## CHAPTER 1209

An act to amend Sections 1188.81, 1188.865, and 1188.875 of, and to add Section 1188.877 to, the Health and Safety Code, relating to small and rural hospitals.

[Approved by Governor September 22, 1988 Filed with Secretary of State September 22, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1188.81 of the Health and Safety Code is amended to read:

1188.81. (a) The Legislature recognizes the need to strengthen, and in some cases salvage, rural hospitals to ensure that adequate access to services is provided to residents of rural areas as well as tourists and travelers who, at certain times, may outnumber the residents. Further, the Legislature recognizes that this will require a comprehensive approach. Therefore, the Legislature intends that:

(1) Expertise be provided to endangered rural hospitals to both of the following:

(A) Carry out a strategic assessment of potential business and

diversification of service opportunities.

(B) Develop a specific plan of action when feasible.

(2) Access, when appropriate, be provided to special eligibility programs within the California Health Facilities Financing Authority.

(3) Short-term technical assistance be available on fiscal and program matters.

(4) The State Department of Health Services continue to provide regulatory relief through program flexibility.

(5) Inpatient reimbursement limitations be modified so as not to single out rural hospitals for application.

(6) Reimbursement rates for outpatient services be set at a level which will provide incentives for rural hospitals to focus on the provision of outpatient services and which will reduce the financial losses incurred by the facilities in providing those services.

(b) The Legislature recognizes that for certain rural settings, an acute care hospital as defined in subdivision (a) of Section 1250 of the Health and Safety Code may no longer be cost-effective. Therefore, a rural alternative model which preserves the primary and emergency care systems must be identified, studied through demonstration projects, and developed as a new category of health facility.

(c) The Legislature recognizes that a rural alternative facility may not conform to what is now depicted in state or federal regulation. Therefore, to identify a model, implement demonstration projects, and establish the rural alternative hospital as a license category of health facility, a cooperative effort will be required between the state department, the federal Health Care Financing Administration, and the health care industry. To this end, the Legislature intends that the department inform the federal Health Care Financing Administration of its interest in establishing the rural alternative hospital program and subsequently seek any necessary waivers.

SEC. 2. Section 1188.865 of the Health and Safety Code is amended to read:

1188.865. The department shall provide expert technical assistance to strategically located, high-risk rural hospitals to assist the hospitals in carrying out an assessment of potential business and diversification of service opportunities. In providing the technical assistance on business opportunities, the department shall consult with the Department of Commerce and other appropriate agencies. The high-risk rural hospital, in cooperation with the department, may develop a short-term plan of action if, in its opinion, the results of the assessment so indicate. The department, in consultation with an organization of interest, shall do all of the following:

(a) Establish a process for identifying strategically located, high-risk rural hospitals and reviewing requests from the hospitals for assistance.

(b) Develop a standard format for the strategic assessment.

(c) Develop a model action plan.

(d) Establish criteria for review of action plans.

(e) Request input and assistance from organizations of interest.

(f) Make the strategic assessment format and model action plan available to all small and rural hospitals.

SEC. 3. Section 1188.875 of the Health and Safety Code is amended to read:

1188.875. (a) The department, after consultation with an organization of interest, shall select two strategically located, high-risk rural hospitals to plan and implement rural alternative hospital demonstration projects. To the extent possible, the department shall choose two demonstration sites, with one site serving an isolated mountainous area where access may be impeded by adverse weather conditions, and one site located in a rural agricultural community. Hospitals shall be selected on the basis of their interest in becoming a demonstration site and on their suitability as model rural alternative hospitals. The demonstration projects shall include, but not be limited to, identification of the following:

(1) Appropriate mix and type of services to be provided locally and obtained on referral.

(2) Types and numbers of personnel required.

(3) Probability of, and the amount of, reimbursement under current regulations.

(4) Statutory and regulatory changes necessary to license the facility and maximize reimbursement.

(b) In administering the rural alternative hospital demonstration project, the department shall do all of the following:

(1) Establish two demonstration sites on or before January 1, 1990, and operate the projects for a period of up to 18 months.

(2) Grant exceptions to the licensure requirements for general acute care hospitals that are necessary to serve the purposes of this section when the granting of the exceptions do not jeopardize the health and welfare of patients.

(3) Convey to the Federal Health Care Financing Administration its intent to establish the rural alternative hospital demonstration project and seek any necessary appropriate waivers.

(4) Consider requests for grant funds made by demonstration site hospitals pursuant to subdivision (a) of Section 1188.86 as meeting criteria for priority funding.

(5) Monitor and evaluate demonstration site projects as to the applicability of these models for statewide application.

(c) The department, based on interim findings from the demonstration projects, shall do either of the following:

(1) Prepare and adopt regulations establishing the rural alternative hospital as a licensed health facility by January 1, 1992.

(2) Submit to the Legislature by that date a report detailing why a category of health facility should not be established.

SEC. 4. Section 1188.877 is added to the Health and Safety Code,

to read:

1188.877. (a) The State Department of Health Services shall adopt regulations which will provide for an increase in reimbursement rates for outpatient services rendered to Medi-Cal patients by small and rural hospitals, as defined in Section 1188.855, over and above those reimbursement rates specified in Section 51509 of the California Code of Regulations. The amount of this increase shall be governed by the funding allocated for this specific purpose in the Budget Act, or in another specific appropriation measure.

(b) The rate adjustment authorized by subdivision (a) shall be allocated to eligible hospitals as follows:

(1) A separate percentage increase shall be calculated for minimum floor and nonminimum floor hospitals based on the ratio of each small and rural hospitals' Medi-Cal outpatient payments to the total of all small and rural hospitals' Medi-Cal outpatient payments during the preceding calendar year, as determined by the department. The percentage rate increase for minimum floor hospitals shall be 125 percent of the rate increase percentage calculated for nonminimum floor hospitals. The combined rate increases for minimum floor and nonminimum floor hospitals shall not exceed the funds appropriated for this purpose.

(2) For purposes of this section, "minimum floor hospital" means a hospital (A) for which Medi-Cal payments for outpatient services during the preceding calendar year were less than ½ percent of the total of Medi-Cal payments for outpatient services rendered by all small and rural hospitals during that period and (B) the total gross patient revenue of which from all sources during that period was less than two million five hundred thousand dollars ($2,500,000).

(3) For purposes of this section, "nonminimum floor hospital" means a hospital (A) for which Medi-Cal payments for outpatient services during the preceding calendar year equaled or exceeded ½ percent or of the total of Medi-Cal payments for outpatient services rendered by all small and rural hospitals during that period or (B) the total gross patient revenue of which from all sources during that period was two million five hundred thousand dollars ($2,500,000) or more.

(c) For the purpose of calculating the percentage increase, if any eligible hospital had less than a full year of operation upon which to determine the ratio of Medi-Cal expenditures as defined in paragraph (1) of subdivision (b), the department shall extrapolate the Medi-Cal paid claims expenditures for that hospital to estimate a full year's Medi-Cal claims expenditure.

(d) Payment under this section shall be contingent upon submission of approved claims for Medi-Cal outpatient services rendered after the effective date of this section.

(e) The Director of Health Services shall adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code to implement the rate adjustments required under this section. The

adoption of these regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, or safety. Notwithstanding any provision of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted by the department to implement the rate adjustments required under this section shall not be subject to any review, approval, or disapproval by the Office of Administrative Law at any stage of the rulemaking process. These regulations shall become effective immediately upon their filing with the Secretary of State.

(f) Notwithstanding any other provision of law, reimbursement rates adopted pursuant to this section shall not exceed the hospital's usual and customary charges for services rendered.

(g) The department shall maximize federal financial participation in implementing this section.

(h) The provisions of this section shall become operative July 1, 1989.

## CHAPTER 1210

An act to amend and supplement the Budget Act of 1988 by adding Item 3790-494 to Section 2.00 thereof, relating to parks and recreation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1988. Filed with Secretary of State September 22, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. The Department of Parks and Recreation may enter into an operating agreement with the County of Sacramento to operate the Prairie City Off-Highway Vehicle Park as a state vehicular recreation area until the transfer to the state is completed.

SEC. 2. The sum of one million eight thousand dollars ($1,008,000) is hereby appropriated from the Off-Highway Vehicle Fund to the Department of Parks and Recreation for expenditure as follows:

(a) One hundred ninety-five thousand dollars ($195,000) for the acquisition of the real property interest of the County of Sacramento in the Prairie City Off-Highway Vehicle Park.

(b) Eight hundred thirteen thousand dollars ($813,000), in augmentation of Item 3790-001-001 of the Budget Act of 1988 and the establishment of eight personnel years for support of the department for the 1988–89 fiscal year for personal services and operating expenses and equipment related to the Prairie City Off-Highway Vehicle Park. The eight personnel years shall be for a limited term not to exceed three years. The department shall complete a

concessions proposal for the park which is ready for bid in the 1990–91 fiscal year.

SEC. 3. Item 3790-494 is added to Section 2.00 of the Budget Act of 1988 (Chapter 313, Statutes of 1988), to read:

3790-494—Reappropriation, Department of Parks and Recreation. Notwithstanding any other provision of law, the appropriation of $1,584,000 made by Item 3790-301-263(3), Budget Act of 1984, as reappropriated by Item 3790-490-263(6), Budget Act of 1987, for initial development construction for Ocotillo Wells SVRA, is reappropriated to the department, and shall be available for expenditure until June 30, 1989.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to open the Prairie City Off-Highway Vehicle Park as soon as possible, and in order that the Ocotillo Wells State Vehicle Recreation Area initial development project, which is completely designed and ready to proceed for construction, may be commenced without a delay of construction, which would require continued operations from an inadequate temporary office and no maintenance facility during a period when acquisition of lands to the Ocotillo Wells State Vehicle Recreation Area is growing, it is necessary that this act take effect immediately.

## CHAPTER 1211

An act to amend Section 12669 of the Water Code, relating to flood control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1988. Filed with Secretary of State September 22, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 12669 of the Water Code is amended to read:

12669. The plan of improvement for flood control and other purposes on the Fresno County Stream Group identified as the Redbank-Fancher Creeks Flood Control Project, including the Redbank Creek Detention Basin, is hereby adopted and authorized substantially in accordance with the recommendations of the Chief of Engineers in House Document Numbered 98-147, at an estimated

cost to the state of such sum as may be appropriated for state cooperation by the Legislature upon recommendation and advice of the department or Reclamation Board, except that no nonflood control application of water may occur within the Redbank Creek Detention Basin except for landscape irrigation or dust control. The preconstruction environmental assessment by the United States Army Corp of Engineers shall include the conduct of field permeability tests and consideration of the recommendations set forth in the "Evaluation Of Impacts On The THAN Site By The Proposed Redbank Creek Flood Detention Basin," 1988, of the State Department of Health Services, Toxic Substances Control Division. Basin design criteria and operational procedures shall include, but not be limited to, the detailed post excavation soils mapping, installation and monitoring of observation wells, and creation of a contingency fund, as indicated by the environmental assessment and as required for compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code). If state bond act moneys are available for flood control purposes, the Legislature may appropriate those moneys for this project. This authorization shall not be deemed to confer preference on this project over the needs of other statewide programs in the appropriation of available funds. Funds shall be appropriated pursuant to this authorization only upon the act of Congress adopting and authorizing the project as substantially described in House Document Numbered 98-147. The Legislature affirms the topographical and hydrological characteristics of the Fresno County Stream Group for which provision for participation in reservoirs has been made in Section 12868 and determines that the Redbank-Fancher Creeks Flood Control Project is a project on the Fresno County Stream Group, as defined and excepted in Section 12826. The department or Reclamation Board may loan the local agency the funds necessary to pay the local portion of the costs of the lands, easements, and rights-of-way, less the credit provided by Section 12585.3. The rate of interest on the loan shall be the current rate for the Pooled Money Investment Account. The department or Reclamation Board may pay 50 percent of the nonfederal capital costs of the recreation and fish and wildlife enhancement features of the project.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit construction of urgently needed flood control facilities at the earliest possible time, it is necessary that this act take effect immediately.

by the retiree while carrying a concealed firearm, and may be revoked for good cause.

The sheriff of the county in which the retired federal officer or agent resides may require recertification prior to a permit renewal, and may suspend the privilege for cause. The sheriff may charge a fee necessary to cover any reasonable expenses incurred by the county.

SEC. 2. Section 12027.1 is added to the Penal Code, to read:

The issuing agency shall reissue a new identification without such endorsement. SECTION 1. Section 199.25 of the Health and Safety Code is amended to read:

199.25. (a) Notwithstanding Section 199.21 or any other provision of law, no physician and surgeon who has the results of a confirmed positive test to detect infection by the probable causative agent of acquired immune deficiency syndrome of a patient under his or her care shall be held criminally or civilly liable for disclosing to a person reasonably believed to be the spouse, or to a person reasonably believed to be a sexual partner or a person with whom the patient has shared the use of hypodermic needles, or to the county health officer, that the patient has tested positive on a test to detect infection by the probable causative agent of acquired immune deficiency syndrome, except that no physician and surgeon shall disclose any identifying information about the individual believed to be infected.

(b) No physician and surgeon shall disclose the information described in subdivision (a) unless he or she has first discussed the test results with the patient and has offered the patient appropriate educational and psychological counseling, which shall include information on the risks of transmitting the human immunodeficiency virus to other people and methods of avoiding those risks, and has attempted to obtain the patient's voluntary consent for notification of his or her contacts. The physician and surgeon shall notify the patient of his or her intent to notify the patient's contacts prior to any notification. When the information is disclosed to a person reasonably believed to be a spouse, or to a person reasonably believed to be a sexual partner, or a person with whom the patient has shared the use of hypodermic needles, the physician and surgeon shall refer that person for appropriate care, counseling, and followup. This section shall not apply to disclosures made other than for the purpose of diagnosis, care, and treatment of persons notified pursuant to this section, or for the purpose of interrupting the chain of transmission.

(c) This section is permissive on the part of the attending physician, and all requirements and other authorization for the disclosure of test results to detect infection by the probable causative agent of acquired immune deficiency syndrome are limited to the provisions contained in this chapter, Chapter 1.12 (commencing with Section 199.30) and Sections 1603.1 and 1603.3. No physician has

a duty to notify any person of the fact that a patient is reasonably believed to be infected by the probable causative agent of acquired immune deficiency syndrome.

(d) The county health officer may alert any persons reasonably believed to be a spouse, sexual partner, or partner of shared needles of an individual who has tested positive on a test to detect infection by the probable causative agent of acquired immune deficiency syndrome about their exposure, without disclosing any identifying information about the individual believed to be infected or the physician making the report, and shall refer any person to whom a disclosure is made pursuant to this subdivision for appropriate care and followup. Upon completion of the county health officer's efforts to contact any person pursuant to this subdivision, all records regarding that person maintained by the county health officer pursuant to this subdivision, including but not limited to any individual identifying information, shall be expunged by the county health officer.

(e) The county health officer shall keep confidential the identity and the seropositivity status of the individual tested and the identities of the persons contacted, as long as records of contacts are maintained.

(f) Except as provided in Section 1603.1 or 1603.3, no person shall be compelled in any state, county, city, or local civil, criminal, administrative, legislative, or other proceedings to identify or provide identifying characteristics which would identify any individual reported or person contacted pursuant to this section.

SEC. 2. Section 199.27 of the Health and Safety Code, as added by Chapter 663 of the Statutes of 1987, is repealed.

(b) Service requirements.

(c) Reporting requirements.

(d) Required staff qualifications.

SEC. 7. Section 11837 of the Health and Safety Code is amended to read:

11837. (a) Pursuant to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of an alcoholic beverage or under the combined influence of an alcoholic beverage and any drug, as set forth in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege pursuant to Section 13352.5 of the Vehicle Code, if the court has notified the department pursuant to Section 13352.5 of the Vehicle Code that the person convicted of that offense has consented to participate for at least one year in a program designed to offer alcohol services to problem drinkers that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 23166, 23171, 23176, 23186, or 23191 of the Vehicle Code, to a licensed one-year or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, which is permitted but not required under Section 23205 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed one-year or 30-month program pursuant to this chapter.

(c) The court may, as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. A one-year program described in Section 23166 or 23186 of the Vehicle Code or a 30-month program described in Section 23171, 23176, or 23191 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in subdivision (e) of Section 9838 of Title 9 of the California Code of Regulations, if there is no increase in the costs of the program to the convicted person.

(d) As used in this chapter, "program" means a program which has been recommended by the county board of supervisors to the department and possesses a valid license issued by the department.

SEC. 8. Section 11837.1 of the Health and Safety Code is amended to read:

11837.1. (a) In utilizing any program defined in subdivision (d) of Section 11837, the court may require periodic reports concerning the performance of each person referred to and participating in a program. The program shall provide the court, the Department of Motor Vehicles, and the person referred to and participating in a program, with an immediate report of any failure of the person to comply with the program's rules and policies.

(b) (1) Upon its receipt of notification pursuant to subdivision (a) of a failure of a participant referred to a one-year program described in Section 23166 or 23186 of the Vehicle Code to comply with the rules and policies of the program, the Department of Motor Vehicles shall revoke or suspend the privilege of that person to operate a motor vehicle for the period prescribed by law in accordance with Section 13352.5 of the Vehicle Code, except as otherwise provided in this section. The Department of Motor Vehicles shall notify the person and the court of its intended action and shall inform the person of the opportunity to be reinstated in the program and to avoid suspension of the driving privilege.

(2) Notwithstanding paragraph (1), the Department of Motor Vehicles shall not suspend the driving privilege pursuant to paragraph (1) if the court, upon the petition of the person, determines that the person should be reinstated in the one-year program. The determination by the court shall be made within 45 days of the notice from the department of the intended action or such additional time, not to exceed an additional 45 days, for the determination as is required, ordered, and transmitted to the Department of Motor Vehicles by the court, which additional time is not caused by any action or failure to act by the person. Upon timely presentation by the person to the Department of Motor Vehicles of evidence satisfactory to the Department of Motor Vehicles that the court of jurisdiction has consented to the person's reinstatement in the program and that the person is currently participating in the program, the Department of Motor Vehicles shall continue in effect the restriction of the driving privilege prescribed by Section 13352.5 of the Vehicle Code unless the person has previously been reinstated in the program on two or more prior occasions, in which case the Department of Motor Vehicles shall suspend or revoke the driving privilege for the time prescribed in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code. If the court fails to grant the person's petition for reinstatement in the program, the court shall suspend the person's driving privilege until the time the person's driving privilege is suspended or revoked by the Department of Motor Vehicles pursuant to subdivision (d) of Section 13352.5 of the Vehicle Code.

(c) If, at any time after referral to or while participating in a program, a participant who is referred to a one-year program pursuant to Section 23166 or 23186 of the Vehicle Code or to a 30-month program pursuant to Section 23171, 23176, or 23191 of the Vehicle Code, refuses, for any reason, to consent to a chemical test that he or she is required to submit to pursuant to Section 23157 of the Vehicle Code, his or her participation in the program shall be terminated and, the Department of Motor Vehicles shall immediately suspend or revoke his or her privilege to operate a motor vehicle for the period prescribed in Section 13352 of the Vehicle Code, according to the offense for which he or she was convicted immediately prior to referral to the program. The period

of suspension or revocation shall be in addition to the period of suspension imposed by the Department of Motor Vehicles pursuant to Section 13353 of the Vehicle Code.

(d) If the department denies the renewal of a license or suspends or revokes the license of a program, the department shall immediately notify the Department of Motor Vehicles of those persons who do not commence participation in a licensed program within 21 days from the date of the denial, suspension, or revocation of the license of the program in which the persons were previously participating. The Department of Motor Vehicles shall suspend or revoke, for the period prescribed by law, the privilege to operate a motor vehicle of each of those persons referred to a one-year program pursuant to Section 23166 or 23186 of the Vehicle Code or to a 30-month program pursuant to Section 23171, 23176, or 23191 of the Vehicle Code.

SEC. 9. Section 11837.2 of the Health and Safety Code is amended to read:

11837.2. (a) The court may refer persons only to licensed programs. Subject to these provisions, a person is eligible to participate in the program if it is operating in (1) the county where the person is convicted, or (2) the county where the person resides, or (3) a county that has an agreement with such person's county of residence pursuant to Section 11838, or (4) a county to which a person may request transfer pursuant to subdivision (d). If a person granted probation under Section 23166 or 23186 of the Vehicle Code cannot be referred to a licensed one-year program pursuant to this section, Section 13352.5 of the Vehicle Code does not apply.

(b) If a person has consented to participate in a licensed program and the county where the person is convicted is the same county in which the person resides, the court may order the person to participate in a licensed program within that county, or, if that county does not have a licensed program, the court may order that person to participate in a licensed program within another county, pursuant to Section 11838.

(c) If a person has consented to participate in a licensed program in the county in which that person resides or in a county in which the person's county of residence has an agreement pursuant to Section 11837, and the county where the person is convicted is not the county where the person resides, and if the court grants the person summary probation, the court may order the person to participate in a licensed program in that county. In lieu of summary probation, the court may utilize the probation officer to implement the orders of the court. If the county in which the person resides does not have a licensed program or an agreement with another county pursuant to Section 11838 and the person consents, the court may order the person to participate in a licensed program within the county where that person is convicted or in a county with which the county has an agreement pursuant to Section 11838.

(d) Except as otherwise provided in subdivision (e), subsequent

to a person's commencement of participation in a program, the person may request transfer to another licensed program (1) in the same county in which the person has commenced participation in the program, upon approval of that county's alcohol program administrator, or (2) in a county other than the county in which the person has commenced participation in the program, upon approval of the alcohol program administrator of the county in which the person is participating and the county to which the person is requesting transfer.

(e) Subdivision (d) does not apply (1) if the court has ordered the person to participate in a specific licensed program, unless the court orders the transfer or, (2) if the person is under formal probation, unless the probation officer consents to the transfer. The department shall establish reporting forms and procedures to ensure that the court receives notice of any program transfer pursuant to this subdivision or subdivision (d).

(f) Jurisdiction of all postconviction matters arising pursuant to this section may be retained by the court of conviction.

(g) The department, in cooperation with the Department of Motor Vehicles and the alcohol program administrators, shall establish procedures to ensure the effective implementation of this section.

SEC. 10. Section 11837.4 of the Health and Safety Code is amended to read:

11837.4. (a) No program, regardless of how it is funded, may be licensed unless all the requirements of this chapter and of the regulations adopted pursuant to this chapter have been met.

(b) Each licensed program shall include, but not be limited to, the following:

(1) For the one-year programs specified in subdivision (a) of Section 11837, each program shall provide for close and regular supervision of the person, including face-to-face interviews at least once every other calendar week, regarding the person's progress in the program. For the 30-month programs specified in subdivision (c) of Section 23171, subdivision (c) of Section 23176, and subdivision (c) of Section 23191 of the Vehicle Code, each program shall provide for close and regular supervision of the person, including regular, scheduled face-to-face interviews over the course of 30 months regarding the person's progress in the program and recovery from problem drinking, alcoholism, chemical dependency, or polydrug abuse, as prescribed by regulations of the department. The interviews in either program shall be conducted individually with each person being supervised and shall occur at times other than when the person is participating in any group or other activities of the program. No program activity in which the person is participating shall be interrupted in order to conduct the individual interviews.

(2) The department shall approve all fee schedules for the programs and shall require that each program be self-supporting

from the participants' fees and that each program provide for the payment of the costs of the program by participants at times and in amounts commensurate with their ability to pay in order to enable these persons to participate. Each program shall make provisions for persons who cannot afford to pay the fees. Only the department may establish the criteria and procedures for determining a participant's ability to pay. The department shall ensure that the fees are set at amounts which will enable programs to provide adequately for the immediate and long-term continuation of services required pursuant to this chapter. The fees shall be used only for the purposes set forth in this chapter, except that any profit or surplus, that does not exceed the maximum level established by the department, may be utilized for any purposes allowable under any other provisions of law. In its regulations, the department shall define, for the purposes of this paragraph, taking into account prudent accounting, management, and business practices and procedures, the terms "profits" and "surplus." The department shall fairly construe these provisions so as not to jeopardize fiscal integrity of the programs. The department may not license any program if the department finds that any element of the administration of the program does not assure the fiscal integrity of the program.

(3) Both of the licensed programs described in paragraph (1) shall include a variety of treatment services for problem drinkers, alcoholics, chemical dependents, and polydrug abusers or shall have the capability of referring the persons to, and regularly and closely supervising the persons while in, any appropriate medical, hospital, or licensed residential treatment services or self-help groups for their problem drinking, alcoholism, chemical dependency, or polydrug abuse problem. In addition to the requirements of paragraph (1), the department shall prescribe in its regulations what other services the program shall provide, at a minimum, in the treatment of participants, which services may include lectures, classes, group discussions, group counseling, or individual counseling in addition to the interviews required by paragraph (1), or any combination thereof. However, any class, group discussion, or counseling activity, other than lectures, shall be regularly scheduled to consist of not to exceed 15 persons, except that they may, on an emergency basis, exceed 15, but not more than 17, persons, at any one meeting. At no time shall there be more than 17 persons in attendance at any one meeting. For the 30-month programs specified in subdivision (c) of Section 23171, subdivision (c) of Section 23176, and subdivision (c) of Section 23191 of the Vehicle Code, each licensed program shall include a method by which each participant shall maintain a compendium of probative evidence, as prescribed in the regulations of the department, on a trimonthly basis demonstrating a performance of voluntary community service by the participant, including, but not limited to, the prevention of drinking and driving, the promotion of safe driving, and responsible attitudes toward the use of chemicals of any kind, for not less than 10 hours per month,

with a total of not less than 300 hours of service for the entire program. In determining whether or not the participant has met the objectives of the program, the court shall consider the participant's demonstration of significant improvement in any of the following areas of personal achievement:

(A) Significant improvement in occupational performance, including efforts to obtain gainful employment.

(B) Significant improvement in physical and mental health.

(C) Significant improvement in family relations, including financial obligations.

(D) Significant improvement in financial affairs and economic stability.

The compendium of evidence shall be maintained by the participant for review by the program, court, probation officer, or other appropriate governmental agency. The program officials, with the express approval of the referring court, shall make provisions for a participant to voluntarily enter, using the participant's own resources, a licensed chemical dependency recovery hospital or residential treatment program which has a valid license and is certified by the department to provide alcohol or drug services, and to receive three weeks of program participation credit for each week of that treatment, not to exceed 12 weeks of program participation credit, but only if the treatment is at least two weeks in duration. The program shall document probative evidence of this hospital or residential care treatment in the participant's program file.

(4) In order to assure program effectiveness, the department shall require, whenever appropriate, that the licensed program provides services to ethnic minorities, women, youth, or any other group that has particular needs relating to the program.

(5) The goal of each program shall be to assist persons participating in the program to recognize their chemical dependency and to assist them in their recovery.

(6) Each program shall establish a method by which the court, the Department of Motor Vehicles, and the person are notified in a timely manner of the person's failure to comply with the program's rules and regulations.

(c) No program may be licensed unless the county complies with the requirements of subdivision (b) of Section 11812. The provider of a program that offers either a one-year program or a 30-month program or both programs described in this section shall be required to obtain only one license.

(d) Departmental approval for the establishment of a 30-month program by a licensed one-year program is contingent upon approval by the county alcohol program administrator, based upon confirmation that the program applicant is capable of providing the service and that the fiscal integrity of the program applicant will not be jeopardized by the operation of the program.

The court shall refer a person to a 30-month treatment program only if a 30-month program exists or is provided for in the jurisdiction

of the court.

(e) A county or program shall not prescribe additional program requirements unless the requirements are specifically approved by the department.

(f) The department may license a program on a provisional basis.

SEC. 10.5. Section 11837.4 of the Health and Safety Code is amended to read:

11837.4. (a) No program, regardless of how it is funded, may be licensed unless all of the requirements of this chapter and of the regulations adopted pursuant to this chapter have been met.

(b) Each licensed program shall include, but not be limited to, the following:

(1) For the one-year programs specified in subdivision (a) of Section 11837, each program shall provide for close and regular supervision of the person, including face-to-face interviews at least once every other calendar week, regarding the person's progress in the program. For the 30-month programs specified in subdivision (b) of Section 23171, subdivision (b) of Section 23176, and subdivision (b) of Section 23191 of the Vehicle Code, each program shall provide for close and regular supervision of the person, including regular, scheduled face-to-face interviews over the course of 30 months regarding the person's progress in the program and recovery from problem drinking, alcoholism, chemical dependency, or polydrug abuse, as prescribed by regulations of the department. The interviews in either program shall be conducted individually with each person being supervised and shall occur at times other than when the person is participating in any group or other activities of the program. No program activity in which the person is participating shall be interrupted in order to conduct the individual interviews.

(2) The department shall approve all fee schedules for the programs and shall require that each program be self-supporting from the participants' fees and that each program provide for the payment of the costs of the program by participants at times and in amounts commensurate with their ability to pay in order to enable these persons to participate. Each program shall make provisions for persons who can successfully document current inability to pay the fees. Only the department may establish the criteria and procedures for determining a participant's ability to pay. The department shall ensure that the fees are set at amounts which will enable programs to provide adequately for the immediate and long-term continuation of services required pursuant to this chapter. The fees shall be used only for the purposes set forth in this chapter, except that any profit or surplus, that does not exceed the maximum level established by the department, may be utilized for any purposes allowable under any other provisions of law. In its regulations, the department shall define, for the purposes of this paragraph, taking into account prudent accounting, management, and business practices and procedures, the terms "profits" and "surplus." The department shall

fairly construe these provisions so as not to jeopardize fiscal integrity of the programs. The department may not license any program if the department finds that any element of the administration of the program does not assure the fiscal integrity of the program.

(3) Both of the licensed programs described in paragraph (1) shall include a variety of treatment services for problem drinkers, alcoholics, chemical dependents, and polydrug abusers or shall have the capability of referring the persons to, and regularly and closely supervising the persons while in, any appropriate medical, hospital, or licensed residential treatment services or self-help groups for their problem drinking, alcoholism, chemical dependency, or polydrug abuse problem. In addition to the requirements of paragraph (1), the department shall prescribe in its regulations what other services the program shall provide, at a minimum, in the treatment of participants, which services may include lectures, classes, group discussions, group counseling, or individual counseling in addition to the interviews required by paragraph (1), or any combination thereof. However, any group discussion or counseling activity, other than classes or lectures, shall be regularly scheduled to consist of not more than 15 persons, except that they may, on an emergency basis, exceed 15, but not more than 17, persons, at any one meeting. At no time shall there be more than 17 persons in attendance at any one meeting. For the 30-month programs specified in subdivision (b) of Section 23171, subdivision (b) of Section 23176, and subdivision (b) of Section 23191 of the Vehicle Code, each licensed program shall include a method by which each participant shall maintain a compendium of probative evidence, as prescribed in the regulations of the department, on a trimonthly basis demonstrating a performance of voluntary community service by the participant, including, but not limited to, the prevention of drinking and driving, the promotion of safe driving, and responsible attitudes toward the use of chemicals of any kind, for not less than 120 hours and not more than 300 hours, as determined by the court, with one-half of that time to be served during the initial 18 months of program participation and one-half of that time to be served in the final 12 months. In determining whether or not the participant has met the objectives of the program, the compendium of evidence shall also include, and the court shall consider, the participant's demonstration of significant improvement in any of the following areas of personal achievement:

(A) Significant improvement in occupational performance, including efforts to obtain gainful employment.

(B) Significant improvement in physical and mental health.

(C) Significant improvement in family relations, including financial obligations.

(D) Significant improvement in financial affairs and economic stability.

The compendium of evidence shall be maintained by the participant for review by the program, court, probation officer, or

other appropriate governmental agency. The program officials, unless prohibited by the referring court, shall make provisions for a participant to voluntarily enter, using the participant's own resources, a licensed chemical dependency recovery hospital or residential treatment program which has a valid license issued by the State of California to provide alcohol or drug services, and to receive three weeks of program participation credit for each week of that treatment, not to exceed 12 weeks of program participation credit, but only if the treatment is at least two weeks in duration. The program shall document probative evidence of this hospital or residential care treatment in the participant's program file.

(4) In order to assure program effectiveness, the department shall require, whenever appropriate, that the licensed program provides services to ethnic minorities, women, youth, or any other group that has particular needs relating to the program.

(5) The goal of each program shall be to assist persons participating in the program to recognize their chemical dependency and to assist them in their recovery.

(6) Each program shall establish a method by which the court, the Department of Motor Vehicles, and the person are notified in a timely manner of the person's failure to comply with the program's rules and regulations.

(c) No program may be licensed unless the county complies with the requirements of subdivision (b) of Section 11812. The provider of a program that offers either a one-year program or a 30-month program or both programs described in this section shall be required to obtain only one license.

(d) Departmental approval for the establishment of a 30-month program by a licensed one-year program is contingent upon approval by the county alcohol program administrator, based upon confirmation that the program applicant is capable of providing the service and that the fiscal integrity of the program applicant will not be jeopardized by the operation of the program.

The court shall refer a person to a 30-month treatment program only if a 30-month program exists or is provided for in the jurisdiction of the court.

(e) A county or program shall not prescribe additional program requirements unless the requirements are specifically approved by the department.

(f) The department may license a program on a provisional basis.

SEC. 11. Section 11837.5 of the Health and Safety Code is amended to read:

11837.5. (a) No person may participate in any program that has not been licensed by the department pursuant to this chapter.

(b) The department shall charge reasonable fees for licensing multiple offender drinking driver programs. Fees shall be set at a level sufficient to cover all administrative costs incurred by the department.

(c) The department shall have the authority to fine a provider

who is delinquent in the payment of licensing fees. Fines collected from delinquent providers shall be placed in the Drinking Driver Program Trust Fund and shall be used to offset costs incurred by the department in the administration of the program.

(d) A program's failure to pay licensing fees or assessed fines shall be grounds for the denial of an initial license or revocation of an existing license.

(b) The department, the county alcohol program administrator, the chief probation officer, or their authorized representatives may enter, in a nondisruptive manner, any class, lecture, group discussion, or any other program element to observe these activities.

(c) Notwithstanding subdivision (a) of Section 11837.6, the department may audit, or contract for the auditing of, any licensed program.

SEC. 14. Section 11837.8 of the Health and Safety Code is amended to read:

11837.8. (b) A county may not use for any purpose set forth in this chapter any funds allocated to it by the department pursuant to Division 10.5 (commencing with Section 11750). The board of supervisors may authorize the use of any other funds for any purpose set forth in this chapter.

(c) Notwithstanding subdivision (b), a county with a population of 20,000 or less may utilize funds allocated by the department to establish and administer a program if the department finds that the county cannot establish a self-supporting program at reasonable cost or is unable to establish jointly a program with another county. [Approved by Governor September 22, 1988 Filed with Secretary of State September 23, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 11202 of the Vehicle Code is amended to read:

11202. (a) Except as provided in subdivision (c), a traffic violator school owner shall meet the following criteria before a license may be issued for the traffic violator school:

(1) Be a person who has not been convicted of a crime involving an act of dishonesty, fraud, or deceit with the intent to benefit himself or herself or another substantially, or to injure another substantially. A conviction after a plea of nolo contendere is a conviction for purposes of this paragraph.

(2) Maintain an established place of business in this state which is open to the public. No office or place of business of a traffic violator school, including any traffic violator school branch or classroom location, may be situated within 500 feet of any building used by the department as an office, or any court of law, unless the owner was established at the location on or before July 1, 1984.

(3) Conform to standards which shall be established by regulation of the department. In adopting the standards, the department shall consider those practices and instructional programs which may reasonably foster the knowledge, skills, and judgment necessary for the compliance with traffic laws. The standards may include, but are not limited to, school personnel, equipment, curriculum, procedures for the testing and evaluation of students, recordkeeping, and

business practices.

(4) Procure and file with the department a bond in the amount of two thousand dollars ($2,000) executed by an admitted surety and conditioned upon the applicant not practicing any fraud or making any fraudulent representation which will cause a monetary loss to a person taking instruction from the applicant or to the state or any of its political subdivisions.

(5) Have a classroom approved by the department and the proper equipment necessary for giving instruction to traffic violators.

(6) Have a lesson plan approved by the department and provide no less than the minimum instructional time specified in the plan. An approved lesson plan shall provide a minimum of 400 minutes of instruction, except that a lesson plan for instructing persons under the age of 18 may provide a minimum of 600 minutes of instruction.

(7) Execute and file with the department a good and sufficient instrument designating the director as agent of the applicant for the purpose of service of process, as provided in this paragraph, in any action or actions which may thereafter be commenced against the applicant arising out of any claim for damages suffered by any firm, person, association, or corporation by reason of (A) a violation by the applicant of any of the provisions of this code committed in relation to the specifications of the applicant's traffic violator school or (B) any condition of the bond required by paragraph (4). The applicant shall stipulate and agree in the instrument that any process directed to the applicant, when personal service of process upon him or her cannot be made in this state after due diligence, may be served instead upon the director, or in the event of the director's absence from the department's principal offices, upon any employee in charge of the office of the director, and this substituted service shall be of the same legal force and effect as personal service of the applicant.

The instrument shall further stipulate and agree that the agency created by the designation shall continue for and during the period covered by the license issued pursuant to this section and so long thereafter as the applicant may be made to answer in damages for a violation of this code for which the surety may be made liable or any condition of the bond. The instrument designating the director as agent for service of process shall be acknowledged by the applicant before a notary public. In any case where the director or an employee of the department, in lieu of the director, is served with a summons and complaint on behalf of the licensee, one copy of the summons and complaint shall be left with the director or in the director's office in Sacramento or mailed to the office of the director in Sacramento. A fee of five dollars ($5) shall also be paid to the director or employee at the time of service of the copy of the summons and complaint, or shall be included with a summons and complaint served by mail. The service on the director or department employee pursuant to this section is sufficient service on the licensee if a notice of the service and a copy of the summons and complaint

is, on the same business day as the service or mailing of the summons and complaint, sent by registered mail by the plaintiff or his or her attorney to the licensee. A copy of the summons and complaint shall also be mailed by the plaintiff or plaintiff's attorney to the surety on the licensee's bond at the address of the surety given in the bond, postpaid and registered with request for return receipt.

The director shall keep a record of all processes so served upon him or her, which shall show the day and hour of service, and shall retain the documents served in the department's files. Where the licensee is served with legal process by service upon the director or a department employee in lieu of the director, the licensee shall be allowed 30 days from and after the service within which to answer any complaint or other pleading which may be filed in the cause. For purposes of venue, where the licensee is served with process by service upon the director or a department employee in lieu of the director, the service shall be deemed to have been made upon the licensee in the county in which the licensee has or last had his or her established place of business.

(8) Meet the requirements of Section 11202.5 and subdivision (b) of Section 11208, relating to traffic violator school operators, if the owner is also the operator of the traffic violator school. If the owner is not the operator of the traffic violator school. the owner shall designate an operator who shall meet the requirements of Section 11202.5.

(b) The qualifying requirements specified in subdivision (a) shall be met within one year from the date of application for a license, or a new application and fee shall be required.

(c) Paragraphs (4) and (7) of subdivision (a) do not apply to public schools or other public agencies, which shall also not be required to post a cash deposit pursuant to Section 11203.

(d) Paragraph (8) of subdivision (a) shall not apply to public schools or other public educational institutions.

(e) A notice approved by the department shall be posted in every traffic violator school, branch, and classroom location stating that any person involved in the offering of, or soliciting for, a completion certificate for attendance at a traffic violator school program in which the person does not attend or does not complete the minimum amount of instruction time provided by subdivision (a) may be guilty of violating Section 134 of the Penal Code.

SEC. 2. Section 11203 of the Vehicle Code is amended to read:

11203. In lieu of the bond otherwise required by paragraph (4) of subdivision (a) of Section 11202, the applicant may make a deposit pursuant to Article 7 (commencing with Section 995.710) of Chapter 2 of Title 14 of Part 2 of the Code of Civil Procedure. The director may order the deposit returned at the expiration of three years from the date a traffic violator school licensee has ceased to do business, or three years from the date a licensee has ceased to be licensed, if the director is satisfied that there are no outstanding claims against the deposit. A municipal or superior court may, upon petition, order

the return of the deposit prior to the expiration of three years upon evidence satisfactory to the court that there are no outstanding claims against the deposit. If either the director, department, or state is a defendant in any civil action instituted to recover all or any part of the deposit, or any civil action is instituted by the director, department, or state to determine those entitled to any part of the deposit, the director, department, or state shall be paid reasonable attorney fees and costs from the deposit. Costs shall include those administrative costs incurred in processing claims against the licensee recoverable from the deposit.

SEC. 3. Section 11203.5 is added to the Vehicle Code, to read:

11203.5. If the state or any of its political subdivisions suffers any loss or damage by reason of any fraudulent practice or representation or by reason of any violation of this division by a traffic violator school owner, the department may bring a cause of action against the traffic violator school owner and the surety upon the owner's bond.

(b) The department shall design a standard notification form to include all of the information specified in subdivision (a) and shall make these forms available by April 1, 1989.

32052. (a) The notification required by Section 32050 shall reach the department at least 72 hours before the beginning of the 48-hour period during which departure of the shipment of any material designated in Section 32050 is estimated to occur, and the department shall notify the sheriffs and the police chiefs as specified in subdivision (a) of Section 32050 at least 36 hours before the beginning of the 48-hour departure period specified in subdivision (a) of Section 32051, who shall notify the fire chiefs, as provided in Section 32050. (b) The Legislature finds and declares that the matter of appointing, promoting, demoting, and dismissing persons in positions with the municipal courts and all other aspects of the personnel management of municipal courts of Orange County is one for local concern. It further finds and declares that wherever possible such personnel management may grant to persons in positions with the municipal courts similar treatment with persons in positions with the County of Orange who are performing similar duties and who possess similar qualifications.

(c) To achieve the legislative intent expressed in subdivisions (a) and (b), the municipal courts of Orange County may create a personnel committee consisting of five judges selected one from each court by a majority vote of the judges of the respective courts, or where there is an equal division of the judges of a court, by the senior judge of that court. The personnel committee may adopt rules and regulations providing for a personnel system for all municipal courts of Orange County which may provide for similar treatment for employees and attachés of the several courts as is provided for Orange County employees generally. In so providing for a personnel system, the judges may adopt all or any part of the personnel and salary resolution or appropriate memoranda of understanding of the County of Orange.

(d) With the approval of the board of supervisors, the personnel system adopted by the personnel committee and made applicable to all the municipal courts of Orange County may be administered by the County of Orange through its personnel department. The board of supervisors may withdraw its approval at any time.

(e) If an increase in the business of the court or any other emergency requires a greater number of attachés or employees for the prompt and faithful discharge of the business of the court than the number expressly provided in this article or requires the performance of duties of positions in a class not expressly provided in this article, a majority of the judges of any of the courts, with the approval of the board of supervisors, may establish additional titles, pay rates, and positions as they deem necessary for the performance of the duties and exercise of the powers conferred by law upon the courts. Rates of compensation of such other officers, attachés, and

employees may be set by joint action and approval of the board of supervisors and a majority of the municipal court judges of Orange County. The establishment of additional titles, positions, and pay rates and changes in compensation made pursuant to this subdivision shall be on an interim basis and shall expire on January 1 of the second year following the year in which such establishment or change is made. The provisions of this section are directory only and are not intended to affect the application of Section 72150.

SEC. 3. Section 74005 of the Government Code is amended to read:

74005. The schedule of biweekly salary ranges referred to in Sections 74002, and 74004 are those ranges set forth in the Personnel and Salary Resolution adopted by the Orange County Board of Supervisors.

Notwithstanding any other provisions of law, the salaries of municipal court officers, attachés, and employees may upon the joint approval of the personnel committee and the board of supervisors be increased or decreased in order to provide compensation that is comparable to county employees of similar qualifications and experience holding equal or comparable positions in the Orange County classified service as the comparability is determined jointly by the personnel committee and the board of supervisors, except that any such increase or decrease shall be effective only until January 1 of the second year following the year in which such increase or decrease is made.

In the event that the board of supervisors adopts a revised salary schedule for county employees, the board shall confer with the personnel committee, and if both are agreed that the new schedule shall apply also to the officers, attachés, and employees of the municipal courts, the revised salary schedule shall apply equally to the officers, attachés, and employees of municipal courts in the same manner and date as for county employees, except that any such salary adjustment shall only be effective until January 1 of the second year following the year in which such adjustment is made.

SEC. 4. Article 17.1 (commencing with Section 74010) is added to Chapter 10 of Title 8 of the Government Code, to read:

Article 17.1. Marshal of Orange County

74010. (a) There shall be one marshal, designated as the Marshal of Orange County, for the superior and municipal courts established in Orange County. The marshal shall serve at the pleasure of a majority of the judges of the superior and municipal courts in the county.

The salary range of the marshal shall be 20 percent higher than the range of captain in the marshal's office, and the marshal's salary shall be determined by the judges' personnel committee within that range.

(b) The marshal shall possess the rights and powers and perform

the duties imposed upon marshals of courts generally and, when so authorized by the board of supervisors pursuant to Section 74007, within Orange County, shall exercise all powers and perform all duties imposed upon sheriffs with respect to proceedings in the superior court.

(c) Whenever a vacancy occurs in the position of Marshal of Orange County, the judges of the superior court and all the municipal courts in Orange County by a majority vote of their aggregate number, shall select and appoint the marshal under such organization, rules, and procedures as they adopt or ratify therefor. Discharge of the marshal shall be by majority vote of the judges of the municipal courts and the superior court.

(d) There shall be one assistant marshal, appointed by and serving at the pleasure of the marshal. This appointment shall require the concurrence of a majority of the judges personnel committee as set forth in subdivisions (b) and (c) of Section 74011. Discharge of the assistant marshal shall require the concurrence of a majority of the judges' personnel committee established pursuant to subdivision (b) of Section 74011.

(e) The salary range of the assistant marshal shall be 10 percent higher than the range of captain in the marshal's office. The salary of the assistant marshal may be adjusted annually, within its range, by the marshal with concurrence of the judges' personnel committee.

(f) A branch office of the Marshal of Orange County shall be maintained in each superior and municipal court district facility, except where those facilities are shared, in which case one office may serve the needs of both courts.

74011. (a) The Legislature finds and declares that the matter of appointing, promoting, demoting, and dismissing persons in positions in the marshal's office and all other aspects of the personnel management of the Marshal of Orange County is one of local concern. It further finds and declares that wherever possible that personnel management may grant to persons in positions with the marshal's office similar treatment with persons in positions with the County of Orange who are performing similar duties and who possess similar qualifications.

(b) To achieve this legislative intent, the courts of Orange County may create a personnel committee of 10 judges, comprised of five judges from the municipal courts and five judges from the superior court. There shall be one judge from each municipal court selected by a majority vote of the judges of the respective municipal courts, or, where there is an equal division of the judges of a municipal court, by the presiding judge of that court. The superior court judges shall be selected by the presiding judge of the superior court.

(c) The personnel committee may adopt rules and regulations for a personnel system for employees of the marshal's office. The personnel committee may adopt all or any part of the personnel and salary resolution or appropriate memoranda of understanding of the

County of Orange. Except as provided in this section, provisions relating to compensation or benefits shall require the concurrence of the board of supervisors.

(d) The first one year served by a deputy marshal or court services officer appointee, and the first six months served by any other appointee, shall be considered a probationary period, except for appointment to classes of positions serving at the pleasure of the appointing authority. The appointing authority shall have the power to dismiss without cause, in the case of a new employee, or to demote without cause, in the case of a promoted employee, during that probationary period.

(e) With the approval of the board of supervisors, the personnel system adopted by the judges' personnel committee may be administered by the County of Orange through its personnel department.

County is adjusted by the board of supervisors, the salary of the equivalent class in the marshal's office shall be adjusted in the same amount and at the same time. Salaries for classes not considered equivalent shall be adjusted based on internal relationships and other criteria customarily used in setting salaries in other county classes. In the event that a system of merit pay increases is established by the County of Orange for employees, merit increases, if justified, may be authorized by the committee of judges' personnel committee for employees with similar qualifications and experience in equivalent classifications. Designation of certain classes as equivalent positions shall be as follows, except that their designation as equivalent positions may be changed or deleted at any time following a classification study and an agreement between the county and the judges' personnel committee:

the board of supervisors, may establish additional titles, pay rates, and positions as they deem necessary for the performance of the duties and exercise of the powers conferred by law upon the court. Rates of compensation of these officers, attachés, and employees may be set by joint action and approval of the board of supervisors and the judges' personnel committee. The establishment of additional titles, positions, and pay rates and changes in compensation pursuant to this subdivision shall be effective only until January 1 of the second year following the year in which the establishment or change is made. In either event, the complainant shall be promptly informed of the state department's proposed course of action. Upon the request of either the complainant or the state department, the complainant or his or her representative, or both, may be allowed to accompany the inspector to the site of the

## CHAPTER 1226

An act to amend Sections 25364.6 and 25395 of the Health and Safety Code, relating to hazardous substances, and declaring the urgency thereof, to take effect immediately.

*The people of the State of California do enact as follows:*

SECTION 1. Section 25364.6 of the Health and Safety Code is amended to read:

25364.6. (a) Notwithstanding any other provision of law, a response action contractor may be indemnified and held harmless pursuant to this section for acts or omissions in carrying out a removal or remedial action to any person for injuries caused by a hazardous substance release, or threatened release, or for costs, damages, or expenses incurred as a result thereof, including, but not limited to, claims for indemnification or contribution and claims by third parties, unless the contractor was a responsible party for the release which is the subject of the removal or remedial action.

(3) The potentially responsible party has entered into an enforceable agreement with the department, and the department has entered into a contract for removal or remedial action at the site.

(4) The department determines that immediate corrective action is necessary, pursuant to Section 25354, and that no potentially responsible party is ready, willing, and able to take that action.

(5) The director determines that removal or remedial action at the site is necessary because there may be an imminent and substantial endangerment to the public health or welfare, or to the environment, and that no potentially responsible party is ready, willing, and able to take that action.

(c) The director may enter into a contract, and may amend all existing contracts, to hold harmless and indemnify any response action contractor against any liability specified in subdivision (a), including the expenses of litigation or settlement, pursuant to the determinations specified in subdivision (d) and the requirements specified in subdivision (e).

(d) Before entering into, or amending, a contract pursuant to this section, the director shall obtain the approval of the Department of General Services,which shall, as a condition of granting this approval, make all of the following determinations:

(3) The response action contractor is required to assume liability in an amount of up to twice the amount of the specific work assigned to the response action contractor for the purpose of ensuring that the response action contractor will use appropriate diligence to avoid careless acts or omissions. The director shall indemnify the response action contractor in an amount of up to, but not more than, twenty-five million dollars ($25,000,000).

(4) There is a fixed dollar amount limit to the total liability of the state to indemnify the response action contractor.

(6) There is no other response action contractor which possesses insurance for the costs, damages, and expenses specified in subdivision (a).

(e) The department shall enter into, or amend, a contract to indemnify and hold harmless a response action contractor pursuant to this section, only if the department also complies with both of the following requirements:

(1) The department shall not expend any funds to provide indemnity pursuant to this section unless this indemnity is required to ensure that an approved removal and remedial action can be implemented.

(2) The department notifies the Chairperson of the Joint Legislative Budget Committee within 30 days, or within the lesser period determined by the chairperson, before providing any indemnity, regarding the necessity for the indemnity. The notification shall contain information showing the department's compliance with this section.

(f) The indemnity provided by this section shall not apply to claims for which the state establishes, in accordance with subdivision (g), that the response action contractor has not complied with all applicable requirements imposed by the state pursuant to the contract.

(g) The state shall notify the response action contractor, within 30 days after work is required to be performed, whenever it alleges that the response action contractor has not complied with any contract requirements applicable to that work. Subdivision (f) shall only apply to claims arising out of work for which the notice required by this subdivision has been given.

(h) For purposes of this section, "response action contractor" means any person who entered into a contract with the department to take removal or remedial action pursuant to this chapter in response to a release or threatened release, including any subcontractors of the response action contractor.

## CHAPTER 1227

An act to add and repeal Section 6357.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 22, 1988. Filed with Secretary of State September 23, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that the State of California annually loses millions of dollars of sales and use tax revenues due to federal prohibitions on the taxation of imported airline fuel sold in California which is used in international travel. This action by the federal government has placed domestic producers, which must collect the sales and use tax on identical types

of sales, at a competitive disadvantage relative to foreign producers.

It is the intent of the Legislature, in enacting the exemption provided by this act, to allow domestic producers to compete equally with foreign producers.

It is also the intent of the Legislature to make the Congress aware of the deleterious effect the federal prohibition on taxation of foreign producers' sales of fuel has had on California revenues and on domestic fuel producers.

SEC. 2. Section 6357.5 is added to the Revenue and Taxation Code, to read:

6357.5. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale of, and the storage, use, or other consumption of, fuel and petroleum products sold to an air common carrier for immediate consumption or shipment in the conduct of its business as an air common carrier, on a flight whose first destination is a foreign destination.

(b) To qualify for the exemption, the air common carrier shall furnish to the seller an exemption certificate in writing stating the quantity of fuel and petroleum products claimed as exempt. That certificate shall bear the purchaser's valid seller's permit number or valid fuel exemption registration number and shall be substantially in the form prescribed by the board. Acceptance in good faith of that certificate shall relieve the seller from liability for the sales tax.

(c) "Foreign destination," as used in this section, means the first point reached outside of the United States by an air common carrier in the conduct of its business as a common carrier at which cargo or passengers are loaded or discharged.

(d) "Immediate consumption or shipment," as used in this section, means that the delivery of the fuel and petroleum products by the seller is directly into an aircraft for consumption or transportation outside the United States and not for storage by the purchaser or any third party.

(e) Any air common carrier claiming exemption under this section who is not required to hold a valid seller's permit, shall be required to register with the board and obtain a fuel exemption registration number, and shall be required to file returns as the board may prescribe, either if the board notifies the carrier that returns must be filed or if the carrier is liable for taxes based upon consumption or transportation of fuel or petroleum products erroneously claimed as exempt under this section. A common carrier required to hold a fuel exemption registration number shall be subject to all applicable provisions of this part, Part 1.5 (commencing with Section 7200), and Part 1.6 (commencing with Section 7251).

(f) An air common carrier claiming an exemption under this section upon request, shall make available to the board records, including, but not limited to, a copy of a log abstract, an air waybill, or a cargo manifest, documenting its consumption or transportation of the fuel or petroleum products to a foreign destination and the amount claimed as exempt. If the carrier fails to provide these

records upon request, the board may revoke the carrier's fuel exemption registration number.

(g) The board may require any air common carrier claiming an exemption under this section and required to obtain a fuel exemption registration number, to place with it such security as the board may determine pursuant to Section 6701.

(h) Pursuant to this section, any use of the fuel and petroleum products by the purchasing carrier, other than that incident to the delivery of the fuel and petroleum products to the carrier and the consumption or transportation of the fuel and petroleum products by the carrier to the foreign destination for use in the conduct of its business as a common carrier, or a failure of the carrier to document its consumption or transportation of the fuel and petroleum products to the foreign destination, shall subject the carrier to liability for payment of sales tax as if it were a retailer making a retail sale of the property at the time of that use or failure, and the sales price of the property to it shall be deemed to be the gross receipts from the retail sale.

(i) This section shall become operative on January 1, 1989. This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends the date. In the event that the federal exemption provided in Section 1309 of Title 19 of the United States Code, relating to supplies for certain vessels and aircraft, is repealed prior to January 1, 1994, this section is also repealed as of the date.

SEC. 3. Notwithstanding Section 2230 of the Revenue and Taxation Code, the state will not reimburse counties and cities for revenue losses caused by the enactment of this act.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

## CHAPTER 1228

An act relating to passenger trains, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1988 Filed with Secretary of State September 23, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) The expansion of rail passenger service in the San Diego-Los Angeles corridor, undertaken as a demonstration project on request of the Legislature, has resulted in a doubling of service and a

quadrupling of ridership, to the point where this corridor carries more intercity rail passengers than any other corridor in the country except the Boston-Washington Northeast corridor.

(b) The highest ridership segment on the National Railroad Passenger Corporation (Amtrak) Los Angeles-Seattle passenger train is between Los Angeles and Santa Barbara, even though, other than Glendale, that train does not stop in the populous San Fernando Valley.

(c) The Department of Transportation, in cooperation with Amtrak, has added an additional train between Los Angeles and Santa Barbara and a number of dedicated feeder buses on this route.

(d) Extension of additional San Diego-Los Angeles trains to Santa Barbara can be accomplished with existing Amtrak equipment and can make a positive contribution to congestion relief and energy conservation.

(e) By attracting additional passengers, the extension can also provide greater opportunities for the successful San Diego-Los Angeles corridor to reach a point where revenues come close to covering costs, as was the case in August 1985 when those trains achieved a revenue-cost ratio of 105 percent.

(f) It is necessary, and in the public interest, to develop a program to upgrade the rail line to accommodate faster and more frequent rail service while maintaining capacity for freight operations, as an extension of the recently completed study of the San Diego-Los Angeles corridor segment, which was submitted to the Legislature in July 1987 and is in the process of being implemented.

(g) Coordination of regional rail services in southern California is essential to ensure maximum public convenience and to avoid unnecessary duplication of efforts and expense.

SEC. 2. (a) There is hereby created the Southern California Regional Intercity State Rail Corridor Study Group. The chairperson of the group shall be the Director of Transportation or a designee of the director.

(b) The following may each appoint a representative to the group:

(1) The Southern California Association of Governments.

(2) The Los Angeles County Transportation Commission or its successor agency.

(3) The Ventura County Association of Governments or its successor agency.

(4) The Santa Barbara Council of Government.

(5) The San Bernardino Association of Governments.

(6) The Riverside County Transportation Commission.

(7) The Orange County Transportation Commission.

(8) The National Railroad Passenger Corporation.

(9) Railroad corporations owning rail lines affected by this act.

(10) The Secretary-Treasurer of the California Labor Federation.

(11) A consumer representative jointly appointed by the Chairperson of the Assembly Committee on Transportation and the

Chairperson of the Senate Committee on Transportation.

(c) The group shall develop a program of incremental upgrading of the Los Angeles-Santa Barbara intercity rail corridor. The program developed by the group shall be substantially similar in scope and coverage to the program developed for the Los Angeles-San Diego rail corridor, pursuant to Chapter 1313 of the Statutes of 1985. In this connection, the group shall do all of the following:

(1) Identify improvements on the line that will reduce train running times, increase reliability of service, facilitate additional passenger train frequencies, while maintaining capacity for current freight operations.

(2) Review the various options for increasing track capacity in the San Fernando Valley, including the installation of double tracks and a centralized traffic control system.

(3) Review the locations of additional stations on the line, including stops adjacent to the University of California at Santa Barbara (Goleta) and at Lompoc.

(4) Review impacts on the rail corridor of service and capital improvements in other rail corridors, including, but not limited to, the Los Angeles-San Diego, the Riverside-Orange County-Los Angeles, the San Bernardino-Los Angeles, and light rail corridors, in order to maximize coordination of services and avoid unnecessary duplication of effort.

(5) Review existing studies of the rail transportation needs of the rail corridor and connecting rail corridors, as appropriate.

(6) Develop criteria to determine priorities of potential improvements on a cost-benefit basis, and analyze and make recommendations based on these criteria.

(7) Establish an implementation and funding plan.

(d) The group shall prepare and submit to the Legislature a report of its findings and recommendations not later than April 30, 1989. The report may incorporate findings and recommendations from studies previously conducted by the Southern California Association of Governments relating to rail service in the corridor. The group may recommend further study of adjoining corridors to the Legislature or may undertake the studies if they are locally funded.

SEC. 3. (a) The sum of one hundred seventy-five thousand dollars ($175,000) is hereby appropriated from the Transportation Planning and Development Account in the State Transportation Fund to the Department of Transportation for preparation of a program of incremental improvements to the Los Angeles-Santa Barbara intercity rail service, to be made available to match, in an equal amount, any funds or contributions provided for these purposes from nonstate sources.

(b) The sum of ninety thousand dollars ($90,000) is hereby appropriated from the Transportation Planning and Development Account in the State Transportation Fund to the Department of

Transportation for allocation by the Director of Transportation to the Metropolitan Transportation Commission, the Sacramento Area Council of Governments, and the Department of Transportation for purposes of conducting an intercity rail corridor upgrade study for the Auburn-Sacramento-Oakland-San Jose Corridor, as proposed by Assembly Concurrent Resolution 132 of the 1987–88 Regular Session, to be made available to match, in an equal amount, any funds or contributions provided for these purposes from nonstate sources.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that critical transportation problems affecting the Los Angeles-Santa Barbara and the Auburn-Sacramento-Oakland-San Jose intercity rail corridors may be addressed at the earliest possible time, it is necessary that this act take effect immediately.

## CHAPTER 1229

An act relating to schools, and making an appropriation therefor.

[Approved by Governor September 23, 1988 Filed with Secretary of State September 23, 1988 ]

I am deleting the $100,000 appropriation contained in Section 2 of Senate Bill No. 2357.

This bill establishes a 13-member advisory commission to study the feasibility of increased consolidation of school districts. The commission shall report their results and recommendations to the Legislature by January 1, 1990.

The demands placed on budget resources require all of us to set priorities The budget enacted in July 1988 appropriated nearly $44 billion in state funds. This amount is more than adequate to provide the necessary essential services provided for by State Government. It is not necessary to put additional pressure on taxpayer funds for programs that fall beyond the priorities currently provided.

Thus, after reviewing this legislation, I have concluded that its merits do not sufficiently outweigh the need this year for funding top priority programs and continuing a prudent reserve for economic uncertainties.

It is more appropriate to consider funding the provisions of this bill during the budget process for Fiscal Year 1989–90. Only at that time can we review the relative merits of this program in comparison to all other funding projects. The budget process enables us to weigh all demands on the state's revenues and direct our resources to programs, either new or existing, that have the most merit

With this deletion, I approve Senate Bill No. 2357.

GEORGE DEUKMEJIAN, Governor

*The people of the State of California do enact as follows:*

SECTION 1. An advisory commission to conduct a study on the feasibility of increased consolidation of the school districts of this state is hereby established. The commission shall consist of 13 members. Nine members of the commission shall be appointed by the Governor, two members shall be appointed by the Speaker of the Assembly, and two members shall be appointed by the Senate

Committee on Rules. Every effort shall be made to ensure that the ethnic and racial composition of the commission reflects the current ethnic and racial distribution of pupils in kindergarten and grades 1 to 12, inclusive. The commission shall report the results of that study to the Legislature, together with its recommendations for any statutory revisions pursuant to the results of the study, no later than January 1, 1990. If the commission determines consolidation to be feasible, its report shall include recommended fiscal and other incentives for the implementation of that consolidation. Members of the commission shall be reimbursed for travel expenses and per diem incurred in the course of performance of their official duties. The commission may hire staff necessary to complete the study.

SEC. 2. The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund to the advisory commission created by Section 1 of this act for purposes of supporting the activities of the commission.

## CHAPTER 1230

An act to add Section 1760.3 to the Welfare and Institutions Code, relating to graffiti removal, and making an appropriation therefor.

[Approved by Governor September 23, 1988 Filed with Secretary of State September 23, 1988 ]

I am deleting the $45,000 appropriation contained in Section 2 of Senate Bill No 2465

This bill would establish a pilot project to employ adults and minors who are on probation in a graffiti removal project in Los Angeles County and would appropriate $45,000 from the General Fund to the Department of the Youth Authority to support this effort.

The demands placed on budget resources require all of us to set priorities The budget enacted in July 1988 appropriated nearly $44 billion in state funds This amount is more than adequate to provide the necessary essential services provided for by State Government It is not necessary to put additional pressure on taxpayer funds for programs that fall beyond the priorities currently provided

It is more appropriate to consider funding the provisions of this bill during the budget process for Fiscal Year 1989–90 Only at that time can we review the relative merits of this program in comparison to all other funding projects The budget process enables us to weigh all demands on the state's revenues and direct our resources to programs, either new or existing, that have the most merit

With this deletion, I approve Senate Bill No 2465

GEORGE DEUKMEJIAN, Governor

any building, structure, or other facility regardless of its content or nature and regardless of the nature of the material of that structural component.

(b) The Youth Authority shall establish and monitor the progress of a three-year pilot project in Los Angeles County for the removal of graffiti. The pilot project shall be administered by the Los Angeles County Probation Office which shall require adults, minors, or adults and minors, who are on probation, as part of community service ordered to be performed as a condition of their probation, to perform work necessary and proper to repair, remove, clean, or reconstruct any damage or defacement resulting from the application of graffiti to public buildings, structures, or other facilities owned by the state, Los Angeles County, any city within Los Angeles County, or any district or other political subdivision of the state.

(c) The Los Angeles County Probation Office also may, in its discretion, as part of the pilot project, require wards of the juvenile court who are placed in the juvenile hall for Los Angeles County or any juvenile home, ranch, or camp located in Los Angeles County to perform work necessary and proper to repair, remove, clean, or reconstruct any damage or defacement resulting from the application of graffiti to public buildings, structures, or other facilities owned by the state, Los Angeles County, any city within Los Angeles County, or any district or other political subdivision of the state.

(d) Based on its monitoring of the progress of the pilot project, the Youth Authority shall report to the Legislature on the effectiveness of the pilot project in removing grafitti and any other impact of the pilot project on the community on or before April 1, 1990, April 1, 1991, and April 1, 1992. Each report shall include the number of square feet of surface area from which graffiti has been removed and the number of wards of the Youth Authority and juvenile court and adult offenders who have participated in the program in the previous calendar year. The project shall be deemed successful if in the first year graffiti is removed from at least 47,591 square feet of surface area at a cost of not more than sixteen thousand five hundred fifty-seven dollars ($16,557) as compared with the commercial cost of thirty thousand eight hundred forty-six dollars ($30,846) for the removal of a comparable amount of graffiti.

SEC. 2. The sum of forty-five thousand dollars ($45,000) is hereby appropriated from the General Fund to the Department of the Youth Authority for the pilot project for the removal of graffiti established pursuant to Section 1 of this act, to be allocated to Los Angeles County for the administration of the pilot project.

SEC. 3. The Legislative Analyst shall study the potential for a tax credit or incentive to encourage manufacturers, distributors, or other donors to provide free paint for the purpose of covering up graffiti or free graffiti-removal products. This study shall be submitted to the Legislature on or before June 1, 1989.

SEC. 4. Notwithstanding Section 17610 of the Government Code,

if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

## CHAPTER 1233

An act to add Sections 3214 and 4909.1 to the Labor Code, relating to workers' compensation.

[Approved by Governor September 23, 1988. Filed with Secretary of State September 23, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) A program known as early intervention is currently being operated in the Department of Corrections and the Department of the Youth Authority. Early intervention seeks to ensure that the parties involved in workers' compensation cases are fully informed of available options, that decisions are reached expeditiously, and

that those decisions are implemented in a timely manner.

(b) An early intervention program facilitates the return to work of an injured employee and may reduce the monetary expenditures associated with workers' compensation cases.

SEC. 2. Section 3214 is added to the Labor Code, to read:

3214. The Department of Corrections and the Department of the Youth Authority shall, in conjunction with all recognized employee representative associations, develop policy and implement the workers' compensation early intervention program by December 31, 1989, for all department employees who sustain an injury. The program shall include, but not be limited to, counseling by an authorized independent early intervention counselor and the services of an agreed medical panel to assist in timely decisions regarding compensability. Costs of services through early intervention shall be borne by the departments.

SEC. 3. Section 4909.1 is added to the Labor Code, to read:

4909.1. Authorized representatives of the Department of Corrections, and the Department of the Youth Authority may request the State Compensation Insurance Fund to provide any payment, allowance, or benefit as described in Section 4909. When requested by an authorized representative, the State Compensation Insurance Fund shall administer the benefits in a timely fashion.

SEC. 4. The Director of Corrections and the Director of the Youth Authority shall report to the Auditor General by July 1, 1992, on the accomplishments of early intervention and shall include in the report all of the following specific data:

(a) The number of injuries reported on Cal-OSHA Log 200.

(b) The number of days elapsed from the date of injury to the date that workers' compensation benefits were provided to the employee.

(c) The number of days that the employee was off work due to the injury.

(d) The number of employees that returned to work.

(e) The number of days from the date of injury to the date the employee was referred to vocational rehabilitation.

(f) The early intervention counseling costs.

(g) The number and cost of medical-legal consultations as described in Section 4620 of the Labor Code.

(h) The total claim costs after finalization.

(i) The number of employees that received industrial disability retirement.

The report shall also include backup costs for industrially injured employees, recruitment and training costs for replacement personnel, and costs of industrial disability retirement.

The report shall compare the specific data in this section to comparable data for workers' compensation cases for three calendar years immediately preceding implementation of early intervention. Specific data described in subdivisions (a) to (i), inclusive, shall be compiled for every workers' compensation case that has resulted in 30 days or more of disability from work, or in which the injury was

alleged to be the result of psychological stress or the physical manifestations thereof, and shall be included in the comparison and report to the Auditor General. The Auditor General shall review and evaluate the report provided by the directors, in terms of the accuracy of the data compiled, its completeness, and compliance with the statutory mandates of the act.

The Auditor General shall submit the report of the directors, along with its review and evaluation, to the Legislature by December 31, 1992.

It is the intent of the Legislature that hearings be held to examine the report of the directors along with the Auditor General's review, to assess the potential applicability of the workers' compensation early intervention program to other public agencies and the private sector.

# CHAPTER 1236

An act to add and repeal Section 16511.5 of the Welfare and Institutions Code, relating to AIDS, and making an appropriation therefor.

[Approved by Governor September 23, 1988 Filed with Secretary of State September 23, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Currently, there are 70 pediatric AIDS cases in California.

(b) Public health experts predict a substantial increase in pediatric AIDS cases by 1991, ranging from 3,000 cases estimated by the Public Health Service to 10,000-20,000 AIDS cases nationally predicted by the National Commission to Prevent Infant Mortality.

(c) According to the report of the Surgeon General's Workshop on Children with HIV Infection and their families, over 75 percent of babies born with AIDS are black or hispanic.

(d) The 1988 Presidential Commission on the Human Immunodeficiency Virus Epidemic reports that for a large majority of pediatric AIDS cases that are being diagnosed, epidemiologic data suggests perinatal transmission from a mother who uses intravenous drugs or is the sexual partner of an intravenous drug user.

(e) The median life expectancy for an infant suffering from AIDS is nine months.

(f) The cost of medical treatment for these children, many of whom are unnecessarily hospitalized, can exceed $250,000 per year.

(g) A significant proportion of pediatric AIDS cases are clearly related to substance abuse by the children's parents.

(h) The child welfare system has seen a dramatic increase in the number of high-risk children needing protective services. Consequently, the future dependent care system, which is already overburdened, will be increasingly stressed by the dramatic increases of children with AIDS.

SEC. 2. Section 16511.5 is added to the Welfare and Institutions Code, to read:

16511.5. (a) The department shall establish a pilot project in a county selected by the department, to provide services to foster parents of children two years of age and under who have tested positive for antibodies to the human immunodeficiency virus (HIV), or who have been diagnosed as having acquired immune deficiency syndrome (AIDS). The department shall select a northern California county or a southern California county which cares for a disproportionately high number of drug-or-alcohol addicted babies, who in turn have a high incidence of AIDS or HIV infection. The pilot project shall be operated by a local public or private nonprofit

organization pursuant to a contract with the department.

(b) The pilot project established pursuant to subdivision (a) shall provide all of the following:

(1) Recruitment of foster parents who are willing to care for children who have tested positive for antibodies to HIV, or who have been diagnosed as having AIDS.

(2) Training and education for each new foster parent, which shall consist of not less than a 30-minute presentation on AIDS, its means of transmission, AIDS resources and service referrals, and information pertaining to the special care required for infants who have tested positive for antibodies to HIV, or who have been diagnosed as having AIDS.

(3) Support for foster parents participating in this pilot project, which shall include, but not be limited to, respite care and counseling.

(c) The local public or private nonprofit organization operating the pilot project shall provide a match of one dollar for every three dollars in state funds.

(d) The department shall, on or before January 1, 1990, report to the Legislature on implementation of the pilot project.

The report shall include, but is not limited to, all of the following:

(1) Percent of foster parents participating in the project who accept placement of children with AIDS.

(2) Percent of foster parents who accept placement of children with AIDS upon request, but are not participating in the project.

(3) Percent of foster parents participating in the project who accept placement of children with AIDS subsequent to an initial placement.

(4) Percent of foster parents who accept placement of children with AIDS subsequent to an initial placement, but are not participating in the project.

(5) Percent of placements in both groups that are terminated and the reasons for termination.

(e) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute which is chaptered prior to January 1, 1992, deletes or extends that date.

SEC. 3. The sum of one hundred twenty-five thousand dollars ($125,000) is hereby appropriated from the General Fund to the State Department of Social Services in order to implement this act.

# CHAPTER 1237

(b) A civil case to recover damages for wrongful death or personal injury shall be entitled to preference upon the motion of any party to the action who is under the age of 14 years unless the court finds that the party does not have a substantial interest in the case as a whole. A civil case subject to subdivision (a) shall be given preference over a case subject to this subdivision.

(c) Unless the court otherwise orders, notice of a motion for preference shall be served with the memorandum to set or the at-issue memorandum by the party serving the memorandum, or 10 days after such service by any other party; or thereafter during the pendency of the action upon the application of a party who reaches the age of 70 years.

(d) In its discretion, the court may also grant a motion for preference served with the memorandum to set or the at-issue memorandum and accompanied by clear and convincing medical documentation which concludes that one of the parties suffers from an illness or condition raising substantial medical doubt of survival of that party beyond six months, and which satisfies the court that the interests of justice will be served by granting such preference.

(e) Notwithstanding any other provision of law, the court may in its discretion grant a motion for preference served with the memorandum to set or the at-issue memorandum and accompanied by a showing of cause which satisfies the court that the interests of justice will be served by granting such preference.

(f) Upon the granting of such a motion for preference, the clerk shall set the case for trial not more than 120 days from that date and there shall be no continuance beyond 120 days from the granting of the motion for preference except for physical disability of a party or a party's attorney, or upon a showing of good cause stated in the record. (f) No deduction shall be allowed as otherwise provided in this part for that portion of expenses paid or incurred for the taxable year which is equal to the amount of the credit allowed under this section attributable to those expenses.

(g) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17250. In addition, the taxpayer may take depreciation pursuant to that section for the cost of a facility in excess of the amount of the tax credit claimed under this section.

(h) The basis for any child care facility for which a credit is allowed shall be reduced by the amount of the credit attributable to the facility. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(2) If the child care center for which a credit is claimed pursuant to this section is disposed of or ceases to operate within 60 months after completion, that portion of the credit claimed which represents the remaining portion of the 60-month period shall be added to the taxpayer's tax liability in the taxable year of that disposition or nonuse.

(i) (1) In order to be eligible for the credit allowed under subparagraph (A) of paragraph (1) of subdivision (b), the taxpayer shall submit to the Franchise Tax Board upon request a statement certifying that the costs for which the credit is claimed are incurred with respect to the startup expenses of establishing a child care program or constructing a child care facility in California to be used primarily by the children of the taxpayer's employees and which will be in operation for at least 60 consecutive months after completion.

*The people of the State of California do enact as follows:*

SECTION 1. Section 35781 of the Food and Agricultural Code is amended to read:

(1) More than 15,000 bacteria per milliliter if to be sold as raw milk to the consumer.

(2) More than 50,000 bacteria per milliliter if to be sold as raw milk for pasteurization or more than 750 bacteria per milliliter after having been subjected to laboratory pasteurization which has a time-temperature equivalent to that required in Section 34001 before pasteurization.

This paragraph does not apply to market goat milk.

(b) The director may, by regulation, require different standards for raw market milk for pasteurization from the standards in this section if he or she determines, after an administrative hearing, that the standards are necessary to protect or improve milk quality.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

# CHAPTER 1242

An act to add and repeal Chapter 11 (commencing with Section 186.20) to Title 7 of Part 1 of, the Penal Code, relating to crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1988 Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 11 (commencing with Section 186.20) is added to Title 7 of Part 1 of the Penal Code, to read:

## CHAPTER 11. STREET TERRORISM ENFORCEMENT AND PREVENTION ACT

186.20. This chapter shall be known and may be cited as the "California Street Terrorism Enforcement and Prevention Act."

186.21. The Legislature hereby finds and declares that it is the right of every person regardless of race, color, creed, religion, national origin, sex, age, sexual orientation, or handicap to be secure and protected from fear, intimidation, and physical harm caused by the activities of violent groups and individuals. It is not the intent of the Legislature in enacting this chapter to interfere with the exercise of rights protected by the United States Constitution or by the California Constitution. The Legislature recognizes the constitutional right of every citizen to harbor and express beliefs on any lawful subject whatsoever, to lawfully associate with others who share similar beliefs, to petition lawfully constituted authority for a redress of perceived grievances, or to participate in the electoral process.

The Legislature, however, further finds that the State of California is in a state of crisis which has been caused by violent street gangs whose members threaten, terrorize, and commit a multitude of crimes against the peaceful citizens of their neighborhoods. These activities, both individually and collectively, present a clear and present danger to public order and safety and are not constitutionally protected. It is the intent of the Legislature in enacting this chapter to seek the eradication of criminal activity by street gangs by focusing upon patterns of criminal gang-related activity and upon the organized nature of street gangs, which together are the chief source of terror created by street gangs. The Legislature further finds that there are nearly 600 criminal street gangs operating in California, and that the number of gang-related murders is increasing. The Legislature also finds that in Los Angeles County alone there were 328 gang-related murders in 1986, and that gang homicides in 1987 have increased 80 percent over 1986.

186.22. (a) Any person who actively participates in any criminal

street gang with knowledge that its members engage in or have engaged in a pattern of criminal gang activity, and who willfully promotes, furthers, or assists in any felonious criminal conduct by gang members, shall be punished by imprisonment in the county jail for a period not to exceed one year, or by imprisonment in the state prison for one, two, or three years.

(b) Any person who is convicted of a felony or a misdemeanor which is committed for the benefit of, at the direction of, or in association with, any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall be punished in the following manner:

(1) Any person who violates this subdivision in the commission of a misdemeanor, shall be punished by imprisonment in the county jail not to exceed one year, or by imprisonment in the state prison for one, two, or three years, provided that any person sentenced to imprisonment in the county jail pursuant to subdivision (b) of Section 17, shall be imprisoned for a period not to exceed one year, but not less than 180 days, and shall not be eligible for release upon completion of sentence, parole, or any other basis, until he or she has served 180 days. If the court grants probation or suspends the execution of sentence imposed upon the defendant, it shall require as a condition thereof that the defendant serve 180 days in county jail.

(2) Except as provided in paragraph (3), any person who violates this subdivision in the commission of a felony shall, upon conviction of that felony, in addition and consecutive to the punishment prescribed for the felony of which he or she has been convicted, be punished by an additional term of one, two, or three years at the court's discretion. The court shall order the imposition of the middle term of the sentence enhancement, unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its choice of sentence enhancements on the record at the time of sentencing.

(3) Any person who violates this subdivision in the commission of a felony punishable by imprisonment in the state prison for life, shall not be paroled until a minimum of 15 calendar years have been served.

(4) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in this section in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(c) As used in this chapter, "pattern of criminal gang activity" means the commission, attempted commission, or solicitation of two or more of the following offenses, provided at least one of those offenses occurred after the effective date of this chapter and the last of those offenses occurred within three years after a prior offense, and the offenses are committed on separate occasions, or by two or more persons:

(1) Assault with a deadly weapon or by means of force likely to produce great bodily injury, as defined in Section 245.

(2) Robbery, as defined in Chapter 4 (commencing with Section 211) of Title 8 of Part 1.

(3) Unlawful homicide or manslaughter, as defined in Chapter 1 (commencing with Section 187) of Title 8 of Part 1.

(4) The sale, possession for sale, transportation, manufacture, offer for sale, or offer to manufacture controlled substances as defined in Sections 11054, 11055, 11056, 11057, and 11058 of the Health and Safety Code.

(5) Shooting at an inhabited dwelling or occupied motor vehicle as defined in Section 246.

(6) Arson, as defined in Section 451.

(7) The intimidation of witnesses and victims, as defined in Section 136.1.

(d) As used in this chapter, "criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more of the criminal acts enumerated in paragraphs (1) to (7), inclusive, of subdivision (c), which has a common name or common identifying sign or symbol, whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity.

186.23. This chapter does not apply to employees engaged in concerted activities for their mutual aid and protection, or the activities of labor organizations or their members or agents.

186.24. If any part or provision of this chapter, or the application thereof to any person or circumstance, is held invalid, the remainder of the chapter, including the application of such part or provisions to other persons or circumstances, shall not be affected thereby and shall continue in full force and effect. To this end, the provisions of this chapter are severable.

186.25. Nothing in this chapter shall prevent a local governing body from adopting and enforcing laws consistent with this chapter relating to gangs and gang violence. Where those local laws duplicate or supplement the provisions of this chapter, this chapter shall be construed as providing alternative remedies and not as preempting the field.

186.26. On or before January 1, 1991, the District Attorney of Los Angeles County and the City Attorney of the City of Los Angeles shall submit a report to the Legislature on the impact of this chapter on the control of criminal street gang activity in Los Angeles County. The report shall include, but need not be limited to, all of the following:

(a) The number of arrests made under this chapter.

(b) The number of prosecutions under this chapter.

(c) The number of trials which have resulted from prosecutions under this chapter and the number of pleas which have resulted.

(d) The number of convictions under this chapter.

(e) The number and type of sentence enhancements which have been sought under this chapter, and the number and kind of sentence enhancements which have been ordered by the courts.

186.27. This chapter shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is chaptered on or before January 1, 1992, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because: (1) the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction; and (2) this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the tools necessary for law enforcement to stem the tide of illegal gang warfare without infringing upon the constitutional rights of any individual, at the earliest possible time, it is necessary that this act take effect immediately.

## CHAPTER 1243

An act to add Section 4383 to the Business and Professions Code, to amend Sections 11377 and 11550 of the Health and Safety Code, to add Section 77400.1 to the Government Code, and to amend Sections 264, 286, and 288a of, to add Sections 647.1 and 1463.23 to, and to add Chapter 2.71 (commencing with Section 1001.10) to Title 6 of Part 2 of, the Penal Code, relating to health.

[Approved by Governor September 23, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Acquired immune deficiency syndrome (AIDS) and infection by human immunodeficiency virus (HIV), the etiologic agent for AIDS, has reached epidemic proportions in this state.

(b) While intravenous drug users account for 2 percent of all AIDS cases diagnosed in California, studies in San Francisco indicate that 20 percent of IV drug users are infected with HIV.

(c) In some eastern cities where infection with HIV has affected

IV drug users early in the AIDS epidemic, the rate of infection among IV drug users is as high as 80 percent.

(d) The greatest risk of transmission of HIV to heterosexuals is through IV drug users.

(e) Street prostitutes are more likely to use intravenous drugs and, therefore, are at greater risk for exposure to HIV.

(f) Education and counseling about the causes of AIDS and the prevention of HIV infection are crucial to halting the spread of the epidemic.

(g) IV drug users and prostitutes are not easily reached with education and counseling because they have no formal network, no formal publications targeting them specifically, and in general are not in the mainstream of society that is reached by any form of media.

(h) It is critical that IV drug users and prostitutes be targeted specifically for AIDS education and counseling.

SEC. 2. Section 4383 is added to the Business and Professions Code, to read:

4383. In addition to any fine assessed under Section 4382, the judge may assess a fine not to exceed seventy dollars ($70) against any person who violates Section 4143 or 4149, with the proceeds of this fine to be used in accordance with Section 1463.23 of the Penal Code. The court shall, however, take into consideration the defendant's ability to pay and no defendant shall be denied probation because of his or her inability to pay the fine permitted under this section.

SEC. 2.5. Section 77400.1 is added to the Government Code, to read:

77400.1. In addition to dispositions made pursuant to Section 77400, disposition shall be made of the fines collected in accordance with Section 1463.23 of the Penal Code, prior to all filing fees and fines and forfeitures, or portions thereof, which otherwise would accrue to an option county, being transmitted quarterly by the option county to the state.

SEC. 3. Section 11377 of the Health and Safety Code is amended to read:

11377. (a) Except as otherwise provided in subdivision (b) or in Article 7 (commencing with Section 4211) of Chapter 9 of Division 2 of the Business and Professions Code, every person who possesses any controlled substance which is (1) classified in Schedule III, IV, or V, and which is not a narcotic drug, (2) specified in subdivision (d) of Section 11054, except paragraphs (13), (14), (15), and (20) of subdivision (d), (3) specified in paragraph (2) or (3) of subdivision (f) of Section 11054, or (4) specified in subdivision (d), (e), or (f) of Section 11055, unless upon the prescription of a physician, dentist, podiatrist, or veterinarian, licensed to practice in this state, shall be punished by imprisonment in the county jail for a period of not more than one year or the state prison.

(b) Any person who violates subdivision (a) by unlawfully

possessing a controlled substance specified in subdivision (f) of Section 11056, and who has not previously been convicted of such a violation involving a controlled substance specified in subdivision (f) of Section 11056, is guilty of a misdemeanor.

(c) In addition to any fine assessed under subdivision (b), the judge may assess a fine not to exceed seventy dollars ($70) against any person who violates subdivision (a), with the proceeds of this fine to be used in accordance with Section 1463.23 of the Penal Code. The court shall, however, take into consideration the defendant's ability to pay, and no defendant shall be denied probation because of his or her inability to pay the fine permitted under this subdivision.

SEC. 4. Section 11550 of the Health and Safety Code is amended to read:

11550. (a) No person shall use, or be under the influence of any controlled substance which is (1) specified in subdivision (b), (c), or (e), or paragraph (1) of subdivision (f) of Section 11054, specified in paragraph (14), (15), (21), (22), or (23) of subdivision (d) of Section 11054, specified in subdivision (b) or (c) of Section 11055, or specified in paragraph (1) or (2) of subdivision (d) or in paragraph (3) of subdivision (e) of Section 11055, or (2) a narcotic drug classified in Schedule III, IV, or V, except when administered by or under the direction of a person licensed by the state to dispense, prescribe, or administer controlled substances. It shall be the burden of the defense to show that it comes within the exception. Any person convicted of violating any provision of this subdivision is guilty of a misdemeanor and shall be sentenced to serve a term of not less than 90 days or more than one year in the county jail. The court may place a person convicted under this subdivision on probation for a period not to exceed five years and shall in all cases in which probation is granted require, as a condition thereof, that the person be confined in the county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in the county jail.

(b) In addition to any fine assessed under this section, the judge may assess a fine not to exceed seventy dollars ($70) against any person who violates this section, with the proceeds of this fine to be used in accordance with Section 1463.23 of the Penal Code. The court shall, however, take into consideration the defendant's ability to pay, and no defendant shall be denied probation because of his or her inability to pay the fine permitted under this subdivision.

(c) Nothing in this section prevents diversion of a person under Chapter 2.5 (commencing with Section 1000) of Title 6 of Part 2 of the Penal Code unless the person is charged with violating subdivision (b) or (c) of Section 243 of the Penal Code. A person charged with violating this section by being under the influence of any controlled substance which is specified in paragraph (21), (22), or (23) of subdivision (d) of Section 11054 or in paragraph (3) of subdivision (e) of Section 11055 and with violating either subdivision

(b) or (c) of Section 243 of the Penal Code shall be ineligible for diversion.

SEC. 5. Section 264 of the Penal Code is amended to read:

264. (a) Rape, as defined in Section 261, is punishable by imprisonment in the state prison for three, six, or eight years. Rape, as defined in Section 262, is punishable either by imprisonment in the county jail for not more than one year or in the state prison for three, six, or eight years. (d) Any person who, while voluntarily acting in concert with another person, either personally or aiding and abetting such other person, commits an act of sodomy when the act is accomplished against the victim's will by means of force or fear of immediate and unlawful bodily injury on the victim or another person or where the act is accomplished against the victim's will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat shall be punished by imprisonment in the state prison for five, seven, or nine years.

(i) Any person who commits an act of oral copulation, where the victim is prevented from resisting by any intoxicating or anesthetic

substance, or any controlled substance, administered by or with the privity of the accused, shall be punished by imprisonment in the state prison for a period of three, six, or eight years.

(*l*) As used in subdivisions (c) and (d) "threatening to retaliate" means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(m) In addition to any punishment imposed under this section, the judge may assess a fine not to exceed seventy dollars ($70) against any person who violates this section, with the proceeds of this fine to be used in accordance with Section 1463.23. The court shall, however, take into consideration the defendant's ability to pay, and no defendant shall be denied probation because of his or her inability to pay the fine permitted under this subdivision.

SEC. 8. Section 647.1 is added to the Penal Code, to read:

647.1. In addition to any fine assessed under Section 647, the judge may assess a fine not to exceed seventy dollars ($70) against any person who violates subdivision (a) or (b) of Section 647, or, if the offense involves intravenous use of a controlled substance, subdivision (f) of Section 647, with the proceeds of this fine to be used in accordance with Section 1463.23.

The court shall, however, take into consideration the defendant's ability to pay and no defendant shall be denied probation because of his or her inability to pay the fine permitted under this section.

SEC. 9. Chapter 2.71 (commencing with Section 1001.10) is added to Title 6 of Part 2 of the Penal Code, to read:

## CHAPTER 2.71. AIDS PREVENTION PROGRAM IN DRUG ABUSE AND PROSTITUTION CASES

1001.10. (a) The judge shall require any person described in subdivision (b), as a condition of either sentencing the person to probation or of permitting the person to participate in a drug diversion program to agree to participate in an AIDS education

program. Testing for AIDS antibodies shall be offered but no person described in subdivision (b) shall be required to be tested.

(b) This section shall apply to any person who has either been convicted of, or pled guilty to, any of the following:

(1) A violation of subdivision (a) of Section 11377 of the Health and Safety Code, Section 11550 of the Health and Safety Code, Section 4143 or 4149 of the Business and Professions Code, or of subdivision (f) of Section 647 if the offense involves intravenous use of a controlled substance.

(2) A violation of subdivision (a) or (b) of Section 647.

1001.11. (a) The health department in each county shall select an agency, or agencies, in the county that shall provide AIDS prevention education to those persons sentenced to probation or a drug diversion program in accordance with Section 1001.10. The health department shall endeavor to select an agency, or agencies, that currently provide AIDS prevention education programs to substance abusers or prostitutes. If no agency is currently providing this education, the county agency responsible for substance abuse shall develop an AIDS prevention education program either within the agency or under contract with a community-based, nonprofit organization in the county. The health department shall forward to the courts a list of agencies selected for purposes of referral in accordance with Section 1001.10. Reimbursement for the costs of implementing this section shall be made out of moneys deposited with the county treasurer in accordance with Section 1463.23.

(b) An AIDS prevention education program providing services pursuant to subdivision (a) shall, at a minimum, include details about the transmission of human immunodeficiency virus (HIV), the etiologic agent for AIDS, symptoms of AIDS or AIDS-related conditions, prevention through avoidance or cleaning of needles, sexual practices which constitute high risk, low risk, and no risk (including abstinence), and resources for assistance if the person decides to take a test for the etiologic agent for AIDS and receives a positive test result. The program shall also include other relevant medical and prevention information as it becomes available.

(c) A person sentenced to a drug diversion program pursuant to Section 1001.10 shall not be required to participate in an AIDS prevention education program, provided that the drug diversion program includes an AIDS prevention education component that meets the requirements of subdivision (b).

