(d) A person whose confinement in a treatment facility under Section 1608 or 1609 is approved by the court shall not be released again to outpatient status unless court approval is obtained under Section 1602 or 1603.

As used in this subdivision "immediate" means the brief interval before and after the local law enforcement agency, when reasonably possible, has been notified of the danger and before the arrival of its assistance.

(k) Nothing in this section is intended to preclude the carrying of a loaded firearm by any person while engaged in the act of making or attempting to make a lawful arrest.

CHAPTER 999

An act to add Section 14000.05 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

Rural hospitals are an integral link in the state's health care system serving the needs of rural residents and the tourist population. While in most cases, they are the sole community provider of health care, rural hospitals provide a statewide network that assures the availability and accessibility of health care services to all Californians.

California is facing an impending crisis in its rural health care delivery system. Based on the current financial performance of rural hospitals throughout the state, and in light of long-term utilization and reimbursement trends, many of these hospitals will close in the near future. Closure of strategically located rural hospitals will result in a loss to the integrity of the Medi-Cal program, gaps in the emergency medical response system, and loss of primary care providers from rural communities.

SEC. 2. Section 14000.05 is added to the Welfare and Institutions Code, to read:

14000.05. The State Department of Health Services shall consider the special needs and requirements of rural hospitals in California that are financially distressed and in danger of closure. The department may provide technical assistance and other appropriate assistance and relief on Medi-Cal program policies, reimbursement issues, and Medi-Cal operational and procedural problems to financially distressed rural hospitals, when appropriate, in order to preserve the availability of health care services in rural California.

CHAPTER 1000

An act to amend Sections 1684, 1690, 1695.5, and 1697 of, and to add Sections 1691 and 1697.2 to, the Labor Code, relating to farm labor contractors, and making an appropriation therefor.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1684 of the Labor Code is amended to read:

1684. The Labor Commissioner shall not issue to any person a license to act as a farm labor contractor, nor shall the Labor Commissioner renew that license, until all of the following conditions are satisfied:

(a) The person has executed a written application therefor in a form prescribed by the Labor Commissioner, subscribed and sworn to by the person, and containing all of the following:

(1) A statement by the person of all facts required by the Labor Commissioner concerning the applicant's character, competency, responsibility, and the manner and method by which the person proposes to conduct operations as a farm labor contractor if the license is issued.

(2) The names and addresses of all persons, except bona fide employees on stated salaries, financially interested, either as partners, associates, or profit sharers, in the proposed operation as a farm labor contractor, together with the amount of their respective interests.

(3) A declaration consenting to the designation by a court of the Labor Commissioner as an agent available to accept service of summons in any action against the licensee if the licensee has left the jurisdiction in which the action is commenced or otherwise has become unavailable to accept service.

(b) The Labor Commissioner, after investigation, is satisfied as to the character, competency, and responsibility of the person.

(c) The person has deposited with the Labor Commissioner a surety bond in the amount of ten thousand dollars ($10,000). Where the contractor has been the subject of a final judgment in a year in an amount equal to that of the bond required, he or she shall be required to deposit an additional bond within 60 days. The bond shall be payable to the people of the State of California and shall be conditioned that the farm labor contractor will comply with all the terms and provisions of this chapter and will pay all damages occasioned to any person by failure to do so, or by any violation of this chapter, or false statements or misrepresentations made in the procurement of the license. The bond shall also be payable for interest on wages and for any damages arising from violation of orders of the Industrial Welfare Commission, but shall not be payable for penalties on nonpayment or late payment of wages pursuant to Section 203. If a deposit is given instead of a bond, the Labor Commissioner may charge reasonable legal fees against the deposit for handling claims, other than wage claims, filed against the deposit.

(d) The person has paid to the Labor Commissioner a license fee of two hundred fifty dollars ($250) plus a filing fee of ten dollars ($10). However, where a timely application for renewal is filed, the ten-dollar ($10) filing fee is not required The Labor Commissioner shall deposit twenty-five dollars ($25) of each licensee's annual license fee into a separate account. Funds from this account shall be disbursed by the Labor Commissioner only to persons determined by the Labor Commissioner to have been damaged by any licensee

when the damage exceeds the limits of the licensee's bond, or to persons determined by the Labor Commissioner to have been damaged by an unlicensed farm labor contractor. In making these determinations, the Labor Commissioner shall disburse funds from the account to satisfy claims against farm labor contractors or unlicensed farm labor contractors, which shall also include interest on wages and any damages arising from the violation of orders of the Industrial Welfare Commission, but shall not include penalties on nonpayment or late payment of wages pursuant to Section 203. Any disbursal of funds from the account to satisfy a claim against an unlicensed farm labor contractor shall not exceed ten thousand dollars ($10,000). Any disbursed funds subsequently recovered by the Labor Commissioner pursuant to Section 1693, or otherwise, shall be returned to the separate account.

(e) The person in an oral or written examination, or both, demonstrates a degree of knowledge of the laws and administrative regulations concerning farm labor contractors as the Labor Commissioner deems necessary for the safety and protection of farmers, farmworkers, and the public. This examination shall include a demonstration of knowledge of safe work practices related to pesticide use, including all of the following subjects:

(1) Field reentry regulations.

(2) Worker pesticide safety training.

(3) Employer responsibility for safe working conditions.

(4) Symptoms and appropriate treatment of pesticide poisoning.

The Labor Commissioner shall consult with the Director of Food and Agriculture in preparing this examination and may charge a fee of not more than thirty-five dollars ($35) to cover the cost of administration of the examination.

(f) The Labor Commissioner may renew a license without requiring the applicant for renewal to take the examination specified in subdivision (e) if the Labor Commissioner finds that the applicant meets all of the following criteria:

(1) Has satisfactorily completed the examination during the immediately preceding four years.

(2) Has not during the preceding year been found to be in violation of any pesticide worker safety requirement, including, but not limited to, Division 7 (commencing with Section 12501) of the Food and Agricultural Code.

(3) Has complied with all other requirements of this section.

(g) The person has registered as a farm labor contractor pursuant to the federal Migrant and Seasonal Agricultural Worker Protection Act, when registration is required pursuant to federal law

SEC. 2. Section 1690 of the Labor Code is amended to read:

1690. The Labor Commissioner may revoke, suspend, or refuse to renew any license when it is shown that any of the following have occurred:

(a) The licensee or any agent of the licensee has violated or failed to comply with any of the provisions of this chapter.

(b) The licensee has made any misrepresentations or false statements in his or her application for a license.

(c) The conditions under which the license was issued have changed or no longer exist.

(d) The licensee, or any agent of the licensee, has violated, or has willfully aided or abetted any person in the violation of, or failed to comply with, any law of the State of California regulating the employment of employees in agriculture, the payment of wages to farm employees, or the conditions, terms, or places of employment affecting the health and safety of farm employees, which is applicable to the business, activities, or operations of the licensee in his or her capacity as a farm labor contractor.

(e) The licensee, or any agent of the licensee, has failed to comply with any provisions of the Vehicle Code pertaining to a farm labor vehicle, as described in Sections 322 and 323 of the Vehicle Code, under the licensee's control, or has allowed a farm labor vehicle under his or her control to be operated by a driver without a valid driver's license and certificate required pursuant to Section 12519 of the Vehicle Code.

(f) The licensee has been found, by a court or the Secretary of Labor, to have violated any provision of the federal Migrant and Seasonal Agricultural Worker Protection Act (Chapter 20 (commencing with Section 1801), Title 29, United States Code), provided that the licensee is required to register as a farm labor contractor pursuant to federal law.

SEC. 3. Section 1691 is added to the Labor Code, to read:

1691. If any licensee has been subject to two or more final judgments by a court for failure to pay wages due respecting his or her farm employees within a five-year period, the Labor Commissioner shall suspend for one year the license of the licensee.

SEC. 4. Section 1695.5 of the Labor Code is amended to read:

1695.5. (a) Every farm labor contractor, upon request of any agricultural grower with whom he or she has a contract to supply farmworkers, shall immediately furnish the grower with a payroll list of all the contractor's employees working for the grower.

(b) The payroll list shall be on a uniform form approved by the Labor Commissioner, which shall include, but not be limited to, the employee's name, social security number, permanent and temporary address, telephone number, and length of employment with the grower.

(c) The requirements of this section are in addition to any requirements of federal law, including the federal Migrant and Seasonal Agricultural Worker Protection Act (Chapter 20 (commencing with Section 1801), Title 29, United States Code).

SEC. 5. Section 1697 of the Labor Code is amended to read:

1697. (a) Any person who violates this chapter, or who causes or induces another to violate this chapter, is guilty of a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000), or imprisonment in the county jail for not more than six months, or

both.

(b) Any employee aggrieved by any violation of this chapter, other than acts and conduct also proscribed by Sections 1153, 1154, and 1155, may do all of the following:

(1) Bring a civil action for injunctive relief or damages, or both, against a farm labor contractor or unlicensed farm labor contractor who violates this chapter and, upon prevailing, shall recover reasonable attorney's fees.

(2) Enforce the liability on the farm labor contractor's bond.

(c) Any farm labor contractor who engages in farm labor contracting activities after his or her license has been suspended or revoked is guilty of an offense punishable by a fine of not less than one thousand dollars ($1,000) and not more than five thousand dollars ($5,000), or by imprisonment for not less than six months and not more than one year, or both.

SEC. 6. Section 1697.2 is added to the Labor Code, to read:

1697.2. Actions brought under this chapter shall be set for trial at the earliest possible date, and shall take precedence over all other cases, except older matters of the same character and matters to which special precedence may be given by law.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1001

An act to amend Section 225m of the Civil Code, relating to adoption.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 225m of the Civil Code is amended to read:

225m. (a) The Legislature hereby finds and declares that lawyering may be deficient when conflict of interest deprives the client of undivided loyalty and effort. The Legislature further finds and declares that the relation between attorney and client is a fiduciary relation of the very highest character, and binds the attorney to most conscientious fidelity.

The Legislature finds that Rule 2-111 (A) (2) of the State Bar Rules of Professional Conduct provides that an attorney shall not withdraw from employment until he or she has taken reasonable steps to avoid foreseeable prejudice to the rights of the client, including giving due

notice to the client, allowing time for employment of other counsel, delivering to the client all papers and property to which the client is entitled, and complying with applicable laws and rules.

The Legislature declares that in an independent adoption proceeding, whether or not written consent is obtained, multiple representation by an attorney should be avoided whenever a birth parent displays the slightest reason for the attorney to believe any controversy might arise. The Legislature finds and declares that it is the duty of the attorney when a conflict of interest occurs to withdraw promptly from any case, advise the parties to retain independent counsel, refrain from taking positions in opposition to any of these former clients, and thereafter maintain an impartial, fair and open attitude toward the new attorneys.

(b) Notwithstanding any other provision of law, it is unethical for an attorney to undertake the representation of both the prospective adopting parents and the birth parents of a child in any negotiations or proceedings in connection with an adoption unless a written consent is obtained from both parties. The written consent shall include all of the following:

(1) An advisement to the birth parents, in the form specified in this section, of their right to have an independent attorney advise and represent them in the adoption proceedings and that the adoptive parents may be required to pay the reasonable attorney's fees up to a maximum of five hundred dollars ($500) (unless a higher fee is agreed to by the parties) for that representation.

(2) An advisement to the birth parents that they may waive their right to an independent attorney and may be represented by the attorney representing the adoptive parents.

(3) A waiver by the birth parents of representation by an independent attorney.

(4) An agreement that the attorney representing the adoptive parents shall represent the birth parents.

(c) Upon the petition or motion of any party, or upon motion of the court, the court may appoint an attorney to represent the birth parent or parents of a child in negotiations or proceedings in connection with the child's adoption.

(d) In those cases in which neither the State Department of Social Services nor an agency licensed to place children for adoption is a party to, or joins in, the petition for adoption, the birth parent or parents of the child may have counsel, other than the counsel representing the interests of the prospective adoptive parents, to advise them fully of the adoptive procedures and of their legal rights. The birth parent or parents also may retain counsel to represent them in negotiations or proceedings in connection with the child's adoption. The court may award attorneys fees and costs for just cause and based upon the ability of the parties to pay those fees and costs.

(e) In the initial communication between the attorney retained by or representing the prospective adoptive parents and the birth parents, or as soon thereafter as reasonable, but prior to any written

consent for dual representation, the attorney shall advise the birth parents of their rights regarding independent counsel and that it is possible to waive independent counsel.

(f) Any written consent to dual representation shall be filed with the court prior to the filing of the natural parent's consent to adoption.

CHAPTER 1002

An act to add and repeal Chapter 5.5 (commencing with Section 35060) of Division 25 of the Public Resources Code, relating to fisheries, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.5 (commencing with Section 35060) is added to Division 25 of the Public Resources Code, to read:

CHAPTER 5.5. LOCAL MARINE FISHERIES IMPACT PROGRAM

35060. The Legislature hereby finds that California's commercial fishing industry is a vital component of the state's economy, and that this industry has been impacted by offshore oil and gas activities. The Legislature further finds that these past impacts have not been sufficiently addressed.

The Legislature hereby establishes a Local Marine Fisheries Impact Program to address these impacts.

The Legislature further finds that this program shall not be considered to be mitigation for these impacts, and that by the enactment of this chapter, the state is not assuming responsibility for mitigating impacts to the fishing industry arising from offshore oil and gas activities. The Legislature further finds and declares that this program is a proper use of funds and that the program serves a necessary public purpose.

35061. "Secretary" means the Secretary of Environmental Affairs.

35062. (a) The secretary may grant funds appropriated for fishing vessels, safety, survey, and survival equipment to any commercial fisherman, licensed under Section 7850 of the Fish and Game Code, who operates or owns a fishing vessel operated in areas off the coast of this state in which oil and gas exploration or development facilities or equipment were in use prior to August 1, 1985. The funds shall be used to extend the vessel's fishing range to reasonable limits by improving vessel and personnel safety and

survival equipment, navigation and communications equipment, and operational practices and equipment, in order to reach areas beyond those impacted by the oil and gas activities. Grants under this subdivision shall be made only for vessels which have had safety surveys completed by certified vessel surveyors or United States Coast Guard inspectors, and shall not exceed five thousand dollars ($5,000) for each vessel for reimbursement for safety and survival surveys and for any recommended modifications and additions resulting from the surveys

(b) The secretary may also grant funds to individuals and state agencies, contract for services or research, or enter into interagency agreements to address impacts on California's commercial fishing industry from offshore oil and gas activities. Funds expended for this purpose may implement programs to address area, gear, and technology development; vessel and gear staging and repair space; fishing vessel safety, survey, and survival equipment; sea floor oil and gas debris cleanup; San Pedro purse seine fleet assistance for marketing, fuel conservation, and resource assessment; fisheries marketing assistance; and establishment of a fisheries development corporation.

(c) Procedures for the administration of grants under this chapter shall be adopted by the secretary only after providing adequate opportunity for public review and comment. However, those procedures are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

35063. This chapter shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 2 The Local Marine Fisheries Impact Program established by this act is the program for which funds were appropriated by Item 3400-001-001, as described in Provision 3 of that item, of Section 2.00 of the Budget Act of 1988 (Chapter 313, Statutes of 1988).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Past and cumulative impacts on the commercial fishing industry from offshore oil and gas activities have not been sufficiently addressed. These impacts along with other natural and economic causes have affected the continued viability of California's commercial fishing industry. The program established by Section 1 of this act is required immediately in order for the state to initiate and complete in a timely fashion a comprehensive program to address these impacts. It is necessary, therefore, that this act take effect immediately.

CHAPTER 1003

An act to amend, repeal, and add Section 7118.5 of, and to add Sections 7030.6, 7058.6, and 7058.8 to, the Business and Professions Code, relating to asbestos.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 7030.6 is added to the Business and Professions Code, to read:

7030.6. (a) No person shall advertise, as that term is defined in Section 7026.7, to promote his or her services for the removal of asbestos unless he or she is certified to engage in asbestos-related work pursuant to Section 7058.5, and registered for that purpose pursuant to Section 6501.5 of the Labor Code. Each advertisement shall include that person's certification and registration numbers and shall use the same name under which that person is certified and registered.

(b) The registrar shall issue a notice to comply with this section to any person who is certified and registered, as described in subdivision (a), and who fails to include in any advertisement his or her certification and registration numbers.

(c) The registrar shall issue a citation pursuant to Section 7099 to any person who advertises to promote his or her services for the removal of asbestos but does not possess valid certification and registration numbers as required by subdivision (a), or who fails to use in that advertisement the same name under which he or she is certified and registered.

(d) If the person to whom a citation is issued under subdivision (c) notifies the registrar that he or she intends to contest the citation, the registrar shall afford an opportunity for a hearing, as specified in Section 7099.5, within 90 days after receiving the notification.

(e) The citation issued under subdivision (c), when final, shall contain an order of correction requiring that person to cease the unlawful advertising identified, and shall require, as a condition of that person's continued status as a licensee under this chapter, that the person cease to use the telephone number identified in the unlawful advertisement or advertisements, and that subsequent calls to that number not be referred by the telephone company to any new telephone number obtained by that person.

This section shall become operative on July 1, 1989.

SEC. 1.5. Section 7058.6 is added to the Business and Professions Code, to read:

7058.6. The board shall not issue an asbestos certification, as required by Section 7058.5, unless the contractor is registered with the Division of Occupational Safety and Health of the Department

of Industrial Relations pursuant to Section 6501.5 of the Labor Code. The board may issue an asbestos certification to a contractor who is not registered, provided the contractor in a written statement acknowledges that he or she does not perform asbestos-related work and requires certification solely for the purposes of bidding on a project involving asbestos-related work. The board shall notify both the division and the contractor, at the same time, in writing, of the contractor's passage of the certification examination, for the purpose of allowing the contractor to satisfy the requirement of paragraph (1) of subdivision (a) of Section 6501.5 of the Labor Code. The board may require a reexamination if the contractor fails to register within 90 days following issuance of the notification. Applicable test fees shall be paid for any reexamination required under this section.

A contractor who is certified to engage in asbestos-related work on the effective date of this section shall register with the Division of Occupational Safety and Health of the Department of Industrial Relations within 90 days after the board has notified the contractor that registration is required of all asbestos certified contractors. The board shall notify all contractors who are so certified within 60 days of the effective date of this section that registration is required.

The board shall obtain and periodically update the list of contractors certified to engage in asbestos-related work who are registered pursuant to Section 6501.5 of the Labor Code.

Any contractor who is certified to engage in asbestos-related work shall present proof of current registration with the Division of Occupational Safety and Health of the Department of Industrial Relations pursuant to Section 6501.5 of the Labor Code upon application for renewal of his or her license, if the contractor engages in asbestos-related work, as defined in Section 6501.8 of the Labor Code.

This section shall become operative on July 1, 1989.

SEC. 2. Section 7058.8 is added to the Business and Professions Code, to read:

7058.8. The board shall make available to the public upon request information about contracting for the removal or encapsulation of asbestos-containing materials in a building including all of the following:

(a) Steps to take when contracting with a company to remove asbestos.

(b) Existing laws and regulations pertaining to asbestos-related work in California.

(c) Basic health information as contained in the United States Environmental Protection Agency publication, "Guidance for Controlling Asbestos-Containing Materials in Buildings."

(d) A current list of contractors who are certified pursuant to Section 7058.5 to engage in asbestos-related work and who are registered pursuant to Section 6501.5 of the Labor Code.

This section shall become operative on July 1, 1989.

SEC. 3. Section 7118.5 of the Business and Professions Code is

amended to read:

7118.5. Any person who owns a commercial or industrial building or structure, any employer who engages in or contracts for asbestos-related work, any contractor, public agency, or any employee acting for any of the foregoing, who, either knowingly or negligently, or by reason of a failure to inquire, enters into a contract with another person who is required to be, and is not, certified pursuant to Section 7058.5 to engage in asbestos-related work, as defined in Section 6501.8 of the Labor Code, is subject to the following penalties:

(a) Conviction of a first offense is an infraction punishable by a fine of not less than one thousand dollars ($1,000) or more than three thousand dollars ($3,000), and by possible revocation or suspension of any contractor's license.

SEC. 5. Section 53661 of the Government Code is amended to read:

53661. (a) The Superintendent of Banks shall act as Administrator of Local Agency Security and shall be responsible for the administration of Sections 53638, 53651, 53651.2, 53651.4, 53651.6, 53652, 53654, 53655, 53656, 53657, 53658, 53659, 53660, 53661, 53663, 53664, 53665, 53666, and 53667.

(b) The administrator shall have the powers necessary or convenient to administer and enforce the sections specified in subdivision (a).

(c) (1) The administrator shall issue regulations consistent with law as the administrator may deem necessary or advisable in executing the powers, duties, and responsibilities assigned by this article. The regulations may include regulations prescribing standards for the valuation, marketability, and liquidity of the eligible securities of the class described in subdivision (m) of Section 53651, regulations prescribing procedures and documentation for adding, withdrawing, substituting, and holding pooled securities, and regulations prescribing the form, content, and execution of any application, report, or other document called for in any of the sections specified in subdivision (a) or in any regulation or order issued under any of those sections.

(2) The administrator, for good cause, may waive any provision of

any regulation adopted pursuant to paragraph (1) or any order issued under this article, where the provision is not necessary in the public interest.

(d) The administrator may enter into any contracts or agreements as may be necessary, including joint underwriting agreements, to sell or liquidate eligible securities securing local agency deposits in the event of the failure of the depository or if the depository fails to pay all or part of the deposits of a local agency.

(e) The administrator shall require from every depository a report certified by the agent of depository listing all securities, and the market value thereof, which are securing local agency deposits together with the total deposits then secured by the pool, to determine whether there is compliance with Section 53652. These reports may be required whenever deemed necessary by the administrator, but shall be required at least four times each year at the times designated by the Comptroller of the Currency for reports from national banking associations. These reports shall be filed in the office of the administrator by the depository within 20 business days of the date the administrator calls for the report.

(f) The administrator may have access to reports of examination made by the Comptroller of the Currency insofar as the reports relate to national banking association trust department activities which are subject to this article.

(g) (1) The administrator shall require the immediate substitution of an eligible security, where the substitution is necessary for compliance with Section 53652, if (i) the administrator determines that a security listed in Section 53651 is not qualified to secure public deposits, or (ii) a treasurer, who has deposits secured by the securities pool, provides written notice to the administrator and the administrator confirms that a security in the pool is not qualified to secure public deposits.

(2) The failure of a depository to substitute securities, where the administrator has required the substitution, shall be reported by the administrator promptly to those treasurers having money on deposit in that depository and, in addition, shall be reported as follows:

(A) When that depository is a national bank, to the Comptroller of the Currency of the United States.

(B) When that depository is a state bank, to the Superintendent of Banks.

(E) When that depository is a federal credit union, to the National Credit Union Administration.

(F) When that depository is a state credit union or a federally insured industrial loan company, to the Commissioner of Corporations.

(h) The administrator may require from each treasurer a

registration report and at appropriate times a report stating the amount and location of each deposit together with other information deemed necessary by the administrator for effective operation of this article. The facts recited in any report from a treasurer to the administrator are conclusively presumed to be true for the single purpose of the administrator fulfilling responsibilities assigned to him or her by this article and for no other purpose.

(i) (1) If, after notice and opportunity for hearing, the administrator finds that any depository or agent of depository has violated or is violating, or that there is reasonable cause to believe that any depository or agent of depository is about to violate, any of the sections specified in subdivision (a) or any regulation or order issued under any of those sections, the administrator may order the depository or agent of depository to cease and desist from the violation or may by order suspend or revoke the authorization of the agent of depository. The order may require the depository or agent of depository to take affirmative action to correct any condition resulting from the violation.

(2) (A) If the administrator makes any of the findings set forth in paragraph (1) with respect to any depository or agent of depository and, in addition, finds that the violation or the continuation of the violation is likely to seriously prejudice the interests of treasurers, the administrator may order the depository or agent of depository to cease and desist from the violation or may suspend or revoke the authorization of the agent of depository. The order may require the depository or agent of depository to take affirmative action to correct any condition resulting from the violation.

(B) Within five business days after an order is issued under subparagraph (A), the depository or agent of depository may file with the administrator an application for a hearing on the order. The administrator shall schedule a hearing at least 30 days, but not more than 40 days, after receipt of an application for a hearing or within a shorter or longer period of time agreed to by a depository or an agent of depository. If the administrator fails to schedule the hearing within the specified or agreed to time period, the order shall be deemed rescinded. Within 30 days after the hearing, the administrator shall affirm, modify, or rescind the order; otherwise, the order shall be deemed rescinded. The right of a depository or agent of depository to which an order is issued under subparagraph (A) to petition for judicial review of the order shall not be affected by the failure of the depository or agent of depository to apply to the administrator for a hearing on the order pursuant to this subparagraph.

(3) Whenever the administrator issues a cease and desist order under paragraph (1) or (2), the administrator may in the order restrict the right of the depository to withdraw securities from a security pool; and, in that event, both the depository to which the order is directed and the agent of depository which holds the security pool shall comply with the restriction.

(4) In case the administrator issues an order under paragraph (1) or (2) suspending or revoking the authorization of an agent of depository, the administrator may order the agent of depository at its own expense to transfer all pooled securities held by it to such agent of depository as the administrator may designate in the order. The agent of depository designated in the order shall accept and hold the pooled securities in accordance with this article and regulations and orders issued under this article.

(j) In the discretion of the administrator, whenever it appears to the administrator that any person has violated or is violating, or that there is reasonable cause to believe that any person is about to violate, any of the sections specified in subdivision (a) or any regulation or order issued thereunder, the administrator may bring an action in the name of the people of the State of California in the superior court to enjoin the violation or to enforce compliance with those sections or any regulation or order issued thereunder. Upon a proper showing a permanent or preliminary injunction, restraining order, or writ of mandate shall be granted, and the court may not require the administrator to post a bond.

(k) In addition to other remedies, the administrator shall have the power and authority to impose the following sanctions for noncompliance with the sections specified in subdivision (a) after a hearing if requested by the party deemed in noncompliance. Any fine assessed pursuant to this subdivision shall be paid within 30 days after receipt of the assessment.

(2) Assess against and collect from a depository a fine not to exceed one hundred dollars ($100) for each day beyond the time period specified in subdivision (b) of Section 53663 the depository negligently or willfully fails to file in the office of the administrator a written report required by that section.

(3) Assess against and collect from a depository a fine not to exceed one hundred dollars ($100) for each day beyond the time period specified in subdivision (e) that a depository negligently or willfully fails to file in the office of the administrator a written report required by that subdivision.

(4) Assess and collect from an agent of depository a fine not to exceed one hundred dollars ($100) for each day the agent of depository fails to comply with any of the applicable sections specified in subdivision (a) or any applicable regulation or order issued thereunder.

(*l*) (1) In the event that a depository or agent of depository fails to pay a fine assessed by the administrator pursuant to subdivision (k) within 30 days of receipt of the assessment, the administrator may assess and collect an additional penalty of 5 percent of the fine for each month or part thereof that the payment is delinquent.

(2) If a depository fails to pay the fines or penalties assessed by the administrator, the administrator may notify local agency treasurers with deposits in the depository.

(3) If an agent of depository fails to pay the fines or penalties assessed by the administrator, the administrator may notify local agency treasurers who have authorized the agent of depository as provided in Sections 53649 and 53656, and may by order revoke the authorization of the agent of depository as provided in subdivision (i).

(2) The certificate of discharge or full reconveyance is to be delivered to the mortgagor or trustor, or the owner of the land, as the case may be, through an escrow to which the mortgagor, trustor, or owner is a party.

(3) When the personal delivery is not for the purpose of causing recordation and when the certificate of discharge or full reconveyance is to be personally delivered with receipt acknowledged by the mortgagor or trustor or owner of the land, as the case may be, or their agent if authorized by mortgagor or trustor or owner of the land.

(d) The violation of any provision of this section shall make the violator liable to the person affected by the violation for all damages which that person may sustain by reason of the violation, and shall require that the violator forfeit to that person the sum of three hundred dollars ($300).

SEC. 4. It is the intent of the Legislature that the provisions of this act shall not create any inference regarding the amount or timing of fees charged pursuant to the provisions of Section 2941 of the Civil Code prior to July 1, 1989, nor as to the timing of requests for, and executions or recordings of, full reconveyances prior to July 1, 1989.

CHAPTER 1008

An act to amend Sections 4000, 4000.4, 22651, 40152, and 42001.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 15, 1988. Filed with Secretary of State September 20, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 4000 of the Vehicle Code is amended to read:

4000. (a) (1) No person shall drive, move, or leave standing upon a highway, or in an offstreet public parking facility, any motor vehicle, trailer, semitrailer, pole or pipe dolly, logging dolly, or

auxiliary dolly unless it is registered and the appropriate fees have been paid under this code, except that an off-highway motor vehicle which displays an identification plate or device issued by the department pursuant to Section 38010 may be driven, moved, or left standing in an offstreet public parking facility without being registered or paying registration fees.

(2) For purposes of this subdivision, "offstreet public parking facility" means either of the following:

(A) Any publicly owned parking facility.

(B) Any privately owned parking facility for which no fee for the privilege to park is charged and which is held open for the common public use of retail customers.

(3) This subdivision does not apply to any motor vehicle stored in a privately owned offstreet parking facility by, or with the express permission of, the owner of the privately owned offstreet parking facility.

(b) No person shall drive, move, or leave standing upon a highway any motor vehicle, as defined in Chapter 2 (commencing with Section 39010) of Part 1 of Division 26 of the Health and Safety Code, which has been registered in violation of Part 5 (commencing with Section 43000) of that Division 26.

(c) Subdivisions (a) and (b) do not apply to off-highway motor vehicles operated pursuant to Sections 38025 and 38026.5.

(d) This section does not apply, following payment of fees due for registration, during the time that registration and transfer is being withheld by the department pending the investigation of any use tax due under the Revenue and Taxation Code.

(e) When a vehicle is towed by a tow car on order of a sheriff, marshal, or other official acting pursuant to a court order or on order of a peace officer acting pursuant to Chapter 10 (commencing with Section 22650) of Division 11, subdivision (a) of this section does not apply.

(f) For purposes of this section, possession of a California driver's license by the registered owner of a vehicle shall give rise to a rebuttable presumption that the owner is a resident of California.

SEC. 2. Section 4000.4 of the Vehicle Code is amended to read:

4000.4. (a) Except as provided in Sections 6700, 6702, and 6703, any vehicle which is registered to a nonresident owner, and which is based in California or primarily used on California highways, shall be registered in California.

(b) For purposes of this section, a vehicle is deemed to be primarily or regularly used on the highways of this state if the vehicle is located or operated in this state for a greater amount of time than it is located or operated in any other individual state during the registration period in question.

SEC. 3. Section 22651 of the Vehicle Code is amended to read:

22651. Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in

directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located, may remove a vehicle located within the territorial limits in which the officer or employee may act, under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway or any public lands and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway or any public lands are, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person arrested before a magistrate without unnecessary delay.

(i) When any vehicle, other than a rented vehicle, is found upon a highway or any public lands and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded to the agency responsible for processing notices of parking violations, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement

agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:

(1) Pays the cost of towing and storing the vehicle.

(2) Submits evidence of payment of fees as provided in Section 9561.

(3) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of disposition or sale. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the deposit of bail for all notices of parking violations issued for the vehicle. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt thereof, bail for all notices of parking violations issued for the vehicle.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would

prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) When any vehicle is found upon a highway, any public lands, or an offstreet parking facility with a registration expiration date in excess of one year before the date it is found on the highway, public lands, or the offstreet parking facility. However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration. In lieu of obtaining proof of current registration, the storing agency may, in its discretion, issue a notice to appear for the registration violation.

As used in this subdivision, "offstreet parking facility" means any offstreet facility held open for use by the public for parking vehicles and includes any publicly owned facilities for offstreet parking, and privately owned facilities for offstreet parking where no fee is charged for the privilege to park and which are held open for the common public use of retail customers.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, or 14601.2 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway or any public lands shall not be released to the registered owner or his or her agent, except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle or upon order of a court.

(q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

SEC. 4. Section 40152 of the Vehicle Code is amended to read:

40152. (a) Whenever any vehicle or combination of vehicles is found to be not registered as required by this code, and a notice to appear is issued or a complaint filed for such violation, the person to whom the notice to appear is issued or against whom the complaint is filed shall produce in court satisfactory evidence that the vehicle or combination of vehicles is registered, had appropriate fees paid,

or is reduced to junk, to conform with the requirements of this code. The court shall not adjudicate the offense until that evidence is produced.

(b) A four-day, nonresident commercial trip permit of the type authorized in Section 4004 may not be accepted as evidence of registration compliance as required in subdivision (a) of this section.

SEC. 5. Section 42001.5 of the Vehicle Code is amended to read:

42001.5. Every person convicted of an infraction for a violation of Section 22507.8 shall be punished by a fine of not less than one hundred dollars ($100). No part of any fine imposed shall be suspended. The fine may be paid in installments if the court determines that the defendant is unable to pay the entire amount in one payment.

Notwithstanding any provision of law to the contrary, the Special Supplemental Food Program for Women, Infants, and Children shall pay the normal fee charged by the county for the certificate of judgment.

Nothing in this subdivision shall prevent the director from using any other means available in law to recover amounts due and owing and unpaid from the vendor or local agency.

(b) The dates when the state department may file the certificate and seek judgment from the county clerk, as provided in subdivision (a), depends on whether the audit finding is appealed by the vendor or local agency.

(1) If the audit finding or lower level administrative decision is not appealed, the state department may file the certificate the day after the end of the appeal period or anytime thereafter, but not later than three years after the payment became due and owing.

(2) If the audit finding or lower level administrative decision is appealed to the director, the state department may file the certificate no earlier than 90 days after the issuance of the final decision by the director, but no later than three years after the issuance of the final decision.

(c) If the vendor seeks judicial review of the final decision of the director pursuant to Section 1094.5 of the Code of Civil Procedure, and notice of the action is properly served on the director within 90 days of the issuance of the final decision, the state department shall not file any certificate as provided in subdivision (a).

If the vendor does not seek judicial review of the final decision of the director or does not properly serve notice within 90 days from the date of the final decision of the director, the state department may file the certificate and obtain judgment pursuant to subdivision (a).

SEC. 2. Section 317.5 is added to the Health and Safety Code, to read:

317.5. An abstract of judgment obtained pursuant to subdivisions (a) and (b) of Section 317 or a copy thereof may be recorded with the county recorder of any county. From the time of recording, the judgment shall constitute a lien upon all real or personal property owned by the vendor at the time, or which the vendor may afterwards, but before the lien expires, acquire. The lien shall have the force, effect, and priority of a judgment lien and shall continue for 10 years from the time of recording of the abstract of judgment obtained pursuant to subdivisions (a) and (b) of Section 317 unless sooner released or otherwise discharged.

The lien may, within 10 years from the date of recording of the abstract of judgment or within 10 years from the date of the last extension of the lien in the manner herein provided, be extended by recording a new abstract in the office of the county recorder of any county. From the date of the recording the lien shall be extended for 10 years unless sooner released or otherwise discharged.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

The people of the State of California do enact as follows:

SEC. 2. Section 20334 of the Government Code is amended to read:

(b) The additional contribution imposed pursuant to subdivision (a) shall include an amount to pay the reasonable administrative expenses incurred by the board in establishing the additional contribution required in subdivision (a).

SEC. 5. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

(f) Establish procedures to allow the Legislative Analyst to make an analysis of programs and budgets and the Auditor General to conduct audits utilizing data in the state data processing information systems or as products of state data processing information systems. Teale Data Center Revolving Fund, hereafter referred to as the "TDC Fund," which fund is continuously appropriated for the purposes of this chapter, and the fund shall be continuously utilized without regard to fiscal years for the payment of expenses incurred by the Stephen P. Teale Data Center. Moneys available in the TDC Fund, not to exceed a total of 1 percent of the Stephen P. Teale Data Center's current fiscal year budget, may be allocated by the director to projects which demonstrate or develop advanced information technologies as solutions to information processing problems.

The expenditures for these allocations shall be provided for out of the unencumbered surplus of the TDC Fund. There shall be no expenditure in the event that there is no unencumbered surplus in any particular fiscal year.

SEC. 4. Section 11755 of the Government Code is amended to read:

11755. There is in the State Treasury, the Health and Welfare Agency Data Center Revolving Fund, hereafter referred to as the "HWDC Fund," which fund is continuously appropriated for the purposes of this chapter. Moneys available in the HWDC Fund, not to exceed a total of 1 percent of the Health and Welfare Agency Data Center's current fiscal year budget, may be allocated by the director to projects which demonstrate or develop advanced information technologies as solutions to information processing problems.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act contemplates joint projects between the Stephen P. Teale Data Center and the Health and Welfare Data Center and private business firms. Many firms operate on a calendar fiscal year and consequently plan their upcoming fiscal year during the summer months.

Additionally, state agencies plan their budgets for the following fiscal year in the month of September, and both TDC and HWDC have the most staff available to work on projects of this type during October and November.

In order to begin planning and work on projects immediately to prevent the loss of as much as a year of time of the state's participation in these constantly evolving technological developments, it is essential that this act take immediate effect.

State agency heads contracting for private architectural, professional engineering, land surveying, and

Furthermore, these procedures shall assure maximum participation of small business firms, as defined by the Director of General Services pursuant to Section 14837.

SEC. 3. Section 4527 of the Government Code is amended to read:

4527. In the procurement of architectural, engineering, land surveying, and construction project management services, the state agency head shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data.

(a) When the selection is by a state agency head, statewide announcement of all projects requiring architectural, engineering, land surveying, or construction project management services shall be made by the agency head through publications of the respective professional societies. The agency head, for each proposed project, shall evaluate current statements of qualifications and performance data on file with the agency, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with no less than three firms regarding anticipated concepts and the relative utility of alternative methods of approach for furnishing the required services and then shall select therefrom, in order of preference, based upon criteria established and published by him or her, no less than three of the firms deemed to be the most highly qualified to provide the services required.

The state agency head shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the state agency head shall terminate negotiations. The state agency head shall then undertake negotiations with the third most qualified firm.

(3) Should the state agency head be unable to negotiate a satisfactory contract with any of the selected firms, the state agency head shall select additional firms in order of their competence and qualification and continue negotiations in accordance with this chapter until an agreement is reached.

(b) When the selection is by a local agency head, the local agency head may undertake the procedures described in subdivision (a).

SEC. 5. Section 4529 of the Government Code is amended to read:

4529. This chapter shall not apply where the state or local agency head determines that the services needed are more of a technical nature and involve little professional judgment and that requiring bids would be in the public interest.

CHAPTER 1017

An act to amend Sections 708.730, 708.740, and 708.780 of the Code of Civil Procedure, and to amend Section 12419.3 of the Government Code, relating to family law.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 708.730 of the Code of Civil Procedure is amended to read:

708.730. (a) If money is owing and unpaid to the judgment debtor by a public entity, the judgment creditor may file, in the manner provided in this article, an abstract of the money judgment or a certified copy of the money judgment, together with an affidavit that states that the judgment creditor desires the relief provided by this article and states the exact amount then required to satisfy the judgment. The judgment creditor may state in the affidavit any fact tending to establish the identity of the judgment debtor.

(b) Promptly after filing the abstract or certified copy of the judgment and the affidavit with the public entity, the judgment creditor shall serve notice of the filing on the judgment debtor. Service shall be made personally or by mail.

(c) If the judgment is for support and related costs and money is owing and unpaid to the judgment debtor by a state agency, including, but not limited to, money owing and unpaid to the judgment debtor by a state agency on a claim for refund from the Franchise Tax Board under the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporation Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, and the district attorney is enforcing the support

obligation pursuant to Section 11475.1 of the Welfare and Institutions Code, the claim may be submitted as follows: The district attorney may file the affidavit referred to in subdivision (a) without filing an abstract or certified copy of the judgment. In lieu thereof, the affidavit shall also state that an abstract of the judgment could be obtained. Where there is more than one judgment debtor, the district attorney may include all the judgment debtors in a single affidavit. Separate affidavits need not be submitted for each judgment debtor. The affidavit need not on its face separately identify each judgment debtor or the exact amount required to satisfy the judgment, so long as it incorporates by reference forms or other automated data transmittals, as required by the State Department of Social Services, which contain this information. Affidavits submitted pursuant to this subdivision by the district attorney shall meet the standards and procedures prescribed by the state agency to which the affidavit is submitted, except that those affidavits submitted with respect to moneys owed and unpaid to the judgment debtor as a result of a claim for refund from the Franchise Tax Board under the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporations Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, shall meet the standards and procedures prescribed by the Franchise Tax Board.

In serving the notice required by subdivision (b), the Director of the State Department of Social Services or his or her designee may act in lieu of the judgment creditor as to judgments enforced under this division.

(d) If the judgment is for child support and related costs and money is owing and unpaid to the judgment debtor by a state agency on a claim for refund from the Franchise Tax Board under the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporation Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, or as a result of the judgment debtor's winnings in the California State Lottery, the judgment creditor may file with the court an abstract or a certified copy of the judgment or decree ordering the payment of child support, together with a request that the court issue a Notice of Child Support Arrearage, as provided in Section 708.780, to which any personal income tax refunds and lottery winnings owed the judgment debtor by the State of California will be subject. The request shall be accompanied by an affidavit which shall state that the judgment creditor desires the relief provided by this subdivision and shall state the exact amount then required to satisfy the judgment or decree. In addition, the affidavit shall specify the beginning and ending dates of all periods during which the arrearage for child support occurred, specify the arrearage for each month, and state that each specified arrearage has been delinquent for at least

30 days. It shall also certify that the child or children are not recipients, and during the period for which payment is requested, were not recipients, of Aid to Families with Dependent Children and there was no assignment to a state or county agency of child support and shall certify on information and belief that there is not current or past action by a district attorney pending for child support or child support enforcement on the judgment creditor's behalf.

The request shall have attached a proof of service showing that copies of the request, the affidavit, and the abstract or certified copy of the judgment or decree ordering the payment of child support have been served on the judgment debtor and the district attorney of the county in which the support judgment is entered. Service shall be by certified mail, postage prepaid, return receipt requested, to the last known address of the party to be served, or by personal service.

This subdivision does not apply in any instance in which a district attorney initiated or participated as counsel in the action for child support or if child support is required to be paid through a district attorney's office.

This subdivision shall be operative only until January 1, 1994.

SEC. 1.5. Section 708.740 of the Code of Civil Procedure is amended to read:

708.740. (a) Except as provided in subdivision (e), if money is owing and unpaid to the judgment debtor by a state agency, the judgment creditor shall file the abstract or certified copy of the judgment and the affidavit with the state agency owing the money to the judgment debtor prior to the time the state agency presents the claim of the judgment debtor to the Controller. Where the affidavit is prepared under subdivision (c) of Section 708.730, the affidavit shall be filed with the State Department of Social Services, and no abstract need be filed. Filing of the affidavit with the department shall be sufficient to require the Controller to transfer the funds claimed by the judgment debtor, notwithstanding that the claim of the judgment debtor has been filed with another state agency.

(b) When presenting the claim of the judgment debtor to the Controller, the state agency shall do all of the following:

(1) Note the fact of the filing of the abstract or certified copy of the judgment and the affidavit.

(2) State the amount required to satisfy the judgment as shown by the affidavit.

(3) State any amounts advanced to the judgment debtor by the state, or owed by the judgment debtor to the state, for expenses or for any other purpose.

(c) Except as provided in subdivisions (d) and (e), to discharge the claim of the judgment debtor, the Controller shall (1) deposit with the court, by a warrant or check payable to the court, the amount due the judgment debtor (after deducting an amount sufficient to reimburse the state for any amounts advanced to the

judgment debtor or owed by the judgment debtor to the state) required to satisfy the money judgment as shown by the affidavit in full or to the greatest extent and (2) pay the balance thereof, if any, to the judgment debtor.

(d) Where an affidavit stating the existence of a judgment for support has been submitted to the State Department of Social Services, pursuant to subdivision (c) of Section 708.730, to discharge the claim of a judgment debtor, the Controller shall direct payment to the county agency designated by the district attorney in his or her affidavit.

(e) Where the judgment is for support and the money owed is for lottery winnings or a refund of overpayment of tax, penalty, interest, or interest allowable with respect to an overpayment under Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, and the support obligation is not being enforced pursuant to Section 11475.1 of the Welfare and Institutions Code, the judgment creditor may file the abstract or certified copy of the judgment with the district attorney of the county in which the support judgment is entered or registered. The district attorney shall then file the claim of the judgment creditor pursuant to subdivision (c) of Section 708.730. When funds are received by the district attorney he or she shall discharge any claim of the judgment debtor by forwarding those sums to the clerk of the court pursuant to subdivision (c) of this section. Any and all notices otherwise required of a judgment creditor or the clerk of the court, and any litigation to enforce rights under this subdivision shall be the responsibility of the judgment creditor, the same as if service had been directly on the Controller without the intervention of the district attorney.

(f) Where the claim of the judgment debtor is less than ten dollars ($10) and the claim of the judgment creditor arises under an affidavit filed pursuant to subdivision (c) of Section 708.730, the Controller may disregard the claim of the judgment creditor and forward any and all sums due to the judgment debtor. In the event that there is more than one claimant for a refund, the Franchise Tax Board shall have discretion in allocating the overpayment among claimants.

(g) Should two or more district attorneys submit claims on behalf of a judgment creditor, the Controller in his or her discretion may select which claim or claims he or she shall honor.

(h) Any claims which are honored in behalf of a judgment creditor shall be considered as refunds of tax overpayments to the judgment debtor.

SEC. 2. Section 708.780 of the Code of Civil Procedure is amended to read:

708.780. (a) Filing of the abstract or certified copy of the judgment and the affidavit pursuant to this article creates a lien on the money owing and unpaid to the judgment debtor by the public entity in an amount equal to that which may properly be applied to the satisfaction of the money judgment under this article.

(b) When an affidavit is filed pursuant to subdivision (c) of

Section 708.730, it shall apply to all claims for refund from the Franchise Tax Board under the Personal Income Tax Law, Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code, or the Bank and Corporation Tax Law, Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code, which the judgment debtor subsequently claims during a period one year after filing of the affidavit, or October 1 of the year following the filing of the affidavit, whichever occurs later, the same as if claims for these overpayments were filed by the judgment debtor with the appropriate state agency on the date the affidavit was filed.

(c) When a request is filed pursuant to subdivision (d) of Section 708.730 with the court, and upon order of the court, the clerk of the court shall issue a Notice of Child Support Lien Arrearage. The court shall order the clerk of the court to issue the notice 30 days after the request was filed pursuant to subdivision (d) of Section 708.730 without a hearing if no objection has been raised by the judgment debtor pursuant to this subdivision. If an objection has been raised, the notice shall not be ordered until after a hearing. The notice shall contain the name of the parent ordered to pay support and his or her social security number; the amount of the arrearage determined by the court; a statement of how the recipient may challenge the statement of arrearage; and the name, address, and social security number of the person to whom the arrearage is owed. Upon the clerk of the court issuing the Notice of Child Support Arrearage, a copy of the request, the affidavit, and the notice shall be served by the party who requested the court to issue the Notice of Child Support Arrearage upon the parent ordered to pay support and the Controller. Service may be personal, in accordance with Section 1011, or by mail, in accordance with Section 1013. Service upon the Controller shall be at the Controller's office in Sacramento.

The judgment debtor may object to the request or affidavit upon any of the following grounds: (1) there is an error in the amount of the arrearage stated in the affidavit; (2) the alleged judgment debtor is not the judgment debtor from whom the support is due; (3) the amount to be intercepted exceeds that allowable under federal law; (4) a default in payment of the support for 30 days has not occurred; or (5) other necessary factual allegations contained in the affidavit are erroneous.

Upon receipt of the Notice of Child Support Arrearage, the Controller shall take reasonable measures to deduct from any personal income tax refunds and lottery winnings owed and processed for payment to the judgment debtor and deposit with the court a warrant, subject to Sections 708.770 and 708.775, with service of a copy of the warrant upon the district attorney of the county in which the support judgment is entered, payable to the court, the amount due the judgment creditor (after deducting an amount sufficient to reimburse the state for any amounts advanced to the judgment debtor or owed by the judgment debtor to the state)

required to satisfy the money judgment as shown by the affidavit in full or to the greatest extent, and pay the balance thereof, if any, to the judgment debtor. At any hearing pursuant to Section 708.770, the judgment debtor may challenge the distribution of these funds on exemption or other grounds, including, but not limited to, an allegation that the judgment has been satisfied or that service was improper. The notice shall not apply to any money which is exempt by law from execution. The Controller shall determine the cost of enforcing the notice and may establish a notice filing fee not to exceed five dollars ($5).

Service of the Notice of Child Support Arrearage and of the request and affidavit pursuant to this subdivision creates a lien on the money owing and unpaid to the judgment debtor which shall become effective 30 days following service upon the Controller. This notice shall remain in effect for four years from the date of its issuance or until the arrearage for which the notice was issued is satisfied, whichever occurs first.

Any person who files a request with the court to issue a Notice of Child Support Arrearage pursuant to subdivision (d) of Section 708.730 shall notify the court and the Controller of any satisfaction of the arrearage after the Notice of Child Support Arrearage has been issued by the clerk of the court. The notice to the court and the Controller shall be filed with the court and the Controller and served upon the district attorney of the county in which the support judgment is entered within 30 days of the satisfaction or discharge and shall show a partial or full satisfaction of the arrearage or any other resolution of the arrearage.

Upon filing and service, the Notice of Child Support Arrearage shall be of no force and effect.

This subdivision shall be operative only until January 1, 1994.

SEC. 3. Section 12419.3 of the Government Code is amended to read:

12419.3. (a) The Controller shall, until December 31, 1990, offset delinquent accounts against personal income tax refunds which have been certified by the Franchise Tax Board, in the following priority:

(1) The nonpayment of child support accounts enforced by a district attorney.

(2) The nonpayment of child support accounts enforced by someone other than a district attorney.

(3) The benefit overpayment accounts administered by the Employment Development Department if no signed reimbursement agreement exists, or if two consecutive payments on a reimbursement agreement are delinquent as of September 30 of the taxable year.

(4) The other offset accounts in the priority determined by the Controller.

(b) The Controller, the Franchise Tax Board, and the department shall annually report to the Assembly Committees on Finance and Insurance and Revenue and Taxation and the Senate Committees on

Industrial Relations and Revenue and Taxation on the progress of offsets in reducing outstanding benefit overpayment accounts, and the programs for multiple offsets with adjustable priorities and cross-matching capabilities.

The first report shall be submitted prior to July 1, 1985, covering the 1984 taxable year and annually thereafter on July 1 covering the previous taxable year. The last report shall be due on July 1, 1989.

SEC. 4. The Judicial Council shall, in cooperation with the Controller and the Franchise Tax Board, develop a form entitled "Notice of Child Support Arrearage," forms for an order to impose a lien on sums payable by the State of California on personal income tax refunds and lottery winnings, as provided for in this act, and any other forms that it shall deem necessary for the implementation of Section 1 of this act.

SEC. 5. Sections 1, 2, and 3 of this act shall be operative on July 1, 1989.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1018

An act to amend Section 704.7 of the Insurance Code, relating to insurance.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 704.7 of the Insurance Code is amended to read:

704.7. The commissioner, in any proceeding under Section 704 for any of the violations specified in that section, may, by an alternative order, permit the holder of that certificate of authority to elect in writing to pay a specified money penalty, within a specified time, in lieu of the suspension of its certificate of authority. If the holder so elects, the sum of money specified shall be paid to the commissioner for the use of the State of California. The sum specified shall not exceed fifty-five thousand dollars ($55,000). If the holder so electing fails to pay the specified sum within the specified time the commissioner shall, unless his or her order be lawfully stayed,

forthwith put in effect the alternative specified in his or her order.

All moneys received by the commissioner pursuant to this section shall, when appropriated for that purpose by the Legislature, be available for expenditure by the commissioner in accordance with law in administration and enforcement of this code and other insurance laws.

The authority vested in the commissioner by this section shall be additional to and not in lieu of any other authority to enforce any penalties, fines or forfeitures, denials, suspensions, restrictions, or revocations of certificates of authority otherwise authorized by law.

(c) Carry or use a firearm unless he or she possesses a valid and current firearms permit from the department and evidence of proficiency in the use of the weapon carried. Proficiency may be evidenced by a certificate from a firearm training facility approved by the director certifying that such person is proficient in the use of that specified caliber of firearm.

(d) Fail to report to his or her employer within 24 hours of the incident the circumstances surrounding any incident involving the discharge of any firearm in which he or she is involved while acting within the course and scope of his or her employment.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1020

An act relating to the Youth Authority, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

The environmental impact reports shall include the proposed new prison construction sites in Kern County.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Facilities of the Youth Authority are severely overcrowded, and this bill is necessary to expedite the construction of facilities that

would alleviate existing critically crowded facilities.

CHAPTER 1021

An act to amend Section 35401 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 35401 of the Vehicle Code is amended to read:

35401. (a) Except as provided in subdivisions (b) and (c), no combination of vehicles coupled together, including any attachments, shall exceed a total length of 65 feet.

(b) A combination of vehicles coupled together, including any attachments, which consists of a truck tractor, a semitrailer, and a trailer, shall not exceed a total length of 75 feet, provided that the length of neither the semitrailer nor the trailer in the combination of vehicles exceeds 28 feet 6 inches.

(c) Any city or county may, by ordinance, prohibit a combination of vehicles of a total length in excess of 60 feet upon highways under its respective jurisdiction. The ordinance shall not be effective until appropriate signs are erected indicating either the streets affected by the ordinance or the streets not affected, as the local authority determines will best serve to give notice of the ordinance.

(d) Any city or county, upon a determination that a highway or portion of highway under its jurisdiction cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, may, by ordinance, establish lesser distances consistent with the maximum distances that the highway or highway portion can sustain, except that a city or county shall not restrict the kingpin to rearmost axle measurement to less than 38 feet on those highways or highway portions. Any city or county considering the adoption of an ordinance shall consider, but not be limited to consideration of, all of the following:

(1) A comparison of the operating characteristics of the vehicles to be limited as compared to operating characteristics of other vehicles regulated by this code.

(2) Actual traffic volume.

(3) Frequency of accidents.

(4) Any other relevant data.

In addition, the city or county may appoint an advisory committee consisting of local representatives of those interests which are likely to be affected and shall consider the recommendations of the

advisory committee in adopting the ordinance. The ordinance shall not be effective until appropriate signs are erected indicating the highways or highway portions affected by the ordinance.

This subdivision shall only become operative upon the adoption of an enabling ordinance by a city or county.

(e) Whenever in the judgment of the Department of Transportation, any state highway cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, the director, in consultation with the Department of the California Highway Patrol, shall compile data on total traffic volume, frequency of use by vehicles covered by this subdivision, accidents involving these vehicles, and other relevant data to assess whether these vehicles are a threat to public safety and should be excluded from the highway or highway segment. The study, containing the conclusions and recommendations of the director, shall be submitted to the Secretary of the Business, Transportation and Housing Agency. Unless otherwise notified by the secretary, the director shall hold public hearings in accordance with the procedures set forth in Article 3 (commencing with Section 35650) of Chapter 5 for the purpose of determining the maximum kingpin to rear axle length, which shall be not less than 38 feet, that the highway or highway segment can sustain without unreasonable threat to the safety of the public. Upon the basis of the findings, the Director of Transportation shall declare in writing the maximum kingpin to rear axle lengths which can be maintained with safety upon the highway. Following the declaration of maximum lengths as provided by this subdivision, the Department of Transportation shall erect suitable signs at each end of the affected portion of the highway and at any other points that the Department of Transportation determines to be necessary to give adequate notice of the length limits.

The Department of Transportation, in consultation with the Department of the California Highway Patrol, shall compile traffic volume, geometric, and other relevant data, to assess the maximum kingpin to rearmost axle distance of vehicle combinations appropriate for those state highways or portion of highways, affected by this section, that cannot safely accommodate trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400. On or before January 1, 1989, the department shall erect suitable signs appropriately restricting truck travel on those highways, or portions of highways, and report its findings and recommendations to the Legislature.

905.5. A school district, its officers, directors, or employees shall have no civil liability in any civil action for injury, disease, death, or economic loss arising out of exposure on or after January 1, 1989, to asbestos contained in buildings owned, leased, or otherwise used by a school district, except upon proof that the injury, disease, death, or economic loss was caused by the negligence of the school district, its officers, directors, or employees. Notwithstanding the provisions of Section 815.6 of the Government Code and Section 669 of the Evidence Code, no presumption of negligence shall apply to any action under this section. This section applies only to actions against school districts, and shall not apply to any other action, including, but not limited to, actions against a manufacturer, contractor, or any person who makes, sells, distributes, furnishes, or installs asbestos-containing materials. This section shall not affect, alter, or otherwise modify the law pertaining to workers' compensation claims. This section shall not affect the right of a school district, its officers, directors, or employees to seek indemnification.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 18165 of the Financial Code is amended to read:

18165. An industrial loan company shall not transact business or make any loan provided for by this division at any other place of business than that designated in its certificate of authorization issued pursuant to Section 18101 or 18149, without having obtained the prior written approval of the commissioner. business in California other than designated in its certificate of authorization upon written approval of the commissioner, without obtaining a certificate of authorization to conduct business at a branch office pursuant to Article 4 (commencing with Section 18145). The commissioner may by rule, order, or regulation permit loans to be made or entered into at places other than designated by an industrial loan company in its certificate of authorization if such loans can be so made consistent with the purposes of the Industrial Loan Law.

SEC. 2. Section 18510 of the Financial Code is amended to read:

18510. The Board of Directors of Guaranty Corporation shall be composed of 11 members, four of which shall be public members; and commencing July 1, 1989, the board shall be composed of five members, at least two of which shall be public members. The five members shall be appointed by the Commissioner of Corporations. The commissioner shall consult with the President of Thrift Guaranty Corporation before making an appointment. Public members shall not be affiliated with any company or affiliate of any company or employed by any state agency. A public member shall not be a relative of any officer or director of any company or its affiliates.

CHAPTER 1024

An act to amend Section 602 of the Penal Code, relating to real property.

The owner, the owner's agent, or the person in lawful possession shall make a separate request to the peace officer on each occasion when the peace officer's assistance in dealing with a trespass is requested. However, a single request for a peace officer's assistance may be made to cover a limited period of time not to exceed 30 days and identified by specific dates, during which there is a fire hazard or the owner, owner's agent or person in lawful possession is absent from the premises or property. The data shall be compiled from, but not limited to, the following:

(a) Board of Equalization.

(b) Franchise Tax Board.

(c) Office of Small and Minority Business within the Department of General Services.

(d) Employment Development Department.

(e) Small Business Advocate within the Business, Transportation and Housing Agency.

(f) United States Small Business Administration.

(g) United States Census Bureau.

The above-named departments and units within the California state government shall be responsible for full cooperation with the Department of Commerce to explore opportunities for expanding the scope and amount of information on the state's small business economy.

Nothing in this section shall require an agency providing the

information required under this section to disclose any confidential information that would link the data to the individual to whom it pertains.

14182. A statistical abstract of data compiled under Section 14181 shall be provided by the Department of Commerce to the Legislature and to each of the Senate and Assembly Select Committees on Small Business Enterprise on or before June 30, 1989, and on an annual basis thereafter.

CHAPTER 1026

(d) Each person for whom waste discharge requirements have been prescribed pursuant to Section 13263 shall submit an annual fee not to exceed ten thousand dollars ($10,000) according to a reasonable fee schedule established by the state board. Fees shall be calculated on the basis of total flow, volume, number of animals, or area involved.

(e) Each report of waste discharge for a new discharge submitted under this section shall be accompanied by a fee equal in amount to

(h) Each report submitted under this section shall be sworn to or submitted under penalty of perjury.

(i) The regulations adopted by the state board pursuant to subdivision (f) shall include a provision that annual fees shall not be imposed on those who pay fees under the National Pollutant Discharge Elimination System until such time as those fees are again due, at which time the fees shall become due on an annual basis.

(j) Facilities for confined animal feeding or holding operations, including dairy farms, which have been issued waste discharge requirements or exempted from waste discharge requirements prior to January 1, 1989, are exempt from subdivision (d). (4) The discovery of any generator not previously identified.

(d) The board shall submit a bill to these newly identified or reclassified facilities or generators for the fees, or difference in fees, which shall be due and payable within 30 days from the date of billing.

(e) If any fee is not paid in the time prescribed by this section, the generator shall pay the penalties and interest imposed pursuant to Sections 43155 and 43156 of the Revenue and Taxation Code except that the board may grant an extension pursuant to Section 43154 of the Revenue and Taxation Code.

(f) The generator fee due under Section 25205.5 shall be offset by any fees paid by the generator during the preceding calendar year for a local hazardous waste management program conducted by a local agency pursuant to a memorandum of understanding with the department. The amount of the credit provided under this subdivision shall not exceed an amount equal to the fees paid to the local agency or the generator fee due under Section 25205.5, whichever is less. SEC. 2. Section 6073 of the Revenue and Taxation Code is amended to read:

6073. (a) When the board determines it is necessary for the efficient administration of this part, the board may require the operator of a swap meet, flea market, or special event as a prerequisite to renting or leasing space on the premises owned or controlled by such operator to a person desiring to engage in or conduct business as a seller, to obtain evidence that the seller is the holder of a valid seller's permit issued pursuant to Section 6067 of this part, or a written statement from the seller that he or she is not offering for sale any item that is taxable under this part.

(b) "Swap meet, flea market, or special event," as used in this section, means an activity involving a series of sales sufficient in number, scope and character to constitute a regular course of business, or any event at which two or more persons offer tangible personal property for sale or exchange and at which a fee is charged for the privilege of displaying such property for sale or exchange or at which a fee is charged to prospective buyers for admission to the area where such property is offered or displayed for sale or exchange.

(c) Any operator of a swap meet, flea market, or special event who fails or refuses to comply with the provisions of this section is punishable by a fine of not exceeding one thousand dollars ($1,000) for each offense.

SEC. 3. Section 6359.2 of the Revenue and Taxation Code is amended to read:

6359.2. (a) Except as otherwise provided in Sections 6359.4, 6359.45, 6363, and 6370, for the year beginning on January 1, 1988, and ending on December 31, 1988, 77 percent of the gross receipts of any retailer from the sale at retail of food products shall be subject to the tax imposed by Section 6051, when those food products are actually sold through a vending machine.

(b) Except as otherwise provided in Sections 6359.4, 6359.45, 6363, and 6370, for the year beginning on January 1, 1989, and ending on December 31, 1989, 55 percent of the gross receipts of any retailer from the sale at retail of food products shall be subject to the tax imposed by Section 6051, when those food products are actually sold through a vending machine.

(c) Except as otherwise provided in Sections 6359.4, 6359.45, 6363, and 6370, for the year beginning on January 1, 1990, and thereafter, 33 percent of the gross receipts of any retailer from the sale at retail of food products shall be subject to the tax imposed by Section 6051, when those food products are actually sold through a vending machine.

(d) (1) The Legislature finds that 33 percent represents the statewide average of food products sold through vending machines which are subject to the tax imposed under this part. Therefore, the Legislature establishes this average as the measure of the tax with respect to vending machine sales to simplify tax auditing procedures and to provide for uniformity in the taxation of gross receipts derived from the sale of food products through vending machines.

(2) The Legislature also finds that due to fiscal constraints, it is necessary to phase in the partial exemption for sales made through vending machines in the 1988 and 1989 calendar years.

(e) For purposes of this section, "food products" includes hot coffee, hot tea, and hot chocolate, when those hot beverages are actually sold through a vending machine for a separate price. "Food products" does not include other hot prepared food products, as defined in Section 6359.

SEC. 4. Section 6901 of the Revenue and Taxation Code is amended to read:

6901. If approved by the State Board of Control the excess amount collected or paid shall be credited by the board on any amounts then due and payable

from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his or her successors, administrators, or executors.

The board, however, without obtaining approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his or her successors, administrators, or executors, if a determination by the board is made in either of the following cases:

(a) An amount of tax, interest, or penalty not exceeding fifty thousand dollars ($50,000) was not required to be paid.

(b) Any amount of prepayment of sales tax, interest, or penalty paid pursuant to Article 1.5 (commencing with Section 6480) of Chapter 5 was not required to be paid.

Any overpayment of the use tax by a purchaser to a retailer who is required to collect the tax and who gives the purchaser a receipt therefor pursuant to Article 1 (commencing with Section 6201) of Chapter 3 shall be credited or refunded by the state to the purchaser.

SEC. 5. Section 6981 of the Revenue and Taxation Code is amended to read:

6981. If any amount in excess of fifty thousand dollars ($50,000) has been illegally determined either by the person filing the return or by the board, the board shall set forth that fact in its records and certify to the State Board of Control the amount determined to be in excess of the amount legally due and the person against whom the determination was made. If the State Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. If an amount not exceeding fifty thousand dollars ($50,000) has been illegally determined either by the person filing a return or by the board, the board without certifying this fact to the State Board of Control shall authorize the cancellation of the amount upon the records of the board.

(1) A provision imposing a tax for the privilege of selling tangible personal property at retail upon every retailer in the district at a rate of one-half of 1 percent of the gross receipts of the retailer from the sale of all tangible personal property sold by that person at retail in the district.

(2) Provisions identical to those contained in Part 1 (commencing with Section 6001), insofar as they relate to sales taxes and are not inconsistent with this part, except that the name of the district as the taxing agency shall be substituted for that of the state and that an additional transactor's permit shall not be required if a seller's permit

has been or is issued to the transactor under Section 6067.

(3) A provision that all amendments subsequent to the effective date of this part to Part 1 (commencing with Section 6001) relating to sales tax and not inconsistent with this part shall automatically become a part of the transactions and use taxes ordinance; provided, however, that no such amendment shall operate so as to affect the rate of tax imposed by the district's board.

(4) A provision that the amount subject to tax shall not include the amount of sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or the amount of any state-administered transactions or use tax.

(6) A provision that sales of property to be used outside the district which are shipped to a point outside the district, pursuant to the contract of sale, by delivery to such point by the retailer or her agent, or by delivery by the retailer to a carrier for shipment to a consignee at such point, are exempt from the tax.

For purposes of this section, "delivery" of vehicles subject to registration pursuant to Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code, aircraft licensed in compliance with Section 21411 of the Public Utilities Code, and undocumented vessels registered under Division 3.5 (commencing with Section 9840) of the Vehicle Code shall be satisfied by registration to an out-of-district address and by a declaration under penalty of perjury, signed by the buyer, stating that such address is, in fact, his or her principal place of residence.

"Delivery" of commercial vehicles shall be satisfied by registration to a place of business out of district and a declaration under penalty of perjury, signed by the buyer, that the vehicle will be operated from that address.

(7) A provision that the sale of tangible personal property is exempt from tax if the seller is obligated to furnish the property for a fixed price pursuant to a contract entered into prior to the operative date of the ordinance. A lease of tangible personal property which is a continuing sale of such property is exempt from tax for any period of time for which the lessor is obligated to lease the property for an amount fixed by the lease prior to the operative date of the ordinance. For the purposes of this subdivision, the sale or lease of tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such

(1) Provisions identical to those contained in Part 1 (commencing with Section 6001), insofar as they relate to use taxes and are not inconsistent with this part, except that the name of the district as the taxing agency shall be substituted for that of the state. The name of the district shall be substituted for the word "state" in the phrase "retailer engaged in business in this state" in Section 6203 and in the definition of that phrase.

The following additional provisions shall be included:

(A) Except as provided in subparagraph (B), a retailer engaged in business in the district shall not be required to collect use tax from the purchaser of tangible personal property, unless the retailer ships or delivers the property into the district or participates within the district in making the sale of the property, including, but not limited to, soliciting or receiving the order, either directly or indirectly, at a place of business of the retailer in the district or through any representative, agent, canvasser, solicitor, subsidiary, or person in the district under the authority of the retailer.

However, no amendment shall operate so as to affect the rate of tax imposed by the district's board.

CHAPTER 1036

An act to amend Sections 490.5 and 1001.65 of the Penal Code, relating to criminal law.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 490.5 of the Penal Code is amended to read:

490.5. (a) Upon a first conviction for petty theft involving merchandise taken from a merchant's premises or a book or other library materials taken from a library facility, a person shall be punished by a mandatory fine of not less than fifty dollars ($50) and not more than one thousand dollars ($1,000) for each such violation; and may also be punished by imprisonment in the county jail, not exceeding six months, or both such fine and imprisonment.

(b) When an unemancipated minor's willful conduct would constitute petty theft involving merchandise taken from a merchant's premises or a book or other library materials taken from a library facility, any merchant or library facility who has been injured by that conduct may bring a civil action against the parent or legal guardian having control and custody of the minor. For the purposes of those actions the misconduct of the unemancipated minor shall be imputed to the parent or legal guardian having control and custody of the minor. The parent or legal guardian having control or custody of an unemancipated minor whose conduct violates this subdivision shall be jointly and severally liable with the minor to a merchant or to a library facility for damages of not less than fifty dollars ($50) nor more than five hundred dollars ($500), plus costs. In addition to the foregoing damages, the parent or legal guardian shall be jointly and severally liable with the minor to the merchant for the retail value of the merchandise if it is not recovered in a merchantable condition, or to a library facility for the fair market value of its book or other library materials. Recovery of these damages may be had in addition to, and is not limited by, any other provision of law which limits the liability of a parent or legal guardian for the tortious conduct of a minor. An action for recovery of damages, pursuant to this subdivision, may be brought in small claims court if the total damages do not exceed the jurisdictional limit of that court, or in any other appropriate court; however, total damages, including the value of the merchandise or book or other

library materials, shall not exceed five hundred dollars ($500) for each action brought under this section.

The provisions of this subdivision are in addition to other civil remedies and do not limit merchants or other persons to elect to pursue other civil remedies, except that the provisions of Section 1714.1 of the Civil Code shall not apply herein.

(c) When an adult or emancipated minor has unlawfully taken merchandise from a merchant's premises, or a book or other library materials from a library facility, the adult or emancipated minor shall be liable to the merchant or library facility for damages of not less than fifty dollars ($50) nor more than five hundred dollars ($500), plus costs. In addition to the foregoing damages, the adult or emancipated minor shall be liable to the merchant for the retail value of the merchandise if it is not recovered in merchantable condition, or to a library facility for the fair market value of its book or other library materials. An action for recovery of damages, pursuant to this subdivision, may be brought in small claims court if the total damages do not exceed the jurisdictional limit of such court, or in any other appropriate court. The provisions of this subdivision are in addition to other civil remedies and do not limit merchants or other persons to elect to pursue other civil remedies.

(d) In lieu of the fines prescribed by subdivision (a), any person may be required to perform public services designated by the court, provided that in no event shall any such person be required to perform less than the number of hours of such public service necessary to satisfy the fine assessed by the court as provided by subdivision (a) at the minimum wage prevailing in the state at the time of sentencing.

(e) All fines collected under this section shall be collected and distributed in accordance with Sections 1463 and 1463.1 of the Penal Code; provided, however, that a county may, by a majority vote of the members of its board of supervisors, allocate any amount up to, but not exceeding 50 percent of such fines to the county superintendent of schools for allocation to local school districts. The fines allocated shall be administered by the county superintendent of schools to finance public school programs, which provide counseling or other educational services designed to discourage shoplifting, theft, and burglary. Subject to rules and regulations as may be adopted by the Superintendent of Public Instruction, each county superintendent of schools shall allocate such funds to school districts within the county which submit project applications designed to further the educational purposes of this section. The costs of administration of this section by each county superintendent of schools shall be paid from the funds allocated to the county superintendent of schools.

(f) (1) A merchant may detain a person for a reasonable time for the purpose of conducting an investigation in a reasonable manner whenever the merchant has probable cause to believe the person to be detained is attempting to unlawfully take or has unlawfully taken

merchandise from the merchant's premises.

A person employed by a library facility may detain a person for a reasonable time for the purpose of conducting an investigation in a reasonable manner whenever the person employed by a library facility has probable cause to believe the person to be detained is attempting to unlawfully remove or has unlawfully removed books or library materials from the premises of the library facility.

(2) In making the detention a merchant or a person employed by a library facility may use a reasonable amount of nondeadly force necessary to protect himself or herself and to prevent escape of the person detained or the loss of property.

(3) During the period of detention any items which a merchant or any items which a person employed by a library facility has probable cause to believe are unlawfully taken from the premises of the merchant or library facility and which are in plain view may be examined by the merchant or person employed by a library facility for the purposes of ascertaining the ownership thereof.

(4) A merchant, a person employed by a library facility, or an agent thereof, having probable cause to believe the person detained was attempting to unlawfully take or has taken any item from the premises, may request the person detained to voluntarily surrender the item. Should the person detained refuse to surrender the item of which there is probable cause to believe has been unlawfully taken from the premises, or attempted to be unlawfully taken from the premises, a limited and reasonable search may be conducted by those authorized to make the detention in order to recover the item. Only packages, shopping bags, handbags or other property in the immediate possession of the person detained, but not including any clothing worn by the person, may be searched pursuant to this subdivision. Upon surrender or discovery of the item, the person detained may also be requested, but may not be required, to provide adequate proof of his or her true identity.

(5) A peace officer who accepts custody of a person arrested for an offense contained in this section may, subsequent to the arrest, search the person arrested and his or her immediate possessions for any item or items alleged to have been taken.

(6) In any civil action brought by any person resulting from a detention or arrest by a merchant, it shall be a defense to such action that the merchant detaining or arresting such person had probable cause to believe that the person had stolen or attempted to steal merchandise and that the merchant acted reasonably under all the circumstances.

In any civil action brought by any person resulting from a detention or arrest by a person employed by a library facility, it shall be a defense to such action that the person employed by a library facility detaining or arresting such person had probable cause to believe that the person had stolen or attempted to steal books or library materials and that the person employed by a library facility acted reasonably under all the circumstances.

(g) As used in this section:

(1) "Merchandise" means any personal property, capable of manual delivery, displayed, held or offered for retail sale by a merchant.

(2) "Merchant" means an owner or operator, and the agent, consignee, employee, lessee, or officer of an owner or operator, of any premises used for the retail purchase or sale of any personal property capable of manual delivery.

(3) The terms "book or other library materials" include any book, plate, picture, photograph, engraving, painting, drawing, map, newspaper, magazine, pamphlet, broadside, manuscript, document, letter, public record, microform, sound recording, audiovisual material in any format, magnetic or other tape, electronic data-processing record, artifact, or other documentary, written or printed material regardless of physical form or characteristics, or any part thereof, belonging to, on loan to, or otherwise in the custody of a library facility.

(4) The term "library facility" includes any public library; any library of an educational, historical or eleemosynary institution, organization or society; any museum; any repository of public records.

(h) Any library facility shall post at its entrance and exit a conspicuous sign to read as follows:

"IN ORDER TO PREVENT THE THEFT OF BOOKS AND LIBRARY MATERIALS, STATE LAW AUTHORIZES THE DETENTION FOR A REASONABLE PERIOD OF ANY PERSON USING THESE FACILITIES SUSPECTED OF COMMITTING "LIBRARY THEFT" (PENAL CODE SECTION 490.5)."

SEC. 2. Section 1001.65 of the Penal Code is amended to read:

1001.65. (a) A district attorney may collect a fee if his or her office collects and processes a bad check. The amount of the fee shall not exceed twenty-five dollars ($25) for each bad check.

(b) Notwithstanding subdivision (a), if a bad check case is not referred to a diversion program pursuant to this chapter, the court may impose a bad check collection fee for the collection and processing of a bad check by the district attorney of not more than twenty-five dollars ($25) for each bad check, not to exceed one thousand dollars ($1,000) in the aggregate. The court may also, as a condition of probation, require a defendant to participate in and successfully complete a check writing education class. If so required, the court shall make inquiry into the financial condition of the defendant, and upon a finding that the defendant is able in whole or part to pay the expense of the education class, the court may order him or her to pay for all or part of that expense.

CHAPTER 1037

An act to amend Section 5653 of, and to add Sections 5653.3, 5653.5, 5653.7, and 5653.9 to, the Fish and Game Code, relating to fish, and making an appropriation therefor.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 5653 of the Fish and Game Code is amended to read:

5653. (a) Before any person uses any vacuum or suction dredge equipment in any river, stream or lake of this state, the person shall submit an application for a permit for a dredge to the department, specifying the type and size of equipment to be used and other information as the department may require.

(b) The department may designate waters or areas wherein vacuum or suction dredges may be used pursuant to a permit, waters or areas closed to those dredges, the maximum size of those dredges which may be used, and the time of year when those dredges may be used. If the department determines that the operation will not be deleterious to fish, it shall issue a permit to the applicant. If any person operates any equipment other than that authorized by the permit or conducts the operation in any waters or area or at any time which is not authorized by the permit, or if any person conducts the operation without securing the permit, the person is guilty of a misdemeanor.

(c) The department shall issue a permit upon the payment, in the case of a resident, of a base fee of twenty-five dollars ($25), as adjusted under Section 713, when an onsite investigation of the project size is not deemed necessary by the department, and a base fee of one hundred thirty dollars ($130), as adjusted under Section 713, when the department deems an onsite investigation is necessary. In the case of a nonresident, the base fee shall be one hundred dollars ($100), as adjusted under Section 713, when an onsite investigation is not deemed necessary, and a base fee of two hundred twenty dollars ($220), as adjusted under Section 713, when an onsite investigation is deemed necessary.

(d) It is unlawful to possess a vacuum or suction dredge in areas, or in or within 100 yards of waters, which are closed to the use of vacuum or suction dredges.

SEC. 2. Section 5653.3 is added to the Fish and Game Code, to read:

5653.3. Any person required to possess a permit pursuant to Section 5653 shall present his or her dredging equipment for inspection upon request of a state or county fish and game warden.

SEC. 3. Section 5653.5 is added to the Fish and Game Code, to

read:

5653.5. For purposes of Section 5653, "river, stream, or lake" means the body of water at the current water level at the time of the dredging.

SEC. 4. Section 5653.7 is added to the Fish and Game Code, to read:

5653.7. In the event of an unanticipated water level change, when necessary to protect fish and wildlife resources, the department may close areas that were otherwise opened for dredging and for which permits were issued pursuant to Section 5653.

SEC. 5. Section 5653.9 is added to the Fish and Game Code, to read:

5653.9. The department may adopt regulations to carry out Sections 5653, 5653.3, 5653.5, and 5653.7.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1038

An act to amend Section 3212.1 of the Labor Code, relating to workers' compensation.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 3212.1 of the Labor Code is amended to read:

3212.1. In the case of active firefighting members of fire departments of cities, counties, cities and counties, districts, or other public or municipal corporations or political subdivisions, and active firefighting members of the fire departments of the University of California and the California State University, whether these members are volunteers, partly paid, or fully paid, and in the case of active firefighting members of the Department of Forestry, or of any county forestry or firefighting department or unit, whether volunteers, partly paid, or fully paid, the term "injury" as used in this division includes cancer which develops or manifests itself during a period while the member is in the service of the department or unit, provided that the member demonstrates that he or she was exposed, while in the service of the department or unit, to a known carcinogen as defined by the International Agency for Research on Cancer, or

as defined by the director, and that the carcinogen is reasonably linked to the disabling cancer.

The compensation which is awarded for cancer shall include full hospital, surgical, medical treatment, disability indemnity, and death benefits, as provided by this division.

The cancer so developing or manifesting itself in these cases shall be presumed to arise out of and in the course of the employment. This presumption is disputable and may be controverted by other evidence, but unless so controverted, the appeals board is bound to find in accordance with it. This presumption shall be extended to a member following termination of service for a period of three calendar months for each full year of the requisite service, but not to exceed 60 months in any circumstance, commencing with the last date actually worked in the specified capacity.

CHAPTER 1039

An act to amend Section 5353 of the Public Utilities Code, and to add Section 34507.6 to the Vehicle Code, relating to carriers.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 5353 of the Public Utilities Code is amended to read:

5353. This chapter does not apply to any of the following:

(e) Transportation service rendered by a publicly owned transit system.

This exemption also applies to a vehicle having a seating capacity of more than 15 passengers if the driver files with the commission evidence of liability insurance protection in the same amount and in the same manner as required for a passenger stage corporation, and the vehicle undergoes and passes an annual safety inspection by the Department of the California Highway Patrol. The insurance filing shall be accompanied by a one-time filing fee of seventy-five dollars ($75). This exemption does not apply if the primary purpose for the transportation of those persons is to make a profit. "Profit," as used in this subdivision, does not include the recovery of the actual costs incurred in owning and operating a vanpool vehicle, as defined in Section 668 of the Vehicle Code.

(i) Medical transportation vehicles, including vehicles employed to transport developmentally disabled persons for regional centers established pursuant to Chapter 5 (commencing with Section 4620) of Division 4.5 of the Welfare and Institutions Code.

(*l*) Subject to Section 34507.6 of the Vehicle Code, transportation service provided by the operator of a hotel, motel, or other place of temporary lodging in vehicles owned or leased by that operator, without charge other than as may be included in the charges for lodging, between the lodging facility and an air, rail, water, or bus passenger terminal or between the lodging facility and any place of entertainment or commercial attraction, including, but not limited to, facilities providing snow skiing. Nothing in this subdivision authorizes the operator of a hotel, motel, or other place of temporary

lodging to provide any round-trip sightseeing service without a permit, as required by subdivision (c) of Section 5384.

SEC. 2. Section 34507.6 is added to the Vehicle Code, to read:

34507.6. (a) Every operator of transportation service which is exempt from regulation as a charter-party carrier of passengers pursuant to subdivision (k) or (*l*) of Section 5353 of the Public Utilities Code, and which furnishes that transportation service in a bus, shall obtain a carrier identification number from the Department of the California Highway Patrol. (3) The carrier identification number shall be removed before the sale, transfer, or other disposal of the bus.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1040

An act to add and repeal Article 2.7 (commencing with Section 1228) of Chapter 1 of Part 2 of Division 2 of the Water Code, relating to water rights.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Article 2.7 (commencing with Section 1228) is added to Chapter 1 of Part 2 of Division 2 of the Water Code, to read:

Article 2.7. Registration of Small Use Domestic Appropriations

1228. This article shall be known and may be cited as the Water Rights Permitting Reform Act of 1988.

1228.1. (a) The Legislature finds and declares that it is in the public interest to provide a timely, efficient, and economic procedure for the acquisition of rights to appropriate water for a

small domestic use, including incidental stockwatering and irrigation uses, subject to prior rights.

(b) As used in this article, "small domestic use" means a domestic use, not to exceed direct diversion of 4500 gallons per day or diversion by storage of 10 acre-feet per annum, as that use is defined by board rule, and shall include impoundment for incidental aesthetic, recreational. or fish and wildlife purposes.

1228.2. (a) Subject to subdivision (b), any person may obtain a right to appropriate water for a small domestic use upon first registering the use with the board and thereafter applying the water to reasonable and beneficial use with due diligence, except that not more than one registration shall be in effect at any time for any facility.

(b) Initiation of rights to appropriate water pursuant to this article shall be subject to Article 1.3 (commencing with Section 1205), relating to fully appropriated stream systems. The board shall not accept any registration of water use which proposes as a source of water supply any stream system which has been unconditionally declared by the board to be fully appropriated pursuant to Section 1205, except that subdivision (b) of Section 1206, relating to conditional declarations of fully appropriated stream systems, shall apply to registration of water use pursuant to this article, and the board shall accept those registrations where consistent with the conditions specified in any such declaration.

(c) On or before June 30, 1989, and annually thereafter, the Division of Water Rights shall prepare and submit to the board a report summarizing the location, nature, and amount of water appropriated pursuant to this article. The report shall include a description of the availability of unappropriated water in those stream systems which may become fully appropriated within the next reporting period.

(d) Whenever it can be reasonably anticipated that a stream system may become fully appropriated within the next reporting period, the board shall, following notice and hearing, determine whether that stream system should be declared fully appropriated pursuant to Article 1.3 (commencing with Section 1205).

1228.3. (a) Registration of water use pursuant to this article shall be made upon a form prescribed by the board. The registration form shall set forth all of the following:

(1) The name and post office address of the registrant.

(2) The source of water supply.

(3) The nature and amount of the proposed use.

(4) The proposed place of diversion.

(5) The place where it is intended to use the water.

(6) The time for completion of construction of diversion works and for complete application of the water to the proposed use.

(7) A certification that the registrant has contacted a representative of the Department of Fish and Game designated by that department for that purpose, has provided information to that

department which is set forth in the registration form, and has agreed to comply with all lawful conditions, including, but not limited to, conditions upon the construction and operation of diversion works, required by the Department of Fish and Game.

(8) Any other information that may reasonably be required by the board.

(b) Registration of water use shall be deemed completed on the date that the form, executed in substantial compliance with the requirements of this section, and the registration fee specified in subdivision (a) of Section 1228.8 are received by the board.

(c) The board shall issue monthly a list of registrations filed under this article during the preceding calendar month. This list shall contain the information required by paragraphs (1) to (6), inclusive, of subdivision (a). The board shall mail the monthly list of registrations filed to any person who so requests.

1228.4. (a) Any completed registration of water use gives to the registrant a priority of right as of the date of completed registration to take and use the amount of water ultimately applied with due diligence to reasonable and beneficial use thereunder, which amount shall not exceed the amount of proposed use as shown on the registration form.

(b) Any right obtained pursuant to this article shall remain in effect unless and until any of the following occur:

(1) The right is forfeited for nonuse pursuant to Section 1241, or abandoned.

(2) The right is revoked because the registrant knowingly made any false statement, or knowingly concealed any material fact, in the registration.

(3) The right is revoked for failure to renew the registration as provided in this article.

(4) The right is revoked pursuant to subdivision (c) of Section 1228.6.

1228.5. (a) Registration of a small domestic use pursuant to this article shall be renewed prior to the expiration of each five-year period following completed registration.

(b) Renewal of registration shall be made upon a form prescribed by the board and shall contain such report of water use made pursuant to the registration as may be required by the board.

(c) The conditions established by the board pursuant to Section 1228.6 which are in effect at the time of renewal of registration shall supersede the conditions which were applicable to the original completed registration.

(d) Failure to renew registration in substantial compliance with the reporting requirements prescribed by the board within the time period specified in subdivision (a), or to pay the renewal fee specified in subdivision (b) of Section 1228.8, shall result by operation of law in the revocation of any right acquired pursuant to this article.

1228.6. (a) The board shall establish, and may from time to time revise, reasonable general conditions to which all appropriations

made pursuant to this article shall be subject. The conditions shall include, but shall not be limited to, the following:

(1) The appropriation is subject to prior rights.

(2) All conditions lawfully required by the Department of Fish and Game are conditions upon the appropriations.

(3) Diversion works shall be constructed and water applied to beneficial use with due diligence.

(4) Registration shall be renewed and water use reported pursuant to law and to the rules of the board.

(b) Immediately upon registration pursuant to Section 1228.3, renewal of registration pursuant to Section 1228.5, or amended registration pursuant to Section 1228.7, the board shall provide the registrant with a written document setting forth the conditions required by this section, and the perfection and exercise of rights acquired pursuant to this article shall at all times be subject to those conditions.

(c) The conditions required by this section shall be deemed "terms and conditions" within the meaning of Section 1825 and the expression of legislative intent contained in that section shall be applicable thereto. The authority of the board to enforce the terms and conditions of permits and licenses to appropriate water, and to prevent the unlawful diversion of water, including, but not limited to, provisions regarding cease and desist orders and the revocation of permits and licenses, shall be applicable to appropriations initiated or perfected pursuant to this article.

1228.7. (a) Any registrant may change the point of diversion or place of use by delivering to the board an amended registration form in accordance with Section 1228.3, including payment of the registration fee specified in subdivision (a) of Section 1228.8, except that the purpose of the use may not be changed and the change may not operate to the injury of any legal user of the water involved.

(b) Any completed amended registration of water use continues in effect the priority of right as of the date of the original completed registration.

(c) All provisions of this article regarding appropriations made pursuant thereto, including, but not limited to, provisions regarding enforcement, are applicable to the appropriation as described in the completed amended registration, except that the conditions established by the board pursuant to Section 1228.6 which are in effect at the time of completion of the amended registration shall supersede the conditions which were applicable to the original completed registration

1228 8. (a) Every person registering a small domestic use of water shall pay to the board a registration fee of one hundred dollars ($100).

(b) Every person renewing registration of a small domestic use of water shall pay to the board a renewal fee of fifty dollars ($50).

1228.9. With regard to a small domestic use of water, no right to appropriate or use water subject to appropriation shall be initiated

on and after January 1, 1989, except upon compliance with this article, and this article shall be the exclusive means of acquiring and maintaining that right. Nothing in this article shall be construed as affecting any right initiated or acquired pursuant to permit or evidenced by license, and including any application filed but not permitted, prior to January 1, 1989.

1229. The board shall submit a report not later than January 1, 1993, to the Governor and the Legislature which shall include, but not be limited to, the effect of the registration of small domestic use appropriations on the beneficial uses of the waters of the state and on the ability of the board to carry out its duties and responsibilities as the principal state agency with primary responsibility for the coordination and control of water quality and the administration of water rights.

1229.1. This article does not apply to those stream segments for which the Director of Fish and Game establishes proposed streamflow requirements pursuant to Section 10002 of the Public Resources Code, notwithstanding the July 1, 1989, deadline for preparation of the requirements.

1229.2. This article shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 66412.6 of the Government Code is amended to read:

66412.6. (a) For purposes of this division or of a local ordinance enacted pursuant thereto, any parcel created prior to March 4, 1972, shall be conclusively presumed to have been lawfully created if at the time of the creation of the parcel there was compliance with any local ordinance or there was no local ordinance in effect which regulated divisions of land creating fewer than five parcels.

(b) For purposes of this division or of a local ordinance enacted pursuant thereto, any parcel created prior to March 4, 1972, shall be conclusively presumed to have been lawfully created if any subsequent purchaser acquired that parcel for valuable consideration without actual or constructive knowledge of a violation of this division or the local ordinance. Owners of parcels or units of

land affected by the provisions of this subdivision shall be required to obtain a certificate of compliance or a conditional certificate of compliance pursuant to Section 66499.35 prior to obtaining a permit or other grant of approval for development of the parcel or unit of land. For purposes of determining whether the parcel or unit of land complies with the provisions of this division and of local ordinances enacted pursuant thereto, as required pursuant to subdivision (a) of Section 66499.35, the presumption declared in this subdivision shall not be operative.

(c) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 2. Section 66412.6 is added to the Government Code, to read:

66412.6. (a) For purposes of this division or of a local ordinance enacted pursuant thereto, any parcel created prior to March 4, 1972, shall be conclusively presumed to have been lawfully created if the parcel resulted from a division of land in which fewer than five parcels were created and if at the time of the creation of the parcel, there was no local ordinance in effect which regulated divisions of land creating fewer than five parcels.

(b) For purposes of this division or of a local ordinance enacted pursuant thereto, any parcel created prior to March 4, 1972, shall be conclusively presumed to have been lawfully created if any subsequent purchaser acquired that parcel for valuable consideration without actual or constructive knowledge of a violation of this division or the local ordinance. Owners of parcels or units of land affected by the provisions of this subdivision shall be required to obtain a certificate of compliance or a conditional certificate of compliance pursuant to Section 66499.35 prior to obtaining a permit or other grant of approval for development of the parcel or unit of land. For purposes of determining whether the parcel or unit of land complies with the provisions of this division and of local ordinances enacted pursuant thereto, as required pursuant to subdivision (a) of Section 66499.35, the presumption declared in this subdivision shall not be operative.

(c) This section shall become operative January 1, 1994.

SEC. 3. Section 66422 is added to the Government Code, to read:

66422. "Certificate of exception" means a valid authorization to subdivide land, issued by the County of Los Angeles pursuant to an ordinance thereof, adopted between September 22, 1967, and March 4, 1972, and which at the time of issuance did not conflict with this division or any statutory predecessor thereof.

SEC. 4. Section 66499.35 of the Government Code is amended to read:

66499.35. (a) Any person owning real property or a vendee of that person pursuant to a contract of sale of the real property may request, and a local agency shall determine, whether the real property complies with the provisions of this division and of local

ordinances enacted pursuant thereto. Upon making the determination, the city or the county shall cause a certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate of compliance shall identify the real property and shall state that the division thereof complies with applicable provisions of this division and of local ordinances enacted pursuant thereto. The local agency may impose a reasonable fee to cover the cost of issuing and recording the certificate of compliance.

(b) If a local agency determines that the real property does not comply with the provisions of this division or of local ordinances enacted pursuant thereto, it shall issue a certificate of compliance or a conditional certificate of compliance. A local agency may, as a condition to granting a certificate of compliance, impose any conditions which would have been applicable to the division of the property at the time the applicant acquired his or her interest therein, and which had been established at that time by this division or local ordinance enacted pursuant thereto, except that where the applicant was the owner of record at the time of the initial violation of the provisions of this division or of local ordinances enacted pursuant thereto who by a grant of the real property created a parcel or parcels in violation of this division or local ordinances enacted pursuant thereto, and the person is the current owner of record of one or more of the parcels which were created as a result of the grant in violation of the division or local ordinances enacted pursuant thereto, then the local agency may impose any conditions which would be applicable to a current division of the property. Upon making the determination and establishing the conditions the city or county shall cause a conditional certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate shall serve as notice to the property owner or vendee who has applied for the certificate pursuant to this section, a grantee of the property owner, or any subsequent transferee or assignee of the property that the fulfillment and implementation of these conditions shall be required prior to subsequent issuance of a permit or other grant of approval for development of the property.

Compliance with these conditions shall not be required until the time which a permit or other grant of approval for development of the property is issued by the local agency.

(c) A certificate of compliance shall be issued for any real property which has been approved for development pursuant to Section 66499.34.

(d) A recorded final map, parcel map, official map, or an approved certificate of exception shall constitute a certificate of compliance with respect to the parcels of real property described therein.

(e) An official map prepared pursuant to subdivision (b) of Section 66499.52 shall constitute a certificate of compliance with respect to the parcels of real property described therein and may be

filed for record, whether or not the parcels are contiguous, so long as the parcels are within the same section or, with the approval of the city engineer or county surveyor, within contiguous sections of land.

(f) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 5. Section 66499.35 is added to the Government Code, to read:

66499.35. (a) Any person owning real property or a vendee of that person pursuant to a contract of sale of the real property may request, and a local agency shall determine, whether the real property complies with the provisions of this division and of local ordinances enacted pursuant thereto. Upon making the determination, the city or the county shall cause a certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate of compliance shall identify the real property and shall state that the division thereof complies with applicable provisions of this division and of local ordinances enacted pursuant thereto. The local agency may impose a reasonable fee to cover the cost of issuing and recording the certificate of compliance.

(b) If a local agency determines that the real property does not comply with the provisions of this division or of local ordinances enacted pursuant thereto, it shall issue a certificate of compliance or a conditional certificate of compliance. A local agency may, as a condition to granting a certificate of compliance, impose such conditions as would have been applicable to the division of the property at the time the applicant acquired his or her interest therein, and which had been established at such time by this division or local ordinance enacted pursuant thereto, except that where the applicant was the owner of record at the time of the initial violation of the provisions of this division or of local ordinances enacted pursuant thereto who by a grant of the real property created a parcel or parcels in violation of this division or local ordinances enacted pursuant thereto, and the person is the current owner of record of one or more of the parcels which were created as a result of the grant in violation of the division or local ordinances enacted pursuant thereto, then the local agency may impose any conditions which would have been applicable to a current division of the property. Upon making the determination and establishing the conditions the city or county shall cause a conditional certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate shall serve as notice to the property owner or vendee who has applied for the certificate pursuant to this section, a grantee of the property owner, or any subsequent transferee or assignee of the property that the fulfillment and implementation of the conditions shall be required prior to subsequent issuance of a permit or other grant of approval for development of the property.

Compliance with these conditions shall not be required until the time which a permit or other grant of approval for development of the property is issued by the local agency.

(c) A certificate of compliance shall be issued for any real property which has been approved for development pursuant to Section 66499.34.

(d) A recorded final map, parcel map, or official map shall constitute a certificate of compliance with respect to the parcels of real property described therein.

(e) An official map prepared pursuant to subdivision (b) of Section 66499.52 shall constitute a certificate of compliance with respect to the parcels of real property described therein and may be filed for record, whether or not the parcels are contiguous, so long as the parcels are within the same section or, with the approval of the city engineer or county surveyor, within contiguous sections of land.

(f) This section shall become operative January 1, 1994.

CHAPTER 1042

An act to add Article 60.5 (commencing with Section 20920) to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, and to add Section 50907 to the Water Code, relating to reclamation districts.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Article 60.5 (commencing with Section 20920) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

Article 60.5. Reclamation Districts

20920. This article applies to contracts by reclamation districts formed under special acts of the Legislature or under Division 15 (commencing with Section 50000) of the Water Code or any district which is otherwise authorized to act under that division.

20921. All contracts for any improvement or unit of work, or for materials or supplies, in excess of twenty-five thousand dollars ($25,000) shall be let to the lowest responsive, responsible bidder, except as otherwise provided in this article.

20922. It is unlawful to split or separate into smaller work orders or projects for the purpose of evading the provisions of this article requiring work to be done by contract after competitive bidding.

20923. The board shall advertise for bids by at least two insertions, not less than five days apart, in a newspaper of general circulation

circulated within the district, or if there is none, shall post notice at least 10 days before the date of opening of bids in at least three public places in the district that have been designated by resolution of the district as the places for posting public notices. The notice inviting sealed bids shall state the proposed improvement or work and shall set a date for opening of bids.

20924. Notwithstanding any other provision of law, whenever a district participates in any federal or state assistance program, the district shall comply with the procurement requirements of that program to the extent that the requirements are more restrictive than those set forth in this article.

20925. The board shall have the right to reject any and all bids not suitable to the best interests of the district. In its discretion, the board may readvertise for new bids or negotiate an offered bid, if it is the sole bid received and the negotiated price does not exceed the offered bid for the work as advertised. If two or more bids are the same and are the lowest, the district board may accept the one it chooses. If no bids are received, the district board may proceed to complete the project by force account or contract without further compliance with this article.

20926. In the event of any emergency due to causes including, but not limited to, winds, storms, highwater, or impending levee failure, whose urgency makes compliance with the procedures set forth in Section 20923 unreasonable or impractical, the board may, by unanimous vote of those present at any meeting or participating by telephone or other means of communication in a meeting called with or without notice, negotiate and award a contract for construction of work to prevent damage or repair damaged works without advertising for bids and expend any sum reasonably required in the emergency, when that work is necessary in order to protect life and property from imminent extensive damage. If a majority of the board cannot be contacted to participate in the meeting, any trustee may authorize emergency work contracted on behalf of the district by an authorized agent of the district, provided that the action is subsequently ratified by a majority vote of the board.

Notwithstanding any other provision of this section, the board or any trustee authorizing or contracting for work in an emergency shall, if practicable, informally solicit bids or requests for proposals to seek to obtain the best terms possible, including the lowest price term, given the urgent circumstances of the emergency, and, promptly after the emergency ends, shall document the circumstances of the emergency and the bid or proposal accepted.

Work to further reconstruct or rehabilitate damaged works after the emergency ends shall be subject to the requirements of this article.

20927. The limitations set forth in Section 20921 may be exceeded to a maximum of fifty thousand dollars ($50,000) for projects and purchases of materials for projects for which no assistance from

federal, state, or other local governmental agencies is requested, if that approval is secured from the landowners of the district representing at least two-thirds of the assessment valuation of the district, or if no assessment has been collected within the prior year, by the landowners representing at least two-thirds of the acreage within the district. The approval may be obtained either through a special election held for that purpose or by written consent of the approving landowners. The special election may be conducted by mail ballot.

