An act to amend Sections 11162, 11164, 11167.5, 11190, and 11206 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor August 11, 1988. Filed with Secretary of State August 11, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 11162 of the Health and Safety Code is amended to read:

11162. The prescription blanks shall be printed on distinctive paper, the serial number of the group being shown on each form, and each form being serially numbered. The prescription blanks shall bear the preprinted name, address, and category of professional licensure of the practitioner to whom they are issued, and the federal registry number for controlled substances.

SEC. 2. Section 11164 of the Health and Safety Code is amended to read:

11164. Except as provided in Section 11167, no person shall prescribe a controlled substance, nor shall any person fill, compound, or dispense such a prescription unless it complies with the requirements of this section.

(a) Each prescription for a controlled substance classified in Schedule II shall be wholly written in ink or indelible pencil in the handwriting of the prescriber upon the official prescription form issued by the Department of Justice. Each prescription shall be prepared in triplicate, signed, and dated by the prescriber, and shall contain the name and address of the person for whom the controlled substance is prescribed, the name, quantity, and strength of the controlled substance prescribed, directions for use, and the address, category of professional licensure, and the federal controlled substance registration number of the prescriber. The original and duplicate of the prescription shall be delivered to the pharmacist filling the prescription. The duplicate shall be retained by the pharmacist and the original, properly endorsed by the pharmacist with the name and address of the pharmacy, the pharmacy's state license number, the date the prescription was filled and the signature of the pharmacist, shall be transmitted to the Department of Justice at the end of the month in which the prescription was filled. Upon receipt of an incompletely prepared official prescription form of the Department of Justice, the pharmacist may enter on the face of the prescription the address of the patient.

(b) Each prescription for a controlled substance classified in Schedule III, IV, or V, except as authorized by subdivision (c), shall be subject to the following requirements:

(1) The prescription shall be signed and dated by the prescriber and shall contain the name of the person for whom the controlled

substance is prescribed, the name and quantity of the controlled substance prescribed, and directions for use. With respect to prescriptions for controlled substances classified in Schedule III, the signature, date, and information required by this paragraph shall be wholly written in ink or indelible pencil in the handwriting of the prescriber.

(2) In addition, the prescription shall contain the name, address, telephone number, category of professional licensure, and federal controlled substance registration number of the prescriber. The information required by this paragraph shall be either preprinted upon the prescription blank, typewritten, rubber stamped, or printed by hand. Notwithstanding any provision in this section, the prescriber's address, telephone number, category of professional licensure, or federal controlled substances registration number need not appear on the prescription if that information is readily retrievable in the pharmacy.

(3) The prescription shall also contain the address of the person for whom the controlled substance is prescribed. If the prescriber does not specify such address on the prescription, the pharmacist filling the prescription or an employee acting under the direction of the pharmacist shall write or type the address on the prescription or maintain such information in a readily retrievable form in the pharmacy.

(c) Any controlled substance classified in Schedule III, IV, or V may be dispensed upon an oral prescription, which shall be reduced to writing by the pharmacist filling the prescription or by such other person as is expressly authorized by provisions of the Business and Professions Code. The date of issue of the prescription and all the information required for a written prescription by subdivision (b) shall be included in the written record of the prescription. The pharmacist need not reduce to writing the address, telephone number, license classification, or federal registry number of the prescriber or the address of the patient if that information is readily retrievable in the pharmacy. Pursuant to authorization of the prescriber, any employee of the prescriber on behalf of the prescriber may orally transmit a prescription for a controlled substance classified in Schedule III, IV, or V, if in these cases the written record of the prescription required by this subdivision specifies the name of the employee of the prescriber transmitting the prescription.

(d) The use of commonly used abbreviations shall not invalidate an otherwise valid prescription.

(e) Notwithstanding any provision of subdivisions (b) and (c), prescriptions for a controlled substance classified in Schedule V may be for more than one person in the same family with the same medical need.

(f) In addition to the prescriber's record required by Section 11190, any practitioner dispensing a controlled substance classified in Schedule II in accordance with subdivision (b) of Section 11158 shall

prepare a written record thereof on the official forms issued by the Department of Justice, pursuant to Section 11161, and shall transmit the original to the Department of Justice in accordance with such rules as that department may adopt for completion and transmittal of the forms.

SEC. 3. Section 11167.5 of the Health and Safety Code is amended to read:

11167.5. (a) When failure to issue a prescription for a controlled substance classified in Schedule II to a patient in a licensed skilled nursing facility, an intermediate care facility, or a licensed home health agency providing hospice care would, in the opinion of the prescriber, present an immediate hazard to the patient's health and welfare or result in intense suffering to the patient, the prescription may be dispensed upon an oral prescription. Prior to filling the prescription, the pharmacist shall reduce it to writing in ink or indelible pencil in the handwriting of the pharmacist upon an official prescription form issued by the Department of Justice for that purpose. The prescriptions shall be prepared in triplicate and shall contain the date the prescription was orally transmitted by the prescriber, the name of the person for whom the prescription was authorized, the name and address of the licensed facility or home health agency providing hospice care in which that person is a patient, the name and quantity of the controlled substance prescribed, the directions for use, and the name, address, category of professional licensure, and federal controlled substance registration number of the prescriber. The duplicate shall be retained by the pharmacist, and the triplicate shall be forwarded to the prescriber by the end of the month in which the prescription was issued. The original shall be properly endorsed by the pharmacist with the pharmacy's state license number, the signature of the pharmacist, the name and address of the pharmacy, and the signature of the person who received the controlled substances for the licensed facility or home health agency providing hospice care and shall be forwarded by the pharmacist to the Department of Justice at the end of the month in which the prescription was filled. Upon request, a skilled nursing facility, intermediate care facility, or licensed home health agency providing hospice care shall make available to the dispensing pharmacist copies of signed telephone orders, chart orders, or related documentation substantiating an oral prescription transaction under this section.

(b) For the purposes of this section, "hospice care" means interdisciplinary health care which is designed to alleviate the physical, emotional, social, and spiritual discomforts of an individual who is experiencing the last phases of a terminal disease and to provide supportive care for the primary care person and the family of the patient under hospice care.

SEC. 4. Section 11190 of the Health and Safety Code is amended to read:

11190. Every practitioner, other than a pharmacist, who issues a

prescription, or dispenses or administers a controlled substance classified in Schedule II shall make a record that, as to the transaction, shows all of the following:

(a) The name and address of the patient.

(b) The date.

(c) The character, including the name and strength, and quantity of controlled substances involved.

The prescriber's record shall show the pathology and purpose for which the prescription is issued, or the controlled substance administered, prescribed, or dispensed.

SEC. 5. Section 11206 of the Health and Safety Code is amended to read:

11206. Filed prescriptions shall constitute a transaction record that, together with information that is readily retrievable in the pharmacy pursuant to Section 11164 shall show or include the following:

(a) The name(s) and address of the patient(s).

(b) The date.

(c) The character, including the name and strength, quantity, and directions for use of the controlled substance involved.

(d) The name, address, telephone number, category of professional licensure, and the federal controlled substance registration number of the prescriber.

The people of the State of California do enact as follows:

SECTION 1. Section 54953 of the Government Code is amended to read:

54953. (a) All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency, except as otherwise provided in this chapter.

(b) Notwithstanding any other provision of law, the legislative body of a local agency may use video teleconferencing for the benefit of the public or the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The use of video teleconferencing, as authorized by this chapter, shall be limited to the receipt of public comment or testimony by the legislative body and to deliberations of the legislative body. If the legislative body of a local agency elects to use video teleconferencing, it shall post

agendas at all video teleconference locations and adopt reasonable regulations to adequately protect the statutory or constitutional rights of the parties or the public appearing before the legislative body of a local agency. The term "video teleconference" shall mean a system which provides for both audio and visual participation between all members of the legislative body and the public attending a meeting or hearing at any video teleconference location.

This section shall remain in effect until January 1, 1994, and on that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1994, deletes or extends that date.

SEC. 2. Section 54953 is added to the Government Code, to read:

54953. All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency, except as otherwise provided in this chapter.

This section shall become operative January 1, 1994.

CHAPTER 400

An act to add Section 27279 to the Government Code, relating to real property.

[Approved by Governor August 11, 1988 Filed with Secretary of State August 11, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 27279 is added to the Government Code, immediately preceding Section 27280 thereof, to read:

27279. "Instrument," as used in this article, means a written paper signed by a person or persons transferring the title to, or giving a lien on real property, or giving a right to a debt or duty.

SEC. 2. Section 27279 of the Government Code, as added by Section 1 of this act, is declaratory of existing law and is not intended to expand or diminish the scope of documents presently found by recorders to be eligible for recordation.

CHAPTER 401

An act to amend Section 131241 of the Public Utilities Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 11, 1988. Filed with Secretary of State August 11, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 131241 of the Public Utilities Code is amended to read:

131241. (a) The county transportation authority shall consist of the members who are elected officials as specified in the county transportation expenditure plan and shall be appointed by each constituent local government within 45 days after the authority is created.

(b) At the first meeting of the county transportation authority, one-half of the members, and the odd-numbered member if the membership of the county transportation authority is odd-numbered, shall be selected by lot to serve terms consisting of the remaining months of the current calendar year, if any, plus two years, and the remaining members shall be selected by lot to serve a term consisting of the remaining months of the current calendar year, if any, plus three-years. Thereafter, appointments for all members shall be for two-year terms, beginning on January 1.

(c) If any member or alternate member ceases to be an elected official, that member shall cease to be a member of the county transportation authority, and another member shall be appointed for the remainder of the term by the constituent local government that that member represents.

(d) An alternate may be designated for each regular member. A regular member who, pursuant to the county transportation expenditure plan, serves by virtue of holding a specified public office, may designate a person to serve as his or her alternate. In the case of any other regular member, the appointing constituent local government may designate an alternate to the regular appointed member. The alternate's term of office shall be the same as that of the regular member. When the regular member is not present at the meeting of the authority, the alternate may act as the regular member and shall have all the rights, privileges, and responsibilities of the regular member.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

It is essential for the welfare of the citizens of Alameda County that there be a majority of the members of the county transportation

authority available to vote, and that important matters coming before the authority in the near future not be delayed due to the absence of regular members. It is therefore necessary that this act take effect immediately.

CHAPTER 402

An act to amend Section 30171.2 of the Public Resources Code, relating to local coastal programs, and making an appropriation therefor.

[Approved by Governor August 11, 1988 Filed with Secretary of State August 11, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 30171.2 of the Public Resources Code is amended to read:

30171.2. (a) Except as provided in subdivision (b), on and after January 1, 1985, no agricultural conversion fees may be levied or collected under the agricultural subsidy program provided in the local coastal program of the City of Carlsbad which was adopted and certified pursuant to Section 30171. All other provisions of that program shall continue to be operative, including the right to develop designated areas as provided in the program.

(b) This section shall not affect any right or obligation under any agreement or contract entered into prior to January 1, 1985, pursuant to that agricultural subsidy program, including the payment of any fees and the right of development in accordance with the provisions of any such agreement or contract. As to these properties, the agricultural subsidy fees in existence as of December 31, 1984, shall be paid and allocated within the City of Carlsbad, or on projects outside the city which benefit agricultural programs within the city, in accordance with the provisions of the agricultural subsidy program as it existed on September 30, 1984.

(c) Any agricultural conversion fees collected pursuant to the agricultural subsidy program and not deposited in the agricultural improvement fund in accordance with the local coastal program or which have not been expended in the form of agricultural subsidies assigned to landowners by the local coastal program land use policy plan on January 1, 1985, shall be used by the State Board of Control to reimburse the party which paid the fees if no agreements or contracts have been entered into or to the original parties to the agreements or contracts referred to in subdivision (b) in proportion to the amount of fees paid by the parties. However, if the property subject to the fee was under option at the time that the original agreement or contract was entered into and the optionee was a party to the agricultural subsidy agreement, payments allocable to that

property shall be paid to the optionee in the event the optionee has exercised the option. Reimbursements under this section shall be paid within 90 days after January 1, 1985, or payment of the fee, whichever occurs later, and only after waiver by the party being reimbursed of any potential legal rights resulting from enactment of this section.

(d) Any person entitled to reimbursement of fees under subdivision (c) shall file a claim with the State Board of Control which shall determine the validity of the claim and pay that person a pro rata share based on the relative amounts of fees paid under the local coastal program or any agreement or contract entered pursuant thereto.

There is hereby appropriated to the State Board of Control the fees referred to in subdivision (c), for the purpose of making refunds under this section.

(e) Notwithstanding any geographical limitation contained in this division, funds deposited pursuant to subdivision (b) may be expended for physical or institutional development improvements needed to facilitate long-term agricultural production within the City of Carlsbad. These funds may be used to construct improvements outside the coastal zone boundaries in San Diego County if the improvements are not inconsistent with the Carlsbad local coastal program and the State Coastal Conservancy determines that the improvements will benefit agricultural production within the coastal zone of the City of Carlsbad.

CHAPTER 403

An act to amend Sections 827.1, 853.7, 853.8, and 1318 of the Penal Code, and to repeal Section 17 of Chapter 873 of the Statutes of 1979, relating to conditions for release.

[Approved by Governor August 11, 1988. Filed with Secretary of State August 11, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 827.1 of the Penal Code is amended to read:

(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.

(i) The person refuses to sign the notice to appear.

(j) The person cannot provide satisfactory evidence of personal identification.

(k) The warrant of arrest indicates that the person is not eligible to be released on a citation.

SEC. 2. Section 853.7 of the Penal Code is amended to read:

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 404

An act to amend Section 289 of the Penal Code, relating to crimes.

[Approved by Governor August 11, 1988. Filed with Secretary of State August 11, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 289 of the Penal Code is amended to read:

289. (b) Except as provided in subdivision (c), every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act or causing the act to be committed, shall be punished by imprisonment in the state prison for three, six, or eight years. Notwithstanding the appointment of a conservator with respect to the victim pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an

element of crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(c) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, and the victim is at the time incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act or causing the act to be committed and both the defendant and the victim are at the time confined in a state hospital for the care and treatment of the mentally disordered or in any other public or private facility for the care and treatment of the mentally disordered approved by a county mental health director, shall be punished by imprisonment in the state prison, or in a county jail for a period of not more than one year. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving legal consent.

(d) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, and the victim is at the time unconscious of the nature of the act and this is known to the person committing the act or causing the act to be committed, shall be punished by imprisonment in the state prison for three, six, or eight years.

(e) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, where the victim is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, administered by or with the privity of the accused, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(g) Every person who causes the penetration, however slight, of the genital or anal openings of any person or causes another person to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse by any foreign object, substance, instrument, or device, where the act is accomplished against the victim's will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

As used in this subdivision, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(h) Except as provided in Section 288, any person who participates in an act of penetration of genital or anal openings with a foreign object, substance, instrument, or device of a person who is under 18 years of age or causes another person under 18 years of age to so penetrate the defendant's or another person's genital or anal openings for the purpose of sexual arousal, gratification, or abuse, shall be punished by imprisonment in the state prison or in the county jail for a period of not more than one year.

(m) As used in this section, "victim" includes any person who the defendant causes to penetrate the genital or anal openings of the

defendant or another person or whose genital or anal openings are caused to be penetrated by the defendant or another person and who otherwise qualifies as a victim under the requirements of this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(b) Toll revenues from the bridges comprising the southern bridge unit shall be deposited in the San Francisco Bay Bridges-Southern Unit Account, which is hereby created in the State Transportation Fund.

(c) Revenues in each of the accounts created by this section shall be kept segregated and set apart from other funds.

30912. (a) Revenue derived from tolls on all bridges in a bridge unit may be expended on any bridge and its approaches in that unit for any of the following purposes:

(1) Safety and operational costs, including toll collection and insurance.

(2) Payment of the principal of, and interest on, bonds to be issued by the California Transportation Commission for the bridge construction and improvement projects specified in Sections 30913 and 30914, including payments into a sinking fund maintained for that purpose, and repayment of any advances made for that purpose. No additional bonds secured by the revenues of any bridge specified in Section 30910 shall be issued without the further approval of the Legislature, except to finance, in whole or in part, the projects authorized by this chapter or to refund bonds issued to finance those projects, if, in the opinion of the California Transportation Commission, a saving in interest costs can be achieved by such refunding.

(b) However, not less than 90 percent of the revenue derived from the toll increase for Class I vehicles on the San Francisco-Oakland Bay Bridge shall be used for payment of the principal of, and interest on, bonds issued for the construction of rail extensions and improvement projects specified in Section 30914, including payments into a sinking fund maintained for that purpose.

(c) Maintenance of the bridges specified in Section 30910 shall be funded in accordance with procedures for funding maintenance of the southern bridge unit during the 1986–87 fiscal year.

30913. (a) In addition to any other authorized expenditure of toll bridge revenues, the following major projects may be funded from toll revenues of all bridges in the northern bridge unit:

(1) Benicia-Martinez Bridge: Widening of the existing bridge.

(2) Benicia-Martinez Bridge: Construction of an additional span parallel to the existing bridge.

(3) Carquinez Bridge: Replacement of the existing western span.

(4) Richmond-San Rafael Bridge: Major rehabilitation of the bridge, and development of a new easterly approach between the toll plaza and Route 80, near Pinole.

(b) Up to 3 percent of the revenues derived from the toll increase on all bridges in the northern bridge unit may be allocated by the Metropolitan Transportation Commission for transportation projects, other than those specified in Sections 30912, 30913, and 30914, which are designed to reduce vehicular traffic congestion on any bridge in that group. The plans for the projects may also be

funded by these moneys.

(c) The department shall not include, in the plans for the new Benicia-Martinez Bridge, toll plazas, highways, or other facilities leading to or from the Benicia-Martinez Bridge, any construction which would result in the net loss of any wetland acreage.

(d) With respect to the Benicia-Martinez and Carquinez bridges, the department shall consider the potential for rail transit as part of the plans for the new structures specified in paragraphs (2) and (3) of subdivision (a).

30914. (a) In addition to any other authorized expenditures of toll bridge revenues, the following major projects may be funded from toll revenues of all bridges in the southern bridge unit:

(1) Dumbarton Bridge: Improvement of the western approaches from Route 101 if affected local governments are involved in the planning.

(2) San Mateo-Hayward Bridge and approaches: Widening of the bridge to six lanes, and improvements to the Route 92/Route 880 interchange.

(3) Construction of West Grand connector or an alternate project designed to provide comparable benefit by reducing vehicular traffic congestion on the eastern approaches to the San Francisco-Oakland Bay Bridge. Affected local governments shall be involved in the planning.

(4) Not less than 90 percent of the revenues derived from the toll increase for Class I vehicles on the San Francisco-Oakland Bay Bridge shall be used exclusively for rail transit capital improvements designed to reduce vehicular traffic congestion on the San Francisco-Oakland Bay Bridge. The remaining revenues shall be used to fund the projects specified in paragraphs (1), (2), and (3) of this subdivision.

(b) Up to 3 percent of the additional revenue derived pursuant to Section 30915 from all bridges in the southern bridge unit may be allocated by the Metropolitan Transportation Commission for transportation projects other than those specified in Sections 30912, 30913, and 30914, which are designed to reduce vehicular traffic congestion on any bridge in that group. The plans for the projects may also be funded by these moneys.

30915. With respect to all construction and improvement projects specified in Sections 30913 and 30914, the department shall seek funding from all other potential sources, including, but not limited to, the State Highway Account and federal matching funds.

30916. (a) The Metropolitan Transportation Commission may adopt a proposed toll schedule, subject to Section 30888, for each of the bridges within its jurisdiction. The proposed schedules shall provide for a uniform toll for all bridges of one dollar ($1) for Class I vehicles. For other vehicles, the proposed schedule for any bridge may provide for a toll not exceeding an amount equal to one and one-half times the toll rate in effect for the San Francisco-Oakland Bay Bridge on September 1, 1969, and may provide for reduced rates

for commercial traffic during nonpeak traffic hours. If the proposed increase in the toll for any type of non-Class I vehicle exceeds, by more than 50 percent, the toll in effect on July 1, 1988, for that vehicle on that bridge, that toll shall be increased by not more than one-fourth of the total increase proposed, during each of the four succeeding years. For purposes of this section, a Class I vehicle means any motor vehicle with not more than two axles and four wheels and not drawing a trailer.

(b) Nothing in this section shall be construed to prohibit the adoption of either a discounted commute rate for Class I vehicles or of special provisions for high-occupancy vehicles under terms and conditions prescribed by the California Transportation Commission.

30917. (a) The tolls on any of the bridges specified in Section 30910 shall not be increased prior to the availability of the results of a special election to be held in the City and County of San Francisco and the Counties of Alameda, Contra Costa, Marin, San Mateo, Santa Clara, and Solano to determine whether the residents of those counties approve a uniform toll of one dollar ($1) for Class I vehicles. The revenue derived from the toll increase shall be used to finance capital outlay for bridge construction and major bridge improvement projects as is fiscally practicable. Not less than 90 percent of the increase in revenue derived only from the Class I vehicles on the San Francisco-Oakland Bay Bridge shall be used to finance rail extensions and improvement projects designed to reduce vehicular traffic congestion on that bridge and its approaches, as specified in Section 30914.

(b) Notwithstanding any provision of the Elections Code, the board of supervisors of each of the counties and the city and county specified in subdivision (a) shall call a special election to be conducted in each of those counties and the city and county, which shall be consolidated with the November 8, 1988, general election. The following question shall be presented to the voters of each of the counties as Regional Measure 1, to be stated in the ballot separately from state and local measures:

"Shall the California Transportation Commission and the Metropolitan Transportation Commission be authorized to undertake a revenue bond program to finance major bridge improvements, the construction of new bridges, and mass transit extensions designed to reduce bridge traffic in the bay area, to be financed by bridge tolls which shall not exceed one dollar ($1) for passenger vehicles?"

(c) The results of the special election shall be reported by the county clerks to the California Transportation Commission and the Metropolitan Transportation Commission. If a majority of all of the voters voting on the question at the special election vote affirmatively, the California Transportation Commission shall adopt the toll schedule proposed by the Metropolitan Transportation Commission which shall become effective January 1, 1989.

(d) If a majority of all of the voters voting on the question at the

special election vote negatively, this chapter shall be repealed on the day following the day on which the election results are certified.

(e) Except as provided in Section 30918, the toll rates contained in a toll schedule adopted by the California Transportation Commission pursuant to this section shall not be changed without further authorization by the Legislature.

30918. (a) It is the intention of the Legislature to maintain tolls on all of the bridges specified in Section 30910 at rates sufficient to meet any obligation to the holders of bonds secured by the bridge toll revenues. The California Transportation Commission shall retain authority to set the toll schedule only as may be necessary to meet those bond obligations.

(b) Nothing in this chapter shall be construed to prevent the California Transportation Commission from complying with the provisions of any bond resolution in effect on July 1, 1988.

30919. (a) Consistent with its adopted regional transportation plan, after the requirements for debt service on the outstanding revenue bonds have been met, the Metropolitan Transportation Commission shall allocate the revenues identified in subdivision (b) of Sections 30913 and 30914 to eligible public entities and to the department.

(b) The revenues expended pursuant to paragraph (4) of subdivision (a) of Section 30914 shall be expended on rail extension and improvement projects designed to reduce vehicular traffic congestion on the San Francisco-Oakland Bay Bridge. Seventy percent of the revenues shall be expended on rail extensions and improvement projects in the Counties of Alameda and Contra Costa, including, but not limited to, extending the regional rail system in the Concord-Antioch, Fremont-San Jose, and the Bayfair-Livermore rail transit corridors. The remaining 30 percent shall be expended on rail extensions and improvement projects in the City and County of San Francisco and the Counties of San Mateo and Santa Clara.

(c) The department shall update the "point of origin" study related to the Eastbay/Westbay origin of commute trips on the San Francisco-Oakland Bay Bridge and report its findings to the Legislature by January 1, 1990.

30920. (a) (1) The California Transportation Commission may, notwithstanding subdivision (c) of Section 30102.5, issue revenue bonds under the California Toll Bridge Authority Act to finance any or all of the projects specified in Sections 30913 and 30914.

(2) The California Transportation Commission shall not authorize the issuance of bonds pursuant to paragraph (1) unless it has authorized the issuance of bonds to finance rail extension upon the request of the Metropolitan Transportation Commission pursuant to subdivision (b).

(b) Notwithstanding subdivision (c) of Section 30102.5, with respect to any of the bridge toll revenues which are otherwise available for allocation by the Metropolitan Transportation Commission pursuant to Section 30892, the Metropolitan

Transportation Commission may request the California Transportation Commission to issue bonds, secured solely by those revenues to finance the rail extension and improvement projects specified in paragraph (4) of subdivision (a) of Section 30914. The expenses of issuance of those bonds, including, but not limited to, fees of financial and other consultants, bond counsel, printing, and personnel costs, the cost of insurance, and all other costs required only to comply with the requirements of the resolution authorizing the issuance of those bonds, may be paid either from bond proceeds or from any revenues available to the Metropolitan Transportation Commission for that purpose.

30921. (a) The department shall prepare, or cause to be prepared, a detailed traffic engineering study which evaluates the existing bridge and approach limits of the seven bridges specified in Section 30910. The study shall include an evaluation of the ability of these approaches to accommodate the carrying capacity of these bridges, including any planned lane additions identified by the department pursuant to Senate Resolution 46 of the 1985–86 Regular Session.

(b) As part of its plans for constructing a new bridge or bridge widening in the San Francisco Bay area, the department shall include an evaluation of whether there will be a balanced design between the bridge and its approaches as a result of the construction.

(c) The department shall transmit the results of its study to the Legislature by January 1, 1990, and, as part of that transmittal, shall include its recommendations for mitigating any problems identified as part of the study.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for necessary bridge improvements in the San Francisco Bay Area to be commenced as soon as possible, this act must take effect immediately.

CHAPTER 407

An act to amend Section 4801 of the Civil Code, relating to spousal support.

[Approved by Governor August 12, 1988. Filed with Secretary of State August 15, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 4801 of the Civil Code is amended to read:

4801. (a) In any judgment decreeing the dissolution of a marriage or a legal separation of the parties, the court may order a party to pay for the support of the other party any amount, and for any period of time, as the court may deem just and reasonable, based on the standard of living established during the marriage. In making the award, the court shall consider all of the following circumstances of the respective parties:

(1) The extent to which the earning capacity of each spouse is sufficient to maintain the standard of living established during the marriage, taking into account all of the following:

(A) The marketable skills of the supported spouse; the job market for those skills; the time and expenses required for the supported spouse to acquire the appropriate education or training to develop those skills; and the possible need for retraining or education to acquire other, more marketable skills or employment.

(B) The extent to which the supported spouse's present or future earning capacity is impaired by periods of unemployment that were incurred during the marriage to permit the supported spouse to devote time to domestic duties.

(2) The extent to which the supported spouse contributed to the attainment of an education, training, a career position, or a license by the other spouse.

(3) The ability to pay of the supporting spouse, taking into account the supporting spouse's earning capacity, earned and unearned income, assets, and standard of living.

(4) The needs of each party based on the standard of living established during the marriage.

(5) The obligations and assets, including the separate property, of each.

(6) The duration of the marriage.

(7) The ability of the supported spouse to engage in gainful employment without interfering with the interests of dependent children in the custody of the spouse.

(8) The age and health of the parties.

(9) The immediate and specific tax consequences to each party.

(10) Any other factors which it deems just and equitable.

The court shall make specific factual findings with respect to the standard of living during the marriage, and, at the request of either

party, the court shall make appropriate factual determinations with respect to any other circumstances. The court may order the party required to make the payment of support to give reasonable security therefor. Any order for support of the other party may be modified or revoked as the court may deem necessary, except as to any amount that may have accrued prior to the date of the filing of the notice of motion or order to show cause to modify or revoke. Any order for spousal support may be made retroactive to the date of filing of the notice of motion or order to show cause therefor, or to any subsequent date. At the request of either party, the order of modification or revocation shall include a statement of decision and may be made retroactive to the date of filing of the notice of motion or order to show cause therefor, or to any subsequent date.

(b) Except as otherwise agreed by the parties in writing, the obligation of any party under any order or judgment for the support and maintenance of the other party shall terminate upon the death of either party or the remarriage of the other party.

(c) When a court orders a person to make specified payments for support of the other party for a contingent period of time, the liability of the person terminates upon the happening of the contingency. If the party to whom payments are to be made fails to notify the person ordered to make the payments, or the attorney of record of the person so ordered, of the happening of the contingency and continues to accept support payments, the supported party shall refund any and all moneys received which accrued after the happening of the contingency, except that the overpayments shall first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the party to whom payments are to be made to notify the person ordered to make the payments, or his or her attorney of record, of the happening of the contingency.

(d) An order for payment of an allowance for the support of one of the parties shall terminate at the end of the period specified in the order and shall not be extended unless the court in its original order retains jurisdiction. Except upon written agreement of the parties to the contrary or a court order terminating spousal support, the court retains jurisdiction indefinitely where the marriage has been of long duration.

For purposes of retaining jurisdiction, there is a presumption affecting the burden of providing evidence, that a marriage of 10 years or more, from the date of marriage to the date of separation, is a marriage of long duration. However, the court may consider periods of separation during the marriage in determining whether the marriage is in fact of long duration. Nothing in this section precludes a court from determining that a marriage of less than 10 years is a marriage of long duration. Nothing in this section limits the court's discretion to terminate spousal support in subsequent proceedings upon a showing of changed circumstances.

The amendments to this subdivision enacted at the 1987 portion of

the 1987–88 Regular Session apply in those proceedings pending on January 1, 1988, in which the court has not entered a permanent spousal support order or in which the court order is subject to modification and to any case filed on or after January 1, 1988.

(e) In any proceeding under this section the court may order a party to submit to an examination by a vocational training consultant. The order may be made only on motion, for good cause shown, and upon notice to the party to be examined and to all parties, and shall specify the time, place, manner, conditions, scope of the examination, and the person or persons by whom it is to be made. The party refusing to comply with such an order shall be subject to the same consequences provided for failure to comply with an examination ordered pursuant to Section 2032 of the Code of Civil Procedure.

(f) For the purposes of this section, "vocational training consultant" means an individual with sufficient knowledge, skill, experience, training, or education relating to interviewing, the testing and analysis of work skills, the planning of courses of training and study, the formulation of career goals, and the work market to qualify as an expert in vocational training under Section 720 of the Evidence Code.

CHAPTER 408

The portion of any loan exceeding 80 percent of value shall be insured by an admitted mortgage guaranty insurer conforming to the provisions of Chapter 2A (commencing with Section 12640.01) of Part 6 of Division 2 of the Insurance Code in an amount so that the unguaranteed portion of the loan does not exceed 75 percent of the market value of the property together with improvements thereon.

(f) That there may be prepayment penalties assessed on loans, the terms and conditions of which shall be set forth in the correspondent agreement.

(g) That the criteria and terms for loans shall provide the greatest benefit to members and retirants consistent with the financial integrity of the program and the sound investment of the retirement fund.

(h) That loans shall not be made at a rate lower than the market rate.

(i) Any other terms and conditions as the parties to the correspondent agreement may deem appropriate.

SEC. 2. Section 20215 of the Government Code is amended to read:

20215. Notwithstanding any other provision of law, the board may establish a program utilizing the retirement fund to assist system members and annuitants, through financing, to obtain homes in this state.

The board shall adopt regulations governing the program which shall, among other things, provide:

(b) That private lending institutions in this state shall originate and service its home loans pursuant to agreements entered into between those institutions and the board.

(c) That the recipients of the loans occupy the homes as their

permanent residences in accord with rules and regulations established by the board.

(d) That its home loans shall be available only for the purchase or refinancing of homes in this state and that under no condition shall a member or annuitant have more than one outstanding loan.

(e) That the amount and length of the loans shall be pursuant to a schedule periodically established by the board which shall provide a loan to value ratio of: (1) for the first loan, except for three-family dwellings and four-family dwellings, a maximum of 95 percent of the first loan; (2) for the first loan on three-family dwellings and four-family dwellings, a maximum of 90 percent of the first loan; and (3) for each additional loan, a maximum of 80 percent of each additional loan. The portion of any loan exceeding 80 percent of value shall be insured by an admitted mortgage guaranty insurer conforming to the provisions of Chapter 2A (commencing with Section 12640.01) of Part 6 of Division 2 of the Insurance Code in an amount so that the unguaranteed portion of the loan does not exceed 75 percent of the market value of the property together with improvements thereon.

(f) That there may be prepayment penalties assessed on its loans in accordance with rules and regulations established by the board.

(g) That the criteria and terms for its loans shall provide the greatest benefit to members and annuitants consistent with the financial integrity of the program and the sound investment of the retirement fund.

(h) Any other terms and conditions as the board shall deem appropriate.

[Approved by Governor August 12, 1988. Filed with Secretary of State August 15, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.5 (commencing with Section 71260) is added to Part 3 of Division 20 of the Water Code, to read:

71261. Notwithstanding any other provision of this division, the Board of Directors of the Three Valleys Municipal Water District shall consist of seven directors. Each director shall be a resident of the division from which he or she is elected.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 411

An act to amend Section 205.5 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor August 12, 1988. Filed with Secretary of State August 15, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 205.5 of the Revenue and Taxation Code, as amended by Section 4 of Chapter 608 of the Statutes of 1986, is amended to read:

205.5. (a) Property which is owned by, and which constitutes the principal place of residence of, a veteran is exempted from taxation on that part of the full value of the residence that does not exceed forty thousand dollars ($40,000), if the veteran is blind in both eyes or has lost the use of two or more limbs as a result of injury or disease incurred in military service or that does not exceed one hundred thousand dollars ($100,000), if the veteran is totally disabled as a result of injury or disease incurred in military service. The forty thousand dollar ($40,000) exemption shall be sixty thousand dollars ($60,000) in the case of an eligible veteran whose household income as defined in Section 20504 does not exceed the amounts specified in Section 20585.

(b) For purposes of this section, "veteran" is defined as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(c) Property which is owned by, and which constitutes the principal place of residence of, the unmarried surviving spouse of a veteran is exempt from taxation on that part of the full value of the residence that does not exceed forty thousand dollars ($40,000), in the case of a veteran who was blind in both eyes or had lost the use of two or more limbs, or one hundred thousand dollars ($100,000), in the case of a veteran who was totally disabled; provided, that the deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977; or provided that the veteran died from a disease which was service connected as determined by the Veterans Administration. The forty thousand dollar ($40,000) exemption shall be sixty thousand dollars ($60,000) in the case of an eligible unmarried surviving spouse whose household income as specified in Section 20504 does not exceed the amounts specified in Section 20585.

(d) As used in this section, "property which is owned by a veteran" or "property which is owned by the veteran's unmarried surviving spouse" includes all of the following:

(1) Property owned by the veteran with the veteran's spouse as a joint tenancy, tenancy in common or as community property.

(2) Property owned by the veteran or the veteran's spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran's spouse, or both the veteran and the veteran's spouse.

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(e) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Veterans Administration or the military service from which such veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section co-own a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(g) This section shall remain in effect until January 1, 1991, and on that date is repealed, unless a later enacted statute, which is chaptered on or before that date, deletes or extends that date.

SEC. 2. Section 205.5 of the Revenue and Taxation Code, as amended by Section 5 of Chapter 608 of the Statutes of 1986, is

amended to read:

205.5. (a) Property which is owned by, and which constitutes the principal place of residence of, a veteran is exempted from taxation on that part of the full value of the residence that does not exceed forty thousand dollars ($40,000), if the veteran is blind in both eyes, has lost the use of two or more limbs, or is totally disabled as a result of injury or disease incurred in military service. The exemption shall be sixty thousand dollars ($60,000) in the case of an eligible veteran whose household income as defined in Section 20504 does not exceed the amounts specified in Section 20585.

(b) For purposes of this section, "veteran" is defined as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any residency requirement or limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(c) Property which is owned by, and which constitutes the principal place of residence of, the unmarried surviving spouse of a veteran is exempt from taxation on that part of the full value of the residence that does not exceed forty thousand dollars ($40,000); provided, that the deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977; or provided that the veteran died from a disease which was service connected as determined by the Veterans Administration. The exemption shall be sixty thousand dollars ($60,000) in the case of an eligible unmarried surviving spouse whose household income as specified in Section 20504 does not exceed the amounts specified in Section 20585.

(d) As used in this section, "property which is owned by a veteran" or "property which is owned by the veteran's unmarried surviving spouse" includes all of the following:

(1) Property owned by the veteran with the veteran's spouse as a joint tenancy, tenancy in common or as community property.

(2) Property owned by the veteran or the veteran's spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran's spouse, or both the veteran and the veteran's spouse.

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate

property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(e) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Veterans Administration or the military service from which such veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section co-own a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(g) This section shall become operative on January 1, 1991.

SEC. 3. This act shall become operative only if SCA No. 16 of the 1987–88 Regular Session is adopted by the voters.

SEC. 4. This act makes a classification or exemption of property for purposes of ad valorem property taxation within the meaning of Section 2229 of the Revenue and Taxation Code.

SEC. 5. The amendments to Section 205.5 of the Revenue and Taxation Code made by this act are declaratory of existing law.

224b. (a) The State Department of Social Services shall establish a statewide photo-listing service which shall serve all licensed

adoption agencies in the state as a means of recruiting adoptive families for children who have been legally freed, and whose case plan goal is adoption. The photo-listing service shall maintain a book that, except as provided in this section, contains a photograph and description of each child who has been legally freed, and whose case plan goal is adoption. Registration of children with the photo-listing service and notification by the licensed adoption agency of changes in a child's photo-listing status shall be reflected in the book within 30 working days of receipt of the registration or notification.

(b) The department shall promulgate regulations governing the operations of the photo-listing service and shall establish procedures for monitoring compliance with this section.

(c) The photo-listing service shall be provided to all licensed adoption agencies; adoption support groups; and state, regional, or national photo-listings or exchanges requesting copies of the photo-listing service.

(d) All legally freed children for whom adoption is the case plan shall be photo-listed, unless deferred as specified in subdivision (e) or (f). Licensed adoption agencies shall send a recent photograph and description of each legally freed child to the photo-listing service within 15 working days of the time a child is legally freed for adoption. When adoption has become the plan for a particular child, the agency may photo list that child prior to the child's becoming legally freed for adoption.

(e) A child shall be deferred from the photo-listing service when that child's foster parents or other identified individuals who have applied to adopt the child are meeting the adoption agency's requests for required documentation and are cooperating in the completion of a homestudy being conducted by the agency.

(f) A child who is 12 years old, or older, may be deferred from the photo-listing service if the child does not consent to being adopted.

(g) The department shall establish procedures for semiannual review of the photo-listing status of all legally freed children whose case plan goal is adoption, including those who are registered with the photo-listing service and those whose registration has been deferred.

(h) Within 15 working days following a one-year period in which a child is listed in the book, the agency shall submit a revised description and photograph of that child.

(i) Licensed adoption agencies shall notify the photo-listing service, by telephone, of any adoptive placements or of significant changes in the child's photo-listing status within two working days of that change.

(j) This section does not apply to independent or intercountry adoptions.

If any juror disagrees, the fact shall be entered upon the minutes and the jury again sent out; but if no disagreement is expressed, the verdict is complete, and the jury shall, subject to subdivision (b), be discharged from the case.

(b) No jury shall be discharged until the court has verified on the record that the jury has either reached a verdict or has formally declared its inability to reach a verdict on all issues before it, including, but not limited to, the truth of any alleged prior conviction whether in the same proceeding or in a bifurcated proceeding.

(b) The department is not responsible for the maintenance or operation of Route 109, except for that segment between Notre Dame Avenue in East Palo Alto and Route 84, nor shall the redesignation of Route 109 by the act which added this subdivision constitute a commitment for future construction of any highway projects on that route. Funds shall not be allocated to any Route 109 project, other than a project on the segment between Notre Dame Avenue in East Palo Alto and Route 84, until the commission has first allocated funds to all projects contained in the 1988 State Transportation Improvement Program which are not deleted from future programs, and construction begins on those projects.

(c) No study and analysis of any proposed segment of Route 109 shall be conducted without the involvement of the governing body of any city or county through which the segment would pass as an active participant in the study and analysis. However, nothing in this subdivision shall preclude the department from conducting such a study and analysis. Furthermore, no segment may be included in any plan for future Route 109 construction unless the segment is approved by each of those governing bodies.

(a) Support long-term care educational activities by employers, senior organizations, and other interested groups.

(b) Support to the extent possible additional emphasis on expansion of community educational activities which would provide for announcements on television and in other media that briefly describe the limited nature of the Medicare nursing home benefits, the function of long-term care insurance, and the availability of the Department of Insurance's Buyer's Guide and assistance under this chapter.

CHAPTER 418

An act to amend Sections 66000, 66001, and 66003 of, to amend and renumber Sections 50076.5, 53077, 53077.5, 65913.5, 65958, and 65959 of, and to add Section 66004 to, the Government Code, relating to local agencies.

[Approved by Governor August 12, 1988. Filed with Secretary of State August 15, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 50076.5 of the Government Code is amended and renumbered to read:

66017. (a) In any judicial action or proceeding to validate, attack, review, set aside, void, or annul any ordinance or resolution providing for the imposition of a development fee by any city, county, or district in which there is at issue whether the development fee is a special tax within the meaning of Section 50076, the city, county, or district has the burden of producing evidence to establish that the development fee does not exceed the cost of the service, facility, or regulatory activity for which it is imposed.

(b) No party may initiate any action or proceeding pursuant to

subdivision (a) unless both of the following requirements are met:

(1) The development fee was directly imposed on the party as a condition of project approval.

(2) At least 30 days prior to initiating the action or proceeding, the party requests the city, county, or district to provide a copy of the documents which establish that the development fee does not exceed the cost of the service, facility, or regulatory activity for which it is imposed. In accordance with Section 6257, the city, county, or district may charge a fee for copying the documents requested pursuant to this paragraph.

(c) For purposes of this section, costs shall be determined in accordance with fundamental fairness and consistency of method as to the allocation of costs, expenses, revenues, and other items included in the calculation.

SEC. 2. Section 53077 of the Government Code is amended and renumbered to read:

66006. (a) If a local agency requires the payment of a fee, the local agency receiving the fee shall deposit it with the other fees for the improvement in a separate capital facilities account or fund in a manner to avoid any commingling of the fees with other revenues and funds of the local agency, except for temporary investments, and expend those fees solely for the purpose for which the fee was collected. *Any interest income earned by moneys in the capital* facilities account or fund shall also be deposited in that account or fund and shall be expended only for the purpose for which the fee was originally collected.

(b) Any person may request an audit of any local agency fee or charge that is subject to Section 54997, including fees or charges of school districts, in accordance with that section.

(c) The Legislature finds and declares that untimely or improper allocation of development fees hinders economic growth and is, therefore, a matter of statewide interest and concern. It is, therefore, the intent of the Legislature that subdivision (a) shall supersede all conflicting local laws and shall apply in charter cities.

SEC. 3. Section 53077.5 of the Government Code is amended and renumbered to read:

66007. (a) Except as otherwise provided in subdivision (b), any local agency which imposes any fees or charges on a residential development for the construction of public improvements or facilities shall not require the payment of those fees or charges, notwithstanding any other provision of law, until the date of the final inspection, or the date the certificate of occupancy is issued, whichever occurs first. However, utility service fees may be collected at the time an application for utility service is received. If the residential development contains more than one dwelling, the local agency may determine whether the fees or charges shall be paid on a pro rata basis for each dwelling when it receives its final inspection or certificate of occupancy, whichever occurs first; on a pro rata basis when a certain percentage of the dwellings have

received their final inspection or certificate of occupancy, whichever occurs first; or on a lump-sum basis when the first dwelling in the development receives its final inspection or certificate of occupancy, whichever occurs first.

(b) Notwithstanding subdivision (a), the local agency may require the payment of those fees or charges at an earlier time if (1) the local agency determines that the fees or charges will be collected for public improvements or facilities for which an account has been established and funds appropriated and for which the local agency has adopted a proposed construction schedule or plan prior to final inspection or issuance of the certificate of occupancy or (2) the fees or charges are to reimburse the local agency for expenditures previously made. "Appropriated," as used in this subdivision, means authorization by the governing body of the local agency for which the fee is collected to make expenditures and incur obligations for specific purposes.

(c) This section applies only to fees collected by a local agency to fund the construction of public improvements or facilities. It does not apply to fees collected to cover the cost of code enforcement or inspection services, or to other fees collected to pay for the cost of enforcement of local ordinances or state law.

(d) "Final inspection" or "certificate of occupancy," as used in this section, have the same meaning as described in Sections 305 and 307 of the Uniform Building Code, International Conference of Building Officials, 1985 Edition.

(e) The Legislative Analyst shall submit a report to the Legislature by January 1, 1992, which evaluates the implementation of this section. In preparing the report, the Legislative Analyst shall consult with individuals and associations who, in the opinion of the Legislative Analyst, are knowledgeable about the impact of this section. Those individuals and associations shall include, but not be limited to, representatives of builders, landowners, planners, civil engineers, land surveyors, counties, cities, school districts, special districts, and public utilities.

(f) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1993, deletes or extends that date.

SEC. 3.5. Section 53077.5 of the Government Code is amended and renumbered to read:

66007. (a) Except as otherwise provided in subdivision (b), any local agency which imposes any fees or charges on a residential development for the construction of public improvements or facilities shall not require the payment of those fees or charges, notwithstanding any other provision of law, until the date of the final inspection, or the date the certificate of occupancy is issued, whichever occurs first. However, utility service fees may be collected at the time an application for utility service is received. If the residential development contains more than one dwelling, the local agency may determine whether the fees or charges shall be

paid on a pro rata basis for each dwelling when it receives its final inspection or certificate of occupancy, whichever occurs first; on a pro rata basis when a certain percentage of the dwellings have received their final inspection or certificate of occupancy, whichever occurs first; or on a lump-sum basis when the first dwelling in the development receives its final inspection or certificate of occupancy, whichever occurs first.

(b) Notwithstanding subdivision (a), the local agency may require the payment of those fees or charges at an earlier time if (1) the local agency determines that the fees or charges will be collected for public improvements or facilities for which an account has been established and funds appropriated and for which the local agency has adopted a proposed construction schedule or plan prior to final inspection or issuance of the certificate of occupancy or (2) the fees or charges are to reimburse the local agency for expenditures previously made. "Appropriated," as used in this subdivision, means authorization by the governing body of the local agency for which the fee is collected to make expenditures and incur obligations for specific purposes.

(c) (1) If any fee or charge specified in subdivision (a) is not fully paid prior to issuance of a building permit for construction of any portion of the residential development encumbered thereby, the local agency issuing the building permit may require the applicant, as a condition of issuance of the building permit, to execute a contract to pay the fee or charge, or applicable portion thereof, within the time specified in subdivision (a). If the fee or charge is prorated pursuant to subdivision (a), the obligation under the contract shall be similarly prorated.

(2) The obligation to pay the fee or charge shall inure to the benefit of, and be enforceable by, the local agency that imposed the fee or charge, regardless of whether it is a party to the contract. The contract shall be recorded in the office of the county recorder of the county and, from the date of recordation, shall constitute a lien for the payment of the fee or charge, which shall be enforceable against successors in interest to the initial holder of the building permit. The contract shall be recorded in the grantor-grantee index in the name of the public agency issuing the building permit as grantee and in the name of the building permitholder as grantor.

(3) The contract may require the building permitholder to provide appropriate notification of the opening of any escrow for the sale of the property for which the building permit as issued and to provide in the escrow instructions that the fee or charge be paid to the local agency imposing the same from the sale proceeds in escrow prior to disbursing proceeds to the seller.

(d) This section applies only to fees collected by a local agency to fund the construction of public improvements or facilities. It does not apply to fees collected to cover the cost of code enforcement or inspection services, or to other fees collected to pay for the cost of enforcement of local ordinances or state law.

(e) "Final inspection" or "certificate of occupancy," as used in this section, have the same meaning as described in Sections 305 and 307 of the Uniform Building Code, International Conference of Building Officials, 1985 Edition.

SEC. 4. Section 65913.5 of the Government Code is amended and renumbered to read:

66008. (a) Any party may protest the imposition of any fees, dedications, reservations, or other exactions imposed on a residential housing development by a local agency by meeting both of the following requirements:

(1) Tendering any required payment in full or providing satisfactory evidence of arrangements to ensure performance of the conditions necessary to meet the requirements of the imposition.

(2) Serving written notice on the governing body of the entity which notice shall contain all of the following information:

(A) A statement that the required payment is tendered, or that any conditions which have been imposed are provided for or satisfied, under protest.

(B) A statement informing the governing body of the factual elements of the dispute and the legal theory forming the basis for the protest.

(b) Compliance by any party with subdivision (a) shall not be the basis for a local agency to withhold approval of any map, plan, permit, zone change, license, or other form of permission, or concurrence, whether discretionary, ministerial, or otherwise, incident to, or necessary for, the development of the residential housing development. This section does not limit the ability of a local agency to ensure compliance with all applicable provisions of law in determining whether or not to approve or disapprove a development project.

(c) Where a reviewing local agency makes proper and valid findings that the construction of certain public improvements or facilities, the need for which is directly attributable to the proposed residential housing development, is required for reasons related to the public health, safety, and welfare, and elects to impose a requirement for construction of those improvements or facilities as a condition of approval of the proposed development, then in the event a protest is lodged pursuant to this section, that approval shall be suspended pending withdrawal of the protest, the expiration of the limitation period of subdivision (d) without the filing of an action, or resolution of any action filed. This subdivision confers no new or independent authority for imposing fees, dedications, reservations, or other exactions not presently governed by other law.

(d) A protest filed pursuant to subdivision (a) shall be filed at the time of approval or conditional approval of the development or within 90 days after the date of the imposition of the fees, dedications, reservations, or other exactions to be imposed on a residential housing development. Any party who files a protest pursuant to subdivision (a) may file an action to attack, review, set

aside, void, or annul the imposition of the fees, dedications, reservations, or other exactions imposed on a residential housing development by a local agency within 180 days after the date of the imposition. Thereafter, notwithstanding any other law to the contrary, all persons are barred from any action or proceeding or any defense of invalidity or unreasonableness of the imposition. Any proceeding brought pursuant to this subdivision shall take precedence over all matters of the calendar of the court except criminal, probate, eminent domain, forcible entry, and unlawful detainer proceedings.

(e) If the court finds in favor of the plaintiff in any action or proceeding brought pursuant to subdivision (d), the court shall direct the local agency to refund the unlawful portion of the payment, with interest at the rate of 8 percent per annum, or return the unlawful portion of the exaction imposed.

(f) Approval or conditional approval of a development occurs, for the purposes of this section, when the tentative map, tentative parcel map, or parcel map is approved or conditionally approved or when the parcel map is recorded if a tentative map or tentative parcel map is not required.

(g) The imposition of fees, dedications, reservations, or other exactions occurs, for the purposes of this section, when they are imposed or levied on a specific development.

SEC. 5. Section 65958 of the Government Code is amended and renumbered to read:

66009. Any party on whom a fee, tax, assessment, dedication, reservation, or other exaction has been directly imposed, as a condition of approval of a development, as defined by Section 65927, or development project may protest, as provided in Sections 66008 and 66475.4, the establishment or imposition of the fee, tax, assessment, dedication, reservation, or other exaction. If a party files a protest under both Sections 66008 and 66475.4, Section 66475.4 shall prevail over Section 66008 to the extent of any conflict between those two sections.

SEC. 5.5. Section 65958 of the Government Code is amended and renumbered to read:

66009. (a) Any party on whom a fee, tax, assessment, dedication, reservation, or other exaction has been imposed, the payment or performance of which is required to obtain governmental approval of a development, as defined by Section 65927, or development project may protest, as provided in Sections 66008 and 66475.4, the establishment or imposition of the fee, tax, assessment, dedication, reservation, or other exaction. If a party files a protest under both Sections 66008 and 66475.4, Section 66475.4 shall prevail over Section 66008 to the extent of any conflict between those two sections.

(b) The protest procedures of subdivision (a) do not apply to the protest of any tax or assessment (1) levied pursuant to a principal act which contains protest procedures or (2) that is pledged to secure payment of the principal of, or interest on, bonds or other public

indebtedness.

SEC. 6. Section 65959 of the Government Code is amended and renumbered to read:

66005. (a) When a local agency imposes any fee or exaction as a condition of approval of a proposed development, as defined by Section 65927, or development project, those fees or exactions shall not exceed the estimated reasonable cost of providing the service or facility for which the fee or exaction is imposed.

(b) This section does not apply to fees or monetary exactions expressly authorized to be imposed under Sections 66475.1 and 66477.

(c) It is the intent of the Legislature in adding this section to codify existing constitutional and decisional law with respect to the imposition of development fees and monetary exactions on developments by local agencies. This section is declaratory of existing law and shall not be construed or interpreted as creating new law or as modifying or changing existing law.

SEC. 7. Section 66000 of the Government Code is amended to read:

66000. As used in this chapter:

(a) "Development project" means any project undertaken for the purpose of development. "Development project" includes a project involving the issuance of a permit for construction or reconstruction, but not a permit to operate.

(b) "Fee" means a monetary exaction, other than a tax or special assessment, which is charged by a local agency to the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project, but does not include fees specified in Section 66477, fees for processing applications for governmental regulatory actions or approvals, or fees collected under development agreements adopted pursuant to Article 2.5 (commencing with Section 65864) of Chapter 4.

(c) "Local agency" means a county, city, whether general law or chartered, city and county, school district, special district, or any other municipal public corporation or district.

(d) "Public facilities" includes public improvements, public services, and community amenities.

SEC. 8. Section 66001 of the Government Code is amended to read:

66001. (a) In any action establishing, increasing, or imposing a fee as a condition of approval of a development project by a local agency on or after January 1, 1989, the local agency shall do all of the following:

(1) Identify the purpose of the fee.

(2) Identify the use to which the fee is to be put. If the use is financing public facilities, the facilities shall be identified. That identification may, but need not, be made by reference to a capital improvement plan as specified in Section 65403 or 66002, may be made in applicable general or specific plan requirements, or may be

made in other public documents that identify the public facilities for which the fee is charged.

(3) Determine how there is a reasonable relationship between the fee's use and the type of development project on which the fee is imposed.

(4) Determine how there is a reasonable relationship between the need for the public facility and the type of development project on which the fee is imposed.

(b) In any action imposing a fee as a condition of approval of a development project by a local agency on or after January 1, 1989, the local agency shall determine how there is a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributable to the development on which the fee is imposed.

(c) Upon receipt of a fee subject to this section, the local agency shall deposit, invest, account for, and expend the fees pursuant to Section 66006.

(d) The local agency shall make findings once each fiscal year with respect to any portion of the fee remaining unexpended or uncommitted in its account five or more years after deposit of the fee to identify the purpose to which the fee is to be put and to demonstrate a reasonable relationship between the fee and the purpose for which it was charged. The findings required by this subdivision need only be made for moneys in the possession of the local agency and need not be made with respect to letters of credit, bonds, or other instruments taken to secure payment of the fee at a future date.

(e) Except as provided in subdivision (f), the local agency shall refund to the then current record owner or owners of lots or units of the development project or projects on a prorated basis the unexpended or uncommitted portion of the fee, and any interest accrued thereon, for which need cannot be demonstrated pursuant to subdivision (d). A local agency may refund the unexpended or uncommitted revenues by direct payment, by providing a temporary suspension of fees, or by any other means consistent with the intent of this section. The determination by the governing body of the local agency of the means by which those revenues are to be refunded is a legislative act.

(f) If the administrative costs of refunding unexpended or uncommitted revenues pursuant to subdivision (e) exceed the amount to be refunded, the local agency, after a public hearing, notice of which has been published pursuant to Section 6061 and posted in three prominent places within the area of the development project, may determine that the revenues shall be allocated for some other purpose for which fees are collected subject to this chapter and which serves the project on which the fee was originally imposed.

SEC. 9. Section 66003 of the Government Code is amended to read:

66003. Sections 66001 and 66002 do not apply to a fee imposed

pursuant to a reimbursement agreement by and between a city or county and a property owner or developer for that portion of the cost of a public facility paid by the property owner or developer which exceeds the need for the public facility attributable to and reasonably related to the development. This chapter shall become operative on January 1, 1989.

The people of the State of California do enact as follows:

SECTION 1. Section 805 of the Business and Professions Code is amended to read:

805. (a) As used in this section, the following terms have the following definitions:

(1) "Peer review body" includes:

(B) A health care service plan registered under Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code or a nonprofit hospital service plan regulated under

Chapter 11a (commencing with Section 11491) of Part 2 of Division 2 of the Insurance Code.

(C) Any medical, psychological, dental, or podiatric professional society having as members at least 25 percent of the eligible licentiates in the area in which it functions (which must include at least one county), which is not organized for profit and which has been determined to be exempt from taxes pursuant to Section 23701 of the Revenue and Taxation Code.

(D) A committee organized by any entity consisting of or employing more than 25 licentiates of the same class, which functions for the purpose of reviewing the quality of professional care provided by members or employees of that entity.

(2) "Licentiate" means a physician and surgeon, podiatrist, clinical psychologist, or dentist.

(3) "Agency" means the relevant state licensing agency having regulatory jurisdiction over the licentiates listed in paragraph (2).

(4) "Staff privileges" means any arrangement under which a licentiate is allowed to practice in or provide care for patients in a health facility. Those arrangements shall include, but are not limited to, full staff privileges, active staff privileges, limited staff privileges, auxiliary staff privileges, provisional staff privileges, temporary staff privileges, courtesy staff privileges, locum tenens arrangements, and contractural arrangements to provide professional services, including, but not limited to, arrangements to provide outpatient services.

(5) "Denial or termination of privileges" includes failure or refusal to renew a contract or to renew, extend, or reestablish any staff privileges, when the action is based on medical disciplinary cause or reason.

(6) "Medical disciplinary cause or reason" means that aspect of a licentiate's competence or professional conduct which is reasonably likely to be detrimental to patient safety or to the delivery of patient care.

(7) "805 report" means the written report required under subdivision (b).

(2) A licentiate's membership, staff privileges, or employment is terminated or revoked for a medical disciplinary cause or reason.

and (3), the peer review body also has a duty to report under this section a licentiate's resignation from membership, staff, or employment following notice of an impending investigation based on information indicating medical disciplinary cause or reason.

The 805 report shall be filed within 30 days after the effective date of the denial, termination, restriction, or resignation, or after the exhaustion of administrative procedures, without regard to any filing for judicial review.

An 805 report shall also be filed within 30 days following the imposition of summary suspension of staff privileges, membership, or employment, if the summary suspension remains in effect for a period in excess of 14 days.

In performing its dissemination functions required by Section 805.5, the agency shall include a copy of a supplemental report, if any, whenever it furnishes a copy of the original 805 report.

In those instances where another peer review body is required to file an 805 report, a health care service plan or nonprofit hospital service plan is not required to file a separate report with respect to action attributable to the same medical disciplinary cause or reason.

(c) The reporting required herein shall not act as a waiver of confidentiality of medical records and committee reports. The information reported or disclosed shall be kept confidential except as provided in subdivision (c) of Section 800, provided that a copy of the report containing the information required by this section may be disclosed as required by Section 805.5 with respect to reports received on or after January 1, 1976. (b) The county counsel or district attorney shall prepare an impartial analysis of the measure showing the effect of the measure on the existing law and the operation of the measure. The analysis shall be printed preceding the arguments for and against the measure. The analysis shall not exceed 500 words in length.

In the event the entire text of the measure is not printed on the ballot nor in the voter information portion of the sample ballot, there shall be printed immediately below the impartial analysis, in no less than 10-point boldface type, a legend substantially as follows:

(1) Pass the ordinance without alteration either at the regular meeting at which it is presented or within 10 days after it is presented.

(2) Immediately order that the ordinance be submitted to the voters, without alteration, at the next statewide election or at the next regular election date under Section 2500 whichever comes first, provided that the election occurs not less than 88 days after the order of the district board.

(b) Notwithstanding subdivision (a), nothing shall prohibit the board from calling a special election which shall be held not less than 88 days nor more than 103 days after the date of the presentation of the proposed ordinance to the board. When it is legally possible to hold a special election under this chapter within six months prior to a regular election, the board may submit the proposed ordinance at the regular election instead of at a special election. Not more than one special election may be held pursuant to this article during any period of six months.

(c) The number of registered voters referred to in subdivision (a) shall be calculated as of the time of the last report of registration by the county clerk to the Secretary of State made prior to publication or posting of the notice of intention to circulate the initiative petition.

SEC. 6. Section 5154.3 is added to the Elections Code, to read:

5154.3. If the initiative petition does not request a special election and is not passed without change by the legislative body, then the ordinance, without alteration, shall be submitted by the board to the voters at the next regular local election for the district or statewide

election, whichever comes first, provided that the election occurs not less than 88 days after the order of the district board.

The county counsel or district attorney shall prepare an impartial analysis of the measure showing the effect of the measure on the existing law and the operation of the measure. The analysis shall be printed preceding the arguments for and against the measure. The analysis shall not exceed 500 words in length.

In the event the entire text of the measure is not printed on the ballot nor in the voter information portion of the sample ballot, there shall be printed immediately below the impartial analysis, in no less than 10-point bold type, a legend substantially as follows:

SEC. 8. Section 5157 of the Elections Code is amended to read:

5157. The persons filing an initiative petition pursuant to this article may file a written argument in favor of the ordinance. The district board may submit an argument against the ordinance. Neither argument shall exceed 300 words in length, and both arguments shall be printed and mailed to each voter with the sample ballot for the election.

The following statement shall be printed on the front cover, or if none, on the heading of the first page, of the printed arguments:

"Arguments in support of or in opposition to the proposed laws are the opinions of the authors."

Printed arguments submitted to voters in accordance with this section shall be titled either "Argument In Favor Of Measure _____" or "Argument Against Measure _____," accordingly, the blank spaces being filled in only with the letter or number, if any, which designates the measure. At the discretion of the clerk, the word "Proposition" may be substituted for the word "Measure" in such titles. Words used in the title shall not be counted when determining the length of any argument.

SEC. 9. Section 5157.2 is added to the Elections Code, to read:

Arguments may be changed or withdrawn by their proponents until

and including the date fixed by the clerk.

SEC. 10. Section 5157.5 of the Elections Code is amended to read:

5157.5. The persons filing the initiative petition may prepare and submit a rebuttal argument not exceeding 250 words. The district board may prepare and submit a rebuttal to the argument in favor of the ordinance not exceeding 250 words. Rebuttal arguments shall be printed in the same manner as the direct arguments. Each rebuttal argument shall immediately follow the direct argument which it seeks to rebut.