SEC. 10. Section 1463.23 is added to the Penal Code, to read:

1463.23. Notwithstanding Section 1463, out of the moneys deposited with the county treasurer pursuant to Section 1463, fifty dollars ($50) of each fine imposed pursuant to Section 4383 of the Business and Professions Code, subdivision (c) of Section 11377 or subdivision (b) of Section 11550 of the Health and Safety Code or subdivision (b) of Section 264, subdivision (m) of Section 286, subdivision (m) of Section 288a or Section 647.1, shall be deposited in a special account in the county treasury which shall be used

exclusively to pay for the reasonable costs of establishing and providing for the county, or any city within the county, an AIDS (acquired immune deficiency syndrome) education program under the direction of the county health department, in accordance with Chapter 2.71 (commencing with Section 1001.10) of Title 6, and for the costs of collecting and administering funds received for purposes of this section.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

The imposition of the minimum 180-day sentence shall be imposed in every case where probation has been granted, except that the court may, in an unusual case where the interests of justice would best be served, absolve a person from spending the 180-day sentence in the county jail if the court specifies on the record and enters into the minutes, the circumstances indicating that the interests of justice would best be served by that disposition.

SEC. 2. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

[Approved by Governor September 23, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 1 (commencing with Section 190) of Title 3 of Part 1 of the Code of Civil Procedure is repealed.

SEC. 2. Chapter 1 (commencing with Section 190) is added to Title 3 of Part 1 of the Code of Civil Procedure, to read:

### CHAPTER 1. TRIAL JURY SELECTION AND MANAGEMENT ACT

190. This chapter shall be known and may be cited as the Trial Jury Selection and Management Act.

191. The Legislature recognizes that trial by jury is a cherished constitutional right, and that jury service is an obligation of citizenship.

It is the policy of the State of California that all persons selected for jury service shall be selected at random from the population of the area served by the court; that all qualified persons have an equal opportunity, in accordance with this chapter, to be considered for jury service in the state and an obligation to serve as jurors when summoned for that purpose; and that it is the responsibility of jury commissioners to manage all jury systems in an efficient, equitable, and cost-effective manner, in accordance with this chapter.

192. This chapter applies to the selection of jurors, and the formation of trial juries, for both civil and criminal cases, in all trial courts of the state.

193. Juries are of three kinds:

(a) Grand juries established pursuant to Title 4 (commencing with Section 888) of Part 2 of the Penal Code.

(b) Trial juries.

(c) Juries of inquest.

194. The following definitions govern the construction of this chapter:

(a) "County" means any county or any coterminous city and county.

(b) "Court" means the superior, municipal, and justice courts of

this state, and includes, when the context requires, any judge of the court.

(c) "Deferred jurors" are those prospective jurors whose request to reschedule their service to a more convenient time is granted by the jury commissioner.

(d) "Excused jurors" are those prospective jurors who are excused from service by the jury commissioner for valid reasons based on statute, state or local court rules, and policies.

(e) "Juror pool" means the group of prospective qualified jurors appearing for assignment to trial jury panels.

(f) "Jury of inquest" is a body of persons summoned from the citizens before the sheriff, coroner, or other ministerial officers, to inquire of particular facts.

(g) "Master list" means a list of names randomly selected from the source lists.

(h) "Potential juror" means any person whose name appears on a source list.

(i) "Prospective juror" means a juror whose name appears on the master list.

(j) "Qualified juror" means a person who meets the statutory qualifications for jury service.

(k) "Qualified juror list" means a list of qualified jurors.

(*l*) "Random" means that which occurs by mere chance indicating an unplanned sequence of selection where each juror's name has substantially equal probability of being selected.

(m) "Source list" means a list used as a source of potential jurors.

(n) "Summons list" means a list of prospective or qualified jurors who are summoned to appear or to be available for jury service.

(o) "Trial jurors" are those jurors sworn to try and determine by verdict a question of fact.

(p) "Trial jury" means a body of persons selected from the citizens of the area served by the court and sworn to try and determine by verdict a question of fact.

(q) "Trial jury panel" means a group of prospective jurors assigned to a courtroom for the purpose of voir dire.

195. (a) In each county, there shall be one jury commissioner who shall be appointed by, and serve at the pleasure of, a majority of the judges of the superior court. In any county where there is a superior court administrator or executive officer, that person shall serve as ex officio jury commissioner. The person so appointed shall serve as jury commissioner for all trial courts within the county. In any municipal or justice court district in the county, a majority of the judges may appoint the clerk/administrator to select jurors for their court pursuant to this chapter. In any court jurisdiction where any person other than a court administrator or clerk/administrator is serving as jury commissioner on the effective date of this section, that person shall continue to so serve at the pleasure of a majority or the judges of the appointing court.

(b) Except where the superior court administrator or executive

officer serves as ex officio jury commissioner, the jury commissioner's salary shall be set by joint action of the board of supervisors and a majority of the superior court judges. Any jury commissioner may, whenever the business of court requires, and with consent of the board of supervisors, appoint deputy jury commissioners. Salaries and benefits of such deputies shall be fixed in the same manner as salaries and benefits of other court employees.

(c) The jury commissioner shall be primarily responsible for managing the jury system under the general supervision of the court in conformance with the purpose and scope of this act. He or she shall have authority to establish policies and procedures necessary to fulfill this responsibility.

196. (a) The jury commissioner or the court shall inquire as to the qualifications of persons on the master list or source list who are or may be summoned for jury service. The commissioner or the court may require any person to answer, under oath, orally or in written form, all questions as may be addressed to that person, regarding the person's qualifications and ability to serve as a prospective trial juror. The commissioner and his or her assistants, shall have power to administer oaths and shall be allowed actual traveling expenses incurred in the performance of their duties. Such traveling expenses shall be audited, allowed, and paid out of the general fund of the county.

(b) Response to the jury commissioner or the court concerning an inquiry or summons may be made by any person having knowledge that the prospective juror is unable to respond to such inquiry or summons.

(c) Any person who fails to respond to jury commissioner or court inquiry as instructed, may be summoned to appear before the jury commissioner or the court to answer such inquiry, or may be deemed to be qualified for jury service in the absence of a response to the inquiry. Any information thus acquired by the court or jury commissioner shall be noted in jury commissioner or court records.

197. (a) All persons selected for jury service shall be selected at random, from a source or sources inclusive of a representative cross section of the population of the area served by the court. Sources may include, in addition to other lists, customer mailing lists, telephone directories, or utility company lists.

(b) The list of registered voters and the Department of Motor Vehicles' list of licensed drivers and identification cardholders resident within the area served by the court, are appropriate source lists for selection of jurors. These two source lists, when substantially purged of duplicate names, shall be considered inclusive of a representative cross section of the population, within the meaning of subdivision (a).

(c) The Department of Motor Vehicles shall furnish the jury commissioner of each county with the current list of the names, addresses, and other identifying information of persons residing in the county who are age 18 years or older and who are holders of a

current driver's license or identification card issued pursuant to Article 3 (commencing with Section 12800) of, or Article 5 (commencing with Section 13000) of, Chapter 1 of Division 6 of the Vehicle Code. The conditions under which these lists shall be compiled semiannually shall be determined by the director, consistent with any rules which may be adopted by the Judicial Council. This service shall be provided by the Department of Motor Vehicles pursuant to Section 1812 of the Vehicle Code. The jury commissioner shall not disclose the information furnished by the Department of Motor Vehicles pursuant to this section to any person, organization, or agency.

198. (a) Random selection shall be utilized in creating master and qualified juror lists, commencing with selection from source lists, and continuing through selection of prospective jurors for voir dire.

(b) The jury commissioner shall, at least once in each 12-month period, randomly select names of prospective trial jurors from the source list or lists, to create a master list.

(c) The master jury list shall be used by the jury commissioner, as provided by statute and state and local court rules, for the purpose of (1) mailing juror questionnaires and subsequent creation of a qualified juror list, and (2) summoning prospective jurors to respond or appear for qualification and service.

198.5. In counties where sessions of the superior court are held in cities other than the county seat, the names for master jury lists and qualified jury lists to serve in those cities may be selected from the judicial district in which the city is located and, if the judges of the court determine that it is necessary or advisable, from a judicial district adjacent to a judicial district in which the city is located.

199. In El Dorado County, trial jury venires for the superior court shall be drawn from residents of the supervisorial district, or a portion thereof, within which the court will sit for such trial and from residents of such other immediately adjacent supervisorial district, or portion thereof, as may be specified by local superior court rules. Such venireman shall serve the court sitting in the geographical portion of the county from which this section and such court rules specify trial jury venires shall be drawn; provided that such rules shall afford to each eligible resident of such county an opportunity for selection as a trial jury venireman. Such court may, in its discretion, order a countywide venire in the interest of justice.

199.5. In Santa Barbara County, trial jury venires for the superior court shall be drawn from residents of the supervisorial district within which the court will sit for that trial and from residents of such other immediately adjacent supervisorial district, or portion thereof, as may be specified by local superior court rules. The venireman shall serve the court sitting in the geographical portion of the county from which this section and such court rules specify trial jury venires shall be drawn. However, those rules shall afford to each eligible resident of such county an opportunity for selection as a trial jury venireman. The court may, in its discretion, order a countywide venire in the

interest of justice.

200. Except in Alameda County, when authorized by local superior court rules, a municipal or justice court district pursuant to duly adopted court rule may use the same juror pool as that summoned for use in the superior court. Persons so selected for jury service in those municipal or justice courts need not be residents of the judicial district. In Los Angeles County, the municipal courts shall use the same jury pool as that summoned for use in the superior court.

201. In any county having two or more judges of the superior court, or in any judicial district, or city and county, in which a municipal court having two or more judges is established, a separate trial jury panel may be drawn, summoned, and impaneled for each judge, or any one panel may be drawn, summoned, and impaneled by any one of the judges, for use in the trial of cases before any of the judges, as occasion may require. In those counties or judicial districts, when a panel of jurors is in attendance for service before one or more of the judges, whether impaneled for common use or not, the whole or any number of the jurors from such panel may be required to attend and serve in the trial of cases, or to complete a panel, or jury, before any other of the judges.

202. Mechanical, electric, or electronic equipment, which in the opinion of the jury commissioner is satisfactory therefor, may be used in the performance of any function specified by this chapter for the selection and drawing of jurors.

203. (a) All persons are eligible and qualified to be prospective trial jurors, except the following:

(1) Persons who are not citizens of the United States.

(2) Persons who are less than 18 years of age.

(3) Persons who are not domiciliaries of the State of California, as determined pursuant to Article 2 (commencing with Section 200) of Chapter 1 of Division 1 of the Elections Code.

(4) Persons who are not residents of the jurisdiction wherein they are summoned to serve.

(5) Persons who have been convicted of malfeasance in office or a felony, and whose civil rights have not been restored.

(6) Persons who are not possessed of sufficient knowledge of the English language, provided that no person shall be deemed incompetent solely because of the loss of sight or hearing in any degree or other disability which impedes the person's ability to communicate or which impairs or interferes with the person's mobility.

(7) Persons who are serving as grand or trial jurors in any court of this state.

(8) Persons who are the subject of conservatorship.

(b) No person shall be excluded from eligibility for jury service in the State of California, for any reason other than those reasons provided by this section.

204. (a) No eligible person shall be exempt from service as a trial

juror by reason of occupation, race, color, religion, sex, national origin, or economic status, or for any other reason. No person shall be excused from service as a trial juror except as specified in subdivision (b).

(b) An eligible person may be excused from jury service only for undue hardship, upon themselves or upon the public, as defined by the Judicial Council.

205. (a) If a jury commissioner requires a person to complete a questionnaire, the questionnaire shall ask only questions related to juror identification, qualification, and ability to serve as a prospective juror.

(b) Except as ordered by the court, the questionnaire referred to in subdivision (a) shall be used solely for qualifying prospective jurors, and for management of the jury system, and not for assisting in the courtroom voir dire process of selecting trial jurors for specific cases.

(c) The court may require a prospective juror to complete such additional questionnaires as may be deemed relevant and necessary for assisting in the voir dire process or to ascertain whether a fair cross section of the population is represented as required by law, if such procedures are established by local court rule.

(d) The trial judge may direct a prospective juror to complete additional questionnaires as proposed by counsel in a particular case to assist the voir dire process.

206. (a) Prior to discharging the jury from the case, the judge in a criminal action shall inform the jurors that they have an absolute right to discuss or not to discuss the deliberation or verdict with anyone. The judge shall also inform the jurors of the provisions set forth in subdivisions (b), (c), and (d).

(b) Following the discharge of the jury in a criminal case, the defendant, or his or her attorney or representative, or the prosecutor, or his or her representative, may discuss the jury deliberation or verdict with a member of the jury, provided that the juror consents to the discussion and that the discussion takes place at a reasonable time and place.

(c) Any unreasonable contact with a juror by the defendant, or his or her attorney or representative, or by the prosecutor, or his or her representative, without the juror's consent shall be reported to the trial judge forthwith.

(d) Any violation of this section shall be considered a violation of a lawful court order and shall be subject to reasonable monetary sanctions in accordance with Section 177.5 of the Code of Civil Procedure.

(e) Nothing in the section shall prohibit a peace officer from investigating an allegation of criminal conduct.

207. (a) The jury commissioner shall maintain records regarding selection, qualification, and assignment of prospective jurors.

(b) The jury commissioner shall maintain records providing a clear audit trail regarding a juror's attendance, jury fees, and

mileage.

(c) All records and papers maintained or compiled by the jury commissioner in connection with the selection or service of a juror may be kept on an electronic or microfilm medium and such records shall be preserved for at least three years after the list used in their selection is prepared, or for any longer period ordered by the court or the jury commissioner.

208. The jury commissioner shall estimate the number of prospective jurors that may be required to serve the needs of the trial courts, and shall summon such prospective jurors for service. Prospective jurors shall be summoned by mailing a summons by first-class mail or by personal service or, in urgency situations, as elsewhere provided by law. The summons, when served by mail, shall be mailed at least 10 days prior to the date of required appearance. Once a prospective juror has been summoned, the date, time, or place of appearance may be modified or further specified by the jury commissioner, by means of written, telegraphic, telephonic, or direct oral communication with the prospective juror.

209. Any prospective trial juror who has been summoned for service, and who fails to attend upon the court as directed or to respond to the court or jury commissioner and to be excused from attendance, may be attached and compelled to attend; and, following an order to show cause hearing, the court may find the prospective juror in contempt of court, punishable by fine, incarceration, or both, as otherwise provided by law.

210. The summons shall contain the date, time, and place of appearance required of the prospective juror or, alternatively, instructions as to the procedure for calling the jury commissioner for telephonic instructions for appearance as well as such additional juror information as deemed appropriate by the jury commissioner.

211. When a court has no prospective jurors remaining available for voir dire from panels furnished by, or available from, the jury commissioner, and finds that not proceeding with voir dire will place a party's right to a trial by jury in jeopardy, the court may direct the sheriff, marshal, or constable to summon, serve, and immediately attach the person of a sufficient number of citizens having the qualifications of jurors, to complete the panel.

213. Unless excused by reason of undue hardship, all or any portion of the summoned prospective jurors shall be available on one-hour notice by telephone to appear for service, when the jury commissioner determines that it will efficiently serve the operational requirements of the court.

Jurors available on one-hour telephone notice shall receive credit for each day of such availability towards their jury service obligation, but they shall not be paid unless they are actually required to make an appearance.

214. The jury commissioner shall provide orientation for new jurors, which shall include necessary basic information concerning jury service.

215. Unless a higher fee is provided for each day's attendance by county or city and county ordinance, the fee for jurors in the superior, municipal, and justice courts, in civil and criminal cases, is five dollars ($5) a day for each day's attendance as a juror. Unless a higher rate of mileage is otherwise provided by statute or by county or city and county ordinance, jurors in the superior, municipal, and justice courts shall be reimbursed for mileage at the rate of fifteen cents ($0.15) per mile for each mile actually traveled in attending court as a juror, in going only.

(b) In criminal cases, the board of supervisors of each county shall make sufficient appropriations for the payment of the fees provided for in this section.

216. (a) At each court facility where jury cases are heard, the board of supervisors shall provide a deliberation room or rooms for use of jurors when they have retired for deliberation. Such deliberation rooms shall be designed to minimize unwarranted intrusions by other persons in the court facility, shall have suitable furnishings, equipment, and supplies, and shall also have restroom accommodations for male and female jurors.

(b) If the board of supervisors neglects to provide the facilities required by this section, the court may order the sheriff, marshal, or constable to do so, and the expenses incurred in carrying the order into effect, when certified by the court, are a county charge.

(c) Unless authorized by the jury commissioner, jury assembly facilities shall be restricted to use by jurors and jury commissioner staff.

217. In criminal cases only, while the jury is kept together, either during the progress of the trial or after their retirement for deliberation, the court may direct the sheriff, marshal, or constable to provide the jury with suitable and sufficient food and lodging, or other reasonable necessities. In the superior, municipal, and justice courts, the expenses incurred under the provisions of this section shall be charged against the county or city and county in which the court is held. All such expenses shall be paid on the order of the court.

218. The jury commissioner shall hear the excuses of jurors summoned, in accordance with the standards prescribed by the Judicial Council. It shall be left to the discretion of the jury commissioner to accept an excuse under subdivision (b) of Section 204 without a personal appearance. All excuses shall be in writing setting forth the basis of the request and shall be signed by the juror.

219. The jury commissioner shall randomly select jurors for jury panels to be sent to courtrooms for voir dire; provided that no peace officer, as defined in Section 830.1 and subdivision (a) of Section 830.2 of the Penal Code, shall be selected for voir dire in a criminal case.

220. A trial jury shall consist of 12 persons, except that in civil actions and cases of misdemeanor, it may consist of 12 or any number less than 12, upon which the parties may agree.

221. (a) A trial jury in civil actions in municipal and justice courts may consist of eight persons in the County of Los Angeles, pursuant

to rules adopted by the Judicial Council, as an experimental project operative until July 1, 1989.

(b) The Judicial Council shall appoint an advisory committee which shall include at least one judge of each court or courts in which the project will take place, one court administrator from that court or courts, or his or her designee, and one member of the Los Angeles County Bar Association, Trial Lawyers Section, who practices in the municipal or justice courts, to make recommendations regarding the design of the eight-person jury experiment. The Judicial Council shall adopt rules for the implementation of the project, including rules governing the assignment of cases to eight person juries during the experimental period, and establish procedures for the collection and evaluation of data.

(c) The Judicial Council shall report to the Legislature no later than January 1, 1990, comparing the performance of eight and 12 person juries. The comparison shall include, but not be limited to, the following factors:

(1) Cross-sectional representation of the community.

(2) Numbers of verdicts favoring plaintiffs or defendants, and size of awards.

(3) Accuracy, consistency, and reliability of awards.

(4) Time required for impanelment, trial, and deliberations.

(5) Public and private costs of the jury.

(d) Notwithstanding the provisions of Section 206, the project courts shall collect and provide to the Judicial Council the data required for a proper evaluation of the experiment. Any bona fide researcher or research organization shall be permitted access to any data regarding the conduct or evaluation of the pilot project.

222. (a) Except as provided in subdivision (b), when an action is called for trial by jury, the clerk, or the judge where there is no clerk, shall randomly select the names of the jurors for voir dire, until the jury is selected or the panel is exhausted.

(b) When the jury commissioner has provided the court with a listing of the trial jury panel in random order, the court shall seat prospective jurors for voir dire in the order provided by the panel list.

223. In criminal cases:

(a) It shall be the duty of the trial court to examine the prospective jurors to select a fair and impartial jury. Except as provided in Section 223.5, the trial court shall permit reasonable examination of prospective jurors by counsel for the people and for the defendant, such examination to be conducted orally and directly by counsel.

(b) In each case it shall be the duty of the trial judge to provide for a voir dire process as speedy, focused, and informative as possible, and to protect prospective jurors from undue harassment and embarrassment and from inordinately extensive, repetitive, or unfocused examinations.

(c) In discharging its duties, the court shall have discretion and

control with respect to the form and subject matter and duration of voir dire examination. In exercising that discretion and control, the trial judge shall be guided by, among other criteria, the following:

(1) The nature of the charges and the potential consequences of a conviction.

(2) Any unique or complex elements, legal or factual, in the case.

(3) The individual responses or conduct of jurors which may reveal attitudes inconsistent with suitability to serve as a fair and impartial juror in the particular case.

(4) The attorneys' need, under the circumstances, for information on which to exercise peremptory challenges intelligently.

(d) The trial court shall not permit questions which the trial court concludes would, as their sole purpose, do any of the following:

(1) Educate the jury panel to the particular facts of the case.

(2) Compel the jurors to commit themselves to vote in a particular way.

(3) Prejudice the jury for or against any party.

(4) Argue the case.

(5) Indoctrinate the jury.

(6) Instruct the jury in a matter of law.

(7) Attempt to accomplish any other improper purpose.

(e) The trial court shall require that questions be phrased by counsel in a neutral and nonargumentative form.

223.5. (a) As a pilot project applicable solely to criminal cases in the superior courts in Fresno and Santa Cruz Counties during the period July 1, 1988, to June 30, 1991, inclusive, all questions designed solely for assisting in the intelligent exercise of the right to peremptory challenge and not applicable to the determination of implied or actual bias, shall be propounded by the court. If such a question is requested by the prosecution or by counsel for the defense and is one of the standardized questions developed by the Task Force on Voir Dire, the court shall propound the question unless the court determines that the question is clearly inappropriate. If a nonstandardized question is proposed by the prosecution or by counsel for the defense, the court may propound the question in its discretion.

(b) The Task Force on Voir Dire shall consist of eight members who shall serve without compensation, two of whom shall be appointed by the Judicial Council, two by the Governor, two by the Speaker of the Assembly, and two by the Senate Rules Committee. All appointees shall have been members of the State Bar for at least five years prior to their appointment. The Judicial Council may provide staff to assist the task force.

All appointments to the Task Force on Voir Dire shall be made on or before March 1, 1988. The task force shall submit to the pilot project counties a list of standardized questions which meet the purposes of subdivision (a) on or before July 1, 1988.

(c) Notwithstanding the provisions of Section 206, the Judicial Council and any other bona fide research or research organization

shall be permitted access to any data regarding the conduct or evaluation of the pilot project. On or before January 1, 1992, the Judicial Council shall report to the Legislature on the effects of the pilot project on the efficiency in jury selection and on any effect on the conviction rate for particular crimes compared to a similar prior period in each pilot project county.

224. (a) If a party does not cause the removal by challenge of an individual juror who is handicapped by loss of hearing, sight, or power of speech in any degree and who requires the services of a sign language interpreter, reader, or speech interpreter to facilitate communication, the party shall (1) stipulate to the presence of that attendant in the jury room during jury deliberations, and (2) prepare and deliver to the court proposed jury instructions to that attendant.

(b) If the services of a sign language interpreter, reader, or speech interpreter are required during the course of jury deliberations, the court shall instruct the jury and that attendant that the attendant for the disabled juror is not to participate in the jury's deliberations in any manner except to facilitate communication between the disabled juror and other jurors.

225. A challenge is an objection made to the trial jurors that may be taken by any party to the action, and is of the following classes and types:

(a) A challenge to the trial jury panel for cause.

(1) A challenge to the panel may only be taken before a trial jury is sworn. The challenge shall be reduced to writing, and shall plainly and distinctly state the facts constituting the ground of challenge.

(2) Reasonable notice of the challenge to the jury panel shall be given to all parties and to the jury commissioner, by service of a copy thereof.

(3) The jury commissioner shall be permitted the services of legal counsel in connection with challenges to the jury panel.

(b) A challenge to a prospective juror by either:

(1) A challenge for cause, for one of the following reasons:

(A) General disqualification—that the juror is disqualified from serving in the action on trial.

(B) Implied bias—as, when the existence of the facts as ascertained, in judgment of law disqualifies the juror.

(C) Actual bias—the existence of a state of mind on the part of the juror in reference to the case, or to any of the parties, which will prevent the juror from acting with entire impartiality, and without prejudice to the substantial rights of any party.

(2) A peremptory challenge to a prospective juror.

226. (a) A challenge to an individual juror may only be made before the jury is sworn.

(b) A challenge to an individual juror may be taken orally or may be made in writing, but no reason need be given for a peremptory challenge, and the court shall exclude any juror challenged peremptorily.

(c) All challenges for cause shall be exercised before any

peremptory challenges may be exercised.

(d) All challenges to an individual juror, except a peremptory challenge, shall be taken, first by the defendants, and then by the people or plaintiffs.

227. The challenges of either party for cause need not all be taken at once, but they may be taken separately, in the following order, including in each challenge all the causes of challenge belonging to the same class and type:

(a) To the panel.

(b) To an individual juror, for a general disqualification.

(c) To an individual juror, for an implied bias.

(d) To an individual juror, for an actual bias.

228. Challenges for general disqualification may be taken on one or both of the following grounds, and for no other:

(a) A want of any of the qualifications prescribed by this code to render a person competent as a juror.

(b) A loss of hearing, or the existence of any other incapacity which satisfies the court that the challenged person is incapable of performing the duties of a juror in the particular action without prejudice to the substantial rights of the challenging party.

229. A challenge for implied bias may be taken for one or more of the following causes, and for no other:

(a) Consanguinity or affinity within the fourth degree to any party, to an officer of a corporation which is a party, or to any alleged witness or victim in the case at bar.

(b) Standing in the relation of, or being the parent, spouse, or child of one who stands in the relation of, guardian and ward, conservator and conservatee, master and servant, employer and clerk, landlord and tenant, principal and agent, or debtor and creditor, to either party or to an officer of a corporation which is a party, or being a member of the family of either party; or a partner in business with either party; or surety on any bond or obligation for either party, or being the holder of bonds or shares of capital stock of a corporation which is a party; or having stood within one year previous to the filing of the complaint in the action in the relation of attorney and client with either party or with the attorney for either party. A depositor of a bank or a holder of a savings account in a savings and loan association shall not be deemed a creditor of that bank or savings and loan association for the purpose of this paragraph solely by reason of his or her being a depositor or account holder.

(c) Having served as a trial or grand juror or on a jury of inquest in a civil or criminal action or been a witness on a previous or pending trial between the same parties, or involving the same specific offense or cause of action; or having served as a trial or grand juror or on a jury within one year previously in any criminal or civil action or proceeding in which either party was the plaintiff or defendant or in a criminal action where either party was the defendant.

(d) Interest on the part of the juror in the event of the action, or

in the main question involved in the action, except his or her interest as a member or citizen or taxpayer of a county, city and county, incorporated city or town, or other political subdivision of a county, or municipal water district.

(e) Having an unqualified opinion or belief as to the merits of the action founded upon knowledge of its material facts or of some of them.

(f) The existence of a state of mind in the juror evincing enmity against, or bias towards, either party.

(g) That the juror is party to an action pending in the court for which he or she is drawn and which action is set for trial before the panel of which the juror is a member.

(h) If the offense charged is punishable with death, the entertaining of such conscientious opinions as would preclude the juror finding the defendant guilty; in which case the juror may neither be permitted nor compelled to serve.

230. Challenges for cause shall be tried by the court. The juror challenged and any other person may be examined as a witness in the trial of the challenge, and shall truthfully answer all questions propounded to them.

231. (a) In criminal cases, if the offense charged is punishable with death, or with imprisonment in the state prison for life, the defendant is entitled to 20 and the people to 20 peremptory challenges. Except as provided in subdivision (b), in a trial for any other offense, the defendant is entitled to 10 and the state to 10 peremptory challenges; except when two or more defendants are jointly tried, their challenges shall be exercised jointly, but each defendant shall also be entitled to five additional challenges which may be exercised separately, and the people shall also be entitled to additional challenges equal to the number of all the additional separate challenges allowed the defendants.

(b) If the offense charged is punishable with a maximum term of imprisonment of 90 days or less, the defendant is entitled to six and the state to six peremptory challenges; except that, when two or more defendants are jointly tried, their challenges shall be exercised jointly, but each defendant shall also be entitled to four additional challenges which may be exercised separately, and the state shall also be entitled to additional challenges equal to the number of all the additional separate challenges allowed the defendants.

(c) In civil cases, each party shall be entitled to six peremptory challenges. If there are more than two parties, the court shall, for the purpose of allotting peremptory challenges, divide the parties into two or more sides according to their respective interests in the issues. Each side shall be entitled to eight peremptory challenges. If there are several parties on a side, the court shall divide the challenges among them as nearly equally as possible. If there are more than two sides, the court shall grant such additional peremptory challenges to a side as the interests of justice may require; provided that the peremptory challenges of one side shall not exceed the aggregate

number of peremptory challenges of all other sides. If any party on a side does not use his or her full share of peremptory challenges, the unused challenges may be used by the other party or parties on the same side.

(d) Peremptory challenges shall be taken or passed by the sides alternately, commencing with the plaintiff or people. When each side passes consecutively, the jury shall then be sworn, unless the court, for good cause, shall otherwise order. The number of peremptory challenges remaining with a side shall not be diminished by any passing of a peremptory challenge.

(e) If all the parties on both sides pass consecutively, the jury shall then be sworn, unless the court, for good cause, shall otherwise order. The number of peremptory challenges remaining with a side shall not be diminished by any passing of a peremptory challenge.

232. (a) Prior to the examination of prospective trial jurors in the panel assigned for voir dire, the following perjury admonishment shall be administered to the panel, which shall be acknowledged by the prospective jurors with the statement "I do":

"You do, and each of you, understand and agree that you will accurately and truthfully answer, under penalty of perjury, all questions propounded to you concerning your qualifications and competency to serve as a trial juror in the matter pending before this court; and that failure to do so may subject you to criminal prosecution."

(b) As soon as the selection of the trial jury is completed, the following acknowledgment and agreement shall be obtained from the trial jurors, which shall be acknowledged by the statement "I do":

"You do and each of you understand and agree that you will well and truly try the cause now pending before this court, and a true verdict render according only to the evidence presented to you and to the instructions of the court."

233. If, before the jury has returned its verdict to the court, a juror becomes sick or, upon other good cause shown to the court, is found to be unable to perform his or her duty, the court may order the juror to be discharged. If any alternate jurors have been selected as provided by law, one of them shall then be designated by the court to take the place of the juror so discharged. If after all alternate jurors have been made regular jurors or if there is no alternate juror, a juror becomes sick or otherwise unable to perform the juror's duty and has been discharged by the court as provided in this section, the jury shall be discharged and a new jury then or afterwards impaneled, and the cause may again be tried. Alternatively, with the consent of all parties, the trial may proceed with only the remaining jurors, or another juror may be sworn and the trial begin anew.

234. Whenever, in the opinion of a judge of a superior, municipal, or justice court about to try a civil or criminal action or proceeding, the trial is likely to be a protracted one, or upon stipulation of the parties, the court may cause an entry to that effect to be made in the minutes of the court and thereupon, immediately after the jury is

impaneled and sworn, the court may direct the calling of one or more additional jurors, in its discretion, to be known as "alternate jurors."

These alternate jurors shall be drawn from the same source, and in the same manner, and have the same qualifications, as the jurors already sworn, and shall be subject to the same examination and challenges. However, each side, or each defendant, as provided in Section 231, shall be entitled to as many peremptory challenges to the alternate jurors as there are alternate jurors called.

The alternate jurors shall be seated so as to have equal power and facilities for seeing and hearing the proceedings in the case, and shall take the same oath as the jurors already selected, and shall, unless excused by the court, attend at all times upon the trial of the cause in company with the other jurors, but shall not participate in deliberation unless ordered by the court, and for a failure to do so are liable to be punished for contempt.

They shall obey the orders of and be bound by the admonition of the court, upon each adjournment of the court; but if the regular jurors are ordered to be kept in the custody of the sheriff, marshal, or constable during the trial of the cause, the alternate jurors shall also be kept in confinement with the other jurors; and upon final submission of the case to the jury, the alternate jurors shall be kept in the custody of the sheriff, marshal, or constable who shall not suffer any communication to be made to them except by order of the court, and shall not be discharged until the original jurors are discharged, except as provided in this section.

If at any time, whether before or after the final submission of the case to the jury, a juror dies or becomes ill, or upon other good cause shown to the court is found to be unable to perform his or her duty, or if a juror requests a discharge and good cause appears therefor, the court may order the juror to be discharged and draw the name of an alternate, who shall then take his or her place in the jury box, and be subject to the same rules and regulations as though he or she has been selected as one of the original jurors.

All laws relative to fees, expenses, and mileage or transportation of jurors shall be applicable to alternate jurors, except that in civil cases the sums for fees and mileage or transportation need not be deposited until the judge directs alternate jurors to be impaneled.

235. At the request of the sheriff, coroner, or other ministerial officer, the jury commissioner shall provide such prospective jurors as may be required to form a jury of inquest. Prospective jurors so provided shall be selected, obligated, and compensated in the same manner as other jurors selected under the provisions of this chapter.

236. When six or more prospective jurors of inquest attend, they shall be sworn by the coroner to inquire who the person was, and when, where, and by what means the person came to his or her death, to inquire into the circumstances attending the death, and to render a true verdict thereon, according to the evidence offered them or arising from the inspection of the body.

In those actions, continuations shall be granted by the court only after a hearing and determination of the necessity thereof, and in any event, the trial shall be commenced within 30 days after arraignment, unless for good cause the court shall direct the action to be continued, after a hearing and determination of the necessity of the continuance, and states the findings for a determination of good cause on the record.

(c) For purposes of this section only, "an alleged serious drug offender" means any of the following:

(1) A defendant who is charged with a violation of Section 11353, 11353.5, 11361, 11379.6, 11380, 11380.5, or 11383 of the Health and Safety Code.

## CHAPTER 1249

An act to add Section 11470.4 to the Health and Safety Code, and amend Sections 12022 and 12022.5 of the Penal Code, relating to crimes.

[Approved by Governor September 23, 1988. Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 11470.4 is added to the Health and Safety Code, to read:

11470.4. The provisions of this chapter apply to any minor who has been found to be a person described in Section 602 of the Welfare and Institutions Code because of a violation of Section 11351, 11351.5, 11352, 11355, 11366, 11366.5, 11366.6, 11378.5, 11379, 11379.5, 11379.6, or 11382.

SEC. 2. Section 12022 of the Penal Code is amended to read:

12022. (a) Except as provided in subdivisions (b) and (c), any person who is armed with a firearm in the commission or attempted commission of a felony shall, upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one year, unless such arming is an element of the offense of which he or she was convicted. This additional term shall apply to any person who is a principal in the commission or attempted commission of a felony if one or more of the principals is armed with a firearm, whether or not such person is personally armed with a firearm.

(b) Notwithstanding the enhancement set forth in subdivision (a), any person who is personally armed with a firearm in the commission or attempted commission of a violation of Section 11351, 11351.5, 11352, 11366.5, 11366.6, 11378, 11378.5, 11379, 11379.5, or 11379.6 of the Health and Safety Code, shall, upon conviction of that offense and in addition and consecutive to the punishment prescribed for the offense of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for three, four, or five years in the court's discretion. The court shall order the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of the sentence.

(c) Notwithstanding the enhancement set forth in subdivision (a), any person not personally armed with a firearm who, knowing that another principal is personally armed with a firearm, is a principal in the commission or attempted commission of an offense specified in subdivision (b), shall, upon conviction of that offense, be punished by an additional term of one, two, or three years in the court's discretion. The court shall order the imposition of the middle

term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of sentencing.

(d) Any person who personally uses a deadly or dangerous weapon in the commission or attempted commission of a felony shall, upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one year, unless use of a deadly or dangerous weapon is an element of the offense of which he or she was convicted.

When a person is found to have personally used a deadly or dangerous weapon in the commission or attempted commission of a felony as provided in this subdivision and the weapon is owned by that person, the court shall order that the weapon be deemed a nuisance and disposed of in the manner provided in Section 12028.

(e) For purposes of imposing an enhancement under Section 1170.1, the enhancements under this section shall count as one, single enhancement.

(f) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in subdivision (b) or (c) in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

SEC. 3. Section 12022.5 of the Penal Code is amended to read:

12022.5. (a) Except as provided in subdivisions (b) and (c), any person who personally uses a firearm in the commission or attempted commission of a felony shall, upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for two years, unless use of a firearm is an element of the offense of which he or she was convicted.

(b) Notwithstanding subdivision (a), any person who is convicted of a felony or an attempt to commit a felony, including murder or attempted murder, in which that person discharged a firearm at an occupied motor vehicle which caused great bodily injury or death to the person of another, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the sentence prescribed for the felony or attempted felony, be punished by an additional term of imprisonment in the state prison for five years.

(c) Notwithstanding the enhancement set forth in subdivision (a), any person who personally uses a firearm in the commission or attempted commission of a violation of Section 11351, 11351.5, 11352, 11366.5, 11366.6, 11378, 11378.5, 11379, 11379.5, or 11379.6 of the Health and Safety Code, shall, upon conviction of that offense and in addition and consecutive to the punishment prescribed for the offense of which he or she has been convicted, be punished by an

additional term of imprisonment in the state prison for three, four, or five years in the court's discretion. The court shall order the imposition of middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record.

(g) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancement provided in subdivision (c) in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

## CHAPTER 1250

An act to amend Section 13863 of the Penal Code, relating to gang violence intervention programs.

[Approved by Governor September 23, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by gang violence has reached an intolerable level.

The Legislature further finds and declares that youth gang violence can be effectively reduced in California schools through the involvement of parents, teachers, school administrators, community organizations, and individuals with a firsthand knowledge of the problem.

The Legislature further finds and declares that a strong and consistent relationship between the home and schools would facilitate the learning process and inevitably help control problems associated with gang violence.

SEC. 2. It is the intent of the Legislature to cause the development of positive intervention pilot programs for elementary and secondary age students in Los Angeles County, through cooperation between individual schools and existing organizations in communities. It is also the intent of the Legislature that if the intervention pilot programs in Los Angeles County are determined to be effective in reducing problems associated with gang violence, that other counties in the state be eligible to receive special state funding to establish similar positive intervention programs.

SEC. 3. Unless the context otherwise requires, the following definitions shall apply:

(a) "School" means any public school within Los Angeles County, in kindergarten and grades 1 to 12, inclusive.

(b) "Private, nonprofit organization" means any organization registered in that category with the Secretary of State.

(c) "Gang Risk Intervention Pilot Program" means a community-based positive intervention program for elementary through high school students directed at all of the following:

(1) Reducing the probability of youth involvement in gang activities and consequent violence.

(2) Establishing ties, at an early age, between youth and community organizations.

(3) Committing local business and community resources to positive programming for youth.

SEC. 4. The State Department of Education shall contract with the Los Angeles County Office of Education for the development, administration, and implementation in Los Angeles County of community-based Gang Risk Intervention Pilot Programs (GRIPP). The programs may be established in incorporated or unincorporated territory of the county, or both.

SEC. 5. (a) The Los Angeles County Office of Education may request and review proposals for, and award grants to, private nonprofit organizations, and public entities which apply jointly with individual schools, for the purpose of establishing a Gang Risk Intervention Pilot Program.

(b) The Los Angeles County Office of Education, upon its election to enter into a contract pursuant to Section 4 of this act, shall no later than March 1, 1989, distribute a standard request for proposal and shall select Gang Risk Intervention Pilot Programs to receive grants through a competitive bidding process. Proposals to the Los Angeles County Office of Education for Gang Risk Intervention Pilot Program grant funding shall begin with school years no sooner than the 1989–90 session, for a duration of two years, and shall include all of the following:

(1) A description of the program goals, activities, and curriculum. The description of the program goals shall include a list of measurable objectives for the purpose of evaluation by the Los Angeles County Office of Education. To the extent possible, proposals shall contain empirical data on current problems, such as

dropout rates and occurrences of violence on and off campus by school age individuals.

(2) A description of the individual school or schools and the geographic area to be effected by the program.

(3) A demonstration of broad-based support for the program from business and community organizations.

(4) A clear description of the experience, expertise, and other qualifications of the private nonprofit agencies to conduct an effective intervention program in cooperation with a school or a group of schools.

(5) A proposed budget for expenditure of the grant.

(c) The office shall additionally monitor and evaluate the Gang Risk Intervention Pilot Programs pursuant to the following criteria:

(1) Success in obtaining stated goals.

(2) Reduction in dropout rates.

(3) Reduction in violence among students, on and off campus.

(4) Development of techniques for early identification of at-risk youth.

For the purposes of evaluating the programs, the office shall, to the extent feasible, compare the data submitted by each applicant pursuant to paragraph (1) of subdivision (b) with comparable data collected after the intervention pilot program has been implemented to determine the effectiveness of the program in slowing down and, to the extent possible, reversing the trends of problems such as increased dropout rates and violence on and off campus.

SEC. 6. (a) Gang Risk Intervention Pilot Programs (GRIPP), funded by grants awarded by the Los Angeles County Office of Education, shall be initiated at the local level through voluntary cooperation between a local school, or group of schools, and a private nonprofit community-based organization or organizations, and shall place at each school, or group of schools, a community organizer to be selected by the private nonprofit organization or organizations involved.

(b) Gang Risk Intervention Pilot Programs shall include, but are not limited to:

(1) Counseling for targeted at-risk students, parents, and families, individually and collectively.

(2) Exposure to positive sports and cultural activities, promoting affiliations between youth and the local community.

(3) Job training, which may include apprentice programs in coordination with local businesses, job skills development at the school, or information about vocational opportunities in the community.

(4) Positive interaction with local law enforcement personnel.

(c) Grants for Gang Risk Intervention Pilot Programs (GRIPP) awarded by the Los Angeles County Office of Education, shall not exceed one hundred thousand dollars ($100,000) per individual proposal.

SEC. 7. Section 13863 of the Penal Code is amended to read:

13863. Criteria for selection of law enforcement agencies and school districts to receive Suppression of Drug Abuse in Schools Program funding shall be developed by the State Suppression of Drug Abuse in Schools Advisory Committee.

(a) The State Suppression of Drug Abuse in Schools Advisory Committee shall be composed of two police chiefs, two sheriffs, two district attorneys, one attorney primarily engaged in criminal defense, one representative of parent groups, one representative of the Department of Alcohol and Drug Programs, one county drug program administrator designated pursuant to Section 11962 of the Health and Safety Code, a school peace officer, and a representative of community-based drug abuse programs, all of whom are appointed by the Governor. In addition, the Attorney General shall designate one member representing the Department of Justice and the Superintendent of Public Instruction shall designate four members, one representing the Department of Education, and three schoolsite personnel. Staff services to the committee shall be provided by the Executive Director of the Office of Criminal Justice Planning. Committee members shall be reimbursed for actual expenses involved in the conduct of committee business. The committee shall review applications for grant awards and shall recommend approval for those applications which are deemed appropriate and are consistent with the guidelines and administrative procedures established pursuant to this section and this chapter.

(b) Each committee member shall be personally present to cast a vote or be counted toward a quorum. An appointed member of the committee unable to attend any meeting may designate a representative to attend such meetings on his or her behalf. Such a representative shall be accorded full privilege to address the committee on any matter under consideration but shall not have the right to vote on any motions entertained by the committee.

(c) The State Suppression of Drug Abuse in Schools Advisory Committee shall develop specific guidelines and administrative procedures for the Suppression of Drug Abuse in Schools Program.

(d) These guidelines and administrative procedures shall set forth the terms and conditions upon which the Office of Criminal Justice Planning is prepared to offer grants of funds pursuant to statutory authority. The guidelines and administrative procedures do not constitute rules, regulations, orders, or standards of general application.

(e) Administration of the overall program and the evaluation and monitoring of all grants made under this chapter shall be performed by the Office of Criminal Justice Planning.

(f) The Office of Criminal Justice Planning shall, to the extent possible, coordinate the administration of the Suppression of Drug Abuse in Schools Program with those of the Department of Alcohol and Drug Programs and the Department of Education established

pursuant to Article 2 (commencing with Section 11965) of Chapter 2 of Part 3 of Division 10.5 of the Health and Safety Code.

(g) Local assistance grants made pursuant to this chapter shall not be subject to review pursuant to Section 14780 of the Government Code.

(h) Funds disbursed under this chapter shall not be used for the acquisition of equipment.

(i) Funds disbursed under this chapter shall not be used to purchase information or drugs.

(j) In the interest of maximizing the use of funds for program support and implementation, local law enforcement agencies and school districts receiving funds under this chapter are expressly discouraged from using Suppression of Drug Abuse in Schools Program funds for personnel costs, except that local law enforcement agencies may use these funds for the purpose of personnel costs incurred during overtime hours. Otherwise, where it can be demonstrated that personnel costs are essential to the success of the program and that sufficient law enforcement and school personnel are not available to carry out the program, exceptions to this section may be requested through the Executive Director of the Office of Criminal Justice Planning.

(k) No more than 5 percent of the total amount of funds disbursed under this chapter shall be used for administrative costs.

SEC. 8. The Los Angeles County Office of Education shall not be required to grant any funds in excess of amounts received for this purpose.

SEC. 9. The Los Angeles County Office of Education is hereby authorized to receive funds disbursed from the Asset Forfeiture Distribution Fund pursuant to subparagraph (B) of paragraph (4) of subdivision (b) of Section 11489 of the Health and Safety Code.

SEC. 10. Due to the unique circumstances concerning the need to receive appropriate information in order to develop a statewide gang violence intervention policy and program, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution. The Legislature further finds and declares that there are significant and diverse gang violence problems in Los Angeles County, and that Los Angeles County is therefore an appropriate location from which to gather information and develop a pilot program pursuant to this act.

SEC. 4. Section 12826 of the Water Code is amended to read:

12826. SEC. 2. Any funds received pursuant to Section 1 of this act shall be repaid within 10 years of receipt at no interest.

Sec. 1841 et seq.), and that these laws as interpreted and applied authorize, any California bank holding company to acquire up to 100 percent ownership (except for directors' qualifying shares) of any bank that maintains its head office in that state on terms and conditions substantially the same as terms and conditions pursuant to which a bank holding company the operations of which are principally conducted in the state may acquire a bank located in the same state, and (2) that, under the laws of that state as interpreted and applied, banks that maintain their head offices therein, when acquired, directly or indirectly, by any California bank holding company, have substantially all the powers and capabilities, without limitation, restriction or condition, that such a bank would have if it were acquired by a bank holding company the operations of which are principally conducted in the state in which the bank maintains its head office.

SEC. 2. Section 3772 of the Financial Code is amended to read:

3772. For purposes of this chapter:

(a) (1) In the case of a foreign (other nation) bank which (A) at the time, or (B) (if it had no such home state previously) as a result,

Sec. 3103) and related regulations, the state in which the operations of the foreign (other nation) bank are principally conducted is that home state.

(2) In the case of a bank holding company which (A) controls a foreign (other nation) bank of the type described in paragraph (1), (B) is not a bank that maintains its head office in a state, and (C) does not, except indirectly through the foreign (other nation) bank, control any bank that maintains its head office in a state, the state in which the operations of the bank holding company are principally conducted is the home state of the foreign (other nation) bank.

(3) In the case of a foreign (other state) bank, the state in which the operations of the foreign (other state) bank are principally conducted is that state in which the total deposits of the foreign (other state) bank and of all of its subsidiary banks are largest.

(4) In the case of any other bank holding company, the state in which the operations of the bank holding company are principally conducted is that state in which the total deposits of all of the bank holding company's subsidiary banks are largest.

(b) The definitions in Chapter 1 (commencing with Section 99) of this division apply to this chapter, except with respect to terms defined by Section 3771.

(c) Shares owned or controlled by any subsidiary of a bank holding company shall be deemed to be indirectly owned or controlled by such bank holding company.

(d) Shares held or controlled, directly or indirectly, by trustees for the benefit of (1) a company, (2) the shareholders or members of a company, or (3) the employees (whether exclusively or not) of a company, shall be deemed to be controlled by that company.

(e) A company shall not be deemed to control another company solely on account of any of the following circumstances:

(1) In case a company acquires ownership or control of shares of another company in a fiduciary capacity, unless the acquiring company has sole discretionary authority to exercise any voting rights with respect to the shares or unless the transaction is subject to subdivision (d).

(2) In case a company acquires ownership or control of shares of another company in connection with the acquiring company's underwriting of securities, provided that the acquiring company holds the shares only for such period as will permit it to sell the shares on a reasonable basis.

(3) In case a company formed for the sole purpose of participating in a proxy solicitation acquires control of the voting rights of shares of another company in the course of the solicitation.

(4) In case a company acquires ownership or control of shares of another company in the regular course of securing or collecting a debt previously contracted in good faith, provided that the acquiring

company obtains the superintendent's approval under Section 3776.3 before acquiring the shares and disposes of the shares within two years after the date of acquisition or within such additional period (not to exceed three years) as the superintendent may approve.

SEC. 3. Section 3773 of the Financial Code is amended to read:

3773. On and after July 1, 1987, a foreign bank holding company whose operations are principally conducted in any of the states of Alaska, Arizona, Colorado, Hawaii, Idaho, Nevada, New Mexico, Oregon, Texas, Utah, or Washington, and that is not controlled by any parent foreign bank holding company whose operations are not principally conducted in one of these states, may, with the prior approval of the superintendent and pursuant to and in accordance with the provisions of this chapter and division, do any of the following:

(a) Cause or permit an existing California bank or California bank holding company to become its subsidiary.

(b) Acquire direct or indirect ownership of, or power to vote, more than 5 percent of the voting shares of any California bank or California bank holding company.

(c) Acquire, directly or indirectly, all or substantially all of the assets of any California bank or assume, directly or indirectly, any of the deposits of a California office of a California bank.

(d) Merge or consolidate with any California bank or California bank holding company.

SEC. 4. Section 3774 of the Financial Code is amended to read:

3774. Except as otherwise permitted by this chapter, no foreign bank holding company shall do any of the following:

(a) Cause or permit a California bank or California bank holding company to become its subsidiary.

(b) Cause or permit a subsidiary to become a California bank or California bank holding company.

(c) Acquire direct or indirect ownership of, or power to vote, more than 5 percent of the voting shares of any California bank or California bank holding company.

(d) Acquire, directly or indirectly, all or substantially all of the assets of any California bank or assume, directly or indirectly, any of the deposits of a California office of a California bank.

(e) Merge or consolidate with any California bank or California bank holding company.

SEC. 5. Section 3775 of the Financial Code is repealed.

SEC. 6. Section 3775 is added to the Financial Code, to read:

3775. (a) Sections 3773 and 3774 shall not apply to any of the following:

(1) Any acquisition by a bank of shares in good faith in a fiduciary capacity, unless the transaction is subject to subdivision (d) of Section 3772 or unless the shares are held under a trust which is a business trust or any trust other than a trust which by its terms terminates within 25 years or not later than 21 years and 10 months after the death of individuals living on the effective date of the trust.

(2) Any acquisition by a bank of shares in the regular course of securing or collecting a debt previously contracted in good faith; provided that the bank shall obtain the superintendent's approval under Section 3776.3 before acquiring the shares and shall dispose of the shares within two years after the date of acquisition or within such additional period (not to exceed three years) as the superintendent may approve.

(b) Subdivision (c) of Section 3773 and subdivision (d) of Section 3774 shall not apply to the merger or consolidation of a California bank with another California bank, or the aquisition of any assets or the assumption of any deposits of a California bank by another California bank. However, the surviving bank in the case of a merger, the resulting bank in the case of a consolidation, the acquiring bank in the case of an acquisition of assets, or the assuming bank in the case of an assumption of deposits, shall be a "bank," as defined in Section 2(c) of the Bank Holding Company Act of 1956 (12 U.S.C. Sec. 1841(c)), as in effect August 9, 1987, unless the other bank is not a "bank" as so defined.

(c) Sections 3773 and 3774 shall not apply to the merger of a foreign bank holding company with a California bank or California bank holding company, provided that all of the following requirements are met:

(1) The California bank or California bank holding company shall be the surviving corporation.

(2) The merger shall not result in any change of control of the surviving corporation.

(3) The persons who own the shares of the California bank or California bank holding company immediately before the merger shall, immediately after the merger, own not less than a majority of the shares of the surviving corporation. For purposes of this paragraph, a person shall not be considered to own any shares of the surviving corporation acquired pursuant to the merger as a result of ownership by that person of shares of the foreign bank holding company, but all shares so acquired shall be counted when calculating the total number of shares outstanding. Also, for purposes of calculations under this paragraph, the conversion of all securities convertible immediately or at some future time into shares shall be assumed but the exercise of any warrant or right to subscribe for or purchase shares shall not be assumed.

(4) Immediately after the merger, either (A) the surviving corporation shall principally conduct its operations in an eligible state, or (B) the aggregate of the total deposits of the surviving corporation and the total deposits of all of its subsidiary and affiliate banks which maintain their head offices in eligible states shall be greater than the aggregate of the total deposits of all of the surviving corporation's subsidiary and affiliate banks which maintain their head offices in the United States but not in eligible states, and, in either event, the surviving corporation shall not be controlled by any foreign bank holding company or parent foreign bank holding

company whose operations are not principally conducted in an eligible state. As used in this paragraph, "eligible state" means California or a state listed in Section 3773 which has substantial reciprocity with California, as determined by the superintendent, and "affiliate bank" means a bank controlled by a bank holding company which controls the surviving corporation.

SEC. 7. Section 3776 of the Financial Code is amended to read:

3776. (a) An application for approval of a transaction described in Section 3773 shall be in such form, shall contain such information, shall be signed in such manner, and shall (if the superintendent so requires) be verified in such manner, as the superintendent may require. The fee for filing such an application shall be two thousand five hundred dollars ($2,500).

(b) The superintendent shall approve the transaction if the superintendent makes both of the following findings, but shall otherwise deny the application:

(1) That there is substantial reciprocity between this state and the state or states in which the operations of the foreign bank holding company and any parent foreign bank holding company of the foreign bank holding company are principally conducted.

(2) That the transaction will not have an adverse effect on the public convenience or advantage in this state.

Nothing in this subdivision requires substantial reciprocity with respect to any jurisdiction that is not a state.

(c) Before a foreign bank holding company effects a transaction of a kind described in Section 3773 which would result in its controlling a bank organized under the laws of this state, the foreign bank holding company and each parent foreign bank holding company of the foreign bank holding company shall file with the superintendent an agreement that it will comply, and that it will cause any company which it from time to time controls to comply, with all applicable provisions of this division and of any regulation or order issued under this division. This agreement shall be in such form, shall be signed in such manner, and shall (if the superintendent so requires) be acknowledged in such manner, as the superintendent may require.

SEC. 8. Section 3776.3 is added to the Financial Code, to read:

3776.3. The fee for filing the application is five hundred dollars ($500).

(b) The superintendent shall not approve the acquisition of shares unless the superintendent finds that the acquisition is not part of a plan to evade the provisions of this chapter.

## CHAPTER 1254

An act to amend Section 48902 of the Education Code, to amend Section 13202.5 of, and to add Section 14601.4 to, the Vehicle Code, and to amend Section 783 of the Welfare and Institutions Code, relating to driving offenses.

[Approved by Governor September 23, 1988 Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) The Legislature finds and declares as follows:

(1) It is unlawful to use, purchase, possess, or distribute controlled substances unless expressly permitted by law.

(2) It is unlawful for any driver to be under the influence of drugs or alcohol.

(3) Individuals who abuse drugs or alcohol demonstrate a dangerous disregard for the safe legal operation of motor vehicles. The risk is particularly acute for individuals under the age of 21.

(4) The increased potential for teenage deaths in vehicle collisions and other nondriving accidents, homicides, and suicides, while being under the influence of drugs or alcohol, requires special attention in order to reduce the statewide youth fatality rate and to control unlawful and unsafe driving practices.

(b) It is, therefore, the intent of the Legislature to enact this measure in an attempt to reduce the incidence of young drivers on the highways and roads of this state who, because of their use of alcohol or other illegal drugs, pose a danger to the health and safety of other drivers by all or a combination of the following methods:

(1) To prevent use of motor vehicles by drivers under the age of 21 years by suspending their driving privileges for one year from the

date of conviction, because a one year suspension of these drivers' privileges may provide a means of deterring use of alcohol and other illegal drugs by these young persons.

(2) To make the one year suspension of driving privileges a mandatory requirement for any person under the age of 21 years who has been convicted of possessing or using alcohol or other illegal drugs.

(3) In order to discourage the possession and use of alcohol and other illegal drugs by potential drivers of motor vehicles, a one year delay of the ability to apply for a driver's license if the potential driver is 13 years of age or older and is convicted of possession or use of alcohol or other illegal drugs.

SEC. 2. Section 48902 of the Education Code is amended to read:

48902. (a) The principal of a school or the principal's designee shall, prior to the suspension or expulsion of any pupil, notify the appropriate law enforcement authorities of the county or city in which the school is situated, of any acts of the student which may violate Section 245 of the Penal Code.

(b) The principal of a school or the principal's designee may, prior to suspension or expulsion of any pupil, notify the appropriate law enforcement authority of the county or the school district in which the school is situated of any acts of the students which may violate subdivision (c) or (d) of Section 48900 of the Education Code.

(c) A principal, the principal's designee, or any other person reporting a known or suspected act described in subdivision (a) or (b) is not civilly or criminally liable as a result of any report authorized by this article unless it can be proven that a false report was made and that the person knew the report was false or the report was made with reckless disregard for the truth or falsity of the report.

SEC. 3. Section 13202.5 of the Vehicle Code is amended to read:

13202.5. (a) For each conviction of a person for any offense specified in subdivision (d), committed while the person was under the age of 21 years, but 13 years of age or older, the court shall suspend the person's driving privilege for one year. If the person convicted does not yet have the privilege to drive, the court shall order the department to delay issuing the privilege to drive for one year subsequent to the time the person becomes legally eligible to drive. However, if there is no further conviction for any offense specified in subdivision (d) in a 12-month period after the conviction, the court, upon petition of the person affected, may modify the order imposing the delay of the privilege. For each successive offense, the court shall suspend the person's driving privilege for those possessing a license or delay the eligibility for those not in possession of a license at the time of their conviction for one additional year.

As used in this section, the term "conviction" includes the findings in juvenile proceedings specified in Section 13105.

(b) Whenever the court suspends driving privileges pursuant to subdivision (a), the court in which the conviction is had shall require

all driver's licenses held by the person to be surrendered to the court. The court shall within 10 days following the conviction transmit certified abstract of the conviction, together with any driver's licenses surrendered, to the department.

Violation of restrictions imposed pursuant to this section are subject to Section 14603.

(c) After a court has issued an order suspending or delaying driving privileges pursuant to subdivision (a), the court, upon petition of the person affected, may review the order and may impose restrictions on the person's privilege to drive based upon a showing of a critical need to drive. The restriction shall remain in effect for the balance of the period of suspension or restriction in this section. The court shall notify the department of any modification within 10 days of the order of modification.

(d) This section applies to violations involving controlled substances or alcohol contained in Article 7 (commencing with Section 4211) of Chapter 9 of Division 2 of, and Sections 25658, 25661, and 25662 of, the Business and Professions Code, Division 10 (commencing with Section 11000) of the Health and Safety Code, Section 191.5, paragraph (3) of subdivision (c) of Section 192, subdivision (c) or (d) of Section 192.5, and subdivision (f) of Section 647 of the Penal Code, and Article 2 (commencing with Section 23152) of Chapter 12 of Division 11 of this code.

(e) Suspension, restriction, or delay of driving privileges pursuant to this section shall be in addition to any penalty imposed upon conviction of any violation specified in subdivision (d).

SEC. 4. Section 14601.4 is added to the Vehicle Code, to read:

14601.4. (a) It is unlawful for any person, while driving a vehicle with a license suspended or revoked pursuant to Section 14601.2 to do any act forbidden by law or neglect any duty imposed by law in the driving of the vehicle, which act or neglect proximately causes bodily injury to any person other than the driver. In proving the person neglected any duty imposed by law in the driving of the vehicle, it is not necessary to prove that any specific section of this code was violated.

(b) Any person convicted under this section shall be imprisoned in the county jail and shall not be released upon work release, community service, or any other release program before the minimum period of imprisonment, prescribed in Section 14601.2, is served. If a person is convicted of such an offense and is granted probation, the court shall require that the person convicted serve at least the minimum time of imprisonment, as specified in those sections, as a term or condition of probation.

SEC. 5. Section 783 of the Welfare and Institutions Code is amended to read:

783. An adjudication that a minor violated any of the provisions enumerated in subdivision (d) of Section 13202.5 of the Vehicle Code shall be reported to the Department of Motor Vehicles at its office in Sacramento within 10 days of the adjudication pursuant to Section

1803 of the Vehicle Code.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

*The people of the State of California do enact as follows:*

## CHAPTER 1256

An act to amend Section 272 of, to add and repeal Chapter 11 (commencing with Section 186.20) of Title 7 of Part 1 of, to add Title 11.5 (commencing with Section 422) to Part 1 of, and to add Chapter 2.9B (commencing with Section 1001.70) to Title 6 of Part 2 of, the Penal Code, relating to crime, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 11 (commencing with Section 186.20) is added to Title 7 of Part 1 of the Penal Code, to read:

## CHAPTER 11. STREET TERRORISM ENFORCEMENT AND PREVENTION ACT

186.20. This chapter shall be known and may be cited as the "California Street Terrorism Enforcement and Prevention Act."

186.21. The Legislature hereby finds and declares that it is the right of every person, regardless of race, color, creed, religion, national origin, sex, age, sexual orientation, or handicap, to be secure and protected from fear, intimidation, and physical harm caused by the activities of violent groups and individuals. It is not the intent of this chapter to interfere with the exercise of the constitutionally protected rights of freedom of expression and association. The Legislature hereby recognizes the constitutional right of every citizen to harbor and express beliefs on any lawful subject whatsoever, to lawfully associate with others who share similar beliefs, to petition lawfully constituted authority for a redress of perceived grievances, and to participate in the electoral process.

The Legislature, however, further finds that the State of California is in a state of crisis which has been caused by violent street gangs whose members threaten, terrorize, and commit a multitude of crimes against the peaceful citizens of their neighborhoods. These activities, both individually and collectively, present a clear and present danger to public order and safety and are not constitutionally protected. The Legislature finds that there are nearly 600 criminal street gangs operating in California, and that the number of gang-related murders is increasing. The Legislature also finds that in Los Angeles County alone there were 328 gang-related murders in 1986, and that gang homicides in 1987 have increased 80 percent over 1986. It is the intent of the Legislature in enacting this chapter to seek the eradication of criminal activity by street gangs by focusing upon patterns of criminal gang activity and upon the organized nature of street gangs, which together, are the chief source of terror created by street gangs. The Legislature further finds that an effective means of punishing and deterring the criminal activities of street gangs is through forfeiture of the profits, proceeds, and instrumentalities acquired, accumulated, or used by street gangs.

186.22. (a) Any person who actively participates in any criminal street gang with knowledge that its members engage in or have engaged in a pattern of criminal gang activity, and who willfully promotes, furthers, or assists in any felonious criminal conduct by members of that gang, shall be punished by imprisonment in the

county jail for a period not to exceed one year, or by imprisonment in the state prison for one, two, or three years.

(b) Any person who is convicted of a felony or a misdemeanor which is committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall be punished in the following manner:

(1) Any person who violates this subdivision in the commission of a misdemeanor, shall be punished by imprisonment in the county jail not to exceed one year, or by imprisonment in the state prison for one, two, or three years, provided that any person sentenced to imprisonment in the county jail pursuant to subdivision (b) of Section 17, shall be imprisoned for a period not to exceed one year, but not less than 180 days, and shall not be eligible for release upon completion of sentence, parole, or any other basis, until he or she has served 180 days. If the court grants probation or suspends the execution of sentence imposed upon the defendant, it shall require as a condition thereof that the defendant serve 180 days in the county jail.

(2) Except as provided in paragraph (3), any person who violates this subdivision in the commission of a felony shall, upon conviction of that felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one, two, or three years at the court's discretion. The court shall order the imposition of the middle term of the sentence enhancement, unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its choice of sentence enhancements on the record at the time of the sentencing.

(3) Any person who violates this subdivision in the commission of a felony punishable by imprisonment in the state prison for life, shall not be paroled until a minimum of 15 calendar years have been served.

(4) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in this section in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(c) As used in this chapter, "pattern of criminal gang activity" means the commission, attempted commission, or solicitation of two or more of the following offenses, provided at least one of those offenses occurred after the effective date of this chapter and the last of those offenses occurred within three years after a prior offense, and the offenses are committed on separate occasions, or by two or more persons:

(1) Assault with a deadly weapon or by means of force likely to produce great bodily injury, as defined in Section 245.

(2) Robbery, as defined in Chapter 4 (commencing with Section

211) of Title 8 of Part 1.

(3) Unlawful homicide or manslaughter, as defined in Chapter 1 (commencing with Section 187) of Title 8 of Part 1.

(4) The sale, possession for sale, transportation, manufacture, offer for sale, or offer to manufacture controlled substances as defined in Sections 11054, 11055, 11056, 11057, and 11058 of the Health and Safety Code.

(5) Shooting at an inhabited dwelling or occupied motor vehicle, as defined in Section 246.

(6) Arson, as defined in Chapter 1 (commencing with Section 450) of Title 13.

(7) The intimidation of witnesses and victims, as defined in Section 136.1.

(d) As used in this chapter, "criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more of the criminal acts enumerated in paragraphs (1) to (7), inclusive, of subdivision (c), which has a common name or common identifying sign or symbol, whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity.

186.22a. (a) Every building or place, other than residential buildings in which there are three or fewer dwelling units, used by members of a criminal street gang for the purpose of the commission of the offenses listed in subdivision (c) of Section 186.22 or any offense involving dangerous or deadly weapons, burglary, or rape, and every building or place, other than residential buildings in which there are three or fewer dwelling units, wherein or upon which that criminal conduct by gang members takes place, is a nuisance which shall be enjoined, abated, and prevented, and for which damages may be recovered, whether it is a public or private nuisance.

(b) Any action for injunction or abatement filed pursuant to this section shall proceed according to the provisions of Article 3 (commencing with Section 11570) of Chapter 10 of Division 10 of the Health and Safety Code, except that all of the following shall apply:

(1) The court shall not assess a civil penalty against any person unless that person knew or should have known of the unlawful acts.

(2) No order of eviction or closure may be entered.

(3) All injunctions issued shall be limited to those necessary to protect the health and safety of the residents or the public or those necessary to prevent further criminal activity.

(4) Suit may not be filed until 30-day notice of the unlawful use or criminal conduct has been provided to the owner by mail, return receipt requested, postage prepaid, to the last known address.

(c) No nonprofit or charitable organization which is conducting its affairs with ordinary care or skill, and no governmental entity, shall be abated pursuant to this chapter.

(d) Nothing in this chapter shall preclude any aggrieved person from seeking any other remedy provided by law.

186.23. This chapter does not apply to employees engaged in concerted activities for their mutual aid and protection, or the activities of labor organizations or their members or agents.

186.24. If any part or provision of this chapter, or the application thereof to any person or circumstance, is held invalid, the remainder of the chapter, including the application of that part or provision to other persons or circumstances, shall not be affected thereby and shall continue in full force and effect. To this end, the provisions of this chapter are severable.

186.25. Nothing in this chapter shall prevent a local governing body from adopting and enforcing laws consistent with this chapter relating to gangs and gang violence. Where local laws duplicate or supplement this chapter, this chapter shall be construed as providing alternative remedies and not as preempting the field.

186.27. This chapter shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1992, deletes or extends that date.

SEC. 2. Section 272 of the Penal Code is amended to read:

272. Every person who commits any act or omits the performance of any duty, which act or omission causes or tends to cause or encourage any person under the age of 18 years to come within the provisions of Section 300, 601, or 602 of the Welfare and Institutions Code or which act or omission contributes thereto, or any person who, by any act or omission, or by threats, commands, or persuasion, induces or endeavors to induce any person under the age of 18 years or any ward or dependent child of the juvenile court to fail or refuse to conform to a lawful order of the juvenile court, or to do or to perform any act or to follow any course of conduct or to so live as would cause or manifestly tend to cause any such person to become or to remain a person within the provisions of Section 300, 601, or 602 of the Welfare and Institutions Code, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment in a county jail, or may be released on probation for a period not exceeding five years. For purposes of this section, a parent or legal guardian to any person under the age of 18 years shall have the duty to exercise reasonable care, supervision, protection, and control over their minor child.

SEC. 3. Chapter 2.9B (commencing with Section 1001.70) is added to Title 6 of Part 2 of the Penal Code, to read:

## CHAPTER 2.9B. PARENTAL DIVERSION

1001.70. (a) Every local prosecutor with jurisdiction to prosecute violations of Section 272 shall review annually any diversion program established pursuant to this chapter, and no program shall commence or continue without the approval of the local prosecutor.

No person shall be diverted under a program unless it has been approved by the local prosecutor. Nothing in this subdivision shall authorize the prosecutor to determine whether a particular defendant shall be diverted.

(b) As used in this chapter, "pretrial diversion" means the procedure of postponing prosecution either temporarily or permanently at any point in the judicial process from the point at which the accused is charged until adjudication.

1001.71. This chapter shall apply whenever a case is before any court upon an accusatory pleading alleging a parent or legal guardian to have violated subdivision (a) or (b) of Section 272 with respect to his or her minor child, and all of the following apply to the defendant:

(a) The defendant's record does not indicate that probation or parole has ever been revoked without thereafter being completed.

(b) The defendant's record does not indicate that he or she has previously been diverted pursuant to this chapter.

1001.72. (a) If the defendant consents and waives his or her right to a speedy trial, the case shall be referred to the probation department. The probation department shall conduct an investigation as is necessary to determine whether the defendant qualifies for diversion under this chapter, and whether he or she is a person who would be benefited by education, treatment, or rehabilitation. The probation department shall also determine which education, treatment, or rehabilitative plan would benefit the defendant. The probation department shall report its findings and recommendations to the court. If the recommendation includes referral to a community program, the report shall contain a statement regarding the program's willingness to accept the defendant and the manner in which the services they offer can assist the defendant in completing the diversion program successfully.

(b) No statement, or any information procured therefrom, made by the defendant to any probation officer, which is made during the course of any investigation conducted by the probation department pursuant to subdivision (a), and prior to the reporting of the probation department's findings and recommendations to the court, shall be admissible in any action or proceeding brought subsequent to the investigation.

No statement, or any information procured therefrom, with respect to the specific offense with which the defendant is charged which is made to any probation officer subsequent to the granting of diversion, shall be admissible in any action or proceeding.

In the event that diversion is either denied or is subsequently revoked once it has been granted, neither the probation investigation nor statements or information divulged during that investigation shall be used in any pretrial sentencing procedures.

1001.73. The court shall hold a hearing and, after consideration of the probation department's report, and any other relevant information, shall determine if the defendant consents to further proceedings under this chapter and waives his or her right to a

speedy trial. If the court orders a defendant to be diverted, the court may make inquiry into the financial condition of the defendant, and upon a finding that the defendant is able, in whole or in part, to pay the reasonable cost of diversion, the court may order him or her to pay all or part of the expense. The reasonable cost of diversion shall not exceed the amount determined to be the actual average cost of diversion services.

If the court does not deem the defendant to be a person who would be benefited by diversion or if the defendant does not consent to participate, the proceedings shall continue as in any other case.

At the time that a defendant's case is diverted, any bail bond or undertaking, or deposit in lieu thereof, on file by or on behalf of the defendant shall be exonerated, and the court shall enter an order so directing.

The period during which the further criminal proceedings against the defendant may be diverted shall be for the length of time required to complete and verify the diversion program but in no case shall it exceed two years.

1001.74. If it appears to the probation department that the divertee is performing unsatisfactorily in the assigned program, or that the divertee is not benefiting from education, treatment, or rehabilitation, or that the divertee is convicted of a misdemeanor in which force or violence was used, or if the divertee is convicted of a felony, after notice to the divertee, the court shall hold a hearing to determine whether the criminal proceedings should be reinstituted. If the court finds that the divertee is not performing satisfactorily in the assigned program, or that the divertee has been convicted of a crime as indicated above, the criminal case shall be referred back to the court for resumption of the criminal proceedings. If the divertee has performed satisfactorily during the period of diversion, the criminal charges shall be dismissed.

1001.75. Any record filed with the Department of Justice shall indicate the disposition in those cases diverted pursuant to this chapter. Upon successful completion of a diversion program, the arrest upon which the diversion was based shall be deemed to have never occurred. The divertee may indicate in response to any question concerning his or her prior criminal record that he or she was not arrested or diverted for that offense. A record pertaining to an arrest resulting in successful completion of a diversion program shall not, without the divertee's consent, be used in any way which would result in the denial of any employment, benefit, license, or certificate.

SEC. 4. Title 11.5 (commencing with Section 422) is added to Part 1 of the Penal Code, to read:

## TITLE 11.5. TERRORIST THREATS

422. Any person who willfully threatens to commit a crime which will result in death or great bodily injury to another person, with the

specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened a gravity of purpose and an immediate prospect of execution, shall be punished by imprisonment in the county jail not to exceed one year, or by imprisonment in the state prison if he or she causes another person reasonably to be in sustained fear for his or her or their immediate family's safety. For the purposes of this section, the term "immediate family" means any spouse, whether by marriage or not, parent, child, any person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the prior six months, regularly resided in the household.

SEC. 5. On or before January 1, 1991, the District Attorney of Los Angeles County and the City Attorney of the City of Los Angeles shall submit a report to the Legislature on the effect of this act on the control of criminal street gang activity in the County of Los Angeles. The report shall include, but need not be limited to, all of the following:

(a) The number of arrests under this act.

(b) The number of prosecutions under this act.

(c) The number of trials which have resulted from prosecutions under this act, and the number of pleas which resulted.

(d) The number of convictions under this act.

(e) The number and type of sentence enhancements which have been sought under this act, and the number and kind which have been ordered by the courts.

(f) The number of nuisance abatement actions under this act.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because: (1) the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction; and (2) this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the tools necessary for law enforcement to stem the tide of illegal gang warfare without infringing upon the constitutional rights of any individual, at the earliest possible time, it is necessary that this act take effect immediately.

12098. Permits issued in accordance with this article may be revoked by the issuing authority at any time when it appears that the need for the short-barreled shotguns or short-barreled rifles has ceased or that the holder of the permit has used the short-barreled shotguns or short-barreled rifles for purposes other than those allowed by the permit or that the holder of the permit has not exercised great care in retaining custody of any weapons possessed under the permit.

SEC. 6. Section 8104 of the Welfare and Institutions Code is amended to read:

SEC. 7. (a) Section 2.5 of this bill incorporates amendments to Section 12020 of the Penal Code proposed by both this bill and AB 3074. ## CHAPTER 1270

An act to amend Sections 69536 and 69538 of, and to add Sections 69535.1 and 69535.5 to, the Education Code, relating to student financial aid.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 69535.1 is added to the Education Code, to read:

69535.1. Cal Grant recipients who have completed a baccalaureate degree and who are enrolled in a program of professional teacher preparation at an institution approved by the

California Commission on Teacher Credentialing are eligible for renewal of a Cal Grant award for an additional year of full-time attendance, if financial need continues to exist.

Payment for this additional year is limited to only those courses required for an initial teaching authorization. Awards under this section may not be used for other courses.

This section applies to those students who complete a baccalaureate degree in or after 1989. A student's Cal Grant renewal eligibility, as defined in Sections 69536 and 69538, shall not have lapsed more than 15 months prior to the renewal of an award for purposes of this section.

SEC. 2. Section 69535.5 is added to the Education Code, to read:

69535.5. The Student Aid Commission may determine that an advanced payment is essential to assure that funds provided pursuant to this chapter to assist students to enroll in postsecondary education are available at the time students enroll. Upon making that determination, the Student Aid Commission may, based on institutional academic calendars, advance to authorized postsecondary educational institutions up to 80 percent of the funds for eligible students who have indicated they will attend those institutions. Each institution shall disburse the funds in accordance with the provisions set forth in the Institutional Agreement between the Student Aid Commission and the institution.

SEC. 3. Section 69536 of the Education Code is amended to read:

69536. (a) A Cal Grant award for tuition and student fees as provided in subdivision (a) of Section 69532 may be utilized at any California postsecondary educational institution or program that participates in two of the three federal campus-based student aid programs and whose students participate in the Pell Grant Program, provided that the award shall not be utilized by a student enrolled in an instructional program of less than two years.

(b) (1) No Cal Grant award shall exceed the cost of tuition and fees, or the amount specified in the annual Budget Act.

(2) Funding for the maximum Cal Grant award shall be subject to the availability of funds appropriated for that purpose in the annual Budget Act.

(c) The awards may not be utilized for graduate study, and may be renewed for a total of four years of full-time attendance, except as otherwise provided in Section 69535.1, provided that financial need continues to exist. Commencing with the 1989–90 academic year, the total number of years of eligibility for grant awards pursuant to this section shall be determined by the student's educational level in his or her course of study as designated by the institution of attendance when the recipient initially receives payment for a grant.

If a student is enrolled in a five-year undergraduate program, the grant may be renewed for a total of five years of full-time attendance, provided that financial need continues to exist.

SEC. 4. Section 69538 of the Education Code is amended to read:

69538. To be eligible for a Cal Grant award for tuition, student fees, and subsistence costs as provided in subdivision (b) of Section 69532, the student shall be a disadvantaged student under criteria to be established by the commission, which shall take into consideration those financial, educational, cultural, language, home, community, environmental, and other conditions which tend to make difficult the gaining access to and persisting in postsecondary programs. The awards may be utilized for tuition, student fees, living expenses, transportation, supplies, and books.

The Legislature recognizes that the role of the community colleges, as the least expensive level of California higher education, is a crucial role in increasing the higher education opportunities for disadvantaged students, and it is the intent of the Legislature that the additional opportunities for higher education provided pursuant to this chapter shall be initiated primarily on the public community college level.

Grants awarded under this chapter shall be for living expenses, transportation, supplies, and books, according to the student's financial need, and shall not be in excess of the amount specified in the annual Budget Act. The Student Aid Commission may also award these grants and an additional amount to pay tuition and fees to attend college at a public or private four-year college or university or other eligible postsecondary educational institution. No more than 2 percent of new recipients enrolling for the first time in an institution of postsecondary education shall be eligible for tuition payments in their first academic year of attendance.

In no case shall Cal Grant awards exceed the amount specified in the annual Budget Act, and the awards may not be utilized for graduate study. The awards may be utilized at any California postsecondary educational institution or program which participates in two of the three federal campus-based student aid programs and whose students participate in the Pell Grant Program, provided that the award shall not be utilized by a student enrolled in an instructional program of less than one academic year. The awards may be renewed for a total of four years of full-time attendance except as provided in Section 69535.1, provided that financial need continues to exist.

Commencing with the 1989–90 academic year, the total number of years of eligibility for grant awards pursuant to this section shall be determined by the student's education level in his or her course of study as designated by the institution of attendance when the recipient initially receives payment for a grant. Unless authorized by statute, no undergraduate student shall be entitled to more than four years of eligibility for a Cal grant award.

If a student is enrolled in a five-year undergraduate program, the grant may be renewed for a total of five years of full-time attendance, provided that financial need continues to exist.

An individual who is awarded a Cal Grant award authorized pursuant to subdivision (b) of Section 69532, who enrolls in a public

community college in his or her first year of attendance, and who is determined to be financially ineligible for renewal of the award in the second year of attendance at a public community college but would be financially eligible for renewal, if he or she had elected to attend a four-year college, may elect to have the award held in trust for a period not to exceed one academic year, except that the commission may extend the period in which the award is held in trust up to a period of three academic years, if, in the commission's judgment, the individual's rate of academic progress has been as rapid as could be expected for the personal and financial conditions which the individual has encountered. The commission shall, in this case, hold the award in trust, to be granted to the individual upon receipt of his or her request therefor within that period, provided that at the time of making the request the individual meets all the requirements of this chapter. Upon receipt of the request, the commission shall assess or reassess the financial needs of the individual. The commission may prescribe the forms and procedures to be utilized for the purposes of this section. The commission may award to another eligible individual any award being so held in trust, subject to the provisions of this section and any other conditions and restrictions that may be imposed by the commission, to the end that all authorized awards are continually being utilized. Following the first year for which any award is made, the awards shall be included in the number of the continuing awards available for any year and not the authorized new awards for the year.

## CHAPTER 1271

An act to amend Sections 65, 75.21, 251, 254, and 255 of, to amend and repeal Section 69.5 of, and to add Section 259.11 to, the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1988 Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 65 of the Revenue and Taxation Code is amended to read:

65. (a) The creation, transfer, or termination of any joint tenancy is a change in ownership except as provided in this section, Section 62, and Section 63. Upon a change in ownership of a joint tenancy interest only the interest or portion which is thereby transferred from one owner to another owner shall be reappraised.

(b) There shall be no change in ownership upon the creation or transfer of a joint tenancy interest if the transferor or transferors, after such creation or transfer, are among the joint tenants. Upon the

creation of a joint tenancy interest described in this subdivision, the transferor or transferors shall be the "original transferor or transferors" for purposes of determining the property to be reappraised on subsequent transfers. The spouses of original transferors shall also be considered original transferors within the meaning of this section.

(c) Upon the termination of an interest in any joint tenancy described in subdivision (b), the entire portion of the property held by the original transferor or transferors prior to the creation of the joint tenancy shall be reappraised unless it vests, in whole or in part, in any remaining original transferor, in which case there shall be no reappraisal. Upon the termination of the interest of the last surviving original transferor, there shall be a reappraisal of the interest then transferred and all other interests in the properties held by all original transferors which were previously excluded from reappraisal pursuant to this section.

(d) Upon the termination of an interest held by other than the original transferor in any joint tenancy described in subdivision (b), there shall be no reappraisal if the entire interest is transferred either to an original transferor or to all remaining joint tenants, provided that one of the remaining joint tenants is an original transferor.

(e) For purposes of this section, for joint tenancies created on or before March 1, 1975, it shall be rebuttably presumed that each joint tenant holding an interest in property as of March 1, 1975, shall be an "original transferor." This presumption is not applicable to joint tenancies created after March 1, 1975.

SEC. 2. Section 69.5 of the Revenue and Taxation Code is amended to read:

69.5. (a) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years who resides in property which is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the base year value of that property to any replacement dwelling of equal or lesser value which is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowner's exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowner's exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and which, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) The replacement dwelling, including that portion of land on which it is situated which is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(7) The claimant has not previously been granted the property tax relief provided by this section. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors. The board may specify that the information include all or a part of the names and social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data processing media or other media and in a format which is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant, includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit development. If the unit or lot constitutes the original property of the claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit

or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A mobilehome or a mobilehome and any land owned by the claimant on which the mobilehome is situated. If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the mobilehome or the base year value of the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor of that portion of land which does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g). If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the claimant's original property either to the mobilehome or the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor to that portion of land which does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of original property, as a joint tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years shall be eligible under this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them is eligible.

In the case of coowners whose original property is a multiunit dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within

the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership which either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value determined in accordance with this section because the property qualifies as a replacement dwelling.

(f) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor, on a form which the assessor shall make available upon request, the following information:

(1) The name and social security number of the claimant and of any spouse of the claimant who was a record owner of the original property at the time of its sale or is a record owner of the replacement dwelling.

(2) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age. In the absence of available proof, the claimant shall certify under penalty of perjury that the age requirement is met.

(3) The address and, if known, the assessor's parcel number of the original property.

(4) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(5) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

The State Board of Equalization shall design the form for claiming eligibility.

Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed.

(g) For purposes of this section:

(1) "Person over the age of 55 years" means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of original property.

(2) "Base year value of the original property" means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that

the original property is sold by the claimant.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, "base year value of the original property" also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the "base year value of the original property" shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(3) "Replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, which is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size which is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling.

(4) "Original property" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, which is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of original property includes only that area of reasonable size which is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate original property.

(5) "Equal or lesser value" means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

For the purposes of this paragraph, if the replacement dwelling is,

in part, purchased and, in part, newly constructed, the date the "replacement dwelling is purchased or newly constructed" is the date of purchase or the date of completion of construction, whichever is later.

(6) "Full cash value of the replacement dwelling" means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) "Full cash value of the original property" means its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) "Sale" means any change in ownership of the original property for consideration.

(9) "Claimant" means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the original property or the replacement dwelling, whether or not that spouse joined in the claim, the spouse is also a claimant for purposes of determining whether in any future claim filed by the spouse under this section the condition of eligibility specified in paragraph (7) of subdivision (b) has or has not been met by the spouse.

(10) "Property which is eligible for the homeowner's exemption" includes property which is the principal place of residence of its owner and is entitled to exemption pursuant to Section 205.5.

(h) Upon the timely filing of a claim, the assessor shall adjust the new base year value of the replacement dwelling in conformity with this section. This adjustment shall be made as of the latest of the following dates:

(1) The date the original property is sold.

(2) The date the replacement dwelling is purchased.

(3) The date the new construction of the replacement dwelling is completed.

Any taxes which were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed the amount which would be due when determined on the basis of the adjusted new base year value.

Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(i) This section shall apply to any replacement dwelling which is

purchased or newly constructed on or after November 6, 1986.

(j) The amendments to this section made by the act adding this subdivision shall become operative on the effective date of this act unless Assembly Constitutional Amendment No. 1 of the 1987–88 Regular Session is approved by the voters. In that event, the amendments shall not become operative until January 1, 1999.

SEC. 2.5. Section 69.5 of the Revenue and Taxation Code is amended to read:

69.5. (a) (1) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years who resides in property which is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the base year value of that property to any replacement dwelling of equal or lesser value which is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(2) Notwithstanding the limitation in paragraph (1) requiring that the original property and the replacement dwelling be located in the same county, this limitation shall not apply in any county in which the county board of supervisors, after consultation with local affected agencies within the boundaries of the county, adopts an ordinance making the provisions of paragraph (1) also applicable to situations in which replacement dwellings are located in that county and the original properties are located in another county within this state. The authorization contained in this paragraph shall be applicable in a county only if the ordinance adopted by the board of supervisors complies with the following requirements:

(A) It is adopted only after consultation between the board of supervisors and all other local affected agencies within the county's boundaries.

(B) It requires that all claims for transfers of base year value from original property located in another county be granted if the claims meet the applicable requirements of both subdivision (a) of Section 2 of Article XIII A of the California Constitution and this section.

(C) It requires that all base year valuations of original property located in another county and determined by its assessor be accepted in connection with the granting of claims for transfers of base year value.

(D) The ordinance provides that its provisions shall remain operative for a period of not less than five years.

(E) The ordinance specifies the date on and after which its provisions shall be applicable. However, the date specified shall not be earlier than November 9, 1988.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowner's exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowner's exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and which, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) (A) For purposes of paragraph (1) of subdivision (a), the replacement dwelling, including that portion of land on which it is situated which is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(B) For purposes of paragraph (2) of subdivision (a), the replacement dwelling, including that portion of the land on which it is situated which is specified in paragraph (5), is located entirely within the county.

(7) The claimant has not previously been granted the property tax relief provided by this section. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors. The board may specify that the information include all or a part of the names and social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data processing media

or other media and in a format which is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant, includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit development. If the unit or lot constitutes the original property of the claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A mobilehome or a mobilehome and any land owned by the claimant on which the mobilehome is situated. If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the mobilehome or the base year value of the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor of that portion of land which does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g). If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the claimant's original property either to the mobilehome or the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor to that portion of land which does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of original property, as a joint tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one

coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years shall be eligible under this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them shall be deemed eligible.

In the case of coowners whose original property is a multiunit dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership which either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value determined in accordance with this section because the property qualifies as a replacement dwelling.

(f) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor, on a form which the assessor shall make available upon request, the following information:

(1) The name and social security number of the claimant and of any spouse of the claimant who was a record owner of the original property at the time of its sale or is a record owner of the replacement dwelling.

(2) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age. In the absence of available proof, the claimant shall certify under penalty of perjury that the age requirement is met.

(3) The address and, if known, the assessor's parcel number of the original property and, if the original property is located within another county, the name of the county or counties and, if applicable, city or cities in which the original property is located.

(4) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(5) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

(6) If the original property and the replacement dwelling are located in different counties, the base year value of the original property determined by the assessor of the county in which the original property is located.

The State Board of Equalization shall design the form for claiming eligibility.

Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed.

(g) For purposes of this section:

(1) "Person over the age of 55 years" means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of original property.

(2) "Base year value of the original property" means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property is sold by the claimant.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, "base year value of the original property" also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the "base year value of the original property" shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(3) "Replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, which is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size which is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling.

(4) "Original property" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, which is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of original property includes only that area of reasonable size which is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract.

Each unit of a multiunit dwelling shall be considered a separate original property.

(5) "Equal or lesser value" means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if either of the following conditions are met:

(i) The replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

(ii) The replacement dwelling is purchased or newly constructed on or after November 5, 1986, and on or before January 1, 1988, and within two years of the sale of the original property.

For the purposes of this paragraph, if the replacement dwelling is, in part, purchased and, in part, newly constructed, the date the "replacement dwelling is purchased or newly constructed" is the date of purchase or the date of completion of construction, whichever is later.

(6) "Full cash value of the replacement dwelling" means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) "Full cash value of the original property" means its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) "Sale" means any change in ownership of the original property for consideration.

(9) "Claimant" means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the original property or the replacement dwelling, whether or not that spouse joined in the claim, the spouse shall also be deemed a claimant for purposes of determining whether in any future claim filed by the spouse under this section the condition of eligibility specified in paragraph (7) of subdivision (b) has or has not been met by the spouse.

(10) "Property which is eligible for the homeowner's exemption" includes property which is the principal place of residence of its owner and is entitled to exemption pursuant to Section 205.5.

(11) "Consultation" means a noticed hearing conducted by a county board of supervisors concerning the adoption of an ordinance described in paragraph (2) of subdivision (a) and with respect to which all local affected agencies within the boundaries of the county are provided with reasonable notice of the time and place of the hearing and a reasonable opportunity to appear and participate at the hearing.

(12) "Local affected agency" means any city, special district, school district, or community college district which receives an annual property tax revenue allocation.

(h) Upon the timely filing of a claim, the assessor shall adjust the new base year value of the replacement dwelling in conformity with this section. This adjustment shall be made as of the latest of the following dates:

(1) The date the original property is sold.

(2) The date the replacement dwelling is purchased.

(3) The date the new construction of the replacement dwelling is completed.

Any taxes which were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed the amount which would be due when determined on the basis of the adjusted new base year value.

Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(i) (1) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, this section shall apply to any replacement dwelling which is purchased or newly constructed on or after November 5, 1986.

(2) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, this section shall apply to any replacement dwelling which is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

(j) The amendments to this section made by the act adding this subdivision shall become operative only if Assembly Constitutional Amendment No. 1 of the 1987–88 Regular Session is approved by the voters. In that event, the amendments shall be operative only until January 1, 1999, and on that date are repealed.

SEC. 3. Section 75.21 of the Revenue and Taxation Code is amended to read:

75.21. (a) Exemptions shall be applied to the amount of the supplemental assessment, provided that the property is not receiving any other exemption on either the current roll or the roll being prepared except as provided for in subdivision (b), that the assessee is eligible for the exemption, and that in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for the exemption.

(b) If the property received an exemption on the current roll or the roll being prepared and the assessee on the supplemental roll is eligible for an exemption and in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for an exemption of a greater amount, then the difference in the amount between the two exemptions shall be applied to the supplemental assessment.

(c) In those instances in which the provisions of this division require the filing of claims for exemption, except as provided in subdivision (d), any person claiming to be eligible for an exemption to be applied against the amount of the supplemental assessment shall file a claim or an amendment to a current claim, in such form as prescribed by the board, on or before the 30th day following the date of notice of the supplemental assessment, in order to receive 100 percent exemption.