SEC. 2. Section 50907 is added to the Water Code, to read:

50907. All districts formed under this division or under a special act of the Legislature and authorized to act, under this division, shall be subject to the requirements for competitive bidding under Article 60.5 (commencing with Section 20920) of Chapter 1 of Part 3 of Division 2 of the Public Contract Code.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1043

An act to amend Sections 1812.50, 1812.51, 1812.52, 1812.53, 1812.54, 1812.55, 1812.56, 1812.57, 1812.59, 1812.60, 1812.63, 1812.64, 1812.65, and 1812.67 of, to amend the heading of Title 2.4 (commencing with Section 1812.50) of Part 4 of Division 3 of, and to repeal Section 1812.51a of, the Civil Code, relating to dance studios.

TITLE 2.4. CONTRACTS FOR DANCE STUDIO LESSONS AND OTHER SERVICES

SEC. 2. Section 1812.50 of the Civil Code is amended to read:

1812.50. (a) The Legislature finds that there exists in connection with a substantial number of contracts for dance studio lessons and other services, sales practices, and business and financing methods which have worked a fraud, deceit, imposition, and financial hardship upon the people of this state; that existing legal remedies are inadequate to correct these abuses; that the dance studio industry has a significant impact upon the economy and well-being of this

state and its local communities; and that the provisions of this title relating to these contracts are necessary for the public welfare.

(b) The Legislature declares that the purpose of this title is to safeguard the public against fraud, deceit, imposition, and financial hardship, and to foster and encourage competition, fair dealing, and prosperity in the field of dance studio lessons and other services by prohibiting or restricting false or misleading advertising, onerous contract terms, harmful financial practices, and other unfair, dishonest, deceptive, destructive, unscrupulous, fraudulent, and discriminatory practices by which the public has been injured in connection with contracts for dance studio lessons and other services.

SEC. 3. Section 1812.51 of the Civil Code is amended to read:

1812.51. As used in this title, "contract for dance studio lessons and other services" means a contract for instruction in ballroom or other types of dancing, and includes lessons and other services, whether given to students individually or in groups. This title does not include contracts for professional services rendered or furnished by a person licensed under Division 2 (commencing with Section 500) of the Business and Professions Code, or contracts for instruction at schools operating pursuant to the Education Code.

SEC. 4. Section 1812.51a of the Civil Code is repealed.

SEC. 5. Section 1812.52 of the Civil Code is amended to read:

1812.52. Every contract for dance studio lessons and other services shall be in writing and shall be subject to this title. A copy of the written contract shall be given to the customer at the time he or she signs the contract.

SEC. 6. Section 1812.53 of the Civil Code is amended to read:

1812.53. (a) No contract for dance studio lessons and other services shall require payment by the person receiving the lessons and other services or the use of the facilities of a total amount in excess of three thousand seven hundred fifty dollars ($3,750).

(b) No contract for dance studio lessons and other services shall require payments or financing by the buyer over a period in excess of two years from the date the contract is entered into, nor shall the term of any such contract be measured by the life of the buyer. However, the lessons and other services to be rendered to the buyer under the contract may extend over a period not to exceed seven years from the date the contract is entered into.

(c) All contracts for dance studio lessons and other services which may be in effect between the same seller and the same buyer, the terms of which overlap for any period, shall be considered as one contract for the purposes of this title.

SEC. 7. Section 1812.54 of the Civil Code is amended to read:

1812.54. (a) Every contract for dance studio lessons and other services shall provide that performance of the agreed-upon lessons will begin within 12 months from the date the contract is entered into.

(b) Every contract for dance studio lessons and other services shall further provide all of the following:

(1) That the contract may be canceled within 180 days after the date of receipt by the customer of a copy of the contract by written notice to the other party at the address specified in the contract, and all moneys paid pursuant to the contract shall be refunded within 10 days of receipt of the notice of cancellation, except that payment shall be made for any dance studio lessons and other services received prior to the cancellation.

(2) That the contract may be canceled after 180 days after the date of receipt by the customer of a copy of the contract by written notice to the other party at the address specified in the contract, and the student canceling the contract shall be thereafter entitled to a refund, within 10 days of receipt by the dance studio of notice of cancellation. of all moneys paid pursuant to the canceled contract with the exception that the dance studio shall be entitled to 10 percent of the unpaid balance pursuant to the terms of the canceled contract, and except further that, in addition to the foregoing, payment shall be made for any dance studio lessons and other services received prior to the cancellation.

(c) Every contract for dance studio lessons and other services shall contain a written statement of the hourly rate charged for each type of lesson for which the student has contracted. If the contract includes dance studio lessons which are sold at different per-hour rates, the contract shall contain separate hourly rates for each different type of lesson sold. All other services for which the student has contracted which are not capable of a per-hour charge shall be set forth in writing in specific terms. The statement shall be contained in the dance studio contract before the contract is signed by the buyer.

(d) Every dance studio subject to Sections 1812.64 to 1812.66, inclusive, shall include in every contract for dance studio lessons or other services a statement that the studio is bonded and that information concerning the bond may be obtained by writing to the office of the Secretary of State, 1230 J Street, Sacramento, California 95814. If the studio has elected to make a cash deposit in lieu of procuring a bond, the contract shall contain a description of the cash deposit.

SEC. 8. Section 1812.55 of the Civil Code is amended to read:

1812.55. No contract for dance studio lessons and other services shall require or entail the execution of any note or series of notes by the buyer which, when separately negotiated, will cut off as to third parties any right of action or defense which the buyer may have against the seller.

SEC. 9. Section 1812.56 of the Civil Code is amended to read:

1812.56. No right of action or defense arising out of a contract for dance studio lessons and other services which the buyer has against the seller and which would be cut off by assignment, shall be cut off by assignment of the contract to any third party whether or not he or she acquires the contract in good faith and for value unless the assignee gives notice of the assignment to the buyer as provided in

this section and, within 30 days of the mailing of notice, receives no written notice of the facts giving rise to the claim or defense of the buyer. A notice of assignment shall be in writing addressed to the buyer at the address shown on the contract and shall identify the contract and inform the buyer that he or she shall, within 30 days of the date of mailing of the notice, notify the assignee in writing of any facts giving rise to a claim or defense which he or she may have. The notice of assignment shall state the name of the seller and buyer, a description of the lessons and other services, the contract balance, and the number and amount of the installments.

SEC. 10. Section 1812.57 of the Civil Code is amended to read:

1812.57. (a) Every contract for dance studio lessons and other services shall contain a clause providing that if, by reason of death or disability, the person agreeing to receive lessons and other services is unable to receive all lessons and other services for which he or she has contracted, the person and his or her estate shall be relieved from the obligation of making payment for lessons and other services other than those received prior to death or the onset of disability, and that if the buyer has prepaid any sum for lessons and other services so much of that sum as is allocable to lessons and other services he or she has not taken shall be promptly refunded to the buyer or his or her representative.

(b) Notwithstanding the provisions of any contract to the contrary, whenever the contract price is payable in installments and the buyer is relieved from making further payments or entitled to a refund under this section, the buyer shall be entitled to receive a refund or refund credit of so much of the cash price as is allocable to the lessons or other services not actually received by the buyer. The refund of the finance charge shall be computed according to the "sum of the balances method," also known as the "Rule of 78".

SEC. 11. Section 1812.59 of the Civil Code is amended to read:

1812.59. Any contract for dance studio lessons and other services which does not comply with the applicable provisions of this title shall be void and unenforceable as contrary to public policy.

SEC. 12. Section 1812.60 of the Civil Code is amended to read:

1812.60. Any contract for dance studio lessons and other services entered into in reliance upon any willful and false, fraudulent, or misleading information, representation, notice, or advertisement of the seller shall be void and unenforceable.

SEC. 13. Section 1812.63 of the Civil Code is amended to read:

1812.63. Any person who violates any provision of this title relating to dance studio contracts is guilty of a misdemeanor. Any superior court of this state has jurisdiction in equity to restrain and enjoin the violation of any of the provisions of this title relating to dance studio contracts.

The duty to institute actions for violation of those provisions of this title, including equity proceedings to restrain and enjoin violations, is hereby vested in the Attorney General, district attorneys, and city attorneys. The Attorney General, any district attorney, or any city

attorney may prosecute misdemeanor actions or institute equity proceedings, or both.

This section shall not be deemed to prohibit the enforcement by any person of any right provided by this or any other law.

SEC. 14. Section 1812.64 of the Civil Code is amended to read:

1812.64. Every dance studio shall maintain a bond issued by a surety company admitted to do business in this state. The principal sum of the bond shall be 25 percent of the dance studio's gross income from the studio business in this state during the studio's last fiscal year, except that the principal sum of the bond shall not be less than ten thousand dollars ($10,000) in the first or any subsequent year of operation.

A copy of the bond shall be filed with the Secretary of State, together with a declaration under penalty of perjury signed by the owner of the studio stating the dance studio's gross income from the dance studio business in this state during the last fiscal year. The information contained in the declaration shall not be subject to public inspection. If the person in whose name the bond is issued severs his or her relationship with the bonded dance studio, the new owner shall, as a condition of doing business, notify the Secretary of State of the change of ownership and of proof of compliance with Sections 1812.64 to 1812.66, inclusive.

SEC. 15. Section 1812.65 of the Civil Code is amended to read:

1812.65. The bond required by Section 1812.64 shall be in favor of the State of California for the benefit of any person who, after entering into a contract for dance studio lessons and other services with the dance studio, is damaged by fraud or dishonesty or failure to provide the services of the studio in performance of the contract.

SEC. 16. Section 1812.67 of the Civil Code is amended to read:

1812.67. (a) Sections 1812.64 and 1812.65 do not apply to any dance studio which requires or receives less than fifty dollars ($50) in advance payments from or on behalf of each student for dance studio lessons or other services which are to be rendered by the studio in the future and such advance payments are not required or received by the studio from each student more frequently than once every 30 days.

(b) Sections 1812.53, 1812.54, 1812.64, and 1812.65 do not apply to a dance studio which only offers instruction in ballet, modern, jazz, tap dance, or any combination thereof, to persons under 21 years of age pursuant to a contract for dance studio lessons that provides all of the following: (1) a total payment of less than five hundred dollars ($500), (2) that all agreed-upon lessons will be offered within four months from the date the contract is entered, and (3) that the contract may be canceled and all money paid for instruction not yet received will be refunded within 10 days of cancellation, if the dance student cancels within three days after receiving the first lesson, or if the dance student cancels at any time after moving his or her residence to a location more than 15 miles from the location of the dance studio.

(c) Sections 1812.53, 1812.54, 1812.64, and 1812.65 do not apply to any organization that has qualified for a tax exemption under Section 501 (c) (3) of the Internal Revenue Code and which receives a direct grant of funds from the California Arts Council.

SEC. 17. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1044

An act to amend Sections 3411 and 3417 of, and to add Section 7003.5 to, the Penal Code, relating to correctional facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 3411 of the Penal Code is amended to read:

3411. The Department of Corrections shall on or before January 1, 1980, establish and implement a community treatment program under which women inmates sentenced to state prison pursuant to Section 1168 or 1170 who have one or more children under the age of six years, whether born prior to or after January 1, 1976, shall be eligible to participate within the provisions of this section. The community treatment program shall provide for the release of the mother and child or children to a public or private facility in the community suitable to the needs of the mother and child or children, and which will provide the best possible care for the mother and child. In establishing and operating such program, the department shall have as a prime concern the establishment of a safe and wholesome environment for the participating children.

SEC. 2. Section 3417 of the Penal Code is amended to read:

3417. (a) Subject to reasonable rules and regulations promulgated pursuant to Section 3414, the Department of Corrections shall admit to the program any applicant whose child was born prior to the receipt of the inmate by the department, if all of the following requirements are met:

(1) The applicant has a probable release or parole date with a maximum time to be served of six years, calculated after deduction of any possible good time credit.

(2) The applicant was the primary caretaker of the infant prior to incarceration. "Primary caretaker" as used in this chapter means a parent who has consistently assumed responsibility for the housing,

health, and safety of the child prior to incarceration. A parent who, in the best interests of the child, has arranged for temporary care for the child in the home of a relative or other responsible adult shall not for that reason be excluded from the category, "primary caretaker."

(3) The applicant had not been found to be an unfit parent in any court proceeding. An inmate applicant shall not be denied the opportunity to participate in the program based in whole or in part on a determination that she is an unfit mother unless that decision is made pursuant to Section 232 of the Civil Code, Section 2625, or Section 300 of the Welfare and Institutions Code.

(b) The Department of Corrections shall deny placement in the community treatment program if it determines that an inmate would pose an unreasonable risk to the public, or if any one of the following factors exist, except in unusual circumstances or if mitigating circumstances exist, including, but not limited to, the remoteness in time of the commission of the offense:

(1) The inmate has been convicted of any of the following:

(A) A sex offense listed in Section 667.6.

(B) A sex offense requiring registration pursuant to Section 290.

(C) A violent offense listed in subdivision (c) of Section 667.5.

(D) Arson as defined in Sections 450 to 455, inclusive.

(E) The unlawful sale or possession for sale, manufacture, or transportation of controlled substances as defined in Chapter 6 (commencing with Section 11350) of Division 10 of the Health and Safety Code, if large scale for profit as defined by the department.

(2) There is probability the inmate may abscond from the program as evidenced by any of the following:

(A) A conviction of escape or of aiding another person to escape, or an attempt to escape from a jail or prison.

(B) The presence of an active detainer from a law enforcement agency, unless the detainer is based solely upon warrants issued for failure to appear on misdemeanor Motor Vehicle Code violations.

(4) It is probable the inmate's conduct in a community facility will be adverse to herself or other participants in the program, as determined by the Director of Corrections or as evidenced by any of the following:

(A) The inmate's removal from a community program which resulted from violation of state laws, rules, or regulations governing Department of Corrections inmates.

(B) A finding of the inmate's guilt of a serious rule violation, as defined by the Director of Corrections, which resulted in a credit loss on one occasion of 91 or more days or in a credit loss on more than one occasion of 31 days or more and the credit has not been restored.

(C) A current written opinion of a staff physician or psychiatrist that the inmate's medical or psychiatric condition is likely to cause an adverse effect upon the inmate or upon other persons if the inmate is placed in the program.

(c) Nothing in this section shall be interpreted to limit the discretion of the Director of Corrections to deny or approve

placement when the provisions of subdivision (b) do not apply.

(d) The Department of Corrections shall determine if the applicant meets the requirements of this section within 30 days of the parent's application to the program. The department shall establish an appeal procedure for the applicant to appeal an adverse decision by the department.

(e) The department may, in its discretion, admit a pregnant inmate to the program prior to the birth of the child if it determines that the admission would otherwise comply with the requirements of this chapter, and there is space available.

SEC. 3. Section 7003.5 is added to the Penal Code, to read:

7003.5. (a) The department shall provide the Joint Legislative Committee on Prison Construction and Operations with periodic reports on the progress of site selection for new prison facilities.

(b) On January 1 and July 1 of each year, the department shall report to the Joint Legislative Committee on Prison Construction and Operation on areas being considered for proposed prison facilities, the size of the facilities planned, financing, and how each facility fits into the department's master plan insofar as this information is available to the department at the time the report is presented to the committee. The report shall also include the status of each proposed prison, and sites being planned for preliminary studies if known at that time.

(c) The committee may take appropriate advisory action concerning any submittals required by this section.

(d) This section applies to regular prison facilities, major enlargements of existing facilities, prison hospital construction and expansion, and return to custody facilities, whether or not built or operated exclusively by the department.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Notwithstanding Section 1464 or any other provision of law, 25 percent of each civil and criminal penalty collected pursuant to this subdivision shall be paid to the office of the city attorney, county counsel, or district attorney, whoever is responsible for bringing the successful action, and 25 percent of each civil and criminal penalty collected pursuant to this subdivision shall be paid to the city or county for the administration and cost of the community service work component provided in subdivision (b).

Proof that a defendant, or his or her employee or agent, demanded, was shown, and reasonably relied upon evidence of majority shall be defense to any action brought pursuant to this subdivision. Evidence of majority of a person is a facsimile of or a reasonable likeness of a document issued by a federal, state, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the armed forces.

For purposes of this section, the person liable for selling or furnishing tobacco products to minors by a tobacco vending machine shall be the person authorizing the installation or placement of the tobacco vending machine upon premises he or she manages or otherwise controls and under circumstances in which he or she has knowledge, or should otherwise have grounds for knowledge, that the tobacco vending machine will be utilized by minors.

The Secretary of State is hereby authorized to have printed sufficient copies of this act to enable him or her to furnish dealers in tobacco with copies thereof upon their request for the same.

(d) For purposes of determining the liability of persons, firms, or corporations controlling franchises or business operations in multiple locations for the second and subsequent violations of this section, each individual franchise or business location shall be deemed a separate entity.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1046

An act to amend Sections 21211, 21367.6, and 21370 of, to add Sections 21204.5, 21211.1, 21211.2, 21211.3, 21211.4, 21211.5, and 21211.6 to, and to repeal Section 21369 of, the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to enable the Board of Administration of the Public Employees' Retirement System to distribute death benefit payments expeditiously and in a manner that minimizes conflicts with the Probate Code in order to avoid the delays and confusion associated with the payment of death benefits. Where there is a conflict

between the provisions of the Public Employees' Retirement Law relating to payment by the Public Employees' Retirement System of death benefits and the Probate Code, the provisions of this act shall govern the distribution of death benefits by the Public Employees' Retirement System.

SEC. 2. Section 21204.5 is added to the Government Code, to read:

A survivor may revoke his or her beneficiary designation at any time. A beneficiary designation by a survivor shall not be subject to the automatic revocation of designation provisions of Section 21205.

SEC. 3. Section 21211 of the Government Code is amended to read:

(1) The decedent's spouse.

(2) The decedent's natural or adopted children, including a natural child adopted by another.

(3) The decedent's parents.

(4) The decedent's brothers and sisters.

(b) If a deceased person had no effective beneficiary designation and there are no survivors in the groups specified in subdivision (a) who are entitled to the benefit under this section, the benefit shall be paid to the estate of the decedent, if the estate is either probated or subject to probate. Any benefit payable by this system may be paid either to the estate or to the duly authorized representative or representatives of the estate upon receipt by the system of a court order appointing an executor, administrator, or personal representative.

(c) If the estate of the person described by subdivision (b) does not require probate, irrespective of whether probate is filed, the benefit shall be paid directly to the surviving next of kin in the following order:

(1) Stepchildren.

(2) Grandchildren, including stepgrandchildren.

(3) Nieces and nephews.

(4) Great grandchildren.

(5) Cousins.

(d) For purposes of determining the application of subdivisions (b) and (c), the amount of the benefit payable from the Public Employees' Retirement System shall not be included in calculating the worth of the estate.

a person who had a regular parent-child relationship with the deceased person.

SEC. 4. Section 21211.1 is added to the Government Code, to read:

21211.1. If, upon the death of a person there is a valid beneficiary designation on file with the board naming the decedent's estate as beneficiary, and the estate will be probated, benefits shall be paid to the estate or to the duly authorized representative or representatives of the estate upon receipt by the system of a court order appointing an executor, administrator, or personal representative.

If the deceased person had a will, but the estate does not require probate, benefits may, in the judgment of the board, be paid to the beneficiary or beneficiaries, as specified in the will, notwithstanding any other provision of law.

If the deceased person left no will and the estate does not require probate, but the decedent designated his or her estate as the beneficiary, the benefit shall be paid to the next of kin pursuant to Section 21211.

SEC. 5. Section 21211.2 is added to the Government Code, to read:

21211.2. (a) Payment of any benefit shall not be made to those persons covered by Section 21211 if there are eligible recipients who are living members of a higher ranking class of beneficiaries as set forth in that section.

(b) Payments made pursuant to Section 21211, 21211.1, or 21367.6, upon the board's good faith determination of entitlement based on satisfactory evidence of entitlement, shall constitute a complete discharge and release of the system from liability for those payments.

SEC. 6. Section 21211.3 is added to the Government Code, to read:

21211.3. The board's good faith determination of entitlement to payment pursuant to Section 21211, 21211.1, or 21367.6 shall be based upon such evidence as a death certificate, marriage certificate, or birth certificate for persons in a higher ranking group of statutory beneficiaries. However, where such evidence is not available, the board may accept a sworn statement by one claiming to be a beneficiary that there are no living individuals in any of the higher ranking groups of statutory beneficiaries, that the estate does not require probate, or that the relationship of the claimant to the decedent is as claimed.

SEC. 7. Section 21211.4 is added to the Government Code, to read:

21211.4. If the total value of the benefit to be paid pursuant to Section 21211, 21211.1, or 21367.6 is fifty dollars ($50) or less, the benefit may be paid to the first member of the entitled class of beneficiaries who files a claim. If the total value of the benefit pursuant to any of these sections exceeds fifty dollars ($50), but the number of qualifying beneficiaries under these sections is such that any individual benefit will be less than ten dollars ($10), the board

shall limit the number of beneficiaries such that no individual's benefit will be less than ten dollars ($10). The board shall determine such recipients on the basis of the order in which claims are made.

SEC. 8. Section 21211.5 is added to the Government Code, to read:

21211.5. The board may fix such time as it deems reasonable during which claims for benefits pursuant to Sections 21211, 21211.1, and 21367.6 may be made, provided, that anyone who is provided a claim form is given the same amount of time in which to file it as any other claimant. The board shall have no duty to identify or locate any member of any class of beneficiaries.

SEC. 9. Section 21211.6 is added to the Government Code, to read:

21211.6. (a) Notwithstanding Section 21211.5, when either an initial payment of a preretirement or postretirement death allowance or a preretirement or postretirement lump-sum benefit is payable in an amount of ten dollars ($10) or more, it shall be authorized to the Controller within 45 days of receipt by the system of all the necessary information, including the return of warrants issued or any overpayment outstanding after the date of the death of the annuitant.

(b) If any such payment is not made within that time limitation, the payment shall also include interest at the net earnings rate (including capital gains and losses) in effect at the time the payment is made, for time following the expiration of that time limitation.

(c) The system shall submit annually, commencing with the 1990–91 fiscal year and as part of the report required by Section 20140, to the Legislature and the Governor a summary of the experience of the system in making payments pursuant to subdivision (b).

SEC. 10. Section 21367.6 of the Government Code is amended to read:

21367.6. Any monthly allowance payable to a person, which had accrued and remained unpaid at the time of his or her death, or any uncashed warrant issued prior to the date of death of such a person that has been returned to the system, shall be paid in the following order:

(a) In the event of the death of a retired person, to one of the following:

(1) The beneficiary entitled to payment in accordance with an optional settlement chosen by the member.

(2) The survivor entitled to payment of the survivor continuance benefit provided under Section 21263.

(3) The beneficiary entitled to receive the lump-sum death benefit provided upon death of a retired person if the person had not chosen an optional settlement and there was no survivor who was entitled to receive the survivor continuance benefit.

(b) In the event of the death of a person receiving a survivor benefit, that benefit shall be paid to the beneficiary designated by

the survivor of a member under Section 21204.5.

(c) If there is no beneficiary entitled to receive payment under either subdivision (a) or (b), the benefit shall be paid to either the estate of the deceased person or the duly authorized representative or representatives of the estate upon receipt by the system of a court order appointing an executor, administrator, or personal representative.

(d) In the event there is no beneficiary entitled to receive payment of benefits under subdivision (a), (b), or (c), the benefits shall be paid to the surviving next of kin of the person pursuant to the order of distribution specified in Section 21211.

SEC. 11. Section 21369 of the Government Code is repealed.

SEC. 12. Section 21370 of the Government Code is amended to read:

21370. If any benefit is payable by this system to the estate of a deceased person, and the estate would not be probated if no amount were due from this system, but there is no surviving person in any of the groups specified in Section 21211 or 21211.1, or if no beneficiary can be found by the board, the board may in its discretion pay expenses of the disposition of the body as evidenced by itemized statements or documents as the board may require. Payment may not exceed the amount payable under this system to the estate or beneficiary. Payment so made is a full discharge of the board and system for the amount so paid.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that claims that remain unpaid due to confusion over the authority of the Public Employees' Retirement System to make payment to estates may be paid at the earliest possible time, and to assure that the intentions of decedents are honored at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1047

An act to amend Section 1275.1 of the Health and Safety Code, and to amend Section 5750 of, and to amend and repeal Section 5652.5 of, the Welfare and Institutions Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that many areas of the state do not now have adequate acute 24-hour, inpatient care

facilities for the mentally disordered, that these services can be provided effectively in facilities which do not meet the building and space standards of hospitals and settings which do not require the staffing, support services and administrative patterns of hospitals, and that acute care for the mentally disordered can be provided for less cost by both public services and in the private sector through the establishment of psychiatric health facilities.

SEC. 2. Section 1275.1 of the Health and Safety Code is amended to read:

1275.1. (a) Notwithstanding any rules or regulations governing other health facilities, the regulations developed by the State Department of Mental Health for psychiatric health facilities shall prevail. The regulations applying to psychiatric health facilities shall prescribe standards of adequacy, safety, and sanitation of the physical plant, of staffing with duly qualified licensed personnel, and of services based on the needs of the persons served thereby.

(b) The regulations shall include standards appropriate for two levels of disorder:

(1) Involuntary ambulatory psychiatric patients.

(2) Voluntary ambulatory psychiatric patients.

For purposes of this subdivision, "ambulatory patients" shall include, but not be limited to, deaf, blind, and physically handicapped persons. Disoriented persons who are not bedridden or confined to a wheelchair shall also be considered as ambulatory patients.

(c) The regulations shall not require, but may permit building and services requirements for hospitals which are only applicable to physical health care needs of patients that can be met in an affiliated hospital or in outpatient settings including, but not limited to, such requirements as surgical, dietary, laboratory, laundry, central supply, radiologic, and pharmacy.

(d) The regulations shall include provisions for an "open planning" architectural concept.

(e) The regulations shall exempt from seismic requirements all structures of Type V and of one-story construction.

(f) Standards for involuntary patients shall include provisions to allow for restraint and seclusion of patients. Such standards shall provide for adequate safeguards for patient safety and protection of patient rights.

(g) The regulations shall provide for the retention by the psychiatric health facility of a consultant pharmacist, who shall supervise and review pharmaceutical services within the facility and perform such other services, including prevention of the unlawful diversion of controlled substances subject to abuse, as the state department may by regulation require. Regulations adopted pursuant to this subdivision shall take into consideration the varying bed sizes of psychiatric health facilities.

SEC. 3. Section 5652.5 of the Welfare and Institutions Code is amended to read:

5652.5. (a) Psychiatric health facilities, as defined in Section 1250.2 of the Health and Safety Code, shall only be licensed by the State Department of Mental Health subsequent to application by counties, county contract providers, or other organizations pursuant to this part.

(b) (1) For counties or county contract providers that choose to apply, the local mental health director shall first present to the local mental health advisory board for its review an explanation of the need for such facility and a description of the services to be provided. The local mental health director shall then submit to the governing body such explanation and description in the form of an amendment to the county Short-Doyle plan. The governing body, upon its approval of the amendment, may submit the amendment and application to the State Department of Mental Health.

(2) Other organizations that seek to apply for licensure and do not intend to use any Short-Doyle funds pursuant to Section 5707 shall submit their approval requests to the governing body in the county in which the facility is to be located. The governing body shall have 30 days during which to make recommendations on the applications. At any time after such 30-day period, the organizations may then submit their applications, along with the governing body's recommendations, if any, to the State Department of Mental Health.

(c) The State Fire Marshal and other appropriate state agencies, to the extent required by law, shall cooperate fully with the State Department of Mental Health to assure that the State Department of Mental Health approves or disapproves the licensure applications not later than 90 days after the application submission by a county, county contract provider, or other organization.

(d) Every psychiatric health facility and program for which a license has been issued shall be periodically inspected by a multidisciplinary team appointed or designated by the State Department of Mental Health. The inspection shall be conducted no less than once every two years and as often as necessary to assure the quality of care provided. During the inspections the review team shall offer such advice and assistance to the psychiatric health facility as it deems appropriate.

(e) The program aspects of a psychiatric health facility which shall be approved by the State Department of Mental Health shall include, but not be limited to, staffing standards, psychiatrist and clinical psychologist services, social work services, rehabilitation services, nursing services, pharmaceutical services, activities programs, space, supplies, and equipment, administrative policies and procedures, patient rights, admissions, unusual occurrences, restraint and seclusion, interdisciplinary treatment teams, use of outside resources including agreements with general acute care hospitals, health records service, health records content, program space requirements, and discharge planning. The State Department of Mental Health has sole authority to grant program flexibility.

(f) The State Department of Mental Health shall adopt

regulations which shall include, but not be limited to, the following:

(1) Procedures by which the State Department of Mental Health shall approve the program and facility requesting licensure as a psychiatric health facility as being in compliance with program standards established by the department.

(2) Procedures by which the Director of Mental Health shall deny approval or approve, the program and facility licensed as a psychiatric health facility pursuant to Section 5652.5.

(3) Provisions for site visits by the State Department of Mental Health for the purpose of reviewing a facility's compliance with program and facility standards.

(4) Provisions for the State Department of Mental Health for any administrative proceeding regarding denial, suspension, or revocation of a psychiatric health facility license.

(g) Regulations shall be adopted by the State Department of Mental Health, which shall establish standards for pharmaceutical services in psychiatric health facilities. Licensed psychiatric health facilities shall be exempt from requirements to obtain a separate pharmacy license or permit.

(h) It is the intent of the Legislature that the State Department of Mental Health shall license the facility in order to establish innovative and more competitive acute care services as alternatives to hospital care. The State Department of Mental Health shall approve the program aspects only if the average per diem charges or costs of service provided in the facility is approximately 60 percent of the average per diem charges or costs of similar psychiatric services provided in a general hospital. In using these guidelines, the department shall take into account local conditions affecting the costs or charges.

(i) The licensing fees charged for these facilities shall be credited to the State Department of Mental Health for its costs incurred in the review of psychiatric health facility programs, in connection with the licensing of these facilities.

(j) Proposed changes in the standards or regulations affecting health facilities which serve the mentally disordered shall be effected only with the review and coordination of the Health and Welfare Agency.

(k) In psychiatric health facilities where the clinical director is not a physician. a psychiatrist, or if one is temporarily not available, a physician shall be designated who shall direct those medical treatments and services which can only be provided by, or under the direction of, a physician.

(*l*) This section shall become inoperative on July 1, 1993, and as of January 1, 1994, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1994, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 5750 of the Welfare and Institutions Code is amended to read:

5750. The State Department of Mental Health shall administer

this part and shall adopt standards for approval of mental health services, and rules and regulations necessary thereto. However, these standards, rules, and regulations shall be adopted only after consultation with the California Council on Mental Health and the California Conference of Local Mental Health Directors. Adoption of these standards, rules, and regulations shall require approval by the California Conference of Local Mental Health Directors by majority vote of those present at an official session except for regulations pertaining to psychiatric health facilities. For regulations pertaining to psychiatric health facilities, the vote by the conference, following consultation, shall be only advisory to the State Department of Mental Health.

If the conference refuses or fails to approve standards, rules, or regulations submitted to it by the State Department of Mental Health for its approval, the State Department of Mental Health may submit these standards, rules, or regulations to the conference at its next meeting, and if the conference again refuses to approve them, the matter shall be referred for decision to a committee composed of the Secretary of the Health and Welfare Agency, the Director of Mental Health, the President of the California Conference of Local Mental Health Directors, the Chairman of the California Council on Mental Health, and a member designated by the State Advisory Health Council.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the public health and safety by expediting the licensure and development of psychiatric health facilities in both public mental health programs and in the private sector, it is necessary that this act take effect immediately.

SECTION 1. Section 1714.10 is added to the Civil Code, to read:

1714.10. No cause of action against an attorney based upon a civil conspiracy with his or her client shall be included in a complaint or other pleading unless the court enters an order allowing the pleading

that includes a claim for civil conspiracy to be filed after the court determines that the party seeking to file the pleading has established that there is a reasonable probability that the party will prevail in the action. The court may allow the filing of a pleading claiming liability based upon a civil conspiracy following the filing of a verified petition therefor accompanied by the proposed pleading and supporting affidavits stating the facts upon which the liability is based. The court shall order service of the petition upon the party against whom the action is proposed to be filed and permit that party to submit opposing affidavits prior to making its determination. The filing of the petition, proposed pleading and accompanying affidavits shall toll the running of any applicable statute of limitations until the final determination of the matter, which ruling, if favorable to the petitioning party, shall permit the proposed pleading to be filed.

SEC. 2. It is the intent of the Legislature in enacting this measure to modify the decision of the Court of Appeal in Wolfrich Corp. v. United Services Automobile Assn., 149 Cal. App. 3d 1206 (1st Dist. 1983).

CHAPTER 1053

An act to amend and renumber Section 17577 of, repeal and add Sections 17577.2, 17577.3, and 17577.5 of, to add Sections 17577 and 17577.6, and to repeal Section 17577.1 of, the Business and Professions Code, relating to water treatment devices.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 17577 is added to the Business and Professions Code, to read:

17577. (a) The Legislature finds and declares that there have been situations where homeowners have been subjected to fraud, deception, and unfair dealing by certain promoters of water treatment devices. Water contamination problems throughout the nation have created concern among homeowners concerning the quality and healthfulness of home water for drinking. Some promoters of water treatment devices have made false, misleading, and unfair statements in connection with sale of water treatment devices, including, but not limited to, false, misleading, and unfair statements regarding general levels of water contamination, water contamination problems actually or potentially affecting particular homeowners, actual or potential health risks associated with the consumption of water, and the features and performance of water treatment devices. As a result of false, misleading, and unfair statements, including statements that have the purpose or effect of

alarming the public about the condition of water, many homeowners have been pressured into purchasing water treatment devices without the opportunity to verify the accuracy of the sales representations.

(b) The Legislature also finds and declares that current law does not afford homeowners who enter transactions for the acquisition of water treatment devices the right in all instances to cancel the transaction within three days of its consummation. Moreover, homeowners may be subjected to the loss of their homes through the foreclosure of liens securing financing of water treatment devices.

(c) The Legislature further finds and declares that the protection of homeowners and consumers from untrue and misleading statements and from unfair dealing is of the utmost importance.

(d) The intent and purposes of this article are to safeguard the public against deceit; to ensure, foster, and encourage fair dealing in the sale of water treatment devices; to prohibit misleading representations; to prohibit certain liens on real property; and to afford homeowners a reasonable and meaningful opportunity to rescind transactions for the acquisition of water treatment devices.

(e) This article shall be liberally construed to effectuate the intent and to achieve the purposes described in subdivision (d).

SEC. 2. Section 17577 of the Business and Professions Code is amended and renumbered to read:

17577.1. For the purposes of this article, the following terms have the following meanings:

(a) "Contaminant" or "contamination" means any health-related physical, chemical, biological, or radiological substance or matter in water.

(b) "Water treatment device" means any product that (1) is designed to alter the chemical or physical properties or characteristics of water or plumbing or the seller, lessor, or renter claims can alter the chemical or physical properties or characteristics of water or plumbing and (2) is used or sold, leased, or rented for use on residential real property primarily for personal, family, or household purposes. "Water treatment device" does not include any device that is regulated pursuant to Chapter 7.5 (commencing with Section 4040) of Part 1 of Division 5 of the Health and Safety Code.

(e) "Person" means any individual, partnership, firm, corporation, or association, or any employee or agent thereof.

SEC. 3. Section 17577.1 of the Business and Professions Code is repealed.

SEC. 4. Section 17577.2 of the Business and Professions Code is repealed.

SEC. 5. Section 17577.2 is added to the Business and Professions Code, to read:

17577.2. It is unlawful for any person to do any of the following in connection with the sale, lease, rental, offer to sell, lease, rent, or other disposition of water treatment devices:

(a) Make any untrue or misleading oral or written statements

regarding the presence of one or more contaminants in water, or the performance of water treatment devices, including, but not limited to, the following oral or written statements:

(1) (A) Any contaminant exists in the water of any person to whom the statement is directed unless the statement is true, is reasonably based on factual data, and at least a written summary of the factual data, which has been prepared or approved by the source of the factual data, is disclosed to the person to whom the statement is directed before that person executes any contract for the purchase, lease, or rental of a water treatment device.

(B) Any contaminant may exist in the water of any person to whom the statement is directed unless the statement is true and is reasonably based on factual data.

(2) A relationship between water quality and acute or chronic illness exists as a scientific certainty unless that statement is true.

(3) The public water system, utility, or treatment plant that supplies water to the person to whom the statement is directed does not test, treat, or remove particular substances from water treated by it unless the statement is true.

(4) A water treatment device removes particular contaminants or other substances from water unless the statement is true, is reasonably based on factual data in existence at the time the statement is made, and the requirements of subparagraphs (A) through (C) are satisfied.

(A) If the particular contaminants or other substances mentioned in the statement described in paragraph (4) are not necessarily in the water of the person to whom the statement is made, the following disclosure or its equivalent must be clearly and conspicuously made: "The contaminants or other substances removed or reduced by this water treatment device are not necessarily in your water."

(B) If the statement described in paragraph (4) is oral, the disclosure described in subparagraph (A) shall be made orally and shall immediately follow the statement. If the statement is in writing, the disclosure shall be in writing and shall be placed immediately next to the written statement.

(C) Notwithstanding subparagraph (A), no statement about the ability of a water treatment device to remove particular contaminants or other substances shall be used to imply falsely that any of those contaminants or other substances are present in the water of the person to whom the statement is made.

(5) Use news events, reports, or descriptions of water quality problems or health hazards associated with water systems or suppliers different from the systems or suppliers of the intended consumer unless, at the same time, the seller sets forth conspicuously and prominently a statement, if true, that the seller has no information that the intended consumer's water supply has the water quality problems or health hazards referred to in the news events, reports, or descriptions.

(6) A water treatment device would provide a health benefit or diminish a health risk unless it would do so.

(7) A water treatment device will solve or contribute to the solution of any problem unless the statement is true.

(b) Perform precipitation tests of the individual consumer's drinking water without also clearly informing the consumer of the results, scope, and limits of the test. Precipitation tests may only be used to demonstrate the hardness or other nonhealth-related characteristics of the water being tested.

(c) Notwithstanding subdivision (a), make product performance claims or product benefit claims that the device affects health or the safety of drinking water, unless the device has been certified by the State Department of Health Services pursuant to Chapter 8.5 (commencing with Section 4057) of Division 5 of the Health and Safety Code. This subdivision does not apply to the making of truthful and nonmisleading claims regarding the removal or reduction of contaminants for which certification is not available pursuant to Chapter 8.5 (commencing with Section 4057) of Division 5 of the Health and Safety Code.

This subdivision shall become operative one year after the effective date of the regulations adopted pursuant to Section 4057.1 of the Health and Safety Code.

(d) Use pictures, exhibits, graphs, charts, other graphic portrayals, endorsements, or testimonials in any untrue or misleading manner.

(e) Fail to disclose clearly and conspicuously, in writing, to the purchaser, lessee, or renter, prior to the time of purchase, lease, or rent, the importance of maintaining the water treatment device according to the manufacturer's instructions, including, if applicable, replacement of screens and filters. In addition, a separate printed gummed label, tag, or other convenient form of reminder of the importance of proper maintenance shall be provided to the purchaser, lessee, or renter.

SEC. 6. Section 17577.3 of the Business and Professions Code is repealed.

SEC. 7. Section 17577.3 is added to the Business and Professions Code, to read:

17577.3. (a) A contract or offer which is subject to approval, for the sale, lease, or rental of a water treatment device shall be deemed a home solicitation contract or offer, as defined in subdivision (a) of Section 1689.5 of the Civil Code regardless of where the contract or offer was made, and shall be subject to the provisions of Sections 1689.5 to 1689.13, inclusive, of the Civil Code if the contract or offer arises out of a scheduled presentation to promote the sale, lease, or rental of a water treatment device to a person invited to attend the presentation at a location other than a private residence.

(b) No water treatment device or any other materials that are the subject of a contract offer described in subdivision (a) shall be delivered and no installation or other services shall be performed until the expiration of the rescission period provided in Sections

1689.5 to 1689.13, inclusive, of the Civil Code.

SEC. 8. Section 17577.5 of the Business and Professions Code is repealed.

SEC. 9. Section 17577.5 is added to the Business and Professions Code, to read:

17577.5. (a) No contract or offer for the sale, lease, or rental of a home water treatment device and no purchase money loan, as defined in subdivision (b), shall provide for a lien on real property. Any lien taken in violation of this section is void and unenforceable.

(b) For the purpose of this section, "purchase money loan" means a loan or an advance under an open-end credit account if both of the following occur:

(1) The primary purpose of the loan or the primary purpose of establishing the open-end credit account is to finance all or a portion of the purchase price or any of the lease or rental payments for a water treatment device.

(2) The creditor knows the primary purpose of the loan or the primary purpose of establishing the open-end credit account when the loan is initially made or the open-end credit account is established.

(c) The creditor shall be deemed to know that the primary purpose of the loan or the primary purpose of establishing the open-end credit account is the primary purpose described in paragraph (1) of subdivision (b) if any of the following occur:

(1) The consumer's application for credit or any other document in the creditor's possession before the loan is made or the open-end account is established indicates the primary purpose of the loan or the open-end credit account.

(2) The seller, lessor, or renter arranges or guarantees the loan or open-end account, or participates in the preparation of the consumer's application for credit or other loan documents, or receives from the creditor a loan commission, brokerage, or referral fee.

(d) For the purpose of this section, "open-end credit" has the same meaning as used in Section 226.2 of Title 12 of the Code of Federal Regulations.

(e) This section does not apply to mechanics' liens established pursuant to Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code.

SEC. 10. Section 17577.6 is added to the Business and Professions Code, to read:

17577.6. (a) A buyer, lessee, or renter of a water treatment device may bring an action against any person who violates this article for the recovery of actual damages, exemplary damages, reasonable attorney's fees and costs, and appropriate equitable relief.

(b) The rights and remedies provided in this article are in addition to, and not a limitation of, any other rights and remedies provided by law.

(c) Any action brought pursuant to this section shall be

commenced within three years of the discovery by the party of the alleged violation.

(d) Any waiver of this article shall be void and unenforceable as contrary to public policy.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

6303. (a) It is unlawful for any person, except under written permission from a plant quarantine officer or under his specific direction, to move any lot or shipment of plants or other things to which a warning tag or notice has been affixed pursuant to this division, or to remove, alter, destroy, deface, or mutilate any such warning tag or notice.

(b) If any shipment of plants or things is allowed to transit the state or transit to a given destination county under a quarantine warning-hold notice, the shipment of plants or things shall not be diverted to another destination without the written permission of the director or the commissioner of the destination county.

(c) Diversion of a shipment as described in subdivision (b) is unlawful.

(d) If a shipment of plants or things requires a state or county plant quarantine officer to be present at the destination to supervise the unloading, inspection, or treatment of a quarantine shipment, the director or commissioner, as the case may be, may charge the shipper or receiver a service fee for the cost of the services. Service fees shall be determined based on the director or commissioner's costs for the services rendered.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1057

An act to add Section 374.2 to the Penal Code, relating to crimes.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 374.2 is added to the Penal Code, to read:

374.2. (a) It is unlawful for any person to maliciously discharge, dump, release, place, drop, pour, or otherwise deposit, or to maliciously cause to be discharged, dumped, released, placed, dropped, poured, or otherwise deposited, any substance capable of causing substantial damage or harm to the operation of a public sewer sanitary facility, or to deposit in commercial quantities any other substance, into a manhole, cleanout, or other sanitary sewer facility, not intended for use as a point of deposit for sewage, which is connected to a public sanitary sewer system, without possessing a written authorization therefor granted by the public entity which is charged with the administration of the use of the affected public sanitary sewer system or the affected portion of the public sanitary sewer system.

As used in this section, "maliciously" means an intent to do a wrongful act.

(b) For the purposes of this section "person" means an individual, trust, firm, partnership, joint stock company, or corporation, and "deposited in commercial quantities" refers to any substance deposited or otherwise discharged in any amount greater than for normal domestic sewer use.

(c) Lack of specific knowledge that the facility into which the prohibited discharge or release occurred is connected to a public sanitary sewer system shall not constitute a defense to a violation charged under this section.

(d) Any person who violates this section shall be punished by imprisonment in the county jail for not more than one year, or by a fine of up to twenty-five thousand dollars ($25,000), or by both a fine and imprisonment. If the conviction is for a second or subsequent violation, the person shall be punished by imprisonment in the county jail for not more than one year, or imprisonment in the state prison for 16, 20, or 24 months, and by a fine of not less than five thousand dollars ($5,000) or more than twenty-five thousand dollars ($25,000).

SEC. 2. This section shall not be construed to alter, diminish, or preempt the application of other federal or state laws, or any principle of the common law, which may provide penalties for the discharge or release of hazardous wastes or other pollutants, nor shall this section be construed to create or enlarge any defense in any action to enforce those penalties.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1058

An act to add Sections 742 and 742.1 to the Public Utilities Code, relating to telephones.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 20, 1988]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) New technology, the divestiture of the American Telephone and Telegraph Company, and the efforts of both the Federal Communications Commission and the Public Utilities Commission to facilitate greater competition in the telephone industry have required the Legislature to review recently deregulated telephone services to assure that adequate consumer safeguards have been addressed. One of these services is that which is provided by coin- and credit card-activated pay telephones owned and operated by nonpublic utility service providers in competition with similar services provided by regulated telephone corporations.

(2) Pay telephones operated by regulated telephone corporations are operated pursuant to comprehensive regulation by the Public Utilities Commission, pursuant to specific consumer safeguards and rate tariffs.

(3) Presently, however, pay telephones operated by nonpublic utilities may compete for consumer business free of these regulatory requirements and safeguards.

(b) It is, therefore, the intent of the Legislature in enacting Sections 742 and 742.1 of the Public Utilities Code to require the furnishing of telephone service through nonpublic utility owned and operated coin- and credit card-activated pay telephones to be pursuant to requirements of basic consumer protection and safeguards.

SEC. 2. Section 742 is added to the Public Utilities Code, to read:

742. (a) The commission shall, by rule or order, adopt and enforce operating requirements for coin-activated and credit card-activated telephones available for public use owned or operated by corporations or persons other than telephone corporations. These requirements shall include, but are not limited to, all of the following:

(1) A requirement that the telephone corporation furnishing

service to the corporation or person owning or operating a coin-activated or credit card-activated telephone terminate service for any violation of the commission's rules or orders or of this section, upon a finding by the commission that the violation was a significant or repeated violation.

(2) A requirement that every telephone permit a caller to be connected with the operator personnel of any telephone corporation authorized by the commission to operate within a service area by dialing the numeral "0" and with the emergency services switchboard reached by dialing the numerals "911" without insertion of any coin.

(3) A requirement that every telephone contain instructions for both local and long distance dialing, the name of the owner or operator of the telephone, and the telephone number of that owner or operator to which complaints can be made.

(b) The commission shall require every telephone corporation which publishes a directory of subscribers to include in that directory information comprising the substance of this section and the rules and orders of the commission adopted pursuant to this section.

SEC. 3. Section 742.1 is added to the Public Utilities Code, to read:

742.1. (a) The commission shall, by rule or order, adopt and enforce operating requirements for every corporation or person, other than a telephone corporation, which, as part of the services furnished, furnishes operator-assisted services by other than a telephone corporation having tariff schedules on file with the commission. These requirements shall include, but not be limited to, a requirement that furnishing these operator-assisted services for telephone calls within a service area is prohibited unless the commission, after instituting a proceeding for the purpose, finds and determines that to permit these operator-assisted services is in the public interest.

(b) The commission shall require every telephone corporation which publishes a directory of subscribers to include in that directory information comprising the substance of this section and the rules and orders of the commission adopted pursuant to this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1059

An act to amend Sections 67 and 12157 of, and to add Chapter 6 (commencing with Section 500) to Division 1 and Chapter 6.5 (commencing with Section 2580) to Division 3 of, the Fish and Game Code, relating to fish and game, and making an appropriation therefor.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The wildlife of our state is one of the people's most precious resources.

(b) The care and management of our dwindling fish and wildlife has necessarily required limitations on the harvest of game mammals and fish in order to provide for the survival of the species and continuation of a valuable food source.

(c) The illegal and negligent destruction of native plant and nongame animal species threatens the survival of natural systems important to the people of California.

(d) The lawful commercial utilization of designated species whose populations are sufficient to support this activity is a beneficial use.

(e) The unlawful taking of fish and wildlife significantly undermines the efforts of the state and its people to preserve a viable wildlife population.

(f) Establishing significant economic disincentives to poaching and illegal sales is one means that may inhibit, deter, and reduce unlawful poaching for profit or personal gain.

SEC. 2. Section 67 of the Fish and Game Code is amended to read:

67. "Person" means any natural person or any partnership, corporation, trust, or other type of association.

SEC. 3. Chapter 6 (commencing with Section 500) is added to Division 1 of the Fish and Game Code, to read:

CHAPTER 6. DAMAGES FROM POACHING AND ILLEGAL SALES

500. (a) The commission shall, by regulation, adopt guidelines to assist the director and the department in ascertaining the amount of civil penalties to be imposed pursuant to Section 2582 or 2583. The guidelines may include monetary amounts or ranges of monetary amounts that the commission finds are adequate to deter illegal actions and partially compensate the people of California for losses to the fish and wildlife resources from illegal transactions described in Section 2582 or 2583 for profit or personal gain.

(b) If the violation involves birds, mammals, amphibians, reptiles, or fish with a value in the aggregate of less than four hundred dollars ($400) and involves only the transportation, taking, or receipt of fish or wildlife taken or possessed in violation of this code, the guidelines shall provide that the civil penalty shall not exceed the maximum criminal fine provided by law for the violation in this code or ten thousand dollars ($10,000), whichever is less. For purposes of this section, "value" means the retail market value if a market value exists, the potential monetary gain to the accused or, for commercial species, the established retail market value.

(c) The guidelines shall include consideration of the nature, circumstances, extent, and gravity of the prohibited acts committed, and the degree of culpability of the violator, including lesser penalties for acts which have little significant effect upon the resources and greater penalties for acts which may cause serious injury to the resources.

(d) Nothing in this chapter or in Chapter 6.5 (commencing with Section 2580) of Division 3 shall be used to establish a monetary value for fish or wildlife resources in connection with any development, project, or land or water use plan or activity as permitted by any federal, state, or local governmental activity. This chapter does not apply to any action brought to recover civil damages under Section 2014.

SEC. 4. Chapter 6.5 (commencing with Section 2580) is added to Division 3 of the Fish and Game Code, to read:

CHAPTER 6.5. CONTROL OF ILLEGALLY TAKEN FISH AND WILDLIFE

2580. The definitions in this section govern the construction of this chapter.

(a) "Qualified hearing officer" means an attorney admitted to the State Bar of California who is knowledgeable in fish and wildlife law.

(b) "Transport" means to move, convey, carry, or ship by any means, or to deliver or receive for the purpose of movement, conveyance, carriage, or shipment.

2581. If the loss is lawful under this code and regulations adopted under this code, this chapter does not apply to the loss of any bird, mammal, amphibian, reptile, or fish as a result of any of the following acts:

(a) Implementing lawful forestry practices.

(b) Implementing lawful agricultural practices.

(c) Any development or maintenance activity carried out pursuant to the terms of a permit issued by the federal government, the state, or any city, county, or district, or any agency thereof.

2582. (a) The department may impose civil liability upon any person pursuant to this chapter for any of the following acts done for profit or personal gain:

(1) Unlawfully export, import, transport, sell, possess, receive,

acquire, or purchase, or unlawfully assist, conspire, or aid in the importing, exporting, transporting, sale, possession, receiving, acquisition, or purchasing of, any bird, mammal, amphibian, reptile, or fish which are taken or possessed in violation of this code or the regulations adopted pursuant to this code.

(2) Unlawfully export, import, transport, sell, possess, receive, acquire, or purchase, or unlawfully assist, conspire, or aid in the importing, exporting, transporting, sale, possession, receiving, acquisition, or purchasing of any plants, insects, or other species listed pursuant to the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050)), which are taken or possessed in violation of this code or the regulations adopted pursuant to this code.

(3) Unlawfully export, import, transport, sell, possess, receive, acquire, or purchase any bird, mammal, amphibian, reptile, or fish, or any endangered or threatened species, or any fully protected bird, mammal, or fish which has been taken, possessed, transported, or sold in violation of this code or the regulations adopted pursuant to this code.

(4) Unlawfully possess any bird, mammal, amphibian, reptile, or fish, or any endangered or threatened species, or any fully protected bird, mammal, or fish which has been taken, possessed, transported, or sold in violation of this code or any regulations adopted pursuant to this code within the maritime and territorial jurisdiction of the state or within the portions of the special maritime jurisdiction of the United States upon which the State of California exercises concurrent jurisdiction, either by statute, deputization, or by contract with the United States.

(5) Having exported, imported, transported, sold, purchased, or received any bird, mammal, amphibian, reptile, or fish, or any endangered or threatened species, or any fully protected bird, mammal, or fish, unlawfully make or submit any false record, account, label, or identification thereof.

(6) Attempt to commit any unlawful act, or unlawfully attempt to commit any act, described in paragraphs (1) to (5), inclusive.

(b) The department may impose civil liability upon any person pursuant to this chapter for unlawfully exporting, importing, possessing, receiving, or transporting in interstate commerce any container or package containing any bird, mammal, amphibian, reptile, or fish, or any endangered or threatened species, or any fully protected bird, mammal, or fish unless the container or package has previously been plainly marked, labeled, or tagged in accordance with this code and the regulations adopted pursuant to this code.

(c) The department may impose civil liability upon any person pursuant to this chapter for any unlawful failure or refusal to maintain any records or paperwork as required by this code.

2583. (a) Except as provided in subdivision (b), any person who violates this code or any regulation adopted to carry out this code, and, with the exercise of due care, should have known that the birds,

mammals, amphibians, reptiles, or fish, or the endangered or threatened species, or the fully protected birds, mammals, or fish were taken, possessed, transported, imported, received, purchased, acquired, or sold in violation of, or in a manner unlawful under, this code, may be assessed a civil penalty. The civil penalty imposed under this chapter by the department shall not be more than ten thousand dollars ($10,000) for each bird, mammal, amphibian, reptile, or fish, or for each endangered or threatened species, or each fully protected bird, mammal, or fish unlawfully taken, possessed, transported, imported, received, purchased, acquired, or sold. This civil penalty may be in addition to any other penalty, civil or criminal, provided in this code or otherwise by law.

(b) No civil penalties shall be imposed under this chapter until the guidelines for the imposition of the penalties are adopted by the commission pursuant to Section 500.

2584. (a) Upon an actionable violation, the department shall consult, as to the appropriate civil or criminal remedy, with the district attorney in the jurisdiction where the violation was alleged to have occurred. Before proceeding with a civil action, the department shall seek the concurrence of the Attorney General.

(b) The director shall appoint a qualified referee or hearing board, composed of one or any combination of the following persons:

(1) A qualified hearing officer, as defined in subdivision (a) of Section 2580.

(2) A retired judge of the Superior Court who is knowledgeable in fish and wildlife law.

(3) A qualified neutral referee, appointed upon petition to the Superior Court in which the violation was alleged to have occurred.

(c) The director, after investigation of the facts and circumstances, may issue a complaint to any person on whom a civil penalty may be imposed pursuant to Section 2582 or 2583. The complaint shall allege the acts or failures to act that constitute a basis for a civil penalty and the amount of the proposed civil penalty. The complaint shall be served by personal service or certified mail and shall inform the person so served that a hearing shall be conducted within 60 days after the person has been served, unless the person waives the right to a hearing. If the person waives the right to a hearing, the department shall issue an order setting liability in the amount proposed in the complaint. If the person has waived the right to a hearing or if the department and the person have entered into a settlement agreement, the order shall be final.

(d) Any hearing required under this section shall be conducted by a referee or hearing board according to the procedures specified in Sections 11507 to 11517, inclusive, of the Government Code, except as otherwise provided in this section. In making a determination, the hearing officer may consider the records of the department in the matter, the complaint, and any new facts brought to his or her attention by that person. The hearing officer shall be the sole trier of fact as to the existence of a basis for liability under Section 2582

or 2583. The hearing officer shall make the determination of the facts of the case and shall prepare and submit the proposed decision, including recommended penalty assessment, to the director for his or her review and assistance in the penalty assessment process.

(e) The director may assess the civil penalty, and may reduce the amount, or not impose any assessment, of civil penalties based upon the nature, circumstances, extent, and gravity of the prohibited acts alleged, and the degree of culpability of the violator; or the director may enter into a settlement agreement with the person in the best interests of the state or confirm the amount of civil penalties contained in the complaint. If the director reduces the amount of the civil penalty, does not impose the civil penalty, or enters into a settlement agreement, the director shall seek the recommendation of the hearing officer and enter into the records of the case the reasons for that action, including the hearing officer's recommendation. The decision of the director assessing the civil penalty is final. The proposed decision is a public record and shall be served upon the person. The director may approve the proposed decision in its entirety, or the director may reduce the proposed penalty and adopt the balance of the proposed decision.

(f) Upon the final assessment of the civil penalty, the department shall issue an order setting the amount of the civil penalty to be imposed. An order setting civil liability under this section becomes effective and final upon the issuance thereof, and payment shall be made within 30 days of issuance. Copies of the order shall be served by personal service or by certified mail upon the person served with the complaint and upon other persons who appeared before the director and requested a copy. Copies of the order shall be provided to any person within 10 days of receipt of a written request from that person.

(g) Within 30 days after service of a copy of an order setting the amount of the civil penalty, any person so served may file with the superior court a petition for a writ of mandate for review of the order. In all proceedings pursuant to this subdivision, the court shall exercise its independent judgment on the evidence in the whole record. The filing of a petition for a writ of mandate shall not stay any other civil or criminal action.

(h) The records of the case, after all appeals are final, are public records, as defined in subdivision (d) of Section 6252 of the Government Code.

2585. The civil penalties imposed under this chapter are in addition to any forfeiture of equipment pursuant to Section 12157 or forfeiture of birds, mammals, amphibia, reptiles, or fish pursuant to Section 12159.

2586. (a) The director may pay a reward from any funds available for that purpose to any person who furnished information which led to an arrest, a criminal conviction, an order of assessment of a civil penalty, or for forfeiture of property for any violation of this code or any regulation adopted pursuant to this code. The amount

of reward, if any, shall be designated by the director with the advice of the CalTIP Award Board.

(b) This chapter does not apply to any action brought to recover damages under Section 2014.

2587. (a) Notwithstanding Section 12511 of the Government Code, the department may retain or appoint legal counsel to prepare and prosecute civil actions under this chapter.

(b) Any action to recover civil penalties imposed under this chapter shall be commenced within three years after discovery of the commission of the offense.

2588. All civil penalties and revenues from forfeitures collected pursuant to this chapter shall be deposited in the Fish and Game Preservation Fund.

2589. The commission and the department may adopt regulations as are necessary to carry out their responsibilities under this chapter.

SEC. 5. Section 12157 of the Fish and Game Code is amended to read:

12157. (a) Except as provided in subdivision (b), the judge before whom any person is tried for a violation of any provision of this code, or regulation adopted pursuant thereto, may, in his or her discretion, upon the conviction of the person tried, order the forfeiture of any device or apparatus which is designed to be, and capable of being, used to take birds, mammals, fish, reptiles, or amphibia and which was used in committing the offense charged.

(b) The judge shall, if the offense is punishable under Section 12008 of this code or subdivision (c) of Section 597 of the Penal Code, order the forfeiture of any device or apparatus which is used in committing the offense, including, but not limited to, any vehicle which is used or intended for use in delivering, importing, or exporting any unlawfully taken, imported, or purchased species.

(c) Any device or apparatus ordered forfeited shall be sold, used, or destroyed by the department.

(d) The proceeds from all sales under this section, after payment of any valid liens on the forfeited property, shall be paid into the Fish and Game Preservation Fund. A lien in which the lienholder is a conspirator is not a valid lien for purposes of this subdivision.

(e) The provisions in this section authorizing or requiring a judge to order the forfeiture of a device or apparatus are applicable to the judge, referee, or traffic hearing officer in a juvenile court action brought under Section 259 of the Welfare and Institutions Code.

(f) For purposes of this section, a plea of nolo contendere or no contest, or forfeiture of bail, constitutes a conviction.

(g) Neither the disposition of the criminal action other than by conviction nor the discretionary refusal of the judge to order forfeiture upon conviction impairs the right of the department to commence proceedings to order the forfeiture of fish nets or traps pursuant to Section 8630.

CHAPTER 1060

An act to add and repeal Sections 714, 7149.2, and 13005 of the Fish and Game Code, relating to fish and game, and making an appropriation therefor.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 714 is added to the Fish and Game Code, to read:

714. (a) In addition to Section 3031, 7149, or 7149.2, and notwithstanding Section 3037, the department shall issue lifetime sportsman's licenses under this section. A lifetime sportsman's license authorizes, the taking of birds, mammals, fish, reptiles, or amphibia anywhere in this state in accordance with law for purposes other than profit for the life of the person to whom issued unless revoked for a violation of this code or regulations adopted under this code. A lifetime sportsman's license is not transferrable. A lifetime sportsman's license does not include any special license tags, license stamps, or fees.

(b) A lifetime sportsman's license shall be issued to any of the following:

(1) To a resident of this state 40 years of age or older, upon payment of a fee of eight hundred twenty-five dollars ($825), as adjusted under Section 713.

(2) To a resident of this state under the age of 40 years, upon payment of a fee of one thousand two hundred dollars ($1,200), as adjusted under Section 713.

(c) A lifetime sportsman's license is valid for a period ending five years after the licensee is no longer a resident of this state.

(d) Nothing in this section requires a person under the age of 16 to obtain a license to take fish, reptiles, or amphibia for purposes other than profit or to obtain a license to take birds or mammals except as required by law.

(e) Nothing in this section exempts an applicant for a license from meeting other qualifications or requirements otherwise established by law for the privilege of sporthunting or sportfishing.

(f) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 2. Section 7149.2 is added to the Fish and Game Code, to read:

7149.2. (a) In addition to Sections 714 and 7149, the department shall issue a lifetime sportfishing license under this section. A lifetime sportfishing license authorizes the taking of fish, amphibia, or reptiles anywhere in this state in accordance with the law for

purposes other than profit for the life of the person to whom issued unless revoked for a violation of this code or regulations adopted under this code. A lifetime sportfishing license is not transferrable. A lifetime sportfishing license does not include any special license tags, license stamps, or fees.

(b) A lifetime sportfishing license shall be issued to any of the following:

(1) To a resident of this state 40 years of age or older upon payment of a fee of four hundred fifty dollars ($450), as adjusted under Section 713.

(2) To a resident of this state under the age of 40 years upon payment of a fee of six hundred dollars ($600), as adjusted under Section 713.

(c) A lifetime sportfishing license is valid for a period ending five years after the licensee is no longer a resident of this state.

(d) Nothing in this section requires a person under the age of 16 years to obtain a license to take fish, amphibia, or reptiles for purposes other than profit.

(e) Nothing in this section exempts a license applicant from meeting other qualifications or requirements otherwise established by law for the privilege of sportfishing.

(f) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 3. Section 13005 is added to the Fish and Game Code, to read:

13005. (a) Notwithstanding Section 13001, the money collected from fees for lifetime sportsman's licenses under Section 714, and lifetime sportfishing licenses under Section 7149.2, are not refundable and shall be deposited, as follows:

(1) Seventy-five dollars ($75) for each lifetime license issued shall be deposited in the Fish and Game Preservation Fund for use in accordance with Section 711.

(2) The balance of the fees shall be deposited in the Lifetime License Trust Account which is hereby created in the Fish and Game Preservation Fund. Except as provided in this section, that principal amount of the money in the account from the fee for a lifetime license shall not be used, except for investment.

(b) The money in the Lifetime License Trust Account may be transferred and invested through the Surplus Money Investment Fund and all interest shall accrue to the account pursuant to subdivision (g) of Section 16475 of the Government Code.

(c) (1) Each year the department shall transfer from the Lifetime License Trust Account to the Fish and Game Preservation Fund an amount equal to the current amount of the resident hunting and sportfishing license fee times the number of lifetime sportsman's licenses in force and effect on July 1 of that year.

(2) Each year the department shall transfer from the Lifetime License Trust Account to the Fish and Game Preservation Fund an

amount equal to the current amount of the resident sportfishing license fee times the number of lifetime sportfishing licenses in force and effect on July 1 of that year.

(d) The principal amount of the money deposited in the Lifetime License Trust Account shall be transferred to the Fish and Game Preservation Fund for use in accordance with Section 711 upon attainment of the actuarially determined life expectancy of the licensee.

(e) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 4. The Legislature hereby finds and declares that persons electing to obtain lifetime licenses to hunt and sportfish do so, in part, because of their desire to provide a permanent, reliable source of funding to protect and preserve the fish and game resources of this state and obtain the license and pay the fees with the understanding they will be used as provided in this act and that the lifetime trust account is a trust fund for the purposes provided in this section.

It is the intent of the Legislature to provide funding for sportfishing and sporthunting programs in excess of what would otherwise have been available through annual license fees. If, in the evaluation by the Department of Fish and Game, this is not the revenue effect of lifetime licenses, the department shall recommend changes in lifetime license fees so as to meet this intent.

SEC. 5. The sum of thirty-two thousand five hundred dollars ($32,500) is hereby appropriated from the Fish and Game Preservation Fund to the Department of Fish and Game for expenditure in the 1988–89 fiscal year for the purpose of establishing 1.5 personnel years to implement this act.

CHAPTER 1061

(2) The facility is authorized by the state in which it is located, pursuant to the applicable laws or regulations of that state, to accept the transported hazardous waste for transfer, handling, recycling, storage, treatment, or disposal.

(b) No person shall transport any hazardous waste on the highways of this state, or deliver to a railroad or vessel any hazardous waste for transport, if the final destination of the transported hazardous waste is a facility which is located on a site which has been listed on the National Priorities List established pursuant to subparagraph (B) of paragraph (8) of Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9605 (8) (B)).

The immunity provided by this section does not apply if the owner, tenant, or lessee received any consideration for permitting the gleaning activity.

(d) Any funds recovered by the department pursuant to this section shall be deposited in the Department of Food and Agriculture Fund for use, upon appropriation by the Legislature, to cover costs related to the enforcement of this division.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 8880.32 of the Government Code is amended to read:

8880.32. Validation and Payment of Prizes

The Commission shall promulgate rules and regulations to establish a system of verifying the validity of prizes and to effect payment of such prizes, provided:

(a) For convenience of the public, Lottery Game Retailers may be authorized by the Commission to pay winners of up to six hundred dollars ($600) after performing validation procedures on their premises appropriate to the Lottery Game involved.

(b) No prize may be paid arising from tickets or shares that are stolen, counterfeit, altered, fraudulent, unissued, produced or issued in error, unreadable, not received or not recorded by the Lottery by applicable deadlines, lacking in captions that confirm and agree with the lottery play symbols required by the Lottery Game involved, purchased by a minor, or not in compliance with such additional specific rules and regulations and confidential validation and security tests appropriate to the particular Lottery Game. The Lottery may pay a prize of less than one million dollars ($1,000,000) even though the actual winning ticket is not received by the Lottery if the Lottery

validates the claim for the prize based upon substantial proof.

The Commission may require that any form relating to a claim for a prize shall be signed under penalty of perjury. Any such declaration shall meet the requirements of Section 2015.5 of the Code of Civil Procedure.

(c) No particular prize in any Lottery Game may be paid more than once, and in the event the Commission reaches a binding determination that more than one claimant is entitled to a particular prize, the sole remedy of the claimants is the award to each of them of an equal share in the prize and the Commission shall direct the Controller to disburse the award to the claimants in equal shares.

(d) The Commission may specify that winners of less than twenty-five dollars ($25) claim the prizes from either the same Lottery Game Retailer from whom it was purchased or from the Lottery itself.

(e) Players shall have the right to claim prize money for 180 days after the drawing or the end of the Lottery Game or play in which the prize was won. The Commission may define shorter time periods for eligibility for participation in, and entry into, drawings involving entries or finalists. If a valid claim is not made for a prize directly payable by the Lottery Commission within the period applicable for that prize, the unclaimed prize money shall revert to the benefit of the public purpose described in this chapter.

(f) After the expiration of the claim period for prizes for each Lottery Game, the Commission shall make available a detailed tabulation of the total number of tickets or shares actually sold in a Lottery Game and the total number of prizes of each prize denomination that were actually claimed and paid directly by the Lottery Commission.

(g) The right of any person to a prize shall not be assignable, except that payment of any prize may be paid to the estate of a deceased prize winner or to a person designated pursuant to an appropriate judicial order. In the event that there is no probate, the prize shall be distributed in accordance with Section 21211. The Director, the Commission, and the state shall be discharged of all further liability upon the payment of a prize pursuant to this subdivision.

(h) A ticket or share shall not be purchased by, and a prize shall not be paid to, a member of the Commission or to any officer or employee of the Commission or to any spouse, child, brother, sister, or parent of that person. Any person who knowingly sells or purchases a ticket or share in violation of this section, or who knowingly claims or attempts to claim a prize with a ticket or share that was purchased or sold in violation of this section, is guilty of a misdemeanor.

(i) No prize shall be paid to any person under the age of 18 years. Any person who knowingly claims or attempts to claim a prize with a ticket or share purchased by a person under the age of 18 years is guilty of a misdemeanor.

SEC. 2. The Legislature finds and declares that this act furthers the purpose of the California State Lottery Act of 1984.

CHAPTER 1066

An act to amend Sections 11008.14, 11404, 11405, and 11460 of, and to add Sections 11263.5, 11401.4, and 11465 to, the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that many infants of minor mothers who are dependents of the court and who are placed into foster care are at a greater risk of physical and emotional abuse and neglect than are babies of other minor mothers. Because of their own history of abuse and neglect, their minority and instability, these mothers need support to ensure the proper care of their infants. The Legislature also finds and declares that the current system encourages these mothers to seek public welfare support which tends to continue the generational cycle of dependency.

(b) (1) It is the intent of the Legislature that minor mothers in foster care be provided with services and support to prevent the infants from becoming dependents of the court due to the minor mother's inability to care for the infant.

(2) It is further the intent of the Legislature to decrease the likelihood that the minor mother will depend upon public welfare as the primary source of support for herself and her infant.

(3) Finally, it is the intent of the Legislature that a child whose care is included in the aid payment of a parent who is a recipient of AFDC-FC also be considered an AFDC-FC recipient.

SEC. 2. Section 11008.14 of the Welfare and Institutions Code, is amended to read:

11008.14. To the same extent as required by federal law, the income of the natural or adoptive parent, and the spouse of the natural or adoptive parent, and the sibling of an eligible child, living in the same home with an eligible child shall be considered available, in addition to the income of an applicant for or recipient of aid under Chapter 2 (commencing with Section 11200), for purposes of eligibility determination and grant computation. Except as otherwise provided in this section, in the case of a parent or legal guardian of a minor who is also the parent of an eligible child, the income of the parent or guardian shall be considered available to the minor parent and eligible child to the same extent that income to a stepparent is considered available to an assistance unit, consistent

with federal law.

This section shall be applied to all applicants for, and recipients of, Aid to Families with Dependent Children provided under Chapter 2 (commencing with Section 11200), except that income of a guardian of an applicant for, or recipient of, foster care benefits provided under Article 5 (commencing with Section 11400) of Chapter 2 shall not be considered available to the ward or to a child of the ward for the purpose of eligibility determination and grant computation under Article 5 (commencing with Section 11400) of Chapter 2. This section shall be applied regardless of whether federal financial participation is available for the family.

SEC. 3. Section 11263.5 is added to the Welfare and Institutions Code, to read:

11263.5. SEC. 7. Section 11460 of the Welfare and Institutions Code is amended to read:

11460. (a) It is the intent of the Legislature that rates paid providers on behalf of children placed in foster care shall be determined in accordance with Section 11462, 11462.1, 11462.2, 11463, 11464 or 11465. These rates shall be paid for care and supervision of children receiving assistance under the AFDC-FC program.

(b) The department is designated the single organizational unit whose duty it shall be to administer a state system for establishing rates in the AFDC-FC program. as defined in Section 1502 of the Health and Safety Code, the department shall adopt regulations setting forth a uniform rate to cover the cost of care and supervision of the child in each category of eligible licensed community care facility.

(c) Subject to the availability of funds, for the 1989–90 fiscal year and annually thereafter, these rates shall be adjusted for cost of living pursuant to procedures in Section 11453.

SEC. 9. The State Department of Social Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code to implement this act. The adoption of regulations pursuant to this section in order to implement this act shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted pursuant to this section shall not be subject to the review and approval of the Office of Administrative Law. The regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect more than 120 days unless the adopting agency complies with all of the provisions of Chapter 3.5 (commencing with Section 11340) as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 10. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1067

An act to add and repeal Section 42685 of the Food and Agricultural Code, relating to food.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 42685 is added to the Food and Agricultural Code, to read:

42685. (a) Upon recommendation of the commissioner and upon making a finding that extraordinary circumstances have resulted in the need for inspection of imported fruits, nuts, or vegetables pursuant to this division, the board of supervisors of a county may establish a schedule of fees to be charged the importer, by the commissioner, for the recovery of costs connected with the commissioner's inspection in order to assure compliance with this division. This authority applies only to inspections conducted at ports of entry or points of initial availability inspected by the commissioner.

(b) (1) The authority of the board of supervisors to establish a schedule of fees under this section applies only when a mandatory inspection or certification program presently exists in the state for the same commodity and where a fee is collected pursuant to authority granted in Article 5 (commencing with Section 42761) or Article 6 (commencing with Section 42791).

(2) In no case may the fees established for inspection of imported fruits, nuts. and vegetables exceed the fees set for the mandatory inspection or certification program.

(3) The director may adopt regulations, including, but not limited to, establishing recommended county enforcement cost recovery fees.

(c) In addition to any other penalties available under the law, the commissioner may place a hold order on any lot of fruits, nuts, or vegetables on which he or she has assessed a fee pursuant to this section if the importer has failed to pay that fee.

(d) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

CHAPTER 1068

An act to amend Section 24562 of, and to add Section 24322 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 24322 is added to the Revenue and Taxation Code, to read:

24322. (a) Gross income of a domestic building and loan association, as defined in Section 7701(a)(19) of the Internal Revenue Code, does not include any amount of money or other property received from the Federal Savings and Loan Insurance Corporation pursuant to Section 406(f) of the National Housing Act (12 U.S.C. Section 1729(f)), regardless of whether any note or other instrument is issued in exchange therefor.

(b) No reduction in the basis of assets of a domestic building and loan association shall be made on account of money or other property received under the circumstances referred to in subdivision (a).

(c) Section 24425 shall not deny any deductions by reason of the deductions being allocable to amounts excluded from gross income under this section.

(d) This section shall not apply with respect to any amounts excludable under subdivision (a) received after December 31, 1988, in income years ending after that date, unless the payments are made by the Federal Savings and Loan Insurance Corporation pursuant to an acquisition or merger which occurred on or before December 31, 1988.

SEC. 2. Section 24562 of the Revenue and Taxation Code is amended to read:

24562. (a) For purposes of Chapter 8 (commencing with Section 24451), Chapter 9 (commencing with Section 24501), and this chapter, "reorganization" means any of the following:

(1) A statutory merger or consolidation.

(2) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of stock of another corporation if, immediately after the acquisition, the acquiring corporation has control of that other corporation (whether or not the acquiring corporation had control immediately before the acquisition).

(3) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of substantially all of the properties of another

corporation, but in determining whether the exchange is solely for stock the assumption by the acquiring corporation of a liability of the other, or the fact that property acquired is subject to a liability, shall be disregarded.

(4) A transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor, or one or more of its shareholders (including persons who were shareholders immediately before the transfer), or any combination thereof, is in control of the corporation to which the assets are transferred; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(5) A recapitalization.

(6) A mere change in identity, form, or place of organization of one corporation, however effected.

(7) A transfer by a corporation of all or part of its assets to another corporation in a Title 11 or similar case; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(b) (1) If a transaction is described in both paragraph (3) and paragraph (4) of subdivision (a), then, for purposes of this chapter, the transaction shall be treated as described only in paragraph (4) of subdivision (a).

(2) If:

(A) One corporation acquires substantially all of the properties of another corporation;

(B) The acquisition would qualify under paragraph (3) of subdivision (a) but for the fact that the acquiring corporation exchanges money or other property in addition to voting stock; and

(C) The acquiring corporation acquires, solely for voting stock described in paragraph (3) of subdivision (a), property of the other corporation having a fair market value which is at least 80 percent of the fair market value of all of the property of the other corporation;

then the acquisition shall (subject to paragraph (1) of this subdivision) be treated as qualifying under paragraph (3) of subdivision (a). Solely for the purpose of determining whether subparagraph (C) of the preceding sentence applies, the amount of any liability assumed by the acquiring corporation, and the amount of any liability to which any property acquired by the acquiring corporation is subject, shall be treated as money paid for the property.

(3) A transaction otherwise qualifying under paragraph (1), (2), or (3) of subdivision (a) shall not be disqualified by reason of the fact that part or all of the assets or stock which were acquired in the transaction are transferred to a corporation controlled by the corporation acquiring the assets or stock. A similar rule shall apply

to a transaction otherwise qualifying under paragraph (7) of subdivision (a) where the requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met with respect to the acquisition of the assets.

(4) The acquisition by one corporation, in exchange for stock of a corporation (referred to in this paragraph as "controlling corporation") which is in control of the acquiring corporation, of substantially all of the properties of another corporation which in the transaction is merged into the acquiring corporation shall not disqualify a transaction under paragraph (1) or paragraph (7) of subdivision (a), if both of the following apply:

(A) No stock of the acquiring corporation is used in the transaction.

(B) In the case of a transaction under paragraph (1) of subdivision (a), the transaction would have qualified under paragraph (1) of subdivision (a) had the merger been into the controlling corporation.

(5) A transaction otherwise qualifying under paragraph (1) of subdivision (a) shall not be disqualified by reason of the fact that stock of a corporation (referred to in this paragraph as the "controlling corporation") which before the merger was in control of the merged corporation is used in the transaction, if both of the following apply:

(A) After the transaction, the corporation surviving the merger holds substantially all of its properties and of the properties of the merged corporation (other than stock of the controlling corporation distributed in the transaction).

(B) In the transaction, former shareholders of the surviving corporation exchanged. for an amount of voting stock of the controlling corporation, an amount of stock in the surviving corporation which constitutes control of such corporation.

(6) (A) If immediately before a transaction described in subdivision (a) (other than paragraph (5) thereof), two or more parties to the transaction were investment companies, then the transaction shall not be considered to be a reorganization with respect to any such investment company (and its shareholders and security holders) unless it was a regulated investment company, a real estate investment trust, or a corporation which meets the requirements of subparagraph (B).

(B) A corporation meets the requirements of this subparagraph if not more than 25 percent of the value of its total assets is invested in the stock and securities of any one issuer, and not more than 50 percent of the value of its total assets is invested in the stock and securities of five or fewer issuers. For purposes of this paragraph, all members of a controlled group of corporations (within the meaning of Section 1563(a) of the Internal Revenue Code of 1954) shall be treated as one issuer.

(C) For purposes of this paragraph, "investment company" means a regulated investment company, a real estate investment

trust, or a corporation 50 percent or more of the value of whose total assets are stock and securities and 80 percent or more of the value of whose total assets are assets held for investment. In making the 50-percent and 80-percent determinations under the preceding sentence, stock and securities in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets, and a corporation shall be considered a subsidiary if the parent owns 50 percent or more of the combined voting power of all classes of stock entitled to vote, or 50 percent or more of the total value of shares of all classes of stock outstanding.

(D) For purposes of this paragraph, in determining total assets there shall be excluded cash and cash items (including receivables), government securities, and, under regulations prescribed by the Franchise Tax Board, assets acquired (through incurring indebtedness or otherwise) for purposes of meeting the requirements of subparagraph (B) or ceasing to be an investment company.

(E) This paragraph does not apply if the stock of each investment company is owned substantially by the same persons in the same proportions.

(F) If an investment company which does not meet the requirements of subparagraph (B) acquires assets of another corporation, subparagraph (A) shall be applied to that investment company and its shareholders and security holders as though its assets had been acquired by that other corporation. If the investment company acquires stock of another corporation in a reorganization described in paragraph (2) of subdivision (a) of Section 24562 (hereafter referred to as the "actual acquisition") subparagraph (A) shall be applied to the shareholders of that investment company as though they had exchanged with the other corporation all of their stock in the investment company for stock having a fair market value equal to the fair market value of their stock of the investment company immediately after the exchange.

(G) For purposes of subparagraphs (B) and (C), "securities" includes obligations of state and local governments, commodity futures contracts, shares of regulated investment companies and real estate investment trusts, and other investments constituting a security within the meaning of the Investment Company Act of 1940, 15 U.S.C. 80a-2(36).

(7) (A) A transaction shall fail to meet the requirements of paragraph (3) of subdivision (a), unless the acquired corporation distributes the stock, securities, and other properties it receives, as well as its other properties, in pursuance of the plan of reorganization.

(B) The Franchise Tax Board may waive the application of subparagraph (A) to any transaction subject to any conditions the Franchise Tax Board may prescribe.

(c) The amendments made to this section by the 1971 First

Extraordinary Session of the Legislature shall apply to statutory mergers occurring after December 31, 1970.

(d) (1) For purposes of this chapter, "Title 11 or similar case" means—

(A) A case under Title 11 of the United States Code, to the extent this chapter is not in conflict with Section 346(q) (17) (C) of Title 11, or

(B) A receivership, foreclosure, or similar proceeding in a federal or state court.

(2) In applying paragraph (7) of subdivision (a), a transfer of the assets of a corporation shall be treated as made in a Title 11 or similar case only if both of the following apply:

(A) Any party to the reorganization is under the jurisdiction of the court in that case.

(B) The transfer is pursuant to a plan of reorganization approved by the court.

(3) If a transaction (but for this paragraph) qualifies both—

(A) Under paragraph (7) of subdivision (a), and

(B) Under any other paragraph of subdivision (a) or under Section 24502 or 24521, then, for purposes of this chapter (other than Section 24540(c) (1)), the transaction shall be treated as qualifying only under paragraph (7) of subdivision (a).

(4) For purposes of paragraphs (1) and (2), in the case of a receivership, foreclosure, or similar proceeding before a federal or state agency involving a financial institution to which Section 585 or 593 of the Internal Revenue Code applies, the agency shall be treated as a court.

(5) In the case of a Title 11 or similar case, the requirement of subparagraph (B) of paragraph (5) of subdivision (b) shall be treated as met if both of the following apply:

(A) No former shareholder of the surviving corporation received any consideration for his or her stock.

(B) The former creditors of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, debt of the surviving corporation which had a fair market value equal to 80 percent or more of the total fair market value of the debt of the surviving corporation.

(6) (A) For purposes of paragraphs (1) and (2), in the case of a financial institution to which Section 593 of the Internal Revenue Code applies, the term "Title 11 or similar case" means only a case in which the board (which will be treated as the court in such case) makes the certification described in subparagraph (B).

(B) A transaction otherwise meeting the requirements of paragraph (7) of subdivision (a), in which the transferor corporation is a financial institution to which Section 593 of the Internal Revenue Code applies, will not be disqualified as a reorganization if no stock or securities of the corporation to which the assets are transferred are received or distributed, but only if all of the following conditions are met:

(i) The requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met with respect to the acquisition of the assets,

(ii) Substantially all of the liabilities of the transferor immediately before the transfer become, as a result of the transfer, liabilities of the transferee, and

(iii) The board certifies that the grounds set forth in Section 1464(d)(6)(a)(i), (ii), or (iii) of Title 12, United States Code, exist with respect to the transferor or will exist in the near future in the absence of action by the board.

(C) For purposes of this subdivision, "board" means the Federal Home Loan Bank Board or the Federal Savings and Loan Insurance Corporation or, if neither has supervisory authority with respect to the transferor, the equivalent state authority.

(D) This paragraph shall not apply to acquisitions after December 31, 1988, nor to income years beginning after December 31, 1988.

SEC. 3. (a) The Legislature hereby finds and declares all of the following:

(1) There is a serious and urgent public need to facilitate the recovery of financially troubled savings and loans in California in order to protect the interests of California depositors and employees.

(2) In investing in troubled California savings and loans, financial institutions and investors have relied upon California following federal tax law with respect to the income and franchise tax treatment of the reorganization of savings and loans as well as the tax treatment of assistance payments received by savings and loans from the Federal Savings and Loan Insurance Corporation.

(3) Any uncertainty regarding the California income and franchise tax treatment of the reorganization of savings and loans and the Federal Savings and Loan Insurance Corporation assistance payments would seriously discourage and undermine the infusion of investment capital necessary to stabilize troubled California savings and loans.

(4) It is in the public interest for the Legislature to reaffirm and make clear that California law concerning the income and franchise tax treatment of the reorganization of savings and loans and the treatment of Federal Savings and Loan Insurance Corporation assistance payments has conformed and does conform to federal tax treatment of such transactions.

(b) It is the intent of the Legislature that this act constitutes a declaration of existing California law. It is further the intent of the Legislature that the California income and franchise tax treatment of any reorganization of a savings and loan and any assistance from the Federal Savings and Loan Insurance Corporation shall be identical to the federal income tax treatment of the reorganization and Federal Savings and Loan Insurance Corporation assistance under the provisions of Sections 368 and 597 of the Internal Revenue Code of 1986. Enacting those clarification provisions in this bill would serve the public interest by providing clear and consistent rules as

well as preclude unnecessary and costly litigation, which would delay, if not prevent, essential reorganizations. The Legislature further finds and declares that any revenue implications associated with reorganizations of financially troubled or bankrupt entities are the direct result of conformity by California in 1982 with the federal changes in 1980 with respect to the reorganization of bankrupt entities.

SEC. 4. The Franchise Tax Board shall submit a report of the revenue impact of this act as of December 1, 1989, to the Legislature on or before January 30, 1990.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1069

An act to amend Section 56455 of the Government Code, relating to governmental reorganization.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 56455 of the Government Code is amended to read:

56455. If an independent special district adopts a resolution pursuant to subdivision (a) of Section 56453, it shall immediately forward a copy of the resolution to the executive officer. Upon receipt of those resolutions from a majority of independent special districts within a county, the commission, at its next regular meeting, shall, by majority vote of those present and voting on the issue, either approve or disapprove special district representation on the commission. The commission shall give notice of the meeting at which it intends to vote on the issue in the manner prescribed in Section 56459. If the commission approves that representation, it shall immediately adopt a resolution of intention pursuant to Section 56458. If the commission disapproves that representation, all further proceedings under this chapter shall cease. If the commission disapproves special district representation on the commission, within 45 days following the disapproval vote it shall make available to any person upon written request a written statement setting forth the reasons for disapproval

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1070

An act to amend Section 411.35 of the Code of Civil Procedure, relating to civil actions.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 411.35 of the Code of Civil Procedure is amended to read:

411.35. (a) In every action including a cross-complaint for damages or indemnity arising out of the professional negligence of a person holding a valid architect's certificate issued pursuant to Chapter 3 (commencing with Section 5500) of Division 3 of the Business and Professions Code, or of a person holding a valid registration as a professional engineer issued pursuant to Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code, or a person holding a valid land surveyor's license issued pursuant to Chapter 15 (commencing with Section 8700) of Division 3 of the Business and Professions Code on or before the date of service of the complaint on any defendant, the plaintiff's attorney shall file the certificate specified by subdivision (b).

(b) A certificate shall be executed by the attorney for the plaintiff or cross-complainant declaring one of the following:

(1) That the attorney has reviewed the facts of the case, that the attorney has consulted with at least one architect, professional engineer, or land surveyor who is licensed to practice and practices in this state or any other state, or who teaches at an accredited college or university and is licensed to practice in this state or any other state, in the same discipline as the defendant or cross-defendant and who the attorney reasonably believes is knowledgeable in the relevant issues involved in the particular action, and that the attorney has concluded on the basis of such review and consultation that there is reasonable and meritorious cause for the filing of such action. The person consulted may not be a party to the litigation.

(2) That the attorney was unable to obtain the consultation required by paragraph (1) because a statute of limitations would impair the action and that the certificate required by paragraph (1) could not be obtained before the impairment of the action. If a certificate is executed pursuant to this paragraph, the certificate required by paragraph (1) shall be filed within 60 days after filing the complaint.

(3) That the attorney was unable to obtain the consultation required by paragraph (1) because the attorney had made three separate good faith attempts with three separate architects, professional engineers, or land surveyors to obtain such consultation

and none of those contacted would agree to such a consultation.

(c) Where a certificate is required pursuant to this section, only one certificate shall be filed, notwithstanding that multiple defendants have been named in the complaint or may be named at a later time.

(d) Where the attorney intends to rely solely on the doctrine of "res ipsa loquitur," as defined in Section 646 of the Evidence Code, or exclusively on a failure to inform of the consequences of a procedure, or both, this section shall be inapplicable. The attorney shall certify upon filing of the complaint that the attorney is solely relying on the doctrines of "res ipsa loquitur" or failure to inform of the consequences of a procedure or both, and for that reason is not filing a certificate required by this section.

(e) For purposes of this section, and subject to Section 912 of the Evidence Code, an attorney who submits a certificate as required by paragraph (1) or (2) of subdivision (b) has a privilege to refuse to disclose the identity of the architect, professional engineer, or land surveyor consulted and the contents of the consultation. The privilege shall also be held by the architect, professional engineer, or land surveyor so consulted. If, however, the attorney makes a claim under paragraph (3) of subdivision (b) that he or she was unable to obtain the required consultation with the architect, professional engineer, or land surveyor, the court may require the attorney to divulge the names of architects, professional engineers, or land surveyors refusing the consultation.

(f) A violation of this section may constitute unprofessional conduct and be grounds for discipline against the attorney, except that the failure to file the certificate required by paragraph (1) of subdivision (b), within 60 days after filing the complaint and certificate provided for by paragraph (2) of subdivision (b), shall not be grounds for discipline against the attorney.

(g) The failure to file a certificate in accordance with this section shall be grounds for a demurrer pursuant to Section 430.10 or a motion to strike pursuant to Section 435.

(h) Upon the favorable conclusion of the litigation with respect to any party for whom a certificate of merit was filed or for whom a certificate of merit should have been filed pursuant to this section, the trial court may, upon the motion of a party or upon the court's own motion, verify compliance with this section, by requiring the attorney for the plaintiff or cross-complainant who was required by subdivision (b) to execute the certificate to reveal the name, address, and telephone number of the person or persons consulted with pursuant to subdivision (b) that were relied upon by the attorney in preparation of the certificate of merit. The name, address, and telephone number shall be disclosed to the trial judge in an in-camera proceeding at which the moving party shall not be present. If the trial judge finds there has been a failure to comply with this section, the court may order a party, a party's attorney, or both, to pay any reasonable expenses, including attorney's fees,

incurred by another party as a result of the failure to comply with this section.

This section shall remain in effect only until January 1, 1992, and as of that date is repealed.

CHAPTER 1071

An act to amend Section 15043 of, to amend and renumber Sections 5253, 5254, and 5259 of, to add Sections 12006 and 12007 to, and to repeal Sections 5250, 5251, and 5252 of, the Unemployment Insurance Code, relating to employment.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 5250 of the Unemployment Insurance Code is repealed.

SEC. 2. Section 5251 of the Unemployment Code is repealed.

SEC. 3. Section 5252 of the Unemployment Insurance Code is repealed.

SEC. 4. Section 5253 of the Unemployment Insurance Code is amended and renumbered to read:

12008. The board shall make a report to the Legislature on January 1 of each year on the number of jobs which have been created pursuant to this division, the number of employed, the cost to the state, and the number of persons who enter permanent employment not supported pursuant to this division.

SEC. 5. Section 5254 of the Unemployment Insurance Code is amended and renumbered to read:

SEC. 6. Section 5259 of the Unemployment Insurance Code is amended and renumbered to read:

SEC. 7. Section 12006 is added to the Unemployment Insurance Code, to read:

12006. The board shall ensure that a sum of no less than one million dollars ($1,000,000) be available to cities, counties, units of state or local government, Indian tribes recognized by the Bureau of Indian Affairs, and any nonprofit employer organized for a public

(b) The State Department of Social Services, in consultation with the board, shall ensure coordination of resources necessary to carry out this provision and Section 12006.

(d) A proposed budget for the planning period describing program objectives, services to be provided for the purpose of achieving those objectives, the sources and amounts of funds to be allocated to each type of service, and estimates of the number of persons in each eligibility category in need and the number of persons in each eligibility category to be served by each type of service. The budget shall also describe administrative objectives, the purpose and rationale for such objectives, and the sources and amounts of funds to be allocated to each objective.

(e) A status report on the activities of the current fiscal year describing progress toward achieving program and administrative objectives as well as other legislative requirements imposed by the

current budget, including the current status and financial condition of the federal and state funds allocated to the service delivery area and the capacity to meet current year objectives.

(f) A description of the activities, financial condition and accomplishments of the service delivery area's job preparation and training services program for the preceding fiscal year, including a description of the extent to which program and administrative objectives set forth for that year were realized, and a description of expenditures by sources of funds for services provided pursuant to this division in that year.

(g) A description of the condition of job preparation and training services taking place in the service delivery area, including an analysis of issues confronting the program and recommendations appropriate to resolve such issues.

(h) A description of the unmet child care needs of participants eligible for services under this division, including an assessment of the role of employers in reducing this barrier to participation.

(i) Assurance that economically disadvantaged women and minorities will be served with federal Job Training Partnership Act funds, with respect to Title I and Title II of the act, at a rate that approximates their rate of representation and need for job training among the economically disadvantaged within each service delivery area. (j) Assurance that subdivision (g) of Section 15032 is adhered to within each service delivery area. Each service delivery area shall specify its plan for adhering with subdivision (g) of Section 15032, including, but not limited to, outreach to the target population.

CHAPTER 1072

An act to amend Section 9315 of, and to add Section 9315.5 to, the Welfare and Institutions Code, relating to seniors.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 9315 of the Welfare and Institutions Code is amended to read:

9315. (a) The department shall implement by July 1, 1985, a new

intrastate funding formula in accordance with all federal regulations. This formula shall apply to all federal and state funds allocated for programs provided for under Title III of the federal Older Americans Act (42 U.S.C. Sec. 3021, et seq.).

The intrastate funding formula shall include all of the following:

(1) Assurances that all area agencies on aging shall have a fifty thousand dollar ($50,000) administrative base with the remainder of the allowable administrative dollars allocated to planning and service area on the basis of number of persons over the age of 60 years.

Area agencies on aging shall use no state funds for administrative purposes unless the funds are provided pursuant to subdivision (f) of Section 9354.

(2) When data is available, an annual update by the department for changes in population characteristics to include the number of persons per planning and service area over the age of 60 years and persons in greatest economic or social need as measured by all of the following variables which shall also be annually updated by the department:

(A) Number of persons over the age of 65 years receiving aid under the State Supplementary Program, provided for under Chapter 3 (commencing with Section 12000) of Part 3 of Division 9.

(B) Number of persons over the age of 75 years.

(C) Number of minority elderly over the age of 60 years.

(D) Number of persons over the age of 60 years living alone.

(E) Number of non-English-speaking persons over the age of 60 years.

The weight given to each variable shall simulate the weighting used in the Washington State intrastate funding formula adjusting for the geographic factor.

(3) A rural factor which guarantees a 105 percent allocation to rural planning and service areas.

(4) A hold-harmless factor which guarantees that no planning and service area shall have its federal and state allocation of funds under Title III of the federal Older Americans Act (42 U.S.C., Sec. 3021, et seq.), excluding area agency on aging administrative costs and funds carried over from the 1983–84 fiscal year, reduced below the 1984–85 fiscal year funding levels.

(b) In the event that additional federal or state funds, in excess of those appropriated under the 1984–85 Budget Act, or subsequent Budget Acts are made available for services, these funds shall be used to maintain existing service levels, with the remainder to be distributed to those planning and service areas which have been determined by the department to be under equity until parity is achieved.

(c) One-time-only funds shall be distributed in accordance with the intrastate funding formula and shall be used for one-time-only purposes, including:

(1) The purchase of capital equipment which enhances the

delivery of services to those seniors identified as being in greatest social or economic need as determined by the local planning process.

(2) Home and community based long-term care projects which encourage families to maintain their elderly members in the home environment.

(3) Innovative pilot projects, as determined by the department.

Preference shall be given to those planning and service areas which have been determined by the Department of Aging to be under equity as defined in subdivision (b).

The department shall report annually, commencing December 1, 1988, to the Assembly Committee on Aging and Long Term Care and the Senate Subcommittee on Aging regarding the allocation of one-time-only funds in accordance with the provisions of this subdivision.

(d) The department shall develop, in conjunction with the intrastate funding formula, a methodology for assuring compliance with the state targeting strategy on an intraplanning and service area basis. In developing this methodology the department shall provide assurances that as additional federal and state service dollars are allocated to the planning and service areas these dollars will be expended on those elderly persons identified as in greatest economic or social need.

(e) For purposes of this section, "one-time-only funds" means the combination of unspent funds which were budgeted to an area agency on aging and unearned funds resulting from audit resolutions.

SEC. 2. Section 9315.5 is added to the Welfare and Institutions Code, to read:

9315.5. The department may, where necessary to ensure the continued provision of services or program operation, advance available state funds to an area agency on aging in an amount up to one-sixth of the annual state and federal allocation to the area agency on aging.

CHAPTER 1073

An act relating to the Public Utilities Commission.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. On or before March 31, 1989, the Public Utilities Commission shall, after a public hearing, prepare and submit to the Legislature a report containing information and an analysis of its findings and recommendations on the policies and practices of gas corporations in the procurement of gas, including, but not limited to,

spot market purchases, the storage of gas, and the curtailment of gas supplies. The report shall include an analysis of whether current commission policies assure that core customers are charged a price for procuring short-term gas supplies not greater than the average weighted cost of short-term gas supplies procured for all other customers, whether the commission should establish an advance approval process for new, long-term core customer gas procurement contracts entered into by gas corporations, and whether the commission should establish standby procurement charges for noncore sales and transportation customers. The report shall also include the commission's recommendations, if any, for legislation needed to improve these procurement, storage, and curtailment policies and practices.

CHAPTER 1074

An act to amend Section 739 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 739 of the Public Utilities Code is amended to read:

739. (a) The commission shall designate a baseline quantity of gas and electricity which is necessary to supply a significant portion of the reasonable energy needs of the average residential customer. In estimating those quantities, the commission shall take into account differentials in energy needs between customers whose residential energy needs are currently supplied by electricity alone or by both electricity and gas. The commission shall develop a separate baseline quantity for all-electric residential customers. For these purposes, "all-electric residential customers" are residential customers having electrical service only or whose space heating is provided by electricity, or both. The commission shall also take into account differentials in energy use by climatic zone and season.

(b) The commission shall establish a standard limited allowance which shall be in addition to the baseline quantity of gas and electricity for residential customers dependent on life-support equipment, including, but not limited to, emphysema and pulmonary patients. A residential customer dependent on life-support equipment shall be given a higher energy allocation than the average residential customer.

"Life-support equipment" means that equipment which utilizes mechanical or artificial means to sustain, restore, or supplant a vital function, or mechanical equipment which is relied upon for mobility

both within and outside of buildings. "Life-support equipment," as used in this subdivision, includes all of the following: all types of respirators, iron lungs, hemodialysis machines, suction machines, electric nerve stimulators, pressure pads and pumps, aerosol tents, electrostatic and ultrasonic nebulizers, compressors, IPPB machines, and motorized wheelchairs.

The limited additional allowance shall also be made available to paraplegic and quadriplegic persons in consideration of the increased heating and cooling needs of those persons.

The limited additional allowance shall also be made available to multiple sclerosis patients in consideration of the increased heating and cooling needs of those persons.