SEC. 11. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 9.6. DISTRICT UTILITY SERVICES

60370. As used in this chapter, "district" means any agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries. "District" shall not include the state, any city, city and county, county, or school district.

60371. (a) Whenever a district furnishes residential light, heat, water, or power through a master meter, or furnishes individually metered service in a multiunit residential structure, mobilehome park, or farm labor camp where the owner, manager, or farm labor employer is listed by the district as the customer of record of the service, the district shall make every good faith effort to inform the actual users of the services, when the account is in arrears, by means of a notice, that service will be terminated in 10 days. The notice shall further inform the actual users that they have the right to become customers of the district without being required to pay the amount due on the delinquent account.

(b) The district is not required to make service available to the actual users unless each actual user agrees to the terms and conditions of service, and meets the requirements of the district's rules and tariffs. However, if one or more actual users are willing and able to assume responsibility for the entire account to the satisfaction of the district, or if there is a physical means, legally available to the district, of selectively terminating service to those actual users who have not met the requirements of the district's rules and tariffs, the district shall make service available to the actual users who have met those requirements.

(c) Where prior service for a period of time is a condition for establishing credit with the district, residence and proof of prompt payment of rent for that period of time is a satisfactory equivalent.

(d) Any actual user who becomes a customer of the district pursuant to this section whose periodic payments, such as rental payments, include charges for residential light, heat, water, or power, where these charges are not separately stated, may deduct

from the periodic payment each payment period all reasonable charges paid to the district for those services during the preceding payment period.

60372. (a) No district furnishing its inhabitants with light, water, power, or heat may terminate residential service for nonpayment of a delinquent account unless the district first gives notice of the delinquency and impending termination, as provided in Section 60371.

(b) No district shall terminate residential service for nonpayment in any of the following situations:

(1) During the pendency of an investigation by the district of a customer dispute or complaint.

(2) When a customer has been granted an extension of the period for payment of a bill.

(3) On the certification of a licensed physician and surgeon that to do so will be life threatening to the customer and the customer is financially unable to pay for service within the normal payment period and is willing to enter into an amortization agreement with the district pursuant to subdivision (e) with respect to all charges that the customer is unable to pay prior to delinquency.

(c) Any residential customer who has initiated a complaint or requested an investigation within five days of receiving the disputed bill, or who has, within 13 days of mailing of the notice required by subdivision (a), made a request for extension of the payment period of a bill asserted to be beyond the means of the customer to pay in full during the normal period for payment, shall be given an opportunity for review of the complaint, investigation, or request by a review manager of the district. The review shall include consideration of whether the customer shall be permitted to amortize the unpaid balance of the account over a reasonable period of time, not to exceed 12 months. No termination of service shall be effected for any customer complying with an amortization agreement, if the customer also keeps the account current as charges accrue in each subsequent billing period.

(d) Any customer whose complaint or request for an investigation pursuant to subdivision (c) has resulted in an adverse determination by the district may appeal the determination to the board. Any subsequent appeal of the dispute or complaint to the board is not subject to this section.

(e) Any customer meeting the requirements of paragraph (3) of subdivision (b) shall, upon request, be permitted to amortize, over a period not to exceed 12 months, the unpaid balance of any bill asserted to be beyond the means of the customer to pay within the normal period for payment.

60373. (a) No district furnishing light, heat, water, or power may terminate residential service on account of nonpayment of a delinquent account unless the district first gives notice of the delinquency and impending termination, at least 10 days prior to the proposed termination, by means of a notice mailed, postage prepaid,

to the customer to whom the service is billed not earlier than 19 days from the date of mailing the district's bill for services, and the 10-day period shall not commence until five days after the mailing of the notice.

(b) Every district shall make a reasonable, good faith effort to contact an adult person residing at the premises of the customer by telephone or in person at least 48 hours prior to any termination of service.

(c) Every notice of termination of service pursuant to subdivision (a) shall include all of the following information:

(1) The name and address of the customer whose account is delinquent.

(2) The amount of the delinquency.

(3) The date by which payment or arrangements for payment is required in order to avoid termination.

(4) The procedure by which the customer may initiate a complaint or request an investigation concerning service or charges, except that if the bill for service contains a description of that procedure, the notice pursuant to subdivision (a) is not required to contain that information.

(5) The procedure by which the customer may request amortization of the unpaid charges.

(6) The procedure for the customer to obtain information on the availability of financial assistance, including private, local, state, or federal sources, if applicable.

(7) The telephone number of a representative of the district who can provide additional information or institute arrangements for payment.

Every notice of termination of service pursuant to subdivision (b) shall include the items of information in paragraphs (1), (2), (3), (6), and (7).

All written notices shall be in a clear and legible format.

(d) If a residential customer fails to comply with an amortization agreement, the district shall not terminate service without giving notice to the customer at least 48 hours prior to termination of the conditions the customer is required to meet to avoid termination, but the notice does not entitle the customer to further investigation by the district.

(e) No termination of service may be effected without compliance with this section, and any service wrongfully terminated shall be restored without charge for the restoration of service.

60374. No district shall, by reason of delinquency in payment for any electric, gas, heat, or water services, cause cessation of the services on any Saturday, Sunday, legal holiday, or at any time during which the business offices of the district are not open to the public.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level

of service mandated by this act.

(2) The assessee or the agent of the assessee can establish to the satisfaction of the tax collector that the assessee incurred substantial business losses of at least five thousand dollars ($5,000) in connection with his or her property as a result of the 1987 fires.

(3) The assessee or the agent of the assessee files an application for deferral with the tax collector on or before September 1, 1988.

(2) A fee in the amount required by Section 27361.3 of the Government Code which shall be distributed to the county recorder for the cost of recordation of a rescission of the notice, as required by subdivision (c).

costs, and the balance, if any, shall be applied to the taxes due. The difference between the amount paid by the taxpayer and the amount due shall be treated as a delinquent tax in the same manner as any other defaulted tax.

(b) Partial payments made pursuant to this section shall not be deemed a redemption, a partial redemption, or an installment payment under this part and they shall not alter either the date upon which the property became tax defaulted or the date the property becomes subject to a power of sale.

(c) These partial payments shall not be construed as altering the amount of defaulted taxes for purposes of publications.

(d) An election may be made by the taxpayer to pay the delinquent taxes in installments under Chapter 3 (commencing with Section 4186) and, if so, the installment payment shall be based upon the balance of the redemption amount determined pursuant to this section.

(e) When the taxpayer requests a partial payment, or when the tax collector receives such a payment, the tax collector shall inform the taxpayer of the provisions of subdivision (b) by return mail.

If such a finding is made, there shall be conducted among all of the judges of the superior and municipal courts of that county an election to determine the agency, either the marshal or sheriff, under which court-related services shall be consolidated. The outcome shall be determined by a simple majority of votes cast, provided that the total number of votes cast exceeds 50 percent of the number of superior and municipal judges in the county, by at least one vote. 26625.2. There is a court services division within the Contra Costa County Sheriff's Department to serve the superior and municipal courts. The court services division shall maintain a branch office in each municipal court district with the exception of the Walnut Creek-Danville Judicial District.

26625.3. There is a Court Services Oversight Committee consisting of three municipal court judges and two superior court judges in even-numbered years and three superior court judges and two municipal court judges in odd-numbered years elected annually by a majority of their respective benches. The duties of the committee shall be those prescribed by this article, and include, but are not limited to, the following:

(b) To approve staffing levels and the recommended budget prior to submission to the board of supervisors.

(c) To approve security measures and plans prepared by the sheriff, through the assistant sheriff, court services division.

(d) Notwithstanding any other provisions of law, the sheriff through the assistant sheriff, court services division, shall provide bailiffing, court security, and prisoner holding in the Superior Court and Municipal Courts of Contra Costa County, processing and service of civil and criminal process, including subpoenas and warrants, extraditions, and such investigations and other services as directed by any court.

26625.4. (a) The sheriff shall be the appointing authority for all

court services division positions and employees.

(b) The incumbent marshal of the Contra Costa County Municipal Court shall become the assistant sheriff (exempt) of the court services division upon the operative date of this section and may not be removed except by a four-fifths majority vote of the Court Services Oversight Committee. He or she shall hold the permanent rank of captain in the merit system. Whenever the salary of assistant sheriff is adjusted by the board of supervisors, the salary of assistant sheriff, court services division, shall be adjusted in the same amount with the same effective date.

(c) Selection, appointment, and removal of subsequent assistant sheriffs of the court services division shall be made by a majority vote of the Superior Court Judges of Contra Costa County and by a majority vote of the Municipal Court Judges of Contra Costa County from a list of qualified candidates submitted by the sheriff.

(d) The two incumbent assistant marshals in the marshal's office shall become marshals, court services division, in the sheriff's department and assigned to the division of court services upon the operative date of this section and may not be removed except by a four-fifths majority vote of the Court Services Oversight Committee. They shall be allocated to a salary level which is 67 levels on the C5 salary schedule above that of lieutenant in the service of Contra Costa County. Whenever the salary of lieutenant is adjusted by the board of supervisors, the salary of these two individuals shall be adjusted in the same percentage or levels with the same effective date.

26625.5. (a) All personnel of the marshal's office who are assigned to court services on the operative date of this section shall become members of the court services division at their existing salaries and benefits. Permanent employees presently holding the rank of deputy or sergeant, respectively, in the marshal's office shall become deputy sheriffs or sheriff's sergeants upon the operative date of this section.

(b) Sworn personnel described in subdivision (a) may be transferred to another position in the sheriff's office at the same or an equivalent classification, but shall not be involuntarily transferred out of court services.

(c) Permanent employees of the sheriff's office assigned to court services on the operative date of this section and permanent employees of the marshal's office on the operative date of this section shall be deemed qualified for employment and retention in the Sheriff's Department of Contra Costa County. Probationary employees of the sheriff's department assigned to court services on the operative date of this section and probationary employees of the marshal's office on the operative date of this section shall retain their probationary status and rights, and shall not be required to start a new probationary period.

(d) For personnel of the sheriff's office assigned to court services on the operative date of this section and personnel of the marshal's

office on the operative date of this section, all county service shall be counted toward county seniority, and all time spent in the same classification, and all time spent in the equivalent or higher classification shall be counted toward classification seniority. All county seniority shall be credited as departmental seniority. For layoff and displacement purposes all covered service in the sheriff's department and marshal's office shall be counted equally, and the County's Personnel Management Regulations and other governing county ordinances and resolutions shall determine the class, county, and departmental seniority dates, the seniority and layoff order, and displacement rights of all employees.

(e) No employee of the sheriff's office assigned to court services on the operative date of this section or employee of the marshal's office on the operative date of this section shall lose peace officer status or be demoted or otherwise adversely affected by the consolidation of court services accomplished by this section. Peace Officer Standards and Training certificates held on the operative date of this section by employees of the Marshal's Department of Contra Costa County and the Sheriff's Department of Contra Costa County shall be considered the same for purposes of this section.

26625.6. (a) Notwithstanding any other provision of this article, the sheriff through the assistant sheriff, court services division, shall make all transfers within the court services division consistent with existing personnel policies of the sheriff, memoranda of understanding, if any, and other county personnel management rules and regulations.

(b) A deputy marshal or deputy marshal sergeant on the operative date of this section who transfers out of the court services division to another division of the sheriff's office and subsequently fails to meet the employment standards of the other division may be transferred back to the court services division at the sole discretion of the sheriff.

26625.7. An employee of the sheriff's office who desires to transfer into the office of court services shall make application through the appropriate division to the assistant sheriff, court services division. That employee, if approved by the Court Services Oversight Committee for transfer to the court services division, shall execute an agreement to serve in court services for a minimum term of three years.

26625.8. Since the sheriff's department previously required each of its deputies to serve on its jail detention staff, and a deputy was permitted to credit time spent as a superior court bailiff prior to January 5, 1987, in lieu of all or part of this jail requirement, employees of the marshal's office on the operative date of this section shall be required to serve on the jail staff only if they transfer out of the court services division. In addition, those employees shall receive day-for-day credit on the jail requirement for time spent prior to the operative date of this section in bailiff-related services in the municipal court to the same extent as sheriff's deputies receive such

credit for time spent in bailiff-related sevices in the superior court. The purpose of this section is to provide equality of treatment for those who have provided equivalent service in the municipal and superior courts.

26625.9. All sworn permanent employees subsequently assigned to the court services division shall be required to meet those requirements of the California Commission on Peace Officer Standards and Training imposed on all marshal's departments in California.

26625.10. The marshal's office is abolished.

26625.11. Sections 26625.12 to 26625.15, inclusive, shall become operative only if the marshal is selected as the agency under which court-related services shall be consolidated, in which case those sections shall become operative upon the vote of the judges of the county so selecting the marshal.

26625.12. Deputy sheriffs who become members of the consolidated office shall do so at their existing or equivalent classifications, salaries, and benefits, and except as may be necessary for the operation of the agency under which court-related services are consolidated, shall not be involuntarily transferred out of the consolidated court-related services office.

26625.13. Permanent employees of the sheriff's department on the operative date of the consolidation shall be deemed qualified, and no other qualifications shall be required for employment or retention. Probationary employees of the sheriff's department on the operative date of the consolidation shall retain their probationary status and rights, and shall not be deemed to have transferred so as to require serving a new probationary period.

26625.14. All county service or service in the sheriff's department of employees of the sheriff's department on the operative date of the consolidation shall be counted toward seniority in the court-related services office, and all time spent in the same, equivalent, or higher classification shall be counted toward classification seniority.

26625.15. No employee of the sheriff's department on the operative date of the consolidation shall lose peace officer status, or be demoted or otherwise adversely affected by a consolidation of court services under this section.

SEC. 2. The provisions of this act are necessary because the County of Contra Costa is the only county where the judges of the municipal court and the superior court, the members of the board of supervisors, the sheriff, and the marshal have all accepted the terms of consolidation of the offices of marshal and sheriff. It is hereby declared that a general law cannot be made applicable because the County of Contra Costa is the only county where all the parties of interest have agreed to a consolidation, and the county needs legislative authorization to implement consolidation of these offices. Accordingly, it is necessary that this special act be adopted.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this

act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to

Purchases of bankers acceptances may not exceed 270 days maturity or 40 percent of the agency's surplus money which may be invested pursuant to this section. However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

An additional 15 percent, or a total of 30 percent of the agency's surplus money, may be invested pursuant to this subdivision. The additional 15 percent may be so invested only if the dollar-weighted average maturity of the entire amount does not exceed 31 days. CHAPTER 502

An act to amend Section 11743.1 of the Insurance Code, relating to workers' compensation.

[Approved by Governor August 22, 1988. Filed with Secretary of State August 22, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 11743.1 of the Insurance Code is amended to read:

11743.1. An insurer may not change the classifications on a workers' compensation insurance policy if the change in classifications results in an increased premium unless one of the following is applicable:

(a) The insured, its agent, or its broker is notified during the affected policy period of the change in classifications during that policy period.

(b) The insured, its agent, or its broker agrees to the change in classifications.

(c) The insured, its agent, or its broker knew or, in the exercise of reasonable diligence, should have known that the classifications being changed were improper.

(d) The change in classifications was made with respect to a policy period as a result of a payroll audit or inspection for classification purposes initiated within one year after expiration of that policy period.

(e) The change in classifications was made pursuant to classification assignments published by a rating organization licensed pursuant to Article 3 (commencing with Section 11750) as applicable to the policyholder for the policy period or a prior policy period.

When an insurer changes the classifications on a workers' compensation insurance policy and the reclassification requires additional payments by the insured exceeding 25 percent of the insured's annual premium, the insurer shall offer the insured the option of making the payments in monthly installments over a one-year period commencing on the date the insurer notified the insured that additional payments were due. This offer shall not be required when the reclassification is as a result of a regulation adopted by the Department of Insurance or other action by or under the authority of the commissioner.

This section shall be inapplicable to a change in classification if the reason for the change is fraud or a material misrepresentation by or with the knowledge of the insured or if the insured fails to reasonably cooperate in a payroll audit or inspection for classification purposes.

6268. Public records, as defined in Section 6252, in the custody or control of the Governor when he or she leaves office, either voluntarily or involuntarily, shall, as soon as is practical, be transferred to the State Archives. Notwithstanding any other provision of law, the Governor, by written instrument, the terms of which shall be made public, may restrict public access to any of the transferred public records, or any other writings he or she may transfer, which have not already been made accessible to the public. With respect to public records, public access, as otherwise provided for by this chapter, shall not be restricted for a period greater than 50 years or the death of the Governor, whichever is later, nor shall there be any restriction whatsoever with respect to enrolled bill files, press releases, speech files, or writings relating to applications for clemency or extradition in cases which have been closed for a period of at least 25 years. Subject to any restrictions permitted by this section, the Secretary of State, as custodian of the State Archives, shall make all such public records and other writings available to the public as otherwise provided for in this chapter.

Except as to enrolled bill files, press releases, speech files, or writings relating to applications for clemency or extradition, this section shall not apply to public records or other writings in the direct custody or control of any Governor who held office between 1974 and 1988 at the time of leaving office, except to the extent that that Governor may voluntarily transfer those records or other writings to the State Archives.

Notwithstanding any other provision of law, the public records and other writings of any Governor who held office between 1974 and 1988 may be transferred to any educational or research institution in California provided that with respect to public records, public access, as otherwise provided for by this chapter, shall not be restricted for a period greater than 50 years or the death of the Governor, whichever is later. No records or writings may be transferred pursuant to this paragraph unless the institution receiving them agrees to maintain, and does maintain, the materials according to commonly accepted archival standards. No public records transferred shall be destroyed by that institution without first receiving the written approval of the Secretary of State, as custodian

of the State Archives, who may require that the records be placed in the State Archives rather than being destroyed. An institution receiving those records or writings shall allow the Secretary of State, as custodian of the State Archives, to copy, at state expense, and to make available to the public, any and all public records, and inventories, indices, or finding aids relating to those records, which the institution makes available to the public generally. Copies of those records in the custody of the State Archives shall be given the same legal effect as is given to the originals.

For obligations secured by nonresidential properties, the request shall remain valid until withdrawn in writing and shall be applicable to all delinquencies as provided in this section, which occur prior to the date on which the interest of the requester will terminate as specified in the request or the expiration date, as appropriate. The beneficiary or mortgagee of obligations secured by nonresidential properties that have sent five or more notices prior to the expiration of the effective period of the request may charge a fee up to fifteen dollars ($15) for each subsequent notice. A request for notice shall be effective for five years from the mailing of the request or the recording of that request, whichever occurs later, and may be renewed within six months prior to its expiration date by sending the beneficiary or mortgagee, or agent, as the case may be, at the address to which original requests for notice are to be sent, a copy of the earlier request for notice together with a signed statement that the request

is renewed and a renewal fee of fifteen dollars ($15). Upon timely submittal of a renewal request for notice, the effectiveness of the original request is continued for five years from the time when it would otherwise have lapsed. Succeeding renewal requests may be submitted in the same manner. The request for notice and renewals thereof shall be recorded in the office of the county recorder of the county in which the security real property is situated. The rights and obligations specified in this section shall inure to the benefit of, or pass to, as the case may be, successors in interest of parties specified in this section. Any successor in interest of a party entitled to notice under this section shall file a request for that notice with any beneficiary or mortgagee of the senior lien and shall pay a processing fee of fifteen dollars ($15). No new written consent shall be required from the trustor or mortgagor.

(c) Unless the delinquency has been cured, within 15 days following the end of four months from any delinquency in payments of principal or interest on any obligation secured by the senior lien which delinquency exists or occurs on or after 10 days from the mailing of the request for notice or the recording of that request, whichever occurs later, the beneficiary or mortgagee shall give written notice to the requester of the fact of any delinquency and the amount thereof.

The notice shall be given by personal service, or by deposit in the mail, first-class postage paid. Following the recording of any notice of default pursuant to Section 2924 with respect to the same delinquency, no notice or further notice shall be required pursuant to this section.

(d) If the beneficiary or mortgagee of any such senior lien fails to give notice to the requester as required in subdivision (c), and a subsequent foreclosure or trustee's sale of the security property occurs, the beneficiary or mortgagee shall be liable to the requester for any monetary damage due to the failure to provide notice within the time period specified in subdivision (c) which the requester has sustained from the date on which notice should have been given to the earlier of the date on which the notice is given or the date of the recording of the notice of default under Section 2924, and shall also forfeit to the requester the sum of three hundred dollars ($300). A showing by the beneficiary or mortgagee by a preponderance of the evidence that the failure to provide timely notice as required by subdivision (c) resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error shall be a defense to any liability for that failure.

(e) If any beneficiary or mortgagee, or agent which it had designated for the purpose of receiving loan payments, has been succeeded in interest by any other person, any request for notice received pursuant to this section shall be transmitted promptly to that person.

(f) Any failure to comply with the provisions of this section shall not affect the validity of a sale in favor of a bona fide purchaser or

the rights of an encumbrancer for value and without notice.

(g) This section shall become operative on July 1, 1985, and shall remain in effect until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

The repeal of this section shall not affect the validity of requests for notice of delinquency filed before January 1, 1991.

CHAPTER 513

An act to amend Section 509 of the Corporations Code, relating to corporations.

[Approved by Governor August 22, 1988. Filed with Secretary of State August 23, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 509 of the Corporations Code is amended to read:

509. (a) A corporation may redeem any or all shares which are redeemable at its option by (1) giving notice of redemption, and (2) payment or deposit of the redemption price of the shares as provided in its articles or deposit of the redemption price pursuant to subdivision (d).

(b) Subject to any provisions in the articles with respect to the notice required for redemption of shares, the corporation may give notice of the redemption of any or all shares subject to redemption by causing a notice of redemption to be published in a newspaper of general circulation in the county in which the principal executive office of the corporation is located at least once a week for two

successive weeks, in each instance on any day of the week, commencing not earlier than 60 nor later than 20 days before the date fixed for redemption. The notice of redemption shall set forth all of the following:

(1) The class or series of shares or part of any class or series of shares to be redeemed.

(2) The date fixed for redemption.

(3) The redemption price.

(4) If the shares are certificated securities, the place at which the shareholders may obtain payment of the redemption price upon surrender of their share certificates.

(c) If the corporation gives notice of redemption pursuant to subdivision (b), it shall also mail a copy of the notice of redemption to each holder of record of shares to be redeemed as of the date of mailing or record date fixed in accordance with Section 701, addressed to the holder at the address of such holder appearing on the books of the corporation or given by the holder to the corporation for the purpose of notice, or if no such address appears or is given at the place where the principal executive office of the corporation is located, not earlier than 60 nor later than 20 days before the date fixed for redemption. Failure to comply with this subdivision does not invalidate the redemption of the shares.

(d) If, on or prior to any date fixed for redemption of redeemable shares, the corporation deposits with any bank or trust company in this state as a trust fund, (1) a sum sufficient to redeem, on the date fixed for redemption thereof, the shares called for redemption, (2) in the case of the redemption of any uncertificated securities, an officer's certificate setting forth the holders thereof registered on the books of the corporation and the number of shares held by each, and (3) irrevocable instructions and authority to the bank or trust company to publish the notice of redemption thereof (or to complete publication if theretofore commenced) and to pay, on and after the date fixed for redemption or prior thereto, the redemption price of the shares to their respective holders upon the surrender of their share certificates, in the case of certificated securities, or the delivery of the officer's certificate in the case of uncertificated securities, then from and after the date of the deposit (although prior to the date fixed for redemption) the shares called shall be redeemed and the dividends on those shares shall cease to accrue after the date fixed for redemption. The deposit shall constitute full payment of the shares to their holders and from and after the date of the deposit the shares shall no longer be outstanding and the holders thereof shall cease to be shareholders with respect to the shares and shall have no rights with respect thereto except the right to receive from the bank or trust company payment of the redemption price of the shares without interest, upon surrender of their certificates therefor, in the case of certificated securities, and any right to convert the shares which may exist and then continue for any period fixed by its terms.

In determining the holders of uncertificated securities, the bank

or trust company shall be entitled to rely on any officer's certificate deposited with it in accordance with this subdivision.

CHAPTER 514

An act to amend Sections 987.58, 987.59, and 987.60 of the Military and Veterans Code, relating to veterans.

[Approved by Governor August 22, 1988 Filed with Secretary of State August 23, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 987.58 of the Military and Veterans Code is amended to read:

987.58. (a) If a veteran dies after filing an application for purchase of a farm or a home, and the veteran's eligibility and qualifications are subsequently approved, the veteran's surviving spouse may, in the discretion of the department, succeed to the veteran's rights under the application, and may succeed to the veteran's rights, privileges, and benefits under this article. The contract of purchase which the department otherwise would have made with the deceased veteran may be made with the surviving spouse.

(b) If a person was a member of the armed forces on active military duty, entered active duty while in the State of California and lived in this state for six months immediately preceding entry into active duty and was killed in line of duty while on active duty, that person is a veteran for purposes of this article, and his or her unremarried surviving spouse may file an application, is entitled to the same rights, privileges, and benefits, and may contract with the department pursuant to subdivision (a).

(c) If a member of the armed forces entered active military duty while in the State of California, lived in this state for six months or more immediately preceding entry into active duty, and is being held as a prisoner of war or has been designated by the armed forces as missing in action, that person is a veteran for purposes of this article, and his or her spouse may file an application, is entitled to the same rights, privileges, and benefits, and may contract with the department pursuant to subdivision (a).

SEC. 2. Section 987.59 of the Military and Veterans Code is amended to read:

987.59. When a veteran has been authorized by the department to select a farm or home, he or she shall submit that selection for approval, as the department prescribes.

SEC. 3. Section 987.60 of the Military and Veterans Code is amended to read:

987.60. (a) The department may acquire the farm or home from

its owner or may contract with a veteran for the construction of a dwelling house and other improvements for a farm or home, upon the terms agreed under all of the following terms and conditions:

(1) The department is satisfied of the desirability of the property submitted.

(2) The veteran has agreed with the department that he or she, or members of his or her immediate family, will actually reside on the property within 60 days from the date of purchase by the department, or, if the residence on the property is not complete on the date of purchase, within 60 days after the residence is completed, and will continue to reside on the property until all payments due the department have been paid or the farm or home is sold, except where the occupancy requirement is waived pursuant to Section 987.62.

(3) If the department is to contract with a veteran for the construction of a dwelling house and other buildings, or for the purchase of a mobilehome, all of the following are required:

(A) The veteran is the owner in fee of the real property on which the dwelling house and other buildings are to be constructed, or is the owner in fee of the real property or the owner of an undivided interest in common in a portion of a parcel of real property on which a mobilehome is to be situated, and agrees to convey that property to the department without cost.

(B) The veteran has paid a reasonable fee set by the department to cover the cost of any preliminary service of the department that may be necessary to process the application.

(C) The veteran has filed with the department adequate plans and specifications for the improvements to be constructed upon the real property, together with a contract, executed by a contractor licensed by the State of California for the construction of the improvements in accordance with the plans and specifications within eight months after the acquisition of the real property by the department, and a bond executed by the contractor providing for compliance with the terms of the contract and for the payment of persons furnishing material or labor on the job, executed by a surety company authorized to do business in the State of California.

(D) The plans, specifications, contract, and bond are approved by the department.

(E) The veteran has placed in escrow all sums of money to be advanced by him or her, where the cost is in excess of the maximum that may be expended by the department.

(b) As used in this section "immediate family" includes only the veteran's spouse, natural or adoptive dependent children, and parents only if the parents are dependent upon the veteran for 50 percent or more of their support.

CHAPTER 515

An act to amend Section 16028 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 22, 1988. Filed with Secretary of State August 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 16028 of the Vehicle Code is amended to read:

16028. (a) Every person who drives a motor vehicle required to be registered in this state upon a highway, or who drives a moped upon the highway, shall, when requested by a peace officer pursuant to subdivision (c) or (d), provide evidence of financial responsibility for the vehicle.

Except as otherwise provided in this subdivision and subdivisions (e) and (f), any person who violates this subdivision is guilty of an infraction and shall be punished for each offense by a fine of seventy-five dollars ($75) and an additional penalty assessment of twenty-five dollars ($25). If (1) the citation is issued pursuant to subdivision (c) on a notice to appear for violation of Section 23152, and (2) the driver is convicted of violating Section 23152, then the penalty upon conviction for violation of subdivision (a) is a fine of one hundred eighty dollars ($180) and an additional penalty assessment of sixty dollars ($60). Each defendant shall be fined and assessed a penalty assessment in the amount specified in this section, upon conviction, unless the court determines that in the interests of justice the fine and the penalty assessment should be reduced. Any reduction of the fine and penalty assessment shall be in the same proportion and the court shall state the reasons for reducing the fine and assessment on the record.

In lieu of the fine and penalty assessment otherwise assessable under this subdivision, the court may permit the defendant to perform community service designated by the court.

(b) (1) For purposes of this section, "evidence of financial responsibility" shall be in writing and means any of the following:

(A) The name of the insurance or surety company which issued the automobile liability policy, motor vehicle liability policy, or bond meeting the requirements of Section 16056, in effect for the vehicle, and the number of the insurance policy or surety bond.

(B) If the owner is a self-insurer as provided in Section 16052 or a depositor as provided in Section 16054.2, the certificate or deposit number issued by the department.

(C) An insurance covering note, as specified in Section 382 of the Insurance Code.

(D) A showing that the vehicle is owned or leased by, or under the direction of, the United States or any public entity, as defined in

Section 811.2 of the Government Code.

(2) For purposes of this section, "evidence of financial responsibility" also includes the identifying symbol issued to a highway carrier by the Public Utilities Commission pursuant to Section 3543 of the Public Utilities Code and displayed on the motor vehicle.

(3) For purposes of this section, "evidence of financial responsibility in writing" may be satisfied by writing the name of the insurance company or surety company and the policy number or surety bond number on the motor vehicle registration card issued by the Department of Motor Vehicles.

(c) Whenever a notice to appear is issued for any alleged violation of this code, except a violation specified in Chapter 9 (commencing with Section 22500) of Division 11 or any local ordinance adopted pursuant thereto, the cited driver shall furnish written evidence of financial responsibility, as defined by subdivision (b), upon request of the peace officer issuing the citation. The peace officer shall request and write the driver's evidence of financial responsibility on the notice to appear, except where the peace officer is unable to write the driver's evidence of financial responsibility on the notice to appear due to an emergency that requires his or her presence elsewhere. If the cited driver fails to provide evidence of financial responsibility at the time the notice to appear is issued, the peace officer may issue the driver a notice to appear for violation of subdivision (a). The notice to appear for violation of subdivision (a) shall be written on the same citation form as the original violation.

(d) Whenever a peace officer is summoned to the scene of an accident, the driver of any motor vehicle which is in any manner involved in the accident, shall furnish written evidence of financial responsibility as defined by subdivision (b), upon the request of the peace officer making the report. If the driver fails to provide evidence of financial responsibility when requested, the peace officer may issue the driver a notice to appear for violation of subdivision (a).

(e) A person cited in a notice to appear for violation of subdivision (a) may personally appear before the clerk of the court, as designated in the notice to appear, and provide written evidence of financial responsibility in a form consistent with Section 16028.4 showing that the driver was in compliance with Section 16020 at the time the notice to appear for violating subdivision (a) was issued. In lieu of a personal appearance, the person may submit written evidence of financial responsibility by mail to the court. Upon receipt by the clerk of written evidence of financial responsibility in a form consistent with Section 16028.4, further proceedings on the notice to appear for the violation of subdivision (a) of Section 16028 shall be dismissed, subject to Section 16031.

(f) If a driver cited for a violation of subdivision (a) is, at the time of issuance of the notice to appear, driving a motor vehicle owned, operated, or leased by the employer of the driver and driven with

the permission of the employer, this section and Sections 16031 and 16032 apply to the employer rather than the driver. In that case, the notice to appear shall be issued to the employer, rather than the driver, and the driver may sign the notice to appear on behalf of the employer and shall notify the employer of the citation within five days after the issuance thereof.

(g) Penalty assessments collected pursuant to subdivision (a) shall be deposited in the county's Courthouse Temporary Construction Fund established pursuant to Section 76001, 76002, 76003, 76004, 76005, or 76006 of the Government Code.

(h) Any penalty assessment imposed pursuant to any other provision of law shall not be imposed on the additional penalty assessment provided in subdivision (a).

(i) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

CHAPTER 516

An act to add Section 959.1 to the Penal Code, relating to criminal procedure.

[Approved by Governor August 22, 1988. Filed with Secretary of State August 23, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 959.1 is added to the Penal Code, to read:

959.1. (a) Notwithstanding Sections 740, 806, 949, and 959 or any other provision of the law to the contrary, a criminal prosecution may be commenced by filing an accusatory pleading in electronic form with the magistrate or in a court having authority to receive it.

(b) As used in this section, accusatory pleadings include, but are not limited to, the complaint, the information, the indictment, and any citation or notice to appear issued on a form approved by the Judicial Council.

(c) A magistrate or court is authorized to receive and file an accusatory pleading in electronic form if all of the following conditions are met:

(1) The accusatory pleading is issued in the name of and transmitted by a public prosecutor or by a law enforcement agency filing pursuant to Chapter 5c (commencing with Section 853.5) or Chapter 5d (commencing with Section 853.9).

(2) The magistrate or court has the facility to electronically store the accusatory pleading for the statutory period of record retention.

(3) The magistrate or court has the ability to reproduce the accusatory pleading in physical form upon demand and payment of any costs involved.

An accusatory pleading shall be deemed to have been filed when it has been received by the magistrate or court.

When transmitted in electronic form, the accusatory pleading shall be exempt from any requirement that it be subscribed by a natural person. It is sufficient to satisfy any requirement that an accusatory pleading, or any part of it, be sworn to before an officer entitled to administer oaths, if the pleading, or any part of it, was in fact sworn to and the electronic form indicates which parts of the pleading were sworn to and the name of the officer who administered the oath.

(4) Notwithstanding any other provision of law, a notice of parking violation or a notice to appear may be received and filed by court in electronic form, if the following conditions are met:

(A) The notice of parking violation is issued and transmitted by a law enforcement agency prosecuting pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code.

(B) The court has the facility to electronically store the data elements of the notice of parking violation for the statutory period of record retention and to produce those data elements in printed form upon demand and payment of any costs involved.

(C) The issuing agency has the ability to reproduce the notice of parking violation in physical form upon demand and payment of any costs involved, as provided in Section 40206.5 of the Vehicle Code.

CHAPTER 517

An act to amend Section 10474 of the Business and Professions Code, relating to real estate, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 22, 1988. Filed with Secretary of State August 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 10474 of the Business and Professions Code is amended to read:

10474. Notwithstanding any other provision of this chapter and regardless of the number of persons aggrieved or parcels of real estate involved in a transaction or the number of judgments against a licensee, the liability of the Recovery Account shall not exceed the following amounts:

(a) For causes of action which occurred on or after July 1, 1964, and prior to January 1, 1975, ten thousand dollars ($10,000) for any one transaction and twenty thousand dollars ($20,000) for any one licensee.

(b) For causes of action which occurred on or after January 1, 1975, and prior to January 1, 1980, ten thousand dollars ($10,000) for

any one transaction and forty thousand dollars ($40,000) for any one licensee.

(c) For causes of action which occurred on or after January 1, 1980, twenty thousand dollars ($20,000) for any one transaction and one hundred thousand dollars ($100,000) for any one licensee.

(d) When multiple licensed real estate personnel are involved in a transaction and the individual conduct of two or more of the licensees results in a judgment meeting the requirements of subdivision (a) of Section 10471, the claimant may seek recovery from the Recovery Account based on the judgment against any of the licensed real estate personnel, subject to the limitations of this section and subparagraph (E) of paragraph (7) of subdivision (c) of Section 10471.

SEC. 2. The Legislature finds and declares that Section 1 of this act, adding subdivision (d) to Section 10474 of the Business and Professions Code, is declaratory and a codification of existing law as exemplified in the case of Edmonds v. Augustyn, 193 Cal. App. 3d 1056, and is not intended to overturn the cases of Fox v. Prime Ventures, Ltd., 86 Cal. App. 3d 333, and Deas v. Knapp, 29 Cal. 3d 69.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that claims may be recovered from the Recovery Account pursuant to law and this act as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 518

An act to repeal and add Chapter 19.5 (commencing with Section 9790) of Division 3 of the Business and Professions Code, relating to aircraft repair.

[Approved by Governor August 22, 1988 Filed with Secretary of State August 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 19.5 (commencing with Section 9790) of Division 3 of the Business and Professions Code, is repealed.

SEC. 2. Chapter 19.5 (commencing with Section 9790) is added to Division 3 of the Business and Professions Code, to read:

CHAPTER 19.5. AIRCRAFT REPAIR

9790. As used in this chapter, the following definitions apply:

(a) "Customer" means any person who requests a repairperson to

do work on a general aviation aircraft which is in the possession of that person.

(b) "Repairperson" means any person engaged in the business of repairing general aviation aircraft.

(c) "General aviation" means all aviation with the exception of air carrier and military aviation.

9791. This chapter applies only to work done on a general aviation aircraft with an estimated cost of one hundred dollars ($100) or more.

9792. Notwithstanding any other provision of law, a repairperson has no lien on a general aviation aircraft under this chapter for compensation for services rendered to the aircraft, unless the repairperson has complied with this chapter.

9793. No repairperson shall commence work for compensation without specific authorization from the customer or his or her agent in accordance with all of the following requirements:

(a) The repairperson shall give to the customer either of the following:

(1) A written estimated price for labor and parts for a specific job.

(2) A written estimate of the maximum cost for a specific job which does not differentiate between labor and parts, but which shall not be exceeded by the actual cost of the job, including labor and parts.

No work shall be done or parts supplied in excess of, or different from, the original written estimate without the separate oral or written consent of the customer. If the consent is oral, the repairperson shall make a notation on the work order and on the invoice of the date, time, name of person authorizing the additional work or change in work, and the telephone number called, if any, together with a specification of the additional parts and labor and the total additional cost.

(b) If it is necessary to disassemble a general aviation aircraft or its component in order to prepare a written estimated price for required work, the repairperson shall first give the customer a written estimated price for the disassembly and reassembly. The estimate shall also include the cost of parts and necessary labor to replace items such as gaskets and seals that are normally destroyed by disassembling the component. If the disassembling might prevent the restoration of the component to its former condition, the repairperson shall write that information on the work order containing the estimate before the work order is signed by the customer.

The repairperson shall inform the customer orally, and conspicuously in writing on the work order, of the maximum time it will take the repairperson to reassemble the aircraft or its component if the customer elects not to proceed with the work. The repairperson shall not charge the customer for more time than the specified maximum time if the customer elects not to proceed with the work.

After the disassembling has been performed, the repairperson shall prepare a written estimated price for labor and parts necessary for the requested work. Before performing the requested work, the repairperson shall obtain the customer's authorization to either perform the work or to reassemble the aircraft or its components.

(c) When the customer is unable to deliver the aircraft to the repairperson during business hours, and the customer has requested the repairperson to take possession of the aircraft for the purpose of performing work on the aircraft or estimating the cost of the work, the repairperson shall not undertake work on the aircraft for compensation unless the repairperson has done all of the following:

(1) The repairperson has prepared a work order stating the written estimated price for labor and parts necessary to perform the work.

(2) By telephone or otherwise, the customer has been given all of the information on the work order, and the customer has approved the work order.

(3) The customer has given oral or written authorization to the repairperson to make the repairs pursuant to the work order.

If the authorization is oral, the repairperson shall make, on both the work order and the invoice, a notation of the name of the customer, the date, the time, and the telephone number called, if any.

9794. Any repairperson who gives an original estimate in good faith, shall not be obligated to complete a job within the quoted or written estimated price if additional, unforeseen work is necessary to complete the job and the customer refuses to consent to payment for the cost of that additional work.

9795. All work done by a repairperson, including all warranty work, shall be recorded on an invoice and shall describe all work done and parts supplied.

Work and parts shall be listed separately on the invoice, which shall also state separately the subtotal prices for work and for parts, not including sales tax, and shall state separately the sales tax, if any, applicable to each.

If any used, rebuilt, or reconditioned parts are supplied, the invoice shall clearly state that fact. If a part of a component system is composed of new and used, rebuilt, or reconditioned parts, the invoice shall clearly state that fact.

One copy of the invoice shall be given to the customer and one copy shall be retained by the repairperson.

9796. The invoice shall show the repairperson's business name and address.

If the repairperson's telephone number is on the invoice, it shall be the telephone number that appears in any advertisement or on an advertising sign, and shall be the same number as that listed for the repairperson's firm name and address in the telephone directory, or on the telephone company records if the number is assigned to the repairperson subsequent to the publication of the telephone

directory.

9797. Notwithstanding any provision to the contrary, upon authorization from the customer as to a specific job, a repairperson may work on a aircraft on a time and materials basis.

9798. (a) This chapter does not apply to a general aviation aircraft in distress which is in need of immediate work critical to its preservation and safety, for which consent cannot expeditiously be obtained.

(b) This section does not include any situation or accident caused to the aircraft by the negligence or conduct of the repairperson or the repairperson's agent.

CHAPTER 519

An act to amend Section 61601.10 of the Government Code, relating to community services districts.

[Approved by Governor August 22, 1988. Filed with Secretary of State August 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 61601.10 of the Government Code is amended to read:

61601.10. In addition to the powers which may be exercised pursuant to Section 61600, whenever the Board of Directors of the El Dorado Hills Community Services District, the Salton Community Services District, the Stallion Springs Community Services District, or the Big River Community Services District determines by resolution, entered in the minutes, that it is feasible, economically sound, and in the public interest, and if a majority of the voters voting on the proposition vote in favor of the adoption of the additional purpose pursuant to Section 61601, the district may enforce the covenants, conditions, and restrictions adopted for each tract within the boundaries of the district, and assume the duties of the architectural control committee for each tract within the boundaries of the district and for other tracts as may be annexed from time to time, for the purpose of maintaining uniform standards of development within the district as adopted in the covenants, conditions, and restrictions. However, the district shall exercise the duties of an architectural control committee for any tract only to the extent authorized by the covenants, conditions, and restrictions applicable to the tract.

The power to carry on that activity may be divested in the same manner as the power was acquired.

For the purposes of this section, "tract" means any parcel of land for which the county has authorized development.

SEC. 1.5. Section 61601.10 of the Government Code is amended

to read:

61601.10. In addition to the powers which may be exercised pursuant to Section 61600, whenever the Board of Directors of the El Dorado Hills Community Services District, the Salton Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, or the Big River Community Services District determines by resolution, entered in the minutes, that it is feasible, economically sound, and in the public interest, and if a majority of the voters voting on the proposition vote in favor of the adoption of the additional purpose pursuant to Section 61601, the district may enforce the covenants, conditions, and restrictions adopted for each tract within the boundaries of the district, and assume the duties of the architectural control committee for each tract within the boundaries of the district and for other tracts as may be annexed from time to time, for the purpose of maintaining uniform standards of development within the district as adopted in the covenants, conditions, and restrictions. However, the district shall exercise the duties of an architectural control committee for any tract only to the extent authorized by the covenants, conditions, and restrictions applicable to the tract.

The power to carry on that activity may be divested in the same manner as the power was acquired.

For the purposes of this section, "tract" means any parcel of land for which the county has authorized development.

SEC. 2. The Legislature finds and declares that the Stallion Springs Community Services District has a special need to exercise the powers set forth in this act. The Legislature further finds and declares that this need is not common to all districts formed under the Community Services District Law. It is, therefore, hereby declared that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution, and that the enactment of this act as a special law, is necessary for the solution of problems existing in the Stallion Springs Community Services District.

SEC. 2.5. Section 1.5 of this bill incorporates amendments to Section 61601.10 of the Government Code proposed by both this bill and SB 2670. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 61601.10 of the Government Code, and (3) this bill is enacted after SB 2670, in which case Section 1 of this bill shall not become operative.

CHAPTER 520

An act to amend Section 1279.5 of, and to repeal Section 978.5 of, the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor August 22, 1988. Filed with Secretary of State August 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 978.5 of the Unemployment Insurance Code is repealed.

SEC. 2. Section 1279.5 of the Unemployment Insurance Code is amended to read:

1279.5. (a) Notwithstanding Section 1252 or 1252.2 or any other provision of this part, for the purposes of this section an individual is "unemployed" in any week if the individual works less than his or her normal weekly hours of work for the individual's regular employer, and the director finds that the regular employer has reduced or restricted the individual's normal hours of work, or has rehired an individual previously laid off and reduced that individual's normal hours of work from those previously worked, as the result of a plan by the regular employer to, in lieu of layoff, reduce employment and stabilize the work force by a program of sharing the work remaining after a reduction in total hours of work and a corresponding reduction in wages of at least 10 percent. The application for approval of a plan shall require the employer to briefly describe the circumstances requiring the use of work sharing to avoid a layoff. Normal weekly hours of work means the number of hours in a week that the employee normally would work for the regular employer or 40 hours, whichever is less. The plan must involve the participation of at least two employees and include not less than 10 percent of the employer's regular permanent work force involved in the affected work unit or units in each week, or in at least one week of a two-consecutive-week period. A plan approved by the director shall expire six months after the effective date of the plan.

(b) Except as otherwise provided in this section, each individual eligible under this chapter who is "unemployed" in any week shall be paid with respect to that week a weekly shared work unemployment compensation benefit amount equal to the percentage of reduction of the individual's wages resulting from an approved plan, rounded to the nearest 5 percent, multiplied by the individual's weekly benefit amount.

(c) No individual who receives any benefits under this section during any benefit year shall receive any benefits pursuant to Section 1252 or 1252.2 as a partially unemployed individual with respect to any week during such benefit year while in employment status with the regular employer who initiated the program of sharing work

under this section. No benefits under this section shall be payable on any type of extended claim.

(d) Any amount payable under this section shall be reduced by the amount of any and all compensation payable for personal services whether performed as an employee or an independent contractor or as a juror or as a witness, except compensation payable by the regular employer under a shared work plan.

For the purposes of this subdivision, "regular employer" may include, pursuant to an approved plan, a labor organization which periodically employs individuals in accordance with a collective bargaining agreement.

(e) The benefit payment under this section, if not a multiple of one dollar ($1), shall be increased to the next higher multiple of one dollar ($1).

(f) Sections 1253.5 and 1279 shall not apply to any individual eligible for any payment under this section.

(g) For the purposes of this section, an individual shall not be disqualified under subdivision (c) of Section 1253 for any week if both of the following conditions exist:

(e) Willfully used the term "realtor" or any trade name or insignia of membership in any real estate organization of which the licensee is not a member.

(f) Acted or conducted himself or herself in a manner which would have warranted the denial of his or her application for a real estate license, or has either had a license denied or a license issued by another agency of this state, another state, or the federal government, revoked or suspended for acts which if done by a real estate licensee would be grounds for the suspension or revocation of a California real estate license; provided, however, that the action of denial, revocation, or suspension by the other agency or entity was taken only after giving the licensee or applicant fair notice of the charges, an opportunity for a hearing, and other due process protections comparable to the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and only upon an express finding of a violation of law by the agency or entity.

SECTION 1. Section 798.74 of the Civil Code is amended to read:

798.74. (a) The management may require the right of prior approval of a purchaser of a mobilehome that will remain in the park and that the selling homeowner or his or her agent give notice of the sale to the management before the close of the sale. Approval cannot be withheld if the purchaser has the financial ability to pay the rent and charges of the park unless the management reasonably determines that, based on the purchaser's prior tenancies, he or she will not comply with the rules and regulations of the park. In determining whether the purchaser has the financial ability to pay the rent and charges of the park, the management shall not require the purchaser to submit copies of any personal income tax returns in order to obtain approval for residency in the park. However, management may require the purchaser to document the amount and source of his or her gross monthly income or means of financial support. If the ownership or management rejects a purchaser as a prospective homeowner, the ownership or management shall inform the selling homeowner in writing of its reasons for the rejection. If the approval of a purchaser is withheld for any reason other than those stated in this article, the management or owner may be held liable for all damages proximately resulting therefrom.

(b) If the management collects a fee or charge from a prospective purchaser of a mobilehome in order to obtain a financial report or credit rating, the full amount of the fee or charge shall be credited toward payment of the first month's rent for that mobilehome purchaser. If, for whatever reason, the prospective purchaser is

rejected by the management, the management shall refund to the prospective purchaser the full amount of that fee or charge within 30 days from the date of rejection. If the prospective purchaser is approved by the management, but, for whatever reason, the prospective purchaser elects not to purchase the mobilehome, the management may retain the fee, or a portion thereof, to defray its administrative costs under this section.

CHAPTER 524

An act to amend Section 647 of the Penal Code, relating to crimes.

[Approved by Governor August 22, 1988. Filed with Secretary of State August 23, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 647 of the Penal Code is amended to read:

647. Every person who commits any of the following acts is guilty of disorderly conduct, a misdemeanor:

(a) Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view.

(b) Who solicits or who agrees to engage in or who engages in any act of prostitution. A person agrees to engage in an act of prostitution when, with specific intent to so engage, he or she manifests an acceptance of an offer or solicitation to so engage, regardless of whether the offer or solicitation was made by a person who also possessed the specific intent to engage in prostitution. No agreement

to engage in an act of prostitution shall constitute a violation of this subdivision unless some act, beside the agreement, be done within this state in furtherance of the commission of an act of prostitution by the person agreeing to engage in that act. As used in this subdivision, "prostitution" includes any lewd act between persons for money or other consideration.

(c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.

(d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.

(e) Who loiters or wanders upon the streets or from place to place without apparent reason or business and who refuses to identify himself or herself and to account for his or her presence when requested by any peace officer so to do, if the surrounding circumstances are such as to indicate to a reasonable person that the public safety demands such identification.

(f) Who is found in any public place under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, controlled substance, or toluene, in such a condition that he or she is unable to exercise care for his or her own safety or the safety of others, or by reason of his or her being under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, or toluene, interferes with or obstructs or prevents the free use of any street, sidewalk, or other public way.

(ff) When a person has violated subdivision (f) of this section, a peace officer, if he or she is reasonably able to do so, shall place the person, or cause him or her to be placed, in civil protective custody. Such person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he or she effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to such placement. This subdivision shall not apply to the following persons:

(1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.

(2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f) of this section.

(3) Any person who a peace officer in good faith believes will attempt escape or will be unreasonably difficult for medical personnel to control.

(g) Who loiters, prowls, or wanders upon the private property of another, at any time, without visible or lawful business with the

owner or occupant thereof. As used in this subdivision, "loiter" means to delay or linger without a lawful purpose for being on the property and for the purpose of committing a crime as opportunity may be discovered.

(h) Who, while loitering, prowling, or wandering upon the private property of another, at any time, peeks in the door or window of any inhabited building or structure located thereon, without visible or lawful business with the owner or occupant thereof.

(i) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control thereof.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been once previously convicted of a violation of that subdivision, the previous conviction shall be charged in the accusatory pleading; and, if the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 45 days in the county jail. In all cases in which probation is granted the court shall require as a condition thereof that such person be confined in the county jail for at least 45 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 45 days in confinement in the county jail.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been previously convicted two or more times of a violation of that subdivision, each such previous conviction shall be charged in the accusatory pleading; and, if two or more of such previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 90 days in the county jail. In all cases in which probation is granted the court shall require as a condition thereof that such person be confined in the county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in the county jail.

1504. (a) When income is derived directly from real property acquired and operated by the state as wildlife management areas, and regardless of whether income is derived from property acquired after October 1, 1949, the department shall pay annually to the county in which the property is located an amount equal to the county taxes levied upon the property at the time title to the property was transferred to the state. The department shall also pay the assessments levied upon the property by any irrigation, drainage, or reclamation district.

(b) Any delinquent penalties or interest applicable to any such assessments made prior to September 9, 1953, are hereby canceled and shall be waived.

(c) Payments provided by this section shall be from funds available to the department.

(d) As used in this section, the term "wildlife management area" includes waterfowl management areas, deer ranges, upland game bird management areas, and public shooting grounds.

The Attorney General may appear at the hearing on the motion and may file with the court hearing the motion a written opinion on the disqualification issue. The motion shall not be granted unless it is shown by the evidence that a conflict of interest exists such as would render it unlikely that the defendant would receive a fair trial. An order recusing the district attorney from any proceeding may be appealed by the district attorney or the Attorney General. The order recusing the district attorney shall be stayed pending any appeal authorized by this section.

An appeal from an order of recusal from a superior court or from a case involving any charges punishable as a felony shall be made pursuant to Chapter 1 (commencing with Section 1235) of Title 9, regardless of the court in which the order is made. As used in this paragraph, "unlawful sentence" means the imposition of a sentence not authorized by law or the imposition of a sentence based upon an unlawful order of the court which strikes or otherwise modifies the effect of an enhancement or prior conviction.

The director shall implement a new reimbursement policy of peer grouping of hospitals through the promulgation of emergency regulations after required federal approvals are obtained. The department may adjust interim payment percentages to hospitals in order to approximate final settlement and may control or freeze charges in order to carry out this section.

This section shall cease to apply to a hospital when the department enters into a contract, pursuant to Article 2.6 (commencing with Section 14081), either with that hospital or with other hospitals to the exclusion of that hospital for services covered under the contracts.

(b) Notwithstanding any other provision of law, the department may make interim rate adjustments and also implement collection procedures to recover overpayments to hospitals, at tentative and final settlement. (c) The amendment of this section made at the 1985 portion of the 1985–86 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law. This declaration shall not apply to any lawsuits filed on or before July 9, 1985.

(d) It is the intent of the Legislature to evaluate alternative payment systems for hospitals in health facility planning areas which are not closed for contracting purposes and noncontracting hospitals in closed areas. The alternatives shall include, but are not limited to, selective contracting, prospective payment systems, or other feasible options. Any alternative payment system presented to the Legislature shall include at least all of the following:

(g) The department may submit a report to the Legislature by January 31, 1989. The report shall include the contractor's report prepared pursuant to subdivision (e). The department's report shall contain, but shall not be limited to, information on hospital structures and costs on file with the State Department of Health Services, and financial and patient discharge data on file with the Office of Statewide Health Planning and Development. (a) A beer manufacturer's license or out-of-state beer manufacturer's certificate issued to a manufacturer located within the United States authorizes the licensee to conduct tastings of beer produced or bottled by, or produced or bottled for, the licensee, on or off the licensee's premises. Beer tastings may be conducted by the licensee off the licensee's premises only for an event sponsored by a nonprofit organization and only if persons attending the event are affiliated with the sponsor. No beer shall be sold or solicited for sale in that portion of the premises where the beer tasting is being conducted. Notwithstanding Section 25600, the manufacturer may provide beer without charge for any tastings conducted pursuant to this section.

(b) (1) For purposes of this section, "nonprofit organization" does not include any community college or other institution of higher learning, as defined in the Education Code, nor does it include any officially recognized club, fraternity, or sorority whether or not that entity is located on or off the institution's campus.

(2) For purposes of this section, "affiliated with the sponsor" means directors, officers, members, employees, and volunteers of bona fide charitable, fraternal, political, religious, trade, service, or similar nonprofit organizations and their invited guests.

(3) For purposes of this section, persons "affiliated with the sponsor" also includes up to three guests invited by persons described in paragraph (2).

(c) The sponsoring organization shall first obtain a permit from the department at a fee equal to the actual cost of issuing the permit but not to exceed twenty-five dollars ($25) per day.

CHAPTER 534

An act to amend Section 53313.5 of the Government Code, relating to community facilities districts.

[Approved by Governor August 23, 1988 Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 53313.5 of the Government Code is amended to read:

53313.5. A community facilities district may also finance the purchase, construction, expansion, improvement, or rehabilitation of any real or other tangible property with an estimated useful life of five years or longer or may finance planning and design work which is directly related to the purchase, construction, expansion, or rehabilitation of any real or tangible property. The facilities need not be physically located within the district. A district may not lease out facilities which it has financed except pursuant to a lease agreement or annexation agreement entered into prior to January 1, 1988. A district may only finance the purchase of facilities whose construction has been completed, as determined by the legislative body, before the resolution of formation to establish the district is adopted pursuant to Section 53325.1, except that a district may finance the purchase of facilities completed after the adoption of the resolution of formation if the facility was constructed as if it had been constructed under the direction and supervision, or under the authority of, the local agency. For example, a community facilities district may finance facilities, including, but not limited to, the following:

(a) Local park, recreation, parkway, and open-space facilities.

(b) Elementary and secondary schoolsites and structures provided that the facilities meet the building area and cost standards established by the State Allocation Board.

(c) Libraries.

(d) Child care facilities, including costs of insuring the facilities against loss, liability insurance in connection with the operation of the facility, and other insurance costs relating to the operation of the facilities, but excluding all other operational costs. However, the proceeds of bonds issued pursuant to this chapter shall not be used to pay these insurance costs.

(e) The district may also finance the construction or undergrounding of natural gas pipeline facilities, telephone lines, facilities for the transmission or distribution of electrical energy, and cable television lines to provide access to those services to customers who do not have access to those services or to mitigate existing visual blight. The district may enter into an agreement with a public utility to utilize those facilities to provide a particular service and for the conveyance of those facilities to the public utility. If the facilities are conveyed to the public utility, the agreement shall provide for a refund by the public utility to the district or improvement area thereof for the cost of the facilities. Any reimbursement made to the district shall be utilized to reduce or minimize the special tax levied within the district or improvement area, or to construct or acquire additional facilities within the district or improvement area, as specified in the resolution of formation.

(f) The district may also pay in full all amounts necessary to eliminate any fixed special assessment liens or to repay or defease any indebtedness secured by any tax, fee, charge, or assessment levied within the area of a community facilities district or may pay debt service on that indebtedness.

(g) Any other governmental facilities which the legislative body creating the community facilities district is authorized by law to contribute revenue to, or construct, own, or operate. However, the district shall not operate or maintain or, except as otherwise provided in subdivision (d), have any ownership interest in any facilities for the transmission or distribution of natural gas, telephone service, or electrical energy.

CHAPTER 535

An act to add Section 848 to the Civil Code, relating to real property.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 848 is added to the Civil Code, to read:

848. The owner of mineral rights, as defined by Section 883.110, in real property shall give a written notice to the owner or the owner's representative of the real property who is listed as the assessee on the current local assessment roll or lessee, if different from the mineral rights owner, and to any public utility which has a recorded interest in the real property, if there is to be excavation of the utility interest, prior to the first entry upon the real property to prospect for, mine, or extract any mineral. The written notice shall be given by certified mail or acknowledged personal delivery to the

owner, the owner's representative, or lessee, and shall inform the owner, the owner's representative, or lessee and the public utility of the extent and location of the prospecting, mining, or extracting operation, and the approximate time or times of entry and exit upon the real property.

If the mineral rights owner has not complied with this notice requirement, the owner of the real property listed on the current assessment roll or any public utility which has a recorded interest in the real property may request a court to enjoin the prospecting, mining, or extracting operation until the mineral rights owner has complied. The absence of a known owner on the assessment roll or any public utility which has a recorded interest in the real property relieves the mineral rights owner of the obligation to give the written notice to the owner or public utility.

For purposes of this section, an "acknowledged personal delivery" means that the written notice is personally delivered to the owner, the owner's representative, or lessee, and the owner, the owner's representative, or lessee acknowledges, in writing, receipt of the notice.

CHAPTER 536

An act to add Section 5.2 to the County Water Authority Act (Chapter 545 of the Statutes of 1943), relating to county water authorities, and declaring the urgency thereof, to take effect immediately.

(b) The standby availability charge shall not exceed ten dollars ($10) per acre per year for each acre of land within the authority or ten dollars ($10) per year for a parcel less than one acre.

(c) The availability charge shall be adopted by the board of directors only after adoption of a resolution setting forth the particular schedule or schedules of charges proposed to be established by ordinance and after a public hearing on the resolution. The secretary shall cause notice of a time and place of the hearing to be published pursuant to Section 6066 of the Government Code,

prior to the date set for hearing, in a newspaper of general circulation printed and published within the authority. At the time stated in the notice, the board of directors shall hear and consider all objections or protests, if any, to the resolution referred to in the notice and may continue the hearing from time to time. Upon the conclusion of the hearing, the board of directors may adopt, revise, charge, reduce, or modify an assessment of charge or overrule any or all objections. The board of directors shall make its determination upon each charge as described in the resolution, which determination shall be final.

(d) On or before the third Monday in August, the board of directors shall furnish in writing to the board of supervisors and the county auditor of each affected county a description of that parcel of land within the authority upon which an availability charge is to be levied and collected for the current fiscal year, together with the amount of availability charge fixed by the authority on each parcel of land which is to be added to the assessment roll.

(e) The authority shall direct that, at the time and in the manner required by law for the levying of taxes for county purposes, the board of supervisors shall levy, in addition to any other taxes levied, the availability charge in the amounts for the respective parcels fixed by the authority.

(f) All county officers charged with the duties of collecting taxes shall collect the authority's availability charges with the regular tax payments to the county. The availability charges shall be collected in the same form and manner as county taxes are collected, including procedures in the event of delinquency. Upon collection of the availability charges by the tax collector, the collections shall be paid to the authority. The county may deduct the reasonable administrative costs incurred in levying and collecting the water standby availability charge.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 538

An act to amend Sections 2000 and 20111 of the Public Contract Code, relating to public contracts.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 2000 of the Public Contract Code is amended to read:

2000. (a) Notwithstanding any other provision of law requiring a local agency to award contracts to the lowest responsible bidder, any local agency may require that a contract be awarded to the lowest responsible bidder who also does either of the following:

(1) Meets goals and requirements established by the local agency relating to participation in the contract by minority business enterprises and women business enterprises. If the bidder does not meet the goals and requirements established by the local agency for that participation, the local agency shall evaluate the good faith effort of the bidder to comply with those goals and requirements as provided in paragraph (2).

(2) Makes a good faith effort, in accordance with the criteria established pursuant to subdivision (b), prior to the time bids are opened, to comply with the goals and requirements established by the local agency relating to participation in the contract by minority or women business enterprises.

(b) (1) The bidder attended any presolicitation or prebid meetings that were scheduled by the local agency to inform all bidders of the minority and women business enterprise program requirements for the project for which the contract will be awarded. A local agency may waive this requirement if it determines that the bidder is informed as to those program requirements.

(2) The bidder identified and selected specific items of the project for which the contract will be awarded to be performed by minority or women business enterprises to provide an opportunity

for participation by those enterprises.

(3) The bidder advertised, not less than 10 calendar days before the date the bids are opened, in one or more daily or weekly newspapers, trade association publications, minority or trade oriented publications, trade journals, or other media, specified by the local agency for minority or women business enterprises that are interested in participating in the project. This paragraph applies only if the local agency gave public notice of the project not less than 15 calendar days prior to the date the bids are opened.