(1) With respect to property as to which the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, public schools, community colleges, state colleges, state universities, or welfare exemption was available but for which a timely application for exemption was not filed, 90 percent of any tax or penalty or interest thereon or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount, whichever is greater, for each supplemental assessment, shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(2) With respect to property as to which the veterans', homeowners', or disabled veterans' exemption was available but for which a timely application for exemption was not filed, that portion of tax attributable to 80 percent of the amount of exemption available shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(3) With respect to property as to which any other exemption was available, but for which a timely application for exemption was not filed, 90 percent of any tax or penalty or interest thereon shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment

of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

Where a late application for exemption has not been filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, no exemption is available. Other provisions of this division pertaining to the late filing of claims for exemption do not apply to assessments made pursuant to this chapter.

(d) For purposes of this section, any claim for the homeowners' exemption previously filed by the owner of a dwelling, granted and in effect, constitutes the claim or claims for the homeowners' exemption required in this section. In the event that no claim for the homeowners' exemption is in effect, a claim for the homeowners' exemption for a single supplemental assessment for a change in ownership or new construction occurring on or after June 1, up to and including February 29, shall apply to that assessment; a claim for the homeowners' exemption for the two supplemental assessments for a change in ownership or new construction occurring on or after March 1, up to and including May 31, one for the current fiscal year and one for the following fiscal year, shall apply to those assessments. In either case, if granted, the claim shall remain in effect until title to the property changes, the owner does not occupy the home as his or her principal place of residence on the lien date, or the property is otherwise ineligible pursuant to Section 218.

SEC. 4. Section 251 of the Revenue and Taxation Code is amended to read:

251. (a) The board shall prescribe all procedures and forms required to carry into effect any property tax exemption enacted by statute or constitutional amendment.

(b) (1) The procedures prescribed pursuant to subdivision (a) shall be deemed satisfied by a qualified lessor by submission to the assessor within 120 days of the commencement date of the lease, or 120 days after the effective date of the act adding this subdivision to this section with respect to any existing lease, whichever is later, information which may be requested by the board with respect to the lease.

(2) For purposes of this subdivision, "a qualified lessor" is a lessor under a contract designated as a lease between that lessor and an entity using property which qualifies for the property tax exemption provided for by subdivision (d) or (e) of Section 3 of Article XIII of the California Constitution under which the lessee has the option at the end of the lease term of acquiring the property described in the lease for one dollar ($1), or any other nominal sum.

(3) No filing or application for exemption shall thereafter be required by a qualified lessor with respect to that lease unless the option terms of the lease change.

Affidavits for the welfare exemption filed pursuant to this subdivision shall be filed within 15 days from the date of notification by the assessor of the claimants ineligibility for the church exemption or the religious exemption.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1136 of the Harbors and Navigation Code is amended to read:

1136. Every pilot and inland pilot licensed pursuant to this division shall do all of the following:

(a) Take an oath of office in the manner prescribed by law.

(b) Submit monthly to the board a verified account of all moneys received by the pilot as a result of pilotage services, or by any other person for the pilot, or on the pilot's account, on the forms furnished by the board.

(c) Pay monthly to the board 5 percent of all pilotage fees, or the lesser percentage which may be established by the board, with the approval of the Department of Finance, to fully compensate the board for its official services, for the services of its secretary and treasurer, and for all its incidental expenses. The board shall quarterly review its ongoing and anticipated expenses and adjust the mill rate specified in Section 1190 to reflect any changes which have occurred since the last pilotage rate adjustment so as not to affect general revenues to the pilots.

SEC. 2. Section 1163 of the Harbors and Navigation Code is amended to read:

1163. (a) (1) Each retired or disabled pilot shall receive, as a monthly pension, that amount which is one hundred dollars ($100) multiplied by the number of full years of service he performed as a pilot licensed under this division.

(2) A pilot who retires or becomes disabled shall not begin to receive his pension until the benefit year next following the date on which he retires or becomes disabled.

(3) No retired pilot shall receive benefits pursuant to the pension plan in any benefit year unless his resignation as an active pilot specifying a proposed date of retirement was submitted, in writing, to the board, prior to December if his retirement is to be effective the first day of the following January or prior to June if his retirement is to be effective the first day of the following July. His resignation shall become effective on either January 1 or July 1 as specified in the written resignation.

(4) If a retired or disabled pilot who is receiving a pension dies without a wife surviving him, his successor in interest shall receive the proceeds of the pension for the remainder of the benefit year, after which time it shall cease.

(b) (1) The widow of a deceased pilot who would be eligible for a pension pursuant to subdivision (c) of Section 1164 shall receive, as a monthly pension, three-fourths of the amount that her deceased husband would have received as a pension pursuant to this section had he lived.

(2) If a retired or disabled pilot receiving a pension dies, his widow shall continue to receive the full pension to which her deceased husband was entitled for the balance of the benefit year, after which she shall receive the amount specified in paragraph (1) of this subdivision.

(3) When a widow receiving a pension dies, her successor in interest shall receive the proceeds of the pension for the remainder of the benefit year, after which time it shall cease.

(c) For the purposes of the computations described in paragraph (1) of subdivision (a), six months or more of service by a pilot shall be considered a full year.

SEC. 3. Section 1190 of the Harbors and Navigation Code is amended to read:

1190. (a) Every vessel spoken inward or outward bound, shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(2) A minimum charge for bar pilotage shall be six hundred dollars ($600) for each vessel piloted.

(3) The vessel's deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the course of such transit inward or outward.

(b) The rate specified in subdivision (a) shall apply only to a pilotage which passes through the Golden Gate to or from the high seas to or from a berth within an area bounded by the Southern Pacific Bridge to the north and Hunter's Point to the south. pursuant to Section 1191.

(c) The rate established in paragraph (1) of subdivision (a) shall be for a trip from the high seas to dock or from the dock to high seas. The rate specified in Section 1191 shall not be charged by pilots for docking and undocking vessels. This subdivision does not apply to the rates charged by inland pilots for their services.

(d) The board shall determine the number of pilots to be licensed based on the 1986 manpower study adopted by the board.

SEC. 4. Section 1191 of the Harbors and Navigation Code is amended to read:

1191. (a) The board shall, pursuant to Chapter 6 (commencing with Section 1200), recommend that the Legislature, by statute, adopt a schedule of pilotage rates providing fair and reasonable return to pilots and inland pilots engaged in ship movements or special operations where rates for those movements or operations are not specified in Section 1190.

(b) Every vessel using pilots and inland pilots for ship movements or special operations which do not constitute bar pilotage shall pay the rate specified in the schedule of pilotage rates adopted by the Legislature.

(b) For the purposes of this section, "persons authorized by law to receive the information" means any of the following:

(1) The courts of the state.

(2) Peace officers, as defined in Section 830.1 of the Penal Code; subdivisions (a) and (b) of Section 830.2 of the Penal Code; subdivisions (a), (b), and (j) of Section 830.3 of the Penal Code; and subdivisions (a), (b), and (c) of Section 830.5 of the Penal Code.

The department shall, within the period of 15 days, hold a hearing in the county in which the violation occurred. If the department does not grant a hearing within 15 days, the suspension or revocation shall not take place until the person is granted a hearing and is notified of the department's action as provided in subdivision (d). If the county in which the violation occurred is also the county of the person's residence, and the person requests that the hearing be continued to a date beyond the period of 15 days, the suspension or revocation shall become effective immediately upon receipt of the department's notice that the request for continuance has been granted. The statement shall set forth the facts which show whether or not there was a consumption of any alcoholic beverage or the ingestion or administration of any drug by the defendant in connection with the offense.

(b) The court shall advise the defendant, prior to the acceptance of the plea offered pursuant to a factual statement pursuant to subdivision (a), of the consequences of a conviction of a violation of Section 23103 as set forth in subdivision (c).

(c) If the court accepts the defendant's plea of guilty or nolo contendere to a charge of a violation of Section 23103 and the prosecutor's statement under subdivision (a) states that there was consumption of any alcoholic beverage or the ingestion or administration of any drugs by the defendant in connection with the offense, the resulting conviction shall be a prior offense for the purposes of Section 23165, 23170, 23175, 23185, 23190, or 23200, as specified in those sections.

(d) The court shall notify the Department of Motor Vehicles of each conviction of Section 23103 which shall be a prior offense for purposes of Section 23165, 23170, 23175, 23185, 23190, or 23200, as provided in this section.

SEC. 3. Section 23157 of the Vehicle Code is amended to read:

23157. (a) (1) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood, breath, or urine for the purpose of determining the alcoholic content of his or her blood, and to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23152 or 23153. The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23152 or 23153. The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in a fine and (A) mandatory imprisonment if the person is convicted of a violation of Section 23152 or 23153, (B) the suspension of the person's privilege to operate a motor vehicle for a period of six months, (C) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the refusal occurs within seven years of a separate violation of Section 23103 as specified in Section 23103.5, 23152, or 23153, which resulted in conviction, or (D) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the refusal occurs within seven years of two or more separate violations of Section 23103 as specified in Section 23103.5, 23152, or 23153, or any combination thereof, which resulted in conviction.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing any chosen test, the person shall submit to the person's choice of the remaining tests or test, and the officer shall advise the person that the person has that choice.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts

upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23152 or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests which are available at the facility to which that person has been transported. In such an event, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension or revocation of his or her privilege to operate a motor vehicle. Any person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) Any person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle in violation of Section 23152 or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood, breath, or urine for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

SEC. 4. Section 23185 of the Vehicle Code is amended to read:

23185. If any person is convicted of a violation of Section 23153 and the offense occurred within seven years of a separate violation of Section 23103 as specified in Section 23103.5, 23152, or 23153 which

resulted in a conviction, that person shall be punished by imprisonment in the state prison, or in the county jail for not less than 120 days nor more than one year, and by a fine of not less than three hundred ninety dollars ($390) nor more than five thousand dollars ($5,000). The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (4) of subdivision (a) of Section 13352.

SEC. 5. Section 23190 of the Vehicle Code is amended to read:

23190. If any person is convicted of a violation of Section 23153 and the offense occurred within seven years of two or more separate violations of Section 23103 as specified in Section 23103.5, 23152, or 23153, or any combination of these violations which resulted in convictions, that person shall be punished by imprisonment in the state prison for a term of two, three, or four years and by a fine of not less than one thousand fifteen dollars ($1,015) nor more than five thousand dollars ($5,000). The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (6) of subdivision (a) of Section 13352.

SEC. 6. This act shall become operative on July 1, 1989.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

## CHAPTER 1276

An act to amend Section 13143 of the Health and Safety Code, relating to fire safety.

[Approved by Governor September 24, 1988 Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 13143 of the Health and Safety Code is amended to read:

13143. (a) Except as provided in Section 18930, the State Fire Marshal, with the advice of the State Board of Fire Services, shall prepare, adopt, and submit building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13 and shall prepare and adopt other regulations establishing minimum requirements for the prevention of fire and for the

protection of life and property against fire and panic in any building or structure used or intended for use as an asylum, jail, mental hospital, hospital, sanitarium, home for the aged, children's nursery, children's home or institution not otherwise excluded from the coverage of this subdivision, school, or any similar occupancy of any capacity, and in any theater, dancehall, skating rink, auditorium, assembly hall, meeting hall, nightclub, fair building, or similar place of assemblage where 50 or more persons may gather together in a building, room, or structure for the purpose of amusement, entertainment, instruction, deliberation, worship, drinking or dining, awaiting transportation, or education, and in any building or structure which is open to the public and is used or intended to be used for the showing of motion pictures when an admission fee is charged and when the building or structure has a capacity of 10 or more persons. The State Fire Marshal shall adopt and submit building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13 for the purposes described in this section. Regulations adopted pursuant to this subdivision and building standards relating to fire and panic safety published in the State Building Standards Code shall establish minimum requirements relating to the means of egress and the adequacy of exits from, the installation and maintenance of fire extinguishing and fire alarm systems in, the storage and handling of combustible or explosive materials or substances, and the installation and maintenance of appliances, equipment, decorations, security bars, grills, grates, and furnishings that present a fire, explosion or panic hazard, and the minimum requirements shall be predicated on the height and fire-resistive qualities of the building or structure and the type of occupancy for which it is to be used. The building standards and other regulations shall apply to auxiliary or accessory buildings used or intended for use with any of the occupancies mentioned in this subdivision. Violation of any building standard or other regulation shall be a violation of the provisions of this chapter.

In preparing and adopting building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13, and in preparing and adopting other regulations affecting public schools, the State Fire Marshal shall also secure the advice of the State Department of Education. No regulation adopted by the State Fire Marshal shall conflict with any rule, regulation, or building standard lawfully adopted or enforced by the Department of General Services pursuant to Article 3 (commencing with Section 39140) of Chapter 2 of Part 23 or Article 7 (commencing with Section 81130) of Chapter 1 of Part 49 of the Education Code.

In addition to any other requirements for location of exit signs or devices, the State Fire Marshal shall adopt building standards pursuant to this section establishing minimum requirements for the placement of distinctive devices, signs, or other means that identify exits and can be felt or seen near the floor. These building standards shall apply to all newly constructed buildings or structures subject to

this subdivision for which a building permit is issued, (or construction commenced, where no building permit is issued) on or after January 1, 1989.

(b) Notwithstanding the provisions of subdivision (a) and Section 13143.6, facilities licensed pursuant to Chapter 3 (commencing with Section 1500) of Division 2 which provide nonmedical board, room, and care for six or fewer ambulatory children placed with the licensee for care or foster family homes and family day care homes for children, licensed pursuant to Chapter 3.6 (commencing with Section 1597.50) of Division 2, with a capacity of six or fewer and providing care and supervision for ambulatory children or children two years of age or younger, or both, shall not be subject to the provisions of Article 1 (commencing with Section 13100) or Article 2 (commencing with Section 13140) of this chapter or regulations adopted pursuant thereto. No city, county, or public district shall adopt or enforce any requirement for the prevention of fire or for the protection of life and property against fire and panic with respect to structures used as facilities specified in this subdivision, unless the requirement would be applicable to a structure regardless of the special occupancy. Nothing in this subdivision shall restrict the application of state or local housing standards to those facilities, if the standards are applicable to residential occupancies and are not based upon the use of the structure as a facility specified in this subdivision.

"Ambulatory children," as used in this subdivision, does not include nonambulatory persons, as defined in Section 13131, and relatives of the licensee or the licensee's spouse.

(c) The State Fire Marshal shall adopt building standards establishing regulations providing that all school classrooms constructed after January 1, 1990, not equipped with automatic sprinkler systems, which have metal grills or bars on all their windows and do not have at least two exit doors within three feet of each end of the classroom opening to the exterior of the building or to a common hallway used for evacuation purposes, shall have an inside release for the grills or bars on at least one window farthest from the exit doors. The window or windows with the inside release shall be clearly marked as an emergency exit, in accordance with regulations adopted by the State Fire Marshal.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for

reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

## CHAPTER 1277

An act to add Section 19610.6 to the Business and Professions Code, relating to horseracing.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

Forty percent of the amount deducted pursuant to this section shall be distributed to the City of Del Mar and 40 percent shall be distributed to the City of Solana Beach, if the respective city has elected to receive a distribution under this section. The remaining amounts deducted pursuant to this section shall be distributed to the County of San Diego to be held in trust for the enhancement of the San Dieguito River Valley and Lagoon. The County of San Diego shall deduct its administrative costs associated with establishing and maintaining the trust fund from the trust revenues distributed to it. If the City of Del Mar or the City of Solana Beach has elected by ordinance to receive a distribution from a fair under this section, it shall not at any time thereafter assess or collect, with respect to an event conducted by that fair, any license or excise tax or fee, including, but not limited to, any admission, parking, or business tax, or any tax or fee levied solely upon the fair conducting satellite wagering or any patron thereof. Furthermore, a city electing to receive a distribution under this section shall provide ordinary and traditional municipal services, such as police services and traffic control, in connection with the satellite wagering. If an eligible city does not elect to receive a distribution under this section, the amount deducted shall be paid to the state as an additional license fee.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

# CHAPTER 1278

An act to add Section 2009 to the Fish and Game Code, relating to fish and game.

[Approved by Governor September 24, 1988 Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2009 is added to the Fish and Game Code, to read:

2009. (a) A person shall not willfully interfere with the participation of any individual in the lawful activity of shooting, hunting, fishing, falconry, or trapping at the location where that activity is taking place.

(b) A violation of this section is an infraction punishable by a fine of not less than one hundred dollars ($100) nor more than five hundred dollars ($500).

(c) If any person is convicted of a violation of this section and the offense occurred within two years of another separate violation of this section which resulted in a conviction, the violation is a misdemeanor punishable by a fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000), by imprisonment in the county jail for not more than one year, or by both that fine and imprisonment.

(d) This section does not apply to the actions of any peace officer or personnel of the department in the performance of their official duties. This section does not obstruct the rights and normal activities of landowners or tenants, including, but not limited to, farming, ranching, and limiting unlawful trespass.

(e) In order to be liable for a violation of this section, the person is required to have had the specific intent to interfere with the participation of an individual who was engaged in shooting, hunting, fishing, falconry, or trapping.

(f) For purposes of this section, "interfere with" means any action which physically impedes, hinders, or obstructs the lawful pursuit of any of the above-mentioned activities, including, but not limited to, actions taken for the purpose of frightening away animals from the location where the lawful activity is taking place.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

## CHAPTER 1279

An act to add Article 6.9 (commencing with Section 799) to Chapter 1 of Part 2 of Division 1 of the Insurance Code, and to repeal Section 2 of Chapter 1214 of the Statutes of 1980, relating to insurance.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Article 6.9 (commencing with Section 799) is added to Chapter 1 of Part 2 of Division 1 of the Insurance Code, to read:

### Article 6.9. Underwriting of AIDS Risks

799. The purposes of this article are to establish standards for the performance by life and disability income insurers of their duty to avoid making or permitting unfair distinctions between individuals of the same class in the underwriting of life or disability income insurance for the risks of acquired immune deficiency syndrome (AIDS) and AIDS-related conditions (ARC); to establish mandatory and uniform minimum standards for assessing AIDS and ARC risks for determining insurability which are deemed to be sufficiently reliable to be used for life and disability income insurance risk classification and underwriting purposes; to require the maintenance of strict confidentiality of personal information obtained through testing; and to require informed consent before any insurer tests for HIV.

799.01. As used in this article:

(a) "ELISA" test means an enzyme-linked immunosorbent assay serologic test which has been licensed by the federal Food and Drug Administration to detect antibodies to the human immunodeficiency virus.

(b) "Positive ELISA test" means an ELISA test performed in accordance with the manufacturer's specifications which is reactive on an initial testing and on at least one of two additional tests of the same serum or plasma specimen.

(c) "Western Blot Assay" means an assay which uses reagents consisting of HIV antigens separated by polyacrylamide-gel electrophoresis and then transferred to nitro-cellulose paper to detect antibodies to the human immunodeficiency virus.

(d) "Reactive Western Blot Assay" means a Western Blot Assay which is reactive according to the standards of performance and results specified in the manufacturer's federal Food and Drug Administration approved product circular for the Western Blot Assay reagents and laboratory apparatus.

(e) "HIV antibody test" means an ELISA test or a Western Blot

Assay, or both.

(f) "Life or disability income insurer" means an insurer licensed to transact life insurance or disability insurance in this state or a fraternal benefit society licensed in this state.

(g) "Certificate" means a certificate of group life insurance or group disability income insurance delivered in this state, regardless of the situs of the group master policy.

(h) "Policy" means an individual life insurance policy or individual disability income insurance policy delivered in this state or a certificate of life insurance benefits or disability income insurance benefits delivered in this state by a fraternal benefit society.

(i) "Disability income insurance" means insurance against loss of occupational earning capacity arising from injury, sickness, or disablement.

799.02. Notwithstanding subdivision (f) of Section 199.21 of the Health and Safety Code or any other provisions of law, a life or disability income insurer may decline a life or disability income insurance application or enrollment request on the basis of a positive ELISA test followed by a reactive Western Blot Assay performed on the same specimen of the applicant's blood.

This authorization applies only to policies and certificates issued or delivered on or after January 1, 1989, issuance of which is otherwise contingent on medical review for other diseases or medical conditions.

This article shall not be construed to prohibit an insurer from declining an application or enrollment request for insurance because the applicant has been diagnosed as having AIDS or ARC by a medical professional.

799.03. No insurer shall test for HIV or for the presence of antibodies to HIV for the purpose of determining insurability other than in accordance with the informed consent, counseling, and privacy protection provisions of this section and Article 6.6 (commencing with Section 791). Notwithstanding any other provision of law, this section shall contain the exclusive requirements for counseling, informed consent, and privacy protection for such testing, except as provided in Section 10700 if that section is enacted by Assembly Bill 2950 of the 1987–88 Regular Session of the Legislature.

(a) An insurer that requests an applicant to take an HIV-related test shall obtain the applicant's written informed consent for the test. Written informed consent shall include a description of the test to be performed, including its purpose, potential uses, and limitations, the meaning of its results, procedures for notifying the applicant of the results, and the right to confidential treatment of the results. Prior to the applicant's execution of the consent, the insurer shall:

(1) Provide the applicant printed material describing HIV, its causes and symptoms, the manner in which it is spread, the test or tests used to detect HIV or the HIV antibody, and what a person can

do whose test results are positive or negative.

(2) Provide the applicant a list of counseling resources available, where the applicant can obtain assistance in understanding the meaning of the test and its results. The list may be provided from publicly available information.

(b) The insurer shall notify an applicant of a positive test result by notifying the applicant's designated physician. If the applicant tested has not given written consent authorizing a physician to receive the test results, the applicant shall be urged, at the time the applicant is informed of the positive test results, to contact a private physician, the county department of health, the State Department of Health Services, local medical societies, or alternative test sites for appropriate counseling.

799.04. A life or disability income insurer may not require an applicant to undergo an HIV antibody test unless the cost of the test is borne by the insurer

799.05. No life or disability income insurer shall consider the marital status or known or suspected homosexuality or bisexuality of an applicant for life insurance or disability income insurance in determining whether to require an HIV antibody test of that applicant.

799.06. All underwriting activities undertaken by insurers pursuant to this article shall be subject to all applicable provisions of Article 6.6 (commencing with Section 791) and subdivisions (a) to (e), inclusive, of Section 199.21 of the Health and Safety Code.

799.07. If an applicant has had a positive ELISA test result or a reactive Western Blot Assay or both, a life or disability income insurer shall not report a code to an insurance support organization as defined in Section 791.02 or another insurer unless a nonspecific blood test result code is used which does not indicate that the individual was subject to testing related to the human immunodeficiency virus.

799.08. No policy or certificate shall limit benefits otherwise payable if loss is caused or contributed to by AIDS or ARC unless the insurer could have declined the application or enrollment request of the insured as provided in Section 799.02.

799.09. No disability insurer, nonprofit hospital service plan, or health care service plan shall require an applicant as a condition of coverage, to be tested for HIV antibodies in order to qualify for life or disability loss of income insurance as prescribed by this article.

SEC. 2. Section 2 of Chapter 1214 of the Statutes of 1980 is repealed.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

# CHAPTER 1280

An act to amend Sections 14124.71 and 14124.90 of the Welfare and Institutions Code, relating to Medi-Cal.

14124.90. It is the intent of the Legislature to comply with federal law requiring that when a beneficiary has third-party health coverage or insurance, the State Department of Health Services shall be the payer of last resort. In order to assess overlapping or duplicate health coverage, every health care service plan, self-insured employee welfare benefit plan, including those regulated pursuant to the Employee Retirement Income Security Act of 1974 (Public Law 93-406), self-funded employer plan, disability insurer, nonprofit hospital service plan, labor union trust fund, employer, and any other similar plan, insurer, or entity shall maintain a centralized file of the subscribers', policyholders', or enrollees' names, mailing addresses, and social security numbers or date of birth, and where available, for all other covered persons, the names and social security numbers or date of birth. Notwithstanding Section 20134 of the Government Code, the Board of Administration of the California Public Employees' Retirement System and affiliated systems or contract agencies shall permit data matches with the state department to identify Medi-Cal beneficiaries with third-party health coverage or insurance. A recipient's Medi-Cal identification card shall, where information is available, contain information advising providers of health care services of any third-party health coverage for the recipient. Providers shall seek reimbursement from available third-party health coverage before billing the Medi-Cal program.

SEC. 2. Section 14124.71 of the Welfare and Institutions Code is amended to read:

14124.71. (a) When benefits are provided or will be provided to a beneficiary under this chapter because of an injury for which another person is liable, or for which a carrier is liable in accordance with the provisions of any policy of insurance issued pursuant to Insurance Code Section 11580.2, the director shall have a right to recover from such person or carrier the reasonable value of benefits so provided. The Attorney General, or counsel for the fiscal intermediary under the Medi-Cal program with the permission of the Attorney General, or a contractor pursuant to Section 14124.80, or a county through its civil legal adviser, may, to enforce such right,

(b) The director may:

(1) Compromise, or settle and release any such claim, or

(2) Waive any such claim, in whole or in part, for the convenience of the director, or if the director determines that collection would result in undue hardship upon the person who suffered the injury, or in a wrongful death action upon the heirs of the deceased.

(c) No action taken in behalf of the director pursuant to this section or any judgment rendered in such action shall be a bar to any action upon the claim or cause of action of the beneficiary, his guardian, conservator, personal representative, estate, dependents, or survivors against the third person who may be liable for the injury, or shall operate to deny to the beneficiary the recovery for that portion of any damages not covered hereunder.

(d) The cost of a service provided to an eligible developmentally disabled Medi-Cal beneficiary under Section 14132.44 may be recovered by the director from a liable third person or an insurance carrier.

## CHAPTER 1281

An act to amend Section 84200.5 of the Government Code, relating to the Political Reform Act of 1974, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

# CHAPTER 1284

An act to add Section 48900.1 to the Education Code, relating to education.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

(b) Classroom discipline presents a significant problem in many schools today and detracts from the amount of time for actual teaching.

(c) It is the intent of the Legislature that implementation of procedures authorized under Section 48900.1 of the Education Code should promote positive parent-child interaction, as well as improved classroom behavior. Schools that involve parents and guardians in the classroom behavior problems of their children or wards are expected, where appropriate, to inform parents and guardians of available resources and counseling in the school and community to assist parents and guardians in developing more effective parental skills.

SEC. 2. Section 48900.1 is added to the Education Code, to read:

48900.1. (a) The governing board of each school district shall adopt a policy authorizing teachers to provide that the parent or guardian of a pupil who has been suspended by a teacher pursuant to Section 48910 for reasons specified in subdivision (i) or (k) of Section 48900, attend a portion of a schoolday in his or her child's or ward's classroom. The policy shall take into account reasonable factors that may prevent compliance with a notice to attend. The attendance of the parent or guardian shall be limited to the class from which the pupil was suspended.

(b) The policy shall be adopted pursuant to the procedures set forth in Sections 35291 and 35291.5. Parents and guardians shall be notified of this policy prior to its implementation. A teacher shall apply any policy adopted pursuant to this section uniformly to all pupils within the classroom.

(2) Contact parents or guardians who do not respond to the request to attend school pursuant to this section.

(c) If a teacher imposes the procedure pursuant to subdivision (a), the principal shall send a written notice to the parent or guardian stating that attendance by the parent or guardian is pursuant to law. This section shall apply only to a parent or guardian who is actually living with the pupil.

(d) A parent or guardian who has received a written notice pursuant to subdivision (c) shall attend class as specified in the written notice. The notice may specify that the parent's or guardian's attendance be on the day in which the pupil is scheduled to return to class, or within a reasonable period of time thereafter, as established by the policy of the board adopted pursuant to subdivision (a).

(e) Notwithstanding any provision of law to the contrary, the employer of a parent or guardian required to attend class pursuant to this section shall not discharge, threaten with discharge, demote, suspend, or in any other manner treat unfairly in any term or condition of employment the parent or guardian in retaliation for being absent from work pursuant to this section. Compensation for the time of an employee's absence from work pursuant to this section shall be governed by the contract of employment or practice of the employer, as applicable.

Any employee who believes that he or she has been discharged, threatened with discharge, demoted, suspended, or in any other manner treated unfairly in any term or condition of employment in retaliation for being absent from work pursuant to this section may file a complaint pursuant to Section 98.7 of the Labor Code. In addition to the sanctions contained in Section 98.7 of the Labor Code, if the Labor Commissioner determines that a violation of this section has occurred, he or she may require the employer to pay the employee a sum equal to triple the amount of lost wages and work benefits due to the violation.

The protections afforded to employees by this subdivision are applicable to the attendance of a parent or guardian in his or her child's or ward's classroom no more than four times per school year. Thereafter, an employee's rights shall be governed by the contract of employment and other provisions of existing law.

SEC. 3. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

(4) The person who owns the surface impoundment demonstrates to the satisfaction of the regional board that measures to prevent adverse impacts to wildlife have been implemented or will be implemented pursuant to a schedule adopted by the regional board. The regional board, in consultation with the Department of Fish and Game, shall determine appropriate design, construction, and operation criteria for surface impoundments in consideration of measures to prevent adverse impacts to wildlife.

If an application or technical report is determined by the regional board to be in noncompliance, the applicant shall provide additional information to the regional board within 60 days of notification of the regional board's determination of noncompliance. A regional board shall not take action on the application if the additional information required by the regional board is received after this 60-day period.

(i) Notwithstanding Section 25208.3, each person granted an exemption pursuant to subdivision (c) shall pay only the application fee provided in subdivision (c) and any additional fees assessed by the state board to recover actual costs incurred by the state board and regional boards to administer this section. If the exemption is revoked pursuant to subdivision (c) or the application is denied, the

person shall pay the fees assessed pursuant to Section 25208.3.

(j) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, extends or deletes that date.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 710 is added to the Corporations Code, to read:

710. (a) This section applies to a corporation with outstanding shares held of record by 100 or more persons (determined as provided in Section 605) which files an amendment of articles or certificate of determination containing a "supermajority vote" provision on or after January 1, 1989.

(b) A "supermajority vote" is a requirement set forth in the articles or in a certificate of determination that specified corporate action or actions be approved by a larger proportion of the outstanding shares than a majority, or by a larger proportion of the outstanding shares of a class or series than a majority, but no supermajority vote which is subject to this section shall require a vote in excess of 66⅔ percent of the outstanding shares or 66⅔ percent of the outstanding shares of any class or series of such shares.

(c) An amendment of the articles or a certificate of determination that includes a supermajority vote requirement shall be approved by at least as large a proportion of the outstanding shares (Section 152) as is required pursuant to that amendment or certificate of determination for the approval of the specified corporate action or actions. The supermajority vote requirement shall cease to be effective two years after the filing of the amendment or certificate of determination. At any time within one year before the applicable expiration date, a supermajority vote requirement may be renewed, and at any time after the expiration date, a supermajority vote requirement may again be made effective, by readopting the provision and filing a certificate of amendment pursuant to, and subject to the limitations of, this subdivision.

SEC. 2. Section 2115 of the Corporations Code is amended to read:

2115. (a) A foreign corporation (other than a foreign association or foreign nonprofit corporation but including a foreign parent corporation even though it does not itself transact intrastate business) is subject to this section if the average of the property factor, the payroll factor and the sales factor (as defined in Sections 25129, 25132 and 25134 of the Revenue and Taxation Code) with respect to it is more than 50 percent during its latest full income year and if more than one-half of its outstanding voting securities are held of record by persons having addresses in this state. The property

factor, payroll factor and sales factor shall be those used in computing the portion of its income allocable to this state in its franchise tax return or, with respect to corporations the allocation of whose income is governed by special formulas or which are not required to file separate or any tax returns, which would have been so used if they were governed by such three-factor formula. The determination of these factors with respect to any parent corporation shall be made on a consolidated basis, including in a unitary computation (after elimination of intercompany transactions) the property, payroll and sales of the parent and all of its subsidiaries in which it owns directly or indirectly more than 50 percent of the outstanding shares entitled to vote for the election of directors, but deducting a percentage of such property, payroll and sales of any subsidiary equal to the percentage minority ownership, if any, in such subsidiary. For the purpose of this subdivision, any securities held to the knowledge of the issuer in the names of broker-dealers or nominees for broker-dealers, including clearing corporations, shall not be considered outstanding. However, if the foreign corporation requests all broker-dealers in whose name or for whom securities are held to certify, with respect to all beneficial owners for whom securities are held, the number of shares held for those beneficial owners having addresses (as shown on the records of the broker-dealer) in this state and outside of this state, then all shares so certified shall be considered outstanding and held of record by persons having addresses either in this state or outside of this state as so certified, provided that the certification so provided shall be retained with the record of shareholders and made available for inspection and copying in the same manner as is provided in Section 1600 with respect to that record.

(b) The following chapters and sections of this division shall apply to a foreign corporation subject to this section (to the exclusion of the law of the jurisdiction in which it is incorporated):

Chapter 1 (general provisions and definitions), to the extent applicable to the following provisions;

Section 301 (annual election of directors);

Section 506 (liability of shareholder who receives unlawful distribution);

Section 710 (supermajority vote requirement);

Section 1001, subdivision (d) (limitations on sale of assets);

Section 1101 (provisions following subdivision (e)) (limitations on mergers);

Sections 1500 and 1501 (records and reports);

Section 1508 (action by Attorney General);

Chapter 16 (commencing with Section 1600) (rights of inspection).

(c) Subdivision (a) shall become applicable to any foreign corporation only upon the first day of the first income year of the corporation commencing on or after the 30th day after the filing by it of the report pursuant to Section 2108 showing that the tests referred to in subdivision (a) have been met or on or after the entry of a final order by a court of competent jurisdiction declaring that such tests have been met.

(d) Subdivision (a) shall cease to be applicable at the end of any income year during which a report pursuant to Section 2108 shall have been filed showing that at least one of the tests referred to in subdivision (a) is not met or a final order shall have been entered by a court of competent jurisdiction declaring that one of such tests is not met, provided that such filing or order shall be ineffective if a contrary report or order shall be made or entered before the end of such income year.

(e) This section does not apply to any corporation (1) with outstanding securities listed on the New York Stock Exchange or the American Stock Exchange, or (2) with outstanding securities designated as qualified for trading as a national market security on the National Association of Securities Dealers Automatic Quotation System (or any successor national market system) if such corporation has at least 800 holders of its equity securities as of the record date of its most recent annual meeting of shareholders, or (3) if all of its voting shares (other than directors' qualifying shares) are owned directly or indirectly by a corporation or corporations not subject to this section. For purposes of determining the number of holders of a corporation's equity securities under clause (2) of this subdivision, there shall be included, in addition to the number of recordholders reflected on the corporation's stock records, the number of holders of such equity securities held in the name of any broker-dealer or nominee for a broker-dealer, including a clearing corporation, which furnishes the corporation with a certification as to the number of holders for whom such equity securities are held by the broker-dealer (or nominee), provided that the corporation retains any such certification with the record of shareholders and makes it available for inspection and copying in the same manner as is

provided in Section 1600 with respect to that record.

SEC. 3. Section 2115 of the Corporations Code is amended to read:

2115. (a) A foreign corporation (other than a foreign association or foreign nonprofit corporation but including a foreign parent corporation even though it does not itself transact intrastate business) is subject to this section if the average of the property factor, the payroll factor and the sales factor (as defined in Sections 25129, 25132 and 25134 of the Revenue and Taxation Code) with respect to it is more than 50 percent during its latest full income year and if more than one-half of its outstanding voting securities are held of record by persons having addresses in this state. The property factor, payroll factor and sales factor shall be those used in computing the portion of its income allocable to this state in its franchise tax return or, with respect to corporations the allocation of whose income is governed by special formulas or which are not required to file separate or any tax returns, which would have been so used if they were governed by such three-factor formula. The determination of these factors with respect to any parent corporation shall be made on a consolidated basis, including in a unitary computation (after elimination of intercompany transactions) the property, payroll and sales of the parent and all of its subsidiaries in which it owns directly or indirectly more than 50 percent of the outstanding shares entitled to vote for the election of directors, but deducting a percentage of the property, payroll, and sales of any subsidiary equal to the percentage minority ownership, if any, in the subsidiary. For the purpose of this subdivision, any securities held to the knowledge of the issuer in the names of broker-dealers, nominees for broker-dealers, (including clearing corporations) or banks, associations, or other entities holding securities in a nominee name or otherwise on behalf of a beneficial owner (collectively "Nominee Holders"), shall not be considered outstanding. However, if the foreign corporation requests all Nominee Holders to certify, with respect to all beneficial owners for whom securities are held, the number of shares held for those beneficial owners having addresses (as shown on the records of the Nominee Holder) in this state and outside of this state, then all shares so certified shall be considered outstanding and held of record by persons having addresses either in this state or outside of this state as so certified, provided that the certification so provided shall be retained with the record of shareholders and made available for inspection and copying in the same manner as is provided in Section 1600 with respect to that record. A current list of beneficial owners of a foreign corporation's securities provided to the corporation by one or more Nominee Holders or their agent pursuant to the requirements of Rule 14b-1(c) or 14b-2(e) as adopted on December 9, 1986, promulgated under the Securities Exchange Act of 1934 shall constitute an acceptable certification with respect to beneficial owners for the purposes of this subdivision.

Chapter 16 (commencing with Section 1600) (rights of inspection).

(c) Subdivision (a) shall become applicable to any foreign corporation only upon the first day of the first income year of the corporation commencing on or after the 30th day after the filing by it of the report pursuant to Section 2108 showing that the tests referred to in subdivision (a) have been met or on or after the entry of a final order by a court of competent jurisdiction declaring that such tests have been met.

(d) Subdivision (a) shall cease to be applicable at the end of any income year during which a report pursuant to Section 2108 shall have been filed showing that at least one of the tests referred to in subdivision (a) is not met or a final order shall have been entered by a court of competent jurisdiction declaring that one of such tests is not met, provided that such filing or order shall be ineffective if a contrary report or order shall be made or entered before the end of such income year.

18021.5. (a) Any person who knowingly violates any of the provisions of this part relating to licensing or titling and registration, or any rules or regulations promulgated therefor, is guilty of a misdemeanor, punishable by a fine not exceeding two thousand dollars ($2,000) or by imprisonment not exceeding 30 days, or by both.

(b) The department, after notice and hearing, may suspend or revoke the license issued to a licensee, as provided for by this part,

who knowingly violates any of the provisions of this part. In any hearing before a judge or in any administrative action before an administrative law judge, the department may seek and may recover its investigative and enforcement costs from the licensee unless the licensee prevails on the charges. The department may also seek fines and may seek restitution as provided in subdivision (d).

(c) Any person who knowingly violates any provision of this part relating to licensing or titling and registration, or any rules or regulations promulgated therefor, shall be liable for a civil penalty not exceeding two thousand dollars ($2,000) for each violation or for each day of a continuing violation. (d) In addition to the other remedies provided in this section, the department may pursue any other remedies provided for in this part and may seek restitution for any monetary loss to a purchaser, seller, licensee, financing agency, governmental agency, or other person or entity suffering a monetary loss as a result of a violation of this part.

(e) In any disciplinary hearing before an administrative law judge concerning licensing, upon request of the department and pursuant to appropriate proof, the administrative law judge shall make the following findings:

For purposes of this section, the date of sale shall be either of the following:

(1) The date escrow closes for sales by dealers which are subject to Section 18035 or 18035.2.

(2) For all other sales, the date when the purchaser has paid the purchase price or, in lieu thereof, has signed a security agreement or purchase contract and has taken physical possession or delivery of the manufactured home or mobilehome.

(b) Notwithstanding any other provision of law, whenever the balance in the Mobilehome Recovery Fund exceeds one million dollars ($1,000,000) on January 1 of any year, the department may reduce the fee provided for in subdivision (c) of Section 18070.1. The department may again increase the fee up to a maximum of ten

dollars ($10) whenever the balance in the fund falls below one million dollars ($1,000,000).

SEC. 2. Section 18070.3 of the Health and Safety Code is amended to read:

18070.3. (a) When any person (1) who has purchased a mobilehome for a personal, family, or household residential purpose or (2) who has sold a mobilehome used by the seller for a personal, family, or household residential purpose, obtains either (A) a final judgment in any court of competent jurisdiction against any mobilehome dealer, salesperson, or other seller or purchaser, or (B) an administrative determination against a licensee who is or has been the subject of bankruptcy proceedings, on the grounds of failure to honor warranties or guarantees, or for fraud, or for willful misrepresentation of the kind or quality of the product sold or purchased, arising directly out of any transaction which occurs on or after January 1, 1985, the person, upon termination of all proceedings including appeals, may file a claim with the department for an order directing payment out of the fund of the amount of actual and direct loss in the transaction. No person applying for recovery from the fund shall apply for judgment on any bond issued prior to January 1, 1985.

(b) "Administrative determination," for the purposes of this chapter, means either an order of restitution or a finding of actual and direct loss rendered pursuant to Section 18021.5 which is adopted by the department as part of its final decision in the underlying case.

(c) "Actual and direct loss," for the purposes of this chapter, includes court costs and reasonable attorney fees not to exceed 15 percent of the judgment or administrative determination.

(d) The total amount of the claim shall not exceed the amount of actual and direct loss that remains unreimbursed from any source.

(e) "Conversion," for the purpose of this chapter, means the unlawful appropriation of the property of another.

(f) Prior to payment of any claim against the fund, the claimant or claimants shall have first:

(1) If the claim is based on a final judgment, executed judgment against all the assets of the judgment debtor or presented evidence satisfactory to the department that the debtor is judgment proof.

(2) If the claim is based on an administrative determination, presented evidence satisfactory to the department that the licensee is or has been the subject of bankruptcy proceedings and, for purposes of any civil litigation or claims in bankruptcy proceedings, has assigned to the department any interest in the actual and direct loss described in subdivision (a) in the amount that the claimant or claimants recover from the fund.

(g) A claim against the fund shall be filed with the department (1) within one year from the date of the judgment or (2) in the event that a claim is based on an administrative determination, within one year from the termination of bankruptcy proceedings or the effective date of the department's decision adopting the administrative determination, whichever is later in time.

(h) When any person files a claim for an order directing payment from the fund, the department shall conduct a review of the application, and it may issue an order directing payment out of the fund as provided in subdivisions (a) to (g), inclusive, subject to the limitations of subdivisions (a) to (g), inclusive, if the claimant or claimants show all of the following:

(1) That he or she is not a spouse of the judgment debtor or a person against whom an administrative determination was rendered, whichever is applicable, or a person representing the spouse.

(2) That he or she is making an application within the time specified in subdivision (g).

(3) That the claimant has satisfied the applicable requirements of subdivision (f).

(4) That, if the claimant is a seller of a mobilehome used by the seller for personal, family, or household purposes, the claimant made a good faith effort to adequately secure the debt resulting from the sale of the mobilehome and with respect to which the claim is made. For purposes of this paragraph, a good faith effort to secure the debt may be demonstrated by, but shall not be limited to, providing the department with a promissory note signed by the debtor and which, pursuant to the terms thereof, is secured by collateral with a reasonable value at least equal to the debt evidenced by the promissory note.

(i) Upon an order of the department directing that payment be made out of the fund, the Controller is authorized to draw a warrant for the payment of the amount of the claim approved by the department pursuant to this section.

SEC. 3. Section 18070.6 is added to the Health and Safety Code, to read:

18070.6. The department may be reimbursed from the fund for its investigative and enforcement costs incurred pursuant to this chapter. In the case of any claim ordered to be paid on the basis of an "administrative determination," as defined in Section 18070.3, those costs shall include the costs incurred by the department in its investigation and enforcement of the claim, including adjudication, for which the determination was rendered, including, but not limited to, any appeals.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to assist victims of fraudulent mobilehome purchasers, and to prevent bankruptcies from preventing proper operation of

*The people of the State of California do enact as follows:*

SECTION 1. Section 50661 of the Health and Safety Code is amended to read:

50661. (a) There is hereby created in the State Treasury the

Housing Rehabilitation Loan Fund. All interest or other increments resulting from the investment of moneys in the Housing Rehabilitation Loan Fund shall be deposited in the fund, notwithstanding Section 16305.7 of the Government Code. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated to the department for the following purposes:

(4) For related administrative expenses of the department.

(5) For related administrative costs of nonprofit corporations and local public entities contracting with the department pursuant to Section 50663 in an amount, if any, as determined by the department, to enable the entities and corporations to implement a program pursuant to this chapter. The department shall ensure that not less than 20 percent of the funds loaned pursuant to this chapter shall be allocated to rural areas.

(b) There shall be paid into the fund the following:

(1) Any moneys appropriated and made available by the Legislature for purposes of the fund.

(2) Any moneys which the department receives in repayment of loans made from the fund, including any interest thereon.

(3) Any other moneys which may be made available to the department for the purposes of this chapter from any other source or sources.

(c) Notwithstanding any other provision of law, any interest or other increment earned by the investment or deposit of moneys appropriated by subdivision (b) of Section 3 of Chapter 2 of the Statutes of the 1987–88 First Extraordinary Session, or Section 7 of Chapter 4 of the Statutes of the 1987–88 First Extraordinary Session, shall be deposited in a special account in the Housing Rehabilitation Loan Fund and shall be used exclusively for purposes of Sections 50662.5 and 50671.

SEC. 2. Section 50671 of the Health and Safety Code is amended to read:

50671. For the purpose of providing disaster relief to owners of rental housing and the tenants residing in rental housing that was damaged or destroyed as a result of the Los Angeles-Whittier Narrows Earthquake on October 1, 1987, or subsequent aftershocks, resulting in a state of emergency proclaimed by the Governor pursuant to Section 8625 of the Government Code, financial assistance may be provided to disaster victims as prescribed in this chapter under the following special conditions, which shall prevail over conflicting provisions of this chapter and administrative

regulations:

(a) Funds may be used for the purpose of rehabilitating, including reconstruction of, rental housing developments, including residential hotels, which were damaged or destroyed as a result of the earthquake.

(b) Rental housing developments, as otherwise defined in subdivision (b) of Section 50669, need not contain a minimum of five rental dwelling units. One rental dwelling unit shall be sufficient.

(c) The loans need not be made in support of the programs specified in Section 50663.

(d) As a condition of assistance to sponsors of rental housing developments, the department may establish those rent levels for units assisted pursuant to this section as it may determine (1) are necessary to alleviate hardship in the disaster area, (2) provide for affordable rents or rents not exceeding those charged prior to the earthquakes, and (3) are consistent with the economic feasibility of the assisted rental housing development. In addition to the other requirements of this chapter, the department may require terms and conditions as it determines necessary to meet the needs of the disaster area and its victims, to ensure the fiscal integrity of the rental housing development and to protect the interests of the state. The department shall require that priority in occupancy in any unit assisted pursuant to this section shall be given first to occupants of rental units assisted pursuant to this section who were displaced by the earthquakes or resulting rehabilitation of the assisted rental units. After no additional displaced persons qualify for, or remain in, any assisted units, these units shall be available to on a priority basis, or occupied by, very low income households and lower income households.

(e) In allocating funds to local public entities and nonprofit corporations, the department shall consider the availability of other resources to assist rental housing and the occupants of that rental housing and shall give priority to those applicants in jurisdictions with the greatest housing need resulting from the disaster and the fewest resources to address those needs.

(f) The department may waive the maximum loan amounts and per-unit loan amounts established by regulation as it determines necessary to serve the disaster victims.

(g) A loan to a nonprofit corporation or a limited partnership in which a nonprofit corporation is a general partner which owns or will acquire a rental housing development shall not exceed 100 percent of the combined costs of rehabilitation and refinancing existing indebtedness or rehabilitation and acquisition costs.

(h) A loan may be made to a local housing authority or community development commission to rehabilitate vacant rental housing that it owns and operates.

(i) When a loan will be used in conjunction with federal or other state housing assistance or tax credits and a conflict exists between the other state or federal program requirements and this chapter

with regard to determining maximum allowable rents, the requirements of this chapter may be waived only to the extent necessary to permit the federal or other state financial participation or eligibility for tax credits.

(j) Eligible rehabilitation or reconstruction costs may include the costs of temporary relocation where damage caused by the earthquake or rehabilitation or reconstruction of the rental housing development necessitates temporarily displacement of the tenants. The amount of monthly relocation assistance provided to eligible households temporarily displaced shall not exceed the difference between monthly rent paid by the tenant prior to the earthquake and rent in the replacement housing located by the local public entity or nonprofit corporation until rehabilitation is completed, but in no case shall, the total amount exceed one thousand dollars ($1,000). Prior to providing relocation assistance payments, the local public entity or nonprofit corporation shall ensure that displaced tenants have applied for any and all other financial assistance for which the tenants are eligible that is provided by any other federal, state, or local programs.

(k) The department may provide funds to local public entities and nonprofit corporations for related administrative expenses in an amount not to exceed 5 percent of the total loan commitments subject to this section from the Housing Rehabilitation Loan Fund.

(*l*) No funds shall be committed pursuant to this section on or after January 1, 1990.

SEC. 3. Section 7 of Chapter 4 of the Statutes of 1987–88 First Extraordinary Session is amended to read:

Sec. 7. In addition to any other funds made available, the sum of seven million five hundred thousand dollars ($7,500,000) is hereby appropriated from the Special Fund for Economic Uncertainties to the 1987 Southern California Earthquake Account in the Natural Disaster Assistance Fund for allocation in accordance with the following schedule:

(b) Two hundred fifty thousand dollars ($250,000) for administrative costs by the Department of Housing and Community Development.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide necessary disaster relief assistance to the victims of the Los Angeles-Whittier Narrows Earthquake of October 1987, and subsequent aftershocks, it is imperative that this act take effect immediately.

# CHAPTER 1292

An act to amend Section 1464 of the Penal Code, and to amend Section 27315 of the Vehicle Code, and to add and repeal Chapter 6.6 (commencing with Section 5564) to Part 1 of Division 5 of the Welfare and Institutions Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1464 of the Penal Code is amended to read:

1464. (a) Subject to the provisions of Section 76000 of the Government Code, there shall be levied an assessment in an amount equal to seven dollars ($7) for every ten dollars ($10) or fraction thereof, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or bicyclists, or where an order is made to pay a sum to the general fund of the county pursuant to subparagraph (iii) of paragraph (3) of subdivision (a) of Section 258 of the Welfare and Institutions Code. Any bail schedule adopted pursuant to Section 1269b may include the necessary amount to pay the assessments established by this section and Section 76000 of the Government Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine.

(b) Where multiple offenses are involved, the assessment shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the assessment shall be reduced in proportion to the suspension.

(c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the assessment prescribed by this section for forfeited bail. If bail is returned, the assessment made thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the assessment, the payment of which would work a hardship on the person convicted or his or her immediate family.

(e) After a determination by the court of the amount due, the clerk of the court shall collect the same and transmit it to the county treasury. The portion thereof attributable to Section 76000 of the Government Code shall be deposited in the appropriate county fund

and the balance shall then be transmitted to the State Treasury to be deposited in the Assessment Fund, which is hereby created. The transmission to the State Treasury shall be carried out in the same manner as fines collected for the state by a county.

(f) Of moneys so deposited, the revenues attributable to the increase in the assessment from five dollars ($5) to seven dollars ($7), as determined by the Department of Finance, shall be transmitted to the State Treasury to be deposited directly into the Restitution Fund. The remainder shall be distributed as follows:

(1) Once a month there shall be transferred into the Fish and Game Preservation Fund an amount equal to 0.38 percent of the funds deposited in the Assessment Fund during the preceding month, but in no event shall the amount be less than the assessment levied on fines or forfeitures for violation of state laws relating to the protection or propagation of fish and game. These moneys are to be used for the education or training of department employees which fulfills a need consistent with the objectives of the Department of Fish and Game.

(2) Once a month there shall be transferred into the Restitution Fund an amount equal to 22.12 percent of the funds deposited in the Assessment Fund during the preceding month. Those funds shall be made available in accordance with subdivision (b) of Section 13967 of the Government Code.

(3) Once a month there shall be transferred into the Peace Officers' Training Fund an amount equal to 27.75 percent of the funds deposited in the Assessment Fund during the preceding month.

(4) Once a month there shall be transferred into the Driver Training Penalty Assessment Fund an amount equal to 29.73 percent of the funds deposited in the Assessment Fund during the preceding month.

(5) Once a month there shall be transferred into the Corrections Training Fund an amount equal to 9.12 percent of the funds deposited in the Assessment Fund during the preceding month. Money in the Corrections Training Fund is not continuously appropriated and shall be appropriated in the Budget Act.

(6) Once a month there shall be transferred into the Local Public Prosecutors and Public Defenders Training Fund established pursuant to Section 11503 an amount equal to 0.90 percent of the funds deposited in the Assessment Fund during the preceding month. The amount so transferred shall not exceed the sum of eight hundred fifty thousand dollars ($850,000) in any fiscal year. The remainder in excess of eight hundred fifty thousand dollars ($850,000) shall be transferred to the Restitution Fund.

(7) Once a month there shall be transferred into the Victim-Witness Assistance Fund an amount equal to 10.00 percent of the funds deposited in the Assessment Fund during the preceding month.

(g) (1) Notwithstanding subdivision (f), of moneys so deposited,

the revenues attributable to the assessment provided for in subdivision (i) of Section 27315 of the Vehicle Code shall, on a monthly basis, be transferred to the Traumatic Brain Injury Fund, created pursuant to Section 5564.6 of the Welfare and Institutions Code, until the amount deposited in the Traumatic Brain Injury Fund, as determined by the Department of Finance, for any fiscal year equals five hundred thousand dollars ($500,000). All moneys in excess of that amount shall be utilized in accordance with subdivision (f).

(2) Any moneys deposited in the Assessment Fund attributable to the assessments made pursuant to subdivision (i) of Section 27315 of the Vehicle Code on or after the date that Chapter 6.6 (commencing with Section 5564) of Part 1 of Division 5 of the Welfare and Institutions Code is repealed shall be utilized in accordance with subdivision (f).

(b) Where multiple offenses are involved, the assessment shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the assessment shall be reduced in proportion to the suspension.

(c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the assessment prescribed by this section for forfeited bail. If bail is returned, the assessment made thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the assessment, the payment of which would work a hardship on the person convicted or his or her immediate family.

(e) After a determination by the court of the amount due, the

clerk of the court shall collect the same and transmit it to the county treasury. The portion thereof attributable to Section 76000 of the Government Code shall be deposited in the appropriate county fund and the balance shall then be transmitted to the State Treasury to be deposited in the Assessment Fund, which is hereby created. The transmission to the State Treasury shall be carried out in the same manner as fines collected for the state by a county.

(f) Of moneys so deposited, the revenues attributable to the increase in the assessment from five dollars ($5) to seven dollars ($7), as determined by the Department of Finance, shall be transmitted to the State Treasury to be deposited directly into the Restitution Fund. The remainder shall be distributed as follows:

(1) Once a month there shall be transferred into the Fish and Game Preservation Fund an amount equal to 0.38 percent of the funds deposited in the Assessment Fund during the preceding month, but in no event shall the amount be less than the assessment levied on fines or forfeitures for violation of state laws relating to the protection or propagation of fish and game. These moneys are to be used for the education or training of department employees which fulfills a need consistent with the objectives of the Department of Fish and Game.

(2) Once a month there shall be transferred into the Restitution Fund an amount equal to 22.39 percent of the funds deposited in the Assessment Fund during the preceding month. Those funds shall be made available in accordance with subdivision (b) of Section 13967 of the Government Code.

(7) Once a month there shall be transferred into the Victim-Witness Assistance Fund an amount equal to 11.36 percent of the funds deposited in the Assessment Fund during the preceding month.

(g) (1) Notwithstanding subdivision (f), of moneys so deposited,

the revenues attributable to the assessment provided for in subdivision (i) of Section 27315 of the Vehicle Code shall, on a monthly basis, be transferred to the Traumatic Brain Injury Fund, created pursuant to Section 5564.6 of the Welfare and Institutions Code, until the amount deposited in the Traumatic Brain Injury Fund, as determined by the Department of Finance, for any fiscal year equals five hundred thousand dollars ($500,000). All moneys in excess of that amount shall be utilized in accordance with subdivision (f).

(2) Any moneys deposited in the Assessment Fund attributable to the assessments made pursuant to subdivision (i) of Section 27315 of the Vehicle Code on or after the date that Chapter 6.6 (commencing with Section 5564) of Part 1 of Division 5 of the Welfare and Institutions Code is repealed shall be utilized in accordance with subdivision (f).

SEC. 2. Section 27315 of the Vehicle Code is amended to read:

27315. (a) The Legislature finds that a mandatory seatbelt law will contribute to reducing highway deaths and injuries by encouraging greater usage of existing manual seatbelts, that automatic crash protection systems which require no action by vehicle occupants offer the best hope of reducing deaths and injuries, and that encouraging the use of manual safety belts is only a partial remedy for addressing this major cause of death and injury. The Legislature declares that the enactment of this section is intended to be compatible with support for federal safety standards requiring automatic crash protection systems and should not be used in any manner to rescind federal requirements for installation of automatic restraints in new cars.

(b) This section shall be known and may be cited as the Private Passenger Motor Vehicle Safety Act.

(c) As used in this section, "private passenger motor vehicle" means any passenger vehicle as defined in Section 465 and any motortruck as defined in Section 410 of less than 6,001 pounds unladen weight, but "private passenger motor vehicle" does not include a motorcycle as defined in Section 400.

(d) No person shall operate a private passenger motor vehicle on a highway unless that person and all passengers four years of age or over are restrained by a safety belt, except that the operator of a taxicab, as defined in Section 27908, or the operator of a limousine for hire, or the operator of an authorized emergency vehicle, as defined in subdivision (a) of Section 165, shall not operate the taxicab, limousine for hire, or authorized emergency vehicle unless the operator and any passengers four years of age or over in the front seat are restrained by a safety belt.

(e) No person 16 years of age or over shall be a passenger in a private passenger motor vehicle on a highway unless that person is restrained by a safety belt.

(f) Every owner of a private passenger motor vehicle operated on a highway shall maintain safety belts in good working order for the

use of occupants of the vehicle. The safety belts shall conform to motor vehicle safety standards established by the United States Department of Transportation. This subdivision does not, however, require installation or maintenance of safety belts where not required by the laws of the United States applicable to the vehicle at the time of its initial sale.

(g) This section does not apply to a passenger or operator with a physically disabling condition or medical condition which would prevent appropriate restraint in a safety belt, if the condition is duly certified by a licensed physician and surgeon or by a licensed chiropractor who shall state the nature of the condition, as well as the reason the restraint is inappropriate. This section also does not apply to a peace officer, as defined in Section 830 of the Penal Code, when in an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165, or to any passenger in any seat behind the front seat of an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165 operated by the peace officer, unless required by the agency employing the peace officer.

(h) Notwithstanding subdivision (a) of Section 42001, any violation of subdivision (d), (e), or (f) is an infraction punishable by a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than twenty dollars ($20) for a first offense, and a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than fifty dollars ($50) for each subsequent offense. In lieu of the fine and any penalty assessment or court costs, the court, pursuant to Section 42005, may order that a person convicted of a first offense attend a school for traffic violators or a driving school in which the use of safety belts is demonstrated.

(i) For any violation of subdivision (d), (e), or (f), in addition to the fines provided for pursuant to subdivision (h) and the penalty assessments provided for pursuant to Section 1464 of the Penal Code, an additional penalty assessment of two dollars ($2) shall be levied for any first offense, and an additional penalty assessment of five dollars ($5) shall be levied for any subsequent offense.

All moneys collected pursuant to this subdivision shall be utilized in accordance with Section 1464 of the Penal Code.

(j) In any civil action, a violation of subdivision (d), (e), or (f) or information of a violation of subdivision (h) shall not establish negligence as a matter of law or negligence per se for comparative fault purposes, but negligence may be proven as a fact without regard to the violation.

(k) Notwithstanding Section 40300 or any other provision of law, a peace officer shall not stop or seize a person for a violation of subdivision (d), (e), or (f), nor arrest or issue a notice to appear or notice to correct for a violation of those subdivsions if the officer has no other cause to stop or seize the person other than a violation of subdivision (d), (e), or (f).

(*l*) If the United States Secretary of Transportation fails to promulgate safety standards for manual safety belt systems by September 1, 1989, no private passenger motor vehicle manufactured after that date for sale or sold in this state shall be registered unless it contains a manual safety belt system which meets the performance standards applicable to automatic crash protection devices promulgated by the Secretary of Transportation pursuant to Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. Sec. 571.208) as in effect on January 1, 1985.

(m) Each private passenger motor vehicle offered for original sale in this state which has been manufactured on or after September 1, 1989, shall comply with the automatic restraint requirements of Section S4.1.2.1 of Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. Sec. 571.208), as published in Volume 49 of the Federal Register, No. 138, page 29009. Any automobile manufacturer who sells or delivers a private passenger motor vehicle subject to the requirements of this subdivision who fails to comply with this subdivision shall be punished by a fine of not more than five hundred dollars ($500) for each sale or delivery of a noncomplying private passenger motor vehicle.

(n) Compliance with subdivision (*l*) or (m) by a manufacturer shall be made by self-certification in the same manner as self-certification is accomplished under federal law.

(o) This section does not apply to a person actually engaged in delivery of newspapers to customers along the person's route if the person is restrained by a safety belt prior to commencing and subsequent to completing delivery on the route.

(p) This section does not apply to a person actually engaged in collection and delivery activities as a rural delivery carrier for the United States Postal Service if the person is restrained by a safety belt prior to stopping at the first box and subsequent to stopping at the last box on the route.

(q) Subdivisions (d), (e), (f), (g), and (h) shall become inoperative immediately upon the date that the Secretary of the United States Department of Transportation, or his or her delegate, determines to rescind the portion of the Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. Sec. 571.208) which requires the installation of automatic restraints in new private passenger motor vehicles; provided, however, that those subdivisions shall not become inoperative if the secretary's decision to rescind Standard No. 208 is not based, in any respect, on the enactment or continued operation of those subdivisions.

SEC. 3. Chapter 6.6 (commencing with Section 5564) is added to Part 1 of Division 5 of the Welfare and Institutions Code, to read:

## CHAPTER 6.6. DEMONSTRATION PROJECT FOR PERSONS WITH ACQUIRED TRAUMATIC BRAIN INJURY

5564. The Legislature finds and declares all of the following:

(a) There is a large population of persons who have suffered traumatic head injuries resulting in significant functional impairment.

(b) Approximately 80 percent of these injuries have occurred as a direct result of motor vehicle accidents.

(c) There is a lack of awareness of the problems associated with head injury resulting in a significant lack of services for persons with head injuries, including, but not limited to, in-home and out-of-home services, respite care, placement programs, counseling, cognitive rehabilitation, transitional living and vocational rehabilitation services.

(d) Although there are currently a number of different programs attempting to meet the needs of the persons with head injuries, there is no clearly defined ultimate responsibility vested in any single state agency.

(e) There is no programmatic coordination among agencies to facilitate the provision of a continuing range of services appropriate for persons with traumatic head injuries.

(f) There is a serious gap in post-acute care services resulting in incomplete recovery of functional potential.

(g) Due to the problems referred to in this section, the state is not adequately meeting the needs of persons with head injuries enabling them to return to work and to lead productive lives.

5564.1. For purposes of this chapter, the following definitions shall apply:

(a) "Acquired traumatic brain injury" is an injury that is sustained after birth from an external force to the brain or any of its parts, resulting in psychological, neurological, or anatomical changes in brain functions.

(b) "Department" means the State Department of Mental Health.

(c) "Director" means the Director of Mental Health.

(d) "Supported employment" means an alternative method of providing services which may include prevocational and educational services to individuals who may not qualify for vocational rehabilitation. The following four characteristics distinguish "supported employment" from both vocational rehabilitation services and traditional methods of providing day activity services:

(1) Service recipients appear to lack the potential for unassisted competitive employment.

(2) Ongoing training, supervision, and support services must be provided.

(3) The opportunity is designed to provide the same benefits that other persons receive from work, including an adequate income level, quality of working life, security, and mobility.

(4) There is flexibility in the provision of support which is necessary to enable the person to function effectively at the worksite.

(e) "Day treatment services" means a goal oriented program of developmental and therapeutic services designed to develop,

maintain, increase, or maximize an individual's independent functioning in self care, physical, cognitive, behavioral, or emotional growth, socialization, communication, education, and prevocational skills.

(f) "Fund" means the Traumatic Brain Injury Fund.

(g) "Structured living arrangement" means a residential setting where there is supervision, support, and training designed to maximize independence.

(h) "Functional assessment" means measuring the level or degree of independence, amount of assistance required, and speed and safety considerations for a variety of categories, including activities of daily living, mobility, communication skills, psychosocial adjustment, and cognitive function.

5564.2. The department shall establish demonstration projects for a post-acute continuum-of-care model for adults 18 years of age or older with an acquired traumatic brain injury. The projects shall coordinate supported employment services, day treatment services, and a structured living arrangement. The purpose of the projects is to demonstrate the effectiveness of a coordinated service approach which furthers the goal of assisting those persons to attain productive, independent lives which may include paid employment.

5564.4. (a) The department shall award and administer a maximum of four three-year demonstration projects. Priority shall be given to applicants which have proven experience in providing services to persons with an acquired traumatic brain injury or providing supported employment services to persons with special needs. There shall be at least one demonstration project located in the north half of the state and one in the south half of the state. The department shall award project grants no later than six months after funds for this purpose have been appropriated, using a competitive bidding process. No application shall be considered by the department unless the applicant sets forth in the application the means by which data will be collected for purposes of evaluation pursuant to subdivision (b). All projects shall be operational within two months following the grant award.

(b) The department shall also develop an evaluation and data collection system prior to the initial operative date of the project pursuant to subdivision (a), to assess the effectiveness of these coordinated service models. The department shall report to the Legislature on the progress of the demonstration projects by November 30 of each year in which the projects are operational.

The evaluation shall assess the effectiveness of the pilot projects by:

(1) Comparing the number of persons who achieved supported employment placement, as described in subdivision (d) of Section 5564.1, with the number who would have achieved placement without the assistance of a pilot project. The program shall have as a goal an increase of 30 percent in numbers of persons employed as a result of the program.

(2) Comparing the number of persons who achieved employment

compared with the number who would have achieved employment without the assistance of a pilot project. The program shall have as a goal an increase of 30 percent in numbers of persons employed as a result of the program.

(3) Conducting any other evaluative investigation which interested parties, as described in subdivision (c), determine to be appropriate. The program shall have as a goal an increase of 30 percent in the numbers of persons with significant improvement as measured by standard and objective functional assessment independence measures.

(4) The comparisons shall be analyzed to determine if provision of services had a statistically significant impact on rates of employment or supported employment, or on any other objective which interested parties, as described in subdivision (c), direct the department to measure.

(c) The department shall consult with interested parties to assist with the implementation of this chapter, and specifically with the development of criteria for selection of the projects and development of an evaluation and data collection system. Interested parties shall include, but not be limited to, all of the following:

(1) The California Association of Rehabilitation Facilities.

(2) The California Association for Adult Day Services.

(3) The Southern California Head Injury Foundation.

(4) The Northern California Head Injury Association.

(5) The Coalition of Independent Living Centers.

5564.5. (a) The projects shall be able to identify the special care needs and behavioral problems of clients and the services shall be designed to meet those needs.

(b) The projects shall match not less than 20 percent of the amount granted. The required match may be cash or in-kind contributions, or a combination of both. In-kind contributions may include, but shall not be limited to, staff and volunteer services.

(c) The projects shall provide at least 51 percent of their services under the grant to individuals who are Medi-Cal eligible or who have no other identified third-party funding source.

(d) The projects shall provide, directly, or by arrangement, a coordinated service model to include all of the following:

(1) Structured living arrangement.

(2) Day treatment services.

(3) Supported employment services.

(e) The projects shall develop and utilize a model which will allow clients to move from intensive day treatment programming or highly structured living arrangements to increased levels of independence or supported employment placement.

(f) The projects shall seek all third-party reimbursements for which clients are eligible. However, grantees may utilize grant dollars for the purchase of nonreimbursed services.

5564.6. There is hereby created in the State Treasury the Traumatic Brain Injury Fund, the moneys in which may, upon

appropriation by the Legislature, be expended for the purposes of this chapter.

5564.7. This chapter shall remain in effect until January 1, 1993, and as of that date is repealed, unless a later enacted statute enacted prior to that date extends or deletes that date.

SEC. 4. The State Department of Mental Health shall submit a final evaluation report to the Legislature within six months after the completion of the projects.

SEC. 5. Section 1.5 of this bill incorporates amendments to Section 1464 of the Penal Code proposed by both this bill and AB 3246. It shall become operative only if (1) both bills are enacted and become effective on or before January 1, 1989, (2) each bill amends Section 1464 of the Penal Code and (3) this bill is enacted after AB 3246, in which case, Section 1464 of the Penal Code as amended by Section 1 of this bill shall be operative only until the date Section 1 of AB 3246 would otherwise become operative, at which time Section 1464 of the Penal Code as amended by Section 1.5 of this bill shall become operative.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that Californians with acquired traumatic brain injuries receive programs and services in appropriate community-based settings and avoid inappropriate institutionalization in hospitals or health settings, it is necessary that this act take effect immediately as an urgency statute.

# CHAPTER 1295

An act to amend Section 4725 of the Civil Code, and to amend Section 1679 of the Code of Civil Procedure, relating to child support.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 4725 of the Civil Code is amended to read:

4725. In the event that a parent is experiencing extreme financial hardship due to justifiable expenses resulting from the circumstances enumerated in this section, upon the request of a party, the court may allow such income deductions as may be necessary to accommodate those circumstances, in addition to the deductions specified in subdivision (c) of Section 4721.

(a) Circumstances evidencing hardship include the extraordinary health expenses for which the parent is financially responsible, and uninsured catastrophic losses.

(b) Circumstances evidencing hardship also include the minimum basic living expenses of either parent's natural or adopted children for whom the parent has the obligation to support from other marriages or relationships who reside with the parent. The court, upon its own motion or upon the request of a party, may allow such income deductions as are necessary to accommodate these expenses after making the deductions allowable under subdivision (a) of this section. Unless there are exceptional circumstances as provided under subdivision (e) of Section 4720 or as otherwise provided in this subdivision, when the court makes a child support award in accordance with the mandatory minimum amount of child support provided under this act, the maximum hardship deduction for each child who resides with the parent may equal, but shall not exceed, the support awarded each child subject to the order and shall be calculated as follows:

$N_o$ = Obligated parent's net income prior to the deduction for hardship.

F = The factor as defined in subdivision (g) of Section 4722 as applied to the child or children for whom support is being awarded.

$H_c$ = Number of children for whom a hardship deduction is being given.

$S_c$ = Number of children for whom support is being awarded.

D = Maximum deduction per child.

$$D = \frac{(F)\ (N_o)}{S_c + (F)\ (H_c)}$$

The Judicial Council shall develop tables in accordance with the above formula to reflect the maximum hardship deduction taking into consideration the obligated parent's net income before the

hardship deduction, the number of children for whom the hardship deduction is being given, and the number of children for whom the support award is being made. The Judicial Council shall provide these tables to the counties by January 1, 1989.

Counties may, but are not required to, adopt a formula for use by the court in establishing the maximum hardship deduction for each child who resides with the parent and which provides a deduction that may equal, but shall not exceed, the support awarded each child subject to the order when the court makes a child support award in accordance with local support guidelines.

(c) If deductions for hardship expenses are allowed, the court shall state on the record the reasons supporting the deductions, cite the documentation of the underlying facts and circumstances, and specify the amount of deductions allowed. Whenever possible, the court shall specify the duration that any deduction shall be in effect.

(d) Upon considering whether to allow a deduction under this section, and in determining the amount of any such deduction, the court shall be guided by the goals set forth in the expression of legislative intent set forth in this chapter.

(e) The court shall not order a child support award that would reduce a parent's net income to an amount less than that established for the needs of one person by Section 11452 of the Welfare and Institutions Code, as annually adjusted by Section 11453 of that code.

SEC. 2. Section 1679 of the Code of Civil Procedure is amended to read:

1679. (a) The Attorney General is hereby designated as the state information agency under this title. He shall:

(1) Compile a list of the courts and their addresses in this state having jurisdiction under this title and transmit the same to the state information agency of every other state which has adopted this or a substantially similar law. Upon the adjournment of each session of the Legislature, the Attorney General shall distribute copies of any amendments to this title and a statement of their effective dates to all other state information agencies.

(2) Maintain a register of such lists of courts received from other states and to transmit copies thereof promptly to every court in this state having jurisdiction under this title.

(3) Forward to the court in this state which has jurisdiction over the obligor or his property petitions, certificates, and copies of the act it receives from courts or information agencies of other states.

(b) If the state information agency does not know the location of the obligor or his property in the state and no state location service is available, it shall use all means at its disposal to obtain this information, including the examination of official records in the state and other sources such as telephone directories, real property records, vital statistics records, police records, requests for the name and address from employers who are able or willing to cooperate, records of motor vehicle license offices, requests made to the tax offices both state and federal where such offices are able to

cooperate, and requests made to the Social Security Administration as permitted by the Social Security Act as amended.

(c) Notwithstanding any other provision of law, copies of all documents used to initiate enforcement of any interstate child support obligation shall be sent directly to the state information agency.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

## CHAPTER 1299

An act to amend Section 2454 of the Streets and Highways Code, relating to grade separations.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2454 of the Streets and Highways Code is amended to read:

2454. Allocations made pursuant to Section 2453 shall be made on the basis of the following:

(a) An allocation of 80 percent of the estimated cost of the project shall be made; except that whenever contributions from other sources exceed 20 percent of the estimated cost, the allocation shall be reduced by the amount in excess of 20 percent of the estimated cost.

(b) An allocation of 50 percent of the estimated cost of the project shall be made for a proposed crossing.

(c) No allocation shall be made in excess of 50 percent of the estimated cost of the project unless the grade crossing to be eliminated has been in existence for at least 10 years prior to the date of allocation.

(d) On projects which eliminate an existing crossing, or alter or reconstruct an existing grade separation, no allocation shall be made unless the railroad agrees to contribute 10 percent of the cost of the project.

(e) Where a project does not include a grade separation, but eliminates existing grade crossing or crossings, the allocation shall not exceed the estimated allocation that would have been made for the grade separation which is no longer needed because of the

elimination of the grade crossing by the project and which is indicated on the priority list to be urgently in need of grade separation.

(f) Where the project includes the separation of a highway and a railroad passenger service operated by a city or county, the operating agency shall contribute 20 percent of the cost of the project. The priority listing for such projects shall be in accordance with criteria established for such railroad passenger service by the Public Utilities Commission.

(g) Notwithstanding subdivisions (a) to (f), inclusive, the total of such allocations for a single project shall not exceed five million dollars ($5,000,000) without specific legislative authorization, except that the amount for a single project may be increased to either (1) an amount that includes the federal construction cost index increase each year since 1976, or (2) an amount which does not exceed one-third of the total funds appropriated for grade separation projects for the year of allocation, whichever amount is less, as determined each year by the Public Utilities Commission.

(h) Notwithstanding subdivisions (a) to (g), inclusive, a single project in excess of five million dollars ($5,000,000), but not exceeding twenty million dollars ($20,000,000), shall be considered without specific legislative authority, if the project (1) is included in the Public Utilities Commission's priority list of projects scheduled to be funded, (2) eliminates the need for future related grade separation projects, (3) provides projected cost savings of at least 50 percent to the state or local jurisdiction, or both of them, by eliminating the need for future projects, and (4) alleviates traffic and safety problems or provides improved rail service not otherwise possible. Projects approved pursuant to this subdivision shall be funded over a multiyear period, not to exceed five years, and the allocation for any one of those years shall not exceed the amount prescribed by subdivision (g) for a single project. An agency which has received an allocation for a project approved pursuant to this subdivision shall not be eligible for an allocation for another project under this subdivision for a period of 10 years from the date of approval of that project. Not more than one-half of the total allocation available in any one fiscal year for grade separation projects may be used for the purposes of this subdivision.

(i) Notwithstanding any of the above provisions of this section or any other provision of law, when the state or local agency uses funds derived from federal sources in financing its share of project costs, the railroad contribution, where required by federal law or regulation, shall be computed pursuant to federal law. However, the allocation made pursuant to this chapter shall be computed as though such matching contribution was derived from nonfederal sources and shall be computed as though the railroad had made its contribution pursuant to state law rather than pursuant to federal law. Where the contribution of the railroad is computed according to federal law or regulation because of the use of federal funds in the

allocation for a project, the allocation shall be increased by the amount the share of the railroad is reduced below 10 percent of the estimated cost of the project.

## CHAPTER 1300

An act to amend Section 17207 of, and to add Section 17702 to, the Financial Code, relating to escrow.

SECTION 1. Section 17207 of the Financial Code is amended to read:

17207. The commissioner shall charge and collect the following fees and assessments:

(b) For filing an application for a duplicate of an escrow agent's license lost, stolen, or destroyed, or for replacement, upon a satisfactory showing of such loss, theft, destruction, or surrender of certificate for replacement, two dollars ($2).

(c) For investigation services in connection with each application, one hundred dollars ($100), and for investigation services in connection with each additional office application, one hundred dollars ($100).

(d) For holding a hearing in connection with the application, as set forth under Section 17209.2, the actual costs experienced in each particular instance.

Except as provided in paragraph (5) of subdivision (e), the total assessment for each year shall not exceed the amount of the first assessment following the effective date of this subdivision adjusted for changes in the cost of living. As used in this subdivision "cost of living" means the Consumer Price Index for the United States as reported by the United States Department of Labor or a successor agency of the United States government. The pro rata share shall be the proportion which a licensee's gross income from escrow operations bears to the aggregate gross income from escrow operations of all licensees as compiled by the commissioner. The pro

rata share shall not include the costs of any examinations provided for in Section 17405.1, unless they cannot be collected from the company examined.

(2) On or before May 30 in each year, the commissioner shall notify each escrow agent by mail of the amount assessed and levied against it, and that amount shall be paid within 20 days thereafter. If payment is not made within 20 days, the commissioner shall assess and collect a penalty, in addition to the assessment, of 10 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(3) In the levying and collection of the assessment, an escrow agent shall not be assessed for, nor be permitted to pay less than, two hundred fifty dollars ($250) per year, per location.

(4) If an escrow agent fails to pay the assessment on or before the June 30 following the day upon which payment is due, the commissioner may by order summarily suspend or revoke the certificate issued to the company. If, after such an order is made, a request for a hearing is filed in writing and a hearing is not held within 60 days thereafter, the order is deemed rescinded as of its effective date. During any period when its certificate is revoked or suspended, a company shall not conduct business pursuant to this division, except as may be permitted by order of the commissioner. However, the revocation, suspension, or surrender of a certificate shall not affect the powers of the commissioner as provided in this division.

(5) On and after January 1, 1989, the commissioner may impose a one-time only supplemental assessment of up to one hundred fifty dollars ($150) per licensed location to defray any deficit in the administration of this division incurred or anticipated to be incurred prior to July 1, 1989. The commissioner or the commissioner's designee shall meet and confer with licensees or their representatives regarding the administration and enforcement of this division, including all resulting costs and expenses.

(f) Fifty dollars ($50) for investigation services in connection with each application for qualification of any person under Section 17200.8, other than investigation services under subdivision (c) of this section.

(g) A fee not to exceed twenty-five dollars ($25) for the filing of a notice or report required by rules adopted pursuant to subdivision (a) or Section 17203.1.

SEC. 2. Section 17702 is added to the Financial Code, to read:

17702. It is unlawful for any person to willfully make any untrue statement of a material fact in any application, notice, or report filed with the commissioner under this division or the regulations issued thereunder, or to willfully omit any material fact which is required to be stated in any application, notice, or report.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district

will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

## CHAPTER 1305

An act to amend Section 5705 of, to amend, repeal, and add Section 5600 of, to add Section 5705.3 to, and to repeal and add Section 5705.4 of, the Welfare and Institutions Code, relating to mental health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1988 Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 5600 of the Welfare and Institutions Code, as amended by Chapter 1081 of the Statutes of 1985, is amended to read:

5600. This part shall be known and may be cited as the Short-Doyle Act. This part is intended to organize and finance community mental health services for the mentally disordered in every county through locally administered and locally controlled community mental health programs. It is furthermore intended to better utilize existing resources at both the state and local levels in order to improve the effectiveness of necessary mental health services; to integrate state-operated and community mental health programs into a unified mental health system; to ensure that all mental health professions be appropriately represented and utilized in such mental health programs; to provide a means for participation by local governments in the determination of the need for and the allocation of mental health resources; to establish a uniform ratio of local and state government responsibility for financing mental health services; and to provide a means of allocating state mental health funds equitably among counties according to community needs.

Available funding for local programs, beyond the current base plus any cost-of-living adjustment granted by the Legislature, shall be allocated to counties based upon relative need, defined and appropriately revised by the department on an annual basis as the percentage of total state population and total state poverty population residing in that county. By January 1, 1987, the department shall submit to the Legislature data on the actual numbers of persons served and applicants awaiting service in each county to be considered as a part of the formula in the future. However, until equity of funding between counties is achieved, the allocation of funds shall also take into account the difference between relative needs, as defined above, and current relative resources, defined as the percentage of total state mental health funding currently allocated thereto, in such a manner that progress toward equity is reasonably assured provided, however, that no county allocation may be decreased for this purpose.

If state financing problems require a decrease in the department's

total allocation and the amount available for local programs, the director shall distribute funds to each county based upon a method which takes into primary account the issue of equity of funding among the counties.

By December 31 of each year, the department shall make available information on the progress which has been made in achieving equity between counties as defined in this section.

The goals of the community mental health programs provided under this part are:

(a) To assist persons who are institutionalized, or who have a high risk of becoming institutionalized, because of a mental disorder, to lead lives which are as normal and independent as possible, consistent with their individual capacities and desires.

(b) To assist persons who experience temporary psychological problems, which disrupt normal living, to return as quickly as possible to a functioning level which enables them to cope with the problems of everyday life.

(c) To prevent serious mental disorders and psychological problems.

(d) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 2. Section 5600 is added to the Welfare and Institutions Code, to read:

5600. This part shall be known and may be cited as the Short-Doyle Act. This part is intended to organize and finance community mental health services for the mentally disordered in every county through locally administered and locally controlled community mental health programs. It is furthermore intended to better utilize existing resources at both the state and local levels in order to improve the effectiveness of necessary mental health services; to integrate state-operated and community mental health programs into a unified mental health system; to ensure that all mental health professions be appropriately represented and utilized in such mental health programs; to provide a means for participation by local governments in the determination of the need for and the allocation of mental health resources; to establish a uniform ratio of local and state government responsibility for financing mental health services; and to provide a means of allocating state mental health funds according to community needs.

The goals of the community mental health programs provided under this part are:

(a) To assist persons who are institutionalized, or who have a high risk of becoming institutionalized, because of a mental disorder, to lead lives which are as normal and independent as possible, consistent with their individual capacities and desires.

(b) To assist persons who experience temporary psychological problems, which disrupt normal living, to return as quickly as possible to a functioning level which enables them to cope with the

problems of everyday life.

(c) To prevent serious mental disorders and psychological problems.

(d) This section shall become operative January 1, 1992.

SEC. 3. Section 5705 of the Welfare and Institutions Code is amended to read:

5705. (a) The net cost of all services specified in the approved county Short-Doyle plans shall be financed on a basis of 90 percent state funds and 10 percent county funds, except for local hospital inpatient costs, which shall be financed on a basis of 85 percent state funds and 15 percent county funds, irrespective of where or by whom the services are provided, except for services to be financed from other public or private sources as indicated in the county Short-Doyle plan, and except as provided in Section 5705.4. The cost of the services shall be the actual cost, except for 24-hour hospital services, or a negotiated net amount or rate approved by the Director of Mental Health as provided in Section 5705.2. The cost of 24-hour hospital services shall be the lower of the provider's actual costs or 125 percent of the statewide average for the cost of 24-hour hospital services established pursuant to Section 5705.1.

(b) The cost of state hospital services shall be financed on the basis of 85 percent state funds and 15 percent county funds. With the exception of any costs associated with a county's utilization of state hospital days in excess of their annual allocation, counties may, at their option, resolve any additional state hospital county match requirement in the fiscal year budget process following the year in which the final state hospital billing is received from the department. The state hospital county match requirement for days in excess of a county's annual allocation shall be resolved in accordance with the established policy of the department.

The State Department of Mental Health is hereby permitted to reallocate any funds which are not matched by counties with the approval of the Joint Legislative Budget Committee using a letter as prescribed in Section 28 of the Budget Act, provided such reallocated funds shall not be counted into the base allocation.

SEC. 4. Section 5705.3 is added to the Welfare and Institutions Code, to read:

5707.3. Counties with a population of less than 1 percent of the statewide population based on the most currently available estimates of population data as determined by the Population Research Unit of the Department of Finance, that as of the effective date of this section operate county hospitals which, in whole or in part, provide mental health psychiatric inpatient services as part of the local mental health program, may elect to withdraw the county hospital from participation in the Short-Doyle/Medi-Cal program and instead participate in the fee-for-service Medi-Cal program to obtain reimbursement for mental health services, provided that the fee-for-service Medi-Cal rate of reimbursement is established pursuant to contract with the California Medical Assistance

Commission. When a county makes the election described in this section, the county shall notify the State Department of Mental Health, the State Department of Health Services, and the California Medical Assistance Commission. The Short-Doyle allocation for the county shall be reduced by the amount of county Short-Doyle funds used at the time that the election is made to match the federal Medi-Cal reimbursement for the county hospital's inpatient services.

SEC. 5. Section 5705.4 of the Welfare and Institutions Code is repealed.

SEC. 6. Section 5705.4 is added to the Welfare and Institutions Code, to read:

5705.4. Commencing with the 1988–89 fiscal year, the cost requirement for local financial participation pursuant to Section 5705 shall be waived for all counties with a population of 125,000 or less based on the most currently available estimates of population data as determined by the Population Research Unit of the Department of Finance. This waiver of financial participation shall apply to all programs except state hospital services, which shall be financed on the basis of 90 percent state funds and 10 percent county funds, and local hospital patient services, which shall be financed on the basis of 85 percent state funds and 15 percent county funds.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to take effect for the 1988–89 fiscal year and thus alleviate immediate fiscal constraints for county mental health programs, it is necessary that this act take effect immediately as an urgency statute.

## CHAPTER 1306

An act to add Section 2395.5 to the Business and Professions Code, relating to health care.

[Approved by Governor September 24, 1988 Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2395.5 is added to the Business and Professions Code, to read:

2395.5. (a) A licensee who serves on an on-call basis to a hospital emergency room, who in good faith renders emergency obstetrical services to a person while serving on-call, shall not be liable for any civil damages as a result of any negligent act or omission by the licensee in rendering the emergency obstetrical services. The immunity granted by this section shall not apply to acts or omissions constituting gross negligence, recklessness, or willful misconduct.

(b) The protections of subdivision (a) shall not apply to the licensee in any of the following cases:

(1) Consideration in any form was provided to the licensee for serving, or the licensee was required to serve, on an on-call basis to the hospital emergency room. In either event, the protections of subdivision (a) shall not apply unless the hospital expressly, in writing, accepts liability for the licensee's negligent acts or omissions.

(2) The licensee had provided prior medical diagnosis or treatment to the same patient for a condition having a bearing on or relevance to the treatment of the obstetrical condition which required emergency services.

(3) Before rendering emergency obstetrical services, the licensee had a contractual obligation or agreement with the patient, another licensee, or a third-party payer on the patient's behalf to provide obstetrical care for the patient, or the licensee had a reasonable expectation of payment for the emergency services provided to the patient.

(c) Except as provided in subdivision (b), nothing in this section shall be construed to affect or modify the liability of the hospital for ordinary or gross negligence.

SEC. 2. The Legislature finds and declares that there is a crucial need for the people of this state to receive knowledgeable and experienced emergency medical care. The Legislature further finds that physicians who serve on an "on-call" basis to hospital emergency rooms are regularly required to provide obstetrical care to persons with whom they have no preexisting physician-patient relationship. It is the public policy of this state to provide incentive and protection for physicians who, despite these hardships, respond to calls to provide emergency medical care.

## CHAPTER 1307

An act to amend Section 13826.5 of the Penal Code, and to add and repeal Article 23.5 (commencing with Section 875) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 13826.5 of the Penal Code is amended to read:

13826.5. County probation departments receiving funding under this chapter shall strictly enforce court-ordered conditions of probation for gang members.

(a) County probation departments supported under the Gang

Violence Suppression Program shall implement the following activities:

(1) A Gang Violence Intensive Supervision Unit dealing with gang members shall be established.

(2) Criteria used to determine which probationer shall be assigned to the Gang Violence Intensive Supervision Unit shall be approved by the district attorney having a Gang Violence Prosecution Unit described in Section 13826.2.

(3) Probationers whose cases are assigned to the intensive supervision unit must be informed of what types of behavior are prescribed or forbidden. Such notice shall be provided in both oral and written form.

(4) Probationers whose cases are assigned to the intensive supervision unit must be informed, in writing, that all court-ordered conditions of probation will be strictly enforced.

(5) Deputy probation officers in the intensive supervision unit shall have reduced probationer caseloads and shall coordinate their supervision efforts with law enforcement and prosecution personnel. Such coordination shall include informing law enforcement and prosecution personnel of the conditions set for probationers and of the strict enforcement procedures to be implemented.

(6) Deputy probation officers in the intensive supervision unit shall coordinate with the district attorney in ensuring that court-ordered conditions of probation are consistently enforced.

(7) Intensive supervision unit deputy probation officers shall coordinate, whenever feasible, with community-based organizations in seeking to ensure that probationers adhere to their court-ordered conditions.

(b) County probation departments may implement the following activities:

(1) The California TEAM (Together Each Achieves More) Sports Camp Program, as described in Article 23.5 (commencing with Section 875) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code.

SEC. 2. Article 23.5 (commencing with Section 875) is added to Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, to read:

## Article 23.5. Wards—TEAM Camps

875. In order to combat the growing influence of youth gangs and youth gang-related activity, it is the intent of the Legislature to enact a program which incorporates the individual and social values and mutual support system developed through team sports, provides meaningful educational opportunities for juvenile wards, including counseling on drugs and drug rehabilitation, and serves to provide an effective peer group alternative for members of youth gangs. In enacting this program, the Legislature finds and declares all of the following:

(a) The majority of wards placed in juvenile facilities are or have been members of youth gangs. In Los Angeles County alone, it is estimated that at least 75 percent of the wards confined to probation camps have been gang members. In many cases, these juveniles have been involved in the sale or use of controlled substances.

(b) The abatement of the use of controlled substances and the reduction of juvenile gang-related crimes are of paramount importance to the people of the State of California.

(c) Many of these wards have both academic potential and good athletic ability.

(d) Through participation in team sports in a camp atmosphere, juvenile wards will learn the concept of individual accomplishment as a contribution to a team goal, and cooperation with others to gain a positive self-image as well as gain the ability to resist peer group pressure. These concepts are crucial to the development of individual self-esteem, so necessary to these individuals to effect the desired changes in their behavior, to realize their potential, academically and athletically, and to reduce the influence of youth gang and youth gang-related activity.

(e) There are several model programs for juveniles in Los Angeles County, including Camp Kilpatrick and Lynwood, which provide good examples of the positive role that sports and individual counseling can have in providing meaningful opportunities and mutual support systems for young people.

875.1. There is hereby established a pilot project which shall be known as the California TEAM (Together Each Achieves More) Sports Camp Program. The project shall be administered by the office of Criminal Justice Planning or its designee.

875.2. Pursuant to this article, the chief probation officer of a county, with the approval of the board of supervisors, may apply to the office of Criminal Justice Planning for funding to implement a program in the form of a sports camp. Applications shall be made in accordance with guidelines established by the Office of Criminal Justice Planning in accordance with this article.

