newly created items for the Los Angeles legal office, San Francisco legal office and the Boalt Hall Employment Discrimination Clinic. The amounts appropriated in these three items are based on the premise that all rent and other operating expenses for the legal offices will be paid from the main support item. However, the language in Provision 1 specifically precludes any transfer of funds to pay for the rent and other operating expenses in the three newly created items. The Department of Fair Employment and Housing would incur at least $1,000 of cost to relocate staff and pay the support expenses related to reestablishing the San Francisco legal office and the Boalt Hall Clinic. Although funds have not been budgeted for these administrative costs, I am reducing $1,000 which represents the savings that will be achieved based on vetoing language contained in Provision 1 of this item and similar provisions in the newly created items.

I am deleting Provision 1 to conform to this action.

I believe Provision 1 is inconsistent with the separation of powers provision concerning the Executive Branch authority and represents a substantive change of law.

I am reducing this item in the amount of $106,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 1700-011-001—For support of the Department of Fair Employment and Housing, Los Angeles Legal Office. I revise the language in this item, and delete Provision 1.

The Department of Fair Employment and Housing has a district office in Los

Angeles which employs seven attorneys to handle civil rights cases. The department does not consider the legal staff in Los Angeles to constitute a legal office so I am revising this item to read:

"1700-011-001—For support of the Department of Fair Employment and Housing ~~; Los Angeles Legal Office.~~"

I am deleting Provision 1 because this provision and the location specified in the item (Los Angeles Legal Office) are inconsistent with two Constitutional provisions. First, the language violates the separation of powers provision concerning the Executive Branch authority. Second, in as much as existing law does not define or reference the Los Angeles Legal Office, the language represents a substantive change of law which can only be included within a single subject bill, rather than the Budget Act I believe the director of the Department of Fair Employment and Housing should be provided the opportunity to relocate staff and allocate funds to meet departmental needs which this language would prohibit.

Item 1700-021-001—For the support of the Department of Fair Employment and Housing, San Francisco Legal Office. I reduce this item from $437,000 to $436,000, revise the language in this item, and delete Provision 1.

The relocation of staff from Sacramento to San Francisco to reestablish a legal office would cost at least $1,000 In 1986–87 the department closed the San Francisco legal office and consolidated the positions with the Sacramento office, and evidence has not been provided to justify the reopening of this office Although relocation costs have not been budgeted in 1988–89, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item.

I am revising the language in the item to conform to this action

"1700-021-001—For the support of the Department of Fair Employment and Housing~~; San Francisco Legal Office~~"

I am also deleting Provision 1 because this provision and the location specified in the item (San Francisco Legal Office) are inconsistent with two Constitutional provisions. First, the language violates the separation of powers provision concerning the Executive Branch authority Second, inasmuch as existing law does not define or reference the San Francisco Legal Office, the language represents a substantive change of law.

Item 1700-031-001—For the support of the Department of Fair Employment and Housing, Boalt Hall Employment Discrimination Clinic. I reduce this item from $72,000 to $71,000, revise the language in this item, and delete Provision 1.

The relocation of staff from Sacramento to Berkeley to reestablish a legal clinic at Boalt Hall School of Law would cost at least $1,000. In 1986–87 the department closed the Boalt Hall legal clinic and evidence has not been provided to justify the reopening of this clinic. Although relocation costs have not been budgeted in 1988–89, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item.

I am revising the language in the item to conform to this action.

"1700-031-001—For the support of the Department of Fair Employment and Housing~~; Boalt Hall Employment Discrimination Clinic~~"

I am also deleting Provision 1 because this provision and the location specified in the item (Boalt Hall Employment Discrimination Clinic) are inconsistent with two Constitutional provisions. First, the language violates the separation of powers provision concerning Executive Branch authority. Second, in as much as existing law does not define or reference the Boalt Hall Employment Discrimination Clinic, the language represents a substantive change of law which can only be included within a single subject bill, not the Budget Act.

Item 1730-001-001—For support of Franchise Tax Board. I reduce this item from $153,216,000 to $151,684,000 by adding:

Unallocated Reduction —$1,532,000.

I am reducing this item in the amount of $1,532,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount

will continue to provide essential services to Californians.

Item 1760-001-001—For support of the Department of General Services. I reduce this item from $10,533,000 to $9,732,000.

I am reducing this item by $125,000 to delete a legislative augmentation for a study to review earthquake damage to historical buildings in the City of Whittier. The need for this augmentation has not been demonstrated.

I am reducing this item by $115,000 to delete a legislative augmentation for the remodeling of the State Capitol 6th floor cafeteria. I am retaining an augmentation of $71,000, which, together with $113,000 budgeted in the current year, is sufficient to complete this remodeling project.

I am reducing this item by $458,000 and 11.8 personnel years to eliminate a legislative augmentation for increased State Police security services for Legislative staff. The Budget was augmented $476,000 to provide increased State Police security services for Legislative staff housed in five locations in Sacramento. The need for permanent onsite security at those locations has not been documented. However, I am retaining $18,000 and 0.5 personnel year to provide necessary Police escort services at those Sacramento locations.

I am directing the Department of General Services to conduct a comprehensive study to assess and prioritize the security needs of State employees in leased facilities throughout the State.

I am also reducing this item in the amount of $103,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 1760-001-666—For support of Department of General Services. I revise this item by reducing:

(b) 300000—Operating Expenses and Equipment from $229,315,000 to $228,617,000,

(d) Amount payable from the General Fund (Item 1760-001-001) from −$10,533,000 to −$9,732,000,

and by increasing:

(cx) Unallocated Reduction from −$928,000 to −$1,031,000.

I am revising this item to correspond to the $801,000 General Fund reduction made in Item 1760-001-001.

Item 1760-012-001—For support of the Department of General Services. I reduce this item from $9,548,000 to $8,040,000 by reducing:

(b) Operating Expenses and Equipment from $9,091,000 to $7,583,000.

I am reducing the PCB Removal Program by $1,508,000. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 1760-022-001—For support of Department of General Services. I reduce this item from $9,508,000 to $3,590,000 by reducing:

(b) Operating Expenses and Equipment from $9,189,000 to $3,271,000.

I am reducing the Asbestos Abatement Program in the amount of $5,918,000. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians. The funds remaining will allow expenditures to continue at the 1987–88 level.

Item 1760-301-033—For capital outlay, Department of General Services. I delete this item and Provision 1.

I am deleting the $428,000 legislative augmentation from the Van Nuys State Office Building Space Frame Roof Covering for existing structure because the project should

be submitted through the annual budget process for consideration in the context of competing Statewide priorities.

I am deleting Provision 1 to conform to this action.

Item 1880-001-001—For support of State Personnel Board. I reduce this item from $21,476,000 to $20,914,000 by reducing.

(a) 10—Merit System Administration from $24,633,000 to $24,282,000,

and by increasing:

(dx) Unallocated Reduction from —$431,000 to —$642,000,

and by deleting Provision 5.

I am deleting the $350,000 and 5.7 personnel year legislative augmentation to expand the Hispanic Hiring Program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am reducing this item in the amount of $211,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am reducing this item by an additional $1,000 related to drug testing Executive Order D-58-86 directed the State Personnel Board to develop standards to be used in establishing a drug free workplace. The board had public hearings on this subject and is nearing adoption of regulations that will be used by State agencies for drug testing The drug testing regulations developed by the State Personnel Board are needed by State agencies to ensure the uniform application of drug testing standards and procedures for new State employees. Although the State Personnel Board did not receive additional funding to support the drug testing program. I am reducing the Board's budget by $1,000 which represents savings that will be achieved as a result of not devoting staff time and resources to comply with requirements contained in Provision 5

I am deleting Provision 5 to conform to this action.

I believe the provision inappropriately restricts the State Personnel Board in its efforts, within the Board's existing statutory authority, in continuing to provide standards for fitness of new State employment applicants Further, I believe this language conflicts with exising law pertaining to the adoption of administrative regulations.

Item 1960-101-001—For local assistance, Department of Veterans Affairs I reduce this item from $2,150,000 to $1,000,000.

I am deleting the $1,150,000 legislative augmentation to expand assistance to county veteran services offices. This has always been funded by the counties, and State support has been supplemental. This increase in State funding would supplant local responsibility Chapter 1424, Statutes of 1987, already provides a mechanism whereby counties may gain increased federal funding for the services provided in assessing Medi-Cal eligibility.

Item 1970-011-001—For support of Veterans' Home of California. I reduce this item from $24,855,000 to $23,955,000 by reducing·

(a) 30—Care of Sick and Disabled Veterans from $42,957,000 to $42,057,000

I am reducing this item by $900,000. Federal Veterans Administration per diem payments to members of the Veterans' Home of California were increased by the enactment of Public Law 100-322 (Veterans Benefits and Services Act of 1988) This increase in per diem payments results in increased reimbursements from the members, which permits the reduction of $900,000 in General Funds. These funds will be replaced by the increased reimbursements, leaving total funding unchanged.

Item 2100-001-001—For support of Department of Alcoholic Beverage Control I reduce this item from $21,292,000 to $21,079,000 by adding:

Unallocated Reduction —$213,000.

I am reducing this item by $213,000 which represents a one percent unallocated

reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 2180-001-001—For support of Department of Corporations. I reduce this item from $9,381,000 to $9,287,000 by adding:

Unallocated Reduction —$94,000.

I am reducing this item by $94,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 2200-001-001—For support of Department of Commerce. I reduce this item from $9,256,000 to $7,530,000 by reducing:

(a) 10-Business Development from $3,577,000 to $3,227,000,

(f) 50-Small Business from $2,592,000 to $1,292,000,

and by adding:

Unallocated Reduction —$76,000.

I am deleting the legislative augmentation of $1,300,000 and 2 positions for the Small Business Development Center program. I am supportive of efforts in this program and during the May Revision process I proposed continued funding for three existing Small Business Development Centers and one new Center. The Legislature rejected my proposal and instead proposed this significant General Fund augmentation. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties I understand there is pending legislation (Senate Bill 1255) that contains provisions for a comprehensive plan for program expansion and a funding source which is a viable alternative to this legislative augmentation

I am also deleting the legislative augmentation of $350,000 and 4 positions for the Enterprise Zone Program. It is my understanding the Auditor General is required to evaluate the effectiveness of this program and report to the Legislature by June 30, 1988. It would be premature to augment this program prior to reviewing this report.

This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am also reducing this item by $76,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 2200-001-147—For support of Department of Commerce I delete this item and Provision 1.

I am deleting this item due to the uncertainty regarding unitary tax receipts in fiscal year 1988–89. Although Chapter 660, Statutes of 1986 specifies the development of regulations for infrastructure activity supported by unitary tax receipts, I believe there are sufficient resources within the department to support such development without a direct appropriation from the Unitary Fund.

I am deleting Provision 1 to conform to this action.

Item 2240-001-001—For support of Department of Housing and Community Development. I reduce this item from $5,928,000 to $5,738,000 by reducing:

(b) 20-Community Affairs Program from $13,619,000 to $13,566,000,

(c) 30-Housing Policy Development Program from $1,315,000 to $1,283,000,

(d) 50.01-Administration from $7,030,000 to $6,930,000,

(o) Amount payable from the Housing Rehabilitation Loan Fund (Item

2240-001-929) from —$573,000 to —$520,000,
and by adding:
Unallocated Reduction —$58,000.

I am deleting the legislative augmentation of $32,000 and 0.5 position for the preparation of an inventory of low-income rental units. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting the legislative augmentation of $100,000 and 2.0 positions for implementation of the California Housing and Homeless Bond Act of 1988 which will be on the November 1988 ballot. Because that bond measure has yet to be acted on by the voters, it would be premature to allocate implementation resources at this time. Such resources can be administratively provided upon approval of the measure by the voters in November

I am reducing this item by $58,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am also revising this item to conform to the actions I have taken in Items 2240-001-843 and 2240-001-929.

Item 2240-001-843—For support of Department of Housing and Community Development. I delete this item.

I am deleting this item to conform to the actions I have taken in Items 2240-001-001 and 2240-001-929.

Item 2240-001-929—For support of Department of Housing and Community Development. I reduce this item from $573,000 to $520,000

I am deleting the legislative augmentation of $53,000 and 1.0 position to provide staffing to administer the Deferred Payment Rehabilitation Loan Program. This is consistent with my May Revision proposal, and with legislative action which deleted funding for the program.

This action conforms to the actions I have taken in Items 2240-001-001 and 2240-001-843.

Item 2240-101-001—For local assistance, Department of Housing and Community Development. I reduce this item from $8,150,000 to $4,400,000 by reducing:

(a) 20-Community Affairs from $66,100,000 to $61,500,000,

(b) Amount payable from the Farm Labor Housing Rehabilitation Loan Account (Item 2240-101-844) from —$1,350,000 to —$500,000,
and deleting Provisions 1, 2 and 3

I am deleting the $250,000 legislative augmentation for the Homeless Relief Pilot Project in San Diego County. While I agree with the concept of coordinating and centralizing the delivery of services for the homeless, I continue to believe that public and private funds available within San Diego County can be redirected to implement the program.

I am deleting Provision 1 to conform with this action.

I am deleting the $1,000,000 legislative augmentation to provide for the renovation and construction of treatment facilities for intravenous drug users at special risk of becoming AIDS victims. Under my Administration, funding for the AIDS program has experienced significant growth statewide. The AIDS General Fund budget has been increased from $52.7 million in 1987–88 to $67.3 million in 1988–89. This represents an increase of $14.6 million, or 27.7 percent.

I am deleting Provision 2 to conform with this action.

I am deleting the $2,500,000 legislative augmentation to provide funds for the operating costs of homeless shelters. The $2,000,000 remaining in the budget for the Emergency Shelter Program will be used to provide grants to shelters. Currently, up to 50 percent of each grant may be used to fund the operating costs of emergency shelters. In addition, a housing bond measure on the November 1988 ballot, if approved by the voters, would provide an additional $25,000,000 to this program.

I am deleting Provision 3 to conform with this action.

I am also revising this item to conform to the actions I have taken in Item 2240-101-844

Item 2240-101-843—For local assistance, Department of Housing and Community Development. I reduce this item from ($6,000,000) to ($4,000,000) by reducing:

(e) For transfer to the Emergency Housing and Assistance Fund (985) from ($4,000,000) to ($2,000,000).

I am deleting the $2,000,000 legislative augmentation to fund the Emergency Shelter Program, consistent with my May Revision proposal. The $2,000,000 remaining in the budget for the program will be used to provide grants to shelters. In addition, a housing bond measure on the November 1988 ballot, if approved by the voters, will provide an additional $25,000,000 to this program.

Item 2240-101-844—For local assistance, Department of Housing and Community Development. I reduce this item from $1,350,000 to $500,000,
and delete Provisions 1 and 2.

I am deleting the $500,000 legislative augmentation to establish a farm labor camp in San Diego. The allocation of Farm Labor Housing Rehabilitation Loan Account monies for this purpose would be inappropriate as current statutes specify that all monies in the account are to be expended for rehabilitation loans to owners of farmworker housing.

I am deleting Provision 1 to conform with this action.

I am deleting the $350,000 legislative augmentation for the Rural Technical Assistance Program, which assists low-income rural communities in resolving domestic water and wastewater problems As stated above, the allocation of Farm Labor Housing Rehabilitation Loan Account monies for other than rehabilitation loans to owners of farmworker housing would be inappropriate. Also, funds are available in the budget to provide similar assistance to rural communities. Of the $82.8 million in the department's local assistance budget, over 50 percent is designated for small cities and rural areas. In addition, my Rural Renaissance Program provides $20 million in the current year, with over half of that amount expected to be carried over into 1988–89, to finance public improvements in rural counties.

I am deleting Provision 2 to conform with this action.

These actions conform to the actions I have taken in Item 2240-101-001.

Item 2660-001-042—For support of Department of Transportation. I reduce this item from $1,108,492,000 to $1,108,392,000 by reducing:

(b) 20-Highway Transportation from $1,309,284,000 to $1,309,184,000,
(1) 20.10.010-Rehabilitation from ($85,968,000) to ($85,944,000),
(2) 20.10.020-Operational improvements from ($101,364,000) to ($101,336,000),
(3) 20 10.030-New facilities from ($173,775,000) to ($173,727,000),

and by deleting Provision 9.

I am deleting the $100,000 legislative augmentation for a study to improve the department's organization structure and project delivery process because such a study would be duplicative of existing efforts I share a strong concern for improving the efficiency of all agencies of State government, including the Department of Transportation. However, during the 1987–88 fiscal year, two major efforts were undertaken by my administration aimed specifically at improving Caltrans' organization and project delivery process. First, by Executive Order, I created the Governor's Interagency Task Force on Transportation, which has identified a variety of process improvement actions which can be taken by State departments, e.g., the acceleration of mandated permit and review processes which will help speed the delivery of highway projects. Second, the department initiated an internal review during which it expended six personnel years to identify procedural changes which can expedite project delivery. Finally, I would like to point out that the 1988–89 Budget includes eight personnel years ($449,000) to demonstrate a "fast track" project delivery process which will help identify additional improvements which can enhance project delivery in future years.

I am deleting Provision 9 to conform with this action.

Item 2660-001-046—For support of Department of Transportation. I delete Provision #2.

I am deleting Provision 2 because this language is unnecessarily restrictive. It would limit the use of $256,000 of intercity rail funds to the improvement of service on the Los Angeles-Santa Barbara segment of the San Diegan passenger train. These funds are part of the base budget for all Amtrak rail services. No analysis has been performed to indicate that the need for improvement on the Los Angeles-Santa Barbara segment is greater than the need for improvement on any other segment. Therefore, I believe the funds should be available to the department for allocation to any intercity rail project on a priority basis.

Item 2660-101-042—For local assistance, Department of Transportation. I reduce this item from $107,000,000 to $96,000,000 by reducing:

(b) 30-Mass Transportation from $75,000,000 to $64,000,000.

I am deleting the $11,000,000 legislative augmentation for transit guideways. Improving transportation facilities is one of the highest priorities of my administration. For that reason, my 1988–89 Budget proposed to augment funding for transit guideways from the 1987–88 level of $31,920,000 to $64,000,000—an increase of 100 percent. The Legislature accepted my proposal, but chose to augment the Budget further by $11,000,000. While the intent of this augmentation may be laudable, a limit must be placed on the appropriation of State Highway Account funds for transit guideway projects if sufficient funds are to remain available for highway improvements. I believe the appropriation of $64,000,000 for guideways represents the best division of our transportation resources between transit guideway and highway needs.

Item 2660-301-036—For capital outlay, Department of Transportation. I delete this item.

I am deleting the $100,000 legislative augmentation to construct a soundwall for the Lutheran School. I support the Department of Transportation's retrofit soundwall construction program as provided by State law. Under this program, funding for soundwalls is allocated from the State Highway Account to projects on the retrofit soundwall list in priority order. This augmentation would provide separate funding from the Special Account for Capital Outlay (SAFCO) for one particular project. In doing so, it would provide an inequitable advantage to one project over others. Such separate treatment would set an undesirable precedent. Furthermore, by proposing to fund the soundwall from the Special Account for Capital Outlay, this augmentation ignores both the limited funding available in the account and the many other, high priority capital outlay needs of State programs which are funded from SAFCO.

Item 2660-492—Reappropriation, Department of Transportation. I am reducing expenditure authority in this item by revising the reappropriation language:

"046—Transportation Planning and Development Account

(1) Item 2660-001-046, Budget Act of 1987 60,600

(2) Item 2660-001-046, Budget Act of 1986 ..... ~~1,283,099~~ *1,222,000*

~~(3) Item 2660-001-046, Budget Act of 1985 ..... 1,040,000~~"

and by revising Provision 1.

I am revising the language of this item to eliminate the reappropriation from the Budget Act of 1985 and a portion of the reappropriation from the Budget Act of 1986. These reappropriations would have provided funds for improvements to the San Diegan rail service and for a study of the Auburn-to-San Jose rail corridor. I continue to support intercity rail passenger service, and the 1988–89 Budget includes $10 million for capital improvements to the San Diegan. I believe that any additional funding for intercity rail service should be specifically appropriated for high priority purposes after careful review by the Department of Transportation. I am retaining the reappropriation to fund the acquisition of rail cars and equipment for a third San Joaquin train because it is consistent with the authority granted the department by Chapter 1328, Statutes of 1987.

I am revising Provision 1 to conform with this action:

"1. The funds reappropriated from ~~Item 2660-001-046 of the Budget Act of 1985, and~~ Item 2660-001-046 of the Budget Act of 1986, shall be used for the following purposes:

(1) To acquire train cars and equipment necessary to establish the third San Joaquin train 1,222,000

~~(2) For expenditure on the Los Angeles Santa Barbara segment of the San Diego Los Angeles/Santa Barbara rail service ..... 1,020,000~~

~~(3) For the purpose of making a grant to the Metropolitan Transportation Commission and the Sacramento Area Council of Governments to conduct a rail corridor study for the Auburn to San Jose Rail Corridor, in accordance with Assembly Concurrent Resolution 132..... 90,000~~"

Item 2720-001-044—For support of Department of the California Highway Patrol. I reduce this item from $531,652,000 to $529,752,000 by reducing:

(a) 10-Traffic Management from $488,963,000 to $487,268,000,

(b) 20-Regulation and Inspection from $46,608,000 to $46,445,000,

(c) 30-Vehicle Ownership Security from $12,305,000 to $12,263,000,

and deleting Provision 2.

I am deleting the $1,900,000 legislative augmentation to bring the pay scale of management level officers up to parity with officers at comparable levels in other law enforcement agencies. Compensation for management level Highway Patrol officers is subject to salary setting by the Department of Personnel Administration. The legislative augmentation would undermine that process and thereby establish an undesirable precedent.

I am deleting Provision 2 to conform with this action.

Item 2740-001-044—For support of Department of Motor Vehicles. I revise this item by reducing:

(e) 35-New Motor Vehicle Board from $1,103,000 to $1,060,000 and

(j) Amount payable from the New Motor Vehicle Board Account (Item 2740-001-054) from −$1,103,000 to −$1,060,000.

I am revising this item to conform to the action I have taken in Item 2740-001-054.

Item 2740-001-054—For support of Department of Motor Vehicles. I reduce this item from $1,103,000 to $1,060,000.

I am deleting the legislative augmentation of $43,000 and 1.0 position. This augmentation was made by the Legislature to support an additional staff counsel position in the New Motor Vehicle Board. I believe that there are better alternatives available to address the Board's legal workload.

Item 3340-001-001—For support of California Conservation Corps. I reduce this item from $42,471,000 to $40,912,000 by reducing:

(a) 10-Training and Work Program from $56;165,000 to $54,332,000,

(d) Reimbursements from −$7,488,000 to −$7,220,000, and

(e) Amount payable from the Energy Resources Programs Account, General Fund (Item 3340-001-465) from −$6,206,000 to −$5,787,000,

and by adding:

Unallocated Reduction −$413,000.

I am reducing the Training and Work Program, Homeless Component, in the amount of $1,833,000 and 14.3 personnel years. I am also reducing this item in the amount of $413,000, which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians. Due to the recent unexpected General Fund revenue shortfall, this action is necessary to protect current, vital programs and provide for a prudent reserve for economic uncertainties. I am directing the Corps to prioritize within its existing resources to target homeless youth for inclusion in its program and to give high priority consideration to work projects which benefit homeless shelters and homeless service providers.

Item 3340-001-465—For support of California Conservation Corps. I reduce this item from $6,206,000 to $5,787,000.

I am reducing this item by $419,000 to conform to my actions on Item 3340-001-001.

Item 3340-495—Reversion, California Conservation Corps. I delete this item.

0 4 40 0

I am deleting this item because the item is unnecessary since this appropriation reverted June 30, 1988, pursuant to Section 2 of the 1987 Budget Act.

Item 3360-021-465—For support of State Energy Resources Conservation and Development Commission. I delete this item.

I am deleting the transfer of $600,000 from the Energy Resources Programs Account fund balance to the General Fund. I believe the transfer would be an inappropriate use of electricity surcharge funds collected from electrical utility ratepayers. Since existing law (Revenue and Tax Code Section 40182) provides that these funds be used for energy programs and energy projects, including the activities of the Energy Commission. I believe it inappropriate to transfer Energy Resources Programs Account funds to the General Fund.

Item 3400-001-001—For support of the Air Resources Board. I reduce this item from $2,895,000 to $2,820,000 by reducing:

(a) 10-Air Pollution Control from $56,756,000 to $56,681,000,

and by deleting Provision 4.

I am reducing the $75,000 legislative augmentation and one position for oversight by the Air Resources Board (ARB) of local monitoring and enforcement activities. Experience to date does not demonstrate the need for additional oversight of local Air Board activities. Should the need arise, the ARB would be able to redirect resources for oversight of monitoring and enforcement activities by the local air pollution control districts with regard to the Safe Drinking Water and Toxic Enforcement Act of 1986.

I am also deleting Provision 4 to conform with this action.

Item 3480-001-001—For support of Department of Conservation I reduce this item from $14,873,000 to $14,796,000 by reducing:

(c) 30-Special Services for Resources Protection from $1,376,000 to $1,375,000,

and by increasing:

(ex) Unallocated Reduction from −$152,000 to −$228,000,

and by deleting Provision 1.

I am reducing this item by $1,000 to achieve the savings associated with not conducting a study of alternatives to the capitalization of income formula used to assess properties under Williamson Act contracts. A study of this nature and at this time is not of sufficient priority for the Department to conduct within its resources. My budget already provides $90,000 for the Department to contract for a study of the costs and benefits of the Williamson Act participation to local governments.

I am deleting Provision 1 to conform to this action.

I am also reducing this item in the amount of $76,000, which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 3540-001-001—For support of Department of Forestry and Fire Protection. I reduce this item from $210,682,797 to $205,803,797 by reducing:

(a) 100000-Personal services from $201,014,018 to $199,790,018,

(b) 300000-Operating expenses and equipment from $92,668,779 to $90,292,779,

(i) Amount payable from the Forest Resources Improvement Fund (Item 3540-001-928) from −$4,213,000 to −$3,413,000,

and by adding:

Unallocated Reduction −$2,079,000.

I am deleting the $2,100,000 legislative augmentation to expand the restoration of forest lands and watersheds that burned during the 1987 fire season by reducing the main item (3540-001-001) by $1,300,000 and the amount payable from the Forest Resources Improvement Fund (3540-001-928) by $800,000. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current vital programs and provide for a prudent reserve for economic uncertainties. The 1988–89 Budget augments the existing level for reforestation by $1,000,000, which will be spent on the reforestation

of the 1987 burn areas.

I am reducing the Fire Protection Program in the amount of $1,500,000 and 54.2 personnel years because, due to more favorable weather conditions, the Department of Forestry and Fire Protection has revised its staffing pattern to meet the fire protection needs of the State. Under the revised plan, an increase of $3.7 million and 96.3 personnel years will be retained to permit the department to add one fire fighter per station rather than one fire fighter per fire engine to effectively enhance the initial attack fire suppression forces.

I am also reducing this item in the amount of $2,079,000, which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 3540-001-928—For support of Department of Forestry and Fire Protection. I reduce this item from $4,213,000 to $3,413,000.

I am reducing this item by $800,000 to conform to the action I have taken in Item 3540-001-001.

Item 3560-001-001—For support of State Lands Commission. I reduce this item from $14,541,000 to $13,901,000 by reducing:

(a) 10-Extractive Development from $10,489,000 to $8,989,000,

(f) Amount payable from the California Environmental License Plate Fund (Item 3560-001-1140) from −$1,250,000 to −$250,000,

and by increasing:

(dx) Unallocated Reduction from −$287,000 to −$427,000,

and by deleting Provision 3.

I am deleting the legislative augmentation of $181,000 and 3.0 personnel years for the litigation work related to the Atlantic Richfield Company (ARCO) v. State Lands Commission, and the $1,319,000 legislative augmentation for a comprehensive offshore oil study. Before any further support is provided for litigation support or the study, the Legislature should consider carefully the need for and level of additional resources necessary and address this through legislation which provides funding in the State Lands Commission's budget.

I am deleting Provision 3 to conform to this action.

I am also reducing this item in the amount of $140,000, which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 3560-001-140—For support of State Lands Commission. I reduce this item from $1,250,000 to $250,000.

I am reducing this item by $1,000,000 to conform to the action I have taken in Item 3560-001-001.

Item 3600-001-001—For support of Department of Fish and Game. I reduce this item from $8,867,000 to $8,778,000.

I am reducing this item in the amount of $89,000, which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 3600-001-140—For support of Department of Fish and Game. I reduce this item from $11,882,000 to $11,672,000.

I am deleting $210,000 of the legislative augmentation and retaining $25,000 for a debris retention barrier to protect the Lake Merritt Wildlife Refuge. Funding levels for environmental education projects, financed by the California Environmental License Plate Fund this year, are adequate and it is more appropriate to use remaining

funds for projects which directly benefit wildlife, such as wetland rehabilitation and acquisition of critical habitat for endangered species. The environmental education aspects of this project can be considered for inclusion in the 1989–90 budget, along with other projects proposed from the California Environmental License Plate Fund.

Item 3600-001-200—For support of Department of Fish amd Game. I revise this item by reducing.

(b) 300000-Operating Expenses and Equipment from $53,737,000 to $53,527,000,

(d) Amount payable from the General Fund (Item 3600-001-001) from −$8,867,000 to −$8,778,000, and

(f) Amount payable from the California Environmental License Plate Fund (Item 3600-001-140) from −$11,882,000 to −$11,672,000,

and by adding:

Unallocated Reduction −$89,000.

I am revising this item to correspond to the actions taken in Items 3600-001-001 and 3600-001-140

Item 3600-301-200—For capital outlay, Department of Fish and Game. I reduce this item from $2,741,000 to $1,935,000 by deleting:

(8 5) 90.89.005—Healdsburg Dam Fish Ladder—Prelminary Plans, Working Drawings, and Construction ($806,000),

and by deleting Provision 1.

I am reducing this item by $806,000, to delete the Healdsburg Dam Fish Ladder project because the role and responsibility of the State has not been determined. In addition, this project should be submitted during the normal budget process for consideration for funding in the context of competing needs and priorities.

I am deleting Provision 1 to conform with this action

Item 3640-301-748—For capital outlay, Wildlife Conservation Board I reduce this item from $3,839,000 to $3,484,000 by deleting·

(5) 80.10.160—Van Arsdale Fish Screen and Bypass—Project Planning ($355,000), and by deleting Provisions 5 and 7.

I am deleting $355,000 for project planning for the Van Arsdale Fish Screen and Bypass. This project is more appropriately the responsibility of the Department of Fish and Game and should be submitted for consideration during the normal budget process

I am deleting Provision 5 to conform with this action

I am deleting Provision 7 because this restrictive language interferes with the ability of the Executive Branch to utilize these resources most effectively. The funds should be available to the Board for allocation to projects on a priority basis.

Item 3680-101-036—For local assistance, Department of Boating and Waterways. I delete this item and Provision 1

I am deleting the legislative augmentation of $2,000,000 for Phase II of the San Francisco Seawall Project because it is not of sufficient statewide priority to justify the use of the limited tidelands oil revenues. I am also deleting the legislative augmentation of $2,000,000 for the San Francisco Bay Dredging Project because funding for this project is not a State responsibility. This is a cost which should properly be borne by the Port of San Francisco.

I am also deleting Provision 1 to conform to my action on the San Francisco Bay Dredging Project.

Item 3720-001-001—For support of California Coastal Commission. I revise this item from $6,841,000 to $5,847,000 by reducing:

(a) 10-Coastal Management Program from $9,004,000 to $8,196,000,

and by adding·

Unallocated Reduction −$186,000.

I am deleting the $518,000 and 10.9 personnel years legislative augmentation to expand the Coastal Management Program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting the $417,000 legislative augmentation for the Coastal Management

Program, which resulted from the rejection of the Finance Letter proposal to reduce the Commission. In accordance with that request, I am now reducing $127,000 to reflect a two percent unallocated reduction which is necessary to help adjust the recent revenue shortfall, and I am reducing $290,000 to eliminate the operational costs for the support of the Santa Barbara and Santa Cruz district offices. I eliminated funding for these two offices in my veto action on the 1987 Budget. The veto message stated that workloads from these two areas could be handled through the San Francisco and Los Angeles offices. However, the Commission has chosen to redirect funding from other areas to keep these offices open. This reduction will again capture savings from the elimination of these offices, and I again direct the Commission to conduct the activities for these areas from the San Francisco and Los Angeles offices.

I am also reducing this item in the amount of $59,000, which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 3760-001-036—For support of State Coastal Conservancy. I delete this item.

I am deleting the legislative augmentation of $75,000 for the Orange County Resale Control Program because I do not believe that funding is a State responsibility. This program would require the Conservancy to contract with an entity to enforce resale restrictions for affordable housing units built in the coastal zone of Orange County pursuant to provisions that existed between 1976 and 1981 in the Coastal Act. These provisions were intended to assure the continued affordability of units subject to the development permits approved by the Coastal Commission for certain Orange County housing developments. I believe that the maintenance of affordable housing units in Orange County's coastal zone is properly a local responsibility. Additionally, current law does not provide appropriate authority to enable this program to be efficiently administered by the Conservancy.

Item 3760-001-565—For support of State Coastal Conservancy. I reduce this item from $380,000 to $290,000 by reducing:

(a) 100000-Personal Services from $2,047,000 to $1,958,000, and

(b) 300000-Operating Expenses and Equipment from $714,000 to $713,000.

I am deleting the legislative augmentation of $90,000 and 1.5 positions which was added to provide State support for the implementation, administration and litigation assistance for the Orange County Resale Control Program. This conforms to the action I have taken in Item 3760-001-036.

Item 3760-301-140—For capital outlay, State Coastal Conservancy. I delete this item and Provisions 1 and 2.

I am deleting this $400,000 legislative augmentation for the Mendocino Botanical Gardens acquisition. This project should be submitted for consideration during the normal budget process for consideration for funding in the context of statewide needs and priorities for the Conservancy.

I am deleting Provisions 1 and 2 to conform to this action.

Item 3760-301-748—For capital outlay, State Coastal Conservancy. I revise this item by deleting Provision 5.

I am deleting Provision 5 because it has been the Legislature's practice to grant the State Coastal Conservancy program budget flexibility to insure that high statewide priority projects may be effectively implemented as opportunities exist. This language would reduce that flexibility.

Item 3790-001-001—For support of Department of Parks and Recreation. I reduce this item from $78,692,000 to $77,905,000 by increasing:

(bzz) Unallocated Reduction from −$795,000 to −$1,582,000,

and by deleting Provision 9.

I am reducing this item by $787,000 which represents a one percent reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still

increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am deleting Provision 9 because the language represents a substantive change of law which can only be included in a single subject bill, not the Budget Act

Item 3790-101-001—For local assistance, Department of Parks and Recreation I delete this item. I am deleting this $20,000 legislative augmentation for the San Joaquin River Parkway and Conservation Trust. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

Item 3790-101-036—For local assistance, Department of Parks and Recreation. I reduce this item from $2,743,000 to $1,163,000 by reducing·

(1) 50.20.036.800-City of San Diego-Balboa Park, rehabilitation projects, from $1,000,000 to $500,000,

and by deleting·

(2) 50.20.036.801-County of Sacramento-Sacramento-Multicultural Park ($300,000),

(7) 50.20.036.805-California Academy of Sciences, facilities renovation ($500,000),

(8) 50.20.036.807-Tulare County Fair, greenbelt buffer zone acquisition ($280,000),

and by deleting Provision 1.

I am retaining $1,163,000 in this item to provide $500,000 for City of San Diego—Balboa Park, rehabilitation projects; $150,000 for Midpeninsula Regional Open Space District-Alpine Pond Underpass; $213,000 for City of Oakland—William Knowland Zoo and $300,000 for Red Bluff-Tehama Community Center I am deleting $1,580,000 in legislative augmentations for three local assistance projects. While the three remaining legislative augmentations may be for meritorious projects, they are not of significant statewide priority to justify the use of limited tidelands oil revenues nor do they appear to be of a critical or urgent nature requiring immediate funding. The unfunded projects should be submitted through the normal budget process so that they may be reviewed and evaluated in the context of statewide priorities and available funding.

I am deleting Provision 1 to conform to this action.

Item 3790-101-140—For local assistance, Department of Parks and Recreation. I reduce this item from $1,850,000 to $100,000 by deleting:

(5) 50.20.140 801-City of San Diego—Mission Bay Park Shoreline Protection and Water Quality ($750,000),

(6) 50.20.140.802-City of San Diego—Famosa Slough Acquisition ($1,000,000)

I am deleting the legislative augmentation of $750,000 for City of San Diego—Mission Bay Park Shoreline Protection and Water Quality and of $1,000,000 for City of San Diego—Famosa Slough Acquisition because neither project completed the statutory review process for funding from the Environmental License Plate Fund.

These projects should be submitted for consideration during the normal budget process so that they may be reviewed and evaluated in the context of competing needs for this fund source.

Item 3790-101-463—For local assistance, Department of Parks and Recreation. I delete this item.

I am deleting the $200,000 legislative augmentation for the City of Los Angeles—Los Angeles City College Community Sports Complex This project is more appropriately funded from the Community Colleges Capital Outlay Program and should be considered for funding in the context of the competing needs of that program.

Item 3790-101-722—For local assistance, Department of Parks and Recreation I delete this item.

I am deleting the $165,000 legislative augmentation for the City of Vallejo, Vallejo Naval and Historical Museum: Repair and Restoration This project should be submitted for consideration during the normal budget process so that it may be considered in the context of competing needs for this fund source

Item 3790-101-733—For local assistance, Department of Parks and Recreation I delete this item.

I am deleting the $175,000 legislative augmentation for three local assistance grants

from the State Beach, Park, Recreational, and Historical Facilities Fund of 1974.

These projects should be submitted for consideration during the normal budget process so that they may be reviewed and evaluated in the context of competing needs for this fund source.

Item 3790-101-742—For local assistance, Department of Parks and Recreation I delete this item.

I am deleting the legislative augmentations of $450,000 for City of Oxnard, Colonia Park Gymnasium, and $88,300 for Southgate Regional Park District, Countryside Park project.

These projects should be submitted for consideration during the normal budget process so that they may be reviewed and evaluated in the context of competing needs for this fund source.

Item 3790-101-786—For local assistance, Department of Parks and Recreation I delete this item and Provisions 1 and 2.

I am deleting the legislative augmentations of $200,000 for Ennis-Brown House and for $250,000 for City of Cudahay-Recreation Complex

Requests for funding of these projects from this source should be submitted in accordance with the application process established in the voter-approved bond act which created this fund

I am deleting Provisions 1 and 2 to conform to this action.

Item 3790-102-733—For local assistance, Department of Parks and Recreation I delete this item.

I am deleting the $14,000 legislative augmentation for City and County of Sacramento-Sacramento Sports Complex.

This project should be submitted for consideration during the normal budget process so that it may be reviewed and evaluated in the context of competing needs for this fund source

Item 3790-102-742—For local assistance, Department of Parks and Recreation I delete this item.

I am deleting the $27,000 legislative augmentation for the City and County of Sacramento-Sacramento Sports Complex

This project should be submitted for consideration during the normal budget process so that it may be reviewed and evaluated in the context of completing needs for this fund source.

Item 3790-301-721—For capital outlay, Department of Parks and Recreation I reduce this item from $814,000 to $339,000 by deleting·

(3) 90 5X.600-Marconi Conference Center: Planning, Surveys, and equipment ($300,000),

(4) 90.CN.100-Monterey SHP: Custom-house Plaza—Recreational trail and improvements ($110,000),

(5) 90 CN 101-Monterey SHP: First Brick House—Items to complete ($65,000)

I am deleting the legislative augmentations of $300,000 for Marconi Conference Center: Planning, Surveys, and equipment, $110,000 for Monterey SHP Custom-house Plaza—Recreational trail and improvements, and $65,000 for Monterey SHP First Brick House—Items to complete.