(4) The bidder provided written notice of his or her interest in bidding on the contract to the number of minority or women business enterprises required to be notified by the project specifications not less than 10 calendar days prior to the opening of bids. To the extent possible, the local agency shall make available to the bidder not less than 15 calendar days prior to the date the bids are opened a list or a source of lists of enterprises which are certified by the local agency as minority or women business enterprises. If the local agency does not provide that list or source of lists to the bidder, the bidder may utilize the list of certified minority or women business enterprises prepared by the Department of Transportation pursuant to Section 14030.5 of the Government Code for this purpose.

(5) The bidder followed up initial solicitations of interest by contacting the enterprises to determine with certainty whether the enterprises were interested in performing specific items of the project.

(6) The bidder provided interested minority and women business enterprises with information about the plans, specifications, and requirements for the selected subcontracting or material supply work.

(7) The bidder requested assistance from minority and women community organizations; minority and women contractor groups; local, state, or federal minority and women business assistance offices; or other organizations that provide assistance in the recruitment and placement of minority or women business enterprises, if any are available.

(8) The bidder negotiated in good faith with the minority or women business enterprises, and did not unjustifiably reject as unsatisfactory bids prepared by any minority or women business enterprises, as determined by the local agency.

(9) Where applicable, the bidder advised and made efforts to assist interested minority and women business enterprises in obtaining bonds, lines of credit, or insurance required by the local agency or contractor.

(10) The bidder's efforts to obtain minority and women business enterprise participation could reasonably be expected by the local agency to produce a level of participation sufficient to meet the goals and requirements of the local agency.

(c) The performance by a bidder of all of the criteria specified in

subdivision (b) shall create a rebuttable presumption, affecting the burden of producing evidence, that a bidder has made a good faith effort to comply with the goals and requirements relating to participation by minority and women business enterprises established pursuant to subdivision (a).

(d) "Local agency," as used in this section, means a county or city, whether general law or chartered, city and county, school district, or other district. "District," as used in this section, means an agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries.

(e) "Minority or women business enterprise," as used in this section, means a business enterprise that meets both of the following criteria:

(2) A business whose management and daily business operations are controlled by one or more minority persons or women.

(f) "Minority person," for purposes of this section, means Black Americans, Hispanic Americans, Native Americans (including American Indians, Eskimos, Aleuts, and Native Hawaiians), Asian-Pacific Americans (including persons whose origins are from Japan, China, the Philippines, Vietnam, Korea, Samoa, Guam, the United States Trust Territories of the Pacific, Northern Marianas, Laos, Cambodia, and Taiwan), or any other group of natural persons identified as minorities in the project specifications by the local agency.

(g) This section does not apply to any of the following:

(1) Any contract, funded in whole or in part by the federal government, to the extent of any conflict between the requirements imposed by this section and any requirements imposed by the federal government relating to participation in a contract by a minority or women business enterprise as a condition of receipt of the federal funds.

(2) The San Francisco Bay Area Rapid Transit District, the Los Angeles County Transportation Commission, or any other local agency that has authority to facilitate the participation of minority or women business enterprises substantially similar to the authority granted to the San Francisco Bay Area Rapid Transit District pursuant to Section 20229 of this code or the Los Angeles County Transportation Commission pursuant to Section 130239 of the Public Utilities Code.

SEC. 2. Section 20111 of the Public Contract Code is amended to read:

20111. The governing board of any school district, in accordance with any requirement established by that governing board pursuant to subdivision (a) of Section 2000, shall let any contracts involving an

expenditure of more than fifteen thousand dollars ($15,000) for work to be done or more than twenty-one thousand dollars ($21,000) for materials or supplies to be furnished, sold, or leased to the district, to the lowest responsible bidder who shall give such security as the board requires, or else reject all bids. This section applies to all materials and supplies whether patented or otherwise.

CHAPTER 539

An act to amend Section 21451 of the Public Contract Code, and to amend Section 3.9 of, to add Sections 3.10, 3.11, 3.12, 3.13, 3.14, and 16.5 to, and to repeal Sections 12.1, 12.2, 12.3, and 12.4 of, the Amador County Water Agency Act (Chapter 2137 of the Statutes of 1959), relating to the Amador County Water Agency.

[Approved by Governor August 23, 1988 Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 21451 of the Public Contract Code is amended to read:

21451. All contracts for any improvement or unit of work, when the cost according to the estimate of the engineer will exceed twelve thousand five hundred dollars ($12,500), shall be let to the lowest responsible bidder or bidders as provided in this section. The board shall first determine whether the contract shall be let as a single unit for the whole of the work, or divided into severable convenient parts. The board shall advertise for bids by three insertions in a daily newspaper of general circulation or by two insertions in a weekly newspaper of general circulation printed and published in the agency, inviting sealed proposals for the construction or performance of the improvement or work. The call for bids shall state whether the work shall be performed in one unit or divided into parts. The work may be let under a single contract or several contracts, as stated in such call. The board shall require the successful bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material. The payment bonds shall comply with Chapter 7 (commencing with Section 3247) of Division 3 of Title 15 of the Civil Code. The board may reject any and all bids. If all proposals are rejected or no proposals are received, or the estimated cost of the work does not exceed twelve thousand five hundred dollars ($12,500), or the work consists of channel protection, maintenance work, or emergency work, the board may have the work done by force account without advertising for bids. The agency may purchase in the open market without advertising for bids, materials and

supplies for use in any work, either under contract or by force account.

SEC. 2. Section 3.9 of the Amador County Water Agency Act (Chapter 2137 of the Statutes of 1959) is amended to read:

Sec. 3.9. The agency may fix standby charges to be applied on an area, or frontage, or parcel basis, or a combination thereof, to those areas within the agency to which service is made available, whether the service is actually used or not, for the purpose of financing or maintaining and operating projects which the agency is authorized to undertake. The agency may establish schedules varying the charges according to the land uses and the degree of availability or quantity of use of the service to the affected lands, and may restrict the charge to lands lying within one or more improvement districts or areas of benefits established within the agency. No standby charge may be applied to any land situated more than one-half mile from an available main or service connection. The agency may collect the standby charges as a part of the annual general county tax bill, provided the agency furnishes in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In those cases, the standby charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the standby charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes. If the agency collects standby charges through the county general tax bill, the amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

SEC. 3. Section 3.10 is added to the Amador County Water Agency Act (Chapter 2137 of the Statutes of 1959), to read:

Sec. 3.10. The board shall adopt a resolution to initiate proceedings to fix a standby charge. The resolution shall contain all of the following:

(a) A statement that the report of a qualified engineer is on file with the agency and that a standby charge is proposed based upon the report. The report shall include all of the following:

(1) A description of the charge and the method by which it will be imposed.

(2) A compilation of the amount of the charge proposed for each parcel subject to the charge.

CHAPTER 7.5. COMMUNITY PROPERTY

22650. This chapter establishes the power of a court in a dissolution of marriage or legal separation action with respect to community property rights in accounts with the system and establishes and defines the rights of nonmember spouses in the system.

22651. For purposes of this chapter and Section 23702, "nonmember spouse" means the former spouse who is being or has been awarded a community property interest in the service credit and accumulated retirement contributions of the member or the benefits of a retirant. A nonmember spouse who is awarded a separate account of service credit and accumulated retirement contributions is not a member of the system. A nonmember spouse who receives a retirement allowance or is awarded an interest in a retirement allowance of a retirant is not a retirant of the system.

22652. (a) Upon the legal separation or dissolution of marriage of a member, the court shall include in the judgment or a court order the date on which the parties separated.

(b) The court may order in the judgment or court order that the accumulated retirement contributions and service credit

attributable to periods of service during the marriage be divided into two separate and distinct accounts in the name of the member and the nonmember spouse, respectively. Any service credit or accumulated retirement contributions which are not explicitly awarded by the judgment or court order shall be deemed the exclusive property of the member.

(c) The determination of the court of community property rights pursuant to this section shall be consistent with this chapter and shall address the rights of the nonmember spouse, including, but not limited to, the following:

(1) The right to a retirement allowance.

(2) The right to a refund of accumulated retirement contributions.

(3) The right to redeposit accumulated retirement contributions which are eligible for redeposit by the member under Sections 23200 to 23203, inclusive, and the shares of the member and the nonmember spouse of the eligible redeposit amount.

(4) The right to purchase additional service credit which is eligible for purchase by the member under Sections 22900 to 22909, inclusive, and the shares of the member and the nonmember spouse of the service credit eligible for purchase.

22653. The nonmember spouse who is awarded a separate account pursuant to Section 22652 is not a member of the system. The nonmember spouse is entitled only to rights and benefits explicitly established by this chapter.

22654. The nonmember spouse who is awarded a separate account shall have the right to designate, pursuant to Sections 23701 to 23709, inclusive, a beneficiary or beneficiaries to receive the accumulated retirement contributions remaining in the separate account of the nonmember spouse on his or her date of death, and any accrued allowance attributable to the separate account which is unpaid on the date of the death of the nonmember spouse.

This section shall not be construed to provide the nonmember spouse with any right to elect to modify a retirement allowance under Section 24200.

22655. The nonmember spouse who is awarded a separate account shall have the right to a refund of accumulated retirement contributions in the separate account of the nonmember.

(a) The right of the nonmember spouse to a refund of accumulated retirement contributions is subject to Section 23103.

(b) The nonmember spouse shall file an application on a form provided by the system to obtain the refund.

(c) The refund is effective when the system deposits in the United States mail an initial warrant drawn in favor of the nonmember spouse and addressed to the latest address for the nonmember spouse on file in the system.

(d) The nonmember spouse is deemed to have permanently waived all rights and benefits pertaining to the service credit and represented by the accumulated retirement contributions when the

refund becomes effective.

(e) The nonmember spouse may not cancel a refund after the refund is effective.

(f) The nonmember spouse shall have no right to elect to redeposit the refunded accumulated retirement contributions after the refund is effective and shall have no right to redeposit under Section 22656 or purchase additional service credit under Section 22657 after the refund becomes effective.

(g) If the total service credit in the separate account of the nonmember spouse, including service credit purchased under Sections 22656 and 22657, is less than two and one-half years, the board shall refund the balance of the account without an application from the nonmember spouse.

22656. The nonmember spouse who is awarded a separate account may redeposit accumulated retirement contributions previously refunded to the member in accordance with the determination of the court required by Section 22652.

(a) The nonmember spouse may redeposit only those accumulated retirement contributions which were previously refunded to the member and which the court has determined to be the community property interest of the nonmember spouse in the accumulated retirement contributions.

(b) The nonmember spouse shall inform the system in writing of his or her intent to redeposit within 180 days after the judgment or court order addressing the redeposit rights of the nonmember spouse is entered. The nonmember spouse shall elect to redeposit on a form provided by the system within 30 days after the system mails the election form and the billing.

(c) If the nonmember spouse elects to redeposit, he or she shall repay the accumulated retirement contributions and shall pay regular interest from the date of the refund to the date of payment.

(d) An election to redeposit shall be considered an election to repay all accumulated retirement contributions previously refunded. All payments shall be received by the system before the effective date of retirement of the nonmember spouse. If any payment due because of the election is not received at the Sacramento office of the system within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(e) The right of the nonmember spouse to redeposit is subject to Section 23201.

(f) The member has no right to redeposit the share of the nonmember spouse in the previously refunded accumulated retirement contributions whether or not the nonmember spouse elects to redeposit. However, any previously refunded accumulated retirement contributions not explicitly awarded to the nonmember spouse by the judgment or court order shall be deemed the exclusive property of the member.

22657. The nonmember spouse who is awarded a separate

account shall have the right to purchase additional service credit in accordance with the determination of the court required by Section 22652.

(a) The nonmember spouse may purchase only that service credit which the court, pursuant to Section 22652, has determined to be the community property interest of the nonmember spouse.

(b) The nonmember spouse shall inform the system in writing of his or her intent to purchase additional service credit within 180 days after the date the judgment or court order addressing the right of the nonmember spouse to purchase additional service credit is entered. The nonmember spouse shall elect to purchase additional service credit on a form provided by the system within 30 days after the system mails the election form and the billing.

(c) If the nonmember spouse elects to purchase additional service credit, he or she shall pay, prior to retirement, all contributions with respect to the additional service at the contribution rate for additional service credit in effect at the time of election and regular interest from July 1 of the year following the year upon which contributions are based.

(1) The nonmember spouse shall purchase additional service credit by paying the required contributions and interest in one lump sum, or in not more than 60 monthly installments, provided that no installment, except the final installment, shall be less than twenty-five dollars ($25). Regular interest shall be charged on the monthly unpaid balance if the nonmember spouse pays in installments.

If any payment due because of the election is not received at the Sacramento office of the system within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(2) The contributions shall be based on the compensation earnable of the member in the most recent school year during which the member was employed, preceding the date of separation established by the court pursuant to Section 22652.

(3) All payments of contributions and interest shall be received by the system before the effective date of the retirement of the nonmember.

(d) The nonmember spouse shall have no right to purchase additional service credit after the effective date of a refund of the accumulated contributions in the separate account of the nonmember spouse.

(e) The member has no right to purchase the community property interest of the nonmember spouse of additional service credit whether or not the nonmember spouse elects to purchase the additional service credit. However, any additional service credit eligible for purchase that is not explicity awarded to the nonmember spouse by the judgment or court order shall be deemed the exclusive property of the member.

22658. The nonmember spouse who is awarded a separate

account shall have the right to a retirement allowance.

(a) The nonmember spouse shall be eligible to retire if the following conditions are satisfied:

(1) The member had performed at least five years of creditable California service during the period of marriage, at least one year of which had been performed subsequent to the most recent refund to the member of accumulated contributions, if five of the member's six years of credited service immediately before the dissolution or legal separation had been in California. The credited service may include service credited to the account of the member as of the date of the dissolution or legal separation, previously refunded service, and permissive service credit which the member is eligible to purchase at the time of the dissolution or legal separation.

(2) The nonmember spouse has at least two and one-half years of credited service in his or her separate account.

(3) The nonmember spouse has attained the age of 55 years or more.

(b) A retirement allowance of a nonmember spouse shall become effective upon any date designated by the nonmember spouse, provided:

(1) The requirements of subdivision (a) are satisfied.

(2) The nonmember spouse has filed an application for retirement on a form provided by the system, which is executed no earlier than six months before the effective date of the retirement allowance.

(3) The effective date is no earlier than the first day of the month in which the application is received by the system in Sacramento and the effective date is after the date the judgment was entered.

(c) Upon retirement, the nonmember spouse shall receive a retirement allowance which shall consist of an annual allowance payable in monthly installments upon retirement at normal retirement age or over, equal to 2 percent of final compensation for each year of credited service. If the nonmember spouse's retirement is effective at less than normal retirement age and between early retirement age and normal retirement age, the retirement allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month, which will elapse until the nonmember spouse would have reached normal retirement age.

(1) In computing the retirement allowance of the nonmember spouse, the age of the nonmember spouse at the last day of the month in which the retirement allowance begins to accrue shall be used.

(2) Final compensation, for purposes of calculating the retirement allowance of the nonmember spouse under this subdivision, shall be calculated according to the definition of final compensation in Section 22127 and shall be based on the earnable compensation of the member on the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

The nonmember spouse shall not be entitled to use any other calculation of final compensation.

(d) If the member is or was receiving a disability allowance with an effective date before or on the date the parties separated as established in the judgment or court order pursuant to Section 22652, or at any time applies for and receives a disability allowance with an effective date that is before or coincides with the date the parties separated as established in the judgment or court order pursuant to Section 22652, the nonmember spouse is not eligible to retire until after the disability allowance of the member terminates.

If the member who is or was receiving a disability allowance returns to a position requiring membership or has his or her allowance terminated under Section 23910, the nonmember spouse may not be paid a retirement allowance until at least six months after termination of the disability allowance and the return of the member to a position requiring membership, or the termination of the disability allowance and the employment or self-employment of the member. If at the end of the six-month period, the member has not had a recurrence of the original disability or has not had his or her earnings fall below the amounts described in Section 23910, the nonmember spouse may be paid a retirement allowance if all other eligibility requirements are met.

(1) The retirement allowance of the nonmember spouse under this subdivision shall be calculated as follows: the disability allowance the member was receiving, exclusive of the benefits for dependent children, shall be divided between the share of the member and the share of the nonmember spouse. The share of the nonmember spouse shall be the amount obtained by multiplying the disability allowance, exclusive of the benefits for dependent children, by the years of service credited to the separate account of the nonmember spouse, including service projected to the date of separation, and dividing by the projected service of the member. The nonmember spouse's retirement allowance will be the lesser of the share of the nonmember spouse under this subdivision or the retirement allowance under subdivision (c).

(2) The share of the member shall be the total disability allowance reduced by the share of the nonmember spouse. The share of the member shall be considered the disability allowance of the member for purposes of Sections 23911 and 24303.

(e) The nonmember spouse who receives a retirement allowance is not a retirant. However, the allowance of the nonmember spouse shall be increased by application of the improvement factor and shall be eligible for the application of supplemental increases and other benefit maintenance provisions, including, but not limited to, Sections 24003, 24701, and 24702, based on the same criteria used for the application of these benefit maintenance increases to the service retirement allowances of members.

22659. The system shall include the service credit awarded to a nonmember spouse in the judgment or court order to determine the eligibility of a member for a service retirement or disability allowance. That portion of awarded service credit based on

previously refunded contributions or on permissive service credit may not be used by the member for eligibility requirements until the member has redeposited or purchased his or her portion of such service credit. The retirement or disability allowance of a member shall be calculated based on the service credit in the account of the member on the effective date of disability or retirement.

22660. All separate accounts of a nonmember spouse shall be administered separately. Accumulated contributions, service credit, and final compensation attributable to a separate account of a nonmember spouse shall not be combined in any way and for any purpose with the accumulated contributions, service credit, and final compensation of any other separate account of the nonmember spouse.

In addition, accumulated contributions, service credit, and final compensation in the separate account of a nonmember spouse shall not be combined in any way and for any purpose with the accumulated contributions, service credit, and final compensation of an account which exists because the nonmember spouse is employed or has been employed in a position requiring membership in the system.

22661. The nonmember spouse is entitled to no benefits or rights from the separate account except as otherwise provided in this chapter. However, this section shall not be construed to limit any right arising from the account of a nonmember with the system which exists because the nonmember spouse is employed in a position requiring membership in the system.

22662. Upon the legal separation or dissolution of marriage of a retirant, the court may include in the judgment or court order a determination of the community property rights of the parties in the retirement allowance of the retirant consistent with this section. Upon election under subdivision (c) of Section 4800.8 of the Civil Code, the court order awarding the nonmember spouse a community property share in the benefits of a retirant shall be consistent with this section.

(a) If the court does not award the entire retirement allowance to the retirant and the retirant is receiving a retirement allowance under any section other than Section 24200, the court shall require only that the system pay the nonmember spouse, by separate warrant, his or her community property share of the retirement allowance of the retirant.

(b) If the court does not award the entire retirement allowance to the retirant and the retirant is receiving an allowance which has been actuarially modified pursuant to Section 24200, the court shall order only one of the following:

(1) The retirant shall maintain the retirement allowance without change; or

(2) The retirant shall cancel the retirement allowance pursuant to Section 24200.1 and select a new joint and survivor option or a new beneficiary or both, and the system shall pay the nonmember spouse,

by separate warrant, his or her community property share of the retirement allowance of the retirant, the option beneficiary, or both.

(3) The retirant shall cancel the retirement allowance pursuant to Section 24200.1 and select an unmodified retirement benefit and the system shall pay the nonmember spouse, by separate warrant, his or her community property share of the retirement allowance of the retirant.

(c) If the option beneficiary, other than the nonmember spouse, dies before the retirant, the court shall order the retirant to select a new option beneficiary pursuant to Section 24200.2 and shall order the system to pay the nonmember spouse, by separate warrant, his or her share of the community property interest in the retirement allowance of the retirant or the new option beneficiary, or both.

(d) The right of the nonmember spouse to receive his or her community property share under this section shall terminate upon the death of the nonmember spouse. However, the nonmember spouse may designate a beneficiary to receive his or her community property share of accumulated retirement contributions in the event that accumulated retirement contributions become payable.

22663. Upon being awarded a separate account or an interest in the allowance of a retirant, a nonmember spouse shall provide the system with proof of his or her date of birth, social security number, and any other information requested by the system, in the form and manner requested by the system.

22664. No judgment or court order issued pursuant to this chapter is binding on the system until the system has been joined as a party to the action and has been served with a certified copy of the judgment or court order.

22665. The following provisions shall apply to a nonmember spouse as if he or she were a member or retirant: Sections 22108, 22221, 22230, 22807, 23010, 23801, 23923, 24500, and 24502, subdivisions (a) and (b) of Section 24600, Sections 24601, 24602, 24603, 24606, 24607, 24608, 24615, and 24616.

However, this section shall not be construed to establish any right in the nonmember spouse which is not explicitly established in Sections 22650 to 22663, inclusive.

22666. It is the intent of the Legislature to abolish any remaining application of the Terminable Interest Doctrine in California relating to the division of public retirement benefits in the event of dissolution of marriage or death.

SEC. 3. Section 23702 of the Education Code is amended to read:

23702. A member or retirant may at any time designate a beneficiary to receive those benefits as may be payable under this part, except that no beneficiary designation may be made in derogation of the community property share of any nonmember spouse when any such benefit is derived, in whole or in part, from community property contributions or service credited during the period of marriage, unless the nonmember spouse has previously obtained an alternative order for distribution pursuant to Section

4800.8 of the Civil Code. Any change of beneficiary shall be in writing on a form prescribed by the system, executed by the member, witnessed by two witnesses, neither of whom may be beneficiaries. To be valid the instrument shall be received in the office of the system in Sacramento before the member's death.

Except as otherwise stated in this section, the designation of beneficiary, other than an option beneficiary, may be revoked at the pleasure of the person making the nomination, and a different beneficiary designated in the same manner as herein provided.

SEC. 4. Section 21204 of the Government Code is amended to read:

21204. A member may at any time designate a beneficiary to receive such benefits as may be payable to his or her beneficiary or estate under this part, by a writing filed with the board, except that no designation may be made in derogation of the community property share of any nonmember spouse when any such benefit is derived, in whole or in part, from community property contributions or service credited during the period of marriage, unless the nonmember spouse has previously obtained an alternative order for division pursuant to Section 4800.8 of the Civil Code.

The designation, subject to such conditions as may be imposed by board rule, may be by class, in which case the members of the class at the time of the member's death shall be entitled as beneficiaries. The designation shall also be subject to the board's conclusive determination, upon evidence satisfactory to it, of the existence, identity or other facts relating to entitlement of any person designated as beneficiary, and payment made by the system in reliance on any such determination made in good faith, notwithstanding that it may not have discovered a beneficiary otherwise entitled to share in the benefit, shall constitute a complete discharge and release of the system for further liability for the benefit.

SEC. 5. Section 21205 of the Government Code is amended to read:

21205. The designation of a beneficiary under optional settlements 2 and 3, or if a benefit involving the life contingency of the beneficiary is provided, then under optional settlement 4, is irrevocable from the time of the first payment on account of any retirement allowance. Otherwise a designation of beneficiary under this system is revocable at the pleasure of the member who made it. A member's marriage, dissolution of marriage, annulment of his or her marriage, the birth of his or her child, or his or her adoption of a child shall constitute an automatic revocation of his or her previous revocable designation of beneficiary. A member's termination of employment and withdrawal of contributions shall constitute an automatic revocation of the previous revocable designation of beneficiary and subsequent reemployment in employment covered by this retirement system shall not reinstate the previous designation of beneficiary. Any revocable designation of beneficiary in effect on

the operative date of this section which was filed prior to the occurrence of any of the conditions specified in this section shall become void and of no effect on that date.

Upon revocation of any beneficiary designation, a member may designate the same or another beneficiary by a writing filed with the board, except as otherwise provided in Section 21204.

SEC. 6. Article 1.2 (commencing with Section 21215) is added to Chapter 9 of Part 3 of Division 5 of Title 2 of the Government Code, to read:

Article 1.2. Community Property

21215. (a) Upon the legal separation or dissolution of marriage of a member, the court shall include in the judgment or a court order the date on which the parties separated.

(b) If the community property is divided in accordance with subdivision (c) of Section 4800.8 of the Civil Code, the court shall order that the accumulated contributions and service credit attributable to periods of service during the marriage be divided into two separate and distinct accounts in the name of the member and the nonmember, respectively. Any service credit or accumulated contributions which are not explicitly awarded by the judgment or court order shall be deemed the exclusive property of the member.

(c) The court shall address the rights of the nonmember to the following:

(1) The right to a retirement allowance, and the consequent right to elect an optional settlement and designate a beneficiary.

(2) The right to a refund of accumulated contributions.

(3) The right to redeposit accumulated contributions which are eligible for redeposit by the member under Sections 20654 and 20654.3.

(4) The right to purchase service credit which is eligible for purchase by the member under Article 4 (commencing with Section 20890) and Article 5 (commencing with Section 20930) of Chapter 7 of this part.

(5) The right to designate a beneficiary to receive his or her accumulated contributions payable where death occurs prior to retirement.

(6) The right to designate a beneficiary for any unpaid allowance payable at the time of the nonmember's death.

(7) The right to elect coverage in the second tier, provided that the election is made within one year of the establishment of the nonmember account or prior to the nonmember's retirement, whichever occurs first. Immediately upon establishment of a nonmember account, the board shall provide, by certified mail, the necessary form and information so that the election may be made.

(d) In the capacity of nonmember, he or she shall not be entitled to any disability or industrial disability retirement allowance, any basic death benefit, any special death benefit, any monthly allowance

for survivors of a member or retired person, any insurance benefit, or retired member lump sum death benefit. No survivor continuance allowance shall be payable to a survivor of a nonmember.

21215.1. "Nonmember," as used in this article, means the spouse or former spouse of a member, who as a result of petitioning the court for the division of community property, has been awarded a distinct and separate account reflecting specific credited service and accumulated contributions.

21215.2. (a) The nonmember who is awarded a separate account shall have the right to a refund of the accumulated contributions in the separate account of the nonmember.

(b) The nonmember shall file an application on a form provided by the system to obtain the refund.

(c) The refund shall be effective when the system deposits in the United States mail an initial warrant drawn in favor of the nonmember and addressed to the latest address for the nonmember on file with the system.

(d) The nonmember is deemed to have permanently waived all rights in the system and all rights to any future retirement benefits pertaining to the service credit accumulated contributions, or both, when the refund becomes effective.

(e) The nonmember may not cancel a refund once it has become effective.

(f) The nonmember shall have no right to elect to redeposit the refunded accumulated contributions from the nonmember's account after the refund is effective, and shall have no right to redeposit under Section 20654 or 20654.3, or to purchase service credit under Article 4 (commencing with Section 20890) or Article 5 (commencing with Section 20930) of Chapter 7 of this part after the refund becomes effective.

(g) If at the time of the marriage dissolution or legal separation, the member does not have the necessary minimum credited service to retire, the nonmember shall receive a refund of the accumulated contributions placed in the nonmember's account.

21215.3. (a) The nonmember who is awarded a separate account may redeposit accumulated contributions previously refunded to the member in accordance with the determination of the court required by Section 21215.

(b) The nonmember may redeposit only those accumulated contributions which were previously refunded to the member and which the court has determined to be the community property interest of the nonmember in the accumulated contributions.

(c) If the nonmember elects to redeposit, he or she shall repay the accumulated contributions pursuant to Section 20654 or Section 20654.3.

(d) An election to redeposit shall be considered an election to repay all accumulated contributions previously refunded that the nonmember is entitled to redeposit.

(e) The right of the nonmember to redeposit is subject to the

regulations of the board.

(f) The member has no right to redeposit the share of the nonmember in the previously refunded accumulated contributions whether or not the nonmember elects to redeposit. However, any right to redeposit previously refunded accumulated contributions not explicitly awarded to the nonmember by the judgment or court order shall be deemed the exclusive property of the member.

(g) In the event the nonmember elected to redeposit upon retirement and has subsequently died, prior to completing the redeposit, the board shall file a claim against the estate of the decedent to recover benefit payments which exceeded those for which payment was made.

21215.4. (a) The nonmember shall have the right to purchase service credit pursuant to the determination of the court required by Section 21215.

(b) The nonmember may purchase only that service credit which the court, pursuant to Section 21215 has determined to be the community property interest of the nonmember spouse.

(c) If the nonmember elects to purchase service credit, he or she shall pay, prior to retirement, the contributions and interest required by Article 4 (commencing with Section 20890) and Article 5 (commencing with Section 20930) of Chapter 7 of this part and pursuant to the regulations of the board.

(d) The nonmember shall have no right to purchase the service credit after the effective date of a refund of the accumulated contributions in the separate account of the nonmember.

(e) The member has no right to purchase the community property interest of the nonmember of the service credit whether or not the nonmember elects to purchase the service credit. However, any service credit eligible for purchase that is not explicitly awarded to the nonmember by the judgment or court order shall be deemed the exclusive property of the member.

(f) In the event the nonmember elected to purchase service credits upon retirement and has subsequently died, prior to completing the purchase, the board shall file a claim against the estate of the deceased to recover benefit payments which exceeded those for which payment was made.

21215.5. A nonmember shall be retired upon his or her written application to the board if all of the following conditions are met:

(a) The nonmember has attained the minimum age prescribed by the applicable service retirement formula of the member.

(b) On the date of marriage dissolution or legal separation, the member had sufficient credited service to retire for service.

(c) On the date of application, the member has attained minimum retirement age to receive a service retirement allowance.

21215.6. Retirement shall be effective and the retirement allowance shall begin to accrue as of the date designated in the nonmember's application as the effective date of retirement, or the day following the date of court order dividing the community

property of the member and nonmember, if later. In no event shall the retirement become effective or the retirement allowance begin to accrue earlier than the first day of the month in which the nonmember's application is received at an office of the board or by an employee of the system designated by the board, or, if the nonmember has been incompetent to act on his or her own behalf continuously from the date of dissolution or legal separation, one year prior to the month in which an application by the guardian of his or her estate is so received. An application for retirement may only be filed by or for a nonmember who is living on the date the application is actually received by this system.

21215.7. For a nonmember, "final compensation" means the highest average annual compensation earnable by the member during the three consecutive years, or one year where applicable, prior to the date of dissolution of marriage or legal separation. The nonmember may designate an earlier period to be used where the time period of the nonmember's marriage to the member and membership correspond.

21215.8. A nonmember entitled to receive a retirement allowance shall receive a retirement allowance based on the service retirement formula applicable to the service credited to the nonmember.

The retirement allowance shall consist of a pension and an annuity, the latter of which shall be derived from the nonmember's accumulated contributions. The nonmember's retirement allowance, based upon the service credited by the employer and the nonmember's effective date of retirement, shall be subject to all cost-of-living increases, ad hoc increases, and increases provided through the Investment Dividend Disbursement Account.

SEC. 7. There is hereby appropriated from the Public Employees' Retirement Fund the sum of three hundred fifty thousand dollars ($350,000) for expenditure to implement Article 1.2 (commencing with Section 21215) of Chapter 9 of Part 3 of Division 5 of Title 2 of the Government Code. If the cost of implementing and administering this act exceeds the amount of this appropriation, the Board of Administration of the Public Employees' Retirement System shall establish and levy a fee on the member or nonmember, or both, in an amount sufficient to cover the board's actual expenses in establishing and maintaining nonmember accounts, not to exceed four dollars ($4) per month. This fee shall be drawn from the member or nonmember accounts, or both, as determined by the courts.

SEC. 8. It is the intent of the Legislature that this act apply to all public retirement benefits in which there is an undivided community property interest and in all dissolution of marriage or legal separation cases which are pending on the effective date of this act or in which the court has reserved jurisdiction over the benefit or not yet awarded the benefit.

SEC. 9. This act shall be deemed to be retroactive to June 1, 1988.

SEC. 10. Nothing in this act shall be construed to create or vest in the nonmember spouse, as defined in Sections 22651 of the Education Code and 21215.1 of the Government Code, any class of entitlement or benefits that would not be available to the nonmember spouse had he or she been a member of the system for the same time and upon the same terms as the member spouse. Additionally, nothing in this act shall be construed to make the nonmember spouse a member of the Public Employees' Retirement System or the State Teachers' Retirement System. Entitlements and benefits for which the nonmember spouse is not eligible shall include, but not be limited to, health benefits, dental benefits, and vision care.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that a mechanism may be established at the earliest possible time for the division of community property retirement benefits under the State Teachers' Retirement System and the Public Employees' Retirement System in a legal separation or marriage dissolution proceeding, it is necessary that this act take effect immediately.

CHAPTER 543

An act to repeal Section 99267 of the Public Utilities Code, relating to transportation.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 99267 of the Public Utilities Code is repealed.

CHAPTER 544

An act to amend Sections 22754.1 and 75028.2 of the Government Code, relating to judges.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 22754.1 of the Government Code is amended to read:

22754.1. As used in this part, unless the context otherwise requires, the term "employee" includes any judge of a municipal court, and the terms "employer" and "contracting agency" with respect to any such judge enrolled in a health benefits plan include the county in which the municipal court is located, provided that adoption of a resolution under Section 22850 shall not be required. The state is not obligated to make any contribution to health benefit plans for active and retired municipal court judges, except for municipal court judges serving on senior judge status and then only during the time as a municipal court judge is actively serving as a senior judge. A municipal court judge may elect to come under the provisions of this part only within 90 days of assuming office for the first time as such a judge. If a municipal court judge elects to come under the provisions of this part, the county employing the judge shall contribute to the Public Employees' Contingency Reserve Fund the sums as it would have otherwise contributed to a health benefit plan provided for county employees, unless the municipal court judge elects to enroll under the county health benefit plan. Those contributions shall be applied first to the contribution required of it as an employer under Section 22831 and any remainder shall be applied to the contribution required under Sections 22825 and 22825.6. The municipal court judge whether enrolled as an employee or annuitant shall contribute the cost of such enrollment plus the amount required of an employer under Section 22831 less the amount, if any, contributed by his or her county. A county shall not be required to contribute any portion of the cost of a health benefits plan under this part for a judge after retirement unless the health benefits plan provided for county employees provides such coverage.

SEC. 2. Section 75028.2 of the Government Code is amended to read:

75028.2. A retired judge on senior judge status shall not receive a retirement allowance, except for health and welfare benefits generally available to judges of courts on which the judge served as an active judge.

The Controller shall administer payment of salary to retired judges on senior judge status and for making any appropriate deductions.

CHAPTER 545

An act to amend Sections 25250.1, 25250.8, 25250.10, 25250.11, 25250.16, 25250.17, 25250.18, and 25250.19 of the Health and Safety Code, relating to oil.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 25250.1 of the Health and Safety Code is amended to read:

25250.1. As used in this article, the following terms have the following meanings:

(a) "Used oil" means any of the following:

(1) Any oil that has been refined from crude oil, and has been used, and, as a result of use, has been contaminated with physical or chemical impurities.

(2) Any oil that has been refined from crude oil and, as a consequence of extended storage, spillage, or contamination with nonhazardous impurities such as dirt and water, is no longer useful to the original purchaser.

(3) Spent lubricating fluids which have been removed from an engine crankcase, transmission, gearbox, or differential of an automobile, bus, truck, vessel, plane, heavy equipment, or machinery powered by an internal combustion engine.

(4) Spent industrial oils, including compressor, turbine, and bearing oil, hydraulic oil, metal-working oil, refrigeration oil, and railroad drainings.

(5) Contaminated fuel oil with a flashpoint equal to or greater than 100°F.

"Used oil" does not include oil which has a flashpoint below 100°F or which has been intentionally mixed with hazardous waste, other than minimal amounts of vehicle fuel. "Used oil" also does not include oil which contains polychlorinated biphenyls (PCBs) at a concentration of 5 ppm or greater.

(b) "Board" means the California Waste Management Board.

(c) "Recycled oil" means any oil, produced from used oil, which has been prepared for reuse and which achieves minimum standards of purity, in liquid form, as established by the department. The following standards of purity are in effect unless the department, by regulation, establishes more stringent standards:

(1) Flashpoint: minimum standards set by the American Society for Testing and Materials for the recycled products.

(2) Lead: 100 ppm or less prior to January 1, 1988; 50 ppm or less on and after January 1, 1988.

(3) Arsenic: 5 ppm or less.

(4) Chromium: 10 ppm or less.

(5) Cadmium: 2 ppm or less.
(6) Total halogens: 3,000 ppm or less.
(7) Polychlorinated biphenyls (PCBs): 5 ppm or less.

Compliance with these standards shall be determined in accordance with the procedures in Article 11 (commencing with Section 66693) of Chapter 30 of Division 4 of Title 22 of the California Administrative Code.

(d) The standards set in subdivision (c) include the only concentrations allowed above the criteria adopted pursuant to Section 25141.

(e) Used oil which meets the standards set in subdivision (c) and the criteria adopted pursuant to Section 25141 for constituents other than those listed in subdivision (c) is not regulated by the department. Any person who generates used oil and who claims that the oil meets those standards and criteria, shall notify the department, in writing, of its claim and shall comply with the testing and recordkeeping requirements of Section 25250.19 prior to its reuse. In any action to enforce this article, the burden is on the generator and user of the used oil to prove that the oil met those standards and criteria.

(f) "Used oil recycling facility" means a facility which reprocesses or rerefines used oil.

(g) "Used oil storage facility" means a storage facility, as defined in subdivision (a) of Section 25123.3, which stores used oil.

(h) "Used oil transfer facility" means a transfer facility, as defined in subdivision (c) of Section 25123.3, that either stores used oil for periods greater than 144 hours or that transfers used oil from one container to another.

SEC. 2. Section 25250.8 of the Health and Safety Code is amended to read:

25250.8. Used oil shall be manifested under either one of the following procedures:

(a) The procedures prescribed by Sections 25160 and 25161.

(b) The following modified manifesting procedure, which may be used only by a registered hazardous waste hauler and shall be used only with the consent of the generator:

(1) A separate manifest shall be completed by each vehicle driver, with respect to each transport vehicle operated by that driver for each date.

(2) The hauler shall complete both the generator's and the hauler's sections of the manifest using the hauler's name, Environmental Protection Agency identification number, terminal address, and phone number. The hauler's section shall be completed prior to commencing each day's used oil collections. The driver shall sign and date the generator's and hauler's sections of the manifest.

(3) The hauler shall attach to the front of the manifest legible receipts for each quantity of used oil that is received from a generator. The receipts shall be used to determine the total volume of used oil in the vehicle. After the used oil is delivered, the receipts

shall be affixed to the hauler's copy of the manifest. The hauler shall leave a copy of the receipt with the generator of the used oil. The generator shall retain each receipt for at least three years.

(4) All copies of each receipt shall contain all of the following information:

(A) The name, address, and telephone number of the generator, and the signature of the generator or the generator's representative.

(B) The date of the shipment.

(C) The state manifest number.

(G) The driver's signature.

(5) The hauler shall enter the total volume of used oil transported on the manifest at the change of each date, change of driver, change of transport vehicle, or upon the last delivery of used oil to the designated facility. The total volume shall be the cumulative amount of used oil collected from the generators listed on the individual receipts.

(6) The hauler shall submit the generator copy of the manifest to the department within 30 days of each shipment.

(7) The hauler shall retain a copy of the manifest and all receipts for each manifest for three years.

(8) The hauler shall submit all copies of the manifest to the designated facility. A representative of the designated facility which receives the used oil shall sign and date the manifest, return two copies to the hauler, retain one copy, and send the original to the department within 30 days.

(9) All other manifesting requirements of Sections 25160 and 25161 shall be complied with unless specifically exempted under this subdivision.

SEC. 3. Section 25250.10 of the Health and Safety Code is amended to read:

25250.10. Every registered hazardous waste hauler who transports used oil shall report to the department, on or before March 1 of each year, the following information on a form provided by the department:

(a) The shipping descriptions of used oil transported during the preceding calendar year.

(b) The volume of each type of used oil transported, identified by shipping description.

(c) The facilities to which the used oil was transported, identified by name, address, telephone number, and Environmental Protection Agency identification number.

SEC. 4. Section 25250.11 of the Health and Safety Code is

amended to read:

(a) Any person who receives used oil from consumers or other used oil generators, is exempt from hazardous waste facility permit requirements imposed pursuant to Article 9 (commencing with Section 25200) with respect to any location at which used oil is received if all of the following conditions are met:

(3) The used oil is transported by the generator of the used oil.

(b) Any person who transports used oil is exempt from the requirements of subdivisions (a) and (e) of Section 25163 and from the requirements of Section 25160 concerning the possession of a manifest while transporting used oil if all of the following conditions are met:

(1) The contents of any single container do not exceed five gallons.

(2) Each shipment of used oil does not exceed 20 gallons.

(3) The person transporting the used oil had generated the oil.

SEC. 5. Section 25250.16 of the Health and Safety Code is amended to read:

25250.16. No person may recycle used oil without obtaining a permit from the department unless exempted by Section 25143.2 or 25200.5 or other provisions of law.

SEC. 6. Section 25250.17 of the Health and Safety Code is amended to read:

25250.17. Unless the facility meets the requirements of Section 25250.11, each used oil recycling, storage, or transfer facility shall submit a report, on or before March 1 of each year, to the department, on a form provided by the department, containing all of the following information:

(a) The total volume of used oil possessed at the beginning and end of the preceding calendar year.

(3) Prepared for reuse other than as a petroleum product, specifying each type of other use.

(4) Not recycled but transported offsite.

(d) Any other information which the department may require.

SEC. 7. Section 25250.18 of the Health and Safety Code is amended to read:

25250.18. Any person who transports recycled oil shall maintain with each shipment of recycled oil the shipment's destination and a

signed and dated form, provided by the department, from the recycling facility certifying that the oil being transported has been tested and is in compliance with the standards specified in subdivision (c) of Section 25250.1.

SEC. 8. Section 25250.19 of the Health and Safety Code is amended to read:

25250.19. A used oil recycler shall ensure that all recycled oil transported from the recycling facility has been tested and certified as being in compliance with the standards specified by subdivision (c) of Section 25250.1. Records of tests performed and a copy of each form completed pursuant to Section 25250.18 shall be maintained for three years and are subject to audit and verification by the department or the board.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 546

An act to amend Section 286 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 286 of the Vehicle Code is amended to read:

286. The term "dealer" does not include:

(a) Insurance companies, banks, finance companies, public officials, or any other person coming into possession of vehicles in the regular course of business, who sells vehicles under a contractual right or obligation, or in performance of an official duty, or in authority of any court of law; provided, the sale is for the purpose of saving the seller from loss or pursuant to the authority of a court of competent jurisdiction.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 35407.5 is added to the Vehicle Code, to read:

35407.5. Section 35406 and subdivisions (a) and (d) of Section 35407 do not apply to the booms or masts of a self-propelled heel-boom log loader first sold in this state prior to January 1, 1988, if all of the following conditions are met:

(a) A system of mirrors or other view enhancements permits the driver to see in any area blocked from view.

(b) The log loader is operated together with a four wheeled lead vehicle which remains a reasonable distance ahead to guide the movement of the log loader.

(c) Two-way radio communication equipment is maintained in good working condition on the log loader and the pilot car, and is used between those vehicles during movement upon any highway.

CHAPTER 551

An act to amend Sections 1239 and 1240.1 of the Penal Code, relating to courts.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1 Section 1239, as added to the Penal Code by Section 4 of Chapter 917 of the Statutes of 1982, is amended to read:

1239. (a) Where an appeal lies on behalf of the defendant or the people, it may be taken by the defendant or his or her counsel, or by counsel for the people, in the manner provided in rules adopted by the Judicial Council.

(b) When upon any plea a judgment of death is rendered, an appeal is automatically taken by the defendant without any action by him or her or his or her counsel. The defendant's trial counsel, whether retained by the defendant or court appointed, shall continue to represent the defendant until completing the additional duties set forth in paragraph (1) of subdivision (e) of Section 1240.1.

SEC. 2. Section 1240.1, as added to the Penal Code by Section 6 of Chapter 917 of the Statutes of 1982, is amended to read:

1240.1. (a) In any noncapital criminal, juvenile court, or civil commitment case wherein the defendant would be entitled to the appointment of counsel on appeal if indigent, it shall be the duty of the attorney who represented the person at trial to provide counsel and advice as to whether arguably meritorious grounds exist for reversal or modification of the judgment on appeal. The attorney shall admonish the defendant that he or she is not able to provide advice concerning his or her own competency, and that the State Public Defender or other counsel should be consulted for advice as to whether an issue regarding the competency of counsel should be raised on appeal. The trial court may require trial counsel to certify

that he or she has counseled the defendant as to whether arguably meritorious grounds for appeal exist at the time a notice of appeal is filed. Nothing in this section shall be construed to prevent any person having a right to appeal from doing so.

(b) It shall be the duty of every attorney representing an indigent defendant in any criminal, juvenile court, or civil commitment case to execute and file on his or her client's behalf a timely notice of appeal when the attorney is of the opinion that arguably meritorious grounds exist for a reversal or modification of the judgment or orders to be appealed from, and where, in the attorney's judgment, it is in the defendant's interest to pursue such relief as may be available to him or her on appeal; or when directed to do so by a defendant having a right to appeal.

With the notice of appeal the attorney shall file a brief statement of the points to be raised on appeal and a designation of any document, paper, pleading, or transcript of oral proceedings necessary to properly present those points on appeal when the document, paper, pleading or transcript of oral proceedings would not be included in the normal record on appeal according to the applicable provisions of the California Rules of Court. The executing of the notice of appeal by the defendant's attorney shall not constitute an undertaking to represent the defendant on appeal unless the undertaking is expressly stated in the notice of appeal.

If the defendant was represented by appointed counsel on the trial level, or if it appears that the defendant will request the appointment of counsel on appeal by reason of indigency, the trial attorney shall also assist the defendant in preparing and submitting a motion for the appointment of counsel and any supporting declaration or affidavit as to the defendant's financial condition. These documents shall be filed with the trial court at the time of filing a notice of appeal, and shall be transmitted by the clerk of the trial court to the clerk of the appellate court within three judicial days of their receipt. The appellate court shall act upon that motion without unnecessary delay. An attorney's failure to file a motion for the appointment of counsel with the notice of appeal shall not foreclose the defendant from filing a motion at any time it becomes known to him or her that the attorney has failed to do so, or at any time he or she shall become indigent if he or she was not previously indigent.

(c) The State Public Defender shall, at the request of any attorney representing a prospective indigent appellant or at the request of the prospective indigent appellant himself or herself, provide counsel and advice to the prospective indigent appellant or attorney as to whether arguably meritorious grounds exist on which the judgment or order to be appealed from would be reversed or modified on appeal.

(d) The failure of a trial attorney to perform any duty prescribed in this section, assign any particular point or error in the notice of appeal, or designate any particular thing for inclusion in the record on appeal shall not foreclose any defendant from filing a notice of

appeal on his or her own behalf or from raising any point or argument on appeal; nor shall it foreclose the defendant or his or her counsel on appeal from requesting the augmentation or correction of the record on appeal in the reviewing court.

(e) (1) In order to expedite certification of the entire record on appeal in all capital cases, defendant's trial counsel, whether retained by the defendant or court-appointed, shall continue to represent the defendant until the entire record on the automatic appeal is certified. In any capital case, trial counsel shall check that the entire record on appeal has been prepared, and shall check for errors or omissions in that record and request any corrections thereto within the time provided by rules adopted by the Judicial Council.

(2) The duties imposed on trial counsel in paragraph (1) shall not foreclose the defendant's appellate counsel from requesting additions or corrections to the entire record on appeal in either the trial court or the Supreme Court.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 552

An act to add Section 17741.3 to the Education Code, relating to school facilities.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 17741.3 is added to the Education Code, to read:

17741.3. For the purposes of Sections 17741 and 17741.5, allowable building area may be computed, in the alternative to the methods prescribed by Section 17741, for any combination of two or more adjacent high school attendance areas pursuant to the following conditions:

(a) The project to be funded is for the construction of a high school, junior high school, or elementary school located or to be located in any of those high school attendance areas.

(b) The high school, junior high school, or elementary school to be constructed is to serve pupils residing in each of those high school

attendance areas.

(c) The combined computation of allowable building area reflects the allowable building area to which each of the high school attendance areas would otherwise be entitled, reflecting the proportion of projected pupil enrollment in the school to be constructed, as calculated under this chapter, from each of those attendance areas.

CHAPTER 553

An act to amend Sections 2017, 2019, 2025, 2030, 2032, 2033, and 2034 of the Code of Civil Procedure, relating to discovery.

[Approved by Governor August 23, 1988 Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 2017 of the Code of Civil Procedure is amended to read:

2017. (a) Unless otherwise limited by order of the court in accordance with this article, any party may obtain discovery regarding any matter, not privileged, that is relevant to the subject matter involved in the pending action or to the determination of any motion made in that action, if the matter either is itself admissible in evidence or appears reasonably calculated to lead to the discovery of admissible evidence. Discovery may relate to the claim or defense of the party seeking discovery or of any other party to the action. Discovery may be obtained of the identity and location of persons having knowledge of any discoverable matter, as well as of the existence, description, nature, custody, condition, and location of any document, tangible thing, or land or other property.

(b) A party may obtain discovery of the existence and contents of any agreement under which any insurance carrier may be liable to satisfy in whole or in part a judgment that may be entered in the action or to indemnify or reimburse for payments made to satisfy the judgment. This discovery may include the identity of the carrier and the nature and limits of the coverage. A party may also obtain discovery as to whether that insurance carrier is disputing the agreement's coverage of the claim involved in the action, but not as to the nature and substance of that dispute. Information concerning the insurance agreement is not by reason of disclosure admissible in evidence at trial.

(c) The court shall limit the scope of discovery if it determines that the burden, expense, or intrusiveness of that discovery clearly outweighs the likelihood that the information sought will lead to the discovery of admissible evidence. The court may make this determination pursuant to a motion for protective order by a party

or other affected person. This motion shall be accompanied by a declaration stating facts showing a good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(d) In any civil action alleging conduct that constitutes sexual harassment, sexual assault, or sexual battery, any party seeking discovery concerning the plaintiff's sexual conduct with individuals other than the alleged perpetrator is required to establish specific facts showing good cause for that discovery, and that the matter sought to be discovered is relevant to the subject matter of the action and reasonably calculated to lead to the discovery of admissible evidence. This showing shall be made by noticed motion and shall not be made or considered by the court at an ex parte hearing. This motion shall be accompanied by a declaration stating facts showing a good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for discovery, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

SEC. 2. Section 2019 of the Code of Civil Procedure is amended to read:

2019. (a) Any party may obtain discovery by one or more of the following methods:

(1) Oral and written depositions.

(2) Interrogatories to a party.

(3) Inspections of documents, things, and places.

(4) Physical and mental examinations.

(5) Requests for admissions.

(6) Simultaneous exchanges of expert trial witness information.

(b) The court shall restrict the frequency or extent of use of these discovery methods if it determines either of the following:

(1) The discovery sought is unreasonably cumulative or duplicative, or is obtainable from some other source that is more convenient, less burdensome, or less expensive.

(2) The selected method of discovery is unduly burdensome or expensive, taking into account the needs of the case, the amount in controversy, and the importance of the issues at stake in the litigation.

The court may make these determinations pursuant to a motion for a protective order by a party or other affected person. This motion shall be accompanied by a declaration stating facts showing a good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(c) Unless there is a rule of the Judicial Council, or a local court rule or local uniform written policy to the contrary, the methods of discovery may be used in any sequence, and the fact that a party is conducting discovery, whether by deposition or another method, shall not operate to delay the discovery of any other party. However, on motion and for good cause shown, the court may establish the sequence and timing of discovery for the convenience of parties and witnesses and in the interests of justice.

(d) In any action alleging the misappropriation of a trade secret under the Uniform Trade Secrets Act (Title 5 (commencing with Section 3426) of Part 1 of Division 4 of the Civil Code), before commencing discovery relating to the trade secret, the party alleging the misappropriation shall identify the trade secret with reasonable particularity subject to any orders that may be appropriate under Section 3426.5 of the Civil Code.

(e) The provisions of subdivision (a) of Section 1013 relating to extensions of time where service is made by mail shall be applicable to any discovery method or motion in this article.

SEC. 3. Section 2025 of the Code of Civil Procedure is amended to read:

2025. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by taking in California the oral deposition of any person, including any party to the action. The person deposed may be a natural person, an organization such as a public or private corporation, a partnership, an association, or a governmental agency.

(b) Subject to the provisions of subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action. The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys

for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985.3, and (3) a copy of the deposition subpoena.

(d) The deposition notice shall state all of the following:

(1) The address where the deposition will be taken.

(2) The date of the deposition, selected under subdivision (f), and the time it will commence.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audio tape or video tape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*).

(6) Any intention to reserve the right to use at trial a video tape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u). In this event, the operator of the video tape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers, directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action

shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office of the organization in California.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsucessfully makes or opposes a motion to increase travel limits for party-deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a)

of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena.

On motion of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice

requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a video tape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or

proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue

sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audio tape or video tape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audio tape or video tape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audio tape or video tape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audio tape or video tape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a video tape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to

administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audio tape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audio tape.

(F) The oath shall be administered to the deponent on camera or on the audio tape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audio tape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audio tape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audio tape or video tape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audio taped or video taped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing , and for any editing of the tape. Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audio taped or video taped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audio tape or video tape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a video tape or an audio tape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal

the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) On demand of any party or the deponent, the deposition officer shall suspend the taking of testimony to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that

answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is recorded by audio tape or video tape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audio tape or video tape shall promptly (1) permit that other party to hear the audio tape or to view the video tape, and (2) furnish a copy of the audio tape or video tape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audio tape or video tape, the stenographic

transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the original transcript of the testimony is available for reading and signing, unless the deponent and all these parties agree on the record to waive the reading and signing of the transcript of the testimony. For 30 days following this notice the deponent, either in person or by a signed letter to the deposition officer, may change the form or the substance of the answer to any question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it. For good cause shown the court may shorten this time.

The deposition officer shall indicate on the original any action taken by the deponent, or the failure of the deponent to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly disapproves the accuracy of the transcript by refusing to sign it, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audio tape or video tape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply such signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the

refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) The deposition officer shall certify on the transcript of the deposition, or in the writing accompanying an audio taped or video taped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given and of any changes made by the deponent.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)", and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audio tape or video tape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audio tape or the video tape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audio tape or video tape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audio tape or video tape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who received, notice of the deposition may take

a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined as a result of that person's designation to testify on behalf of an organization under subdivision (d).

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying, (iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a video tape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under

subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

SEC. 4. Section 2030 of the Code of Civil Procedure is amended to read:

2030. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by propounding to any other party to the action written interrogatories to be answered under oath.

(b) A defendant may propound interrogatories to a party to the action without leave of court at any time. A plaintiff may propound interrogatories to a party without leave of court at any time that is 10 days after the service of the summons on, or appearance by, that party, whichever occurs first. However, on motion with or without notice, the court, for good cause shown, may grant leave to a plaintiff to propound interrogatories at an earlier time.

(c) (1) A party may propound to another party (1) 35 specially prepared interrogatories, and (2) any additional number of official form interrogatories, as described in Section 2033.5, that are relevant to the subject matter of the pending action. Except as provided in paragraph (8), no party shall, as a matter of right, propound to any other party more than 35 specially prepared interrogatories. If the initial set of interrogatories does not exhaust this limit, the balance may be propounded in subsequent sets. Unless a declaration as described in paragraph (3) has been made, a party need only respond to the first 35 specially prepared interrogatories served, if that party states an objection to the balance, under paragraph 3 of subdivision (f), on the ground that the limit has been exceeded.

(2) Subject to the right of the responding party to seek a protective order under subdivision (e), any party who attaches a supporting declaration as described in paragraph (3) may propound a greater number of specially prepared interrogatories to another party if this greater number is warranted because of any of the following:

(A) The complexity or the quantity of the existing and potential

issues in the particular case.

(B) The financial burden on a party entailed in conducting the discovery by oral deposition.

(C) The expedience of using this method of discovery to provide to the responding party the opportunity to conduct an inquiry, investigation, or search of files or records to supply the information sought.

If the responding party seeks a protective order on the ground that the number of specially prepared interrogatories is unwarranted, the propounding party shall have the burden of justifying the number of these interrogatories.

(3) Any party who is propounding or has propounded more than 35 specially prepared interrogatories to any other party shall attach to each set of those interrogatories a declaration containing substantially the following:

DECLARATION FOR ADDITIONAL DISCOVERY

I, _____, declare:

1. I am (a party to this action or proceeding appearing in propria persona) (presently the attorney for _____, a party to this action or proceeding).

2. I am propounding to _____ the attached set of interrogatories.

3. This set of interrogatories will cause the total number of specially prepared interrogatories propounded to the party to whom they are directed to exceed the number of specially prepared interrogatories permitted by paragraph (1) of subdivision (c) of Section 2030 of the Code of Civil Procedure.

4. I have previously propounded a total of _____ interrogatories to this party, of which _____ interrogatories were not official form interrogatories.

5. This set of interrogatories contains a total of _____ specially prepared interrogatories.

6. I am familiar with the issues and the previous discovery conducted by all of the parties in the case.

7. I have personally examined each of the questions in this set of interrogatories.

8. This number of questions is warranted under paragraph (2) of subdivision (c) of Section 2030 of the Code of Civil Procedure because _____. (Here state each factor described in paragraph (2) of subdivision (c) that is relied on, as well as the reasons why any factor relied on is applicable to the instant lawsuit.)

9. None of the questions in this set of interrogatories is being propounded for any improper purpose, such as to harass the party, or the attorney for the party, to whom it is directed, or to cause unnecessary delay or needless increase in the cost of litigation.

(4) A party propounding interrogatories shall number each set of interrogatories consecutively. In the first paragraph immediately below the title of the case, there shall appear the identity of the propounding party, the set number, and the identity of the responding party. Each interrogatory in a set shall be separately set forth and identified by number or letter.

(5) Each interrogatory shall be full and complete in and of itself. No preface or instruction shall be included with a set of interrogatories unless it has been approved under Section 2033.5. Any term specially defined in a set of interrogatories shall be typed with all letters capitalized wherever that term appears. No specially prepared interrogatory shall contain subparts, or a compound, conjunctive, or disjunctive question.

(6) An interrogatory may relate to whether another party is making a certain contention, or to the facts, witnesses, and writings on which a contention is based. An interrogatory is not objectionable because an answer to it involves an opinion or contention that relates to fact or the application of law to fact, or would be based on information obtained or legal theories developed in anticipation of litigation or in preparation for trial.

(7) An interrogatory may not be made a continuing one so as to impose on the party responding to it a duty to supplement an answer to it that was initially correct and complete with later acquired information.

(8) In addition to the number of interrogatories permitted by paragraphs (1) and (2), a party may propound a supplemental interrogatory to elicit any later acquired information bearing on all answers previously made by any party in response to interrogatories (1) twice prior to the initial setting of a trial date, and (2) subject to the time limits on discovery proceedings and motions provided in Section 2024, once after the initial setting of a trial date. However, on motion, for good cause shown, the court may grant leave to a party to propound an additional number of supplemental interrogatories.

(d) The party propounding interrogatories shall serve a copy of them (1) on the party to whom they are directed, and (2) on all other parties who have appeared in the action, unless the court on motion with or without notice has relieved that party from this requirement on its determination that service on all other parties would be unduly expensive or burdensome.

(e) When interrogatories have been propounded, the responding party, and any other party or affected natural person or organization may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented

by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the set of interrogatories, or particular interrogatories in the set, need not be answered.

(2) That, contrary to the representations made in a declaration submitted under paragraph (3) of subdivision (c), the number of specially prepared interrogatories is unwarranted.

(3) That the time specified in subdivision (h) to respond to the set of interrogatories, or to particular interrogatories in the set, be extended.

(4) That the response be made only on specified terms and conditions.

(5) That the method of discovery be an oral deposition instead of interrogatories to a party.

(6) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a certain way.

(7) That some or all of the answers to interrogatories be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the party provide or permit the discovery against which protection was sought on terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances made the imposition of the sanction unjust.

(f) The party to whom interrogatories have been propounded shall respond in writing under oath separately to each interrogatory by (1) an answer containing the information sought to be discovered, (2) an exercise of the party's option to produce writings, or (3) an objection to the particular interrogatory. In the first paragraph of the response immediately below the title of the case, there shall appear the identity of the responding party, the set number, and the identity of the propounding party. Each answer, exercise of option, or objection in the response shall bear the same identifying number or letter and be in the same sequence as the corresponding interrogatory, but the text of that interrogatory need not be repeated.

(1) Each answer in the response shall be as complete and straightforward as the information reasonably available to the responding party permits. If an interrogatory cannot be answered completely, it shall be answered to the extent possible. If the responding party does not have personal knowledge sufficient to

respond fully to an interrogatory, that party shall so state, but shall make a reasonable and good faith effort to obtain the information by inquiry to other natural persons or organizations, except where the information is equally available to the propounding party.

(2) If the answer to an interrogatory would necessitate the preparation or the making of a compilation, abstract, audit, or summary of or from the documents of the party to whom the interrogatory is directed, and if the burden or expense of preparing or making it would be substantially the same for the party propounding the interrogatory as for the responding party, it is a sufficient answer to that interrogatory to refer to this subdivision and to specify the writings from which the answer may be derived or ascertained. This specification shall be in sufficient detail to permit the propounding party to locate and to identify, as readily as the responding party can, the documents from which the answer may be ascertained. The responding party shall then afford to the propounding party a reasonable opportunity to examine, audit, or inspect these documents and to make copies, compilations, abstracts, or summaries of them.

(3) If only a part of an interrogatory is objectionable, the remainder of the interrogatory shall be answered. If an objection is made to an interrogatory or to a part of an interrogatory, the specific ground for the objection shall be set forth clearly in the response. If an objection is based on a claim of privilege, the particular privilege invoked shall be clearly stated. If an objection is based on a claim that the information sought is protected work product under Section 2018, that claim shall be expressly asserted.

(g) The party to whom the interrogatories are directed shall sign the response under oath unless the response contains only objections. If that party is a public or private corporation, or a partnership, association, or governmental agency, one of its officers or agents shall sign the response under oath on behalf of that party. If the officer or agent signing the response on behalf of that party is an attorney acting in that capacity for the party, that party waives any lawyer-client privilege and any protection for work product under Section 2018 during any subsequent discovery from that attorney concerning the identity of the sources of the information contained in the response. The attorney for the responding party shall sign any response that contains an objection.