875.3. The office of Criminal Justice Planning shall select at least three counties. At least one county from the northern region, one county from the southern San Joaquin Valley region, and one county from the southern region shall be selected from those applying and eligible for funding pursuant to guidelines established pursuant to this article. Eligibility shall be established on the basis of need, but counties having the highest juvenile felony statistics and the highest average juvenile probation caseloads shall be given priority for funding.

875.4. Each county selected for participation in this project shall implement a residential sports camp program for delinquent wards of the juvenile court pursuant to Section 602 which shall contain the following components:

(a) Emphasis on academics, physical fitness, and the development of specific sports skills.

(b) A special academic program geared to high school graduation and college preparation, and including a tutorial program for each ward.

(c) An athletic program to be administered by camp staff and instructed by certified and qualified coaching staff, to emphasize physical fitness, discipline, and the development of skills pertinent to a specific sport, as well as a counseling program regarding the detrimental effects of drugs on athletes.

(d) The teams from each camp program may compete, to the maximum extent possible, in regularly organized high school sports.

(e) Any other components prescribed by office of Criminal Justice Planning guidelines.

For purposes of this article, the office of Criminal Justice Planning shall coordinate activities with the sheriff's department in each of the counties selected for TEAM camps. In addition to selecting at least three TEAM camps, and in cooperation with the sheriff and the chief probation officer, the office of Criminal Justice Planning also shall establish one early intervention TEAM facility in one of the counties selected for juveniles who are first time offenders, but who have not been sentenced to probation camp or to the California Youth Authority. This facility shall otherwise meet the component requirement set forth in this section.

875.5. The probation officers assigned to the camp shall also do all of the following:

(a) Assist in enrolling wards from the camps into the appropriate community school.

(b) Assist in securing further educational opportunities for wards, including, but not limited to, securing college scholarships or other financial aid.

(c) Provide such support, counseling, and supervision after graduation from the camp as is necessary to help ensure that the ward will not return to drug-related or gang activity.

875.6. Three years after TEAM camps have been funded pursuant to this article, the office of Criminal Justice Planning shall submit an evaluation report, together with recommendations, to the Governor and the Legislature. The report shall evaluate the progress of the program. The report shall compare recidivism rates between delinquent wards of the juvenile court pursuant to Section 602 who have participated in the TEAM camp program and those who have participated in regular probation camps, since the objective of the TEAM camp program is to reduce recidivism of the participants by 50 percent compared to other wards who are placed in Youth Authority facilities. The report shall also cite examples of academic or athletic achievements of county wards who participate in the TEAM camp program. If the program fails to reduce recidivism by 30 percent, it shall be deemed to be a failure. The report shall also discuss ways and means to achieve further educational opportunities for Youth Authority and county wards, the effectiveness of the TEAM sports camp concept in helping reduce recidivism into gang

and drug-related activity, and the feasibility of implementing TEAM sports camps or similar programs statewide.

875.7. This article shall remain operative only until January 1, 1994, and as of that date is repealed unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date.

SEC. 3. Programs established pursuant to Article 23.5 (commencing with Section 875) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code shall be eligible for funding under Chapter 3.5 (commencing with Section 13826) of Title 6 of Part 4 of the Penal Code or under any other relevant provision of law.

## CHAPTER 1308

An act to amend Sections 66499, 66499.1, 66499.3, and 66499.7 of the Government Code, relating to housing.

[Approved by Governor September 24, 1988 Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that nonprofit housing organizations have played a key role in the development of new low- and moderate-income housing. The Legislature further finds and declares that these nonprofit organizations are unable to meet certain Subdivision Map Act requirements relating to security commonly imposed on for-profit developers because of the lack of collateral. The Legislature further finds that these nonprofit corporations generally fulfill all requirements because of concurrent supervision or assurances provided by public financing from government agencies. The Legislature finds that current flexibility provided by the Subdivision Map Act is inadequate to allow nonprofit corporations with public financing to develop housing without unreasonable bonding requirements, and that additional flexibility is required.

SEC. 2. Section 66499 of the Government Code is amended to read:

66499. (a) Whenever this division or a local ordinance authorizes or requires the furnishing of security in connection with the performance of any act or agreement, if the developer is not a nonprofit corporation described in subdivision (c) of Section 66499.3, the security shall be one of the following at the option of and subject to the approval of the local agency and if the developer is a nonprofit corporation described in subdivision (c) of Section 66499.3, the security shall be one of the following, subject to the approval of the local agency:

(1) Bond or bonds by one or more duly authorized corporate sureties.

(2) A deposit, either with the local agency or a responsible escrow agent or trust company, at the option of the local agency, of money or negotiable bonds of the kind approved for securing deposits of public moneys.

(3) An instrument of credit from an agency of the state, federal, or local government when any agency of the state, federal, or local government provides at least 20 percent of the financing for the portion of the act or agreement requiring security, or from one or more financial institutions subject to regulation by the state or federal government and pledging that the funds necessary to carry out the act or agreement are on deposit and guaranteed for payment, or a letter of credit issued by such a financial institution.

(4) A lien upon the property to be divided, created by contract between the owner and the local agency, if the local agency finds that it would not be in the public interest to require the installation of the required improvement sooner than two years after the recordation of the map.

(5) Any form of security, including security interests in real property, which is acceptable to the local agency and specified by ordinance thereof.

(b) Any contract or security interest in real property entered into as security for performance pursuant to paragraph (4) or paragraph (5) of subdivision (a) shall be recorded with the county recorder of the county in which the subject real property is located. From the time of recordation of the written contract or document creating a security interest, a lien shall attach to the real property particularly described therein and shall have the priority of a judgment lien in an amount necessary to complete the agreed to improvements. The recorded contract or security document shall be indexed in the Grantor Index to the names of all record owners of the real property as specified on the map and in the Grantee Index to the local agency approving the map.

The local agency may at any time release all or any portion of the property subject to any lien or security interest created by this subdivision or subordinate the lien or security interest to other liens or encumbrances if it determines that security for performance is sufficiently secured by a lien on other property or that the release or subordination of the lien will not jeopardize the completion of agreed upon improvements.

SEC. 3. Section 66499.1 of the Government Code is amended to read:

66499.1. Except as provided in Section 66499.3, a bond or bonds by one or more duly authorized corporate sureties to secure the faithful performance of any agreement shall be in substantially the following form:

Whereas, The Board of Supervisors of the County of _____ (or the City Council of the City of _____), State of California, and _____ (hereinafter designated as "principal") have entered into

an agreement whereby principal agrees to install and complete certain designated public improvements, which said agreement, dated _____, 19__, and identified as project _____, is hereby referred to and made a part hereof; and

Whereas, Said principal is required under the terms of said agreement to furnish a bond for the faithful performance of said agreement.

Now, therefore, we, the principal and _____, as surety, are held and firmly bound unto the County of _____, (or City of _____) hereinafter called ("_____"), in the penal sum of _____ dollars ($_____) lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, successors, executors and administrators, jointly and severally, firmly by these presents.

The condition of this obligation is such that if the above bounded principal, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and provisions in the said agreement and any alteration thereof made as therein provided, on his or their part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meaning, and shall indemnify and save harmless _____, its officers, agents and employees, as therein stipulated, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a part of the obligation secured hereby and in addition to the face amount specified therefor, there shall be included costs and reasonable expenses and fees, including reasonable attorney's fees, incurred by county (or city) in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

The surety hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the agreement or to the work to be performed thereunder or the specifications accompanying the same shall in anywise affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the agreement or to the work or to the specifications.

In witness whereof, this instrument has been duly executed by the principal and surety above named, on _____, 19__.

Appropriate modifications shall be made in such form if the bond is being furnished for the performance of an act not provided for by agreement.

SEC. 4. Section 66499.3 of the Government Code is amended to read:

66499.3. Security to guarantee the performance of any act or agreement shall be in the following amounts:

(a) An amount determined by the legislative body, not less than

50 percent nor more than 100 percent of the total estimated cost of the improvement or of the act to be performed, conditioned upon the faithful performance of the act or agreement; and

(b) An additional amount determined by the legislative body, not less than 50 percent nor more than 100 percent of the total estimated cost of the improvement or the performance of the required act, securing payment to the contractor, to the subcontractors, and to persons furnishing labor, materials, or equipment to them for the improvement or the performance of the required act.

(c) Whenever an entity required to furnish security in accordance with subdivisions (a) and (b) is a California nonprofit corporation, funded by the United States of America or one of its agencies, or funded by this state or one of its agencies, the entity shall not be required to comply with subdivisions (a) and (b), if the following conditions are met:

(1) A letter or letters of credit are provided pursuant to paragraph (3) of subdivision (a) of Section 66499 for 100 percent of the contract of improvements or the contractor installing the improvements has bonded to the nonprofit corporation and the local agency as coobligee the amount of 100 percent of the contract for the faithful performance of the work, and has further bonded to the nonprofit corporation and the local agency as coobligee an amount of not less than 50 percent of the contract for the payment of labor and materials, and those bonds comply with the provisions of this chapter.

(2) All moneys under the control of the nonprofit corporation and payable to the contractor by the nonprofit corporation are deposited in a depository complying with the provisions of this chapter, and out of which moneys progress payments are conditioned upon:

(A) The contractor's certification to the nonprofit corporation that all labor performed in the work, and all materials furnished to and installed in the work, have been paid for in full to the date of the certification.

(B) The written approval of the nonprofit corporation.

(C) Review and approval of progress payment billings by local government.

(D) Final payment to the contractor not being made until 30 days shall have expired after the filing and recording of the notice of completion of the work and acceptance of the work by, and a waiver of lien rights provided by the contractor to, the local agency in writing.

(3) All certifications as to progress payments shall be delivered through the United States mail to the nonprofit corporation. The term "progress payments" means payments made in compliance with the schedule of partial payments agreed upon in the contract for the work. No less than 10 percent of the total contract price shall be retained for the 60 days following the filing of the notice of completion.

(d) Subject to the limitations of Section 66499.9, an amount

determined by the legislative body necessary for the guarantee and warranty of the work for a period of one year following the completion and acceptance thereof against any defective work or labor done, or defective materials furnished.

SEC. 5. Section 66499.7 of the Government Code is amended to read:

66499.7. The security furnished by the subdivider shall be released in whole or in part in the following manner:

(a) Security given for faithful performance of any act or agreement shall be released upon the performance of the act or final completion and acceptance of the required work, or the legislative body may provide for the partial release of the security upon the partial performance of the act or the acceptance of the work as it progresses, under rules established by the legislative body.

(b) Security securing the payment to the contractor, his or her subcontractors and to persons furnishing labor, materials or equipment shall, after passage of the time within which claims of lien are required to be recorded pursuant to Article 3 (commencing with Section 3114) of Chapter 2 of Title 15 of Part 4 of Division 3 of the Civil Code and after acceptance of the work, be reduced to an amount equal to the total claimed by all claimants for whom claims of lien have been recorded and notice thereof given in writing to the legislative body, and if no such claims have been recorded, the security shall be released in full.

The release shall not apply to any required guarantee and warranty period required by Section 66499.9 for the guarantee or warranty nor to the amount of the security deemed necessary by the local agency for such guarantee and warranty period nor to costs and reasonable expenses and fees, including reasonable attorneys' fees.

The legislative body may authorize any of its public officers or employees to authorize release or reduction of the security in accordance with the conditions hereinabove set forth and in accordance with such rules as it may prescribe.

## CHAPTER 1309

An act to add Section 65913.8 to the Government Code, relating to developer fees.

[Approved by Governor September 24, 1988 Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 65913.8 is added to the Government Code, to read:

65913.8. A fee, charge, or other form of payment imposed by a governing body of a local agency for a public capital facility

improvement related to a development project may not include an amount for the maintenance or operation of an improvement when the fee, charge, or other form of payment is required as a condition of the approval of a development project, or required to fulfill a condition of the approval. However, a fee, charge, or other form of payment may be required for the maintenance and operation of an improvement meeting the criteria of either subdivision (a) or (b), as follows:

(a) The improvement is (1) designed and installed to serve only the specific development project on which the fee, charge, or other form of payment is imposed, (2) the improvement serves 19 or fewer lots or units, and (3) the local agency makes a finding, based upon substantial evidence, that it is infeasible or impractical to form a public entity for maintenance of the improvement or to annex the property served by the improvement to an entity as described in subdivision (b).

(b) The improvement is within a water district, sewer maintenance district, street lighting district, or drainage district. In these circumstances, a payment for maintenance or operation may be required for a period not to exceed 24 months when, subsequent to the construction of the improvement, either the local agency forms a public entity or assessment district to finance the maintenance or operation, or the area containing the improvement is annexed to a public entity that will finance the maintenance or operation, whichever is earlier. The local agency may extend a fee, charge, or other form of payment pursuant to this section once for whatever duration it deems reasonable beyond the 24-month period upon making a finding, based upon substantial evidence, that this time period is insufficient for creation of, or annexation to, a public entity or an assessment district that would finance the maintenance or operation.

As used in this section, "development project" and "local agency" have the same meaning as provided in subdivisions (a) and (c) of Section 66000.

## CHAPTER 1310

An act to amend Sections 68543.5, 68701.5, 75028, 75028.1, and 75028.3 of the Government Code, relating to judges.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 68543.5 of the Government Code is amended to read:

68543.5. Whenever a judge retired as such under the Judges'

Retirement Law is assigned to sit in a court, he or she shall be compensated while so sitting at a rate equal to 92 percent of the full compensation of a judge of the court to which he or she is assigned. A retired judge of a justice court assigned to sit in a court shall be compensated while so sitting at the full compensation of a judge of the court to which he or she is assigned, or the compensation specified in Section 68541, whichever is greater. Such compensation shall be chargeable for the period specified in Section 68547 the same as provided by law with respect to the compensation of a judge of the court to which he or she is assigned except that when chargeable to the state, such compensation is payable out of any appropriation for extra compensation of judges assigned by the Chairperson of the Judicial Council.

If such compensation is greater than his or her retirement allowance, his or her retirement allowance shall be suspended so long as he or she receives such compensation. If such compensation is less than his or her retirement allowance, his or her retirement allowance shall continue to be paid while he or she receives such compensation but only in an amount equal to the difference between such compensation and the retirement allowance to which he or she would otherwise be entitled.

If a judge retired under the Judges' Retirement Law is assigned to sit in a court, the 8-percent difference between the compensation of the retired judge while so assigned and the compensation of a judge of the court to which assigned shall be paid to the Judges' Retirement Fund.

When assigned to sit in a county other than that in which he or she resides, he or she shall also be allowed his or her necessary expenses for travel, board, and lodging incurred in the discharge of the assignment. Such expenses, if any, shall be chargeable as follows:

(a) When the assignment is to the Supreme Court or a court of appeal, to the state.

(b) When the assignment is to a superior, municipal, or justice court, to the county.

When assigned to sit in the county in which he or she resides, he or she shall be allowed his or her necessary and reasonable expenses for travel, parking, and board incurred in the discharge of the assignment for and during any period that he or she waives salary or other compensation except his or her retirement allowance.

Notwithstanding the above provisions pertaining to compensation, a retired judge on senior judge status shall receive compensation from the state as provided in Sections 75028 and 75028.2, and shall be allowed necessary expenses for travel, board, and lodging incurred in the discharge of the assignment as provided in this section.

SEC. 2. Section 68701.5 of the Government Code is amended to read:

68701.5. Notwithstanding Section 68701, the Commission on Judicial Performance may investigate the conduct or performance of any retired judge serving on senior judge status pursuant to rules

adopted by the Judicial Council. The commission also shall have the power to order a retired judge's senior judge status terminated for incapacity or any failure to carry out the duties of the office, but in no instance shall the salary together with any Judges' Retirement Law allowance paid for service or disability in any year exceed 100 percent of the current salary of the judge's office from which he or she retired.

SEC. 3. Section 75028 of the Government Code is amended to read:

75028. (a) Except as provided in Sections 75060.6, 75080, and 68543.5, any designation as a judge pro tempore or any assignment by the Chairperson of the Judicial Council shall be disregarded for purposes of this chapter. For the purposes of this chapter no person shall acquire status as a judge, nor shall any person's status as a judge be affected, by any such designation or assignment.

(b) A judge who elects to be available for full-time service on senior judge status after the effective date of retirement, shall be compensated by the state for that time at a rate equal to the full compensation of a judge of the court from which he or she retired or, at the judge's election, at a rate equal to the full compensation of a judge of the court to which he or she is assigned. A judge serving on senior judge status also shall be eligible for travel, board, and lodging expenses, as provided in Section 68543.5.

SEC. 4. Section 75028.1 of the Government Code is amended to read:

75028.1. (a) At the time of the filing of a notice of retirement under the Judges' Retirement Law to be effective after age 69½ but before age 70, a judge may elect senior judge status.

(b) A retired judge who retired under the Judges' Retirement Law before July 1, 1985, and who has attained age 60, may apply to the Chairperson of the Judicial Council for senior judge status.

(c) A judge who has left office at age 60 or older on or after July 1, 1985, and who has 20 years or more of retirement service credit under the Judges' Retirement Law, may apply to the Chairperson of the Judicial Council for senior judge status.

(d) A judge serving on senior judge status shall serve full time as assigned for up to three consecutive years and by accepting that status waives the right to refuse any assignment as otherwise provided by law. A judge who elects to retire under this section is deemed retired, and the judicial office from which the judge retired shall become vacant and a successor shall then be appointed to fill the vacancy.

SEC. 5. Section 75028.3 of the Government Code is amended to read:

75028.3. Notwithstanding any other provision of law, senior judge status shall terminate at the end of three years, except that the status shall terminate earlier when any of the following occurs:

(a) The judge on senior judge status requests termination.

(b) The judge fails to perform service as assigned.

(c) The Commission on Judicial Performance so orders.
(d) The judge attains the age of 73.

## CHAPTER 1311

An act relating to the Pasadena Unified School District.

[Approved by Governor September 24, 1988 Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) In September 1985, the Pasadena Unified School District instituted a Tutoring and Homework Assistance Program through which pupils are able to receive appropriate homework or specialized tutorial assistance, or both, from trained personnel and volunteers after regular school hours at each of the district's 30 schools, at no cost to the pupil, and through which parents, teachers, and pupils receive information and referral services on the tutoring and homework support services available through the school district and other community organizations.

(b) In the 1986–87 school year, the Tutoring and Homework Assistance Program provided 30,922 hours of assistance to 1,136 pupils at 27 sites with the help of 219 volunteers who provided more than 3,000 hours of their time.

(c) Surveys completed by principals, site coordinators, classroom teachers, parents, and pupils generated favorable responses to the program.

(d) The Tutoring and Homework Assistance Program is of educational benefit and provides a cost-effective means of reaching pupils, of supporting rather than replacing the role of parents, and of enabling pupils to succeed in school and, therefore, to be more likely to remain in school.

(e) The development of a model program based upon the Tutoring and Homework Assistance Program in the Pasadena Unified School District over a three-year period would be useful for other school districts in the state, given the degree to which Pasadena is a microcosm of the State of California.

SEC. 2. (a) The Pasadena Unified School District, based upon its Tutoring and Homework Assistance Program, shall develop, over a three-year period, a model program for use in school districts throughout the state.

(b) The Pasadena Unified School District shall report to the Superintendent of Public Instruction annually, on or before October 30, on the implementation and effectiveness of the Tutoring and Homework Assistance Program and on the district's progress in

developing the model program. Each report shall be based on data supplied by program personnel and volunteers, and shall describe the number of volunteers, volunteer hours, pupil participants, and participant hours of assistance under the program in the prior school year, as compared to those numbers for the 1986–87 school year. In addition, the report shall describe the nature and extent of services available at each site, and the results of pupil participation in the following areas:

(1) Test performance, which shall be assessed as part of the district's annual California Achievement Test to determine if the pupils participating for 10 or more hours in the program have increased their scores by a statistically significant degree.

(2) Grade point averages of program participants in grades 9 to 12, inclusive, with 10 or more hours of tutoring.

(3) Other data that may be made available by the State Department of Education on the California Assessment Program, to be analyzed with the assistance of the State Department of Education.

(c) The district shall make its final report on or before July 1, 1992.

SEC. 3. The Pasadena Unified School District may credit for the purpose of its summer school apportionments computed pursuant to Section 42239 of the Education Code, as amended by the annual Budget Act, the hours of homework and tutorial assistance provided pursuant to Section 1 of this act, provided that the instruction is in core academic areas specified in paragraph (2) of subdivision (d) of Section 42239.

SEC. 4. It is the intent of the Legislature that colleges and universities be encouraged to grant academic credit to students enrolled in a teacher training program who participate as volunteers in the Tutoring and Homework Assistance Program pursuant to this act.

SEC. 5. Due to the unique circumstances concerning the Pasadena Unified School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 6. Sections 1 to 5, inclusive, of this act shall become inoperative on June 30, 1991, and on January 1, 1992, are repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which they become inoperative and are repealed.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

## CHAPTER 1312

An act to amend Section 5027 of the Business and Professions Code, relating to accountancy.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 5027 of the Business and Professions Code is amended to read:

5027. The board shall by regulation prescribe, amend, or repeal rules including, but not limited to, all of the following:

(a) A definition of basic requirements for continuing education. A licensee who plans, directs, or approves any financial or compliance audit report on any governmental agency shall complete a minimum of 24 hours of qualifying continuing education in the area of governmental accounting and auditing or related subjects during the two-year license renewal period.

(b) A delineation of qualifying programs.

(c) A system of control and reporting.

In exercising its power under this section, the board shall establish standards which will assure reasonable currency of knowledge as a basis for a high standard of practice by certified public accountants and public accountants. The standards shall be established in a manner to assure that a variety of alternatives are available to licensees to comply with the continuing education requirements for renewal of licenses and taking cognizance of specialized areas of practice.

## CHAPTER 1313

An act to add Section 53066.2 to the Government Code, relating to cable television.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature hereby finds and declares the following:

(a) The federal Cable Communications Policy Act of 1984 (47 U.S.C. Sec. 521 et seq.) requires any city, county, or city and county with franchising authority to assure that access to cable service is not denied to any group of potential television residential subscribers because of the income of the residents of the local area in which the

group resides.

(b) Pursuant to that act, a franchisee is not permitted to "redline," or deny service to lower income areas. Furthermore, the city, county, or city and county with frachising authority is vested with the authority to require the wiring of all areas of the franchise area to avoid this type of practice.

(c) The franchisee's failure to construct or complete construction of facilities pursuant to the franchise agreement generally has the same effect as denying service to a group of residents.

SEC. 2. Section 53066.2 is added to the Government Code, to read:

53066.2. (a) In awarding a cable television franchise pursuant to Section 53066, a city, county, or city and county shall assure that access to cable service is not denied to any group of potential residential cable subscribers because of the income of the residents of the local area in which the group resides.

(b) Nothing in subdivision (a) authorizes a city, county, or city and county to require a cable operator to build a line extension to a home which may be too remote and where the cost to wire is substantially above the average cost of providing cable television service in that community.

(c) Any city, county, or city and county may consider that a franchise is abandoned and may take appropriate action, including revocation of a franchise agreement, after notice and an opportunity for hearing has been given to the franchisee, if it reasonably determines that the franchise has denied cable service to a group of residents because of the income of the residents of the local area in which the group resides in violation of subdivision (a).

SEC. 3. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

## CHAPTER 1314

An act to add Section 18961 to the Welfare and Institutions Code, relating to child abuse.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 18961 of the Welfare and Institutions Code is amended to read:

18961. Notwithstanding any provision of law governing the disclosure of information and records, including but not limited to Section 5328 of the Welfare and Institutions Code, persons who are trained and qualified to serve on "multidisciplinary personnel" teams pursuant to subdivision (d) of Section 18951 whether or not the person is serving on such a team, may be deemed, by the team, to be part of the team as necessary for the purpose of the prevention, identification, management, or treatment of an abused child and his or her parents. The designated team may deem a person to be a member of the team for a particular case, and that team shall specify its reasons, in writing, for deeming that person to be a member of the team. Such a person, when deemed a member of the team, may receive and disclose information relevant to a particular case situation as though he or she were a member of the team, the members of which may disclose to one another information and records which are relevant to the prevention, identification, management, or treatment of an abused child and his or her parents pursuant to this chapter. The information and records which may be disclosed shall not be restricted to those obtained in the course of providing services pursuant to this chapter.

(2) The commissioner shall require that every entity providing insurance policies or certificates to supplement Medicare in this state maintain detailed experience data for policies subject to this section and that they make an annual filing with the commissioner disclosing the loss ratio for each policy form or certificate subject to this section. The annual filing shall, at a minimum, include rates, rating schedules, and supporting documentation including ratios of incurred losses to earned premiums by number of years of policy duration. That information shall demonstrate that each policy form or certificate is in compliance with the applicable loss ratio standards.

(3) The commissioner shall assure that reserves are reasonable and based on sound actuarial principles with respect to the aggregate dollar amount of reserves for claims that are incurred but not yet paid and for claims that are incurred but not yet reported.

(4) Policy forms or certificates shall be deemed to comply with the purposes of this section if the expected losses in relation to premiums over the entire period for which the policy form is rated comply with the requirements of this section and either of the following applies:

(A) For policies or certificates which have been in force for three years or more, for the most recent year, the ratio of incurred losses to earned premiums is greater than or equal to the minimum loss ratios established by this section.

(B) For policies or certificates which have been in force for less than three years, the expected third-year loss ratio can be demonstrated to be greater than or equal to the minimum loss ratio.

(5) If the annual filing or other information received by the commissioner indicates that the actual loss ratio for a policy or certificate is less than the minimum loss ratio established by the commissioner, the commissioner shall require that the insurer or entity providing the insurance file and implement a corrective plan. This plan shall include the utilization of premium reductions, dividends, benefit increases, or any combination of these or other methods such that the minimum loss ratio can be reasonably expected to be achieved. Any corrective plan shall be reviewed and approved by the commissioner prior to implementation.

(6) If, in the opinion of the commissioner, a policy's or certificate's failure to meet the minimum loss ratio requirement is due to unusual reserve fluctuations, economic conditions, or other nonrecurring conditions, the commissioner may exempt the policy or certificate from the need for a corrective plan for that year. Any exemption shall be in writing and specify the reasons for the granting of the exemption.

(7) If an insurer or other entity providing Medicare supplement insurance in this state fails to file and implement a corrective plan

in a timely manner, the commissioner shall withdraw approval of the policy or certificate according to the procedures set forth in Section 10293. This remedy shall be in addition to any remedy available in this section or under other laws of this state. Any report, plan, exemption, or other document prepared pursuant to this subdivision shall be accessible to the public as a public record. A summary of reports, plans, exemptions, or other documents prepared pursuant to this subdivision shall be included in the commissioner's annual report to the Legislature in accordance with Section 911.5.

(8) The commissioner shall adopt regulations to implement this subdivision and shall amend existing regulations to conform to this subdivision on or before September 1, 1989.

(9) For the purposes of this subdivision, an insurance policy to supplement Medicare includes each specific insurance policy or certificate type for individual or group coverage, delivered or issued for delivery by any insurer or entity in this state. "Specific insurance policy or certificate type" includes a policy with all of the same provisions and coverage specifications.

(f) In addition to Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, and in order to provide for full and fair disclosure in the sale of Medicare supplemental policies and certificates, no insurance policy or certificate to supplement Medicare shall be delivered or issued for delivery in this state or elsewhere and no certificate shall be delivered pursuant to a group Medicare supplemental policy or certificate delivered or issued for delivery in the state unless an outline of coverage is delivered to the applicant at the time application is made.

(g) The commissioner shall prescribe the format and content of the outline of coverage required by subdivision (f). For purposes of this section, "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include all of the following:

(1) A description of the principal benefits and coverage provided in the policy.

(2) A statement of the exceptions, reductions, and limitations contained in the policy.

(3) An example showing how the policy would cover a two thousand dollar ($2,000) charge assuming the deductible has been met for a medical procedure which Medicare determines carries a one thousand five hundred dollar ($1,500) customary and reasonable charge. The statement shall be prominently displayed and in type no smaller than any other type on the page.

(4) A statement of the renewal provisions including any reservation by the insurer of a right to change premiums.

(5) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(h) The commissioner may prescribe by regulation a standard

form, and the contents of, an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(j) The commissioner may promulgate reasonable regulations to govern the full and fair disclosure of information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for Medicare by reason of age.

(k) This section applies to insurance provided to residents of this state under a group policy, in accordance with applicable laws of this state, including provisions of Sections 10290 and 10291, subdivision (b) of Section 10291.5, and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2 regardless of the situs of the contract.

This section shall not apply to policies issued to one or more employers or labor organizations, or to the trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees or former employees, or combination thereof, or for members or former members, or combination thereof, of the labor organization.

This section shall not apply to individual policies or contracts issued pursuant to a conversion privilege under a policy or contract of group or individual insurance when the group or individual policy or contract includes provisions which are inconsistent with the requirements of this section.

SEC. 5. Section 10195.6 of the Insurance Code is amended to read:

10195.6. (a) A television, radio, mail, or newspaper advertisement which is designed to produce leads either by use of a coupon or a request to write or otherwise contact the insurer, a production agent, or other person or a subsequent advertisement prior to contact shall include information disclosing that an agent

may contact the applicant if that is the fact. In addition, an agent who makes contact with a consumer, as a result of acquiring that consumer's name from a lead generating device shall disclose that fact in the initial contact with the consumer.

(b) No insurer, agent, broker, solicitor, or other person or other entity shall solicit residents of this state for the purchase of Medicare supplement insurance through the use of a true or fictitious name which is deceptive or misleading with regard to the status, character, or proprietary or representative capacity of the entity or person or the true purpose of the advertisement.

(c) For purposes of this section, an advertisement includes envelopes, stationery, business cards, or other materials designed to describe and encourage the purchase of a policy or certificate to supplement Medicare.

(d) Advertisements may not employ words, letters, initials, symbols, or other devices which are so similar to those used by governmental agencies, a nonprofit or charitable institution, senior organization, or other insurer that they could have the capacity or tendency to mislead the public. Examples of such misleading materials, include, but are not limited to, those which imply any of the following:

(1) The advertised coverages are somehow provided by or are endorsed by the governmental agencies or the other insurer.

(2) The advertiser is the same as, is connected with or is endorsed by the governmental agencies, other entity, or other insurers.

(3) That the advertised coverages are somehow provided by or are endorsed by the governmental agencies, other entity, or other insurers.

(e) No advertisement shall use the name of a state or political subdivision thereof in a policy name or description.

(f) No advertisement may use any name, service mark, slogan, symbol, or any device in any manner that implies that the insurer or the policy advertised, or that any agency who may call upon the consumer in response to the advertisement is connected with a governmental agency, such as the Social Security Administration.

(g) No advertisement shall be used that fails to prominently display the disclaimer to the effect of "Not Connected with or endorsed by the U.S. Government or the federal Medicare program."

(h) No advertisement may imply that the reader may lose a right or privilege or benefit under federal, state, or local law if he or she fails to respond to the advertisement.

(i) An insurer, agent, broker, or other entity may not use an address so as to mislead or deceive as to the true identity, location, or licensing status of the insurer, agent, broker, or other entity.

(j) No insurer may use, in the trade name of its insurance policy, any terminology or words so similar to the name of a governmental agency or governmental program as to have the tendency to confuse, deceive, or mislead a prospective purchaser.

(k) All advertisements used by agents, producers, brokers, solicitors, or other persons of an insurer must have prior written approval of the insurer before they may be used.

(*l*) No insurer, agent, broker, or other entity may solicit a particular class by use of advertisements which state or imply that the occupational or other status as members of the class entitles them to reduced rates on a group or other basis when, in fact, the policy being advertised is sold only on an individual basis at regular rates.

SEC. 6. Article 6 (commencing with Section 10193) of Chapter 1 of Part 2 of Division 2 of the Insurance Code, as added by this act, shall, in addition to the sections added by this act also include Sections 10195 to 10197.5, inclusive, of the Insurance Code.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

An act to amend Section 117.41 of the Code of Civil Procedure, and to amend Section 987.2 of the Penal Code, relating to legal representation.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 117.41 of the Code of Civil Procedure is amended to read:

117.41. (a) A corporation may appear in small claims court only through an employee or a duly appointed or elected officer or director, employed, appointed, or elected for purposes other than the exclusive representation of the corporation in small claims court. Any other entity which is not a natural person may appear in small claims court only through a regularly employed person of that entity, employed for purposes other than the exclusive representation of the entity in small claims court.

(b) An action filed by a party who lacks standing under Section 17918 of the Business and Professions Code shall be dismissed without prejudice.

(c) The representative of a plaintiff which is not a natural person shall affirm that he or she is authorized to represent that party, and identify the basis for such authorization under subdivision (a), under penalty of perjury. A party filing a claim in a fictitious business name shall state under penalty of perjury its compliance with Section 17918

of the Business and Professions Code. The provisions of this section shall be implemented in accordance with rules and forms adopted by the Judicial Council.

(d) If a corporation is a party to an action on appeal from a judgment entered by a small claims court, it may appear before the superior court for purposes of the appeal through a director, an officer, or an employee, whether or not that person is an attorney at law.

SEC. 2. Section 987.2 of the Penal Code is amended to read:

987.2. (a) In any case in which a person, including a person who is a minor, desires but is unable to employ counsel and in which counsel is assigned in the superior court, municipal court, or justice court to represent the person in a criminal trial, proceeding or appeal, the assigned counsel: (1) in a county or city and county in which there is no public defender; (2) in a county of the first or second class where there is no contract for criminal defense services between the county and one or more responsible attorneys; (3) in a case in which the court finds that because of a conflict of interest or other reasons the public defender has properly refused; or (4) in a county of the first or second class where attorneys contracted by the county are unable to represent the person accused, shall receive a reasonable sum for compensation and for necessary expenses, the amount of which shall be determined by the court, to be paid out of the general fund of the county.

(b) The sum provided for in subdivision (a) may be determined by contract between the court and one or more responsible attorneys after consultation with the board of supervisors as to the total amount of compensation and expenses to be paid, which shall be within the amount of funds allocated by the board of supervisors for the cost of assigned counsel in such cases.

(c) In counties that utilize an assigned private counsel system as either the primary method of public defense or as the method of appointing counsel in cases where the public defender is unavailable, the county, the courts, or the local county bar association working with the courts are encouraged to do all of the following:

(1) Establish panels that shall be open to members of the State Bar of California.

(2) Categorize attorneys for panel placement on the basis of experience.

(3) Refer cases to panel members on a rotational basis within the level of experience of each panel, except that a judge may exclude an individual attorney from appointment to an individual case for good cause.

(4) Seek to educate those panel members through an approved training program.

(5) Establish a cost-efficient plan to insure maximum recovery of costs pursuant to Section 987.8.

(d) In a county of the first or second class, the court shall first utilize the services of the public defender to provide criminal

defense services for indigent defendants. In the event that such public defender is unavailable and the county has contracted with one or more responsible attorneys to provide criminal defense services for indigent defendants, the court shall utilize the services of the county-contracted attorneys prior to assigning any other private counsel. Nothing in this subdivision shall be construed to require the appointment of counsel in any case in which such counsel has a conflict of interest. In the interest of justice, a court may depart from the procedure requiring appointment of a public defender or a county-appointed attorney only after making a finding of good cause and stating the reasons therefor on the record.

(e) The county may recover costs of public defender services under Chapter 6 (commencing with Section 4750) of Title 5 of Part 3 for any case subject to Section 4750.

(f) Counsel shall be appointed to represent, in the municipal or justice court, a person who desires but is unable to employ counsel, when it appears that such appointment is necessary to provide an adequate and effective defense for the defendant.

(g) As used in this section, "county of the first or second class" means the county of the first class and county of the second class as provided by Section 28022 of the Government Code as amended by Chapter 43 of the Statutes of 1961 and Sections 28020 and 28023 of the Government Code as amended by Chapter 1204 of the Statutes of 1977.

(c) This decline has further eroded the ability of small businesses and property owners to renovate and enhance their commercial and residential properties.

(d) Merchants in the smaller cities are also experiencing greater difficulties in obtaining financial aid at reasonable interest rates, thereby further inhibiting their ability to develop new business as well as continue existing operations.

(e) Neighborhood commercial areas in medium-sized and larger cities need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, and to avoid disinvestment and economic dislocations.

It is the further intent of the Legislature that this program shall employ the techniques developed by the National Trust of Historic Preservation's Main Street Center which are designed to stimulate business reinvestment, restore building facades, retain existing small businesses, strengthen the local tax base, create employment opportunities, promote new businesses in downtown areas, and help to create a renewed sense of community pride. The Legislature further intends that this program be a joint state, local government,

and private sector partnership utilizing private and public financial resources.

(7) The California Preservation Foundation.

(b) The Department of Commerce shall modify and expand the California Main Street Program plan pursuant to Chapter 1577 of the Statutes of 1985 to include program elements designed to assist merchants and residents in the neighborhoods of larger and medium-sized cities.

(b) Designate a program manager and staff.

(c) Develop objective criteria for selecting the participating and demonstration communities. The criteria shall include, but shall not be limited to, all of the following:

(2) Evidence of potential private investment in the downtown area.

(3) A downtown with sufficient historic fabric to become a foundation for an enhanced community image.

(4) Organization and financial commitment to implement a long-term economic revitalization program which includes a commitment to employ a full-time, professional project manager with an operating budget.

(d) Devise a method of inviting eligible communities to submit applications, select demonstration communities, and additional participating communities in subsequent years.

(e) Include in the program, in addition to the demonstration communities, any city which has on the effective date of this chapter a contract with the National Trust's Main Street Center for a local main street program.

*The people of the State of California do enact as follows:*

SECTION 1. Section 2285 of the Business and Professions Code is amended to read:

2285. The use of any fictitious, false, or assumed name, or any name other than his or her own by a licensee either alone, in conjunction with a partnership or group, or as the name of a professional corporation, in any public communication, advertisement, sign, or announcement of his or her practice without a fictitious-name permit obtained pursuant to Section 2415 constitutes unprofessional conduct. This section shall not apply to licensees who contract with, are employed by, or are on the staff of, any clinic licensed by the State Department of Health Services under Chapter 1 (commencing with Section 1200) of Division 2 of the Health and Safety Code or any medical school approved by the division or a faculty practice plan connected with such a medical school.

SEC. 2. Section 2415 of the Business and Professions Code is amended to read:

2415. (a) Any physician and surgeon or any podiatrist, as the case may be, who as a sole proprietor, or in a partnership, group, or professional corporation, desires to practice under any name that would otherwise be a violation of Section 2285 may practice under that name if the proprietor, partnership, group, or corporation obtains and maintains in current status a fictitious-name permit issued by the Division of Licensing or, in the case of podiatrists, the California Board of Podiatric Medicine under the provisions of this section.

(b) The division or the board shall issue a fictitious-name permit authorizing the holder thereof to use the name specified in the permit in connection with his, her, or its practice if the division or the board finds to its satisfaction that:

(1) The applicant or applicants or shareholders of the professional corporation hold valid and current licenses as physicians and

surgeons or podiatrists, as the case may be.

(2) The professional practice of the applicant or applicants is wholly owned and entirely controlled by the applicant or applicants.

(3) The name under which the applicant or applicants propose to practice is not deceptive, misleading, or confusing, and contains one of the following designations: "medical group," "medical clinic," "medical corporation," "medical associates," "medical center," or "medical office." In the case of podiatrists, the same designations may be used substituting the word "podiatry" or "podiatrists" for the word "medical," or the designation "foot clinic" may be used.

(c) This section shall not apply to licensees who contract with, are employed by, or are on the staff of, any clinic licensed by the State Department of Health Services under Chapter 1 (commencing with Section 1200) of Division 2 of the Health and Safety Code or any medical school approved by the division or a faculty practice plan connected with such a medical school.

A proceeding to revoke or suspend a fictitious-name permit shall be conducted in accordance with Section 2230.

(f) A fictitious-name permit issued to any licensee in a sole practice is automatically revoked in the event the licensee's certificate to practice medicine or podiatric medicine is revoked.

(g) The division or the board may delegate to the executive director, or to another official of the board, its authority to review and approve applications for fictitious-name permits and to issue those permits.

The division or board, for good cause, may waive the 50 percent penalty fee and may extend retroactivity up to two years from the expiration date of any such license.

SEC. 4. Section 2443 of the Business and Professions Code is amended to read:

2443. The following fees apply to fictitious-name permits issued under Section 2415:

(b) Each applicant for a certificate based upon a national board examination, and each applicant for a certificate based upon reciprocity shall pay an application fee of twenty dollars ($20) at the time the application is filed. ## CHAPTER 1326

An act to add Sections 71095, 71096, 71097, and 71098 to the Education Code, and to add Section 1597.057 to the Health and Safety Code, relating to child care, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

There is an acute shortage of qualified teachers available to work in licensed child care centers. Although very low wages and poor benefits are at the root of the problem, a narrow range of training options for child care teachers and unequal availability of postsecondary coursework exacerbate the shortage.

Currently, in order to be hired as a teacher in a nonsubsidized child care center, administrative rules and regulations require an applicant to complete six college units of early childhood education or child development, and an additional six units to be fully qualified. Unfortunately, many potential child care teachers refuse to spend their time and money to enroll in formal postsecondary coursework,

particularly when their subsequent earnings will be low, particularly when those potential child care teachers live far from campuses where the required courses are offered. There is a substantial need to provide a wider range of high quality training options. In order to maximize available training resources, there is a need for day care center licensees and their staff to become aware of all the various training options that exist in the state as well as the procedures involved in establishing specially designed classes to meet training needs. The Legislature recognizes that the California Community Colleges, the California State University, and private training institutions provide courses in early childhood education. The Legislature encourages colleges and universities to expand the availability of courses in early childhood education and child development to underserved areas of California, including rural areas that are far from college or university campuses.

SEC. 2. Section 71095 is added to the Education Code, to read:

71095. The chancellor's office shall conduct a survey to obtain the following information:

(a) The number and location of all colleges, universities, and training institutions offering instruction in early childhood education or child development, or both.

(b) The number and location of all colleges, universities, and training institutions offering instruction in specialized areas, including, but not limited to, infant care, school age care, child health, and care for special needs children.

(c) The mode or modes of delivery utilized by the colleges, universities, and training institutions, including, but not limited to, the following:

(1) Onsite instruction.

(2) Offsite or outreach instruction, or both.

(3) Use of regular semesters or short-term courses.

(4) Days of week used and time of offering.

(5) Availability of bilingual instruction.

(6) Use of mentor teachers.

(7) Use of part-time staff.

(d) Integration of competency-based curriculum into programs.

SEC. 3. Section 71096 is added to the Education Code, to read:

71096. (a) The chancellor's office, in cooperation with the Chancellor of the California State University, the State Department of Social Services, and the State Department of Education, shall develop basic information for day care center licensees regarding various training options existing in the state and the procedures involved in establishing specially designed classes to meet training needs. The State Department of Social Services shall reproduce and distribute this basic information to current and future child care center licensees. The basic information required by this section shall be distributed to current child care licensees on or before July 1, 1989.

(b) The chancellor's office shall support the continuation of community college child development regional meetings and shall

encourage expansion of these meetings to include participation by representatives from the California State University, the State Department of Social Services' Community Care Licensing Division, resource and referral programs, professional child care associations, local providers, and other local training institutions.

SEC. 4. Section 71097 is added to the Education Code, to read:

71097. The chancellor's office shall, to the extent resources permit, be available to refer and assist day care center licensees and prospective day care center teachers in locating appropriate courses and to respond to specific questions or concerns.

SEC. 5. Section 1597.057 is added to the Health and Safety Code, to read:

1597.057. Any requirement established by the department, pursuant to Article 1 (commencing with Section 1596.70) of Chapter 3.4, that coursework in early childhood education or child development, or both, be completed in order to fully qualify as a day care center teacher, may be satisfied with a valid child development associate credential issued by the Child Development Associate National Credentialing Program for a center-based setting with a preschool age level or infant/toddler age level endorsement. The preschool age level endorsement shall qualify the holder of the credential as a day care center teacher for ages three to five, inclusive, and the infant/toddler age level endorsement shall qualify the holder of the credential as a day care center teacher for up to, and including, age two.

The child development associate credential used to qualify individuals as day care center teachers shall involve standards that are no less stringent than those in effect on January 1, 1988.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to address the critical shortage of qualified child care teachers and to make every effort to ensure that children are instructed and supervised by teachers with appropriate training and education, it is necessary that this act take effect immediately.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 2.7 (commencing with Section 10235) is added to Part 2 of Division 2 of the Insurance Code, to read:

## CHAPTER 2.7. STANDARDS FOR LONG-TERM CARE INSURANCE

### Article 1. Definitions

10235. Unless the context requires otherwise, the definitions in this article shall govern the construction of this chapter.

10235.2. "Long-term care insurance" means any insurance policy, contract, or rider advertised, marketed, offered, or designed to provide coverage for not less than 12 consecutive months for each covered person on an expense incurred, indemnity, prepaid, or other basis for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital. "Long-term care insurance" includes group and individual policies, contracts, or riders whether issued by insurers, fraternal benefit societies, nonprofit hospital service plans, or any similar organization regulated by the commissioner. "Long-term care insurance" does not include any insurance policy which is offered primarily to provide basic Medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income protection coverage, accident only coverage, specified disease or specified accident coverage, or limited benefit health coverage.

10235.4. "Applicant" means either of the following:

10235.5. "Certificate" means any certificate issued under a group long-term care insurance policy, which policy has been delivered or issued for delivery in this state.

10235.6. "Group long-term care insurance" means a long-term care insurance policy which is delivered or issued for delivery in this state and issued to any of the following:

(1) Is composed of individuals all of whom are or were actively engaged in the same profession, trade, or occupation.

(2) Has been maintained in good faith for purposes other than obtaining insurance.

(c) An association or a trust or the trustees of a fund established, created, or maintained for the benefit of members of one or more

associations. Prior to advertising, marketing, or offering that policy or a certificate within this state, the association or associations, or the insurer of the association or associations, shall file evidence with the commissioner that the association or associations have at the outset a minimum of 100 persons and have been organized and maintained in good faith for purposes other than that of obtaining insurance, have been in active existence for at least one year, and have a constitution and bylaws which provide all of the following:

(1) The association or associations hold regular meetings, not less than annually, to further purposes of the members.

(2) Except for credit unions, the association or associations collect dues or solicit contributions from members.

(3) The members have voting privileges and representation on the governing board and committees.

Thirty days after that filing the association or associations shall be deemed to satisfy these organizational requirements, unless the commissioner makes a finding that the association or associations do not satisfy those organizational requirements.

(1) The issuance of the group policy or certificate is not contrary to the best interest of the public.

10236.2. Long-term care insurance may not:

(a) Be canceled, nonrenewed, or otherwise terminated on the grounds of the age or the deterioration of the mental or physical

health of the insured individual or certificate holder.

Where a particular disease can be determined only with an autopsy, "diagnosed" means clinical diagnosis as specified in Section 10123.16. The requirements of this subdivision do not modify any preexisting condition or underwriting standard contained in the National Association of Insurance Commissioners Long-Term Care Insurance Model Regulations, as most recently revised. On and after July 1, 1989, any outline of coverage used in connection with long-term care insurance issued in this state shall include or have attached thereto a statement in positive terms, to the effect that the coverage described and required by this subdivision is provided. That statement shall describe the coverage and not merely make reference to this subdivision.

10236.4. No long-term care benefits may be reduced because of out-of-pocket expenditures by the insured or on behalf of the insured by a family member of the insured or by any other individual.

10236.5. An outline of coverage, prepared in the standard format developed by the commissioner pursuant to Section 10237, shall be delivered to an individual prospective insured at the time an application for long-term care insurance is presented to an applicant. The outline of coverage shall include all of the following:

10236.6. A certificate issued pursuant to a group long-term care insurance policy, which policy is delivered or issued for delivery in this state, shall include all of the following:

(a) A description of the principal benefits and coverage provided in the policy.

(b) A statement of the principal exclusions, reductions, and limitations contained in the policy.

(c) A statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change premiums.

(d) A statement that the group master policy determines governing contractual provisions.

10236.7. No policy may be advertised, marketed, or offered as long-term care or nursing home insurance unless it complies with this chapter.

10236.8. A television, radio, mail, or newspaper advertisement which is designed to produce leads either by use of a coupon or a request to write to an insurer, producer, or any other person, or a subsequent advertisement prior to contact in regard to long-term care insurance shall include a prominent disclosure that a licensed or authorized agent may contact the prospective applicant, if that is the fact.

10236.9. (a) Any insurer offering long-term care insurance under this chapter shall provide to the Department of Insurance, for the commissioner's conveyance to the Department of Aging, a copy of the following materials for every long-term care insurance product advertised, marketed, or offered by that insurer in this state:

(1) Specimen individual policy form or group master policy and certificate forms.

(2) Corresponding outline of coverage, using the standard format developed by the commissioner.

(3) Representative advertising materials to be used in this state.

(1) The association or associations hold regular meetings, not less than annually, to further purposes of the members.

(2) Except for credit unions, the association or associations collect dues or solicit contributions from members.

(3) The members have voting privileges and representation on the governing board and committees.

Thirty days after submitting evidence of compliance with the requirements in subdivision (c) of Section 10235.6, the association or

associations shall be deemed to satisfy those organizational requirements, unless the commissioner makes the finding that the association or associations do not satisfy those organizational requirements.

Article 3. Administration and Enforcement

10237. (a) The commissioner shall prescribe the format and content of the outline of coverage required by Section 10236.5. For purposes of this section, "format" means style, arrangement, and overall appearance, including such items as the size and prominence of type and the arrangement of text and captions.

(b) The format prescribed by the commissioner shall be further designed for disclosure of the benefits provided by the policy or policies offered by a particular insurer and conditions that must be met to receive the benefits.

(c) To the extent that the standardized benefit disclosure form developed by the National Association of Insurance Commissioners contains the same elements of information required to be itemized by subdivision (b), the commissioner shall revise California's standard format for the outline of coverage to substantially reflect the form designed by the National Association of Insurance Commissioners.

10237.2. The commissioner shall, as required by this chapter, or from time to time as conditions warrant, after notice and public hearing, adopt reasonable regulations, and amendments and additions thereto, as are necessary to administer this chapter.

The commissioner may suspend or revoke the license or licenses issued to any production agent found, after notice and hearing, to have violated this chapter or a regulation adopted pursuant to the authority of this chapter. Notice of hearing shall be accomplished and a hearing conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted therein.

10237.5. In addition to any other penalty provided by law or the availability of any administrative procedure, if an insurer, after notice and hearing, is found to have violated this chapter, or regulations adopted pursuant to this chapter, or knowingly permits any person to do so, the commissioner, in accordance with the procedures provided in Section 704, may suspend the insurer's certificate of authority to transact disability insurance. Section 704.7 shall apply in any proceeding conducted pursuant to this section.

10237.6. (a) On or before September 1, 1991, and on or before every September 1 thereafter, the commissioner shall report to the Legislature regarding all of the following aspects of long-term care insurance:

(1) Loss ratios in California and nationwide, by policy form number plus a summary and description of the data used as the basis

for that analysis.

(2) Means and devices alternative to loss ratio standards which may be under consideration by the commissioner for determining whether the benefits under long-term care insurance are reasonable in relation to premiums charged.

(3) The insurers offering coverage that includes home-based long-term care services in California, by policy form number plus a summary describing the specific types of services covered.

(4) The insurers offering coverage that includes community-based long-term care services in California, by policy form number plus a summary describing the specific types of services covered.

(b) The commissioner shall adopt a standard submittal form for insurers to attach to new long-term care insurance policies and certificates at the time they are submitted for the commissioner's review. The information specified on the standard form shall include, but not be limited to, all categories of information required to facilitate preparation of the report required by paragraphs (3) and (4) of subdivision (a).

10237.7. The commissioner's annual report to the Legislature, as required by Section 10237.6, shall be compiled in consultation with a task force designated by the commissioner for this purpose, which shall include insurance industry representatives, other individuals deemed appropriate by the commissioner, and one or more representatives from each of the following:

The commissioner shall have the responsibility, in consultation with the task force, to develop analytic methods and to select indicators for evaluation of the impact of long-term care insurance on the public share of costs for long-term care.

SEC. 2. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

## CHAPTER 1329

An act to add Section 29473 to the Elections Code, relating to elections.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that no person, other than the voter and the election official, should have access to, or possession of, the ballot except as permitted by the federal Voting Rights Act of 1965, as amended.

SEC. 2. Section 29473 is added to the Elections Code, to read:

29473. (a) No candidate or representative of a candidate, and no proponent, opponent, or representative of a proponent or opponent, of an initiative, referendum, or recall measure, or of a charter amendment, shall solicit the vote of an absentee voter, or do any electioneering, while in the residence or in the immediate presence of the voter, and during the time he or she knows the absentee voter is voting.

(c) This section shall not be construed to conflict with any provision of the federal Voting Rights Act of 1965, as amended, nor to preclude electioneering by mail or telephone or in public places, except as prohibited by Section 29470, or by any other provision of law.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

## CHAPTER 1330

An act to amend Section 66452.6 of, and to add and repeal Section 66413.5 of, the Government Code, relating to subdivisions.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 66413.5 is added to the Government Code, to read:

66413.5. (a) When any area in a subdivision or proposed subdivision as to which a tentative map meeting the criteria of this section has been approved by a board of supervisors is incorporated into a newly incorporated city, the newly incorporated city shall approve the final map if it meets all of the conditions of the tentative map, meets the requirements and conditions for approval of the final map as provided in Article 4 (commencing with Section 66456) of Chapter 3, other requirements of this division, and the county's subdivision ordinance.

(b) When any area in a subdivision or proposed subdivision as to which a vesting tentative map meeting the criteria of this section has been approved by a board of supervisors is incorporated into a newly incorporated city, the newly incorporated city shall approve the final map and shall give effect to the vesting tentative map as provided in Chapter 4.5 (commencing with Section 66498.1) if the final map meets all of the conditions of the vesting tentative map, meets the requirements and conditions for approval of the final map as provided in Article 4 (commencing with Section 66456) of Chapter 3, Chapter 4.5 (commencing with Section 66498.1), other requirements of this division, and the county's subdivision ordinance.

(c) Notwithstanding subdivisions (a) and (b), the newly incorporated city may condition or deny a permit, approval, or extension, or entitlement if it determines any of the following:

(1) A failure to do so would place the residents of the subdivision or the immediate community, or both, in a condition dangerous to their health or safety, or both.

(2) The condition or denial is required, in order to comply with state or federal law.

(d) The rights conferred by this section shall expire if a final map is not approved prior to the expiration of the tentative map or of the vesting tentative map. If the final map is approved, the rights conferred by this section shall be subject to the periods of time set forth in Section 66452.6, but shall not exceed eight years from the date of incorporation unless an applicant and the newly incorporated city mutually agree to a longer period provided by this division.

(e) An approved tentative map or vesting tentative map shall not limit a newly incorporated city from imposing reasonable conditions on subsequent required approvals or permits necessary for the development, and authorized by the ordinances, policies, and standards described in Section 66474.2.

(f) Except as otherwise provided in subdivision (g) or (h), this section applies to any approved tentative map or approved vesting tentative map which meets both of the following requirements:

(1) The application for the tentative map or the vesting tentative map is submitted prior to the date that the first signature was affixed to the petition for incorporation pursuant to Section 56704, regardless of the validity of the first signature, or the adoption of the resolution pursuant to Section 56800, whichever occurs first.

(2) The county approves the tentative map or the vesting

tentative map prior to the date of the election on the question of incorporation.

(g) This section does not apply to any territory for which the effective date of the incorporation is prior to January 1, 1989.

(h) This section does not apply to any subdivision subject to Section 66427.1 and it is not the intent of the Legislature to influence or affect any litigation pending on December 31, 1988.

(i) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before that date, deletes or extends that date.

SEC. 2. Section 66452.6 of the Government Code is amended to read:

66452.6. (a) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months. However, if the subdivider is subject to a requirement of one hundred thousand dollars ($100,000) or more to construct, improve, or finance the construction or improvement of public improvements outside the boundaries of the tentative map, each filing of a final map authorized by Section 66456.1 shall extend the expiration of the approved or conditionally approved tentative map by 36 months from the date of its expiration, as provided in this section, or the date of the previously filed final map, whichever is later. The extensions shall not extend the tentative map more than 10 years from its approval or conditional approval. However, a tentative map on property subject to a development agreement authorized by Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 may be extended for the period of time provided for in the agreement, but not beyond the duration of the agreement. The number of phased final maps which may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

"Public improvements," as used in this subdivision, include traffic controls, streets, roads, highways, freeways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities.

(b) (1) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence. However, the length of the moratorium shall not exceed five years.

(2) The length of time specified in paragraph (1) shall be extended for up to three years, but in no event beyond January 1, 1992, during the pendency of any lawsuit in which the subdivider asserts, and the local agency which approved or conditionally approved the tentative map denies, the existence or application of a development moratorium to the tentative map.

(3) Once a development moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the

remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction, if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures, and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body without first processing a new tentative map. Once a timely filing is made, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map. Delivery to the county surveyor or city engineer shall be deemed a timely filing for purposes of this section.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of three years. Prior to the expiration of an approved or conditionally approved tentative map, upon an application by the subdivider to extend that map, the map shall automatically be extended for 60 days or until the application for the extension is approved, conditionally approved, or denied, whichever occurs first. If the advisory agency denies a subdivider's application for an extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium includes a water or sewer moratorium, or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, other than the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map. A development moratorium shall also be deemed to exist for purposes of this section for any period of time during which a condition

imposed by the city or county could not be satisfied because of either of the following:

(1) The condition was one which, by its nature, necessitated action by the city or county, and the city or county either did not take the necessary action or by its own action or inaction was prevented or delayed in taking the necessary action prior to expiration of the tentative map.

(2) The condition necessitates acquisition of real property or any interest in real property from a public agency, other than the city or county that approved or conditionally approved the tentative map, and that other public agency fails or refuses to convey the property interest necessary to satisfy the condition. However, nothing in this subdivision shall be construed to require any public agency to convey any interest in real property owned by it. A development moratorium specified in this paragraph shall be deemed to have been imposed either on the date of approval or conditional approval of the tentative map, if evidence was included in the public record that the public agency which owns or controls the real property or any interest therein may refuse to convey that property or interest, or on the date that the public agency which owns or controls the real property or any interest therein receives an offer by the subdivider to purchase that property or interest for fair market value, whichever is later. A development moratorium specified in this paragraph shall extend the tentative map up to the maximum period as set forth in subdivision (b), but not later than January 1, 1992, so long as the public agency which owns or controls the real property or any interest therein fails or refuses to convey the necessary property interest, regardless of the reason for the failure or refusal, except that the development moratorium shall be deemed to terminate 60 days after the public agency has officially made, and communicated to the subdivider, a written offer or commitment binding on the agency to convey the necessary property interest for a fair market value, paid in a reasonable time and manner.

(g) The rights conferred by a vesting tentative map as provided by Chapter 4.5 (commencing with Section 66498.1) shall last for an initial time period, as provided by ordinance, but shall not be less than one year or more than two years beyond the recording of the final map. Where several final maps are recorded on various phases of a project covered by a single vesting tentative map, the one year initial time period shall begin for each phase when the final map for that phase is recorded.

The initial time period shall be automatically extended by any time used by the local agency for processing a complete application for a grading permit or for design or architectural review, if the time used by the local agency to process the application exceeds 30 days, from the date that a complete application is filed. At any time prior to the expiration of the initial time period provided by this section, the subdivider may apply for a one-year extension. If the extension is denied by an advisory agency, the subdivider may appeal that denial

to the legislative body within 15 days.

(h) If the subdivider submits a complete application for a building permit during the periods of time specified in subdivision (g), the rights conferred by Chapter 4.5 (commencing with Section 66498.1) shall continue until the expiration of that permit, or any extension of that permit granted by the local agency.

SEC. 2.5. Section 66452.6 of the Government Code is amended to read:

66452.6. (a) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months. However, if the subdivider is subject to a requirement of one hundred thousand dollars ($100,000) or more to construct, improve, or finance the construction or improvement of public improvements outside the boundaries of the tentative map, each filing of a final map authorized by Section 66456.1 shall extend the expiration of the approved or conditionally approved tentative map by 36 months from the date of its expiration, as provided in this section, or the date of the previously filed final map, whichever is later. The extensions shall not extend the tentative map more than 10 years from its approval or conditional approval. However, a tentative map on property subject to a development agreement authorized by Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 may be extended for the period of time provided for in the agreement, but not beyond the duration of the agreement. The number of phased final maps which may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

"Public improvements," as used in this subdivision, include traffic controls, streets, roads, highways, freeways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities.

(b) (1) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence. However, the length of the moratorium shall not exceed five years.

(2) The length of time specified in paragraph (1) shall be extended for up to three years, but in no event beyond January 1, 1992, during the pendency of any lawsuit in which the subdivider asserts, and the local agency which approved or conditionally approved the tentative map denies, the existence or application of a development moratorium to the tentative map.

(3) Once a development moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not

include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction, if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures, and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body without first processing a new tentative map. Once a timely filing is made, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map. Delivery to the county surveyor or city engineer shall be deemed a timely filing for purposes of this section.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of three years. Prior to the expiration of an approved or conditionally approved tentative map, upon an application by the subdivider to extend that map, the map shall automatically be extended for 60 days or until the application for the extension is approved, conditionally approved, or denied, whichever occurs first. If the advisory agency denies a subdivider's application for an extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium includes a water or sewer moratorium, or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, other than the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map. A development moratorium shall also be deemed to exist for purposes of this section for any period of time during which a condition imposed by the city or county could not be satisfied because of either of the following:

(1) The condition was one which, by its nature, necessitated action by the city or county, and the city or county either did not take

the necessary action or by its own action or inaction was prevented or delayed in taking the necessary action prior to expiration of the tentative map.

(2) The condition necessitates acquisition of real property or any interest in real property from a public agency, other than the city or county that approved or conditionally approved the tentative map, and that other public agency fails or refuses to convey the property interest necessary to satisfy the condition. However, nothing in this subdivision shall be construed to require any public agency to convey any interest in real property owned by it. A development moratorium specified in this paragraph shall be deemed to have been imposed either on the date of approval or conditional approval of the tentative map, if evidence was included in the public record that the public agency which owns or controls the real property or any interest therein may refuse to convey that property or interest, or on the date that the public agency which owns or controls the real property or any interest therein receives an offer by the subdivider to purchase that property or interest for fair market value, whichever is later. A development moratorium specified in this paragraph shall extend the tentative map up to the maximum period as set forth in subdivision (b), but not later than January 1, 1992, so long as the public agency which owns or controls the real property or any interest therein fails or refuses to convey the necessary property interest, regardless of the reason for the failure or refusal, except that the development moratorium shall be deemed to terminate 60 days after the public agency has officially made, and communicated to the subdivider, a written offer or commitment binding on the agency to convey the necessary property interest for a fair market value, paid in a reasonable time and manner.

(g) The rights conferred by a vesting tentative map as provided by Chapter 4.5 (commencing with Section 66498.1) shall last for an initial time period, as provided by ordinance, but shall not be less than one year or more than three years beyond the recording of the final map with respect to vesting tentative maps whose applications are submitted after January 1, 1989. Where several final maps are recorded on various phases of a project covered by a single vesting tentative map, a one year initial time period shall begin for each phase when the final map for that phase is recorded.

The initial time period shall be automatically extended by any time used by the local agency for processing a complete application for a grading permit or for design or architectural review, if the time used by the local agency to process the application exceeds 30 days, from the date that a complete application is filed. At any time prior to the expiration of the initial time period provided by this section, the subdivider may apply for a one-year extension. If the extension is denied by an advisory agency, the subdivider may appeal that denial to the legislative body within 15 days.

(h) If the subdivider submits a complete application for a building permit during the periods of time specified in subdivision (g), the

rights conferred by Chapter 4.5 (commencing with Section 66498.1) shall continue until the expiration of that permit, or any extension of that permit granted by the local agency.

SEC. 3. Section 2.5 of this bill incorporates amendments to Section 66452.6 of the Government Code proposed by both this bill and SB 2158. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 66452.6 of the Government Code, and (3) this bill is enacted after SB 2158, in which case Section 2 of this bill shall not become operative.

## CHAPTER 1331

An act to amend Sections 14041, 72252.3, 76060.5, 78022, 79020, 84040.5, 84330, and 84700 of, and to add Section 84207 to, the Education Code, relating to education.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 14041 of the Education Code is amended to read:

14041. (a) The Controller shall draw warrants on the State Treasury in favor of the county treasurer of each county in each month of each year in the amounts and manner as herein prescribed so as to provide in each warrant a portion of the total amount certified by the Superintendent of Public Instruction as apportioned under the provisions of Sections 41330 to 41343, inclusive, and Chapter 4 (commencing with Section 41600) and Chapter 5 (commencing with Section 41700) and Article 2 (commencing with Section 42237) of Chapter 7 of Part 24 of Division 3 of Title 2, inclusive, during the fiscal year from the State School Fund to the school districts under the jurisdiction of the county superintendent of schools of the county, to the county school service fund, and to the county school tuition fund of the county.

(1) Warrants for amounts allowed to the county school service funds under subdivisions (a) and (b) of Section 14054 shall be for amounts equal to 6 percent in July, 12 percent in August, 10 percent in September, and 8 percent in each remaining month of the fiscal year of the amounts certified by the Superintendent of Public Instruction as a part of the advance apportionment.

(2) Warrants for amounts apportioned to school districts and county school service funds for classes maintained by county superintendents of schools and to the county school tuition funds shall be for amounts equal to 6 percent in July, 12 percent in August, and 8 percent in September, October, November, December, and

January, of the amounts certified by the Superintendent of Public Instruction as a part of the advance apportionment.

(3) Warrants in the months of February to May, inclusive, shall be for amounts equal to one-sixth of the difference between the amounts certified by the Superintendent of Public Instruction for school districts and county school service funds for classes maintained by county superintendents of schools and county school tuition funds as the first principal apportionment and the amounts required by paragraph (2). An additional one-sixth of such difference shall be included in the warrants for the month of February.

(4) Warrants for the month of June shall be for amounts equal to the difference between the amounts certified by the Superintendent of Public Instruction for school districts and county school service funds for classes maintained by county superintendents of schools and county school tuition funds as the second principal apportionment and the amounts required by paragraphs (2) and (3).

(5) Warrants in the months of September to November, inclusive, shall include one-tenth of the estimated total amounts of the special purpose apportionment, as determined by the Superintendent of Public Instruction. Warrants in December shall include one-tenth of the amounts certified by the Superintendent of Public Instruction as the special purpose apportionment, as adjusted, if necessary, to correct excesses or deficiencies in the estimates made for purposes of the warrants in the months of September to November, inclusive. An additional one-tenth of the amounts of the special purpose apportionment shall be included in the warrants for the months from January to June, inclusive.

(6) Warrants in June shall include the total amounts certified by the Superintendent of Public Instruction as the final apportionment.

(7) Notwithstanding paragraph (2) to the contrary, for school districts which reported less than 5,000 units of average daily attendance in the 1979–80 fiscal year and which received 39 percent or more, but less than 75 percent, of their total revenue limits from local property taxes in that fiscal year, warrants for amounts apportioned to the districts shall be for amounts equal to 15 percent in July, August, September, and October; zero percent in November and December; and 6 percent in January of the amounts certified by the Superintendent of Public Instruction as a part of the advance apportionment. Warrants for amounts apportioned to the districts for the months of February to May, inclusive, shall be in accordance with paragraph (3), and for the month of June, shall be in accordance with paragraph (4).

(8) Notwithstanding paragraph (2) or (7) to the contrary, for school districts which reported less than 5,000 units of average daily attendance in the 1979–80 fiscal year and which received 75 percent or more of their total revenue limits from local property taxes in that fiscal year, warrants for amounts apportioned to the districts shall be for amounts equal to 15 percent in July; 30 percent in August and September; 15 percent in October; zero percent in November and

December; 6 percent in January; and zero percent in February, March, April, and May, of the amounts certified by the Superintendent of Public Instruction as a part of the advance apportionment. Warrants for the month of June shall be in accordance with paragraph (4).

(b) The drawing of the warrants required to be drawn during any one of the months mentioned may be postponed by the Controller for not to exceed 30 days, but the total amounts due the several counties during any fiscal year shall be paid within the fiscal year. The warrants shall be paid by the State Treasurer from the State School Fund and are not subject to the provisions of Government Code Section 925.6.

SEC. 2. Section 72252.3 of the Education Code is amended to read:

72252.3. The governing board of a community college district may authorize a person to audit a community college course and may charge that person a fee pursuant to this section.

(a) If a fee for auditing is charged, it shall not exceed fifteen dollars ($15) per unit per semester.

The governing board shall proportionately adjust the amount of the fee for term lengths based upon a quarter system or other alternative system approved pursuant to Section 78002, and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the governing board may round the per unit fee and the per term or per session fee to the nearest dollar.

(b) Students enrolled in classes to receive credit for 10 or more semester credit units shall not be charged a fee to audit three or fewer semester units per semester.

(c) No student auditing a course shall be permitted to change his or her enrollment in that course to receive credit for the course.

(d) Priority in class enrollment shall be given to students desiring to take the course for credit towards a degree or certificate.

(e) Classroom attendance of students auditing a course shall not be included in computing the apportionment due a community college district.

(f) The board of governors shall adopt any necessary regulations implementing this section as regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 3. Section 76060.5 of the Education Code is amended to read:

76060.5. If a student body association has been established at a community college as authorized by Section 76060, the governing body of the association may order that an election be held for the purpose of establishing a student representation fee of one dollar ($1) per semester. The election shall be held in compliance with regulations of the Board of Governors of the California Community Colleges and shall be open to all regularly enrolled students of the

community college. The affirmative vote of two-thirds of the students voting in the election shall be sufficient to establish the fee. However, the election shall not be sufficient to establish the fee unless the number of students who vote in the election equals or exceeds the average of the number of students who voted in the previous three student body association elections.

The student representation fee authorized by this section shall be collected by the officials of the community college, together with all other fees, at the time of registration or before registration and shall be deposited in a separate fiduciary fund established per the California Community Colleges Budget and Accounting Manual for student representation fees. The money collected pursuant to this section shall be expended to provide for the support of governmental affairs representatives who may be stating their positions and viewpoints before city, county, and district governments, and before offices and agencies of the state government. The chief fiscal officer of the community college shall have custody of the money collected pursuant to this section and the money shall be disbursed for the purposes described above upon the order of the governing body of the student body association. The district may retain a portion of the fees collected and deposited pursuant to this section that is equal to the actual cost of administering these fees up to, but not more than, 7 percent.

The student representation fee authorized by this section may be terminated by a majority vote of the students voting in an election held for that purpose. The election shall be called and held in compliance with regulations of the Board of Governors of the California Community Colleges and shall be open to all regularly enrolled students of the community college.

A student may, for religious, political, financial, or moral reasons, refuse to pay the student representation fee established under this section. The refusal shall be submitted in writing to the college officials at the time the student pays other fees collected by the college officials. The refusal shall be submitted on the same form that is used for collection of fees as provided by the college, which, as determined by the college, shall be as nearly as practical in the same form as a model form prescribed by regulations of the Board of Governors of the California Community Colleges.

SEC. 4. Section 78022 of the Education Code is amended to read:

78022. (a) Faculty in all credit and noncredit contract education classes shall be selected and hired according to procedures existing in a community college district for the selection of instructors for credit classes.

(b) Faculty teaching credit and noncredit contract education classes shall be compensated in the same manner as comparable faculty in the regular, noncontract education program. This subdivision shall not apply to faculty teaching in contract education programs conducted outside the United States for the United States armed forces, unless the faculty member is covered by a collective

bargaining agreement.

(c) Faculty teaching credit or noncredit contract education classes shall be evaluated according to the procedures used for the evaluation of faculty in the regular, noncontract education program.

(d) Faculty teaching not-for-credit contract education classes shall be compensated in the same manner as faculty in the regular, noncontract education program if the course meets the same standards as a course in the credit curriculum.

(e) Faculty teaching not-for-credit contract educational programs shall be evaluated according to procedures specified in the contract between the community college district and the public or private entity to establish the program.

(f) This section shall not be construed to restrict the appearance of guest lecturers in any programs or classes operated by a community college district.

SEC. 5. Section 79020 of the Education Code is amended to read:

79020. Except as otherwise provided the community colleges shall continue in session or close on specified holidays as follows:

(a) The community colleges shall close on January 1st, the third Monday in January, commencing in the 1989–90 fiscal year, known as "Dr. Martin Luther King, Jr. Day," February 12th known as "Lincoln Day," the third Monday in February known as "Washington Day," the last Monday in May known as "Memorial Day," July 4th, the first Monday in September known as "Labor Day," November 11th known as "Veterans Day," that Thursday in November proclaimed by the President as "Thanksgiving Day," and December 25th.

(b) Any contractual provision between any community college district and its employees in effect on the effective date of the act that adds this subdivision shall prevail over any conflict regarding Dr. Martin Luther King, Jr. Day until the termination date of the contract or upon termination by mutual agreement of the parties, whichever occurs first.

(c) The Governor in appointing any other day for a public fast, thanksgiving, or holiday may provide whether the community colleges shall close on the day. ## CHAPTER 3.5. CALIFORNIA COMPETITIVE TECHNOLOGY PROGRAM

### Article 1. General Provisions

15379. The Legislature finds and declares all of the following:

(a) California companies must compete in world markets against foreign manufacturers who are supported in technology development by their national governments.

(b) Companies in this state, as well as throughout the United States, are losing markets for manufactured goods, yet America has led the world in basic research.

(c) To retain California manufacturing and service jobs and maintain our industrial competitiveness, California must make use of its universities and national laboratories for solutions to technological problems. California has the benefit of unique federal laboratories, such as Lawrence Berkeley Laboratory, Lawrence Livermore National Laboratory, Jet Propulsion Laboratory, Ames Research Center, and Stanford Linear Accelerator Center, and world renowned universities such as the University of California, Stanford University, the California Institute of Technology, and the University of Southern California to draw upon for this purpose.

(e) The state should support collaborative research projects, involving the state, academia, and private industry, which have been carefully screened and offer a likely return on the state's investment. The Department of Commerce should identify and facilitate collaborative research projects which may solve critical industry and environmental problems.

15379.1. Unless the context otherwise requires, the definitions in this section govern the construction of this chapter.

(a) "Collaborative research" means technological or scientific research that accelerates existing research towards the commercialization of products, processes, and services, and is conducted jointly or funded jointly by some or all of the following:

# CHAPTER 1335

An act to amend Sections 23075 and 23095 of the Business and Professions Code, and to add Section 11561 to the Government Code, relating to alcoholic beverages, and making an appropriation therefor.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 23075 of the Business and Professions Code is amended to read:

23075. There is in the state government an Alcoholic Beverage Control Appeals Board the members of which shall be appointed and shall serve as provided in Section 22 of Article XX of the Constitution, and shall receive an annual salary as provided for by Chapter 6 (commencing with Section 11550) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 23095 of the Business and Professions Code is amended to read:

23095. (a) Whenever a decision of the department suspending a license for 30 days or less becomes final, whether by failure of the licensee to appeal the decision or by exhaustion of all appeals and judicial review, the licensee may, before the operative date of the suspension, petition the department for permission to make an offer in compromise, to be paid into the Alcohol Beverage Control Fund, consisting of a sum of money in lieu of serving the suspension. Upon the receipt of the petition, the department may stay the proposed suspension and cause any investigation to be made which it deems desirable and may grant the petition if it is satisfied (a) that the public welfare and morals would not be impaired by permitting the licensee to operate during the period set for suspension and that the payment of the sum of money will achieve the desired disciplinary purposes; (b) that the books and records of the licensee are kept in such a manner that the loss of sales of alcoholic beverages which the licensee would have suffered had the suspension gone into effect can be determined with reasonable accuracy therefrom. The offer in compromise shall be the equivalent of 20 percent of the estimated gross sales of alcoholic beverages for each day of the proposed suspension, and the offer in compromise shall be not less than seven hundred fifty dollars ($750) or more than six thousand dollars ($6,000).

(b) Notwithstanding any other provision of this division, the department may accept an offer in compromise from a retail licensee in the equivalent of 20 percent of the estimated gross sales of alcoholic beverages for each day of a proposed suspension and the offer in compromise shall be not less than three hundred dollars

($300) or more than one thousand five hundred dollars ($1,500) provided the petitioning retailer has had no other accusation filed against him or her by the department during the prior three years from the date of the petition which has resulted in a final decision to suspend or revoke the retail license concerned.

(c) Notwithstanding the provisions of subdivision (a), the offer in compromise for nonretail licensees shall be the equivalent of 20 percent of the estimated gross sales of alcoholic beverages for each day of the proposed suspension, and the offer in compromise shall be not less than three hundred dollars ($300) and shall not exceed ten thousand dollars ($10,000) unless the nonretail licensee has violated Section 25500, 25502, 25503, or 25600 by giving to any licensee illegal inducements, secret rebates, or free goods amounting to more than ten thousand dollars ($10,000) in value, in which case the offer in compromise shall be equal to the value of the illegal inducements, secret rebates, or free goods given. All moneys collected as a result of penalties imposed under this subdivision shall be deposited directly in the General Fund in the State Treasury, rather than the Alcohol Beverage Control Fund as provided for in Section 25761.

SEC. 3. Section 11561 is added to the Government Code, to read:

11561. An annual salary of twenty-five thousand five hundred dollars ($25,500) shall be paid to each member of the Alcoholic Beverage Control Appeals Board.

SEC. 4. There is hereby appropriated from the Alcoholic Beverage Control Appeals Fund to the Controller the amount necessary to pay for the salary of each member of the Alcoholic Beverage Control Appeals Board, as specified in Section 11561 of the Government Code as contained in Section 3 of this act, for the six-month period commencing January 1, 1989.

The project shall be developed in close consultation between the presiding judge, the supervising judge, the district attorney, the public defender, and the sheriff, and shall not exceed four years in duration.

(b) The project shall permit the initial arraignment in municipal court of defendants held in any state, county, or local penal facility within the county on misdemeanor charges, to be conducted by two-way electronic audio video communication between the defendant and the courtroom in lieu of the physical presence of the defendant in the courtroom. The defendant may be accompanied by his or her attorney, and may enter a plea, during such an arraignment. The defendant shall have the right to make his or her plea while physically present in the courtroom if he or she so requests.

(c) If the county conducts a pilot project pursuant to this section, it shall submit reports to the Legislative Analyst and the Judicial Council no later than September 30 of each year. The report shall include the following data:

(1) The number of add-on pleas, and the number of cases disposed of, through the use of audio video arraignment.

(3) The number and impact of add-on defendants arraigned.

(4) Initial costs and maintenance costs of the project.

The Judicial Council shall also review and summarize all data submitted by the county and shall submit a report on the nonfiscal, policy consequences of this section along with any recommendations to the Legislature no later than December 1 of each year.

(e) Notwithstanding any other provision of this section, a judge may order a defendant's personal appearance in court for arraignment, and shall not pursuant to this section accept a plea of guilty or no contest from a defendant not physically in the courtroom.

# CHAPTER 1337

An act to add Section 51551 to the Education Code, relating to education.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Sixty-four percent of male teens and 44 percent of female teens have had sexual intercourse by age 18.

(b) Each year, one in seven teens contracts a sexually transmitted disease.

(c) The teen pregnancy rate for California's 15 to 19 year-olds--the sum of births, abortions, and miscarriages--has increased by 32.9 percent in California from 1970 to 1985.

(d) The abortion rate for teens 15 to 19 years of age has more than tripled from 1970 to 1985 and now exceeds the rate of births among California women under 20 by 38 percent.

(e) California's abortion rate for 15 to 19 year-olds is 64.8 percent higher than the national average.

(f) California's Superintendent of Public Instruction and the California State Board of Education have issued the Family Life/Sex Education Guidelines which affirm sexual abstinence outside the context of marriage.

(g) Sex education programs which do not emphasize sexual abstinence are inconsistent with society's concern for reducing unwanted teenage pregnancy, AIDS, and other sexually transmitted diseases.

SEC. 2. Section 51551 is added to the Education Code, to read:

51551. (a) All public elementary, junior high, and senior high school classes that teach sex education and discuss sexual intercourse shall emphasize that abstinence from sexual intercourse is the only protection that is 100 percent effective against unwanted teenage pregnancy, sexually transmitted diseases, and acquired immune deficiency syndrome (AIDS) when transmitted sexually. All material and instruction in classes that teach sex education and discuss sexual intercourse shall be age appropriate.

(b) All sex education courses that discuss sexual intercourse shall satisfy the following criteria:

(1) Course material and instruction shall be age appropriate.

(2) Course material and instruction shall stress that abstinence is the only contraceptive method which is 100 percent effective, and that all other methods of contraception carry a risk of failure in preventing unwanted teenage pregnancy. Statistics based on the latest medical information shall be provided to pupils citing the

failure and success rates of condoms and other contraceptives in preventing pregnancy.

(3) Course material and instruction shall stress that sexually transmitted diseases are serious possible hazards of sexual intercourse. Pupils shall be provided with statistics based on the latest medical information citing the failure and success rates of condoms in preventing AIDS and other sexually transmitted diseases.

(4) Course material and instruction shall include a discussion of the possible emotional and psychological consequences of preadolescent and adolescent sexual intercourse outside of marriage and the consequences of unwanted adolescent pregnancy.

(5) Course material and instruction shall stress that pupils should abstain from sexual intercourse until they are ready for marriage.

(6) Course material and instruction shall teach honor and respect for monogamous heterosexual marriage.

(7) Course material and instruction shall advise pupils of the laws pertaining to their financial responsibility to children born in and out of wedlock.

(8) Course material and instruction shall advise pupils that it is unlawful for males of any age to have sexual relations with females under the age of 18 to whom they are not married pursuant to Section 261.5 of the Penal Code.

(9) Course material and instruction shall emphasize that the pupil has the power to control personal behavior. Pupils shall be encouraged to base their actions on reasoning, self-discipline, sense of responsibility, self-control, and ethical considerations, such as respect for one's self and others.

(10) Course material and instruction shall teach pupils to not make unwanted physical and verbal sexual advances and how to say no to unwanted sexual advances. Pupils shall be taught that it is wrong to take advantage of, or to exploit, another person. The material and instruction shall also encourage youth to resist negative peer pressure.

(c) This section shall become operative July 1, 1989.

## CHAPTER 1338

An act to amend Section 1276 of, and to add Section 15040.5 to, the Health and Safety Code, relating to health care.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that:

(a) Hospital costs have increased at a greater rate than inflation

in general.

(b) There are many factors which drive the costs of hospital care. These factors include:

(1) Constant demands for upgrading current technology as a well as purchasing new technology. Besides staying abreast with competitors, demands are made on the hospital by physicians and surgeons and informed consumers for improved technology. Such demands are partially fueled by malpractice issues.

(2) The labor intensive nature of hospital care which is compounded by periodic shortages of certain types of personnel critical to hospital functions.

(3) An aging population which increasingly consumes more curative and restorative health care resources. This is a function of an overall healthier population which lives long enough to succumb to chronic and debilitating conditions as well as diseases which require intense and costly treatment.

(4) A hospital inpatient population which is much sicker than past patient populations and, therefore, consumes more resources, more intensely, in a shorter time frame.

(5) The current market incentives which can encourage the marketing of marginally necessary but profitable services at the expense of unprofitable services which the hospital must provide anyway and usually at a heavily discounted rate.

(6) Certain system inefficiencies which are gradually improving but which cannot be eliminated in the short run without a massive reordering of the health delivery system.

(7) Compliance with regulations and adminstrative policies and procedures some of which are no longer relevant or necessary for ensuring quality of care or patient safety. This factor overlays, in some degree, most other factors.

(c) Most factors which drive hospital costs are complex, are rooted in our social structure, ethics, and business practices, and do not allow for simple or expedient solutions. One factor, compliance with inappropriate regulations and procedures, can, however, be addressed by state government and the industry in the short run and without a great expenditure of resources. While the effect of this factor cannot be readily quantified, it may be significant in the continuing cost escalation. Towards the objective of reducing the impact of regulations and administrative procedures on hospital costs, there are certain issues which can be addressed immediately. These issues are:

(1) Formalizing and improving due process in administration of "program flexibility" by the State Department of Health Services.

(2) Streamlining the plan review process which is required by the Hospital Seismic Safety Act of 1983, Chapter 1 (commencing with Section 15000) of Division 12.5 of the Health and Safety Code.

(3) Positioning hospital licensing and certification activities within state government so that those responsible may be more responsive to the Legislature, the general public, and the industry.

(d) As a major payor for hospital services in California and in its role of assuring affordable health care for all citizens, state government has the obligation to identify, qualify to the extent possible, and address factors which contribute to the costs of hospital care in California. To that end a study should be commissioned to further identify and quantify cost factors, the extent to which such factors are out of the sphere of influence of individual hospitals, and how the state government might assist in reducing such costs.

SEC. 2. Section 1276 of the Health and Safety Code is amended to read:

1276. (a) The building standards published in the State Building Standards Code by the Office of Statewide Health Planning and Development, and the regulations adopted by the state department shall, as applicable, prescribe standards of adequacy, safety, and sanitation of the physical plant, of staffing with duly qualified licensed personnel, and of services, based on the type of health facility and the needs of the persons served thereby.

(b) These regulations shall permit program flexibility by the use of alternate concepts, methods, procedures, techniques, equipment, personnel qualifications, or conducting of pilot projects as long as statutory requirements are met and the use has the prior written approval of the department or the office, as applicable. The approval of the department or the office shall provide for the terms and conditions under which the exception is granted. A written request plus supporting evidence shall be submitted by the applicant or licensee to the department or office regarding the exception, as applicable.

(c) While it is the intent of the Legislature that health facilities shall maintain continuous, ongoing compliance with the licensing rules and regulations, it is the further intent of the Legislature that the state department expeditiously review and approve, if appropriate, applications for program flexibility. The Legislature recognizes that health care technology, practice, and personnel qualifications and availability is changing rapidly. Therefore, requests for program flexibility require expeditious consideration.

(d) The state department shall, on or before April 1, 1989, develop a standardized form and format for requests by health facilities for program flexibility. Health facilities shall thereafter apply to the state department for program flexibility in the prescribed manner. After the state department receives a complete application requesting program flexibility, it shall have 60 days within which to approve, approve with conditions or modifications, or deny the application. Denials and approvals with conditions or modifications shall be accompanied by an analysis and a detailed justification for any conditions or modifications imposed. Summary denials to meet the 60-day timeframe shall not be permitted.

SEC. 3. Section 15040.5 is added to the Health and Safety Code, to read:

15040.5. Notwithstanding this chapter or any other provision of

law, a city or county may operate a federally owned facility for the purpose of providing services to persons with human immunodeficiency (HIV) infections, and the operation of that facility shall be subject only to those seismic safety standards contained in federal law.

## CHAPTER 1339

An act to amend Sections 25214, 25215, 25540, and 25541 of, and to add Sections 25213.3 and 25502.5 to, the Corporations Code, relating to corporations.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 25213.3 is added to the Corporations Code, to read:

25213.3. The commissioner shall, after appropriate notices and opportunity for hearing, by order suspend, for a period not exceeding 12 months, or bar from any position of employment, management or control of any broker-dealer, any officer, director, partner, agent, employee of, or person performing similar functions for, a broker-dealer, if the person has been convicted of, or has pleaded nolo contendere to, a felony or misdemeanor in violation of Section 25541 that was committed on or after January 1, 1989.

SEC. 2. Section 25214 of the Corporations Code is amended to read:

25214. (a) It is unlawful for any person, as to whom an order suspending or barring employment or control is in effect pursuant to Section 25213 or 25213.3, willfully to become or to be employed by any broker-dealer or investment adviser, contrary to the terms of that order, without the consent of the commissioner; and it is unlawful for any broker-dealer to permit a person as to whom an order is in effect pursuant to Section 25213, 25213.3, or 25232.1 to become or to remain a person employed by the broker-dealer, contrary to the terms of that order, without the consent of the commissioner, if the broker-dealer knew, or in the exercise of reasonable care should have known, of the order.

(b) Any person as to whom an order suspending or barring employment or control is issued pursuant to Section 25213 or 25213.3 may petition the commissioner for reinstatement or reduction of penalty, or for modification of the order, as provided in and subject to the provisions of Section 11522 of the Government Code. The commissioner may, at any time and with the consent of that person without hearing, modify such order.

SEC. 3. Section 25215 of the Corporations Code is amended to

read:

25215. No order may be entered under Section 25212, 25213, or 25213.3 except after notice to any person affected thereby (and, in the case of an agent, to his employer or prospective employer if known to the commissioner) of the intention of the commissioner to enter such order and of the reasons therefor and that upon receipt of a request the matter will be set down for hearing to commence within 15 business days after such receipt unless the person affected consents to a later date. If no hearing is requested within 30 days after the mailing of the notice and none is ordered by the commissioner, the order may be entered without hearing to remain in effect until it is modified or vacated by the commissioner. In the case of an original application for a certificate, such a hearing must be set down to commence within 15 business days after receipt of a written request by the applicant made 30 days or more after the filing of the application, even though no such notice by the commissioner has been given, unless the applicant consents to a later date. If a hearing is requested or ordered, it shall be held in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted thereunder.

SEC. 4. Section 25502.5 is added to the Corporations Code, to read:

25502.5. (a) Any person other than the issuer who violates Section 25402 shall be liable to the issuer of the security purchased or sold in violation of Section 25402 for damages in an amount up to three times the difference between the price at which the security was purchased or sold and the market value which the security would have had at the time of the purchase or sale if the information known to the defendant had been publicly disseminated prior to that time and a reasonable time had elapsed for the market to absorb the information and shall be liable to the issuer of the security or to a person who institutes an action under this section in the right of the issuer of the security for reasonable costs and attorney's fees.

(b) The amounts recoverable under this section by the issuer shall be reduced by any amount paid by the defendant in a proceeding brought by the Securities and Exchange Commission with respect to the same transaction or transactions under the federal Insider Trading Sanctions Act of 1984 (15 U.S.C. Secs. 78a, 78c, 78o, 78t, 78u, and 78ff) or any other act regardless of whether the amount was paid pursuant to a judgment or settlement or paid before or after the filing of an action by the plaintiff against the defendant. If a proceeding has been commenced by the Securities and Exchange Commission but has not been finally resolved, the court shall delay entering a judgment for the plaintiff under this section until that proceeding is resolved.

(c) If any shareholder of an issuer alleges to the board that there has been a violation of this section, the board shall be required to

consider the allegation in good faith, and if the allegation involves misconduct by any director, that director shall not be entitled to vote on any matter involving the allegation. However, that director may be counted in determining the presence of a quorum at a meeting of the board or a committee of the board.

(d) This section shall only apply to issuers who have total assets in excess of one million dollars ($1,000,000) and have a class of equity security held of record by 500 or more persons.

SEC. 5. Section 25540 of the Corporations Code is amended to read:

25540. (a) Except as provided for in subdivision (b), any person who willfully violates any provision of this law, or who willfully violates any rule or order under this law, shall upon conviction be fined not more than two hundred fifty thousand dollars ($250,000) or imprisoned in the state prison, or in a county jail for not more than one year, or be punished by both such fine and imprisonment; but no person may be imprisoned for the violation of any rule or order if he or she proves that he or she had no knowledge of the rule or order.

(b) Any person who willfully violates Section 25400, 25401, or 25402 shall upon conviction be fined not more than two hundred fifty thousand dollars ($250,000), or imprisoned in the state prison for two, three, or five years, or be punished by both such fine and imprisonment.