Requests for these projects should be submitted through the annual budget process so that the proper level of funding and a well-defined scope may be determined.

Item 3790-301-722—For capital outlay, Department of Parks and Recreation I reduce this item from $7,905,000 to $6,680,000 by deleting.

(0.5) 90 EC 100.880-Baldwin Hills SRA Ridge Site Development ($1,000,000),

(2.5) 90.FU.100.880-California Citrus SHP: Interpretive and preliminary planning, artifact acquisition ($225,000).

I am deleting the legislative augmentations of $1,000,000 for Baldwin Hills SRA. Ridge Site Development, and $225,000 for California Citrus SHP. Interpretive and preliminary planning, artifact acquisition

Funding requests for these projects should be submitted through the annual budget process so that the proper level of funding and a well-defined scope may be determined.

Item 3790-490—Reappropriation, Department of Parks and Recreation. I revise this item by deleting:

036—(1.5) Item 3790-301-036(7), Budget Act of 1984, East Bay Shoreline Project—acquisition and development,

722—(21.5) Item 3790-301-722(4), Budget Act of 1986, 90.EC.400.861, Baldwin Hills SRA—acquisition; providing that funds may be used for alternative sites (parcels),

733—State Beach, Park, Recreational, and Historical Facilities Bond Act of 1974. (1) Item 3790-301-721(ss), Budget Act of 1982, as reappropriated by Item 3790-490-721(13), Budget Act of 1983, as amended and reappropriated by Item 3790-490-721(q), Budget Act of 1984, by Item 3790-490-733(3), Budget Act of 1985, by Item 3790-490-733(1), Budget Act of 1986, and by Item 3790-490-733(1), Budget Act of 1987; and pursuant to Section 28 provisions. Item 3790-301-733(d), Fresno Agricultural Museum—development; provided that the funds reappropriated in this item shall be for a local assistance grant to the City of Fresno for the California Agricultural Museum and shall not be subject to the review of the Public Works Board.

I am deleting the reappropriation of Item 3790-301-036(7), Budget Act of 1984, East Bay Shoreline Project—acquisition and development, because of the availability of funds from other existing appropriations for the project and the reduced amount of revenues generally available for SAFCO.

I am deleting the reappropriation of Item 3790-301-722(4), Budget Act of 1986, 90.EC.400 861, Baldwin Hills SRA—acquisition, because the parcels proposed to be acquired with the reappropriated funds are not contiguous to the existing park and have not been identified as priority acquisitions by the Department.

I am deleting the reappropriation of Item 3790-301-721(ss), Budget Act of 1982, as reappropriated by Item 3790-490-721(13), Budget Act of 1983, as amended and reappropriated by Item 3790-490-733(1), Budget Act of 1987, and pursuant to Section 28 provisions; Item 3790-301-733(d), Fresno Agricultural Museum—development, because this project is no longer a State responsibility. Any request for this redefined project should be considered in the normal budget process in the context of competing needs for this fund source.

Item 3790-497—Reversion, Department of Parks and Recreation. I delete this item.

I am deleting this item to conform to the action I have taken in Item 3790-101-463.

Item 3810-001-001—For support of Santa Monica Mountains Conservancy. I revise this item by reducing:

(b) 300000-Operating Expenses and Equipment from $702,000 to $202,000,

and by deleting:

(e) Project Planning and Design (to be reimbursed from Item 3810-301-786) —$300,000, and

(f) Project Planning and Design (to be reimbursed from Item 3810-302-786) —$200,000,

and by deleting Provision 1.

I am deleting the capital outlay reimbursements to this item by $500,000 because the use of bonds authorized by Proposition 70 for support purposes as well as for capital outlay purposes should be reviewed during the normal budgetary process. This action is consistent with my action in Items 3810-301-786 and 3810-302-786.

I am deleting Provision 1 to conform with this action.

Item 3810-101-140—For local assistance, Santa Monica Mountains Conservancy. I delete this item and delete Provision 1.

I am deleting the legislative augmentation of $120,000 for the payment of interest on the City of Glendale's note for the Inter-Valley Ranch property. The use of scarce State funds to pay interest expenses incurred by a local government sets a fiscally unsound precedent.

I am deleting Provision 1 to conform to this action.

Item 3810-302-786—For Capital Outlay and grants, Santa Monica Mountains Conservancy. I delete this item and Provision 1, 2 and 3.

I am deleting this legislative augmentation of $10,000,000, for the Santa Susana

Mountain Project. Pursuant to Proposition 70, which was approved by the voters on June 7, 1988, funding for this acquisition project is directly appropriated to the Department of Parks and Recreation. Although Proposition 70 does contain a provision which allows the Legislature to "at any time allocate all or a portion of these funds to the Santa Monica Mountains Conservancy for the purposes for which the funds were originally allocated", it also provides the Department of Parks and Recreation until July 1, 1993 to expend the funds. Therefore, I believe that this reallocation is premature and that the responsibility for this project should appropriately remain with that Department at this time.

Item 3860-001-001—For support of Department of Water Resources I reduce this item from $28,910,000 to $28,881,000 by increasing:

(fx) Unallocated Reduction from −$859,000 to −$888,000.

I am reducing this item in the amount of $29,000, which represents the incremental amount necessary to achieve the equivalent of a one percent unallocated reduction after taking into account the previous unallocated reduction adopted by the Legislature. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 3860-001-140—For support of Department of Water Resources. I reduce this item from $849,000 to $749,000,

and delete Provision 2.

I am deleting the $100,000 legislative augmentation to conduct a field research project on gypsum block irrigation monitoring to determine soil moisture The Department of Water Resources currently determines soil moisture content through the use of 58 weather stations statewide which are monitoring devices that measure solar radiation, wind velocity, temperature, and rainfall. The current method is applicable statewide; whereas, gypsum block irrigation monitoring has limited application throughout the State because each soil type will have different moisture readings.

I am deleting Provision 2 to conform to this action.

Item 3860-301-036—For capital outlay, Department of Water Resources. I reduce this item from $8,440,000 to $8,439,000 by reducing:

(1) 30.95.010 Sacramento Riverbank Protection Project from $4,230,000 to $4,229,000,

and deleting Provision 6.

I am reducing this item by $1,000 and deleting Provision 6 which would require the development and implementation of mitigation work under a proposed assurance agreement. This language would require an assurance agreement between the State and the United States Army Corps of Engineers which is in addition to the requirements of the California Environmental Quality Act (CEQA). I believe that CEQA has established adequate safeguards to be met prior to the construction of this flood control project and any additional mitigation not required by CEQA could delay or possibly jeopardize federal funding for the Sacramento Riverbank Protection Project.

I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 6 of this item

Item 3940-001-001—For support of State Water Resources Control Board. I reduce this item from $41,270,000 to $37,329,000 by reducing:

(a) 10-Water Quality from $66,513,000 to $63,878,000,

(e) Reimbursements from −$6,151,000 to −$5,341,000,

and by increasing:

(ex) Unallocated Reduction from −$825,000 to −$3,466,000,

and by deleting:

(m) Amount payable from the California Environmental License Plate Fund (Item 3940-001-140) (−$525,000),

and by deleting Provision 3.

I am reducing this item by deleting the $810,000 legislative augmentation and seven positions to reimbursements scheduled from the Department of Health Services for hazardous waste site cleanup. This action conforms to my action in Item 4260-011-014. The funding which would have been provided through this item is premature, and the matter should be considered as part of the 1989–90 budget process.

I am deleting Provision 3 to conform with this action.

I am reducing this item by deleting the $100,000 legislative augmentation to expand the Water Quality program for toxic hot spots in bays and estuaries. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am reducing this item by deleting the $1,200,000 legislative augmentation to expand the Water Quality program for abatement of pollution in the New River. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties

I am reducing this item by deleting the $325,000 legislative augmentation, payable from Item 3940-001-140, to expand the Water Quality program for abatement of pollution in the New River. This Administration has consistently articulated a position that pollution emanating from Mexico is a complex international problem which demands an international solution and that the Federal Government must address this issue rather than the State.

I am reducing this item by deleting the $200,000 legislative augmentation, payable from Item 3940-001-140, to expand the Water Quality program for the San Francisco Bay-Delta Aquatic Habitat Institute. It is not clear that additional funding for the Institute would be cost effective.

I am reducing this item in the amount of $2,641,000. By making this an unallocated reduction, I am providing the State Water Resources Control Board with the maximum flexibility to efficiently use existing resources This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 3940-001-140—For support of State Water Resources Control Board. I delete this item.

I am deleting this item to conform to my actions in Item 3940-001-001. This action eliminates the amount payable from this item to Item 3940-001-001.

Item 3940-101-890—For local assistance, State Water Resources Control Board, Program 10, Water Quality, payable from the Federal Trust Fund. I reduce this item from $174,368,000 to $174,367,000 by reducing:

(a) Program 10-Water Quality from $182,076,185 to $182,075,185,

and deleting Provision 1.

I am reducing this item by $1,000. Provision 1 would prohibit use of the pilot program funds for the cleanup of nonfuel leaking tanks until the State Board provides a guidance document for overseeing the cleanup of nonfuel tanks. To develop such a document pertaining to all the potential nonfuel substances would cost at least $1,000 and would take resources away from the State Board's other more critical programs. Although funds have not been budgeted for these administrative costs, I am reducing $1,000 which represents the savings that will be achieved based on vetoing language contained in Provision 1.

It is not reasonable to prohibit action on dangerous leaks simply because guidelines have not been published by the State Board. Local agencies already respond to such situations and can ask for State Board assistance on more difficult cleanups

I am deleting Provision 1 to conform to this action.

Item 4170-001-001—For support of Department of Aging. I reduce this item from $4,686,000 to $4,685,000 by increasing:

(fx) Unallocated Reduction from −$47,000 to −$48,000,

and by deleting Provision 2.

I am reducing this item by $1,000 and deleting Provision 2 to eliminate unnecessary administrative costs. Provision 2 requires establishment of a Minority Advisory Committee. The committee would assist in improving hiring of Hispanic and other underrepresented minorities and work to improve services to minority elderly communities. I concur that improving underrepresentation of Hispanics and other minorities is an important goal, however, I believe there is a more productive way to accomplish the increased hiring of minorities and to address minority service needs in Health and Welfare programs. Therefore, I am directing the Health and Welfare Agency to designate a position to examine these issues on an Agency-wide basis, including the establishment of an advisory committee to assist the Agency with its efforts. Minority issues are better served by an Agency-wide process.

Item 4170-101-001—For local assistance, Department of Aging. I reduce this item from $34,090,000 to $32,020,000 by reducing:

(a) 10-Nutrition from $61,710,000 to $60,785,000,

(1) 10.10-Congregate nutrition from $44,930,500 to $44,468,000,

(2) 10.20-Home delivered nutrition from $16,779,500 to $16,317,000, and

(d) 40-Special Projects from $30,539,000 to $29,394,000

I am deleting the $925,000 legislative augmentation to provide a cost-of-living adjustment for the Nutrition programs. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current vital programs and provide for a prudent reserve for economic uncertainties. In light of the recent federal fund reduction in this program, I believe I have demonstrated my commitment to the nutrition program by offsetting this reduction with increased General Fund ($331,000) to maintain the existing level of services in 1988–89

I am also deleting the $1,145,000 legislative augmentations for Special Projects as follows:

I am deleting the $1,000,000 legislative augmentation to expand the Alzheimer's Day Car Resource Centers (ADCRC) This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. I have provided $1 1 million (General Fund) in 1988–89 for support of the 16 existing ADCRC's. This represents a 99 percent increase over the 1986–87 level of support, I, therefore, do not believe a further increase is supportable at this time.

I am deleting the $120,000 legislative augmentation to fund the Public Guardian Pilot Project. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting the $25,000 legislative augmentation to expand the Volunteer Service Credit Program. This augmentation was made by the Legislature despite the lower revenues available to the General Fund and is simply inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. I have provided $50,000 in the 1988–89 Budget for this project. Given the fact that this is the first year of this pilot program, I believe this level of funding is sufficient until data are available to document the program's cost effectiveness.

Item 4200-001-001—For support of Department of Alcohol and Drug Programs. I reduce this item from $6,941,000 to $5,882,000 by reducing:

(b) 20-Drug Program from $8,949,000 to $7,949,000,

and by adding.

Unallocated Reduction —$59,000,

and by deleting Provision 2.

I am deleting the $1,000,000 legislative augmentation to provide training to drug abuse treatment staff for AIDS related drug treatment programs. I believe the training of additional drug abuse staff can be accomplished within existing resources. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deletıng Provision 2 to conform with this action

I am reducıng this ıtem by $59,000 whıch represents a one percent unallocated reduction This reductıon is necessıtated by the unexpected revenue shortfall in the General Fund and the needs ın other hıgh priority programs. Although I am makıng thıs reduction in budget ıtems involving state admınıstration, the overall General Fund budget is still ıncreasing by 6 9 percent. I believe this remaining amount wıll continue to provıde essentıal servıces to Californians.

Item 4200-101-001—For local assistance, Department of Alcohol and Drug Programs I reduce thıs ıtem from $76,795,000 to $71,795,000 by reducing:

(b) 20-Drug Programm from $80,571,000 to $75,571,000,

and by deletıng Provısion 5

I am deletıng the $5,000,000 legislative augmentation to expand treatment prpgrams for ıntravenous drug users at risk of contracting or spreading HIV ınfection. This augmentation was made by the Legıslature despıte the lower revenue available to the General Fund, and simply is inconsistent wıth the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties The 1988–89 Budget contaıns $7,802,000 to combat the spread of AIDS by ıncreasing treatment programs for intravenous drug users Thıs reflects a 56 percent increase in funds over the amount budgeted ın 1987–88. Furthermore, an AIDS Leadership Committee was recently formed consıstıng of State and local agencies, health professionals, AIDS experts, ınsurance and publıc safety representatıves, and others. This committee will be providing me with advice and dırection concernıng AIDS ıssues and policies

I am deletıng Provısion 5 to conform wıth this actıon.

Item 4210-001-001—For support of the Governor's Polıcy Councıl on Drug and Alcohol Abuse I delete thıs ıtem and Provısions 1 and 2

I am deletıng the legislatıve augmentation of $1,000,000 for the Governor's Polıcy Council on Drug and Alcohol Abuse The Legislature transferred $1,000,000 from the Department of Alcohol and Drug Program's maın support item to the newly established Governor's Polıcy Council on Drug and Alcohol Abuse. I created the Governor's Policy Council on Drug and Alcohol Abuse through Executive Order D-70-88 Through that Executıve Order, I have dırected the Governor's Policy Council on Drug and Alcohol Abuse to develop an integrated plan on substance abuse enforcement, treatment and prevention programs and services. I believe that thıs plan wıll address the Legıslature's concerns as portrayed ın the Budget Act language in this ıtem. In addition, I am willıng to work with the Legislature, ıncluding gatherıng additional informatıon from the field, in order to develop the best strategies to address this serious societal problem In vetoing thıs item, I am setting asıde funds for the restoration of the Department's support budget to ensure the contınuation of vital programs.

I am deletıng Provisions 1 and 2 to conform to thıs action.

Item 4260-001-001—For support of Department of Health Services. I reduce thıs ıtem from $153,254,250 to $146,571,250 by reducıng

(a) 100000-Personal Servıces from $173,299,269 to $173,106,269

(b) 300000-Operating Expenses and Equipment from $138,711,981 to $133,700,981, and by increasıng

(c) Unallocated Reduction from −$1,500,000 to −$2,979,000

and by revising Provisions 3 and 13 and deletıng Provisions 5, 7, 9.1, 11 and 12

I am reducıng $330,000 of the $699,000 legislative augmentation to expand the McFarland Investigation of Childhood Cancer I am sustaining $233,000 pursuant to a request I made ın March 1988 for a followup review and investigation which would enable the Department to review the childhood cancer cases in McFarland and isolate the probable causes of cancer. According to the Department of Health Services, the $233,000 is sufficient to conduct an investigatıon in McFarland. In addition, I am sustaınıng $136,000 in thıs ıtem to be used for free medical screenings of all elementary school children ın McFarland I will be working wıth the Legislature to make the $136,000 available for this purpose

I am revising Provision 13 to conform wıth thıs actıon

"13. Of the funds appropriated in this ıtem, ~~$699,000~~ *$233,000* shall be for the McFarland Childhood Cancer study and used for the following purposes:

0 8 15 0

(a) San Joaquin Valley Cancer Investigation 213,000
~~(b) Environmental Exposure Monitoring in McFarland 301,000~~
(c) Followup and Independent Review of McFarland Studies of 1981–83 ~~95,000~~ *20,000.*"

I am deletmg the $4,000,000 legislative augmentation for the establishment of the AIDS Drug Development Program. This augmentation would fund a program proposed in AB 3281 to assist California-based corporations in vaccine and drug development. I am opposed to both AB 3281 and this legislative augmentation because research grants for the development of an AIDS vaccine are already being provided by both the National Institutes of Health and the State through both the University of California's budget and a reappropriation of $2 million in vaccine development monies made available by Chapter 1463, Statutes of 1986. While I recognize the importance of developing an AIDS vaccine, I believe that it is inappropriate for California to fund clinical trials in foreign countries. In addition, under my Administration, the AIDS budget has experienced significant growth. Statewide, the AIDS General Fund budget is increasing from $52.7 million in 1987–88 to $67.3 million in 1988–89, or by $14.6 million. This represents a 27.7 percent increase in the AIDS General Fund budget between 1987–88 and 1988–89. Furthermore, an AIDS Leadership Committee was recently formed consisting of State and local agencies, health professionals, AIDS experts, insurance and public safety representatives, and others. This committee will be providing me with advice and direction concerning AIDS issues and policies.

I am deleting Provision 9.1 to conform with this action.

I am reducing the Department of Health Services budget by $522,000 and 9.5 positions to reflect the elimination of the proposed survey of imported processed foods authorized by Chapter 1244, Statutes of 1987 (AB 78). Although I signed AB 78, this reduction from my original proposed fundmg level is necessitated by the unexpected revenue shortfall in the General Fund and the critical needs in other higher priority programs. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am reducing the drinking water Maximum Contaminant Level (MCL) program in the amount of $350,000. The 1985 Budget Act required the Department to develop MCLs for 30 chemicals. In May, I proposed an increase of $500,000 to enable the Department to fund staff needed to defend the 30 MCLs through the regulatory process ($150,000), and to complete risk assessments for additional chemicals for which MCLs are not required ($350,000). I am now proposing that funding for risk assessments for additional MCLs be delayed at this time. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am deleting Provision 5 which requires the Rural and Community Health Division to remain in its current location. I believe that this language conflicts with the Executive Branch's authority to manage its programs in the best interest of the State.

I am reducing $1,000 from this item and deleting Provision 7 to eliminate unnecessary administrative costs. This provision requires specific duties to be performed by the Department's Equal Employment Opportunity Committee and, additionally, establishes a Special Advisor on minority employment initiatives. I concur that improving underrepresentation of minorities is an important goal, however, I believe there is a more productive way to accomplish the increased hiring of minorities and to address minority service needs in Health and Welfare programs. Therefore, I am directing the Health and Welfare Agency to designate a position to examine these issues on an Agency-wide basis, including the establishment of an advisory committee to assist the Agency with its efforts. Minority issues are better served by an Agency-wide process.

I am reducing this item by $1,000 and deleting Provision 11 to eliminate unnecessary costs. Provision 11 requires the Department of Health Services to establish a position of State Transportation Coordinator, and specifies the responsibilities of that position. While this position was proposed in a Department of Finance Letter, Provision 11 would commit the State and local agencies to activities such as performing surveys on a prescribed schedule and providing case by case assistance to beneficiaries. Although no augmentations are associated with these requirements, there would be costs of at least $1,000 incurred by the Department of Health Services to comply with them. I am reducing $1,000 from this item, which represents the savings that will be achieved based on vetoing the language contained in this provision.

I am deleting Provision 12 which would require the Department to include a proposal in the 1989-90 budget to fully fund the Contract Counties program based upon a workload analysis of the current level of services. This language is an infringement on the Executive Branch's budget development process and restricts my authority to prepare a budget which reflects my spending priorities within available fiscal resources. I have no problem making the Department's workload study of the Contract Counties program available to the Legislature.

I am reducing the Department of Health Services' 1988-89 support budget by $1,479,000 to reflect a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6 9 percent I believe this remaining amount will continue to provide essential services to Californians

I am revising Provision 3 regarding the Department of Health Services' fees. Health and Safety Code Section 115 authorizes the Department to collect fees to cover costs associated with the Licensing and Certification Division. I am reducing the Legislature's proposed fee increase from 42.1 percent to 41.6 percent to correct a technical error in the calculation of the fee. Health and Safety Code Section 116 provides for an adjustment of fees associated with the issuance or renewal of licenses for laboratory services. I am reducing the laboratory fee from 8.2 percent to 8.1 percent to correct an error in the calculation of that fee. In addition, I am revising the Public Health fee increases subject to Health and Safety Code Sections 113 and 114. The Legislature adopted a fee increase of 2.7 percent plus 0.5 percent for each 1 percent increase in employee compensation granted in the 1988-89 budget. Consistent with my overall veto action regarding the Department's Public Health budget, I am revising the fee increase to 2.11 percent plus 0.5 percent for each 1 percent increase in employee compensation granted in the 1988-89 budget

"3. Effective July 1, 1988, the annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, general acute care rehabilitation hospital, psychiatric health facility, and chemical dependency recovery hospital shall be $18.55 per bed. Effective July 1, 1988, the annual fee for a skilled nursing facility, intermediate care facility, or intermediate care facility for the developmentally disabled is $83 64 per bed.

Department of Health Services fees subject to the annual fee adjustment pursuant to subdivision (a) of Section 115 of the Health and Safety Code, added by Chapter 327 of the Statutes of 1982, shall be increased by ~~42.1~~ *41 6* percent effective July 1, 1988.

Departmental fees subject to the annual fee adjustment pursuant to subdivision (a) of Section 116 of the Health and Safety Code, as added by Chapter 327 of the Statutes of 1982, shall be increased by ~~8.2~~ *8.1* percent effective January 1, 1989.

Departmental fees subject to the annual fee increase provisions of subdivision (a) of Section 113 and subdivision (a) of Section 114 of the Health and Safety Code shall be increased ~~2.7~~ *2.11* percent plus 0.5 percent for each 1 percent increase in employee compensation granted in the 1988 Budget Act.

The Director of Finance shall propose language to implement fee adjustments in the 1989 Budget Bill."

Item 4260-011-014—For support of Department of Health Services (Toxic

0 8 50 0

Substances Control Division). I revise this item by reducing·

(a) 12 10-Site Mitigation from $58,789,000 to $57,406,000,

(h) Amount payable from Hazardous Substance Account (Item 4260-011-455) from −$7,980,000 to −$7,407,000,

(i) Amount payable from Hazardous Substance Cleanup Fund (Item 4260-011-710) from −$19,591,000 to −$18,781,000,

and deleting Provisions 6 and 7.

I am deleting the $573,000 legislative augmentation, payable from Item 4260-011-455, for Attorney General cost recovery activity as there is not adequate workload justification to support this augmentation AB 4373, currently pending before the Legislature, would extend the statute of limitations such that a previously anticipated workload increase may not materialize in 1988–89. If, in fact, an increase does occur, then the $1 7 million currently budgeted for Attorney General support to the Toxics program should be prioritized and used for this purpose, as warranted.

I am deleting Provision 6 to conform with this action

I am deleting the $810,000 legislative augmentation, payable from Item 4260-011-710, to provide additional hazardous waste site cleanup funding for the State Water Resources Control Board and regional boards. The need for additional funding for this purpose should be identified as part of the normal budgetary process The cleanups at these sites will average 20 years in duration and work has not yet progressed to the point that additional resources are needed in 1988–89 Moreover, use of these bond funds as a funding source would force the regional boards to adopt a different and more costly cleanup process than required by the bond act, effectively negating much of the effort made to date at these sites and imposing administrative delays on the important cleanup efforts now underway.

I am deleting Provision 7 to conform with this action.

Item 4260-011-455—For support of Department of Health Services (Toxic Substances Control Division). I reduce this item from $7,980,000 to $7,407,000

I am reducing this item to conform to the action I have taken in Item 4260-011-014

Item 4260-011-710—For support of Department of Health Services (Toxic Substances Control Division) I reduce this item from $19,591,000 to $18,781,000

I am reducing this item to conform to the action I have taken in Item 4260-011-014

Item 4260-101-001—For local assistance, Department of Health Services, Medical Assistance Program. I reduce this item from $2,985,831,000 to $2,910,934,000 by reducing:

(a) 50.11-Benefits (Medical Care and Services) from $5,973,732,000 to $5,779,731,000,

(b) 50.10-Eligibility (County Administration) from $170,883,000 to $166,668,000,

(c) 50.50-Fiscal Intermediary Management from $53,804,000 to $53,560,000,

(d) Reimbursements from −$71,272,000 to 0,

(e) Amount Payable from the Federal Trust Fund (Item 4260-101-890) from −$3,119,838,000 to −$3,067,547,000,

and by deleting Provisions 15.5, 18, 22, 23, 25, 26, and 27

I am reducing this item by $3,291,000 and taking a corresponding action in Item 4260-101-890 by reducing $3,291,000 in federal funds to reflect deletion of the legislative augmentation to increase perinatal services rates by 18 8 percent in the Medi-Cal program This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

To conform with this action I am deleting Provision 22 which requires the Department of Health Services to increase the Medi-Cal reimbursement rates for obstetricians performing normal deliveries by 18 8 percent above the rates paid on June 1, 1988

The 1988–89 Budget contains funds for adequate increases in Medi-Cal rates for maternity services in order to expand access to medical care for pregnant women This includes a 16 percent increase in physician rates for obstetric services and a 10.45 percent increase in clinic rates, as well as an additional $150 payment for those participating in the comprehensive perinatal services program who provide nine or

more office visits beginning in the first trimester of pregnancy. This follows an increase in physician reimbursement rates for maternity services of 26.5 percent in 1986–87.

I am reducing this item by $4,000,000 and taking a corresponding action in Item 4260-101-890 by reducing $4,000,000 in federal funds to reflect deletion of the legislative augmentation to expand Medi-Cal eligibility for prenatal care to 185 percent of the federal poverty level. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

To conform with this action I am eliminating Provision 27 which states that the Department shall amend the state Medicaid plan to provide for implementation of the federal Medicaid option for extending eligibility for prenatal care to pregnant women whose incomes are between 100 percent and 185 percent of the federal poverty level, and eliminate the resource (asset) test when assessing Medi-Cal eligibility for pregnant women.

The current standard of eligibility for a two-person family unit is 111 percent of the federal poverty level. I believe that funding the continuation of services to current Medi-Cal eligibles (those at or below 111 percent of the federal poverty level) is a higher priority for available resources than expanding eligibility levels to higher income groups. The 1988–89 Budget contains funds to increase rates for maternity services in order to expand access to medical care for current eligibles.

I am reducing this item by $5,000,000 and taking a corresponding action in Item 4260-101-890 by reducing $5,000,000 in federal funds to reflect the deletion of the legislative augmentation for Medi-Cal rate increases for hospitals designated as trauma centers or hospitals providing complex emergency Medi-Cal services. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

To conform with this action, I am deleting Provision 23 which requires the Department of Health Services to allocate $10,000,000 to the contracting pool for disproportionate share hospitals operating trauma centers or complex emergency Medi-Cal services.

The Budget Act of 1987 appropriated $25,000,000 to the Department of Health Services for negotiated rate increases for disproportionate hospitals contracting to provide Medi-Cal services. These funds currently are being allocated by the California Medical Assistance Commission for rate increases which are effective in 1987–88 and 1988–89.

I am reducing this item by $10,000,000 and taking a corresponding action in Item 4260-101-890 by reducing $10,000,000 in federal funds to reflect deletion of the legislative augmentation to increase rates for disproportionate share providers of hospital outpatient services This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

To conform with this action, I am deleting Provision 15.5 which requires the Department of Health Services to allocate $20,000,000 to increase rates for outpatient services provided by disproportionate share hospitals.

Currently, outpatient services are funded under the Medi-Cal program based on a uniform fee schedule. This augmentation would provide reimbursement rates in excess of those currently offered pursuant to the Schedule of Maximum Allowances, establishing preferential treatment for hospitals compared to all other outpatient providers. It is possible that this action would not qualify for federal financial participation.

The 1988–89 Budget contains funds for rate increases for which all outpatient providers may qualify. This includes a 10 percent rate increase for comprehensive children's office visits and a 10 percent rate increase for well child examinations. In addition, this budget contains a 16 percent increase for physicians providing maternity care and a 10.45 percent increase for maternity care provided in clinics to cover

inpatient delivery services as well as outpatient perinatal care.

I am reducing this item by $1,000 and deleting Provisions 18 and 25 to eliminate unnecessary costs. Provision 25 requires the Department of Health Services to study access to dental care, and to report to the Legislature no later than January 1, 1989. I believe that the dental access study is not necessary since the Department of Health Services completed a study of access to dental care in 1987 which was subsequently released to the Legislature. Provision 18 requires the Department of Health Services to amend the State Medicaid plan to implement targeted case management for pregnant women, and provide status reports to the Legislature on a quarterly basis beginning October 1, 1988 The budget I have proposed contains rate increases to expand maternity care for Medi-Cal eligibles In addition, I have retained a legislative augmentation of $500,000 in Item 4260-111-001 to provide State matching funds for federal funds to be used for the case management of perinatal services. Consistent with this policy, the Department of Health Services will take the steps necessary to obtain federal Medicaid funds. However, Provision 18, which would require the Department of Health Services to submit quarterly status reports to the Legislature, creates a new and unfunded cost in the Department which is unnecessary in view of other alternatives available. Although no augmentations are associated with Provisions 25 and 18, there would be costs of at least $1,000 incurred by the Department of Health Services to comply with their requirements. I am reducing $1,000 from this item, which represents the savings that will be achieved based on vetoing the language contained in these provisions.

In addition, I am making the following reductions to appropriations originally proposed in my budget.

I am reducing this item by $22,605,000 to reflect deletion of funds for the repayment of the federal portion of Medi-Cal overpayments, as required by the Consolidated Omnibus Budget Reconciliation Act of 1985. The schedule for implementation of these requirements is indeterminate at this time and it is not certain that the federal government will claim these funds in 1988–89 Therefore, I will request these funds when the State receives claims for repayment from the federal government

I am reducing this item by $30,000,000 and taking a corresponding action in Item 4260-101-890 by reducing $30,000,000 in federal funds to reflect a revision of the Medi-Cal checkwrite schedule for 1988–89 The revised schedule includes 47 checkwrites, rather than the 48 listed in Medical Services Bulletin number 155. These funds will be paid to providers as part of the regularly scheduled checkwrites in 1989–90

This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am deleting Provision 26 which requires the Department of Health Services to eliminate the rate differential for Caesarean sections and instead establish a rate of reimbursement for vaginal and Caesarean births which is a weighted average of the existing two Medi-Cal rates.

The Medi-Cal program is intended to be operated in conformity with State and/or Federal laws. The calculation of reimbursement rates for providers reflects an analysis of provider costs This Provision would have impermissibly substituted an arbitrary formula for the required rate calculation and, therefore, jeopardizes federal funds. Since 1983–84, Medi-Cal program expenditures have increased by $2 2 billion or 55.3 percent. In preparing the 1988–89 Medi-Cal budget, the Department has made improving access to maternity care its highest priority. The 1988–89 Budget contains funds to increase rates for maternity services in order to expand access to medical care for pregnant women. This includes a 16 percent increase in physician rates for obstetric services and a 10.45 percent increase in clinic rates, as well as an additional $150 payment for those participating in the comprehensive perinatal program who provide nine or more office visits beginning in the first trimester of pregnancy. This follows an increase in physician reimbursement rates for maternity services of 26.5 percent in 1986–87.

Finally, I am deleting $71,272,000 in reimbursements contained in this item. These funds were originally added to support Medi-Cal expenditures for refugees and eligible legalized aliens However, later action by the Legislature provided the necessary expenditure authority for refugee services in Item 4260-103-890, and for eligible legalized aliens in Section 23.50 of the Budget Act. Therefore, reimbursement expenditure authority is no longer needed for these purposes.

Item 4260-101-890—For local assistance, Department of Health Services, for transfer to Item 4260-101-001. I reduce this item from $3,119,838,000 to $3,067,547,000.

I am deleting the $3,291,000 legislative augmentation to increase the Medi-Cal perinatal services rate by 18 8 percent. This corresponds to my action on this issue in Item 4260-101-001

I am deleting the $4,000,000 legislative augmentation to expand Medi-Cal eligibility for prenatal care to 185 percent of the federal poverty level This corresponds to my action on this issue in Item 4260-101-001.

I am deleting the $5,000,000 legislative augmentation to be allocated to hospitals designated as trauma centers or to hospitals providing complex emergency Medi-Cal services. This corresponds to my action on this issue in Item 4260-101-001

I am deleting the $10,000,000 legislative augmentation to increase rates for disproportionate outpatient services. This corresponds to my action on this issue in Item 4260-101-001

I am reducing this item by $30,000,000 to reflect the revision of the Medi-Cal checkwrite schedule for 1988–89 This corresponds to my action on this issue in Item 4260-101-001

Item 4260-106-001—For local assistance, Department of Health Services, for cost-of-living increases. I reduce this item from $53,072,000 to $52,493,000 by reducing:

(a) 50.11-Benefits (Medical Care and Services) (for transfer to Item 4260-101-001) from $53,672,000 to $52,493,000,

and by deleting Provisions 1 and 2

I am reducing the legislative augmentation for implementation of the new minimum wage requirement by $579,000, from $14,400,000 to $13,821,000, in this item and by reducing $589,000 in federal funds, from $14,300,000 to 13,711,000, in Item 4260-106-890 The amounts I have retained in this item and in federal funds are consistent with the most recent minimum wage rate study completed by the Department of Health Services and will allow the Department to increase rates sufficiently to fully fund the cost of California's new minimum wage.

I am deleting Provision 1 which requires the Department of Health Services to adopt regulations to increase the reimbursement rate for long-term care providers to reflect the impact of the minimum wage. This provision is unnecessary because the State Medi-Cal Plan requires the Department prospectively to adjust reimbursement rates for long-term care providers when State or federal laws or regulations impose additional costs on long-term care providers Furthermore, federal regulations specify that rates must be adequate to meet costs which must be incurred by efficiently and economically operated facilities.

In addition, this provision requires the Department of Health Services to increase long-term care rates by a specific weighted average for each patient day in order to implement minimum wage requirements. The weighted average rate increase required by this provision is inconsistent with the most recent minimum wage rate study completed by the Department and would result in additional Medi-Cal costs of $1,168,000 ($579,000 General Fund). Moreover, even the current weighted average is an estimate which is subject to change in 1988–89, depending on the patterns of utilization within each of the peer groupings which have different rates. Therefore, because of the differences in rates among peer groups, establishing a specific weighted average rate adjustment in statute could require the Department to spend more than is necessary to fund the cost of the minimum wage.

I am deleting Provision 2 which establishes a wage pass through requirement for long-term care provider reimbursement rates. This requirement is unnecessary since Title 8, California Administrative Code, Section 11000 (Order No. MW-88) implements the recent order of the Industrial Welfare Commission to increase the minimum wage to $4.25 per hour, effective July 1, 1988. This order, which is

enforceable by the Labor Commissioner, applies generally throughout California and includes work performed in long-term care facilities. Therefore, a statute which requires this wage increase to be made would be redundant. In addition, the auditing requirement contained in this provision for the purpose of monitoring wage pass through compliance would increase costs by $644,000 ($322,000 General Fund) and 12 positions beginning in 1989-90.

With these actions, my budget contains $27,532,000 for implementation of the minimum wage and $67,361,000 for a cost-of-living adjustment for the long-term care reimbursement rate Approximately two-thirds of the cost-of-living adjustment represents funds to be used for wages and benefits for non-administrative employees.

Finally, I am reducing the Benefits category in this item by $600,000 to correct an error in the enrolled budget bill. This bill schedules $53,672,000 in category (a) 50.11-Benefits (Medical Case and Services) (for transfer to Item 4260-101-001), while appropriating only $53,072,000 in this item and not scheduling any other funds.

Item 4260-106-890—For local assistance, Department of Health Services, for cost-of-living increases I reduce this item from $52,820,000 to $52,231,000 by reducing:

(a) 50 11-Benefits (Medical Care and Services) (for transfer to Item 4260-101-890) from $52,820,000 to $52,231,000.

I am reducing the $14,300,000 legislative augmentation for the minimum wage rate increase for long-term care providers in this item by $589,000. This corresponds to my action on this issue in Item 4260-106-001.

Item 4260-111-001—For local assistance, Department of Health Services. I reduce this item from $1,188,605,200 to $1,164,623,000 by reducing·

(a) 11-Preventive Medical Services from $8,086,200 to $7,816,000

(b) 15-AIDS from $49,549,000 to $37,199,000

(c) 20-Family Health Services from $144,210,000 to $133,048,000

(d) 40-Rural and Community Health from $986,760,000 to $986,560,000,

and by deleting Provisions 1(c), 1(e), 2(b), 2(i), 2(j), 2(k), 2(o), 2(p), 2(q), 2(r), 3(f), 3(h), 3(i), 3(j), and 4(e).

I am deleting the legislative augmentation of $170,200 to expand the State's groundwater testing program. Chapter 818, Statutes of 1985, requires the Department of Health Services to assist local health officers in evaluating small public water systems for organic chemical contamination. A total of $4,538,000 has been appropriated since 1985-86 for this purpose. According to the Department, the appropriation is sufficient to carry out the evaluation of small water systems required by Chapter 818. In addition, this augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting Provision 1(c) to conform to this action.

I am deleting the $100,000 legislative augmentation to expand the Dental Disease Prevention Program. Chapter 1134, Statutes of 1979, established the Dental Disease Prevention Program which authorizes the Department to contract with county health departments and school districts to provide dental education and prevention services to children. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting Provision 1(e) to conform to this action.

I am deleting the $500,000 legislative augmentation which would fund local comprehensive AIDS plans. Many of the counties which receive various sources of funding for AIDS programs, including from the State AIDS Community Block Grant program, already have developed comprehensive AIDS plans and other counties are now in the process of developing them In addition, the Department of Health Services holds an annual statewide AIDS conference for the purpose of providing updates on AIDS information and issues to assist in coordination and planning and to provide contractors with a forum to exchange program experiences. I believe that it is appropriate for the State to continue to provide this technical assistance and for counties to use their AIDS Block Grant monies for planning purposes if they so choose.

However, I do not support providing additional State funding for local planning on the basis that development of local plans is a local responsibility.

I am deleting Provision 2(b) to conform with this action.

I am deleting the $2,000,000 legislative augmentation for AIDS home health care, attendant care, and hospice projects. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties The 1988–89 Budget already provides for a substantial increase for these treatment pilot projects Funding for 1988–89 is proposed at $4.1 million compared to $1.5 million for 1986–87, a $2.6 million or 173.3 percent increase In addition, I am supporting language added by the Legislature in Provisions 2(l) and 2(n) of this item which would provide additional funding for these projects to the extent there are savings associated with the AIDS Home and Community Based Waiver and AIDS Pediatric programs. Furthermore, I am supporting the Legislature's reappropriation language in Item 4260-490(3) which would make savings in 1987–88 AIDS programs available for three AIDS activities during 1988–89, including home and community-based services.

