52. (a) Whoever denies, or who aids, or incites such denial, or whoever makes any discrimination, distinction or restriction on account of sex, color, race, religion, ancestry, national origin, or blindness or other physical disability contrary to the provisions of Section 51 or 51.5, is liable for each and every such offense for the actual damages, and such amount as may be determined by a jury, or a court sitting without a jury, up to a maximum of three times the amount of actual damage but in no case less than two hundred fifty dollars ($250), and such attorney's fees as may be determined by the court in addition thereto, suffered by any person denied the rights provided in Section 51 or 51.5.

(b) Whoever denies the right provided by Section 51.7, or whoever aids, incites, or conspires in that denial, is liable for each and every offense for the actual damages suffered by any person denied that right and, in addition, (1) an amount to be determined by a jury, or a court sitting without a jury, up to a maximum of three times the amount of actual damages; (2) a civil penalty of ten thousand dollars

($10,000) to be awarded to the person denied the right provided by Section 51.7; and (3) attorney fees as may be determined by the court. In the case of multiple offenders, the ten thousand dollar ($10,000) civil penalty shall be prorated between them.

(c) Whenever there is reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights hereby secured, and that the pattern or practice is of such a nature and is intended to deny the full exercise of the rights herein described, the Attorney General, any district attorney or city attorney, or any person aggrieved by the pattern or practice may bring a civil action in the appropriate court by filing with it a complaint (1) signed by the officer (or in his or her absence the individual acting on behalf of the officer) or by the person aggrieved, (2) setting forth facts pertaining to the pattern or practice, and (3) requesting such preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order against the person or persons responsible for such pattern or practice, as he or she deems necessary to insure the full enjoyment of the rights herein described.

(d) Whenever an action has been commenced in any court seeking relief from the denial of equal protection of the laws under the Fourteenth Amendment to the Constitution of the United States on account of race, color, religion, sex, national origin, or blindness or other physical disability, the Attorney General or any district attorney or city attorney for or in the name of the people of the State of California may intervene in the action upon timely application if the Attorney General or any district attorney or city attorney certifies that the case is of general public importance. In that action the people of the State of California shall be entitled to the same relief as if it had instituted the action.

(e) Actions under this section shall be independent of any other remedies or procedures that may be available to an aggrieved party.

(f) Any person claiming to be aggrieved by an alleged unlawful practice in violation of Section 51 or 51.7 may also file a verified complaint with the Department of Fair Employment and Housing pursuant to Section 12948 of the Government Code.

(g) Nothing in this section shall be construed to require any construction, alteration, repair, structural or otherwise, or modification of any sort whatsoever to any new or existing establishment, facility, building, improvement, or any other structure, or to augment, restrict, or alter in any way the authority of the State Architect to require construction, alteration, repair, or modifications that the State Architect otherwise possesses pursuant to other provisions of the law.

Nothing in this section shall require any person renting, leasing, or otherwise providing real property for compensation to modify his or her property in any way, or provide a higher degree of care for a blind or other physically disabled person than for a person who is not physically disabled.

CHAPTER 460

An act to add Section 62543 to the Food and Agricultural Code, relating to agriculture.

[Approved by Governor September 14, 1989 Filed with Secretary of State September 15, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 62543 is added to the Food and Agricultural Code, to read:

62543. The board may, by contract, with the approval of the director, engage the services of an accounting firm or other consultants or agencies which the board determines to be necessary.

CHAPTER 461

An act to amend Sections 3715, 3717, and 3732 of the Labor Code, relating to workers' compensation.

[Approved by Governor September 14, 1989 Filed with Secretary of State September 15, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 3715 of the Labor Code is amended to read:

3715. (a) Any employee, except an employee as defined in subdivision (d) of Section 3351, whose employer has failed to secure the payment of compensation as required by this division, or his or her dependents in case death has ensued, may, in addition to proceeding against his or her employer by civil action in the courts as provided in Section 3706, file his or her application with the appeals board for compensation and the appeals board shall hear and determine the application for compensation in like manner as in other claims and shall make the award to the claimant as he or she would be entitled to receive if the employer had secured the payment of compensation as required, and the employer shall pay the award in the manner and amount fixed thereby or shall furnish to the appeals board a bond, in any amount and with any sureties as the appeals board requires, to pay the employee the award in the manner and amount fixed thereby.

(b) Notwithstanding this section or any other provision of this chapter except Section 3708, any person described in subdivision (d) of Section 3351 who is (1) engaged in household domestic service who is employed by one employer for over 52 hours per week, (2) engaged as a part-time gardener in connection with a private dwelling, if the number of hours devoted to the gardening work for

any individual regularly exceeds 44 hours per month, or (3) engaged in casual employment where the work contemplated is to be completed in not less than 10 working days, without regard to the number of persons employed, and where the total labor cost of the work is not less than one hundred dollars ($100) (which amount shall not include charges other than for personal services), shall be entitled, in addition to proceeding against his or her employer by civil action in the courts as provided in Section 3706, to file his or her application with the appeals board for compensation. The appeals board shall hear and determine the application for compensation in like manner as in other claims, and shall make the award to the claimant as he or she would be entitled to receive if the person's employer had secured the payment of compensation as required, and the employer shall pay the award in the manner and amount fixed thereby, or shall furnish to the appeals board a bond, in any amount and with any sureties as the appeals board requires, to pay the employee the award in the manner and amount fixed thereby.

It is the intent of the Legislature that the amendments to this section by Chapter 17 of the Statutes of 1977, make no change in the law as it applied to those types of employees covered by this subdivision prior to the effective date of Chapter 1263 of the 1975 Regular Session.

(c) In any claim in which it is alleged that the employer has failed to secure the payment of compensation, the director, only for purposes of this section and Section 3720, shall determine, on the basis of the evidence available to him or her, whether the employer was prima facie illegally uninsured. A finding that the employer was prima facie illegally uninsured shall be made when the director determines that there is sufficient evidence to constitute a prima facie case that the employer employed an employee on the date of the alleged injury and had failed to secure the payment of compensation, and that the employee was injured arising out of, and occurring in the course of, the employment.

Failure of the employer to furnish within 10 days the written statement in response to a written demand for a written statement prescribed in Section 3711, addressed to the employer at its address as shown on the official address record of the appeals board, shall constitute in itself sufficient evidence for a prima facie case that the employer failed to secure the payment of compensation.

A written denial by the insurer named in the statement furnished by the employer as prescribed in Section 3711, that the employer was so insured as claimed, or the nonexistence of a valid certificate of consent to self-insure for the time of the claimed injury, if the statement furnished by the employer claims the employer was self-insured, shall constitute in itself sufficient evidence for a prima facie case that the employer had failed to secure the payment of compensation.

The nonexistence of a record of the employer's insurance with the Workers' Compensation Insurance Rating Bureau shall constitute in

itself sufficient evidence for a prima facie case that the employer failed to secure the payment of compensation.

The unrebutted written declaration under penalty of perjury by the injured employee, or applicant other than the employee, that the employee was employed by the employer at the time of the injury, and that he or she was injured in the course of his or her employment, shall constitute, in itself, sufficient evidence for a prima facie case that the employer employed the employee at the time of the injury, and that the employee was injured arising out of, and occurring in the course of, the employment.

(d) When the director determines that an employer was prima facie illegally uninsured, the director shall mail a written notice of the determination to the employer at his or her address as shown on the official address record of the appeals board, and to any other more recent address the director may possess. The notice shall advise the employer of its right to appeal the finding, and that a lien may be placed against the employer's and any parent corporation's property, or the property of substantial shareholders of a corporate employer as defined by Section 3717.

Any employer aggrieved by a finding of the director that it was prima facie illegally uninsured may appeal the finding by filing a petition before the appeals board. The petition shall be filed within 20 days after the finding is issued. The appeals board shall hold a hearing on the petition within 20 days after the petition is filed with the appeals board. The appeals board shall have exclusive jurisdiction to determine appeals of the findings by the director, and no court of this state has jurisdiction to review, annul, or suspend the findings or the liens created thereunder, except as provided by Article 2 (commencing with Section 5950) of Chapter 7 of Part 4 of Division 4.

(e) Any claim brought against an employer under this section may be resolved by the director by compromise and release or stipulated findings and award as long as the appeals board has acquired jurisdiction over the employer and the employer has been given notice and an opportunity to object.

Notice may be given by service on the employer of an appeals board notice of intention to approve the compromise and release or stipulated findings and award. The employer shall have 20 days after service of the notice of intention to file an objection with the appeals board and show good cause therefor.

If the employer objects, the appeals board shall determine if there is good cause for the objection.

If the appeals board finds good cause for the objection, the director may proceed with the compromise and release or stipulated findings and award if doing so best serves the interest of the Uninsured Employers Fund, but shall have no cause of action against the employer under Section 3717 unless the appeals board case is tried to its conclusion and the employer is found liable.

If the appeals board does not find good cause for the objection, and

the compromise and release or stipulated findings and award is approved, the Uninsured Employers Fund shall have a cause of action against the employer pursuant to Section 3717.

(f) The director may adopt regulations to implement and interpret the procedures provided for in this section.

SEC. 2. Section 3717 of the Labor Code is amended to read:

3717. (a) A findings and award which is the subject of a demand on the Uninsured Employers Fund or an approved compromise and release or stipulated findings and award entered into by the director pursuant to subdivision (e) of Section 3715, or a decision and order of the rehabilitation unit of the Division of Industrial Accidents, which has become final, shall constitute a liquidated claim for damages against an employer in the amount so ascertained and fixed by the appeals board, and the appeals board shall certify the same to the director who may institute a civil action against the employer in the name of the director, as administrator of the Uninsured Employers Fund, for the collection of the award, or may obtain a judgment against the employer pursuant to Section 5806. In the event that the appeals board finds that a corporation is the employer of an injured employee, and that the corporation has not secured the payment of compensation as required by this chapter, the following persons shall be jointly and severally liable with the corporation to the director in the action:

(1) All persons who are a parent, as defined in Section 175 of the Corporations Code, of the corporation.

(2) All persons who are substantial shareholders, as defined in subdivision (b), of the corporation or its parent. In the action it shall be sufficient for plaintiff to set forth a copy of the findings and award of the appeals board relative to the claims as certified by the appeals board to the director and to state that there is due to plaintiff on account of the finding and award of the appeals board a specified sum which plaintiff claims with interest. The director shall be further entitled to costs and reasonable attorney fees, and to his or her investigation and litigation expenses for the appeals board proceedings, and a reasonable attorney fee for litigating the appeals board proceedings. A certified copy of the findings and award in the claim shall be attached to the complaint. The contents of the findings and award shall be deemed proved. The answer or demurrer to the complaint shall be filed within 10 days, the reply or demurrer to the answer within 20 days, and the demurrer to the reply within 30 days after the return day of the summons or service by publication. All motions and demurrer shall be submitted to the court within 10 days after the same are filed. As soon as the issues are made up in any such case, it shall be placed at the head of the trial docket and shall be first in order for trial.

Nothing in this chapter shall be construed to preclude informal adjustment by the director of a claim for compensation benefits before the issuance of findings and award wherever it appears to the director that the employer is uninsured and that informal adjustment

will facilitate the expeditious delivery of compensation benefits to the injured employee.

(b) As used in this section, "substantial shareholder" means a shareholder who owns at least 15 percent of the total value of all classes of stock, or, if no stock has been issued, who owns at least 15 percent of the beneficial interests in the corporation.

(c) For purposes of this section, in determining the ownership of stock or beneficial interest in the corporation, in the determination of whether a person is a substantial shareholder of the corporation, the rules of attribution of ownership of Section 17384 of the Revenue and Taxation Code shall be applied.

(d) For purposes of this section, "corporation" shall not include:

(1) Any corporation which is the issuer of any security which is exempted by Section 25101 of the Corporations Code from Section 25130 of the Corporations Code.

(2) Any corporation which is the issuer of any security exempted by subdivision (c), (d), or (i) of Section 25100 of the Corporations Code from Sections 25110, 25120, and 25130 of the Corporations Code.

(3) Any corporation which is the issuer of any security which has qualified either by coordination, as provided by Section 25111 of the Corporations Code, or by notification, as provided by Section 25112 of the Corporations Code.

SEC. 3. Section 3732 of the Labor Code is amended to read:

3732. (a) If compensation is paid or becomes payable from the Uninsured Employers Fund, whether as a result of a findings and award, award based upon stipulations, compromise and release executed on behalf of the director, or payments voluntarily furnished by the director pursuant to Section 4903.3, the director may recover damages from any person or entity, other than the employer, whose tortious act or omission proximately caused the injury or death of the employee. The damages shall include any compensation, including additional compensation by way of interest or penalty, paid or payable by the director, plus the expense incurred by the director in investigating and litigating the workers' compensation claim and a reasonable attorney fee for litigating the workers' compensation claim. The director may compromise, or settle and release any claim, and may waive any claim, including the lien allowed by this section, in whole or in part, for the convenience of the director.

(b) Except as otherwise provided in this section, Chapter 5 (commencing with Section 3850) of Part 1 of Division 4 shall be applicable to these actions, the director being treated as an employer within the meaning of Chapter 5 to the extent not inconsistent with this section.

(c) Actions brought under this section shall be commenced within one year after the later of either the time the director pays or the time the director becomes obligated to pay any compensation from the Uninsured Employers Fund.

(d) In the trial of these actions, any negligence attributable to the

employer shall not be imputed to the director or to the Uninsured Employers Fund, and the damages recoverable by the director shall not be reduced by any percentage of fault or negligence attributable to the employer or to the employee.

(e) In determining the credit to the Uninsured Employers Fund provided by Section 3861, the appeals board shall not take into consideration any negligence of the employer, but shall allow a credit for the entire amount of the employee's recovery either by settlement or after judgment, as has not theretofore been applied to the payment of expenses or attorney's fees.

(f) When an action or claim is brought by an employee, his or her guardian, conservator, personal representative, estate, survivors, or heirs against a third party who may be liable for causing the injury or death of the employee, any settlement or judgment obtained is subject to the director's claim for damages recoverable by the director pursuant to subdivision (a), and the director shall have a lien against any settlement in the amount of the damages.

(g) No judgment or settlement in any action or claim by an employee, his or her guardian, conservator, personal representative, survivors, or heirs to recover damages for injuries, where the director has an interest, shall be satisfied without first giving the director notice and a reasonable opportunity to perfect and satisfy his or her lien. The director shall be mailed a copy of the complaint in the third-party action as soon as reasonable after it is filed with the court.

(h) When the director has perfected a lien upon a judgment or settlement in favor of an employee, his or her guardian, conservator, personal representative, survivors or heirs against any third party, the director shall be entitled to a writ of execution as a lien claimant to enforce payment of the lien against the third party with interest and other accruing costs as in the case of other executions. In the event the amount of the judgment or settlement so recovered has been paid to the employee, his or her guardian, conservator, personal representative, survivors, or heirs, the director shall be entitled to a writ of execution against the employee, his or her guardian, conservator, personal representative, survivors, or heirs to the extent of the director's lien, with interest and other accruing costs as in the cost of other executions.

(i) Except as otherwise provided in this section, notwithstanding any other provision of law, the entire amount of any settlement of the action or claim of the employee, his or her guardian, conservator, personal representative, survivors, or heirs, with or without suit, is subject to the director's lien claim for the damages recoverable by the director pursuant to subdivision (a).

(j) Where the action or claim is brought by the employee, his or her guardian, conservator, personal representative, estate, survivors, or heirs, and the director has not joined in the action, and the employee, his or her guardian, conservator, personal representative, estate, survivors, or heirs incur a personal liability to pay attorney's fees and costs of litigation, the director's claim for damages shall be

limited to the amount of the director's claim for damages less that portion of the costs of litigation expenses determined by multiplying the total cost of litigation expenses by the ratio of the full amount of the director's claim for damages to the full amount of the judgment, award, or settlement, and less 25 percent of the balance after subtracting the director's share of litigation expenses, which represents the director's reasonable share of attorney's fees incurred.

(k) In the trial of the director's action for damages, and in the allowance of his or her lien in an action by the employee, guardian, executor, personal representative, survivors, or heirs, the compensation paid from the Uninsured Employers Fund pursuant to an award as provided in Section 3716 is conclusively presumed to be reasonable in amount and to be proximately caused by the event or events which caused the employee's injury or death.

(*l*) In the action for damages the director shall be entitled to recover, if he or she prevails, the entire amount of the damages recoverable by the director pursuant to subdivision (a), regardless of whether the damages recoverable by the employee, guardian, conservator, personal representative, survivors, or heirs are of lesser amount.

CHAPTER 462

An act to add Section 2790 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 14, 1989 Filed with Secretary of State September 15, 1989.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The State Energy Resources Conservation and Development Commission has reported that the low-income population in California constitutes between 15 to 20 percent of the state's residents, and this low-income population suffers energy costs 350 percent greater than higher income households.

(b) Notwithstanding the plight of the poor, in recent years, investor-owned energy utilities in California have requested reductions in their low-income energy assistance programs.

(c) As a result of temporary excess capacity and current low fuel costs, many energy utilities are encouraging greater energy consumption rather than promoting energy conservation measures which, in the short term, may not appear to be cost-effective.

(d) The Public Utilities Commission should consider the hardships facing low-income households as well as cost effectiveness when determining the level of low-income energy services to be

provided by utilities.

SEC. 2. Section 2790 is added to the Public Utilities Code, to read:

2790. (a) The commission shall require an electrical or gas corporation to perform home weatherization services for low-income customers, as determined by the commission under Section 739, if the commission determines that a significant need for those services exists in the corporation's service territory, taking into consideration both the cost effectiveness of the services and the policy of reducing the hardships facing low-income households.

(b) (1) For purposes of this section, "weatherization" includes, where feasible, any of the following measures for any dwelling unit:

(A) Attic insulation.

(B) Caulking.

(C) Weatherstripping.

(D) Low flow showerhead.

(E) Waterheater blanket.

(F) Door and building envelope repairs which reduce air infiltration.

(2) The commission shall direct any electrical or gas corporation to provide as many of these measures as are feasible for each eligible low-income dwelling unit.

(c) "Weatherization" may also include other building conservation measures, energy-efficient appliances, and energy education programs determined by the commission to be feasible, taking into consideration both the cost effectiveness of the measures and the policy of reducing the hardships facing low-income households.

CHAPTER 463

An act to amend Sections 14003, 14300, and 14304 of the Public Resources Code, relating to the California Conservation Corps.

[Approved by Governor September 14, 1989 Filed with Secretary of State September 15, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 14003 of the Public Resources Code is amended to read:

14003. (a) The Legislature finds and declares that the State of California has already established a model conservation corps program and that redundant federal and state programs to carry out resource protection and conservation within the state are not in the best interests of the state. Rather, it is in the best interests of the state that federal funds designated to be expended by federal agencies for this purpose be allocated, to the extent feasible, to the California Conservation Corps and local conservation corps.

(b) If federal funds are available for youth conservation corps or community service corps programs, excluding the federal Job Corps, the California Conservation Corps is hereby designated as the program recipient for the State of California, and the corps may distribute, as appropriate, any federal funds to other corps programs within the state. The director shall have the authority to adopt, amend, and repeal policies to implement the program consistent with the federal requirements and with this division.

SEC. 2. Section 14300 of the Public Resources Code is amended to read:

14300. Young women and men participating in the corps program shall generally be engaged in projects which do the following:

(a) Preserve, maintain, and enhance environmentally important lands and waters.

(b) Accomplish useful and needed public works projects in both urban and rural areas.

(c) Conserve, maintain, improve, and develop natural resources in both urban and rural areas.

(d) Provide opportunities for public use of, or education in, the areas, projects, and resources described in subdivisions (a), (b), and (c).

(e) Assist in emergency operations, such as natural disaster relief and the rescue of lost and injured persons.

(f) Assist in fire prevention and suppression.

(g) Directly contribute to the conservation of energy.

(h) Contribute toward making public facilities accessible to persons with disabilities.

(i) Assist other departments within the Resources Agency in developing, rehabilitating, and restoring parklands, recreational facilities, and historical resources; restoring salmon and steelhead spawning, nursery, and rearing habitat; restoring and preserving wildlife habitat; and enhancing reforestation in both urban and rural areas.

SEC. 3. Section 14304 of the Public Resources Code is amended to read:

14304. Projects shall be directed toward providing opportunities to the public for their education or the use of these natural resources and environmentally important public lands and waters, while at the same time providing young men and women with an opportunity for personal development in a variety of basic skills. Projects shall be undertaken in both urban and rural areas and shall be selected on the basis of the environmental and natural resource benefits each offers, the opportunities for public education or use each offers, and the on-the-job training value of each.

CHAPTER 464

An act to amend Sections 9402, 9403, 10104, and 10506 of the Commercial Code, relating to uniform laws.

[Approved by Governor September 14, 1989. Filed with Secretary of State September 15, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 9402 of the Commercial Code, as amended by Chapter 1368 of the Statutes of 1988, is amended to read:

9402. (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor, and contains a statement indicating the types, or describing the items, of collateral. A financing statement should include the debtor's trade name or style, if any, if known to the secured party, but a failure to include the trade name or style shall not under any circumstances affect the validity of the financing statement. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, or when the financing statement is filed as a fixture filing (Section 9313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subdivision (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A certified copy of a financing statement or security agreement is sufficient as a financing statement if the original thereof was filed in this state.

(2) A financing statement which otherwise complies with subdivision (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in or as a fixture filing covering any of the following:

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this state or when the debtor's location is changed to this state. The financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances.

(b) Proceeds under Section 9306, if the security interest in the original collateral was perfected. The financing statement must describe the original collateral and give the date of filing and the file number of the prior financing statement.

(c) Collateral as to which the filing has lapsed. The financing

statement must include a statement to the effect that the prior financing statement has lapsed and give the date of filing and the file number of the prior financing statement.

(d) Collateral acquired after a change of name, identity or corporate structure of the debtor (subdivision (7)). The financing statement must include a statement that the name, identity or corporate structure of the debtor has been changed and give the date of filing and the file number of the prior financing statement and the name of the debtor as shown in the prior financing statement.

(3) A form substantially as follows is sufficient to comply with subdivision (1):

Name of debtor (or assigner) _____
Address _____
Name of secured party (or assignee) _____
Address _____
Debtor's trade name or style, if any _____
1. This financing statement covers the following types (or items) of property: (Describe) _____
2. (If collateral is crops) The above-described crops are growing or are to be grown on: (Describe real estate) _____

_____

3. (If applicable) The above goods are or are to become fixtures on* (Describe real estate) _____

_____

and this financing statement is to be recorded in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is _____
4. (If products of collateral are claimed) Products of the collateral are also covered.

(Use whichever is applicable)

_____
Signature of debtor (or assigner)

_____
Signature of secured party (or assignee)

*Where appropriate substitute either "The above timber is standing on ...." or "The above mineral or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on ."

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party, or by the secured party alone in the case of an amendment pursuant to subdivision (7). An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this division, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering

minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, or a financing statement filed as a fixture filing (Section 9313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be recorded in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner. A financing statement filed as a fixture filing (Section 9313) where the debtor is not a transmitting utility must also recite either that it is filed as a fixture filing or that it covers goods which are or are to become fixtures.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if all of the following conditions are met:

(a) The goods are described in the mortgage by item or type.

(b) The goods are or are to become fixtures related to the real estate described in the mortgage.

(c) The mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records.

(d) The mortgage is duly recorded.

No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or names of partners. Where the debtor so changes his or her name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement or an appropriate amendment to the filed financing statement is filed before the acquisition of the collateral by the debtor. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading. A financing statement filed as a fixture filing (Section 9313) where the debtor is not a transmitting utility is not effective if it does not recite that it is to be recorded in the real estate records and either that it is filed as a fixture filing or that it covers goods which are or are to become fixtures.

(9) A financing statement substantially complying with the

requirements of this section creates a security interest only to the extent of the interest of the debtor.

(10) No person or entity acting for or on behalf of the parties to a financing statement shall incur any liability for the consequences of recording a financing statement in the real estate records, and no action may be brought or maintained against that person or entity as a result of the recordation.

SEC. 2. Section 9403 of the Commercial Code is amended to read:

9403. (1) Presentation for filing of a financing statement, tender of the filing fee and acceptance of the statement by the filing officer constitutes filing under this division.

(2) Except as provided in subdivision (6), a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of such five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later. Upon such lapse the security interest becomes unperfected unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse. If a fixture filing is effective at the time insolvency proceedings are commenced by or against the debtor, the fixture filing remains effective until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period or termination pursuant to subdivision (6), whichever occurs later. Upon lapse of a fixture filing, it is deemed to have been ineffective as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party of record within six months prior to the expiration of the five-year period specified in subdivision (2). Any such continuation statement must be signed by the secured party of record, identify the original statement by giving the date and the names of the parties thereto and the file number thereof and state that the original statement is continued. A continuation statement filed to continue the effectiveness of a financing statement filed as a fixture filing (Section 9313) is not effective unless the following requirements are met:

(a) If the debtor did not have an interest of record in the real estate as of the date of the filing of the original statement, the continuation statement shall contain the name of a record owner of the real estate as of the date of the filing of the original statement.

(b) The continuation statement shall contain substantially the following statement: "This continuation statement is filed to continue the effectiveness of a financing statement filed as a fixture filing"; provided, that such statement shall clearly indicate the intent

to continue the effectiveness of a financing statement as a fixture filing.

Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subdivision (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. The filing officer may remove a lapsed financing statement and related filings from the files and destroy them immediately if he or she has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he or she physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subdivision (6) shall be retained. The filing officer shall not destroy a financing statement and related filings as to which he or she has received written notice that there is an action pending relative thereto or that insolvency proceedings have been commenced by or against the debtor.

(4) Except as provided in subdivision (7) a filing officer shall mark each financing statement with a consecutive file number and with the date and time of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statement according to the name of the debtor and shall note in the index the file number and the address of the debtor given in this statement. The filing officer shall mark each continuation statement with the date and time of filing and shall index the same under the file number of the original financing statement.

(5) The uniform fee for filing, indexing and furnishing filing data (subdivision (1) of Section 9407) for an original financing statement, an amendment or a continuation statement shall be five dollars ($5) if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be six dollars ($6).

(6) If the debtor is a transmitting utility (subdivision (5) of Section 9401) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subdivision (6) of Section 9402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) A financing or continuation statement covering collateral described in paragraph (b) of subdivision (1) of Section 9401 or filed as a fixture filing shall be recorded and indexed by the filing officer in the real property index of grantors under the name of the debtor and any owner of record shown on the financing statement. A

financing or continuation statement so recorded and indexed and containing a description of real property affected thereby shall constitute constructive notice from the time of its acceptance for recording to any purchaser or encumbrancer of the real property of the security interest in such collateral.

(8) The standard form of original financing statement prescribed by the Secretary of State pursuant to subdivision (5) shall include the wording "Financing statements are effective, with certain exceptions, only for five years from the date of filing, pursuant to Section 9403 of the California Commercial Code." or substantially equivalent warning language as prescribed by the Secretary of State.

SEC. 3. Section 10104 of the Commercial Code, as added by Chapter 1359 of the Statutes of 1988, is amended to read:

(3) Failure to comply with any applicable law has only the effect specified therein.

SEC. 4. Section 10506 of the Commercial Code is amended to read:

10506. (1) An action for default under a lease contract, including breach of warranty or indemnity, must be commenced within four years after the cause of action accrued. In a lease contract that is not a consumer lease, by the original lease contract the parties may reduce the period of limitation to not less than one year.

(2) A cause of action for default accrues when the act or omission on which the default or breach of warranty is based is or should have been discovered by the aggrieved party, or when the default occurs, whichever is later. A cause of action for indemnity accrues (a) in the case of an indemnity against liability, when the act or omission on which the claim for indemnity is based is or should have been discovered by the indemnified party, whichever is later, or (b) in the

case of an indemnity against loss or damage, when the person indemnified makes payment thereof.

(3) If an action commenced within the time limited by subdivision (1) is so terminated as to leave available a remedy by another action for the same default or breach of warranty or indemnity, the other action may be commenced after the expiration of the time limited and within six months after the termination of the first action unless the termination resulted from voluntary discontinuance or from dismissal for failure or neglect to prosecute.

(4) This section does not alter the law on tolling of the statute of limitations nor does it apply to causes of action that have accrued before the operative date of this division.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Section 4707 of the Labor Code is amended to read:

4707. (a) Except as provided in subdivision (b), no benefits, except reasonable expenses of burial not exceeding one thousand dollars ($1,000), shall be awarded under this division on account of the death of an employee who is an active member of the Public Employees' Retirement System unless it is determined that a special death benefit, as defined in the Public Employees' Retirement Law, or the benefit provided in lieu of the special death benefit in Section 21365.6 of the Government Code, will not be paid by the Public Employees' Retirement System to the surviving spouse or children under 18 years of age, of the deceased, on account of the death, but if the total death allowance paid to the surviving spouse and children is less than the benefit otherwise payable under this division the surviving spouse and children are entitled, under this division, to the difference.

The amendments to this section during the 1977–78 Regular

(b) The limitation prescribed by subdivision (a) shall not apply to local safety members of the Public Employees' Retirement System.

CHAPTER 479

An act to amend Sections 1666, 13954, 23152, 23153, and 23155 of the Vehicle Code, relating to driving offenses.

[Approved by Governor September 15, 1989 Filed with Secretary of State September 15, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 1666 of the Vehicle Code is amended to read:

1666 The department shall do all of the following:

(a) Include at least one question in each test of an applicant's knowledge and understanding of the provisions of this code, as administered pursuant to Section 12804 or 12814, to verify that the applicant has read and understands the table of blood alcohol concentration published in the Driver's Handbook made available pursuant to subdivision (b) of Section 1656. In order to minimize costs, the question or questions shall be initially included at the earliest opportunity when the test is otherwise revised or reprinted.

(b) Include with each driver's license or certificate of renewal and each vehicle registration renewal mailed by the department, information which shows with reasonable certainty the amount of alcohol consumption necessary for a person to reach a 0.08 percent blood alcohol concentration by weight.

SEC. 2. Section 13954 of the Vehicle Code is amended to read:

13954. (a) Notwithstanding any other provision of this code, the department shall immediately suspend or revoke the driving privilege of any person who the department has reasonable cause to believe was in any manner involved in an accident while operating a motor vehicle if, at the time of the accident, that person had 0.08

percent or more, by weight, of alcohol in his or her blood and he or she proximately caused the accident as a result of any act prohibited, or the neglect of any duty imposed, by law and the accident occurred within five years of the date of a violation of paragraph (3) or (4) of subdivision (c) of Section 192 of the Penal Code which resulted in a conviction.

(b) If an accident described in subdivision (a) does not result in a conviction or finding of violation of Section 23152 or 23153, the department shall suspend the driving privilege under this section for one year from the date of actual commencement of the suspension. After the one-year suspension period, the driving privilege may be reinstated if evidence establishes to the satisfaction of the department that no grounds exist which would authorize the refusal to issue a license, that reinstatement of the driving privilege would not jeopardize the safety of the person or other persons upon the highways, and if the person gives proof of ability to respond in damages as defined in Section 16430.

(c) If an accident described in subdivision (a) does result in a conviction or finding of a violation of Section 23152 or 23153, the department shall revoke the driving privilege under this section for three years from the date of actual commencement of the revocation. After the three-year revocation period, the driving privilege may be reinstated if evidence establishes to the satisfaction of the department that no grounds exist which would authorize the refusal to issue a license and that reinstatement of the driving privilege would not jeopardize the safety of the person or other persons upon the highways and if the person gives proof of the ability to respond in damages as defined in Section 16430.

(d) Any revocation action under subdivision (c) shall be imposed as follows:

(1) If the accident results in a first conviction of a violation of Section 23152 or 23153, or if the person was convicted of a separate violation of Section 23152 or 23153 which occurred within five years of the accident, the period of revocation under subdivision (c) shall be concurrent with any period of restriction, suspension, or revocation imposed under Section 13352 or 13352.5.

(2) If the person was convicted of two or more separate violations of Section 23152 or 23153, or both, which occurred within five years of the accident, the period of revocation under subdivision (c) shall be cumulative and shall be imposed consecutively with any period of restriction, suspension, or revocation imposed under Section 13352 or 13352.5.

(e) The department shall immediately notify the person in writing of the action taken and, upon the person's request in writing and within 15 days from the date of receipt of that request, shall grant the person an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section. For purposes of this section, the scope of the hearing

shall cover the issues of whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, whether the person had been placed under lawful arrest, and whether a chemical test of the person's blood, breath, or urine indicated that the blood-alcohol level was 0.08 percent or more, by weight, at the time of testing. If the department determines, upon a hearing of the matter, that the person had not been placed under lawful arrest, or that a chemical test of the person's blood, breath, or urine did not indicate a blood-alcohol level of 0.08 percent or more, by weight, at the time of testing, the suspension or revocation shall be immediately terminated.

(f) This section is applicable if the accident occurred on or after January 1, 1990, without regard for the dates of the violations referred to in subdivisions (a) and (d).

(g) Notwithstanding subdivision (f), if a person's privilege to operate a motor vehicle is required to be suspended or revoked pursuant to this section as it read before January 1, 1990, as a result of an accident which occurred before January 1, 1990, the privilege shall be suspended or revoked pursuant to this section as it read before January 1, 1990.

SEC. 3. Section 23152 of the Vehicle Code is amended to read:

23152. (a) It is unlawful for any person who is under the influence of an alcoholic beverage or any drug, or under the combined influence of an alcoholic beverage and any drug, to drive a vehicle.

(b) It is unlawful for any person who has 0.08 percent or more, by weight, of alcohol in his or her blood to drive a vehicle.

For purposes of this subdivision, percent, by weight, of alcohol shall be based upon grams of alcohol per 100 milliliters of blood.

In any prosecution under this subdivision, it is a rebuttable presumption that the person had 0.08 percent or more, by weight, of alcohol in his or her blood at the time of driving the vehicle if the person had 0.08 percent or more, by weight, of alcohol in his or her blood at the time of the performance of a chemical test within three hours after the driving.

(c) It is unlawful for any person who is addicted to the use of any drug to drive a vehicle. This subdivision shall not apply to a person who is participating in a methadone maintenance treatment program approved pursuant to Article 3 (commencing with Section 4350) of Chapter 1 of Part 1 of Division 4 of the Welfare and Institutions Code.

SEC. 4. Section 23153 of the Vehicle Code is amended to read:

23153. (a) It is unlawful for any person, while under the influence of an alcoholic beverage or any drug, or under the combined influence of an alcoholic beverage and any drug, to drive a vehicle and, when so driving, do any act forbidden by law or neglect any duty imposed by law in the driving of the vehicle, which act or neglect proximately causes bodily injury to any person other

than the driver.

(b) It is unlawful for any person, while having 0.08 percent or more, by weight, of alcohol in his or her blood to drive a vehicle and, when so driving, do any act forbidden by law or neglect any duty imposed by law in the driving of the vehicle, which act or neglect proximately causes bodily injury to any person other than the driver.

For purposes of this subdivision, percent, by weight, of alcohol shall be based upon grams of alcohol per 100 milliliters of blood.

In any prosecution under this subdivision, it is a rebuttable presumption that the person had 0.08 percent or more, by weight, of alcohol in his or her blood at the time of driving the vehicle if the person had 0.08 percent or more, by weight, of alcohol in his or her blood at the time of the performance of a chemical test within three hours after the driving.

(c) In proving the person neglected any duty imposed by law in the driving of the vehicle, it is not necessary to prove that any specific section of this code was violated.

SEC. 5. Section 23155 of the Vehicle Code is amended to read:

23155. (a) Upon the trial of any criminal action, or preliminary proceeding in a criminal action, arising out of acts alleged to have been committed by any person while driving a vehicle while under the influence of an alcoholic beverage in violation of subdivision (a) of Section 23152 or subdivision (a) of Section 23153, the amount of alcohol in the person's blood at the time of the test as shown by chemical analysis of that person's blood, breath, or urine shall give rise to the following presumptions affecting the burden of proof:

(1) If there was at that time less than 0.05 percent by weight of alcohol in the person's blood, it shall be presumed that the person was not under the influence of an alcoholic beverage at the time of the alleged offense.

(2) If there was at that time 0.05 percent or more but less than 0.08 percent by weight of alcohol in the person's blood, that fact shall not give rise to any presumption that the person was or was not under the influence of an alcoholic beverage, but the fact may be considered with other competent evidence in determining whether the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(3) If there was at that time 0.08 percent or more by weight of alcohol in the person's blood, it shall be presumed that the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(b) Percent by weight of alcohol in the blood shall be based upon grams of alcohol per 100 milliliters of blood.

(c) This section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person ingested any alcoholic beverage or was under the influence of an alcoholic beverage at the time of the alleged offense.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 480

An act to amend Section 1700.5 of the Labor Code, relating to talent agencies.

[Approved by Governor September 15, 1989 Filed with Secretary of State September 15, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 1700.5 of the Labor Code is amended to read:

1700.5. No person shall engage in or carry on the occupation of a talent agency without first procuring a license therefor from the Labor Commissioner. The license shall be posted in a conspicuous place in the office of the licensee. The license number shall be referred to in any advertisement for the purpose of the solicitation of talent for the talent agency.

Licenses issued for talent agencies prior to the effective date of this chapter shall not be invalidated thereby, but renewals of those licenses shall be obtained in the manner prescribed by this chapter.

CHAPTER 481

An act to amend Sections 69.5 and 1603 of, and to add Sections 1615 and 1624.05 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 15, 1989 Filed with Secretary of State September 18, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 69.5 of the Revenue and Taxation Code, as amended by Section 2.5 of Chapter 1271 of the Statutes of 1988, is amended to read:

69.5. (a) (1) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years who

resides in property which is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the base year value of that property to any replacement dwelling of equal or lesser value which is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(2) Notwithstanding the limitation in paragraph (1) requiring that the original property and the replacement dwelling be located in the same county, this limitation shall not apply in any county in which the county board of supervisors, after consultation with local affected agencies within the boundaries of the county, adopts an ordinance making the provisions of paragraph (1) also applicable to situations in which replacement dwellings are located in that county and the original properties are located in another county within this state. The authorization contained in this paragraph shall be applicable in a county only if the ordinance adopted by the board of supervisors complies with the following requirements:

(A) It is adopted only after consultation between the board of supervisors and all other local affected agencies within the county's boundaries.

(B) It requires that all claims for transfers of base year value from original property located in another county be granted if the claims meet the applicable requirements of both subdivision (a) of Section 2 of Article XIII A of the California Constitution and this section.

(C) It requires that all base year valuations of original property located in another county and determined by its assessor be accepted in connection with the granting of claims for transfers of base year value.

(D) The ordinance provides that its provisions shall remain operative for a period of not less than five years.

(E) The ordinance specifies the date on and after which its provisions shall be applicable. However, the date specified shall not be earlier than November 9, 1988. The specified applicable date may be a date earlier than the date the county adopts the ordinance.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowner's exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time

of its sale or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowner's exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and which, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) (A) For purposes of paragraph (1) of subdivision (a), the replacement dwelling, including that portion of land on which it is situated which is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(B) For purposes of paragraph (2) of subdivision (a), the replacement dwelling, including that portion of the land on which it is situated which is specified in paragraph (5), is located entirely within the county.

(7) The claimant has not previously been granted the property tax relief provided by this section. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors. The board may specify that the information include all or a part of the names and social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data-processing media or other media and in a format which is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant, includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit development. If the unit or lot constitutes the original property

of the claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A mobilehome or a mobilehome and any land owned by the claimant on which the mobilehome is situated. If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the mobilehome or the base year value of the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor of that portion of land which does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g). If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the claimant's original property either to the mobilehome or the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor to that portion of land which does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of original property, as a joint tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years shall be eligible under this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them shall be deemed eligible.

In the case of coowners whose original property is a multiunit

dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership which either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value determined in accordance with this section because the property qualifies as a replacement dwelling.

(f) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor, on a form which the assessor shall make available upon request, the following information:

(1) The name and social security number of the claimant and of any spouse of the claimant who was a record owner of the original property at the time of its sale or is a record owner of the replacement dwelling.

(2) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age. In the absence of available proof, the claimant shall certify under penalty of perjury that the age requirement is met.

(3) The address and, if known, the assessor's parcel number of the original property and, if the original property is located within another county, the name of the county or counties and, if applicable, city or cities in which the original property is located.

(4) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(5) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

(6) If the original property and the replacement dwelling are located in different counties, the base year value of the original property determined by the assessor of the county in which the original property is located.

The State Board of Equalization shall design the form for claiming eligibility.

Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed.

(g) For purposes of this section:

(1) "Person over the age of 55 years" means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of original property.

(2) "Base year value of the original property" means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property is sold by the claimant.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, "base year value of the original property" also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the "base year value of the original property" shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(3) "Replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, which is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size which is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling.

(4) "Original property" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, which is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of original property includes only that area of reasonable size which is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate original property.

(5) "Equal or lesser value" means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash

value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if either of the following conditions are met:

(i) The replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

(ii) The replacement dwelling is purchased or newly constructed on or after November 5, 1986, and on or before January 1, 1988, and within two years of the sale of the original property.

For the purposes of this paragraph, if the replacement dwelling is, in part, purchased and, in part, newly constructed, the date the "replacement dwelling is purchased or newly constructed" is the date of purchase or the date of completion of construction, whichever is later.

(6) "Full cash value of the replacement dwelling" means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) "Full cash value of the original property" means its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) "Sale" means any change in ownership of the original property for consideration.

(9) "Claimant" means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the original property or the replacement dwelling, whether or not that spouse joined in the claim, the spouse shall also be deemed a claimant for purposes of determining whether in any future claim filed by the spouse under this section the condition of eligibility specified in paragraph (7) of subdivision (b) has or has not been met by the spouse.

(10) "Property which is eligible for the homeowner's exemption" includes property which is the principal place of residence of its owner and is entitled to exemption pursuant to Section 205.5.

(11) "Consultation" means a noticed hearing conducted by a county board of supervisors concerning the adoption of an ordinance described in paragraph (2) of subdivision (a) and with respect to which all local affected agencies within the boundaries of the county are provided with reasonable notice of the time and place of the hearing and a reasonable opportunity to appear and participate at the hearing.

(12) "Local affected agency" means any city, special district, school district, or community college district which receives an annual property tax revenue allocation.

(h) Upon the timely filing of a claim, the assessor shall adjust the new base year value of the replacement dwelling in conformity with this section. This adjustment shall be made as of the latest of the following dates:

(1) The date the original property is sold.

(2) The date the replacement dwelling is purchased.

(3) The date the new construction of the replacement dwelling is completed.

Any taxes which were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed the amount which would be due when determined on the basis of the adjusted new base year value.

Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(i) (1) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, this section shall apply to any replacement dwelling which is purchased or newly constructed on or after November 5, 1986.

(2) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, this section shall apply to any replacement dwelling which is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

(j) The amendments to this section made by the act adding this subdivision, and the amendments to this section during the 1989 portion of the 1989–90 Regular Session of the Legislature, shall remain operative only until January 1, 1999, and on that date are repealed.

SEC. 2. Section 1603 of the Revenue and Taxation Code is amended to read:

1603. (a) A reduction in an assessment on the local roll shall not be made unless the party affected or his or her agent makes and files with the county board a verified, written application showing the facts claimed to require the reduction and the applicant's opinion of the full value of the property. The form for the application shall be prescribed by the State Board of Equalization.

(b) The application shall be filed within the time period beginning July 2 and continuing through and including September

15. An application that is mailed and postmarked September 15 or earlier within that period shall be deemed to have been filed within the time period beginning July 2 and continuing through and including September 15. If the taxpayer does not receive the notice of assessment described in Section 619 at least 15 calendar days prior to the deadline to file the application described in this subdivision, the party affected, or his or her agent, may file an application within 60 days of receipt of the notice of assessment or within 60 days of the mailing of the tax bill, whichever is earlier, along with an affidavit declaring under penalty of perjury that the notice was not timely received.

(c) However, the application may be filed within 12 months following the month in which the assessee is notified of the assessment, if the party affected or his or her agent and the assessor stipulate that there is an error in the assessment as the result of the exercise of the assessor's judgment in determining the full cash value of the property and a written stipulation as to the full cash value and assessed value is filed in accordance with Section 1607.

(d) In the form provided for making application pursuant to this section, there shall be a notice that written findings of facts of the local equalization hearing will be available upon written request at the requester's expense and, if not so requested, the right to such written findings is waived. The form shall provide appropriate space for the applicant to request written findings of facts as provided by Section 1611.5.

SEC. 3. Section 1615 is added to the Revenue and Taxation Code, to read:

1615. No action or proceeding shall be brought in any court on behalf of any governmental officer, agency or entity to review a decision of the county board of equalization or an assessment appeals board unless such action or proceeding is commenced within six months from the date the board makes its final determination.

CHAPTER 482

An act to amend Section 987 of the Civil Code, relating to fine art.

[Approved by Governor September 15, 1989. Filed with Secretary of State September 18, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 987 of the Civil Code is amended to read:

987. (a) The Legislature hereby finds and declares that the physical alteration or destruction of fine art, which is an expression of the artist's personality, is detrimental to the artist's reputation, and artists therefore have an interest in protecting their works of fine art against any alteration or destruction; and that there is also a public interest in preserving the integrity of cultural and artistic creations.

(b) As used in this section:

(1) "Artist" means the individual or individuals who create a work of fine art.

(2) "Fine art" means an original painting, sculpture, or drawing, or an original work of art in glass, of recognized quality, but shall not include work prepared under contract for commercial use by its purchaser.

(3) "Person" means an individual, partnership, corporation, association or other group, however organized.

(4) "Frame" means to prepare, or cause to be prepared, a work of fine art for display in a manner customarily considered to be appropriate for a work of fine art in the particular medium.

(5) "Restore" means to return, or cause to be returned, a deteriorated or damaged work of fine art as nearly as is feasible to its original state or condition, in accordance with prevailing standards.

(6) "Conserve" means to preserve, or cause to be preserved, a work of fine art by retarding or preventing deterioration or damage through appropriate treatment in accordance with prevailing standards in order to maintain the structural integrity to the fullest extent possible in an unchanging state.

(7) "Commercial use" means fine art created under a work-for-hire arrangement for use in advertising, magazines, newspapers, or other print and electronic media.

(c) (1) No person, except an artist who owns and possesses a work of fine art which the artist has created, shall intentionally commit, or authorize the intentional commission of, any physical defacement, mutilation, alteration, or destruction of a work of fine art.

(2) In addition to the prohibitions contained in paragraph (1), no person who frames, conserves, or restores a work of fine art shall commit, or authorize the commission of, any physical defacement, mutilation, alteration, or destruction of a work of fine art by any act constituting gross negligence. For purposes of this section, the term

"gross negligence" shall mean the exercise of so slight a degree of care as to justify the belief that there was an indifference to the particular work of fine art.

(d) The artist shall retain at all times the right to claim authorship, or, for a just and valid reason, to disclaim authorship of his or her work of fine art.

(e) To effectuate the rights created by this section, the artist may commence an action to recover or obtain any of the following:

(1) Injunctive relief.

(2) Actual damages.

(3) Punitive damages. In the event that punitive damages are awarded, the court shall, in its discretion, select an organization or organizations engaged in charitable or educational activities involving the fine arts in California to receive any punitive damages.

(4) Reasonable attorneys' and expert witness fees.

(5) Any other relief which the court deems proper.

(f) In determining whether a work of fine art is of recognized quality, the trier of fact shall rely on the opinions of artists, art dealers, collectors of fine art, curators of art museums, and other persons involved with the creation or marketing of fine art.

(g) The rights and duties created under this section:

(1) Shall, with respect to the artist, or if any artist is deceased, his or her heir, beneficiary, devisee, or personal representative, exist until the 50th anniversary of the death of the artist.

(2) Shall exist in addition to any other rights and duties which may now or in the future be applicable.

(3) Except as provided in paragraph (1) of subdivision (h), may not be waived except by an instrument in writing expressly so providing which is signed by the artist.

(h) (1) If a work of fine art cannot be removed from a building without substantial physical defacement, mutilation, alteration, or destruction of the work, the rights and duties created under this section, unless expressly reserved by an instrument in writing signed by the owner of the building, containing a legal description of the property and properly recorded, shall be deemed waived. The instrument, if properly recorded, shall be binding on subsequent owners of the building.

(2) If the owner of a building wishes to remove a work of fine art which is a part of the building but which can be removed from the building without substantial harm to the fine art, and in the course of or after removal, the owner intends to cause or allow the fine art to suffer physical defacement, mutilation, alteration, or destruction, the rights and duties created under this section shall apply unless the owner has diligently attempted without success to notify the artist, or, if the artist is deceased, his or her heir, beneficiary, devisee, or personal representative, in writing of his intended action affecting the work of fine art, or unless he did provide notice and that person failed within 90 days either to remove the work or to pay for its removal. If the work is removed at the expense of the artist, his or

her heir, beneficiary, devisee, or personal representative, title to the fine art shall pass to that person.

(3) If a work of fine art can be removed from a building scheduled for demolition without substantial physical defacement, mutilation, alteration, or destruction of the work, and the owner of the building has notified the owner of the work of fine art of the scheduled demolition or the owner of the building is the owner of the work of fine art, and the owner of the work of fine art elects not to remove the work of fine art, the rights and duties created under this section shall apply, unless the owner of the building has diligently attempted without success to notify the artist, or, if the artist is deceased, his or her heir, beneficiary, devisee, or personal representative, in writing of the intended action affecting the work of fine art, or unless he did provide notice and that person failed within 90 days either to remove the work or to pay for its removal. If the work is removed at the expense of the artist, his or her heir, beneficiary, devisee, or personal representative, title to the fine art shall pass to that person.

(4) Nothing in this subdivision shall affect the rights of authorship created in subdivision (d) of this section.

(i) No action may be maintained to enforce any liability under this section unless brought within three years of the act complained of or one year after discovery of the act, whichever is longer.