(h) Within 30 days after service of interrogatories, the party to whom the interrogatories are propounded shall serve the original of the response to them on the propounding party, unless on motion of the propounding party the court has shortened the time for response, or unless on motion of the responding party the court has extended the time for response. The party to whom the interrogatories are propounded shall also serve a copy of the response on all other parties who have appeared in the action, unless the court on motion with or without notice has relieved that party from this requirement on its determination that service on all other parties would be unduly

expensive or burdensome.

(i) The party propounding interrogatories and the responding party may agree to extend the time for service of a response to a set of interrogatories, or to particular interrogatories in a set, to a date beyond that provided in subdivision (h). This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date for service of a response. Unless this agreement expressly states otherwise, it is effective to preserve to the responding party the right to respond to any interrogatory to which the agreement applies in any manner specified in subdivision (f).

(j) The interrogatories and the response thereto shall not be filed with the court. The propounding party shall retain both the original of the interrogatories, with the original proof of service affixed to them, and the original of the sworn response until six months after final disposition of the action. At that time, both originals may be destroyed, unless the court on motion of any party and for good cause shown orders that the originals be preserved for a longer period.

(k) If a party to whom interrogatories have been directed fails to serve a timely response, that party waives any right to exercise the option to produce writings under subdivision (f), as well as any objection to the interrogatories, including one based on privilege or on the protection for work product under Section 2018. However, the court, on motion, may relieve that party from this waiver on its determination that (1) the party has subsequently served a response that is in substantial compliance with subdivision (f), and (2) the party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The party propounding the interrogatories may move for an order compelling response to the interrogatories. The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel a response to interrogatories, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. If a party then fails to obey an order compelling answers, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(*l*) If the propounding party, on receipt of a response to interrogatories, deems that (1) an answer to a particular interrogatory is evasive or incomplete, (2) an exercise of the option to produce documents under paragraph (2) of subdivision (f) is unwarranted or the required specification of those documents is inadequate, or (3) an objection to an interrogatory is without merit or too general, that party may move for an order compelling a further response. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

Unless notice of this motion is given within 45 days of the service of the response, or on or before any specific later date to which the propounding party and the responding party have agreed in writing, the propounding party waives any right to compel a further response to the interrogatories.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel a further response to interrogatories, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling further response to interrogatories, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(m) Without leave of court, a party may serve an amended answer to any interrogatory that contains information subsequently discovered, inadvertently omitted, or mistakenly stated in the initial interrogatory. At the trial of the action, the propounding party or any other party may use the initial answer under subdivision (n), and the responding party may then use the amended answer.

The party who propounded an interrogatory to which an amended answer has been served may move for an order that the initial answer to that interrogatory be deemed binding on the responding party for the purpose of the pending action. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court shall grant this motion if it determines that (1) the initial failure of the responding party to answer the interrogatory correctly has substantially prejudiced the party who propounded the interrogatory, (2) the responding party has failed to show substantial justification for the initial answer to that interrogatory, and (3) the prejudice to the propounding party cannot be cured either by a continuance to permit further discovery or by the use of the initial answer under subdivision (n).

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to deem binding an initial answer to an interrogatory, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(n) At the trial or any other hearing in the action, so far as admissible under the rules of evidence, the propounding party or any party other than the responding party may use any answer or part of an answer to an interrogatory only against the responding party. It is not ground for objection to the use of an answer to an interrogatory that the responding party is available to testify, has

testified, or will testify at the trial or other hearing.

SEC. 5. Section 2032 of the Code of Civil Procedure is amended to read:

2032. (a) Any party may obtain discovery, subject to the restrictions set forth in Section 2019, by means of a physical or mental examination of (1) a party to the action, (2) an agent of any party, or (3) a natural person in the custody or under the legal control of a party, in any action in which the mental or physical condition (including the blood group) of that party or other person is in controversy in the action.

(b) A physical examination conducted under this section shall be performed only by a licensed physician or other appropriate licensed health care practitioner. A mental examination conducted under this section shall be performed only by a licensed physician, or by a licensed clinical psychologist who holds a doctoral degree in psychology and has had at least five years of postgraduate experience in the diagnosis of emotional and mental disorders. Nothing in this section affects tests under the Uniform Act on Blood Tests to Determine Paternity (Chapter 2 (commencing with Section 890) of Division 7 of the Evidence Code).

(c) (1) As used in this subdivision, plaintiff includes a cross-complainant, and defendant includes a cross-defendant.

(2) In any case in which a plaintiff is seeking recovery for personal injuries, any defendant may demand one physical examination of the plaintiff, provided the examination does not include any diagnostic test or procedure that is painful, protracted, or intrusive, and is conducted at a location within 75 miles of the residence of the examinee. A defendant may make this demand without leave of court after that defendant has been served or has appeared in the action, whichever occurs first. This demand shall specify the time, place, manner, conditions, scope, and nature of the examination, as well as the identity and the specialty, if any, of the physician who will perform the examination.

(3) A physical examination demanded under this subdivision shall be scheduled for a date that is at least 30 days after service of the demand for it unless on motion of the party demanding the examination the court has shortened this time.

(4) The defendant shall serve a copy of the demand for this physical examination on the plaintiff and on all other parties who have appeared in the action.

(5) The plaintiff to whom this demand for a physical examination has been directed shall respond to the demand by a written statement that the examinee will comply with the demand as stated, will comply with the demand as specifically modified by the plaintiff, or will refuse, for reasons specified in the response, to submit to the demanded physical examination. Within 20 days after service of the demand the plaintiff to whom the demand is directed shall serve the original of the response to it on the defendant making the demand, and a copy of the response on all other parties who have appeared

in the action, unless on motion of the defendant making the demand the court has shortened the time for response, or unless on motion of the plaintiff to whom the demand has been directed, the court has extended the time for response.

(6) If a plaintiff to whom this demand for a physical examination has been directed fails to serve a timely response to it, that plaintiff waives any objection to the demand. However, the court, on motion, may relieve that plaintiff from this waiver on its determination that (A) the plaintiff has subsequently served a response that is in substantial compliance with paragraph (5), and (B) the plaintiff's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The defendant may move for an order compelling response and compliance with a demand for a physical examination. The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel response and compliance with a demand for a physical examination, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a plaintiff then fails to obey the order compelling response and compliance, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction the court may impose a monetary sanction under Section 2023.

(7) If a defendant who has demanded a physical examination under this subdivision, on receipt of the plaintiff's response to that demand, deems that any modification of the demand, or any refusal to submit to the physical examination is unwarranted, that defendant may move for an order compelling compliance with the demand. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel compliance with a demand for a physical examination, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(8) The demand for a physical examination and the response to it shall not be filed with the court. The defendant shall retain both the original of the demand, with the original proof of service affixed to it, and the original response until six months after final disposition of the action. At that time, the original may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

(d) If any party desires to obtain discovery by a physical examination other than that described in subdivision (c), or by a

mental examination, the party shall obtain leave of court. The motion for the examination shall specify the time, place, manner, conditions, scope, and nature of the examination, as well as the identity and the specialty, if any, of the person or persons who will perform the examination. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt to arrange for the examination by an agreement under subdivision (e). Notice of the motion shall be served on the person to be examined and on all parties who have appeared in the action.

The court shall grant a motion for a physical or mental examination only for good cause shown. If a party stipulates that (1) no claim is being made for mental and emotional distress over and above that usually associated with the physical injuries claimed, and (2) no expert testimony regarding this usual mental and emotional distress will be presented at trial in support of the claim for damages, a mental examination of a person for whose personal injuries a recovery is being sought shall not be ordered except on a showing of exceptional circumstances. The order granting a physical or mental examination shall specify the person or persons who may perform the examination, and the time, place, manner, diagnostic tests and procedures, conditions, scope, and nature of the examination. If the place of the examination is more than 75 miles from the residence of the person to be examined, the order to submit to it shall be (1) made only on the court's determination that there is good cause for the travel involved, and (2) conditioned on the advancement by the moving party of the reasonable expenses and costs to the examinee for travel to the place of examination.

(e) In lieu of the procedures and restrictions specified in subdivisions (c) and (d), any physical or mental examination may be arranged by, and carried out under, a written agreement of the parties.

(f) If a party required by subdivision (c), (d), or (e) to submit to a physical or mental examination fails to do so, the court, on motion of the party entitled to the examination, may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may, on motion of the party, impose a monetary sanction under Section 2023.

If a party required by subdivision (c), (d), or (e) to produce another for a physical or mental examination fails to do so, the court, on motion of the party entitled to the examination, may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023, unless the party failing to comply demonstrates an inability to produce that person for examination. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(g) (1) The attorney for the examinee or for a party producing the examinee, or that attorney's representative, shall be permitted

to attend and observe any physical examination conducted for discovery purposes, and to record stenographically or by audio tape any words spoken to or by the examinee during any phase of the examination. This observer may monitor the examination, but shall not participate in or disrupt it.

If in the judgment of the observer the examiner becomes abusive to the examinee or undertakes to engage in unauthorized diagnostic tests and procedures, the observer may suspend it to enable the party being examined or producing the examinee to make a motion for a protective order. If the observer begins to participate in or disrupt the examination, the person conducting the physical examination may suspend the examination to enable the party at whose instance it is being conducted to move for a protective order.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If the examinee submits or authorizes access to X-rays of any area of his or her body for inspection by the examining physician, no additional X-rays of that area may be taken by the examining physician except with consent of the examinee or on order of the court for good cause shown.

(2) The examiner and examinee shall have the right to record a mental examination on audio tape. However, nothing in this article shall be construed to alter, amend, or affect existing case law with respect to the presence of the attorney for the examinee or other persons during the examination by agreement or court order.

(h) If a party submits to, or produces another for, a physical or mental examination in compliance with a demand under subdivision (c), an order of court under subdivision (d), or an agreement under subdivision (e), that party has the option of making a written demand that the party at whose instance the examination was made deliver to the demanding party (1) a copy of a detailed written report setting out the history, examinations, findings, including the results of all tests made, diagnoses, prognoses, and conclusions of the examiner, and (2) a copy of reports of all earlier examinations of the same condition of the examinee made by that or any other examiner. If this option is exercised, a copy of these reports shall be delivered within 30 days after service of the demand, or within 15 days of trial, whichever is earlier. The protection for work product under Section 2018 is waived, both for the examiner's writings and reports and to the taking of the examiner's testimony.

If the party at whose instance the examination was made fails to make a timely delivery of the reports demanded, the demanding party may move for an order compelling their delivery. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel delivery of medical reports, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling delivery of demanded medical reports, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to those sanctions, the court may impose a monetary sanction under Section 2023. The court shall exclude at trial the testimony of any examiner whose report has not been provided by a party.

(i) By demanding and obtaining a report of a physical or mental examination under the provisions of subdivision (h), or by taking the deposition of the examiner, other than under subdivision (i) of Section 2034, the party who submitted to, or produced another for, a physical or mental examination waives in the pending action, and in any other action involving the same controversy, any privilege, as well as any protection for work product under Section 2018, that the party or other examinee may have regarding reports and writings as well as the testimony of every other physician, psychologist, or licensed health care practitioner who has examined or may thereafter examine the party or other examinee in respect of the same physical or mental condition.

(j) A party receiving a demand for a report under subdivision (h) is entitled at the time of compliance to receive in exchange a copy of any existing written report of any examination of the same condition by any other physician, psychologist, or licensed health care practitioner. In addition, that party is entitled to receive promptly any later report of any previous or subsequent examination of the same condition, by any physician, psychologist, or licensed health care practitioner.

If a party who has demanded and received delivery of medical reports under subdivision (h) fails to deliver existing or later reports of previous or subsequent examinations, a party who has complied with subdivision (h) may move for an order compelling delivery of medical reports. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel delivery of medical reports, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling delivery of medical reports, the court may make those orders that are just,

including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to the sanction, the court may impose a monetary sanction under Section 2023. The court shall exclude at trial the testimony of any health care practitioner whose report has not been provided by a party ordered to do so by the court.

(k) Nothing in this section shall require the disclosure of the identity of an expert consulted by an attorney in order to make the certification required in an action for professional negligence under Sections 411.30 and 411.35.

SEC. 6. Section 2033 of the Code of Civil Procedure is amended to read:

2033. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by a written request that any other party to the action admit the genuineness of specified documents, or the truth of specified matters of fact, opinion relating to fact, or application of law to fact. A request for admission may relate to a matter that is in controversy between the parties.

(b) A defendant may make requests for admission by a party without leave of court at any time. A plaintiff may make requests for admission by a party without leave of court at any time that is 10 days after the service of the summons on, or appearance by, that party, whichever occurs first. However, on motion with or without notice, the court, for good cause shown, may grant leave to a plaintiff to make requests for admission at an earlier time.

(c) (1) No party shall request, as a matter of right, that any other party admit more than 35 matters that do not relate to the genuineness of documents. If the initial set of admission requests does not exhaust this limit, the balance may be requested in subsequent sets. Unless a declaration as described in paragraph (3) has been made, a party need only respond to the first 35 admission requests served that do not relate to the genuineness of documents, if that party states an objection to the balance under paragraph (2) of subdivision (f) on the ground that the limit has been exceeded.

The number of requests for admission of the genuineness of documents is not limited except as justice requires to protect the responding party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense.

(2) Subject to the right of the responding party to seek a protective order under subdivision (e), any party who attaches a supporting declaration as described in paragraph (3) may request a greater number of admissions by another party if the greater number is warranted by the complexity or the quantity of the existing and potential issues in the particular case.

If the responding party seeks a protective order on the ground that the number of requests for admission is unwarranted, the propounding party shall have the burden of justifying the number of requests for admission.

(3) Any party who is requesting or who has already requested more than 35 admissions not relating to the genuineness of documents by any other party shall attach to each set of requests for admissions a declaration containing substantially the following words:

DECLARATION FOR ADDITIONAL DISCOVERY

I, _____, declare:

1. I am (a party to this action or proceeding appearing in propria persona) (presently the attorney for _____, a party to this action or proceeding).

2. I am propounding to _____ the attached set of requests for admission.

3. This set of requests for admission will cause the total number of requests propounded to the party to whom they are directed to exceed the number of requests permitted by paragraph (1) of subdivision (c) of Section 2033 of the Code of Civil Procedure.

4. I have previously propounded a total of _____ requests for admission to this party.

5. This set of requests for admission contains a total of _____ requests.

6. I am familiar with the issues and the previous discovery conducted by all of the parties in this case.

7. I have personally examined each of the requests in this set of requests for admission.

8. This number of requests for admission is warranted under paragraph (2) of subdivision (c) of Section 2033 of the Code of Civil Procedure because _____. (Here state the reasons why the complexity or the quantity of issues in the instant lawsuit warrant this number of requests for admission.)

9. None of the requests in this set of requests is being propounded for any improper purpose, such as to harass the party, or the attorney for the party, to whom it is directed, or to cause unnecessary delay or needless increase in the cost of litigation.

I declare under penalty of perjury under the laws of California that the foregoing is true and correct, and that this declaration was executed on _____.

Attorney for _____

(4) A party requesting admissions shall number each set of requests consecutively. In the first paragraph immediately below the title of the case, there shall appear the identity of the requesting party, the set number, and the identity of the responding party. Each request for admission in a set shall be separately set forth and identified by letter or number.

(5) Each request for admission shall be full and complete in and

of itself. No preface or instruction shall be included with a set of admission requests unless it has been approved under Section 2033.5. Any term specially defined in a request for admission shall be typed with all letters capitalized whenever the term appears. No request for admission shall contain subparts, or a compound, conjunctive, or disjunctive request unless it has been approved under Section 2033.5.

(6) A party requesting an admission of the genuineness of any documents shall attach copies of those documents to the requests, and shall make the original of those documents available for inspection on demand by the party to whom the requests for admission are directed.

(7) No party shall combine in a single document requests for admission with any other method of discovery.

(d) The party requesting admissions shall serve a copy of them on the party to whom they are directed and on all other parties who have appeared in the action.

(e) When requests for admission have been made, the responding party may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the set of admission requests, or particular requests in the set, need not be answered at all.

(2) That, contrary to the representations made in a declaration submitted under paragraph (3) of subdivision (c), the number of admission requests is unwarranted.

(3) That the time specified in subdivision (h) to respond to the set of admission requests, or to particular requests in the set, be extended.

(4) That a trade secret or other confidential research, development, or commercial information not be admitted or be admitted only in a certain way.

(5) That some or all of the answers to requests for admission be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the responding party provide or permit the discovery against which protection was sought on terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) The party to whom requests for admission have been directed

shall respond in writing under oath separately to each request. Each response shall answer the substance of the requested admission, or set forth an objection to the particular request. In the first paragraph of the response immediately below the title of the case, there shall appear the identity of the responding party, the set number, and the identity of the requesting party. Each answer or objection in the response shall bear the same identifying number or letter and be in the same sequence as the corresponding request, but the text of the particular request need not be repeated.

(1) Each answer in the response shall be as complete and straightforward as the information reasonably available to the responding party permits. Each answer shall (A) admit so much of the matter involved in the request as is true, either as expressed in the request itself or as reasonably and clearly qualified by the responding party, (B) deny so much of the matter involved in the request as is untrue, and (C) specify so much of the matter involved in the request as to the truth of which the responding party lacks sufficient information or knowledge. If a responding party gives lack of information or knowledge as a reason for a failure to admit all or part of a request for admission, that party shall state in the answer that a reasonable inquiry concerning the matter in the particular request has been made, and that the information known or readily obtainable is insufficient to enable that party to admit the matter.

(2) If only a part of a request for admission is objectionable, the remainder of the request shall be answered. If an objection is made to a request or to a part of a request, the specific ground for the objection shall be set forth clearly in the response. If an objection is based on a claim of privilege, the particular privilege invoked shall be clearly stated. If an objection is based on a claim that the matter as to which an admission is requested is protected work product under Section 2018, that claim shall be expressly asserted.

(g) The party to whom the requests for admission are directed shall sign the response under oath, unless the response contains only objections. If that party is a public or private corporation, or a partnership or association or governmental agency, one of its officers or agents shall sign the response under oath on behalf of that party. If the officer or agent signing the response on behalf of that party is an attorney acting in that capacity for the party, that party waives any lawyer-client privilege and any protection for work product under Section 2018 during any subsequent discovery from that attorney concerning the identity of the sources of the information contained in the response. The attorney for the responding party shall sign any response that contains an objection.

(h) Within 30 days after service of requests for admission, the party to whom the requests are directed shall serve the original of the response to them on the requesting party, and a copy of the response on all other parties who have appeared, unless on motion of the requesting party the court has shortened the time for response, or unless on motion of the responding party the court has extended

the time for response.

(i) The party requesting admissions and the responding party may agree to extend the time for service of a response to a set of admission requests, or to particular requests in a set, to a date beyond that provided in subdivision (h). This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date for service of a response. Unless this agreement expressly states otherwise, it is effective to preserve to the responding party the right to respond to any request for admission to which the agreement applies in any manner specified in subdivision (f). Notice of this agreement shall be given by the responding party to all other parties who were served with a copy of the request.

(j) The requests for admission and the response to them shall not be filed with the court. The party requesting admissions shall retain both the original of the requests for admission, with the original proof of service affixed to them, and the original of the sworn response until six months after final disposition of the action. At that time, both originals may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

(k) If a party to whom requests for admission have been directed fails to serve a timely response, that party thereby waives any objection to the requests, including one based on privilege or on the protection for work product under Section 2018. However, the court, on motion, may relieve that party from this waiver on its determination that (1) the party has subsequently served a response that is in substantial compliance with subdivision (f), and (2) the party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The requesting party may move for an order that the genuineness of any documents and the truth of any matters specified in the requests be deemed admitted, as well as for a monetary sanction under Section 2023. The court shall make this order, unless it finds that the party to whom the requests for admission have been directed has served, before the hearing on the motion, a proposed response to the requests for admission that is in substantial compliance with paragraph (1) of subdivision (f). It is mandatory that the court impose a monetary sanction under Section 2023 on the party or attorney, or both, whose failure to serve a timely response to requests for admission necessitated this motion.

(*l*) If the party requesting admissions, on receipt of a response to the requests, deems that (1) an answer to a particular request is evasive or incomplete, or (2) an objection to a particular request is without merit or too general, that party may move for an order compelling a further response. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

Unless notice of this motion is given within 45 days of the service

of the response, or any specific later date to which the requesting party and the responding party have agreed in writing, the requesting party waives any right to compel further response to the requests for admission.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel further response, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling further response to requests for admission, the court may order that the matters involved in the requests be deemed admitted. In lieu of or in addition to this order, the court may impose a monetary sanction under Section 2023.

(m) A party may withdraw or amend an admission made in response to a request for admission only on leave of court granted after notice to all parties. The court may permit withdrawal or amendment of an admission only if it determines that the admission was the result of mistake, inadvertence, or excusable neglect, and that the party who obtained the admission will not be substantially prejudiced in maintaining that party's action or defense on the merits. The court may impose conditions on the granting of the motion that are just, including, but not limited to, an order that (1) the party who obtained the admission be permitted to pursue additional discovery related to the matter involved in the withdrawn or amended admission, and (2) the costs of any additional discovery be borne in whole or in part by the party withdrawing or amending the admission.

(n) Any matter admitted in response to a request for admission is conclusively established against the party making the admission in the pending action, unless the court has permitted withdrawal or amendment of that admission under subdivision (m). However, any admission made by a party under this section is (1) binding only on that party, and (2) made for the purpose of the pending action only. It is not an admission by that party for any other purpose, and it shall not be used in any manner against that party in any other proceeding.

(o) If a party fails to admit the genuineness of any document or the truth of any matter when requested to do so under this section, and if the party requesting that admission thereafter proves the genuineness of that document or the truth of that matter, the party requesting the admission may move the court for an order requiring the party to whom the request was directed to pay the reasonable expenses incurred in making that proof, including reasonable attorney's fees. The court shall make this order unless it finds that (1) an objection to the request was sustained or a response to it was waived under subdivision (*l*), (2) the admission sought was of no substantial importance, (3) the party failing to make the admission had reasonable ground to believe that that party would prevail on

the matter, or (4) there was other good reason for the failure to admit.

SEC. 7. Section 2034 of the Code of Civil Procedure is amended to read:

2034. (a) After the setting of the initial trial date for the action, any party may obtain discovery by demanding that all parties simultaneously exchange information concerning each other's expert trial witnesses to the following extent:

(1) Any party may demand a mutual and simultaneous exchange by all parties of a list containing the name and address of any natural person, including one who is a party, whose oral or deposition testimony in the form of an expert opinion any party expects to offer in evidence at the trial.

(2) If any expert designated by a party under paragraph (1) is a party or an employee of a party, or has been retained by a party for the purpose of forming and expressing an opinion in anticipation of the litigation or in preparation for the trial of the action, the designation of that witness shall include or be accompanied by an expert witness declaration under paragraph (2) of subdivision (f).

(3) Any party may also include a demand for the mutual and simultaneous production for inspection and copying of all discoverable reports and writings, if any, made by any expert described in paragraph (2) in the course of preparing that expert's opinion.

This section does not apply to exchanges of lists of experts and valuation data in eminent domain proceedings under Chapter 7 (commencing with Section 1258.010) of Title 7 of Part 3.

(b) Any party may make a demand for an exchange of information concerning expert trial witnesses without leave of court. A party shall make this demand no later than the 10th day after the initial trial date has been set, or 70 days before that trial date, whichever is closer to the trial date.

(c) A demand for an exchange of information concerning expert trial witnesses shall be in writing and shall identify, below the title of the case, the party making the demand. The demand shall state that it is being made under this section.

The demand shall specify the date for the exchange of lists of expert trial witnesses, expert witness declarations, and any demanded production of writings. The specified date of exchange shall be 50 days before the initial trial date, or 20 days after service of the demand, whichever is closer to the trial date, unless the court, on motion and a showing of good cause, orders an earlier or later date of exchange.

(d) The party demanding an exchange of information concerning expert trial witnesses shall serve the demand on all parties who have appeared in the action.

(e) A party who has been served with a demand to exchange information concerning expert trial witnesses may promptly move for a protective order. This motion shall be accompanied by a

declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense. The protective order may include, but is not limited to, one or more of the following directions:

(1) That the demand be quashed because it was not timely served.

(2) That the date of exchange be earlier or later than that specified in the demand.

(3) That the exchange be made only on specified terms and conditions.

(4) That the production and exchange of any reports and writings of experts be made at a different place or at a different time than that specified in the demand.

(5) That some or all of the parties be divided into sides on the basis of their identity of interest in the issues in the action, and that the designation of any experts as described in paragraph (2) of subdivision (a) be made by any side so created.

(6) That a party or a side reduce the list of employed or retained experts designated by that party or side under paragraph (2) of subdivision (a).

If the motion for a protective order is denied in whole or in part, the court may order that the parties against whom the motion is brought, provide or permit the discovery against which the protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) All parties who have appeared in the action shall exchange information concerning expert witnesses in writing on or before the date of exchange specified in the demand. The exchange of information may occur at a meeting of the attorneys for the parties involved or by a mailing on or before the date of exchange.

(1) The exchange of expert witness information shall include either of the following:

(A) A list setting forth the name and address of any person whose expert opinion that party expects to offer in evidence at the trial.

(B) A statement that the party does not presently intend to offer the testimony of any expert witness.

(2) If any witness on the list is an expert as described in paragraph (2) of subdivision (a), the exchange shall also include or be accompanied by an expert witness declaration signed only by the attorney for the party designating the expert, or by that party if that party has no attorney. This declaration shall be under penalty of perjury and shall contain:

(A) A brief narrative statement of the qualifications of each

expert.

(B) A brief narrative statement of the general substance of the testimony that the expert is expected to give.

(C) A representation that the expert has agreed to testify at the trial.

(D) A representation that the expert will be sufficiently familiar with the pending action to submit to a meaningful oral deposition concerning the specific testimony, including any opinion and its basis, that the expert is expected to give at trial.

(E) A statement of the expert's hourly and daily fee for providing deposition testimony.

(g) If a demand for an exchange of information concerning expert trial witnesses includes a demand for production of reports and writings as described in paragraph (3) of subdivision (a), all parties shall produce and exchange, at the place and on the date specified in the demand, all discoverable reports and writings, if any, made by any designated expert described in paragraph (2) of subdivision (a).

(h) Within 20 days after the exchange described in subdivision (f), any party who engaged in the exchange may submit a supplemental expert witness list containing the name and address of any experts who will express an opinion on a subject to be covered by an expert designated by an adverse party to the exchange, if the party supplementing an expert witness list has not previously retained an expert to testify on that subject. This supplemental list shall be accompanied by an expert witness declaration under paragraph (2) of subdivision (f) concerning those additional experts, and by all discoverable reports and writings, if any, made by those additional experts. The party shall also make those experts available immediately for a deposition under subdivision (i), which deposition may be taken even though the time limit for discovery under Section 2024 has expired.

(i) On receipt of an expert witness list from a party, any other party may take the deposition of any person on the list. The procedures for taking oral and written depositions set forth in Sections 2025, 2026, 2027, and 2028 apply to a deposition of a listed trial expert witness except as follows:

(1) The deposition of any expert described in paragraph (2) of subdivision (a) shall be taken at a place that is within 75 miles of the courthouse where the action is pending. However, on motion for a protective order by the party designating an expert witness, and on a showing of exceptional hardship, the court may order that the deposition be taken at a more distant place from the courthouse.

(2) A party desiring (A) to depose any expert described in paragraph (2) of subdivision (a) except one who is a party or an employee of a party, or (B) to depose any treating physician or other treating health care practitioner who is to be asked to express an opinion during the deposition, shall pay the reasonable and customary hourly or daily fee for the actual time consumed in the examination of that expert by any party attending the deposition. In

a worker's compensation case arising under Division 4 (commencing with Section 3201) or Division 4.5 (commencing with Section 6100) of the Labor Code, a party desiring to depose any expert on another party's expert witness list shall pay this fee.

The party taking the deposition shall either accompany the service of the deposition notice with a tender of the expert's fee based on the anticipated length of the deposition or tender that fee at the commencement of the deposition. The expert's fee shall be delivered to the attorney for the party designating the expert. If the deposition of the expert takes longer than anticipated, the party giving notice of the deposition shall pay the balance of the expert's fee within five days of receipt of an itemized statement from the expert. The party designating the expert is responsible for any fee charged by the expert for preparing for the deposition and for traveling to the place of the deposition, as well as for any travel expenses of the expert.

(3) The service of a proper deposition notice accompanied by the tender of the expert witness fee described in paragraph (2) is effective to require the party employing or retaining the expert to produce the expert for the deposition. If the party noticing the deposition fails to tender the expert's fee under paragraph (2), the expert shall not be deposed at that time unless the parties stipulate otherwise.

(4) If a party desiring to take the deposition of an expert witness under this subdivision deems that the hourly or daily fee of that expert for providing deposition testimony is unreasonable, that party may move for an order setting the compensation of that expert. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall also be given to the expert.

The court shall set the fee of the expert for providing deposition testimony if it determines that the fee demanded by that expert is unreasonable.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to set the expert witness fee, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) Except as provided in subdivisions (k), (*l*), and (m), on objection of any party who has made a complete and timely compliance with subdivision (f), the trial court shall exclude from evidence the expert opinion of any witness that is offered by any party who has unreasonably failed to do any of the following:

(1) List that witness as an expert under subdivision (f).

(2) Submit an expert witness declaration.

(3) Produce reports and writings of expert witnesses under subdivision (g).

(4) Make that expert available for a deposition under subdivision (i).

(k) On motion of any party who has engaged in a timely exchange of expert witness information, the court may grant leave to (1) augment that party's expert witness list and declaration by adding the name and address of any expert witness whom that party has subsequently retained, or (2) amend that party's expert witness declaration with respect to the general substance of the testimony that an expert previously designated is expected to give. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The demand, and all expert witness lists and declarations exchanged in response to it, shall be lodged with the court when their contents become relevant to an issue in any pending matter in the action. The court shall grant leave to augment or amend an expert witness list or declaration only after taking into account the extent to which the opposing party has relied on the list of expert witnesses, and after determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party either (1) would not in the exercise of reasonable diligence have determined to call that expert witness or have decided to offer the different or additional testimony of that expert witness, or (2) failed to determine to call that expert witness, or to offer the different or additional testimony of that expert witness as a result of mistake, inadvertence, surprise, or excusable neglect, provided that the moving party (1) has sought leave to augment or amend promptly after deciding to call the expert witness or to offer the different or additional testimony, and (2) has promptly thereafter served a copy of the proposed expert witness information concerning the expert or the testimony described in subdivision (f) on all other parties who have appeared in the action. Leave shall be conditioned on the moving party making the expert available immediately for a deposition under subdivision (i), and on such other terms as may be just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding of costs and litigation expenses to any party opposing the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to augment or amend expert witness information, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances made the imposition of the sanction unjust.

(*l*) On motion of any party who has failed to submit expert

witness information on the date specified in a demand for that exchange, the court may grant leave to submit that information on a later date. This motion shall be made a sufficient time in advance of the time limit for the completion of discovery under Section 2024 to permit the deposition of any expert to whom the motion relates to be taken within that time limit. However, under exceptional circumstances, the court may permit the motion to be made at a later time. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court shall grant leave to submit tardy expert witness information only after taking into account the extent to which the opposing party has relied on the absence of a list of expert witnesses, and determining that any party opposing the motion will not be prejudiced in maintaining that party's action or defense on the merits, and that the moving party (1) failed to submit that information as the result of mistake, inadvertence, surprise, or excusable neglect, (2) sought that leave promptly after learning of the mistake, inadvertence, surprise, or excusable neglect, and (3) has promptly thereafter served a copy of the proposed expert witness information described in subdivision (f) on all other parties who have appeared in the action. This order shall be conditioned on the moving party making that expert available immediately for a deposition under subdivision (i), and on such other terms as may be just, including, but not limited to, leave to any party opposing the motion to designate additional expert witnesses or to elicit additional opinions from those previously designated, a continuance of the trial for a reasonable period of time, and the awarding of costs and litigation expenses to any party opposing the motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to submit tardy expert witness information, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(m) A party may call as a witness at trial an expert not previously designated by that party if: (1) that expert has been designated by another party and has thereafter been deposed under subdivision (i), or (2) that expert is called as a witness to impeach the testimony of an expert witness offered by any other party at the trial. This impeachment may include testimony to the falsity or nonexistence of any fact used as the foundation for any opinion by any other party's expert witness, but may not include testimony that contradicts the opinion.

(n) The demand for an exchange of information concerning expert trial witnesses, and any expert witness lists and declarations exchanged shall not be filed with the court. The party demanding the exchange shall retain both the original of the demand, with the original proof of service affixed, and the original of all expert witness

lists and declarations exchanged in response to the demand until six months after final disposition of the action. At that time, all originals may be destroyed unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

CHAPTER 554

An act to add Sections 2424 and 2424.5 to the Vehicle Code, relating to vehicles.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. (a) To clarify the authority of the Department of the California Highway Patrol under existing law, the Legislature makes the findings and declarations set forth in this subdivision. There are many occasions during their routine operations when members of the California Highway Patrol are required to provide for the removal of wrecked or disabled vehicles from the highways of this state, or to provide for the removal and safe storage of vehicles belonging to persons who are arrested and incarcerated. The department utilizes, of necessity, the services of many private towing companies in the discharge of these public duties and the Legislature recognizes that many motoring citizens are thus placed in the position, without their express consent, of employing the services of these towing and wrecker companies. The Legislature deems it incumbent upon the department to strive to maintain a fair degree of equality and protection of the motoring citizens from unethical or unfair business practices on the part of private towing companies whom the department utilizes on behalf of these citizens.

(b) The Legislature also recognizes that a tow company's participation is voluntary, that any agreement entered into shall not affect the towing company on nondepartment referred calls, and that nonparticipation shall not affect a tow company's right to operate a tow service.

SEC. 2. Section 2424 is added to the Vehicle Code, to read:

2424. (a) The Commissioner of the California Highway Patrol may enter into agreements with providers of towing and storage services for the purpose of determining which providers shall be summoned by the department when those services are necessary for public assistance or to carry out the duties and responsibilities of the department. Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to the agreements. The department shall confer with the towing industry, as necessary, to reach agreements mutually beneficial to

the public, the towing industry, and the department.

(b) This section does not prohibit a member of the public from selecting any vehicle towing or storage provider, except when towing or storage is ordered by a member of the department under the provisions of law.

(c) These agreements shall be implemented in cooperation with representatives of the towing industry, and shall include, but not be limited to, the following subjects: liability insurance requirements, towing and storage fees, inspection of business and storage facilities and equipment, recordkeeping, minimum equipment requirements, and the establishment of tow districts.

(d) Failure of a towing or storage provider to comply with the provisions of the agreement may result in the suspension or termination of the agreement. In the event of suspension or termination of the agreement, and at the request of the towing and storage provider, the department shall provide a hearing and appeal process to the provider.

SEC. 3. Section 2424.5 is added to the Vehicle Code, to read:

2424.5. The commissioner shall, not later than March 15 of each year, report to the Legislature on the agreements entered into pursuant to Section 2424. The report shall include, but not be limited to, the following:

(a) The total number of agreements the department is currently entered into.

(b) The signatories to the agreements.

(c) The departmental policy for establishing conditions or criteria for selecting providers of towing and storage services to participate in those agreements.

CHAPTER 555

An act to add Section 17156 to the Revenue and Taxation Code, to add Section 11008.17 to the Welfare and Institutions Code, and to amend Sections 2 and 3 of, and to repeal Section 6 of, Chapter 523 of the Statutes of 1982, relating to reparations for World War II injustices.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 17156 is added to the Revenue and Taxation Code, to read:

17156. Gross income does not include any amount received pursuant to any federal law enacted in 1988 to provide reparation payments to redress the injustice done to United States citizens and resident aliens of Japanese ancestry who were interned during World

War II.

This section shall not become operative, unless and until the board determines that a federal statute is enacted in 1988 which provides that amounts payable under a federal program to redress the injustice done to United States citizens and resident aliens of Japanese ancestry who were interned during World War II shall be treated, for purposes of the internal revenue laws of the United States, as damages for human suffering.

SEC. 2. Section 11008.17 is added to the Welfare and Institutions Code, to read:

11008.17. To the extent required by federal law, amounts paid pursuant to any federal law enacted in 1988 to provide reparation payments to redress the injustice done to United States citizens and resident aliens of Japanese ancestry who were interned during World War II shall not be considered as income or resources for purposes of determining eligibility to receive Medi-Cal benefits or public assistance benefits or the amount of those benefits.

This section shall not become operative, unless and until the department determines that a federal statute is enacted in 1988 which provides that amounts payable under a federal program to redress the injustice done to United States citizens and resident aliens of Japanese ancestry who were interned during World War II shall not be treated as income or resources for purposes of determining eligibility to receive benefits defined by subdivision (c) (2) (C) of Section 3803 of Title 31 of the United States Code or the amount of those benefits.

SEC. 3. Section 2 of Chapter 523 of the Statutes of 1982 is amended to read:

Sec. 2. Any person who, due to the enactment of SCR 15, was dismissed, terminated from a temporary position, rejected during his or her probationary period, or voluntarily resigned in lieu of dismissal from state civil service, the California State University, or the University of California and who incurred salary losses as a result thereof, is eligible to file a claim with the state for the reparation of those losses. The surviving spouse of the person is also eligible to file a claim with the state for the reparation of those losses if the person did not file a claim pursuant to this act before his or her death. No more than one claim may be filed with respect to the person. Claims must be postmarked by May 15 of each year.

SEC. 4. Section 3 of Chapter 523 of the Statutes of 1982 is amended to read:

Sec. 3. The claim may be submitted for the reparation of the salary losses suffered during the years 1942 to 1947. The claim shall be supported by appropriate verification, such as the person's name at the time of the dismissal, the name of the employing department, a social security number, or by evidence of official action, such as a letter of termination. In the case of a claim submitted by the surviving spouse of a deceased person who suffered a loss, the claim shall be supported also by verification of the claimant's relationship

to the deceased person.

SEC. 5. Section 6 of Chapter 523 of the Statutes of 1982 is repealed.

CHAPTER 556

An act to amend Sections 4754, 4758, and 4804 of the Fish and Game Code, relating to game.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 4754 of the Fish and Game Code is amended to read:

4754. (a) Any person who is convicted of a violation of any provision of this code, or of any rule, regulation, or order made or adopted under this code, relating to bears shall forfeit his or her bear license tags, and new bear license tags shall not be issued to that person during the then current license year for hunting licenses.

(b) A person described in subdivision (a) shall not apply for bear license tags for the following license year.

SEC. 2. Section 4758 of the Fish and Game Code is amended to read:

4758. (a) Subject to the provisions of this code permitting the sale of domestically raised game mammals, it is unlawful to sell or purchase, or possess for sale, the meat, skin, hide, teeth, claws, or other parts of any bear in this state.

(b) The possession of more than one bear gall bladder is prima facie evidence that the bear gall bladders are possessed for sale.

(c) Nothing in this section prohibits a sale authorized pursuant to Section 3087.

SEC. 3. Section 4804 of the Fish and Game Code is amended to read:

4804. (a) Any person who is convicted of a violation of any provision of this code, or of any rule, regulation, or order made or adopted under this code, relating to mountain lions shall forfeit his or her mountain lion license tags, and new mountain lion license tags shall not be issued to that person during the then current license year for hunting licenses.

(b) A person described in subdivision (a) shall not apply for mountain lion license tags for the following license year.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty

for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 557

An act to amend Section 221.5 of the Civil Code, and to amend Section 1502 of the Health and Safety Code, relating to community care facilities.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 221.5 of the Civil Code is amended to read:

221.5. (a) "Full service adoption agency," for the purposes of this chapter, means any licensed entity engaged in the business of providing adoption services, who does all of the following:

(1) Assumes care, custody, and control of a child through relinquishment of the child to the agency or involuntary termination of parental rights to the child.

(2) Assesses the birth parents, prospective adoptive parents, or child.

(3) Places children for adoption.

CHAPTER 558

An act to add Article 3 (commencing with Section 25545) to Chapter 6.95 of Division 20 of the Health and Safety Code, relating to hazardous substances.

[Approved by Governor August 23, 1988. Filed with Secretary of State August 24, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 25545) is added to Chapter 6.95 of Division 20 of the Health and Safety Code, to read:

Article 3. Emergency Planning and Community Right to Know Act of 1986 Implementation

25545. The Office of Emergency Services shall develop informational guidelines for facilities required to comply with Chapter 116 (commencing with Section 11001) of Title 42 of the

United States Code and with this chapter, and shall assist the administering agencies in assuring full distribution of these guidelines to those facilities.

CHAPTER 559

An act to add Chapter 10.5 (commencing with Section 1870) to Part 2 of Division 1 of the Insurance Code, relating to risk retention.

[Approved by Governor August 25, 1988. Filed with Secretary of State August 26, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10.5 (commencing with Section 1870) is added to Part 2 of Division 1 of the Insurance Code, to read:

CHAPTER 10.5. RISK RETENTION

1870. The Legislature finds and declares that for the purpose of creating a risk retention group, directors and officers of corporations, whether for profit or nonprofit, are engaged in the same line of business with respect to the liability risks faced by those officers and directors within the meaning of the federal Liability Risk Retention Act of 1986.

CHAPTER 560

An act to amend Sections 64, 65, 75.21, 75.60, 231, 251, 254, 255, and 606 of, and to add Section 259.12 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 25, 1988. Filed with Secretary of State August 26, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 64 of the Revenue and Taxation Code is amended to read:

64. (a) Except as provided in subdivision (h) of Section 61 and subdivisions (c) and (d) of this section, the purchase or transfer of ownership interests in legal entities, such as corporate stock or partnership interests, shall not be deemed to constitute a transfer of the real property of the legal entity.

(b) Any corporate reorganization, where all of the corporations involved are members of an affiliated group, and which qualifies as a reorganization under Section 368 of the United States Internal

Revenue Code and which is accepted as a nontaxable event by similar California statutes, or any transfer of real property among members of an affiliated group, or any reorganization of farm credit institutions pursuant to the federal Farm Credit Act of 1971 (Public Law 92-181), as amended, shall not be a change of ownership. The taxpayer shall furnish proof, under penalty of perjury, to the assessor that the transfer meets the requirements of this subdivision.

For purposes of this subdivision "affiliated group" means one or more chains of corporations connected through stock ownership with a common parent corporation if:

(1) One hundred percent of the voting stock, exclusive of any share owned by directors, of each of the corporations, except the parent corporation, is owned by one or more of the other corporations; and

(2) The common parent corporation owns, directly, 100 percent of the voting stock, exclusive of any shares owned by directors, of at least one of the other corporations.

(c) When a corporation, partnership, other legal entity or any other person obtains control, as defined in Section 25105, in any corporation, or obtains a majority ownership interest in any partnership or other legal entity through the purchase or transfer of corporate stock, partnership interest, or ownership interests in other legal entities, such purchase or transfer of such stock or other interest shall be a change of ownership of property owned by the corporation, partnership, or other legal entity in which the controlling interest is obtained.

(d) If property is transferred on or after March 1, 1975, to a legal entity in a transaction excluded from change in ownership by paragraph (2) of subdivision (a) of Section 62, then the persons holding ownership interests in such legal entity immediately after the transfer shall be considered the "original coowners." Whenever shares or other ownership interests representing cumulatively more than 50 percent of the total interests in the entity are transferred by any of the original coowners in one or more transactions, a change in ownership of that real property owned by the legal entity shall have occurred, and the property which was previously excluded from change in ownership under the provisions of paragraph (2) of subdivision (a) of Section 62 shall be reappraised.

The date of reappraisal shall be the date of the transfer of the ownership interest representing individually or cumulatively more than 50 percent of the interests in the entity.

A transfer of shares or other ownership interests which results in a change in control of a corporation, partnership, or any other legal entity is subject to reappraisal as provided in subdivision (c) rather than this subdivision.

(e) In order to assist in the determination of whether a change of ownership has occurred under subdivisions (c) and (d), the Franchise Tax Board shall include a question in substantially the following form on returns for partnerships, banks and corporations

(except tax-exempt organizations):

If the corporation (or partnership) owns real property in California, has cumulatively more than 50 percent of the voting stock (or more than 50 percent of total interest in both partnership capital and partnership profits) (1) been transferred by the corporation (or partnership) since March 1, 1975, or (2) been acquired by another legal entity or person during the year? (See instructions.)

If the entity answers "yes" to (1) or (2) in the above question, then the Franchise Tax Board shall furnish the names and addresses of that entity and of the stock or partnership ownership interest transferees to the State Board of Equalization.

SEC. 2. Section 65 of the Revenue and Taxation Code is amended to read:

65. (a) The creation, transfer, or termination of any joint tenancy is a change in ownership except as provided in this section, Section 62, and Section 63. Upon a change in ownership of a joint tenancy interest only the interest or portion which is thereby transferred from one owner to another owner shall be reappraised.

(b) There shall be no change in ownership upon the creation or transfer of a joint tenancy interest if the transferor or transferors, after such creation or transfer, are among the joint tenants. Upon the creation of a joint tenancy interest described in this subdivision, the transferor or transferors shall be the "original transferor or transferors" for purposes of determining the property to be reappraised on subsequent transfers. The spouses of original transferors shall also be considered original transferors within the meaning of this section.

(c) Upon the termination of an interest in any joint tenancy described in subdivision (b), the entire portion of the property held by the original transferor or transferors prior to the creation of the joint tenancy shall be reappraised unless it vests, in whole or in part, in any remaining original transferor, in which case there shall be no reappraisal. Upon the termination of the interest of the last surviving original transferor, there shall be a reappraisal of the interest then transferred and all other interests in the properties held by all original transferors which were previously excluded from reappraisal pursuant to this section.

(d) Upon the termination of an interest held by other than the original transferor in any joint tenancy described in subdivision (b), there shall be no reappraisal if the entire interest is transferred either to an original transferor or to all remaining joint tenants, provided that one of the remaining joint tenants is an original transferor.

(e) For purposes of this section, for joint tenancies created on or before March 1, 1975, it shall be rebuttably presumed that each joint tenant holding an interest in property as of March 1, 1975, shall be an "original transferor." This presumption is not applicable to joint tenancies created after March 1, 1975.

SEC. 3. Section 75.21 of the Revenue and Taxation Code is amended to read:

75.21. (a) Exemptions shall be applied to the amount of the supplemental assessment, provided that the property is not receiving any other exemption on either the current roll or the roll being prepared except as provided for in subdivision (b), that the assessee is eligible for the exemption, and that in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for the exemption.

(b) If the property received an exemption on the current roll or the roll being prepared and the assessee on the supplemental roll is eligible for an exemption and in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for an exemption of a greater amount, then the difference in the amount between the two exemptions shall be applied to the supplemental assessment.

(c) In those instances in which the provisions of this division require the filing of claims for exemption, except as provided in subdivision (d), any person claiming to be eligible for an exemption to be applied against the amount of the supplemental assessment shall file a claim or an amendment to a current claim, in such form as prescribed by the board, on or before the 30th day following the date of notice of the supplemental assessment, in order to receive 100 percent exemption.

(1) With respect to property as to which the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, public schools, community colleges, state colleges, state universities, or welfare exemption was available but for which a timely application for exemption was not filed, 90 percent of any tax or penalty or interest thereon or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount, whichever is greater, for each supplemental assessment, shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(2) With respect to property as to which the veterans', homeowners', or disabled veterans' exemption was available but for which a timely application for exemption was not filed, that portion of tax attributable to 80 percent of the amount of exemption available shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(3) With respect to property as to which any other exemption was available, but for which a timely application for exemption was not filed, 90 percent of any tax or penalty or interest thereon shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

Where a late application for exemption has not been filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, no exemption is available. Other provisions of this division pertaining to the late filing of claims for exemption do not apply to assessments made pursuant to this chapter.

(d) For purposes of this section, any claim for the homeowners' exemption previously filed by the owner of a dwelling, granted and in effect, constitutes the claim or claims for the homeowners' exemption required herein. In the event that no claim for the homeowners' exemption is in effect, a claim for the homeowners' exemption for a single supplemental assessment for a change in ownership or new construction occurring on or after June 1 up to and including February 29 shall apply to that assessment; a claim for the homeowners' exemption for the two supplemental assessments for a change in ownership or new construction occurring on or after March 1 up to and including May 31, one for the current fiscal year and one for the following fiscal year, shall apply to those assessments; and in either case, if granted, the claim shall remain in effect until the time title to the property changes, the owner does not occupy the home as his or her principal place of residence on the lien date, or the property is otherwise ineligible pursuant to Section 218.

SEC. 4. Section 75.60 of the Revenue and Taxation Code is amended to read:

75.60. (a) Notwithstanding any other provision of law, the board of supervisors of an eligible county, upon the adoption of a method identifying the actual administrative costs associated with the supplemental assessment roll, may direct the county auditor to allocate to the county, prior to the allocation of property tax revenues pursuant to Chapter 6 (commencing with Section 95) and prior to the allocation made pursuant to Section 75.70, an amount equal to the actual administrative costs, but not to exceed 5 percent of the revenues which have been collected on or after January 1, 1987, due to the assessments under this chapter. Those revenues shall be used solely for the purpose of administration of this chapter, regardless of the date those costs are incurred.

(b) For purposes of this section:

(1) "Actual administrative costs" includes only those direct costs for administration, data processing, collection, and appeal which are incurred by county auditors, assessors, and tax collectors. "Actual administrative costs" also includes those indirect costs for administration, data processing, collections, and appeal which are incurred by county auditors, assessors, and tax collectors and are allowed by state and federal audit standards pursuant to the A-87 Cost Allocation Program.

(2) "Eligible county" means a county which has been certified by the State Board of Equalization as an eligible county. The State Board of Equalization shall certify a county as an eligible county only if the average level of assessment in the county is at least 90 percent of the

assessment level required by statute, as determined by the board in the survey made pursuant to Section 15640 of the Government Code and commenced prior to January 1, 1987, or is at least 95 percent of the assessment level required by statute, as determined by the board in the survey made pursuant to Section 15640 of the Government Code and commenced after January 1, 1987. Each certification of a county shall be valid only until the next survey made by the board. If a county is not certified by the board, it may request a new survey in advance of the regularly scheduled survey, provided that it agrees to pay for the cost of that survey.

SEC. 5. Section 231 of the Revenue and Taxation Code is amended to read:

231. (a) Property which is owned by a nonprofit corporation and leased to, and used exclusively by, government for its interest and benefit shall be exempt from taxation within the meaning of "charitable purposes" in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution if:

(1) All of the provisions of Section 214 are complied with, except paragraph (6) of subdivision (a). For purposes of paragraph (6) of subdivision (a) of Section 214, irrevocable dedication to charitable purpose shall be deemed to exist if the lease provides that the property shall be transferred in fee to the entity of government leasing the same upon the sooner of either the liquidation, dissolution, or abandonment of the owner or at the time the last rental payment is made under the provisions of the lease.

(2) All of the provisions of Section 254.5 relating to owners are complied with, commencing during calendar year 1969.

(3) All of the provisions of Section 214.01 are complied with by March 15, 1970.

(b) As used in this section "property" means:

(1) Any building or structure of a kind or nature which is uniquely of a governmental character and includes, but is not limited to, the following:

(A) City halls.

(B) Courthouses.

(C) Administration buildings.

(D) Police stations, jails, or detention facilities.

(E) Fire stations.

(F) Parks or playgrounds.

(G) Hospitals.

(H) Water systems and waste water facilities.

(I) Toll bridges.

(2) Any other property required for the use and occupation of the buildings and leased to government.

(3) Any possessory interest of the nonprofit corporation in property and in the land upon which the property was constructed and so much of the surrounding land that is required for the use and occupation of the property.

(4) Any building and its equipment in the course of construction

on or after the first Monday of March 1954, together with the land on which it is located as may be required for the use and occupation of the building when such building and equipment is being constructed for the sole purpose of being leased to government to lessen its burden.

"Uniquely of a governmental character" means the property, except hospitals, water systems, waste water facilities and toll bridges, is not intended to produce income or revenue in the form of rents or admission, user or service fees, or charges.

(c) As used in this section "property" does not include any possessory interest of any person or organization not exempt from taxation.

(d) As used in this section "nonprofit corporation" means a community chest, fund, foundation or corporation, not conducted for profit, and no part of the net earnings of which inures to the benefit of any private shareholder or individual and that nonprofit corporation is organized and operated for the sole purpose of leasing property to government and to lessen the burden of government and, in fact, only leases property to government. That nonprofit corporation shall qualify as an exempt organization either under Section 23701f or 23701u of this code or Section 501(c)(4) of the Internal Revenue Code of 1986. This subdivision is not intended to enlarge the "welfare exemption" to apply to organizations qualified under Section 501(c)(4) of the Internal Revenue Code of 1986 but not otherwise qualified for the "welfare exemption" under this section. Nonprofit corporations meeting the tests of this subdivision are deemed to be organized and operated for charitable purposes.

(e) As used in this section "government" means the State of California, a city, city and county, county, public corporation, and a hospital district.

(f) The exemption provided for in this section shall be deemed to be within the "welfare exemption" for purposes of Section 251.

(g) For leases first entered into by and between government and nonprofit corporation on or after January 1, 1969, all requirements of this section shall be met for the property and the nonprofit corporation to qualify for the exemption provided by this section.

(h) For leases first entered into by and between government and nonprofit corporation on or before December 31, 1968, all requirements of this section shall be met except that the last unnumbered paragraph of subdivision (b) shall not apply and for the purposes of subdivision (b)(1) the list of real property qualifying for this exemption includes community recreation buildings or facilities, golf courses, airports, water, sewer and drainage facilities, music centers and their related facilities, and public parking incidental to and in connection with one of the buildings or structures set forth in this section.

(i) Property exempt under this section shall be located within the boundaries of the entity of government leasing the same.

(j) Where the construction has commenced on or after January 1,

1969, improvements shall be advertised and put to competitive bid to qualify for the exemption provided by this section.

(k) For purposes of subdivision (d), a nonprofit corporation shall not be deemed to be qualified as an exempt organization unless the organization files with the assessor duplicate copies of a valid, unrevoked letter or ruling from either the Franchise Tax Board or, in the alternative, the Internal Revenue Service, which states that the organization qualifies as an exempt organization under the appropriate provisions of the Bank and Corporation Tax Law or the Internal Revenue Code.

SEC. 6. Section 251 of the Revenue and Taxation Code is amended to read:

251. (a) (1) The board shall prescribe all procedures and forms required to carry into effect any property tax exemption enacted by the Legislature or by constitutional amendment.

(2) All of the procedures and forms for new exemptions and for substantive changes to existing property tax exemption procedures and forms shall be prescribed by the board after consultation with the California Assessors' Association.

(b) (1) The procedures prescribed pursuant to subdivision (a) shall be deemed satisfied by a qualified lessor by submission to the assessor within 120 days of the commencement date of the lease, or 120 days after the effective date of the act adding this subdivision to this section with respect to any existing lease, whichever is later, information which may be requested by the board with respect to the lease.

(2) For purposes of this subdivision, "a qualified lessor" is a lessor under a contract designated as a lease between that lessor and an entity using property which qualifies for the property tax exemption provided for by subdivision (d) or (e) of Section 3 of Article XIII of the California Constitution under which the lessee has the option at the end of the lease term of acquiring the property described in the lease for one dollar ($1), or any other nominal sum.

(3) No filing or application for exemption shall thereafter be required by a qualified lessor with respect to that lease unless the option terms of the lease change.

SEC. 7. Section 254 of the Revenue and Taxation Code is amended to read:

254. Any person claiming the church, cemetery, college, exhibition, welfare, veterans' organization, free public libraries, free museums, aircraft of historical significance, or public schools property tax exemption and anyone claiming the classification of a vessel as a documented vessel eligible for assessment under Section 227, shall submit to the assessor annually an affidavit, giving any information required by the board.

SEC. 8. Section 255 of the Revenue and Taxation Code is amended to read:

255. (a) Affidavits required for exemptions named in this article, except the church exemption, the veterans' exemption, the

homeowners' exemption, the religious exemption, and the aircraft of historical significance exemption, shall be filed with the assessor between the lien date and 5 p.m. on March 15. Affidavits for the veterans' exemption shall be filed with the assessor between the lien date and 5 p.m. on April 15.

(b) Affidavits for the homeowners' exemption except as otherwise provided in Sections 255.1, 255.2, and 275, shall be filed with the assessor any time after the claimant becomes eligible but no later than 5 p.m. on April 15.

(c) Affidavits required for the aircraft of historical significance exemption and for classification of vessels as documented vessels eligible for assessment under Section 227 shall be filed with the assessor between the lien date and 5 p.m. on April 1.

(d) Affidavits for the church exemption and religious exemption shall be filed with the assessor between the lien date and 5 p.m. on March 31.

(e) Notwithstanding the provisions of subdivision (a), any claimant who has been found ineligible for the church exemption or the religious exemption after timely filing an affidavit therefor pursuant to subdivision (d), may file an affidavit for a welfare exemption. Affidavits for the welfare exemption filed pursuant to this subdivision shall be filed within 15 days from the date of notification by the assessor of the claimants ineligibility for the church exemption or the religious exemption.

SEC. 9. Section 259.12 is added to the Revenue and Taxation Code, to read:

259.12. The affidavit for the aircraft of historical significance exemption shall show that both the property and the owner meet all the requirements entitling the property to the exemption.

SEC. 10. Section 606 of the Revenue and Taxation Code is amended to read:

606. When any tract of land is situated in two or more revenue districts, the part in each district shall be separately assessed. However, where the owner of two or more contiguous parcels comprising the tract is identical, and the full value of any parcel is less than two thousand dollars ($2,000) or that amount which is determined exempt pursuant to Section 155.20, that parcel may be combined with the contiguous parcel with the greatest assessed valuation.

SEC. 11. The amendment of Section 64 of the Revenue and Taxation Code, made in Section 1 of this act shall be applicable to the 1985–86 fiscal year and fiscal years thereafter. The Legislature finds and declares that farm credit banks are instrumentalities of the federal government, and that the recent reorganization of these farm credit institutions was effected pursuant to federal law and regulations. The Legislature further finds and declares that the reorganization of these institutions was of a type which would have avoided a change in ownership reappraisal under Section 64 of the Revenue and Taxation Code if the institutions had been members of

a privately owned "affiliated group" connected through stock ownership with a common parent, rather than a federal instrumentality.

SEC. 12. Legislation adding Section 23701u of the Revenue and Taxation Code in the 1987 portion of the 1987–88 Regular Session of the Legislature inadvertently omitted the amendment of Section 231 of the Revenue and Taxation Code to incorporate the reference to Section 23701u of the Revenue and Taxation Code. The amendment of Section 231 of the Revenue and Taxation Code by Section 5 of this act corrects that inadvertent omission, and does not constitute a change in, but is declaratory of, existing law.

CHAPTER 561

An act to amend Section 98.6 of the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor August 25, 1988. Filed with Secretary of State August 26, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 98.6 of the Revenue and Taxation Code is amended to read:

98.6. (a) Notwithstanding any other provision of this chapter, the amount allocated pursuant to Sections 96 or 97, and 98, to a special district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, excluding multicounty districts, and the amount allocated pursuant to Section 75.70 to a special district which is governed by the board of supervisors of a county or whose governing body is the same as the board of supervisors of a county, shall be reduced by an amount computed as follows:

(1) A ratio shall be computed for each of the special districts equal to the amount of state assistance payment for the special district for the 1978–79 fiscal year divided by the sum of the state assistance payment for the special district plus the amount of property tax revenue allocated to the special district for the 1978–79 fiscal year pursuant to Section 26912 of the Government Code.

(2) The amount by which the allocation pursuant to Sections 75.70, 96 or 97, and 98, shall be reduced shall be equal to the allocation multiplied by the factor computed for the district pursuant to paragraph (1).

(3) For the 1984–85 fiscal year and each fiscal year thereafter, the amount computed for each special district pursuant to this subdivision, other than a special district governed by a county board of supervisors or whose governing board is the same as the county board of supervisors, shall not be greater than the amount computed for the 1983–84 fiscal year.

(4) The total of all amounts computed for special districts within each county shall be deposited in the Special District Augmentation Fund which shall specify amounts for each governing body as defined in Section 16271 of the Government Code and which shall be allocated pursuant to subdivision (b).

(5) Notwithstanding any other provision of law, for purposes of this section, an existing mosquito abatement district, as provided for in Chapter 5 (commencing with Section 2108) of Division 3 of the Health and Safety Code, located in Monterey County that, on or after January 1, 1988, annexes property in a county adjoining Monterey County and which prior to the date of annexation is not a multicounty district, shall not be deemed a multicounty district.

(b) There is hereby created a Special District Augmentation Fund in each county to augment the revenues of special districts. On or before June 1 of each year, the governing body shall notify each special district of the estimated amount of funds in the Special District Augmentation Fund available to special districts in the coming fiscal year. The auditor shall, on or before August 31 of each year, notify each governing body, as defined in Section 16271 of the Government Code, of the amount allocated to it pursuant to this section.

(c) Within 15 days of the notice, the governing body shall hold a public hearing for the purpose of determining the distribution of the funds. The governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council. The notice shall include all of the following:

(1) The amount of funds disbursed to each special district and the amount of funds disbursed pursuant to subdivision (j) in the past fiscal year.

(2) The amount of funds computed pursuant to subdivision (a).

(3) The amount of funds proposed to be allocated pursuant to subdivision (j).

(4) The time and place of the hearing.

The governing body shall also publish the notice in a newspaper of general circulation in the county not less than three days prior to the hearing. The published notice shall include the time and place of the hearing.

(d) Within 30 days of the notice of allocation, the governing body shall allocate the funds to special districts, and may allocate funds pursuant to subdivision (j). (5) A copy of the typical franchise contract or agreement proposed for use or in use in this state.

(6) A statement of the franchise fee charged, the proposed application of the proceeds of such fee by the franchisor, and the formula by which the amount of the fee is determined if the fee is not the same in all cases.

(7) A statement describing any payments or fees other than franchise fees that the franchisee or subfranchisor is required to pay to the franchisor, including royalties and payments or fees which the franchisor collects in whole or in part on behalf of a third party or parties.

Any agreement by such franchisee to such material modifications shall not be binding upon the franchisee if the franchisee, within 10 business days after the receipt of such writing identifying the material modification, notifies the franchisor in writing that the agreement to such modification is rescinded. A writing identifying the material modification is received when delivered to the franchisee. A written notice by the franchisee rescinding an agreement to a material modification is effective when delivered to the franchisor or when deposited in the mail, postage prepaid, and addressed to the franchisor in accordance with any notice provisions in the franchise agreement, or when delivered or mailed to the person designated in the franchise agreement for the receipt of notices on behalf of the franchisor.