I am deleting the $4,000,000 legislative augmentation for the establishment of health screening and outpatient treatment programs for asymptomatic HIV-infected people The Office of AIDS is currently funding two pilot projects to provide these services The projects began operation in March, 1988 in Long Beach and Santa Clara at a cost of $200,000 per center The Legislature's augmentation would provide startup funding for 20 additional centers at a cost of $200,000 per center While outpatient treatment services are a priority of this Administration, given the unexpected revenue shortfall in the General Fund and the need to ensure that a prudent reserve for economic uncertainties will be maintained, I am unable to provide any additional funding for this purpose In addition, because the two existing pilot projects just began operation, I believe that this augmentation is premature

I am deleting Provision 2(o) to conform to this action

I am deleting the $100,000 legislative augmentation to assess the feasibility of serving persons with AIDS in an adult day health care setting. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. Under my Administration, the AIDS budget has also experienced significant growth. Statewide, the AIDS General Fund budget is increasing from $52 7 million in 1987–88 to $67.3 million in 1988–89, or by $14.6 million. This represents a 27 7 percent increase in the General Fund budget since I became Governor and State funding for AIDS was first provided. In addition, an AIDS Leadership Committee was recently formed consisting of State and local agencies, health professionals, AIDS experts, insurance and public safety representatives, and others This committee will be providing me with advice and direction concerning AIDS issues and policies

I am deleting Provision 2(p) to conform to this action.

I am deleting the $225,000 legislative augmentation for the Barlow Hospice Center in Los Angeles. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting the $1,500,000 legislative augmentation for early AIDS intervention for intravenous drug users (IVDUs). This augmentation proposes to expand outreach programs aimed at the IVDUs I have proposed that the Office of AIDS' information and education budget increase from $11 1 million in 1987–88 to $15.1 million in 1988–89, or by $4 million This represents an increase of 36 percent over the 1987–88 budget These funds are available for use by programs directed at IVDUs, including outreach activities. In addition, I am supporting the Legislature's reappropriation language in Item 4260-490(3) which would make savings in 1987–88 AIDS programs available for three AIDS activities during 1988–89, including outreach to IVDUs

I am deleting Provision 2(r) to conform to this action.

I am deleting the $500,000 legislative augmentation for the establishment of

resource centers for AIDS prevention and education contractors to provide technical assistance on training of health professionals and on management and programmatic issues. This augmentation would provide additional funding for the existing San Francisco center and for the establishment of a new center in Southern California. The 1988–89 Budget for AIDS information and education grants has increased from $11.1 million in 1987–88 to $15.1 million in 1988–89, or by $4 million, and is available for programs including training of health care professionals and health care workers. These funds are allocated by the Office of AIDS based upon need. These funds should continue to be allocated based upon the Department's review of the competing contracts and available resources and not arbitrarily augmented for specific contractors

I am deleting Provision 2(i) to conform to this action.

I am deleting the $250,000 legislative augmentation which would provide increased funding for an evaluation of AIDS information and education activities. The 1988–89 Budget already includes $500,000 for an evaluation of the various information and education activities administered by the Office of AIDS. The funding provided in the base budget is sufficient for completion of the evaluation. Therefore, this augmentation is unnecessary.

I am deleting Provision 2(k) to conform to this action.

I am deleting the $2,000,000 legislative augmentation for additional AIDS education contracts for publicly funded clinics. This augmentation would add funding for education contracts for family planning, maternal and child health, primary care, and sexually transmitted disease clinics. The 1988–89 Budget for the Office of AIDS includes $15.1 million for information and education grants, or $4 million (36 percent) more than the 1987–88 budget of $11.1 million. These grant funds are available on a competitive basis to various contractors throughout the State and publicly funded clinics are eligible to compete for these information and education grants. My 1988–89 General Fund budget for AIDS also includes $2,571,000 for confidential testing in publicly funded clinics. The clinics which provide confidential testing also receive education funding for clients as part of the reimbursement process for HIV testing. In addition, I am supporting the Legislature's reappropriation language in Item 4260-490(3) which would make savings in 1987–88 AIDS programs available for three AIDS activities during 1988–89, including education of high-risk people served in publicly funded clinics

I am deleting Provision 2(j) to conform to this action.

I am deleting the $125,000 legislative augmentation to provide additional training funds for the California Nurses Association (CNA) contract with the Office of AIDS. The Office of AIDS receives requests from many different organizations for funding to train health care professionals. Not only has the CNA requested funding, but there are various professional organizations which have requested funding to obtain training from organizations other than the CNA Therefore, the Office of AIDS has attempted to distribute available funds in an equitable manner to organizations competing for health care training monies. Contract funds for training of health care workers and professionals total $1,011,000 in 1988–89 compared to $734,000 in 1987–88, an increase of $277,000 (37.7 percent increase). Of the total, the CNA contract is budgeted at $225,000 for 1988–89 with the remaining budget provided to other organizations based on the Department's review of total training needs. I also cannot support an augmentation for additional training funds due to the unexpected revenue shortfall in the General Fund and the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting the $150,000 legislative augmentation to fund two demonstration projects to assess the need to provide funding to lawyers who provide services to indigent people with AIDS or HIV infection. Currently, legal services to county indigents are the responsibility of the counties, with the exception of major criminal cases in which the State may provide assistance. I believe that the counties should continue to be responsible for funding these legal services.

I am deleting Provision 2(q) to conform to this action.

I am reducing the Alternative Test Site (ATS) program in the amount of $1,000,000. My January budget proposed to increase the ATS program budget from $5.4 million

to $6.4 million to fund an anticipated increase in the number of tests per month from 11,000 to 13,000. The most recent utilization data indicates, however, that monthly testing has not exceeded 11,000 tests.

I am reducing this item by $5,112,000 to reflect a shift in funding from the General Fund to federal funds for the Maternal and Child Health (MCH) program. Subsequent to the development of my 1988–89 Budget, the Department of Health Services learned that $5,612,000 in additional federal funds would be available in 1988–89 for MCH services. I am reducing the MCH General Fund budget by $5,112,000 to reflect these additional federal funds and retaining $500,000 to be used for case management services which will help ensure that low-income pregnant women and their children receive essential MCH services. This fund shift is necessitated by the unexpected revenue shortfall in the General Fund and the need to ensure that a prudent reserve for economic uncertainties will be maintained. Even with this fund shift, the MCH budget has doubled under my Administration from $15.3 million in 1982–83 to $30.7 million in 1988–89. In addition, I am retaining language added in Provision 3(d) which would require contractors to bill the Medi-Cal program for services provided to Medi-Cal eligibles. This language will allow for an expansion of MCH services by maximizing the use of federal funds and freeing up General Fund monies which can be redirected to fund additional services.

I am reducing the $500,000 legislative augmentation to this item which, when combined with a like augmentation to Control Section 23.50, would provide a total of $1,000,000 for prenatal care to high-risk pregnant women, of which $500,000 would be targeted for outreach services to eligible legalized aliens (ELAs). I have provided $500,000 in federal funds in Control Section 23.50 for outreach services to ELAs and, additionally, am sustaining the $500,000 federal fund augmentation to the same Control Section for this purpose My action will allow outreach services to be provided on a coordinated basis by the Health and Welfare Agency.

I am deletng Provision 3(i) to conform with my action.

I am deleting the $1,000,000 legislative augmentation to expand the Community-Based Perinatal Services program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. The 1988–89 Budget contains $30.7 million for Maternal and Child Health services. This represents a 101 percent increase over the 1982–83 budget of $15.3 million for this program.

I am deleting the $2,000,000 legislative augmentation to expand the Child Health and Disability Prevention Program (CHDP) to provide three health screens for children age 13–29 months. Currently, only one health screen is provided for this age group. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. The 1988–89 Budget includes $22.8 million for the CHDP program. This amount represents an increase of $2 9 million (14.6 percent) over the 1987–88 budget of $19.9 million.

I am deleting Provision 3(j) to conform to this action.

I am deleting the $50,000 legislative augmentation to provide funding for the Edward R. Roybal dental clinic in Los Angeles County. The Department had funded this clinic in previous years utilizing discretionary federal MCH funds. I believe that it is inappropriate to use General Fund monies for this clinic when other dental programs serving low-income children are funded either through Medi-Cal or the county in which the clinic is located. To make an exception for the Roybal dental clinic could set an undesireable precedent for the use of State General Fund monies to support other county dental programs.

I am deleting the $1,500,000 legislative augmentation to expand the Adolescent Family Life program. The program is currently budgeted at $5 million and this augmentation would represent a 30 percent increase in funding. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting Provision 3(f) which would authorize the Department to allocate up to $425,000 of the funds in this item to support school-based health clinics in California. This language would have allowed the Department to spend up to $425,000 in the public health local assistance item for the operation of school-based health clinics. This Provision constitutes an item of appropriation which I cannot support because it would be at the expense of ongoing AIDS, Maternal and Child Health, California Children's Services, and other public health programs. In addition, school districts are provided with over $12 billion in general purpose and categorical funds that can be used for school-based health clinics. The Department of Education also has budgeted $574,000 in 1988–89 to develop curriculum as well as pamphlets and flyers regarding available health services.

I am deleting the $1,000,000 legislative augmentation to expand Chlamydia testing and treatment services. My budget for the Office of Family Planning includes $34 2 million for contracts with various agencies to provide family planning services. These funds are available for various services, including testing and treatment of sexually transmitted diseases such as Chlamydia.

I am deleting Provision 3(h) to conform to this action

I am deleting the $200,000 legislative augmentation to provide technical assistance and fiscal support to county hospitals which are threatened with closure due to financial problems This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting Provision 4(e) to conform to this action

Item 4260-116-001—For cost-of-living increases, Department of Health Services I reduce this item from $31,829,000 to $21,829,000.

I am deleting the $10,000,000 legislative augmentation to fund a cost-of-living adjustment for the Medically Indigent Services Program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties

Item 4260-121-001—For local assistance, Department of Health Services, (Alzheimer's Disease Program). I reduce this item from $9,964,250 to $2,214,250.

I am reducing $7,750,000 of the $9,964,250 legislative augmentation to expand the Department of Health Services' Alzheimer's Disease program. This augmentation consists of a redirection of $2,214,250 in existing funds from Item 4260-001-001 ($465,250) and Item 4260-111-001 ($1,749,000) as well as an augmentation of $7,750,000 for a program expansion I am retaining the $2,214,250 needed to continue current Alzheimer's Disease activities. I am deleting the additional $7,750,000 for research and diagnostic and treatment centers because this augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

Item 4260-495—Reversion, Department of Health Services. I revise the language in this item.

I am revising the language in this item to conform to the action I have taken in Item 4260-011-014.

"Item 4260-495—Reversion, Department of Health Services

As of June 30, 1988, the unencumbered balance of the appropriation provided in the following citation shall revert to the fund balance of the fund from which the appropriation was made.

710—Hazardous Substance Cleanup Fund

(1) Chapter 1439, Statutes of 1985, ~~$31,355,000~~ *$30,545,000* appropriated for site cleanup."

Item 4300-001-001—For support of Department of Developmental Services. I reduce this item from $13,422,000 to $13,287,000 by reducing·

(a) 10-Community Services Program from $10,313,000 to $10,312,000,

and by adding:

Unallocated Reduction —$134,000,

and by revising Provisions 4 and 5, and deleting Provisions 6 and 7.

I am deleting $1,000, revising Provisions 4 and 5 and deleting Provisions 6 and 7 to eliminate unnecessary administrative costs. Although no augmentations are associated with these provisions, there will be administrative costs incurred to comply with the requirements of these provisions. I am reducing $1,000 to reflect savings that will be achieved based on vetoing language contained in these provisions.

I am revising Provisions 4 and 5 regarding the P.L. 99-457 Early Intervention Program to remove the portion that requires 30-day legislative notification and consideration before the Department of Developmental Services may apply for third year federal grant funds. Currently, the Legislature is notified after grant funds are received but before the funds are spent. I believe that this language would establish a precedent in requiring legislative notification prior to the application for federal funds, thereby adding to the bureaucracy unnecessarily.

"4. ~~The Department of Developmental Services shall not apply for third year funding for the Early Intervention Program under Public Law 99-457, without 30-day notification of and consideration by the Joint Legislative Budget Committee. Upon approval from the Director of the Department of Finance, the department may submit a letter of intent for third year federal funding, if required by the federal government.~~ By April 1, 1989, the Department of Developmental Services shall report to the Joint Legislative Budget Committee, the fiscal, and the relevant policy committees of the Assembly and Senate on the status of: ~~(a)~~ the ~~objectives as defined in the approved~~ federal grant under Public Law 99-457; ~~and (b) the Department's activities and timelines~~ for ~~addressing~~ the federal ~~requirements pursuant to Section 676(b) of P.L. 99-457.~~

5. ~~The department shall report to the Joint Legislative Budget Committee and the fiscal and policy committees on~~ all of the following:

(1) The administration's recommended options for defining "developmental delay."

(2) The estimated cost of implementing the federally mandated program for Early Intervention Services utilizing these definitions.

(3) The administration's recommendation on whether or not to apply for third-year funding.

(4) The aspects of the proposal which require legislative action.

(5) The department shall only submit this report if the federal government requires states to submit a comprehensive application for third-year funds during the 1988–89 fiscal year."

I am deleting Provisions 6 and 7 which require establishment of a Hispanic Advisory Committee and a series of evaluations to assist in meeting minority employment parity goals and applying these goals to Developmental Center staffing plans as well as contracted services. I concur that improving underrepresentation of Hispanics is an important goal. However, I believe there is a more productive way to accomplish the increased hiring of Hispanics in Health and Welfare programs. Therefore, I am directing the Health and Welfare Agency to designate a position to examine these issues on an Agency-wide basis, including the establishment of an advisory committee to assist the Agency with its efforts. Minority issues are better served by an Agency-wide process.

I am reducing this item by $134,000 for a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 4300-002-001—For the purpose of a report to the Legislature which shall include written notification of approval of the State Plan and written assurances of eligibility for federal reimbursement for case management services under the Medicaid/Case Management Program (Title XIX) as allowed under the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985 or approval of a request

pursuant to Section 27.00 of this act. I reduce this item from $6,795,000 to $6,727,000 by adding:

Unallocated Reduction −$68,000.

I am reducing this item by $68,000 for a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 4300-101-001—For local assistance, Department of Developmental Services, for Regional Centers. I reduce this item from $428,857,000 to $426,533,000 by reducing·

10.10-Regional Centers

(a) 10.10 010-Operations from $133,098,000 to $131,045,000,

(c) 10 20.010-Program Development from $3,774,000 to $3,503,000,

and by deleting Provision 8.

I am deleting Provision 8 which specifies that the amount of prior year federal reimbursement to be received for case management services provided by regional centers be made available to regional center operations. This language which constitutes an item of appropriation, is contrary to my belief that any excess reimbursements should revert to the General Fund in order to compete for expenditure for high priority programs. In addition, Provision 8 specifies that of the funds appropriated in this item, $1,100,000 General Fund shall be made available to regional centers for costs associated with rent increases. Regional centers are currently reimbursed for all allowable operation costs through appropriations contained in the Budget Act so this allocation is an unwarranted restriction on the Executive Branch's authority to manage the programs.

I am deleting the $271,000 to expand the pilot regional resource development project to include Agnews State Developmental Center. These funds were proposed for reduction as part of the May Revision; however, the Legislature failed to adopt this reduction.

Further, I am reducing the regional center employee compensation adjustment in the amount of $2,053,000. I am retaining $625,000 which will provide up to a 6 percent salary and a 1 percent benefit increase package effective June 1, 1989. This conforms with my action on Item 9800-001-001. It has been the Administration's policy to tie the employee compensation increase for regional centers with that of State employees.

These reductions are necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs Although I am making these reductions in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 4300-111-001—For local assistance, Department of Developmental Services, for Developmental Centers. I reduce this item from $39,397,000 to $36,627,000 by reducing:

(a) 20-Developmental Centers Program from $493,591,000 to $490,653,000,

(b) Reimbursements from −$453,338,000 to −$453,170,000,

and by deleting Provision 4.

I am reducing this item by $1,770,000, the scheduled reimbursements in this item by $168,000 and 54.6 personnel years for Developmental Center salary savings.

In addition, I am reducing this item by $1,000,000 for Developmental Center recurring maintenance.

These reductions are necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making these reductions in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am deleting Provision 4 to conform with this action.

Item 4440-001-001—For support of Department of Mental Health I reduce this item from $23,594,000 to $23,210,000 by reducing:

(a) 10-Community Services from $17,898,000 to $17,748,000,

and by adding:

Unallocated Reduction —$234,000.

I am deleting the $150,000 legislative augmentation to fund support activities for AIDS programs. Specifically, this augmentation consists of $75,000 to provide technical assistance to local programs and $75,000 for AIDS related administrative costs within the Department of Mental Health. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and is simply inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties

I am reducing this item by $234,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 4440-011-001—For support of the State Hospitals, Department of Mental Health. I reduce this item from $313,648,000 to $313,466,000 by reducing.

(a) 20.10-Lanterman-Petris-Short Act from $190,711,000 to $190,697,000 and

(b) 20.20-Penal Code and Judicially Committed from $122,937,000 to $122,769,000,

I am deleting the $14,000 legislative augmentation for the continuation of the Arts Program at Napa State Hospital. The Department expects to receive continued funding from the California Arts Council for this program in 1988–89. However, even if this funding is not continued, the Department of Mental Health plans to continue this program within existing resources.

Additionally, I am reducing the State Hospital program by $168,000 to conform with an action in the Department of Developmental Services, Item 4300-111-001. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 4440-016-001—For support, Department of Mental Health, for Conditional Release Services. I reduce this item from $18,091,000 to $17,910,000.

I am reducing this item by $181,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 4440-101-001—For local assistance, Department of Mental Health. I reduce this item from $524,934,000 to $493,574,000 by reducing.

(b) 10.25-Community Services—other treatment from $547,702,000 to $522,702,000,

(e) 10.65-Residential Care Services from $16,057,000 to $14,057,000,

(g) 10.85-AIDS from $5,060,000 to $700,000,

and by deleting Provision 12.

I am deleting the $100,000 legislative augmentation to provide additional funding for the Hemophilia Council to provide an expansion of services for hemophiliacs with AIDS and their families

I am deleting the $4,260,000 legislative augmentation to expand AIDS related mental health programs. This augmentation includes $2,510,000 for community mental health programs; $350,000 for four demonstration projects for mental health day treatment programs for persons who are HIV positive but who do not have severe medical complications; $950,000 for one psychiatric/medical unit to serve Medi-Cal eligible patients who require acute or subacute care in a distinct part of a medical facility; and $450,000 for a demonstration project of two locked facilities for Medi-Cal eligible persons who require lower than an acute level of care but whose behavior poses a danger to themselves or to others.

Furthermore, an AIDS Leadership Committee was recently formed consisting of State and local agencies, health professionals, AIDS experts, insurance and public

safety representatives, and others. This committee will be providing me with advice and direction concerning AIDS issues and policies.

I am deleting the $2,000,000 legislative augmentation to expand the residential care rate supplement program.

I am also deleting the $25,000,000 legislative augmentation for the community mental health services.

These augmentations were made by the Legislature despite the lower revenue available to the General Fund, and simply are inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting Provision 12 to conform with this action.

Item 4440-111-001—For local assistance, Department of Mental Health, for services to brain damaged adults. I reduce this item from $5,357,000 to $4,357,000, and delete Provisions 1 and 2.

I am deleting the legislative augmentation of $1,000,000 to expand the brain damaged adults program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. The 1988–89 Budget provides $4,357,000 for this program which reflects a 33.8 percent growth over the 1987–88 budgeted level.

I am also deleting Provisions 1 and 2 to conform with my actions.

Item 4440-141-001—For local assistance, Department of Mental Health, for services provided in institutions for mental diseases. I delete Provision 12.5.

Provision 12 5 provides that any excess reimbursements collected in this item would revert to the Department of Mental Health for reallocation to the Community Services Program. This provision constitutes an item of appropriation which I cannot support. I believe that any excess reimbursements from this program should revert to the General Fund in order to compete for expenditure for high priority programs.

Item 5100-001-001—For support of Employment Development Department, for transfer to Item 5100-001-870. I reduce this item from $29,753,000 to $29,456,000.

I am reducing this item by $297,000 for an unallocated General Fund reduction to conform with my action in Item 5100-001-870.

Item 5100-001-870—For support of Employment Development Department. I reduce this item from $342,690,000 to $342,196,000 by reducing:

(a) 10-Employment and Employment Related Services from $149,558,000 to $149,064,000.

(g) Amount payable from the General Fund (Item 5100-001-001) from −$29,753,000 to −$29,456,000,

and by increasing.

(ex) Unallocated Reduction from −$300,000 to −$597,000.

I am deleting the legislative augmentation of $50,000 that would have provided funding for the California Council for Veterans' Affairs' job training project as the 1988–89 Budget contains $1.6 million in Job Training Partnership Act Title IV-C funds for veterans' job training projects to be awarded on a competitive basis to applicants. I have been informed that the Council has submitted a grant proposal for these Federal funds. The Council's training project should compete on merit for the available Title IV-C funds.

I am deleting the legislative augmentation of $444,000 and 2 positions that would have provided additional funding for the IMPACT project. This project provides job training, continuing education or military enlistment opportunities for minority inner-city youth. The IMPACT project is currently being funded by a disproportionately large percentage of the Wagner-Peyser discretionary funds available for such innovative training projects. There is no basis for committing more of the available funds for further program expansion.

I am reducing this item by $297,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will

continue to provide essential services to Californians.

Item 5100-011-890—For support of Employment Development Department, for transfer to the Unemployment Administration Fund. I reduce this item from ($342,690,000) to ($342,196,000)

I am reducing this item by $494,000 to conform with my actions in Item 5100-001-870 as follows:

I am deleting a $444,000 legislative augmentation that would have provided additional funding for Project IMPACT.

I am also deleting a $50,000 legislative augmentation that would have provided funding for a California Council for Veterans' Affairs' job training project.

Item 5160-001-001—For support of Department of Rehabilitation. I reduce this item from $22,562,000 to $20,770,000 by reducing.

(a) 10-Vocational Rehabilitation Services from $148,849,000 to $147,268,000,

(c) 30-Support of Community Facilities from $5,332,000 to $5,331,000,

and by increasing:

(ex) Unallocated Reduction from —$228,000 to —$438,000,

and by deleting Provision 4

I am reducing $1,000 and deleting Provision 4 which would require the Department of Rehabilitation to report to the Legislature on a variety of issues regarding Independent Living Centers and provide written assurances from the federal government on the approval status of California's plan This language is unnecessarily restrictive since the Department has no control over the federal government's provision of written assurances. This report would cost at least $1,000 to prepare Although reporting costs have not been budgeted in 1988–89, I am reducing $1,000 to reflect savings that will be achieved based on vetoing the language contained in Provision 4 of this item.

I am reducing this item by $1,581,000 for the basic Vocational Rehabilitation Program. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6 9 percent. I believe this remaining amount will continue to provide essential services to Californians. I am not reducing the amount of matching Federal Funds or the 199 positions budgeted at this time I am directing the Department of Rehabilitation to pursue, to the extent possible, other third-party matching funds. The Department of Rehabilitation shall not expend any of these federal funds or establish any of the 199 positions until it has notified and received approval by the Department of Finance of the Department's plans for expenditure of these funds and identified the other matching funds This will allow the Department the flexibility of maintaining these funds should other matching funds become available.

I am reducing this item by $210,000 for a one percent unallocated reduction This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 5160-101-001—For local assistance, Department of Rehabilitation. I reduce this item from $77,936,000 to $77,570,000 by reducing:

(a) 10-Vocational Rehabilitation Services from $532,000 to $507,000,

(c) 30-Support of Community Facilities from $5,465,000 to $5,124,000,

and by deleting Provision 3.

I am deleting the legislative augmentations of $25,000 for the Center for the Partially Sighted in Santa Monica and $341,000 for the Independent Living Center Program These augmentations were made by the Legislature despite the lower revenue available to the General Fund, and simply are inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting Provision 3 to conform with this action.

Item 5180-001-001—For support of Department of Social Services. I reduce this item

from $80,230,000 to $79,426,000 by reducing:

(b) 20-Social Services Programs from $27,413,000 to $27,412,000,

(f) 60.01-Administration from $73,967,000 to $73,966,000,

and increasing:

(gx) Unallocated Reduction from −$800,000 to −$1,602,000,

and deleting Provisions 7 and 8.

I am reducing this item by $802,000 for a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians Furthermore, an AIDS Leadership Committee was recently formed consisting of State and local agencies, health professionals, AIDS experts, insurance and public safety representatives, and others. This committee will be providing me with advice and direction concerning AIDS issues and policies.

I am also reducing this item by $1,000 and deleting Provision 7. Provision 7 would require the Department to develop a book on Mexican sign language by January 1, 1989. Although book development costs have not been budgeted in 1988–89, I am reducing $1,000 to reflect savings that will be achieved based on vetoing language contained in provision 7 of this item.

I am further reducing this item by $1,000 and deleting Provision 8 to eliminate unnecessary administrative costs. Provision 8 requires establishment of a Hispanic Advisory Committee to assess bilingual service needs and Affirmative Action practices to eliminate unnecessary administrative costs. I concur that improving under-representation of Hispanics and other minorities is an important goal. However, I believe there is a more productive way to accomplish the increased hiring of minorities and to address minority service needs in Health and Welfare programs Therefore, I am directing the Health and Welfare Agency to designate a position to examine these issues on an Agency-wide basis, including the establishment of an advisory committee to assist the Agency with its efforts. Minority issues are better served by an Agency-wide process.

Item 5180-141-001—For local assistance, Department of Social Services. I revise Provision 8.

I am revising Provision 8. It is my understanding that the Department of Social Services is required to allocate federal funds appropriated for administration of the Refugee Program on a priority basis for Cash Assistance. I am, therefore, revising this provision to be consistent with this requirement.

"8. Notwithstanding any other provision of law, if federal administrative funds budgeted in Item 5180-141-890 are inadequate to fund costs incurred in the administration of the Refugee ~~Cash Assistance~~ Program provided to time eligible refugees, the department shall share those costs ~~equally~~ with each affected county."

Item 5180-151-001—For local assistance, Department of Social Services. I reduce this item from $775,398,000 to $765,798,000 by reducing:

(a) 20.30-Other County Social Services from $390,240,000 to $389,240,000,

(2) 20.30.030-County Services Block Grant from $68,825,000 to $67,825,000,

(b) 20.35-Specialized Adult Services from $566,939,000 to $558,339,000,

(1) 20.35.220-In-Home Supportive Services from $561,243,000 to $552,743,000, and

(2) 20.35.240-Maternity Care from $2,254,000 to $2,154,000,

and deleting Provisions 17 and 18.

I am deleting the $1,000,000 legislative augmentation to expand the Adult Protective Services Program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. Even with this reduction the final budget will provide $1.2 million for the extension of five county pilot projects which represents an increase of $800,000 over the 1987–88 funding level.

I am also reducing the In-Home Supportive Services (IHSS) Program in the amount of $8,500,000 to reflect a reduced level of average service hours over the level

estimated in the May Revision. The Department of Social Services indicates that the IHSS program continues to experience a reduced level of service hours since the May Revision. Consequently, I believe it is reasonable to assume that while hours of service will continue to increase they will not increase at the 3 percent rate estimated but at a more moderate rate of 1.5 percent

I am reducing the Maternity Care program in the amount of $100,000 and deleting Provision 18. Provision 18 specifies how the funds for this program shall be allocated in 1988–89. The effect of this language is to provide a discretionary cost-of-living adjustment (COLA) for this program. This action would create inequities among other equally critical programs that are not being provided COLAs due to the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am deleting Provision 17 because it prohibits counties from contracting out discretionary functions of the Greater Avenues for Independence (GAIN) program and would restrict a county's authority to consider operational alternatives which may prove to be beneficial and less costly to the State. Therefore, I believe this Provision interferes with the Administration's ability to manage its programs and would invariably result in increased costs to the state

Item 5180-181-001—For local assistance, Department of Social Services. I reduce this item from $228,534,000 to $221,954,000 by reducing:

(a) 10.04.005-Aid to Families with Dependent Children (for transfer to Item 5180-101-001) from $213,237,000 to $203,242,000,

(f) Amount payable from the Federal Trust Fund (Item 5180-181-890) from −$133,713,000 to −$130,298,000,

and deleting Provision 1.

I am deleting $6,580,000 from this item and $3,415,000 in the Federal Trust Fund Item (5180-181-890) which the Legislature augmented to provide for a 4.7 percent cost-of-living adjustment for foster family homes. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am also deleting Provision 1 to conform to this action.

Item 5180-181-890—For local assistance, Department of Social Services. I reduce this item from $133,713,000 to $130,298,000.

I am reducing this item by $3,415,000 which the Legislature augmented to provide for a 4.7 percent cost-of-living adjustment for foster family homes. This action reduces the amount payable from this item to 5180-181-001. This action corresponds to the action taken in Item 5180-181-001.

Item 5240-001-001—For support of Department of Corrections. I reduce this item from $1,414,178,000 to $1,413,980,000 by reducing:

(a) 21-Institution Program from $1,423,106,160 to $1,422,888,160,

and deleting Provision 9.

I am deleting the legislative augmentation of $18,000 to purchase handheld radios at Mule Creek State Prison. The Mule Creek facility was allocated the standard complement of equipment for new prisons which included the necessary telecommunications equipment.

I am deleting the legislative augmentation of one position to support additional AIDS education and training, as well as the $200,000 which the Legislature redirected from increased salary savings to fund this augmentation. The budget already provides an increase of one position and $300,000 for AIDS education and training for staff and inmates, which is adequate for this purpose.

I am deleting Provision 9 to allow the Department of Corrections to use cost savings that may accrue from the contract for the psychiatric beds. In the event that the Department is unable to obtain these services from the Department of Mental Health,

this language would preclude using these funds to provide alternative inmate treatment and housing services, thereby, potentially causing a funding deficiency during 1988–89 Also, this language unnecessarily restricts the Department's administrative flexibility to achieve the budgeted unallocated reduction while providing critical inmate services and assuring the safety of staff.

Item 5440-001-001—For support of Board of Prison Terms, Program 10. I reduce this item from $10,038,000 to $9,938,000 by increasing:

(b) Unallocated Reduction from −$205,000 to −$305,000.

I am reducing this item in the amount of $100,000, which represents a one percent unallocated reduction This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 5460-001-001—For support of Department of the Youth Authority. I reduce this item from $257,198,000 to $257,054,000 by reducing:

(b) 20-Institutions and Camps from $266,754,700 to $266,610,700.

I am deleting the $49,000 and 0.9 personnel year legislative augmentation for special counseling services for female wards, and the $95,000 legislative augmentation for the diet and crime research project. These augmentations were made by the Legislature despite the lower revenue available to the General Fund, and are simply inconsistent with the need to protect current, vital programs and to provide for a prudent reserve for economic uncertainties.

Item 5460-001-814—For support of Department of the Youth Authority, Program 20. I reduce this item from $674,000 to $534,000.

I am deleting the legislative augmentation of $140,000 for an Arts-in-Youth Authority program. The Department of the Youth Authority budget already includes approximately $1.3 million and 23 instructor positions to provide 31 different arts and crafts courses. These resources are adequate to meet the needs during 1988–89. Also, the Budget Act provides the authorization to use additional lottery funds, if available.

Item 5460-101-001—For local assistance, Department of the Youth Authority. I reduce this item from $74,855,000 to $74,705,000 by reducing:

(a) 10-Prevention and Community Corrections from $70,255,000 to $70,105,000.

I am deleting the $150,000 legislative augmentation for the environmentally-based nonresidential treatment program in Monterey County This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and to provide for a prudent reserve for economic uncertainties.

Item 6110-001-001—For support of Department of Education. I reduce this item from $42,163,000 to $41,355,000 by reducing:

(a) 10-Instruction from $32,118,000 to $31,848,000

(b) 20-Instructional Support from $32,572,000 to $32,326,000

(h) Amount payable from Federal Trust Fund (Item 6100-001-890) from −$38,518,000 to −$38,383,000

and by increasing:

(fx) Unallocated reduction from −$1,160,000 to −$1,587,000

I am deleting the $135,000 legislative augmentation and 3.0 positions to expand the Vocational Education programs and $120,000 legislative transfer of funding and 2.0 positions for intersegmental relations programs. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital progams and provide for a prudent reserve for economic uncertainties. Consistent with this action and my action on Item 6110-001-890, I am reducing the amount of federal funds for transfer to this Item by $135,000.

I am deleting the $126,000 legislative augmentation to continue the work experience quality review staff development activities completed pursuant to Chapter 964, Statutes of 1985 The Department of Education has completed the intended project and continued funding is not needed.

0 13 50 0

I am reducing this item in the amount of $427,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 6110-001-344—For support of Department of Education. I reduce this item from $1,204,000 to $1,109,000.

I am deleting the legislative augmentation of $95,000 and one position for a Year-Round School coordinator. Since the workload associated with this new position will not exist until July 1, 1989, I believe that the appropriate time to review the need for this position is during the annual budget preparation process for 1989–90.

Item 6110-001-890—For support of Department of Education. I reduce this item from $38,518,000 to $38,383,000.

Consistent with my action in 6110-001-001 I am deleting the $135,000 legislative augmentation to expand the Vocational Education program.

Item 6110-161-890—For local assistance, Department of Education. I reduce this item from $164,548,000 to $163,473,000 by reducing:

(b) 10.60.050.020-PL94-142, direct and indirect instructional services from $14,271,000 to $13,196,000,

and by revising Provisions 1 and 4,

and deleting Provision 14.

I am deleting the $1,075,000 legislative augmentation from the Special Education Federal Programs. The augmentation was made by the Legislature despite the fact that the federal grant will not be sufficient to support this augmentation.

I am revising Provisions 1 and 4 to conform with this action.

"1. If the funds for Part B of the Education for All Handicapped Act that are actually received by the state exceed ~~$140,260,000~~ *$139,185,000,* at least 95 percent of the funds received in excess of ~~$140,260,000~~ *$139,185,000* shall be allocated for local entitlements. Five percent (5%) of the amount received in excess of ~~$140,260,000~~ *$139,185,000* may be used for state administrative expenses.

If the funds for Part B of the Education for All Handicapped Act that are actually received by the state are below ~~$140,260,000~~ *$139,185,000,* the reduction shall be taken in direct and indirect instructional services in the following order:

~~(a) Assembly Bill 529 of the 1987-88 Regular Session..... 75,000~~
(b) Project WorkAbility ..... ~~1,500,000~~ *500,000*

(ex) Comprehensive Personnel Development 1,072,000
(f) Extended Year, State Special Schools..... 1,050,000
(g) Awareness Program 400,000
(h) Assessment Centers 350,000
(i) Timpany Center 300,000
(j) Comprehensive Personnel Development 3,000,000
(k) Low incidence specialized services 1,700,000
(l) Project WorkAbility..... 1,750,000
(m) LCI Impacted Growth Units 1,000,000
(n) Infant Programs..... 2,324,000"

"4. Subject to the availability of funds in Schedule (b) of this item, up to ~~$3,250,000~~ *$2,250,000* shall be allocated to local education agencies for the purposes of Project WorkAbility I."

I am also deleting provision 14 to conform with this action.

Item 6110-166-001—For local assistance, Department of Education. I reduce this item from $8,153,000 to $8,108,000 by reducing:

(a) 10.70 Vocational Education from $24,177,000 to $24,132,000,
and by revising Provision 2
and deleting Provision 8.

I am deleting the $45,000 legislative augmentation to expand the Partnership Academies program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am revising Provision 2 to conform to this action.

"2. ~~$953,000~~ *$908,000* of the funds appropriated in this item are for the purpose of Article 5 of Chapter 9 of Part 29 of the Education Code, Partnership Academies Program."

I am also deleting Provision 8 to conform to the action I have taken in Item 6110-490.

Item 6110-196-001—For local assistance, Department of Education. I reduce this item from $319,840,000 to $317,340,000 by reducing:

(b) 30.10.020-Child Care Services from $284,023,000 to $281,523,000,
by deleting:

(b) (10.5) 30.10.020.014 Job Training Partnership Act ($2,500,000),
and deleting Provision 15.5.

I am deleting the $2,500,000 legislative augmentation to fund the Job Training Partnership Act child care program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

Even with this reduction, funding for child care has increased 45 percent since the 1982–83 fiscal year.

I am deleting Provision 15 5 to conform to this action

Item 6110-226-001—For local assistance, Department of Education. I reduce this item from $14,683,000 to $14,088,000 by reducing:

(j) 30.20-Child Nutrition,

(1) 30.20.010-Child Nutrition from $1,670,000 to $1,079,000,

(2) 30 20.020-Child Nutrition, Pregnant/Lactating Minors from $13,000 to $9,000.

I am deleting the legislative augmentation to increase the cost-of-living adjustment for the Child Nutrition program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

Even after these reductions, the budget provides cost-of-living adjustments of 2.65 percent for Child Nutrition, which is the same funding level required by statute.

Item 610-490—Reappropriation, Department of Education.

I delete the reappropriation made in Schedule 2 of this item for the purpose of matching Job Training Partnership Act funds. This action is necessary to achieve savings in the current year and other funding sources are available to provide sufficient matching funds for the budget year.

"(2) Item 6100-166-001, Provision 5, Budget Act of 1987, for the purpose of matching Job Training Partnership Act funds."

Item 6120-011-001—For support of Department of Education, California State Library. I reduce this item from $11,637,000 to $11,291,000 by reducing:

(a) 50-Library Services from $13,360,000 to $13,014,000.

I am deleting the $232,000 legislative augmentation and further reducing the amount of $114,000 which represents a one percent unallocated reduction for support of the California State Library. The augmentation was made by the Legislature despite the lower revenue available to the General Fund, and thus is simply inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. The further reduction is necessitated by the same consideration of General Fund revenue. This action is necessary to insure that high priority programs will continue to function and that a prudent reserve for economic uncertainties will be maintained.

Item 6120-211-001—For local assistance, Department of Education, California State Library. I reduce this item from $13,606,000 to $13,304,000,
and revise Provision 2.

I am deleting the $302,000 legislative augmentation for the Transaction Based Reimbursement Program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. Even with this reduction, the budget provides sufficient funding for increased workload.

I am also revising Provision 2 relating to the amount to be expended for the Transaction Based Reimbursement Program.

"2. Of the funds appropriated in this item, ~~$1.387~~ *$4.085* million shall be expended for the Transaction Based Reimbursement (TBR) Program of the California Library Services Act."

Item 6120-221-001—For local assistance, Department of Education, California State Library. I reduce this item from $21,100,000 to $20,600,000.

I am deleting the $500,000 legislative augmentation from the Public Library Foundation Program. The augmentation was made by the Legislature despite the lower revenue available to the General Fund, and thus is simply inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

Item 6255-001-001—For state operations, California State Summer School for the Arts. I reduce this item from $642,000 to $412,000.

I am deleting the $230,000 legislative augmentation to expand the California State Summer School for the Arts (CSSSA). This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. The 1988–89 Budget already includes an increase of $12,000 over the amount specified by the Legislature in legislation creating the program. The trustees of CSSSA, who have been successful in obtaining private support for the program, should continue these efforts with the objective of reducing or eliminating the need for General Fund support.

Item 6300-111-001—For transfer to the Retirees' Purchasing Power Protection Account, State Teachers' Retirement System. I reduce this item from $142,626,000 to $132,626,000.

I am reducing this item by $10,000,000 as a reestimate of resources required for this program due to the historically high savings reported in this item. Even with this reduction, I believe this appropriation will provide an average purchasing power level of 68.2 percent, and it is my intent to provide that level with additional resources if necessary.

Item 6440-001-001—For support of University of California. I reduce this item from $1,940,021,000 to $1,935,485,000 by reducing:

(a) Support from $1,916,693,000 to $1,916,674,000,

(b) Charles Drew Medical Program from $6,713,000 to $6,213,000,

(c) Podiatry Program from $1,263,000 to $849,000, and

(f) Acquired Immune Deficiency Syndrome (AIDS) Research from $10,850,000 to $9,200,000,

and by deleting:

(h) Animal Use Alternatives ($50,000),

(i) Forestry and Range Watershed ($400,000),

(j) Alzheimer and Geriatrics ($500,000),

(k) Janitor Staffing ($1,000,000).