(j) This section shall become operative on January 1, 1980, and shall apply to claims based on proscribed acts occurring on or after that date to works of fine art whenever created.

(k) If any provision of this section or the application thereof to any person or circumstance is held invalid for any reason, the invalidity shall not affect any other provisions or applications of this section which can be effected without the invalid provision or application, and to this end the provisions of this section are severable.

SEC. 2. It is the intent of the Legislature that the amendment to Section 987 of the Civil Code made by this act shall not apply to a work of fine art that is a part of a building for which a demolition permit has been issued prior to the effective date of this act.

CHAPTER 483

An act to add Section 2893 to the Public Utilities Code, relating to privacy.

[Approved by Governor September 15, 1989. Filed with Secretary of State September 18, 1989.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Telephone subscribers have a right to privacy, and the

protection of this right to privacy is of paramount state concern.

(b) To exercise their right of privacy, telephone subscribers must be able to limit the dissemination of their telephone number to persons of their choosing.

SEC. 2. Section 2893 is added to the Public Utilities Code, to read:

2893. (a) The commission shall, by rule or order, require that every telephone call identification service offered in this state by a telephone corporation, or by any other person or corporation that makes use of the facilities of a telephone corporation, shall allow a caller to withhold display of the caller's telephone number, on an individual basis, from the telephone instrument of the individual receiving the telephone call placed by the caller.

(b) There shall be no charge to the caller who requests that his or her telephone number be withheld from the recipient of any call placed by the caller.

(c) The commission shall direct every telephone corporation to notify its subscribers that their calls may be identified to a called party either:

(1) Thirty or more days before the telephone corporation commences to participate in the offering of a call identification service.

(2) By March 1, 1990, if the telephone corporation is participating in a call identification service prior to January 1, 1990.

(d) This section does not apply to any of the following:

(1) An identification service which is used within the same limited system, including, but not limited to, a Centrex or private branch exchange (PBX) system, as the recipient telephone.

(2) An identification service which is used on a public agency's emergency telephone line or on the line which receives the primary emergency telephone number (911).

(3) Any identification service provided in connection with legally sanctioned call tracing or tapping procedures.

(4) Any identification service provided in connection with any "800" or "900" access code telephone service until the telephone corporation develops the technical capability to comply with subdivision (a), as determined by the commission.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 484

An act to amend Section 854 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 15, 1989 Filed with Secretary of State September 18, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 854 of the Public Utilities Code is amended to read:

854. (a) No person or corporation, whether or not organized under the laws of this state, shall acquire or control either directly or indirectly any public utility organized and doing business in this state without first securing authorization to do so from the commission. The commission may establish by order or rule the definitions of what constitute acquisition or control activities which are subject to this section. Any such acquisition or control without that prior authorization shall be void and of no effect. No public utility organized and doing business under the laws of this state, and no subsidiary or affiliate of, or corporation holding a controlling interest in a public utility, shall aid or abet any violation of this section.

(b) Before authorizing the acquisition or control of any electric, gas, or telephone utility organized and doing business in this state, where the acquiring or to be acquired utility has gross annual California revenues exceeding five hundred million dollars ($500,000,000), the commission shall find that the proposal does both of the following:

(1) Provide net benefits to ratepayers in both the short-term and long-term, and provide a ratemaking method that will ensure, to the fullest extent possible, that ratepayers will receive the forecasted short- and long-term benefits.

(2) Not adversely affect competition. In making this finding, the commission shall request an advisory opinion from the Attorney General regarding whether competition will be adversely affected and what mitigation measures could be adopted to avoid this result.

(c) Before authorizing the acquisition or control of any electric, gas, or telephone utility organized and doing business in this state, where the acquiring or to be acquired utility has gross annual California revenues exceeding five hundred million dollars ($500,000,000), the commission shall consider each of the criteria listed in paragraphs (1) to (7), inclusive, and find, on balance, that the acquisition or control proposal is in the public interest.

(1) Maintain or improve the financial condition of the resulting public utility doing business in the state.

(2) Maintain or improve the quality of service to public utility ratepayers in the state.

(3) Maintain or improve the quality of management of the resulting public utility doing business in the state.

(4) Be fair and reasonable to affected public utility employees, including both union and nonunion employees.

(5) Be fair and reasonable to the majority of all affected public utility shareholders.

(6) Be beneficial on an overall basis to state and local economies, and to the communities in the area served by the resulting public utility.

(7) Preserve the jurisdiction of the commission and the capacity of the commission to effectively regulate and audit public utility operations in the state.

(8) Generally provide mitigation conditions to prevent significant adverse consequences which may result.

(d) When reviewing an acquisition or control proposal, the commission shall consider reasonable options to the proposal recommended by other parties, including no new acquisition or control, to determine whether comparable short-term and long-term benefits can be achieved through other means while avoiding the possible adverse consequences of the proposal.

(e) The person or corporation seeking acquisition or control of a public utility organized and doing business in this state shall have, before the commission, the burden of proving by a preponderance of the evidence that the requirements of subdivisions (b) and (c) are met.

(f) In determining whether an acquiring utility has gross annual revenues exceeding the amount specified in subdivisions (b) and (c), the revenues of that utility's affiliates shall not be considered unless the affiliate was utilized for the purpose of effecting the merger, acquisition, or control.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 485

An act to amend Section 21025.1 of, and to add Section 21365.7 to, the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor September 15, 1989. Filed with Secretary of State September 18, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 21025.1 of the Government Code is amended to read:

21025.1. The governing body of a contracting agency shall make its determination within six months of the date of the receipt by the contracting agency of the request by the board pursuant to Section 21024 for a determination with respect to a local safety member.

A local safety member may waive the requirements of this section.

SEC. 2. Section 21365.7 is added to the Government Code, to read:

21365.7. When a member, who is eligible to retire and who has attained the minimum age for voluntary service retirement applicable to him or her in his or her last employment preceding death, dies in circumstances in which the basic death benefit is payable other than solely upon the basis of membership in a county retirement system or a retirement system maintained by the university, and when the member has made a preretirement election of the benefits provided by Section 21365.5 for his or her surviving spouse and, if none, for any eligible surviving children or Section 21365.6, if payable, for his or her surviving spouse, and the designated spouse or children survive the member, a monthly allowance equal to the amount provided by the elected benefit shall be payable to the designated spouse or children.

No benefit is payable under this section if the special death benefit is payable.

The allowance provided by this section shall be paid in lieu of the basic death benefit, but a person or the guardian of a person, designated for the allowance may elect, before the first payment on account of it, to receive the basic death benefit in lieu of the allowance.

If the accrued allowance paid under this section is less than the basic death benefit payable, any such balance shall be payable to the beneficiary designated by the recipient of this allowance.

This section shall apply only to a member whose death occurs on or after January 1, 1990.

As used in this section, "a surviving spouse" means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his or her death. "Children" means unmarried children under age 18, until they reach age 18 or

marry prior to age 18.

Nothing in this section is intended to, or shall be construed to, diminish any rights conferred by Section 21365.5 or 21365.6 or by any other provision of this part.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 486

An act to add Section 7715 to the Fish and Game Code, relating to fish, and making an appropriation therefor.

[Approved by Governor September 15, 1989 Filed with Secretary of State September 18, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 7715 is added to the Fish and Game Code, to read:

7715. (a) If the State Director of Health Services determines, based on thorough and adequate scientific evidence, that any species or subspecies of fish is likely to pose a human health risk from high levels of toxic substances, the Director of Fish and Game may order the closure of any waters or otherwise restrict the taking under a commercial fishing license in state waters of that species. Any such closure or restriction order shall be adopted by emergency regulation in accordance with Chapter 3.5 (commencing with Section 11341) of Division 3 of Title 2 of the Government Code.

(b) Any closure or restriction pursuant to subdivision (a) shall become inoperative when the State Director of Health Services determines that a health risk no longer exists. Upon making such a determination, the State Director of Health Services shall notify the Director of Fish and Game and shall request that those waters be reopened for commercial fishing.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 487

An act to add Section 1422.1 to the Health and Safety Code, relating to health.

[Approved by Governor September 15, 1989. Filed with Secretary of State September 18, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Residents in licensed long-term health care facilities who receive treatment services from special treatment programs for the mentally disordered provided by those facilities have unique treatment needs.

(b) Current health facility survey teams are primarily professionals trained in care of the physical health of patients.

(c) There is a need to ensure that survey teams assigned to evaluate special treatment programs for the mentally disordered have specific training in the treatment needs of the mentally disordered resident.

SEC. 2. Section 1422.1 is added to the Health and Safety Code, to read:

(a) Notwithstanding Section 1422, the State Department of Health Services shall conduct, when feasible, annual licensing inspections of licensed long-term health care facilities providing special treatment programs for the mentally disordered, concurrently with inspections conducted by the State Department of Mental Health for the purposes of approving the special treatment program.

[Approved by Governor September 15, 1989. Filed with Secretary of State September 18, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1569.13 of the Health and Safety Code is amended to read:

1569.13. (a) The department may contract for state, county, or other public agencies to assume specified licensing, approval, or consultation responsibilities. In exercising the authority so delegated, these agencies shall conform to the requirements of this chapter and to the rules, regulations, and standards of the department. The department shall reimburse agencies for services performed pursuant to this section, and the payments shall not exceed actual cost.

If any grants-in-aid are made by the federal government for the support of any inspection or consultation service approved by the department, the amount of the federal grant shall first be applied to defer the cost of the service before state reimbursement is made.

(b) The department may contract with any county for the purposes of having the county assume the responsibility within the county for the licensing and regulation of residential care facilities for the elderly serving six or fewer persons. Prior to the department contracting with any county for the licensing and regulation of residential care facilities for the elderly serving six or fewer persons, the department shall develop uniform standards which specify and delineate the responsibilities of contracting counties and the department. The department shall reimburse the county for the services performed, not to exceed the actual cost, out of the funds allocated to the department for the licensing and regulation of those facilities. The county shall conform to the requirements of this chapter and to the rules, regulations, and standards of the department.

CHAPTER 489

CHAPTER 490

An act to amend Section 597f of, and to add Section 598b to, the Penal Code, relating to animals.

[Approved by Governor September 15, 1989 Filed with Secretary of State September 18, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 597f of the Penal Code is amended to read:

597f. (a) Every owner, driver, or possessor of any animal, who permits the animal to be in any building, enclosure, lane, street, square, or lot, of any city, city and county, or judicial district, without proper care and attention, shall, on conviction, be deemed guilty of a misdemeanor. And it shall be the duty of any peace officer, officer

of the humane society, or officer of a pound or animal regulation department of a public agency, to take possession of the animal so abandoned or neglected and care for the animal until it is redeemed by the owner or claimant, and the cost of caring for the animal shall be a lien on the animal until the charges are paid. Every sick, disabled, infirm, or crippled animal, except a dog or cat, which shall be abandoned in any city, city and county, or judicial district, may, if after due search no owner can be found therefor, be killed by the officer; and it shall be the duty of all peace officers, an officer of such society, or officer of a pound or animal regulation department of a public agency to cause the animal to be killed on information of such abandonment. The officer may likewise take charge of any animal, including a dog or cat, that by reason of lameness, sickness, feebleness, or neglect, is unfit for the labor it is performing, or that in any other manner is being cruelly treated; and, if the animal is not then in the custody of its owner, the officer shall give notice thereof to the owner, if known, and may provide suitable care for the animal until it is deemed to be in a suitable condition to be delivered to the owner, and any necessary expenses which may be incurred for taking care of and keeping the animal shall be a lien thereon, to be paid before the animal can be lawfully recovered.

(b) It shall be the duty of all officers of pounds or humane societies, and animal regulation departments of public agencies to convey, and for police and sheriff departments, to cause to be conveyed all injured cats and dogs found without their owners in a public place directly to a veterinarian known by the officer or agency to be a veterinarian that ordinarily treats dogs and cats for a determination of whether the animal shall be immediately and humanely destroyed or shall be hospitalized under proper care and given emergency treatment.

If the owner does not redeem the animal within the locally prescribed waiting period, the veterinarian may personally perform euthanasia on the animal; or, if the animal is treated and recovers from its injuries, the veterinarian may keep the animal for purposes of adoption, provided the responsible animal control agency has first been contacted and has refused to take possession of the animal.

Whenever any animal is transferred pursuant to this subdivision to a veterinarian in a clinic, such as an emergency clinic which is not in continuous operation, the veterinarian may, in turn, transfer the animal to an appropriate facility.

If the veterinarian determines that the animal shall be hospitalized under proper care and given emergency treatment, the costs of any services which are provided pending the owner's inquiry to the agency, department, or society shall be paid from the dog license fees, fines, and fees for impounding dogs in the city, county, or city and county in which the animal was licensed or if the animal is unlicensed the jurisdiction in which the animal was found, subject to the provision that this cost be repaid by the animal's owner. No veterinarian shall be criminally or civilly liable for any decision

which he or she makes or services which he or she provides pursuant to this section.

(c) An animal control agency which takes possession of an animal pursuant to subdivision (b), shall keep records of the whereabouts of the animal for a 72-hour period from the time of possession and those records shall be available to inspection by the public upon request.

(d) Notwithstanding any other provisions of this section, any officer of a pound or animal regulation department or humane society, or any officer of a police or sheriff's department may, with the approval of his or her immediate superior, humanely destroy any abandoned animal in the field in any case where the animal is too severely injured to move or where a veterinarian is not available and it would be more humane to dispose of the animal.

SEC. 2. Section 598b is added to the Penal Code, to read:

598b. (a) Every person is guilty of a misdemeanor who possesses, imports into this state, sells, buys, gives away, or accepts any carcass or part of any carcass of any animal traditionally or commonly kept as a pet or companion with the sole intent of using or having another person use any part of that carcass for food.

(b) Every person is guilty of a misdemeanor who possesses, imports into this state, sells, buys, gives away, or accepts any animal traditionally or commonly kept as a pet or companion with the sole intent of killing or having another person kill that animal for the purpose of using or having another person use any part of the animal for food.

(c) This section shall not be construed to interfere with the production, marketing, or disposal of any livestock, poultry, fish, shell fish, or any other agricultural commodity produced in this state. Nor shall this section be construed to interfere with the lawful killing of wildlife, or the lawful killing of any other animal under the laws of this state pertaining to game animals.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 491

An act to amend Sections 13651 and 13652 of the Business and Professions Code, relating to service stations.

[Approved by Governor September 15, 1989. Filed with Secretary of State September 18, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 13651 of the Business and Professions Code is amended to read:

13651. (a) On and after January 1, 1985, every service station in this state shall provide, during operating hours, water, compressed air, and a gauge for measuring air pressure, to the public for use in servicing any passenger vehicle, as defined in Section 465 of the Vehicle Code, or any commercial vehicle, as defined in Section 260 of the Vehicle Code, with an unladen weight of 6,000 pounds or less.

(b) (1) On and after January 1, 1990, every service station in this state located within 660 feet of an accessible right-of-way of any interstate or primary highway, as defined in Sections 5215 and 5220, shall provide, during business hours, public restrooms for use by its customers. Service stations shall not charge customers separately for the use of restroom facilities.

(2) The public restroom shall not be temporary or portable but shall be permanent and shall include separate facilities for men and women, each with toilets and sinks suitable for use by the handicapped in accordance with Section 19955.5 of the Health and Safety Code and Title 24 of the California Code of Regulations and shall be maintained in a clean and sanitary manner.

(4) For the purposes of this subdivision, "customer" means a person who purchases any product available for sale on the premises of the service station, including items not related to the repairing or servicing of a motor vehicle.

SEC. 2. Section 13652 of the Business and Professions Code is amended to read:

13652. (a) Any person who intentionally violates any provision of this chapter or any regulation promulgated pursuant thereto is guilty of an infraction, and, upon conviction, shall be punished by a fine not to exceed fifty dollars ($50) for each day that the person violates the provision or regulation.

(b) The failure of an owner or manager of a service station to have adequate water and air facilities available for use by the public, or to provide permanent public restrooms for use by its customers, as required by subdivision (b) of Section 13651, for five consecutive

working days, constitutes a rebuttable presumption affecting the burden of proof that the owner or manager has intentionally violated this chapter. This subdivision does not apply to restrooms rendered inoperable as a result of vandalism or plumbing problems that may not be readily repaired.

(c) Notwithstanding any other provision of this chapter, no person shall be guilty of the infraction specified in subdivision (a) if that person, within seven days after receiving notification from the city attorney, district attorney, or Attorney General of any violation of this chapter, makes whatever changes are necessary to comply with the requirements of this chapter.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. The Legislature intends, pursuant to the enactment of Chapter 8 (commencing with Section 52200) of Part 28 of the Education Code, to reenact the Gifted and Talented Pupil Program.

SEC. 2. Chapter 8 (commencing with Section 52200) is added to Part 28 of the Education Code, to read:

CHAPTER 8. GIFTED AND TALENTED PUPIL PROGRAM

52200. (a) The Legislature finds and declares that it is in the public interest to support unique opportunities for high-achieving and underachieving pupils in the public elementary and secondary schools of California who are identified as gifted and talented. The Legislature further declares its intent that special efforts be made to ensure that pupils from economically disadvantaged and varying cultural backgrounds be provided with full participation in these unique opportunities.

(b) In addition, it is the intent of the Legislature to improve the quality of existing programs for gifted and talented pupils and to provide for experimentation in the delivery of the programs, including a variety of programmatic approaches and cost levels. It is also the intent of the Legislature to provide for the identification of gifted and talented pupils by individual school districts in a variety of ways so long as this does not serve to diminish the quality of programs for individual pupils.

(c) The Legislature is committed to the belief that programs for gifted and talented pupils should include all of the following:

(1) Differentiated opportunities for learning commensurate with the gifted and talented pupil's particular abilities and talents.

(2) Alternative learning environments in which gifted and talented pupils can acquire skills and understanding at advanced ideological and creative levels commensurate with their potentials.

(3) Elements that help gifted and talented pupils develop sensitivity and responsibility to others.

(4) Elements that help to develop a commitment in gifted and talented pupils to constructive ethical standards.

(5) Elements that assist gifted and talented pupils to develop self-generating problem-solving abilities to expand each pupil's awareness of choices for satisfying contributions in his or her environment.

(6) Elements that help gifted and talented pupils develop realistic, healthy self-concepts.

52201. (a) "Gifted and talented pupil," as used in this chapter, means a pupil enrolled in a public elementary or secondary school of this state who is identified as possessing demonstrated or potential abilities that give evidence of high performance capability as defined pursuant to Section 52202.

(b) "Program" means an appropriately differentiated curriculum provided by a district for gifted and talented pupils which meets the standards established pursuant to this chapter, and also includes the identification of these pupils.

(c) "Participating pupil" means a pupil identified as a gifted and talented pupil who takes part in a program for at least one semester of a school year.

52202. For the purposes of this chapter, the demonstrated or potential abilities that give evidence of high performance capability shall be defined by each school district governing board in accordance with regulations established by the State Board of Education. Each district shall use one or more of the following categories in defining the capability: intellectual, creative, specific academic, or leadership ability; high achievement; performing and visual arts talent; or any other criterion that meets the standards set forth by the State Board of Education pursuant to Section 52203. Each governing board shall also consider identifying as gifted or talented any pupil who has transferred from a district in which he or she was identified as a gifted and talented pupil.

52203. The State Board of Education shall maintain regulations governing the following areas:

(a) Procedures that school district governing boards shall use in identifying gifted and talented pupils who are eligible for the program and in providing programs pursuant to this chapter.

(b) Definitions of special day classes, part-time grouping, enrichment activities, cluster grouping, independent study, acceleration, postsecondary education opportunities and other programs that the State Board of Education deems appropriate.

(c) Establishment of allowable indirect cost expenditures that

may be funded by gifted and talented program funds.

(d) Other areas that the board deems necessary to implement fully the intent and provisions of this chapter.

52204. Any school district governing board that provided a mentally gifted minor program in the 1978–79 school year may elect to provide a program for gifted and talented pupils pursuant to this chapter, subject to the provisions of Section 52211. If a governing board elects to provide such a program, it shall submit a description of the proposed program and the processes by which the qualifications of teachers and supervisory personnel shall be determined for the approval of the State Board of Education.

52205. The Superintendent of Public Instruction shall:

(a) Apportion funds pursuant to this chapter to each district for which an application to offer programs pursuant to this chapter has been approved by the State Board of Education according to this chapter and regulations adopted by the board.

(c) Ensure that the expenditure of funds authorized for programs pursuant to this chapter is consistent with this chapter.

(d) Encourage the development of locally designed, innovative programs for gifted and talented pupils.

(e) Assist districts in the development and implementation of staff development programs related to gifted and talented pupils.

(f) Give priority in technical assistance to those districts receiving the greatest total increase in funds.

52206. The governing boards of school districts that provide programs pursuant to this chapter may establish programs for gifted and talented pupils consisting of special day classes, part-time grouping, enrichment activities, cluster grouping, independent study, acceleration, postsecondary education opportunities, and other program approaches as proposed by the governing board and consistent with the regulations of the State Board of Education. If the district establishes any of these programs, the district shall provide them to identified pupils for an amount of time each week that shall average a minimum of one class equivalent to 200 minutes per week for 30 weeks of the school year. The time requirements may be waived upon approval of the State Board of Education.

Each participating governing board shall determine the most appropriate curricular components for participating pupils within its district.

For all programs for gifted and talented pupils, including programs for pupils with high creative capabilities and talents in the performing and visual arts, each participating governing board shall concentrate part of its curriculum on providing participating pupils with an academic component and, where appropriate, with instruction in basic skills.

52207. Subject to any terms and conditions that may be agreed

upon, each governing board providing programs pursuant to this chapter may contract with another school district to furnish programs or may contract to educate pupils living in other districts.

The county superintendent may, with the approval of the county board of education and the governing board of the school district involved, provide programs pursuant to this chapter, and transportation therefor, for gifted and talented pupils who reside in any school district. For these purposes, the terms "school district" and "governing board of a school district," as used in this chapter, shall be deemed to include the county superintendent of schools.

52208. The governing board of each school district providing programs pursuant to this chapter shall: (1) conduct an annual assessment of the program; and (2) develop procedures that assure the ongoing participation of parents of gifted and talented pupils in the planning and evaluation of programs funded pursuant to this chapter.

52209. The governing board of any school district that provides a program for gifted and talented pupils pursuant to this chapter may:

(a) Conduct programs, seminars, and classes for gifted and talented pupils within or without the boundaries of the school district and, for that purpose, employ instructors, supervisors, and other personnel and provide necessary equipment and supplies.

(b) Transport or arrange for transportation of pupils to or from educational institutions where regularly scheduled programs and classes are being conducted.

Attendance of pupils at these programs, seminars, and classes shall be included in computing the average daily attendance of the district for the purposes of apportionments from the State School Fund.

Moneys from this program shall not be used for educational field trips. This limitation may be waived by the Superintendent of Public Instruction.

No district may exceed expenditure of state funds in the amount of two hundred fifty dollars ($250) per pupil per fiscal year for program services pursuant to this chapter except in extraordinary circumstances and with the specific approval of the Superintendent of Public Instruction. This amount shall increase at the rate of 6 percent per year.

Funds provided in support of this chapter shall be used solely for the purposes described herein. Allowances provided in any fiscal year but not expended in that year may be expended in subsequent fiscal years.

52210. The governing board of a school district, in providing programs pursuant to this chapter, may enter into agreements with a county superintendent of schools to conduct programs for gifted and talented pupils enrolled in the schools of the district.

52211. The Superintendent of Public Instruction shall, beginning in the 1980–81 school year, apportion funds to school districts pursuant to the provisions of this section. However, if any eligible

school district decides not to participate in the program, the State Board of Education shall have the authority to select a replacement district from among the remaining districts in the state.

The Superintendent of Public Instruction shall apportion funds to each participating district in the following manner:

(a) Districts that have 1 to 10 participating pupils shall receive seventy-five dollars ($75) per semester for each participating pupil.

(b) Districts that have 11 to 25 participating pupils shall receive sixty-eight dollars ($68) per semester for each participating pupil.

(c) Districts that have 26 to 50 pupils shall receive fifty-eight dollars ($58) per semester for each participating pupil.

(d) All other participating districts shall, for each unit of average daily attendance in the district, receive an amount to be computed in the following manner:

(1) (A) For the fiscal year 1980–81, for each participating district, the Superintendent of Public Instruction shall compute the 1978–79 total amount apportioned for purposes of operating the mentally gifted minors program divided by the 1978–79 average daily attendance in that district.

(B) For the fiscal year 1981–82 and each succeeding fiscal year, for each participating district, the Superintendent of Public Instruction shall compute the previous year's total amount apportioned for purposes of operating the gifted and talented pupils' program divided by the prior year's average daily attendance in that district.

(2) Districts for which the amount computed in paragraph (1) exceeds five dollars and forty-three cents ($5.43) shall receive 0.95 times the amount computed in paragraph (1).

(3) Districts for which the amount computed in paragraph (1) exceeds the amount computed in subdivision (e) for the prior fiscal year, but is less than or equal to five dollars and forty-three cents ($5.43), shall receive the greater of (A) the amount computed in paragraph (1) or (B) the amount computed in subdivision (e) for the current fiscal year.

If the sum appropriated for purposes of this section is not sufficient to make the allowances specified by this section, the allowances shall be reduced proportionately. If the sum apportioned for purposes of this section is more than sufficient to make the allowances specified by this section, the allowances shall be increased proportionately.

52212. Each applicant school district shall submit an application for approval for a proposed program for gifted and talented pupils to the State Board of Education. The application shall not be part of the consolidated application.

In conducting the evaluation, the contractor shall examine the benefits, costs, consequences, and impact of the gifted and talented program and shall provide information on these issues and make appropriate

policy recommendations in a report to the Legislature on January 5, 1984.

62000.11. The Gifted and Talented Pupil Program shall sunset on June 30, 1994.

The Legislative Analyst shall submit his or her report to the appropriate policy and fiscal committees of the Legislature within 90 days after receiving the State Department of Education report. In conducting the review required by this section, the State Department of Education and the Legislative Analyst shall consider the issues listed in subdivisions (a) and (c) of Section 62006 and shall make recommendations on any appropriate revisions of the law or regulations governing the program.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 495

An act to amend Section 1126 of the Government Code, relating to local government.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 19, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1126 of the Government Code is amended to read:

1126. (a) Except as provided in Sections 1128 and 1129, a local agency officer or employee shall not engage in any employment, activity, or enterprise for compensation which is inconsistent, incompatible, in conflict with, or inimical to his or her duties as a local agency officer or employee or with the duties, functions, or responsibilities of his or her appointing power or the agency by which he or she is employed. The officer or employee shall not perform any work, service, or counsel for compensation outside of his

or her local agency employment where any part of his or her efforts will be subject to approval by any other officer, employee, board, or commission of his or her employing body, unless otherwise approved in the manner prescribed by subdivision (b).

(b) Each appointing power may determine, subject to approval of the local agency, and consistent with the provisions of Section 1128 where applicable, those outside activities which, for employees under its jurisdiction, are inconsistent with, incompatible to, or in conflict with their duties as local agency officers or employees. An employee's outside employment, activity, or enterprise may be prohibited if it: (1) involves the use for private gain or advantage of his or her local agency time, facilities, equipment and supplies; or the badge, uniform, prestige, or influence of his or her local agency office or employment or, (2) involves receipt or acceptance by the officer or employee of any money or other consideration from anyone other than his or her local agency for the performance of an act which the officer or employee, if not performing such act, would be required or expected to render in the regular course or hours of his or her local agency employment or as a part of his or her duties as a local agency officer or employee or, (3) involves the performance of an act in other than his or her capacity as a local agency officer or employee which act may later be subject directly or indirectly to the control, inspection, review, audit, or enforcement of any other officer or employee or the agency by which he or she is employed, or (4) involves the time demands as would render performance of his or her duties as a local agency officer or employee less efficient.

The local agency may adopt rules governing the application of this section. The rules shall include provision for notice to employees of the determination of prohibited activities, of disciplinary action to be taken against employees for engaging in prohibited activities, and for appeal by employees from such a determination and from its application to an employee. Nothing in this section is intended to abridge or otherwise restrict the rights of public employees under Chapter 9.5 (commencing with Section 3201) of Title 1.

CHAPTER 496

An act to add Chapter 29 (commencing with Section 7593) to Division 7 of Title 1 of the Government Code, relating to state government.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 19, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 29 (commencing with Section 7593) is added to Division 7 of Title 1 of the Government Code, to read:

CHAPTER 29. SELECTIVE SERVICE COOPERATION

7593. The Legislature finds and declares that the federal Selective Service System registration program is considered to be in the national interest because it helps to ensure necessary readiness for mobilization in the event of any future national emergency.

7593.1. All state agencies shall cooperate with the United States Selective Service System in efforts to publicize the necessity of, and requirements for, compliance with the federal military Selective Service Act (50 U.S.C. Sec. 451 et seq.).

Any actions to implement this chapter shall be mutually agreed to by the state agency and the United States Selective Service System prior to implementation of this chapter. Any costs incurred by a state agency in implementing this chapter shall be reimbursed by the United States Selective Service System.

CHAPTER 497

An act to amend Sections 21266, 21338, 21372, and 22811.5 of, and to add Section 21373 to, the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 19, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 21266 of the Government Code is amended to read:

21266. Notwithstanding any other provisions of this part, survivor continuance allowances payable to surviving spouses upon death after retirement of a member shall not cease upon remarriage if the remarriage occurs on or after January 1, 1985. However, pursuant to Section 22811.5, the surviving spouse may not add the new spouse or stepchildren as family members under the continued health benefits coverage of the surviving spouse.

This section shall not apply to any contracting agency, unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts or, in the case of contracts made after January 1, 1985, by express provision in the contract making the contracting agency subject to this section and, in that case, this section shall only apply to a surviving spouse of a local member employed by the contracting agency whose remarriage occurred on or after the date the contracting agency elects to be subject to this section.

The employer is not required by this section to meet and confer with an employee organization regarding the subject matter of this

section, and the subject matter shall not be included within the scope of representation pursuant to Section 3504.

SEC. 2. Section 21338 of the Government Code is amended to read:

21338. A member retiring for service who is credited with state service, the compensation for which was subject to contribution pursuant to Section 218 of the Social Security Act (42 U.S.C.A. Sec. 301 et seq.), and who is fully insured under the federal system but is not entitled to receive, on his or her application therefor, a retirement or disability benefit under the system may elect to have the actuarial equivalent of his or her unmodified service retirement allowance paid in two parts:

(a) A temporary annuity which shall not exceed the primary social security benefit which it is anticipated the member will be entitled to receive at age 62, 65, or 66, whichever shall be designated by the member, plus

(b) A life income consisting of his or her service retirement annuity plus such pension as may be provided by the actuarial value of his or her current and prior service pensions remaining after providing the temporary annuity in subdivision (a).

The temporary annuity under subdivision (a) shall not be subject to further optional settlement under this article and shall be payable monthly until the retired member attains or would attain the age designated by the member under subdivision (a). If his or her death occurs prior to that age, the commuted value of any remaining installments shall be paid to his or her designated beneficiary in a lump sum.

This section shall not apply to an allowance based on service with respect to which a member is subject to Section 21252.5.

SEC. 3. Section 21372 of the Government Code is amended to read:

21372. For the purpose of Sections 21364, 21365.5, 21365.6 and Article 6 (commencing with Section 21380):

(a) Any surviving spouse of a member whose death occurs on or after January 1, 1983, may irrevocably elect within 24 months of the death of the member to receive a reduced lifetime allowance which is the actuarial equivalent of the benefit otherwise payable.

(b) The allowances payable pursuant to subdivision (a) shall commence to be payable on the first day of the calendar month immediately following the calendar month in which the election is received by the system.

SEC. 4. Section 21373 is added to the Government Code, to read:

21373. Notwithstanding any other provisions of this part, the benefits payable to a surviving spouse pursuant to Sections 21364, 21365.5, 21365.6, and Article 6 (commencing with Section 21380), shall be paid as follows:

(a) Any surviving spouse who remarries on or after the operative date of the statute adding this section shall continue to receive the lifetime allowance to which he or she is entitled, without reduction.

However, pursuant to Section 22811.5, the surviving spouse who remarries on or after that date may not enroll his or her new spouse or stepchildren as family members under the continued health benefits coverage of the surviving spouse.

(b) Any surviving spouse who elected the reduction specified in Section 21372 shall be restored to the lifetime allowance to which he or she was originally entitled, for all benefits payable on or after the operative date of the statute adding this section.

This section shall not apply to any contracting agency, unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts or, in the case of contracts made after the operative date of the statute adding this section by express provision in the contract making the contracting agency subject to this section. This section shall only apply to a surviving spouse of a local member employed by the contracting agency whose remarriage occurred on or after the date the agency elects to be subject to this section. Any surviving spouse of a local member of the contracting agency, who elected the reduction specified in Section 21372, shall be restored to the lifetime allowance to which he or she was originally entitled, for all benefits payable on or after the election by the contracting agency to be subject to this section.

This section shall not apply to any school member of a school district or community college district unless the governing board thereof elects to become subject to this section by adopting a resolution to that effect and transmits that resolution through the county superintendent of schools to the board. Notwithstanding any specified date in a resolution, the resolution shall not become effective until it is received by the Public Employees' Retirement System. This section shall only apply to a surviving spouse of a school member employed by a school district or community college district whose marriage occurred on or after the date the school district or community college district elects to be subject to this section. Any surviving spouse of a school member of such a school district or community college district, who elected the reduction specified in Section 21372 shall be restored to the lifetime allowance to which he or she was originally entitled for all benefits payable on or after the election by the school district or community college district to be subject to this section.

The employer is not required to meet and confer with an employee organization regarding the subject matter of this section, and the subject matter shall not be included within the scope of representation pursuant to Section 3504.

SEC. 5. Section 22811.5 of the Government Code is amended to read:

22811.5. No person who, as a result of a remarriage on or after January 1, 1985, of an annuitant subject to Section 21266, would otherwise become a family member, may be enrolled as a family member. No person who, as a result of a remarriage on or after the

operative date of the statute adding Section 21373, of an annuitant subject to subdivision (a) of Section 21373, would otherwise become a family member, may be enrolled as a family member.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that certain survivors' allowances and special death benefits paid to surviving spouses on account of preretirement deaths of the member-spouses under the Public Employees' Retirement System may be conformed to analogous payments for postretirement deaths of retired member-spouses and so eliminate an inequity from the system at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 498

The report shall include, but not be limited to, all of the following:

(a) A description of barriers to plastics collection, separation, and recycling for reuse.

(b) A description and comparison of current methods used in the state, other states, and other countries to reduce the use of, and recycle, plastic materials currently disposed of in the state, and recommendations on how the state might improve its current programs to reduce or recycle plastic materials.

(c) A description of programs under development and potentially available for plastics collection and recycling.

(d) A description of current domestic and foreign markets for recycled plastic materials, and recommendations on how the state could improve the marketability of these materials.

CHAPTER 499

An act to amend Sections 87202 and 87302 of the Government Code, relating to public officials.

[Approved by Governor September 19, 1989. Filed with Secretary of State September 19, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 87202 of the Government Code is amended to read:

87202. (a) Every person who is elected to an office specified in Section 87200 shall, within 30 days after assuming the office, file a statement disclosing his or her investments and his or her interests in real property held on the date of assuming office, and income received during the 12 months before assuming office. Every person who is appointed or nominated to an office specified in Section 87200 shall file such a statement not more than 10 days after assuming office, provided, however, that a person appointed or nominated to such an office who is subject to confirmation by the Commission on Judicial Appointments or the State Senate shall file such a statement no more than 10 days after the appointment or nomination.

The statement shall not be required if the person has filed, within 60 days prior to assuming office, a statement for the same jurisdiction pursuant to Section 87203.

(b) Every elected state officer who assumes office during the month of December or January shall file a statement pursuant to Section 87203 instead of this section, except that:

(1) The period covered for reporting investments and interests in real property shall begin on the date the person filed his or her declarations of candidacy.

(2) The period covered for reporting income shall begin 12 months prior to the date the person assumed office.

SEC. 2. Section 87302 of the Government Code is amended to read:

87302. Each Conflict of Interest Code shall contain the following provisions:

(a) Specific enumeration of the positions within the agency, other than those specified in Section 87200, which involve the making or participation in the making of decisions which may foreseeably have a material effect on any financial interest and for each such enumerated position, the specific types of investments, business positions, interests in real property, and sources of income which are reportable. An investment, business position, interest in real property, or source of income shall be made reportable by the Conflict of Interest Code if the business entity in which the investment or business position is held, the interest in real property, or the income or source of income may foreseeably be affected

materially by any decision made or participated in by the designated employee by virtue of his or her position.

(b) Requirements that each designated employee, other than those specified in Section 87200, file statements at times and under circumstances described in this section, disclosing reportable investments, business positions, interests in real property and income. The information disclosed with respect to reportable investments, interests in real property, and income shall be the same as the information required by Sections 87206 and 87207. The first statement filed under a Conflict of Interest Code by a designated employee shall disclose any reportable investments, business positions, interests in real property, and income. An initial statement shall be filed by each designated employee within 30 days after the effective date of the Conflict of Interest Code, disclosing investments, business positions, and interests in real property held on the effective date of the Conflict of Interest Code and income received during the 12 months before the effective date of the Conflict of Interest Code. Thereafter, each new designated employee shall file a statement within 30 days after assuming office, or if subject to State Senate confirmation, 30 days after being appointed or nominated, disclosing investments, business positions, and interests in real property held on, and income received during the 12 months before, the date of assuming office or the date of being appointed or nominated, respectively. Each designated employee shall file an annual statement, at the time specified in the Conflict of Interest Code, disclosing reportable investments, business positions, interest in real property and income held or received at any time during the previous calendar year or since the date the designated employee took office if during the calendar year. Every designated employee who leaves office shall file, within 30 days of leaving office, a statement disclosing reportable investments, business positions, interests in real property, and income held or received at any time during the period between the closing date of the last statement required to be filed and the date of leaving office.

(c) Specific provisions setting forth any circumstances under which designated employees or categories of designated employees must disqualify themselves from making, participating in the making, or using their official position to influence the making of any decision. Disqualification shall be required by the Conflict of Interest Code when the designated employee has a financial interest as defined in Section 87103, which it is reasonably foreseeable may be affected materially by the decision. No designated employee shall be required to disqualify himself or herself with respect to any matter which could not legally be acted upon or decided without his or her participation.

(d) For any position enumerated pursuant to subdivision (a), an individual who resigns the position within 30 days following initial appointment is not deemed to assume or leave office, provided that during the period between appointment and resignation, the

individual does not make, participate in making, or use the position to influence any decision of the agency or receive, or become entitled to receive, any form of payment by virtue of being appointed to the position.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. The Legislature finds and declares that this act furthers the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 500

An act to amend Section 1055 of the Fish and Game Code, relating to fish and game, and making an appropriation therefor.

[Approved by Governor September 19, 1989. Filed with Secretary of State September 19, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 1055 of the Fish and Game Code is amended to read:

1055. (a) The department may authorize any person, except a commissioner or an officer or employee of the department, to be a license agent to issue punch cards, licenses, license stamps, and license tags. It may consign punch cards, licenses, license stamps, and license tags to license agents without receiving payment therefor, upon application of the license agent and upon the giving of a bond or assigning a certificate of deposit, payable to the department, as provided in this article. It shall not consign any punch cards, licenses, license stamps, and license tags to any license agent who fails to submit the report required by subdivision (a) of Section 1055.5 within one month and 20 days following the last day of that calendar month or who otherwise fails to fully comply with Section 1055.5.

(b) A license agent authorized under subdivision (a) shall add a handling charge to the fees, which fees are prescribed in this code or in regulations adopted pursuant to this code, for applications, punch cards, licenses, license stamps, and license tags issued by the license agent in an amount, as follows:

(1) Fifty cents ($0.50) for each commercial fishing license or

commercial passenger fishing boat license.

(2) Fifty cents ($0.50) for each sportfishing license or for each hunting license.

(3) Fifty cents ($0.50) for each tag application.

(4) Fifty cents ($0.50) for each punch card.

(5) Fifty cents ($0.50) for each license upgrade stamp.

(6) Fifty cents ($0.50) for each state-controlled waterfowl area hunting permit.

(7) Five cents ($0.05) for each waterfowl reservation application stamp.

(c) No handling charge added under subdivision (b) shall be added for any hunting license stamp, sportfishing license stamp, or special use stamp, except the license upgrade stamp as provided in paragraph (5) of subdivision (b).

(d) The handling charge added under subdivision (b) shall be incorporated into the total amount collected for issuing the punch card, license, license stamp, or license tag, but the handling charge shall not be included when determining license fees in accordance with Section 713. No license agent shall collect from the license applicant any amount which is less than the fee prescribed in this code, or in regulations adopted pursuant to this code, for any punch card, license, license stamp, or license tag issued.

(e) The handling charge required by subdivision (b) is the license agent's only compensation for services. No other additional fee or charge shall be made by the license agent for issuing punch cards, licenses, license stamps, or license tags authorized under this section.

(f) In order to facilitate the prompt remittance of fees and more accurate accounting of licenses, license stamps, and license tags provided for issuance to license agents, the department shall provide them in books containing licenses, license stamps, or license tags that do not exceed the total fees for 20 resident sportfishing licenses. This subdivision does not apply to nonresident licenses and nonresident license tags. This subdivision applies only to license years commencing on or after July 1, 1986.

(g) At any single business location, a license agent shall issue all items from a single book before commencing to issue licenses, license stamps, or license tags of the same series from another book.

(h) The department, alternatively, may provide for the issuance of punch cards, licenses, license stamps, and license tags to authorized license agents and shall collect, in cash or cashier's check, at the time the documents are provided an amount equal to the fees for all of the punch cards, licenses, license stamps, and license tags provided. Any license agent who pays the fees for punch cards, licenses, license stamps, and license tags provided is exempt from subdivisions (a) and (e) of Section 1055.5, Section 1056, and Section 1059. Punch cards, licenses, license stamps, and license tags provided pursuant to this subdivision and remaining unissued at the end of the license year may be returned to the department, within 60 days of their expiration date, for refund or credit, or a combination thereof.

(i) All unissued and expired punch cards, licenses, license stamps, and license tags shall be returned to the department. Any license agent who does not return them within one month and 20 days following the last day of the license year shall not be provided additional punch cards, licenses, license stamps, or license tags until the unissued and expired punch cards, licenses, license stamps, and license tags have been returned to the department. In addition, any unissued and expired item that is not returned within 60 days following the last day of the license year shall be billed to the license agent. Items may be returned for credit after the 60 days; however, the license agent shall pay interest and penalties on the returned items as prescribed in subdivision (b) of Section 1059. No credit shall be allowed after six months following the last day of the license year.

CHAPTER 501

An act to amend Section 51.2 of, and to add Section 51.4 to, the Civil Code, relating to housing.

[Approved by Governor September 19, 1989. Filed with Secretary of State September 19, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 51.2 of the Civil Code is amended to read:

51.2. (a) Section 51 shall be construed to prohibit a business establishment from discriminating in the sale or rental of housing based upon age. Where accommodations are designed to meet the physical and social needs of senior citizens, a business establishment may establish and preserve that housing for senior citizens, pursuant to Section 51.3. Where accommodations constructed before February 8, 1982, meet the criteria for senior citizen housing specified in Section 51.4, a business establishment may establish and preserve that housing for senior citizens until January 1, 2000, in accordance with Section 51.4.

(b) This section is intended to clarify the holdings in Marina Point, Ltd. v. Wolfson (1982), 30 Cal. 3d 72, and O'Connor v. Village Green Owners Association (1983), 33 Cal. 3d 790.

SEC. 2. Section 51.4 is added to the Civil Code, to read:

51.4. (a) The Legislature finds and declares that the requirements for senior housing under Section 51.2 and 51.3 are more stringent than the requirements for that housing under the federal Fair Housing Amendments Act of 1988 (Public Law 100-430) in recognition of the acute shortage of housing for families with children in California. The Legislature further finds and declares that the special design requirements for senior housing under Sections 51.2 and 51.3 may pose a hardship to some housing developments which were constructed before the decision in Marina

Point Ltd. v. Wolfson (1982), 30 Cal. 3d 72. The Legislature further finds and declares that the requirement for specially designed accommodations in senior housing under Section 51.2 and 51.3 provides important benefits to senior citizens and also ensures that housing exempt from the prohibition of age discrimination is carefully tailored to meet the compelling societal interest in providing senior housing. Therefore, it is the intent of the Legislature to permit a narrow, time-limited exception to the requirement that senior housing be specially designed.

(b) A housing development constructed before February 8, 1982, shall be exempt from Section 51 to the extent specified in Section 51.2 if (1) it meets the requirements of Sections 51.2 and 51.3, other than the requirement that the housing be specially designed to meet the physical and social needs of senior citizens, (2) it is not practicable to meet that requirement in the relevant geographic area where the housing development is located, and (3) the housing development is necessary to provide important housing opportunities for senior citizens. As used in this section, "relevant geographic area" has the same meaning as that term is used in Section 100.304 of Title 24 of the Code of Federal Regulations.

(c) In any action under Section 51, the exemption under this section shall be sustained only if it is demonstrated through credible and objective evidence that application of a requirement for specially designed accommodations to meet the physical and social needs of senior citizens would result in depriving senior citizens in the relevant geographic area of needed and desired housing. The factors to be considered by the court in determining the applicability of this section shall include, but not be limited to, all of the following:

(1) Whether the owner or manager of the housing facility has endeavored to provide specially designed accommodations to meet the physical and social needs of senior citizens persons either directly or by some other entity. Demonstrating that these accommodations would be expensive to provide is not alone sufficient to demonstrate their inpracticability.

(2) The amount of rent charged for dwellings in the housing development seeking an exemption under this section if the dwellings are rented, or the price of the dwellings if they are offered for sale.

(3) The income range of the residents of the housing development.

(4) The demand for housing for senior citizens in the affected geographic area.

(5) The range of housing choices for senior citizens within the relevant geographic area.

(6) The availability of other similarly priced housing for senior citizens in the relevant geographic area. If similarly priced senior citizen housing with specially designed accommodations is reasonably available in the relevant geographic area, then the housing facility does not meet the requirements for exemption under

this section.

(7) The vacancy rate of the housing development.

CHAPTER 502

An act to amend Section 40206.5 of, and to add Section 22651.1 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 19, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 22651.1 is added to the Vehicle Code, to read:

22651.1. Persons operating or in charge of any storage facility where vehicles are stored pursuant to Section 22651 shall accept a valid bank credit card or cash for payment of towing and storage by the registered owner, legal owner, or the owner's agent claiming the vehicle. In addition, persons operating or in charge of the storage facility shall have sufficient funds on the premises to accommodate and make change in a reasonable monetary transaction.

SEC. 2. Section 40206.5 of the Vehicle Code is amended to read:

40206.5. (a) Within 15 days of a request, by mail or in person, the issuing agency shall provide to any person who has received a notice of delinquent parking violation, or his or her agent, a photostatic copy of the original notice of parking violation or an electronically produced facsimile of the original notice of parking violation. The issuing agency may charge a fee sufficient to recover the actual cost of providing the copy, not to exceed two dollars ($2). Failure to comply with a request for a copy of the original notice of parking violation is a dismissal of the charge.

(b) If the description of the vehicle on the notice of parking violation does not match the corresponding information on the registration card for that vehicle, the processing agency may, on written request of the person cancel the notice of parking violation without the necessity of an appearance by that person.

(c) For purposes of this section, a copy of the notice of parking violation may be a photostatic copy or an electronically produced facsimile.

(d) If the processing agency does not cancel the notice pursuant to subdivision (b), it shall file a complaint with the court pursuant to Section 40230.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty

for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 503

An act to amend Section 5600.2 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 19, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 5600.2 of the Welfare and Institutions Code is amended to read:

5600.2. (a) Except as provided in this section, persons employed or under contract to provide mental health services pursuant to this part shall be subject to all applicable requirements of law respecting professional licensure, and no person shall be employed in local mental health programs pursuant to this part to provide services for which such a license is required, unless the person possesses a currently valid license.

(b) Persons employed as psychologists and clinical social workers, while continuing in their employment in the same class as of January 1, 1979, in the same program or facility, including those persons on authorized leave, but not including intermittent personnel, shall be exempt from the requirements of subdivision (a). Additionally, the requirements of subdivision (a) may be waived by the department solely for persons in the professions of psychology, clinical social work, or marriage, family and child counseling who are gaining qualifying experience for licensure in the profession in this state.

(c) A waiver granted pursuant to subdivision (b) shall not exceed three years from commencement of employment in this state in the case of clinical social workers or marriage, family, and child counselors, at which time licensure shall have been obtained or the employment shall be terminated. For persons employed as clinical social workers or marriage, family, and child counselors less than full time, an extension of a waiver of licensure may be granted for additional years proportional to the extent of part-time employment, as long as the person is employed without interruption in service, but in no case shall the waiver of licensure exceed five years.

(d) A waiver granted pursuant to subdivision (b) shall not exceed two years from commencement of employment in this state in the case of psychologists, at which time licensure shall have been obtained or the employment shall be terminated. For persons

employed full time as a psychologist, the department may grant an extension of a waiver of licensure for an additional year, based upon extenuating circumstances as determined by the department. For persons employed less than full time as a psychologist, the department may grant an extension of a waiver of licensure for additional years proportional to the extent of part-time employment, based upon extenuating circumstances as determined by the department as long as the person is employed without interruption in service, but in no case shall the waiver of licensure exceed five years.

(e) However, the durational limitations upon waivers shall not apply to active candidates for a doctoral degree in social work, social welfare, or social science, who are enrolled at an accredited university, college, or professional school, but these limitations shall apply following completion of this training. Additionally, this durational limitation upon waivers shall not apply to active candidates for a doctoral degree in marriage, family and child counseling or marital and family therapy who are enrolled at a school, college, or university, specified in subdivision (a) of Section 4980.40 of the Business and Professions Code, but the limitations shall apply following completion of the training. A waiver pursuant to this section shall be granted only to the extent necessary to qualify for licensure, except that personnel recruited for employment from outside this state and whose experience is sufficient to gain admission to a licensing examination shall, nevertheless, have one year from the date of their employment in California to become licensed, at which time licensure shall have been obtained or the employment shall be terminated, provided that the employee shall take the licensure examination at the earliest possible date after the date of his or her employment, and if the employee does not pass the examination at that time, he or she shall have a second opportunity to pass the examination, at the next scheduled examination, notwithstanding the one-year limit.

