STATUTES OF CALIFORNIA

1988–89

REGULAR SESSION

1989 CHAPTERS

CHAPTER 1

An act to add and repeal Article 10.5 (commencing with Section 1339.30) to Chapter 2 of Division 2 of the Health and Safety Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 13, 1989. Filed with Secretary of State January 13, 1989.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to provide for a Special Hospital: Hospice Pilot Project specially designed for patients and their families facing terminal illness.

SEC. 2. Article 10.5 (commencing with Section 1339.30) is added to Chapter 2 of Division 2 of the Health and Safety Code, to read:

Article 10.5. Special Hospital: Hospice

1339.30. A Special Hospital: Hospice Pilot Project is hereby created. This pilot project shall be four years in duration, shall be established and administered by the department, and shall consist of up to three pilot projects, one of which shall be located in San Diego. The department shall license facilities which are part of the pilot project for the duration of the pilot project as a special hospital: hospice. No person or entity shall be licensed as a special hospital: hospice unless that person or entity is participating in this pilot project.

The purpose of the pilot project is to determine the need of hospice patients for acute inpatient hospital care.

This article shall not preclude the provision of appropriate hospice services in other settings.

The pilot project does not constitute an approved project as defined in subdivision (b) of Section 429.71.

1339.31. For the purposes of this article, the following definitions shall apply:

(a) "Hospice" means a specialized form of multidisciplinary health care which is designed to provide palliative care, alleviate the physical, emotional, social and spiritual discomforts of an individual who is experiencing the last phases of life due to the existence of a terminal disease, and to provide supportive care for the primary care giver and the family of the hospice patient, and which meets all of the following criteria:

(1) Considers the patient and the patient's family, in addition to the patient, as the unit of care.

(2) Utilizes a multidisciplinary team to assess the physical, medical, psychological, social, and spiritual needs of the patient and the patient's family.

(3) Requires the multidisciplinary team to develop an overall plan of care and to provide coordinated care, which emphasizes supportive services such as home care, pain control, and limited inpatient services. Limited inpatient services are intended to ensure both continuity of care and appropriateness of services for those patients who cannot be managed at home because of acute complications or the temporary absence of a capable primary care giver.

(4) Provides for the palliative medical treatment of pain and symptoms associated with a terminal illness but does not provide for efforts to cure disease.

(5) Provides for bereavement following death to assist the family to cope with social and emotional needs associated with the death of the patient.

(6) Actively utilizes volunteers in the delivery of hospice services.

(7) To the extent appropriate, based on the medical needs of the patient, provides services in the patient's home or primary place of residence.

(b) "Palliative care" means interventions that focus primarily on reduction or abatement of pain and other disease-related symptoms, rather than treatment aimed at investigation and intervention for the purpose of cure or prolongation of life.

(c) "Primary care giver" means the individual who is identified as the primary person charged with responsibility for the care of the hospice patient who agrees to accept that responsibility. The individual designated may be a family member, a friend or an individual hired by the hospice patient but shall be an individual who is actually available to provide 24-hour coverage for care of the hospice patient. However, it shall not be necessary that the individual reside in the hospice patient's home.

(d) "Primary place of residence" means the patient's long-term residence and includes the patient's home, a friend's home, a congregate living health facility, a hospice residential care facility, or a skilled nursing facility if the patient resides there on a permanent full-time basis.

(e) "Special hospital: hospice" means a health facility which is a component part of a hospice, as defined in subdivision (a), and which provides general inpatient care, as defined in federal Medicare program regulations adopted pursuant to Section 1861(dd)(2) and Section 1814(a)(7) of the federal Social Security Act.

(f) "Terminal illness" means a medical condition resulting in a life expectancy of the patient of six months, or less.

1339.32. A special hospital: hospice shall be deemed to provide acute palliative care. All patients receiving inpatient care in a Special Hospital: Hospice Pilot Project shall be admitted by, and under the supervision of, a physician member of the organized medical staff.

1339.33. Notwithstanding any other provisions of law, in order to be licensed as a special hospital: hospice, each pilot project facility shall meet the requirements of Sections 70101 to 70137, inclusive,

70201 to 70219, inclusive, 70241 to 70279, inclusive, 70701 to 70707, inclusive, and 70708 to 70765, inclusive, of Title 22 of the California Code of Regulations; Sections 2-1001A to 2-1015A, inclusive, Section 2-1018A, Sections 2-1020A to 2-1024A, inclusive, Sections 2-1026A to 2-1028A, inclusive, Section 2-1040A, Section 2-1044A, and Section 2-1051A of Title 24 of the California Code of Regulations. In addition to complying with these regulations in Titles 22 and 24 of the California Code of Regulations, each facility shall meet, for the duration of the pilot project, the hospice standards used by the Medicare program (42 C.F.R., Part 418, Sections 418.1 to 418.405, inclusive) the Medi-Cal program (subdivision (e) of Sections 51003 to 51543, inclusive, of Title 22, California Code of Regulations), and the Joint Commission on the Accreditation of Healthcare Organizations' "Hospice Standards Manual."

Each facility licensed as a special hospital: hospice shall maintain a transfer agreement with a general acute care hospital.

1339.34. Each facility which is part of the pilot project shall report to the Legislature at the end of each year of operation for three years on the following factors: acuity levels of patients using the pilot project facilities; relative cost effectiveness of the pilot facilities; quality of care in the pilot facilities; utilization of the pilot facilities; and staffing requirements of the pilot facilities. Reports shall be submitted to the Legislature no later than three months after the close of the 12-month period for which the report is made. However, the Legislature may approve requests to extend this deadline which are submitted no later than 30 days prior to the deadline and which state the reason for the delay and corrective measures which have been taken to avoid future delays. No report deadline will be extended for more than three months beyond the original report date.

1339.35. The pilot project shall commence on January 1, 1990. However, the State Department of Health Services may establish an earlier commencement date for any one of the pilot facilities if that pilot facility has been licensed as a special hospital: hospice prior to January 1, 1990.

1339.36. The fee for each new or renewal application for a license for a Special Hospital: Hospice Pilot Project facility shall be the annual fee as set forth for general acute care hospitals in subdivision (a) of Section 1266. If the annual fees do not cover the necessary costs which the Division of Licensure and Certification expends to manage this pilot project, the facilities shall be assessed an annual pro rata share of the excess costs.

1339.37. This article shall remain in effect until the 365th day following receipt by the Legislature of the last report to be submitted pursuant to Section 1339.34, and on that date is repealed, unless a statute enacted before that date deletes or extends the date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

In order to provide immediate and appropriate palliative services needed for acutely and terminally ill hospice patients, it is necessary for this act to take effect immediately.

CHAPTER 2

An act relating to public water systems, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 13, 1989 Filed with Secretary of State January 17, 1989]

The people of the State of California do enact as follows:

SECTION 1. The sum of two million nine hundred eighty-seven thousand five hundred dollars ($2,987,500) is hereby appropriated from the General Fund to the State Department of Health Services for expenditure for ongoing implementation of Chapter 7 (commencing with Section 4010) of Part 1 of Division 5 of the Health and Safety Code and related public water system supervision programs during the period from January 1, 1989, to June 30, 1989, inclusive.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The state's safe drinking water program regulates public water systems in the state to ensure the delivery of safe, potable drinking water to all Californians. Unless funding is made available, the state drinking water regulatory program will cease on January 1, 1989, thus endangering the public health by exposure to potential contamination and waterborne disease outbreaks. In order, therefore, to protect public drinking water supplies, it is necessary that this act take effect immediately.

CHAPTER 3

An act to amend Sections 76000, 77200, and 77202 of the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 13, 1989. Filed with Secretary of State January 17, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 76000 of the Government Code is amended to read:

76000. (a) In each county, provided that the board of supervisors has adopted a resolution stating that the provisions of this section and Section 76001, 76002, 76004, 76005, 76006, 76008, or 76009 are necessary to the establishment of adequate facilities in the county, the following surcharges and assessments shall be collected, except that a resolution adopted pursuant to Section 76004 may limit the collection to the assessments specified in paragraph (2) or (3), as applicable, a resolution adopted pursuant to Section 76005 or 76008 shall limit the collection to the assessments specified in paragraph (2), and a resolution adopted pursuant to Section 76009 shall limit the collection to the assessments specified in paragraph (4):

(1) Except as limited by resolution pursuant to this subdivision, with respect to each fund established pursuant to Section 76001, 76002, 76004, or 76006, for every parking offense where a fine or forfeiture is imposed, a surcharge of one dollar and fifty cents ($1.50) shall be included in the fine or forfeiture.

The judges of the county shall increase the bail schedule amounts as appropriate to reflect the surcharge provided for by this subdivision.

In those cities, districts, or other issuing agencies which elect to receive, deposit, accept forfeitures, and otherwise process the posting of bail for parking violations pursuant to subdivision (3) of Section 1463 of the Penal Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the surcharge provided for by this paragraph.

(2) With respect to each fund established pursuant to Section 76002, 76004, or 76005, except in the counties listed in paragraph (3), and with respect to each fund established pursuant to Section 76008, there shall be levied an additional amount of one dollar ($1) for every ten dollars ($10) or fraction thereof which shall be collected together with and in the same manner as the assessment established by Section 1464 of the Penal Code, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians

or bicyclists, or where an order is made to pay a sum to the general fund of the county pursuant to clause (iii) of paragraph (3) of subdivision (a) of Section 258 of the Welfare and Institutions Code. This amount shall be deposited with the county treasurer and placed in the fund established pursuant to Section 76002, 76004, 76005, or 76008.

(3) Except as provided in subdivision (h) of Section 76006, but notwithstanding any other provision of law, in Alameda, Contra Costa, Fresno, Kern, Los Angeles, Marin, Monterey, Orange, Placer, Riverside, Sacramento, San Bernardino, San Diego, San Joaquin, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Solano, Sonoma, Stanislaus, Ventura, and Yolo Counties, with respect to each fund established pursuant to Section 76001, 76004, or 76006, there shall be levied an additional amount of two dollars ($2) for every ten dollars ($10) or fraction thereof which shall be collected together with and in the same manner as the assessment established by Section 1464 of the Penal Code, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or bicyclists, or where an order is made to pay a sum to the general fund of the county pursuant to clause (iii) of paragraph (3) of subdivision (a) of Section 258 of the Welfare and Institutions Code. These amounts shall be deposited with the county treasurer and placed in the funds established pursuant to Sections 76001, 76004, and 76006.

(4) With respect to each fund established pursuant to Section 76009, there shall be levied an additional amount of fifty cents ($.50) for every ten dollars ($10) or fraction thereof which shall be collected together with and in the same manner as the assessment established by Section 1464 of the Penal Code, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or bicyclists, or where an order is made to pay a sum to the general fund of the county pursuant to clause (iii) paragraph (3) of subdivision (a) of Section 258 of the Welfare and Institutions Code. This amount shall be deposited with the county treasurer and placed in the fund established pursuant to Section 76009.

(b) The surcharge and assessment increase imposed pursuant to this section shall continue so long as deposits to the funds are required pursuant to Section 76001, 76002, 76004, 76005, 76006, 76008, or 76009.

(c) No county, city and county, city, district or other issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges and assessments established in the resolution adopted pursuant to this section, except

as otherwise agreed upon by the local governmental entities involved.

SEC. 2. Section 77200 of the Government Code is amended to read:

77200. (a) Except as provided in subdivisions (b) and (c) with respect to newly createdjudgeships, the Controller shall transmit to each option county quarterly payments on the block grant owing to that county based upon the number of judges, court commissioners, and referees in the county, as determined pursuant to Section 77202, multiplied each quarter by the sum of fifty-three thousand dollars ($53,000), as adjusted pursuant to Section 77201.

(b) With respect to judgeships authorized by Chapter 1211 of the Statutes of 1987, for any new judgeship in excess of 10 new judgeships for a particular option county, if the county's average quarterly appropriation for court operations for the 1987–88 fiscal year, as determined by the Controller, divided by the number of judges, referees, and court commissioners determined pursuant to Section 77202 for that year (the base year quarterly cost per judge), exceeds the applicable sum specified in subdivision (a) as adjusted pursuant to Section 77201 (the base year quarterly block grant), instead of the quarterly multiplier determined pursuant to subdivision (a), the quarterly multiplier for each such new judgeship shall be:

(1) For the first four quarters following the creation of that judgeship, the base year quarterly cost per judge.

(2) For the second four quarters thereafter, the applicable sum specified in subdivision (a) as adjusted pursuant to Section 77201 (the standard current quarterly block grant), plus 75 percent of the difference between the base year quarterly cost per judge and the base year quarterly block grant.

(3) For the third four quarters thereafter, the standard current quarterly block grant, plus 50 percent of the difference between the base year quarterly cost per judge and the base year quarterly block grant.

(4) For the fourth four quarters thereafter, the standard current quarterly block grant, plus 25 percent of the difference between the base year quarterly cost per judge and the base year quarterly block grant.

For purposes of this subdivision, a judgeship created upon the adoption of a resolution by the board of supervisors shall be deemed to be created in the quarter in which the resolution is adopted.

(c) With respect to judgeships authorized by statutes which take effect on or after January 1, 1990, if the county's average quarterly appropriation for court operations for the fiscal year preceding the effective date of that statute, as determined by the Controller, reduced by the average quarterly amount of funds, if any, received during that fiscal year pursuant to Section 77207, divided by the number of judges, referees, and court commissioners determined pursuant to Section 77202 for that year (the base year quarterly cost per judge), exceeds the quarterly multiplier for the fiscal year in

which the statute takes effect (the comparison year quarterly block grant), instead of the quarterly multiplier determined pursuant to subdivision (a), the quarterly multiplier for each such new judgeship shall be:

(1) For the first fiscal year following the effective date of the statute authorizing that judgeship, the base year quarterly cost per judge.

(2) For the second fiscal year thereafter, the applicable sum specified in subdivision (a) for each quarter of the current fiscal year as adjusted pursuant to Section 77201 (the standard current quarterly block grant), plus 75 percent of the difference between the base year quarterly cost per judge and the comparison year quarterly block grant.

(3) For the third fiscal year thereafter, the standard current quarterly block grant, plus 50 percent of the difference between the base year quarterly cost per judge and the comparison year quarterly block grant.

(4) For the fourth fiscal year thereafter, the standard current quarterly block grant, plus 25 percent of the difference between between the base year quarterly cost per judge and the comparison year quarterly block grant.

(d) Quarterly payments shall be transmitted by the Controller on or before the 15th day of that quarter, except that payments for the quarter beginning January 1, 1989, shall be made no later than February 15, 1989.

SEC. 3. Section 77202 of the Government Code is amended to read:

77202. The number of judges, court commissioners, and referees for the purpose of calculating the block grant for a county shall be as follows:

(a) The number of superior and municipal court judges for purposes of calculating the block grant shall be those authorized by Section 4 of Article VI of the California Constitution and those authorized by statute. For purposes of this chapter, a judgeship created upon the adoption of a resolution by the board of supervisors shall be deemed to be "authorized by statute" beginning with the fiscal quarter next following the adoption of that resolution.

(b) The number of justice court judges for purposes of calculating the block grant shall be the number of positions in effect on January 1, 1988, as revised thereafter by statute. However, the block grant for a part-time justice court judgeship shall be prorated according to the percentage of a full-time workweek, as determined pursuant to Section 68202.5.

(c) The number of subordinate judicial officers for purposes of calculating the block grant shall be the number of full-time equivalent court commissioners and referees authorized by statute, funded, filled, and reported to the Judicial Council on or before January 1, 1987, plus any such positions thereafter created on or before October 1, 1987, plus any such positions specifically

authorized by statute taking effect after January 1, 1988, funded, filled, and reported to the Judicial Council.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make needed corrections in the laws relative to criminal justice facility construction and trial court funding as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 4

An act to amend Sections 19858.3, 19858.4, and 19879.1 of, and to add Sections 19858.5 and 19858.6 to, the Government Code, relating to state employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 8, 1989. Filed with Secretary of State February 8, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 19858.3 of the Government Code is amended to read:

19858.3. This article shall apply to all of the following:

(a) Employees designated managerial by the Department of Personnel Administration in accordance with subdivision (e) of Section 3513 and Section 18801.1.

(b) Nonelected officers of the executive branch of government exempt from civil service designated by the department as eligible to receive managerial benefits.

(c) A State Traffic Sergeant in the California Highway Patrol.

(d) Commencing January 1, 1989, employees in a state bargaining unit for which a memorandum of understanding has been agreed to by the state employer and the recognized employee organization to be subject to this article and has been approved by the Legislature pursuant to law.

SEC. 2. Section 19858.4 of the Government Code is amended to read:

19858.4. In lieu of the sick leave and vacation provisions of Sections 19858.1 and 19859, eligible employees, as defined by subdivisions (a), (b), and (c) of Section 19858.3, may make an irrevocable election to participate in an annual leave program. Each employee who has elected to participate in the annual leave program and who is employed full time shall receive credit for annual leave with pay in accordance with the following schedule:

1 month to 3 years	11 hours per month
37 months to 10 years	15 hours per month
121 months to 15 years	17 hours per month
181 months to 20 years	18 hours per month
241 months to 25 years	19 hours per month
301 months and over	20 hours per month

Part-time and hourly employees shall accrue proportional annual leave credits based on the schedule in this section. The time when annual leave shall be taken shall be determined by the appointing power of the officer or employee. Employees shall have use of any accrued sick leave they have accrued at the time they elect the annual leave program under the same conditions as other employees not participating in the program.

The department shall provide by rule for the regulation and accumulation of annual leave, the effect of an absence from the payroll of 10 work days or less in any calendar month upon credit for annual leave, methods by which employees leaving the employment of one state agency and entering the employment of another state agency may be compensated for, transfer, or otherwise receive proper credit for, their accumulated annual leave, and other provisions necessary for the administration of this section.

SEC. 3. Section 19858.5 is added to the Government Code, to read:

19858.5. In lieu of sick leave and vacation provisions of Sections 19858.1 and 19859, eligible employees, as defined by subdivision (d) of Section 19858.3, may participate in an annual leave program subject to the conditions of Section 19858.6. Each employee who participates in the annual leave program and who is employed full time shall receive credit for annual leave with pay in accordance with the following schedule:

1 month to 3 years	11 hours per month
37 months to 10 years	14 hours per month
121 months to 15 years	16 hours per month
181 months to 20 years	17 hours per month
241 months and over	18 hours per month

Part-time and hourly employees shall accrue proportional annual leave credits based on the schedule in this section. The time when annual leave shall be taken shall be determined by the appointing power of the officer or employee. Employees shall have use of any accrued sick leave they have accrued at the time they elect the annual leave program under the same conditions as other employees not participating in the program.

The department shall provide by rule for the regulation and accumulation of annual leave, the effect of an absence from the payroll of 10 work days or less in any calendar month upon credit for annual leave, methods by which employees leaving the employment

of one state agency and entering the employment of another state agency may be compensated for, transfer, or otherwise receive proper credit for, their accumulated annual leave, and other provisions necessary for the administration of this section.

SEC. 4. Section 19858.6 is added to the Government Code, to read:

19858.6. Participation in an annual leave program for eligible employees, as defined in subdivision (d) of Section 19858.3, shall be subject to the following conditions:

(a) Employees who are in an eligible position on the effective date specified in the memorandum of understanding may make an irrevocable election to be subject to Section 19858.5.

(b) Employees who become eligible on or after the effective date specified in the memorandum of understanding shall be subject to the annual leave program.

SEC. 5. Section 19879.1 of the Government Code is amended to read:

19879.1. (a) For the purpose of this section, an eligible employee is an employee defined by Section 19858.3.

(b) Notwithstanding any other provision of this article, an eligible employee who has enrolled in the annual leave program under Article 2.5 (commencing with Section 19858.3) shall receive nonindustrial disability leave benefits in accordance with all of the following:

(1) A disabled employee shall be eligible to receive Nonindustrial Disability Insurance benefits in an amount equal to one-half full pay, 50 percent of gross salary.

(2) A disabled employee shall be eligible to receive Nonindustrial Disability Insurance benefits without being required to use any sick leave accrued under Article 3 (commencing with Section 19859) or annual leave accrued under Article 2.5 (commencing with Section 19858.3) unless the employee, in his or her sole discretion, elects to use sick leave or annual leave in lieu of receiving benefits.

(3) If the employee elects to use sick leave or annual leave credits prior to receiving Nonindustrial Disability Insurance payments, he or she shall not be required to exhaust the accrued leave balance.

(4) Following the start of Nonindustrial Disability Insurance payments, an employee may at any time change from the receipt of Nonindustrial Disability Insurance payments to the utilization of sick leave or annual leave. Once such an election is made, the employee may not recommence receiving Nonindustrial Disability Insurance payments until that leave is exhausted.

(5) In accordance with the state's return to work policy, an employee who is eligible to receive Nonindustrial Disability Insurance benefits and who is medically certified as unable to return to his or her full-time work during the period of his or her disability, may, with medical approval, and at the discretion of his or her appointing power, work up to the number of hours, in hour increments, which when combined with his or her Nonindustrial

Disability Insurance benefits will result in a salary which does not exceed 100 percent of his or her regular full pay.

(6) If an employee refuses to return to work in a position offered by the employer under the state's Injured State Worker Assistance Program, Nonindustrial Disability Insurance benefits shall be terminated effective as of the date of the offer.

(7) An employee may with his or her department head's approval elect to supplement Nonindustrial Disablity Insurance benefits with sick or annual leave up to 100 percent of his or her regular full pay.

SEC. 6. The provisions of the following memoranda of understanding prepared pursuant to Section 3517.5 of the Government Code and entered into by the state employer and the following employee organizations on the dates listed below, which require the expenditure of funds, are hereby approved for the purposes of Section 3517.6 of the Government Code:

(a) Unit 2—Association of California State Attorneys and Administrative Law Judges dated October 28, 1988.

(b) Unit 8—California Department of Forestry Employees' Association dated October 1, 1988.

(c) Unit 10—California Association of Professional Scientists dated October 17, 1988.

(d) Unit 12—Alliance of Trades and Maintenance dated November 1, 1988.

(e) Unit 13—International Union of Operating Engineers dated September 16, 1988.

(f) Unit 16—Union of American Physicians and Dentists dated September 16, 1988.

(g) Unit 18—California Association of Psychiatric Technicians dated November 21, 1988.

SEC. 7. Notwithstanding Section 3517.6 of the Government Code, the provisions of any memorandum of understanding that require the expenditure of funds shall become effective even if the provisions of the memorandum of understanding are approved by the Legislature in legislation other than the annual Budget Act.

SEC. 8. Any provision in a memorandum of understanding approved by any section in this act and which requires the expenditure of funds, shall not take effect unless funds for these provisions are specifically appropriated by the Legislature. In the event that funds for these provisions are not specifically appropriated by the Legislature, all or any part of any such memorandum of understanding may be declared null and void by any affected employee organization.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to be applicable as soon as possible in the 1988–89 fiscal year, and so facilitate the orderly administration of state government at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 5

An act relating to the Simi Valley Unified School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 24, 1989 Filed with Secretary of State February 24, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The Simi Valley Unified School District is a recipient of state school construction funding under the State School Building Aid Law of 1952. The Simi Valley Unified School District is required, accordingly, under statute, to make specified repayments to the state on the basis of a designated property tax rate to be applied to property within the district.

(b) The school facilities funding program currently employed by this state is the Leroy F. Greene State School Building Lease-Purchase Law of 1976, under which sufficient funding is not available to meet the school facilities needs of school districts throughout the state.

(c) The application of local funding sources to district school facilities needs is encouraged, therefore, in order to alleviate the statewide demand on the state program of school facilities funding. Pursuant to that purpose, the statutory repayment schedule applicable under the State School Building Aid Law of 1952 should be revised so as to reduce the property tax rate that would otherwise be applicable in the Simi Valley Unified School District, thus facilitating the approval of a general obligation bond measure within that district that is to be voted on by the electors of that district at an election to be held March 7, 1989.

SEC. 2. (a) Notwithstanding Section 16071 or any other provision of Chapter 8 (commencing with Section 16000) of Part 10 of the Education Code, the tax amounts utilized in the calculation under Section 16075 of the Education Code of the annual repayment obligation of the Simi Valley Unified School District shall not exceed the tax amounts specified in Section 16070 of the Education Code.