I am deleting the following legislative augmentations: $22,000 for the California Science Project; $500,000 for the Charles Drew Medical Program; $414,000 for the School of Podiatry Program; $1,650,000 for the Acquired Immune Deficiency Syndrome (AIDS) Research Program; $50,000 for the Alternative Use of Animals Project; $400,000 for the Forestry and Range Watershed Research Project; $500,000 for the Alzheimer and Geriatrics Research Programs; and $1,000,000 for janitor staffing.

These augmentations were made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

Item 6440-011-001—For support of University of California. I reduce this item from $44,249,000 to $24,221,000 by revising Provisions 3 and 4.

I am reducing the amount available for employee compensation in the amount of $20,028,000. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Even with this reduction, I have provided sufficient funds to provide faculty with an average 3.0 percent salary increase effective June 1, 1989. This funding will enable UC to recruit and retain qualified faculty, as well as provide salaries that are at parity with the comparison institutions reviewed to arrive at appropriate salary increases for UC faculty. I have also provided $3,357,000 for nonfaculty salary increases. It is my intent to provide, subject to collective bargaining, up to a 6 percent salary increase commencing June 1, 1989. Furthermore, I have provided funding for estimated health, dental, and vision care benefits.

I am revising Provisions 3 and 4 to conform with my actions.

"3. Of the funds appropriated in this item, ~~$13,299,339~~ *$6,600,000* shall be for faculty salaries.

"4. Of the funds appropriated in this item, ~~$16,785,000~~ *$3,357,000* shall be for salary increases and special salary adjustments."

It is my intent that any balances remaining in Provision 3 shall be used for the purposes of Provision 6(b) of this item.

Even with these reductions, the University of California's (UC) budget exceeds their 1987–88 General Fund appropriation of $1,896,685,000 by a total of $57,782,000 which is a 3.0 percent increase in the UC's level of funding.

Item 6440-301-785—For capital outlay, University of California. I reduce this item from $122,200,000 to $121,350,000 by deleting:

(13.1) 99.03.085.880—Davis: AIDS Research Center—Preliminary plans, working drawings, and construction ($850,000).

I am deleting this legislative augmentation because adequate information on this project is not available to assess its merit or the appropriateness of the requested level of funding. This request should be submitted through the normal budget process for review against competing needs for this fund source.

Item 6600-011-001—For support of Hastings College of the Law. I reduce this item from $286,000 to $136,000 by revising Provisions 3 and 4.

I am reducing the amount available for employee compensation in the amount of $150,000. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Even with this reduction, I have provided sufficient funds to provide faculty with an average 3.0 percent salary increase effective June 1, 1989. This funding will enable Hastings College of the Law to recruit and retain qualified faculty. I have also provided $27,000 for nonfaculty salary increases. It is my intent to provide, subject to collective bargaining, up to a 6 percent salary increase commencing June 1, 1989. Furthermore, I have provided funding for estimated health, dental, and vision care benefits.

I am revising Provisions 3 and 4 to conform with my actions.

"3. Of the funds appropriated in this item, ~~$77,000~~ *$38,000* shall be for faculty salary increase.

"4. Of the funds appropriated in this item, ~~$138,000~~ *$27,000* shall be for salary increases and special salary adjustments."

It is my intent that, any balances remaining in Provision 3 shall be used for the purposes of Provision 6(b) of this item.

Item 6610-001-001—For support of Trustees of the California State University and the California State University. I reduce this item from $1,482,068,000 to $1,479,590,000 by reducing:

(a) 01-Instruction from $1,070,182,000 to $1,069,960,000,

(c) 04-Academic Support from $190,700,444 to $189,416,000,

(d) 05-Student Service from $149,448,000 to $148,397,000,

(e) 06-Institutional Support from $369,074,000 to $369,059,000,

(g) 11-Provisions for Allocation from −$9,992,444 to −$9,982,000, and

(i) Amounts payable from the General Fund (Item 6610-010-001) from −$326,632,000 to −$326,548,000.

I am reducing by $412,000 and 12.1 personnel years the $1,100,000 legislative augmentation to expand the CSU San Diego off-campus center. In recognition of the cost increases this center has experienced due to increased enrollment pressures, I am retaining $688,000 to enable CSU to rent additional space and meet the other expenses until such time as the new permanent off-campus center is completed

I am deleting the legislative augmentation of $587,000 and 5 0 personnel years to establish a new off-campus center as an extension of the CSU Fullerton campus. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting the legislative augmentation of $184,000 and 8.0 personnel years to provide for the enrollment of 100 FTE students at the Fullerton off-campus center. Since funding has not been provided to establish the Fullerton off-campus center, enrollment related expenses associated with the 100 FTE students estimated to attend the center will not materialize. This conforms to action taken in Item 6610-010-001

I am also deleting the $45,000 legislative augmentation for the Chicano and Latino Youth Leadership conference, which should be funded by the sponsoring organizations

I am deleting the $1,000,000 legislative augmentation to expand the Educational Opportunity Program (EOP). This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. The 1988–89 Budget includes an augmentation over the 1987–88 Budget of $620,000 to fund an additional 824 EOP grants. In addition, $684,000 was provided to increase support services for disadvantaged students.

I am deleting the $250,000 legislative augmentation to implement a joint research project between CSU Fresno and the Ben Gurion University of the Negev in Israel. This project is designed to conduct applied research into water quality and agricultural management. At present, a significant amount of research is conducted in this area at the State and Federal levels. Further, there already exists a $110 million binational endowment fund which supports joint research projects between the United States and Israel and to which CSU Fresno and Ben Gurion University could apply for funding. In addition, the 1988–89 Budget provides, for the first time, new State funds of $2,502,000 for faculty research. CSU can use some of these funds for this purpose, if such research is a priority.

In addition, I have proposed legislation which would allow an augmentation of $19,710,000 to reduce the 3.3 percent unallocated reduction passed by the Legislature to 2 percent

As a result of my actions and my proposal to reduce the unallocated reduction, the total General Fund budget for the California State University will be $49.4 million higher than the 1987–88 fiscal year, which is a 2.8 percent increase.

Item 6610-002-001—For support of Trustees of the California State University and the California State University. I reduce this item from $1,461,000 to $836,000 by reducing:

(a) Assembly Fellows from $484,000 to $279,000,

(b) Senate Fellows from $484,000 to $279,000,

(c) Executive Fellows from $358,000 to $278,000,

and by deleting

(d) CSU administrative costs ($135,000).

I am deleting the $625,000 legislative augmentation to expand the CSU Fellows Program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. Moreover, since 1985–86 when this program was first established, I have provided CSU with an additional $426,000 to expand the Fellows program and fund a total of 36 fellowships for the Assembly, Senate and Executive Fellows programs.

Item 6610-010-001—For support of Trustees of the California State University and the California State University. I reduce this item from $326,632,000 to $326,548,000.

I am reducing this item by $84,000 to conform to the action I have taken in Item 6610-001-001 regarding the Fullerton Off-Campus Center.

Item 6610-031-001—For support of Trustees of the California State University and the California State University. I reduce this item from $43,778,000 to $22,406,000 by reducing:

(a) 97.20-Faculty Salary Increase from $19,868,000 to $9,934,000,

(b) 97.20-Nonfaculty Salary Increase from $11,438,000 to $2,859,000

and by deleting

(c) 97.20-Nonfaculty Special Salary and Other Adjustments ($2,859,000),

and by deleting Provisions 3, 4 and 5.

I am reducing the amount available for employee compensation in the amount of $21,372,000. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Even with this reduction, I have provided sufficient funds to provide faculty with an average 4.7 percent salary increase effective June 1, 1989. This funding will enable CSU to recruit and retain qualified faculty, as well as provide salaries that are at parity with the 20 comparison institutions reviewed to arrive at appropriate salary increases for CSU faculty. It is my intent that any balances remaining in Schedule (a) shall be used for the purposes of Provision 8(b) of this item.

I have also provided $2,859,000 for nonfaculty salary increase It is my intent to provide, subject to collective bargaining, up to a six percent general compensation increase commencing June 1, 1989. Furthermore, I have provided funding for health, dental and vision care benefits.

I am deleting Provisions 3, 4 and 5 to conform to this action.

Item 6870-001-001—For support of Board of Governors of the California Community Colleges. I reduce this item from $10,622,000 to $10,529,000 by reducing:

(b) 20-Special Services and Operations from $11,448,000 to $11,355,000.

I am deleting the $93,000 legislative augmentation for program development for students with psychological disabilities. There is insufficient documentation regarding the unmet need for services for students with psychological disabilities and such disabilities have not been defined. Furthermore, Chapter 829/87 (AB 746) established a review procedure to be followed by higher education segments seeking funds for services to disabled students and this augmentation proposal has not received the required review.

Item 6870-101-001—For local assistance, Board of Governors of the California Community Colleges. I reduce this item from $1,375,662,000 to $1,364,233,000 by reducing:

(a) 10-Apportionments from $1,251,843,000 to $1,244,843,000,

(b) 20.10.010-Extended Opportunity Programs and Services and Special Services from $47,322,000 to $45,022,000,

(c) 20.10.020-Disabled Students from $31,039,000 to $28,964,000,

(e) 20.10.060-Foster Parent Training from $947,000 to $900,000,

(g) 20.20.020-Partial Financing of the Academic Senate for the Community Colleges from $117,000 to $110,000,

by revising Provision 8,

and by deleting Provisions 20, 21, 23, 25, and 26.

I am deleting the $2,000,000 legislative augmentation to partially implement a statewide Management Information System. This augmentation was made by the Legislature despite the lower revenue available to the General Fund and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting Provision 25 to conform to this action.

I am deleting the $5,000,000 legislative augmentation for "stability" funding for districts with declines in average daily attendance (ADA) during 1987–88. It is only natural that there will be annual fluctuations in ADA and current law already allows for the impact of ADA declines to be postponed until the following year Districts should be aware of ADA declines early enough in the school year to be able to prepare their budgets and plan accordingly for the following year when the fiscal impact of such declines will occur.

I am deleting Provision 21 to conform to this action

I am deleting the $2,300,000 legislative augmentation for additional staff in community college financial aid offices. It is unclear whether there is sufficient workload to justify the augmentation due to the fact that: 1) the completion rate of financial aid forms has been stable; 2) according to the latest data, there was no increase in the number of applicants for financial aid between 1982–83 and 1985–86; and 3) many districts are experiencing ADA declines. Furthermore, districts have the discretion to increase resources for financial aid offices based upon their local priorities.

I am deleting Provision 26 to conform to this action.

I am deleting the $1,900,000 legislative augmentation for additional services to brain injured students. There was an apparent decrease in the total number of disabled students from 1985–86 to 1986–87 and no estimate of total caseload for 1987–88 or 1988–89 has been provided by the Chancellor's Office. Thus, it is not clear why 1988–89 needs cannot be met within existing resources. Furthermore, Chapter 829, Statutes of 1987 (AB 746) established a specified review procedure to be followed by higher education segments seeking funds for services to disabled persons and this augmentation proposal has not received the required review.

I am deleting Provision 23 to conform to this action.

I am deleting the $175,000 legislative augmentation to provide a grant for the private, non-profit agency "Recording for the Blind." While recognizing the worthwhile efforts of this agency throughout the United States, no assurance has been given that the augmentation would increase agency services to students in California public schools, colleges and universities.

I am deleting Provision 20 to conform to this action.

I am deleting the $47,000 legislative augmentation to provide a cost-of-living adjustment (COLA) for the Foster Parent Training Program and the $7,000 legislative augmentation to provide a COLA for the Academic Senate. I did provide COLAs to four categorical programs without statutory COLAs which provide direct student services. However, the Foster Parent Training Program and the Academic Senate Program do not provide direct student services.

I am revising Provision 8 to conform to this action.

"8. (a) The amount in Schedule (e) is provided for local assistance in support of the Foster Parent Training program in accordance with the provisions of Chapter 1597, Statutes of 1984.

(b) Notwithstanding the provisions of subdivision (c) of Section 903 7 of the Welfare and Institutions Code, if sufficient moneys are available in the Foster Children and Parent Training fund, up to ~~$1,047,000~~ *$1,000,000* shall be transferred from the Foster Children and Parent Training Fund to the General Fund in reimbursement for expenditures made for the Foster Parent Training Program from appropriations of $900,000 of Schedule (e) of Item 6870-101-001 and $100,000 contained in Item 6870-001-001 of this act."

Even with these reductions, local assistance funds appropriated in this item exceed the 1987–88 appropriation by a total of $84,196,000 which is a 6.6 percent increase in the level of General Funds provided to the California Community Colleges.

Item 6870-301-785—For capital outlay, Board of Governors of the California Community Colleges. I reduce this item from $74,320,000 to $70,430,000 by reducing:

(67) 40.44.202-Riverside Community College District, Moreno Valley Center, Working Drawings, construct On-site Development from $3,606,000 to $359,000,

and by deleting:

(84) 40.26.602-Los Angeles Community College District, Southwest College—Gymnasium, Working drawings ($414,000),

(86) 40.65.203-Ventura Community College District, Oxnard College—Gymnasium, Working drawings, ($229,000).

I am reducing this item to defer the construction phase of on-site development at the Moreno Valley Center in the Riverside Community College District. Subsequent to this reduction, the Riverside Community College District will still receive $9,029,000, the largest single district allocation in this item Working drawing funds of $359,000 are still available to continue the on-site development at the Moreno Valley Center

I am also deleting the legislative augmentation for working drawings for the Southwest College Gymnasium and Oxnard College Gymnasium because these two projects are too low on the community colleges priority list to warrant inclusion in this year's budget.

Item 7980-121-001—For local assistance, Student Aid Commission. I reduce this item from $6,347,000 to $1,588,000 and I delete Provision 4.

I am deleting the $4,759,000 legislative augmentation to expand by 3,000 new awards the Cal Grant (b) Student Financial Aid Program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

Even with this reduction, the remaining funds will provide for a 4.5 percent cost-of-living adjustment for subsistence allowance.

I am deleting Provision 4 to conform with this action.

Item 8100-011-425—For transfer to the General Fund, payable from the Victim/Witness Assistance Fund. I delete this item.

I am deleting this item because it is inappropriate to transfer Victim/Witness Assistance Funds to the General Fund. Consistent with the intent of existing law, the Victim/Witness Assistance Fund, which derives its revenues from money collected from fines and penalties, is available specifically to support local assistance centers for victims and witnesses of criminal acts.

Item 8100-101-001—For local assistance, Office of Criminal Justice Planning. I reduce this item from $27,446,000 to $26,106,000 by reducing:

(b) 50.21.050-Victims Legal Resources Center from $380,000 to $180,000,

(i) 50.51.030-Child Sexual Assault Prosecution Program from $1,498,000 to $1,358,000,

(n) 50.71.055-Campaign Against Marijuana Planting from $3,500,000 to $2,750,000,

and by deleting·

(fy) 50.41.060-North East Youth Athletic League ($100,000),

(ox) 50.71.110-Targeted Urban Crime Narcotics Task Force ($150,000),

and by revising Provision 4.5

I am deleting $1,340,000 in legislative augmentations from this item. These augmentations, as specified below, were made by the Legislature despite the lower revenue available to the General Fund, and are simply inconsistent with the need to protect current, vital programs, such as implementation of my antidrug initiatives, and provide for a prudent reserve for economic uncertainties. In making these reductions, it should be noted that the 1988–89 Budget already provides over $2.2 million in increased State funding over the 1987–88 level to expand my fight against drug abuse and drug trafficking in California. This funding will provide for the expansion of the Office of Criminal Justice Planning's major narcotic vendors prosecution and gang violence suppression programs, as well as for a statewide computer information system on gang members.

Specifically, I am deleting the $150,000 legislative augmentation to continue the Targeted Urban Crime Narcotics Task Force, a one-time pilot project established by

Chapter 423/85, and which has since been completed. The final report for the pilot project indicates the large backlog of drug-related cases in the Alameda County courts has been eliminated, thus the backlog reduction purposes of the original legislation have been largely achieved.

I am deleting the $200,000 legislative augmentation to expand the services of the Victims' Legal Resource Center. Forty-four statewide Victims Assistance Centers already provide assistance to crime victims in completing applications for compensation through the Board of Control Victims of Crime Program. Assistance from the Victims' Legal Resource Center, other than the legal referral service it currently provides to Victim/Witness Centers, is not required to aid victims in these claims.

I am deleting the $140,000 legislative augmentation to continue State support of the Monterey County Child Abuse Vertical Prosecution Program. In 1987–88, Monterey County received State funding on a one-time basis to implement this program with the intent that the program be continued with local funds.

I am deleting the $100,000 legislative augmentation for the North East Youth Athletic League in Los Angeles because there is inadequate information to support funding for this project.

I am deleting the $750,000 legislative augmentation to expand the Campaign Against Marijuana Planting (CAMP) Program to six various Sierra Nevada Counties. Available information indicates that the four counties which currently receive CAMP funding continue to experience the most extensive marijuana cultivation problem in the State despite successful year around eradication and prosecution efforts funded through CAMP. Further, the Office of Criminal Justice Planning will be reviewing the distribution of local assistance funds for 1989–90 in order to maximize the impact of the State's contribution to this activity.

Conforming with the above reduction to the CAMP program, I am revising Provision 4.5 relating to the allocation of funds for CAMP.

"4.5. ~~$3,583,339~~ *$2,750,000* of the amount appropriated in Schedule (n) is for local assistance to ~~Amador, Calaveras, Tuolumne, Tulare,~~ Humboldt, Mendocino, Trinity, ~~Kern, Mariposa,~~ and Butte Counties for costs associated with marijuana production and eradication. The counties shall file claims for payment of these allocations directly with the State Controller. The State Controller shall allocate these funds to the counties as follows:

(a) ~~Amador/$56,250; Calaveras/$56,250; Tuolumne/$56,250; Tulare/$56,250; Kern/$56,250; Mariposa/$56,250;~~ Humboldt-$425,000; Mendocino-$425,000; Trinity-$150,000; Butte-$250,000.

(b) For the sheriff's department in each of those counties as follows: ~~Amador/$69,000; Calaveras/$69,000; Tuolumne/$69,000; Tulare/$69,000; Kern/$69,250; Mariposa/$69,250;~~ Humboldt-$500,000; Mendocino-$500,000; Trinity-$250,000; Butte-$250,000."

Item 8100-101-890—For local assistance, Office of Criminal Justice Planning. I delete Provision 2.

I am deleting Provision 2 of this item, which was added by the Legislature, because it would require the expenditure of $200,000 for a lower priority than that proposed in my original budget. These funds were initially proposed in the 1988–89 Budget to meet funding commitments to maintain current levels of service provided by over 180 existing victim/witness assistance programs statewide. This provision mandates expenditures at the expense of existing, higher priority programs and will result in reduction in essential services provided by those local assistance programs.

Item 8140-001-001—For support of State Public Defender. I reduce this item from $7,060,000 to $6,989,000 by increasing:

(ax) Unallocated Reduction from −$144,000 to −$215,000.

I am reducing this item in the amount of $71,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

0 16 45 0

Item 8260-001-001—For support of California Arts Council. I reduce this item from $2,674,000 to $2,604,000 by deleting:

(e) 45-California Challenge Program ($70,000).

I am eliminating support for the California Challenge Program in the amount of $70,000 and .9 personnel years. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians. This conforms to the action I have taken on the grants portion of the program in Item 8260-111-001.

Item 8260-101-001—For local assistance, California Arts Council for grants and subventions. I reduce this item from $15,081,000 to $11,000,000 by reducing:

(a) 10-Artists in Residence from $2,068,000 to $1,827,000,

(b) 20-Organizational Grants from $9,277,500 to $6,880,000,

(c) 25-Performing Arts Touring/Presenting Program from $690,500 to $597,000, and

(d) 40-Statewide Projects from $3,045,000 to $1,696,000.

I am deleting the $3,924,000 legislative augmentation to expand various local arts programs. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

I am deleting the $157,000 legislative augmentation to expand the Multi-Cultural Arts Development Program. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

Item 8260-111-001—For local assistance, California Arts Council for California Challenge Program Grants. I delete this item and Provision 1.

I am deleting the California Challenge Program of matching grants in the amount of $930,000. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians. This conforms to the action I have taken in Item 8260-001-001.

I am deleting Provision 1 to conform to this action.

Item 8320-001-001—For support of Public Employment Relations Board. I reduce this item from $6,025,000 to $5,965,000 by increasing:

(e) Unallocated Reduction from −$123,000 to −$183,000.

I am reducing this item in the amount of $60,000, which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 8350-001-001—For support of Department of Industrial Relations. I reduce this item from $94,669,000 to $88,279,000 by reducing:

(ax) Program operations from $160,176,000 to $120,478,000,

(kx) Unallocated Reduction from −$23,667,000 to −$1,892,000, and

(u) Amount payable from the Federal Trust Fund (Item 8350-001-890) from −$16,026,000 to −$4,493,000,

and by deleting Provisions 3, 4 and 6.

I am taking the following actions to address the action of the Legislature to provide augmentations totalling $28,165,000 and to provide an unallocated reduction of $23,667,000:

I am directing $11,533,000 of the legislative unallocated reduction to eliminate the legislative augmentation of $11,533,000 and 353.4 personnel years to restore funding for the Occupational Safety and Health private sector field enforcement program.

This augmentation would constitute a program duplication as the Department of Labor enforces federal job safety and health standards at private sector worksites. I am reducing the amount payable to this item from the Federal Trust Fund item by $11,533,000 to correspond to my action taken in Item 8350-001-890.

I am directing $10,493,000 of the legislative unallocated reduction to eliminate the legislative augmentation of $10,493,000 and 197.6 personnel years to add 52 judge teams to the Workers' Compensation Appeals Board. This augmentation was made to address a backlog in case processing. I believe the most effective way to improve case processing is through standardization, automation, and training. The Governor's budget as proposed includes funding for these actions. A major computerized case processing system is currently in development.

I am directing $540,000 of the legislative unallocated reduction to eliminate the legislative augmentation of $540,000 and 8.5 personnel years for conducting wage claims hearings. The backlog in wage claims hearings can best be addressed through the standardization and automation processes currently being implemented in the Division of Labor Standards Enforcement.

I am directing $611,000 of the legislative unallocated reduction to eliminate the legislative augmentation of $611,000 and 15.2 personnel years to expand the Uninsured Employers' Fund Claims Bureau. This program is currently being reviewed to determine areas where better, standard processing techniques can reduce claims processing time. Any need for added staff cannot be determined until these standards are in place.

I am retaining the remaining $490,000 of the legislative unallocated reduction and am reducing this item an additional $510,000 to achieve an unallocated reduction in Personal Services of $1,000,000 and 29.3 personnel years I proposed in May because of the revenue shortfall.

I am deleting the legislative augmentation of $4,988,000 and 175.7 personnel years to add additional clerical support to each judge team of the Workers' Compensation Appeals Board. The current clerical backlog for the judge teams will be resolved when the computerized case processing system is implemented.

I am reducing this item in the amount of $892,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

I am deleting Provision 3 which would prohibit expenditure of funds for the director's salary. The language violates the separation of powers provision concerning the Executive Branch authority.

I am deleting Provision 4 which would withhold the salary of a Workers' Compensation Judge with any case still pending or undetermined 90 days after submittal. Withholding of earned compensation is contrary to longstanding state policy and conflicts with existing memorandums of understandings.

I am deleting Provision 6 which would require the department to have specific statutory authority to utilize volunteers. I believe this language in unnecessarily restrictive and inconsistent with existing law and State policy. Government Code Section 3119 provides general statutory authority for departments to utilize the services of volunteers.

In taking the above actions, it is my intention to return the General Fund budgetary authority and spending to the plan presented in my budget as proposed in January, adjusted by unallocated reductions due to the revenue shortfall.

Item 8350-001-890—For support of Department of Industrial Relations. I reduce this item from $16,026,000 to $4,493,000.

I am deleting the $11,533,000 legislative augmentation to restore funding for the Occupational Safety and Health private sector field enforcement program. This conforms to the action I have taken in Item 8350-001-001.

Item 8380-001-001—For support of the Department of Personnel Administration. I reduce this item from $7,287,000 to $7,211,000 by increasing:

(cx) Unallocated Reduction from −$149,000 to −$225,000,

and deleting Provision 1.

I am reducing this item by $1,000. Provision 1 would suspend both pre- and post-employment drug testing by certain law enforcement and other State agencies and would require notice to the Legislature prior to implementing regulations authorizing such testing. Although notice preparation costs have not been budgeted in 1988–89, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item.

I am also reducing this item by $75,000 which represents a one percent reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 8570-001-001—For support of the Department of Food and Agriculture. I reduce this item from $70,563,000 to $69,857,000 by increasing:

(kx) Unallocated Reduction from −$3,746,000 to −$4,452,000.

I am reducing this item in the amount of $706,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 8570-101-001—For local assistance, Department of Food and Agriculture. I reduce this item from $11,042,000 to $10,942,000 by reducing:

(b) 20-Plant Pest and Disease Prevention from $7,686,000 to $7,586,000.

I am deleting the $100,000 legislative augmentation for carcinogenic and teratogenic research in Kern County This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties.

Item 8570-101-191—For local assistance, Department of Food and Agriculture. I reduce this item from $4,890,000 to $4,690,000 by revising Provision 1:

1. The funds appropriated in this item are for the following:

(a) Unemployment insurance at local fairs ~~1,150,000.~~ *950,000*

(b) Health and safety improvements 3,000,000

(c) Other local fair projects 740,000

I am deleting the $200,000 legislative augmentation to increase the funds available for unemployment costs at fairs. There is no evidence such an increase is necessary, and any increases in this area result in a decrease of General Fund revenues.

Item 8660-001-412—For support of Public Utilities Commission. I delete Provision 1.

I am deleting the language in Provision 1 because it requires legislative approval prior to any significant permanent or temporary redirection of Public Utilities Commission Transportation Division staff to other program activities. This language violates the separation of powers provision of the Constitution and conflicts with existing law allowing the Commission the authority to set rates.

Item 8780-001-001—For support of Commission on California State Government Organization and Economy. I reduce this item from $553,000 to $511,000 by reducing:

(a) 10-Commission on California State Government Organization and Economy from $555,000 to $513,000

I am reducing the $42,000 legislative augmentation to refer public complaints and inquiries to the appropriate state agency. This augmentation was made by the Legislature despite the lower revenue available to the General Fund, and simply is inconsistent with the need to protect current, vital programs and provide for a prudent reserve for economic uncertainties. I would point out that, even with this action, the Commission's budget for 1988–89 will still be $513,000 which is an increase of $224,000 or seventy-eight percent over its 1982–83 funding level.

0 17 50 0

Item 8860-001-001—For support of Department of Finance. I reduce this item from $25,582,000 to $25,326,000 by increasing.

(ex) Unallocated Reduction from —$522,000 to —$778,000

I am reducing this item by $256,000 which represents a one percent reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6 9 percent I believe this remaining amount will continue to provide essential services to Californians.

Item 8885-101-001—For local assistance, Commission on State Mandates I reduce this item from $118,799,000 to $113,908,000 by reducing:

(1) 02 50 135.576-Justice court judges from $27,000 to $14,500

(3) 02 50.074.378-Judicial arbitration from $5,401,000 to $2,738,000

(6) 02.50.158.084-Judges' per diem from $196,000 to $98,500

(10) 02.50.101.879-San Francisco Superior Court Judgeship from $71,000 to $36,000

(11.3) 02.50 108.882-Juvenile felony arrests from $4,802,000 to $2,719,000

I am reducing this item by $4,891,000, half of the $9,782,000 amount augmented by the Legislature. When the Legislature eliminated funding for the Trial Court Funding Program, it was necessary for them to make this augmentation. Since I am urging the Legislature to send me the necessary clean-up legislation for the Trial Court Program and use funding available from my reductions to the 1988–89 Budget Bill to finance the Trial Court Funding Program on a half-year basis commencing January 1, 1989, one-half of the Legislature's augmentation is unnecessary

Item 8915-101-890—For local assistance, Department of Economic Opportunity. I reduce this item from $105,251,000 to $105,152,000 by reducing:

(b) 40-Community Services from $31,356,000 to $31,257,000.

I am reducing a $1,850,000 legislative augmentation by $99,000 to conform with the Department of Economic Opportunity's proposed grant application to the federal Department of Health and Human Services for the 1988 allocation of Emergency Community Services Homeless Grant Program funds. This action would make budgeted State expenditure authority consistent with federal grant funds available to California pursuant to the Stewart B. McKinney Homeless Assistance Act.

Item 8940-001-001—For support of Military Department. I reduce this item from $20,417,000 to $20,213,000 by reducing.

(j) 71-California Innovative Military Projects and Career Training from $1,937,000 to $1,567,000,

(k) Reimbursements from —$2,094,000 to —$1,724,000,

and increasing

(jx) Unallocated Reduction from —$417,000 to —$621,000

I am deleting the legislative reimbursement augmentation of $370,000 and 6 personnel years for the expansion of the California Innovative Military Projects and Career Training program. While I am supportive of efforts in this area, the need to expand the current program has not been justified This conforms to the action I have taken in Item 5100-001-870.

I am reducing this item in the amount of $204,000 which represents a one percent unallocated reduction. This reduction is necessitated by the unexpected revenue shortfall in the General Fund and the needs in other high priority programs. Although I am making this reduction in budget items involving state administration, the overall General Fund budget is still increasing by 6.9 percent. I believe this remaining amount will continue to provide essential services to Californians.

Item 9800-001-001—For augmentation for Employee Compensation I reduce this item from $105,579,000 to $52,599,000 by reducing:

(a) 10.01-Civil Service Employees-Represented from $81,497,000 to $41,348,000

(b) 10.02-Civil Service Employees-Nonrepresented from $17,778,000 to $9,020,000

(c) 10.03-Exempt/Excluded and Other Employees from $2,407,000 to $1,221,000

(d) 10.05-Judiciary from $1,342,000 to $499,000 and

(e) 10.06-Legislative Employees from $2,555,000 to $511,000

I am reducing the amount available for employee compensation increases in the

amount of $52,980,000. Even with this reduction, it is my intent to provide, subject to collective bargaining, up to a six percent general compensation increase commencing June 1, 1989. In addition, I have provided funding for health, dental, and vision care benefits.

Item 9800-001-494—For augmentation for Employee Compensation. I reduce this item from $51,164,000 to $25,960,000 by reducing·

(a) 10.01-Civil Service Employees-Represented from $41,007,000 to $20,806,000

(b) 10.02-Civil Service Employees-Nonrepresented from $8,946,000 to $4,539,000; and

(c) 10.03-Exempt/Excluded and Other Employees from $1,211,000 to $615,000

I am reducing this item by $25,204,000 to conform with the action I have taken in Item 9800-001-001.

Item 9800-001-988—For augmentation for Employee Compensation. I reduce this item from $37,371,000 to $18,607,000 by reducing:

(a) 10.01-Civil Service Employees-Represented from $29,951,000 to $14,913,000

(b) 10.02-Civil Service Employees-Nonrepresented from $6,534,000 to $3,253,000 and

(c) 10.03-Exempt/Excluded and Other Employees from $886,000 to $441,000

I am reducing this item by $18,764,000 to conform with the action I have taken in Item 9800-001-001.

SEC. 11.50—Distribution of Tidelands Oil Revenues. I revise this control section. I am reducing the allocation to the California Housing Trust Fund by revising paragraph (f) as follows:

"(f) Notwithstanding any other provision of law, the allocation to the California Housing Trust Fund made pursuant to subdivision (h) of Section 6217 of the Public Resources Code shall be in the amount of six million dollars ~~($6,000,000)~~ *($4,000,000)* for the 1988-89 fiscal year."

This reduction conforms to the action taken in Item 2240-101-843.

Control Section 23.50-Immigration Reform and Control Act. I delete Provisions wx and wy.

Provision wx of Control Section 23.50 requires the Health and Welfare Agency to allocate $75,000 from the Immigration Reform Control Act Subvention for a local coordination pilot project designed to develop multiprogram data collection systems, coordinate outreach and coordinate service delivery among affected service agencies and educational services.

The expenditures contained in the implementation plan for the IRCA already assume local administrative costs. It would be entirely appropriate for any local agency to use its State Legalization Impact Assistance Grant (SLIAG) administrative funds for the most efficient delivery of services. There is no compelling reason why funds should be reallocated from local agencies to one specific pilot project. Each local entity should determine its method of administration and coordination of services and use the resources already allocated for that purpose. This provision constitutes an item of appropriation which is unnecessary as described above.

Provision wy of Control Section 23.50 places a condition on the State and counties for receipt of SLIAG funds. The language specifically requires the State and counties to maintain their 1987-88 level of funding for the county health services and Short-Doyle programs in order to receive any SLIAG funds. I believe it is inappropriate to mandate that any entity of government maintain a specified level of funding for a discretionary activity. This restricts the flexibility that a local entity needs to be able to respond to needs and priorities with its discretionary funds and violates the Executive Branch's authority to effectively manage its resources programs. I am concerned that this language restricts the receipt of any SLIAG funds unless these levels of funding are maintained. This is particularly punitive given that these funds are essential if the State and counties are to provide critical health and human services to those Eligible Legalized Aliens desirous of becoming California citizens.

With the above deletions and reductions, I hereby approve Assembly Bill No. 224.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 1988."

SEC. 1.30. The Legislature finds and declares that General Fund revenues for the 1988–89 fiscal year as determined by the Commission on State Finance and deemed reasonable by the Legislative Analyst are at least $36,100,000,000, not counting the enactment of any legislation which would increase General Fund revenues. It is the intent of the Legislature to construct this budget on that premise.

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978 (AB 3322), and as amended by Chapter 1286, Statutes of 1984 (AB 3372), it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state's fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)
001—Reference Code (first appropriation for a particular fund for support of each department)
044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provisions of this act, the

Department of Finance may revise the schedule of any appropriation made in this act where such revision is of a technical nature and is consistent with legislative intent. Such revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. Such revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to (d) above, approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing such transfer shall also be eliminated.

SEC. 1.70. It is the intent of the Legislature that funding for essential state programs not funded in the Budget Act of 1988 on account of the projected revenue shortfall and the withdrawal of the tax-correcting proposal shall be provided for in separate legislation.

SEC. 2.00. The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1988–89 fiscal year beginning July 1, 1988, and ending June 30, 1989. Appropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 1988–89, 1989–90 and 1990–91 fiscal years, except that appropriations for studies, planning, working drawings, or minor capital outlay, except as provided herein, shall be available for expenditure only during the 1988–89 fiscal year. In addition, the balance of every appropriation made in this act which contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department of Finance on or before June 30, 1989, except as provided herein, shall revert as of that date to the fund from which the appropriation was made. All such appropriations, unless otherwise herein provided, shall be paid out of the General Fund in the State Treasury.

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes, to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

9. Where regulations involve changes to the Medi-Cal Drug Formulary which could result in increased costs to the Medi-Cal program, it shall not be necessary for the Director of the State Department of Health Services to secure approval by the Department of Finance prior to the director's giving of public notice relative to the proposed or amended regulations. However, after the public hearing, the director shall submit those regulations which propose the addition of drugs to, or the deletion of drugs from, the Medi-Cal Drug Formulary to the Department of Finance for final approval prior to the submission of those regulations to the Office of Administrative Law for review and filing with the Secretary of State.

12. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are hereby reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. 13. Amounts identified as abatements to the county medical services program for retroactive aid to the Totally Dependent Program claims shall be transferred from the Health Care Deposit Fund to the county medical services program without regard to fiscal year.
14.5. Of the funds appropriated in this item, $2,000,000 and $2,000,000 transferred from Item 4260-101-890 shall be used for rate adjustments for Medi-Cal outpatient services rendered by small and rural hospitals.

The department shall continue this rate adjustment for small and rural hospitals as a permanent program base increase using the allocation formula contained in Chapter 1476 of the Statutes of 1987. This adjustment shall be in addition to any other increases that may be provided.

"Small and rural hospital" means an acute care hospital which meets either of the following criteria:

(a) Meets the criteria for designation within peer group six or eight, as defined in the report entitled Hospital Peer Grouping for Efficiency Comparison, dated December 20, 1982.
(b) Meets the criteria for designation within peer group five or seven and has no more than 76 acute care beds and is located in

	an incorporated place or census-designated place of 15,000 or less population according to the 1980 federal census.	

15.5. The Department shall allocate $20,000,000 to increase rates for outpatient services provided by disproportionate provider hospitals.

(a) An outpatient disproportionate provider factor shall be developed for each hospital using the most recent annual disclosure data administered by the Office of Statewide Health Planning and Development. Hospitals shall be permitted to certify to changes in relevant data subsequent to the most recent state report in order to ensure that the factor reflects the hospital's most recent experience.

(b) The outpatient disproportionate provider factor shall be the proportion of total outpatient gross revenue and "other" outpatient deductions from revenue. Hospitals previously not submitting necessary data elements shall be permitted to amend their most recent report or submit more recent data prior to implementation of this section. An outpatient disproportionality threshold shall be established at the mean, which in the most recent 1984–85 data is 22.5 percent of total outpatient gross revenue.

(c) Augmentation levels shall be based on the degree to which hospitals exceed the outpatient disproportionality threshold, as follows:

(i) Threshold to Threshold	+4.99%	shall receive a 22% augmentation
(ii) Threshold	+5% to Threshold +9.99%	shall receive a 27% augmentation
(iii) Threshold	+10% to Threshold +14.99%	shall receive a 32% augmentation
(iv) Threshold	+15% to Threshold +19.99%	shall receive a 37.5% augmentation

Item			Amount
	(v) Threshold	+20% and above	shall receive a 42% augmentation

If disproportionate provider rate augmentation levels shown above exceed the appropriation therefor in this act each hospital shall receive a percentage of its augmentation level. The percentage shall equal the appropriation in this act divided by the total rate augmentations that would have been paid using full augmentation levels shown above.

(d) The hospital outpatient augmentation levels shall be incorporated into the rate adjustment made subsequent to enactment of this act and shall not exceed usual and customary charges.

(e) The Department may, on an emergency basis, amend its regulations with respect to the implementation of this augmentation to limit expenditures in order to stay within appropriation levels for disproportionate outpatient provider rate increases.

(f) The State Director of Health Services shall adopt regulations implementing these provisions as emergency regulations, if so required, in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the State Department of Health Services in order to implement disproportionate outpatient provider rate increases shall not be subject to the re-

view and approval of the Office of Administrative Law. These regulations shall become effective immediately upon filing with the Secretary of State.

(g) The State Department of Health Services shall seek federal financial participation for payments made to disproportionate outpatient providers if necessary.

17. By October 1, 1988, the department shall amend the state Medicaid cost allocation plan to authorize use of federal Medicaid funds for county and state administrative functions related to the Comprehensive Perinatal Services Program.
18. The department shall amend the state Medicaid plan to implement the federal option for providing targeted case management services to pregnant women. The department shall make quarterly status reports to the Legislature, beginning October 1, 1988, on the implementation of this option.
19. The department shall survey counties to assess their compliance with priority processing and immediate need Medi-Cal cards for Medi-Cal eligible pregnant women. Specifically, the department shall conduct a survey of the counties to ascertain the amount of time that transpires between a pregnant woman's first contact with a Medi-Cal eligibility worker and her receipt of a Medi-Cal card. The survey shall be completed by December 1, 1988. The department shall report to the Legislature by January 15, 1989, on survey results and specify what corrective actions, if any, are necessary to assure statewide compliance.
20. Notwithstanding any other provision of law, if federal administrative funds budgeted in Item 4260-101-890 are inadequate to fund the costs incurred in the administration of the Refugee Medical Assistance Program provided to time-eligible refugees, the department shall provide necessary funds to ensure adequate program administration.