SEC. 6. Section 25541 of the Corporations Code is amended to read:

25541. Any person who willfully employs, directly or indirectly, any device, scheme, or artifice to defraud in connection with the offer, purchase, or sale of any security or willfully engages, directly or indirectly, in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person in connection with the offer, purchase, or sale of any security shall upon conviction be fined not more than two hundred fifty thousand dollars ($250,000) or imprisoned in the state prison for two, three, or five years, or be punished by both such fine and imprisonment.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

The purpose of this chapter is to promote the public interest, to promote the availability of long-term care insurance policies, to protect applicants for, and consumers of, long-term care insurance from unfair or deceptive sales or enrollment practices, to establish standards for long-term care insurance, to facilitate public understanding and comparison of long-term care insurance policies, and to facilitate flexibility and innovation in the development of long-term care insurance coverage.

10230.2. Unless otherwise specifically prohibited, the requirements of this chapter shall apply to policies or certificates issued, delivered, or amended on or after January 1, 1989. This chapter does not supersede the obligations of entities subject to this chapter to comply with the substance of other applicable insurance provisions insofar as they do not conflict with this chapter, except that laws and regulations designed and intended to apply to medicare supplement insurance policies shall not be applied to long-term care insurance. Any policy that provides long-term care insurance benefits, or is advertised, marketed, or offered as long-term care insurance or nursing home insurance shall be considered long-term care insurance as defined in this chapter.

10230.4. This chapter shall be known and may be cited as the "Long-Term Care Insurance Act."

### Article 2. Definitions

Long-term care insurance includes group and individual policies, contracts, or riders whether issued by insurers, fraternal benefit societies, nonprofit hospital service plans, or any similar organization regulated by the commissioner. Long-term care insurance does not include any insurance policy which is offered primarily to provide basic Medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income protection coverage, accident only coverage, specified disease or specified accident coverage, or limited benefit health coverage.

(2) Except for credit unions, the association or associations collect dues or solicit contributions from members.

10232. (a) No group long-term care insurance coverage may be offered or sold to a resident of this state under a group policy issued in another state to a group described in subdivision (d) of Section 10231.6, unless the commissioner has determined that the requirements imposed by subdivision (d) of Section 1231.6 have been met. At least 30 days in advance of advertising, marketing, or offering coverage within this state, an insurer issuing a policy to a group described in subdivision (d) of Section 10231.6 shall accomplish an informational filing with the commissioner which consists of the following materials:

(1) A specimen master policy and certificate.

(2) The corresponding outline of coverage.

(3) Representative advertising materials to be used in this state.

(4) At the option of the insurer, any other documentation which the insurer believes will provide information sufficient to allow the commissioner to determine that the requirements of subdivision (d) of Section 10231.6 have been met or which establishes that the insurance regulatory authority of another state has made a determination that the requirements have been met, or both.

(b) No group long-term care insurance coverage may be offered or sold to a resident of this state under a group policy issued in another state to a group described in subdivision (c) of Section 10231.6, unless, prior to advertising, marketing, or offering that coverage within this state, the association or associations, or the insurer of the association or associations, files evidence with the commissioner that the association or associations have at the outset a minimum of 100 persons, have been organized and maintained in good faith for purposes other than that of obtaining insurance, have been in active existence for at least one year, and have a constitution and bylaws which provide all of the following:

(1) The association or associations hold regular meetings, not less than annually, to further purposes of the members.

(2) Except for credit unions, the association or associations collect

dues or solicit contributions from members.

(3) The members have voting privileges and representation on the governing board and committees.

Thirty days after that filing, the association or associations shall be deemed to satisfy those organizational requirements, unless the commissioner makes the finding that the association or associations do not satisfy those organizational requirements.

The association or associations, or the insurer of the association or associations, shall accompany this organizational filing with an informational filing which consists of the following materials:

(1) A specimen master policy and certificate.

(2) The corresponding outline of coverage.

(3) Representative advertising materials to be used in this state.

(c) Compliance with the informational filings required to be made by this section shall also constitute compliance with the requirements of Section 10236.9.

(d) The materials required to be filed with the commissioner by this section shall be filed with the commissioner for informational purposes only, and not for approval purposes. Compliance with the informational filings required to be made by this section shall also constitute compliance with the requirements of Section 10236.9.

10232.1. The commissioner shall, in carrying out the purposes of this chapter, adopt rules and regulations that include the standards for full and fair disclosure setting forth the manner, content, and required disclosures for the sale of long-term care insurance policies, terms of renewability, initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation or conversion, probationary periods, limitations, exceptions, reductions, eliminations periods, requirements for replacement, recurrent conditions, and definitions of terms. Any regulations adopted by the commissioner, with respect to terms of renewability, shall substantially reflect the renewability standards contained in Section 6A of the National Association of Insurance Commissioners Long-Term Care Insurance Model Regulations, as most recently revised. The commissioner shall adopt any other reasonable rule or regulation that is necessary to carry out this chapter.

10232.4. (a) No long-term care insurance policy or certificate other than a group policy or certificate, as described in subdivision (a) of Section 10231.6, shall use a definition of preexisting condition which is more restrictive than a condition for which medical advice or treatment was recommended by, or received from a provider of health care services, within six months preceding the effective date of coverage of an insured person.

(b) No long-term care insurance policy or certificate other than an employer's group policy or certificate as described in subdivision (a) of Section 10231.6 may exclude coverage for a loss or confinement which is the result of a preexisting condition unless that loss or confinement begins within six months following the effective date of

coverage of an insured.

(c) The commissioner may extend the limitation periods set forth in subdivisions (a) and (b) as to specific age group categories in specific policy forms upon findings that the extension is in the best interest of the public.

(d) The definition of preexisting condition does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and on the basis of the answers on that application, from underwriting in accordance with that insurer's established underwriting standards. Unless otherwise provided in the policy or certificate a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in subdivision (b) expires. Unless such waiver or rider has been specifically approved by the commissioner, no long-term care insurance policy or certificate may exclude or use waivers or riders of any kind to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in subdivision (b).

10232.5. (a) No long-term care insurance policy which provides benefits only following institutionalization shall condition those benefits upon admission to a facility for the same or related conditions within a period of less than 30 days after discharge from the institution.

(b) No long-term care insurance policy, which preconditions the availability of benefits on prior hospitalization in an acute care facility, may be delivered or issued for delivery in this state unless the insurer offering that policy also makes available a long-term care insurance policy which does not precondition payment of benefits on prior hospitalization in an acute care facility.

(c) This section shall only be operative until January 1, 1990, and as of that date is repealed.

10232.5. On or after January 1, 1990, no long-term care insurance policy, which preconditions the availability of benefits on prior hospitalization, may be delivered or issued for delivery in this state.

This section shall become operative January 1, 1990.

10232.6. The commissioner may adopt regulations establishing loss ratio standards for long-term care insurance policies provided that a specific reference to long-term care insurance policies is contained in the regulation. Any regulations adopted by the commissioner shall substantially reflect the loss ratio standards contained in Section 10 of the National Association of Insurance Commissioners Long-Term Care Insurance Model Regulations, as most recently revised.

10232.7. (a) An applicant for a long-term care insurance policy or a certificate, other than an applicant as described in subdivisions (a), (b), and (c) of Section 10231.6, shall have the right to return the policy or certificate by first-class United States mail within 30 days of its delivery and to have the premium refunded if, after examination

of the policy or certificate, the applicant is not satisfied for any reason.

(b) The return of a policy or certificate shall void the policy or certificate from the beginning and the parties shall be in the same position as if no policy, certificate, or contract had been issued. All premiums paid and any policy fee paid for the policy shall be fully refunded directly to the applicant by the insurer within 30 days after the policy or certificate is returned.

(c) Notwithstanding Section 10276 or any other law, long-term care insurance policies or certificates shall have a notice prominently printed on the first page of the policy or certificate, or attached thereto, stating in substance the conditions described in subdivisions (a) and (b).

10232.8. The commissioner shall, as required by this chapter, or from time to time as conditions warrant, after notice and public hearing, adopt reasonable regulations, and amendments and additions thereto, as are necessary to administer this chapter.

SEC. 2. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

[Approved by Governor September 24, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1780 of the Civil Code is amended to read:

1780. (a) Any consumer who suffers any damage as a result of the use or employment by any person of a method, act, or practice declared to be unlawful by Section 1770 may bring an action against such person to recover or obtain any of the following:

(1) Actual damages, but in no case shall the total award of damages in a class action be less than three hundred dollars ($300).

(2) An order enjoining such methods, acts, or practices.

(3) Punitive damages.

(4) Any other relief which the court deems proper.

(b) Such action may be commenced in the county in which the person against whom it is brought resides, has his or her principal place of business, or is doing business, or in the county where the transaction or any substantial portion thereof occurred.

having jurisdiction of the subject matter, established in the city and county or judicial district in which the person against whom the action is brought resides, has his or her principal place of business, or is doing business, or in which the transaction or any substantial portion thereof occurred, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is the proper court for the trial thereof.

In any action subject to the provisions of this section, concurrently with the filing of the complaint, the plaintiff shall file an affidavit stating facts showing that the action has been commenced in a county or judicial district described in this section as a proper place for the trial of the action. If a plaintiff fails to file the affidavit required by this section, the court shall, upon its own motion or upon motion of any party, dismiss any such action without prejudice.

(c) The court shall award court costs and attorney fees to prevailing plaintiffs in litigation filed pursuant to this section. Reasonable attorney fees may be awarded to a prevailing defendant upon a finding by the court that the plaintiff's prosecution of the action was not in good faith.

(2) An order enjoining such methods, acts, or practices.

(3) Restitution of property.

(4) Punitive damages.

(5) Any other relief which the court deems proper.

Judgment in a class action by senior citizens or disabled persons under Section 1781 may award each class member such an additional award where the trier of fact has made the foregoing findings.

(c) An action under subdivision (a) or (b) may be commenced in the county in which the person against whom it is brought resides, has his or her principal place of business, or is doing business, or in the county where the transaction or any substantial portion thereof occurred.

If within any such county there is a municipal or justice court,

having jurisdiction of the subject matter, established in the city and county or judicial district in which the person against whom the action is brought resides, has his or her principal place of business, or is doing business, or in which the transaction or any substantial portion thereof occurred, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is the proper court for the trial thereof.

In any action subject to the provisions of this section, concurrently with the filing of the complaint, the plaintiff shall file an affidavit stating facts showing that the action has been commenced in a county or judicial district described in this section as a proper place for the trial of the action. If a plaintiff fails to file the affidavit required by this section, the court shall, upon its own motion or upon motion of any party, dismiss any such action without prejudice.

(d) The court shall award court costs and attorney's fees to a prevailing plaintiff in litigation filed pursuant to this section. Reasonable attorney's fees may be awarded to a prevailing defendant upon a finding by the court that the plaintiff's prosecution of the action was not in good faith.

SEC. 3. Section 2 of this bill incorporates amendments to Section 1780 of the Civil Code proposed by both this bill and SB 1157. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 1780 of the Civil Code, and (3) this bill is enacted after SB 1157, in which case Section 1 of this bill shall not become operative.

SEC. 4. Chapter 2.5 (commencing with Section 32160) is added to Division 23 of the Health and Safety Code, to read:

## CHAPTER 2.5. DEVELOPMENT OF HOSPITAL DISTRICT PROPERTY

32160. The Legislature finds that hospital districts are faced with critical revenue shortages and a need for additional revenue sources to provide basic and essential public services.

Therefore, the Legislature finds that the provisions for social or health-related uses of public property owned by hospital districts constitutes a valid public purpose.

32161. (a) After complying with Section 65402 of the Government Code and Article 8 (commencing with Section 54220)

of Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, in managing its real property acquired prior to January 1, 1989, a hospital district may do any of the following:

(1) Sell, or lease for a term not to exceed 99 years, any of its real property to any person, partnership, corporation, or governmental entity the board of directors selects for social or health-related use or development, subject to periodic review by the hospital district, upon the terms and conditions determined by the board of directors.

(2) Participate as a principal party in the development of social or health-related uses or development thereof as a public works project.

(3) Contract for the management, marketing, operation, or leasing of its real property for purposes of social or health-related use or development.

(b) Prior to entering into any agreement pursuant to subdivision (a), the board of directors shall determine that the sale, lease, development, or other contract will result in economic benefits to the hospital district. If the proposed agreement is a lease, the board of directors shall also make both of the following determinations:

(1) That the public benefit of the proposed lease agreement is expected to be greater than public benefit which would result from the sale of the property.

(2) That a reasonable expectation exists that future public need justifies retention of the fee ownership of the property.

If the property to be used or developed is adjacent to, or a portion of, real property which is, or will be, used for other governmental activities, the board of directors shall also determine that the agreement will not interfere with the use or development of the remaining public property.

32162. (a) Any sale, lease, development, or other contract relating to real property of the hospital district entered into pursuant to this chapter shall be authorized by a resolution adopted by the board of directors.

(b) Prior to adopting a resolution authorizing a sale lease, development, or other contract pursuant to this chapter, the board of directors shall hold a public hearing. Notice of the time and place of the hearing shall be published pursuant to Section 6066 of the Government Code in one or more newspapers of general circulation within the hospital district and shall be mailed to any person requesting special notice, to any present tenant of the public property, and to all owners of land adjoining the property.

(c) Any sale, lease, development, or other contract entered into pursuant to this chapter, shall be awarded after competitive bidding in the manner determined by the board of directors, or, if approved by a four-fifths vote of the board of directors, after a request for proposals.

(d) Notice inviting the bids shall be published in the same manner as set forth in subdivision (f).

(e) For the purpose of receiving proposals, the board of directors shall, in a regular open meeting, adopt a resolution declaring its

intention to consider the proposals. The resolution shall identify the site, shall specify whether the site is intended to be used for social or health-related development or both, and shall fix a time not less than 60 days thereafter for a public meeting of the board of directors to be held at its regular place of meeting, at which meeting the board of directors shall receive all plans or proposals submitted.

(f) Notice of adoption of the resolution and the time and place of holding the meeting shall be given by publishing the resolution at least once a week for three weeks in a newspaper of general circulation published in the hospital district and in the county in which the property is located. In addition, the board of directors may authorize the purchase of advertising space and may advertise the proposed transaction in those newspapers, magazines, and other periodicals as, in its judgment, will publicize the proposed transaction to those most likely to submit a proposal or bid.

(g) At the time and place fixed in the resolution the board of directors shall meet and open the bids or receive the plans and proposal. The plan or proposal as submitted or as revised by the board of directors shall be incorporated into the lease, development, or contract. The board of directors may reject any and all bids or plans and proposals submitted.

32163. The procedure prescribed by this chapter may be used by a hospital district notwithstanding any other provision of law and without complying with any other provisions in conflict therewith. This procedure, which shall be an alternative to any other procedure provided by law, shall be applicable to public real property regardless of the manner in which the real property was acquired, the purposes for which the real property was acquired, or the uses, if any, previously made of the property. Districts whose hospitals have been reorganized pursuant to subdivision (p) of Section 32121 shall not utilize the procedure prescribed by this chapter, except in situations where the real property in question is contiguous to property on which a reorganized hospital of the district is located.

32164. Nothing in this chapter shall amend, alter, or modify the duties of a hospital district to comply with the provisions of a community redevelopment plan or an agreement with a community redevelopment agency with respect to property owned by a hospital district within the boundaries of a community redevelopment project.

32165. This chapter shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1991, deletes or extends that date.

SEC. 5. Section 32205 is added to the Health and Safety Code, to read:

32205. An election on the formation of a hospital district in and around the City of Dos Palos in the County of Merced, may be combined with an election for the adoption of a special tax pursuant to Article XIII A of the California Constitution and Article 3.5

(commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, consistent with Article 3.7 (commencing with Section 53720) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, and presented to the voters as a single ballot proposition. If both proposals are presented as a single ballot proposition, the proposed hospital district shall not be created, and the special tax shall not take effect, unless the proposition is approved by two-thirds of the voters voting upon the proposition.

SEC. 6. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances posed by the health care needs of the residents in and around the City of Dos Palos in the County of Merced.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the intent of provisions pertaining to meetings of hospital district boards imposed by recent legislation, to address the urgent financial and administrative burdens facing hospital districts, to permit district hospitals with projects now planned to implement the powers granted in this act, and to permit the consideration by the electors of a critical proposal to form a hospital district in and around the City of Dos Palos, at the earliest possible time, it is necessary for this act to take effect immediately.

The rate of payment established under the contract shall not exceed the total per capita amount which the department estimates would be payable for all services and requirements covered under the contract if all such services and requirements were to be furnished Medi-Cal beneficiaries under the Medi-Cal fee-for-service program.

Prior to entering into any contract for primary care case management under this chapter, the department shall provide public notice of its intent to enter into such a contract. The director shall encourage the prepaid health plan to provide all of the services enumerated in Section 14053 on a prepaid basis. When mutually agreeable to the prepaid health plan, the department, and the hospital involved, and provided that the confidentiality of the selected hospital contracting rates negotiated pursuant to Chapter 7 (commencing with Section 14081) is maintained by all parties, contracts entered into by the department pursuant to this chapter may provide for alternative arrangements in any or all of a prepaid health plan's Medi-Cal service area for the payment of inpatient

hospital services using Medi-Cal hospital inpatient rates.

Subject to prior approval by the director, any additional services other than those listed in Section 14053 may be provided at reasonable cost to Medi-Cal enrollees, provided the enrollees are notified of services for which they will be charged and the amount of the charge prior to rendering such services.

No provision of this act shall contradict Section 14087.21 of the Welfare and Institutions Code, addressing the provision of, and payment for, services provided severely handicapped children under the Robert W. Crown Children's Services Act (Article 2 (commencing with Section 248) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code), and to the extent any provision of this act conflicts with Section 14087.21 of the Welfare and Institutions Code, Section 14087.21 of the Welfare and Institutions Code shall prevail.

## CHAPTER 1351

An act to amend Section 14505 of, and to add Section 41020.5 to, the Education Code, relating to schools.

[Approved by Governor September 25, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 14505 of the Education Code is amended to read:

14505. The governing board of each school district and each office of the county superintendent of schools shall include the following two provisions in their contracts for audits:

(a) A provision to withhold 10 percent of the audit fee until the Controller certifies that the audit report conforms to the reporting provisions of the audit guide.

(b) A provision to withold 50 percent of the audit fee for any subsequent year of a multiyear contract if the prior year's audit report was not certified as conforming to reporting provisions of the audit guide. This provision shall include a statement that a multiyear contract will be null and void if a firm or individual is declared ineligible pursuant to subdivision (c) of Section 41020.5. The withheld amount shall not be payable unless payment is ordered by the State Board of Accountancy or the audit report for that subsequent year is certified by the Controller as conforming to reporting provisions of the audit guide.

Within 30 days after receipt of written notification that the Controller refuses to certify an audit report as conforming to reporting provisions of the audit guide, an auditor or audit firm having a portion of an audit fee withheld pursuant to these provisions may file an appeal in writing with the State Board of Accountancy. The board shall complete an investigation of the appeal within 90 days of the filing date and, on the basis of the investigation, do either of the following:

(1) Order the Controller to provide notification that the audit report conforms to reporting provisions of the audit guide.

(2) Schedule the appeal for a hearing, in which case the final action on the appeal shall be completed by the board within one year from the date of filing the appeal.

If the board orders the Controller to provide notification that the audit report conforms to reporting provisions of the audit guide, the Controller shall provide the notification to the contracting school district which shall then release the portion of the audit fee being withheld in accordance with this section.

SEC. 2. Section 41020.5 is added to the Education Code, to read:

41020.5. (a) Whenever the Controller determines by two consecutive quality control reviews pursuant to Section 14504.2 that audits performed by a certified public accountant or public accountant under Section 41020 were not performed in substantial conformity with provisions of the audit guide, or that the audit reports, including amended reports, submitted by February 15 following the close of the fiscal year, audited for two consecutive years do not conform to provisions of the audit guide as required by Section 14504, the Controller shall notify in writing the certified public accountant or public accountant and the State Board of Accountancy.

If the certified public accountant or public accountant does not file an appeal in writing with the State Board of Accountancy within 30 calendar days after receipt of the Controller's notification, the Controller's determination under this section shall be final.

(b) If an appeal is filed with the State Board of Accountancy, the board shall complete an investigation of the appeal within 90 days of the filing date. On the basis of the investigation, the board may do either of the following:

(1) Find that the Controller's determination should not be upheld and has no effect.

(2) Schedule the appeal for a hearing, in which case, the final action on the appeal shall be completed by the board within one year from the date of filing the appeal.

(c) If the Controller's determination under subdivision (a) becomes final, the certified public accountant or public accountant shall be ineligible to conduct audits under Section 41020 for a period of three years, or, in the event of an appeal, for any period, and subject to the conditions, that may be ordered by the State Board of Accountancy. Not later than the first day of March of each year, the Controller shall notify each school district and county office of education of those certified public accountants or public accountants determined to be ineligible under this section. School districts and county offices of education shall not use the audit services of a certified public accountant or public accountant while ineligible under this section.

For the purposes of this section, the term "certified public accountant or public accountant" shall include any person or firm entering into a contract to conduct an audit under Section 41020.

This section shall not preclude the State Board of Accountancy

from taking any disciplinary action it deems appropriate under other provisions of law.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

On and after January 1, 1987, individuals with 800 or more hours of documented clinical training shall be deemed to have met this requirement. The purpose of the clinical internship training program shall be to assure a minimum level of clinical competence.

SEC. 3. Section 4939 of the Business and Professions Code is amended to read:

4939. (a) The committee shall establish standards for the approval of schools and colleges offering education and training in the practice of an acupuncturist, including standards for the faculty in those schools and colleges, and tutorial programs, completion of which will satisfy the requirements of Section 4938.

SECTION 1. The Legislature finds and declares the following:

(a) The Legislature, in recent years, has taken steps to develop a continuum of long-term care services to meet the needs of frail elderly persons and functionally impaired adults.

(b) Adult day care services are an essential component in the continuum providing one option for social services which will allow individuals to remain at home and to avoid expensive institutional placement.

SEC. 2. (a) There are a significant number of persons 60 years of age or older as well as other functionally impaired adults who do not require onsite medical care, but who have all or some of the following needs and requirements:

(a) Oversight of the development of adult day service programs for older persons and functionally impaired adults throughout California, and assurance that programs will provide a high quality of psychosocial and supportive services to permit the participants to achieve and maintain their maximum level of independence and functioning.

(b) Coordination of adult day care services with other community-based long-term care programs.

(c) Provision of information and technical assistance to new and existing programs.

(d) Coordination of program development activity with other state departments, including, but not limited to, the State Department of Mental Health, the State Department of Social Services, and the State Department of Developmental Services.

9771. This chapter shall be known and may be cited as the California Adult Day Services Act.

9772. For the purposes of this chapter, the following definitions shall apply:

(c) "Adult day services" means community-based group programs providing services on less than a 24-hour basis to older disabled persons and functionally impaired adults, including, but not limited to, licensed adult day care and social day care facilities.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide, on a timely basis, a means for improvement of adult day care services, it is necessary that this act take effect immediately.

# CHAPTER 1355

An act to amend Sections 44210, 44212, 44213, 44240, and 44332 of, to amend the heading of Article 2 (commencing with Section 44210) of Chapter 2 of, and to amend the heading of Chapter 2 (commencing with Section 44200) of, Part 25 of, to add Sections 44210.5, 44235.3, 44239, 44239.5, 46300.5, and 84500.6 to, to add Article 4.5 (commencing with Section 44279.2), Article 5.5 (commencing with Section 44300), and Article 10 (commencing with Section 44370) to Chapter 2 of Part 25 of, to repeal and add Sections 44200, 44203, and 44225 of, and to repeal Sections 44201, 44226, 44230, 44232, 44233, 44254, and 44254.5 of, the Education Code, and to repeal Section 67.5 of Chapter 1247 of the Statutes of 1977, relating to education.

[Approved by Governor September 25, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) The public has a right to hold its schools accountable, and to expect that any individual licensed to teach young people has met rigorous professional standards in subject matter knowledge and teaching performance.

(b) Teaching standards are based on state law and regulations, local district policies and practice, and professional norms.

(c) The current state system does not ensure sufficient rigor.

(d) When schools cannot attract qualified teachers at a given wage, teaching standards are lowered.

(e) The current system of granting a teaching credential is based primarily on the completion of required coursework. The Legislature finds that this system should be revised to make thorough assessments of individual candidates the primary basis for granting a teaching credential and for entry into the profession, as is the practice in other professions, including medicine, law, nursing, dentistry, and accounting. It is the intent of the Legislature that assessments emphasize skill and knowledge attainment, rather than course credits, and that institutions of higher education be given broad responsibility to determine the nature of coursework and other program elements in a teacher preparation program.

(f) The Legislature also finds that the agency that develops standards and examinations must take responsibility for the quality of the teachers that it credentials and that it must be directly accountable to the public and to elected officials for its methods and decisions.

SEC. 2. The heading of Chapter 2 (commencing with Section 44200) of Part 25 of the Education Code is amended to read:

## CHAPTER 2. TEACHER CREDENTIALING

(f) One school administrator in a public elementary or secondary school in California.

(g) One faculty member from a college or university that grants baccalaureate degrees.

With the exception of the four representatives of the public and the Superintendent of Public Instruction, the appointment of a member shall terminate if he or she is no longer a practicing teacher in a public elementary or secondary school, or a person who is employed on the basis of a valid services credential, or a school administrator, or a faculty member of a college or university that grants baccalaureate degrees, or a school district governing board member, as may be the case, in California.

Not more than one member of the commission is to be appointed from the same school district or college or university campus.

The term of each member appointed to the commission on or prior to June 30, 1989, shall expire on July 1, 1989. It is the intent of the Legislature that as of July 1, 1989, the Governor first appoint to the commission, as feasible, members of the Commission on Teacher Credentialing whose terms, notwithstanding this section, would not have expired, to facilitate the transition to a commission with a reduced membership. Commencing July 1, 1989, four members shall be appointed to the commission for terms of two years, five members for terms of three years, and five members of terms of four years.

(h) Each appointment pursuant to this section shall expire on November 20 of the year of expiration of the applicable term. All appointments made pursuant to this section shall be subject to Section 44213.

44212. The Regents of the University of California, the Trustees of the California State University, the California Postsecondary

Education Commission, and the Association of Independent California Colleges and Universities shall each appoint a representative to serve as member ex officio without vote in proceedings of the commission.

The ex officio members shall not vote in any proceedings of the commission nor in any of its committees or subcommittees, except, by a majority vote of the commission, ex officio members may be permitted to vote in committees or subcommittees in order to establish a quorum or as otherwise determined by majority vote of the commission.

SEC. 4.8. Section 44213 of the Education Code is amended to read:

44213. Except as otherwise provided pursuant to Section 44210, upon the expiration of the term of office of an appointive member of the commission, the member's successor shall be appointed for a term of four years. Prior service on the commission for a term of less than three years resulting from an initial appointment or an appointment for the remainder of an unexpired term shall not be counted as a full term.

SEC. 6. Section 44225 is added to the Education Code, to read:

44225. The commission shall do all of the following:

(a) Establish professional standards, assessments, and examinations for entry and advancement in the education profession. While the Legislature recognizes that the commission will exercise its prerogative to determine those requirements, it is the intent of the Legislature that standards, assessments, and examinations be developed and implemented for the following:

(1) The preliminary teaching credential, to be granted upon possession of a baccalaureate degree from a regionally accredited institution in a subject other than professional education, completion of an accredited program of professional preparation, and either successful passage of an examination or assessment that has been adopted or approved by the commission in the subject or subjects appropriate to the grade level to be taught, to include college level reading, writing, and mathematics skills, or completion of an accredited program of subject matter preparation and successful passage of the basic skills proficiency test as provided for in Article 6 (commencing with Section 44270). The commission shall uniformly consider the results of the basic skills proficiency test in conjunction with other pertinent information about the qualifications of each candidate for a preliminary credential, and may award the credential on the basis of the overall performance of a candidate as measured by several criteria of professional competence, provided that each candidate meets minimum standards set by the commission on each criterion. Upon application by a regionally accredited institution of higher education, the commission may categorically grant credit to coursework completed in an accredited program of professional

preparation, as specified by this subparagraph, by undergraduates of that institution, where the commission finds there are adequate assurances of the quality of necessary undergraduate instruction in the liberal arts and in the subject area or areas to be taught.

(2) The professional teaching credential, to be granted upon successful passage of a state examination or assessment in the subject or subjects appropriate to the grade level to be taught, to include college level basic reading, writing, and mathematic skills, and completion of a period of beginning teacher support that includes assessments of ability to teach subject matter to students, ability to work well with pupils, classroom management, and instructional skills. A candidate who successfully passes the examination or assessment pursuant to subparagraph (1) of this subdivision shall be deemed to have passed the state examination or assessment in the subject or subjects to be taught pursuant to this subparagraph.

(b) Reduce and streamline the credential system to ensure teacher competence in the subject field or fields, while allowing greater flexibility in staffing local schools. The commission shall award the following types of credentials to applicants whose preparation and competence satisfy its standards:

(1) Basic teaching credentials for teaching in kindergarten, or any of the grades 1 to 12, inclusive, in public schools in this state.

(2) Credentials for teaching adult education classes and vocational education classes.

(3) Credentials for teaching specialties, including, but not necessarily limited to, bilingual education, early childhood education, and special education. (4) Credentials for school services, for positions including, but not limited to, administrators, school counselors, speech-language therapists, audiologists, school psychologists, library media teachers, supervisors of attendance, and school nurses.

The commission may establish standards and requirements for preliminary and professional credentials of each type.

(c) Review and, if necessary, revise the code of ethics for the teaching profession.

(d) Establish standards for the issuance and renewal of credentials, certificates, and permits. In setting standards, the commission shall seek to ensure, through its credentialing of teachers, that public school teachers satisfy all of the following criteria:

(1) Are academically talented.

(2) Are knowledgeable of the subjects to be taught in the classroom.

(3) Are creative and energetic.

(4) Have the human skills to motivate and inspire students to

achieve their goals.

(5) Have the sensitivity to foster self-esteem in pupils through recognition that each pupil has his or her own goals, talents, and levels of development.

(6) Be willing to relate the educational process and their instructional strategies to meet students' needs.

(7) Are able to work effectively with and motivate students from a variety of ethnic, socioeconomic, cultural, academic, and linguistic backgrounds.

(8) Have an understanding of principles and laws related to educational equity, and the equitable practice of the profession of education among all students regardless of their ethnicity, race, gender, age, religious background, primary language, or handicapping condition.

(e) Determine the scope and authorization of credentials, to ensure competence in teaching and other educational services, and establish sanctions for the misuse of credentials and the misassignment of credential holders. The commission may grant an added or supplementary authorization to a credential holder who has met the requirements and standards of the commission for the added or supplementary authorization.

(f) Collect, compile, and disseminate information regarding exemplary practices in supporting and assessing beginning teachers.

(g) Establish alternative methods for entry into the teaching profession, and into other certificated roles in the schools, by persons in varying circumstances, including persons who have been educated outside of California, provided that each applicant satisfies all of the requirements established by the commission. One such alternative method shall be the successful completion of at least two years of classroom instruction under a district intern certificate, pursuant to Article 7.5 (commencing with Section 44325). In establishing alternative methods for entry into the teaching profession, the commission shall develop strategies to encourage classroom aides to become credentialed teachers.

(h) Adopt a framework and general standards for the accreditation of preparation programs for teachers and other certificated educators pursuant to Article 7 (commencing with Section 44300).

(i) Appoint classroom teachers, school administrators, other school services personnel, representatives of the public, and public or private higher education representatives to one or more standing committees, which shall be given authority to recommend to the commission standards relating to examinations, performance assessments, program accreditation, and licensing. The commission shall establish criteria for membership on those committees, and shall determine the terms of committee members. Appointments to standing committees by the commission shall reflect, to the extent feasible, the ethnic and cultural diversity of the California public schools.

(j) Consult with classroom teachers, faculty members from institutions of higher education that maintain accredited programs of professional preparation for teachers, administrators or other school services personnel, and other experts to aid in the development of examinations and assessments, and to study the impact of examinations and assessments on the teaching profession. To increase the fairness of its certification decisions, the commission may uniformly consider the results of tests, subtests, and assessments in conjunction with each other, and in conjunction with other pertinent information about the qualifications of each candidate. The commission may award credentials on the basis of average overall performances by candidates on several criteria of professional competence, provided that each candidate meets minimum standards set by the commission on each criterion.

(k) Adopt standards for all examinations and assessments which shall ensure that all prospective teachers demonstrate an understanding of the history and cultures of the major ethnic populations of this state and of teaching strategies for the acquisition of English language skills by non-English-speaking pupils.

(*l*) Determine the terms of credentials, certificates, and permits, except that no credential, certificate, or permit shall be valid for more than five years from the date of issuance. This article shall govern the issuance of any credential, certificate or permit, except as follows:

(1) A credential, certificate, or permit shall remain in force as long as it is valid and continues to be valid under the laws and regulations that were in effect when it was issued.

(2) The commission shall grant teaching credentials pursuant to statutes that were in effect on December 31, 1988, to candidates who, prior to the effective date of regulations to implement subdivision (a), are in the process of meeting the requirements for teaching credentials that were in effect on December 31, 1988, except that neither enrollment as an undergraduate student nor receipt of a baccalaureate degree from a regionally accredited institution prior to the effective date of the regulations shall, by themselves, exempt a candidate from the requirements of subdivision (a). Enrollment in a preparation program for teachers prior to the effective date of the regulations shall not exempt a candidate from the requirements of paragraph (2) of subdivision (a), if the candidate's preliminary credential was granted after the effective date of the regulations.

(m) Review requests from school districts, private schools, postsecondary institutions, and individual applicants for the waiver of one or more of the provision of this chapter. The commission may grant a waiver upon its finding that professional preparation equivalent to that prescribed under the provision or provisions to be waived will be completed by the credential candidate or candidates affected. No provision in this chapter may be waived under Sections 33050 and 33051, after June 30, 1994, by the State Board of Education.

(n) It is the intent of the Legislature that the commission develop

models for voluntary use by California colleges and universities which do not have these models in place, to assist in the screening of applications for admission to teacher education programs. The models shall give emphasis to the following qualifications of the applicants: academic talent, knowledge of subjects to be taught, basic academic skills, creativity, experience in working with children and adolescents, ability to motivate and inspire students, and willingness to relate education to students with a wide variety of cultural, ethnic, and academic backgrounds. The commission may continue to administer the state basic skills proficiency test, in order (1) to utilize the results of this test in awarding preliminary teaching credentials and emergency permits, and (2) to enable colleges and universities to utilize this test in conjunction with other appropriate sources of information in teacher preparation admission decisions. However, it is the intent of the Legislature that applicants for admission to teacher preparation programs may not be denied admission solely on the basis of state basic skills proficiency test results. The commission may recover the costs of administering and developing the test by charging examinees a fee for taking the test.

(o) It is the intent of the Legislature that the commission encourage colleges and universities to design and implement, by August 1, 1990, concentrated internship programs for persons who have attained a bachelor's degree in the field in which they intend to teach. Those programs would be targeted at subject area shortages, would substitute for conventional training programs, and would include a full summer session of college level coursework, a one-year internship, or the equivalent, a seminar throughout the internship, and a summer session following the internship. Educator preparation through internship programs shall be subject to Article 10 (commencing with Section 44370).

(p) Grant a field placement certificate to any candidate who has been admitted to an accredited program of professional preparation, and who must complete a supervised practicum in public elementary or secondary schools as a condition for completion of the program. The commission shall establish standards for the issuance of field placement certificates.

(q) Propose appropriate rules and regulations to implement the act which enacts this section.

(r) Adopt subject matter assessments for teaching credentials after developing those assessments jointly with the Superintendent of Public Instruction.

44235.3. Within the limits set forth in this chapter, the commission may establish and collect fees to recover its costs for the development and administration of any subject matter examination

adopted by the commission to implement the provisions of this chapter, unless the costs are recovered by appropriations from another source of funds.

SEC. 12. Section 44239 is added to the Education Code, to read:

SEC. 14. Section 44240 of the Education Code is amended to read:

44240. The commission shall appoint a Committee of Credentials, consisting of seven persons for terms fixed by the commission but not to exceed two years. The committee shall include:

(a) One member who shall be a full-time certified classroom teacher in the public elementary schools with not less than five years' classroom experience.

(b) One member who shall be a full-time certified classroom teacher in the public secondary schools with not less than five years' classroom experience.

(c) One member who shall be a certified administrative employee in the public schools.

(d) One member who shall be a member of the governing board of any school district. No person who is or has been employed in a certificated position in the public schools within the preceding five years shall be appointed as a school board member.

(e) Three members who shall be representatives of the public. No person who is or has been employed in a certificated position in the public schools or who is or has been a member of any governing board of a school district or county board of education within the five years next preceding date of appointment shall be appointed as a public member.

The additional public members of the committee provided for in this section as amended during the 1977–78 Regular Session, shall be appointed by the commission as vacancies in the committee occur, consistent with the requirements of professional representation. Appointments to the Committee of Credentials shall reflect, to the extent feasible, the ethnic and cultural diversity of California public schools.

SEC. 15.5. Section 44254.5 of the Education Code is repealed.

SEC. 16. Article 4.5 (commencing with Section 44279.2) is added to Chapter 2 of Part 25 of the Education Code, to read:

## Article 4.5. Beginning Teacher Support and Assessment

44279.2. (a) The Legislature finds and declares that the beginning years of a teacher's career are a critical time in which it is necessary that intensive professional development and assessment occur. The Legislature recognizes that the public invests heavily in the preparation of prospective teachers, and that more than half of all new teachers in California public schools leave teaching after one or two years. Intensive professional development and assessment are necessary to build on the preparation that precedes initial certification, to transform academic preparation into practical success in the classroom, to retain greater numbers of capable beginning teachers, and to remove novices who show little promise as teachers. It is the intent of the Legislature that the Commission on Teacher Credentialing and the Superintendent of Public Instruction develop new policies to govern the support and assessment of beginning teachers, as a condition for the professional certification of those teachers in the future.

(b) The commission and the superintendent shall jointly implement alternative methods, in selected school districts on a pilot basis, of locally supporting and assessing beginning teachers, shall jointly evaluate the alternative methods, and shall jointly report the results of the evaluation. Each alternative method shall include support and assessment of teachers during at least the first year of classroom teaching. Participation of school districts pursuant to this subdivision shall be on a voluntary basis. No funds appropriated for the evaluation study may be expended until the commission and the superintendent develop a joint program and expenditure plan, and the expenditure plan is approved by the Director of Finance.

(c) The criteria for evaluating the alternative methods of supporting and assessing beginning teachers shall include, but need not be limited to, the following criteria:

(1) The effectiveness of each method at retaining capable beginning teachers in the profession of education.

(2) The effectiveness of each method at improving the pedagogical content knowledge and skills of the beginning teachers who are retained.

(3) The effectiveness of each method at improving the ability of beginning teachers to teach students who are ethnically, culturally, economically, academically, and linguistically diverse.

(4) The effectiveness of each method at identifying beginning teachers who need additional assistance and, if that additional assistance fails, who should be removed from the profession of education.

(5) The relative costs of the alternative methods in relation to their beneficial effects.

(6) The extent to which alternative methods of supporting and assessing beginning teachers would, if they were added to the other state requirements for teaching credentials, make careers in

education more or less appealing to prospective teachers.

(d) The evaluation shall examine several factors in the development and support of beginning teachers, including, but not limited to, the following factors:

(1) Varying levels of workload and released time for beginning teachers, and alternative methods of assigning beginning teachers to schools and classrooms.

(2) Different kinds of guidance and assistance by various categories of support personnel, including mentor teachers and college advisors.

(3) Appropriate roles for school sites, school districts, postsecondary institutions, county offices of education, and private sector institutions in the professional development of beginning teachers.

(4) Varying levels of state funding for locally implemented programs, and varying levels of reliance on existing local resources.

(e) The evaluation shall examine several methods of assessing the competence and performance of beginning teachers, including, but not limited to, the following methods:

(1) The use of standardized written examinations of subject matter knowledge, and uniform performance assessments of subject matter competence.

(2) The use of onsite assessments of the classroom performances of beginning teachers.

(3) The use of uniform exercises to test the pedagogical content knowledge and skills of beginning teachers in controlled settings.

(4) The use of alternative subject matter examinations or performance assessments, or both, developed by colleges and universities, as alternatives to the statewide examinations or performance assessments, provided that the costs of validating these alternative examinations and assessments are funded by participating colleges and universities. Public colleges and universities may seek state funding for this purpose through the budget process.

(f) In conducting the evaluation that is required by this section, the commission and the superintendent shall jointly field test the assessment instruments and procedures on a representative sample of prospective teachers in this state to ensure that those instruments and procedures are fair, accurate, and unbiased, that they assess appropriate teacher knowledge and skills, and that they are criterion-referenced rather than norm-referenced. The commission and the superintendent shall compare the results of standardized written examinations with those of available examinations or assessments developed by California colleges and universities. The evaluation shall examine the relationship between the assessment results and the backgrounds of the participating beginning teachers, including, but not limited to, their ethnicity, gender, socioeconomic status, and academic backgrounds. In reporting the results of the evaluation, the commission and the superintendent shall estimate

the impact of the alternative assessment methods on the future composition of the education profession. It is the intent of the Legislature that no teacher assessment system be adopted or implemented until it has been thoroughly reviewed and found to be both fair and appropriate to the purposes of this chapter.

(g) During the course of the evaluation, the commission and the superintendent shall be advised by a panel, which shall include representatives of the Chancellor of the California State University, the President of the University of California, the President of the Association of Independent California Colleges and Universities, and of organizations that represent teachers, administrators, school board members, and parents. The representatives shall serve voluntarily, and it is the intent of the Legislature that the costs of each representative's participation be paid by the professional organization or educational institution that appoints that representative.

(h) During the course of the evaluation, the commission and the superintendent shall periodically provide interim reports to the chairs and vice chairs of the policy and fiscal committees of the Legislature, the Legislative Analyst, the office of the Governor, the Director of Finance, and the members of the panel formed pursuant to subdivision (g).

(i) Prior to completing a final report of the results of the evaluation required by this section, the commission and the superintendent shall submit estimates of the costs of alternative professional teacher certification requirements to the Director of Finance and the Legislative Analyst for their comments, which shall be appended to the final report of the evaluation.

(j) On or before March 1, 1992, the commission and the superintendent shall jointly report the results of the evaluation required by this section to the Legislature and the Governor. Prior to submitting their report to the Legislature and the Governor, the commission and the superintendent shall solicit full involvement by the parties identified in subdivision (g) in interpreting the results of the evaluation, and in preparing a policymaking plan based on the results.

(k) It is the intent of the Legislature that the Budget Act shall include funds to pay the costs of the evaluation study.

44279.3. (a) It is the intent of the Legislature that the executive secretary of the commission and the Superintendent of Public Instruction shall recommend to the commission standards of beginning teachers' support and performance, and an assessment process for verifying attainment of the performance standards, which shall be based on the results of the evaluation study required by Section 44279.2.

(b) It is the intent of the Legislature that the commission shall adopt and promulgate standards and requirements for earning the professional teaching credential pursuant to paragraph (2) of subdivision (a) of Section 44225 in accordance with Chapter 3.5

(commencing with Section 11340) of Division 3 of Title 2 of the Government Code. The proposed regulations shall be developed jointly with the Superintendent of Public Instruction, and shall be drafted in consultation with the panel established pursuant to subdivision (f) of Section 44279.2.

It is the intent of the Legislature that the requirements of paragraph (2) of subdivision (a) of Section 44225 be operative within six months of the commission's adoption of standards and requirements for earning the professional credential. First priority shall be given to cost-effective requirements that maximize the use of existing state and local resources. The commission shall consider the use of credential fees and assessment fees to support the cost of implementing the requirements. In adopting professional teacher certification requirements pursuant to this subdivision, the commission shall include the criteria specified in subdivision (d) of Section 44225, and, in addition, shall include the following:

(1) A rigorous program of candidate-centered assessment that relies upon individually evaluating the fitness of each individual candidate for a credential.

(2) Rigorous assessments of each teaching candidate's general knowledge and subject matter knowledge, that are designed to verify reading skills, writing ability, mathematical reasoning, and other elements of a liberal arts education.

(3) Assessments of each teaching candidate's instructional skills and classroom management skills, including an assessment of each teaching candidate's ability to work effectively with students of both sexes and from a variety of ethnic, socioeconomic, cultural, academic, and linguistic backgrounds.

(4) Alternatives for professionally supervising, supporting, and assisting beginning teachers for at least the critical first full teaching year.

(5) Deregulation of the academic training of teachers by shifting the emphasis from granting credentials on the basis of program approval to granting credentials on the basis of comprehensive assessments of individual candidates.

(c) If the professional teacher certification requirements adopted by the commission include passage of a standardized examination, the commission shall establish a procedure for approval by the commission of alternative examinations or assessments whose scope, contents, and level of difficulty are determined by the commission to be equivalent to the scope, contents, and level of difficulty of the standardized examination. In making these determinations, the commission may refer to and utilize, to the extent consistent with this section, accepted national and professional standards governing the use of tests and assessments, and governing the determination of equivalence between alternative tests and assessments. The commission shall recover the costs of administering any standard examination that the commission adopts by collecting examination fees from examinees. An agency or organization that recommends an

alternative examination that is approved by the commission shall pay the costs of developing and administering the alternative examination from any available source of funds, including examination fees, existing budget allocations, and amended budget allocations.

(d) It is the intent of the Legislature that no detailed prescriptive checklists of competencies be adopted at the state level for the assessment of each beginning teacher's classroom performance.

(e) Until the operative date of the regulations that are adopted and promulgated in accordance with subdivision (b), the commission shall continue to administer teacher certification requirements and regulations that were in effect on December 31, 1988. The commission may amend those requirements and regulations, as the need arises.

44279.4. (a) It is the intent of the Legislature that one full year, or the equivalent thereof, of paid, classroom teaching experience and beginning teacher support and assessment shall be a prerequisite to obtaining a professional credential to teach in the California public schools.

Any credential candidate who is eligible for a preliminary credential shall be eligible for a classroom teaching position with beginning teacher support and assessment. The requirements of this article may be waived by the commission for individuals who are pursuing alternative entry programs established pursuant to subdivision (g) of Section 44225.

(b) It is the intent of the Legislature that support and assessment of beginning teachers shall be governed by standards adopted by the commission in consultation with the Superintendent of Public Instruction and the State Board of Education.

(c) A beginning teacher who has been issued a preliminary teaching credential and a preliminary specialty credential pursuant to paragraph (3) of subdivision (b) of Section 44225 shall be eligible for one year of beginning teacher support and assessment that combines classroom teaching and specialty instruction.

44279.5. It is the intent of the Legislature that a beginning teacher who has been issued a preliminary credential shall receive support and assistance from an experienced educator in a manner consistent with the recommendations of the evaluation study conducted pursuant to Section 44279.2.

44279.6. It is the intent of the Legislature that the commission shall establish procedures to assess the teaching performance of beginning teachers on a regular basis by onsite visits of assessment teams or through the use of uniform exercises in a controlled setting, or both, as determined appropriate by the commission based upon the recommendations of the evaluation study conducted pursuant to Section 44279.2. The commission shall ensure that members of the assessment teams have been appropriately trained and demonstrate an understanding of the cultures of the major ethnic populations of this state, teaching strategies for the acquisition of English language

skills by non-English-speaking pupils, and teaching strategies for dealing with at-risk pupils.

SEC. 17. Article 5.5 (commencing with Section 44300) is added to Chapter 2 of Part 25 of the Education Code, to read:

## Article 5.5. Emergency Permits

44300. (a) Commencing January 1, 1990, the commission may issue or renew emergency teaching or specialist permits in accordance with regulations adopted by the commission corresponding to the credential types specified in paragraphs (1), (2), and (3) of subdivision (b) of Section 44225, provided that all of the following conditions are met:

(1) The applicant possesses a baccalaureate degree conferred by a regionally accredited institution of higher education and has fulfilled the subject matter requirements of Section 44301.

(2) Successful passage of the state basic skills proficiency test as provided for in Section 44252.

(3) The commission approves the justification for the emergency permit submitted by the school district in which the applicant is to be employed. The justification shall include all of the following:

(A) Documentation that the district has made a diligent search for, but has been unable to recruit, a sufficient number of certificated teachers, including teacher candidates pursuing full certification through internship, district internship, or other alternative routes established by the commission.

(B) A declaration of insufficiency based on the documentation set forth in subparagraph (A) and made in the form of a motion adopted by the governing board of the district or the county board of education at a regularly scheduled meeting of the governing board or the county board of education. The motion may not be part of the consent agenda and shall be entered in the minutes of the meeting.

(b) The exclusive representative of certificated employees, if any, as provided under Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, may submit a written statement to the commission agreeing or disagreeing with the justification submitted to the commission pursuant to paragraph (3) of subdivision (a).

(c) Commencing January 1, 1990, the commission may issue and renew emergency permits corresponding to the credential types specified in paragraphs (2), (3), and (4) of subdivision (b) of Section 44225. The commission shall establish appropriate standards for each type of emergency permit.

(d) Commencing January 1, 1990, a person holding an emergency teaching or specialist permit shall attend an orientation to the curriculum and to techniques of instruction and classroom management, and shall teach only with the assistance and guidance of a certificated employee of the district who has completed at least four years of full-time teaching experience, or the equivalent thereof.

It is the intent of the Legislature to encourage districts to provide directed teaching experience to new emergency permit holders with no prior teaching experience.

(e) The holder of an emergency permit shall participate in ongoing training, coursework, or seminars designed to prepare the individual to become a fully credentialed teacher or other educator in the subject area or areas in which he or she is assigned to teach or serve. The employing agency shall verify that employees applying to renew their emergency permits are meeting these ongoing training requirements.

(f) Emergency permits for pupil personnel services shall not be valid for the purpose of determining pupil eligibility for placement in any special education class or program.

(g) This section shall not apply to the issuance of an emergency substitute teaching permit, or of an emergency permit to a teacher who has consented to teach temporarily outside of his or her field of certification, for which the commission shall establish minimum requirements.

(h) This article is repealed on July 1, 1994, or on the date that the commission certifies to the Legislature, whichever occurs later, that the alternative methods of teacher certification established by the commission under subdivision (g) of Section 44225, when combined with the supply of fully certificated teachers who did not pursue alternative paths to certification, are adequate to meet the needs of school districts.

44301. (a) Any person who does not hold a valid California teaching credential that requires a baccalaureate degree shall be required to pass the appropriate subject matter competency examination or examinations, as determined by the commission, before he or she may be initially issued an emergency multiple- or single-subject teaching permit, except an emergency substitute teaching permit, authorizing him or her to teach a subject that is specified by the commission.

(b) The commission may issue an emergency multiple- or single-subject teaching permit to an applicant who has not taken the appropriate subject matter competency test, provided the employing agency certifies all of the following to the commission:

(1) The applicant has not had the opportunity to take the test.

(2) The applicant will take the appropriate subject matter competency test at its next regularly scheduled administration.

(3) The employing agency will discontinue employment of the person eight weeks after the date on which the test is administered if he or she does not give the employing agency evidence of having passed the required subject matter competency test on that date.

(c) The emergency teaching permit issued pursuant to subdivision (b) shall expire on the next regular expiration date for emergency permits, or on a date that is eight weeks after the date on which the required subject matter competency test was administered, whichever date comes first.

(d) The commission shall waive the requirements of this section for each applicant for each of the following:

(1) An emergency single-subject teaching permit, if the applicant has successfully completed at least 18 semester units, or nine semester units of upper division or graduate coursework, at a regionally accredited institution of postsecondary education, in the subject area to be taught.

(2) An emergency multiple-subjects permit, if the applicant has successfully completed at least 40 semester units, or the equivalent, at a regionally accredited institution of postsecondary education, in the subjects that are commonly taught in elementary schools, as determined by the commission.

(e) On or before December 1, 1990, the commission shall submit a written report to the Legislature on the anticipated effect on the ability of school districts to staff classrooms by requiring successful passage of the subject matter examination as a condition for the renewal of emergency permits.

SEC. 18. Section 44332 of the Education Code is amended to read:

44332. Except where that service is provided by a school district authorized to register certification documents pursuant to Section 44332.5, each county or city and county board of education may issue temporary certificates for the purpose of authorizing salary payments to certified employees whose credential applications are being processed or to personnel employed in children's centers or other preschool educational programs whose permit applications are being processed. However, the individual must have demonstrated proficiency in basic reading, writing, and mathematic skills pursuant to the requirements of Section 44252.5. The applicant for the temporary certificate shall make a statement under oath that he or she has duly filed an application for a credential or permit together with the required fee and that, to the best of his or her knowledge, no reason exists why a certificate or permit should not be issued. The certificate or permit shall be valid for not more than 120 schooldays.

The period of 120 schooldays may be extended once for a period of not more than 80 schooldays due to delays in processing a credential application, except when the commission certifies in writing to the county or city and county board of education before the end of the period of 120 schooldays that the applicant apparently does not possess adequate academic qualifications or apparently has a criminal record which would disqualify the application, in either of which cases no extension shall be granted. Failure of the commission to so certify before the end of the 120-schoolday extension period shall be construed to mean that the applicant possesses adequate academic qualifications and does not have a criminal record that would disqualify the application.

In no event shall a temporary certificate or permit be valid beyond the time that the commission either issues or denies the originally requested credential or permit.

SEC. 19. Article 10 (commencing with Section 44370) is added to

Chapter 2 of Part 25 of the Education Code, to read:

Article 10. Accreditation in Educator Preparation

44370. The Legislature finds and declares that the competence and performance of professional educators depends in part on the quality of their academic and professional preparation. The Legislature recognizes that standards of quality in collegiate preparation complement standards of candidate competence and performance, and that general standards and criteria regarding the overall quality of a candidate's preparation are as essential as the assessment of the candidate's competence and performance. It is the intent of the Legislature that the commission shall replace program approval with an accreditation process that concentrates on the overall quality of educator preparation, and that holds professional elementary, secondary, and postsecondary educators responsible for the quality of preparation.

44371. The commission shall be advised by an accreditation advisory council. The membership of the advisory council shall be as follows:

(a) Three representatives of the California State University nominated by the Chancellor of the California State University. The commission shall appoint the nominees of the chancellor to the advisory council. At least one of these representatives shall be a faculty member involved in educator preparation.

(b) Three representatives of the University of California nominated by the president of the university with authorization by the Regents of the University of California. The commission shall appoint the nominees of the president to the advisory council. At least one of these representatives shall be a faculty member involved in educator preparation.

(c) Three representatives of the Association of Independent California Colleges and Universities nominated by that association. The commission shall appoint the nominees of the association to the advisory council. At least one of these representatives shall be a faculty member involved in educator preparation.

(d) Nine representatives appointed by the commission from the following categories: classroom teachers, school administrators, other certificated school personnel, and school district governing boards. These representatives shall be nominated by organizations designated by the commission. Members of the council shall serve voluntarily.

(e) It is the intent of the Legislature that the costs of each representative's participation shall be paid by the professional organization or education institution that nominates that representative.

44372. (a) On or before September 15, 1990, the commission shall adopt an accreditation framework, after consideration of the recommendations of the accreditation advisory council, which shall

set forth the policies of the commission regarding the accreditation of preparation programs for teachers and other certificated educators. The framework shall include criteria for the selection of nongovernmental accreditation entities, and may include general standards for the overall accreditation of education units and appropriate standards that apply to professional specialties. This framework shall be developed on the basis of the overall quality of preparation programs, rather than on the basis of the inclusion of specific courses or a specific number of courses.

(b) On or before February 15, 1991, the commission shall disseminate a request for proposals to carry out accreditation reviews and make accreditation decisions on the basis of the accreditation framework adopted pursuant to subdivision (a). The commission may accept or reject each proposal after considering the recommendations of the executive secretary of the commission, who shall review all proposals in consultation with the accreditation advisory council. It is the intent of the Legislature that the commission select at least one nongovernmental accrediting entity on or before September 15, 1991, subject to the provisions of Section 44375. It is the further intent of the Legislature that the selected entity or entities shall include California elementary, secondary, and postsecondary educators.

(c) Prior to September 15, 1991, or the selection of an accrediting agency, whichever occurs first, the commission shall approve programs in accordance with the statutes in effect prior to January 1, 1989.

(d) The commission and each selected accrediting entity shall sign an agreement that shall include, but need not be limited to, the procedures and fees for accreditation reviews, consistent with the accreditation framework adopted pursuant to subdivision (a).

(e) The executive secretary shall monitor and evaluate the performance of each accrediting entity, in consultation with the accreditation advisory council and the affected institutions, and shall report his or her findings periodically to the commission.

44373. A postsecondary institution shall have the right to appeal to the commission if the procedures or decisions of an accrediting entity are arbitrary, unfair, or inconsistent with the policies of the commission. An institution shall also have the right to recommend changes in the accreditation policies of the commission, which shall be considered by the commission in consultation with the executive secretary and the accreditation advisory council.

44374. The commission may establish and collect fees from postsecondary education institutions to recover any additional costs resulting from the replacement of program approval with program accreditation pursuant to this article. An accrediting entity shall not collect payments from any source except the commission for carrying out the purposes of this article.

44375. The commission and the accreditation advisory council shall periodically report to the education policy committees of the

Legislature regarding the implementation of this article.

44376. Should no nongovernmental accrediting entity be selected by the commission pursuant to this article, or should a previously selected accrediting entity fail to satisfactorily implement the commission's adopted framework for accreditation, the commission shall assume responsibility for verifying the quality and status of educator preparation by implementing the adopted framework. In either of these cases, the commission shall continue to actively seek an accrediting entity by disseminating additional requests for proposals until the time which the commission, in consultation with the advisory council, determines that no entity satisfies the criteria for the selection of accrediting agencies adopted pursuant to subdivision (a) of Section 44372. However, if at a subsequent time an entity wishes to apply for selection by the commission as the accrediting entity, the entity may submit an application for consideration by the commission in the absence of an applicable request for proposal.

SEC. 22. Section 67.5 of Chapter 1247 of the Statutes of 1977 is repealed.

## CHAPTER 1356

An act to amend Sections 20203, 21235, 21236, and 21237 of, and to add Section 21238 to, the Government Code, relating to the Public Employees' Retirement System, and making an appropriation therefor.

[Approved by Governor September 25, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 20203 of the Government Code is amended to read:

20203. Interest earned on any cash deposit in a bank by the Treasurer and income on other assets constituting a part of the fund shall be credited to the fund as received. Income, of whatever nature, earned on the Retirement Fund during any fiscal year, in excess of the interest credited to contributions during that year shall be retained in the fund as a reserve against deficiencies in interest earned in other years, losses under investments, court-mandated costs, and actuarial losses resulting from terminations, mergers, and dissolutions of contracting agencies.

Unless specifically authorized by this part, no funds in the reserve against deficiencies shall be available for the payment of benefits. The board, however, may apply to reduce the book value of securities purchased all or part of the excess of the proceeds of the sale or the redemption prior to maturity of securities over the book value of the securities sold (a) if the purchase of securities is made with those proceeds and (b) if the terms of both securities from the date of sale, redemption prior to maturity, or purchase, as the case may be, to the respective dates of maturity do not differ by more than five years. All applications of these excess proceeds, even with greater differences in terms, heretofore made by the board are hereby validated and confirmed.

At the end of each fiscal year, the amount in the reserve against deficiencies which exceeds 0.30 percent of the total assets of the system shall be credited to other accounts as prescribed by this part.

SEC. 2. Section 21235 of the Government Code is amended to read:

21235. (a) The board shall establish an Investment Dividend Disbursement Account in the retirement fund consisting of that amount of the earnings of the retirement fund which remains after the sequential application of Sections 20202.5, 20203, 20131.1, and 20131. The board shall establish in the retirement fund such Purchasing Power Accounts, based on relative purchasing power, as the board deems necessary, which Purchasing Power Accounts shall consist of the amount of earnings of the retirement fund determined pursuant to Section 21237.

(b) The Investment Dividend Disbursement Account may be utilized, as specified in subdivision (e), to increase all monthly allowances paid by the system to an amount equal to a maximum of 75 percent of the purchasing power, as determined by the board, of the initial monthly allowances that were received by every retired person or survivor or beneficiary of a state, school or local member or retired person who was eligible to receive any allowance at the end of each fiscal year. If sufficient funds are not available within a Purchasing Power Account to adjust allowances to a maximum of 75 percent of purchasing power, the board may transfer funds maintained in the Investment Dividend Disbursement Account to the Purchasing Power Account to provide for the increases authorized by this section. If sufficient funds are not available in any particular Purchasing Power Accounts to adjust allowances to a maximum of 75 percent of purchasing power, the board may adjust allowances to eligible recipients by a lesser amount. The board may, for reasons of insufficient funds, determine that no increase under this section shall be made.

(c) The amount specified in subdivision (a) is hereby appropriated from the Investment Dividend Disbursement Account and from such Purchasing Power Accounts as have been established to the board without regard to fiscal years. Whenever the board determines that there are sufficient funds the board shall apply those funds to the increases authorized by this section.

(d) The board shall inform each recipient of benefits under subdivision (b) that the increases are not cumulative, not part of the base retirement allowance, and may be available for only a limited period of time and that the board may discontinue the increases.

(e) The board, on January 1, 1984, and, upon the commencement of each quarter thereafter, shall pay the benefit provided by this section for the succeeding quarter.

SEC. 3. Section 21236 of the Government Code is amended to read:

21236. (a) The board shall pay, on October 1, 1984, and at the beginning of each succeeding calendar year, from any funds in a Purchasing Power Account not then needed for the purposes of Section 21235, the amount required for the purposes of this section, which is appropriated to the board without regard to fiscal years, for use for the sole purpose of providing quarterly increases as specified in subdivision (d) in the monthly allowance of every person who was eligible to receive the 10 percent quarterly increase provided by Section 21232 on September 30, 1984.

(b) Whenever the board determines that there are sufficient funds in a Purchasing Power Account, the board shall apply those funds to the increases authorized by this section. If the funds in a Purchasing Power Account are not sufficient to pay the increases prescribed in subdivision (d), the board shall proportionately reduce all payments.

(c) The board shall inform each recipient of benefits under

subdivision (a) that the increases are not cumulative and shall not be included in their base allowance and may be available for only a limited time.

(d) The total quarterly increases payable shall be the difference between the July 1, 1984, 10 percent quarterly payment under Section 21232 and the amount payable under Section 21235 at the time a payment under this section would be made. Whenever the amount payable under Section 21235 is equal to or greater than the amount payable under Section 21232 on July 1, 1984, there shall be no amount payable under this section.

SEC. 4. Section 21237 of the Government Code is amended to read:

21237. (a) Notwithstanding any other provision of this part, effective January 1, 1986, the Investment Dividend Disbursement Account shall consist of an amount not to exceed the amount of the funds transferred from the Reserve for Deficiencies to the Investment Dividend Disbursement Account on June 30, 1983, less the amount of investment earnings attributable to member accounts for fiscal year 1982–83, plus future account earnings. The board shall annually credit interest to the account at the same crediting rate used to credit retired member reserves. The board may utilize the earnings on the account attributable to the period from June 30, 1983, through June 30, 1985, to credit contributions of members in the retirement fund. That additional interest crediting shall not exceed one percent of the balances in member accounts. Transfers authorized by the board pursuant to subdivision (b) of Section 21235 shall reduce the maximum allowable account balance by the amount transferred.

(b) All other funds available pursuant to Section 21235 shall be retained in Purchasing Power Accounts. The board shall annually transfer from the Purchasing Power Accounts any funds in excess of the amounts disbursed pursuant to Sections 21235 and 21236 in the four previous fiscal years, as provided in subdivision (c). Of the amount so transferred, an amount not to exceed the amount disbursed from the Purchasing Power Accounts in the immediately preceding fiscal year shall be transferred to the appropriate retired member accounts, as determined by the board; and the residual amount shall be transferred to the Extraordinary Performance Dividend Account.

(c) The board shall annually determine, pursuant to subdivision (c) of Section 21221, the extent to which the purchasing power of benefits provided by the system have decreased. The board shall annually transfer from the Purchasing Power Accounts, as provided in subdivision (b), any funds in excess of those disbursed pursuant to Sections 21235 and 21236 for the four previous fiscal years.

SEC. 5. Section 21238 is added to the Government Code, to read:

21238. (a) The board shall establish an Extraordinary Performance Dividend Account in the Retirement Fund consisting of the amount of earnings of the Retirement Fund transferred from

the Purchasing Power Accounts pursuant to Section 21237.

(b) The board shall from time to time on or after January 1, 1991, but only in a fiscal year in which the purchasing power of all persons receiving payments from the Purchasing Power Accounts is 75 percent, disburse, not more frequently than quarterly, extraordinary performance dividend payments to those retired persons and those survivors and beneficiaries of state, school, and local members and retired persons whose allowances, after applying the annual cost-of-living adjustments and all other increases in allowances required or authorized by this part, have the lowest purchasing power percentage, based on the amount that would be paid had the original allowance been increased by increases in the index then being used by the Department of Finance to measure changes in the cost of living, increasing those allowances to a common minimum purchasing power level. The payments shall be paid by a separate identifiable warrant.

(c) The amount specified in subdivision (a) is hereby appropriated from the Extraordinary Performance Dividend Account to the board without regard to fiscal years. Whenever the board determines that there are sufficient funds in the Extraordinary Performance Dividend Account, the board shall apply that portion of those funds deemed prudent by the board to any payments authorized by this section.

(d) The board shall inform each recipient of benefits under subdivision (b) that the payments are not cumulative, not part of the base retirement allowance, and may be available only as a result of extraordinary investment returns to the system.

## CHAPTER 1359

An act to amend Sections 1105, 1201, and 9113 of, to add Division 13 (commencing with Section 13101), Division 14 (commencing with Section 14101), and Division 15 (commencing with Section 15101) to, to repeal and add Division 10 (commencing with Section 10101) of, and to repeal Division 11 (commencing with Section 11101) and Division 12 (commencing with Section 12101) of, the Commercial Code, relating to personal property leases.

[Approved by Governor September 25, 1988. Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1105 of the Commercial Code is amended to read:

1105. (1) Except as provided hereafter in this section, when a transaction bears a reasonable relation to this state and also to

another state or nation the parties may agree that the law either of this state or of such other state or nation shall govern their rights and duties. Failing such agreement this code applies to transactions bearing an appropriate relation to this state.

(2) Where one of the following provisions of this code specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law (including the conflict of laws rules) so specified:

Rights of creditors against sold goods. Section 2402.

Applicability of the division on leases. Sections 10105 and 10106.

Applicability of the division on bank deposits and collections. Section 4102.

Bulk transfers subject to the division on bulk transfers. Section 6102.

Applicability of the division on investment securities. Section 8106.

Perfection provisions of the division on secured transactions. Section 9103.

SEC. 2. Section 1201 of the Commercial Code is amended to read:

1201. Subject to additional definitions contained in the subsequent divisions of this code which are applicable to specific divisions or chapters thereof, and unless the context otherwise requires, in this code:

(1) "Action" in the sense of a judicial proceeding includes recoupment, counterclaim, setoff, suit in equity, and any other proceedings in which rights are determined.

(2) "Aggrieved party" means a party entitled to resort to a remedy.

(3) "Agreement" means the bargain of the parties in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this code (Sections 1205 and 2208). Whether an agreement has legal consequences is determined by the provisions of this code, if applicable; otherwise by the law of contracts (Section 1103). (Compare "contract.")

(4) "Bank" means any person engaged in the business of banking.

(5) "Bearer" means the person in possession of an instrument, document of title, or certificated security payable to bearer or indorsed in blank.

(6) "Bill of lading" means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods, and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "bill of lading" is conclusive evidence of such intention. "Bill of lading" includes an airbill. "Airbill" means a document serving for air transportation as a bill of lading does for marine or rail transportation, and includes an air consignment note or air waybill.

(7) "Branch" includes a separately incorporated foreign branch of a bank.

(8) "Burden of establishing" a fact means the burden of persuading the triers of fact that the existence of the fact is more probable than its nonexistence.

(9) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him or her is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. All persons who sell minerals or the like (including oil and gas) at wellhead or mineralhead shall be deemed to be persons in the business of selling goods of that kind. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for, or in total or partial satisfaction of, a money debt.

(10) "Conspicuous." A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NONNEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous." Whether a term or clause is "conspicuous" or not is for decision by the court.

(11) "Contract" means the total legal obligation which results from the parties' agreement as affected by this code and any other applicable rules of law. (Compare "agreement.")

(12) "Creditor" includes a general creditor, a secured creditor, a lien creditor and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity and an executor or administrator of an insolvent debtor's or assignor's estate.

(13) "Defendant" includes a person in the position of defendant in a cross-action or counterclaim.

(14) "Delivery" with respect to instruments, documents of title, chattel paper or certificated securities means voluntary transfer of possession.

(15) "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt, gin ticket, compress receipt, and also any other document which in the regular course of business or financing is treated as adequately evidencing that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. To be a document of title, a document must purport to be issued by a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.

(16) "Fault" means wrongful act, omission or breach.

(17) "Fungible" with respect to goods or securities means goods

or securities of which any unit is, by nature or usage of trade, the equivalent of any other like unit. Goods which are not fungible shall be deemed fungible for the purposes of this code to the extent that under a particular agreement or document unlike units are treated as equivalents.

(18) "Genuine" means free of forgery or counterfeiting.

(19) "Good faith" means honesty in fact in the conduct or transaction concerned.

(20) "Holder" means a person who is in possession of a document of title or an instrument or a certificated investment security drawn, issued or indorsed to him or her or to his or her order or to bearer or in blank.

(21) To "honor" is to pay or to accept and pay, or where a credit so engages to purchase or discount a draft complying with the terms of the credit.

(22) "Insolvency proceedings" includes any assignment for the benefit of creditors or other proceedings intended to liquidate or rehabilitate the estate of the person involved.

(23) A person is "insolvent" who either has ceased to pay his or her debts in the ordinary course of business or cannot pay his or her debts as they become due or is insolvent within the meaning of the federal bankruptcy law.

(24) "Money" means a medium of exchange authorized or adopted by a domestic or foreign government as a part of its currency.

(25) A person has "notice" of a fact when any of the following occurs:

(a) He or she has actual knowledge of it.

(b) He or she has received a notice or notification of it.

(c) From all the facts and circumstances known to him or her at the time in question, he or she has reason to know that it exists.

A person "knows" or has "knowledge" of a fact when he or she has actual knowledge of it. "Discover" or "learn" or a word or phrase of similar import refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this code.

(26) A person "notifies" or "gives" a notice or notification to another by taking such steps as may be reasonably required to inform the other in ordinary course whether or not the other actually comes to know of it. A person "receives" a notice or notification when any of the following occurs:

(a) It comes to his or her attention.

(b) It is duly delivered at the place of business through which the contract was made or at any other place held out by him or her as the place for receipt of such communications.

(27) Notice, knowledge or a notice or notification received by an organization is effective for a particular transaction from the time when it is brought to the attention of the individual conducting that transaction, and in any event from the time when it would have been

brought to his or her attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless the communication is part of his or her regular duties or unless he or she has reason to know of the transaction and that the transaction would be materially affected by the information.

(28) "Organization" includes a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, two or more persons having a joint or common interest, or any other legal or commercial entity.

(29) "Party," as distinct from "third party," means a person who has engaged in a transaction or made an agreement within this division.

(30) "Person" includes an individual or an organization. (See Section 1102.)

(32) "Purchase" includes taking by sale, discount, negotiation, mortgage, pledge, lien, issue or reissue, gift or any other voluntary transaction creating an interest in property.

(33) "Purchaser" means a person who takes by purchase.

(34) "Remedy" means any remedial right to which an aggrieved party is entitled with or without resort to a tribunal.

(35) "Representative" includes an agent, an officer of a corporation or association, and a trustee, executor or administrator of an estate, or any other person empowered to act for another.

(36) "Rights" includes remedies.

(37) (a) "Security interest" means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (Section 2401) is limited in effect to a reservation of a "security interest." The term also includes any interest of a buyer of accounts or chattel paper which is subject to Division 9 (commencing with Section 9101). The special property interest of a buyer of goods on identification of the goods to a contract for sale under Section 2501 is not a "security interest," but a buyer may also acquire a "security interest" by complying with Division 9 (commencing with Section 9101). Unless a consignment is intended as security, reservation of title thereunder is not a "security interest," but a consignment is in any event subject to the provisions on consignment sales (Section 2326).

(b) Whether a transaction creates a lease or security interest is determined by the facts of each case; however, a transaction creates a security interest if the consideration the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease not subject to termination by the lessee, and

(i) The original term of the lease is equal to or greater than the remaining economic life of the goods,

(ii) The lessee is bound to renew the lease for the remaining economic life of the goods or is bound to become the owner of the goods,

(iii) The lessee has an option to renew the lease for the remaining economic life of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement, or

(iv) The lessee has an option to become the owner of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement.

(c) A transaction does not create a security interest merely because it provides that

(i) The present value of the consideration the lessee is obligated to pay the lessor for the right to possession and use of the goods is substantially equal to or is greater than the fair market value of the goods at the time the lease is entered into,

(ii) The lessee assumes risk of loss of the goods, or agrees to pay taxes, insurance, filing, recording, or registration fees, or service or maintenance costs with respect to the goods,

(iii) The lessee has an option to renew the lease or to become the owner of the goods,

(iv) The lessee has an option to renew the lease for a fixed rent that is equal to or greater than the reasonably predictable fair market rent for the use of the goods for the term of the renewal at the time the option is to be performed, or

(v) The lessee has an option to become the owner of the goods for a fixed price that is equal to or greater than the reasonably predictable fair market value of the goods at the time the option is to be performed.

(d) For purposes of this subdivision (37):

(i) Additional consideration is not nominal if (A) when the option to renew the lease is granted to the lessee, the rent is stated to be the fair market rent for the use of the goods for the term of the renewal determined at the time the option is to be performed, or (B) when the option to become the owner of the goods is granted to the lessee, the price is stated to be the fair market value of the goods determined at the time the option is to be performed. Additional consideration is nominal if it is less than the lessee's reasonably predictable cost of performing under the lease agreement if the option is not exercised;

(ii) "Reasonably predictable" and "remaining economic life of the goods" are to be determined with reference to the facts and circumstances at the time the transaction is entered into; and

(iii) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate is not manifestly unreasonable at the time the transaction is entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and

circumstances of each case at the time the transaction was entered into.

(38) "Send" in connection with any writing or notice means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and in the case of an instrument to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances. The receipt of any writing or notice within the time at which it would have arrived if properly sent has the effect of a proper sending. When a writing or notice is required to be sent by registered or certified mail, proof of mailing is sufficient, and proof of receipt by the addressee is not required unless the words "with return receipt requested" are also used.

(39) "Signed" includes any symbol executed or adopted by a party with present intention to authenticate a writing.

(40) "Surety" includes guarantor.

(41) "Telegram" includes a message transmitted by radio, teletype, cable, any mechanical method of transmission, or the like.

(42) "Term" means that portion of an agreement which relates to a particular matter.

(43) "Unauthorized" signature or indorsement means one made without actual, implied or apparent authority and includes a forgery.

(44) "Value." Except as otherwise provided with respect to negotiable instruments and bank collections (Sections 3303, 4208 and 4209), a person gives "value" for rights if he or she acquires them in any of the following ways:

(a) In return for a binding commitment to extend credit or for the extension of immediately available credit whether or not drawn upon and whether or not a chargeback is provided for in the event of difficulties in collection.

(b) As security for, or in total or partial satisfaction of, a preexisting claim.

(c) By accepting delivery pursuant to a preexisting contract for purchase.

(d) Generally, in return for any consideration sufficient to support a simple contract.

(45) "Warehouse receipt" means a document evidencing the receipt of goods for storage issued by a warehouseman (Section 7102), and which, by its terms, evidences the intention of the issuer that the person entitled under the document (Section 7403(4)) has the right to receive, hold and dispose of the document and the goods it covers. Designation of a document by the issuer as a "warehouse receipt" is conclusive evidence of such intention.

(46) "Written" or "writing" includes printing, typewriting or any other intentional reduction to tangible form.

SEC. 3. Section 9113 of the Commercial Code is amended to read:

9113. A security interest arising solely under the division on sales (Division 2) or the division on leases (Division 10) is subject to the

provisions of this division except that to the extent that and so long as the debtor does not have or does not lawfully obtain possession of the goods

(a) No security agreement is necessary to make the security interest enforceable; and

(b) No filing is required to perfect the security interest; and

(c) The rights of the secured party on default by the debtor are governed (i) by the division on sales (Division 2) in the case of a security interest arising solely under that division or (ii) by the division on leases ( Division 10) in the case of a security interest arising solely under that division.

SEC. 4. Division 10 (commencing with Section 10101) of the Commercial Code is repealed.

SEC. 5. Division 10 (commencing with Section 10101) is added to the Commercial Code, to read:

## DIVISION 10. PERSONAL PROPERTY LEASES

### CHAPTER 1. GENERAL PROVISIONS

10101. This division shall be known and may be cited as the Uniform Commercial Code - Leases.

10102. This division applies to any transaction, regardless of form, that creates a lease.

10103. (1) In this division, unless the context otherwise requires:

(a) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him or her is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind, but does not include a pawnbroker. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(b) "Cancellation" occurs when either party puts an end to the lease contract for default by the other party.

(c) "Commercial unit" means such a unit of goods as by commercial usage is a single whole for purposes of lease and division of which materially impairs its character or value on the market or in use. A commercial unit may be a single article, as a machine, or a set of articles, as a suite of furniture or a line of machinery, or a quantity, as a gross or carload, or any other unit treated in use or in the relevant market as a single whole.

(d) "Conforming" goods or performance under a lease contract means goods or performance that are in accordance with the obligations under the lease contract.

(e) "Consumer lease" means a lease that a lessor regularly engaged in the business of leasing or selling makes to a lessee, except

an organization, who takes under the lease primarily for a personal, family, or household purpose.

(f) "Fault" means wrongful act, omission, breach, or default.

(g) "Finance lease" means a lease in which (i) the lessor does not select, manufacture, or supply the goods, (ii) the lessor acquires the goods or the right to possession and use of the goods in connection with the lease, and (iii) either (A) the lessee receives a copy of the contract evidencing the lessor's purchase of the goods on or before signing the lease contract, (B) the lessee's approval of the contract evidencing the lessor's purchase of the goods is a condition to effectiveness of the lease contract, (C) the lessor (aa) informs the lessee in writing of the identity of the supplier unless the lessee has selected the supplier and directed the lessor to purchase the goods from the supplier, (bb) informs the lessee in writing that the lessee may have rights under the contract evidencing the lessor's purchase of the goods, and (cc) advises the lessee in writing to contact the supplier for a description of any such rights, or (D) the lease contract discloses all warranties and other rights provided to the lessee by the lessor and supplier in connection with the lease contract and informs the lessee that there are no warranties or other rights provided to the lessee by the lessor and supplier other than those disclosed in the lease contract.

(h) "Goods" means all things that are movable at the time of identification to the lease contract, or are fixtures (Section 10309), but the term does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like, including oil and gas, before extraction. The term also includes the unborn young of animals.

(i) "Installment lease contract" means a lease contract that authorizes or requires the delivery of goods in separate lots to be separately accepted, even though the lease contract contains a clause "each delivery is a separate lease" or its equivalent.

(j) "Lease" means a transfer of the right to possession and use of goods for a term in return for consideration, but a sale, including a sale on approval or a sale or return, or retention or creation of a security interest is not a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(k) "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this division. Unless the context clearly indicates otherwise, the term includes a sublease agreement.

(*l*) "Lease contract" means the total legal obligation that results from the lease agreement as affected by this division and any other applicable rules of law. Unless the context clearly indicates otherwise, the term includes a sublease contract.

(m) "Leasehold interest" means the interest of the lessor or the lessee under a lease contract.

(n) "Lessee" means a person who acquires the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessee.

(o) "Lessee in ordinary course of business" means a person who in good faith and without knowledge that the lease to him or her is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods leases in ordinary course from a person in the business of selling or leasing goods of that kind, but does not include a pawnbroker. "Leasing" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting lease contract but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(p) "Lessor" means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

(q) "Lessor's residual interest" means the lessor's interest in the goods after expiration, termination, or cancellation of the lease contract.

(r) "Lien" means a charge against or interest in goods to secure payment of a debt or performance of an obligation, but the term does not include a security interest.

(s) "Lot" means a parcel or a single article that is the subject matter of a separate lease or delivery, whether or not it is sufficient to perform the lease contract.

(t) "Merchant lessee" means a lessee that is a merchant with respect to goods of the kind subject to the lease.

(u) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate was not manifestly unreasonable at the time the transaction was entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(v) "Purchase" includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

(w) "Sublease" means a lease of goods the right to possession and use of which was acquired by the lessor as a lessee under an existing lease.

(x) "Supplier" means a person from whom a lessor buys or leases goods to be leased under a finance lease.

(y) "Supply contract" means a contract under which a lessor buys or leases goods to be leased.

(z) "Termination" occurs when either party pursuant to a power created by agreement or law puts an end to the lease contract otherwise than for default.

(4) In addition, Division 1 contains general definitions and principles of construction and interpretation applicable throughout this division.

10104. (1) A lease, although subject to this division, is also subject to any applicable:

(a) Statute of the United States.

(b) Certificate of title statute of this state, including the provisions of the Vehicle Code that require registration of a vehicle or boat and provisions of the Health and Safety Code that require registration of a mobilehome or commercial coach.

(c) Certificate of title statute of another jurisdiction (Section 10105).

(d) Consumer law of this state, both decisional and statutory, including, to the extent that they apply to a consumer lease transaction, Chapter 5 (commencing with Section 17200) of Part 2 of Division 7 of the Business and Professions Code, Chapter 1 (commencing with Section 17500) of Part 3 of Division 7 of the Business and Professions Code, and Part 4 (commencing with

Section 1725) of Division 3 of the Civil Code.

(2) In case of conflict between the provisions of this division, other than Section 10105, subdivision (3) of Section 10304, and subdivision (3) of Section 10305, and any statute referred to in subdivision (1), the provisions of that statute control.

(3) Failure to comply with any applicable statute has only the effect specified therein.

10105. Subject to the provisions of subdivision (3) of Section 10304 and subdivision (3) of Section 10305, with respect to goods covered by a certificate of title issued under a statute of this state or of another jurisdiction, compliance and the effect of compliance or noncompliance with a certificate of title statute are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until the earlier of (a) surrender of the certificate or (b) four months after the goods are removed from that jurisdiction and thereafter until a new certificate of title is issued by another jurisdiction.

10106. (1) If the law chosen by the parties to a consumer lease is that of a jurisdiction other than a jurisdiction in which the lessee resides at the time the lease agreement becomes enforceable or within 30 days thereafter or in which the goods are to be used, the choice is not enforceable.

(2) If the judicial forum chosen by the parties to a consumer lease is in a county other than the county in which the lessee in fact signed the lease, the county in which the lessee resides at the commencement of the action, the county in which the lessee resided at the time the lease contract became enforceable, or the county in which the goods are permanently stored, the choice is not enforceable.

10107. Any claim or right arising out of an alleged default or breach of warranty may be discharged in whole or in part without consideration by a written waiver or renunciation signed and delivered by the aggrieved party.

## CHAPTER 2. FORMATION AND CONSTRUCTION OF LEASE CONTRACT

10201. (1) A lease contract is not enforceable by way of action or defense unless:

(a) In a lease contract that is not a consumer lease, the total payments to be made under the lease contract, excluding payments for options to renew or buy, is less than one thousand dollars ($1,000); or

(b) There is a writing, signed by the party against whom enforcement is sought or by that party's authorized agent, sufficient to indicate that a lease contract has been made between the parties and to describe the goods leased and the lease term.

(2) Any description of leased goods or of the lease term is sufficient and satisfies paragraph (b) of subdivision (1), whether or

not it is specific, if it reasonably identifies what is described.

(3) A writing is not insufficient because it omits or incorrectly states a term agreed upon, but the lease contract is not enforceable under paragraph (b) of subdivision (1) beyond the lease term and the quantity of goods shown in the writing.

(4) A lease contract that does not satisfy the requirements of subdivision (1), but which is valid in other respects, is enforceable:

(a) If the goods are to be specially manufactured or obtained for the lessee and are not suitable for lease or sale to others in the ordinary course of the lessor's business, and the lessor, before notice of repudiation is received and under circumstances that reasonably indicate that the goods are for the lessee, has made either a substantial beginning of their manufacture or commitments for their procurement;

(b) If the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court that a lease contract was made, but the lease contract is not enforceable under this provision beyond the quantity of goods admitted; or

(c) With respect to goods that have been received and accepted by the lessee.

(5) The lease term under a lease contract referred to in subdivision (4) is:

(a) If there is a writing signed by the party against whom enforcement is sought or by that party's authorized agent specifying the lease term, the term so specified;

(b) If the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court a lease term, the term so admitted; or

(c) A reasonable lease term.

10202. Terms with respect to which the confirmatory memoranda of the parties agree or which are otherwise set forth in a writing intended by the parties as a final expression of their agreement with respect to such terms as are included therein may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement but may be explained or supplemented:

(a) By course of dealing or usage of trade or by course of performance; and

(b) By evidence of consistent additional terms unless the court finds the writing to have been intended also as a complete and exclusive statement of the terms of the agreement.

10204. (1) A lease contract may be made in any manner sufficient to show agreement, including conduct by both parties which recognizes the existence of a lease contract.

(2) An agreement sufficient to constitute a lease contract may be found although the moment of its making is undetermined.

(3) Although one or more terms are left open, a lease contract does not fail for indefiniteness if the parties have intended to make a lease contract and there is a reasonably certain basis for giving an

appropriate remedy.

10205. An offer by a merchant to lease goods to or from another person is a signed writing that by its terms gives assurance it will be held open is not revocable, for lack of consideration, during the time stated or, if no time is stated, for a reasonable time, but in no event may the period of irrevocability exceed three months. Any such term of assurance on a form supplied by the offeree must be separately signed by the offeror.

10206. (1) Unless otherwise unambiguously indicated by the language or circumstances, an offer to make a lease contract must be construed as inviting acceptance in any manner and by any medium reasonable in the circumstances.

(2) If the beginning of a requested performance is a reasonable mode of acceptance, an offeror who is not notified of acceptance within a reasonable time may treat the offer as having lapsed before acceptance.

10207. (1) If a lease contract involves repeated occasions for performance by either party with knowledge of the nature of the performance and opportunity for objection to it by the other, any course of performance accepted or acquiesced in without objection is relevant to determine the meaning of the lease agreement.

(2) The express terms of a lease agreement and any course of performance, as well as any course of dealing and usage of trade, must be construed whenever reasonable as consistent with each other, but if that construction is unreasonable, express terms control course of performance, course of performance controls both course of dealing and usage of trade, and course of dealing controls usage of trade.

(3) Subject to the provisions of Section 10208 on modification and waiver, course of performance is relevant to show a waiver or modification of any term inconsistent with the course of performance.

10208. (1) An agreement modifying a lease contract needs no consideration to be binding.

(2) A signed lease agreement that excludes modification or rescission except by a signed writing may not be otherwise modified or rescinded, but, except as between merchants, such a requirement on a form supplied by a merchant must be separately signed by the other party.

(3) Although an attempt at modification or rescission does not satisfy the requirements of subdivision (2), it may operate as a waiver.

(4) A party who has made a waiver affecting an executory portion of a lease contract may retract the waiver by reasonable notification received by the other party that strict performance will be required of any term waived, unless the retraction would be unjust in view of a material change of position in reliance on the waiver.

10209. (1) The benefit of the supplier's promises to the lessor under the supply contract and of all warranties, whether express or

implied, under the supply contract, extends to the lessee to the extent of the lessee's leasehold interest under a finance lease related to the supply contract, but subject to the terms of the supply contract and all of the supplier's defenses or claims arising therefrom.

(2) The extension of the benefit of the supplier's promises and warranties to the lessee (subdivision (1) of Section 10209) does not: (a) modify the rights and obligations of the parties to the supply contract, whether arising therefrom or otherwise, or (b) impose any duty or liability under the supply contract on the lessee.

(3) Any modification or rescission of the supply contract by the supplier and the lessor is effective against the lessee unless, prior to the modification or rescission, the supplier has received notice that the lessee has entered into a finance lease related to the supply contract. If the supply contract is modified or rescinded after the lessee enters the finance lease, the lessee has a cause of action against the lessor. The lessee's recovery from such action shall put the lessee in as good a position as if the modification or rescission had not occurred.

10210. (1) Express warranties by the lessor are created as follows:

(a) Any affirmation of fact or promise made by the lessor to the lessee which relates to the goods and becomes part of the basis of the bargain creates an express warranty that the goods will conform to the affirmation or promise.

(b) Any description of the goods which is made part of the basis of the bargain creates an express warranty that the goods will conform to the description.

(c) Any sample or model that is made part of the basis of the bargain creates an express warranty that the whole of the goods will conform to the sample or model.

(2) It is not necessary to the creation of an express warranty that the lessor use formal words, such as "warrant" or "guarantee," or that the lessor have a specific intention to make a warranty, but an affirmation merely of the value of the goods or a statement purporting to be merely the lessor's opinion or commendation of the goods does not create a warranty.

10211. (1) There is in a lease contract a warranty that for the lease term no person holds a claim to or interest in the goods that arose from an act or omission of the lessor, other than a claim by way of infringement or the like, which will interfere with the lessee's enjoyment of its leasehold interest.

(2) Except in a finance lease, there is in a lease contract by a lessor who is a merchant regularly dealing in goods of the kind a warranty that the goods are delivered free of the rightful claim of any person by way of infringement or the like.

(3) A lessee who furnishes specifications to a lessor or a supplier shall hold the lessor and the supplier harmless against any claim by the way of infringement or the like that arises out of compliance with the specifications.

10212. (1) Except in a finance lease, a warranty that the goods will be merchantable is implied in a lease contract if the lessor is a merchant with respect to goods of that kind.

(2) Goods to be merchantable must be at least such as:

(a) Pass without objection in the trade under the description in the lease agreement;

(b) In the case of fungible goods, are of fair average quality within the description;

(c) Are fit for the ordinary purposes for which goods of that type are used;

(d) Run, within the variation permitted by the lease agreement, of even kind, quality, and quantity within each unit and among all units involved;

(e) Are adequately contained, packaged, and labeled as the lease agreement may require; and

(f) Conform to any promises or affirmations of fact made on the container or label.

(3) Other implied warranties may arise from course of dealing or usage of trade.

10213. Except in a finance lease, if the lessor at the time the lease contract is made has reason to know of any particular purpose for which the goods are required and that the lessee is relying on the lessor's skill or judgment to select or furnish suitable goods, there is in the lease contract an implied warranty that the goods will be fit for that purpose.

10214. (1) Words or conduct relevant to the creation of an express warranty and words or conduct tending to negate or limit a warranty must be construed wherever reasonable as consistent with each other; but, subject to the provisions of Section 10202 on parol or extrinsic evidence, negation or limitation is inoperative to the extent that the construction is unreasonable.

(2) Subject to subdivision (3), to exclude or modify the implied warranty of merchantability or any part of it the language must mention "merchantability," be by a writing, and be conspicuous. Subject to subdivision (3), to exclude or modify any implied warranty of fitness the exclusion must be by a writing and be conspicuous. Language to exclude all implied warranties of fitness is sufficient if it is in writing, is conspicuous and states, for example, "There is no warranty that the goods will be fit for a particular purpose."