CHAPTER 504

An act to amend Section 868.5 of the Penal Code, relating to crimes.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 19, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 868.5 of the Penal Code is amended to read:

868.5. (a) Notwithstanding any other provision of law, a prosecuting witness in a case involving a violation of Section 187, 203, 205, 207, 211, 220, 240, 242, 243.4, 245, 261, 262, 273a, 273d, 273.5, 285,

286, 288, 288a, 289, 647.6, or former Section 647a, or a violation of subdivision (1) of Section 314, shall be entitled, for support, to the attendance of up to two persons of his or her own choosing, one of whom may be a witness, at the preliminary hearing and at the trial, or at a juvenile court proceeding, during the testimony of the prosecuting witness. Only one of those support persons may accompany the witness to the witness stand, although the other may remain in the courtroom during the witness' testimony. The person or persons so chosen shall not be a person described in Section 1070 of the Evidence Code unless the person or persons are related to the prosecuting witness as a parent, guardian, or sibling and do not make notes during the hearing or proceeding.

(b) If the person or persons so chosen are also prosecuting witnesses, the prosecution shall present evidence that the person's attendance is both desired by the prosecuting witness for support and will be helpful to the prosecuting witness. Upon that showing, the court shall grant the request unless information presented by the defendant or noticed by the court establishes that the support person's attendance during the testimony of the prosecuting witness would pose a substantial risk of influencing or affecting the content of that testimony. In the case of a juvenile court proceeding, the judge shall inform the support person or persons that juvenile court proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. In all cases, the judge shall admonish the support person or persons to not prompt, sway, or influence the witness in any way. Nothing in this section shall preclude a court from exercising its discretion to remove a person from the courtroom whom it believes is prompting, swaying, or influencing the witness.

(c) The testimony of the person or persons so chosen who are also prosecuting witnesses shall be presented before the testimony of the prosecuting witness. The prosecuting witness shall be excluded from the courtroom during that testimony. Whenever the evidence given by that person or those persons would be subject to exclusion because given before the corpus delicti has been established, the evidence shall be admitted subject to the court's or the defendant's motion to strike that evidence from the record if the corpus delicti is not later established by the testimony of the prosecuting witness.

SEC. 2. Section 868.5 of the Penal Code is amended to read:

868.5. (a) Notwithstanding any other provision of law, a prosecuting witness in a case involving a violation of Section 187, 203, 205, 207, 211, 220, 240, 242, 243.4, 245, 261, 262, 273a, 273d, 273.5, 285, 286, 288, 288a, 288.5, 289, 647.6, or former Section 647a, or a violation of subdivision (1) of Section 314, shall be entitled for support to the attendance of up to two persons of his or her own choosing, one of whom may be a witness, at the preliminary hearing and at the trial, or at a juvenile court proceeding, during the testimony of the prosecuting witness. Only one of those support persons may accompany the witness to the witness stand, although the other may

remain in the courtroom during the witness' testimony. The person or persons so chosen shall not be a person described in Section 1070 of the Evidence Code unless the person or persons are related to the prosecuting witness as a parent, guardian, or sibling and do not make notes during the hearing or proceeding.

(b) If the person or persons so chosen are also prosecuting witnesses, the prosecution shall present evidence that the person's attendance is both desired by the prosecuting witness for support and will be helpful to the prosecuting witness. Upon that showing, the court shall grant the request unless information presented by the defendant or noticed by the court establishes that the support person's attendance during the testimony of the prosecuting witness would pose a substantial risk of influencing or affecting the content of that testimony. In the case of a juvenile court proceeding, the judge shall inform the support person or persons that juvenile court proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. In all cases, the judge shall admonish the support person or persons to not prompt, sway, or influence the witness in any way. Nothing in this section shall preclude a court from exercising its discretion to remove a person from the courtroom whom it believes is prompting, swaying, or influencing the witness.

(c) The testimony of the person or persons so chosen who are also prosecuting witnesses shall be presented before the testimony of the prosecuting witness. The prosecuting witness shall be excluded from the courtroom during that testimony. Whenever the evidence given by that person or those persons would be subject to exclusion because given before the corpus delicti has been established, the evidence shall be admitted subject to the court's or the defendant's motion to strike that evidence from the record if the corpus delicti is not later established by the testimony of the prosecuting witness.

SEC. 3. Section 2 of this bill incorporates amendments to Section 868.5 of the Penal Code proposed by both this bill and AB 2212. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1990, (2) each bill amends Section 868.5 of the Penal Code, and (3) this bill is enacted after AB 2212, in which case Section 1 of this bill shall not become operative.

The division shall approve the program if it determines that the program provides an adequate medical education. If the division does not approve the program, it shall provide its reasons for disapproval to the school and hospital in writing specifying its findings about each aspect of the program that it considers to be deficient and the changes required to obtain approval.

(3) The hospital, if located in the United States, shall be accredited by the Joint Commission on Accreditation of Hospitals, and if located in another country, shall be accredited in accordance with the law of that country.

Any time spent by the applicant in an approved postgraduate training program or clinical fellowship acceptable to the division shall not be included in the calculation of this four-year period. This subdivision does not apply to applications which may be reviewed and processed pursuant to Section 2151.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 19, 1989]

SECTION 1. Section 3701.7 is added to the Labor Code, to read:

3701.7. Where any employer requesting coverage under a new or existing certificate of consent to self-insure has had a period of unlawful uninsurance, either for an applicant in its entirety or for a subsidiary or member of a joint powers authority legally responsible for its own workers' compensation obligations, the following special conditions shall apply before the requesting employer can operate under a certificate of consent to self-insure:

(b) At the discretion of the director, where a public or private employer has been previously totally uninsured for workers' compensation pursuant to Section 3700, the director may require an additional deposit not to exceed 100 percent of the total outstanding liabilities for the uninsured period, or the sum of two hundred fifty thousand dollars ($250,000), whichever is greater.

(c) In addition to the deposits required by subdivisions (a) and (b), a penalty shall be paid to the Uninsured Employers Fund of 10 percent per year of the remaining unpaid liabilities, for every year liabilities remain outstanding. (d) An employer may retrospectively insure the outstanding liabilities arising out of the uninsured period, either before or after an application for self-insurance has been approved. Upon proof of insurance acceptable to the director, no deposit shall be required for the period of uninsurance.

The penalties to be paid to the Uninsured Employers Fund shall consist of a one-time payment of 20 percent of the outstanding liabilities for the period of uninsurance remaining unpaid at the time of application, in lieu of any other penalty for being unlawfully uninsured pursuant to this code.

(e) In the case of a subsidiary which meets all of the following conditions, a certificate shall issue without penalty:

(1) The subsidiary has never had a certificate revoked for reasons set forth in Section 3702.

The department shall order conciliation between any cooperative bargaining association and any processor subject to this chapter if it determines, after receiving a request under the procedure specified in Section 54452, that conciliation will materially assist the parties in negotiating an agreement. Either party may request at any time that conciliation be ordered.

54452. The following procedure shall be used upon receipt by the department of a request for conciliation:

(a) The request from one of the parties to the negotiation, referred to as the requesting party, shall be presented on a form prescribed by the department.

(b) The requesting party shall submit, along with the request, the last offer made to the other party, referred to as the responding party, reasons for rejection of the responding party's last offer, and an indication as to what the requesting party believes would be required to reach an agreement. A copy of the request, as well as any information required pursuant to this subdivision, shall be express mailed to the responding party on the same day that the request is submitted to the department.

(c) On the next business day after receiving the request for

The response from the responding party shall include the last offer made to the requesting party, reasons for rejection of the requesting party's last offer, and an indication as to what the responding party believes would be required to reach an agreement. The responding party's response shall be made on a form prescribed by the department. A copy of the response, as well as any information required pursuant to this subdivision, shall be express mailed to the requesting party on the same day that the response is submitted to the department.

(d) On the same day that the responding party is notified by the department that a request for conciliation has been made, the department shall notify the conciliation service of the American Arbitration Association that conciliation may be ordered.

(e) On the date that the department notifies the responding party that a conciliation has been requested, the department may also request additional information from either party.

(f) Both parties have three business days after the date of the request made pursuant to subdivision (e) in which to respond to the request for additional information.

(g) Within three business days after final receipt from the parties of all information requested by the department, the department shall determine whether conciliation shall be conducted.

54453. (a) If conciliation is ordered, the department shall, on the day the department determines that conciliation shall be conducted, notify both parties that the conciliation will take place and direct the American Arbitration Association to commence the conciliation process in accordance with its Commercial Mediation Rules for use in California, as amended and in effect December 1, 1988. However, this article prevails if there is any conflict between those rules and this article.

(b) Confidential information disclosed to a conciliator by the parties or by any other person in the course of the conciliation shall not be divulged by the conciliator. All statements, oral or written, records, reports, or other documents received or made by a conciliator while serving in that capacity, or by any other person, shall be confidential. (a) Meet with the parties involved in the bargaining process in an attempt to resolve the dispute.

(b) Participate in negotiations and have authority to offer suggestions and recommendations to resolve the dispute.

(c) The total time allotted for conciliation shall not exceed 10 calendar days unless the conciliator feels that an additional period of five calendar days is likely to resolve the dispute. The determination of the conciliator on whether to extend the period of conciliation shall be based on the progress of negotiations during the conciliation process, the impact of a time delay on the parties, and other relevant factors.

(d) If a settlement has not been arrived at through the conciliation process, upon the conclusion of the process and within the time requirements of subdivision (c), the conciliator shall make a final recommendation to the parties as to what he or she believes will equitably resolve the dispute and result in a negotiated settlement. Each party shall be required to respond to the other party, and to the conciliator with their position and response to the conciliator's final recommendations.

54455. If the dispute has not been resolved by the completion of the conciliation process, the conciliator shall file a final report with the department within three business days after the close of conciliation. The report shall include only the following:

CHAPTER 527

An act to amend Section 66796.22 of the Government Code, relating to solid waste.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 20, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 66796.22 of the Government Code is amended to read:

66796.22. (a) The Legislature hereby finds and declares that the long-term protection of air, water, and land from pollution due to the disposal of solid waste is best achieved by requiring financial assurances of the closure and postclosure maintenance of solid waste landfills.

(b) Any person owning or operating a solid waste landfill, as defined in subdivision (e) of Section 66799.3, on or after January 1, 1988, shall do both of the following:

(1) On or before January 1, 1989, or upon application to become an operator of a solid waste facility pursuant to subdivision (b) of Section 66796.30, certify to the board and the enforcement agency that all of the following have been accomplished:

(A) The operator or the owner has prepared an initial estimate of closure and postclosure maintenance costs.

(B) The operator or the owner has established a trust fund or equivalent financial arrangement acceptable to the board, as specified in subdivision (f).

(C) (i) The amounts that the operator or the owner will deposit annually in the trust fund or equivalent financial arrangement acceptable to the board will ensure adequate resources for closure and postclosure maintenance.

(ii) All documentation relating to the preparation of the closure and postclosure maintenance costs shall be retained by the owner or operator and shall be available for inspection by the board or the enforcement agency at reasonable times.

(2) (A) (i) Submit to the enforcement agency, the regional water board, and the board a plan for the closure of the landfill and a plan for the postclosure maintenance of the landfill.

(ii) The closure plan and the postclosure maintenance plan shall be submitted not later than the first date after July 1, 1990, that the solid waste facilities permit is required to be reviewed, pursuant to subdivision (d) of Section 66796.33, and shall be included in that review. If the owner or operator intends to close the solid waste landfill within five years of the effective date of this section, or if the solid waste landfill does not have sufficient permitted capacity to operate for at least five years beyond the effective date of this section, the owner or operator shall submit the plans on or before

July 1, 1990, or upon application to become an operator of a solid waste facility pursuant to subdivision (b) of Section 66796.30. No person shall operate a solid waste landfill more than one year after submitting to the enforcement agency, the regional water board, and the board a plan for the closure of the landfill and a plan for the postclosure maintenance of the landfill unless both plans have been approved, or modified and approved, by the enforcement agency, the board, and the regional board pursuant to their authority under the Water Code.

(iii) The closure plan and the postclosure maintenance plan may be modified or revised only upon the filing of a written application therefor by the owner or operator, and the approval, or modification and approval, by the board and the enforcement agency.

(B) After receiving a complete closure plan and postclosure maintenance plan, the regional water board shall approve or disapprove the plans pursuant to the authority and time schedules specified in Division 7 (commencing with Section 13000) of the Water Code. The action by the regional water board shall include a review and approval of the estimates of the funds necessary to implement those portions of the plans approved by the regional water board. The board shall incorporate the action of the regional water board and shall only approve plans that include an acceptable mechanism for providing the necessary funds to implement the plans.

(C) The owner and operator shall, regardless of any changes occurring during the continued operation of the landfill, close and maintain the landfill during postclosure in accordance with the most recent closure plan and the most recent postclosure maintenance plan approved by the enforcement agency and the board pursuant to this section.

(c) The enforcement agency may recover any costs incurred in meeting the requirements of this section by charging a fee as authorized by Section 66796.30.

(d) The board shall adopt emergency regulations on or before July 1, 1989, specifying closure plan and postclosure maintenance plan adoption procedures and uniform closure and postclosure standards. The regulations shall also require solid waste landfill operators or owners to calculate, and periodically revise, cost estimates for closure and postclosure maintenance for a period of not less than 30 years after closure. The board may adopt regulations that distinguish between preliminary and final closure and postclosure maintenance plans. Regulations for preliminary plans may require less specificity and engineering detail than final plans and shall apply only in those cases in which there is reasonable certainty that the solid waste landfill will not close for at least one year following approval of the plans. Preliminary plans shall provide sufficient detail to enable the operator and the board to accurately estimate the costs for closure and postclosure maintenance.

(e) The regulations adopted by the board pursuant to subdivision

(d) shall not duplicate or conflict with the regulations imposing the closure and postclosure maintenance requirements adopted by the state water board which are found in Subchapter 15 (commencing with Section 2510) of Chapter 3 of Title 23 of the California Code of Regulations.

(f) Any person operating or owning a solid waste landfill on or after January 1, 1988, shall, with the closure plan and postclosure maintenance plan required to be submitted pursuant to subdivision (b), submit to the board evidence of financial ability to provide for the cost of closure and postclosure maintenance, in an amount equal to the estimated cost of closure and 15 years of postclosure maintenance, contained in the closure plan and the postclosure maintenance plan submitted pursuant to subdivision (b). The evidence of financial ability shall be in the form of a trust fund into which funds shall be deposited on an annual basis in amounts sufficient to meet closure and postclosure costs when needed, or an equivalent financial arrangement acceptable to the board. The evidence of financial ability shall be reviewed and approved by the enforcement agency and the board in conjunction with the required plans. The evidence of financial ability required of an operator or owner shall be adjusted to equal the estimated costs of closure, and 15 years of postclosure maintenance, in the approved plans. Revisions in the plans prior to closure shall be accompanied by corresponding revisions in cost estimates and financial assurances.

(g) The board shall not require an operator or owner of a solid waste landfill to revise or amend a closure plan submitted pursuant to this section after closure of the landfill in order to reflect subsequent changes in any standards and regulations adopted by the board.

(h) After closure, and during the postclosure maintenance period, a solid waste landfill operator or owner shall maintain evidence of financial ability for postclosure maintenance at all times equal to the estimated cost of 15 years of postclosure maintenance, except that 15 years before the end of the postclosure maintenance period specified in a postclosure maintenance plan approved by the board and the enforcement agency, an operator may request approval of the board to provide evidence of financial ability in a lesser amount.

(i) Nothing in this title affects the authority of the state water board to impose closure and postclosure maintenance requirements on solid waste landfills.

(j) (1) Except for financial arrangements approved by the board pursuant to this section, no indemnification, hold harmless, or similar agreement or conveyance is effective to transfer from the owner or operator of a solid waste landfill to any other person any obligations imposed on the owner or operator under this section.

(2) Notwithstanding paragraph (1), nothing in this section bars any agreement between the owner and the operator regarding their respective obligations for closure and postclosure maintenance of a solid waste landfill, and nothing in this section bars a cause of action

that an owner or operator has or would have against the other party by reason of that agreement.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(c) Subdivision (a) does not apply to any person not a resident of this state, purchasing a hunting license under paragraph (4) or (5)

CHAPTER 533

An act to amend Section 14015 of the Government Code, and to amend Sections 557, 2421.5, 22507.5, 23114, 26708, 38370, and 40001 of, to repeal Section 5903 of, to repeal Article 5 (commencing with Section 8150) and Article 7 (commencing with Section 8300) of Chapter 4 of Division 3 of, and to repeal and add Article 3 (commencing with Section 8000) and Article 4 (commencing with Section 8050) of Chapter 4 of Division 3 of, the Vehicle Code, relating to transportation.

The total purchase price, excluding financing costs, shall not exceed one hundred million dollars ($100,000,000) plus all costs of financing, including, but not limited to, interest during acquisition or construction of these facilities, interest payable on any interim loan from the Pooled

In selecting a site or sites for office space and parking facilities, the department shall give consideration to sites located in the East Bay region, including the City of Oakland. Criteria used in the evaluation of prospective sites shall include an economic evaluation of locating in a new or existing state office building in the East Bay region.

"Net cost" means the cost of acquiring the building and facilities described in subdivision (a), including financing costs, less the amount realized from the disposition of the existing office building. "Avoided costs" mean those costs the Department of Transportation would have incurred if it continued to occupy the buildings and facilities which would no longer be occupied as a result of the acquistion of the building and facilities described in subdivision (a). In order to ensure that the requirements of this subdivision are met, the Department of Transportation shall provide the Joint Legislative Budget Committee with a report concerning the cost-effectiveness required by this section at least 30 days prior to entering into any purchase agreement.

When any Service Authority for Freeway Emergencies has imposed additional fees on vehicles pursuant to Section 2555 of the Streets and Highways Code, the department shall answer calls and provide central dispatching services for the system on the portions of the California Freeway and Expressway System, and on state highway routes that connect segments of the system, which are located within the county and over which the Department of the California Highway Patrol has law enforcement responsibility. The department shall determine and authorize the service providers eligible to participate in the system. The service authority shall reimburse the department for all costs incurred under this section.

SEC. 5. Article 3 (commencing with Section 8000) of Chapter 4 of Division 3 of the Vehicle Code is repealed.

SEC. 6. Article 3 (commencing with Section 8000) is added to Chapter 4 of Division 3 of the Vehicle Code, to read:

Article 3. Reciprocity Agreements

8000. The Reciprocity Commission may enter into agreements with foreign jurisdictions that provide for the exemption of fees for commercial vehicles if the foreign jurisdictions provide equivalent exemptions to vehicles registered in this state. The agreements shall be applicable to vehicles which are properly licensed and registered in the foreign jurisdictions. The commission may also enter into agreements that provide for the exemption of regulatory fees which are, or may be imposed, by the Public Utilities Code.

8001. The Reciprocity Commission is authorized to examine the legal requirements of commercial vehicle registration fee statutes of foreign jurisdictions which grant reciprocal privileges to out-of-state vehicles but which do not authorize negotiations or execution of agreements. After examination of the statutes, the commission may

declare the exemptions, benefits, and privileges that commercial vehicles registered in foreign jurisdictions shall be entitled to in this state.

8002. All reciprocity agreements, rules and regulations authorized by this chapter shall be in writing and shall be approved by endorsement by the Attorney General, as to legality only. An agreement shall become effective upon approval of the Attorney General and shall remain in effect until revoked by act of the commission.

SEC. 7. Article 4 (commencing with Section 8050) of Chapter 4 of Division 3 of the Vehicle Code is repealed.

SEC. 8. Article 4 (commencing with Section 8050) is added to Chapter 4 of Division 3 of the Vehicle Code, to read:

Article 4. Apportioned Registration

8050. The Legislature declares that in enacting this article, it adheres to the principle that each state should have the freedom to develop the kind of highway user tax structure that it determines to be most appropriate to itself, that the method of taxation of interstate vehicles should not be a determining factor in developing its user tax structure and that annual taxes or other taxes of the fixed fee type which are not imposed on a basis that reflects the amount of highway use should be apportioned among the states on the basis of vehicle miles traveled within each of the states. If the department determines that apportionment of the taxes on the basis of vehicle miles for a particular fleet of vehicles is impractical, the department may require the taxes on the fleet to be apportioned on an equivalent basis other than miles, as determined by the department.

8051. The Reciprocity Commission may enter into agreement on behalf of this state with the duly authorized representatives of any foreign jurisdiction providing for the registration of vehicles on an apportionment or allocation basis.

8052. (a) The Reciprocity Commission may, on behalf of the state, enter into, and become, a member of the International Registration Plan Agreement developed by the American Association of Motor Vehicle Administrators. The commission may adopt rules and regulations necessary to carry out the provisions of the International Registration Plan or other apportioned registration agreements entered into under the authority of this article.

(b) In administering the International Registration Plan, the state may collect all appropriate registration and license fees due other jurisdictions. Foreign jurisdictions which are members of the agreement shall be authorized to collect all appropriate registration and license fees due to the State of California, and remit the fees to this state pursuant to the terms of the agreement.

8053. Provisions of this code which specify and govern application filing, fee assignment, penalty assessment, and issuance of license plates and registration certificates, shall be applicable to

vehicles registered pursuant to this article.

8054. Upon application for transfer of ownership of a fleet of vehicles apportionately registered pursuant to this article, the department shall permit registration in the new owners name without reassessing the registration, weight, and vehicle license fees, if the application of the new ownership is for the same fleet interstate operation as the previous owner.

8055. This article does not apply to any owner or lessee of a commercial vehicle with primary registration and license plates issued in a foreign jurisdiction which does not grant reciprocity or apportioned registration to residents of this state owning commercial vehicles while operating within that foreign jurisdiction.

8056. Any application filed pursuant to this article which contains vehicles powered by diesel fuel shall include information concerning any diesel fuel tax permit issued by the Board of Equalization.

8057. Any person issued fleet registration pursuant to Article 9.5 (commencing with Section 5301) of Chapter 1 or this article shall:

(a) Maintain fleet records which support the mileage, cost, and weight of all vehicles apportioned registered. Mileage records, including copies of all permits used, shall be retained for five years, or until audited, whichever occurs first. Vehicle cost and weight records shall be retained for three years following the date the vehicle is deleted from the fleet.

(b) Make fleet records available to the department at its request for audit to verify the accuracy of the records. In the event the records are not made available within 30 days of the request, the department may assess full California fees and penalties and may suspend or cancel apportioned registration privileges. The registrant may be required to reimburse the department auditor per diem and travel expenses under certain conditions as determined by the director.

8058. The fees determined to be due and owing under this article shall be a lien upon all vehicles of the applicant of a type subject to registration under this code, and the provisions of Article 6 (commencing with Section 9800) of Chapter 6 shall apply.

SEC. 9. Article 5 (commencing with Section 8150) of Chapter 4 of Division 3 of the Vehicle Code is repealed.

SEC. 10. Article 7 (commencing with Section 8300) of Chapter 4 of Division 3 of the Vehicle Code is repealed.

SEC. 11. Section 22507.5 of the Vehicle Code is amended to read:

22507.5. (a) Notwithstanding Section 22507, local authorities may, by ordinance or resolution, prohibit or restrict the parking or standing of vehicles on certain streets or highways, or portions thereof, between the hours of 2 a.m. and 6 a.m., and may, by ordinance or resolution, prohibit or restrict the parking or standing, on any street, or portion thereof, in a residential district, of commercial vehicles having a manufacturer's gross vehicle weight rating of 10,000 pounds or more. The ordinance or resolution relating to parking between the hours of 2 a.m. and 6 a.m. may provide for

a system of permits for the purpose of exempting from the prohibition or restriction of the ordinance or resolution handicapped persons and residents of high-density, multiple-family dwelling areas or similar areas lacking adequate offstreet parking facilities. The ordinance or resolution relating to the parking or standing of commercial vehicles in a residential district, however; shall not be effective with respect to any commercial vehicle making pickups or deliveries of goods, wares, and merchandise from or to any building or structure located on the restricted streets or highways or for the purpose of delivering materials to be used in the actual and bona fide repair, alteration, remodeling, or construction of any building or structure upon the restricted streets or highways for which a building permit has previously been obtained.

(b) Subdivision (a) of this section is applicable to vehicles specified in subdivision (a) of Section 31303, except that no ordinance or resolution adopted pursuant to subdivision (a) of this section may permit the parking of those vehicles which is otherwise prohibited under this code.

(c) For the purpose of implementing this section, each local authority may, by ordinance, define the term "residential district" in accordance with its zoning ordinance. The ordinance shall not be effective unless the legislative body of the local authority holds a public hearing on the proposed ordinance prior to its adoption, with notice of the public hearing given in accordance with Section 65090 of the Government Code.

SEC. 12. Section 23114 of the Vehicle Code, as amended by Senate Bill 610, is amended to read:

23114. (a) No vehicle shall be driven or moved on any highway unless the vehicle is so constructed, covered, or loaded as to prevent any of its contents or load other than clear water or feathers from live birds from dropping, sifting, leaking, blowing, spilling, or otherwise escaping from the vehicle.

(b) (1) Aggregate material shall only be carried in the cargo area of a vehicle. The cargo area shall not contain any holes, cracks, or openings through which that material may escape, regardless of the degree to which the vehicle is loaded, except as provided in paragraph (2).

(2) Every vehicle used to transport aggregate materials, regardless of the degree to which the vehicle is loaded, shall be equipped with all of the following:

(A) Properly functioning seals on any openings used to empty the load, including, but not limited to, bottom-dump release gates and tailgates.

(B) Splash flaps behind every tire, or set of tires, regardless of position on the truck, truck tractor, or trailer.

(C) Center flaps at a location to the rear of each bottom/dump release gate as to trucks or trailers equipped with bottom/dump release gates. The center flap may be positioned directly behind the bottom/dump release gate and in front of the rear axle of the vehicle,

or it may be positioned to the rear of the rear axle in line with the splash flaps required behind the tires. The width of the center flap shall extend not more than one inch from one sidewall to the opposite sidewall of the inside tires and shall extend to within five inches of the pavement surface, and shall be not less than 24 inches from the bottom edge to the top edge of that center flap.

(D) Fenders starting at the splash flap with the leading edge of the fenders extending forward at least six inches beyond the center of the axle which cover the tops of tires not already covered by the truck, truck tractor, or trailer body.

(E) Complete enclosures on all vertical sides of the cargo area, including, but not limited to, tailgates.

(F) Shed boards designed to prevent aggregate materials from being deposited on the vehicle body during top loading.

(c) Vehicles comprised of full rigid enclosures are exempt only from subparagraphs (C) and (F) of paragraph (2) of subdivision (b).

(d) For purposes of this section, "aggregate material" means rock fragments, pebbles, sand, dirt, gravel, cobbles, crushed base, asphalt, and other similar materials.

(e) (1) On and after September 1, 1990, in addition to subdivisions (a) and (b), no vehicle shall transport any aggregate material upon a highway unless the material is covered.

(2) Vehicles transporting loads composed entirely of asphalt material are exempt only from the provisions of this section requiring that loads be covered.

(3) Vehicles transporting loads composed entirely of petroleum coke material shall not be required to cover their loads if they are loaded using safety procedures, specialized equipment, and a chemical surfactant designed to prevent materials from blowing, spilling, or otherwise escaping from the vehicle.

(4) Vehicles transporting loads of aggregate materials shall not be required to cover their loads if the load, where it contacts the sides, front, and back of the cargo container area, remains six inches from the upper edge of the container area, and if the load does not extend, at its peak, above any part of the upper edge of the cargo container area.

(5) The requirements of this subdivision shall become operative on September 1, 1990.

SEC. 13. Section 26708 of the Vehicle Code is amended to read:

26708. (a) (1) No person shall drive any motor vehicle with any object or material placed, displayed, installed, affixed, or applied upon the windshield or side or rear windows.

(2) No person shall drive any motor vehicle with any object or material placed, displayed, installed, affixed, or applied in or upon the vehicle which obstructs or reduces the driver's clear view through the windshield or side windows.

(3) This subdivision applies to a person driving a motor vehicle with the driver's clear vision through the windshield, or side or rear windows, obstructed by snow or ice.

(b) This section does not apply to:

(1) Rearview mirrors.

(2) Adjustable nontransparent sunvisors which are mounted forward of the side windows and are not attached to the glass.

(3) Signs, stickers, or other materials which are displayed in a 7-inch square in the lower corner of the windshield farthest removed from the driver, signs, stickers, or other materials which are displayed in a 7-inch square in the lower corner of the rear window farthest removed from the driver, or signs, stickers, or other materials which are displayed in a 5-inch square in the lower corner of the windshield nearest the driver.

(4) Side windows which are to the rear of the driver.

(6) Rear window wiper motor.

(7) Rear trunk lid handle or hinges.

(8) The rear window or windows, when the motor vehicle is equipped with outside mirrors on both the left- and right-hand sides of the vehicle that are so located as to reflect to the driver a view of the highway through each mirror for a distance of at least 200 feet to the rear of the vehicle.

(9) A clear, transparent lens affixed to the side window opposite the driver on a vehicle greater than 80 inches in width and which occupies an area not exceeding 50 square inches of the lowest corner toward the rear of that window and which provides the driver with a wide-angle view through the lens.

(10) Sun screening devices meeting the requirements of Section 26708.2 installed on the side windows on either side of the vehicle's front seat, if the driver or a passenger in the front seat has in his or her possession a letter or other document signed by a licensed physician and surgeon certifying that the person must be shaded from the sun due to a medical condition, or has in his or her possession a letter or other document signed by a licensed optometrist certifying that the person must be shaded from the sun due to a visual condition. The devices authorized by this paragraph shall not be used during darkness.

(c) Notwithstanding subdivision (a), transparent material may be installed, affixed, or applied to the topmost portion of the windshield if:

(1) The bottom edge of the material is at least 29 inches above the undepressed driver's seat when measured from a point 5 inches in front of the bottom of the backrest with the driver's seat in its rearmost and lowermost position with the vehicle on a level surface.

(2) The material is not red or amber in color.

(3) There is no opaque lettering on the material and any other lettering does not affect primary colors or distort vision through the windshield.

(4) The material does not reflect sunlight or headlight glare into

the eyes of occupants of oncoming or following vehicles to any greater extent than the windshield without the material.

SEC. 14. Section 38370 of the Vehicle Code is amended to read:

38370. (a) The Department of Motor Vehicles shall not identify any new off-highway motor vehicle, which is subject to identification and which produces a maximum noise level that exceeds the following noise limit, at a distance of 50 feet from the centerline of travel, under test procedures established by the Department of the California Highway Patrol.

(1) Any such vehicle manufactured before January 1, 1973	92 dbA
(2) Any such vehicle manufactured on or after January 1, 1973, and before January 1, 1975	88 dbA
(3) Any such vehicle manufactured on or after January 1, 1975, and before January 1, 1986	86 dbA
(4) Any such vehicle manufactured on or after January 1, 1986	82 dbA

(b) The department may accept a dealer's certificate as proof of compliance with this section.

(c) Test procedures for compliance with this section shall be established by the Department of the California Highway Patrol, taking into consideration the test procedures of the Society of Automotive Engineers.

(d) No person shall sell or offer for sale any new off-highway motor vehicle which is subject to identification and which produces a maximum noise level that exceeds the noise limits in subdivision (a), and for which noise emission standards or regulations have not been adopted by the Administrator of the Environmental Protection Agency pursuant to the Federal Noise Control Act of 1972 (P.L. 92-574).

(e) No person shall sell or offer for sale any new off-highway motor vehicle which is subject to identification and which produces a noise level that exceeds, or in any way violates, the noise emission standards or regulations adopted for such a motor vehicle by the Administrator of the Environmental Protection Agency pursuant to the Federal Noise Control Act of 1972 (P.L. 92-574).

(f) As used in this section, the term "identify" is equivalent to the term "licensing" as used in Section 6(e)(2) of the Federal Noise Control Act of 1972 (P.L. 92-574).

(g) Any off-highway motor vehicle, when operating pursuant to Section 38001, shall at all times be equipped with a silencer, or other device, which limits noise emissions to not more than 101 dbA if manufactured on or after January 1, 1975, or 105 dbA if manufactured before January 1, 1975, when measured from a distance of 20 inches using test procedures established by the Society of Automotive Engineers under Standard J-1287.

SEC. 15. Section 40001 of the Vehicle Code is amended to read:

40001. (a) It is unlawful for the owner, or any other person, employing or otherwise directing the driver of any vehicle to cause the operation of the vehicle upon a highway in any manner contrary to law.

(b) It is unlawful for an owner to request, cause, or permit the operation of any vehicle:

(1) Which is not registered or for which any fee has not been paid under this code.

(2) Which is not equipped as required in this code.

(3) Which does not comply with the size, weight, or load provisions of this code.

(4) Which does not comply with the regulations promulgated pursuant to this code, or with applicable city or county ordinances adopted pursuant to this code.

(5) Which is not in compliance with the provisions of Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code and the rules and regulations of the State Air Resources Board.

(c) Whenever a violation is chargeable to the owner or lessee of a vehicle pursuant to subdivision (a) or (b), the driver shall not be arrested or cited for the violation unless the vehicle is registered in a state or country other than California, or unless the violation is for an offense that is clearly within the responsibility of the driver. The Department of the California Highway Patrol shall report to the Legislature on or before January 1, 1988, concerning the effects of this subdivision.

(d) Whenever the owner or lessee is prosecuted for a violation pursuant to the provisions of this section the court may, on the request of the owner or lessee, take appropriate steps to make the driver of the vehicle, or any other person who directs the loading, maintenance or operation of the vehicle, a codefendant. In the event the codefendant is held solely responsible and found guilty, the court may dismiss the charge against the owner or lessee.

SEC. 16. The amendment of Section 22507.5 of the Vehicle Code made at the 1989–90 Regular Session of the Legislature by Section 11 of this act does not constitute a change in, but is declaratory of, the existing law.

SEC. 17. The allocations totaling five thousand dollars ($5,000) from the Aeronautics Account in the State Transportation Fund made by the Department of Transportation to the City of Madera and expended by the city for airport purposes at Madera Municipal Airport during the 1979–80 fiscal year are hereby ratified, validated, confirmed, and declared legally effective for all purposes.

SEC. 18. The Legislature finds and declares that Section 17 of this act is necessary since special facts and circumstances applicable to the City of Madera, and not generally applicable, make the accomplishment of this purpose impossible by any general law. There exists a dispute as to the validity of allocations made by the Department of Transportation to the City of Madera from the

Aeronautics Account in the State Transportation Fund for airport purposes based on a good faith expenditure of these funds. The Legislature further finds and declares that these are the only such expenditures of funds involved, that the purpose of this act is impossible to accomplish by any general law, and that a special statute within the meaning of Section 16 of Article IV of the California Constitution applicable only to the City of Madera is therefore necessary.

SEC. 19. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 534

An act to amend Section 11350 of the Health and Safety Code, and to amend Sections 1001.10 and 1463.23 of the Penal Code, relating to AIDS.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 20, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 11350 of the Health and Safety Code is amended to read:

11350. (a) Except as otherwise provided in this division, every person who possesses (1) any controlled substance specified in subdivision (b) or (c), or paragraph (1) of subdivision (f) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b), (c), or (g) of Section 11055, or (2) any controlled substance classified in Schedule III, IV, or V which is a narcotic drug, unless upon the written prescription of a physician, dentist, podiatrist, or veterinarian licensed to practice in this state, shall be punished by imprisonment in the state prison.

(b) Except as otherwise provided in this division, every person who possesses any controlled substance specified in subdivision (e) of Section 11054 shall be punished by imprisonment in the county jail for not more than one year or in the state prison.

(c) Except as otherwise provided in this division, whenever a person who possesses any of the controlled substances specified in subdivision (a) or (b), the judge may, in addition to any punishment

provided for pursuant to subdivision (a) or (b), assess against that person a fine not to exceed seventy dollars ($70) with proceeds of this fine to be used in accordance with Section 1463.23 of the Penal Code. The court shall, however, take into consideration the defendant's ability to pay, and no defendant shall be denied probation because of his or her inability to pay the fine permitted under this subdivision.

SEC. 2. Section 1001.10 of the Penal Code is amended to read:

1001.10. (a) The judge shall require any person described in subdivision (b), as a condition of either placing the person on probation or of permitting the person to participate in a drug diversion program to agree to participate in an AIDS education program. Testing for AIDS antibodies shall be offered but no person described in subdivision (b) shall be required to be tested.

(b) This section shall apply to any person who has either been placed on probation or granted diversion for, any of the following:

(1) A violation of subdivision (a) of Section 11350 of the Health and Safety Code, subdivision (a) of Section 11377 of the Health and Safety Code, Section 11550 of the Health and Safety Code, Section 4143 or 4149 of the Business and Professions Code, or of subdivision (f) of Section 647 if the offense involves intravenous use of a controlled substance.

(2) A violation of subdivision (a) or (b) of Section 647.

SEC. 3. Section 1463.23 of the Penal Code is amended to read:

1463.23. Notwithstanding Section 1463, out of the moneys deposited with the county treasurer pursuant to Section 1463, fifty dollars ($50) of each fine imposed pursuant to Section 4383 of the Business and Professions Code, subdivision (c) of Section 11350, subdivision (c) of Section 11377, or subdivision (b) of Section 11550 of the Health and Safety Code or subdivision (b) of Section 264, subdivision (m) of Section 286, subdivision (m) of Section 288a or Section 647.1, shall be deposited in a special account in the county treasury which shall be used exclusively to pay for the reasonable costs of establishing and providing for the county, or any city within the county, an AIDS (acquired immune deficiency syndrome) education program under the direction of the county health department, in accordance with Chapter 2.71 (commencing with Section 1001.10) of Title 6, and for the costs of collecting and administering funds received for purposes of this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficent to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 535

An act to amend Section 11024 of the Business and Professions Code, relating to subdivided lands.

[Approved by Governor September 19, 1989. Filed with Secretary of State September 20, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 11024 of the Business and Professions Code is amended to read:

11024. (a) A person who has made an offer to purchase a time-share estate or time-share use in a time-share project, as defined in Section 11003.5, shall have the right to rescind any contract resulting from the acceptance of the offer until midnight of the third calendar day following the day on which the prospective purchaser executed the offer to purchase.

(b) The owner of a subdivision, as defined in subdivision (e) of Section 11004.5, or his or her agent, shall, in accordance with regulations adopted by the Real Estate Commissioner, clearly and conspicuously disclose to all prospective purchasers of time-share interests the right of rescission provided for in subdivision (a), and shall furnish to each offeror a form, as prescribed by regulations of the commissioner, for the exercise of the right of rescission.

(c) Any certificate bearing the signature of the purchaser of a time-share estate or time-share use in a time-share project, as defined in Section 11003.5, which contains an adequate description of the interests sold and a statement by the purchaser that he or she has not exercised the right of rescission within the time limit set forth herein shall constitute conclusive evidence that the right of rescission has not been exercised in any matter involving the rights of a third party who has acted in good faith in reliance upon representations in the certificate.

(d) A purchaser may bring an action for recovery of actual damages or other equitable relief against the owner of a subdivision, as defined in subdivision (e) of Section 11004.5, or his or her agent, for a violation of this section. Upon finding a violation of this section, the court shall award rescission of the contract, if the purchaser pleads rescission. The court may also award:

(1) All damages actually suffered by a purchaser.

(2) Reasonable attorney's fees and costs to the prevailing purchaser.

(3) Other relief deemed appropriate to carry out the intent of this section.

CHAPTER 536

An act to amend Section 13205 of the Water Code, relating to water quality.

[Approved by Governor September 19, 1989. Filed with Secretary of State September 20, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 13205 of the Water Code is amended to read:

13205. Each member of a regional board shall receive one hundred dollars ($100) for each day during which that member is engaged in the performance of official duties, except that no member shall be entitled to receive the one hundred dollars ($100) compensation if the member otherwise receives compensation from other sources for performing those duties. The total compensation received by members of each regional board shall not exceed, in any one fiscal year, the sum of thirteen thousand five hundred dollars ($13,500). A member may decline compensation. In addition to the compensation, each member shall be reimbursed for necessary traveling and other expenses incurred in the performance of official duties.

CHAPTER 537

An act to amend Section 170.6 of the Code of Civil Procedure, relating to civil proceedings.

[Approved by Governor September 19, 1989 Filed with Secretary of State September 20, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 170.6 of the Code of Civil Procedure is amended to read:

170.6. (1) No judge, court commissioner, or referee of any superior, municipal or justice court of the State of California shall try any civil or criminal action or special proceeding of any kind or character nor hear any matter therein which involves a contested issue of law or fact when it shall be established as hereinafter provided that the judge or court commissioner is prejudiced against any party or attorney or the interest of any party or attorney appearing in the action or proceeding.

(2) Any party to or any attorney appearing in any such action or proceeding may establish this prejudice by an oral or written motion without notice supported by affidavit or declaration under penalty

of perjury or an oral statement under oath that the judge, court commissioner, or referee before whom the action or proceeding is pending or to whom it is assigned is prejudiced against any such party or attorney or the interest of the party or attorney so that the party or attorney cannot or believes that he or she cannot have a fair and impartial trial or hearing before the judge, court commissioner, or referee. Where the judge, other than a judge assigned to the case for all purposes, court commissioner, or referee assigned to or who is scheduled to try the cause or hear the matter is known at least 10 days before the date set for trial or hearing, the motion shall be made at least five days before that date. If directed to the trial of a cause where there is a master calendar, the motion shall be made to the judge supervising the master calendar not later than the time the cause is assigned for trial. If directed to the trial of a cause which has been assigned to a judge for all purposes, the motion shall be made to the assigned judge or to the presiding judge by a party within 10 days after notice of the all purpose assignment, or if the party has not yet appeared in the action, then within 10 days after the appearance. If the court in which the action is pending is authorized to have no more than one judge and the motion claims that the duly elected or appointed judge of that court is prejudiced, the motion shall be made before the expiration of 30 days from the date of the first appearance in the action of the party who is making the motion or whose attorney is making the motion. In no event shall any judge, court commissioner, or referee entertain the motion if it be made after the drawing of the name of the first juror, or if there be no jury, after the making of an opening statement by counsel for plaintiff, or if there is no such statement, then after swearing in the first witness or the giving of any evidence or after trial of the cause has otherwise commenced. If the motion is directed to a hearing (other than the trial of a cause), the motion shall be made not later than the commencement of the hearing. In the case of trials or hearings not herein specifically provided for, the procedure herein specified shall be followed as nearly as may be. The fact that a judge, court commissioner, or referee has presided at or acted in connection with a pretrial conference or other hearing, proceeding or motion prior to trial and not involving a determination of contested fact issues relating to the merits shall not preclude the later making of the motion provided for herein at the time and in the manner hereinbefore provided.

A motion under this paragraph may be made following reversal on appeal of a trial court's decision if the trial judge in the prior proceeding is assigned to conduct a new trial on the matter. The motion shall be made within 60 days after the party or the party's attorney has been notified of the assignment.

(3) If the motion is duly presented and the affidavit or declaration under penalty of perjury is duly filed or such oral statement under oath is duly made, thereupon and without any further act or proof, the judge supervising the master calendar, if any, shall assign some

other judge, court commissioner, or referee to try the cause or hear the matter. In other cases, the trial of the cause or the hearing of the matter shall be assigned or transferred to another judge, court commissioner, or referee of the court in which the trial or matter is pending or, if there is no other judge, court commissioner, or referee of the court in which the trial or matter is pending, the Chairman of the Judicial Council shall assign some other judge, court commissioner, or referee to try the cause or hear the matter as promptly as possible. Under no circumstances shall a party or attorney be permitted to make more than one such motion in any one action or special proceeding pursuant to this section; and in actions or special proceedings where there may be more than one plaintiff or similar party or more than one defendant or similar party appearing in the action or special proceeding, only one motion for each side may be made in any one action or special proceeding.

(4) Unless required for the convenience of the court or unless good cause is shown, a continuance of the trial or hearing shall not be granted by reason of the making of a motion under this section. If a continuance is granted, the cause or matter shall be continued from day to day or for other limited periods upon the trial or other calendar and shall be reassigned or transferred for trial or hearing as promptly as possible.

(5) Any affidavit filed pursuant to this section shall be in substantially the following form:

(Here set forth court and cause)

County of		CHALLENGE

_____, being duly sworn, deposes and says: That he or she is a party (or attorney for a party) to the within action (or special proceeding). (6) Any oral statement under oath or declaration under penalty of perjury made pursuant to this section shall include substantially

the same contents as the affidavit above.

(7) Nothing in this section shall affect or limit the provisions of Section 170 and Title 4, Part 2, of this code and this section shall be construed as cumulative thereto.

(8) If any provision of this section or the application to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of the section which can be given effect without the invalid provision or application and to this end the provisions of this section are declared to be severable.

CHAPTER 538

An act to amend Section 27007 of the Vehicle Code, relating to motor vehicles.

[Approved by Governor September 19, 1989. Filed with Secretary of State September 20, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 27007 of the Vehicle Code is amended to read:

27007. No driver of a vehicle shall operate, or permit the operation of, any sound amplification system which can be heard outside the vehicle from 50 or more feet when the vehicle is being operated upon a highway, unless that system is being operated to request assistance or warn of a hazardous situation.

This section does not apply to authorized emergency vehicles or vehicles operated by gas, electric, communications, or water utilities. This section does not apply to the sound systems of vehicles used for advertising, or in parades, political or other special events, except that the use of sound systems on those vehicles may be prohibited by a local authority by ordinance or resolution.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 539

An act to add Section 201.4 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1989. Filed with Secretary of State September 20, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 201.4 is added to the Revenue and Taxation Code, to read:

201.4. (a) The possessory interest of a nonprofit entity, solely owned by the City of Palm Springs, in property which is located wholly within the boundaries of an Indian reservation and owned by the United States in trust for named Indian allottees, and which is leased to the City of Palm Springs under a master lease a portion of which for purposes of financing is subleased to a nonprofit entity, and subleased by that nonprofit entity to the City of Palm Springs which devotes that property exclusively to convention or related public purposes, shall be deemed to be property owned by the City of Palm Springs.

(b) Property which is owned in fee by a nonprofit entity in which the City of Palm Springs has the sole ownership interest, and leased by that nonprofit entity to the City of Palm Springs which devotes that property exclusively to convention or related public purposes, shall be deemed to be property owned by the City of Palm Springs.

(c) This section shall not be construed to exempt from ad valorem property taxation any possessory interest in otherwise tax-exempt property not devoted exclusively to convention or related public purposes or any property or possessory interest in property of the City of Palm Springs located outside of its boundaries.

SEC. 2. The Legislature, in enacting Section 1 of this act, finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to the following unique circumstances:

The City of Palm Springs owns and operates public facilities located upon one of three assessor's parcels which are or will be leased from the United States of America as trustee for certain Indian allottees. That master lease serves the function of pooling rental income from all three parcels for distribution to the numerous Indian allottees. The one leased parcel used by the City of Palm Springs exclusively for public purposes is subleased to a nonprofit public benefit corporation, the sole ownership interest of which is held by the city. That nonprofit entity in turn has financed and constructed the public facility and sublet the property to the City of Palm Springs. The subleases require that any ad valorem taxes assessed against the property or possessory interest therein be paid by the

sublessee. An adjoining parcel owned in fee by the same nonprofit entity is likewise leased to the City of Palm Springs and used by the city for public purposes. The unique nature of ownership and financing and leasing arrangements do not permit a total exemption from taxation under current law of these parcels even though used exclusively for public purposes.

SEC. 3. Notwithstanding Section 2229 of the Revenue and Taxation Code, the requirements of that section relating to any exemption of property for more than five years or for more than 75 percent of the value thereof, shall not apply to any exemption made by this act. In addition, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 4. It is the intent of the Legislature in enacting this act that the provisions of Article 5 (commencing with Section 5081) of Chapter 4 of Part 9 of Division 1 of the Revenue and Taxation Code shall apply to the subject property, including any taxable possessory interest in the subject property acquired by the City of Palm Springs or deemed to be owned by the city, and that the date of apportionment of taxes pursuant to Section 5082 of the Revenue and Taxation Code shall be the date upon which the City of Palm Springs acquires the master lease referred to the Sections 1 and 2.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the property tax relief intended to be provided to a general law city by this act may be made available as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 540

[Approved by Governor September 20, 1989. Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, in enacting this act, to emphasize the importance of every person's efforts to reduce the amount of waste generated, thus reducing the rising cost of waste management. Notification, as required by this act, will help ensure that residents become aware of their portion of the total cost for solid waste management in the area in which they live.

SEC. 2. Section 66759 is added to the Government Code, to read:

66759. (a) Notwithstanding Section 66757, every local agency which does not directly charge residential households a fee for the collection, transportation, and disposal of solid waste and every local agency which directly charges residential customers a fee which represents less than 90 percent of the average cost of collecting, transporting, and disposing of residential solid waste shall, at least once every three months, arrange to inform all residential households of all of the following:

(b) Where possible, the notification provided under subdivision (a) shall be distributed by each local agency to residential households in a manner that results in no distribution costs to the local agency in excess of distribution costs otherwise incurred for other purposes.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

6112. (a) Any person generally competent to be a witness may act as a witness to a will.

(b) A will or any provision thereof is not invalid because the will is signed by an interested witness.

(c) Unless there are at least two other witnesses to the will who are disinterested witnesses, the fact that the will makes a devise to a witness creates a presumption that the witness procured the devise by duress, menace, fraud, or undue influence. This presumption is a presumption affecting the burden of proof. This presumption does not apply where the witness is a person to whom the devise is made solely in a fiduciary capacity.

(d) If a devise made by the will to an interested witness fails because the presumption established by subdivision (c) applies to the devise and the witness fails to rebut the presumption, the interested witness shall take such proportion of the devise made to the witness in the will as does not exceed the share of the estate which would be distributed to the witness if the will were not established. Nothing in this subdivision affects the law that applies where it is established that the witness procured a devise by duress, menace, fraud, or undue influence.

The requirement of this section that a person who survives the decedent must survive the decedent by 120 hours does not apply if the application of the 120-hour survival requirement would result in the escheat of property to the state.

(b) The amendment made to this section by the act that added this subdivision does not apply where any of the persons upon whose time of death the disposition of property depends died before January 1, 1990. Where the amendment does not apply, the case continues to be governed by the law applicable before January 1, 1990.

(b) The petitioner shall obtain and file with the court a written receipt including the agreement of the trust company or financial institution that the property on deposit, including any earnings thereon, shall not be allowed to be withdrawn except on order of the court.

(c) In receiving and retaining property under this section, the trust company or financial institution is protected to the same extent as though it had received the property from a person who had been appointed personal representative.

SEC. 7. Section 8406 of the Probate Code is amended to read:

8406. If an order appointing a personal representative is reversed on appeal for error, the person appointed is not liable for any otherwise proper act done in good faith before the reversal, nor is any transaction void by reason of the reversal if entered into with a third person dealing in good faith and for value.

(p) Public administrator.
(q) Creditors.
(r) Any other person.

SEC. 9. Section 8483 of the Probate Code is amended to read:

8483. (a) This section applies where property in the estate has been deposited pursuant to Chapter 3 (commencing with Section 9700) of Part 5 on condition that the property, including any earnings thereon, will not be withdrawn except on authorization of the court.

(b) In a proceeding to determine the amount of the bond of the personal representative (whether at the time of appointment or subsequently), on production of a receipt showing the deposit of property in the estate in the manner described in subdivision (a), the court may order that the property shall not be withdrawn except on authorization of the court and may, in its discretion, do either of the following:

(1) Exclude the property in determining the amount of the required bond or reduce the amount of the bond to an amount the court determines is reasonable.

(2) If a bond has already been given or the amount fixed, reduce the amount to an amount the court determines is reasonable.

SEC. 9.5. Section 9053 of the Probate Code is amended to read:

9053. (a) If the personal representative believes that notice to a particular creditor is or may be required by this chapter and gives notice based on that belief, the personal representative is not liable to any person for giving the notice, whether or not required by this chapter.

(b) If the personal representative fails to give notice required by this chapter, the personal representative is not liable to any person for the failure, unless a creditor establishes all of the following:

(1) The failure was in bad faith.

(2) Neither the creditor nor the attorney representing the creditor in the matter had actual knowledge of the administration of the estate before the court made an order for final distribution, and payment would have been made on the creditor's claim in the course of administration if the claim had been properly filed.

(3) Within 16 months after letters were first issued to a general personal representative, the creditor did both of the following:

(A) Filed a petition requesting that the court in which the estate was administered make an order determining the liability of the personal representative under this subdivision.

CHAPTER 545

An act to add Section 33320.5 to, the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 33320.5 is added to the Health and Safety Code, to read:

33320.5. (a) Notwithstanding Section 33320.1, the requirement that privately owned land within a project area be "predominantly urbanized," as that term is defined in subdivision (b) of Section 33320.1, shall not apply to privately owned land within a project area, if the privately owned land is adjacent or in proximity to a military facility or installation which is proposed to be closed pursuant to Public Law 100-526 and the inclusion of the privately owned land is found by an entity formed pursuant to subdivision (b) to be necessary for the effective redevelopment of the military facility or installation and the adjacent area.

(b) The legislative bodies for communities having territory within, adjacent to or in proximity to a military facility or installation described in subdivision (a) may create a separate joint powers agency pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, which shall have and exclusively exercise powers of an agency in furtherance of the redevelopment of a project area approved by the joint powers agency. In addition to the powers of an agency, the joint powers agency so formed shall also act as the legislative body and planning commission for all approvals and actions required by this part of legislative bodies and planning commissions for the adoption and implementation of a redevelopment plan. However, all land use, planning, and development decisions with regard to the land within the project area shall continue to be under the control and jurisdiction of each of the respective local legislative bodies or planning commissions, as applicable.

(c) The territory included within the project and project area may be contiguous or noncontiguous, and any project area may be located in whole or in part within one or more of the communities

impacted by the closure of the military facility or installation, and the land to be included within the project area within the community or communities in proximity to the military facility or installation shall be found necessary for the effective redevelopment of the military facility or installation and the adjacent area. A project area shall not include territory outside the jurisdiction of the communities that are parties to the joint powers agency without the consent of the legislative body having jurisdiction over the territory proposed to be included within the project area.

(d) A redevelopment plan for the project area shall contain all of the provisions required by this part. However, if the agency finds, based on substantial evidence on the record, that compliance with the requirements of Sections 33333.2 and 33334.1 would make it impracticable to achieve the policies of this section, the agency may eliminate or modify the requirements of Sections 33333.2 and 33334.1.

(e) The redevelopment plan shall provide for either of the following:

(1) A Low- and Moderate-Income Housing Fund, as required by Section 33334.2

(2) A deferral for depositing all or part of the 20 percent of taxes allocated to the agency pursuant to Section 33670 in the Low- and Moderate-Income Housing Fund if the agency, after conducting a noticed public hearing, makes, and the executive committee of the Southern California Association of Governments reviews and approves, findings supported by substantial evidence that all of the following apply:

(A) The military facility or installation cannot be acquired or developed by private enterprise without the assistance of the agency.

(B) There are no feasible alternative means of financing the acquisition or development of the military facility or installation other than by utilizing the low- and moderate-income housing portion of the taxes which are allocated to the agency pursuant to subdivision (b) of Section 33670.

(C) Failure of the agency to finance the acquisition or development of the military facility or installation would lead to serious economic hardship and job loss.

(D) The redevelopment plan shall specify the period during which less than 20 percent of the taxes which are allocated to the agency pursuant to subdivision (b) of Section 33670, is to be deposited in the Low- and Moderate-Income Housing Fund. The redevelopment plan shall also contain a repayment plan which specifies a date at which time the agency will have made up the deficit created by the deferral, including repayment of the interest at the highest rate received by the agency on funds it deposits during the period of deferral. The repayment plan shall reduce the deficit in the shortest feasible time consistent with the needs of the agency, as specified in the agency's findings.

(f) The joint powers agency acting as the agency, the legislative

body or the planning commission, shall follow all procedures under this part applicable to the adoption and amendment of redevelopment plans, except with respect to Sections 33347.5, 33353 to 33353.6, inclusive, Sections 33354.4 to 33354.6, inclusive, and Section 33385.

(g) The agency shall create a fiscal advisory group to consult with each affected taxing agency and to advise and report to the agency in the manner required of a fiscal review committee by Section 33353.5 on any potential fiscal impact upon affected taxing agencies within the project area. The fiscal advisory group shall consist of the financial officer or treasurer of each city and each county which created the joint powers authority.

(h) The agency shall prepare and distribute to each affected taxing agency a report which includes the information required by Section 33328. The agency shall also prepare an analysis of the report required of a fiscal review committee pursuant to subdivision (m) of Section 33352 and an analysis of the report required of the fiscal advisory group pursuant to subdivision (g).

(i) As used in this section, "in proximity to" means within three miles of the boundary of Norton Air Force Base and within eight miles of George Air Force Base.

(j) The Legislature finds and declares that the closure of two or more military facilities or installations within the County of San Bernardino will cause serious economic hardship in that county, including loss of jobs, increased unemployment, deterioration of properties and land utilization and undue disruption of the lives and activities of the people. Therefore, the Legislature finds and declares that to avoid serious economic hardship and accompanying blight, it is necessary to enact this act which shall apply only within the County of San Bernardino. In enacting this act, it is the policy of the Legislature to assist communities within the County of San Bernardino in their attempt to preserve the military facilities and installations for their continued use as airports and aviation-related purposes.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances faced by the County of San Bernardino. The County of San Bernardino is the county in California in which two military facilities or installations are preposed to be closed pursuant to Public Law 100-526.

SEC. 3. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

In the event payments are not received by the board by the 10th of the month for the following month, coverage shall be terminated and shall not be resumed until the next open enrollment period.

Upon receipt of a written application pursuant to this section, the benefits provided by this section shall commence with the first day of the month following receipt of the application and payment as required by the board.

SECTION 1. Section 7541 of the Business and Professions Code is amended to read:

7541. Except as otherwise provided by this section, an applicant, or his or her manager, for a license as a private investigator shall have had at least three years' experience in investigation work.

A year's experience shall consist of not less than 2,000 hours of actual compensated work performed by each applicant preceding the filing of an application.

An applicant who holds a law degree or who has completed a four-year course in police science, criminal justice, criminal law, or the equivalent thereof shall be required to have had two years' experience in investigation work.

An applicant shall substantiate the claimed years of qualifying experience and the exact details as to the character and nature thereof by written certifications from the employer, subject to independent verification by the director as he or she may determine.

Notwithstanding any other provision of law, only an employer or his or her designated agent may certify experience for purposes of this section. For purposes of this section, the term "employer" shall mean only those persons, corporations, partnerships, proprietorships, or other associations which, in the employ of the designated individual, regularly and routinely withheld income taxes and other payroll deductions for direct forwarding to governmental taxing authorities.

An employer who is a licensee shall respond in writing within 30 days to an applicant's written request for certifications of the applicant's work experience as an employee and either provide the certifications or the reasons for denial. If the applicant notifies the director in writing, under penalty of perjury, that the applicant is unable to obtain the required written response from a licensee or

provides the licensee's written denial and states, under penalty of perjury, that the licensee's reasons for denial are invalid or insufficient and the director concurs, the director may require the licensee to provide the bureau with all relevant employment records maintained pursuant to Section 7531.5 regarding the applicant for evaluation in substantiating the applicant's employment experience.

SEC. 2. Section 7541.1 is added to the Business and Professions Code, to read:

(a) Notwithstanding any other provision of law, experience for purposes of taking the examination for licensure as a private investigator shall be limited to those activities actually performed in connection with investigations, as defined in subdivision (a) of Section 7521, and only if those activities are performed by persons who are employed in the following capacities:

(1) Sworn law enforcement officers possessing powers of arrest and employed by agencies in the federal, state, or local government.

(2) Military police of the armed forces of the United States or the national guard.

(3) An insurance adjuster or their emloyees subject to Chapter 1 (commencing with Section 14000) of Division 5 of the Insurance Code.

(5) Persons employed by collection agencies duly licensed in accordance with Chapter 8 (commencing with Section 6850), and persons employed by repossessors duly licensed in accordance with Chapter 11 (commencing with Section 7500), only to the extent that those persons are routinely and regularly engaged in the location of debtors or the location of personal property utilizing methods commonly known as "skip tracing." For purposes of this section, only that experience acquired in that skip tracing shall be credited toward qualification to take the examination.

(6) Persons duly trained and certified as an arson investigator and employed by a public agency engaged in fire suppression.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 550

An act to amend Section 17511.1 of the Business and Professions Code, relating to sales.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 17511.1 of the Business and Professions Code is amended to read:

17511.1. As used in this article, "telephonic seller" or "seller" means a person who, on his or her own behalf or through salespersons or through the use of an automatic dialing-announcing device, as defined in Section 2871 of the Public Utilities Code, causes a telephone solicitation or attempted telephone solicitation to occur which meets the criteria specified in subdivision (a), (b), or (c) and who is not exempted by subdivision (d), as follows:

(a) A telephone solicitation or attempted telephone solicitation wherein the telephonic seller initiates telephonic contact with a prospective purchaser and represents or implies one or more of the following:

(1) That a prospective purchaser who buys one or more items will also receive additional or other items, whether or not of the same type as purchased, without further cost. For purposes of this subdivision, "further cost" does not include actual postage or common carrier delivery charges, if any.

(2) That a prospective purchaser will receive a prize or gift, if the

person also encourages the prospective purchaser to do either of the following:

(A) Purchase or rent any goods or services.

(B) Pay any money, including, but not limited to, a delivery or handling charge.

(3) That a prospective purchaser is able to obtain any item or service at a price which the seller states or implies is below the regular price of the item or service offered. This paragraph shall not apply to retailers who, within the previous 12 months, have sold a majority of their goods or services through in-person sales at retail stores.

(4) That a prospective purchaser who buys office equipment or supplies will, because of some unusual event or imminent price increase, be able to buy these items at prices which are below those that are usually charged or will be charged for the items.

(5) That the seller is a person other than the person he or she is.

(6) That the items for sale are manufactured or supplied by a person other than the actual manufacturer or supplier.

(7) That the seller is offering to sell the prospective purchaser any gold, silver, or other metals, including coins, diamonds, rubies, sapphires, or other stones, coal or other minerals, or any interest in oil, gas, or mineral fields, wells, or exploration sites, or any other investment opportunity of any type whatsoever.

(b) A solicitation or attempted solicitation which is made by telephone in response to inquiries generated by unrequested notifications sent by the seller to persons who have not previously purchased goods or services from the seller or who have not previously requested credit from the seller, to a prospective purchaser wherein the seller represents or implies to the recipient of the notification that any of the following applies to the recipient.

(1) That the recipient has in any manner been specially selected to receive the notification or the offer contained in the notification.

(2) That the recipient will receive a prize or gift if the recipient calls the seller.

(3) That if the recipient buys one or more items from the seller, the recipient will also receive additional or other items, whether or not of the same type as purchased, without further cost or at a cost which the seller states or implies is less than the regular price of such items.

However, this subdivision does not apply to the solicitation of sales by a catalog seller who periodically issues and delivers catalogs to potential purchasers by mail or by other means. This exception only applies if the catalog includes a written description or illustration and the sales price of each item of merchandise offered for sale, includes at least 24 full pages of written material or illustrations, is distributed in more than one state, and has an annual circulation of not less than 250,000 customers.

(c) A solicitation or attempted solicitation which is made by telephone in response to inquiries generated by advertisements on

behalf of the telephonic seller wherein it is represented or implied that the seller is offering to sell to the prospective purchaser any gold, silver, or other metals, including coins, diamonds, rubies, sapphires, or other stones, coal or other minerals, or any interest in oil, gas, or mineral fields, wells, or exploration sites, or any other investment opportunity of any type whatsoever.

(d) For purposes of this article, "telephonic seller" or "seller" does not include any of the following:

(1) A person offering or selling a security qualified under Section 25110, 25120, or 25130 of the Corporations Code or exempt from qualification under Chapter 1 (commencing with Section 25100) of Part 2 of Division 1 of Title 4 of the Corporations Code. The fact that a notice claiming an exemption under the Corporate Securities Law of 1968 is filed with the Department of Corporations does not create an exemption under this paragraph.

(2) A person licensed pursuant to Part 1 (commencing with Section 10000) of Division 4, when the solicited transaction is governed by that law.

(3) A person licensed pursuant to Chapter 9 (commencing with Section 7000) of Division 3, when the solicited transaction is governed by that law.

(4) A person licensed or certificated pursuant to Part 2 (commencing with Section 680) of Division 1 of the Insurance Code, including a person licensed pursuant to Chapter 5 (commencing with Section 1621) thereof, when the solicited transaction is governed by that law.

(5) A person offering or selling a franchise registered pursuant to Section 31110 of the Corporations Code or exempt from registration under Chapter 1 (commencing with Section 31100) of Part 2 of Division 5 of Title 4 of the Corporations Code. The fact that a notice claiming an exemption under the Franchise Investment Law is filed with the Department of Corporations does not create an exemption under this paragraph.

(6) A person soliciting the sale of a seller assisted marketing plan, as defined in Title 2.7 (commencing with Section 1812.200) of Part 4 of Division 3 of the Civil Code, who has filed with the Secretary of State the documents required by Section 1812.203 of the Civil Code.

(7) A person primarily soliciting the sale of a newspaper of general circulation, as defined in Article 1 (commencing with Section 6000) of Chapter 1 of Division 7 of Title 1 of the Government Code, a magazine, or membership in a book or record club whose program operates in conformity with the requirements of Section 1584.5 of the Civil Code.

(8) A person soliciting business from prospective purchasers who have previously purchased from the business enterprise for which the person is calling.

(9) A person soliciting without the intent to complete and who does not complete the sales presentation during the telephone solicitation but completes the sales presentation at a later face-to-face

meeting between the solicitor and the prospective purchaser. However, if a seller, directly following a telephone solicitation, causes an individual whose primary purpose it is to go to the prospective purchaser to collect the payment or deliver any item purchased, this exemption does not apply.

(10) Any supervised financial institution or parent, subsidiary, or affiliate thereof. As used in this paragraph, "supervised financial institution" means any commercial bank, trust company, savings and loan association, credit union, industrial loan company, personal property broker, consumer finance lender, commercial finance lender, or insurer, provided that the institution is subject to supervision by an official or agency of this state or of the United States.

(11) A person soliciting the sale of a preneed funeral arrangement regulated by Article 9 (commencing with Section 7735) of Chapter 12 of Division 3.

(12) A person licensed pursuant to Chapter 19 (commencing with Section 9600) of Division 3 when acting pursuant to that licensure.

(13) A person soliciting the sale of services provided by a cable television system licensed or franchised pursuant to Section 53066 of the Government Code or any other authority.

(14) A person or an affiliate of a person whose business is regulated by the Public Utilities Commission.

(15) A person soliciting the sale of a commodity pursuant to Part 2 (commencing with Section 58601) of Division 21 of the Food and Agricultural Code, if the solicitation neither intends to, nor actually results in, a sale which costs the purchaser in excess of one hundred dollars ($100).

(16) An issuer or subsidiary of an issuer that has a class of securities which is subject to Section 12 of the Securities Exchange Act of 1934 (15 U.S.C. Sec. 78*l*) and which is either registered or exempt from registration under paragraph (A), (B), (C), (E), (F), (G), or (H) of subsection (g) (2) of that section.

(17) A person soliciting exclusively the sale of telephone answering services to be provided by that person or that person's employer.

(18) A person soliciting a transaction regulated by the Commodity Futures Trading Commission if the person is registered or temporarily licensed for this activity with the Commodity Futures Trading Commission under the Commodity Exchange Act, (7 U.S.C. Sec. 1 et seq.) and the registration or license has not expired or been suspended or revoked.

(19) A person who sells coins or bullion at a price which is not more than 25 percent more than the price at which the seller is concurrently buying the same coins or bullion, if: (A) the seller has had a retail location in California from which he or she has been selling coins or bullion to the public in person for at least three years; (B) the telephonic solicitations are not the person's primary business and sales made telephonically make up less than 20 percent of the

person's total retail sales; and (C) the person claiming an exemption pursuant to this subdivision complies with Section 17511.3, as applicable, and subdivision (p) of Section 17511.4.

(20) A person licensed pursuant to Chapter 14 (commencing with Section 1800) of Division 1 of the Financial Code to receive money for transmittal to foreign countries if the license has not expired or been suspended or revoked.

(e) In any civil proceeding alleging a violation of this article, the burden of proving an exemption or an exception from a definition is upon the person claiming it, and in any criminal proceeding alleging a violation of this article, the burden of producing evidence to support a defense based upon an exemption or an exception from a definition is upon the person claiming it.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 551

An act relating to state financial assistance for the construction of waste water facilities.

[Approved by Governor September 20, 1989. Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of any contract between the State Water Resources Control Board and the San Jacinto Mountain Area Water Study Agency, or any other provision of law, amounts owed by the San Jacinto Mountain Area Water Study Agency to the State Water Resources Control Board pursuant to loan contract No. 1-802-500-1 for payment of interest on the loan, which loan was made to assist in the construction of a Clean Water Grant Project to correct water quality problems caused by the use of subsurface disposal systems within the San Jacinto Mountain area, shall be considered a grant for the costs of necessary waste water facilities, and the San Jacinto Mountain Area Water Study Agency shall not be required to repay that amount, or any future interest owed on the loan, to the state. The principal payment on the unamortized portion of the loan need not commence until January

1, 1991.

SEC. 2. The Legislature hereby finds and declares that the provisions of this act are necessary because of special conditions existing within the San Jacinto Mountain Area Water Study Agency. The San Jacinto Mountain Area Water Study Agency is a joint powers agency consisting of three water districts which serve the communities of Idyllwild, Pine Cove, and Fern Valley, located in the San Jacinto Mountains in Riverside County. In 1976, the agency obtained a Step I Clean Water Grant through the State Water Resources Control Board for the planning of facilities to correct water quality problems resulting from the use of subsurface disposal systems in these mountain communities. Since 1976, the agency has diligently, and in good faith, pursued the implementation of a Clean Water Grant project for the area, and has contributed a total of about one million one hundred thousand dollars ($1,100,000) as the local share of the costs of the project, of which the amount of five hundred thousand dollars ($500,000) was secured by the agency through a loan from the state. The Environmental Protection Agency has participated in the review of this project throughout its history and has accepted and approved all plans and reports. The Environmental Protection Agency has now, despite its history of concurrence in the project, issued a notice of intent to terminate the grant project. The decision by the Environmental Protection Agency to terminate the grant project is not justified by the evidence and it unfairly imposes a severe and unreasonable burden on the San Jacinto Mountain Area Water Study Agency for repayment of the state loan. Termination of the grant project removes the mechanism by which repayment of that loan was to be achieved, and no other method of loan repayment is available to the agency or its member districts.

CHAPTER 552

An act to amend Section 5715 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 5715 of the Welfare and Institutions Code is amended to read:

5715. Expenditures subject to payment shall include expenditures for the items specified in Section 5401; negotiated amounts approved by the department pursuant to Section 5705.2; salaries of personnel; approved facilities and services provided through contract; operation, maintenance, and service costs including insurance costs or departmental charges for participation

in a county self-insurance program if the charges are not in excess of comparable available commercial insurance premiums and on the condition that any surplus reserves be used to reduce future year contributions; depreciation of county facilities as established in the state's uniform accounting manual, disregarding depreciation on the facility to the extent it was financed by state funds under this part; lease of facilities where there is no intention to, nor option to, purchase; expenses incurred under this act by members of the Conference of Local Mental Health Directors for attendance at regular meetings of these conferences; expenses incurred by either the chairperson or elected representative of the local mental health advisory boards for attendance at regular meetings of the organization of Mental Health Advisory Boards; expenditures included in approved countywide cost allocation plans submitted in accordance with the Controller's guidelines, including, but not limited to, adjustments of prior year estimated general county overhead to actual costs, but excluding allowable costs otherwise compensated by Short-Doyle Act funding; and other expenditures as may be approved by the Director of Mental Health. Except for expenditures made pursuant to Article 6 (commencing with Section 436.30) of Chapter 4 of Part 1 of Division 1 of the Health and Safety Code, it shall not include expenditures for initial capital improvements; the purchase or construction of buildings except for equipment items and remodeling expense as may be provided for in regulations of the State Department of Mental Health; compensation to members of a local mental health advisory board, except actual and necessary expenses incurred in the performance of official duties which may include travel, lodging, and meals while on official business; or expenditures for a purpose for which state reimbursement is claimed under any other provision of law.

CHAPTER 553

An act to amend Section 70059.8 of the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 70059.8 of the Government Code is amended to read:

70059.8. (a) Notwithstanding any other provision of law, including but not limited to Sections 70040, 70041, 70042, and 70045, the following provisions shall be applicable to the official court reporters in Solano County.

(b) Regular official court reporters shall report all criminal and civil proceedings in their respective courts; all juvenile proceedings, other than those heard by referees or traffic officers when official reporters are unavailable; grand jury proceedings, coroner's inquests, and proceedings before the county board of equalization. When not engaged in the performance of other duties imposed upon him or her by law, each reporter shall render such assistance as may be required in any other court of the county to which he or she may be assigned, and perform such other verbatim reporting services as may be required such as, but not limited to, public hearings and depositions. During hours in which the court is open for the transaction of judicial business, official reporters shall devote full time to the performance of regular duties and shall not engage in any other employment in their professional capacity.

(c) In Solano County the annual salary of each official court reporter shall be based on a regular five-step plan as established by joint action and approval of the board of supervisors and a majority of the judges of the court.

(d) For all transcripts incident to reporting services, each reporter shall receive the fees provided for in Article 9 (commencing with Section 69941) of this chapter. The initial hiring rate for each position shall be step 1, provided that the judges may appoint any such reporter at a higher initial step if, in the opinion of the majority of judges, an individual to be appointed has such experience and qualifications as to entitle him or her to such higher initial step.

(e) A regular official court reporter shall serve at the pleasure of the appointing judge, but shall be entitled to the same benefits and privileges respecting longevity, service credits, cost-of-living or other general pay increases, retirement, vacation, sick leave and group insurance which are provided other employees of the county. Court reporters shall be entitled to any increases provided other employees of the county respecting longevity, service credits, cost-of-living or general pay increases, retirement, vacation, sick leave and group insurance, but such increases shall be on an interim basis and remain in effect only until January 1, 1990, unless ratified by statute by the Legislature prior to that date.

(f) Judges of the court may appoint as many official reporters pro tempore as the business of the court requires. They shall be unsalaried but shall receive the fees provided by Article 9 of this chapter, which fees, upon order of the court, shall be a proper charge against the general fund of the county.

(g) (1) A reporter's filing fee of sixteen dollars ($16) shall be paid in actions and proceedings as specified in Section 68090.5 in the Solano County Superior Court.

(2) In addition to any fee otherwise required in civil cases, a fee per day equal to the per diem rate for official reporters pro tempore shall be charged to the parties for the services of an official reporter for the first and each successive day a reporter is required.

(3) In addition to any fee otherwise required in a civil case in

which the court orders a daily transcript necessitating the services of two phonographic reporters, the party requesting the daily transcript shall pay a fee per day equal to the per diem rate for official reporters pro tempore for the services of the second reporter for the first and each successive day.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the programs specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to insure that regular official court reporters receive an annual salary based on a five-step plan and a rate of pay equivalent to the per diem rate for official reporters pro tempore for the first and each successive day that a reporter is required in a civil case, it is necessary that this act take effect immediately.

CHAPTER 554

An act to amend Sections 22511.5, 22511.7, and 22511.8 of, to add Sections 295.5 and 295.7 to, and to repeal Section 22511.9 of, the Vehicle Code, relating to vehicles.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 295.5 is added to the Vehicle Code, to read:

295.5. A "disabled person" is any of the following:

(a) Any person who has lost, or has lost the use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, or who has a diagnosed disease or disorder which substantially impairs or interferes with mobility, or who is so severely disabled as to be unable to move without the aid of an assistant device.

(b) Any person who is blind to the extent that the person's central visual acuity does not exceed 20/200 in the better eye, with corrective lenses, as measured by the Snellen test, or visual acuity that is greater than 20/200, but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle not greater than 20 degrees.

(c) Any person who suffers from lung disease to the extent of any of the following:

(1) The person's forced (respiratory) expiratory volume for one second when measured by spirometry is less than one liter.

(2) The person's arterial oxygen tension (pO_2) is less than 60 mm/Hg on room air while the person is at rest.

(d) Any person who is impaired by cardiovascular disease to the extent that the person's functional limitations are classified in severity as class III or class IV based upon standards accepted by the American Heart Association.

SEC. 2. Section 295.7 is added to the Vehicle Code, to read:

295.7. A "disabled veteran" is any person who, as a result of injury or disease suffered while on active service with the armed forces of the United States, suffers any of the following:

(a) Has a disability which has been rated at 100 percent by the Department of Veterans Affairs or the military service from which the veteran was discharged, due to a diagnosed disease or disorder which substantially impairs or interferes with mobility.

(b) Is so severely disabled as to be unable to move without the aid of an assistant device.

(c) Has lost, or has lost use of, one or more limbs.

(d) Has suffered permanent blindness, as defined in Section 19153 of the Welfare and Institutions Code.

SEC. 3. Section 22511.5 of the Vehicle Code is amended to read:

22511.5. (a) (1) Any disabled person or disabled veteran shall be allowed to park for unlimited periods in any of the following zones:

(A) In any restricted zone described in subdivision (e) of Section 21458 or on streets upon which preferential parking privileges and height limits have been given pursuant to Section 22507.

(B) In any parking zone that is restricted as to the length of time parking is permitted as indicated by a sign erected pursuant to a local ordinance.

(2) Any disabled person or disabled veteran shall be allowed to park in any metered parking space without being required to pay any parking meter fees.

(3) This subdivision does not apply to any zone for which state law or ordinance absolutely prohibits stopping, parking, or standing of all vehicles, or which the law or ordinance reserves for special types of vehicles.

(b) As a condition to this privilege, the parked vehicle shall display a distinguishing license plate which shall be issued for the vehicle registered to the disabled person or disabled veteran, or for a vehicle not registered to the disabled person or disabled veteran, but which is used primarily to transport a disabled person or disabled veteran, and which would otherwise qualify for a distinguishing license plate if the vehicle were registered to the disabled person or disabled veteran.

The distinguishing license plate shall be issued without additional fees by the Department of Motor Vehicles pursuant to procedures

adopted by the department.

(c) (1) Any disabled person or disabled veteran may also apply to the Department of Motor Vehicles for the issuance of a distinguishing placard. The placard may be used in lieu of the distinguishing license plate for parking purposes described in subdivision (a) when displayed on the dashboard of a vehicle. It is the intent of the Legislature to hereby encourage the use of these distinguishing placards because they provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard shall be the size and color determined by the Department of Motor Vehicles.

(2) The Department of Motor Vehicles may establish procedures for the issuance and renewal of the placards. The placards shall have a fixed expiration date of June 30 every two years. Whenever any application for a placard is submitted to the Department of Motor Vehicles on or after January 1 of the year of expiration, the fee shall be for the current and subsequent renewal period.

As used in this section, "year" means the period between the inclusive dates of July 1 through June 30.

(3) The fee for an original application or renewal application shall be six dollars ($6).

(4) Except as provided in paragraph (5), no person is eligible for more than one placard at any time.

(5) Organizations and agencies involved in the transportation of disabled persons or disabled veterans may apply for a placard for each vehicle used for the purpose of transporting disabled persons or disabled veterans.

(d) Prior to issuing any disabled person or disabled veteran a distinguishing license plate or placard, the Department of Motor Vehicles may require the applicant to submit a certificate signed by the physician or surgeon substantiating the disability. The disability of any person who has lost, or has lost use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of any applicant shall be certified by a licensed physician or surgeon who specializes in diseases of the eye or a licensed optometrist.

(e) Any person who is temporarily disabled for a period of less than one year may apply for a placard as prescribed in subdivision (c).

(f) Any disabled person or disabled veteran shall be allowed to park a vehicle displaying a distinguishing disabled person license plate or placard issued by a foreign jurisdiction with the same parking privileges authorized in this code for any vehicle displaying a distinguishing license plate or placard issued by the Department of Motor Vehicles.

(g) The distinguishing license plate or placard shall, upon the death of the disabled person or disabled veteran, be returned to the department within 60 days or upon the expiration of the vehicle

registration, whichever occurs first.

SEC. 4. Section 22511.7 of the Vehicle Code is amended to read:

22511.7. In addition to Section 22511.8 for offstreet parking, a local authority may, by ordinance or resolution, designate parking spaces for the exclusive use of any vehicle which displays either a distinguishing license plate or a placard issued pursuant to Section 22511.5. Whenever a local authority so designates a parking space, it shall be indicated by blue paint on the curb or edge of the paved portion of the street adjacent to the space. In addition to blue paint, the space shall also be indicated by signs or other suitable means.

This section does not restrict the privilege granted to disabled persons and disabled veterans by Section 22511.5.

SEC. 5. Section 22511.8 of the Vehicle Code is amended to read:

22511.8. (a) Any local authority, by ordinance or resolution, and any person in lawful possession of an offstreet parking facility may designate stalls or spaces in an offstreet parking facility owned or operated by the local authority or person for the exclusive use of any vehicle which displays either a distinguishing license plate or a placard issued pursuant to Section 22511.5. The designation shall be made by posting a sign as described in paragraph (1), and by either of the markings described in paragraph (2) or (3):

(1) By posting immediately adjacent to, and visible from, each stall or space, a sign consisting of a profile view of a wheelchair with occupant in white on a blue background.

(2) By outlining or painting the stall or space in blue and outlining on the ground in the stall or space in white or suitable contrasting color a profile view depicting a wheelchair with occupant.

(3) By outlining a profile view of a wheelchair with occupant in white on a blue background, of the same dimensions as in paragraph (2). The profile view shall be located so that it is visible to a traffic enforcement officer when a vehicle is properly parked in the space.

(b) If posted in accordance with subdivision (d) or (e), the owner or person in lawful possession of a privately owned or operated offstreet parking facility, after notifying the police or sheriff's department, may cause the removal of a vehicle from a stall or space designated pursuant to subdivision (a) in the facility to the nearest public garage unless a distinguishing license plate or placard issued pursuant to Section 22511.5 is displayed on the vehicle.

(c) If posted in accordance with subdivision (d), the local authority owning or operating an offstreet parking facility, after notifying the police or sheriff's department, may cause the removal of a vehicle from a stall or space designated pursuant to subdivision (a) in the facility to the nearest public garage unless the a distinguishing license plate or placard issued pursuant to Section 22511.5 is displayed on the vehicle.

(d) The posting required for an offstreet parking facility owned or operated either privately or by a local authority shall consist of a sign not less than 17 by 22 inches in size with lettering not less than one inch in height which clearly and conspicuously states the

following: "Unauthorized vehicles not displaying distinguishing placards or license plates issued for physically handicapped persons will be towed away at owner's expense. Towed vehicles may be reclaimed at

_____ or by telephoning
(Address)

_____."
(Telephone number of local law enforcement agency)

The sign shall be posted in either of the following locations:

(1) Immediately adjacent to, and visible from, the stall or space.

(2) In a conspicuous place at each entrance to the offstreet parking facility.

(e) If the parking facility is privately owned and public parking is prohibited by the posting of a sign meeting the requirements of paragraph (1) of subdivision (a) of Section 22658, the requirements of subdivision (b) may be met by the posting of a sign immediately adjacent to, and visible from, each stall or space indicating that a vehicle not meeting the requirements of subdivision (a) will be removed at the owner's expense and containing the telephone number of the local traffic law enforcement agency.

(f) This section does not restrict the privilege granted to disabled persons and disabled veterans by Section 22511.5.

SEC. 6. Section 22511.9 of the Vehicle Code is repealed.

CHAPTER 555

An act to amend Sections 1250, 1251, 1252, 1253, 1254, 1255, 1256, 1258, and 1732 of the Welfare and Institutions Code, relating to youths.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1250 of the Welfare and Institutions Code is amended to read:

1250. There is hereby established an institution for the confinement of males under the custody of the Director of Corrections and the Youth Authority to be known as the Heman G. Stark Youth Training School.

SEC. 2. Section 1251 of the Welfare and Institutions Code is amended to read:

1251. The Heman G. Stark Youth Training School shall be an intermediate security type institution. Its primary purpose shall be to provide custody, care, industrial, vocational and other training, guidance and reformatory help for young men, too mature to be

SEC. 3. Section 1252 of the Welfare and Institutions Code is amended to read:

1252. There may be transferred to and confined in the Heman G. Stark Youth Training School any male subject to the custody, control and discipline of the Youth Authority, whom the Youth Authority believes will be benefited by confinement in such an institution. Whenever by reason of any law governing the commitment of a person to the Youth Authority or to an institution under the jurisdiction of the Youth Authority such a person is deemed not to be a person convicted of a crime, the transfer or placement of such a person in the Heman G. Stark Youth Training School shall not affect the status or rights of the person and shall not be deemed to constitute a conviction of a crime.

SEC. 4. Section 1253 of the Welfare and Institutions Code is amended to read:

1253. The Youth Authority shall make rules and regulations for the government of the Heman G. Stark Youth Training School and the management of its affairs.

SEC. 5. Section 1254 of the Welfare and Institutions Code is amended to read:

SEC. 6. Section 1255 of the Welfare and Institutions Code is amended to read:

1255. The Youth Authority shall construct and equip, in accordance with law, suitable buildings, structures, and facilities for the Heman G. Stark Youth Training School.

SEC. 7. Section 1256 of the Welfare and Institutions Code is amended to read:

1256. The Youth Authority shall have the same powers, duties, and responsibilities in respect to the Heman G. Stark Youth Training School any person under the custody of the Director of Corrections and transferred to and confined in the Heman G. Stark Youth Training School, or to transfer any such person from the Heman G. Stark Youth Training School to any other institution whatever, except to return him to the custody of the Director of Corrections.

Except as otherwise provided in this article, the provisions of Part 3 of the Penal Code continue to apply to all persons in the custody of the Director of Corrections who are transferred by the Adult

CHAPTER 556

An act to amend Section 23332 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 23332 of the Revenue and Taxation Code is amended to read:

23332. (a) Except in the case of a taxpayer subject to the provisions of Section 23222a, any taxpayer which is dissolved or withdraws from the state during any taxable year shall pay a tax only for the months of the taxable year which precede the effective date of such dissolution or withdrawal, according to or measured by (1) the net income of the preceding income year or (2) a percentage of net income determined by ascertaining the ratio which the months of the taxable year, preceding the effective date of dissolution or withdrawal, bears to the months of the income year, whichever is the lesser amount. As to financial corporations, the offset from the tax for

the months of such taxable year prior to the effective date of such dissolution or withdrawal shall not exceed that proportion of the offset computed under Sections 23184 to 23185b, inclusive, which the number of said months prior to the effective date of such dissolution or withdrawal bears to the number of months of the preceding income year. The taxes levied under this chapter shall not be subject to abatement or refund because of the cessation of business or corporate existence of any taxpayer pursuant to a reorganization, consolidation, or merger (as defined by Section 23251). In any event, each corporation shall pay a tax not subject to offset for such period in an amount equal to the minimum tax prescribed by Section 23153.

(b) The provisions of subdivision (a) shall be applied only with respect to taxpayers which dissolve or withdraw before January 1, 1973. On and after such date, the tax for the taxable year in which the taxpayer ceases doing business, dissolves or withdraws shall be determined under the appropriate provisions of Section 23151.1, 23181 or 23183, whichever is applicable. However, if all of the following conditions are satisfied, a minimum franchise tax shall not be imposed with respect to the taxable year in which the taxpayer ceases doing business, dissolves, or withdraws:

(1) The taxpayer does not do business in this state at any time during that taxable year.

(2) The taxpayer, pursuant to Section 23334, files a request for a tax clearance certificate at least 30 days before the beginning of that taxable year.

(3) The taxpayer, pursuant to Section 23334, satisfies all requirements pertaining to the issuance of the tax clearance certificate at least 30 days before the beginning of that taxable year.

(4) The taxpayer files a certificate of dissolution or withdrawal with the Secretary of State, in accordance with Section 23331, by the expiration date of the certificate of tax clearance issued by the Franchise Tax Board.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

(b) An employee of a licensee who acts as a guide only in connection with, and within the scope of, his or her employment is exempt from the requirement of subdivision (a) if all of the following conditions are met:

(1) If the employment is subject to and the person is reported to the carrier of the employer's workers' compensation insurance.

(2) If the person is subject and reported to the state and federal taxing authorities for withholding of income tax.

(3) If the person is reported to the department, on forms provided by the department, as an employee of the guide prior to any contact with any person being guided, and a ten dollar ($10) registration fee has been paid.

(c) A person who is licensed in another state to provide guide services for the purposes of fishing is exempt from the requirements of subdivision (a) if all of the following conditions are met:

(1) The state in which the person is licensed grants a similar exemption to licensed guides who are residents of this state.

(2) Evidence of a valid guide license is provided to the department upon request.

(3) The person is engaged in the business of guiding only in conjuction with and during the term of a multistate fishing tournament approved by the appropriate agency in each of the affected states.

(4) The tournament sponsor provides to the department any information or documents necessary to administer and enforce this paragraph, as determined by the department, including, but not limited to, the identities of all guides participating in the tournament, verification of another state's license exemption, and information sufficient to determine the validity of another state's guide licenses.

(5) The tournament sponsor pays the department an amount, determined by the department, to be sufficient to cover the department's cost to administer and enforce this subdivision.

(6) The net proceeds of the tournament are used for resource management projects or habitat improvement projects, or both.

CHAPTER 558

An act to amend Sections 2353 and 8586.1 of the Fish and Game Code, relating to wildlife, and making an appropriation therefor.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 2353 of the Fish and Game Code is amended to read:

2353. (a) Notwithstanding any other provision of law, birds, mammals, fish, reptiles, or amphibia may be brought into this state and possessed if legally taken and legally possessed outside of this state and a declaration is submitted to the department or a designated state or federal agency at or immediately prior to the time of entry, in the form and manner prescribed by the department.

(b) Birds, mammals, fish, reptiles, or amphibia legally taken and legally possessed outside of this state may be imported into this state and possessed without a declaration if the shipment is handled by a common carrier under a bill of lading or as supplies carried into this state by common carriers for use as food for the passengers.

(c) The commission and the department shall not modify the provisions of this section by any regulation which would prohibit the importation of lawfully killed migratory game birds taken in any other state or country and transported into this state pursuant to the migratory bird regulations adopted annually by the Secretary of the Interior.

SEC. 2. Section 8586.1 of the Fish and Game Code is amended to read:

8586.1. A permit issued under this article shall only be issued to the owner or operator of a currently registered fishing vessel, who meets all of the following requirements:

(a) Has possessed a valid California commercial fishing license during each of the previous 10 years.

(b) Possesses a valid general gill net or trammel net permit authorized pursuant to Section 8681.

(c) Possesses and has installed a gill net with a mesh size not less than 14 inches when stretched and a reel capable of retrieving the net.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 559

An act to amend Sections 39608, 39610, 40914, 41503, and 43018 of the Health and Safety Code, relating to air pollution.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 39608 of the Health and Safety Code is amended to read:

39608. (a) On or before September 30, 1989, the state board, in consultation with the districts, shall identify, pursuant to subdivision (e) of Section 39607, and classify each air basin which has attained and each air basin which has not attained any state ambient air quality standard. This identification and classification shall be made on a pollutant-by-pollutant basis. Where the state board finds that data is not sufficient to determine the attainment or nonattainment status for an air basin, the state board shall identify the air basin as unclassified.

(b) The state board may assign an attainment, nonattainment, or unclassified designation to one or more areas within any air basin unless the state board finds and determines that the pollutant for which the designation applies affects the entire region or is produced by emission sources throughout the region.

(c) Designations made by the state board shall be reviewed annually and updated as new information becomes available.

SEC. 2. Section 39610 of the Health and Safety Code is amended to read:

39610. (a) Not later than December 31, 1989, the state board shall identify each district in which transported air pollutants from upwind areas outside the district cause or contribute to a violation of the state ambient air quality standard for ozone and shall identify the district of origin of the transported pollutants, based upon the preponderance of available evidence. The state board shall identify and determine the priorities of information and studies needed to make a more accurate determination, including, but not limited to, emission inventories, pollutant characterization, ambient air monitoring, and air quality models.

(b) The state board shall, in cooperation with the districts, assess the relative contribution of upwind emissions to downwind ozone ambient pollutant levels to the extent permitted by available data, and shall establish mitigation requirements commensurate with the level of contribution.

(c) The state board shall make every reasonable effort to supply air pollutant transport information to heavily impacted districts prior to the development of plans to attain the state ambient air quality standards, shall consult with affected upwind and downwind districts, and shall adopt its findings at a public hearing.

(d) The state board shall review and update its transport analysis at least once every three years.

(e) The state board shall conduct appropriate studies to carry out its responsibilities under this section.

SEC. 3. Section 40914 of the Health and Safety Code is amended to read:

40914. (a) Each district plan shall be designed to achieve a reduction in districtwide emissions of 5 percent or more per year for each nonattainment pollutant or its precursors, averaged every consecutive three-year period, unless an alternative measure of progress is approved pursuant to Section 39607.

(b) A district may use an alternative emission reduction strategy which achieves less than an average of 5 percent per year reduction in districtwide emissions if the district demonstrates to the state board, and the state board concurs in, either of the following:

(1) That the alternative emission reduction strategy is equal to or more effective than districtwide emission reductions in improving air quality.

(2) That despite the inclusion of every feasible measure in the plan, and an expeditious adoption schedule, the district is unable to achieve at least a 5 percent annual reduction in districtwide emissions.

(c) For purposes of this section and Section 41503.1, reductions in emissions shall be calculated with respect to the actual level of emissions which exist in each district during 1987, as determined by the state board. All reductions in emissions occurring after December 31, 1987, including, but not limited to, reductions in emissions resulting from measures adopted prior to December 31, 1987, shall be included in this calculation.

SEC. 4. Section 41503 of the Health and Safety Code is amended to read:

41503. (a) Within 12 months of receiving each district's attainment plan developed pursuant to Section 40911, the state board shall determine whether the attainment date specified in the plan represents the earliest practicable date and whether the measures contained in the plan are sufficient to achieve and maintain state ambient air quality standards.

(b) The state board shall conduct its review to include the plans of every district in the air basin, and shall determine whether the combination of measures in all the plans is sufficient to achieve and maintain state ambient air quality standards throughout the air basin. The state board shall hold at least one public hearing in each affected air basin prior to reaching a final determination of the sufficiency of the plans. The state board shall require control measures for the same

emission sources to be uniform throughout the air basin to the maximum extent feasible, unless a district demonstrates to the satisfaction of the state board that adoption of the measure within its jurisdiction is not necessary to achieve or maintain the state ambient air quality standard.

(c) Where air pollutant transport is a factor, the state board shall determine whether the attainment plan is sufficient to satisfy the requirements of Section 40912.

(d) If a district is unable to specify an attainment date and the state board concurs that projecting an attainment date is not feasible, the state board shall determine whether the plan contains every feasible control strategy or measure to ensure progress toward attainment is maintained.

(e) In making determinations under subdivisions (a), (b), (c), and (d), the state board shall consider any emission reductions occurring in, or expected to occur in, the district or air basin.

SEC. 5. Section 43018 of the Health and Safety Code is amended to read:

43018. (a) The state board shall endeavor to achieve the maximum degree of emission reduction possible from vehicular and other mobile sources in order to accomplish the attainment of the state standards at the earliest practicable date.

(b) Not later than January 1, 1992, the state board shall take whatever actions are necessary, cost-effective, and technologically feasible in order to achieve, not later than December 31, 2000, a reduction in the actual emissions of reactive organic gases of at least 55 percent, a reduction in emissions of oxides of nitrogen of at least 15 percent from motor vehicles. These reductions in emissions shall be calculated with respect to the 1987 baseline year. The state board also shall take action to achieve the maximum feasible reductions in particulates, carbon monoxide, and toxic air contaminants from vehicular sources.

(c) In carrying out this section, the state board shall adopt standards and regulations which will result in the most cost-effective combination of control measures on all classes of motor vehicles and motor vehicle fuel, including, but not limited to, all of the following:

(1) Reductions in motor vehicle exhaust and evaporative emissions.

(2) Reductions in emissions from in-use emissions from motor vehicles through improvements in emission system durability and performance.

(3) Requiring the purchase of low-emission vehicles by state fleet operators.

(4) Specification of vehicular fuel composition.

(d) In order to accomplish the purposes of this division, and to ensure timely approval of the district's plans for attainment of the state air quality standards by the state board, the state board shall adopt the following schedule for workshops and hearings to consider the adoption of the standards and regulations required pursuant to

this section:

(1) Workshops on the adoption of vehicular fuel specifications for aromatic content, diesel fuel quality, light-duty vehicle exhaust emission standards, and revisions to the standards for new vehicle certification and durability to reflect current driving conditions and useful vehicle life shall be held not later than March 31, 1989. Hearings of the state board to consider adoption of proposed regulations pursuant to this subdivision shall be held not later than November 15, 1989.

(2) Notwithstanding Section 43830, workshops on the adoption of regulations governing gasoline Reid vapor pressure, and standards for heavy-duty and medium-duty vehicle emissions, shall be held not later than January 31, 1990. Hearings of the state board to consider adoption of proposed regulations pursuant to this subdivision shall be held not later than November 15, 1990.

(3) Workshops on the adoption of regulations governing detergent content, emissions from off-highway vehicles, vehicle fuel composition, emissions from construction equipment and farm equipment, motorcycles, locomotives, utility engines, and to the extent permitted by federal law, marine vessels, shall be held not later than January 31, 1991. Hearings of the state board to consider adoption of proposed regulations pursuant to this subdivision shall be held not later than November 15, 1991.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 560

An act to add Section 1511 to the Penal Code, relating to crimes.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 1511 is added to the Penal Code, to read:

1511. (a) In addition to petitions for a writ of mandate, prohibition, or review which the people are authorized to file pursuant to any other statute or pursuant to any court decision, the people may also seek review of an order granting a defendant's motion for severance or discovery by a petition for a writ of mandate or prohibition.

(b) In construing the legislative intent of subdivision (a), no inference shall be drawn from the amendment to Assembly Bill 1052 of the 1989–90 Regular Session of the Legislature which deleted reference to the case of People v. Superior Court, 69 Cal. 2d 491.

CHAPTER 561

An act to amend Section 1277 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1277 of the Health and Safety Code is amended to read·

1277. (a) No license shall be issued by the state department unless it finds that the premises, the management, the bylaws, rules and regulations, the equipment, the staffing, both professional and nonprofessional, and the standards of care and services are adequate and appropriate, and that the health facility is operated in the manner required by this chapter and by the rules and regulations adopted hereunder.

(b) Notwithstanding any provision of Part 2 (commencing with Section 5600) of Division 5 of, or Division 7 (commencing with Section 7100) of, the Welfare and Institutions Code or any other law to the contrary, except Sections 2137.1 and 2137.2 of the Business and Professions Code, the licensure requirements for professional personnel, including, but not limited to, physicians and surgeons, dentists, podiatrists, psychologists, marriage, family, and child counselors, pharmacists, registered nurses, and clinical social workers in the state and other governmental health facilities licensed by the state department shall not be less than for such professional personnel in health facilities under private ownership. Persons employed as psychologists and clinical social workers, while continuing in their employment in the same class as of January 1, 1979, in the same state or other governmental health facility licensed by the state department, including those persons on authorized leave, but not including intermittent personnel, shall be exempt from the requirements of this subdivision. Additionally, the requirements of this subdivision may be waived by the state department solely for persons in the professions of psychology, marriage, family, and child counseling or clinical social work who are gaining qualifying experience for licensure in such profession in this state. A waiver granted pursuant to this subdivision shall not exceed two years from the date the employment commences in this state in the case of psychologists, or three years from commencement of the

employment in this state in the case of clinical social workers and marriage, family, and child counselors, at which time licensure shall have been obtained or the employment shall be terminated. However, this durational limitation upon waivers shall not apply to active candidates for a doctoral degree in social work, social welfare, or social science, who are enrolled at an accredited university, college, or professional school, but these limitations shall apply following completion of this training. Additionally, this durational limitation upon waivers shall not apply to active candidates for a doctoral degree in marriage, family, and child counseling or marital and family therapy who are enrolled at a school, college, or university, specified in subdivision (a) of Section 4980.40 of the Business and Professions Code, but the limitations shall apply following completion of the training. A waiver pursuant to this subdivision shall be granted only to the extent necessary to qualify for licensure, except that personnel recruited for employment from outside this state and whose experience is sufficient to gain admission to a licensing examination shall nevertheless have one year from the date of their employment in California to become licensed, at which time licensure shall have been obtained or the employment shall be terminated, provided that the employee shall take the licensure examination at the earliest possible date after the date of his or her employment, and if the employee does not pass the examination at that time, he or she shall have a second opportunity to pass the examination, subject to the one-year limit.

(c) A special permit shall be issued by the state department when it finds that the staff, both professional and nonprofessional, and the standards of care and services are adequate and appropriate, and that the special services unit is operated in the manner required in this chapter and by the rules and regulations adopted hereunder.

(d) The state department shall apply the same standards to state and other governmental health facilities that it licenses as it applies to health facilities in private ownership, including standards specifying the level of training and supervision of all unlicensed practitioners.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 562

An act to amend Section 99243 of the Public Utilities Code, relating to transportation.

[Approved by Governor September 20, 1989. Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 99243 of the Public Utilities Code is amended to read:

99243. (a) The Controller, in cooperation with the department and the operators, shall design and adopt a uniform system of accounts and records, from which the operators shall prepare and submit annual reports of their operation to the transportation planning agencies having jurisdiction over them and to the Controller within 90 days of the end of the fiscal year. The report shall specify (1) the amount of revenue generated from each source and its application for the prior fiscal year and (2) the data necessary to determine which section, with respect to Sections 99268.1, 99268.2, 99268.3, 99268.4, 99268.5, and 99268.9, the operator is required to be in compliance with in order to be eligible for funds under this article.

(b) As a supplement to the annual report prepared pursuant to subdivision (a), each operator shall include an estimate of the amount of revenues to be generated from each source and its proposed application for the next fiscal year, and a report on the extent to which it has contracted with the Prison Industries Authority, including the nature and dollar amounts of all contracts entered into during the reporting period and proposed for the next reporting period.

(c) The Controller shall instruct the county auditor to withhold payments from the fund to any operator which has not submitted its annual report to the Controller within the time specified by subdivision (a).

(d) In establishing the uniform system of accounts and records, the Controller shall include the data required by the United States Department of Transportation and the department.

(e) Notwithstanding any other law or any regulation, including any California Administrative Code provision, the City of South Lake Tahoe may select, for purposes of this chapter, on a one-time basis, a fiscal year which does not end on June 30. After the city has sent a written notice to the Secretary of the Business, Transportation and Housing Agency and the Controller that the city has selected a fiscal year other than one ending on June 30, the fiscal year selected by the city shall be its fiscal year for all reports required by the state under this chapter.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 563

An act to amend Sections 987.71, 987.78, and 987.80 of, and to add Section 987.775 to, the Military and Veterans Code, relating to housing, and making an appropriation therefor.

[Approved by Governor September 20, 1989. Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 987.71 of the Military and Veterans Code is amended to read:

987.71. (a) The purchaser shall make an initial payment of at least 5 percent of the selling price of the property. Purchasers of homes where the purchase price is equal to or less than thirty-five thousand dollars ($35,000) shall make an initial payment of at least 3 percent of the selling price of the property. The department may waive the initial payment in any case where the value of the property as determined by the department appraisal equals the amount to be paid by the department plus at least 5 percent where the purchase price is greater than thirty-five thousand dollars ($35,000). In the case of homes where the purchase price is equal to or less than thirty-five thousand dollars ($35,000), the department may waive the initial payment where the value of the property as determined by the department appraisal equals the amount to be paid by the department plus at least 3 percent.

(b) The balance of the purchase price may be amortized over a period fixed by the department, not exceeding 40 years for farms or homes and not exceeding 30 years for mobilehomes, together with interest thereon at the rate determined by the department pursuant to Section 987.87 for these amortization purposes.

(c) The department may, in order to allow the veteran to purchase the home selected without incurring excessive monthly payments, at the time of initial purchase, postpone the commencement of payment of the principal balance for not to exceed five years if the veteran's current income meets the standards for purchase on these terms and if the department determines, in accordance with previously established criteria for these determinations, that the veteran's income can reasonably be expected to increase sufficiently within the five-year period to make

the transition to fully amortized principal and interest payments, so long as the total term of the contract of purchase does not exceed 40 years.

(d) The purchaser on any installment date may pay any or all installments still remaining unpaid.

(e) In any individual case, the department may for good cause postpone, from time to time, upon terms the department determines to be proper, the payment of the whole or any part of any installment of the purchase price or interest thereon.

(f) Each installment shall include an amount sufficient to pay the principal and interest on the participation contract to which the interest of the department is subject, and any amount as may be required by a covenant or provision contained in any resolution of issuance.

SEC. 2. Section 987.775 is added to the Military and Veterans Code, to read:

987.775. Whenever the department proceeds under Section 987.77 to declare a forfeiture and to retain all payments made under the forfeited contract as rental paid for occupancy, the department may, in lieu of paying any net gain to the purchaser in accordance with Section 987.79, deposit that net gain into a segregated account in the Veterans' Farm and Home Building Fund of 1943 created to receive funds pursuant to this section. The funds in the account shall be accumulated until June 30 of each year, and any losses on the sales of forfeited properties during the fiscal year shall be deducted from the total of the net gains deposited in the account during the fiscal year. The department may expend the funds remaining in the account on June 30 each year, after deduction for losses on sales of forfeited properties, for purposes of assistance to lower income purchasers pursuant to subdivision (c) or (e) of Section 987.71 who might otherwise be rejected because of insufficient income or decline benefits under this article because of inability to afford the initial payment pursuant to subdivision (a) of Section 987.71. No financial assistance provided under this section may be used to reduce the initial payment required of the purchaser below 3 percent, except as provided by Section 987.71.

SEC. 3. Section 987 78 of the Military and Veterans Code is amended to read:

987.78. (a) In the event of a forfeiture of a contract of purchase under this article, the department may sell or otherwise dispose of the property covered by the forfeited contract to any person and upon any terms and conditions as it determines to be proper, under the conditions set forth in this section.

(b) Except as provided in subdivision (c) or (d), when the department elects to sell a forfeited property, it shall notify every city, county, city and county, housing authority, and public housing finance agency in the region of the state where the property is situated. The notice shall specify the location of the property, a brief description, and its estimated value and shall summarize the

procedures for a potential buyer to purchase or submit a bid on the property and the qualifications the potential buyer is required to meet. The department shall give first preference to a veteran who qualifies under this article, second preference to any other person serving in or honorably discharged from the armed forces of the United States, third preference to any person who is a first-time home buyer, and fourth preference to any other person.

(c) Where the department elects in the event of a forfeiture to sell or otherwise dispose of an assignment of an Indian veteran's beneficial interest or of a leasehold interest in allotment trust land, the department shall first offer it for sale to the person or persons for whom the land is held in trust, including an Indian veteran having a beneficial interest in the trust land on which the forfeiture occurred, at a price equal to the unpaid balance of the contract price. If none of the persons for whom the land is held in trust accepts the offer, the department shall next offer it to the United States Secretary of the Interior at the same price.

(d) Where the department elects in the event of forfeiture to sell or otherwise dispose of a leasehold interest in tribal trust land, the department shall first offer it for sale to the tribe for whom the land is held in trust at a price equal to the unpaid balance of the contract price. If the tribe fails to accept the offer, the department shall next offer it to the United States Secretary of the Interior at the same price.

(e) Where all the parties to whom the department is required to offer the property under subdivision (c) or (d) fail to accept the offer, the department may sell or otherwise dispose of the property covered by the forfeited contract as provided by subdivision (a) and, in so doing, the department shall give first preference to any good faith offer by a person approved by the tribal council of the reservation, rancheria, or land held under the jurisdiction of that particular tribal governing body on which the allotment land is sited.

(f) If the property is subject to a participation contract, the department may, at its option, pay the balance due upon the participation contract, including accrued interest, without penalty.

(g) Nothing in this section invalidates a transfer to, or affects the interest of, a good faith purchaser for value without notice of any failure of the department to comply with any requirement of this section in the disposition of any property subject to a forfeited contract.

SEC 4. Section 987.80 of the Military and Veterans Code is amended to read:

The department may lease or let the property, in

(b) Whenever the department determines to lease or let any reverted property pursuant to subdivision (a), the department may give first priority to public or private organizations serving homeless veterans if the property is zoned for that use and all state and local building permit and use conditions are met. (b) The department may issue a permit to any person, as defined in Section 67, authorizing that person to offer a prize or other inducement as a reward for the taking of any game fish, as defined by the commission by regulation, if it finds that there would be no detriment to the resource. The permit is subject to regulations adopted by the commission. The application for the permit shall be accompanied by a fee in the amount determined by the department

as necessary to cover the reasonable administrative costs incurred by the department in issuing the permit. The department may issue the following permits:

(d) This section does not apply to any person, as defined in Section 67, conducting what are generally known as frog-jumping contests or fish contests conducted in waters of the Pacific Ocean.

SEC. 4. Section 7362 of the Fish and Game Code is repealed.

SEC. 5. Section 8551 of the Fish and Game Code is repealed.

SEC. 6. Section 8609 of the Fish and Game Code is amended to read:

8609. The Legislature finds and declares that:

(a) The central California nearshore gill and trammel net fisheries for California halibut (Paralichthys californicus) and white croaker (Genyonemus lineatus) and the use of gill nets in these fisheries are expanding at a rapid rate.

(b) The incidental take of certain species of seabirds and marine mammals in set gill and trammel nets could be increasing to a level which may be adversely impacting the viability of the populations of nontarget species.

SEC. 7. Section 8664.5 of the Fish and Game Code is amended to read:

8664.5. (a) Notwithstanding Sections 8693 and 8724, gill nets and trammel nets shall not be used in those portions of District 17 between a line extending 220° magnetic from the mouth of Waddel Creek in Santa Cruz County and a line extending due west from Yankee Point, Carmel Highlands, in Monterey County in waters 15 fathoms or less in depth at mean lower low water and between a line extending 225° magnetic from Franklin Point in San Mateo County and a line extending 220° magnetic from the mouth of Waddel Creek in Santa Cruz County in waters 25 fathoms or less in depth at mean lower low water.

(b) Notwithstanding Sections 8693 and 8724, gill nets and trammel nets shall not be used in that portion of District 18 north of a line extending due west from Point Sal in Santa Barbara County in waters

15 fathoms or less in depth at mean lower low water. However, the director may issue an order allowing the use of gill or trammel nets in all, or any part, of the area of District 18 south of Point San Luis in San Luis Obispo County for a specified period if the director determines, on the basis of written findings, that the use of those nets will not result in any accidental take of sea otters. The director shall immediately rescind any order issued pursuant to this subdivision if the director determines that further use of those nets may result in the accidental entanglement or take of sea otters.

(c) Notwithstanding Sections 8693 and 8724, gill nets and trammel nets shall not be used in any of the following portions of District 18:

(1) Between a line extending 180° magnetic from the mouth of Pico Creek in San Luis Obispo County to a line extending due west from Cape San Martin in Monterey County (within the California Sea Otter Game Refuge) in waters 20 fathoms or less in depth at mean lower low water.

(2) The person shall give adequate notification, as determined by the department, to the department at its office in Monterey or Morro Bay at least 24 hours prior to each fishing trip to ensure full compliance and cooperation with the monitoring program. The department may require that an authorized monitor be on board the vessel. The department shall determine whether on board, at sea, or shoreside monitoring is appropriate. If the authorized monitor is not on board the fishing vessel, the fishing vessel operator and the authorized monitor shall make every effort to remain in radio contact if the radio equipment is made available to the monitor.

(3) To ensure the effectiveness of the monitoring program, gill nets and trammel nets may be set or pulled only between one-half hour after sunrise and one-half hour before sunset.

(4) A permit may be revoked and canceled pursuant to Section 8681 for failure to comply with the department's notification and monitoring requirements.

(e) Notwithstanding Sections 8693 and 8724, any person using gill nets or trammel nets in those portions of District 18 north of a line

extending due west from the mouth of Santa Rosa Creek in San Luis Obispo County (within the California Sea Otter Game Refuge) in waters between 15 fathoms and 20 fathoms in depth at mean lower low water shall comply with the following requirements in order to ensure adequate monitoring of the fishing effort to protect sea otters:

(1) Prior to the use, the person shall notify the department that gill nets and trammel nets will be set in the area.

(2) The person shall give adequate notification, as determined by the department, to the department at its offices in Monterey or Morro Bay at least 24 hours prior to each fishing trip to ensure full compliance and cooperation with the monitoring program. The department may require that an authorized monitor be on board the vessel. The department shall determine whether on board, at sea, or shoreside monitoring is appropriate. If the authorized monitor is not on board the fishing vessel, the fishing vessel operator and the authorized monitor shall make every effort to remain in radio contact if radio equipment is made available to the monitor.

(3) To ensure the effectiveness of the monitoring program, gill nets and trammel nets may be set or pulled only between one-half hour after sunrise and one-half hour before sunset.

(4) A permit may be revoked and canceled pursuant to Section 8681 for failure to comply with the department's notification and monitoring requirements.

(f) (1) If the director determines that the use of gill or trammel nets is having an adverse impact on any population of any species of seabird, marine mammal, or fish, the director shall issue an order prohibiting or restricting the use, method of use, size, or materials used in the construction of either or both types of those nets in all or any part of District 10 or 17, or in all or any part of District 18 north of a line extending due west from Point Conception in Santa Barbara County for a specified period. The order shall take effect no later than 48 hours after its issuance. The director shall hold a properly noticed public hearing in a place convenient to the affected area within one week of the effective date of the order to describe the action taken and shall take testimony as to the effect of the order and determine whether any modification of the order is necessary.

(2) The director may permanently prohibit the use of gill nets and trammel nets within any portion or within the entire area of the California Sea Otter Game Refuge designated in subdivisions (d) and (e) if the director determines the use of gill or trammel nets is having an adverse impact on sea otters as provided in paragraph (1).

(g) For purposes of this section, "adverse impact" means either of the following:

(1) The danger of irreparable injury to, or mortality in, any population of any species of seabird, marine mammal, or fish which is occurring at a rate that threatens the viability of the population as a direct result of the use of gill nets or trammel nets.

Endangered Species Act (16 U.S.C. Sec. 1531 et seq.) or the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3) or a species of seabird, marine mammal, or fish designated as fully protected under this code, as a direct result of the use of gill nets or trammel nets.

(h) This section does not apply to any gill net with meshes 3½ inches or less in length in any portion of District 18 between Yankee Point in Monterey County and Point Sal in Santa Barbara County.

(i) The department shall explore, as alternatives to the use of gill and trammel nets, what fishing gear and methods may be used to take California halibut in areas closed pursuant to this section. The department shall consider issuing experimental gear permits pursuant to Section 8606 for authorizing the use of the alternative fishing gear and methods in the California halibut fishery in those areas.

SEC. 8. Section 15908 of the Fish and Game Code is amended to read:

15908. The department shall, from time to time, require reports from a permittee operating pursuant to this chapter on the permittee's operations, and the department shall then make findings regarding the operations available to the commission.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

An act to amend Sections 1026.4, 1170.2, and 1370.5 of the Penal Code, relating to crimes.

[Approved by Governor September 20, 1989. Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1026.4 of the Penal Code is amended to read:

1026.4. (a) Every person committed to a state hospital or other public or private mental health facility pursuant to the provisions of Section 1026, who escapes from or who escapes while being conveyed to or from the state hospital or facility, is punishable by imprisonment in the county jail not to exceed one year or in a state prison for a determinate term of one year and one day. The term of imprisonment imposed pursuant to this section shall be served consecutively to any other sentence or commitment.

(b) The medical director or person in charge of a state hospital or other public or private mental health facility to which a person has been committed pursuant to the provisions of Section 1026 shall promptly notify the chief of police of the city in which the hospital or facility is located, or the sheriff of the county if the hospital or facility is located in an unincorporated area, of the escape of the person, and shall request the assistance of the chief of police or sheriff in apprehending the person, and shall within 48 hours of the escape of the person orally notify the court that made the commitment, the prosecutor in the case, and the Department of Justice of the escape.

SEC. 1.5. Section 1170.2 of the Penal Code is amended to read:

1170.2. (a) In the case of any inmate who committed a felony prior to July 1, 1977, who would have been sentenced under Section 1170 if he or she had committed it after July 1, 1977, the Board of Prison Terms shall determine what the length of time of imprisonment would have been under Section 1170 without consideration of good-time credit and utilizing the middle term of

the offense bearing the longest term of imprisonment of which the prisoner was convicted increased by any enhancements justified by matters found to be true and which were imposed by the court at the time of sentencing for such felony. These matters include: being armed with a deadly or dangerous weapon as specified in Section 211a, 460, 3024, or 12022 prior to July 1, 1977, which may result in a one-year enhancement pursuant to the provisions of Section 12022; using a firearm as specified in Section 12022.5 prior to July 1, 1977, which may result in a two-year enhancement pursuant to the provisions of Section 12022.5; infliction of great bodily injury as specified in Section 213 264, or 461 prior to July 1, 1977, which may result in a three-year enhancement pursuant to the provisions of Section 12022.7; any prior felony conviction as specified in any statute prior to July 1, 1977, which prior felony conviction is the equivalent of a prior prison term as defined in Section 667.5, which may result in the appropriate enhancement pursuant to the provisions of Section 667.5; and any consecutive sentence.

(b) If the calculation required under subdivision (a) is less than the time to be served prior to a release date set prior to July 1, 1977, or if a release date had not been set, the Board of Prison Terms shall establish the prisoner's parole date, subject to subdivision (d), on the date calculated under subdivision (a) unless at least two of the commissioners of the Board of Prison Terms after reviewing the prisoner's file, determine that due to the number of crimes of which the prisoner was convicted, or due to the number of prior convictions suffered by the prisoner, or due to the fact that the prisoner was armed with a deadly weapon when the crime was committed, or used a deadly weapon during the commission of the crime, or inflicted or attempted to inflict great bodily injury on the victim of the crime, the prisoner should serve a term longer than that calculated in subdivision (a), in which event the prisoner shall be entitled to a hearing before a panel consisting of at least two commissioners of the Board of Prison Terms as provided for in Section 3041.5. The Board of Prison Terms shall notify each prisoner who is scheduled for such a hearing within 90 days of July 1, 1977, or within 90 days of the date the prisoner is received by or returned to the custody of the Department of Corrections, whichever is later. The hearing shall be held before October 1, 1978, or within 120 days of receipt of the prisoner, whichever is later. It is the intent of the Legislature that the hearings provided for in this subdivision shall be accomplished in the most expeditious manner possible. At the hearing the prisoner shall be entitled to be represented by legal counsel, a release date shall be set, and the prisoner shall be informed in writing of the extraordinary factors specifically considered determinative and on what basis the release date has been calculated. In fixing a term under this section the board shall be guided by, but not limited to, the term which reasonably could be imposed on a person who committed a similar offense under similar circumstances on or after July 1, 1977, and further, the board shall be

guided by the following finding and declaration hereby made by the Legislature: that the necessity to protect the public from repetition of extraordinary crimes of violence against the person is the paramount consideration.

(c) Nothing in this section shall be deemed to keep an inmate in the custody of the Department of Corrections for a period of time longer than he would have been kept in its custody under the provisions of law applicable to him prior to July 1, 1977. Nothing in this section shall be deemed to require the release of an inmate sentenced to consecutive sentences under the provisions of law applicable to him prior to July 1, 1977, earlier than if he had been sentenced to concurrent sentences.

(d) In the case of any prisoner who committed a felony prior to July 1, 1977, who would have been sentenced under Section 1170 if the felony was committed on or after July 1, 1977, the good behavior and participation provisions of Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply from July 1, 1977, and thereafter.

(e) In the case of any inmate who committed a felony prior to July 1, 1977, who would have been sentenced under Section 1168 if the felony was committed on or after July 1, 1977, the Board of Prison Terms shall provide for release from prison as provided for by this code.

(f) In the case of any inmate who committed a felony prior to July 1, 1977, the length, conditions, revocation, and other incidents of parole shall be the same as if the prisoner had been sentenced for an offense committed on or after July 1, 1977.

(g) Nothing in this chapter shall affect the eligibility for parole under Article 3 (commencing with Section 3040) of Chapter 8 of Title 1 of Part 3 of an inmate sentenced pursuant to Section 1168 as operative prior to July 1, 1977, for a period of parole as specified in subdivision (b) of Section 3000.

(h) In fixing a term under this section, the Board of Prison Terms shall utilize the terms of imprisonment as provided in Chapter 1139 of the Statutes of 1976 and Chapter 165 of the Statutes of 1977.

SEC. 2. Section 1370.5 of the Penal Code is amended to read:

1370.5. (a) Every person committed to a state hospital or other public or private mental health facility pursuant to the provisions of Section 1370 or 1370.1, who escapes from or who escapes while being conveyed to or from a state hospital or facility, is punishable by imprisonment in the county jail not to exceed one year or in the state prison for a determinate term of one year and one day. The term of imprisonment imposed pursuant to this section shall be served consecutively to any other sentence or commitment.

CHAPTER 569

An act to amend Section 202 of, to add Section 706.5 to, and to repeal and add Section 656.2 of, the Welfare and Institutions Code, relating to juvenile court law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 202 of the Welfare and Institutions Code is amended to read:

202. (a) The purpose of this chapter is to provide for the protection and safety of the public and each minor under the jurisdiction of the juvenile court and to preserve and strengthen the minor's family ties whenever possible, removing the minor from the custody of his or her parents only when necessary for his or her welfare or for the safety and protection of the public. When removal of a minor is determined by the juvenile court to be necessary, reunification of the minor with his or her family shall be a primary objective. When the minor is removed from his or her own family, it is the purpose of this chapter to secure for the minor custody, care, and discipline as nearly as possible equivalent to that which should have been given by his or her parents. This chapter shall be liberally construed to carry out these purposes.

(b) Minors under the jurisdiction of the juvenile court who are in need of protective services shall receive care, treatment and guidance consistent with their best interest and the best interest of the public. Minors under the jurisdiction of the juvenile court as a consequence of delinquent conduct shall, in conformity with the interests of public safety and protection, receive care, treatment and guidance which is consistent with their best interest, which holds them accountable for their behavior, and which is appropriate for their circumstances. This guidance may include punishment that is consistent with the rehabilitative objectives of this chapter. If a minor has been removed from the custody of his or her parents, family preservation and family reunification are appropriate goals for the juvenile court to consider when determining the disposition of a minor under the jurisdiction of the juvenile court as a consequence of delinquent conduct when those goals are consistent

with his or her best interests and the best interests of the public.

(c) It is also the purpose of this chapter to reaffirm that the duty of a parent to support and maintain a minor child continues, subject to the financial ability of the parent to pay, during any period in which the minor may be declared a ward of the court and removed from the custody of the parent.

(d) Juvenile courts and other public agencies charged with enforcing, interpreting, and administering the juvenile court law shall consider the safety and protection of the public and the best interests of the minor in all deliberations pursuant to this chapter. Participants in the juvenile justice system shall hold themselves accountable for its results. They shall act in conformity with a comprehensive set of objectives established to improve system performance in a vigorous and ongoing manner.

(e) As used in this chapter, "punishment" means the imposition of sanctions which include the following:

(1) Payment of a fine by the minor.

(2) Rendering of compulsory service without compensation performed for the benefit of the community by the minor.

(3) Limitations on the minor's liberty imposed as a condition of probation or parole.

(4) Commitment of the minor to a local detention or treatment facility, such as a juvenile hall, camp, or ranch.

(5) Commitment of the minor to the Department of the Youth Authority.

"Punishment," for the purposes of this chapter, does not include retribution.

SEC. 2. Section 656.2 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 656.2 is added to the Welfare and Institutions Code, to read:

656.2. (a) In any case in which a minor is alleged to have committed an act which would have been a felony if committed by an adult, the probation officer shall obtain a statement from the victim, the parent or guardian of the victim if the victim is a minor, or if the victim has died, the victim's next of kin, concerning the offense which shall be included in the social study made by the probation officer and submitted to the court pursuant to Section 706 and shall advise those persons as to the time and place of the disposition hearing.

The probation officer shall also provide the victim with information concerning the victim's right to an action for civil damages against the minor and his or her parents and the victim's opportunity to be compensated from the restitution fund. The information shall be in the form of written material prepared by the Judicial Council and shall be provided to each victim for whom the probation officer has a current mailing address.

(b) Notwithstanding any other provision of law, the persons from whom the probation officer is required to obtain a statement

pursuant to subdivision (a) shall have the right to attend the disposition hearing conducted pursuant to Section 702 and, subject to the court's discretion, to express their views concerning the offense and disposition of the case.

SEC. 4. Section 706.5 is added to the Welfare and Institutions Code, to read:

706.5. In any case where foster care placement is being considered, or has been made, each social study made by a probation officer, required to be received in evidence pursuant to Section 706, shall include, but not be limited to, the factual material listed in subdivisions (a) and (b) of Section 358.1.

SEC. 5. It is the intent of the Legislature in enacting Sections 2 and 3 of this act to resolve a controversy by declaring that Section 656.2 of the Welfare and Institutions Code has been in continual existence since January 1, 1982, when it was added to the Welfare and Institutions Code by Chapter 332 of the Statutes of 1981 because the second Section 2 of Chapter 1425 of the Statutes of 1984 supersedes Section 3 of Chapter 332 of the Statutes of 1981. Accordingly, Sections 2 and 3 of this act reflect this legislative intent and are declaratory of existing law.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect victims of crimes committed by juveniles and to assist courts in evaluating the appropriate disposition of juveniles who have committed acts which would have been a felony if committed by an adult, it is necessary for this act to take effect immediately.

CHAPTER 570

An act to add Part 9.2 (commencing with Section 33300) to Division 12 of the Water Code, and to amend Sections 1, 5, and 15.3 of, and to add Section 3 to, the Bighorn Mountains Water Agency Law (Chapter 1175 of the Statutes of 1969), relating to water districts.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Part 9.2 (commencing with Section 33300) is added to Division 12 of the Water Code, to read:

PART 9.2. DESERT VIEW WATER DISTRICT-BIGHORN MOUNTAINS WATER AGENCY CONSOLIDATION

33300. This part shall be known and may be cited as the Desert View Water District-Bighorn Mountains Water Agency Consolidation Law.

33301. As used in this part, "consolidation," as defined in Section 56030 of the Government Code, includes, for the purposes only of effecting a consolidation between the Desert View Water District and the Bighorn Mountains Water Agency, the uniting or joining of those two public entities, even though they have not been formed pursuant to the same principal act.

33302. The board of directors of a consolidated successor district shall consist of five members. The members of the board of directors of the consolidated successor district shall be elected at large unless, as a condition of consolidation, it is determined by the San Bernardino County Local Agency Formation Commission and by action of both the boards of the Desert View Water District and the Bighorn Mountains Water Agency that the board of the consolidated successor district shall be elected entirely by divisions or by some determined and agreed upon combination of divisional and at-large elections.

33303. For a period of not less than 10 years after January 1, 1990, unless approved by an unanimous vote of the directors of the successor district, all meetings of the board of directors of the successor district shall be held in offices or places within the boundaries of the Desert View Water District in even-numbered months and in offices or places within the boundaries of the Bighorn Mountain Water Agency in odd-numbered months, as those boundaries exist on the effective date of the consolidation.

33304. Subject to San Bernardino County Local Agency Formation Commission terms and conditions to a consolidation of the Desert View Water District and the Bighorn Mountains Water

Agency, the board of directors of a consolidated successor district shall operate under and pursuant to the Bighorn Mountains Water Agency Law (Chapter 1175 of the Statutes of 1969).

33305. Section 31012 applies to a county water district consolidated with the Bighorn Mountains Water Agency.

33306. Any and all actions or proceedings pending by or against either the Desert View Water District or the Bighorn Mountains Water Agency may be prosecuted to final judgment for or against those entities, or the consolidated successor district may be substituted as a party. After the effective date of the consolidation, no action or proceeding shall be brought for or against the Desert View Water District or the Bighorn Mountains Water Agency, but shall instead be prosecuted by or against the consolidated successor district.

SEC. 2. Section 1 of the Bighorn Mountains Water Agency Law (Chapter 1175 of the Statutes of 1969) is amended to read:

Section 1. This act is designated, and may be cited and referred to as, the "Bighorn Mountains Water Agency Law."

If the Desert View Water District and the Bighorn Mountains Water Agency consolidate, this act shall thereafter be designated, and may be cited and referred to, by the full name of the consolidated successor district, followed by the word "Law."

SEC. 3. Section 3 is added to the Bighorn Mountains Water Agency Law (Chapter 1175 of the Statutes of 1969), to read:

Sec. 3. If the Desert View Water District and the Bighorn Mountains Water Agency consolidate, the board of directors of both entities may accept, as a San Bernardino County Local Agency Formation Commission condition of that consolidation, the selection of a different name for the agency. Thereafter, all statutory references to "Bighorn Mountains Water Agency" shall, from the effective date of the consolidation, be deemed to refer to the name of the consolidated successor district.

SEC. 4. Section 5 of the Bighorn Mountains Water Agency Law (Chapter 1175 of the Statutes of 1969) is amended to read:

Sec. 5. The Board of Directors of the Bighorn Mountains Water Agency organized under this act shall consist of five members. The Board of Supervisors of San Bernardino County shall appoint the first board of directors, each of whom shall be a resident of the agency, and shall hold office until his successor is elected. All successors of the first board shall be elected or chosen at the time and in the manner provided in the Uniform District Election Law.

If the Desert View Water District and the Bighorn Mountains Water Agency consolidate, the board of directors of the consolidated successor district shall consist of five members, in accordance with Section 33302 of the Water Code. In that event, the San Bernardino County Local Agency Formation Commission may, pursuant to Section 56844 of the Government Code, change or terminate existing elective terms of the directors of both the Desert View Water District and the Bighorn Mountains Water Agency in a manner

approved by actions of the board of each of those entities in their respective applications for formation of a consolidated successor district.

SEC. 5. Section 15.3 of the Bighorn Mountains Water Agency Law (Chapter 1175 of the Statutes of 1969) is amended to read:

Sec. 15.3. In addition to the powers granted in Section 15, the agency may exercise all powers previously or hereafter granted to or possessed by county water districts organized and governed under the County Water District Law (Division 12 (commencing with Section 30000) of the Water Code) to finance the acquisition of waterworks or waterworks systems, waters, water rights, lands, rights or privileges, and may exercise all those powers to fund construction, maintenance, or operation of new waterworks systems constructed after January 1, 1986.

The board of directors may, with respect to any improvement, assessment, special tax, or taxation district or area originally formed or existing under the County Water District Law, continue to exercise all of the powers held by a board organized under that law to fund, set, levy, or collect moneys, taxes, fees, or assessments reasonably required to be raised and collected from the improvement, assessment, special tax, or taxation district or area.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 571

The people of the State of California do enact as follows:

SECTION 1. Section 1363 of the Civil Code is amended to read:

1363. A common interest development shall be managed by an association which may be incorporated or unincorporated. Unless the governing documents provide otherwise, and regardless of whether the association is incorporated or unincorporated, the association may exercise the powers granted to a nonprofit mutual benefit corporation, as enumerated in Section 7140 of the Corporations Code, except that an unincorporated association may

not adopt or use a corporate seal or issue membership certificates in accordance with Section 7313 of the Corporations Code. Any restitution required to be paid pursuant to this subdivision shall be paid directly to the victim. If the court determines that the defendant is unable to pay restitution, the court shall order the defendant to perform community service, as the court deems appropriate, in lieu of the direct restitution payment.

(c) This section shall not preclude the court from imposing restitution in the form of a penalty assessment pursuant to Section 1464 if the court, in its discretion, deems that additional restitution appropriate.

(d) The burden of proof on the issue of whether any defendant or defendants personally caused any property damage shall rest with the prosecuting agency or claimant. PART 1. INTRODUCTORY PROVISIONS

CHAPTER 1. SHORT TITLE

Sec. 10. This act shall be known and may be cited as the Solano County Water Agency Act

CHAPTER 2. LEGISLATIVE INTENT

Sec. 20. The Legislature hereby finds that water problems in the County of Solano require countywide water conservation, development of water resources, and flood control; that these problems are not general or statewide; that the county for many years has made investigations and engineering surveys of the county's water resources by private, public, and federal engineers; that various water districts and municipalities now exist within portions of the county which have acquired property and works, have developed a limited water supply, and have incurred

indebtedness, but have been and are unable alone to economically develop an adequate water supply; that the Solano County Flood Control and Water Conservation District has made progress in addressing the water needs of the county; that to adequately and feasibly conserve the water supply and control the floods of the county, it is necessary to continue to have a political entity coextensive with the geographical limits of the entire county; that there is increasing demand for water within the county for municipal, irrigation, military, and other uses, and there is an urgent need that an adequate supply of water be obtained. Investigation has shown conditions in the county to be peculiar to it and it is hereby declared that general law cannot be applicable to the county and that the enactment of this special law is necessary for the conservation, development, control, and use of water for the public good and for the protection of life and property therein.

The legal title to all property acquired under this act shall immediately and by operation of law vest in the agency, and shall be held by the agency, in trust for, and is hereby dedicated and set apart to, the uses and purposes set forth in this act. The board of directors may hold, use, acquire, manage, occupy, and possess the property, as provided in this act. The board of directors may determine, by resolution duly passed and entered in its minutes, that any property, real or personal, held by the agency is no longer necessary to be retained for the uses and purposes thereof, and may thereafter sell or otherwise dispose of the property, or lease the same, in the manner provided by law for the disposition and sale of property of counties, subject to Section 206, except that the title to water rights or water conservation works shall not be conveyed or alienated except by a vote of the electors at an election held for that purpose.

Sec. 63. The rights-of-way, ditches, flumes, pipelines, and other conduits, drains, water, water rights, reservoirs, dams, franchises, works, and all other property used for the purposes of the agency and belonging to it shall not be taxed nor assessed for state, county, municipal, or any district purpose.

Sec. 64. Any judicial action or proceeding to attack, review, set aside, void, annul, or challenge the validity or legality of the formation of a zone, any contract entered into by the agency or a zone, any bond or evidence of indebtedness of the agency or a zone, or any assessment, rate, or charge of the agency or a zone shall be commenced within 60 days of the effective date thereof.

The action or proceeding shall be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

The agency may bring an action pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of any of the matters referred to in this section.

Sec. 65. Claims for money damages against the agency shall be governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code, except as provided therein. Claims not governed by those provisions or by other statutes or by ordinances or regulations authorized by law and expressly applicable to those claims shall be prepared and presented to the board, and all claims shall be audited and paid, in the same manner and with the same effect as are similar claims against the county.

Sec. 66. The boundaries of the agency shall be automatically changed in the event of a change in the boundaries of the county, and any such boundary change shall not be governed by the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 6 of the Government Code).

Sec. 67. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

PART 2. INTERNAL ORGANIZATION

CHAPTER 1. BOARD OF DIRECTORS

Sec. 200. (a) The board of directors shall consist of 15 directors. Each member of the board of supervisors of the county shall serve as a director. The mayor of each of the Cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo shall serve as a director representing each city.

(b) Each city referred to in subdivision (a) shall appoint an alternate director to serve in the place of the mayor. The alternate director shall be a member of the city council during the term of appointment.

(c) The Solano Irrigation District, the Maine Prairie Water District, and Reclamation District No 2068 shall each appoint a director, which director shall be a member of the governing board of the appointing entity during the term of the appointment. Each appointing entity shall further appoint an alternate director to serve in the place of the director. The alternate may be a member of the governing board of, or the manager of, the appointing entity. The directors and alternates who are appointed shall serve at the pleasure of the appointing board.

Sec. 201. Directors and alternates shall be entitled to receive from the agency the sum of fifty dollars ($50) for each meeting attended as a member of the board, not to exceed one hundred dollars ($100) per month for all meetings attended, plus actual, necessary and reasonable traveling expenses. The basis for compensation of the directors, and the amount thereof, may be altered only by a two-thirds vote of the directors.

Sec. 202. The board may adopt reasonable rules and regulations to carry out its powers and duties.

Sec. 203. The board shall elect a chairperson and a vice chairperson. The chairperson shall preside at all meetings of the board and the vice chairperson shall act as chairperson in the absence of the chairperson elected by the board. In the case of the absence or inability to act of both the chairperson and the vice chairperson, the directors present shall, by an order entered in their

records, select one of their number as temporary chairperson. Any member of the board may administer oaths when necessary in the performance of that member's official duties.

Sec. 204. A majority of the members of the board shall constitute a quorum for the transaction of business, but no act of the board shall be valid or binding unless a majority of all members concur therein. Such a majority vote of the board shall be sufficient to transact business of the agency except as otherwise provided in this act.

Sec. 205. A vote of two-thirds of the members of the board shall be required for passage by the board of any of the following measures:

(a) A measure which provides for a renewal of a water supply contract by the agency to a participating agency allocating a decreased supply or lower priority to water than is provided by a contract existing on January 1, 1988. Notwithstanding this vote requirement, the board may take no action which would impair the existing contractual rights of a participating agency.

(b) A measure which provides for a different pricing formula than that utilized by the agency on January 1, 1988, in that participating agency's contract for water unless the affected participating agency consents in writing to the change.

(c) A measure which provides for the incurrence of a debt, except within a zone as described in Part 6 (commencing with Section 600), payable over more than one year and in an amount in excess of two hundred fifty thousand dollars ($250,000).

(d) A measure which provides for the sale, distribution, or disposal of major capital assets of the agency which are valued by the board in an amount in excess of two hundred fifty thousand dollars ($250,000).

CHAPTER 2. ADVISORY COMMISSION

Sec. 220. There is hereby created an advisory commission to advise the board of directors. The advisory commission shall consist of one representative appointed by each of the Cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo. The board of supervisors of the county, the Solano Irrigation District, the Maine Prairie Water District, and Reclamation District No. 2068 shall each appoint one representative. The advisory commission shall meet at least monthly, and shall make reports and recommendations to the board of directors. The members of the advisory commission shall be the chief administrative officers of the entity which the member represents or a chief of technical staff of that entity. An alternate member of the advisory commission shall also be appointed by each entity, who shall work under either the chief administrative officer or the chief of technical staff of the appointing entity.

CHAPTER 3. OTHER OFFICERS AND EMPLOYEES

Sec. 260. The board may employ agents, superintendents, engineers, attorneys, and employees necessary to carry out this act. The board shall appoint a general manager and may appoint a treasurer, secretary, and such other officers, agents, and employees for the board as in its judgment may be deemed necessary, prescribe their duties, and fix their compensation. The officers, agents, and employees so appointed shall hold their respective offices or positions at the pleasure of the board.

Sec. 261. In addition to those officers and employees employed by the board pursuant to Section 260, the board may provide that any employee of the county or of an entity having representation on the board of directors, which it may designate, may be an ex officio employee of the agency, and shall perform, unless otherwise provided by the board, the same various duties for the agency as for his or her employer in order to carry out this act.

Sec. 262. In addition, the board may contract for the provision of services by participating agencies or other public or private agencies as necessary to carry out this act. The work shall be provided in the most efficient and economical manner. Contracts for the provision of services in effect as of January 1, 1989, shall be continued by the agency regardless of the terms of this section unless the board determines, by a two thirds vote, that the contracting party has evidenced a failure to perform the required services in a competent, economic, or expeditious manner. When entering into new contracts for operation or maintenance and repair of facilities of the agency for which the agency is obligated by contract to operate or maintain and repair, the agency shall give preference to the participating agency which is the primary beneficiary and user of the facility, in the case of water delivery and storage facilities. In the case of flood control and drainage works, preference shall be given to the participating agency in which the largest portion of the flood control project is located. If the participating agency entitled to that preference is unwilling to provide the required operation or maintenance and repair, or both, or if the board determines by a two-thirds vote of its members that the work may be performed in a more economical, competent, or expeditious manner by an entity other than the participating agency entitled to that preference, the board may provide for the contracts for the performance of operation or maintenance and repair of facilities, or both, with other participating agencies, the county, or public or private contractors. Only if no other participating agency and neither the county nor a qualified public or private contractor is willing to contract for the performance of those services in a competent, economical, and expeditious manner, may the board provide for the performance of that work directly by the agency.

PART 3. ELECTIONS

CHAPTER 1. AGENCY ELECTIONS

Sec. 300. All agency elections shall be conducted in conformance with the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 14 of the Elections Code), to the extent applicable, unless otherwise provided in this act.

Sec. 301. Except as otherwise provided in this act, the county clerk shall conduct all elections within the agency. The board may, by resolution, determine that the agency shall conduct an election, and an officer designated by the agency shall perform the duties of the county clerk in conducting the election.

Sec. 302. The board may, by resolution, direct that any agency election be conducted by all-mailed ballot under the procedure for mailed ballot elections set forth in the Elections Code. If an election is to be conducted by all-mailed ballot, it may be conducted in accordance with Section 23509.5 of the Elections Code or it may be conducted on any Tuesday, unless it is the day before or the day after a state holiday, or unless it is one of the established election dates set forth in Section 2500 of the Elections Code.

Sec. 303. Elections shall be held on one of the established election dates set forth in Section 2500 of the Elections Code or, if conducted by all-mailed ballot, in the manner provided in Section 302.

CHAPTER 2. ZONE ELECTIONS

Sec. 320. In the alternative to calling an election within a zone under the Uniform District Election Law, the board may call a zone election to vote on proposals for the issuance of bonds, the approval of projects, or the levy of benefit assessments affecting the zone. A zone election may be held on any Tuesday, unless it is the day before or the day after a state holiday, or unless it is one of the established election dates set forth in Section 2500 of the Elections Code. A zone election shall be conducted in the manner prescribed by the board in its resolution calling the zone elections. The resolution shall, among other things, set forth the notice requirement for the election, and whether the election will be conducted by all-mailed ballot. Unless otherwise provided in the resolution, the zone election shall be conducted in the same manner as district elections.

PART 4. POWERS AND PURPOSES

CHAPTER 1. POWERS GENERALLY

Sec. 400. The agency shall have the powers enumerated in this act and such other powers as the law may provide. The powers of the agency, except as otherwise provided, shall be exercised by the board of directors.

Sec. 401. The agency has perpetual succession.

Sec. 402. The agency may adopt a seal and alter it at its pleasure.

Sec. 403. The agency may sue and be sued, except as otherwise provided in this act or by law, in all actions and proceedings in all courts, commissions, boards, and tribunals of competent jurisdiction.

Sec. 404. The agency may, within or outside the agency within the state, acquire by purchase, condemnation, or other legal means all property or rights in property necessary or proper for agency works and purposes of the agency. Eminent domain proceedings may be brought by the agency for these purposes pursuant to Title 7 (commencing with Section 1230.010) of Part 3 of the Code of Civil Procedure. No action in eminent domain to acquire property or interests in property outside the boundaries of the county shall be commenced unless the board of supervisors of each affected county has consented to the acquisition by resolution.

Sec. 405. The agency may take, absolutely or on condition, by grant, purchase, gift, devise, or lease, with or without the privilege of purchasing, or otherwise, real and personal property of any kind, or any interest in real property, within or without the agency, necessary to the full exercise of its powers, and to hold, use, enjoy, and lease or dispose of the property or interest.

Sec. 406. The agency may make contracts, employ labor, and do all acts necessary for the full exercise of its purposes and powers. The board may cause construction or other work to be performed or carried out by contracts or by the agency with its own forces as provided in this act.

Sec. 407. The agency may, subject to any limitations in this act, do any and every lawful act necessary to be done, that sufficient water may be available for any present or future beneficial use or uses of the lands or inhabitants within the agency, including, but not limited to, irrigation, domestic, fire protection, municipal, commercial, industrial, and all other beneficial uses.

Sec. 408. The agency may control flood and storm waters within the agency and the flood and storm waters of streams outside of the agency which flow into the agency; conserve those waters by storage in surface reservoirs; divert and transport those waters for beneficial uses within the agency; release those waters from surface reservoirs to replenish and augment the supply of waters in natural underground reservoirs; and otherwise reduce the waste of water and protect life and property from floods within the agency.

Sec. 409. The agency may, within or outside the agency, construct, purchase, lease, or otherwise acquire works, and purchase, lease, appropriate, or otherwise acquire surface waters and water rights, useful or necessary to make use of water for any purposes authorized by this act.

Sec. 410. The agency may, subject to Section 262, operate, repair, improve, maintain, renew, replace, and extend all works and

property of the agency.

Sec. 411. The agency may make surveys and investigations for works and projects and of the water supply and resources of the agency, and carry on and perform technical and other investigations of all kinds, make measurements, collect data, and make analyses, studies, and inspections pertaining to water supply, water, water rights, control of floods, and use of water both within and outside the agency, subject to the limitation set forth in Section 416. For these purposes the agency shall have the right of access through its authorized representatives to all properties within the agency.

Sec. 412. The agency may construct its pipes, pipelines, canals, flumes, tunnels, and other conduits, along, under, or across any public road, street, alley, avenue, highway, or sidewalk, or across any stream of water, watercourse, railway, canal, ditch, or flume which the route of those pipes, pipelines, canals, flumes, tunnels, or other conduits may intersect or cross; provided the works are constructed in such manner as to afford security for life and property. The agency shall restore at its own expense any such crossings and intersections to their former state as near as may be, or in a manner not to have impaired unnecessarily their usefulness. Every company, municipality, or public agency whose right-of-way shall be intersected or crossed by those pipes, pipelines, canals, flumes, tunnels, or other conduits shall unite with the agency in forming these intersections and crossings and grant the rights necessary therefor to the agency.

Sec. 413. There is hereby granted to the agency the right-of-way for the location, construction, and maintenance of any and all of its works in, over, and across public lands of the state, not otherwise disposed of or in use, not in any case exceeding in length or width that which is necessary for the construction of the works and adjuncts or for the protection thereof. Whenever any selection of a right-of-way for those works or adjuncts thereto is made by the agency, the board shall transmit to the State Lands Commission, the Controller, and the recorder of the county in which the selected lands are situated, a plat of the lands so selected, giving the extent thereof and the uses for which the lands are claimed or desired, duly verified to be correct. If the State Lands Commission approves the selection so made, it shall endorse its approval upon the plat and issue to the agency a permit to use those rights-of-way and lands.

Sec. 414. The agency may, in addition to the other powers vested in it by this act, acquire, maintain, operate, and install recreational facilities or landscaping in connection with any dam, reservoir, flood control, or storm drainage facility or work of improvement, or other property owned or controlled by the agency, or in connection with any flood control or water conservation project in which the agency participates in the cost of construction, operation, or maintenance thereof or in the cost of land acquisition thereof.

Sec. 415. The agency may undertake engineering investigations and report on any existing or potential flood control, water supply,

or groundwater problems, in all or any portion of the agency, except that no study shall be conducted within the boundaries of those cities or agencies listed in Section 200 which relates to a power held by that city or agency without its consent or without authorization by a two-thirds vote of the board.

Sec. 416. By a two-thirds vote of the board, the agency may construct, operate, and maintain works to develop electric energy and transmission lines for the conveyance thereof. The power generated may be used by the agency for its own purposes, or for the production or transmission of water, but shall not be offered for sale directly by the agency to customers other than a public utility or public agency. The power to construct, operate, and maintain works to develop electric energy shall not include, and nothing in this act shall be construed to permit, the acquisition of property already employed in the generation of electric energy for public utility purposes, or the interference by the district in any existing contracts for the production or sale of electric energy, except by mutual agreement between the agency and the owner of that property, or the contracting parties.

Sec. 417. The agency may disseminate information to the public concerning the rights, properties, and activities of the agency.

CHAPTER 2. CONTRACTS WITH PARTICIPATING AGENCIES

Sec. 430. The agency may enter into contracts with any participating agency or with any municipality, public agency, or other political subdivision which thereby becomes a participating agency for any of the following purposes:

(a) The lease, purchase, or other acquisition by the agency of any of the works of the participating agency or of the state or the United States.

(b) The construction of works by the agency for the conservation, regulation, or transmission of water for the benefit of the participating agency, or for the generation and transmission of electric power, or for the furnishing or sale by the agency, the state, or the United States to the participating agency or by the participating agency to the agency of water or a water supply for any purpose; or for the assumption, by either the agency or the participating agency, as principal or guarantor or underwriter of indebtedness incurred on account of works or water furnished or sold to the district or participating agency.

(c) The sale, lease, or other disposition of water, water rights, and water storage facilities, or interests therein, by the agency or by the participating agency.

(d) The operation of works and the delivery of water by the agency or by the participating agency subject to the following:

(1) The works shall be operated in conformity with the vested rights and appropriations of each of its participating agencies having an interest therein.

(2) There shall be delivered to each participating agency all water to which the participating agency is entitled under the contract entered into by the agency and the participating agency.

(3) There shall not be delivered to any participating agency more water than the amount to which the participating agency is entitled under the contract entered into by the agency and the participating agency, without the prior written consent of the agency, except that the lease of water from any reservoir in the amount required to satisfy any vested right shall not constitute a delivery of water, and that any quantity of water assigned under Section 435 or released under Section 436 by one participating agency to another participating agency shall be delivered to the latter.

(e) The construction, operation, maintenance, and repair of flood control works and facilities.

Sec. 431. The agency may contract to sell, lease, or otherwise dispose of water or of any right to use the works of the agency for the conservation, control, or transportation of water, only to participating agencies or to agencies of the State of California and of the United States for use within the boundaries of the agency. The agency may fix rates and charges for those purposes. The agency may contract for those purposes with other parties only upon written approval of all participating agencies having right to the water or interest in the works for which a contract is being entered into.

Sec. 432. Notwithstanding any other provision of this act, the agency may suspend delivery of water conserved by the agency or obtained by, or on behalf of, the agency or participating agency to any participating agency during the period which the participating agency is delinquent in its payments for, or obligations due in respect of, that water under any contract entered into by it with the agency upon 30 days' written notice, except that no suspension of water shall be made unless the participating agency has been delinquent for a period of 90 days from the date of billing from the agency to the participating agency.

Sec. 433. (a) The liability of each participating agency, as distinguished from the liability of its taxpayers and property therein for taxes, or assessments levied by the agency for agency purposes, shall be limited to that portion of the total cost for water or water supply or to that portion of the total cost of construction and the operation and maintenance cost of works acquired or constructed by or on behalf of the agency or participating agency which the participating agency agrees to bear.

(b) The liability of each participating agency shall be set forth fully in a written contract which shall be legally approved by that participating agency in accordance with the laws governing the participating agency. No such contract shall be altered or modified without the consent of the agency and the legal approval of the participating agency.

(c) Each contract may provide, among other things, the following:

(1) The total capital obligation which the participating agency agrees to bear.

(2) The minimum annual payment which the participating agency shall make in amortization of its capital obligation.

(3) The quantity or pro rata portion of water which shall be delivered to, or held in storage for, the participating agency.

(4) The basis of allocation of operation and maintenance costs to be borne by the participating agency

(5) The quantity of water supply or water agreed to be acquired by, or furnished or sold to, the participating agency and the cost thereof to the participating agency.

(d) Each participating agency contract shall be fair and equitable to each contracting party, and no participating agency shall receive any undue advantage over any other participating agency having proper regard for all factors and conditions involved.

(e) Each participating agency contract shall be executed in accordance with the laws governing that participating agency.

Sec. 434. (a) In the event of any reduction in the principal of any debt of the agency underwritten by one or more participating agencies, other than by payment thereof, the amounts to be paid to the agency by each participating agency in amortization of its remaining portion of the debt shall be reduced proportionately so that the relative obligations of each participating agency shall be unchanged.

(b) In the event of any reduction in the rate of interest being paid on any part of a debt of the district for which one or more participating agencies are responsible, the amounts to be paid the agency by each participating agency shall be reduced proportionately so that the relative obligation of each participating agency remains unchanged in respect to its obligation to pay any remaining interest.

Sec. 435. Any participating agency may reduce its obligations under its contract with the agency by assignment to another participating agency of any part of its right to receive water under its contract, subject to the following:

(a) The assignment is legally approved, in accordance with the laws governing the participating agency, by each participating agency which is a party to the assignment.

(b) The total of all payments to be made by the participating entities to the agency shall not be reduced by virtue of the assignments.

(c) The assignor participating agency may be required by the agency to guarantee the payments assumed by the assignee participating agency.

Sec. 436. (a) Any participating agency may elect that any water to which it is entitled be held in storage in the agency's reservoirs if there is unfilled capacity in the reservoirs from which the water would otherwise be withdrawn for delivery to it. If two or more participating agencies desire simultaneously to store water and there

is not sufficient capacity to accommodate those participating agencies, the storage capacity shall be apportioned between them in accordance with the amount of capital cost of the reservoir they have respectively underwritten, or in accordance with the amount of water they have respectively contracted to purchase during the period of that storage.

(b) Any participating agency may release for the use of any other participating agency any amount of water which may then be held temporarily in storage for its account, and in that event, the agency shall deliver that water to the other participating agency, but that delivery shall be deemed to be for the account of the participating agency releasing the water.

Sec. 437. (a) If any capital asset of the agency is sold or otherwise disposed of, the net proceeds therefrom shall be distributed to the participating agencies, or applied against any liability of the participating agencies to the agency, as by contract may be provided, in a proportion which the amount contributed by each participating agency to the cost of the capital asset bears to the total cost of the capital asset.

(b) If any liability on the part of the agency or its participating agencies for the original cost or any subsequent improvement or refinancing of the capital asset is not completely extinguished at or before the time of the sale or other disposal thereof, the agency may apply as much of the proceeds of the sale toward the extinguishment of that liability as may be necessary. In extinguishing the liability, the proceeds of the sale shall be applied only as the interests and liabilities of the agency and its participating agencies shall appear.

CHAPTER 3. CONTRACTS WITH THE UNITED STATES AND OTHER AGENCIES

Sec. 450. (a) The agency may cooperate, act in conjunction, and contract with the United States, the state, municipalities, and public agencies of any kind, in the purchase and sale of water, the acquisition of water or a water supply, the construction of any works for the controlling of flood or storm waters in the agency, or for the protection of property, watersheds, watercourses, highways, and life, or for the purpose of conserving and transporting those waters for beneficial use, and for the use, operation, management, purchase, and ownership of the works. The agency also may make and perform any agreement with the United States, the state, any county, municipality, public agency, public corporation, person, or any combination of them for the acquisition, disposition, or operation of any property or works or water or water supply.

(b) Any county water district, water conservation district, municipality, flood control district, or other public agency or political subdivision of the state authorized by law to appropriate water and deliver water to users may (1) cooperate, act in conjunction, and contract with the agency for all the purposes for which the agency

is authorized to cooperate, act in conjunction, and contract with public agencies, municipalities, and political subdivisions, and (2) carry out the terms of those contracts.

Sec. 451. Notwithstanding any other provision of this act, the agency may contract with agencies of the state and the United States in all respects as the agency may contract with its participating agencies, except that any such contract with agencies of the state or the United States shall provide that any payment to be made to the agency shall be in advance of any service, delivery, construction, or use to be provided by the agency under the contract.

Sec. 452. The agency may cooperate and contract with the United States under the Federal Reclamation Act of 1902, and all acts amendatory or supplementary thereto, or any other act of Congress permitting cooperation or contracting for the purposes of constructing works, whether for irrigation, drainage, or flood control, or for the acquisition, purchase, extension, operation, or maintenance of the works, or for a water supply for any purpose, or for the assumption as principal or guarantor of indebtedness to the United States, or for carrying out any of the purposes of the agency, and may carry out and perform the terms of any contract so made. For those purposes the agency shall have, in addition to the powers expressly set forth in this act, all powers, rights, and privileges possessed by irrigation districts, as set forth in Chapter 2 (commencing with Section 23175) of Part 6 of Division 11 of the Water Code, not inconsistent with this act.

Sec. 453. (a) Each contract providing for repayment of the cost of any works, the purchase of any works, or for the payment for any water or water supply, which is entered into with the United States pursuant to this act, shall be authorized at an election, unless by a resolution adopted by a two-thirds vote of the members of the board, the board shall determine that all liabilities of the agency thereby incurred can be repaid and liquidated, both as to principal and interest, from revenue derived from taxes or special benefit assessments, or both, levied pursuant to this act or from payments to be made to the agency by participating agencies pursuant to written contracts which at the time of the board's determination provide for the payment of whatever amounts may be necessary to amortize the portion of that cost underwritten by the participating agencies or provide for the payment of whatever amounts may be necessary to pay the portion of the cost of any water or water supply to be furnished or sold to the participating agencies. Upon the adoption of that resolution the board may, on behalf of the agency, without the necessity of an election, enter into the repayment contract, contract for the purchase of any works, or contract for the purchase of water or a water supply with the United States, subject to all provisions of this act applicable to those contracts, except the provisions requiring an election to authorize the contracts.

(b) Notice of any election shall contain a statement of the maximum amount of money to be payable to the United States for

construction purposes and cost of water supply and acquisition of property, exclusive of penalties and interest, and a general statement of the property, if any, to be conveyed by the agency pursuant to the contract.

(c) The ballots at any election shall contain a brief statement of the general purpose of the contract substantially as stated in the notice of election and the extent of the obligation to be assumed, with the words "Contract—Yes" and "Contract—No" or "Contract and bonds—Yes" and "Contract and bonds—No," whichever may be applicable. A favorable majority of two-thirds of the votes cast at the election shall be necessary to authorize the execution of the contract or issuance of the bonds, or both, except as set forth in subdivision (a).

Sec. 454. (a) All payments to the United States under any contract between the agency and the United States, including payments of interest and principal on bonds deposited with or transferred to the United States, shall be paid so far as possible from revenue other than that derived from agency taxes and assessments, unless otherwise provided by the contract or this act, and the balance, if any, of those payments shall be paid from revenue derived from annual taxes upon all taxable property within the agency assessible for agency purposes under the laws of the state and assessments levied pursuant to this act, and the property shall be and remain liable to be assessed and levied upon for the payments.

(b) Public land of the United States within the agency shall be subject to assessment and tax for all purposes of contracts with the United States to the extent provided by the Act of Congress approved August 11, 1916, entitled "An act to promote reclamation of arid lands," or any other law which may be enacted by Congress, upon full compliance therewith by the agency.

(c) All money collected pursuant to the contract with the United States shall be deposited to the credit of the agency and held in a fund to be known as the "United States Contract Fund" to be used for payments due to the United States under the contract.

CHAPTER 4. RULES AND REGULATIONS

Sec. 460. (a) All ordinances, resolutions, and other legislative acts of the agency shall be adopted by the board, and certified to, recorded, and published, in the same manner, except as otherwise expressly provided in this act, as are ordinances, resolutions, or other legislative acts for the county.

(b) The initiative and referendum powers are hereby granted to the voters of the agency to be exercised in relation to the enactment or rejection of agency ordinances in accordance with the procedure established for the exercise of those powers in relation to counties.

Sec. 461. The board may adopt, by ordinance, reasonable rules and regulations to implement this act. Violation of any provision of the rules and regulations of the agency or any ordinance of the

agency shall constitute a misdemeanor.

PART 5. FINANCIAL PROVISIONS

CHAPTER 1. FUNDS AND ACCOUNTS

Sec. 500. Any funds of the agency may be deposited or invested and drawn out as provided in Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code. References in that chapter to "treasurer" shall mean the treasurer of the agency. Funds of the agency may also be deposited in the county treasury subject to disbursement as county funds are disbursed, except that the disbursal shall be pursuant to the provisions of this act, under the direction of the county treasurer or any other fiscal officer appointed by the board.

Sec. 501. The agency may establish and maintain any separate funds and accounts which it deems necessary in carrying out its powers and purposes under this act.

Sec. 502. The agency may make any transfers, for the purposes of a loan, from one fund to another fund of the agency, or from one fund to another fund of a zone, upon terms and conditions that the board deems appropriate and to the extent permitted by law.

Sec. 503. The fiscal officer appointed by the board, or in the absence of any such appointment, the county treasurer may invest any funds of the agency or zone in any security, debenture, bond, or deposit permitted by law for the investment of funds of a political subdivision of the state.

CHAPTER 2. CONTRIBUTION OF FUNDS

Sec. 510. (a) The agency may expend any or all of its funds as contributions in aid of any of the following:

(1) The construction or payment of the cost of works.

(2) The purchase or obtaining of water or a water supply.

(3) The payment of any liabilitity assumed as principal, guarantor, or underwriter on any indebtedness in connection with that construction, payment, purchase, or obtaining, if the works are constructed or the water or water supply is obtained for, or on behalf of, the agency or its participating agencies.

(b) Unless, by resolution adopted by a two-thirds vote of the members of the board, the board determines that facts exist which make a different allocation preferable in the best interests of the agency, the contributions in aid of construction or of the payment of works or any liability assumed in connection therewith shall be in proportion to and for the same purposes as payments made in the same year by each participating agency in amortization of a portion of the cost of the works, and the contributions in aid of the purchase or obtaining of water or a water supply or any liability assumed in connection therewith shall be in proportion to and for the same

purposes as payments made in the same year by each participating agency.

Sec. 511. (a) Regardless of any other provision of this act, if in the judgment of the board the cost and expense of a supply of water to any participating agency is greater than the ability of that participating agency to pay, and the board finds that a supply of water to that participating agency will be of general benefit to the agency, the board may by a two-thirds vote of its members direct the agency to contribute from whatever funds may be available financial assistance to the extent that the board determines the agency as a whole will be benefited. For the foregoing purpose, the board may contract with the participating agency or with the United States, the state, or any public agency supplying water or contracting to supply water to the participating agency, to make that contribution and assistance annually for such period of time as the board may determine, not to exceed 40 years.

(b) In addition to any other revenues that may be available to the agency, not otherwise designated for any other purpose, the board may raise revenues as provided in this act for the purpose of raising sufficient moneys to pay this contribution of financial assistance.

Sec. 512. The agency shall cause to be prepared on its behalf, by an independent auditor, quarterly financial statements and an annual audit disclosing the financial information of the agency which shall promptly be made available to all participating agencies.

CHAPTER 3. GENERAL BOND PROVISIONS

Sec. 520. Any defect or irregularity in the proceedings in the calling or conduct of a bond election shall not affect the validity of the bonds authorized by the election.

Sec. 521. The board shall, pursuant to this act, prescribe by resolution the form of the bonds, which shall include a designation of the agency, zone, or participating zone affected, and of the interest payable on bonds. The interest on the bonds shall be payable annually or semiannually at the discretion of the board each and every year on a day and date at a place or places to be fixed by the board and designated in the bonds.

Sec. 522. The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of another series. The maturity of each series shall comply with this section. The board may fix a date not more than two years from the date of issuance for the earliest maturity of each issue or series. The maximum term of the bonds to be issued shall not exceed 40 years.

Sec. 523. The bonds shall be issued in denominations as determined by the board.

Sec. 524. The principal on the bonds shall be payable on the date and at the place fixed in the bonds, and at the interest rate specified

in the bonds, and shall be made payable annually or semiannually.

Sec. 525. The bonds shall be registered, numbered consecutively, contain an identification number, and shall be signed by the chairperson of the board and countersigned by the county treasurer or other fiscal officer of the agency, and the seal of the agency shall be affixed thereto. Either or both signatures may be printed, engraved, or lithographed.

Sec. 526. The proceeds from the sale of the bonds shall be paid into the agency treasury, placed to credit of the project fund, and expended only for the purpose for which the bonds were issued.

In the alternative, the proceeds of the sale of the bonds may be placed in the treasury of the county to the credit of the agency and the respective zone, or participating zones thereof, for the uses and purposes of the agency, zone, or participating zones. The proper record of the transaction shall be placed upon the books of the county treasurer, and the bond proceeds shall be applied exclusively to the purposes and objects mentioned in the resolution calling for the bond election, subject to this act.

Payments from bond proceeds shall be made upon demands prepared, presented, allowed, and audited in the same manner as demands upon the funds of the agency. Unexpended bond proceeds may be invested in any manner permitted by law for agency investments, and any interest earned thereon shall be credited to the project fund and expended only for the purpose for which the indebtedness was created, including, but not limited to, operation and maintenance of the project.

Sec. 527. Whenever bonds have been authorized by the agency, the proceeds of the sale thereof have been expended as authorized, and the board, by resolution, determines that additional bonds shall be issued for carrying out any of the purposes of this act, the board may again proceed as provided in this act for the issuance of additional bonds.

Sec. 528. The board may, by resolution, determine that new bonds should be issued for the purpose of refunding any or all of the outstanding bonds of the agency or any zone or participating zone. The procedure to issue refunding bonds shall be the same as the procedure used to issue the original bonds to be refunded. The refunding bonds may be issued and sold in the manner and form prescribed for an original issue of bonds, and may, if the holders of bonds of an original issue and the board so agree, be exchanged for the original bonds. The face value of the refunding bonds so exchanged shall not exceed the face value of the original bonds. The board may raise money to pay principal and interest of the refunding bonds in the same manner as prescribed for the payment of bonds of an original issue.

Sec. 529. Any bonds, original or refunding, may be made callable by resolution of the board adopted at, or prior to, the time of issuing the bonds, and providing for the calling and redemption of the bonds in any manner provided therein on any interest payment date prior

to their stated maturity, at a premium not to exceed 6 percent above the par value thereof and accrued interest. If any bonds are so made callable, a statement to that effect shall be set forth on the face of the bond.

Notice of any redemption shall be published in the agency pursuant to Section 6063 of the Government Code. The first publication of the notice shall be not less than 30 nor more than 90 days prior to the date for the redemption.

After the date fixed for the redemption, if the agency has provided funds for payment of the principal and interest of the bonds so called, interest on the bonds shall thereafter cease.

Sec. 530. (a) The bonds may be sold at public or private sale at the determination of the board.

(b) The manner of making, submitting, and opening bids, and conducting the sale, and the terms thereof, if the sale is public, shall be determined by the board. The board may reject any and all bids which in the judgment of the board are not in the best interest of the agency. If no bids are received, or if all bids are rejected, the board may either readvertise or sell the bonds at private sale.

Sec. 531. If a proposition for issuing bonds submitted at any election under this act fails to receive the requisite number of votes of the eligible voters voting at the election to incur the indebtedness for the purpose specified, the board shall not, for six months after the election, call or order another election in the same area for incurring indebtedness and issuing bonds under this act for the same objects and purposes.

Sec. 532. Any bonds issued under this act shall be free and exempt from all taxation within the State of California. It is hereby declared that the agency is a local government within the meaning of Section 26 of Article XIII of the California Constitution.

Sec. 533. Any bonds issued under this act shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, and trust companies, for state school funds, and whenever any money or funds may by law now or hereafter enacted be invested in bonds of cities, cities and counties, counties, school districts, or municipalities in the State of California, the money or funds may be invested in bonds of the agency, issued in accordance with this act, and whenever bonds of cities, cities and counties, counties, school districts, or municipalities may, by law now or hereafter enacted, be used as security for the performance of any act, the bonds of the agency may be so used.

Sec. 534. The repeal or amendment of this act, or the dissolution or change in the boundaries of the agency or any zone or participating zone shall not in any way affect or release any of the land in the agency or zone from its liability on or from the obligations of any outstanding bonds or indebtedness or contracts for which the land is in any way security, until all of the bonds and outstanding indebtness and contracts have been fully paid or discharged.

Sec. 535. This chapter shall apply to the issuance of all bonds

issued in accordance with this act.

CHAPTER 4. IMPROVEMENT BONDS

Sec. 540. The agency may issue improvement bonds in accordance with, and pursuant to, the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code), the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code), the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code), or the Refunding Assessment Bond Act of 1935 (Chapter 732 of the Statutes of 1935).

CHAPTER 5. MELLO-ROOS BONDS

Sec. 550. The agency shall have all the powers authorized by the Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code).

CHAPTER 6. SPECIAL BENEFIT BONDS

Sec. 560. The board may determine that a bonded indebtedness should be incurred to pay the cost of any project which will confer a special benefit on the agency as a whole, or a special benefit on any zone or participating zone. The principal of, and interest on, the special benefit bonds shall be paid by revenue derived from an annual benefit assessment levied on the land benefited by the project for which the bonds were issued in the manner set forth in Chapter 1 (commencing with Section 700) of Part 7.

Before adopting a resolution issuing special benefit bonds, the board shall adopt a resolution of intention stating the intention to issue the special benefit bonds, the proposed amount of the bonds, the proposed denomination and maximum rate of interest of the bonds, a description of the proposed project for which the bonds shall be issued, and a description of the area which shall receive a special benefit from the proposed project and in which special assessments shall be levied to pay the principal and interest on the bonds.

The resolution shall also state the time and place for a hearing by the board on the proposal, at which time any interested person may appear and be heard.

Sec. 561. Notice of the hearing shall be given by publishing a copy of the resolution of intention in a newspaper of general circulation published in the agency, pursuant to Section 6066 of the Government Code, the first publication to be at least 14 days prior to the time fixed for the hearing.

The hearing may be consolidated with a hearing on any other proposal affecting the same area. At the time and place so fixed, or

at any time or place to which the hearing is continued, the board shall hold the hearing provided for by the resolution, at which time any interested person may appear and be heard concerning any matter set forth in the resolution or any matter material thereto.

Upon the conclusion of the hearing, the board may abandon the proposal, or order the election on the proposal within the area affected.

The notice and hearing requirements in this chapter may be consolidating with any notice and hearing requirements undertaken by the district pursuant to Part 7 (commencing with Section 700).

Sec. 562. If the board determines by a resolution duly adopted by a two-thirds vote of the members of the board that a bonded indebtedness to pay the cost of acquisition or construction of any works for any of the purposes of the agency or refunding any outstanding bonds should be incurred and can be repaid and liquidated as to both principal and interest from revenues derived from special benefit assessments or taxes, or both, levied pursuant to this act and from payments required to be made to the agency by participating agencies pursuant to written contracts providing for the payment of whatever amounts may be necessary to amortize the portion of the cost underwritten by those participating agencies, the board may issue bonds of the agency in such amounts as can be so repaid and liquidated. Thereafter the board may issue bonds without the necessity of an election, subject to all applicable provisions of this act pertaining to bonds and bonded indebtedness, except provisions requiring authorization of bonded indebtedness by an election.

Sec. 563. Any bonds issued under this chapter, and the interest thereon, shall be paid solely by revenue derived from taxes and special benefit assessments levied as provided in this act or from payments under contracts with participating agencies, or both. No zone nor the property therein shall be liable for the bonded indebtedness of any other zone, nor shall any moneys derived from special assessments or taxes in any of the several zones be used in payment of principal, or interest, or otherwise, of the bonded indebtedness chargeable to any other zone.

CHAPTER 7. REVENUE BONDS

Sec. 565. If the board, by resolution, determines that bonds to pay for the acquisition or construction of any project or work for any purposes of the agency, zone, or participating zone or for refunding any outstanding bonds, should be issued and can be repaid and liquidated as to both principal and interest from revenues designated by the board, the agency may define the project or work as an "enterprise" consistent with the definition in Section 54309 of the Government Code, and issue revenue bonds all in the manner of and as provided in the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code). For that purpose the agency is a "local

agency," as defined in Section 54307 of the Government Code. If the project or work is determined by the board to be for a zone or zones comprising less than all the agency, the election at which the proposition to issue the revenue bonds is submitted shall be held only in the zone or zones. Proceeds from the sale of any such revenue bonds shall be expended only in the zone or zones in which the proposition to issue the revenue bonds is approved.

Sec. 566. (a) Notwithstanding Section 565, and subject to the requirements of subdivisions (b) and (c), if the board makes the determination authorized in Section 565, and each participating agency which would provide all or a portion of the revenues to repay the bonds to be issued also makes that determination by resolution, the agency may define the project or work as an "enterprise" consistent with the definition in Section 54309 of the Government Code, and issue revenue bonds all in the manner of and as provided in the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code), except those provisions requiring authorization of the revenue bonds by election. For that purpose the agency is a "local agency," as defined in Section 54307 of the Government Code.

(b) The board may proceed under this section for the issuance of bonds to pay for the refinancing, purchase, reconstruction, replacement, acquisition, or improvement of all or any part of the reservoirs, dams, conduits, appurtenances, and improvements necessary or related to the Noonan Reservoir project and the Solano project.

(c) The board may also proceed under this section for projects other than those set forth in subdivision (b), if it has submitted to the qualified voters of the agency at a special election called by a resolution of the board a proposition as to whether the agency may authorize and sell revenue bonds under this section. If a majority of the voters of the agency voting on the proposition at the election vote in favor of the proposition, the board may proceed to issue and sell revenue bonds as provided by this section for any purpose of the agency or zone. If the proposition fails to carry at the election, the proposition shall not again be voted upon until at least six months have elapsed since the date of the last election at which the proposition was submitted. The resolution calling the election shall fix the date on which the election is to be held, the proposition to be submitted, the manner of holding the election and of voting for or against the proposition, and shall state that in all other particulars, the election shall be held and the votes canvassed as provided by law for the holding of elections within the agency. The election may be held separately or may be consolidated with any other election authorized by law at which the voters of the agency may vote. The resolution calling the election shall be published and no other notice of the election need be given.

CHAPTER 8. SHORT-TERM BORROWING

Sec. 570. The agency may borrow money and incur indebtedness in the manner set forth in this chapter by action of the board, and without the necessity of calling and holding an election in the agency. Funds borrowed pursuant to this chapter may be paid through the agency's existing operating income. If any financing is necessary for repayment of funds borrowed, the agency shall obtain financing pursuant to the provisions of this act, including provisions requiring an election in the agency, if applicable.

Sec. 571. Indebtedness may be incurred pursuant to this chapter for any purpose for which the agency is authorized to expend funds.

Sec. 572. Indebtedness incurred under this chapter shall be evidenced by warrants or notes of the agency payable not to exceed 15 years from their date and bearing interest at a rate not to exceed the maximum interest permitted for the sale of bonds of the agency.

Sec. 573. The warrants or notes shall be issued by the agency after the adoption by a two-thirds vote of all of the members of the board of a resolution setting forth the form of the warrants or notes, the maturity date of dates thereof, and the manner of execution thereof, except that if less than two hundred fifty thousand dollars ($250,000) shall be incurred, a majority vote of the board shall be sufficient to adopt the resolution.

Sec. 574. The board may, in its resolution, provide that the warrants or notes shall be subject to call and redemption prior to their stated maturity, at the option of the agency, at such price as may be fixed in the resolution, not exceeding a premium of 6 percent of the par value of the warrants so subject to redemption. The resolution shall fix a method of giving notice of redemption to the holders of warrants to be redeemed and the price at which the warrants shall be subject to redemption. Warrants so subject to call and redemption prior to maturity shall contain a recital to that effect on their face.

Sec. 575. The warrants issued may be offered for private or public sale. Any public sale shall be upon notice inviting sealed bids therefor. The notice shall be given by publication once in a newspaper of general circulation in the county, and the sale shall not be held before 10 days after publication. The board may reject all bids received on public sale and either readvertise or sell the warrants at private sale. The agency may sell the warrants at a price below par value not to exceed 6 percent of the par value thereof.

CHAPTER 9. COUNTY FUNDING

Sec. 580. For the purpose of supplementing the general operating revenues of the agency, upon request made by the board, the board of supervisors may grant funds from the county general fund to the agency without reimbursement from the agency, for use for any purpose of the agency for which the county is itself

authorized to expend funds, and including, but not limited to, expenses incurred or estimated to be incurred during the next fiscal year for each of the following:

(a) The administration of the agency.

(b) The preparation of a comprehensive water resources and drainage management plan for the agency for coordinating and managing the supply and distribution of water for all beneficial uses within the agency and for coordinating and managing the control and disposal of drain, flood, and storm water within the agency, and the formation of zones within the agency for those purposes.

(c) The acquisition, development, distribution, and sale of water to the inhabitants of the agency for all beneficial uses, including the acquisition of water rights by purchase or condemnation and the acquisition, construction, repair, operation, and maintenance of works therefor.

(d) The acquisition, construction, repair, operation, and maintenance of works for control and disposal of drain, storm, and flood water within the agency.

Sec. 581. The agency shall keep any county funds received pursuant to Section 580 in a separate account and, upon demand of the county, shall demonstrate that all expenditures made therefrom were used only for the purposes enumerated in this chapter.

CHAPTER 10. TAXING AUTHORITY

Sec. 585. The agency shall have the power as provided by law to cause taxes to be levied for the purpose of paying any obligation of the agency and to accomplish the purposes of the agency and of this act.

Sec. 586. The provisions of the law of this state, prescribing the priority, time, and manner of levying, assessing, equalizing, and collecting county property taxes, including the sale of property for delinquency, and the redemption from that sale, and the duties of the several county officers with respect thereto, are, so far as they are applicable, and not in conflict with the specific provisions of this act, hereby adopted for the agency and made a part hereof. The officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

PART 6. ZONES

CHAPTER 1. FORMATION OF ZONES

Sec. 600. Improvement districts may be formed in the agency in the same manner as improvement districts are formed in irrigation districts under Part 7 (commencing with Section 23600) of Division 11 of the Water Code. In the alternative, improvement districts may be formed in the same manner as zones of benefit.

Assessment districts may also be formed in the agency under the

Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code), and the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code). Improvement districts and assessment districts may be formed within the boundaries of any zone of benefit.

Sec. 601. If at any time it is desired to annex land to, or detach land from, a zone, a petition for that purpose signed by 100 percent of the record owners of the land to be annexed or detached shall be filed with the board, which shall commence proceedings thereon. In the alternative, the board may initiate a proposal for a zone annexation or detachment. The board shall conduct a hearing on the proposal with the same notice and in the same manner as the hearing on the affected zone. For purposes of protests and an election on the proposal, the affected area shall consist of the land to be annexed to, or detached from, the zone. The board may prescribe any reasonable condition to which the annexation or detachment shall be subject, if approved.

Sec. 602. The board may establish zones of benefit within the agency without reference to the boundaries of other zones. The land comprising a zone of benefit need not be contiguous. A zone of benefit shall be established only with respect to a project for the benefit of the zone of benefit, and proceedings for the establishment of the zone of benefit may be conducted concurrently with, and as a part of, proceedings for the instituting of projects relating to the zone of benefit, the issuance of special benefit bonds, and the levy of benefit assessments.

Sec. 603. Whenever the board determines that a zone of benefit should be formed for the purposes set forth in this chapter, the board shall adopt a resolution of intention which shall state the following:

(a) The intention of the board to form the proposed zone of benefit.

(b) The purpose for which the proposed zone of benefit is to be formed and a finding that the participating agencies within the zone of benefit participating in the proposed facility or activity have consented to formation of the zone.

(c) The estimated expense of carrying out the purpose.

(d) That the special benefit assessment levied for carrying out the purpose shall be levied exclusively upon the lands in the proposed zone of benefit.

(e) That a map showing the exterior boundaries of the proposed zone of benefit, which map shall govern for all details as the extent of the proposed zone of benefit, is on file with the agency secretary and is available for inspection by any interested person or persons.

(f) The time and place for a hearing by the board on the formation of the proposed zone of benefit, the extent thereof, the purpose for which it is to be formed, the benefit to land within the proposed zone of benefit from carrying out that purpose, the estimated expense of carrying out that purpose, if known, and any other matter relating

to any of the foregoing.

(g) That at a time and place specified any interested person, including all persons owning land in the agency or in the proposed zone of benefit, may appear and be heard.

Sec. 604. Notice of the hearing shall be given by publishing a copy of the resolution of intention in a newspaper of general circulation published in the agency, pursuant to Section 6066 of the Government Code, the first publication to be at least 14 days prior to the time fixed for the hearing.

Sec. 605. At the time and place so fixed, or at any time or place to which the hearing is continued, the board shall hold the hearing provided for by the resolution of intention, at which time any interested person may appear and be heard concerning any matter set forth in the resolution of intention or any matters material thereto. Upon the conclusion of the hearing, the board may abandon the proposal, modify it, order an election on the proposal, or proceed with the proposal to create the zone without an election, unless, prior to the conclusion of the hearing, or any continued hearing, written protests against the proposal signed by more than 25 percent of the number of landowners within the proposed zone of benefit are filed with the board, in which case, an election shall be held on the proposal. If prior to the conclusion of the hearing, or any continued hearing, written protests against the proposal signed by more than 50 percent of the number of landowners within the proposed zone of benefit filed with the board, further proceedings relating to the proposal shall be suspended for not less than six months following the date of the conclusion of the hearing.

Sec. 606. At the conclusion of the hearing, the board may, by resolution, order the zone of benefit formed for the purpose and with the exterior boundaries described therein. The resolution ordering formation shall state the estimated expense of carrying out the purpose described therein. The resolution shall also number and designate the zone of benefit substantially as "Zone of Benefit Number _____ of the Solano County Water Agency."

Sec. 607. Notwithstanding any other provision of this act, the governing body of any participating agency at any time after the location and extent of zones and the percentages to be raised therefrom in each of the zones for the purpose of assessment have been finally fixed and determined by the board, but before the calling of any bond election if one is to be held, may, with the consent of the board, enter into a contract with the agency to pay to the agency for the benefit of the bond fund thereof, if a bond issue is to be authorized and bonds are to be issued, an amount which shall be equal to the total amount assessed against all zones situated entirely within the participating agency. Thereupon the charges against the zone or zones shall be canceled to the extent of that amount so agreed to be paid, and thereafter the voters residing within the zone or zones shall not be entitled to vote at any election held for the purpose of issuing bonds which would be repaid by the charges. The

contract shall contain such other or additional provisions as the board shall deem necessary or advisable in order to protect the interest of the agency and to substitute the contract in lieu and instead of the assessments which would have been levied within the participating agency or agencies.

CHAPTER 2. SELECTION OF PROJECTS

Sec. 610. The board shall determine which projects shall be carried out and shall determine, as to each project, that it is either: (1) for the common benefit of the agency as a whole, (2) for the benefit of a single zone, whether in existence or not, or (3) for the common benefit of participating zones, whether in existence or not.

Sec. 611. The agency may institute agencywide projects, projects for single zones, and joint projects for participating zones for studying, planning, financing, constructing, acquiring, maintaining, operating, extending, or repairing any work of common benefit to the agency as a whole, to the zone, or to the participating zones, as the case may be. All powers of the agency may be exercised or performed on behalf of and within a zone. Before proceeding with any project, the board shall adopt a resolution of intention setting forth the proposed boundaries, designating the benefited area, and stating its intention to undertake the project, together with an estimate of the cost of the project to be borne by the agency as a whole, or a particular zone, or participating zones, as the case may be, and fixing a time and place for public hearing on the resolution. The resolution shall refer to a map or maps showing the general location of the project and shall generally describe the project. Notice of the hearing shall be given in the same manner as for a resolution of intention to form a zone of benefit. The proceedings on the resolution proposing the project may be consolidated with the proceedings on a resolution proposing formation of a zone of benefit.

Sec. 612. The hearing may be consolidated with a hearing on the formation of a zone of benefit, the issuance of special benefit bonds, or the levy of benefit assessments affecting the same geographic area. At the time and place so fixed, or at any time or place to which the hearing is continued, the board shall hold the hearing provided for by the resolution, at which time any interested person may appear and be heard concerning any matter set forth in the resolution or any matters material thereto. Upon the conclusion of the hearing, the board may abandon the proposal, modify it, order an election on the proposal within the area affected, or proceed with the proposal without an election, unless, prior to the conclusion of the hearing, or any continued hearing, written protests against the proposal signed by more than 25 percent of the number of landowners within the affected area are filed with the board, in which case, an election shall be held on the proposal. If prior to the conclusion of the hearing, or any continued hearing, written protests against the proposal signed by more than 50 percent of the number of landowners within the

affected area are filed with the board, further proceedings relating to the proposal shall be suspended for not less than six months following the date of the conclusion of the hearing.

PART 7. ASSESSMENTS

CHAPTER 1. BENEFIT ASSESSMENTS

Sec. 700. The agency may levy benefit assessments on an agencywide basis or within any zone or participating zone. The benefit assessment may be levied in any manner which reasonably reflects the benefit that will accrue to the area being assessed for the purpose of the assessment, including, but not limited to, per acre or fraction thereof bases, or for benefit assessments related to drain, storm, or flood control purposes, the proportionate water runoff from each parcel assessed.

Sec. 701. (a) Benefit assessments may be levied for expenditures made, or expenditures estimated to be required during the next calendar or fiscal year, for any lawful purpose of the agency, including, but not limited to, the following purposes:

(1) The administration expenses of the agency.

(2) The formation and administration expenses of any zone.

(3) Engineering and other expenses in connection with the investigation and preparation of a resource management plan or plan for any work or project.

(4) Acquisition or construction of any work or project.

(5) Operation and maintenance of any work or project.

(6) Payment of principal and interest on any bonds issued by the agency.

(b) The revenues derived from the special benefit assessment shall be used for no purpose other than the purpose specified in the resolution at the time of levy of the assessment.

Sec. 702. The board may adopt a resolution of intention to levy an assessment on land only. The resolution shall set forth the proposed amount of the special benefit assessment, manner of levy, purpose of the proposed assessment, the duration of the district's authority to levy the benefit assessment for the stated purpose, and shall designate by a map or otherwise the boundaries of the area proposed for assessment, and shall designate a time and place of hearing on the resolution.

Sec. 703. Notice of the hearing shall be given by publishing a copy of the resolution of intention in a newspaper of general circulation published in the agency pursuant to Section 6066 of the Government Code, the first publication to be at least 14 days prior to the time fixed for the hearing.

Sec. 704. At the time and place so fixed, or at any time or place to which the hearing is continued, the board shall hold the hearing provided for by the resolution, at which time any interested person may appear and be heard concerning any matter set forth in the

resolution or any matters material thereto. Upon the conclusion of the hearing, the board may terminate further proceedings on the proposed assessment, modify the proposed assessment, order an election on the assessment within the area to be assessed, or levy the assessment without an election, unless, prior to the conclusion of the hearing, or any continued hearing, written protests against the proposal signed by more than 25 percent of the number of landowners within the area affected are filed with the board, in which case, an election shall be held on the proposal. If an election is held, a majority vote in favor of the benefit assessment shall be required to approve the proposed benefit assessment. If 12 or more registered voters reside within the area to be assessed, the vote shall be by the registered voters with each voter having one vote. Otherwise, the vote shall be by the landowners with each landowner having one vote for each acre of land or portion of an acre of land that he or she owns within the area. The proposal may take effect without a vote if there are less than 12 registered voters and a petition or other written consent to the levy of the assessment, executed by owners of at least 60 percent in area of the lands within the area to be assessed, is filed with the board during the hearing or any continued hearing. If, prior to the conclusion of the hearing, written protests against the proposal signed by more than 50 percent of the number of the landowners within the affected area are filed with the board, further proceedings relating to the proposal shall be suspended for not less than six months following the date of the conclusion of the hearing.

Sec. 705. After its approval, the benefit assessment shall be levied, collected, and enforced at the same time and in the same manner as county taxes.

Sec. 706. The agency may levy a special assessment pursuant to this part on property in any participating agency whenever that participating agency is delinquent in any payment due the agency by the participating agency under any contract entered into by them. The agency may levy these assessments regardless of whether or not written protests against the proposed assessment signed by a majority in number of the eligible voters within the area to be assessed shall be filed with the board.

CHAPTER 574

An act to add and repeal Section 69765.5 of the Education Code, relating to postsecondary education, and making an appropriation therefor.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) As of 1988, California's postsecondary students have borrowed more than five billion dollars ($5,000,000,000) in guaranteed loans, of which approximately five hundred million dollars ($500,000,000) is in default and has yet to be repaid.

(2) In response, the Student Aid Commission continues to implement a comprehensive approach to reducing student loan default, which includes efforts both to inform students about their responsibilities in repaying loans and to encourage defaulted borrowers to reestablish compliance with the terms and conditions of their loans.

(3) Critical to reducing default rates is the ability of the commission to locate defaulted borrowers, in order to make arrangements for the satisfactory repayment of student loans.

(4) A statewide guaranteed student loan amnesty program would provide defaulted borrowers with an opportunity to come forward, without penalty, for the purpose of establishing a revised repayment plan with the commission, and would thereby help to reduce California's default rate.

(b) It is the intent of the Legislature, pursuant to this act, to implement a statewide outreach program intended to inform borrowers of their duties and obligations on student loans, and to encourage defaulted borrowers to make arrangements with the Student Aid Commission to retire their debts.

SEC. 2. Section 69765.5 is added to the Education Code, to read:

69765.5. (a) The commission, with the cooperation of lenders and credit reporting agencies, shall develop and implement a state guaranteed student loan amnesty program that would allow a borrower who has defaulted on one or more loans guaranteed by the commission, and who has not already made repayment arrangements approved by the commission, to establish compliance with the loan or loans through a negotiated repayment plan under terms and conditions established by the commission in accordance with applicable requirements of federal and state law. The program shall include, but not necessarily be limited to, the following:

(1) An extensive outreach effort, including a media campaign, designed to inform borrowers and the general public of the

availability of the program. The outreach effort shall continue through the duration of the amnesty period.

(2) An amnesty period of not more than 180 days.

(b) The commission shall consult with lenders and credit reporting agencies to develop guidelines and procedures for the reporting of information to consumer credit reporting agencies concerning borrowers who participate in the amnesty program.

(c) The commission, lenders, and credit reporting agencies shall examine and develop incentives to encourage defaulted borrowers to participate in the amnesty program.

(d) As to any borrower who complies with the requirements of a repayment plan, as described in subdivision (a), for a period of 12 months following the establishment of the plan, or who provides full repayment of the loan, the commission shall do all of the following:

(1) Report, to any institution of higher education that has requested certification of financial aid eligibility pursuant to federal statutes and regulations under Title IV of the Higher Education Act of 1965, or any extension thereof, that the borrower has made satisfactory repayment arrangements.

(2) Restore to the borrower any eligibility for student financial assistance under programs administered by the commission that was forfeited as a result of his or her default under the original guaranteed student loan.

(3) Report to appropriate public institutions of higher education that, for purposes of the borrower's eligibility for institutional services under subdivision (b) of Section 66022, reasonable progress has been made to repay the loan.

(e) If any borrower fails to comply with a repayment plan, as described in subdivision (a), the commission shall withdraw the borrower from the amnesty program and take all reasonable steps to compel repayment of the loan.

(f) For purposes of this section, "default" is deemed to have the meaning applied to that term under the federal Guaranteed Student Loan Program (20 U.S.C. Sec. 1071 et seq.).

(g) This section shall apply to the extent that its provisions do not conflict with Title IV of the Higher Education Act of 1965, or any extensions thereof, or any other act of Congress, or with any rules or regulations adopted under that authority.

(h) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 3. The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the State Guaranteed Loan Reserve Fund to the Student Aid Commission without regard to fiscal year for the purpose of funding the guaranteed student loan amnesty program established pursuant to Section 69765.5 of the Education Code.

CHAPTER 575

An act to amend Section 35401 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 35401 of the Vehicle Code is amended to read:

35401. (a) Except as provided in subdivisions (b), (c), and (d), no combination of vehicles coupled together, including any attachments, shall exceed a total length of 65 feet.

(b) A combination of vehicles coupled together, including any attachments, which consists of a truck tractor, a semitrailer, and a trailer, shall not exceed a total length of 75 feet, provided that the length of neither the semitrailer nor the trailer in the combination of vehicles exceeds 28 feet 6 inches.

(c) A tow truck in combination with any of the following vehicles authorized to travel on the highway by this chapter is exempt from subdivision (a) when operating under a valid annual transportation permit and within a 100 mile radius of the location specified in the permit:

(1) A disabled vehicle.

(2) An abandoned vehicle.

(3) A disabled or abandoned combination of vehicles.

A tow truck in combination with the above vehicles may exceed the 100-mile radius restriction if a single trip permit is obtained from the Department of Transportation.

(d) Any city or county may, by ordinance, prohibit a combination of vehicles of a total length in excess of 60 feet upon highways under its respective jurisdiction. The ordinance shall not be effective until appropriate signs are erected indicating either the streets affected by the ordinance or the streets not affected, as the local authority determines will best serve to give notice of the ordinance.

(e) Any city or county, upon a determination that a highway or portion of highway under its jurisdiction cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, may, by ordinance, establish lesser distances consistent with the maximum distances that the highway or highway portion can sustain, except that a city or county shall not restrict the kingpin to rearmost axle measurement to less than 38 feet on those highways or highway portions. Any city or county considering the adoption of an ordinance shall consider, but not be limited to, consideration of, all of the following:

(1) A comparison of the operating characteristics of the vehicles

to be limited as compared to operating characteristics of other vehicles regulated by this code.

(2) Actual traffic volume.

(3) Frequency of accidents.

(4) Any other relevant data.

In addition, the city or county may appoint an advisory committee consisting of local representatives of those interests which are likely to be affected and shall consider the recommendations of the advisory committee in adopting the ordinance. The ordinance shall not be effective until appropriate signs are erected indicating the highways or highway portions affected by the ordinance.

This subdivision shall only become operative upon the adoption of an enabling ordinance by a city or county.

(f) Whenever in the judgment of the Department of Transportation, any state highway cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, the director, in consultation with the Department of the California Highway Patrol, shall compile data on total traffic volume, frequency of use by vehicles covered by this subdivision, accidents involving these vehicles, and other relevant data to assess whether these vehicles are a threat to public safety and should be excluded from the highway or highway segment. The study, containing the conclusions and recommendations of the director, shall be submitted to the Secretary of the Business, Transportation and Housing Agency. Unless otherwise notified by the secretary, the director shall hold public hearings in accordance with the procedures set forth in Article 3 (commencing with Section 35650) of Chapter 5 for the purpose of determining the maximum kingpin to rear axle length, which shall be not less than 38 feet, that the highway or highway segment can sustain without unreasonable threat to the safety of the public. Upon the basis of the findings, the Director of Transportation shall declare in writing the maximum kingpin to rear axle lengths which can be maintained with safety upon the highway. Following the declaration of maximum lengths as provided by this subdivision, the Department of Transportation shall erect suitable signs at each end of the affected portion of the highway and at any other points that the Department of Transportation determines to be necessary to give adequate notice of the length limits.

The Department of Transportation, in consultation with the Department of the California Highway Patrol, shall compile traffic volume, geometric, and other relevant data, to assess the maximum kingpin to rearmost axle distance of vehicle combinations appropriate for those state highways or portion of highways, affected by this section, that cannot safely accommodate trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400. On or before January 1, 1989, the department shall erect suitable signs appropriately restricting truck

travel on those highways, or portions of highways, and report its findings and recommendations to the Legislature.

CHAPTER 576

An act to add Section 4016.5 to the Health and Safety Code, relating to public water systems.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 4016.5 is added to the Health and Safety Code, to read:

4016.5. Commencing July 1, 1990, any system seeking an initial permit under this chapter, or seeking a permit due to a change in ownership, shall, in addition to the requirements of Section 4016, be required to demonstrate financial responsibility as a condition of receiving the permit.

SEC. 2. The Legislature finds and declares that the purpose of delaying the operative date of the requirements of Section 1 of this act until July 1, 1990, is to provide the State Department of Health Services sufficient time to develop financial responsibility criteria for the administration of Section 4016.5 of the Health and Safety Code.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 577

An act to amend Sections 8514 and 8550 of the Business and Professions Code, relating to structural pest control.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 8514 of the Business and Professions Code is amended to read:

8514. No registered company shall commence work on a

contract, or sign, issue, or deliver any documents expressing an opinion or statement relating to the control of household pests, or wood-destroying pests or organisms until an inspection has been made.

Notwithstanding any provision of this chapter, after an inspection has been made a registered company which holds a branch registration for the control of household pests, or wood destroying pests or organisms, but its branch registration restricts the method of eradication or control permitted, may recommend and enter into a contract for the eradication or control of pests within the scope of its branch registration, provided it subcontracts in writing the actual performance of the work to a registered company which holds a branch registration authorizing the particular method to be used.

A registered company may in writing subcontract any pest control work for which it is registered in any branch or branches to a registered company holding a valid branch registration to do such work.

Nothing herein contained shall permit or authorize any registered company to perform, attempt to perform, advertise or hold out to the public or to any person that it is authorized, qualified or registered to perform, pest control work in any branch, or by any method, for which it is not registered.

Subcontracting of work, as permitted herein, shall not relieve the prime contractor or the subcontractor from responsibility for, or from disciplinary action because of, any act or omission on its part, which would otherwise be a ground for disciplinary action.

SEC. 2. Section 8550 of the Business and Professions Code is amended to read:

8550. (a) It is unlawful for any individual to engage or offer to engage in the business of, act in the capacity of, or advertise himself or herself as, or assume to act as, an operator or a field representative, or to engage or offer to engage in the practice of structural pest control, unless he or she is licensed under this chapter. For purposes of this subdivision, "engage in the practice of structural pest control" shall not include price quotations given by unlicensed employees of a registered company in response to a request for that information.

(b) Except as provided in subdivision (c), on and after January 1, 1987, it is unlawful for any firm, partnership, corporation, association or other organization or combination thereof to engage or offer to engage in the practice of structural pest control, unless registered in accordance with Article 6 (commencing with Section 8610).

(c) An individual, partnership, or corporation holding an operator's license on January 1, 1987, issued in the company name style, may, before January 1, 1988, upon application and payment of the operator's license fee and company registration fee in accordance with Section 8674, be issued a company registration in the company name style and, without examination, an operator's license in the name of the owner or qualifying manager or managers.

SEC. 3. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 578

An act to add Section 13170.1 to the Water Code, relating to water quality.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 13170.1 is added to the Water Code, to read:

13170.1. The state board shall consider all relevant management agency agreements, which are intended to protect a specific beneficial use of water, prior to adopting all water quality control plans pursuant to Section 13170.

CHAPTER 579

An act to add Section 99160 to the Public Utilities Code, relating to public transit.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 99160 is added to the Public Utilities Code, to read:

99160. Any public entity which plans the development of, or which operates, a rail transit system, shall, with respect to any current or future rail transit system, (a) develop motor vehicle parking facilities to serve the system's passengers at stations planned to be park and ride facilities, and (b) expand private enterprise participation in the development of air space and publicly owned assets to provide those parking facilities.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act

contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 580

An act to add Article 9.7 (commencing with Section 31144.7) to Chapter 1 of Part 5 of Division 12 of the Water Code, relating to county water districts.