Item		Amount
22.	Before eliminating the rate differential for Caesarean sections, the department shall increase Medi-Cal reimbursement rates for procedure codes 59400, 59410, 59485, and 59487 (using 1988 procedure codes) by 18.8 percent above the rates paid on June 1, 1988.	
23.	The department shall allocate $10 million to augment the contracting pool to allow disproportionate-share hospitals that operate trauma centers or basic emergency rooms to negotiate with the California Medical Assistance Commission for higher rates of reimbursement.	
24.	The Department of Health Services shall conduct a study to determine the nature of the Medi-Cal claims that are denied because they exceed the six-visit limitation for physician visits. If warranted by the study, the department shall, no later than December 15, 1988, develop a process by which specific medical procedures are exempted from the six-visit limitation because more frequent visits are medically necessary. In addition, the department shall not apply any restriction on physician visits for prenatal care.	
25.	The Department of Health Services shall study, on a county-by-county basis, the availability of dentists to serve new and continuing Medi-Cal dental patients. The results of the study shall be reported to the appropriate legislative policy and fiscal committees no later than January 1, 1989, along with proposals by the department on how to improve access to dental care in those areas where there is inadequate provider participation.	
26.	The department shall eliminate the rate differential for Caesarean sections and instead establish a rate for reimbursement of vaginal and Caesarean births which is a weighted average of the existing two Medi-Cal rates.	
27.	The department shall, within the limits of funds appropriated by this act, amend the state Medicaid plan to provide for implementation of the following federal Medicaid options for improving access of low-income pregnant women to prenatal care: (1) extension of Medi-Cal eligibility to pregnant

women whose incomes are between 100 percent and 185 percent of the poverty line and (2) eliminating the resource test when assessing the eligibility of pregnant women.

28. In light of the state's fiscal shortfall for 1988–89 fiscal year, the department shall establish a donated funds account to which a disproportionate provider hospital which operates a trauma center or basic emergency room may make contributions.

4260-106-001—For local assistance, Department of Health Services, for cost-of-living increases to be transferred to, and in augmentation of the respective appropriations by the State Controller upon enactment in accordance with the following schedule 53,072,000

Schedule:

(a) 50.11-Benefits (Medical Care and Services) (for transfer to Item 4260-101-001) 53,672,000

Item Amount

Provisions:

1. The department shall adopt Medi-Cal regulations effective August 1, 1988, increasing Medi-Cal payment rates for freestanding skilled nursing facilities, intermediate care facilities, intermediate care facilities/developmentally disabled, and intermediate care facilities/developmentally disabled-habilitative, as defined in Section 1250 of the Health and Safety Code, by the necessary amounts to effect a weighted average increase of $1.48 per patient-day to meet the cost of implementing new California state minimum wage requirements.

   The increase provided by this provision shall be used solely for the purpose of increasing wages and benefits paid to nonadministrative employees. This increase shall be in addition to those provided under the Medi-Cal COLA and existing statutes. These funds shall be expended in accordance with existing labor laws.

2. (a) Long-term care facilities with labor costs below medians established for each reimbursement category by the Department of Health Services shall pass through to nonadministrative employees a portion of the annual Medi-Cal reimbursement rate increase attributable to the salaries, wages, and benefits component for skilled nursing facilities, intermediate care facilities, intermediate care facilities/developmentally disabled, intermediate care facilities/developmentally disabled-habilitative and intermediate care facilities/developmentally disabled-nursing, as defined in Section 1250 of the Health and Safety Code. It is the intent of this section to provide increases to nonadministrative employees, exclusive of administrators or administrators-in-training. The ongoing provisions of Chapters 10 and 11 of the Statutes of 1985, Chapter 19 of the Statutes of 1978, and Section 1338 of the Health and Safety Code, shall remain unaffected by this provision. Funds provided for the state's obligation to the new minimum wage program shall not be used to offset a facility's obligation under this provision.

   (b) In order to assure compliance with this pro-

Item Amount

vision, the department shall adopt regulations setting forth a median labor cost base on a per patient-day basis for each reimbursement category. The median labor base shall include salaries, wages, and benefits but shall be exclusive of registry and contract labor. The labor cost base shall be developed from the data used to derive the 1988–89 Medi-Cal reimbursement rates. The department shall compute the amount of the annual rate increases attributable to salaries, wages, and benefits by reimbursement category. Each long-term care facility whose projected labor cost for nonadministrative employees is less than the projected labor median for its respective reimbursement category shall spend a minimum of 75 percent of the 1988–89 Medi-Cal rate increase attributable to labor for salaries, wages, and benefits to the extent the facility expenditures reach or exceed the projected median labor cost per patient-day established by the department for July 31, 1988.

(c) The department shall provide a waiver to these requirements when it determines that a facility will be unable to provide adequate care for patients or maintain financial stability without diverting these funds from labor to other costs. Waiver requests shall be submitted by December 1, 1988, and decisions rendered by February 1, 1989. Life-threatening emergency situations will be processed by the department on an individual case-situation basis. Waivers shall only be granted on a prospective basis; retroactive adjustments shall be handled through the existing audit-appeal process.

(d) The department shall develop the specific methodology and procedures necessary to implement this act with consultation from labor, providers, and legislative committee representatives. Facilities shall be provided with complete instructions and monitoring guidelines prior to implementation of the procedures which specify whether a facility is above or below the medians established by the department for its respective reim-

bursement category.

(e) Long-term care facilities shall document, in a certification submitted to the department by October 1, 1989, their obligation and compliance with the requirements of this section. The department shall audit these certifications to ensure that facilities subject to these requirements increase labor cost per patient-day by the appropriate amount during the reimbursement period of August 1, 1988, through July 31, 1989. In assessing facility compliance with these provisions, the department shall compare labor costs per patient-day during the reimbursement period to facility spending during the preceding 12-month period. The department shall also consider additional registry, contract labor, one-time retroactive payments made within 60 days of the close of the reimbursement period and documented operational efficiencies which impact overall labor costs in this comparison. Facilities shall be allowed to carry over any excess or any shortage within 25 percent of their pass-through obligation to the next reimbursement period.

4260-106-890—For local assistance, Department of Health Services, for cost-of-living increases to be transferred to, and in augmentation of the respective appropriations by the State Controller upon enactment in accordance with the following schedule 52,820,000

pose of grants and contracts for lupus erythematosus research shall be used for basic research and shall be subject to the provisions of Section 2 of Chapter 297 of the Statutes of 1976 as amended by Section 1 of Chapter 643 of the Statutes of 1982.

(b) The State Department of Health Services shall redirect $200,000 of the funds appropriated for lupus erythematosus to fund the study defined in Chapter 1421 of the Statutes of 1987.

(c) Of the amount appropriated in this item, $170,200 shall be used for a groundwater testing program.

(d) The department shall contract for a study to assess whether intensive lifestyle changes (including stress management training, psychological support, smoking cessation, exercise, and a diet with less than 10% fat and less than 5mg/day dietary cholesterol) can reverse coronary heart disease without using cholesterol-lowering drugs or surgery. The study shall be directed by a physician-researcher with demonstrated expertise in motivating patients to change their lifestyle in these ways and with the capability to scientifically assess and analyze the results using quantitative coronary angiography. The total cost of the study shall not exceed $250,000 during the 1988–89 fiscal year. The department shall report every six months on the interim findings of the study; the final report shall be made by July 1, 1989.

(e) Of the amount appropriated in this item, $100,000 shall be used to increase rates in the dental disease prevention program.

2. Program 15-AIDS:

(a) Upon order of the Department of Finance, the State Controller shall transfer funds not to exceed $200,000 from Item 4260-111-001 to Item 4260-001-001 for AIDS program support.

(b) The department shall require any county which receives funds under the AIDS block grant to submit a plan which assesses present needs and resources along with a

	projection of how those needs and resources are likely to change over the ensuing three years. The plan shall, at a minimum, include the following components: (1) central participatory planning involving consultation with an advisory body consisting of various groups affected by AIDS and specifically including community based organizations involved with AIDS; (2) prevention and testing programs; (3) epidemiologic surveillance; (4) treatment and supportive services; and (5) coordination of financing mechanisms. The plans shall include county services as well as services provided by community based organizations. The department shall encourage all other counties to prepare these three year plans.	
(c)	The Department of Alcohol and Drug Programs and the Department of Health Services, Office of AIDS, shall pursue coordination of activities related to AIDS and intravenous drug users at the county level. This shall include, but not be limited to, encouraging each county's health officer and each county's drug program administrator to meet and confer on expenditure plans addressing prevention and education activities (including outreach) related to AIDS and intravenous drug users.	
(e)	The department shall report to the fiscal committees by January 1, 1989, on the funding needed to support the anonymous test sites program. If the test sites are experiencing fewer tests per month than the department anticipated in establishing its 1988–89 funding request, the department shall reallocate funds to (1) reduce waiting lists and (2) expand hours at the test sites or ensure access to testing.	
(f)	The department shall work with counties to ensure that the anonymous test sites are accessible and are serving high risk persons. In conducting the review of the 1989–90 Budget, the Legislative Analyst's office shall comment on the extent to which the test sites are meeting these goals.	

Item		Amount
	(g) In conducting the review of the 1989–90 Budget, the Legislative Analyst shall evaluate the adequacy of reimbursement levels for the Alternate Test Site Program.	
	(h) The Office of AIDS, in allocating and processing contracts and grants, shall comply with the same requirements as are established for contracts and grants for other public health programs. Specifically, (1) the office shall develop request-for-proposals which include the standards pursuant to which the proposals will be evaluated; (2) the office shall use an evaluation and selection committee consisting of persons with expertise in reviewing proposals; (3) it may negotiate the terms and conditions of the contracts and grants; (4) it may reject any and all contracts or grants; and (5) it shall publish a timetable and develolp appropriate outreach efforts to assure that the request for a proposal reaches appropriate recipients of funds. The contracts or grants administered by the Office of AIDS shall be exempt from the Public Contract Code and shall be exempt from approval by the Department of Finance and the State Department of General Services prior to their execution.	
	(i) The department shall allocate $500,000 to establish one or more resource centers for its AIDS prevention and education contractors to provide technical assistance on training of health professionals and on management and programmatic issues.	
	(j) The department shall allocate $2,000,000 in additional contracts for education in publicly-funded clinics. In allocating these funds, the department shall give priority to the clinics serving high-risk populations.	
	(k) The department shall allocate $750,000 to evaluate the various prevention activities funded by the Office of AIDS to assess their effectiveness in reducing the spread of HIV infection.	
	(*l*) By March 15, 1989, the department shall allocate a proportionate share of the $227,000 of General Fund moneys budgeted for con-

tractor's costs associated with administration of the AIDS Home and Community Based Waiver for home and community-based services for AIDS patients, if implementation of the waiver is delayed beyond January 1, 1989.

(m) During hearings on the 1989–90 fiscal year budget, the department shall present an analysis of the advantages and disadvantages of incorporating the treatment program for HIV infected children into the California Children's Services Program.

(n) By January 1, 1989, the department shall project the costs of treating HIV infected children. To the extent that costs are less than the $1,100,000 budgeted for that purpose, the department shall reallocate the funds for noninstitutionalized treatment services for persons with AIDS or ARC.

(o) Because outpatient treatment programs are beginning to be available for people with HIV infection and establishing these treatment programs will sustain the health and productivity of people so infected as well as giving public health authorities the opportunity to routinely provide information on how to avoid transmission of the virus, the department shall establish health screening programs for asymptomatic HIV infected people.

Specifically:

1. The department shall allocate $4,000,000 to expand followup health screening programs for persons infected with the human immunodeficiency virus (HIV) in six counties. Of this amount, the department may spend up to 3 percent for its own administrative costs and 3 percent to provide or arrange for technical assistance, professional consultation, and staff training. The director shall designate the six counties. Followup programs funded shall include the same elements as those programs funded by the department in the 1987–88 fiscal year. Further, the department shall require funded programs to adopt the same confidentiality protec-

tions as those used by the existing contractors.

The department shall establish a reimbursement process for counties within 60 days after the effective date of this act for services funded through the followup program.

2. If a county fails to apply to the state to implement health screening services, the director may authorize a community-based organization, or a consortium of community-based organizations to provide these services.

(p) The department shall allocate $100,000 for a demonstration project to assess the feasibility of serving persons with AIDS in an adult day health care setting. The department shall report its findings to the Legislature 12 months after the project begins operation.

(q) The department shall fund two demonstration projects, one in San Francisco and one in Los Angeles, to assess the need to provide support funding to lawyers providing pro bono services to indigent persons with AIDS and HIV infection. The department shall report its findings to the Legislature 12 months after the projects begin operation. The department may enter into an interagency agreement for allocation of these funds if the director deems it appropriate.

(r) The department shall allocate $1,500,000 for increased early intervention services to intravenous drug users. The funds shall be allocated based on the estimated number of intravenous drug users in treatment.

3. Program 20-Family Health Services:

(a) Funds appropriated in this item for services to physically handicapped children shall be used in accordance with provisions of Article 2 (commencing with Section 248) of Chapter 2 of Division 1 of the Health and Safety Code, provided that any person who is eligible for and is receiving services under the program funded by this item shall not be denied services or suffer an interruption of services because of any relocation within this state.

However, in reallocating funds, the director shall first consider the need for additional funds in the categories in the order of priorities listed above. If there are insufficient savings to fully fund the categories, the director shall make proportionate reductions to each category.

which the expenditure limitations were prepared, or any additional factors relating to the fiscal integrity of such program or the state's fiscal situation.

Notwithstanding the provisions of Sections 26.00 and 28.00, the availability of funds contained in this item for welfare rules, regulations, or all-county letters which add to program costs funded from the General Fund in excess of $500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (a) specifically required as a result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Director of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

   Amounts realized from the counties as the result of a state fiscal sanction shall first be applied as an offset to the state's share of Program 10.04, Payments for Children. To the extent that this application results in a surplus to the General Fund appropriation for that program, such surplus shall revert to the General Fund.

4. The Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any rule or regulation adopted and any all-county letter issued in Program 10.04, Payments for Children, as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court decision, during the 1988–89 fiscal year which are within or in excess of amounts appropriated in this act for that year.

   If the Director of Finance determines that the estimate of expenditures will exceed the expenditures authorized for Program 10.04, Payments for Children, the director shall so report to the Legislature. At such time as the report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

3. In accordance with the provisions of Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, $601,386,000, consisting of $578,540,000 scheduled in (b)(1) of this item and $22,846,000 in county funds is the designated level of funding for the In-Home Supportive Services Program for fiscal year 1988–89.

Item Amount

4. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $22,800,000 may be made available from the General Fund from funds not otherwise appropriated upon the approval of the Director of Finance to cover the federal share of costs for the In-Home Supportive Services Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.
5. The amount appropriated in Item 5180-151-001 (b) (2), Program 20.35.240-Maternity Care, is appropriated in lieu of the amounts which would otherwise be appropriated pursuant to Sections 16148 and 16151 of the Welfare and Institutions Code.
6. Funds provided by this act to fund Child Abuse and Neglect Prevention programs authorized by this item shall be used to supplement, not supplant, services provided pursuant to Section 16501 of the Welfare and Institutions Code to create a continuum of services.
7. Funds appropriated to the Child Welfare Services Program for county-granted prior year cost-of-living adjustments shall be matched by the required county share pursuant to Section 16500 of the Welfare and Institutions Code.
8. The Department of Social Services shall submit quarterly reports to the fiscal and policy committees of the Legislature, the Joint Legislative Budget Committee, and the Joint Oversight Committee on the Greater Avenues for Independence Act (GAIN) specifying: (1) the total cost of county GAIN plans approved to date; and (2) the average new per-participant costs of approved plans.

   If the cost exceeds the amount assumed in this act, the report shall specify how the department will revise its GAIN spending plan in order to accommodate the higher than anticipated county costs. The department shall also discuss all of the following: (1) whether funding allotted for approved county plans shall be reduced: (2) whether the reduction in available funding will

Item Amount

jeopardize the department's commitments to provide additional support to counties that have been promised this support if actual program experience warrants; and (3) whether the higher costs of approved plans will jeopardize the starting date for counties that are anticipated for approval during the fiscal year. If the potential shortfall necessitates reductions in approved county budgets or available funding for counties yet to be approved, the department shall advise the committees of how it proposes to achieve the reductions.

9. Caseload-related funds appropriated for Child Welfare Services (CWS) shall be allocated to counties based upon a 100 percent weighting of the CWS caseloads by the 1988–89 fiscal year. For the 1988–89 fiscal year, the department shall develop a formula which separately allocates CWS funds for caseload and direct costs, which shall include, but not be limited to, county-operated emergency shelters and other purchase of service costs. The department shall develop the allocation formulas in consultation with the County Welfare Directors' Association (CWDA).
10. Budgets for approved county plans shall clearly identify the amount necessary to meet the child care needs of GAIN participants. An SDE provider shall not be compensated by both SDE and a county welfare department for the same service to the same person for the same time-period.

The Department of Social Services and SDE shall enter into a memorandum of understanding that specifies a maintenance-of-effort requirement by SDE programs for AFDC recipients. This memorandum of understanding shall use data collected by the Auditor General which establishes a maintenance-of-effort level for SDE programs.

12. The Director of Finance may authorize the transfer of amounts from this Item to Item 5180-001-001, Program 20 Social Services programs, in order to allow the state to perform the adoption programs function in the event the counties fail to perform such functions.

13. County expenditures related to the Independent Adoption program funded in Item 5180-151-001 (d) 20.42-Adoptions, shall not exceed 1987–88 levels. Of the increased funding in Item 5180-151-001 (d) 20.42-Adoptions, $3,815,000 shall be expended for Relinquishment Adoption Program activities.

18. Funds appropriated to Program 20.35.240—Maternity Home Care shall be allocated to contractors as follows: (1) contractors in operation for a full year during 1987–88 shall receive an amount equal to their 1987–88 actual expenditures adjusted by a cost-of-living adjustment, (2) the contractor that began operation during 1987–88 shall receive an allocation determined by the department based on anticipated full year funding, and (3) the remaining funds shall be allocated among contractors based on increased caseload.
19. 2. Community college districts which levied child development permissive override taxes pursuant to Sections 8329 and 8330 of the Education Code in the 1977–78 fiscal year and received fiscal relief through Chapter 282 of the Statutes of 1979 shall not receive reimbursement for child care services from the superintendent in excess of 75 percent of the average daily enrollment funding standards for campus child care programs. Campus child care programs operated by the University of California, California State University and Colleges, and community colleges that did not levy a permissive override tax in the 1977–78 fiscal year shall receive reimbursement from the superintendent which equals 100 percent of the average daily enrollment funding standards for campus child care programs.

Item Amount

3. The amount appropriated by this item for campus child care tax bailout shall be allocated by the Department of Education on order of the Chancellor of the California Community Colleges. The chancellor shall order the allocation of these funds to community college districts which levied child care permissive override taxes in 1977–78 pursuant to Sections 8329 and 8330 of the Education Code in an amount equal to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its child development program for the 1979–80 fiscal year pursuant to Section 30 of Chapter 1035 of the Statutes of 1979, increased by any cost-of-living increases granted in subsequent fiscal years. These funds shall be used only for the purpose of community college child development programs.

   (b) 4 to under 6½ hours: 75% of the full-time daily rate.
   (c) 6½ to under 10½ hours: 100% of the full-time daily rate.
   (d) 10½ hours and over: 150% of the full-time daily rate.
5. Further, the Department of Education shall report to the Joint Legislative Budget Committee and the Department of Finance by March 31, 1989, the amount of child development funds, by program, which have been determined after audit to be unearned. The Department of Education shall report on September 30, 1988, and on March 31, 1989, the settlement of claims payable from unearned contract funds balances by program. Further, the Department of Education shall report on September 30, 1988, and on

Item	Amount

March 31, 1989, the reencumbrance of unearned contract funds made pursuant to Education Code Section 8278 by program, specifying the purpose and need for each expenditure.

8. The California Child Care Initiative shall ensure that the $250,000 in state funds are matched on a one-to-four basis, with private corporations and local governments providing up to $1,000,000.

9. Recognizing that the availability of child care is essential to economic self-sufficiency, it is the intent of the Legislature to fund child care services as necessary to support the goal of full employment.

Effective July 1, 1986, and notwithstanding the provisions of Sections 8263 and 8468.5 of the Education Code, if a GAIN participant reaches the top of a State Department of Education (SDE) waiting list and income and eligibility criteria for SDE programs are met, he or she shall be retained at the top of the list and enrollment in an SDE-subsidized space shall be deferred until the parent becomes employed or is separated from GAIN, whichever comes first. At this time, the participant who has been deferred for an SDE space shall have priority in the order of deferral for the next available SDE-subsidized space, regardless of income level that meets SDE criteria (with the exception of priorities for abused and neglected children).

These requirements shall not apply to parents whose children are enrolled in an SDE-subsidized space prior to the parents' enrollment in GAIN.

The Department of Social Services (DSS) and the State Department of Education (SDE) shall enter into a memorandum of understanding that specifies a level of service requirement by SDE programs for AFDC recipients. The data collected by SDE on September 15, 1986, and certified by the Auditor General on February 25, 1987, shall establish the plateau by county against which all future surveys of AFDC participation will be measured. For the 1988–89 fiscal year, the sampling will be made by SDE on September 15 and March 15. To establish an ongoing process, SDE shall propose legislation that

will fix these point-in-time dates in the Education Code.

If upon comparison to the plateau, the AFDC participation falls below the certified county levels by more than 5 percent, the enrollment of GAIN participants as specified in the previous paragraph shall not be deferred. Deferrals shall resume only if AFDC participation levels are again in excess of the certified plateau.

10. The State Department of Education shall, to the extent possible, grant waivers of the school-age community child care requirements at the time contracts are issued. Notwithstanding any other provision of law, the Superintendent of Public Instruction shall ensure that waiver denials issued after the time contracts are issued shall not take effect until two months after the denial decisions are provided, in writing, to affected contractors. The two-month period may be extended at the discretion of the Superintendent of Public Instruction in order to provide contractors with a reasonable amount of time to comply with school-age community child care requirements. Nothing in this provision shall be construed to apply to school-age community child care agencies that do not apply for waivers in good faith.
11. Notwithstanding any other provision of law, the Superintendent of Public Instruction shall authorize any School Age Community Child Care program agency the choice of either a child day or a child hour as the contract unit of enrollment for the purpose of reimbursement. The agency's unit of choice shall remain in effect for the 1988–89 fiscal year and shall be the basis for determining earnings under the contract.

After analysis of School Age Community Child Care providers statewide, the Superintendent shall establish an enrollment unit or units for reimbursement that will meet the needs of participating agencies.

Item Amount

12. Notwithstanding Section 8278 of the Education Code, $78,389 of unearned child development contract funds shall be used in the 1988–89 fiscal year to fund the infant care and parent services components of the Youth and Family Center in Lawndale, a program which offers comprehensive services to pregnant and parenting teens and their families. This program shall be funded through a general child development contract with the State Department of Education. Through this contract, the program shall continue all services it provided during the 1987–88 fiscal year pursuant to its contract with the Centinela Valley Union High School District. A cost-of-living increase will be applied to the above amount commensurate with that afforded other child care and development programs.
13. Notwithstanding any other provision of law, for each School Age Community Child Care Program approved for funding, the Superintendent of Public Instruction shall ensure that no more than one-half of the enrollees reported are eligible for and receiving subsidization as specified under subdivision (b) of Section 8468.5 of the Education Code. Agencies which fail to meet the requirements of this provision and which do not have a Department of Education approved waiver under Section 8474 of the Education Code shall be deemed in noncompliance with the Education Code requirements. The failure of an agency to submit a corrective action plan within the timelines specified by the Department of Education to correct the deficiency shall result in the agency being placed on conditional status. Agencies on conditional status shall be monitored monthly by the Department of Education which will provide technical assistance to enable agencies to reach compliance.

It is the intent of the Legislature that the above-referenced procedures be imposed for fiscal years 1988–89 and 1989–90. On July 1, 1990, the full fiscal effect of the state participation limits shall be resumed.

Item Amount

14. Notwithstanding subdivision (e) of Section 8277.7 of the Education Code, the relocatable classroom located at Jacoby Creek School for the purposes of the "latch-key" program may also be used as a part-time elementary school classroom in accordance with existing agreements among officials of that school and child care council.

15.5. The funds appropriated in (b) (10.5) of this item shall be distributed to all local service delivery areas (SDAs) which meet the criteria to participate in the Child Care Employment Act (CCEA) program. The State Department of Education and the Employment Development Department shall develop criteria for the distribution of these funds, recognizing prior participation.

Up to $150,000 of the amount appropriated in (b) (10.5) of this item shall be available for the State Department of Education for the administration of this program. The State Department of Education, in conjunction with the Employment Development Department, shall provide technical assistance to local JTPA programs to encourage participation in the CCEA program.

16. Notwithstanding any other provision of law, the State Department of Education, Child Development Division, may authorize a maximum reimbursement rate not to exceed the regional GAIN rate for child care for Alternative Payment Programs in service areas that exceeds the current statutory maximum reimbursement rate. This increased rate shall be subject to the procedures established by the State Department of Education pursuant to Section 8265.1 of the Education Code.

17. Notwithstanding Section 8278 of the Education Code, up to $100,000 of unearned child development contract funds may be used in the 1988–89 fiscal year to fund the provision of additional technical assistance to school age community child care agencies. The funds may be used by the State Department of Education to provide short-term onsite technical assistance, regional workshops, and information materials for school-age community child care contract-

   (b) The Office of Local Assistance shall multiply the number of pupils determined in paragraph (a) by the allowable square footage of new construction for the grade levels of the excess pupils.
   (c) The Office of Local Assistance shall multiply the amount determined in paragraph (b) by the average cost of new construction that would be allowed for schools of that grade level in that locale.

The Chancellor or Superintendent, shall, at the time of the annual apportionment, reduce funding by the corresponding amount to any district or local education agency receiving funds affected by this provision and which fails to generate certified levels of ADA.

(b) Notwithstanding Sections 6.50, 8.50, and 28.00 of this act, the following provisions shall govern the augmentation and reduction of the amounts available for expenditure for any category or program in the schedule set forth in this item, and the transfers of funds among categories in the schedule set forth in this item.

(1) The Director of Finance may not authorize the augmentation of the total amount available for expenditure in the schedule set forth for appropriation in this item to reflect any available SLIAG funds which he or she determines have not been taken into consideration in the schedule or are in excess of the amount so taken into consideration, except as follows:

(A) The Director of Finance may allocate the balance of any remaining funds authorized for expenditure by Section 14.00 of the Budget Act of 1987 for any other category or program in the schedule set forth for appropriation in this item.

(B) The Director of Finance may authorize the expenditure of any available SLIAG funds which he or she determines have not been taken into consideration in the schedule or are in excess of the amount so taken into consideration, if the Director determines that the state's total five-year allocation exceeds $1,700,000,000 billion and that the additional expenditures can be sustained over the duration of the five-year expenditure plan within the revised estimate of SLIAG allocations. These additional expenditures may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house which consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(2) The Director of Finance may authorize the further augmentation of the amount available for expenditure for any category or program in the schedule set forth for appropriation in this item for increases in the level of service due to increased caseload, utilization, or cost per unit of service. These augmentations may be authorized pursuant to the provisions of paragraph (4). The Director of Finance may not authorize the augmentation of the amount available for expenditure from SLIAG funds for new program activities

not identified in the schedule set forth in this item.

(3) The Director of Finance may also reduce the amount available for expenditure for any category or program in the schedule set forth for appropriation in this item for reductions in the level of service due to decreased caseload, utilization, or cost per unit of service. These reductions may be authorized pursuant to the provisions of paragraph (4). The Director of Finance may not authorize the elimination of the expenditure from SLIAG funds for program activities identified in the schedule set forth in this item.

(4) The Director of Finance may authorize the augmentation or reduction of the amount available for expenditure for a category or program designated in the schedule set forth for such appropriation in this item by transfer from or transfer to any of the other designated categories within this item for the purposes stated in paragraphs (2) and (3). This authorization is limited to transfers of funds within the same major grouping of categories (i.e.,) within public health, within medical and human services, or within education). These transfers may be authorized not sooner than 10 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house which consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Transfers of SLIAG funds between categories located in different major groupings may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house which consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. Transfers from public health or medical and human services categories to education categories may not exceed $4,205,000 over the course of the fiscal year.

(d) To the maximum extent possible, public assistance and public health programs shall use existing delivery mechanisms, funding mechanisms and service providers to deliver services or benefits to eligible legalized aliens.

(e) Those funding mechanisms which currently allocate resources on the basis of the general population of the respective counties shall be interpreted to refer to the number of eligible legalized aliens in each county insofar as allocation of the IRCA apportionment is concerned. Other funding mechanisms which may use variables different than population shall similarly be interpreted

to utilize such variables only as they apply to eligible legalized aliens.

(fx) It is the intent of the Legislature that all SLIAG reimbursable costs shall be identified to ensure that California's allotment of federal SLIAG funds is maximized. Departments shall authorize service providers to claim SLIAG funds using a method of cost calculation allowable under federal SLIAG regulations which minimizes the under identification of all SLIAG reimbursable costs. The method of cost calculation which can be used may include, but shall not be limited to, the use of a statistically valid sample of a provider's caseload, or, for public health programs, the ratio of eligible legalized aliens in a service population to all members of the relevant service population.

(g) The Health and Welfare Agency and administering departments, including the Department of Education, shall take the steps necessary to subrogate to the providers of service, the financial liability for inappropriate expenditure or nonuse of federal funds. Whenever current program requirements do not specify such responsibility, the appropriate state agency shall enter into agreements with providers calling for their acceptance of financial responsibility in return for allocation of funds by the state. Funds shall not be allocated to any provider by administering departments absent acceptance of financial responsibility for audit exceptions by the provider.

(h) The general assistance program will remain the responsibility of the counties in which the newly legalized aliens reside. The State Department of Social Services shall provide necessary oversight and shall allocate funds for eligible legalized aliens through application to the IRCA population of the system which allows counties to claim general assistance funds for refugees. All allocations shall be adjusted on the basis of actual caseload experience to the extent funds are available.

(j) Records of services provided to eligible legalized aliens will be kept at the local level except for those programs that use central fiscal intermediary functions to process claims. Individual programs will require periodic reports from providers and will provide their managing state departments with summary data at quarterly intervals. The managing departments and the Health and Welfare Agency will track the provision and cost of services to eligible legalized aliens.

(k) K–12 supplemental education services shall be limited to those eligible legalized aliens who meet the requirement of the Federal Emergency Immigration Act of having had less than three years of education in the United States. The Superintendent of Public Instruction shall allocate such funds, upon application by local school districts, to those districts that are highly impacted by the number of eligible legalized alien children.

(*l*) The Department of Education shall distribute adult education

SLIAG funds to community colleges, local school districts, and community based organizations—including qualified designated entities authorized to provide educational services by the Immigration and Naturalization Service regulations—in accordance with an IRCA Adult Education Services Delivery Plan (A-ESDP). This plan shall be developed by the Department of Education in consultation with representatives of the different service provider groups. Prior to allocation of any SLIAG funds to the Department of Education, the AESDP shall be approved by the Director of Finance.

(m) The Adult Education Services Delivery Plan shall specify:

1. The process for tracking SLIAG funds to eligible legalized aliens;
2. That the maximum average reimbursement per eligible legalized alien participating in educational services, other than preliminary diagnostic screening or evaluation of proficiency levels, shall be the lesser of (1) the service hours provided multiplied by the statewide average revenue limit for K–12 adult education programs computed on an hourly basis or (2) $500 per eligible legalized alien per year. However, private providers of educational services shall not be reimbursed for amounts that exceed their actual costs of providing services;
3. An apportionment process which includes guarantees or safeguards that the $500 dollar limit shall not be exceeded;
4. The steps which shall be taken to secure specific course approval by the United States Attorney General such that the Immigration and Naturalization Service may accept satisfactory progress in California's courses of instruction as counting toward the language and civics standards which are applied at the time of the interview for permanent residency;
5. How community based organizations and qualified designated entities may receive SLIAG educational funds in an expeditious and timely manner, while guaranteeing that appropriate standards of educational quality are maintained;
6. The appropriate division of responsibility between local school districts and the community colleges;
7. The appropriate division of scheduled administrative support between the Department of Education and the chancellor's office of the community colleges;
8. Methods for encouraging the development of courses which are specifically designed to meet the language and civics proficiencies which will be required of eligible legalized aliens by the Immigration and Naturalization Service at the time of the conversion from temporary to permanent residency;

9. That a score of 215 on the Comprehensive Adult Student Assessment System (CASAS) test equates to an eligible legalized alien being able to demonstrate proficiency in English for the purposes of converting from temporary to permanent residency status. Educational services also may be provided to eligible legalized aliens scoring at or above the CASAS 215 level prior to their conversion to permanent residency. However, providers of educational services must target services first to those individuals scoring below the CASAS 215 level and then secondly to those individuals scoring at or above this level; and
10. K–12 school districts and community colleges shall not receive General Fund apportionments for services provided to eligible legalized aliens where reimbursement for such services has been provided from SLIAG funds.

(ma) Funds totaling $2,500,000 shall be allocated to the Department of Housing and Community Development for eligible housing programs, with priority given to the following: the Office of Migrant Services, the Farmworker Housing Grant Program, the Farm Labor Rehabilitation Loan Program, and the Emergency Shelter Program.

(me) The Health and Welfare Agency shall include foster care as a SLIAG allowable service in the federal fiscal year 1989 application for SLIAG funds.

(n) The Health and Welfare Agency shall oversee outreach services provided to eligible legalized aliens (ELA's) by appropriate departments through ongoing programs. The outreach efforts of the departments shall cover, to the extent SLIAG reimbursement is allowed:

(1) Information and referral services about the program services available, how to access providers of these services, how to utilize these services, and the potential consequences of using services on the ELA's conversion to permanent residency.

(2) The identification of deterrent factors and program areas in which basic needs of ELA's are not being met.

(3) Information on the requirements for change in status from temporary legal resident to permanent legal resident. The State Department of Education shall also provide information on the specific requirements and guidelines for courses of study for English language and civics instruction as established by the Immigration and Naturalization Service (INS).

In addition to funding for outreach activities conducted under the individual program allocations in the schedule contained in subdivision (a), the Health and Welfare Agency shall have the discretion to utilize up to $900,000 in funds for outreach activities, and to distribute these funds

to participating state departments based on what it determines is necessary to accomplish the objectives of the outreach program. The agency shall give priority to educational programs provided by K–12 school districts, community college districts, and community-based organizations.

(o) Each state department which receives or administers SLIAG funds shall make available, where necessary, through existing programs, technical assistance and training to service providers. Technical assistance may include information and training in proposal preparation, cost tracking and identification systems, federal rules and regulations governing accounting procedures and program accountability, and identification procedures for ELA's. These departments may implement this technical assistance through any of the following:

(1) Local or regional workshops.
(2) Identification of model programs.
(3) Onsite consultation.
(4) Statewide training/Association activities.

The departments may provide this technical assistance directly through existing programs or through contracts with individuals or organizations having expertise in program areas and the provisions of the State Legalization Impact Assistance Grant (SLIAG) program.

(p) Primary care clinics may use funds allocated in the Primary Care Clinic line item in the schedule contained in subdivision (a) for public health costs incurred for providing services to ELA's. These public health services shall include treatment for communicable diseases and provision of services to special populations. In addition to using primary care clinic funds for public health services, primary care clinics may participate in established public health program contracting processes in order to be reimbursed from other funding sources. The Department of Health Services shall coordinate its various public health contracting programs to allow eligible primary care clinics to apply for provider status in public health programs as appropriate.

(q) The Department of Education, in providing administrative oversight of SLIAG programs, shall provide contact names and telephone numbers to community-based organizations to assist them in establishing educational programs for eligible legalized aliens. One person in the IRCA unit shall be designated responsible for coordinating the provision of technical support to community-based organizations, including outreach to these community-based organizations and assisting them in locating credentialed instructors and in obtaining in-service training.

(r) (1) All entities providing English as a Second Language (ESL) classes to eligible legalized aliens (ELA's) shall employ at

least one teacher/coordinator who holds a certificate or credential recognized by the appropriate credentialing agency as an indicator of the teacher's ability to teach in a language development program. All other individuals who teach ESL classes shall:

(A) Hold a bilingual education or language development specialist certificate issued by the appropriate credentialing agency; or

(B) Be credentialed and have successfully completed college coursework or training in ESL.

(2) When no teacher meeting the above criteria is available for placement, individuals who meet any of the following criteria and agree to participate in mandatory, concurrent training in ESL of at least 2 units per semester or the equivalent, may be hired. Eligible candidates include individuals who:

(A) Are not credentialed, but have ESL college coursework or training; or

(B) Have established proven experience in ESL of not less than 6 months of successful direct ESL instruction with any age group.

Individuals who do not meet any of the above requirements shall not be hired to teach ESL classes funded by SLIAG funds.

(3) In-service training provided to ESL instructors as specified above will include: how adults learn ESL, how to structure classroom and individual learning programs, and how to select appropriate class instructional materials/texts which also are applicable to the clients' role as citizens and potential employees. The costs of staff training in ESL may be reimbursed by SLIAG grants as long as these costs are within the total of five hundred dollars ($500) limit per participant.

(s) Of the adult education funds provided in the SLIAG plan for the 1987–88 and 1988–89 fiscal years, up to $2,000,000 may be expended to provide in-service training for teachers assigned to English as a Second Language and history and government courses for individuals granted amnesty under PL 99-603. In addition, staff development shall include the training of teachers on the overall process to become permanent legal residents and eventually naturalized citizens. These funds shall be distributed to school districts, community college districts, and public and private nonprofit organizations certified to offer SLIAG educational courses, and the funding shall be made available within the constraints of the $500 per person cap. Programs may be offered by the University of California, California State University, local school districts, community colleges, or other agencies. It is the intent of the Legislature that these programs shall be established as soon as possible, in order to maximize the impact of the funds in providing thoroughly trained teachers for classes for eligible

legalized aliens to obtain permanent status.

(t) All contracts and agreements involving the State Legalization Impact Assistance Grant (SLIAG) Fund shall require both contracting parties to maintain the confidentiality of all beneficiary information relating to immigration status. The contracts shall specify that such information shall not be released to the United States Immigration and Naturalization Service or any other agency without the beneficiary's consent, unless such release is required by state or federal law.

(u) The State Department of Health Services shall, in consultation with county health departments, prepare appropriate reporting form(s) to be used by counties for claiming their SLIAG-reimbursable expenditures for public health services consistent for all public health programs. Counties shall be required to submit SLIAG expenditure reports for public health services either quarterly or semiannually, as determined by the State Department of Health Services. The reporting form(s) shall provide for simplified, yet federally allowable, methodology(ies) for counties to distinguish the amount of SLIAG expenditures to be claimed against individual program categories.

(v) Service providers' financial responsibility for audit exceptions shall be limited to failure to comply with federal law and regulations.

(w) The Health and Welfare Agency shall conduct directly, or through contractors, needs assessment to identify the major health, educational, and social services needed by the newly legalized population. The study shall focus on the areas of education, English proficiency, personal health care, job training, and public cash assistance, and shall identify services use and employment participation service barriers and gaps for this population or major subgroups therein. The Health and Welfare Agency shall submit a preliminary report on or before April 15, 1989, and shall complete this study and submit it to the Legislature on or before June 30, 1989.

(wx) The Health and Welfare Agency shall allocate $75,000 from the IRCA subvention to the Local Coordination Pilot Project to (1) develop multiprogram data collection systems, (2) coordinate outreach for public health, social services and education services, and (3) coordinate service delivery among affected service agencies and educational services. The funding is contingent upon a local match of $25,000, which may be made in the form of in-kind contributions. The project shall submit an evaluation report to the Legislature and Health and Welfare Agency on or before April 1, 1989.