If no hearing is requested within 30 days after receipt of the notice and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the commissioner, after notice and hearing in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, in connection with which the commissioner shall have all of the powers granted thereunder, may modify or vacate the order or extend it until its final determination.

SEC. 10. Section 31119 of the Corporations Code is amended to read:

[Approved by Governor August 25, 1988. Filed with Secretary of State August 26, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 9396 of the Welfare and Institutions Code is amended to read:

9396. (a) There is hereby established the Community Care Facility Demonstration Project for the Elderly in accordance with the provisions of this section. The Multipurpose Senior Services Program shall administer the Community Care Facilities Demonstration Project for the Elderly. The Multipurpose Senior Services Program may contract with the State Department of Health Services for the utilization of funds from the Health Care Deposit Fund upon determination that the demonstration project qualifies for federal financial participation as stipulated in subdivision (e).

(b) The Multipurpose Senior Services Program shall contract with two local Multipurpose Senior Services Program sites to serve as demonstration sites. One site shall be in the northern and one in the southern part of the state. The sites shall be selected through a request for proposal process.

(c) The project shall serve a selected number of frail elderly persons, whose current medical assessment does not indicate the need for long-term intermediate or skilled nursing care. "Frail elderly persons," for purposes of this chapter, means those persons as defined in Section 9111 who meet current Medi-Cal criteria for being "certified" or "certifiable" for admission into intermediate or skilled nursing care facilities, and whom a physician has determined may remain in a community care facility with services as provided for by this section. Participating facilities shall be limited to those licensed community care facilities serving adults, as defined in Section 80001 of Title 22 of the California Administrative Code. During the demonstration project a total of 120 persons at any one time shall be served in the two local Multipurpose Senior Services Program sites selected for participation under this chapter. Personal care services shall be purchased through the use of funds appropriated for purposes of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9. Participation by a person or a community care facility shall be voluntary. Personal care provided pursuant to this chapter shall supplement, and not replace, personal care provided by community care facilities pursuant to statutory and regulatory requirements which are required to be met in order to obtain and maintain a community care facility license. This supplemental care shall be provided only when the level of care

needed by a person participating under this chapter exceeds that which can be provided by the community care facility pursuant to existing statutory and regulatory requirements which are required to be met in order to obtain and maintain a community care facility license. Determination as to the necessary level of care shall be based on an assessment of need performed initially, and at six-month intervals thereafter by the case manager.

(d) The pilot project shall be operated for a period of three years. The Multipurpose Senior Services Program shall submit an evaluation of this project to the Legislature not later than July 1, 1988. The evaluation shall do all of the following:

(1) Describe the service providers and the services they provide and compare them to services provided to persons within skilled nursing, intermediate care, and nonmedical community care facilities and persons receiving home health services while residing in their own homes.

(2) Describe the program participants and compare them to those residing in skilled nursing, intermediate care, and nonmedical community care facilities and persons receiving home health services while in their own homes.

(3) Contain a description of the criteria used to select participants and compare them to criteria used to determine who would be more suitably cared for in skilled nursing or intermediate care facilities.

(4) Compare the total governmental costs incurred for persons participating in this project with the costs of care provided by skilled nursing facilities.

(5) Assess the extent to which the demonstration project, in fact, did delay or prevent care in an intermediate or skilled nursing facility and the cost effectiveness of the project.

(e) Implementation of the demonstration project is dependent upon the availability of federal financial participation for the services to be provided.

Implementation of the project shall be subject to receipt of required waivers or waiver amendments. Use of existing federal waivers and existing program authority shall be the first priority for implementation of this chapter. The Multipurpose Senior Services Program shall seek new waivers from the federal government if implementation cannot be carried out through existing waivers or existing categorical programs. The Secretary of the Health and Welfare Agency shall have the authority to waive existing state statutes or regulations at the request of the Multipurpose Senior Services Program that would prohibit or restrict the ability of the Multipurpose Senior Services Program to provide for the services authorized by this section.

(f) This chapter shall become inoperative on June 30, 1989, and, as of January 1, 1990, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1990, deletes or extends the dates on which it becomes inoperative and is repealed.

This demonstration project shall not be extended or expanded

unless conclusive evidence has been presented to the Legislature showing that it has been cost-effective and can be replicated.

(2) The amount by which the allocation pursuant to Sections 75.70, 96 or 97, and 98, shall be reduced shall be equal to the allocation multiplied by the factor computed for the district pursuant to

paragraph (1).

(3) For the 1984–85 fiscal year and each fiscal year thereafter, the amount computed for each special district pursuant to this subdivision, other than a special district governed by a county board of supervisors or whose governing board is the same as the county board of supervisors, shall not be greater than the amount computed for the 1983–84 fiscal year.

(f) In determining the amount of funds to be allocated to each special district, the governing body may consider the revenues which are raised, or could be raised, by a special district from its enterprise activities.

(g) In determining the amount of funds to be allocated to each special district, the governing body shall not allocate funds to any special district which is governed by the board of supervisors or the city council if the governing body intends that those funds are to be transferred to that county or city upon or after disbursement to the special district, except as reimbursement to the city or county for services rendered to the special district.

SEC. 2. Section 98.9 of the Revenue and Taxation Code is amended to read:

98.9. Notwithstanding any other provision of law, commencing with the 1988–89 fiscal year, property tax assessed value attributable to unitary and operating nonunitary property, as defined in Section 723, and Section 723.1, which is assessed by the State Board of Equalization shall be allocated by county as provided in Section 756 and the assessed value and revenues attributable to that allocation shall be allocated within each county as follows:

(a) Each county shall establish one countywide tax rate area. The assessed value of all unitary and operating nonunitary property shall be assigned to this tax rate area. No other property shall be assigned to this tax rate area.

(b) Property assigned to the tax rate area created by subdivision (a) shall be taxed at a rate equal to the sum of the following two rates:

(1) A rate determined by dividing the county's total ad valorem tax levies for the secured roll, including levies made pursuant to Section 100, for the prior year, exclusive of levies for debt service, by the county's total ad valorem secured roll assessed value for the prior year.

(2) A rate determined as follows:

(A) By dividing the county's total ad valorem tax levies for unitary and operating nonunitary property for the prior year debt service only by the county's total unitary and operating nonunitary assessed value for the prior year.

(B) Beginning with the 1989–90 fiscal year, adjusting the rate determined pursuant to subparagraph (A) by the percentage change between the two preceding fiscal years in the county's ad valorem debt service levy for the secured roll, not including unitary and operating nonunitary debt service.

(c) The property tax revenue derived from the assessed value assigned to the countywide tax rate area pursuant to subdivision (a) by the use of the tax rate determined in paragraph (1) of subdivision (b) shall be allocated as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, each taxing jurisdiction shall be allocated an amount of property tax revenue equal to 102 percent of the amount of the aggregate property tax revenue it received from all unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue

attributable to levies for debt service.

(2) If the amount of property tax revenue available for allocation in the current fiscal year is insufficient to make the allocations required by paragraph (1), the amount of revenue to be allocated to each taxing jurisdiction shall be prorated based on a factor determined by dividing the total amount of property tax revenue available to all taxing jurisdictions from unitary and operating nonunitary property in the current year, exclusive of revenue attributable to levies for debt service, by the total amount of property tax revenue received by all taxing jurisdictions from unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service.

(3) If the amount of property tax revenue available for allocation to all taxing jurisdictions in the current fiscal year from unitary and operating nonunitary property, exclusive of revenue attributable to levies for debt service, exceeds 102 percent of the property tax revenue received by all taxing jurisdictions from all unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service, the amount of revenue in excess of 102 percent shall be allocated to all taxing jurisdictions in the county by a ratio determined by dividing each taxing jurisdiction's share of the county's total ad valorem tax levies for the secured roll for the prior year, exclusive of levies for debt service, by the county's total ad valorem tax levies for the secured roll for the prior year, exclusive of levies for debt service.

(d) The property tax revenue derived from the assessed value assigned to the countywide tax rate area pursuant to subdivision (a) by the use of the tax rate determined in paragraph (2) of subdivision (b) shall be allocated as follows:

(1) An amount shall be computed for each taxing jurisdiction which shall be determined by multiplying the amounts required in the current year pursuant to subdivisions (a) and (c) of Section 93 by that percentage which shall be determined by dividing the amount of property tax revenue the jurisdiction received in the prior year from unitary property and operating nonunitary property by the total amount of property tax revenue the jurisdiction received in the prior year from all property.

(2) The amount of property tax revenue available for allocation pursuant to this subdivision shall be allocated among taxing jurisdictions in the proportion that the amount computed for each taxing jurisdiction pursuant to paragraph (1) bears to the total amount computed pursuant to paragraph (1) for all taxing jurisdictions.

(3) If a taxing jurisdiction is levying a tax rate for debt service for the first time in the current fiscal year, for purposes of determining the percentage specified in paragraph (1), that percentage shall be the percentage determined by dividing the amount of property tax revenue received by that taxing jurisdiction in the prior year pursuant to subdivision (c) from unitary and operating nonunitary

property by the total amount of property tax revenue received by that taxing jurisdiction in the prior year from the locally assessed secured roll.

(e) For purposes of this section:

(1) "The county's total ad valorem tax levies for the secured roll" means all ad valorem tax levies for the county's secured roll, including the general tax levy, levies for debt service (including land only and land and improvement rates), and levies for redevelopment agencies.

(2) "The county's total ad valorem secured roll" means the county's local roll, after all exemptions except the homeowner's exemption, and the county's utility roll.

(3) "Taxing jurisdiction" includes a redevelopment agency, and a Special District Augmentation Fund created pursuant to Section 98.6.

(f) The assessed value of the unitary and operating nonunitary property shall be kept separate for each state assessee throughout the allocation process.

(g) Each state assessee shall be issued only one tax bill for all unitary and operating nonunitary property within the county.

(h) This section does not apply to unitary property of regulated railway companies.

(i) This section does not apply to property which on July 1, 1987, was undeveloped and owned by a utility and which is located within a city, county, or city and county which adopts a resolution stating that the property is subject to a development agreement and that this section shall not apply to that property, and the city, county, or city and county transmits a copy of that resolution, including a legal description of the property, to the State Board of Equalization and the county's auditor-controller prior to January 1, 1988.

SEC. 3. Section 231 of the Revenue and Taxation Code is amended to read:

231. (a) Property which is owned by a nonprofit corporation and leased to, and used exclusively by, government for its interest and benefit shall be exempt from taxation within the meaning of "charitable purposes" in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution if:

(1) All of the provisions of Section 214 are complied with, except paragraph (6) of subdivision (a). For purposes of paragraph (6) of subdivision (a) of Section 214, irrevocable dedication to charitable purpose shall be deemed to exist if the lease provides that the property shall be transferred in fee to the entity of government leasing the same upon the sooner of either the liquidation, dissolution, or abandonment of the owner or at the time the last rental payment is made under the provisions of the lease.

(2) All of the provisions of Section 254.5 relating to owners are complied with, commencing during calendar year 1969.

(3) All of the provisions of Section 214.01 are complied with by March 15, 1970.

(b) As used in this section "property" means:

(1) Any building or structure of a kind or nature which is uniquely of a governmental character and includes, but is not limited to, the following:

(A) City halls.

(B) Courthouses.

(C) Administration buildings.

(D) Police stations, jails, or detention facilities.

(E) Fire stations.

(F) Parks or playgrounds.

(G) Hospitals.

(H) Water systems and waste water facilities.

(I) Toll bridges.

(2) Any other property required for the use and occupation of the buildings and leased to government.

(3) Any possessory interest of the nonprofit corporation in property and in the land upon which the property was constructed and so much of the surrounding land that is required for the use and occupation of the property.

(4) Any building and its equipment in the course of construction on or after the first Monday of March, 1954, together with the land on which it is located as may be required for the use and occupation of the building when such building and equipment is being constructed for the sole purpose of being leased to government to lessen its burden.

"Uniquely of a governmental character" means the property, except hospitals, water systems, waste water facilities and toll bridges, is not intended to produce income or revenue in the form of rents or admission, user or service fees, or charges.

(c) As used in this section "property" does not include any possessory interest of any person or organization not exempt from taxation.

(d) As used in this section "nonprofit corporation" means a community chest, fund, foundation or corporation, not conducted for profit, and no part of the net earnings of which inures to the benefit of any private shareholder or individual and that nonprofit corporation is organized and operated for the sole purpose of leasing property to government and to lessen the burden of government and, in fact, only leases property to government. That nonprofit corporation shall qualify as an exempt organization either under Section 23701f or 23701u of this code or Section 501(c)(4) of the Internal Revenue Code of 1986. This subdivision is not intended to enlarge the "welfare exemption" to apply to organizations qualified under Section 501(c)(4) of the Internal Revenue Code of 1986 but not otherwise qualified for the "welfare exemption" under this section. Nonprofit corporations meeting the tests of this subdivision are deemed to be organized and operated for charitable purposes.

(e) As used in this section "government" means the State of California, a city, city and county, county, public corporation, and a

hospital district.

(f) The exemption provided for in this section shall be deemed to be within the "welfare exemption" for purposes of Section 251.

(h) For leases first entered into by and between government and nonprofit corporation on or before December 31, 1968, all requirements of this section shall be met except that the last unnumbered paragraph of subdivision (b) shall not apply and for the purposes of subdivision (b) (1) the list of real property qualifying for this exemption includes community recreation buildings or facilities, golf courses, airports, water, sewer and drainage facilities, music centers and their related facilities, and public parking incidental to and in connection with one of the buildings or structures set forth in this section.

(i) Property exempt under this section shall be located within the boundaries of the entity of government leasing the same.

(j) Where the construction has commenced on or after January 1, 1969, improvements shall be advertised and put to competitive bid to qualify for the exemption provided by this section.

(k) For purposes of subdivision (d), a nonprofit corporation shall not be deemed to be qualified as an exempt organization unless the organization files with the assessor duplicate copies of a valid, unrevoked letter or ruling from either the Franchise Tax Board or, in the alternative, the Internal Revenue Service, which states that the organization qualifies as an exempt organization under the appropriate provisions of the Bank and Corporation Tax Law or the Internal Revenue Code.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 98.6 of the Revenue and Taxation Code proposed by both this bill and SB 2737. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1989, but this bill becomes operative first, (2) each bill amends Section 98.6 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 2737, in which case Section 98.6 of the Revenue and Taxation Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of SB 2737, at which time Section 1.5 of this bill shall become operative.

SEC 5. Legislation adding Section 23701u of the Revenue and Taxation Code in the 1987 portion of the 1987–88 Regular Session of the Legislature inadvertently omitted the amendment of Section 231 of the Revenue and Taxation Code to incorporate the reference to Section 23701u of the Revenue and Taxation Code. The amendment of Section 231 of the Revenue and Taxation Code by Section 3 of this act corrects that inadvertent omission, and does not constitute a change in, but is declaratory of, existing law.

SEC. 6. Notwithstanding Article 4 (commencing with Section

29080) of Chapter 1 of Division 3 of Title 3 of the Government Code, the board of supervisors of each county shall begin public hearings on the final county budget for the 1988–89 fiscal year on or before September 19, 1988, and shall complete these hearings and adopt the final budget on or before September 30, 1988.

SEC. 7. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the appropriate adjustments in property tax revenue allocations for special districts contemplated by this act may be implemented by county auditors as of the commencement of the 1988–89 fiscal year, and in order to provide the board of supervisors of each county with more time to consider and adopt a final budget for the 1988–89 fiscal year, it is necessary that this act go into immediate effect.

Every insurer, agent, or broker assigned an application by the plan may conclusively rely on the acceptance, rejection, or waiver of coverages stated in the application signed by the applicant. A policy shall only be issued for the coverages, limits, and deductibles stated in the application assigned by the plan. This section shall apply to all applications assigned by the plan which are submitted to the plan by a person licensed pursuant to Chapter 5 (commencing with Section 1621) of Part 2 of Division 1.

CHAPTER 573

An act to amend Section 98.7 of the Revenue and Taxation Code, to amend Sections 16700, 16702, 16704, and 16705 of the Welfare and Institutions Code, and to amend Section 3 of Chapter 380 of the Statutes of 1959, relating to health.

[Approved by Governor August 25, 1988. Filed with Secretary of State August 26, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 16700 of the Welfare and Institutions Code is amended to read:

16700. (a) For purposes of this part, "local jurisdiction" means a county or a city which has not transferred to the county enforcement authority of applicable health statutes and regulations, or a city which provides public health services pursuant to a contract with a county through an organized health department recognized by the State Department of Health Services.

(b) (1) On or before September 15 of the 1982–83 and 1983–84 fiscal years, the governing body of each county, the City of Berkeley, and each existing local health district shall adopt and submit to the State Director of Health Services an update of its adopted 1981–82 county health services plan and budget in the form and in accordance with procedures specified by the director.

(2) On or before September 15, 1983, and each third subsequent year thereafter, the governing body of each county and the City of Berkeley shall adopt and submit to the department a multiyear base county health services plan and budget for the next fiscal year in the form and in accordance with procedures established in regulations promulgated by the department. The Cities of Long Beach and Pasadena shall adopt and submit the multiyear plan and budget by September 15 of the initial fiscal year of receiving county health services funds, and adhere in following years to the same three-year submission cycle used by the other health jurisdictions in following years.

(3) On or before September 15 of 1984 and each year thereafter, the governing body of each county and the City of Berkeley shall adopt and submit to the department an update of its adopted multiyear county health services plan and budget in the form and in accordance with procedures established in regulations promulgated by the department. The Cities of Long Beach and Pasadena shall submit the update of its multiyear plan and budget in the fiscal year following the initial year of receiving county health service funds, and each year thereafter.

(c) The county health services plan and budget adopted by the governing body of each county shall include, but not be limited to, the following information:

(1) The eligibility criteria that will be used by the county in determining the allocation of funds received and services provided pursuant to Section 16703.

(2) A description of the county's eligibility process, beneficiary notification on availability of services, services to be provided, accessibility of service, resources, collections, target population size, and costs.

(d) The department shall develop and implement the regulations governing the form and procedures for the preparation and submission of multiyear base county health services plans and budgets and updates in order for the counties to have sufficient time prior to September 15, 1983, to prepare and submit their multiyear base county health services plans and budgets by September 15, 1983.

(e) For the purposes of simplifying and reducing plan requirements, the Legislature intends that the annual update shall not duplicate any of the material in the multiyear base county health services plan and budget, but shall serve as a progress report both evaluating what has been accomplished over the past year and describing what will be accomplished in relation to each of the elements in the multiyear base county health services plan and budget during the coming year.

(f) An update or a multiyear county health services plan and budget shall be considered a county health services plan and budget for purposes of this part.

SEC. 2. Section 16702 of the Welfare and Institutions Code is amended to read:

16702. The net county costs of health services specified in each county health services plan and budget shall be financed in each county, the City of Berkeley, the City of Long Beach, and the City of Pasadena with assistance from the County Health Services Fund in accordance with the following:

(a) For each county, an annual grant of three dollars ($3) per capita based upon population estimates of the Department of Finance as of January 1 of the previous fiscal year; and

(b) Fifty percent of the amount derived by subtracting paragraph (2) from paragraph (1) below:

(1) The base net costs increased by 16 percent for the 1979–80 fiscal year.

(2) The amount calculated for the county in subdivision (a).

(3) The base net costs for each county shall be the actual net costs for the county for the 1977–78 fiscal year, as reported to the State Director of Health Services pursuant to subdivision (f) of Section 20 of Chapter 292 of the Statutes of 1978 and adjusted as applicable pursuant to this section.

(c) (1) The amount of assistance from the County Health Services Fund for the County of Alameda, as determined in subdivision (b), shall include an amount equal to 25 percent of the net city costs for health services of the City of Berkeley as reported to the State Director of Health Services pursuant to subdivision (f)

of Section 20 of Chapter 292 of the Statutes of 1978, increased by 16 percent for the 1979–80 fiscal year.

(2) The amount of assistance from the County Health Services Fund for the City of Berkeley shall be an amount equal to 25 percent of the net city costs for health services of the City of Berkeley as reported to the State Director of Health Services pursuant to subdivision (f) of Section 20 of Chapter 292 of the Statutes of 1978, increased by 16 percent for the 1979–80 fiscal year.

(3) The amount of additional assistance from the County Health Services Fund for public health services in the County of San Joaquin shall be the amount set forth in the Budget Act of 1981 (Chapter 99 of the Statutes of 1981) for the San Joaquin Local Health District for that purpose for the 1981–82 fiscal year.

(4) The amounts of assistance from the County Health Services Fund for the City of Long Beach and the City of Pasadena shall be the average amounts of the Public Health Services Contracts with Los Angeles County, less the average revenue from environmental health permit fees collected in each jurisdiction and retained by the county for three years prior to the initial year of County Health Services Fund assistance to the City of Long Beach and the City of Pasadena. These amounts shall be adjusted by the average increase in the amount of the contract over the same period. This paragraph shall be operative in the fiscal year following the adoption of a resolution by the governing body pursuant to Section 477 of the Health and Safety Code.

(5) The base net costs for the County of Los Angeles shall be reduced by the amounts provided to the City of Long Beach and the City of Pasadena as determined y the formula established in paragraph (3).

(6) The amount of assistance for the County of Los Angeles, as determined in subdivision (a), shall be reduced by the amounts provided to the City of Long Beach and the City of Pasadena, as determined in paragraph (3).

(d) The amount of funds transferred at the request of the county pursuant to Section 1157.5 of the Health and Safety Code.

(e) On July 1, 1980, the amounts specified in subdivisions (a), (b), (c), and (d) shall be adjusted to reflect any increases or decreases in the cost of living. On July 1, 1981, the amounts specified in subdivisions (a), (b), (c), and (d) shall be adjusted to reflect the increases, if any, in the appropriations provided for in the Budget Act for the 1981–82 fiscal year and shall be adjusted to reflect the funds transferred pursuant to Section 12 of Chapter 1004 of the Statutes of 1981. On July 1, 1982, the amounts specified in subdivisions (a), (b), (c), and (d) shall be adjusted to reflect the increases, if any, in the appropriations provided for in the Budget Act for the 1981–82 fiscal year and the increases, if any, in the Budget Act for the 1982–83 fiscal year. On July 1, 1983, and each July 1 thereafter, the amounts specified in subdivisions (a), (b), (c), and (d), as adjusted pursuant to this subdivision for the 1982–83 fiscal year, shall be adjusted to

reflect any increases or decreases in the cost of living occurring during the 1982 calendar year and each year thereafter. The average of the separate indices of the cost of living for Los Angeles and San Francisco as published by the United States Bureau of Labor Statistics shall be used as the basis for determining the changes in the cost of living. The State Department of Health Services shall compare the average index for the December preceding the July in which the cost-of-living adjustment is effective with the average index for the month of December of the previous year. The percentage increase or decrease in the average index shall then be multiplied by the amounts specified in subdivisons (a), (b), (c), and (d) as previously adjusted pursuant to this subdivision.

SEC. 3. Section 16704 of the Welfare and Institutions Code is amended to read:

16704. Funds from the County Health Services Fund shall be allocated to the governing body of each county, the City of Berkeley, the City of Long Beach, and the City of Pasadena annually in accordance with the following procedures:

(a) The allocation of the amount determined in subdivision (a) of Section 16702 and one-third of the amount in paragraphs (2), (3), and (4) of subdivision (c) of Section 16702 shall be made to each governing body of each local jurisdiction upon submission of the plan and budget as required by Section 16700. These funds shall be expended for county health services and public health services for cities as defined in paragraph (5) of subdivision (b).

(b) The allocation of the amounts up to the maximum determined in subdivisions (b), (c), and (d) of Section 16702 shall be made upon application by the governing body of each local jurisdiction and upon signing of an agreement between the governing body and the State Director of Health Services. In the agreement, (1) all local jurisdictions shall agree to expend funds in an aggregate amount at least equal to the total amount designated in the plan and budget submitted pursuant to Section 16700; (2) counties shall agree to net county costs for county health services of county funds in the same amount as the funds requested under this subdivision pursuant to subdivision (b) of Section 16702; (3) counties shall agree to expend one dollar ($1) of county funds for every three dollars ($3) of state funds requested pursuant to subdivision (d) of Section 16702; (4) the City of Berkeley shall agree to expend three dollars ($3) of city funds for every one dollar ($1) of state funds requested pursuant to paragraph (2) of subdivision (c) of Section 16702; and (5) San Joaquin County shall agree to expend two dollars ($2) of county funds for public health services for every one dollar ($1) of state funds requested pursuant to paragraph (3) of subdivision (c) of Section 16702. Funds requested pursuant to subdivision (d) and paragraph (3) of subdivsion (c) of Section 16702 shall be expended only for public health services. The City of Long Beach and the City of Pasadena shall agree to expend the allocations received pursuant to paragraph (3) of subdivision (c) of Section 16702 only for public

health services, exclusive of animal control and paramedic services.

(c) (1) The allocation of funds appropriated pursuant to subdivisions (c) and (d) of Section 16703 shall be made upon application by the county board of supervisors. The application shall be in a form and in accordance with procedures and format established by the department. The board shall assure that it will expend such funds only for the health services specified in Sections 14132 and 14021 provided to persons certified as eligible for such services pursuant to Section 17000. Unless the county has entered into a contract with the department under Section 16709 which is effective either for an entire fiscal year, including the 1983–84 fiscal year, or is effective for the period commencing October 1, 1983, and ending on June 30, 1984, the board shall also assure that it will incur no less in net costs of county funds for county health services in any fiscal year than the amount required to obtain the maximum allocation under Section 16702. These assurances shall be incorporated in the agreement specified in subdivision (b). In no event shall such funds be expended for costs of services specified in county Short-Doyle plans which are in excess of the 125 percent limitation specified in Section 5705.1.

(2) A county may reduce the amount of net costs of county funds for county health services required pursuant to paragraph (1) of subdivision (c) to the extent such reduction has been permitted pursuant to the provisions of Section 16705 or 16705.5, provided that, for fiscal year 1982–83 only, the provisions of Section 16705 shall not be operative, except for counties which received approval for reductions pursuant to this section in prior fiscal years.

(3) Any person whose income and resources meet the income and resource criteria for certification for services pursuant to Section 14005.7 other than for the aged, blind, or disabled, shall not be excluded from eligibility for services to the extent that state funds are provided. Such persons may be held financially liable for these services based upon the person's ability to pay. A county may not establish a payment requirement which would deny medically necessary services. This section shall not be construed to mandate that a county provide any specific level or type of health care service or to preclude a county from utilizing its own forms for the purpose of identifying persons eligible for county health care services. The Board of Control shall not honor any claims by a local agency for reimbursement of costs under this section. The provisions of this paragraph shall become inoperative if a court ruling is issued which decrees that the provisions of this paragraph mandate that additional state funds be provided and which requires that additional state reimbursement be made to counties for costs incurred under this paragraph. This paragraph shall be operative only until June 30, 1985, unless a later enacted statute extends or deletes that date.

(d) The agreement shall provide for reports of expenditures and information and shall constitute a contractual obligation. The State Director of Health Services shall not have the authority to

disapprove the county health services plan or to require the additional expenditure of county or city for health services beyond that required by this section and Section 16707.

(e) The local jurisdiction shall act in general accordance with the plan and budget submitted pursuant to Section 16700.

(f) Notwithstanding any other provision of this part, there shall be no increase in the amount of county funds required pursuant to paragraph (2) of subdivision (b) as a result of the implementation of paragraphs (4), (5), and (6) of subdivision (c) of Section 16702.

SEC. 4. Section 16705 of the Welfare and Institutions Code is amended to read:

16705. (a) A local jurisdiction shall be entitled to receive up to its maximum allocation under subdivision (b) and paragraphs (2) and (3) of subdivision (c) of Section 16702 respectively even if it proposes in its budget to spend less for county health services than the amount required to obtain the maximum allocation, only if all of the following conditions are met:

(1) There would be no detrimental impact on the public in the case of public health services and indigents in the case of inpatient and outpatient services.

(2) There would be no impairment in the local jurisdiction's ability to carry out the service levels specified in its county health services plan.

(3) The determination of whether the requirements provided by paragraphs (1) and (2) are met is made according to procedures specified in subdivision (b).

(4) For each county, in no case shall the state pay more than 60 percent of the amount derived by subtracting subparagraph (B) from subparagraph (A) below:

(A) Total net county costs for health services in the proposed budget.

(B) The amount of the annual grant received by the county pursuant to subdivision (a) of Section 16702.

(5) For the City of Berkeley, in no case shall the state pay more than 30 percent of the total net local costs for health services in the proposed budget.

(6) For the County of San Joaquin, in no case shall the state pay more than 40 percent of the total net local costs for public health services in the county's proposed budget.

(b) The determination in paragraphs (1) and (2) of subdivision (a) shall be made in the following manner:

(1) Within 30 days of adoption of the county health services plan and budget, the governing body of the local jurisdiction shall hold a public hearing to determine whether the amount of the reduction is detrimental to the health needs of the public in the case of public health services or detrimental to the health care needs of the indigent in the case of outpatient or inpatient health services and whether or not such reduction would impair the local jurisdiction's ability to carry out the service levels specified in its county health

services plan. Notice of the hearing shall be published at least once in a newspaper of general circulation not less than 10 days before the hearing.

(2) The governing body shall make a finding based on the public hearing that reductions are or are not detrimental and whether or not reduction would impair the local jurisdiction's ability to carry out the service levels specified in its county health services plan. The local jurisdiction shall transmit immediately to the director a copy of the finding, together with the written evidence on which the finding was based.

(3) The State Director of Health Services shall make the final determination as to whether the proposed reductions in expenditures for county health services detrimentally affects the public in the case of public health services or detrimentally affects the indigents in the case of outpatient and inpatient services and whether or not reductions would impair the local jurisdiction's ability to carry out the service levels specified in its county health services plan.

SEC. 5. Section 98.7 of the Revenue and Taxation Code is amended to read:

98.7. In the case of any county taking over the responsibilities of an independent local health special district created pursuant to Chapter 6 (commencing with Section 880) of Part 2 of Division 1 of the Health and Safety Code, as enacted by Chapter 60 of the Statutes of 1939, for purposes of computations pursuant to this chapter, except Section 98.6, the amount of state assistance payments with respect to that county shall be increased by five hundred four thousand nine hundred fifty-seven dollars ($504,957).

SEC. 6. Section 3 of Chapter 380 of the Statutes of 1959, as amended by Chapter 487 of the Statutes of 1986, is amended to read:

Sec. 3. Chapter 6 (commencing with Section 880) of Part 2 of Division 1 of the Health and Safety Code is repealed.

SEC. 7. Notwithstanding the provisions of Chapter 6 (commencing with Section 880) of Part 2 of Division 1 of the Health and Safety Code, as the provisions of that chapter existed at the time of their repeal, and the provisions of the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code) the district is hereby dissolved effective July 1, 1989. The district shall transfer its real and personal property including, but not limited to, any moneys of the district and district revenues derived from local, state, or federal sources to the County of San Joaquin which shall assume the district's responsibilities.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the programs specified in this act.

SEC. 9. Sections 1 to 6, inclusive, shall become operative July 1, 1989.

CHAPTER 574

An act to amend Section 868.5 of the Penal Code, relating to victims of crime.

[Approved by Governor August 25, 1988 Filed with Secretary of State August 26, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 868.5 of the Penal Code is amended to read:

868.5. (a) Notwithstanding any other provision of law, a prosecuting witness in a case involving a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, 289, 647.6, or former Section 647a, or a violation of subdivision (1) of Section 314, shall be entitled for support to the attendance of up to two family members of his or her own choosing, one of whom may be a witness, at the preliminary hearing and at the trial, or at a juvenile court proceeding, during the testimony of the prosecuting witness. Only one of those support persons may accompany the witness to the witness stand, although the other may remain in the courtroom during the witness' testimony. The person or persons so chosen shall not be a person described in Section 1070 of the Evidence Code unless the person or persons are related to the prosecuting witness as a parent, guardian, or sibling and do not make notes during the hearing or proceeding.

(b) If the person or persons so chosen are also prosecuting witnesses, the prosecution shall present evidence that the person's attendance is both desired by the prosecuting witness for support and will be helpful to the prosecuting witness. Upon that showing, the court shall grant the request unless information presented by the defendant or noticed by the court establishes that the support person's attendance during the testimony of the prosecuting witness would pose a substantial risk of influencing or affecting the content of that testimony. In the case of a juvenile court proceeding, the judge shall inform the support person or persons that juvenile court proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. In all cases, the judge shall admonish the support person or persons to not prompt, sway, or influence the witness in any way. Nothing in this section shall be construed to preclude a court from exercising its discretion to remove a person from the courtroom whom it believes is prompting, swaying, or influencing a witness.

(c) The testimony of the person or persons so chosen who are also prosecuting witnesses shall be presented before the testimony of the prosecuting witness. The prosecuting witness shall be excluded from the courtroom during that testimony. Whenever the evidence given

by that person or those persons would be subject to exclusion because given before the corpus delicti has been established, the evidence shall be admitted subject to the court's or the defendant's motion to strike that evidence from the record if the corpus delicti is not later established by the testimony of the prosecuting witness.

SEC. 2. Section 868.5 of the Penal Code is amended to read:

868.5. (a) Notwithstanding any other provision of law, a prosecuting witness in a case involving a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, 289, 647.6, or former Section 647a, or a violation of subdivision (1) of Section 314, shall be entitled for support to the attendance of up to two persons of his or her own choosing, one of whom may be a witness, at the preliminary hearing and at the trial, or at a juvenile court proceeding, during the testimony of the prosecuting witness. Only one of those support persons may accompany the witness to the witness stand, although the other may remain in the courtroom during the witness' testimony. The person or persons so chosen shall not be a person described in Section 1070 of the Evidence Code unless the person or persons are related to the prosecuting witness as a parent, guardian, or sibling and do not make notes during the hearing or proceeding.

(b) If the person or persons so chosen are also prosecuting witnesses, the prosecution shall present evidence that the person's attendance is both desired by the prosecuting witness for support and will be helpful to the prosecuting witness. Upon that showing, the court shall grant the request unless information presented by the defendant or noticed by the court establishes that the support person's attendance during the testimony of the prosecuting witness would pose a substantial risk of influencing or affecting the content of that testimony. In the case of a juvenile court proceeding, the judge shall inform the support person or persons that juvenile court proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. In all cases, the judge shall admonish the support person or persons to not prompt, sway, or influence the witness in any way. Nothing in this section shall preclude a court from exercising its discretion to remove a person from the courtroom whom it believes is prompting, swaying, or influencing a witness.

(c) The testimony of the person or persons so chosen who are also prosecuting witnesses shall be presented before the testimony of the prosecuting witness. The prosecuting witness shall be excluded from the courtroom during that testimony. Whenever the evidence given by that person or those persons would be subject to exclusion because given before the corpus delicti has been established, the evidence shall be admitted subject to the court's or the defendant's motion to strike that evidence from the record if the corpus delicti is not later established by the testimony of the prosecuting witness.

SEC. 3. Section 2 of this bill incorporates, in substance, amendments to Section 868.5 of the Penal Code proposed by both this bill and AB 3562. It shall only become operative if (1) both bills

are enacted and become effective on January 1, 1989, (2) each bill amends Section 868.5 of the Penal Code, and (3) this bill is enacted after AB 3562, in which case Section 1 of this bill shall not become operative.

CHAPTER 575

An act to amend Sections 2030, 2031, and 2033 of the Code of Civil Procedure, relating to discovery.

[Approved by Governor August 25, 1988. Filed with Secretary of State August 26, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 2030 of the Code of Civil Procedure is amended to read:

2030. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by propounding to any other party to the action written interrogatories to be answered under oath.

(b) A defendant may propound interrogatories to a party to the action without leave of court at any time. A plaintiff may propound interrogatories to a party without leave of court at any time that is 10 days after the service of the summons on, or appearance by, that party, whichever occurs first. However, on motion with or without notice, the court, for good cause shown, may grant leave to a plaintiff to propound interrogatories at an earlier time.

(c) (1) A party may propound to another party (1) 35 specially prepared interrogatories, and (2) any additional number of official form interrogatories, as described in Section 2033.5, that are relevant to the subject matter of the pending action. Except as provided in paragraph (8), no party shall, as a matter of right, propound to any other party more than 35 specially prepared interrogatories. If the initial set of interrogatories does not exhaust this limit, the balance may be propounded in subsequent sets. Unless a declaration as described in paragraph (3) has been made, a party need only respond to the first 35 specially prepared interrogatories served, if that party states an objection to the balance, under paragraph (3) of subdivision (f), on the ground that the limit has been exceeded.

(2) Subject to the right of the responding party to seek a protective order under subdivision (e), any party who attaches a supporting declaration as described in paragraph (3) may propound a greater number of specially prepared interrogatories to another party if this greater number is warranted because of any of the following:

(A) The complexity or the quantity of the existing and potential issues in the particular case.

(B) The financial burden on a party entailed in conducting the discovery by oral deposition.

(C) The expedience of using this method of discovery to provide to the responding party the opportunity to conduct an inquiry, investigation, or search of files or records to supply the information sought.

If the responding party seeks a protective order on the ground that the number of specially prepared interrogatories is unwarranted, the propounding party shall have the burden of justifying the number of these interrogatories.

(3) Any party who is propounding or has propounded more than 35 specially prepared interrogatories to any other party shall attach to each set of those interrogatories a declaration containing substantially the following:

DECLARATION FOR ADDITIONAL DISCOVERY

I, _____, declare:

1. I am (a party to this action or proceeding appearing in propria persona) (presently the attorney for _____, a party to this action or proceeding).

2. I am propounding to _____ the attached set of interrogatories.

3. This set of interrogatories will cause the total number of specially prepared interrogatories propounded to the party to whom they are directed to exceed the number of specially prepared interrogatories permitted by paragraph (1) of subdivision (c) of Section 2030 of the Code of Civil Procedure.

4. I have previously propounded a total of _____ interrogatories to this party, of which _____ interrogatories were not official form interrogatories.

5. This set of interrogatories contains a total of _____ specially prepared interrogatories.

6. I am familiar with the issues and the previous discovery conducted by all of the parties in the case.

7. I have personally examined each of the questions in this set of interrogatories.

8. This number of questions is warranted under paragraph (2) of subdivision (c) of Section 2030 of the Code of Civil Procedure because _____. (Here state each factor described in paragraph (2) of subdivision (c) that is relied on, as well as the reasons why any factor relied on is applicable to the instant lawsuit.)

9. None of the questions in this set of interrogatories is being propounded for any improper purpose, such as to harass the party, or the attorney for the party, to whom it is directed, or to cause unnecessary delay or needless increase in the cost of litigation.

I declare under penalty of perjury under the laws of California that the foregoing is true and correct, and that this declaration was executed on _____.

_____
(Signature)
Attorney for _____

(4) A party propounding interrogatories shall number each set of interrogatories consecutively. In the first paragraph immediately below the title of the case, there shall appear the identity of the propounding party, the set number, and the identity of the responding party. Each interrogatory in a set shall be separately set forth and identified by number or letter.

(5) Each interrogatory shall be full and complete in and of itself. No preface or instruction shall be included with a set of interrogatories unless it has been approved under Section 2033.5. Any term specially defined in a set of interrogatories shall be typed with all letters capitalized wherever that term appears. No specially prepared interrogatory shall contain subparts, or a compound, conjunctive, or disjunctive question.

(6) An interrogatory may relate to whether another party is making a certain contention, or to the facts, witnesses, and writings on which a contention is based. An interrogatory is not objectionable because an answer to it involves an opinion or contention that relates to fact or the application of law to fact, or would be based on information obtained or legal theories developed in anticipation of litigation or in preparation for trial.

(7) An interrogatory may not be made a continuing one so as to impose on the party responding to it a duty to supplement an answer to it that was initially correct and complete with later acquired information.

(8) In addition to the number of interrogatories permitted by paragraphs (1) and (2), a party may propound a supplemental interrogatory to elicit any later acquired information bearing on all answers previously made by any party in response to interrogatories (1) twice prior to the initial setting of a trial date, and (2) subject to the time limits on discovery proceedings and motions provided in Section 2024, once after the initial setting of a trial date. However, on motion, for good cause shown, the court may grant leave to a party to propound an additional number of supplemental interrogatories.

(d) The party propounding interrogatories shall serve a copy of them (1) on the party to whom they are directed, and (2) on all other parties who have appeared in the action, unless the court on motion with or without notice has relieved that party from this requirement on its determination that service on all other parties would be unduly expensive or burdensome.

(e) When interrogatories have been propounded, the responding party, and any other party or affected natural person or organization

may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the set of interrogatories, or particular interrogatories in the set, need not be answered.

(2) That, contrary to the representations made in a declaration submitted under paragraph (3) of subdivision (c), the number of specially prepared interrogatories is unwarranted.

(3) That the time specified in subdivision (h) to respond to the set of interrogatories, or to particular interrogatories in the set, be extended.

(4) That the response be made only on specified terms and conditions.

(5) That the method of discovery be an oral deposition instead of interrogatories to a party.

(6) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a certain way.

(7) That some or all of the answers to interrogatories be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the party provide or permit the discovery against which protection was sought on terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances made the imposition of the sanction unjust.

(f) The party to whom interrogatories have been propounded shall respond in writing under oath separately to each interrogatory by (1) an answer containing the information sought to be discovered, (2) an exercise of the party's option to produce writings, or (3) an objection to the particular interrogatory. In the first paragraph of the response immediately below the title of the case, there shall appear the identity of the responding party, the set number, and the identity of the propounding party. Each answer, exercise of option, or objection in the response shall bear the same identifying number or letter and be in the same sequence as the corresponding interrogatory, but the text of that interrogatory need not be repeated.

(1) Each answer in the response shall be as complete and straightforward as the information reasonably available to the responding party permits. If an interrogatory cannot be answered

completely, it shall be answered to the extent possible. If the responding party does not have personal knowledge sufficient to respond fully to an interrogatory, that party shall so state, but shall make a reasonable and good faith effort to obtain the information by inquiry to other natural persons or organizations, except where the information is equally available to the propounding party.

(2) If the answer to an interrogatory would necessitate the preparation or the making of a compilation, abstract, audit, or summary of or from the documents of the party to whom the interrogatory is directed, and if the burden or expense of preparing or making it would be substantially the same for the party propounding the interrogatory as for the responding party, it is a sufficient answer to that interrogatory to refer to this subdivision and to specify the writings from which the answer may be derived or ascertained. This specification shall be in sufficient detail to permit the propounding party to locate and to identify, as readily as the responding party can, the documents from which the answer may be ascertained. The responding party shall then afford to the propounding party a reasonable opportunity to examine, audit, or inspect these documents and to make copies, compilations, abstracts, or summaries of them.

(3) If only a part of an interrogatory is objectionable, the remainder of the interrogatory shall be answered. If an objection is made to an interrogatory or to a part of an interrogatory, the specific ground for the objection shall be set forth clearly in the response. If an objection is based on a claim of privilege, the particular privilege invoked shall be clearly stated. If an objection is based on a claim that the information sought is protected work product under Section 2018, that claim shall be expressly asserted.

(g) The party to whom the interrogatories are directed shall sign the response under oath unless the response contains only objections. If that party is a public or private corporation, or a partnership, association, or governmental agency, one of its officers or agents shall sign the response under oath on behalf of that party. If the officer or agent signing the response on behalf of that party is an attorney acting in that capacity for the party, that party waives any lawyer-client privilege and any protection for work product under Section 2018 during any subsequent discovery from that attorney concerning the identity of the sources of the information contained in the response. The attorney for the responding party shall sign any responses that contain an objection.

(h) Within 30 days after service of interrogatories, or in unlawful detainer actions no later than five days prior to the date of trial, whichever is sooner, the party to whom the interrogatories are propounded shall serve the original of the response to them on the propounding party, unless on motion of the propounding party the court has shortened the time for response, or unless on motion of the responding party the court has extended the time for response. The party to whom the interrogatories are propounded shall also serve a copy of the response on all other parties who have appeared in the

action, unless the court on motion with or without notice has relieved that party from this requirement on its determination that service on all other parties would be unduly expensive or burdensome.

(i) The party propounding interrogatories and the responding party may agree to extend the time for service of a response to a set of interrogatories, or to particular interrogatories in a set, to a date beyond that provided in subdivision (h). This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date for service of a response. Unless this agreement expressly states otherwise, it is effective to preserve to the responding party the right to respond to any interrogatory to which the agreement applies in any manner specified in subdivision (f).

(j) The interrogatories and the response thereto shall not be filed with the court. The propounding party shall retain both the original of the interrogatories, with the original proof of service affixed to them, and the original of the sworn response until six months after final disposition of the action. At that time, both originals may be destroyed, unless the court on motion of any party and for good cause shown orders that the originals be preserved for a longer period.

(k) If a party to whom interrogatories have been directed fails to serve a timely response, that party waives any right to exercise the option to produce writings under subdivision (f), as well as any objection to the interrogatories, including one based on privilege or on the protection for work product under Section 2018. However, the court, on motion, may relieve that party from this waiver on its determination that (1) the party has subsequently served a response that is in substantial compliance with subdivision (f), and (2) the party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The party propounding the interrogatories may move for an order compelling response to the interrogatories. The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel a response to interrogatories, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. If a party then fails to obey an order compelling answers, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(*l*) If the propounding party, on receipt of a response to interrogatories, deems that (1) an answer to a particular interrogatory is evasive or incomplete, (2) an exercise of the option to produce documents under paragraph (2) of subdivision (f) is unwarranted or the required specification of those documents is inadequate, or (3) an objection to an interrogatory is without merit or too general, that party may move for an order compelling a further response. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an

informal resolution of each issue presented by the motion.

Unless notice of this motion is given within 45 days of the service of the response, or on or before any specific later date to which the propounding party and the responding party have agreed in writing, the propounding party waives any right to compel a further response to the interrogatories.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel a further response to interrogatories, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling further response to interrogatories, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(m) Without leave of court, a party may serve an amended answer to any interrogatory that contains information subsequently discovered, inadvertently omitted, or mistakenly stated in the initial interrogatory. At the trial of the action, the propounding party or any other party may use the initial answer under subdivision (n), and the responding party may then use the amended answer.

The party who propounded an interrogatory to which an amended answer has been served may move for an order that the initial answer to that interrogatory be deemed binding on the responding party for the purpose of the pending action. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court shall grant this motion if it determines that (1) the initial failure of the responding party to answer the interrogatory correctly has substantially prejudiced the party who propounded the interrogatory, (2) the responding party has failed to show substantial justification for the initial answer to that interrogatory, and (3) the prejudice to the propounding party cannot be cured either by a continuance to permit further discovery or by the use of the initial answer under subdivision (n).

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to deem binding an initial answer to an interrogatory, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(n) At the trial or any other hearing in the action, so far as admissible under the rules of evidence, the propounding party or any party other than the responding party may use any answer or part of an answer to an interrogatory only against the responding party. It is not ground for objection to the use of an answer to an interrogatory that the responding party is available to testify, has

testified, or will testify at the trial or other hearing.

SEC. 2. Section 2031 of the Code of Civil Procedure is amended to read:

2031. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by inspecting documents, tangible things, and land or other property that are in the possession, custody, or control of any other party to the action.

(1) A party may demand that any other party produce and permit the party making the demand, or someone acting on that party's behalf, to inspect and to copy a document that is in the possession, custody, or control of the party on whom the demand is made.

(2) A party may demand that any other party produce and permit the party making the demand, or someone acting on that party's behalf, to inspect and to photograph, test, or sample any tangible things that are in the possession, custody, or control of the party on whom the demand is made.

(3) A party may demand that any other party allow the party making the demand, or someone acting on that party's behalf, to enter on any land or other property that is in the possession, custody, or control of the party on whom the demand is made, and to inspect and to measure, survey, photograph, test, or sample the land or other property, or any designated object or operation on it.

(b) A defendant may make a demand for inspection without leave of court at any time. A plaintiff may make a demand for inspection without leave of court at any time that is 10 days after the service of the summons on, or appearance by, the party to whom the demand is directed, whichever occurs first. However, on motion with or without notice, the court, for good cause shown, may grant leave to a plaintiff to make an inspection demand at an earlier time.

(c) A party demanding an inspection shall number each set of demands consecutively. In the first paragraph immediately below the title of the case, there shall appear the identity of the demanding party, the set number, and the identity of the responding party. Each demand in a set shall be separately set forth, identified by number or letter, and shall do all of the following:

(1) Designate the documents, tangible things, or land or other property to be inspected either by specifically describing each individual item or by reasonably particularizing each category of item.

(2) Specify a reasonable time for the inspection that is at least 30 days, or 10 days in unlawful detainer actions, after service of the demand unless the court for good cause shown has granted leave to specify an earlier date.

(3) Specify a reasonable place for making the inspection, copying, and performing any related activity.

(4) Specify any related activity that is being demanded in addition to an inspection and copying, as well as the manner in which that related activity will be performed, and whether that activity will

permanently alter or destroy the item involved.

(d) The party demanding an inspection shall serve a copy of the inspection demand on the party to whom it is directed and on all other parties who have appeared in the action.

(e) When an inspection of documents, tangible things or places has been demanded, the party to whom the demand has been directed, and any other party or affected person or organization, may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That all or some of the items or categories of items in the inspection demand need not be produced or made available at all.

(2) That the time specified in subdivision (h) to respond to the set of inspection demands, or to a particular item or category in the set, be extended.

(3) That the place of production be other than that specified in the inspection demand.

(4) That the inspection be made only on specified terms and conditions.

(5) That a trade secret or other confidential research, development, or commercial information not be disclosed, or be disclosed only to specified persons or only in a specified way.

(6) That the items produced be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the party to whom the demand was directed provide or permit the discovery against which protection was sought on terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) The party to whom an inspection demand has been directed shall respond separately to each item or category of item by a statement that the party will comply with the particular demand for inspection and any related activities, a representation that the party lacks the ability to comply with the demand for inspection of a particular item or category of item, or an objection to the particular demand.

In the first paragraph of the response immediately below the title of the case, there shall appear the identity of the responding party, the set number, and the identity of the demanding party. Each

statement of compliance, each representation, and each objection in the response shall bear the same number and be in the same sequence as the corresponding item or category in the demand, but the text of that item or category need not be repeated.

(1) A statement that the party to whom an inspection demand has been directed will comply with the particular demand shall state that the production, inspection, and related activity demanded will be allowed either in whole or in part, and that all documents or things in the demanded category that are in the possession, custody, or control of that party and to which no objection is being made will be included in the production.

Any documents demanded shall either be produced as they are kept in the usual course of business, or be organized and labeled to correspond with the categories in the demand. If necessary, the responding party at the reasonable expense of the demanding party shall, through detection devices, translate any data compilations included in the demand into reasonably usable form.

(2) A representation of inability to comply with the particular demand for inspection shall affirm that a diligent search and a reasonable inquiry has been made in an effort to comply with that demand. This statement shall also specify whether the inability to comply is because the particular item or category has never existed, has been destroyed, has been lost, misplaced, or stolen, or has never been, or is no longer, in the possession, custody, or control of the responding party. The statement shall set forth the name and address of any natural person or organization known or believed by that party to have possession, custody, or control of that item or category of item.

(3) If only part of an item or category of item in an inspection demand is objectionable, the response shall contain a statement of compliance, or a representation of inability to comply with respect to the remainder of that item or category. If the responding party objects to the demand for inspection of an item or category of item, the response shall (A) identify with particularity any document, tangible thing, or land falling within any category of item in the demand to which an objection is being made, and (B) set forth clearly the extent of, and the specific ground for, the objection. If an objection is based on a claim of privilege, the particular privilege invoked shall be stated. If an objection is based on a claim that the information sought is protected work product under Section 2018, that claim shall be expressly asserted.

(g) The party to whom the demand for inspection is directed shall sign the response under oath unless the response contains only objections. If that party is a public or private corporation or a partnership or association or governmental agency, one of its officers or agents shall sign the response under oath on behalf of that party. If the officer or agent signing the response on behalf of that party is an attorney acting in that capacity for a party, that party waives any lawyer-client privilege and any protection for work product under

Section 2018 during any subsequent discovery from that attorney concerning the identity of the sources of the information contained in the response. The attorney for the responding party shall sign any responses that contain an objection.

(h) Within 20 days, or five days in unlawful detainer actions, after service of an inspection demand, the party to whom the demand is directed shall serve the original of the response to it on the party making the demand, and a copy of the response on all other parties who have appeared in the action, unless on motion of the party making the demand the court has shortened the time for response, or unless on motion of the party to whom the demand has been directed, the court has extended the time for response.

(i) The party demanding an inspection and the responding party may agree to extend the time for service of a response to a set of inspection demands, or to particular items or categories of items in a set, to a date beyond that provided in subdivision (h). This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date for service of a response. Unless this agreement expressly states otherwise, it is effective to preserve to the responding party the right to respond to any item or category of item in the demand to which the agreement applies in any manner specified in subdivision (f).

(j) The inspection demand and the response to it shall not be filed with the court. The party demanding an inspection shall retain both the original of the inspection demand, with the original proof of service affixed to it, and the original of the sworn response until six months after final disposition of the action. At that time, both originals may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

(k) If a party to whom an inspection demand has been directed fails to serve a timely response to it, that party waives any objection to the demand, including one based on privilege or on the protection for work product under Section 2018. However, the court, on motion, may relieve that party from this waiver on its determination that (1) the party has subsequently served a response that is in substantial compliance with subdivision (f), and (2) the party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The party making the demand may move for an order compelling response to the inspection demand. The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel a response to an inspection demand, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. If a party then fails to obey the order compelling a response, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under

Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(*l*) If the party demanding an inspection, on receipt of a response to an inspection demand, deems that (1) a statement of compliance with the demand is incomplete, (2) a representation of inability to comply is inadequate, incomplete, or evasive, or (3) an objection in the response is without merit or too general, that party may move for an order compelling further response to the demand. This motion (1) shall set forth specific facts showing good cause justifying the discovery sought by the inspection demand, and (2) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by it.

Unless notice of this motion is given within 45 days of the service of the response, or on or before any specific later date to which the demanding party and the responding party have agreed in writing, the demanding party waives any right to compel a further response to the inspection demand.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel further response to an inspection demand, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party fails to obey an order compelling further response, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(m) If a party filing a response to a demand for inspection under subdivision (f) thereafter fails to permit the inspection in accordance with that party's statement of compliance, the party demanding the inspection may move for an order compelling compliance.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel compliance with an inspection demand, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling inspection, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

SEC. 3. Section 2033 of the Code of Civil Procedure is amended to read:

2033. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by a written request that any other party to the action

admit the genuineness of specified documents, or the truth of specified matters of fact, opinion relating to fact, or application of law to fact. A request for admission may relate to a matter that is in controversy between the parties.

(b) A defendant may make requests for admission by a party without leave of court at any time. A plaintiff may make requests for admission by a party without leave of court at any time that is 10 days after the service of the summons on, or appearance by, that party, whichever occurs first. However, on motion with or without notice, the court, for good cause shown, may grant leave to a plaintiff to make requests for admission at an earlier time.

(c) (1) No party shall request, as a matter of right, that any other party admit more than 35 matters that do not relate to the genuineness of documents. If the initial set of admission requests does not exhaust this limit, the balance may be requested in subsequent sets. Unless a declaration as described in paragraph (3) has been made, a party need only respond to the first 35 admission requests served that do not relate to the genuineness of documents, if that party states an objection to the balance under paragraph (2) of subdivision (f) on the ground that the limit has been exceeded.

The number of requests for admission of the genuineness of documents is not limited except as justice requires to protect the responding party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense.

(2) Subject to the right of the responding party to seek a protective order under subdivision (e), any party who attaches a supporting declaration as described in paragraph (3) may request a greater number of admissions by another party if the greater number is warranted by the complexity or the quantity of the existing and potential issues in the particular case.

If the responding party seeks a protective order on the ground that the number of requests for admission is unwarranted, the propounding party shall have the burden of justifying the number of requests for admission.

(3) Any party who is requesting or who has already requested more than 35 admissions not relating to the genuineness of documents by any other party shall attach to each set of requests for admissions a declaration containing substantially the following words:

DECLARATION FOR ADDITIONAL DISCOVERY

I, _____, declare:

1. I am (a party to this action or proceeding appearing in propria persona) (presently the attorney for _____, a party to this action or proceeding).

2. I am propounding to _____ the attached set of requests for admission.

3. This set of requests for admission will cause the total number

of requests propounded to the party to whom they are directed to exceed the number of requests permitted by paragraph (1) of subdivision (c) of Section 2033 of the Code of Civil Procedure.

4. I have previously propounded a total of _____ requests for admission to this party.

5. This set of requests for admission contains a total of _____ requests.

6. I am familiar with the issues and the previous discovery conducted by all of the parties in this case.

7. I have personally examined each of the requests in this set of requests for admission.

8. This number of requests for admission is warranted under paragraph (2) of subdivision (c) of Section 2033 of the Code of Civil Procedure because _____. (Here state the reasons why the complexity or the quantity of issues in the instant lawsuit warrant this number of requests for admission.)

9. None of the requests in this set of requests is being propounded for any improper purpose, such as to harass the party, or the attorney for the party, to whom it is directed, or to cause unnecessary delay or needless increase in the cost of litigation.

I declare under penalty of perjury under the laws of California that the foregoing is true and correct, and that this declaration was executed on _____.

Attorney for _____

(4) A party requesting admissions shall number each set of requests consecutively. In the first paragraph immediately below the title of the case, there shall appear the identity of the party requesting the admissions, the set number, and the identity of the requesting party, the set number, and the identity of the responding party. Each request for admission in a set shall be separately set forth and identified by letter or number.

(5) Each request for admission shall be full and complete in and of itself. No preface or instruction shall be included with a set of admission requests unless it has been approved under Section 2033.5. Any term specially defined in a request for admission shall be typed with all letters capitalized whenever the term appears. No request for admission shall contain subparts, or a compound, conjunctive, or disjunctive request unless it has been approved under Section 2033.5.

(6) A party requesting an admission of the genuineness of any documents shall attach copies of those documents to the requests, and shall make the original of those documents available for inspection on demand by the party to whom the requests for admission are directed.

(7) No party shall combine in a single document requests for admission with any other method of discovery.

(d) The party requesting admissions shall serve a copy of them on

the party to whom they are directed and on all other parties who have appeared in the action.

(e) When requests for admission have been made, the responding party may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party from unwarranted annoyance, embarrassment, oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the set of admission requests, or particular requests in the set, need not be answered at all.

(2) That, contrary to the representations made in a declaration submitted under paragraph (3) of subdivision (c), the number of admission requests is unwarranted.

(3) That the time specified in subdivision (h) to respond to the set of admission requests, or to particular requests in the set, be extended.

(4) That a trade secret or other confidential research, development, or commercial information not be admitted or be admitted only in a certain way.

(5) That some or all of the answers to requests for admission be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the responding party provide or permit the discovery against which protection was sought on terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) The party to whom requests for admission have been directed shall respond in writing under oath separately to each request. Each response shall answer the substance of the requested admission, or set forth an objection to the particular request. In the first paragraph of the response immediately below the title of the case, there shall appear the identity of the responding party, the set number, and the identity of the requesting party. Each answer or objection in the response shall bear the same identifying number or letter and be in the same sequence as the corresponding request, but the text of the particular request need not be repeated.

(1) Each answer in the response shall be as complete and straightforward as the information reasonably available to the responding party permits. Each answer shall (A) admit so much of the matter involved in the request as is true, either as expressed in the request itself or as reasonably and clearly qualified by the

responding party, (B) deny so much of the matter involved in the request as is untrue, and (C) specify so much of the matter involved in the request as to the truth of which the responding party lacks sufficient information or knowledge. If a responding party gives lack of information or knowledge as a reason for a failure to admit all or part of a request for admission, that party shall state in the answer that a reasonable inquiry concerning the matter in the particular request has been made, and that the information known or readily obtainable is insufficient to enable that party to admit the matter.

(2) If only a part of a request for admission is objectionable, the remainder of the request shall be answered. If an objection is made to a request or to a part of a request, the specific ground for the objection shall be set forth clearly in the response. If an objection is based on a claim of privilege, the particular privilege invoked shall be clearly stated. If an objection is based on a claim that the matter as to which an admission is requested is protected work product under Section 2018, that claim shall be expressly asserted.

(g) The party to whom the requests for admission are directed shall sign the response under oath, unless the response contains only objections. If that party is a public or private corporation, or a partnership or association or governmental agency, one of its officers or agents shall sign the response under oath on behalf of that party. If the officer or agent signing the response on behalf of that party is an attorney acting in that capacity for the party, that party waives any lawyer-client privilege and any protection for work product under Section 2018 during any subsequent discovery from that attorney concerning the identity of the sources of the information contained in the response. The attorney for the responding party shall sign any response that contains an objection.

(h) Within 30 days after service of requests for admission, or in unlawful detainer actions no later than five days prior to the date of trial, whichever is sooner, the party to whom the requests are directed shall serve the original of the response to them on the requesting party, and a copy of the response on all other parties who have appeared, unless on motion of the requesting party the court has shortened the time for response, or unless on motion of the responding party the court has extended the time for response.

(i) The party requesting admissions and the responding party may agree to extend the time for service of a response to a set of admission requests, or to particular requests in a set, to a date beyond that provided in subdivision (h). This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date for service of a response. Unless this agreement expressly states otherwise, it is effective to preserve to the responding party the right to respond to any request for admission to which the agreement applies in any manner specified in subdivision (f). Notice of this agreement shall be given by the responding party to all other parties who were served with a copy of the request.

(j) The requests for admission and the response to them shall not

be filed with the court. The party requesting admissions shall retain both the original of the requests for admission, with the original proof of service affixed to them, and the original of the sworn response until six months after final disposition of the action. At that time, both originals may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

(k) If a party to whom requests for admission have been directed fails to serve a timely response, that party thereby waives any objection to the requests, including one based on privilege or on the protection for work product under Section 2018. However, the court, on motion, may relieve that party from this waiver on its determination that (1) the party has subsequently served a response that is in substantial compliance with subdivision (f), and (2) the party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The requesting party may move for an order that the genuineness of any documents and the truth of any matters specified in the requests be deemed admitted, as well as for a monetary sanction under Section 2023. The court shall make this order, unless it finds that the party to whom the requests for admission have been directed has served, before the hearing on the motion, a proposed response to the requests for admission that is in substantial compliance with paragraph (1) of subdivision (f). It is mandatory that the court impose a monetary sanction under Section 2023 on the party or attorney, or both, whose failure to serve a timely response to requests for admission necessitated this motion.