[Approved by Governor September 20, 1989. Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Article 9.7 (commencing with Section 31144.7) is added to Chapter 1 of Part 5 of Division 12 of the Water Code, to read:

Article 9.7. Malaga County Water District

31144.7. In addition to the other powers provided by law, the Malaga County Water District, Fresno County, shall, within the boundaries of the district, have all of the following powers and shall promptly and effectively exercise those powers that are appropriate for improving water quality and supply, reducing the use of water, and preventing nuisance, pollution, waste, and contamination of water:

(a) To carry on technical and other investigations, examinations, or tests, of all kinds, make measurements, collect data, and make analyses, studies, and inspections pertaining to the water supply, use of water, water quality, nuisance, pollution, waste, and contamination of water, both within and without the district, including, but not limited to, those activities related to use of public, combined, or private septic and septic tank disposal systems.

(b) To regulate, prohibit, or control the discharge of pollutants, waste, or any other material into the district's facilities by requiring dischargers to obtain a permit from the district prior to any discharge and by prohibiting the discharge of pollutants or other material which does or may cause a nuisance into the district's facilities without first obtaining a permit from the district, but if a federal

permit has been issued for the discharge, a permit may be issued by the district at no fee to the discharger; to require a fee to be collected prior to the issuance of a discharge permit, if the amount of the fee does not exceed the cost of issuing the permit; to require all permitholders to indemnify the district from any and all damages, penalties, or other expenses imposed on or required of the district by state or federal agencies due to any discharge by the permitholders into district facilities.

(c) To establish compliance with any federal, state, or local law, regulation, order, or rule relating to water pollution or the discharge of pollutants, waste, or any other material into the district's facilities. For this purpose, any authorized representative of the district, upon presentation of his or her credentials or, if necessary under the circumstances, after obtaining an inspection warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure, has the right of entry to any premises on which a water pollution, waste, or contamination source is located for the purpose of inspecting the source, including securing samples of discharges therefrom, or any records required to be maintained in connection therewith by federal, state, or local law, regulation, order, or rule.

31144.71. (a) For the common benefit of the district and for the purpose of managing the groundwater basin and managing, replenishing, regulating, and protecting the groundwater supplies within the district, the Malaga County Water District may exercise any of the following powers:

(1) Provide for the conjunctive use of groundwater and surface water resources within the district.

(2) Store water in underground water basins or reservoirs within or outside of the district.

(3) Exchange water.

(4) Distribute water to persons in exchange for ceasing or reducing groundwater extractions.

(5) Transport, reclaim, purify, treat, inject, extract, or otherwise manage and control water for the beneficial use of persons or property within the district and to improve and protect the quality of groundwater supplies within the district.

(b) The district may, pursuant to Sections 31020 and 31021, enter into an agreement or agreements with other public agencies for the purpose of participating in basinwide groundwater management activities.

31144.72. In addition to the other powers provided by law, the Malaga County Water District may levy and collect fees or charges in the manner provided for in this division for activities undertaken pursuant to Section 31144.71.

31144.73. The district shall biennially prepare a written report on the district's activities in the protection and augmentation of the water supplies of the district. The report shall include, among other information the board may order, a financial analysis of the district's

water utility system; information as to the present and future water requirements of the district, the water supply available to the district, and future capital improvement and maintenance and operating requirements; a method of financing those requirements; a recommendation as to whether or not a groundwater charge should be levied in any zone or zones of the district during the ensuing water year and, if any groundwater charge is recommended, a proposal of a rate per acre-foot for all water other than agricultural water for the zone or zones.

31144.74. As used in connection with the groundwater charge authorized by this article, the following words shall have the following meanings:

(a) "District" means the Malaga County Water District.

(b) "Person," "owner," or "operator" means federal, state, or local agencies, private corporations, firms, or partnerships, and individuals or groups of individuals, whether legally organized or not. "Owner" or "operator" also means the person to whom a water-producing facility is assessed by the county assessor, or, if not separately assessed, the person who owns the land upon which a water-producing facility is located.

(c) "Groundwater" means nonsaline water beneath the natural surface of the ground, whether or not flowing through known and definite channels. "Nonsaline water" means water which has less than 1,000 parts of chlorides to 1,000,000 parts of water, both quantities measured by weight.

(d) "Production" or "producing" means the extraction or extracting of groundwater, by pumping or any other method, from shafts, tunnels, wells (including, but not limited to, abandoned oil wells), excavations or other sources of groundwater, for domestic, municipal, irrigation, industrial, or other beneficial use, but does not mean or include the extraction of groundwater produced in the construction or reconstruction of a well, or water incidentally produced in a bona fide mining or excavation operation or water incidentally produced in the bona fide construction of a tunnel, unless the groundwater so extracted shall be used or sold by the producer for domestic, municipal, irrigation, industrial, or other beneficial use.

(e) "Water-producing facility" means any device or method, mechanical or otherwise, for the production of water from the groundwater supplies within the district or a zone thereof.

(f) "Water production statement" means the certified statement filed by the owner or operator of a water-producing facility with the district of the production of groundwater from the facility in a specified period.

(g) "Water year" means July 1 of one calendar year to June 30 of the following calendar year.

(h) "Agricultural water" means water primarily used in the commercial production of agricultural crops or livestock.

31144.75. On the second Tuesday in February of each

even-numbered year, the report shall be delivered to the clerk of the district board in writing. The clerk shall publish, pursuant to Section 6061 of the Government Code, a notice of the receipt of the report and of the public hearing to be held on the second Tuesday in March in a newspaper of general circulation printed and published within the district, at least 10 days prior to the date at which the public hearing regarding the report shall be held. The notice, among other information which the district may provide therein, shall contain an invitation to all operators of water-producing facilities within the district, or any person interested in the district's activities in the protection and augmentation of the water supplies of the district, to call at the offices of the district to examine the report. A public hearing shall be held on the second Tuesday of March of each even-numbered year in the chambers of the board, at which time any operator of a water-producing facility in the district, or any person interested in the district's activities in the protection and augmentation of the water supplies of the district, may in person, or by representative, appear and submit evidence concerning the subject of the report.

31144.76. (a) Prior to the end of the water year in which the hearing is held, and based upon the findings and determinations at the hearing, the board shall determine whether or not a groundwater charge should be levied in any zone or zones. If the board determines that a groundwater charge should be levied, the board shall levy, assess, and affix the charge or charges against all persons operating water-producing facilities within that zone or zones during the ensuing water year. The charge shall be computed at a fixed and uniform rate per acre-foot for all water other than agricultural water. The rates shall be established each year in accordance with a budget for that year and shall be at a fixed and uniform rate for all water other than agricultural water.

(b) Any groundwater charge levied pursuant to this article shall be in addition to any general tax or assessment levied within the district or any zone or zones thereof.

(c) Clerical errors occurring or appearing in the name of any person or in the description of the water-producing facility where the production of water therefrom is otherwise properly charged, or in the making or extension of any charge upon the records which do not affect the substantial rights of the assessee or assessees, shall not invalidate the groundwater charge.

31144.77. (a) After the establishment of a zone in which a groundwater charge may be levied, each owner or operator of a water-producing facility within the zone, until such time as the water-producing facility has been permanently abandoned, shall file with the district, on or before the 30th day following the end of collection periods established by the board, a water production statement setting forth the total production in acre-feet of water for the preceding collection period, a general description or number locating each water-producing facility, the method or basis of the

computation of that water production, and the amount of the groundwater charge based on that computation. The collection periods may be established at not greater than a year or less than six months. If no water has been produced from the water-producing facility during a preceding collection period, this statement shall be filed, setting forth that no water has been produced during that period. The statement shall be verified by a written declaration that it is made under the penalties of perjury. The groundwater charge is payable to the district on or before the last date upon which the water production statements shall be filed, and is computed by multiplying the production in acre-feet of water for each classification as disclosed in the statement by the groundwater charge for each classification of water. At the time any water-producing facility has been permanently abandoned, the operator shall give written notice of the abandonment to the district. If any operator of a water-producing facility fails to pay the groundwater charge when due, the district shall charge interest at the rate of 1 percent each month on the delinquent amount of the groundwater charge.

(b) If any owner or operator of a water-producing facility fails to register each water-producing facility, or fails to file the water production statements as required by this article, the district shall, in addition to charging interest as provided, assess a penalty charge against that owner or operator in subdivision (a), an amount of 10 percent of the amount found by the district to be due. The board may adopt regulations to provide that in excusable or justifiable circumstances the penalty may be reduced or waived.

(c) When a water-measuring device is permanently attached to a water-producing facility, the record or production as disclosed by that water-measuring device shall be presumed to be accurate and shall be used as the basis for computing the water production of that water-producing facility in completing the water production statement, unless it can be shown that the water-measuring device is not measuring accurately.

(d) When a water-measuring device is not permanently attached to a water-producing facility, the board may establish a method or methods to be used in computing the amount of water produced from the water-producing facility. The methods may be based upon any, or any combination, of the following criteria:

(1) The minimum charge sufficient to cover administrative costs of collection.

(2) The size of the water-producing facility discharge opening.

(3) The area served by the water-producing facility.

(4) The number of persons served by the water-producing facility.

(5) The use of land served by the water-producing facility.

(6) Any other criteria which may be used to determine with reasonable accuracy the amount of water produced from the water-producing facility.

(e) The district may levy an annual charge upon a water-producing facility for which no production has been recorded but which has not been permanently abandoned, except that this charge shall not exceed the annual cost to the district of maintaining and administering the registration of that facility.

31144.78. Upon good cause shown, an amended statement of water production may be filed or a correction of the records may be made at any time within six months of filing the water production statement. If pursuant to Section 31144.79, the owner or operator has been notified of a determination by the district that the production of water from the water-producing facility is in excess of that disclosed by the sworn statement covering the water-producing facility, and that owner or operator fails to protest the determination in the manner and in the time set forth in Section 31144.79, the owner or operator shall be precluded from later filing an amended water production statement for that period for the water-producing facility.

31144.79. (a) If the district has probable cause to believe that the production of water from any water-producing facility is in excess of that disclosed by the sworn statements covering the water-producing facility, or if no statements are filed covering any water-producing facility, the district may cause an investigation and report to be made concerning the production of water from each such water-producing facility. The district may fix the amount of water production from any such water-producing facility at an amount not to exceed the maximum production capacity of the water-producing facility.

(b) After the determination has been made by the district, a written notice thereof shall be mailed to the person operating the water-producing facility at the address shown by the district's records. The determination made by the district shall be conclusive on all persons having an interest in the water-producing facility, and the groundwater charge, interest, and penalties thereon, shall be paid forthwith, unless that person files with the board within 15 days after the mailing of the notice, a written protest setting forth the ground or grounds for protesting the amount of production so fixed. Upon the filing of that protest, the board shall hold a hearing at which time the total amount of the water production and the groundwater charge thereon shall be determined, which shall be conclusive if based upon substantial evidence. If the water production statement was filed and the amount disclosed thereon was paid within the time required under this article, and the board finds that the failure to report the amount of water actually produced resulted from excusable or justifiable circumstances, the board may waive the charge of interest on the amount found to be due. A notice of the hearing shall be mailed to the protestant at least 10 days before the date fixed for the hearing. Notice of the determination by the board shall be mailed to each protestant, who shall have 30 days from the date of mailing to pay the groundwater charge, interest, or penalties provided under this article.

(c) Notice as required in this section shall be given by deposit thereof in any postal facility regularly maintained by the government of the United States in a sealed envelope with postage paid, addressed to the person on whom it is served at the name and address disclosed by the records of the district. This service is complete at the time of deposit.

SEC. 2. The Legislature hereby finds and declares that special circumstances exist within the Malaga County Water District because of the unique water quality and groundwater problems within the district and the absence of any other public agency willing or able to address these problems. The Legislature finds and declares that a general act cannot be made applicable to this unique situation and that it is, therefore, necessary to enact this special act relating to the Malaga County Water District.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 581

business shall be a net operating loss carryover to each of the 15 taxable years following the taxable year of loss.

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 17276.1, attributable to the business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code). The attributed loss shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

SEC. 5. Section 23801 of the Revenue and Taxation Code is amended to read:

(2) For income years beginning in 1987—

(A) A corporation which has in effect a valid federal election, for the income year beginning in 1987, shall be deemed to have elected to be treated as an "S corporation" for purposes of this part, unless that corporation elects on its return to continue to be treated as a "C corporation" for purposes of this part.

(B) A corporation to which subparagraph (A) applies, but which is not required to file a return under this part, may elect to be treated as a "C corporation" for purposes of this part in such form and in such manner as the Franchise Tax Board may prescribe.

(C) A corporation which is deemed to have elected to be treated as an "S corporation" under subparagraph (A) shall, for purposes of applying the provisions of Section 1374 of the Internal Revenue Code, relating to tax imposed on certain built-in gains, and Section 1375 of the Internal Revenue Code, relating to tax imposed on passive investment income, be deemed to have made the election to be treated as an "S corporation" on the same date as the date of its federal election under Section 1362(a) of the Internal Revenue Code.

(3) For income years beginning after 1987—

(A) An election or revocation under Section 1362(a) of the Internal Revenue Code shall be an election to which subdivision (g) of Section 23051.5 applies and shall be deemed to have been made on the same date as the date of the federal election, unless the corporation files a separate election for state purposes pursuant to subdivision (g) of Section 23051.5.

(B) A corporation which was a "C corporation" for California purposes for the preceding year may elect to be treated as an "S corporation" by making an election at the time and in the manner as the Franchise Tax Board may prescribe.

(C) A corporation which is required to file a return under this part for the current, but not the preceding year, may make a separate election pursuant to subdivision (g) of Section 23051.5 at the time and in the manner as the Franchise Tax Board may prescribe.

(D) A corporation which is not required to file a return under this part may make a separate election pursuant to subdivision (g) of

Section 23051.5 on or before the 15th day of the third month after the close of the income year if either of the following applies:

(i) During the preceding income year, the corporation had no shareholders who were residents of California.

(ii) The corporation filed a valid "S" election for federal tax purposes which was treated as being made for the current income year.

(E) A corporation which elects to be treated as an "S corporation" under subparagraph (A) for an income year beginning in 1988 shall, for purposes of applying the provisions of Section 1374 of the Internal Revenue Code, relating to tax imposed on certain built-in gains, and Section 1375 of the Internal Revenue Code, relating to tax imposed on passive investment income, be deemed to have made the election to be treated as an "S corporation" on the same date as the date of its federal election under Section 1362(a) of the Internal Revenue Code.

pursuant to Article 1 (commencing with Section 25101) of Chapter 17, to properly reflect the income or loss of the members of the group.

(2) The application of the provisions of this subdivision shall not affect the election of any corporation to be treated as an "S corporation".

(e) The tax for a "C corporation" for a short year shall be determined in accordance with Chapter 13 (commencing with Section 24631), in lieu of Section 1362(e)(5) of the Internal Revenue Code.

A corporation may terminate by revocation its "S corporation" election for purposes of Part 10 (commencing with Section 17001) and this part without terminating its federal election by providing written notification to the Franchise Tax Board which meets the requirements of Section 1362(d)(1) of the Internal Revenue Code.

(4) For purposes of subdivision (b) of Section 17276, relating to limitations on loss carryovers, losses passed through to shareholders of an "S corporation," to the extent otherwise allowable without application of that subdivision, shall be fully included in the net operating loss of that shareholder and then that subdivision shall be applied to the entire net operating loss.

(e) For purposes of computing the taxes specified in subdivision (b), an "S corporation" shall be allowed a deduction from income for built-in gains and passive investment income for which a tax has been imposed under this part in accordance with the provisions of Section 1374 of the Internal Revenue Code, relating to tax imposed on certain built-in gains, or Section 1375 of the Internal Revenue Code, relating to tax imposed on passive investment income.

(f) For purposes of computing taxes imposed under this part, as provided in subdivision (b)—

(B) For purposes of this paragraph, the "adjusted gross income" of the "S corporation" shall be equal to its "net income," as determined under Section 24341, with the modifications required by this subdivision.

SEC. 7. Section 23803 of the Revenue and Taxation Code is amended to read:

23803. (a) (1) With respect to credits which are otherwise allowed to reduce the taxes imposed under this part:

(A) The amount of any credit to be claimed shall be limited to one-third of the amount otherwise allowable.

(B) (i) Any unused portion of the credit allowable under subparagraph (A) (one-third of the total credit) shall be allowed to be carried forward and shall not be subject to additional reductions under subparagraph (A) in later years.

(ii) No carryforward shall be allowed for the portion of the credit denied under subparagraph (A) (two-thirds of the total credit).

(C) Credits carried forward from income years beginning prior to the first income year in which the corporation is treated as an "S corporation" under this part, shall be reduced in accordance with subparagraph (A) for that first income year and shall not be subject to additional reductions under subparagraph (A) in later years.

(2) With respect to credits which are allowed to the "S corporation" only because it is treated in the same manner as an individual, the provisions of Section 1366(a) of the Internal Revenue Code shall be modified to provide that the shareholder's pro rata share of the corporation's credits shall include the credit for political contributions allowed under Section 17053.14.

(b) Section 1366(f) of the Internal Revenue Code, relating to special rules, shall be modified as follows:

(1) The amount of tax used to compute the reduction allowed by Section 1366(f)(2) shall be the amount of tax imposed on built-in gains under this part.

been taken into account if a water's edge election under Section 25110 had been in effect for the income year in which the loss was incurred.

(d) Net operating loss carrybacks shall not be allowed.

(e) Notwithstanding the provisions of Section 172(b)(1) of the Internal Revenue Code--

The orientation and training shall be provided by a qualified registered nurse.

(c) If a qualified hemodialysis technician or qualified licensed nurse is able to demonstrate knowledge of the theory of those subjects specified in subdivision (a) by written examination, then the classroom component of the training program required by subdivision (a) may be waived by the home dialysis agency.

(d) A qualified registered nurse shall directly supervise a qualified hemodialysis technician or qualified licensed nurse for a minimum of three dialysis treatments prior to the qualified hemodialysis technician or qualified licensed nurse independently performing dialysis treatments. The qualified registered nurse who provided the direct supervision shall complete an orientation skills checklist relating to the qualified hemodialysis technician or qualified licensed nurse to assure that the level of his or her performance of dialysis treatments is of the quality to enable him or her to perform dialysis treatments independently. Depending upon the qualified dialysis technician's or qualified registered nurse's level of performance reflected on the skills checklist, additional supervised dialysis treatments may be required.

(e) A qualified registered nurse shall directly supervise at a patient's home each qualified hemodialysis technician and qualified licensed nurse employed by the agency at least monthy and more often if determined necessary by a qualified registered nurse.

(f) A home dialysis agency shall provide continuing education for qualified hemodialysis technicians and qualified licensed nurses employed by the agency at least semiannually.

1794.16. (a) Hematocrits, clotting times, and blood glucose tests may be performed at the patient's home by a qualified hemodialysis technician, qualified licensed nurse, or qualified registered nurse.

(b) Maintenance, calibration, and quality control studies of all

laboratory equipment utilized to perform the laboratory tests specified in subdivision (a) shall be performed according to the equipment manufacturer's suggestions, and the records and any results of the maintenance, calibration, and quality control studies shall be maintained in the records of the agency at its chief administrative office.

(c) Except as provided in subdivision (a), all laboratory services ordered for the patient by the patient's physician and surgeon shall be performed by a clinical laboratory licensed pursuant to Chapter 3 (commencing with Section 1200) of Division 2 of the Business and Professions Code, or a facility located outside of the State of California that is licensed to engage in interstate commerce in accordance with subdivision (a) of Section 262 of Title 42 of the United States Code. The services provided by the clinical laboratory shall be performed in accordance with a written agreement or arrangement that the clinical laboratory has with the home dialysis agency.

(d) Copies of all laboratory reports shall be maintained in the patient's clinical record.

1794.17. (a) All drugs, biologics, and medical devices furnished by the home dialysis agency shall be obtained for each patient pursuant to the orders of a licensed physician and surgeon and in accordance with law.

(b) It shall be the agency's responsibility, in conjunction with the patient's physician and surgeon, to ensure that there are sufficient supplies maintained in each patient's home to perform the scheduled home dialysis services. In addition, backup supplies shall be maintained in each patient's home for replacements, if needed, for any purpose, including, but not limited to, breakage, contamination, or a defective product.

(c) All dialysis supplies, including drugs and biologics, shall be delivered directly to the patient's home by a vendor of the supplies. However, personnel of the agency may transport dialysis supplies, including drugs and biologics, from a vendor's place of business to the patient's home for the patient's convenience if the item is properly labeled with the patient's name and direction for use.

(d) There shall be no reuse or reprocessing of disposable medical devices, including, but not limited to, dialyzers, end caps, and blood lines.

1794.18. (a) A planned program for preventative maintenance of home dialysis equipment shall be established by a home dialysis agency to ensure the delivery of quality patient care. The program shall be in accordance with the equipment manufacturer's suggestions and as often as necessary. In the absence of specific manufacturer's suggestions, preventative maintenance shall be in accordance with the guidelines published by the Emergency Care Research Institute on Health Devices, July 1978, Volume 7, Number 9, and as subsequently revised. Copies of these guidelines shall be filed in the chief administrative office of an agency and shall be made

available for public inspection during the agency's regular working hours.

(b) In the event that the water used for dialysis purposes or home dialysis equipment is found not to meet safe operating parameters and corrections cannot be done promptly to ensure safe patient care, the patient shall be transferred to a facility that can perform the dialysis treatments until the time when the water or equipment is found to be operating within safe parameters.

(c) Records of equipment maintenance required pursuant to this section shall be maintained at the chief administrative office of the agency.

1794.19. (a) Except as provided in subdivision (b), a home dialysis agency shall have water used for home dialysis treatments analyzed at least annually and treated as necessary to maintain a continuous water supply that is biologically and chemically compatible with acceptable dialysis techniques as determined by the state department.

(b) Water used to prepare dialysate shall meet the requirements set forth in Sections 3.2 and 4.2 of the American National Standards for Hemodialysis Systems, as revised, published by the Association for the Advancement of Medical Instrumentation and as approved by the American National Standards Institute, Inc., and as subsequently revised. The frequency of monitoring water purity for water used to prepare dialysate shall be in accordance with the suggestions in Section B5 of Appendix B of these standards. Copies of Sections 3.2 and 4.2 and Section B5 of Appendix B of the standards shall be filed in the chief administrative office of an agency and shall be available for public inspection during the agency's regular working hours.

(c) Records of test results performed pursuant to subdivisions (a) and (b) shall be maintained at the chief administrative office of the agency.

1794.20. A home dialysis agency shall ensure that infectious waste, as defined in Section 25117.5, including, but not limited to, needles, syringes, artificial kidneys, arterial and venous lines, and any other blood contaminated material, is removed from the patient's home and disposed of in a lawful manner.

1794.21. (a) A home dialysis agency shall have written policies and procedures for emergencies which address fire, natural disaster, and medical emergencies.

(b) An agency shall familiarize the employees of the agency and each patient of the agency with the policies and procedures specified in subdivision (a). Emergency procedures shall be individualized for each patient to include an appropriate evacuation from the patient's home and the emergency telephone numbers needed for each patient.

(c) An agency shall make each patient familiar with the procedure for disconnecting the patient's dialysis equipment in the event of an emergency.

(d) In the event of a medical emergency, an agency shall

telephone the patient's physician and surgeon and follow his or her instructions. If the patient's physician and surgeon is not available and no other physician and surgeon is available who has been designated by the patient's physician and surgeon, then the agency shall telephone the nearest hospital emergency room and seek instruction from the emergency room.

1794.22. An agency shall provide to each patient a statement of the patient's rights and responsibilities, which shall include the following:

(a) The patient's right to be informed of all rules and regulations governing patient conduct and responsibilities, services available in the patient's home which are provided by the agency, and the patient's medical condition.

(b) The patient's opportunity to participate in the planning of his or her medical treatment.

(c) The patient's right to the confidential treatment of his or her clinical records and all information obtained by the agency, including, but not limited to, personal items observed in the home.

(d) The right to have assistance and understanding in exercising his or her patient's rights.

(e) There shall be a written grievance procedure under which the patient may file a grievance concerning the agency or its personnel and under which the patient can participate without fear of reprisal by the agency. Steps to resolve a grievance within the agency shall be outlined and instructions provided to allow the patient to contact the state department if a dispute is not resolved with the agency.

(f) All agencies licensed pursuant to this chapter or paragraph (2) of subdivision (b) of Section 1204 providing services to patients with end stage renal disease shall provide every patient, during the first treatment session, with information regarding other modalities of care, including in-center dialysis, home dialysis, peritoneal dialysis, and the potential for transplantation.

1794.23. The state department shall adopt, amend, or repeal, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, reasonable rules and regulations as may be necessary or proper to carry out the purposes and intent of this chapter and to enable the state department to exercise the powers and perform the duties conferred upon it by this chapter.

1794.24. Any licensee may, with the approval of the state department, surrender his or her license for suspension or cancellation by the state department. Any license suspended or cancelled pursuant to this section may be reinstated by the state department on receipt of an application showing compliance with this chapter.

1794.25. The state department may deny any application for, or suspend or revoke any license issued under this chapter upon any of the following grounds:

(a) Violation by the applicant or licensee of any provision of this

chapter or any rules and regulations promulgated by the state department under this chapter.

(b) Any felony conviction of the applicant or licensee for the violation of any law of this state.

(c) Any conviction of the applicant or licensee for aiding, abetting, or permitting the commission of any act that is a felony in this state.

(d) The applicant's or licensee's misrepresentation of a material fact in the application for a license under this chapter.

1794.26. (a) Proceedings for the denial, suspension, or revocation of licenses under this chapter shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. In the case of a conflict between this chapter and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, Chapter 5 (commencing with Section 11500) shall control.

(b) The suspension, expiration, or forfeiture by operation of law of a license issued by the state department under this chapter, its suspension or cancellation by order of the state department or by order of a court of law, or its surrender without the written consent of the state department shall not deprive the state department of its authority to institute or continue any disciplinary proceeding against the licensee pursuant to this chapter.

(c) Any license revoked pursuant to this chapter may be reinstated pursuant to the provisions of Section 11522 of the Government Code.

1794.27. Any person who violates any provision of this chapter or any rule or regulation promulgated under this chapter is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed five hundred dollars ($500), by imprisonment in the county jail for a period not to exceed 180 days, or by both the fine and imprisonment.

1794.28. The state director may bring an action to enjoin the violation or threatened violation of Section 1794.04 in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the state director shall not be required to allege facts necessary to show or tending to show the lack of an adequate remedy at law or to allege facts necessary to show or tending to show irreparable damage or loss.

1794.29. The district attorney of every county shall, upon application by the state department or its authorized representative, institute and conduct the prosecution within his or her county of any action for violation of this chapter.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district

will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 587

An act to amend Sections 8152 and 8388 of, to add Section 8026 to, and to repeal Sections 8016, 8565, and 8586 of the Fish and Game Code, relating to commercial fishing, and making an appropriation therefor.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 8016 of the Fish and Game Code is repealed.

SEC. 2. Section 8026 is added to the Fish and Game Code, to read:

8026. (a) The commission may require the owner and operator of a commercial fishing vessel, the holder of a commercial fishing license or permit, and the owner and licenseholder of a commercial passenger fishing boat to keep and submit a complete and accurate record of fishing activities in a form prescribed by the department.

(b) In addition to the penalty specified in subdivision (a) of Section 12002, failure to keep and submit records pursuant to subdivision (a) may result in the revocation or suspension of a license or permit by the department or the commission, when recommended by the department, for a period not to exceed one year.

SEC. 3. Section 8152 of the Fish and Game Code is amended to read:

8152. (a) In addition to any other provision of this article, 350 tons of sardines may be taken and possessed for live bait purposes during any calendar year. Sardines may not be taken or possessed for live bait purposes except under a revocable, nontransferable permit issued by the department to a live bait fisherman upon application.

(b) The department shall keep records of the catch and when it appears that the 350-ton limit will be reached, it shall notify all permitholders of the date when that limit will be reached and after which no sardines may be taken under this section, and shall notify, by certified mail, all permittees of the closure.

(c) The permit may be revoked or suspended by the commission, when requested by the department, upon a conviction for a violation of this article.

(d) If 350 tons of sardines are taken for live bait purposes under this section, sardines may continue to be taken for live bait purposes, as provided for in Sections 8150.5 and 8151.

(e) This section shall become inoperative on July 1, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 8388 of the Fish and Game Code is amended to read:

8388. (a) No female angel shark measuring less than 42 inches in total length or 15 ¼ inches in alternate length and no male angel shark measuring less than 40 inches in total length or 14 ½ inches in alternate length may be possessed, sold, or purchased, except that 10 percent of the angel sharks in any load may measure not more than ½ inch less than the minimum sizes specified herein.

(b) Angel shark total length shall be measured from the anterior end of the head to the tip of the tail while the fish is lying in a position of natural repose. When measuring total length or alternate length, the tip of the tail may be laid flat against the surface of the measuring device. Angel shark alternate length shall be measured from the point where the leading edge of the first dorsal fin meets the back to the tip of the tail. Angel sharks may be constrained from lateral movement during measurement by restraining devices approved by the department.

(c) Angel sharks taken in gill or trammel nets shall be landed (brought ashore) with at least one intact pelvic fin and the tail fin attached.

(d) Angel sharks taken in gill or trammel nets shall not be transferred to or from another vessel, except that angel sharks may be transferred to or from vessels with a department observer on board. An observer shall observe and make a written record of that transfer.

(e) This section shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute which is enacted before January 1, 1992, deletes or extends that date.

SEC. 5. Section 8565 of the Fish and Game Code is repealed.

SEC. 6. Section 8586 of the Fish and Game Code is repealed.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 588

An act to add Section 25240 to the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares:

(a) That wine produced in the Napa Valley from grapes grown in the Napa Valley has national and international recognition.

(b) That Napa Valley was designated a viticultural area in 1981 by the federal government which designation authorizes growers and vintners whose wine is derived at least 85% from grapes grown in the Napa Valley, to label their wines as Napa Valley wines.

(c) That since 1981 a few smaller areas have acquired separate viticultural area designations, notwithstanding that the areas are either entirely or partially within the Napa Valley and several other areas that lie within Napa Valley are being proposed.

(d) That the proliferation of viticultural areas within the Napa Valley has the potential of diminishing the historical, agricultural, and economic importance of the Napa Valley winegrowing area and confusing consumers.

(e) That it is necessary to require wines produced within the Napa Valley to be labeled as being derived from that valley, if the wine label indicates that they are produced within a separate viticultural area within the Napa Valley, in order to preserve consumer identification and understanding of the name "Napa Valley" and to protect this important state agricultural resource and wine products derived from that area.

SEC. 2. Section 25240 is added to the Business and Professions Code, to read:

25240. Any wine labeled with a viticultural area appellation of origin established pursuant to Part 9 (commencing with Section 9.1) of Title 27 of the Code of Federal Regulations, other than the viticultural area "Napa Valley," and which is located entirely within a county of the 29th class, shall bear the designation "Napa Valley" on the label in direct conjunction therewith in a type size not smaller than 1mm less than that of the viticultural area designation provided neither designation is smaller than 2mm on containers of more than 187ml or smaller than 1mm on containers of 187ml or less. This requirement shall apply to all wines bottled on or after January 1, 1990.

The department may suspend or revoke the license of any person who violates this section

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 589

An act to amend Sections 17556, 17561, 17568, 17615.2, 17615.3, 17615.4, and 17615.5 of the Government Code, and to repeal Sections 2207 and 2207.5 of the Revenue and Taxation Code, relating to state-mandated local programs.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 17556 of the Government Code is amended to read:

17556. The commission shall not find costs mandated by the state, as defined in Section 17514, in any claim submitted by a local agency or school district, if, after a hearing, the commission finds that:

(a) The claim is submitted by a local agency or school district which requested legislative authority for that local agency or school district to implement the program specified in the statute, and that statute imposes costs upon that local agency or school district requesting the legislative authority. A resolution from the governing body or a letter from a delegated representative of the governing body of a local agency or school district which requests authorization for that local agency or school district to implement a given program shall constitute a request within the meaning of this paragraph.

(b) The statute or executive order affirmed for the state that which had been declared existing law or regulation by action of the courts.

(c) The statute or executive order implemented a federal law or regulation and resulted in costs mandated by the federal government, unless the statute or executive order mandates costs which exceed the mandate in that federal law or regulation.

(d) The local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the mandated program or increased level of service.

(e) The statute or executive order provides for offsetting savings to local agencies or school districts which result in no net costs to the local agencies or school districts, or includes additional revenue that

was specifically intended to fund the costs of the state mandate in an amount sufficient to fund the cost of the state mandate.

(f) The statute or executive order imposed duties which were expressly included in a ballot measure approved by the voters in a statewide election

(g) The statute created a new crime or infraction, eliminated a crime or infraction, or changed the penalty for a crime or infraction, but only for that portion of the statute relating directly to the enforcement of the crime or infraction.

SEC. 1.5. Section 17561 of the Government Code is amended to read:

17561. (a) The state shall reimburse each local agency and school district for all "costs mandated by the state," as defined in Section 17514.

(b) (1) For the initial fiscal year during which these costs are incurred, reimbursement funds shall be provided as follows:

(A) Any statute mandating these costs shall provide an appropriation therefor.

(B) Any executive order mandating these costs shall be accompanied by a bill appropriating the funds therefor, or alternatively, an appropriation for these costs shall be included in the Budget Bill for the next succeeding fiscal year. The executive order shall cite that item of appropriation in the Budget Bill or that appropriation in any other bill which is intended to serve as the source from which the Controller may pay the claims of local agencies and school districts.

(2) In subsequent fiscal years appropriations for these costs shall be included in the annual Governor's Budget and in the accompanying Budget Bill. In addition, appropriations to reimburse local agencies and school districts for continuing costs resulting from chaptered bills or executive orders for which claims have been awarded pursuant to subdivision (a) of Section 17551 shall be included in the annual Governor's Budget and in the accompanying Budget Bill subsequent to the enactment of the local government claims bill pursuant to Section 17600 which includes the amounts awarded relating to these chaptered bills or executive orders.

(c) The amount appropriated to reimburse local agencies and school districts for costs mandated by the state shall be appropriated to the Controller for disbursement.

(d) The Controller shall disburse reimbursement funds to local agencies or school districts if the costs of these mandates are not payable to state agencies, or to state agencies who would otherwise collect the costs of these mandates from local agencies or school districts in the form of fees, premiums, or payments. When disbursing reimbursement funds to local agencies or school districts, the Controller shall disburse them as follows:

(1) When funds are appropriated to reimburse costs mandated by the state for the initial fiscal year during which these costs will be incurred, each local agency or school district to which the mandate

is applicable shall submit to the Controller, within 120 days of the operative date of the mandate, or, if the commission is requested to do so pursuant to Section 17571, within 120 days after the commission reviews the claiming instructions for reimbursement issued by the Controller, whichever is later, a claim for payment of its estimated costs required by the mandate for the current fiscal year. If the local agency or school district does not submit the claim within the 120-day period, it may submit its claim for reimbursement as specified in Section 17560. The Controller shall pay these claims from the funds appropriated therefor, provided that the Controller (A) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, and (B) may reduce any claim which the Controller determines is excessive or unreasonable.

(2) In subsequent fiscal years each local agency or school district shall submit its claims as specified in Section 17560. The Controller shall pay these claims from funds appropriated therefor, provided that the Controller (A) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, (B) may reduce any claim, which the Controller determines is excessive or unreasonable, and (C) shall adjust the payment to correct for any underpayments or overpayments which occurred in previous fiscal years.

(3) When funds are appropriated to the Controller to reimburse costs mandated by the state, not otherwise funded, claims for initial year costs, and subsequent years for which costs have been incurred prior to the enactment of the claims bill, shall be filed within 120 days from the date on which the Controller issued claiming instructions on funded mandates contained in the claims bill. When paying a timely filed claim for initial reimbursement, the Controller shall withhold 20 percent of the amount of the claim until the claim is audited to verify the actual amount of the mandated costs. Any claim for initial reimbursement filed after the filing deadline shall be reduced by 10 percent of the amount which would have been allowed had the claim been timely filed, provided that the amount of this reduction shall not exceed one thousand dollars ($1,000). The Controller may withhold payment of any late claim for initial reimbursement until the next deadline for funded claims unless sufficient funds are available to pay the claim after all timely filed claims have been paid. In no case shall a reimbursement claim be paid if submitted more than one year after the filing deadline specified in the Controller's claiming instructions on funded mandates contained in a claims bill. These claims shall be based upon parameters and guidelines issued by the commission and as approved by the Legislature. The Controller shall promptly notify the relevant local agencies or school districts subsequent to enactment of the claims bill of the right to file these claims.

SEC. 2. Section 17568 of the Government Code is amended to read:

17568. If a local agency or school district submits an otherwise

valid reimbursement claim to the Controller after the deadline specified in Section 17560, the Controller shall reduce the reimbursement claim in an amount equal to 10 percent of the amount which would have been allowed had the reimbursement claim been timely filed, provided that the amount of this reduction shall not exceed one thousand dollars ($1,000). In no case shall a reimbursement claim be paid which is submitted more than one year after the deadline specified in Section 17560. Estimated claims which were filed by the deadline specified in that section shall be paid in full before payments are made on estimated claims filed after the deadline. In the event the amount appropriated to the Controller for reimbursement purposes is not sufficient to pay the estimated claims approved by the Controller, the Controller shall prorate those claims in proportion to the dollar amount of approved claims filed after the deadline and shall report to the commission or the Legislature in the same manner as described in Section 17566 in order to assure appropriation of funds sufficient to pay those claims.

SEC. 3. Section 17615.2 of the Government Code is amended to read:

17615.2. (a) Notwithstanding Section 17561, after November 30, 1985, for those programs included in the State Mandates Apportionment System, after approval by the commission, there shall be disbursed by the Controller to each local agency and school district which has submitted a reimbursement claim for costs mandated by the state in the 1982–83, 1983–84, and the 1984–85 fiscal years, or any three consecutive fiscal years thereafter, an amount computed by averaging the approved reimbursement claims for this three-year period. The amount shall first be adjusted according to any changes in the deflator. The deflator shall be applied separately to each year's costs for the three years which comprise the base period. Funds for these purposes shall be available to the extent they are provided for in the Budget Act of 1985 and the Budget Act for any subsequent fiscal year thereafter.

For purposes of this article, "base period" means the three fiscal years immediately succeeding the commission's approval.

(b) When the Controller has made payment on claims prior to commission approval of the program for inclusion in the State Mandates Apportionment System, the payment shall be adjusted in the next apportionment to the amount which would have been subvened to the local agency or school district for that fiscal year had the State Mandates Apportionment System been in effect at the time of the initial payment.

SEC. 4. Section 17615.3 of the Government Code is amended to read:

17615.3. Notwithstanding Section 17561, by November 30, 1986, and by November 30 of each year thereafter, for those programs included in the State Mandates Apportionment System, the Controller shall recalculate each allocation for each local agency and school district for the 1985–86 fiscal year, by using the actual change

in the deflator for that year. That recalculated allocation shall then be adjusted by the estimated change in the deflator for the 1986–87 fiscal year, and each fiscal year thereafter, to establish the allocation amount for the 1986–87 fiscal year, and each fiscal year thereafter. Additionally, for programs approved by the commission for inclusion in the State Mandates Apportionment System on or after January 1, 1988, the allocation for each year succeeding the three-year base period shall be adjusted according to any changes in both the deflator and workload. The Controller shall then subvene that amount after adjusting it by any amount of overpayment or underpayment in the 1985–86 fiscal year, and each fiscal year thereafter, due to a discrepancy between the actual change and the estimated change in the deflator or workload. Funds for these purposes shall be available to the extent they are provided for in the Budget Act of 1986 and the Budget Act for any subsequent fiscal year thereafter.

For purposes of this article, "workload" means, for school districts and county offices of education, changes in the average daily attendance; for community colleges, changes in the number of full-time equivalent students; for cities and counties, changes in the population within their boundaries; and for special districts, changes in the population of the county in which the largest percentage of the district's population is located.

SEC. 5. Section 17615.4 of the Government Code is amended to read:

17615.4. (a) When a new mandate imposes costs which are funded either by legislation, in local government claims bills, or from the State Mandates Claim Fund, local agencies and school districts may file reimbursement claims as required by Section 17561, for a minimum of three years after the initial funding of the new mandate.

(b) After actual cost claims are submitted for three fiscal years against such a new mandate, the commission shall determine, upon request of the Controller or a local entity or school district receiving reimbursement for the program, whether the amount of the base year entitlement adjusted by changes in the deflator and workload accurately reflects the costs incurred by the local agency or school district. If the commission determines that the base year entitlement, as adjusted, does accurately reflect the costs of the program, the commission shall direct the Controller to include the program in the State Mandates Apportionment System.

(c) The Controller shall make recommendations to the commission and the commission shall consider the Controller's recommendations for each new mandate submitted for inclusion in the State Mandates Apportionment System. All claims included in the State Mandates Apportionment System pursuant to this section are also subject to the audit provisions of Section 17616.

SEC. 6. Section 17615.5 of the Government Code is amended to read:

17615.5. (a) If any local agency or school district has an established base year entitlement which does not include costs for a

particular mandate, that local agency or school district may submit reimbursement claims for a minimum of three consecutive years, adjusted pursuant to Section 17615.3 by changes in the deflator and workload, or entitlement claims covering a minimum of three consecutive years, after which time its base year entitlement may be adjusted by an amount necessary to fund the costs of that mandate.

(b) If any local agency or school district has no base year entitlement, but wishes to begin claiming costs of one or more of the mandates included in the State Mandates Apportionment System, that local agency or school district may submit reimbursement claims for a minimum of three consecutive years, or entitlement claims covering the preceding three consecutive years, which shall be adjusted pursuant to Sections 17615.2 and 17615.3 by changes in the deflator and workload, after which time a base year entitlement may be established in an amount necessary to fund the costs of the mandate or mandates.

SEC. 7. Section 2207 of the Revenue and Taxation Code is repealed.

SEC. 8. Section 2207.5 of the Revenue and Taxation Code is repealed.

CHAPTER 590

An act to amend Sections 17305, 17314, 17320, 17321, and 17336 of the Financial Code, relating to escrows.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 17305 of the Financial Code is amended to read:

17305. "Monthly average escrow liability," as used in this chapter, means the average escrow liability for the 12-month period as reported in the most recent report made by the member to the commissioner pursuant to Section 17348.

SEC. 2. Section 17314 of the Financial Code is amended to read:

17314. (a) Fidelity Corporation shall pay a member for loss of trust obligations subject to the limitations set forth in this chapter. Fidelity Corporation shall pay or deny the claim within 90 days of receipt of the proof of loss filed by a member, or a member's successor in interest.

(b) Coverage shall be provided to members in accordance with the following schedule:

MONTHLY AVERAGE ESCROW LIABILITY PER LOCATION	COVERAGE
$ 0–$ 1,000,000	$1,000,000
over $1,000,000–$ 3,000,000	$2,000,000
over $3,000,000–$ 5,000,000	$3,000,000
over $5,000,000–$ 7,500,000	$4,000,000
over $7,500,000–$10,000,000	$5,000,000

The minimum coverage for each licensed location shall be one million dollars ($1,000,000).

(c) A member shall maintain minimum coverage in accordance with the schedule in subdivision (b) and shall monitor its escrow liability monthly. An increase in escrow liability above the monthly average escrow liability coverage as provided for in subdivision (b) shall be reported immediately to Fidelity Corporation. Upon receipt of this report, Fidelity Corporation shall immediately provide for the increase in coverage, and shall immediately bill and collect pursuant to Section 17321, an amount necessary to provide for the increased coverage.

(d) Any member with a licensed location or locations with a monthly average escrow liability greater than ten million dollars ($10,000,000) shall obtain a bond from a corporate surety which is an admitted insurer in the State of California insuring the balance of trust funds not covered by Fidelity Corporation, in a ratio of one dollar of coverage for every three dollars of trust obligations not covered by Fidelity Corporation. The Fidelity Corporation shall have the authority to obtain the excess coverage bond. The cost of the bond shall be shared pro rata by those members included in the coverage.

(e) If a member establishes, to the satisfaction of the commissioner, that a bond is not available or is impracticable under subdivision (d), then, at the member's election, either:

(1) The member shall place average trust obligations in excess of ten million dollars ($10,000,000) in a restricted escrow trust account. Each transfer or release of the funds to be made by specific resolution of the member's board of directors and the signature of a neutral third party and written approval of Fidelity Corporation; or

(2) The licensed location of the member with average trust balances in excess of ten million dollars ($10,000,000) shall be subject to examinations to be conducted at a frequency as deemed appropriate and necessary by the commissioner or Fidelity Corporation, but not less frequently than once a year.

(f) Any member subject to subdivision (e) shall within 10 business days after the effective date of this section notify Fidelity Corporation of its election. A member who subsequently becomes subject to subdivision (e) shall within a like period of time notify Fidelity Corporation of its election. Fidelity Corporation shall also be

notified of any change of election in a like period of time. Fidelity Corporation shall notify the commissioner within 10 business days of receipt of any notice under this subdivision of the elections made. All notices under this subdivision shall be in writing.

SEC. 2.5. Section 17320 of the Financial Code is amended to read:

17320. Fidelity Corporation shall establish and maintain the following funds for payment of claims and for payment of costs of administration: the membership fund, the operations fund, and the fidelity fund.

(a) An applicant or a licensee shall, at the time an application is filed for a license, pay to Fidelity Corporation a membership fee of three thousand dollars ($3,000) for each location for which a license is applied. If the application is denied, withdrawn, or abandoned, Fidelity Corporation may retain two hundred dollars ($200) from the membership fee to cover costs of administration.

The membership fund shall be reserved for payment of claims which exceed the fidelity fund balance and for payment of extraordinary operational costs.

Any member who, on the effective date of this section, has an account balance which exceeds the three thousand dollars ($3,000) membership fee times the number of its licensed locations shall be credited in a special reserve account for the excess amount. This balance shall be credited against future assessments made pursuant to subdivision (b) of Section 17321 in an amount not exceeding four hundred dollars ($400) per licensed location per year. Any member whose account balance is less than three thousand dollars ($3,000) times the number of its licensed locations shall, on or before December 1, 1988, pay to Fidelity Corporation an amount sufficient to allow the member's account to be maintained at three thousand dollars ($3,000) times the number of licensed locations. Fidelity Corporation shall provide each member with an accounting of the amounts being reserved for the members' membership account and amounts being held as a special reserve.

The membership fee, less any unpaid assessments and related costs, shall be refunded to the member in accordance with Fidelity Corporation's bylaws not less than 30 months and no more than 36 months after the effective date of surrender of a license.

(b) Fidelity Corporation shall prepare, prior to its fiscal year end, an estimated annual operational budget projecting the costs of operations and administration for the succeeding fiscal year, excluding the amount paid for claims and premiums paid for excess coverage bonding. The amount of the assessment shall be 150 percent of the budgetary projection. In succeeding years, the assessment shall be adjusted by adding the prior year's deficit or deducting unused surplus from the prior year.

(c) Fidelity Corporation shall establish a fidelity fund for the payment of claims and for the payment of the premium for the fidelity bond or insurance policy, if any. All claims shall be paid from the fidelity fund, provided that, to the extent that the fidelity fund

balance is not sufficient to pay claims, the claim shall be paid from the membership fund by charging each member's membership account a pro rata share of the excess.

(d) All interest earned on the membership fund and the operations fund shall be credited to the fidelity fund.

SEC. 3. Section 17321 of the Financial Code is amended to read:

17321. Fidelity Corporation shall bill and collect from each member an annual premium which in the aggregate shall consist of assessments for the operations fund and the fidelity fund.

(a) The annual assessment for the operations fund shall be assessed no later than October 15 of each year for the current fiscal year in accordance with subdivision (b) of Section 17320. The assessment shall include:

(1) All costs and expenses of administration as budgeted by the board of directors for the next fiscal year.

(2) Any expenses actually incurred in the preceding fiscal year which exceeded the budgeted costs of expenses and administration except for expenses recovered pursuant to subdivision (a) of Section 17321.1.

Each member's assessment shall be determined pro rata based upon the ratio of each member's licensed locations to the total licensed locations of all members as of the preceding June 30.

(b) The annual assessment for the fidelity fund shall be assessed no later than May 1. The assessment shall be calculated as follows:

(1) If the membership fund and fidelity fund in the aggregate equal an amount less than five million dollars ($5,000,000), then the assessment shall be the greater of: (A) one million dollars ($1,000,000); or (B) the sum of (i) the greater of an amount necessary to bring the membership fund and fidelity fund in the aggregate up to five million dollars ($5,000,000) or the total of all claims paid during the preceding fiscal year (except to the extent of any special assessment made pursuant to subdivision (b) of Section 17321.1) plus (ii) the greater of four hundred thousand dollars ($400,000) or 0.045 percent of the total average trust obligations of all members as reflected in the most recent report required by Section 17348.

(2) If the membership fund and fidelity fund in the aggregate equal an amount that is at least five million dollars ($5,000,000) but less than 1 percent of the total average trust obligations for all members as reflected in the most recent report required by Section 17348 or the fidelity fund equals an amount less than five million dollars ($5,000,000), then the assessment shall be: (A) an amount equal to the total of all claims paid during the preceding fiscal year (except to the extent of any special assessment made pursuant to subdivision (b) of Section 17321.1); and (B) an amount which is the greater of four hundred thousand dollars ($400,000) or 0.045 percent of the total average trust obligations of all members as reflected in the most recent report required by Section 17348.

(3) If the membership fund and fidelity fund in the aggregate

equal 1 percent of the total average trust obligations of all members as reflected in the most recent report required by Section 17348 and the fidelity fund equals at least five million dollars ($5,000,000), then the assessment shall be an amount equal to the actuarial projection of losses for the forthcoming fiscal year.

Each member's fidelity fund assessment for paragraphs (1), (2), and (3) shall be the amount derived by multiplying the amount to be assessed by the ratio that each member's risk factors bear to the total of all members' risk factors.