(3) Notwithstanding subdivision (2), but subject to subdivision (4),

(a) Unless the circumstances indicate otherwise, all implied warranties are excluded by expressions like "as is," or "with all faults," or by other language that in common understanding calls the lessee's attention to the exclusion of warranties and makes plain that there is no implied warranty, if in writing and conspicuous;

(b) If the lessee before entering into the lease contract has examined the goods or the sample or model as fully as desired or has

refused to examine the goods, there is no implied warranty with regard to defects that an examination ought in the circumstances to have revealed; and

(c) An implied warranty may also be excluded or modified by course of dealing, course of performance, or usage of trade.

(4) To exclude or modify a warranty against interference or against infringement (Section 10211) or part of it, the language must be specific, be by a writing, and be conspicuous, unless the circumstances, including course of performance, course of dealing, or usage of trade, give the lessee reason to know that the goods are being leased subject to a claim or interest of any person.

10215. Warranties, whether express or implied, must be construed as consistent with each other and as cumulative, but if that construction is unreasonable, the intention of the parties determines which warranty is dominant. In ascertaining that intention the following rules apply:

(a) Exact or technical specifications displace an inconsistent sample or model or general language of description.

(b) A sample from an existing bulk displaces inconsistent general language of description.

(c) Express warranties displace inconsistent implied warranties other than an implied warranty of fitness for a particular purpose.

10217. Identification of goods as goods to which a lease contract refers may be made at any time and in any manner explicitly agreed to by the parties. In the absence of explicit agreement, identification occurs:

(a) When the lease contract is made if the lease contract is for a lease of goods that are existing and identified;

(b) When the goods are shipped, marked, or otherwise designated by the lessor as goods to which the lease contract refers, if the lease contract is for a lease of goods that are not existing and identified; and

(c) When the young are conceived, if the lease contract is for a lease of unborn young of animals.

10218. (1) A lessee obtains an insurable interest when existing goods are identified to the lease contract even though the goods identified are nonconforming and the lessee has an option to reject them.

(2) If a lessee has an insurable interest only by reason of the lessor's identification of the goods, the lessor, until default or insolvency or notification to the lessee that identification is final, may substitute other goods for those identified.

(3) Notwithstanding a lessee's insurable interest under subdivisions (1) and (2), the lessor retains an insurable interest until an option to buy has been exercised by the lessee and risk of loss has passed to the lessee.

(4) Nothing in this section impairs any insurable interest recognized under any other statute or rule of law.

(5) The parties by agreement may determine that one or more parties have an obligation to obtain and pay for insurance covering

the goods and by agreement may determine the beneficiary of the proceeds of the insurance.

10219. (1) Except in the case of a finance lease, risk of loss is retained by the lessor and does not pass to the lessee. In the case of a finance lease, risk of loss passes to the lessee.

(2) Subject to the provisions of this division on the effect of default on risks of loss (Section 10220), if risk of loss is to pass to the lessee and the time of passage is not stated, the following rules apply:

(a) If the lease contract requires or authorizes the goods to be shipped by carrier

(i) And it does not require delivery at a particular destination, the risk of loss passes to the lessee when the goods are duly delivered to the carrier; but

(ii) If it does require delivery at a particular destination and the goods are there duly tendered while in the possession of the carrier, the risk of loss passes to the lessee when the goods are there duly so tendered as to enable the lessee to take delivery.

(b) If the goods are held by a bailee to be delivered without being moved, the risk of loss passes to the lessee on acknowledgment by the bailee of the lessee's right to possession of the goods.

(c) In any case not within subdivision (a) or (b), the risk of loss passes to the lessee on the lessee's receipt of the goods if the lessor, or, in the case of a finance lease, the supplier, is a merchant; otherwise the risk passes to the lessee on tender of delivery.

10220. (1) Where risk of loss is to pass to the lessee and the time of passage is not stated:

(a) If a tender or delivery of goods so fails to conform to the lease contract as to give a right of rejection, the risk of their loss remains with the lessor, or, in the case of a finance lease, the supplier, until cure or acceptance.

(b) If the lessee rightfully revokes acceptance, he or she, to the extent of any deficiency in his or her effective insurance coverage, may treat the risk of loss as having remained with the lessor from the beginning.

(2) Whether or not risk of loss is to pass to the lessee, if the lessee as to conforming goods already identified to a lease contract repudiates or is otherwise in default under the lease contract, the lessor, or, in the case of a finance lease, the supplier, to the extent of any deficiency in his or her effective insurance coverage may treat the risk of loss as resting on the lessee for a commercially reasonable time.

10221. If a lease contract requires goods identified when the lease contract is made, and the goods suffer casualty without fault of the lessee, the lessor, or the supplier before delivery, or the goods suffer casualty before risk of loss passes to the lessee pursuant to the lease agreement or Section 10219, then:

(a) If the loss is total, the lease contract is avoided; and

(b) If the loss is partial or the goods have so deteriorated as to no longer conform to the lease contract, the lessee may nevertheless

demand inspection and at his or her option either treat the lease contract as avoided or, except in a finance lease, accept the goods with due allowance from the rent payable for the balance of the lease term for the deterioration or the deficiency in quantity but without further right against the lessor.

## CHAPTER 3. EFFECT OF LEASE CONTRACT

10301. Except as otherwise provided in this division, a lease contract is effective and enforceable according to its terms between the parties, against purchasers of the goods and against creditors of the parties.

10302. Except as otherwise provided in this division, each provision of this division applies whether the lessor or a third party has title to the goods, and whether the lessor, the lessee, or a third party has possession of the goods, notwithstanding any statute or rule of law that possession or the absence of possession is fraudulent.

10303. (1) Any interest of a party under a lease contract and the lessor's residual interest in the goods may be transferred unless:

(a) Except as provided in paragraph (a) of subdivision (3), the transfer is voluntary and the lease contract prohibits the transfer; or

(b) Except as provided in paragraph (c) or (d) of subdivision (3), the transfer materially changes the duty of or materially increases the burden or risk imposed on the other party to the lease contract, and within a reasonable time after notice of the transfer the other party demands that the transferee comply with subdivision (2) and the transferee fails to comply.

(2) Within a reasonable time after demand pursuant to paragraph (b) of subdivision (1), the transferee shall:

(a) Cure or provide adequate assurance that he or she will promptly cure any default other than one arising from the transfer;

(b) Compensate or provide adequate assurance that he or she will promptly compensate the other party to the lease contract and any other person holding an interest in the lease contract, except the party whose interest is being transferred, for any loss to that party resulting from the transfer;

(c) Provide adequate assurance of future due performance under the lease contract; and

(d) Assume the lease contract.

(3) (a) No prohibition upon transfer of any interest of a party under a lease contract or the lessor's residual interest in the goods shall invalidate the creation or enforcement of a security interest in any interest of the lessor under a lease contract or the lessor's residual interest in the goods.

(b) Demand pursuant to paragraph (b) of subdivision (1) is without prejudice to the other party's rights against the transferee and the party whose interest is transferred.

(c) Paragraph (b) of subdivision (1) shall not apply to (i) the creation of a security interest in (A) the interest of the lessor under

the lease contract or (B) the lessor's residual interest in the goods, or (ii) the exercise of rights as a secured party pursuant to the security interest other than a transfer of the interest of the lessor under the lease contract or the lessor's residual interest in the goods pursuant to Section 9504 or 9505.

(d) Paragraph (b) of subdivision (1) shall not affect the validity of a provision in a lease contract obligating the lessee to keep the lessee's interest in the lease contract or the goods free from liens or encumbrances.

(4) An assignment of "the lease" or of "all my rights under the lease" or an assignment in similar general terms is a transfer of rights, and unless the language or the circumstances, as in an assignment for security, indicate the contrary, the assignment is a delegation of duties by the assignor to the assignee and acceptance by the assignee constitutes a promise by him or her to perform those duties. This promise is enforceable by either the assignor or the other party to the lease contract.

(5) Unless otherwise agreed by the lessor and the lessee, no delegation of performance relieves the assignor as against the other party of any duty to perform or any liability for default.

(6) A right to damages for default with respect to the whole lease contract or a right arising out of the assignor's due performance of his or her entire obligation can be assigned despite agreement otherwise.

(7) To prohibit the transfer of an interest of a party under a lease contract, the language of prohibition must be specific, by a writing, and conspicuous.

10304. (1) Subject to the provisions of Section 10303, a subsequent lessee from a lessor of goods under an existing lease contract obtains, to the extent of the leasehold interest transferred, the leasehold interest in the goods that the lessor had or had power to transfer and, except as provided in subdivision (2) of this section and subdivision (4) of Section 10527, takes subject to the existing lease contract. A lessor with voidable title has power to transfer a good leasehold interest to a good faith subsequent lessee for value, but only to the extent set forth in the preceding sentence. When goods have been delivered under a transaction of purchase the lessor has that power even though:

(a) The lessor's transferor was deceived as to the identity of the lessor;

(b) The delivery was in exchange for a check which is later dishonored;

(c) It was agreed that the transaction was to be a "cash sale;" or

(d) The delivery was procured through fraud punishable as larcenous under the criminal law.

(2) A subsequent lessee in the ordinary course of business from a lessor who is a merchant dealing in goods of that kind to whom the goods were entrusted by the existing lessee of that lessor before the interest of the subsequent lessee became enforceable against that

lessor obtains, to the extent of the leasehold interest transferred, all of that lessor's and the existing lessee's rights to the goods and takes free of the existing lease contract.

(3) A subsequent lessee from the lessor of goods that are subject to an existing lease contract and are covered by a certificate of title issued under a statute of this state or of another jurisdiction takes no greater rights than those provided both by this section and by the certificate-of-title statute.

10305. (1) Subject to the provisions of Section 10303, a buyer or sublessee from the lessee of goods under an existing lease contract obtains, to the extent of the interest transferred, the leasehold interest in the goods that the lessee had or had power to transfer and, except as provided in subdivision (2) of this section and subdivision (4) of Section 10511, takes subject to the existing lease contract. A lessee with a voidable leasehold interest has power to transfer a good leasehold interest to a good faith buyer for value or a good faith sublessee for value, but only to the extent set forth in the preceding sentence. When goods have been delivered under a transaction of lease the lessee has that power even though:

(a) The lessor was deceived as to the identity of the lessee;

(b) The delivery was in exchange for a check which is later dishonored; or

(c) The delivery was procured through fraud punishable as larcenous under the criminal law.

(2) A buyer in the ordinary course of business or a sublessee in the ordinary course of business from a lessee who is a merchant dealing in goods of that kind to whom the goods were entrusted by the lessor obtains, to the extent of the interest transferred, all of the lessor's and lessee's rights to the goods, and takes free of the existing lease contract.

(3) A buyer or sublessee from the lessee of goods that are subject to an existing lease contract and are covered by a certificate of title issued under a statute of this state or of another jurisdiction takes no greater rights than those provided both by this section and by the certificate-of-title statute.

10306. If a person in the ordinary course of his or her business furnishes services or materials with respect to goods subject to a lease contract, a lien upon those goods in the possession of that person given by statute or rule of law for those materials or services takes priority over any interest of the lessor or lessee under the lease contract or this division unless the lien is created by statute and the statute provides otherwise or unless the lien is created by rule of law and the rule of law provides otherwise.

10307. (1) Except as otherwise provided in Section 10306, a creditor of a lessee takes subject to the lease contract.

(2) Except as otherwise provided in subdivisions (3) and (4) of this section and in Sections 10306 and 10308, a creditor of a lessor takes subject to the lease contract:

(a) Unless the creditor holds a lien that attached to the goods

before the lease contract became enforceable;

(b) Unless the creditor holds a security interest in the goods and the lessee did not give value and receive delivery of the goods without knowledge of the security interest; or

(c) Unless the creditor holds a security interest in the goods that attached and was perfected before (i) the lease contract became enforceable , (ii) the lessee gave value and received delivery of the goods, or (iii) in the case of a purchase money security interest, the date that is 20 days after either the lessor or the lessee received possession of the goods.

(3) A lessee in the ordinary course of business takes the leasehold interest free of a security interest in the goods created by the lessor even though the security interest is perfected and the lessee knows of its existence.

(4) A lessee other than a lessee in the ordinary course of business takes the leasehold interest free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the lease unless the future advances are made pursuant to a commitment entered into without knowledge of the lease.

10308. (1) A creditor of a lessor in possession of goods subject to a lease contract may treat the lease contract as void if as against the creditor retention of possession by the lessor is fraudulent or void under any statute or rule of law, but retention of possession in good faith and current course of trade by the lessor for a commercially reasonable time after the lease contract becomes enforceable is not fraudulent or void.

(2) Nothing in this division impairs the rights of creditors of a lessor if the lease contract is made under circumstances which under any statute or rule of law apart from this division would constitute the transaction a fraudulent transfer or voidable preference.

(3) A creditor of a seller may treat a sale or an identification of goods to a contract for sale as void if as against the creditor retention of possession by the seller is fraudulent under any statute or rule of law, but retention of possession of the goods pursuant to a lease contract entered into by the seller as lessee and the buyer as lessor in connection with the sale or identification of the goods is not fraudulent if the buyer bought for value and in good faith.

10309. (1) In this section:

(a) Goods are "fixtures" when they become so related to particular real estate that an interest in them arises under real estate law.

(b) A "fixture filing" is the filing, in the office where a mortgage on the real estate would be recorded, of a financing statement covering goods that are or are to become fixtures and conforming to the requirements of subdivision (5) of Section 9402.

(c) A lease is a "purchase money lease" unless the lessee has possession or use of the goods or the right to possession or use of the goods before the lease agreement is enforceable.

(d) A mortgage is a "construction mortgage" to the extent it

secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates.

(e) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests.

(2) Under this division a lease may be of goods that are fixtures or may continue in goods that become fixtures, but no lease exists under this division of ordinary building materials incorporated into an improvement on land.

(3) This division does not prevent creation of a lease of fixtures pursuant to real estate law.

(4) The interest of a lessor of fixtures has priority over a conflicting interest of an encumbrancer or owner of the real estate if:

(a) The lease is a purchase money lease, the conflicting interest of the encumbrancer or owner arises before the goods become fixtures, a fixture filing covering the fixtures is filed before the goods become fixtures or within 20 days thereafter, and the lessee has an interest of record in the real estate or is in possession of the real estate;

(b) A fixture filing covering the fixtures is filed before the interest of the encumbrancer or owner is of record, the lessor's interest has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the lessee has an interest of record in the real estate or is in possession of the real estate;

(c) The fixtures are readily removable factory or office machines, readily removable equipment that is not primarily used or leased for use in the operation of the real estate, or readily removable replacements of domestic appliances that are goods subject to a consumer lease;

(d) The conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the lease contract is enforceable;

(e) The encumbrancer or owner has consented in writing to the lease or has disclaimed an interest in the goods as fixtures; or

(f) The lessee has a right to remove the goods as against the encumbrancer or owner. If the lessee's right to remove terminates, the priority of the interest of the lessor continues for a reasonable time.

(5) Notwithstanding paragraph (a) of subdivision (4) but otherwise subject to subdivision (4), the interest of a lessor of fixtures is subordinate to the conflicting interest of an encumbrancer of the real estate under a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent given to refinance a construction mortgage, the conflicting interest of an encumbrancer of the real estate under a mortgage has this priority to the same extent as the encumbrancer of the real estate under the construction mortgage.

(6) In cases not within the preceding subdivisions, priority

between the interest of a lessor of fixtures and the conflicting interest of an encumbrancer or owner of the real estate who is not the lessee is determined by the priority rules governing conflicting interests in real estate.

(7) If the interest of a lessor has priority over all conflicting interests of all owners and encumbrancers of the real estate, the lessor or the lessee may (a) on default, expiration, termination, or cancellation of the lease agreement by the other party but subject to the provisions of the lease agreement and this division, or (b) if necessary to enforce his or her other rights and remedies under this division, remove the goods from the real estate, free and clear of all conflicting interests of all owners and encumbrancers of the real estate, but he or she must reimburse any encumbrancer or owner of the real estate who is not the lessee and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by any necessity of replacing them. A person entitled to reimbursement may refuse permission to remove until the party seeking removal gives adequate security for the performance of this obligation.

10310. (1) Goods are "accessions" when they are installed in or affixed to other goods.

(2) The interest of a lessor or a lessee under a lease contract entered into before the goods became accessions is superior to all interests in the whole except as stated in subdivision (4).

(3) The interest of a lessor or a lessee under a lease contract entered into at the time or after the goods became accessions is superior to all subsequently acquired interests in the whole except as stated in subdivision (4) but is subordinate to interests in the whole existing at the time the lease contract was made unless the holders of such interests in the whole have in writing consented to the lease or disclaimed an interest in the goods as part of the whole.

(4) The interest of a lessor or a lessee under a lease contract described in subdivision (2) or (3) is subordinate to the interest of:

(a) A buyer in the ordinary course of business or a lessee in the ordinary course of business of any interest in the whole acquired after the goods became accessions; or

(b) A creditor with a security interest in the whole perfected before the lease contract was made to the extent that the creditor makes subsequent advances without knowledge of the lease contract.

(5) When under subdivision (2) or (3) and (4) a lessor or a lessee of accessions holds an interest that is superior to all interests in the whole, the lessor or the lessee may (a) on default, expiration, termination, or cancellation of the lease contract by the other party but subject to the provisions of the lease contract and this division, or (b) if necessary to enforce his or her other rights and remedies under this division, remove the goods from the whole, free and clear of all interests in the whole, but he or she must reimburse any holder

of an interest in the whole who is not the lessee and who has not otherwise agreed for the cost of repair of any physical injury but not for any diminution in value of the whole caused by the absence of the goods removed or by any necessity for replacing them. A person entitled to reimbursement may refuse permission to remove until the party seeking removal gives adequate security for the performance of this obligation.

## CHAPTER 4. PERFORMANCE OF LEASED CONTRACT: REPUDIATED, SUBSTITUTED, AND EXCUSED

10401. (1) A lease contract imposes an obligation on each party that the other's expectation of receiving due performance will not be impaired.

(2) If reasonable grounds for insecurity arise with respect to the performance of either party, the insecure party may demand in writing adequate assurance of due performance. Until the insecure party receives that assurance, if commercially reasonable the insecure party may suspend any performance for which he or she has not already received the agreed return.

(3) A repudiation of the lease contract occurs if assurance of due performance adequate under the circumstances of the particular case is not provided to the insecure party within a reasonable time, not to exceed 30 days after receipt of a demand by the other party.

(4) Between merchants, the reasonableness of grounds for insecurity and the adequacy of any assurance offered must be determined according to commercial standards.

(5) Acceptance of any nonconforming delivery or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance.

10402. (1) If either party repudiates a lease contract with respect to a performance not yet due under the lease contract, the loss of which performance will substantially impair the value of the lease contract to the other, the aggrieved party may:

(a) For a commercially reasonable time, await retraction of repudiation and performance by the repudiating party;

(b) Make demand pursuant to Section 10401 and await assurance of future performance adequate under the circumstances of the particular case; or

(c) Resort to any right or remedy upon default under the lease contract or this division, even though the aggrieved party has notified the repudiating party that the aggrieved party would await the repudiating party's performance and assurance and has urged retraction. In addition, whether or not the aggrieved party is pursuing one of the foregoing remedies, the aggrieved party may suspend performance or, if the aggrieved party is the lessor, proceed in accordance with the provisions of this division on the lessor's right to identify goods to the lease contract notwithstanding default or to salvage unfinished goods (Section 10524).

(2) In the case of a consumer lease, the aggrieved party shall have the burden of establishing that the other party repudiated the lease contract and that the repudiation substantially impaired the value of the lease contract.

10403. (1) Until the repudiating party's next performance is due, the repudiating party can retract the repudiation unless, since the repudiation, the aggrieved party has canceled the lease contract or materially changed the aggrieved party's position or otherwise indicated that the aggrieved party considers the repudiation final.

(2) Retraction may be by any method that clearly indicates to the aggrieved party that the repudiating party intends to perform under the lease contract and includes any assurance demanded under Section 10401.

(3) Retraction reinstates a repudiating party's rights under a lease contract with due excuse and allowance to the aggrieved party for any delay occasioned by the repudiation.

10404. (1) If without fault of the lessee, the lessor, and the supplier, the agreed berthing, loading, or unloading facilities fail or the agreed type of carrier becomes unavailable or the agreed manner of delivery otherwise becomes commercially impracticable, but a commercially reasonable substitute is available, the substitute performance must be tendered and accepted.

(2) If the agreed means or manner of payment fails because of domestic or foreign governmental regulation:

(a) The lessor may withhold or stop delivery or cause the supplier to withhold or stop delivery unless the lessee provides a means or manner of payment that is commercially a substantial equivalent; or

(b) If delivery has already been taken, payment by the means or in the manner provided by the regulation discharges the lessee's obligation unless the regulation is discriminatory, oppressive, or predatory.

10405. Subject to Section 10404 on substituted performance, the following rules apply:

(a) Delay in delivery or nondelivery in whole or in part by a lessor or a supplier who complies with paragraphs (b) and (c) is not a default under the lease contract if performance as agreed has been made impracticable by the occurrence of a contingency the nonoccurrence of which was a basic assumption on which the lease contract was made or by compliance in good faith with any applicable foreign or domestic governmental regulation or order, whether or not the regulation or order later proves to be invalid.

(b) If the causes mentioned in paragraph (a) affect only part of the lessor's or the supplier's capacity to perform, he or she shall allocate production and deliveries among his or her customers but at his or her option may include regular customers not then under contract for sale or lease as well as his or her own requirements for further manufacture. He or she may so allocate in any manner that is fair and reasonable.

(c) The lessor seasonably shall notify the lessee and in the case of

a finance lease the supplier seasonably shall notify the lessor and the lessee, if known, that there will be delay or nondelivery and, if allocation is required under paragraph (b), of the estimated quota thus made available for the lessee.

10406. (1) If the lessee receives notification of a material or indefinite delay or an allocation justified under Section 10405, the lessee may by written notification to the lessor as to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (Section 10510):

(a) Terminate the lease contract (subdivision (2) of Section 10505); or

(b) Except in a finance lease, modify the lease contract by accepting the available quota in substitution, with due allowance from the rent payable for the balance of the lease term for the deficiency but without further right against the lessor.

(2) If, after receipt of a notification from the lessor under Section 10405, the lessee fails so to modify the lease agreement within a reasonable time not exceeding 30 days, the lease contract lapses with respect to any deliveries affected.

10407. (1) In the case of a finance lease that is not a consumer lease, the lessee's promises under the lease contract become irrevocable and independent upon the lessee's acceptance of the goods.

(2) A promise that has become irrevocable and independent under subdivision (1):

(a) Is effective and enforceable between the parties, and by or against third parties including assignees of the parties, and

(b) Is not subject to cancellation, termination, modification, repudiation, excuse, or substitution without the consent of the party to whom the promise runs.

(3) This section shall not affect the validity under any other law of a covenant in any lease contract making the lessee's promises irrevocable and independent upon the lessee's acceptance of the goods.

## CHAPTER 5. DEFAULT

### Article 1. In General

10501. (1) Whether the lessor or the lessee is in default under a lease contract is determined by the lease agreement and this division.

(2) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement has rights and remedies as provided in this division and, except as limited by this division, as provided in the lease agreement.

(3) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement may reduce the party's claim to

judgment, or otherwise enforce the lease contract by self-help or any available judicial procedure or nonjudicial procedure, including administrative proceedings, arbitration, or the like, in accordance with this division.

(4) Except as otherwise provided in this division or the lease agreement, the rights and remedies referred to in subdivisions (2) and (3) are cumulative.

(5) If the lease agreement covers both real property and goods, the party seeking enforcement may proceed under this chapter as to the goods, or under other applicable law as to both the real property and the goods in accordance with his or her rights and remedies in respect of the real property, in which case this chapter does not apply.

10502. Except as otherwise provided in this division or the lease agreement, the lessor or lessee in default under the lease contract is not entitled to notice of default or notice of enforcement from the other party to the lease agreement.

10503. (1) Except as otherwise provided in this division, the lease agreement may include rights and remedies for default in addition to or in substitution for those provided in this division and may limit or alter the measure of damages recoverable under this division.

(2) Resort to a remedy provided under this division or in the lease agreement is optional unless the remedy is expressly agreed to be exclusive. If circumstances cause an exclusive or limited remedy to fail of its essential purpose, or provision for an exclusive remedy is unconscionable, remedy may be had as provided in this division.

(3) Consequential damages may be liquidated under Section 10504, or may otherwise be limited, altered, or excluded unless the limitation, alteration, or exclusion is unconscionable. Limitation of consequential damages for injury to the person in the case of consumer goods is invalid unless it is proved that the limitation is not unconscionable. Limitation of consequential damages where the loss is commercial is valid unless it is proved that the limitation is unconscionable.

(4) Rights and remedies on default by the lessor or the lessee with respect to any obligation or promise collateral or ancillary to the lease contract are not impaired by this division.

10504. (1) Damages payable by either party for default, or any other act or omission, including indemnity for loss or diminution of anticipated tax benefits or loss or damage to the lessor's residual interest, may be liquidated in the lease agreement subject to and in compliance with Section 1671 of the Civil Code.

(2) If the lease agreement provides for liquidation of damages, and such provision does not comply with Section 1671 of the Civil Code, remedy may be had as provided in this division.

(3) If the lessor justifiably withholds or stops delivery of goods because of the lessee's default or insolvency (Section 10525 or 10526), the lessee is entitled to restitution of any amount by which the sum

of his or her payments exceeds:

(a) The amount to which the lessor is entitled by virtue of terms liquidating the lessor's damages in accordance with subdivision (1); or

(b) In the absence of those terms, 20 percent of the then present value of the total rent the lessee was obligated to pay for the balance of the lease term, or, in the case of a consumer lease, the lesser of such amount or five hundred dollars ($500).

(4) A lessee's right to restitution under subdivision (3) is subject to offset to the extent the lessor establishes:

(a) A right to recover damages under the provisions of this division other than subdivision (1); and

(b) The amount or value of any benefits received by the lessee directly or indirectly by reason of the lease contract.

10505. (1) On cancellation of the lease contract, all obligations that are still executory on both sides are discharged, but any right based on prior default or performance survives, and the canceling party also retains any remedy for default of the whole lease contract or any unperformed balance.

(2) On termination of the lease contract, all obligations that are still executory on both sides are discharged but any right based on prior default or performance survives.

(3) Unless the contrary intention clearly appears, expressions of "cancellation," "rescission," or the like of the lease contract may not be construed as a renunciation or discharge of any claim in damages for an antecedent default.

(4) Rights and remedies for material misrepresentation or fraud include all rights and remedies available under this division for default.

(5) Neither rescission nor a claim for rescission of the lease contract nor rejection or return of the goods may bar or be deemed inconsistent with a claim for damages or other right or remedy.

10506. (1) An action for default under a lease contract, including breach of warranty or indemnity, must be commenced within four years after the cause of action accrued. In a lease contract that is not a consumer lease, by the original lease contract the parties may reduce the period of limitation to not less than one year.

(2) A cause of action for default accrues when the act or omission on which the default or breach of warranty is based is or should have been discovered by the aggrieved party, or when the default occurs, whichever is later. A cause of action for indemnity accrues (a) in the case of an indemnity against liability, when the act or omission on which the claim for indemnity is based is or should have been discovered by the indemnified party, whichever is later, or (b) in the case of an indemnity against loss or damage, when the person indemnified makes payment thereof.

(3) If an action commenced within the time limited by subdivision (1) is so terminated as to leave available a remedy by another action for the same default or breach of warranty or

indemnity, the other action may be commenced after the expiration of the time limit and within six months after the termination of the first action unless the termination resulted from voluntary discontinuance or from dismissal for failure or neglect to prosecute.

(4) This section does not alter the law on tolling of the statute of limitations nor does it apply to causes of action that have accrued before the operative date of this division.

10507. (1) Damages based on market rent (Section 10519 or 10528) are determined according to the rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the time of the default.

(2) If evidence of rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the times or places described in this division is not readily available, the rent prevailing within any reasonable time before or after the time described or at any other place or for a different lease term which in commercial judgment or under usage of trade would serve as a reasonable substitute for the one described may be used, making any proper allowance for the difference, including the cost of transporting the goods to or from the other place.

(3) Evidence of a relevant rent prevailing at a time or place or for a lease term other than the one described in this division offered by one party is not admissible unless and until he or she has given the other party notice the court finds sufficient to prevent unfair surprise.

(4) If the prevailing rent or value of any goods regularly leased in any established market is in issue, reports in official publications or trade journals or in newspapers or periodicals of general circulation published as the reports of that market are admissible in evidence. The circumstances of the preparation of the report may be shown to affect its weight but not its admissibility.

## Article 2. Default by Lessor

10508. (1) If a lessor fails to deliver the goods in conformity to the lease contract (Section 10509) or repudiates the lease contract (Section 10402), or a lessee rightfully rejects the goods (Section 10509) or justifiably revokes acceptance of the goods (Section 10517), then with respect to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (Section 10510), the lessor is in default under the lease contract and the lessee may:

(a) Cancel the lease contract (subdivision (1) of Section 10505);

(b) Recover so much of the rent and security as has been paid, but in the case of an installment lease contract the recovery is that which is just under the circumstances;

(c) Cover and recover damages as to all goods affected whether

or not they have been identified to the lease contract (Sections 10518 and 10520), or recover damages for nondelivery (Sections 10519 and 10520).

(2) If a lessor fails to deliver the goods in conformity to the lease contract or repudiates the lease contract, the lessee may also:

(a) If the goods have been identified, recover them (Section 10522); or

(b) In a proper case, obtain specific performance or replevy the goods (Section 10521).

(3) If a lessor is otherwise in default under a lease contract, the lessee may exercise any right or remedy provided in this division except to the extent that this division makes the right or remedy available only upon the occurrence of a default described in subdivision (1) or (2).

(4) If a lessor has breached a warranty, whether express or implied, the lessee may recover damages (subdivision (4) of Section 10519).

(5) On rightful rejection or justifiable revocation of acceptance, a lessee has a security interest in goods in the lessee's possession or control for any rent and security that has been paid and any expenses reasonably incurred in their inspection, receipt, transportation, and care and custody, and may hold those goods and dispose of them in good faith and in a commercially reasonable manner, subject to the provisions of subdivision (5) of Section 10527.

(6) Subject to the provisions of Section 10407, a lessee, on notifying the lessor of the lessee's intention to do so, may deduct all or any part of the damages resulting from any default under the lease contract from any part of the rent still due under the same lease contract.

10509. (1) Subject to the provisions of Section 10510 on default in installment lease contracts, if the goods or the tender or delivery fail in any respect to conform to the lease contract, the lessee may reject or accept the goods or accept any commercial unit or units and reject the rest of the goods.

(2) Rejection of goods is ineffective unless it is within a reasonable time after tender or delivery of the goods and the lessee seasonably notifies the lessor.

10510. (1) Under an installment lease contract, a lessee may reject any delivery that is nonconforming if the nonconformity substantially impairs the value of that delivery and cannot be cured or the nonconformity is a defect in the required documents; but if the nonconformity does not fall within subdivision (2) and the lessor or the supplier gives adequate assurance of its cure, the lessee must accept that delivery.

(2) Whenever nonconformity or default with respect to one or more deliveries substantially impairs the value of the installment lease contract as a whole there is a default with respect to the whole. But, the aggrieved party reinstates the installment lease contract as a whole if the aggrieved party accepts a nonconforming delivery without seasonably notifying of cancellation or brings an action with

respect only to past deliveries or demands performance as to future deliveries.

10511. (1) Subject to any security interest of a lessee (subdivision (5) of Section 10508), if a lessor or a supplier has no agent or place of business at the market of rejection, a merchant lessee, after rejection of goods in his or her possession or control, shall follow any reasonable instructions received from the lessor or the supplier with respect to the goods. In the absence of those instructions, a merchant lessee shall make reasonable efforts to sell, lease, or otherwise dispose of the goods for the lessor's account if they threaten to decline in value speedily. Instructions are not reasonable if on demand indemnity for expenses is not forthcoming.

(2) If a merchant lessee (subdivision (1)) or any other lessee (Section 10512) disposes of goods, he or she is entitled to reimbursement either from the lessor or the supplier or out of the proceeds for reasonable expenses of caring for and disposing of the goods and, if the expenses include no disposition commission, to such commission as is usual in the trade or, if there is none, to a reasonable sum not exceeding 10 percent of the gross proceeds.

(3) In complying with this section or Section 10512, the lessee is held only to good faith. Good faith conduct hereunder is neither acceptance or conversion nor the basis of an action for damages.

(4) A purchaser who purchases in good faith from a lessee pursuant to this section or Section 10512 takes the goods free of any rights of the lessor and the supplier even though the lessee fails to comply with one or more of the requirements of this division.

10512. (1) Except as otherwise provided with respect to goods that threaten to decline in value speedily (Section 10511) and subject to any security interest of a lessee (subdivision (5) of Section 10508):

(a) The lessee, after rejection of goods in the lessee's possession, shall hold them with reasonable care at the lessor's or the supplier's disposition for a reasonable time after the lessee's seasonable notification of rejection;

(b) If the lessor or the supplier gives no instructions within a reasonable time after notification of rejection, the lessee may store the rejected goods for the lessor's or the supplier's account or ship them to the lessor or the supplier or dispose of them for the lessor's or the supplier's account with reimbursement in the manner provided in Section 10511; but

(c) The lessee has no further obligations with regard to goods rightfully rejected.

(2) Action by the lessee pursuant to subdivision (1) is not acceptance or conversion.

10513. (1) If any tender or delivery by the lessor or the supplier is rejected because it is nonconforming and the time for performance has not yet expired, the lessor or the supplier may seasonably notify the lessee of the lessor's or the supplier's intention to cure and may then make a conforming delivery within the time provided in the lease contract.

(2) If the lessee rejects a nonconforming tender that the lessor or the supplier had reasonable grounds to believe would be acceptable with or without money allowance, the lessor or the supplier may have a further reasonable time to substitute a conforming tender if he or she seasonably notifies the lessee.

10514. (1) In rejecting goods, a lessee's failure to state a particular defect that is ascertainable by reasonable inspection precludes the lessee from relying on the defect to justify rejection or to establish default:

(a) If, stated seasonably, the lessor or the supplier could have cured it (Section 10513); or

(b) Between merchants if the lessor or the supplier after rejection has made a request in writing for a full and final written statement of all defects on which the lessee proposes to rely.

(2) A lessee's failure to reserve rights when paying rent or other consideration against documents precludes recovery of the payment for defects apparent on the face of the documents.

10515. (1) Acceptance of goods occurs after the lessee has had a reasonable opportunity to inspect the goods and

(a) The lessee signifies or acts with respect to the goods in a manner that signifies to the lessor or the supplier that the goods are conforming or that the lessee will take or retain them in spite of their nonconformity; or

(b) The lessee fails to make an effective rejection of the goods (subdivision (2) of Section 10509).

(2) Acceptance of a part of any commercial unit is acceptance of that entire unit.

10516. (1) A lessee must pay rent for any goods accepted in accordance with the lease contract, with due allowance for goods rightfully rejected or not delivered.

(2) A lessee's acceptance of goods precludes rejection of the goods accepted. In the case of a finance lease, other than a consumer lease in which the supplier assisted in the preparation of the lease contract or participated in negotiating the terms of the lease contract with the lessor, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it. In any other case, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it unless the acceptance was on the reasonable assumption that the nonconformity would be seasonably cured. Acceptance does not of itself impair any other remedy provided by this division or the lease agreement for nonconformity.

(3) If a tender has been accepted:

(a) Within a reasonable time after the lessee discovers or, except in the case of consumer lease, should have discovered any default, (i) the lessee shall notify the lessor, or be barred from any remedy against the lessor, and, in addition, (ii) in the case of a finance lease, the lessee shall notify the supplier or be barred from any remedy against the supplier;

(b) Except in the case of a consumer lease, within a reasonable

time after the lessee receives notice of litigation for infringement or the like (Section 10211) the lessee shall notify the lessor or be barred from any remedy over for liability established by the litigation; and

(c) The burden is on the lessee to establish any default.

(4) If a lessee is sued for breach of a warranty or other obligation for which a lessor or a supplier is answerable over:

(a) The lessee may give the lessor or the supplier written notice of the litigation. If the notice states that the lessor or the supplier may come in and defend and that if the lessor or the supplier does not do so he or she will be bound in any action against him or her by the lessee by any determination of fact common to the two litigations, then unless the lessor or the supplier after seasonable receipt of the notice does come in and defend he or she is so bound.

(b) The lessor or the supplier may demand in writing that the lessee turn over control of the litigation including settlement if the claim is one for infringement or the like (Section 10211) or else be barred from any remedy over. If the demand states that the lessor or the supplier agrees to bear all expense and to satisfy any adverse judgment, then unless the lessee after seasonable receipt of the demand does turn over the control the lessee is so barred.

(5) The provisions of subdivision (3) and (4) apply to any obligation of a lessee to hold the lessor or the supplier harmless against infringement or the like (Section 10211).

10517. (1) A lessee may revoke acceptance of a lot or commercial unit whose nonconformity substantially impairs its value to the lessee if he or she has accepted it:

(a) Except in the case of a finance lease, on the reasonable assumption that its nonconformity would be cured and it has not been seasonably cured; or

(b) Without discovery of the nonconformity if the lessee's acceptance was reasonably induced either by the lessor's assurances or, except in the case of a finance lease, by the difficulty or discovery before acceptance.

(2) Revocation of acceptance must occur within a reasonable time after the lessee discovers or should have discovered the ground for it and before any substantial change in condition of the goods which is not caused by the nonconformity. Revocation is not effective until the lessee notifies the lessor.

(3) A lessee who so revokes has the same rights and duties with regard to the goods involved as if the lessee had rejected them.

10518. (1) After default by a lessor under the lease contract (subdivision (1) of Section 10508), the lessee may cover by making any purchase or lease of or contract to purchase or lease goods in substitution for those due from the lessor.

(2) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or determined by agreement of the parties (subdivision (3) of Section 1102), if a lessee's cover is by lease agreement substantially similar to the original lease agreement and the lease agreement is made in good

faith and in a commercially reasonable manner, the lessee may recover from the lessor as damages (a) the present value, as of the date of default, of the difference between the total rent for the lease term of the new lease agreement and the total rent for the remaining lease term of the original lease agreement and (b) any incidental or consequential damages less expenses saved in consequence of the lessor's default.

(3) If a lessee's cover is by lease agreement that for any reason does not qualify for treatment under subdivision (2), or is by purchase or otherwise, the lessee may recover from the lessor as if the lessee had elected not to cover and Section 10519 governs.

10519. (1) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or determined by agreement of the parties (Section 10503 and subdivision (3) of Section 1102), if a lessee elects not to cover or a lessee elects to cover and the cover is by lease agreement that for any reason does not qualify for treatment under subdivision (2) of Section 10518, or is by purchase or otherwise, the measure of damages for nondelivery or repudiation by the lessor or for rejection or revocation of acceptance by the lessee is the present value as of the date of the default of the difference between the then market rent and the original rent, computed for the remaining lease term of the original lease agreement together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(2) Market rent is to be determined as of the place for tender or, in cases of rejection after arrival or revocation of acceptance, as of the place of arrival.

(3) If the lessee has accepted goods and given notification (subdivision (3) of Section 10516), the measure of damages for nonconforming tender or delivery by a lessor is the loss resulting in the ordinary course of events from the lessor's default as determined in any manner that is reasonable together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(4) The measure of damages for breach of warranty is the present value at the time and place of acceptance of the difference between the value of the use of the goods accepted and the value if they had been as warranted for the lease term, unless special circumstances show proximate damages of a different amount, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default or breach of warranty.

10520. (1) Incidental damages resulting from a lessor's default include expenses reasonably incurred in inspection, receipt, transportation, and care and custody of goods rightfully rejected or goods the acceptance of which is justifiably revoked, any commercially reasonable charges, expenses, or commissions in connection with effecting cover, and any other reasonable expense incident to the default.

(2) Consequential damages resulting from a lessor's default include:

(a) Any loss resulting from general or particular requirements and needs of which the lessor at the time of contracting had reason to know and which could not reasonably be prevented by cover or otherwise; and

(b) Injury to person or property proximately resulting from any breach of warranty.

10521. (1) Specific performance may be decreed if the goods are unique or in other proper circumstances.

(2) A decree for specific performance may include any terms and conditions as to payment of the rent, damages, or other relief that the court deems just.

(3) A lessee has a right of replevin, detinue, sequestration, claim and delivery, or the like for goods identified to the lease contract if after reasonable effort the lessee is unable to effect cover for those goods or the circumstances reasonably indicate that the effort will be unavailing.

10522. (1) Subject to subdivision (2) and even though the goods have not been shipped, a lessee who has paid a part or all of the rent and security for goods identified to a lease contract (Section 10217) on making and keeping good a tender of any unpaid portion of the rent and security due under the lease contract may recover the goods identified from the lessor if the lessor becomes insolvent within 10 days after receipt of the first installment of rent and security.

(2) A lessee acquires the right to recover goods identified to a lease contract only if they conform to the lease contract.

## Article 3. Default by Lessee

10523. (1) If a lessee wrongfully rejects or revokes acceptance of goods or fails to make a payment when due or repudiates with respect to a part or the whole, then, with respect to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (Section 10510), the lessee is in default under the lease contract and the lessor may:

(a) Cancel the lease contract (subdivision (1) of Section 10505);

(b) Proceed respecting goods not identified to the lease contract (Section 10524);

(c) Withhold delivery of the goods and take possession of goods previously delivered (Section 10525);

(d) Stop delivery of the goods by any bailee (Section 10526);

(e) Dispose of the goods and recover damages (Section 10527), or retain the goods and recover damages (Section 10528), or in a proper case recover rent (Section 10529).

(2) If a lessee is otherwise in default under a lease contract, the lessor may exercise any right or remedy provided in this division

except to the extent that this division makes the right or remedy available only upon the occurrence of a default described in subdivision (1).

10524. (1) A lessor aggrieved under subdivision (1) of Section 10523 may:

(a) Identify to the lease contract conforming goods not already identified if at the time the lessor learned of the default they were in the lessor's or the supplier's possession or control; and

(b) Dispose of goods (subdivision (1) of Section 10527) that demonstrably have been intended for the particular lease contract even though those goods are unfinished.

(2) If the goods are unfinished, in the exercise of reasonable commercial judgment for the purposes of avoiding loss and of effective realization, an aggrieved lessor or the supplier may either complete manufacture and wholly identify the goods to the lease contract or cease manufacture and lease, sell, or otherwise dispose of the goods for scrap or salvage value or proceed in any other reasonable manner.

10525. (1) If a lessor discovers the lessee to be insolvent, the lessor may refuse to deliver the goods.

(2) The lessor has on default by the lessee under the lease contract the right to take possession of the goods. If the lease contract so provides, the lessor may require the lessee to assemble the goods and make them available to the lessor at a place to be designated by the lessor which is reasonably convenient to both parties. Without removal, the lessor may render unusable any goods employed in trade or business, and may dispose of goods on the lessee's premises (Section 10527).

(3) The lessor may proceed under subdivision (2) without judicial process if that can be done without breach of the peace or the lessor may proceed by action.

10526. (1) A lessor may stop delivery of goods in the possession of a carrier or other bailee if the lessor discovers the lessee to be insolvent and may stop delivery of carload, truckload, planeload, or larger shipments of express or freight if the lessee repudiates or fails to make a payment due before delivery, whether for rent, security, or otherwise under the lease contract, or for any other reason the lessor has a right to withhold or take possession of the goods.

(2) In pursuing its remedies under subdivision (1), the lessor may stop delivery until:

(a) Receipt of the goods by the lessee;

(b) Acknowledgment to the lessee by any bailee of the goods, except a carrier, that the bailee holds the goods for the lessee; or

(c) Such an acknowledgment to the lessee by a carrier via reshipment or as warehouseman.

(3) (a) To stop delivery, a lessor shall so notify as to enable the bailee by reasonable diligence to prevent delivery of the goods.

(b) After notification, the bailee shall hold and deliver the goods according to the directions of the lessor, but the lessor is liable to the

bailee for any ensuing charges or damages.

(c) A carrier who has issued a nonnegotiable bill of lading is not obliged to obey a notification to stop received from a person other than the consignor.

10527. (1) After a default by a lessee under the lease contract (subdivision (1) of Section 10523) or after the lessor refuses to deliver or takes possession of goods (Section 10525 or 10526), the lessor may dispose of the goods concerned or the undelivered balance thereof by lease, sale, or otherwise.

(2) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or determined by agreement of the parties (Section 10503 and subdivision (3) of Section 1102), if the disposition is by lease agreement substantially similar to the original lease agreement and the lease agreement is made in good faith and in a commercially reasonable manner, the lessor may recover from the lessee as damages (a) accrued and unpaid rent as of the date of the commencement of the term of the new lease agreement, (b) the present value as of the date of the commencement of the term of the new lease agreement of the difference between the total rent for the then remaining lease term of the original lease agreement and the total rent for the lease term of the new lease agreement, and (c) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default.

(3) If the lessor's disposition is by lease agreement that qualifies for treatment under subdivision (2), the lessor may elect to proceed under subdivision (2) or Section 10528. If the lessor's disposition is by lease agreement that for any reason does not qualify for treatment under subdivision (2), or is by sale or otherwise, the lessor may recover from the lessee under Section 10528 as if the lessor had elected not to dispose of the goods.

(4) A subsequent buyer or lessee who buys or leases from the lessor in good faith for value as a result of a disposition under this section takes the goods free of the original lease contract and any rights of the original lessee even though the lessor fails to comply with one or more of the requirements of this division.

(5) The lessor is not accountable to the lessee for any profit made on any disposition. A lessee who has rightfully rejected or justifiably revoked acceptance shall account to the lessor for any excess over the amount of the lessee's security interest (subdivision (5) of Section 10508).

10528. (1) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or determined by agreement of the parties (Section 10503 and subdivision (3) of Section 1102), if a lessor elects to retain the goods or a lessor elects to dispose of the goods and disposition is by lease agreement, whether or not the lease agreement qualifies for treatment under subdivision (2) of Section 10527, or is by sale or otherwise, the lessor may recover from the lessee as damages for

default by the lessee (subdivision (1) of Section 10523) (a) accrued and unpaid rent as of the date the lessor obtained possession of the goods or such earlier date as the lessee has made an effective tender of possession of the goods back to the lessor, (b) the present value as of the date determined under paragraph (a) of the difference between the total rent for the then remaining lease term of the original lease agreement and the market rent at the time determined under paragraph (a) and at the place where the goods were located on that date computed for the same lease term, and (c) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default.

(2) If the measure of damages provided in subdivision (1) is inadequate to put a lessor in as good a position as performance would have, the measure of damages is the present value of the profit, including reasonable overhead, the lessor would have made from full performance by the lessee, together with any incidental damages allowed under Section 10530, due allowance for costs reasonably incurred and due credit for payments or proceeds of disposition.

10529. (1) After default by the lessee under the lease contract (subdivision (1) of Section 10523), if the lessor complies with subdivision (2), the lessor may recover from the lessee as damages:

(a) For goods accepted by the lessee and not repossessed by or effectively tendered back to the lessor and for conforming goods lost or damaged after risk of loss passes to the lessee (Section 10219), (i) accrued and unpaid rent as of the date of entry of judgment in favor of the lessor, (ii) the present value as of the date determined under subparagraph (i) of the rent for the then remaining lease term of the lease agreement, and (iii) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default; and

(b) For goods identified to the lease contract where the lessor has never delivered the goods or has taken possession of them or the lessee has effectively tendered them back to the lessor, if the lessor is unable after reasonable effort to dispose of them at a reasonable price or the circumstances reasonably indicate that such an effort will be unavailing, (i) accrued and unpaid rent as of the date of entry of judgment in favor of the lessor, (ii) the present value as of the date determined under subparagraph (i) of the rent for the then remaining lease term of the lease agreement, and (iii) any incidental damages allowed under Section 10530, less expenses saved in consequence of the lessee's default.

(2) Except as provided in subdivision (3), the lessor shall hold for the lessee for the remaining lease term of the lease agreement any goods that have been identified to the lease contract and are in the lessor's control.

(3) The lessor may dispose of the goods at any time before collection of the judgment for damages obtained pursuant to subdivision (1). If the disposition is before the end of the remaining lease term of the lease agreement, the lessors' recovery against the

lessee for damages will be governed by Section 10527 or 10528, and the lessor will cause an appropriate credit to be provided against any judgment for damages to the extent that the amount of the judgment exceeds the recovery available pursuant to Section 10527 or 10528.

(4) Payment of the judgment for damages obtained pursuant to subdivision (1) entitles the lessee to use and possession of the goods not then disposed of for the remaining lease term of the lease agreement, provided that the lessee complies with all other terms and conditions of the lease agreement.

(5) After a lessee has wrongfully rejected or revoked acceptance of goods, has failed to pay rent then due, or has repudiated (Section 10402), a lessor who is held not entitled to rent under this section must nevertheless be awarded damages for nonacceptance under Sections 10527 and 10528.

10530. Incidental damages to an aggrieved lessor include any commercially reasonable charges, expenses, or commissions incurred in stopping delivery, in the transportation, care and custody of goods after the lessee's default, in connection with return or disposition of the goods, or otherwise resulting from the default.

10531. (1) If a third party so deals with goods that have been identified to a lease contract as to cause actionable injury to a party to the lease contract (a) the lessor has a right of action against the third party, and (b) the lessee also has a right of action against the third party if the lessee:

(i) Has a security interest in the goods;

(ii) Has an insurable interest in the goods; or

(iii) Bears the risk of loss under the lease contract or has since the injury assumed that risk as against the lessor and the goods have been converted or destroyed.

(2) If at the time of the injury the party plaintiff did not bear the risk of loss as against the other party to the lease contract and there is no arrangement between them for disposition of the recovery, his or her suit or settlement, subject to his or her own interest, is as a fiduciary for the other party to the lease contract.

(3) Either party with the consent of the other may sue for the benefit of whom it may concern.

10532. In addition to any other recovery permitted by this division, the lessor shall be entitled to recover from the lessee an amount that will fully compensate the lessor for any loss of or damage to the lessor's residual interest in the goods caused by the default of the lessee.

## CHAPTER 6. TRANSITION PROVISIONS

10600. This division shall apply to all lease contracts that are first made or that first become effective between the parties on or after January 1, 1990. This division shall not apply to any lease contract first made or that first became effective between the parties prior to January 1, 1990, or to any extension, amendment, modification,

renewal, or supplement of or to the lease contract, unless the parties thereto specifically agree in writing that the lease contract, as extended, amended, modified, renewed, or supplemented, shall be governed by this division.

SEC. 6. Division 11 (commencing with Section 11101) of the Commercial Code is repealed.

SEC. 7. Division 12 (commencing with Section 12101) of the Commercial Code is repealed.

SEC. 8. Division 13 (commencing with Section 13101) is added to the Commercial Code, to read:

## DIVISION 13. EFFECTIVE DATE AND REPEALER

13101. This code shall become effective on January 1, 1965. It applies to transactions entered into and events occurring after that date.

13102. Transactions validly entered into before January 1, 1965, and the rights, duties, and interests flowing from them remain valid thereafter and may be terminated, completed, consummated, or enforced as required or permitted by any statute or other law amended or repealed by this act as though such repeal or amendment had not occurred; provided, however, that the perfection of a security interest (other than a security interest (i) in a motor vehicle or vessel required to be registered under the Vehicle Code unless such vehicle or vessel is inventory or (ii) in personal property, including fixtures, which constitutes a portion of the properties included in an agreement which is a mortgage or deed of trust of both real and personal property made to secure the payment of bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations, or made by a public utility as defined in the Public Utilities Code), as defined in this code (Section 1201), and however denominated in any law repealed by this act,

(a) Which was perfected on or before January 1, 1965, by a filing or recording under a law repealed by this act and requiring a further filing or recording to continue its perfection, continues until and will lapse on the date provided by the law so repealed for such further filing or recording.

(b) Which was perfected on or before January 1, 1965, by a filing or recording under a law repealed by this act and requiring no further filing or recording to continue its perfection, continues until and will lapse 12 months after January 1, 1965.

(c) Which was perfected on or before January 1, 1965, without any filing or recording, but with respect to which a financing statement is required to be filed in order for it to be perfected under this code, continues until and will lapse 12 months after January 1, 1965;

unless, in each case, a continuation statement is filed by the secured party within 12 months before the perfection of the security interest

would otherwise lapse. Any such continuation statement must be signed by the secured party, identify the original security agreement, however denominated, state the office where and the date when last filed or refiled, or recorded or rerecorded, and the filing number or recordation data and further state that the original security agreement is still effective. Subdivision (1) of Section 9401 determines the proper place to file such a continuation statement. Except as herein specified the provisions of subdivision (3) of Section 9403 apply to such a continuation statement.

13103. Except as provided in the following section, all acts and parts of acts inconsistent with this act are hereby repealed.

13104. The division on documents of title (Division 7) does not repeal or modify any laws prescribing the form or contents of documents of title or the services or facilities to be afforded by bailees, or otherwise regulating bailees' businesses in respects not specifically dealt with herein; but the fact that such laws are violated does not affect the status of a document of title which otherwise complies with the definition of a document of title (Section 1201).

13105. (1) A financing statement or a continuation thereof, properly filed and effective pursuant to Section 9401 as it existed prior to January 1, 1971, remains valid and effective after January 1, 1971, until expiration of the usual five-year period from date of filing. Any termination, release, assignment, or amendment of the financing statement prior to expiration of the five-year period of effectiveness shall be filed, as previously required, with the county recorder who has filed the financing statement.

(2) After January 1, 1971, any continuation of a financing statement which had been properly filed with a county recorder prior to January 1, 1971, and which now would be required to be filed with the Secretary of State, shall be filed with the Secretary of State in accordance with Section 9403. The continuation statement shall be accompanied by a certified copy of the entire record of the county recorder related to the financing statement. After filing of the continuation statement with the Secretary of State, any termination, release, assignment, amendment, or continuation of the financing statement shall also be filed with the Secretary of State and any documents affecting the financing statement that are not filed with the Secretary of State shall not be effective.

SEC. 9. Division 14 (commencing with Section 14101) is added to the Commercial Code, to read:

## DIVISION 14. EFFECTIVE DATE AND TRANSITION PROVISIONS

14101. The amendments to this code, as adopted by the Legislature at the 1973–74 Regular Session, shall become effective at 12:01 a.m. on January 1, 1976.

14102. The provisions of Division 13 shall continue to apply to this code, as amended by the Legislature at the 1973–74 Regular Session,

and for this purpose this code as it existed prior to January 1, 1976, and this code, as amended by the Legislature at the 1973–74 Regular Session, shall be considered one continuous statute.

14103. Transactions validly entered into after January 1, 1965, and before January 1, 1976, and which were subject to the provisions of this code and which would be subject to this code as amended by the Legislature at the 1973–74 Regular Session if they had been entered into after January 1, 1976, and the rights, duties, and interests flowing from the transactions remain valid after January 1, 1976, and may be terminated, completed, consummated, or enforced as required or permitted by this code as amended by the Legislature at the 1972 Regular Session. Security interests arising out of these transactions which are perfected on January 1, 1976, shall remain perfected until they lapse as provided in this code as amended by the Legislature at the 1973–74 Regular Session, and may be continued as permitted by this code as amended by the Legislature at the 1973–74 Regular Session, except as stated in Section 14105.

14104. A security interest for the perfection of which filing or the taking of possession was required under this code and which attached prior to January 1, 1976, but was not perfected shall be deemed perfected on January 1, 1975, if this code as amended by the Legislature at the 1973–74 Regular Session permits perfection without filing or authorizes filing in the office or offices where a prior ineffective filing was made.

14105. (1) A financing statement or continuation statement filed prior to January 1, 1976, which shall not have lapsed prior to January 1, 1976, shall remain effective for the period provided in this code as it existed prior to January 1, 1976, but not less than five years after the filing.

(2) With respect to any collateral acquired by the debtor subsequent to January 1, 1976, any effective financing statement or continuation statement described in this section shall apply only if the filing or filings are in the office or offices that would be appropriate to perfect the security interests in the new collateral under this code as amended by the Legislature at the 1973–74 Regular Session.

(3) The effectiveness of any financing statement or continuation statement filed prior to January 1, 1976, may be continued by a continuation statement as permitted by this code as amended by the Legislature at the 1973–74 Regular Session, except that if this code, as amended by the Legislature at the 1973–74 Regular Session, requires a filing in an office where there was no previous financing statement, a new financing statement conforming to Section 14106 shall be filed in that office.

14106. (1) If a security interest is perfected or has priority on January 1, 1976, as to all persons or as to certain persons without any filing or recording, and if the filing of a financing statement would be required for the perfection or priority of the security interest against those persons under this code, as amended by the Legislature

at the 1973–74 Regular Session, the perfection and priority rights of the security interest continue until January 1, 1979. The perfection will then lapse unless a financing statement is filed as provided in subdivision (4) or unless the security interest is perfected otherwise than by filing.

(2) If a security interest is perfected on January 1, 1976, under a law other than this code which requires no further filing, refiling or recording to continue its perfection, perfection continues until and will lapse January 1, 1979, unless a financing statement is filed as provided in subdivision (4) or unless the security interest is perfected otherwise than by filing, or unless under subdivision (3) of Section 9302 the other law continues to govern filing.

(3) If a security interest is perfected by a filing, refiling or recording under a law repealed by this code as amended by the Legislature at the 1973–74 Regular Session which required further filing, refiling or recording to continue its perfection, perfection continues and will lapse on the date provided by the law so repealed for a further filing, refiling, or recording unless a financing statement is filed as provided in subdivision (4) or unless the security interest is perfected otherwise than by filing.

(4) A financing statement may be filed within six months before the perfection of a security interest would otherwise lapse. Any such financing statement may be signed by either the debtor or the secured party. It must identify the security agreement, statement, or notice (however denominated in any statute or other law repealed or modified by this code as amended by the Legislature at the 1973–74 Regular Session), state the office where and the date when the last filing, refiling, or recording, if any, was made with respect thereto, and the filing number, if any, was made with respect thereto, and the filing number, if any, or book and page, if any, of recording and further state that the security agreement, statement, or notice, however denominated, in another filing office under this code or under any statute or other law repealed or modified by this code as amended by the Legislature at the 1973–74 Regular Session is still effective. Section 9401 and Section 9103 determine the proper place to file such a financing statement. Except as specified in this subdivision, the provisions of Section 9403(3) for continuation statements apply to such a financing statement.

14107. Except as otherwise provided in this division, this code as it existed prior to January 1, 1976, shall apply to any questions of priority if the positions of the parties were fixed prior to January 1, 1976. In other cases questions of priority shall be determined by this code as amended by the Legislature at the 1973–74 Regular Session.

14108. Unless a change in law has clearly been made, the provisions of this code as amended by the Legislature at the 1973–74 Regular Session shall be deemed declaratory of the meaning of this code as it existed prior to January 1, 1976. The amendments to subdivision (38) of Section 1201 and to subdivision (j) of Section 9104 of this code as amended by the Legislature at the 1973–74 Regular

Session shall be deemed declaratory of the meaning of this code as it existed prior to January 1, 1976.

14109. (1) The amendments to this code relating to fixtures adopted by the Legislature at the 1979–1980 Regular Session shall apply to security interests which attach on or after January 1, 1981, in goods which become fixtures on or after January 1, 1981.

(2) If the record of a mortgage of real estate would have been effective as a fixture filing of goods described therein if the amendments to this code relating to fixtures adopted by the Legislature at the 1979–1980 Regular Session had been in effect on the date of recording the mortgage, the mortgage shall be deemed effective as a fixture filing as to such goods under subdivision (6) of Section 9402 as of January 1, 1981.

SEC. 10. Division 15 (commencing with Section 15101) is added to the Commercial Code, to read:

## DIVISION 15. EFFECTIVE DATE AND TRANSITION PROVISIONS

15101. The repeal and addition of Division 8 (commencing with Section 8101) made at the 1984 portion of the 1983–84 Regular Session shall become effective on January 1, 1985.

15102. The provisions of Division 13 (commencing with Section 13101) and Division 14 (commencing with Section 14101) shall continue to apply to this code, as revised by the Legislature at the 1983–84 Regular Session, and for this purpose, this code as it existed prior to January 1, 1985, and this code, as revised by the Legislature at the 1984 portion of the 1983–84 Regular Session, shall be considered one continuous statute.

15103. The owner of an interest (other than a security interest) in an uncertificated security (paragraph (b) of subdivision (1) of Section 8102) whose interest was acquired prior to January 1, 1985, or was acquired after January 1, 1985, in an uncertificated security issued in respect of a security in which the owner had such an interest, shall not be required to take any action under Section 8313 or otherwise to preserve or protect that ownership interest, which shall remain effective and enforceable to the same extent it was prior to January 1, 1985, in the absence of that action. However, if a security interest first attaches to the security or any other interest in the security first becomes effective after that date, the provisions of Division 8 (commencing with Section 8101) as revised shall govern the rights and obligations of all persons with respect to those interests. Except as otherwise provided in this division, the rights and obligations of all persons with respect to uncertificated securities issued prior to January 1, 1985, shall be governed by Division 8 (commencing with Section 8101) as revised by the Legislature in the 1984 portion of the 1983–84 Regular Session.

15104. A secured party who has a security interest in an uncertificated security (paragraph (b) of subdivision (1) of Section

8102), which security interest attached to that uncertificated security (a) prior to January 1, 1985, or (b) after that date in an uncertificated security issued in respect of a security in which the secured party had the pre-January 1, 1985, security interest, shall not be required to take any action under Division 8 (commencing with Section 8101) to protect, preserve, or perfect that security interest, which shall remain attached and perfected to the same extent it was prior to that date in the absence of any such action. The priority and perfection of those security interests shall continue to be governed by Division 9 (commencing with Section 9101) as it existed prior to that date. However, on or before the last date on which any action is required under Division 9 (commencing with Section 9101) (as it existed prior to that date) to continue the perfection of the security interest, in order to continue the perfection of the security interest the secured party, rather than complying with Division 9 (commencing with Section 9101), shall furnish to a party described in subparagraph (i), (iii), or (iv) of paragraph (h) of subdivision (1) of Section 8313, or if none of those is applicable, then to the issuer of the uncertificated security, either (x) a copy of either the financing statement previously filed to perfect the security interest or the security agreement that created the security interest, in either case bearing a copy or an original of the debtor's signature, or (y) a written notification from the registered owner under paragraph (b) of subdivision (7) of Section 8403. Any such notice to an issuer shall be deemed a written notification under paragraph (b) of subdivision (7) of Section 8403, subject to the limitation that there can be no more than one registered pledge of an uncertificated security at any time (Section 8108). Except as otherwise provided in this division, the provisions of Division 8 (commencing with Section 8101) as revised shall govern the rights and obligations of all persons with respect to a security interest in an uncertificated security that first attaches after January 1, 1985.

SEC. 11. This act shall become operative on January 1, 1990.

Many of the residents of this state are the legal and beneficial

owners or otherwise the ultimate beneficiaries of shares of stock of domestic and foreign corporations, title to which may be held by a variety of intermediate owners as defined in subdivision (b). The informed and active involvement of such beneficial owners and beneficiaries in holding legal owners and, through them, management, accountable in their exercise of corporate power is essential to the interest of those beneficiaries and beneficial owners and to the economy and well-being of this state.

The purpose of this section is to serve the public interest by ensuring that voting records are maintained and disclosed as provided in this section. In the event that by statute or regulation pursuant to the federal Employee Retirement Income Security Act of 1974 (29 U.S.C. Sec. 1001 et seq.), there are imposed upon investment managers as defined in Sec. 2(38) thereof, duties substantially the same as those set forth in this section, compliance with those statutory or regulatory requirements by persons subject to this section shall be deemed to fulfill the obligations contained in this section.

This section shall be construed liberally to achieve that purpose.

(b) For purposes of this section, a person on whose behalf shares are voted includes, but is not limited to:

(1) A participant or beneficiary of an employee benefit plan with regard to shares held for the benefit of the participant or beneficiary.

(2) A shareholder, beneficiary, or contract owner of any entity (or of any portfolio of any entity) as defined in Section 3(a) of the federal Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.), as amended, to the extent the entity (or portfolio) holds the shares for which the record is requested.

(c) For the purposes of this section, a person on whose behalf shares are voted does not include:

(1) A person who possesses the right to terminate or withdraw from the shareholder, contract owner, participant, or beneficiary relationship with any entity (or any portfolio of any entity) defined in subdivision (b). This exclusion does not apply in the event the right of termination or withdrawal cannot be exercised without automatic imposition of a tax penalty. The right to substitute a relationship with an entity or portfolio, the shares of which are voted by or subject to the direction of the investment adviser (as defined in Section 2 of the federal Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.), as amended), of the prior entity or portfolio, or an affiliate of the investment adviser, shall not be deemed to be a right of termination or withdrawal within the meaning of this subdivision.

(2) A person entitled to receive information about a trust pursuant to Section 16061 of the Probate Code.

(3) A beneficiary, participant, contract owner, or shareholder whose interest is funded through the general assets of a life insurance company authorized to conduct business in this state.

(d) Every person possessing the power to vote shares of stock on

behalf of another shall maintain a record of the manner in which the shares were voted. The record shall be maintained for a period of 12 consecutive months from the effective date of the vote.

(e) Upon a reasonable written request, the person possessing the power to vote shares of stock on behalf of another, or a designated agent, shall disclose the voting record with respect to any matter involving a specific security or securities in accordance with the following procedures:

(1) Except as set forth in paragraph (2), disclosure shall be made to the person making the request. The person making the disclosure may require identification sufficient to identify the person making the request as a person on whose behalf the shares were voted. (2) If the person possessing the power to vote shares on behalf of another holds that power pursuant to an agreement entered into with a party other than the person making the request for disclosure, the person maintaining and disclosing the record pursuant to this section may, instead, make the requested disclosure to that party. Disclosure to that party shall be deemed compliance with the disclosure requirement of this section. If disclosure is made to that party and not to the person making the request, subdivision (i) shall not apply. However, nothing herein shall prohibit that party and the person possessing the power to vote on shares from entering into an agreement between themselves for the payment or assessment of a reasonable charge to defray expenses of disclosing the record.

(f) Where the entity subject to the requirements of this section is organized as a unit investment trust as defined in Section 4(2) of the federal Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.), the open-ended investment companies underlying the unit investment trust shall promptly make available their proxy voting records to the unit investment trust upon evidence of a bona fide request for voting record information pursuant to subdivision (e).

(g) Signing a proxy on another's behalf and forwarding it for disposition or receiving voting instructions does not constitute the power to vote. A person forwarding proxies or receiving voting instructions shall disclose the identity of the person having the power to vote shares upon reasonable written request by a person entitled to request a voting record under subdivision (c).

(h) For purposes of this section, if one or more persons has the power to vote shares on behalf of another, unless a governing instrument provides otherwise, the person or persons may designate an agent who shall maintain and disclose the record in accordance with subdivisions (b) and (c).

expenses of disclosing the record in accordance with subdivision (e). Disclosure shall be made within a reasonable period after payment is received.

(j) Upon the petition of any person who successfully brings an action pursuant to or to enforce this section, the court may award costs and reasonable attorney's fees if the court finds that the defendant willfully violated this section.

(k) The obligation to maintain and disclose a voting record in accordance with subdivisions (b) and (c) shall commence January 1, 1990.

[Approved by Governor September 25, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) The Legislature finds that staff development for California's classroom teachers and administrators is an important investment in human resources, one which if pursued in a systematic, sustained, and coherent manner, will provide long-term benefits to

the pupils of this state.

(b) The Legislature further finds that a year-long study commissioned by the Governor and the Legislature has concluded that:

(1) California teachers and administrators demonstrate a firm commitment to improving their own knowledge and practice.

(2) Selected staff development activities have sound prospects for improving pupil performance and the quality of school programs.

(3) The current array of staff development activities and incentives has grown by accretion, without a clear vision, remains largely unevaluated, and is unlikely to yield substantial improvement.

(c) The Legislature intends to foster, by this act, a comprehensive, consistent policy toward staff development to the end that each level of the elementary and secondary educational system has an effective staff development component tied directly to an organization improvement plan. The Legislature intends to assist educators in doing all of the following:

(1) Motivating and inspiring California pupils to become capable, responsible citizens in a multicultural democracy.

(2) Being sensitive to the diversity of pupil needs, learning styles, talents, and levels of development.

(b) Ensure that subject matter requirements, instructional strategies, and instructional materials meet uniformly high academic standards and are responsive to the diversity among pupil learning

needs and styles in a multicultural society, including underachieving pupils and pupils with exceptional abilities or needs.

(c) Review, select, and learn to utilize curricula and instructional materials in a wide variety of subject areas, giving consideration to the state-recommended curriculum framework and model curriculum standards in each subject matter area.

(d) Address ways in which educational technology can support the instructional program.

The improvement objectives shall address, but need not be limited to, the objectives specified in Section 44670.3 and the capacity of school personnel to provide the services required of them. If a school develops or has developed a school plan pursuant to the School-Based Pupil Motivation and Maintenance Program and Dropout Recovery Act, Article 7 (commencing with Section 54720) of Chapter 9 of Part 29, or any other state or federal categorical education program, the provision of that school plan shall be included within the plan to strengthen subject matter and instruction, developed pursuant to this article and, in so doing, the school shall be deemed to have complied with the requirements of those programs. The plans shall include professional development of the personnel employed at the school necessary to meet the requirements of the plan. Professional development programs shall:

(a) Provide opportunities for all school personnel to participate in ongoing development activities pursuant to the objectives specified

in Section 44670.3.

(g) Make available followup activities to assist participating staff in using newly acquired skills on the job.

(h) Promote the professional development of instructional paraprofessionals in the schools, including activities that will encourage instructional paraprofessionals to pursue the education and training necessary to become classroom teachers.

SEC. 6. Section 44670.6 of the Education Code is amended to read:

44670.6. (a) Schools may include as part of their school development plan, the provision of time during the regular school year to conduct professional development activities pursuant to a school development plan and shall receive full average daily attendance reimbursement under the provisions of Section 46300. The time shall not exceed eight days each year.

(b) It is the intent of the Legislature that school districts revise salary schedules to allow for and give priority to salary increments related to continuing professional development on the basis of time spent in high quality professional development, including subject matter coursework, pursuant to school development plans created under this article, and school improvement plans created pursuant to Chapter 6 (commencing with Section 52000) of Part 28. The salary

schedule revision should include incentives for instructional paraprofessionals to pursue education and training to improve instructional skills and to obtain teaching credentials.

(c) It is the intent of the Legislature that school districts revise procedures related to professional growth activities required by Section 44277 to ensure that activities consistent with school and school district development plans created pursuant to this article, and school improvement plans created pursuant to Chapter 6 (commencing with Section 52000) of Part 28 satisfy the requirements.

SEC. 7. Section 44670.7 of the Education Code is amended to read:

The State Board of Education may grant the request when the facts indicate the failure to do so would hinder the implementation plan. The action shall be taken not later than the second regular meeting of the State Board of Education following receipt of a waiver request or the request for a waiver shall be deemed approved. In the event the request for a waiver is denied, the reasons for the denial shall be communicated without delay to the requesting school district and school. The waiver shall apply only to the requesting school or schools, and shall be effective for no more than two years. The State Board of Education may renew a waiver request.

SEC. 8. Section 44670.9 of the Education Code is amended to read:

44670.9. A committee created pursuant to subdivision (b) of Section 44670.5 may request of the school district governing board funding to implement a school development plan. development activities, including evaluation of the long-term impact of school development activities on pupil learning and professional growth of staff; (g) how any professional development days made available to school staff pursuant to Section 44670.6 may be used to further the professional development goals and objectives of the school.

School development plans required by this article shall be updated annually and approved every two years, consistent with improvement objectives established annually pursuant to Sections 44670.4 and 44670.5.

SEC. 9. Section 44671 of the Education Code is amended to read:

44671. Governing boards of participating school districts shall:

(a) Establish policies and identify resources necessary to the successful implementation of this chapter, including a district development plan to meet the objectives specified in Section 44670.3. The district plan shall be designed to support coordinated professional development for administrators, teachers, other certificated personnel, and classified personnel, consistent with district development objectives. In school districts with average daily attendance greater than 2,500 pupils, professional development activities for each category of school personnel shall be designed and implemented in consultation with personnel representing that category. The district plan shall include a process for the phase-in of all schools that choose to create and implement school development plans.

(b) Develop the capacity to assist schools, upon request, to plan, implement, and evaluate school development plans. School districts may develop the capacity to assist schools in conjunction with other districts, the county superintendent of schools, institutions of higher education, local subject matter projects, or a resource agency or consortium established pursuant to Article 2 (commencing with Section 44680).

(c) To the extent the district receives funding for this purpose pursuant to Section 44671.1, allocate to any school that is not already receiving funds for school improvement pursuant to Chapter 6 (commencing with Section 52000) of Part 28, funding pursuant to this article. Allocations may only be made to a school with an approved school development plan. Each district shall ensure that participating schools represent the diversity of pupil population and include schools that serve low-income and underachieving pupils.

(d) Ensure reasonable opportunities for representatives of each requesting school to meet with the governing board or its designated representatives to discuss the school development plan.

(e) Develop and disseminate to all schools criteria for school development plan approval, and approve or disapprove school development plan requests consistent with, but not limited to,

district approval criteria, the school district development plan, and regulations adopted by the State Board of Education. In the event any plan is not approved, specific reasons for that action shall be communicated to the applicant school.

(f) Assist schools to identify effective practices regarding, but not limited to, the objectives described in Section 44670.3 and to identify, coordinate, and make efficient use of existing resources to support school development plans.

(g) Integrate professional development activities for instructional paraprofessionals into the career development policy of the district in order to provide incentives for instructional paraprofessionals to pursue education and training which will improve instructional skills and lead to a teaching credential.

(h) Annually certify to the Superintendent of Public Instruction the number of school development plans funded and the aggregate amount of money awarded for the plans, which may include a request for reimbursement to school districts for the administrative costs of this chapter in an amount not to exceed 5 percent of the district's apportionment. School districts may reserve up to an additional five percent of the school development allocation, provided the funds are used for the purposes of developing and implementing the school district development plan pursuant to this section and for the purposes of providing assistance to schools consistent with any approved school development plan.

SEC. 10. Section 44671.1 of the Education Code is amended to read:

44671.1. The Superintendent of Public Instruction, in consultation with subject matter projects and resource agencies and consortia, as appropriate, shall:

It is the further intent of the Legislature that:

(1) In allocating funds among school development plans, resource agencies and consortia, and subject matter projects, priority be afforded to school level planning and subject matter projects, to the

end that funding is provided according to the following ratio: for every dollar allocated to support a resource agency, at least three dollars ($3) be allocated to support school level planning and at least one dollar ($1) shall be allocated to support one or more subject matter projects, until all subject matter projects are implemented and adequately funded.

(2) The Legislature intends that in balancing the adequacy of resources to effectively meet the requirements of this article against funding a larger number of schools or entities, that the provision of adequate resources to satisfy the requirements of this article prevail.

(3) In determining the funding level consideration shall be given to funding levels provided in the past to support school plans and staff development.

(4) If the amount appropriated for the purposes of this article is not adequate to fund all school district and county superintendent of schools apportionments as determined pursuant to paragraph (3), the Superintendent of Public Instruction shall calculate and notify each school district and county superintendent of schools of the amount which they shall receive, based on the following criteria:

(A) No district or county superintendent of schools shall receive more than the amount determined pursuant to subdivision (3).

(B) Funds shall be apportioned in a manner to ensure that the district or county superintendent receives funds adequate to involve an entire school or schools in programs operated pursuant to this article. Funding may not be provided for only some of the enrollment of the school.

(C) The grant award for an individual school shall not be less than four thousand dollars ($4,000).

(D) In identifying school districts and county superintendents to receive apportionments pursuant to this article, the Superintendent of Public Instruction shall consider at least the following criteria:

(i) Percentage of enrollment funded through the school improvement program, such that first priority shall go to those agencies with the smallest percentage enrollment in the school improvement program.

(ii) Balanced geographic distribution.

(iii) Balanced representation of the state in terms of the race, socioeconomic status, and academic achievement of the students served.

SEC. 11. Section 44671.2 of the Education Code is amended to read:

(a) The degree to which the objectives of school development plans conform to objectives specified in Section 44670.3 and the district development plan.

(b) The extent to which a substantial percentage of school personnel at the school will participate in proposed professional development activities.

(c) The adequacy of locally developed procedures to evaluate the effectiveness of school development activities.

Article 2. Resource Agency or Consortium

44680. As used in this article:

(a) "Resource agency or consortium" means an entity designated pursuant to this article to assist public school personnel to develop school and school district development plans pursuant to Article 1 (commencing with Section 44670) and to meet the objectives established in an approved school or district development plan. Resource agencies and consortia may be designated by the State Board of Education upon approval of an application of one or more school districts separately or in conjunction, as appropriate, with one or more county superintendent of schools, public or private nonprofit educational entities, or institutions of higher education, or

any combination thereof. Any resource agency or consortium shall be established only upon the approval by the State Board of Education of an application as described in this subdivision, subsequent to review of that application by the Superintendent of Public Instruction and the receipt by the board of his or her recommendation for disposition.

(b) "Local education agency" means any school district, by itself or in conjunction, as appropriate, with any county superintendent of schools, local public or private nonprofit educational entity, or institution of higher education.

(d) "School personnel" means all persons who provide instructional and support services to pupils, including teachers, administrators, instructional paraprofessionals, and pupil services personnel.

44680.1. Any local education agency that has established a resource committee as provided in Section 44680.4 may apply to establish one or more resource agencies or consortia or may enter into an agreement with one or more local education agencies in order to do so. A resource agency or consortium may operate pursuant to a joint powers agreement entered into by the participating agencies. The local educational agency administering this resource agency or consortium may receive funding directly from the state, may apply for grants, and may engage in fundraising.

44680.2. Each resource agency or consortium shall do all of the following:

(a) Assist schools and districts, upon request, to create, implement, and evaluate school and district development plans pursuant to Article 1 (commencing with Section 44670.1). The first priority for any resource agency or consortium shall be to assist schools without an improvement plan to develop a school plan which meets the requirements of Article 1 (commencing with Section 44670).

(b) Facilitate access by school personnel and local education agencies, to the resources of business and industry, and other groups and individuals providing high quality professional development that meets the objectives of an approved school development plan or a district development plan.

(c) Provide professional development that meets the objectives of one or more approved school development plans, a district development plan, or a regional plan developed pursuant to subdivision (a), provided that action does not duplicate quality professional development offered by local education agencies or other providers that is accessible to the same personnel.

(d) Provide incentives and employ procedures to ensure that professional development resources and activities are available to teachers of pupils with diverse learning needs and styles in a

multicultural society, including underachieving pupils and pupils with exceptional needs or abilities.

(e) Assist classroom teachers, including mentor teachers, to provide staff development which meets the criteria specified in Section 44670.5.

(f) Assist in the interpretation of state-recommended curriculum frameworks.

(g) Review and comment upon school development plans and district development plans in the region served by the agency or consortium.

(h) Disseminate information regarding professional development practices and models to schools, school districts, and county superintendents of schools located in the region served by the consortium pursuant to procedures established under Article 3 (commencing with Section 44681).

(i) Assist local subject matter projects in the region served by the center to sustain and extend the impact of their staff development programs.

(j) Facilitate cooperative agreements between school districts and institutions of higher education that will enable and encourage instructional paraprofessionals to complete the education necessary to become credentialed teachers. "Instructional paraprofessional," for the purposes of this section, means instructional aide, as defined in Section 45343 and teacher aide, as described in Section 45361.5.

(k) Assist schools, upon request, in the evaluation of staff development activities and outcomes.

(*l*) Assist schools, upon request, in improving professional development services through the use of technology.

44680.4. Each resource agency or consortium shall be advised by a resource committee representing participating agencies, and others, as appropriate. Classroom teachers selected by teachers shall comprise the majority of the resource committee members. In establishing a resource committee, the resource agency or consortium shall also include representatives, as appropriate, from all of the following:

(a) The schools served by the agency or consortium.

(b) Institutions of higher education that provide undergraduate education, maintain a department of education, and are located in, near, or adjacent to, the area served by the agency or consortium. In the event that more than one representative from institutes of higher education is selected, the additional representative or representatives shall not represent the same segment of postsecondary education.

(c) Business or industry.

(d) A local subject matter project serving the region.

44680.5. (a) Each committee shall operate pursuant to guidelines established by the local education agency of the region served by the resource agency or consortium as specified in an approved application to create an agency or consortium.

(b) Any actions taken by a committee shall be subject to all of the limitations imposed by law upon the local education agency.

44680.6. The Superintendent of Public Instruction shall do all of the following:

(a) Review applications to establish resource agencies or consortia, and recommend approval or disapproval for the State Board of Education, in accordance with standards and criteria adopted by the board.

(b) Assist school district personnel and resource consortia upon request, to design, implement, and evaluate professional development services authorized by this article.

(c) Facilitate communication among consortia established pursuant to this article.

44680.7. The State Board of Education may adopt rules and regulations necessary to implement this article and shall, at a minimum, develop and disseminate guidelines necessary to implement this article. The board shall approve or disapprove applications to establish resource agencies or consortia upon the receipt from the Superintendent of Public Instruction of his or her recommendation for disposition, and shall ensure that resource agencies or consortia are distributed throughout the state so that school personnel employed in rural, urban, and suburban school districts may avail themselves of agency or consortium services. However, first priority for the consortia or agency shall be areas where the resource services are least available. Any ranking of applications included by the Superintendent of Public Instruction in his or her recommendations for disposition shall include a copy of each application and a summary of the information used to determine the ranking. Approval shall be for a period of five years. Prior to the end of the approved period the agency or consortium application process shall be reopened. An agency or consortium may reapply for funding.

44680.8. Federal and state funds appropriated or apportioned for the purposes of Article 1 (commencing with Section 44670.1) or this article shall not be used to supplant funds currently expended by school districts, county superintendents of schools, or public institutions of higher education for the purpose of administering or conducting professional development programs.

No more than 5 percent of the funds appropriated for the purposes of this article shall be expended by any recipient for administrative expenses incurred under this article.

No more than 10 percent of funds appropriated for the purpose of establishing resource agencies or consortia shall be expended for capital outlay, including the acquisition and improvement of fixed assets and the purchase and replacement of equipment.

## CHAPTER 5. INSTRUCTIONAL STRATEGIES

### Article 1. Subject Matter Projects

99200. With funds appropriated therefor, and with the concurrence of the Trustees of the California State University and the Superintendent of Public Instruction, and in consultation with other institutions of higher education, as appropriate, the Regents of the University of California shall establish and maintain cooperative endeavors designed to strengthen the subject matter knowledge and enhance the instructional strategies in each subject area of teachers in the public schools. "Concurrence" for this purpose shall mean agreement on all of the following:

(a) The order in which subject matter projects shall be established pursuant to this chapter.

(b) The identification of the general concerns to be addressed by the subject matter project in each subject area.

(c) The priorities, program emphasis, goals, and general objectives for the project activities pursuant to subdivision (a) of Section 99200.5.

Grants to establish local sites of statewide subject matter projects shall be available to institutions of higher education, county offices of education and school districts, or any combination thereof, with a subject matter proposal approved pursuant to this article. Once established, each subject matter project shall be administered by the University of California in cooperation with the California State University, the State Department of Education, and other institutions of higher education, as appropriate, and with the advice of the project policy board, as established pursuant to Section 99202. Local sites of statewide subject matter projects shall be distributed throughout the state so that elementary, secondary, and postsecondary school personnel located in rural, urban, and suburban areas may avail themselves of subject matter projects.

99200.5. It is the intent of the Legislature that statewide subject matter projects do all of the following:

(a) Create opportunities for researchers, higher education faculty, and elementary and secondary school faculty to work together to accomplish all of the following:

(1) Identify exemplary teaching practices.

(2) Examine and develop research on learning, knowledge, and educational materials.

(3) Give consideration to the state-recommended curriculum framework in the subject matter area, with particular attention to the learning needs and styles of an increasingly diverse pupil population, many of whom are underachieving at present.

(b) Be modeled after projects which have been successful in strengthening systematically the subject matter knowledge and instructional strategies of project participants, such as the California Writing Project and the California Mathematics Project.

(c) Include an evaluation plan designed to measure the degree of implementation of the statewide project and local sites, changes in the instructional practices of participating teachers, and improvements in the learning and involvement by students in the subject matter.

99201. Priority for funding subject matter projects shall be as follows:

(a) Subject matter areas that are required as a condition of graduation from high school pursuant to Section 51225.3, other than subject matter areas that are specifically addressed by subject matter projects already established in statute.

(b) Subject matter areas that coincide with state curriculum initiatives, such as state-recommended curriculum frameworks.

99202. (a) It is the intent of the Legislature that within each subject matter project, a project policy board be established to assist in administering the project. It is the intent of the Legislature that in each project, the duties of the board shall include, but need not be limited to, all of the following:

(5) One representative of the statewide professional organization of teachers in the subject matter addressed by the project, to be selected by the president of that organization. If there is more than one statewide professional organization of teachers in that subject area, the members of the policy board may choose which organization shall select the representative and may choose to include a representative of one or more of the other organizations as nonvoting members of the policy board.

(6) Two representatives of the California community colleges selected by the Chancellor of the California Community Colleges, one of whom is a faculty member in the subject matter area addressed by the project.

(7) Two representatives of an independent postsecondary institution selected by the Association of Independent California Colleges and Universities, one of whom is a member of the faculty in the discipline addressed by the project.

99203. It is the intent of the Legislature that the project policy board of each statewide subject matter project establish criteria for approval of local project sites, including, but not limited to, the extent to which the following occur:

(a) The proposed site is designed to expand the base of subject matter knowledge and the repertoire of teaching techniques of participating teachers and their colleagues, and to expand the knowledge of students who attend their classes while improving the student's attitudes toward the learning of the subject.

(b) The activities of the proposed site do not duplicate existing programs offered by resource consortia or other providers.

(c) The proposed site gives attention to instructional strategies which have a potential for improving instruction for the diversity of pupil learning needs and styles, including pupils from diverse ethnic groups and cultural backgrounds, underachieving pupils, and pupils with exceptional needs or abilities.

(d) The proposed site establishes clear and informed approaches to the needs of women and minority students for continuing in courses required to enhance future career options.

(e) The proposed site gives attention to instructional strategies that make use of educational technology to support the instructional program.

(f) The proposed site involves various levels and segments of education in a cooperative approach.

(g) Participating school districts, colleges, and universities provide financial and personnel support for the proposed site.

(h) The proposed site uses participants as professional development providers in school districts, colleges, and universities.

(i) The proposed site provides continuing professional development to project participants.

(j) The proposed site addresses the need to integrate existing standards of competence in the subject matter into the curriculum at the grade level taught by each participating teacher.

(k) The proposed site contributes to the effectiveness of school and district development plans and coordinates with existing agencies or entities, such as the resource agency or consortia established pursuant to Article 2 (commencing with Section 44680) of Chapter 3.1 of Part 25.

(*l*) Neighboring institutions have worked collaboratively to develop a proposal which clearly indicates their intention to continue to work cooperatively throughout the duration of the local project.

99204. This chapter shall be operative, and shall apply to the University of California, only for such times as the Legislature has appropriated funds therefor and the Regents of the University of

California have accepted the funds. No provision of this chapter shall apply to the University of California unless the Regents of the University of California, by resolution, makes that provision applicable.

99205. This chapter does not apply to any subject matter area that is specifically addressed by one or more subject matter projects already established in statute.

SEC. 17.5. The Legislative Analyst shall include, in his or her analysis of the Budget Acts of 1990, 1991, and 1992, a report on the implementation of the staff development system set forth in Article 1 (commencing with Section 44670.1) and Article 2 (commencing with Section 44680) of Chapter 3.1 of Part 25 of the Education Code, and in Chapter 5 (commencing with Section 99200) of Part 65 of the Education Code. That report shall be based upon input from representatives of public elementary and secondary classroom teachers, public school administrators, school district governing board members, university faculty, and persons engaged in providing staff development services to public school employees.

SEC. 18. Any school that receives funding for purposes of Chapter 6 (commencing with Section 52000) of Part 28 of the Education Code may use a portion of those funds to implement the provisions of this act, consistent with the requirements of this act.

SEC. 19. It is the intent of the Legislature that Chapter 5 (commencing with Section 99200) of Part 65 of the Education Code be funded annually by the Budget Act.

SEC. 2.5. Section 27288.1 of the Government Code is amended to read:

27288.1. All documents described in this section now or hereafter authorized by law to be recorded in the official records of a county shall contain the following information in addition to any information as may be required by law pertaining to the particular document:

50079.5. This article shall not be construed to affect the authority of any community facilities district to levy any special tax or other charge under Chapter 2.5 (commencing with Section 53311) of Division 2.

SEC. 4. Section 53313 of the Government Code is amended to read:

53313. A community facilities district may be established under this chapter to finance any one or more of the following types of services within an area:

(b) Fire protection and suppression services, and ambulance and paramedic services.

(c) Recreation program services, library services, and the operation and maintenance of parks, parkways, open space, and museums and cultural facilities. A special tax may be levied for this purpose only upon approval of the voters as specified in subdivision (b) of Section 53328. However, the requirement contained in subdivision (b) of Section 53328 that a certain number of persons have been registered to vote for each of the 90 days preceding the close of the protest hearing does not apply to an election to enact a special tax for recreation program services, library services, and the operation and maintenance of parks and parkways subject to subdivision (c) of Section 53326.

(d) Flood and storm protection services, including, but not limited to, the operation and maintenance of storm drainage systems.

A community facilities district tax approved by vote of the landowners of the district may only finance the services authorized in this section to the extent that they are in addition to those

provided in the territory of the district before the district was created. The additional services may not supplant services already available within that territory when the district was created.

SEC. 5. Section 53316 of the Government Code is amended to read:

53316. This chapter applies to all local agencies insofar as those entities have the power to install or contribute revenue for any of the facilities or provide or contribute revenue for any of the services authorized under this chapter. This chapter authorizes local agencies to create community facilities districts pursuant to this chapter within their territorial limits. A local agency may initiate proceedings pursuant to Section 53318 to include territory proposed for annexation to the local agency within a community facilities district if a petition or resolution of application for the annexation of the territory to the local agency has been accepted for filing and a certificate of filing has been issued by the executive officer of the local agency formation commission at the time the proceedings to create the district are initiated. Those proceedings may be completed only if the annexation of the territory to the local agency is completed. The officers of local agencies who have similar powers and duties, as determined by the legislative body of the local agency, as the municipal officers referred to in this chapter shall have the powers and duties given by this chapter to the municipal officials. Where no similar officer exists, the legislative body of the local agency shall, by resolution, appoint a person or designate an officer to perform the duties under this chapter. If the majority protests of the registered voters or of the landowners are only against the furnishing of a specified type or types of facilities or services within the district, or against levying a specified special tax, those types of facilities or services or the specified special tax shall be eliminated from the resolution of formation.

SEC. 7. Section 53325.1 of the Government Code is amended to read:

53325.1. (a) If the legislative body determines to establish the district, it shall adopt a resolution of formation establishing the district. The resolution of formation shall contain all of the information required to be included in the resolution of intention to establish the district specified in Section 53321. SEC. 7.5. Section 53326 of the Government Code is amended to read:

53326. (b) Except as otherwise provided in subdivision (c), if at least 12 persons, who need not necessarily be the same 12 persons, have been registered to vote within the territory of the proposed community facilities district for each of the 90 days preceding the close of the protest hearing, the vote shall be by the registered voters of the proposed district, with each voter having one vote. Otherwise, the vote shall be by the landowners of the proposed district and each landowner who is the owner of record at the close of the protest hearing, or the authorized representative thereof, shall have one vote for each acre or portion of an acre of land that he or she owns within the proposed community facilities district. The number of votes to be voted by a particular landowner shall be specified on the ballot provided to that landowner. If the vote is by landowners pursuant to this subdivision, the legislative body shall determine that any facilities financed by the district are necessary to meet increased demands placed upon local agencies as the result of development or rehabilitation occurring in the district.