(*l*) If the party requesting admissions, on receipt of a response to the requests, deems that (1) an answer to a particular request is evasive or incomplete, or (2) an objection to a particular request is without merit or too general, that party may move for an order compelling a further response. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

Unless notice of this motion is given within 45 days of the service of the response, or any specific later date to which the requesting party and the responding party have agreed in writing, the requesting party waives any right to compel further response to the requests for admission.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel further response, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling further response to requests for admission, the court may order that the matters involved in the requests be deemed admitted. In lieu of or in addition to this order, the court may impose a monetary sanction under

Section 2023.

(m) A party may withdraw or amend an admission made in response to a request for admission only on leave of court granted after notice to all parties. The court may permit withdrawal or amendment of an admission only if it determines that the admission was the result of mistake, inadvertence, or excusable neglect, and that the party who obtained the admission will not be substantially prejudiced in maintaining that party's action or defense on the merits. The court may impose conditions on the granting of the motion that are just, including, but not limited to, an order that (1) the party who obtained the admission be permitted to pursue additional discovery related to the matter involved in the withdrawn or amended admission, and (2) the costs of any additional discovery be borne in whole or in part by the party withdrawing or amending the admission.

(n) Any matter admitted in response to a request for admission is conclusively established against the party making the admission in the pending action, unless the court has permitted withdrawal or amendment of that admission under subdivision (m). However, any admission made by a party under this section is (1) binding only on that party, and (2) made for the purpose of the pending action only. It is not an admission by that party for any other purpose, and it shall not be used in any manner against that party in any other proceeding.

(o) If a party fails to admit the genuineness of any document or the truth of any matter when requested to do so under this section, and if the party requesting that admission thereafter proves the genuineness of that document or the truth of that matter, the party requesting the admission may move the court for an order requiring the party to whom the request was directed to pay the reasonable expenses incurred in making that proof, including reasonable attorney's fees. The court shall make this order unless it finds that (1) an objection to the request was sustained or a response to it was waived under subdivision (*l*), (2) the admission sought was of no substantial importance, (3) the party failing to make the admission had reasonable ground to believe that that party would prevail on the matter, or (4) there was other good reason for the failure to admit.

CHAPTER 576

An act to amend Section 273.5 of the Penal Code, relating to crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 25, 1988. Filed with Secretary of State August 26, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 273.5 of the Penal Code is amended to read:

273.5. (a) Any person who willfully inflicts upon his or her spouse, or any person who willfully inflicts upon any person of the opposite sex with whom he or she is cohabiting, or any person who willfully inflicts upon any person who is the mother or father of his or her child, corporal injury resulting in a traumatic condition, is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for 2, 3 or 4 years, or in the county jail for not more than one year, or by a fine of up to six thousand dollars ($6,000) or by both.

(b) Holding oneself out to be the husband or wife of the person with whom one is cohabiting is not necessary to constitute cohabitation as the term is used in this section.

(c) As used in this section, "traumatic condition" means a condition of the body, such as a wound or external or internal injury, whether of a minor or serious nature, caused by a physical force.

(d) For the purpose of this section, a person shall be considered the father or mother of another person's child if the alleged male parent is presumed the natural father as set forth in Section 7004 of the Civil Code.

(e) In any case in which a person is convicted of violating this section and probation is granted, the court shall require supervised counseling as a condition of probation unless, considering all of the facts and the circumstances, the court finds counseling inappropriate for the defendant.

(f) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under subdivision (a) who previously has been convicted under subdivision (a) for an offense that occurred within seven years of the offense of the second conviction, it shall be a condition thereof that he or she be imprisoned in the county jail for not less than 96 hours and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program, as designated by the court. However, the court, upon a showing of good cause, may find that the mandatory minimum imprisonment, or the participation in a batterer's treatment program, or both the mandatory minimum imprisonment and participation in a batterer's treatment program, as required by this subdivision, shall not be imposed and grant

probation or the suspension of the execution or imposition of a sentence.

(g) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under subdivision (a) who previously has been convicted of two or more violations of subdivision (a) for offenses that occurred within seven years of the most recent conviction, it shall be a condition thereof that he or she be imprisoned in the county jail for not less than 30 days and that he or she participate in for no less than one year, and successfully complete, a batterer's treatment program as designated by the court. However, the court, upon a showing of good cause, may find that the mandatory minimum imprisonment, or the participation in a batterer's treatment program, or both the mandatory minimum imprisonment and participation in a batterer's treatment program, as required by this subdivision, shall not be imposed and grant probation or the suspension of the execution or imposition of a sentence.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the felony convictions of persons who inflict traumatic corporal injuries on persons who are the parents of their children and to secure the safety of victims of traumatic corporal injuries by providing a minimum period of incarceration and requiring treatment, it is necessary that this act take effect immediately.

CHAPTER 577

SECTION 1. Section 14201.5 of the Financial Code is repealed.

(a) If the commissioner finds, after a hearing, unless waived in writing by the licensee, that a credit union has impaired capital, or is insolvent, or is operating in an unsafe or unsound manner, or has failed to comply with Section 14858, the commissioner may take possession of the business and assets of the credit union and maintain possession, as a conservator, until such time as the commissioner shall permit it to continue business pursuant to subdivision (c), or its affairs are put in order, or it is finally liquidated.

(b) The commissioner is expressly authorized, whenever acting as conservator pursuant to subdivision (a), to do all things necessary and proper to put the credit union's affairs in order, or to effect a liquidation, whichever is appropriate, including, but not limited to,

No such risk or obligation incurred shall be the personal risk or obligation of the commissioner or the department or their agents, servants, or employees, but shall be the risk and obligation of the conservatorship estate.

(c) If the credit union submits a satisfactory plan to restore any impairment of capital, or cure its insolvency, and to proceed with business in a sound, businesslike manner, the commissioner may permit the credit union to resume possession of the business and assets and operate as a credit union under such conditions as may be imposed by the commissioner in the public interest.

(b) Enter into any obligation with any director, officer, member of the credit committee or member of the supervisory committee, directly or indirectly, not fully secured by shares or certificates for funds unless all of the following requirements are satisfied:

(3) The obligation is approved by the credit committee, or in the alternative the credit manager, and by the board of directors, except that the credit manager shall not take part in any credit decision directly or indirectly for his or her benefit. The board of directors may select a loan officer to prepare a report and recommendation as to any extension of credit or other obligation requested by the credit manager.

(2) The contract shall be available for inspection by the buyer prior to purchase and either the contract, or a brochure which specifically describes the terms, conditions, and exclusions of the contract, and the provisions of this section relating to contract delivery, cancellation, and refund, shall be delivered to the buyer at or before the time of purchase of the contract. Within 60 days after the date of purchase, the contract itself shall be delivered to the

buyer. If a service contract for a home appliance or a home electronic product is sold by means of a telephone solicitation, the seller may elect to satisfy the requirements of this paragraph by mailing or delivering the contract to the buyer not later than 30 days after the date of the sale of the contract.

(3) The contract shall be cancelable by the purchaser under the following conditions:

(A) Unless the contract provides for a longer period, within the first 60 days after receipt of the contract, or within the first 30 days after receipt of a contract covering a used motor vehicle without manufacturer warranties, a home appliance, or a home electronic product, the full amount paid shall be refunded by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract, and if no claims have been made against the contract. If a claim has been made against the contract within the first 60 days after receipt of the contract, or within the first 30 days after receipt of the contract with respect to a used motor vehicle without manufacturer warranties, home appliance, or home electronic product, a pro rata refund, based on either elapsed time or an objective measure of use, such as mileage, at the seller's option as indicated in the contract, shall be made by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract.

(B) Unless the contract provides for a longer period for obtaining a full refund, after the first 60 days after receipt of the contract, or after the first 30 days after receipt of a contract covering a used motor vehicle without manufacturer warranties, a home appliance, or a home electronic product, a pro rata refund, based on either elapsed time or an objective measure of use, such as mileage, at the seller's option as indicated in the contract, shall be made by the seller to the purchaser if the purchaser provides a written notice of cancellation to the person specified in the contract. In addition, the seller may assess a cancellation or administrative fee, not to exceed 10 percent of the price of the service contract or twenty-five dollars ($25), whichever is less.

(C) If the purchase of the service contract was financed, the seller may make the refund payable to the purchaser, the assignee, or lender of record, or both.

(b) Nothing in this section shall apply to a home protection plan that is issued by a home protection company which is subject to Part 7 (commencing with Section 12740) of Division 2 of the Insurance Code.

(c) The amendments to this section made at the 1988 portion of the 1987–88 Regular Session of the Legislature that extend the application of this section to service contracts on home appliances and home electronic products shall become operative on July 1, 1989.

control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway or any public lands are, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person into custody.

(i) When any vehicle, other than a rented vehicle, is found upon a highway or any public lands and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded to the agency responsible for processing notices of parking violations, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:

(1) Pays the cost of towing and storing the vehicle.

(2) Submits evidence of payment of fees as provided in Section 9561.

(3) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of disposition or sale. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the deposit of bail for all

notices of parking violations issued for the vehicle. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt thereof, bail for all notices of parking violations issued for the vehicle.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) When any vehicle is found upon a highway or any public lands with a registration expiration date in excess of one year before the date it is found on the highway. However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration. In lieu of obtaining proof of current registration, the storing agency may, in its discretion, issue a notice to appear for the registration violation.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, or 14601.2 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway or any public lands shall not be released to the registered owner or his or her agent except upon presentation

of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle or upon order of a court.

(q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

(r) When any vehicle is illegally parked so as to prevent the movement of a legally parked vehicle.

SEC. 2. Section 22651.3 of the Vehicle Code is amended to read:

22651.3. (a) Any peace officer, as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which any vehicle, other than a rented vehicle, is located may remove the vehicle from an offstreet public parking facility located within the territorial limits in which the officer or employee may act when the vehicle is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded or when any vehicle is illegally parked so as to prevent the movement of a legally parked vehicle.

A notice of parking violation issued to a vehicle which is registered in a foreign jurisdiction or is without current California registration and is known to have been issued five or more notices of parking violation over a period of five or more days shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle.

(b) The vehicle may be impounded until the owner or person in control of the vehicle furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and furnishes satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, the owner or person in control of the vehicle may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded.

(c) Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of

subdivision (a) of Section 4000 shall be issued to the owner or person in control of the vehicle.

In the event of an initial determination by the Secretary of the United States Department of Health and Human Services that any provision of this section is in conflict with any federal statute or regulation, the department shall take all available and necessary steps to obtain a final determination reversing that decision. In the event that a final determination is made which finds a conflict with federal law, the director shall immediately request the Attorney General to seek judicial review of the determination, and the director shall notify the appropriate policy and fiscal committees of both houses of the Legislature of its request. Notwithstanding the outcome of the director's efforts to obtain waivers under this subdivision, or a final judicial decision holding that any provision of this section is in conflict with federal law, subdivision (a) shall be implemented on July 1, 1985, or the date upon which waivers are obtained under this subdivision, whichever is earlier. Failure to obtain waivers pursuant to this subdivision shall not affect implementation of subdivision (a).

SECTION 1. Section 14029.9 of the Corporations Code is amended to read:

14029.9. The office, in its discretion and after the approval of the Small Business Development Board, may establish a program through which urban and rural small business development corporations may assist California small businesses by making available financial aid for the development phase of a definable product or process which is new to the business undertaking the development. Projects approved by a corporation shall be eligible for reimbursement on a regular basis up to 60 percent of allowable, documented expenses. Projects approved and the amount invested shall be based upon an analysis of the business plan submitted by the company. Evaluation criteria shall include product feasibility, company ability, marketing availability, job creation, and overall

financial condition. Products need not be high technology but should be innovative.

In accordance with subdivision (h) of Section 14023.5, the executive director may appoint a technology marketing advisory committee to review product development applications being considered for funding by UDCs and RDCs. The advisory committee shall include, among others, a product development specialist, a marketing specialist, and a venture capitalist.

This section shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 14029.95 of the Corporations Code is amended to read:

14029.95. If the office establishes the program authorized by Section 14029.9, return on investments authorized by Section 14029.9 for the corporations shall be derived from a royalty based on the sale of the product developed. The royalty shall not exceed 5 percent of the new product sales unless approval is granted by the Executive Director of the Office of Small Business Development after notification of the Small Business Development Board of Directors. The royalty payment shall continue until a specified multiple of the corporation's investment has been returned within a specified period of time. After the required multiple has been reached, the royalty rate may be reduced and continued for a fixed time period.

This section shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the

This section shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 6. Section 14046 of the Corporations Code, as amended by Chapter 844 of the Statutes of 1987, is amended to read:

14046. (a) Except as provided in subdivision (d) of Section 14131 and Sections 14083 and 14083.5 the purpose of a regional small business development corporation loan guarantee fund shall be to make and guarantee loans, approved by the regional corporation, which meet the California Small Business Development Corporation Law loan criteria established by the board, policies of the corporation, and provisions of Article 7.5 (commencing with Section 14066). This section shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

An act to add Section 14133 to the Corporations Code, relating to economic development.

[Approved by Governor August 26, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. (a) This section shall be known and may be cited as the Small Business Incubator Development Act.

(b) The Legislature finds and declares the following:

(1) A majority of California's small businesses fail in the first five years of operation largely due to lack of management and business skills and undercapitalization.

(2) Small businesses provide the source of most new replacement jobs, the origin of most innovations, and are the generator of economic growth in California. Additionally, small businesses generally stay in the community in which the business is first developed thereby contributing to a multiplier effect of dollars spent in a local economy.

(3) Small business incubator facilities, also known as business and technology centers, are being discovered as a new and innovative way to significantly increase the small businesses' probability of success, and to create and market new technologies, and provide students with training opportunities in entrepreneurship.

(4) A successful incubator program can also mean an expanded tax base for a community through new business revenues and personal incomes. In addition, many incubator facilities have begun to revitalize decaying neighborhoods by rehabilitating old or vacant buildings.

(5) It is in the interest of California's small business community to bring together the private sector and various levels of government interested in sponsoring incubator facilities for the purpose of job creation and retention.

(6) In an era when promotional efforts to recruit out-of-state industries has proven to be of marginal success, the goal of a small business incubator is to develop potential entrepreneurship talent within our own state and local communities.

SEC. 2. Section 14133 is added to the Corporations Code, to read:

14133. (a) Urban development corporations and rural development corporations shall give high priority to the issuance of loans and loan guarantees to small business incubators, and to businesses which lease space in incubators provided that the businesses qualify under subdivision (h) of Section 7082 of the Government Code, and provided that the incubator headquarters are located within enterprise zones as defined in subdivision (d) of Section 7073 of the Government Code or within economic incentive

areas designated under any other provision of law.

(b) For the purposes of this section, "incubator" means a facility that allows new small businesses to increase their probability of success by sharing needed capital equipment, services, and facilities, which may include, but are not limited to, the following:

(1) Reception and meeting area.

(2) Secretarial services (i.e., collating, telephone answering, mailhandling).

(3) Accounting and bookkeeping services.

CHAPTER 635

An act to amend Sections 1170 and 1170.3 of the Penal Code, relating to sentencing.

[Approved by Governor August 26, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of 16 months, two or three years; two, three, or four years; two, three, or five years; three, four, or five years; two, four, or six years; three, four, or six years; three, five, or seven years; three, six, or eight years; five, seven, or nine years; five, seven, or 11 years, or any other specification of three time periods, the court shall

sentence the defendant to one of the terms of imprisonment specified unless such convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term which it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law which imposes the death penalty, which authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence, including any period of parole under Section 3000, shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. However, any such sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under Section 667.5, 1170.1, 12022, 12022.4, 12022.5, 12022.6, or 12022.7 or under any other section of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of

Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(f) (1) Within one year after the commencement of the term of imprisonment, the Board of Prison Terms shall review the sentence to determine whether the sentence is disparate in comparison with the sentences imposed in similar cases. If the Board of Prison Terms determines that the sentence is disparate, the board shall notify the judge, the district attorney, the defense attorney, the defendant, and the Judicial Council. The notification shall include a statement of the reasons for finding the sentence disparate.

Within 120 days of receipt of this information, the sentencing court shall schedule a hearing and may recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if the defendant had not been sentenced previously, provided the new sentence is no greater than the initial sentence. In resentencing under this subdivision the court shall apply the sentencing rules of the Judicial Council and shall consider the information provided by the Board of Prison Terms.

(2) The review under this section shall concern the decision to deny probation and the sentencing decisions enumerated in paragraphs (2), (3), and (4) of subdivision (a) of Section 1170.3 and apply the sentencing rules of the Judicial Council and the information regarding the sentences in this state of other persons convicted of similar crimes so as to eliminate disparity of sentences and to promote uniformity of sentencing.

(g) Prior to sentencing pursuant to this chapter, the court may request information from the Board of Prison Terms concerning the sentences in this state of other persons convicted of similar crimes under similar circumstances.

(h) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 2. Section 1170.3 of the Penal Code is amended to read:

1170.3. The Judicial Council shall seek to promote uniformity in sentencing under Section 1170, by:

(a) The adoption of rules providing criteria for the consideration of the trial judge at the time of sentencing regarding the court's decision to:

(1) Grant or deny probation.

(2) Impose the lower or upper prison term.

(3) Impose concurrent or consecutive sentences.

(4) Determine whether or not to impose an enhancement where that determination is permitted by law.

(b) The adoption of rules standardizing the minimum content and the sequential presentation of material in probation officer reports submitted to the court.

CHAPTER 636

An act to add and repeal Section 11550.1 of the Health and Safety Code, relating to controlled substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 11550.1 is added to the Health and Safety Code, to read:

11550.1. (a) Notwithstanding the provisions of Section 11550, as a pilot program applicable solely to Santa Clara County, a court may impose, as conditions of probation for persons convicted of violating Section 11550, in lieu of a term of imprisonment in the county jail, that the person do all of the following:

(1) Participate in an intensive drug treatment program as designated by the court, for not less than 90 days. The court shall consider the need for safety precautions in all drug treatment placements made pursuant to this subdivision.

(2) Be tested on a regular basis to determine whether the person has recently used a controlled substance.

(3) Pay the costs of the treatment program commensurate with the person's ability to pay.

(4) Complete the intensive drug treatment program in a manner satisfactory to the court.

(5) Such other conditions of probation, in addition to those enumerated, as the court may designate.

(b) If a person fails to successfully complete the program under subdivision (a) and probation is terminated, the court shall impose a term of not less than 90 days, nor more than one year, in the county jail. If a person convicted for a second or subsequent violation of Section 11550 is again granted probation under this section, as a condition thereof that person shall be confined in the county jail for

not less than 90 days. No credit for time served in an intensive drug treatment program may be credited toward this 90 day term when the program has not been successfully completed.

(c) This section does not apply to persons where the offense charged involved driving a vehicle while under the influence of a drug or a crime of violence or threatened violence. Any person who has previously participated in a program under this section or has been committed to the California Rehabilitation Center pursuant to Section 3051 of the Welfare and Institutions Code, is ineligible for the program authorized by this section.

(d) Notwithstanding Section 4019 or 2900.5 of the Penal Code, no time served in a drug treatment program pursuant to this section shall be credited against any jail or prison sentence which may be subsequently imposed.

(e) The State of California and the County of Santa Clara shall not be liable for the cost of drug treatment provided pursuant to this section.

(f) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later statute enacted before January 1, 1991, deletes or extends that date.

SEC. 2. The purpose of the pilot program created by this act is to determine the cost efficiency and therapeutic value of intensive drug treatment for persons convicted of violating Section 11550 of the Health and Safety Code.

The County of Santa Clara shall review the results of the use of intensive drug treatment programs and the effect of the programs upon the recidivism of persons under the influence of a controlled substance in Santa Clara County in the years 1988 and 1989.

The pilot program shall be deemed effective if those persons completing drug treatment programs pursuant to this section demonstrate a reduction of at least 25 percent recidivism as compared to the recidivism rates of persons serving sentences in the county jail for the same violation.

On or before April 1, 1990, the County of Santa Clara shall submit a report to the Legislature on its study and review of this act. The report shall also compare the recidivism rates of persons completing the treatment programs with recidivism rates of persons serving sentences in the county jail for the same violation.

SEC. 3. No reimbursement is required for the duties imposed by Section 2 of this act pursuant to Section 6 of Article XIII B of the California Constitution because Section 2 of this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the programs specified in Section 2 of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the orderly incarceration and treatment of

the over 5,000 persons convicted of using controlled substances in Santa Clara County each year and to effectively reduce this number, it is necessary that this act take effect immediately.

CHAPTER 637

An act to amend Sections 10058 and 10062 of, and to add Section 10058.5 to, the Health and Safety Code, relating to records.

[Approved by Governor August 27, 1988 Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

10058. The local registrar shall number the certificates of live birth, fetal death, and death consecutively in separate series, beginning with number one for the first event in each calendar year.

SEC. 2. Section 10058.5 is added to the Health and Safety Code, to read:

10058.5. The local registrar shall number each certificate of marriage consecutively beginning with the number one for either the first event occurring, or first event registered in, each calendar year. Numbering may be based on either the year that the event occurs or the year of registration.

SEC. 3. Section 10062 of the Health and Safety Code is amended to read:

10062. The local registrar of marriages shall transmit to the State Registrar on or before the fifth day of each month all original certificates of registry of marriage accepted for registration by him or her during the preceding month. Certificates shall be batched by calendar year of event prior to transmission. Certificates may be transmitted at more frequent intervals by arrangement with the State Registrar.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 638

An act to add Article 8 (commencing with Section 73600) to Chapter 10 of Title 8 of the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1988 Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Article 8 (commencing with Section 73600) is added to Chapter 10 of Title 8 of the Government Code, to read:

CHAPTER 639

An act to amend Section 11161 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 11161 of the Health and Safety Code is amended to read:

11161. (a) Prescription blanks shall be issued by the Department of Justice in serially numbered groups of not more than 100 forms each in triplicate, and shall be furnished to any practitioner authorized to write a prescription for controlled substances classified in Schedule II. The Department of Justice may charge a fee for the prescription blanks, not to exceed the actual costs of printing and distribution. The prescription blanks shall not be transferable. The Department of Justice shall not, during any 30-day period, issue more than 100 triplicate prescription blanks to any authorized practitioner, until written justification has been received and approved by the Department of Justice. Any person possessing a triplicate prescription blank otherwise than as provided in this section is guilty of a misdemeanor.

(b) When a practitioner is named in a warrant of arrest or is charged in an accusatory pleading with a felony violation of Section 11153, 11154, 11156, 11157, 11170, 11173, 11350, 11351, 11352, 11353, 11353.5, 11377, 11378, 11378.5, 11379, 11379.5, or 11379.6, the court in which the accusatory pleading is filed or the magistrate who issued the warrant of arrest shall, upon the motion of a law enforcement agency which is supported by reasonable cause, issue an order which requires the practitioner to surrender to the clerk of the court all triplicate prescription blanks in the practitioner's possession at a time set in the order and shall direct the Department of Justice to withhold prescription blanks from the practitioner. The law enforcement agency obtaining the order shall notify the Department of Justice of this order. Except as provided in subdivisions (c) and (f) of this section, the order shall remain in effect until further order of the court. Any practitioner possessing prescription blanks in violation of the order is guilty of a misdemeanor.

(c) The order provided by subdivision (b) shall be vacated if the court or magistrate finds that the underlying violation or violations are not supported by reasonable cause at a hearing held within two court days after the practitioner files and personally serves upon the prosecuting attorney and the law enforcement agency that obtained the order, a notice of motion to vacate the order with any affidavits on which the practitioner relies. At the hearing, the burden of proof,

by a preponderance of the evidence, is on the prosecution. Evidence presented at the hearing shall be limited to the warrant of arrest with supporting affidavits, the motion to require the defendant to surrender all triplicate prescription blanks with supporting affidavits, the sworn complaint together with any documents or reports incorporated by reference thereto which if based on information and belief state the basis for the information, or any other documents of similar reliability as well as affidavits and counter affidavits submitted by the prosecution and defense. Granting of the motion to vacate the order is no bar to prosecution of the alleged violation or violations.

(d) The defendant may elect to challenge the order issued under subdivision (b) at the preliminary examination. At that hearing, the evidence shall be limited to that set forth in subdivision (c) and any other evidence otherwise admissible at the preliminary examination.

(e) If the practitioner has not moved to vacate the order issued under subdivision (b) of this section by the time of the preliminary examination and he or she is held to answer on the underlying violation or violations, the practitioner shall be precluded from afterwards moving to vacate the order. If the defendant is not held to answer on the underlying charge or charges at the conclusion of the preliminary examination, the order issued under subdivision (b) shall be vacated.

(f) Notwithstanding subdivision (e), any practitioner who is diverted pursuant to Chapter 2.5 (commencing with Section 1000) of Title 7 of Part 2 of the Penal Code may file a motion to vacate the order issued under subdivision (b).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 640

An act to amend Sections 4462 and 40000.7 of, and to add Section 4462.5 to, the Vehicle Code, relating to vehicles.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 4462 of the Vehicle Code is amended to read:

4462. (a) The driver of a motor vehicle shall present the registration or identification card or other evidence of registration of

any or all vehicles under his immediate control for examination upon demand of any peace officer.

(b) No person shall display upon a vehicle, nor present to any peace officer, any registration card, identification card, temporary receipt, license plate, device issued pursuant to Section 4853, or permit not issued for such vehicle or not otherwise lawfully used thereon under this code.

SEC. 2. Section 4462.5 is added to the Vehicle Code, to read:

4462.5. Every person who commits a violation of subdivision (b) of Section 4462, with intent to avoid compliance with vehicle registration requirements of Article 1 (commencing with Section 4000) of Chapter 1 or Article 1 (commencing with Section 5600) of Chapter 2, is guilty of a misdemeanor.

SEC. 3. Section 40000.7 of the Vehicle Code is amended to read:

40000.7. A violation of any of the following provisions is a misdemeanor, and not an infraction:

(a) Section 2416, relating to regulations for emergency vehicles.

(b) Section 2800, relating to failure to obey an officer's lawful order or submit to a lawful inspection.

(c) Section 2800.1, relating to fleeing from a peace officer.

(h) Section 4462.5, relating to deceptive or false evidence of vehicle registration.

(i) Section 4463.5, relating to deceptive or facsimile license plates.

(j) Section 5105.5, relating to environmental license plates.

(k) Section 5500, relating to the surrender of registration documents and license plates before dismantling may begin.

(*l*) Section 5753, relating to delivery of certificates of ownership and registration when committed by a dealer or any person while a dealer within the preceding 12 months.

(o) Section 8802, relating to the return of canceled, suspended, or revoked certificates of ownership, registration cards, or license plates, when committed by any person with intent to defraud.

(p) Section 8803, relating to return of canceled, suspended, or revoked documents and license plates of a dealer, manufacturer, remanufacturer, transporter, dismantler, or salesman.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 641

An act to amend Section 48918 of the Education Code, relating to schools.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 48918 of the Education Code is amended to read:

48918. The governing board of each school district shall establish rules and regulations governing procedures for the expulsion of pupils. These procedures shall include, but are not necessarily limited to the following:

(a) The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 schooldays of the date the principal or the superintendent of schools determines that the pupil has committed any of the acts enumerated in Section 48900, unless the pupil requests, in writing, that the hearing be postponed. The adopted rules and regulations shall require that the pupil shall be entitled to at least one postponement for a period of not more than 30 calendar days of an expulsion hearing. Thereafter, any additional postponement may be granted at the discretion of the governing board.

A decision of the governing board whether to expel a pupil shall be made within 10 schooldays following the conclusion of the hearing, unless the pupil requests in writing that the decision be postponed. If the hearing is held by a hearing officer or an administrative panel, or if the district governing board does not meet on a weekly basis, the governing board shall make its decision about a pupil's expulsion within 40 schooldays after the date of the pupil's removal from his or her school of attendance for the incident for which the recommendation for expulsion is made by the principal or the superintendent, unless the pupil requests in writing that the decision be postponed.

In the event that compliance by the governing board with the time requirements for the conducting of an expulsion hearing under this subdivision is impracticable, the superintendent of schools or the superintendent's designee may, for good cause, extend the time period for the holding of the expulsion hearing for an additional five schooldays. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is conducted. Upon the commencement of the hearing, all matters

shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.

(b) Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days prior to the date of the hearing. The notice shall include: the date and place of the hearing; a statement of the specific facts and charges upon which the proposed expulsion is based; a copy of the disciplinary rules of the district which relate to the alleged violation; and the opportunity for the pupil or the pupil's parent or guardian to appear in person or employ and be represented by counsel, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses.

(c) Notwithstanding the provisions of Section 54593 of the Government Code and Section 35145 of this code, the governing board shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days prior to the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the governing board may meet in closed session for the purpose of deliberating and determining if the pupil should be expelled.

If the governing board or the hearing officer or administrative panel appointed under subdivision (d) to conduct the hearing admits any other person to a closed deliberation session, the parent or guardian of the pupil, the pupil, and the counsel of the pupil shall also be allowed to attend the closed deliberations.

(d) In lieu of conducting an expulsion hearing itself, the governing board may contract with the county hearing officer, or with the Office of Administrative Hearings of the State of California pursuant to Chapter 14 (commencing with Section 27720) of Part 3 of Division 2 of Title 3 of the Government Code and Section 35207 of this code, for a hearing officer to conduct the hearing. The governing board may also appoint an impartial adminstrative panel of three or more certificated persons, none of whom shall be members of the board or employed on the staff of the school in which the pupil is enrolled. The hearing shall be conducted in accordance with all of the procedures established under this section.

(e) Within three schooldays following the hearing, the hearing officer or administrative panel shall determine whether to recommend the expulsion of the pupil to the governing board. If the hearing officer or administrative panel decides not to recommend expulsion, the expulsion proceedings shall be terminated and the pupil shall be immediately reinstated and permitted to return to a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs. Placement in one or more of these programs shall be made by the superintendent of schools or the superintendent's designee after

consultation with school district personnel, including the pupil's teachers, and the pupil's parent or guardian. The decision not to recommend expulsion shall be final.

(f) If the hearing officer or administrative panel recommends expulsion, findings of fact in support of the recommendation shall be prepared and submitted to the governing board. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing. If the governing board accepts the recommendation calling for expulsion, acceptance shall be based either upon a review of the findings of fact and recommendations submitted by the hearing officer or panel or upon the results of any supplementary hearing conducted pursuant to this section that the governing board may order.

The decision of the governing board to expel a pupil shall be based upon substantial evidence relevant to the charges adduced at the expulsion hearing or hearings. Except as provided in this section, no evidence to expel shall be based solely upon hearsay evidence. The governing board or the hearing officer or administrative panel may, upon a finding that good cause exists, determine that the disclosure of the identity of a witness and the testimony of that witness at the hearing would subject the witness to an unreasonable risk of harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the governing board or the hearing officer or administrative panel. Copies of these sworn declarations which are edited in such a manner as to delete the name and identity of the witness, shall be made available to the pupil.

(g) A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.

(h) Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the governing board to expel shall be supported by substantial evidence showing that the pupil committed any of the acts enumerated in Section 48900.

(i) Whether an expulsion hearing is conducted by the governing board or before a hearing officer or administrative panel, final action to expel a pupil shall be taken only by the governing board in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the superintendent of schools or his or her designee to the pupil or the pupil's parent or guardian and shall be accompanied by notice of the right to appeal the expulsion to the county board of education.

(j) The governing board shall maintain a record of each expulsion, including the cause therefor. Records of expulsions shall be a

nonprivileged, disclosable public record.

The expulsion order and the causes therefor shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.

CHAPTER 642

An act to amend Section 1328 of the Penal Code, relating to subpoenas in criminal proceedings.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1328 of the Penal Code is amended to read:

1328. A subpoena may be served by any person, except that the defendant may not serve a subpoena in the criminal action to which he or she is a party, but a peace officer must serve in his or her county any subpoena delivered to him or her for service, either on the part of the people or of the defendant, and must, without delay, make a written return of the service, subscribed by him or her, stating the time and place of service. The service is made by delivering a copy of the subpoena to the witness personally. When service is to be made on a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, unless the parent, guardian, conservator, or fiduciary or other specified person is the defendant, and on the minor if the minor is 12 years of age or older. The person so served shall have the obligation of producing the minor at the time and place designated in the subpoena. A willful failure to produce the minor is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure. The person so served shall be allowed the fees and expenses that are provided for subpoenaed witnesses.

Whenever any peace officer designated in Section 830 is required as a witness before any court or magistrate in any action or proceeding in connection with a matter regarding an event or transaction which he or she has perceived or investigated in the course of his or her duties, a subpoena requiring his or her attendance may be served either by delivering a copy to such peace officer personally or by delivering two copies to his or her immediate superior or agent designated by his or her immediate superior to receive such service. If service is made upon the immediate superior or agent designated by the immediate superior, the immediate

superior or such agent shall deliver a copy of the subpoena to the peace officer as soon as possible and in no event later than such time as will enable the peace officer to comply with the subpoena.

If the immediate superior or his or her designated agent upon whom service is attempted to be made knows he or she will be unable to deliver a copy of the subpoena to the peace officer within such time as will allow the peace officer to comply with the subpoena, such immediate superior or agent may refuse to accept service of process and is excused from any duty, liability, or penalty arising in connection with such service, upon notifying the server of such fact.

If an immediate superior or his or her agent is tendered service of a subpoena less than five working days prior to the date of hearing, and he or she is not reasonably certain he or she can complete the service, he or she may refuse acceptance.

If an immediate superior or agent upon whom service has been made, subsequently determines that he or she will be unable to deliver a copy of the subpoena to the peace officer within such time as will allow the peace officer to comply with the subpoena, the immediate superior or agent shall notify the server or his or her office or agent not less than 48 hours prior to the hearing date indicated on the subpoena, and is thereby excused from any duty, liability, or penalty arising because of his or her failure to deliver a copy of the subpoena to the peace officer. The server, so notified, is therewith responsible for preparing the written return of service and for notifying the originator of the subpoena if required.

CHAPTER 643

An act to amend Section 14104.5 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 14104.5 of the Welfare and Institutions Code is amended to read:

14104.5. Notwithstanding any other provision of law, the director shall by regulation adopt such procedures as are necessary for the review of a grievance or complaint concerning the processing or payment of money alleged by a provider of services to be payable by reason of any of the provisions of this chapter. After complying with these procedures, if the provider is not satisfied with the director's decision on his or her claim, he or she may not later than one year after receiving notice of the decision, seek appropriate judicial remedies. This section shall be the exclusive remedy available to the

provider of services for moneys alleged to be payable by reason of this chapter.

This section shall not apply to those grievances or complaints arising from the findings of an audit or examination made by or on behalf of the director pursuant to Sections 10722 and 14170. Article 5.3 (commencing with Section 14170) shall govern the grievances or complaints.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 645

An act to amend Section 5004.1 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988]

The department may consult with an organization of old car hobbyists in determining whether the date of year of the license plate to be used corresponds to the model year date when the vehicle was manufactured.

(b) A fee of thirty-five dollars ($35) shall be charged for the application for use of the special plates.

(c) In addition to the regular renewal fee for the vehicle for which the plates are authorized, the applicant for a renewal of the plates shall be charged an additional fee of ten dollars ($10). When payment of a regular vehicle renewal fee is not required by this code, the holder of any license plates with a date corresponding to the model year may retain the plates upon payment of an annual fee of twenty dollars ($20), which shall be due at the expiration of the registration year of the vehicle to which the plate was last assigned under this section.

(d) Whenever any person who has been authorized to utilize the special license plates applies to the department for transfer of the plates to another vehicle, a transfer fee of twelve dollars ($12) shall be charged in addition to all other appropriate fees.

SEC. 2. This act shall become operative on July 1, 1989.

Article 3. Offenses

11834.30. (a) The director may bring an action to enjoin the violation of Section 11834.12 in the superior court in and for the county in which the violation occurred. Any proceeding under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the director shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or irreparable damage or loss.

(b) With respect to any and all actions brought pursuant to this section alleging actual violation of Section 11834.12, the court shall, if it finds the allegations to be true, issue its order enjoining the alcoholism recovery facility from continuance of the violation.

11834.31. (a) Notwithstanding any other provision of this chapter, any person who violates Section 11834.12 may be assessed by the department an immediate civil penalty in the amount of two

hundred dollars ($200) per day of the violation.

(c) An operator may appeal the assessment to the director.

11834.32. (a) In addition to the penalties of suspension or revocation of a license issued under this chapter, the department may also levy a civil penalty.

In no event, shall a civil penalty assessment exceed one hundred fifty dollars ($150) per day.

(c) Any facility that is cited for repeating the same violation of this chapter within 12 months of the first violation is subject to an immediate civil penalty of one hundred fifty dollars ($150) and fifty dollars ($50) for each day the violation continues until the deficiency is corrected.

(d) Any facility that is assessed a civil penalty pursuant to subdivision (c) which repeats the same violation of this chapter within 12 months of the violation subject to subdivision (c) is subject to an immediate penalty of one hundred fifty dollars ($150) for each day the violation continues until the deficiency is corrected.

(e) Prior to the assessment of any civil penalty, the facility shall have a minimum of 30 days to correct the deficiency.

11834.33. The civil and administrative remedies available to the department pursuant to this article are not exclusive, and may be sought and employed in any combination deemed advisable by the department to enforce this chapter.

(5) Misrepresentation of any material fact in obtaining the alcoholism recovery facility license.

(b) The director may temporarily suspend any license prior to any hearing when, in the opinion of the director, the action is necessary to protect residents of the alcoholism recovery facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall notify the licensee of the temporary suspension and the effective date of the temporary suspension and at the same time shall serve the provider with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible but not later than 30 days after receipt of the notice. The temporary suspension shall remain in effect until the time the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 30 days after the original hearing has been completed.

11834.36. 11834.37. Any license suspended pursuant to this chapter may be reinstated pursuant to Section 11522 of the Government Code.

11834.38. (a) The withdrawal of an application for a license after it has been filed with the department shall not, unless the department consents in writing to the withdrawal, deprive the department of its authority to institute or continue a proceeding against the applicant for the denial of the license upon any ground provided by law or to enter an order denying the license upon any

of these grounds.

(b) The suspension, expiration, or forfeiture by operation of law of a license issued by the department, or its suspension, forfeiture, or cancellation by order of the department or by order of a court of law, or its surrender without the written consent of the department, shall not deprive the department of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any ground provided by law.

For the purposes of this paragraph, a plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction irrespective of whether an order granting probation or other order is made suspending the imposition of the sentence or whether sentence is imposed but execution thereof is suspended.

(b) The director shall give to the employing unit, or to the self-employed individual, a written notice pursuant to Section 1206 of the director's termination of the elective coverage agreement under this section. The date of termination may be the end of the calendar quarter immediately preceding the existence of any condition specified in subdivision (a), or the end of any subsequent calendar quarter thereafter, as determined by the director. In no event shall the termination of any elective agreement pursuant to this section entitle the employing unit or self-employed individual to any refund of contributions.

Any termination of elective coverage shall not affect the liability of the employing unit or self-employed individual for any contributions due, owing, and unpaid to the department.

(c) Sections 1222, 1223, and 1224 shall apply to matters arising under this section.

SEC. 4. Section 1181 of the Unemployment Insurance Code is amended to read:

1181. Interest shall be allowed and paid only to the extent that interest and penalties collected under this division are available therefor upon any overpayment of contributions at the adjusted rate per month, or fraction thereof, established pursuant to Section 19269 of the Revenue and Taxation Code, from the date of overpayment to the date of the allowance of the refund or credit, but no interest shall be allowed if the director determines that any overpayment was made intentionally or by reason of negligence on the part of the employing unit.

SEC. 5. Section 1184 of the Unemployment Insurance Code is amended to read:

1184. If any refund or portion thereof is erroneously made, the director shall assess that amount to the employing unit or other person to whom the refund was made, together with any interest paid thereon, but no assessment shall be made with respect to any amount of worker contributions which the employer has refunded to his or her employees. The amount of the assessment shall bear interest at the adjusted annual rate and by the method established pursuant to Section 19269 of the Revenue and Taxation Code commencing 30 days after the service of notice of the assessment, if not paid within that period, until the date of repayment. The director shall give the employing unit against whom the assessment is made a written notice of the assessment pursuant to Section 1206.

The notice shall be given within three years from the date the refund was made unless the employing unit waives this limitation period or consents to its extension. CHAPTER 648

An act to add Sections 741 and 741.1 to the Public Utilities Code, relating to telephones.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) Pursuant to its program of partially deregulating the telephone service industry, the Federal Communications Commission has authorized individuals and small businesses which are not public utility telephone corporations to engage in the installation and operation of coin-activated telephones for public use.

(2) Accordingly, an increasing number of these individuals and small businesses have acquired and are operating their own coin-activated telephones for public use as an alternative to the installation, maintenance, and operation of coin-activated telephones by the local telephone corporation, including the provision of operator-assisted services by contract with providers of the service other than a telephone corporation.

(3) Other nonpublic utility providers of telephone services, including, but not limited to, hotels, motels, hospitals, and universities, which impose charges on users of these services, may also provide operator-assisted service by contract with providers of the service other than a telephone corporation.

(4) Some of these alternative operator-assisted services have resulted in complaints by customers regarding excessive charges for these services and a lack of information as to the applicable charges for operator-assisted services.

(b) It is, therefore, the intent of the Legislature in enacting Sections 741 and 741.1 of the Public Utilities Code to require notification to those customers of the rates and charges applicable to operator-assisted telephone services furnished through nonpublic utility owned or operated coin-activated telephones and through other nonpublic utility telephone services for which charges are imposed.

SEC. 2. Section 741 is added to the Public Utilities Code, to read:

741. Every owner or operator of coin-activated telephones available for public use, other than a telephone corporation, which, as part of the service furnished, provides operator-assisted services by other than a telephone corporation having tariff schedules on file with the commission providing for the furnishing of operator-assisted services shall cause to be posted on or near the telephone equipment so as to be easily seen by telephone customers all of the following information:

(a) The name of the provider of operator-assisted services and a

toll-free telephone number for contacting that provider.

(b) The applicable charges for each available operator-assisted service.

(c) That the provider of operator-assisted services will respond to inquiries concerning the terms and conditions of any available service.

SEC. 3. Section 741.1 is added to the Public Utilities Code, to read:

741.1. Every nonpublic utility provider of telephone services, including, but not limited to, a hotel, motel, hospital, or university, which imposes charges on users of the services and which, as part of the service furnished, provides operator-assisted services by other than a telephone corporation having tariff schedules on file with the commission providing for the furnishing of operator-assisted services shall cause to be posted on or near the telephone equipment so as to be easily seen by users of the service all of the following information:

(a) The name of the provider of operator-assisted services and a toll-free telephone number for contacting that provider.

(b) The applicable charges for each available operator-assisted service.

(c) That the provider of operator-assisted services will respond to inquiries concerning the terms and conditions of any available service.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 649

An act to amend Section 6891 of the Public Resources Code, relating to state lands.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 6891 of the Public Resources Code is amended to read:

6891. The commission may issue a prospecting permit, under such rules and regulations as it may prescribe, for lands which are not known mineral lands, to any qualified applicant, upon the payment to the commission of a reasonable charge, as determined by the commission, of not less than one dollar ($1) per acre for each acre in area embraced within the boundaries of the lands described in the

permit. No permit shall be issued for any lands which have been classified by the commission prior to the application as containing commercially valuable mineral deposits. Upon receipt of an application for a permit, the commission shall determine whether the lands described therein are known mineral lands. If the commission determines that the lands are known mineral lands, it shall thereupon so classify them and shall reject the application for a prospecting permit.

Subject to such terms and conditions as the commission may determine to be in the best interest of the state, a prospecting permit shall give to the permittee the exclusive right for a period not exceeding two years to prospect for minerals other than oil and gas or other hydrocarbon substances upon lands wherein the mineral deposits belong to the state.

The commission may, in its discretion, extend the term of any permit for a period not exceeding one year, but the term of any permit, including extensions, shall be limited to a total of three years.

CHAPTER 650

An act to amend Section 21263 of the Government Code, relating to the Public Employees' Retirement System.

Upon the death of a patrol, state peace officer/firefighter, or state safety member whose retirement for service or disability is effective on or after the operative date of this section, a monthly allowance derived from employer contributions equal to a percentage of the amount of his or her retirement allowance as it was at his or her death based on service credited to him or her as a member subject to this section, but excluding any portion of the retirement allowance derived from additional contributions of the member, shall be paid to the surviving spouse throughout life or until remarriage. The percentage shall be 25 percent for an allowance based on service for which the allowance is reduced because the service was also covered under the federal system and 50 percent for an allowance based on any other service. If there is no surviving spouse, or upon the death or remarriage of the surviving spouse, the allowance shall be paid collectively to every unmarried child of the deceased member who has not attained age 18, or who is disabled by a condition which disabled that child prior to attaining age 18 and which has continued without interruption after age 18, until the

disability ceases. If, at the time of the retired member's death, there is no eligible surviving spouse or children, the allowance shall be paid to a parent, or collectively to parents, of the deceased member dependent upon him or her for support. If, on the effective date of his or her retirement, the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of service retirements subject to this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his or her retirement and ending on the date of his or her death and, for purposes of disability retirements subject to this section, means a husband or wife who was married to the member on the date of his or her retirement and continuously to the date of his or her death.

CHAPTER 651

CHAPTER 657

An act to amend Sections 2964, 2970, and 11105.1 of the Penal Code, relating to mentally disordered offenders.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 2964 of the Penal Code is amended to read:

2964. (a) The treatment required by Section 2962 shall be inpatient unless the State Department of Mental Health certifies to the Board of Prison Terms that there is reasonable cause to believe the parolee can be safely and effectively treated on an outpatient basis, in which case the Board of Prison Terms shall permit the State Department of Mental Health to place the parolee in an outpatient treatment program specified by the State Department of Mental Health. Any prisoner who is to be required to accept treatment pursuant to Section 2962 shall be informed in writing of his or her right to request a hearing pursuant to Section 2966. Prior to placing a parolee in a local outpatient program, the State Department of Mental Health shall consult with the local outpatient program as to the appropriate treatment plan. Notwithstanding any other provision of law, a parolee ordered to have outpatient treatment pursuant to this section may be placed in an outpatient treatment program used to provide outpatient treatment under Title 15 (commencing with Section 1600) of Part 2, but the procedural provisions of Title 15 shall not apply. The director of an outpatient program used to provide treatment under Title 15 in which a parolee is placed may place the parolee in a secure mental health facility if the parolee can no longer be safely or effectively treated in the outpatient program, and until the parolee can be safely and effectively treated in the program. Within 15 days after placement in a secure facility the State Department of Mental Health shall conduct a hearing on whether the parolee can be safely and effectively treated in the program unless the patient or the patient's attorney agrees to a continuance, or unless good cause exists that prevents the State Department of Mental Health from conducting the hearing within that period of time. If good cause exists, the hearing must be held within 21 days after placement in a secure facility. For purposes of this section, "good cause" means the inability to secure counsel, an interpreter, or witnesses for the hearing within the 15-day time period. Before deciding to seek revocation of the parole of a parolee receiving mental health treatment pursuant to Section 2962, and return him or her to prison, the parole officer shall consult with the director of the parolee's outpatient program.

(b) If the State Department of Mental Health has not placed a parolee on outpatient treatment within 60 days after receiving

custody of the parolee or after parole is continued pursuant to Section 3001, the parolee may request a hearing before the Board of Prison Terms, and the board shall conduct a hearing to determine whether the prisoner shall be treated as an inpatient or an outpatient. At the hearing, the burden shall be on the State Department of Mental Health to establish that the prisoner requires inpatient treatment as described in this subdivision. If the prisoner or any person appearing on his or her behalf at the hearing requests it, the board shall appoint two independent professionals as provided for in Section 2978.

SEC. 2. Section 2970 of the Penal Code is amended to read:

2970. Not later than 180 days prior to the termination of parole, or release from prison if the prisoner refused to agree to treatment as a condition of parole as required by Section 2962, unless good cause is shown for the reduction of that 180-day period, if the prisoner's severe mental disorder is not in remission or cannot be kept in remission without treatment, the medical director of the state hospital which is treating the parolee, or the community program director in charge of the parolee's outpatient program, or the Director of Corrections shall submit to the district attorney of the county in which the parolee is receiving outpatient treatment, or for those in prison or in a state mental hospital the district attorney of the county of commitment, his or her written evaluation on remission. If requested by the district attorney, the written evaluation shall be accompanied by supporting affidavits. The district attorney may then file a petition with the superior court for continued involuntary treatment for one year. The petition shall state the reasons necessitating the continued treatment, with accompanying affidavits specifying the conditions in Section 2962 and that treatment during the parole period, if any, has been continuously provided by the State Department of Mental Health either in a state hospital or in an outpatient program. The petition shall also specify why the severe mental disorder is not in remission or cannot be kept in remission if the person's treatment is not continued.

SEC. 3. Section 11105.1 of the Penal Code is amended to read:

11105.1. (a) The following persons shall be furnished with state summary criminal history information when needed in the course of their duties:

(1) The director of a state hospital or other treatment facility to which a person is committed for treatment under Sections 1026 and 1370 of the Penal Code, or Section 5250, if committed for being dangerous to others, or Section 5300, or former Section 6316 or 6321, of the Welfare and Institutions Code.

(2) The community program director or the director's designee under any of the following conditions:

(A) When ordered to evaluate a defendant for the court under paragraph (2) of subdivision (a) of Section 1370 and subdivision (b) of Section 1026 of the Penal Code, or paragraph (2) of subdivision (a)

of former Section 6316 of the Welfare and Institutions Code.

(B) When ordered to provide outpatient treatment and supervision services under Title 15 (commencing with Section 1600) of Part 2 of the Penal Code.

(C) When a patient is committed for being dangerous to others under Section 5250 of the Welfare and Institutions Code.

(D) When the director or the director's designee provides evaluation, supervision, or treatment for a person under Section 2964 or 2972.

(3) The officer providing conservatorship investigation under Section 5354 of the Welfare and Institutions Code in cases where referral for conservatorship is made while the proposed conservatee is being treated under Section 1026 or 1370 of the Penal Code or Section 5250, if committed for being dangerous to others, or Section 5300, or former Section 6316 or 6321, of the Welfare and Institutions Code.

(b) In all instances pursuant to subdivision (a), the criminal history record shall be transmitted by the court with the request for evaluation or during the conservatorship investigation or with the order committing the person to a treatment facility or approving outpatient status, except that the director of a state hospital, the county mental health director, and the officer providing conservatorship investigation may receive the state summary criminal history information from the law enforcement agency that referred the person for evaluation and treatment under Section 5150 of the Welfare and Institutions Code if the person has been subsequently committed for being dangerous to others under Section 5250 of the Welfare and Institutions Code. Information obtained under this subdivision shall not be included in any document which will become part of a public record.

CHAPTER 658

An act to amend Sections 2966 and 2970 of the Penal Code, relating to mentally disordered offenders.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 2966 of the Penal Code is amended to read:

2966. (a) A prisoner may request a hearing before the Board of Prison Terms, and the board shall conduct a hearing if so requested, for the purpose of proving that the prisoner meets the criteria in Section 2962. At the hearing the burden of proof shall be on the person or agency who certified the prisoner under subdivision (d) of Section 2962. If the prisoner or any person appearing on his or her

behalf at the hearing requests it, the board shall appoint two independent professionals as provided for in Section 2978. The prisoner shall be informed at the hearing of his or her right to request a trial pursuant to subdivision (b). The Board of Prison Terms shall provide a prisoner who requests a trial, a petition form and instructions for filing the petition.

(b) A prisoner who disagrees with the determination of the Board of Prison Terms that he or she meets the criteria of Section 2962, may file in the superior court of the county in which he or she is incarcerated or is being treated a petition for a hearing on whether he or she, as of the date of the Board of Prison Terms hearing, met the criteria of Section 2962. The court shall conduct a hearing on the petition within 60 calendar days after the petition is filed, unless either time is waived by the petitioner or his or her counsel, or good cause is shown. The order of the Board of Prison Terms shall be in effect until the completion of the court proceedings. The court shall advise the petitioner of his or her right to be represented by an attorney and of the right to a jury trial. The attorney for the petitioner shall be given a copy of the petition, and any supporting documents. The hearing shall be a civil hearing; however, in order to reduce costs, the rules of criminal discovery, as well as civil discovery, shall be applicable. The standard of proof shall be beyond a reasonable doubt, and if the trial is by jury, the jury shall be unanimous in its verdict. The trial shall be by jury unless waived by both the person and the district attorney.

(c) If the Board of Prison Terms continues a parolee's mental health treatment under Section 2962 when they continue the parolee's parole under Section 3001, the procedures of this section shall only be applicable for the purpose of determining if the parolee has a severe mental disorder, and whether the parolee's severe mental disorder is not in remission or cannot be kept in remission without treatment.

SEC. 2. Section 2970 of the Penal Code is amended to read:

2970. Not later than 180 days prior to the termination of parole, or release from prison if the prisoner refused to agree to treatment as a condition of parole as required by Section 2962, unless good cause is shown for the reduction of that 180-day period, if the prisoner's severe mental disorder is not in remission or cannot be kept in remission without treatment, the medical director of the state hospital which is treating the parolee, or the county mental health director in charge of the parolee's outpatient program, or the Director of Corrections shall submit to the district attorney of the county in which the parolee is receiving outpatient treatment, or for those in prison or in a state mental hospital the district attorney of the county of commitment, his or her written evaluation on remission. If requested by the district attorney, the written evaluation shall be accompanied by supporting affidavits. The district attorney may then file a petition with the superior court for continued involuntary treatment for one year. The petition shall be

accompanied by affidavits specifying that treatment, while the prisoner was released from prison on parole, has been continuously provided by the State Department of Mental Health either in a state hospital or in an outpatient program. The petition shall also specify whether the prisoner has a severe mental disorder and why the severe mental disorder is not in remission or cannot be kept in remission if the person's treatment is not continued.

Funds allocated from the State Highway Account pursuant to this section shall be deemed expenditures on the state highway system for purposes of Sections 188 and 188.8. Funds shall be allocated and expended pursuant to this section only if each of the following conditions exist:

Advances shall be limited to those demonstration projects described in Section 149 of the Federal-Aid Highway Act of 1987 (Public Law 100-17).

(b) Advances made pursuant to this section, including interest, shall be repaid within 24 months of the transfer of funds to the local agency. Interest on advances made pursuant to this section shall be at a rate equal to the rate of return on investments made by the Pooled Money Investment Account at the time of the advance.

(c) The department shall develop procedures for the submission of applications and criteria for the making of advances.

CHAPTER 667

An act to amend Section 19050.8 of, and to add and repeal Section 19080.4 of, the Government Code, relating to state employees.

[Approved by Governor August 27, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 19050.8 of the Government Code is amended to read:

19050.8. The board may prescribe rules governing the temporary assignment or loan of employees within an agency or between agencies for not to exceed two years or between jurisdictions for not to exceed four years for any of the following purposes:

(a) To provide training to employees.

(b) To enable an agency to obtain expertise needed to meet a compelling program or management need.

(c) To facilitate the return of injured employees to work.

These temporary assignments or loans shall be deemed to be in accord with this part limiting employees to duties consistent with their class and may be used to meet minimum requirements for promotional as well as open examinations. An employee participating in that arrangement shall have the absolute right to return to his or her former position. Any temporary assignment or loan of an employee made for the purpose specified in subdivision (b) shall be made only with the voluntary consent of the employee.

In addition, out-of-class experience obtained in a manner not described in this section may be used to meet minimum requirements for promotional as well as open examinations, only if it was obtained by the employee in good faith and was properly verified under standards prescribed by board rule.

For purposes of this section, a temporary assignment or loan between educational agencies shall be extended for up to two additional years upon a finding by the Superintendent of Public Instruction or the Chancellor of the California Community Colleges, and with the approval of the Executive Officer of the State Personnel Board, that the extension is necessary in order to substantially complete work on an educational improvement project. Public and private colleges and universities shall be considered educational jurisdictions within the meaning of this section.

SEC. 2. The Legislature finds and declares that limited term

appointments have been an appropriate means of meeting short-term staffing needs without the disruption of temporarily expanding and reducing the permanent state civil service work force. However, these appointments should not be used for permanent staffing needs, since separate civil service processes exist for this purpose.

The Legislature further finds and declares that the one- and two-year limits on limited term appointments have been appropriate in most cases. However, there are some instances, such as major construction projects, in which truly temporary staffing needs that will not lead to permanent employment last for more than two years. In adding Section 19080.4 to the Government Code to allow limited term appointments to be extended for up to two years beyond the existing limits, it is the Legislature's intent to address these unusual needs while still ensuring that limited term appointments are not used for needs that could be efficiently met through the processes for permanent appointment and promotion.

SEC. 3. Section 19080.4 is added to the Government Code, to read:

19080.4. The board may authorize limited term appointments to be extended for up to two years beyond the limits specified in Section 19080.3 when the extension is needed to complete major work still in progress or to prevent disruption of significant state operations. This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1993, deletes or extends that date.

SEC. 4. The repeal of Section 19080.4 of the Government Code, as added by Section 3 of this act, pursuant to the repeal provision in the section shall not affect the term of any limited term appointment that was extended while the section was in effect, even if the extension was to a date that is later than the repeal date.

CHAPTER 668

(b) An insurer shall notify the department at least 60 days prior

Upon receipt of the notice, the commissioner may request and review additional information, as deemed necessary, and investigate the market conditions to determine whether that insurance may become not readily available in the voluntary insurance market as a result of the withdrawal.

(c) For purposes of this section, "intent to substantially withdraw" means an insurer's intent to nonrenew in excess of 50 percent of its current policyholders in the line of coverage upon their next renewal.

(d) The commissioner shall adopt appropriate rules, regulations, and standards for purposes of implementing this section.

(e) Any insurer that has notified the commissioner pursuant to subdivision (b) shall (1) notify the commissioner within 10 days after the date given in the withdrawal notice if the insurer does not in fact withdraw that line of insurance from the market, or (2) notify the commissioner within 10 days after reentry if the insurer reenters that line after the withdrawal.

Upon the stub shall be printed the number of the affidavit and blanks for the following:

(b) The signature of the deputy taking the registration.

(c) The date.

At the time of registering the voter, the deputy shall fill in the blanks in the stub, and require the voter to sign the stub in the place provided. The deputy shall then detach the stub and the informational portion of the voter registration form from the affidavit and hand the stub and information to the voter.

SEC. 6. Section 29203 of the Elections Code is amended to read:

Any deputy registrar of voters having charge of affidavits of registration is guilty of a misdemeanor who knowingly neglects or refuses to return affidavits of registration as provided in Article 2 (commencing with Section 400) of Chapter 2 of Division 1. (3) In addition to those eligible under paragraph (1), an employee of the trustees appointed half-time or more for one year of service or one academic year, as defined by the trustees, or more, who is a member of the Public Employees' Retirement System or the

State Teachers' Retirement System in compensated employment on or after January 1, 1979.

(b) "Full pay" means the gross base salary earnable by the employee and subject to retirement contribution on the date of the commencement of his or her disability.

(c) "Disability" or "disabled" includes mental or physical illness and mental or physical injury including any illness or injury resulting from pregnancy, childbirth, or related medical condition. An employee is deemed disabled on any day in which, because of his or her physical, mental, or medical condition, he or she is unable to perform his or her regular or customary work.

(d) "Disability benefit period", with respect to any individual, means the continuous period of disability beginning with the first day with respect to which the individual files a valid claim for nonindustrial disability benefits. For the purpose of this article, two consecutive periods of disability due to the same or related cause or condition and separated by a period of not more than 14 days shall be considered as one disability benefit period.

(e) "Appeals board" means the California Unemployment Insurance Appeals Board.

89529.16. If the provisions of this article are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if those provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

89529.17. (b) For purposes of this section, the "full pay" of a part-time or intermittent employee only shall be established in accordance with the following:

(1) Where the part-time employment is regularly scheduled and is a fixed proportion of the established workweek, the payments shall be determined on the basis of that proportionate part of the monthly rate.

(2) Where employment is intermittent or irregular, the payments shall be determined on the basis of the proportionate part of a monthly rate established by the total hours actually employed in the 18 monthly pay periods immediately preceding the pay period in which the disability begins as compared to the regular rate for a full-time employee in the same group or class.

89529.18. A disabled employee is eligible to receive nonindustrial disability benefits under this article equal to one-seventh of his or her weekly benefit amount specified in Section 89529.17 for each full day during which he or she is unemployed due to a disability only if the Director of Employment Development finds that:

(a) He or she has made a claim for disability benefits as required by authorized regulations.

(d) Except for an individual described in Section 2709 of the Unemployment Insurance Code, he or she has submitted to such reasonable examinations as the Director of Employment Development may require for the purpose of determining his or her mental or physical disability.

(e) He or she has filed a certificate described in Section 2708 or 2709 of the Unemployment Insurance Code.

(f) Except as otherwise provided, he or she meets, in all respects, the eligibility requirements imposed on individuals by Part 2 (commencing with Section 2601) of Division 1 of the Unemployment Insurance Code for receipt of umemployment compensation disability benefits.

In case of any conflict between Part 2 (commencing with Section 2601) of the Unemployment Insurance Code and this article, this article shall prevail.

89529.19. A disabled employee shall be eligible to receive nonindustrial disability benefits under this article without being required to use any vacation leave accrued under Article 1 (commencing with Section 89501) of this chapter, unless the employee, in his or her sole discretion, elects to use the vacation leave in lieu of receiving benefits under this article, in which case benefits under this article shall not commence until the employee has exhausted the accrued vacation leave.

89529.20. An employee is not eligible for disability benefits under this article with respect to any period for which the Director of Employment Development finds that he or she has received or is entitled to receive unemployment compensation benefits under Part 1 (commencing with Section 100) of Division 1 of the Unemployment Insurance Code or under an unemployment compensation act of any other state or of the federal government.

89529.21. (a) Except as provided in this section, an individual is not eligible for disability benefits under this article for any day of unemployment and disability for which he or she has received, or is entitled to receive, "other benefits" in the form of cash payments.

(c) If such "other benefits" are less than the amount an individual would otherwise receive as disability benefits under this article, he or she shall be entitled to receive, for that day, if otherwise eligible, disability benefits under this article reduced by the amount of the "other benefits". If after receipt of, or determination of entitlement to receive, such other benefits, a claim for disability benefits under this article is filed during the same continuous period of disability, because of a disability for which a claim for the other benefits was made, the maximum amount of disability benefits payable under this article during the disability benefit period thereby established shall be reduced by the amount of the "other benefits" which the claimant has received or has been determined to be entitled to receive.