(c) (1) The commission shall require that every electrical and gas corporation file a schedule of rates and charges providing baseline rates. The baseline rates shall apply to the first or lowest block of an increasing block rate structure which shall be the baseline quantity and shall be established for the residential consumption of gas and electricity. In establishing these rates, the commission shall avoid excessive rate increases for residential customers, and shall establish an appropriate gradual differential between the rates for the respective blocks of usage.

(2) In establishing residential electric and gas rates, including baseline rates, the commission shall assure that the rates are sufficient to enable the electrical corporation or gas corporation to recover a just and reasonable amount of revenue from residential customers as a class, while observing the principle that electricity and gas services are necessities, for which a low affordable rate is desirable.

(d) As used in this section:

(1) "Baseline quantity" means a quantity of electricity or gas for residential customers to be established by the commission based on from 50 to 60 percent of average residential consumption of these commodities, except that, for residential gas customers and for all-electric residential customers, the baseline quantity shall be established at from 60 to 70 percent of average residential consumption during the winter heating season. In establishing the baseline quantities, the commission shall take into account climatic and seasonal variations in consumption and the availability of gas service. The commission shall review and revise baseline quantities as average consumption patterns change in order to maintain these ratios.

(2) "Residential customer" means those customers receiving electrical or gas service pursuant to a domestic rate schedule and excludes industrial, commercial, and every other category of customer.

(e) Wholesale electrical or gas purchases, and the rates charged therefor, are exempt from this section.

(f) Nothing contained in this section shall be construed to prohibit experimentation with alternative gas or electrical rate schedules for

the purpose of achieving energy conservation.

(g) The commission shall establish a program of assistance to low-income electric and gas customers, the cost of which shall not be borne solely by any single class of customer.

CHAPTER 1075

An act to amend Sections 305, 335, 342, 366.21, 366.22, 366.25, and 366.26 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 20, 1988 Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 305 of the Welfare and Institutions Code is amended to read:

305. Any peace officer may, without a warrant, take into temporary custody a minor:

(a) When the officer has reasonable cause for believing that the minor is a person described in Section 300, and, in addition, that the minor has an immediate need for medical care, or the minor is in immediate danger of physical or sexual abuse, or the physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In cases in which the child is left unattended, the peace officer shall first attempt to contact the child's parent or guardian to determine if the parent or guardian is able to assume custody of the child. If the parent or guardian cannot be contacted, the peace officer shall notify a social worker in the county welfare department to assume custody of the child.

(b) Who is in a hospital and release of the minor to a parent poses an immediate danger to the child's health or safety.

(c) Who is a dependent child of the juvenile court, or concerning whom an order has been made under Section 319, when the officer has reasonable cause for believing that the minor has violated an order of the juvenile court or has left any placement ordered by the juvenile court.

(d) Who is found in any street or public place suffering from any sickness or injury which requires care, medical treatment, hospitalization, or other remedial care.

SEC. 2. Section 335 of the Welfare and Institutions Code is amended to read:

335. (a) Upon the filing of the petition, the clerk of the juvenile court shall issue a notice, to which shall be attached a copy of the petition, and he or she shall cause the same to be served upon the minor, if the minor is 10 or more years of age, and upon each of the persons described in subdivision (e) of Section 332 whose residence

addresses are set forth in the petition and thereafter before the hearing upon all such persons whose residence addresses become known to the clerk. The clerk shall issue a copy of the petition to the attorney for the minor's parent or guardian and to the district attorney, if the district attorney has notified the clerk of the court that he or she wishes to receive the petition, containing the time, date, and place of the hearing.

(b) If the minor is a ward of a guardian appointed pursuant to the Probate Code, the clerk of the juvenile court shall notify the probate department of the superior court which appointed the guardian of the proceedings in the juvenile court. The probation department or counsel for the minor, if any, may petition the probate department of the superior court to have the guardian removed pursuant to Chapter 9 (commencing with Section 2650) of Part 4 of Division 4 of the Probate Code.

SEC. 3. Section 342 of the Welfare and Institutions Code is amended to read:

342. In any case in which a minor has been found to be a person described by Section 300 and the petitioner alleges new facts or circumstances, other than those under which the original petition was sustained, sufficient to state that the minor is a person described in Section 300, the petitioner shall file a subsequent petition. This section does not apply if the jurisdiction of the juvenile court has been terminated prior to the new allegations.

All procedures and hearings required for an original petition are applicable to a subsequent petition filed under this section.

SEC. 4. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the minor being recommended by the supervising agency. The notice to the foster parent shall indicate that the foster parent may attend all hearings or may submit any information he or she deems relevant to

the court in writing.

(c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services provided or offered to the parents to enable them to assume custody, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the recommendation is not to return the minor to a parent, the report shall specify why the return of the minor would be detrimental to the minor. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to any such hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider any such report and recommendation prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that the return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report, shall review and consider the report and recommendations of any child advocate appointed pursuant to Section 356.5, and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section

366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the minor was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the minor had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian, provided that the court may modify the terms and conditions of those services. If the child is not returned to his or her parent or parents, the court shall determine whether reasonable services have been provided or offered to the parent or parents which were designed to aid the parent or parents overcome the problems which led to the initial removal. The court shall order that those services be initiated or continued.

(f) At the review hearing held 12 months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parent or guardian unless, by a preponderance of the evidence, it finds that return of the child would create a substantial risk or detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or parents which were designed to aid the parent or parents to overcome the problems which led to the initial removal and continued custody of the minor. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided. If the minor is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If a minor is not returned to the custody of a parent or guardian at the hearing held pursuant to subdivision (f), the court

shall do one of the following:

(1) Continue the case for up to six months for another review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months or that reasonable services have not been provided to the parent or parents. The court shall inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a permanent plan shall be developed at that hearing. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

(2) Order that the minor remain in long-term foster care, if the court finds by clear and convincing evidence, based upon the evidence already presented to it, that the minor is not adoptable and has no one willing to accept legal guardianship.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the minor pending the hearing unless it finds that visitation would be detrimental to the minor.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor, if the minor is four years of age or older, concerning placement and the adoption or guardianship.

(6) An analysis of the likelihood that the minor will be adopted if

parental rights are terminated.

(j) This section shall apply to minors made dependents of the court pursuant to subdivision (c) of Section 360 on or after January 1, 1989.

SEC. 5. Section 366.22 of the Welfare and Institutions Code is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the court, at the 18-month hearing, shall order the return of the minor to the physical custody of his or her parent or guardian unless, by a preponderance of the evidence, it finds that return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing the detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall review and consider the report and recommendations of any child advocate appointed pursuant to Section 356.6 and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided. If the minor is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the minor is not returned to a parent or guardian at the 18-month hearing and the court determines that reasonable services have been offered or provided to the parent or guardian, the court shall develop a permanent plan. The court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the minor. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it that the minor is not adoptable and has no one willing to accept legal guardianship, the court may order that the minor remain in long-term foster care. The hearing shall be held no later than 120 days from the date of the 18-month hearing. The court shall also order termination of reunification services to the parent. The court may, if it is in the interests of the minor, continue to permit the parent to visit the minor.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor, if the minor is four years of age or older, concerning placement and the adoption or guardianship.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

SEC. 6. Section 366.25 of the Welfare and Institutions Code is amended to read:

366.25. (a) In order to provide stable, permanent homes for children, a court shall, if the minor cannot be returned home pursuant to subdivision (e) of Section 366.2, conduct a permanency planning hearing to make a determination regarding the future status of the minor no later than 12 months after the original dispositional hearing in which the child was removed from the custody of his or her parent, parents, or guardians, and in no case later than 18 months from the time of the minor's original placement pursuant to Section 319 or 16507.4 and periodically, but no less frequently than once each 18 months, thereafter during the continuation of foster care. The permanency planning hearing may be combined with the six months' review as provided for in Section 366. In the case of a minor who comes within subdivision (b) of Section 361.5 and for whom the court has found that reunification services should not be provided, a permanency planning hearing shall be held pursuant to Section 361.5.

(b) Notice of the proceeding to conduct the review shall be mailed by the probation officer to the same persons as in an original proceeding, to the minor's present custodian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons not earlier than 30 days, nor later than 15 days prior to the date the review is to be conducted.

(c) Except in cases where permanency planning is conducted pursuant to Section 361.5, the court shall first determine at the hearing whether the minor should be returned to his or her parent or guardian, pursuant to subdivision (e) of Section 366.2. If the minor is not returned to the custody of his or her parent or guardian the court shall determine whether there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months. If the court so determines it

shall set another review hearing for not more than six months, which shall be a permanency planning hearing.

(d) If the court determines that the minor cannot be returned to the physical custody of his or her parent or guardian and that there is not a substantial probability that the minor will be returned within six months, the court shall develop a permanent plan for the minor. In order to enable the minor to obtain a permanent home the court shall make the following determinations and orders:

(1) If the court finds that it is likely that the minor can or will be adopted, the court shall authorize the appropriate county or state agency to proceed to free the minor from the custody and control of his or her parents or guardians pursuant to Section 232 of the Civil Code unless the court finds that any of the following conditions exist:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing this relationship.

(B) A minor 10 years of age or older objects to termination of parental rights.

(C) The minor's foster parents, including relative caretakers, are unable to adopt the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.

(2) If the court finds that it is not likely that the minor can or will be adopted or that one of the conditions in subparagraph (A), (B), or (C) of paragraph (1) applies, the court shall order the appropriate county department to initiate or facilitate the placement of the minor in a home environment that can be reasonably expected to be stable and permanent. This may be accomplished by initiating legal guardianship proceedings or long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is in a foster home and the foster parents, including relative caretakers, are willing and capable of providing a stable and permanent environment, the minor shall not be removed from the home if the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the foster parents. The court shall also make orders for visitation with the parents or guardians unless the court finds by a preponderance of evidence that the visitation would be detrimental to the physical or emotional well-being of the minor.

(3) (A) If the court finds that it is not likely that the minor can or will be adopted, that there is no suitable adult available to become the legal guardian of the minor, and that there are no suitable foster parents except certified homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county

welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

(B) The licensed foster family agency shall only use a suitable licensed or other family home which has been certified by the agency as meeting licensing standards. When the care, custody, and control has been transferred to a foster family agency, it shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for support of the minor shall not in and of itself create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(C) Subsequent reviews for these minors shall be conducted every six months by the court. The licensed foster family agency shall be required to submit reports for each minor in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the minor's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the minor.

(e) The proceeding for the appointment of a guardian for a minor who is a dependent child of the juvenile court shall be in the juvenile court. The court shall receive into evidence a report and recommendation concerning the proposed guardianship. The report shall include, but not be limited to, a discussion of all of the following:

(1) A social history of the proposed guardian, including screening for criminal records and prior referrals for child abuse or neglect.

(2) A social history of the minor, including an assessment of any identified developmental, emotional, psychological, or educational needs, and the capability of the proposed guardian to meet those needs.

(3) The relationship of the minor to the proposed guardian, the duration and character of the relationship, the motivation for seeking guardianship rather than adoption, the proposed guardian's long-term commitment to provide a stable and permanent home for the minor, and a statement from the minor concerning the proposed guardianship.

(4) The plan, if any, for the natural parents for continued involvement with the minor.

(5) The proposed guardian's understanding of the legal and financial rights and responsibilities of guardianship.

The report shall be read and considered by the court prior to ruling on the petition for guardianship, and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding.

(f) Physical custody of a minor by his or her parents or guardians for insubstantial periods during the 12-month period prior to a permanency planning hearing shall not serve to interrupt the running of those periods.

(g) Notwithstanding any other provision of law, the application of any person who, as a foster parent, including relative caretakers, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the foster parent and removal from the foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(h) Subsequent permanency planning hearings need not be held if (1) the child has been freed for adoption and placed in the adoptive home identified in the previous permanency planning hearing and is awaiting finalization of the adoption or (2) the child is the ward of a guardian.

(i) This section applies to minors adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 prior to January 1, 1989.

(j) An order by the court that authorizes the filing of a petition to terminate parental rights pursuant to Section 232 or that authorizes the initiation of guardianship proceedings is not an appealable order but may be the subject of review by extraordinary writ.

SEC. 7. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989. The procedures specified herein are the exclusive procedures for conducting these hearings; Section 4600 of the Civil Code is not applicable to these proceedings. For minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360, this section and Sections 224, 224m, and 7017 of the Civil Code specify the exclusive procedures, after January 1, 1990, for permanently terminating parental rights with regard to, or establishing legal guardianship of, the minor while the minor is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all minors who are dependents of the juvenile court, the court shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties present, and then shall do one of the following:

(1) Permanently sever the parent or parents' rights and order

that the child be placed for adoption.

(2) Without permanently terminating parental rights, identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 60 days.

(3) Without permanently terminating parental rights, appoint a legal guardian for the minor and issue letters of guardianship.

(4) Order that the minor be placed in long-term foster care, subject to the regular review of the juvenile court.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) At the hearing the court shall proceed pursuant to one of the following procedures:

(1) It shall terminate parental rights if it determines by clear and convincing evidence that it is likely that the minor will be adopted. The findings pursuant to subdivision (b) of Section 361.5 that reunification services shall not be offered, or the findings pursuant to subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or pursuant to paragraph (2) of subdivision (g) of Section 366.21 or subdivision (a) of Section 366.22 that a minor cannot or should not be returned to his or her parent or guardian, are a sufficient basis for termination of parental rights unless the court finds that termination would be detrimental to the minor due to one of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing the relationship.

(B) A minor 10 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The minor is living with a relative or foster parent who is unable or unwilling to adopt the minor because of exceptional circumstances, which do not include an unwillingness to accept legal responsibility for the minor, but who is willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the minor.

(2) If the court finds that termination of parental rights would not be detrimental to the minor pursuant to paragraph (1) and that the minor has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement

goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 60 days. During this 60-day period, the public agency responsible for seeking adoptive parents, for each child shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1), (3), or (4) of subdivision (b). For purposes of this section, a minor may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the minor because of the minor's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the minor is the age of seven years or more.

(3) If the court finds that adoption of the minor or termination of parental rights is not in the interests of the minor, or that one of the conditions in subparagraph (A), (B), (C), or (D) of paragraph (1) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the minor or order that the minor remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the minor shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the relative caretaker or foster parents. The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the minor.

(4) If the court finds that the child should not be placed for adoption and that legal guardianship shall not be established and that there are no suitable foster parents except exclusive-use homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the minor in a suitable licensed or exclusive-use home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for the support of the minor shall not, in and of itself, create liability on the part of the foster

family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a minor who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanency plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) At the beginning of any proceeding pursuant to this section, if the minor or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) The court shall consider whether the interests of the minor require the appointment of counsel. If the court finds that the interests of the minor do require such protection, the court shall appoint counsel to represent the minor. If the court finds that the interests of the minor require the representation of counsel, counsel shall be appointed whether or not the minor is able to afford counsel. The minor shall not be present in court unless the minor so requests or the court so orders.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless such representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the minor and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the minor, in such proportions as the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(f) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(g) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary

to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(h) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the minor person, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making such an order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(i) If the court, by order or judgment declared the minor free from the custody and control of both parents, or one parent if the other no longer has custody and control, the court shall at the same time order the minor referred to a licensed county adoption agency for adoptive placement by the agency. However, no petition for adoption may be heard until the appellate rights of the natural parents have been exhausted. The licensed county adoption agency shall be responsible for the care and supervision of the minor and shall be entitled to the exclusive care and control of the minor at all times until a petition for adoption is granted.

(j) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates

Claims Fund.

CHAPTER 1076

An act to amend Section 62.1 of, and to add Section 2188.10 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 62.1 of the Revenue and Taxation Code is amended to read:

62.1. Change in ownership shall not include either of the following:

(a) Any transfer, on or after January 1, 1985, of a mobilehome park to a nonprofit corporation, stock cooperative corporation, limited equity stock cooperative, or other entity formed by the tenants of a mobilehome park, for the purpose of purchasing the mobilehome park, provided that, with respect to any transfer of a mobilehome park on or after January 1, 1989, subject to this subdivision, the individual tenants who were renting at least 51 percent of the spaces in the mobilehome park prior to the transfer participate in the transaction through the ownership of an aggregate of at least 51 percent of the voting stock of, or other ownership or membership interests in, the entity which acquires the park.

(b) Any transfer or transfers on or after January 1, 1985, and before January 1, 1987, of rental spaces in a mobilehome park to the individual tenants of the rental spaces, provided that (1) at least 51 percent of the rental spaces are purchased by individual tenants renting their spaces prior to purchase, and (2) the individual tenants of these spaces form, within one year after the first purchase of a rental space by an individual tenant, a nonprofit corporation, stock cooperative, or other entity, as described in Section 50561 of the Health and Safety Code, to operate and maintain the park. If, on or after January 1, 1985, and before January 1, 1987, an individual tenant or tenants notify the county assessor of the intention to comply with the conditions set forth in the preceding sentence, any mobilehome park rental space which is purchased by an individual tenant in that mobilehome park during that period shall not be reappraised by the assessor. However, if all of the conditions set forth in the first sentence of this subdivision are not satisfied, the county assessor shall thereafter levy escape assessments for the spaces so transferred. This subdivision shall apply only to those rental mobilehome parks which have been in operation for five years or more.

(c) (1) If the transfer of a mobilehome park has been excluded from a change in ownership pursuant to subdivision (a) and the park

has not been converted to condominium, stock cooperative ownership, or limited equity cooperative ownership, any transfer on or after January 1, 1989, of shares of the voting stock of, or other ownership or membership interests in, the entity which acquired the park in accordance with subdivision (a) shall be a change in ownership of a pro rata portion of the real property of the park unless the transfer is for the purpose of converting the park to condominium, stock cooperative ownership, or limited equity cooperative ownership or is excluded from change in ownership by the provisions of Section 62, 63, or 63.1.

(2) For the purposes of this subdivision, "pro rata portion of the real property" means the total real property of the mobilehome park multiplied by a fraction consisting of the number of shares of voting stock, or other ownership or membership interests, transferred divided by the total number of outstanding issued or unissued shares of voting stock of, or other ownership or membership interests in, the entity which acquired the park in accordance with subdivision (a).

(3) Any pro rata portion or portions of real property which changed ownership pursuant to this subdivision may be separately assessed as provided in Section 2188.10.

(d) Subdivision (a) shall remain operative only until January 1, 1994. Subdivision (b) shall remain operative only until January 1, 1987.

(e) It is the intent of the Legislature that, in order to facilitate affordable conversions of mobilehome parks to tenant ownership, subdivision (a) apply to all bona fide transfers of rental mobilehome parks to tenant ownership, including, but not limited to, those parks converted to tenant ownership as a nonprofit corporation made on or after January 1, 1985, and before the termination date of subdivision (a).

SEC. 2. Section 2188.10 is added to the Revenue and Taxation Code, to read:

2188.10. (a) Whenever the assessor receives a written request for separate assessment of a pro rata portion of the real property of a mobilehome park which changed ownership pursuant to subdivision (c) of Section 62.1 as the result of the transfer of a share or shares of voting stock or other ownership or membership interest or interests, the assessor shall, on the first lien date which occurs more than 60 days following the request, and on each lien date thereafter, separately assess the portion or portions of real property described in subdivision (b) if the conditions specified in subdivision (c) have been met. Whenever a portion of the real property of a mobilehome park becomes subject to separate assessment, it shall continue to be subject to separate assessment in subsequent fiscal years and once a request for separate assessment is made, it is binding on all future owners of the voting stock or other ownership or membership interests in the entity which owns the park.

(b) The interest that is to be separately assessed is the value of the pro rata portion of the real property of the mobilehome park which

changed ownership pursuant to subdivision (c) of Section 62.1.

(c) A separate assessment may not be made by the assessor under this section unless the following conditions are met:

(1) The governing board of the mobilehome park makes the request for separate assessment and certifies that the request has been approved in the manner provided in the organizational documents of the entity owning the mobilehome park.

(2) Information is filed with the assessor listing all of the following:

(A) The total number of outstanding shares of voting stock of, or other ownership or membership interests in, the entity which owns the mobilehome park.

(B) The number of shares of voting stock, or other ownership or membership interests, which have been transferred and resulted in the change in ownership of portions of the real property of the park pursuant to subdivision (c) of Section 62.1, together with the names and addresses of the owners of the transferred voting stock or other ownership or membership interests.

(C) Any other information as the assessor may require.

The entity owning the mobilehome park shall file an annual statement for each succeeding assessment year, on or before April 1, with the assessor, setting forth any changes to the required information known to the entity. The information provided pursuant to this section is not a public document and shall not be open to public inspection, except as provided in Section 408.

(d) Nothing in this section shall be construed to require applicants for separate assessments to meet the requirements of the Subdivision Map Act, nor shall the approval of any governmental agency be required for separate assessment except for the assessor's approval.

(e) The assessor shall cumulate all the separate assessments in a mobilehome park and enter the total assessment on the secured roll in the name of the entity which owns the park. The assessor shall notify each owner of a portion of the real property of the park subject to separate assessment under this section of the amount of an increased assessment pursuant to Section 619.

(f) The tax on the total assessment of the mobilehome park shall be a lien on the real property of the park and shall be subject to all provisions of law applicable to taxes on the secured roll.

(g) The tax collector shall send a single tax bill, with an itemized breakdown detailing the taxes and the allocated portion of any fee imposed pursuant to subdivision (i) applicable to each separate assessment, to the entity owning the mobilehome park.

(h) The assessor shall provide to owners of voting stock or other ownership or membership interest in a mobilehome park entity subject to subdivision (c) of Section 62.1, and to the governing board of the park, at that time and in that manner as the assessor deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(i) The county may charge a fee for the initial cost of separately assessing and implementing subdivision (g), not to exceed the actual

cost of the separate assessment and billing. This fee shall be allocated to each owner of a share of voting stock or other ownership or membership interest for which a separate assessment has been made and the fee shall be deposited in the county's general fund.

(j) The governing board of the entity which owns the mobilehome park shall collect the allocated portion of any fee charged pursuant to subdivision (i) and any itemized taxes applicable to a separate assessment from the owner of the voting stock or other ownership or membership interest whose acquisition of the interest resulted in the separate assessment. The fees and taxes resulting from separate assessment shall be deducted from the proportional cost of the fees and taxes collected from the remaining owners or members.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1077

An act to amend Sections 3105, 3201, 3202, 3203, 3208, 3215, 3232, 3236.5, 3402, 3403, 3703.1, 3716, 3717, 3724.1, 3724.35, 3724.5, 3745, 3747, 3751, 3754, and 3757.1 of, and to repeal Section 3217 of, the Public Resources Code, relating to oil, gas, and geothermal resources.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 3105 of the Public Resources Code is amended to read:

3105. An office under the supervision of a district deputy may be maintained in each district. The office shall be conveniently accessible to the oil and gas operators in the district.

SEC. 2. Section 3201 of the Public Resources Code is amended to read:

3201. The owner or operator of any well shall notify the supervisor or the district deputy, in writing, in such form as the supervisor or the district deputy may direct, of the sale, assignment, transfer, conveyance, or exchange by the owner or operator of the well within 30 days after the sale, assignment, transfer, conveyance, or exchange. The notice shall contain the following:

(a) The name and address of the person to whom the well was sold, assigned, transferred, conveyed, or exchanged.

(b) The name and location of the well.

(c) The date of the sale, assignment, transfer, conveyance, or

exchange.

(d) The date when possession was relinquished by the owner or operator.

(e) A description of the land upon which the well is situated.

SEC. 3. Section 3202 of the Public Resources Code is amended to read:

3202. Every person who acquires the ownership or operation of any well, whether by purchase, transfer, assignment, conveyance, exchange, or otherwise, shall, within 30 days after acquiring the well and the land, owned or leased, upon which it is located, notify the supervisor or the district deputy, in writing, of the person's ownership or operation. The acquisition of a well is not final for the purposes of this division until the new operator provides the following:

(a) The name and address of the person from whom the well was acquired.

(b) The name and location of the well.

(c) The date of acquisition.

(d) The date when possession was acquired.

(e) A description of the land upon which the well is situated.

(f) A bond or deposit for any well that has not produced oil or gas or been injected during the five years prior to the date of acquisition and was covered by a bond or deposit by the prior owner. The bond or deposit shall be in an amount as provided in Section 3204 or Section 3205. The conditions of the bond or deposit shall be the same as the conditions stated in Section 3204.

SEC. 4. Section 3203 of the Public Resources Code is amended to read:

3203. The owner or operator of any well shall, before commencing the work of drilling the well, file with the supervisor or the district deputy a written notice of intention to commence drilling. Drilling shall not commence until approval is given by the supervisor or the district deputy; if the supervisor or the district deputy fails to give the owner or operator written response to the notice within 10 working days from the date of receipt, that failure shall be considered as an approval of the notice and the notice shall, for the purposes and intents of this chapter, be deemed a written report of the supervisor. If operations have not commenced within one year of receipt of the notice, the notice shall be deemed canceled. The notice shall contain such pertinent data as the supervisor may require on printed forms supplied by the division or on other forms acceptable to the supervisor. The supervisor may require other pertinent information to supplement the notice.

After the completion of any well, this section shall also apply, as far as may be, to the deepening or redrilling of the well, any operation involving the plugging of the well, or any operations permanently altering in any manner the casing of the well. The number or designation of any well, and the number or designation specified for any well in a notice filed as required by this section, shall not be

changed without first obtaining a written consent of the supervisor.

SEC. 5. Section 3208 of the Public Resources Code is amended to read:

3208. For the purposes of Section 3207, a well is properly completed when it has been shown, to the satisfaction of the supervisor, that the manner of producing oil or gas or injecting fluids into the well is satisfactory and that the well has maintained production of oil or gas or injection for a continuous six-month period. A well is properly abandoned when it has been shown, to the satisfaction of the supervisor, that all proper steps have been taken to isolate all oil-bearing or gas-bearing strata encountered in the well, and to protect underground or surface water suitable for irrigation or farm or domestic purposes from the infiltration or addition of any detrimental substance and to prevent subsequent damage to life, health, property, and other resources.

SEC. 6. Section 3215 of the Public Resources Code is amended to read:

3215. Within 60 days after the date of cessation of drilling, rework, or abandonment operations, or the date of suspension of operations, true copies of the log, core record, and history of work performed, and, if made, true and reproducible copies of all electrical, physical, or chemical logs, tests, or surveys in such form as the supervisor may approve shall be filed with the district deputy. Upon a showing of hardship, the supervisor may extend the time within which to comply with the provisions of this section for a period not to exceed 60 additional days.

SEC. 7. Section 3217 of the Public Resources Code is repealed.

SEC. 8. Section 3232 of the Public Resources Code is amended to read:

3232. The supervisor or the district deputy shall, within 10 days after the receipt of a written report of abandonment, furnish the owner or operator with a written final approval of abandonment, or a written disapproval of abandonment, setting forth the conditions upon which the disapproval is based.

Failure to abandon in accordance with the approved method of abandonment, or failure to notify the supervisor or the district deputy of any test required by the final approval of abandonment to be witnessed by the supervisor, the district deputy, or his or her inspector, or failure to furnish the supervisor or the district deputy, at his or her request, with any information regarding the condition of the well, shall constitute sufficient grounds for disapproval of the abandonment.

SEC. 8.5. Section 3236.5 of the Public Resources Code is amended to read:

3236.5. (a) Any person who violates this chapter or any regulation implementing this chapter is subject to a civil penalty not to exceed five thousand dollars ($5,000) for each violation. Acts of God, and acts of vandalism beyond the reasonable control of the operator, shall not be considered a violation. The civil penalty shall

be imposed by an order of the supervisor upon a determination that a violation has been committed by the person charged, following notice to the person and an opportunity to be heard. The notice shall be served by personal service or certified mail, and shall inform the alleged violator of the date, time, and place of the hearing, the activity which is alleged to be a violation, the statute violated, and the hearing and judicial review procedures. The notice shall be provided at least 30 days before the hearing. The hearing shall be held before the supervisor in Sacramento or in the district in which the violation occurred. The hearing need not be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The imposition of a civil penalty under this section shall be in addition to any other penalty provided by law for the violation. When establishing the amount of civil liability pursuant to this section, the supervisor shall consider, in addition to other relevant circumstances, (1) the extent of harm caused by the violation, (2) the persistence of the violation, and (3) the number of prior violations by the same violator.

(b) Notwithstanding any other provision of this chapter, an order of the supervisor imposing a civil penalty shall not be reviewable pursuant to Article 6 (commencing with Section 3350). A person upon whom a civil penalty is imposed may obtain judicial review of a final order of the supervisor imposing the penalty by seeking a writ of mandate pursuant to Section 1094.5 of the Code of Civil Procedure. When the order of the supervisor has become final, and the penalty has not been paid by the violator, the supervisor may apply to the appropriate superior court for an order directing payment of the civil penalty.

(c) Any amount collected under this section shall be deposited in the General Fund.

respect to the production from the well, a charge, which shall be payable to the Treasurer, based upon the amount of gas produced in the preceding calendar year, other than gas which is used for recycling or otherwise in oil-producing operations, and which shall be computed at a uniform rate per ten thousand cubic feet. The charge shall be apportioned among all of those persons in fractional amounts proportionate to their respective fractional interests with respect to the production of the well, but the whole of the charge shall be payable by the operator, who shall withhold the respective proportionate shares of the charge from the amounts otherwise payable or deliverable to the owners of royalty or other interests. In the case of a penalty for a late payment as provided in Section 3420, no apportionment shall be made.

SEC. 11. Section 3703.1 of the Public Resources Code is amended to read:

3703.1. "Low-temperature geothermal resources" are fluids that have value by virtue of the heat contained therein and have a temperature that is not more than the boiling point of water at the altitude of occurrence.

SEC. 12. Section 3716 of the Public Resources Code is amended to read:

3716. The district deputy in each district shall collect all information regarding the wells in the district necessary for the proper supervision of the wells. The district deputy shall prepare maps and other accessories necessary to determine the underground conditions in a geothermal area and the location and extent of strata bearing water suitable for irrigation or domestic purposes or surface water suitable for those purposes. This work shall be done with the view to advising the operators as to the best means of protecting the geothermal resource deposits and the water-bearing strata and surface water, and with a view to aiding the supervisor in ordering tests or repair work at wells. All the data shall be kept on file in the office of the district deputy of the respective district, and copies thereof shall be available, upon request, to the Director of Water Resources, the State Geologist, and the appropriate California regional water quality control board located in the area involved, subject to Section 3752.

SEC. 13. Section 3717 of the Public Resources Code is amended to read:

3717. Upon request, the supervisor shall notify the Department of Fish and Game and the California regional water quality control board in the area affected of the location and abandonment of geothermal wells.

SEC. 14. Section 3724.1 of the Public Resources Code is amended to read:

3724.1. An owner or operator may submit to the supervisor for approval a written program to drill a shallow well or wells for temperature-gradient monitoring purposes. In order to qualify under this section, a program shall contain not more than 25 wells

and the maximum total depth of each of these wells shall not exceed 250 feet. Each program submitted for approval shall include:

(a) Well numbers.

(b) Well locations and elevations.

(c) Geologic interpretation of the area under investigation, including any known or inferred temperature data.

(d) Such other data as may be required by the supervisor.

The fee required to be filed for the drilling of these shallow wells shall be twenty-five dollars ($25) per well or two hundred dollars ($200) per program, whichever is the lesser.

The fee shall be paid as provided in Section 3724.6.

SEC. 15. Section 3724.35 of the Public Resources Code is amended to read:

3724.35. The supervisor may adopt regulations governing intermediate and deep wells drilled for temperature-gradient monitoring purposes. The regulations may specify the content of any written program for the wells drilled for that purpose to be submitted to the supervisor for approval, the amount of the fee, if any, to be filed for each intermediate or deep well drilled or for each program, and any other matter deemed necessary by the supervisor.

SEC. 16. Section 3724.5 of the Public Resources Code is amended to read:

3724.5. To provide funds for the supervision of geothermal resource wells, the supervisor shall establish an annual well fee, and penalties for late payment, to be applied on an equal basis to all wells as provided under this section.

The annual well fee shall be imposed upon each producing, service, and idle well that existed at any time during the calendar year preceding the statewide fee-assessment date. However, the annual well fee shall not be imposed on any temperature-gradient or observation well, irrespective of its depth, and any low-temperature well, including any well drilled for the purpose of filling a hot water spa or pool intended for human immersion, or any well for which the supervisor has approved suspension.

The annual well fee shall be established so that the sum of the annual well fees plus the estimated sum of those well permit fees provided in Sections 3724 and 3724.1 and pursuant to any regulation adopted under Section 3724.35 are equal to the appropriation for the supervision of geothermal resource wells as provided in the Governor's Budget. The establishment of the annual well fee shall take into account any budget adjustments for actual expenditures in the current and prior fiscal years. Any budget change proposal for support of the provisions of this chapter shall be submitted by the supervisor to geothermal operators for review and comment. A system for determining the fee and penalties and administering the fee and penalty collection shall be adopted by the supervisor by regulation after public hearing.

SEC. 17. Section 3745 of the Public Resources Code is amended to read:

3745. The owner of any well producing geothermal resources or injecting fluids associated with geothermal operations shall file with the supervisor, on or before the 30th day of each month, for the last preceding calendar month, a statement of production and injection in the form as the supervisor may designate.

SEC. 18. Section 3747 of the Public Resources Code is amended to read:

3747. Before any work is commenced to abandon any well, the owner or operator shall give written notice to the supervisor or the district deputy of the owner's or operator's intention to abandon the well and the date upon which the work of abandonment will begin.

The notice shall be given at least 10 days before the proposed abandonment, and it shall show the condition of the well and the proposed method of abandonment.

The owner or operator shall furnish the supervisor or the district deputy any additional information that the supervisor or the district deputy may request regarding the condition of the well and the proposed method of abandonment, at any time between the filing of the notice of intention to abandon the well and the completion of abandonment.

SEC. 19. Section 3751 of the Public Resources Code is amended to read:

3751. No person, whether as principal, agent, servant, employee, or otherwise, shall remove the casing or any portion thereof, from any well without first giving written notice to the supervisor or the district deputy of the person's intention to remove the casing from the well. The notice shall be given at least 10 days before the proposed removal.

The supervisor or the district deputy shall, before the proposed date of removal, furnish the person with a written report of approval of the person's proposal, or a written report stating what work shall be done before the approval will be given.

If the supervisor or the district deputy fails to give the person a written report within the specified time, that failure shall be considered an approval of the proposal to remove the casing, and the proposal shall, for the purposes and intents of this chapter, be deemed a written report of the supervisor or the district deputy.

Within five days after the completion of the removal, the person shall make, in the form as the supervisor or district deputy may direct, a written report, in duplicate, of all work done in connection with the removal.

SEC. 20. Section 3754 of the Public Resources Code is amended to read:

3754. Any owner or operator, or employee thereof, who refuses to permit the supervisor or the district deputy, or his or her inspector, to inspect a well or appurtenant facilities, or who willfully hinders or delays the enforcement of this chapter, and every person, whether as principal, agent, servant, employee, or otherwise, who violates, fails, neglects, or refuses to comply with this chapter, or who

fails or neglects or refuses to furnish any report or record which may be required pursuant to this chapter, or who willfully renders a false or fraudulent report, is guilty of a misdemeanor, punishable by a fine of not less than one hundred dollars ($100), nor more than one thousand dollars ($1,000), or by imprisonment for not exceeding six months, or by both the fine and imprisonment, for each offense.

SEC. 21. Section 3757.1 of the Public Resources Code is amended to read:

3757.1. Notwithstanding any other provisions of this chapter, where a parcel of land contains one acre or more and all or substantially all of the surface is unavailable for the location of a geothermal well and directional drilling is found by the supervisor to be necessary, the supervisor may approve proposals to drill wells at whatever locations the supervisor determines to be advisable for the purpose of properly developing the geothermal resources except, that no well shall be drilled or permitted to produce which is located within 25 feet of the outer boundary of the parcel of land on which the well is situated or within 25 feet of a public road, street, or highway dedicated prior to the commencement of drilling. The supervisor may require, at the time the supervisor gives approval of the notice of intention to drill, redrill, or deepen such well, that a subsurface directional survey be made, and that the survey be filed with the supervisor within 15 days of cessation of drilling operations.

The fee, however, shall in no event exceed the cost required for the board to administer the approval of continuing education courses by continuing education providers.

SEC. 3. Section 4519 is added to the Business and Professions Code, to read:

4519. In the case of a person who is employed by the state as a psychiatric technician, no state funds shall be expended in releasing the person from duty to attend continuing education courses, other than funds for in-service training and related state-provided programs.

CHAPTER 1079

An act to amend Section 14171 of the Welfare and Institutions Code, relating to Medi-Cal.

(b) Different administrative appeal processes may be established by the director for grievances or complaints arising from the determinations of a tentative or final settlement based on audit or examination findings made by or on behalf of the department pursuant to Sections 10722 and 14170, except that consistent with existing practice, no administrative appeal shall be available for tentative settlement of cost reports.

(c) The administrative appeal process established by the director for final settlements, including, in the case of hospitals, the application of Sections 51536, 51537, and 51539 of Title 22 of the California Code of Regulations shall include the procedural requirements of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The impartial hearing shall be conducted by an administrative law judge appointed by the director. The director may subcontract with the Office of Administrative Hearings to conduct hearings on cases involving complicated issues of fact or law, or to reduce the backlog of cases.

(d) The administrative appeal process established by the director for tentative settlements, including, in the case of hospitals, the

application of Sections 51536, 51537, and 51539 of Title 22 of the California Code of Regulations shall be an informal process which, however, guarantees a provider the right to present any grievance or complaint to the department in writing. Any subsequent hearings shall be conducted in an informal manner and shall be held at the discretion of the department.

(e) The time limitations in subdivisions (f) and (g) for the impartial hearing and the final decisions are mandatory. If the department fails to conduct the hearing or to adopt a final decision thereon within the time limitations provided in subdivisions (f) and (g), the amount of any overpayment which is ultimately determined by the department to be due shall be reduced by 10 percent for each 30-day period, or portion thereof, that the hearing or the decision, or both, are delayed beyond the time limitations provided in subdivisions (f) and (g). However, the time period shall be extended by either of the following:

(1) Delay caused by a provider.

(2) Extensions of time granted a provider at its sole request or at the joint request of the provider and the department.

(f) (1) Notwithstanding subdivision (c), the administrative appeal process established by the director shall commence with an informal conference with the provider, a representative of the department, and the administrative law judge. The informal conference shall be conducted no later than 90 days after the filing of a timely and specific statement of disputed issues by the provider. The administrative law judge, when appropriate, may assign the administrative appeal to an informal level of review where efforts could be made to resolve facts and issues in dispute in a fair and equitable manner, subject to the requirements of state and federal law. The review conducted at this informal level shall be completed no later than 180 days after the filing of a timely and specific statement of disputed issues by the provider.

(2) Nothing in this subdivision shall prohibit the provider from presenting any unresolved grievances or complaints at an impartial hearing pursuant to subdivision (c). The impartial hearing shall be conducted no later than 300 days after the filing of a timely and specific statement of disputed issues by the provider. For noninstitutional providers, a proposed decision shall be prepared and transmitted to the director and the parties within 60 days after the closure of the record of the impartial hearing. For institutional providers, a proposed decision shall be prepared and transmitted to the director and the parties within 180 days after the closure of the record of the impartial hearing.

(3) Subject to subdivision (g), a final decision in a noninstitutional provider appeal shall be adopted within 180 days after the closure of the record of the impartial hearing, and a final decision in an institutional provider appeal shall be adopted within 300 days after the closure of the record of the impartial hearing.

(g) In the event the director intends to modify a proposed

decision, on or before the 180th day following the closure of the record of the hearing for noninstitutional providers or the 300th day following the closure of the record of the hearing for institutional providers, the director shall provide written notice of his or her intention to the parties and shall afford the parties an opportunity to present oral and written argument. Following this notice, on or before the 240th day following the closure of the record of the hearing for noninstitutional providers or the 420th day following closure of the record of the hearing for institutional providers, or within that additional time period as is granted pursuant to the sole request of a provider or at the joint request of the provider and the department, the director shall issue a modified decision .

(h) In the event recovery of a disallowed payment has been made by the department, a provider who prevails in an appeal of a disallowed payment shall be entitled to interest at the rate equal to the monthly average received on investments in the Surplus Money Investment Fund, commencing on the date the appeal is formally accepted by the department or the date payment is received by the department. whichever is later.

(i) Commencing 60 days after issuance of the first statement of account status or demand for repayment resulting from an audit or examination made pursuant to Sections 10722 and 14170, interest at the rate equal to the monthly average received on investments in the Surplus Money Investment Fund during the month the first statement of account status or demand for repayment was issued shall be assessed against any unrecovered overpayment due to the department.

(j) The final decision of the director shall be reviewable in accordance with Section 1094.5 of the Code of Civil Procedure within six months of the issuance of the director's final decision.

CHAPTER 1080

An act to amend Section 25600 of the Business and Professions Code, relating to alcoholic beverages.

No rule of the department may permit a licensee to give any premium, gift, or free goods of greater than inconsequential value in connection with the sale or distribution of beer. With respect to beer, premiums, gifts, or free goods, including advertising specialties which have no significant utilitarian value other than advertising, shall be deemed to have greater than inconsequential value if they cost more than twenty-five cents ($0.25) per unit, or cost more than fifteen dollars ($15) in the aggregate for all such items given by a single supplier to a single retail premises per calendar year.

With respect to distilled spirits and wines, a licensee may furnish, give, rent, loan, or sell advertising specialties to a retailer provided those items bear conspicuous advertising required of a sign and the total value of all retailer advertising specialties furnished by a supplier directly or indirectly, to a retailer shall not exceed fifty dollars ($50) per brand in any one calendar year per retail premises. The value of a retailer advertising specialty is the actual cost of that item to the supplier who initially purchased it. Transportation and installation costs are excluded. The furnishing or giving of any retailer advertising specialty shall not be conditioned upon the purchase of the suppliers' product. Retail advertising specialties given or furnished free of charge may not be sold by the retail licensee.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1081

An act to amend Sections 11877.5 and 11877.14 of, and to add Sections 11877.15 and 11877.16 to, the Health and Safety Code, relating to drug abuse.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 11877.5 of the Health and Safety Code is amended to read:

11877.5. (a) Each methadone program in this state, except methadone research programs approved by the Research Advisory Panel, shall be licensed by the department. Each methadone program, other than a program owned and operated by the state, county, city, or city and county, shall, upon application for licensure and for renewal of a license, pay an annual license fee to the

department. Annual license renewal date shall be on the yearly anniversary of the most recent license until July 1, 1987. July 1 shall be the annual license renewal date thereafter. The department shall set a fee for licensing which shall be at a level sufficient to cover all departmental costs associated with licensing incurred by the department, but shall not, except as specified in this section, increase at a rate greater than the Consumer Price Index. The department shall increase the fee by 5 percent, in addition to the increase by the Consumer Price Index, in the 1989–90 and 1990–91 fiscal years. The fees shall include the department's share of pro rata charges for the expenses of state government. The fee may be paid quarterly in arrears as determined by the department. Fees paid quarterly in arrears shall be due and payable on the last day of each quarter except for the fourth quarter which shall be due and payable no later than May 31. A failure of a program to pay renewal license fees by the due date shall give rise to a civil penalty of one hundred dollars ($100) a day for each day after the due date. As used in this chapter, "quarter" means July, August, September; October, November, December; January, February, March; April, May, and June. Second and subsequent inspection visits to methadone programs which are operating in noncompliance with the applicable laws and regulations shall be charged a rate of one-half the program's annual license fee or one thousand dollars ($1,000), whichever is less for each visit. Licensing shall be contingent upon determination by the department that the program is in compliance with applicable laws and regulations and upon payment of the licensing fee. A license shall not be transferable.

As used in this chapter, "license" means a basic permit to operate a methadone treatment program. The license shall be issued exclusively by the department and operated in accordance with a patient capacity that shall be specified, approved, and monitored solely by the department.

Existing methadone treatment programs which are licensed by the department on January 1, 1987, shall be extended until June 30, 1987. License fees shall be charged for this six-month extension period. Thereafter all licenses shall be issued annually from July 1 through June 30.

(b) Each methadone program, other than a program owned and operated by the state, county, city, or city and county, shall be charged an application fee which shall be at a level sufficient to cover all departmental costs incurred by the department in processing either an application for a new program license, or an application for an existing program which has moved to a new location.

(c) Any licensee that increases fees to the patient, in response to increases in licensure fees required by the department, shall first provide written disclosure to the patient of that amount of the patient fee increase that is attributable to the increase in the licensure fee. This provision shall not be construed to limit patient fee increases imposed by the licensee upon any other basis.

SEC. 2. Section 11877.14 of the Health and Safety Code is amended to read:

11877.14. (a) (1) The director may, in addition to any other remedy, issue an order that prohibits a methadone program from admitting new patients or from providing patients with take-home dosages of methadone when the director determines pursuant to the compliance inspection procedures set out in paragraph (2) of subdivision (a) of Section 11876, that a program has done any of the following:

(A) Failed to provide adequate security measures over its methadone supply as agreed in the program's approved protocol.

(B) Failed to maintain a methadone reconciliation system which accounts for all incoming and outgoing methadone.

(C) Diverted methadone.

(D) Repeatedly violated one or more departmental or federal regulations governing methadone treatment programs, which violations may subject, or may have subjected a patient to a health or life-endangering situation.

(E) Repeatedly violated one or more departmental or federal regulations governing the provisions of take-home medication.

(F) Operated above combined licensed capacity for maintenance and detoxification programs at a single location. This paragraph shall not become operative until department regulations on methadone treatment programs are revised to identify specific requirements in conjunction with this paragraph.

(2) (A) The order becomes effective when the department serves the program with a copy of the order. The order shall state the deficiencies forming the basis for the order and shall state the corrective action required for the department to vacate the order. The order, as it pertains to subparagraph (F) only, shall automatically be vacated when the department receives the program's written notification that licensed capacity has been achieved. If the order is issued pursuant to subparagraph (A), (B), (C), (D), or (E), the department shall vacate the order when the program submits a corrective action plan that reasonably addresses the deficiency or substantially conforms to the required action set out in the order.

(B) The department shall notify the program that the corrective action is accepted or rejected within 10 working days after receipt of the plan. If the department rejects the corrective action plan, it shall detail its reason in writing. The department order is vacated when the department accepts a corrective action plan or fails to reject a plan within 10 working days after receipt of the plan.

(3) In addition to any other remedies, a failure of the program to comply with the order of the department under this subdivision shall give rise to a civil penalty of five hundred dollars ($500) a day for each day that the order is violated.

(4) All civil penalties collected by the department under paragraph (3) shall be deposited in the Methadone Program

Licensing Trust Fund and be used to offset the department's costs associated with collecting the civil penalties, or associated with any civil, administrative, or criminal action against the program when appropriated for this purpose.

(b) (1) The director may, in addition to any other remedy, issue an order temporarily suspending a methadone program license prior to any administrative hearing for the reasons stated in subparagraphs (A) to (E), inclusive, of paragraph (1) of subdivision (a) when the department determines pursuant to the compliance inspection procedures set out in paragraph (2) of subdivision (a) of Section 11876, that the action is necessary to protect patients of the program from any substantial threat to their health or safety, or to protect the health or safety of the people of the State of California. Prior to issuing the order the director shall assure continuity of patient care by the program's guarantor or through the transfer of patients to other licensed programs. The director may issue any needed license or amend any other license in his or her effort to assure that patient care is not impacted adversely by the suspension order.

(2) The director shall notify the licensee of the temporary suspension and the effective date thereof and at the same time shall serve the licensee with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible, but not later than 20 days, exclusive of weekends, after receipt of the notice. The temporary suspension shall remain in effect until such time as the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 20 days after the original hearing has been completed. Failure to cease operating after the department issues an order temporarily suspending the license shall constitute an additional ground for license revocation and shall constitute a violation of Section 11877.6.

(3) Failure of the licensee to cease operating after the director issues a temporary suspension order under paragraph (1) shall constitute an additional ground for license revocation.

(c) A program may, at any time after it is served with an order, petition the superior court to review the department's issuance of an order or rejection of a corrective action plan.

SEC. 3. Section 11877.15 is added to the Health and Safety Code, to read:

11877.15. In cases where a program is closing and the licensed entity which has agreed to assume temporary operation of the closing program is unable to do so, the department may assume temporary operation of the closing program or designate another licensed entity willing to do so. In cases where the licensed entity which has agreed to assume temporary operation is the subject of a pending licensing action or order issued pursuant to Section 11877.14, the department may issue an order prohibiting the entity from

assuming temporary operation and may assume temporary operation of the closing program or designate another licensed entity willing to do so. This section shall not be construed to require the department or any other licensed entity to assume any of the closing programs' financial obligations.

For purposes of this section, "temporary" means no more than 90 days.

SEC. 4. Section 11877.16 is added to the Health and Safety Code, to read:

11877.16. Any licensee may petition the director for waiver of licensure fees or late payment penalties for the current fiscal year based upon financial hardship. Prior to the granting of relief, the licensee shall demonstrate hardship by production of appropriate financial records. The director may, in his or her discretion, grant all or part of the relief sought, but shall consider the reasonableness of the relief in light of the other expenditures undertaken by licensee, giving particular scrutiny to the licensee's own profits, earnings or other compensation, and expenses such as interest, mortgage, or loan payments, as well as noncash expenses such as accruals and depreciation.

CHAPTER 1082

An act to amend Sections 1773.8 and 1777 of, and to add Section 1773.6 to, the Health and Safety Code, relating to life care agreements.

(b) The notice shall be acknowledged so as to entitle it to be recorded, describe the property, declare the provider's intention to use all or part of the described property for the purposes of a life care facility pursuant to this chapter and shall be in substantially the following form:

NOTICE OF STATUTORY LIMITATION ON TRANSFER

Notice is hereby given that the property described below is licensed, or proposed to be licensed, for use as a life care facility and accordingly, the use and transfer of the property is subject to the conditions and limitations as to use and transfer set forth in Sections 1786 and 1787 of the California Health and Safety Code. This notice is recorded pursuant to Section 1773.6 of the California Health and Safety Code.

Upon the giving of notice to the department, the provider shall execute and record the notice in the office of the county recorder in each county in which any portion of the life care facility is located. In any event, in making its determination, the department shall take into consideration the overall performance of the project to date. In the event consideration has been released from escrow, the department may further require the provider to reopen the escrow as a condition of receiving any further payments from applicants for life care.

SECTION 1. Section 308 of the Welfare and Institutions Code is amended to read:

308. (a) When a peace officer or social worker takes a minor into custody pursuant to this article, he or she shall take immediate steps to notify the minor's parent, guardian, or a responsible relative that the minor is in custody and the place where he or she is being held, except that, upon order of the juvenile court, the parent or guardian

shall not be notified of the exact whereabouts of the minor. The court shall issue such an order only upon a showing that notifying the parent or guardian of the exact whereabouts would endanger the child or that the parent or guardian is likely to flee with the child. However, if it is impossible or impracticable to obtain a court order authorizing nondisclosure prior to the detention hearing, and if the peace officer or social worker has a reasonable belief that the minor would be endangered by the disclosure of his or her exact whereabouts, or that the disclosure would cause the custody of the minor to be disturbed, the peace officer or social worker may refuse to disclose the place where the minor is being held. The county welfare department shall make a diligent and reasonable effort to ensure regular telephone contact between the parent and a child of any age, prior to the detention hearing, unless that contact would be detrimental to the child. The initial telephone contact shall take place as soon as practicable, but no later than five hours after the child is taken into custody. The court shall review any such decision not to disclose the place where the minor is being held at the detention hearing, and shall conduct that review within 24 hours upon the application of a parent, guardian, or a responsible relative.

(b) Immediately after being taken to a place of confinement pursuant to this article and, except where physically impossible, no later than one hour after he or she has been taken into custody, a minor 10 years of age or older shall be advised that he or she has the right to make at least two telephone calls from the place where he or she is being held, one call completed to his or her parent, guardian, or a responsible relative, and another call completed to an attorney. The calls shall be at public expense, if the calls are completed to telephone numbers within the local calling area, and in the presence of a public officer or employee. Any public officer or employee who willfully deprives a minor taken into custody of his or her right to make these telephone calls is guilty of a misdemeanor.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988.]

SECTION 1. Section 26 is added to the Health and Safety Code, to read:

(b) "Human immunodeficiency virus" or "HIV" means the etiologic virus of AIDS.

(c) "HIV test" means any clinical laboratory test approved by the federal Food and Drug Administration for HIV, component of HIV, or antibodies to HIV.

SEC. 1.5. Section 1524.1 is added to the Penal Code, to read:

1524.1. (a) The primary purpose of the testing and disclosure provided in this section is to benefit the victim of a crime by informing the victim whether the defendant is infected with the AIDS virus. It is also the intent of the Legislature in enacting this section to protect the health of both victims of crime and those accused of committing a crime. Nothing in this section shall be construed to authorize mandatory testing or disclosure of test results for the purpose of a charging decision by a prosecutor, nor, except as specified in subdivisions (g) and (i), shall this section be construed to authorize breach of the confidentiality provisions contained in Chapter 1.11 (commencing with Section 199.20) of Part 1 of Division 1 of the Health and Safety Code.

(b) (1) Notwithstanding the provisions of Chapter 1.11 (commencing with Section 199.20) of Part 1 of Division 1 of the Health and Safety Code, when a defendant has been charged by complaint, information, or indictment with a crime, or a minor is the subject of a petition filed in juvenile court alleging commission of a crime, the court, at the request of the victim, may issue a search warrant for the purpose of testing the accused's blood with any HIV test, as defined in Section 26 of the Health and Safety Code only under the following circumstances: When the court finds, upon the conclusion of the hearing described in paragraph (2), or in those cases in which a preliminary hearing is not required to be held, the court also finds that there is probable cause to believe that the accused committed the offense, that there is probable cause to believe that blood, semen, or any other body fluid identified by the State Department of Health Services in appropriate regulations as capable of transmitting the human immunodeficiency virus has been

transferred from the accused to the victim.

(2) Prior to the issuance of a search warrant pursuant to paragraph (1), the court, where applicable and at the conclusion of the preliminary examination if the defendant is ordered to answer pursuant to Section 872, shall conduct a hearing at which both the victim and the defendant have the right to be present. During the hearing only affidavits, counter affidavits, and medical reports regarding the facts which support or rebut the issuance of a search warrant under paragraph (1) shall be admissible.

(c) (1) In all cases in which the person has been charged by complaint, information, or indictment with a crime, or is the subject of a petition filed in a juvenile court alleging the commission of a crime, the prosecutor shall advise the victim of his or her right to make this request. To assist the victim of the crime to determine whether he or she should make this request, the prosecutor shall refer the victim to the local health officer for prerequest counseling to help that person understand the extent to which the particular circumstances of the crime may or may not have put the victim at risk of transmission of HIV from the accused, to ensure that the victim understands both the benefits and limitations of the current tests for HIV, to help the victim decide whether he or she wants to request that the accused be tested, and to help the victim decide whether he or she wants to be tested.

(2) The Department of Justice, in cooperation with the California District Attorneys Association, shall prepare a form to be used in providing victims with the notice required by paragraph (1).

(d) If the victim decides to request HIV testing of the accused, the victim shall request the issuance of a search warrant, as described in subdivision (b).

Neither the failure of a prosecutor to refer or advise the victim as provided in this subdivision, nor the failure or refusal by the victim to seek or obtain counseling, shall be considered by the court in ruling on the victim's request.

(e) The local health officer shall make provision for administering all HIV tests ordered pursuant to subdivision (b).

(f) Any blood tested pursuant to subdivision (b) shall be subjected to appropriate confirmatory tests to ensure accuracy of the first test results, and under no circumstances shall test results be transmitted to the victim or the accused unless any initially reactive test result has been confirmed by appropriate confirmatory tests for positive reactors.

(g) The local health officer shall have the responsibility for disclosing test results to the victim who requested the test and to the accused who was tested, provided, however, that no positive test results shall be disclosed to the victim or to the accused without also providing or offering professional counseling appropriate to the circumstances.

(h) The local health officer and victim shall comply with all laws and policies relating to medical confidentiality subject to the

disclosure authorized by subdivisions (g) and (i).

(i) Any victim who receives information from the health officer pursuant to subdivision (g) may disclose the test results as the victim deems necessary to protect his or her health and safety or the health and safety of his or her family or sexual partner.

(j) Any person transmitting test results or disclosing information pursuant to this section shall be immune from civil liability for any actions taken in compliance with this section.

(k) The results of any blood tested pursuant to subdivision (b) shall not be used in any criminal proceeding as evidence of either guilt or innocence.

SEC. 2. The Legislature declares that this act mandates a new program or higher level of service on local government. As required by Section 6 of Article XIII B of the California Constitution, reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 2. Section 22233 is added to the Education Code, to read:

22233. (a) Subject to subdivision (c), the board may, in its discretion and upon any terms it deems just, correct the errors or omissions of any member, retirant, or any beneficiary of any member or retirant, provided that all of the following facts exist:

(1) The error or omission was the result of mistake, inadvertence, surprise, or excusable neglect, as each of those terms is used in Section 473 of the Code of Civil Procedure.

(2) The correction will not provide the party seeking correction with a status, right, or obligation not otherwise available under this part.

Failure by a member, retirant, or beneficiary to make the inquiry that would be made by a reasonable person in like or similar circumstances does not constitute an "error or omission" correctable

under this section.

(b) Subject to subdivision (c), the board may correct all actions taken as a result of errors or omissions of the employer or this system.

(c) The duty and power of the board to correct errors and omissions, as provided in this section, shall terminate upon the expiration of obligations of this system to the party seeking correction of the error or omission, as those obligations are defined by Section 22007.

(d) Corrections of errors or omissions pursuant to this section shall be such that the status, rights, and obligations of all parties described in subdivisions (a) and (b) are adjusted to be the same that they would have been if the act that would have been taken, but for the error or omission, was taken at the proper time. However, notwithstanding any of the other provisions of this section, corrections made pursuant to this section shall adjust the status, rights, and obligations of all parties described in subdivisions (a) and (b) as of the time that the correction actually takes place if the board finds any of the following:

(1) That the correction cannot be performed in a retroactive manner.

(2) That even if the correction can be performed in a retroactive manner, the status, rights, and obligations of all of the parties described in subdivisions (a) and (b) cannot be adjusted to be the same that they would have been if the error or omission had not occurred.

SEC. 3. Section 20135 of the Government Code is amended to read:

20135. Retired members of the system, and beneficiaries who are entitled to receive allowances or benefits under this part, may authorize deductions to be made from their retirement allowance payments or from the allowances and benefits, respectively, or from either or both where both are being received, in accordance with regulations established by the board for the payment of group insurance premiums and other premiums for benefits or protection provided for under Section 1151 of the Government Code, including employer-sponsored voluntary insurance programs, for credit union payments or shares, or for the payment, with respect to retired state members of the system, of dues provided for under Section 1152. The board shall determine the additional cost involved in making deductions under this section and the state agency, the public agency, the association, or the unit thereof, or the credit union shall pay the amount of the additional cost to the board for deposit in the retirement fund.

SEC. 4. Section 20180 of the Government Code is repealed.

SEC. 5. Section 20180 is added to the Government Code, to read:

20180. (a) Subject to subdivisions (c) and (d), the board may, in its discretion and upon any terms it deems just, correct the errors or omissions of any active or retired member, or any beneficiary of an active or retired member, provided that all of the following facts

exist:

(1) The request, claim, or demand to correct the error or omission is made by the party seeking correction within a reasonable time after discovery of the right to make the correction, which in no case shall exceed six months after discovery of this right.

(2) The error or omission was the result of mistake, inadvertance, surprise, or excusable neglect, as each of those terms is used in Section 473 of the Code of Civil Procedure.

(3) The correction will not provide the party seeking correction with a status, right, or obligation not otherwise available under this part.

Failure by a member or beneficiary to make the inquiry that would be made by a reasonable person in like or similar circumstances does not constitute an "error or omission" correctable under this section.

(b) Subject to subdivisions (c) and (d), the board shall correct all actions taken as a result of errors or omissions of the university, any contracting agency, any state agency or department, or this system.

(c) The duty and power of the board to correct mistakes, as provided in this section, shall terminate upon the expiration of obligations of this system to the party seeking correction of the error or omission, as those obligations are defined by Section 20181.

(d) The party seeking correction of an error or omission pursuant to this section has the burden of presenting documentation or other evidence to the board establishing the right to correction pursuant to subdivisions (a) and (b).

(e) Corrections of errors or omissions pursuant to this section shall be such that the status, rights, and obligations of all parties described in subdivisions (a) and (b) are adjusted to be the same that they would have been if the act that would have been taken, but for the error or omission, was taken at the proper time. However, notwithstanding any of the other provisions of this section, corrections made pursuant to this section shall adjust the status, rights, and obligations of all parties described in subdivisions (a) and (b) as of the time that the correction actually takes place if the board finds any of the following:

(1) That the correction cannot be performed in a retroactive manner.

(2) That even if the correction can be performed in a retroactive manner, the status, rights, and obligations of all of the parties described in subdivisions (a) and (b) cannot be adjusted to be the same that they would have been if the error or omission had not occurred.

(3) That the purposes of this part will not be effectuated if the correction is performed in a retroactive manner.

SEC. 6. Section 20498 of the Government Code is amended to read:

20498. If the effective date of coverage under the federal system of members who are employees of a contracting agency under the Public Employees' Retirement System is prior to the time employee

federal contributions are first deducted from the salaries and wages of the employees and a reduced benefit is provided with respect to service from and after the effective date of coverage, member contributions shall be transferred in the manner and to the extent provided in this section to the Old Age and Survivors' Insurance Revolving Fund and applied to payment of employee federal contributions for the period prior to the deductions.

There shall be transferred from the member's accumulated contributions an amount equal to employee federal contributions due for the member. The amount so transferred shall not exceed the difference between the total normal contributions of the member and the normal contributions which would have been credited to his or her account had the reduced rate of contribution provided in the amended contract with the public agency been in effect from and after the effective date of coverage, assuming that contributions in any year were made in equal monthly installments.

The amount by which the retroactive employee contributions due for a member exceeds the amount transferred from the employee account shall be transmitted to the fund by the contracting agency and constitute an indebtedness of the member to the employer and a lien on any salary or wages payable to the employee or on his or her account.

If the contract is or has been amended to provide for the transfer of retroactive employee contributions in the manner provided in this section the amount by which (1) the total normal contributions of each member for the period subsequent to the effective date of coverage under the federal system less the total normal contributions which would have been credited to the account of the member had the reduced rate of contribution provided in the amended contract with the public agency been in effect from and after the aforesaid date of coverage exceed (2) the employee federal contributions for the member for the period after the date of coverage shall be paid to the member.

SEC. 7. Section 21301 of the Government Code is repealed.

CHAPTER 1091

An act to amend Sections 4992.3 and 4996.2 of, to add Sections 4996.18 and 4996.20 to, and to repeal Sections 4992.2 and 4996.17 of, the Business and Professions Code, relating to social workers, and making an appropriation therefor.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 4992.2 of the Business and Professions Code is repealed.

SEC. 2. Section 4992.3 of the Business and Professions Code is amended to read:

4992.3. The board may refuse to issue a registration or a license, or may suspend or revoke the license or registration of any registrant or licensee if the applicant, licensee, or registrant has been guilty of unprofessional conduct. Unprofessional conduct includes, but is not limited to:

(a) The conviction of a crime substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter. The record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline or to determine if the conviction is substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter. A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge substantially related to the qualifications, functions, or duties of a licensee or registrant under this chapter is a conviction within the meaning of this section. The board may order any license or registration suspended or revoked, or may decline to issue a license or registration when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or, when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw a plea of guilty and enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

(b) Securing a license or registration by fraud, deceit, or misrepresentation on any application for licensure or registration submitted to the board, whether engaged in by an applicant for a license or registration, or by a licensee in support of any application for licensure or registration.

(c) Administering to himself or herself any controlled substance or using of any of the dangerous drugs specified in Section 4211, or of any alcoholic beverage to the extent, or in a manner, as to be

dangerous or injurious to the person applying for a registration or license or holding a registration or license under this chapter, or to any other person, or to the public, or, to the extent that the use impairs the ability of the person applying for or holding a registration or license to conduct with safety to the public the practice authorized by the registration or license, or the conviction of more than one misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this subdivision, or any combination thereof. The board shall deny an application for a registration or license or revoke the license or registration of any person who uses or offers to use drugs in the course of performing clinical social work. This provision does not apply to any person also licensed as a physician and surgeon under Chapter 5 (commencing with Section 2000) or the Osteopathic Act who lawfully prescribes drugs to a patient under his or her care.

(d) Gross negligence or incompetence in the performance of clinical social work.

(e) Violating, attempting to violate, or conspiring to violate this chapter or any regulation adopted by the board.

(f) Misrepresentation as to the type or status of a license or registration held by the person, or otherwise misrepresenting or permitting misrepresentation of his or her education, professional qualifications, or professional affiliations to any person or entity.

(g) Impersonation of another by any licensee, registrant, or applicant for a license or registration, or, in the case of a licensee, allowing any other person to use his or her license or registration.

(h) Aiding or abetting any unlicensed or unregistered person to engage in conduct for which a license or registration is required under this chapter.

(i) Intentionally or recklessly causing physical or emotional harm to any client.

(j) The commission of any dishonest, corrupt, or fraudulent act substantially related to the qualifications, functions, or duties of a licensee or registrant.

(k) Engaging in sexual relations with a client, soliciting sexual relations with a client, or committing an act of sexual abuse, or sexual misconduct with a client, or committing an act punishable as a sexually related crime, if that act or solicitation is substantially related to the qualifications, functions, or duties of a clinical social worker.

(*l*) Performing, or holding one's self out as being able to perform, or offering to perform or permitting, any registered associate clinical social worker or intern under supervision to perform any professional services beyond the scope of the license authorized by this chapter.

(m) Failure to maintain confidentiality, except as otherwise required or permitted by law, of all information that has been received from a client in confidence during the course of treatment and all information about the client which is obtained from tests or

other means.

(n) Prior to the commencement of treatment, failing to disclose to the client or prospective client the fee to be charged for the professional services, or the basis upon which that fee will be computed.

(o) Paying, accepting, or soliciting any consideration, compensation, or remuneration, whether monetary or otherwise, for the referral of professional clients. All consideration, compensation, or remuneration shall be in relation to professional counseling services actually provided by the licensee. Nothing in this subdivision shall prevent collaboration among two or more licensees in a case or cases. However, no fee shall be charged for that collaboration, except when disclosure of the fee has been made in compliance with subdivision (n).

(p) Advertising in a manner which is false, misleading, or deceptive.

(q) Reproduction or description in public, or in any publication subject to general public distribution, of any psychological test or other assessment device, the value of which depends in whole or in part on the naivete of the subject, in ways that might invalidate the test or device.

(r) Any conduct in the supervision of any registered associate clinical social worker or intern by any licensee that violates this chapter or any rules or regulations adopted by the board.

(d) Has not committed any crimes or acts constituting grounds for denial of licensure under Section 480.

(e) Has completed adequate instruction and training in the subject of alcoholism and other chemical substance dependency. This requirement applies only to applicants who matriculate on or after January 1, 1986.

SEC. 4. Section 4996.17 of the Business and Professions Code is repealed.

SEC. 5. Section 4996.18 is added to the Business and Professions Code, to read:

4996.18. (a) On or after January 1, 1990, any person who wishes to be credited with experience toward licensure requirements shall apply to the board for registration as an associate clinical social worker prior to obtaining that experience. The application shall be made on a form prescribed by the board and shall be accompanied by a fee of sixty dollars ($60). An applicant for registration shall (1)

possess a master's degree from an accredited school or department of social work; and (2) not have committed any crimes or acts constituting grounds for denial of licensure under Section 480.

(b) Registration as an associate clinical social worker shall expire one year from the last day of the month during which it was issued. A registration may be renewed annually for a maximum of five years after initial registration by filing an application for renewal and paying a renewal fee of fifty dollars ($50) on or before the date on which the registration expires. Each person who registers or has registered as an associate clinical social worker, may retain that status for a total of six years.

(c) Experience gained before January 1, 1990, shall be credited toward the licensure requirements so long as the applicant applies for registration not later than December 31, 1989, and that registration is thereafter granted by the board.

(d) A registrant shall not provide clinical social work services to the public for a fee, monetary or otherwise, except as an employee of the licensed person by whom the registrant is being supervised.

(e) Within 30 days of employment or termination of employment, a registrant employed by a person who meets the requirements of subdivision (b) of Section 4996.20 shall notify the board in writing of the employment or termination of employment. The notice shall include the name of the registrant, the full name and business address of the employer, the employer's license number, and the date employment commenced or terminated. If a registrant fails to notify the board within 30 days after the date of his or her employment or termination of employment, the board shall not accept any hours of experience gained during that period for the purposes of meeting the experience requirements for licensure.

(f) A registrant shall inform each client or patient prior to performing any professional services that he or she is unlicensed and is under the supervision of a licensed professional.

(g) Any experience obtained under the supervision of a spouse or relative by blood or marriage shall not be credited toward the required hours of supervised experience. Any experience obtained under the supervision of a supervisor with whom the applicant has a personal relationship which undermines the authority or effectiveness of the supervision shall not be credited toward the required hours of supervised experience.

SEC. 6. Section 4996.20 is added to the Business and Professions Code, to read:

4996.20. The experience required by subdivision (c) of Section 4996.2 shall meet the following criteria:

(a) An applicant shall have at least 3,200 hours of post-master's experience, supervised by a licensed clinical social worker, in providing clinical social work services consisting of psychosocial diagnosis; assessment; treatment, including psychotherapy and counseling; client-centered advocacy; consultation; and evaluation as permitted by Section 4996.9. For persons applying for licensure on or

after January 1, 1992, this experience shall have been gained in not less than two nor more than six years and shall have been gained within the six years immediately preceding the date on which the application for licensure was filed. The board may credit experience gained more than six years prior to the date on which an application was filed upon a showing of good cause or where the applicant is licensed and currently practicing in another state.

(b) Notwithstanding the requirements of subdivision (a) that 3,200 hours of experience shall be gained under the supervision of a licensed clinical social worker, up to 1,000 hours of the required experience may be gained under the supervision of a licensed mental health professional acceptable to the board.

For purposes of this section, "supervision" means responsibility for and control of the quality of social work services being provided. Consultation shall not be considered to be supervision. Supervision shall include at least one hour of direct individual supervision for each week of experience claimed. "Individual supervision" means a one-to-one ratio of supervisor to applicant.

(c) For purposes of this section, a "private practice setting" is any setting other than a governmental entity, a school, college or university, a nonprofit and charitable corporation or a licensed health facility. Employment in a private practice setting shall not commence until the applicant has been registered as an associate clinical social worker. A registrant employed in a private practice setting shall not:

(1) Pay his or her employer for supervision, and shall receive fair remuneration from his or her employer.

(2) Receive any remuneration from patients or clients and shall only be paid by his or her employer.

(3) Perform services at any place except where the registrant's employer regularly conducts business.

(4) Have any proprietary interest in the employer's business.

(d) A person employed in a setting other than a private practice setting may obtain supervision from a person not employed by the registrant's employer if that person has signed a written contract with the employer to take supervisory responsibility for the registrant's social work services.

SEC. 7. It is the intent of the Legislature that nothing contained in this act shall be construed to alter the scope of practice for licensed clinical social workers.

CHAPTER 1092

An act to amend Sections 2982, 2982.8, 2983.2, and 3068 of the Civil Code, and to amend Section 10652.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 2982 of the Civil Code is amended to read:

2982. Every conditional sale contract subject to this chapter shall contain the disclosures required by Regulation Z whether or not Regulation Z applies to the transaction. In addition, to the extent applicable, the contract shall contain the other disclosures and notices required by, and shall satisfy the requirements and limitations of, this section. The disclosures required by subdivision (a) may be itemized or subtotaled to a greater extent than as required by that subdivision and shall be made together and in the sequence set forth in that subdivision. All other disclosures and notices may appear in the contract in any location or sequence and may be combined or interspersed with other provisions of the contract.

(a) The contract shall contain the following disclosures, as applicable, which shall be labeled "itemization of the amount financed":

(1) (A) The cash price, exclusive of document preparation fees, taxes imposed on the sale, pollution control certification fees, and the amount charged for a service contract.

(B) The fee to be retained by the seller for document preparation.

(C) The fee charged by the seller for certifying that the motor vehicle complies with applicable pollution control requirements.

(D) Taxes imposed on the sale.

(E) The amount charged for a service contract.

(F) The total cash price, which is the sum of subparagraphs (A) to (E), inclusive.

(2) An itemization of the amounts to be paid to any public officer for license, certificate of title, and registration.

(3) The aggregate amount of premiums agreed, upon execution of the contract, to be paid for policies of insurance included in the contract, excluding the amount of any insurance premium included in the finance charge.

(4) The amount of the state fee for issuance of a certificate of compliance, noncompliance, or waiver pursuant to any applicable pollution control statute.

(5) A subtotal representing the sum of the foregoing items.

(6) The amount of the buyer's downpayment itemized to show the following:

(A) The net agreed value of the property being traded in.

(B) The amount of any portion of the downpayment to be deferred until not later than the due date of the second regularly scheduled installment under the contract and which is not subject to a finance charge.

(C) The amount of any manufacturer's rebate applied or to be applied to the downpayment.

(D) The remaining amount paid or to be paid by the buyer as a downpayment.

(7) The amount of any administrative finance charge, labeled "prepaid finance charge."

(8) The difference between item (5) and the sum of items (6) and (7), labeled "amount financed."

(b) No particular terminology is required to disclose the items set forth in subdivision (a) except as expressly provided in that subdivision.

(c) If payment of all or a portion of the downpayment is to be deferred, the deferred payment shall be reflected in the payment schedule disclosed pursuant to Regulation Z.

(d) If the downpayment includes property being traded in, the contract shall contain a brief description of that property.

(e) The contract shall contain the names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 is to be sent.

(f) (1) Where the contract includes a finance charge determined on the precomputed basis, the contract shall identify the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and contain a statement of the amount or method of computation of any charge that may be deducted from the amount of any such unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the actuarial method if the computation will be under that method. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the Rule of 78's, the sum of the digits, or the sum of the periodic time balances method in all other cases, and those references shall be deemed to be equivalent for disclosure purposes.

(2) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, the contract shall contain a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(g) (1) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other

than actuarial, the contract shall contain a notice, in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(2) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, the contract shall contain a notice, in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(3) Where the contract includes a finance charge which is determined on the simple-interest basis, the contract shall contain a notice, in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(h) The contract shall contain a notice, in at least 8-point bold type if the contract is printed, that complaints concerning unfair or deceptive practices or methods by the seller shall be referred to the seller and, if the complaint is not resolved, may be referred to the Department of Motor Vehicles, Division of Compliance, 2570 24th Street, Sacramento, 95818.

(i) (1) The contract shall contain an itemization of any insurance included as part of the amount financed disclosed pursuant to paragraph (3) of subdivision (a) and of any insurance included as part of the finance charge. The itemization shall identify the type of insurance coverage and the premium charged therefor, and, if the insurance expires before the date of the last scheduled installment

included in the repayment schedule, the term of the insurance shall be stated.

(2) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof is to be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(j) (1) The dollar amount of the disclosed finance charge shall not exceed the greater of:

(A) (i) One and one-half percent on so much of the unpaid balance as does not exceed two hundred twenty-five dollars ($225), 1⅙ percent on so much of the unpaid balance in excess of two hundred twenty-five dollars ($225) as does not exceed nine hundred dollars ($900), ⅚ of 1 percent on so much of the unpaid balance in excess of nine hundred dollars ($900) as does not exceed one thousand six hundred fifty dollars ($1,650), and $^{13}/_{24}$ of 1 percent on that portion of the unpaid balance which exceeds one thousand six hundred fifty dollars ($1,650), or

(ii) One percent of the entire unpaid balance; multiplied in either case by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars ($25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars ($25) if the unpaid balance does not exceed one thousand dollars ($1,000), (ii) fifty dollars ($50) if the unpaid balance exceeds one thousand dollars ($1,000) but does not exceed two thousand dollars ($2,000), or (iii) seventy-five dollars ($75) if the unpaid balance exceeds two thousand dollars ($2,000).

(2) The holder of the contract shall not charge, collect, or receive a finance charge which exceeds the disclosed finance charge, except to the extent (A) caused by the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) permitted by paragraph (2), (3), or (4) of subdivision (c) of Section 226.17 of Regulation Z, or (C) permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars ($5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract

an administrative finance charge not to exceed seventy-five dollars ($75), provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge which is charged, received, or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(4) When a contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge shall be at the effective rate provided for in paragraph (1), having due regard for the schedule of installments.

(k) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the delinquent installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement shall not be subject to a delinquency charge unless the charge is permitted by Section 2982.3. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(*l*) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, including any additional finance charge imposed pursuant to Section 2982.8 or other additional charge imposed because the contract has been extended, deferred, or refinanced, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred, or refinanced, as so extended, deferred, or refinanced. Where the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided

further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which such payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (j), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (k) of this section or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(m) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time that disclosure is made, except that permitted by paragraph (2) of subdivision (c) of Section 226.18 of Regulation Z, provided that all of the requirements and limitations set forth in subdivision (a) of this section are satisfied. Nothing in this chapter prohibits the disclosure in that contract of additional information required or permitted under Regulation Z, as in effect at the time that disclosure is made.

(n) If the seller imposes a fee for document preparation, the contract shall contain a disclosure that the fee is not a governmental fee.

(o) No seller may impose an application fee for a transaction governed by this chapter.

(p) The seller or holder may charge and collect a five-dollar ($5) fee for the return by a depository institution of a dishonored check, negotiated order of withdrawal, or share draft issued in connection with the contract, if the contract so provides or if the contract contains a generalized statement that the buyer may be liable for collection costs incurred in connection with the contract.

SEC. 2. Section 2982.8 of the Civil Code is amended to read:

2982.8. (a) If a buyer is obligated under the terms of the conditional sale contract to maintain insurance on the vehicle and subsequent to the execution of the contract the buyer either fails to maintain or requests the holder to procure the insurance, any amounts advanced by the holder to procure the insurance may be the subject of finance charges from the date of advance as provided in subdivision (e).

(b) These amounts shall be secured as provided in the contract and permitted by Section 2984.2 if the holder notifies the buyer in writing of his or her option to repay those amounts in any one of the following ways:

(1) Full payment within 10 days from the date of giving or mailing the notice.

(2) Full amortization during the term of the insurance.

(3) If offered by the holder, full amortization after the term of the conditional sale contract, to be payable in installments which do not exceed the average payment allocable to a monthly period under the contract.

(4) If offered by the holder, a combination of the methods described in paragraphs (2) and (3), so that there is some amortization during the term of the insurance, with the remainder of the amortization being accomplished after the term of the conditional sale contract, to be payable in installments which do not exceed the average payment allocable to a monthly period under the original terms of the contract.

(5) If offered by the holder, any other amortization plan.

If the buyer neither pays in full the amounts advanced nor notifies the holder in writing of his or her choice regarding amortization options before the expiration of 10 days from the date of giving or mailing the notice by the holder, the holder may amortize the amounts advanced on a secured basis pursuant to paragraph (2) or, if offered by the holder as an option to the buyer, paragraph (3) or (4).

(c) The written notification described in subdivision (b) shall also set forth the amounts advanced by the holder and, with respect to each amortization plan the amount of the additional finance charge, the sum of the amounts advanced and the additional finance charge, the number of installments required, the amount of each installment and the date for payment of the installments.

In addition, the notice shall contain a statement in contrasting red print in at least 8-point bold type, which reads as follows:

"WARNING—IT IS YOUR RESPONSIBILITY UNDER CALIFORNIA LAW TO OBTAIN LIABILITY INSURANCE OR BE SUBJECT TO PENALTIES FOR VIOLATING SECTION 16020 OF THE VEHICLE CODE, WHICH MAY INCLUDE LOSS OF LICENSE OR A FINE. THE INSURANCE ACQUIRED BY THE LIENHOLDER DOES NOT PROVIDE LIABILITY COVERAGE AND DOES NOT SATISFY YOUR RESPONSIBILITY UNDER

CALIFORNIA LAW."

(d) If subsequent to the execution of the contract the holder advances amounts for repairs to or preservation of the motor vehicle or preservation of the holder's security interest therein and such advances are occasioned by the buyer's default under the contract, such advances may be the subject of finance charges from the date of advance as provided in subdivision (e) and shall be secured as provided in the contract and permitted by Section 2984.2.

(e) The maximum rate of finance charge which may be imposed on amounts advanced by the holder subsequent to the execution of the contract for insurance, repairs to or preservation of the motor vehicle, or preservation of the holder's security interest therein, shall not exceed the annual percentage rate disclosed pursuant to Section 2982.

SEC. 3. Section 2983.2 of the Civil Code is amended to read:

2983.2. (a) Except where the motor vehicle has been seized as described in paragraph (6) of subdivision (b) of Section 2983.3, any provision in any conditional sale contract for the sale of a motor vehicle to the contrary notwithstanding, at least 15 days' written notice of intent to dispose of a repossessed or surrendered motor vehicle shall be given to all persons liable on the contract. The notice shall be personally served or shall be sent by certified mail, return receipt requested, or first-class mail, postage prepaid, directed to the last known address of the persons liable on the contract. If those persons are married to each other, and, according to the most recent records of the seller or holder of the contract, reside at the same address, one notice addressed to both persons at that address is sufficient. Except as otherwise provided in Section 2983.8, those persons shall be liable for any deficiency after disposition of the repossessed or surrendered motor vehicle only if the notice prescribed by this section is given within 60 days of repossession or surrender and does all of the following:

(1) Sets forth that those persons shall have a right to redeem the motor vehicle by paying in full the indebtedness evidenced by the contract until the expiration of 15 days from the date of giving or mailing the notice and provides an itemization of the contract balance and of any deliquency, collection or repossession costs and fees and sets forth the computation or estimate of the amount of any credit for unearned finance charges or canceled insurance as of the date of the notice.

(2) States either that there is a conditional right to reinstate the contract until the expiration of 15 days from the date of giving or mailing the notice and all the conditions precedent thereto or that there is no right of reinstatement and provides a statement of reasons therefor.

(3) States that, upon written request, the seller or holder shall extend for an additional 10 days the redemption period or, if entitled to the conditional right of reinstatement, both the redemption and

reinstatement periods. The seller or holder shall provide the proper form for applying for the extensions with the substance of the form being limited to the extension request, spaces for the requesting party to sign and date the form, and instructions that it must be personally served or sent by certified or registered mail, return receipt requested, to a person or office and address designated by the seller or holder and received before the expiration of the initial redemption and reinstatement periods.

(4) Discloses the place at which the motor vehicle will be returned to those persons upon redemption or reinstatement.

(5) Designates the name and address of the person or office to whom payment shall be made.

(6) States the seller's or holder's intent to dispose of the motor vehicle upon the expiration of 15 days from the date of giving or mailing the notice, or if by mail and either the place of deposit in the mail or the place of address is outside of this state, the period shall be 20 days instead of 15 days, and further, that upon written request to extend the redemption period and any applicable reinstatement period for 10 days, the seller or holder shall without further notice extend the period accordingly.

(7) Informs such persons that upon written request, the seller or holder shall furnish a written accounting regarding the disposition of the motor vehicle as provided for in subdivision (b). The seller or holder shall advise them that such request must be personally served or sent first-class mail, postage prepaid, or certified mail, return receipt requested, to a person or office and address designated by the seller or holder.

(8) Includes notice, in at least 10-point bold type if the notice is printed, reading as follows: "NOTICE. YOU MAY BE SUBJECT TO SUIT AND LIABILITY IF THE AMOUNT OBTAINED UPON DISPOSITION OF THE VEHICLE IS INSUFFICIENT TO PAY THE CONTRACT BALANCE AND ANY OTHER AMOUNTS DUE."

(b) Unless automatically provided to the buyer within 45 days after the disposition of the motor vehicle, the seller or holder shall provide to any person liable on the contract within 45 days after their written request, if the request is made within one year after the disposition, a written accounting regarding the disposition. The accounting shall itemize:

(1) The gross proceeds of the disposition.

(2) The reasonable and necessary expenses incurred for retaking, holding, preparing for and conducting the sale and to the extent provided for in the agreement and not prohibited by law, reasonable attorney fees and legal expenses incurred by the seller or holder in retaking the vehicle from any person not a party to the contract.

(3) The satisfaction of indebtedness secured by any subordinate lien or encumbrance on the motor vehicle if written notification of demand therefor is received before distribution of the proceeds is completed. If requested by the seller or holder, the holder of a

subordinate lien or encumbrance must seasonably furnish reasonable proof of its interest, and unless it does so, the seller or holder need not comply with its demand.

(c) In all sales which result in a surplus, the seller or holder shall furnish an accounting as provided in subdivision (b) whether or not requested by the buyer. Any surplus shall be returned to the buyer within 45 days after the sale is conducted.

(d) This section shall not apply to a loan made by a lender licensed under Division 9 (commencing with Section 22000) or Division 10 (commencing with Section 24000) of the Financial Code.

SEC. 4. Section 3068 of the Civil Code is amended to read:

3068. (a) Every person has a lien dependent upon possession for the compensation to which the person is legally entitled for making repairs or performing labor upon, and furnishing supplies or materials for, and for the storage, repair, or safekeeping of, and for the rental of parking space for, any vehicle of a type subject to registration under the Vehicle Code, subject to the limitations set forth in this chapter. The lien shall be deemed to arise at the time a written statement of charges for completed work or services is presented to the registered owner.

(b) (1) Any lien under this section which arises because work or services have been performed on a vehicle with the consent of the registered owner shall be extinguished and no lien sale shall be conducted unless either of the following occurs:

(A) The lienholder applies for an authorization to conduct a lien sale within 30 days after the lien has arisen.

(B) An action in court is filed within 30 days after the lien has arisen.

(2) A person whose lien for work or services on a vehicle has been extinguished shall turn over possession of the vehicle, at the place where the work or services were performed, to the legal owner or the lessor upon demand of the legal owner or lessor, and upon tender by the legal owner or lessor, by cashier's check or in cash, of only the amount for storage, safekeeping, or parking space rental for the vehicle to which the person is entitled by subdivision (c).

(c) That portion of the lien in excess of seven hundred fifty dollars ($750) for any work or services, or that amount in excess of four hundred dollars ($400) for any storage, safekeeping, or rental of parking space or, if an application for an authorization to conduct a lien sale has been filed pursuant to Section 3071 within 30 days after the commencement of the storage or safekeeping, in excess of five hundred dollars ($500) for any storage or safekeeping, rendered or performed at the request of any person other than the legal owner or lessor, is invalid, unless prior to commencing any work, services, storage, safekeeping, or rental of parking space, the person claiming the lien gives actual notice in writing either by personal service or by registered letter addressed to the legal owner named in the registration certificate, and the written consent of that legal owner is obtained before any work, services, storage, safekeeping, or rental

of parking space are performed. In any action brought by or on behalf of the legal owner or lessor to recover a vehicle alleged to be wrongfully withheld by the person claiming a lien pursuant to this section, the prevailing party shall be entitled to reasonable attorney's fees and costs, not to exceed one thousand two hundred fifty dollars ($1,250). If any portion of a lien includes charges for the care, storage, or safekeeping of, or for the rental of parking space for, a vehicle for a period in excess of 60 days, the portion of the lien which accrued after the expiration of that period is invalid unless the provisions of Sections 10650 and 10652 of the Vehicle Code have been complied with by the holder of the lien.

SEC. 5. Section 10652.5 of the Vehicle Code is amended to read:

10652.5. (a) Whenever the name and address of the legal owner of a motor vehicle is known, or may be ascertained from the registration records in the vehicle or from the records of the Department of Motor Vehicles, no fee or service charge may be imposed upon the legal owner for the parking and storage of the motor vehicle for the period commencing with the 16th day of possession and continuing until written notice by certified mail with return receipt requested is sent to the legal owner by the person in possession of the motor vehicle.

(b) The costs of notifying the legal owner may be charged as part of the storage fee when the motor vehicle has been stored for an indefinite period of time and notice is given no sooner than the third day of possession. This subdivision also applies if the legal owner refuses to claim possession of the motor vehicle.

(c) This section is not applicable to any motor vehicle stored by a levying officer acting under the authority of judicial process.

CHAPTER 1094

An act to amend an initiative act entitled "An act prescribing the terms upon which licenses may be issued to practitioners of chiropractic, creating the State Board of Chiropractic Examiners and declaring its powers and duties, prescribing penalties for violation hereof, and repealing all acts and parts of acts inconsistent herewith" approved by the electors November 7, 1922, by amending Sections 12 and 15 thereof, relating to the practice of chiropractic, the amendment to take effect upon the approval thereof by the electors, and providing for the submission thereof to the electors pursuant to subdivision (c) of Section 10 of Article II of the California Constitution

The people of the State of California do enact as follows:

SECTION 1. Section 12 of the act cited in the title is amended to read:

Sec. 12. Licenses issued under the provisions of this section expire at 12 midnight on the last day of the month of birth of licentiates of the board.

On or before July 1, 1991, the board shall establish regulations for the administration of a birth month renewal program. Nothing in this act shall be construed to require the receipts to be recorded in like manner as original licenses. The failure, neglect or refusal of any person holding a license or certificate to practice under this act in the State of California to pay the annual fee during the time their license remains in force shall, after a period of 60 days from the last day of the month of their birth automatically work a forfeiture of his or her license or certificate, and it shall not be restored except upon the written application therefor and the payment to the board of a fee of twice the annual amount of the renewal fee in effect at the time the restoration application is filed except that a licentiate who fails, refuses or neglects to pay the annual tax within a period of 60 days after the last day of the month of his or her birth of each year shall not be required to submit to an examination for the reissuance of the certificate.

SEC. 2. Section 15 of the act cited in the title is amended to read:

Sec. 15. Any person who shall practice or attempt to practice chiropractic, or any person who shall buy, sell or fraudulently obtain a license to practice chiropractic, whether recorded or not, or who shall use the title "chiropractor" or "D.C." or any word or title to induce, or tending to induce belief that he or she is engaged in the practice of chiropractic, without first complying with the provisions of this act; or any licensee under this act who uses the word "doctor" or the prefix "Dr." without the word "chiropractor," or "D.C." immediately following his or her name, or the use of the letters "M.D." or the words "doctor of medicine," or the term "surgeon," or the term "physician," or the word "osteopath," or the letters "D.O." or any other letters, prefixes or suffixes, the use of which would indicate that he or she was practicing a profession for which he or she held no license from the State of California, or any person who shall violate any of the provisions of this act, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred dollars ($100) and not more than seven hundred fifty dollars ($750), or by imprisonment in the county jail for not more than six months, or by both fine and imprisonment.

SEC. 3. Sections 1 and 2 of this act shall become effective only when submitted to and approved by the electors, pursuant to subdivision (c) of Section 10 of Article II of the California Constitution.

SEC. 4. Sections 1 and 2 of this act shall be submitted to the electors at the next statewide election occurring at least 131 days after this act is adopted in the same manner as measures submitted to the voters by the Legislature, as provided in the Elections Code and Government Code.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1095

An act to amend Section 7184 of, and to repeal and add Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of, the Health and Safety Code, and to amend Sections 12811 and 13005 of the Vehicle Code, relating to the Uniform Anatomical Gift Act.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code is repealed.

SEC. 2. Chapter 3.5 (commencing with Section 7150) is added to Part 1 of Division 7 of the Health and Safety Code, to read:

CHAPTER 3.5. UNIFORM ANATOMICAL GIFT ACT

7150. This chapter may be cited as the "Uniform Anatomical Gift Act."

7150.1. As used in this chapter:

(a) "Anatomical gift" means a donation of all or part of a human body or a pacemaker to take effect upon or after death.

(b) "Decedent" means a deceased individual and includes a stillborn infant or fetus.

(c) "Document of gift" means a card, a statement attached to or imprinted on a motor vehicle operator's or chauffeur's license, a will, or other writing used to make an anatomical gift.

(d) "Donor" means an individual who makes an anatomical gift of all or part of the individual's body or a pacemaker.

(e) "Enucleator" means an individual who removes or processes eyes or parts of eyes.

(f) "Hospital" means a facility licensed, accredited, or approved as a hospital under the law of any state or a facility operated as a hospital by the United States government, a state, or a subdivision of a state.

(g) "Part" means an organ, tissue, eye, bone, artery, blood, fluid, or other portion of a human body or a pacemaker.

(h) "Person" means an individual, corporation, business trust, estate, trust, partnership, joint venture, association, government, governmental subdivision or agency, or any other legal or commercial entity.

(i) "Physician" or "surgeon" means an individual licensed or otherwise authorized to practice medicine and surgery or osteopathy and surgery under the laws of any state.

(j) "Procurement organization" means a person licensed, accredited, or approved under the laws of any state or by the State Department of Health Services for procurement, distribution, or storage of human bodies or parts.

(k) "State" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(*l*) "Technician" means an individual who has completed training in removal of parts for transplant, therapeutic, or scientific purposes, which the donee determines to be adequate for the purpose.

7150.5. (a) An individual who is at least 18 years of age may make an anatomical gift for any of the purposes stated in subdivision (a) of Section 7153, limit an anatomical gift to one or more of those

purposes, or refuse to make an anatomical gift.

(b) An anatomical gift may be made only by a document of gift signed by the donor. If the donor cannot sign, the document of gift must be signed by another individual and by two witnesses, all of whom have signed at the direction and in the presence of the donor and of each other, and state that it has been so signed.

(c) If a document of gift is attached to or imprinted on a donor's motor vehicle operator's or chauffeur's license, the document of gift must comply with subdivision (b). Revocation, suspension, expiration, or cancellation of the license does not invalidate the anatomical gift.

(d) A document of gift may designate a particular physician or surgeon to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the anatomical gift may employ or authorize any physician, surgeon, technician, or enucleator to carry out the appropriate procedures.

(e) An anatomical gift by will takes effect upon death of the testator, whether or not the will is probated. If, after death, the will is declared invalid for testamentary purposes, the validity of the anatomical gift is unaffected.

(f) A donor may amend or revoke an anatomical gift, not made by will, only by one or more of the following:

(1) A signed statement.

(2) An oral statement made in the presence of two individuals.

(3) Any form of communication during a terminal illness or injury addressed to a physician or surgeon.

(4) The delivery of a signed statement to a specified donee to whom a document of gift had been delivered.

(g) The donor of an anatomical gift made by will may amend or revoke the gift in the manner provided for amendment or revocation of wills, or as provided in subdivision (f).

(h) An anatomical gift that is not revoked by the donor before death is irrevocable and does not require the consent or concurrence of any person after the donor's death.

(i) An individual may refuse to make an anatomical gift of the individual's body or part by a writing signed in the same manner as a document of gift, a statement attached to or imprinted on a donor's motor vehicle operator's or chauffeur's license, or any other writing used to identify the individual as refusing to make an anatomical gift. During a terminal illness or injury, the refusal may be an oral statement or other form of communication.

(j) In the absence of contrary indications by the donor, an anatomical gift of a part is neither a refusal to give other parts nor a limitation on an anatomical gift under Section 7151 or on a removal or release of other parts under Section 7151.5.

(k) In the absence of contrary indications by the donor, a revocation or amendment of an anatomical gift is not a refusal to make another anatomical gift. If the donor intends a revocation to be

a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subdivision (i).

7151. (a) Except as provided in Section 7152, any member of the following classes of persons, in the order of priority listed, may make an anatomical gift of all or part of the decedent's body or a pacemaker for an authorized purpose, unless the decedent, at the time of death, has made an unrevoked refusal to make that anatomical gift:

(1) The attorney-in-fact under a valid durable power of attorney that expressly authorizes the attorney-in-fact to make an anatomical gift of all or part of the principal's body or a pacemaker.

(2) The spouse of the decedent.

(3) An adult son or daughter of the decedent.

(4) Either parent of the decedent.

(5) An adult brother or sister of the decedent.

(6) A grandparent of the decedent.

(7) A guardian or conservator of the person of the decedent at the time of death.

(b) An anatomical gift may not be made by a person listed in subdivision (a) if any of the following occur:

(1) A person in a prior class is available at the time of death to make an anatomical gift.

(2) The person proposing to make an anatomical gift knows of a refusal or contrary indications by the decedent.

(3) The person proposing to make an anatomical gift knows of an objection to making an anatomical gift by a member of the person's class or a prior class.

(c) An anatomical gift by a person authorized under subdivision (a) shall be made by a document of gift signed by the person or the person's telegraphic, recorded telephonic, or other recorded message, or other form of communication from the person that is contemporaneously reduced to writing and signed by the recipient.

(d) An anatomical gift by a person authorized under subdivision (a) may be revoked by any member of the same or a prior class if, before procedures have begun for the removal of a part from the body of the decedent, the physican, surgeon, technician, or enucleator removing the part knows of the revocation.

(e) A failure to make an anatomical gift under subdivision (a) is not an objection to the making of an anatomical gift.

7151.5. (a) Except as provided in Section 7152, the coroner or medical examiner may release and permit the removal of a part from a body within that official's custody, for transplantation, therapy, or reconditioning, if all of the following occur:

(1) The official has received a request for the part from a hospital, physician, surgeon, or procurement organization or, in the case of a pacemaker, from a person who reconditions pacemakers.

(2) A reasonable effort has been made to locate and inform persons listed in subdivision (a) of Section 7151 of their option to make, or object to making, an anatomical gift. Except in the case of

corneal material to be used for the purpose of transplantation or where the useful life of the part does not permit, a reasonable effort shall be deemed to have been made when a search for the persons has been underway for at least 24 hours.

(3) The official does not know of a refusal or contrary indication by the decedent or objection by a person having priority to act as listed in subdivision (a) of Section 7151.

(4) The removal will be by a physician, surgeon, or technician; but in the case of eyes, by one of them or by an enucleator.

(5) The removal will not interfere with any autopsy or investigation.

(6) The removal will be in accordance with accepted medical standards.

(7) Cosmetic restoration will be done, if appropriate.

(b) Except as provided in Section 7152, if the body is not within the custody of the coroner or medical examiner, a hospital may release and permit the removal of a part from a body if the hospital, after a reasonable effort has been made to locate and inform persons listed in subdivision (a) of Section 7151 of their option to make, or object to the making, an anatomical gift, determines and certifies that the persons are not available. A search for the persons listed in subdivision (a) of Section 7151 may be initiated in anticipation of death, but, except in the case of corneal material to be used for the purpose of transplantation or where the useful life of the part does not permit, the determination may not be made until the search has been underway for at least 24 hours. The search shall include a check of local police missing persons records, examination of personal effects, and the questioning of any persons visiting the decedent before his or her death or in the hospital, accompanying the decedent's body, or reporting the death, in order to obtain information that might lead to the location of any persons listed in subdivison (a) of Section 7151.

(c) Except as provided in Section 7152, if the body is not within the custody of the coroner or medical examiner or a hospital, the local public health officer may release and permit the removal of any part from a body in the local public health officer's custody for transplantation, therapy, or reconditioning if the requirements of subdivision (a) are met.

(d) An official or hospital releasing and permitting the removal of a part shall maintain a permanent record of the name of the decedent, the person making the request, the date and purpose of the request, the part requested, and the person to whom it was released.

7152. Only an individual may make an anatomical gift of all or part of the individual's body or a pacemaker, if it is made known that the individual at the time of death was a member of a religion, church, sect, or denomination which relies solely upon prayer for the healing of disease or which has religious tenets that would be violated by the disposition of the human body or parts thereof or a pacemaker

for any of the purposes stated in subdivision (a) of Section 7153.

7152.5. (a) If, at or near the time of death of a patient, there is no medical record that the patient has made or refused to make an anatomical gift, the hospital shall comply with the protocol developed pursuant to Section 7184.