(wy) As a condition of receipt of SLIAG funds, the state and each county shall, at a minimum, on a program-by-program basis, maintain the same level of fiscal commitment to the county health and Short-Doyle programs as made in the 1987–88 state

fiscal year. For these programs, counties shall maintain this effort up to 125 percent of the match they are required to provide. Overmatch above that amount, as determined by the administering state department, shall be exempt from this requirement.

(x) (1) The Health and Welfare Agency, with the assistance of the administering state departments, shall develop data collection criteria to ensure that providers can comply with federal documentation requirements and meet state and federal data reporting needs. The Health and Welfare Agency shall inform local agencies and providers serving ELA's regarding the extent to which SLIAG funds may be used to design, develop, implement, and maintain data collections systems

(2) Because of the amount of funding involved, particular emphasis shall be placed on county health services data collection. Counties, to the extent this information is not now available, shall implement, over an appropriate time period not to exceed three years, a data system consistent with the Medically Indigent Care Reporting System which shall provide, at a minimum, appropriate information regarding the following:

(A) Patient identification.
(B) Inpatient services rendered to ELA's.
(C) Outpatient prenatal and postpartum services.
(D) Outpatient emergency services.
(E) Contract services.

(3) Each MISP county which is not in the Medically Indigent Care Reporting System shall report to the Health and Welfare Agency, no later than January 1, 1989, regarding its ability to provide this data, and a reasonable time frame within which it will be able to do so, and the cost of doing so. All counties receiving SLIAG funds for Medically Indigent Services shall have an appropriate patient identification system in place no later than March 1, 1990.

(4) This patient identification system shall match federal documentation requirements and prevent duplicate claiming on behalf of individual beneficiaries.

(y) Of the $1,300,000 in administrative moneys for education appropriated in subdivision (a) (2) (D) (3), $60,000 shall be allocated to the California Postsecondary Education Commission for the collection of data regarding: (1) the number of individuals involved; (2) the language ability of these individuals; and (3) the number enrolled in classes. The California Postsecondary Education Commission shall report this information to the Legislature, together with recommendations for future educational funding, by January 1, 1989.

(yx) It is the intent of the Legislature to allow SLIAG funding for all adult educational programs permitted under federal law,

including courses for which high school credit is granted.

(z) The State Department of Education shall permit local education providers to claim federally allowable startup costs, including curriculum development, staff training, administration, and outreach to initiate new English language and citizenship skills instructional programs incurred prior to December 1, 1988. These claims shall not exceed 5 percent of the federal cap, i.e., $500 multiplied by the number of eligible legalized aliens receiving educational services, except that private nonprofit programs may expend up to 12.5% for these purposes. The State Department of Education shall document such startup costs and report to the Health and Welfare Agency and to the Legislature by March 31, 1989.

SEC. 23.80. (a) Neither the Department of Corrections nor the Department of Finance may take any actions which shall result in the cumulative encumbrance of an amount exceeding $248,363,000 of the proceeds of lease-purchase (revenue) bonds issued for construction of the state prison at Corcoran which are deposited in the Construction Fund, including any interest earnings thereon, unless not less than 30 days prior to the action or actions, the Director of Finance notifies the chairpersons of the Joint Legislative Committee on Prison Construction and Operations and the fiscal committees of the Senate and Assembly of the need to encumber additional amounts.

(b) If the Joint Legislative Committee on Prison Construction and Operations determines that the Department of Corrections should build an infirmary at Corcoran rather than a hospital/infirmary, the reporting requirement in subdivision (a) shall apply to the cumulative encumbrance of any amount exceeding $240,845,000.

(c) It is the intent of the Legislature that the unencumbered balance of bond proceeds deposited in the Construction Fund for the Corcoran prison, including all interest earnings thereon, shall be reserved, to the maximum extent possible, for the purpose of repaying principal and interest due on the lease-purchase bonds during the 1989–90 fiscal year, in order to offset General Fund payments that otherwise would be necessary.

SEC. 24.00. For the 1988–89 fiscal year, the oil and mineral revenues from federal lands which are deposited in the State School Fund shall be divided between Section A and Section B of the State School Fund, with 85 percent of these revenues to be credited to Section A of the fund exclusively for K–12 district regular apportionments and 15 percent to Section B of the fund exclusively for community college regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or Section B of the State School Fund are disbursed for regular apportionments.

SEC. 24.10. Notwithstanding the provisions of Section 1464 of the

Penal Code, added by Chapter 530, Statutes of 1980, and Sections 42050 and 42052(a) of the Vehicle Code, as amended by Chapter 530, Statutes of 1980, and Section 41304 of the Education Code, the State Controller shall transfer the unencumbered balance in the Driver Training Penalty Assessment Fund on June 30, 1989, to the General Fund.

SEC. 24.60. From the funds appropriated in Items 5460-001-814, 6110-101-814, 6440-001-814, 6600-001-814, 6610-001-814, 6860-001-814, and 6870-101-814 of this act, the Department of the Youth Authority and the local education agencies through the Superintendent of Public Instruction, the State Special Schools, Regents of the University of California, Directors of Hastings College of the Law, Trustees of the California State University system, Board of Governors of the California Maritime Academy, and community college districts through the chancellor shall report to the Governor and the Legislature no later than November 1, 1989, the amount of lottery funds which each entity received and the purposes for which the funds were expended in the 1988–89 fiscal year, including administrative costs and proposed expenditures and purposes for expenditure for the 1989–90 fiscal year. If applicable, the amount of lottery funds received on the basis of adult education ADA and the amount of lottery funds expended for adult education shall be reported.

GENERAL GOVERNMENT

SEC. 26.30. Notwithstanding any other provision of law, on December 31, 1988, the unencumbered balance in the Peace Officers' Memorial Account is transferred to the General Fund and appropriated to the Department of General Services for the purpose of providing ongoing maintenance and repair of the structure of the California Peace Officers' Memorial.

SEC. 26.60. Notwithstanding any other provision of law, 30 days prior to the Department of Food and Agriculture's entering into interim financing or long-term financing, including bond agreements, pursuant to Article 9 (commencing with Section 19590) of Chapter 4 of Division 8 of the Business and Professions Code, the department shall submit a report to the Chairperson of the Joint Legislative Budget Committee with copies to the Chairpersons of Senate Budget and Fiscal Review Subcommittee Number 2, Assembly Ways and Means Subcommittee Number 3, the Senate Select Committee on Fairs and Rural Issues, and the Subcommittee on Fairs and Expositions of the Assembly Committee on Agriculture. Additional notification is not required for financing proposals unless

refinancing will result in the expenditure of additional funds, in which case the report shall include the above-requested information relating only to the new debt.

SEC. 26.70. (a) Notwithstanding any other provisions of law, the funds which would otherwise be available at the option of the 22nd District Agricultural Association in lieu of taxes or fees pursuant to Section 19610.4 of the Business and Professions Code shall be available for distribution as follows:

(1) Forty percent (40%) to the City of Del Mar;

(2) Forty percent (40%) to the City of Solana Beach; and

(3) The remaining balance of the funds shall be held in trust by the County of San Diego for the enhancement of the San Dieguito River Valley.

(b) If the cities of Del Mar or Solana Beach elect to receive funds, they shall do so in accordance with each of the provisions of paragraph (2) of Section 19610.4 of the Business and Professions Code.

SEC. 27.00. (a) Approval by the Department of Finance to the creation of deficiencies pursuant to Section 11006 or approval to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall not be made unless the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and chairperson of the committee in each house which considers appropriations not later than 30 days prior to the effective date of the approval, except for an approval for an emergency expenditure or an approval which is due to caseload increases in Medi-Cal, Aid to Families with Dependent Children (AFDC), and Supplemental Security Income/State Supplementary Program (SSI/SSP). All notifications shall include (1) the date a deficiency request was received by the Department of Finance, (2) the reason for the proposed deficiency, and (3) the approved amount.

All notices shall state the reason for and amount of the deficiency.

As used in this section, "emergency expenditure" means an expenditure incurred in response to conditions of disaster or extreme peril which threaten the health or safety of person or property within the state.

(c) The Department of Finance shall report quarterly to the Chairperson of the Joint Legislative Budget Committee and the fiscal committee of each house on the cumulative deficiency requests approved pursuant to subdivisions (a) and (b). (d) The Department of Finance shall provide copies of all requests from agencies to spend at rates which will result in a deficiency appropriation to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house which considers appropriations. The department shall submit these copies within 10 days of receipt. The transmittal of this information to the Legislature shall not be construed by the requesting agency as approval of the deficiency request.

(e) For purposes for which the Governor previously vetoed funding, allocation of funds or authorization for deficiency expenditures shall not be made under the emergency provisions.

SEC. 28.00. (a) The Director of Finance may authorize the augmentation of the amount available for expenditure for any category or program in the schedule set forth for any appropriation in this act or any additional category or program in the amount of any funds which he or she estimates will be received by an officer, department, division, bureau, or other agency during the 1988–89 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made by the Legislature or from any other source which he or she determines has not been taken into consideration in the schedule or is in excess of the amount so taken into consideration.

(b) The Director of Finance may also reduce any category or program whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(c) The following augmentations or reductions may not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine:

(1) Augmentations or reductions which either are (a) in excess of $100,000 or (b) are in excess of 10% of the amount available for expenditure in the affected category or program.

(2) Any other augmentations which the Director of Finance determines constitute an increase in the level of services above that authorized by this act or other existing law or are for a new program not identified in this act as such.

(3) Any other reductions which the Director of Finance determines constitute a decrease in the level of service below that authorized by this act or other existing law.

(4) Any augmentation, regardless of the amount, for the purpose of funding a task force or advisory council created by executive order of the Governor.

(d) Any personnel action which is dependent on funds subject to the provisions of this section shall not be effective until after the provisions of this section have been complied with. Any authoriza-

tion made pursuant to this section too late for inclusion in the Governor's Budget for the 1989–90 fiscal year shall remain in effect for such period as the director may determine in each instance, but in no event after June 30, 1990.

(e) All authorizations reported or requested under the provisions of this section shall include all of the following:

(1) A description of the proposed expenditure and identification of the statutory authority for the expenditure.

(2) A determination whether the expenditure, if federally funded, is specifically designed to be one-time, a continuing federal obligation, or one that the state is required (or expected) to fund at some future date.

(3) A determination whether the expenditure, if federally funded, supplements or replaces existing state expenditures.

(4) A determination whether the expenditure has previously been considered at some point in the legislative process and has been denied; and, if denied, for what reasons.

(f) All increased expenditures from department indirect cost funds in excess of the amount budgeted in this act or identified in a prior Section 28 notification are subject to the reporting requirements of this section.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May revision and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the budget year just enacted.

SEC. 29.50. (a) The Director of Finance shall provide the Joint Legislative Budget Committee and the legislative fiscal committees with a specified list of personal services contracts contained in the Governor's Budget that are proposed for the budget year. The Director of Finance shall also report personal services contracts executed by departments, during the calendar year prior to the January 10th Governor's Budget, which are considered innovative and are for a new service not previously considered in the Legislature's review of the previous Governor's Budgets.

(b) The reports set forth in subdivision (a) shall be submitted to the Joint Legislative Budget Committee and the legislative fiscal committees on or before January 10th of each year and shall include:

(1) personal services contracts determined by the Department of Finance to be new or innovative; (2) the amount of the executed contract; (3) the basis for the contract pursuant to Section 19130 of the Government Code; (4) the number of personnel-years to be eliminated or avoided if a contract is implemented; and (5) identification of the various contracts by agency and department.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. On and after July 1, 1989, no moneys in any fund which, by any statute other than a Budget Act, is continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

SEC. 31.00. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

The Director of Finance, or his or her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step of $2,740 per month. He or she shall also report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

All positions administratively established pursuant to this section during the 1988–89 fiscal year shall terminate on June 30, 1989, except for those positions which have been (a) included in the 1989–90 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1989–90 Governor's Budget submission to the Legislature, may be reestablished by the Department of Finance during the 1989–90 fiscal year, provided these positions are shown in the 1990–91 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in establishment of positions deleted by the Legislature through the 1989–90 budget process.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time cov-

ered by the allotment. A copy of this document shall be submitted to the Department of Finance upon request. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to the allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. This transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any 1988–89 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action(s) unless the Department of Finance certifies to the salary and other compensation-setting authority prior to the adoption of these action(s) that funds are available to pay the increased salary or employee compensation resulting therefrom. Prior to certification, the Department of Finance shall determine whether this increase in salary range or employee compensation action will require supplemental funding in the 1989–90 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the joint committee, or his or her designee, determines.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that these expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 32.00. The officers of the various departments, boards, commissions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness at-

tempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable both personally and on his or her official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Chairperson of the Joint Legislative Budget Committee, and the chairperson of the committee in each house which considers appropriations, quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, such decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.00. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning the Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 1988–89 fiscal year and provides for capital outlay appropriations, in continuation of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be available for expenditure commencing not later than July 1, 1988. It is therefore necessary that the act go into immediate effect.

CHAPTER 314

An act to amend Section 11320.2 of, and to add Section 11320.21 to, the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 1988. Filed with Secretary of State July 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 11320.2 of the Welfare and Institutions Code is amended to read:

11320.2. (a) County welfare departments shall administer this chapter, in a manner consistent with the provisions of this chapter and regulations adopted by the department in order to implement this chapter.

(b) Each county welfare department, with the cooperation of community college districts, county offices of education, and local private industry councils established under Chapter 4 (commencing with Section 15030) of Division 8 of the Unemployment Insurance Code, shall design a package of services to be provided to participants receiving services under this article, that reflect available resources and local job market needs. A joint plan may be submitted by two or more consenting counties.

Each county plan shall include a participant and labor market needs assessment, to be revised annually, which shall specify all of the following:

(1) The full employment goal of the plan, which shall be the provision of unsubsidized employment for all county registrants subject to this article.

(2) An assessment of the county's current and projected unsubsidized employment needs.

(3) An inventory of services, including those specified in subdivision (c) of Section 11320, available to county residents.

(4) The amount and kind of services required to meet the full employment goal for all registrants.

(5) The amount and kind of services that will be used in the plan year.

(6) An assessment of what services are currently unavailable and needed, including child care services, to meet the full employment goal and a plan for developing the availability of these services within a reasonable period of time, including a proposed program budget.

(c) The county welfare department shall submit to the department a program budget proposal in conjunction with the county plan, as specified in this section. The budget proposal shall specify the costs associated with providing the range of services included in the plan in the most cost-effective manner. The budget proposal shall identify the amount of funds that the county expects

to spend for each component and shall provide supporting detail regarding the caseloads anticipated in each component and the amount that will be spent for (1) county employees, by classification, (2) administrative support and overhead, and (3) contracted services and support. Prior to final approval of the county's plan, as specified in subdivision (f), the department shall notify each county of the amount of its allocation of funds to carry out the plan and the assumptions used to develop that allocation. If the allocation is less than the amount of funds that the county proposed in the program budget, the department shall notify the county that the proposed program budget exceeds the funds available. The department shall specify how the costs proposed by the county exceed the costs used to develop the county's allocation. The county may provide any additional documentation to justify the higher funding level. If, after reviewing the additional information, the department finds that the proposed program costs are not reasonable or cost-effective, the county shall submit the necessary revisions to its plan and program budget to keep program expenditures within the amount of its allocation.

In subsequent years, the county welfare department shall submit its program budget proposal for this article at the same time as the county submits its administrative cost control plan for the Aid to Families with Dependent Children, Medi-Cal, and Food Stamp programs. If services are not available in the county, the county plan may include provisions for the purchase of services from other counties.

The plan shall be approved by the board of supervisors of each county, after a public hearing is held in accordance with existing county public hearing procedures that provide adequate notice and an opportunity for affected groups and individuals to present their views and suggestions. In approving the plan, the board shall consider the views presented by affected groups during, and as part of the record of, the public hearing.

Prior to implementation, each plan must receive approval by the department. In determining whether a plan should be approved, the department shall consider the projected long-range cost-effectiveness of the plan, in addition to the appropriateness of the services proposed to be delivered under the plan, given the local labor market, maximum utilization of existing and generic services, and administrative ease.

No plan shall be approved by the department that does not provide an adequate range of services as described in Section 11320.3. With respect to large counties, as defined by the department for cost control purposes, "an adequate range of services" means that the counties shall provide all of the services outlined in Section 11320.3.

If two or more counties submit a joint plan, and the joint plan serves a participant caseload equal to or greater than a large county, the plan shall provide for all of the services outlined in Section 11320.3. If the services listed in Section 11320.3 are not provided for

in the county plan, the county shall submit a justification as to why the services are not necessary. No plan shall be approved which requires job search and work experience of participants to the exclusion of a range of services and which does not specify the range of services, both existing and proposed to be offered participants, in accordance with this section.

No funds appropriated for purposes of this article shall be used to fund education or training services in any county plan if these services could reasonably be provided by local educational agencies from Section A or Section B of the State School Fund which are not otherwise committed. No local educational agency shall be authorized to receive funds appropriated for purposes of this article unless it has demonstrated that it has fully committed all the funds from Section A or Section B of the State School Fund available to it, as certified by the district to the Chancellor of California Community Colleges, or the Superintendent of Public Instruction. The Chancellor of the California Community Colleges and the Superintendent of Public Instruction, as appropriate, shall certify this information to the Director of Finance.

A county plan may also provide that the program provided for in this article shall apply to refugees receiving Refugee Cash Assistance or assistance under Article 1 (commencing with Section 13200) of Chapter 5.2. The county shall maintain separate accounting records of expenditures related to applicants for, and recipients of, aid under this chapter, and for the individuals to whom the program applies pursuant to this subdivision. If a county elects to apply the program provided for in this article to refugees receiving Refugee Cash Assistance or assistance under Article 1 (commencing with Section 13200) of Chapter 5.2 or to refugee recipients of aid under Part 5 (commencing with Section 17000), costs of applying the program shall be funded from the county's federal social services and targeted

(f) Each county shall submit its plan to the department within two years from the effective date of this article, as added during the 1985–86 Regular Session. The department shall approve a county plan within a reasonable period of time after submission of the county plan. Notwithstanding subdivision (f), a county may phase in the participation in its program for all qualified persons over a period of up to three years from the date upon which the program commences to operate in the county. A county may incorporate into its plan any existing employment or training program for applicants for, or recipients of, aid under this chapter which is operating in the county to the extent that the program is consistent with this article.

(g) This program shall be fully operational on a statewide basis within three years after the effective date of this article, as added during the 1985–86 Regular Session, by which time the department shall approve all county plans.

(h) The department shall evaluate the program and shall collect data on program cost, caseload movement, and program outcomes, including data on all of the following:

The department may use standard statistical sampling methods to conduct the evaluation. The department shall maintain this data for the state and for each county. The department may contract with a qualified organization for the evaluation required by this section. The department shall submit a plan for implementing this evaluation to the Joint Legislative Budget Committee. To the extent possible, the data collection system for this evaluation shall be designed to collect data in the least expensive and least time-consuming manner possible.

Utilizing the data compiled pursuant to this subdivision, the department shall, commencing one year after the effective date of this article, as added during the 1985–86 Regular Session, annually report, by January 10, to the Legislature and the Governor on the effectiveness of the program provided for in this article. The Legislative Analyst shall submit a review of this report to the Legislature by April 15 of each year.

SEC. 2. Section 11320.21 is added to the Welfare and Institutions Code, to read:

11320.21. (a) Counties shall continually monitor their program expenditures throughout the fiscal year. If a county determines that its anticipated expenditures will exceed the amount of that year's allocations as a result of an unexpected event, including caseload increases, court cases, or significant justifiable increases in component costs, the county shall immediately notify the department and submit a reduction plan, developed in accordance with subdivision (d), to the department.

(b) The department shall review and respond to a county's proposed reduction plan within 30 days of receipt of the plan. The department may provide additional funds for the existing appropriation to forestall the need for county program reductions. If the department does not respond within 30 days, the plan shall be deemed to be approved. If the department disapproves the reduction plan, the county shall continue to provide services as specified in the approved plan. The department shall submit within 30 days of the disapproval of a reduction plan, a report to the Joint Legislative Budget Committee setting forth the reason for the department's disapproval.

(c) A county's approved reduction plan shall remain in effect for no longer than the duration of the fiscal year in which the plan is approved. At the beginning of the following fiscal year, the county shall provide services pursuant to its approved program plan.

(d) (1) Each county for which reductions are necessitated by this

section shall develop a reduction plan in accordance with this subdivision. Reductions shall be proposed only to the extent necessary to bring anticipated expenditures within the amounts allocated to the county for the fiscal year. If reductions are necessary, it is the intent of the Legislature to allow persons who are already participating in components of the program established pursuant to this article to continue their participation to the extent possible.

(2) During the initial phase-in period, counties may serve applicants and recipients. However, if a county determines that it must implement reductions during its phase-in period, it shall halt its program intake in the following order:

(A) Applicants for Aid to Families with Dependent Children-Unemployed Parent Program.

(B) Applicants for Aid to Families with Dependent Chidren-Family Group Program.

(C) Volunteer registrants, excluding teenage parents specified in subparagraph (F) of subparagraph (4). For purposes of this section, "volunteer registrants" means recipients who voluntarily register under this article although exempt from registration pursuant to Section 11310.

(D) Recipients in accordance with the priorities specified in subparagraphs (A) to (G), inclusive, of paragraph (4).

No phase-in plan shall be approved which is likely to result in the subsequent removal of a disproportionate number of active participants from the program if reductions are implemented pursuant to paragraphs (3) and (4).

(3) A county that has fully implemented its program shall first exclude those individuals who are not actively participating in the program established pursuant to this chapter. The county shall exclude those individuals in the following order:

(A) Applicants for Aid to Families with Dependent Children-Unemployed Parent Program.

(B) Applicants for Aid to Families with Dependent Children-Families Group Program.

(C) Volunteer registrants, excluding teenage parents specified in subparagraph (F) of subparagraph (4).

(D) Recipients whose program status changes from exempt to mandatory.

(E) Recipients who lose their deferral status.

(4) If the reductions in paragraph (2) or (3) are insufficient to bring anticipated expenditures within the amounts allocated to the county, the county shall temporarily exclude from program participation those recipients who are participating in a program component under a basic or amended contract, in the following order:

(A) Temporary exclusion of all volunteers excluding teenage parents.

(B) Temporary exclusion of all Aid to Families with Dependent Children-Unemployed Parent recipients who have been on aid for

less than one year.

(C) Temporary exclusion of all Aid to Families with Dependent Children-Unemployed Parent recipients who have been on aid continuously for less than two years.

(D) Temporary exclusion of all Aid to Families with Dependent Children-Family Group recipients who have been on aid for less than one year.

(E) Temporary exclusion of all Aid to Families with Dependent Children-Family Group recipients who have been on aid continuously for less than two years.

(F) Temporary exclusion of volunteer teenage parent registrants.

(G) Temporary exclusion of all remaining Aid to Families with Dependent Children recipients, based on the time on aid, with recipients who have been on aid the longest being the last to be excluded.

(5) Persons identified as excluded shall be excluded from participation throughout the fiscal year without regard to changes in exclusionary status. However, these persons may be served if funds become available within the fiscal year and in accordance with paragraph (6).

(6) With the exception of applicants and volunteer registrants, all excluded persons who express a desire to participate in the program established under this chapter shall be served, except when their participation would interrupt services to individuals already participating in this program. However, the procedures contained in subdivisions (a) and (b) of Section 11320.6 shall apply when persons who would otherwise be mandatory registrants subsequently fail or refuse to participate without good cause. The procedures contained in subdivision (c) of Section 11320.6 shall apply to persons who would otherwise be voluntary registrants and who subsequently fail or refuse to participate without good cause.

SEC. 3. No reimbursement to local agencies and school districts is provided in this act pursuant to Section 6 of Article XIII B of the California Constitution for costs mandated by the state pursuant to this act because reimbursement is provided in the annual Budget Act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The people of the State of California do enact as follows:

SECTION 1. Section 12303.4 is added to the Welfare and Institutions Code, to read:

12303.4. For the period July 1, 1988, to June 30, 1990, inclusive, Sections 12303.5 and 12304 shall not be operative and the following shall apply:

(a) (1) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500), and who is not described in Section 12304, shall receive services under this article which do not exceed the maximum of 195 hours per month in the individual provider mode of service delivery.

(2) Recipients served in modes of delivery other than the individual provider mode shall be limited in the maximum number of service hours per month to 195 hours times the statewide wage rate per hour for the individual provider mode as calculated by the department and by dividing this product by the hourly cost of the mode of service to be provided.

(2) Recipients served in modes of delivery other than the individual provider mode shall be limited in the maximum number

of service hours per month to 283 hours times the statewide wage per hour for the individual provider as calculated by the department and dividing this product by the hourly cost rate of the mode of service to be provided.

This section shall remain operative only until July 1, 1990, and as of January 1, 1991, is repealed, unless a later enacted statute extends or repeals that date.

SEC. 1.5. Section 12303.5 of the Welfare and Institutions Code is amended to read:

12303.5. Except as provided in Section 12304, no one individual recipient shall receive services under this article, the total cost of which exceeds eight hundred twenty-nine dollars ($829) in any one month. The eight hundred twenty-nine dollars ($829) maximum specified under this section shall be adjusted annually to reflect cost-of-living changes occurring subsequent to January 1, 1989, so that the first such adjustment becomes effective July 1, 1990. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(a) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 1,832
Clothing (apparel and upkeep)	298
Fuel and other utilities	264
Rent, residential	2,303
Transportation	1,026
Total	$ 5,723

(b) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specifed in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(c) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California

Consumer Price Index (CCPI).

(d) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in subdivision (b) and (2) dividing the sum by 100.

(e) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in subdivision (d).

(f) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in subdivision (d) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

The overall adjustment factor determined by the preceding computational steps shall be multiplied by the maximum payment in effect during the month of June preceding the fiscal year in which the adjustments are to occur, and, notwithstanding Section 11017.1, the product rounded down to the nearest dollar. The resultant amount shall constitute the new maximum payment.

SEC. 2. Section 12304 of the Welfare and Institutions Code is amended to read:

12304. (a) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500) who is in need, as determined by the county welfare department, of at least 20 hours per week of the services specified in subdivision (e), shall be eligible to receive services under this article, the total cost of which does not exceed one thousand two hundred three dollars ($1,203) per month, plus adjustments reflecting cost-of-living changes subsequent to January 1, 1989, as determined under Section 12303.5, so that the first such adjustment becomes effective July 1, 1990. Increases in the maximum amount payable under this section shall not be construed to mean automatic increases in the amounts payable under this article.

(b) An individual who is eligible for services subject to the maximum amount specified in subdivision (a) and who is capable of handling his or her own financial and legal affairs shall be given the option of hiring and paying his or her own provider of in-home supportive services. For this purpose the individual shall be entitled to receive a monthly cash payment in advance not to exceed the maximum amount specified in subdivision (a), which is in addition to his or her grant, if any. An individual who is not capable of handling his or her own financial and legal affairs shall be entitled to receive the cash payment through his or her guardian, conservator, or protective payee.

(c) In no event shall the maximum total cost for services and advance cash payment for one individual recipient under subdivisions (a) and (b) exceed the maximum of one thousand two hundred three dollars ($1,203) per month, as adjusted pursuant to subdivision (a).

(d) The county welfare department shall inform in writing any individual who is potentially eligible for services under this section of his or her right to the services.

(e) For purposes of this section, a recipient who is eligible for services subject to the maximum amount specified in subdivision (a) is one who requires in-home supportive care of at least 20 hours per week to carry out any or all of the following:

(1) Routine bodily functions, such as bowel and bladder care and respiration assistance.

(8) Paramedical services.

(9) Any other function of daily living as determined by the director.

This determination of need shall be supported by a medical report when requested and shall be prepared at the expense of the State Department of Social Services.

SEC. 3. No reimbursement is provided in this act pursuant to Section 6 of Article XIII B of the California Constitution because funding will be provided in the annual Budget Act to cover any costs that may be incurred in carrying on any program and performing any service required to be carried on or performed by this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to maintain in-home supportive services to the severely impaired at the current level of service, it is necessary that this act take effect immediately.

SEC. 2. Section 14514.5 of the Public Resources Code is amended to read:

14514.5. "Nonprofit dropoff program" means a recycling program which meets all of the following criteria:

(a) The program is organized under Section 501(c) or Section 501(d) of the Internal Revenue Code (26 U.S.C. Secs. 501(c), 501(d)), or operated by, or caused to be operated by, a city, county, or other public agency.

(b) The program is certified by the department pursuant to Section 14541.5.

(c) The program accepts empty beverage containers from consumers with the intent to recycle them, but may pay the redemption value or redemption bonus or both the redemption value and redemption bonus. Except as provided in subdivision (c) of Section 14572, if the program pays the redemption value or

redemption bonus, or both the redemption value and redemption bonus, the program shall pay the redemption value or redemption bonus, or both the redemption value and redemption bonus, for all types of redeemable beverage containers, regardless of the beverage container's material.

SEC. 3. Section 14572 of the Public Resources Code is amended to read:

14572. (a) Except as provided in subdivisions (b) and (c), a certified recycling center shall accept from any consumer or dropoff or collection program any empty beverage container, and shall pay to the consumer or dropoff or collection program the redemption value and any applicable redemption bonus of the beverage container. The center may pay the redemption value and any applicable redemption bonus based on the weight of returned containers.

(b) A recycling center or recycling location may refuse to pay any redemption bonus for a beverage container to a consumer under either of the following circumstances:

(1) If the beverage container is returned to any mechanical device which accepts empty beverage containers and issues a cash refund or redeemable credit slip of not less than the redemption value of the container. The exemption provided by this paragraph shall apply only to beverage containers returned on or before April 1, 1989.

(2) If the recycling center or location was established or caused to be established solely pursuant to Section 14571.3, 14571.4, 14571.5, or 14571.7 and the department authorizes retention of the redemption bonus pursuant to Section 14571.3, 14571.4, 14571.5, or 14571.7.

(c) Any recycling center, nonprofit dropoff program, or processor which was in existence on January 1, 1986, and which refused, as of January 1, 1986, to accept at a particular location a certain type of empty beverage container may continue to refuse to accept at the location the type or types of empty beverage containers that the recycling center, nonprofit dropoff program, or processor refused to accept as of January 1, 1986. Any recycling center which refuses, pursuant to this subdivision, to accept a certain type or types of empty beverage containers shall pay to the consumer the full redemption bonus for containers accepted and is not eligible to receive convenience incentive payments unless the center agrees to accept all types of empty beverage containers. This subdivision does not preclude the recycling center from retaining the redemption bonus or receiving a convenience incentive payment for beverage containers redeemed at locations which do accept all types of containers.

(d) The department shall terminate the authorization for retention of the redemption bonus pursuant to Section 14571.5 or 14571.7 if another recycling location is willing to redeem containers to satisfy the requirements of Section 14571 within the convenience zone without retaining the redemption bonus.

SEC. 4. Section 14575 of the Public Resources Code is amended to read:

14575. (a) If any type of empty beverage container with a redemption value established pursuant to Section 14560 has a scrap value less than the sum of paragraphs (1) and (2), the department shall establish a processing fee for the container, by the type of the material of the container, at least equal to the difference between the scrap value offered by a statistically significant sample of container manufacturers, beverage manufacturers, or willing purchasers, for each container sold by the beverage manufacturer, and the sum of both of the following:

(1) The actual cost of receiving, handling, processing, storing, transporting, and maintaining equipment for each container sold for recycling or, only if the container is not recyclable, for disposal, calculated pursuant to subdivision (b).

(2) A reasonable financial return for recycling centers and processors, calculated pursuant to subdivision (b).

(b) The department shall calculate a statewide average value for the amounts specified in paragraphs (1) and (2) of subdivision (a) for each type of material of the container sold and the processing fee specified in subdivision (a) on or before October 1, 1990, or whenever the statewide average scrap value changes by more than 15 percent, or more frequently if necessary, based on audited surveys of the costs specified in subdivision (a) at existing certified recycling centers, reverse vending machines, and processors, with standardized modifications for transportation distances and factors specific to a particular region, as determined by the department, and only if the container is not recyclable, local disposal fees. The processing fee shall be calculated in a manner which furthers the purposes of this division and the fee shall be sufficient to establish sufficient recycling locations and processors to achieve the goals established pursuant to subdivision (c) of Section 14501 and Section 14571. Sixty days prior to the calculation of the processing fee, the department shall submit a report to the Chairman of the Assembly Natural Resources Committee and the Chairman of the Senate Natural Resources and Wildlife Committee. The report shall include a summary of the fluctuations of costs and scrap values necessitating the recalculation. The report shall also highlight changes in markets, new technologies, and other business and economic factors.

(c) (1) Except as provided in paragraph (2), every beverage manufacturer shall pay to the department the applicable processing fee for each container sold or transferred to a distributor or dealer within 40 days of the sale in the form and in the manner which the department may prescribe.

(2) Notwithstanding Section 14506, with respect to the payment of processing fees for beer and other malt beverages, the beverage manufacturer shall be deemed to be the person or entity named on the certificate of compliance issued pursuant to Section 23671 of the Business and Professions Code. If the department is unable to collect

the processing fee from the person or entity named on the certificate of compliance, the department shall give written notice by certified mail to that person or entity. The notice shall state that the processing fee shall be remitted in full within 30 days of issuance of the notice or the person or entity shall not be permitted to offer that beverage brand for sale within the state. If the person or entity fails to remit the processing fee within 30 days of issuance of the notice, the department shall notify the Department of Alcoholic Beverage Control that the certificate holder has failed to comply, and the Department of Alcoholic Beverage Control shall prohibit the offering or sale of that beverage brand within the state.

The department shall enter into a contract with the Department of Alcoholic Beverage Control, pursuant to Section 14536.5, concerning the implementation of this paragraph, which shall include a provision reimbursing the Department of Alcoholic Beverage Control for its costs incurred in implementing this paragraph.

(3) The department shall pay the processing fees collected on redeemed containers to processors, in the same manner as it pays redemption values pursuant to Sections 14573 and 14573.5. The department shall pay the processing fees collected on unredeemed containers into the Redemption Bonus Account created pursuant to Section 14580. The department shall not use processing fees collected on unredeemed beverage containers to pay all or a portion of the processing costs determined pursuant to subdivision (a). The processor shall pay the recycling center that portion of the processing fee representing the actual cost and financial return incurred by the recycling center, as specified in subdivision (a).

(d) When assessing processing fees pursuant to subdivision (b), the department shall assess the processing fee on each container sold, by the type of material of the container, assuming that every container sold will be redeemed for recycling, whether or not the container is actually recycled. When calculating and assessing processing fees the department also shall not assume that redemption bonuses will be kept by recycling centers or locations.

(e) If there are no recycling locations within a convenience zone meeting the requirements of Section 14571, the department shall examine the level of the scrap values and determine whether the department is in compliance with this section. If the department is not in compliance with this section, the department shall recalculate the processing fee pursuant to this section.

(f) The container manufacturer, or a designated agent, shall pay to, or credit, the account of the beverage manufacturer in an amount equal to the processing fee. The payment or credit shall be made no later than the date upon which the container manufacturer, or a designated agent, submits the invoice to the beverage manufacturer.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district

will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify various provisions of the California Beverage Container Recycling and Litter Reduction Act, and thereby better protect the public health and safety and the environment by encouraging recycling and litter control, it is necessary that this act take effect immediately.

He or she may so elect at any time, and has the option of making contributions to this system in the amount

which he or she would have contributed had he or she not been so excluded, plus an amount equal to the interest, to the date or dates of his or her payment, which would have been credited to those contributions had he or she not been so excluded. These contributions and interest shall be paid to this system at times, in amounts, and in a manner fixed by the board. If he or she affirmatively exercises the option:

(a) He or she shall receive credit for previous state service in the same manner as if he or she had not been excluded, and

(b) His or her rate of contribution shall be based on the contribution rate in effect at the time he or she first was excluded.

SEC. 4. Section 20361 of the Government Code is amended to read:

20361. An elective officer is excluded from membership in this system unless the officer files with the board an election in writing to become a member. The officer may so elect at any time, and has the option of making contributions to this system in the amount which the officer would have contributed had the officer not been so excluded, plus an amount equal to the interest, to the date or dates of his or her payment, which would have been credited to those contributions had he or she not been so excluded. The contributions and interest shall be paid to this system at times, in amounts, and in a manner fixed by the board. If the officer affirmatively exercises the option:

(a) He or she shall receive credit for previous state service in the same manner as if he or she had not been excluded, and

(b) His or her rate of contributions shall be based on the nearest age at the time he or she first was excluded.

As used in this part, "elective officer" includes any officer of the Senate or Assembly who is elected by vote of the members of either or both of the houses of the Legislature, and any appointive officer of a city or county occupying a fixed term of office, and any person holding the office of city attorney, as well as officers of the state or contracting agencies elected by the people.

The amendments to this section at the 1971 Regular Session shall not apply to a member who on the effective date of those amendments is the incumbent of the office of city attorney in two or more contracting agencies, while he or she continues in all of those offices.

SEC. 5. Section 20500 of the Government Code is amended to read:

20500. Notwithstanding any other provision of this part, a contracting agency and its employees may agree, in writing, to share the costs of any optional benefit which is inapplicable to a contracting agency unless and until the agency elects to be subject to the benefit. The agreement shall specify the exact percentage of member compensation that shall be paid toward the current service cost of the benefits by members. The member contributions shall be normal contributions over and above normal contributions

otherwise required by this part and shall be treated as normal contributions for all purposes of this part. The contributions shall be uniform with respect to all members within each of the following classifications: local miscellaneous members, local policemen, local firefighters, county peace officers, and all local safety members other than local policemen, local firefighters, and county peace officers. Contributions provided by this section shall not be withheld from member compensation or otherwise collected until the contract amendment becomes effective.

For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which, in the aggregate, are reasonable and which, in combination, offer the actuary's best estimate of anticipated experience under the system.

The additional employer contributions required under this section shall be computed as a level percentage of member compensation. The additional contribution rate required at the time this section is added to a contract shall not be less than the sum of (1) the actuarial normal cost. plus (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from the date this section becomes effective in the public agency's contract.

Nothing in this section shall preclude a contracting agency and its employees from independently agreeing in a memorandum of understanding to share the costs of any optional benefit or any benefit or cost, in a manner inconsistent with this section. However, any such an agreement in a memorandum of understanding which is inconsistent with this section shall not be part of the contract between this system and the contracting agency.

SEC. 6. Section 20523 of the Government Code is amended to read:

20523. (a) Shares of members in the funds of a local employer shall be credited to the respective individual accounts of the local agency members who have been included in this system, and administered as if made during membership in this system, except that the annuity provided by those contributions with accumulated interest shall be deducted first from the pension which otherwise would be payable on account of prior service and the balance of the

contributions with accumulated interest shall be deducted from the pension which otherwise would be payable on account of current service. The total of the funds transferred to this system shall be offset against the prior or current service liability, as the case may be, before determining the contribution to be paid by the contracting agency.

(b) A former member of the local retirement system who withdrew any contributions prior to the effective date of that agency's contract with this system is entitled to credit for the service upon which those contributions were made if he or she elects to deposit any of those withdrawn contributions with this system under the terms and conditions specified in Section 20654. Any amounts so deposited with this system shall be administered as provided in this section.

This subdivision applies to State Bargaining Unit 8 and becomes effective only if the board approves a waiver of employer contributions on the same premium compensation for the same period of time. If this subdivision is approved by the board, benefits shall be calculated to include overtime paid at the one-half time rate.

77202. The maintenance of the pepper industry of California is necessary to assure the consuming public of a continuous supply of this vital food and the maintenance of needed levels of income for those engaged in the industry.

77203. The production and marketing of peppers produced in this state is hereby declared to be affected with a public interest. This chapter is enacted in the exercise of the police power of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

77204. 77205. This chapter shall be liberally construed. If any provision

of this chapter or the application thereof to any person or circumstances is held to be invalid, the invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

77206. It is hereby declared as a matter of legislative determination that members of the commission are intended to represent and further the interest of a particular agricultural industry concerned and that this representation and furtherance is intended to serve the public interest. Accordingly, the legislature finds that, with respect to persons who are elected or appointed to the commission, the particular agricultural industry concerned is tantamount to, and constitutes, the public generally within the meaning of Section 87103 of the Government Code.