(c) If the proposed special tax will not be apportioned in any tax year on any portion of property in residential use in that tax year, as determined by the legislative body, the legislative body may provide that the vote shall be by the landowners of the proposed district whose property would be subject to the tax if it were levied at the time of the election. Each of these landowners shall have one vote for each acre, or portion thereof, that the landowner owns within the proposed district which would be subject to the proposed tax if it were levied at the time of the election.

(d) Ballots for the special election authorized by subdivision (a) may be distributed to qualified electors by mail with return postage prepaid or by personal service by the election official. The official conducting the election may certify the proper mailing of ballots by an affidavit, which shall constitute conclusive proof of mailing in the absence of fraud. In addition, the special tax may be levied only so long as it is needed to pay the principal and interest on debt incurred in order to construct facilities under

authority of this chapter, or so long as it is needed to pay the costs and incidental expenses of services or of the construction of facilities authorized by this chapter.

When the legislative body determines that the special tax shall cease to be levied, the legislative body shall direct the clerk to record a Notice of Cessation of Special Tax which shall state that the obligation to pay the special tax has ceased and that the lien imposed by the Notice of Special Tax Lien recorded in Book _____, and Page _____ of the records of the County Recorder of _____ County, State of California, is extinguished. [Approved by Governor September 25, 1988 Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 3003 of the Penal Code is amended to read:

3003. (a) An inmate who is released on parole shall be returned to the county from which he or she was committed.

For purposes of this subdivision, "county from which he or she was committed" means the county where the crime for which the inmate was convicted occurred.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county in a case where that would be in the best interests of the public and of the parolee. If the Board of Prison Terms setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168 or the Department of Corrections setting the conditions of parole for inmates sentenced pursuant to Section 1170 decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record. In making its decision, the authority may consider, among others, the following factors:

(1) The need to protect the life or safety of a victim, the parolee, a witness or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The last legal residence of the inmate having been in another county.

(5) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(6) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) Notwithstanding any other provision of law, an inmate who is released on parole shall not be returned to within 20 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in subdivision (c) of Section 667.5, if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(d) An inmate may be paroled to another state pursuant to any other provision of law.

2201. (1) Except as otherwise provided in this section a contract for the sale of goods for the price of five hundred dollars ($500) or more is not enforceable by way of action or defense unless there is some writing sufficient to indicate that a contract for sale has been made between the parties and signed by the party against whom enforcement is sought or by his or her authorized agent or broker. A writing is not insufficient because it omits or incorrectly states a term agreed upon but the contract is not enforceable under this paragraph beyond the quantity of goods shown in the writing.

(2) Between merchants if within a reasonable time a writing in confirmation of the contract and sufficient against the sender is received and the party receiving it has reason to know its contents, it satisfies the requirements of subdivision (1) against the party unless written notice of objection to its contents is given within 10 days after it is received.

(3) A contract which does not satisfy the requirements of subdivision (1) but which is valid in other respects is enforceable:

(a) If the goods are to be specially manufactured for the buyer

and are not suitable for sale to others in the ordinary course of the seller's business and the seller, before notice of repudiation is received and under circumstances which reasonably indicate that the goods are for the buyer, has made either a substantial beginning of their manufacture or commitments for their procurement;

(b) If the party against whom enforcement is sought admits in his or her pleading, testimony, or otherwise in court that a contract for sale was made, but the contract is not enforceable under this provision beyond the quantity of goods admitted; or

(c) With respect to goods for which payment has been made and accepted or which have been received and accepted (Section 2606).

SEC. 9. Section 2402 of the Commercial Code is amended to read:

2402. (1) Except as provided in subdivisions (2) and (3), rights of unsecured creditors of the seller with respect to goods which have been identified to a contract for sale are subject to the buyer's rights to recover the goods under this division (Sections 2502 and 2716).

(2) A creditor of the seller may treat a sale or an identification of goods to a contract for sale as void if as against him or her a retention of possession by the seller is fraudulent or void under any rule of law of the state where the goods are situated, except that retention of possession in good faith and current course of trade by a merchant-seller for a commercially reasonable time after a sale or identification is not fraudulent or void.

(3) Nothing in this division shall be deemed to impair the rights of creditors of the seller:

(a) Under the provisions of the division on secured transactions (Division 9); or

(b) Where identification to the contract or delivery is made not in current course of trade but in satisfaction of or as security for a pre-existing claim for money, security or the like and is made under circumstances which under any rule of law of the state where the goods are situated would apart from this division constitute the transaction a fraudulent transfer or voidable preference.

SEC. 10. Section 2718 of the Commercial Code is amended to read:

2718. (1) Damages for breach by either party may be liquidated in the agreement subject to and in compliance with Section 1671 of the Civil Code. If the agreement provides for liquidation of damages, and such provision does not comply with Section 1671 of the Civil Code, remedy may be had as provided in this division.

(2) Where the seller justifiably withholds delivery of goods because of the buyer's breach, the buyer is entitled to restitution of any amount by which the sum of his or her payments exceeds:

(a) The amount to which the seller is entitled by virtue of terms liquidating the seller's damages in accordance with subdivision (1), or

(b) In the absence of such terms, 20 percent of the value of the total performance for which the buyer is obligated under the contract or five hundred dollars ($500), whichever is smaller.

(3) The buyer's right to restitution under subdivision (2) is subject to offset to the extent that the seller establishes:

(a) A right to recover damages under the provisions of this chapter other than subdivision (1), and

(b) The amount or value of any benefits received by the buyer directly or indirectly by reason of the contract.

(4) Where a seller has received payment in goods their reasonable value or the proceeds of their resale shall be treated as payments for the purposes of subdivision (2); but if the seller has notice of the buyer's breach before reselling goods received in part performance, his or her resale is subject to the conditions laid down in this division on resale by an aggrieved seller (Section 2706).

SEC. 10.5. Section 6103 of the Commercial Code is amended to read:

6103. The following transfers are not subject to this division:

(1) A transfer of personal property, if the personal property is leased back to the transferor immediately following the transfer, and if there has been compliance with subdivision (h) of Section 3440.1 of the Civil Code with respect to the transfer.

(2) Assignments for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.

(3) Transfers of property subject to a lien or other security interest in settlement or realization of such lien or other security interest.

(4) Sales by executors, administrators, receivers, trustees in bankruptcy, or any public officer under judicial process.

(5) Sales made in the course of judicial or administrative proceedings for the dissolution or reorganization of a corporation and of which notice is sent to the creditors of the corporation pursuant to order of the court or administrative agency.

(6) Transfers of property which is exempt from enforcement of a money judgment.

(7) The transfer of goods in a warehouse where a warehouse receipt has been issued therefor by a warehouseman (Section 7102) and a copy of such receipt is kept at the principal place of business of the warehouseman and at the warehouse in which said goods are stored.

(8) A transfer which is subject to and complies with Article 5 (commencing with Section 24070) of Chapter 6 of Division 9 of the Business and Professions Code, except that such transfer shall be subject to subdivision (1) of Section 6105 insofar as it refers to Section 6107, Section 6107 other than paragraph (e) of subdivision (1) thereof, and subdivision (a) of Section 6111.

(9) A transfer of personal property if Chapter 2 (commencing with Section 3440) of Part 2 of Division 4 of the Civil Code does not apply thereto by reason of subdivision (k) of Section 3440.1 of the Civil Code.

SEC. 11. Section 9318 of the Commercial Code is amended to read:

9318. (1) Unless an account debtor has made an enforceable agreement not to assert defenses or claims arising out of a sale as provided in Section 9206 the rights of an assignee are subject to:

(a) All the terms of the contract between the account debtor and assignor and any defense or claim arising therefrom; and

(b) Any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives notification of the assignment.

(2) So far as the right to payment or a part thereof under an assigned contract has not been fully earned by performance, and notwithstanding notification of the assignment, any modification of or substitution for the contract made in good faith and in accordance with reasonable commercial standards is effective against an assignee unless the account debtor has otherwise agreed but the assignee acquires corresponding rights under the modified or substituted contract. The assignment may provide that the modification or substitution is a breach by the assignor.

(3) The account debtor is authorized to pay the assignor until the account debtor receives notification that the amount due or to become due has been assigned and that payment is to be made to the assignee. A notification which does not reasonably identify the rights assigned is ineffective. If requested by the account debtor, the assignee must seasonably furnish reasonable proof that the assignment has been made and unless he or she does so the account debtor may pay the assignor.

(4) A term in any contract between an account debtor and an assignor is ineffective if it prohibits assignment of an account or prohibits creation of a security interest in chattel paper or a security interest in a general intangible for money due or to become due or requires the account debtor's consent to the assignment or security interest.

SEC. 12. Section 9402 of the Commercial Code is amended to read:

9402. (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor, and contains a statement indicating the types, or describing the items, of collateral. A financing statement should include the debtor's trade name or style, if any, if known to the secured party, and the effective period of the financing statement, but a failure to include such trade name or style or the effective period of the financing statement or any error in any included trade name or style or effective period, shall not under any circumstances affect the validity of the financing statement. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned. When the financing

statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, or when the financing statement is filed as a fixture filing (Section 9313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subdivision (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A certified copy of a financing statement or security agreement is sufficient as a financing statement if the original thereof was filed in this state.

(2) A financing statement which otherwise complies with subdivision (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in or as a fixture filing covering:

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this state or when the debtor's location is changed to this state. The financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances;

(b) Proceeds under Section 9306, if the security interest in the original collateral was perfected. The financing statement must describe the original collateral and give the date of filing and the file number of the prior financing statement;

(c) Collateral as to which the filing has lapsed. The financing statement must include a statement to the effect that the prior financing statement has lapsed and give the date of filing and the file number of the prior financing statement; or

(d) Collateral acquired after a change of name, identity or corporate structure of the debtor (subdivision (7)). The financing statement must include a statement that the name, identity or corporate structure of the debtor has been changed and give the date of filing and the file number of the prior financing statement and the name of the debtor as shown in the prior financing statement.

(3) A form substantially as follows is sufficient to comply with subdivision (1):

Name of debtor (or assigner) _____
Address _____
Name of secured party (or assignee) _____
Address _____
Debtor's trade name or style, if any _____
1. This financing statement covers the following types (or items) of property: (Describe) _____
2. (If collateral is crops) The above-described crops are growing or are to be grown on: (Describe real estate) _____

3. (If applicable) The above goods are or are to become fixtures on* (Describe real estate) _____

and this financing statement is to be recorded in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is _____

4. (If products of collateral are claimed) Products of the collateral are also covered.

5. This financing statement is effective for a period of five years from the date of filing and will lapse pursuant to Section 9403 of the California Commercial Code upon the expiration of the five-year period unless a continuation statement is filed prior to the lapse. (If the debtor is a transmitting utility and the financing statement so states.) This financing statement is effective until a termination statement is filed. (If a real estate mortgage is effective as a fixture filing.) This financing statement remains in effect as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(Use whichever is applicable)

_____
Signature of debtor (or assigner)

_____
Signature of secured party (or assignee)

*Where appropriate substitute either "The above timber is standing on " or "The above mineral or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on . . ."

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party, or by the secured party alone in the case of an amendment pursuant to subdivision (7). An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this division, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, or a financing statement filed as a fixture filing (Section 9313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be recorded in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner. A financing statement filed as a fixture filing (Section 9313) where the debtor is not a transmitting utility must also recite either that it is filed as a fixture filing or that it covers goods which are or are to become fixtures.

(6) A mortgage is effective as a financing statement filed as a

fixture filing from the date of its recording if:

(a) The goods are described in the mortgage by item or type;

(b) The goods are or are to become fixtures related to the real estate described in the mortgage;

(c) The mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records; and

(d) The mortgage is duly recorded.

No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or names of partners. Where the debtor so changes his or her name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement or an appropriate amendment to the filed financing statement is filed before the acquisition of the collateral by the debtor. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading. A financing statement filed as a fixture filing (Section 9313) where the debtor is not a transmitting utility is not effective if it does not recite that it is to be recorded in the real estate records and either that it is filed as a fixture filing or that it covers goods which are or are to become fixtures.

(9) A financing statement substantially complying with the requirements of this section creates a security interest only to the extent of the interest of the debtor.

(10) No person or entity acting for or on behalf of the parties to a financing statement shall incur any liability for the consequences of recording a financing statement in the real estate records, and no action may be brought or maintained against that person or entity as a result of the recordation.

SEC. 12.2. Section 10103 of the Commercial Code, as added by Senate Bill No. 1580, is amended to read:

(b) "Cancellation" occurs when either party puts an end to the lease contract for default by the other party.

(c) "Commercial unit" means such a unit of goods as by commercial usage is a single whole for purposes of lease and division of which materially impairs its character or value on the market or in use. (h) "Goods" means all things that are movable at the time of identification to the lease contract, or are fixtures (Section 10309), but the term does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like, including oil and gas, before extraction. The term also includes the unborn young of animals.

(i) "Installment lease contract" means a lease contract that authorizes or requires the delivery of goods in separate lots to be separately accepted, even though the lease contract contains a clause

"each delivery is a separate lease" or its equivalent.

(j) "Lease" means a transfer of the right to possession and use of goods for a term in return for consideration, but a sale, including a sale on approval or a sale or return, or retention or creation of a security interest is not a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(k) "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this division. Unless the context clearly indicates otherwise, the term includes a sublease agreement.

(*l*) "Lease contract" means the total legal obligation that results from the lease agreement as affected by this division and any other applicable rules of law. Unless the context clearly indicates otherwise, the term includes a sublease contract.

(m) "Leasehold interest" means the interest of the lessor or the lessee under a lease contract.

(n) "Lessee" means a person who acquires the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessee.

"Leasing" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting lease contract but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(p) "Lessor" means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

(q) "Lessor's residual interest" means the lessor's interest in the goods after expiration, termination, or cancellation of the lease contract.

(r) "Lien" means a charge against or interest in goods to secure payment of a debt or performance of an obligation, but the term does not include a security interest.

(t) "Merchant lessee" means a lessee that is a merchant with respect to goods of the kind subject to the lease.

(u) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate was not manifestly unreasonable at the time the

transaction was entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(v) "Purchase" includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

(w) "Sublease" means a lease of goods the right to possession and use of which was acquired by the lessor as a lessee under an existing lease.

(x) "Supplier" means a person from whom a lessor buys or leases goods to be leased under a finance lease.

(y) "Supply contract" means a contract under which a lessor buys or leases goods to be leased.

(z) "Termination" occurs when either party pursuant to a power created by agreement or law puts an end to the lease contract otherwise than for default.

SEC. 12.4. Section 10106 of the Commercial Code, as added by Senate Bill No. 1580, is amended to read:

10106. (1) If the law chosen by the parties to a consumer lease is that of a jurisdiction other than a jurisdiction in which the lessee resides at the time the lease agreement becomes enforceable or within 30 days thereafter, in which the goods are to be used, or in which the lease is executed by the lessee, the choice is not enforceable.

(2) If the judicial forum chosen by the parties to a consumer lease is in a county other than the county in which the lessee in fact signed the lease, the county in which the lessee resides at the commencement of the action, the county in which the lessee resided at the time the lease contract became enforceable, or the county in which the goods are permanently stored, the choice is not enforceable.

SEC. 12.6. Section 10209 of the Commercial Code, as added by Senate Bill No. 1580, is amended to read:

10209. (1) The benefit of the supplier's promises to the lessor under the supply contract and of all warranties, whether express or implied, under the supply contract, extends to the lessee to the extent of the lessee's leasehold interest under a finance lease related to the supply contract, but subject to the terms of the supply contract and all of the supplier's defenses or claims arising therefrom.

(2) The extension of the benefit of the supplier's promises and warranties to the lessee (subdivision (1) of Section 10209) does not: (a) modify the rights and obligations of the parties to the supply contract, whether arising therefrom or otherwise, or (b) impose any duty or liability under the supply contract on the lessee.

(3) Any modification or rescission of the supply contract by the supplier and the lessor is effective against the lessee unless, prior to the modification or rescission, the supplier has received notice that the lessee has entered into a finance lease related to the supply contract. If the supply contract is modified or rescinded after the lessee enters the finance lease, the lessee has a cause of action against the lessor. The lessee's recovery from such action shall put the lessee in as good a position as if the modification or rescission had not occurred.

(4) In addition to the extension of the benefit of the supplier's promises and warranties to the lessee under subdivision (1), the lessee retains all rights and remedies which the lessee may have against the supplier that arise from any agreement between the lessee and the supplier or from any other law.

SEC. 13. Section 10307 of the Commercial Code, as added by Senate Bill No. 1580, is amended to read:

10307. (1) Except as otherwise provided in Section 10306, a creditor of a lessee takes subject to the lease contract.

(2) Except as otherwise provided in subdivisions (3) and (4) of this section and in Sections 10306 and 10308, a creditor of a lessor takes subject to the lease contract:

(a) Unless the creditor holds a lien that attached to the goods before the lease contract became enforceable;

(b) Unless the creditor holds a security interest in the goods and the lessee did not give value and receive delivery of the goods without knowledge of the security interest; or

(c) Unless the creditor holds a security interest in the goods that attached and was perfected before (i) the lease contract became enforceable , (ii) the lessee gave value and received delivery of the goods, or (iii) in the case of a purchase money security interest, the date that is 20 days after the date that the lessor received possession of the goods or the date that the lessee received possession of the goods, whichever is earlier.

(3) A lessee in the ordinary course of business takes the leasehold interest free of a security interest in the goods created by the lessor even though the security interest is perfected and the lessee knows of its existence.

(4) A lessee other than a lessee in the ordinary course of business takes the leasehold interest free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the lease unless the future advances are made pursuant to a commitment entered into without knowledge of the lease.

SEC. 13.2. Section 10402 of the Commercial Code, as added by Senate Bill No. 1580, is amended to read:

10402. (1) If either party repudiates a lease contract, other than a consumer lease, with respect to a performance not yet due under the lease contract, the loss of which performance will substantially impair the value of the lease contract to the other, the aggrieved party may:

(a) For a commercially reasonable time, await retraction of repudiation and performance by the repudiating party;

(b) Make demand pursuant to Section 10401 and await assurance of future performance adequate under the circumstances of the particular case; or

(c) Resort to any right or remedy upon default under the lease contract or this division, even though the aggrieved party has notified the repudiating party that the aggrieved party would await the repudiating party's performance and assurance and has urged retraction. In addition, whether or not the aggrieved party is pursuing one of the foregoing remedies, the aggrieved party may suspend performance or, if the aggrieved party is the lessor, proceed in accordance with the provisions of this division on the lessor's right to identify goods to the lease contract notwithstanding default or to salvage unfinished goods (Section 10524).

(2) The rights and remedies of the parties to a consumer lease in connection with a repudiation of that lease shall be determined under other laws, and this section shall not affect the applicability or

interpretation of those laws.

SEC. 13.4. Section 10516 of the Commercial Code, as added by Senate Bill No. 1580, is amended to read:

10516. (1) A lessee must pay rent for any goods accepted in accordance with the lease contract, with due allowance for goods rightfully rejected or not delivered.

(2) A lessee's acceptance of goods precludes rejection of the goods accepted. In the case of a finance lease, other than a consumer lease in which the supplier assisted in the preparation of the lease contract or participated in negotiating the terms of the lease contract with the lessor, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it. In any other case, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it unless the acceptance was on the reasonable assumption that the nonconformity would be seasonably cured. Acceptance does not of itself impair any other remedy provided by this division or the lease agreement for nonconformity.

(3) If a tender has been accepted:

(a) Within a reasonable time after the lessee discovers or should have discovered any default, (i) the lessee shall notify the lessor, or be barred from any remedy against the lessor, and, in addition, (ii) in the case of a finance lease, the lessee shall notify the supplier or be barred from any remedy against the supplier;

(b) Within a reasonable time after the lessee receives notice of litigation for infringement or the like (Section 10211) the lessee shall notify the lessor or be barred from any remedy over for liability established by the litigation; and

(c) The burden is on the lessee to establish any default.

(4) If a lessee is sued for breach of a warranty or other obligation for which a lessor or a supplier is answerable over:

(a) The lessee may give the lessor or the supplier written notice of the litigation. If the notice states that the lessor or the supplier may come in and defend and that if the lessor or the supplier does not do so he or she will be bound in any action against him or her by the lessee by any determination of fact common to the two litigations, then unless the lessor or the supplier after seasonable receipt of the notice does come in and defend he or she is so bound.

(b) The lessor or the supplier may demand in writing that the lessee turn over control of the litigation including settlement if the claim is one for infringement or the like (Section 10211) or else be barred from any remedy over. If the demand states that the lessor or the supplier agrees to bear all expense and to satisfy any adverse judgment, then unless the lessee after seasonable receipt of the demand does turn over the control the lessee is so barred.

(5) The provisions of subdivisions (3) and (4) apply to any obligation of a lessee to hold the lessor or the supplier harmless against infringement or the like (Section 10211).

(6) Subdivision (3) shall not apply to a consumer lease.

SEC. 14. Section 10518 of the Commercial Code, as added by

Senate Bill No. 1580, is amended to read:

10518. (1) After default by a lessor under the lease contract (subdivision (1) of Section 10508), the lessee may cover by making any purchase or lease of or contract to purchase or lease goods in substitution for those due from the lessor.

(2) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or determined by agreement of the parties (Section 10503 and subdivision (3) of Section 1102), if a lessee's cover is by lease agreement substantially similar to the original lease agreement and the lease agreement is made in good faith and in a commercially reasonable manner, the lessee may recover from the lessor as damages (a) the present value, as of the date of the commencement of the term of the new lease agreement, of the difference between the total rent for the lease term of the new lease agreement and the total rent for the then remaining lease term of the original lease agreement and (b) any incidental or consequential damages less expenses saved in consequence of the lessor's default.

(3) If the lessee's cover is by lease agreement that qualifies for treatment under subdivision (2), the lessee may elect to proceed under subdivision (2) or Section 10519. If a lessee's cover is by lease agreement that for any reason does not qualify for treatment under subdivision (2), or is by purchase or otherwise, the lessee may recover from the lessor under Section 10519 as if the lessee had elected not to cover.

SEC. 15. Section 10519 of the Commercial Code, as added by Senate Bill No. 1580, is amended to read:

10519. (1) Except as otherwise provided with respect to damages liquidated in the lease agreement (Section 10504) or determined by agreement of the parties (Section 10503 and subdivision (3) of Section 1102), if a lessee elects not to cover or a lessee elects to cover and the cover is by lease agreement, whether or not the lease agreement qualifies for treatment under subdivision (2) of Section 10518, or is by purchase or otherwise, the measure of damages for default by the lessor (subdivision (1) of Section 10508) is the present value as of the date of the default of the difference between the then market rent and the original rent, computed for the remaining lease term of the original lease agreement together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(2) Market rent is to be determined as of the place for tender or, in cases of rejection after arrival or revocation of acceptance, as of the place of arrival.

(3) If the lessee has accepted goods and given notification (subdivision (3) of Section 10516), the measure of damages for nonconforming tender or delivery by a lessor is the loss resulting in the ordinary course of events from the lessor's default as determined in any manner that is reasonable together with incidental and consequential damages, less expenses saved in consequence of the

lessor's default.

(4) The measure of damages for breach of warranty is the present value at the time and place of acceptance of the difference between the value of the use of the goods accepted and the value if they had been as warranted for the lease term, unless special circumstances show proximate damages of a different amount, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default or breach of warranty.

SEC. 16. To accommodate the optional wording for financing statements permitted by subdivision (3) of Section 9402 of the Commercial Code, the Secretary of State may prescribe more than one standard form of financing statement.

SEC. 17. Section 1.5 of this bill incorporates amendments to Section 1624 of the Civil Code proposed by both this bill and SB 2789. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989 (2) each bill amends Section 1624 of the Civil Code, and (3) this bill is enacted after SB 2789, in which case Section 1 of this bill shall not become operative.

SEC. 18. This act shall not become operative unless and until Senate Bill 1580 of the 1987–88 Regular Session is enacted and becomes operative.

## CHAPTER 1369

An act relating to aviation.

[Approved by Governor September 25, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) The Secretary of the Business, Transportation and Housing Agency shall coordinate and direct a study and report to be done jointly by the Office of Economic Research in the Department of Commerce and the Division of Aeronautics in the Department of Transportation. The primary goal of the study is to identify, quantify, and document the role of aviation in the economic development of California.

(b) The study shall examine, among other things, the question of whether future airport capacity, particularly in air carrier airports, will constrain the future development of the California economy, the growth of jobs, and the ability of the state to take advantage of the growing international market in the Pacific Rim for which California's major airports serve as a gateway for the rest of the United States.

(c) The study shall attempt to quantify the economic value of the flow of commerce through California's airports and measure changes in that flow over time. In that regard, the secretary shall receive the

assistance and cooperation of other state agencies, including the California State World Trade Commission, in measuring the flow of international trade, and the Employment Development Department in measuring the impact of airports on employment and income.

(d) The secretary shall identify constraints on the growth of jobs and income in California which may be attributable to a lack of current or future airport capacity in the state. In addition, the secretary shall develop recommendations for policies that should be implemented by the Governor and the Legislature in order to improve, develop, and maintain a healthy and adequate system of airport capacity for the California economy. The report required by subdivision (e) shall include information on the potential of using federal or military airports to accommodate increasing demand for airport capacity.

(e) The secretary may contract for the performance of some or all of the sections of the study required by this act. The secretary shall, not later than January 1, 1990, report findings and recommendations of the study to the Governor, the Senate Committee on Rules, the Speaker of the Assembly, and the California Commission on Aviation and Airports.

## CHAPTER 1370

An act to add Section 24100.3 to the Health and Safety Code, relating to health.

[Approved by Governor September 25, 1988. Filed with Secretary of State September 26, 1988 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 24100.3 is added to the Health and Safety Code, to read:

24100.3. Persons providing aquatic instruction, including, but not limited to, swimming instruction, water safety instruction, water contact activities, and competitive aquatic sports, at a public swimming pool shall possess an American Red Cross or Y.M.C.A. Advanced Life Saving or Life Guard Training certificate, or both, or have equivalent qualifications, as determined by the state department. In addition, these persons shall be certified in standard first aid and cardiopulmonary resuscitation (C.P.R). All of these persons shall meet these qualifications by January 1, 1990. Persons who only disseminate written materials relating to water safety, are not persons providing aquatic instruction within the meaning of this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

## CHAPTER 1371

An act to amend Section 6254 of the Government Code, and to amend Section 13823.4 of the Penal Code, relating to domestic violence.

[Approved by Governor September 25, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 6254 of the Government Code is amended to read:

6254. Except as provided in Section 6254.7, nothing in this chapter shall be construed to require disclosure of records that are any of the following:

(a) Preliminary drafts, notes, or interagency or intraagency memoranda which are not retained by the public agency in the ordinary course of business, provided that the public interest in withholding those records clearly outweighs the public interest in disclosure.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

(d) Contained in or related to:

(1) Applications filed with any state agency responsible for the regulation or supervision of the issuance of securities or of financial institutions, including, but not limited to, banks, savings and loan associations, industrial loan companies, credit unions, and insurance companies.

(2) Examination, operating, or condition reports prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(3) Preliminary drafts, notes, or interagency or intraagency communications prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(4) Information received in confidence by any state agency referred to in paragraph (1).

(e) Geological and geophysical data, plant production data, and similar information relating to utility systems development, or

market or crop reports, which are obtained in confidence from any person.

(f) Records of complaints to, or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice, and any state or local police agency, or any such investigatory or security files compiled by any other state or local police agency, or any such investigatory or security files compiled by any other state or local agency for correctional, law enforcement, or licensing purposes, except that state and local law enforcement agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the victims of an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage or loss, as the result of the incident caused by arson, burglary, fire, explosion, larceny, robbery, vandalism, vehicle theft, or a crime as defined by subdivision (c) of Section 13960, unless the disclosure would endanger the safety of a witness or other person involved in the investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation. [Approved by Governor September 25, 1988. Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 9396 of the Welfare and Institutions Code, as amended by Assembly Bill 3542 of the 1987–88 Regular Session, is amended to read:

9396. (a) There is hereby established the Community Care Facility Demonstration Project for the Elderly in accordance with the provisions of this section. The Multipurpose Senior Services Program shall administer the Community Care Facilities Demonstration Project for the Elderly. The Multipurpose Senior Services Program may contract with the State Department of Health Services for the utilization of funds from the Health Care Deposit

Fund upon determination that the demonstration project qualifies for federal financial participation as stipulated in subdivision (e).

(b) The Multipurpose Senior Services Program shall contract with two local Multipurpose Senior Services Program sites to serve as demonstration sites. One site shall be in the northern and one in the southern part of the state. The sites shall be selected through a request for proposal process.

(c) The project shall serve a selected number of frail elderly persons, whose current medical assessment does not indicate the need for long-term intermediate or skilled nursing care. "Frail elderly persons," for purposes of this chapter, means those persons as defined in Section 9111 who meet current Medi-Cal criteria for being "certified" or "certifiable" for admission into intermediate or skilled nursing care facilities, and whom a physician has determined may remain in a community care facility with services as provided for by this section. Participating facilities shall be limited to those licensed community care facilities serving adults, as defined in Section 80001 of Title 22 of the California Administrative Code. During the demonstration project a total of 120 persons at any one time shall be served in the two local Multipurpose Senior Services Program sites selected for participation under this chapter. Personal care services shall be purchased through the use of funds appropriated for purposes of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9. Participation by a person or a community care facility shall be voluntary. Personal care provided pursuant to this chapter shall supplement, and not replace, personal care provided by community care facilities pursuant to statutory and regulatory requirements which are required to be met in order to obtain and maintain a community care facility license. This supplemental care shall be provided only when the level of care needed by a person participating under this chapter exceeds that which can be provided by the community care facility pursuant to existing statutory and regulatory requirements which are required to be met in order to obtain and maintain a community care facility license. Determination as to the necessary level of care shall be based on an assessment of need performed initially, and at six-month intervals thereafter by the case manager.

(d) The pilot project shall be operated for a period of three years. The Multipurpose Senior Services Program shall submit an evaluation of this project to the Legislature not later than July 1, 1988. The evaluation shall do all of the following:

(1) Describe the service providers and the services they provide and compare them to services provided to persons within skilled nursing, intermediate care, and nonmedical community care facilities and persons receiving home health services while residing in their own homes.

(2) Describe the program participants and compare them to those residing in skilled nursing, intermediate care, and nonmedical community care facilities and persons receiving home health

services while in their own homes.

(3) Contain a description of the criteria used to select participants and compare them to criteria used to determine who would be more suitably cared for in skilled nursing or intermediate care facilities.

(4) Compare the total governmental costs incurred for persons participating in this project with the costs of care provided by skilled nursing facilities.

(5) Assess the extent to which the demonstration project, in fact, did delay or prevent care in an intermediate or skilled nursing facility and the cost effectiveness of the project.

(e) Implementation of the demonstration project is dependent upon the availability of federal financial participation for the services to be provided.

Implementation of the project shall be subject to receipt of required waivers or waiver amendments. Use of existing federal waivers and existing program authority shall be the first priority for implementation of this chapter. The Multipurpose Senior Services Program shall seek new waivers from the federal government if implementation cannot be carried out through existing waivers or existing categorical programs. The Secretary of the Health and Welfare Agency shall have the authority to waive existing state statutes or regulations at the request of the Multipurpose Senior Services Program that would prohibit or restrict the ability of the Multipurpose Senior Services Program to provide for the services authorized by this section.

(f) This section shall become inoperative on June 30, 1989, and, as of January 1, 1990, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1990, deletes or extends the dates on which it becomes inoperative and is repealed.

This demonstration project shall not be extended or expanded unless conclusive evidence has been presented to the Legislature showing that it has been cost-effective and can be replicated.

SEC. 2. Section 4 of Chapter 1063 of the Statutes of 1986 is amended to read:

$$\text{Base rate} = \frac{(0.456)\,(B) - M}{(T_1 + T_2)0.25 + (T_3 + T_4)2.00 + (T_5) + (T_6)0.50 + (T_7)0.10 + (T_8)0.05} \times (C)$$

Where all of the following apply:

(1) "B" is the amount appropriated annually by the Legislature for the Hazardous Waste Control Account including, but not limited to, any amounts appropriated for the compensation of employees. The board shall reduce the amount of "B" by any amount of the surplus in the Hazardous Waste Control Account which exceeds 5 percent of the prior year's budget.

(2) "M" is the amount of disposal fees undercollected or overcollected in the prior fiscal year from what was expected to be collected from the fees. When there is an undercollection of fees, a negative number shall be used as "M."

(3) "$T_1$" is the total amount in tons of waste specified in paragraph (1) of subdivision (a) of Section 25174.6.

(4) "$T_2$" is the total amount in tons of waste specified in paragraph (2) of subdivision (a) of Section 25174.6.

(5) "$T_3$" is the total amount in tons of waste specified in paragraph (3) of subdivision (a) of Section 25174.6.

(6) "$T_4$" is the total amount in tons of waste specified in paragraph (4) of subdivision (a) of Section 25174.6.

(7) "$T_5$" is the total amount in tons of waste specified in paragraph (5) of subdivision (a) of Section 25174.6.

(10) "$T_8$" is the total amount in tons of waste specified in paragraph (7) of subdivision (a) of Section 25174.6.

(11) "C" is an adjustment based on the average decline in tonnage over the past three calendar years, as determined by the State Board of Equalization in consultation with the department.

(b) The base rate specified in subdivision (a) shall apply to persons subject to the fee specified in Section 25174. Upon the enactment of the Budget Act of 1988, and upon the enactment of the annual Budget Act for each fiscal year thereafter, the State Board of Equalization shall determine the base rate, in accordance with the formula specified in subdivision (a), using the actual tonnage reported for the preceding calendar year. Within 30 days after the enactment of the annual Budget Act, the State Board of Equalization shall send a notice of the adjusted fee rate to every person subject to the fee specified in Section 25174.

(c) This section shall become inoperative on July 1, 1989, and, as of January 1, 1990, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1990, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 6. Section 25174.6 of the Health and Safety Code, as amended by Chapter 300 of the Statutes of 1988, is amended to read:

25174.6. (a) The fee provided pursuant to Section 25174 to be paid by persons disposing of hazardous waste onsite, or submitting hazardous waste for disposal offsite, and by operators of hazardous waste disposal facilities, for each ton, or fraction thereof, of hazardous waste disposed of on land or applied to land on or after July 1, 1986, shall be determined as a percentage of the base rate, as adjusted by the State Board of Equalization, pursuant to Section 25174.02. The percentages of the base rate for determining these fees are as follows:

(1) Twenty-five percent of the base rate for each ton, or fraction thereof for up to the first 5,000 tons of hazardous waste disposed of, or submitted for offsite disposal, at each specific facility by each producer or at each specific onsite facility, per month, which is not subject to Subchapter III (commencing with Section 6921) of Chapter 82 of Title 42 of the United States Code, pursuant to subsection (b) of Section 6921 of Title 42 of the United States Code and which is not otherwise subject to the fee specified in paragraph (3) or (4), or hazardous waste for which the Administrator of the Environmental Protection Agency has determined that regulation is

unwarranted, as specified in subparagraph (C) of paragraph (2) of, and subparagraph (C) of paragraph (3) of, subsection (b) of Section 6921 of Title 42 of the United States Code and which is not otherwise subject to the fee specified in paragraph (3) or (4).

(2) Twenty-five percent of the base rate for each ton, or fraction thereof, for up to the first 5,000 tons of hazardous waste disposed of, or submitted for offsite disposal, at each specific facility by each producer or at each specific onsite facility, per month, which result from the extraction, beneficiation, and processing of ores and minerals, including phosphate rock and the overburden from the mining of uranium ore and which is not otherwise subject to the fee specified in paragraph (3) or (4).

(3) Two hundred percent of the base rate for each ton, or fraction thereof, of extremely hazardous waste.

(4) Two hundred percent of the base rate for each ton, or fraction thereof, of restricted hazardous wastes listed in Section 66900 of Title 22 of the California Code of Regulations.

(5) One hundred percent of the base rate for each ton, or fraction thereof, of hazardous waste disposed of, or submitted for offsite disposal, which is not otherwise subject to the fees specified in paragraph (1), (2), (3), or (4) of this subdivision.

(6) Fifty percent of the base rate for each ton, or fraction thereof, of hazardous waste generated in this state which is disposed of, or submitted for disposal, outside the state.

(7) Five percent of the base rate for each ton, or fraction thereof, of hazardous waste disposed of, or submitted for disposal, in the state that is a solid hazardous waste residue resulting from incineration.

(b) The amount of fees payable to the State Board of Equalization pursuant to this section shall be calculated using the total wet weight, measured in tons or fractions thereof, of the hazardous waste in the form in which the hazardous waste existed at the time of disposal, submission for disposal, or application to land using the land disposal methods defined in Section 66122 of Title 22 of the California Code of Regulations.

(c) Notwithstanding subdivision (a), the fee rate for hazardous waste disposed of, or submitted for offsite disposal, into a surface impoundment which is double lined, meets the criteria specified in paragraph (1), and for which a report has not been submitted pursuant to paragraph (2), is 10 percent of the base rate for each ton, or fraction thereof, of hazardous waste so disposed of or submitted for disposal. The owner or operator of the surface impoundment shall certify to the State Board of Equalization that the requirements of paragraph (1) have been met before the fee rate specified in this subdivision may be applied to the hazardous waste disposed of, or submitted for disposal, into the surface impoundment.

(1) This subdivision applies only to hazardous waste disposed of, or submitted for disposal, into a surface impoundment which meets all the following criteria:

(A) The surface impoundment is double lined and is equipped

with a leachate collection system which is in place and in operation, and complies with existing federal and state regulations and guidance documents published by the Environmental Protection Agency prior to July 1, 1984.

(B) The surface impoundment has in place and in operation a minimum of one upgradient and two downgradient monitoring wells capable of identifying the migration of any hazardous waste constituents disposed of into the surface impoundment.

(C) The surface impoundment has in place and in operation a vadose zone monitoring system capable of identifying the migration of any hazardous waste constituents disposed of into the surface impoundment from the impoundment into the zone between the surface and the water table.

(D) The surface impoundment has an enforceable site closure plan which initiates closure of the impoundment within 12 years after the surface impoundment is certified pursuant to this subdivision. This plan shall require the surface impoundment, and any surrounding soils contaminated by the impoundment, to be returned to a nonhazardous condition within five years of initiating closure.

(E) The owner or operator has submitted to the department and to the California regional water quality control board documentation demonstrating full compliance with subparagraphs (A), (B), (C), and (D).

(2) Upon discovering that, or receiving notification that, a surface impoundment certified for the fee rate specified in this subdivision has leaked or overflowed, and that there is migration into the vadose zone or into the waters of the state, the owner or operator of the surface impoundment shall report the migration to the department and the California regional water quality control board within 24 hours after the migration or unauthorized release has been detected. The owner or operator shall transmit a full written report to the department and the regional board within five working days after the detection of the migration. The reporting requirements imposed by this paragraph are in addition to any requirements which may be imposed by Section 13271 of the Water Code. Unless the regional board, or its executive officer, determines that the presence of the hazardous waste constituents in the migration do not pose any short-term or long-term, present or potential, hazards to human health or the environment, the regional board shall issue a cease and desist order pursuant to Section 13301 of the Water Code prohibiting any discharge into the surface impoundment and shall take any other actions which are necessary.

(3) After a surface impoundment has been the subject of a report specified in paragraph (2), the fee rate specified in this subdivision for hazardous waste disposed of, or submitted for disposal, into that surface impoundment shall not apply and the fees shall be calculated pursuant to subdivision (a). The fee rate specified in this subdivision may again be applied to the hazardous waste disposed of, or

submitted for disposal, into the surface impoundment only after the department and the California regional water quality control board determines that hazardous constituents are no longer migrating from the surface impoundment, and that there is no significant potential for them to migrate from the surface impoundment into the vadose zone or into the waters of the state, so that the presence of the hazardous constituents poses, or would pose, a present or potential hazard to human health or the environment.

(4) Hazardous waste, as used in this subdivision, includes restricted hazardous waste.

(d) All fees imposed by this section shall be paid in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code.

(e) This section shall become inoperative on July 1, 1989, and, as of January 1, 1990, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1990, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. Section 25174.8 of the Health and Safety Code is repealed.

[Approved by Governor September 25, 1988 Filed with Secretary of State September 26, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 4607 of the Civil Code is amended to read:

4607. (a) In any proceeding where there is at issue the custody of or visitation with a minor child, and where it appears on the face of the petition or other application for an order or modification of an order for the custody or visitation of a child or children that either or both such issues are contested, as provided in Section 4600, 4600.1, or 4601, the matter shall be set for mediation of the contested issues prior to or concurrent with the setting of the matter for hearing. Upon the adoption of a resolution by the board of supervisors authorizing the procedure, a petition also may be filed pursuant to this section for the mediation of a dispute relating to any existing order for custody or visitation; the mediation of a dispute concerning an existing order shall be set not later than 60 days after the filing of the petition. The purpose of the mediation proceeding shall be to reduce acrimony which may exist between the parties and to develop an agreement assuring the child or children's close and continuing contact with both parents. The mediator shall use his or her best efforts to effect a settlement of the custody or visitation

dispute.

(b) Each superior court shall make available a mediator. The mediator may be a member of the professional staff of a family conciliation court, probation department, or mental health services agency, or may be any other person or agency designated by the court. In order to provide mediation services, the court shall not be required to institute a family conciliation court. The mediator shall meet the minimum qualifications required of a counselor of conciliation as provided in Section 1745 of the Code of Civil Procedure.

(c) Mediation proceedings shall be held in private and shall be confidential, and all communications, verbal or written, from the parties to the mediator made in a proceeding pursuant to this section shall be deemed to be official information within the meaning of Section 1040 of the Evidence Code.

(d) The mediator shall have the authority to exclude counsel from participation in the mediation proceedings where, in the discretion of the mediator, exclusion of counsel is deemed by the mediator to be appropriate or necessary. The mediator shall have the duty to assess the needs and interests of the child or children involved in the controversy and shall be entitled to interview the child or children when the mediator deems the interview appropriate or necessary. The mediator shall have the authority to meet with the parties separately when a request for separate mediation is made by one of the parties in any proceeding where there has been a history of domestic violence between the parties, as domestic violence is defined in subdivision (b) of Section 542 of the Code of Civil Procedure.

(e) The mediator may, consistent with local court rules, render a recommendation to the court as to the custody or visitation of the child or children. The mediator may, in cases where the parties have not reached agreement as a result of the mediation proceeding, recommend to the court that an investigation be conducted pursuant to Section 4602, or that other action be taken to assist the parties to effect a resolution of the controversy prior to any hearing on the issues. The mediator may, in appropriate cases, recommend that mutual restraining orders be issued, pending determination of the controversy, to protect the well-being of the children involved in the controversy. Any agreement reached by the parties as a result of mediation shall be reported to the court and to counsel for the parties by the mediator on the day set for mediation or any time thereafter designated by the court.

(f) Nothing in this section shall prohibit the mediator from recommending to the court that counsel be appointed pursuant to Section 4606 to represent the minor child or children. In making any recommendation, the mediator shall inform the court of the reasons why it would be in the best interests of the minor child or children to have counsel appointed.

SEC. 2. Section 4607.2 is added to the Civil Code, to read:

4607.2. (a) Notwithstanding Section 4607, in any proceeding in which mediation is required pursuant to Section 4607, where there has been a history of domestic violence between the parties, as domestic violence is defined in subdivision (b) of Section 542 of the Code of Civil Procedure, and where an order is in effect pursuant to paragraph (2) or (3) of subdivision (a) of Section 4359, Section 4516, or paragraph (1) or (2) of subdivision (a) of Section 7020 of this code, or Section 546 of the Code of Civil Procedure, at the request of the party protected by the order the parties shall meet with the mediator appointed pursuant to Section 4607 separately at separate times.

(b) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 3. Section 4607 of the Civil Code is amended to read:

4607. (a) In any proceeding where there is at issue the custody of or visitation with a minor child, and where it appears on the face of the petition or other application for an order or modification of an order for the custody or visitation of a child or children that either or both such issues are contested, as provided in Section 4600, 4600.1, or 4601, the matter shall be set for mediation of the contested issues prior to or concurrent with the setting of the matter for hearing. Upon the adoption of a resolution by the board of supervisors authorizing the procedure, a petition also may be filed pursuant to this section for the mediation of a dispute relating to any existing order for custody or visitation; the mediation of a dispute concerning an existing order shall be set not later than 60 days after the filing of the petition. The purpose of the mediation proceeding shall be to reduce acrimony which may exist between the parties and to develop an agreement assuring the child or children's close and continuing contact with both parents. The mediator shall use his or her best efforts to effect a settlement of the custody or visitation dispute that is in the best interest of the child or children, pursuant to Section 4608. Mediation shall not be denied to the parties on the basis that paternity is an issue in a proceeding before the court.

(b) Each superior court shall make available a mediator. The mediator may be a member of the professional staff of a family conciliation court, probation department, or mental health services agency, or may be any other person or agency designated by the court. In order to provide mediation services, the court shall not be required to institute a family conciliation court. The mediator shall meet the minimum qualifications required of a counselor of conciliation as provided in Section 1745 of the Code of Civil Procedure.

(c) Mediation proceedings shall be held in private and shall be confidential, and all communications, verbal or written, from the parties to the mediator made in a proceeding pursuant to this section shall be deemed to be official information within the meaning of Section 1040 of the Evidence Code.

(d) The mediator shall have the authority to exclude counsel from

participation in the mediation proceedings where, in the discretion of the mediator, exclusion of counsel is deemed by the mediator to be appropriate or necessary. The mediator shall have the duty to assess the needs and interests of the child or children involved in the controversy and shall be entitled to interview the child or children when the mediator deems the interview appropriate or necessary. The mediator shall have the authority to meet with the parties separately when a request for separate mediation is made by one of the parties in any proceeding where there has been a history of domestic violence between the parties, as domestic violence is defined in subdivision (b) of Section 542 of the Code of Civil Procedure.

(e) The mediator may, consistent with local court rules, render a recommendation to the court as to the custody or visitation of the child or children. The mediator may, in cases where the parties have not reached agreement as a result of the mediation proceeding, recommend to the court that an investigation be conducted pursuant to Section 4602, or that other action be taken to assist the parties to effect a resolution of the controversy prior to any hearing on the issues. The mediator may, in appropriate cases, recommend that mutual restraining orders be issued, pending determination of the controversy, to protect the well-being of the children involved in the controversy. Any agreement reached by the parties as a result of mediation shall be reported to counsel for the parties by the mediator on the day set for mediation or as soon thereafter as practical, but prior to its being reported to the court. The agreement shall be limited to the resolution of issues relating to parenting plans, custody, or visitation, or any combination thereof. No agreement shall be confirmed or otherwise incorporated in an order of the court unless each party, in person or by his or her counsel of record, has affirmed and assented to the agreement in open court or by written stipulation. An agreement also may be so confirmed or incorporated if a party fails to appear at a noticed hearing on the issue involved in the agreement. All such custody or visitation agreements may be modified at any time at the discretion of the court, subject to the provisions of Sections 4600, 4600.5, and 4601.

(f) Nothing in this section shall prohibit the mediator from recommending to the court that counsel be appointed pursuant to Section 4606 to represent the minor child or children. In making any recommendation, the mediator shall inform the court of the reasons why it would be in the best interests of the minor child or children to have counsel appointed.

SEC. 4. Section 3 of this bill incorporates amendments to Section 4607 of the Civil Code proposed by both this bill and SB 2510. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 4607 of the Civil Code, and (3) this bill is enacted after SB 2510, in which case Section 1 of this bill shall not become operative.

## CHAPTER 1379

An act to amend Section 1264 of the Unemployment Insurance Code, relating to unemployment insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1264 of the Unemployment Insurance Code is amended to read:

1264. (a) Unemployment compensation benefits, extended duration benefits, and federal-state extended benefits shall not be payable on the basis of services performed by an alien unless the alien is an individual who was lawfully admitted for permanent residence at the time the services were performed, was lawfully present for purposes of performing the services, or was permanently residing in the United States under color of law at the time the services were performed, including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act.

(b) Any data or information required of individuals applying for benefits specified by subdivision (a) to determine whether these benefits are not payable to them because of their alien status shall be uniformly required from all applicants for these benefits.

(c) In the case of an individual whose application for benefits specified by subdivision (a) would otherwise be approved, no determination by the department, an administrative law judge, or the appeals board that these benefits to the individual are not payable because of his or her alien status shall be made except upon a preponderance of the evidence.

(d) If an alien presents evidence that the Immigration and Naturalization Service has granted the alien employment authorization as a result of the alien's application for temporary residence status under the federal Immigration Reform and Control Act of 1986 (Public Law 99-603), pending a final determination on this application the department shall not do either of the following:

(1) Commence or continue to pursue any administrative or judicial action to collect benefits where there has been a final determination that these benefits have been overpaid or chargeable to the alien, because of the alien's immigration status at the time he or she performed the services compensated by his or her base period wages.

(2) Determine that the alien was overpaid benefits in the current benefit year or in any prior benefit year, if the basis for the determination is the assumption that because the alien is an

applicant for temporary resident status he or she was not, while performing the services compensated by base period wages, lawfully admitted for permanent residence, lawfully present for purposes of performing the services that were compensated by his or her base period wages, or permanently residing in the United States under color of law.

(e) If the Immigration and Naturalization Service grants the application and adjusts the alien's status to that of lawful temporary resident, the department shall not take any action described in paragraph (1) of subdivision (d) or make any determination described in paragraph (2) of subdivision (d). If an alien is not in the status of being lawfully admitted for permanent residence, lawfully present for the purpose of performing the services compensated by his or her base period wages, or permanently residing in the United States under color of law, at the time the alien's lawful temporary permanent status terminates, then compensation shall not be payable on the basis of services performed by the alien after the termination.

(f) Nothing in subdivision (d) shall be construed to require the department to do any of the following:

(1) Repay any amounts collected under any present or past action as described in paragraph (1) of subdivision (d).

(2) Redetermine the eligibility for unemployment compensation benefits of any alien who the department originally determined to be ineligible because of the alien's status at the time he or she performed the services compensated by his or her base period wages and with respect to whom the determination has become final.

(3) Apply subdivision (d) or (e) retroactively.

(g) If the United States Secretary of Labor finds that subdivisions (d) and (e) are not in conformity with the federal Unemployment Tax Act, and effective as of the date that this finding becomes final, subdivisions (d), (e), and (f) shall be inoperative and of no legal force or effect.

(h) Unless subdivisions (d), (e), and (f) have earlier become inoperative and of no legal force of effect pursuant to a finding by the Secretary of Labor under subdivision (g), subdivisions (d), (e), (f), and (g) shall remain in effect only until September 30, 1989, and as of that date shall become inoperative, unless a later enacted statute which is chaptered before September 30, 1989, deletes or extends that date. Notwithstanding this subdivision, however, the department shall not take any action to collect benefits from an individual when the collection against that individual was suspended pursuant to subdivision (e) prior to September 30, 1989.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

SECTION 1. Section 25189.6 is added to the Health and Safety Code, to read:

25189.6. Each day or partial day that a violation occurs is a separate violation of this section.

SEC. 2. Section 25190 of the Health and Safety Code is amended to read:

25190. Except as otherwise provided in Sections 25189.5, 25189.6, 25191, and 25195, any person who violates any provision of this chapter, or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, is, upon conviction, guilty of a misdemeanor.

The court shall also impose upon the person a fine of not less than five thousand dollars ($5,000) or more than twenty-five thousand dollars ($25,000).

SEC. 3. ## CHAPTER 1381

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) Upon the condition of nonstate funds becoming available to the Department of Fish and Game for the purposes of this act, the Department of Transportation shall transfer to the Department of Fish and Game for a consideration at least equal to the acquisition cost paid by the state, that parcel of property excess to the needs of the Department of Transportation, located east of State Highway Route 1 in the City of Pacifica in San Mateo County, consisting of approximately 11 acres described in Directors Deed DD-028764-01-01, and situated in the coastal zone pursuant to Section 30156.1 of the Public Resources Code.

(b) Notwithstanding any other provision of law, the Department of Fish and Game, using nonstate funds made available to it for that purpose, may acquire from the Department of Transportation the real property described in subdivision (a) and may sell that property for a consideration at least equal to its cost of acquisition to a public or private entity. It is the intent of the Legislature that, with the concurrence of the City of Pacifica, the property described in subdivision (a) be made available to the Secretary of the Interior as an addition to the Golden Gate National Recreation Area.

(c) The transfers described in subdivisions (a) and (b) shall be accomplished without cost to the state.

## CHAPTER 1382

An act to amend Sections 226 and 226a of the Civil Code, and to amend Sections 1510 and 2250 of the Probate Code, relating to minors.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 226 of the Civil Code is amended to read:

226. Any person desiring to adopt a child may for that purpose petition the superior court of the county in which the petitioner resides and the clerk of the court shall immediately notify the State Department of Social Services at Sacramento in writing of the pendency of the action, of any subsequent action taken, and of the date on which an interlocutory decree has become a final decree of adoption. The notification shall not be required where the petition is by a stepparent, where one natural or adoptive parent retains his or her custody and control of the child. In all cases in which consent is required, except in the case of an adoption by a stepparent where one natural or adoptive parent retains his or her custody and control of the child, unless an agency licensed by the State Department of Social Services to find homes for children and place children in homes for adoption joins in the petition for adoption, the petition shall contain an allegation that the petitioners will file promptly with the department, the county adoption agency, or, in the case of an intercountry adoption, the private adoption agency licensed to provide intercountry adoption services, information required by the department in the investigation of the proposed adoption. The omission of the allegation from a petition so filed shall not, however, affect the jurisdiction of the court to proceed, nor shall it have heretofore affected the jurisdiction of any court to have proceeded, upon the petition omitting the allegation, in any manner provided in this chapter or otherwise, nor shall the omission have affected or affect the validity of any decree of adoption or other order heretofore or hereafter made by any court with respect to a petition omitting the allegation.

The caption of the petition for adoption of a minor shall contain the name or names of the petitioners but shall not contain the name

of the minor. The petition shall contain the sex and date of birth of the minor. The name that the minor had prior to adoption shall appear in the petition or, in the case where a licensed adoption agency joins in the petition, the name may appear in the joinder signed by the adoption agency. The decree of adoption shall contain the adopted name of the minor but shall not contain the name that the minor had prior to adoption.

If the minor is the subject of a guardianship petition, the petition shall so state and shall include the caption and docket number or have attached a copy of the letters of the guardianship or temporary guardianship. The court shall be notified by petitioners of any petition for guardianship or temporary guardianship filed subsequent to the adoption petition. The guardianship proceeding shall be consolidated with the adoption proceeding.

SEC. 2. Section 226a of the Civil Code is amended to read:

226a. Once given, consent of the natural parents to the adoption of the child by the person or persons to whose adoption of the child the consent was given, may not be withdrawn except with court approval. Request for such approval may be made by motion, or a natural parent seeking to withdraw such consent may file with the clerk of the superior court where the petition is pending, a petition for approval of withdrawal thereof, without the necessity of payment of any fee for the filing of such petition. The petition or motion shall be in writing, and shall set forth the reasons for withdrawal of consent, but otherwise may be in any form.

The clerk of the court shall set the matter for hearing, and shall give notice thereof to the State Department of Social Services, to the persons to whose adoption of the child the consent was given, and to the natural parent or parents by certified mail to the address of each as shown in the proceeding, at least 10 days before the time set for hearing.

The State Department of Social Services or the licensed county adoption agency shall, prior to the hearing of the motion or petition for withdrawal, file a full report with the court and shall appear at the hearing to represent the interests of the child.

At the hearing, the parties may appear in person or with counsel. The hearing shall be held in chambers, but the court reporter shall report the proceedings and his or her fee therefor shall be paid from the county treasury on order of the court. If the court finds that withdrawal of the consent to adoption is reasonable in view of all the circumstances, and that withdrawal of the consent will be for the best interests of the child, the court shall approve the withdrawal of the consent; otherwise the court shall withhold its approval. Consideration of the best interests of the child shall include, but not be limited to, an assessment of the child's age, the extent of bonding with the prospective adoptive parent or parents, the extent of bonding or the potential to bond with the natural parent or parents, and the ability of the natural parent or parents to provide adequate and proper care and guidance to the child. If the court approves the

withdrawal of consent, the adoption proceedings shall be dismissed.

Any order of the court granting or withholding approval of a withdrawal of a consent to an adoption may be appealed from in the same manner as an order of the juvenile court declaring any person to be a ward of the juvenile court.

SEC. 3. Section 1510 of the Probate Code is amended to read:

1510. (a) A relative or other person on behalf of the minor, or the minor if 14 years of age or older, may file a petition for the appointment of a guardian of the minor.

(b) The petition shall request that a guardian of the person or estate of the minor, or both, be appointed, shall specify the name and address of the proposed guardian and the name and date of birth of the proposed ward, and shall state that such appointment is necessary or convenient.

(c) The petition shall set forth, so far as is known to the petitioner, the names and addresses of all of the following:

(1) The parents of the proposed ward.

(e) The petition shall state, so far as is known to the petitioner, whether or not the proposed ward is receiving or is entitled to receive benefits from the Veterans Administration and the estimated amount of the monthly benefit payable by the Veterans Administration for the proposed ward.

(f) If the petitioner has knowledge of any pending adoption, juvenile court, marriage dissolution, domestic relations, custody, or other similar proceeding affecting the proposed ward, the petition shall disclose such pending proceeding.

(g) If the petitioners have accepted or intend to accept physical care or custody of the child with intent to adopt, whether formed at the time of placement or formed subsequent to placement, the petitioners shall so state in the guardianship petition, whether or not an adoption petition has been filed.

(h) If the proposed ward is or becomes the subject of an adoption petition, the court shall order the guardianship petition consolidated with the adoption petition.

SEC. 4. Section 2250 of the Probate Code is amended to read:

2250. (a) On or after the filing of a petition for appointment of

a guardian or conservator, any person entitled to petition for appointment of the guardian or conservator may file a petition for appointment of:

(1) A temporary guardian of the person or estate or both.

(2) A temporary conservator of the person or estate or both.

(b) The petition shall state facts which establish good cause for appointment of the temporary guardian or temporary conservator. The court, upon such petition or other showing as it may require, may appoint a temporary guardian of the person or estate or both, or a temporary conservator of the person or estate or both, to serve pending the final determination of the court upon the petition for the appointment of the guardian or conservator.

(c) Unless the court for good cause otherwise orders, not less than five days before the appointment of the temporary guardian or temporary conservator, notice of the proposed appointment shall be personally delivered to the proposed ward if 14 years of age or older or to the proposed conservatee, and to the natural parent or parents if the proposed ward is a minor. The appointment of the temporary guardian or temporary conservator may be made with or without notice to other persons as the court may require.

(d) One petition may request the appointment of a guardian or conservator and also the appointment of a temporary guardian or conservator or such appointments may be requested in separate petitions.

(e) If the court suspends powers of the guardian or conservator under Section 2334 or 2654 or under any other provision of this division, the court may appoint a temporary guardian or conservator to exercise those powers until the powers are restored to the guardian or conservator or a new guardian or conservator is appointed.

SEC. 5. Section 2250 of the Probate Code is amended to read:

2250. (a) On or after the filing of a petition for appointment of a guardian or conservator, any person entitled to petition for appointment of the guardian or conservator may file a petition for appointment of:

(1) A temporary guardian of the person or estate or both.

(2) A temporary conservator of the person or estate or both.

(b) The petition shall state facts which establish good cause for appointment of the temporary guardian or temporary conservator. The court, upon such petition or other showing as it may require, may appoint a temporary guardian of the person or estate or both, or a temporary conservator of the person or estate or both, to serve pending the final determination of the court upon the petition for the appointment of the guardian or conservator.

(c) Unless the court for good cause otherwise orders, not less than five days before the appointment of the temporary guardian or temporary conservator, notice of the proposed appointment shall be personally delivered to the proposed ward if 14 years of age or older or to the proposed conservatee, and to the natural parent or parents

if the proposed ward is a minor. The appointment of the temporary guardian or temporary conservator may be made with or without notice to other persons as the court may require.

(d) One petition may request the appointment of a guardian or conservator and also the appointment of a temporary guardian or conservator or such appointments may be requested in separate petitions.

(e) If the court suspends powers of the guardian or conservator under Section 2334 or 2654 or under any other provision of this division, the court may appoint a temporary guardian or conservator to exercise those powers until the powers are restored to the guardian or conservator or a new guardian or conservator is appointed.

(f) If for any reason a vacancy occurs in the office of guardian or conservator, the court, on a petition filed under subdivision (a) or on its own motion, may appoint a temporary guardian or conservator to exercise the powers of the guardian or conservator until a new guardian or conservator is appointed.

SEC. 6. Section 5 of this bill incorporates amendments to Section 2250 of the Probate Code proposed by both this bill and AB 2841. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 2250 of the Probate Code, and (3) this bill is enacted after AB 2841, in which case Section 4 of this bill shall not become operative.

SEC. 5. Division 14.3 (commencing with Section 32100) is added to the Vehicle Code, to read:

## DIVISION 14.3. TRANSPORTATION OF INHALATION HAZARDS

32100. It is the intent of the Legislature, in enacting this division, to create a special category of inhalation hazards and poison gases and to establish special safeguards for their transportation.

These materials are highly toxic, spread rapidly, and require rapid and widespread evacuation if there is loss of containment or a fire. For these reasons, the Legislature intends to more rigorously restrict and otherwise control the transportation of these materials.

32100.5. This division applies to the transportation of inhalation hazards in bulk packaging, except when that packaging contains only residue.

32101. As used in this division:

(a) "Inhalation hazard" means any material defined as "Poison A" pursuant to Section 173.326 of Title 49 of the Code of Federal Regulations or for which a "Poison-Inhalation Hazard" or "Inhalation Hazard" shipping paper description is required pursuant to Section 172.203 of Title 49 of the Code of Federal Regulations.

(b) "Bulk packaging" means the same as defined in Section 171.8 of Title 49 of the Code of Federal Regulations.

(c) "Residue" means the same as defined in Section 171.8 of Title

49 of the Code of Federal Regulations.

(d) "Inspection stop" means any location designated as such in regulations adopted pursuant to this division or any safe stopping place.

(e) "Safe parking place" means any loading or unloading facility or motor carrier terminal where the driver may safely and lawfully park and leave the vehicle unattended when authorized by the owner or person in charge of the facility or terminal.

(f) "Safe stopping place" means any place designated by the department pursuant to this division where a driver may stop for food, fuel, or any other necessary reason, provided the vehicle is attended at all times. A vehicle is "attended" when the driver or person in charge of it is awake and occupies any part of it except the sleeper berth, or is within 100 feet of the vehicle and has an unobstructed view of it.

32102. (a) The department may adopt any regulations that are necessary to administer this division. It is a misdemeanor for any person to violate this division or regulations adopted pursuant to this division.

(b) The department shall, by regulation, designate through routes in this state which are to be used for the transportation of inhalation hazards. The Department of Transportation shall assist the department in developing the recommended routes. The department shall hold public hearings in each field operation division of the department in which are located proposed routes. In recommending the through routes, the department shall:

(1) Perform a risk assessment which shall include, but not be limited to, consideration of the population density, capabilities of the emergency response personnel near the proposed routes, and the safety of the roadways.

(2) Consult with officials having the responsibility for the prevention and suppression of fire in communities in which are located the proposed routes, the representatives of persons engaged in the transportation of inhalation hazards, manufacturers of inhalation hazards, and the State Fire Marshal.

(c) The department shall prepare for distribution to persons engaged in the transportation of inhalation hazards maps which clearly indicate the routes which are to be used for the transportation of inhalation hazards.

(d) The department shall prepare for distribution to persons engaged in the transportation of inhalation hazards a list of locations of required inspection stops and safe stopping places and shall revise the list to keep it current.

32103. (a) Every motor carrier shall make available in each vehicle used in the transportation of inhalation hazards the latest map showing the routes to be used for the transportation of inhalation hazards and a list of the safe stopping places and inspection stops for vehicles transporting inhalation hazards as prescribed by regulations of the department. The carrier shall

require that the driver be thoroughly familiar with this division before operating any vehicle in the transportation of inhalation hazards.

(b) This section shall become operative on January 1, 1992.

32104. (a) It is unlawful for the motor carrier or its authorized agent to drive or to permit the driving of any vehicle transporting inhalation hazards, or for the driver to drive the vehicle, upon any public highway not designated in regulations adopted by the department as a route for the transportation of inhalation hazards. This subdivision shall not apply when the use of the highway is required (1) to permit delivery of, or the loading of, inhalation hazards at a point not on a highway designated as a route for the transportation of inhalation hazards, or (2) to permit the vehicle to proceed to, and return from, an inspection stop, safe stopping place, or safe parking place.

(b) It is unlawful for the driver of any vehicle transporting inhalation hazards to stop at any place other than a safe stopping place, safe parking place, or an inspection stop unless the vehicle is disabled or except when necessary to avoid conflict with other traffic or to comply with the orders of a peace officer or an official traffic control device.

(c) This section shall become operative on January 1, 1992.

32105. (a) Unless there is no practicable alternative, every driver of a vehicle transporting inhalation hazards shall avoid, by prearrangement of routes, driving into or through heavily populated areas, congested thoroughfares, or places where crowds are assembled. Operating convenience is not a basis for determining whether it is practicable to operate a vehicle in accordance with this subdivision.

(b) No vehicle transporting inhalation hazards shall be left unattended upon any street or highway.

(c) Inspection of the following items of equipment shall be made immediately preceding the actual transportation of an inhalation hazard:

(1) Brakes and the brake system.

(3) All tires.

(4) All supplemental equipment as required by Section 32106.

(d) En route inspection of tires and brakes on vehicles transporting inhalation hazards shall be performed at the following locations:

(1) At an inspection stop at least every four hours or 150 miles traveled, whichever occurs first, or as close thereto as is practicable, depending upon the proximity of those inspection stops.

(2) Regardless of elapsed time or miles traveled, at the top of and prior to descending any grade upon which the Department of Transportation has declared a speed limit for trucks of less than 55 miles per hour as provided by Section 22407. The inspection shall be made off the roadway.

(3) Regardless of elapsed time or miles traveled, at any location designated in regulations of the department as a required inspection stop.

(e) (1) Every person operating a vehicle transporting an inhalation hazard shall complete a record of every inspection which is required pursuant to this section in the form approved by the department showing the time and place of every inspection.

(2) The record of every inspection shall be made at the time the inspection is conducted.

(3) The person making the inspection shall certify the fact in the record.

(f) This section shall become operative on January 1, 1992.

32106. Every vehicle used in the transportation of an inhalation hazard, in addition to any other equipment required by law, shall be equipped and maintained as required by this section.

(a) Brakes and the brake system shall be maintained in good and safe operating condition.

(b) Steering, connection devices, and lighting systems shall be maintained in good operating condition.

(c) All tires shall be in good condition, properly matched and inflated. Except as may be necessary to cause immediate replacement, no vehicle shall be driven unless all tires in actual use on the vehicle are properly inflated.

(d) Fire extinguishers and other safety equipment prescribed by regulations adopted by the department pursuant to Section 34501 shall be carried in each vehicle or combination of vehicles.

32107. Every vehicle, or combination of vehicles, transporting an inhalation hazard shall contain a self-contained breathing apparatus and equipment capable of immediate communication with emergency personnel.

32108. The department shall adopt regulations prescribing the conditions under which the transportation of an inhalation hazard shall be accompanied by an escort vehicle provided by the shipper, with a driver qualified to drive the vehicle carrying the inhalation hazard.

32109. Nothing in this division exempts any vehicle transporting inhalation hazards and subject to this division, or the owner or any other person, from other provisions of this code. All those other provisions relating to the driving and movement of vehicles, and the size, weight and equipment thereof, shall apply as applicable to each and every vehicle engaged in transporting inhalation hazards subject to this division.

SEC. 6. Section 40000.19 of the Vehicle Code is amended to read:

40000.19. A violation of any of the following provisions is a misdemeanor, and not an infraction:

(a) Section 31303, relating to transportation of hazardous waste.

(b) Division 14 (commencing with Section 31600), relating to transportation of explosives.

(c) Division 14.1 (commencing with Section 32000), relating to

the transportation of hazardous material.

If an investigative audit conducted by the committee or the Auditor General involves access to confidential academic peer review records of University of California academic personnel, access to these records shall be governed by any present or future disclosure agreements as exist or shall exist between the University of California and the Department of Fair Employment and Housing. No information obtained from the Auditor General by any department, agency, or employee as a result of the Auditor General's request for assistance, nor any information obtained thereafter as a result of further investigation, shall be divulged or made known to any person without the prior approval of the committee.

SEC. 2. Section 10548 of the Government Code is amended to read:

10548. (a) A state employee or applicant for state employment who files a written complaint with his or her supervisor, manager, or the appointing power alleging actual or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts prohibited by Section 10543, may also file a copy of the written complaint with the State Personnel Board, together with a sworn statement that the contents of the written complaint are true, or are believed by the affiant to be true, under penalty of perjury. The complaint filed with the board, shall be filed within 12 months of the most recent act of reprisal complained about.

Where liability has been established, the injured party shall also be entitled to reasonable attorney's fees as provided by law. However, any action for damages shall not be available to the injured party unless the injured party has first filed a complaint with the State Personnel Board pursuant to subdivision (a) of this section, and the board has failed to reach a decision regarding any hearing conducted pursuant to Section 19683.

(d) This section is not intended to prevent an appointing power, manager, or supervisor from taking, directing others to take, recommending, or approving any personnel action or from taking or failing to take a personnel action with respect to any state employee or applicant for state employment if the appointing power, manager, or supervisor reasonably believes any action or inaction is justified on the basis of evidence separate and apart from the fact that the person has disclosed improper governmental activities, as defined in subdivision (b) of Section 10542.

SEC. 3. Section 10550 is added to the Government Code, to read:

10550. Any university employee, including an officer or faculty member, who intentionally engages in that conduct shall also be subject to discipline by the university.

(c) In addition to all other penalties provided by law, any person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against a university employee, including an officer or faculty member, or applicant for employment for having disclosed improper governmental activities shall be liable in an action for damages brought against him or her by the injured party. Punitive damages may be awarded by the court where the acts of the

offending party are proven to be malicious. Where liability has been established, the injured party shall also be entitled to reasonable attorney's fees as provided by law. However, any action for damages shall not be available to the injured party unless the injured party has first filed a complaint with the university officer identified pursuant to subdivision (a), and the university has failed to reach a decision regarding that complaint within the time limits established for that purpose by the regents.

(d) This section is not intended to prevent a manager or supervisor from taking, directing others to take, recommending, or approving any personnel action or from taking or failing to take a personnel action with respect to any university employee, including an officer or faculty member, or applicant for employment if the manager or supervisor reasonably believes any action or inaction is justified on the basis of evidence separate and apart from the fact that the person has disclosed improper governmental activities.

SEC. 4. Section 10551 is added to the Government Code, to read:

10551. (a) A University of California employee, including an officer or faculty member, may not directly or indirectly use or attempt to use the official authority or influence of the employee for the purpose of intimidating, threatening, coercing, commanding, or attempting to intimidate, threaten, coerce, or command any person for the purpose of interfering with the right of that person to disclose to a University of California official, designated for that purpose by the regents, or the Joint Legislative Audit Committee or the Auditor General matters within the scope of this article.

(c) Any employee who violates subdivision (a) may be liable in an action for civil damages brought against the employee by the offended party.

(d) Nothing in this section shall be construed to authorize an individual to disclose information otherwise prohibited by or under law.

SEC. 6. ## CHAPTER 1387

An act to amend Sections 25155.10, 25187, 25189.3, 25355.5, and 25356 of the Health and Safety Code, relating to hazardous substances.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 25155.10 of the Health and Safety Code is amended to read:

25155.10. (a) The owner or operator of every commercial offsite multiuser hazardous waste disposal facility shall develop a proposed monitoring plan, in writing, for the monitoring of the ambient air downwind and upwind from the facility. The plan shall include all of the following:

(1) An identification of the constituents of hazardous wastes accepted in the past and present which will be monitored. These constituents shall be selected on the basis of pertinent factors, which may include degree of toxicity, relative and absolute volume, the potential for the constituent to volatilize or otherwise become airborne, and the method by which the constituent is or was handled, treated, and disposed.

(2) The type, procedures, and location of air sampling equipment and the type and procedures of analytical equipment.

(3) The duration of each sampling period in hours, and the number and time of sampling periods over a 12-month period.

(b) The proposed monitoring plan developed pursuant to subdivision (a) shall be submitted to the department on or before October 1, 1987, and shall be updated as required by the department.

(c) The department, in consultation with the applicable air pollution control district or air quality management district, shall review and approve or require modification of the proposed monitoring plan submitted pursuant to this section. The department shall provide, in writing, a notice of any deficiencies in the plan to the person who submitted the plan, who shall revise the plan to address the noted deficiencies within 60 days after receiving the department's comments.

(d) If the department determines that a hazardous waste facility which is required to develop a plan pursuant to subdivision (a) is the source of a substance in the ambient air which poses a significant threat to the public health or affects the quality of the environment in such a way that could significantly threaten public health, the department shall, pursuant to Section 25187, require the facility operator to do both of the following:

(1) Develop a corrective action plan and submit the plan to the department for approval or modification, within a schedule specified

by the department.

(2) Implement the corrective action plan, as approved by the department, within the period specified by the department.

SEC. 2. Section 25187 of the Health and Safety Code is amended to read:

25187. (a) Whenever the department determines that any person has violated, or is in violation of, this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or threatens, as defined in subdivision (e) of Section 13304 of the Water Code to violate this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or the department determines that there is or has been a release, as defined in Chapter 6.8 (commencing with Section 25300), of hazardous waste or constituents into the environment from a hazardous waste facility, the department may issue an order specifying a schedule for compliance or correction. An order issued pursuant to this section shall include a requirement that the person take corrective action with respect to hazardous waste, including the cleanup of the hazardous waste, abatement of the effects thereof, and any other necessary remedial action. An order issued pursuant to this section which requires corrective action at a hazardous waste facility shall require that corrective action be taken beyond the facility boundary, where necessary to protect human health or the environment . The order shall incorporate as a condition of the order any applicable waste discharge requirements issued by the State Water Resources Control Board or a California regional water quality control board, and shall be consistent with all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code and state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code existing at the time of the issuance of the order, to the extent that the department determines that those plans and policies are not less stringent than this chapter and regulations adopted pursuant to this chapter. The department may also include any more stringent requirement which the department determines is necessary or appropriate to protect water quality. Persons who are subject to an order pursuant to this section include present and prior owners, lessees, or operators of the property where the hazardous waste is located, present or past generators, storers, treaters, transporters, disposers, and handlers of hazardous waste, and persons who arrange, or have arranged, by contract or other agreement, to store, treat, transport, dispose of, or otherwise handle hazardous waste.

(b) Any order issued pursuant to subdivision (a) shall be served

by personal service or certified mail and shall inform the person so served of the right to a hearing.

(c) Any person served with an order pursuant to subdivision (b) who has been unable to resolve any violation or deficiency on an informal basis with the department may, within 10 days after service of the order, request a hearing by filing with the department a notice of defense. A notice of defense shall be deemed filed within the 10-day period provided by this subdivision if it is postmarked within that 10-day period. If no notice of defense is filed within the time limits provided by this subdivision, the order shall become final.

(d) Any hearing requested under subdivision (c) shall be conducted by an independent hearing officer, in accordance with the procedures specified in Sections 11507 to 11517, inclusive, of the Government Code, except as otherwise specified in this section. In making a determination, the hearing officer shall take into consideration the nature, circumstances, extent, and gravity of the violation and the various abatement and cleanup remedies which are appropriate in the given circumstances and which are consistent with the primary emphasis of protecting the public health and safety and the environment. After conducting any hearing requested under subdivision (c), the hearing officer shall, within 30 days after the case is submitted, issue a decision, including any order, if appropriate. The hearing officer's decision, including any order issued therewith, shall be served by the department on each party by personal service or by certified mail.

(e) Any provision of an order issued under subdivision (a) shall take effect upon issuance by the department if the department finds that the violation or violations of law associated with that provision may pose an imminent and substantial endangerment to the public health or safety or the environment, and a request for a hearing shall not stay the effect of that provision of the order pending a decision by the hearing officer under subdivision (d). However, in the event that the department determines that any or all provisions of the order are so related that the public health or safety or the environment can be protected only by immediate compliance with the order as a whole, then the order as a whole shall take effect upon issuance by the department and a request for a hearing shall not stay the effect of the order as a whole pending a decision by the hearing officer under subdivision (d). Any order issued after a hearing requested under subdivision (c) shall take effect upon issuance by the hearing officer.

(f) Within 30 days after service of a copy of a decision issued by the hearing officer, any person so served may file with the superior court a petition for writ of mandate for review of the decision. Any person who fails to file the petition within this 30-day period may not challenge the reasonableness or validity of a decision or order of the hearing officer in any judicial proceedings brought to enforce the decision or order or for other remedies. Except as otherwise specified in this section, Section 1094.5 of the Code of Civil Procedure

shall govern the proceedings conducted pursuant to this subdivision. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the hearing officer if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

SEC. 3. Section 25189.3 of the Health and Safety Code is amended to read:

25189.3. (a) The department may issue a complaint to any person on whom civil liability may be imposed pursuant to Section 25189.2. The complaint shall allege the acts or failures to act that constitute a basis for liability and the amount of the proposed civil liability. The complaint shall be served by personal service or certified mail and shall inform the party so served of the right to a hearing. Any person served with a complaint pursuant to this subdivision may, within 10 days after service of the complaint, request a hearing by filing with the department a notice of defense. A notice of defense is deemed to be filed within the 10-day period if it is postmarked within the 10-day period. If a hearing is requested by the respondent, it shall be conducted within 90 days after receipt of the notice of defense by the department. If no notice of defense is filed within 10 days after service of the complaint, the department shall issue an order setting liability in the amount proposed in the complaint unless the department and the party have entered into a settlement agreement, in which case the department shall issue an order setting liability in the amount specified in the settlement agreement. Where the party has not filed a notice of defense or where the department and the party have entered into a settlement agreement, the order shall not be subject to review by any court or agency.

(b) Any hearing required under this section shall be conducted by an independent hearing officer according to the procedures specified in Sections 11507 to 11517, inclusive, of the Government Code, except as otherwise specified in this section. In making a determination, the hearing officer shall take into consideration the nature, circumstances, extent, and gravity of the violation, the violator's past and present efforts to prevent, abate, or clean up conditions posing a threat to the public health or safety or the environment, the violator's ability to pay the proposed civil penalty, and the prophylactic effect that imposition of the proposed penalty will have on both the violator and on the regulated community as a whole. After conducting any hearing required under this section, the hearing officer shall, within 30 days after the case is submitted, issue a decision, including an order setting the amount of civil penalty to be imposed.

(c) Orders setting civil liability issued under this section shall become effective and final upon issuance thereof, and payment shall

be made within 30 days of issuance. Copies of these orders shall be served by personal service or by certified mail upon the party served with the complaint and upon other persons who appeared at the hearing and requested a copy.

(d) Within 30 days after service of a copy of a decision issued by the hearing officer, any person so served may file with the superior court a petition for writ of mandate for review of the decision. Any person who fails to file the petition within this 30-day period may not challenge the reasonableness or validity of a decision or order of the hearing officer in any judicial proceedings brought to enforce the decision or order or for other remedies. Except as otherwise provided in this section, Section 1094.5 of the Code of Civil Procedure shall govern any proceedings conducted pursuant to this subdivision. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the hearing officer if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

(e) All penalties collected under this section shall be placed in a separate subaccount in the Hazardous Waste Control Account and shall be available for expenditure by the department only upon appropriation by the Legislature.

SEC. 4. Section 25355.5 of the Health and Safety Code is amended to read:

25355.5. (a) Except as provided in subdivisions (b), (c), and (d), no money shall be expended from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund for removal or remedial actions on any site selected for inclusion on the list established pursuant to Section 25356, unless the department first takes both of the following actions:

(1) The department issues one of the following orders or enters into the following agreement:

(A) The department issues an order specifying a schedule for compliance or correction pursuant to Section 25187.

(B) The department issues an order establishing a schedule for removing or remedying the release of a hazardous substance at the site, or for correcting the conditions that threaten the release of a hazardous substance. The order shall include, but is not limited to, requiring specific dates by which necessary corrective actions shall be taken to remove the threat of a release, or dates by which the nature and extent of a release shall be determined and the site adequately characterized, a remedial action plan shall be prepared, the remedial action plan shall be submitted to the department for approval, and a removal or remedial action shall be completed.

(C) The department enters into an enforceable agreement with a potentially responsible party for the site which requires the party to take necessary corrective action to remove the threat of the

release, or to determine the nature and extent of the release and adequately characterize the site, prepare a remedial action plan, and complete the necessary removal or remedial actions, as required in the approved remedial action plan.

(2) The department determines, in writing, that the potentially responsible party or parties for the hazardous substance release site have not complied with all of the terms of an order issued pursuant to subparagraph (A) or (B) of paragraph (1) or an agreement entered into pursuant to subparagraph (C) of paragraph (1). Before the department determines that a potentially responsible party is not in compliance with the order or agreement, the department shall give the potentially responsible party written notice of the proposed determination and an opportunity to correct the noncompliance or show why the order should be modified. After the department has made the final determination that a potentially responsible party is not in compliance with the order or agreement, the department may expend money from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund for a removal or remedial action.

(b) Subdivision (a) does not apply, and money from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund shall be available, upon appropriation by the Legislature, for removal or remedial actions, if any of the following conditions apply:

(1) The department, after a reasonable effort, is unable to identify a potential responsible party for the hazardous substance release site.

(2) The department determines that immediate corrective action is necessary, as provided in Section 25354.

(3) The director determines that removal or remedial action at a site is necessary because there may be an imminent and substantial endangerment to the public health or welfare or to the environment.

(c) Notwithstanding subdivision (a), the department may expend funds, upon appropriation by the Legislature, from the Hazardous Substance Cleanup Fund or the Hazardous Substance Account to conduct activities necessary to verify that an uncontrolled release of hazardous substances has occurred at a suspected hazardous substance release site, to issue an order or enter into an enforceable agreement pursuant to paragraph (1) of subdivision (a), and to review, comment upon, and approve or disapprove remedial action plans submitted by potentially responsible parties subject to the orders or the enforceable agreement.

(d) Notwithstanding subdivision (a), the department may expend funds, upon appropriation by the Legislature, from the Hazardous Substance Cleanup Fund or the Hazardous Substance Account, to provide for oversight of removal and remedial actions, or, if the site is also listed on the federal act (42 U.S.C. Sec. 9604(c)(3)), to provide the state's share of a removal or remedial action.

(e) A responsible party who fails, as determined by the department in writing, to comply with an order issued pursuant to

subparagraph (A) or (B) of paragraph (1) of subdivision (a), or to comply with all of the terms of an enforceable agreement entered into pursuant to subparagraph (C) of paragraph (1) of subdivision (a), shall be deemed, for purposes of subdivision (b) of Section 25355, to have failed to take action properly and in a timely fashion with respect to a hazardous substance release or a threatened release.

SEC. 5. Section 25355.5 of the Health and Safety Code is amended to read:

25355.5. (a) Except as provided in subdivisions (b), (c), (d), and (e), no money shall be expended from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund for removal or remedial actions on any site selected for inclusion on the list established pursuant to Section 25356, unless the department first takes both of the following actions:

(1) The department issues one of the following orders or enters into the following agreement:

(A) The department issues an order specifying a schedule for compliance or correction pursuant to Section 25187.

(B) The department issues an order establishing a schedule for removing or remedying the release of a hazardous substance at the site, or for correcting the conditions that threaten the release of a hazardous substance. The order shall include, but is not limited to, requiring specific dates by which necessary corrective actions shall be taken to remove the threat of a release, or dates by which the nature and extent of a release shall be determined and the site adequately characterized, a remedial action plan shall be prepared, the remedial action plan shall be submitted to the department for approval, and a removal or remedial action shall be completed.

(C) The department enters into an enforceable agreement with a potentially responsible party for the site which requires the party to take necessary corrective action to remove the threat of the release, or to determine the nature and extent of the release and adequately characterize the site, prepare a remedial action plan, and complete the necessary removal or remedial actions, as required in the approved remedial action plan.

(2) The department determines, in writing, that the potentially responsible party or parties for the hazardous substance release site have not complied with all of the terms of an order issued pursuant to subparagraph (A) or (B) of paragraph (1) or an agreement entered into pursuant to subparagraph (C) of paragraph (1). Before the department determines that a potentially responsible party is not in compliance with the order or agreement, the department shall give the potentially responsible party written notice of the proposed determination and an opportunity to correct the noncompliance or show why the order should be modified. After the department has made the final determination that a potentially responsible party is not in compliance with the order or agreement, the department may expend money from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund for a removal or remedial

action.

(b) Money from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund shall be available, upon appropriation by the Legislature, for removal or remedial actions, if any of the following conditions apply:

(1) The department, after a reasonable effort, is unable to identify a potential responsible party for the hazardous substance release site.

(2) The department determines that immediate corrective action is necessary, as provided in Section 25354.

(3) The director determines that removal or remedial action at a site is necessary because there may be an imminent and substantial endangerment to the public health or welfare or to the environment.

(c) The department may expend funds, upon appropriation by the Legislature, from the Hazardous Substance Cleanup Fund or the Hazardous Substance Account to conduct activities necessary to verify that an uncontrolled release of hazardous substances has occurred at a suspected hazardous substance release site, to issue an order or enter into an enforceable agreement pursuant to paragraph (1) of subdivision (a), and to review, comment upon, and approve or disapprove remedial action plans submitted by potentially responsible parties subject to the orders or the enforceable agreement.

(d) The department may expend funds, upon appropriation by the Legislature, from the Hazardous Substance Cleanup Fund or the Hazardous Substance Account to provide for oversight of removal and remedial actions, or, if the site is also listed on the federal act (42 U.S.C. Sec. 9604(c)(3)), to provide the state's share of a removal or remedial action.

(e) The department may expend funds, upon appropriation by the Legislature, from the Hazardous Substance Cleanup Fund or the Hazardous Substance Loan Subaccount, to provide funds for loans to persons for removal or remedial actions pursuant to Article 7.9 (commencing with Section 25394).

(f) A responsible party who fails, as determined by the department in writing, to comply with an order issued pursuant to subparagraph (A) or (B) of paragraph 1) of subdivision (a), or to comply with all of the terms of an enforceable agreement entered into pursuant to subparagraph (C) of paragraph (1) of subdivision (a), shall be deemed, for purposes of subdivision (b) of Section 25355, to have failed to take action properly and in a timely fashion with respect to a hazardous substance release or a threatened release.

SEC. 6. Section 25356 of the Health and Safety Code is amended to read:

25356. (a) The department shall adopt, by regulation, the criteria for the selection and for the priority ranking of sites pursuant to subdivision (b), for removal and remedial action under this chapter, and shall adopt criteria for the assignment of sites to one of the three tiers pursuant to subdivision (c). The criteria shall take into account the pertinent factors relating to the public health and the

environment, which shall include, but are not limited to, potential hazards to public health and environment, the risk of fire or explosion, toxic hazards, the extent to which the deferral of a remedial action will result, or is likely to result, in a rapid increase in cost, or in hazard to human health and the environment, and the criteria established pursuant to Section 105(8) of the federal act (42 U.S.C. Sec. 9605(8)). The criteria may include a minimum hazard threshold, below which sites shall not be listed pursuant to this section, if the sites are subject to the authority of the department to order removal or remedial action, or similar action, pursuant to Chapter 6.5 (commencing with Section 25100).

(b) The department shall publish and revise, at least annually, a listing of the sites subject to this chapter. The sites shall be categorized and placed on one of the following lists:

(1) A list of the hazardous substance release sites for which the department has identified a responsible party, and the responsible party is in compliance, as determined by the department, with an order issued, or an enforceable agreement entered into, pursuant to subdivision (a) of Section 25355.5. The department shall publish the list of sites under this paragraph in an appendix to the site-specific plan of expenditures prepared pursuant to Section 25334.5.

(2) A list of the hazardous substance release sites for which all of the following apply:

(A) The department has not been able to identify a responsible party or the responsible party is not in compliance, as determined by the department, with an order issued, or an enforceable agreement entered into, pursuant to subdivision (a) of Section 25355.5.

(B) The nature and extent of the hazardous substance release at the site has not been adequately characterized by the responsible party or the department.

The department shall characterize a site on the list before ranking the site on the list described in paragraph (3).

(3) A list of the hazardous substance release sites which were previously listed pursuant to paragraph (1), if the sites have been adequately characterized but the responsible parties are not in compliance with an order or enforceable agreement issued or entered into pursuant to subdivision (a) of Section 25355.5, or sites which were previously listed pursuant to paragraph (2) but which have since been adequately characterized by the department. Sites on the list specified in this paragraph shall be ranked numerically in accordance with the criteria adopted for the priority ranking of sites.

(c) The department shall assign each site listed pursuant to paragraphs (2) and (3) of subdivision (b), sites listed on the National Priorities List pursuant to the federal act, and sites which are federal military facilities to one of three tiers for the purpose of informing the public of the relative hazard of the sites. The listing of sites by tiers shall be widely disseminated to the public. The "priority one" tier shall include any site that poses a known or probable immediate threat to public health through direct human contact, explosions,

fires, or acutely serious air emissions, has a high potential to contaminate or to continue to contaminate groundwater resources that are present or possible future sources of drinking water, or any site for which the costs for removal and remedial action pose the risk of increasing rapidly if removal or remedial action is deferred. The "priority two" tier shall include any site that poses a substantial but less immediate threat to public health and safety or the environment. The "priority three" tier shall include any site that will require removal and remedial action, but presents only a limited and defined threat to human health or the environment. Priority two and three tiers may contain sites formerly listed in tiers one or two for which direct human health threats have been removed and at which physical deterioration in environmental quality has been stabilized. For the purpose of this subdivision, in informing the public of the relative environmental and public health threats posed by a site, the department shall list sites alphabetically within each of the three tiers. The department shall periodically update the list of sites by tiers to reflect new information regarding existing sites or the addition of new sites requiring removal and remedial action. No site listed pursuant to paragraph (1) of subdivision (b) shall be listed pursuant to this subdivision.

(d) The department's development and publication of the listings of sites, pursuant to subdivision (b) and the adoption of a minimum hazard threshold and the classification of a site as within that threshold pursuant to subdivision (a), are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(e) Funds appropriated to the department for remedial action shall be expended in conformance with the priority ranking of sites, as established on the list of sites specified in paragraph (3) of subdivision (b), except that funds appropriated for remedial action may be expended without conforming to the priority ranking if either of the following apply:

(1) The funds are necessary to monitor removal or remedial actions conducted by private parties listed pursuant to paragraph (1) of subdivision (b) or the state funds are necessary for the state share of a removal or remedial action pursuant to Section 104(c)(3) of the federal act (42 U.S.C. Sec. 9604(c)(3)).

(2) The funds are used for either of the following purposes:

(A) To assess, evaluate, and characterize the nature and extent of a hazardous substance release on sites listed pursuant to paragraph (2) of subdivision (b).