89529.22. Discretionary deductions of the employee, including those for coverage under a state health benefits plan in which an employee is enrolled, shall be deducted from the disability benefits under this article unless canceled by the employee. If an employee deduction under a state health benefits plan is continued, the state employer contribution shall also continue.

An employee shall not receive service credit under the Public Employees' Retirement System or the State Teachers' Retirement System during the period of receipt of disability benefits under this article and contributions to the Public Employees' Retirement System or the State Teachers' Retirement System shall not be deducted. State employer contribution shall also not be made to either system during that period.

An employee shall not accrue sick leave or vacation credit or service credit for any other purpose during the period of receipt of disability benefits under this article.

89529.23. Filing, determination, and payment of disability benefit claims under this article shall be made in accordance with the procedures prescribed by Article 4 (commencing with Section 2701) of Chapter 2 of Part 2 of Division 1 of the Unemployment Insurance Code.

(b) Notwithstanding subdivision (a), in the case of state civil service employees and employees of the Regents of the University of California, the disability payment shall be made from the first day the injured employee leaves work as a result of the injury, if the injury is the result of a criminal act of violence against the employee.

(c) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

Following the community college district's payment of the employee for the leave of absence, the community college district shall be reimbursed by the employee organization of which the employee is an elected officer for all compensation paid the

employee on account of the leave. Reimbursement by the employee organization shall be made within 10 days after its receipt of the community college district's certification of payment of compensation to the employee.

The leave of absence without loss of compensation provided for by this section is in addition to the released time without loss of compensation granted to representatives of an exclusive representative by subdivision (c) of Section 3543.1 of the Government Code.

Both the member and his or her employer shall contribute to the retirement fund the amount that would have been contributed had the member not been on leave.

(b) The school employer shall verify the eligibility of the applicant for the elected officer's leave of absence. Service credited pursuant to this section shall not exceed twelve years.

(c) The employer shall maintain the necessary records to

separately identify each employee receiving service credit pursuant to this section.

CHAPTER 690

An act to add Article 3 (commencing with Section 66915) to Chapter 11 of Part 40 of the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor August 28, 1988 Filed with Secretary of State August 29, 1988]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 66915) is added to Chapter 11 of Part 40 of the Education Code, to read:

Article 3. Higher Education Equity Assessment Act of 1988

66915. As used in this article:

(a) "Educational equity" means the development and maintenance of institutional policies, programs, practices, attitudes, and expectations, that are conducive to, and serve to encourage, the achievement of appropriate educational goals by all students at the institution, in particular women and students from minority groups traditionally underrepresented in higher education.

(b) "Multicultural success" means the development, within each student attending public higher educational institutions, of various demensions and capacities that are essential for living, working, and contributing successfully in a multiracial and multicultural society, including a personal familiarity, sensitization, and comfort with other cultures.

66916. The Legislature finds and declares all of the following:

(a) The State of California has and operates the premier system of public higher education in the entire world.

(b) By the year 2002, the State of California will become the first state in the continental United States with no racial majority, wherein Latinos will constitute 33 percent, Asians 12 percent, Blacks 9 percent, and Anglos 46 percent of our total population.

(c) The State of California, therefore, has the opportunity and the challenge to create the world's first truly healthy multicultural state and society.

(d) Given the growing multicultural diversity of postsecondary educational institutions, the State of California has a fundamental interest in demanding institutional accountability on questions of educational equity.

(e) Future success in adapting to the growing diversity of the state's population will depend, in part, on the development of multiple measures of the level of educational equity and the degree of multicultural success being provided in California's postsecondary educational institutions.

(f) A primary goal of every educational institution should be to

ensure an equitable educational environment for each student, regardless of gender or race.

(g) A primary measure of the effectiveness of a postsecondary education institution should be its success in providing an equitable educational environment for its students.

(h) Institutions of higher education currently have few if any systematic measures for evaluating the extent to which an equitable educational environment is being provided for students generally.

(i) Most existing measures of equity in higher education focus on numerical data, such as application, admission, and graduation rates. These measures provide a quantitative indication of what is happening to underrepresented students who aspire to postsecondary degrees, but provide almost no information on the reasons why some students achieve their educational objectives and others do not.

(j) The purposes of this article are to do the following:

(1) Determine and assess the obstacles, practices, programs, and attitudes, both personal and institutional, which serve to deter women and minority students from traditionally underrepresented groups from fully realizing their educational potential during their tenure at postsecondary educational institutions.

(2) Develop standard qualitative techniques for assessing educational equity, such as student and faculty surveys on questions of differential treatment and educational equity, as well as exit interviews with students leaving school before degree completion. These techniques can provide important information explaining the causes of changes in student performance as measured through application, admission, and graduation rates. This information also can be utilized for purposes of intercampus and intersegmental comparisons of the perceived levels of educational equity being provided for students.

66917. The California Postsecondary Education Commission, after consulting with students, faculty, staff, and administrators from, and members of the governing boards of, the University of California, the California State University, and the California Community Colleges, shall develop an assessment of the feasibility and present possible options for all of the following:

(a) A program of systematic longitudinal data collection utilizing information obtained through surveys of students and faculty, focusing on the relative significance of various factors that contribute or detract from an equitable and high quality educational experience, particularly by women and students from historically underrepresented groups. Of special importance are factors influencing the perceived level of equity being provided in students' educational experiences. This data collection program may specifically examine, but need not be limited to, the following factors:

(1) The quantity and quality of student-faculty classroom interaction.

(2) The quantity and quality of student-faculty contact in academic advising.

(3) The nature of student-faculty academic interaction.

(4) The quantity and quality of academic and social interactions between students.

(5) The quantity and quality of advising provided to community college students who aspire to transfer into four-year institutions.

(6) The level and source of faculty support provided to students in graduate and professional programs.

(7) The level of departmental support provided to students in graduate and professional programs.

(8) The extent to which educational expenses, including the level of student loan indebtedness, have influenced students' academic and professional career choices.

(b) A program of longitudinal data collection utilizing information obtained through exit interviews with students leaving school prior to degree completion. These interviews may focus on assessing the relative significance of the various factors contributing to the decision to leave school, as well as other factors relating to the quality and equity of students' educational experiences.

(c) A program to link data obtained through the above-described programs with existing numerical data including, but not limited to, applicant, admissions, and retention statistics for the purpose of identifying and evaluating all of the following:

(1) The underlying causes of student attrition.

(2) Changes in student performance as measured through applicant, admission, and graduation rates.

(3) Intercampus and intersegmental comparisons of the perceived levels of educational quality and equity being provided for students.

(4) The likely effectiveness of existing and proposed affirmative action programs, equal opportunity programs, women's reentry programs, special admissions support, and outreach programs.

(5) Institutional policies and practices designed to address primary student concerns and to ensure an equitable educational environment at these institutions.

(d) An examination of the feasibility of developing the above-described programs so that data will be comparable between the University of California, the California State University, and the California Community Colleges.

(e) An estimate of the resources each segment would need to implement the proposed data collection mechanism.

66918. The California Postsecondary Education Commission shall submit a report to the Governor and Legislature on or before January 1, 1990, detailing the results of this study and recommendations for implementation of state policy to achieve the intent of this article.

66919. The sum of fifty thousand dollars ($50,000) is hereby appropriated from the General Fund to the California Postsecondary Education Commission for the purposes of the funding of Article 3

(commencing with Section 66915) of Chapter 11 of Part 40 of the Education Code.

SECTION 1. Section 5683.5 is added to the Welfare and Institutions Code, to read:

Local mental health programs shall, to the extent possible, recoup payments from clients after they become eligible for a governmental assistance program, including, but not limited to, general relief or SSI/SSP funds or otherwise become financially able to repay the county community support system.

CHAPTER 694

An act to amend Section 14131 of the Corporations Code, relating to small business development.

[Approved by Governor August 28, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 14131 of the Corporations Code is amended to read:

14131. (a) The UDC's or RDC's guarantee shall be backed by funds on deposit in the UDC's or RDC's own loan guarantee fund account established pursuant to Articles 5 (commencing with Section 14040) and 6 (commencing with Section 14045).

(b) Loan guarantees shall be secured by a reserve of at least 25 percent to be determined by the Executive Director of the Office of Small Business with the approval of the board. The guarantee percentage rate shall be set by the Executive Director of the Office of Small Business upon the approval of the board.

(c) The UDC or RDC shall guarantee loans wherever possible. However, earnings from the trust funds may be used for direct lending provided that UDC or RDC direct loan funds do not constitute more than one-third of the loan, with the following exceptions:

(1) If a firm has received a Phase 1 or Phase 2 Small Business Innovation Research Grant awarded by a federal agency and is suffering cash flow problems because of delay in receipt of grant funds from the date of incurring expenses related to the grant project, a UDC or RDC may advance an interim loan covering 80 percent of the project expenses from trust fund earnings, provided the firm assigns proceeds of grant invoices (or other documentations submitted by the firm to the federal agency for payment) to the corporation for payment of the interim loan advanced and the federal agency agrees to the assignment.

(2) Any RDC that is making a direct loan to a farmer or farm corporation may use trust funds from both the income and trust account, provided that at least 50 percent of the direct loan portfolio is guaranteed by a governmental agency, excluding any state government agency. The total amount of direct loans issued by a corporation shall not exceed 33 percent of the trust fund, including trust income, as determined at the time each loan is made. Only unencumbered funds shall be available for direct lending. Each RDC shall submit an application to the department for participation in the direct loan program under this section. In its capacity as a direct lender, the RDC may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. Funds raised through the secondary market shall not be considered in arriving at the percentage of the loan portfolio to be guaranteed by a government agency above. Any direct loan made by an RDC under this section shall not exceed three hundred fifty thousand dollars ($350,000). The department, in consultation with the board, shall issue regulations governing these direct loans on or before March 1, 1988.

(d) In furtherance of the purposes of this part, up to one-half of the corporate loan guarantee funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) The UDC or RDC may assume a negotiated equity position of

not more than 5 percent of the current equity in an eligible small business, in lieu of part or all of the fees chargeable to such business or through direct purchase, provided state funds are not used to purchase the equity position. An equity position of 5 percent or less shall not be construed as a conflict of interest in terms of financial and technical assistant participation.

(f) As a method of implementing the direct loan programs established in this chapter, the Office of Small Business may loan trust funds to an RDC for the express purpose of lending those funds to an identified borrower. The loan by the Office of Small Business to the RDC shall be in the amount and terms similar to the loan between the RDC and the borrower. The loan between the Office of Small Business and the RDC shall be evidenced by the loan agreement between the RDC and the borrower and collateralized by the note between the RDC and the borrower. In the absence of fraud on the part of the RDC, the liability of the RDC to repay the loan to the Office of Small Business is limited to the repayment received by the corporation from the borrower.

CHAPTER 695

An act to amend Section 14136 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor August 29, 1988 Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 14136 of the Welfare and Institutions Code is amended to read:

14136. (a) No city or county shall establish equipment and personnel standards for the furnishing of nonemergency medical transportation services for eligible Medi-Cal beneficiaries which are in conflict with equipment and personnel standards for reimbursement established by the department pursuant to this chapter. No standard adopted by cities or counties shall require the use of ambulances to supply nonemergency medical transportation, where that standard would conflict with Section 14136.1.

(b) No city or county shall establish any permit, license, or inspection fees in excess of the actual cost of providing services directly associated with the provision of a permit, license, or inspection of nonemergency medical transportation vehicles.

(c) Prior to collection of any permit, license, or inspection fees, the city or county shall provide the nonemergency medical transportation provider from whom the fees will be collected with an itemized cost analysis specifying how the fees will be used.

(d) Nothing in this section shall be construed to otherwise limit

the authority of a city or county to license, inspect, or regulate nonemergency medical transportation services so long as the regulation is not in conflict with standards established by the department.

(e) Nothing in this section shall be construed to prevent a city or county from allowing both emergency and nonemergency medical transportation services to operate within its jurisdiction under a sole franchise when such a franchise has been determined necessary to assure the economic viability of those services.

(f) Nothing in this section shall be construed to restrict the authority of local government to issue or deny licenses or permits to operate medical transportation services within its jurisdiction on the basis of need and necessity findings.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 696

An act to amend Section 14131 of the Corporations Code, and to add Section 26053 to the Financial Code, relating to commercial loans.

[Approved by Governor August 29, 1988 Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 14131 of the Corporations Code is amended to read:

14131. (a) The UDC's or RDC's guarantee shall be backed by funds on deposit in the UDC's or RDC's own loan guarantee fund account established pursuant to Articles 5 (commencing with Section 14040) and 6 (commencing with Section 14045).

(b) Loans made under an UDC or RDC guarantee shall be secured by a 100 percent reserve. The guarantee portion may be no more than 90 percent of the required total financing arranged from all lending sources. However, the guaranteed portion may be 100 percent for revolving lines of credit, personal farm operating loans, interim financing where another lender or guarantor will take out the corporation's position within 180 days, loans to UDC's or RDC's, and loans where traditional lenders have turned down the loan

because it is too small.

(c) The UDC or RDC shall guarantee loans wherever possible. However, earnings from the trust funds may be used for direct lending provided that UDC or RDC direct loan funds do not constitute more than one-third of the loan, with the following exceptions:

(1) If a firm has received a Phase 1 or Phase 2 Small Business Innovation Research Grant awarded by a federal agency and is suffering cash flow problems because of delay in receipt of grant funds from the date of incurring expenses related to the grant project, a UDC or RDC may advance an interim loan covering 80 percent of the project expenses from trust fund earnings, provided the firm assigns proceeds of grant invoices (or other documentations submitted by the firm to the federal agency for payment) to the corporation for payment of the interim loan advanced and the federal agency agrees to the assignment.

(2) Any RDC that is making a direct loan to a farmer or farm corporation may use trust funds from both the income and trust account, provided that the direct loan is guaranteed or that at least 50 percent of the direct loan portfolio is guaranteed by a governmental agency, excluding any state government agency. The total amount of direct loans issued by a corporation shall not exceed 33 percent of the trust fund, including trust income, as determined at the time each loan is made. Only unencumbered funds shall be available for direct lending. Each RDC shall submit an application to the department for participation in the direct loan program under this section. In its capacity as a direct lender, the RDC may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. Funds raised through the secondary market shall not be considered in arriving at the percentage of the loan portfolio to be guaranteed by a government agency above. Any direct loan made by an RDC under this section shall not exceed three hundred fifty thousand dollars ($350,000). The department, in consultation with the board, shall issue regulations governing these direct loans.

(d) In furtherance of the purposes of this part, up to one-half of the corporate loan guarantee funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) The UDC or RDC may assume a negotiated equity position of not more than 5 percent of the current equity in an eligible small business, in lieu of part or all of the fees chargeable to such business or through direct purchase, provided state funds are not used to purchase the equity position. An equity position of 5 percent or less shall not be construed as a conflict of interest in terms of financial and technical assistant participation.

(f) As a method of implementing the direct loan programs established in this chapter, the Office of Small Business may loan

trust funds to an RDC for the express purpose of lending those funds to an identified borrower. The loan by the Office of Small Business to the RDC shall be in the amount and terms similar to the loan between the RDC and the borrower. The loan between the Office of Small Business and the RDC shall be evidenced by a credit agreement secured by assignment of any note, executed in favor of the RDC by the borrower to the Office of Small Business. The terms and conditions of the credit agreement shall be similar to the loan agreement between the RDC and the borrower which shall be collateralized by the note between the RDC and the borrower. In the absence of fraud on the part of the RDC, the liability of the RDC to repay the loan to the Office of Small Business is limited to the repayment received by the corporation from the borrower, except in a case where the Farmers Home Administration requires exposure by the RDC in rule or regulation. Interest and principal received by the Office of Small Business from the RDC shall be deposited in the small business development corporation loan guarantee account of that RDC.

SEC. 1.5. Section 14131 of the Corporations Code is amended to read:

14131. (a) The UDC's or RDC's guarantee shall be backed by funds on deposit in the UDC's or RDC's own loan guarantee fund account established pursuant to Articles 5 (commencing with Section 14040) and 6 (commencing with Section 14045).

(b) Loan guarantees shall be secured by a reserve of at least 25 percent to be determined by the Executive Director of the Office of Small Business with the advice of the board. The guarantee shall not exceed 90 percent on loans under one hundred fifty-five thousand dollars ($155,000) or 85 percent on loans over one hundred fifty-five thousand dollars ($155,000). The maximum guarantee percentage may be adjusted by the executive director consistent with the federal Small Business Administration requirements.

(c) The UDC or RDC shall guarantee loans wherever possible. However, earnings from the trust funds may be used for direct lending provided that UDC or RDC direct loan funds do not constitute more than one-third of the loan, with the following exceptions:

(1) If a firm has received a Phase 1 or Phase 2 Small Business Innovation Research Grant awarded by a federal agency and is suffering cash flow problems because of delay in receipt of grant funds from the date of incurring expenses related to the grant project, a UDC or RDC may advance an interim loan covering 80 percent of the project expenses from trust fund earnings, provided the firm assigns proceeds of grant invoices (or other documentations submitted by the firm to the federal agency for payment) to the corporation for payment of the interim loan advanced and the federal agency agrees to the assignment.

(2) Any RDC that is making a direct loan to a farmer or farm corporation may use trust funds from both the income and trust

account, provided that the direct loan is guaranteed or that at least 50 percent of the direct loan portfolio is guaranteed by a governmental agency, excluding any state government agency. The total amount of direct loans issued by a corporation shall not exceed 33 percent of the trust fund, including trust income, as determined at the time each loan is made. Only unencumbered funds shall be available for direct lending. Each RDC shall submit an application to the department for participation in the direct loan program under this section. In its capacity as a direct lender, the RDC may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. Funds raised through the secondary market shall not be considered in arriving at the percentage of the loan portfolio to be guaranteed by a government agency above. Any direct loan made by an RDC under this section shall not exceed three hundred fifty thousand dollars ($350,000). The department, in consultation with the board, shall issue regulations governing these direct loans.

(d) In furtherance of the purposes of this part, up to one-half of the corporate loan guarantee funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) The UDC or RDC may assume a negotiated equity position of not more than 5 percent of the current equity in an eligible small business, in lieu of part or all of the fees chargeable to such business or through direct purchase, provided state funds are not used to purchase the equity position. An equity position of 5 percent or less shall not be construed as a conflict of interest in terms of financial and technical assistant participation.

(f) As a method of implementing the direct loan programs established in this chapter, the Office of Small Business may loan trust funds to an RDC for the express purpose of lending those funds to an identified borrower. The loan by the Office of Small Business to the RDC shall be in the amount and terms similar to the loan between the RDC and the borrower. The loan between the Office of Small Business and the RDC shall be evidenced by a credit agreement secured by assignment of any note, executed in favor of the RDC by the borrower to the Office of Small Business. The terms and conditions of the credit agreement shall be similar to the loan agreement between the RDC and the borrower which shall be collateralized by the note between the RDC and the borrower. In the absence of fraud on the part of the RDC, the liability of the RDC to repay the loan to the Office of Small Business is limited to the repayment received by the corporation from the borrower, except in a case where the Farmers Home Administration requires exposure by the RDC in rule or regulation. Interest and principal received by the Office of Small Business from the RDC shall be deposited in the small business development corporation loan guarantee account of that RDC.

SEC. 2. Section 26053 is added to the Financial Code, to read:

26053. This division does not apply to the Department of Commerce.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 14131 of the Corporations Code proposed by both this bill and AB 3772. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 14131 of the Corporations Code, and (3) this bill is enacted after AB 3772, in which case Section 1 of this bill shall not become operative.

CHAPTER 697

An act to amend Section 1793.2 of the Civil Code, relating to warranties.

[Approved by Governor August 29, 1988. Filed with Secretary of State August 29, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 1793.2 of the Civil Code is amended to read:

1793.2. (a) Every manufacturer of consumer goods sold in this state and for which the manufacturer has made an express warranty shall:

(1) Maintain in this state sufficient service and repair facilities reasonably close to all areas where its consumer goods are sold to carry out the terms of such warranties or designate and authorize in this state as service and repair facilities independent repair or service facilities reasonably close to all areas where its consumer goods are sold to carry out the terms of such warranties.

As a means of complying with this paragraph, a manufacturer may enter into warranty service contracts with independent service and repair facilities. The warranty service contracts may provide for a fixed schedule of rates to be charged for warranty service or warranty repair work, however, the rates fixed by such contracts shall be in conformity with the requirements of subdivision (c) of Section 1793.3. The rates established pursuant to subdivision (c) of Section 1793.3, between the manufacturer and the independent service and repair facility, shall not preclude a good faith discount which is reasonably related to reduced credit and general overhead cost factors arising from the manufacturer's payment of warranty charges direct to the independent service and repair facility. The warranty service contracts authorized by this paragraph shall not be executed to cover a period of time in excess of one year, and may be renewed only by a separate, new contract or letter of agreement between the manufacturer and the independent service and repair facility.

(2) In the event of a failure to comply with paragraph (1) of this subdivision, be subject to Section 1793.5.

(3) Make available to authorized service and repair facilities sufficient service literature and replacement parts to effect repairs during the express warranty period.

(b) Where such service and repair facilities are maintained in this state and service or repair of the goods is necessary because they do not conform with the applicable express warranties, service and repair shall be commenced within a reasonable time by the manufacturer or its representative in this state. Unless the buyer agrees in writing to the contrary, the goods shall be serviced or repaired so as to conform to the applicable warranties within 30 days. Delay caused by conditions beyond the control of the manufacturer or his representatives shall serve to extend this 30-day requirement. Where delay arises, conforming goods shall be tendered as soon as possible following termination of the condition giving rise to the delay.

(c) The buyer shall deliver nonconforming goods to the manufacturer's service and repair facility within this state, unless, due to reasons of size and weight, or method of attachment, or method of installation, or nature of the nonconformity, delivery cannot reasonably be accomplished. If the buyer cannot return the nonconforming goods for any of these reasons, he or she shall notify the manufacturer or its nearest service and repair facility within the state. Written notice of nonconformity to the manufacturer or its service and repair facility shall constitute return of the goods for purposes of this section. Upon receipt of such notice of nonconformity the manufacturer shall, at its option, service or repair the goods at the buyer's residence, or pick up the goods for service and repair, or arrange for transporting the goods to its service and repair facility. All reasonable costs of transporting the goods when a buyer cannot return them for any of the above reasons shall be at the manufacturer's expense. The reasonable costs of transporting nonconforming goods after delivery to the service and repair facility until return of the goods to the buyer shall be at the manufacturer's expense.

(d) (1) Except as provided in paragraph (2), if the manufacturer or its representative in this state does not service or repair the goods to conform to the applicable express warranties after a reasonable number of attempts, the manufacturer shall either replace the goods or reimburse the buyer in an amount equal to the purchase price paid by the buyer, less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(2) If the manufacturer or its representative in this state is unable to service or repair a new motor vehicle, as that term is defined in subparagraph (B) of paragraph (4) of subdivision (e), to conform to the applicable express warranties after a reasonable number of attempts, the manufacturer shall either promptly replace the new motor vehicle in accordance with subparagraph (A) or promptly

make restitution to the buyer in accordance with subparagraph (B). However, the buyer shall be free to elect restitution in lieu of replacement, and in no event shall the buyer be required by the manufacturer to accept a replacement vehicle.

(A) In the case of replacement, the manufacturer shall replace the buyer's vehicle with a new motor vehicle substantially identical to the vehicle replaced. The replacement vehicle shall be accompanied by all express and implied warranties that normally accompany new motor vehicles of that specific kind. The manufacturer also shall pay for, or to, the buyer the amount of any sales or use tax, license fees, registration fees, and other official fees which the buyer is obligated to pay in connection with the replacement, plus any incidental damages to which the buyer is entitled under Section 1794, including, but not limited to, reasonable repair, towing, and rental car costs actually incurred by the buyer.

(B) In the case of restitution, the manufacturer shall make restitution in an amount equal to the actual price paid or payable by the buyer, including any charges for transportation and manufacturer-installed options, but excluding nonmanufacturer items installed by a dealer or the buyer, and including any collateral charges such as sales tax, license fees, registration fees, and other official fees, plus any incidental damages to which the buyer is entitled under Section 1794, including, but not limited to, reasonable repair, towing, and rental car costs actually incurred by the buyer.

(C) When the manufacturer replaces the new motor vehicle pursuant to subparagraph (A), the buyer shall only be liable to pay the manufacturer an amount directly attributable to use by the buyer of the replaced vehicle prior to the time the buyer first delivered the vehicle to the manufacturer or distributor, or its authorized service and repair facility for correction of the problem that gave rise to the nonconformity. When restitution is made pursuant to subparagraph (B), the amount to be paid by the manufacturer to the buyer may be reduced by the manufacturer by that amount directly attributable to use by the buyer prior to the time the buyer first delivered the vehicle to the manufacturer or distributor, or its authorized service and repair facility for correction of the problem that gave rise to the nonconformity. The amount directly attributable to use by the buyer shall be determined by multiplying the actual price of the new motor vehicle paid or payable by the buyer, including any charges for transportation and manufacturer-installed options, by a fraction having as its denominator 120,000 and having as its numerator the number of miles traveled by the new motor vehicle prior to the time the buyer first delivered the vehicle to the manufacturer or distributor, or its authorized service and repair facility for correction of the problem that gave rise to the nonconformity. Nothing in this paragraph shall in any way limit the rights or remedies available to the buyer under any other law.

(e) (1) It shall be presumed that a reasonable number of

attempts have been made to conform a new motor vehicle to the applicable express warranties if, within one year from delivery to the buyer or 12,000 miles on the odometer of the vehicle, whichever occurs first, either (A) the same nonconformity has been subject to repair four or more times by the manufacturer or its agents and the buyer has at least once directly notified the manufacturer of the need for the repair of the nonconformity, or (B) the vehicle is out of service by reason of repair of nonconformities by the manufacturer or its agents for a cumulative total of more than 30 calendar days since delivery of the vehicle to the buyer. The 30-day limit shall be extended only if repairs cannot be performed due to conditions beyond the control of the manufacturer or its agents. The buyer shall be required to directly notify the manufacturer pursuant to subparagraph (A) only if the manufacturer has clearly and conspicuously disclosed to the buyer, with the warranty or the owner's manual, the provisions of this subdivision and that of subdivision (d), including the requirement that the buyer must notify the manufacturer directly pursuant to subparagraph (A). This presumption shall be a rebuttable presumption affecting the burden of proof, and it may be asserted by the buyer in any civil action, including an action in small claims court, or other formal or informal proceeding.

(2) If a qualified third party dispute resolution process exists, and the buyer receives timely notification in writing of the availability of a third party process with a description of its operation and effect, the presumption in paragraph (1) may not be asserted by the buyer until after the buyer has initially resorted to the third party process as required in paragraph (3). Notification of the availability of the third party process is not timely if the buyer suffers any prejudice resulting from any delay in giving the notification. If a qualified third party dispute resolution process does not exist, or if the buyer is dissatisfied with the third party decision, or if the manufacturer or its agent neglects to promptly fulfill the terms of such third party decision after the decision is accepted by the buyer, the buyer may assert the presumption provided in paragraph (1) in an action to enforce the buyer's rights under subdivision (d). The findings and decision of the third party shall be admissible in evidence in the action without further foundation. Any period of limitation of actions under any federal or California laws with respect to any person shall be extended for a period equal to the number of days between the date a complaint is filed with a third party dispute resolution process and the date of its decision or the date before which the manufacturer or its agent is required by the decision to fulfill its terms if the decision is accepted by the buyer, whichever occurs later.

(3) A qualified third party dispute resolution process shall be one that does all of the following:

(A) Complies with the minimum requirements of the Federal Trade Commission for informal dispute settlement procedures as set

forth in Part 703 of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1987.

(B) Renders decisions which are binding on the manufacturer if the buyer elects to accept the decision.

In the case of any purchase or transfer subject to this paragraph involving two or more eligible transferors, the transferors may elect to combine their separate one million dollar ($1,000,000) exclusions and, upon making that election, the combined amount of their separate exclusions shall apply to any property jointly sold or transferred by the electing transferors, provided that in no case shall the amount of full cash value of real property of any one eligible transferor excluded under this election exceed the amount of the transferor's separate unused exclusion on the date of the joint sale or transfer.

SECTION 1. Section 232 of the Civil Code is amended to read:

232. (a) An action may be brought for the purpose of having any child under the age of 18 years declared free from the custody and control of either or both of his or her parents when the child comes within any of the following descriptions:

(1) The child has been left without provision for the child's identification by his or her parent or parents or by others or has been left by both of his or her parents or his or her sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the other parent for a period of one year without any provision for the child's support, or without

communication from the parent or parents, with the intent on the part of the parent or parents to abandon the child. The failure to provide identification, failure to provide support, or failure to communicate shall be presumptive evidence of the intent to abandon. If the parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by the parent or parents. In those cases in which the child has been left without provision for the child's identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.

(2) Who has been neglected or cruelly treated by either or both parents, if the child has been a dependent child of the juvenile court under any subdivision of Section 300 of the Welfare and Institutions Code and the parent or parents have been deprived of the child's custody for one year prior to the filing of a petition pursuant to this section. Physical custody by the parent or parents for insubstantial periods of time shall not serve to interrupt the running of the one-year period.

(3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive, of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when these controlled substances are used as part of a medically prescribed plan, or are morally depraved, if the child has been a dependent child of the juvenile court, and the parent or parents have been deprived of the child's custody continuously for one year immediately prior to the filing of a petition pursuant to this section. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child. Physical custody by the parent or parents for insubstantial periods of time shall not interrupt the running of the one-year period.

(4) Whose parent or parents are convicted of a felony, if the facts of the crime of which the parent or parents were convicted are of a nature so as to prove the unfitness of the parent or parents to have the future custody and control of the child.

(5) Whose parent or parents have been declared by a court of competent jurisdiction, wherever situated, to be developmentally disabled or mentally ill, if, in the state or country in which the parent or parents reside or are hospitalized, the Director of Mental Health or the Director of Developmental Services, or their equivalent, if any, and the superintendent of the hospital of which, if any, the parent or parents are inmates or patients, certify that the parent or parents so declared to be developmentally disabled or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(6) Whose parent or parents are mentally disabled and are likely

to remain so in the foreseeable future. As used in this subdivision, "mentally disabled" means that a parent or parents suffer any mental incapacity or disorder which renders the parent or parents unable to adequately care for and control the child. The evidence of any two experts, each of whom shall be either a physician and surgeon, certified either by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code, or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders, shall be required to support a finding under this subdivision. If, however, the parent or parents reside in another state or in a foreign country, the evidence required by this subdivision may be supplied by the affidavits of two experts, each of whom shall be either a physician and surgeon who is a resident of that state or foreign country, and who has been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine, or by a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders and who is licensed in that state or authorized to practice in that country. If the rights of any parent are sought to be terminated pursuant to this subdivision, and the parent has no attorney, the court shall appoint an attorney for the parent pursuant to Section 237.5, whether or not a request for the appointment is made by the parent.

(7) Who has been in out-of-home placement under the supervision of the juvenile court, the county welfare department, or other public or private licensed child-placing agency for a one-year period, if the court finds that return of the child to the child's parent or parents would be detrimental to the child and that the parent or parents have failed during that period, and are likely to fail in the future, to maintain an adequate parental relationship with the child, which includes providing both a home and care and control for the child.

If the minor has been adjudged a dependent child of the juvenile court and placed in out-of-home placement pursuant to Section 361 of the Welfare and Institutions Code, the one-year period shall be calculated from the date of the dispositional hearing at which the child was placed in out-of-home placement pursuant to that section. If the minor is in placement under the supervision of a county welfare department or other public or private licensed child-placing agency, pursuant to a voluntary placement, as described in Section 16507.4 of the Welfare and Institutions Code, the one-year period shall be calculated from the date the minor entered out-of-home placement.

The court shall make a determination that reasonable services have been provided or offered to the parents which were designed to aid the parents to overcome the problems which led to the deprivation or continued loss of custody and that despite the

availability of these services, return of the child to the parents would be detrimental to the child. The probation officer or social worker currently assigned to the case of the child shall appear at the termination proceedings.

If the minor has been adjudged to be a dependent child of the court pursuant to Section 300 of the Welfare and Institutions Code, the court shall review and consider the contents of the juvenile court file in determining if the services offered were reasonable under the circumstances.

Trial placement of the child in the physical custody of the parent or visitation of the child with the parent during the one-year period, when the trial placement or visitation does not result in permanent placement of the child with the parent, shall not serve to interrupt the running of the one-year period.

(8) A minor who has been found to be a dependent child of the juvenile court and the juvenile court has determined, pursuant to paragraph (3), (4), or (5) of subdivision (b) of Section 361.5 of the Welfare and Institutions Code, that reunification services shall not be provided to the minor's parent or guardian.

(b) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(c) A finding pursuant to this section shall be supported by clear and convincing evidence.

(d) Sections 4600 and 5158 shall not apply to proceedings pursuant to this section.

(e) This section does not apply to minors adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 of the Welfare and Institutions Code on and after January 1, 1989, during the period in which the minor is a dependent child of the court. For those minors, Section 366.26 of the Welfare and Institutions Code and Sections 224, 224m, and 7017 of this code provide the exclusive means for the termination of parental rights.

SEC. 2. Section 305 of the Welfare and Institutions Code is

amended to read:

305. Any peace officer may, without a warrant, take into temporary custody a minor:

(a) When the officer has reasonable cause for believing that the minor is a person described in Section 300, and, in addition, that the minor has an immediate need for medical care, or the minor is in immediate danger of physical or sexual abuse, or the physical environment or lack of supervision poses an immediate threat to the child's health or safety.

(b) Who is in a hospital and release of the minor to a parent poses an immediate danger to the child's health or safety.

(c) Who is a dependent child of the juvenile court, or concerning whom an order has been made under Section 319, when the officer has reasonable cause for believing that the minor has violated an order of the juvenile court or has left any placement ordered by the juvenile court.

(d) Who is found in any street or public place suffering from any sickness or injury which requires care, medical treatment, hospitalization, or other remedial care.

SEC. 3. Section 306 of the Welfare and Institutions Code is amended to read:

306. Any social worker in a county welfare department, while acting within the scope of his or her regular duties under the direction of the juvenile court and pursuant to Section 272, may do all of the following:

(a) Receive and maintain, pending investigation, temporary custody of a minor who is described in Section 300, and who has been delivered by a peace officer.

(b) Take into and maintain temporary custody of, without a warrant, a minor who has been declared a dependent child of the juvenile court under Section 300 or who the social worker has reasonable cause to believe is a person described in subdivision (b) or (g) of Section 300, and the social worker has reasonable cause to believe that the minor has an immediate need for medical care or is in immediate danger of physical or sexual abuse or the physical environment poses an immediate threat to the child's health or safety.

Before taking a minor into custody a social worker shall consider whether there are any reasonable services available to the worker which, if provided to the minor's parent, guardian, caretaker, or to the minor, would eliminate the need to remove the minor from the custody of his or her parent, guardian, or caretaker. In addition, the social worker shall also consider whether a referral to public assistance pursuant to Chapter 2 (commencing with Section 11200) of Part 3, Chapter 7 (commencing with Section 14000) of Part 3, Chapter 1 (commencing with Section 17000) of Part 5, and Chapter 10 (commencing with Section 18900) of Part 6, of Division 9 would eliminate the need to take temporary custody of the minor. If those services are available they shall be utilized.

SEC. 4. Section 363 of the Welfare and Institutions Code is amended to read:

363. If the parent or person legally responsible for the care of any minor who is found to be a person described in Section 300 receives public assistance or care, any portion of which is attributable to the minor, a copy of the order of the court providing for the removal of the minor from his or her home shall be furnished to the appropriate social services official, who shall reduce the public assistance and care furnished the parent or other person by the amount attributable to the minor.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the protection of children who are at risk of sustaining abuse or neglect, and their families, it is necessary for this act to go into effect immediately.

SEC. 4. Chapter 6.5 (commencing with Section 11400) is added to Division 10 of the Health and Safety Code, to read:

CHAPTER 6.5. ANALOGS

11400. The Legislature finds and declares that the laws of this state which prohibit the possession, possession for sale, offer for sale, sale, manufacturing, and transportation of controlled substances are being circumvented by the commission of those acts with respect to analogs of specified controlled substances which have, are represented to have, or are intended to have effects on the central nervous system which are substantially similar to, or greater than, the controlled substances classified in Sections 11054 and 11055 of which they are analogs. These analogs have been synthesized by so-called "street chemists" and imported into this state from other jurisdictions as precursors to, or substitutes for, controlled substances, due to the nonexistence of applicable criminal penalties. These analogs present grave dangers to the health and safety of the people of this state. Therefore, it is the intent of the Legislature that a

controlled substance analog as defined in Section 11401 be considered identical, for purposes of the penalties and punishment specified in Chapter 6 (commencing with Section 11350), to the controlled substance in Section 11054 or 11055 of which it is an analog.

11401. (a) A controlled substance analog shall, for the purposes of Chapter 6 (commencing with Section 11350), be treated the same as the controlled substance classified in Section 11054 or 11055 of which it is an analog.

(b) Except as provided in subdivision (c), the term "controlled substance analog" means either of the following:

(1) A substance the chemical structure of which is substantially similar to the chemical structure of a controlled substance classified in Section 11054 or 11055.

(2) A substance which has, is represented as having, or is intended to have a stimulant, depressant, or hallucinogenic effect on the central nervous system that is substantially similar to, or greater than, the stimulant, depressant, or hallucinogenic effect on the central nervous system of a controlled substance classified in Section 11054 or 11055.

(c) The term "controlled substance analog" does not mean any of the following:

(1) Any substance for which there is an approved new drug application as defined under Section 505 of the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 355) or which is generally recognized as safe and effective for use pursuant to Sections 501, 502, and 503 of the federal Food, Drug, and Cosmetic Act (21 U.S.C. Secs. 351, 352, and 353) and 21 C.F.R. Section 330 et seq.

(2) With respect to a particular person, any substance for which an exemption is in effect for investigational use for that person under Section 505 of the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 355), to the extent that the conduct with respect to that substance is pursuant to the exemption.

(3) Any substance, before an exemption as specified in paragraph (2) takes effect with respect to the substance, to the extent the substance is not intended for human consumption.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

There has been a recent surge in unregulated transactions of chemicals used to manufacture a new street drug which is similar to methamphetamine. In order to immediately preserve the public health and safety by regulating these chemicals, it is necessary that

this act go into immediate effect.

CHAPTER 713

An act to amend Section 607 of the Welfare and Institutions Code, relating to arrest warrants.

[Approved by Governor August 29, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 607 of the Welfare and Institutions Code is amended to read:

607. (a) The court may retain jurisdiction over any person who is found to be a ward or dependent child of the juvenile court until the ward or dependent child attains the age of 21 years, except as provided in subdivisions (b), (c), and (d).

(b) The court may retain jurisdiction over any person who is found to be a person described in Section 602 by reason of the commission of any of the offenses listed in subdivision (b) of Section 707 until that person attains the age of 25 years if the person was committed to the Department of the Youth Authority.

(c) The court shall not discharge any person from its jurisdiction who has been committed to the Department of the Youth Authority so long as the person remains under the jurisdiction of the Department of the Youth Authority, including periods of extended control ordered pursuant to Section 1800.

(d) The court may retain jurisdiction over any person described in Section 602 by reason of the commission of any of the offenses listed in subdivision (b) of Section 707 who has been confined in a state hospital or other appropriate public or private mental health facility pursuant to Section 702.3 until that person has attained the age of 25 years, unless the court which committed the person finds, after notice and hearing, that the person's sanity has been restored.

(e) The court may retain jurisdiction over any person while that person is the subject of a warrant for arrest issued pursuant to Section 663.

CHAPTER 714

An act to add Chapter 7.9 (commencing with Section 25695) to Division 15 of the Public Resources Code, relating to energy.

[Approved by Governor August 29, 1988. Filed with Secretary of State August 29, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.9 (commencing with Section 25695) is added to Division 15 of the Public Resources Code, to read:

CHAPTER 7.9. ENERGY TECHNOLOGY AND ENERGY CONSERVATION

25695. In enacting this chapter, the Legislature hereby finds and declares all of the following:

(a) The development and commercialization of energy technologies and energy conservation is a vital element in meeting the state's energy needs.

(b) The continuing vitality of California's energy technology and energy conservation industry, as well as the maintenance of California's technological leadership in these energy systems, depends on the industry's ability to expand into new markets, including those in other countries. The expansion of California's energy technology and energy conservation industry into foreign markets will result in lower domestic prices, more stable growth, increased employment opportunities, and additional tax revenues.

(c) California's energy technology and energy conservation industry's entry into export markets is being inhibited by foreign-based competitors benefiting from extensive financial and technical support from their governments. Furthermore, small- to medium-sized energy firms are handicapped by high information costs and financial constraints.

(d) California-based energy technology and energy conservation firms seeking to expand into foreign markets can be substantially assisted by state efforts to disseminate international market data, foreign government regulatory information, and other material, and to provide technical assistance to facilitate export efforts.

(e) It is in the best interest of the state to increase the export of goods and services provided by California-based energy technology and energy conservation firms, particularly small- and medium-sized businesses, in a manner which coordinates with and augments existing private, state, and federal programs.

25696. The commission, in cooperation with the California State World Trade Commission and the California Department of Commerce, may assist California-based energy technology and energy conservation firms to export their technologies, products, and

services to international markets.

The commission may, in coordination with the California State World Trade Commission, do all of the following:

(a) Conduct a technical assistance program to help California energy companies improve export opportunities and enhance foreign buyers' awareness of and access to energy technologies and services offered by California-based companies. Technical assistance activities may include, but are not limited to, an energy technology export information clearinghouse, a referral service, a trade lead service consulting services for financing, market evaluation, and legal counseling, and information seminars.

(b) Perform research studies and solicit technical advice to identify international market opportunities.

(c) Assist California energy companies to evaluate project or site-specific energy needs of international markets.

(d) Assist California energy companies to identify and address international trade barriers restricting energy technology exports, including unfair trade practices and discriminatory trade laws.

(e) Develop promotional materials in conjunction with California energy companies to expand energy technology exports.

(f) Establish technical exchange programs to increase foreign buyers' awareness of suitable energy technology uses.

(g) Prepare equipment performance information to enhance potential export opportunities.

(h) Coordinate activities with state, federal, and international donor agencies to take advantage of trade promotion and financial assistance efforts offered.

25697. The commission shall consult with the California State World Trade Commission with respect to conducting overseas trade missions, trade shows, and trade exhibits. Consultation may include interagency agreements, cosponsorship, and memoranda of understanding for joint overseas trade activities.

25698. The commission shall include in its energy development report prepared pursuant to Section 25604 a description of international energy market prospects and an evaluation of its export promotion activities, as well as an assessment of the state of the California energy technology and energy conservation industry's efforts to enter foreign markets. The energy development report shall also include recommendations for state government initiatives to foster the California energy technology and energy conservation industry's competition in world markets.

CHAPTER 715

An act to amend Section 4024.2 of the Penal Code, relating to punishment.

[Approved by Governor August 29, 1988. Filed with Secretary of State August 30, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 4024.2 of the Penal Code is amended to read:

4024.2. (a) Notwithstanding any other provision of law, the board of supervisors of any county may authorize the sheriff or other official in charge of county correctional facilities to offer a voluntary program under which any person committed to such facility may perform a minimum of 8 and a maximum of 10 hours of labor on the public works or ways in lieu of one day of confinement under the direction of a responsible person appointed by the sheriff or other official in charge. The hours of labor to be performed pursuant to this section shall be uniform for all persons committed to such facilities in a county and may be determined by the sheriff or other official in charge of county correctional facilities, within the minimum and maximum herein set forth, in accordance with the normal working hours of county employees assigned to supervise the labor of such persons.

As used in this section "labor on the public works and ways" means manual labor to improve or maintain public facilities, including but not limited to, streets, parks, and schools.

(b) The board of supervisors may prescribe reasonable rules and regulations under which such labor is to be performed and may provide that such persons wear clothing of a distinctive character while performing such work. As a condition of participating in a work release program, a person shall give his or her promise to appear for work by signing a notice to appear before the sheriff at a time and place specified in the notice and shall sign an agreement that the sheriff may immediately retake such person into custody to serve the balance of his or her sentence if such person fails to appear for work at the time and place agreed to, does not perform the work assigned, or for any other reason is no longer a fit subject for release under this section. A copy of the notice shall be delivered to the person and a copy shall be retained by the sheriff. Any person who willfully violates his or her written promise to appear at the time and place specified in the notice is guilty of a misdemeanor.

Whenever a peace officer has reasonable cause to believe the person has failed to appear at the time and place specified in the notice or fails to appear or work at the time and place agreed to or has failed to perform the work assigned, the peace officer may, without a warrant, retake the person into custody, or the court may

issue an arrest warrant for the retaking of the person into custody, to complete the remainder of the original sentence. A peace officer may not retake a person into custody under this subdivision, without a warrant for arrest, unless the officer has a written order to do so, signed by the sheriff or other person in charge of the program, which describes with particularity the person to be retaken.

(c) Nothing in this section shall be construed to require the sheriff or other such official to assign labor to a person pursuant to this section if it appears from the record that such person has refused to satisfactorily perform labor as assigned or has not satisfactorily complied with the reasonable rules and regulations governing such assignment or any other order of the court.

A person shall be eligible for work release under this section only if the sheriff or other official in charge concludes that such person is a fit subject therefor.

(d) The board of supervisors may prescribe a program administrative fee, not to exceed the pro rata cost of administration, to be paid by each such person according to his or her ability to pay.

(e) This section shall remain in effect until January 1, 1990, and on that date is repealed.

CHAPTER 716

An act to amend Sections 25100 and 25101 of, and to add Section 25100.1 to, the Corporations Code, relating to securities.

[Approved by Governor August 29, 1988. Filed with Secretary of State August 30, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 25100 of the Corporations Code is amended to read:

25100. The following securities are exempted from the provisions of Sections 25110, 25120, and 25130:

(a) Any security (including a revenue obligation) issued or guaranteed by the United States, any state, any city, county, city and county, public district, public authority, public corporation, public entity, or political subdivision of a state or any agency or corporate or other instrumentality of any one or more of the foregoing; or any certificate of deposit for any of the foregoing.

(b) Any security issued or guaranteed by the Dominion of Canada, any Canadian province, any political subdivision or municipality of any such province, or by any other foreign government with which the United States currently maintains diplomatic relations, if the security is recognized as a valid obligation by the issuer or guarantor; or any certificate of deposit for any of the foregoing.

(c) Any security issued or guaranteed by and representing an interest in or a direct obligation of a national bank or a bank or trust company incorporated under the laws of this state, and any security issued by a bank to one or more other banks and representing an interest in an asset of the issuing bank.

(d) Any security issued or guaranteed by a federal savings and loan association or federal savings bank or federal land bank or joint land bank or national farm loan association or by any savings association, as defined in subdivision (a) of Section 5102 of the Financial Code, which is subject to the supervision and regulation of the Savings and Loan Commissioner of this state.

(e) Any security (other than an interest in all or portions of a parcel or parcels of real property which are subdivided land or a subdivision or in a real estate development), the issuance of which is subject to authorization by the Insurance Commissioner, the Public Utilities Commission, or the Real Estate Commissioner of this state.

(f) Any security consisting of any interest in all or portions of a parcel or parcels of real property which are subdivided lands or a subdivision or in a real estate development; provided that the exemption in this subdivision shall not be applicable to any investment contract sold or offered for sale with, or as part of, any such interest, or to any person engaged in the business of selling, distributing or supplying water for irrigation purposes or domestic use which is not a public utility.

(g) Any mutual capital certificates or savings accounts, as defined in the Savings Association Law, issued by a savings association, as defined by subdivision (a) of Section 5102 of the Financial Code, and holding a license or certificate of authority then in force from the Savings and Loan Commissioner of this state.

(h) Any security issued or guaranteed by any federal credit union, or by any credit union organized and supervised, or regulated, under the Credit Union Law.

(i) Any security issued or guaranteed by any railroad, other common carrier, public utility, or public utility holding company which is (1) subject to the jurisdiction of the Interstate Commerce Commission or (2) a holding company registered with the Securities and Exchange Commission under the Public Utility Holding Company Act of 1935 or a subsidiary of such a company within the meaning of that act or (3) regulated in respect of the issuance or guarantee of the security by a governmental authority of the United States, of any state, of Canada or of any Canadian province; and the security is subject to registration with or authorization of issuance by such authority.

(j) Any security (except evidences of indebtedness, whether interest bearing or not) of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit, if no part of the net earnings of the issuer inures to the benefit of any private

shareholder or individual, or (2) organized as a chamber of commerce or trade or professional association. The fact that amounts received from memberships or dues or both will or may be used to construct or otherwise acquire facilities for use by members of the nonprofit organization does not disqualify the organization for this exemption. This exemption does not apply to the securities of any nonprofit organization if any promoter thereof expects or intends to make a profit directly or indirectly from any business or activity associated with the organization or operation of such nonprofit organization or from remuneration received from such nonprofit organization.

(k) Any agreement, commonly known as a "life income contract," of an issuer (1) organized exclusively for educational, benevolent, fraternal, religious, charitable, social, or reformatory purposes and not for pecuniary profit and (2) which the commissioner designates by rule or order, with a donor in consideration of a donation of property to such issuer and providing for the payment to the donor or persons designated by him or her of income or specified periodic payments from the donated property or other property for the life of the donor or such other persons.

(*l*) Any note, draft, bill of exchange, or banker's acceptance which is freely transferable and of prime quality, arises out of a current transaction or the proceeds of which have been or are to be used for current transactions, and which evidences an obligation to pay cash within nine months of the date of issuance, exclusive of days of grace, or any renewal of such paper which is likewise limited, or any guarantee of such paper or of any such renewal, provided that such paper is not offered to the public in amounts of less than twenty-five thousand dollars ($25,000) in the aggregate to any one purchaser. In addition, the commissioner may, by rule or order, exempt any issuer of any notes, drafts, bills of exchange or banker's acceptances from qualification of such securities when the commissioner finds that such qualification is not necessary or appropriate in the public interest or for the protection of investors.

(m) Any security issued by any corporation organized and existing under the provisions of Chapter 1 (commencing with Section 54001) of Division 20 of the Food and Agricultural Code.

(n) Any beneficial interest in an employees' pension, profit-sharing, stock bonus or similar benefit plan which meets the requirements for qualification under Section 401 of the federal Internal Revenue Code or any statute amendatory thereof or supplementary thereto. A determination letter from the Internal Revenue Service stating that an employees' pension, profit-sharing, stock bonus or similar benefit plan meets such requirements shall be conclusive evidence that such plan is an employees' pension, profit-sharing, stock bonus or similar plan within the meaning of the first sentence of this subdivision until the date such determination letter is revoked in writing by the Internal Revenue Service, regardless of whether or not such revocation is retroactive.

(o) Any security listed or approved for listing upon notice of issuance on a national securities exchange or designated or approved for designation upon notice of issuance as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc., if the exchange or interdealer quotation system has been certified by rule or order of the commissioner and any warrant or right to purchase or subscribe to any such security.

Such certification of any exchange or system shall be made by the commissioner upon the written request of the exchange or system if the commissioner finds that the exchange or system: (i) in acting on applications for listing of common stock substantially applies the minimum standards set forth in either alternative (A) or (B) of subparagraph (1), and (ii) in considering suspension or removal from listing or designation, substantially applies each of the criteria set forth in subparagraph (2).

(1) Listing standards:

(A) (i) Shareholders' equity of at least four million dollars ($4,000,000).

(ii) Pretax income of at least seven hundred fifty thousand dollars ($750,000) in the issuer's last fiscal year or in two of its last three fiscal years.

(iii) Minimum public distribution of 500,000 shares (exclusive of the holdings of officers, directors, controlling shareholders, and other concentrated or family holdings), together with a minimum of 800 public holders or minimum public distribution of 1,000,000 shares together with a minimum of 400 public holders. The exchange or system may also consider the listing or designation of a company's securities if the company has a minimum of 500,000 shares publicly held, a minimum of 400 shareholders and daily trading volume in the issue has been approximately 2,000 shares or more for the six months preceding the date of application. In evaluating the suitability of an issue for listing or designation under this trading provision, the exchange or system shall review the nature and frequency of that activity and any other factors as it may determine to be relevant in ascertaining whether the issue is suitable for trading. A security which trades infrequently shall not be considered for listing or designation under this paragraph even though average daily volume amounts to 2,000 shares per day or more.

Companies whose securities are concentrated in a limited geographical area, or whose securities are largely held in block by institutional investors, normally may not be considered eligible for listing or designation unless the public distribution appreciably exceeds 500,000 shares.

(iv) Minimum price of three dollars ($3) per share for a reasonable period of time prior to the filing of a listing or designation application; provided, however, in certain instances an exchange or system may favorably consider listing an issue selling for less than three dollars ($3) per share after considering all pertinent factors,

including market conditions in general, whether historically the issue has sold above three dollars ($3) per share, the applicant's capitalization, and the number of outstanding and publicly held shares of the issue.

(v) An aggregate market value for publicly held shares of at least three million dollars ($3,000,000).

(B) (i) Shareholders' equity of at least four million dollars ($4,000,000).

(ii) Minimum public distribution set forth in subparagraph (1) (A) (iii).

(iii) Operating history of at least three years.

(iv) An aggregate market value for publicly held shares of at least fifteen million dollars ($15,000,000).

(2) Criteria for consideration of suspension or removal from listing:

(i) If a company which (A) has shareholders' equity of less than one million dollars ($1,000,000) has sustained net losses in each of its two most recent fiscal years, or (B) has net tangible assets of less than three million dollars ($3,000,000) and has sustained net losses in three of its four most recent fiscal years.

(ii) If the number of shares publicly held (excluding the holdings of officers, directors, controlling shareholders and other concentrated or family holdings) is less than 150,000.

(iii) If the total number of shareholders is less than 400 or if the number of shareholders of lots of 100 shares or more is less than 300.

(iv) If the aggregate market value of shares publicly held is less than seven hundred fifty thousand dollars ($750,000).

(v) If shares of common stock sell at a price of less than three dollars ($3) per share for a substantial period of time and the issuer shall fail to effectuate a reverse stock split of such shares within a reasonable period of time after being requested by the exchange to take such action.

The commissioner after appropriate notice and opportunity for hearing in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, may, in his or her discretion, by rule or order, decertify any exchange or interdealer quotation system previously certified which ceases substantially to apply the minimum standards or criteria as set forth above. A rule or order of certification shall conclusively establish that any security listed or approved for listing upon notice of issuance on any exchange, or designated or approved for designation upon issuance as a national market system security on any interdealer quotation system, named in a rule or order of certification, and any warrant or right to purchase or subscribe to any such security, is exempt under this subdivision until the adoption by the commissioner of any rule or order decertifying such exchange or interdealer quotation system.

(p) A promissory note secured by a lien on real property, which is neither one of a series of notes of equal priority secured by interests

in the same real property nor a note in which beneficial interests are sold to more than one person or entity.

(q) Any unincorporated interindemnity or reciprocal or interinsurance contract, which qualifies under the provisions of Section 1280.7 of the Insurance Code, between members of a cooperative corporation, organized and operating under Part 2 (commencing with Section 12200) of Division 3 of Title 1, and whose members consist only of physicians and surgeons licensed in California, which contracts indemnify solely in respect to medical malpractice claims against such members, and which do not collect in advance of loss any moneys other than contributions by each member to a collective reserve trust fund or for necessary expenses of administration.

(1) Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of Section 1280.7 of the Insurance Code, the commissioner may in the commissioner's discretion bring an action in the name of the people of the State of California in the superior court to enjoin the acts or practices or to enforce compliance with Section 1280.7 of the Insurance Code. Upon a proper showing a permanent or preliminary injunction, restraining order or writ of mandate shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets.

(2) The commissioner may, in the commissioner's discretion, (A) make such public or private investigations within or outside of this state as the commissioner deems necessary to determine whether any person has violated or is about to violate any provision of Section 1280.7 of the Insurance Code or to aid in the enforcement of Section 1280.7, and (B) publish information concerning the violation of Section 1280.7.

(3) For the purpose of any investigation or proceeding under this section, the commissioner or any officer designated by the commissioner may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the commissioner deems relevant or material to the inquiry.

(4) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the superior court, upon application by the commissioner, may issue to the person an order requiring the person to appear before the commissioner, or the officer designated by the commissioner, there to produce documentary evidence, if so ordered, or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt.

(5) No person is excused from attending or testifying or from producing any document or record before the commissioner or in obedience to the subpoena of the commissioner or any officer designated by the commissioner, or in any proceeding instituted by

the commissioner, on the ground that the testimony or evidence (documentary or otherwise), required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture, but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which the person is compelled, after validly claiming the privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

(r) Any shares or memberships issued by any corporation organized and existing pursuant to the provisions of Part 2 (commencing with Section 12200) of Division 3 of Title 1, provided the aggregate investment of any shareholder or member in shares or memberships sold pursuant to this subdivision does not exceed three hundred dollars ($300). This exemption does not apply to the shares or memberships of any such corporation if any promoter thereof expects or intends to make a profit directly or indirectly from any business or activity associated with the corporation or the operation of such corporation or from remuneration, other than reasonable salary, received from such corporation. This exemption does not apply to nonvoting shares or memberships of any such corporation issued to any person who does not possess, and who will not acquire in connection with the issuance of nonvoting shares or memberships, voting power (Section 12253) in the corporation.

(s) Any security consisting of or representing an interest in a pool of mortgage loans which meets each of the following requirements:

(1) The pool consists of whole mortgage loans or participation interests in those loans, which loans were originated or acquired in the ordinary course of business by a national bank or federal savings and loan association or federal savings bank having its principal office in this state, by a bank incorporated under the laws of this state or by a savings association as defined in subdivision (a) of Section 5102 of the Financial Code and which is subject to the supervision and regulation of the Savings and Loan Commissioner, which at the time of transfer to the pool is an authorized investment for such originating or acquiring institution.

(2) The pool of mortgage loans is held in trust by a trustee which is a financial institution specified in paragraph (1) as trustee or otherwise.

(3) The loans are serviced by a financial institution specified in paragraph (1).

(4) Such security is not offered in amounts of less than twenty-five thousand dollars ($25,000) in the aggregate to any one purchaser.

(5) Such security is offered pursuant to a registration under the Securities Act of 1933, or pursuant to an exemption under Regulation A under such act, or in the opinion of counsel for the issuer, is offered pursuant to an exemption under Section 4(2) of that act.

SEC. 2. Section 25100.1 is added to the Corporations Code, to

read:

25100.1. Before the interdealer quotation system of the National Association of Securities Dealers, Inc., is certified pursuant to subdivision (o) of Section 25100, the commissioner shall determine and conclude that the National Association of Securities Dealers, Inc. has adopted and obtained Securities and Exchange Commission approval of corporate governance standards, including voting rights, which are substantially similar to the corporate governance standards, including voting rights, in effect on the date of application by the association for either the American Stock Exchange or the New York Stock Exchange or, in the case of voting rights, Rule 19c-4 of the Securities and Exchange Commission as proposed on June 22, 1987.

Certification of an interdealer quotation system pursuant to subdivision (o) of Section 25100 is subject to applicable decertification proceedings and is effective only for a period of 36 months from the date of certification.

SEC. 3. Section 25101 of the Corporations Code is amended to read:

25101. The following securities are exempt from the provisions of Section 25130:

(a) Any security issued by a person which is the issuer of any security listed on a national securities exchange, or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc., which exchange or system is certified by rule or order of the commissioner.

(b) Any security (except limited or general partnership interests) issued by a person which (i) is the issuer of any security listed on a national securities exchange which is not certified by the commissioner pursuant to subdivision (a) hereof, (ii) is the issuer of any security registered under Section 12(g) of the Securities Exchange Act of 1934 or is exempt from registration under such Section 12 by Section 12(g) (2) (G) of that act, or (iii) is registered under the Investment Company Act of 1940, if in any such case, there has been filed with the commissioner a notice in such form as the commissioner shall specify by rule setting forth the following:

(1) The name of the issuer, the date of its organization, and the jurisdiction under whose laws it is organized;

(2) The issuer's taxpayer identification number as assigned by the federal Department of Internal Revenue and, if applicable, the issuer's file number under the Securities Exchange Act of 1934 or the Investment Company Act of 1940 as assigned by the federal Securities and Exchange Commission or other appropriate federal regulatory agency;

(3) A statement that the issuer has a currently effective registration under Section 12 of the Securities Exchange Act of 1934 (specifying the subsection thereof) or the Investment Company Act of 1940, or that it is exempt from registration under such Section 12 by Section 12(g) (2) (G) thereof;

(4) A statement that the issuer has a class of equity securities held by 500 or more persons and has total assets exceeding one million dollars ($1,000,000), determined in such manner as is provided by rule of the commissioner or, in the absence of a rule with respect to a determination of total assets, in accordance with generally accepted accounting principles;

(5) A description of each security of the issuer which is to be exempted pursuant to this subdivision, and a statement that each class of common stock described in that notice, if any, possesses full voting rights equal per share to the voting rights possessed by any other class of common stock of the issuer;

(6) An undertaking to file a supplemental notice if any of the facts stated in the notice previously filed with the commissioner shall, to the knowledge of the filer of that notice, cease to be true.

(7) The name and address of the person filing the notice, the signature of that person or of the authorized principal officer of that person (and the name of that principal officer), and a verification to the best knowledge or belief of the person signing the notice of all of the information contained in that notice.

The notice provided for herein may be filed by the issuer, any broker-dealer registered under this law or any holder of record or beneficially of any of the securities covered by the notice. Except in the case of a notice filed by an issuer, the exemption provided by this subdivision shall lapse 13 months after the filing of the notice.

(c) The exemption provided by subdivision (a) or (b) of this section shall not apply to any of the following:

(1) Securities offered pursuant to a registration under the Securities Act of 1933 or pursuant to the exemption afforded by Regulation A under that act if the aggregate offering price of the securities offered pursuant to that exemption exceeds fifty thousand dollars ($50,000);

(2) Securities which the commissioner has found, after notice and, if requested as hereinafter provided, hearing, to be the subject of a notice or supplemental notice filed pursuant to subdivision (b) which contains any statement which is, or which was at the time of filing, materially untrue. Notice hereunder shall be given to the person named pursuant to paragraph (7) of subdivision (b), to the issuer unless the notice or supplemental notice was filed by the issuer, and to licensed broker-dealers. The notice shall state the reasons for the issuance of the notice and that the exemption pursuant to this section for the security identified therein may be terminated unless, within 10 business days, either a notice or supplemental notice is filed in accordance with subdivision (b) or a written request for hearing is received, that hearing to commence within 15 business days of the receipt of the notice unless the commissioner consents to a later date. An order terminating an exemption pursuant to this paragraph shall be effective when issued or at such time thereafter as the commissioner may provide.