(b) Subdivision (a) shall become operative only if a local general obligation bond measure, which measure includes within its purposes the funding of the rehabilitation of school facilities, is approved by the voters of the Simi Valley Unified School District on March 7, 1989, in which event subdivision (a) shall become operative March 7, 1989.

SEC. 3. Due to the unique circumstances specified in Section 2 of this act concerning the Simi Valley Unified School District, the

Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To set forth an exemption to the requirement that will facilitate the approval of a local general obligation bond measure to be voted on at an election to be held on March 7, 1989, it is necessary that this act take effect immediately.

CHAPTER 6

An act relating to developmental services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 2, 1989 Filed with Secretary of State March 2, 1989]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any provision of the Budget Act of 1988, the Department of Developmental Services shall provide funding to cover any delay in federal reimbursements specified in category (e) of Item 4300-101-001 of the Budget Act of 1988 until the 1989 May Revision is submitted to the Legislature by the Director of Finance.

SEC. 2. (a) If the Director of Finance determines that there are sufficient additional uncommitted General Fund resources to meet the estimated expenditures in category (a) of Item 4300-101-001 of the Budget Act of 1988, the Director of Finance shall so notify the Legislature as part of the 1989 May Revision.

(b) There is hereby appropriated a sum of up to twenty-four million five hundred seventy-nine thousand dollars ($24,579,000) from the General Fund to the Department of Developmental Services in augmentation of Item 4300-101-001 of the Budget Act of 1988, to be allocated only upon order of the Director of Finance pursuant to subdivision (a). As this funding is being provided to offset the delay of federal reimbursements, the Director of Finance is hereby authorized to reduce reimbursements under category (e) of Item 4300-101-001 of the Budget Act of 1988 by the amount allocated pursuant to this subdivision.

SEC. 3. If the Director of Finance determines that there are not sufficient additional uncommitted General Fund resources to support the regional centers' budget in category (a) of Item 4300-101-001 of the Budget Act of 1988, the Director of Finance shall

so notify the Legislature as part of the 1989 May Revision.

The Controller, upon request of the Director of Finance, not sooner than 10 days after notification to the Joint Legislative Budget Committee, shall transfer from the General Fund to Item 4300-101-001 of the Budget Act of 1988 a total of up to twenty-four million five hundred seventy-nine thousand dollars ($24,579,000), which is hereby appropriated from the Motor Vehicle Account in the State Transportation Fund, as a loan, to the General Fund.

SEC. 4. The loan made to the General Fund from the Motor Vehicle Account in the State Transportation Fund pursuant to Section 3 of this act shall be repaid not later than July 1, 1989.

SEC. 5. The Department of Developmental Services shall continue to pursue the receipt of federal reimbursements for targeted case management services. Any funds received from the federal government for services provided in the 1988-89 fiscal year for targeted case management services shall be deposited as revenue to the General Fund.

SEC. 6. Notwithstanding Provision 1 of Item 4300-002-001 of the Budget Act of 1988, the Controller shall transfer the funds appropriated in Item 4300-002-001 of the Budget Act of 1988 to, and in augmentation of, Item 4300-001-001 of the Budget Act of 1988, upon the effective date of this act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Under the Budget Act of 1988 (Chapter 313 of the Statutes of 1988) the Department of Developmental Services (DDS) anticipated receiving a minimum of twenty-seven million dollars ($27,000,000) in federal reimbursements under the Targeted Case Management Program (Title XIX) to help fund regional center services for the developmentally disabled. However, the Health Care Financing Administration (HCFA), which administers Title XIX, has denied funding to California on the grounds that federal payments for case management would duplicate similar programs which have traditionally been funded by the state. As a consequence of HCFA's action, the moneys actually available to DDS during the current fiscal year will be insufficient to meet expenditures which the Budget Act had authorized previously for support of regional center operations.

In order to provide funds to continue vital regional center services to developmentally disabled persons for the remainder of the 1988–89 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 7

An act to amend Sections 25135.3, 25135.6, and 25135.7 of the Health and Safety Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1989 Filed with Secretary of State April 3, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 25135.3 of the Health and Safety Code is amended to read:

25135.3. The Association of Bay Area Governments, the Southern California Association of Governments, the Sacramento Area Council of Governments, and the Association of Monterey Bay Area Governments may, at the discretion of their governing boards, prepare a regional hazardous waste management plan to serve as a resource document and to identify hazardous waste management issues, needs, and solutions at the regional level. A council of governments specified in this subdivision shall include in the regional plan additional counties affected by the regional plan, at the request of the councils of governments for those counties. A council of governments shall prepare the regional plan pursuant to the following procedure:

(a) A council of governments specified in this subdivision may apply to the department for funding pursuant to paragraph (3) of subdivision (b) of Section 25135.8.

(b) On or before December 31, 1987, a council of governments which receives funding from the department shall prepare a draft regional hazardous waste management plan and submit the draft plan to the department. If a council of governments shows the department that it has made substantial compliance towards completing the draft regional hazardous waste management plan and needs additional time to complete the draft regional plan, the department may extend, to March 31, 1988, the date by which the draft regional plan is required to be submitted. The council of governments shall involve the public with the preparation of the draft plan, to the fullest extent possible, by public hearings, informational meetings, and other appropriate forums that offer the public the opportunity to respond to clearly defined alternative objectives, policies, and actions.

(c) From January 1, 1988, to March 31, 1988, or, if the department has given the council of governments a time extension pursuant to subdivision (b), on or before June 30, 1988, the council of governments shall conduct hearings on the draft regional hazardous waste management plan, in the number determined appropriate by the council of governments. The council of governments shall provide affected local jurisdictions, the public, industry, business

organizations, and the hazardous waste management industry with a full opportunity to comment orally and in writing on the draft plan.

(d) On or before March 31, 1988, or, if the department has given the council of governments a time extension pursuant to subdivision (b), on or before June 30, 1988, the department shall review the draft plan, and provide the council of governments with comments on the draft plan.

(e) After conducting the review and comment period required by subdivision (c), the council of governments shall revise, as appropriate, the draft regional hazardous waste management plan.

(f) On or before September 30, 1988, or, on or before January 31, 1989, if the council of governments is given a time extension pursuant to subdivision (g), the council of governments shall complete and adopt the plan.

(g) On or before October 1, 1988, the council of governments shall submit the final regional hazardous waste management plan adopted by its governing board to the department for review and approval. If a council of governments shows the department that the council of governments has made substantial progress towards completing the regional hazardous waste management plan and needs more time to complete the plan, the department may extend this date to September 1, 1989. The department shall approve the regional plan if the department determines that all of the following requirements are met:

(1) The regional plan is consistent with the guidelines for the preparation of regional hazardous waste management plans adopted by the department.

(2) The regional plan applies the methods, techniques, and policies established by the department to analyze the waste stream and to determine whether there is a need for additional or expanded hazardous waste facilities to safely manage and properly dispose of the hazardous waste produced within the region.

(h) Throughout the process of preparing a regional hazardous waste management plan, a council of governments shall cooperate and consult with representatives and staff of affected counties and cities.

(i) Notwithstanding subdivisions (a) to (h), inclusive, of this section, if, pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, a joint powers agreement provides for the creation of the Southern California Hazardous Waste Management Authority, the Southern California Association of Governments shall, if it has elected to prepare a regional hazardous waste management plan pursuant to this section, transfer the responsibility for preparing the regional hazardous waste management plan and all funds received pursuant to subdivision (b) of Section 25135.8 to the authority, if the governing board of the authority requests the transfer by the adoption of a resolution. If the transfer takes place, the authority shall comply with this section in the same manner as this section applies to the

association. If the transfer of responsibility and funds authorized by this subdivision takes place and the authority is dissolved at any time before the regional hazardous waste management plan is approved by the department, the association shall prepare the regional hazardous waste management plan and any remaining funds received pursuant to subdivision (b) of Section 25135.8 shall be transferred back to the association.

SEC. 2. Section 25135.6 of the Health and Safety Code is amended to read:

25135.6. (a) A county shall prepare, review, and adopt the county hazardous waste management plan pursuant to the schedule specified in this section.

(b) On or before December 31, 1987, each county, with the cooperation of affected local jurisdictions and the advisory committee established pursuant to Section 25135.2, shall prepare a draft county hazardous waste management plan and submit the draft plan to the department. If a county shows to the department that the county has made substantial compliance towards completing the draft county hazardous waste management plan and needs additional time to complete the draft plan, the department may extend to March 31, 1988, the date by which the draft plan is required to be submitted. The county shall involve the public with the preparation of the draft plan, to the fullest extent possible, by public hearings, informational meetings, and other appropriate forums that offer the public the opportunity to respond to clearly defined alternative objectives, policies, and actions.

(c) On or before March 31, 1988, or, if the department has given the county a time extension pursuant to subdivision (b), on or before June 30, 1988, the county shall conduct hearings on the draft county hazardous waste management plan, in the number determined appropriate by the county. The county shall provide affected local jurisdictions, the public, industry, business organizations, and the hazardous waste management industry with the full opportunity to comment orally and in writing on the draft county hazardous waste management plan.

(d) On or before March 31, 1988, or, if the department has given the county a time extension pursuant to subdivision (b), on or before June 30, 1988, the department shall review the draft plan, and provide each county with comments which specify the changes or additions which are required to be made to the draft plan to result in a final plan which can be approved by the department pursuant to Section 25135.7.

(e) After conducting the review and comment period required by subdivision (c), each county shall revise, as appropriate, the draft county hazardous waste management plan.

(f) The revised county hazardous waste management plan shall be approved by a majority of the cities within the county which contain a majority of the population of the incorporated area of the county, subject to subdivision (g).

(g) The revised county hazardous waste management plan shall be submitted to each city within the county for their approval. Each city shall act upon the revised county hazardous waste management plan within 90 days after the city has received the plan. If a city fails to act upon the plan within 90 days of receiving the plan, the city shall be deemed to have approved the plan as submitted.

(h) On or before September 30, 1988, or, on or before May 31, 1989, if the county is given an extension pursuant to subdivision (a) of Section 25135.7, the county shall adopt the revised county hazardous waste management plan as the final county hazardous waste management plan. If the county is given an additional time extension to September 1, 1989, pursuant to subdivision (a) of Section 25135.7, the county shall adopt the revised county hazardous waste management plan as the final county hazardous waste management plan by August 31, 1989.

SEC. 3. Section 25135.7 of the Health and Safety Code is amended to read:

25135.7. (a) A county shall submit the final county hazardous waste management plan adopted by the county to the department for review and approval on or before October 1, 1988. If a county shows the department that the county has made substantial progress towards completing the county hazardous waste management plan and needs more time to complete the plan, the department may extend this date to June 1, 1989. If the department sends comments on the draft county hazardous waste management plan to a county after June 30, 1988, the department may extend the due date for submittal of the final county hazardous waste management plan for that county to September 1, 1989. The department shall, on or before December 31, 1988, or on or before November 30, 1989, if the county is given a time extension, review and either approve or disapprove the county hazardous waste management plan. If an additional time extension is given to September 1, 1989, pursuant to this subdivision, the department shall review and either approve or disapprove the county hazardous waste management plan on or before February 28, 1990. The department shall approve the county hazardous waste management plan if the department makes all of the following determinations:

(1) The plan substantially complies with the guidelines for the preparation of hazardous waste management plans adopted by the department.

(2) The plan applies the methods, techniques, and policies established by the department to analyze the waste stream and to determine whether there is a need for additional or expanded hazardous waste facilities to safely manage and properly dispose of the hazardous waste generated within the county.

(3) If the plan contains a determination pursuant to paragraph (5) of subdivision (d) of Section 25135.1 that there is a need for additional or expanded hazardous waste facilities, the plan proposes general areas, or, as determined appropriate by the county, proposes specific

sites which may be suitable locations for a facility. However, if the plan instead contains siting criteria for selecting sites for new hazardous waste facilities, the plan shall propose general areas where the criteria might be applicable.

(4) If the county preparing the plan has entered into a formal agreement with other counties to manage hazardous waste, the agreement is documented.

(b) Within 180 days after the department approves a county hazardous waste management plan, the county shall either incorporate the applicable portions of the plan, by reference, into the county's general plan, or enact an ordinance which requires that all applicable zoning, subdivision, conditional use permit, and variance decisions are consistent with the portions of the county hazardous waste management plan which identify specific sites or siting criteria for hazardous waste facilities.

(c) Within 180 days after receiving written notification from the department that it has approved the county hazardous waste management plan, each city within that county shall do one of the following:

(1) Adopt a city hazardous waste management plan containing all of the elements required by subdivision (d) of Section 25135.1 which shall be consistent with the approved county hazardous waste management plan.

(2) Incorporate the applicable portions of the approved county plan, by reference, into the city's general plan.

(3) Enact an ordinance which requires that all applicable zoning, subdivision, conditional use permit, and variance decisions are consistent with the portions of the approved county plan which identify general areas or siting criteria for hazardous waste facilities.

(d) This section does not limit the authority of any city to attach appropriate conditions to the issuance of any land use approval for a hazardous waste facility in order to protect the public health, safety, or welfare, and does not limit the authority of a city to establish more stringent planning requirements or siting criteria than those specified in the county hazardous waste management plan.

(e) Any amendment to an adopted county hazardous waste management plan requires the approval of the department, the county, and a majority of the cities within the county which contain a majority of the population of the incorporated area of the county.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide adequate opportunity for counties and regional councils of governments to respond to comments made on hazardous waste management plans by the State Department of Health Services and to make necessary related changes, thereby protecting the public health and safety, it is necessary that this act take effect immediately.

CHAPTER 8

An act to amend Sections 10800, 10801, 10802.1, 10805, and 10806 of the Health and Safety Code, and to amend Section 14083 of the Welfare and Institutions Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 7, 1989 Filed with Secretary of State April 7, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 10800 of the Health and Safety Code is amended to read:

10800. The Legislature hereby finds and declares that birth defects, stillbirths, and miscarriages represent problems of public health importance about which too little is known; that these conditions lead to severe mental anguish on the part of parents and relatives and frequently to high medical care costs; and that a system to obtain more information about these conditions could result in development of preventive measures to decrease their incidence in the future. Therefore, it is the intent of the Legislature in enacting this section to accomplish all of the following:

(a) To expand the program of birth defects monitoring.

(b) To provide information on the incidence and trends of birth defects, stillbirths, and miscarriages.

(c) To provide information to determine whether environmental hazards are associated with birth defects, stillbirths, and miscarriages.

(d) To provide information as to other possible causes of birth defects, stillbirths, and miscarriages.

(e) To develop prevention strategies for reducing the incidence of birth defects, stillbirths, and miscarriages.

(f) To conduct interview studies about the causes of birth defects.

(g) To affirm the authority of the state department to contract with a qualified entity to operate the birth defects monitoring program statewide.

SEC. 2. Section 10801 of the Health and Safety Code is amended to read:

10801. The director may establish a system for the collection of information concerning birth defects, stillbirths, and miscarriages. If such a system is established, the director shall require general acute care hospitals, with 15 days' notice, to make available to authorized program staff the medical records of children suspected or diagnosed as having birth defects, including the medical records of their mothers. In addition, hospitals shall make available the medical

records of mothers suspected or diagnosed with stillbirths or miscarriages and other records of persons who may serve as controls for interview studies about the causes of birth defects.

SEC. 3. Section 10802.1 of the Health and Safety Code is amended to read:

10802.1. (a) During the second half of the 1987–88 fiscal year, the birth defects monitoring program shall be expanded to the Counties of Alpine, Butte, Glenn, Inyo, Lake, Lassen, Mendocino, Modoc, Mono, Plumas, Riverside, San Bernardino, San Luis Obispo, Santa Barbara, Shasta, Sierra, Siskiyou, Tehama, Trinity, and Ventura.

(b) During the 1989–90 fiscal year, the birth defects monitoring program shall operate in all counties except the County of Los Angeles.

SEC. 4. Section 10805 of the Health and Safety Code is amended to read:

10805. (a) All information collected and analyzed pursuant to Sections 10801 and 10803 shall be confidential insofar as the identity of the individual patient is concerned and shall be used solely for the purposes provided in this division. Access to the information shall be limited to authorized program staff, and persons with a valid scientific interest, who meet qualifications as determined by the director, and who are engaged in demographic, epidemiological or other similar studies related to health, and who agree, in writing, to maintain confidentiality as prescribed herein.

(b) The state department shall maintain an accurate record of all persons who are given access to the information in the system. The record shall include: the name of the person authorizing access; name, title, and organizational affiliation of persons given access; dates of access; and the specific purpose for which information is to be used. The record of access shall be open to public inspection during normal operating hours of the state department.

(c) All research proposed to be conducted using the information in the system shall first be reviewed and approved by the appropriate committee constituted for the protection of human subjects which is approved by the federal Department of Health and Human Services pursuant to Part 46 of Title 45 of the Code of Federal Regulations.

(d) Nothing in this section shall prohibit the publishing by the state department of statistical compilations relating to birth defects, stillbirth, or miscarriage which do not in any way identify individual cases or individual sources of information.

(e) Any person who, in violation of a written agreement to maintain confidentiality, discloses any information provided pursuant to this section, or who uses information provided pursuant to this section in a manner other than that approved by the committee for the protection of human subjects pursuant to subdivision (c), may be denied further access to any confidential information maintained by the state department. That person shall also be subject to a civil penalty of five hundred dollars ($500). The

penalty provided in this section shall not be construed as restricting any remedy, provisional or otherwise, provided by law for the benefit of the state department or any person.

SEC. 5. Section 10806 of the Health and Safety Code is amended to read:

10806. The state department may enter into an agreement for the establishment and implementation of the birth defects monitoring program. The agreement shall include provisions requiring full compliance with all the requirements of this division.

SEC. 6. Section 14083 of the Welfare and Institutions Code is amended to read:

14083. The factors to be considered by the negotiator in negotiating contracts under this article, or in drawing specifications for competitive bidding, include, but are not limited to, all of the following:

(a) Beneficiary access.

(b) Utilization controls.

(c) Ability to render quality services efficiently and economically.

(d) Demonstrated ability to provide or arrange needed specialized services.

(e) Protection against fraud and abuse.

(f) Any other factor which would reduce costs, promote access, or enhance the quality of care.

(g) The capacity to provide a given tertiary service, such as specialized children's services, on a regional basis.

(h) Recognition of the variations in severity of illness and complexity of care.

(i) Existing labor-management collective bargaining agreements.

(j) The situation of county hospitals and university medical centers contracting with counties for provision of health care to indigent persons entitled to care under Section 17000, which are burdened to a greater extent than private hospitals with bad debts, indirect costs, medical education programs, and capital needs.

(k) The special circumstances of hospitals serving a disproportionate number of Medi-Cal beneficiaries and patients who are not covered by other third-party payers.

(*l*) The costs of providing complex emergency services, including the costs of meeting and maintaining state and local requirements for trauma center designation.

(m) The hospital does any of the following:

(1) Provides additional obstetrical beds.

(2) Contracts with one or more comprehensive perinatal providers.

(3) Permits certified nurse midwives, subject to hospital rules, and consistent with existing laws and regulations, to admit patients to the health facility.

(4) Expands overall obstetrical services in the hospital.

SEC. 7. (a) The Legislature finds and declares that approximately 6,000 babies were delivered in 1987 to women

enrolled in prepaid health plans.

(b) The Legislature recognizes that the State Department of Health Services is conducting a study to determine whether the short periods of enrollment of Medi-Cal recipients in prepaid health plans during times of high cost, the lack of access to fee-for-service perinatal care for these recipients, and the frequency of high-risk births in this patient population are being adequately considered by the department when setting per capita rates for perinatal services in prepaid health plans and whether the per capita rates are sufficient for prepaid health plans to provide these perinatal services.

(c) The State Department of Health Services shall notify the Legislature when the study is completed and shall provide copies of the results of the study to the members of the Legislature and their staff upon request.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the birth defects monitoring program may be expanded as soon as possible to provide valuable information concerning birth defects, stillbirths, and miscarriages, it is necessary for this act to take effect immediately.

CHAPTER 9

An act to amend Sections 17076 and 17151 of, and to add Sections 17072.5, 17134, 17153, 17154, 17157, 17158, 17160, 17241, 17261, 17271, 17273, 17289, and 18044 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor April 14, 1989. Filed with Secretary of State April 14, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 17072.5 is added to the Revenue and Taxation Code, to read:

17072.5. (a) The amendments made to Section 62 of the Internal Revenue Code by Section 1001 of Public Law 100-647, relating to reimbursed expenses of employees, shall apply to taxable years beginning on or after January 1, 1987, and before January 1, 1989.

(b) The amendments made to Section 62 of the Internal Revenue Code by Section 6007 of Public Law 100-647, relating to jury duty pay remitted to an employer, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

SEC. 2. Section 17076 of the Revenue and Taxation Code is amended to read:

17076. (a) The deductions allowed by Section 17201 shall be

limited in accordance with the provisions of Section 67 of the Internal Revenue Code, relating to the 2-percent floor on miscellaneous itemized deductions.

(b) For taxable years beginning on or after January 1, 1987, the provisions of Section 10104 of Public Law 100-203, relating to treatment of regulated investment companies under 2-percent floor, shall be applicable.

(c) The amendments made to Section 67 of the Internal Revenue Code by Section 1001 (f) of Public Law 100-647, relating to 2-percent floor on miscellaneous itemized deductions, shall apply to taxable years beginning on or after January 1, 1987.

(d) The amendments made to Section 67 of the Internal Revenue Code by Section 4011 (a) of Public Law 100-647, relating to 2-percent floor on miscellaneous itemized deductions, shall apply to taxable years beginning on or after January 1, 1988, except that:

(1) Section 67 (c) (4) of the Internal Revenue Code, relating to termination, shall not apply, and

(2) Section 67 (c) (2) of the Internal Revenue Code, relating to treatment of publicly offered regulated investment companies, shall not apply to any taxable year beginning on or after January 1, 1989.

SEC. 3. Section 17134 is added to the Revenue and Taxation Code, to read:

17134. (a) The amendments made to Section 132 of the Internal Revenue Code by Section 1011B of Public Law 100-647, relating to exclusions that apply to officers, etc., only if there is no discrimination, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

(b) The amendments made to Section 132 of the Internal Revenue Code by Section 6066 of Public Law 100-647, relating to air cargo, shall apply to transportation furnished after December 31, 1987, in taxable years beginning on or after January 1, 1988, and before January 1, 1989.

SEC. 4. Section 17151 of the Revenue and Taxation Code is amended to read:

17151. (a) The amendments made to Section 127 of the Internal Revenue Code by Public Law 98-611, relating to educational assistance programs, shall apply to taxable years beginning on or after January 1, 1984.

(b) (1) The amendments made to Section 127 of the Internal Revenue Code by Section 1011B of Public Law 100-647, relating to educational assistance programs, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

(2) The amendments made to Section 127 of the Internal Revenue Code by Section 4001 of Public Law 100-647, relating to educational assistance programs, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

SEC. 5. Section 17153 is added to the Revenue and Taxation Code, to read:

17153. The amendments made to Section 121 of the Internal

Revenue Code by Section 6011 of Public Law 100-647, relating to determination of use during periods of out-of-residence care, shall apply to any sale or exchange after September 30, 1988, in taxable years beginning on or after January 1, 1988, and before January 1, 1989.

SEC. 6. Section 17154 is added to the Revenue and Taxation Code, to read:

17154. (a) The amendments made to Section 117 of the Internal Revenue Code by Section 1011B of Public Law 100-647, relating to qualified scholarships, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

(b) The amendments made to Section 117 of the Internal Revenue Code by Section 4001 of Public Law 100-647, relating to qualified scholarships, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

SEC. 7. Section 17157 is added to the Revenue and Taxation Code, to read:

17157. (a) The amendments made to Section 120 of the Internal Revenue Code by Section 1011B of Public Law 100-647, relating to amounts received under qualified group legal services plans, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

(b) The amendments made to Section 120 of the Internal Revenue Code by Section 4002 of Public Law 100-647, relating to amounts received under qualified group legal services plans, shall apply to taxable years ending in 1988.

SEC. 8. Section 17158 is added to the Revenue and Taxation Code, to read:

17158. (a) The amendments made to Section 125 of the Internal Revenue Code by Sections 1011B, 1018(t)(6), and 6051(b) of Public Law 100-647, relating to cafeteria plans, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

(b) The amendments made to Section 125 of the Internal Revenue Code by Section 4002 of Public Law 100-647, relating to cafeteria plans, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

18044. The amendments made to Section 1034 of the Internal Revenue Code by Section 6002 of Public Law 100-647, relating to

rollover of gain on the sale of a principal residence, shall apply to taxable years beginning on or after January 1, 1988, and before January 1, 1989.

SEC. 17. This act provides for a tax levy within the meaning of Article IV of the California Constitution and shall go into immediate effect. However, unless otherwise specifically provided, the provisions of this act shall be applied in the computation of taxes for taxable years beginning on or after January 1, 1988.

CHAPTER 10

An act to amend Section 20607 of, and to add Sections 20450.1 and 20938.1 to, and to add and repeal Section 21252.023 of, the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor April 14, 1989 Filed with Secretary of State April 14, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 20450.1 is added to the Government Code, to read:

20450.1. The board may refuse to contract with, or to agree to an amendment proposed by, any public agency for any benefit provisions which the board determines might adversely affect the administration of the system.

SEC. 2. Section 20607 of the Government Code is amended to read:

20607. (a) The normal rate of contribution for state peace officer/firefighter members and for local safety members subject to Section 21252.02 shall be 8 percent of the compensation in excess of two hundred thirty-eight dollars ($238) per month paid those members.

(b) This subdivision shall apply only to a city with a population in excess of 300,000 in a county of the eighth class, as defined by Sections 28020 and 28029, as amended by Chapter 1204 of the Statutes of 1971, which, prior to June 30, 1991, amends its contract to provide for the transfer of all or part of the members of an existing local retirement system to this system. Subdivision (a) shall not apply to a contracting agency which so elects by amendment to its contract made in the manner prescribed for approval of contracts by express provision in the contract. If the election is so made, the normal rate of contribution for local safety members of that contracting agency subject to Section 21252.02 shall, notwithstanding Section 20605.55, be 9 percent of compensation paid those members.

(c) Notwithstanding any other provision of this part, state member contributions on premium compensation for planned

overtime paid at the "half-time" rate as part of the regular shift under the federal Fair Labor Standards Act (29 U.S.C.A. Secs. 201 et seq.) or the Memorandum of Understanding of State Bargaining Unit 8 are waived for the period April 15, 1985, through June 30, 1988.

This subdivision applies to State Bargaining Unit 8 and becomes effective only if the board approves a waiver of employer contributions on the same premium compensation for the same period of time. If this subdivision is approved by the board, benefits shall be calculated to include overtime paid at the one-half time rate.

SEC. 3. Section 20938.1 is added to the Government Code, to read:

20938.1. This section shall apply only to a city with a population in excess of 300,000 in a county of the eighth class, as defined by Sections 28020 and 28029, as amended by Chapter 1204 of the Statutes of 1971, which, prior to June 30, 1991, amends its contract to provide for the transfer of all or part of the members of an existing local retirement system to this system. Only those transferred members who had less than 11 years of service credit on the date of transfer shall be entitled under Section 20938 to cancel prospectively an election to receive credit for service.

SEC. 4. Section 21252.023 is added to the Government Code, to read:

21252.023. Notwithstanding any other provision of law, a city with a population in excess of 300,000 in a county of the eighth class, as defined by Sections 28020 and 28029, as amended by Chapter 1204 of the Statutes of 1971, may simultaneously:

(a) Provide benefits pursuant to Section 21230 to members retiring after the effective date of the contract amendment who are transferred from the local system to this system on that date.

(b) Provide the benefit formula specified in Section 21252.02 for local safety members who become local safety members after the effective date of the contract amendment.

This section shall remain in effect only until June 30, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before June 30, 1991, deletes or extends that date.

SEC. 5. The Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to the unique circumstances concerning the retirement programs of the City of Sacramento.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 11

An act to amend Section 8225 of the Financial Code, relating to savings associations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 14, 1989. Filed with Secretary of State April 14, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 8225 of the Financial Code is amended to read:

8225. (a) Whenever the commissioner deems it necessary in order to conserve the assets of any association for the benefit of the depositors and other creditors, or if the commissioner finds any of the following with respect to any association: (1) the association is in an impaired condition; (2) the association is engaging in practices that threaten to result in an impaired condition; (3) the association has substantially dissipated its assets due to violation of law or regulation or to unsafe or unsound practice; (4) the association is in an unsafe or unsound condition to transact business; (5) the association is in violation of an order or injunction, as authorized by this division; or (6) the association refuses to submit its books, papers, and affairs to the inspection of the commissioner, the commissioner may, ex parte and without notice, appoint a conservator for the association.

(b) The conservator may be the commissioner, deputy commissioner or any other person.

(c) The conservator shall, upon appointment, immediately take possession of the books, records, and assets of every description of the association and shall take any further action as he or she may deem necessary to conserve the assets of the association pending further disposition of its business.

(d) Within six months of the date of appointment of the conservator, or within 12 months if the commissioner extends the six months' period, the association shall be returned to its board of directors to be managed and operated as if no conservator had been appointed, or a receiver shall be appointed as provided in Section 8250.

(e) If the commissioner or a department employee is appointed conservator no additional compensation shall be paid, but if another person is appointed then the compensation of the conservator, as determined by the commissioner, shall be paid by the association.

(f) Any expenses of such conservatorship shall be paid out of the assets of the association and shall be a lien against association assets prior to any other lien.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

In order to more closely conform to regulations applicable to federal associations, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 12

An act to amend Sections 712.020, 715.010, and 1174.3 of the Code of Civil Procedure, relating to real property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 28, 1989 Filed with Secretary of State April 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 712.020 of the Code of Civil Procedure is amended to read:

712.020. A writ of possession or sale issued pursuant to this division shall require the levying officer to whom it is directed to enforce the judgment and shall include the following information:

(a) The date of issuance of the writ.

(b) The title of the court where the judgment for possession or sale is entered and the cause and number of the action.

(c) The name and address of the creditor and the name and last known address of the judgment debtor.

(d) The date the judgment was entered, and the date of any subsequent renewals, and where entered in the records of the court.

(e) If the judgment for possession or sale includes a money judgment, the amount required to satisfy the money judgment on the date the writ is issued and the amount of interest accruing daily on the principal amount of the judgment from the date the writ is issued.

(f) Whether any person has requested notice of sale under the judgment and, if so, the name and address of such person.

(g) Any other information required to be included in the particular writ.

SEC. 2. Section 715.010 of the Code of Civil Procedure is amended to read:

715.010. (a) A judgment for possession of real property may be enforced by a writ of possession of real property issued pursuant to Section 712.010.

(b) In addition to the information required by Section 712.020, the writ of possession of real property shall contain the following:

(1) A description of the real property, possession of which is to be delivered to the judgment creditor in satisfaction of the judgment.

(2) A statement that if the real property is not vacated within five days from the date of service of a copy of the writ on the occupant

or, if the copy of the writ is posted, within five days from the date a copy of the writ is served on the judgment debtor, the levying officer will remove the occupants from the real property and place the judgment creditor in possession.

(3) A statement that any personal property remaining on the real property after the judgment creditor has been placed in possession will be sold or otherwise disposed of in accordance with Section 1174 of the Code of Civil Procedure unless the judgment debtor or other owner pays the judgment creditor the reasonable cost of storage and takes possession of the personal property not later than 15 days after the time the judgment creditor takes possession of the real property.

(4) The date the complaint was filed in the action which resulted in the judgment of possession.

(5) The date or dates on which the court will hear objections to enforcement of a judgment of possession that are filed pursuant to Section 1174.3.

(6) The daily rental value of the property as of the date the complaint for unlawful detainer was filed.

(c) At the time the writ of possession is served or posted, the levying officer shall also serve or post a copy of the form for a claim of right to possession.

SEC. 3. Section 1174.3 of the Code of Civil Procedure is amended to read:

1174.3. (a) Any occupant not named in the judgment for possession who occupied the premises on the date of the filing of the action may object to enforcement of the judgment against that occupant by filing a claim of right to possession as prescribed in this section. A claim of right to possession may be filed at any time after service or posting of the writ of possession pursuant to subdivision (a) or (b) of Section 715.020, up to and including the time at which the levying officer returns to effect the eviction of those named in the judgment of possession. Filing the claim of right to possession shall constitute a general appearance for which a fee shall be collected as provided in Section 72056 of the Government Code. Section 68511.3 of the Government Code applies to the claim of right to possession.

(b) The court issuing the writ of possession of real property shall set a date or dates when the court will hold a hearing to determine the validity of objections to enforcement of the judgment specified in subdivision (a). An occupant of the real property for which the writ is issued may make an objection to eviction to the levying officer at the office of the levying officer or at the premises at the time of the eviction.

If a claim of right to possession is completed and presented to the sheriff, marshal, or other levying officer, the officer shall forthwith (1) stop the eviction of occupants at the premises, and (2) provide a receipt or copy of the completed claim of right of possession to the claimant indicating the date and time the completed form was received, and (3) deliver the original completed claim of right to possession to the court issuing the writ of possession of real property.

(c) A claim of right to possession is effected by any of the following:

(1) Presenting to the sheriff, marshal, or other levying officer a completed form, as prescribed in this section, and delivering to the court within two court days after its presentation, an amount equal to 15 days' rent together with the appropriate fee or form for proceeding in forma pauperis. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a receipt or copy of the claim to the claimant and notify the plaintiff of that fact. Immediately upon receipt of an amount equal to 15 days' rent and the appropriate fee or form for proceeding in forma pauperis, the court shall file the claim of right to possession and serve an endorsed copy with the notice of the hearing date on the plaintiff and the claimant by first-class mail. The court issuing the writ of possession shall set and hold a hearing on the claim not less than five nor more than 15 days after the claim is filed with the court.

(2) Presenting to the sheriff, marshal, or other levying officer a completed form, as prescribed in this section, and delivering to the court within two court days after its presentation, the appropriate fee or form for proceeding in forma pauperis without delivering the amount equivalent to 15 days' rent. In this case, the court shall immediately set a hearing on the claim to be held on the fifth day after the filing is completed. The court shall notify the claimant of the hearing date at the time the claimant completes the filing by delivering to the court the appropriate fee or form for proceeding in forma pauperis, and shall notify the plaintiff of the hearing date by first-class mail. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the original to the issuing court and a receipt or copy of the claim to the claimant and notify the plaintiff of that fact.

(d) At the hearing, the court shall determine whether there is a valid claim of possession by the claimant who filed the claim, and the court shall consider all evidence produced at the hearing, including, but not limited to, the information set forth in the claim. The court may determine the claim to be valid or invalid based upon the evidence presented at the hearing. The court shall determine the claim to be invalid if the court determines that the claimant is an invitee, licensee, guest, or trespasser. If the court determines the claim is invalid, the court shall order the return to the claimant of the amount of the 15 days' rent paid by the claimant, if that amount was paid pursuant to paragraphs (1) or (3) of subdivision (c), less a pro rata amount for each day that enforcement of the judgment was delayed by reason of making the claim of right to possession, which pro rata amount shall be paid to the landlord. If the court determines the claim is valid, the amount equal to 15 days' rent paid by the claimant shall be returned immediately to the claimant.

(e) If, upon hearing, the court determines that the claim is valid, then the court shall order further proceedings as follows:

(1) If the unlawful detainer is based upon a curable breach, and the claimant was not previously served with a proper notice, if any notice is required, then the required notice may at the plaintiff's discretion be served on the claimant at the hearing or thereafter. If the claimant does not cure the breach within the required time, then a supplemental complaint may be filed and served on the claimant as defendant if the plaintiff proceeds against the claimant in the same action. For the purposes of this section only, service of the required notice, if any notice is required, and of the supplemental complaint may be made by first-class mail addressed to the claimant at the subject premises or upon his or her attorney of record and, in either case, Section 1013 shall otherwise apply. Further proceedings on the merits of the claimant's continued right to possession after service of the Summons and Supplemental Complaint as prescribed by this subdivision shall be conducted pursuant to this chapter.

(2) In all other cases, the court shall deem the unlawful detainer Summons and Complaint to be amended on their faces to include the claimant as defendant, service of the Summons and Complaint, as thus amended, may at the plaintiff's discretion be made at the hearing or thereafter, and the claimant thus named and served as a defendant in the action shall answer or otherwise respond within five days thereafter.

(f) If a claim is made without delivery to the court of the appropriate filing fee or a form for proceeding in forma pauperis, as prescribed in this section, the claim shall be immediately deemed denied and the court shall so order. Upon the denial of the claim, the court shall immediately deliver an endorsed copy of the order to the levying officer and shall serve an endorsed copy of the order on the plaintiff and claimant by first-class mail.

(g) If the claim of right to possession is denied pursuant to subdivision (f), or if the claimant fails to appear at the hearing or, upon hearing, if the court determines that there are no valid claims, or if the claimant does not prevail at a trial on the merits of the unlawful detainer action, the court shall order the levying officer to proceed with enforcement of the original writ of possession of real property as deemed amended to include the claimant, which shall be effected within a reasonable time not to exceed five days. Upon receipt of the court's order, the levying officer may enforce the writ of possession of real property against any occupant or occupants.

(h) The claim of right to possession shall be made on the following form:

SEC. 4. This act shall become operative on May 1, 1989.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the levying officer receives notice of the presentation of a claim of right to possession prior to an eviction, it is necessary that this act take effect immediately.

CHAPTER 13

An act to amend Section 32657 of the Streets and Highways Code, relating to parking authorities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 4, 1989 Filed with Secretary of State May 4, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 32657 of the Streets and Highways Code is amended to read:

32657. (a) Three of the members first appointed shall be designated by the mayor, with the approval of the legislative body, to serve for terms of one, two, and three years, respectively, from a date specified by the mayor in their appointments, and two shall be designated to serve for terms of four years from that date. Thereafter, members shall be appointed for a term of four years. All vacancies occurring during a term shall be filled for the unexpired term. A member shall hold office until his or her successor has been appointed and has qualified.

(b) Notwithstanding subdivision (a), in any charter city having a parking and traffic commission created by the city's charter, the mayor, with the approval of the legislative body, may require the members of that commission to serve ex officio as members of the parking authority and to exercise all the powers and duties thereof. Upon the appointment of persons as commissioners of the city's parking and traffic commission, those commissioners shall replace the members of a parking authority appointed pursuant to subdivision (a) and shall succeed to the powers and duties of those members as provided in this chapter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit a charter city to implement the changes in organization of its parking authority authorized by this act as quickly as possible, it is necessary that this act take effect immediately.

CHAPTER 14

An act to amend Section 13601 of the Welfare and Institutions Code, relating to disaster relief, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 10, 1989 Filed with Secretary of State May 10, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 13601 of the Welfare and Institutions Code is amended to read:

13601. There is hereby created in the State Treasury the California Individual and Family Supplemental Grant Fund. Moneys in the fund shall be available to pay claims from individuals and families for losses or damages occurring during the incident period of a federal disaster declaration for individual assistance. Any moneys appropriated to the fund by the Legislature shall be allocated to the State Department of Social Services to provide supplemental individual and family grant assistance. The funds shall not be used to fulfill matching fund requirements for federal disaster assistance, but shall be used to supplement the federal individual and family grant program. Notwithstanding Section 13340 of the Government Code, moneys in this fund are continuously appropriated, without regard to fiscal years, for the purpose of making grants pursuant to this chapter.

SEC. 2. Notwithstanding Section 12 of Chapter 1507 of the Statutes of 1988, the Director of Finance may transfer funds from the Natural Disaster Assistance Fund to the California Individual and Family Supplemental Grant Fund to provide for the payment of claims resulting from the California Wildfires of 1988.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that all persons who have incurred loss or damage as a result of the California Wildfires of 1988, who have applied for federal individual and family grant assistance, and who have remaining unmet eligible need will receive full and appropriate consideration of that need on a timely basis, it is necessary that this act go into immediate effect.

CHAPTER 15

An act to amend Sections 117.14 and 631 of the Code of Civil Procedure, relating to civil actions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 10, 1989 Filed with Secretary of State May 10, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 117.14 of the Code of Civil Procedure is amended to read:

117.14. (a) A fee of six dollars ($6) shall be charged and collected for the filing of a claim under oath if the number of claims filed by the party in each court in the preceding 12 calendar months is 12 or less; and a fee of twelve dollars ($12) shall be collected for the filing of any additional claims. For each party to whom a copy of the claim is mailed by the clerk a fee to cover the actual cost of mail service adjusted upward to the nearest dollar shall be charged and collected. Fees as provided in Sections 26828 and 26834 of the Government Code shall be charged and collected by the clerk for the issuance of a writ of execution or an abstract of judgment. Except as otherwise provided for in this chapter, no other fee or charge shall be collected by any officer for any service rendered under this chapter, or for the taking of affidavits for use in connection with any action commenced under this chapter. All fees collected under this section shall be deposited with the treasurer of the city and county or county under whose jurisdiction any such court shall exist.

(b) The number of claims filed by a party during the preceding 12 calendar months shall be determined pursuant to a declaration made by the party under penalty of perjury stating the number of claims so filed and submitted to the clerk with the current claim.

SEC. 2. Section 631 of the Code of Civil Procedure is amended to read:

631. (a) Trial by jury may be waived by the several parties to an issue of fact in any of the following ways:

(1) By failing to appear at the trial.

(2) By written consent filed with the clerk or judge.

(3) By oral consent, in open court, entered in the minutes or docket.

(4) By failing to announce that a jury is required, at the time the cause is first set for trial, if it is set upon notice or stipulation, or within five days after notice of setting if it is set without notice or stipulation.

(5) By failing to deposit with the clerk, or judge, advance jury fees 25 days prior to the date set for trial, except in unlawful detainer actions where the fees shall be deposited at least five days prior to the date set for trial, or as provided by subdivision (b). The advanced jury fee shall not exceed the amount necessary to pay the average

mileage and fees of 20 trial jurors for one day in the court to which the jurors are summoned.

(6) By failing to deposit with the clerk or judge, promptly after the impanelment of the jury, a sum equal to the mileage or transportation (if any be allowed by law) of the jury accrued up to that time.

(7) By failing to deposit with the clerk or judge, at the beginning of the second and each succeeding day's session a sum equal to one day's fees of the jury, and the mileage or transportation, if any.

(b) In a superior court action if a jury is demanded by either party in the memorandum to set the cause for trial and the party, prior to trial, by announcement or by operation of law waives a trial by jury, then all adverse parties shall have five days following the receipt of notice of the waiver to file and serve a demand for a trial by jury and to deposit any advance jury fees which are then due.

(c) When the party who has demanded trial by jury either waives such trial upon or after the assignment for trial to a specific department of the court, or upon or after the commencement of the trial, or fails to deposit the fees as provided in paragraph (6) of subdivision (a), trial by jury shall be waived by the other party either failing promptly to demand trial by jury before the judge in whose department the waiver, other than for the failure to deposit such fees, was made, or by that party's failing promptly to deposit the fees provided in paragraph (6) of subdivision (a).

(d) The court may, in its discretion upon just terms, allow a trial by jury although there may have been a waiver of a trial by jury.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the effective processing and mailing of small claims to parties in interest and to avoid a loss of fees by counties, it is necessary that this act go into immediate effect.

CHAPTER 16

An act relating to the Cleveland Elementary School, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 17, 1989. Filed with Secretary of State May 17, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) On January 17, 1989, a tragedy occurred at the Cleveland Elementary School in the Stockton Unified School District, in which a shooting incident resulted in the death of five pupils, and in injury

to pupils and employees of the school.

(b) It is necessary that provision be made to address the grief experienced by the pupils and employees of that school, and other aftereffects of that tragedy.

SEC. 2. The governing board of the Stockton Unified School District may close the Cleveland Elementary School to pupil attendance for not more than five days during the 1988–89 school year for the purposes described in Section 1, including, but not limited to, the following:

(a) Providing grief debriefing sessions for the benefit of teachers and other employees of the school.

(b) Training teachers and other employees of the school in providing assistance to pupils who are grieving.

(c) Planning coordinated pupil instructional activities at all grade levels that incorporate information on death and trauma, as drawn from appropriate literature.

(d) Improve the physical classroom environment through the repair of bullet holes and the exhibition of pupil work.

SEC. 3. Notwithstanding any other provision of law, both average daily attendance and total instructional time shall be calculated for the Stockton Unified School District for the 1988–89 school year, for all purposes of the Education Code, including, but not limited to, determining the entitlement of that district to state funding, as if, during the period of time described in Section 2, classes were held at the Cleveland Elementary School in the customary manner of that school and attended by the enrolled pupil population of the school.

SEC. 4. Due to the unique circumstances specified in Section 1 of this act concerning the Stockton Unified School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to address, in a timely manner, the grief and other aftereffects of the shooting tragedy described in Section 1 of this act, it is necessary that this act take effect immediately.

CHAPTER 17

The term "public body" and the plural thereof, as used in this act, shall include only those entities which are specifically enumerated in this section.

(b) "Bonds" means all instruments evidencing an indebtedness of a public body incurred or to be incurred for any public purpose, all leases, installment purchase agreements, or similar agreements in which the obligor is one or more public bodies, all instruments evidencing the borrowing of money in anticipation of taxes, revenues, or other income of such body, all instruments payable from revenues or special funds of such public bodies, all certificates of participation evidencing interests in the leases, installment purchase agreements, or similar agreements, and all instruments funding, refunding, replacing, or amending any thereof or any indebtedness.

(c) "Hereafter" means any time subsequent to the effective date of this act.

(d) "Heretofore" means any time prior to the effective date of this act.

(e) "Now" means the effective date of this act.

SEC. 3. All public bodies heretofore organized or existing under, or under color of, any law are hereby declared to have been legally organized and to be legally functioning as such public body. Every such public body shall have all the rights, powers, and privileges, and be subject to all the duties and obligations, of such a public body regularly formed pursuant to law.

SEC. 4. The boundaries of every public body as heretofore established, defined, or recorded, or as heretofore actually shown on maps or plats used by the assessor, are hereby confirmed, validated, and declared legally established.

SEC. 5. All acts and proceedings heretofore taken by any public body or bodies under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body or for the consolidation, merger, or dissolution of any public bodies are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of any such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory or the consolidation, merger, or dissolution of such public bodies.

SEC. 6. All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for, or in connection with, the authorization, issuance, sale, execution, delivery, or exchange of bonds of any such public body for any public purpose are hereby authorized, confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the authorization, issuance, sale, execution, delivery, or exchange of such bonds.

All bonds of, or relating to, any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid, and binding obligations of the public body. All bonds of, or relating to, any public body heretofore awarded and sold to a purchaser and hereafter issued and delivered in accordance with the contract of sale and other proceedings for the award and sale shall be the legal, valid, and binding obligations of the public body. All bonds of, or relating to, any public body heretofore authorized to be issued by ordinance, resolution, order, or other action adopted or taken by or on behalf of the public body and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. All bonds of, or relating to, any public body heretofore authorized to be issued at an election and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid, and binding obligations of the public body.

SEC. 7. (a) This act shall operate to supply such legislative authorization as may be necessary to authorize, confirm, and validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) This act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the state and federal Constitutions.

(c) This act shall not operate to authorize, confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which is pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to authorize, confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void, or ineffective.

(d) This act shall not operate to authorize, confirm, validate, or legalize a contract between any public body and the United States.

SEC. 8. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization, or incorporation of any public body, or for any annexation thereto, exclusion therefrom, or other change of boundaries thereof, or for the consolidation, merger, or dissolution of any public bodies, or for, or in connection with, the authorization, issuance, sale, execution, delivery, or exchange of bonds thereof upon any ground involving any alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches shall be commenced within six months of the effective date of this act; otherwise each and all of such matters shall be held to be valid and in every respect legal and incontestable. This act shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 9. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by those sections.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To validate the organization, boundaries, acts, proceedings, and bonds of public bodies as soon as possible, it is necessary that this act take immediate effect.

CHAPTER 18

An act to amend Sections 245, 12020.5, 12022, and 12022.5 of, and to add Chapter 2.3 (commencing with Section 12275) to Title 2 of Part 4 of, the Penal Code, relating to weapons.

[Approved by Governor May 24, 1989 Filed with Secretary of State May 24, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 245 of the Penal Code is amended to read:

245. (a) (1) Every person who commits an assault upon the person of another with a deadly weapon or instrument other than a firearm or by any means of force likely to produce great bodily injury is punishable by imprisonment in the state prison for two, three or four years, or in a county jail not exceeding one year, or by fine not exceeding ten thousand dollars ($10,000), or by both such fine and imprisonment.

(2) Every person who commits an assault upon the person of another with a firearm is punishable by imprisonment in the state prison for two, three, or four years, or in a county jail for a term of not less than six months and not exceeding one year, or by both a fine not exceeding ten thousand dollars ($10,000) and imprisonment.

(3) Every person who commits an assault upon the person of another with a machinegun, as defined in Section 12200, or an assault weapon, as defined in Section 12276, shall be punished by imprisonment in the state prison for 4, 8, or 12 years.

(b) Every person who commits an assault with a deadly weapon or instrument, other than a firearm, or by any means likely to produce great bodily injury upon the person of a peace officer or fireman, and who knows or reasonably should know that the victim is a peace officer or fireman engaged in the performance of his or her duties, when such peace officer or fireman is engaged in the performance of his or her duties shall be punished by imprisonment in the state prison for three, four, or five years.

(c) (1) Every person who commits an assault with a firearm upon the person of a peace officer or firefighter, and who knows or reasonably should know that the victim is a peace officer or firefighter engaged in the performance of his or her duties, when the peace officer or firefighter is engaged in the performance of his or her duties shall be punished by imprisonment in the state prison for four, six, or eight years.

(2) Every person who commits an assault with a machinegun, as defined in Section 12200, or an assault weapon, as defined in Section 12276, upon the person of a peace officer or firefighter, and who knows or reasonably should know that the victim is a peace officer or firefighter engaged in the performance of his or her duties, shall be punished by imprisonment in the state prison for 6, 9, or 12 years.

(d) When a person is convicted of a violation of this section, in a case involving use of a deadly weapon or instrument or firearm, and the weapon or instrument or firearm is owned by that person, the court shall order that the weapon or instrument or firearm be deemed a nuisance and it shall be confiscated and disposed of in the manner provided by Section 12028.

(e) As used in this section, "peace officer" refers to any person designated as a peace officer in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2.

SEC. 1.5. Section 12020.5 of the Penal Code is amended to read:

12020.5. It shall be unlawful for any person, firm, corporation, or association, in any newspaper, magazine, circular, form letter, or open publication, published, distributed, or circulated in this state, or on any billboard, card, label, or other advertising medium, or by means of any other advertising device, to advertise the sale of any weapon or device whose possession is prohibited by Section 12020 or 12280.

SEC. 2. Section 12022 of the Penal Code is amended to read:

12022. (a) (1) Except as provided in subdivisions (b) and (c), any person who is armed with a firearm in the commission or attempted commission of a felony shall, upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one year, unless such arming is an element of the offense of which he or she was convicted. This additional term shall apply to any person who is a principal in the commission or attempted commission of a felony if one or more of the principals is armed with a firearm, whether or not such person is personally armed with a firearm.

(2) Except as provided in subdivision (b), and notwithstanding subdivision (c), if the firearm is an assault weapon, as defined in Section 12276, the additional term described in this subdivision shall be three years whether or not the arming is an element of the offense of which he or she was convicted. The additional term provided in this paragraph shall apply to any person who is a principal in the commission or attempted commission of a felony if one or more of the principals is armed with an assault weapon whether or not the person is personally armed with an assault weapon.

(b) Notwithstanding the enhancement set forth in subdivision (a), any person who is personally armed with a firearm in the commission or attempted commission of a violation of Section 11351, 11351.5, 11352, 11366.5, 11366.6, 11378, 11378.5, 11379, 11379.5, or 11379.6 of the Health and Safety Code, shall, upon conviction of that offense and in addition and consecutive to the punishment prescribed for the offense of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for three, four, or five years in the court's discretion. The court shall order the middle term unless there are circumstances in aggravation

or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of the sentence.

(c) Notwithstanding the enhancement set forth in subdivision (a), any person not personally armed with a firearm who, knowing that another principal is personally armed with a firearm, is a principal in the commission or attempted commission of an offense specified in subdivision (b), shall, upon conviction of that offense, be punished by an additional term of one, two, or three years in the court's discretion. The court shall order the imposition of the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of sentencing.

(d) Any person who personally uses a deadly or dangerous weapon in the commission or attempted commission of a felony shall, upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one year, unless use of a deadly or dangerous weapon is an element of the offense of which he or she was convicted.

When a person is found to have personally used a deadly or dangerous weapon in the commission or attempted commission of a felony as provided in this subdivision and the weapon is owned by that person, the court shall order that the weapon be deemed a nuisance and disposed of in the manner provided in Section 12028.

(e) For purposes of imposing an enhancement under Section 1170.1, *the enhancements under this section shall count as one, single* enhancement.

(f) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in subdivision (b) or (c) in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

SEC. 3. Section 12022.5 of the Penal Code is amended to read:

12022.5. (a) Except as provided in subdivisions (b) and (c), any person who personally uses a firearm in the commission or attempted commission of a felony shall, upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for two years, unless use of a firearm is an element of the offense of which he or she was convicted.

(b) Notwithstanding subdivision (a), any person who is convicted of a felony or an attempt to commit a felony, including murder or attempted murder, in which that person discharged a firearm at an occupied motor vehicle which caused great bodily injury or death to the person of another, or any person who personally uses an assault weapon, as specified in Chapter 2.3 (commencing with Section

12275), in the commission or attempted commission of a felony, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the sentence prescribed for the felony or attempted felony, be punished by an additional term of imprisonment in the state prison for five years.

(c) Notwithstanding the enhancement set forth in subdivision (a), any person who personally uses a firearm in the commission or attempted commission of a violation of Section 11351, 11351.5, 11352, 11366.5, 11366.6, 11378, 11378.5, 11379, 11379.5, or 11379.6 of the Health and Safety Code, shall, upon conviction of that offense and in addition and consecutive to the punishment prescribed for the offense of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for three, four, or five years in the court's discretion. The court shall order the imposition of the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record.

(d) The additional term provided by this section may be imposed in cases of assault with a firearm under paragraph (2) of subdivision (a) of Section 245, or assault with a deadly weapon which is a firearm under Section 245.

(e) When a person is found to have personally used a firearm or an assault weapon in the commission or attempted commission of a felony as provided in this section and the firearm or assault weapon is owned by that person, the court shall order that the firearm be deemed a nuisance and disposed of in the manner provided in Section 12028.

(f) For purposes of imposing an enhancement under Section 1170.1, the enhancements under this section shall count as one, single enhancement.

(g) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancement provided in subdivision (c) in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

SEC. 4. Chapter 2.3 (commencing with Section 12275) is added to Title 2 of Part 4 of the Penal Code, to read:

CHAPTER 2.3. ROBERTI-ROOS ASSAULT WEAPONS CONTROL ACT OF 1989

Article 1. General Provisions

12275. This chapter shall be known as the Roberti-Roos Assault Weapons Control Act of 1989.

12275.5. The Legislature hereby finds and declares that the proliferation and use of assault weapons poses a threat to the health, safety, and security of all citizens of this state. As used in this chapter,

"assault weapon" generally means a firearm of such a nature and with such a high rate of fire and capacity for firepower that its function as a legitimate sports or recreational firearm is substantially outweighed by the danger that it can be used to kill and injure human beings. It is, therefore, the intent of the Legislature in enacting this act to place restrictions on the use of these assault weapons and to establish a registration and permit procedure for their lawful sale and possession. It is not, however, the intent of the Legislature to place restrictions on the use of those weapons which are primarily designed and intended for hunting, target practice, or other legitimate sports or recreational activities.

12276. As used in this chapter, "assault weapon" includes any of the following firearms known by trade names:

(a) All of the following specified rifles:

(1) Norinco, Mitchell and Poly Technologies Avtomat Kalashnikovs (all models).

(2) Action Arms Israeli Military Industries UZI and Galil.

(3) Beretta AR-70 (SC-70).

(4) CETME G3.

(5) Colt AR-15 and CAR-15.

(6) Daewoo K-1, K-2, Max 1, and Max 2.

(7) Fabrique Nationale FN/FAL, FN/LAR, and FNC.

(8) FAMAS MAS223.

(9) Heckler & Koch HK-91, H-93, HK-94, and PSG-1.

(10) MAC 10 and MAC 11.

(11) SKS with detachable magazine.

(12) SIG AMT, SIG 500 Series, and SIG PE-57.

(13) Springfield Armory BM59 and SAR-48.

(14) Sterling MK-6 and SAR.

(15) Steyr AUG.

(16) Valmet M62, M71S, and M78.

(17) Armalite AR-180 Carbine.

(18) Bushmaster Assault Rifle (armgun).

(19) Calico M-900 Assault Carbine.

(20) Mandall THE TAC-1 Carbine.

(21) Plainfield Machine Company Carbine.

(22) PJK M-68 Carbine.

(23) Weaver Arm Nighthawk.

(b) All of the following specified pistols:

(1) Action Arms UZI.

(2) Encom MP-9 and MP-45.

(3) MAC 10 and MAC 11.

(4) INTRATEC TEC-9.

(5) Mitchell Arms Spectre Auto.

(6) Sterling MK-7.

(7) Calico M-900.

(c) All of the following specified shotguns:

(1) Franchi SPAS 12 and LAW 12.

(2) Gilbert Equipment Company Striker 12.

(3) Encom CM-55.

(d) Other models by the same manufacturer that are identical to firearms listed in subdivision (a), (b), or (c), except for slight modifications or enhancements, including, but not limited to, a folding or retractable stock; adjustable sight; case deflector for left-handed shooters; shorter barrel; wooden, plastic, or metal stock; larger clip size; different caliber, provided the caliber exceeds .22 rimfire; or bayonet mount.

(e) Firearms which have been redesigned from, renamed, renumbered, or patterned after one of the listed firearms in subdivision (a), (b), (c), or those described in subdivision (d) regardless of the company of production or distribution, or country of origin, or any firearm which has been manufactured or sold by another company under a licensing agreement to manufacture or sell the identical or nearly identical firearms as those listed in subdivision (a), (b), (c), or those described in subdivision (d), regardless of the company of production or distribution, or the country of origin.

12277. As used in this chapter, "person" means an individual, partnership, corporation, association, or any other group or entity, regardless of how it was created.

Article 2. Unlawful Activities

12280. (a) Any person who within this state manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives or lends any assault weapon, except as provided by this chapter, is guilty of a felony, and upon conviction shall be punished by imprisonment in the state prison for four, six, or eight years. Any person who, within this state, possesses any assault weapon, except as provided in this chapter, is guilty of a felony, and upon conviction shall be punished by imprisonment in the state prison, or in the county jail, not exceeding one year. Notwithstanding Section 654 or any other provision of law, any person who commits another crime while violating this section may receive an additional, consecutive punishment of one year for violating this section in addition and consecutive to the punishment, including enhancements, which is prescribed for the other crime.

(b) Subdivision (a) does not apply to the sale to, purchase by, or possession of assault weapons by the Department of Justice, police departments, sheriffs' offices, the Department of Corrections, the California Highway Patrol, the California State Police, District Attorneys' Offices, or the military or naval forces of this state or of the United States for use in the discharge of their official duties; nor shall anything in this chapter prohibit the possession or use of assault weapons by sworn members of these agencies when on duty and the use is within the scope of their duties.

Article 3. Registration and Permits

12285. (a) Any person who lawfully possesses an assault weapon, as defined in Section 12276, prior to June 1, 1989, shall register the firearm by January 1, 1991, with the Department of Justice pursuant to such procedures as the department may establish. The registration shall contain a description of the firearm that identifies it uniquely, including all identification marks, the full name, address, date of birth, and thumbprint of the owner, and such other information as the department may deem appropriate. The department may charge a fee for registration not to exceed the actual processing costs of the department. After the department establishes fees sufficient to reimburse the department for processing costs, fees charged shall increase at a rate not to exceed the legislatively approved annual cost-of-living adjustment for the department's budget. The State Budget Act shall set a maximum registration fee that the department may charge.

(b) No assault weapon possessed pursuant to this section may be sold or transferred on or after January 1, 1990, to anyone within this state other than to a licensed gun dealer as defined in subdivision (b) of Section 12290. Any person who obtains title to an assault weapon registered under this section by bequest or intestate succession must, within 90 days, either render the weapon permanently inoperable, sell the weapon to a licensed gun dealer, obtain a permit from the Department of Justice in the same manner as specified in Article 3 (commencing with Section 12230), or remove the weapon from this state.

(c) A person who has registered an assault weapon acquired prior to June 1, 1989, under this section may possess it only under the following conditions unless a permit allowing additional uses is first obtained under Section 12286:

(1) At that person's residence, place of business, or other property owned by that person, or on property owned by another with the owner's express permission.

(2) While on the premises of a target range of a public or private club or organization organized for the purpose of practicing shooting at targets.

(3) While on a target range which holds a regulatory or business license for the purpose of practicing shooting at that target range.

(4) While on the premises of a shooting club which is licensed pursuant to the Fish and Game Code.

(5) While attending any exhibition, display, or educational project which is about firearms and which is sponsored by, conducted under the auspices of, or approved by a law enforcement agency or a nationally or state recognized entity that fosters proficiency in, or promotes education about, firearms.

(6) While transporting the assault weapon between any of the places mentioned in this subdivision, if the assault weapon is transported as required by Section 12026.1.

(d) No person under the age of 18 years and no person convicted of an offense listed in Section 12021 or 12021.1 of this code or a person described in Section 8100 or 8103 of the Welfare and Institutions Code may register or possess an assault weapon.

12286. (a) Any person that lawfully acquired an assault weapon before June 1, 1989, and wishes to use it in a manner different than specified in subdivision (c) of Section 12285, any person that lawfully acquired an assault weapon between June 1, 1989, and January 1, 1990, and wishes to keep it after January 1, 1990, or any person who wishes to acquire an assault weapon after January 1, 1990, shall first obtain a permit from the Department of Justice in the same manner as specified in Article 3 (commencing with Section 12230).

Article 4. Licensed Gun Dealers

12290. (a) Any licensed gun dealer, as defined in subdivision (b), who lawfully possesses an assault weapon pursuant to Section 12285, in addition to the uses allowed in Section 12285, may transport the weapon between dealers or out of the state, display it at any gun show licensed by a state or local governmental entity, sell it to a resident outside the state, or sell it to a person who has been issued a permit pursuant to Section 12286. Any transporting allowed by this section must be done as required by Section 12026.1.

(b) The term "licensed gun dealer," as used in this article means a person who has a federal firearms license, any business license required by a state or local governmental entity, and a seller's permit issued by the Board of Equalization.

SEC. 5. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 6. The Legislature finds and declares that the weapons enumerated in Section 12276 of the Penal Code are particularly dangerous in the hands of criminals and serve no necessary hunting or sporting purpose for honest citizens. It is the intent, therefor, to ban the weapons enumerated in Section 12276 of the Penal Code and any other models which are only variations of these weapons, which are the same weapon but manufactured or sold by another company under a licensing agreement, or which are new models manufactured or sold by any company with just minor modifications or new model numbers in order to circumvent the prohibitions of Chapter 2.3 (commencing with Section 12275) of Title 2 of Part 4 of the Penal Code.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime

or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 19

An act to amend Sections 245, 12001.6, 12020.5, 12022, and 12022.5 of, and to repeal and add Chapter 2.3 (commencing with Section 12275) of Title 2 of Part 4 of, the Penal Code, relating to firearms.

[Approved by Governor May 24, 1989 Filed with Secretary of State May 24, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 245 of the Penal Code is amended to read:

245. (a) (1) Every person who commits an assault upon the person of another with a deadly weapon or instrument other than a firearm or by any means of force likely to produce great bodily injury is punishable by imprisonment in the state prison for two, three or four years, or in a county jail not exceeding one year, or by fine not exceeding ten thousand dollars ($10,000), or by both such fine and imprisonment.

(2) Every person who commits an assault upon the person of another with a firearm is punishable by imprisonment in the state prison for two, three, or four years, or in a county jail for a term of not less than six months and not exceeding one year, or by both a fine not exceeding ten thousand dollars ($10,000) and imprisonment.

(3) Every person who commits an assault upon the person of another with a machinegun, as defined in Section 12200, or an assault weapon, as defined in Section 12276, shall be punished by imprisonment in the state prison for 4, 8, or 12 years.

(b) Every person who commits an assault with a deadly weapon or instrument, other than a firearm, or by any means likely to produce great bodily injury upon the person of a peace officer or fireman, and who knows or reasonably should know that the victim is a peace officer or fireman engaged in the performance of his or her duties, when such peace officer or fireman is engaged in the

performance of his or her duties shall be punished by imprisonment in the state prison for three, four, or five years.

(c) (1) Every person who commits an assault with a firearm upon the person of a peace officer or firefighter, and who knows or reasonably should know that the victim is a peace officer or firefighter engaged in the performance of his or her duties, when the peace officer or firefighter is engaged in the performance of his or her duties shall be punished by imprisonment in the state prison for four, six, or eight years.

(2) Every person who commits an assault with a machinegun, as defined in Section 12200, or an assault weapon, as defined in Section 12276, upon the person of a peace officer or firefighter, and who knows or reasonably should know that the victim is a peace officer or firefighter engaged in the performance of his or her duties, shall be punished by imprisonment in the state prison for 6, 9, or 12 years.

(d) When a person is convicted of a violation of this section, in a case involving use of a deadly weapon or instrument or firearm, and the weapon or instrument or firearm is owned by that person, the court shall order that the weapon or instrument or firearm be deemed a nuisance and it shall be confiscated and disposed of in the manner provided by Section 12028.

(e) As used in this section, "peace officer" refers to any person designated as a peace officer in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2.

SEC. 1.1. Section 12001.6 of the Penal Code is amended to read:

12001.6. As used in this chapter, an offense which involves the violent use of a firearm includes any of the following:

(a) A violation of paragraph (2) or (3) of subdivision (a) of Section 245 or a violation of subdivision (c) of Section 245.

(b) A violation of Section 246.

(c) A violation of paragraph (2) of subdivision (a) of Section 417.

(d) A violation of subdivision (b) of Section 417.

SEC. 1.5. Section 12020.5 of the Penal Code is amended to read:

12020.5. It shall be unlawful for any person, as defined in Section 12277, in any newspaper, magazine, circular, form letter, or open publication, published, distributed, or circulated in this state, or on any billboard, card, label, or other advertising medium, or by means of any other advertising device, to advertise the sale of any weapon or device whose possession is prohibited by Section 12020 or 12280.

SEC. 1.6. Section 12022 of the Penal Code is amended to read:

12022. (a) (1) Except as provided in subdivisions (b) and (c), any person who is armed with a firearm in the commission or attempted commission of a felony shall, upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one year, unless such arming is an element of the offense of which he or she was convicted. This additional term shall apply to any person who is a principal in the commission or attempted

commission of a felony if one or more of the principals is armed with a firearm, whether or not such person is personally armed with a firearm.

(2) Except as provided in subdivision (b), and notwithstanding subdivision (c), if the firearm is an assault weapon, as defined in Section 12276, or a machinegun, as defined in Section 12200, the additional term described in this subdivision shall be three years whether or not the arming is an element of the offense of which he or she was convicted. The additional term provided in this paragraph shall apply to any person who is a principal in the commission or attempted commission of a felony if one or more of the principals is armed with an assault weapon or machinegun whether or not the person is personally armed with an assault weapon or machinegun.

(b) Notwithstanding the enhancement set forth in subdivision (a), any person who is personally armed with a firearm in the commission or attempted commission of a violation of Section 11351, 11351.5, 11352, 11366.5, 11366.6, 11378, 11378.5, 11379, 11379.5, or 11379.6 of the Health and Safety Code, shall, upon conviction of that offense and in addition and consecutive to the punishment prescribed for the offense of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for three, four, or five years in the court's discretion. The court shall order the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of the sentence.

(c) Notwithstanding the enhancement set forth in subdivision (a), any person not personally armed with a firearm who, knowing that another principal is personally armed with a firearm, is a principal in the commission or attempted commission of an offense specified in subdivision (b), shall, upon conviction of that offense, be punished by an additional term of one, two, or three years in the court's discretion. The court shall order the imposition of the middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record at the time of sentencing.

(d) Any person who personally uses a deadly or dangerous weapon in the commission or attempted commission of a felony shall, upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of one year, unless use of a deadly or dangerous weapon is an element of the offense of which he or she was convicted.

When a person is found to have personally used a deadly or dangerous weapon in the commission or attempted commission of a felony as provided in this subdivision and the weapon is owned by that person, the court shall order that the weapon be deemed a nuisance and disposed of in the manner provided in Section 12028.

(e) For purposes of imposing an enhancement under Section

1170.1, the enhancements under this section shall count as one, single enhancement.

(f) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in subdivision (b) or (c) in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

SEC. 2. Section 12022.5 of the Penal Code is amended to read:

12022.5. (a) Except as provided in subdivisions (b) and (c), any person who personally uses a firearm in the commission or attempted commission of a felony shall, upon conviction of such felony or attempted felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for two years, unless use of a firearm is an element of the offense of which he or she was convicted.

(b) Notwithstanding subdivision (a), any person who is convicted of a felony or an attempt to commit a felony, including murder or attempted murder, in which that person discharged a firearm at an occupied motor vehicle which caused great bodily injury or death to the person of another, or any person who personally uses an assault weapon, as specified in Section 12276 or a machinegun, as defined in Section 12200, in the commission or attempted commission of a felony, shall, upon conviction of that felony or attempted felony, in addition and consecutive to the sentence prescribed for the felony or attempted felony, be punished by an additional term of imprisonment in the state prison for five years.

(c) Notwithstanding the enhancement set forth in subdivision (a), any person who personally uses a firearm in the commission or attempted commission of a violation of Section 11351, 11351.5, 11352, 11366.5, 11366.6, 11378, 11378.5, 11379, 11379.5, or 11379.6 of the Health and Safety Code, shall, upon conviction of that offense and in addition and consecutive to the punishment prescribed for the offense of which he or she has been convicted, be punished by an additional term of imprisonment in the state prison for three, four, or five years in the court's discretion. The court shall order the imposition of middle term unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its enhancement choice on the record.

(d) The additional term provided by this section may be imposed in cases of assault with a firearm under paragraph (2) of subdivision (a) of Section 245, or assault with a deadly weapon which is a firearm under Section 245.

(e) When a person is found to have personally used a firearm, an assault weapon, or a machinegun in the commission or attempted commission of a felony as provided in this section and the firearm, assault weapon, or machinegun is owned by that person, the court shall order that the firearm be deemed a nuisance and disposed of

in the manner provided in Section 12028.

(f) For purposes of imposing an enhancement under Section 1170.1, the enhancements under this section shall count as one, single enhancement.

(g) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancement provided in subdivision (c) in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

SEC. 2.5. Chapter 2.3 (commencing with Section 12275) of Title 2 of Part 4 of the Penal Code, as added by Senate Bill 292, is repealed.

SEC. 3. Chapter 2.3 (commencing with Section 12275) is added to Title 2 of Part 4 of the Penal Code, to read:

CHAPTER 2.3. ROBERTI-ROOS ASSAULT WEAPONS CONTROL ACT OF 1989

Article 1. General Provisions

12275. This chapter shall be known as the Roberti-Roos Assault Weapons Control Act of 1989.

12275.5. The Legislature hereby finds and declares that the proliferation and use of assault weapons poses a threat to the health, safety, and security of all citizens of this state. The Legislature has restricted the assault weapons specified in Section 12276 based upon finding that each firearm has such a high rate of fire and capacity for firepower that its function as a legitimate sports or recreational firearm is substantially outweighed by the danger that it can be used to kill and injure human beings. It is the intent of the Legislature in enacting this chapter to place restrictions on the use of assault weapons and to establish a registration and permit procedure for their lawful sale and possession. It is not, however, the intent of the Legislature by this chapter to place restrictions on the use of those weapons which are primarily designed and intended for hunting, target practice, or other legitimate sports or recreational activities.

12276. As used in this chapter, "assault weapon" shall mean the following firearms known by trade names:

(a) All of the following specified rifles:

(1) Avtomat Kalashnikovs (AK) series.

(2) UZI and Galil.

(3) Beretta AR-70 (SC-70).

(4) CETME G3.

(5) Colt AR-15 series and CAR-15 series.

(6) Daewoo K-1, K-2, Max 1, and Max 2.

(7) Fabrique Nationale FN/FAL, FN/LAR, and FNC.

(8) FAMAS MAS223.

(9) Heckler & Koch HK-91, H-93, HK-94, and PSG-1.

(10) MAC 10 and MAC 11.

(11) SKS with detachable magazine.
(12) SIG AMT, SIG 500 Series, and SIG PE-57.
(13) Springfield Armory BM59 and SAR-48.
(14) Sterling MK-6 and SAR.
(15) Steyr AUG.
(16) Valmet M62, M71S, and M78.
(17) Armalite AR-180 Carbine.
(18) Bushmaster Assault Rifle (armgun).
(19) Calico M-900 Assault Carbine.
(20) Mandall THE TAC-1 Carbine.
(21) Plainfield Machine Company Carbine.
(22) PJK M-68 Carbine.
(23) Weaver Arm Nighthawk.
(b) All of the following specified pistols:
(1) UZI.
(2) Encom MP-9 and MP-45.
(3) MAC 10 and MAC 11.
(4) INTRATEC TEC-9.
(5) Mitchell Arms Spectre Auto.
(6) Sterling MK-7.
(7) Calico M-900.
(c) All of the following specified shotguns:
(1) Franchi SPAS 12 and LAW 12.
(2) Gilbert Equipment Company Striker 12 and SWD Street Sweeper.
(3) Encom CM-55.
(d) Any firearm declared by a court pursuant to Section 12276.5 to be an assault weapon.

12276.5. (a) Upon request by the Attorney General filed in a verified petition in a superior court of a county with a population of more than 1,000,000, the superior court shall issue a declaration of temporary suspension of the manufacture, sale, distribution, transportation, or importation into the state, or the giving or lending of a firearm alleged to be an assault weapon within the meaning of Section 12276 because the firearm is either of the following:

(1) Another model by the same manufacturer or a copy by another manufacturer of an assault weapon listed in subdivision (a), (b), or (c) of Section 12276 which is identical to one of the assault weapons listed in those subdivisions except for slight modifications or enhancements including, but not limited to: a folding or retractable stock; adjustable sight; case deflector for left-handed shooters; shorter barrel; wooden, plastic or metal stock; larger magazine size; different caliber provided that the caliber exceeds .22 rimfire; or bayonet mount. The court shall strictly construe this paragraph so that a firearm which is merely similar in appearance but not a prototype or copy can not be found to be within the meaning of this paragraph.

(2) A firearm first manufactured or sold to the general public in California after June 1, 1989, which has been redesigned, renamed,

or renumbered from one of the firearms listed in subdivision (a), (b), or (c) of Section 12276, or which is manufactured or sold by another company under a licensing agreement to manufacture or sell one of the firearms listed in subdivision (a), (b), or (c) of Section 12276, regardless of the company of production or distribution, or the country of origin.

(b) Upon the issuance of a declaration of temporary suspension by the superior court and after the Attorney General has completed the notice requirements of subdivisions (c) and (d), the provisions of subdivision (a) of Section 12280 shall apply with respect to those weapons.

(c) Upon declaration of temporary suspension, the Attorney General shall immediately notify all police, sheriffs, district attorneys, and those requesting notice pursuant to subdivision (d), shall notify industry and association publications for those who manufacture, sell, or use firearms, and shall publish notice in not less than 10 newspapers of general circulation in geographically diverse sections of the state of the fact that the declaration has been issued.

(d) The Attorney General shall maintain a list of any persons who request to receive notice of any declaration of temporary suspension and shall furnish notice under subdivision (c) to all these persons immediately upon a superior court declaration. Notice shall also be furnished by the Attorney General by certified mail, return receipt requested (or substantial equivalent if the person to receive same resides outside the United States), to any known manufacturer and California distributor of the weapon subject of the temporary suspension order or their California statutory agent for service. The notice shall be deemed effective upon mailing.

(e) After issuing a declaration of temporary suspension under this section, the superior court shall set a date for hearing on a permanent declaration that the weapon is an assault weapon. The hearing shall be set no later than 30 days from the date of issuance of the declaration of temporary suspension. The hearing may be continued for good cause thereafter. Any manufacturer or California distributor of the weapon which is the subject of the temporary suspension order has the right, within 20 days of notification of the issuance of the order, to intervene in the action. Any manufacturer or California distributor who fails to timely exercise its right of intervention, or any other person who manufacturers, sells, or owns the assault weapon may, in the court's discretion, thereafter join the action as amicus curiae.

(f) At the hearing, the burden of proof is upon the Attorney General to show by a preponderance of evidence that the weapon which is the subject of the declaration of temporary suspension is an assault weapon. If the court finds the weapon to be an assault weapon it shall issue a declaration that it is an assault weapon under Section 12276. Any party to the matter may appeal the court's decision. A declaration that the weapon is an assault weapon shall remain in effect during the pendency of the appeal unless ordered otherwise

by the appellate court.

12277. As used in this chapter, "person" means an individual, partnership, corporation, association, or any other group or entity, regardless of how it was created.

Article 2. Unlawful Activities

12280. (a) Any person who within this state manufactures or causes to be manufactured, distributes, transports, or imports into the state, keeps for sale, or offers or exposes for sale, or who gives or lends any assault weapon, except as provided by this chapter, is guilty of a felony, and upon conviction shall be punished by imprisonment in the state prison for four, six, or eight years.

(b) Except as provided in Section 12288, any person who, within this state, possesses any assault weapon, except as provided in this chapter, is guilty of a public offense and upon conviction shall be punished by imprisonment in the state prison, or in the county jail, not exceeding one year. However, if the person presents proof that he or she lawfully possessed the assault weapon prior to June 1, 1989, or prior to a declaration issued pursuant to Section 12276.5 declaring that firearm to be an assault weapon, and has since either registered the firearm and any other lawfully obtained firearm subject to this chapter pursuant to Section 12285 or relinquished them pursuant to Section 12288, a first-time violation of this subdivision shall be an infraction punishable by a fine of up to five hundred dollars ($500), but not less than three hundred fifty dollars ($350), if the person has otherwise possessed the firearm in compliance with subdivision (c) of Section 12285. In these cases, the firearm shall be returned unless the court finds in the interest of public safety, after notice and hearing, that the assault weapon should be destroyed pursuant to Section 12028.

(c) Notwithstanding Section 654 or any other provision of law, any person who commits another crime while violating this section may receive an additional, consecutive punishment of one year for violating this section in addition and consecutive to the punishment, including enhancements, which is prescribed for the other crime.

(d) Subdivisions (a) and (b) do not apply to the sale to, purchase by, or possession of assault weapons by the Department of Justice, police departments, sheriffs' offices, the Department of Corrections, the California Highway Patrol, the California State Police, district attorneys' offices, or the military or naval forces of this state or of the United States for use in the discharge of their official duties; nor shall anything in this chapter prohibit the possession or use of assault weapons by sworn members of these agencies when on duty and the use is within the scope of their duties.

Article 3. Registration and Permits

12285. (a) Any person who lawfully possesses an assault weapon, as defined in Section 12276, prior to June 1, 1989, shall register the firearm by January 1, 1991, with the Department of Justice pursuant to those procedures which the department may establish. The registration shall contain a description of the firearm that identifies it uniquely, including all identification marks, the full name, address, date of birth, and thumbprint of the owner, and any other information as the department may deem appropriate. The department may charge a fee for registration of up to twenty dollars ($20) per person but not to exceed the actual processing costs of the department. After the department establishes fees sufficient to reimburse the department for processing costs, fees charged shall increase at a rate not to exceed the legislatively approved annual cost-of-living adjustment for the department's budget or as otherwise increased through the State Budget Act.

(b) No assault weapon possessed pursuant to this section may be sold or transferred on or after January 1, 1990, to anyone within this state other than to a licensed gun dealer, as defined in subdivision (b) of Section 12290, or as provided in Section 12288. Any person who (1) obtains title to an assault weapon registered under this section by bequest or intestate succession, (2) moves into the state in lawful possession of an assault weapon, or (3) lawfully possesed a firearm subsequently declared to be an assault weapon pursuant to Section 12276.5, shall, within 90 days, either render the weapon permanently inoperable, sell the weapon to a licensed gun dealer, obtain a permit from the Department of Justice in the same manner as specified in Article 3 (commencing with Section 12230) of Chapter 2, or remove the weapon from this state. A person who lawfully possessed a firearm which was subsequently declared to be an assault weapon pursuant to Section 12276.5 may alternatively register the firearm within 90 days of the declaration issued pursuant to subdivision (f) of Section 12276.5.

(c) A person who has registered an assault weapon under this section may possess it only under the following conditions unless a permit allowing additional uses is first obtained under Section 12286:

(1) At that person's residence, place of business, or other property owned by that person, or on property owned by another with the owner's express permission.

(2) While on the premises of a target range of a public or private club or organization organized for the purpose of practicing shooting at targets.

(3) While on a target range which holds a regulatory or business license for the purpose of practicing shooting at that target range.

(4) While on the premises of a shooting club which is licensed pursuant to the Fish and Game Code.

(5) While attending any exhibition, display, or educational project which is about firearms and which is sponsored by, conducted under

the auspices of, or approved by a law enforcement agency or a nationally or state recognized entity that fosters proficiency in, or promotes education about, firearms.

(6) While transporting the assault weapon between any of the places mentioned in this subdivision, if the assault weapon is transported as required by Section 12026.1.

(d) No person who is under the age of 18 years, no person who is prohibited from possessing a firearm by Section 12021 or 12021.1 of this code, and no person described in Section 8100 or 8103 of the Welfare and Institutions Code may register or possess an assault weapon.

(e) The department's registration procedures shall provide the option of joint registration for assault weapons owned by family members residing in the same household.

12286. (a) Any person that lawfully acquired an assault weapon before June 1, 1989, and wishes to use it in a manner different than specified in subdivision (c) of Section 12285, any person that lawfully acquired an assault weapon between June 1, 1989, and January 1, 1990, and wishes to keep it after January 1, 1990, or any person who wishes to acquire an assault weapon after January 1, 1990, shall first obtain a permit from the Department of Justice in the same manner as specified in Article 3 (commencing with Section 12230) of Chapter 2.

12288. Any individual may arrange in advance to relinquish an assault weapon to a police or sheriff's department. The assault weapon shall be transported in accordance Section 12026.1.

Article 4. Licensed Gun Dealers

12290. (a) Any licensed gun dealer, as defined in subdivision (b), who lawfully possesses an assault weapon pursuant to Section 12285, in addition to the uses allowed in Section 12285, may transport the weapon between dealers or out of the state, display it at any gun show licensed by a state or local governmental entity, sell it to a resident outside the state, or sell it to a person who has been issued a permit pursuant to Section 12286. Any transporting allowed by this section must be done as required by Section 12026.1.

(b) The term "licensed gun dealer," as used in this article means a person who has a federal firearms license, any business license required by a state or local governmental entity, and a seller's permit issued by the State Board of Equalization.

SEC. 4. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 5. The Legislature finds and declares that the weapons enumerated in Section 12276 of the Penal Code are particularly dangerous in the hands of criminals and serve no necessary hunting

or sporting purpose for honest citizens. It is the intent, therefor, to ban the weapons enumerated in Section 12276 of the Penal Code and any other models which are only variations of these weapons, which are the same weapon but manufactured or sold by another company under a licensing agreement, or which are new models manufactured or sold by any company with just minor modifications or new model numbers in order to circumvent the prohibitions of Chapter 2.3 (commencing with Section 12275) of Title 2 of Part 4 of the Penal Code.

SEC. 6. Section 1 of this act, which amends Section 245 of the Penal Code, shall not become operative if Senate Bill 292 of the 1989–90 Regular Session of the Legislature is also chaptered and amends Section 245 of the Penal Code.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

In addition, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority in Section 12028 of the Penal Code to recover any administrative costs that may be incurred in carrying out the program or level of service mandated by this act

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 20

An act to amend Section 1547 of the Penal Code, relating to crimes, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1989 Filed with Secretary of State May 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1547 of the Penal Code is amended to read:

1547. (a) The Governor may offer a reward of not more than fifty thousand dollars ($50,000), payable out of the General Fund, for information leading to the arrest and conviction of any of the following:

(1) Any convict who has escaped from a state prison, prison camp, prison farm, or the custody of any prison officer or employee or as

provided in Section 3059 or 4530.

(2) Any person who has committed, or is charged with the commission of, an offense punishable with death.

(3) Any person engaged in the robbery or hijacking of, or any attempt to rob or hijack, any person upon or in charge of, in whole or in part, any public conveyance engaged at the time in carrying passengers within this state.

(4) Any person who kills, assaults with a deadly weapon, or inflicts serious bodily harm upon a police officer who is acting in the line of duty.

(5) Any person who has committed a crime involving the burning or bombing of public property, including any public hospital housed in a privately owned facility.

(6) Any person who has committed a crime involving the burning or bombing of any private hospital. A reward may be offered by the Governor in conjunction with such a crime only if a reward in conjunction with the same crime is offered by the hospital, or any other public or private donor on its behalf. The amount of the reward offered by the Governor shall not exceed the aggregate amount offered privately, or fifty thousand dollars ($50,000), whichever is less. Nothing in this paragraph shall preclude a private hospital, or any public or private donor on its behalf, from offering a reward in an amount exceeding fifty thousand dollars ($50,000). If a person providing information for a reward under this paragraph so requests, his or her name and address shall remain confidential. This confidentiality, however, shall not preclude or obstruct the investigations of law enforcement authorities.

(7) Any person who commits a violation of Section 11413.

(8) Any person who commits a violation of Section 207.

(b) The reward shall be paid to the person giving the information, immediately upon the conviction of the person so arrested.

(c) As used in this section, "hijacking" means an unauthorized person causing, or attempting to cause, by violence or threat of violence, a public conveyance to go to an unauthorized destination.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to assist law enforcement agencies at the earliest possible time, by offering rewards leading to the arrest and conviction of kidnappers, it is necessary that this act take effect immediately.

CHAPTER 21

An act to amend Sections 3, 254, 1023, 1200, 1217, 1220, 2100, 2105.5, 2501, 2557, 6414, 7050, 7060, 7200, 7622, 8404, 8405, 8482, 8547, 9154, 9250, 9612, 9620, 10452, 11004, 11641, 11801, and 12530 of, to add Part 10 (commencing with Section 330) to Division 2 of, and to add Section 10902 to, the Probate Code, and to repeal Section 2 of Chapter 280 of the Statutes of 1988, relating to probate law and procedure, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1989 Filed with Secretary of State May 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 3 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

3. (a) As used in this section:

(1) "New law" means a change in this code, whether effectuated by amendment, addition, or repeal of any provision of this code.

(2) "Old law" means the applicable law in effect before the operative date of the new law.

(3) "Operative date" means the operative date of the new law.

(b) This section governs the application of the new law except to the extent otherwise expressly provided in the new law.

(c) Subject to the limitations provided in this section, the new law applies on the operative date to all matters governed by the new law, regardless of whether an event occurred or circumstance existed before, on, or after the operative date, including, but not limited to, creation of a fiduciary relationship, death of a person, commencement of a proceeding, making of an order, or taking of an action.

(d) If a petition, account, report, inventory, appraisal, or other document or paper is filed before the operative date, the contents, execution, and notice thereof are governed by the old law and not by the new law; but any subsequent proceedings taken after the operative date concerning the petition, account, report, inventory, appraisal, or other document or paper, including an objection or response, a hearing, an order, or other matter relating thereto is governed by the new law and not by the old law.

(e) If an order is made before the operative date, including an order appointing a personal representative, guardian, conservator, trustee, probate referee, or any other fiduciary or officer, or any action on an order is taken before the operative date, the validity of the order or action is governed by the old law and not by the new law. Nothing in this subdivision precludes proceedings after the operative date to modify an order made, or alter a course of action commenced, before the operative date to the extent proceedings for

modification of an order or alteration of a course of action of that type are otherwise provided in the new law.

(f) No personal representative, guardian, conservator, trustee, probate referee, or any other fiduciary, officer, or person is liable for any action taken before the operative date that was proper at the time the action was taken, even though the action would be improper if taken on or after the operative date, and such a person has no duty, as a result of the enactment of the new law, to take any step to alter the course of action or its consequences.

(g) If the new law does not apply to a matter that occurred before the operative date, the old law continues to govern the matter notwithstanding its repeal or amendment by the new law.

(h) If a party shows, and the court determines, that application of a particular provision of the new law or of the old law in the manner required by this section or by the new law would substantially interfere with the effective conduct of the proceedings or the rights of the parties or other interested persons in connection with an event that occurred or circumstance that existed before the operative date, the court may, notwithstanding this section or the new law, apply either the new law or the old law to the extent reasonably necessary to mitigate the substantial interference.

SEC. 2. Section 254 of the Probate Code is amended to read:

254. (a) A final judgment of conviction of felonious and intentional killing is conclusive for purposes of this part.

(b) In the absence of a final judgment of conviction of felonious and intentional killing, the court may determine by a preponderance of evidence whether the killing was felonious and intentional for purposes of this part. The burden of proof is on the party seeking to establish that the killing was felonious and intentional for the purposes of this part.

SEC. 3. Part 10 (commencing with Section 330) is added to Division 2 of the Probate Code, to read:

PART 10. DELIVERY OF DECEDENT'S TANGIBLE PERSONAL PROPERTY

330. (a) Except as provided in subdivision (b), a public administrator, government official, law enforcement agency, the hospital or institution in which a decedent died, or the decedent's employer, may, without the need to wait 40 days after death, deliver the tangible personal property of the decedent in its possession, including keys to the decedent's residence, to the decedent's surviving spouse, relative, or conservator or guardian of the estate acting in that capacity at the time of death.

(b) A person shall not deliver property pursuant to this section if the person knows or has reason to believe that there is a dispute over the right to possession of the property.

(c) A person that delivers property pursuant to this section shall require reasonable proof of the status and identity of the person to

whom the property is delivered, and may rely on any document described in subdivision (d) of Section 13104 as proof of identity.

(d) A person that delivers property pursuant to this section shall, for a period of three years after the date of delivery of the property, keep a record of the property delivered and the status and identity of the person to whom the property is delivered.

(e) Delivery of property pursuant to this section does not determine ownership of the property or confer any greater rights in the property than the recipient would otherwise have, and does not preclude later proceedings for administration of the decedent's estate. If proceedings for administration of the decedent's estate are commenced, the person holding the property shall deliver it to the personal representative on request by the personal representative.

(f) A person that delivers property pursuant to this section is not liable for loss or damage to the property caused by the person to whom the property is delivered.

SEC. 4. Section 1023 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

1023. If a petitioner, objector, or respondent is absent from the county or for some other cause is unable to sign or verify a petition, objection, or response, the person's attorney may sign or verify the petition, objection, or response unless the person is a fiduciary appointed in the proceeding.

SEC. 5. Section 1200 of the Probate Code is amended to read:

1200. (a) Except as provided in subdivisions (b), (c), and (d), this part governs notice required or permitted under this code.

(b) This part does not apply to proceedings under Division 4 (commencing with Section 1400) (guardianship and conservatorship) or Division 9 (commencing with Section 15000) (Trust Law), except that Sections 1201, 1202, 1204, 1205, 1207, 1240, 1241, and 1242 apply to proceedings under any of the divisions of this code.

(c) This part does not apply to notice under a particular provision to the extent that the particular provision is inconsistent with this part.

(d) This part does not apply to the giving of a particular notice where the notice was delivered, mailed, posted, or first published before July 1, 1988. The applicable law in effect before July 1, 1988, continues to apply to the giving of that notice, notwithstanding its amendment or repeal by Chapter 923 of the Statutes of 1987.

SEC. 6. Section 1217 of the Probate Code is amended to read:

1217. If a notice or other paper is required to be served or otherwise given and no other manner of giving the notice or other paper is specified by statute, the notice or other paper shall be mailed or personally delivered as provided in this chapter.

SEC. 7. Section 1220 of the Probate Code, as amended by Chapter 1199 of the Statutes of 1988, is amended to read:

1220. (a) Notice of a hearing shall be given as provided in this section in the following cases:

(1) Where another section so requires.

(2) Where notice of a hearing is required but no other period or manner is prescribed by statute, unless the period or manner of notice is ordered by the court or judge.

(b) At least 15 days before the time set for the hearing, the petitioner or the person filing the report, account, or other paper shall cause notice of the time and place of the hearing to be mailed to the persons required to be given notice.

(c) Unless the section requiring notice specifies the persons to be given notice, notice shall be mailed to all of the following:

(1) The personal representative.

(2) All persons who have given notice of appearance in the estate proceeding in person or by attorney. If the person appeared by attorney, the notice shall be mailed to the attorney.

(d) The notice shall be addressed to the person required to be given notice at the person's place of business or place of residence, if known, or, if neither address is known, to the person at the county seat where the proceedings are pending.

(e) Nothing in this section excuses compliance with the requirements for notice to a person who has requested special notice pursuant to Chapter 6 (commencing with Section 1250).

(f) The court for good cause may dispense with the notice otherwise required to be given to a person as provided in this section.

SEC. 8. Section 2100 of the Probate Code, as amended by Chapter 1199 of the Statutes of 1988, is amended to read:

2100. Guardianships and conservatorships are governed by the provisions of Part 1 (commencing with Section 1000) of Division 3 and of this division. If no specific provision of this division is applicable, the provisions applicable to administration of estates of decedents govern so far as they are applicable to like situations.

SEC. 9. Section 2105.5 of the Probate Code is amended to read:

2105.5. (a) Except as provided in subdivision (b), where there is more than one guardian or conservator of the estate, one guardian or conservator is not liable for a breach of fiduciary duty committed by another guardian or conservator.

(b) Where there is more than one guardian or conservator of the estate, one guardian or conservator is liable for a breach of fiduciary duty committed by another guardian or conservator of the same estate under any of the following circumstances:

(1) Where the guardian or conservator participates in a breach of fiduciary duty committed by the other guardian or conservator.

(2) Where the guardian or conservator improperly delegates the administration of the estate to the other guardian or conservator.

(3) Where the guardian or conservator approves, knowingly acquiesces in, or conceals a breach of fiduciary duty committed by the other guardian or conservator.

(4) Where the guardian or conservator negligently enables the other guardian or conservator to commit a breach of fiduciary duty.

(5) Where the guardian or conservator knows or has information

from which the guardian or conservator reasonably should have known of the breach of fiduciary duty by the other guardian or conservator and fails to take reasonable steps to compel the other guardian or conservator to redress the breach.

(c) The liability of a guardian or conservator for a breach of fiduciary duty committed by another guardian or conservator that occurred before July 1, 1988, is governed by prior law and not by this section.

SEC. 10. Section 2501 of the Probate Code is amended to read:

2501. (a) Except as provided in subdivision (b), court approval is required for a compromise, settlement, extension, renewal, or modification which affects:

(1) Title to real property.

(2) An interest in real property or a lien or encumbrance on real property.

(3) An option to purchase real property or an interest in real property.

(b) Subdivision (a) does not apply to an extension, renewal, or modification of a lease of real property having an unexpired term of two years or less where, under the lease as extended, renewed, or modified, (1) the rental does not exceed one thousand five hundred dollars ($1,500) a month and the term does not exceed two years, or (2) regardless of the amount of the rental, the lease is from month to month.

SEC. 11. Section 2557 of the Probate Code is amended to read:

2557. (a) Whenever it is for the advantage, benefit, and best interests of the ward or conservatee and those legally entitled to support, maintenance, or education from the ward or conservatee, the guardian or conservator, after authorization by order of the court, may exchange any property of the estate for other property upon such terms and conditions as the court may prescribe. These conditions may include the payment or receipt of part cash by the guardian or conservator.

(b) To obtain an order under this section, the guardian or conservator or any interested person may file a petition with the court. Except as provided in subdivision (c), notice of the hearing on the petition shall be given for the period and in the manner provided in Chapter 3 (commencing with Section 1460) of Part 1.

(c) If the petition is for authorization to exchange stocks, bonds, or other securities as defined in Section 10200 for different stocks, bonds, or other securities, the court, upon a showing of good cause, may order that the notice be given for a shorter period or dispensed with.

(d) After authorization by order of the court, the guardian or conservator may execute the conveyance or transfer to the person with whom the exchange is made to effectuate the exchange.

SEC. 12. Section 6414 of the Probate Code is amended to read:

6414. (a) Except as provided in subdivision (b), this part applies only where the decedent died on or after January 1, 1985, and the law

applicable prior to January 1, 1985, continues to apply where the decedent died before January 1, 1985.

(b) Section 6412 applies whether the decedent died before, on, or after January 1, 1985.

(c) Where any of the following provisions is applied in a case where the decedent died before January 1, 1985, any reference in that provision to this part shall be deemed to be a reference to former Division 2 (commencing with Section 200) which was repealed by Section 19 of Chapter 842 of the Statutes of 1983:

(1) Section 377 of the Code of Civil Procedure.

(2) Section 3524 of the Penal Code.

SEC. 13. Section 7050 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

7050. (a) The superior court has jurisdiction of proceedings under this code concerning the administration of the decedent's estate.

(b) The court in proceedings under this code concerning the administration of the decedent's estate is a court of general jurisdiction and the court, or a judge of the court, has the same power and authority with respect to the proceedings as otherwise provided by law for a superior court, or a judge of the superior court, including, but not limited to, the matters authorized by Section 128 of the Code of Civil Procedure.

SEC. 14. Section 7060 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

7060. (a) In addition to any other ground provided by law for disqualification of a judge, a judge is disqualified from acting in proceedings under this code concerning the administration of the decedent's estate, except to order the transfer of a proceeding as provided in Article 3 (commencing with Section 7070), if any of the following circumstances exist:

(1) The judge is interested as a beneficiary or creditor.

(2) The judge is named as executor or trustee in the will.

(3) The judge is otherwise interested.

(b) A judge who participates in any manner in the drafting or execution of a will, including acting as a witness to the will, is disqualified from acting in any proceeding prior to and including the admission of the will to probate or in any proceeding involving its validity or interpretation.

(c) The amendments made to former Section 303 by Section 27 of Chapter 923 of the Statutes of 1987 do not apply in any proceeding commenced prior to July 1, 1988.

SEC. 15. Section 7200 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

7200. Except as otherwise expressly provided in this code, there is no right to a jury trial in proceedings under this code concerning the administration of the decedent's estate.

SEC. 16. Section 7622 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

7622. Except as otherwise provided in this chapter:

(a) The public administrator shall administer the estate in the same manner as a personal representative generally, and the provisions of this code concerning the administration of the decedent's estate apply to administration by the public administrator.

(b) The public administrator and the public administrator's attorney are entitled to receive the same compensation and allowances granted by this division to a personal representative and the personal representative's attorney generally. However, the compensation of the public administrator and the public administrator's attorney shall not be less than the compensation and allowances in effect at the time of appointment of the public administrator, regardless of whether the public administrator was appointed before, on, or after the operative date of this section.

SEC. 17. Section 8404 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

8404. (a) Before letters are issued, the personal representative, other than a trust company, shall file an acknowledgment of receipt of a statement of duties and liabilities of the office. The statement shall be in the form provided in subdivision (c) or, if the Judicial Council prescribes the form of the statement, in the form prescribed by the Judicial Council. The court may by local rule require the acknowledgment of receipt to include the personal representative's social security number and driver's license number, if any, provided that the court ensures their confidentiality.

(b) The statement of duties and liabilities, whether in the form provided in subdivision (c) or prescribed by the Judicial Council, does not supersede the law on which the statement is based.

(c) The form for the statement of duties and liabilities of a personal representative is as follows:

DUTIES AND LIABILITIES OF PERSONAL REPRESENTATIVE

When you have been appointed as personal representative of an estate by the court, you become an officer of the court and assume certain duties and obligations. An attorney is best qualified to advise you regarding these matters. You should clearly understand the following:

1. You must manage the estate assets with the care of a prudent person dealing with someone else's property. This means you must be cautious and you may not make any speculative investments. You may deposit estate funds in insured accounts in financial institutions, but you should consult with an attorney before making other investments.

2. You must keep the money and property in this estate separate from anyone else's, including your own. When you open a bank account for the estate, the account name must indicate that it is an

estate account and not your personal account. Estate accounts, other than checking accounts intended for ordinary administration expenses, must earn interest. Never deposit estate funds in your personal account or otherwise commingle them with anyone else's property. Securities in the estate must also be held in a name that shows they are estate property and not your personal property.

3. There are many restrictions on your authority to deal with estate property. You should not spend any of the estate's money until you have received permission from the court or if so advised by an attorney. You may reimburse yourself for official court costs paid by you to the county clerk and for the premium on your bond. You may not pay fees to your attorney, if any, or to yourself without prior order of the court. If you do not obtain the court's permission when it is required, you may be removed as personal representative, or you may have to reimburse the estate from your own personal funds, or both. You should consult with an attorney concerning the legal requirements affecting sales, leases, mortgages, and investments of estate property.

4. You must attempt to locate and take possession of all the decedent's property to be administered in the estate. You must arrange to have a court-appointed referee determine the value of the property unless this is waived by the court. (You, rather than the referee, must determine the value of certain "cash items"; an attorney can advise you as to this procedure.) Within four months after your appointment as personal representative you must file with the court an inventory and appraisal of all the assets in the estate. At the time you file the inventory and appraisal you must also file a change of ownership statement with the county recorder or assessor in each county where the decedent owned real property at the time of death, as provided in Section 480 of the California Revenue and Taxation Code.

5. You must mail notice of administration to each known creditor of the decedent within four months after your appointment as personal representative. If the decedent received Medi-Cal assistance you must notify the State Director of Health Services within 90 days after appointment.

6. You should determine that there is appropriate and adequate insurance covering the assets and risks of the estate. Maintain the insurance in force during the entire period of the administration.

7. You must keep complete and accurate records of each financial transaction affecting the estate. You will have to prepare an account of all money and property you have received, what you have spent, and the date of each transaction. You must describe in detail what you have left after the payment of expenses. Your account will be reviewed by the court. Save your receipts because the court may ask to review them. If you do not file your accounts as required, the court will order you to do so. You may be removed as personal representative if you fail to comply.

This statement of duties and liabilities is a summary and is not a

complete statement of the law. Your conduct as a personal representative is governed by the law itself and not by this summary.

If you have an attorney, you should cooperate with the attorney at all times. You and your attorney are responsible for completing the estate administration as promptly as possible. When in doubt, contact your attorney.

SEC. 18. Section 8405 of the Probate Code, as added by Chapter 1199 of the Statues of 1988, is amended to read:

8405. Letters shall be signed by the clerk under the seal of the court and shall include:

(a) The county from which the letters are issued.

(b) The name of the person appointed as personal representative and whether the personal representative is an executor, administrator, administrator with the will annexed, or special administrator.

(c) A notation whether the personal representative is authorized to act under the Independent Administration of Estates Act (Part 6 (commencing with Section 10400) of Division 7), and whether the authority includes or excludes sale, exchange, granting an option to purchase, or borrowing money with the loan secured by an encumbrance upon, real property under the act.

SEC. 19. Section 8482 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

8482. (a) The court in its discretion may fix the amount of the bond, but the amount of the bond shall be not more than the sum of:

(1) The estimated value of the personal property.

(2) The probable annual gross income of the estate.

(3) If independent administration is granted as to real property, the estimated value of the decedent's interest in the real property.

(b) Notwithstanding subdivision (a), if the bond is given by an admitted surety insurer, the court may establish a fixed minimum amount for the bond, based on the minimum premium required by the admitted surety insurer.

(c) If the bond is given by personal sureties, the amount of the bond shall be twice the amount fixed by the court under subdivision (a).

(d) Before confirming a sale of real property the court shall require such additional bond as may be proper, not exceeding the maximum requirements of this section, treating the expected proceeds of the sale as personal property.

SEC. 20. Section 8547 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

8547. (a) Subject to the limitations of this section, the court shall fix the commission and allowances of the special administrator and the fees of the attorney of the special administrator.

(b) The commission of the special administrator shall not be allowed until the close of administration, unless the general personal

representative joins in the petition for allowance of the special administrator's commission or the court in its discretion so allows. Extra allowances of a special administrator may be allowed on settlement of the final account of the special administrator. The total commission paid and extra allowances made to the special administrator and general personal representative shall not, together, exceed the sums provided in this code for commission and extra allowances for the services of a personal representative. If the same person does not act as both special administrator and general personal representative, the commission and allowances shall be divided in such proportions as the court deems just or as may be agreed to by the special administrator and general personal representative.

(c) The total fees paid to the attorneys both of the special administrator and the general personal representative shall not, together, exceed the sums provided in this code as compensation for the ordinary and extraordinary services of attorneys for personal representatives. When the same attorney does not act for both the special administrator and general personal representative, the fees shall be divided between the attorneys in such proportions as the court deems just or as agreed to by the attorneys.

(d) Fees of an attorney for extraordinary services to a special administrator may be awarded in the same manner and subject to the same standards as for extraordinary services to a general personal representative, except that the award of fees to the attorney may be made on settlement of the final account of the special administrator. Extraordinary services for which the attorney may apply to the court for compensation under this subdivision include those services rendered by any paralegal performing the extraordinary services under the direction and supervision of an attorney. The petition or application for compensation shall set forth the hours spent and services performed by the paralegal.

SEC. 21. Section 9154 of the Probate Code is amended to read:

9154. (a) Notwithstanding any other provision of this part, if a creditor makes a written demand for payment within four months after the date letters are first issued to a general personal representative, the personal representative may waive formal defects and elect to treat the demand as a claim that is filed and established under this part by paying the amount demanded before the expiration of 30 days after the four-month period if all of the following conditions are satisfied:

(1) The debt was justly due.

(2) The debt was paid in good faith.

(3) The amount paid was the true amount of the indebtedness over and above all payments and offsets.

(4) The estate is solvent.

(b) Nothing in this section limits application of the doctrine of waiver, estoppel, laches, or detrimental reliance, or of any other equitable principle.

SEC. 22. Section 9250 of the Probate Code is amended to read:

9250. (a) When a claim is filed, the personal representative shall allow or reject the claim in whole or in part.

(b) The allowance or rejection shall be in writing. The personal representative shall file the allowance or rejection with the court clerk and give notice to the creditor as provided in Section 1215, together with a copy of the allowance or rejection.

(c) The allowance or rejection shall contain the following information:

(1) The name of the creditor.

(2) The total amount of the claim.

(3) The date of issuance of letters.

(4) The date of the decedent's death.

(5) The estimated value of the decedent's estate.

(6) The amount allowed or rejected by the personal representative.

(7) Whether the personal representative is authorized to act under the Independent Administration of Estates Act (Part 6 (commencing with Section 10400) of Division 7).

(8) A statement that the creditor has three months in which to act on a rejected claim.

(d) The Judicial Council may prescribe an allowance or rejection form, which may be part of the claim form. Use of a form prescribed by the Judicial Council is deemed to satisfy the requirements of this section.

(e) This section does not apply to a demand the personal representative elects to treat as a claim under Section 9154.

SEC. 23. Section 9612 of the Probate Code is amended to read:

9612. When a judgment or order made pursuant to the provisions of this code concerning the administration of the decedent's estate becomes final, it releases the personal representative and the sureties from all claims of the heirs or devisees and of any persons affected thereby based upon any act or omission directly authorized, approved, or confirmed in the judgment or order. For the purposes of this section, "order" includes an order settling an account of the personal representative, whether an interim or final account.

SEC. 24. Section 9620 of the Probate Code, as amended by Chapter 1199 of the Statutes of 1988, is amended to read:

9620. If there is a dispute relating to the estate between the personal representative and a third person, the personal representative may do either of the following:

(a) Enter into an agreement in writing with the third person to refer the dispute to a temporary judge designated in the agreement. The agreement shall be filed with the clerk, who shall thereupon, with the approval of the court, enter an order referring the matter to the designated person. The temporary judge shall proceed promptly to hear and determine the matter in controversy by summary procedure, without pleadings or discovery. The decision of the designated person shall be subject to Section 632 of the Code of

Civil Procedure. Judgment shall be entered on the decision and shall be as valid and effective as if rendered by a judge of the court in an action against the personal representative or the third person commenced by ordinary process.

(b) Enter into an agreement in writing with the third person that a judge, pursuant to the agreement and with the written consent of the judge, both filed with the clerk within the time specified in Section 9353 for bringing an independent suit on the matter in dispute, may hear and determine the dispute pursuant to the procedure provided in subdivision (a).

SEC. 25. Section 10452 of the Probate Code is amended to read:

10452. (a) Any interested person may object to the granting of authority to administer the estate under this part by filing at or before the hearing a written statement setting forth the objection or by appearing at the hearing and making the objection.

(b) Unless the court determines that the objecting party has shown good cause why the authority requested in the petition should not be granted, the court shall grant the requested authority. If the objecting party has shown good cause why only limited authority should be granted, the court shall grant only limited authority.

SEC. 26. Section 10902 is added to the Probate Code, to read:

10902. The personal representative shall file an account when required under Chapter 2 (commencing with Section 10950) and may file an account at any other time. Whether or not required, the filing of an account shall be deemed to include a petition for approval of the account.

SEC. 27. Section 11004 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

11004. The personal representative shall be allowed all necessary expenses in the administration of the estate, including, but not limited to, necessary expenses in the care, management, preservation, and settlement of the estate.

SEC. 28. Section 11641 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

11641. When an order settling a final account and for final distribution is entered, the personal representative may immediately distribute the property in the estate to the persons entitled to distribution, without further notice or proceedings.

SEC. 29. Section 11801 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

11801. (a) Except as provided in subdivision (b), the share in a decedent's estate of a beneficiary who survives the decedent but who dies before distribution shall be distributed under this chapter with the same effect as though the distribution were made to the beneficiary while living.

(b) Subject to Section 21525, distribution may not be made under this chapter if the decedent's will provides that the beneficiary is entitled to take under the will only if the beneficiary survives the date of distribution or other period stated in the will and the

beneficiary fails to survive the date of distribution or other period.

SEC. 30. Section 12530 of the Probate Code, as added by Chapter 1199 of the Statutes of 1988, is amended to read:

12530. Except to the extent otherwise provided in this chapter, ancillary administration of a decedent's estate is subject to all other provisions of this code concerning the administration of the decedent's estate, including, but not limited to, opening estate administration, inventory and appraisal, creditor claims, estate management, independent administration, compensation, accounts, payment of debts, distribution, and closing estate administration.

SEC. 31. Section 2 of Chapter 280 of the Statutes of 1988, as amended by Chapter 1447 of the Statutes of 1988, is repealed.

SEC. 32. This act shall become operative on July 1, 1989.

SEC. 33. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to facilitate and coordinate the implementation of Chapter 1199 of the Statutes of 1988, relating to probate law and procedure, which will become operative July 1, 1989, and other previously enacted statutes relating to probate law and procedure, it is necessary that this act go into immediate effect.

CHAPTER 22

An act to amend Section 1298 of the Code of Civil Procedure, relating to arbitration, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1989 Filed with Secretary of State May 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1298 of the Code of Civil Procedure is amended to read:

1298. (a) Whenever any contract to convey real property, or contemplated to convey real property in the future, including marketing contracts, deposit receipts, real property sales contracts as defined in Section 2985 of the Civil Code, leases together with options to purchase, or ground leases coupled with improvements, but not including powers of sale contained in deeds of trust or mortgages, contains a provision for binding arbitration of any dispute between the principals in the transaction, the contract shall have that provision clearly titled "ARBITRATION OF DISPUTES."

If a provision for binding arbitration is included in a printed contract, it shall be set out in at least 8-point bold type or in contrasting red in at least 8-point type, and if the provision is

included in a typed contract, it shall be set out in capital letters.

(b) Whenever any contract or agreement between principals and agents in real property sales transactions, including listing agreements, as defined in Section 1086 of the Civil Code, contains a provision requiring binding arbitration of any dispute between the principals and agents in the transaction, the contract or agreement shall have that provision clearly titled "ARBITRATION OF DISPUTES."

If a provision for binding arbitration is included in a printed contract, it shall be set out in at least 8-point bold type or in contrasting red in at least 8-point type, and if the provision is included in a typed contract, it shall be set out in capital letters.

(c) Immediately before the line or space provided for the parties to indicate their assent or nonassent to the arbitration provision described in subdivision (a) or (b), and immediately following that arbitration provision, the following shall appear:

"NOTICE: BY INITIALLING IN THE SPACE BELOW YOU ARE AGREEING TO HAVE ANY DISPUTE ARISING OUT OF THE MATTERS INCLUDED IN THE 'ARBITRATION OF DISPUTES' PROVISION DECIDED BY NEUTRAL ARBITRATION AS PROVIDED BY CALIFORNIA LAW AND YOU ARE GIVING UP ANY RIGHTS YOU MIGHT POSSESS TO HAVE THE DISPUTE LITIGATED IN A COURT OR JURY TRIAL. BY INITIALLING IN THE SPACE BELOW YOU ARE GIVING UP YOUR JUDICIAL RIGHTS TO DISCOVERY AND APPEAL, UNLESS THOSE RIGHTS ARE SPECIFICALLY INCLUDED IN THE 'ARBITRATION OF DISPUTES' PROVISION. IF YOU REFUSE TO SUBMIT TO ARBITRATION AFTER AGREEING TO THIS PROVISION, YOU MAY BE COMPELLED TO ARBITRATE UNDER THE AUTHORITY OF THE CALIFORNIA CODE OF CIVIL PROCEDURE. YOUR AGREEMENT TO THIS ARBITRATION PROVISION IS VOLUNTARY."

"WE HAVE READ AND UNDERSTAND THE FOREGOING AND AGREE TO SUBMIT DISPUTES ARISING OUT OF THE MATTERS INCLUDED IN THE 'ARBITRATION OF DISPUTES' PROVISION TO NEUTRAL ARBITRATION."

If the above provision is included in a printed contract, it shall be set out either in at least 10-point bold type or in contrasting red print in at least 8-point bold type, and if the provision is included in a typed contract, it shall be set out in capital letters.

(d) Nothing in this section shall be construed to diminish the authority of any court of competent jurisdiction with respect to real property transactions in areas involving court supervision or jurisdiction, including, but not limited to, probate, marital dissolution, foreclosure of liens, unlawful detainer, or eminent domain.

(e) In the event an arbitration provision is contained in an escrow instruction, it shall not preclude the right of an escrowholder to institute an interpleader action.

SEC. 2. This act shall become operative on July 1, 1989.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the notice provisions effected by this act give the most readable notice to the public and in order to ensure that the changes made by this act take effect at the same time as Chapter 881 of the Statutes of 1988, it is necessary that this act take effect immediately.

CHAPTER 23

An act to amend Section 12502 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1989 Filed with Secretary of State May 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 12502 of the Vehicle Code is amended to read:

12502. (a) The following persons may operate a motor vehicle in this state without obtaining a driver's license under this code:

(1) A nonresident over the age of 18 years having in his or her immediate possession a valid driver's license issued by a foreign jurisdiction of which he or she is a resident, except as provided in Section 12505.

(2) A nonresident having in his or her immediate possession a valid driver's license, issued by the Diplomatic Motor Vehicle Office of the Office of Foreign Missions of the United States Department of State, for the type of motor vehicle or combination of vehicles that the person is operating.

(b) Any person entitled to the exemption contained in subdivision (a), while operating, within this state, a commercial vehicle, as defined in subdivision (b) of Section 15210, or a vehicle otherwise requiring a class 1 or 2 driver's license, shall have in his or her possession a current medical certificate of a type described in subdivision (c) of Section 12804, which has been issued within two years of the date of operation of that vehicle.

(c) The department shall report to the Legislature by January 15, 1990, and by January 15 of each year thereafter, regarding the frequency of violations and reportable accidents by holders of the licenses described in paragraph (2) of subdivision (a). In preparing the report, the department shall use information, as available, from its own files, and from the Department of the California Highway

Patrol, local law enforcement agencies, and the Diplomatic Motor Vehicle Office of the Office of Foreign Missions of the United States Department of State.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act will eliminate an unnecessary requirement regarding driver's license requirements for persons who possess a valid diplomatic driver's license and will have the effect of promoting safer driving by those persons. In order to achieve its intended results at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 24

An act to amend Sections 7202.5 and 7202.6 of, and to repeal and add Section 7200.1 of, the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1989 Filed with Secretary of State May 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 7200.1 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 7200.1 is added to the Revenue and Taxation Code, to read:

7200.1. As used in this part, "redevelopment agency" means a redevelopment agency created within a city pursuant to Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code, and as defined in Section 33003 of the Health and Safety Code.

SEC. 3. Section 7202.5 of the Revenue and Taxation Code is amended to read:

7202.5. In addition to the provisions set forth in subparagraphs (A) to (H), inclusive, of paragraph (8) of subdivision (a) of Section 7202, a city sales and use tax ordinance may provide that any person subject to a sales and use tax under the city's ordinance shall be entitled to credit against the payment of taxes due under that ordinance the amount of sales and use taxes due to the redevelopment agency of the city pursuant to Section 7202.6.

SEC. 4. Section 7202.6 of the Revenue and Taxation Code is amended to read:

7202.6. (a) The redevelopment agency of any city which has adopted a sales and use tax ordinance pursuant to this part and

containing the provision described in Section 7202.5 may adopt a sales and use tax ordinance in accordance with the provisions of this part, provided the redevelopment agency sales and use tax is levied under an ordinance including the following provisions:

(1) A provision imposing a tax for the privilege of selling tangible personal property at retail upon every retailer in the project area at the rate of 1 percent or less of the gross receipts of the retailer from the sale of all tangible personal property sold by that person at retail in the project area, and a use tax of 1 percent or less of purchase price upon the storage, use or other consumption of tangible personal property purchased from a retailer for storage, use or consumption in the project area. The rate of tax imposed by the ordinance shall not exceed the rate of tax imposed by the city ordinance.

(2) Provisions identical to those contained in Part 1 (commencing with Section 6001), insofar as they relate to sales and use taxes, except that the name of the redevelopment agency as the taxing agency shall be substituted for that of the state (but the name of the redevelopment agency shall not be substituted for the word "state" in the phrase "retailer engaged in business in this state" in Section 6203 nor in the definition of that phrase in Section 6203) and that an additional seller's permit shall not be required if one has been or is issued to the seller under Section 6067.

(3) A provision that all amendments subsequent to the effective date of the enactment of Part 1 (commencing with Section 6001) relating to sales and use tax and not inconsistent with this part, shall automatically become a part of the sales and use tax ordinance of the agency.

(4) A provision that the agency shall contract prior to the operative date of the agency sales and use tax ordinance with the State Board of Equalization to perform all functions incident to the administration or operation of the sales and use tax ordinance of the agency which shall continue in effect so long as the county and the city within which the agency is located have operative sales and use tax ordinances enacted pursuant to this part.

(5) A provision that the storage, use or other consumption of tangible personal property, the gross receipts from the sale of which has been subject to sales tax under a sales and use tax ordinance enacted in accordance with this part by any city and county, county, city or redevelopment agency in this state, shall be exempt from the tax due under this ordinance.

(6) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California upon a retailer or consumer.

(7) A provision that there are exempted from the computation of the amount of the sales tax the gross receipts from the sale of tangible personal property to operators of aircraft to be used or consumed principally outside the project area and the city in which the sale is made and directly and exclusively in the use of that aircraft as common carriers of persons or property under the authority of the

laws of this state, the United States, or any foreign government.

(8) A provision that, in addition to the exemptions provided in Sections 6366 and 6366.1, the storage, use, or other consumption of tangible personal property purchased by operators of aircraft and used or consumed by those operators directly and exclusively in the use of that aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States, or any foreign government is exempt from the use tax.

(b) The ordinance shall contain an enacting clause which states as follows: "The redevelopment agency of the City of _____ does ordain as follows:" The ordinance shall be signed by the chairman of the agency and attested by the clerk or secretary of the agency, and shall take effect immediately upon its final passage. However, the ordinance shall become operative on the first day of the first calendar quarter commencing more than 180 days after adoption of the ordinance. In all other respects, the ordinance shall be introduced and passed, and notice given by publication, in the manner provided by law for the city. A redevelopment agency whose governing body is other than the city council shall not adopt an ordinance pursuant to this section unless the city council has first adopted a resolution consenting to the adoption of the ordinance by the agency.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for uniform application of an important redevelopment financing tool and to ensure the feasibility of certain necessary public projects about to be implemented in cities where the members of the governing body of the redevelopment agency are not also members of the city council, it is necessary that this act go into immediate effect.

CHAPTER 25

An act to amend Section 35331 of the Education Code, relating to schools.

[Approved by Governor May 25, 1989 Filed with Secretary of State May 25, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 35331 of the Education Code is amended to read:

35331. (a) The governing board of any school district conducting excursions and field trips pursuant to this article shall provide, or make available, medical or hospital service, or both, for pupils of the

district injured while participating in any excursion or field trip under the jurisdiction of, or sponsored or controlled by, the district or the authorities of any school of the district.

(b) (1) The medical or hospital service, or both, described in subdivision (a) shall be provided, or made available, through any of the following:

(A) One or more nonprofit membership corporations defraying the cost of medical or hospital service, or both.

(B) One or more group, blanket, or individual policies of accident insurance from an authorized insurer.

(C) A self-insurance program of the school district.

(2) The cost incurred by the school district pursuant to this subdivision may be paid from the funds of the district, or by the insured pupil or his or her parent or guardian.

(3) The membership may be taken in, or the insurance may be purchased from, only those corporations or insurers that are authorized to do business in this state. If the coverage described in this subdivision is to be provided through a self-insurance program of the school district, claims may be paid from a fund established for that purpose pursuant to Section 39602.

CHAPTER 26

An act relating to state employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 26, 1989 Filed with Secretary of State May 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. The provisions of the following memorandum of understanding prepared pursuant to Section 3517.5 of the Government Code and entered into by the state employer and the following employee organization on the date listed below, which requires the expenditure of funds, is hereby approved for the purposes of Section 3517.6 of the Government Code: Unit 1-California State Employees' Association, dated March 8, 1989.

SEC. 2. Notwithstanding Section 3517.6 of the Government Code, the provisions of any memorandum of understanding that require the expenditure of funds shall become effective even if the provisions of the memorandum of understanding are approved by the Legislature in legislation other than the annual Budget Act.

SEC. 3. Any provision in the memorandum of understanding approved by this act which requires the expenditure of funds shall not take effect unless funds for these provisions are specifically appropriated by the Legislature. In the event that funds for these provisions are not specifically appropriated by the Legislature, all or

any part of the memorandum of understanding may be declared null and void by any affected employee organization.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to be applicable for the entire 1989–90 fiscal year, it is necessary for this act to take effect immediately.

CHAPTER 27

An act relating to state employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 26, 1989 Filed with Secretary of State May 26, 1989]

The people of the State of California do enact as follows:

SECTION 1. The provisions of the following memorandum of understanding prepared pursuant to Section 3517.5 of the Government Code and entered into by the state employer and the following employee organization on the date listed below, which require the expenditure of funds, are hereby approved for the purposes of Section 3517.6 of the Government Code:

Unit 17 - California State Employees' Association, dated January 19, 1989.

SEC. 2. Notwithstanding Section 3517.6 of the Government Code, the provisions of any memorandum of understanding that require the expenditure of funds shall become effective even if the provisions of the memorandum of understanding are approved by the Legislature in legislation other than the annual Budget Act.

SEC. 3. Any provision in a memorandum of understanding approved by any section of this act, and which requires the expenditure of funds, shall not take effect unless funds for these provisions are specifically appropriated by the Legislature. In the event that funds for these provisions are not specifically appropriated by the Legislature, all or any part of the memorandum of understanding may be declared null and void by any affected employee organization.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to be applicable as soon as possible in the 1988–89 fiscal year, and so facilitate the orderly administration of state government at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 28

An act to amend Section 12472 of the Government Code, relating to state employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 26, 1989 Filed with Secretary of State May 26, 1989.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, in enacting this act, to allow employee organizations to negotiate varying types of payroll periods for the employees they represent, including monthly, semimonthly, and biweekly. This act makes no change in the existing payroll periods unless agreed to in negotiations between an employee organization and the state employer.

SEC. 2. Section 12472 of the Government Code is amended to read:

12472. The uniform state payroll system may provide for the fixing of staggered payroll periods, and designated days of the month on which permanent monthly salaried employees shall be paid for the preceding payroll period. These pay dates shall not be more than 10 calendar days following the close of the payroll period for monthly salaried employees and not more than 15 calendar days following the close of the payroll period for semimonthly and biweekly payroll systems. No change shall be made pursuant to this section in the existing payroll periods of a bargaining unit unless the change is authorized or approved in the memorandum of understanding for that unit.

SEC. 3. The provisions of the following memorandum of understanding prepared pursuant to Section 3517.5 of the Government Code and entered into by the state employer and the following employee organization on the date listed below, which requires the expenditure of funds, is hereby approved for the purposes of Section 3517.6 of the Government Code:

Unit 9—Professional Engineers in California Government, dated March 9, 1989.

SEC. 4. Notwithstanding Section 3517.6 of the Government Code, the provisions of any memorandum of understanding that require the expenditure of funds shall become effective even if the provisions of the memorandum of understanding are approved by the Legislature in legislation other than the annual Budget Act.

SEC. 5. Any provision in the memorandum of understanding approved by this act and which requires the expenditure of funds shall not take effect unless funds for these provisions are specifically

appropriated by the Legislature. In the event that funds for these provisions are not specifically appropriated by the Legislature, all or any part of the memorandum of understanding may be declared null and void by any affected employee organization.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to be applicable as soon as possible in the 1988–89 fiscal year, and so facilitate the orderly administration of state government at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 29

An act to amend Section 7042.1 of the Business and Professions Code, relating to public utilities.

[Approved by Governor May 30, 1989. Filed with Secretary of State May 31, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 7042.1 of the Business and Professions Code is amended to read:

7042.1. (a) Notwithstanding any other provisions of this chapter, gas, heat, or electrical corporations and their subsidiaries that are regulated as public utilities by the Public Utilities Commission shall not conduct work for which a contractor's license is required, except under any one or more of the following conditions:

(1) The work is performed upon the gas, heat, or electrical corporation's properties.

(2) The work is performed through a contract with a contractor or contractors licensed pursuant to this chapter or the work is performed for low-income citizens pursuant to a program authorized by order of the Public Utilities Commission.

(3) The work is undertaken by the gas, heat, or electrical corporation in furtherance of the generation, transmission, or distribution of electricity, gas, or steam, whether within or without the service area of the corporation, if any work performed within a structure and beyond a customer's utility meter is necessary to protect the public safety or to avoid interruption of service.

(4) The work is otherwise exempt from the provisions of this chapter.

(5) The work is performed to comply with programs or procedures ordered or authorized by the Public Utilities Commission not inconsistent with the objectives expressed in Chapter 984 of the Statutes of 1983.

(b) For the purposes of this section, the following terms have the following meanings:

(1) "Gas, heat, or electrical corporation properties" means properties which a gas, heat, or electrical corporation owns or leases, or over which it has been granted an easement for utility purposes, or facilities which a gas, heat, or electrical corporation owns or operates for utility purposes.

(2) "Subsidiaries" means subsidiaries of a gas, heat, or electrical corporation regulated as public utilities by the Public Utilities Commission which carry out activities solely for utility purposes.

(c) It is the intention of the Legislature in enacting this section that public utility regulations be clearly based on the principle that the energy conservation industry should be allowed to develop in a competitive manner, as declared in Chapter 984 of the Statutes of 1983.

CHAPTER 30

An act relating to local planning, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 30, 1989 Filed with Secretary of State May 31, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the County of San Bernardino has not as yet adopted a complete, and adequate general plan as required by Article 5 (commencing with Section 65300) of Chapter 3 of Division 1 of Title 7 of the Government Code; that the county has made substantial progress toward the completion of an adequate general plan by appropriating sufficient funds, hiring staff, and exhausting the remedies provided by Section 65361 of the Government Code; that hearings on the general plan have been in progress since January 24, 1989, before the Planning Commission, and since April 3, 1989, before the board of supervisors, that local review procedures require an extended public review process which has resulted in delaying the decision by the legislative body, and that there are so many requests from all segments of the public for additional time to review, and comment on the plan that it is doubtful that the needs, and demands of the public in this regard can be met prior to the current deadline for plan adoption of May 4, 1989.

SEC 2. Notwithstanding the time limits imposed by Sections 65302 and 65361 of the Government Code, the Director of Planning and Research shall grant the County of San Bernardino an extension of time to July 5, 1989, for the preparation and adoption of a complete, and adequate general plan. The purpose of this section is to permit the County of San Bernardino to continue to review and

approve development proposals pending adoption of a complete and adequate general plan, pursuant to the conditions imposed on the county by the Office of Planning and Research on May 2, 1988.

SEC. 3. During the extension of time specified in this act, the County of San Bernardino is not subject to the requirement that a complete and adequate general plan be adopted, the requirement that it be adopted within a specific period of time, or the requirements of state law that its decisions be consistent with the general plan. The County of San Bernardino shall comply with all other state laws.

SEC. 4. During the extension of time specified in this act, the County of San Bernardino shall comply with conditions imposed on the county by the Office of Planning and Research on May 2, 1988, which the Legislature finds are necessary to ensure full compliance with the purposes and intent of the Planning, and Zoning Law (Title 7 (commencing with Section 65000) of the Government Code).

SEC. 5. Sections 1 to 4, inclusive, of this act shall become operative May 3, 1989.

SEC. 6. This act shall remain in effect only until July 5, 1989, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 5, 1989, deletes or extends that date.

SEC. 7. The Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to the following unique circumstances:

Because of conditions in the County of San Bernardino which do no exist in other counties, the environmental and public reviews required for the draft planning documents under consideration by the County of San Bernardino are not finished and more time is needed to permit public review and comment, and to complete them.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Despite ongoing and continued effort to meet the current deadline for adoption of a general plan by May 4, 1989, the County of San Bernardino cannot do so and at the same time accede to demands from many segments of the public for more time to review, and comment on the plan. Because members of the public should be given full opportunity to review, and comment on a public which will have such a significant and long-lasting effect on the environment in which they live, it is necessary that this act take effect immediately.

CHAPTER 31

An act to amend Section 74950 of the Water Code, relating to water conservation districts.

[Approved by Governor May 30, 1989 Filed with Secretary of State May 31, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 74950 of the Water Code is amended to read:

74950. The district may issue negotiable promissory notes bearing interest at a rate not exceeding 7 percent per annum. The notes shall be general obligations of the district payable from revenues and assessment taxes, unless paid from other available funds of the district, in the same manner as bonds of the district. The maturity of the notes shall not be later than five years from the date thereof and the total aggregate amount of the notes outstanding at any one time shall not exceed the lesser of 2 percent of the assessed valuation of the taxable property in the district, according to the last assessment roll or five million dollars ($5,000,000), except that a district which has been formed for less than 18 months may borrow not exceeding twenty-five thousand dollars ($25,000).

CHAPTER 32

An act to amend Section 5 of, and to add Section 5.3 to, the County Water Authority Act (Chapter 545 of the Statutes of 1943), relating to county water authorities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 30, 1989 Filed with Secretary of State May 31, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

Sec. 5. Any authority shall have power:

(1) To have perpetual succession.

(2) To sue and be sued in all actions and proceedings and in all courts and tribunals of competent jurisdiction.

(3) To adopt a corporate seal and alter it at pleasure.

(4) To take by grant, purchase, bequest, devise or lease, and to hold, enjoy, lease, or sell or otherwise dispose of, any and all real and personal property of any kind within or without the authority and within and without the state necessary or convenient to the full

exercise of its powers; also to acquire, construct or operate, control, and use any and all works, facilities, and means necessary or convenient to the exercise of its powers, both within and without the authority, and within and without the state, and to do and perform any and all things necessary or convenient to the full exercise of the powers granted in this act.

(5) To exercise the power of eminent domain to take any property necessary to the exercise of the powers granted in this act.

(6) To construct and maintain works and establish and maintain facilities across or along any public street or highway and in, upon, or over any vacant public lands which are now, or may become, the property of the State of California; provided that the authority shall promptly restore the street or highway to its former state of usefulness as nearly as may be, and shall not use the same in such a manner as to completely or unnecessarily impair the usefulness thereof. The grant of the right to use the vacant state lands shall be effective upon the filing by the authority with the Division of State Lands, of an application showing the boundaries, extent, and locations of the lands, rights-of-way, or easements desired for those purposes. If the land, rights-of-way, or easement for which application is made is for the construction of any aqueduct, ditch, pipeline, conduit, tunnel, or other works for the conveyance of water, or for roads, or for poles, or towers and wires for the conveyance of electrical energy or for telephonic or telegraphic communication, no compensation shall be charged the authority therefor, unless, in the opinion of the Chief of the Division of State Lands the construction of the works will render the remainder of the legal subdivision through which the works are to be constructed valueless or unsalable, in which event the authority shall pay for the lands to be taken and for that portion of any legal subdivision which, in the opinion of the Chief of the Division of State Lands, are rendered valueless or unsalable. If the lands for which application is made are for purposes other than the construction of roads or for works for the conveyance of water, or electricity, or telephonic or telegraphic communication, the authority shall pay to the state for the lands at the reasonable rate determined by the Division of State Lands. Upon filing the application, accompanied by map or plat showing the location or proposed location of the works or facilities, the fee title to so much of those state lands as shall be found by the Chief of the Division of State Lands to be necessary or convenient to enable the authority to construct or maintain its works or to establish or maintain its facilities, shall be conveyed to the authority by patent executed by the Governor of the State of California, attested by the Secretary of State with the Great Seal of the state affixed, and countersigned by the Registrar of State Lands; if an easement or right-of-way only over the lands be sought by the authority, that easement or right-of-way shall be evidenced by permit or grant executed by the Chief of the Division of State Lands. The Chief of the Division of State Lands may reserve in the patents,

grants, or permits, easements and rights-of-way across any lands therein described for the construction of streets, roads, and highways. Before the patent, grant, or permit shall be executed any compensation due to the state under this section shall be paid. If the duties or titles of any of the officers mentioned are changed by lawful authority, the functions required to be performed shall be performed by the appropriate officer or officers of the State of California. No fee shall be exacted from the authority for any patent, permit, or grant so issued or for any service rendered hereunder. In the use of streets or highways, the authority shall be subject to the reasonable rules and regulations of the governmental agency in charge thereof, concerning excavations and the refilling of excavations, and the relaying of pavements and the protection of the public during periods of construction; provided that the authority shall not be required to pay any license or permit fees or file any bonds. The authority may be required to pay reasonable inspection fees.

(7) To borrow money and incur indebtedness and to issue bonds or other evidence of that indebtedness; provided, however, that no authority shall incur indebtedness which, in the aggregate, exceeds 15 percent of the taxable property of the authority as shown by the last equalized assessment roll of the county in which the authority is located.

(8) To levy and collect taxes for the purpose of carrying on the operations and paying the obligations of the authority; provided, however, that the taxes levied under this section exclusive of any tax levied to meet the bonded indebtedness of the authority and the interest thereon and exclusive of any tax levied to meet any obligation to the United States of America or to any board, department, or agency thereof, shall not exceed five cents ($0.05) on each such one hundred dollars ($100) of assessed valuation.

(9) To enter into contracts, employ and retain personal services, and employ laborers; to create, establish, and maintain such offices and positions as shall be necessary and convenient for the transaction of the business of the authority, and to elect, appoint, and employ such officers, attorneys, agents, and employees therefor as shall be found by the board of directors to be necessary and convenient for the transaction of the business of the authority.

(10) To join with one or more other public corporations for the purpose of carrying out any of its powers, and for that purpose to contract with the other public corporation or corporations for the purpose of financing the acquisitions, constructions, and operations. The contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of the acquisitions and operations, and the division and apportionment of the benefits, the services, and products therefrom. The contracts may contain such other and further covenants and agreements as may be necessary and convenient to accomplish the purposes hereof. The term "public corporation" as used in this subdivision includes the United States or any public agency thereof

or this or any other state or any political district, subdivision, or public agency thereof.

(11) To acquire water and water rights within or without the state; to develop, store, and transport that water; to provide, sell, and deliver water for beneficial uses and purposes; and to provide, sell, and deliver water of the authority not needed or required for beneficial purposes by any public agency, the corporate area of which is included in the authority, to areas outside the boundaries of the authority; provided, that the supplying of that water shall, in every case, be subject to the paramount right of the authority to discontinue the same, in whole or in part, whenever it shall so determine by resolution adopted by the board of directors. The board of directors, as far as practicable, shall provide each of its member agencies with adequate supplies of water to meet their expanding and increasing needs. If available supplies become inadequate to fully meet the needs of its member agencies, the board shall adopt reasonable rules, regulations, and restrictions so that the available supplies are allocated among its member agencies for the greatest public interest and benefit

(12) To acquire, store, treat, reclaim, reuse, distribute, and sell sewage, waste, and sea waters for beneficial uses and purposes.

(13) To fix, revise, and collect rates or other charges for the delivery of water, use of any facilities or property, or provision of services. In fixing rates the board may establish reasonable classifications among different classes and conditions of service, but rates shall be the same for similar classes and conditions of service.

(14) To cooperate and contract with the United States under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto, or any other act of Congress heretofore or hereafter enacted authorizing or permitting that cooperation, for the purposes of construction of works, necessary or proper for carrying out the purposes of the authority, or for the acquisition, purchase, extension, operation or maintenance of constructed works, or for a water supply, or for the assumption as principal or guarantor of indebtedness to the United States; also to borrow or procure money from the United States, or any agency thereof for the purpose of financing any of the operations of the authority.

SEC. 2. Section 5.3 is added to the County Water Authority Act (Chapter 545 of the Statutes of 1943), to read:

Sec. 5.3. (a) On or before the 15th day of December of each year, the governing body of each member public agency may elect to pay out of its funds available for that purpose, other than funds derived from ad valorem taxes, all or any portion of the amount of standby charges which would otherwise be levied upon parcels of land within that public agency for the following fiscal year.

(b) If that election is made, the member agency shall promptly notify the controller of the authority of that fact by causing personal delivery to be made of a certified copy of the action taken by the

governing body, together with a financial statement showing its financial condition, and the source of funds and revenues to be used to make the in lieu cash payments.

(c) If the authority fixes standby charges pursuant to Section 5.2, it shall also determine the total amount to be fixed against all parcels of land in each member public agency. The authority shall specify in the ordinance fixing the standby charges the cash payment elected by each member agency to be made pursuant to subdivision (a) and cause the balance, if any, to be levied and collected against the parcels of land in that member public agency.

(d) Each member agency which makes the election shall pay the full amount due in cash installments at the times and in the proportionate amounts as established by the authority, pursuant to subdivision (d) of Section 9, for in lieu cash payments of ad valorem property taxes.

(e) Any cash payments made in avoidance of standby charges are hereby declared to be for a public purpose and shall not be deemed gratuitous or in the nature of gifts, but shall be deemed to be payments for water or services in connection with the distribution of water.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit member public agencies of a county water authority to elect to make cash payments in lieu of the levy of standby charges by the county authority within the member public agency and thereby equitably finance urgently needed water projects at the earliest possible time, and to provide as soon as possible for the allocation of inadequate water supplies in the public interest, it is necessary that this act take effect immediately.

CHAPTER 33

An act to amend Section 35541 of, to add an article heading immediately after the heading of Chapter 2.75 (commencing with Section 35540) of Part 5 of Division 13 of, and to add Article 2 (commencing with Section 35554) to Chapter 2.75 of Part 5 of Division 13 of, the Water Code, relating to water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 30, 1989 Filed with Secretary of State May 31, 1989]

The people of the State of California do enact as follows:

SECTION 1. An article heading is added immediately after the heading of Chapter 2.75 (commencing with Section 35540) of Part 5

of Division 13 of the Water Code, to read:

Article 1. Plan of Water Allocation

SEC. 2. Section 35541 of the Water Code is amended to read:

35541. (a) As an alternative to, and in addition to, the methods in this division provided for the apportionment of water, the district may adopt a plan of water allocation which may include a provision that the holders of title to lands within a designated area of the district, not at the time receiving delivery of water purchased by the district under long-term contract with the Kern County Water Agency by means of district-provided facilities, shall have no right in the future to have allocated to them, as the holders of title to lands within the designated area, any part of the water which will thereafter be made available to the district under contracts between the district and the Kern County Water Agency in effect at the time of approval of the plan. The plan shall provide that the lands within that designated area of the district shall not thereafter be assessed by the district, or by the Board of Supervisors of the County of Kern on behalf of the district, for the purpose of providing funds to pay any part of the district's obligation to the Kern County Water Agency under contracts between the district and that agency in effect at the time of approval of the plan or for the purpose of providing funds to pay either the principal of bonds or interest on bonds of the district sold after approval of the plan, excepting, however, bonds sold for the purpose of providing funds to construct irrigation works wholly or partially for the benefit of the designated area.

(b) No such plan shall affect the power of the Kern County Water Agency to levy a tax or assessment pursuant to Section 11652 or to levy assessments under the provisions of the Kern County Water Agency Act (Chapter 1003 of the Statutes of 1961, as amended) against all lands within the district nor shall any such plan constitute or be given effect as a limitation upon the power of any bondholder or other creditor of the district to enforce rights existing at the time of approval of the plan.

(c) The plan shall provide that for so long as the lands within the designated area receive no benefits from the district, they shall not be assessed for district purposes, except to the extent required to pay principal of bonds and interest on bonds of the district sold prior to approval of the plan. The plan may provide for relief from the payment of principal of bonds and interest on bonds sold prior to the approval of the plan if the district makes other adequate provision for the payment thereof.

(d) The plan may further provide that the holders of title to lands within the designated portion of the district shall have the right to purchase from the district, from time to time, as the same is available to the district, water which the district may acquire, other than under long-term contract between the district and the Kern County Water Agency in effect at the time of approval of the plan, at a cost

which shall not include in its computation any part of the district's obligation to pay for contract entitlement water under long-term contract between the district and the Kern County Water Agency in effect at the time of the approval of the plan, but which shall include a pro rata share of the cost of district administration.

SEC. 3. Article 2 (commencing with Section 35554) is added to Chapter 2.75 of Part 5 of Division 13 of the Water Code, to read:

Article 2. Water Service Contracts

35554. An alternative to, and in addition to, other methods contained in this division regarding the apportionment of water, the district may enter into long-term water service contracts with the holders of title to land for the apportionment of all or any part of its water supply. Long-term water service contracts may provide that all water charges provided for, when due, are a lien on the land in the nature of assessments and may be collected and enforced in the manner provided in this division for the collection and enforcement of assessments. Any such lien shall have the same force, effect, and priority as an assessment lien if the contract is recorded in the office of the county recorder in the county in which the land is situated.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

It is urgent that the district be authorized to enter into long-term water service contracts with holders of title to land in the district before June 1, 1989, so that State Water Project water can be delivered thereunder commencing January 1, 1990, thereby enhancing the financial stability of the district and encouraging the most reasonable and beneficial use of water. It is necessary therefore, that this act take effect immediately.