A member's risk factors shall be computed in accordance with the following formula, except that the total factors of a member shall be reduced by one for each licensed branch location:

Coverage per Licensed Location	Factors
$1,000,000	3
$2,000,000	5
$3,000,000	7
$4,000,000	8
$5,000,000	9

(c) Notwithstanding subdivision (b), the assessment for the fidelity fund for the fiscal year beginning July 1, 1989, shall be made immediately upon 90-day notice of cancellation of the fidelity bond or insurance policy permitted by paragraph (2) of subdivision (c) of Section 17310, but in no event later than 60 days prior to the date of cancellation.

SEC. 4. Section 17336 of the Financial Code is amended to read:

17336. (a) Fidelity Corporation shall have independent authority to investigate claims filed by members pursuant to Section 17330.

(b) Fidelity Corporation, with the written consent of the commissioner, may conduct an examination or investigation of the business practices of a member's handling and processing of trust obligations or the failure to pay an assessment under Section 17320, 17321, or 17321.1. The result of any investigation shall be reported to the commissioner together with the recommendations of the Board of Directors of Fidelity Corporation.

(c) Fidelity Corporation may submit reports and make recommendations to a member on its findings as a result of an examination or investigation conducted pursuant to this section. These reports and recommendations shall not be public documents. A copy of all reports and recommendations shall be furnished to the commissioner by Fidelity Corporation. There shall be no liability on the part of, and no cause of action of any nature shall arise against, Fidelity Corporation or its members, directors, officers, employees, stockholders, or agents or the commissioner or commissioner's authorized representatives for any statements made by them in any reports or recommendations made hereunder.

(d) Fidelity Corporation, upon the request of the commissioner, may participate in an examination or investigation of the books and records of a member. There shall be no liability on the part of, and no cause of action of any nature shall arise against, the State of California, the commissioner, or members of the commissioner's staff or the commissioner's authorized representative for the release of any information furnished to Fidelity Corporation pursuant to this subdivision.

(e) With the written consent of a majority of its directors and the commissioner, Fidelity Corporation, in order to fulfill its obligations under this section, may appoint an independent certified public accountant or public accountant or hire or appoint a specialized committee or employees to conduct an examination or investigation authorized by this section. Any reports as a result thereof shall be furnished to the commissioner pursuant to the provisions of subdivision (c).

(f) For the purposes of conducting an examination or investigation, Fidelity Corporation or its appointee shall have free access to the offices and places of business, books, accounts, papers, records, files, safes and vaults of the member.

(g) Costs and expenses for the examination or investigation conducted pursuant to subdivision (b) shall be paid to the Fidelity Corporation by the licensee or person examined. The Fidelity Corporation may maintain an action for recovery of these costs in any court of competent jurisdiction.

(h) Fidelity Corporation, any member of Fidelity Corporation, an agent of Fidelity Corporation or of its members, or any person who uses any information obtained under this section for any purpose not authorized herein is guilty of a misdemeanor.

CHAPTER 591

An act to repeal and add Part 6 (commencing with Section 36500) of Division 18 of the Streets and Highways Code, relating to highways.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Part 6 (commencing with Section 36500) of Division 18 of the Streets and Highways Code is repealed.

SEC. 2. Part 6 (commencing with Section 36500) is added to Division 18 of the Streets and Highways Code, to read:

PART 6. PARKING AND BUSINESS IMPROVEMENT AREA LAW OF 1989

CHAPTER 1. GENERAL PROVISIONS

Article 1. Declarations

36500. This part shall be known and may be cited as the "Parking and Business Improvement Area Law of 1989."

36501. (a) The Legislature finds and declares that businesses located and operating within the business districts of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) The Legislature also finds and declares that it is in the public interest to promote the economic revitalization and physical maintenance of the business districts of its cities in order to create jobs, attract new businesses, and prevent erosion of the business districts.

(c) The Legislature also finds that it is of particular local benefit to allow cities to fund property related improvements and activities through the levy of assessments upon the businesses which benefit from those improvements and activities.

(d) The Legislature also finds and declares that assessments levied for the purpose of providing improvements and promoting activities which benefit individual businesses may also benefit the property within the area directly or indirectly and that those assessments are not taxes for the general benefit of a city, but are assessments for the improvements and activities which confer special benefits upon the businesses for which the improvements and activities are provided.

36502. The purpose of this part is to recodify and supplant previously enacted provisions of law which authorize cities to levy assessments on businesses within a parking and business improvement area and to provide a uniform procedure to levy assessments for improvements and activities of businesses located and operating in a business district of a city. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

36503. Any provision of this part which conflicts with any other provision of law shall prevail over the other provision of law.

36504. This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. If the provisions of this part respecting the levying of assessments are held invalid in any area within which assessments have been levied pursuant to Chapter 3 (commencing with Section 36530), the assessments shall be reimposed in an identical amount and upon the same businesses as a matter of law and no lapse in the levy of any assessment shall be deemed to have occurred.

Assessments levied under this part are not special taxes.

CHAPTER 2. ESTABLISHMENT

36520. A parking and business improvement area may be established as provided in this chapter.

36521. The city council may establish an area on its own initiative.

36522. Proceedings to establish a parking and business improvement area shall be instituted by the adoption by the city council of a resolution of intention to establish the area. The resolution of intention shall do all of the following:

(a) State that a parking and business improvement area is proposed to be established pursuant to this chapter and describe the boundaries of the territory proposed to be included in the area and the boundaries of each separate benefit zone to be established within the area. The boundaries of the area may be described by reference to a map on file in the office of the clerk, showing the proposed area.

(b) State the name of the proposed area.

(c) State the type or types of improvements and activities proposed to be funded by the levy of assessments on businesses in the area. The resolution of intention shall specify any improvements to be acquired.

(d) State that, except where funds are otherwise available, an assessment will be levied annually to pay for all improvements and activities within the area.

(e) State the proposed method and basis of levying the assessment in sufficient detail to allow each business owner to estimate the amount of the assessment to be levied against his or her business.

(f) State whether new businesses will be exempt from the levy of the assessment, pursuant to Section 36531.

(g) Fix a time and place for a public hearing on the establishment of the parking and business improvement area and the levy of assessments, which shall be held not less than 20 or more than 30 days after the adoption of the resolution of intention.

(h) State that at the hearing the testimony of all interested persons for or against the establishment of the area, the extent of the area, or the furnishing of specified types of improvements or activities will be heard. The notice shall also describe, in summary, the effect of protests made by business owners against the establishment of the area, the extent of the area, and the furnishing of a specified type of improvement or activity, as provided in Section 36524.

36523. Notice of a public hearing, held under Section 36524, 36541, 36542, or 36550, shall be given by both of the following:

(a) Publishing the resolution of intention in a newspaper of general circulation in the city once, at least seven days before the public hearing.

(b) Mailing of a complete copy of the resolution of intention by first-class mail to each business owner in the area within seven days of the city council's adoption of the resolution of intention.

36524. (a) At the public hearing, the city council shall hear and

consider all protests against the establishment of the area, the extent of the area, or the furnishing of specified types of improvements or activities within the area. A protest may be made orally or in writing by any interested person. Any protest pertaining to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularity or defect to which the objection is made.

(b) Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest and at the public hearing may correct minor defects in the proceedings. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing.

(c) Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business. A written protest which does not comply with this section shall not be counted in determining a majority protest.

36525. (a) If written protests are received by the owners of businesses in the proposed area which will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than that 50 percent, no further proceedings to create the specified parking and business improvement area or to levy the proposed assessment, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

(b) If the majority protest is only against the furnishing of a specified type or types of improvement or activity within the area, those types of improvements or activities shall be eliminated.

36526. (a) At the conclusion of the public hearing to establish the area, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements and activities to be funded with the revenues from the assessments.

(b) At the public hearing, the city council may only make changes in, to, or from, the boundaries of the proposed parking and business improvement area that will exclude territory which will not benefit from the proposed improvements or activities.

(c) The city council shall not change the boundaries of the area to include any territory that will not, in its judgment, benefit by the improvement or activity. Any addition of territory to the proposed boundaries of the area may be made only upon notice to the owners of the businesses proposed to be added to the area, as provided in Section 36523, and upon a public hearing on the addition of territory, as provided in Section 36524.

36527. If the city council, following the public hearing, decides to establish the proposed parking and business improvement area, it shall adopt an ordinance to that effect. The ordinance shall contain

all of the following:

(a) The number, date of adoption, and title of the resolution of intention.

(b) The time and place where the public hearing was held concerning the establishment of the area.

(c) A determination regarding any protests received at the public hearing.

(e) A statement that a parking and business improvement area has been established and the name of the area.

(f) A statement that the businesses in the area established by the ordinance shall be subject to any amendments to this part.

(g) The description of the method and basis of levying the assessments, with a breakdown by classification of businesses if a classification is used.

(h) A statement that the improvements and activities to be provided in the area will be funded by the levy of the assessments. The revenue from the levy of assessments within an area shall not be used to provide improvements or activities outside the area.

(i) A finding that the businesses and the property within the business and improvement area will be benefited by the improvements and activities funded by the assessments proposed to be levied.

(j) The time and manner of collecting the assessments.

36528. The city council may establish one or more separate benefit zones within the area based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone.

36529. All provisions of this part applicable to the establishment, modification, or disestablishment of a parking and business improvement area apply to the establishment, modification, or disestablishment of benefit zones. The city council shall, to establish, modify, or disestablish a benefit zone, follow the procedure to establish, modify, or disestablish a parking and business improvement area.

CHAPTER 3. ASSESSMENTS

36530. The city council shall appoint an advisory board which shall make a recommendation to the city council on the expenditure of revenues derived from the levy of assessments pursuant to this part, on the classification of businesses, as applicable, and on the method and basis of levying the assessments. The city council may designate existing advisory boards or commissions to serve as the advisory board for the area or may create a new advisory board for that purpose. The city council may limit membership of the advisory board to persons paying the assessments under this part.

36531. The city council may exempt a business recently established in the area from the levy of the assessments, for a period not to exceed one year from the date the business commenced operating in the area. The city council shall state its determination to so exempt new businesses in the resolution of intention to establish the area and shall reaffirm its determination annually in the resolution of intention required to be adopted pursuant to Section 36534.

36532. The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the ordinance establishing the area.

36533. (a) The advisory board shall cause to be prepared a report for each fiscal year for which assessments are to be levied and collected to pay the costs of the improvements and activities described in the report. The report may propose changes, including, but not limited to, the boundaries of the parking and business improvement area or any benefit zones within the area, the basis and method of levying the assessments, and any changes in the classification of businesses, if a classification is used.

(b) The report shall be filed with the clerk and shall refer to the parking and business improvement area by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following:

(1) Any proposed changes in the boundaries of the parking and business improvement area or in any benefit zones within the area.

(2) The improvements and activities to be provided for that fiscal year.

(3) An estimate of the cost of providing the improvements and the activities for that fiscal year.

(4) The method and basis of levying the assessment in sufficient detail to allow each business owner to estimate the amount of the assessment to be levied against his or her business for that fiscal year.

(5) The amount of any surplus or deficit revenues to be carried over from a previous fiscal year.

(6) The amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the advisory board or may modify any particular contained in the report and approve it as modified. The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments.

36534. (a) After the approval of the report, the city council shall adopt a resolution of intention to levy an annual assessment for that fiscal year. The resolution of intention shall do all of the following:

(1) Declare the intention of the city council to change the boundaries of the parking and business improvement area, or in any benefit zone within the area, if the report filed pursuant to Section 36533 proposes a change.

(2) Declare the intention of the city council to levy and collect assessments within the parking and business improvement area for the fiscal year stated in the resolution.

(3) Generally describe the proposed improvements and activities authorized by the ordinance enacted pursuant to Section 36527 and any substantial changes proposed to be made to the improvements and activities.

(4) Refer to the parking and business improvement area by name and indicate the location of the area.

(5) Refer to the report on file with the clerk for a full and detailed description of the improvements and activities to be provided for that fiscal year, the boundaries of the area and any benefit zones within the area, and the proposed assessments to be levied upon the businesses within the area for that fiscal year.

(6) Fix a time and place for a public hearing to be held by the city council on the levy of the proposed assessment for that fiscal year. The public hearing shall be held not less than 10 days after the adoption of the resolution of intention.

(7) State that at the public hearing written and oral protests may be made. The form and manner of protests shall comply with Sections 36524 and 36525.

(b) The clerk shall give notice of the public hearing by causing the resolution of intention to be published once in a newspaper of general circulation in the city not less than seven days before the public hearing.

36535. (a) The city council shall hold the public hearing at the time and in the place specified in the resolution of intention. The public hearing shall be conducted as provided in Sections 36524 and 36525. The city council may continue the public hearing from time to time, but the public hearing shall be completed within 30 days.

(b) During the course or upon the conclusion of the public hearing, the city council may order changes in any of the matters provided in the report, including changes in the proposed assessments, the proposed improvements and activities to be funded with the revenues derived from the levy of the assessments, and the proposed boundaries of the area and any benefit zones within the area. The city council shall not change the boundaries to include any territory that will not, in its judgment, benefit by the improvement or activity.

(c) At the conclusion of the public hearing, the city council may adopt a resolution confirming the report as originally filed or as changed by it. The adoption of the resolution shall constitute the levy of an assessment for the fiscal year referred to in the report.

36536. The assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses and property within the parking and business improvement area. The city council may classify businesses for purposes of determining the benefit to a business of the improvements and activities provided pursuant to this part.

36537. The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36535. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

CHAPTER 4. MODIFICATION OF BOUNDARIES, ASSESSMENTS, IMPROVEMENTS, OR ACTIVITIES

36540. In addition to the changes authorized to be made in the annual report filed with the city council pursuant to Section 36533 or at the conclusion of the public hearing on the annual levy of the assessments, the advisory board may, at any time, recommend that the city council modify the boundaries of the area, any benefit zones within the area, the basis and method of levying the assessments, and any improvements or activities to be funded with the revenues derived from the levy of the assessments. Any modification shall be made pursuant to this chapter.

36541. (a) The city council shall modify the basis and method of levying the assessment or the boundaries of the area by adopting an ordinance after holding a public hearing on the proposed modification.

(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not less than 20 or more than 30 days after the adoption of the resolution of intention. Notice of the public hearing shall be published and shall be mailed to each owner of a business affected by the proposed modification, as provided in Section 36523. The public hearing shall be conducted as provided in Sections 36524 and 36525.

36542. (a) The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. CHAPTER 594

An act to amend Sections 3352, 3366, and 3367 of the Labor Code, to amend Sections 830.6 and 832.6 of, and to add Section 830.32 to, the Penal Code, and to add Section 2403.5 to the Vehicle Code, relating to law enforcement.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares as follows:

(1) The presence of traffic accidents, motor vehicle or highway related criminal activities, and other highway safety problems in areas adjacent to the border of this state and each of the adjoining states has created great concern within this state and each of the adjoining states, and the public, governmental agencies, the state legislatures, and other entities interested in public safety.

(2) Emergency incidents, and other public safety problems which require the immediate response of law enforcement resources, are not always confined to a single state.

(3) Commercial development, population growth, recreational

use of remote areas, and the highly mobile nature of our society are factors which magnify problems of highway safety and public welfare in border regions of this state and adjoining states.

(4) In a number of locations proximate to the border of this state and each of the adjoining states, and at various times, law enforcement resources from each adjoining state are more accessible and can provide a more expeditious response to a traffic accident or other public safety problem in this state than law enforcement resources in this state.

(5) Some persons evade apprehension for highway-related criminal activities occurring in this state or an adjoining state by using a motor vehicle to cross the state line between this state and an adjoining state.

(6) The Department of the California Highway Patrol, the Oregon State Police, the Nevada Department of Motor Vehicles and Public Safety, and the Arizona Department of Public Safety have not had statutory authority to provide reciprocal interstate law enforcement assistance with respect to emergency incidents, criminal activities, or other public safety problems occurring within the areas adjoining the borders of this state.

(b) It is, therefore, the intent of the Legislature in enacting this act to encourage mutual cooperation between the Department of the California Highway Patrol and the Oregon State Police, the Nevada Department of Motor Vehicles and Public Safety, and the Arizona Department of Public Safety by permitting the Department of the California Highway Patrol to make the most efficient use of its resources in the event of emergency incidents, highway-related criminal activities, or other public safety problems occurring in areas adjacent to the border of this state and each of the adjoining states by enabling the Department of the California Highway Patrol and adjoining state agencies to function on a basis of mutual advantage and thereby provide law enforcement services in a reciprocal manner across state lines that will accord best with geographic, population, and other factors influencing the public safety in areas adjacent to the borders of this state and each of the adjoining states.

SEC. 2. Section 3352 of the Labor Code is amended to read:

3352. "Employee" excludes the following:

(a) Any person defined in subdivision (d) of Section 3351 who is employed by his or her parent, spouse, or child.

(c) Any person holding an appointment as deputy clerk, deputy sheriff, or deputy constable appointed for his or her own convenience, and who receives no compensation from the county or municipal corporation or from the citizens thereof for his or her services as the deputy. This exclusion is operative only as to employment by the county or municipal corporation and does not deprive any person so deputized from recourse against a private

person employing him or her for injury occurring in the course of and arising out of the employment.

(d) Any person performing voluntary services at or for a recreational camp, hut, or lodge operated by a nonprofit organization, exempt from federal income tax under Section 101 (6) of the Internal Revenue Code, of which he or she or a member of his or her family is a member and who receives no compensation for those services other than meals, lodging, or transportation.

(e) Any person performing voluntary service as a ski patrolman who receives no compensation for those services other than meals or lodging or the use of ski tow or ski lift facilities.

(f) Any person employed by a ski lift operator to work at a snow ski area who is relieved of and not performing any prescribed duties, while participating in recreational activities on his or her own initiative.

(g) Any person, other than a regular employee, participating in sports or athletics who receives no compensation for the participation other than the use of athletic equipment, uniforms, transportation, travel, meals, lodgings, or other expenses incidental thereto.

(h) Any person defined in subdivision (d) of Section 3351 who was employed by the employer to be held liable for less than 52 hours during the 90 calendar days immediately preceding the date of the injury for injuries, as defined in Section 5411, or during the 90 calendar days immediately preceding the date of the last employment in an occupation exposing the employee to the hazards of the disease or injury for injuries, as defined in Section 5412, or who earned less than one hundred dollars ($100) in wages from the employer during the 90 calendar days immediately preceding the date of the injury for injuries, as defined in Section 5411, or during the 90 calendar days immediately preceding the date of the last employment in an occupation exposing the employee to the hazards of the disease or injury for injuries, as defined in Section 5412.

(i) Any person performing voluntary service for a public agency or a private, nonprofit organization who receives no remuneration for the services other than meals, transportation, lodging, or reimbursement for incidental expenses.

(j) Any person, other than a regular employee, performing officiating services relating to amateur sporting events sponsored by any public agency or private, nonprofit organization, who receives no remuneration for these services other than a stipend for each day of service no greater than the amount established by the State Board of Control as a per diem expense for employees or officers of the state pursuant to Section 13920 of the Government Code. The stipend shall be presumed to cover incidental expenses involved in officiating, including, but not limited to, meals, transportation, lodging, rule books and courses, uniforms, and appropriate equipment.

(k) Any student participating as an athlete in amateur sporting events sponsored by any public agency, public or private nonprofit

college, university or school, who receives no remuneration for the participation other than the use of athletic equipment, uniforms, transportation, travel, meals, lodgings, scholarships, grants-in-aid, or other expenses incidental thereto.

"Vended water," does not include water from a public water system which has not undergone additional treatment. Water sold without further treatment is not "vended water" and shall be labeled in accordance with paragraph (10) of subdivision (a) of Section 26594.

(c) "Water-bottling plant" means any facility in which bottled water is produced.

(d) A "water-vending machine" means any self-service device which, upon insertion of a coin, coins, or token, or upon receipt of payment by any other means, dispenses a unit volume of water to be used for drinking, culinary, or other purposes involving a likelihood of the water being ingested by humans.

(e) "Water hauler," means any person who hauls water in bulk by any means of transportation if the water is to be used for drinking, culinary, or other purposes involving a likelihood of the water being ingested by humans.

"In bulk," as used in this subdivision, means containers having capacities of 250 gallons or greater.

(f) "Retail water facility" means any commercial establishment where vended water is sold, and placed in customer's containers, or placed in containers sold or given to customers who come to the establishment to obtain water.

(1) The source and product are certified by the responsible authority in the country of origin as complying with microbiological standards at least equal to the standards of this article.

(2) The product complies with microbiological standards of this article.

(c) Bottled or vended water which originates from a surface water source which is not protected from surface contamination shall be subjected to ozonation, filtration, or another effective process which removes or destroys the cysts of the parasite Giardia lamblia. For the purposes of this section, a spring house, catchment basin, storage tank, or bore hole adjacent to a natural spring water source as defined in paragraphs (3) and (8) of subdivision (e) of Section 26594, is not a surface water source.

(d) Ollas or other water-holding dispensers, both refrigerated and nonrefrigerated, water-vending machines, and water dispensers in retail water facilities, shall be examined for cleanliness each time they are serviced by the distributor, bottler, retail water facility, or water-vending machine operator. (h) Bottled water may be processed through lines used also for other food products under the following conditions:

(1) Process lines, including storage tanks and associated equipment, shall be used exclusively for the production of bottled water, except for filling equipment, which may be used also for filling other food products.

(2) Before being used for the bottling of water, filling equipment which is designed to be cleaned in-place and which is used for filling other food products shall be thoroughly cleansed and sanitized in-place in accordance with the manufacturer's specifications and in compliance with Section 129.80 of Title 21 of the Code of Federal Regulations and the supplementary procedures that follow in paragraphs (3) to (7), inclusive, of this section.

(6) The filler shall be prepared and all appropriate connections made in accordance with the filler manufacturer's instructions to place the filler in the clean-in-place mode. The following procedures

shall be followed:

(A) An alkaline cleaning solution of appropriate strength shall be recirculated through the filler to provide effective cleaning of all product contact surfaces, with a minimum recirculation time of 20 minutes at a temperature between 140 and 170 degrees fahrenheit.

(B) The cleaning solution shall be drained and followed with a potable water rinse-to-drain for the removal of all residual cleaner alkalinity. This step may be supplemented by the application of an acidified rinse prior to the potable water rinse in order to neutralize any residual alkalinity on product contact surfaces.

(7) Following reassembly of all parts to place the filler into the product mode and just prior to bottling water, the filler shall be sanitized in-place in accordance with procedures specified in subdivision (d) of Section 129.80 of Title 21 of the Code of Federal Regulations.

(8) Any alternate cleaning, rinsing, or sanitizing operations or processes not described in this section shall be approved in writing by the department.

(i) Bottled water and bulk waters sold at retail shall not contact equipment, lines, tanks, or vehicles used for processing, packaging, holding, or hauling of any nonfood product.

The department may develop additional standards for chloride, copper, manganese, iron, sulfate, or zinc in mineral water that the department determines are reasonably necessary to protect the public health. In addition, bottled water and vended water, when bottled, shall comply with the following quality standards and any additional quality standards adopted by regulation which the department determines are reasonably necessary to protect the public health:

(a) Bottled water and vended water shall meet all maximum contaminant levels set for public drinking water that the department determines, after public comment, are necessary or appropriate so that bottled water may present no adverse effect on public health. New or revised maximum contaminant levels or monitoring provisions adopted for bottled water by the United States Food and Drug Administration under the federal Food, Drug and Cosmetic Act that are more stringent than the state requirements for bottled water are incorporated into this chapter and are effective on the date established by the federal provisions unless otherwise established by regulations of the department.

(b) Bottled and vended water shall not exceed 10 parts per billion of total triahalomethanes or five parts per billion of lead unless the department establishes a lower level by regulation.

(c) Bottled and vended water shall contain no chemicals in concentrations which the United States Food and Drug Administration or the state department has determined may have an adverse effect on public health.

(d) Mineral water producers which bottle 5,000 gallons, or less, per week shall have until February 1, 1990, to comply with the quality standards for bottled water pursuant to this paragraph. Mineral water producers may present to the state department data on consumption of mineral water and the health effects of inorganic elements which may be present as listed in the bottled water quality standards prescribed by Section 103.35 of Subpart B of Part 103 of Title 21 of the Code of Federal Regulations.

For the purpose of monitoring compliance with this section, the concentration of methylene chloride and monochlorobenzene shall not exceed one part per billion in water. "Polycarbonate resins" means the substances defined by Section 177.1580 of Title 21 of the Code of Federal Regulations except as modified by this section.

SEC. 5. Section 26591.4 is added to the Health and Safety Code, to read:

26591.4. Any owner or operator of a water-vending machine or other device from which any operator or customer dispenses vended water shall comply with the following standards of design, construction and sanitation and any additional standards adopted by regulation which the department determines are reasonably necessary to protect the public health. The water-vending machines or devices shall do all of the following:

distillation, ion exchange, filtration, ultraviolet light, reverse osmosis, mineral addition, or any other acceptable process is done in an effective manner.

(f) Have an effective system of handling drip, spillage, and overflow of water.

(g) Have a backflow prevention device approved by the department for all connections with the water supply.

(h) Dispense water disinfected by untraviolet light or other method approved by the department prior to delivery into the customer's container.

(i) Be equipped with monitoring devices designed to shutdown operation of the machine when the disinfection unit fails to function, or shall be monitored daily at startup and manually shutdown whenever the unit fails to function.

(j) Be equipped with a self-closing, tight-fitting door on the vending compartment, or enclosing the vending spout to protect the vending spout when the water-vending machine is not in use. As an alternative, water-vending machines or other water-dispensing devices may be enclosed in a room with tight-fitting walls, ceilings, and one of the following: a self-closing door, an effective air screen device, or an alternative effective device approved by the department.

(k) Comply with the American Water Works Association (AWWA) specifications for granular activated carbon if used in the treatment of potable water (AWWA B604-74).

(*l*) Be maintained in a clean and sanitary condition, free from dirt and vermin.

(m) Use a state approved and regulated public water supply or private water source.

(n) Be located in an area that can be maintained in a clean condition and in a manner that avoids insect and rodent harborage.

(o) Be equipped with monitoring devices designed to shut down the labeled purified water delivery system if treatment of water by the machine does not result in a total dissolved solids content of less than 10 milligrams per liter in the purified water. Alternatively, machines shall be monitored daily at startup and manually shutdown whenever the total dissolved solids content exceeds 10 milligrams per liter in the purified water.

If the volatile organic compound is confirmed to be present in the source water it shall be treated using granular activated carbon treatment or an equivalent

treatment operated in accordance with good manufacturing practices as provided in Section 129.80 of Title 21 of the Code of Federal Regulations until the time that the concentration of the volatile organic compound does not exceed either one part per billion, or any United States Environmental Protection Agency or United States Food and Drug Administration level for drinking water, or a maximum contaminant level established by the department for bottled water.

(d) The department may exempt any water bottler, water vendor, or retail water facility from the monitoring requirements of this section for any source based on a showing satisfactory to the department that the source (1) does not contain the volatile organic compound for which monitoring is required and (2) is not vulnerable to contamination by the volatile organic compound because for surface water sources the compounds are not applied, manufactured, stored, disposed or shipped upstream, and for groundwater sources, the compounds are not applied, manufactured, stored, disposed, or shipped in the groundwater recharge basin.

SEC. 18. Section 26593.7 of the Health and Safety Code is amended to read:

26593.7. Notwithstanding any other provisions of this article, the department may require any bottler, distributor, or vendor of bottled water, any owner or operator of a water-vending machine, any water hauler, any retail water facility operator, any private water source operator, or any applicant for a license to test and submit results to the department for any substance, including organic chemical contaminants, at any time which the department believes the substance may be present in the water source and threaten the public health.

SEC. 19. Section 26593.8 of the Health and Safety Code is amended to read:

26593.8. (a) Upon a determination by the department that a particular water source is subject to potential contamination, the department shall notify the bottler, distributor, or vendor of bottled water, the owner and operator of any water-vending machine, any water hauler, any retail water facility operator, or any private water source operator of the specific contaminants or class of contaminants which pose a potential health risk.

(b) Within 90 days after notification by the department, the bottler, distributor, vendor of bottled water, the owner and operator of any water-vending machine, any water hauler, any retail water facility operator, or any private water source operator shall conduct an analysis of the water source and submit the results of the analysis to the department.

(c) If evidence of contamination is found, the department may, by order, require the bottler, distributor, vendor of bottled water, or the owner and operator of any water-vending machine, any water hauler, any retail water facility operator, or any private water source

operator to conduct a source and product water analysis for the contaminants of concern in accordance with conditions specified by the department. The water analysis shall be conducted and reported on an annual basis, unless the department finds that reasonable action requires either more frequent or less frequent analysis.

(d) The department may, by order, require the bottler, distributor, vendor of bottled water, the owner and operator of any water-vending machine, any water hauler, any retail water facility operator, or any private water source operator to reduce or eliminate the concentration of any chemical which the department determines may have an adverse effect on public health. Until an enforceable standard has been established for a chemical which may have an adverse effect on human health, the department may require treatment techniques to reduce the concentration of the contaminants which require treatment, in the department's judgment, to prevent known or anticipated adverse effects on the health of persons. The treatment system shall be designed to meet criteria designated by the department or by an independent authority approved by the department.

(e) The department may grant variances from the requirements of subdivision (d), if the bottler, distributor, vendor of bottled water, the owner and operator of any water-vending machine, any water hauler, any retail water facility operator, or any private water source operator demonstrates either of the following:

(1) That the prescribed treatment technique is not necessary to protect the health of consumers because its water source is not subject to, nor is it likely to be subject to, significant chemical contamination.

(2) An alternative treatment technique is at least as efficient in lowering the level of contaminants to be controlled.

SEC. 20. Section 26593.9 of the Health and Safety Code is amended to read:

26593.9. All testing of bottled water, bottled water sources, water distributed by water haulers, water from retail water facility, and water from vending machines shall be done by laboratories approved by the department, laboratories certified by the United States Environmental Protection Agency, laboratories certified by the primary enforcement authority in states which have been granted primacy by the United States Environmental Protection Agency, or laboratories certified (accredited) by a third-party organization acceptable to a primacy state.

SEC. 21. Section 26594 of the Health and Safety Code is amended to read:

26594. (a) Labeling and advertising of bottled water and vended water shall conform with the provisions of this section and Chapter 4 (commencing with Section 26400) of Division 21 and Part 101 of Title 21 of the Code of Federal Regulations.

(b) Each container of bottled water sold in this state, each water-vending machine, and each container provided by retail water

facilities located in this state shall be clearly labeled in an easily readable format. Retail water facilities which do not provide labeled containers shall post, in a location readily visible to consumers, a sign conveying required label information.

(c) Water-vending machines, retail water facilities, and private water sources which sell water at retail shall display in a position clearly visible to customers the following information:

(1) The name and address of the operator.

(2) The fact that the water is obtained from an approved public water supply or licensed private water source.

(3) A statement describing the treatment process used.

(4) If no treatment process is utilized a statement to that effect.

(5) A telephone number that may be called for further information, service, or complaints.

(d) Bottled water may be labeled "drinking water," notwithstanding the source or characteristics of the water, only if it is processed pursuant to the Food and Drug Administration Good Manufacturing Practices contained in Section 103.35 and Parts 110 and 129 of Title 21 of the Code of Federal Regulations, Sections 12235 to 12285, inclusive, of Title 17 of the California Code of Regulations, and any other requirements established by the department pursuant to Sections 26593.5, 26593.6, and 26593.7. Any vended water and any water from a retail water facility may be labeled "drinking water," notwithstanding the source or characteristics of the water, only if it is processed pursuant to Article 10 (commencing with Section 27650) of Chapter 4 of Division 22 and any other requirements established by the department pursuant to Sections 26593.5, 26593.6, and 26593.7.

SEC. 21.5. Section 26594.1 is added to the Health and Safety Code, to read:

26594.1. (a) In addition to the requirements of Section 26594, if a bottler, distributor, water hauler, retail water facility operator, or vending machine operator provides information in the labeling or advertising stating or implying that this water is of a specific water type (for example, "spring water") or treated in a specific manner (for example, "purified"), the type or treatment shall be clearly labeled in an easily readable format. In order to be so labeled, the source or treatment shall conform to the following criteria:

(1) "Artesian well water" means water from a well tapping an aquifer in which the water level will stand above the bottom of the confining bed of the aquifer, and in which the hydraulic pressure of the water in the aquifer is greater than the force of gravity. Artesian well water shall not be altered by the addition or deletion of minerals or by blending it with water from a nonartesian well water source, except that artesian well water may be filtered and shall be treated with ozone or an equivalent disinfection process.

(2) "Fluoridated water" means water containing naturally occurring or added fluoride. The label shall specify whether fluoride is naturally occurring or is added. Any water which meets the designation of this paragraph shall contain not less than 1.0

milligrams per liter fluoridization and otherwise comply with the Food and Drug Administration quality standards set forth in Section 103.35(d)(2) of Title 21 of the Code of Federal Regulations.

(3) "Mineral water" means bottled water or vended water containing more than 500 milligrams per liter of total dissolved solids and originating entirely from an underground source, which may be a well, artesian well, or spring. Bottled or vended mineral water may be derived from a natural orifice or from a bore hole adjacent to the natural orifice. If it is derived from a natural orifice or from a bore hole adjacent to the natural orifice, the water shall be from the same underground stratum and be of the same quality and composition as the water derived from the natural orifice without external force. Mineral water may not be altered by the addition or deletion of minerals or by blending it with water from a nonmineral water source, except that mineral water may be filtered and shall be treated with ozone or an equivalent disinfection process approved by the department and shall be treated to reduce the concentrations of any naturally occurring substance which exceeds the bottled water safety standards established by the department. Mineral water may be collected and transported by pipes, tunnels, trucks, or similar devices. Any water which meets the criteria of this paragraph may also be labeled "natural mineral water."

(A) Mineral water which contains carbon dioxide as it emerges from the source and is bottled directly with its entrapped gas, or from which the gas is mechanically separated and later reintroduced into the water at the time of bottling shall be labeled "naturally carbonated" or "naturally sparkling."

(B) Mineral water which contains carbon dioxide, other than that naturally occurring in the source product, shall be labeled with the words "carbonation added" or "carbon dioxide added" when the carbonation is obtained from a natural or manufactured source.

(4) "Mineralized water" means bottled or vended water which meets the requirements of "mineral water" except that the water contains added minerals.

(5) "Natural water" means bottled or vended spring, artesian well, or well water which is unmodified by mineral addition or deletion, except "natural water" may be filtered and shall be sanitized with ozone or an equivalent disinfection process and treated to reduce the concentration of any substance which exceeds safety standards established by the department.

(6) "Naturally sparkling water" means bottled water or vended water with a carbon dioxide content from the same source as the water. "Sparkling," "carbonated," or "carbonation added" means bottled water or vended water which contains carbon dioxide.

(7) "Purified water" means water produced by distillation, deionization, reverse osmosis, or other method meeting the definition of purified water in the 21st edition of the United States Pharmacopeia. Water which meets the designation of this paragraph, and is vaporized, then condensed, may be labeled "distilled water."

(8) "Spring water" means water which issues by natural forces out of the earth at a particular place. Bottled or vended spring water may be derived from the natural orifice or from a bore hole adjacent to the natural orifice. If it is derived from the natural orifice by external force or from a bore hole adjacent to the natural orifice, the water shall be from the same underground stratum and be of the same quality and composition as the water derived from the natural orifice without external force. Spring water may not be altered by the addition or deletion of minerals or by blending it with water from a nonspring water source, except that spring water may be filtered and shall be treated with ozone or an equivalent disinfection process. Spring water may be collected and transported by pipes, tunnels, trucks, or similar devices.

(9) "Well water" means water from a hole bored into the ground which taps the water of an aquifer, except that well water may be filtered and shall be treated with ozone or an equivalent disinfection process. Well water may not be altered by the addition or deletion of minerals or by blending it with water from a nonwell water source.

(10) Notwithstanding any other provision of this section, water from a public water system which is unprocessed by the bottler or vendor shall be labeled as "unprocessed public drinking water."

SEC. 22. Section 26594.2 of the Health and Safety Code is amended to read:

26594.2. Except as provided in Section 26591.2, any bottled water or vended water, the quality of which is below the quality required by this article, shall be labeled with a statement of substandard quality, as prescribed by Section 103.35 of Title 21 of the Code of Federal Regulations.

SEC. 23. Section 26594.3 of the Health and Safety Code is amended to read:

26594.3. Any bottler, distributor, vendor of bottled water, or owner or operator of any water-vending machine or retail water facility, whose corporate name or trademark contains the words "spring" or "springs," or any derivative of either of these words, or "well," "artesian well," or "natural" shall label each bottle or vending machine with the source of the water in typeface at least equal to the size of the typeface of the corporate name or trademark, if the source of the bottled or vended water is different from the source stated in the corporate name or trademark. Retail water facilities which do not provide labeled containers shall post, in a location readily visible to consumers, a sign conveying required label information.

SEC. 24. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless

otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 605

An act to add Chapter 5 (commencing with Section 835) to Division 1 of the Streets and Highways Code, relating to bridges.

[Approved by Governor September 20, 1989. Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) Recent highway bridge collapses in several states other than California resulting in motorist fatalities have demonstrated the importance for states to establish and implement ongoing programs of comprehensive bridge management and inspection.

(2) These experiences in other states point out how crucial it is that comprehensive bridge management policies are established, that all pertinent information on bridges is centralized and promptly available when needed, that uniform and proper inspection techniques are in place, that indepth structural integrity evaluations and life cycle projections of bridges are part of a comprehensive inspection program, and that preventive maintenance programs exist to extend the useful life of bridges.

(3) To ensure that similar bridge failures and their tragic consequences do not occur in California, it is essential that the state have in place practices to provide for comprehensive bridge management, thorough bridge inspections, and cost-effective preventive maintenance.

(b) It is, therefore, the intent of the Legislature in enacting this act, to inventory all privately owned, operated, or maintained bridges which are used by the public, and to require the Department of Transportation to review and evaluate the state's comprehensive program of bridge management and inspection so as to determine the extent to which the program coordinates and facilitates the inspection, maintenance, and repair of all publicly owned, operated, or maintained bridges in the state and to determine if any gaps in the program exist.

SEC. 2. Chapter 5 (commencing with Section 835) is added to Division 1 of the Streets and Highways Code, to read:

CHAPTER 5. BRIDGE SAFETY

835. Every owner or operator of a highway bridge which is open to use by the public, other than one owned or operated by any state

or federal agency, city, or county, shall, on or before January 1, 1991, notify the city or county, or both, in which the bridge is located, of the existence of the bridge and its location, date of construction, and length and width in feet.

SEC. 3. (a) The Department of Transportation shall prepare and submit to the Governor and Legislature on or before January 1, 1991, a report on the department's comprehensive bridge management and inspection program.

(b) The report shall consist of all of the following:

(1) A comprehensive review of the department's bridge management and inspection program, which shall include, but not be limited to, all of the following:

(A) The program's contents and goals, and the extent to which these goals have been met.

(B) The status of the bridge information data center maintained by the department as a central information data base for all publicly owned, operated, or maintained bridges in the state.

(C) The extent to which the central information data base contains the necessary information relating to ownership, location, construction date, design engineer, design type, summary of major design features, maintenance history, inspection rating, dates of substantial rehabilitation, restrictions on any use or load capacity, risks of structural failure from seismic shocks, and records of any structural failure relating to these bridges.

(D) A review of the department's program for inspection of these bridges, including, but not limited to, the uniform code of bridge inspection, a rating system keyed to the structural integrity, safety, and vulnerability to seismic shocks for each bridge, procedures for underwater inspections, procedures for the temporary closing of a bridge, and the requirements for performing bridge structural and foundation system evaluations in conjunction with an inspection.

(E) Recommendations for enhancing the department's comprehensive bridge management and inspection program, and central information data base.

(2) The status, progress, and results of the department's bridge management system development project, including, but not limited to, the development of network optimization routines and life cycle projections of the scope and estimated cost of maintenance, repair, or rehabilitation, or retrofitting for seismic safety, of publicly owned, operated, or maintained bridges in the state in order to provide criteria for comprehensive bridge management and safety.

(3) A review of the status and condition of publicly owned, operated, or maintained bridges in the state.

(4) The development of a comprehensive plan consisting of bridge maintenance, repair, and improvement needs, and the costs of these needs.

(5) The feasibility and cost effectiveness of the installation of detection and warning devices on bridges capable of detecting structural deterioration in advance of structural failure.

CHAPTER 606

An act to amend Sections 1520.3, 1524, 1550, 1556, 1596.851, and 1596.858 of, to add Sections 1525.3 and 1596.845 to, to add Article 19 (commencing with Section 27920) to Chapter 4 of Division 22 of, and to repeal Section 1508.5 of, the Health and Safety Code, relating to health.

[Approved by Governor September 20, 1989 Filed with Secretary of State September 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1508.5 of the Health and Safety Code is repealed.

SEC. 2. Section 1520.3 of the Health and Safety Code is amended to read:

1520.3. (a) If an application for a license or special permit indicates, or the department determines during the application review process, that the applicant previously was issued a license under this chapter or under Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), Chapter 3.3 (commencing with Section 1569), Chapter 3.4 (commencing with Section 1596.70), Chapter 3.5 (commencing with Section 1596.90), or Chapter 3.6 (commencing with Section 1597.30) and the prior license was revoked within the preceding two years, the department shall cease any further review of the application until two years shall have elapsed from the date of such revocation. The cessation of review shall not constitute a denial of the application for purposes of Section 1526 or any other provision of law.

(b) If an application for a license or special permit indicates, or the department determines during the application review process, that the applicant had previously applied for a license under any of the chapters listed in subdivision (a) and the application was denied within the last year, the department shall cease further review of the application under either of the following circumstances as follows:

(1) In cases where the applicant petitioned for a hearing, the department shall cease further review of the application until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(2) In cases where the department informed the applicant of his or her right to petition for a hearing as specified in Section 1526 and the applicant did not petition for a hearing, the department shall cease further review of the application until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

The department may continue to review the application if it has determined that the reasons for the denial of the application were due to circumstances and conditions which either have been

corrected or are no longer in existence. The cessation of review shall not constitute a denial of the application.

SEC. 3. Section 1524 of the Health and Safety Code is amended to read:

1524. Each new license or special permit issued pursuant to this chapter shall expire 12 months from the date of its issuance.

A renewal license or special permit may be issued for a period not to exceed two years, if the licensee has been found not to be in violation of any statutory requirements or rules or regulations, during the preceding license period.

Application for renewal of a license or special permit shall be filed with the department pursuant to departmental rules and regulations.

A license shall be forfeited by operation of law prior to its expiration date when one of the following occurs:

(a) The licensee sells or otherwise transfers the facility or facility property, except when change of ownership applies to transferring of stock when the facility is owned by a corporation, and when the transfer of stock does not constitute a majority change of ownership.

(b) The licensee surrenders the license to the department.

(c) The licensee moves a facility from one location to another. The department shall develop regulations to ensure that such facilities are not charged a full licensing fee and do not have to complete the entire application process when applying for a license for the new location.

(d) The licensee is convicted of an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a, Section 273d, 288, or 289 of the Penal Code, or is convicted of another crime specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) The licensee dies. If an adult relative notifies the department of his or her desire to continue operation of the facility and submits an application, the department shall expedite the application. The department shall promulgate regulations for expediting applications submitted pursuant to this subdivision.

(f) The licensee abandons the facility.

SEC. 4. Section 1525.3 is added to the Health and Safety Code, to read:

1525.3. Prior to the issuance of any new license or special permit pursuant to this chapter, the applicant shall attend an orientation given by the department. The orientation given by the department shall outline all of the following:

(d) The conviction of a licensee, or other person mentioned in Section 1522, at any time during licensure, of a crime as defined in Section 1522.

(e) The licensee of any facility or the person providing direct care or supervision knowingly allows any child to have illegal drugs or alcohol.

The director may temporarily suspend any license or special permit, prior to any hearing when, in the opinion of the director, the action is necessary to protect residents or clients of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall notify the licensee or holder of the special permit of the temporary suspension and the effective date of the temporary suspension and at the same time shall serve the provider with an accusation. Upon receipt of a notice of defense to the accusation by the licensee or holder of the special permit, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible but not later than 30 days after receipt of the notice. The temporary suspension shall remain in effect until the time the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 30 days after the original hearing has been completed.

SEC. 6. Section 1556 of the Health and Safety Code is amended to read:

1556. (a) If the director determines that it is necessary to temporarily suspend any license or special permit of a community care facility in order to protect the residents or clients of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety, the department shall make every effort to minimize transfer trauma for the residents or clients.

(b) The department shall contact any local agency that may have placement or advocacy responsibility for the residents or clients of a facility after a decision is made to temporarily suspend the license or special permit of the facility and prior to its implementation. The department shall work with these agencies to locate alternative placement sites and to contact relatives responsible for the care of these clients or residents.

(c) In any case where the department alleges that a client or resident has a health condition or health conditions which cannot be cared for within the limits of the license or special permit, or requires inpatient care in a health facility licensed pursuant to Chapter 2 (commencing with Section 1250), the department shall do all of the following:

(1) Consult with physicians and surgeons about when the client or resident should be removed from the facility and how transfer trauma can be minimized.

(2) If the department temporarily suspends the license or special permit of a facility, use physicians and surgeons or other medical personnel deemed appropriate by the department to provide onsite evaluation of the clients or residents.

(3) If the department does not suspend the license or special permit of a facility, order the licensee to remove only those clients or residents who have health conditions which cannot be cared for within the limits of the license or special permit or require inpatient care in a health facility licensed pursuant to Chapter 2 (commencing with Section 1250), as determined by the department, if the department determines that other clients or residents are not in physical danger.

(d) In any case where the department orders the licensee, or holder of a special permit, to remove a client or resident who has a health condition or health conditions which cannot be cared for within the limits of the license or special permit or requires inpatient care in a health facility licensed pursuant to Chapter 2 (commencing with Section 1250), the licensee or holder of a special permit shall do all of the following:

(1) Prepare and submit to the department a written plan for relocation of the client or resident, in a form acceptable to the department.

(2) Comply with all terms and conditions of the approved relocation plan.

(b) The scope of operation of a child day care facility.

(c) The responsibility entailed in operating a child day care facility.

SEC. 8. Section 1596.851 of the Health and Safety Code is

amended to read:

1596.851. (a) If an application for a license or special permit indicates, or the department determines during the application review process, that the applicant previously was issued a license under this act or under Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), Chapter 3 (commencing with Section 1500), or Chapter 3.3 (commencing with Section 1569) and that the prior license was revoked within the preceding two years, the department shall cease any further review of the application until two years shall have elapsed from the date of the revocation. Cessation of review shall not constitute a denial of the application.

(b) If an application for a license or special permit indicates, or the department determines during the application review process, that the applicant had previously applied for a license under any of the chapters listed in subdivision (a) and the application was denied within the last year, the department shall cease further review of the application under either of the following circumstances as follows:

(1) In cases where the applicant petitioned for a hearing, the department shall cease further review of the application until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(2) In cases where the department informed the applicant of his or her right to petition for a hearing as specified in Section 1596.879 and the applicant did not petition for a hearing, the department shall cease further review of the application until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

The department may continue to review the application if it has determined that the reasons for the denial of the application were due to circumstances and conditions which have been corrected or are no longer in existence. The cessation of review shall not constitute a denial of the application.

SEC. 9. Section 1596.858 of the Health and Safety Code is amended to read:

1596.858. A license shall be forfeited by operation of law prior to its expiration date when any one of the following occurs:

(a) The licensee sells or otherwise transfers the facility or facility property, except when change of ownership applies to transferring of stock when the facility is owned by a corporation, and when the transfer of stock does not constitute a majority change in ownership.

(b) The licensee surrenders the license to the department.

(c) The licensee moves the facility from one location to another. The department shall develop regulations to ensure that the facilities are not charged a full licensing fee and do not have to complete the entire application process when applying for license for the new location.

(d) The licensee is convicted of an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a, Section 273d, 288, or

289 of the Penal Code, or is convicted of another crime specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) The licensee dies. If an adult relative notifies the department of his or her desire to continue operation of the facility and submits an application, the department shall expedite the application. The department shall promulgate regulations for expediting applications submitted pursuant to this subdivision.

(f) The licensee abandons the facility.

SEC. 10. Article 19 (commencing with Section 27920) is added to Chapter 4 of Division 22 of the Health and Safety Code, to read:

Article 19. Child Day Care Facilities, Community Care Facilities, and Residential Care Facilities for the Elderly

27920. (a) The Legislature finds and declares that under a recent decision by the State Department of Health Services, child day care facilities, community care facilities, and residential care facilities for the elderly, have been deemed to come within the definition of a food establishment as defined in Section 27520. The Legislature further finds and declares that if this decision is fully implemented, many of the child day care facilities, community care facilities, and residential care facilities for the elderly, would be adversely affected due to the stringent requirements of this chapter.

(b) It is the intent of the Legislature to temporarily exempt child day care facilities, community care facilities, and residential care facilities for the elderly from the requirements of this chapter, pending the enactment of separate statutory provisions for these facilities which would contain health and safety standards appropriate to these facilities.

27920.5. For purposes of this article, the following definitions shall apply:

(a) "Child day care facilities" shall have the same meaning as defined in Section 1596.750.

(b) "Community care facilities" shall have the same meaning as defined in Section 1502.

(c) "Residential care facilities for the elderly" shall have the same meaning as defined in Section 1569.2.

27920.5. Child day care facilities, community care facilities, and residential care facilities for the elderly shall not be deemed to be either food establishments, as defined in Section 27520, or food facilities, as defined in Section 27521, and, therefore, shall be exempt from this chapter.

27921. (a) The State Department of Social Services, in cooperation with the State Department of Health Services, shall develop proposed food preparation provisions for child day care facilities, community care facilities, and residential care facilities for the elderly which would carry out the intent of this chapter to ensure the health and safety of individuals and also which would not adversely affect those facilities which are safely operated. In

developing proposed food preparation provisions for child day care facilities, the State Department of Social Services shall consult with the State Department of Education.

(b) The State Department of Social Services shall submit a recommendation of the proposed food preparation provisions to the Legislature no later than January 1, 1991.