(b) The following persons shall make a reasonable search for a document of gift or other information identifying the bearer as a donor or as an individual who has refused to make an anatomical gift:

(1) A law enforcement officer finding an individual who the officer believes is dead or near death.

(2) A hospital, upon the admission of an individual at or near the time of death, if there is not immediately available any other source of that information.

(c) If a document of gift or evidence of refusal to make an anatomical gift is located by the search required by paragraph (1) of subdivision (b), and the individual or body to whom it relates is taken to a hospital, the hospital shall be notified of the contents and the document or other evidence shall be sent to the hospital.

(d) If, at or near the time of death of a patient, a hospital knows that an anatomical gift has been made pursuant to subdivision (a) of Section 7151 or a release and removal of a part has been permitted pursuant to Section 7151.5, or that a patient or an individual identified as in transit to the hospital is a donor, the hospital shall notify the donee if one is named and known to the hospital; if not, it shall notify an appropriate procurement organization. The hospital shall cooperate in the implementation of the anatomical gift or release and removal of a part.

(e) A person who fails to discharge the duties imposed by this section is not subject to criminal or civil liability but is subject to appropriate administrative sanctions.

7153. (a) The following persons may become donees of anatomical gifts for the purposes stated:

(1) A hospital, physician, surgeon, or procurement organization, for transplantation, therapy, medical or dental education, research, or advancement of medical or dental science.

(2) An accredited medical or dental school, college, or university for education, research, or advancement of medical or dental science.

(3) A designated individual for transplantation or therapy needed by that individual.

(4) In the case of a pacemaker, a person who reconditions pacemakers.

(b) An anatomical gift may be made to a designated donee or without designating a donee. If a donee is not designated or if the donee is not available or rejects the anatomical gift, the anatomical gift may be accepted by any hospital or, in the case of a pacemaker, the pacemaker may be accepted by any person who reconditions pacemakers.

(c) If the donee knows of the decedent's refusal or contrary

indications to make an anatomical gift or that an anatomical gift by a member of a class having priority to act is opposed by a member of the same class or a prior class under subdivision (a) of Section 7151, the donee may not accept the anatomical gift.

7153.5. (a) Delivery of a document of gift during the donor's lifetime is not required for the validity of an anatomical gift.

(b) If an anatomical gift is made to a designated donee, the document of gift, or a copy, may be delivered to the donee to expedite the appropriate procedures after death. The document of gift, or a copy, may be deposited in any hospital, procurement organization, or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of an interested person, upon or after the donor's death, the person in possession shall allow the interested person to examine or copy the document of gift.

7154. (a) Rights of a donee created by an anatomical gift are superior to rights of others except with respect to autopsies under subdivision (b) of Section 7155.5. A donee may accept or reject an anatomical gift. If a donee accepts an anatomical gift of an entire body, the donee, subject to the terms of the gift, may allow embalming and use of the body in funeral services. If the gift is of a part of a body or a pacemaker, the donee, upon the death of the donor and before embalming, shall cause the part or pacemaker to be removed without unnecessary mutilation. After removal of the part or pacemaker, custody of the remainder of the body vests in the person specified in Section 7100.

(b) The time of death must be determined by a physician or surgeon who attends the donor at death or, if none, the physician or surgeon who certifies the death. Neither the physician or surgeon who attends the donor at death nor the physician or surgeon who determines the time of death may participate in the procedures for removing or transplanting a part unless the document of gift designates a particular physician or surgeon pursuant to subdivision (d) of Section 7150.5.

(c) If there has been an anatomical gift, a technician may remove any donated parts and an enucleator may remove any donated eyes or parts of eyes, after determination of death by a physician or surgeon.

7154.5. Each hospital in this state, after consultation with other hospitals and procurement organizations, shall establish agreements or affiliations for coordination of procurement and use of human bodies and parts.

7155. (a) A person may not knowingly, for valuable consideration, purchase or sell a part for transplantation, therapy, or reconditioning, if removal of the part is intended to occur after the death of the decedent.

(b) Valuable consideration does not include reasonable payment for the removal, processing, disposal, preservation, quality control, storage, transplantation, or implantation of a part.

(c) A person who violates this section is guilty of a felony and upon

conviction shall be punished by imprisonment in the state prison for three, five, or seven years, a fine not exceeding fifty thousand dollars ($50,000), or both.

7155.5. (a) An anatomical gift authorizes any reasonable examination necessary to assure medical acceptability of the gift for the purposes intended.

(b) The provisions of this chapter are subject to the laws of this state governing autopsies.

(c) A hospital, physician, surgeon, coroner, medical examiner, local public health officer, enucleator, technician, or other person, who acts in accordance with this chapter or with the applicable anatomical gift law of another state or a foreign country or attempts in good faith to do so is not liable for that act in a civil action or criminal proceeding.

(d) An individual who makes an anatomical gift pursuant to Section 7150.5 or 7151 and the individual's estate are not liable for any injury or damage that may result from the making or the use of the anatomical gift.

7156. This chapter applies to a document of gift, revocation, or refusal to make an anatomical gift signed by the donor or a person authorized to make or object to making an anatomical gift before, on, or after January 1, 1989.

7156.5. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

SEC. 3. Section 7184 of the Health and Safety Code is amended to read:

7184. Each general acute care hospital shall develop a protocol for identifying potential organ and tissue donors. The protocol shall require that any deceased individual's next of kin or other individual, as set forth in Section 7151, at or near the time of notification of death be asked whether the deceased was an organ donor or if the family is a donor family. If not, the family shall be informed of the option to donate organs and tissues pursuant to Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7. With the approval of the designated next of kin or other individual, as set forth in Section 7151, the hospital shall then notify an organ and tissue procurement organization and cooperate in the procurement of the anatomical gift or gifts. The protocol shall encourage reasonable discretion and sensitivity to the family circumstances in all discussions regarding donations of tissue or organs. The protocol may take into account the deceased individual's religious beliefs or obvious nonsuitability for organ and tissue donation. In the event an organ and tissue procurement organization does not exist in a region, the hospital shall contact an organ or a tissue procurement organization, as appropriate. Laws pertaining to notification of the coroner shall be complied with in all cases of reportable deaths.

SEC. 3.5. Section 7184 of the Health and Safety Code is amended to read:

7184. (a) Each general acute care hospital shall develop a protocol for identifying potential organ and tissue donors. The protocol shall require that any deceased individual's next of kin or other individual, as set forth in Section 7151, at or near the time of notification of death be asked whether the deceased was an organ donor or if the family is a donor family. If not, the family shall be informed of the option to donate organs and tissues pursuant to Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7. With the approval of the designated next of kin or other individual, as set forth in Section 7151, the hospital shall then notify an organ and tissue procurement organization and cooperate in the procurement of the anatomical gift or gifts. The protocol shall encourage reasonable discretion and sensitivity to the family circumstances in all discussions regarding donations of tissue or organs. The protocol may take into account the deceased individual's religious beliefs or obvious nonsuitability for organ and tissue donation. In the event an organ and tissue procurement organization does not exist in a region, the hospital shall contact an organ or a tissue procurement organization, as appropriate. Laws pertaining to notification of the coroner shall be complied with in all cases of reportable deaths.

(b) A general acute care hospital shall comply with subdivision (a) as a condition of participation in the Medi-Cal program contained in Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 4. Section 12811 of the Vehicle Code is amended to read:

(b) With every driver's license issued on and after July 1, 1985, the department shall provide a sticker for the licensee to place on the front of the license. The department shall also provide a form which may be affixed to the back of the license by which the licensee may indicate his or her willingness and intent to make an anatomical gift pursuant to Section 7150.5 of the Health and Safety Code. The form provided shall contain a statement sufficient in its terms to meet the requirements of the Uniform Anatomical Gift Act (Chapter 3.5

(commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code). To be effective, the statement shall be signed by the licensee. If the licensee cannot sign, the statement may be signed for the licensee at his or her direction and in his or her presence in the presence of two witnesses who shall sign the statement in his or her presence. The gift shall become effective upon the death of the licensee.

(c) No public entity or employee is liable for any loss, detriment, or injury resulting directly or indirectly from false or inaccurate information contained in the sticker provided pursuant to subdivision (b).

(d) No contract shall be let to any nongovernmental entity for the processing of drivers' licenses, unless the department receives two or more qualified bids from independent, responsible bidders.

(b) With every driver's license issued on and after July 1, 1985, the department shall provide a sticker for the licensee to place on the front of the license. The department shall also provide a form which may be affixed to the back of the license by which the licensee may indicate his or her willingness and intent to make an anatomical gift or his or her refusal to make an anatomical gift pursuant to Section 7150.5 of the Health and Safety Code and the date that a pacemaker has been implanted. The form provided shall contain a statement sufficient in its terms to meet the requirements of the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code). (b) With every identification card issued on and after July 1, 1985, the department shall provide a sticker for the cardholder to place on the front of the identification card and a form which may be affixed to the back of the identification card, by which the cardholder may indicate his or her willingness and intent to make an anatomical gift pursuant to Section 7150.5 of the Health and Safety Code. SEC. 7. Section 13005 of the Vehicle Code is amended to read:

SEC. 10. Section 3.5 of this bill incorporates amendments to Section 7184 of the Health and Safety Code proposed by both this bill and AB 2961. SEC. 11. Section 8 of this bill shall only become operative if (1) both this bill and SB 2576 are enacted and become effective on January 1, 1989, and (2) this bill is enacted after SB 2576, in which case Section 7155.5 of the Health and Safety Code, as added by Section 2 of this act, shall not become operative.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the

CHAPTER 1096

An act to amend Section 1624 of the Civil Code, relating to contracts.

[Approved by Governor September 20, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1624 of the Civil Code is amended to read:

1624. The following contracts are invalid, unless they, or some note or memorandum thereof, are in writing and subscribed by the party to be charged or by the party's agent:

(a) An agreement that by its terms is not to be performed within a year from the making thereof.

(b) A special promise to answer for the debt, default, or miscarriage of another, except in the cases provided for in Section 2794.

(c) An agreement for the leasing for a longer period than one year, or for the sale of real property, or of an interest therein; such an agreement, if made by an agent of the party sought to be charged, is invalid, unless the authority of the agent is in writing, subscribed by the party sought to be charged.

(d) An agreement authorizing or employing an agent, broker, or any other person to purchase or sell real estate, or to lease real estate for a longer period than one year, or to procure, introduce, or find a purchaser or seller of real estate or a lessee or lessor of real estate where the lease is for a longer period than one year, for compensation or a commission.

(e) An agreement which by its terms is not to be performed during the lifetime of the promisor.

(f) An agreement by a purchaser of real property to pay an indebtedness secured by a mortgage or deed of trust upon the property purchased, unless assumption of the indebtedness by the purchaser is specifically provided for in the conveyance of the

property.

(g) A contract, promise, undertaking, or commitment to loan money or to grant or extend credit, in an amount greater than one hundred thousand dollars ($100,000), not primarily for personal, family, or household purposes, made by a person engaged in the business of lending or arranging for the lending of money or extending credit. For purposes of this section, a contract, promise, undertaking or commitment to loan money secured solely by residential property consisting of one to four dwelling units shall be deemed to be for personal, family, or household purposes.

SEC. 23. Section 8564 of the Food and Agricultural Code is amended to read:

8564. At any time not later than the hour set for hearing objections to the proposed budget, any owner of citrus, stone, or pome fruit acreage in the district may make written protest against the budget or any item in it.

SEC. 24. Section 8601 of the Food and Agricultural Code is amended to read:

8601. (a) The county assessor, in making the annual assessment of property in each and every year after the organization of the district, shall assess any parcel of real property with 25 or more citrus, stone, or pome fruit trees on it and enter as a separate item, on the assessment roll for each such parcel of real propety included in the district, the value, as improvements on the parcel, of all citrus, stone, or pome fruit trees which are growing on it.

(b) For the purpose of this part, the county assessor shall assess all citrus, stone, or pome fruit acreage at a uniform value per acre. The assessment shall be upon an acreage basis and the number of acres shall be determined conclusively, except as otherwise provided in this section, by the assessor counting the trees and dividing the total number by the number of trees per acre of average planting. The county assessor in counting the citrus, stone, or pome fruit trees shall not, however, count any more than 200 trees on any one acre of land, and for any citrus, stone, or pome fruit acreage which has from 70 to 100 trees per acre the number of acres to be determined by the county assessor shall be the actual acreage of the parcel.

(c) Upon completing the assessment roll of the county in each year, the assessor shall separately compute and certify, to the board of supervisors, the total assessed value, as shown by the assessment roll, of all the citrus, stone, or pome fruit trees in the district.

SEC. 25. Section 8602 of the Food and Agricultural Code is amended to read:

8602. Whenever acreage within the district is planted with citrus, stone, or pome fruit trees in such a fashion as to qualify as citrus, stone, or pome fruit acreage, the acreage is subject to assessment as provided in this part.

SEC. 26. Section 8603 of the Food and Agricultural Code is amended to read:

8603. Whenever any citrus, stone, or pome fruit trees have been removed from any parcel of land included in the district, the owner of the parcel of land may file with the board an affidavit particularly describing the parcel of land, and setting forth the fact of the removal therefrom of the trees. Thereupon, the board shall cause an investigation of the parcel of land to be made and, if the board finds

the allegations of the affidavit are true, the board shall immediately certify this fact to the county assessor and the amount of citrus, stone, or pome fruit acreage removed shall not be assessed on the next assessment roll.

SEC. 27. Section 8604 of the Food and Agricultural Code is amended to read:

8604. (a) The board shall, on or before the first Monday in July of each year, file with the board of supervisors the final budget which sets forth all estimated expenditures of the district for the fiscal year commencing on the first day of July. A copy of the budget shall also at the same time be filed with the auditor of the county.

(b) The board of supervisors shall annually, at the time of levying other county taxes, levy an assessment upon all the citrus, stone, or pome fruit trees planted or growing in the district, regardless of age, as assessed by the assessor pursuant to this part. The rate shall be such as will produce, after due allowance for delinquency, the amount determined as necessary to be raised on the secured roll. If a fraction of a cent occurs on a valuation of one hundred dollars ($100), it shall be taken as a full cent.

SEC. 28. Section 8605 of the Food and Agricultural Code is amended to read:

8605. The assessment authorized to be assessed and levied is hereby declared to be in the nature of a special assessment, and the Legislature hereby finds that the owners of all citrus, stone, or pome fruit trees will be benefited by the district to the same extent and in the same manner regardless of the age of the trees. The assessments authorized by this chapter to be assessed and levied on the trees shall be assessed and levied on all citrus, stone, or pome fruit trees regardless of their age.

SEC. 29. Section 8651 of the Food and Agricultural Code is amended to read:

8651. Lands devoted exclusively to the growing of citrus, stone, or pome fruits within a tract of land outside the district but in the county wherein the district is located may be annexed to the district.

SEC. 30. Section 8702 of the Food and Agricultural Code is amended to read:

8702. Proceedings for consolidation may be initiated by the filing of a petition for consolidation with the board of each district to be consolidated. Each petition shall be signed by the owners of 51 percent by area of the citrus, stone, or pome fruit land in the district. Upon the filing of such a petition, the board of directors shall adopt a resolution which recites the fact of receipt and the willingness of the district to consolidate, and shall then send copies of the petition and resolution to the board of directors of each of the other districts. The board shall send the original petition and a certified copy of the resolution to the board of supervisors of the county in which is located the largest area of citrus, stone, or pome fruit acreage of the proposed consolidated district, and a copy of the petition and resolution to the board of supervisors of each of the other counties

in which is located any part of the proposed consolidated district.

SEC. 31. Section 8703 of the Food and Agricultural Code is amended to read:

8703. Upon presentation and filing of the petitions of two or more districts proposing consolidation, the board of supervisors of the county in which is located the largest area of citrus, stone, or pome fruit acreage of the proposed consolidated district shall fix a time and place for hearing the petitions. Notice shall be given and the hearing conducted in the same manner and with the same effect as prescribed for the formation of a district pursuant to Chapter 2 (commencing with Section 8451).

SEC. 32. Section 8704 of the Food and Agricultural Code is amended to read:

8704. If the board of supervisors determines that the consolidation is feasible and for the best interests of the citrus, stone, or pome fruit growers of the respective districts, it shall by resolution duly adopted declare the districts consolidated into one district, giving the consolidated district a name which name shall include the term "consolidated." Certified copies of the resolution shall be filed with the Secretary of State and, for record, with the county recorder of each county in which is located any part of the consolidated district. Upon the filing, the districts are consolidated into a single consolidated district with all the rights, privileges, and powers of a district. The consolidated district shall succeed to all the funds and other property, and is subject to all the indebtedness, bonded and otherwise, of the districts consolidated. Each district which is included in the consolidated district shall continue in existence for the purpose of representation on the board of the consolidated district, and for the purpose of levying, assessing, and collecting assessments for district purposes. The board of the consolidated district is, however, the board of each district which is included in the consolidated district.

SEC. 33. Section 8705 of the Food and Agricultural Code is amended to read:

8705. Upon the adoption of a resolution consolidating two or more districts, the board of supervisors shall immediately appoint a board of directors of at least five members, including at least one member from each of the districts which are included in the consolidated district. If any of the districts which are included in the consolidated district includes more than 15,000 acres of citrus, stone, or pome fruit acreage, the board of directors shall be increased to a number equal to the number of districts which are included in the consolidated district, plus one additional director for each 10,000 acres, or major fraction of 10,000 acres, in any one district which is included in the consolidated district.

SEC. 34. Section 8707 of the Food and Agricultural Code is amended to read:

8707. Any district which has been included in a consolidated district may withdraw from the consolidated district and be

reconstituted as a separate district by filing with the board of directors of the consolidated district a petition for withdrawal which is signed by the owners of not less than 51 percent by area of citrus, stone, or pome fruit land in the district. The board of directors of the consolidated district shall send the original petition to the board of supervisors of the county in which the withdrawing district is located, and a copy of the petition to the board of supervisors of each of the other counties in which is located any part of the consolidated district. Upon receipt of a petition for withdrawal, the board of supervisors of the county in which the withdrawing district is located shall fix a time and place for hearing the petition. Notice shall be given and the hearing conducted in the same manner and with the same effect as prescribed for the formation of a district under Chapter 2 (commencing with Section 8451). Upon withdrawal of a district, all moneys collected from the district for the use of the consolidated district, and all property purchased with these moneys, shall remain the property of the consolidated district. All moneys collected from a district after it withdraws from a consolidated district shall be held for the use of the district.

SEC. 35. Section 8751 of the Food and Agricultural Code is amended to read:

8751. Upon the filing of a petition with the board of supervisors, signed by the owners of not less than 60 percent by area of the citrus, stone, or pome fruit acreage in the district, requesting the dissolution of the district, the board of supervisors shall set a time and place for hearing on the petition, which shall not be less than 20 days, nor more than 40 days, after the filing of the petition.

SEC. 36. Section 8756 of the Food and Agricultural Code is amended to read:

8756. If, at the hearing, a majority of the members of the board of supervisors find that the dissolution of the district will benefit the citrus, stone, or pome fruit industry of the county, it shall by resolution dissolve the district.

SEC. 37. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 38. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide this assistance as rapidly as possible, it is necessary that this act take effect immediately.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that there is an increasing problem in California involving the consumption of alcoholic beverages by persons under the age of 21. The Legislature further finds that some young people, in order to have more privacy, hire chauffeured luxury limousines to facilitate their illegal drinking.

The Legislature further finds and declares that there is currently no uniform practice by operators of these limousine-for-hire services or drivers of the limousines with respect to verifying the legal age of passengers who are known to be drinking in the vehicle or who have access to alcoholic beverages stored in the passenger area. The Legislature further finds and declares that some of those operators and drivers are engaged in operating limousines for hire without being properly permitted by the Public Utilities Commission or licensed or regulated by any local authority.

The Legislature therefore intends by this act to ensure that chauffeured limousines for hire are not used to facilitate the illegal drinking of alcoholic beverages by minors. The Legislature therefore hereby declares its intent to require every charter-party carrier of passengers operating limousines for hire in California to be subject to the jurisdiction and control of the commission. The Legislature further intends to require these carriers and their drivers to fully comply with all laws proscribing the serving of alcoholic beverages to minors.

The Legislature further intends for the commission to require that all charter-party carriers of passengers in the state are properly regulated and conduct business consistent with the intent of this act. Toward this end, the Legislature intends for the commission to report annually to the Legislature regarding its enforcement efforts.

SEC. 2. Section 5353.5 is added to the Public Utilities Code, to read:

5353.5. On and after July 1, 1989, this chapter does not apply to transportation service, other than transportation service furnished in a limousine for hire, rendered wholly within the corporate limits of a single city or city and county and licensed or regulated by ordinance.

SEC. 3. Section 5384.1 is added to the Public Utilities Code, to read:

5384.1. (a) The driver of any limousine for hire operated by a charter-party carrier of passengers under a valid permit issued pursuant to Section 5384 shall do all of the following:

(1) The driver shall ascertain whether any passenger is under the age of 21 years.

(2) If any passenger is under the age of 21 years, the driver shall read to the passenger a statement that the consumption of any alcoholic beverage in the vehicle is unlawful, that no alcoholic beverage may be transported in the passenger compartment of the

vehicle, that all alcoholic beverages are required to be carried in the vehicle trunk or other locked compartment, and that, if during the course of the ride any minor is found to be, or to have been, consuming any alcoholic beverage, the contract will be terminated and the customer will be brought back to the point of origin of the ride.

(3) After reading the statement described in paragraph (2) to every passenger under the age of 21 years, the driver shall require every passenger under the age of 21 years to sign the statement and retain the signed statement until every minor passenger is discharged, pursuant to the contract of hire for the limousine and driver.

(4) If any minor passenger, after signing a statement pursuant to paragraph (3), is found to be, or to have been, consuming any alcoholic beverage during the course of any ride subject to this section, the driver shall immediately terminate the contract of hire and shall return the passengers to the point of origin of the ride.

(b) Any failure of a driver to comply with subdivision (a) that results in the conviction of the driver of a violation of Section 23225 of the Vehicle Code, shall be subject to the penalties prescribed in Section 5384.5.

(c) Notwithstanding any other provision of law, this section does not apply to the driver of any bus, taxicab, or van, and it does not prohibit a parent or legal guardian from consuming alcoholic beverages in a limousine for hire while accompanied by his or her minor children.

(d) This section shall become operative on July 1, 1989.

SEC. 4. Section 5384.5 is added to the Public Utilities Code, to read:

5384.5. (a) If the driver of any limousine for hire operating under a valid permit issued pursuant to Section 5384, or any officer, director, agent, or employee of a charter-party carrier of passengers operating limousines for hire under such a permit, is convicted of a violation of Section 23225 of the Vehicle Code, the commission, after a hearing, shall do the following:

(1) For a first offense, the commission may impose a civil penalty of not more than two thousand dollars ($2,000) upon the carrier, as determined appropriate by the commission.

(2) For a second offense, the commission may impose a civil penalty of not more than two thousand dollars ($2,000) upon the carrier or suspend the carrier's permit for not more than 30 days, or both, as determined appropriate by the commission.

(3) For a third offense, the commission shall revoke the carrier's permit.

(b) This section shall become operative on July 1, 1989.

SEC. 5. Section 1820 is added to the Vehicle Code, to read:

1820. (a) The prospective employer of a driver of a limousine for hire operated by a charter-party carrier of passengers pursuant to a permit issued by the Public Utilities Commission shall obtain a report

showing the driver's current public record as recorded by the department.

(b) Whenever a person is hired as the driver of a limousine for hire, the employer shall make a request to the department to participate in a pull notice system, which is a process for the purpose of providing an employer with a report showing the driver's current public record as recorded by the department, and any subsequent convictions, failures to appear, accidents, driver's license suspensions, driver's license revocations, or any other actions taken against the person's driving privilege added to the driver's record while the employer's notification request remains valid and uncanceled.

(c) Upon the termination of a driver's employment, the employer shall notify the department to cancel the employer's request for reports provided pursuant to this section.

(d) An employer who, after receiving the report of a person's driving record pursuant to this section, employs or continues to employ as a driver any person against whom a disqualifying action has been taken regarding his or her driving privilege is guilty of a public offense and, upon conviction thereof, shall be punished by imprisonment in the county jail for not more than six months, by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(e) A request to participate in the pull notice system pursuant to this section shall be accompanied by a fee determined by the department to be sufficient to defray the entire actual cost to the department for the notification service. For the receipt of subsequent reports, the employer shall also be charged a fee established by the department pursuant to Section 1811.

(f) This section shall become operative on July 1, 1989.

SEC. 6. Section 23229 of the Vehicle Code is amended to read:

23229. (a) Sections 23221 and 23223 shall not apply to passengers in any bus, taxicab, or limousine for hire licensed to transport passengers pursuant to the Public Utilities Code or proper local authority, or the living quarters of a housecar or camper, nor shall Section 23225 apply to the driver or owner of a bus, taxicab, or limousine for hire licensed to transport passengers pursuant to the Public Utilities Code or proper local authority.

(b) Sections 23220, 23221, 23222, 23223, 23225, and 23226 shall not apply to any person who, upon the recommendation of a doctor, carries alcoholic beverages in that person's motor vehicle for medicinal purposes. These sections shall also not apply to any clergyman who carries alcoholic beverages in the clergyman's motor vehicle for religious purposes.

(c) This section shall remain in effect only until July 1, 1989, and as of that date is repealed.

SEC. 7. Section 23229 is added to the Vehicle Code, to read:

23229. (a) Except as provided in Section 23229.1, Sections 23221 and 23223 do not apply to passengers in any bus, taxicab, or limousine

for hire licensed to transport passengers pursuant to the Public Utilities Code or proper local authority, or the living quarters of a housecar or camper.

(b) Except as provided in Section 23229.1, Section 23225 does not apply to the driver or owner of a bus, taxicab, or limousine for hire licensed to transport passengers pursuant to the Public Utilities Code or proper local authority.

(c) This section shall become operative on July 1, 1989.

SEC. 8. Section 23229.1 is added to the Vehicle Code, to read:

23229.1. (a) Subject to subdivision (b), Sections 23223 and 23225 do apply to any charter-party carrier of passengers, as defined in Section 5360 of the Public Utilities Code, operating a limousine for hire when the driver of the vehicle transports any passenger under the age of 21.

(b) For purposes of subdivision (a), it is not a violation of Section 23225 for any charter-party carrier of passengers operating a limousine for hire which is licensed pursuant to the Public Utilities Code to keep any bottle, can, or other receptacle containing any alcoholic beverage in a locked utility compartment within the area occupied by the driver and passengers.

(c) In addition to the requirements of Section 1803, every clerk of a court, or judge if there is no clerk, in which any driver in subdivision (a) was convicted of a violation of Section 23225 shall prepare within 10 days after conviction, and immediately forward to the Public Utilities Commission at its office in San Francisco, an abstract of the record of the court covering the case in which the person was convicted. If sentencing is not pronounced in conjunction with the conviction, the abstract shall be forwarded to the commission within 10 days after sentencing, and the abstract shall be certified, by the person required to prepare it, to be true and correct.

For the purposes of this subdivision, a forfeiture of bail is equivalent to a conviction.

(d) This section shall become operative on July 1, 1989.

SEC. 9. (a) The Public Utilities Commission shall, not later than December 31, 1989, December 31, 1990, and December 31, 1991, prepare and submit a report to the Legislature which describes the commission's enforcement efforts carried out pursuant to this act. The report shall include, but not be limited to, the following:

(2) The revenues collected by the commission from carriers described in paragraph (1), pursuant to Article 2 (commencing with Section 421) of Chapter 2.5 of Part 1 of Division 1 of the Public Utilities Code, with revenues which are based on carriers' gross revenues listed separately.

(3) A description of enforcement activities, the number of investigators utilized, and the costs incurred for activities carried out pursuant to this act.

(4) A description of all sanctions imposed upon carriers described in paragraph (1), pursuant to Section 2101, 2102, 2110, 2113, 5379.5, or 5384.5, or pursuant to Article 6 (commencing with Section 5411) of Chapter 8 of Division 2 of the Public Utilities Code. The report shall include discussion of any sanctions imposed for carriers operating without a license and for carriers underreporting their gross revenues.

SEC. 10. There is hereby appropriated to the Public Utilities Commission seventy-two thousand dollars ($72,000) from the Public Utilities Commission Transportation Reimbursement Account in the General Fund, for the purposes of this act.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1106

An act to amend Sections 14529.11 and 14529.12 of, to add Section 14529.14 to, and to add and repeal Section 14529.13 of, the Government Code, and to add Section 670.1 to the Streets and Highways Code, relating to state highways.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 14529.11 of the Government Code is amended to read:

14529.11. The following conditions apply to projects in the state highway system which are financed, in whole or in part, from retail transactions and use taxes as part of an identified expenditure plan or those projects to which the department has determined that subdivision (b) of Section 14529.12 is applicable.

(a) A local jurisdiction which chooses to provide its own financing for the construction or improvement of a state highway shall be responsible for determining the priority and delivery schedule of locally funded projects. The jurisdiction shall consult with the department in determining the schedules.

(b) The local jurisdiction shall request that the department, as the state agency responsible for determining the final concept and location of projects in the state highway system, prepare, or cause to be prepared, initial project reports in conjunction with the local

jurisdiction. The request shall accompany or be predicated on a strategic plan developed by the local jurisdiction which includes information on the description, priority, and delivery schedule of all projects proposed by the local jurisdiction to be financed by retail transactions and use taxes. The department shall review the strategic plan to assess the department's long-term resource capabilities, and shall develop and submit a recommendation to the local jurisdiction for the management and conduct of all phases of the work to meet the priorities established by the local jurisdiction.

(c) The department shall use the initial project report prepared pursuant to subdivision (b) to determine and obtain initial agreements with the local jurisdiction on feasibility, concept, estimates, staging, limits, environmental considerations, and schedules. The department shall prepare the initial project report at state expense and within a timeframe established jointly by the local jurisdiction and the department. The local jurisdiction shall provide, at its expense, appropriate existing technical and financial information that may be needed to prepare the initial project report and may, at its option, provide other data to expedite preparation and approval, including draft initial project reports prepared with the approval of the department. After the department and the local jurisdiction have provided their initial approval, any change in project scope that causes any change in cost estimates or schedule shall be agreed upon by the local jurisdiction, the department and, where appropriate, the Federal Highway Administration.

(d) Upon completion of the initial project report, or at a time deemed appropriate by the local jurisdiction, the department shall respond within 30 days to a request from the local jurisdiction to prepare, or cause to be prepared, all project development work through environmental clearance for those projects financed by retail transactions and use taxes. The local jurisdiction's request shall include the local jurisdiction's final determination of the priority and delivery schedule of proposed projects. The determination may, but is not required to, match the initial agreements reached in the initial project report. If the department determines that it is able to comply with the request, the state shall pay for the project development work through environmental clearance. If the department determines it is unable to comply with the request, the local jurisdiction may proceed with project development pursuant to Section 14529.12. If the department and the local jurisdiction concur, the local jurisdiction may undertake project development work through environmental clearance at its own expense, under the oversight of the department. The cost of oversight shall be borne by the department.

(e) A local jurisdiction which has determined to utilize its own retail transactions and use taxes to fund the construction or improvement of a state highway project may, if the department is unable to comply with the request specified in subdivision (d), request the department to furnish the local jurisdiction with all

information and assistance necessary to enable the local jurisdiction to proceed with the planning, design, right-of-way acquisition, and construction of the project. A local jurisdiction which chooses to proceed with project development work through environmental clearance pursuant to this section, is responsible for all the costs associated with the work. The department, however, shall provide the required oversight at state expense.

Upon receiving sufficient assurances that adequate local funding for the project will be made available by the local jurisdiction, the department shall move expeditiously to furnish that information and assistance to the local jurisdiction within 90 days of the department's determination that it cannot comply with the request specified in subdivision (d). This information shall be made available only after the department has had the opportunity to determine whether it will be able to comply with the request specified in subdivision (d).

The project shall be designed, right-of-way acquired, and the environmental documents prepared in accordance with the department's practices for planning, design, right-of-way acquisition, and construction. The department shall prescribe these practices in policy and procedural memoranda within the 90-day period.

(f) The detailed application of the conditions prescribed by this section shall be set forth in an agreement between the department and the local jurisdiction.

(g) All work done on the state highway system under this section shall be done in conformance with Section 14529.13.

(i) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 2. Section 14529.12 of the Government Code is amended to read:

14529.12. (a) For projects costing more than two hundred fifty thousand dollars ($250,000) for work on the state highway system, a local jurisdiction which has determined to utilize its own funds, including locally imposed fees or revenues from other local sources, but excluding retail transactions and use taxes, may request the department to prepare, or cause to be prepared, a project study report in conjunction with the local jurisdiction. Except for those projects administered by a joint powers agency pursuant to Section 66484.3, the request shall be approved by the county transportation commission or transportation planning agency. The request shall include preliminary information on the description and project delivery schedule proposed by the project sponsor. The local jurisdiction shall provide, at its expense, appropriate technical and financial information that may be needed to prepare a project study report and may, at its option, provide other data to expedite preparation and approval, including draft project study reports prepared with the approval of the department.

Upon completion of the project study report, the department, at its expense, shall use the project study report to determine and

obtain initial agreements with the local jurisdiction on feasibility, concept, estimates, staging, limits, environmental considerations, and schedules.

(b) If the department determines, based on the results of the project study report, that the proposed work will result in a substantial capacity improvement of more than two miles on a state highway segment, excluding auxiliary lanes constructed to enhance interchange/intersection operations, or will result in improvements to or construction of a major freeway-to-freeway interchange, Section 14529.11 applies to that work. Notwithstanding that requirement, the department's financial and support responsibilities on state highway projects financed by revenues administered by a joint powers agency pursuant to Section 66484.3 includes, and is limited to, oversight of those projects. The cooperative agreement shall establish the provisions and responsibilities of the department and the local jurisdiction for all project development work, including the completion of the environmental studies and for all succeeding phases of design, right-of-way acquisition, and construction in conformance with financial and support responsibilities as specified in Section 14529.11.

(c) Excluding that locally funded work determined to be subject to Section 14529.11 and excluding noise attenuation barriers constructed in conformance with subdivision (d) of Section 215.5 of the Streets and Highways Code, the department shall enter into a cooperative agreement with a local jurisdiction choosing to proceed with projects meeting the criteria in subdivision (a). As part of the cooperative agreement, the local jurisdiction shall commit to providing project development work through environmental clearance at the expense of the local jurisdiction, except that the expense of required oversight shall be the financial responsibility of the department. The cooperative agreement shall also commit the local jurisdiction to provide a deposit, an escrow account, a bond, or a letter of credit from a federally insured lending institution covering the estimated costs for the department's oversight of environmental, design, and right-of-way activities. The department shall release without deduction, the deposit, escrow account, or bond back to the local jurisdiction when a construction contract is awarded. If a construction contract has not been awarded within five years of notice of approval to proceed with project development subsequent to approval of a project study report or an initial project report, the department shall deduct costs to date, free of interest, for oversight, and return any unused deposit, escrow account, or bond proceeds to the project sponsor. The department may grant a time extension beyond the five-year period if a finding is made that reasonable progress is being made and that a construction project is likely to result within a reasonable period of time. The department shall not return deducted funds whether or not a project is ultimately constructed.

(d) All work done on the state highway system financed, in whole

or in part, from locally developed revenues shall be done in conformance with Section 14529.13.

(e) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 3. Section 14529.13 is added to the Government Code, to read:

14529.13. Projects constructed pursuant to Sections 14529.11 and 14529.12 shall meet the following standards and financial responsibilities.

(a) The project shall be designed, right-of-way acquired, and the environmental documents prepared in accordance with the department's practices for planning, design, right-of-way acquisition, and construction. At a minimum, the local jurisdiction shall pay all costs of project development work after environmental clearance, including, but not limited to, design, right-of-way acquisition, and construction. The department shall provide appropriate oversight. These practices shall not apply to the organizational structure of the local jurisdiction or any of its consultants.

(b) The department shall accept the completed project into the state highway system if it was approved, right-of-way acquired, and constructed in accordance with the practices prescribed by the department pursuant to Sections 14529.11 and 14529.12 and this section.

(c) Review and approval of project work being done by a local jurisdiction shall be expedited by the department. The department shall organize appropriate professional staff for oversight to ensure that all work done on the state highway system on projects funded by retail transactions and use taxes or other local sources of revenue conforms with established department practices. The required level of departmental oversight for this review and approval is the financial responsibility of the department.

(d) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 4. Section 14529.14 is added to the Government Code, to read:

14529.14. Notwithstanding the repeal of Sections 14529.11, 14529.12, and 14529.13 on January 1, 1992, any project development work leading to environmental clearance that has been initiated by the department pursuant to Section 14529.11, 14529.12, or 14529.13 prior to January 1, 1992, shall be fully completed by the department.

The department and any local jurisdiction shall continue to honor any cooperative agreements executed prior to January 1, 1992, that were in conformance with those sections at the time of execution.

SEC. 5. Section 670.1 is added to the Streets and Highways Code, to read:

670.1. (a) The department may issue a permit to the owner or developer of property adjacent to or near a state highway to

construct, alter, repair, or improve any portion of the highway for the purpose of improving local traffic access, if the improvements to the highway are required as part of, or as a condition to, the development of property and the improvements are accepted by the department.

(b) The permit may be issued only if the work within the highway right-of-way is to be performed in accordance with plans and specifications approved by the department and the department reserves the right to inspect and accept the work as complying with the approved plans and specifications.

(c) All road, bridge, street lighting, or installation of signal work performed under a permit issued pursuant to this section for acceptance into the state highway system, except work performed solely to allow private encroachments onto the state highway or for utility or drainage encroachments within the state highway, are public works for purposes of Part 7 (commencing with Section 1720) of Division 2 of the Labor Code.

CHAPTER 1114

An act to amend Section 2860 of the Civil Code, relating to insurance.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 2860 of the Civil Code is amended to read:

2860. (a) If the provisions of a policy of insurance impose a duty to defend upon an insurer and a conflict of interest arises which creates a duty on the part of the insurer to provide independent counsel to the insured, the insurer shall provide independent counsel to represent the insured unless, at the time the insured is informed that a possible conflict may arise or does exist, the insured expressly waives, in writing, the right to independent counsel. An insurance contract may contain a provision which sets forth the method of selecting that counsel consistent with this section.

(b) For purposes of this section, a conflict of interest does not exist as to allegations or facts in the litigation for which the insurer denies coverage; however, when an insurer reserves its rights on a given issue and the outcome of that coverage issue can be controlled by counsel first retained by the insurer for the defense of the claim, a conflict of interest may exist. No conflict of interest shall be deemed to exist as to allegations of punitive damages or be deemed to exist solely because an insured is sued for an amount in excess of the insurance policy limits.

(c) When the insured has selected independent counsel to represent him or her, the insurer may exercise its right to require that the counsel selected by the insured possess certain minimum qualifications which may include that the selected counsel have (1) at least five years of civil litigation practice which includes substantial defense experience in the subject at issue in the litigation, and (2) errors and omissions coverage. The insurer's obligation to pay fees to the independent counsel selected by the insured is limited to the rates which are actually paid by the insurer to attorneys retained by it in the ordinary course of business in the defense of similar actions in the community where the claim arose or is being defended. This subdivision does not invalidate other different or additional policy provisions pertaining to attorney's fees or providing for methods of settlement of disputes concerning those fees. Any dispute concerning attorney's fees not resolved by these methods shall be resolved by final and binding arbitration by a single neutral arbitrator selected by the parties to the dispute.

(d) When independent counsel has been selected by the insured, it shall be the duty of that counsel and the insured to disclose to the insurer all information concerning the action except privileged

materials relevant to coverage disputes, and timely to inform and consult with the insurer on all matters relating to the action. Any claim of privilege asserted is subject to in camera review in the appropriate law and motion department of the superior court. Any information disclosed by the insured or by independent counsel is not a waiver of the privilege as to any other party.

(e) The insured may waive its right to select independent counsel by signing the following statement:

"I have been advised and informed of my right to select independent counsel to represent me in this lawsuit. I have considered this matter fully and freely waive my right to select independent counsel at this time. I authorize my insurer to select a defense attorney to represent me in this lawsuit."

(f) Where the insured selects independent counsel pursuant to the provisions of this section, both the counsel provided by the insurer and independent counsel selected by the insured shall be allowed to participate in all aspects of the litigation. Counsel shall cooperate fully in the exchange of information that is consistent with each counsel's ethical and legal obligation to the insured. Nothing in this section shall relieve the insured of his or her duty to cooperate with the insurer under the terms of the insurance contract.

CHAPTER 1115

An act to amend Sections 69560, 69561, 69562, 69563, and 69564 of, to add Sections 69566 and 69567 to, and to repeal and add Section 69565 of, the Education Code, relating to student financial aid.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 69560 of the Education Code is amended to read:

69560. The Legislature finds and declares that:

(a) Lack of information about postsecondary educational opportunities and low achievement levels are primary barriers to a college education for low-income and ethnic minority students.

(b) The Student Opportunity and Access Program, initiated in 1978 to increase postsecondary educational opportunities for low-income and ethnic minority secondary school students, has been successful in meeting its goals to increase the availability of information, improve students' access to higher education by raising their achievement levels, and reduce the duplication of services by coordinating outreach efforts.

(c) The intersegmental consortium nature of the program has proven to be a highly effective mechanism in coordinating existing

services and in fostering the cooperation of the various education segments involved.

(d) An essential core of state funding for the program is required to maintain its intersegmental character, which has generated better communication, understanding, teamwork, and unity resulting in an impact enhanced by the collective effort.

(e) The anticipated growth in the state's ethnic population indicates an increasing demand for services provided by the program to assist students to compete successfully for admission to postsecondary educational institutions.

(f) Stipends for college students of low-income backgrounds to provide informational and tutorial help for low-income and ethnic minority students is a cost-effective method of increasing access and of providing student financial aid.

SEC. 2. Section 69561 of the Education Code is amended to read:

69561. The Student Opportunity and Access Program is administered by the Student Aid Commission, which shall apportion funds for the support of projects designed to increase the accessibility of postsecondary educational opportunities to low-income and ethnic minority secondary school students. These projects shall primarily (1) increase the availability of information for low-income and ethnic minority students on the existence of postsecondary schooling and work opportunities, and (2) raise the achievement levels of low-income and ethnic minority students so as to increase the number of high school graduates eligible to pursue postsecondary learning opportunities. Projects may also assist low-income and ethnic minority community college students in transferring to four-year institutions, to the extent that project resources are available. Projects supported by the commission shall also meet the following criteria:

(a) Each project shall be proposed and operated through a consortium that involves at least one secondary school district office and one community college and two of the following educational agencies: nonprofit educational, counseling, or community agencies; the University of California; the California State University; the California Maritime Academy; independent colleges and universities, or eligible private vocational or technical schools. As used in this article, eligible private vocational or technical schools shall include schools accredited by a national, state, or regional accrediting association recognized by the United States Department of Education. The commission, in awarding initial project grants, shall give priority to proposals developed by more than three eligible agencies. Projects shall be located throughout the state in order to provide access to program services in rural, urban, and suburban areas.

(b) The governing board of each project, comprising at least one representative from each entity in the consortium, shall establish management policy, provide direction to the project director, set priorities for budgetary decisions that reflect the specific needs of the

project, and assume responsibility for maintaining the required level of matching funds, including solicitations from the private sector and corporate sources.

(c) Prior to receiving a project grant, each consortium shall conduct a planning process and submit a comprehensive project proposal to include, but not be limited to, the following information:

(1) The agencies participating in the project.

(2) The students to be served by the project.

(3) The ways in which the project will reduce duplication and related costs.

(4) The methods for assessing the project's impact.

(d) Each project shall include the direct involvement of secondary school staff in the daily operations of the project, with preference in funding to those projects that effectively integrate the objectives of the Student Opportunity and Access Program with those of the school district in providing services that are essential to the target student population in preparation for postsecondary education.

(e) Each project shall maintain within the project headquarters a comprehensive student-specific information system on low-income and ethnic minority students in grades 11 and 12 at secondary schools within the participating districts. This information shall be maintained in a manner consistent with the law relating to pupil records.

(f) At least 30 percent of each project grant shall be allocated for stipends to peer advisors and tutors who meet all of the following criteria:

(1) Work with low-income and ethnic minority secondary school students.

(2) Are currently enrolled in a college or other postsecondary school as an undergraduate or graduate student.

(3) Have demonstrated financial need for the stipend.

(g) Each project should work cooperatively with other projects in the program and with the commission to establish viable student services and sound administrative procedures and to ensure coordination of the activities of the project with existing educational opportunity programs. The Student Aid Commission may develop additional regulations regarding the awarding of project grants and criteria for evaluating the effectiveness of the individual projects.

SEC. 3. Section 69562 of the Education Code is amended to read:

69562. The commission shall establish a 12-member project grant advisory committee to advise project directors and the commission on the development and operation of the projects, and consisting of the following:

(a) Three representatives of outreach programs, representing the University of California, the California State University, and the California community colleges, appointed by their respective governing boards.

(b) One representative of private colleges and universities,

appointed by the Association of Independent Colleges and Universities.

(c) One representative of the California Postsecondary Education Commission, appointed by the commission.

(d) Two secondary school staff, appointed by the Superintendent of Public Instruction.

(f) Two postsecondary students, both appointed annually by the Student Advisory Committee of the California Postsecondary Education Commission.

(g) One college campus financial aid officer, appointed by the Student Aid Commission.

SEC. 4. Section 69563 of the Education Code is amended to read:

69563. (a) By June 30, 1992, the Student Aid Commission shall complete a comprehensive evaluation of each of the funded consortium projects. The evaluation shall assess the relative success of each project in achieving its objectives and identify those projects that are the most cost-effective. Funding for those projects that are considered ineffective shall be eliminated, with the funding for these projects made available to new consortium efforts.

(b) By June 30, 1992, the Student Aid Commission shall complete a comprehensive evaluation of the Student Opportunity and Access Program and assess its impact in meeting program objectives. The commission shall submit the evaluation to the California Postsecondary Education Commission and the Legislature. The California Postsecondary Education Commission shall review and comment on the evaluation.

SEC. 5. Section 69564 of the Education Code is amended to read:

69564. Allocation of any funds appropriated for purposes of this article shall be limited to those consortia meeting requirements of this article and providing equal matching resources from existing or budgeted increases in federal, state, local, and private funds. It shall be the goal of the program that beginning with the 1989–90 fiscal year, the total resources provided by the Student Opportunity and Access Program shall match state funding on at least a 1.5 to 1 ratio. Any new projects approved through expansion of the Student Opportunity and Access Program after July 1, 1989, shall provide equal matching resources for the first three years of operation and shall be encouraged to increase the matching resources to a 1.5 to 1 ratio with the state grant thereafter.

SEC. 6. Section 69565 of the Education Code is repealed.

SEC. 7. Section 69565 is added to the Education Code, to read:

69565. The initial grant for a proposed new project in an area that has demonstrated need for services provided by the Student Opportunity and Access Program may be utilized for planning and development. Full project grant funding shall be allocated when the consortium meets the criteria established in Section 69561.

SEC. 8. Section 69566 is added to the Education Code, to read:

69566. It is the intent of the Legislature that funding for the purposes of this article for the 1989–90 fiscal year and for each fiscal year thereafter, be appropriated in the annual Budget Act.

SEC. 9. Section 69567 is added to the Education Code, to read:

69567. This article shall become inoperative on June 30, 1994, and, as of January 1, 1995, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1995, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 10. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1116

CHAPTER 1117

An act to amend Section 2127 of the Streets and Highways Code, relating to transportation.

[Approved by Governor September 21, 1988 Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 2127 of the Streets and Highways Code is amended to read:

2127. (a) (1) Except in the case of a city or county which has made an election pursuant to paragraph (2) or (3) of this subdivision, in order to receive any allocation pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985, the city or county, as the case may be, shall expend for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year that it receives an allocation pursuant to Section 2126 or that Section 7 not less than its base year expenditure, excluding the allocation received pursuant to Section 2126 or that Section 7, or both, during the fiscal year.

(2) A city or county may elect to expend during the two fiscal years that it receives an allocation, a total amount which is not less than twice the amount of its base year expenditure.

(3) A city may elect to expend during the two fiscal years that it receives an allocation and the following fiscal year, a total amount which is not less than three times the amount of its base year expenditure. This paragraph shall apply only to the Cities of

Bakersfield, El Segundo, Novato, San Mateo, San Rafael, Santa Maria, Seal Beach, and Westminster. For the purposes of this paragraph, either actual expenditures or funds encumbered by contractual obligations in the 1987–88 fiscal year shall qualify as expenditures in the year after allocations are received.

Any city, except the Cities of Bakersfield, El Segundo, Novato, San Rafael, and Santa Maria, making an election pursuant to paragraph (2) or (3) shall so notify the Controller by December 31, 1987, and a city or county which fails to do so shall be governed by paragraph (1) of this subdivision.

This subdivision does not apply to a city or a county, including a city which filed a notice with the Controller pursuant to subdivision (g), with a population of 10,000 or less, as most recently determined by the Department of Finance.

(b) The amount allocated to a city or a county, as the case may be, shall be expended by October 30, 1988.

(c) (1) For purposes of this section, "base year expenditure" means the amount that the city or county, as the case may be, expended for patching, overlay, and sealing, and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151. Any city or county, with a population of 100,000 or less as of October 1, 1986, which filed a notice with the Controller pursuant to subdivision (g), may elect to have its "base year expenditure" determined on the basis of its 1983–84 fiscal year expenditures. A city or county making this election shall so notify the Controller by December 31, 1987, and the election shall not be available to a city or county which does not so notify the Controller.

(2) If the sum of the revenue received by a city or county during the fiscal year pursuant to Section 500 of Title 16, Section 104(b) (2) and (6) and Sections 125 and 144 of Title 23, and Chapter 68 (commencing with Section 5121) of Title 42 of the United States Code, and from the federal Community Block Grant Program, the federal Revenue Sharing Program, and transit assistance funds from the Transportation Planning and Development Account, which was expended for the maintenance and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151, is more than the sum of funds it received from those sources during any fiscal year, the base year expenditure of the city or county, as the case may be, for the fiscal year shall be reduced by the difference between the sums. For purposes of this paragraph, "revenue received" means that percentage of the project expenditures or the maximum reimbursable amount of eligible project costs as agreed upon by the federal government and the local agency for those projects eligible under this paragraph.

(d) For each fiscal year during which an allocation was made pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985, or both, the Controller shall audit the amount each county

and city expended for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year. For amounts allocated to counties and cities for expenditure by October 30, 1988, the audit shall be completed by October 30, 1990.

(e) (1) If the Controller determines pursuant to subdivision (d) that a county or city, for the fiscal year, expended for the maintenance and reconstruction of its local street and highway system less than the required amount determined pursuant to subdivision (a) or (b), its allocation pursuant to Section 2104 or 2107, as the case may be, shall be reduced during the next fiscal year by the amount that its expenditure is less than the required amount, but the amount of the reduction shall not exceed the amount allocated to the city or county in each fiscal year that the city or county received funds pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985.

(2) Paragraph (1) does not apply to a city or county during the fiscal year in which it returns to the Controller the allocation it received pursuant to Section 2126 or that Section 7, or both. The city or county shall return the allocation plus any accrued interest within 30 days after receipt of the allocation.

(f) Any funds withheld or returned as a result of subdivision (e) shall be reallocated to the other counties and cities whose expenditure is not less than its required amount pursuant to subdivision (b) or (c) of Section 2126, as the case may be.

(g) In the case of a city or county which on or before October 1, 1986, files with the Controller a written notice declaring the inability of the city or county to comply with the matching requirement of subdivision (a), the Controller shall postpone the penalty provisions of paragraph (1) of subdivision (e) and shall not reallocate the funds, as provided for by subdivision (f), until September 1, 1987. The notice to the Controller shall contain all of the following:

(1) The amount of 1984–85 base year matching requirements as determined by the Controller's audit.

(2) The amount the local entity will fall short of the base year matching requirement.

(3) The reasons why the city or county is unable to meet the base year matching requirement.

(4) The amounts expended by the local entity on patching, overlay, sealing, and reconstruction of its street and highway system in fiscal years 1981–82, 1982–83, and 1983–84.

(f) The Youth Authority shall provide medical services appropriate for the diagnosis and treatment of those infected with HIV.

(g) Notwithstanding any other provision of law, the chief medical officer of a facility of the Department of the Youth Authority may do all of the following:

[Approved by Governor September 21, 1988 Filed with Secretary of State September 21, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 11010.2 of the Business and Professions Code is amended to read:

11010.2. (a) As used in this section:

(1) "Quantitative" means the number and type of documents required to make the filing substantially complete, as defined in the regulations of the commissioner, without regard to the content of those requirements.

(2) "Qualitatively complete" means that all deficiencies and substantive inadequacies contained in the documents which were required to make the filing substantially complete have been corrected.

(3) "Substantially complete" means that a notice and application contain all requirements as set forth in the regulations of the commissioner.

(b) Upon receipt of a notice of intention pursuant to Section 11010 and an application for issuance of a public report, the commissioner shall review the notice and application to determine if the notice and application are substantially complete, with respect to quantitative requirements. The commissioner shall notify the applicant in writing of that determination within 10 days of receipt of the notice and

application.

(1) If the notice and application are not substantially complete with respect to the quantitative requirements pursuant to this subdivision, the notification shall specify the information needed to make the notice and application substantially complete. Upon receipt of any resubmittal of a notice and application, the commissioner shall notify the applicant in writing of that determination within 10 days of receipt of the notice and application.

(2) If the commissioner determines that the notice and application are substantially complete with respect to the quantitative requirements pursuant to this subdivision, the commissioner shall provide the applicant with a list of all deficiencies and substantive inadequacies necessary for the notice and application to be qualitatively complete, within 60 days of that determination in the case of subdivisions specified in Section 11000.1, 11000.5, or 11004.5, and within 20 days of that determination, in the case of other subdivisions.

(c) Upon receipt of all documents, materials, writings, and other information submitted in response to the list in paragraph (2) of subdivision (b), the commissioner shall notify the applicant whether the notice and application are qualitatively complete within 30 days in the case of subdivisions specified in Section 11000.1, 11000.5, or 11004.5, and within 20 days of receipt, in the case of other subdivisions. If the application and notice are not qualitatively complete, the notification shall include a list of any remaining deficiencies and substantive inadequacies. Upon receipt of any resubmittal of documents, materials, writings, and other information in response to a list of any remaining deficiencies and substantive inadequacies, the commissioner shall provide notification within the time limits specified in this subdivision.

(d) The commissioner shall issue a public report within 15 days, in the case of a subdivision specified in Section 11000.1, 11000.5, or 11004.5, or 10 days, in the case of other subdivisions, after the notice and application are determined to be qualitatively and substantially complete, and submittal of recorded or filed instruments and evidence of financial arrangements required by the commissioner.

(e) The commissioner shall adopt regulations, in accordance with Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code, which define "substantially complete" and which list all the requirements necessary for a notice of intention and application to be considered "substantially complete".

(f) The commissioner may adopt emergency regulations, in accordance with Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code, to, as set forth below, increase those time periods specified in subdivisions (b), (c), and (d), upon a showing that the number of notices of intention and applications for a subdivision public report filed with the department for any immediately preceding six-month period has increased by more than 15 percent over the monthly average number of notices

and applications filed for the base period commencing July 1, 1983, and ending June 30, 1986:

(1) The time for issuing the notice provided in subdivision (b) shall increase to 15 days.

(2) The time for providing the listing required by paragraph (2) of subdivision (b) shall increase to 90 days in the case of subdivisions specified in Sections 11000.1, 11000.5, and 11004.5 and to 30 days for other subdivisions.

(3) The time period provided in subdivision (c) for responding to receipt of documents intended to correct deficiencies shall be 30 days without regard to the type of subdivision being processed.

(4) The time periods provided in subdivision (d) within which the commissioner is required to issue a public report in the case of subdivisions specified in Sections 11000.1, 11000.5 and 11004.5, shall increase to 30 days and in the case of other subdivisions shall increase to 15 days.

This section does not apply to filings made exclusively under Section 11010.1. Nothing in this section requires the commissioner to issue a public report where grounds for denial exist, provided that issuance of a public report shall not be denied for inadequate information if the cause thereof is the commissioner's failure to comply with this section.

Notwithstanding other provisions of this section, the commissioner shall not be required to issue a public report if grounds for denial exist under Section 11018 or 11018.5. However, the commissioner may not base the denial of a public report on the lack of adequate information if the commissioner has not acted within the time periods prescribed in this section.

CHAPTER 1122

An act relating to the Public Utilities Commission, and making an appropriation therefor.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Public Utilities Commission shall investigate the nature of problems associated with metallic balloons which, if released, may contact and short-circuit electrical power lines causing disruption of service, and shall report thereon to the Legislature on or before January 31, 1990, with its findings and recommendations to mitigate the problem.

(b) The commission shall require electrical corporations to report, to the extent feasible, to the commission every other month during 1989 on electrical service disruptions caused by balloons

including, but not limited to, the general location of the service disruption; whether the disruption was caused by a latex balloon, metallized balloon, metallized ribbon, or nonmetallized string or ribbon, and the means employed by the corporation in determining whether the disruption was caused by a released balloon. The commission shall permit manufacturers of balloons to examine these reports.

(c) The report of the commission shall include, but not be limited to, a consideration of the number of service disruptions occuring during 1989 found and determined to have been caused by balloons, or balloon string or ribbon, the general locations of the service disruptions, the durations of the service disruptions, and a summary of all service disruptions by general category.

(d) The commission shall prepare and make available to all interested persons a draft report and shall accept written comments thereon. The commission's final report shall include the written comments submitted under this subdivision.

(e) No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 2. The sum of sixty-one thousand five hundred dollars ($61,500) is hereby appropriated to the Public Utilities Commission from the Public Utilities Commission Utilities Reimbursement Account in the General Fund for costs incurred in carrying out Section 1 of this act.

CHAPTER 1123

An act to amend Section 17557 of the Government Code, relating to state-mandated local costs.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 17557 of the Government Code is amended to read:

17557. If the commission determines there are costs mandated by the state pursuant to Section 17555, it shall determine the amount to be subvened to local agencies and school districts for reimbursement. In so doing it shall adopt parameters and guidelines for reimbursement of any claims relating to the statute or executive order. The successful test claimants shall submit proposed parameters and guidelines within 60 days of adoption of a statement

of decision on a test claim. At the request of a successful test claimant, the commission may provide for one or more extensions of this 60-day period at any time prior to its adoption of the parameters and guidelines and for any length of time the commission specifies. If proposed parameters and guidelines are not submitted within the 60-day period and the commission has not granted an extension, then the commission shall notify the test claimant that the amount of reimbursement the test claimant is entitled to for the first 12 months of incurred costs will be reduced by 20 percent, unless the test claimant can demonstrate to the commission why an extension of the 60-day period is justified. A local agency, school district, and the state may file a claim or request with the commission to amend, modify, or supplement the parameters or guidelines. The commission may, after public notice and hearing, amend, modify, or supplement the parameters and guidelines.

In adopting parameters and guidelines, the commission may adopt an allocation formula or uniform allowance which would provide for reimbursement of each local agency or school district of a specified amount each year.

The parameters and guidelines adopted by the commission shall specify the fiscal years for which local agencies and school districts shall be reimbursed for costs incurred, provided, however, that the commission shall not specify therein any fiscal year for which payment could be provided in the annual Budget Act. A test claim shall be submitted on or before December 31 following a fiscal year in order to establish eligibility for reimbursement for that fiscal year.

CHAPTER 1124

An act to add Section 13105.2 to the Health and Safety Code, relating to health.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 21, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 13105.2 is added to the Health and Safety Code, to read:

13105.2. (a) The State Fire Marshal shall establish and operate a statewide hazardous materials training facility to be located at the Del Valle Firefighting Facility of the County of Los Angeles.

(b) Subdivision (a) shall be operative in any fiscal year only to the extent funds are appropriated in the annual Budget Act for the purpose of subdivision (a). Of those funds so appropriated, only that portion of the state funds matched by private funds, on a ratio of one-to-one, may be expended by the State Fire Marshal for the purpose of subdivision (a).

CHAPTER 1125

An act to amend Section 5697.5 of, and to add Sections 5704.8 and 5704.9 to, the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 21, 1988 Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that dependents of the court, as described pursuant to Section 300, are not receiving adequate treatment services.

The Legislature further finds and declares that the appropriate state department responsible for services to dependent children should provide the funding for those services, so that funding for basic maintenance support should be provided by the State Department of Social Services, education services should be funded by the State Department of Education, and mental health treatment services should be funded by the State Department of Mental Health.

SEC. 2. Section 5697.5 of the Welfare and Institutions Code is amended to read:

5697.5. When the director of mental health in a county is notified pursuant to Section 319.1 or 635.1, or Section 7572.5 of the Government Code about a specific case, the county mental health director shall assign the responsibility either directly or through contract with a private provider, to review the information and assess whether or not the child is seriously emotionally disturbed as well as to determine the level of involvement in the case needed to assure access to appropriate mental health treatment services and whether appropriate treatment is available through the minor's own resources, those of the family or another private party, including a third-party payor, or through another agency, and to ensure access to services available within the county's program. This determination shall be submitted in writing to the notifying agency within 30 days. If appropriate treatment is not available within the county's Short-Doyle program, nothing in this section shall prevent the court from ordering treatment directly or through a family's private resources.

SEC. 3. Section 5704.8 is added to the Welfare and Institutions Code, to read:

5704.8. When a court has referred a minor, pursuant to Section 319.1, for assessment pursuant to Section 5697.5, the requirements of Section 5697.5 concerning access to, and assessment of, appropriate mental health treatment services shall apply.

SEC. 4. Section 5704.9 is added to the Welfare and Institutions Code, to read:

5704.9. The State Department of Mental Health shall conduct a study concerning minors referred by the juvenile courts to the county mental health director for assessment and services pursuant to Sections 319 1 and 5697.5. The department shall report the results of its study to the Legislature by July 1, 1990. The study shall include, but not be limited to, the following:

(a) The number of children referred in calendar year 1989 and the nature of their problems.

(b) The number of those children, pursuant to assessment, who required mental health services of any type.

(c) The nature and costs of those services.

(d) Whether the services were provided through the county Short-Doyle program, through other county or state funding, through the minor's family resources or through a third-party payor.

(e) The number of the referred children for whom mental health services could not be provided under the Short-Doyle program within six months of the assessment.

SEC. 5. This act is declaratory of existing law and is not intended to impose a new program or higher level of service upon any local agency. It is intended, however, that this restatement of existing law should focus attention upon dependents of the court, as described pursuant to Section 300 of the Welfare and Institutions Code, and engender a renewed sense of commitment to meeting their mental health treatment needs.

CHAPTER 1126

An act to amend Section 46202 of the Education Code, relating to education.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 46202 of the Education Code is amended to read:

46202. (a) Except as otherwise provided in this section, in any fiscal year, if the governing board of a school district offers less instructional time than the amount of instructional time fixed for the 1982–83 fiscal year, the Superintendent of Public Instruction shall in that fiscal year reduce that district's apportionment by the average percentage increase in the base revenue limit for districts of similar type and size, multiplied by the district's units of average daily attendance.

(f) The provisions of subdivision (a) shall not apply during the first semester of the 1983–84 school year to any school district which had a collective bargaining agreement signed prior to July 28, 1983, which requires a reduction in instructional time, provided the school district meets the 1982–83 school year level of instructional time for the second semester of the 1983–84 school year.

(g) (1) Subdivision (a) shall not apply to the Loma Prieta Joint Union Elementary School District in Santa Clara County for developmental kindergarten classes conducted in that district in the 1987–88 fiscal year and each fiscal year thereafter, if the district maintains at least 36,000 minutes of instructional time in those classes.

(2) For purposes of this subdivision, "developmental kindergarten classes" means those classes conducted only for children who show weaknesses in one or more of the following developmental areas:

(A) Physiological development.

(B) Social maturity.

(C) Emotional maturity.

(D) Language and communication skills.

SEC. 2. Due to the unique circumstances concerning the Loma Prieta Joint Union Elementary School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 1128

An act to amend Section 7012 of, and to add Section 4610 to, the Civil Code, relating to family law.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988]

The people of the State of California do enact as follows:

SECTION 1 The Legislature finds and declares that persons of Filipino ancestry and national origin are being incorrectly classified as either Spanish surname or Asian in the personnel surveys of the state and that the categorization unfairly discriminates against those persons in the operation of the state's affirmative action and equal employment opportunity programs. Therefore, it is the intent of the Legislature that any survey or statistical tabulation conducted by the state to identify the racial or ethnic characteristics of its employees shall separately identify persons of Filipino ancestry or national origin.

SEC. 2. Section 19799 is added to the Government Code, to read:

Therefore, it is the intent of the Legislature that any survey or statistical tabulation conducted by a city, county, or city and county which has at least 5,000 residents or in which 5 percent of the population is of Filipino ancestry or ethnic origin, according to the last federal census, to identify the racial or ethnic characteristics of its employees shall separately identify persons of Filipino ancestry or national origin. It is the further intent of the Legislature that affirmative action programs or funds shall include equitable allocations based on the percentages of Filipinos in local governments in the State of California.

CHAPTER 1131

An act to amend Section 473 of the Code of Civil Procedure, relating to judgments.

[Approved by Governor September 21, 1988 Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 473 of the Code of Civil Procedure is amended to read:

473. The court may, in furtherance of justice, and on such terms as may be proper, allow a party to amend any pleading or proceeding by adding or striking out the name of any party, or by correcting a mistake in the name of a party, or a mistake in any other respect; and may, upon like terms, enlarge the time for answer or demurrer. The court may likewise, in its discretion, after notice to the adverse party, allow, upon such terms as may be just, an amendment to any pleading or proceeding in other particulars; and may upon like terms allow an answer to be made after the time limited by this code.

When it appears to the satisfaction of the court that such amendment renders it necessary, the court may postpone the trial, and may, when such postponement will by the amendment be rendered necessary, require, as a condition to the amendment, the payment to the adverse party of such costs as may be just.

The court may, upon such terms as may be just, relieve a party or his or her legal representative from a judgment, order, or other proceeding taken against him or her through his or her mistake, inadvertence, surprise, or excusable neglect. Application for such relief must be accompanied by a copy of the answer or other pleading proposed to be filed therein, otherwise the application shall not be granted, and must be made within a reasonable time, in no case exceeding six months, after such judgment, order or proceeding was taken; provided, however, that, in the case of a judgment, order or other proceeding determining the ownership or right to possession of real or personal property, without extending the six-months period, when a notice in writing is personally served within the State of California both upon the party against whom the judgment, order or other proceeding has been taken, and upon his or her attorney of record, if any, notifying said party and his or her attorney of record, if any, that such order, judgment or other proceeding was taken against him or her and that any rights said party has to apply for relief under the provisions of Section 473 of the Code of Civil Procedure shall expire 90 days after service of said notice, then such application must be made within 90 days after service of such notice upon the defaulting party or his or her attorney of record, if any, whichever service shall be later. No affidavit or declaration of merits shall be required of the moving party. Notwithstanding any other requirements of this section, the court shall, whenever an application for relief is timely, in proper form, and accompanied by an attorney's sworn affidavit attesting to his or her mistake, inadvertence, surprise or neglect, vacate any resulting default judgment entered against his or her client unless the court finds that the default was not in fact caused by the attorney's mistake, inadvertence, surprise, or neglect. The court shall, whenever relief is granted based on an attorney's affidavit of fault, direct the attorney to pay reasonable compensatory legal fees and costs to opposing counsel or parties.

Whenever the court grants relief from default judgment based on any of the provisions of this section, the court may: (1) impose a penalty of no greater than one thousand dollars ($1,000) upon an offending attorney or defaulting party, (2) direct that an offending attorney pay an amount no greater than one thousand dollars ($1,000) to the State Bar Client Security Fund or (3) grant such other relief as is appropriate.

The court may, upon motion of the injured party, or its own motion, correct clerical mistakes in its judgment or orders as entered, so as to conform to the judgment or order directed, and may, on motion of either party after notice to the other party, set aside any void judgment or order.

CHAPTER 1132

An act to amend Sections 131.1 and 2556 of, to amend and renumber Sections 2550, 2550.1, 2551, 2552, 2553, 2554, and 2555 of, and to add Sections 2550, 2551.5, and 2559 to, the Streets and Highways Code, and to amend Section 9250.10 of the Vehicle Code, relating to highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 131.1 of the Streets and Highways Code is amended to read:

131.1. Upon the request of any service authority for freeway emergencies that has imposed additional fees on vehicles pursuant to Section 9250.10 of the Vehicle Code, the department may contract with the authority for the installation, operation, and maintenance of motorist call boxes on portions of the California Freeway and Expressway System within the county. The service authority shall reimburse the department for all costs incurred under this section.

SEC. 2. Section 2550 of the Streets and Highways Code is amended and renumbered to read:

2551. (a) A service authority for freeway emergencies may be established in any county if the board of supervisors of the county and the city councils of a majority of the cities within the county having a majority of the population of cities within the county adopt resolutions providing for the establishment of the authority.

(b) The resolutions may designate the county transportation commission for the county, created pursuant to Division 12 (commencing with Section 130000) of the Public Utilities Code, as the service authority for freeway emergencies. The powers of a commission so designated are limited to those of the service authority.

(c) The Metropolitan Transportation Commission may function as the service authority for freeway emergencies in any or all of the Counties of Santa Clara, San Mateo, Alameda, Contra Costa, Marin, Solano, Sonoma, Napa, and the City and County of San Francisco upon adoption of a resolution by the commission to act as a service authority and upon ratification of the commission's resolution in a particular county by the board of supervisors of the city and county or by the board of supervisors of the county and by the city councils of the cities within the county having a majority of the population of the cities within the county.

(d) As used in this chapter, "authority" and "service authority" mean a service authority for freeway emergencies created pursuant to this chapter.

SEC. 3. Section 2550 is added to the Streets and Highways Code, to read:

2550. The Legislature declares that its intent in enacting this chapter is to encourage the placement of call boxes along the California Freeway and Expressway System to enable motorists in need of aid to obtain assistance. However, it is not intended that a motorist aid system of call boxes be considered an emergency telephone system.

SEC. 3.5. Section 2551.5 is added to the Streets and Highways Code, to read:

2551.5. The board of supervisors, and the city councils of the cities in the county, may authorize the members of the service authority to receive for each attendance at meetings of the service authority, and for each day any member is engaged in authorized service authority business other than attendance at meetings of the service authority, the maximum sum of one hundred dollars ($100), but not to exceed five hundred dollars ($500) in any calendar month, and to be allowed their actual and necessary expenses incurred in the discharge of their duties.

SEC. 4. Section 2550.1 of the Streets and Highways Code is amended and renumbered to read:

2552. When the Metropolitan Transportation Commission functions as the service authority for two or more counties, the revenues which it receives pursuant to Section 9250.10 of the Vehicle Code, after retention of amounts necessary to reimburse the commission for its reasonable and necessary administrative costs, shall be expended for implementation, maintenance, and operation of a motorist aid system within those counties. The amount expended for each of those counties shall be in the same proportion as the revenues generated within the county bears to the total revenues received by the commission. Expenditures may be made in a county in addition to revenues proportionately generated if the expenditures are approved by all of the donor county representatives on the service authority.

SEC. 5. Section 2551 of the Streets and Highways Code is amended and renumbered to read:

2553. An authority, other than the Metropolitan Transportation Commission or a county transportation commission designated pursuant to Section 2551, shall have seven members, with two members selected by the board of supervisors and five members selected jointly by the city councils of cities within the county.

When the Metropolitan Transportation Commission functions as a service authority, it shall consist of all the members of the commission as set forth in Section 66503 of the Government Code.

SEC. 6. Section 2552 of the Streets and Highways Code is amended and renumbered to read:

2554. An authority may contract and may undertake any act convenient or necessary to carry out this chapter and any other law relating to the authority.

SEC. 7. Section 2553 of the Streets and Highways Code is amended and renumbered to read:

2555. An authority may impose a fee, not to exceed one dollar ($1) per year, on vehicles registered in the county pursuant to Section 9250.10 of the Vehicle Code.

SEC. 8. Section 2554 of the Streets and Highways Code is amended and renumbered to read:

2557. (a) Except as provided by subdivision (c), the moneys received by each authority pursuant to subdivision (b) of Section 9250.10 of the Vehicle Code shall be used for the implementation, maintenance, and operation of a motorist aid system of call boxes, including the lease or lease-purchase of facilities and equipment for the system, on the portions of the California Freeway and Expressway System and a county expressway system, and on state highway routes that connect segments of these systems, which are located within the county in which the authority is established and over which the Department of the California Highway Patrol has law enforcement responsibility. The Department of Transportation and the Department of the California Highway Patrol shall each review and approve plans for implementation of a motorist aid system proposed for any state highway route and shall be reimbursed by the service authority for all costs incurred.

(b) An authority or any other public entity may construct and maintain, and lease or lease-purchase on terms and conditions it deems appropriate, the facilities of a motorist aid system or it may contract with a private person or entity to do so.

(c) If leases or lease-purchase agreements are entered into pursuant to subdivision (a), or if revenue bonds are issued and sold pursuant to Section 2558, the moneys received by each authority pursuant to subdivision (b) of Section 9250.10 of the Vehicle Code shall be used to the extent necessary to make lease payments or to pay the principal of, and interest on, the amount of bonded indebtedness outstanding, as the case may be. Facilities and equipment acquired through the expenditure of proceeds from the sale of those bonds shall have a useful life at least equal to the term of the bonds.

SEC. 9. Section 2555 of the Streets and Highways Code is amended and renumbered to read:

2558. (a) Subject to subdivision (b), a service authority may issue revenue bonds pursuant to Chapter 6 (commencing with Section 54300) of Division 2 of Title 5 of the Government Code, or Chapter 5 (commencing with Section 4950) of Part 3 of Division 5 of the Health and Safety Code, as nearly as practicable, for the implementation and maintenance of a motorist aid system of call boxes and shall pledge revenues to be received from fees referred to in Section 2555 as security for the payment of principal or of interest or other amounts due on those revenue bonds. In addition, a service authority which has entered into one or more leases or lease-purchase agreements for facilities of a motorist aid system may

also pledge, as security for the payment of amounts due under the lease or agreements, revenues to be received from those fees. The pledge of revenues provided for in this subdivision shall be a first and prior lien and, without any action other than the adoption by the members of a resolution providing for the pledge, the lien of the pledge shall attach and become perfected as to each fee imposed pursuant to Section 9250.10 of the Vehicle Code as and when the fee becomes due and payable. However, if a service authority has, at the same time, existing obligations under one or more issues of revenue bonds, one or more leases or lease-purchase agreements, or both, the respective priorities of the liens of pledges of revenue shall be determined on the basis of the respective dates on which resolutions providing for those pledges were adopted, with the highest priority being accorded the pledge of revenues provided for in the earliest of those resolutions. Bond proceeds shall not be used for operation of a motorist aid system of call boxes.

(b) A service authority may issue revenue bonds for each county within its jurisdiction only during the two-year period immediately following the start of the collection of a fee imposed pursuant to Section 2555 for that county.

SEC. 10. Section 2556 of the Streets and Highways Code is amended to read:

2556. An existing service authority established by any of the counties or the city and county enumerated in subdivision (c) of Section 2551 may be merged into a service authority established by the Metropolitan Transportation Commission.

SEC. 11. Section 2559 is added to the Streets and Highways Code, to read:

2559. It is a misdemeanor for any person to remove, damage, interfere with the use of, or obstruct any motorist aid call box provided pursuant to this chapter without the consent of the authority.

A person convicted under this section may be required by the court to pay to the service authority the costs of repairing or replacing the call box, in addition to any other penalty.

SEC. 13. Section 9250.10 of the Vehicle Code is amended to read:

9250.10. (a) In addition to any other fees specified in this code and the Revenue and Taxation Code, any additional fees imposed by a service authority for freeway emergencies pursuant to Section 2555 of the Streets and Highways Code shall be paid to the department at the time of registration or renewal of registration of every vehicle subject to registration under this code in the subject counties, except those vehicles that are expressly exempted under this code from the payment of registration fees.

(b) After deducting its administrative costs, the department shall distribute the additional fees collected pursuant to subdivision (a) to the authority in the county in which they were collected.

SEC. 14. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Existing law provides for the financing of motorist aid systems through service authorities for freeway emergencies with a view to promoting highway safety. However, without the protection contained in this act, the service authorities may be unable to undertake financing since investors would be concerned that the limited resources of the service authorities could be diverted from the payment of debt service or lease payments and would be limited only to services. Further, the use of call boxes promotes highway safety and that use should be encouraged by criminal sanctions for interference with call boxes and by reasonable compensation for members of the service authority. Accordingly, it is necessary that this act go into immediate effect.

CHAPTER 1133

An act to amend Section 68071 of the Government Code, relating to courts.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 68071 of the Government Code is amended to read:

68071. No rule adopted by a superior, municipal, or justice court shall take effect until the January 1 or July 1, whichever comes first, following the 30th day after it has been filed with the Judicial Council and the clerk of the court, and made immediately available for public examination. However, the court may specify an earlier effective date if the presiding judge certifies to the Judicial Council that it is necessary for the rule to take effect earlier.

CHAPTER 1134

An act to add Section 290.3 to, and to add and repeal Chapter 10 (commencing with Section 13890) of Title 6 of Part 4 of, the Penal Code, relating to crime.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 290.3 is added to the Penal Code, to read:

290.3. Every person convicted of a violation of any offense listed in subdivision (a) of Section 290 shall, in addition to any imprisonment or fine, or both, imposed for violation of the underlying offense, be punished by a fine of one hundred dollars ($100) upon the first conviction or a fine of two hundred dollars ($200) upon the second and each subsequent conviction, unless the court determines that the defendant does not have the ability to pay the fine.

Out of the moneys deposited with the county treasurer pursuant to this section, there shall be transferred, once a month, to the Controller for deposit in the General Fund, an amount equal to all fines collected during the preceding month upon conviction of, or upon the forfeiture of bail by, any person arrested or convicted of, an offense listed in Section 290. Moneys deposited in the General Fund pursuant to this section shall, when appropriated by the Legislature and until July 1, 1994, be used for the purposes of Chapter 10 (commencing with Section 13890) of Title 6 of Part 4.

SEC. 2. Chapter 10 (commencing with Section 13890) is added to Title 6 of Part 4 of the Penal Code, to read:

CHAPTER 10. SERIOUS HABITUAL OFFENDER PROGRAM

13890. The Legislature hereby finds that a substantial and disproportionate amount of serious sex offenses are committed against the people of California by a relatively small number of multiple and repeat sex offenders. In enacting this chapter, the Legislature intends to support efforts of the criminal justice community through a focused effort by law enforcement and prosecuting agencies to identify, locate, apprehend, and prosecute serious habitual sex offenders.

13891. The Attorney General shall, subject to the availability of funds, establish in the Department of Justice a Serious Habitual Offender Program pilot project, which is hereby created, which shall evaluate the number of arrests and convictions for sex offenses and the length of sentences for repeat offenders. This pilot project shall operate for five years in the following counties: San Francisco, San Mateo, Santa Clara, Santa Cruz, Alameda, Contra Costa, Napa,

Sonoma, Solano, and Marin.

13891.1. As used in this chapter, "serious habitual sex offenders" mean those persons who have been either of the following: (a) convicted of two or more violent offenses against a person involving force or violence which include at least one sex offense and reside in the Serious Habitual Offender Program pilot project area; or (b) convicted of an offense listed in Section 290 of the Penal Code, reside in the Serious Habitual Offender Program pilot project area, and also meet one of the following criteria:

13891.2. The Department of Justice shall establish and maintain a comprehensive file of existing information maintained by law enforcement agencies, the Department of Corrections, the Department of Motor Vehicles, and the Department of Justice. The Department of Justice may request the Department of Corrections, the Department of Motor Vehicles, and law enforcement agencies to provide existing information from their files regarding persons identified as serious habitual sex offenders. The Department of Corrections, the Department of Motor Vehicles, and law enforcement agencies shall, when requested by the Department of Justice, provide copies of existing information maintained in their files regarding persons identified by the Department of Justice as serious habitual sex offenders and provide followup information to the Department of Justice as it becomes available. This serious habitual sex offender file shall be maintained by the Department of Justice and shall contain a complete physical description and method of operation of the serious habitual sex offender, information describing his or her interaction with criminal justice agencies, and his or her prior criminal record. The Department of Justice shall also prepare a summary profile of each serious habitual sex offender for distribution to law enforcement agencies.

13891.3. The Department of Justice shall provide a summary profile of each serious habitual sex offender to each law enforcement agency in the pilot project area when the individual registers in the pilot project area or moves to the pilot project area.

Upon request, the department shall provide the complete file of information on a serious habitual sex offender to law enforcement agencies, district attorneys, and the courts in the pilot project area

for the purpose of identifying, apprehending, prosecuting, and sentencing serious habitual sex offenders.

13892. The Attorney General shall establish an advisory committee to assist in the implementation and operation of the Serious Habitual Offender Program. The committee shall provide recommendations to the Department of Justice related to the operating policies of the Serious Habitual Offender Program, training needs for local law enforcement agencies and prosecutors in implementing the program, and the possible expansion of the pilot project to a statewide program. Members on the committee shall serve at the pleasure of the Attorney General without compensation, except for travel and per diem expenses, in accordance with applicable law. 13893. On or before July 1, 1994, the Attorney General shall submit a written report to the Legislature containing the following information:

(a) A summary of the pilot project operation, activities, and cost.

(b) A quantifiable evaluation of the success of the pilot project based on comparisons with counties not participating in the pilot project and considering the following factors:

(1) The number of arrests and convictions for sex offenses.

(2) The number of requests by law enforcement and prosecuting agencies for information or assistance from the Serious Habitual Offender Program.

(3) The number of serious habitual offenders identified as suspects in unsolved sexual assault cases.

(4) The number of cases in which assistance from the Serious

Habitual Offender Program was instrumental in the arrest, conviction, or enhanced sentencing of persons identified as serious habitual offenders.

(c) The potential cost and impact of a statewide serious habitual sex offender program.

13894. This chapter shall become operative on July 1, 1989, shall become inoperative on July 1, 1994, and, as of January 1, 1995, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1995, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

Any vendor claiming to be a regular seller of new or used merchandise under the provisions of this subdivision shall so indicate on the bimonthly report.

(d) Every vendor shall submit to the swap meet operator the form disclosing the information required by subdivision (a) of Section 21663 for each swap meet at which he or she is a vendor prior to the business day on which the item is to be placed on sale. A vendor who regularly offers or displays merchandise for sale or exchange shall be required to submit to the swap meet operator the form disclosing the information required by subdivision (a) of Section 21663 only once every six months, provided the vendor has a written agreement with the swap meet operator for a periodic term of one month or longer. All other casual vendors shall submit the form disclosing the information required by subdivision (a) of Section 21663 on each instance of offering merchandise for sale or exchange at the swap meet.

(4) The swap meet operator shall provide the state or local governmental entity a hold harmless and idemnification agreement for his or her operation of the swap meet and activities and acts arising from that swap meet.

(5) The swap meet operator shall comply with all other provisions of this article relating to swap meets.

(b) State or local governmental entities shall not operate or manage a swap meet for profit in direct competition to a private enterprise, unless they comply with subdivision (a) of Section 21662.

(6) A plan for operations, including security, crowd control, sanitation, and emergency medical response.

SEC. 8. Section 6073.1 is added to the Revenue and Taxation Code, to read:

6073.1. No additional forms will be required by the State Board of Equalization.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1141

An act to amend Section 8254 of the Fish and Game Code, relating to lobster permits.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 8254 of the Fish and Game Code is amended to read:

(b) Every person who takes, assists in taking, possesses, or transports lobsters while on any boat, barge, or vessel, or who uses or operates or assists in using or operating any boat, net, trap, line, or other appliance to take lobsters, shall have a valid lobster permit issued to that person and shall have that permit in his or her possession while engaged in any of those activities.

(c) Lobster permits may be issued annually by the department and shall be valid for the period of the commercial lobster season. The permit fee is two hundred dollars ($200). However, any person who has had a lobster permit revoked may be required by the commission to appear before it, and no new lobster permit may be issued to that person unless the commission finds that the issuance will be in the best interests of lobster fishing.

CHAPTER 1142

An act to amend Sections 1501.1, 1502, 1506, and 1536.1 of, and to add Sections 1506.5, 1522.6, and 1536.2 to, and to add Article 2.7 (commencing with Section 1529.1) to Chapter 3 of Division 2 of, the Health and Safety Code, and to amend Sections 11400, 11462.4, 11463, 11463.5, and 16514 of the Welfare and Institutions Code, relating to foster care, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that there is a significant shortage of foster families in the state to meet the temporary placement needs of children. Since 1984–85, the number of children in foster care has increased at twice the rate of the

number of participating homes. By the end of 1988–89, there will be nearly 4,000 more children in need of foster family care than the total number of available beds.

The Legislature has provided additional funds to counties to enhance their ability to recruit new foster parents. In addition, legislation was passed in 1986 to authorize nonprofit foster family agencies to recruit, screen, certify, train, and support foster parents.

It is the intent of the Legislature that these public and private efforts not be competitive and that the total number of foster parents be increased. Several provisions of this legislation are intended to preclude counties and foster family agencies from attempting to take over families recruited by the other.

SEC. 2. Section 1501.1 of the Health and Safety Code is amended to read:

1501.1. (a) It is the policy of the state to facilitate the proper placement of every child in residential care facilities where the placement is in the best interests of the child. A county may require placement or licensing agencies, or both placement and licensing agencies, to actively seek out-of-home care facilities capable of meeting the varied needs of the child. Therefore, in placing children in out-of-home care, particular attention should be given to the individual child's needs, the ability of the facility to meet those needs, the needs of other children in the facility, the licensing requirements of the facility as determined by the licensing agency, and the impact of the placement on the family reunification plan.

(b) Pursuant to this section, children with varying designations and varying needs, except as provided by statute, may be placed in the same facility provided the facility is licensed, complies with all licensing requirements relevant to the protection of the child, and has a special permit, if necessary, to meet the needs of each child so placed.

(c) Neither the requirement for any license nor any regulation shall restrict the implementation of the provisions of this section. Implementation of this section does not obviate the requirement for a facility to be licensed by the department.

(d) Pursuant to this section, children with varying designations and varying needs, except as provided by statute, may be placed in the same licensed foster family home or with a foster family agency for subsequent placement in a certified family home. Children with developmental disabilities, mental disorders, or physical disabilities may be placed in licensed foster family homes or certified family homes, provided that an appraisal of the child's needs and the ability of the receiving home to meet those needs is made jointly by the placement agency and the licensee in the case of licensed foster family homes or the placement agency and the foster family agency in the case of certified family homes, and is followed by written confirmation prior to placement. The appraisal shall confirm that the placement poses no threat to any child in the home.

For purposes of this chapter, the placing of children by foster

family agencies shall be referred to as "subsequent placement" to distinguish the activity from the placing by public agencies.

SEC. 3. Section 1502 of the Health and Safety Code is amended to read:

1502. As used in this chapter:

(a) "Community care facility" means any facility, place, or building which is maintained and operated to provide nonmedical residential care, day treatment, adult day care, or foster family agency services for children, adults, or children and adults, including, but not limited to, the physically handicapped, mentally impaired, incompetent persons, and abused or neglected children, and includes the following:

(1) "Residential facility" means any family home, group care facility, or similar facility determined by the director, for 24-hour nonmedical care of persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual.

(2) "Adult day care facility" means any facility which provides nonmedical care to persons 18 years of age or older in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual on less than a 24-hour basis.

(3) "Day treatment facility" means any facility which provides nonmedical care, counseling, educational or vocational support, or social rehabilitation services on less than a 24-hour basis to persons under 18 years of age who would otherwise be placed in foster care or who are returning to families from foster care. Program standards for these facilities shall be developed by the department, pursuant to Section 1530, in consultation with day treatment and foster care providers.

(4) "Foster family agency" means any individual or organization engaged in the recruiting, certifying, and training of, and providing professional support to, foster parents, or in finding homes or other places for placement of children for temporary or permanent care who require that level of care as an alternative to a group home. Private foster family agencies shall be organized and operated on a nonprofit basis.

(5) "Foster family home" means any residential facility providing 24-hour care for six or fewer foster children which is owned, leased, or rented and is the residence of the foster parent or parents, including their family, in whose care the foster children have been placed. (d) Serving as a clearinghouse of information on available state and federal programs which may be of assistance to improving job opportunities and general economic conditions in rural California.

(e) Report, as a part of the annual report required under subdivision (e) of Section 15323, its activities pursuant to this chapter. This report shall include a list of applications received for funding under Article 4 (commencing with Section 15373.3) and Article 5 (commencing with Section 15373.6), a list of approved applications, a summary of actual revenues and expenditures for the preceding fiscal year, and an estimate of the revenues and expenditures for the coming fiscal year. The report shall also include an evaluation of the success of the promotion and infrastructure programs including, but not limited to, information on the number of jobs created, businesses attracted, and tax revenues generated. The report shall also include an accounting of the percentage of rural economic promotion program grants awarded under this chapter to rural tourism organizations.

SEC. 5. Section 15373.8 of the Government Code is amended to read:

15373.8. (a) (1) The panel shall meet regularly to conduct its business and to review and approve projects pursuant to this article for funding from the Rural Economic Development Fund. The panel shall make a decision on any application within 90 days after a local agency submits the application to the department. This financing shall be in the form of loans and grants.

(A) Loans shall be limited to a maximum of one million dollars ($1,000,000) per project. The terms of any approved loan shall be specified in a loan agreement between the local agency and the panel. Repayment of loans shall begin within nine months of the date of the loan and shall be made quarterly. Each loan shall be for a term not to exceed 10 years from the date the repayment begins. The local agency shall pay interest at a rate specified in the loan agreement which shall not exceed 2 percent less than the rate earned by the State Surplus Money Investment Fund. Penalties, if established by the panel, shall be uniformly applied. Any loan or grant approved for a local agency shall not be considered debt within the meaning of

Section 18 of Article XVI of the California Constitution.

(B) Grants shall be limited to two hundred fifty thousand dollars ($250,000) per project and shall be made only if a local agency demonstrates an inability to repay a loan or similar extraordinary circumstances. In no event shall more than 10 percent of the available moneys in the fund in any fiscal year be allocated as grants.

(2) Subject to paragraph (3), a local agency which submits an application pursuant to Section 15373.9 may, at the time the application is submitted, request the panel to approve a loan amount, term, interest rate, beginning payment, or frequency of repayment which differs from the requirements of paragraph (1). The panel may approve the request or may change and approve the request only if all of the following exist:

(A) The local agency provides sufficient documentation to the panel that the local agency or special district responsible for repaying the loan will be unable to repay a loan under the conditions specified in paragraph (1).

(B) The local agency provides sufficient documentation to the panel that other sources of financing which offer similar rates and terms to those determined by the panel to be affordable to the local agency or special district responsible for repaying the loan are unavailable or infeasible to finance the project.

(C) The loan is equal to or less than one million dollars ($1,000,000) or the loan is for more than one million dollars ($1,000,000) and the local agency provides sufficient documentation of special circumstances.

(3) The panel shall not approve a loan in an amount of more than two million dollars ($2,000,000), nor shall it approve a loan which provides for an indefinite deferral of the repayment of principal and interest, or for a term for more than 50 years. The panel shall make a decision on any request made pursuant to paragraph (2) at the time the panel makes a decision on the loan application.

(b) Loans and grants may be made to a local agency, and for projects which meet the criteria specified in Section 15373.9, for the purpose of assisting in financing public improvements, including, but not limited to, sewer and water facilities, streets, storm drains, bridges, and related costs, such as engineering design. Funds may be used for the development of new facilities, or the rehabilitation, alteration, expansion, or improvement of existing facilities.

(c) Preliminary design work, including a cost estimate for the project, shall be completed before a loan or grant is awarded. Costs for preliminary design work, project cost estimates, planning, preliminary engineering, and other costs necessary for preparation of the application may be reimbursed from a loan or grant, subject to approval by the panel.

(d) Any county which does not meet the definition of a county provided for under subdivision (a) of Section 15373.1 may apply for a loan or grant under this article only with respect to an unincorporated area outside of an urbanized area as designated by

the United States Bureau of the Census from the 1980 federal census.

(e) Projects financed under this article shall meet all of the following requirements:

(1) Be associated with either an expansion, retention, relocation, or new location of an identified private sector firm. This firm shall be a manufacturing, service, research and development, production, assembly, warehousing, or industrial distribution facility. Commercial business activity, as well as tourist and recreation facilities, which are found by the panel to significantly increase permanent private sector employment and substantially improve the economic prosperity of an area may also qualify the project.

(2) Directly lead to the creation or retention of permanent private sector jobs within the applicant's jurisdictional boundaries. Projects shall also create at least one full-time job for every fifty thousand dollars ($50,000) in loan funds received except in the case of research and development facilities in which the economic job creation standard shall be set by the panel.

(f) Loans and grants may also be made, pursuant to this article and under criteria established by the department, to local agencies in high unemployment areas to develop infrastructure for industrial parks or other sites for businesses where there is no specific business already committed to the project, when the department determines that there is little likelihood of business expansion into the community prior to the development of the parks or sites, and that the loan or grant has a high probability of leading to the creation or retention of permanent private sector jobs within the applicant's jurisdictional boundaries. The loan or grant cannot exceed two hundred fifty thousand dollars ($250,000). Notwithstanding subparagraph (A) of paragraph (1) of subdivision (a) of this section, repayment of any loan directed towards a specific business expansion, retention, relocation, or new location shall begin when the industrial park or other development has enough occupancy to produce adequate revenues for repayment. The amount and the timing of the repayment shall be specified in the loan agreement between the local agency and the panel.

(g) Priority shall be given to those projects which create jobs in communities with particularly high levels of unemployment and declining resource-based economics. Consideration shall be given to other community factors in awarding loans and grants, including, but not limited to, those communities which are facing local government fiscal crises, a high poverty rate, or which exhibit an active commitment to diversifying and expanding their economic base. To the extent possible, loans and grants shall be equitably distributed throughout the various rural regions of the state.

(h) Financing shall not be provided for projects which would result in increased production or availability of goods, materials, or services where sufficient capacity exists in the community to meet current and future demands.

(i) Loans or grants may not finance projects which would either

effect the relocation of any substantial operations of the company from one area of the state to another, or result in the abandonment of any substantial operations of the company within other areas of the state, unless completion of the project or operation of the facility is reasonably necessary to prevent the relocation of any substantial operations of the company from an area within the state to an area outside the state.

(j) The proceeds of repayment of loan principal and the payment of interest prior to July 1, 1991, shall be deposited in the fund. The proceeds of repayment of loan principal and the payment of interest on and after July 1, 1991, shall be deposited in the Special Account for Capital Outlay.

SEC. 6. Section 50832 is added to the Health and Safety Code, to read:

50832. In order to ensure that a city or county may apply for both economic development and general program grants pursuant to this chapter in the same year, each applicant shall have a maximum grant request ceiling of eight hundred thousand dollars ($800,000), excluding economic development assistance grants and general program assistance grants made available under Section 50833, of which a maximum of five hundred thousand dollars ($500,000) may be used for either a housing or economic development application. However, no applicant shall receive more than one million two hundred thousand dollars ($1,200,000) in any two consecutive calendar years. The department shall inform eligible cities and counties of the eligibility criteria and requirements under this section and in Section 50833.

SEC. 7. Section 50833 is added to the Health and Safety Code, to read:

50833. (a) Ten percent of the total amount of the Small Cities Block Grant Program funds set aside for economic development shall be allocated to make economic development assistance grants to eligible small cities or counties for business attraction, retention, and expansion programs for the development of local economic development strategies, predevelopment grant feasibility studies and downtown revitalization programs. Eligible small cities or counties may contract with public agencies or nonprofit or for profit corporations or entities to provide these services. Each applicant shall be required to provide a cash match of up to 25 percent of the total amount requested. A technical assistance grant received under this 10 percent set-aside is in addition to the city or county ceiling or its ability to apply under the economic development or general program set-asides. The maximum grant per application shall be thirty thousand dollars ($30,000) per project. Each applicant shall not receive more than one grant per year and shall be eligible to apply each year. Funds not applied for or allocated under this section may be used for other eligible economic development purposes. If there are no eligible projects, any unexpended funds shall revert to the general program.

(b) Ten percent of the total amount of the Small Cities Block Grant Program funds not used for economic development shall be set-aside to make technical assistance grants to eligible small cities or counties for purposes including, but not limited to: inventory of housing needing rehabilitation in the district, income surveys of area residents, and any general studies of housing needs in the district. Each applicant shall be required to provide a cash match of up to 25 percent of the total amount requested. A technical assistance grant received under this 10 percent set-aside is in addition to the city or county ceiling or its ability to apply under the economic development or general program set-asides. Unexpended funds allocated under this section shall revert to the general program, but not to the economic development set-aside. The maximum grant per application shall be thirty thousand dollars ($30,000) per project. Each applicant shall not receive more than one grant per year and shall be eligible to apply each year. Funds not applied for or allocated under this section may be used for other eligible general block grant programs excluding economic development.

(c) If, under federal law, the 10-percent economic assistance grants and the 10-percent general program assistance grants are considered to be administrative expenditures, the department may reduce the percentages of the set-asides by up to the amount necessary to remain within the allowable limits for administrative expenditures.

SEC. 8. Section 50834 is added to the Health and Safety Code, to read:

50834. (a) Economic development set-aside grants shall be awarded on a quarterly or bimonthly basis at the discretion of the director. Any economic development set-aside funds not encumbered for funding of a project by the end of the federal contract period shall revert to the general program set-aside for use, if approved projects for which no funds were available are pending.

(b) The department shall prepare a separate and discrete training manual and request for proposal for the economic development set-aside.

(c) Once an economic development project award is approved by the director, a contract shall be executed and funds made available to the recipient as soon as possible.

(d) Any program income received by a city or county grantee, or any loan repayments made by a beneficiary to a grantee, may be utilized by the city or county grantee for any activity currently eligible under federal law and regulations, provided that the department determines that the beneficiary or grantee has complied reasonably with the terms and conditions described in the contract between the grantee and the department.

SEC. 9. The Department of Housing and Community Development shall evaluate and report to the Legislature by July 1989, on the performance of the Small Cities Block Grant Program, both housing and economic development, since state administration

began, through December 31, 1987. The report shall include, but not be limited to:

(a) With respect to the economic development set-aside, for each economic development grant, the total dollar amount and purpose of the grant; the total number of permanent jobs created or retained; the total number and percent of the jobs filled by the targeted income group; the total dollar amount of private sector funds leveraged; the market need met by the product or service; and the overall performance of the city or county grantee.

(b) The total dollar amount and percent spent by grantees for program administration, planning studies and technical assistance.

(c) The total dollar amount of any unawarded or recaptured funds in the economic development set-aside added to the general allocation of the Small Cities Block Grant Program.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide financial assistance as soon as possible pursuant to the McCorquodale-Nielsen-Hauser Rural Renaissance Act of 1986 to rural areas of the state with high unemployment levels and to facilitate the funding of economic development projects under the Community Development Block Grant Program during the 1988–89 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1145

An act to repeal and add Chapter 10.5 (commencing with Section 1725) of Part 2 of Division 2 of the Water Code, relating to water rights.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1547.1 of the Water Code is amended to read:

1547.1. Every person filing a petition for permission to make a transfer of water or water rights pursuant to Section 386, 1010, or 1011 or Chapter 10.5 (commencing with Section 1725) for use outside of the basin in which the water originates shall pay to the board at the time of filing the petition a fee equal to 25 percent of the amount computed by using the schedules in Article 1 (commencing with Section 1525).

SEC. 2. Chapter 10.5 (commencing with Section 1725) of Part 2 of Division 2 of the Water Code is repealed.