77255. The commission shall reimburse the director for all expenditures incurred by the director in carrying out his or her duties and responsibilities pursuant to this chapter. However, a court may, if it finds that the director acted arbitrarily or capriciously in restricting the activities or functions of the commission, relieve the commission of the responsibility for payment of the director's legal costs with regard to that action.

77256. Each member of the commission, except ex officio members, shall have an alternate member to be elected in the same manner as the member. Except as provided in Section 77264, an alternate member shall, in the absence of the member for whom he or she is an alternate, serve in place of the member and shall have and be able to exercise all the rights, privileges, and powers of the member when serving on the commission. 77257. Any vacancy on the commission occurring by the failure of any person elected to the commission as a member or alternate member to continue in his or her position due to a change in status making the person ineligible to serve, or due to death, removal, or resignation, shall be filled for the unexpired portion of the term by a majority vote of the remaining members of the commission. If the person engages in any conduct which the director determines is not in the public interest or which is in violation of this chapter, the director shall notify the commission of the conduct and request that corrective and, if appropriate, disciplinary action be taken by the commission. In the event that the commission fails or refuses to correct the situation or to take disciplinary action satisfactory to the director, the director may suspend or discharge the person.

In establishing the list, the director may require that producers, handlers, and others submit the names and mailing addresses of all producers and handlers. The director also may require that the information provided include the quantity of peppers produced by each producer and the quantity of peppers handled by each handler, or, in the alternative, may establish procedures for receiving the information at the time of the referendum vote specified in Section 77312. The request for the information shall be in writing and shall be filed within 10 days following receipt of the request.

(b) Any producer or handler whose name does not appear upon the appropriate list may have his or her name placed on the list by filing with the director a signed statement identifying himself or herself as a producer or handler. Failure to be on the list does not exempt the person from paying assessments and does not invalidate any industry votes conducted pursuant to this article.

(c) Proponents and opponents of the commission may contact producers and handlers on the lists in a form and manner prescribed by the director so long as all expenses associated with the contacts are paid in advance.

77312. This chapter, except as necessary to conduct an implementation referendum vote, shall not become operative until the director finds as follows in a referendum vote conducted by the director:

(2) A majority of the handlers who voted in the referendum voted in favor of this chapter, and the handlers so voting handled 65 percent or more of the total quantity of peppers in the preceding marketing year by all of the handlers who voted in the referendum.

77313. The director shall use fresh weight in calculating the volume voted pursuant to Section 77312. For converting dry weight and seed weight to fresh equivalent weight the director shall use the following ratios: 5.3 to 1 for dry weight and 220 to 1 for seed weight.

77314. The director shall establish a period in which to conduct the referendum which shall not be less than 10 days nor more than 60 days in duration, and may prescribe additional procedures that may be necessary to conduct the referendum. If the initial period established is less than 60 days, the director may extend the period, however, the total referendum period may not exceed 60 days.

77315. Nonreceipt of a ballot shall not invalidate a referendum.

77316. If the director finds that a favorable vote has been given as provided in Section 77312, the director shall certify and give notice of the favorable vote to all affected producers and handlers whose names and addresses are on file with the director.

77317. If the director finds that a favorable vote has not been given as provided in Section 77312, the director shall certify and declare this chapter inoperative. The director may conduct another implementation referendum vote one year or more after the previous vote has been taken.

77318. Upon certification of the commission, the director shall do the following.

(a) Contact all producers in each district by mail or call meetings of producers in each district for the purpose of nominating and electing persons to the commission. All producers on the director's list shall be given written notice of any election meetings at least 10 days prior to the meeting date. To be eligible for election to the commission, producer nominees must present to the director a

(b) Contact all handlers by mail or by calling a meeting for the purpose of nominating and electing persons to the commission. All handlers on the director's list shall be given written notice of any election meetings at least 10 days prior to the meeting date. To be eligible for election to the commission, handler nominees must present to the director a nomination petition with the signatures of at least two eligible handlers who are engaged in the same type of handler activity as the handler seeking nomination.

77319. Subsequent to the first election of members of the commission pursuant to this chapter, persons to be elected to the commission shall be selected pursuant to nomination and election procedures which are established by the commission with the concurrence of the director.

77320. (a) Prior to the referendum vote conducted by the director pursuant to Section 77312, the proponents of the commission shall deposit with the director the amount that the director deems necessary to defray the expenses of preparing the necessary lists and information and conducting the vote.

(b) Any funds not used in carrying out Section 77312 shall be returned to the proponents of the commission who deposited the funds with the director.

(c) Upon establishment of the commission, the commission is authorized to reimburse the proponents of the commission for any funds deposited with the director which were used in carrying out Section 77312 and for any legal expenses and costs incurred in establishing the commission.

Article 6. Assessments and Records

77331. (a) The commission shall establish the assessment for the following marketing year not later than May 1 of each year or as soon thereafter as is possible.

(b) The assessment for the 1988–89 marketing year shall not exceed twenty-five cents ($0.25) per ton for producers and twenty-five cents ($0.25) per ton for handlers on all peppers grown and shipped on a wet pound or ton basis by producers and handled by handlers. Thereafter, the assessment shall not exceed one dollar ($1) per ton for producers and one dollar ($1) per ton for handlers.

(c) The assessment for the 1988–89 marketing year shall not exceed $0.00065 per pound for producers and $0.00065 per pound for handlers on all peppers grown and shipped on a dry pound basis by producers and handled by handlers. Thereafter the assessment shall not exceed a maximum of $0.0026 per pound for producers and $0.0026 per pound for handlers.

(d) The assessment for the 1988–89 marketing year shall not exceed two cents ($0.02) per pound for producers and two cents

($0.02) per pound for handlers on all planting seed grown by producers and handled by handlers. Thereafter, the assessment shall not exceed a maximum of eight cents ($0.08) per pound for producers and eight cents ($0.08) per pound for handlers.

(e) The handler shall deduct the producer assessment from amounts paid by him or her to the producer and shall be a trustee of these funds and the assessment owed by the handler until they are paid to the commission at the time and in the manner prescribed by the commission.

(f) A fee greater than the amount provided for in this section may not be charged unless and until a greater fee is approved pursuant to the procedures specified in Section 77312.

77332. This chapter does not apply to persons who grow peppers only for the producer's home use or who have grown less than 10 acres of peppers in the preceding marketing year. However, any such person who is marketing peppers shall file an affidavit with the commission establishing that the person grows less than 10 acres of peppers. The commission shall then determine whether the affidavit should be approved.

77333. Every handler shall keep a complete and accurate record of all peppers handled with the name of the producer whose peppers were handled. The records shall be in simple form and contain information as the commission shall prescribe. The records shall be preserved by the handler for a period of two years and shall be offered and submitted for inspection at any reasonable time upon written demand of the commission or its duly authorized agent.

77334. (a) All proprietary information obtained by the commission or the director from producers or handlers is confidential and shall not be disclosed except when required in a judicial proceeding.

77335. Any assessment which is levied as provided for in this chapter is a personal debt of every producer and handler so assessed.

77336. Every handler shall be personally liable for the payment of collected assessments to the commission. Failure of a handler to collect the assessment shall not exempt the handler from liability and shall not relieve any person subject to this chapter from the obligation to pay the assessment.

77337. Any producer or handler who fails to file a return or pay any assessment within the time required by the commission shall pay to the commission a penalty of 10 percent of the amount of the assessment determined to be due and, in addition, pay 1½ percent interest per month on the unpaid balance.

77338. When the producer or handler is a corporation, all of the directors and officers of the corporation in their capacity as individuals shall be included, and any liability for violating this chapter, including but not limited to, failing to pay assessments or to collect assessments, shall also include identical liability upon each director or officer of the corporation.

Article 7. Actions and Penalties

Appeals from decisions of the commission may be made to the director. The determination of the director shall be subject to judicial review upon petition filed with the appropriate superior court.

77353. (a) The commission may commence civil actions and utilize all remedies provided in law or equity for the collection of assessments and civil penalties and for the obtaining for injunctive relief or specific performance regarding this chapter and the rules and regulations adopted pursuant to this chapter. A court shall issue to the commission any requested writ of attachment or injunctive relief upon a prima facie showing by verified complaint that a named defendant has violated this chapter or any other rule or regulation of the commission, including, but not limited to, the nonpayment of assessments. No bond shall be required to be posted by the commission as a condition for the issuance of any writ of attachment or injunctive relief.

(b) A writ of attachment shall be issued pursuant to Chapter 4 (commencing with Section 485.010) of Title 6.5 of Part 2 of the Code of Civil Procedure, except that the showing specified in Section 485.010 of the Code of Civil Procedure is not required. Injunctive relief shall be issued pursuant to Chapter 3 (commencing with Section 525) of Title 7 of that part, except that the showing of irreparable harm or inadequate remedy at law specified in Sections 526 and 527 is not required.

(c) Upon entry of any final judgment on behalf of the commission against any defendant, the court shall enjoin the defendant from

conducting any type of business regarding peppers until there is full compliance and satisfaction of the judgment. Upon a favorable verdict for the commission, it shall be entitled to receive reimbursement for any reasonable attorney's fees and other actual related costs. The commission may be sued only in the county of its principal office.

77354. Termination of this chapter shall not affect or waive any right, duty, obligation, or liability which has arisen or which may thereafter arise in connection with this chapter, release or extinguish any violation of this chapter, or affect or impair any right or remedies of the commission with respect to any violation.

Article 8. Continuation or Suspension and Termination

77371. Between May 1, 1992, and April 30, 1993, inclusive, the commission shall cause a referendum to be conducted among producers and handlers to determine whether the operations of this chapter shall be approved and continued in effect. A favorable vote under this chapter shall be found if the director determines from the referendum that a majority of the eligible producers and handlers voting in the referendum voted in favor of continuing the operations of this chapter. If the director finds that a favorable vote has been given, the director shall so certify and this chapter shall remain effective. If the director finds that a favorable vote has not been given, the director shall so certify and declare the operations of this chapter suspended upon expiration of the marketing season ending April 30, 1993. Thereupon, operation of the commission shall be concluded and funds distributed in the manner provided in Section 77375. No bond or security shall be required for any such referendum.

77372. Following a favorable referendum conducted prior to April 30, 1993, a referendum shall be conducted by the commission every fifth year thereafter unless a referendum is conducted as the result of a petition pursuant to this article. In that case, the referendum shall be every fifth year following the industry petitioned referendum following procedures provided for in Section 77371.

77373. (a) Upon a finding by a two-thirds vote of the full commission that the operation of this chapter has not tended to effectuate its declared purposes, the commission may recommend to the director that the operation of this chapter be suspended. However, any suspension shall not become effective until the expiration of the current marketing year.

(b) The director shall, upon receipt of the recommendation, or may, after a public hearing to review a petition filed with the director requesting a suspension signed by 20 percent of the producers by number who produced not less than 20 percent of the

volume of peppers in the immediately preceding marketing year, and 20 percent of the handlers by number who handled not less than 20 percent of the volume of peppers in the immediately preceding marketing year, hold a referendum among the producers and handlers to determine if the operations of the commission shall be suspended. However, the director shall not hold a referendum as a result of the petition unless the petitioner shows, by the weight of evidence, that the operation of this chapter has not tended to effectuate its declared purposes.

(c) The director shall establish a referendum period, which shall not be less than 10 days nor more than 60 days in duration. The director may prescribe additional procedures as may be necessary to conduct the referendum. At the close of the established referendum period, the director shall tabulate the ballots filed during the period. The director shall suspend operation of this chapter if the director finds either one of the following has occurred:

(1) At least 40 percent of the total number of producers from the list established by the director have participated in the referendum:

(A) Sixty-five percent or more of the producers who voted in the referendum voted in favor of suspension, and the producers so voting marketed a majority of the total quantity of peppers in the preceding marketing year by all of the producers who voted in the referendum.

(B) A majority of the producers who voted in the referendum voted in favor of suspension, and the producers so voting marketed 65 percent or more of the total quantity of peppers in the preceding marketing year by all of the producers who voted in the referendum.

(2) At least 40 percent of the total number of handlers from the list established by the director have participated in the referendum:

(A) Sixty-five percent or more of the handlers who voted in the referendum voted in favor or suspension, and the handlers so voting handled a majority of the total quantity of peppers in the preceding marketing year by all of the handlers who voted in the referendum.

(B) A majority of the handlers who voted in the referendum voted in favor of suspension, and the handlers so voting handled 65 percent or more of the total quantity of peppers in the preceding marketing year by all of the handlers who voted in the referendum.

77374. (a) The director shall terminate the commission at the end of the then current marketing year if the director finds that the termination of the commission is requested in writing, within a 90-day period, by at least 51 percent of the eligible producers that produce at least 51 percent of the total volume of peppers and at least 51 percent of the eligible handlers that handle at least 51 percent of the total volume of peppers.

(b) The person or persons originating the request shall file a written notice with the director in a manner that establishes the date the request is initiated. Any person may withdraw his or her name from the petition requesting the termination prior to the time the request is presented to the director.

(c) The signatures to the petition requesting the termination

need not all be appended to one sheet of paper. Each person signing the petition shall specify his or her place of business in a manner that will enable the location to be readily ascertained.

(d) The petition shall bear a copy of the notice of intention to terminate. Signatures shall be secured within the time limit specified in this section.

77375. After the effective date of suspension, the operation of the commission shall be concluded and any and all funds remaining held by the commission and not required to defray the expenses of concluding and terminating operations of the commission, shall be returned upon a pro rata basis to all persons from whom assessments were collected in the immediately preceding marketing year. However, if the commission finds that the amounts so returnable are so small as to make impractical the computation and remitting of the prorate refund to these persons, any funds remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid into an appropriate program conducted by the University of California or the California State University system, another state agency, or a federal agency which deals with the purposes of this chapter. If no such program exists, the funds shall be paid into the State Treasury as unclaimed trust funds.

77376. Upon suspension of the operation of this chapter, the commission shall mail a copy of the notice of suspension to all persons affected by the suspension whose names and addresses are on file.

1055. (a) The department may authorize any person, except a commissioner or an officer or employee of the department, to be a license agent to issue punch cards, licenses, license stamps, and license tags. It may consign punch cards, licenses, license stamps, and license tags to license agents without receiving payment therefor,

upon application of the license agent and upon the giving of a bond or assigning a certificate of deposit, payable to the department, as provided in this article. It shall not consign any punch cards, licenses, license stamps, and license tags to any license agent who fails to submit the report required by subdivision (a) of Section 1055.5 within one month and 20 days following the last day of that calendar month or who otherwise fails to fully comply with Section 1055.5.

(b) A license agent authorized under subdivision (a) shall add a handling charge to the fees, which fees are prescribed in this code or in regulations adopted pursuant to this code, for punch cards, licenses, license stamps, and license tags issued by the license agent in an amount, as follows:

(1) Fifty cents ($0.50) for each commercial fishing license or commercial passenger fishing boat license.

(2) Fifty cents ($0.50) for each sportfishing license or for each hunting license.

(3) Fifty cents ($0.50) for each deer tag application or bear tag application.

(4) Fifty cents ($0.50) for each punch card.

(5) Fifty cents ($0.50) for each license upgrade stamp.

(c) No handling charge added under subdivision (b) shall be added for any hunting license stamp, sportfishing license stamp, or special use stamp, except the license upgrade stamp as provided in paragraph (5) of subdivision (b).

(d) The handling charge added under subdivision (b) shall be incorporated into the total amount collected for issuing the punch card, license, license stamp, or license tag, but the handling charge shall not be included when determining license fees in accordance with Section 713. No license agent shall collect from the license applicant any amount which is less than the fee prescribed in this code, or in regulations adopted pursuant to this code, for any punch card, license, license stamp, or license tag issued.

(e) The handling charge required by subdivision (b) is the license agent's only compensation for services. No other additional fee or charge shall be made by the license agent for issuing punch cards, licenses, license stamps, or license tags authorized under this section.

(f) In order to facilitate the prompt remittance of fees and more accurate accounting of licenses, license stamps, and license tags provided for issuance to license agents, the department shall provide them in books containing licenses, license stamps, or license tags that do not exceed the total fees for 20 resident sportfishing licenses. This subdivision does not apply to nonresident licenses and nonresident license tags. This subdivision applies only to license years commencing on or after July 1, 1986.

(g) At any single business location, a license agent shall issue all items from a single book before commencing to issue licenses, license stamps, or license tags of the same series from another book.

(h) The department, alternatively, may provide for the issuance of punch cards, licenses, license stamps, and license tags to

authorized license agents and shall collect, in cash or cashier's check, at the time the documents are provided an amount equal to the fees for all of the punch cards, licenses, license stamps, and license tags provided. Any license agent who pays the fees for punch cards, licenses, license stamps, and license tags provided is exempt from subdivisions (a) and (e) of Section 1055.5, Section 1056, and Section 1059. Punch cards, licenses, license stamps, and license tags provided pursuant to this subdivision and remaining unissued at the end of the license year may be returned to the department, within 60 days of their expiration date, for refund or credit, or a combination thereof.

(i) All unissued and expired punch cards, licenses, license stamps, and license tags shall be returned to the department. Any license agent who does not return them within one month and 20 days following the last day of the license year shall not be provided additional punch cards, licenses, license stamps, or license tags until the unissued and expired punch cards, licenses, license stamps, and license tags have been returned to the department. In addition, any unissued and expired item that is not returned within 60 days following the last day of the license year shall be billed to the license agent. Items may be returned for credit after the 60 days; however, the license agent shall pay interest and penalties on the returned items as prescribed in subdivison (b) of Section 1059. No credit shall be allowed after six months following the last day of the license year.

34451. The charter may be proposed by a charter commission chosen by the voters of the city or city and county, at any general or special election, but no person shall be eligible as a candidate for the commission unless he or she is a registered voter of the city or city and county.

34452. (a) An election for choosing charter commissioners may

be called by a majority vote of the governing body of a city or city and county, or on presentation of a petition signed by not less than 15 percent of the registered voters of the city or city and county. The governing body shall call an election pursuant to Sections 2500 and 23302 of the Elections Code.

At an election the voters shall vote first on the question "Shall a charter commission be elected to propose a new charter?" and, secondly, for the candidates of the office of charter commissioner. If the first question receives a majority of the votes of the qualified voters voting thereon at the election, the 15 candidates for the office of charter commissioner receiving the highest number of votes shall forthwith organize as a charter commission. However, if the first question receives less than a majority of the votes of the qualified voters voting thereon at the election no charter commission shall be deemed to have been elected.

34454. Candidates for the office of charter commissioner shall be nominated either in the same manner provided for the nomination of officers of the municipal or city and county government, or by petition substantially in the same manner provided by general laws for the nomination by petition of candidates for public offices to be voted for at general elections.

34457. The proposed charter shall be submitted to the voters of the city or city and county at either a special election called for that purpose or at any established municipal election date or at any established election date pursuant to Section 2500 of the Elections Code, provided there are at least 88 days before the election.

34458. As an alternative to the procedure provided for in Sections 34450 to 34457, inclusive, the governing body of any city or city and county, on its own motion may propose or cause to be proposed, amend or cause to be amended, or repeal or cause to be repealed, a charter and may submit the proposal for the adoption, or the

amendments or repeal thereof, to the voters at either a special election called for that purpose or at any established municipal election date or at any established election date pursuant to Section 2500 of the Elections Code, provided there are at least 88 days before the election.

34459. If the voters vote in favor of the charter proposal, amendment, or repeal, it shall be deemed to be ratified, but shall not take effect until accepted and filed by the Secretary of State pursuant to Section 34460.

34460. Three copies of the complete text of a charter proposal or of any amended or repealed section ratified by the voters of a city or city and county shall be certified and authenticated by the chairperson and the clerk of the governing body and attested by the city clerk, setting forth the submission of the charter to the voters of the city, and its ratification by them. One copy shall be filed with the recorder of the county in which the city is located, and one in the archives of the city. In the case of a city and county, one copy shall be filed with the recorder thereof, and one in the archives of the city and county.

The third copy shall be submitted to the Secretary of State with the following:

(a) Certified copies of all publications and notices required of the city by this chapter or by the laws of this state in connection with the calling of an election to propose, amend, or repeal a city charter.

(b) Certified copies of any arguments for or against the charter proposal, amendment, or repeal which were mailed to voters pursuant to Section 5012 of the Elections Code.

(c) A certified abstract of the vote at the election at which the charter proposal, amendment, or repeal was approved by the voters.

34461. A charter proposal, amendment, or repeal by the voters of a city or city and county and submitted to the Secretary of State in compliance with this chapter shall be accepted and filed by the Secretary of State. The charter proposal, amendment, or repeal shall be published in the statutes in a charter chapter series under the designation "Statutes of _____ (year), Charter Chapter _____." Under the chapter number, the date of the ratification election and the date of filing with the Secretary of State shall be indicated.

After a charter proposal, amendment, or repeal is accepted and filed by the Secretary of State, the courts shall take judicial notice thereof.

34462. (a) A charter commission established for a city and county pursuant to this chapter shall complete a proposed or amended charter and submit the charter to the voters of the city and county within two years of the date of the election of the charter commissioners, and at the expiration of that period is abolished.

(a) Every person who is required to pay a landing tax for sea urchins pursuant to Sections 8041 and 8042 shall pay, in addition to the landing taxes determined in accordance with the schedule in Section 8051, an additional landing tax of one-half cent ($0.005) for each pound, or fraction thereof, of sea urchins, determined as provided in Section 8042. The money collected by the department from the additional landing tax pursuant to this section shall be deposited in the Fish and Game Preservation Fund to reimburse the fund for the appropriation made in subdivision (b). Collection of the additional landing tax pursuant to subdivision (a) shall begin on the first day of the second month following the operative date of the statute adding this section.

(b) The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the Fish and Game Preservation Fund to the department for expenditure without regard to fiscal years for the purposes of Section 9056.

(c) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 2. Section 8051.2 of the Fish and Game Code is amended to read:

8051.2. (a) After the first one hundred fifty thousand dollars ($150,000) is collected according to subdivision (a) of Section 8051.1, the landing tax collected pursuant to Section 8051.1 shall be deposited in the Fish and Game Preservation Fund and one-half of the revenue deposited shall be used solely for the Sea Urchin Resources Enhancement Program in support of the recommendations of the committee established by subdivision (b) of this section and other sea urchin resource enhancement measures as

provided in the annual Budget Act. The department shall maintain internal accountability necessary to ensure that all restrictions on the expenditure of Sea Urchin Resources Enhancement Program funds are met.

(b) A Commercial Sea Urchin Advisory Committee shall be established consisting of 10 members selected by the director. One member shall be chosen from the personnel of the department. (c) The department shall submit to the Legislature a biennial report, the first one to be submitted in January of 1990, on the status of the Sea Urchin Resource Enhancement Program, projects funded by the program, and program recommendations of the department. The report shall also include any program recommendations from the advisory committee and the department's comments regarding these recommendations.

(d) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

CHAPTER 359

An act to amend Section 13 of, and to add Section 13.1 to, the Merced County Flood Control District Act (Chapter 1311 of the Statutes of 1982), relating to the Merced County Flood Control District.

[Approved by Governor July 13, 1988. Filed with Secretary of State July 14, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 13 of the Merced County Flood Control District Act (Chapter 1311 of the Statutes of 1982) is amended to read:

Sec. 13. If the board determines to proceed with a project in a

zone or zones, after the conclusion of the public hearing, it may call an election to be held in the zone or zones on the question of proceeding with the project or proceed in the manner set forth in Section 13.1. The election shall be called by the adoption of a notice of election, which shall state the date of the election, the proposition to be voted upon, the hours the polls will be open, and shall designate the election precincts, the polling place within each precinct, and the names of the election officers consisting of one inspector, one judge, and one clerk for each precinct. Only registered voters within the zone or zones shall be entitled to vote at the election.

The notice of election shall be published or posted pursuant to the same procedure and time limits prescribed for giving notice of the public hearing pursuant to Section 12 of this act. No other notice of the election need be given nor need sample ballots or polling place cards be issued.

The election shall be conducted as one election comprising all of the zones affected, rather than separately in each zone, and precincts established may comprise territory in more than one zone. If a majority of the voters voting upon the proposition are in favor of the project, the board may proceed with the project. If a majority of the voters vote against the project, the board shall not proceed with the project unless it is later approved by the voters at a subsequent election called and conducted pursuant to this section. The subsequent elections may be called by the board without conducting additional public hearings.

The election may be consolidated with any district, city, or county election or statewide primary or general election under the provisions of the Elections Code relating to the consolidation of elections and, in case of consolidation, the notice herein provided may be modified as provided in the Elections Code.

If the board determines that bonded indebtedness should be incurred to pay for any portion of the cost of a proposed project, then the election shall be fully consolidated with the bond election, without complying with the procedures for consolidation of elections set forth in the Elections Code, and the procedures for calling and conducting the bond election shall be applicable to both elections, and both propositions shall be included on the ballot for the election. In the case of such a consolidated election, the ordinance required under Section 15 shall constitute the notice of election required under this section and shall contain the information required under this section. If a majority of the voters voting in all of the zones participating in the election, considering the zones as a single unit rather than separately, vote in favor of approving the project, but the bond election fails, the board may proceed to pay the costs of the project out of the taxes or assessments levied under this act or from other sources, excluding bonds.

In all particulars not provided in this act, the election shall be held and conducted and the returns canvassed and declared in the manner provided in the Elections Code for state or county general

elections in the County of Merced including the provisions governing absentee ballots.

SEC. 2. Section 13.1 is added to the Merced County Flood Control District Act (Chapter 1311 of the Statutes of 1982), to read:

Sec. 13.1. Upon conclusion of the public hearing, the board may proceed with the proposed project unless, prior to expiration of the time set for receiving protests, a written protest against the project signed by holders of title to real property or assessible interests therein representing more than a majority of all holders of title within the prescribed zones or zones of benefit is filed with the board and not withdrawn. In that event, the proceeding shall be terminated and the project or projects shall not be reinitiated in the same zone or zones for a period of six months.

zones, to pay the cost and expenses of carrying out any of the objects or purposes of this act of special benefit to the respective zones, including the constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works or improvements within the respective zones. It is declared that all property within a given zone is equally benefited under this act.

The taxes or assessments shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenues derived from the taxes or assessments shall be paid into the county treasury to the credit of the district, and the board of supervisors shall have the power to control and order the expenditure thereof for those purposes; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes or assessments levied under the provisions of subdivision 2 of this section shall be expended for constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements located in any other zone except as provided in Section 14; and provided further, however, that the aggregate taxes or assessments levied under this act for any one fiscal year shall not exceed thirty-two cents ($0.32) on each one hundred dollars ($100) of the assessed valuation of the taxable property in zone 1, shall not exceed forty cents ($0.40) on each one hundred dollars ($100) of the assessed valuation of the taxable property in zones 2 and 4, shall not exceed twenty-seven cents ($0.27) on each one hundred dollars ($100) of the assessed valuation of the taxable property in any special zone in addition to the aggregate taxes or assessments levied for zone 1, 2, 3 or 4 and exclusive of any tax or assessment levied to pay the cost and expenses of any project or facility for importing water into the district or to meet any bonded indebtedness of the zones or district and the interest thereon.

The amendment of this section made at the 1987–88 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law.

SEC. 2. Section 12.3 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 12.3. (a) The Legislature hereby finds and declares that a county may face substantial expense in maintaining a roll or system which reflects both current values of property for purposes of ad valorem assessments, as well as the property values for general taxation mandated by Article XIII A of the California Constitution. The Legislature further finds and declares that a fair and proper assessment for flood control purposes may be levied according to the benefits derived or to be derived by the real property within a zone, which benefit may be determined on the basis of proportionate storm water runoff from each parcel of real property in a zone.

(b) In addition to and not in derogation of or limited by existing authority to levy assessments pursuant to Section 12 and other

provisions of this act, the board of supervisors may, in any year, levy an assessment on taxable real property in the district based upon the benefit which each parcel of real property to be assessed will derive from the works and improvements to be constructed, maintained, operated, extended, or repaired. The assessments may be imposed and used to finance the maintenance and operation costs of flood control services and the cost of installation and improvement of flood control facilities. The assessments may also be used to pay for the costs of maintaining a roll or system which reflects current values of property for the purposes of ad valorem assessments. For purposes of levying any assessment, the board of supervisors may establish one or more areas of benefit, including parcels of real property which benefit similarly from those works and improvements, and may levy different assessments within those areas of benefit. The areas of benefit shall be identified and described in a resolution adopted by the board of supervisors. In the case of any assessment levied pursuant to this act, the benefit may be determined on the basis of proportionate storm water runoff from each parcel of real property. In levying assessments pursuant to this act, the board of supervisors shall be subject to the substantive requirements of Section 54711 of the Government Code and shall employ the procedures provided for in Sections 54715 and 54716 of the Government Code. Whenever a railroad, gas, water, telephone, cable television, electric utility right-of-way, electric line right-of-way, or other utility right-of-way is included within an area proposed to be assessed, the railroad, gas, water, telephone, cable television, electric line right-of-way, or other utility right-of-way, shall be subject to assessment only if, and to the extent that, it is found that it will benefit from the service. Proceedings for levying assessments pursuant to this act may be combined with proceedings for issuance of bonds prescribed in Sections 20.2 to 20.12, inclusive, and the proceedings prescribed by those sections may be modified as the board of supervisors deems necessary to accommodate the combination of proceedings.

SEC. 3. Section 17 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 17. The board of supervisors may issue and sell the bonds of the district or the zones thereof authorized as provided in this act at not less than 95 percent of par value. The proceeds of the sale of the bonds shall be placed in the Treasury of the County of Ventura to the credit of the district and the zone or special zone for which the bonds were issued, and the proper record of the transactions shall be placed upon the books of the county treasury. The proceeds shall be applied exclusively to the purposes and objects mentioned in the ordinance or resolution calling the bond election or, if pursuant to Sections 20.2 to 20.12, inclusive, no election is required, in the resolution confirming the engineer's report. Payments from district or zone funds shall be made upon demands prepared, presented, allowed, and audited in the same manner as demands upon the funds of the

County of Ventura.

SEC. 4. Section 19 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 19. The board of supervisors shall levy a tax upon all taxable property or an assessment on all taxable real property, as the case may be, each year in the zone of issuance sufficient to pay so much of the interest as is due upon the bonds for that year and that portion of the principal thereof as is to become due before the time for making the next general tax levy which will not otherwise be paid out of other funds. The tax or assessment shall be levied and collected in the zone of issuance together with and not separately from taxes for county purposes, and when collected shall be paid into the county treasury of Ventura County to the credit of the zone of issuance, and be used for the payment of the principal and interest on the bonds, and for no other purpose. The principal and interest on the bonds shall be paid by the county treasurer of Ventura County in the manner provided by law for the payment of principal and interest on bonds of the county.

SEC. 5. Section 20.7 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 20.7. If the board of supervisors finds that written protests filed at or before the time of the hearing are signed by the owners of more than 25 percent of the area of land in the zone or special zone, and protests are not withdrawn at the time of the hearing or continued hearing so as to reduce the protest in the zone or special zone below that percentage, the board of supervisors shall either abandon the proceedings or by duly adopted resolution submit the propositions of the issuance of the bonds and the levy of the assessments to the qualified electors within the zone or special zone from which the protest was received and not so reduced, and shall not proceed further with the proceedings as to a zone or special zone unless a majority of the votes cast at the election in the zone or special zone wherein it is held are in favor of the issuance of bonds and the levy of assessments. The election shall be held in conformity with the general election laws of the state.

Notwithstanding any other provision of the law, bonds shall not be issued pursuant to Sections 20.2 to 20.12, inclusive, in amounts greater than that required to finance flood control projects or improvements identified pursuant to Sections 20.2 and 20.4, unless the issuance of the bonds is first approved by a majority of the voters within the zone or special zone voting on the proposition of the issuance of the bonds.

[Approved by Governor July 13, 1988. Filed with Secretary of State July 14, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 22660 of the Streets and Highways Code is amended to read:

22660. (a) The legislative body may, by resolution, determine that the estimated cost of any of the proposed improvements described in subdivisions (a) to (d), inclusive, of Section 22525 is greater than can be conveniently raised from a single annual assessment and order that the estimated cost shall be raised by an assessment levied and collected in installments over a period not to exceed five fiscal years.

(b) The legislative body may, by resolution, determine that the estimated cost of the proposed improvements described in Section 22525 is greater than can be conveniently raised from a single annual assessment and order that the estimated cost of those improvements, other than the costs of maintenance and servicing, be raised by an assessment levied and collected in installments over a period not to exceed 30 years.

(c) The resolution adopted pursuant to subdivision (a) or (b) shall generally describe the proposed improvements, set forth the estimated cost thereof, specify the number of annual installments and the fiscal years during which they are to be collected, and fix or determine the maximum amount of each annual installment.

22662.5. (a) The legislative body of any local agency may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of the proposed improvements described in Section 22525, other than the costs of maintenance and servicing, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)). Division 10 (commencing with Section 8500) shall govern all proceedings relating to the issuance of those bonds. The pertinent provisions of that division which apply to the legislative body of a city shall also apply to the legislative body of a special district formed to provide park and recreational services. Alternatively, the legislative body may determine and declare that notes shall be issued for the same purposes for which bonds may be issued. The maximum term to maturity of any notes issued shall not exceed 10 years.

(b) The resolution shall generally describe the proposed

The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years. The amount of debt service to retire the notes shall not exceed the amount of revenue to be raised from the assessments over 10 years.

(c) Notwithstanding any other provision of this part, assessments levied to pay the principal of, and interest on, any bond or note issued pursuant to this section, shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act is needed immediately in order to allow local agencies to finance any other authorized improvements under the Landscaping and Lighting Act of 1972 before interest rates rise further.

CHAPTER 367

An act to amend Section 11005.3 of the Revenue and Taxation Code, relating to local government finance.

CHAPTER 368

An act to add Section 7079 to the Government Code, relating to enterprise zones.

[Approved by Governor July 14, 1988 Filed with Secretary of State July 14, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that, since the enactment of the California Enterprise Zone Act in 1984, enterprise zones have become a vital tool to stimulate business growth and industrial development in economically depressed areas of the state, and to increase job opportunities for the economically disadvantaged. The enterprise zone program creates a productive, free market environment by reducing taxes, excessive regulations, and other government burdens on economic opportunity within the zones. These incentives allow private sector firms and entrepreneurs to create jobs and expand economic activity. Enterprise zones encourage private sector institutions and local government to mobilize for economic development.

The Legislature further finds and declares that, although federal legislation has yet to be enacted, over 32 states have embraced the enterprise zone concept, including California. Unlike California, which only authorized 10 zones, most states find that authorizing larger numbers of zones only enhances economic development. Several states have authorized hundreds of zones each.

The Legislature further finds and declares that there are many more economically blighted areas in California that could benefit from an enterprise zone designation but are prohibited from taking advantage of the program by the current limit of 10 designations. Fifty-nine municipalities applied for the 10 designations, and many more have expressed interest in expanding the number of zones since the 10 zone finalists were designated.

It is the intent of the Legislature that, to the maximum amount feasible, all citizens and municipalities in California be afforded the opportunity to expand their economic horizons, whether through the Enterprise Zone Program or other economic development tools. Further, it is the intent of the Legislature that every effort be made to determine if the current limitation of 10 enterprise zones is

sufficient to serve the economic needs of this state.

SEC. 2. Section 7079 is added to the Government Code, to read:

7079. The department shall conduct a study on the necessity and advisability of expanding the number of enterprise zones available for designation throughout the state. The report shall include recommendations as to whether the number of existing enterprise zones should be expanded, by how many, and under what applicable time schedules. The report shall be submitted to the Governor and to the Legislature no later than June 30, 1989.

CHAPTER 369

An act relating to the California State University.

[Approved by Governor July 14, 1988. Filed with Secretary of State July 14, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) That the provision of decent and affordable housing for students of the California State University who have minor children is a public purpose of great statewide importance.

(b) That the number of California State University students with minor children continues to rise dramatically, especially in urban areas.

(c) That the California State University does not have explicit statutory authority to include the needs of its students with minor children in the use of revenue bonds for the construction of housing and related facilities.

(d) That the use of revenue bonds and other authorized financing mechanisms for the construction of dormitories, housing facilities, and other auxiliary or supplementary facilities should, to the extent feasible, address the housing needs of California State University students with minor children.

SEC. 2. (a) The Trustees of the California State University shall conduct a study on the feasibility of constructing student housing that would meet the needs of students of the university who have minor children. That study shall include an analysis of alternative forms of financing that may be available from federal, state, or other sources, including an assessment of whether those alternatives would be sufficient to produce that family student housing at affordable rates that are competitive with the housing rates for single students. In addition, pursuant to the results of that analysis, the trustees shall determine the level of state resources necessary to support housing for students with families.

(b) The results of the study shall be reported to the education

policy and fiscal committees of the Legislature no later than July 1, 1989.

CHAPTER 370

22907.2. A member who is a state employee or a retirant who retired on or after December 31, 1981, and who was at retirement a state employee may elect to receive credit, of not to exceed four years, for time served of not less than one year, prior to entering this system, in the armed forces of the United States or in the Merchant Marine of the United States prior to January 1, 1950. Service credit shall not be granted if the service described above terminated with a discharge under dishonorable conditions. The service credit to be accorded pursuant to this section for that service shall be on the basis of one year of credit for each five years of credited service, but shall not exceed a total of four years of service credit regardless of the number of years of either that service or subsequent service. A member or a retirant electing to receive a credit for that service shall have been credited with at least 10 years of service on the date of election or the date of retirement.

An election by a member with respect to service credit under this section may be made only while the member is in state or university employment, and a retirant shall have retired immediately following service as a member who was at retirement a state employee. The retirement allowance of a retirant who elects to receive service credit pursuant to this section shall be increased only with respect to the allowance payable on and after the date of election.

A member or retirant who elects to become subject to this section shall pay all reasonable administrative costs and contributions, sufficient to cover the total employer and employee cost plus interest of the military service credit, at rates to be determined by the board. The amount shall be contributed in lump sum or by installments over the period and subject to those minimum payments as may be prescribed by regulations of the board. Payments for administrative costs shall be credited to the current appropriation for support of the board and available for expenditure by the board to fund positions deemed necessary by the board to implement this section.

The board has no duty to locate or notify any retirant or to provide the name or address of any retirant, agency, or entity for the purpose of notifying those persons.

[Approved by Governor July 14, 1988. Filed with Secretary of State July 14, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that in order for the Child Nutrition Advisory Council to be truly representative of the child nutrition programs, a representative from a child care food program should be designated to serve on that council.

SEC. 2. Section 49533 of the Education Code is amended to read:

49533. A Child Nutrition Advisory Council composed of 12 members, shall be appointed by January 1, 1975, to recommend plans and guidelines for school and child care meal service and nutrition education programs. The members of the council shall be appointed by the State Board of Education and shall include one member of the State Department of Education, one school administrator, one school board member, one school food service director, one school food service supervisor or manager, one classroom teacher, one curriculum coordinator, one nutrition education specialist, one lay person, one child care food program sponsor, one senior-class high school student, and a qualified consultant specializing in nutrition, education, child care, or health and welfare.

Initial appointments shall be made so that six of the members, including the student representative, serve for one year while the remainder serve for two years. Thereafter, members shall serve for a period of two years, except the student representative, who shall serve for one year. Council members shall serve without pay but shall be reimbursed for authorized travel costs according to established State Department of Education procedures.

(b) The department may implement the screening program through the local health departments utilizing the department's protocols. Notwithstanding any other provision of law, the department may contract with a nonprofit organization to assist in administration of the program. The contract shall not be subject to competitive bidding requirements.