(3) All securities of an issuer when the commissioner has found

the issuer has ceased to have any securities registered under Section 12 of the Securities Exchange Act of 1934 or the issuer of which has ceased to have a class of equity securities held by 500 or more persons or total assets exceeding one million dollars ($1,000,000). An order may be issued under this paragraph without notice or hearing if the facts on which it is based are stated in a notice or supplemental notice filed pursuant to subdivision (b) or are stated in a certificate filed with the Securities and Exchange Commission pursuant to Section 12(g)(4) of the Securities Exchange Act of 1934; otherwise, the order shall be issued only as provided in paragraph (2) of this subdivision.

The people of the State of California do enact as follows:

SECTION 1. Section 21641 of the Business and Professions Code is amended to read:

21641. (a) The chief of police, the sheriff or, where appropriate, the police commission, shall accept an application for and grant a license permitting the licensee to engage in the business of secondhand dealer, as defined in Section 21626, to an applicant who has not been convicted of an attempt to receive stolen property or any other offense involving stolen property. Prior to the granting of a license, the licensing authority shall submit the application to the Department of Justice. If the Department of Justice does not comment on the application within 30 days thereafter, the licensing authority may grant the applicant a license. All forms for application and licensure, and license renewal, shall be prescribed and provided by the Department of Justice. A fee may be charged to the applicant as specified by the Department of Justice for processing the initial license application.

(b) For the purposes of this section, "convicted" means a plea or verdict of guilty or a conviction following a plea of nolo contendere.

(c) Notwithstanding subdivisions (a) and (b), no person shall be denied a secondhand dealer's license solely on the grounds that he or she violated any provision contained in Article 4 (commencing with Section 21625) or Article 5 (commencing with Section 21650) of this chapter, or any provision contained in Chapter 2 (commencing with Section 21200) of Division 8 of the Financial Code, unless the violation demonstrates a pattern of conduct.

(1) The business shall be carried on only in the building or buildings designated on the license.

(2) The license or a copy thereof, certified by the licensing authority, shall be displayed on the premises where it easily can be seen.

(3) The licensee shall not engage in the business of secondhand dealer, as defined in Section 21626, with any minor.

(4) The licensee shall not engage in any act which the licensee knows to be in violation of this article.

(5) The licensee shall not be convicted of an attempt to receive stolen property or any other offense involving stolen property. For the purposes of this paragraph, "convicted" means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the chief of police, the sheriff or, where appropriate, the police commission, is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(c) Notwithstanding subdivisions (a) and (b), no person shall be denied a secondhand dealer's license solely on the grounds that he or she violated any provision contained in Article 4 (commencing with Section 21625) or Article 5 (commencing with Section 21650) of this chapter, or any provision contained in Chapter 2 (commencing with Section 21200) of Division 8 of the Financial Code, unless the violation demonstrates a pattern of conduct.

SEC. 8.5. Section 5621 of the Financial Code is amended to read:

5621. With the approval of the commissioner, a mutual association may amend its articles of incorporation to authorize the issuance of stock and may issue stock. 5860. Notwithstanding any other provision of law, but subject to prior approval of the commissioner, any mutual association may reorganize so as to become a mutual holding company by causing a reorganized savings and loan association to be incorporated and organized as a stock association under this chapter, transferring to the reorganized stock association a substantial part of the assets of that mutual association and causing the reorganized stock association to assume all or a substantial part of the liabilities of the mutual association, including all of its savings account liabilities.

5861. Upon transfer of assets and assumption of liabilities pursuant to Section 5860, persons who prior thereto held savings accounts with, or other rights as creditors of, the mutual association with respect to accounts and liabilities transferred shall have such accounts and rights solely with respect to the reorganized stock association, and the corresponding liability or obligation of the mutual association to those persons shall be assumed by the reorganized stock association without a change in terms. Persons who had ownership, liquidation, or voting rights with respect to the mutual association shall continue to have those rights solely with respect to the mutual association in its reorganized form as a mutual holding company.

5862. A reorganization of a mutual association pursuant to this article shall be approved by the board of directors and by the members of the mutual association.

5863. An application to the commissioner for approval of a reorganization under this article shall contain such relevant information as the commissioner may require. The commissioner may disapprove any proposed mutual holding company formation and refuse to issue a certificate of authority for the reorganized stock association only if within 60 days after the date of filing of a completed application he or she finds the following:

practices.

(b) The financial or managerial resources of the mutual association warrant disapproval.

(c) The mutual association fails to furnish the information required by the commissioner pursuant to this section.

(d) The mutual association fails to comply with the requirements of Section 5862.

5864. In connection with reorganization pursuant to the provisions of this article, a mutual association may, subject to the approval of the commissioner, retain capital assets at the holding company level to the extent that the capital exceeds adequate reserves as prescribed by state or federal law.

5865. A mutual holding company shall be deemed to be a savings association continuing its organization under this division and may engage only in activities authorized for an association, but may not issue or accept savings accounts or other deposits and the provisions of subdivision (a) of Section 5606 requiring insurance of savings accounts by the Federal Savings and Loan Insurance Corporation shall not be applicable. The articles of incorporation of the mutual holding company shall be amended to delete any inappropriate statements otherwise required by Section 5501.5 and shall include the following statement:

5868. A reorganized stock association shall have the power to issue additional amounts of capital stock to the mutual holding company of which it is a subsidiary and, in addition, to other persons an amount of capital stock and securities convertible into capital stock which in the aggregate does not exceed 49 percent of the issued and outstanding capital stock of that organized association. For the purposes of the 49 percent limitation, any issued and outstanding securities that are convertible into capital stock shall be considered issued and outstanding capital stock.

asset figure any asset items deemed appropriate by the commissioner.

(c) If the statutory net worth falls below the level specified by the commissioner, the commissioner may require the association to increase its statutory net worth within the time and in a manner designated by the commissioner, so as to bring the amount to the level determined adequate under this section, and may require the association to do any one or more of the following:

(1) Increase its liquid assets and maintain that increased liquidity at the level specified by the commissioner.

(2) Cease to:

(A) Accept savings accounts of all classes or categories, except in exchange for accounts already outstanding.

(4) Cease purchase of loans or other investments.

(5) Cease or limit promotional expenditures.

However, a guarantor shall not be included within the meaning of "obligor" if, in connection with a loan the association has determined, in good faith, that the primary obligor has qualified for the loan irrespective of the existence of the guarantor. In the case of a loan that has been assumed by a third party with the consent of the association, the former debtor and any guarantor shall not be deemed to be an "obligor."

The commission shall accept all program proposals that meet criteria set by the commission, shall prioritize these proposals, and shall make recommendations to the board of supervisors as to those proposals which the commission feels should receive funding. The board of supervisors shall make the final decision as to which programs shall be funded. The county shall use no more than 5 percent of the

amounts in the trust fund for administrative costs.

SEC. 6. Section 18968.5 is added to the Welfare and Institutions Code, to read:

18968.5. Amounts collected for the surcharge upon birth certificates pursuant to Section 10605 of the Health and Safety Code that would have been transferred by the local registrar or county recorder to the Treasurer for deposit in the State Children's Trust Fund shall, instead, revert to the county children's trust fund when the board of supervisors designates a commission to carry out the purposes of this article, pursuant to Section 18965.

SEC. 7. Section 18969 of the Welfare and Institutions Code is amended to read:

18969. (a) There is hereby created in the State Treasury a fund which shall be known as the State Children's Trust Fund. The fund shall consist of funds received from a county pursuant to Section 18968, funds collected by the state and transferred to the fund pursuant to subdivision (b) of Section 10605 of the Health and Safety Code and Article 6 (commencing with Section 18500) of Chapter 17 of Part 10 of Division 2 of the Revenue and Taxation Code, grants, gifts, or bequests made to the state from private sources to be used for innovative and distinctive child abuse and neglect prevention and intervention projects and money appropriated to the fund for this purpose by the Legislature. The State Registrar may retain a percentage of the fees collected pursuant to Section 10605 of the Health and Safety Code, not to exceed 10 percent, in order to defray the costs of collection. The Franchise Tax Board may retain up to 5 percent of the taxpayer contributions to the fund made pursuant to Article 6 (commencing with Section 18500) of Chapter 17 of Part 10 of Division 2 of the Revenue and Taxation Code, to reimburse the board for the costs of administering that article.

(b) Notwithstanding Section 13340 of the Government Code, money in the State Children's Trust Fund is continuously appropriated without regard to fiscal years to the State Department of Social Services for the purpose of funding child abuse and neglect prevention and intervention programs. The department may not supplant any federal, state, or county funds with any funds made available through the State Children's Trust Fund. The department shall use no more than 5 percent of the funds appropriated pursuant to this section for administrative costs.

(c) The department may establish positions as needed for the purpose of implementing and administering child abuse and neglect prevention and intervention programs that are funded by the State Children's Trust Fund. However, the department shall use no more than 5 percent of the funds appropriated pursuant to this section for administrative costs.

(d) No children's trust fund money shall be used to supplant state General Fund money for any purpose.

(e) It is the intent of the Legislature that the State Children's Trust Fund provide for all of the following:

(1) The development of a public-private partnership by encouraging consistent outreach to the private foundation and corporate community.

(2) Funds for large-scale dissemination of information which will promote public awareness regarding the nature and incidence of child abuse and the availability of services for intervention. These public awareness activities shall include, but not be limited to, the production of public service announcements, well designed posters, pamphlets, booklets, videos, and other media tools.

(3) Research and demonstration projects which explore the nature and incidence and the development of long-term solutions to the problem of child abuse.

(4) The development of a mechanism to provide ongoing public awareness through activities which will promote the charitable tax deduction for the trust fund and seek continued contributions. These activities may include convening a philanthropic roundtable, developing literature for use by the State Bar for dissemination, and whatever other activities are deemed necessary and appropriate to promote the trust fund.

SEC. 8. Section 18970 of the Welfare and Institutions Code is amended to read:

18970. (a) The department shall expend funds appropriated to it pursuant to Section 18969 for innovative local child abuse and neglect prevention and intervention programs operated by private nonprofit organizations or public institutions of higher education with recognized expertise in fields related to child welfare. These projects shall be joined to formal evaluation components.

(b) These funds may also be used for evaluation, research, or dissemination of information concerning existing program models for the purpose of replication of successful models.

(c) The Office of Child Abuse Prevention and those local commissions designated by the county boards of supervisors shall collect and publish the following data relevant to the state and local children's trust funds:

(1) Descriptions of the types of programs and services funded by local and state children's trust funds and the target populations benefiting from these programs.

(2) The amount in each portion of the state and local trust fund as of June 30 each year, beginning June 30, 1987, as well as the amount disbursed in the preceding fiscal year.

(e) (1) Funds shall be expended from the moneys appropriated to the State Children's Trust Fund pursuant to Section 18969 of this code and Section 10585 of the Health and Safety Code to enable the Office of Child Abuse Prevention to annually collect and publish the data specified in subdivision (c).

(2) Funds may be expended from local children's trust funds established pursuant to Section 18966 to enable those local commissions designated by the county boards of supervisors in accordance with Section 18966 to annually collect and publish the

data specified in subdivision (c).

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 723

An act to add and repeal Chapter 1 (commencing with Section 100) of Part 1 of Division 2 of the Welfare and Institutions Code, relating to legal services for minors, and making an appropriation therefor.

I am deletng the $75,000 appropriation contained in Section 6 of Assembly Bill No. 4445

I believe that fundng for this proposed program should be considered during the budget process together with all other programs relatng to abused children. While $75,000 is not a large sum of money, it is likely that this program will cost over $1 million annually, if fully funded.

Thus, after reviewng this legislation, I have concluded that its merits do not sufficiently outweight the need this year for funding top priority programs and continuing a prudent reserve for econimic uncertainties.

I would, however, consider fundng the provisions of this bill durng the budget process for Fiscal Year 1989–90. It is appropriate to review the relative merits of this program in comparison to all other fundng projects. The budget process enables us to weigh all demands on the state's revenues and direct our resources to programs, either new or existng, that have the most merit

With this deletion, I approve Assembly Bill No 4445. George Deukmejian

[Approved by Governor August 30, 1988. Filed with Secretary of State August 30, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Studies have indicated correlations between child abuse and deviant behavior among juveniles and adults who have committed violent crimes.

(b) A body of research now exists which begins to document the causal relationship between child abuse, low self-esteem and the later potential of becoming abusers as adults.

(c) There is a well-recognized generational cycle of abuse and neglect in which abused children are predisposed to abusive behavior toward their own children, who in turn abuse and neglect their children.

(d) The 1986 Judicial Council of California Report indicates that juvenile dependency filings under Section 300 of the Welfare and Institutions Code rose dramatically for the second consecutive year

in 1984–85. The filings increased by 4,400 cases, or 16 percent over 1983–84 filings. Compared to earlier statistics, juvenile dependency filings rose a startling 139 percent, with an increase from 14,092 cases in 1974–75 to 33,731 cases in 1984–85.

(e) Dependent children are under the direct control of the juvenile division of the superior court. The judiciary is aware that resources for abused children in their communities are often used inefficiently or are otherwise lacking.

(f) The public reasonably expects that courts are ultimately in control of what happens to the lives and liberties of the children and families who come to the attention of public authorities.

(g) Recent legislation has placed an increasing demand on the courts and social services agencies for timely and thorough provision of family reunification services for dependents of the court. There is a lack of adequate services to prevent children from being placed in foster care and to facilitate the reunification of children in foster care with their families.

SEC. 2. The Legislature further finds and declares all of the following:

(a) The immediate costs to society of child abuse and neglect are staggering. Initial costs for child protective services for each case opened are estimated to average ten thousand dollars ($10,000). Temporary foster care costs five thousand dollars ($5,000) to fifteen thousand dollars ($15,000) a year.

(b) The long-range costs of the failure to prevent, intervene, and treat child abuse are beyond calculation. Children who have no permanent home suffer a great loss in their human potential.

(c) There are currently 38,000 children in foster care in California The longer a child is in foster care, the less likely it is that he or she will ever return to his or her natural family.

(d) Foster care and institutional care are far more expensive to the state than the cost of maintaining a child in his or her natural environment with support services.

(e) Recent testimony presented to the California Legislature indicates: The enactment of Chapter 978 of the Statutes of 1982 required that the courts, as part of the case review process, adopt a permanent placement plan for any child remaining in foster care for 18 months or more. First priority was given to adoption, followed by guardianship and then long-term foster care. Chapter 978 also requires increased court reporting, more court appearances and more contacts with parents and children. Testimony further showed that there have been a number of problems in the implementation of Chapter 978, stemming from a lack of resources and personnel. Because of this limited social service and judicial personnel, there is inadequate attention paid to many cases. The increased ratios of cases to judges, social workers, and attorneys decreases the time spent on each child.

(f) Despite the goals of Chapter 978 of the Statutes of 1982, foster care placements continue to increase

SEC. 3. The Legislature also finds all of the following:

(a) The intelligent and careful use of volunteer energies is a great untapped resource. Research shows that the use of volunteers to provide support to high risk families is more effective than treatment by professionals alone. The key to solving our immense social problems is the establishment of an effective working partnership between the courts, public agencies, private foundations and agencies, and volunteers.

(b) Volunteers ensure that services to children are multidimensional through the development of networks where services are oriented toward the child rather than the abusers. The assurance of the presence of a constant, caring person in a child's life is critical and is often missing in the child neglect and abuse intervention process. Volunteer advocates act as role models ensuring that the abused or neglected child realizes that some adults can be trusted.

(c) As a model for legislation, the use of public-private partnership and volunteerism has proven to be a cost-effective and sound problem-solving tool. The California Commission on Crime Control and Violence Prevention has found this model to have far reaching impact.

(d) The National Council of Juvenile and Family Court Judges, consisting of over 2,000 judges and court executives, reported in 1986 that "Court-Appointed Special Advocates (CASAs) should be utilized by the court at the earliest stage of the court process, where necessary, to communicate the best interests of an abused or neglected child." CASA volunteers seek to reunify the dependent child and the family whenever appropriate and to provide the court with recommendations for placing the dependent child with his or her natural family or other appropriate relatives.

SEC. 4. It is the intent of the Legislature to do all of the following:

(a) Promote the exercise of responsible citizenship so as to enable individuals to become personally involved in the lives and best interests of abused and neglected children made dependents of superior courts in the state.

(b) Provide startup funds to counties for the purpose of establishing Court-Appointed Special Advocate (CASA) programs to be administered by the Judicial Council.

(c) Address child abuse prevention issues through matching a high-risk population, abused children, with consistent, caring, and responsible CASAs who will then encourage and facilitate provision of treatment and hasten permanent placement.

(d) Provide the state courts with timely, informative, thorough, and multidimensional reports outlining their recommendations as to the best interests of a dependent child.

(e) Encourage the development of CASA-type programs throughout the state.

SEC. 5. Chapter 1 (commencing with Section 100) is added to Part 1 of Division 2 of the Welfare and Institutions Code, to read:

CHAPTER 1. COURT-APPOINTED SPECIAL ADVOCATES

100. The Judicial Council shall establish a planning and advisory group consisting of appropriate professional and program specialists to recommend on the development of program guidelines and funding procedures consistent with this chapter. At a minimum, the council shall adopt program guidelines consistent with the guidelines established by the National Court Appointed Special Advocate Association, and with California law; the council may require additional or more stringent standards. State funding shall be contingent on a program adopting and adhering to the program guidelines adopted by the council.

The program guidelines adopted by the council shall be adopted and incorporated into local rules of court by each participating superior court as a prerequisite to funding pursuant to this chapter.

The council shall adopt program guidelines and criteria for funding which encourage multicounty CASA programs where appropriate, and shall in no case provide for funding more than one program per county.

The council shall establish in a timely fashion a request-for-proposal process to establish, maintain, or expand local CASA programs, upon application of a board of supervisors, and require local matching funds or in-kind funds equal to the proposal request. The maximum state grant per county program per year shall not exceed twenty thousand dollars ($20,000).

101. As used in this chapter, the following definitions shall apply:

(a) "Adult" means a person 18 years of age or older.

(b) "Child or minor" means a person under 18 years of age.

(c) "CASA" means a Court-Appointed Special Advocate. "CASA" also refers to a Court Designated Child Advocate in programs which have utilized that title. A CASA has the duties and responsibilities described in this chapter and shall be trained by and function under the auspices of a court-appointed special advocate program as set forth in this chapter.

(d) "Court" means the superior court, including the juvenile court.

(e) "Dependent" means a child described in Section 300 of the Welfare and Institutions Code.

102. (a) Each CASA program shall, if feasible, be staffed by a minimum of one paid administrator. The staff shall be directly accountable to the presiding juvenile court judge and the CASA program board of directors, as applicable.

(b) The program shall provide for volunteers to serve as CASAs. A CASA may be appointed in juvenile dependency proceedings under Section 300 and in actions to terminate parental rights to custody and control, as deemed appropriate by the juvenile or other superior court judge hearing the matter.

(c) Each CASA shall serve at the pleasure of the court having

jurisdiction over the proceedings in which a CASA has been appointed. A CASA shall do all of the following:

(1) Provide independent, factual information to the court regarding the cases to which he or she is appointed.

(2) Represent the best interests of the children involved, and consider the best interests of the family, in the cases to which he or she is appointed.

(3) At the request of the judge, monitor cases to which he or she has been appointed to assure that the court's orders have been fulfilled.

(d) The Judicial Council, through its rules and regulations, shall require an initial and ongoing training program consistent with this chapter to all persons acting as a CASA, including, but not limited to, each of the following:

(1) Dynamics of child abuse and neglect.

(2) Court structure, including juvenile court laws regarding dependency.

(3) Social service systems.

(4) Child development.

(5) Interviewing techniques.

(6) Report writing.

(7) Roles and responsibilities of a CASA.

(8) Rules of evidence and discovery procedures.

(9) Problems associated with verifying reports.

(e) The Judicial Council, through its CASA Advisory Committee, shall adopt guidelines for the screening of CASA volunteers, which shall include personal interviews, reference checks, checks for records of sex offenses and other criminal records, information from the Department of Motor Vehicles, and other information as the Judicial Council deems appropriate.

103. (a) Persons acting as a CASA shall be individuals who have demonstrated an interest in children and their welfare. Each CASA shall participate in a training course conducted under the rules and regulations adopted by the Judicial Council and in ongoing training and supervision throughout his or her involvement in the program. Each CASA shall be evaluated before and after initial training to determine his or her fitness for these responsibilities. Ongoing training shall be provided at least monthly.

(b) Each CASA shall commit a minimum of one year of service to a child until a permanent placement is achieved for the child or until relieved by the court, whichever is first. At the end of each year of service, the CASA, with the approval of the court, may recommit for an additional year.

(c) A CASA shall have no associations which create a conflict of interest with his or her duties as a CASA.

(d) An adult otherwise qualified to act as a CASA shall not be discriminated against based upon sex, socioeconomic, religious, racial, ethnic, or age factors.

(e) Each CASA is an officer of the court, with the relevant rights

and responsibilities that pertain to that role and shall act consistently with the local rules of court pertaining to CASAs.

(f) Each CASA shall be sworn in by a superior court judge or commissioner before beginning his or her duties.

(g) A judge may appoint a CASA when, in the opinion of the judge, a child requires services which can be provided by the CASA, consistent with the local rules of court.

(h) To accomplish the appointment of a CASA, the judge making the appointment shall sign an order, which may grant the CASA the authority to review specific relevant documents and interview parties involved in the case, as well as other persons having significant information relating to the child, to the same extent as any other officer of the court appointed to investigate proceedings on behalf of the court.

104. (a) The court shall determine the extent of the CASA's duties in each case. These duties may include an independent investigation of the circumstances surrounding a case to which he or she has been appointed, interviewing and observing the child and other appropriate individuals, and the reviewing of appropriate records and reports.

(b) The CASA shall report the results of the investigation to the court.

(c) The CASA shall follow the direction and orders of the court and shall provide information specifically requested by the court.

105. All otherwise confidential records and information acquired or reviewed by a CASA during the course of his or her duties shall remain confidential and shall be disclosed only pursuant to a court order.

106. The CASA shall be notified of hearings and other proceedings concerning the case to which he or she has been appointed.

107. Upon presentation of the order of his or her appointment by the CASA, and upon specific court order and consistent with the rules of evidence, any agency, hospital, school, organization, division or department of the state, physician and surgeon, nurse, other health care provider, psychologist, psychiatrist, police department, or mental health clinic shall permit the CASA to inspect and copy any records relating to the child involved in the case of appointment without the consent of the child or parents.

108. The Judicial Council shall report to the Legislature on the implementation of the program, and shall include recommendations on the continued funding and expansion of the program, as appropriate.

109. Nothing in this chapter permits a person acting as a CASA to participate or appear in criminal proceedings or in proceedings to declare a person a ward of the juvenile court pursuant to Section 601 or 602.

110. This chapter shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which

is enacted before January 1, 1992, deletes or extends that date.

SEC. 6. (a) The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the General Fund to the Judicial Council for the purposes of this act.

(b) A maximum of twenty thousand dollars ($20,000) may be allocated to each county participating in the program. Eligibility for an allocation shall be based on a match in cash or in-kind by the county CASA program.

(b) The requirement of subdivision (a) is satisfied if any of the following are shown:

(1) Under the circumstances of the case, it may be inferred that there is a danger that the property sought to be attached would be concealed, substantially impaired in value, or otherwise made unavailable to levy if issuance of the order were delayed until the matter could be heard on notice.

(2) Under the circumstances of the case, it may be inferred that the defendant has failed to pay the debt underlying the requested attachment and the defendant is insolvent in the sense that the defendant is generally not paying his or her debts as those debts become due, unless the debts are subject to a bona fide dispute. Plaintiff's affidavit filed in support of the ex parte attachment shall state, in addition to the requirements of Section 485.530, the known undisputed debts of the defendant, that the debts are not subject to bona fide dispute, and the basis for plaintiff's determination that the defendant's debts are undisputed.

sales notice or the proceeds of the sale of such property. In addition to any other service required by this title, such writ shall be served by the levying officer on the transferee or auctioneer identified by the bulk sales notice not more than five days after the levy of such writ. A writ issued solely on a showing under paragraph (4) of subdivision (b) shall be limited to the plaintiff's pro rata share of the proceeds of the sale in escrow.

5100. CHAPTER 729

An act to add Section 4700.10 to, and to repeal Section 4800.7 of, the Civil Code, relating to family law.

[Approved by Governor August 30, 1988. Filed with Secretary of State August 31, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 4700.10 is added to the Civil Code, to read:

4700.10. (a) As used in this section:

(1) "Custodial parent" means a party awarded physical custody of a child.

(2) "Deferred sale of home order" means an order that temporarily delays the sale and awards the temporary exclusive use and possession of the family home to a custodial parent of minor children, or children for whom support is authorized under Section 196 or 206, whether or not the custodial parent has sole or joint custody, in order to minimize the adverse impact of dissolution or legal separation on the welfare of the children.

(3) "Resident parent" means a party who has requested or who has already been awarded a deferred sale of home order.

(b) In any case in which one of the parties has requested a deferred sale of home order pursuant to this section, the court shall first determine whether it is economically feasible to maintain the payments of any note secured by a deed of trust, property taxes, insurance for the home during the period the sale of the home is deferred, and the condition of the home comparable to that at the time of trial. In making this determination, the court shall consider the resident parent's income, the availability of spousal support, child support, or both spousal and child support, and any other sources of funds available to make those payments. In requiring this

determination, it is the intent of the Legislature to avoid the likelihood of possible defaults on the payments of notes and resulting foreclosures, to avoid inadequate insurance coverage, to prevent deterioration of the condition of the family home, and to prevent any other circumstance which would jeopardize both parents' equity in the home. After making this determination that it is economically feasible to consider ordering a deferred sale of the family home, the court in exercising its discretion to grant or deny a deferred sale of home order, shall consider all of the following:

(1) The length of time the child has resided in the home.

(2) The child's placement or grade in school.

(3) The accessibility and convenience of the home to the child's school and other services or facilities used by and available to the child, including child care.

(4) Whether the home has been adapted or modified to accommodate any physical disabilities of a child or a resident parent in a manner such that a change in residence may adversely affect the ability of the resident parent to meet the needs of the child.

(5) The emotional detriment to the child associated with a change in residence.

(6) The extent to which the location of the home permits the resident parent to continue his or her employment.

(7) The financial ability of each parent to obtain suitable housing.

(8) The tax consequences to the parents.

(9) The economic detriment to the nonresident parent in the event of a deferred sale of home order.

(10) Any other factors the court deems just and equitable.

(c) Upon a determination pursuant to subdivision (b) that a deferred sale of home order is necessary in order to minimize the adverse impact of dissolution or legal separation on the child, the court may make such an order to a custodial parent. The order shall include the legal description and assessor's parcel number of the real property which is subject to the order and the duration of the order, and shall be recorded in the office of the county recorder of the county in which the real property is located. Such an order may be considered to constitute additional child support pursuant to Section 4728.5.

SEC. 2. Section 785.7 is added to the Public Utilities Code, to read:

785.7. (a) No gas corporation shall charge, directly or indirectly, a higher rate for the transportation of gas produced in this state than for the transportation of gas from any other source. No gas corporation shall require a producer of gas or a customer for whom any gas transportation service is performed to utilize the corporation's services or facilities either to deliver gas from the producer's facility to the corporation's gas plant or to process the gas to render it compatible with the corporation's gas plant.

If the gas corporation constructs new facilities at the request of the producer or customer exclusively to receive gas by the gas corporation's gas plant, the gas corporation may impose a charge for the construction, operation, and maintenance of these facilities. The amount of the charge for the processing service or facilities authorized by this subdivision shall be established by the commission and shall be based on the actual expenses for the construction, operation, maintenance, labor, materials, and overhead involved in providing the specific service or facilities.

(c) For purposes of this section, "transportation" means the movement of gas from the point of receiving by the gas plant of a gas corporation to the point of delivery to the person or corporation for whom the transportation service is performed, including any related gathering or processing of the gas. The point of receiving by the gas

plant is that point in the gas corporation's existing plant which is nearest the source of the gas and which has receiving capacity, but does not include any new facility constructed by the gas corporation at the request of the producer or customer exclusively to receive that gas. The terms and conditions of receiving, for these purposes, shall be comparable to the gas corporation's purchase contracts in the general area of the point of receiving.

(d) Subdivision (a) does not apply to exchanges of gas between a gas corporation and a producer of gas.

(e) The commission shall allow the gas corporation to fully recover all reasonable and prudent costs associated with ownership and operation of the gas plant used for transportation.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

manufactured home or mobilehome.

(c) Pursuant to subdivision (b), upon renewal of registration in 1989, or thereafter, once the registered owner provides documentation or a written statement to the department to establish the exemption, the department shall not require the owner to establish the exemption in each subsequent year upon renewal, unless the department receives evidence that the manufactured home or mobilehome is no longer located on a private parcel owned by the registered owner of the home. The Limited Examination and Appointment Program has proven to be an effective alternative selection process and should be continued on a permanent basis as one of several methods used to promote the employment of persons with disabilities.

During the job examination period, the appointing power shall prepare written evaluations of the candidate's performance in accordance with board rule. The final evaluation shall contain a recommendation as to whether or not to appoint the candidate to an appropriate position where civil service status may accumulate.

The clause shall specifically state the effect of the amendment or modification upon the rights of the holders of all of the bonds and interest coupons appertaining thereto, whether attached thereto or detached therefrom.

With respect to any clause providing for the modification or amendment of an indenture, the board may agree that bonds held by the Treasurer, the United States or any instrumentality thereof, or the State of California or any political subdivision thereof (including every municipal corporation, district, public corporation, board or agency of any kind or class) shall not be counted as outstanding bonds, or be entitled to vote or assent, but shall, nevertheless, be subject to any modification or amendment of this type.

all bonds of the same authorized issue be of the same kind or character, have the same security, or be of the same interest rate, but the terms thereof shall in each case be provided for by the board, at or prior to the issue thereof.

SEC. 14. Section 90039 of the Education Code is amended to read:

90039. Bonds may be issued as coupon bonds or as registered bonds. No bond by its terms shall mature in more than 50 years from its own date and, in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date herein authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

SEC. 19. Section 90046 of the Education Code is amended to read:

90046. The Treasurer, when authorized by resolution of the board may sell bonds and notes at less than their par or face value, but no bond or note may be sold at a price below the par or face value thereof which would result in a sale price yielding to the purchaser an average of more than 12 percent per annum, payable semiannually, according to standard tables of bond values.

authorized by resolution of the board. In carrying out these purposes, the money may be used to make loans to builders and developers for the establishment, acquisition, or construction of projects, to acquire leasehold interests in projects, or otherwise to provide funds for projects in any manner as the board may authorize by resolution. Moneys required to meet the costs of acquisition, construction, improvement, equipment, furnishing, financing, or refinancing of any project authorized by this article and all costs incident thereto shall be paid from the construction fund as herein provided upon claim filed by the board and after audit by the Controller in the manner provided by law and upon warrants drawn by the Controller.

SEC. 32. Section 90074 of the Education Code is amended to read:

(2) "Substantial paid work" means work of at least 20 hours per week which is paid for in accordance with applicable standards set forth by the federal Department of Labor and the State Department of Industrial Relations.

(3) "Integrated work" means the engagement of an employee with a disability in work in a natural community employment setting, including, but not limited to, work crews, enclaves, and individual placements, in which the degree of integration is measured by the extent to which the disabled employee has opportunities to interact with nondisabled individuals other than those providing direct support services to the disabled employee.

(4) "Work crew" means a group of workers in the community typically containing no more than eight persons with developmental disabilities who engage in paid work together on service contracts in the community.

(5) "Enclave" means a group typically containing no more than eight persons with developmental disabilities that engages in paid work at employer sites in the community and represents a minority of the employer work force.

(6) "Individual placement" means placing a person with a developmental disability with an employer in the community and providing specialized services which are intended to lead to employer-paid and employer-supervised employment, and which decrease as the individual adjusts to the job; and ongoing postemployment services necessary for the individual to retain the job.

(7) "Allowable supported employment services" means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program, for the purpose of achieving supported employment as an outcome for persons with developmental disabilities, which may include any of the following:

(A) Work-activity program staff time spent conducting task analysis on a supported employment opportunity for a specific client or group of clients.

(B) Work-activity program staff time spent in the direct supervision or training of a client or clients while they are engaged in integrated work designed to achieve supported employment unless other arrangements for client supervision, such as employer supervision reimbursed by the work-activity program, are approved by the Habilitation Services Program.

(C) Social skills training which is necessary to ensure job adjustment and retention, and which is provided in an integrated setting, unless otherwise approved by the Habilitation Services Program.

(F) Direct action to advocate on behalf of a client to resolve problems affecting the client's work adjustment or retention of an integrated job.

(G) Intervention with the employer to review a client's job performance, resolve job problems or facilitate the employer's hiring of the client as an employee.

(H) In the case of work crews, the time crew members spend preparing for and ending the day's work.

(I) In the case of individual placements, job development to the extent authorized by the Habilitation Services Program, and ongoing postemployment support services needed to ensure the client's retention of the job.

(J) In the case of enclaves, the staff time spent obtaining and arranging the enclave for a specific group of clients.

(b) Notwithstanding subdivision (c) of Section 19353, the department's habilitation services and vocational rehabilitation programs may mutually serve individuals whose individual written rehabilitation program provides for placement into supported employment.

(c) (1) Commencing in the 1986–87 fiscal year, the Habilitation Services Program shall set hourly rates for supported employment in accordance with this section. The Habilitation Services Program shall apply those rates to those work-activity programs or program components of work-activity programs approved by the department to provide community-integrated services under former paragraph (3) of subdivision (d) of Section 19356.5, and to new programs or components approved by the Habilitation Services Program to provide supported employment services following enactment of this section. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services

Program.

(2) The hourly rate for work crews and enclaves shall be four dollars ($4) per client or, in the case of new components of existing programs, the work-activity program's daily rate converted to an hourly rate according to the formula set forth in subdivision (d), whichever hourly rate is the higher. In addition, the Habilitation Services Program may, at its discretion, negotiate a higher hourly rate for work crews or enclaves, based upon a submitted budget that is approved by the Habilitation Services Program, when there is documentation that clearly demonstrates a need for a higher rate because of the nature and severity of the disabilities of the clients served, as determined by the Habilitation Services Program.

(3) The hourly rate for individual placement shall be twenty dollars ($20) per client for one-to-one services. If more than one client is receiving placement services simultaneously at the same site, the amount to be reimbursed per hour of service provided shall not exceed twenty dollars ($20) regardless of the number of clients receiving service during the hour.

(4) These hourly rates shall be subject to rate adjustments provided by law commencing with the 1987–88 fiscal year.

(d) (1) When a client receives traditional work-activity services and supported employment services during the same payment period, the Habilitation Services Program shall convert the daily rate for the traditional work-activity services into an hourly rate for the purpose of paying for those traditional work-activity services received by that client. In its conversion of the daily rate into any hourly rate the Habilitation Services Program shall use the formula in paragraph (2).

(2) The daily rate of the work-activity program shall be divided by the number of hours in the program day of the traditional work-activity program during the historical period on which its rate is based, or as of the date the Habilitation Services Program approved the work-activity program as a new provider of habilitation services plus 5 percent.

(e) This section shall become inoperative on October 1, 1990, and, as of January 1, 1991, is repealed unless a later enacted statute which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. Section 19356.7 of the Welfare and Institutions Code is amended to read:

19356.7. (a) Proposals for funding of supported employment programs and components by the Habilitation Services Program shall be submitted to the Habilitation Services Program and shall contain sufficient information to enable the Habilitation Services Program to act on the proposal under this section.

(b) Provided that sufficient funding is available to finance services by supported employment programs and components, the Habilitation Services Program may approve or disapprove proposals based on all of the following criteria:

(1) The need for a supported employment program or component.

(2) The capacity of the program to deliver supported employment services effectively.

(3) The ability of the program to comply with accreditation and certification requirements of the Habilitation Services Program where applicable.

(4) A profile of an average client in the program or component, showing the planned progress toward self-reliance as an employee, measured, as appropriate, in terms of decreasing support services.

(5) The ability of the program to achieve integrated substantial paid work on the average for clients served.

(c) The Habilitation Services Program may purchase supported employment services at the rates authorized in Section 19356.6 only from supported employment programs or components approved under this section.

(d) For purposes of evaluating the effectiveness of the entire program, and individual supported employment programs or components, the Habilitation Services Program may monitor supported employment programs or components to determine whether the performance agreed upon in the approved proposal is being achieved. When the performance of a supported employment program or component does not comply with the criteria according to which it was approved for funding pursuant to subdivision (b), the Habilitation Services Program may establish prospective performance criteria for the program or component, with which the program or component shall comply as a condition of continued funding.

(e) The department may adopt the regulations it deems necessary to implement Sections 19352, 19356.6, and this section.

(f) This section shall become inoperative on October 1, 1990, and, as of January 1, 1991, is repealed unless a later enacted statute which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 750

An act to add Sections 1569.152, 1569.153, and 1569.154 to the Health and Safety Code, relating to residential care facilities for the elderly.

[Approved by Governor September 7, 1988. Filed with Secretary of State September 7, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Serious concerns have been raised regarding the problem of theft and loss of residents' personal belongings in residential care facilities for the elderly throughout California.

(b) There is presently inadequate enforcement or monitoring in facilities to help safeguard residents' valuables.

(c) Therefore, it is the intent of the Legislature, while recognizing that the problem cannot be completely eliminated, to establish requirements that facilities shall follow in an attempt to significantly reduce the incidence of theft and loss.

SEC. 2. Section 1569.152 is added to the Health and Safety Code, to read:

1569.152. (a) A residential care facility for the elderly, as defined in Section 1569.2, which fails to make reasonable efforts to safeguard resident property shall reimburse a resident for or replace stolen or lost resident property at its then current value. The facility shall be presumed to have made reasonable efforts to safeguard resident property if the facility has shown clear and convincing evidence of its efforts to meet each of the requirements specified in Section 1569.153. The presumption shall be a rebuttable presumption, and the resident or the resident's representative may pursue this matter in any court of competent jurisdiction.

(b) A civil penalty shall be levied if the residential care facility for the elderly has no program in place or if the facility has not shown clear and convincing evidence of its efforts to meet all of the requirements set forth in Section 1569.153. The State Department of Social Services shall issue a deficiency in the event that the manner in which the policies have been implemented is inadequate or the individual facility situation warrants additional theft and loss protections.

(c) The department shall not determine that a facility's program is inadequate based solely on the occasional occurrence of theft or loss in a facility.

SEC. 3. Section 1569.153 is added to the Health and Safety Code, to read:

1569.153. A theft and loss program shall be implemented by the residential care facilities for the elderly within 90 days after January 1, 1989. The program shall include all of the following:

(a) Establishment and posting of the facility's policy regarding theft and investigative procedures.

(b) Orientation to the policies and procedures for all employees within 90 days of employment.

(c) Documentation of lost and stolen resident property with a value of twenty-five dollars ($25) or more within 72 hours of the discovery of the loss or theft and, upon request, the documented theft and loss record for the past 12 months shall be made available to the State Department of Social Services, law enforcement agencies and to the office of the State Long-Term Care Ombudsman in response to a specific complaint. The documentation shall include, but not be limited to, the following:

(1) A description of the article.
(2) Its estimated value.
(3) The date and time the theft or loss was discovered.
(4) If determinable, the date and time the loss or theft occurred.
(5) The action taken.

(d) A written resident personal property inventory is established upon admission and retained during the resident's stay in the residential care facility for the elderly. Inventories shall be written in ink, witnessed by the facility and the resident or resident's representative, and dated. A copy of the written inventory shall be provided to the resident or the person acting on the resident's behalf. All additions to an inventory shall be made in ink, and shall be witnessed by the facility and the resident or resident's representative, and dated. Subsequent items brought into or removed from the facility shall be added to or deleted from the personal property inventory by the facility at the written request of the resident, the resident's family, a responsible party, or a person acting on behalf of a resident. The facility shall not be liable for items which have not been requested to be included in the inventory or for items which have been deleted from the inventory. A copy of a current inventory shall be made available upon request to the resident, responsible party, or other authorized representative. The resident, resident's family, or a responsible party may list those items which are not subject to addition or deletion from the inventory, such as personal clothing or laundry, which are subject to frequent removal from the facility.

(e) Inventory and surrender of the resident's personal effects and valuables upon discharge to the resident or authorized representative in exchange for a signed receipt.

(f) Inventory and surrender of personal effects and valuables following the death of a resident to the authorized representative in exchange for a signed receipt. Immediate written notice to the public administrator of the county upon the death of a resident whose heirs are unable or unwilling to claim the property as specified in Chapter 20 (commencing with Section 1140) of Division 3 of the Probate Code.

(g) Documentation, at least semiannually, of the facility's efforts to control theft and loss, including the review of theft and loss documentation and investigative procedures and results of the investigation by the administrator and, when feasible, the resident council.

(h) Establishment of a method of marking, to the extent feasible, personal property items for identification purposes upon admission and, as added to the property inventory list, including engraving of dentures and tagging of other prosthetic devices.

(i) Reports to the local law enforcement agency within 36 hours when the administrator of the facility has reason to believe resident property with a then current value of one hundred dollars ($100) or more has been stolen. Copies of those reports for the preceding 12

months shall be made available to the State Department of Social Services and law enforcement agencies.

(j) Maintenance of a secured area for residents' property which is available for safekeeping of resident property upon the request of the resident or the resident's responsible party. Provide a lock for the resident's bedside drawer or cabinet upon request of and at the expense of the resident, the resident's family, or authorized representative. The facility administrator shall have access to the locked areas upon request.

CHAPTER 752

An act to amend Section 65081 of, and to add Section 66531 to, the Government Code, relating to transportation.

[Approved by Governor September 7, 1988 Filed with Secretary of State September 7, 1988.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that transportation system management strategies should be a vital part

of regional transportation planning efforts in urban areas. Therefore, regional transportation plans for areas over 50,000 in population should include a transportation system management element as part of a long-range transportation planning effort.

The Legislature further finds and declares that regional transportation planning in the San Francisco Bay area must have local support for it to be meaningful and for the resulting plan to be implemented. Therefore, the Metropolitan Transportation Commission should use comprehensive transportation plans generated by each county within its jurisdiction as the primary basis for the regional transportation plan for the bay area.

SEC. 2. Section 65081 of the Government Code is amended to read:

65081. The regional transportation plan shall include:

(a) A policy element that considers important transportation issues and describes the desired short- and long-range transportation goals, and pragmatic objective and policy statements. The objective and policy statements shall consider probable funding constraints.

(b) An action element that describes the programs and actions necessary to implement the plan and assigns implementation responsibilities. The action element shall also include a program for developing intracity and intercity bicycle programs.

The action element may include a future development list of capacity increasing state highway projects in priority order for initiation of project studies reports. If the list is prepared within the area of the multicounty designated transportation planning agency as defined in Section 130004 of the Public Utilities Code, each county transportation commission shall adopt for the area within its jurisdiction a future development list of capacity increasing state highway projects in priority order. The future development list adopted by the multicounty transportation planning agency shall include the lists separately adopted by each county transportation commission. These lists shall be limited to the regional summation of funds available for capacity improvement projects in the adopted state transportation improvement program when distributed according to the county minimum formula defined in Section 188.8 of the Streets and Highways Code.

(c) A financial element that summarizes the cost of plan implementation, compares these costs to a realistic projection of available revenues, and includes estimates of expected surplus and deficits. It shall contain recommendations for the allocation of funds and for the development of new sources of revenues if needed.

(d) A transportation system management element in urbanized areas over 50,000 in population. The transportation system management element shall include a description of the system to be managed and of the process to be followed in developing and implementing the element. In describing the system, the highway portion shall include the freeways, expressways, and major arterials which constitute the trunkline network for the region. Significant

intermodal connections shall also be included.

The transportation system management element shall identify traffic mitigation strategies which include, but are not limited to, all of the following: (1) designation of high occupancy vehicle lanes, (2) designation of metered interchanges, (3) synchronized signal systems, (4) local traffic mitigation ordinances, (5) flexible work hours and ridesharing activities, and (6) other related activities which are designed to increase the capability of the existing transportation system to move people and goods.

The process for developing and implementing the transportation system management element shall include (1) consultation with local officials and the private sector, including consideration of city and county transportation system management plans, and (2) a description of how the element is to be monitored and evaluated.

SEC. 3. Section 66531 is added to the Government Code, to read:

66531. (a) Each county within the jurisdiction of the commission, together with the cities within the county, may, every two years, develop and update a transportation plan for the county and the cities within the county. The county transportation plan shall be submitted to the commission by the organization designated jointly by the county board of supervisors and the city selection committee.

(b) The commission, in consultation with local agencies, shall develop guidelines to be used in the preparation of county transportation plans. These guidelines shall be consistent with the commission's preparation of the regional transportation plan pursuant to Section 65081. These plans may include, but are not limited to, the following:

(1) Recommendations for major improvements to the system of major arterials, public transit system, and portions of the state highway system within the county.

(2) Consideration of transportation system management alternatives which are designed to increase the capability of the existing transportation system within the county to move people and goods.

(3) Consideration of transportation impacts associated with land use designations embodied in the general plans of the county and cities within the county and projections of economic and population growth available from the Association of Bay Area Governments.

(c) The commission shall adopt guidelines on or before January 1, 1990.

(d) The county transportation plan shall include recommended transportation improvements for the succeeding 10- and 20-year periods.

(e) The county transportation plans shall be the primary basis for the commission's regional transportation plan and shall be considered in the preparation of the regional transportation improvement program. To provide regional consistency, the county transportation plans shall consider the most recent regional

transportation plan adopted by the commission. Where the counties' transportation plans conflict, the commission may resolve the differences as part of the regional transportation plan. The commission shall add proposals and policies of regional significance to the regional transportation plan.

(f) With the consent of the commission, a county may have the commission prepare its county transportation plan.

(g) The counties, together with the commission, shall jointly develop a funding strategy for the preparation of each county's transportation plan.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 7. (a) This act shall operate to supply such legislative authorization as may be necessary to authorize, confirm, and validate

any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) This act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) This act shall not operate to authorize, confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which is pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to authorize, confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void, or ineffective.

(d) This act shall not operate to authorize, confirm, validate, or legalize a contract between any public body and the United States.

SEC. 8. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization, or incorporation of any public body, or for any annexation thereto, exclusion therefrom, or other change of boundaries thereof, or for the consolidation, merger, or dissolution of any public bodies, or for, or in connection with, the authorization, issuance, sale, execution, delivery, or exchange of bonds thereof upon any ground involving any alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of such matters shall be held to be valid and in every respect legal and incontestable. This act shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 9. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by those sections.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To validate the organization, boundaries, acts, proceedings, and bonds of public bodies as soon as possible, it is necessary that this act take immediate effect.

CHAPTER 759

An act to add Sections 587 and 797 to the Public Utilities Code, relating to the Public Utilities Commission.

[Approved by Governor September 7, 1988. Filed with Secretary of State September 7, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 587 is added to the Public Utilities Code, to read:

587. Every electrical, gas, and telephone corporation shall annually prepare and submit to the commission a report describing all significant transactions, as specified by the commission, between the corporation and every subsidiary or affiliate of, or corporation holding a controlling interest in, the electrical, gas, or telephone

corporation. The report shall identify the nature of the transactions and the terms and conditions applying to them, including, but not limited to, the basis upon which cost allocations and transfer pricing were established for the transactions.

SEC. 2. Section 797 is added to the Public Utilities Code, to read:

797. The commission shall periodically audit all significant transactions, as specified by the commission, between an electrical, gas, or telephone corporation and every subsidiary or affiliate of, or corporation holding a controlling interest in, that electrical, gas, or telephone corporation. The commission may, in this connection, utilize the services of an independent auditor, who shall be selected and supervised by the commission. Nothing in this section prohibits the commission from auditing any transaction between an electrical, gas, or telephone corporation and any subsidiary or affiliate of, or corporation holding a controlling interest in, the electrical, gas, or telephone corporation, as otherwise permitted or required by law.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 760

An act to add Section 5781.46 to the Public Resources Code, relating to recreation and park districts.

[Approved by Governor September 7, 1988 Filed with Secretary of State September 7, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 5781.46 is added to the Public Resources Code, to read:

5781.46. (a) Notwithstanding Section 5781.4 or any other provision of law to the contrary, the board of directors of the North Bakersfield Recreation and Park District shall be composed of seven members who shall be selected pursuant to subdivision (b).

(b) (1) If the board of directors is appointed by the board of supervisors and by the mayors of cities included wholly or partly in the district, then the board of supervisors and the mayors of those cities shall specify the terms of office of members to be appointed.

(2) If unincorporated territory and territory of only one city is included in the district, four members of the board of directors shall be appointed by the board of supervisors of the county in which the district is formed, unless the population of the city or part in the district exceeds that of the unincorporated territory included in the

district, in which event four members of the board of directors appointed by the mayor of the city and three members appointed by the board of supervisors of the county in which the district is formed shall constitute the district board of directors.

(3) If unincorporated territory and all or parts of two or more cities are included in the district, one director shall be appointed by the board of supervisors. The remaining members shall be selected by majority vote of the mayors of the cities included wholly or partly within the district.

(4) If the district contains no unincorporated territory, the district board of directors shall consist of seven directors appointed by the mayor of the city, or mayors of the cities included wholly or partly within the district. If only two cities or parts thereof are in the district, three district board members shall be appointed by the mayor of the city having the lesser population, and four members by the mayor of the city having the greater population. If more than two cities are included wholly or partly within a district, the members of the district board shall be selected by majority vote of the mayors of those cities.

(c) The board of directors may be elected as provided in this chapter.

SEC. 2. (a) All acts and proceedings heretofore taken by the board of directors of the North Bakersfield Recreation and Park District under any law or under color of any law are hereby authorized, confirmed, validated, and declared legally effective.

(b) This act operates to supply the legislative authorization necessary to authorize, confirm, and validate those actions and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which those acts or proceedings were taken.

(c) This act is limited to the validation of acts and proceedings to the extent to which the acts and proceedings can be effectuated under the California and United States Constitutions.

(d) This act does not authorize, confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which is pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to authorize, confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void, or ineffective.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances posed by the North Bakersfield Recreation and Park District. Among these circumstances is the original organization of the district in 1955 as a county recreation district with a board of directors consisting of seven members. Upon its reorganization in 1960 as a recreation and park district, the district

retained its seven-member board of directors on the advice of counsel despite the absence of statutory authorization. The North Bakersfield Recreation and Park District is the only recreation and park district to do so. In order for the district to maintain its board of directors with seven members, this special act is necessary.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 761

An act to amend Section 20022 of the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor September 7, 1988. Filed with Secretary of State September 7, 1988.]

(b) "Compensation" shall not include: (1) the provision by an employer of any medical or hospital service or care plan or insurance plan (other than the purchase of annuity contracts referred to in this section) for its employees, any contribution by an employer to meet the premium or charge for such plan, or any payment into a private fund to provide health and welfare benefits for its employees; (2) any payment by an employer of the employee portion of taxes imposed by the Federal Insurance Contribution Act; (3) amounts not available for payment of salaries and which are applied by an employer for the purchase of annuity contracts including those which meet the requirements of Section 403(b) of the Internal Revenue Code of the United States; (4) the bonus sum provided for low-paid state employees in the Budget Act of 1975; (5) any benefits paid pursuant to Article 5 (commencing with Section 19878) of Chapter 2.5 of Part 2.6 of this division; (6) employers' payments which are to be credited as employee contributions for benefits provided by this system, or employers' payments which are to be credited to employee accounts in deferred compensation plans; provided, that amounts deducted from a member's wages for participation in a deferred compensation plan pursuant to paragraph (3) of subdivision (a) shall not be considered to be employer's payments; (7) lump-sum payments for vacation, sick leave, or compensating time off; (8) final settlement pay; (9) payments for overtime, including pay in lieu of vacation or holiday; (10) special compensation for additional services outside regular duties, such as standby pay, callback pay, court duty, allowance for automobile, bonuses for duties performed after regular work shift; (11) advanced disability pension payments provided pursuant to Section 4850.3 of the Labor Code; (12) amounts not available for payment of salaries and which are applied by the employer for the purchase of a retirement plan which meets the requirements of Section 401(k) of the Internal Revenue Code of the United States; (13) amounts not available for payment of salaries which are applied by the employer for payment into a money purchase pension plan and trust which

meets the requirements of Section 401(a) of the Internal Revenue Code of the United States; (14) payments made by employers to or on behalf of their employees who have elected to be covered by a flexible benefits program, where those payments reflect amounts that exceed their employees' salaries; and (15) any other payments the board may determine not to be compensation.

(c) If the provisions of this section are in conflict with the provisions of the memoranda of understanding reached pursuant to Section 3517.5 for state bargaining units 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, and 20, the memoranda of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

(d) Subdivision (c) is not applicable to base salary payments or payments for time during which the member is excused from work because of holidays, sick leave, vacation, compensating time off, or leave of absence.

CHAPTER 762

The people of the State of California do enact as follows:

SECTION 1. Section 44811 of the Education Code is repealed.

SEC. 2. Section 44811 is added to the Education Code, to read:

44811. Any parent, guardian, or other person whose conduct in a place where a school employee is required to be in the course of his or her duties materially disrupts classwork or extracurricular activities or involves substantial disorder is guilty of a misdemeanor which is punishable by a fine not exceeding one hundred dollars ($100), by imprisonment in the county jail for a period of not more than 10 days, or both. This section does not apply to any otherwise lawful employee concerted activity, including, but not limited to, picketing and the distribution of handbills.

SEC. 3. Section 44812 of the Education Code is repealed.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 763

An act to amend Sections 20930 and 21263.2 of the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1988 Filed with Secretary of State September 7, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 20930 of the Government Code is amended to read:

20930. "Public service" for purposes of this article means the following:

CHAPTER 766

An act to add and repeal Section 11798.1 of the Health and Safety Code, relating to alcohol and drug programs.

[Approved by Governor September 9, 1988. Filed with Secretary of State September 9, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 11798.1 is added to the Health and Safety Code, to read:

11798.1. (a) Notwithstanding any other requirement of Part 2 (commencing with Section 11760) or of Part 3 (commencing with Section 11860) of this division, the director shall establish a demonstration program with San Mateo, Fresno, and San Francisco Counties whereby San Mateo, Fresno, and San Francisco Counties shall each develop and operate its alcohol and drug abuse programs which would otherwise be required under this division, as one coordinated program in each county. However, the demonstration program shall only operate in any of these counties if the board of supervisors of the respective county adopts a resolution consenting to the establishment of the demonstration program. In establishing this demonstration program, it is the intent of the Legislature that:

(1) In developing and operating this demonstration program, San Mateo, Fresno, and San Francisco Counties may combine their alcohol and drug advisory boards, their alcohol and drug plan, their alcohol and drug budget, and submission deadlines for alcohol and drug budgets and cost reports and their administration at both the county and provider level.

(2) The demonstration program shall reflect current licensing and program standards, except as defined in paragraph (3).

(3) In circumstances where any of the three pilot counties wish to combine treatment programs for persons with both alcohol and drug problems, the county shall first submit its plan and program standards for the treatment programs to the State Department of Alcohol and Drug Programs for approval.

(4) The demonstration programs shall assess or categorize a program participant at the time of admission and discharge as having problems primarily with abuse of either alcohol or of drugs for purposes of federal reimbursement as required by federal law and

report information to the department in a form consistent with existing data collection systems.

(5) San Mateo, Fresno, and San Francisco Counties, shall report to the director no later than October 1 of each year, that information which the director determines is reasonably necessary to determine the utility of these demonstration programs compared to operations in San Mateo, Fresno, and San Francisco Counties prior to implementation of this section. This information shall include, but not be limited to, each of the following:

(A) The extent of savings in administrative costs as a result of consolidation.

(B) The extent of any shift of resources from administrative support to service delivery.

(C) The impact of this demonstration program on service delivery and program effectiveness, including social model programs, and the achievement of outcomes identified in the county plans.

(D) The impact of this demonstration program on the availablity of federal funds.

(E) The extent to which individuals with primary alcohol problems decline services because of this demonstration program.

(F) Ability of the demonstration program to incorporate effective prevention efforts.

(G) Survey of participant attitudes regarding satisfaction with services to assure that the unique problems of drug abusers and persons inappropriately using alcohol are adequately addressed.

(H) Recovery rates compared with similar counties.

(I) The impact of this demonstration program on unit costs as compared to previous service costs for alcohol and drug services.

(J) The extent of training provided for alcohol and drug recovery program staff.

No later than January 1, 1994, the director shall report to the Legislature regarding the impact of consolidation. The report shall include a program evaluation based on the above information. No additional counties will be added to this pilot program until a full evaluation of the effectiveness of this program is completed.

(b) This section shall become operative July 1, 1989, and shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1993, deletes or extends that date.

CHAPTER 767

An act to amend Sections 19850 and 19851 of the Health and Safety Code, relating to buildings.

[Approved by Governor September 9, 1988 Filed with Secretary of State September 9, 1988]

The people of the State of California do enact as follows:

SECTION 1. Section 19850 of the Health and Safety Code is amended to read:

19850. The building department of every city or county shall maintain an official copy, which may be on microfilm or other type of photographic copy, of the plans of every building, during the life of the building, for which the department issued a building permit.

"Building department" means the department, bureau, or officer charged with the enforcement of laws or ordinances regulating the erection, construction, or alteration of buildings.

Except for plans of a common interest development as defined in Section 1351 of the Civil Code, plans need not be filed for:

(a) Single or multiple dwellings not more than two stories and basement in height.

(b) Garages and other structures appurtenant to buildings described under subdivision (a).

(c) Farm or ranch buildings.

(d) Any one-story building where the span between bearing walls does not exceed 25 feet. The exemption in this subdivision does not, however, apply to a steel frame or concrete building.

SEC. 2. Section 19851 of the Health and Safety Code is amended to read:

19851. (a) The official copy of the plans maintained by the building department of the city or county provided for under Section 19850 shall be open for inspection only on the premises of the building department as a public record. The copy may not be duplicated in whole or in part except (1) with the written permission, which permission shall not be unreasonably withheld as specified in subdivision (f), of the certified, licensed or registered professional or his or her successor, if any, who signed the original documents and the written permission of the original or current owner of the building, or, if the building is part of a common interest development, with the written permission of the board of directors or governing body of the association established to manage the common interest development, or (2) by order of a proper court.

(b) Any building department of a city or county, which is requested to duplicate the official copy of the plans maintained by the building department, shall request written permission to do so from the certified, licensed, or registered professional, or his or her successor, if any, who signed the original documents and from (1) the

original or current owner of the building or (2), if the building is part of a common interest development, from the board of directors or other governing body of the association established to manage the common interest development.

(c) The building department shall also furnish the form of an affidavit to be completed and signed by the person requesting to duplicate the official copy of the plans, which contains provisions stating all of the following:

(1) That the copy of the plans shall only be used for the maintenance, operation, and use of the building.

(2) That drawings are instruments of professional service and are incomplete without the interpretation of the certified, licensed, or registered professional of record.

(3) That subdivision (a) of Section 5536.25 of the Business and Professions Code states that a licensed architect who signs plans, specifications, reports, or documents shall not be responsible for damage caused by subsequent changes to, or use of, those plans, specifications, reports, or documents where the subsequent changes or uses, including changes or uses made by state or local governmental agencies, are not authorized or approved by the licensed architect who originally signed the plans, specifications, reports, or documents, provided that the architectural service rendered by the architect who signed the plans, specifications, reports, or documents was not also a proximate cause of the damage.

(d) The request by the building department to a licensed, registered, or certified professional may be made by the building department sending a registered letter to the licensed, registered, or certified professional requesting his or her permission to duplicate the official copy of the plans and sending with the registered letter, a copy of the affidavit furnished by the building department which has been completed and signed by the person requesting to duplicate the official copy of the plans. The registered letters shall be sent by the building department to the most recent address of the licensed, registered, or certified professional available from the California State Board of Architectural Examiners.

(e) The governing body of the city or county may establish a fee to be paid by any person who requests the building department of the city or county to duplicate the official copy of any plans pursuant to this section, in an amount which it determines is reasonably necessary to cover the costs of the building department pursuant to this section.

(f) The certified, licensed, or registered professional's refusal to permit the duplication of the plans is unreasonable if, upon request from the building department, the professional does either of the following:

(1) Fails to respond to the local building department within 30 days of receipt by the professional of the request. However, if the building department determines that professional is unavailable to respond within 30 days of receipt of the request due to serious illness,

travel, or other extenuating circumstances, the time period shall be extended by the building department to allow the professional adequate time to respond, as determined to be appropriate to the individual circumstance, but not to exceed 60 days.

(2) Refuses to give his or her permission for the duplication of the plans after receiving the signed affidavit and registered letter specified in subdivisions (c) and (d).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 768

An act to amend Section 1798.164 of the Health and Safety Code, relating to emergency medical services.

[Approved by Governor September 9, 1988 Filed with Secretary of State September 9, 1988.]

The people of the State of California do enact as follows:

SECTION 1. Section 1798.164 of the Health and Safety Code is amended to read:

1798.164. (b) Each local emergency medical services agency charging fees pursuant to subdivision (a) shall annually provide a report to the authority and to each trauma facility having paid a fee to the agency. The report shall contain sufficient detail to apprise facilities of the specific application of fees collected and to assure the authority that fees collected were expended in compliance with subdivision (a).

(c) The authority may establish a prescribed format for the report required in subdivision (b).

SEC. 2. Chapter 1067 of the Statutes of 1983 added Article 2.5 (commencing with Section 1798.160) to Chapter 6 of Part 1 of Division 2.5 of the Health and Safety Code to provide for regional trauma care systems. Within that article, Section 1798.164 authorized local emergency medical services agencies to impose fees to cover their direct costs under the program. Section 1 of this act is intended to assure that fees assessed are expended in accordance with existing statutes but leaves the power to impose fees to cover direct costs

intact.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 769

(2) For purposes of paragraph (2) of subdivision (a), the one million dollar ($1,000,000) exclusion shall apply separately to each eligible transferor with respect to all purchases by and transfers to eligible transferees on and after November 6, 1986, of real property, other than the principal residence, of that eligible transferor. The exclusion shall not apply to any property in which the eligible transferor's interest was received through a transfer, or transfers,