(B) To carry out activities pursuant to paragraph (2) or (3) of subdivision (b), or subdivision (c) or (d) of, Section 25355.5.

(f) Funds may be expended on more than one site on the list specified in paragraphs (2) and (3) of subdivision (b) at any one time. In addition, funds may be expended for oversight of any activities conducted by a responsible party on more than one site on the list specified in paragraph (1) of subdivision (b) at any one time.

(g) This section does not require the department to characterize every site listed pursuant to paragraph (2) of subdivision (b) before the department may begin removal or remedial actions at sites listed pursuant to paragraph (3) of subdivision (b).

SEC. 7. Section 5 of this bill incorporates amendments to Section 25355.5 of the Health and Safety Code proposed by this bill and AB 1453. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1989, (2) each bill amends Section 25355.5 of the Health and Safety Code, and (3) this bill is enacted after AB 1453, in which case Section 25355.5 of the Health and Safety Code, as amended by AB 1453, shall remain operative only until the operative date of this bill, at which time Section 5 of this bill shall become operative, and Section 4 of this bill shall not become operative.

SEC. 8. Section 2 of this bill, which amends Section 25187 of the Health and Safety Code, shall not become operative if AB 4636 is enacted and becomes effective January 1, 1989, and amends Section 25187 of the Health and Safety Code.

## CHAPTER 1388

An act to amend Section 1365 of the Civil Code and to amend Section 66411 of the Government Code, relating to common interest developments.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1365 of the Civil Code is amended to read:

1365. Unless the declaration imposes more stringent standards, financial statements shall be prepared by the association and distributed to all its members as follows:

(a) A pro forma operating budget shall be distributed not less than 45 days nor more than 60 days prior to the beginning of the association's fiscal year. The budget shall include all of the following:

(1) The estimated revenue and expenses on an accrual basis.

(2) The identification of the total cash reserves currently set aside.

(3) An estimate of the current replacement costs of the estimated remaining useful life of, and the methods of funding used to defray the future repair, replacement, or additions to, those major components which the association is obligated to maintain.

(4) A general statement addressing the procedures used for the calculation and establishment of those reserves to defray the future repair, replacement, or additions to those major components that the association is obligated to maintain.

(b) A review of the financial statement of the association shall be

prepared in accordance with generally accepted accounting principles by a licensee of the California State Board of Accountancy for any fiscal year in which the gross income to the association exceeds seventy-five thousand dollars ($75,000). A copy of the review of the financial statement shall be distributed within 120 days after the close of each fiscal year.

(c) A statement describing the association's policies and practices in enforcing lien rights or other legal remedies for default in payment of its assessments against its members shall be annually delivered to the members during the 60-day period immediately preceding the beginning of the association's fiscal year.

SEC. 2. Section 1365 of the Civil Code is amended to read:

1365. Unless the declaration imposes more stringent standards, financial statements shall be prepared by the association and distributed to all its members as follows:

(a) A pro forma operating budget shall be distributed not less than 45 days nor more than 60 days prior to the beginning of the association's fiscal year. The budget shall include all of the following:

(1) The estimated revenue and expenses on an accrual basis.

(2) The identification of the total cash reserves currently set aside.

(3) An estimate of the current replacement costs of the estimated remaining life of, and the methods of funding used to defray the future repair, replacement, or additions to, those major components which the association is obligated to maintain.

(4) A general statement addressing the procedures used for the calculation and establishment of those reserves to defray the future repair, replacement, or additions to those major components that the association is obligated to maintain.

(b) A review of the financial statement of the association shall be prepared in accordance with generally accepted accounting principles by a licensee of the California State Board of Accountancy for any fiscal year in which the gross income to the association exceeds seventy-five thousand dollars ($75,000). A copy of the review of the financial statement shall be distributed within 120 days after the close of each fiscal year.

(c) In lieu of the distribution of the financial statement required by subdivision (b), the board of directors may elect to distribute a summary of the statement to all its members with a written notice that the statement is available at the business office of the association or at another suitable location within the boundaries of the development and that copies will be provided upon request and at the expense of the association. If any member requests a copy of the financial statement required by subdivision (b) to be mailed to the member, the association shall provide the copy to the member by first-class United States mail at the expense of the association and delivered within five days. The written notice that is distributed to each of the association members shall be at least 10-point bold type on the front page of the summary of the statement.

(d) A statement describing the association's policies and practices

in enforcing lien rights or other legal remedies for default in payment of its assessments against its members shall be annually delivered to the members during the 60-day period immediately preceding the beginning of the association's fiscal year.

SEC. 3. Section 66411 of the Government Code is amended to read:

66411. Regulation and control of the design and improvement of subdivisions are vested in the legislative bodies of local agencies. Each local agency shall, by ordinance, regulate and control the initial design and improvement of common interest developments as defined in Section 1351 of the Civil Code and subdivisions for which this division requires a tentative and final or parcel map. In the development, adoption, revision, and application of such ordinance, the local agency shall comply with the provisions of Section 65913.2. The ordinance shall specifically provide for proper grading and erosion control, including the prevention of sedimentation or damage to offsite property. Each local agency may by ordinance regulate and control other subdivisions, provided that the regulations are not more restrictive than the regulations for those subdivisions for which a tentative and final or parcel map are required by this division, and provided further that the regulations shall not be applied to short-term leases (terminable by either party on not more than 30 days' notice in writing) of a portion of the operating right-of-way of a railroad corporation as defined by Section 230 of the Public Utilities Code unless a showing is made in individual cases, under substantial evidence, that public policy necessitates the application of the regulations to those short-term leases in individual cases.

SEC. 4. Section 2 of this bill incorporates amendments to Section 1365 of the Civil Code proposed by both this bill and AB 4426. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1989, (2) each bill amends Section 1365 of the Civil Code, and (3) this bill is enacted after AB 4426, in which case Section 1 of this bill shall not become operative.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

# CHAPTER 1389

An act to amend Sections 25135.3, 25135.6, 25135.7, 25199.1, 25199.6, and 25199.7 of the Health and Safety Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1988 Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 25135.3 of the Health and Safety Code is amended to read:

25135.3. The Association of Bay Area Governments, the Southern California Association of Governments, the Sacramento Area Council of Governments, and the Association of Monterey Bay Area Governments may, at the discretion of their governing boards, prepare a regional hazardous waste management plan to serve as a resource document and to identify hazardous waste management issues, needs, and solutions at the regional level. A council of governments specified in this subdivision shall include in the regional plan additional counties affected by the regional plan, at the request of the councils of governments for those counties. A council of governments shall prepare the regional plan pursuant to the following procedure:

(a) A council of governments specified in this subdivision may apply to the department for funding pursuant to paragraph (3) of subdivision (b) of Section 25135.8.

(b) On or before December 31, 1987, a council of governments which receives funding from the department shall prepare a draft regional hazardous waste management plan and submit the draft plan to the department. If a council of governments shows the department that it has made substantial compliance towards completing the draft regional hazardous waste management plan and needs additional time to complete the draft regional plan, the department may extend, to March 31, 1988, the date by which the draft regional plan is required to be submitted. The council of governments shall involve the public with the preparation of the draft plan, to the fullest extent possible, by public hearings, informational meetings, and other appropriate forums that offer the public the opportunity to respond to clearly defined alternative objectives, policies, and actions.

(c) From January 1, 1988, to March 31, 1988, or, if the department has given the council of governments a time extension pursuant to subdivision (b), on or before June 30, 1988, the council of governments shall conduct hearings on the draft regional hazardous waste management plan, in the number determined appropriate by the council of governments. The council of governments shall provide affected local jurisdictions, the public, industry, business

organizations, and the hazardous waste management industry with a full opportunity to comment orally and in writing on the draft plan.

(d) On or before March 31, 1988, or, if the department has given the council of governments a time extension pursuant to subdivision (b), on or before June 30, 1988, the department shall review the draft plan, and provide the council of governments with comments on the draft plan.

(e) After conducting the review and comment period required by subdivision (c), the council of governments shall revise, as appropriate, the draft regional hazardous waste management plan.

(f) On or before September 30, 1988, or, on or before January 31, 1989, if the council of governments is given a time extension pursuant to subdivision (g), the council of governments shall complete and adopt the plan.

(g) On or before October 1, 1988, the council of governments shall submit the final regional hazardous waste management plan adopted by its governing board to the department for review and approval. If a council of governments shows the department that the council of governments has made substantial progress towards completing the regional hazardous waste management plan and needs more time to complete the plan, the department may extend this date to February 1, 1989. The department shall approve the regional plan if the department determines that all of the following requirements are met:

(1) The regional plan is consistent with the guidelines for the preparation of regional hazardous waste management plans adopted by the department.

(2) The regional plan applies the methods, techniques, and policies established by the department to analyze the waste stream and to determine whether there is a need for additional or expanded hazardous waste facilities to safely manage and properly dispose of the hazardous waste produced within the region.

(h) Throughout the process of preparing a regional hazardous waste management plan, a council of governments shall cooperate and consult with representatives and staff of affected counties and cities.

(i) Notwithstanding subdivisions (a) to (h), inclusive, of this section, if, pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, a joint powers agreement provides for the creation of the Southern California Hazardous Waste Management Authority, the Southern California Association of Governments shall, if it has elected to prepare a regional hazardous waste management plan pursuant to this section, transfer the responsibility for preparing the regional hazardous waste management plan and all funds received pursuant to subdivision (b) of Section 25135.8 to the authority, if the governing board of the authority requests the transfer by the adoption of a resolution. If the transfer takes place, the authority shall comply with this section in the same manner as this section applies to the

association. If the transfer of responsibility and funds authorized by this subdivision takes place and the authority is dissolved at any time before the regional hazardous waste management plan is approved by the department, the association shall prepare the regional hazardous waste management plan and any remaining funds received pursuant to subdivision (b) of Section 25135.8 shall be transferred back to the association.

SEC. 2. Section 25135.6 of the Health and Safety Code is amended to read:

25135.6. (a) A county shall prepare, review, and adopt the county hazardous waste management plan pursuant to the schedule specified in this section.

(b) On or before December 31, 1987, each county, with the cooperation of affected local jurisdictions and the advisory committee established pursuant to Section 25135.2, shall prepare a draft county hazardous waste management plan and submit the draft plan to the department. If a county shows to the department that the county has made substantial compliance towards completing the draft county hazardous waste management plan and needs additional time to complete the draft plan, the department may extend to March 31, 1988, the date by which the draft plan is required to be submitted. The county shall involve the public with the preparation of the draft plan, to the fullest extent possible, by public hearings, informational meetings, and other appropriate forums that offer the public the opportunity to respond to clearly defined alternative objectives, policies, and actions.

(c) On or before March 31, 1988, or, if the department has given the county a time extension pursuant to subdivision (b), on or before June 30, 1988, the county shall conduct hearings on the draft county hazardous waste management plan, in the number determined appropriate by the county. The county shall provide affected local jurisdictions, the public, industry, business organizations, and the hazardous waste management industry with the full opportunity to comment orally and in writing on the draft county hazardous waste management plan.

(d) On or before March 31, 1988, or, if the department has given the county a time extension pursuant to subdivision (b), on or before June 30, 1988, the department shall review the draft plan, and provide each county with comments which specify the changes or additions which are required to be made to the draft plan to result in a final plan which can be approved by the department pursuant to Section 25135.7.

(e) After conducting the review and comment period required by subdivision (c), each county shall revise, as appropriate, the draft county hazardous waste management plan.

(f) The revised county hazardous waste management plan shall be approved by a majority of the cities within the county which contain a majority of the population of the incorporated area of the county, subject to subdivision (g).

(g) The revised county hazardous waste management plan shall be submitted to each city within the county for their approval. Each city shall act upon the revised county hazardous waste management plan within 90 days after the city has received the plan. If a city fails to act upon the plan within 90 days of receiving the plan, the city shall be deemed to have approved the plan as submitted.

(h) On or before September 30, 1988, or, on or before January 31, 1989, if the county is given an extension pursuant to subdivision (a) of Section 25135.7, the county shall adopt the revised county hazardous waste management plan as the final county hazardous waste management plan.

SEC. 3. Section 25135.7 of the Health and Safety Code is amended to read:

25135.7. (a) A county shall submit the final county hazardous waste management plan adopted by the county to the department for review and approval on or before October 1, 1988. If a county shows the department that the county has made substantial progress towards completing the county hazardous waste management plan and needs more time to complete the plan, the department may extend this date to February 1, 1989. The department shall, on or before December 31, 1988, or on or before July 31, 1989, if the county is given a time extension, review and either approve or disapprove the county hazardous waste management plan. The department shall approve the county hazardous waste management plan if the department makes all of the following determinations:

(1) The plan substantially complies with the guidelines for the preparation of hazardous waste management plans adopted by the department.

(2) The plan applies the methods, techniques, and policies established by the department to analyze the waste stream and to determine whether there is a need for additional or expanded hazardous waste facilities to safely manage and properly dispose of the hazardous waste generated within the county.

(3) If the plan contains a determination pursuant to paragraph (5) of subdivision (d) of Section 25135.1 that there is a need for additional or expanded hazardous waste facilities, the plan proposes general areas, or, as determined appropriate by the county, proposes specific sites which may be suitable locations for a facility. However, if the plan instead contains siting criteria for selecting sites for new hazardous waste facilities, the plan shall propose general areas where the criteria might be applicable.

(4) If the county preparing the plan has entered into a formal agreement with other counties to manage hazardous waste, the agreement is documented.

(b) Within 180 days after the department approves a county hazardous waste management plan, the county shall either incorporate the applicable portions of the plan, by reference, into the county's general plan, or enact an ordinance which requires that all applicable zoning, subdivision, conditional use permit, and variance

decisions are consistent with the portions of the county hazardous waste management plan which identify specific sites or siting criteria for hazardous waste facilities.

(c) Within 180 days after receiving written notification from the department that it has approved the county hazardous waste management plan, each city within that county shall do one of the following:

(1) Adopt a city hazardous waste management plan containing all of the elements required by subdivision (d) of Section 25135.1 which shall be consistent with the approved county hazardous waste management plan.

(2) Incorporate the applicable portions of the approved county plan, by reference, into the city's general plan.

(3) Enact an ordinance which requires that all applicable zoning, subdivision, conditional use permit, and variance decisions are consistent with the portions of the approved county plan which identify general areas or siting criteria for hazardous waste facilities.

(d) This section does not limit the authority of any city to attach appropriate conditions to the issuance of any land use approval for a hazardous waste facility in order to protect the public health, safety, or welfare, and does not limit the authority of a city to establish more stringent planning requirements or siting criteria than those specified in the county hazardous waste management plan.

(e) Any amendment to an adopted county hazardous waste management plan requires the approval of the department, the county, and a majority of the cities within the county which contain a majority of the population of the incorporated area of the county.

SEC. 4. Section 25199.1 of the Health and Safety Code is amended to read:

25199.1. Unless the context otherwise requires, the following definitions govern the construction of this article:

(a) "Appeal board" means an appeal board established pursuant to Section 25199.10.

(b) "Hazardous waste facility project" means a project undertaken for the purpose of siting and constructing a new hazardous waste facility that will require a hazardous waste facilities permit issued pursuant to Section 25200, or for the purpose of significantly expanding or modifying an existing hazardous waste facility that is being used or operated under a permit issued pursuant to Section 25200 or a grant of interim status pursuant to Section 25200.5. Unless expressly provided otherwise, "hazardous waste facility project" includes a specified hazardous waste facility project.

SEC. 6. Section 25199.7 of the Health and Safety Code is amended to read:

25199.7. (a) At least 90 days before filing an application for a land use decision for a specified hazardous waste facility project with a local agency, the proponent shall file a notice of intent to make the application with the Office of Permit Assistance in the Office of Planning and Research and with the applicable city or county. The notice of intent shall contain a complete description of the nature, function, and scope of the project. The Office of Permit Assistance shall immediately notify affected state agencies of the notice of intent. The local agency shall publish a notice in a newspaper of general circulation in the area affected by the proposed project, shall post notices in the location where the proposed project is located, and shall notify, by a direct mailing, the owners of contiguous

property, as shown in the latest equalized assessment role. The local agency shall impose a fee upon a project applicant equal to the cost of notification required by this section.

(b) A proponent may not file an application for a land use decision for a specified hazardous waste facility project with a local agency unless the proponent has first complied with subdivision (a).

(c) Within 90 days after a notice of intent is filed with the Office of Permit Assistance pursuant to subdivision (a), the office shall convene a public meeting in the affected city or county to inform the public on the nature, function, and scope of the proposed specified hazardous waste facility project and the procedures that are required for approving applications for the project.

(d) Within 90 days after receiving a notice of the filing of a notice of intent, the legislative body of the affected local agency shall appoint a seven member local assessment committee.

(1) The membership of the committee shall be broadly constituted to reflect the makeup of the community, and shall include three representatives of the community at large, two representatives of environmental or public interest groups, and two representatives of affected businesses and industries. Members of local assessment committees selected pursuant to this subdivision shall have no direct financial interest, as defined in Section 87103 of the Government Code, in the proposed specified hazardous waste facility project.

(2) The local assessment committee shall do all of the following:

(A) Negotiate with the proponent for the proposed hazardous waste facility project on the detailed terms of, provisions of, and conditions for, project approval which would protect the public health, safety, and welfare, and the environment of the city or county and would promote the fiscal welfare of the city or county through special benefits and compensation.

(B) Represent generally, in negotiation with the project proponent, the interests of the residents of the city or county and the interests of adjacent communities.

(C) Receive and expend the technical assistance grants made available pursuant to subdivision (g).

(D) Adopt rules and procedures which are necessary to perform its duties.

(E) Advise the legislative body of the city or county of the terms, provisions, and conditions for project approval which have been agreed upon by the committee and the proponent, and of any additional information which the committee deems appropriate. The legislative body of the city or county may use this advice for its independent consideration of the project.

(3) The legislative body of the affected jurisdiction shall provide staff resources to assist the local assessment committee in performing its duties.

(4) A local assessment committee established pursuant to this subdivision shall cease to exist after final administrative action by

state and local agencies has been taken on the permit applications for the project for which the committee was convened.

(e) A local agency shall notify the Office of Permit Assistance within 10 days after an application for a land use decision for a specified hazardous waste facility project is accepted as complete by the local agency and, within 60 days after receiving this notice, the Office of Permit Assistance shall convene a meeting of the lead and responsible agencies for the project, the proponent, the local assessment committee, and the interested public, for the purpose of determining the issues which concern the agencies that are required to approve the project and the issues which concern the public. The meeting shall take place in the jurisdiction where the application has been filed.

(g) A proponent for a specified hazardous waste facility project shall pay a fee, established by the local agency, equal to the cost of hiring independent consultants to review the project. The local agency shall create an account in the city or county treasury for receipt of these funds, to make technical assistance grants to the local assessment committee to enable the committee to hire an independent consultant to assist the committee in reviewing the project and negotiating terms and conditions with the proponent. If an account is established by the local agency to receive funds from the project proponent, the fees shall be used to review the project pursuant to this section, and the local agency shall maintain records of all expenditures from the account. The local agency shall return any unused funds and accrued interest to the project proponent upon completion of the project review.

(h) If the local assessment committee and the proponent cannot resolve any differences through the meetings, the Office of Permit Assistance may recommend the use of a mediator. The proponent shall pay one-half of the costs of this mediation and the remaining costs shall be paid, upon appropriation by the Legislature, from the General Fund.

(i) This section applies only to a specified hazardous waste facility project.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates

Claims Fund.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide adequate opportunity for review by the cities in the adoption of the county hazardous management plan, and to make necessary, related changes, thereby protecting the public health and safety, it is necessary that this act take effect immediately.

1797.53. "Alternative base station" means a facility or service operated and directly supervised by, or directly supervised by, a physician and surgeon who is trained and qualified to issue advice and instructions to prehospital emergency medical care personnel, which has been approved by the medical director of the local EMS agency to provide medical direction to advanced life support or limited advanced life support personnel responding to a medical emergency as part of the local EMS system, when no qualified hospital is available to provide that medical direction.

(b) Medical control shall be within an EMS system which complies with the minimum standards adopted by the authority, and which is established and implemented by the local EMS agency.

(c) In the event a medical director of a base station questions the medical effect of a policy of a local EMS agency, the medical director of the base station shall submit a written statement to the medical director of the local EMS agency requesting a review by a panel of medical directors of other base stations. Upon receipt of the request, the medical director of a local EMS agency shall promptly convene a panel of medical directors of base stations to evaluate the written statement. 1798.2. The base hospital shall implement the policies and procedures established by the local EMS agency and approved by the medical director of the local EMS agency for medical direction of prehospital emergency medical care personnel.

SEC. 8. Section 1798.3 is added to the Health and Safety Code, to read:

(b) The medical direction is provided by either of the following:

(1) A physician and surgeon who is trained and qualified to issue advice and instructions to prehospital emergency medical care personnel.

(2) A mobile intensive care nurse who has been authorized by the medical director of the local EMS agency, pursuant to Section 1797.56, as qualified to issue instructions to prehospital emergency medical care personnel.

Hospitals or other entities so designated and contracted with as base hospitals or alternative base stations shall provide medical direction of prehospital emergency medical care provided for the area defined by the local EMS agency in accordance with policies and procedures established by the local EMS agency and approved by the medical director of the local EMS agency pursuant to Sections 1797.220 and 1798.

SEC. 11. Section 1798.101 of the Health and Safety Code is amended to read:

1798.101. (a) In rural areas, as determined by the authority, where the use of a base hospital having a basic emergency medical service special permit pursuant to subdivision (c) of Section 1277 is precluded because of geographic or other extenuating circumstances, a local EMS agency, in order to assure medical direction to prehospital emergency medical care personnel, may utilize other hospitals which do not have a basic emergency medical service permit but which have been approved by the medical director of the local EMS agency for utilization as a base hospital, if both of the following apply:

(1) Medical control is maintained in accordance with policies and procedures established by the local EMS agency, with the approval of the medical director of the local EMS agency.

(2) Approval is secured from the authority.

(b) (1) In rural areas, as determined by the authority, when the use of a hospital having a basic emergency medical service special permit is precluded because of geographic or other extenuating circumstances, as determined by the authority, the medical director of the local EMS agency may authorize another facility which does not have this special permit to receive patients requiring emergency

medical services if the facility has adequate staff and equipment to provide these services, as determined by the medical director of the local EMS agency.

(2) A local EMS agency which utilizes in its EMS system any facility which does not have a special permit to receive patients requiring emergency medical care pursuant to paragraph (1) shall submit to the authority, as part of the plan required by Section 1797.254, protocols approved by the medical director of the local EMS agency to ensure that the use of that facility is in the best interests of patient care. SEC. 12. Section 1798.105 is added to the Health and Safety Code, to read:

1798.105. The medical director of the local EMS agency may approve an alternative base station, as defined in Section 1798.53, to provide medical direction to advanced life support or limited advanced life support personnel for an area of the local EMS system for which no qualified base hospital is available, to provide that medical direction, providing that both the following conditions are met:

(a) Medical control is maintained in accordance with policies and procedures established by the local EMS agency, with the approval of the medical director of the local EMS agency.

(b) Any responsibilities of a base station hospital, including review of run reports or provision of continuing education, which are not assigned to the alternative base station, are assigned to either the local EMS agency, a base hospital for another area of the local EMS system, or a receiving hospital which has been approved by the medical director to, and has agreed to, assume the responsibilities.

SEC. 13. Section 1798.200 of the Health and Safety Code is

amended to read:

## CHAPTER 1391

An act to amend Sections 66780, 66780.2, and 66799.3 of the Government Code, and to amend Section 15036 of the Public Resources Code, as added by Assembly Bill 3298 of the 1987–88 Regular Session, relating to solid waste.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 66780 of the Government Code is amended to read:

66780. (a) The Legislature finds that decisions involving the establishment or expansion of solid waste facilities should be guided by an effective planning process, including meaningful public and private solid waste industry participation.

(b) It is, therefore, the policy of the state and the intent of the Legislature that solid waste management plans prepared pursuant to this chapter shall be consistent with the general plan required by Article 5 (commencing with Section 65300) of Chapter 3 of Division 1 of Title 7, and that these solid waste management plans shall accomplish both of the following:

(1) Identify and reserve areas for the establishment or expansion of solid waste facilities.

(2) Ensure that land uses adjacent to or near those areas are compatible with the solid waste facilities.

(c) The Legislature further declares that it is the policy of the state and the intent of the Legislature that each state, regional, and local agency concerned with the solid waste facility planning and siting process involve the public through public hearings and informative meetings and that, at those hearings and other public forums, the public be granted the opportunity to respond to clearly defined alternative objectives, policies, and actions.

(d) The Legislature further declares that it is the policy of the state and the intent of the Legislature, as stated in Section 4271 of the Health and Safety Code, to foster and encourage private solid waste enterprises. In furtherance of that policy, it is the intent of the Legislature that each state, regional, and local agency concerned with the solid waste facility planning and siting process involve the private solid waste industry, and that the hazardous waste disposal industry also be involved in the review of the hazardous waste portion of county solid waste management plans, as specified in Section 66780.7 of the Government Code.

SEC. 2. Section 66780.2 of the Government Code is amended to

read:

66780.2. (a) With each revision of a county solid waste management plan occurring on or after January 1, 1988, the plan shall indicate the remaining combined capacity of existing solid waste facilities, in cubic yards and years, to accept solid waste generated in the county. If the county determines that the remaining combined capacity of existing solid waste facilities will be exhausted within eight years, then, except as provided in paragraphs (1) and (2) and notwithstanding any other provision of law, the revision of the plan shall reserve an area or areas for the location of a new solid waste facility or the expansion of an existing solid waste facility.

(1) If the county determines that there is no area available for the location of a new solid waste facility or the expansion of an existing facility which is consistent with the applicable city or county general plan pursuant to subdivision (b), the county is not required to reserve that area in the revision of the plan, but the revision of the plan shall instead include a specific program for the handling and disposal of solid waste generated in the county in excess of its remaining solid waste facility capacity, subject to approval by the board.

(2) If a county reserved a site expansion or a potential site for a solid waste facility in its solid waste management plan prior to January 1, 1988, that site reservation may be deemed an area reservation for the purposes of compliance with this subdivision and subdivision (b).

(b) A county shall reserve an area or areas for the location of a new solid waste facility or the expansion of an existing facility in its solid waste management plan which is consistent with the applicable city or county general plan. An area is consistent with the general plan if all of the following requirements are met:

(1) The city or county has adopted a general plan which complies with the requirements of Article 5 (commencing with Section 65300) of Chapter 3 of Division 1 of Title 7.

(2) The area reserved for a new solid waste facility or the expansion of an existing solid waste facility is located in or coextensive with a land use area designated or authorized for solid waste facilities in the applicable city or county general plan.

(3) The land uses authorized in the applicable city or county general plan adjacent to or near the area reserved for the establishment or expansion are compatible with the establishment or expansion of a solid waste facility.

(c) A county may tentatively reserve an area or areas for the location of a new solid waste facility or the expansion of an existing facility in its solid waste management plan even though that reservation of an area or areas is not consistent with the applicable city or county general plan. A reserved area in a solid waste management plan is tentative until it is made consistent with the applicable city or county general plan. If a county has tentatively identified a site expansion or a potential site for a solid waste facility

in its solid waste management plan, that tentative site identification may be deemed a tentative area reservation for the purposes of subdivisions (d) and (e).

(d) An area tentatively reserved for the establishment or expansion of a solid waste facility shall be removed from the county solid waste management plan for either of the following reasons:

(1) A city or county fails or has failed to make the finding that the area is consistent with the general plan or has made a finding that the area should not be used for the location of a solid waste facility.

(2) The board refuses to concur in the issuance of a solid waste facility permit for the site because of the city's or county's failure to make the finding that the area in which the site is located is consistent with the general plan.

(e) The removal of a tentatively reserved area from the county solid waste management plan, pursuant to subdivision (d), shall be accomplished by either of the following methods:

(1) The county shall remove the area at the time of the next revision of the plan.

(2) The local agency having jurisdiction over the area shall request the county to remove the designation at the time of the next revision of the plan.

(f) For purposes of this section and Sections 66796.32, 66796.34, 66796.41, and 66796.42, the term "city" or "county" means the city or county in which the solid waste facility, or the area reserved for a new solid waste facility or the expansion of an existing facility, is located.

(g) Notwithstanding Section 66720.1, for purposes of this section, "solid waste facility" does not include facilities for the conversion of waste to energy, except that a county solid waste management plan may identify areas for these facilities.

SEC. 3. Section 66799.3 of the Government Code is amended to read:

66799.3. As used in this chapter, the following definitions apply:

(a) "Account" means the Solid Waste Disposal Site Cleanup and Maintenance Account in the General Fund.

(b) "Closure plan" means a plan prepared by the owner or operator of a solid waste landfill to close the landfill in accordance with permit conditions and standards as may be required by a regional board, an enforcement agency, and the board.

(c) "Committee" means the Solid Waste Cleanup and Advisory Committee.

(d) "Corrective action" means any action, required or approved by an enforcement agency, or the board pursuant to Chapter 3 (commencing with Section 66795), a regional board, or an air quality management district or air pollution control district, to abate a nuisance or prevent the migration of methane gas or contaminated ground or surface water as necessary to protect human health and the environment.

(e) "Inert waste" means a nonliquid waste including, but not

limited to, soil and concrete, that does not contain hazardous waste or soluble pollutants at concentrations in excess of water quality objectives established by a regional board pursuant to Division 7 (commencing with Section 13000) of the Water Code and does not contain significant quantities of decomposable waste.

(f) "Postclosure plan" means a plan prepared by the owner or operator of a solid waste landfill to maintain the landfill for at least 30 years after closure in accordance with any permit conditions and standards which may be required by a regional board, an enforcement agency, or the board.

(g) "Regional board" means a California Regional Water Quality Control Board.

(h) "Solid waste landfill" means a disposal facility, as defined in Section 66714, that accepts solid waste, as defined in Section 66719, and which meets the requirements of a class III landfill pursuant to Sections 2533 and 2541 of Title 23 of the California Code of Regulations. "Solid waste landfill" does not include a facility which receives only wastes generated by the landfill owner or operator in the extraction, beneficiation, or processing of ores and minerals.

(i) "State board" means the State Board of Equalization.

SEC. 4. Section 15036 of the Public Resources Code, as added by Assembly Bill 3298 of the 1987–88 Regular Session, is amended to read:

15036. (a) A local agency shall establish special fees on generators of solid waste to cover its costs in preparing, adopting, and implementing the plan required by this division if the department has not granted the local agency a time extension or an exemption for violations specified in Section 15046. The fees shall be established in relation to the types and amounts of solid waste generated and shall generate revenue to pay the estimated costs in preparing, adopting, or implementing the plan.

(b) Each local agency which is directed by the department to establish fees pursuant to this chapter shall establish a waste reduction and recycling escrow account. All revenues collected as a result of special fees shall be deposited into the waste reduction and recycling escrow account. The local agency may use all revenues deposited in its account to implement a waste reduction and recycling plan upon approval by the department of the local agency's plan of correction for violations specified in Section 15046.

SEC. 5. Section 4 of this act shall become operative only if Assembly Bill 3298 of the 1987–88 Regular Session is enacted and adds Section 15036 to the Public Resources Code.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 311 of the Penal Code is amended to read:

311. As used in this chapter, the following definitions shall control the meaning of the respective terms:

(a) "Obscene matter" means matter taken as a whole, the predominant appeal of which to the average person, applying contemporary statewide standards, is to prurient interest, meaning a shameful or morbid interest in nudity, sex, or excretion; and is matter which taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters; and is matter which taken as a whole lacks significant literary, artistic, political, educational, or scientific value.

(1) The predominant appeal to prurient interest of the matter is judged with reference to average adults unless it appears from the nature of the matter or the circumstances of its dissemination, distribution or exhibition, that it is designed for clearly defined deviant sexual groups, in which case the predominant appeal of the matter shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate that matter is being commercially exploited by the defendant for the sake of its prurient appeal, that evidence is probative with respect to the nature of the matter and can justify the conclusion that the matter lacks significant literary, artistic, political, educational, or scientific value.

(3) In determining whether the matter taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters, the fact that the defendant knew that the matter depicts persons under the age of 16 years engaged in sexual conduct, as defined in subdivision (c) of Section 311.4, is a factor which can be considered in making that determination.

(b) "Matter" means any book, magazine, newspaper or other printed or written material or any picture, drawing, photograph, motion picture, or other pictorial representation or any statue or other figure, or any recording, transcription or mechanical, chemical or electrical reproduction or any other articles, equipment, machines or materials. (f) "Exhibit" means to show.

(g) "Obscene live conduct" means any physical human body activity, whether performed or engaged in alone or with other persons, including, but not limited to, singing, speaking, dancing, acting, simulating, or pantomiming, where, taken as a whole, the predominant appeal of the conduct to the average person, applying contemporary statewide standards is to prurient interest, meaning a shameful or morbid interest in nudity, sex, or excretion; and is conduct which taken as a whole goes substantially beyond customary limits of candor in description or representation of these matters; and is conduct which taken as a whole lacks significant literary, artistic, political, educational, or scientific value.

(1) The predominant appeal to prurient interest of the conduct is judged with reference to average adults unless it appears from the nature of the conduct or the circumstances of its production, presentation or exhibition, that it is designed for clearly defined deviant sexual groups, in which case the predominant appeal of the conduct shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation advertising, or exhibition indicate that live conduct is being commercially exploited by the defendant for the sake of its prurient appeal, that evidence is probative with respect to the nature of the conduct and can justify the conclusion that the conduct lacks significant literary, artistic, political, educational, or scientific value.

(3) In determining whether the live conduct taken as a whole goes substantially beyond customary limits of candor in description or representation of such matter, the fact that the defendant knew that the live conduct depicts persons under the age of 16 years engaged in sexual conduct, as defined in subdivision (c) of Section 311.4, is a factor which can be considered in making that determination.

(3) In determining whether the live conduct taken as a whole lacks serious literary, artistic, political, or scientific value in description or representation of such matters, the fact that the defendant knew that the live conduct depicts persons under the age of 16 years engaged in sexual conduct, as defined in subdivision (c) of Section 311.4, is a factor which can be considered in making that determination.

## CHAPTER 1393

An act to add Section 7015 to the Penal Code, relating to the City of Folsom.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that currently Sections 4700.1, 4750, and 4751 of the Penal Code provide for the state to reimburse local agencies for the costs incurred in transporting and detaining state prison inmates for purposes of criminal trials for crimes which were committed while incarcerated in state prison. State prison inmates incarcerated at Folsom State Prison who are tried for new crimes committed while incarcerated, must be transported along with their witnesses to the court facilities in the City of Sacramento which is more than 40 miles from the City of Folsom. The transportation not only incurs substantial costs for the state, but also results in substantial diversion of local law enforcement efforts. It would be cost beneficial for the state to assist the City of Folsom to build and finance a courthouse immediately adjacent to the prison, thereby reducing transportation costs and detention costs which the state otherwise would have to reimburse the County of Sacramento.

SEC. 2. Section 7015 is added to the Penal Code, to read:

7015. (a) Except as provided in subdivision (b), the Department of Corrections may contract with the City of Folsom for the construction of a courthouse and related facilities, not to exceed one million nine hundred thousand dollars ($1,900,000) in costs. Under this contract, the Department of Corrections is authorized to make payments to the City of Folsom in consideration for the construction of the courthouse, provided that the sums paid to the city are realized from savings to the department by the location of the courthouse in the immediate proximity of Folsom Prison.

Under this contract, the Department of Corrections is authorized to make annual payments to the City of Folsom in an amount not to exceed the approximate savings realized in each fiscal year. These funds shall come from the operating budget of the department.

In negotiating this contract, the Department of Corrections shall note the extent to which the courthouse will serve the interests of the County of Sacramento independent of matters pertaining to individuals in state custody and shall seek appropriate participation in the funding of the courthouse from the county.

(b) The Department of Corrections may not contract with the City of Folsom for a court facility unless a majority of the members of the Sacramento County Board of Supervisors, the presiding judge of the Sacramento County Municipal Court, and the presiding judge

of the Sacramento County Superior Court all agree, in writing, to operate a court facility in the City of Folsom as provided by subdivision (a).

Individuals having specific questions shall be directed to contact their local law enforcement agency or private counsel. (e) Each applicant for a permit shall pay at the time of filing his or her application a fee not to exceed the application processing costs of the Department of Justice. A permit granted pursuant to this article may be renewed one year from the date of issuance, and

annually thereafter, upon the filing of a renewal application and the payment of a permit renewal fee not to exceed the application processing costs of the Department of Justice. After the department establishes fees sufficient in amount to cover processing costs, the amount of the fees shall only increase at a rate not to exceed the legislatively approved cost-of-living adjustment for the department.

SEC. 9. Section 12306 of the Penal Code is repealed.

SEC. 10. The Legislature does not intend, by repealing Section 12079 of the Penal Code, to prohibit an individual from ordering a firearm through the mail.

## CHAPTER 1395

An act to add Section 4726.1 to the Civil Code, relating to family law.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 4726.1 is added to the Civil Code, to read:

4726.1. (a) Upon application by a party in any proceeding where the court has ordered either or both parents to maintain health insurance under Section 4726, the court may order the employer of the obligor parent or other person providing health insurance to the obligor, to enroll the supported child in the health insurance plan available to the obligor through the employer or other person and to deduct the appropriate premium or costs, if any, from the wages or earnings of the obligor. The order shall be called a health insurance coverage assignment.

(b) The health insurance coverage assignment may be ordered at the time of trial or entry of a judgment ordering health insurance coverage. The order shall operate as an assignment and shall be binding upon any existing or future employer of the obligated parent upon whom a copy of the order has been served. Any such order of assignment may be modified at any time by the court.

(c) The application shall state that the party seeking the assignment has given the obligor a written notice of his or her intent to seek a health insurance coverage assignment in the event of a default in instituting coverage required by court order on behalf of the parties' child and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the application. The written notice of intent to seek an assignment required by this paragraph may be given at the time of filing a petition or complaint for support or at any time subsequent thereto.

The obligor may at any time waive the written notice required by this subdivision.

(d) An order made pursuant to this section shall not become effective until 10 days after service by the applicant of the order on the employer or other person providing health insurance to the obligor. Within 10 days after service of the order, the employer or other person providing health insurance to the obligor shall deliver a copy of the order to the obligor, together with a written statement of the obligor's rights under the law to move to quash the order.

(e) An obligor alleged to be in default may move to quash a health insurance coverage assignment order issued under this subdivision within 10 days after service on the obligor of the assignment order by his or her employer or other person providing health insurance coverage if the obligor declares under penalty of perjury that there is an error in that (1) no order to maintain health insurance has been issued under Section 4726; (2) the amount to be withheld for premiums is greater than that permissible under Section 4726 or greater than the amount otherwise ordered by the court; (3) the amount of the increased premium is unreasonable; (4) the alleged obligor is not the obligor from whom health insurance coverage is due; (5) the child or children are or will be otherwise provided health care coverage; or (6) the employer's choice of coverage is inappropriate. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the obligor of notice of the order by the employer or other person providing health insurance coverage. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion; and within five days after receipt of the notice of motion shall deliver a copy of the notice of motion to the district attorney, personally or by first-class mail, and the applicant and the employer or other person providing health insurance, at the appropriate addresses contained in the application by first-class mail. Upon a finding of error, as described above, the court shall quash the assignment.

(f) The employer, or other person providing health insurance, shall take steps to commence coverage, consistent with the order for the health insurance coverage assignment, 10 days after service of the order upon the obligor pursuant to subdivision (d) if the employer or other person providing health insurance has not received a notice of motion seeking to quash the order. If the employer or other person providing health insurance receives a notice of motion to quash, the employer shall commence coverage consistent with the assignment order upon receipt of the order resolving the motion to quash in favor of the applicant. The employer, or the person providing health insurance, shall commence coverage at the earliest possible time and, if applicable, consistent with the group plan enrollment rules. If the obligor has made a selection of health coverage inconsistent with the court order, the

selection shall not be superseded unless the child or children to be enrolled in the plan will not be provided benefits or coverage where the child or children reside.

If the obligor has not enrolled in an available health plan, there is a choice of coverage, and the court has not ordered coverage by a specific plan, the employer shall enroll the child or children in the plan that will reasonably provide benefits or coverage where the child or children reside. If that coverage is not available, the employer or other person providing health insurance shall, within 20 days, return the assignment to the attorney or person initiating the assignment.

(g) An employer or other person providing health insurance who willfully fails to comply with a valid assignment order entered and served upon the employer or other person pursuant to this section shall be liable to the applicant for the amount incurred in health care services which would otherwise have been covered under the insurance policy but for the conduct of the employer or other person providing health insurance which was contrary to the order of assignment under this section. Willful failure of an employer or other person providing health insurance to comply with an order for assignment under this section is punishable as contempt of court pursuant to Section 1218 of the Code of Civil Procedure.

(h) The employer or other person providing health insurance shall be responsible for providing evidence of coverage to both parents or the person having custody of the child and, upon request by the parents or person having custody of the child, for providing all forms and other documentation necessary for the purpose of submitting claims to the insurance carrier which the employer or other person providing health insurance usually provides to insureds.

(i) The employer or other person providing health insurance shall notify the applicant of the order for assignment of the commencement date of the coverage of the children.

(j) If an assignment pursuant to this section is served on an employer or other person providing health insurance and no such coverage is available for the supported child, the employer or other person shall, within 20 days, return the assignment order to the attorney, or person initiating the assignment.

(k) Upon a notice of motion by the obligor, the court shall terminate an order of assignment entered pursuant to this section if one of the following conditions exists: (1) a new order has been issued under Section 4726, which is inconsistent with the existing health insurance coverage assignment; (2) the employer or other person providing health insurance has discontinued health coverage to the obligor; (3) the court determines that there is good cause to terminate the assignment; or (4) the death or emancipation of the child for whom the health insurance has been obtained.

(*l*) No employer shall use any assignment authorized by this section as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who

violates this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(m) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(n) The Judicial Council shall adopt forms for the orders for health insurance coverage assignment required or authorized by this section, including, but not limited to, the application, the order, and the statement of the obligor's rights. The parties and child shall be sufficiently identified on the forms by the inclusion of birth dates, social security numbers, and any other information deemed necessary by the Judicial Council.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), reimbursement shall be made from the State Mandates Claims Fund.

## CHAPTER 1396

An act to amend Sections 1242.5, 1242.6, 3730, 3755, and 3756 of, and to add Section 3775.5 to, the Business and Professions Code, and to add Section 1276.8 to the Health and Safety Code, relating to respiratory case practitioners, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1242.5 of the Business and Professions Code is amended to read:

1242.5. The department may by regulation authorize unlicensed laboratory personnel who are employed in clinical laboratories in licensed clinics or hospitals, as defined respectively in Sections 1202 and 1250 of the Health and Safety Code, to perform venipuncture, arterial puncture, or skin puncture for the purposes of withdrawing blood or for test purposes, as defined by regulations established by the department. The department shall establish the minimum training required for such persons.

SEC. 1.5. Section 1242.6 of the Business and Professions Code is amended to read:

1242.6. (a) Any registered nurse licensed under the provisions of

Chapter 6 (commencing with Section 2700) of Division 2 may perform arterial puncture, venipuncture, or skin puncture for the purposes of withdrawing blood or for test purposes upon authorization from any licensed physician and surgeon or any licensed dentist.

(b) Any licensed vocational nurse licensed under the provisions of Chapter 6.5 (commencing with Section 2840) of Division 2 may perform arterial puncture, venipuncture, or skin puncture for the purposes of withdrawing blood or for test purposes upon authorization from any licensed physician and surgeon, or any licensed dentist if prior thereto the licensed vocational nurse has been instructed by a physician and surgeon and has demonstrated competence to such physician and surgeon in the proper procedure to be employed when withdrawing blood, or has satisfactorily completed a prescribed course of instruction approved by the Board of Vocational Nurse and Psychiatric Technician Examiners of the State of California or has demonstrated competence to the satisfaction of such board.

(c) Any respiratory care practitioner certified under the provisions of Chapter 8.3 (commencing with Section 3700) of Division 2 may perform arterial puncture, venipuncture, or skin puncture for the purposes of withdrawing blood or for test purposes upon authorization from any licensed physician and surgeon.

SEC. 2. Section 3730 of the Business and Professions Code is amended to read:

3730. All certificates for the practice of respiratory care in this state shall be issued by the examining committee, and all applications for those certificates shall be filed with the examining committee. Except as otherwise required by the director pursuant to Section 164, the certificate issued by the examining committee shall describe the certificate holder as a "respiratory care practitioner certified by the Division of Allied Health Professions of the Board of Medical Quality Assurance."

Each application shall be accompanied by the application fee prescribed in Section 3775, shall be signed by the applicant, and shall contain a statement under oath of the facts entitling the applicant to receive a certificate without examination or to take an examination.

The application shall contain other information as the examining committee deems necessary to determine the qualifications of the applicant.

SEC. 3. Section 3755 of the Business and Professions Code is amended to read:

3755. The committee may take action against any respiratory care practitioner who is charged with unprofessional conduct in administering, or attempting to administer, direct or indirect respiratory care. Unprofessional conduct includes, but is not limited to, repeated acts of clearly administering directly or indirectly inappropriate or unsafe respiratory care procedures, protocols, therapeutic regimens, or diagnostic testing or monitoring

techniques, and violation of any provision of Section 3750. The committee may determine unprofessional conduct involving any and all aspects of respiratory care performed by anyone certified as a respiratory care practitioner. Any person who engages in repeated acts of unprofessional conduct shall be guilty of a misdemeanor and shall be punished by a fine of not less than two hundred dollars ($200) nor more than six hundred dollars ($600) or by imprisonment for a term not less than 60 days nor more than 180 days, or both the fine and imprisonment.

This section shall be operative until January 1, 1991, and on that date is repealed.

SEC. 4. Section 3756 of the Business and Professions Code is amended to read:

3756. (a) A respiratory care practitioner who provides respiratory care may be ordered to undergo a professional competency examination approved by the committee if, after investigation and review by one or more respiratory care practitioner consultants of the committee, there is reasonable cause to believe that the person providing respiratory care is unable or unwilling to practice respiratory care with reasonable skill and patient safety. Reasonable cause shall be determined by the committee and may include, but not limited to, the following:

(1) A single incidence of gross negligence.

(2) A pattern of inappropriate direct or indirect administration of respiratory care protocols, procedures, therapeutic regimens, or diagnostic testing of monitoring techniques.

(3) An act of incompetence or negligence causing death or serious bodily injury.

(4) A pattern of substandard care.

(5) Violation of any provision of Section 3750 or 3755.

(b) The matter shall be presented by the committee's executive officer or designee by way of a written petition detailing the reasonable cause. The petition shall contain all conclusions and facts upon which the presumption of reasonable cause is based. A copy of the petition shall be served on the person who shall have 45 days after receipt of the copy of the petition to file written opposition to the petition. Service of the petition and any order shall be in accordance with the methods of service authorized by subdivision (c) of Section 11505 of the Government Code.

(c) The committee shall review the petition and any written opposition from the person who has charges brought against him or her, or the committee may hold a hearing in accordance with the provisions of the Administrative Procedure Act to determine if reasonable cause exists, as specified in subdivision (a). The person who has charges brought against him or her shall have the right to be represented at that hearing by a person of his or her choice. If the committee is satisfied that reasonable cause exists that is considered by the committee as unprofessional conduct, the committee shall issue an order compelling the person who has charges brought

against him or her to undergo an examination of professional competency, as measured by community standards. For purposes of this section, "community standards" means the statewide standards of the community of licensees. Failure to comply with the order duly served the person charged shall constitute unprofessional conduct for purposes of disciplinary proceedings and failure to pass the examination shall result in denial, suspension, or revocation of the certificate, license, or registration which shall be determined by the committee in its discretion.

(d) If the committee proceeds pursuant to the provisions of Sections 3755 and 3756 and the person charged passes the professional competency examination administered, the committee shall be precluded from filing an accusation of incompetency based solely on the circumstances giving rise to the reasonable cause for the examination.

(e) If the committee determines there is insufficient cause to file an accusation based on the examination results, then all agency records of the proceedings, including the petition and order for the examination, investigative reports, if any, reports of staff or the committee's consultants, and the reports of the examiners, shall be kept confidential and shall not be subject to discovery or subpoena.

(f) If no further proceedings are conducted to determine the person's fitness to practice during a period of five years from the date of the petition under Section 3756, then the agency shall purge and destroy all records pertaining to the proceeding.

This section shall be operative until January 1, 1991, and on that date is repealed.

SEC. 5. Section 3775.5 is added to the Business and Professions Code, to read:

3775.5. The application and renewal fee for an inactive certificate shall be fixed by the examining committee in an amount not to exceed one hundred fifty dollars ($150).

SEC. 6. Section 1276.8 is added to the Health and Safety Code, to read:

1276.8. Notwithstanding any other provision of law, including, but not limited to, Section 1276, the following shall apply:

(a) As used in this code, "respiratory care practitioner," "respiratory therapist," "respiratory therapy technician," and "inhalation therapist" mean a respiratory care practitioner certified under the Respiratory Care Practice Act (Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code).

(b) The definition of respiratory care services, respiratory therapy, inhalation therapy, or the scope of practice of respiratory care, shall be as described in Section 3702 of the Business and Professions Code.

(c) Respiratory care may be performed in hospitals, ambulatory or in-home care, and other settings where respiratory care is performed under the supervision of a medical director in accordance

with the prescription of a physician and surgeon. Respiratory care may also be provided during the transportation of a patient, and under any circumstances where an emergency necessitates respiratory care.

(d) In addition to other licensed health care practitioners authorized to administer respiratory care, certified respiratory care practioners may accept, transcribe, and implement the written and verbal orders of a physician and surgeon pertaining to the practice of respiratory care.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

There are statutory provisions in the clinical laboratory law which continue to treat respiratory care practitioners as unlicensed persons even though those practitioners are certified under the Respiratory Care Practice Act (Chapter 8.3 (commencing with Section 3700) of Division 2 of the Business and Professions Code). That law also contains provisions which are inconsistent with the Respiratory Care Practice Act. In order that certified practitioners and licensed health facilities are not subject to inconsistent requirements, it is necessary that this act go into immediate effect.

## CHAPTER 1397

An act to add and repeal Section 9319 of the Welfare and Institutions Code, relating to health, and making an appropriation therefor.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988 ]

I am deleting the $149,000 appropriation contained in Section 4 (a) of Assembly Bill No 3771.

This bill would require the California Department of Aging (CDA) to establish a dental care service pilot project in a rural area of the state to serve seniors who are homebound or residing in a residential care facility. It also appropriates $149,000 from the General Fund to the Department for its implementation and specifies that fees received from the project shall be used to offset the cost of the program. In addition, this bill requires a report to the Legislature on the program effectiveness by December 1990.

The demands placed on budget resources require all of us to set priorities. The budget enacted in July 1988 appropriated nearly $44 billion in state funds This amount is more than adequate to provide the necessary essential services provided for by State Government. It is not necessary to put additional pressure on taxpayer funds for programs that fall beyond the priorities currently provided.

Thus, after reviewing this legislation, I have concluded that its merits do not sufficiently outweigh the need this year for funding top priority programs and continuing a prudent reserve for economic uncertainties

It is more appropriate to consider funding the provisions of this bill during the budget process for Fiscal Year 1989–90. Only at that time can we review the relative merits of this program in comparison to all other funding projects. The budget process enables us to weigh all demands on the state's revenues and direct our resources to programs, either new or existing, that have the most merit.

With this deletion, I approve Assembly Bill No. 3771.
GEORGE DEUKMEJIAN, Governor

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Two factors that create a problem in providing dental care for California's elderly who are institutionalized in skilled nursing facilities or confined to their homes, are the rapidly increasing size of the senior population and the lack of public funding available for providing dental services.

(b) By the year 2000, the number of Americans 65 to 75 years of age is expected to increase by 23 percent. The number of those persons 75 years of age or older, growing faster than any other population segment, will increase in that time by 40 percent. By the year 2030, more than 30 million Americans will be 75 years of age or older, which will be up from the 13.5 million figure projected for 1990.

(c) The need to provide dental care among elderly residents in skilled nursing facilities and the homebound is growing at the same time the public seeks relief from the expensive burden of providing long-term care. It is further known that providing necessary dental care can extend the time that the elderly can live productive, healthy lives and avoid costly long term-residential care.

(d) With over 1,000 skilled nursing facilities in California which have more than 115,000 residents, it is expected that the need for dental treatment would be significant. The skilled nursing facilities study commissioned by the California Dental Association in 1986 clearly demonstrated that the skilled nursing facility residents are, in fact, in need of dental care from dentists.

(e) There is a pool of dentists willing to provide care in skilled nursing facilities and to the homebound. Equipment necessary to provide the proper care in these settings is not available. There are no organized services or resources existing in the rural areas of California. A few dentists provide only emergency care.

SEC. 2. Section 9319 is added to the Welfare and Institutions Code, to read:

9319. (a) The Department of Aging shall establish and administer a pilot project in a rural area of the state for the delivery of dental care services to residents of long-term care facilities, intermediate care facilities, and the homebound.

(b) The Department of Aging shall, in the administration of the pilot project, contract with a professional dental organization, component society, or a foundation of that organization with experience in the delivery of care as specified in subdivision (a).

(c) The pilot project shall employ a full-time dentist, or the equivalent. The project may also employ dental assistants and dental hygienists as necessary to carry out the purposes of the project.

(d) The Department of Aging shall provide the pilot project with two portable dental units to be used in the provision of care under this section. The equipment shall meet all of the following requirements:

(1) Each unit shall be totally self-contained and have its own vacuum system, compressor, and associated dental handpieces.

(2) Each unit shall be modular in form, so that they may be disassembled for ease of transportation.

(3) Each unit shall have wheels attached, for ease of movement.

(e) The pilot project shall establish a method for identification of those elderly homebound persons who are in need of acute and routine dental care, shall cooperate with the appropriate area agency on aging in providing services pursuant to this section, and shall establish a program of regular examinations, followup care, and recall examinations for the target population served by the pilot project.

(f) The regional screening program, now used by the Medi-Cal dental fiscal intermediary, shall screen, as necessary, the Medi-Cal patients for whom a prior authorization treatment request has been submitted. When possible, the regional screening consultant shall coordinate his or her examination with the treating dentist. The regional screening program shall evaluate the dental needs set forth in the treatment plan and these findings shall become a part of the utilization review for the Medi-Cal dental program.

(g) Each dentist providing services under this section shall be considered an independent contractor. The state shall assume no liability incurred by those dentists.

(h) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 3. The Department of Aging shall report to the Legislature on the pilot project established pursuant to Section 9319 of the Welfare and Institutions Code no later than the end of the second year of the pilot project. The Department of Aging may contract with any other agency or agencies or with any independent private contractor or contractors for the preparation of the report required by this section. This report shall include a determination of the effectiveness of the pilot project in reaching the target population, and shall include statistical and financial data relating to the project.

The pilot project shall be deemed successful if at least 10 percent of the target population, which would not otherwise receive services, has been served. If less than 10 percent of the population has been served, the pilot project shall be deemed to have failed and shall not be continued.

SEC. 4. (a) The sum of one hundred forty-nine thousand dollars ($149,000) is hereby appropriated from the General Fund to the Department of Aging, to be used for the 1988–89 fiscal year to implement this act.

(b) Fees charged to private patients and reimbursements from

Medi-Cal dental billings which are received by the pilot project for services rendered pursuant to Section 9319 of the Welfare and Institutions Code shall be used to offset the costs incurred by the Department of Aging. The project contractor shall be responsible for billing all parties for whom the services were performed including third party payors and the Medi-Cal program. The contractor shall make every effort to collect all outstanding fees.

(c) It is the intent of the Legislature that the pilot project shall be funded through the Budget Act for fiscal years following the 1988–89 fiscal year, but that the amount appropriated by this act shall be considered a full fiscal year level of funding for the pilot project and the amounts provided in subsequent fiscal years for the pilot project shall not exceed this amount.

## CHAPTER 1398

An act to amend Sections 288 and 868.5 of the Penal Code, relating to crime.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 288 of the Penal Code is amended to read:

288. (a) Any person who shall willfully and lewdly commit any lewd or lascivious act including any of the acts constituting other crimes provided for in Part 1 of this code upon or with the body, or any part or member thereof, of a child under the age of 14 years, with the intent of arousing, appealing to, or gratifying the lust or passions or sexual desires of that person or of the child, shall be guilty of a felony and shall be imprisoned in the state prison for a term of three, six, or eight years.

(b) Any person who commits an act described in subdivision (a) by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, shall be guilty of a felony and shall be imprisoned in the state prison for a term of three, six, or eight years.

(c) Any person who commits an act described in subdivision (a) with the intent described in that subdivision, and the victim is a child of 14 or 15 years, and the defendant is at least 10 years older than the child, shall be guilty of a public offense and shall be imprisoned in the state prison for one, two, or three years, or by imprisonment in the county jail for not more than one year.

(d) In any arrest or prosecution under this section the peace officer, the district attorney, and the court shall consider the needs of the child victim and shall do whatever is necessary and constitutionally permissible to prevent psychological harm to the

child victim.

(e) Upon the conviction of any person for a violation of subdivision (a) or (b), the court may, in addition to any other penalty or fine imposed, order the defendant to pay an additional fine not to exceed five thousand dollars ($5,000). In setting the amount of the fine, the court shall consider any relevant factors including, but not limited to, the seriousness and gravity of the offense, and the circumstances of its commission, whether the defendant derived any economic gain as a result of the crime, and the extent to which the victim suffered economic losses as a result of the crime. Every fine imposed and collected under this section shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs pursuant to Section 13837.

If the court orders a fine to be imposed pursuant to this subdivision, the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

SEC. 2. Section 868.5 of the Penal Code is amended to read:

868.5. (a) Notwithstanding any other provision of law, a prosecuting witness in a case involving a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, 289, 647.6, or former Section 647a, or a violation of subdivision (1) of Section 314, shall be entitled for support to the attendance of up to two persons of his or her own choosing, one of whom may be a witness, at the preliminary hearing and at the trial, or at a juvenile court proceeding, during the testimony of the prosecuting witness. Only one of those support persons may accompany the witness to the witness stand, although the other may remain in the courtroom during the witness' testimony. The person or persons so chosen shall not be a person described in Section 1070 of the Evidence Code unless the person or persons are related to the prosecuting witness as a parent, guardian, or sibling and do not make notes during the hearing or proceeding.

(b) If the person or persons so chosen are also prosecuting witnesses, the prosecution shall present evidence that the person's attendance is both desired by the prosecuting witness for support and will be helpful to the prosecuting witness. Upon that showing, the court shall grant the request unless information presented by the defendant or noticed by the court establishes that the support person's attendance during the testimony of the prosecuting witness would pose a substantial risk of influencing or affecting the content of that testimony. In the case of a juvenile court proceeding, the judge shall inform the support person or persons that juvenile court proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. In all cases, the judge shall admonish the support person or persons to not prompt, sway, or influence the witness in any way. Nothing in this section shall preclude a court from exercising its discretion to remove a person

from the courtroom whom it believes is prompting, swaying, or influencing the witness.

(c) The testimony of the person or persons so chosen who are also prosecuting witnesses shall be presented before the testimony of the prosecuting witness. The prosecuting witness shall be excluded from the courtroom during that testimony. Whenever the evidence given by that person or those persons would be subject to exclusion because given before the corpus delicti has been established, the evidence shall be admitted subject to the court's or the defendant's motion to strike that evidence from the record if the corpus delicti is not later established by the testimony of the prosecuting witness.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

An act to add Section 69746.5 to the Government Code, and to add Section 7016 to the Penal Code, relating to courts.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 69746.5 is added to the Government Code, to read:

69746.5. In a county of the 14th class, at least one session of the superior court may be held at a location designated by the board of supervisors which is not less than 40 miles, nor more than 50 miles, from the site of the county courthouse. However, at such time on or after July 1, 1990, as the board of supervisors finds that there are sufficient funds for this purpose, the board of supervisors shall designate a location therefor which is within a judicial district with a population of more than 40,000 as determined pursuant to Section 71043.

SEC. 2. Section 7016 is added to the Penal Code, to read:

In accordance with the contract, the Department of Corrections is authorized to make annual payments to the County of Kern from the approximate savings realized in each fiscal year. These funds shall come from the operating budget of the department. In negotiating this contract, the Department of Corrections shall note the extent to which the courthouse will serve the interest of the County of Kern independent of matters pertaining to individuals in state custody, and seek appropriate county participation in funding.

## CHAPTER 1401

An act to amend Section 25363 of the Health and Safety Code, relating to hazardous substances.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 25363 of the Health and Safety Code is amended to read:

25363. (a) Any party found liable for any costs or expenditures recoverable under this chapter who establishes by a preponderance of the evidence that only a portion of those costs or expenditures are attributable to that party's actions, shall be required to pay only for that portion.

(b) If the trier of fact finds the evidence insufficient to establish each party's portion of costs or expenditures under subdivision (a), the court shall apportion those costs or expenditures, to the extent practicable, according to equitable principles, among the defendants.

(c) The state account shall pay any portion of the judgment in excess of the aggregate amount of costs or expenditures apportioned under subdivisions (a) and (b).

(d) The standard of liability for any costs or expenses recoverable pursuant to this chapter is strict liability.

(e) Any person who has incurred removal or remedial action costs in accordance with this chapter may seek contribution or indemnity from any person who is liable pursuant to this chapter, except that no claim may be asserted against a person whose liability has been determined and which has been or is being, fully discharged pursuant to Section 25356.6, or against a person who is actively participating in a pending apportionment proceeding pursuant to Section 25356.6. An action to enforce a claim may be brought as a cross-complaint by any defendant in an action brought pursuant to Section 25360, or in a separate action after the person seeking contribution or indemnity has paid removal or remedial action costs in accordance with this chapter. In resolving claims for indemnity or contribution, the court may allocate costs among liable parties using those equitable factors which are appropriate.

# CHAPTER 1402

An act to amend Sections 1810.3 and 1810.12 of, and to repeal Section 1810.9 of, the Civil Code, relating to retail sales.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1810.3 of the Civil Code is amended to read:

1810.3. (a) Except in the case of an account which the seller deems to be uncollectible or with respect to which delinquency collection procedures have been instituted, the seller of any retail installment account shall mail or deliver to the buyer for each billing cycle at the end of which there is an outstanding debit balance in excess of one dollar ($1) in that account or with respect to which a finance charge is imposed, a statement or statements which the buyer may retain, setting forth in accordance with subdivision (c) each of the following items to the extent applicable:

(1) The outstanding balance in the account at the beginning of the billing cycle, using the term "previous balance."

(2) The amount and date of each extension of credit or the date the extension of credit is debited to the account during the billing cycle and, unless previously furnished, a brief identification of any goods or services purchased or other extension of credit.

(3) The total amounts credited to the account during the billing cycle for payments, using the term "payment," and for other credits, including returns, rebates of finance charges, and adjustments, using the term "credits," and unless previously furnished, a brief identification of each of the items included in the other credits.

(4) The amount of any finance charge, using the term "finance charge," debited to the account during the billing cycle, itemized and identified to show the amounts, if any, due to the application of periodic rates and the amount of any other charge included in the finance charge, such as a minimum charge, using appropriate descriptive terminology.

(5) Each periodic rate, using the term "periodic rate" (or "rates"), that may be used to compute the finance charge (whether or not applied during the billing cycle), and the range of balances to which it is applicable.

(6) The balance on which the finance charge was computed, and a statement of how that balance was determined. If any balance is determined without first deducting all credits during the billing cycle, that fact and the amount of the credits shall also be disclosed.

(7) The closing date of the billing cycle and the outstanding balance in the account on that date, using the term "new balance," accompanied by the statement of the date by which, or the period, if any, within which, payment must be made to avoid additional

finance charges.

(b) The seller shall mail or deliver the statements required by subdivision (a) at least 14 days prior to any date or the end of any time period required to be disclosed under paragraph (7) of subdivision (a) in order for the consumer to avoid an additional finance or other charge. A seller that fails to meet this requirement shall not collect any finance or other charges imposed as a result of the failure.

(c) The disclosures required by subdivision (a) may be made on the face of the periodic statement or on its reverse side. In addition, the disclosures required by subdivision (a) may be made on the periodic statement supplemented by separate statement forms if they are enclosed together and delivered to the customer at the same time and if all of the following conditions are met:

(1) The disclosures required by paragraph (1) of subdivision (a) shall appear on the face of the periodic statement. If the amounts and dates of the charges and credits required to be disclosed under paragraphs (2) and (3) of subdivision (a) are not itemized on the face or reverse side of the periodic statement, they shall be disclosed on a separate statement or separate slips which shall accompany the periodic statement and identify each charge and credit and show the date and amount thereof. Identification of goods or services purchased may be made on an accompanying slip or by symbol relating to an identification list printed on the statement. If the disclosures required under paragraph (4) of subdivision (a) are not itemized on the face or reverse side of the periodic statement, they shall be disclosed on a separate statement which shall accompany the periodic statement.

(2) The disclosures required by paragraph (5) of subdivision (a) and a reference to the amounts required to be disclosed under paragraphs (4) and (6) of subdivision (a), if not disclosed together on the face or the reverse side of the periodic statement, shall appear together on the face of a single supplemental statement which shall accompany the periodic statement.

(3) The face of the periodic statement shall contain one of the following notices, as applicable: "NOTICE: See reverse side for important information" or "NOTICE: See accompanying statement(s) for important information" or "NOTICE: See reverse side and accompanying statement(s) for important information."

(4) The disclosures shall not be separated so as to confuse or mislead the customer, or to obscure or detract attention from the information required to be disclosed.

(d) If any change is to be made in terms of a retail installment account previously disclosed to the buyer, the seller shall mail or deliver to the buyer written disclosure of the proposed change not less than 30 days prior to the effective date of the change or 30 days prior to the beginning of the billing cycle within which the change will become effective, whichever is the earlier date. When the change involves a reduction of any component of a finance charge

or other charge, the notice shall be sufficient if it appears on or accompanies the periodic statements mailed or delivered to buyers receiving periodic statements in the ordinary course of business.

(e) (1) If any outstanding credit balance in excess of one dollar ($1) exists in a retail installment account, the seller shall mail or deliver to the buyer at the end of the billing cycle in which the credit balance is created either of the following:

(A) A cash refund in the amount of the outstanding credit.

(B) A statement setting forth the credit balance, and thereafter shall mail or deliver to the buyer a statement setting forth the credit balance no fewer than two additional times during the six-month period following creation of the credit balance.

(2) If the credit balance exists for a period of 90 days, the seller shall, at his or her option, do either of the following:

(A) Notify the buyer of his or her right to request and receive a cash refund in the amount of the outstanding credit balance in two successive statements covering, respectively, each of the two successive billing cycles immediately following the 90-day period. The notice is to be accomplished by a clear and conspicuous disclosure on or enclosed with each of the two successive statements, each of which shall be accompanied by a self-addressed return envelope. The disclosure shall contain the following information and may be in the following form:

> "We owe you _____. Your credit balance will be refunded on request. If you don't request a refund, six months from the first appearance of a 'credit balance' on your bill, your credit balance will be refunded automatically.
>
> "If your credit balance is $1.00 or less, it will not be refunded unless requested, and after 6 months, it will not be credited against future purchases.
>
> "You may obtain a refund of your credit balance by mail by presenting your statement at our store or by returning the top half of your statement in the enclosed envelope."

If between the sending of the first notice and the sending of the second notice required by this subparagraph, the outstanding credit balance is refunded to the buyer or otherwise disposed of, the sending of the second notice shall not be required.

(B) Refund to the buyer the outstanding credit balance at any time after the credit balance is created in the buyer's account and prior to the date by which the first notice of the outstanding balance would have been sent had the seller elected to proceed under subparagraph (A).

(f) (1) If a retail installment account with an outstanding credit balance in excess of one dollar ($1) which has been determined to be correct by the seller is dormant for a period of 180 days after the credit balance is created in the buyer's account, the seller shall mail or deliver a refund in the amount of the outstanding credit balance

to the buyer at the buyer's last known address.

(2) If any refund is returned to the seller with a notification to the effect that the addressee is not located at the address to which it was sent, the seller shall make one remailing of the refund with an address correction request, and shall mail the refund to the corrected address, if it is obtained.

(3) If the refund reflecting an outstanding credit balance in excess of twenty-five dollars ($25) is again returned, the seller shall reinstate the full amount of the outstanding credit balance on the buyer's account to be retained and credited against future purchases for one year from the date on which the remailed refund was returned. The seller may continue to attempt to obtain a current mailing address for the buyer by whatever means the seller deems appropriate. Except as provided in subdivision (g), the seller shall not be required to take any further action with respect to sending any statement of the credit balance or otherwise with respect to the credit balance, unless the buyer of the account thereafter requests a refund of the credit balance, in which event the seller shall either make the refund or provide a written explanation as provided in paragraph (5) of this subdivision.

(4) If a remailed refund reflecting an outstanding credit balance of twenty-five dollars ($25) or less is again returned, the seller, except as provided in subdivision (g), shall not be required to take any further action with respect to sending any statement of the credit balance to the buyer or otherwise with respect to the credit balance, unless the buyer of the account thereafter requests a refund of the credit balance, in which event the seller shall either make the refund or provide a written explanation as provided in paragraph (5) of this subdivision.

(5) If a buyer requests, in person or by mail, a refund of a credit balance in any amount which has been reflected at any time on the buyer's account, the seller shall, within 30 days of receipt of the request, either refund the amount requested, or furnish the customer with a written explanation, with supporting documentation when available, of the reasons for refusing to refund the amount requested.

(6) If a buyer, in writing, requests a seller to retain an outstanding credit balance on his or her account, the seller shall not be required to give notification as otherwise required by subdivisions (e) and (f).

(g) If an outstanding credit balance remains unrefundable for seven years from the date it was created in the buyer's account, then the amount of the buyer's outstanding credit balance shall escheat to the state as property included within Section 1520 of the Code of Civil Procedure. Those funds shall be paid or delivered to the Controller, and may thereafter be claimed, as specified in Chapter 7 (commencing with Section 1500) of Title 10 of Part 4 of the Code of Civil Procedure.

(h) For the purposes of this section, an outstanding credit balance is created at the end of the billing cycle in which the credit balance

is first recorded on a buyer's account and is created anew at the end of the billing cycle in which the recorded amount of an existing credit balance is changed because of the buyer's use of his or her account.

SEC. 2. Section 1810.9 of the Civil Code is repealed.

SEC. 3. Section 1810.12 of the Civil Code is amended to read:

1810.12. Notwithstanding Section 1810.4, a seller or holder of a retail installment account may, subject to the provisions of subdivision (d) of Section 1810.3, provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not in excess of 5 percent of the installment or five dollars ($5), whichever is less, but a minimum charge of one dollar ($1) may be made. Only one delinquency charge may be collected on any installment regardless of the period during which it remains in default. No delinquency charge shall be imposed for any default of payment on any purchase made prior to the mailing or delivery to the buyer of the written disclosure concerning the delinquency charge provided by the seller or holder of a retail installment account pursuant to subdivision (d) of Section 1810.3. Payments timely received by the seller under a written extension or deferral agreement shall not be subject to any delinquency charge. The agreement may also provide for payment of any actual and reasonable costs of collection occasioned by removal of the goods from the state without written permission of the holder, or by the failure of the buyer to notify the holder of any change of residence, or by the failure of the buyer to communicate with the holder for a period of 45 days after any default in making payments due under the agreement.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

## CHAPTER 1403

An act to amend Sections 11837 and 11837.1 of the Health and Safety Code, and to amend Section 23161 of the Vehicle Code, relating to alcohol and drug abuse programs.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 11837 of the Health and Safety Code is amended to read:

11837. (a) Pursuant to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of an alcoholic beverage or under the combined influence of an alcoholic beverage and any drug, as set forth in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege pursuant to Section 13352.5 of the Vehicle Code, if the court has notified the department pursuant to Section 13352.5 of the Vehicle Code that the person convicted of that offense has consented to participate for at least one year in a program designed to offer alcohol services to problem drinkers that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 23161, 23166, 23171, 23176, 23181, 23186, or 23191 of the Vehicle Code, to a licensed one-year or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, which is permitted but not required under Section 23205 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed one-year or 30-month program pursuant to this chapter.

(c) The court may, as a condition of probation, refer a first offender to a licensed program pursuant to Section 23161 or 23181 of the Vehicle Code to attend all of the education, group counseling, and interview sessions described in Sections 9834, 9836, and 9838 of Title 9 of the California Code of Regulations if ordered to participate in six, nine, or 12 months of program activities. Notwithstanding Section 13352.5 of the Vehicle Code, if a first offender is referred to a licensed program pursuant to Section 23161 or 23181 of the Vehicle Code, that person may participate in a program if convicted of another offense punishable under Section 23165 or 23185 of the Vehicle Code.

(d) The court may, subject to Sections 11837.3 and 11838.2 and as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. A one-year program described in Section 23166 or 23186 of the Vehicle Code or a 30-month program described in Section 23171, 23176, or 23191 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in subdivision (e) of Section 9838 of Title 9 of the California Administrative Code, if there is no increase in the costs of the program to the convicted person.

(e) As used in this chapter, "program" means a program which

has been recommended by the county board of supervisors to the department and possesses a valid license issued by the department.

SEC. 2. Section 11837.1 of the Health and Safety Code is amended to read:

11837.1. (a) In utilizing any program defined in subdivision (e) of Section 11837, the court may require periodic reports concerning the performance of each person referred to and participating in a program. The program shall provide the court, the Department of Motor Vehicles, and the person referred to and participating in a program, with an immediate report of any failure of the person to comply with the program's rules and policies.

(b) (1) If, at any time after entry into or while participating in a program, a participant who is referred to a one-year program described in Section 23166 or 23186 of the Vehicle Code fails to comply with the rules and policies of the program, and that fact is reported, the Department of Motor Vehicles shall revoke or suspend the privilege of that person to operate a motor vehicle for the period prescribed by law in accordance with Section 13352.5 of the Vehicle Code, except as otherwise provided in this section. The Department of Motor Vehicles shall notify the person and the court of its intended action and shall inform the person of the opportunity to be reinstated in the program and to avoid suspension of the driving privilege.

(2) Notwithstanding paragraph (1), the Department of Motor Vehicles shall not suspend the driving privilege pursuant to paragraph (1) if the court, upon the petition of the person, determines that the person should be reinstated in the one-year program. The determination by the court shall be made within 45 days of the notice from the department of the intended action or such additional time, not to exceed an additional 45 days, for the determination as is required, ordered, and transmitted to the Department of Motor Vehicles by the court, which additional time is not caused by any action or failure to act by the person. Upon timely presentation by the person to the Department of Motor Vehicles of evidence satisfactory to the Department of Motor Vehicles that the court of jurisdiction has consented to the person's reinstatement in the program and that the person is currently participating in the program, the Department of Motor Vehicles shall continue in effect the restriction of the driving privilege prescribed by Section 13352.5 of the Vehicle Code unless the person has previously been reinstated in the program on two or more prior occasions, in which case the department shall suspend or revoke the driving privilege for the time prescribed in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code. If the court fails to grant the person's petition for reinstatement in the program, the court shall suspend the person's driving privilege until the time the person's driving privilege is suspended or revoked by the Department of Motor Vehicles pursuant to subdivision (d) of Section 13352.5 of the Vehicle Code.

(c) If, at any time after referral to or while participating in a

program, a participant who is referred to a one-year program pursuant to Section 23166 or 23186 of the Vehicle Code or to a 30-month program pursuant to Section 23171, 23176, or 23191 of the Vehicle Code, refuses, for any reason, to consent to a chemical test that he or she is required to submit to pursuant to Section 23157 of the Vehicle Code, his or her participation in the program shall be terminated and, the Department of Motor Vehicles shall immediately suspend or revoke his or her privilege to operate a motor vehicle for the period prescribed in Section 13352 of the Vehicle Code, according to the offense for which he or she was convicted immediately prior to referral to the program. The period of suspension or revocation shall be in addition to the period of suspension imposed by the Department of Motor Vehicles pursuant to Section 13353 of the Vehicle Code.

(d) If the department withdraws the license of a program, the department shall immediately notify the Department of Motor Vehicles of those persons who do not commence participation in a licensed program within 21 days from the date of the withdrawal of the license of the program in which the persons were previously participating. The Department of Motor Vehicles shall suspend or revoke, for the period prescribed by law, the privilege to operate a motor vehicle of each of those persons referred to a one-year program pursuant to Section 23166 or 23186 of the Vehicle Code or to a 30-month program pursuant to Section 23171, 23176, or 23191 of the Vehicle Code.

SEC. 3. Section 23161 of the Vehicle Code is amended to read:

23161. (a) Except as provided in subdivision (f), if the court grants probation to any person punished under Section 23160, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as a condition of probation that the person be subject to one of the following:

(1) Be confined in the county jail for at least 48 hours but not more than six months and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The court may order the Department of Motor Vehicles to suspend the privilege to operate a motor vehicle pursuant to paragraph (1) of subdivision (a) of Section 13352 when this condition of probation is imposed.

(2) Pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000) and have the privilege to operate a motor vehicle restricted for 90 days to necessary travel to and from that person's place of employment and to and from the program described in subdivision (b) and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment.

(b) In any county where the board of supervisors has approved such a program or programs, the court shall also impose as a condition of probation that the driver shall participate in, and successfully complete, an alcohol or drug education program, or both

of these programs, in the driver's county of residence or employment, as designated by the court.

(c) Each county which has approved an alcohol or drug education program or programs shall make provision for persons who cannot afford the program fee, in order to enable those persons to participate. The county may require that the program report the failure of a person referred to the program to enroll in the program to the referring court.

(d) In order to assure effectiveness of the alcohol or drug education program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(e) (1) Any person required to successfully complete an alcohol or drug education program as a condition of probation shall enroll in the program and, except when enrollment is required in a program that is required to report failures to enroll to the court, shall furnish proof of the enrollment to the court within the period of time and in the manner specified by the court. The person shall also participate in and successfully complete the program and, excepting when the person is required to enroll in a program that is required to report unsuccessful program completion to the court, shall furnish proof of successful completion within the period of time and in the manner specified by the court. The court shall revoke the person's probation pursuant to Section 23207, except for good cause shown, for the failure to comply with this paragraph.

(2) An alcohol or drug education program shall report to the court within the period of time and in the manner specified by the court any person who fails to successfully complete the program.

(3) The court, in establishing the reporting requirements in this subdivision, shall consult with the county alcohol program administrator.

(f) Notwithstanding subdivision (a), if the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate issued pursuant to Section 12804.1, the court shall upon conviction order the department to suspend the driver's privilege pursuant to paragraph (1) of subdivision (a) of Section 13352.

# CHAPTER 1404

An act to amend Section 33385 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 33385 of the Health and Safety Code is amended to read:

33385. (a) The legislative body of a city or county shall call upon the residents and existing community organizations in a redevelopment project area, within which a substantial number of low- and moderate-income families are to be displaced by the redevelopment project, to form a project area committee.

(b) The legislative body shall, by resolution, adopt a procedure pursuant to this section for the formation of the project area committee. The procedure shall include, but not be limited to, all of the following:

(1) Publicizing the opportunity to serve on the project area committee.

(2) Conduct by the agency of a minimum of one public meeting to explain the establishment of, functions of, and opportunity to serve on, the project area committee. At the public meeting, the agency shall distribute copies of the procedure adopted pursuant to this subdivision, the redevelopment plan or the pertinent portions thereof, and any other materials the agency determines would be useful.

(3) Providing published notice of all meetings, hearings, or plebiscites conducted by, or on behalf of, the agency or legislative body relative to the formation and selection of the project area committee in the same manner as specified in subdivision (a) of Section 65090 of the Government Code.

(4) Providing written notice to all residents and businesses in the project area of all meetings, hearings, or plebiscites conducted by, or on behalf of, the agency or legislative body relative to the formation and selection of the project area committee. This mailed notice requirement shall only apply when mailing addresses to all individuals and businesses, or to all occupants, are obtainable by the agency at a reasonable cost. The notice shall be mailed by first-class mail, but may be addressed to "occupant." In lieu of providing separate notice for each meeting, hearing, or plebiscite, the agency may provide a single notice pursuant to this paragraph stating all dates, times, and locations of any meetings, hearings, and plebiscites relative to the formation and selection of the project area committee.

If the agency has acted in good faith to comply with the notice requirements of this paragraph, the failure of the agency to provide

the required notice to residents or businesses unknown to the agency or whose addresses cannot be obtained at a reasonable cost, shall not, in and of itself, invalidate the formation or actions of the project area committee.

(5) Any other forms of assistance which the legislative body requires in connection with the formation of the project area committee.

(c) The project area committee shall include, when applicable, residential owner occupants, residential tenants, business owners, and representatives of existing organizations within the project area. The members of the committee shall serve without compensation.

(d) The legislative body shall approve a representative project area committee in each project area within 60 days after the project area is selected.

(e) For project areas selected prior to March 7, 1973, the legislative body may, but shall not be required to, call upon the residents and existing community organizations to form a project area committee.

(f) If the project will not displace a substantial number of low- and moderate-income families the agency shall either call upon the residents and existing community organizations to form a project area committee or the agency shall consult with, and obtain the advice of, residents and community organizations as provided for project area committees in Section 33386 and provide such persons and organizations with the redevelopment plan prior to submitting it to the legislative body.

(g) Nothing contained in this section shall prevent an agency, or the legislative body of any city or county, from creating any other committee for a project area. However, these committees shall not be merged into the project area committee subsequent to the formation thereof and the members of these other committees shall not vote in meetings of the project area committee.

(h) The agency may charge fees to persons purchasing or leasing property from the agency in the project area and to persons participating in redevelopment of the project area under an owner participation agreement to defray any cost to the agency or legislative body in implementing this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

# CHAPTER 1405

An act to amend Sections 712.010, 712.020, 1174.2, and 1174.3 of the Code of Civil Procedure, relating to real property.

[Approved by Governor September 26, 1988. Filed with Secretary of State September 27, 1988.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 712.010 of the Code of Civil Procedure is amended to read:

712.010. After entry of a judgment for possession or sale of property, a writ of possession or sale shall be issued by the clerk of the court upon application of the judgment creditor and shall be directed to the levying officer in the county where the judgment is to be enforced. The application shall include a declaration under penalty of perjury stating the daily rental value of the property as of the date the complaint for unlawful detainer was filed. A separate writ shall be issued for each county where the judgment is to be enforced. Writs may be issued successively until the judgment is satisfied, except that a new writ may not be issued for a county until the expiration of 180 days after the issuance of a prior writ for that county unless the prior writ is first returned.

SEC. 2. Section 712.020 of the Code of Civil Procedure is amended to read:

712.020. A writ of possession or sale issued pursuant to this division shall require the levying officer to whom it is directed to enforce the judgment and shall include the following information:

(a) The date of issuance of the writ.

(b) The title of the court where the judgment for possession or sale is entered and the cause and number of the action.

(c) The name and address of the creditor and the name and last known address of the judgment debtor.

(d) The date the judgment was entered, and the date of any subsequent renewals, and where entered in the records of the court.

(e) The daily rental value of the property and, if the judgment for possession or sale includes a money judgment, the amount required to satisfy the money judgment on the date the writ is issued and the amount of interest accruing daily on the principal amount of the judgment from the date the writ is issued.

(f) Whether any person has requested notice of sale under the judgment and, if so, the name and address of such person.

(g) Any other information required to be included in the particular writ.

SEC. 3. Section 1174.2 of the Code of Civil Procedure is amended to read:

1174.2. (a) In an unlawful detainer proceeding involving residential premises after default in payment of rent and in which

the tenant has raised as an affirmative defense a breach of the landlord's obligations under Section 1941 of the Civil Code or of any warranty of habitability, the court shall determine whether a substantial breach of these obligations has occurred. If the court finds that a substantial breach has occurred, the court shall (1) determine the reasonable rental value of the premises in its untenantable state to the date of trial, (2) deny possession to the landlord and adjudge the tenant to be the prevailing party, conditioned upon the payment by the tenant of the rent that has accrued to the date of the trial as adjusted pursuant to this subdivision within a reasonable period of time not exceeding five days, from the date of the court's judgment or, if service of the court's judgment is made by mail, the payment shall be made within the time set forth in Section 1013, and (3) except as otherwise provided in subdivision (b), award the tenant costs and attorneys' fees if provided by, and pursuant to, any statute or the contract of the parties. The court shall, however, award possession of the premises to the landlord if the tenant fails to pay all rent accrued to the date of trial, as determined due in the judgment, within the period prescribed by the court pursuant to this subdivision. The tenant shall, however, retain any rights conferred by Section 1174.

(b) If the court determines that there has been no substantial breach of Section 1941 of the Civil Code or of any warranty of habitability by the landlord or if the tenant fails to pay all rent accrued to the date of trial, as required by the court pursuant to subdivision (a), then judgment shall be entered in favor of the landlord, and the landlord shall be the prevailing party for the purposes of awarding costs or attorneys' fees pursuant to any statute or the contract of the parties.

(c) As used in this section, "substantial breach" means the failure of the landlord to comply with applicable building and housing code standards which materially affect health and safety.

(d) Nothing in this section is intended to deny the tenant the right to a trial by jury.

SEC. 4. Section 1174.3 of the Code of Civil Procedure is amended to read:

1174.3. (a) Any occupant not named in the judgment for possession who occupied the premises on the date of the filing of the action may object to enforcement of the judgment against that occupant by filing a claim of right to possession as prescribed in this section. A claim of right to possession may be filed at any time after service or posting of the writ of possession pursuant to subdivision (a) or (b) of Section 715.020, up to and including the time at which the levying officer returns to effect the eviction of those named in the judgment of possession. Filing the claim of right to possession shall constitute a general appearance for which a fee shall be collected as provided in Section 72056 of the Government Code. Section 68511.3 of the Government Code applies to the claim of right to possession.

(b) The court issuing the writ of possession of real property shall

set a date or dates when the court will hold a hearing to determine the validity of objections to enforcement of the judgment specified in subdivision (a). An occupant of the real property for which the writ is issued may make an objection to eviction either at the court or to the levying officer at the premises at the time of the eviction.

If a claim of right to possession is completed and presented to the sheriff, marshal, or other levying officer, the officer shall forthwith (1) stop the eviction of occupants at the premises, and (2) provide a receipt to the claimant indicating the date and time the completed form was received, and (3) return a copy of the completed claim of right to possession to the court issuing the writ of possession of real property.

If the claim of right to possession is completed and filed with the court, the sheriff, marshal, or other levying officer shall forthwith stop the eviction of the occupants at the premises.

(c) A claim of right to possession is effected by any of the following:

(1) Presenting to the sheriff, marshal, or other levying officer a completed form, as prescribed in this section, and delivering to the court within 48 hours after its presentation, an amount equal to 15 days' rent together with the appropriate fee or form for proceeding in forma pauperis. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a duplicate of the claim to the claimant and notify the plaintiff of that fact. Immediately upon receipt of an amount equal to 15 days' rent and the appropriate fee or form for proceeding in forma pauperis, the court shall file the claim of right to possession and serve an endorsed copy with the notice of the hearing date on the plaintiff and the claimant by first-class mail. The court issuing the writ of possession shall set and hold a hearing on the claim not less than 5 nor more than 15 days after the claim is filed with the court.

(2) Presenting to the sheriff, marshal, or other levying officer a completed form, as prescribed by this section, and delivering to the court within 48 hours after its presentation, the appropriate fee or form for proceeding in forma pauperis without delivering the amount equivalent to 15 days' rent. In this case, the court shall immediately set a hearing on the claim to be held on the fifth day after the filing is completed. The court shall notify the claimant of the hearing date at the time the claimant completes the filing by delivering to the court the appropriate fee or form for proceeding in forma pauperis, and shall notify the plaintiff of the hearing date by first-class mail. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a duplicate of the claim to the claimant and notify the plaintiff of that fact.

(3) Filing with the court a completed form, as prescribed by this section, with the appropriate fee or form for proceeding in forma

pauperis, and an amount equal to 15 days' rent. In this case, the court shall file the claim of right to possession and serve an endorsed copy thereof with a notice of the hearing date on the plaintiff and the claimant by first-class mail, postage prepaid. The court issuing the writ of possession shall set and hold a hearing on the claim not less than 5 nor more than 15 days after the filing of the claim.

(4) Filing with the court a completed form, as prescribed by this section, with the appropriate fee or form for proceeding in forma pauperis, without delivering an amount equivalent to 15 days' rent. In this case, the court shall immediately set a hearing on the claim to be held on the fifth day after the filing is completed. The court shall notify the claimant of the hearing date at the time of the filing, and shall notify the plaintiff of the hearing date by first class mail.

(d) At the hearing, the court shall determine whether there is a valid claim of possession by the claimant who filed the claim, and the court shall consider all evidence produced at the hearing, including, but not limited to, the information set forth in the claim. The court may determine the claim to be valid or invalid based upon the evidence presented at the hearing. The court shall determine the claim to be invalid if the court determines that the claimant is an invitee, licensee, guest, or trespasser. If the court determines the claim is invalid, the court shall order the return to the claimant of the amount of the 15 days' rent paid by the claimant, if that amount was paid pursuant to paragraphs (1) or (3) of subdivision (c), less a pro rata amount for each day that enforcement of the judgment was delayed by reason of making the claim of right to possession, which pro rata amount shall be paid to the landlord. If the court determines the claim is valid, the amount equal to 15 days' rent paid by the claimant shall be returned immediately to the claimant.

(e) If, upon hearing, the court determines that the claim is valid, then the court shall order further proceedings as follows:

(1) If the unlawful detainer is based upon a curable breach, and the claimant was not previously served with a proper notice, if any notice is required, then the required notice may at the plaintiff's discretion be served on the claimant at the hearing or thereafter. If the claimant does not cure the breach within the required time, then a supplemental complaint may be filed and served on the claimant as defendant if the plaintiff proceeds against the claimant in the same action. For the purposes of this section only, service of the required notice, if any notice is required, and of the supplemental complaint may be made by first-class mail addressed to the claimant at the subject premises or upon his or her attorney of record and, in either case, Section 1013 shall otherwise apply. Further proceedings on the merits of the claimant's continued right to possession after service of the Summons and Supplemental Complaint as prescribed by this subdivision shall be conducted pursuant to this chapter.

(2) In all other cases, the court shall deem the unlawful detainer Summons and Complaint to be amended on their faces to include the claimant as defendant, service of the Summons and Complaint, as

thus amended, may at the plaintiff's discretion be made at the hearing or thereafter, and the claimant thus named and served as a defendant in the action shall answer or otherwise respond within five days thereafter.

(f) If a claim is made without delivery to the court of the appropriate filing fee or a form for proceeding in forma pauperis, as prescribed in this section, the claim shall be immediately deemed denied and the court shall so order. Upon the denial of the claim, the court shall immediately deliver an endorsed copy of the order to the levying officer and shall serve an endorsed copy of the order on the plaintiff and claimant by first-class mail.

(g) If the claim of right to possession is denied pursuant to subdivision (f), or if the claimant fails to appear at the hearing or, upon hearing, if the court determines that there are no valid claims, or if the claimant does not prevail at a trial on the merits of the unlawful detainer action, the court shall order the levying officer to proceed with enforcement of the original writ of possession of real property as deemed amended to include the claimant, which shall be effected within a reasonable time not to exceed five days. Upon receipt of the court's order, the levying officer may enforce the writ of possession of real property against any occupant or occupants.

(h) The claim of right to possession shall be made on the following form:
