PREFACE

Digests

The Summary Digest consists of a short summary of each law enacted, and of each concurrent or joint resolution adopted by the Legislature in 1988.

The text of the Summary Digest is arranged numerically by chapter number.

Superior numbers following the title refer to a Governor's Message affecting that law. These are printed after the digests in the "Digest Chapters Superior Numbers" section.

Cross Reference Tables

Cross reference tables are arranged numerically by bill or resolution number and indicate the chapter number of each.

New General Laws

Lists new general laws passed in the years 1979–1988 which do not specifically amend, add to, or repeal any existing code or general law.

Index

A subject matter index to all measures, including resolutions, is included.

Statutory Record

This edition of the Summary Digest includes a cumulative statutory record for 1979–1988, followed by a list of concurrent resolutions adopted in 1979–1988, which affect concurrent resolutions adopted in prior years. Superior numbers following the *Effect* refer to a special condition affecting that section.

Cumulative statutory records for 10-year periods, 1969–1978, 1959–1968 and 1949–1958, and for the 16-year period, 1933–1948, are published in separate volumes, which supplement the original statutory record, 1850–1932, published in 1933.

EFFECTIVE DATES

Regular Session

The 1987–88 Regular Session reconvened on January 4, 1988, and adjourned sine die on November 30, 1988. Statutes enacted in 1988, other than those taking immediate effect, will become effective January 1, 1989. In absence of other considerations, the provisions of a statute become operative on the date it takes effect. Digests indicate statutes taking immediate effect.

An urgency statute and a statute calling an election, providing for a tax levy, or making an appropriation for the usual current expenses of the state may take effect immediately. Such a statute becomes *effective* on the date it is filed with the Secretary of State.

However, any statute may, by its own terms, delay the *operation* of its provisions until the happening of some contingency, until a specified time, or until a vote of the electors at a statewide election. Also, a later statute or a general provision in a particular code may delay the operation of a statute to a time after its effective date.

The effective date of a joint or concurrent resolution is the date it is filed with the Secretary of State.

A constitutional amendment proposed by the Legislature and adopted by the people takes effect the day after the election unless the measure provides otherwise.

Charter Chapter 9—City and County of San Francisco

Amendments to the Charter of the City and County of San Francisco

[Filed with the Secretary of State July 11, 1988.]

Section 8.408 is added to read as follows:

8.408. Pay Freeze and Reduced Work Week for Fiscal Year 1988–89

Notwithstanding any other provision of the charter or ordinance of the City and County of San Francisco, except for compensation adjustments authorized by Charter section 8.407-1, no compensation increases shall be granted or authorized for any officer or employee covered by sections 8.400, 8.401, 8.403, 8.404, 8.405, 8.407, 3.571, or 3.581 of the Charter for fiscal year 1988–89; nor shall any compensation increases for fiscal year 1988–89 granted or authorized prior to the adoption of the charter amendment be effective. This pay freeze shall not apply to employees of the San Francisco Unified School District in paraprofessional classes 3593, 3594, 3596, 8203, and 9976, and of the San Francisco Community College

District in paraprofessional classes 3598 and 3597 to the extent such exceptions are permissible under the California Education Code. For the purpose of this section, "compensation increase" shall include an increase in the amount transferred to any fund pursuant to Charter section 8.404(f). This section shall not affect step increases, or compensation increases due to promotion or longevity.

On or before July 31, 1988, the Mayor may authorize all or a percentage of compensation increases which otherwise would have been authorized or required at any time during fiscal year 1988–89 based upon data submitted to the Board of Supervisors by the Civil Service Commission pursuant to Charter sections 8.400, 8.401, 8.403, 8.404, 8.405, and 8.407. The Mayor's determination to restore all or a percentage of such compensation increases shall not take effect unless approved by the Board of Supervisors. If the Mayor and Board of Supervisors authorize a percentage of such compensation increases, each officer or employee shall receive a uniform percentage of the increase to which he or she would otherwise have been entitled. The determination to authorize all or a percentage of such compensation increases shall not be subject to the Employee Relations Ordinance. (San Francisco Administrative Code sections 16.200 et seq.)

Death benefits and allowances, retirement allowances, adjustments to retirement allowances and adjustments to continuant allowances payable by the retirement system and based on fiscal year 1988–89 wages and salaries, shall be calculated based on the rates certified by the civil service commission to the Board of Supervisors as though there had not been a wage and salary freeze during 1988–89. After June 30, 1989, adjustments to retirement allowances and continuant allowances shall not be greater than they would have been had there not been a wage and salary freeze during fiscal year 1988–1989.

Notwithstanding any other provision of the charter or ordinance of the City and County of San Francisco, at any time during fiscal year 1988–89, appointing officers and an employee or employees under their jurisdiction may agree mutually and voluntarily to permit such an employee or employees to work reduced hours.

If any provision of this charter amendment or the application thereof to any person or circumstance is held invalid, the validity of the remainder of this section and the applicability of such provisions to other persons and circumstances shall not be affected thereby.

Section 8.517-1 is added to read as follows:

8.517-1. Early Service Retirement

Notwithstanding the provisions of subsection (b) of Section 8.509, Section 8.584-2, 8.559-2, 8.585-2, 8.586-2 and 8.588-2, the board of supervisors is hereby empowered to enact, by a vote of three-fourths its members, ordinances to provide an incentive for members under Sections 8.509, 8.584, 8.559, 8.585, 8.586 and 8.588 to retire early by providing that a member's qualification for service retirement and a member's service retirement allowance shall be determined by increasing the member's credited service by two (2) years.

For vesting purposes, a minimum of five years of actual earned credited service is required. The early retirement options provided herein shall not be interpreted to apply to the provisions of Charter sections 8.509(f), 8.584-6, 8.586-15 and 8.588-15.

Before enacting any such early retirement ordinances, the board of supervisors shall secure, through the retirement system, an actuarial report of the cost and effect of the proposed change in the benefits under the retirement system. The board of supervisors shall further obtain through the controller a cost report which certifies that such ordinances will effect a cost savings to the city and county over the next two years.

Any such early retirement ordinances shall only apply to members who retire with an effective date of service retirement subsequent to July 1, 1988 and prior to October 31, 1988.

Any such early retirement ordinances may be limited to members who waive or defer their rights to cash payment for unused accumulated sick leave.

If any provision of this charter amendment or the application thereof to any person or circumstance is held invalid, the validity of the remainder of this section and the applicability of such provisions to other persons and circumstances shall not be affected thereby.

Section 3.670 is amended to read as follows:

3.670. Board Composition

The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of one member of the board of supervisors, to be appointed by the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management, and shall be appointed by the major from among three persons whose names shall have been submitted by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any one time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the member of the board of supervisors, shall be five years. The term of office for the member of the board of supervisors shall be for one year, or until the member is no longer serving on the board of supervisors, if the departure from the board occurs prior to the termination of the one year term. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

Section 7.100 is amended to read as follows:

7.100. Materials, Supplies, Equipment and Services

The purchaser of supplies shall purchase all materials, supplies and equipment of every kind and nature, and enter into agreements for all contractual services required by the several departments and offices of the city and county, except as in this section otherwise provided. Purchases of books, magazines and periodicals for the library departments, works of art for museums and other articles or things of unusual character as to the purchasing thereof, may, on the recommendation of a department head and the approval of the purchaser, be purchased directly by said department head.

Purchases for construction operations, or for any operations conducted outside the boundaries of the city and county may, on the recommendation of the department head in charge thereof and the approval of the purchaser of supplies, be made by the department head. All such purchases made by officials of departments other than the purchasing department shall be made in accordance with regulations established by the purchaser of supplies. The purchaser of supplies shall have authority to exchange used materials, supplies, and equipment to the advantage of the city and county, advertise for bids, and to sell personal property belonging to the city and county on the recommendation of a department head that such articles are unfit for use.

All purchases shall be by written purchase order or written contract except in case of emergency. All purchases in excess of one thousand dollars ($1,000) shall be by written contract; provided, however, that on the recommendation of the department head, in case of an emergency actually existing, the purchaser of supplies, with the approval of the chief administrative officer may make such purchases in the open market on the basis of informal bids. At least three bids or quotations shall be secured on open market purchases. All contracts and purchase orders in excess of fifty thousand dollars ($50,000) for materials, supplies or equipment and all agreements for contractual services in excess of fifty thousand dollars ($50,000) shall require the signature of the chief administrative officer in addition to the signature of the purchaser of supplies. Beginning with fiscal year 1987-88, the board of supervisors shall be authorized to increase or decrease by ordinance the dollar amount of contracts requiring approval of the chief administrative officer under this section. The purchaser of supplies shall not enter into any contract or issue any purchase order unless the controller shall certify thereon that sufficient unencumbered balances are available in the proper fund to meet the payments under such purchase order or contract as these become due.

The purchaser of supplies shall establish specifications and tests to cover all recurring purchases of material, supplies and equipment. He shall, as far as is practicable, standardize materials, supplies and equipment according to the use to which they are to be put, when two or more types, brands or kinds are specified or requested by individual departments.

Purchases of equipment shall be made in accordance with specifications furnished by the department requiring such equipment in case the use of such equipment is peculiar to such department. For patented or proprietary articles sold by brand name, the purchaser may require each department requisitioning same by such brand name, to furnish specifications of the article requisitioned and may advertise for bids on the basis of such specifications, under conditions permitting manufacturers of or dealers in other articles made and sold for the same purpose to bid on such specifications or on the specifications of their own product. If the purchaser of supplies recommends the acceptance of the lowest or best bid, stating his reasons in writing therefor, and if the department head concerned recommends the acceptance of any other bid on such proprietary articles, stating his reasons in writing therefor, the award shall be determined by the controller.

The purchaser of supplies shall require departments to make adequate inspection of all purchases, and shall make such other inspections as he deems necessary. He shall develop standards for determining when articles or services which may be below standards, specifications or samples furnished should be rejected.

He shall have charge of central storerooms and warehouses of the city and county. He shall also have charge of a central garage and shop for the repair of city and county equipment. All garages and shops heretofore maintained by departments for the construction, maintenance, and repair of departmental supplies and equipment, and the personnel assigned thereto, excepting the shop and personnel for fire alarm, police telegraph and traffic signal manufacture and repair operated by the department of electricity, are hereby transferred to said central garage and shop.

He shall under the supervision of the controller, maintain an inventory of all materials, supplies and equipment purchased for and in use in all departments and offices of the city and county. He shall be responsible for the periodic check of such property, and in case of loss or damage deemed by him to be due to negligence, he shall report thereon to the mayor, the chief administrative officer and the controller. He shall have authority to require the transfer of surplus property in any department to stores or to other departments.

Section 7.103 is amended to read as follows:

7.103. Requisition, Contract and Payment

All purchase orders and contracts shall be based on written requisitions, or, for materials or supplies in common use in the various departments, on the purchaser's records of average use by all departments. Purchase orders and contracts in excess of fifty thousand dollars ($50,000) must be approved by the chief administrative officer. Beginning with fiscal year 1987–88, the board of supervisors shall be authorized to increase or decrease by ordinance the dollar amount of contracts requiring approval of the chief administrative officer under this section. The purchaser of supplies and controller shall establish procedures to approve all bills and vouchers for materials, supplies, equipment, and contractual services. All approvals required pursuant to such procedures must be obtained before

the controller shall draw and approve warrants therefor. All contracts for the purchase of materials, supplies and equipment shall be made after inviting sealed bids by publication. All sealed bids received shall be kept on file. When an award of contract is made, notice that the same has been made shall be given by one publication, and any interested person may examine the bids and records at the purchaser's office.

The purchaser of supplies shall by rules and regulations, approved by the chief administrative officer and the controller, designate and authorize appropriate personnel within the purchasing department to exercise the purchaser's signature powers for purchase orders and contracts approved as provided in this charter.

Section 8.300 is amended to read as follows:

8.300 Civil Service Positions

(a) All positions in all departments and offices of the city and county, including positions created by laws of the State of California, where the compensation is paid by the city and county, shall be included in the classified civil service of the city and county, and shall be filled from lists of eligibles prepared by the civil service commission, excepting:

(1) Positions in which attorneys and physicians are employed in their professional capacity to perform only duties included in their professions, but exclusive of any administrative or executive positions for which such professional status constitutes only part of the qualification therefor;

(2) All employees of the San Francisco Unified School District who serve in the capacity of paraprofessionals and technical instructional assistants employed by the San Francisco Community College District; provided, however, that presently employed persons be granted status and those who are on existing eligibility lists as of December 31, 1973 be granted status rights to appointment in rank order;

(3) Inmate help or student nurses, or part-time services, where the compensation including the value of any allowances in addition thereto does not exceed one hundred fifty dollars ($150) per month. Provided that for each fiscal year following fiscal year 1963, the civil service commission shall adjust the one hundred fifty dollars ($150) maximum for part-time service as provided herein, in accordance with the average percentage increase or decrease approved for all classifications under the provisions of sections 8.400 and 8.401 of this charter, and such adjusted rate shall be included in the annual salary ordinance. Provided further that such part-time positions shall not be exempted from being filled from appropriate lists of civil service eligibles, except upon the recommendation of the appointing officer, who shall set forth the schedule of operations showing that the operations involved require the service of employees for not more than seventy (70) hours per month and approval of the civil service commission, including a certification that such part-time positions cannot practically be filled from existing eligible list. These provisions shall not be used to split or divide any position into two or more units for the purpose of evading the provisions of this section;

(4) Persons employed in positions outside the city and county upon construction work being performed by the city and county when such positions are exempted from said classified civil service by an order of the civil service commission;

(5) Persons employed in positions in any department for expert professional temporary services, and when such positions are exempted from said classified civil service for a specified period of said temporary service, by order of the civil service commission;

(6) Entry level positions designated by an appointing officer with approval of the civil service commission for persons who meet minimum qualifications and are certified as severely disabled. Notwithstanding any other provisions of this charter, persons appointed to such exempt positions under this subsection, and whose job performance is certified as satisfactory by their appointing officer, and who remain in said exempt position for one year, shall acquire civil service status. The civil service commission shall adopt rules and regulations to enforce and implement this subsection which shall include performance evaluation requirements, definition of and standards for the certification of the severely disabled;

(7) Persons employed as curators by any department of the city and county whose primary function is the collection or exhibition of art;

(8) Persons employed as curators by any department whose primary function is not the collection or exhibition of art will require certification of qualification by the Director of the Fine Arts Museums of San Francisco;

(9) Such positions as, by other provisions in this charter, are specifically exempted from, or where the appointment is designated as exclusive of, the civil service provisions of this charter.

The civil service rights, acquired by persons under the provisions of the charter superseded by this charter, shall continue under this charter.

Any person holding a salaried office under the city and county, whether by election or appointment, who shall, during his term of office, hold or retain any other salaried office under the government of the United States, or of this state, or who shall hold any other salaried office connected with the government of the city and county, or who shall become a member of the legislature, shall be deemed to have thereby vacated the office held by him under the city and county.

(b) Positions as heads of offices, agencies, departments, bureaus, or institutions shall be subject to the civil service provisions of this charter unless specifically exempted.

(c) Notwithstanding any other provisions of this charter, the city and county shall perform all acts necessary to protect the employment rights of employees of the port authority as specified in section 20 of Statutes 1968, ch. 1333.

(d) All positions in buildings and improvements of the California Academy of Sciences for which funds shall be furnished by the city and county, under section 6.404(d) of this charter, shall be held by employees of the city and county, with the exception of the director, the secretary of the board of trustees of said California Academy of Sciences, the

curators and other scientific and professional personnel, and occupants of part-time positions for which a total compensation of less than eighty dollars ($80) per month is provided by the city and county, inclusive of allowance for maintenance and other incidental benefits. Positions held by employees of the city and county at said buildings and improvements shall be subject to the civil service provisions of this charter and the compensation thereof shall be subject to the salary standardization provisions of this charter, in like manner and extent in all respects as positions and compensations of employments in the city and county service generally, notwithstanding anything to the contrary contained in the charter or ordinances of said city and county. The chief administrative officer shall be the appointing officer as provided in this charter.

(e) All persons employed in the operating service of any public utility hereafter acquired by lease or under any other temporary arrangement, under which the city acquires the right to operate said utility, shall be continued in their respective positions and shall be deemed appointed to such positions under, and entitled to all, the benefits of the civil service provisions of this charter for the period of time during which the city shall continue to operate said utility under said lease or other temporary arrangement. Should the city permanently acquire said utility, said persons shall come into the permanent employ of the city and county in their respective positions and shall be deemed permanently appointed thereto under the civil service provisions of the charter and shall be entitled to all the benefits thereof, all subject to the provisions contained in sections 8.300(f) and 8.450 of the charter; provided, however, that said employees who are taken over into the employ of the city under said lease or other temporary arrangement shall not be subject to the residential qualifications of the charter, during the term of said lease or other temporary arrangement. All employees of any such utility, acquired or operated by the city under any lease or other temporary arrangement, who come into the employ of said utility after the temporary acquisition of same, shall be subject to the civil service provisions of the charter. The civil service rights of any person who comes into the service of the city under any lease or other temporary arrangement for the acquisition and operation of said utility shall cease and terminate upon the expiration of said lease or other temporary arrangement.

(f) All persons employed in the operating service of any public utility hereafter acquired by the city and county, at the time the same is taken over by the city and county, and who shall have been so employed for at least one year prior to the date of such acquisition, shall be continued in their respective positions and shall be deemed appointed to such positions, under, and entitled to all the benefits of, the civil service provisions of this charter.

(g) All employees engaged in public utility work at the time this charter shall go into effect, and who have been permanently appointed to their respective positions in conformity with the civil service provisions of this charter, shall except as otherwise provided by this charter become employees of the public utilities commission under the classification held by each such employee at such time.

(h) Any employee who was a permanent civil service appointee assigned to the airport department under the public utilities commission immediately prior to the effective date of this section, shall be continued without loss in civil service rights as an appointee of the airport department, provided that civil service rights as they relate to layoff in the event of lack of work or lack of funds of all permanent employees of the public utilities commission, including the airport department, immediately prior to the effective date of this section, shall be continued without loss in the same manner and to the same extent as though the airport department had not by these amendments been created a separate city function under the airports commission.

(i) Any employee who was a permanent civil service appointee assigned to an exposition auditorium and whose job function is placed under the Convention Facilities Management Department shall be continued without loss in civil service rights as though said job functions had not by amendment to this charter been placed under the jurisdiction of the chief administrative officer, and shall not lose those civil service rights which relate to layoff from a permanent civil service position in the event of lack of work or lack of funds.

(j) Any employee of the Asian Art Museum Foundation whose position is transferred to the city and county and who has been employed in said position for at least 3 years immediately preceding said transfer shall be contained in an appropriate civil service classification as determined by the civil service commission and shall be deemed appointed under, subject to and entitled to all of the rights of the civil service and salary provisions of this charter applicable to that exempt or non-exempt classification. The employee's starting date as a permanent employee of the Asian Art Museum Foundation must be prior to January 1, 1988 and shall be used for computing vacation benefits, sick leave benefits and salary step increments with the city and county. For layoff purposes, the seniority date shall be the date of transfer to the city and county. If two or more bids are the same and the lowest, the Council may accept the one it chooses. If no bids are received, the Council may readvertise, or may acquire the materials, supplies or equipment for which no bids are received, or have the "public works project" for which no bids are received done, without further complying with this Section. If, after rejecting all bids for any supplies, materials or equipment, the Council finds and declares that the bids were excessive, it may have such supplies, materials or equipment purchased at a lower price without further complying with this Section. If, after rejecting all bids for any "public works project" and after readvertising for bids, the Council finds and declares that the bids were excessive, it may have such "public works project" done by City employees without further complying with this Section.

For purposes of this Section, "public works project" shall be deemed to mean and is hereby defined as a project for the construction, erection, improvement or demolition of any public building, street, bridge, drain, ditch, canal, dam, tunnel, sewer, water system, fire alarm system,

electrical traffic control system, street lighting system, parking lot, park or playground; provided and excepting that "public works project" shall not be deemed to mean or include the maintenance of any of said things, or any repairs incidental to such maintenance, or the planting, care or maintenance of trees, shrubbery or flowers. Also, the provisions of this Section shall not apply to any of the following: (a) the purchase or acquisition of any supplies, materials or equipment from any public or governmental body or agency or from any public utility which is either publicly owned or is regulated by the Public Utilities Commission of the State of California; (b) the purchase of any supplies, materials, or equipment which can be obtained from only one vendor or manufacturer; (c) any public work done for the City by any public or governmental body or agency; (d) any public work done by any public utility which is either publicly owned or is regulated by the Public Utilities Commission of the State of California where such work involves any property of such public utility or is otherwise of direct concern to both the City and such public utility; (e) any public work done by a subdivider, developer or owner of real property in connection with the subdivision or development by him of any real property, notwithstanding the fact that such may be subject to entire or partial reimbursement from the City; (f) work involving highly technical or professional skill where the peculiar technical or professional skill or ability of the person selected to do such work is an important factor in his selection; (g) expenditures deemed by the Council to be of urgent necessity for the preservation of life, health or property, provided the same are authorized by resolution of the Council adopted by the affirmative vote of at least five (5) members of the Council and containing a declaration of the facts constituting the urgency; and (h) situations where solicitation of bids would for any reason be an idle act.

Section 6.413 is amended to read as follows:

6.413. San Francisco Park and Open Space Fund [effective July 1, 1990]

Monies in the Fund shall be appropriated, allocated, transferred, expended, or used consistent with, and to implement, the "Recreation and Open Space Element of the Master Plan" ("Plan") and the "Programs for Implementation of the Recreation and Open Space Element of the Master Plan," ("Programs") as provided for herein. The Fund shall be used for the purposes set forth in subsection (c) below.

(2) Interagency Cooperation. Consistent with the Plan and Programs, lands currently under the jurisdiction of any city agency may be acquired or developed with the Fund provided for herein. The recreation and park commission, port commission, department of public works, water department, and all other city agencies, are hereby authorized to enter into contracts appropriate to carry out the purposes of this section. Unless approved by a two-thirds vote of the board of supervisors the amount paid for any lands purchased or acquired in fee from any other public agency or city department or agency shall be no greater than the most recent selling price for such lands.

(b) Annual Tax

There is hereby imposed, pursuant to section 6.400(a)(3)(d) of this charter, for a period of fifteen (15) years starting with the fiscal year 1990–91, an annual tax of two and one-half cents ($0.025) for each one hundred dollars ($100) assessed valuation. Revenues obtained thereby shall be in addition to, and not in place of, any sums normally budgeted for the recreation and park department and, together with interest earned thereon, shall be deposited into the Fund. In addition, all grants, gifts, and bequests paid to the city and county for open space acquisition and park renovation, and interest earned thereon, unless otherwise restricted, shall be deposited into the Fund. Establishment of this Fund is not intended to preclude any other similar programs or any similar use of funds by the city and county or any department, agency, commission, or instrumentality thereof. All amounts paid into said Fund shall be maintained by the treasurer, separate and apart from all other city and county funds, and shall be secured by his or her official bond.

Each year the recreation and park commission and city planning commission shall hold at least one joint public hearing at which, by a majority of each commission and with the concurrence of the board of supervisors, they shall adopt a budget for the allocation and expenditure of the Fund which is consistent with and implements the Plan and Programs. Not more than forty percent (40%) of the Fund may be allocated for maintenance of properties acquired pursuant to this section between its enactment in 1974 and fiscal year 1990–1991. As used herein, "maintenance" means salaries and equipment attributable to any work on an existing facility or on real property which does not result in a

physical net increase in usable square footage, use, or programs, implementation of the community gardens policy of the Plan, implementation of the urban forestry policy set forth in the Plan, and includes the sustained maintenance and volunteer coordination program mandated in subsection (f). The remainder of the Fund ("Remainder of the Fund") shall be allocated according to the following schedule:

(1) Acquisition and Development. At least forty percent (40%) of the Remainder of the Fund shall be allocated for the acquisition and development of real property. In allocating funds between acquisition and development, it shall be the policy of the recreation and park department particularly to pursue acquisition at the beginning of the 15-year program created by this section, in order to take full advantage of short term opportunities to acquire properties before their values increase.

As used herein, "acquisition" includes, but is not limited to, purchase, lease, exchange, eminent domain, permission for use, and any other right, whether revocable or not, to use real property, or any interest therein or improvement or development rights thereon, for recreational purposes; provided that notwithstanding anything herein to the contrary, no acquisition of less than fee simple title may be for a term of less than ten (10) years.

As used herein "development" includes, but is not limited to, designing specific parks or facilities for which monies have been allocated for acquisition and development under this subsection (1), establishment of trails, implementation of the community gardens policy of the Plan, implementation of the urban forestry policy set forth in the Plan, and establishment and funding of recreational programs other than after school recreation programs in high need areas as defined in the Plan; provided that in any given year no more than five percent (5%) of the Remainder of the Fund may be used for such recreational programs.

(2) Renovation. At least fifteen percent (15%) of the Remainder of the Fund shall be allocated for renovation. As used herein, "renovation" means salaries and equipment attributable to any work on an existing facility or real property under the jurisdiction of the recreation and park commission which results in a physical net increase in usable square footage, use, or programs.

(3) Maintenance and Administration. Up to twenty-five percent (25%) of the Remainder of the Fund shall be allocated for maintenance of real property and recreational facilities acquired pursuant to this subsection (3) subsequent to 1990–91; for programs other than those specified in paragraph (4) of this subsection; and for administration of the Fund. Monies allocated pursuant to this subsection (3) may be used for the maintenance of recreational facilities on real property under the jurisdiction of any city agency that has made it available for use as a recreational facility.

As used herein "maintenance" means salaries and equipment attributable to any work on an existing facility or on real property which does not result in a physical net increase in usable square footage, use, or programs, implementation of the community gardens policy of the Plan,

implementation of the urban forestry policy set forth in the Plan, and includes the sustained maintenance and volunteer coordination program mandated in subsection (f).

(4) After School Recreation Programs. Twenty percent (20%) of the Remainder of the Fund shall be used for the operation of after school recreation programs.

(5) Banking of Funds. Monies may be allocated under any paragraph of this subsection to be set aside for expenditure on specifically identified projects in future years; however, such monies shall not count against any allocation required by this subsection. If such monies are not spent on the project for which they were set aside, they shall be returned to the Fund and be reallocated consistently with this subsection.

(6) Annual Transfer and Adjustment of Allocations. In any given year fifteen percent (15%) of the Remainder of the Fund may be transferred from Acquisition and Development to Renovation, if such transfer is necessary to take advantage of a special, one-time renovation opportunity, that will result in savings which would otherwise not be possible. In any given year seven and one-half percent (7.5%) of the Remainder of the Fund may be transferred from Renovation to Acquisition and Development, if such transfer is necessary to take advantage of a special, one-time Acquisition or Development opportunity, that will result in savings which would otherwise not be possible. However, such transfers may not result in the inconsistency of any five-year average of allocations for either acquisition and development or renovation with the provisions of paragraphs (1) or (2) of this subsection. Any adjustments pursuant to this paragraph, and their consequences on any five-year averages of allocations, must be included in the annual report required by subsection (e).

(7) Five Year Renovation and Maintenance Plans. The park and open space advisory committee shall recommend, and the recreation and park commission shall adopt, five year plans for acquisition and development, renovation, and maintenance, which shall implement the plan and programs, and with which expenditures under this subsection shall be consistent. These plans shall be updated annually, except that they should not be amended or updated as part of the annual budget process. The park and open space advisory committee shall begin this planning process in fiscal year 1989–90.

(8) Reversion of Uncommitted Funds. Notwithstanding any other provisions of this section, any funds set aside pursuant to this subsection that are not allocated at the end of any fiscal year, together with accrued interest, shall be carried forward to the next fiscal year and shall be appropriated by the board of supervisors for any of the purposes enumerated in this section.

(d) Prohibition of Reallocation of Fund

Except as specifically and explicitly permitted in subsection (c) (6), the allocation of the Fund provided for in subsection (c) may not be amended, adjusted, or changed.

(e) Annual Report by the General Manager

The planning commission and recreation and park commission shall hold at least one joint public hearing annually at which they shall receive and review an annual report from the general manager of the recreation and park department on the implementation of this section and the acquisition, development, renovation, and maintenance of open space and recreational facilities, and the funding of after school and other recreation programs during the preceding year. The annual report shall, at a minimum, include the following information:

(1) the amount of moneys and percentage of the Fund allocated and spent in each of the allocation categories set forth in subsection (c) above;

(2) the projects, on a site-by-site basis that were undertaken or paid for, in part or in whole, with moneys from the Fund;

(3) for each project, the total cost and percentage of the total cost that was spent for design, construction, and management;

(4) for each project, the time between the date funds became available and the date the project was completed, or if not completed, the percentage of completion at the time of the report, and the anticipated date of completion.

(f) Sustained Maintenance and Volunteer Coordination Program

In order to better fulfill the goals and purposes of the Plan and Programs, and of this section, by reducing ongoing and future maintenance costs, the recreation and park department shall use monies allocated pursuant to paragraph (3) of subsection (c) to:

(1) prepare written guidelines for the design of new parks and open spaces and the renovation or rehabilitation of existing parks and open spaces which require low maintenance, ecological appropriateness (i.e., use of native species, low water usage), and self-sustaining landscapes and landscaping;

(2) establish and fund an office of volunteer coordination which will organize, train and coordinate a city-wide volunteer program to assist city residents and gardeners in the maintenance, supervision and clean-up of parks, playgrounds and open spaces.

(g) Membership of Park and Open Space Advisory Committee

(1) The Fund shall be administered by the recreation and park commission with the advice of the park and open space advisory committee. As part of the allocation process for the first year after this section takes effect, the committee and the recreation and park department shall adopt a five-year plan for allocation of the Fund in compliance with subsection (c). This five year plan shall be updated for another year during each subsequent annual allocation process.

(2) The committee shall consist of 23 members, each appointed to a two year term, as follows:

a. one member appointed by each supervisor and approved by the board of supervisors;

b. a second member appointed by each supervisor, and approved by the board of supervisors, from the list maintained pursuant to paragraph (3) of this subsection;

c. one member appointed by the mayor.

(3) The board of supervisors shall maintain a list of individuals representing citizens' organizations which have as a major goal the preservation and enhancement of San Francisco's parks, open space and natural environment. Persons on this list shall be nominated only by a qualifying organization.

(4) Compliance with this section shall be accomplished as determined by the board of supervisors; provided that it shall be accomplished as promptly as possible without early termination of the term of any member of the Committee.

(5) The committee shall choose its own chair, and establish its own rules of order. A quorum shall be a majority of the members of the committee.

(6) The committee shall hold regularly scheduled meetings. The committee shall send a schedule of all committee meetings for the calendar year to any person who so requests in writing.

Section 7.200 is amended to read as follows:

7.200. Public Works and Purchasing Contracts

The construction, reconstruction or repair of public buildings, streets, utilities or other public works or improvements, and the purchasing of supplies, materials and equipment, when the expenditure involved in each case shall exceed the sum of fifty thousand dollars ($50,000), shall be done by contract, except as otherwise provided by this charter. It shall constitute official misconduct to split or divide any public work or improvement or purchase into two or more units for the purpose of evading the contract provisions of this section. In an emergency, provided an actual emergency be declared by the board of supervisors to exist, and when authorized by resolution of said board, any public work or improvement may be executed in the most expeditious manner. Notwithstanding any other provision in this section or this charter contained, upon the approval of the chief administrative officer declaring the work to be emergency in character, there may be expended by the department of public works the sum not to exceed five hundred dollars ($500) for new construction of any type in or upon unimproved or unaccepted streets.

Any public work or improvement estimated to cost less than fifty thousand dollars ($50,000) may be performed under contract or written order or by the employment of the necessary labor and purchase of the necessary materials and supplies directly by the city and county. Any public work or improvement executed by the city, other than routine repair work, shall be authorized by the chief administrative officer when the cost exceeds fifty thousand dollars ($50,000), or by the heads of departments not under the chief administrative officer, only after detailed estimates have been prepared and submitted by the head of the department concerned. There shall be separate accounting for each work or improvement so executed, which accounting shall include all direct, indirect and supervisory elements of cost chargeable to such work or improvement, and each cost accounting shall be reported to the chief administrative officer, or to the mayor when such work shall have been performed by departments not under the chief administrative officer. All

such accounts shall be reported to the controller. Any public work or improvement costing less than fifty thousand dollars ($50,000) and not performed by the use of city and county labor, materials, and supplies shall, if not performed under contract, be covered by written order or agreement which shall be based on not less than three bids, notice of which shall be given by three days' posting. Records of such bids shall be kept by the department.

When the expenditure for any public work or improvement shall exceed the sum of fifty thousand dollars ($50,000), the same shall be done by contract, except as otherwise provided in this charter. The head of the department in charge of or responsible for the work for which a contract is to be let, or the purchaser of supplies in the case of purchases of materials, supplies and equipment, shall let such contract to the lowest reliable and responsible bidder not less than ten days after advertising by one publication for sealed proposals for the work, improvements or purchase contemplated. Each such advertisement shall contain the reservation of the right to reject any and all bids. The officer responsible for the awarding of any such contract shall require from all bidders information concerning their experience and financial qualifications, as provided by general law relative to such investigations authorized by department of public works.

Notwithstanding any other provision of the charter or ordinances of the City and County of San Francisco, the Municipal Railway, through its department head and through the purchaser, shall be duly authorized to include among their purchasing specifications the use of negotiated procurement procedures for the purchase of mass-transit vehicles.

The purchaser of supplies, with the approval of the chief administrative officer for bids in excess of fifty thousand dollars ($50,000), or the department head concerned, with the approval of the board or commission to which he is responsible, may reject any and all bids and readvertise for bids.

The department head or the purchaser of supplies, as the case may be, shall have power to sign such contract for the estimated expenditures thereunder not in excess of fifty thousand dollars ($50,000). Any contract involving the expenditure of more than fifty thousand dollars ($50,000), if for the purchase of materials, supplies or equipment, shall require the joint approval of the purchaser of supplies and the chief administrative officer. If such contract is for any public work or improvement, it shall require the joint approval of the department head and the chief administrative officer for amounts in excess of fifty thousand dollars ($50,000), relative to departments under his jurisdiction, or the signature of the department head and the approval by resolution of the board or commission concerned for departments not under the chief administrative officer.

The board of supervisors, by ordinance, shall establish procedure whereby appropriate city and county departments may file sealed bids for the execution of any work to be performed under contract. If such bid is the lowest, the contract shall be awarded to the department. Accurate unit costs shall be kept of all direct and indirect charges incurred by the

department under any such contract, which unit costs shall be reported to and audited by the controller monthly and on the completion of the work.

In any case where the lowest gross price or unit cost bid is not accepted, and a contract is entered into with another bidder, written report shall be made to the chief administrative officer, the mayor and the controller by the officer authorized to execute the contract, with the reasons for failure to accept such lowest bid.

If any provision of this section is in conflict with any provision of Section 7.100 of the charter, the provision contained in Section 7.100 shall govern and control.

Beginning with fiscal year 1987–88, the board of supervisors shall be authorized to increase or decrease by ordinance the dollar amount set forth in any provisions of this section.

Section 7.300 is amended to read as follows:

7.300 General Laws Applicable

The general laws of the State of California authorizing the incurring and establishing the procedure for the creation of bonded indebtedness and authorizing and establishing the procedure for the issuance of bonds to refund indebtedness of municipalities in force at the time any bonded indebtedness is created or refunded by the city and county shall, except as otherwise provided in this Charter, be applicable to the creation of bonded indebtedness and the issuance of refunding bonds by the city and county. Revenue bonds shall not be issued for any purpose unless the proposition to issue the revenue bonds has first been approved by a majority of the voters voting on the proposition at a general or special election; provided, however, this requirement shall not apply:

(1) to bonds approved by the board of supervisors prior to January 1, 1977; or

(2) to bonds issued pursuant to the authority contained in the Marks-Foran Residential Rehabilitation Act of 1973; or

(3) to bonds approved by a resolution of the board of supervisors adopted by an affirmative vote of three-quarters of the members of the board if the bonds are to finance a building or buildings, fixtures or equipment which are deemed by the board to be necessary to comply with an order of a duly constituted state or federal authority having jurisdiction over the subject matter; or

(4) to airport revenue bonds issued pursuant to Section 7.306 of this charter; or

(5) to revenue bonds which are issued as refunding bonds the sale of which results in a lower total scheduled principal and interest payments of the City and County of San Francisco. The board of supervisors by ordinance shall prescribe a procedure for the issuance of refunding bonds; or

(6) to loans directly or indirectly from, or bonds guaranteed or subsidized by, the State of California or United States of America for projects which are intended to protect or preserve the environment, where the acceptance of a loan or issuance of bonds would be the most cost-effective method of financing a particular project. For purposes of

this subsection (6), the determination of what constitutes the most cost-effective method of financing shall be made by resolution of the board of supervisors as recommended by the chief administrative officer.

Section 7.403 is amended to read as follows:

7.403. Sale or Lease of Park Land; Use of Certain Park Land for the Construction of Water Quality and Sewerage Facilities

(a) Notwithstanding any other provisions of this charter, whenever lands which are or shall be used or intended for use for parks or squares are no longer needed for park or recreational purposes, such lands may be sold or otherwise disposed of, or their use for park purposes may be abandoned or discontinued; provided that nothing herein shall be construed to authorize the discontinuance or abandonment of the use of such lands, or any change in the use thereof which will cause the reversion of such lands to private ownership, or cause the forfeiture of the ownership thereof in fee by the City and County of San Francisco, or as authorizing the discontinuance of the use of park lands acquired in any proceeding wherein a local assessment based on benefits was or shall be levied to provide funds for such acquisition; and provided further that the general laws of the State of California authorizing municipal corporations to abandon or to discontinue the use of land for park purposes, authorizing the sale or other disposition of such lands, and providing procedures therefor and for matters relating thereto, shall be applicable to the City and County of San Francisco and to all lands held or used by it for park purposes and shall govern and control exclusively in respect thereto. For the purposes of this subsection, all lands, including, but not limited to, playgrounds, athletic facilities, and lands purchased with open space acquisition and park renovation funds, but excluding the Great Highway, the land described in subsection (d) below, and lands administered by the Recreation and Park Department pursuant to agreements with other city departments or entities, placed under the jurisdiction of the Recreation and Park Department shall be deemed used or intended for use for park purposes.

(b) Except as provided in subsection (c) the recreation and park commission shall not lease any part of the lands under its control nor permit the building or maintenance or use of any structure on any park, square, avenue or ground, except for recreation purposes, and each letting or permit shall be subject to approval of the board of supervisors by ordinance. The parking and traffic commission may lease to the highest responsible bidder for a term of not to exceed fifty years and upon such other terms and conditions as it may determine, subsurface space under any public park, square or playground and the right and privilege to conduct and operate therein a public automobile parking station, provided that the recreation and park commission has determined and the board of supervisors has approved that said construction, when completed, and the operation will not be, in any material respect or degree, detrimental to the original purpose for which said park, square or playground was dedicated or in contravention of the conditions of any grant under which said park, square or playground might have been received. The revenues derived from any such lease less actual expenses

incurred by the parking and traffic commission in managing and operating these facilities including the expenses incurred by the creation of this commission shall be credited to the recreation and park department funds.

(c) The recreation and park commission shall have the power to lease or rent any stadium or recreation field under its jurisdiction for athletic contests, exhibitions and other special events and may permit the lessee to charge an admission fee.

(d) Upon approval by the recreation and park commission, that parcel of land south of the Zoo and between the Great Highway Extension and Skyline Boulevard set forth and described in parcel map entitled "Parcel Map Showing Certain Park Land Proposed to be Used Jointly," recorded August 12, 1975 in Parcel Map Book Number One at page 96 in the office of the recorder of the City and County of San Francisco, may be used for the construction of water quality and sewerage facilities, and any facilities so constructed shall be under the control, management, and direction of the department of public works. Any recreation or zoo facilities constructed on said parcel shall remain under the control, management, and direction of the recreation and park commission.

The board of supervisors is further empowered to enact, by a vote of three-fourths of its members, ordinances to allow Internal Revenue Code section 414(h)(2) tax treatment of members' contributions to the retirement system provided that the board of supervisors shall first secure from the retirement board an actuarial report which certifies that such ordinances will not increase costs, other than administrative costs, for the city and county.

Section 201 is repealed.

Section 202 is amended to read as follows:

Limitation of Employment

Section (202) 20. An officer and/or employee of the Fire Department may engage in outside employment, business, profession, occupation, trade or calling, only if it is determined by the Fire Chief, pursuant to guidelines established in department rules and regulations, that such outside employment, business, profession, occupation, trade or calling will not interfere with the performance of his duty as an officer and/or employee of the Fire Department, will not be detrimental to the interests of the City and/or the Bakersfield Fire Department, and will create neither a conflict of interest, a potential conflict of interest, nor the appearance of a conflict of interest. All officers and/or employees of the Fire Department shall be available for duty at any time.

Sections 205, 206, and 207 are repealed.

Section 208 is amended to read as follows:

CIVIL SERVICE FOR OFFICERS AND EMPLOYEES IN THE MISCELLANEOUS DEPARTMENTS OF THE CITY OF BAKERSFIELD

Creation and Establishment of Civil Service

Section (208) 1. There is hereby created and established Civil Service for all officers and employees of the City of Bakersfield, excepting elective officers, the City Manager, the City Attorney, members of the

Police and Fire Departments, and members of all boards and commissions, which shall be known and designated as "Civil Service for Officers and Employees in the Miscellaneous Departments."

Section 209 is amended to read as follows:

Appointment of Civil Service Board

Section (209) 2. The Civil Service Board shall consist of five (5) members, appointed by the City Council, who shall be residents of the City throughout their terms, but who otherwise shall have no connection with City government. Members shall be appointed for terms of three (3) years. Vacancies shall be filled by appointment for the unexpired term. Within sixty (60) days after ratification of this amendment, the City Council shall reappoint two incumbent members for terms of three (3) years, two incumbent members for terms of two (2) years, and one (1) incumbent member for a term of one (1) year, the three (3) year term to be that of the incumbent with the longest remaining term, the one (1) year term to be that of the incumbent with the shortest remaining term. Members may be removed from office in the same manner as are elective officers of the City or by unanimous vote of the Council members allowed by law to vote.

Section 210 is repealed.

Section 211 is amended to read as follows:

Duties of Civil Service Board

Section (211) 4. The Civil Service Board shall, subject to the approval of the City Council, formulate rules and regulations governing selection, promotion, and discipline of officers and employees of the City of Bakersfield, excepting elective officers, the City Manager, the City Attorney, members of the Police and Fire Departments, and members of all boards and commissions which rules shall, to the extent deemed feasible by said Board, be consistent with such rules of the other two Civil Service Boards. The Council may recommend amendment or repeal of existing rules and adoption of new rules to said Board.

It shall be the duty of the Civil Service Board to hold examinations and to administer other suitable tests to applicants for positions in the several departments affected by this amendment for the purpose of determining their fitness for such positions. No member of such Board shall sit as a member of the ratings panel for any oral examination.

All officers and employees in the several departments affected by this amendment, having gained valuable experience in the course of their service for the City, shall receive a certain added grade over applicants not in the employ of the City at the time of the examination, such added grades to be fixed by the Civil Service Board before each examination, for each year or portion thereof such employee has had experience in a similar or comparable position with the City of Bakersfield. Such added grade shall not be allowed to applicants not attaining a passing grade in the examination.

Examinations of all candidates shall be practical in their character and shall relate to those matters only which will fairly test the relative capacity and ability of the persons examined to discharge the duties of the

positions to which they seek to be appointed or promoted. No questions in any examination shall relate to political or religious opinions or affiliations.

All subordinate officers and employees in the departments shall be appointed by the head of the department in which the vacancy occurs, with the approval of the City Manager.

All officers, subordinate officers and employees in the several departments affected by this amendment shall be chosen from a list of eligibles furnished by the Civil Service Board to the appointive power, and shall contain the names of all candidates who attained a passing grade in the examination, in the order of their relative standing. If, in the opinion of the Civil Service Board, any of said candidates become ineligible, the Civil Service Board shall strike his name from the list and advise the appointive power of such action. The appointment must be made from the three highest standing candidates on the eligible list at the time of appointment. Any person carried on the eligible list for a period of one (1) year, unless extended by the Commission, without being appointed or promoted shall be dropped from said eligible list and shall not be eligible for appointment or promotion without re-examination.

Sections 212 and 213 are repealed.

Section 214 is amended to read as follows:

Probation Period

Section (214) 7. Appointment or promotion to employment or rank shall not be deemed complete until a period of probation not to exceed six (6) months has elapsed, not necessarily continuous. Periods of any unpaid leave and periods of any paid disability leave shall not count towards completion of the term of probation. Should appointees fail to complete the promotional probationary period, they shall return to their former permanent position.

Section 216 is amended to read as follows:

Suspension and Removals

Section (216) 9. The authority having the appointive power, as provided for by the City Charter, may suspend from duty for cause for a period not to exceed thirty (30) days in any one instance, any officer or employee affected by this amendment. Any officer or employee suspended shall receive no salary or wages for such suspension period.

When, in the opinion of the authority having the appointive power, any officer or employee affected by this amendment acts or fails to act in such a way as to justify his removal or discharge on any of the grounds mentioned in this article, the appointive power shall suspend such officer or employee and declare his intention in writing to file charges against such officer or employee seeking discharge or dismissal, such declaration to be filed at once with the Civil Service Board. Such charges must be in writing and shall be prepared or caused to be prepared by the authority having the appointive power, and shall be filed with the Civil Service Board and the City Manager. A copy of such charges shall be served on the accused, who shall within ten (10) days after such service, file his answer to said charges in writing with the Civil Service Board, the City Manager and the authority having the appointive power. Failure to

answer said charges within ten (10) days time shall be held to be an admission of the charges by the accused and a waiving of hearing, whereupon the Civil Service Board shall find the accused guilty as charged and he shall be removed and discharged from the City of Bakersfield as of the date of his suspension by the appointive power.

No officer or employee who has successfully completed the applicable period of probation shall be removed or discharged from the service of the City of Bakersfield except for cause, upon written charges, and after an opportunity to be heard in his own defense.

Demotion, removal or discharge may be upon any of the following grounds: incompetency, habitual intemperance, immoral conduct, dishonesty, inattention to duties, drunkeness on duty, insubordination, or anything sufficiently irregular to justify removal, demotion or discharge in the opinion of the appointive power.

Section 216a is repealed.

Section 217a is amended to read as follows:

Classification of Employees in Subordinate Positions

Section (217a) 10a. It shall be the duty of the Civil Service Board when requested to do so by the City Council or City Manager, to classify, and when necessary re-classify, in accordance with the duties of the department, all subordinate positions in all departments affected by this amendment. Such classification or re-classification must be prepared in writing and a copy thereof submitted to the City Council for approval or rejection. The City Council shall fix the date that such classification or re-classification shall take effect. A copy of such recommended classification or re-classification shall also be furnished by the Civil Service Board to the City Manager and the head of the department affected.

Section 217b is amended to read as follows:

Lay Off or Demotion and Temporary Promotion of Employees in Subordinate Positions

Section (217b) 10b. In any department, the authority having the appointive power, with the approval of the City Manager, may reduce by lay off or demotion the personnel of a department or of a classification because of lack of work or shortage of funds. Lay offs and demotions shall be made according to seniority of service with the City of Bakersfield in the department or classification affected. The youngest man in point of seniority in each department or classification affected shall be the first man to be demoted or laid off. When two or more employees have the same seniority rating, the employee who attained the highest grade in the examination for the position held at the time of lay off or demotion shall be deemed to have greater seniority. Lay off or demotion referred to in this section shall not deprive the employee so laid off or demoted of the Civil Service rating attained prior to said lay off or demotion and such employee shall be returned to service in order of seniority. This section is intended to make possible the displacement of a subordinate officer or employee in any classification by an officer or employee in a higher classification with greater seniority in the department. The subordinate officer or employee so displaced may in turn displace a man in a lower classification holding less seniority. A displaced or demoted subordinate

officer or employee while working in a lower classification shall receive the rate of pay established for the lower classification, it being the intention that all subordinate officers or employees be paid the rate of pay established for the work or position assigned to them. The authority having the appointive power in departments affected by this Amendment, where the volume of work makes it necessary, may temporarily promote any subordinate officer or employee to the next highest classification. The subordinate officer or employee to be so promoted shall be the person in the classification having the greatest amount of seniority. Such temporary promotions shall in any case not exceed one hundred twenty (120) working days.