SEC. 3. Chapter 10.5 (commencing with Section 1725) is added

to Part 2 of Division 2 of the Water Code, to read:

CHAPTER 10.5. CHANGE OF POINT OF DIVERSION, PLACE OF USE, OR PURPOSE OF USE, INVOLVING THE TRANSFER OF WATER

Article 1. Temporary Changes

1725. A permittee or licensee may temporarily change the point of diversion, place of use, or purpose of use due to a transfer or exchange of water or water rights if the transfer would only involve the amount of water that would have been consumptively used or stored by the permittee or licensee in the absence of the proposed temporary change, would not injure any legal user of the water, and would not unreasonably affect fish, wildlife, or other instream beneficial uses. For purposes of this article, "consumptively used" means the amount of water which has been consumed through use by evapotranspiration, has percolated underground, or has been otherwise removed from use in the downstream water supply as a result of direct diversion.

1726. The permittee or licensee shall notify the board of a proposed temporary change. The notice shall contain information indicating the amount of water consumptively used by the permittee or licensee, the amount of water proposed for transfer, the parties involved in the transfer, and any other information the board by rule may prescribe.

1727. (a) Upon receipt by the board of notification of a proposed temporary change, the board shall make an evaluation sufficient to determine both of the following:

(1) The proposed temporary change would not injure any legal user of the water, during any potential hydrologic condition, through resulting significant changes in water quantity, water quality, timing of diversion or use, consumptive use of the water, reduction in return flows, or reduction in the availability of water within the watershed of the transferor.

(2) The proposed temporary change would not unreasonably affect fish, wildlife, or other instream beneficial uses.

(b) Upon completion of the evaluation under subdivision (a), and finding that no injury or unreasonable effect would result, the board shall so notify the permittee or licensee, and those legal users of water identified pursuant to subdivision (a), of its finding and the order approving the temporary change by personal delivery or registered mail. The temporary change shall be effective five days after the order becomes effective.

(c) If the board cannot satisfy the requirements under subdivision (a) within 60 days following receipt of notification of a proposed temporary change or within any extension of that period approved by the permittee or licensee, or cannot make the finding under subdivision (b), it shall so notify the permittee or licensee and those legal users of water identified pursuant to subdivision (a), by

personal delivery or registered mail, and shall fix a time and place for a hearing on the issues set forth in subdivision (a).

1728. For the purposes of this article, a temporary change means any change of point of diversion, place of use, or purpose of use involving a transfer or exchange of water or water rights for a period of one year or less.

1729. A proposed temporary change under this article shall be exempt from the requirements of Division 13 (commencing with Section 21000) of the Public Resources Code.

1730. Nothing in this article shall prevent any writ of mandate to inquire into the validity of a finding by the board under subdivision (b) of Section 1727. Any petition for a writ of mandate shall be filed within 30 days after final action by the board.

1731. Following the expiration of the temporary change period, all rights shall automatically revert to the original holder of the right without any action by the board.

1732. The board shall not approve a temporary change if the board, in its judgment, concludes, if applicable, that the petitioner has not exercised due diligence in petitioning for a change pursuant to provisions of this division other than this article.

Article 2. Long-term Transfers

1735. The board may consider a petition for a long-term transfer of water or water rights involving a change of point of diversion, place of use, or purpose of use. A long-term transfer shall be for any period in excess of one year.

1736. The board, after providing notice and opportunity for a hearing, may approve such a petition for a long-term transfer where the change would not result in substantial injury to any legal user of water and would not unreasonably affect fish, wildlife, or other instream beneficial uses.

1737. Following the expiration of the long-term transfer period, all rights shall automatically revert to the original holders of the right without any action by the board.

Article 3. Transfer of Decreed Rights

1740. Any water right determined under a court decree issued pursuant to Chapter 3 (commencing with Section 2500) of Part 3, after January 1, 1981, shall be transferable pursuant to this chapter and Chapter 10 (commencing with Section 1700). The court having the appropriate jurisdiction over the decreed rights may enter a supplemental decree modifying any rights involved upon motion of the board or any party with a vested water right.

CHAPTER 1146

An act to amend Sections 11712 and 11752 of the Government Code, relating to state government, and making an appropriation therefor.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 11712 of the Government Code is amended to read:

11712. The director shall continue to develop plans and policies in a coordinated fashion regarding all of the following:

(a) The state data centers, including the optimum size and degree of centralization of the data centers.

(b) Information management personnel, including the training and qualifications of such personnel.

(c) Office automation, including the use of personal computing and electronic mail.

SEC. 2. Section 11752 of the Government Code is amended to read:

11752. There is in the Business, Transportation and Housing Agency the Stephen P. Teale Data Center. The Stephen P. Teale Data Center shall be under the supervision of a data center director who shall be appointed by the Secretary of the Business, Transportation and Housing Agency, pursuant to civil service. The director shall be responsible for the efficient and effective management and operation of the data center. The director shall continue to communicate regularly with the Office of Information Technology regarding future needs of the center and the likely impact of emerging technologies.

SEC. 3. Notwithstanding Section 6.50 of Chapter 186 of the Statutes of 1986, the Department of Finance may authorize the transfer of six hundred twenty thousand dollars ($620,000) from category (c) to category (b) of Item 0890-001-001 of Chapter 186 of the Statutes of 1986.

CHAPTER 1147

An act relating to the Alameda-Contra Costa Transit District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988]

The people of the State of California do enact as follows:

SECTION 1. For the 1984–85, 1985–86, and 1986–87 fiscal years, the Alameda-Contra Costa Transit District has incurred operating budget deficits; and for the 1987-88 fiscal year, the district anticipates an operating budget deficit of one million two hundred thousand dollars ($1,200,000). As a result, the Auditor General, at the request of the Legislature, has recently completed a study of the district's financial affairs.

In order to avoid further deterioration of the district's financial condition which could impair its ability to provide essential public transportation services, it is necessary to exercise direct oversight of the district's operations.

In taking this action, the Legislature does not intend to abrogate the governance of the district by its elected board of directors. Rather, the purpose of this act is to assist the district to regain financial stability and to provide essential transportation services.

SEC. 2. (a) The Auditor General shall undertake the additional powers and responsibilities of monitor prescribed by this act, for the period during which this act is in effect.

(b) The Auditor General may delegate to a person whom it designates as monitor, which person need not be an employee of the Auditor General, all or any of the powers of the monitor and may impose conditions upon the powers so delegated, or the Auditor General may exercise those powers. As used in this act, "monitor" means the Auditor General, or the person whom the Auditor General designates as monitor, as the case may be.

(c) The district shall execute an agreement with the Auditor General in which the district agrees to cover all costs associated with the Auditor General's activities pursuant to this act, but in no case shall the total amount of those costs exceed fifty thousand dollars ($50,000). The agreement shall be executed within 30 days following the effective date of this act.

SEC. 3. The monitor shall conduct quarterly reviews to determine the progress of the district in correcting deficiencies identified in the Auditor General's Report on the district (P-767 dated March 8, 1988) and recommend specific courses of action to be taken by the board of directors.

SEC. 4. The monitor shall report quarterly to the Legislature on his or her findings and recommendations beginning September 1, 1988. The report shall include an evaluation of the district's actions

to improve in the problem areas identified in the Auditor General's report.

SEC. 5. This act shall constitute full authority for the monitor to have access to any information and records relating to the district.

SEC. 6. This act shall become inoperative on July 1, 1990, and, as of January 1, 1991, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Alameda-Contra Costa Transit District has self-financing authority to cover any costs that may be incurred in carrying on any program or performing any service required to be carried on or performed by this act.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Conditions affecting the fiscal integrity and operations of the Alameda-Contra Costa Transit District make it imperative that immediate action be taken to prevent further impairment of the district's ability to provide essential public transportation services.

CHAPTER 1148

An act to repeal Section 130355 of the Public Utilities Code, relating to transit.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 130355 of the Public Utilities Code is repealed.

CHAPTER 1149

An act to amend Sections 6001, 6032, 6140, 6140.1, 6141.1, 6142, and 6143 of, to add Sections 6140.55, 6140.8, and 6140.9 to, and to add and repeal Section 6140.4 of, the Business and Professions Code, relating to the State Bar of California.

Pursuant to those powers enumerated in subdivisions (a) to (g), inclusive, it is recognized that the State Bar has authority to raise revenue in addition to that provided for in Section 6140 and other statutory provisions. The State Bar is empowered to raise that additional revenue by any lawful means, including, but not limited to, the creation of foundations or not-for-profit corporations.

No law of this state restricting, or prescribing a mode of procedure for the exercise of powers of state public bodies or state agencies, or classes thereof, including, but not by way of limitation, the provisions contained in Division 3 (commencing with Section 11000), Division 4 (commencing with Section 16100), and Part 1 (commencing with Section 18000) and Part 2 (commencing with Section 18500) of

Division 5, of Title 2 of the Government Code, shall be applicable to the State Bar, unless the Legislature expressly so declares.

SEC. 1.5. Section 6032 of the Business and Professions Code is amended to read:

6032. Subject to the approval of the Committees on Judiciary of each house of the Legislature, the board shall contract with an independent expert for the purpose of conducting a comprehensive study of the State Bar's affirmative action and equal employment opportunity program with regard to its employees, of assisting the State Bar with respect to those programs, and with developing and implementing a minority and women business enterprise program. A final report shall be submitted to each of the Committees on Judiciary no later than September 1, 1989.

Moneys for the support of the independent expert shall be established and paid in accordance with the provisions of Section 6140.9.

(c) The annual membership fee for active members is payable on or before the first day of February of each year. If the board finds it appropriate and feasible, it may provide by rule for payment of fees

on an installment basis with interest, by credit card, or other means, and may charge members choosing any alternative method of payment an additional fee to defray costs incurred by that election.

This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1991, deletes or extends that date.

SEC. 2.5. Section 6140.1 of the Business and Professions Code is amended to read:

6140.1. The State Bar annually shall submit its proposed baseline budget for the following fiscal year to the appropriate fiscal committees of the Legislature and the Joint Legislative Budget Committee by November 15, and its proposed final budget by February 15, so that the budget can be reviewed and approved in conjunction with any bill that would authorize the imposition of membership dues. Each proposed budget shall include the estimated revenues, expenditures, and staffing levels for all of the programs and funds administered by the State Bar. Any bill that authorizes the imposition of membership dues shall be a fiscal bill and shall be referred to the appropriate fiscal committees; provided, however, that the bill may be approved by a majority vote.

The State Bar shall submit the budget documents in a form comparable to the documents prepared by state departments for inclusion in the Governor's Budget and the salaries and wages supplement. In addition, the bar shall provide supplementary schedules detailing operating expenses and equipment, all revenue sources, any reimbursements or interfund transfers, fund balances, and other related supporting documentation. The bar shall submit budget change proposals with its final budget, explaining the need for any differences between the current and proposed budgets.

SEC. 3. Section 6140.4 is added to the Business and Professions Code, to read:

6140.4. (a) The board may increase the annual membership fee fixed by it pursuant to Section 6140 by an additional fee for discipline augmentation of not more than one hundred ten dollars ($110) for 1989, 1990, and 1991, respectively, for all active members.

(b) This augmentation shall be in addition to existing levels of expenditure for discipline as established during 1987 for 1988.

(c) The board may apply up to one hundred ten dollars ($110) of the discipline enhancement fees during 1989, 1990, or 1991 to pay disciplinary expenses beyond fee receipts for 1988 and 1989.

(d) This section shall remain in effect until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1992, deletes or extends that date.

SEC. 4. Section 6140.55 is added to the Business and Professions Code, to read:

10541. (a) Insurers authorized to deliver or issue for delivery life insurance policies in this state may deliver or issue for delivery one or more funding agreements, but the issuance or delivery of those funding agreements shall not be deemed to be doing the insurance business described in Section 700, a class of business as provided in Section 100 or 101, a "security" as defined in Section 821, or receipt of "gross premiums" as defined in Section 12221 or 12222 of the Revenue and Taxation Code. Notwithstanding the definition of "insurance" in Section 22 or the definition of "life insurance" in Section 101, the issuance or delivery of a funding agreement by an admitted life insurer in this state shall constitute a lawful activity of that insurer which is reasonably related to and incidental to its insurance activities as provided in this section. However, this section shall not authorize any insurer to transact, under the guise of funding agreements, any class of insurance not authorized by its certificate of authority.

(b) As used in this section, the term "funding agreement" means an agreement which authorizes an admitted life insurer to accept funds and which provides for an accumulation of those funds for the purpose of making one or more payments at future dates in amounts that are not based on mortality or morbidity contingencies. However, the term "funding agreement" does not include any agreement in connection with the funding of one or more payments which are excludable from the gross income of the recipient under Section 104(a)(2) of the United States Internal Revenue Code, as it may be amended or renumbered from time to time.

(c) No amounts shall be guaranteed or credited under any funding agreement except upon reasonable assumptions as to investment income and expenses and on a basis equitable to all holders of funding agreements of a given class.

(d) Amounts paid to the insurer, and proceeds applied under optional modes of settlement, under those funding agreements may be allocated by the insurer to one or more separate accounts pursuant to Section 10506.

(e) The commissioner may establish reasonable conditions or adopt reasonable regulations relating to (1) the reserves to be maintained by insurers issuing those funding agreements, (2) the

accounting and reporting of funds credited under those funding agreements, (3) the disclosure of information to be given to holders and prospective holders of those funding agreements, and (4) the qualification of persons selling those funding agreements on behalf of insurers.

(f) Notwithstanding any other provision of law, the commissioner shall have sole authority to regulate the issuance and sale of those funding agreements, including the persons selling those funding agreements on behalf of insurers.

CHAPTER 1154

An act to amend Section 1603.3 of, and to add Section 1621.5 to, the Health and Safety Code, relating to acquired immune deficiency syndrome.

[Approved by Governor September 21, 1988 Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1603.3 of the Health and Safety Code is amended to read:

1603.3. (a) Prior to a donation of blood or blood components each donor shall be notified in writing of, and shall have signed a written statement confirming the notification of, all of the following:

(1) That the blood or blood components shall be tested for evidence of antibodies to the probable causative agent of acquired immune deficiency syndrome.

(2) That donors found to have serologic evidence of the antibodies shall be placed on a confidential statewide Blood Donor Deferral Register without a listing of the reason for being included on the register.

(3) That the donor shall be notified of the test results in accordance with the requirements described in subdivision (c).

(4) That the donor blood or blood component which is found to have the antibodies shall not be used for transfusion.

(5) That blood or blood components shall not be donated for transfusion purposes by a person if the person has reason to believe that he or she has been exposed to acquired immune deficiency syndrome.

(6) That the donor is required to complete a health screening questionnaire to assist in the determination as to whether he or she has been exposed to acquired immune deficiency syndrome.

(b) A blood bank or plasma center shall incorporate voluntary means of self-deferral for donors. The means of self-deferral may include, but are not limited to, a form with checkoff boxes specifying that the blood donated is for research or test purposes only and a

telephone callback system for donors to use in order to inform the blood bank that blood donated should not be used for transfusion. The blood bank or plasma center shall inform the donor, in a manner that is understandable to the donor, that the self-deferral process is available and should be used if the donor has reason to believe that he or she is infected with the human immunodeficiency virus. The blood bank or plasma center shall also inform the donor that it is a felony pursuant to Section 1621.5 to donate blood if the donor knows that he or she has a diagnosis of AIDS or knows that he or she has tested reactive to the etiologic agent of AIDS or to antibodies to that agent.

(c) Blood or blood products from any donor initially found to have serologic evidence of antibodies to the probable causative agent of AIDS shall be retested for confirmation. Only if a further test confirms the conclusion of the earlier test shall the donor be notified of a reactive result by the blood bank or plasma center, as provided in paragraph (1) or (2) of this subdivision.

(1) The state department shall permit a blood bank to inform blood donors of the test result if all of the following apply:

(A) The alternative test sites required pursuant to Article 8 (commencing with Section 1630) are established and operational in the county where the blood bank is located.

(B) The state department has determined that the alternative test sites are functioning in an adequate manner in the county where the blood bank is located and has established a date after which these test sites were functioning in this manner.

After the date determined in subparagraph (B) is established, the blood bank shall wait three months. When the three-month period elapses, blood banks may inform a donor of blood or blood components of the test results no sooner than 60 days from the date of donation.

(2) In the case of a plasma center on or after the operative date of this section, a donor donating for the first or second time in any 60-day period shall not be notified of the test result, but upon a third or subsequent donation within that period, the plasma center may notify the donor of the test result.

The state department shall develop permissive guidelines for blood banks and plasma centers on the method or methods to be used to notify a donor of a test result. Each blood bank or plasma center shall, upon positive confirmation using the best available and reasonable techniques, provide the information to the state department for inclusion in the Donor Deferral Register. Blood banks and plasma centers shall provide the information on donations testing reactive for the antibodies to the probable causative agent of AIDS and carrier donors of viral hepatitis to the department on a single list in the same manner without specification of the reason the donor appears on the list.

(d) The Blood Donor Deferral Register, as described in subdivision (e) of Section 1603.1, shall include names of individuals

who are deferred from blood donations without identifying the reasons for deferral.

(e) Each blood bank or plasma center operating in California shall prominently display at each of its collection sites a notice which provides the addresses and phone numbers of sites, within the proximate area of the blood bank or plasma center, where tests provided pursuant to Article 8 (commencing with Section 1630) may be administered without charge.

(f) Notwithstanding any other provision of law, no civil liability or criminal sanction shall be imposed for disclosure of test results to a public health officer when the disclosure is necessary to locate and notify a blood donor of a reactive result if reasonable efforts by the blood bank or plasma center to locate the donor have failed. Upon completion of the public health officer's efforts to locate and notify a blood donor of a reactive result, all records obtained from the blood bank pursuant to this subdivision, or maintained pursuant to this subdivision, including, but not limited to, any individual identifying information or test results, shall be expunged by the public health officer.

SEC. 2. Section 1621.5 is added to the Health and Safety Code, to read:

1621.5. (a) It is a felony punishable by imprisonment in the state prison for two, four, or six years, for any person to donate blood, body organs or other tissue, semen to any medical center or semen bank that receives semen for purposes of artificial insemination, or breast milk to any medical center or breast milk bank that receives breast milk for purposes of distribution, whether he or she is a paid or a volunteer donor, who knows that he or she has acquired immune deficiency syndrome, as diagnosed by a physician and surgeon, or who knows that he or she has tested reactive to the etiologic agent of AIDS or to the antibodies to that agent. This section shall not apply to any person who is mentally incompetent or who self-defers his or her blood at a blood bank or plasma center pursuant to subdivision (b) of Section 1603.3 or who donates his or her blood for purposes of an autologous donation.

(b) In a criminal investigation for a violation of this section, no person shall disclose the results of a blood test to detect the etiologic agent of AIDS or antibodies to that agent to any officer, employee, or agent of a state or local agency or department unless the test results are disclosed as otherwise required by law pursuant to:

(1) A search warrant issued pursuant to Section 154 of the Penal Code.

(2) A judicial subpoena or subpoena duces tecum issued and served in compliance with Chapter 2 (commencing with Section 1985) of Title 3 of Part 4 of the Code of Civil Procedure.

(3) An order of a court.

For purposes of this section, "blood" means "human whole blood" and "human whole blood derivatives," as defined for purposes of this chapter and includes "blood components," as defined in subdivision

(*l*) of Section 1603.1.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

The department shall prepare and publish a printed summary describing the penalties for noncompliance with Sections 16000 and 16028, which shall be included with each motor vehicle registration, registration renewal, and transfer of registration and with each driver's license and license renewal. The printed summary may contain, but is not limited to, the following wording:

"IMPORTANT FACTS ABOUT ENFORCEMENT OF CALIFORNIA'S COMPULSORY FINANCIAL RESPONSIBILITY LAW

The Robbins-McAlister Financial Responsibility Act requires every driver to maintain proof of valid automobile liability insurance, bond, cash deposit, or self-insurance which has been approved by the Department of Motor Vehicles.

You must provide proof of financial responsibility after you are cited by a peace officer for a traffic violation. The act requires that you provide the officer with the name of your insurer and the policy identification number. Your insurer will provide written evidence of this number. The back of your vehicle registration form contains a space for writing this information. Failure to prove your financial responsibility can result in fines of up to two hundred forty dollars ($240) and loss of your driver's license. Falsification of proof can result in fines of up to five hundred dollars ($500) or 30 days in jail, or both.

Under existing law, if you are involved in an accident that results in damages over five hundred dollars ($500) or in any injury or fatality, you must file a report of the accident with the Department of Motor Vehicles within 10 days of the accident. If you fail to file a report or fail to provide evidence of financial responsibility on the report, your driving privilege will be suspended for one year. Your suspension notice will notify you of the department's action and of your right to a hearing. Your suspension notice will also inform you that if you request a hearing, it must be conducted within 30 days of your written request, and that a decision is to be rendered within 15 days of the conclusion of the hearing."

(b) For purposes of subdivision (a), evidence of financial responsibility has the meaning as provided in subdivision (b) of Section 16028.

SEC. 3. Section 16076 of the Vehicle Code is amended to read:

16076. (a) The department shall notify every person whose driving privilege is suspended, pursuant to Section 16070, of that person's right to apply for a restricted driving privilege authorized under Section 16072.

(b) For purposes of subdivision (a), the department shall prepare and publish a printed summary. The printed summary may contain, but is not limited to, the following wording:

"If your driving privilege is suspended due to involvement in an accident while you were uninsured, you may apply for a restricted license at any office of the Department of Motor Vehicles, accompanied with proof of financial responsibility, payment of a penalty fee of two hundred fifty dollars ($250), and, unless already paid, payment of a reissuance fee of fifteen dollars ($15).

The Mello-McAlister Restricted Employment Driving Privilege Act allows you to apply for a driver's license limiting you to driving to and from work, and during the course of your primary employment, during the one-year mandatory term of suspension. The restricted license will not be issued if any other suspension or revocation action has been taken against your driving privilege."

(c) This section shall be known and may be cited as the Mello-McAlister Restricted Employment Driving Privilege Act.

SEC. 4. Sections 1 and 3 of this act shall become operative on November 30, 1988.

Failure of the owner to provide written notice when required by this subdivision to the buyer, lessee, or renter shall subject the owner to actual damages and any other remedies provided by law. In addition, where the owner has actual knowledge of the presence of any release of a material amount of a hazardous substance and knowingly and willfully fails to provide written notice to the buyer, lessee, or renter, as required by this subdivision, the owner is liable for a civil penalty not to exceed five thousand dollars ($5,000) for each separate violation.

(b) Any lessee or renter of real property who knows or has reasonable cause to believe that any release of a hazardous substance has come or will come to be located on or beneath that real property shall, within a reasonable period of time, either prior to the release or following the discovery by the lessee or renter of the presence or believed presence of the hazardous substance release, give written notice of that condition to the owner of the real property or to the

lessor under the lessee's or renter's lease or rental agreement.

(1) A lessee or renter who fails to provide written notice when required by this subdivision to the owner or lessor is subject to actual damages and any other remedy provided by law.

The removal or remedial action shall be conducted in accordance with all applicable laws and regulations and in a manner which is reasonably acceptable to, and which is approved in writing by, the owner or lessor. [Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 6007 of the Business and Professions Code is amended to read:

6007. (a) When a member requires involuntary treatment pursuant to Article 6 (commencing with Section 5300) of Chapter 2 of Division 5 of, or Part 2 (commencing with Section 6250) of Division 6 of the Welfare and Institutions Code, or when under an order pursuant to Section 3051, 3106.5, or 3152 of the Welfare and Institutions Code he or she has been placed in or returned to inpatient status at the California Rehabilitation Center or its branches, or when he or she has been determined insane or mentally incompetent and is confined for treatment or placed on outpatient status pursuant to the Penal Code, or on account of his or her mental condition a guardian or conservator, for his or her estate or person or both, has been appointed, the Board of Governors or an officer of the State Bar shall enroll the member as an inactive member.

The clerk of any court making an order containing any of the determinations or adjudications referred to in the immediately preceding paragraph shall send a certified copy of that order to the State Bar at the same time that the order is entered.

The clerk of any court with which is filed a notice of certification for intensive treatment pursuant to Article 4 (commencing with Section 5250) of Chapter 2 of Division 5 of the Welfare and Institutions Code, upon receipt of the notice, shall transmit a certified copy of it to the State Bar.

The State Bar may procure a certified copy of any determination, order, adjudication, appointment, or notice when the clerk concerned has failed to transmit one or when the proceeding was had in a court other than a court of this state.

In the case of an enrollment pursuant to this subdivision, the State Bar shall terminate the enrollment when the member has had the fact of his or her restoration to capacity judicially determined, upon the member's release from inpatient status at the California Rehabilitation Center or its branches pursuant to Section 3053, 3109, or 3151 of the Welfare and Institutions Code, or upon the member's

unconditional release from the medical facility pursuant to Section 5304 or 5305 of the Welfare and Institutions Code; and on payment of all fees required.

When a member is placed in, returned to, or released from inpatient status at the California Rehabilitation Center or its branches, or discharged from the narcotics treatment program, the Director of Corrections or his or her designee shall transmit to the State Bar a certified notice attesting to that fact.

(b) The board shall also enroll a member of the State Bar as an inactive member in each of the following cases:

(1) A member asserts a claim of insanity or mental incompetence in any pending action or proceeding, alleging his or her inability to understand the nature of the action or proceeding or inability to assist counsel in representation of the member.

(2) The court makes an order assuming jurisdiction over the member's law practice, pursuant to Section 6180.5 or 6190.3.

(3) After notice and opportunity to be heard before the board or a committee, the board finds that the member, because of mental infirmity or illness, or because of the habitual use of intoxicants or drugs, is (i) unable or habitually fails to perform his or her duties or undertakings competently, or (ii) unable to practice law without substantial threat of harm to the interests of his or her clients or the public. No proceeding pursuant to this paragraph shall be instituted unless the board or a committee finds, after preliminary investigation, or during the course of a disciplinary proceeding, that probable cause exists therefor. The determination of probable cause is administrative in character and no notice or hearing is required.

In the case of an enrollment pursuant to this subdivision, the board shall terminate the enrollment upon proof that the facts found as to the member's disability no longer exist and on payment of all fees required.

(c) (1) The board may order the involuntary inactive enrollment of an attorney upon a finding that the attorney's conduct poses a substantial threat of harm to the interests of the attorney's clients or to the public or upon a finding based on all the available evidence, including affidavits, that the attorney has not complied with Section 6002.1 and cannot be located after reasonable investigation.

(2) In order to find that the attorney's conduct poses a substantial threat of harm to the interests of the attorney's clients or the public pursuant to this subdivision, each of the following factors shall be found, based on all the available evidence, including affidavits:

(A) The attorney has caused or is causing substantial harm to the attorney's clients or the public.

(B) The attorney's clients or the public are likely to suffer greater injury from the denial of the involuntary inactive enrollment than the attorney is likely to suffer if it is granted, or there is a reasonable likelihood that the harm will reoccur or continue. Where the evidence establishes a pattern of behavior, including acts likely to cause substantial harm, the burden of proof shall shift to the attorney

to show that there is no reasonable likelihood that the harm will reoccur or continue.

(C) There is a reasonable probability that the State Bar will prevail on the merits of the underlying disciplinary matter.

(3) In the case of an enrollment under this subdivision, the underlying matter shall proceed on an expedited basis.

(4) The filing of a recommendation of disbarment after hearing or default, creates, for purposes of this subdivision, a rebuttable presumption that the factors enumerated under paragraph (2) are established. The presumption described in this section is one affecting the burden of proof as defined in Section 605 of the Evidence Code.

(5) The board shall formulate and adopt rules of procedure to implement this subdivision.

In the case of an enrollment pursuant to this subdivision, the board shall terminate the involuntary inactive enrollment upon proof that the attorney's conduct no longer poses a substantial threat of harm to the interests of the attorney's clients or the public or where an attorney who could not be located proves compliance with Section 6002.1.

(d) (1) The board may order the involuntary inactive enrollment of an attorney for violation of probation upon the occurrence of all of the following:

(A) The attorney is under a suspension order any portion of which has been stayed during a period of probation.

(B) The board finds that probation has been violated.

(C) The board recommends to the court that the attorney receive an actual suspension on account of the probation violation or other disciplinary matter.

(2) The board shall terminate an enrollment under this subdivision upon expiration of a period equal to the period of stayed suspension in the probation matter, or until the court makes an order regarding the recommended actual suspension in the probation matter, whichever occurs first.

(3) If the court orders a period of actual suspension in the probation matter, any period of involuntary inactive enrollment pursuant to this subdivision shall be credited against the period of actual suspension ordered.

(e) (1) The board may order the involuntary, inactive enrollment of a member where it appears that the member has failed to file an answer to the notice initiating a disciplinary proceeding conducted under this chapter within the time allowed by the State Bar Rules of Procedure and any extensions granted thereunder, and all of the following conditions are met:

(A) The notice was duly served pursuant to subdivision (c) of Section 6002.1.

(B) The notice contained the following language at or near the beginning of the notice, in capital letters:

IF YOU FAIL TO FILE AN ANSWER TO THIS NOTICE

WITHIN THE TIME ALLOWED BY STATE BAR RULES, INCLUDING EXTENSIONS, YOU MAY BE ENROLLED AS AN INVOLUNTARY INACTIVE MEMBER OF THE STATE BAR AND WILL NOT BE PERMITTED TO PRACTICE LAW UNTIL AN ANSWER IS FILED.

(C) After the initial time to answer has passed, a letter has been served on the member through regular mailing again warning the member of the consequences of failing to file an answer, and the member has not filed an answer within 15 days after the letter was served.

(2) The board shall terminate the involuntary inactive enrollment of a member under this subdivision when an answer to the notice is filed on behalf of the member, or when a proposed answer is filed with a request to set aside the member's default.

(3) The enrollment and termination under this subdivision are administrative in character and no hearing is required.

(4) Upon the involuntary inactive enrollment of a member under this subdivision, the notice required by subdivision (b) of Section 6092.5 shall be promptly given.

(5) The board may delegate its authority under this subdivision to the presiding referee or presiding judge of the State Bar Court or his or her designee.

(f) The pendency or determination of a proceeding or investigation provided for by this section shall not abate or terminate a disciplinary investigation or proceeding except as required by the facts and law in a particular case.

(g) No membership fees shall accrue against the member during the period he or she is enrolled as an inactive member pursuant to this section.

(h) The board may order a full range of interim remedies or final discipline short of involuntary inactive enrollment, including, but not limited to, conditions of probation following final discipline, or directly ordered interim remedies, to restrict or supervise an attorney's practice of law, as well as proceedings under subdivision (a), (b), (c), or (d), or under Section 6102 or 6190. They may include restrictions as to scope of practice, monetary accounting procedures, review of performance by probation or other monitors appointed by the board, or such other measures as may be determined, after hearing, to protect present and future clients from likely substantial harm. These restrictions may be imposed upon a showing as provided in subdivision (c), except that where license restriction is proposed, the showing required of the State Bar under the factors described in subparagraph (B) of paragraph (2) of subdivision (c) need not be made.

SEC. 2. Section 6044.5 is added to the Business and Professions Code, to read:

6044.5. When an investigation or formal proceeding concerns alleged misconduct which may subject a member to criminal prosecution for any felony, or any lesser crime committed during the

course of the practice of law, or in any manner that the client of the member was a victim, or may subject the member to disciplinary charges in another jurisdiction, the State Bar shall disclose, in confidence, information not otherwise public under this chapter to the appropriate agency responsible for criminal or disciplinary enforcement or exchange such information with that agency.

SEC. 2.3. Section 6046 of the Business and Professions Code is amended to read:

The examining committee shall be comprised of 19 members, 10 of whom shall be members of the State Bar or judges of courts of record in this state and nine of whom shall be public members who have never been members of the State Bar or admitted to practice before any court in the United States. At least one of the attorney members shall have been admitted to practice law in this state within three years from the date of their appointment to the examining committee.

SEC. 2.5. Section 6046.5 of the Business and Professions Code is amended to read:

6046.5. Three of the nonattorney members of the examining committee shall be appointed by the Senate Rules Committee, three of the nonattorney members shall be appointed by the Speaker of the Assembly, and three of the nonattorney members shall be appointed by the Governor. They shall serve for a term of four years, except that of the initial nonattorney members so appointed, two shall serve for two years and four shall serve for four years, as shall be determined by lot. The nonattorney members appointed pursuant to the amendment of this code section during the 1987–88 Regular Session of the Legislature shall serve for four years. The nonattorney members shall have the same rights, powers, and privileges as any attorney member except that such a member shall not participate in the drafting of questions submitted to applicants on the State Bar entrance examination.

SEC. 3. Section 6049 of the Business and Professions Code is amended to read:

6049. (a) In the conduct of investigations and upon the trial and hearing of all matters, the board and any committee having jurisdiction, including the examining committee, may do all of the following:

The State Bar of California shall require that an applicant for admission or reinstatement to the practice of law in California, or may require a member pursuant to subdivision (k) or (*l*) of Section 6068, be fingerprinted in order to establish the identity of the applicant and in order to determine whether the applicant or member has a record of criminal conviction in this state or in other states. The information obtained as a result of the fingerprinting of an applicant or member shall be limited to the official use of the State Bar in establishing the identity of the applicant and in determining the character and fitness of the applicant for admission or reinstatement, and in discovering prior and subsequent criminal arrests of an applicant, member, or applicant for reinstatement. All fingerprint records of applicants who are denied admission to the State Bar shall be destroyed within one year of the decision not to admit. All fingerprint records of applicants admitted or members reinstated, or provided pursuant to subdivision (k) or (*l*) of Section 6068, shall be retained thereafter for the limited purpose of criminal arrest notification.

All costs of providing criminal history information to, and the processing of fingerprints for, the State Bar, except for print furnishing and encoding, as required by this section, shall be borne by the State Bar.

(h) Never to reject, for any consideration personal to himself or herself, the cause of the defenseless or the oppressed.

(6) The imposition of discipline against the attorney by any professional or occupational disciplinary agency or licensing board, whether in California or elsewhere.

SEC. 6. Section 6079 of the Business and Professions Code is repealed.

SEC. 7. Section 6079.1 is added to the Business and Professions Code, to read:

6079.1. (a) The Supreme Court shall appoint a presiding judge of the State Bar Court and no fewer than six hearing judges, and such additional hearing judges as may be authorized by the Legislature, to efficiently decide any and all regulatory matters pending before the Hearing Department of the State Bar Court. (b) Judges of the State Bar Court appointed under this section shall not engage in the private practice of law. The State Bar Court shall be broadly representative of the ethnic, sexual, and racial diversity of the population of California and composed in accordance with Sections 11140 and 11141 of the Government Code. Each judge:

(1) Shall have been a member of the State Bar for at least five years.

(2) Shall not have any record of the imposition of discipline as an attorney in California or any other jurisdiction.

(3) Shall meet such other requirements as may be established by subdivision (d) of Section 12011.5 of the Government Code.

(c) The board shall screen and rate all applicants for appointment or reappointment as a State Bar Court judge and submit its nominations to the Supreme Court, unless otherwise directed by the Supreme Court. The board shall submit its initial nominations to the Supreme Court by April 1, 1989. The board shall hold hearings and allow public comment on the qualifications of nominees submitted to the Supreme Court. Written comment received by the board and any hearing record shall be transmitted to the Supreme Court together with the nominations. The board shall submit no fewer than three nominees for each available judicial position.

(d) For judges appointed pursuant to this section or Section 6086.65, the board shall fix and pay reasonable compensation and expenses and provide adequate supporting staff and facilities. (e) From among the members of the State Bar or retired judges, the board may appoint pro tempore judges to decide matters in the Hearing Department of the State Bar Court when a judge of the State Bar is unavailable to serve without undue delay to the proceeding. The board may set the qualifications, terms, and conditions of service for pro tempore judges and may, in its discretion, compensate some or all of them out of funds appropriated by the board for this purpose.

(f) The board may fix a date no later than September 1, 1989, on which all proceedings pending before the Hearing Department of the State Bar Court shall be decided by a judge or pro tempore judge appointed under this section. From and after that date, a judge or pro tempore judge appointed under this section shall hear every regulatory matter pending in the Hearing Department of the State Bar Court as to which the taking of testimony or offering of evidence at trial has not commenced, and when so assigned, shall sit as the sole adjudicator, except for rulings which are to be made by the presiding judge of the State Bar Court or referees of other departments of the State Bar Court.

(g) Any judge or pro tempore judge of the State Bar Court as well as any employee of the State Bar assigned to the State Bar Court shall have the same immunity which attaches to judges in judicial proceedings in this state. Nothing in this subdivision limits or alters the immunities accorded the State Bar, its officers and employees, or any judge or referee of the State Bar Court as they existed prior to January 1, 1989. This subdivision does not constitute a change in, but is cumulative with, existing law.

(h) Nothing in this section shall be construed to prohibit the board from appointing persons to serve without compensation to arbitrate

fee disputes under Article 13 (commencing with Section 6200) of this chapter or to monitor the probation of a member of the State Bar, whether those appointed under Section 6079, as added by Chapter 1114 of the Statutes of 1986, serve in the State Bar Court or otherwise.

6084. (a) When no petition to review or to reverse or modify has been filed by either party within the time allowed therefor, or the petition has been denied, the decision or order of the State Bar Court shall be final and enforceable. In any case in which a petition to review or to reverse or modify is filed by either party within the time allowed therefor, the Supreme Court shall make such order as it may deem proper in the circumstances. Nothing in this subdivision abrogates the Supreme Court's authority, on its own motion, to review de novo the decision or order of the State Bar Court.

(b) Notice of such order shall be given to the member and to the State Bar.

(c) A petition for rehearing may be filed within the time generally provided for petitions for rehearing in civil cases.

(d) For willful failure to comply with a disciplinary order or an order of the Supreme Court, or any part thereof, a member may be held in contempt of court. The contempt action may be brought by the State Bar in any of the following courts:

The board of governors shall establish a State Bar Court, to act in its place and stead in the determination of disciplinary and reinstatement proceedings and proceedings pursuant to subdivisions (b) and (c) of Section 6007 to the extent provided by rules adopted by the board of governors pursuant to this chapter. In these proceedings the State Bar Court may exercise the powers and authority vested in the board of governors by this chapter, including those powers and that authority vested in committees of, or established by, the board, except as limited by rules of the board of governors within the scope of this chapter.

For the purposes of Sections 6007, 6043, 6049, 6049.2, 6050, 6051, 6052, 6077 (excluding the first sentence), 6078, 6080, 6081, and 6082, "board" includes the State Bar Court.

Nothing in this section shall authorize the State Bar Court to adopt rules of professional conduct or rules of procedure.

The Executive Committee of the State Bar Court may adopt rules of practice for the conduct of all proceedings within its jurisdiction. These rules may not conflict with the rules of procedure adopted by the board, unless approved by the Supreme Court.

SEC. 12. Section 6086.6 of the Business and Professions Code is repealed.

However, the Lay Judge, who shall be a person who has never been a member of the State Bar or admitted to practice law before any court in the United States, and the Review Department Judge may be appointed to, and paid as, positions occupying one-half the time and pay of the Presiding Judge. Candidates shall be rated and screened by the board as provided in subdivision (c) of Section 6079.1.

(b) The board may fix a date no later than September 1, 1989, on which all proceedings pending before the Review Department shall be decided by judges of the Review Department appointed under this section. The Review Department in existence on June 30, 1989, may continue on and after July 1, 1989, to exercise the duties and powers under prior Section 6086.6 as to any matter assigned to it prior to the date set by the board pursuant to this section.

SEC. 14. Section 6086.7 of the Business and Professions Code is amended to read:

6086.7. If it appears to the court that a contempt holding imposed against an attorney involves grounds warranting discipline under this chapter, the court entering the final order of contempt may transmit to the State Bar a copy of the relevant minutes, final order, and transcript, if one exists.

Whenever a reversal of a judgment in a judicial proceeding is based in whole or in part upon gross misconduct, incompetent representation, or willful misrepresentation by counsel, the court that ordered reversal of the judgment shall cause the matter to be reported to the State Bar of California for investigation with regard to the appropriateness of initiating disciplinary action against the attorney. The court shall also notify the attorney involved that the matter has been referred to the State Bar for investigation.

SEC. 15. Section 6086.8 of the Business and Professions Code is amended to read:

The discipline monitor shall monitor and evaluate the State Bar discipline system and procedures, with highest priority accorded to the disciplinary reforms and system established by the act which amended this section at the 1987–88 Regular Session of the Legislature. The monitoring shall be on a continuing basis for a period of no more than five years and shall include, but not be limited to, the reduction of the complaint backlog; the speeding up of the handling of complaints and in the rendering of initial decisions on complaints; the efficiency of the system; the fairness and courtesy given to complainants; the adequacy of the staffing and the budget allocation allocated to the discipline section of the State Bar; the consistency in the application of sanctions or discipline imposed; the implementation of laws affecting discipline and the State Bar's disciplinary standards and rules; staff concerns regarding disciplinary matters or procedures; and the State Bar's cooperation with other governmental entities charged with enforcing related laws and regulations that affect members of the State Bar.

The board may delegate the administration of the fund to the State Bar Court, or to any board or committee created by the board of governors.

(b) Upon making a payment to a person who has applied to the fund for payment to relieve or mitigate pecuniary losses caused by the dishonest conduct of an active member of the State Bar, the State Bar is subrogated, to the extent of that payment, to the rights of the applicant against any person or persons who, or entity that, caused the pecuniary loss. The State Bar may bring an action to enforce those rights within three years from the date of payment to the applicant.

(c) Any attorney whose actions have caused the payment of funds to a claimant from the client security fund shall reimburse the fund for all moneys paid out as a result of his or her conduct with interest, in addition to payment of the assessment for the procedural costs of

processing the claim, as a condition of continued practice. The reimbursed amount, plus applicable interest and costs, shall be added to and become a part of the membership fee of a publicly reproved or suspended member for the next calendar year. For a member who resigns with disciplinary charges pending or a member who is suspended or disbarred, the reimbursed amount, plus applicable interest and costs, shall be paid as a condition of reinstatement of membership.

If the attorney has a guardian or conservator, copies shall also be served upon such fiduciary in similar manner. The court may prescribe additional or alternative methods of service of the application and order to show cause, and may prescribe methods of notifying and serving notices and process upon other persons and entities in cases not specifically provided for herein.

SEC. 32. Section 6180.5 of the Business and Professions Code is amended to read:

6180.5. If the court finds that one or more of the events stated in Section 6180 has occurred, and (a) that supervision of the courts is warranted because the affected attorney has left an unfinished client matter for which no other active member of the State Bar has with consent of the client agreed to assume responsibility or (b) that the interest of one or more of the clients of the attorney or one or more other interested persons or entities will be prejudiced if the proceeding herein provided is not maintained, it may make an order assuming jurisdiction over the attorney's practice pursuant to this article. If the person to whom the order to show cause is directed does not appear the court may make its order upon the verified application or such proof as it may require. Thereupon the court shall appoint one or more active members of the State Bar to act under

its direction and may order such appointed attorneys to do one or more of the following:

(a) Examine the files and records of the law practice, and obtain information as to any pending matters which may require attention.

(b) Notify persons and entities who appear to be clients of the attorney of the occurrence of the event or events stated in Section 6180 and inform them that it may be to their best interest to obtain other legal counsel.

(d) With the consent of the client, file notices, motions and pleadings on behalf of the client where jurisdictional time limits are involved and other legal counsel has not yet been obtained.

(e) Give notice to the depositor and appropriate persons and entities who may be affected, other than clients, of the occurrence of such event or events.

(f) Arrange for the surrender or delivery of clients' papers or property.

(g) Arrange for the appointment of a receiver, where applicable, to take possession and control of any and all bank accounts relating to the affected attorney's practice of law, including the general or office account and the clients' trust account.

(h) Do such other acts as the court may direct to carry out the purposes of this article.

The court shall have jurisdiction over the files and records and law practice of the affected attorney for the limited purposes of this section, and may make all orders necessary or appropriate to exercise this jurisdiction.

SEC. 33. Section 6180.6 of the Business and Professions Code is amended to read:

Nothing in this article shall authorize the court or an attorney appointed by it pursuant to this article to approve or disapprove of the employment of legal counsel, fix terms of legal employment, fix the compensation which may have been earned by the affected attorney, or supervise or in any way to undertake to conduct such law practice except to the limited extent provided by paragraphs (3) and (4) of Section 6180.5.

SEC. 34. Section 2018 of the Code of Civil Procedure is amended to read:

2018. (a) It is the policy of the state to: (1) preserve the rights of attorneys to prepare cases for trial with that degree of privacy necessary to encourage them to prepare their cases thoroughly and to investigate not only the favorable but the unfavorable aspects of those cases; and (2) to prevent attorneys from taking undue advantage of their adversary's industry and efforts.

(b) Subject to subdivision (c), the work product of an attorney is not discoverable unless the court determines that denial of discovery will unfairly prejudice the party seeking discovery in preparing that party's claim or defense or will result in an injustice.

(c) Any writing that reflects an attorney's impressions, conclusions, opinions, or legal research or theories shall not be discoverable under any circumstances.

(d) This section is intended to be a restatement of existing law relating to protection of work product. It is not intended to expand or reduce the extent to which work product is discoverable under existing law in any action.

(e) The State Bar may discover the work product of an attorney against whom disciplinary charges are pending when it is relevant to issues of breach of duty by the lawyer, subject to applicable client approval and to a protective order, where requested and for good cause, to ensure the confidentiality of work product except for its use by the State Bar in disciplinary investigations and its consideration under seal in State Bar Court proceedings. For purposes of this section, whenever a client has initiated a complaint against an attorney, the requisite client approval shall be deemed to have been granted.

SEC. 35. Sections 6 and 12 of this bill shall become operative July 1, 1989.

SEC. 36. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 37. Sections 1 to 36, inclusive, of this act shall become operative only if Assembly Bill 4391 of the 1987–88 Regular Session of the Legislature is enacted.

SEC. 29. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1163

An act to add Sections 21209 and 31760.3 to the Government Code, relating to public retirement.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 21209 is added to the Government Code, to read:

21209. The sole purpose of this section is to notify the current spouse of the selection of benefits or change of beneficiary made by a member. Nothing in this section is intended to conflict with community property law. An application for a refund of the member's accumulated contributions, an election of optional settlement, or a change in beneficiary designation shall contain the signature of the current spouse of the member, unless the member declares, in writing under penalty of perjury, any of the following:

(a) The member is not married.

(b) The current spouse has no identifiable community property interest in the benefit.

(c) The member does not know, and has taken all reasonable steps to determine, the whereabouts of the current spouse.

(d) The current spouse has been advised of the application and has refused to sign the written acknowledgment.

(e) The current spouse is incapable of executing the acknowledgment because of incapacitating mental or physical condition.

(f) The member and the current spouse have executed a marriage settlement agreement pursuant to Chapter 6 (commencing with Section 5133) of Title 8 of Part 5 of Division 4 of the Civil Code which makes the community property law inapplicable to the marriage.

This section shall become operative on January 1, 1990.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act does not mandate a new program or higher level of service on local government. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 4 (commencing with Section 17550) of Part 7 of Division 2 of Title 2 of the Government Code.

CHAPTER 1164

An act to amend Section 7925 of, to repeal and add Article 4.5 (commencing with Section 8230) of Chapter 2 of Part 3 of Division 6 of, and to repeal Sections 8234 and 8238.3 of, the Fish and Game Code, relating to commercial fishing, and making an appropriation therefor.

[Approved by Governor September 21, 1988 Filed with Secretary of State September 22, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 7925 of the Fish and Game Code is amended to read:

7925. (a) If a vessel is licensed under this article and is used to take salmon or has salmon aboard in ocean waters north of Point Arguello, there shall be on board that vessel, a total number of commercial fishing salmon stamps sufficient to have at least one for the operator and one for each crewmember required by United States Coast Guard regulations, excepting an operator or a crewmember who is exempt from the requirement under subdivision (b) of Section 7860. The commercial fishing salmon stamps shall be affixed to either the commercial fishing licenses of the operator and the crewmembers or, pursuant to subdivision (b), to the commercial passenger fishing license. No person shall operate, or cause to be operated, any vessel licensed under this article in violation of this subdivision.

(b) Notwithstanding Section 1053, the department may issue to the owner or operator of a vessel licensed pursuant to this article, upon application and payment of the fees prescribed in subdivision (c) of Section 7860, one commercial fishing salmon stamp for the operator and not more than one additional commercial salmon stamp for each crewmember required by the United States Coast Guard regulations. The commercial fishing salmon stamps issued under this subdivision shall be affixed to the vessel's commercial passenger fishing boat license issued pursuant to this article.

This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 2. Article 4.5 (commencing with Section 8230) of Chapter 2 of Part 3 of Division 6 of the Fish and Game Code is repealed.

SEC. 2. Article 4.5 (commencing with Section 8230) is added to Chapter 2 of Part 3 of Division 6 of the Fish and Game Code, to read:

Article 4.5. Commercial Salmon Vessel Permits

8230. (a) The Legislature finds and declares that commercial salmon fishing is in the public interest and that the preservation of commercial salmon fishing directly affects the health and welfare of the public. The Legislature further finds and declares that, due to past declines in salmon stocks, the increase in the quality and value of salmon on the market, the number and types of vessels being used, the commensurate salmon fishing potential of the commercial salmon fishing fleet, and the demand for entry into the commercial salmon fishery, it is necessary and proper to limit the persons who are eligible to take salmon for commercial purposes and to regulate

the amount of salmon that may be taken by restricting the number and salmon fishing potential of the vessels in the commercial salmon fishing fleet in order to preserve and rebuild the salmon resource, to protect commercial salmon fishing, and thereby to protect the health and welfare of the public.

(b) The Legislature further finds and declares the following:

(1) The salmon resource declined in 1983 and 1984 as a result of the most severe warm water El Nino current of this century, which caused major disruptions and hardship in the commercial salmon fishery. Habitat destruction in the rivers of California has also depleted the salmon stocks which are bred and reared in those rivers.

(2) The Pacific Fishery Management Council has imposed season closures on the taking of salmon since 1982, including a total prohibition on commercial taking of salmon in 1985 along portions of the northern California coast to protect the king salmon stock from the Klamath River. In 1987, a five-year agreement was signed which allocates the king salmon stock from the Klamath River between ocean commercial and recreational users and in-river Indian and recreational users. This agreement may result in further closures.

(3) Nearly 30 percent of the commercial salmon fishing vessels which were permitted to take salmon for commercial purposes in California did not record landings of salmon in the 1986 and 1987 commercial salmon seasons.

(4) There are more than enough commercial salmon fishing vessels for which commercial salmon fishing permits have been issued to harvest the less than 10 million pounds of salmon that are currently available annually. With the present fleet makeup between large vessels and small vessels and between full-time and part-time fishermen, it is estimated that the present resource capacity may accommodate a fleet of not more than 2,500 permitted vessels. Therefore, no new permits should be issued until the time that the fleet size falls below 2,500 permitted vessels. Adequate provision for entry of new persons or vessels to the commercial salmon fishery is afforded by transfers of vessels for which permits have been issued and renewed and by transfers of those existing permits to vessels of the same or less salmon fishing potential.

8231. The following definitions govern the construction of this article:

(a) "Agent" means the person designated in writing by the owner as the owner's representative.

(b) "Appeal" means a request for reconsideration of an action of the review board, the department, or the commission pursuant to this article.

(c) "Change of ownership" means the transfer of ownership of a permitted vessel to a new owner.

(d) "Commercial salmon vessel permit" means an annual permit issued by the department to an owner of a commercial fishing vessel for use of that vessel to take salmon for commercial purposes and shall not be considered personal property.

(e) "Fishing potential" means the capability and capacity for harvesting salmon of a particular commercial fishing vessel. "Fishing potential" includes, but is not limited to, a rating based upon factors such as size, seaworthiness, propulsion system, hold size, and hull design.

(f) "Owner" means the person or persons designated as the registered owner of a vessel on a certificate of documentation issued by the United States Coast Guard or on a copy of the vessel registration issued by the vessel registration agency of the state where the owner is a resident. For purposes of this subdivision, in California, the vessel registration agency is the Department of Motor Vehicles.

(g) "Permit" means a commercial salmon vessel permit as defined in subdivision (d).

(h) "Permitted vessel" means a commercial fishing vessel for which a permit is currently valid.

(i) "Replacement vessel" means a commercial fishing vessel for the use of which a permit is proposed to be transferred pursuant to this article.

(j) "Review board" means the commercial salmon fishing review board created pursuant to Section 8247.

(k) "Transfer" means the issuance of a permit for use of a replacement vessel.

8232. It is unlawful to take or possess salmon for commercial purposes on a vessel unless all of the following conditions are met:

(a) The vessel is registered with the department pursuant to Section 7890, and the owner of the vessel has a valid commercial salmon vessel permit for the use of that vessel.

(b) The permit for the use of the vessel is affixed to the vessel adjacent to the department registration plate unless otherwise authorized by the department.

(c) The permit affixed to the vessel is visible at all times.

8232.5. (a) Except as provided in this section, it is unlawful to take salmon for sport purposes on a permitted vessel.

(b) Subdivision (a) does not prohibit taking salmon for sport purposes under a sportfishing or a sport ocean fishing license, which is issued pursuant to Article 3 (commencing with Section 7145) of Chapter 1, on a vessel licensed as a commercial passenger fishing boat pursuant to Section 7920 and engaged in that business on any day when salmon are not being taken for commercial purposes on that vessel.

8233. A permit is valid from April 1 to the next succeeding March 31. Except as otherwise provided in this article, a permit shall be renewed prior to expiration. Each permit issued by the department shall display the expiration date on the face of the permit.

8233.1. The holder of a permit issued under this article who moves or acquires a new address different from the address shown on the application or on the certificate of boat registration shall notify the department of the old and new address.

8233.3. Except as otherwise provided in this article, the department shall issue a permit, upon application and payment of the renewal fees pursuant to Section 8235, which is valid for the subsequent permit year, to the owner of a permitted vessel which is registered with the department pursuant to Section 7890.

8233.4. Except as otherwise provided in this article, the department shall issue a permit, upon payment of the transfer fees pursuant to subdivision (a) of Section 8239 and surrender to the department of the permit for the use of the permitted vessel, to the owner of a replacement vessel which is registered with the department pursuant to Section 7890, if the transfer has been approved pursuant to Section 8241.

8233.5. Except as otherwise provided in this article, the department shall change the designation of the holder of a permit, and with it shall go all rights, privileges, and obligations of a permit holder, including rights of renewal, upon receipt of a notice of change of ownership to a new owner of a permitted vessel upon change of ownership in the permitted vessel. A permit changed pursuant to this section is valid for the permit year during which it is issued.

8233.8. Except as otherwise provided in this article, the department shall issue a permit to the owner of a commercial salmon fishing vessel which is registered with the department pursuant to Section 7890 for the new entry of that vessel into the commercial salmon fishery if that owner is authorized to be issued a permit for the use of that new entry vessel pursuant to subdivision (b) of Section 8245.

8233.9. Section 8101 does not apply to this article.

8234. (a) The department shall not issue a permit under this article unless one of the following first occurs:

(1) The applicant presents to the department a commercial fishing salmon stamp issued to the owner or an agent of the owner. No commercial fishing salmon stamp shall be presented or accepted by the department to authorize issuance of a permit under this section for more than one vessel.

(2) The applicant obtains a commercial fishing salmon stamp and pays the fees for the stamp if required by and as provided in subdivision (b) of Section 7852.3 and subdivision (a) of Section 7860.

(3) On or before April 1 of the current license year, the owner is 70 years of age.

(b) The first commercial fishing salmon stamp issued to an owner, or to that owner's agent, shall be affixed to the commercial fishing license of that owner or agent. Any additional commercial fishing salmon stamps issued to the owner or the owner's agent pursuant to paragraph (1) of subdivision (a) for purposes of obtaining permits for use of additional commercial salmon fishing vessels shall be affixed to each additional vessel's registration issued pursuant to Section 7890.

(c) This section shall remain in effect only until January 1, 1992,

and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

8235. (a) The owner of a permitted vessel, or that owner's agent, may apply for renewal of the permit annually on or before March 31, upon payment of the fees established under subdivision (b), without penalty. Upon receipt of the application and fees, the department shall issue the permit for use of the permitted vessel in the subsequent permit year only to the owner of the permitted vessel.

(b) The department shall fix the annual fee for the renewal of the permit in an amount it determines to be necessary to pay the reasonable costs of implementing and administering this article.

(c) If an owner to whom a permit has been issued, or that owner's agent, applies for renewal of the permit, and the application for the renewal is received in an office of the department, or is postmarked if mailed, after March 31 but on or before April 30, the department shall accept the application and, upon payment of an additional late fee of one hundred dollars ($100), the department shall issue the permit for use of the permitted vessel in the subsequent permit year.

(d) If the department does not receive a vessel permit renewal application for any vessel for which a vessel permit has been issued, the department shall notify the owner of the vessel. The notice shall be in writing, shall be addressed to the owner at the address listed on his or her most recent vessel permit or vessel permit renewal application, and shall be sent by certified mail not later than April 20. The notice shall include all of the following:

(1) Instruction on how to apply for vessel permit renewal.

(2) Information on the provisions of subdivision (c).

(3) Information on the provisions of subdivision (f).

(e) The department shall suspend any late fees otherwise due under subdivision (c) and shall issue a permit for use of the permitted vessel in the subsequent permit year if the department is unable to accept applications for renewal of permits by March 1.

(f) Except as provided in subdivision (c) of this section, the department shall not renew a permit for which the application for renewal is not received, or, if mailed, is received or postmarked after expiration of the permit.

(g) The applicant for a permit issued or renewed under this article shall certify under penalty of perjury that the person to whom the permit is to be issued is the owner of the vessel for the first issuance or renewal of a permit on and after January 1, 1989.

8236. (a) The department shall send a written notice of renewal and a permit renewal application to the owner of each currently permitted vessel at the most recent address of that owner in the records of the department. The notice shall be sent by first-class mail before March 1. The department shall mail a copy of the notice for renewal to all associations and groups known to the department to be representing commercial salmon fishermen. The department shall also provide blank permit renewal applications at appropriate offices of the department.

(b) The notice shall include all of the following:

(1) Instructions on how to apply for renewal of a permit.

(2) Information on the provisions of subdivisions (c) and (e) of Section 8235.

(c) Failure to receive the notice under this section does not exempt or excuse the owner from the requirement of annual renewal of the permit on or before the permit expiration date.

8237. (a) The department shall change the designation of the holder of a permit to the new owner of a permitted vessel upon change of ownership of the permitted vessel, whether the change of ownership is by contract, by operation of law, or otherwise.

(b) The permit shall not be transferred to any other vessel, except by the issuance of a permit for use of the replacement vessel pursuant to subdivision (c) and Sections 8239 to 8241, inclusive.

(c) The owner of the permitted vessel may seek to retire the permitted vessel from the commercial salmon fishery and apply for transfer of the permit, to be issued pursuant to Section 8241, for use of a replacement vessel.

8238. On or before January 1, 1991, the department, in consultation with the review board, shall establish and adopt, in the manner prescribed in Section 8238.3, a vessel classification system to determine the fishing potential of replacement vessels for applications for transferred permits to be issued pursuant to Section 8241, including consideration of how the vessel from which the permit is sought to be transferred was used, the vessel's highest and best use by a prudent operator, and the fishing potential of prospective vessels for applications for new, original permits.

8238.1. The vessel classification system shall be used by the department in consultation with the review board for issuance of new original vessel permits pursuant to Section 8243 and as a guideline for the review board in making its recommendations to the department on vessel permit transfers.

8238.3. (a) On or before March 1, 1990, the department and the review board shall develop a draft of the vessel classification system. In developing the draft, the department and the review board shall consider factors effecting the capability and capacity of taking salmon on a commercial salmon fishing vessel, including, but not limited to, the size, seaworthiness, propulsion, hold size, and hull design of the vessel, and any other factors the department or the review board deems appropriate.

(b) On or before March 1, 1990, the department shall mail a copy of the draft vessel classification system to each owner of a permitted vessel at the address on the records of the department. The department shall also mail a copy of the draft vessel classification system to all interested persons known to the department and all associations and groups known to the department to be representing commercial salmon vessel owners.

(c) For purposes of this section, "interested person" means any person who has notified the review board or the department on or

before March 1, 1990, of his or her interest in the commercial salmon fishery and has requested to be included in the mailing of the draft of the vessel classification system.

(d) The department shall include with the draft of the vessel classification system, which is mailed pursuant to subdivision (b), a notice that, for 60 days after the date of mailing, it will accept public comments on the draft vessel classification system which are sent to the department at its office designated on the notice.

(e) After the public comment period, the department, with the assistance of the review board, shall establish and adopt the vessel classification system after taking into consideration the public comments received.

(f) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1992, deletes or extends that date.

8239. A transfer may be approved and a permit issued for use of a replacement vessel pursuant to Section 8241 under all of the following conditions:

(a) The vessel owner submits a written request for the transfer to the department on a form provided by the department and pays a nonrefundable transfer fee of one hundred dollars ($100).

(b) The permit for the permitted vessel is current, and the owner of the permitted vessel makes assurances in the application that any renewal of the permit which becomes due during the application processing period will be made.

(c) The owner of the permitted vessel submits evidence with the application sufficient to establish that he or she is the owner of the permitted vessel at the time of the application for the transfer.

(d) The vessel owner submits evidence with the application sufficient in the judgment of the review board and the department to establish that the replacement vessel has the same fishing potential as, or less fishing potential than, the permitted vessel.

(e) Under penalty of perjury, the vessel owner signs the application for transfer and certifies that the included information is true to the best of his or her information and belief.

(f) The same transfer has not been requested within the previous 12 months or the same transfer has not previously been denied and that denial is final, unless the application or supporting information are different than that contained in the previous application, as determined by the department and after consultation with the review board.

(g) The permittee has 50 percent or greater ownership interest in the permitted vessel and in the replacement vessel. For purposes of this subdivision and subdivision (h), "permittee" means an individual designated as the owner of the permitted vessel.

(h) Except as provided in Section 8239.1 or paragraph (5) of subdivision (a) of Section 8246.7, the permittee has maintained a 50 percent or greater ownership interest in the permitted vessel for not less than 18 months prior to the date of the transfer and the permit

for use of the permitted vessel has been maintained for that vessel and has not been previously transferred less than 18 months prior to the date of the transfer.

(i) The permittee has written authority from the legal owner, if other than the permittee or mortgager, if any, to transfer the vessel permit from the permitted vessel.

8239.1. (a) Unless otherwise prohibited, the department shall accept a transfer application within one year after the date that a permitted vessel was lost, stolen, or destroyed, notwithstanding any inability to physically examine the permitted vessel to determine its salmon fishing potential. Only the permittee at the time of the loss, theft, or destruction of the vessel may apply for the transfer of the vessel permit. Proof that a vessel is lost, stolen, or destroyed shall be in the form of a copy of the report filed with the United States Coast Guard or any other law enforcement agency or fire department investigating the loss.

(b) (1) The owner, or the owner's agent, may request an extension of the time to complete a transfer under subdivision (a) if the application for extension is submitted before the end of the time to submit an application under subdivision (a), or before the end of any previous extensions granted under this subdivision, whichever date is later.

(2) The department, after consultation with the review board and for good cause shown, including, but not limited to, inability to find a replacement vessel or pending litigation, may grant an extension of the time to complete a transfer under subdivision (a) for a period of six months. The department may grant further extensions under this subdivision, not to exceed a total time period of five years after the date the permitted vessel was lost, stolen, or destroyed if the permit fees are paid annually as required in paragraph (2) of subdivision (b) of Section 8239 and subdivision (c) of Section 8240.

8239.2. The department, in cooperation with the review board, shall establish and implement administrative procedures for the administration of this article.

8239.6. A permit issued for the use of a replacement vessel under Section 8241 is valid for the balance of the permit year for which the permit for the use of the permitted vessel was originally issued or last renewed, and the permit issued under this section authorizes the use of the replacement vessel only for that period.

8239.9. Notwithstanding Section 8239, 8239.1, or 8239.2, any person may request the review board to determine the fishing potential of any permitted vessel or any replacement vessel before a transfer application for a permit for use of a replacement vessel is submitted to the department. The person making a request under this subdivision is not required to be the owner of either vessel. A determination under this subdivision is not binding on the review board or the department and is only advisory.

8240. (a) The department shall not issue a permit for use of a replacement vessel if the permitted vessel was reported as lost,

stolen, or destroyed by fraudulent means or for fraudulent purposes.

(b) The department shall not issue a permit for use of a replacement vessel if the application contains or is accompanied with fraudulent or willfully misleading information.

(c) The department shall not issue a permit for use of a replacement vessel or to a new owner of a permitted vessel if the permit for the permitted vessel expires and is not renewed. Except as provided in Section 8235, an owner of a permitted vessel shall renew the permit before the expiration date even if that owner has a transfer application pending.

(d) The department may refuse to issue a permit for use of a replacement vessel or to issue a permit to a new owner of a permitted vessel on any grounds for which a permit may be suspended or revoked.

8241. The department shall issue the permit for use of a replacement vessel if it determines, after consultation with the review board, the following:

(a) The replacement vessel has the same fishing potential as, or less fishing potential than, the permitted vessel. The review board and the department shall consider the type of fishery the vessel was previously used in and the vessel's highest and best use by a prudent operator, and the review board shall make written findings on those facts.

(b) The replacement vessel's fishing potential will not substantially increase fishing capacity over that which resulted from the operation of the permitted vessel.

(c) The applicant owns the replacement vessel.

(d) The conditions in this article are satisfied.

8242. A person seeking to gain entry into the commercial salmon fishery may obtain a permit under either of the following conditions:

(a) By legally obtaining the ownership of a permitted vessel and notifying the department of the change of ownership of the permitted vessel.

(b) By applying to obtain a new, original permit issued by the department pursuant to Sections 8244 and 8245.

8243. (a) If the department determines that the number of permitted vessels is less than 2,500, the department shall determine, after consultation with the review board, the number and vessel classification for which any new, original permits may be issued to bring the total number of permitted vessels to no more than 2,500.

(b) New, original permits to be issued shall be authorized by vessel classifications established under Section 8238.

8244. (a) An applicant may apply for a new, original permit as either an individual, a joint venture, or a corporation. The applicant may submit only one application annually. The application shall be made on a form provided by the department.

(b) An applicant for a new, original permit under this section shall submit a completed application as directed by the department. The completed application and the application fees prescribed in

subdivision (c), shall be delivered or postmarked on or before February 1, in order to be considered for permits for the subsequent permit year.

(c) The applicant shall submit with the application a nonrefundable application fee determined by the department in an amount sufficient to pay the costs of administering the issuance of new, original permits by the department, which shall be not less than twenty-five dollars ($25).

(d) The department, after consultation with the review board, shall determine the fishing potential of the vessel for use of which the new, original permit is to be issued and otherwise determine if the applicant is eligible to be issued a permit under this article.

8245. (a) The department shall conduct a drawing from the applicants determined to be eligible for new, original permits pursuant to Section 8244 on the first Friday in March of each year that new, original permits are authorized to be issued pursuant to Section 8243.

(b) (1) The department shall issue a permit to each of those applicants who are drawn upon payment of the fees prescribed in paragraph (2) for the permit and, except as provided in subdivision (d), submittal of sufficient information to establish that the applicant is the owner of a vessel within the vessel classification designated in the application.

(2) The amount of the fees for a permit issued under this section are the same as the amount of the fees for renewal of a permit for the subsequent license year beginning on April 1 which are established pursuant to subdivision (b) of Section 8235. A successful applicant shall pay the fees for the permit on or before March 31. The department shall deposit the fees to the fund pursuant to Section 13001.

(c) Except as provided in subdivision (d), a successful applicant shall submit proof of ownership of the vessel to be used under the permit within 90 days of the drawing.

(d) (1) A successful applicant may request one extension of no more than 90 days to obtain a vessel as designated in the application. The department, after consultation with the review board, may grant that extension.

(2) If any successful applicant does not establish that he or she is the owner of a vessel as designated in the application and affix the new permit on that vessel or on another vessel with the same or less fishing potential, as determined by the department after consultation with the board, within 90 days or by the end of a 90 day extension granted by the department, the new permit is null and void.

(3) The department or the review board is not liable for any risk of failure by the applicant to obtain a vessel which is designated in an application or to complete the process for determination of the fishing potential of another vessel, or for failure by the applicant to obtain that other vessel, in the time prescribed in this section.

8245.5. The review board shall review the effectiveness of new entry provisions every three years beginning three years following the first permit drawing and make recommendations to the department for any changes it finds to be needed in the new entry system.

8246. (a) The commission, after notice and opportunity for hearing and consultation with the review board, may suspend or revoke the commercial salmon fishing privilege for any of the following reasons:

(1) The person was not lawfully entitled to be issued a commercial fishing salmon stamp.

(2) A conviction of a violation of this code, or regulations adopted pursuant thereto, relating to commercial salmon fishing.

(3) A conviction of a violation of federal law, including the Magnuson Fishery Conservation and Management Act (16 U.S.C. Sec. 1801 et seq.) and regulations adopted pursuant thereto, relating to commercial salmon fishing.

(4) A violation of any requirement, term, or condition of commercial salmon fishing.

(b) At any time after notice of an order suspending or revoking of a person's commercial salmon fishing privilege under subdivision (a) is issued by the commission, and before the order of suspension or revocation is final, the commission may, with the agreement of the person subject to the action, compromise or dismiss the action to suspend or revoke the commercial salmon fishing privilege in the best interests of the state, or the commission may compromise or dismiss the action with the agreement of the person subject to the action on terms and conditions, which may include, but are not limited to, the payment of civil damages, the reduction of a revocation to a suspension for a specified period of time, or any other terms and conditions.

(c) The commission, after notice and opportunity for hearing and consultation with the review board, may suspend or revoke the commmercial fishing privilege, authorized under a license issued for the purposes of Section 7850 or 7852.3, for any violation of a term or condition of an agreement to compromise or dismiss a separate suspension or revocation action which was made pursuant to subdivision (b).

(d) If the commission orders a suspension or revocation of a person's commercial salmon fishing privilege, any permit issued pursuant to this article shall be renewed when the next renewal is due or the permit shall expire as provided in Section 8233.

(e) Subdivision (c) does not apply if an action is brought to recover civil damages under Section 2014 from the person subject to action under this section.

8246.2. (a) The commission, in consultation with the department and the review board, shall adopt regulations for the determination of civil damages provided for in subdivision (b) of Section 8246 which give due consideration to the appropriateness of

the civil damages with respect to all of the following factors:

(1) The gravity of the violation.

(2) The good faith of the convicted licensee.

(3) The history of previous violations.

(4) The damage to the fishery.

(5) The cost of restoration of the fishery.

(b) Civil damages imposed under subdivision (b) of Section 8246 shall be due and payable on or before a date which is 30 days after the compromise is entered into.

8246.4. The commission, after notice and opportunity for hearing and consultation with the review board, shall revoke a commercial salmon vessel permit issued pursuant to this article if the vessel permit was obtained by fraudulent means.

8246.6. A person whose commercial salmon fishing vessel permit is revoked by the commission, who has been refused renewal of a permit by the department, or who has been denied a permit transfer may appeal the revocation, refusal, or denial to the commission by submitting the appeal in writing to the commission within 60 days of the decision.

8246.7. (a) The commission shall reverse an order of revocation, order the permit renewed, or order the approval of a permit transfer only if it finds one of the following grounds:

(1) The permittee failed to submit an application and pay the fees for renewal on or before April 30 pursuant to Section 8235 and the failure to renew a permit until after the expiration date was due to death, physical illness, mental incapacity, or being called to active military duty, and the person was not reasonably able to have an agent renew the permit.

(2) A lienholder of a permitted vessel, if the vessel is the property of the lienholder as a result of foreclosure, surrender, or litigation, can show loss due to the nonrenewal of a permit by the permittee, and the nonrenewal occurred without the knowledge of the lienholder.

(3) If, in the case of permit revocation because of fraud, evidence is provided to the commission disputing the charges of fraud. If the commission finds there was no fraud after consideration of all of the evidence, the commission may order the revocation annulled, and, if the permit expiration date has passed during the pendency of the hearing on the appeal, the commission may order the department to renew the permit upon payment of the fees.

(4) The denial of the permit transfer was arbitrary or capricious.

(5) The denial of the permit transfer was pursuant to subdivision (g) or (h) of Section 8239 and the applicant can show that the 18-month requirement cannot be met due to death, physical illness, mental incapacity, or being called to active military duty.

(b) Each appeal shall be heard and considered separately on its own merits.

8246.8. The commission and the department may make and enforce regulations that may be necessary or convenient for carrying

out any power, authority, or jurisdiction delegated to it under this article.

8247. There is in the department a commercial salmon fishing review board, which consists of five voting members appointed by the director. The director or a designee of the director shall attend meetings of the review board as a nonvoting member. The director may remove a member of the review board for cause.

8247.1. (a) Three of the voting members of the review board shall be owners of permitted vessels appointed by the director from lists submitted by associations or groups representing commercial salmon fishing vessel owners.

(b) Two of the voting members of the review board shall be owners of permitted vessels appointed by the director from lists submitted by individual commercial salmon fishing vessel owners.

(c) Any voting member of the review board may appoint an alternate member to represent him or her at any meeting of the review board. The director may, within 60 days of the appointment, refuse an alternate member. The alternate shall serve at the pleasure of the member who appointed him or her and shall have all the powers and duties of a member of the commercial salmon fishing review board, except that the alternate shall only participate and vote in meetings in the absence of the member who appointed him or her.

8247.2. The terms of the members of the review board shall be for staggered four year terms. Necessary and proper expenses shall be paid to review board members. Each member, or any alternate member participating on behalf of a regular member in that member's absence, shall receive one hundred dollars ($100) per day for each day of attendance and participation in meetings of the review board.

8247.3. Each member appointed to the review board under this article as it read prior to its reenactment in the 1988 portion of the 1987–88 Regular Session shall continue to serve for the term for which he or she was appointed and may be reappointed.

8247.4. The review board shall function as an advisory body to the department regarding implementation of the provisions of this article. The review board shall act by a majority vote of the members present and voting. The review board shall not act unless there is a quorum of the voting members, including alternate members in the absence of their appointing members, and the director or his or her designee present.

8247.5. (a) The Legislature declares that individuals appointed as members of the review board shall be chosen from the commercial salmon fishing industry in order to represent and further the interest of the industry and commercial salmon fishing vessel owners, and this representation serves the general public interest.

(b) Each member of the review board is exempt from Section 87100 of the Government Code, unless the result of his or her actions taken as board members has a material financial effect on him or her

distinguishable from its effect on other members of the commercial salmon fishing industry generally.

8247.6. Members and alternate members of the review board shall act in the best interest of the state, the department, and the commercial salmon fishing industry. As members of the review board, no member or alternate member shall take any action, because of his or her position, that results in a direct material effect on any of them, distinguishable from its effect on other members of the commercial salmon fishing industry.

8247.7. The director may adopt standards and criteria by regulation that shall be applied by the review board in carrying out its activities under this article.

8247.8. The review board shall do all of the following:

(a) Consider and make recommendations to the department on requests for permit transfers.

(b) Recommend to the department, the number and classification of new vessel permits to be issued annually, if any, pursuant to Section 8243.

(c) Consult with and advise the commission as required by Sections 8246, 8246.2, and 8246.4.

(d) Consult with the department and advise on the establishment of the vessel classification system pursuant to Section 8238.

8248. If any provision of this article or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1165

An act to amend Sections 66780.1, 66780.5, 66780.6, and 66784.3 of the Government Code, relating to solid waste.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 66780.1 of the Government Code is amended to read:

66780.1. (a) Each county, in cooperation with affected local jurisdictions, shall prepare, subject to the approval of the plan by a

majority of the cities within the county which contain a majority of the population of the incorporated area of the county, except in those counties which have only two cities, in which case the plan is subject to the approval of the city which contains a majority of the population of the incorporated area of the county, a comprehensive, coordinated solid waste management plan, consistent with state policy and any appropriate regional or subregional solid waste management plan, for all waste disposal within the county or any other designated jurisdiction, based upon population and waste generated, and for all waste originating within the county or jurisdiction which is to be disposed of outside of the county. Each solid waste management plan shall be submitted for review and comments to the regional planning agency for the region prior to submission to the board. Any county, with the agreement of a majority of the cities within the county which contain a majority of the population of the incorporated area of the county, except in those counties which have only two cities, in which case the transfer is subject to the agreement of the city which contains a majority of the population of the incorporated area of the county, may transfer the responsibility for the preparation of the solid waste management plan to the regional planning agency for the region. Each plan shall include an implementation schedule, as defined in Section 66714.9, no later than July 1, 1984. Each plan shall also include an analysis of the economic feasibility of the plan, including the cost of waste disposal in the designated jurisdiction. Where appropriate, the plan may include elements providing for subregional solid waste management covering more than one county or parts thereof and providing for related costs of additional fees or charges. The plan shall not supersede plans of any local jurisdiction unless there is agreement by all parties concerned.

(b) On or before January 1, 1989, the board shall review, after consultation with local officials, the adoption, application and cost of the implementation schedules required by subdivision (a) and report its findings to the Legislature.

SEC. 2. Section 66780.5 of the Government Code is amended to read:

66780.5. In addition to the other requirements of this title, the county solid waste management plan prepared pursuant to Section 66780 shall:

(a) Include in the first revision as required in Section 66780.7 an amendment delineating an enforcement program in accordance with Chapter 3 (commencing with Section 66795), which has been reviewed by the board and the State Department of Health Services.

(b) Identify a program for the safe management of hazardous wastes, as defined in Section 25117 of the Health and Safety Code, which are generated by households and which should be separated from the solid waste stream, to the extent that the county determines a need for this program.

(c) Be reviewed, and revised, if appropriate, at least every three

years and revised where necessary to be consistent with state policy. A report of the results of the plan review shall be submitted to the board and to the department beginning on the third anniversary of the date of board approval of the plan submitted pursuant to Section 66780 with subsequent reviews and reports at least every three years thereafter.

(d) Any amendment to the plan shall be approved by a majority of the cities within the county which contain a majority of the population of the incorporated area of the county, except in those counties which have only two cities, in which case the amendment shall be approved by the city which contains a majority of the population of the incorporated area of the county. Each proposed amendment shall be submitted to each city within the county. Each city shall act upon the proposed amendment within 90 days after the city has received the amendment. If a city fails to act upon the proposed amendment within 90 days after receiving the amendment, the city shall be deemed to have approved the amendment as submitted. Each amendment shall be submitted to the board for approval as to its compliance with state policy.

(e) At the next revision of the plan occurring on or after January 1, 1987, the plan shall be revised to indicate the amount of asbestos waste generated in the county from asbestos removal projects and the sites or potential sites which have been designated to accept that waste. If it is concluded that the quantities of asbestos waste are not significant or that there are no sites located within the area covered by the county solid waste management plan where the asbestos waste could feasibly be disposed of, then the plan need not designate sites or potential sites for accepting such waste. If the plan does not designate sites or potential sites for accepting asbestos waste, then it shall identify measures which the county intends to take to secure the availability of sites for that purpose.

(f) In addition to the requirements of Section 66780.2, at the next revision of a solid waste management plan occurring on or after January 1, 1988, the plan shall be revised to include a plan by the county which establishes a goal of recycling 20 percent of the solid waste generated in the county, and actions the county will take to achieve this goal.

SEC. 3. Section 66780.6 of the Government Code is amended to read:

66780.6. (a) Notwithstanding Section 66780.1 and except as provided in subdivision (b), any county, with the consent of the county and the consent of the majority of the cities within the county which contain a majority of the population of the incorporated area in the county, except in those counties which have only two cities, in which case the joinder shall be subject to the consent of the city which contains a majority of the population of the incorporated area of the county, may join with one or more other counties to form a regional planning authority in any manner provided by law. If a bicounty or multicounty solid waste planning authority is created,

that authority shall prepare, amend, and revise a regional solid waste management plan, subject to the consent of the counties and a majority of the cities within each county which contain a majority of the population of the incorporated area in each county, except in those counties which have only two cities, in which case the consent shall be required of the city which contains a majority of the population of the incorporated area of the county.

(b) A regional solid waste management plan shall be prepared and updated by the Association of Bay Area Governments for the San Francisco Bay Area, as defined by the Office of Planning and Research pursuant to Section 65040.4. The regional plan shall be developed in cooperation with all affected local jurisdictions, and shall be based primarily on county solid waste management plans submitted to and approved by the board pursuant to this chapter. The regional plan shall address only those regional issues identified by local governments in the county solid waste management plans. Policies and programs for regional solid waste management shall be consistent with the state policy to protect the public health, enhance the environment and conserve its natural resources, as adopted by the board pursuant to Section 66770 of this chapter. Regional programs and policies shall not include aspects of solid waste handling that are primarily the responsibility of local governments, as defined by Sections 66732 and 66771. In order that the provisions of Sections 66701 and 66770 of this chapter are carried out to the maximum feasible extent, the regional plan shall be consistent with the San Francisco Bay Area air quality maintenance plan prepared and revised pursuant to the Federal Clean Air Act of 1970, as amended, and shall be consistent with the areawide waste treatment management plan prepared and revised pursuant to Section 208 of the Federal Water Pollution Control Act, as amended. The regional plan, and subsequent amendments thereto, shall be submitted to the general assembly of the association. Once approved in such assembly by a majority of the counties representing a majority of the population of the San Francisco Bay Area, and in such assembly by a majority of the cities representing a majority of the population of incorporated areas in the San Francisco Bay Area, the regional plan shall be submitted to the board for approval. Submission of the initial plan shall be made in April 1978, together with the areawide waste treatment management plan to be submitted to the State Water Resources Control Board and the air quality maintenance plan to be submitted to the State Air Resources Board. Hazardous waste policies and programs of the regional plan shall be submitted to the State Department of Health Services for approval. The regional plan shall, upon approval by the board and the State Department of Health Services, become part of the state plan to meet the requirements of the Federal Resource Conservation and Recovery Act of 1976. In carrying out the obligations of this section, the association shall comply with applicable guidelines and regulations of the board, the State Air Resources Board, the State Water Resources

Control Board, and the State Department of Health Services. Nothing in this section shall preclude a local government from entering into a contract with the board for a solid waste management or resources recovery project consistent with state law.

SEC. 4. Section 66784.3 of the Government Code is amended to read:

66784.3. (a) Each county may, upon a majority vote of the board of supervisors, adopt a schedule of fees to be collected from each operator within its jurisdiction, including an operator who operates solely within an incorporated city. The fee shall be established in an amount sufficient to pay only those costs incurred by a county for the preparation, maintenance, and administration of the solid waste management plan required by this chapter, which are reasonable and necessary. A county may also authorize any rate adjustments necessary to carry out the provisions of this subdivision, upon a majority vote of the board of supervisors, and upon the approval by a majority of those cities within the county which contain a majority of the population of the incorporated area of the county, except in those counties which have only two cities, in which case the rate adjustments shall be approved by the city which contains a majority of the population of the incorporated area of the county. These fees shall not be used to pay any costs incurred for mediation or for the implementation of any recycling or resource recovery program.

(b) A regional planning agency responsible for the preparation of a plan pursuant to Section 66780 may also adopt a schedule of fees to be collected from each operator as provided in subdivision (a). However, in no event, shall an operator be required to pay a fee to both a county and a regional planning agency.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1166

An act to add and repeal Section 1519.5 of the Health and Safety Code, relating to foster care.

[Approved by Governor September 21, 1988 Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) There are currently 35,000 children in California foster homes.

(b) The responsibility for the care of foster children falls to the

State Department of Social Services, county welfare departments, and foster parents who open their homes to these abused and neglected children.

(c) It is vital that foster parents be provided with the training necessary for them to deliver high quality and effective support and guidance to these children.

(d) A parent training program will provide foster parents with training to meet this need.

SEC. 2. Section 1519.5 is added to the Health and Safety Code, to read:

1519.5. (a) With the consent of Riverside County, there shall be established in that county a parenting training pilot program for foster parents pursuant to existing regulations of the State Department of Social Services.

(b) Any person seeking licensure as a foster parent in Riverside County shall, as a condition of licensure, except when the license is restricted to named children, be required to attend and complete the program. The program shall consist of both of the following:

(1) Preservice training, provided prior to licensure and focused primarily on parenting skills.

(2) In-service training, which shall be provided during the 12 months following initial placement and shall be focused primarily on parenting skills necessary to meet the special needs of foster children.

(d) Any person already licensed to provide foster care upon the commencement of the program may, at their option and contingent on space availability, participate in the program.

(e) The training program provided for in this section shall commence not later than September 1, 1989, and shall remain in operation until July 1, 1991. The program shall be operated by the Riverside County Department of Public Social Services.

This section shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. An evaluation of the program established pursuant to Section 1519.5 of the Health and Safety Code shall be completed by the State Department of Social Services, in consultation with Riverside County, and provided to the Legislature no later than October 1, 1991. An interim evaluation shall be provided October 1, 1990. The program established pursuant to Section 1519.5 of the Health and Safety Code shall be deemed successful to the extent that the program has achieved the following objectives:

(a) The number of potential foster parents to whom preservice training is provided is at least 300 persons per year.

(b) The number of foster parents to whom in-service training is provided is at least 200 persons per year.

(c) An improvement of at least 20 percent in the parenting skills of the foster parents receiving training, as measured by a pretraining

test and a posttraining test.

(d) A decrease of 15 percent in the rate of foster parent turnover when compared to the 12-month period prior to the start of the program.

(e) A decrease of 25 percent in the rate of placement failure when compared to the 12-month period prior to the start of the program.

SEC. 4. This act shall not take effect unless the Board of Supervisors of the County of Riverside, by resolution, consents to the provisions of this act.

CHAPTER 1167

An act relating to education, and making an appropriation therefor.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Superintendent of Public Instruction shall conduct a special study of the fiscal and programmatic impact of limiting the involvement of certificated employees in providing specialized physical health care services as described in Section 49423.5 of the Education Code. The study shall include, but need not be limited to, the following topics:

(1) The number of special education and nonspecial education pupils receiving specialized physical health care services.

(2) The types of physical health care services provided in the public schools.

(3) The degree of training or licensing required for providers of physical health care services.

(4) The factors that affect the selection of school personnel to provide physical health care services.

(5) The impact of limiting the involvement of teachers in providing physical health care services to pupils receiving and not receiving these services.

CHAPTER 1174

An act to amend Sections 50093 and 50097 of, and to add Section 50662.2 to, the Health and Safety Code, relating to housing, and making an appropriation therefor.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 50093 of the Health and Safety Code is amended to read:

50093. "Persons and families of low or moderate income" means persons and families whose income does not exceed 120 percent of area median income, adjusted for family size by the department in accordance with adjustment factors adopted and amended from time to time by the United States Department of Housing and Urban Development pursuant to Section 8 of the United States Housing Act of 1937. However, the agency and the department jointly, or either acting with the concurrence of the Secretary of the Business and Transportation Agency, may permit the agency to use higher income limitations in designated geographic areas of the state, upon a determination that 120 percent of the median income in the particular geographic area is too low to qualify a substantial number of persons and families of low or moderate income who can afford rental or home purchase of housing financed pursuant to Part 3 (commencing with Section 50900) without subsidy.

"Persons and families of low or moderate income" includes very low income households, as defined in Section 50105 and lower income households as defined in Section 50079.5, and includes persons and families of low income, persons and families of moderate income, and middle-income families. As used in this division:

(a) "Persons and families of low income" or "persons of low income" means persons or families who are eligible for financial

assistance specifically provided by a governmental agency for the benefit of occupants of housing financed pursuant to this division.

(b) "Persons and families of moderate income" or "middle-income families" means persons and families of low or moderate income whose income exceeds the income limit for lower income households.

(c) "Persons and families of median income" means persons and families whose income does not exceed the area median income, as adjusted by the department for family size in accordance with adjustment factors adopted and amended from time to time by the United States Department of Housing and Urban Development pursuant to Section 8 of the United States Housing Act of 1937.

As used in this section, "area median income" means the median family income of a geographic area of the state, as annually estimated by the United States Department of Housing and Urban Development pursuant to Section 8 of the United States Housing Act of 1937. In the event these federal determinations of area median income are discontinued, the department shall establish and publish as regulations income limits for persons and families of median income for all geographic areas of the state at 100 percent of area median income, and for persons and families of low or moderate income for all geographic areas of the state at 120 percent of area median income. These income limits shall be adjusted for family size and shall be revised annually.

For purposes of this section, the department shall file, with the Office of Administrative Law, any changes in area median income and income limits determined by the United States Department of Housing and Urban Development, together with any consequent changes in other derivative income limits determined by the department pursuant to this section. These filings shall not be subject to Article 5 (commencing with Section 11346) or Article 6 (commencing with Section 11349) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code, but shall be effective upon filing with the Office of Administrative Law and shall be published as soon as possible in the California Regulatory Code Supplement and the California Code of Regulations.

The department shall establish and publish a general definition of income, including inclusions, exclusions, and allowances, for qualifying persons under the income limits of this section and Sections 50079.5 and 50105, to be used where no other federal or state definitions of income apply. This definition need not be established by regulation.

Nothing in this division shall prevent the agency or the department from adopting separate family size adjustment factors or programmatic definitions of income to qualify households, persons, and families for programs of the agency or department, as the case may be.

SEC. 2. Section 50097 of the Health and Safety Code is amended to read:

50097. "Rehabilitation standards" means applicable state or local building or housing standards adopted pursuant to the State Housing Law, Part 1.5 (commencing with Section 17910) of Division 13, or continued in effect pursuant thereto.

For the purposes of Chapter 6.5 (commencing with Section 50660) of Part 2, "rehabilitation standards" (a) includes room additions necessary to prevent overcrowding of low-income or moderate-income households and (b) additionally, includes changes in grade, drainage facilities, or other improvements related to flood control and required by local ordinance or regulation as a condition to continued operation of a mobilehome park applying for or receiving a loan pursuant to Section 50662.2.

SEC. 3. Section 50662.2 is added to the Health and Safety Code, to read:

50662.2. Deferred-payment loans may be made to finance actual costs incurred to meet rehabilitation standards for rehabilitation of mobilehome parks, as defined in Section 18214, for occupancy by lower income households.

CHAPTER 1175

An act to add Sections 460.5, 1063.5, 3553, and 3554 to, and to repeal Section 3542.5 of, the Public Utilities Code, relating to carriers, and making an appropriation therefor.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

It is the intent of the Legislature, in adding Sections 460.5, 1063.5, 3553, and 3554 to the Public Utilities Code, to upgrade the professional standards of corporations and persons doing business or entering into operation as highway common carriers, cement carriers, and highway permit carriers so that both highway safety and public service are improved. It is the further intent of the Legislature that the Public Utilities Commission will promptly implement the requirements of those sections, in consultation with the Department of the California Highway Patrol. Nothing in those sections requires the department to perform additional terminal inspections for any newly certificated or permitted carrier or transferee of an existing certificate or permit.

SEC. 2. Section 460.5 is added to the Public Utilities Code, to read:

460.5. On or before July 1, 1989, every highway common carrier employing workers and cement carrier employing workers shall file with the commission a certificate of workers' compensation insurance coverage for its employees or a certificate of consent to

self-insure issued by the Director of Industrial Relations.

SEC. 3. Section 1063.5 is added to the Public Utilities Code, to read:

1063.5. (a) The commission shall issue or authorize the transfer of no certificate under this article except upon a showing before the commission and a finding by the commission that the applicant or proposed transferee meets all of the following requirements:

(1) Is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

(2) Is committed to observing the hours of service regulations of state and, where applicable, federal law, for all persons, whether employees or subhaulers, operating vehicles in transportation for compensation under the certificate.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1176

An act to amend Sections 20607, 21252.02, 21290.01, 21290.5, and 21292.1 of the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 20607 of the Government Code is amended to read:

20607. (a) The normal rate of contribution for state peace officer/firefighter members and for local safety members subject to Section 21252.02 shall be 8 percent of the compensation in excess of two hundred thirty-eight dollars ($238) per month paid those members.

(b) Notwithstanding any other provision of this part, state member contributions on premium compensation for planned overtime paid at the "half-time" rate as part of the regular shift under the federal Fair Labor Standards Act or the Memorandum of Understanding of State Bargaining Unit 8 are waived for the period April 15, 1985, through June 30, 1988.

This subdivision applies to State Bargaining Unit 8 and becomes effective only if the board approves a waiver of employer contributions on the same premium compensation for the same period of time. If this subdivision is approved by the board, benefits shall be calculated to include overtime paid at the one-half time rate.

SEC. 2. Section 21252.02 of the Government Code is amended to read:

21252.02. The combined current and prior service pensions for state peace officer/firefighter members subject to this section with respect to state peace officer/firefighter service and the combined current and prior service pensions for local safety members with respect to local safety service rendered to a contracting agency which is subject to this section is a pension derived from the contributions of the employer sufficient when added to the service

retirement annuity which is derived from the accumulated normal contributions of the state peace officer/firefighter member at the date of his or her retirement to equal the fraction of one-fiftieth of his or her final compensation set forth opposite his or her age at retirement taken to the preceding completed quarter-year, in the following table, multiplied by the number of years of state peace officer/firefighter service subject to this section with which he or she is credited at retirement.

Age at Retirement	Fraction
50	1.0000
50¼	1.0125
50½	1.0250
50¾	1.0375
51	1.0500
51¼	1.0625
51½	1.0750
51¾	1.0875
52	1.1000

52½	1.1250
52¾	1.1375
53	1.1500
53¼	1.1625
53½	1.1750
53¾	1.1875
54	1.2000
54¼	1.2125
54½	1.2250
54¾	1.2375
55 and over	1.2500

In no event shall the current service pension and the combined current and prior service pensions under this section for all service to all employers exceed an amount which, when added to the service retirement annuity related to such service, equals 75 percent of final compensation. If the pension relates to service to more than one employer, or this section and Section 21252.6, and would otherwise exceed such maximum, the pension payable with respect to each section or employer shall be reduced in the same proportion as the allowance bears to the total allowance computed as though there were no limit, so that the total of such pensions shall equal the maximum.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the

earlier age of service retirement made possible by the benefits under this section.

This section may be applied to related supervisory classes or confidential positions for the respective bargaining units specified in this section.

This section shall be operative with respect to state peace officer/firefighter members in Corrections Bargaining Unit No. 6, Protective Services and Public Safety Bargaining Unit No. 7, or Firefighters Bargaining Unit No. 8, in accordance with a memorandum of understanding reached between the state and the exclusive bargaining agent in the respective unit pursuant to the State Employer-Employee Relations Act (Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1). This section also shall be operative with respect to the state peace officer/firefighter members employed by a California State University police department who are in Public Safety Unit No. 8 in accordance with a memorandum of understanding reached between the Board of Trustees of the California State University and the recognized employee organization pursuant to the Higher Education Employer-Employee Relations Act (Chapter 12 (commencing with Section 3560) of Division 4 of Title 1).

This section shall also be operative with respect to a "state peace officer/firefighter member" defined in subdivision (a) of Section 20017.985 if authorized by, and in accordance with, a memorandum of understanding reached between the Trustees of the California State University and the recognized employee organization pursuant to the Higher Education Employer-Employee Relations Act (Chapter 12 (commencing with Section 3560) of Division 4 of Title 1).

Nothing in this section or in any other provision of law affected by the bill amending this section in 1984 of the 1983–84 Regular Session of the Legislature or the bill amending this section in 1986 of the 1985–86 Regular Session shall be construed as authorizing any future negotiation with respect to whether or not any bargaining unit specified in this section whose memorandum of understanding was previously approved by the Legislature pursuant to law and this section, shall continue to remain within the state peace officer/firefighter membership category.

The operative date of this section with respect to members in each of the bargaining units specified in this section shall be as provided for in the memorandum of understanding.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section with respect to the bargaining unit of the person.

This section shall be known as, and may be cited as the State Peace Officers' and Fire Fighters' Retirement Act.

The Legislature reserves the right to subsequently modify or amend this part in order to completely effectuate the intent and purposes of this section and the right to not provide any new

comparable advantages if disadvantages to employees result from any such modification or amendment.

This section shall not apply to a contracting agency nor its employees unless and until, first, it is agreed to in a written memorandum of understanding entered into by an employer and representatives of employees and, second, the contracting agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his or her employers contract electing to be subject to this section.

SEC. 3. Section 21290.01 of the Government Code is amended to read:

21290.01. Upon retirement for disability, a state miscellaneous member or a state industrial member, other than one subject to Section 21296, who has attained age 65 shall receive his or her service retirement allowance.

SEC. 4. Section 21290.5 of the Government Code is amended to read:

21290.5. Upon retirement for nonindustrial disability, a patrol member or local safety member subject to Section 21252.01 or 21252.02 or a state peace officer/firefighter who has attained age 50, or a state safety member who has attained age 55, shall receive his or her service retirement allowance.

SEC. 5. Section 21292.1 of the Government Code is amended to read:

21292.1. Upon retirement of a state peace officer/firefighter member or a local safety member subject to Section 21252.02 for industrial disability the member shall receive a disability allowance of 50 percent of his or her final compensation plus an annuity purchased with his or her accumulated additional contributions, if any, or, if qualified for service retirement, the member shall receive his or her service retirement allowance if the allowance, after deducting such annuity, is greater.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1177

An act to add Section 11353.7 to the Health and Safety Code, relating to controlled substances.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 11353.7 is added to the Health and Safety Code, to read:

11353.7. Except as authorized by law, any person 18 years of age or older who unlawfully prepares for sale in a public park, including units of the state park system and state vehicular recreation areas, or sells or gives away a controlled substance to a minor under the age of 14 years in a public park, including units of the state park system and state vehicular recreation areas, during hours in which the public park, including units of the state park system and state vehicular recreation areas, is open for use, with knowledge that the person is a minor under the age of 14 years, shall be punished by imprisonment in the state prison for three, six, or nine years.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1178

An act to amend Sections 18010, 18013.2, 18027.3, and 18029.6 of, and to add Section 18025.6 to, the Health and Safety Code, relating to manufactured structures.

[Approved by Governor September 21, 1988 Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 18010 of the Health and Safety Code is amended to read:

18010. "Recreational vehicle" means either of the following:

(a) A motor home, travel trailer, truck camper, or camping trailer, with or without motive power, designed for human habitation for recreational or emergency occupancy, which meets all of the following criteria:

(2) It contains 400 square feet or less of gross area measured at maximum horizontal projections.

(3) It is built on a single chassis.

(2) It is built on a single chassis.

(3) It may only be transported upon the public highways with a permit.

SEC. 2. Section 18013.2 of the Health and Safety Code is amended to read:

18013.2. "Third-party entity" or "third party," as used in this part, means an entity which is all of the following:

SEC. 3. Section 18025.6 is added to the Health and Safety Code, to read:

18025.6. When a standard for manufactured homes which was adopted pursuant to the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401 et seq.), is repealed by the United States Department of Housing and Urban Development and no new preemptive federal standard is adopted as a replacement standard, the department may continue to enforce the federal standard for manufactured homes to be sold in this state, for a period of one year from the operative date of the repeal or until the department adopts a regulation to replace the repealed federal standard, whichever occurs first. The replacement

standard, if any, may be adopted as an emergency regulation.

SEC. 4. Section 18027.3 of the Health and Safety Code is amended to read:

18027.3. (a) Recreational vehicles specified in subdivision (a) of Section 18010 shall be constructed in accordance with Standard No. A119.2 of the American National Standards Institute, as that standard may be modified by the department's regulations.

(b) Recreational vehicles specified in subdivision (b) of Section 18010 shall be constructed in accordance with Standard No. A119.5 of the American National Standards Institute, as that standard may be modified by the department's regulations.