SEC. 2. The sum of two hundred thousand dollars ($200,000) is hereby reappropriated to the State Department of Health Services from the fund established under Chapter 112 of the Statutes of 1988 for purposes of Section 309.75 of the Health and Safety Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To ensure that children residing in migrant labor camps where lead-based paint has been identified pursuant to Section 50710.5 of the Health and Safety Code are adequately protected from lead exposure during and after emergency abatement procedures, it is necessary for this act to take immediate effect.

The application for reinstatement shall be accompanied with the payment of all renewal fees and a reinstatement fee equal to 50 percent of the renewal fee.

(d) Holders of an expired occupational license shall discontinue all activities of a licensee until a new license or temporary permit is obtained from the department, except that an applicant for renewal may continue to operate with an expired occupational license, provided all other requirements of rules, regulations, and laws governing their activities are met, until the application for renewal is approved or denied.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(iii) Ninety thousand dollars ($90,000) to each county which ships offsite 10,000 or more tons, but less than 30,000 tons, per year of hazardous waste.

(iv) One hundred twenty thousand dollars ($120,000) to each county which ships offsite 30,000 or more tons, but less than 100,000 tons, per year of hazardous waste.

(viii) Three hundred fifty thousand dollars ($350,000) to each county which ships offsite 500,000 or more tons per year of hazardous waste.

(ix) The amount remaining after the department has disbursed grants to counties in accordance with clauses (i) to (viii), inclusive, shall be disbursed to counties on a prorated basis based on the tonnage amount of hazardous waste shipped offsite by hazardous waste generators within a county during the 1985 calendar year in proportion to the tonnage amount shipped offsite by hazardous waste generators in all counties during that calendar year, as reported by the department.

(B) On January 1, 1988, the department shall disburse up to one million seven hundred fifty thousand dollars ($1,750,000), less any amount disbursed to councils of governments pursuant to subparagraph (B) of paragraph (3), to counties. A disbursement to a county under this subparagraph shall only be made if the department finds that there is a need for the funding to complete the county's hazardous waste management plan.

(C) On July 1, 1988, or as soon as possible thereafter, the department shall disburse up to one million seven hundred fifty thousand dollars ($1,750,000), less any amount disbursed to councils of government pursuant to subparagraphs (C) and (D) of paragraph (3), to counties which have submitted draft hazardous waste management plans to the department. (2) A county may provide data to the department concerning the amounts of hazardous waste generated in the county during any 12-consecutive-month period more recent than the 1985 calendar year for purposes of determining the amount of the disbursement to be made to the county pursuant to subparagraph (B) of paragraph (1). Data provided by a county, if found acceptable by the department, shall be used in lieu of data concerning the tonnage amount of hazardous waste shipped offsite by generators in the county for purposes of determining the county's prorated share of disbursed funds. A county shall submit the data to the department by November 1, 1987, for the disbursements that will be made on January 1, 1988.

(C) Except as provided in subparagraph (D), on July 1, 1988, or as soon as possible thereafter, the department shall disburse an amount equal to 35 percent of the amount allocated to each council of governments under subparagraph (A), to those councils of governments which have submitted a draft regional hazardous waste management plan to the department.

(d) The department may provide funds to counties and cities for the preparation of county hazardous waste management plans, and to councils of governments for the preparation of regional hazardous waste management plans pursuant to subdivision (b), before the completion of all activities regarding the hazardous waste management plan expected to be completed on or before January 1, 1988. An act to add Article 15 (commencing with Section 2360) to Chapter 5 of Division 2 of the Business and Professions Code, relating to osteopathic physicians and surgeons, and making an appropriation therefor.

2360. It is the intent of the Legislature that the Board of Osteopathic Examiners seek ways and means to identify and rehabilitate osteopathic physicians and surgeons whose competency may be impaired due to abuse of dangerous drugs and alcohol, so that osteopathic physicians and surgeons so afflicted may be treated and returned to the practice of medicine in a manner which will not endanger the public health and safety. It is also the intent of the Legislature that the Board of Osteopathic Examiners shall implement this legislation by establishing a diversion program as a voluntary alternative approach to traditional disciplinary actions.

2361. As used in this article:

(d) To consider whether each participant in the treatment program may safely continue or resume the practice of medicine.

(e) To prepare quarterly reports to be submitted to the board, which include, but are not limited to, information concerning the number of cases accepted, denied, or terminated with compliance or noncompliance and a cost analysis of the program.

The committee shall inform each participant in the program of the procedures followed, the rights and responsibilities of the participant, and the possible results of noncompliance with the program. Any failure to comply with the treatment program may result in termination of participation.

(b) Participation in a program under this article shall not be a defense to any disciplinary action which may be taken by the board. Further, no provision of this article shall preclude the board from commencing disciplinary action against a licensee who is terminated from a program established pursuant to this article.

2368. An administrative fee to be established by the board, may be charged for participation in the program; all costs of treatment shall be paid by the participant. These fees shall be deposited into the Contingent Fund of the Board of Osteopathic Examiners.

CHAPTER 385

An act to amend Section 3513 of, and to add Article 6.5 (commencing with Section 3534) to Chapter 7.7 of Division 2 of, the Business and Professions Code, relating to physician's assistants, and making an appropriation therefor.

[Approved by Governor July 15, 1988 Filed with Secretary of State July 15, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 3513 of the Business and Professions Code is amended to read:

3513. (a) The committee shall examine and pass upon the qualification of, and shall issue certificates of approval for programs for the education and training of, physician's assistants which meet committee standards.

(b) In establishing criteria for the approval of training programs, the committee may require those programs to utilize equivalency and proficiency testing and other mechanisms whereby full credit is given to trainees for past health care education and experience.

(c) The committee shall adopt and publish standards to insure that such programs operate in a manner which does not endanger the health and welfare of patients who receive services within the scope of the program. The committee shall review the quality of the curriculum, faculty, and the facilities of those programs.

SEC. 2. Article 6.5 (commencing with Section 3534) is added to Chapter 7.7 of Division 2 of the Business and Professions Code, to read:

Article 6.5. Diversion of Impaired Physician Assistants

3534. (a) It is the intent of the Legislature that the examining committee shall seek ways and means to identify and rehabilitate physician assistants whose competency is impaired due to abuse of dangerous drugs or alcohol so that they may be treated and returned to the practice of medicine in a manner which will not endanger the public health and safety.

3534.1. The examining committee shall establish and administer a diversion program for the rehabilitation of physician's assistants whose competency is impaired due to the abuse of drugs or alcohol. The examining committee may contract with any other state agency or a private organization to perform its duties under this article. The examining committee may establish one or more diversion evaluation committees to assist it in carrying out its duties under this

article. As used in this article, "committee" means a diversion evaluation committee.

3534.2. (a) Any committee established by the examining committee shall have at least three members. In making appointments to a committee the examining committee shall consider the appointments of persons who are either recovering of substance abuse and have been free from abuse for at least three years immediately prior to their appointment or who are knowledgeable in the treatment and recovery of substance abuse. The examining committee also shall consider the appointment of a physician and surgeon who is board certified in psychiatry.

(b) Appointments to a committee shall be by the affirmative vote of a majority of members appointed to the examining committee. Each appointment shall be at the pleasure of the examining committee for a term not to exceed four years. In its discretion, the examining committee may stagger the terms of the initial members so appointed.

(c) A majority of the members of a committee shall constitute a quorum for the transaction of business. Any action requires an affirmative vote of a majority of those members present at a meeting constituting at least a quorum. Each committee shall elect from its membership a chairperson and a vice chairperson. Notwithstanding Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code, relating to public meetings, a committee may convene in closed session to consider matters relating to any physician assistant applying for or participating in a diversion program, and a meeting which will be convened entirely in closed session need not comply with Section 11125 of the Government Code. A committee shall only convene in closed session to the extent it is necessary to protect the privacy of an applicant or participant. Each member of a committee shall receive a per diem and shall be reimbursed for expenses as provided in Section 103.

3534.3. Each committee has the following duties and responsibilities:

(c) The receipt and review of information concerning physician's assistants participating in the program.

(d) To call meetings as necessary to consider the requests of physician's assistants to participate in the diversion program, to consider reports regarding participants in the program, and to consider any other matters referred to it by the examining committee.

(e) The consideration of whether each participant in the

diversion program may with safety continue or resume the practice of medicine.

(f) To set forth in writing a treatment program for each participant in the diversion program with requirements for supervision and surveillance.

(g) To hold a general meeting at least twice a year, which shall be open and public, to evaluate the diversion program's progress, to prepare reports to be submitted to the examining committee, and to suggest proposals for changes in the diversion program.

(h) For the purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, any member of a committee shall be considered a public employee. No examining committee or committee member, contractor, or agent thereof, shall be liable for any civil damage because of acts or omissions which may occur while acting in good faith in a program established pursuant to this article.

3534.4. Criteria for acceptance into the diversion program shall include all of the following: (a) the applicant shall be licensed as a physician assistant by the examining committee and shall be a resident of California; (b) the applicant shall be found to abuse dangerous drugs or alcoholic beverages in a manner which may affect his or her ability to practice medicine safely or competently; (c) the applicant shall have voluntarily requested admission to the program or shall be accepted into the program in accordance with terms and conditions resulting from a disciplinary action; (d) the applicant shall agree to undertake any medical or psychiatric examination ordered to evaluate the applicant for participation in the program; (e) the applicant shall cooperate with the program by providing medical information, disclosure authorizations, and releases of liability as may be necessary for participation in the program; and (f) the applicant shall agree in writing to cooperate with all elements of the treatment program designed for him or her.

An applicant may be denied participation in the program if the examining committee, its delegatee, or a committee, as the case may be, determines that the applicant will not substantially benefit from participation in the program or that the applicant's participation in the program creates too great a risk to the public health, safety, or welfare.

3534.5. A participant may be terminated from the program for any of the following reasons: (a) the participant has successfully completed the treatment program; (b) the participant has failed to comply with the treatment program designated for him or her; (c) the participant fails to meet any of the criteria set forth in subdivision (d); or (d) it is determined that the participant has not substantially benefited from participation in the program or that his or her continued participation in the program creates too great a risk to the public health, safety, or welfare. Whenever an applicant is denied participation in the program or a participant is terminated from the program for any reason other than the successful completion of the program, and it is determined that the continued practice of

medicine by that individual creates too great a risk to the public health and safety, that fact shall be reported to the executive officer of the examining committee and all documents and information pertaining to and supporting that conclusion shall be provided to the executive officer. The matter may be referred for investigation and disciplinary action by the examining committee. Each physician assistant who requests participation in a diversion program shall agree to cooperate with the recovery program designed for him or her. Any failure to comply with that program may result in termination of participation in the program.

The examination committee shall inform each participant in the program of the procedures followed in the program, of the rights and responsibilities of a physician assistant in the program, and the possible results of noncompliance with the program.

3534.6. In addition to the criteria and causes set forth in Section 3534.4, the examining committee may set forth in its regulations additional criteria for admission to the program or causes for termination from the program.

3534.7. All examining committee and committee records and records of proceedings and participation of a physician assistant in a program shall be confidential and are not subject to discovery or subpoena.

3534.8. A fee may be charged for participation in the program.

3534.9. If the examining committee contracts with any other entity to carry out this section, the executive officer of the examining committee, or his or her delegatee, shall review the activities and performance of the contractor on a biennial basis. As part of this review, the examining committee shall review files of participants in the program. However, the names of participants who entered the program voluntarily shall remain confidential, except when the review reveals misdiagnosis, case mismanagement, or noncompliance by the participant.

3534.10. Participation in a diversion program shall not be a defense to any disciplinary action which may be taken by the examining committee. This section does not preclude the examining committee from commencing disciplinary action against a physician assistant who is terminated unsuccessfully from the program under this section. That disciplinary action may not include as evidence any confidential information.

CHAPTER 386

SEC. 3. Section 7402 of the Penal Code is amended to read:

The proceeds of the sale of bonds authorized by this act shall be deposited in the fund, and may be transferred upon request of the Department of Corrections and upon approval of the Director of Finance, to the New Prison Construction Fund established by Section 7102, the 1984 Prison Construction Fund established by Section 7202, or the 1986 Prison Construction Fund established by Section 7302, or any combination thereof. If the moneys are so transferred, "fund" means the New Prison Construction Fund, 1984 Prison Construction Fund, or 1986 Prison Construction Fund, or any combination thereof, as is appropriate. At least 30 days prior to requesting a transfer as authorized by this section, the Department of Corrections shall notify the chairpersons of the fiscal committees in each house of the Legislature, and the Chairperson and the Vice Chairperson of the Joint Legislative Budget Committee.

SEC. 4. Section 207.1 of the Welfare and Institutions Code is amended to read:

207.1. (a) On or after January 1, 1987, no court, judge, referee, peace officer, or employee of a detention facility shall knowingly detain any minor in a jail or lockup, except as provided in subdivision (b) or (d).

(b) On or after January 1, 1987, a minor alleged to have committed an offense described in subdivision (b) of Section 707 whose case is transferred to a court of criminal jurisdiction pursuant to Section 707.1 after a finding is made that he or she is not a fit and proper subject to be dealt with under the juvenile court law, may be detained in a jail or other secure facility for the confinement of adults, if all of the following conditions are met:

(1) The juvenile court judge makes a finding at the conclusion of the fitness hearing that the minor's further detention in the juvenile hall would endanger the safety of the public or would be detrimental to the other minors in the juvenile hall.

(2) Contact between the minor and adults in the facility is restricted in accordance with Section 208.

(3) The minor is adequately supervised.

(4) The adult facility has been approved by the Youth Authority as an appropriate place for the detention of minors so transferred.

(c) A minor found not a fit and proper subject to be dealt with under the juvenile court law shall, upon the conclusion of the fitness hearing, be entitled to release on bail or on his or her own recognizance upon the same circumstances, terms, and conditions as an adult alleged to have committed the same offense.

(d) A minor 14 years of age or older who is taken into temporary custody by a peace officer on the basis of being a person described by Section 602, and who, in the reasonable belief of the peace officer, presents a serious security risk of harm to self or others, may be securely detained in a law enforcement facility that contains a lockup

for adults if all of the following conditions are met:

(1) The minor is held in temporary custody for the purpose of investigating the case, facilitating release of the minor to a parent or guardian, or arranging transfer of the minor to an appropriate juvenile facility.

(2) The minor is detained in the law enforcement facility for a period that does not exceed six hours.

(3) The minor is informed at the time he or she is securely detained of the purpose of the secure detention, of the length of time the secure detention is expected to last, and of the maximum six-hour time the secure detention is authorized to last.

(4) Contact between the minor and adults confined in the facility is restricted in accordance with Section 208.

(5) The minor is adequately supervised.

(6) A log or other written record is maintained by the law enforcement agency showing the offense which is the basis for the secure detention of the minor in the facility, the reasons and circumstances forming the basis for the decision to place the minor in secure detention, and the length of time the minor was securely detained.

Any other minor taken into temporary custody by a peace officer on the basis that the minor is a person described by Section 602 may be taken to a law enforcement facility that contains a lockup for adults and may be held in temporary custody in the facility for the purposes of investigating the case, facilitating the release of the minor to a parent or guardian, or arranging for the transfer of the minor to an appropriate juvenile facility. However, while in the law enforcement facility, the minor may not be securely detained and shall be supervised in a manner so as to ensure that there will be no contact with adults in custody in the facility. If the minor is held in temporary, nonsecure custody within such a facility, the peace officer shall exercise one of the dispositional options authorized by Sections 626 and 626.5 without unnecessary delay and, in every case, within six hours.

As used in this subdivision, "law enforcement facility" includes a police station or a sheriff's station but does not include a jail, as defined in subdivision (h).

(e) The Youth Authority shall assist law enforcement agencies, probation departments, and courts with the implementation of this section by doing all of the following:

(1) The Youth Authority shall advise each law enforcement agency, probation department, and court affected by this section as to its existence and effect.

(2) The Youth Authority shall inquire of the official in charge of each jail or lockup that reported the confinement of a minor in calendar year 1984 or 1985 as to whether the jail or lockup may be used for the future confinement of any minor pursuant to subdivision (b), and if the Youth Authority is informed that the jail or lockup may be so used, it shall inspect the jail or lockup and determine whether

it is an appropriate place for the secure detention of minors in conformity with the requirements of law.

(3) The Youth Authority shall make available and shall, upon request, provide technical assistance to each governmental agency that reported the confinement of a minor in a jail or lockup in calendar year 1984 or 1985. The purpose of this technical assistance is to develop alternatives to the use of jails or lockups for the confinement of minors. These alternatives may include secure or nonsecure facilities located apart from an existing jail or lockup; improved transportation or access to juvenile halls or other juvenile facilities; and other programmatic alternatives recommended by the Youth Authority. The technical assistance shall take such form as the Youth Authority deems appropriate for effective compliance with this section.

(f) The Youth Authority may exempt a county that does not have a juvenile hall, or may exempt an offshore law enforcement facility, from compliance with this section for a reasonable period of time, until July 1, 1988, for the purpose of allowing the county or the facility to develop alternatives to the use of jails and lockups for the confinement of minors, if all of the following conditions are met:

(1) The county or the facility submits a written request to the Youth Authority for an extension of time to comply with this section.

(2) The Youth Authority agrees to make available, and the county or the facility agrees to accept, technical assistance to develop alternatives to the use of jails and lockups for the confinement of minors during the period of the extension.

(3) The county or the facility requesting the extension submits to the Youth Authority a written plan for full compliance with this section by September 1, 1987.

As used in this subdivision and in subdivision (g), "offshore law enforcement facility" and "facility" means a sheriff's station containing a lockup for adults that is located on an island located at least 22 miles from the California coastline.

(g) The Youth Authority may exempt a county or a facility described in subdivision (f) from compliance with this section for an additional period of time, but not beyond July 1, 1989, for the purpose of allowing the county or the facility to develop alternatives to the use of jails and lockups for the confinement of minors, if all of the following conditions are met:

(1) Prior to the expiration of the exemption granted by the Youth Authority pursuant to subdivision (f), the county or the facility submits a written application to the Youth Authority for an additional exemption of one year or less, on the basis that the county or the facility has been unable to develop sufficient alternatives to the use of jails and lockups for the confinement of minors. In its application, the county or the facility shall summarize the efforts made to date to develop those alternatives and the reasons why an additional extension of time is sought.

(2) The Youth Authority, upon examination of all the relevant

circumstances, determines and certifies that the county or the facility has made a significant effort to develop alternatives to the use of jails or lockups for the confinement of minors but has not succeeded in developing these alternatives to a sufficient extent.

(3) The Youth Authority agrees to make available and the county or the facility agrees to accept continuing technical assistance to develop sufficient alternatives to the use of jails and lockups for the confinement of minors during the additional period of exemption.

(h) (1) As used in this chapter, "jail" means any building which contains a locked facility administered by a law enforcement or governmental agency, the purpose of which is to detain adults charged with violations of criminal law pending trial or to hold convicted adult criminal offenders sentenced for less than one year.

(2) As used in this chapter, "lockup" means any locked room or secure enclosure under the control of a sheriff or other peace officer which is primarily for the temporary confinement of adults upon arrest.

(i) Nothing in this section shall be deemed to prevent a peace officer or employee of an adult detention facility or jail from escorting a minor into the detention facility or jail for the purpose of administering an evaluation, test, or chemical test pursuant to Section 23157 of the Vehicle Code if all of the following conditions are met:

(1) The minor is taken into custody by a peace officer on the basis of being a person described by Section 602 and there is no equipment for the administration of the evaluation, test, or chemical test located at a juvenile facility within a reasonable distance of the point where the minor was taken into custody.

(2) The minor is not locked in a cell or room within the adult detention facility or jail, is under the continuous, personal supervision of a peace officer or employee of the detention facility or jail, and is not permitted to come in contact or remain in contact with in-custody adults.

(3) The evaluation, test, or chemical test pursuant to Section 23157 of the Vehicle Code is performed as expeditiously as possible, so that the minor is not unnecessarily delayed within the adult detention facility or jail. Upon completion of the evaluation, test, or chemical test, the minor shall be removed from the detention facility or jail as soon as reasonably possible. No minor shall be held in custody in an adult detention facility or jail under the authority of this paragraph for a period in excess of two hours.

SEC. 5. Section 6 of Chapter 1519 of the Statutes of 1986 is amended to read:

Sec. 6. No state moneys shall be encumbered in contracts with a county, nor released to a county, for construction or renovation of a local jail facility pursuant to this act until the following conditions have been fulfilled by the county:

(a) Architectural drawings shall be approved by the board for compliance with minimum jail standards and by the State Fire

Marshal for compliance with fire safety requirements. If the board concludes that a county's proposed construction or renovation contains serious design deficiencies which, while they would not require a refusal to enter into the contract, would seriously impair the facility's functioning, it shall notify the sheriff and the board of supervisors of that county of the deficiencies and shall delay entering into a contract with the county for at least 30 days after mailing the letter. This letter shall be a public record.

(b) The county shall have filed a final notice of determination on its environmental impact report with the board.

(c) The county shall have submitted a preliminary staffing plan for the proposed facility, along with an analysis of other operating costs anticipated for the facility, to the board for review and comment. Prior to submission of the staffing plan and operating costs analysis to the board, the county board of supervisors shall have reviewed and approved the submittal in or following public hearings. The sheriff shall also have reviewed and commented on the preliminary staffing plan and the operating costs analysis. The board shall comment in writing to the sheriff and board of supervisors. This letter shall be a public record.

(d) The county shall submit a needs assessment documenting the need for and purpose of the proposed project. The needs assessment shall meet all requirements listed in applicable existing County Jail Capital Expenditure Fund regulations as they may be amended.

(e) The county shall document the existence of, or plans for, separate housing for juveniles, unless otherwise authorized by law, for persons detained or arrested because of intoxication, and for mentally ill defendants or convicted prisoners, which will prevent mixing of these categories of prisoners with other adult jail prisoners. The county shall also document county policies and procedures for screening, identifying, and classifying inebriates and mentally ill prisoners.

If the county has no existing provisions for detoxification housing for public inebriates and for housing of mentally ill prisoners and juveniles, it shall make provisions for that housing as part of its proposed project.

(f) The county shall also document that it uses alternatives to incarceration to the greatest practicable extent. The following procedure shall be implemented by the board:

(1) The board shall collect annually from all counties information on county incarceration rates (average daily jail populations as a proportion of the total county population or total arrests or both); pretrial misdemeanant ratios (the percentage which unsentenced prisoners charged only with misdemeanors constitute of the total average daily unsentenced jail population); and sentenced alternatives ratios (for example, average daily populations in work-in-lieu of jail programs and county parole as a percentage of the total average daily sentenced misdemeanant prisoner population). All counties that have received or will receive state funds for jail

construction shall supply the board the information necessary to comply with this section.

(2) The board shall supply the information required by this subdivision, as well as any other information requested by the committees.

(g) The county shall submit a formal project proposal to the board within one year of passage of this act. The project proposal shall describe the construction or renovation project to be undertaken and shall include an estimated budget for the project. The proposal shall also identify how county funding obligations, both for construction and operation of the facility, will be met. The project proposal shall be consistent with the needs and priorities identified in the needs assessment by the county.

Failure to submit a project proposal shall be deemed a declaration by the county that it does not intend to request its allocation under subdivisions (a) and (b) of Section 5, and the amounts allocated in those sections to the county shall be available for reallocation by the board. The board may waive this requirement for submission of a proposal within one year if it determines there are unavoidable delays in the county's preparation of a project proposal.

If a county determines that it is in its best interest to defer its allocation under subdivision (b) of Section 5, and it notifies the board within one year of the effective date of this section of that decision, then the county shall have second priority under subdivision (e) of Section 5.

(h) To be eligible for funding under this act, the county shall begin construction or renovation work within four years of the passage of this act. If a county fails to meet this requirement, any allocations to the county under this act shall be deemed void and any moneys allocated to the county shall revert to the board for reallocation. The board may waive this requirement if it determines that there are unavoidable delays in the initiation of construction activities.

SEC. 6. Section 4 of Chapter 43 of the Statutes of 1988 is amended to read:

Sec. 4. Section 2 of Chapter 43 of the Statutes of 1988, including amendments to Section 7402 of the Penal Code enacted by Senate Bill 406 of the 1987–88 Regular Session, shall take effect upon the adoption by the voters of the New Prison Construction Bond Act of 1988, as set forth in Section 2 of Chapter 43 of the Statutes of 1988, as amended.

SEC. 7. Section 5 of Chapter 43 of the Statutes of 1988 is amended to read:

Sec. 5. (a) Notwithstanding Section 3525 of the Elections Code, or any other provision of law, Section 2 of Chapter 43 of the Statutes of 1988, incorporating the amendments to Section 7402 of the Penal Code enacted by Senate Bill 406 of the 1987–88 Regular Session, shall be submitted to the voters at the November 8, 1988, General Election.

(b) The Secretary of State shall ensure the placement of Section 2 of Chapter 43 of the Statutes of 1988, as amended, on the November 8, 1988, statewide ballot in substantial compliance with any statutory time requirements applicable to the submission of statewide measures to the voters at a statewide election.

SEC. 8. It is the intent of the Legislature that the changes effected by this act shall serve only to define peace officers, the extent of their jurisdiction, and the nature and scope of their authority, powers, and duties, and that there shall be no change in the status of individuals for purposes of retirement, workers' compensation or similar injury or death benefits, or other employee benefits.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the provisions of this act concerning correctional facilities, take effect as soon as possible, and in order to ensure that the amendments by this act to the New Prison Construction Bond Act of 1988 appear on the November 8, 1988, statewide ballot, it is necessary that this act take effect immediately.

CHAPTER 387

An act to amend Sections 510 and 903 of, and to add Section 415 to, the Pajaro Valley Water Management Agency Act (Chapter 257 of the Statutes of 1984), relating to the Pajaro Valley Water Management Agency, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 6, 1988. Filed with Secretary of State August 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 415 is added to the Pajaro Valley Water Management Agency Act (Chapter 257 of the Statutes of 1984), to read:

Sec. 415. Notwithstanding any other provision of law, whenever any agency measure pertaining exclusively to the Pajaro Valley Water Management Agency qualifies for a place on the ballot, the county counsels of Monterey County, San Benito County, and Santa Cruz County shall jointly prepare an impartial analysis of the measure showing the effect of the measure on existing law and the operation of the measure. The analysis shall be printed preceding the arguments for and against the measure. The analysis shall not exceed 500 words in length.

SEC. 2. Section 510 of the Pajaro Valley Water Management

Agency Act (Chapter 257 of the Statutes of 1984) is amended to read:

Sec. 510. The agency may do any of the following:

(a) Enter into contracts and employ and retain personal services. The board may cause construction or other work to be performed or carried out by contracts or by the agency under its own supervision.

(b) Contract for and perform contracts with public entities for the performance of administration of the agency and perform or contract for the performance of tests, studies, and investigations as necessary and proper to carry out the objects and purposes of the agency.

(c) All contracts for the construction of any unit of work estimated to cost over ten thousand dollars ($10,000) shall be let to the lowest responsible bidder in accordance with Chapter 2 (commencing with Section 20100) of Part 3 of Division 2 of the Public Contract Code. If the cost of the project will not exceed ten thousand dollars ($10,000) the agency may have the work done by force account. The agency may purchase in the open market, without advertising for bids thereof, materials and supplies and professional services for use in any work either under contract or by force account.

(d) Create, establish, and maintain such offices and positions as the board may determine are necessary and convenient for the transaction of the business of the agency.

SEC. 3. Section 903 of the Pajaro Valley Water Management Agency Act (Chapter 257 of the Statutes of 1984) is amended to read:

Sec. 903. (a) Before fixing the charges, the board shall, after notice and hearing, find and determine the need for the charges for the purpose of paying the costs of these activities, and the amount of the charges for the purpose of paying the costs of these activities, and the amount of the charges to be imposed. The charges shall not exceed twenty dollars ($20) per acre per year for each acre of land, or twenty dollars ($20) per year for each parcel of land less than one acre. In addition, the charge may include an amount not to exceed ten dollars ($10) per dwelling unit per parcel per year. However, the agency may vary the minimum charges collected on the basis of benefit accruing to the land as a result of the actions of the agency, but shall distribute the charges on a fair and equitable basis.

(b) Notwithstanding the maximum allowable charge provided for in subdivision (a), the amount collected in the 1988–89 fiscal year by means of the charge shall not exceed three hundred thirty thousand dollars ($330,000).

(c) For the 1989–90 fiscal year and each fiscal year thereafter, the agency may increase the actual charge imposed in the prior fiscal year to reflect increases in the costs of the service for which the charge is imposed, except that the amount collected in any fiscal year shall not exceed five hundred thousand dollars ($500,000). Any increase in the charge proposed pursuant to this subdivision shall be subject to the procedural requirements of Section 904.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this

act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Pajaro Valley Water Management Agency may have increased flexibility in the administration of its affairs, including the financing of its water management services and activities, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 388

An act to amend Section 57379 of the Government Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 6, 1988. Filed with Secretary of State August 8, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 57379 of the Government Code is amended to read:

57379. If the first general municipal election following an incorporation election will occur less than one year after the incorporation election, or occurred on or after November 1, 1987, and less than one year after the incorporation election, of the five elected members of the city council, the three receiving the lowest number of votes shall hold office until the second general municipal election following the incorporation election and until their successors are elected and qualified, and the two receiving the highest number of votes shall hold office until the third general municipal election following the incorporation election and until their successors are elected and qualified.

The first general municipal election following the incorporation election shall not be held unless either a proposition is to be voted upon or offices other than city council member offices are to be filled.

In the event that, pursuant to Section 56852.5, the first election for city council members was held after the election on the incorporation proposal, the term "incorporation election" in this section shall refer to the first election for city council members.

SEC. 2. Notwithstanding Sections 3525, 3572, and 10218 of the Elections Code, or any other provision of law, the measure set forth in Assembly Constitutional Amendment 54 of the 1987–88 Regular

Session, as chaptered by the Secretary of State, shall be submitted to the people of the State of California for their ratification at the general election, to be held November 8, 1988. This measure shall be submitted to the voters in substantial accordance with provisions of the Government Code and Elections Code governing submission of statewide measures to the voters at a statewide election only if the Secretary of State determines that the publication of a supplemental ballot pamphlet is not required for Assembly Constitutional Amendment 54.

If, however, other measures, in addition to Assembly Constitutional Amendment 54, are required to be submitted to the voters at the November 8, 1988, general election so as to necessitate the publication of a supplemental ballot pamphlet, the Secretary of State shall include Assembly Constitutional Amendment 54 in that supplemental ballot pamphlet.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the provisions of this act relating to municipal elections take effect at the earliest possible time and in order to ensure that Assembly Constitutional Amendment 54 of the 1987–88 Regular Session be placed on the November 1988, general election ballot under specified circumstances, it is necessary that this act take effect immediately.

CHAPTER 389

An act to add Section 12413.2 to the Insurance Code, relating to escrow.

[Approved by Governor August 11, 1988. Filed with Secretary of State August 11, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 12413.2 is added to the Insurance Code, to read:

12413.2. Any item or draft received by a title insurance company, controlled escrow company, or underwritten title company in connection with any escrow shall be deposited in, or submitted for collection to, a financial institution as defined in Section 12413 no later than the close of the next business day following receipt.

For purposes of this section, "item" means any check, including a cashier's check, negotiable order of withdrawal, share draft, traveler's check, or money order.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 390

An act to amend Sections 20818, and 22792 of, and to add Sections 20021.1 and 20466 to, the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 11, 1988. Filed with Secretary of State August 11, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 20021.1 is added to the Government Code, to read:

20021.1. "Local firefighter" means any officer or employee of a contracting agency performing a fire training function for a contracting agency, except one whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise and whose functions do not clearly fall within the scope of active firefighting, fire prevention, fire training, or fire investigation service even though that employee is subject to occasional call, or is occasionally called upon, to perform duties within the scope of active firefighting, fire prevention, fire training, or fire investigation service, but not excepting persons employed and qualifying as firefighters or equal or higher rank, irrespective of the duties to which they are assigned.

This section shall not apply to the employees of any contracting agency nor to any contracting agency unless and until the contracting agency elects to be subject to this section by amendment to its contract with the board made pursuant to Section 20461.5 or by express provision in its contract.

SEC. 2. Section 20466 is added to the Government Code, to read:

20466. Notwithstanding any other provision of law, including, but not limited to, the Meyers-Milias-Brown Act (Chapter 10 (commencing with Section 3500) of Division 4 of Title 1), no contract or contract amendment shall be made to provide any retirement benefits for some, but not all members of the following membership classifications: local miscellaneous members, local policemen, local firemen, county peace officer, or local safety officers.

No contract or contract amendments shall provide diffferent retirement benefits for any subgroup, including, but not limited to,

bargaining units or unrepresented groups, within those membership classifications.

This section does not preclude changing membership classification from one membership classification to another membership classification or exclusion of groups of members by contract.

For purposes of this section, the term "benefit" shall not be limited to the benefits set forth in Section 20036.

SEC. 3. Section 20818 of the Government Code is amended to read:

20818. Notwithstanding any other provisions of this part, when the governing body of a contracting agency determines that because of an impending curtailment of, or change in the manner of performing service, the best interests of the agency would be served, a local member shall be eligible to receive additional service credit if the following conditions exist:

(a) The member is employed in a job classification, department, or other organizational unit designated by the governing body of the contracting agency and retires within any period designated in and subsequent to the effective date of the contract amendment provided the period is not less than 90 days nor more than 180 days.

(b) The governing body transmits to the retirement fund an amount determined by the board which is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount he would have received without such service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(c) The governing body shall certify that it is electing to exercise the provisions of this section, because of impending mandatory transfers, demotions, and layoffs that constitute at least one percent of the job classification, department or organizational unit as designated by the governing board, resulting from the curtailment of, or change in the manner of performing, its services.

(d) The governing body shall certify that it is its intention at the time that this section is made operative that if any early retirements are granted after receipt of service credit pursuant to this section, that any vacancies thus created or at least one vacancy in any position in any department or other organizational unit shall remain permanently unfilled thereby resulting in an overall reduction in the work force of such department or organizational unit.

The amount of service credit shall not be more than two years regardless of credited service and shall not exceed the number of years intervening between the date of his retirement and the date he would be required to be retired because of age.

A governing body which elects to make the payment prescribed by subdivision (b) shall make such payment with respect to all eligible employees who retire during the specified period.

This section shall not be applicable to any member otherwise eligible if such member receives any unemployment insurance

payments during the specified period.

Any member who qualifies under this section, upon subsequent reentry to the system shall forfeit the service credit acquired under this section.

This section shall not apply to any member who is not employed by the contracting agency during the period designated in subdivision (a) and who has less than five years of service credit.

This section shall not apply to any contracting agency unless and until the agency elects to be subject to the provision of this section by amendment to its contract made in the manner prescribed for approval of contracts, except an election among the employees is not required, or, in the case of contracts made after the effective date of this section, by express provision in such contract making the contracting agency subject to the provisions of this section.

Notwithstanding Section 20740, an election to become subject to this section shall not exclude an agency from the definition of "employer" for purposes of Section 20740.

This section shall remain in effect until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date deletes or extends that date.

SEC. 4. Section 22792 of the Government Code is amended to read:

22792. The board may, without compliance with any provisions of law relating to competitive bidding, enter into contracts with carriers offering health benefit plans or with entities offering services relating to the administration of health benefits plans. Every contract for health benefit plans shall be for a uniform term of at least one year, but may be made automatically renewable from term to term in the absence of notice of termination by either party. Every contract with entities providing administrative services with respect to the operation of the board's self-funded plan shall be on such terms as the board in its discretion deems necessary or desirable.

The board may fix the beginning and ending dates of contracts with carriers of health benefits plans and with entities offering services in connection with the administration of health benefits plans in a manner it deems consistent with administration of this part. Irrespective of any agreed-upon termination date, the board may extend a contract for a reasonable period of time, subject to existing terms and conditions or any new terms and conditions which are agreed upon. In no event shall the term of any contract exceed three years.

SEC. 5. It is the intent of the Legislature in enacting Section 2 of this act to prevent any employer or employee group of any type or any other party from relying on the unpublished appellate case of Redondo Beach Supervisory and Management Association v. Board of Administration, Public Employee's Retirement System (2d Civ. No. B015585). The intent of Section 2 of this act is to prevent all future application of that decision, or reliance on the reasoning therein, on any basis or for any reason whatsoever, except in written

memoranda of understanding entered into by an employer and representatives of employees or by minute order, resolution, or ordinance adopted by a legislative body, on or before August 1, 1988, or the effective date of this section, whichever is later.

It is not the intent of the Legislature in enacting Section 2 of this act to preclude the election of flexible benefits as provided by Section 1156 of the Government Code.

A negotiated arrangement or an action of a legislative body shall become inoperative if the Board of Administration of the Public Employees' Retirement System determines that a finding has been made by the Internal Revenue Service that the arrangement or action is not in compliance with regulations adopted pursuant to the federal Internal Revenue Code.

It is further not the intent of the Legislature in enacting Section 2 of this act to preclude the reduction of retirement benefits pursuant to Section 20461.6 of the Government Code.

The Public Employees' Retirement System and Kings County have substantially completed the contract amendment process to amend the contract of Kings County with the Public Employees' Retirement System pursuant to Section 21252.04 of the Government Code to provide certain benefits to "county peace officers" as defined in Section 20021.5 of the Government Code prior to the enactment of this act. It is not the intent of the Legislature in enacting Section 2 of this act to prevent the completion of this pending contract amendment, even if the amendment process is not completed until after the enactment of this act. However, it is the intent of the Legislature in enacting Section 2 of this act to prevent any future contract amendment pursuant to Section 21252.04 of the Government Code.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to quickly and efficiently effect the administrative transition to a self-funded health benefit program and to maximize the related savings and to eliminate confusion arising from recent cases regarding differential benefits within membership categories, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 391

An act to add Sections 6490.3, 6490.4, 14005.4, and 14205.5 to the Elections Code, and to repeal and add Section 71603.5 of the Government Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 11, 1988. Filed with Secretary of State August 11, 1988.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Brendon Maguire Act.

SEC. 2. Section 6490.3 is added to the Elections Code, to read:

6490.3. Notwithstanding any other provision of law, except for an election for a judicial office, an election shall not be conducted and no votes cast for the office shall be counted, and if counted the votes shall be null and void, if an incumbent is a candidate for a nonpartisan statewide, countywide, or citywide office, or for a nonpartisan office which is elected by division, area, or district, which he or she currently holds at an election at which only one other candidate, excluding any write-in candidates, has qualified to have his or her name placed on the ballot for that office, and either the challenger or the incumbent dies after the hour of 12:01 a.m. of the 68th day before the election.

(b) A special election shall be called and held when the death of the challenger or the incumbent occurs within the period set in subdivision (a). The special election shall be called by the appropriate governing body within 14 days after the death of the incumbent or challenger. The special election shall be held no later than 88 days after the proclamation or resolution calling the election. Candidates at the special election shall be nominated in accordance with Chapter 5 (commencing with Section 6400) of Division 6, except that forms for securing signatures in lieu of a filing fee need not be made available until 15 days before the first day for circulating nomination papers, in-lieu-filing-fee petitions shall be filed at least seven days prior to the closing of the nomination period, nomination papers shall be delivered for filing to the county clerk not less than 68 days and not more than 87 days before the special election, any candidate's statement shall be filed with the clerk no later than the 68th day before the special election, and the Secretary of State shall conduct the randomized alphabet drawing under procedures similar to Sections 10217 and 10217.5 on the 67th day before the special election. Any candidate who paid a filing fee in connection with the previously scheduled election shall not be required to pay any additional filing fee but shall be required to file new nomination papers.

(c) The Secretary of State or clerk shall take appropriate action to

ensure that voters do not erroneously vote in a canceled election.

SEC. 3. Section 6490.4 is added to the Elections Code, to read:

6490.4.