Sections 218, 219, and 220 are repealed.

Section 221 is amended to read as follows:

CIVIL SERVICE FOR THE POLICE DEPARTMENT OF THE CITY OF BAKERSFIELD

Appointment and Removal of Commissioners

Section (221) 1. The Civil Service Board shall consist of three (3) members, appointed by the City Council, who shall be residents of the City throughout their terms, but who otherwise shall have no connection with City government. Members shall be appointed for terms of three (3) years. Vacancies shall be filled by appointment for the unexpired term. Within sixty (60) days after ratification of this amendment, the City Council shall reappoint the incumbent members for terms of three (3), two (2), and one (1) years, the three (3) year term to be that of the incumbent with the longest remaining term, the one (1) year term to be that of the incumbent with the shortest remaining term. Members may be removed from office in the same manner as are elective officers of the City or by unanimous vote of the Council members allowed by law to vote.

Section 222 is amended to read as follows:

Classified Civil Service

Section (222) 2. The Commissioners shall classify, in accordance with the duties of the Department, all positions in the Police Department of the City. The Commissioners may grade and from time to time may regrade the positions governed by any class in accordance with salaries and duties, to the end that the like salaries shall be paid for like duties. New positions when created shall be classified, graded and filled in accordance with these provisions. Before any new position is created by the head of the Police Department, he shall secure from the Civil Service Commission the proper designation of such position and the title of such position shall correspond with the classification adopted in accordance with the provisions of this section. The Council may recommend amendment or repeal of existing rules and adoption of new rules to said Board. Any classification or grading may be amended or abolished by the Commission and classes calling for similar qualifications may be consolidated, but persons who have been appointed from any such class shall

retain any position lawfully held thereunder, so long as such position is maintained, unless removed or otherwise provided herein.

Section 223 is amended to read as follows:

Rules of Commissioners

Section (223) 3. The Commissioners shall formulate rules and regulations governing the selection, promotion and discipline of employees in the Department, which rules shall, to the extent deemed feasible by said Board, be consistent with such rules of the other two Civil Service Boards. All officers and personnel shall belong to the classified service and shall be appointed and promoted for no other grounds and for no other reason than their fitness for the position to be filled.

Section 224 is amended to read as follows:

Examination of Applicants

Section (224) 4. All applicants for places on the Police Department or for promotion, shall be subjected to examination, which shall be public, competitive, and free. Such examinations shall be practical in their character, and shall relate to those matters only which will fairly test the relative capacity of the person examined to discharge the duties of the position to which they seek to be appointed. No member of such Board shall sit as a member of the ratings panel for any oral examination. Every appointee to the Police Department, at the time of his appointment, must pass the physical tests prescribed by the Civil Service Commission.

Sections 225 and 226 are repealed.

Section 228 is amended to read as follows:

Appointments on Probation, Conditions of Discharge, Temporary Appointments

Section (228) 8. The Chief of Police shall notify the Commissioners of each position to be filled, separately, and shall fill such positions by appointment of one of the persons certified to him by the Commissioners therefore. Sworn officers and nonsworn personnel in classifications unique to the Police Department shall be on probation for a period to be fixed by the rules of the Commissioners; such rules shall not fix such period in excess of one year. All other nonsworn personnel shall serve a six-month probation. The Commissioners may strike off names of candidates from the register of eligible candidates if they have remained thereon more than one year. At or before the expiration of the period of probation the Chief of Police may discharge a candidate. If a candidate is not discharged at or before the expiration of the period of probation his appointment shall be deemed complete. To prevent the stoppage of public business or to meet emergencies, including the absence of any officer or member of the department, the Chief of Police may, with the approval of the Commissioners, make temporary appointments to remain in force not exceeding sixty days, and only until regular appointments under the provisions of this article can be made.

Section 231 is amended to read as follows:

Removal, Demotion or Discharge-Members of Department

Section (231) 11. No person employed in the Police Department who has successfully completed the applicable period of probation shall be removed, demoted or discharged, except for cause, upon written charges,

and after an opportunity to be heard in his own defense. Pending the hearing of such charges against members of the Department, with the exception of the Chief of Police, the Chief of Police may suspend the person so accused; but suspension in any case shall not be valid for more than thirty days upon any charge unless the hearing thereon shall be delayed beyond such time by the act of the person so accused. Charges against any member of the Department shall be filed with the Civil Service Commission and a copy of such charges shall be filed with the authority having the appointive power.

A correct copy of such charges shall be served upon the accused, who shall within ten (10) days after such service, file a written answer thereto. Failure to answer said charges within ten (10) days time shall be held to be an admission of the charges by the accused and a waiver of hearing; whereupon, the Civil Service Commission shall find the accused guilty as charged and he shall be removed and discharged from the Department as of the date of his suspension by the appointive power.

If the accused shall answer said charges within the allotted time, he shall be given five (5) days notice of the time and place of hearing of said charges. The accused, at the hearing of such charges, which may be private or public at the option of the accused, shall have the right to be represented by counsel, to submit evidence in his behalf, and to compel the attendance of such witnesses as he may desire to testify in his behalf. A public hearing is waived unless demanded by the accused in his written answer.

The order or decision of the Civil Service Commission upon such hearing shall be final and shall forthwith be enforced by the appointive power.

Section 233 is amended to read as follows:

Suspension; Causes of Suspension or Removal

Section (233) 13. The Chief of Police or other authorized officers of the Department may, subject to the rules of the Department for disciplinary purposes, suspend a subordinate for a period not exceeding thirty days and such suspension shall carry with it the loss of salary for the period of suspension. Removal, suspension, demotion or discharge may be upon any of the following grounds: Incompetency, habitual intemperance, immoral conduct, dishonesty, inattention to duties, drunkenness on duty, insubordination, absence from duty without leave, and violation of any Civil Service or departmental rule or regulation.

Sections 234, 236, and 237 are repealed.

Section 239 is amended to read as follows:

Limitation of Employment

Section (239) 19. A peace officer employed by the Police Department may engage in outside employment, business, profession, occupation, trade or calling, only if it is determined by the Chief of Police, pursuant to guidelines established in department rules and regulations, that such outside employment, business, profession, occupation, trade or calling will not interfere with the performance of his duty as a police officer, will not be detrimental to the interests of the City and/or the Bakersfield Police Department and will create neither a conflict of

interest or a potential conflict of interest nor the appearance of a conflict of interest. All peace officers shall be available for duty at any time.