(c) Unless regulations of the department incorporating a change in Standard No. A119.2 or A119.5 by reference become operative sooner, a change therein contained in a new edition of the Standards of the American National Standards Institute shall become operative on the 180th day following the publication date. However, nothing in this subdivision limits the department's discretion to adopt modifications to Standard No. A119.2 or A119.5.

(d) No recreational vehicle shall be equipped with more than one electrical power supply cord.

SEC. 5. Section 18029.6 of the Health and Safety Code is amended to read:

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1179

An act to amend Sections 17557, 17561, and 17610 of, and to add Sections 17554 and 17580 to, the Government Code, relating to state-mandated local costs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 17554 is added to the Government Code, to read:

17554. With the agreement of all parties to the claim, the commission may waive the application of any procedural requirement imposed by this chapter or pursuant to Section 17553 in order to expedite action on the claim. The authority granted by this section includes the consolidation of claims and the shortening of time periods.

SEC. 2. Section 17557 of the Government Code is amended to read:

17557. If the commission determines there are costs mandated by the state pursuant to Section 17555, it shall determine the amount to be subvened to local agencies and school districts for reimbursement. In so doing it shall adopt parameters and guidelines for reimbursement of any claims relating to the statute or executive order. A local agency, school district, and the state may file a claim or request with the commission to amend, modify, or supplement the parameters or guidelines. The commission may, after public notice and hearing, amend, modify, or supplement the parameters and guidelines.

In adopting parameters and guidelines, the commission may adopt an allocation formula or uniform allowance which would provide for reimbursement of each local agency or school district of a specified amount each year.

The parameters and guidelines adopted by the commission shall specify the fiscal years for which local agencies and school districts shall be reimbursed for costs incurred, provided, however, that the commission shall not specify therein any fiscal year for which payment could be provided in the annual Budget Act. A test claim shall be submitted on or before December 31 following a fiscal year in order to establish eligibility for reimbursement for that fiscal year.

SEC. 2.5. Section 17557 of the Government Code is amended to read:

17557. If the commission determines there are costs mandated by the state pursuant to Section 17555, it shall determine the amount to be subvened to local agencies and school districts for reimbursement. In so doing it shall adopt parameters and guidelines for reimbursement of any claims relating to the statute or executive order. The successful test claimants shall submit proposed parameters and guidelines within 60 days of adoption of a statement of decision on a test claim. At the request of a successful test claimant, the commission may provide for one or more extensions of this 60-day period at any time prior to its adoption of the parameters and guidelines and for any length of time the commission specifies. If proposed parameters and guidelines are not submitted within the 60-day period and the commission has not granted an extension, then the commission shall notify the test claimant that the amount of reimbursement the test claimant is entitled to for the first 12 months of incurred costs will be reduced by 20 percent, unless the test claimant can demonstrate to the commission why an extension of the 60-day period is justified. A local agency, school district, and the state

may file a claim or request with the commission to amend, modify, or supplement the parameters or guidelines. The commission may, after public notice and hearing, amend, modify, or supplement the parameters and guidelines.

In adopting parameters and guidelines, the commission may adopt an allocation formula or uniform allowance which would provide for reimbursement of each local agency or school district of a specified amount each year.

The parameters and guidelines adopted by the commission shall specify the fiscal years for which local agencies and school districts shall be reimbursed for costs incurred, provided, however, that the commission shall not specify therein any fiscal year for which payment could be provided in the annual Budget Act. A test claim shall be submitted on or before December 31 following a fiscal year in order to establish eligibility for reimbursement for that fiscal year.

SEC. 3. Section 17561 of the Government Code is amended to read:

17561. (a) The state shall reimburse each local agency and school district for all "costs mandated by the state," as defined in Section 17514.

(b) (1) For the initial fiscal year during which these costs are incurred, reimbursement funds shall be provided as follows:

(A) Any statute mandating these costs shall provide an appropriation therefor.

(B) Any executive order mandating these costs shall be accompanied by a bill appropriating the funds therefor, or alternatively, an appropriation for these costs shall be included in the Budget Bill for the next succeeding fiscal year. The executive order shall cite that item of appropriation in the Budget Bill or that appropriation in any other bill which is intended to serve as the source from which the Controller may pay the claims of local agencies and school districts.

(2) In subsequent fiscal years appropriations for these costs shall be included in the annual Governor's Budget and in the accompanying Budget Bill. In addition, appropriations to reimburse local agencies and school districts for continuing costs resulting from chaptered bills or executive orders for which claims have been awarded pursuant to subdivision (a) of Section 17551 shall be included in the annual Governor's Budget and in the accompanying Budget Bill subsequent to the enactment of the local government claims bill pursuant to Section 17600 which includes the amounts awarded relating to these chaptered bills or executive orders.

(c) The amount appropriated to reimburse local agencies and school districts for costs mandated by the state shall be appropriated to the Controller for disbursement.

(d) The Controller shall disburse reimbursement funds to local agencies or school districts if the costs of these mandates are not payable to state agencies, or to state agencies who would otherwise collect the costs of these mandates from local agencies or school

districts in the form of fees, premiums, or payments. When disbursing reimbursement funds to local agencies or school districts, the Controller shall disburse them as follows:

(1) When funds are appropriated to reimburse costs mandated by the state for the initial fiscal year during which these costs will be incurred, each local agency or school district to which the mandate is applicable shall submit to the Controller, within 120 days of the operative date of the mandate, or, if the commission is requested to do so pursuant to Section 17571, within 120 days after the commission reviews the claiming instructions for reimbursement issued by the Controller, whichever is later, a claim for payment of its estimated costs required by the mandate for the current fiscal year. If the local agency or school district does not submit the claim within the 120-day period, it may submit its claim for reimbursement as specified in Section 17560. The Controller shall pay these claims from the funds appropriated therefor, provided that the Controller (i) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, and (ii) may reduce any claim which the Controller determines is excessive or unreasonable.

(2) In subsequent fiscal years each local agency or school district shall submit its claims as specified in Section 17560. The Controller shall pay these claims from funds appropriated therefor, provided that the Controller (i) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, (ii) may reduce any claim, which the Controller determines is excessive or unreasonable, and (iii) shall adjust the payment to correct for any underpayments or overpayments which occurred in previous fiscal years.

(3) When funds are appropriated to the Controller to reimburse costs mandated by the state, not otherwise funded, claims for initial year costs, and subsequent years for which costs have been incurred prior to the enactment of the claims bill, shall be filed within 120 days from the date on which the Controller issued claiming instructions on funded mandates contained in the claims bill. When paying a timely filed claim for initial reimbursement, the Controller shall withhold 20 percent of the amount of the claim until the claim is audited to verify the actual amount of the mandated costs. Any claim for initial reimbursement filed after the filing deadline shall be reimbursed at 80 percent of the amount which would have been allowed had the claim been timely filed. The Controller may withhold payment of any late claim for initial reimbursement until the next deadline for funded claims unless sufficient funds are available to pay the claim after all timely filed claims have been paid. In no case shall a reimbursement claim be paid if submitted more than one year after the filing deadline specified in the Controller's claiming instructions on funded mandates contained in a claims bill. These claims shall be based upon parameters and guidelines issued by the commission and as approved by the Legislature. The Controller shall promptly notify the relevant local agencies or school

districts subsequent to enactment of the claims bill of the right to file these claims.

SEC. 4. Section 17580 is added to the Government Code, to read:

17580. No bill, except a bill containing an urgency clause, introduced or amended on or after January 1, 1989, that mandates a new program or higher level of service requiring reimbursement of local agencies or school districts pursuant to Section 6 of Article XIII B of the California Constitution shall become operative until the July 1 following the date on which the bill takes effect, unless the bill specifically makes this section inapplicable or contains an appropriation for the reimbursement or a specification that reimbursement be made pursuant to Section 17610.

SEC. 5. Section 17610 of the Government Code is amended to read:

17610. (a) The costs arising from a statute containing a statement that the statute mandates a new program or higher level of service and specifying that reimbursement shall be made from the fund shall, upon certification of the estimated statewide cost by the commission to the Controller, be paid from the fund, provided that the estimated statewide cost of the claim does not exceed one million dollars ($1,000,000). The Controller shall receive, review, and pay claims from the fund as the claims are received. Claims for initial reimbursement shall be filed with the Controller within 120 days after the close of the first full fiscal year following certification of the estimated statewide cost by the commission. When paying a timely filed claim for initial reimbursement, the Controller shall withhold 20 percent of the amount of the claim until the claim is audited to verify the actual amount of the mandated cost. Any claim for initial reimbursement filed after the filing deadline shall be reimbursed at 80 percent of the amount which would have been allowed had the claim been timely filed. The Controller may withhold payment of any late claim for initial reimbursement until the next deadline for funding claims unless sufficient funds are available to pay the claim after all timely filed claims have been paid.

(b) For purposes of this section, "estimated statewide cost" means the total amount of funds estimated to be necessary to reimburse all eligible local agencies and school districts for costs incurred as a result of the mandate during the first 12-month period following the operative date of the mandate.

(c) For purposes of this section, "costs arising from a statute" means the total amount of funds necessary to reimburse eligible local agencies and school districts for costs incurred as a result of complying with a mandate for the fiscal years specified in the parameters and guidelines in accordance with Section 17557.

SEC. 6. Section 2.5 of this bill incorporates amendments to Section 17557 of the Government Code proposed by both this bill and SB 2875. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1989, but this bill becomes operative first, (2) each bill amends Section 17557 of the

Government Code, and (3) this bill is enacted after SB 2875, in which case Section 17557 of the Government Code, as amended by Section 2 of this bill, shall remain operative only until the operative date of SB 2875, at which time Section 2.5 of this bill shall become operative.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reimburse local agencies as soon as possible for state-mandated costs which they have already incurred, it is necessary for this act to take effect immediately.

CHAPTER 1180

An act to amend Sections 12070, 12071, 12072, and 12073 of, to add Sections 12081 and 12082 to, and to repeal and add Section 12077 of, the Penal Code, relating to firearms.

[Approved by Governor September 21, 1988 Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The law on the transfer of firearms as defined in Section 12001 of the Penal Code is unclear as it relates to nondealer transfers between private parties. It has been stated in judicial decisions that on pure private transfers the 15-day statutory waiting period must elapse prior to delivery of the firearm and that the parties must personally know each other. Therefore, subdivision (e) as added to Section 12072 of the Penal Code by this act is merely declaratory of existing law.

(b) The Legislature further recognizes that there is no explicitly recognized statutory procedure whereby law-abiding citizens may transfer a pistol, revolver, or other firearm capable of being concealed upon the person through dealers and obtain the protection afforded by law. A procedure for the transfer of these firearms is recognized under federal law and in other states and has been found to be of benefit to firearm owners, law enforcement, and the general community. Therefore, the Legislature in amending subdivision (d) of Section 12072 of the Penal Code and adding Section 12082 to the Penal Code intends to give law abiding citizens the express statutory option of going through dealers to process their firearm transfers and to encourage the use of that process.

SEC. 2. The Legislature declares the following to be the public policy of this state:

(a) No person who buys or is transferred a firearm that was conducted through a person acting under Section 12082 of the Penal

Code shall incur any civil liability for any illicit use or possession of the firearm prior to his or her taking possession of the firearm if the person had no knowledge of that conduct.

(b) No person holding a license under Section 12071 of the Penal Code when transferring firearms pursuant to Section 12082 of the Penal Code shall assume any civil liability beyond that existing at the time of the effective date of this section when the person sells or transfers any firearms out of his or her own stock, if that person otherwise complies with Section 12082 of the Penal Code. No person acting as a dealer pursuant to Section 12071 of the Penal Code who is transferring firearms for third parties pursuant to Section 12082 of the Penal Code and which firearms are not out of his or her own stock shall assume any civil liability for any defects in those firearms unless he or she has actual knowledge of the defect.

(c) No person who transfers a pistol, revolver, or other firearm capable of being concealed upon the person through a dealer licensed pursuant to Section 12071 of the Penal Code in accordance with Section 12082 of the Penal Code and otherwise complies with the provisions of Article 3 (commencing with Section 12070) of Chapter 1 of Title 2 of Part 4 of the Penal Code shall incur any civil liability for subsequent misuse of the firearm by the transferee of that firearm if he or she had no knowledge of the misuse prior to the transfer.

(d) The declarations contained in this section are declaratory of existing law.

SEC. 3. Section 12070 of the Penal Code is amended to read:

12070. No person shall engage in the business of selling, leasing, transferring, advertising, offering, or exposing for sale, lease, or transfer, any pistol, revolver, or other firearm capable of being concealed upon the person unless he or she has been issued a license pursuant to Section 12071. Any person violating this section is guilty of a misdemeanor. As used in this article, engaging in the business of selling, leasing, or transferring pistols, revolvers, or other firearms capable of being concealed upon the person does not include the infrequent sale or transfer, offering, exposing for sale, lease, or advertising for sale any pistol, revolver, or other firearm capable of being concealed upon the person.

As used in this section, "infrequent" means occasional and without regularity.

SEC. 4. Section 12071 of the Penal Code is amended to read:

12071. (a) The duly constituted licensing authorities of any city, county, or city and county shall accept applications for, and may grant licenses, permitting the licensee to sell at retail within the city, county, or city and county, pistols, revolvers, and other firearms capable of being concealed upon the person. If a license is granted, it shall be in the form prescribed by the Attorney General, effective for not more than one year from the date of issue, and be subject to the following conditions, for breach of any of which the license shall be subject to forfeiture.

(1) The business shall be carried on only in the building designated in the license.

(2) The license or a copy thereof, certified by the issuing authority, shall be displayed on the premises where it can easily be seen.

(3) No pistol, revolver, or other firearm capable of being concealed upon the person shall be delivered:

(A) Within 15 days of the application for the purchase, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later.

(B) Unless unloaded and securely wrapped or unloaded and in a locked container.

(C) Unless the purchaser or transferee either is personally known to the dealer or presents clear evidence of his or her identity to the dealer.

(D) Whenever the dealer is notified by the Department of Justice that a purchaser is in a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(4) No pistol or revolver, or imitation thereof, or placard advertising the sale or other transfer thereof, shall be displayed in any part of the premises where it can readily be seen from the outside.

(5) The licensee shall agree to and shall act properly and promptly in processing transfers of pistols, revolvers, and other firearms capable of being concealed upon the person pursuant to Section 12082.

(6) The licensee shall comply with Sections 12073 and 12077 and subdivision (b) of Section 12072.

(b) As used in this article, "clear evidence of his or her identity" includes, but is not limited to, a motor vehicle operator's license, a state identification card, an armed forces identification card, an employment identification card which contains the bearer's signature and photograph, or any similar documentation which provides the seller reasonable assurance of the identity of the purchaser.

SEC. 5. Section 12072 of the Penal Code is amended to read:

12072. (a) No person, corporation, or dealer shall sell, deliver, or otherwise transfer any pistol, revolver, or other firearm capable of being concealed upon the person to any person whom he or she has cause to believe to be within any of the classes prohibited by Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code from owning or possessing these firearms.

(e) Where neither party to the transaction holds a dealer's license issued pursuant to Section 12071 and the parties do not elect to conduct the transaction through a dealer acting pursuant to Section 12082, all of the following apply:

(1) No person shall sell or otherwise transfer any such firearm to any other person within this state if the purchaser or transferee is not personally known to the seller or transferor.

(2) The seller or transferor shall allow 15 days to elapse from the date the agreement is made to sell the firearm or the decision is made to transfer prior to delivery of the firearm to the purchaser or transferee.

(3) When delivered, the firearm shall be securely wrapped and unloaded or contained in a locked container and unloaded.

(f) A violation of this section is a misdemeanor.

SEC. 5.5. Section 12072 of the Penal Code, as amended by Chapter 163 of the Statutes of 1988, is amended to read:

12072. (a) No person, corporation, or dealer shall sell, deliver, or otherwise transfer any pistol, revolver, or other firearm capable of being concealed upon the person to any person whom he or she has cause to believe to be within any of the classes prohibited by Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code from owning or possessing these firearms.

(3) Unless the purchaser or transferee presents clear evidence of his or her identity, as defined in Section 12071, to the dealer or is personally known to the dealer.

(4) Whenever the dealer is notified by the Department of Justice that a purchaser is in a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(d) Where neither party to the transaction holds a dealer's license issued pursuant to Section 12071, in order for a person to sell or otherwise transfer a pistol, revolver, or other firearm capable of being concealed upon the person, the parties to the transaction shall have the following alternatives to lawfully complete the transaction:

SEC. 10. Section 12082 is added to the Penal Code, to read:

12082. A person may complete any sale or other transfer of a pistol, revolver, or other firearm capable of being concealed upon the person through a dealer licensed pursuant to Section 12071 in accordance with this section in order to comply with the provisions of subdivision (d) of Section 12072. The Attorney General shall adopt regulations under this section to allow the seller or other transferor and the purchaser or transferee to complete a sale or other transfer through a dealer, and to allow those persons and the dealer to comply with the requirements of this section and of Sections 12071, 12072, 12076, and 12077 and to preserve the confidentiality of records. The register shall state the name and address of the seller or transferor of the firearm in addition to any other information required by Section 12077. Both parties to the transaction shall appear in person at the dealer's place of business. The seller or transferor shall deliver the firearm to the dealer who shall retain possession of that firearm. The dealer shall then deliver the firearm to the transferee, if it is not prohibited, in accordance with the provisions of subdivision (c) of Section 12072. processing the application, including the amount of a fee which the Department of Justice may charge pursuant to subdivision (d) of Section 12076 plus a fee of ten dollars ($10) to the dealer for processing the transfer.

A violation of this section by a dealer is a misdemeanor.

SEC. 10.5. Section 5.5 of this bill incorporates amendments to Section 12072 of the Penal Code proposed by both this bill and AB 2768. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 12072 of the Penal Code, and (3) this bill is enacted after AB 2768, in which case Section 5 of this bill shall not become operative.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 12. This act shall become operative only if Assembly Bill 3625 of the 1987–88 Regular Session is chaptered.

(b) Prior to installing the meters and adding the costs thereof to regular statements for water service or collecting those costs on tax statements, the board of directors of the district shall fix the time and place of a hearing on the installation of the meters and the collection of the costs thereof on water service or tax statements, and shall give notice of the time and place of the hearing to the owners of the lots or parcels of land affected which shall contain all of the following:

(1) A description of the lots and parcels of land where meters will be installed, which description may be made by reference to a plat or diagram on file in the office of the secretary of the board of directors, or to maps prepared in accordance with Section 327 of the Revenue and Taxation Code and on file in the office of the county assessor.

(6) The time and place at which the board of directors will hold a hearing at which persons may appear and present any objections they may have to the installation of the meters and the collection of the costs thereof in installments on regular periodic statements for water service or on tax statements.

(c) The notice shall be published pursuant to Section 6066 prior to the date set for the hearing. At least 10 days prior to the date of the hearing, written notice containing the information prescribed in subdivision (b) shall be mailed to all persons owning lots and parcels where meters will be installed whose names and addresses appear on the last equalized county assessments roll.

(d) At the time stated in the notice, the board of directors shall hear and consider all objections or protests, if any, to the installation of meters and the collection of the costs thereof and may continue the hearing from time to time. Upon conclusion of the hearing, the board of directors shall determine, by resolution, whether to proceed with the installation of meters and the collection of the costs thereof in installments on regular statements for water service or annual tax statements.

Sec. 15. The exact form of the contract need not be available at the time of the special election, but the (1) purpose of the contract; (2) maximum amount of the indebtedness created thereby; (3) maximum term of repayment, and (4) maximum interest rate on the indebtedness shall be known and included in the proposition or measure submitted to the qualified electors of the agency, or an improvement district thereof, at the special election.

(p) To issue bonds under Section 28 for the purpose of providing money required to be paid by this agency to the State of California or any agency thereof under any contract which shall be made with it, or as all or part of the terms and conditions under which the corporate area of the agency may be annexed to and become a part of any metropolitan water district organized under the Metropolitan Water District Act. The amount of the bonds may include expenses of all proceedings for the authorization, issuance, and sale of the bonds.

(q) To disseminate information concerning the rights, properties, and activities of the agency.

(r) To construct, operate, and maintain works to develop hydroelectric energy, for use by the agency in the operation of its works or as a means of assisting in financing the construction, operation, and maintenance of its projects for the control, conservation, diversion, and transmission of water and to enter into contracts for the sale of the energy for a term not to exceed 50 years. The energy may be marketed only at wholesale to any public agency or private entity, or both, or the federal or state government.

(s) To contract, in connection with the construction and operation of the works of the agency, for the sale of the right to use falling water for electric energy purposes with any public agency or private entity engaged in the retail distribution of electric energy, for a term not to exceed 50 years.

(t) To develop, treat, distribute, and reclaim water, and to store and recover water from groundwater basins located outside the boundaries of the agency and, in exercising that power, to make and

enter into contracts allowing that storage and recovery.

SEC. 4. Section 15.1 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is repealed.

SEC. 5. Section 15.2 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 15.2. In addition to the other powers set forth in this act, the agency may:

(a) Require reporting to the agency of all production, distribution, and reclamation of water within the agency in excess of 10 acre-feet per annum.

(b) Store and recover water from groundwater basins wholly or partially inside the boundaries of the agency, and in exercising that power, make and enter into contracts allowing that storage and recovery.

(c) Develop groundwater management plans within the agency which may include, without limitation, conservation, overdraft protection plans, and groundwater extraction charge plans, and implement any or all those plans subject to the rights of property owners and with the approval of the retail water purveyors and other major extractors of over 100 acre-feet of water per year.

(d) Contract with any and all purveyors or successors in interest to purveyors.

The financial or other interest of any appointed director in any contract between a purveyor or successor in interest to a purveyor and the agency, or the fact that an appointed director may have an ownership interest in or hold the position of a shareholder, director, officer, agent, or employee of that purveyor or successor in interest to a purveyor, shall not constitute a violation of Section 1090 of the Government Code, nor shall that interest or fact render the contract void or make it avoidable under Section 1092 of the Government Code, at the instance of any party; provided that either or both the fact of the interest and the fact of the relationship as shareholder, possessor of other ownership interest, director, officer, agent, or employee, shall be disclosed to the board of directors of the agency and noted in its official records, and thereafter the board shall authorize, approve, or ratify the contract by a vote of its membership sufficient for the purpose without counting the vote of that appointed director. The term "purveyor" for purposes of this subdivision means, in addition to the definition set forth in Section 4.8, any business entity which is a majority owner of a purveyor that is a water corporation regulated by the Public Utilities Commission.

This section shall cease to be operative if the board of directors adopts a resolution abolishing the offices of appointed directors pursuant to subdivision (c) of Section 5.2.

SEC. 6. Section 19 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is repealed.

SEC. 7. The Legislature finds and declares that the enactment of Sections 1 and 2 as special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique and special water management and conservation problems within the Big Bear City Community Services District which are not common to other community services districts. Enabling the district to collect the cost of the installation of water meters in installments on regular statements for water service or on tax statements will assist the district in promoting water conservation by requiring installation of water meters in currently unmetered water services. Upon installation of meters, the district will be able to bill currently unmetered customers on the basis of the quantity of water used. Likewise, authorizing the district to require installation of water conserving plumbing fixtures in newly constructed buildings will further assist the district in promoting water conservation, and achieve the district's goal of reducing annual water usage to the safe yield of its groundwater basins.

SEC. 8. Section 19 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 19. An action to determine the validity of any bonds, warrants, promissory notes, contracts, or other evidences of indebtedness of the kinds authorized by subdivision (h), (i), (o), (p), (r), or (s) of Section 15, may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1182

The amount of the refund shall be an amount equal to 50 percent of the initial license fee in effect on January 1, 1987.

This section shall apply only to those physicians and surgeons who were enrolled in an approved residency program and did not receive the benefit of a reduction either in their initial license fee or their first biennial renewal fee.

In addition to the purposes otherwise authorized by law, the moneys in the Contingent Fund of the Board of Medical Quality Assurance are continously appropriated for the payment of the refunds authorized by this section.

This section shall be operative until January 1, 1990, and on that date is repealed.

SEC. 2. Article 9.7 (commencing with Section 73671) of Chapter 10 of Title 8 of the Government Code is repealed.

The initial hiring rate for each position shall be step 1, provided that the judges may appoint any such reporter at a higher initial step if, in the opinion of the majority of judges, an individual to be appointed has such experience

and qualifications as to entitle the appointee to such higher initial step.

(d) A regular official court reporter shall serve at the pleasure of the appointing judge, but shall be entitled to the same benefits and privileges respecting longevity, service credits, cost-of-living or other general pay increases, retirement, vacation, sick leave, and group insurance which are provided other employees of the county. 73675. The Sheriff of Solano County shall serve and assist the municipal court without additional compensation. He may appoint four deputies to likewise serve and assist the court, who shall also receive no additional compensation for such service and assistance.

73676. Wherever a reference to a salary grade number is made in this article, the schedules found in the Memoranda of Understanding adopted by the Board of Supervisors of Solano County effective January 1, 1988, shall apply. Any salary grade resulting from an amendment of such schedule and listing shall remain effective only until January 1 of the second year following the calendar year in which such change is made.

73677. Persons employed in any of the positions authorized by this article shall be paid the salary assigned to salary grades specified in Sections 73673 and 73674 and subdivision (b) of Section 73674.1.

Each person employed on January 1, 1968, shall receive credit for prior continuous service in office including service in departments superseded upon the establishment of the municipal court, and such

prior service shall be deemed service in the new position. However, such credit shall be given only when the presiding judge of the court determines that the officer or employee is entitled to receive it. Officers and employees shall be appointed at the first step for the salary grade assigned to their classification, except if it is difficult to secure qualified personnel, or if a person of unusual qualifications is appointed, the judge may appoint that person at the second step of the salary grade assigned to that classification.

If the judges are unable to secure a qualified person to fulfill the position of the municipal court executive officer for that salary, the judges, with the concurrence of the board of supervisors, may establish a salary at a rate not to exceed step 5 of the salary grade of the municipal court executive officer that exists on the date of the appointment.

73678. (a) All increases in salary shall not be given as a matter of right but only when the presiding judge of the court determines that the officer or employee is properly entitled to receive it. (b) If any employee begins his or her employment on the first working day of a pay period, it shall be considered for purposes of this section that such employment began on the first calendar day of that pay period. The granting of any leave of absence without pay, other than military leave of absence, exceeding seven consecutive calendar days in a pay period shall cause the merit increase eligibility date to be extended to the first of the pay period following completion of the leave of absence without pay.

However, an officer or employee who is promoted or reclassified to a position in a class with a higher salary grade shall receive the recruiting salary for the higher class if it is greater than his or her salary prior to promotion or reclassification, or such higher amount as would constitute at least a one-step increase (approximately 5 percent) on the salary grade over the salary received prior to the promotion or reclassification, not to exceed the top step of the new salary grade.

(c) The effective date of all promotions shall coincide with the first working date of a pay period. A new merit increase eligibility date shall be established, which shall be the first day of the pay period

following completion of the number of full pay periods of service which corresponds with the required period of service pursuant to subdivision (b).

73679. Notwithstanding the provisions of Article 4 (commencing with Section 72150) of Chapter 8 of Title 8 or any other provision of this article, in order to equalize the compensation of employees of the municipal court with compensation paid to county employees with commensurate duties and responsibilities, upon recommendation of the judges of the court and with the approval of the Board of Supervisors of the County of Solano, an officer or an employee of the court, whether appointed under the provisions of this article or under Article 4 (commencing with Section 72150) of Chapter 8 of Title 8, may be paid any compensation which is within the salary grades and increments set forth in this article in excess of or less than the maximum to which such officer or employee would otherwise be entitled under the salary grade established for his or her classification as set forth in Section 73676. Any such salary adjustment shall not extend longer than 60 days after the final adjournment of the next succeeding regular session of the Legislature after such salary adjustment.

73679.5. Employees of the court shall have the benefits and privileges, not including compensation, provided for employees of the County of Solano in that county's salary ordinance and other ordinances and rules applicable to county employees. Employees of the court, except the municipal court executive officer, shall be members of the County Civil Service System of the County of Solano to the extent that such membership is not contrary to the provisions of Section 5 of Article VI of the California Constitution, or any other provisions of state law.

SEC. 4. Section 74702 of the Government Code is amended to read:

74702. There shall be one clerk administrator who shall be the court executive officer and who shall be appointed by, and serve at the pleasure of, the judges of the municipal court. In addition to the duties imposed on this position by law, the judges of the municipal court may prescribe and delegate to the clerk administrator such administrative powers and duties as they deem necessary for the optimal administration of the court.

The salary of the clerk administrator shall be established by joint action of the Sonoma County Board of Supervisors and a majority of the judges of the municipal court at an amount equal to that paid county department heads with comparable experience and responsibility. The traffic referee and part-time traffic referees shall have the powers and duties specified in Section 74201 and 74202, as well as the powers of a deputy clerk of the court, and shall perform such other duties as may be assigned by the court.

The traffic referee shall receive a salary equal to 50 percent of the annual salary of a municipal court judge. The traffic referee shall receive sick leave, vacation, and benefits identical to those provided Sonoma County administrative management employees.

Part-time traffic referees shall receive a salary identical to that of the traffic referee, except that such compensation shall be prorated as the number of hours actually served relates to a 40-hour workweek. Part-time traffic referees shall not receive sick leave, vacation, or benefits, other than those mandated by state or federal law.

SEC. 6. Section 74705 of the Government Code is amended to read:

74705. Certain classes of employment in the municipal courts are deemed to be equivalent in job responsibility and salary level to certain classes in the service of the County of Sonoma, or in some instances, to such classes plus or minus a specified percentage rate. Whenever the salary of those classes in the service of the County of Sonoma is adjusted by the board of supervisors, the salary of the comparable classes in the municipal courts shall be adjusted to a like extent plus or minus the percentage rate specified in this section, if applicable. Such adjustment shall become effective on the same date as the effective date of the action by the board of supervisors, as it applies to the classes in the service of the county, but such adjustment shall remain effective only until January 1 of the second year following the calendar year in which such adjustment is made.

74845.1. The marshal may appoint as many deputy marshal-keepers as may be required by law. They shall be paid only for their actual services as keepers of property taken under legal process and shall be paid out of the funds deposited by the parties to the action in which such services are rendered. (b) If an employee begins his or her employment on the first working day of a pay period, it shall be considered for purposes of this section that such employment began on the first calendar day of that pay period. The granting of any leave of absence without pay, other than military leave of absence, exceeding seven consecutive calendar days in a pay period shall cause the merit increase eligibility date to be extended to the first day of the pay period following completion of the leave of absence without pay.

However, an officer or employee who is promoted or reclassified to a position in a class with a higher salary shall receive the recruiting salary for the higher class if it is greater than his salary prior to promotion or reclassification, or such higher amount as would constitute a one-step increase (approximately 5 percent) on the salary grade over the salary received prior to the promotion or reclassification, not to exceed the top step on the new salary grade.

(c) The effective date of all promotions shall coincide with the first working day of a pay period. Upon the promotion or reclassification, a new merit increase eligibility date shall be established, which shall be the first day of the pay period following completion of the number of full pay periods service which corresponds with the required period of service pursuant to subdivision (b).

74849. Notwithstanding the provisions of Article 4 (commencing with Section 72150) of Chapter 8 of Title 8 or any other provision of this article, in order to equalize the compensation of employees of the municipal court with the compensation paid to county employees with commensurate duties and responsibilities, upon recommendation of the judges of the court and with the approval of the Board of Supervisors of the County of Solano, an officer or employee of the court, except the marshal, whether appointed under the provisions of this article or under Article 4 (commencing with Section 72150) of Chapter 8 of Title 8, may be paid any compensation which is within the ranges and increments set forth in this article in excess of or less than the maximum to which such officer or employee would otherwise be entitled under the salary grade established for his or her classification as set forth in Section 74846. Any such salary adjustment shall not extend longer than 60 days after the final adjournment of the next succeeding regular session of the Legislature after such salary adjustment.

74850. Employees of the office of the executive officer and marshal, including the executive officer and the marshal, shall have the benefits and privileges, not including compensation, provided for employees of the County of Solano in that county's salary ordinance and other ordinances and rules applicable to county employees.

Employees of the office of the executive officer and marshal, except the executive officer and the marshal, shall be members of the County Civil Service System of the County of Solano to the extent that such membership is not contrary to the provisions of Section 5

of Article VI of the California Constitution, or any other provisions of state law.

74851. (a) Regular official court reporters shall report all criminal and civil proceedings in their respective courts. When not engaged in the performance of other duties imposed by law, each reporter shall render such assistance as may be required in any other court of the county to which he or she may be assigned, and peform such other verbatim reporting services as may be required such as, but not limited to, board of equalization hearings, public hearings, and depositions. During hours in which the court is open for the transaction of judicial business, official reporters shall devote full time to the performance of regular duties and shall not engage in any other employment in their professional capacity.

(b) Each regular official court reporter shall receive a salary at the rate specified in grade 09-04100.

(c) For all transcripts incident to reporting services, each reporter shall receive the fees provided for in Article 9 (commencing with Section 69941) of Chapter 5 of this title. The initial hiring rate for each position shall be step 1, provided that the judges may appoint any such reporter at a higher initial step if, in the opinion of the majority of judges, an individual to be appointed has such experience and qualifications as to entitle him or her to such higher initial step.

(d) A regular official court reporter shall serve at the pleasure of the appointing judge, but shall be entitled to the same benefits and privileges respecting longevity, service credits, cost-of-living or other general pay increases, retirement, vacation, sick leave, and group insurance which are provided other employees of the county. Court reporters shall be entitled to any increases provided other employees of the county respecting longevity, service credits, cost-of-living or general pay increases, retirement, vacation, sick leave, and group insurance, but such increases shall be on an interim basis and remain in effect only until January 1, 1990, unless ratified by statute by the Legislature prior to that date.

(e) Judges of the court may appoint as many official reporters pro tempore as the business of the court requires. They shall be unsalaried but shall receive the fees provided by Article 9 (commencing with Section 69941) of Chapter 5 of this title, which fees, upon order of the court, shall be a proper charge against the general fund of the county.

(f) (1) A reporter's filing fee of sixteen dollars ($16) shall be paid in actions and proceedings as specified in Section 68090.5.

(2) In addition to any fee otherwise required in civil cases that last longer than five judicial days, a fee per day equal to the per diem rate for official reporters pro tempore shall be charged to the parties for the services of an official reporter for the sixth and each successive day a reporter is required.

(3) In addition to any fee otherwise required in a civil case in which the court orders a daily transcript necessitating the services of two phonographic reporters, the party requesting the daily

transcript shall pay a fee per day equal to the per diem rate for official reports pro tempore for the services of the second reporter for the first and each successive day.

(e) One administrative clerk III, who shall receive a monthly salary at a rate specified in range 13.00.

SEC. 12. Section 74969 of the Government Code is amended to read:

74969. Whenever reference to a numbered salary range is made in any section of this article, the schedule of monthly salaries found in the salary resolution of the County of Yolo in effect on January 1, 1988, shall apply.

The Legislature hereby finds and declares that the amendments to Section 74702 of the Government Code contained in Section 4 of this act and that portion of the amendments to Section 74705 of the Government Code contained in Section 6 of this act are declaratory of existing law because prior amendments to those sections made by Chapter 875 of the Statutes of 1986 relating to the status and salary of the clerk administrator were enacted due to error and did not reflect the intent of the Legislature.

CHAPTER 1184

An act to amend, repeal, and add Section 8516 of the Business and Professions Code, relating to structural pest control.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that ownership of real property is, and will continue to be, a goal of the people of this state.

The Legislature reaffirms that the subject of real property ownership is of statewide importance to the health, safety, and welfare of the people of this state.

The Legislature further finds and declares that practices and requirements adversely affecting the ability of buyers and sellers to understand structural pest control inspection reports are contrary to public policy.

The Legislature further finds and declares that improved understanding of those reports will assist buyers and sellers in performing their contractual obligations.

SEC. 1.5. This act shall be known and cited as the Montoya Structural Pest Control Act of 1988.

SEC. 2. Section 8516 of the Business and Professions Code is amended to read:

8516. (a) This section shall apply only to wood-destroying pests or organisms.

(b) No registered company shall commence work on a contract, or sign, issue or deliver any documents expressing an opinion or statement relating to the absence or presence of wood-destroying pests or organisms until an inspection has been made. The registered company shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person's designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than five working days after the date the inspection is made. The report shall be delivered to the person requesting the inspection, or to the person's designated agent, before work is commenced. The following shall be set forth in the report:

(1) The date of the inspection and the name of the licensee making the inspection.

(2) The name and address of the person or firm ordering the report.

(3) The name and address of any person who is a party in interest to whom the board is to send certified copies of inspection reports

and completion notices as provided in subdivision (e).

(4) The address or location of the property.

(5) A general description of the building or premises inspected.

(6) A foundation diagram or sketch of the structure or structures or portions of the structure or structures inspected, indicating thereon the approximate location of any infested or infected areas evident, and the parts of the structure where conditions exist which would ordinarily subject such parts to attack by wood-destroying pests or organisms.

(7) Information regarding the substructure, foundation walls and footings, porches, patios and steps, air vents, abutments, attic spaces or other parts subject to attack by wood-destroying pests or organisms. Conditions usually deemed likely to lead to infestation or infection, such as earth contacts, excessive cellulose debris, faulty grade levels, excessive moisture conditions and insufficient ventilation are to be reported.

(8) Indication or description of any areas normally subject to damage which are inaccessible or for other reason not inspected, with suggestion for further inspection if practicable. If, after the report has been made in compliance with the provisions of this section, authority is given later to open inaccessible areas, a supplementary report on conditions in these areas shall be made.

(9) Recommendations for corrective measures.

(10) Information regarding the pesticide or pesticides to be used for their control as set forth in subdivision (a) of Section 8538.

(11) The inspection report shall clearly disclose that if requested by the person ordering the original report, a reinspection of the structure will be performed if an estimate or bid for making repairs was given with the original inspection report, or thereafter.

An estimate shall be given with the original inspection report if the person who ordered the original inspection report so requests, and if the registered company is regularly in the business of performing corrective measures.

If no estimate or bid was given with the original inspection report, or thereafter, then the registered company shall not be required to perform a reinspection.

A reinspection shall be an inspection of those items previously listed on an original report to determine if the recommendations have been completed. Each reinspection shall be reported on an original inspection report form and shall be labeled "Reinspection" in capital letters by rubber stamp or typewritten. Each reinspection shall also identify the original report by date and stamp numbers.

After four months from an original inspection, all inspections shall be original inspections and not reinspections.

Any reinspection shall be performed for not more than the price of the registered company's original inspection price and shall be completed within 10 working days after a reinspection has been ordered.

(c) The report and any contract entered into shall also state

specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall be in effect.

(d) Control service is defined as the regular reinspection of a property after a report has been made in compliance with this section and such corrections as have been agreed upon have been completed. Under a control service agreement a registered company shall refer to the original report and contract in a manner as to identify them clearly, and the report shall be assumed to be a true report of conditions as originally issued, except it may be modified after a control service inspection. A registered company is not required to issue a report as outlined in paragraphs 1 to 9, inclusive, of subdivision (b) after each control service inspection. If after control service inspection, no modification of the original report is made in writing, then it will be assumed that conditions are as originally reported. A control service contract shall state specifically the particular wood-destroying pests or organisms and the portions of the buildings or structures covered by the contract.

(e) Whenever a report is filed pursuant to subdivision (b), the board shall forthwith send to any person or firm designated under paragraph 3 of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested and upon payment of an appropriate search fee.

(f) All work recommended by a registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on this report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

This section shall be operative until July 1, 1989, and on that date is repealed.

SEC. 3. Section 8516 is added to the Business and Professions Code, to read:

8516. (a) This section shall apply only to wood-destroying pests or organisms.

(b) No registered company or licensee shall commence work on a contract, or sign, issue or deliver any documents expressing an opinion or statement relating to the absence or presence of wood-destroying pests or organisms until an inspection has been made. The registered company shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person's designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than five working days after the date the inspection is made. The report shall be delivered

to the person requesting the inspection, or to the person's designated agent, before work is commenced. The following shall be set forth in the report:

(1) The date of the inspection and the name of the licensee making the inspection.

(2) The name and address of the person or firm ordering the report.

(3) The name and address of any person who is a party in interest to whom the board is to send certified copies of inspection reports and completion notices as provided in subdivision (h).

(4) The address or location of the property.

(5) A general description of the building or premises inspected.

(6) A foundation diagram or sketch of the structure or structures or portions of the structure or structures inspected, indicating thereon the approximate location of any infested or infected areas evident, and the parts of the structure where conditions which would ordinarily subject those parts to attack by wood-destroying pests or organisms exist.

(7) Information regarding the substructure, foundation walls and footings, porches, patios and steps, air vents, abutments, attic spaces, or other parts subject to attack by wood-destroying pests or organisms. Conditions usually deemed likely to lead to infestation or infection, such as earth contacts, excessive cellulose debris, faulty grade levels, excessive moisture conditions and insufficient ventilation are to be reported.

(8) Indication or description of any areas normally subject to damage which are inaccessible or for other reason not inspected, with suggestion for further inspection if practicable. If, after the report has been made in compliance with this section, authority is given later to open inaccessible areas, a supplementary report on conditions in these areas shall be made.

(9) Recommendations for corrective measures.

(10) Information regarding the pesticide or pesticides to be used for their control as set forth in subdivision (a) of Section 8538.

(11) The inspection report shall clearly disclose that if requested by the person ordering the original report, a reinspection of the structure will be performed if an estimate or bid for making repairs was given with the original inspection report, or thereafter.

An estimate or bid for repairs shall be given separately allocating the costs to perform each and every recommendation for corrective measures as specified in subdivision (c) with the original inspection report if the person who ordered the original inspection report so requests, and if the registered company is regularly in the business of performing corrective measures.

If no estimate or bid was given with the original inspection report, or thereafter, then the registered company shall not be required to perform a reinspection.

A reinspection shall be an inspection of those items previously listed on an original report to determine if the recommendations

have been completed. Each reinspection shall be reported on an original inspection report form and shall be labeled "Reinspection" in capital letters by rubber stamp or typewritten. Each reinspection shall also identify the original report by date and stamp numbers.

After four months from an original inspection, all inspections shall be original inspections and not reinspections.

Any reinspection shall be performed for not more than the price of the registered company's original inspection price and shall be completed within 10 working days after a reinspection has been ordered.

(c) At the time a report is ordered, the registered company or licensee shall inform the person or entity ordering the report, that a separated report is available pursuant to this subdivision. If a separated report is requested at the time the inspection report is ordered, the registered company or licensee shall separately identify on the report each recommendation for corrective measures as follows:

(1) The infestation or infection which is evident.

(2) The conditions that are present which are deemed likely to lead to infestation or infection.

If a registered company or licensee fails to inform as required by this subdivision and a dispute arises, or if any other dispute arises as to whether this subdivision has been complied with, a separate report shall be provided within 24 hours of the request but, in no event, later than the next business day, and at no additional cost.

(d) When a corrective condition is identified, either as paragraph (1) or (2) of subdivision (c), and the responsible party, as negotiated between the buyer and the seller, chooses not to correct those conditions, the registered company or licensee shall not be liable for damages resulting from a failure to correct those conditions or subject to any disciplinary action by the board. Nothing in this subdivision, however, shall relieve a registered company or a licensee of any liability resulting from negligence, fraud, dishonest dealing, other violations pursuant to this chapter, or contractual obligations between the registered company or licensee and the responsible parties.

(e) The inspection report form prescribed by the board shall separately identify paragraphs (1) and (2) of subdivision (c). Additionally, the form shall explain paragraphs (1) and (2) of subdivision (c) conditions and the difference between those conditions. In no event, however, shall conditions described pursuant to paragraph (2) of subdivision (c) be characterized as actual "defects" or as actual "active" infestations or infections or in need of correction as a precondition to issuing a certification pursuant to Section 8519.

(f) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall be in effect.

(g) Control service is defined as the regular reinspection of a property after a report has been made in compliance with this section and such corrections as have been agreed upon have been completed. Under a control service agreement a registered company shall refer to the original report and contract in a manner as to identify them clearly, and the report shall be assumed to be a true report of conditions as originally issued, except it may be modified after a control service inspection. A registered company is not required to issue a report as outlined in paragraphs (1) to (9), inclusive, of subdivision (b) after each control service inspection. If after control service inspection, no modification of the original report is made in writing, then it will be assumed that conditions are as originally reported. A control service contract shall state specifically the particular wood-destroying pests or organisms and the portions of the buildings or structures covered by the contract.

(h) Whenever a report is filed pursuant to subdivision (b), the board shall forthwith send to any person or firm designated under paragraph (3) of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested and upon payment of an appropriate search fee.

(i) All work recommended by a registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on this report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

This section shall become operative on July 1, 1989.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1185

An act to amend Section 667.6 of the Penal Code, relating to sentencing.

[Approved by Governor September 21, 1988 Filed with Secretary of State September 22, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 667.6 of the Penal Code is amended to read:

667.6. (a) Any person who is found guilty of violating subdivision

(2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person who has been convicted previously of any of those offenses shall receive a five-year enhancement for each of those prior convictions provided that no enhancement shall be imposed under this subdivision for any conviction occurring prior to a period of 10 years in which the person remained free of both prison custody and the commission of an offense which results in a felony conviction. In addition to the five-year enhancement imposed under this subdivision, the court may also impose a fine not to exceed twenty thousand dollars ($20,000) for anyone sentenced under these provisions. The fine imposed and collected pursuant to this subdivision shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs established pursuant to Section 13837.

(b) Any person convicted of an offense specified in subdivision (a) who has served two or more prior prison terms as defined in Section 667.5 for any offense specified in subdivision (a), shall receive a 10-year enhancement for each of those prior terms provided that no additional enhancement shall be imposed under this subdivision for any prison term served prior to a period of 10 years in which the person remained free of both prison custody and the commission of an offense which results in a felony conviction. In addition to the 10-year enhancement imposed under this subdivision, the court may also impose a fine not to exceed twenty thousand dollars ($20,000) for any person sentenced under this subdivision. The fine imposed and collected pursuant to this subdivision shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs established pursuant to Section 13837.

(c) In lieu of the term provided in Section 1170.1, a full, separate, and consecutive term may be imposed for each violation of Section 220, other than an assault with intent to commit mayhem, provided the person has been convicted previously of violating Section 220 for an offense other than an assault with intent to commit mayhem, subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person whether or not the crimes were committed during a single transaction. If the term is imposed consecutively pursuant to this subdivision, it shall be served consecutively to any other term of imprisonment, and shall commence from the time the person would otherwise have been released from imprisonment. The term shall not be included in any

determination pursuant to Section 1170.1. Any other term imposed subsequent to that term shall not be merged therein but shall commence at the time the person would otherwise have been released from prison.

(d) A full, separate, and consecutive term shall be served for each violation of Section 220, other than an assault with intent to commit mayhem, provided the person has been convicted previously of violating Section 220 for an offense other than an assault with intent to commit mayhem, subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 289, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person if the crimes involve separate victims or involve the same victim on separate occasions.

In determining whether crimes against a single victim were committed on separate occasions under this subdivision, the court shall consider whether, between the commission of one sex crime and another, the defendant had a reasonable opportunity to reflect upon his or her actions and nevertheless resumed sexually assaultive behavior. Neither the duration of time between crimes, nor whether or not the defendant lost or abandoned his or her opportunity to attack, shall be, in and of itself, determinative on the issue of whether the crimes in question occurred on separate occasions.

The term shall be served consecutively to any other term of imprisonment, and shall commence from the time the person would otherwise have been released from imprisonment. The term shall not be included in any determination pursuant to Section 1170.1. Any other term imposed subsequent to that term shall not be merged therein but shall commence at the time the person would otherwise have been released from prison.

(e) If the court orders a fine to be imposed pursuant to subdivision (a) or (b), the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

The people of the State of California do enact as follows:

SECTION 1. Section 18500 of the Government Code is amended to read:

18500. It is the purpose of this part:

(a) To facilitate the operation of Article VII of the Constitution.

(b) To promote and increase economy and efficiency in the state service.

(c) To provide a comprehensive personnel system for the state civil service, in which:

(1) Positions involving comparable duties and responsibilities are similarly classified and compensated.

(2) Appointments are based upon merit and fitness ascertained through practical and competitive examination.

(3) State civil service employment is made a career by providing for security of tenure and the advancement of employees within the service insofar as consistent with the best interests of the state.

(4) The rights and interests of the state civil service employee are given consideration insofar as consistent with the best interests of the state.

(5) Applicants and employees are treated in an equitable manner without regard to political affiliation, race, color, sex, religious creed, national origin, ancestry, marital status, age, sexual orientation, disability, political or religious opinions or nonjob-related factors.

(6) Tenure of civil service employment is subject to good behavior, efficiency, the necessity of the performance of the work, and the appropriation of sufficient funds.

SEC. 2. Section 20500 of the Government Code, as amended by Chapter 331 of the Statutes of 1988, is amended to read:

20500. Notwithstanding any other provision of this part, a contracting agency and its employees may agree, in writing, to share the costs of any optional benefit which is inapplicable to a contracting agency unless and until the agency elects to be subject to the benefit. The agreement shall specify the exact percentage of member compensation that shall be paid toward the current service cost of the benefits by members. The member contributions shall be normal contributions over and above normal contributions otherwise required by this part and shall be treated as normal contributions for all purposes of this part. The contributions shall be uniform with respect to all members within each of the following classifications: local miscellaneous members, local policemen, local firefighters, county peace officers, and all local safety members other than local policemen, local firefighters, and county peace officers. The balance of any costs shall be paid by the contracting agency and shall be credited to the employer's account.

This section shall not apply to any optional benefit which is elected by a contracting agency prior to the effective date of this section.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts or, in the case of contracts made after this section takes effect, by express provision in the contract making the contracting agency subject to this section. Contributions provided by this section shall not be withheld from member compensation or otherwise collected until the contract amendment becomes effective.

For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which,

in the aggregate, are reasonable and which, in combination, offer the actuary's best estimate of anticipated experience under the system.

The additional employer contributions required under this section shall be computed as a level percentage of member compensation. The additional contribution rate required at the time this section is added to a contract shall not be less than the sum of (1) the actuarial normal cost, plus (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from the date this section becomes effective in the public agency's contract.

Nothing in this section shall preclude a contracting agency and its employees from independently agreeing in a memorandum of understanding to share the costs of any optional benefit or when initially entering into a contract, any benefit, in a manner inconsistent with this section. However, any such an agreement in a memorandum of understanding which is inconsistent with this section shall not be part of the contract between this system and the contracting agency.

SEC. 3. Section 22790.2 of the Government Code is amended to read:

22790.2. Notwithstanding Section 10270.5 of the Insurance Code, an employee who is presently a member of a board-approved health benefit plan sponsored by an employee organization which is the exclusive representative pursuant to the Ralph C. Dills Act and who terminates his or her membership in an employee organization shall become ineligible for membership in the plan because of his or her termination of membership in the employee organization; however, the employee may continue enrollment in the employee organization health benefit plan until the time that the employee is properly notified by the employee organization of the loss of eligibility. Upon notification of the loss of eligibility, the employee within 60 days may change his or her enrollment to another approved health benefit plan for which he or she is eligible.

(2) The proposed building standard is within the parameters established by enabling legislation and is not expressly within the exclusive jurisdiction of another agency.

(3) The public interest requires the adoption of the building standards or administrative regulations that apply directly to the implementation or enforcement of building standards.

(4) The proposed building standard or administrative regulations that apply directly to the implementation or enforcement of building standards is not unreasonable, arbitrary, unfair, or capricious, in whole or in part.

(5) The cost to the public is reasonable based on the overall benefit to be derived from the building standards or administrative regulations that apply directly to the implementation or enforcement of building standards.

(8) The format of the proposed building standards or administrative regulations that apply directly to the implementation or enforcement of building standards is consistent with that adopted by the commission.

(9) The proposed building standard, if intended to promote fire and panic safety, has the written approval of the State Fire Marshal.

(b) In reviewing building standards or administrative regulations that apply directly to the implementation or enforcement of building standards submitted for its approval, the commission shall consider only the following:

(2) The evidence submitted to, and considered by, the adopting agency.

(c) The commission shall give great weight to the determinations and analysis of the adopting agency on each of the criteria for approval set forth in subdivision (a). Any factual determinations of the adopting agency shall be considered conclusive by the commission unless the commission specifically finds, and sets forth its reasoning in writing, that the factual determination is arbitrary and capricious or substantially unsupported by the evidence considered by the adopting agency.

Whenever the commission makes a finding, as described in this subdivision, it shall return the standard to the adopting agency for a reexamination of its original determination of the disputed fact.

(d) Whenever a building standard is principally intended to protect the public health and safety, its adoption shall not be a "factual determination" for purposes of subdivision (c). Whenever a building standard is principally intended to conserve energy or other natural resources, the commission shall consider or review the cost to the public or benefit to be derived as a "factual determination" pursuant to subdivision (c). Whenever a building standard is intended to promote fire and panic safety, each agency shall, unless adopted by the State Fire Marshal, submit the building standard to the State Fire Marshal for prior approval.

(e) Whenever the commission finds, pursuant to paragraph (2) of subdivision (a), that a building standard is adopted by an adopting agency pursuant to statutes requiring adoption of the building

standard or administrative regulations that apply directly to the implementation or enforcement of building standards, the commission shall not consider or review whether the adoption is in the public interest pursuant to paragraph (3) of subdivision (a).

18931. The commission shall perform the following:

(a) In accordance with Section 18930 and within 120 days from the date of receipt of adopted standards, review the standards of adopting agencies in order to approve, return for amendment with recommended changes, or reject building standards or administrative regulations that apply directly to the implementation or enforcement of building standards submitted to the commission for its approval. When building standards are returned for amendment or rejected, the commission shall inform the adopting agency of the specific reasons for the recommended changes or rejection, citing the criteria required under Section 18930. When standards or administrative regulations that apply directly to the implementation or enforcement of building standards are not acted upon by the commission within 120 days, the standards shall be approved, including codification and publication in the California Building Standards Code, without further review and without return or rejection by the commission.

(b) Codify, including publish, all building standards or administrative regulations that apply directly to the implementation or enforcement of building standards of state agencies and statutes defining building standards into one California Building Standards Code.

(c) Resolve conflict, duplication, and overlap in building standards or administrative regulations that apply directly to the implementation or enforcement of building standards in the code.

The commission shall determine the proportional cost to be paid for review of existing building standards or administrative

regulations that apply directly to the implementation or enforcement of building standards and the amount to be paid for review of building standards adopted by the state agency which are submitted for publication in the California Building Standards Code.

SEC. 15. Section 18932 of the Health and Safety Code is amended to read:

18932. (a) The code shall indicate the agency having responsibility vested by law for the administration of each building standard or administrative regulations that apply directly to the implementation or enforcement of building standards and the occupancy or occupancies affected by each such building standard.

(b) The code shall include an index and reference guide.

(c) The commission shall establish the format for the code to conform it as nearly as it deems practicable with the model codes.

SEC. 16. Section 18933 of the Health and Safety Code is amended to read:

18933. (a) The commission may give affected state agencies reasonable time, as specified by the commission, to adopt amendments to building standards or administrative regulations that apply directly to the implementation or enforcement of building standards submitted for approval. If the agencies do not do so within the reasonable time as specified, the commission shall convene a committee composed of a representative from each of the agencies affected and any other qualified persons who are selected by the commission. This committee shall prepare a recommendation for commission action upon the building standards or administrative regulations that apply directly to the implementation or enforcement of building standards. Upon the recommendation, or if the committee does not prepare a recommendation and deliver it to the commission within 30 days after being appointed, the commission may rewrite, edit, amend, or adopt, and approve the building standards or administrative regulations that apply directly to the implementation or enforcement of building standards consistent with the intent of this part and in accordance with the Administrative Procedure Act and the criteria for approval provided in Section 18930. It shall not, however, be required that hearings or other administrative procedure be duplicated on unchanged portions of building standards or administrative regulations that apply directly to the implementation or enforcement of building standards previously adopted and approved by the commission.

(b) Pursuant to Section 18943, the commission, after publication of building standards or administrative regulations that apply directly to the implementation or enforcement of building standards pursuant to Section 18941 in the triennial edition of the code, shall recommend to affected state agencies the repeal of building standards or administrative regulations that apply directly to the implementation or enforcement of building standards of the state agencies which were adopted, or are, in conflict with such published standards in the code. If the state agency does not adopt the repealer

of the building standards or administrative regulations that apply directly to the implementation or enforcement of building standards of the state agencies within a reasonable time as specified by the commission, the commission shall convene a committee composed of a representative of each of the agencies affected and such other qualified persons as selected by the commission to prepare a recommendation for commission action on the building standards. Upon the recommendation, or if the committee does not prepare a recommendation and deliver it to the commission within 30 days after being appointed, the commission may repeal the building standards, in accordance with the Administrative Procedure Act. This subdivision shall not supersede Section 18943, but, instead, provides the procedure for effecting that section.

SEC. 17. Section 18934.5 of the Health and Safety Code is amended to read:

18934.5. Where no state agency has the authority to adopt building standards or administrative regulations that apply directly to the implementation or enforcement of building standards applicable to state buildings, the commission shall adopt, approve, codify, and publish building standards providing the minimum standards for the design and construction of state buildings or administrative regulations that apply directly to the implementation or enforcement of building standards, including buildings constructed by the Trustees of the California State University and, to the extent permitted by law, to buildings designed and constructed by the Regents of the University of California. Building standards or administrative regulations that apply directly to the implementation or enforcement of building standards of the commission for state buildings shall comply with the criteria in subdivision (a) of Section 18930.

The notice of proposed building standards and the initial statement of reasons for the proposed building standards or administrative regulations that apply directly to the implementation or enforcement of building standards shall comply with Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code. The adopting agency shall submit the notice and initial statement of reasons for proposed building standards to the Building Standards Commission, which shall review them for compliance with Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division

3 of Title 2 of the Government Code. If the commission determines that the adopting agency has complied with Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code, the commission shall approve the notice and initial statement of reasons for proposed building standards or administrative regulations that apply directly to the implementation or enforcement of building standards, and submit them to the Office of Administrative Law for the sole purpose of inclusion in the California Regulatory Notice Register. The Office of Administrative Law shall publish only those notices of proposed building standards which have been approved by, and submitted to, the office by the State Building Standards Commission.

(b) In order to assure an absence of conflict between hearings and a maximum opportunity for interested parties to be heard, no hearings by adopting agencies shall be conducted unless the time and place thereof has been approved in writing by the commission prior to public notices of the hearing being given by the adopting agencies.

(c) If, after standards or administrative regulations are submitted to the commission for approval, the commission requires changes therein as a condition for approval, and the changes are made, no additional hearing by the affected state agency shall be required in connection with making the changes when the commission determines the changes are nonsubstantial, solely grammatical in nature, or are sufficiently related to the text submitted to the commission for approval that the public was adequately placed on notice that the change could result from the originally proposed standards or administrative regulations that apply directly to the implementation or enforcement of building standards.

SEC. 19. Section 18936 of the Health and Safety Code is amended to read:

18936. The commission shall mail notices of meetings with respect to its proposed action on any building standards or administrative regulations that apply directly to the implementation or enforcement of building standards to any design profession organizations, chambers of commerce, consumer groups, building and construction industry organizations, governmental agencies, and other parties and organizations that have submitted a written request therefor at least 15 days prior to any meeting thereon, provided that the failure to do so shall not invalidate any commission action.

SEC. 20. Section 18937 of the Health and Safety Code is amended to read:

18937. (a) Emergency standards or administrative regulations that apply directly to the implementation or enforcement of building standards shall be acted on by the commission within 30 days and, except for building standards or administrative regulations that apply directly to the implementation or enforcement of building standards adopted by the Occupational Safety and Health Standards

Board which are at least as effective as a federal standard promulgated under Section 6 of the federal Occupational Safety and Health Act of 1970 (Public Law 91-596), only when the adopting agencies have made the finding of emergency required by Sections 11346.1 and 11346.5 of the Government Code and have adopted the emergency standard in compliance with Section 11346.1 of the Government Code, and the commission concurs with that finding. Both the concurrence and the approval of the emergency standards or administrative regulations that apply directly to the implementation or enforcement of building standards require an affirmative vote of two-thirds of the members of the commission attending a meeting, or not less than six affirmative votes, whichever is greater.

However, the commission may elect to adopt or approve standards which incorporate, in whole or in part, the text of these publications, with changes therein, or deletions therefrom, directly incorporated into the text of the California Building Standards Code, but no textual material contained in any of the model codes, as enumerated in Section 17922, may be included in the California Building Standards Code by means other than incorporation by reference, unless the commission and the governing body of the organization that publishes the model codes first reach a written agreement concerning the terms and conditions of the publication, including, but not limited to, whether the publication will be by the commission or the model code organization, or both. The model code governing body may not withhold any publication agreement on the basis of the substantive provisions contained in the California Building Standards Code.

SEC. 25. Section 18942 of the Health and Safety Code is amended to read:

18942. (a) The commission shall publish, or cause to be published, editions of the code in its entirety once in every three years. In each intervening year the commission shall publish, or cause to be published, supplements as necessary. For emergency standards defined in subdivision (a) of Section 18913, an emergency standards supplement shall be published whenever the commission determines it is necessary. (c) The commission may publish, stockpile, and sell at a reasonable price the code and any materials incorporated therein by reference if it deems the latter is insufficiently available to the public, or unavailable at a reasonable price. If a regulation or order of repeal is filed with the Office of Administrative Law, and if it appears to be a building standard, as defined by Section 18909, or administrative regulations that apply directly to the implementation or enforcement of building standards which has not been approved by the commission, the Office of Administrative Law shall consult with the commission or the commission's staff to determine the character and status of the filed regulation or order. Any building standard or administrative regulations that apply directly to the implementation or enforcement of building standards improperly transmitted to the Office of Administrative Law, as determined according to this section, shall not be then filed with the Secretary of State, but, instead, the Office of Administrative Law shall transmit the building standard or administrative regulations that apply directly to the implementation or enforcement of building standards to the commission and notify the adopting agency of this action.

SEC. 27. Section 18942.2 is added to the Health and Safety Code, to read:

18942.2. If an administrative regulation or order of repeal is filed with the State Building Standards Commission and it does not directly apply to the implementation or enforcement of a building standard, it shall not be submitted to the commission for action, but, instead, the State Building Standards Commission shall transmit the regulations to the Office of Administrative Law and notify the submitting agency of this action.

SEC. 29. Section 18944 of the Health and Safety Code is amended to read:

18944. State agencies shall adopt regulations for publication in the titles of the California Code of Regulations containing other regulations of the agency to identify, by reference, the appropriate sections of the California Building Standards Code containing those building standards or administrative regulations that apply directly to the implementation or regulations of building standards for which that agency has enforcement responsibility.

(f) Other test methods may be approved by the State Fire Marshal on an individual basis.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1196

An act to amend Sections 11202 and 11215.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 21, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 11202 of the Vehicle Code is amended to read:

11202. (a) Except as provided in subdivision (c), a traffic violator school owner shall meet the following criteria before a license may

be issued for the traffic violator school:

(1) Be a person who has not been convicted of a crime involving an act of dishonesty, fraud, or deceit with the intent to benefit himself or herself or another substantially, or to injure another substantially. A conviction after a plea of nolo contendere is a conviction for purposes of this paragraph.

(2) Maintain an established place of business in this state which is open to the public in accordance with regulations of the department. No office or place of business of a traffic violator school, including any traffic violator school branch or classroom location, may be situated within 500 feet of any building used by the department as an office, or any court of law, unless the owner was established at the location on or before July 1, 1984.

(3) Conform to standards which shall be established by regulation of the department. In adopting the standards, the department shall consider those practices and instructional programs which may reasonably foster the knowledge, skills, and judgment necessary for the compliance with traffic laws. The standards may include, but are not limited to, school personnel, equipment, curriculum, procedures for the testing and evaluation of students, recordkeeping, and business practices.

(4) Except as provided in Section 11203, procure and file with the department a bond in the amount of two thousand dollars ($2,000) executed by an admitted surety and conditioned upon the applicant not practicing any fraud or making any fraudulent representation which will cause a monetary loss to a person taking instruction from the applicant.

(5) Have a classroom approved by the department and the proper equipment necessary for giving instruction to traffic violators.

(6) Have a lesson plan approved by the department. An approved lesson plan shall provide a minimum of 400 minutes of instruction, except that a lesson plan for instructing persons under the age of 18 may provide a minimum of 600 minutes of instruction.

(7) Execute and file with the department a good and sufficient instrument designating the director as agent of the applicant for the purpose of service of process, as provided in this paragraph, in any action or actions which may thereafter be commenced against the applicant arising out of any claim for damages suffered by any firm, person, association, or corporation by reason of (A) a violation by the applicant of any of the provisions of this code committed in relation to the specifications of the applicant's traffic violator school or (B) any condition of the bond required by paragraph (4). The applicant shall stipulate and agree in the instrument that any process directed to the applicant, when personal service of process upon him or her cannot be made in this state after due diligence, may be served instead upon the director, or in the event of the director's absence from the department's principal offices, upon any employee in charge of the office of the director, and this substituted service shall be of the same legal force and effect as personal service of the

applicant.

The instrument shall further stipulate and agree that the agency created by the designation shall continue for and during the period covered by the license issued pursuant to this section and so long thereafter as the applicant may be made to answer in damages for a violation of this code for which the surety may be made liable or any condition of the bond. The instrument designating the director as agent for service of process shall be acknowledged by the applicant before a notary public. In any case where the director or an employee of the department, in lieu of the director, is served with a summons and complaint on behalf of the licensee, one copy of the summons and complaint shall be left with the director or in the director's office in Sacramento or mailed to the office of the director in Sacramento. A fee of fifty dollars ($50) shall also be paid to the director or employee at the time of service of the copy of the summons and complaint, or shall be included with a summons and complaint served by mail. The service on the director or department employee pursuant to this section is sufficient service on the licensee if a notice of the service and a copy of the summons and complaint is, on the same business day as the service or mailing of the summons and complaint, sent by registered mail by the plaintiff or his or her attorney to the licensee. A copy of the summons and complaint shall also be mailed by the plaintiff or plaintiff's attorney to the surety on the licensee's bond at the address of the surety given in the bond, postpaid and registered with request for return receipt.

The director shall keep a record of all processes so served upon him or her, which shall show the day and hour of service, and shall retain the documents served in the department's files. Where the licensee is served with legal process by service upon the director or a department employee in lieu of the director, the licensee shall be allowed 30 days from and after the service within which to answer any complaint or other pleading which may be filed in the cause. For purposes of venue, where the licensee is served with process by service upon the director or a department employee in lieu of the director, the service shall be deemed to have been made upon the licensee in the county in which the licensee has or last had his or her established place of business.

(b) The qualifying requirements specified in subdivision (a) shall be met within one year from the date of application for a license, or a new application and fee shall be required.

(c) Paragraphs (4) and (7) of subdivision (a) do not apply to public schools or other public agencies, which shall also not be required to post a cash deposit pursuant to Section 11203.

(d) A notice approved by the department shall be posted in every traffic violator school, branch, and classroom location stating that any person involved in the offering of, or soliciting for, a completion certificate for attendance at a traffic violator school program in which the person does not attend or does not complete the minimum amount of instruction time provided by subdivision (a) may be guilty

of violating Section 134 of the Penal Code.

SEC. 2. Section 11202 of the Vehicle Code is amended to read:

11202. (a) Except as provided in subdivision (c), a traffic violator school owner shall meet the following criteria before a license may be issued for the traffic violator school:

(1) Be a person who has not been convicted of a crime involving an act of dishonesty, fraud, or deceit with the intent to benefit himself or herself or another substantially, or to injure another substantially. A conviction after a plea of nolo contendere is a conviction for purposes of this paragraph.

(2) Maintain an established place of business in this state which is open to the public in accordance with the regulation of the department. No office or place of business of a traffic violator school, including any traffic violator school branch or classroom location, may be situated within 500 feet of any building used by the department as an office, or any court of law, unless the owner was established at the location on or before July 1, 1984.

(3) Conform to standards which shall be established by regulation of the department. In adopting the standards, the department shall consider those practices and instructional programs which may reasonably foster the knowledge, skills, and judgment necessary for the compliance with traffic laws. The standards may include, but are not limited to, school personnel, equipment, curriculum, procedures for the testing and evaluation of students, recordkeeping, and business practices.

(4) Procure and file with the department a bond in the amount of two thousand dollars ($2,000) executed by an admitted surety and conditioned upon the applicant not practicing any fraud or making any fraudulent representation which will cause a monetary loss to a person taking instruction from the applicant or to the state or any of its subdivisions.

(5) Have a classroom approved by the department and the proper equipment necessary for giving instruction to traffic violators.

(6) Have a lesson plan approved by the department and provide no less than the minimum instructional time specified in the plan. An approved lesson plan shall provide a minimum of 400 minutes of instruction, except that a lesson plan for instructing persons under the age of 18 may provide a minimum of 600 minutes of instruction.

(7) Execute and file with the department a good and sufficient instrument designating the director as agent of the applicant for the purpose of service of process, as provided in this paragraph, in any action or actions which may thereafter be commenced against the applicant arising out of any claim for damages suffered by any firm, person, association, or corporation by reason of (A) a violation by the applicant of any of the provisions of this code committed in relation to the specifications of the applicant's traffic violator school or (B) any condition of the bond required by paragraph (4). The applicant shall stipulate and agree in the instrument that any process directed to the applicant, when personal service of process upon him or her

cannot be made in this state after due diligence, may be served instead upon the director, or in the event of the director's absence from the department's principal offices, upon any employee in charge of the office of the director, and this substituted service shall be of the same legal force and effect as personal service of the applicant.

The instrument shall further stipulate and agree that the agency created by the designation shall continue for and during the period covered by the license issued pursuant to this section and so long thereafter as the applicant may be made to answer in damages for a violation of this code for which the surety may be made liable or any condition of the bond. The instrument designating the director as agent for service of process shall be acknowledged by the applicant before a notary public. In any case where the director or an employee of the department, in lieu of the director, is served with a summons and complaint on behalf of the licensee, one copy of the summons and complaint shall be left with the director or in the director's office in Sacramento or mailed to the office of the director in Sacramento. A fee of fifty dollars ($50) shall also be paid to the director or employee at the time of service of the copy of the summons and complaint, or shall be included with a summons and complaint served by mail. The service on the director or department employee pursuant to this section is sufficient service on the licensee if a notice of the service and a copy of the summons and complaint is, on the same business day as the service or mailing of the summons and complaint, sent by registered mail by the plaintiff or his or her attorney to the licensee. A copy of the summons and complaint shall also be mailed by the plaintiff or plaintiff's attorney to the surety on the licensee's bond at the address of the surety given in the bond, postpaid and registered with request for return receipt.

The director shall keep a record of all processes so served upon him or her, which shall show the day and hour of service, and shall retain the documents served in the department's files. Where the licensee is served with legal process by service upon the director or a department employee in lieu of the director, the licensee shall be allowed 30 days from and after the service within which to answer any complaint or other pleading which may be filed in the cause. For purposes of venue, where the licensee is served with process by service upon the director or a department employee in lieu of the director, the service shall be deemed to have been made upon the licensee in the county in which the licensee has or last had his or her established place of business.

(8) Meet the requirements of Sections 11202.5 and 11208 relating to traffic violator school operators if the owner is also the operator of the traffic violator school. If the owner is not the operator of the traffic violator school, the owner shall designate an operator who shall meet the requirements of Section 11202.5.

(b) The qualifying requirements specified in subdivision (a) shall be met within one year from the date of application for a license, or

a new application and fee shall be required.

(c) Paragraphs (4) and (7) of subdivision (a) do not apply to public schools or other public agencies, which shall also not be required to post a cash deposit pursuant to Section 11203.

(d) Paragraph (8) of subdivision (a) shall not apply to public schools or other public educational institutions.

(e) A notice approved by the department shall be posted in every traffic violator school, branch, and classroom location stating that any person involved in the offering of, or soliciting for, a completion certificate for attendance at a traffic violator school program in which the person does not attend or does not complete the minimum amount of instruction time provided by subdivision (a) may be guilty of violating Section 134 of the Penal Code.

SEC. 3. Section 11215.5 of the Vehicle Code is amended to read:

11215.5. The department, after notice and hearing, may also suspend or revoke any license issued under this chapter when any of the following circumstances exist:

(a) If the main business office of the traffic violator school is located in any county with a population of 400,000 or more in which the traffic violator school conducts its instructional program, and the main business office does not maintain office hours during the time that the day courts in that county are open for business. This subdivision shall not apply to public schools.

(b) If the licensee is found by the department to be selling, or knowingly permitting the sale of, completion certificates.

Whenever a reference to numbered salary schedules and notes is made in this section, those found in the Los Angeles County Code, Title 6, shall apply. Whenever the compensation of superior court judges is adjusted, the flat-rate salaries for court commissioners, senior referees and referees shall be adjusted to maintain the salary relationship of 85 percent of the annual compensation of superior court judges.

Reduction of the schedule applicable to a class by reason of the adoption of this salary plan or subsequent reclassification of position for organizational purposes shall not result in a lower salary rate to incumbents of such positions. The court is authorized to regulate by rule the status of employees so affected.

As defined in the Los Angeles County Code, Section 6.28.030, the following prefixes are used instead of schedule numbers:

F—Flat rate per month

FD—Flat rate per day

FH—Flat rate per hour

N.W.—Pursuant to the Los Angeles County Code, Title 6, employees employed in this position shall be compensated on a six-step salary range, the sixth step being the fifth step of the salary schedule which is two standard salary schedules above the indicated schedule number. The rate or rates established by this provision constitute a base rate.

N.X.—As defined in the Los Angeles County Code Section 6.28.050.

N.Z.—Pursuant to the Los Angeles County Code, Title 6, employees employed in this position shall be compensated on a seven-step salary range, the sixth step being the fifth step of the salary schedule which is one standard salary schedule above the indicated schedule number, and the seventh step being the fifth step of the salary schedule which is two standard salary schedules above the indicated schedule number. Advancement to the sixth step shall be granted upon completion of 18 months of continuous service at the fifth step and advancement to the seventh step shall be granted upon completion of 18 months of continuous service at the sixth step. The rate or rates established by this provision constitute a base rate.

"R" or "A" indicates a position's inclusion in the County's Performance Based Pay Plan. The grade number following the "R" or "A" designation indicates the salary range. Compensation of such

positions is in accordance with Sections 6.08.305-360 of the County Code.

All personnel appointed pursuant to this article, except the county clerk/executive officer/jury commissioner, shall serve at the pleasure of the court and may at any time be removed by the court in its discretion. The county clerk/executive officer/jury commissioner shall serve at the pleasure of the court and the board of supervisors.

SEC. 2. Section 69894.6 of the Government Code is amended to read:

69894.6. Notwithstanding the provisions of Section 69894.1, in the County of Los Angeles, a majority of the judges of the superior court may appoint 324 court reporters, each of whom shall receive a salary equivalent to the schedule designation 73H N.Z. in the Los Angeles County Code. Court reporters shall serve at the pleasure of the court and may at any time be removed by the court in its discretion.

Reduction of the schedule applicable to court reporters by reason of the adoption of this salary plan or subsequent reclassification of positions for organizational purposes shall not result in a lower salary rate to incumbent court reporters. The court may regulate by rule the status of employees so affected.

SEC. 3. Section 72607 of the Government Code is amended to read:

72607. Notwithstanding the numbers and classifications of court officers and attachés specified in Articles 2, 3, and 4 of Chapter 9, Title 8 of the Government Code, the judges of a municipal court in a county having a population of 3,000,000 or over, with the approval of the board of supervisors, may appoint and employ such additional commissioners, officers, and attachés as are necessary to the performance of duties and exercise of powers within the jurisdiction of the court. The compensation of such appointees shall be as provided in such chapter for the same position, or, where not so provided, as may be established by the judges with the approval of the board of supervisors.

The majority of municipal court judges in such county, with the approval of the board of supervisors, may authorize the marshal, and the judges of any municipal court in such county, with such approval, may authorize the clerk of such court, to adjust rates of compensation, to appoint such additional deputies in any classifications as may be required for the prompt and faithful discharge of the duties of the respective offices. Deputies so appointed shall receive the respective rates of pay provided for existing classifications, or, if there be no such existing classification for which a pay rate has been established, then they shall receive such rates of pay as shall be established by the judges authorizing such appointments and approved by the board of supervisors.

Appointments and adjustments made pursuant to this section shall be effective only until January 1 of the second year following the year in which the adjustment is made, unless ratified by the Legislature.

It is the intention of the Legislature that the provisions of this section be cumulative to, and not in abrogation of, other provisions of law governing the additional or emergency appointment of deputy clerks and deputy marshals.

SEC. 4. Section 72608 of the Government Code is amended to read:

72608. Certain classes of positions prescribed in Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), and Article 4 (commencing with Section 72750) of this chapter are deemed to be related in job and compensation to position classifications included in the Los Angeles County Code, and in the case of certain classes of positions, to the administrative series included in Section 69894.1. In order to maintain the relationship of compensation and employee rights and benefits between such officers and attachés of municipal courts and county or superior court employees having commensurate duties and responsibilities and to provide appropriate salary adjustments and employee rights and benefits for related classes of court positions, the provisions of this section shall govern salary adjustments and employee rights and benefits for officers and attachés of municipal courts in Los Angeles County.

On the effective date of any amendment to such code adjusting the salary of a county employee classification listed in the table of positions set forth in this section, or on the effective date of a resolution or ordinance by the board of supervisors approving interim salary adjustments for superior court classes pursuant to Section 69894.2, the salary of the equivalent municipal court position listed opposite thereto and each other class of court position indented immediately thereunder shall be adjusted an equivalent number of schedules in the salary schedule to which such position is attached. In no event shall any one such adjustment exceed eight schedule numbers. If the level of compensation established by any such salary adjustment is not reflected in the salary schedule number provided for any court classification, the adjustment shall apply to each position in such classification on the effective date of the act fixing such salary schedule number. Classes of positions in the Performance-Based Pay Plan shall be compensated and adjusted in accordance with provisions approved by the board of supervisors.

Likewise, the salary of any court classification being enumerated in Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), or Article 4 (commencing with Section 72750) of this chapter for the first time as an amendment to this chapter shall be adjusted as necessary on the effective date of such amendment to provide the same relationship to the county classification to which it is attached as that established when the court classification was approved in accordance with the provisions of Section 72607.

All classes of positions approved by a majority of the judges of the municipal court and the board of supervisors for inclusion in the Los Angeles County Performance-Based Pay Plan will be compensated in accordance with the provisions of this plan as set forth in Part 3, Chapter 6.08, of the Los Angeles County Code. All of these provisions are applicable to participants in the Marshal's Department, except that for the marshal, the appointing authority is the muncipal court judges of Los Angeles County, and for all other participants in the marshal's department, the authority is the marshal. For purposes of PBP administration only, the appointing authority for the court administrator, Los Angeles Judicial District, is the court's executive committee. The court administrator, is the appointing authority for all other participants in the Los Angeles Judicial District.

The presiding judge, the immediate past presiding judge (if still a member of the Los Angeles Municipal Court) and the assistant presiding judge will confer with the court administrator to establish new performance goals and evaluate the completion of previously established goals; these judges will then rate the court administrator's performance using the PBP rating categories established in the county code. The presiding judge shall present this rating to the executive committee for ratification at its July meeting. In the event that the executive committee does not act upon the rating, the presiding judge shall forward the rating to the CAO for inclusion in the Los Angeles Municipal Court's Merit Salary Increase Guideline. In the event a rating is not completed, the court administrator's salary will be adjusted in accordance with the Los Angeles Municipal Court Merit Increase Guideline based on a "meets expectations" rating.

Any existing special pay provision applicable to court classes included in PBP and which is expressed in terms of additional schedules of compensation will be converted to a percentage basis in accordance with the county's plan which equates each schedule with 2.75 percent.

Salary adjustments made pursuant to this section shall be on an interim basis and shall be effective only until January 1 of the second year following the year in which the adjustment is made, unless ratified by the Legislature.

Officers and attachés of municipal courts in Los Angeles County shall be entitled to all employee rights, programs and benefits, including, but not limited to, paid medical plans, management incentive, pay for performance, and early separation programs, parking and cafeteria privileges, longevity pay, shooting allowance,

uniform and equipment allowance, and the same rights to meet with those entities which prescribe their compensation, that are provided for or made applicable to the equivalent Los Angeles County and county clerk/superior court employee classification. Participation in management incentive early separation programs and pay for performance shall be established by joint action and approval of a majority of the board of supervisors and a majority of the judges of the court, except in the Los Angeles Judicial District where such joint action shall be approved by a majority of the board of supervisors and a majority of the court's executive committee.

In addition to the salary adjustment otherwise provided by this section, persons employed in the classifications of executive secretary, M.C., senior management secretary, M.C., and secretary to the presiding judge shall receive a one-time only two-schedule salary increase effective January 1, 1989. However, in no event shall a person who is receiving additional compensation for performing duties involving greater skill and responsibility as described in subdivision (b) of Section 72705 and subdivisions (j), (k), and (*l*) of Section 72755 be

eligible to receive additional compensation pursuant to this subdivision, except for a deputy clerk grade III assigned to the regular duties of a deputy clerk grade IV as provided in subdivision (i) of Section 72755.

(b) The board of supervisors may by ordinance terminate the

office of public guardian.

27431. (a) The board of supervisors may appoint a public guardian to fill the office and provide for appointment to the subordinate positions.

(b) In appointing the public guardian, the board of supervisors may give preference to the person or agency providing public guardian services in each county. No person or agency shall be designated as public guardian whose agency functions present real conflict with the functions of conservatorship investigation or administration.

27432. (a) The board of supervisors may by ordinance designate that the public administrator is ex officio public guardian.

(b) If the board of supervisors has not designated the public administrator as ex officio public guardian, but has appointed another public guardian, it may terminate the appointment and may by ordinance designate that the public administrator is ex officio public guardian and all authority vests in the successor.

(c) If the public administrator has been designated ex officio public guardian, the board of supervisors may by ordinance terminate the designation and appoint another public guardian and all authority vests in the successor.

27433. The authority of the public guardian or ex officio public guardian ceases upon the termination of his or her tenure in office as public guardian or ex officio public guardian and his or her authority vests in his or her successor. If letters have been issued to "the public guardian" of the county, the letters are sufficient to authorize action by the successor and new letters need not be issued.

27434. The public guardian shall give an official bond in an amount fixed, from time to time, by the board of supervisors. The bond shall be for the joint benefit of the guardianship or conservatorship estates and the county. The public guardian may not be required to give a bond in an individual estate.

27435. (a) Necessary expenses of the public guardian in the conduct of any guardianship or any conservatorship estate may be advanced by the county. If so ordered by the board of supervisors, those expenses are a county charge, but the county shall be reimbursed therefor out of funds or property of the estate by the public guardian as soon as, and to the extent that, funds or property become available.

(b) As a means of advancing necessary expenses of a public guardian, the county board of supervisors may establish a revolving fund to be used by the public guardian. However, in the case of a noncharter county or a charter county where there is no conflict with the county charter, the public administrator may employ private counsel (a) in those estates in which he or she is nominated and would not otherwise have priority, (b) for those estates in which he or she is appointed administrator with the will annexed, or administrator pursuant to Chapter 4 (commencing with Section 8400) of Division 7 of the Probate Code, and (c) in those estates in which he or she is appointed administrator with the will annexed for the reason the executor nominated in the will has refused to serve. In those matters where the county counsel furnishes representation the county counsel shall collect the attorney's fees allowed by law and pay them into the county treasury.

(a) All moneys and other personal property of any veteran other than that described in Section 1035 shall, upon the death of the veteran, first be paid to the manager for payment of funeral expenses or any obligation owed to the home remaining unpaid after the disbursement required by Section 1035 is completed; and second, in the absence of an heir or heirs or a will, pass and descend to and become the property of the Veterans' Home of California for credit to the post fund thereof. If the total value of that property in the state over and above any amounts due the veteran for services in the armed forces of the United States or from any other employment does not exceed three thousand dollars ($3,000), the home may, without procuring letters of administration, collect any money due the decedent, receive the property of the decedent, and have any evidences of interest, indebtedness, or right transferred to it upon furnishing the person, representative, corporation, official, or body owning the money, having custody of the property or acting as registrar or transfer agent of the evidence of that interest, indebtedness, or right, with an affidavit showing the right of the home to receive the money or property or to have the evidences transferred. The receipt of the home shall constitute sufficient acquittance for any payment of money or delivery of property made pursuant to this section and shall fully discharge that person, representative, corporation, officer, or body from any further liability with reference thereto, without the necessity of inquiring into the truth of any of the facts stated in the affidavit. But that payment or transfer shall not preclude administration when necessary to enforce payment of the decedent's debts, and the

manager may, upon proof deemed by him or her to be sufficient, pay the debts directly and without administration.

This subdivision shall apply only to veterans becoming members of the home on or after January 1, 1984.

(b) All moneys and other personal property of any veteran other than that described in Section 1035 shall, upon the death of the veteran, in the absence of a spouse, children, grandchildren, or father or mother, pass and descend to and become the property of the Veterans' Home of California for credit to the post fund thereof. If the total value of that property in the State of California over and above any amounts due the veteran for services in the armed forces of the United States or from any other employment does not exceed three thousand dollars ($3,000), the home may, without procuring letters of administration or awaiting probate of any will, collect any money due the decedent, receive the property of the decedent and have any evidences of interest, indebtedness, or right transferred to it upon furnishing the person, representative, corporation, official, or body owning the money, having custody of that property or acting as registrar or transfer agent of the evidence of that interest, indebtedness, or right, with an affidavit showing the right of the home to receive that money or property or to have those evidences transferred. The receipt of the home shall constitute sufficient acquittance for any payment of money or delivery of property made pursuant to this section and shall fully discharge the person, representative, corporation, officer, or body from any further liability with reference thereto, without the necessity of inquiring into the truth of any of the facts stated in the affidavit. But that payment or transfer shall not preclude administration when necessary to enforce payment of the decedent's debts, and the manager may, upon proof deemed by him or her to be sufficient, pay those debts directly and without administration.

This subdivision shall apply only to veterans who have become members of the home prior to January 1, 1984.

(c) For the purpose of application to this section of the provisions of the Probate Code governing distribution of property, the home shall be deemed to be a beneficiary of the decedent.

SEC. 23.5. Section 1035.05 of the Military and Veterans Code is amended to read:

1035.05. (a) All moneys and other personal property of any veteran other than that described in Section 1035 shall, upon the death of the veteran, first be paid to the administrator for payment of funeral expenses or any obligation owed to the home remaining unpaid after the disbursement required by Section 1035 is completed; and second, in the absence of an heir or heirs or a will, pass and descend to and become the property of the home for credit to the post fund. If the total value of that property in the state over and above any amounts due the veteran for services in the armed forces of the United States or from any other employment does not exceed three thousand dollars ($3,000), the home may, without

procuring letters of administration, collect any money due the decedent, receive the property of the decedent, and have any evidences of interest, indebtedness, or right transferred to it upon furnishing the person, representative, corporation, official, or body owning the money, having custody of the property, or acting as registrar or transfer agent of the evidence of that interest, indebtedness, or right, with an affidavit showing the right of the home to receive the money or property or to have the evidences transferred. The receipt of the home shall constitute sufficient acquittance for any payment of money or delivery of property made pursuant to this section and shall fully discharge that person, representative, corporation, officer, or body from any further liability with reference thereto, without the necessity of inquiring into the truth of any of the facts stated in the affidavit. However, that payment or transfer does not preclude administration when necessary to enforce payment of the decedent's debts, and the administrator may, upon proof determined to be sufficient, pay the debts directly and without administration.

This subdivision applies only to veterans becoming members of the home on or after January 1, 1984.

(b) All moneys and other personal property of any veteran other than that described in Section 1035 shall, upon the death of the veteran, in the absence of a spouse, children, grandchildren, or father or mother, pass and descend to and become the property of the home for credit to the post fund. If the total value of that property in the State of California over and above any amounts due the veteran for services in the armed forces of the United States or from any other employment does not exceed three thousand dollars ($3,000), the home may, without procuring letters of administration or awaiting probate of any will, collect any money due the decedent, receive the property of the decedent and have any evidences of interest, indebtedness, or right transferred to it upon furnishing the person, representative, corporation, official, or body owning the money, having custody of that property, or acting as registrar or transfer agent of the evidence of that interest, indebtedness, or right, with an affidavit showing the right of the home to receive that money or property or to have those evidences transferred. The receipt of the home shall constitute sufficient acquittance for any payment of money or delivery of property made pursuant to this section and shall fully discharge the person, representative, corporation, officer, or body from any further liability with reference thereto, without the necessity of inquiring into the truth of any of the facts stated in the affidavit. However, the payment or transfer does not preclude administration when necessary to enforce payment of the decedent's debts, and the administrator may, upon proof determined to be sufficient, pay those debts directly and without administration.

This subdivision shall apply only to veterans who have become members of the home prior to January 1, 1984.

(c) For the purpose of application to this section of the provisions of the Probate Code governing distribution of property, the home shall be deemed to be a beneficiary of the decedent.

SEC. 24. Section 653.5 of the Penal Code is repealed.

SEC. 24.5. Section 3 is added to the Probate Code, to read:

3. (a) As used in this section:

(1) "New law" means a change in this code, whether effectuated by amendment, addition, or repeal of any provision of this code.

(2) "Old law" means the applicable law in effect before the operative date of the new law.

(3) "Operative date" means the operative date of the new law.

(b) This section governs the application of the new law except to the extent otherwise expressly provided in the new law.

(c) Subject to the limitations provided in this section, the new law applies on the operative date to all matters governed by the new law, regardless of whether an event occurred or circumstance existed before, on, or after the operative date, including, but not limited to, creation of a fiduciary relationship, death of a person, commencement of a proceeding, making of an order, or taking of an action.

(d) If a petition, account, report, inventory, appraisal, or other document or paper is filed before the operative date, the contents, execution, and notice thereof are governed by the old law and not by the new law; but any subsequent proceedings taken after the operative date concerning the petition, account, report, inventory, appraisal, or other document or paper, including an objection or response, a hearing, an order, or other matter relating thereto is governed by the old law and not by the new law.

(e) If an order is made before the operative date, including an order appointing a personal representative, guardian, conservator, trustee, probate referee, or any other fiduciary or officer, or any action on an order is taken before the operative date, the validity of the order or action is governed by the old law and not by the new law. Nothing in this subdivision precludes proceedings after the operative date to modify an order made, or alter a course of action commenced, before the operative date to the extent proceedings for modification of an order or alteration of a course of action of that type are otherwise provided in the new law.

(f) No personal representative, guardian, conservator, trustee, probate referee, or any other fiduciary, officer, or person is liable for any action taken before the operative date that was proper at the time the action was taken, even though the action would be improper if taken on or after the operative date, and such a person has no duty, as a result of the enactment of the new law, to take any step to alter the course of action or its consequences.

(g) If the new law does not apply to a matter that occurred before the operative date, the old law continues to govern the matter notwithstanding its repeal by the new law.

(h) If a party shows, and the court determines, that application of

a particular provision of the new law or of the old law in the manner required by this section or by the new law would substantially interfere with the effective conduct of the proceedings or the rights of the parties or other interested persons in connection with an event that occurred or circumstance that existed before the operative date, the court may, notwithstanding this section or the new law, apply either the new law or the old law to the extent reasonably necessary to mitigate the substantial interference.

(a) If he or she is a member of the armed forces of the United States or like forces of any nation with which the United States is allied or associated in time of war, and includes members of the Army, Navy, Marine Corps, Air Force, and Coast Guard, members of the Public Health Service detailed by proper authority for duty with the armed forces, and all other organizations or services recognized by the laws of the United States as a part of or auxiliary to the armed forces of the United States.

(b) If he or she has been accepted for and is awaiting induction into the armed forces, or is receiving training or education under government supervision preliminary to induction into any of these forces, in time of war.

(c) If he or she is engaged, outside the 50 states of the United States, in any work in connection with a governmental agency of the United States or with the American Red Cross or any other body with similar objects operating with the approval and sanction of the government of the United States or of any nation with which the United States is allied or associated in time of war.

(d) If he or she is engaged in time of war in service on any ship of United States registry.

(e) If he or she is interned or a prisoner of war in a foreign country or in the United States or any possession or dependency of the United States.

(f) If he or she is absent from the 50 states of the United States and, due to war conditions, is unable to return freely at his or her own volition.

(g) If he or she is engaged in any service in the United States or abroad arising out of or connected with a state of war that the court having jurisdiction of the estate finds prevents him or her from

giving proper attention to his or her duties.

Article 2. Scope of Part

360. This part applies to all fiduciaries, whether appointed or acting before, on, or after July 1, 1989.

361. This part does not apply to the extent an otherwise valid provision in an instrument provides a different or contrary rule or is otherwise inconsistent with this part.

Article 3. Procedural Provisions

365. Proceedings under this part are in the court having jurisdiction over the estate or, if none, any court in which jurisdiction of the estate is proper.

366. Notice of a hearing under this part shall be mailed at least 15 days before the hearing to each fiduciary and consultant and to the following persons:

(a) In the case of a trust, to each known beneficiary, subject to the provisions of Chapter 2 (commencing with Section 15800) of Part 3 of Division 9.

(b) In the case of a decedent's estate, as provided in Section 1220 to each known heir or devisee whose interest in the estate would be affected by the proceedings.

(c) In the case of a guardianship or conservatorship estate, as provided in Section 1460.

(d) In other cases, to any additional interested persons required by the court to receive notice.

CHAPTER 2. APPOINTMENT OF SUBSTITUTE FIDUCIARY

370. If a fiduciary is engaged in war service, on petition of the fiduciary, a cofiduciary, or an interested person, the court may do any of the following:

(a) Appoint a substitute fiduciary. If there is a qualified and acting cofiduciary, the court is not required to appoint a substitute fiduciary but may vest in the cofiduciary the powers of the original fiduciary engaged in war service.

(b) Order a suspension of the powers and duties of the original fiduciary for the period the original fiduciary is engaged in war service and until further order of the court.

(c) Order an account by the original fiduciary.

371. A substitute fiduciary has all the powers, including discretionary powers, that the original fiduciary had, except powers that the court determines are purely personal to the original fiduciary, and is subject to the same duties as the original fiduciary.

372. Except as otherwise ordered by the court, a substitute fiduciary shall give a bond in the manner and to the extent provided by law for the original fiduciary.

373. After the expiration of an original fiduciary's war service, if the estate has not been closed, the original fiduciary, on petition, is entitled to reinstatement as fiduciary. On reinstatement, the substitute fiduciary may, in the discretion of the court, be removed and may be discharged on conditions prescribed by the court.

374. A substitute fiduciary or an original fiduciary reinstated under Section 373 is not liable for the acts or omissions of the predecessor fiduciary.

CHAPTER 3. DELEGATION OF POWERS

Article 1. Delegation by Fiduciary

380. (a) A fiduciary who is or will be engaged in war service may delegate the fiduciary's powers, including discretionary powers, to a fiduciary who is not engaged in war service. Delegation may be made for the period during which the original fiduciary is engaged in war service and not to exceed six months following the expiration of that period.

(b) Approval of the court, on petition of the original fiduciary, the delegate, or an interested person, is required for delegation.

381. The right of delegation does not exist to the extent the court determines that powers to be delegated are purely personal to the original fiduciary.

382. After the expiration of the original fiduciary's war service, the court may, on petition of the original fiduciary, authorize the original fiduciary to resume the exercise of the fiduciary functions, and the delegated powers cease.

383. The original fiduciary is not liable for the acts or omissions of the delegate.

Article 2. Delegation by Consultant

385. (a) A consultant who is or will be engaged in war service may delegate the powers of the consultant, including discretionary powers, to a coconsultant who is not engaged in war service, or to the trustee administering the trust. The procedure for delegation by a fiduciary governs delegation by a consultant.

(b) The right of delegation does not exist to the extent the court determines that powers to be delegated are purely personal to the consultant. These powers are suspended until their exercise is resumed pursuant to this article.

386. If a consultant who is engaged in war service does not delegate the consultant's powers, the court, on petition of the trustee or an interested person, may do either of the following:

(a) Suspend the consultant's powers for the period of the consultant's war service and not to exceed six months following the expiration of that period.

(b) Confer the powers, except discretionary powers that the court

determines are purely personal to the consultant, on a coconsultant designated in the trust, the trustee, or any other qualified person.

387. If a consultant has delegated or the court has suspended the powers of the consultant, the court may, on petition by the consultant within six months following the expiration of the period of the consultant's war service, authorize the consultant to resume the exercise of the consultant's functions. All powers delegated to or conferred on other persons thereupon cease.

388. A consultant who delegates powers under this article is not liable for the acts or omissions of the delegate.

SEC. 43. Chapter 3 (commencing with Section 400) of Division 3 of the Probate Code is repealed.

SEC. 44. Part 12 (commencing with Section 400) is added to Division 2 of the Probate Code, to read:

PART 12. PROBATE REFEREES

CHAPTER 1. APPOINTMENT AND REVOCATION

400. (a) The Controller shall appoint at least one person in each county to act as a probate referee for the county.

(b) If there are fewer than three qualified applicants to serve in a county, the Controller may designate a probate referee from another county or make an interim appointment, to serve until the vacancy has been filled by a qualified applicant.

401. (a) Appointment shall be from among persons passing a qualification examination. A person who passes the examination is eligible for appointment for a period of five years from the date of the examination.

(b) Appointment shall be on the basis of merit without regard to sex, race, religious creed, color, national origin, ancestry, marital status, or political affiliation.

402. (a) The qualification examination for applicants for appointment to act as a probate referee shall be held at times and places within the state determined by the Controller.

(b) The Controller may contract with another agency to administer the qualification examination. Administration of the examination shall include:

(1) Development of standards for passage of the examination.

(2) Preparation of examination questions.

(3) Giving the examination.

(4) Scoring the examination.

(c) Each applicant shall pay a fee for taking the qualification examination. The agency administering the examination shall transmit to the Controller a list of candidates who have received a passing score in the examination. The list is a public record.

403. (a) The term of office of a probate referee is four years,

expiring June 30. A person may be appointed to complete the unexpired term of office of a probate referee whose appointment is revoked or is otherwise terminated. For a period of five years from the date of expiration of the term of office, a person who had been appointed to act as a probate referee is eligible for reappointment.

(b) If the Controller increases the number of probate referees in a county, the Controller shall stagger the terms of the new appointees so that one-quarter, or as close to one-quarter as possible, of the terms of the probate referees in that county expire on June 30 of each succeeding year.

404. (a) The Controller shall establish and may amend standards of training, performance, and ethics of probate referees. The standards shall be a public record.

(b) The Controller may revoke the appointment of a person to act as a probate referee for noncompliance with any standard of training, performance, or ethics established under subdivision (a). The Controller may revoke an appointment under this subdivision without notice or a hearing, but the revocation is subject to review by writ of mandate in a court of competent jurisdiction.

405. Notwithstanding Section 404, the Controller may, at the Controller's pleasure, revoke the appointment of a person to act as a probate referee. Under this section, the Controller may revoke the appointment of not more than 10 percent of the probate referees in each county in any one calendar year, but may revoke the appointment of at least one probate referee in each county in any one calendar year.

406. (a) The authority of a person to act as a probate referee ceases immediately upon expiration of the person's term of office, revocation of the person's appointment, or other termination pursuant to law.

(b) Upon cessation of authority of a person to act as a probate referee, the Controller shall notify the court of the county for which the probate referee was appointed. Upon receipt of notice, or if it otherwise comes to the attention of the court that the authority of a person to act as a probate referee has ceased, the court shall reassign any estate for which the person had been designated as probate referee to another probate referee.

407. (a) As used in this section, "prohibited political activity" means directly or indirectly soliciting, receiving, or contributing, or being in any manner involved in soliciting, receiving, or contributing, any of the following:

(1) Any assessment, subscription, or contribution to any party, incumbent, committee, or candidate exceeding two hundred dollars ($200) in any one calendar year for any partisan public office of this state.

(2) An assessment, subscription, contribution, or political service in any amount for any campaign for the office of Controller.

(b) Upon a person's appointment and thereafter in January of each year during the person's tenure as a probate referee, the person

shall file with the Controller a verified statement indicating whether the person has engaged in prohibited political activity during the preceding two calendar years.

(c) The Controller may not appoint or reappoint as a probate referee a person who within the preceding two calendar years has engaged in prohibited political activity, and any such appointment or reappointment is void and shall be revoked. The Controller shall revoke the appointment of a person who, during the person's tenure as a probate referee, engages in prohibited political activity. However, all acts not otherwise invalid, performed by the person before revocation of the person's appointment, are valid.

(d) A person shall not engage in prohibited political activity during the time the person is an applicant for appointment or reappointment, or during the person's tenure as a probate referee. A violation of this subdivision is a misdemeanor.

(e) Subdivisions (a), (c), and (d) do not apply to any prohibited political activity that occurred before July 1, 1989, and the applicable law in effect before July 1, 1989, continues to apply. Subdivision (b) applies on July 1, 1989, to persons who apply for appointment on or after July 1, 1989. A person who applied for appointment or who was appointed before July 1, 1989, shall file the first statement required by subdivision (b) on or before July 1, 1989, and thereafter as prescribed in subdivision (b).

408. The appointment of a probate referee by the Controller before July 1, 1989, is not invalidated by the repeal of the law under which the appointment was made. Appointment of a probate referee before July 1, 1989, may be revoked under this chapter only if revocation would otherwise be proper under this chapter.

CHAPTER 2. POWERS OF PROBATE REFEREE

450. Upon designation by the court, the probate referee has all the powers of a referee of the superior court and all other powers provided in this chapter.

451. (a) For the purpose of appraisal of property in the estate, the probate referee may require, and may issue a subpoena to compel, the appearance before the referee of the personal representative, guardian, conservator, or other fiduciary, an interested person, or any other person the referee has reason to believe has knowledge of the property.

(b) A subpoena issued under subdivision (a) is subject to the provisions of Section 2020 of the Code of Civil Procedure governing deposition subpoenas.

452. (a) The probate referee may examine and take the testimony under oath of a person appearing before the referee, or require, and issue a subpoena to compel, the person to produce any document in the person's possession or control, concerning the value of any property in the estate.

(b) A subpoena issued under subdivision (a) is subject to the

provisions of Section 2020 of the Code of Civil Procedure governing deposition subpoenas.

453. (a) On petition of a person required to appear before the probate referee pursuant to this chapter, the court may make a protective order to protect the person from annoyance, embarrassment, or oppression. The petitioner shall mail notice of the hearing on the petition to the probate referee and to the personal representative at least 15 days before the date set for the hearing. Any subpoena issued by the probate referee is stayed during the pendency of the petition.

(b) On petition of the probate referee, the court may make an order to show cause why a person who is required, but fails, to appear before the probate referee pursuant to this chapter, should not be compelled to do so. The probate referee shall mail notice of the hearing on the petition to the person at least 15 days before the date set for the hearing.

SEC. 49. Part 13 (commencing with Section 550) is added to Division 2 of the Probate Code, to read:

PART 13. LITIGATION INVOLVING DECEDENT

CHAPTER 1. LIABILITY OF DECEDENT COVERED BY INSURANCE

550. (a) Subject to the provisions of this chapter, an action to establish the decedent's liability for which the decedent was protected by insurance may be commenced or continued against the decedent's estate without the need to join as a party the decedent's personal representative or successor in interest.

(b) The remedy provided in this chapter is cumulative and may be pursued concurrently with other remedies.

551. If the limitations period otherwise applicable to the action has not expired at the time of the decedent's death, an action under this chapter may be commenced within one year after the expiration of the limitations period otherwise applicable.

552. (a) An action under this chapter shall name as the defendant, "Estate of (name of decedent), Deceased." Summons shall be served on a person designated in writing by the insurer or, if none, on the insurer. Further proceedings shall be in the name of the estate, but otherwise shall be conducted in the same manner as if the action were against the personal representative.

(b) On motion of an interested person, or on its own motion, the

court in which the action is pending may, for good cause, order the appointment and substitution of a personal representative as the defendant.

(c) An action against the estate of the decedent under this chapter may be consolidated with an action against the personal representative.

553. The insurer may deny or otherwise contest its liability in an action under this chapter or by an independent action. Unless the personal representative is joined as a party, a judgment in the action under this chapter or in the independent action does not adjudicate rights by or against the estate.

554. (a) Except as provided in subdivision (b), either the damages sought in an action under this chapter shall be within the limits and coverage of the insurance, or recovery of damages outside the limits or coverage of the insurance shall be waived. A judgment in favor of the plaintiff in the action is enforceable only from the insurance coverage and not against property in the estate.

(b) Where the amount of damages sought in the action exceeds the coverage of the insurance, subdivision (a) does not apply if both of the following conditions are satisfied:

(1) The personal representative is joined as a party to the action.

(2) The plaintiff files a claim under Section 9390.

555. (a) This chapter applies only to an action commenced on or after July 1, 1989.

(b) The applicable law in effect before July 1, 1989, continues to apply to an action commenced before July 1, 1989, notwithstanding its repeal by the act that enacted this chapter.

DIVISION 3. GENERAL PROVISIONS OF A PROCEDURAL NATURE

PART 1. GENERAL PROVISIONS

CHAPTER 1. RULES OF PRACTICE

1000. Except to the extent that this code provides applicable rules, the rules of practice applicable to civil actions apply to, and constitute the rules of practice in, proceedings under this code.

1001. (a) The Judicial Council may provide by rule for the practice and procedure under this code. Unless disapproved by the Judicial Council, a court may provide by local rule for the practice and procedure under this code. Judicial Council and local court rules shall be consistent with the applicable statutes.

(b) The Judicial Council may prescribe the form of the applications, notices, orders, and other documents required by this code. Any form prescribed by the Judicial Council is deemed to comply with this code.

1002. Unless it is otherwise provided by this code or by rules adopted by the Judicial Council, either the superior court or the court on appeal may, in its discretion, order costs to be paid by any party to the proceedings, or out of the assets of the estate, as justice may require.

1003. (a) The court may, on its own motion or on request of a personal representative, guardian, conservator, trustee, or other interested person, appoint a guardian ad litem at any stage of a proceeding to represent the interest of any of the following persons, if the court determines that representation of the interest otherwise would be inadequate:

(1) A minor.
(2) An incapacitated person.
(3) An unborn person.
(4) An unascertained person.
(5) A person whose identity or address is unknown.
(6) A designated class of persons who are not ascertained or are not in being.

(b) If not precluded by a conflict of interest, a guardian ad litem may be appointed to represent several persons or interests.

(c) The reasonable expenses of the guardian ad litem, including compensation and attorney's fees, shall be determined by the court and paid as the court orders, either out of the property of the estate involved or by the petitioner or from such other source as the court orders.

1004. If a proceeding affects the title to or the right of possession of real property, notice of the pendency of the proceeding may be filed pursuant to Section 409 of the Code of Civil Procedure.

CHAPTER 2. PETITIONS AND OTHER PAPERS

1020. Except as provided in Section 1023, a petition, objection, response, report, or account shall be in writing, signed by all of the petitioners, objectors, or respondents or by all of the persons making the report or account, and filed with the court clerk.

1021. (a) All of the following shall be verified:

(1) A petition, report, or account filed pursuant to this code.

(2) An objection or response filed pursuant to this code to a petition, report, or account.

(b) Except as provided in Section 1023, the verification shall be made as follows:

(1) A petition shall be verified by the petitioner or, if there are two or more parties joining in the petition, by any of them.

(2) A report or account shall be verified by the person who has the duty to make the report or account or, if there are two or more persons having a duty to make the report or account, by any of them.

(3) An objection or response shall be verified by the objector or respondent or, if there are two or more parties joining in the objection or response, by any of them.

1041. When a petition, report, account, or other matter that requires a hearing is filed with the court clerk, the clerk shall set the matter for hearing.

1042. A hearing under this code shall be on notice unless the statute that provides for the hearing dispenses with notice.

1043. (a) An interested person may appear and make a response or objection in writing at or before the hearing.

(b) An interested person may appear and make a response or objection orally at the hearing. The court in its discretion shall either hear and determine the response or objection at the hearing, or grant a continuance for the purpose of allowing a response or objection to be made in writing.

(c) A request for a continuance for the purpose of making a written response or objection shall not itself be considered as a response or objection, nor shall the failure to make a response or objection during the time allowed be considered as a response or objection.

1044. The petitioner or other party affirming is the plaintiff and the party objecting or responding is the defendant.

1045. The court may continue or postpone any hearing, from time to time, in the interest of justice.

1046. The court shall hear and determine any matter at issue and any response or objection presented, consider evidence presented, and make appropriate orders.

1047. Except as otherwise provided in this code, an order made in a proceeding under this code need not recite the existence of facts, or the performance of acts, upon which jurisdiction depends, but need only contain the matters ordered.

1048. (a) Except as provided in subdivision (b), orders shall be either entered at length in the minute book of the court or signed by the judge and filed.

(b) An order for distribution shall be entered at length in a judgment book or other permanent record of the court.

or mailing of the notice or order as may be required by law or court order.

(4) Any citation, in case no answer or written opposition is filed by a party entitled, by law or court order, to notice of the proceeding by citation, with the affidavit or proof of service and, if service of the citation is made by publication, the affidavit of publication and the order directing publication.

(c) Upon the filing of a petition under this section, the court may cite the named person to appear before the court, and the court and the petitioner may examine the named person under oath upon the matters recited in the petition. (b) If payment of expenses under subdivision (a) cannot be made in full and the total market value of the remaining estate of the decedent does not exceed ten thousand dollars ($10,000), the guardian or conservator may petition the court for an order permitting the guardian or conservator to liquidate the decedent's estate. The guardian or conservator may petition even though there is a will of the decedent in existence if the will does not appoint an executor or if the named executor refuses to act. No notice of the petition need be given. If the order is granted, the guardian or conservator may sell personal property of the decedent, withdraw money of the decedent in an account in a financial institution, and collect a debt, claim, or insurance proceeds owed to the decedent or the decedent's estate, and a person having possession or control shall pay or deliver the money or property to the guardian or conservator.

(c) When a claim for expenses is presented to the guardian or conservator, the guardian or conservator shall endorse thereon an allowance or rejection, with the date thereof. If the claim is allowed, it shall be presented to the court and the court shall in like manner endorse thereon an allowance or rejection. If the claim is approved by the court, the claim shall be filed with the clerk within 30 days thereafter.

(d) After payment of expenses, the guardian or conservator may transfer any remaining assets as provided in Division 8 (commencing with Section 13000). For this purpose, the value of the property of

the deceased ward or conservatee shall be determined after the deduction of the expenses so paid.

SEC. 72. Part 5 (commencing with Section 2900) is added to Division 4 of the Probate Code, to read:

PART 5. PUBLIC GUARDIAN

CHAPTER 1. TAKING TEMPORARY POSSESSION OR CONTROL OF PROPERTY

2900. The public guardian may take possession or control of property of a person domiciled in the county that is subject to loss, injury, waste, or misappropriation if the public guardian determines that the requirements for appointment of a guardian or conservator of the estate are satisfied and the public guardian intends to apply for appointment.

2901. (a) A public guardian who is authorized to take possession or control of property under this chapter may issue a written certification of that fact. The written certification is effective for five days after the date of issuance.

(b) The public guardian may record a copy of the written certification in any county in which is situated real property of which the public guardian is authorized to take possession or control under this chapter.

(c) A financial institution or other person shall, without the necessity of inquiring into the truth of the written certification and without court order or letters being issued:

(1) Provide the public guardian information concerning property held in the sole name of the proposed ward or conservatee.

(2) Surrender to the public guardian property of the proposed ward or conservatee that is subject to loss, injury, waste, or misappropriation.

(d) Receipt of the written certification:

(1) Constitutes sufficient acquittance for providing information and for surrendering property of the proposed ward or conservatee.

(2) Fully discharges the county recorder, financial institution, or other person from any liability for any act or omission of the public guardian with respect to the property.

2902. A public guardian who takes possession or control of property pursuant to this chapter is entitled to reasonable costs incurred for the protection of the property, together with a reasonable fee for services, in case of the subsequent appointment of another person as guardian or conservator of the estate. The costs and fee are a proper and legal charge against the estate of the ward or conservatee.

2903. This chapter applies only to possession or control of property by a public guardian on or after July 1, 1989. Possession or control of property by a public guardian before July 1, 1989, is governed by the applicable law in effect before July 1, 1989,

notwithstanding its repeal by the act that enacted this chapter.

CHAPTER 2. APPOINTMENT OF PUBLIC GUARDIAN

2920. If any person domiciled in the county requires a guardian or conservator and there is no one else who is qualified and willing to act and whose appointment as guardian or conservator would be in the best interest of the person:

(a) The public guardian may apply for appointment as guardian or conservator of the person, the estate, or the person and estate.

(b) The public guardian shall apply for appointment as guardian or conservator of the person, the estate, or the person and estate, if the court so orders. The court may make an order under this subdivision on motion of an interested person or on the court's own motion in a pending proceeding or in a proceeding commenced for that purpose. The court shall not make an order under this subdivision except after notice to the public guardian for the period and in the manner provided in Chapter 3 (commencing with Section 1460) of Part 1, consideration of the alternatives, and a determination by the court that the appointment is necessary. The notice and hearing under this subdivision may be combined with the notice and hearing required for appointment of a guardian or conservator.

2921. An application of the public guardian for guardianship or conservatorship of the person, the estate, or the person and estate, of a person who is under the jurisdiction of the State Department of Mental Health or the State Department of Developmental Services may not be granted without the written consent of the department having jurisdiction of the person.

2922. If the public guardian is appointed as guardian or conservator:

(a) Letters shall be issued in the same manner and by the same proceedings as letters are issued to other persons. Letters may be issued to "the public guardian" of the county without naming the public guardian.

(b) The official bond and oath of the public guardian are in lieu of the guardian or conservator's bond and oath on the grant of letters.

CHAPTER 3. ADMINISTRATION BY PUBLIC GUARDIAN

2940. All funds coming into the custody of the public guardian shall be deposited or invested in the same manner and subject to the same terms and conditions as deposit or investment by the public administrator of money in an estate pursuant to Article 3 (commencing with Section 7640) of Chapter 4 of Part 1 of Division 7.

2941. The public guardian may, if necessary and in the public guardian's discretion, employ private attorneys where the cost of employment can be defrayed out of estate funds or where satisfactory pro bono or contingency fee arrangements can be made.

2942. The public guardian has a claim against the estate of the ward or conservatee for all of the following:

(a) Reasonable expenses incurred in the execution of the guardianship or conservatorship.

(b) Compensation for services of the public guardian and the attorney of the public guardian, and for the filing and processing services of the county clerk, in the amount the court determines is just and reasonable.

(c) A bond fee in the amount of twenty-five dollars ($25) plus one-fourth of 1 percent of the amount of an estate greater than ten thousand dollars ($10,000). The amount charged shall be deposited in the county treasury. This subdivision does not apply if the conservatee is eligible for Social Security Supplemental Income Benefits.

2943. Notwithstanding subdivision (c) of Section 2610, the property described in the inventory may be appraised by the public guardian and need not be appraised by a probate referee if the public guardian files with the inventory an appraisal showing that the estimated value of the property in the estate, including cash items, does not exceed ten thousand dollars ($10,000).

2944. The public guardian is not liable for failing to take possession or control of property that is beyond the ability of the public guardian to possess or control.

SEC. 73. Section 3082 of the Probate Code is amended to read:

3082. Upon the filing of a petition under this article, the court may cite the spouse who has the management or control of community property to appear before the court, and the court and the petitioner may examine the spouse under oath concerning the community property and other matters relevant to the petition filed under this article. If the person so cited refuses to appear and submit to an examination, the court may proceed against the person as provided in Article 2 (commencing with Section 8870) of Chapter 2 of Part 3 of Division 7. Upon such examination, the court may make an order requiring the person cited to disclose his or her knowledge of the community property and other matters relevant to the petition filed under this article, and if the order is not complied with the court may proceed against the person as provided in Article 2 (commencing with Section 8870) of Chapter 2 of Part 3 of Division 7.

SEC. 73.5. Section 3918 of the Probate Code is amended to read:

3918. (a) A person nominated under Section 3903 or designated under Section 3909 as custodian may decline to serve by delivering a valid disclaimer under Part 8 (commencing with Section 260) of Division 2 to the person who made the nomination or to the transferor or the transferor's legal representative. If the event giving rise to a transfer has not occurred and no substitute custodian able, willing, and eligible to serve was nominated under Section 3903, the person who made the nomination may nominate a substitute custodian under Section 3903; otherwise the transferor or the

transferor's legal representative shall designate a substitute custodian at the time of the transfer, in either case from among the persons eligible to serve as custodian for that kind of property under subdivision (a) of Section 3909. The custodian so designated has the rights of a successor custodian.

(b) A custodian at any time may designate a trust company or an adult other than a transferor under Section 3904 as successor custodian by executing and dating an instrument of designation before a subscribing witness other than the successor. If the instrument of designation does not contain or is not accompanied by the resignation of the custodian, the designation of the successor does not take effect until the custodian resigns, dies, becomes incapacitated, or is removed. The transferor may designate one or more persons as successor custodians to serve, in the designated order of priority, in case the custodian originally designated or a prior successor custodian is unable, declines, or is ineligible to serve or resigns, dies, becomes incapacitated, or is removed. The designation either (1) shall be made in the same transaction and by the same document by which the transfer is made or (2) shall be made by executing and dating a separate instrument of designation before a subscribing witness other than a successor as a part of the same transaction and contemporaneously with the execution of the document by which the transfer is made. The designation is made by setting forth the successor custodian's name, followed in substance by the words: " is designated [first, second, etc., where applicable] successor custodian." A successor custodian designated by the transferor may be a trust company or an adult other than a transferor under Section 3904. A successor custodian effectively designated by the transferor has priority over a successor custodian designated by a custodian.

(c) A custodian may resign at any time by delivering written notice to the minor if the minor has attained the age of 14 years and to the successor custodian and by delivering the custodial property to the successor custodian.

(d) If the transferor has not effectively designated a successor custodian, and a custodian is ineligible, dies, or becomes incapacitated without having effectively designated a successor and the minor has attained the age of 14 years, the minor may designate as successor custodian, in the manner prescribed in subdivision (b), an adult member of the minor's family, a conservator of the minor, or a trust company. If the minor has not attained the age of 14 years or fails to act within 60 days after the ineligibility, death, or incapacity, the conservator of the minor becomes successor custodian. If the minor has no conservator or the conservator declines to act, the transferor, the legal representative of the transferor or of the custodian, an adult member of the minor's family, or any other interested person may petition the court to designate a successor custodian.

(e) A custodian who declines to serve under subdivision (a) or

resigns under subdivision (c), or the legal representative of a deceased or incapacitated custodian, as soon as practicable, shall put the custodial property and records in the possession and control of the successor custodian. The successor custodian by action may enforce the obligation to deliver custodial property and records and becomes responsible for each item as received.

(f) A transferor, the legal representative of a transferor, an adult member of the minor's family, a guardian of the person of the minor, the conservator of the minor, or the minor if the minor has attained the age of 14 years, may petition the court to remove the custodian for cause and to designate a successor custodian other than a transferor under Section 3904 or to require the custodian to give appropriate bond.

(g) Upon the filing of a petition under subdivision (d) or (f), the court shall grant an order, directed to the persons and returnable on such notice as the court may require, to show cause why the relief prayed for in the petition should not be granted and, in due course, grant such relief as the court finds to be in the best interests of the minor.

SEC. 74. Section 6104 is added to the Probate Code, to read:

6104. The execution or revocation of a will or a part of a will is ineffective to the extent the execution or revocation was procured by duress, menace, fraud, or undue influence.

SEC. 74.5. Section 6105 is added to the Probate Code, to read:

6105. A will, the validity of which is made conditional by its own terms, shall be admitted to probate or rejected, or denied effect after admission to probate, in conformity with the condition.

SEC. 75. Section 6112 of the Probate Code is amended to read:

6112. (a) Any person generally competent to be a witness may act as a witness to a will.

(b) A will or any provision thereof is not invalid because the will is signed by an interested witness. Unless there are at least two other subscribing witnesses to the will who are disinterested witnesses, the fact that the will makes a devise to a subscribing witness creates a presumption that the witness procured the devise by duress, menace, fraud, or undue influence. This presumption is a presumption affecting the burden of proof.

(c) If a devise made by the will to an interested witness fails because the presumption established by subdivision (b) applies to the devise and the witness fails to rebut the presumption, the interested witness shall take such proportion of the devise made to the witness in the will as does not exceed the share of the estate which would be distributed to the witness if the will were not established. Nothing in this subdivision affects the law that applies where it is established that the witness procured a devise by duress, menace, fraud, or undue influence.

(d) A provision in a will that a person who contests or attacks the will or any of its provisions takes nothing under the will or takes a reduced share does not apply to a contest or attack on a provision of

the will that benefits a witness to the will.

SEC. 75.5. Section 6154 is added to the Probate Code, to read:

6154. Devises are classified as follows:

(a) A specific devise is a devise of specifically identifiable property.

(b) A general devise is a devise from the general estate that does not give specific property.

(c) A demonstrative devise is a general devise that specifies the fund or property from which the devise is primarily to be made.

(d) A general pecuniary devise is a pecuniary gift within the meaning of Section 21120 that is made by will.

(e) An annuity is a general pecuniary devise that is payable periodically.

(f) A residuary devise is a devise of property that remains after all specific and general devises have been satisfied.

SEC. 76. Section 6179 is added to the Probate Code, to read:

6179. The repeal of former Sections 1050, 1051, 1052, and 1053 and the amendment of former Section 1054, by Chapter 842 of the Statutes of 1983, apply only to cases where the decedent died on or after January 1, 1985. If the decedent died before January 1, 1985, the case is governed by the former provisions as they would exist had Chapter 842 of the Statutes of 1983 not been enacted.

SEC. 76.5. Section 6221.5 of the Probate Code is amended to read:

6221.5. The execution of the attestation clause provided in the California statutory will by two or more witnesses satisfies Section 8220.

SEC. 77. Section 6327 of the Probate Code is amended to read:

6327. An appeal may be taken from any of the following:

(a) Any order described in Section 7240 made pursuant to this chapter.

(b) An order making or refusing to make a determination specified in paragraph (1), (2), or (8) of subdivision (a) of Section 6325.

(c) As provided in Section 17207 for an order made pursuant to Section 6326.

SEC. 77.5. Section 6527 of the Probate Code is amended to read:

6527. (a) The court may by order modify the term or conditions of the probate homestead right or terminate the probate homestead right at any time prior to entry of an order for final distribution of the decedent's estate if in the court's discretion to do so appears appropriate under the circumstances of the case.

(b) A petition for an order under this section may be filed by any of the following:

(1) The person for whose use the probate homestead is set apart.

(2) The testate or intestate successors of the decedent or other successors to the property set apart as a probate homestead.

(3) Persons having claims secured by liens or encumbrances on the property set apart as a probate homestead.

(c) Notice of the hearing on the petition shall be given to all the

persons listed in subdivision (b) as provided in Section 1220.

SEC. 78. Section 6607 of the Probate Code is amended to read:

6607. (b) If the petition under this chapter is filed with a petition for the probate of the decedent's will or with a petition for administration of the estate of the deceased spouse, notice of the hearing on the petition shall be given to the persons and in the manner prescribed by Section 8003 and shall be included in the notice required by that section.

(c) If proceedings for the administration of the estate of the decedent are pending when the petition is filed under this chapter and the hearing of the petition for probate of the will or administration of the estate of the decedent is set for a day more than 15 days after the filing of the petition filed under this chapter, the petition under this chapter shall be set for hearing at the same time as the petition for probate of the will or for administration of the estate, and notice of hearing on the petition filed under this chapter shall be given by the petitioner as provided in Section 1220. The appraisal shall be made as set forth in Part 3 (commencing with Section 8800) of Division 7. The personal representative or the petitioner, as the case may be, may appraise the assets which a personal representative could appraise under Section 8901.

(b) The property described in subdivision (a) does not escheat to this state but goes to another jurisdiction if the other jurisdiction claims the property and establishes all of the following:

(1) The other jurisdiction is entitled to the property under its law.

(2) The decedent customarily kept the property in that jurisdiction prior to the decedent's death.

(3) This state has the right to escheat and take tangible personal property being administered as part of a decedent's estate in that jurisdiction if the decedent customarily kept the property in this state prior to the decedent's death.

(2) The decedent was domiciled in that jurisdiction at the time of the decedent's death.

(3) This state has the right to escheat and take intangible property being administered as part of a decedent's estate in that jurisdiction if the decedent was domiciled in this state at the time of the decedent's death.

SEC. 80. The heading of Part 1 of Division 7 of the Probate Code is repealed.

SEC. 80.5. Part 1 (commencing with Section 7000) is added to Division 7 of the Probate Code, to read:

PART 1. GENERAL PROVISIONS

CHAPTER 1. PASSAGE OF DECEDENT'S PROPERTY

7000. Subject to Section 7001, title to a decedent's property passes on the decedent's death to the person to whom it is devised in the decedent's last will or, in the absence of such a devise, to the decedent's heirs as prescribed in the laws governing intestate succession.

7001. The decedent's property is subject to administration under this code, except as otherwise provided by law, and is subject to the rights of beneficiaries, creditors, and other persons as provided by law.

CHAPTER 2. JURISDICTION AND COURTS

Article 1. Jurisdiction and Venue

7050. (a) The superior court has jurisdiction of proceedings under this code concerning the administration of the decedent's estate.

(b) The court in proceedings under this division is a court of general jurisdiction and the court, or a judge of the court, has the same power and authority with respect to the proceedings as otherwise provided by law for a superior court, or a judge of the superior court, including, but not limited to, the matters authorized by Section 128 of the Code of Civil Procedure.

7051. If the decedent was domiciled in this state at the time of death, the proper county for proceedings concerning administration of the decedent's estate is the county in which the decedent was domiciled, regardless of where the decedent died.

7052. If the decedent was not domiciled in this state at the time of death, the proper county for proceedings under this division is one of the following:

(a) If property of the nondomiciliary decedent is located in the county in which the nondomiciliary decedent died, the county in which the nondomiciliary decedent died.

(b) If no property of the nondomiciliary decedent is located in the county in which the nondomiciliary decedent died or if the nondomiciliary decedent did not die in this state, any county in which property of the nondomiciliary decedent is located, regardless of where the nondomiciliary decedent died. If property of the nondomiciliary decedent is located in more than one county, the proper county is the county in which a petition for ancillary administration is first filed, and the court in that county has jurisdiction of the administration of the estate.

Article 2. Disqualification of Judge

7060. (a) In addition to any other ground provided by law for disqualification of a judge, a judge is disqualified from acting under this division, except to order the transfer of a proceeding as provided in Article 3 (commencing with Section 7070), if any of the following circumstances exist:

(1) The judge is interested as a beneficiary or creditor.

(2) The judge is named as executor or trustee in the will.

(3) The judge is otherwise interested.

(b) A judge who participates in any manner in the drafting or execution of a will, including acting as a witness to the will, is disqualified from acting in any proceeding prior to and including the admission of the will to probate or in any proceeding involving its

validity or interpretation.

(c) The amendments made to former Section 303 by Section 27 of Chapter 923 of the Statutes of 1987 do not apply in any proceeding commenced prior to July 1, 1988.

Article 3. Transfer of Proceedings

7070. The court or judge shall order a proceeding under this division transferred to another county if there is no judge of the court in which the proceeding is pending who is qualified to act. This section does not apply if a judge qualified to act is assigned by the chairman of the Judicial Council to sit in the county and hear the proceeding.

7071. Transfer of a proceeding under this article shall be to another county in which property of the decedent is located or, if there is no other county in which property of the decedent is located, to an adjoining county.

7072. Upon petition of the personal representative or other interested person before the administration of the estate is closed, a proceeding transferred under this article may be retransferred to the court in which the proceeding was originally commenced if the court determines that both of the following conditions are satisfied:

(a) Another person has become judge of the court where the proceeding was originally commenced who is not disqualified to act in the administration of the estate.

(b) The convenience of the parties interested would be promoted by the retransfer.

CHAPTER 3. RULES OF PROCEDURE

Article 1. Trial by Jury

7200. Except as otherwise expressly provided in this division, there is no right to a jury trial in proceedings under this division.

Article 2. New Trials

7220. A motion for a new trial may be made only in the following cases:

(a) Contest of a will or revocation of probate of a will.

(b) Cases in which a right to jury trial is expressly granted, whether or not the case was tried by a jury.

Article 3. Appeals

7240. An appeal may be taken from the making of, or the refusal to make, any of the following orders:

(a) Granting or revoking letters testamentary, letters of administration, or letters of administration with the will annexed, but

not letters of special administration or letters of special administration with general powers.

(b) Admitting a will to probate or revoking the probate of a will.

(n) Distributing property.

(o) Determining that property passes to, or confirming that property belongs to, the surviving spouse under Section 13656.

(p) Authorizing a personal representative to invest or reinvest surplus money under Section 9732.

7241. (a) Except as provided in subdivisions (b) and (c), an appeal under Section 7240 stays the operation and effect of the order.

(b) Notwithstanding that an appeal is taken from the order, for the purpose of preventing injury or loss to a person or property, the trial court may direct the exercise of the powers of the personal representative, or may appoint a special administrator to exercise the powers, from time to time, as though no appeal were pending. Acts of the personal representative or special administrator pursuant to the directions of the court made under this subdivision are valid, regardless of the result of the appeal.

(c) An appeal under Section 7240 does not stay the operation and effect of the order if the court requires an undertaking, as provided in Section 917.9 of the Code of Civil Procedure, and the undertaking is not given.

7242. Notwithstanding the repeal of former Section 1297, an appeal may be taken from an order or the refusal to make an order:

(a) Determining heirship or the persons to whom distribution should be made, pursuant to former Sections 1190 to 1192, inclusive.

(b) Fixing an inheritance tax or determining that none is due.

(b) In the case of personal property, a transfer of the property or the creation of a security interest or other lien on the property.

7261. If a transaction affecting real property in the estate is executed by the personal representative in accordance with the terms of a court order, the instrument shall include a statement that the transaction is made by authority of the order authorizing or directing the transaction and shall give the date of the order.

7262. A transaction executed by the personal representative in accordance with an order authorizing or directing the transaction has the same effect as if the decedent were living at the time of the transaction and had carried it out in person while having legal capacity to do so.

7263. If an order is made setting apart a probate homestead, confirming a sale or making a distribution of real property, or determining any other matter affecting title to real property in the estate, the personal representative shall record a certified copy of the order in the office of the county recorder in each county in which any portion of the real property is situated.

Article 5. United States as Interested Person

7280. Where compensation, pension, insurance, or other allowance is made or awarded by a department or bureau of the United States government to a decedent's estate, the department or bureau has the same right as an interested person to request special notice, to commence and prosecute an action on the bond of a personal representative, and to file written exceptions to a personal representative's account or contest the account.

CHAPTER 4. PUBLIC ADMINISTRATORS

Article 1. Taking Temporary Possession or Control of Property

7600. If a public officer or employee knows of property of a decedent that is subject to loss, injury, waste, or misappropriation and that ought to be in the possession or control of the public administrator, the officer or employee shall inform the public administrator.

7600.5. If a person dies in a hospital, convalescent hospital, or board and care facility without known next of kin, the person in

charge of the hospital or facility shall give immediate notice of that fact to the public administrator of the county in which the hospital or facility is located. If the notice required by this section is not given, the hospital or facility is liable for (1) any cost of interment incurred by the estate or the county as a result of the failure and (2) any loss to the estate or beneficiaries caused by loss, injury, waste, or misappropriation of property of the decedent as a result of the failure.

7601. (a) If no personal representative has been appointed, the public administrator of a county shall take prompt possession or control of property of a decedent in the county that is subject to loss, injury, waste, or misappropriation, or that the court orders into the possession or control of the public administrator after notice to the public administrator as provided in Section 1220.

(b) If property described in subdivision (a) is beyond the ability of the public administrator to take possession or control, the public administrator is not liable for failing to take possession or control of the property.

7602. (a) A public administrator who is authorized to take possession or control of property of a decedent under this article shall make a prompt search for other property, a will, and instructions for disposition of the decedent's remains.

(b) If a will is found, the public administrator or custodian of the will shall deliver the will as provided in Section 8200.

(c) If instructions for disposition of the decedent's remains are found, the public administrator shall promptly deliver the instructions to the person upon whom the right to control disposition of the decedent's remains devolves as provided in Section 7100 of the Health and Safety Code.

7603. (a) A public administrator who is authorized to take possession or control of property of a decedent pursuant to this article may issue a written certification of that fact. The written certification is effective for five days after the date of issuance.

(b) The public administrator may record a copy of the written certification in any county in which is situated real property of which the public administrator is authorized to take possession or control under this article.

(c) A financial institution or other person shall, without the necessity of inquiring into the truth of the written certification and without court order or letters being issued:

(1) Provide the public administrator information concerning property held in the sole name of the decedent.

(2) Grant the public administrator access to a safe deposit box rented in the sole name of the decedent for the purpose of inspection and removal of any will or instructions for disposition of the decedent's remains. Costs and expenses incurred in drilling or forcing a safe deposit box shall be borne by the estate of the decedent.

(3) Surrender to the public administrator property of the

decedent that is subject to loss, injury, waste, or misappropriation.

(d) Receipt of the written certification provided by this section:

(1) Constitutes sufficient acquittance for providing information or granting access to the safe deposit box, for removal of the decedent's will and instructions for disposition of the decedent's remains, and for surrendering property of the decedent.

(2) Fully discharges the county recorder, financial institution, or other person from any liability for granting access or for any act or omission of the public administrator with respect to the safe deposit box.

7604. If the public administrator takes possession or control of property of a decedent under this article, but another person is subsequently appointed personal representative, the public administrator is entitled to costs incurred for the preservation of the estate, together with a reasonable fee for services. The costs and fee are a proper and legal charge against the decedent's estate as an expense of administration.

Article 2. Appointment as Personal Representative

7620. The public administrator of the county in which the estate of a decedent may be administered shall promptly:

(a) Petition for appointment as personal representative of the estate if no person having higher priority has petitioned for appointment.

(b) Petition for appointment as personal representative of any other estate the public administrator determines is proper.

(c) Accept appointment as personal representative of an estate when so ordered by the court whether or not on petition of the public administrator, after notice to the public administrator as provided in Section 7621.

7621. (a) Except as otherwise provided in this section, appointment of the public administrator as personal representative shall be made, and letters issued, in the same manner and pursuant to the same procedure as for appointment of and issuance of letters to personal representatives generally.

(b) Appointment of the public administrator may be made on the court's own motion, after notice to the public administrator as provided in Section 1220.

(c) Letters may be issued to "the public administrator" of the county without naming the public administrator.

(d) The public administrator's oath and official bond are in lieu of the personal representative's oath and bond. Every estate administered under this chapter shall be charged a bond fee in the amount of twenty-five dollars ($25) plus one-fourth of 1 percent of the amount of an estate greater than ten thousand dollars ($10,000). The amount charged is an expense of administration and that amount shall be deposited in the county treasury.

7622. Except as otherwise provided in this chapter:

(a) The public administrator shall administer the estate in the same manner as a personal representative generally, and the provisions of this division apply to administration by the public administrator.

(b) The public administrator is entitled to receive the same compensation and allowances granted by this division to a personal representative generally.

7623. (a) As used in this section, "additional compensation" means the difference between the reasonable cost of the administration of an estate and the commission awarded under Sections 901 and 902.

(b) The public administrator may be awarded additional compensation if any of the following conditions are satisfied:

(1) A person having priority for appointment as personal representative has been given notice under Section 8110 of the public administrator's petition for appointment, and the person has not petitioned for appointment in preference to the public administrator.

(2) The public administrator has been appointed after the resignation or removal of a personal representative.

7624. (a) If after final distribution of an estate any money remains in the possession of the public administrator that should be paid over to the county treasurer pursuant to Chapter 5 (commencing with Section 11850) of Part 10, the court shall order payment to be made within 60 days.

(b) Upon failure of the public administrator to comply with an order made pursuant to subdivision (a), the district attorney of the county shall promptly institute proceedings against the public administrator and the sureties on the official bond for the amount ordered to be paid, plus costs.

Article 3. Deposit of Money of Estate

7640. (a) The public administrator shall, upon receipt, deposit all money of the estate in an insured account in a financial institution or with the county treasurer of the county in which the proceedings are pending.

(b) Upon deposit under this section the public administrator is discharged from further responsibility for the money deposited until the public administrator withdraws the money.

7641. Money deposited in a financial institution or with the county treasurer under this article may be withdrawn upon the order of the public administrator when required for the purposes of administration.

7642. (a) The public administrator shall credit each estate with the highest rate of interest or dividends that the estate would have received if the funds available for deposit had been individually and separately deposited.

(b) Interest or dividends credited to the account of the public

administrator in excess of the amount credited to the estates pursuant to subdivision (a) shall be deposited in the county general fund.

7643. (a) The county treasurer shall receive and safely keep all money deposited with the county treasurer under this chapter and pay the money out on the order of the public administrator when required for the purposes of administration. The county treasurer and sureties on the official bond of the county treasurer are responsible for the safekeeping and payment of the money.

(b) The county treasurer shall deliver to the State Treasurer or the Controller all money in the possession of the county treasurer belonging to the estate, if there are no beneficiaries or other persons entitled to the money, or the beneficiaries or other persons entitled to the money do not appear and claim it. Delivery shall be made under the provisions of Article 1 (commencing with Section 1440) of Chapter 6 of Title 10 of Part 3 of the Code of Civil Procedure.

7644. (a) If a deposit in a financial institution is made under this article, money remaining unclaimed at the expiration of five years after the date of the deposit, together with the increase and proceeds of the deposit, shall be presumed abandoned in any of the following circumstances:

(1) The deposit belongs to the estate of a known decedent for which a personal representative has never been appointed.

(2) The deposit belongs to the estate of a known decedent for which a personal representative has been appointed but no order of distribution has been made due to the absence of interested persons or the failure of interested persons diligently to protect their interests by taking reasonable steps for the purpose of securing a distribution of the estate.

(b) The Controller may, at any time after the expiration of the five-year period, file a petition with the court setting forth the fact that the money has remained on deposit in a financial institution under the circumstances described in subdivision (a) for the five-year period, and requesting an order declaring that the money is presumptively abandoned and directing the holder of the money to pay the money to the State Treasurer.

(c) Upon presentation of a certified copy of a court order made under subdivision (b), the financial institution shall forthwith transmit the money to the State Treasurer for deposit in the State Treasury. The deposit shall be made as provided in Section 1310 of the Code of Civil Procedure. All money deposited in the State Treasury under the provisions of this section shall be deemed to be deposited in the State Treasury under the provisions of Article 1 (commencing with Section 1440) of Chapter 6 of Title 10 of Part 3 of the Code of Civil Procedure. The deposit shall be transmitted, received, accounted for, and disposed of as provided by Title 10 (commencing with Section 1300) of Part 3 of the Code of Civil Procedure.

Article 4. Summary Disposition of Small Estates

7660. (a) If a public administrator takes possession or control of, or is appointed personal representative of, an estate pursuant to this chapter, the public administrator may summarily dispose of the estate in the manner provided in this article in either of the following circumstances:

(1) The total value of the property in the decedent's estate does not exceed the amount prescribed in Section 13100. The authority provided by this paragraph may be exercised only upon order of the court. The order may be made upon ex parte application. The fee to be allowed to the clerk for the filing of the application shall be set by the court.

(2) The total value of the property in the decedent's estate does not exceed ten thousand dollars ($10,000). The authority provided by this paragraph may be exercised without court authorization.

(b) Summary disposition may be made notwithstanding the existence of the decedent's will, if the will does not name an executor or if the named executor refuses to act.

(c) Nothing in this article precludes the public administrator from filing a petition with the court under any other provision of this division.

7661. A public administrator acting under authority of this article may:

(a) Withdraw money of the decedent on deposit in a financial institution.

(b) Collect any debts owed to the decedent.

(c) Sell personal property of the decedent. Sales may be made with or without notice, as the public administrator elects. Title to the property sold passes without the need for confirmation by the court.

(d) Sell real property of the decedent, subject to Article 6 (commencing with Section 10300) of Chapter 18 of Part 5. Title to the property sold passes with the public administrator's deed.

7662. The public administrator acting under authority of this article shall pay out the money of the estate in the following order:

(a) Costs of administration, including commissions and fees.

(b) Expenses of the decedent's last illness and of disposition of the remains of the decedent.

(c) Claims presented to the public administrator before distribution of the decedent's property pursuant to Section 7663. Claims shall be paid in the order prescribed in Section 11420. A creditor whose claim is paid under this subdivision is not liable for contribution to a creditor whose claim is presented after the payment.

7663. (a) After payment of debts pursuant to Section 7662, but in no case before four months after court authorization of the public administrator to act under this article or after the public administrator takes possession or control of the estate, the public administrator shall distribute to the decedent's beneficiaries any

money or other property of the decedent remaining in the possession of the public administrator.

(b) If there are no beneficiaries, the public administrator shall deposit the balance with the county treasurer for use in the general fund.

7664. A person to whom property is distributed under this article is personally liable for the unsecured debts of the decedent. Such a debt may be enforced against the person in the same manner as it could have been enforced against the decedent if the decedent had not died. In an action based on the debt, the person may assert any defenses available to the decedent if the decedent had not died. The aggregate personal liability of a person under this section shall not exceed the fair market value of the property distributed, valued as of the date of the distribution, less the amount of any liens and encumbrances on the property on that date.

7665. (a) The public administrator shall file with the clerk a statement showing the property of the decedent that came into possession of the public administrator and the disposition made of the property, together with receipts for all distributions. This subdivision does not apply to proceedings under paragraph (2) of subdivision (a) of Section 7660.

(b) The public administrator shall maintain a file of all receipts and records of expenditures for a period of three years after disposition of the property pursuant to Section 7663.

7666. (a) Except as provided in subdivision (b), the commissions payable to the public administrator and the attorney, if any, for the filing of an application pursuant to this article and for performance of any duty or service connected therewith, are those set out in Sections 901, 902, and 910.

(b) The public administrator is entitled to a minimum commission of three hundred fifty dollars ($350).

SEC. 81. The heading of Part 2 of Division 7 of the Probate Code is repealed.

SEC. 81.5. Part 2 (commencing with Section 8000) is added to Division 7 of the Probate Code, to read:

PART 2. OPENING ESTATE ADMINISTRATION

CHAPTER 1. COMMENCEMENT OF PROCEEDINGS

8000. (a) At any time after a decedent's death, any interested person may commence proceedings for administration of the estate of the decedent by a petition to the court for an order determining the date and place of the decedent's death and for either or both of the following:

(1) Appointment of a personal representative.

(2) Probate of the decedent's will.

(b) A petition for probate of the decedent's will may be made regardless of whether the will is in the petitioner's possession or is

lost, destroyed, or beyond the jurisdiction of the state.

8001. Unless good cause for delay is shown, if a person named in a will as executor fails to petition the court for administration of the estate within 30 days after the person has knowledge of the death of the decedent and that the person is named as executor, the person may be held to have waived the right to appointment as personal representative.

8002. (a) The petition shall contain all of the following information:

(1) The facts referred to in subparagraph (A) of paragraph (1) of subdivision (b) of Section 8005.

(2) The street number, street, and city, or other address, and the county, of the decedent's residence at the time of death.

(3) The name, age, address, and relation to the decedent of each heir and devisee of the decedent, so far as known to or reasonably ascertainable by the petitioner.

(4) The character and estimated value of the property in the estate.

(5) The name of the person for whom appointment as personal representative is petitioned.

(b) If the decedent left a will:

(1) The petitioner shall attach to the petition a photographic copy of the will. In the case of a holographic will or other will of which material provisions are handwritten, the petitioner shall also attach a typed copy of the will.

(2) If the will is in a foreign language, the petitioner shall attach an English language translation. On admission of the will to probate, the court shall certify to a correct translation into English, and the certified translation shall be filed with the will.

(3) The petition shall state whether the person named as executor in the will consents to act or waives the right to appointment.

8003. (a) The hearing on the petition shall be set for a day not less than 15 nor more than 30 days after the petition is filed. At the request of the petitioner made at the time the petition is filed, the hearing on the petition shall be set for a day not less than 30 nor more than 45 days after the petition is filed.

(b) The petitioner shall serve and publish notice of the hearing in the manner prescribed in Chapter 2 (commencing with Section 8100).

8004. (a) If appointment of the personal representative is contested, the grounds of opposition may include a challenge to the competency of the personal representative or the right to appointment. If the contest asserts the right of another person to appointment as personal representative, the contestant shall also file a petition and serve notice in the manner provided in Article 2 (commencing with Section 8110) of Chapter 2, and the court shall hear the two petitions together.

(b) If a will is contested, the applicable procedure is that provided in Article 3 (commencing with Section 8250) of Chapter 3.

8005. (a) At the hearing on the petition, the court may examine and compel any person to attend as a witness concerning any of the following matters:

(1) The time, place, and manner of the decedent's death.

(2) The place of the decedent's domicile and residence at the time of death.

(3) The character and value of the decedent's property.

(4) Whether or not the decedent left a will.

(b) The following matters shall be established:

(1) The jurisdictional facts, including:

(A) The date and place of the decedent's death.

(B) That the decedent was domiciled in this state or left property in this state at the time of death.

(C) The publication of notice under Article 3 (commencing with Section 8120) of Chapter 2.

(2) The existence or nonexistence of the decedent's will.

(3) That notice of the hearing was served as provided in Article 2 (commencing with Section 8110) of Chapter 2.

8006. (a) If the court finds that the matters referred to in paragraph (1) of subdivision (b) of Section 8005 are established, the court shall make an order determining the time and place of the decedent's death and the jurisdiction of the court. Where appropriate and on satisfactory proof, the order shall admit the decedent's will to probate and appoint a personal representative. The date the will is admitted to probate shall be included in the order.

(b) If through defect of form or error the matters referred to in paragraph (1) of subdivision (b) of Section 8005 are incorrectly stated in the petition but actually are established, the court has and retains jurisdiction to correct the defect or error at any time. No such defect or error makes void an order admitting the will to probate or appointing a personal representative or an order made in any subsequent proceeding.

8007. (a) Except as provided in subdivision (b), an order admitting a will to probate or appointing a personal representative, when it becomes final, is a conclusive determination of the jurisdiction of the court and cannot be collaterally attacked.

(b) Subdivision (a) does not apply in either of the following cases:

(1) The presence of fraud in the procurement of the court order.

(2) The court order is based on the erroneous determination of the decedent's death.

CHAPTER 2. NOTICE OF HEARING

Article 1. Contents

8100. The notice of hearing of a petition for administration of a decedent's estate, whether served under Article 2 (commencing with Section 8110) or published under Article 3 (commencing with

Section 8120), shall state substantially as follows:

NOTICE OF PETITION TO ADMINISTER

ESTATE of _____, ESTATE NO. _____

To all heirs, beneficiaries, creditors, and contingent creditors of _____ and persons who may be otherwise interested in the will or estate, or both:

A petition has been filed by _____ in the Superior Court of California, County of _____, requesting that _____ be appointed as personal representative to administer the estate of _____ [and for probate of the decedent's will, which is available for examination in the court file].

[The petition requests authority to administer the estate under the independent Administration of Estates Act. This will avoid the need to obtain court approval for many actions taken in connection with the estate. However, before taking certain actions, the personal representative will be required to give notice to interested persons unless they have waived notice or have consented to the proposed action. The petition will be granted unless good cause is shown why it should not be.]

The petition is set for hearing in Dept. No. ____

at _____
(Address)

on _____ at _____ .
(Date of hearing) (Time of hearing)

IF YOU OBJECT to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

IF YOU ARE A CREDITOR or a contingent creditor of the deceased, you must file your claim with the court and mail a copy to the personal representative appointed by the court within four months from the date of first issuance of letters as provided in Section 9100 of the California Probate Code. The time for filing claims will not expire before four months from the date of the hearing noticed above.

YOU MAY EXAMINE the file kept by the court. If you are interested in the estate, you may request special notice of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Section 1250 of the California Probate Code.

_____
(Name and address of petitioner,
or petitioner's attorney)

Article 2. Service of Notice

8110. At least 15 days before the hearing of a petition for administration of a decedent's estate, the petitioner shall serve notice of the hearing by mail or personal delivery on all of the following persons:

(a) Each heir of the decedent, so far as known to or reasonably ascertainable by the petitioner.

(b) Each devisee and executor named in any will being offered for probate.

8111. If the decedent's will involves or may involve a testamentary trust of property for charitable purposes other than a charitable trust with a designated trustee resident in this state, or involves or may involve a devise for charitable purposes without an identified devisee, notice of hearing accompanied by a copy of the petition and of the will shall be served on the Attorney General.

8112. A general personal representative shall give notice of administration of the estate of the decedent to creditors under Chapter 2 (commencing with Section 9050), and to public entities under Chapter 5 (commencing with Section 9200), of Part 4.

8113. If a citizen of a foreign country dies without leaving a will or leaves a will without naming an executor, or if it appears that property will pass to a citizen of a foreign country, notice shall be given to a recognized diplomatic or consular official of the foreign country maintaining an office in the United States.

Article 3. Publication

8120. In addition to service of the notice of hearing as provided in Article 2 (commencing with Section 8110), notice of hearing of a petition for administration of a decedent's estate shall also be published before the hearing in the manner provided in this article.

8121. (a) The first publication date of the notice shall be at least 15 days before the hearing. Three publications in a newspaper published once a week or more often, with at least five days intervening between the first and last publication dates, not counting the publication dates, are sufficient.

(b) Notice shall be published in a newspaper of general circulation in the city where the decedent resided at the time of death, or where the decedent's property is located if the court has jurisdiction under Section 7052. If there is no such newspaper, the decedent did not reside in a city, or the property is not located in a city, then notice shall be published in a newspaper of general circulation in the county which is circulated within the area of the county in which the decedent resided or the property is located. If there is no such newspaper, notice shall be published in a newspaper of general circulation published in the State of California nearest to the county seat of the county in which the decedent resided or the property is located, and which is circulated within the area of the

county in which the decedent resided or the property is located.

(c) For purposes of this section, "city" means a charter city as defined in Section 34101 of the Government Code or a general law city as defined in Section 34102 of the Government Code.

8122. The Legislature finds and declares that, to be most effective, notice of hearing should be published in compliance with Section 8121. However, the Legislature recognizes the possibility that in unusual cases due to confusion over jurisdictional boundaries or oversight such notice may inadvertently be published in a newspaper that does not satisfy Section 8121. Therefore, to prevent a minor error in publication from invalidating what would otherwise be a proper proceeding, the Legislature further finds and declares that notice published in a good faith attempt to comply with Section 8121 is sufficient to provide notice of hearing and to establish jurisdiction if the court expressly finds that the notice was published in a newspaper of general circulation published within the county and widely circulated within a true cross-section of the area of the county in which the decedent resided or the property was located in substantial compliance with Section 8121.

8123. The caption of a notice under this article shall be in 8-point type or larger and the text shall be in 7-point type or larger.

8124. A petition for administration of a decedent's estate shall not be heard by the court unless an affidavit showing due publication of the notice of hearing has been filed with the court. The affidavit shall contain a copy of the notice and state the date of its publication.

8125. Notwithstanding Section 8100, after the notice of hearing is published and an affidavit filed, any subsequent publication of the notice ordered by the court may omit the information for creditors and contingent creditors.

CHAPTER 3. PROBATE OF WILL

Article 1. Production of Will

8200. (a) Unless a petition for probate of the will is earlier filed, the custodian of a will shall, within 30 days after having knowledge of the death of the testator, do both of the following:

(1) Deliver the will to the clerk of the superior court of the county in which the estate of the decedent may be administered. No fee shall be charged for compliance with the requirement of this paragraph.

(2) Mail a copy of the will to the person named in the will as executor, if the person's whereabouts is known to the custodian, or if not, to a person named in the will as a beneficiary, if the person's whereabouts is known to the custodian.

(b) A custodian of a will who fails to comply with the requirements of this section is liable for all damages sustained by any person injured by the failure.

(c) The clerk shall release a copy of a will delivered under this

section for attachment to a petition for probate of the will or otherwise on receipt of a court order for production of the will and payment of the required fee.

8201. If, on petition to the superior court of the county in which the estate of the decedent is being or may be administered alleging that a person has possession of a decedent's will, the court is satisfied that the allegation is true, the court shall order the person to produce the will.

8202. If the will of a person who was domiciled in this state at the time of death is detained in a court of any other state or country and cannot be produced for probate in this state, a certified photographic copy of the will may be admitted to probate in this state with the same force and effect as the original will. The same proof shall be required as if the original will were produced.

Article 2. Proof of Will

8220. Unless there is a contest of a will:

(a) The will may be proved on the evidence of one of the subscribing witnesses only, if the evidence shows that the will was executed in all particulars as prescribed by law.

(b) Evidence of execution of a will may be received by an affidavit of a subscribing witness to which there is attached a photographic copy of the will, or by an affidavit in the original will that includes or incorporates the attestation clause.

(c) If no subscribing witness resides in the county, but the deposition of a witness can be taken elsewhere, the court may direct the deposition to be taken. On the examination, the court may authorize a photographic copy of the will to be made and presented to the witness, and the witness may be asked the same questions with respect to the photographic copy as if the original will were present.

8221. If no subscribing witness is available as a witness within the meaning of Section 240 of the Evidence Code, the court may, if the will on its face conforms to all requirements of law, permit proof of the will by proof of the handwriting of the testator and one of the following:

(a) Proof of the handwriting of any one subscribing witness.

(b) Receipt in evidence of one of the following documents reciting facts showing due execution of the will:

(1) A writing in the will bearing the signatures of all subscribing witnesses.

(2) An affidavit of a person with personal knowledge of the circumstances of the execution.

8222. A holographic will may be proved in the same manner as other writings.

8223. The petition for probate of a lost or destroyed will shall include a written statement of the testamentary words or their substance. If the will is proved, the provisions of the will shall be set forth in the order admitting the will to probate.

8224. The testimony of each witness in a proceeding concerning the execution or provisions of a will, the testamentary capacity of the decedent, and other issues of fact, may be reduced to writing, signed by the witness, and filed, whether or not the will is contested. The testimony so preserved, or an official reporter's transcript of the testimony, is admissible in evidence in any subsequent proceeding concerning the will if the witness has become unavailable as a witness within the meaning of Section 240 of the Evidence Code.

8225. When the court admits a will to probate, that fact shall be recorded in the minutes by the clerk and the will shall be filed.

8226. (a) If no person contests the validity of a will or petitions for revocation of probate of the will within the time provided in this chapter, admission of the will to probate is conclusive, subject to Section 8007.

(b) A will may be admitted to probate notwithstanding prior admission to probate of another will or prior distribution of property in the proceeding. The will may not affect property previously distributed, but the court may determine how any provision of the will affects property not yet distributed and how any provision of the will affects provisions of another will.

Article 3. Contest of Will

8250. (a) When an objection is made under Section 8004, the court clerk shall issue a summons directed to the persons required by Section 8110 to be served with notice of hearing of a petition for administration of the decedent's estate. The summons shall contain a direction that the persons summoned file with the court a written pleading in response to the contest within 30 days after service of the summons.

(b) A person named as executor in the will is under no duty to defend a contest until the person is appointed personal representative.

8251. (a) The petitioner and any other interested person may jointly or separately answer the objection or demur to the objection within the time prescribed in the summons.

(b) Demurrer may be made on any of the grounds of demurrer available in a civil action. If the demurrer is sustained, the court may allow the contestant a reasonable time, not exceeding 15 days, within which to amend the objection. If the demurrer is overruled, the petitioner and other interested persons may, within 15 days thereafter, answer the objection.

(c) If a person fails timely to respond to the summons:

(1) The case is at issue notwithstanding the failure and the case may proceed on the petition and other documents filed by the time of the hearing, and no further pleadings by other persons are necessary.

(2) The person may not participate further in the contest, but the person's interest in the estate is not otherwise affected.

(3) The person is bound by the decision in the proceeding.

8252. (a) At the trial, the proponents of the will have the burden of proof of due execution. The contestants of the will have the burden of proof of lack of testamentary intent or capacity, undue influence, fraud, duress, mistake, or revocation. If the will is opposed by the petition for probate of a later will revoking the former, it shall be determined first whether the later will is entitled to probate.

(b) The court shall try and determine any contested issue of fact that affects the validity of the will.

8253. At the trial, each subscribing witness shall be produced and examined. If no subscribing witness is available as a witness within the meaning of Section 240 of the Evidence Code, the court may admit the evidence of other witnesses to prove the due execution of the will.

8254. The court may make appropriate orders, including orders sustaining or denying objections, and shall render judgment either admitting the will to probate or rejecting it, in whole or in part, and appointing a personal representative.

Article 4. Revocation of Probate

8270. (a) Within 120 days after a will is admitted to probate, any interested person, other than a party to a will contest and other than a person who had actual notice of a will contest in time to have joined in the contest, may petition the court to revoke the probate of the will. The petition shall include objections setting forth written grounds of opposition.

(b) Notwithstanding subdivision (a), a person who was a minor or who was incompetent and had no guardian or conservator at the time a will was admitted to probate may petition the court to revoke the probate of the will at any time before entry of an order for final distribution.

8271. (a) On the filing of the petition, the clerk shall issue a summons directed to the personal representative and to the heirs and devisees of the decedent, so far as known to the petitioner. The summons shall contain a direction that the persons summoned file with the court a written pleading in response to the petition within 30 days after service of the summons. Failure of a person timely to respond to the summons precludes the person from further participation in the revocation proceeding, but does not otherwise affect the person's interest in the estate.

(b) The summons shall be served and proceedings had as in the case of a contest of the will.

(c) If a person fails timely to respond to the summons:

(1) The case is at issue notwithstanding the failure and the case may proceed on the petition and other documents filed by the time of the hearing, and no further pleadings by other persons are necessary.

(2) The person may not participate further in the contest, but the

person's interest in the estate is not otherwise affected.

(3) The person is bound by the decision in the proceeding.

8272. (a) If it appears on satisfactory proof that the will should be denied probate, the court shall revoke the probate of the will.

(b) Revocation of probate of a will terminates the powers of the personal representative. The personal representative is not liable for any otherwise proper act done in good faith before the revocation, nor is any transaction void by reason of the revocation if entered into with a third person dealing in good faith and for value.

CHAPTER 4. APPOINTMENT OF PERSONAL REPRESENTATIVE

Article 1. General Provisions

8400. (a) A person has no power to administer the estate until the person is appointed personal representative and the appointment becomes effective. Appointment of a personal representative becomes effective when the person appointed is issued letters.

(b) Subdivision (a) applies whether or not the person is named executor in the decedent's will, except that a person named executor in the decedent's will may, before the appointment is made or becomes effective, pay funeral expenses and take necessary measures for the maintenance and preservation of the estate.

8401. (a) Notwithstanding Section 8400, a petitioner for appointment as personal representative may deliver money, securities, or personal property in the petitioner's possession to a financial institution, or allow a financial institution to retain money, securities, and personal property already in its possession, for deposit in an insured account in the financial institution.

(b) The petitioner shall obtain and file with the court a written receipt including the agreement of the financial institution that the money, securities, or other personal property, including any earnings thereon, shall not be allowed to be withdrawn except on order of the court.

(c) In receiving and retaining money, securities, or other personal property under this section, the financial institution is protected to the same extent as though it had received the money, securities, or other personal property from a person who had been appointed personal representative.

8402. (a) Notwithstanding any other provision of this chapter, a person is not competent to act as personal representative in any of the following circumstances:

(1) The person is under the age of majority.

(2) The person is subject to a conservatorship of the estate or is otherwise incapable of executing, or is otherwise unfit to execute, the duties of the office.

(3) There are grounds for removal of the person from office under Section 8502.

(4) The person is not a resident of the United States.

(5) The person is a surviving partner of the decedent and an interested person objects to the appointment.

(b) Paragraphs (4) and (5) of subdivision (a) do not apply to a person named as executor or successor executor in the decedent's will.

8403. (a) Before letters are issued, the personal representative shall take and subscribe an oath to perform, according to law, the duties of the office. The oath may be taken and dated on or after the time the petition for appointment as personal representative is signed, and may be filed with the clerk at any time after the petition is granted.

(b) The oath constitutes an acceptance of the office and shall be attached to or endorsed on the letters.

8404. (a) Before letters are issued, the personal representative, other than a trust company, shall file an acknowledgment of receipt of a statement of duties and liabilities of the office. The statement shall be in the form provided in subdivision (c) or, if the Judicial Council prescribes the form of the statement, in the form prescribed by the Judicial Council. The court may by local rule require the acknowledgment of receipt to include the personal representative's social security number and driver's license number, if any, provided that the court ensures their confidentiality.

(b) The statement of duties and liabilities, whether in the form provided in subdivision (c) or prescribed by the Judicial Council, does not supersede the law on which the statement is based.

(c) The form for the statement of duties and liabilities of a personal representative is as follows:

DUTIES AND LIABILITIES OF PERSONAL REPRESENTATIVE

When you have been appointed as personal representative of an estate by the court, you become an officer of the court and assume certain duties and obligations. An attorney is best qualified to advise you regarding these matters. You should clearly understand the following:

1. You must manage the estate assets with the care of a prudent person dealing with someone else's property. This means you must be cautious and you may not make any speculative investments. You may deposit estate funds in insured accounts in financial institutions, but you should consult with an attorney before making other investments.

2. You must keep the money and property in this estate separate from anyone else's, including your own. When you open a bank account for the estate, the account name must indicate that it is an estate account and not your personal account. Estate accounts, other than checking accounts intended for ordinary administration

expenses, must earn interest. Never deposit estate funds in your personal account or otherwise commingle them with anyone else's property. Securities in the estate must also be held in a name that shows they are estate property and not your personal property.

3. There are many restrictions on your authority to deal with estate property. You should not spend any of the estate's money until you have received permission from the court or if so advised by an attorney. You may reimburse yourself for official court costs paid by you to the county clerk and for the premium on your bond. You may not pay fees to your attorney, if any, or to yourself without prior order of the court. If you do not obtain the court's permission when it is required, you may be removed as personal representative, or you may have to reimburse the estate from your own personal funds, or both. You should consult with an attorney concerning the legal requirements affecting sales, leases, mortgages, and investments of estate property.

4. You must attempt to locate and take possession of all the decedent's property to be administered in the estate. You must arrange to have a court-appointed referee determine the value of the property unless this is waived by the court. (You, rather than the referee, must determine the value of certain "cash items"; an attorney can advise you as to this procedure.) Within three months after your appointment as personal representative you must file with the court an inventory of all the assets in the estate and within six months you must file an appraisal of the assets. At the time you file the inventory you must also file a change of ownership statement with the county recorder or assessor in each county where the decedent owned real property at the time of death, as provided in Section 480 of the California Revenue and Taxation Code.

5. You must mail notice of administration to each known creditor of the decedent within four months after your appointment as personal representative. If the decedent received Medi-Cal assistance you must notify the State Director of Health Services within 90 days after appointment.

6. You should determine that there is appropriate and adequate insurance covering the assets and risks of the estate. Maintain the insurance in force during the entire period of the administration.

7. You must keep complete and accurate records of each financial transaction affecting the estate. You will have to prepare an account of all money and property you have received, what you have spent, and the date of each transaction. You must describe in detail what you have left after the payment of expenses. Your account will be reviewed by the court. Save your receipts because the court may ask to review them. If you do not file your accounts as required, the court will order you to do so. You may be removed as personal representative if you fail to comply.

This statement of duties and liabilities is a summary and is not a complete statement of the law. Your conduct as a personal representative is governed by the law itself and not by this summary.

If you have an attorney, you should cooperate with the attorney at all times. You and your attorney are responsible for completing the estate administration as promptly as possible. When in doubt, contact your attorney.

8405. Letters shall be signed by the clerk under the seal of the court and shall include:

(a) The county from which the letters are issued.

(b) The name of the person appointed as personal representative and whether the personal representative is an executor, administrator, administrator with the will annexed, or special administrator.

(c) A notation whether the personal representative is authorized to act under the Independent Administration of Estates Act, and whether the authority includes or excludes sale, exchange, or granting an option to purchase real property under the act.

8406. If an order appointing a personal representative is reversed on appeal for error, the person appointed is not liable for any otherwise proper act done in good faith before the reversal if entered into with a third person dealing in good faith and for value.

Article 2. Executors

8420. The person named as executor in the decedent's will has the right to appointment as personal representative.

8421. If a person is not named as executor in a will but it appears by the terms of the will that the testator intended to commit the execution of the will and the administration of the estate to the person, the person is entitled to appointment as personal representative in the same manner as if named as executor.

8422. (a) The testator may by will confer on a person the power to designate an executor or coexecutor, or successor executor or coexecutor. The will may provide that the persons so designated may serve without bond.

(b) A designation shall be in writing and filed with the court. Unless the will provides otherwise, if there are two or more holders of the power to designate, the designation shall be unanimous, unless one of the holders of the power is unable or unwilling to act, in which case the remaining holder or holders may exercise the power.

(c) Except as provided in this section, an executor does not have authority to name a coexecutor, or a successor executor or coexecutor.

8423. If the executor named in the will is a trust company that has sold its business and assets to, has consolidated or merged with, or is in any manner provided by law succeeded by, another trust company, the court may, and to the extent required by the Banking Law, Division 1 (commencing with Section 99) of the Financial Code, shall, appoint the successor trust company as executor.

8424. (a) If a person named as executor is under the age of

majority and there is another person named as executor, the other person may be appointed and may administer the estate until the majority of the minor, who may then be appointed as coexecutor.

(b) If a person named as executor is under the age of majority and there is no other person named as executor, another person may be appointed as personal representative, but the court may revoke the appointment on the majority of the minor, who may then be appointed as executor.

8425. If the court does not appoint all the persons named in the will as executors, those appointed have the same authority to act in every respect as all would have if appointed.

Article 3. Administrators With The Will Annexed

8440. An administrator with the will annexed shall be appointed as personal representative if no executor is named in the will or if the sole executor or all the executors named in the will have waived the right to appointment or are for any reason unwilling or unable to act.

8441. (a) Except as provided in subdivision (b), persons and their nominees are entitled to appointment as administrator with the will annexed in the same order of priority as for appointment of an administrator.

(b) A person who takes under the will has priority over a person who does not, but the court in its discretion may give priority to a person who does not take under the will if the person is entitled to a statutory interest that is a substantially greater portion of the estate than the devise to the person who takes under the will and the priority appears appropriate under the circumstances. A person who takes more than 50 percent of the value of the estate under the will or the person's nominee, or the nominee of several persons who together take more than 50 percent of the value of the estate under the will, has priority over other persons who take under the will.

8442. (a) Subject to subdivision (b), an administrator with the will annexed has the same authority over the decedent's estate as an executor named in the will would have.

(b) If the will confers a discretionary power or authority on an executor that is not conferred by law and the will does not extend the power or authority to other personal representatives, the power or authority shall not be deemed to be conferred on an administrator with the will annexed, but the court in its discretion may authorize the exercise of the power or authority.

Article 4. Administrators

8460. (a) If the decedent dies intestate, the court shall appoint an administrator as personal representative.

(b) The court may appoint one or more persons as administrator.

8461. Subject to the provisions of this article, the following persons are entitled to appointment as administrator in the following

order of priority:

(a) Surviving spouse.

(b) Children.

(c) Grandchildren.

(d) Other issue.

(e) Parents.

(f) Brothers and sisters.

(g) Grandparents.

(h) Issue of grandparents.

(i) Children of a predeceased spouse.

(j) Other next of kin.

(k) Relatives of a predeceased spouse.

(*l*) Conservator or guardian of the estate of the decedent acting in that capacity at the time of death.

(m) Public administrator.

(n) Creditors.

(o) Any other person.

8462. The surviving spouse of the decedent, a relative of the decedent, or a relative of a predeceased spouse of the decedent, has priority under Section 8461 only if one of the following conditions is satisfied:

(a) The surviving spouse or relative is entitled to succeed to all or part of the estate.

(b) The surviving spouse or relative either takes under the will of, or is entitled to succeed to all or part of the estate of, another deceased person who is entitled to succeed to all or part of the estate of the decedent.

8463. If the surviving spouse is a party to an action for separate maintenance, annulment, or dissolution of the marriage of the decedent and the surviving spouse, and was living apart from the decedent on the date of the decedent's death, the surviving spouse has priority next after brothers and sisters and not the priority prescribed in Section 8461.

8464. If a person otherwise entitled to appointment as administrator is a person under the age of majority or a person for whom a guardian or conservator of the estate has been appointed, the court in its discretion may appoint the guardian or conservator or another person entitled to appointment.

8465. (a) The court may appoint as administrator a person nominated by a person otherwise entitled to appointment or by the guardian or conservator of the estate of a person otherwise entitled to appointment. The nomination shall be made in writing and filed with the court.

(b) If a person making a nomination for appointment of an administrator is the surviving spouse, child, grandchild, other issue, parent, brother or sister, or grandparent of the decedent, the nominee has priority next after those in the class of the person making the nomination.

(c) If a person making a nomination for appointment of an

administrator is other than a person described in subdivision (b), the court in its discretion may appoint either the nominee or a person of a class lower in priority to that of the person making the nomination, but other persons of the class of the person making the nomination have priority over the nominee.

8466. If a person whose only priority is that of a creditor claims appointment as administrator, the court in its discretion may deny the appointment and appoint another person.

8467. If several persons have equal priority for appointment as administrator, the court may appoint one or more of them, or if such persons are unable to agree, the court may appoint the public administrator or a disinterested person in the same or the next lower class of priority as the persons who are unable to agree.

8468. If persons having priority fail to claim appointment as administrator, the court may appoint any person who claims appointment.

Article 5. Bond

8480. (a) Except as otherwise provided by statute, every person appointed as personal representative shall, before letters are issued, give a bond approved by the court. If two or more persons are appointed, the court may require either a separate bond from each or a joint and several bond.

(b) The bond shall be for the benefit of interested persons and shall be conditioned on the personal representative's faithful execution of the duties of the office according to law.

(c) If the person appointed as personal representative fails to give the required bond, letters shall not be issued. If the person appointed as personal representative fails to give a new, additional, or supplemental bond, or to substitute a sufficient surety, under court order, the person may be removed from office.

8481. (a) A bond is not required in either of the following cases:

(1) The will waives the requirement of a bond.

(2) All beneficiaries waive in writing the requirement of a bond and the written waivers are attached to the petition for appointment of a personal representative. This paragraph does not apply if the will requires a bond.

(b) Notwithstanding the waiver of a bond by a will or by all the beneficiaries, on petition of any interested person or on its own motion the court may for good cause require that a bond be given, either before or after issuance of letters.

8482. (a) The court in its discretion may fix the amount of the bond, including a fixed minimum amount, but the amount of the bond shall be not more than the sum of:

(1) The estimated value of the personal property.

(2) The probable annual gross income of the estate.

(3) If independent administration is granted as to real property, the estimated net proceeds of the real property authorized to be sold

under Part 6 (commencing with Section 10400).

(b) If the bond is given by personal sureties, the amount of the bond shall be twice the amount fixed by the court under subdivision (a).

(c) Before confirming a sale of real property the court shall require such additional bond as may be proper, not exceeding the maximum requirements of this section, treating the expected proceeds of the sale as personal property.

8483. (a) This section applies where property in the estate has been deposited in an insured account in a financial institution on condition that the property, including any earnings thereon, will not be withdrawn except on authorization of the court.

(b) In a proceeding to determine the amount of the bond of the personal representative (whether at the time of appointment or subsequently), on production of a receipt showing the deposit of property in the estate in the manner described in subdivision (a), the court may order that the property shall not be withdrawn except on authorization of the court and may, in its discretion, do either of the following:

(1) Exclude the property in determining the amount of the required bond or reduce the amount of the bond to an amount the court determines is reasonable.

(2) If a bond has already been given or the amount fixed, reduce the amount to an amount the court determines is reasonable.

8484. If a personal representative petitions to have the amount of the bond reduced, the petition shall include an affidavit setting forth the condition of the estate and notice of hearing shall be given as provided in Section 1220.

8485. A personal representative who petitions for substitution or release of a surety shall file with the petition an account in the form provided in Section 10900. The court shall not order a substitution or release unless the account is approved.

8486. The personal representative shall be allowed the reasonable cost of the bond for every year it remains in force.

8487. The provisions of the Bond and Undertaking Law, Chapter 2 (commencing with Section 995.010) of Title 14 of Part 2 of the Code of Civil Procedure, apply to a bond given under to this division, except to the extent this division is inconsistent.

8488. No action may be maintained against the sureties on the bond of the personal representative unless commenced not later than four years after the discharge of the personal representative.

Article 6. Removal From Office

8500. (a) Any interested person may petition for removal of the personal representative from office. A petition for removal may be combined with a petition for appointment of a successor personal representative under Article 7 (commencing with Section 8520). The petition shall state facts showing cause for removal.

(b) On a petition for removal, or if the court otherwise has reason to believe from the court's own knowledge or from other credible information, whether on the settlement of an account or otherwise, that there are grounds for removal, the court shall issue a citation to the personal representative to appear and show cause why the personal representative should not be removed. The court may suspend the powers of the personal representative and may make such orders as are necessary to deal with the property pending the hearing.

(c) Any interested person may appear at the hearing and file a written declaration showing that the personal representative should be removed or retained. The personal representative may demur to or answer the declaration. The court may compel the attendance of the personal representative and may compel the personal representative to answer questions, on oath, concerning the administration of the estate. Failure to attend or answer is cause for removal of the personal representative from office.

(d) The issues shall be heard and determined by the court. If the court is satisfied from the evidence that the citation has been duly served and cause for removal exists, the court shall remove the personal representative from office.

8501. On removal of a personal representative from office, the court shall revoke any letters issued to the personal representative, and the authority of the personal representative ceases.

8502. A personal representative may be removed from office for any of the following causes:

(a) The personal representative has wasted, embezzled, mismanaged, or committed a fraud on the estate, or is about to do so.

(b) The personal representative is incapable of properly executing the duties of the office or is otherwise not qualified for appointment as personal representative.

(c) The personal representative has wrongfully neglected the estate, or has long neglected to perform any act as personal representative.

(d) Removal is otherwise necessary for protection of the estate or interested persons.

(e) Any other cause provided by statute.

8503. (a) Subject to subdivision (b), an administrator may be removed from office on the petition of the surviving spouse or a relative of the decedent entitled to succeed to all or part of the estate, or the nominee of the surviving spouse or relative, if such person is higher in priority than the administrator.

(b) The court in its discretion may refuse to grant the petition:

(1) Where the petition is by a person or the nominee of a person who had actual notice of the proceeding in which the administrator was appointed and an opportunity to contest the appointment.

(2) Where to do so would be contrary to the sound administration of the estate.

8504. (a) After appointment of an administrator on the ground of intestacy, the personal representative shall be removed from office on the later admission to probate of a will.

(b) After appointment of an executor or administrator with the will annexed, the personal representative shall be removed from office on admission to probate of a later will.

8505. (a) A personal representative may be removed from office if the personal representative is found in contempt for disobeying an order of the court.

(b) Notwithstanding any other provision of this article, a personal representative may be removed from office under this section by a court order reciting the facts and without further showing or notice.

Article 7. Changes in Administration

8520. A vacancy occurs in the office of a personal representative who resigns, dies, or is removed from office under Article 6 (commencing with Section 8500), or whose authority is otherwise terminated.

8521. (a) Unless the will provides otherwise or the court in its discretion orders otherwise, if a vacancy occurs in the office of fewer than all personal representatives, the remaining personal representatives shall complete the administration of the estate.

(b) The court, on the filing of a petition alleging that a vacancy has occurred in the office of fewer than all personal representatives, may order the clerk to issue appropriate amended letters to the remaining personal representatives.

8522. (a) If a vacancy occurs in the office of a personal representative and there are no other personal representatives, the court shall appoint a successor personal representative.

(b) Appointment of a successor personal representative shall be made on petition and service of notice on interested persons in the manner provided in Article 2 (commencing with Section 8110) of Chapter 2, and shall be subject to the same priority as for an original appointment of a personal representative. The personal representative of a deceased personal representative is not, as such, entitled to appointment as successor personal representative.

8523. The court may make orders that are necessary to deal with the property between the time a vacancy occurs in the office of personal representative and appointment of a successor. Those orders may include appointment of a special administrator.

8524. (a) A successor personal representative is entitled to demand, sue for, recover and collect all the property of the decedent remaining unadministered, and may prosecute to final judgment any suit commenced by the former personal representative before the vacancy.

(b) No notice, process, or claim given to or served on the former personal representative need be given to or served on the successor in order to preserve any position or right the person giving the notice

or filing the claim may thereby have obtained or preserved with reference to the former personal representative.

(c) Except as provided in subdivision (b) of Section 8442 (authority of administrator with will annexed) or as otherwise ordered by the court, the successor personal representative has the powers and duties in respect to the continued administration that the former personal representative would have had.

8525. (a) The acts of the personal representative before a vacancy occurs are valid to the same extent as if no vacancy had later occurred.

(b) The liability of a personal representative whose office is vacant, or of the surety on the bond, is not discharged, released, or affected by the vacancy or by appointment of a successor, but continues until settlement of the accounts of the personal representative and delivery of all the property to the successor personal representative or other person appointed by the court to receive it. The personal representative shall render an account of the administration within the time that the court directs.

Article 8. Special Administrators

8540. (a) If the circumstances of the estate require the immediate appointment of a personal representative, the court may appoint a special administrator to exercise any powers that may be appropriate under the circumstances for the preservation of the estate.

(b) The appointment may be for a specified term, to perform particular acts, or on any other terms as the court may direct.

8541. (a) Appointment of a special administrator may be made at any time without notice or on such notice to interested persons as the court deems reasonable.

(b) In making the appointment, the court shall ordinarily give preference to the person entitled to appointment as personal representative. The court may appoint the public administrator.

(c) In the case of an appointment to perform a particular act, request for approval of the act may be included in the petition for appointment, and approval may be made on the same notice and at the same time as the appointment.

(d) The court may act, if necessary, to remedy any errors made in the appointment.

8542. (a) The clerk shall issue letters to the special administrator after both of the following conditions are satisfied:

(1) The special administrator gives any bond that may be required by the court under Section 8480.

(2) The special administrator takes the usual oath endorsed on the letters.

(b) Subdivision (a) does not apply to the public administrator.

(c) The letters of a special administrator appointed to perform a particular act shall include a notation of the particular act the special

administrator was appointed to perform.

8543. If the will waives the requirement of a bond for the executor and the person named as executor in the will is appointed special administrator, the court shall, subject to Section 8481, direct that no bond be given.

8544. (a) Except to the extent the order appointing a special administrator prescribes terms, the special administrator has the power to do all of the following without further order of the court:

(1) Take possession of all of the real and personal property of the decedent and preserve it from damage, waste, and injury.

(2) Collect all claims, rents, and other income belonging to the estate.

(3) Commence and maintain or defend suits and other legal proceedings.

(4) Sell perishable property.

(b) Except to the extent the order prescribes terms, the special administrator has the power to do all of the following on order of the court:

(1) Borrow money, or lease, mortgage, or execute a deed of trust on real property, in the same manner as an administrator.

(2) Pay the interest due or all or any part of an obligation secured by a mortgage, lien, or deed of trust on property in the estate, where there is danger that the holder of the security may enforce or foreclose on the obligation and the property exceeds in value the amount of the obligation. This power may be ordered only on petition of the special administrator or any interested person, with any notice that the court deems proper, and shall remain in effect until appointment of a successor personal representative. The order may also direct that interest not yet accrued be paid as it becomes due, and the order shall remain in effect and cover the future interest unless and until for good cause set aside or modified by the court in the same manner as for the original order.

(3) Exercise other powers that are conferred by order of the court.

(c) Except where the powers, duties, and obligations of a general personal representative are granted under Section 8545, the special administrator is not liable to a creditor on a claim against the decedent.

(d) A special administrator appointed to perform a particular act has no duty to take any other action to protect the estate.

8545. (a) Notwithstanding Section 8544, the court may grant a special administrator the same powers, duties, and obligations as a general personal representative where to do so appears proper. Notwithstanding Section 8541, if letters have not previously been issued to a general personal representative, the grant shall be on the same notice required under Section 8003 for appointment of a personal representative.

(b) The court may require as a condition of the grant that the special administrator give any additional bond that the court deems

proper. From the time of approving and filing any required additional bond, the special administrator shall have the powers, duties, and obligations of a general personal representative.

(c) If a grant is made under this section, the letters shall recite that the special administrator has the powers, duties, and obligations of a general personal representative.

8546. (a) The powers of a special administrator cease on issuance of letters to a general personal representative or as otherwise directed by the court.

(b) The special administrator shall promptly deliver to the general personal representative:

(1) All property in the possession of the special administrator. The court may authorize the special administrator to complete a sale or other transaction affecting property in the possession of the special administrator.

(2) A list of all creditors' claims of which the special administrator has knowledge. The list shall show the name and address of each creditor, the amount of the claim, and what action has been taken with respect to the claim. A copy of the list shall be filed in the court.

(c) The special administrator shall render a verified account of the proceedings in the same manner as a general personal representative is required to do. If the same person acts as both special administrator and general personal representative, the account of the special administrator may be combined with the first account of the general personal representative.

8547. (a) Subject to the limitations of this section, the court shall fix the commission and allowances of the special administrator and the fees of the attorney of the special administrator.

(b) The commission of the special administrator shall not be allowed until the close of administration, unless the general personal representative joins in the petition for allowance of the special administrator's commission or the court in its discretion so allows. Extra allowances of a special administrator may be allowed on settlement of the final account of the special administrator. The total commission paid and extra allowances made to the special administrator and general personal representative shall not, together, exceed the sums provided in this code for commission and extra allowances for the services of a personal representative. If the same person does not act as both special administrator and general personal representative, the commission and allowances shall be divided in such proportions as the court deems just or as may be agreed to by the special administrator and general personal representative.

(c) The total fees paid to the attorneys both of the special administrator and the general personal representative shall not, together, exceed the sums provided in this code as compensation for the ordinary and extraordinary services of attorneys for personal representatives. When the same attorney does not act for both the special administrator and general personal representative, the fees

shall be divided between the attorneys in such proportions as the court deems just or as agreed to by the attorneys.

(d) Fees of an attorney for extraordinary services to a special administrator may be awarded in the same manner and subject to the same standards as for extraordinary services to a general personal representative, except that the award of fees to the attorney may be made on settlement of the final account of the special administrator.

Article 9. Nonresident Personal Representative

8570. As used in this article, "nonresident personal representative" means a nonresident of the state appointed as personal representative, or a resident of the state appointed as personal representative who later removes from and resides without the state.

8571. Notwithstanding any other provision of this chapter and notwithstanding a waiver of a bond, the court in its discretion may require a nonresident personal representative to give a bond in an amount determined by the court.

8572. (a) Acceptance of appointment by a nonresident personal representative is equivalent to and constitutes an irrevocable and binding appointment by the nonresident personal representative of the Secretary of State to be the attorney of the personal representative for the purpose of this article. The appointment of the nonresident personal representative also applies to any personal representative of a deceased nonresident personal representative.

(b) All lawful processes, and notices of motion under Section 385 of the Code of Civil Procedure, in an action or proceeding against the nonresident personal representative with respect to the estate or founded on or arising out of the acts or omissions of the nonresident personal representative in that capacity may be served on the Secretary of State as the attorney of the nonresident personal representative.

8573. A nonresident personal representative shall sign and file with the court a statement of the permanent address of the nonresident personal representative. If the permanent address is changed, the nonresident personal representative shall promptly file in the same manner a statement of the change of address.

8574. (a) Service of process or notice of a motion under Section 385 of the Code of Civil Procedure in any action or proceeding against the nonresident personal representative shall be made by delivering to and leaving with the Secretary of State two copies of the summons and complaint or notice of motion and either of the following:

(1) A copy of the statement by the nonresident personal representative under Section 8573.

(2) If the nonresident personal representative has not filed a statement under Section 8573, a copy of the letters issued to the nonresident personal representative together with a written

statement signed by the party or attorney of the party seeking service that sets forth an address for use by the Secretary of State.

(b) The Secretary of State shall promptly mail by registered mail one copy of the summons and complaint or notice of motion to the nonresident personal representative at the address shown on the statement delivered to the Secretary of State.

(c) Personal service of process, or notice of motion, on the nonresident personal representative wherever found shall be the equivalent of service as provided in this section.

8575. Proof of compliance with Section 8574 shall be made in the following manner:

(a) In the event of service by mail, by certificate of the Secretary of State, under official seal, showing the mailing. The certificate shall be filed with the court from which process issued.

(b) In the event of personal service outside the state, by the return of any duly constituted public officer qualified to serve like process, or notice of motion, of and in the jurisdiction where the nonresident personal representative is found, showing the service to have been made. The return shall be attached to the original summons, or notice of motion, and filed with the court from which process issued.

8576. (a) Except as provided in this section, service made under Section 8574 has the same legal force and validity as if made personally in this state.

(b) A nonresident personal representative served under Section 8574 may appear and answer the complaint within 30 days from the date of service.

(c) Notice of motion shall be served on a nonresident personal representative under Section 8574 not less than 30 days before the date of the hearing on the motion.

8577. (a) Failure of a nonresident personal representative to comply with Section 8573 is cause for removal from office.

(b) Nothing in this section limits the liability of, or the availability of any other remedy against, a nonresident personal representative who is removed from office under this section.

SEC. 82. The heading of Part 3 of Division 7 of the Probate Code is repealed.

SEC. 82.5. Part 3 (commencing with Section 8800) is added to Division 7 of the Probate Code, to read:

PART 3. INVENTORY AND APPRAISAL

CHAPTER 1. GENERAL PROVISIONS

8800. (a) The personal representative shall file with the court clerk an inventory of property to be administered in the decedent's estate together with an appraisal of property in the inventory. An inventory and appraisal shall be combined in a single document.

(b) The inventory and appraisal shall be filed within four months

after letters are first issued to a general personal representative. The court may allow such further time for filing an inventory and appraisal as is reasonable under the circumstances of the particular case.

(c) The personal representative may file partial inventories and appraisals where appropriate under the circumstances of the particular case, but all inventories and appraisals shall be filed before expiration of the time allowed under subdivision (b).

8801. If the personal representative acquires knowledge of property to be administered in the decedent's estate that is not included in a prior inventory and appraisal, the personal representative shall file a supplemental inventory and appraisal of the property in the manner prescribed for an original inventory and appraisal. The supplemental inventory and appraisal shall be filed within four months after the personal representative acquires knowledge of the property. The court may allow such further time for filing a supplemental inventory and appraisal as is reasonable under the circumstances of the particular case.

8802. The inventory and appraisal shall separately list each item and shall state the fair market value of the item at the time of the decedent's death in monetary terms opposite the item.

8803. On the filing of an inventory and appraisal or a supplemental inventory and appraisal, the personal representative shall, pursuant to Section 1252, mail a copy to each person who has requested special notice.

8804. If the personal representative refuses or negligently fails to file an inventory and appraisal within the time allowed under this chapter, upon petition of an interested person:

(a) The court may compel the personal representative to file an inventory and appraisal pursuant to the procedure prescribed in Chapter 4 (commencing with Section 11050) of Part 8.

(b) The court may remove the personal representative from office.

(c) The court may impose on the personal representative personal liability for injury to the estate or to an interested person that directly results from the refusal or failure. The liability may include attorney's fees, in the court's discretion. Damages awarded pursuant to this subdivision are a liability on the bond of the personal representative, if any.

CHAPTER 2. INVENTORY

Article 1. General Provisions

8850. (a) The inventory, including partial and supplemental inventories, shall include all property to be administered in the decedent's estate.

(b) The inventory shall particularly specify the following property:

(1) Money owed to the decedent, including debts, bonds, and notes, with the name of each debtor, the date, the sum originally payable, and the endorsements, if any, with their dates. The inventory shall also specify security for the payment of money to the decedent, including mortgages and deeds of trust. If security for the payment of money is real property, the inventory shall include the recording reference or, if not recorded, a legal description of the real property.

(2) A statement of the interest of the decedent in a partnership, appraised as a single item.

(3) All money and other cash items, as defined in Section 8901, of the decedent.

(c) The inventory shall show, to the extent ascertainable by the personal representative, the portions of the property that are community, quasi-community, and separate property of the decedent.

8851. The discharge or devise in a will of any debt or demand of the testator against the executor or any other person is not valid against creditors of the testator, but is a specific devise of the debt or demand. The debt or demand shall be included in the inventory. If necessary, the debt or demand shall be applied in the payment of the debts of the testator. If not necessary for that purpose, the debt or demand shall be distributed in the same manner and proportion as other specific devises.

8852. (a) The personal representative shall take and subscribe an oath that the inventory contains a true statement of the property to be administered in the decedent's estate of which the personal representative has knowledge, and particularly of money of the decedent and debts or demands of the decedent against the personal representative. The oath shall be endorsed upon or attached to the inventory.

(b) If there is more than one personal representative, each shall take and subscribe the oath. If the personal representatives are unable to agree as to property to be included in the inventory, any personal representative may petition for a court order determining whether the property is to be administered in the decedent's estate. The determination shall be made pursuant to the procedure provided in Chapter 11 (commencing with Section 9860) of Part 5 or, if there is an issue of property belonging or passing to the surviving spouse, pursuant to Chapter 5 (commencing with Section 13650) of Part 2 of Division 8.

Article 2. Discovery of Property of Decedent

8870. (a) On petition by the personal representative or an interested person, the court may order that a citation be issued to a person to answer interrogatories, or to appear before the court and be examined under oath, or both, concerning any of the following allegations:

(1) That the person has wrongfully taken, concealed, or disposed of property in the estate of the decedent.

(2) That the person has knowledge or possession of any of the following:

(A) A deed, conveyance, bond, contract, or other writing that contains evidence of or tends to disclose the right, title, interest, or claim of the decedent to property.

(B) A claim of the decedent.

(C) A lost will of the decedent.

(b) If the person does not reside in the county in which the estate is being administered, the superior court either of the county in which the person resides or of the county in which the estate is being administered may issue a citation under this section.

(c) Disobedience of a citation issued pursuant to this section may be punished as a contempt of the court issuing the citation.

8871. Interrogatories may be put to a person cited to answer interrogatories pursuant to Section 8870. The interrogatories and answers shall be in writing. The answers shall be signed under penalty of perjury by the person cited. The interrogatories and answers shall be filed with the court.

8872. (a) At an examination witnesses may be produced and examined on either side.

(b) If upon the examination it appears that the allegations of the petition are true, the court may order the person to disclose the person's knowledge of the facts to the personal representative.

(c) If upon the examination it appears that the allegations of the petition are not true, the person's necessary expenses, including a reasonable attorney's fee, shall be charged against the petitioner or allowed out of the estate, in the discretion of the court.

8873. (a) On petition by the personal representative, the court may issue a citation to a person who has possession or control of property in the decedent's estate to appear before the court and make an account under oath of the property and the person's actions with respect to the property.

(b) Disobedience of a citation issued pursuant to this section may be punished as a contempt of the court issuing the citation.

8874. A person who, in bad faith, has wrongfully taken, concealed, or disposed of property in the estate of the decedent is liable for twice the value of the property, recoverable in an action by the personal representative for the benefit of the estate.

CHAPTER 3. APPRAISAL

Article 1. Procedure

8900. The appraisal of property in the inventory shall be made by the personal representative, probate referee, or independent expert as provided in this chapter.

8901. The personal representative shall appraise the following

property, excluding items whose fair market value is, in the opinion of the personal representative, an amount different from the face value of the property:

(a) Money and other cash items. As used in this subdivision, a "cash item" is a check, draft, money order, or similar instrument issued on or before the date of the decedent's death that can be immediately converted to cash.

(b) The following checks issued after the date of the decedent's death:

(1) Checks for wages earned before death.

(2) Refund checks, including tax and utility refunds, and Medicare, medical insurance, and other health care reimbursements and payments.

(c) Accounts (as defined in Section 21) in financial institutions.

(d) Cash deposits and money market funds or accounts, whether in a financial institution or otherwise, including a brokerage cash account.

(e) Proceeds of life and accident insurance policies and retirement plans and annuities payable on death in lump sum amounts.

8902. Except as otherwise provided by statute:

(a) The personal representative shall deliver the inventory to the probate referee designated by the court, together with necessary supporting data to enable the probate referee to make an appraisal of the property in the inventory to be appraised by the probate referee.

(b) The probate referee shall appraise all property other than that appraised by the personal representative.

8903. (a) The court may, for good cause, waive appraisal by a probate referee in the manner provided in this section.

(b) The personal representative may apply for a waiver together with the petition for appointment of the personal representative or together with another petition, or may apply for a waiver in a separate petition filed in the administration proceedings, but the application may not be made later than the time the personal representative delivers the inventory to the probate referee, if a probate referee has been designated. A copy of the proposed inventory and appraisal and a statement that sets forth the good cause that justifies the waiver shall be attached to the petition.

(c) The hearing on the waiver shall be not sooner than 15 days after the petition is filed. Notice of the hearing on the petition shall be given as provided in Section 1220, together with a copy of the petition and a copy of the proposed inventory and appraisal. In addition to the notice required by this subdivision, notice of the hearing, together with a copy of the petition and a copy of the proposed inventory and appraisal, shall be given as provided in Section 1220 to all of the following persons:

(1) Each known heir whose interest in the estate is affected by the waiver.

(2) Each known devisee whose interest in the estate is affected by the waiver.

(3) The State of California if any portion of the estate is to escheat to it and its interest in the estate is affected by the waiver.

(4) The probate referee, if a probate referee has been designated.

(d) A probate referee to whom notice is given under this section may oppose the waiver. If the opposition fails and the court determines the opposition was made without substantial justification, the court shall award litigation expenses, including reasonable attorney's fees, against the probate referee. If the opposition succeeds, the court may designate a different probate referee to appraise property in the estate.

(e) If the petition is granted, the inventory and appraisal attached to the petition shall be filed pursuant to Section 8800.

8904. (a) A unique, artistic, unusual, or special item of tangible personal property that would otherwise be appraised by the probate referee may, at the election of the personal representative, be appraised by an independent expert qualified to appraise the item.

(b) The personal representative shall make the election provided in subdivision (a) by a notation on the inventory delivered to the probate referee indicating the property to be appraised by an independent expert. The probate referee may, within five days after delivery of the inventory, petition for a court determination whether the property to be appraised by an independent expert is a unique, artistic, unusual, or special item of tangible personal property. If the petition fails and the court determines that the petition was made without substantial justification, the court shall award litigation expenses, including reasonable attorney's fees, against the probate referee.

8905. A person who appraises property, whether a personal representative, probate referee, or independent expert, shall sign the appraisal as to property appraised by that person, and shall take and subscribe an oath that the person has truly, honestly, and impartially appraised the property to the best of the person's ability.

8906. (a) At any time before the hearing on the petition for final distribution of the estate, an interested person may file with the court a written objection to the appraisal.

(b) The clerk shall fix a time, not less than 15 days after the filing, for a hearing on the objection.

(c) The person objecting shall give notice of the hearing, together with a copy of the objection, as provided in Section 1220. If the appraisal was made by a probate referee, the person objecting shall also mail notice of the hearing and a copy of the objection to the probate referee at least 15 days before the date set for the hearing.

(d) The person objecting to the appraisal has the burden of proof.

(e) Upon completion of the hearing, the court may make any orders that appear appropriate. If the court determines the objection was filed without reasonable cause or good faith, the court may order that the fees of the personal representative and attorney and any

costs incurred for defending the appraisal be made a charge against the person filing the objection.

8907. Neither the personal representative nor the personal representative's attorney is entitled to receive compensation for extraordinary services by reason of appraising any property in the estate.

8908. A probate referee who appraises property in the estate shall, upon demand by the personal representative or by a beneficiary:

(a) Provide any appraisal report or backup data in the possession of the probate referee used by the referee to appraise an item of property. The probate referee shall not disclose any information that is required by law to be confidential. The probate referee shall provide the appraisal report or backup data without charge. The cost of providing the appraisal report or backup data shall not be allowed as an expense of appraisal but is included in the commission for services of the probate referee.

(b) Justify the appraisal of an item of property if the appraisal is contested, whether by objection pursuant to Section 8906, by tax audit, or otherwise. The probate referee may be entitled to an additional fee for services provided to justify the appraisal, to be agreed upon by the personal representative or beneficiary and referee. If the personal representative or beneficiary and the probate referee are unable to agree, the court shall determine what fee, if any, is appropriate.

8909. A probate referee who appraises property in an estate shall retain possession of all appraisal reports and backup data used by the referee to appraise the property for a period of three years after the appraisal is filed. The probate referee shall, during the three-year period, offer the personal representative the reports and data used by the referee to appraise the property and deliver the reports and data to the personal representative on request. Any reports and data not requested by the personal representative may be destroyed at the end of the three-year period without further notice.

Article 2. Designation and Removal of Probate Referee

8920. The probate referee, when designated by the court, shall be among the persons appointed by the Controller to act as a probate referee for the county. If there is no person available who is able to act or if, pursuant to authority of Section 8922 or otherwise, the court does not designate a person appointed for the county, the court may designate a probate referee from another county.

8921. The court may designate a person requested by the personal representative as probate referee, on a showing by the personal representative of good cause for the designation. The following circumstances are included within the meaning of good cause, as used in this section:

(a) The probate referee has recently appraised the same property

that will be appraised in the administration proceeding.

(b) The probate referee will be making related appraisals in another proceeding.

(c) The probate referee has recently appraised similar property in another proceeding.

8922. The court has authority and discretion not to designate a particular person as probate referee even though appointed by the Controller to act as a probate referee for the county.

8923. The court may not designate as probate referee any of the following persons:

(a) The court clerk.

(b) A partner or employee of the judge or commissioner who orders the designation.

(c) The spouse of the judge or commissioner who orders the designation.

(d) A person, or the spouse of a person, who is related within the third degree either (1) to the judge or commissioner who orders the designation or (2) to the spouse of the judge or commissioner who orders the designation.

8924. (a) The court shall remove the designated probate referee in any of the following circumstances:

(1) The personal representative shows cause, including incompetence or undue delay in making the appraisal, that in the opinion of the court warrants removal of the probate referee. The showing shall be made at a hearing on petition of the personal representative. The personal representative shall mail notice of the hearing on the petition to the probate referee at least 15 days before the date set for the hearing.

(2) The personal representative shall have the right to remove the first probate referee who is designated by the court. No cause need be shown for removal under this paragraph. The personal representative may exercise the right at any time before the personal representative delivers the inventory to the probate referee. The personal representative shall exercise the right by filing an affidavit or declaration under penalty of perjury with the court and mailing a copy to the probate referee. Thereupon, the court shall remove the probate referee without any further act or proof.

(3) Any other cause provided by statute.

(b) Upon removal of the probate referee, the court shall designate another probate referee in the manner prescribed in Section 8920.

Article 3. Time For Probate Referee Appraisal

8940. (a) The probate referee shall promptly and with reasonable diligence appraise the property scheduled for appraisal by the probate referee in the inventory that the personal representative delivers to the referee.

(b) The probate referee shall, not later than 60 days after delivery of the inventory, do one of the following:

(1) Return the completed appraisal to the personal representative.

(2) Make a report of the status of the appraisal. The report shall show the reason why the property has not been appraised and an estimate of the time needed to complete the appraisal. The report shall be delivered to the personal representative and filed with the court.

8941. (a) The court shall, on petition of the personal representative or probate referee, or may, on the court's own motion, hear the report of the status of the appraisal. The court may issue a citation to compel the personal representative or the probate referee to attend the hearing.

(b) If the probate referee does not make the report of the status of the appraisal within the time required by this article or prescribed by the court, the court shall, on petition of the personal representative or may, on its own motion, cite the probate referee to appear before the court and show the reason why the property has not been appraised.

(c) Upon the hearing, the court may order any of the following:

(1) That the appraisal be completed within a time that appears reasonable.

(2) That the probate referee be removed. Upon removal of the probate referee the court shall designate another probate referee in the manner prescribed in Section 8920.

(3) That the commission of the probate referee be reduced by an amount the court deems appropriate, regardless of whether the commission otherwise allowable under the provisions of Sections 8960 to 8964 would be reasonable compensation for the services rendered.

(4) That the personal representative deliver to the probate referee all information necessary to allow the probate referee to complete the appraisal. Failure to comply with such an order is grounds for removal of the personal representative.

(5) Such other orders as may be appropriate.

Article 4. Commission and Expenses of Probate Referee

8960. (a) The commission and expenses provided by this article as compensation for the services of the probate referee shall be paid from the estate.

(b) The probate referee may not withhold the appraisal until the commission and expenses are paid, but shall deliver the appraisal to the personal representative promptly upon completion.

(c) The commission and expenses of the probate referee are an expense of administration, entitled to the priority for payment provided by Section 11420, and shall be paid in the course of administration.

8961. As compensation for services the probate referee shall receive all of the following:

(a) A commission of one-tenth of one percent of the total value of the property for each estate appraised, subject to Section 8963. The commission shall be computed excluding property appraised by the personal representative pursuant to Section 8901 or by an independent expert pursuant to Section 8904.

(b) Actual and necessary expenses for each estate appraised. The referee shall file with, or list on, the inventory and appraisal a verified account of the referee's expenses.

8963. (a) Notwithstanding Section 8961 and subject to subdivision (b), the commission of the probate referee shall in no event be less than seventy-five ($75) nor more than ten thousand dollars ($10,000) for any estate appraised.

(b) Upon application of the probate referee, the court may allow a commission in excess of ten thousand dollars ($10,000) if the court determines that the reasonable value of the referee's services exceeds that amount. Notice of the hearing under this subdivision shall be given as provided in Section 1220 and mailed to persons who have requested special notice. In addition, notice of the hearing shall be given as provided in Section 1220 to all of the following persons:

(1) Each known heir whose interest in the estate is affected.

(2) Each known devisee whose interest in the estate is affected.

(3) The State of California if any portion of the estate is to escheat to it and its interest in the estate is affected.

8964. If more than one probate referee appraises or participates in the appraisal of property in the estate, each is entitled to the share of the commission agreed upon by the referees or, absent an agreement, that the court allows. In no case shall the total commission for all referees exceed the maximum commission that would be allowable for a single referee.

Article 5. Transitional Provisions

8980. If an inventory is delivered to a probate referee for appraisal before July 1, 1989, all matters relating to the appraisal by the referee, including the property to be included in the appraisal, waiver of the appraisal, and compensation of the referee, are governed by the applicable law in effect before July 1, 1989, and are not governed by this chapter.

SEC. 83. Section 9001 of the Probate Code is amended to read:

9001. (a) The publication of notice under Section 8120 and the giving of notice of administration of the estate of the decedent under Chapter 2 (commencing with Section 9050) constitute notice to creditors of the requirements of this part.

(b) Nothing in subdivision (a) affects a notice or request to a public entity required by Chapter 5 (commencing with Section 9200).

SEC. 83.5. Section 9002 of the Probate Code is amended to read:

9002. Except as otherwise provided by statute:

(a) All claims shall be filed in the manner and within the time

provided in this part.

(b) A claim that is not filed as provided in this part is barred.

SEC. 84. Section 9050 of the Probate Code is amended to read:

9050. (a) If, within four months after the date letters are first issued to a general personal representative, the personal representative has knowledge of a creditor of the decedent, the personal representative shall give notice of administration of the estate to the creditor, subject to Section 9054. The notice shall be given as provided in Section 1215. For the purpose of this subdivision, a personal representative has knowledge of a creditor of the decedent if the personal representative is aware that the creditor has demanded payment from the decedent or the estate.

(b) The giving of notice under this chapter is in addition to the publication of the notice under Section 8120.

SEC. 84.5. Section 9103 of the Probate Code, as amended by Chapter 113 of the Statutes of 1988, is amended to read:

9103. (a) Upon petition by a creditor and notice of hearing given as provided in Section 1220, the court may allow a claim to be filed after expiration of the time for filing a claim if the creditor establishes that either of the following conditions are satisfied:

(1) Neither the creditor nor the attorney representing the creditor in the matter had actual knowledge of the administration of the estate within 15 days before expiration of the time provided in Section 9100, and the petition was filed within 30 days after either the creditor or the creditor's attorney had actual knowledge of the administration whichever occurred first.

(2) Neither the creditor nor the attorney representing the creditor in the matter had knowledge of the existence of the claim within 15 days before expiration of the time provided in Section 9100, and the petition was filed within 30 days after either the creditor or the creditor's attorney had knowledge of the existence of the claim whichever occurred first.

(b) This section applies only to a claim that relates to an action or proceeding pending against the decedent at the time of death or, if no action or proceeding is pending, to a cause of action that does not arise out of the creditor's conduct of a trade, business, or profession in this state.

(c) The court shall not allow a claim to be filed under this section after the earlier of the following times:

(1) The time the court makes an order for final distribution of the estate.

(2) One year after the time letters are first issued to a general personal representative.

(d) The court may condition the claim on terms that are just and equitable, and may require the appointment or reappointment of a personal representative if necessary. The court may deny the petition if a preliminary distribution to beneficiaries or a payment to general creditors has been made and it appears that the filing or establishment of the claim would cause or tend to cause unequal

treatment among beneficiaries or creditors.

(e) Regardless of whether the claim is later established in whole or in part, property distributed under court order and payments otherwise properly made before a claim is filed under this section are not subject to the claim. The personal representative, designee, or payee is not liable on account of the prior distribution or payment.

SEC. 85. Section 9253 of the Probate Code is amended to read:

9253. A claim barred by the statute of limitations may not be allowed by the personal representative or approved by the court or judge.

9255. (a) The personal representative may allow a claim, or the court or judge may approve a claim, in part. The allowance or approval shall state the amount for which the claim is allowed or approved.

(b) A creditor who refuses to accept the amount allowed or approved in satisfaction of the claim may bring an action on the claim in the manner provided in Chapter 8 (commencing with Section 9350). The creditor may not recover costs in the action unless the creditor recovers an amount greater than that allowed or approved.

SEC. 85.5. Section 9257 of the Probate Code is repealed.

SEC. 86. Chapter 8 (commencing with Section 9350) is added to Part 4 of Division 7 of the Probate Code, to read:

CHAPTER 8. CLAIMS IN LITIGATION

Article 1. Claim on Cause of Action

9350. This article applies to any claim other than a claim on an action or proceeding pending against the decedent at the time of death.

9351. An action may not be commenced against a decedent's personal representative on a cause of action against the decedent unless a claim is first filed as provided in this part and the claim is rejected in whole or in part.

9352. (a) The filing of a claim tolls the statute of limitations otherwise applicable to the claim until allowance, approval, or rejection.

(b) The allowance or approval of a claim in whole or in part further tolls the statute of limitations during the administration of the estate as to the part allowed or approved.

9353. (a) Regardless of whether the statute of limitations otherwise applicable to a claim will expire before or after the following times, a claim rejected in whole or in part is barred as to the part rejected unless, within the following times, the creditor commences an action on the claim or the matter is referred to a referee or to arbitration:

(1) If the claim is due at the time the notice of rejection is given, three months after the notice is given.

(2) If the claim is not due at the time the notice of rejection is given, three months after the claim becomes due.

(b) The time during which there is a vacancy in the office of the personal representative shall be excluded from the period determined under subdivision (a).

9354. (a) In addition to any other county in which an action may be commenced, an action on the claim may be commenced in the county in which the proceeding for administration of the decedent's estate is pending.

(b) The plaintiff shall file a notice of the pendency of the action with the court clerk in the estate proceeding, together with proof of giving a copy of the notice to the personal representative as provided in Section 1215. Personal service of a copy of the summons and complaint on the personal representative is equivalent to the filing and giving of the notice. Any property distributed under court order, or any payment properly made, before the notice is filed and given is not subject to the claim. The personal representative, distributee, or payee is not liable on account of the prior distribution or payment.

(c) The prevailing party in the action shall be awarded court costs and, if the court determines that the prosecution or defense of the action against the prevailing party was unreasonable, the prevailing party shall be awarded reasonable litigation expenses, including attorney's fees.

Article 2. Claim on Pending Action or Proceeding

9370. (a) An action or proceeding pending against the decedent at the time of death may not be continued against the decedent's personal representative unless all of the following conditions are satisfied:

(1) A claim is first filed as provided in this part.

(2) The claim is rejected in whole or in part.

(3) Within three months after the notice of rejection is given, the plaintiff applies to the court in which the action or proceeding is pending for an order to substitute the personal representative in the action or proceeding. This paragraph applies only if the notice of rejection contains a statement that the plaintiff has three months within which to apply for an order for substitution.

(b) No recovery shall be allowed in the action against property in the decedent's estate unless proof is made of compliance with this section.

Article 3. Litigation Where No Claim Required

9390. (a) An action to establish the decedent's liability for which the decedent was protected by insurance may be commenced or continued under Section 550, and a judgment in the action may be enforced against the insurer, without first filing a claim as provided in this part.

(b) Unless a claim is first made as provided in this part, an action to establish the decedent's liability for damages outside the limits or coverage of the insurance may not be commenced or continued under Section 550.

(c) If the insurer seeks reimbursement under the insurance contract for any liability of the decedent, including, but not limited to, deductible amounts in the insurance coverage and costs and attorney's fees, an insurer defending an action under Section 550 shall file a claim as provided in this part. Failure to file a claim is a waiver of reimbursement under the insurance contract for any liability of the decedent.

9391. The holder of a mortgage or other lien on property in the decedent's estate, including but not limited to a judgment lien, may commence an action to enforce the lien against the property that is subject to the lien, without first filing a claim as provided in this part, if in the complaint the holder of the lien expressly waives all recourse against other property in the estate.

Article 4. Transitional Provision

9399. (a) This chapter applies to an action commenced on or after July 1, 1989.

(b) The applicable law in effect before July 1, 1989, continues to apply to an action commenced before July 1, 1989, notwithstanding its repeal by the act that enacted this chapter.

SEC. 87. Section 9614 is added to the Probate Code, to read:

9614. (a) On petition of an interested person, the court may suspend the powers of the personal representative in whole or in part, for a time, as to specific property or circumstances or as to specific duties of the office, or may make any other order to secure proper performance of the duties of the personal representative, if it appears to the court that the personal representative otherwise may take some action that would jeopardize unreasonably the interest of the petitioner. Persons with whom the personal representative may transact business may be made parties.

(b) The matter shall be set for hearing within 10 days unless the parties agree otherwise. Notice as the court directs shall be given to the personal representative and attorney of record, if any, and to any other parties named in the petition.

(c) The court may, in its discretion, if it determines that the petition was brought unreasonably and for the purpose of hindering the personal representative in the performance of the duties of the office, assess attorney's fees against the petitioner and make the assessment a charge against the interest of the petitioner.

SEC. 87.5. Section 9620 of the Probate Code is amended to read:

9620. If there is a dispute relating to the estate between the

personal representative and a third person, the personal representative may do either of the following:

(a) Enter into an agreement in writing with the third person to refer the dispute to a temporary judge designated in the agreement. The agreement shall be filed with the clerk, who shall thereupon, with the approval of the court, enter an order referring the matter to the designated person. The temporary judge shall proceed promptly to hear and determine the matter in controversy by summary procedure, without pleadings or discovery. The decision of the designated person shall be subject to Section 632 of the Code of Civil Procedure. Judgment shall be entered on the decision and shall be as valid and effective as if rendered by a judge of the court in an action against the personal representative or the third person commenced by ordinary process.

(b) Enter into an agreement in writing with the third person that a judge, pursuant to the agreement and with the written consent of the judge, both filed with the clerk within the time specified in Section 9352 for bringing an independent suit on the matter in dispute, may hear and determine the dispute pursuant to the procedure provided in subdivision (a).

(a) Use discretion as to which property to sell first.

(b) Sell the entire interest of the estate in the property or any lesser interest therein.

(c) Sell the property either at public auction or private sale.

SEC. 89.5. Section 10005 of the Probate Code is amended to read:

10005. (a) If any property in the estate is sold for more than the appraised value, the personal representative shall account for the proceeds of sale, including the excess over the appraised value.

SEC. 90. Section 10301 of the Probate Code is amended to read:

10301. (a) If it appears from the inventory and appraisal that the value of the real property to be sold does not exceed five thousand dollars ($5,000), the personal representative may in his or her discretion dispense with publication of notice of sale and, in lieu of publication, post the notice of sale at the courthouse of the county in which the real property or some portion thereof lies.

(b) Except as provided in Section 10302, posting pursuant to this section shall be for at least 15 days before:

(1) In the case of a private sale, the day specified in the notice of sale as the day on or after which the sale is to be made.

(2) In the case of a public auction sale, the day of the auction.

SEC. 90.5. Section 10405 of the Probate Code is amended to read:

10950. (a) On its own motion or on petition of an interested person, the court may order an account at any time.

(b) The court shall order an account on petition of an interested person made more than one year after the last account was filed or, if no previous account has been filed, made more than one year after issuance of letters to the personal representative.

(c) The court order shall specify the time within which the personal representative must file an account.

10951. The personal representative shall file a final account and petition for an order for final distribution of the estate when the estate is in a condition to be closed.

10952. A personal representative who resigns or is removed from office or whose authority is otherwise terminated shall, unless the court extends the time, file an account not later than 60 days after termination of authority. If the personal representative fails to so file the account, the court may compel the account pursuant to Chapter 4 (commencing with Section 11050).

(1) If the person entitled to distribution is an adult and competent, by that person.

(2) If the person entitled to distribution is a minor, by a person authorized to receive money or property belonging to the minor. 11051. (a) A citation shall be issued, served, and returned, requiring a personal representative who does not file a required account to appear and show cause why the personal representative should not be punished for contempt.

(b) If the personal representative purposefully evades personal service of the citation, the personal representative shall be removed from office.

(3) The State of California, if any portion of the estate is to escheat to it and its interest in the estate is affected by the petition.

(4) The Controller, if property is to be distributed to the state because there is no known beneficiary or if property is to be distributed to a beneficiary whose whereabouts is unknown. A copy of the latest account filed with the court shall be served on the Controller with the notice.

11602. The personal representative or any interested person may oppose the petition.

11603. (a) If the court determines that the requirements for distribution are satisfied, the court shall order distribution of the decedent's estate, or such portion as the court directs, to the persons entitled thereto.

(b) The order shall:

(1) Name the distributees and the share to which each is entitled.

(2) Provide that property distributed subject to a limitation or condition, including, but not limited to, an option granted under Chapter 16 (commencing with Section 9960) of Part 5, is distributed to the distributees subject to the terms of the limitation or condition.

11604. (a) This section applies where distribution is to be made to any of the following persons:

(1) The transferee of a beneficiary.

(2) Any person other than a beneficiary under an agreement, request, or instructions of a beneficiary or the attorney in fact of a beneficiary.

(b) The court on its own motion, or on motion of the personal representative or other interested person or of the public administrator, may inquire into the circumstances surrounding the

execution of, and the consideration for, the transfer, agreement, request, or instructions, and the amount of any fees, charges, or consideration paid or agreed to be paid by the beneficiary.

(c) The court may refuse to order distribution, or may order distribution on any terms that the court deems just and equitable, if the court finds either of the following:

(1) The fees, charges, or consideration paid or agreed to be paid by a beneficiary are grossly unreasonable.

(2) The transfer, agreement, request, or instructions were obtained by duress, fraud, or undue influence.

(d) Notice of the hearing on the motion shall be served on the beneficiary and on the persons described in subdivision (a) at least 15 days before the hearing in the manner provided in Section 415.10 or 415.30 of the Code of Civil Procedure, as the court may direct.

11605. When a court order made under this chapter becomes final, the order binds and is conclusive as to the rights of all interested persons.

Article 2. Preliminary Distribution

11620. A petition may be made for an order for preliminary distribution of all, or a portion of, the share of a decedent's estate to which a beneficiary is entitled when two months have elapsed after letters are first issued to a general personal representative.

11621. (a) The court shall order distribution under this article if at the hearing it appears that the distribution may be made without loss to creditors or injury to the estate or any interested person.

(b) The order for distribution shall be stayed until any bond required by the court is filed.

11622. (a) If the court orders distribution before four months have elapsed after letters are first issued to a general personal representative, the court shall require a bond. The bond shall be in the amount of the distribution.

(b) If the court orders distribution after four months have elapsed after letters are first issued to a general personal representative, the court may require a bond. The bond shall be in the amount the court orders.

(c) Any bond required by the court shall be given by the distributee and filed with the court. The bond shall be conditioned on payment of the distributee's proper share of the debts of the estate, not exceeding the amount distributed.

11623. Notwithstanding any other provision of this chapter, if authority is granted to administer the estate without court supervision under the Independent Administration of Estates Act, Part 6 (commencing with Section 10400):

(a) The personal representative may petition the court for an order for preliminary distribution on notice as provided in Section 1220. Notwithstanding subdivision (f) of Section 1220, the court may not dispense with notice unless the time for filing creditor claims has

expired.

(b) The aggregate of all property distributed under this section shall not exceed 50 percent of the net value of the estate. For the purpose of this subdivision, "net value of the estate" means the excess of the value of the property in the estate, as determined by all inventories and appraisals on file with the court, over the total amount of all creditor claims and of all liens and encumbrances recorded or known to the personal representative not included in a creditor claim, excluding any estate tax lien occasioned by the decedent's death.

11624. The costs of a proceeding under this article shall be paid by the distributee or the estate in proportions determined by the court.

Article 3. Final Distribution

11640. (a) When all debts have been paid or adequately provided for, or if the estate is insolvent, and the estate is in a condition to be closed, a petition shall be filed for, and the court shall make, an order for final distribution of the estate.

(b) The court shall hear and determine and resolve in the order all questions arising under Section 6174 (ademption by satisfaction) or Section 6409 (advancements).

(c) If debts remain unpaid or not adequately provided for or if, for other reasons, the estate is not in a condition to be closed, the administration may continue for a reasonable time, subject to Chapter 1 (commencing with Section 12200) of Part 11 (time for closing estate).

11641. When an order settling a final account and for final distribution becomes final, the personal representative may immediately distribute the property in the estate to the persons entitled to distribution, without further notice or proceedings.

11642. Any property acquired or discovered after the court order for final distribution is made shall be distributed in the following manner:

(a) If the order disposes of the property, distribution shall be made in the manner provided in the order. The court may, in an appropriate case, require a supplemental account and make further instructions relating to the property.

(b) If the order does not dispose of the property, distribution shall be made either (1) in the manner ordered by the court on a petition for instructions or (2) under Section 12252 (administration after discharge), if the personal representative has been discharged.

CHAPTER 2. DETERMINATION OF PERSONS ENTITLED TO DISTRIBUTION

11700. At any time after letters are first issued to a general personal representative and before an order for final distribution is

made, the personal representative, or any person claiming to be a beneficiary or otherwise entitled to distribution of a share of the estate, may file a petition for a court determination of the persons entitled to distribution of the decedent's estate. The petition shall include a statement of the basis for the petitioner's claim.

11701. (a) Notice of the hearing on the petition shall be given as provided in Section 1220.

(b) In addition to the notice required by subdivision (a), notice of the hearing shall be given as provided in Section 1220 to all of the following persons:

(1) Each known heir whose interest in the estate is affected by the petition.

(2) Each known devisee whose interest in the estate is affected by the petition.

(3) The State of California if any portion of the estate is to escheat to it and its interest in the estate is affected by the petition.

11702. (a) Any interested person may appear and, at or before the time of the hearing, file a written statement of the person's interest in the estate. The written statement may be in support of, or in opposition to, the petition. No other pleadings are necessary and the written statement of each claimant shall be deemed denied by each of the other claimants to the extent the written statements conflict.

(b) If a person fails timely to file a writen statement:

(1) The case is at issue notwithstanding the failure and the case may proceed on the petition and written statements filed by the time of the hearing, and no further pleadings by other persons are necessary.

(2) The person may not participate further in the proceeding for determination of persons entitled to distribution, but the person's interest in the estate is not otherwise affected.

(3) The person is bound by the decision in the proceeding.

11703. The Attorney General shall be deemed to be a person entitled to distribution of the estate for purposes of this chapter if the estate involves or may involve any of the following:

(a) A charitable trust, other than a charitable trust with a designated trustee that may lawfully accept the trust.

(b) A devise for a charitable purpose without an identified beneficiary.

(c) An escheat to the State of California.

11704. (a) The court shall consider all evidence in the proceeding, including any statement made in a petition filed under Section 11700 and any statement of interest filed under Section 11702. The court shall not hear or consider a petition filed after the time prescribed in Section 11700.

(b) The personal representative may file papers and otherwise participate in the proceeding as a party to assist the court.

11705. (a) The court shall make an order that determines the persons entitled to distribution of the decedent's estate and specifies

their shares.

(b) When the court order becomes final it binds and is conclusive as to the rights of all interested persons.

CHAPTER 3. DISTRIBUTION OF PROPERTY IN ESTATE

11750. (a) The personal representative is responsible for distribution of the property in the estate in compliance with the terms of the court order for distribution.

(b) A distributee may demand, sue for, and recover from the personal representative or any person in possession, property to which the distributee is entitled.

(c) A distribution of property made in compliance with the terms of the court order for distribution is valid as to a good faith purchaser of the property for value.

11751. The personal representative shall obtain the receipt of the distributee for property in the estate distributed by the personal representative. In the case of real property, the personal representative shall record the court order for distribution or the personal representative's deed or both in the county in which the real property is located. Recordation of the order or deed is deemed to be a receipt of the distributee for the property.

11752. If personal property in the possession of a distributee is subject to possession by the distributee for life only, the personal representative shall demand an inventory of the property from the distributee. On receipt, the personal representative shall file the inventory with the court and deliver a copy to any distributee of the remainder.

11753. (a) Distribution in compliance with the court order entitles the personal representative to a full discharge with respect to property included in the order.

(b) The personal representative shall, before or at the time of the petition for discharge, file receipts for all property in the estate. In the case of real property, the personal representative shall file a statement that identifies the date and place or location of the recording and other appropriate recording information for the court order for distribution or the personal representative's deed.

(c) The court may excuse the filing of a receipt on a showing that the personal representative is unable, after reasonable effort, to obtain a receipt and that the property has been delivered to or is in the possession of the distributee.

CHAPTER 4. DECEASED DISTRIBUTEE

11801. (a) Except as provided in subdivision (b), the share in a decedent's estate of a beneficiary who survives the decedent but who dies before distribution shall be distributed under this chapter with the same effect as though the distribution were made to the beneficiary while living.

(b) Distribution may not be made under this chapter if the decedent's will provides that the beneficiary is entitled to take under the will only if the beneficiary survives the date of distribution or other period stated in the will and the beneficiary fails to survive the date of distribution or other period.

11802. If a beneficiary satisfies the requirement of Section 11801, the beneficiary's share in the decedent's estate shall be distributed as follows:

(a) Except as otherwise provided in this section, distribution shall be made to the personal representative of the estate of the beneficiary for the purpose of administration in the estate of the beneficiary.

(b) If the beneficiary was issue of the decedent and died intestate while under the age of majority and not having been emancipated, distribution shall be made directly to the heirs of the beneficiary without administration in the estate of the beneficiary.

(c) If a person entitled to the beneficiary's share makes application under Division 8 (commencing with Section 13000) (disposition of estate without administration), distribution shall be made under Division 8.

CHAPTER 5. DEPOSIT WITH COUNTY TREASURER

11850. Subject to Section 11851, the personal representative may deposit property to be distributed with the county treasurer of the county in which the proceedings are pending in the name of the distributee in any of the following cases:

(a) The property remains in the possession of the personal representative unclaimed or the whereabouts of the distributee is unknown.

(b) The distributee refuses to accept or give a receipt for the property.

(c) The distributee is a minor or incompetent person who has no guardian, conservator, or other fiduciary to receive the property or person authorized to give a receipt for the property.

(d) For any other reason the property cannot be distributed, and the personal representative desires discharge. Notwithstanding Section 11851, deposit may not be made under this subdivision except on court order.

11851. (a) If property authorized by Section 11850 to be deposited with the county treasurer consists of money, the personal representative may deposit the money.

(b) If property authorized by Section 11850 to be deposited with the county treasurer consists of personal property other than money, the personal representative may not deposit the personal property except on court order. If it appears to the court that sale is for the benefit of interested persons, the court shall order the personal property sold, and the proceeds of sale, less expenses of sale allowed by the court, shall be deposited in the county treasury. If it appears

to the court that sale is not for the benefit of interested persons, the court shall order the personal property deposited with the Controller, to be held subject to the provisions of Chapter 6 (commencing with Section 11900).

11852. The county treasurer shall give a receipt for a deposit made under this chapter and is liable on the official bond of the county treasurer for the money deposited. The receipt has the same effect as if executed by the distributee.

11853. If money is deposited or is already on deposit with the county treasurer, the personal representative shall deliver to the county treasurer a certified copy of the order for distribution.

11854. (a) A person may claim money on deposit in the county treasury by filing a petition with the court that made the order for distribution. The petition shall show the person's claim or right to the property. The petition shall state the facts required to be stated in a petition for escheated property filed under Section 1355 of the Code of Civil Procedure. On the filing of the petition, the same proceedings shall be had as are required by that section, except that the hearing shall be ex parte unless the court orders otherwise.

(b) If so ordered by the court, a copy of the petition shall be served on the Attorney General. The Attorney General may answer the petition, at the Attorney General's discretion.

(c) If the court is satisfied of the claimant's right to the property claimed, the court shall make an order establishing the right. On presentation of a certified copy of the order, the county auditor shall draw a warrant on the county treasurer for the amount of money covered by the order.

(d) A claim for money distributed in the estate of a deceased person made after the deposit of the property in the State Treasury is governed by the provisions of Chapter 3 (commencing with Section 1335) of Title 10 of Part 3 of the Code of Civil Procedure.

CHAPTER 6. DISTRIBUTION TO STATE

11900. (a) The court shall order property that is not ordered distributed to known beneficiaries to be distributed to the state.

(b) Insofar as practicable, any real property or tangible personal property shall be converted to money before distribution to the state.

11901. If the court orders distribution of property in the decedent's estate to the state, and the order includes words that otherwise create a trust in favor of unknown or unidentified persons as a class, the distribution shall vest in the state both legal and equitable title to the property.

11902. (a) If the court orders distribution to the state, the personal representative shall promptly:

(1) Deliver any money to the State Treasurer.

(2) Deliver any personal property other than money to the Controller for deposit in the State Treasury.

(3) Cause a certified copy of the order to be recorded in the office

of the county recorder of each county in which any real property is situated.

(b) At the time of making a delivery of property or recordation under this section, the personal representative shall deliver to the Controller a certified copy of the order for distribution together with a statement of the date and place or location of each recording and other appropriate recording information.

11903. (a) Property distributed to the state shall be held by the Treasurer for a period of five years from the date of the order for distribution, within which time any person may claim the property in the manner provided by Title 10 (commencing with Section 1300) of Part 3 of the Code of Civil Procedure.

(b) A person who does not claim the property within the time prescribed in this section is forever barred, and the property vests absolutely in the state, subject to the provisions of Title 10 (commencing with Section 1300) of Part 3 of the Code of Civil Procedure.

11904. No deposit of property in an estate shall be made in the county treasury by a personal representative if any other property in the estate is to be or has been distributed to the state under this chapter, but the property that would otherwise be deposited in the county treasury shall be transmitted promptly to the State Treasurer or Controller as provided in this chapter.

CHAPTER 7. PARTITION OR ALLOTMENT OF PROPERTY

11950. (a) If two or more beneficiaries are entitled to the distribution of undivided interests in property and have not agreed among themselves to a partition, allotment, or other division of the property, any of them, or the personal representative at the request of any of them, may petition the court to make a partition, allotment, or other division of the property that will be equitable and will avoid the distribution of undivided interests.

(b) A proceeding under this chapter is limited to interests in the property that are subject to administration and does not include other interests except to the extent the owners of other interests in the property consent to be bound by the partition, allotment, or other division.

11951. (a) A petition under this chapter may be filed with the clerk at any time before an order for distribution of the affected property becomes final.

(b) The petition shall:

(1) Describe the property.

(2) State the names of the persons having or claiming undivided interests.

(3) Describe the undivided interests, so far as known to the petitioner.

11952. (a) Notice of the hearing on the petition shall be given as provided in Section 1220 to the personal representative and to the

persons entitled to distribution of the undivided interests.

(b) At the hearing the persons entitled to distribution of the undivided interests shall be considered the parties to the proceeding whether or not they have appeared or filed a responsive pleading. No one shall be considered as a plaintiff or as a defendant.

(c) Any objection to the jurisdiction of the court shall be made and resolved in the manner prescribed in Chapter 11 (commencing with Section 9860) of Part 5.

11953. (a) The court shall partition, allot, or otherwise divide the property so that each party receives property of a value proportionate to the party's interest in the whole.

(b) The court may direct the personal representative to sell property when, under the circumstances, sale would be more equitable than partition and when the property cannot conveniently be allotted to any one party. The sale shall be conducted in the same manner as other sales made during administration of an estate.

(c) Any two or more parties may agree to accept undivided interests.

11954. (a) The court, in its discretion, may appoint one or three referees to partition property capable of being partitioned, if requested to do so by a party. The number of referees appointed must conform to the request of at least one of the parties.

(b) The referees shall have the powers and perform the duties of referees in, and the court shall have the same powers with respect to their report as in, partition actions under Title 10.5 (commencing with Section 872.010) of Part 2 of the Code of Civil Procedure.

11955. The expenses of partition shall be equitably apportioned by the court among the parties, but each party must pay the party's own attorney's fees. The amount charged to each party shall be included and specified in the order and, to the extent unpaid, constitutes a lien on the property allotted to the party.

11956. (a) The partition, allotment, or other division made by the court shall control in proceedings for distribution, unless modified for good cause on reasonable notice.

(b) The proceedings leading to the partition, allotment, or other division may be reviewed on appeal from the order for distribution.

CHAPTER 8. INTEREST AND INCOME ACCRUING DURING ADMINISTRATION

12000. The provisions of this chapter apply where the intention of the testator is not otherwise indicated by the will.

12001. If interest is payable under this chapter:

(a) The rate of interest is one percentage point greater than the minimum rate that would be payable on a Series EE United States savings bond purchased one year after the date of the decedent's death and held to maturity. If there is no minimum rate payable on a Series EE United States savings bond, the rate of interest is three percentage points less than the legal rate on judgments in effect one

year after the date of the decedent's death.

(b) The rate of interest provided in subdivision (a) shall remain fixed at the applicable rate in effect one year after the date of the decedent's death and shall not be recomputed in the event of a change in the applicable rate thereafter.

12002. (a) Except as provided in this section, a specific devise does not bear interest.

(b) A specific devise carries with it income on the devised property from the date of death, less expenses attributable to the devised property during administration of the estate. For purposes of this section, expenses attributable to property are expenses that result directly from the use or ownership of the property, including property tax and tax on the income from the property, but excluding estate tax.

(c) If income of specifically devised property is not sufficient to pay expenses attributable to the property, the deficiency shall be paid out of the estate until the property is distributed to the devisee or the devisee takes possession of or occupies the property, whichever occurs first. To the extent a deficiency paid out of the estate is attributable to the period that commences one year after the testator's death, whether paid during or after expiration of the one year period following the date of death, the amount paid is a charge against the share of the devisee, and the personal representative has an equitable lien on the specifically devised property as against the devisee in the amount paid.

(d) If specifically devised property is sold during administration of the estate, the devisee is entitled to the net income from the property until the date of sale, and to interest on the net sale proceeds thereafter.

12003. If a general pecuniary devise, including a general pecuniary devise in trust, is not distributed within one year after the testator's death, the devise bears interest thereafter.

12004. (a) An annuity commences at the testator's death and shall be paid at the end of the annual, monthly, or other specified period.

(b) If an annuity is not paid at the end of the specified period, it bears interest thereafter, but no interest accrues during the first year after the testator's death.

12005. A devisee of a devise for maintenance is entitled to interest on the amount of any unpaid accumulations of the payments held by the personal representative on each anniversary of the testator's death, computed from the date of the anniversary.

12006. Net income received during administration not paid under other provisions of this chapter and not otherwise devised shall be distributed pro rata as income among all distributees who receive either residuary or intestate property. If a distributee takes for life or for a term of years, the pro rata share of income belongs to the tenant for life or for the term of years.

12007. This chapter applies only in cases where the decedent

died on or after July 1, 1989. In cases where the decedent died before July 1, 1989, the applicable law in effect before July 1, 1989, continues to apply.

SEC. 92.5. The heading of Part 11 of Division 7 of the Probate Code is repealed.

SEC. 93. Part 11 (commencing with Section 12200) is added to Division 7 of the Probate Code, to read:

PART 11. CLOSING ESTATE ADMINISTRATION

CHAPTER 1. TIME FOR CLOSING ESTATE

12200. The personal representative shall either petition for an order for final distribution of the estate or make a report of status of administration not later than the following times:

(a) In an estate for which a federal estate tax return is not required, within one year after the date of issuance of letters.

(b) In an estate for which a federal estate tax return is required, within 18 months after the date of issuance of letters.

12201. If a report of status of administration is made under Section 12200:

(a) The report shall show the condition of the estate, the reasons why the estate cannot be distributed and closed, and an estimate of the time needed to close administration of the estate.

(b) The report shall be filed with the court. Notice of hearing of the report shall be given as provided in Section 1220 to persons then interested in the estate, and shall include a statement in not less than 10-point boldface type or a reasonable equivalent thereof if printed, or in all capital letters if not printed, in substantially the following words: "YOU HAVE THE RIGHT TO PETITION FOR AN ACCOUNT UNDER SECTION 10950 OF THE CALIFORNIA PROBATE CODE."

(c) On the hearing of the report, the court may order either of the following:

(1) That the administration of the estate continue for the time and on the terms and conditions that appear reasonable, including an account under Section 10950, if the court determines that continuation of administration is in the best interests of the estate or of interested persons.

(2) That the personal representative shall petition for final distribution.

12202. (a) If the personal representative does not petition for final distribution or make a report within the time required by this chapter or prescribed by the court, the court may, on petition of any interested person or on its own motion, cite the personal representative to appear before the court and show the condition of the estate and the reasons why the estate cannot be distributed and closed.

(b) On the hearing of the citation, the court may either order the

administration of the estate to continue, as provided in Section 12201, or order the personal representative to petition for final distribution.

12203. (a) For purposes of this chapter, continuation of the administration of the estate in order to pay a family allowance is not in the best interests of the estate or interested persons unless the court determines both of the following:

(1) The family allowance is needed by the recipient to pay for necessaries of life, including education so long as pursued to advantage.

(2) The needs of the recipient for continued family allowance outweigh the needs of the decedent's beneficiaries whose interests would be adversely affected by continuing the administration of the estate for this purpose.

(b) Nothing in this section shall be construed to authorize continuation of a family allowance beyond the time prescribed in Section 6543.

(c) Nothing in this section limits the power of the court to order a preliminary distribution of the estate.

12204. Failure of the personal representative to comply with an order made under this chapter is grounds for removal from office.

12205. If the time taken for administration of the estate exceeds the time required by this chapter or prescribed by the court, the court may, on the hearing for final distribution or for an allowance on the commissions of the personal representative or on the fees of the attorney, reduce the commissions or fees by an amount the court deems appropriate, regardless of whether the commissions or fees otherwise allowable under the provisions of Sections 901 and 910 would be reasonable compensation for the services rendered, if the court determines that the time taken was within the control of the personal representative or attorney whose commissions or fees are being reduced and was not in the best interest of the estate or interested persons. In making a determination under this section, the court shall take into account any action taken under Section 12202 as a result of a previous delay.

12206. A limitation in a will of the time for administration of an estate is directory only and does not limit the power of the personal representative or the court to continue administration of the estate beyond the time limitation in the will if the continuation is necessary.

CHAPTER 2. DISCHARGE OF PERSONAL REPRESENTATIVE

12250. When the personal representative has complied with the terms of the order for final distribution and has filed the appropriate receipts or the court has excused the filing of a receipt, the court shall, on ex parte petition, make an order discharging the personal representative from all liability incurred thereafter.

12251. (a) At any time after appointment of a personal representative and whether or not letters have been issued, if it appears there is no property of any kind belonging to the estate and

subject to administration, the personal representative may petition for the termination of further proceedings and for discharge of the personal representative. The petition shall state the facts required by this subdivision.

(b) Notice of the hearing on the petition shall be given as provided in Section 1220 to all interested persons.

(c) If it appears to the satisfaction of the court on the hearing that the facts stated in the petition are true, the court shall make an order terminating the proceeding and discharging the personal representative.

12252. If subsequent administration of an estate is necessary after the personal representative has been discharged because other property is discovered or because it becomes necessary or proper for any cause:

(a) The court shall appoint as personal representative the person entitled to appointment in the same order as is directed in relation to original appointment, except that the person who served as personal representative at the time of the order of discharge has priority.

(b) Notice of hearing of the appointment shall be given as provided in Section 1220 to the person who served as personal representative at the time of the order of discharge and other interested persons. If property has been distributed to the State of California, a copy of any petition for subsequent appointment of a personal representative and the notice of hearing shall be given as provided in Section 1220 to the Controller.

SEC. 93.5. Section 12404 of the Probate Code is amended to read:

12404. (a) A petition may be filed in the court having jurisdiction under Section 12403 for the administration of the estate of a missing person.

(b) The petition may be filed by any person who may be appointed as a personal representative, other than a person described in subdivision (o) of Section 8461.

(c) In addition to the matters otherwise required in a petition for administration of the estate, the petition shall state all of the following:

(1) The last known place of residence and the last known address of the missing person.

(2) The time and circumstances when the missing person was last seen or heard from.

(3) That the missing person has not been seen or heard from for a continuous period of five years by the persons likely to have seen or heard from the missing person (naming them and their relationship to the missing person) and that the whereabouts of the missing person is unknown to those persons and to the petitioner.

(4) A description of the search or the inquiry made concerning the whereabouts of the missing person.

SEC. 94. Section 12408 of the Probate Code is amended to read:

12408. (a) If the missing person reappears:

(1) The missing person may recover property of the missing person's estate in the possession of the personal representative, less fees, costs, and expenses thus far incurred.

(2) The missing person may recover from distributees any property of the missing person's estate that is in their possession, or the value of distributions received by them, to the extent that recovery from distributees is equitable in view of all the circumstances, but an action under this paragraph is forever barred five years after the time the distribution was made.

(b) The remedies available to the missing person under subdivision (a) are exclusive, except for any remedy the missing person may have by reason of fraud or intentional wrongdoing.

(c) Except as provided in subdivisions (a) and (b), the order for final distribution, when it becomes final, is conclusive as to the rights of the missing person, the rights of the beneficiaries of the missing person, and the rights of all other persons interested in the estate.

(d) If a dispute arises as to the identity of a person claiming to be a reappearing missing person, the person making the claim or any other interested person may file a petition under Section 11700, notwithstanding the limitations of time prescribed in Section 11700, for the determination of the identity of the person claiming to be the reappearing missing person.

SEC. 94.5. Part 13 (commencing with Section 12500) is added to Division 7 of the Probate Code, to read:

12507. "Sister state personal representative" means a personal representative appointed in a sister state.

CHAPTER 2. ANCILLARY ADMINISTRATION

Article 1. Opening Ancillary Administration

12510. Any interested person, or a sister state or foreign nation personal representative, may commence an ancillary administration proceeding by a petition to the court for either or both of the following:

(a) Probate of the nondomiciliary decedent's will.

(b) Appointment of a local personal representative.

12511. The proper county for an ancillary administration proceeding under this chapter is the county determined pursuant to Section 7052.

12512. Notice of an ancillary administration proceeding shall be given and, except as provided in Article 2 (commencing with Section 12520), the same proceedings had as in the case of a petition for probate of a will or appointment of a personal representative of a person who dies domiciled in this state.

12513. If the decedent dies while domiciled in a sister state, a personal representative appointed by a court of the decedent's domicile has priority over all other persons except where the decedent's will nominates a different person to be the personal representative in this state. The sister state personal representative may nominate another person as personal representative and the nominee has the same priority as the sister state personal representative.

Article 2. Probate of Nondomiciliary Decedent's Will Admitted to Probate in Sister State or Foreign Nation

12520. (a) If a nondomiciliary decedent's will has been admitted to probate in a sister state or foreign nation and satisfies the requirements of this article, probate of the will in an ancillary administration proceeding is governed by this article.

(b) If a nondomiciliary decedent's will has been admitted to probate in a sister state or foreign nation, but does not satisfy the requirements of this article, the will may be probated in an ancillary administration proceeding pursuant to Part 2 (commencing with Section 8000).

12521. (a) A petition for probate of a nondomiciliary decedent's will under this article shall include both of the following:

(1) The will or an authenticated copy of the will.

(2) An authenticated copy of the order admitting the will to probate in the sister state or foreign nation or other evidence of the establishment or proof of the will in accordance with the law of the sister state or foreign nation.

(b) As used in this section, "authenticated copy" means a copy that satisfies the requirements of Article 2 (commencing with Section 1530) of Chapter 2 of Division 11 of the Evidence Code.

12522. If a will of a nondomiciliary decedent was admitted to probate, or established or proved, in accordance with the laws of a sister state, the court shall admit the will to probate in this state, and may not permit a contest or revocation of probate, unless one or more of the following are shown:

(a) The determination in the sister state is not based on a finding that at the time of death the decedent was domiciled in the sister state.

(b) All interested parties were not given notice and an opportunity for contest in the proceedings in the sister state.

(c) The determination in the sister state is not final.

12523. (a) Except as provided in subdivision (b), if a will of a nondomiciliary decedent was admitted to probate, or established or proved, in accordance with the laws of a foreign nation, the court shall admit the will to probate in this state, and may not permit a contest or revocation of probate, if it appears from the order admitting the will to probate in the foreign nation, or otherwise appears, that all of the following conditions are satisfied:

(1) The determination in the foreign nation is based on a finding that at the time of death the decedent was domiciled in the foreign nation.

(2) All interested parties were given notice and an opportunity for contest in the proceedings in the foreign nation.

(3) The determination in the foreign nation is final.

(b) The court may refuse to admit the will, even though it is shown to satisfy the conditions provided in subdivision (a), where the order admitting the will was made under a judicial system that does not provide impartial tribunals or procedures compatible with the requirements of due process of law.

12524. A nondomiciliary decedent's will admitted to probate under this article has the same force and effect as the will of a person who dies while domiciled in this state that is admitted to probate in this state.

Article 3. Application of General Provisions

12530. Except to the extent otherwise provided in this chapter, ancillary administration of a decedent's estate is subject to all other provisions of this division, including, but not limited to, opening estate administration, inventory and appraisal, creditor claims, estate management, independent administration, compensation, accounts, payment of debts, distribution, and closing estate administration.

Article 4. Distribution of Property to Sister State Personal Representative

12540. (a) If a person dies while domiciled in a sister state, the court in an ancillary administration proceeding may make an order for preliminary or final distribution of all or part of the decedent's

personal property in this state to the sister state personal representative if distribution is in the best interest of the estate or interested persons.

(b) The court order shall be made in the manner and pursuant to the procedure provided in, and is subject to the provisions of, Chapter 1 (commencing with Section 11600) of Part 10.

12541. If necessary to make distribution pursuant to this article, real property in the nondomiciliary decedent's estate may be sold and the court may order the proceeds to be distributed to the sister state personal representative. The sale shall be made in the same manner as other sales of real property of a decedent.

12542. If the nondomiciliary decedent's estate in the sister state where the decedent was domiciled is insolvent, distribution may be made only to the sister state personal representative and not to the beneficiaries.

CHAPTER 3. COLLECTION OF PERSONAL PROPERTY OF SMALL ESTATE BY SISTER STATE PERSONAL REPRESENTATIVE WITHOUT ANCILLARY ADMINISTRATION

12570. If a nondomiciliary decedent's property in this state satisfies the requirements of Section 13100, a sister state personal representative may, without petitioning for ancillary administration, use the affidavit procedure provided by Chapter 3 (commencing with Section 13100) of Part 1 of Division 8 to collect personal property of the decedent.

12571. The effect of payment, delivery, or transfer of personal property to the sister state personal representative pursuant to this chapter, and the effect of failure to do so, are governed by Chapter 3 (commencing with Section 13100) of Part 1 of Division 8.

12572. The sister state personal representative may bring an action against a holder of the decedent's property, and may be awarded attorney's fees, as provided in subdivision (b) of Section 13105.

12573. A sister state personal representative who takes property by affidavit under this chapter is not liable as a person to whom payment, delivery, or transfer of the decedent's property is made under Section 13109 or 13110 to the extent that the sister state personal representative restores the property to the nondomiciliary decedent's estate in the sister state in compliance with Section 13111.

12574. If the first notice was published pursuant to former Section 1043 before July 1, 1989, the procedure provided by former Sections 1043 and 1043a may be pursued to its conclusion notwithstanding the repeal of Sections 1043 and 1043a by the act that enacted this section. Nothing in this section precludes use of the procedure provided in this chapter on or after July 1, 1989, even though the procedure provided by Sections 1043 and 1043a was initiated before July 1, 1989.

CHAPTER 4. JURISDICTION OVER FOREIGN PERSONAL REPRESENTATIVE

12590. A sister state personal representative or foreign nation personal representative submits personally in a representative capacity to the jurisdiction of the courts of this state in any proceeding relating to the estate by any of the following actions:

(a) Filing a petition for ancillary administration.

(b) Receiving money or other personal property pursuant to Chapter 3 (commencing with Section 12570). Jurisdiction under this subdivision is limited to the amount of money and the value of personal property received.

(c) Doing any act in this state as a personal representative that would have given this state jurisdiction over the personal representative as an individual.

12591. A sister state personal representative or foreign nation personal representative is subject to the jurisdiction of the courts of this state in a representative capacity to the same extent that the nondomiciliary decedent was subject to jurisdiction at the time of death.

For the purposes of this part, the trustee of a trust created during the decedent's lifetime is a beneficiary under the decedent's will if the trust succeeds to the particular item of property under the decedent's will.

(b) If the decedent died without a will, the sole person or all of the persons who succeeded to the particular item of property of the decedent under Sections 6401 and 6402 or, if the law of a sister state or foreign nation governs succession to the particular item of property, under the law of the sister state or foreign nation.

13051. For the purposes of this part:

13103. If the estate of the decedent includes any real property in this state, the affidavit or declaration shall be accompanied by an inventory and appraisal of the real property. The form, content, and manner of making the inventory and appraisal of the real property shall be as set forth in Part 3 (commencing with Section 8800) of Division 7. The appraisal shall be made by a probate referee selected by the affiant or declarant from those probate referees appointed by the Controller under Section 400 to appraise property in the county where the real property is located.

SEC. 97. Section 13111 of the Probate Code is amended to read:

13111. (a) Subject to subdivisions (b), (c), (d), and (e), if proceedings for the administration of the decedent's estate are commenced in this state, each person to whom payment, delivery, or transfer of the decedent's property is made under this chapter is liable for:

(1) The restitution of the property to the estate if the person still has the property, together with the net income the person received from the property.

(2) The restitution to the estate of the fair market value of the property if the person no longer has the property, together with (A) the net income the person received from that property and (B) interest on the fair market value of the property from the date of disposition at the rate payable on a money judgment. For the purposes of this subdivision, the "fair market value of the property" is the fair market value, valued as of the time of the disposition of the property, of the property paid, delivered, or transferred to the person under this chapter, excluding any liens and encumbrances on the property at that time.

(b) Subject to subdivision (c) and subject to any additional liability the person has under Sections 13109 to 13112, inclusive, if the person fraudulently secured the payment, delivery, or transfer of the decedent's property under this chapter, the person is liable under this section for restitution to the decedent's estate of three times the fair market value of the property. For the purposes of this subdivision, the "fair market value of the property" is the fair market value, valued as of the time the person liable under this subdivision presents the affidavit or declaration under this chapter, of the property paid, delivered, or transferred to the person under this chapter, excluding the amount of any liens and encumbrances on the property at that time.

(c) The property and amount required to be restored to the estate under this section shall be reduced by any property or amount paid by the person to satisfy a liability under Section 13109 or 13110.

(d) An action to enforce the liability under this section may be

brought only by the personal representative of the estate of the decedent. In an action to enforce the liability under this section, the court's judgment may enforce the liability only to the extent necessary to protect the interests of the heirs, devisees, and creditors of the decedent.

(e) An action to enforce the liability under this section is forever barred three years after presentation of the affidavit or declaration under this chapter to the holder of the decedent's property, or three years after the discovery of the fraud, whichever is later. The three-year period specified in this subdivision is not tolled for any reason.

(f) In the case of a nondomiciliary decedent, restitution under this section shall be made to the estate in an ancillary administration proceeding.

(b) A coroner who has property found upon the body of a decedent, or who has taken charge of property of the decedent pursuant to Section 27491.3 of the Government Code, may refuse to pay or deliver the property pursuant to this chapter if payment of the reasonable costs of holding or safeguarding the property has not first been made or adequately assured to the satisfaction of the coroner.

(b) To the extent of the election, this section does not apply to property that the petitioner has elected, as provided in Section 13502, to have administered under Division 7 (commencing with Section 7000).

If the court determines that property passes to the surviving spouse, the court may issue any further orders which may be necessary to cause delivery of that property or its proceeds to the surviving spouse.

SEC. 104.5. Section 13658 of the Probate Code is amended to read:

13658. If the court determines that all or a part of the property passing to the surviving spouse consists of an unincorporated business or an interest in an unincorporated business which the deceased spouse was operating or managing at the time of death, the court shall require the surviving spouse to file a list of all of the known creditors of the business and the amounts owing to each of them. The appraisal shall be made as set forth in Part 3 (commencing with Section 8800) of Division 7. The petitioner may appraise the assets which a personal representative could appraise under Section 8901.

SEC. 105.3. Section 15804 of the Probate Code is amended to read:

15804. (a) Subject to subdivisions (b) and (c), it is sufficient compliance with a requirement in this division that notice be given to a beneficiary, or to a person interested in the trust, if notice is given as follows:

(1) Where an interest has been limited on any future contingency to persons who will compose a certain class upon the happening of a certain event without further limitation, notice shall be given to the persons in being who would constitute the class if the event had happened immediately before the commencement of the proceedings.

(2) Where an interest has been limited to a living person and the same interest, or a share therein, has been further limited upon the happening of a future event to the surviving spouse or to persons who are or may be the distributees, heirs, issue, or other kindred of the living person, notice shall be given to the living person.

(3) Where an interest has been limited upon the happening of any future event to a person, or a class of persons, or both, and the interest, or a share of the interest, has been further limited upon the happening of an additional future event to another person, or a class of persons, or both, notice shall be given to the person or persons in being who would take the interest upon the happening of the first of these events.

(b) If a conflict of interest involving the subject matter of the trust proceeding exists between a person to whom notice is required to be given and a person to whom notice is not otherwise required to be given under subdivision (a), notice shall also be given to persons not otherwise entitled to notice under subdivision (a) with respect to whom the conflict of interest exists.

(c) Nothing in this section affects any of the following:

(1) Requirements for notice to a person who has requested special notice, a person who has filed notice of appearance, or a particular person or entity required by statute to be given notice.

(2) Availability of a guardian ad litem pursuant to Section 1003.

SEC. 105.5. Section 16225 of the Probate Code is amended to

read:

16225. (a) The trustee has the power to deposit trust funds at reasonable interest in any of the following accounts:

(1) An insured account in a financial institution.

(2) To the extent that the account is collateralized, an account in a bank, an account in an insured savings and loan association, or an account in an insured credit union.

(b) A trustee may deposit trust funds pursuant to subdivision (a) in a financial institution operated by, or that is an affiliate of, the trustee. For the purpose of this subdivision, "affiliate" means a corporation that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with another domestic or foreign corporation.

(c) This section does not limit the power of a trustee in a proper case to deposit trust funds in an account described in subdivision (a) that is subject to notice or other conditions respecting withdrawal prescribed by law or governmental regulation.

(d) The court may authorize the deposit of trust funds in an account described in subdivision (a) in an amount greater than the maximum insured or collateralized amount.

(e) Nothing in this section prevents the trustee from holding an amount of trust property reasonably necessary for the orderly administration of the trust in the form of cash or in a checking account without interest.

SEC. 106. Section 16304 of the Probate Code is amended to read:

16304. (a) An income beneficiary is entitled to income from the date specified in the trust instrument or, if none is specified, from the date an item of property becomes subject to the trust. In the case of an item of property becoming subject to a trust by reason of a person's death, it becomes subject to the trust as of the date of the death of the person even though there is an intervening period of administration of the person's estate, except that income on the property during the period of administration is governed by Chapter 8 (commencing with Section 12000) of Part 10 of Division 7, and becomes subject to the trust as it accrues.

(b) Upon property becoming subject to a trust by reason of a person's death:

(1) Receipts due but not paid at the date of death of the person are principal.

(2) Receipts in the form of periodic payments (other than corporate distributions to stockholders), including rent, interest, or annuities, not due at the date of the death of the person shall be treated as accruing from day to day. That portion of the receipt accruing before the date of death is principal and the balance is income.

(c) In all other cases, any receipt from income-producing property is income even though the receipt was earned or accrued in whole or in part before the date when the property became subject to the trust.

(d) If an income beneficiary's right to income terminates by death or in any other manner, income paid to the income beneficiary or received by the trustee before the termination belongs to the income beneficiary or his or her personal representative. All income received by the trustee after such termination shall be paid to the person next entitled to income by the terms of the trust. This subdivision is subject to subdivision (d) of Section 21524 and does not apply to income received by a trustee under subdivision (b) of Section 16305.

(e) Corporate distributions to stockholders shall be treated as due on the day fixed by the corporation for determination of stockholders of record entitled to distribution or, if no date is fixed, on the date of declaration of the distribution by the corporation.

(f) A distribution to a beneficiary of current income is payable not less frequently than annually.

SEC. 106.5. Section 16305 of the Probate Code is amended to read:

16305. (a) Unless the will otherwise provides, income from the property of a decedent's estate after the death of the testator and before distribution, including income from property used to discharge liabilities, shall be distributed in the manner set forth in Chapter 8 (commencing with Section 12000) of Part 10 of Division 7. Income received by a trustee under this subdivision shall be treated as income of the trust.

(b) If an income beneficiary's right to income, including interest payable under Section 12003, terminates by death or in any other manner during the period of probate administration, income attributable to the period of probate administration, when subsequently received by the trustee, shall be equitably prorated between the beneficiary (or his or her personal representative) and the person next entitled to income by the terms of the trust instrument.

SEC. 107. Section 16314 is added to the Probate Code, to read:

16314. (a) A specific gift, a general pecuniary gift, an annuity, or a gift for maintenance distributable under a trust carries with it income and bears interest from the date of the settlor's death or other event upon which the distributee's right to receive the gift occurs, in the same manner as a specific devise, a general pecuniary devise, an annuity, or a devise for maintenance under a will set forth in Chapter 8 (commencing with Section 12000) of Part 10 of Division 7.

(b) For the purpose of this section, a reference in Section 12001 to "one year after the date of the decedent's death" means the date interest commences to run.

SEC. 107.3. Section 16315 is added to the Probate Code, to read:

16315. The changes made in Sections 16304 and 16305, and the addition of Section 16314, by the act that enacted this section apply to a trust created before July 1, 1989, but the changes and addition apply to the trust as if created on that date and do not affect any

aspect of the trust administration that occurred, or rights of beneficiaries that existed, before that date.

SEC. 107.5. Section 17208 of the Probate Code is repealed.

SEC. 107.7. The heading of Chapter 1 (commencing with Section 21100) of Part 1 of Division 11 of the Probate Code is repealed.

SEC. 107.8. Section 21100 of the Probate Code is repealed.

SEC. 107.9. The heading of Chapter 2 (commencing with Section 21120) of Part 1 of Division 11 of the Probate Code is repealed.

SEC. 108. Part 4 (commencing with Section 21400) is added to Division 11 of the Probate Code, to read:

PART 4. ABATEMENT

21400. Notwithstanding any other provision of this part, if the instrument provides for abatement, or if the transferor's plan or if the purpose of the transfer would be defeated by abatement as provided in this part, the shares of beneficiaries abate as is necessary to effectuate the instrument, plan, or purpose.

21401. Except as provided in Sections 6562 (omitted spouse) and 6573 (omitted children) and in Division 10 (commencing with Section 20100) (proration of taxes), shares of beneficiaries abate as provided in this part for all purposes, including payment of the debts, expenses, and charges specified in Section 11420, satisfaction of gifts, and payment of expenses on specifically devised property pursuant to Section 12002, and without any priority as between real and personal property.

21402. (a) Shares of beneficiaries abate in the following order:

(1) Property not disposed of by the instrument.

(2) Residuary gifts.

(3) General gifts to persons other than the transferor's relatives.

(4) General gifts to the transferor's relatives.

(5) Specific gifts to persons other than the transferor's relatives.

(6) Specific gifts to the transferor's relatives.

(b) For purposes of this section, a "relative" of the transferor is a person to whom property would pass from the transferor under Section 6401 or 6402 (intestate succession) if the transferor died intestate and there were no other person having priority.

21403. (a) Subject to subdivision (b), shares of beneficiaries abate pro rata within each class specified in Section 21402.

(b) Gifts of annuities and demonstrative gifts are treated as specific gifts to the extent they are satisfied out of the fund or property specified in the gift and as general gifts to the extent they are satisfied out of property other than the fund or property specified in the gift.

21404. If an instrument requires property that is the subject of a specific gift to be exonerated from a mortgage, deed of trust, or other lien, a specific gift of other property does not abate for the purpose of exonerating the encumbered property.

21405. (a) In any case in which there is abatement when a

distribution is made during estate administration, the court shall fix the amount each distributee must contribute for abatement. The personal representative shall reduce the distributee's share by that amount.

(b) If a specific gift must be abated, the beneficiary of the specific gift may satisfy the contribution for abatement out of the beneficiary's property other than the property that is the subject of the specific gift.

21406. (a) This part applies to a gift made on or after July 1, 1989. In the case of a gift made before July 1, 1989, the law that would have applied had this part not been enacted shall apply.

(b) For purposes of this section a gift by will is made on the date of the decedent's death.

SEC. 108.5. Section 480 of the Revenue and Taxation Code is amended to read:

480. (a) Whenever any change in ownership of real property or of a mobilehome subject to local property taxation, and which is assessed by the county assessor, occurs, the transferee shall file a signed change in ownership statement in the county where the real property or mobilehome is located, as provided for in subdivision (c). In the case of a change in ownership where the transferee is not locally assessed, no change in ownership statement is required.

(b) The personal representative shall file a change in ownership statement with the county recorder or assessor in each county where the decedent owned real property at the time of death. The statement shall be filed at the time the inventory and appraisal is filed with the court clerk.

(c) Except as provided in subdivision (d), the change in ownership statement as required pursuant to subdivision (a) shall be declared to be true under penalty of perjury and shall give such information relative to the real property or mobilehome acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. The information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question which is not germane to the assessment function. The statement shall contain a notice informing the transferee of the property tax relief available under Section 69.5. The statement shall contain a notice that is printed, with the title in at least 12-point boldface type and the body in at least 8-point boldface type, in the following form:

"Important Notice"

"The law requires any transferee acquiring an interest in real property or mobilehome subject to local property taxation, and which is assessed by the county assessor, to file a change in ownership

statement with the county recorder or assessor. The change in ownership statement must be filed at the time of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership. The failure to file a change in ownership statement within 45 days from the date of a written request by the assessor results in a penalty of either: (1) one hundred dollars ($100), or (2) 10 percent of the taxes applicable to the new base year value reflecting the change in ownership of the real property or mobilehome, whichever is greater, but not to exceed two thousand five hundred dollars ($2,500) if such failure to file was not willful. This penalty will be added to the assessment roll and shall be collected like any other delinquent property taxes, and be subject to the same penalties for nonpayment."

(d) The change in ownership statement may be attached to or accompany the deed or other document evidencing a change in ownership filed for recording, in which case such notice, declaration under penalty of perjury, and any information contained in the deed or other transfer document otherwise required by subdivision (c) may be omitted.

(e) If the document evidencing a change in ownership is recorded in the county recorder's office, then the statement shall be filed with the recorder at the time of recordation. However, the recordation of the deed or other document evidencing a change in ownership shall not be denied or delayed because of the failure to file a change of ownership statement, or filing of an incomplete statement, in accordance with this subdivision. If the document evidencing a change in ownership is not recorded or is recorded without the concurrent filing of a change in ownership statement, then the statement shall be filed with the assessor no later than 45 days from the date the change in ownership occurs.

(f) Whenever a change in ownership statement is filed with the county recorder's office, the recorder shall transmit, as soon as possible, the original statement or a true copy thereof to the assessor along with a copy of every recorded document as required by Section 255.7.

(g) The change in ownership statement may be filed with the assessor through the United States mail, properly addressed with the postage prepaid.

(h) In the case of a corporation, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation. In the case of a partnership or other legal entity, the statement shall be signed by an officer, partner, or an employee or agent who has been designated in writing by the partnership or legal entity.

(i) No person or entity acting for or on behalf of the parties to a transfer of real property shall incur liability for the consequences of assistance rendered to the transferee in preparation of any change

in ownership statement, and no action may be brought or maintained against any such person or entity as a result of such assistance.

Nothing in this section shall create a duty, either directly or by implication, that such assistance be rendered by any person or entity acting for or on behalf of parties to a transfer of real property.

68609. (a) Beginning on January 1, 1988 the presiding judge of each superior court with an exemplary delay reduction program shall assign a pro rata share of new cases, and an appropriate number of existing cases, to the program, and these cases shall thereafter be handled by the judges of the program for all purposes.

(b) Juvenile, probate, and domestic relations cases need not be assigned to an exemplary delay reduction program, and cases which have been assigned to a judge or judges for all purposes based on subject matter need not be assigned to the program.

(c) No case shall be removed from an exemplary delay reduction program because of a challenge filed under Section 170.6 of the Code of Civil Procedure.

(d) In order to enforce the requirements of an exemplary delay

reduction program and orders issued in cases assigned to it, the judges of the program shall have all the powers to impose sanctions authorized by law, including the power to dismiss actions or strike pleadings, if it appears that less severe sanctions would not be effective after taking into account the effect of previous sanctions or previous lack of compliance in the case. Judges are encouraged to impose sanctions to achieve the purposes of this article.

SEC. 2. Section 68609.5 is added to the Government Code, to read:

68609.5. Each court and the Judicial Council, under subdivision (b) of Section 68619, shall adopt rules on or before January 1, 1989, to allow for the arbitration of cases designated by the court as "Uninsured Motorist" in which an action is filed against a defendant who is an uninsured motorist and the plaintiff's claim is subject to an arbitration provision.

SEC. 3. Section 68612 of the Government Code is amended to read:

68612. The judges selected in each county as judges of an exemplary delay reduction program shall, in consultation with the bar of the county to the maximum extent feasible, develop, and publish the procedures, standards, and policies which will be used in the program, including time standards for the conclusion of all critical steps in the litigation process, including discovery, and shall meet on a regular basis with the bar of the county in order to explain and publicize the program and the procedures, standards, and policies which shall govern cases assigned to the program. Those procedures, standards, and policies may be inconsistent with the California Rules of Court, may impose procedural requirements in addition to those authorized by statute, and may shorten any time specified by statute for performing an act. Time for service of notice or other paper under Sections 1005 and 1013 of the Code of Civil Procedure and time to plead after service of summons under Section 412.20 of the Code of Civil Procedure shall not be shortened except as provided in those sections. 68618. In each county which has opted under the Trial Court Funding Act of 1985 (Chapter 13 (commencing with Section 77000)), the superior court, at the option of the presiding judge, may elect to establish an exemplary delay reduction program pursuant to this article, in which event the March 1, 1987, date for selection of program judges and the minimum designation of four judges to the program specified under Section 68606, and the January 1, 1988, date for commencement of the program specified under Section 68608, shall not apply. All other provisions of this article shall govern an exemplary delay reduction program established pursuant to this section.

The presiding judge of a superior court electing to establish an exemplary delay reduction program shall notify the Judicial Council of that election, along with the identity of the judges who will participate in the program, and the date the program is scheduled to begin.

SEC. 5. Section 68618.5 is added to the Government Code, to read:

68618.5. Notwithstanding any other provision of law, the Superior Courts of Humboldt, Napa, Yolo, Fresno, San Joaquin, and Santa Barbara Counties may establish exemplary delay reduction programs and adopt local delay reduction rules effective after December 31, 1987, pursuant to this article. These rules are not subject to subdivision (b) of Section 68619.

The uniform rules may shorten any time specified by statute for performing an act. Time for service of notice or other paper under Sections 1005 and 1013 of the Code of Civil Procedure and time to plead after service of summons under Section 412.20 of the Code of Civil Procedure shall not be shortened except as provided in those sections.

If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 8. The provisions of Section 3 of this act do not constitute

a change in, but are declaratory of, existing law.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In addition, every such association shall pay an additional license fee at the rate of 0.75 percent of its daily exotic parimutuel handle, excluding wagering at a satellite wagering facility. Except as provided in Section 19610.5, no such association shall pay a license fee in excess of 3.04 percent of its daily conventional parimutuel handle and 3.79 percent of its daily exotic parimutuel handle, excluding wagering at a satellite wagering facility.

(e) Every association which conducted a quarter horse racing meeting in the southern zone during the daytime prior to January 1, 1979, and thereafter conducts such a meeting at night, shall be entitled to the following license fee adjustment:

For each 1 percent that the association's average daily handle in the 1981 year, during the period from the commencement of the meeting to December 25, falls below its 1980 average daily handle during the same period, the amount of the applicable license fee as set forth in subdivision (a) shall be reduced by 2 percent.

(f) Any association qualified to operate its meetings pursuant to Section 19612.6 shall be entitled to continue to distribute license fees, commissions, and purses as provided by that section.

(g) Notwithstanding subdivision (b), for every association which conducts a quarter horse meeting in the northern zone, the amount remaining after deduction of the state license fee shall be distributed between commissions and purses as agreed to by the association conducting the meeting and the organization representing the horsemen participating at the meeting. Every association conducting a quarter horse meeting in the northern zone may deduct an additional amount up to 1 percent of its conventional and exotic parimutuel pools to be distributed as commissions. The association may also deduct an additional 1 percent from the exotic parimutuel pools to be distributed as commissions and purses as agreed to by the association conducting the meeting and the organization representing the horsemen participating at the meeting.

SEC. 3. Section 19612.7 is added to the Business and Professions Code, to read:

19612.7. (a) Notwithstanding Section 19612.6 or any other provision of law, any association conducting a harness racing meeting at the California Exposition and State Fair with an average daily handle of six hundred fifty thousand dollars ($650,000) or less shall pay a daily license fee of 0.5 percent of its conventional and exotic parimutuel handle.

(b) The amount remaining after payment of the state license fee

pursuant to subdivision (a) shall be distributed between commissions and purses as agreed to by the association conducting the meeting and the organization representing the horsemen participating in the meeting.

(c) In addition to any other amount which may be retained from conventional and exotic parimutuel pools, an association subject to subdivision (a) may retain an additional 1.5 percent of the total amount handled in conventional and exotic parimutuel pools for distribution as additional commissions.

(d) Notwithstanding subdivision (c) of Section 19596.5, the state license fee for wagering at satellite wagering facilities on a harness racing meeting at the California Exposition and State Fair with an average daily handle of six hundred fifty thousand dollars ($650,000) or less shall be 0.5 percent of the total conventional and exotic parimutuel handle at satellite wagering facilities on that meeting. The amount remaining from the deduction at satellite wagering facilities for that meeting, after payment of the state license fee pursuant to this subdivision and after distribution of other amounts as provided in subdivisions (c) and (e) of Section 19596.5, shall be distributed between commissions and purses as agreed to by the association conducting the meeting and the organization representing the horsemen participating in the meeting.

CHAPTER 1202

An act to amend Section 5008 of, to add Part 1.5 (commencing with Section 5585) to Division 5 of, and to repeal Section 5585.56 of, the Welfare and Institutions Code, relating to mentally disordered minors.

[Approved by Governor September 22, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 5008 of the Welfare and Institutions Code is amended to read:

5008. Unless the context otherwise requires, the following definitions shall govern the construction of this part:

(a) "Evaluation" consists of multidisciplinary professional analyses of a person's medical, psychological, educational, social, financial, and legal conditions as may appear to constitute a problem. Persons providing evaluation services shall be properly qualified professionals and may be full-time employees of an agency providing evaluation services or may be part-time employees or may be employed on a contractual basis;

(b) "Court-ordered evaluation" means an evaluation ordered by a superior court pursuant to Article 2 (commencing with Section

5200) or by a court pursuant to Article 3 (commencing with Section 5225) of Chapter 2;

(c) "Intensive treatment" consists of such hospital and other services as may be indicated. Intensive treatment shall be provided by properly qualified professionals and carried out in facilities qualifying for reimbursement under the California Medical Assistance Program (Medi-Cal) set forth in Chapter 7 (commencing with Section 14000) of Part 3 of Division 9, or under Title XVIII of the federal Social Security Act and regulations thereunder. Intensive treatment may be provided in hospitals of the United States government by properly qualified professionals. Nothing in this part shall be construed to prohibit an intensive treatment facility from also providing 72-hour treatment and evaluation;

(d) "Referral" is referral of persons by each agency or facility providing intensive treatment or evaluation services to other agencies or individuals. The purpose of referral shall be to provide for continuity of care, and may include, but need not be limited to, informing the person of available services, making appointments on the person's behalf, discussing the person's problem with the agency or individual to which the person has been referred, appraising the outcome of referrals, and arranging for personal escort and transportation when necessary. Referral shall be considered complete when the agency or individual to whom the person has been referred accepts responsibility for providing the necessary services. All persons shall be advised of available precare services which prevent initial recourse to hospital treatment or aftercare services which support adjustment to community living following hospital treatment. Such services may be provided through county welfare departments, State Department of Mental Health, Short-Doyle programs or other local agencies.

Each agency or facility providing evaluation services shall maintain a current and comprehensive file of all community services, both public and private. Such files shall contain current agreements with agencies or individuals accepting referrals, as well as appraisals of the results of past referrals;

(e) "Crisis intervention" consists of an interview or series of interviews within a brief period of time, conducted by qualified professionals, and designed to alleviate personal or family situations which present a serious and imminent threat to the health or stability of the person or the family. The interview or interviews may be conducted in the home of the person or family, or on an inpatient or outpatient basis with such therapy, or other services, as may be appropriate. Crisis intervention may, as appropriate, include suicide prevention, psychiatric, welfare, psychological, legal, or other social services;

(f) "Prepetition screening" is a screening of all petitions for court-ordered evaluation as provided in Article 2 (commencing with Section 5200) of Chapter 2, consisting of a professional review of all petitions; an interview with the petitioner and, whenever possible,

the person alleged, as a result of mental disorder, to be a danger to others, or to himself, or to be gravely disabled, to assess the problem and explain the petition; when indicated, efforts to persuade the person to receive, on a voluntary basis, comprehensive evaluation, crisis intervention, referral, and other services specified in this part;

(g) "Conservatorship investigation" means investigation by an agency appointed or designated by the governing body of cases in which conservatorship is recommended pursuant to Chapter 3 (commencing with Section 5350) of this part;

(h) For purposes of Article 1 (commencing with Section 5150), Article 2 (commencing with Section 5200), and Article 4 (commencing with Section 5250) of Chapter 2 of this part, and for the purposes of Chapter 3 (commencing with Section 5350) of this part, "gravely disabled" means:

(1) A condition in which a person, as a result of a mental disorder, is unable to provide for his basic personal needs for food, clothing, or shelter; or

(2) A condition in which a person, has been found mentally incompetent under Section 1370 of the Penal Code and all of the following facts exist:

(i) The indictment or information pending against the defendant at the time of commitment charges a felony involving death, great bodily harm, or a serious threat to the physical well-being of another person.

(ii) The indictment or information has not been dismissed.

(iii) As a result of mental disorder, the person is unable to understand the nature and purpose of the proceedings taken against him and to assist counsel in the conduct of his defense in a rational manner.

For purposes of Article 3 (commencing with Section 5225) and Article 4 (commencing with Section 5250), of Chapter 2 of this part, and for the purposes of Chapter 3 (commencing with Section 5350) of this part, "gravely disabled" means a condition in which a person, as a result of impairment by chronic alcoholism, is unable to provide for his basic personal needs for food, clothing, or shelter.

The term "gravely disabled" does not include mentally retarded persons by reason of being mentally retarded alone;

(i) "Peace officer" means a duly sworn peace officer as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code who has completed the basic training course established by the Commission on Peace Officer Standards and Training, or any parole officer or probation officer specified in Section 830.5 of the Penal Code when acting in relation to cases for which he or she has a legally mandated responsibility;

(j) "Postcertification treatment" means an additional period of treatment pursuant to Article 6 (commencing with Section 5300) of Chapter 2 of this part;

(k) "Court," unless otherwise specified, means a court of record or a justice court;

SEC. 2. Part 1.5 (commencing with Section 5585) is added to Division 5 of the Welfare and Institutions Code, to read:

PART 1.5. CHILDREN'S CIVIL COMMITMENT AND MENTAL HEALTH TREATMENT ACT OF 1988

CHAPTER 1. GENERAL PROVISIONS

5585. This part shall be known as the Children's Civil Commitment and Mental Health Treatment Act of 1988.

5585.10. This part shall be construed to promote the legislative intent and purposes of this part as follows:

(a) To provide prompt evaluation and treatment of mentally disordered minors, with particular priority given to seriously emotionally disturbed children and adolescents.

(b) To safeguard the rights to due process for minors and their families through judicial review.

(c) To provide individualized treatment, supervision, and placement services for gravely disabled minors.

(d) To prevent severe and long-term mental disabilities among minors through early identification, effective family service interventions, and public education.

5585.20. This part shall apply only to the initial 72 hours of mental health evaluation and treatment provided to a minor. Notwithstanding the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000)), unless the context otherwise requires, the definitions and procedures contained in this part shall, for the initial 72 hours of evaluation and treatment, govern the construction of state law governing the civil commitment of minors for involuntary treatment. To the extent that this part conflicts with any other provisions of law, it is the intent of the Legislature that this part shall apply. Evaluation and treatment of a minor beyond the initial 72 hours shall be pursuant to the Lanterman-Petris-Short Act (Part 1(commencing with Section 5000)).

5585.21. The Director of Mental Health may promulgate regulations as necessary to implement and clarify the provisions of this part as they relate to minors.

5585.22. The Director of Mental Health, in consultation with the California Conference of Local Mental Health Directors, may develop the appropriate educational materials and a training curriculum, and may provide training as necessary to assure those persons providing services pursuant to this part fully understand its purpose.

5585.25. "Gravely disabled minor" means a minor who, as a result of a mental disorder, is unable to use the elements of life which are essential to health, safety, and development, including food, clothing, and shelter, even though provided to the minor by others. Mental retardation, epilepsy, or other developmental disabilities, alcoholism,

other drug abuse, or repeated antisocial behavior do not, by themselves, constitute a mental disorder.

CHAPTER 2. CIVIL COMMITMENT OF MINORS

5585.50. When any minor, as a result of mental disorder, is a danger to others, or to himself or herself, or gravely disabled and authorization for voluntary treatment is not available, a peace officer, member of the attending staff, as defined by regulation, of an evaluation facility designated by the county, designated members of a mobile crisis team provided by Section 5651.7, or other professional person designated by the county may, upon probable cause, take, or cause to be taken, the minor into custody and place him or her in a facility designated by the county and approved by the State Department of Mental Health as a facility for seventy-two hour treatment and evaluation of minors. The facility shall make every effort to notify the minor's parent or legal guardian as soon as possible after the minor is detained.

The facility shall require an application in writing stating the circumstances under which the minor's condition was called to the attention of the officer, member of the attending staff, or professional person, and stating that the officer, member of the attending staff, or professional person has probable cause to believe that the minor is, as a result of mental disorder, a danger to others, or to himself or herself, or gravely disabled and authorization for voluntary treatment is not available. If the probable cause is based on the statement of a person other than the officer, member of the attending staff, or professional person, the person shall be liable in a civil action for intentionally giving a statement which he or she knows to be false.

5585.52. Any minor detained under the provisions of Section 5585.50 shall receive a clinical evaluation consisting of multidisciplinary professional analyses of the minor's medical, psychological, developmental, educational, social, financial, and legal conditions as may appear to constitute a problem. This evaluation shall include a psychosocial evaluation of the family or living environment, or both. Persons providing evaluation services shall be properly qualified professionals with training or supervised experience, or both, in the diagnosis and treatment of minors. Every effort shall be made to involve the minor's parent or legal guardian in the clinical evaluation.

5585.53. If, in the opinion of the professional person conducting the evaluation as specified in Section 5585.52, the minor will require additional mental health treatment, a treatment plan shall be written and shall identify the least restrictive placement alternative in which the minor can receive the necessary treatment. The family, legal guardian, or caretaker and the minor shall be consulted and informed as to the basic recommendations for further treatment and placement requirements. Every effort shall be made to obtain the

consent of the minor's parent or legal guardian prior to treatment and placement of the minor. Inability to obtain the consent of the minor's parent or legal guardian shall not preclude the involuntary treatment of a minor who is determined to be gravely disabled or a danger to himself or herself or others. Involuntary treatment shall only be allowed in accordance with the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000)).

5585.55. The minor committed for involuntary treatment under this part shall be placed in a health facility designated by the county and approved by the State Department of Mental Health as a facility for 72-hour evaluation and treatment. Except as provided for in Section 5751.7, each county shall assure that minors under the age of 16 years are not held with adults receiving psychiatric treatment under the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000)).

5585.56. Any minor detained under Section 5585.50 shall be released to his or her family, legal guardian, or caretaker if at any time he or she is found not to be a danger to self, danger to others, or gravely disabled as a result of a mental disorder and voluntary treatment is not authorized. If the parent, legal guardian, or caretaker is unwilling or unable to accept physical custody of the minor, county procedures regarding the abandonment of a minor shall be initiated to assure the safe and orderly transfer of physical custody of these minors, consistent with Section 232 of the Civil Code and with the provisions of Chapter 2 (commencing with Section 200) of Part 1 of Division 2, relating to the detention, custody, and transfer of minors.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

5585.57. A mentally ill minor, upon being considered for release from involuntary treatment, shall have an aftercare plan developed. The plan shall include educational or training needs, provided these are necessary for the minor's well-being.

5585.58. This part shall be funded under the Short-Doyle Act as part of the county Short-Doyle plan.

5585.59. For the purposes of this part, legally emancipated minors requiring involuntary treatment shall be considered adults and this part shall not apply.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 1203

An act to amend Section 7910 of the Government Code, relating to expenditure limitations.

[Approved by Governor September 22, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 7910 of the Government Code is amended to read:

7910. Each year the governing body of each local jurisdiction shall, by resolution, establish its appropriations limit and make other necessary determinations for the following fiscal year pursuant to Article XIII B at a regularly scheduled meeting or noticed special meeting. Fifteen days prior to the meeting documentation used in the determination of the appropriations limit and other necessary determinations shall be available to the public. The determinations made pursuant to this section are legislative acts.

Any judicial action or proceeding to attack, review, set aside, void, or annul the action of the governing body taken pursuant to this section for the 1980–81 fiscal year shall be commenced within 60 days of the effective date of the resolution or the effective date of the act which added this section to the Government Code, whichever date is later.

For the 1981–82 fiscal year and each fiscal year thereafter, any judicial action or proceeding to attack, review, set aside, void, or annul the action of the governing body taken pursuant to this section shall be commenced within 45 days of the effective date of the resolution.

All courts wherein such actions are or may be hereafter pending, including any court reviewing such action on appeal from the decision of a lower court, shall give such actions preference over all other civil actions therein, in the manner of setting the same for hearing or trial and in hearing the same to the end that all such actions shall be quickly heard and determined.

SEC. 2. The amendments made to Section 7910 of the Government Code by Section 1 of this act do not constitute a change in, but are declaratory of, the existing law.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the duties, obligations, or responsibilities imposed on local government by this act were expressly included in a ballot measure approved by the voters in a statewide election.

CHAPTER 1204

An act to amend Section 425.13 of, and to add Section 425.15 to, the Code of Civil Procedure, and to repeal and amend Sections 5239, 7231.5, and 9247 of, and to add and repeal Sections 5047.5 and 24001.5 of, the Corporations Code, relating to liability.

[Approved by Governor September 22, 1988. Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 425.13 of the Code of Civil Procedure is amended to read:

425.13. (a) In any action for damages arising out of the professional negligence of a health care provider, no claim for punitive damages shall be included in a complaint or other pleading unless the court enters an order allowing an amended pleading that includes a claim for punitive damages to be filed. The court may allow the filing of an amended pleading claiming punitive damages on a motion by the party seeking the amended pleading and on the basis of the supporting and opposing affidavits presented that the plaintiff has established that there is a substantial probability that the plaintiff will prevail on the claim pursuant to Section 3294 of the Civil Code. The court shall not grant a motion allowing the filing of an amended pleading that includes a claim for punitive damages if the motion for such an order is not filed within two years after the complaint or initial pleading is filed or not less than nine months before the date the matter is first set for trial, whichever is earlier.

(b) For the purposes of this section, "health care provider" means any person licensed or certified pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code, or licensed pursuant to the Osteopathic Initiative Act, or the Chiropractic Initiative Act, or licensed pursuant to Chapter 2.5 (commencing with Section 1440) of Division 2 of the Health and Safety Code; and any clinic, health dispensary, or health facility, licensed pursuant to Division 2 (commencing with Section 1200) of the Health and Safety Code. "Health care provider" includes the legal representatives of a health care provider.

SEC. 2. Section 425.15 is added to the Code of Civil Procedure, to read:

425.15. (a) No cause of action against a person serving without compensation as a director or officer of a nonprofit corporation described in this section, on account of any negligent act or omission by that person within the scope of that person's duties as a director acting in the capacity of a board member, or as an officer acting in the capacity of, and within the scope of the duties of, an officer, shall be included in a complaint or other pleading unless the court enters an order allowing the pleading that includes that claim to be filed after the court determines that the party seeking to file the pleading

has established evidence that substantiates the claim. The court may allow the filing of a pleading that includes that claim following the filing of a verified petition therefor accompanied by the proposed pleading and supporting affidavits stating the facts upon which the liability is based. The court shall order service of the petition upon the party against whom the action is proposed to be filed and permit that party to submit opposing affidavits prior to making its determination. The filing of the petition, proposed pleading, and accompanying affidavits shall toll the running of any applicable statute of limitations until the final determination of the matter, which ruling, if favorable to the petitioning party, shall permit the proposed pleading to be filed.

(b) Nothing in this section shall affect the plaintiff's right to discover evidence on the issue of damages.

(c) Nothing in this section shall be construed to affect any action against a nonprofit corporation for any negligent action or omission of a volunteer director or officer occurring within the scope of the person's duties.

(d) For the purposes of this section, the payment of actual expenses incurred in attending meetings or otherwise in the execution of the duties of a director or officer shall not constitute compensation.

(e) (1) This section applies only to officers and directors of nonprofit corporations that are incorporated pursuant to Part 2 (commencing with Section 5110), Part 3 (commencing with Section 7110), or Part 4 (commencing with Section 9110) of Division 2 of Title 1 of the Corporations Code that are organized to provide charitable, educational, scientific, social, or other forms of public service and that are exempt from federal income taxation under Section 501(c)(1), except any credit union, or Section 501(c)(4), 501(c)(5), 501(c)(7), or 501(c)(19) of the Internal Revenue Code.

(2) This section does not apply to any corporation that restricts membership, services, or benefits conferred on the basis of race, religious creed, color, national origin, ancestry, sex, marital status, disability, political affiliation, or age.

(f) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 3. Section 5047.5 is added to the Corporations Code, to read:

5047.5. (a) The Legislature finds and declares that the services of directors and officers of nonprofit corporations who serve without compensation are critical to the efficient conduct and management of the public service and charitable affairs of the people of California. The willingness of volunteers to offer their services has been deterred by a perception that their personal assets are at risk for these activities. The unavailability and unaffordability of appropriate liability insurance makes it difficult for these corporations to protect the personal assets of their volunteer decision makers with adequate insurance. It is the public policy of this state to provide incentive and protection to the individuals who perform these important functions.

(b) Except as provided in this section, no cause of action for monetary damages shall arise against any person serving without compensation as a director or officer of a nonprofit corporation incorporated under Part 2 (commencing with Section 5110), Part 3 (commencing with Section 7110), or Part 4 (commencing with Section 9110) of this division on account of any negligent act or omission occurring (1) within the scope of that person's duties as a director acting as a board member, or within the scope of that person's duties as an officer acting in an official capacity; (2) in good faith; (3) in a manner that the person believes to be in the best interest of the corporation; and (4) is in the exercise of his or her policymaking judgment.

(c) This section shall not limit the liability of a director or officer for any of the following:

(1) Self-dealing transactions, as described in Sections 5233 and 9243.

(2) Conflicts of interest, as described in Section 7233.

(3) Actions described in Sections 5237, 7236, and 9245.

(4) In the case of a charitable trust, an action or proceeding against a trustee brought by a beneficiary of that trust.

(5) Any action or proceeding brought by the Attorney General.

(6) Intentional, wanton, or reckless acts, gross negligence, or an action based on fraud, oppression, or malice.

(7) Any action brought under Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code.

(d) This section only applies to nonprofit corporations organized to provide charitable, educational, scientific, social, or other forms of public service that are exempt from federal income taxation under Section 501(c)(3) or 501(c)(6) of the Internal Revenue Code.

(e) This section applies only if the nonprofit corporation maintains a general liability insurance policy with an amount of coverage of at least the following amounts:

(1) If the corporation's annual budget is less than fifty thousand dollars ($50,000), the minimum required amount is five hundred thousand dollars ($500,000).

(2) If the corporation's annual budget equals or exceeds fifty thousand dollars ($50,000), the minimum required amount is one million dollars ($1,000,000).

This section applies only if a policy is in force both at the time of injury and at the time that the claim is made, so that a policy is applicable to the claim.

(f) For the purposes of this section, the payment of actual expenses incurred in attending meetings or otherwise in the execution of the duties of a director or officer shall not constitute compensation.

(g) Nothing in this section shall be construed to limit the liability of a nonprofit corporation for any negligent act or omission of a director, officer, employee, agent, or servant occurring within the scope of his or her employment.

(h) This section does not apply to any corporation that restricts membership, services, or benefits conferred on the basis of race, religious creed, color, national origin, ancestry, sex, marital status, disability, political affiliation, or age.

(i) This section does not apply to any volunteer director or officer who receives compensation from the corporation in any other capacity, including, but not limited to, as an employee.

(j) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 4. Section 5239 of the Corporations Code, as added by Chapter 1201 of the Statutes of 1987, is repealed.

SEC. 5. Section 5239 of the Corporations Code, as added by Chapter 1206 of the Statutes of 1987, is amended to read:

5239. (a) There shall be no personal liability to a third party for monetary damages on the part of a volunteer director or volunteer executive committee officer of a nonprofit corporation subject to this part, caused by the director's or officer's negligent act or omission in the performance of that person's duties as a director or officer, if all of the following conditions are met:

(1) The act or omission was within the scope of the director's or executive committee officer's duties.

(2) The act or omission was performed in good faith.

(3) The act or omission was not reckless, wanton, intentional, or grossly negligent.

(4) Damages caused by the act or omission are covered pursuant to a liability insurance policy issued to the corporation, either in the form of a general liability policy or a director's and officer's liability policy, or personally to the director or executive committee officer. In the event that the damages are not covered by a liability insurance policy, the volunteer director or volunteer executive committee officer shall not be personally liable for the damages if the board of directors of the corporation and the person had made all reasonable efforts in good faith to obtain available liability insurance.

(b) "Volunteer" means the rendering of services without compensation. "Compensation" means remuneration whether by way of salary, fee, or other consideration for services rendered. However, the payment of per diem, mileage, or other reimbursement expenses to a director or executive committee officer does not affect that person's status as a volunteer within the meaning of this section.

(c) "Executive committee officer" means the president, vice president, secretary, or treasurer of a corporation who assists in establishing the policy of the corporation.

(d) Nothing in this section shall limit the liability of the corporation for any damages caused by acts or omissions of the volunteer director or volunteer executive committee officer.

(e) This section does not eliminate or limit the liability of a director or officer for any of the following:

(1) As provided in Section 5233 or 5237.

(2) In any action or proceeding brought by the Attorney General.

(f) Nothing in this section creates a duty of care or basis of liability for damage or injury caused by the acts or omissions of a director or officer.

(g) This section is only applicable to causes of action based upon acts or omissions occurring on or after January 1, 1988.

SEC. 6. Section 7231.5 of the Corporations Code, as added by Chapter 1201 of the Statutes of 1987, is repealed.

SEC. 7. Section 7231.5 of the Corporations Code, as added by Chapter 1206 of the Statutes of 1987, is amended to read:

7231.5. (a) Except as provided in Section 7233 or 7236, there is no monetary liability on the part of, and no cause of action for damages shall arise against, any volunteer director or volunteer executive committee officer of a nonprofit corporation subject to this part based upon any alleged failure to discharge the person's duties as a director or officer if the duties are performed in a manner that meets all of the following criteria:

(1) The duties are performed in good faith.

(2) The duties are performed in a manner such director or officer believes to be in the best interests of the corporation.

(3) The duties are performed with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances.

(b) "Volunteer" means the rendering of services without compensation. "Compensation" means remuneration whether by way of salary, fee, or other consideration for services rendered. However, the payment of per diem, mileage, or other reimbursement expenses to a director or executive committee officer does not affect that person's status as a volunteer within the meaning of this section.

(c) "Executive committee officer" means the president, vice president, secretary, or treasurer of a corporation who assists in establishing the policy of the corporation.

(d) This section shall apply only to trade, professional, and labor organizations incorporated pursuant to this part which operate exclusively for fraternal, educational, and other nonprofit purposes, and under the provisions of Section 501(c) of the United States Internal Revenue Code.

SEC. 8. Section 9247 of the Corporations Code, as added by Chapter 1201 of the Statutes of 1987, is repealed.

SEC. 9. Section 9247 of the Corporations Code, as added by Chapter 1206 of the Statutes of 1987, is amended to read:

9247. (a) There shall be no personal liability for monetary damages to a third party on the part of a volunteer director or volunteer executive committee officer of a nonprofit corporation subject to this part, caused by the director's or officer's negligent act or omission in the performance of that person's duties as a director or officer, if all of the following conditions are met:

(1) The act or omission was within the scope of the director's or executive committee officer's duties.

(2) The act or omission was performed in good faith.

(3) The act or omission was not reckless, wanton, intentional, or grossly negligent.

(4) Damages caused by the act or omission are covered pursuant to a liability insurance policy issued to the corporation, either in the form of a general liability policy or a director's or officer's liability policy, or personally to the director or executive committee officer. In the event that the damages are not covered by a liability insurance policy, the volunteer director or volunteer executive committee officer shall not be personally liable for the damages if the board of directors of the corporation and the person had made all reasonable efforts in good faith to obtain available liability insurance.

(b) "Volunteer" means the rendering of services without compensation. "Compensation" means remuneration whether by way of salary, fee, or other consideration for services rendered. However, the payment of per diem, mileage, or other reimbursement expenses to a director or executive committee officer does not affect that person's status as a volunteer within the meaning of this section.

(c) "Executive committee officer" means the president, vice president, secretary, or treasurer of a corporation who assists in establishing the policy of the corporation.

(d) Nothing in this section shall limit the liability of the corporation for any damages caused by acts or omissions of the volunteer director or volunteer executive committee officer.

(e) This section does not eliminate or limit the liability of a director or officer for any of the following:

(1) As provided in Section 9243 or 9245.

(2) In any action or proceeding brought by the Attorney General.

(f) Nothing in this section creates a duty of care or basis of liability for damage or injury caused by the acts or omissions of a director or officer.

(g) This section is only applicable to causes of action based upon acts or omissions occurring on or after January 1, 1988.

SEC. 10. Section 24001.5 is added to the Corporations Code, to read:

24001.5. (a) The Legislature finds and declares that the services of directors or officers of nonprofit medical associations, as defined in Section 21200, who serve without compensation are critical to the efficient conduct and management of the public service and charitable affairs of the people of California. The willingness of volunteers to offer their services has been deterred by a perception that their personal assets are at risk for these activities. The unavailability and unaffordability of appropriate liability insurance makes it difficult for these associations to protect the personal assets of their volunteer decisionmakers with adequate insurance. It is the public policy of this state to provide incentive and protection to the individuals who perform these important functions.

(b) Except as provided in this section, no cause of action for monetary damages shall arise against any person serving without

compensation as a director or officer of a nonprofit medical association, as defined in Section 21200, on account of any negligent act or omission occurring (1) within the scope of that person's duties as a director acting as a board member, or within the scope of that person's duties as an officer acting in an official capacity; (2) in good faith; (3) in a manner that the person believes to be in the best interest of the association; and (4) is in the exercise of his or her policymaking judgment.

(c) This section shall not limit the liability of a director or officer for any of the following:

(1) Self-dealing transactions, as described in Sections 5233 and 9243.

(2) Conflicts of interest, as described in Section 7233.

(3) Actions described in Sections 5237, 7236, and 9245.

(4) In the case of a charitable trust, an action or proceeding against a trustee brought by a beneficiary of that trust.

(5) Any action or proceeding brought by the Attorney General.

(6) Intentional, wanton, or reckless acts, gross negligence, or an action based on fraud, oppression, or malice.

(7) Any action brought under Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code.

(d) This section only applies to nonprofit organizations organized to provide charitable, educational, scientific, social, or other forms of public service that are exempt from federal income taxation under Section 501(c)(3) or 501(c)(6) of the Internal Revenue Code.

(e) This section applies only if the nonprofit association maintains a general liability insurance policy with an amount of coverage of at least the following amounts:

(1) If the association's annual budget is less than fifty thousand dollars ($50,000), the minimum required amount is five hundred thousand dollars ($500,000).

(2) If the association's annual budget equals or exceeds fifty thousand dollars ($50,000), the minimum required amount is one million dollars ($1,000,000).

This section applies only if a policy is in force both at the time of injury and at the time that the claim is made, so that a policy is applicable to the claim.

(f) For the purposes of this section, the payment of actual expenses incurred in attending meetings or otherwise in the execution of the duties of a director or officer shall not constitute compensation.

(g) Nothing in this section shall be construed to limit the liability of a nonprofit association for any negligent act or omission of a director, officer employee, agent, or servant occurring within the scope of his or her duties.

(h) This section does not apply to any association that restricts membership, services, or benefits conferred on the basis of race, religious creed, color, national origin, ancestry, sex, marital status, disability, political affiliation, or age.

(i) This section does not apply to any volunteer director or officer who receives compensation from the association in any other capacity, including, but not limited to, as an employee.

(j) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 11. Sections 2, 3, and 10 of this act apply only to causes of action based upon acts or omissions occurring on or after January 1, 1989, and before January 1, 1992.

CHAPTER 1205

An act to amend Sections 425.13 and 425.15 of the Code of Civil Procedure, and to amend Sections 5047.5 and 24001.5 of the Corporations Code, relating to liability.

[Approved by Governor September 22, 1988 Filed with Secretary of State September 22, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 425.13 of the Code of Civil Procedure is amended to read:

425.13. (a) In any action for damages arising out of the professional negligence of a health care provider, no claim for punitive damages shall be included in a complaint or other pleading unless the court enters an order allowing an amended pleading that includes a claim for punitive damages to be filed. The court may allow the filing of an amended pleading claiming punitive damages on a motion by the party seeking the amended pleading and on the basis of the supporting and opposing affidavits presented that the plaintiff has established that there is a substantial probability that the plaintiff will prevail on the claim pursuant to Section 3294 of the Civil Code. The court shall not grant a motion allowing the filing of an amended pleading that includes a claim for punitive damages if the motion for such an order is not filed within two years after the complaint or initial pleading is filed or not less than nine months before the date the matter is first set for trial, whichever is earlier.

(b) For the purposes of this section, "health care provider" means any person licensed or certified pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code, or licensed pursuant to the Osteopathic Initiative Act, or the Chiropractic Initiative Act, or licensed pursuant to Chapter 2.5 (commencing with Section 1440) of Division 2 of the Health and Safety Code; and any clinic, health dispensary, or health facility, licensed pursuant to Division 2 (commencing with Section 1200) of the Health and Safety Code. "Health care provider" includes the legal representatives of a health care provider.

SEC. 2. Section 425.15 of the Code of Civil Procedure, as added

by Senate Bill 1755 of the 1987–88 Regular Session, is amended to read:

425.15. (a) No cause of action against a person serving without compensation as a director or officer of a nonprofit corporation described in this section, on account of any negligent act or omission by that person within the scope of that person's duties as a director acting in the capacity of a board member, or as an officer acting in the capacity of, and within the scope of the duties of, an officer, shall be included in a complaint or other pleading unless the court enters an order allowing the pleading that includes that claim to be filed after the court determines that the party seeking to file the pleading has established evidence that substantiates the claim. The court may allow the filing of a pleading that includes that claim following the filing of a verified petition therefor accompanied by the proposed pleading and supporting affidavits stating the facts upon which the liability is based. The court shall order service of the petition upon the party against whom the action is proposed to be filed and permit that party to submit opposing affidavits prior to making its determination. The filing of the petition, proposed pleading, and accompanying affidavits shall toll the running of any applicable statute of limitations until the final determination of the matter, which ruling, if favorable to the petitioning party, shall permit the proposed pleading to be filed.

(b) Nothing in this section shall affect the plaintiff's right to discover evidence on the issue of damages.

(c) Nothing in this section shall be construed to affect any action against a nonprofit corporation for any negligent action or omission of a volunteer director or officer occurring within the scope of the person's duties.

(d) For the purposes of this section, the payment of actual expenses incurred in attending meetings or otherwise in the execution of the duties of a director or officer shall not constitute compensation.

(e) (1) This section applies only to officers and directors of nonprofit corporations that are incorporated pursuant to Part 2 (commencing with Section 5110), Part 3 (commencing with Section 7110), or Part 4 (commencing with Section 9110) of Division 2 of Title 1 of the Corporations Code that are organized to provide charitable, educational, scientific, social, or other forms of public service and that are exempt from federal income taxation under Section 501(c)(1), except any credit union, or Section 501(c)(4), 501(c)(5), 501(c)(7), or 501(c)(19) of the Internal Revenue Code.

(2) This section does not apply to any corporation that unlawfully restricts membership, services, or benefits conferred on the basis of race, religious creed, color, national origin, ancestry, sex, marital status, disability, political affiliation, or age.

(f) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

(c) This section shall not limit the liability of a director or officer for any of the following:

(1) Self-dealing transactions, as described in Sections 5233 and 9243.

(2) Conflicts of interest, as described in Section 7233.

(3) Actions described in Sections 5237, 7236, and 9245.

(4) In the case of a charitable trust, an action or proceeding against a trustee brought by a beneficiary of that trust.

(j) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.