CHAPTER 34

An act to amend Section 50668.5 of the Health and Safety Code, relating to housing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 31, 1989 Filed with Secretary of State May 31, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 50668.5 of the Health and Safety Code is amended to read:

50668.5. For the purpose of providing financial assistance pursuant to this chapter utilizing bond proceeds transferred to the

Housing Rehabilitation Loan Fund pursuant to paragraph (2) of subdivision (a) of Section 53130 and paragraph (2) of subdivision (b) of Section 53130 and Sections 8878.20 and 8878.21 of the Government Code, deferred payment loans made with these funds shall be subject to all of the following special provisions, which shall prevail over conflicting provisions of this chapter:

(a) (1) Applications for fund commitments shall be accepted by the department at any time. Fund commitments shall be based on a ranking of applications, which shall occur at least once every three months until there are insufficient funds available to commit according to this ranking. In making this ranking for rental housing developments, priority shall be given to those projects which (A) serve the greater number of eligible households as defined in Section 50105 with the lowest incomes, (B) provide the greater number of units with three or more bedrooms, (C) are located in areas where the housing need is great as determined by the department, taking into consideration, among other factors, low vacancy rates, high market rents, long waiting lists for subsidized housing, the stock of substandard housing, and the potential loss of subsidized rental housing to market-rate housing through demolition, foreclosure, or subsidy termination, (D) complement the implementation of an existing housing program, (E) maximize private local and other funding sources, and (F) maximize long-term benefits for eligible households, as defined in Sections 50079.5 and 50105. Subparagraph (B) above shall not apply to applications for fund commitments submitted pursuant to Section 50670 or to any application for residential hotels, motels, group or congregate homes, and projects for the disabled submitted pursuant to paragraph (1) of subdivision (a) of Section 50661. In making this ranking for owner-occupied housing, priority shall be given to those applications which (A) serve the greater number of eligible households, as defined in Section 50105, with the lowest income, (B) provide the greater number of units with three or more bedrooms, (C) are located in areas where the need for rehabilitation is great as determined by the department, taking into consideration, among other factors, the amount of substandard owner-occupied housing, low vacancy rates, and limited availability of affordable housing, (D) complement the implementation of an existing housing program, and (E) maximize available and appropriate private, local, and other funding sources. The department shall also evaluate the capability of the sponsor to rehabilitate, own, and manage the rental housing development or the capability of the applicant for funding for owner-occupied housing to implement the proposed program.

(2) Loans for rental housing developments may be reviewed, approved, and funded by the department directly to the sponsor. In these cases, the department shall ensure that the sponsor notifies the local legislative body of the sponsor's loan application prior to a funding award. Loans to owner-occupants may be made by local public entities or nonprofit corporations which have received fund

commitments from the department. When the department certifies a local public entity or nonprofit corporation as being capable of making these loans, the department shall delegate responsibility for reviewing and approving these loans to the local public entity or nonprofit corporation.

(3) A sponsor may apply for loans for one or more rental housing developments.

(b) (1) A housing development may utilize any combination of federal, state, local, and private financial resources necessary to make the development affordable, for the term of the state's regulatory agreement, to the eligible households. Notwithstanding the requirements of Section 50663, rental housing developments and owner-occupied units assisted by the program may be located anywhere in the state.

(2) In the case of nonprofit sponsors, loans for rental housing developments, when combined with other indebtedness against the property shall not exceed 100 percent of the after-rehabilitation value of the property, as determined by an appraisal of the property conducted pursuant to guidelines established in regulations of the department.

(3) The maximum loan amounts per unit established in regulations pursuant to Section 50670 shall also apply to rental housing developments rehabilitated or acquired and rehabilitated pursuant to paragraph (1) of subdivision (a) of Section 50661, except that there shall not be a maximum loan amount established per project. These dollar limitations may be increased by the department, as necessary, in high-cost areas of the state or where the correction of severe health and safety defects or the provisions of handicapped accessibility standards necessitate greater assistance.

(4) (A) Loans made to sponsors of rental housing developments for acquisition and rehabilitation shall be for terms of not less than 30 years. Loans made to sponsors of rental housing developments for rehabilitation only shall be for terms of not less than 20 years. However, the term shall not exceed the useful life of the rental housing development for which the loan is made. The sponsor may elect to begin to repay the loan at any time in accordance with the prepayment plan established in accordance with paragraph (6), if it is determined by the department, that the sponsors can continue to maintain the rents at levels affordable to eligible households.

(B) The term of the loan and the time for repayment may be extended by the department for additional 10-year terms as long as the rental housing development is operated in a manner consistent with the regulatory agreement and the sponsor requires an extension in order to continue to operate in a manner consistent with this chapter.

(5) (A) In the case of loans made for rental housing developments, eligible costs shall include those costs relating to (i) real property acquisition, including refinancing of existing debt to the extent necessary to reduce debt service to a level consistent with

the provision of affordable rents and the fiscal integrity of the project; (ii) rehabilitation or reconstruction, including the conversion of nonresidential structures to residential use; (iii) general property improvements which are necessary to correct unsafe, unhealthy, or unsanitary conditions, including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping, and purchase or installation of central air conditioning; (iv) necessary and related onsite improvements; (v) reasonable administrative expenses in connection with the planning and execution of the project, as determined by the department; (vi) reasonable consulting costs; (vii) rent-up costs; (viii) seismic rehabilitation improvements; and (ix) any other costs of rehabilitation authorized by the department. "Rent-up costs," as used in this section, means costs incurred while a unit is on the housing market but not rented to its first tenant. "Seismic rehabilitation improvements," as used in this section, means improvements which are designed to increase seismic structural safety in accordance with a plan developed by a civil engineer, a structural engineer, or an architect for a particular building that has been identified as hazardous by the city or county in which the building is located in accordance with the criteria established by the Seismic Safety Commission pursuant to Section 8875.1 of the Government Code or in accordance with a previously adopted city or county seismic safety ordinance adopted pursuant to Section 19163.

(B) In the case of loans made for owner-occupied housing, eligible costs shall include those costs relating to (i) rehabilitation work expenses; (ii) cost of room additions necessary to alleviate overcrowding; (iii) costs of general property improvements including renovations and remodeling, including, but not limited to, remodeling of kitchens and bathrooms, installation of new appliances, landscaping and purchase or installation of central air conditioning, to the extent that they are necessary to correct unsafe, unhealthy, or unsanitary conditions; (iv) costs related to necessary architectural, engineering, and other technical consultants; (v) costs of preliminary reports, title policies, credit reports, appraisal reports, and fees for recording documents related to the department's loans; and (vi) costs of building permits and other government fees.

(C) Notwithstanding the provisions of Section 53130 which limit the use of allocated proceeds with respect to project operating costs, and Section 53133, the department may set aside or use any amounts available in the fund to establish a default reserve for the purpose of curing or avoiding a sponsor's defaults on the terms of any loan or other obligation which jeopardizes the financial integrity of a rental housing development or the department's security in the rental housing development. The payment or advance of funds by the department pursuant to this subparagraph shall be solely within the discretion of the department and no sponsor shall be entitled to or

have any right to payment of these funds. Funds advanced pursuant to this subparagraph shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(6) Upon request of the sponsor, the department may permit repayment of a sponsor's loan on the basis of net cash flow. The department shall develop a prepayment plan in conjunction with the sponsor which will ensure the maintenance of affordable rents and the fiscal integrity of the rental housing development. As an incentive to encourage the prepayment of loans, the department may permit the sponsor to retain one-half of the net cash flow. The department shall determine the method for calculating net cash flow, which may include a factor for excess debt service coverage or a return on cash investment to the sponsor.

(7) If a loan is made pursuant to this chapter for both seismic rehabilitation improvements and other eligible rehabilitation costs, only those costs related to the seismic rehabilitation improvements shall be counted and included for purposes of the fund reservation made by Section 8878.20 of the Government Code.

(c) Principle and accumulated interest is due and payable upon completion of the term of the loan.

(1) "Maintain affordable rent levels," as used in this section, means rents may be automatically increased by the sponsor on an annual basis pursuant to an inflation index to be determined by the department. The inflation index shall reflect anticipated annual changes in rental housing development operating costs from a base year when the rents are initially established. Any sponsor may appeal to the department for a greater adjustment in rents necessary to ensure the fiscal integrity of the rental housing development. If the department does not respond within 60 days, the request shall be deemed approved. A 30-day written notice shall be given to each eligible household prior to an adjustment in the amount of rent.

(2) Upon prior written approval by the department, a sponsor may set income limits for incoming tenants at a level below the limit specified in Section 50079.5. If a tenant's income exceeds this income limit established by the sponsor, but does not exceed the limit specified in Section 50079.5, that fact alone shall neither constitute cause for the tenant's eviction, nor be a violation of the sponsor's loan agreement. If a tenant's income exceeds the income limit for a household specified in Section 50079.5, the tenant shall be required to vacate the assisted unit within six months from the date of income recertification or notice to the sponsor of an increase in income over the permissible income level. That period may be extended by the sponsor for an additional six-month period in high cost rental areas with low vacancy rates, as determined by the department. Any vacant units shall be rented to eligible households until the required residency by eligible households is attained.

In the case of limited equity housing cooperatives, the provisions of this paragraph shall apply, except that tenants whose incomes,

upon recertification, exceed the limit specified in Section 50079.5 shall not be required to vacate their units. Instead, and upon six months' notice, these tenants shall be required to pay rent in an amount equal to the market rate rent for comparable units, as determined by the department. When a tenant's income exceeds the limit specified in Section 50079.5, the next available membership share for occupancy in a comparable unit shall be sold to a household with an income at or below this limit.

(3) When operating income as defined by the department is greater than operating expenses, debt service, deposits required for reserve accounts, payments pursuant to paragraph (6) of subdivision (b) if elected by the sponsor, approved annual distributions, and any other disbursements approved by the department, these excess funds shall be paid into an account established in the fund. Funds in this account shall be appropriated to the department for use to assist rental housing developments funded pursuant to this section with proceeds of bonds issued pursuant to Chapter 27 of the Statutes of 1988, Chapter 30 of the Statutes of 1988, or Chapter 48 of the Statutes of 1988, subject to the following requirements:

(i) Excess funds in the account shall be allocated first into the default reserve established pursuant to subparagraph (C) of paragraph (5) of subdivision (b). The balance of this default reserve shall not exceed the maximum level of funding established by regulations adopted by the department.

(ii) After the default reserve is fully funded with these excess funds, the department shall use all additional excess funds in the account for payment of either unforeseen capital improvements, the cost of which would jeopardize the fiscal integrity and affordability of a rental housing development, or to further reduce rents in a rental housing development. The department may adopt regulations which specify the procedures and standards for application for, and use of, these funds. Those payments used for capital improvements shall be added to the loan amount secured by the deed of trust and shall be payable to the department upon demand.

(d) Prior to disbursement of any funds for loans to rental housing developments made pursuant to this section, the department shall enter into a regulatory agreement with the sponsor in accordance with subdivision (d) of Section 50670, except that (1) the term of the regulatory agreement shall be for the original term of the loan and the agreement shall be binding upon the sponsor and successors in interest upon sale or transfer of the rental housing development or prepayment of the loan and (2) a nonprofit sponsor, other than a governmental agency, may maintain a debt service coverage ratio of 115 percent and distribute earnings in an amount no greater than 8 percent of the nonprofit sponsor's actual investment. The regulatory agreement also shall contain provisions requiring annual inspections and review of year-end fiscal audits and related reports by the department and provisions to maintain affordable rent levels to serve eligible households.

(e) Where loans will be used in conjunction with federal or other housing assistance or tax credits and a conflict exists between the other state or federal program requirements and those of this chapter with respect to the calculation of rents, the requirements of the Deferred Payment Rehabilitation Loan Program and the Special User Housing Rehabilitation Program may be waived only to the extent necessary to permit federal or other state financial participation or eligibility for tax credits.

(f) "Sponsor," for purposes of this section, has the same meaning as defined in subdivision (c) of Section 50669.

(g) The department shall adopt emergency regulations to implement this chapter and to amend the maximum loan amounts per unit established in regulations adopted pursuant to Section 50670, with respect to loans made with funding subject to this section. The regulations shall be conclusively presumed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning or purposes of Section 11346.1 of the Government Code.

Notwithstanding conflicting provisions of this chapter, the department may elect to make these regulations additionally applicable until January 1, 1990, to all other deferred payment loan programs authorized by this chapter, except the programs specified in Sections 50662.5 and 50671, if the department determines that the uniformity achieved thereby will avoid significant additional administrative costs.

(h) For purposes of this section, "rental housing development" means a single family house or a multifamily structure or structures containing two or more dwelling units, including efficiency units. One or more of the dwelling units in a rental housing development shall be rented or leased or otherwise occupied as a primary residence by a person or household who is not the owner of the structure or structures. For the purposes of this section, motels operated pursuant to subdivision (b) of Section 50669, residential hotels, group or congregate homes, and limited equity housing cooperatives are rental housing developments. Except for motels, the limitations concerning types of residents and minimum number of units set forth in subdivision (b) of Section 50669 shall not apply.

(i) "Affordable rent" for the purposes of this section shall be established by the department in the regulations authorized by subdivision (g). However, the initial rents shall be established by the department based on a designated family size for each unit size, and those initial rents shall not exceed 30 percent of 50 percent of the area median income adjusted by that designated family size for units restricted to occupancy by very low income households; or 30 percent of 60 percent of area median income adjusted by that designated family size for units restricted to occupancy by low-income households.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement Proposition 77 approved by the voters on June 7, 1988, and Proposition 84 approved by the voters on November 8, 1988, by making bond moneys available in an expeditious manner, it is necessary that this act go into effect immediately.

CHAPTER 35

An act relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 31, 1989 Filed with Secretary of State May 31, 1989]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Approximately 1,500,000 persons in California have applied for legalization benefits pursuant to the Immigration Reform and Control Act of 1986 (P.L. 99-603).

(b) A majority of the 800,000 adults granted temporary resident status under Section 201 of the Immigration Reform and Control Act of 1986 (P.L. 99-603) is projected to need educational services to meet specified English and citizenship requirements to qualify for permanent resident status.

(c) The projected participation in educational services by persons granted temporary resident status may exceed state budget assumptions for the 1988–89 fiscal year.

(d) Currently available federal funds targeted to cover future year expenditures may be used to cover current year costs in the event that the current year appropriation proves insufficient to establish and maintain needed services.

(e) The educational goal for permanent residents legalized pursuant to the Immigration Reform and Control Act of 1986 (P.L. 99-603) is the attainment of English skills, the understanding of United States history and government, and the attainment of occupational skills needed to be productive and fully participating United States citizens.

(f) It is the intent of the Legislature, to the extent federal and state funding is available, to support full funding for educational services to achieve the educational goals.

SEC. 2. It is the intent of the Legislature to ensure adequate education funding through the 1991–92 fiscal year under the State Legalization Impact-Assistance Grant program (Sec. 204, Immigration Reform and Control Act of 1986 (P.L. 99-603)) to ensure availability of classroom slots for legalization applicants for

permanent resident status.

SEC. 3. The sum of fifty million dollars ($50,000,000) is hereby appropriated to the State Department of Education from the funds available under the State Legalization Impact-Assistance Grant Program (Section 204, Immigration Reform and Control Act of 1986 (P.L. 99-603)) that are not appropriated as of the effective date of this act. The funds appropriated pursuant to this section shall be expended for the purposes specified in Section 2. The State Department of Education, in consultation with the Department of Finance and the office of the Legislative Analyst, shall develop a fair and equitable allocation of the funds provided in this section for reimbursement of claims in the 1988–89 fiscal year.

SEC. 4. It is the intent of the Legislature that federal funds appropriated for education services in the Governor's Budget for 1989 for the purposes specified in Section 2 be reduced in the Budget Act of 1989 by fifty million dollars ($50,000,000).

SEC. 5. (a) Priority students for State Legalization Impact Assistance Grant English and United States civics educational services shall be defined as: persons who are applicants for permanent residence pursuant to Section 245A of the Immigration Reform and Control Act of 1986 (P.L. 99-603), who score below a level of 215 on the standardized Comprehensive Adult Student Assessment System, or a correlative score on any other standardized literacy test approved by the Superintendent of Public Instruction or who have failed the legal proficiency test administered by the United States Immigration and Naturalization Service (INS) or its designated entities, and who have not demonstrated that they are "satisfactorily pursuing" English and United States civics, as defined in paragraph (s) of Part 245a.1 of Title 8 of the Code of Federal Regulations and do not qualify for any alternatives to demonstrating satisfactory pursuit other than enrolling in an adult education program.

(b) Until November 30, 1990, as a condition of receiving funds under the State Legalization Impact Assistance Grant (SLIAG) program, educational service providers shall maintain waiting lists of prospective students eligible under the SLIAG program identified by adjustment status pursuant to Sections 210 and 245A of the Immigration Reform and Control Act of 1986 (P.L. 99-603). The waiting list shall specify (1) each individual's status as to whether he or she entered the United States before January 1, 1982, or whether he or she is a special agricultural worker, (2) each individual's literacy test score upon assessment, and (3) whether the individual was previously enrolled for purposes of meeting INS requirements, qualifies for any alternatives to demonstrating satisfactory pursuit or has passed the legal proficiency test administered by the INS or its designated agencies, has failed the test, or has qualified for a certificate of satisfactory pursuit. In addition, at the end of each quarter or semester, including the summer quarter or semester, providers shall reenroll all SLIAG funded individuals, vacancies

permitting. At these times, or at any other time when a vacancy arises, providers shall enroll students based on the following priorities:

(1) Priority students scoring below 215 on the standardized Comprehensive Adult Student Assessment System, or a correlative score on another standardized literacy test approved by the Superintendent of Public Instruction, or who have failed an INS-approved proficiency test, in need of 60 hours of instruction in order to obtain a certificate of satisfactory pursuit and who do not qualify for any of the alternative means of demonstrating satisfactory pursuit.

(2) Students scoring 215 or above on the standardized Comprehensive Adult Student Assessment System, or a correlative score on another standardized literacy test approved by the Superintendent of Public Instruction who do not qualify for any of the alternative means of demonstrating satisfactory pursuit but who reside 50 miles or more from an INS test center and who are in need of 60 hours of instruction in order to obtain a certificate of satisfactory pursuit.

(3) Students scoring below 215 on the standardized Comprehensive Adult Student Assessment System, or a correlative score on another standardized literacy test approved by the Superintendent of Public Instruction who (A) have qualified for a certificate of satisfactory pursuit or (B) are special agricultural workers.

(4) Students scoring 215 or above on the standardized Comprehensive Adult Student Assessment System, or a correlative score on another standardized literacy test approved by the Superintendent of Public Instruction who were previously enrolled and are not in need of a certificate of satisfactory pursuit.

(5) Students scoring 215 or above on the standardized Comprehensive Adult Student Assessment System or a correlative score on another standardized literacy test approved by the Superintendent of Public Instruction who were not previously enrolled and who are not in need of a certificate of satisfactory pursuit.

Providers shall schedule future dates on which priority individuals on waiting lists can enroll and on which other students shall reenroll. Providers shall inform individuals on waiting lists of these dates at the time they are included on the list.

For any given quarter or semester, providers who certify to the Superintendent of Public Instruction that there are no priority students on their waiting lists are exempt from the reenrollment requirements for that quarter or semester.

If the State Department of Education has determined that a SLIAG funded education agency has provided over an average of 100 hours of instruction at the end of the first quarter or semester, and the provider has a waiting list with priority students subsequent to enrolling students for the next quarter or semester, the department

shall instruct the provider to reenroll all SLIAG funded students during the next quarter or semester once the average hours of instruction reaches 60 hours. Reenrollment shall be based on the priorities set forth in this subdivision.

The State Department of Education shall issue guidelines defining the maximum number of weeks allowable in a given quarter or semester.

It is the intent of the Legislature that educational service providers encourage individuals scoring above 210 on the Comprehensive Adult Student Assessment System or a correlative score on another standardized test approved by the Superintendent of Public Instruction to take the INS proficiency test before enrolling in adult education classes. The State Department of Education shall notify providers of this intent.

The provisions contained in this subdivision shall apply notwithstanding any other provision of the Education Code.

(c) On the effective date of this act, the State Department of Education shall direct all State Legalization Impact-Assistance Grant funded providers to do both of the following:

(1) Explain INS educational proficiency requirements with respect to Section 245A of the Immigration Reform and Control Act (P.L. 99-603) and the options available to students to satisfy those requirements.

(2) Within 30 days of a student's satisfaction of INS educational proficiency requirements, or within 30 days of the request of a student who has previously met INS educational proficiency requirements, issue evidence of the student's "satisfactory pursuit" of these requirements, as defined in paragraph (s) of Part 245a.1 of Title 8 of the Code of Federal Regulations.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure legalization applicants the services needed to adjust to permanent resident status and avoid reverting to undocumented status, it is necessary that this act take effect immediately.

CHAPTER 36

An act relating to state employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1989 Filed with Secretary of State June 7, 1989]

The people of the State of California do enact as follows:

SECTION 1. The provisions of the Bargaining Unit 6 memorandum of understanding prepared pursuant to Section 3517.5 of the Government Code and entered into by the state employer and the California Correctional Peace Officers' Association on January 24, 1989, which require the expenditure of funds, are hereby approved for the purposes of Section 3517.6 of the Government Code.

SEC. 2. Notwithstanding Section 3517.6 of the Government Code, the provisions of any memorandum of understanding that require the expenditure of funds shall become effective even if the provisions of the memorandum of understanding are approved by the Legislature in legislation other than the annual Budget Act.

SEC. 3. Any provision in a memorandum of understanding approved by any section of this act, and which requires the expenditure of funds, shall not take effect unless funds for these provisions are specifically appropriated by the Legislature. In the event that funds for these provisions are not specifically appropriated by the Legislature, all or any part of the memorandum of understanding may be declared null and void by any affected employee organization.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to be applicable as soon as possible in the 1988–89 fiscal year, and so facilitate the orderly administration of state government at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 37

An act to amend Section 18015 of the Public Resources Code, relating to plastic containers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1989. Filed with Secretary of State June 8, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 18015 of the Public Resources Code is amended to read:

18015. (a) All rigid plastic bottles and rigid plastic containers sold in California on and after January 1, 1992, shall be labeled with a code which indicates the resin used to produce the rigid plastic bottle or rigid plastic container. Rigid plastic bottles or rigid plastic containers with labels and basecups of a different material shall be coded by their basic material. The code shall consist of a number placed inside a triangle, and letters placed below the triangle. The triangle shall be equilateral, formed by three arrows with the apex of each point of the triangle at the midpoint of each arrow, rounded with a short radius. The pointer (arrowhead) of each arrow shall be at the midpoint of each side of the triangle with a short gap separating the pointer from the base of the adjacent arrow. The triangle, formed by the three arrows curved at their midpoints shall depict a clockwise path around the code number. The numbers and letters used shall be as follows:

1 = PETE (polyethylene terephthalate)
2 = HDPE (high density polyethylene)
3 = V (vinyl)
4 = LDPE (low density polyethylene)
5 = PP (polypropylene)
6 = PS (polystyrene)
7 = OTHER (includes multilayer)

(b) A "7" shall appear below the resin abbreviation when the bottle or container is composed of more than one layer of that resin.

(c) On and after January 1, 1989, the Division of Recycling of the Department of Conservation shall maintain a list of abbreviations used on labels pursuant to subdivision (a) and shall provide a copy of that list to any person upon request.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The code for polyethylene terephthalate, as contained in Section 18015 of the Public Resources Code, is in conflict with an existing trademark, and, since container manufacturers are required to code all applicable plastic containers on or before January 1, 1992, it is necessary that this act take effect immediately to provide sufficient time for compliance.

CHAPTER 38

An act making an appropriation for the payment of judgments and settlements against the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1989 Filed with Secretary of State June 8, 1989.]

The people of the State of California do enact as follows:

SECTION 1. The sum of seven million six hundred twenty-five thousand dollars ($7,625,000) is hereby appropriated from the General Fund to the Secretary of the State Board of Control to pay judgments and settlement claims accepted by the State Board of Control. The Secretary of the State Board of Control shall reduce the allocation relating to the case of Flores v. Natividad by the amount of the Medi-Cal lien for payment to the claimant.

Funds appropriated by this section for payment of attorney fees pursuant to Section 1021.5 of the Code of Civil Procedure shall be expended only in accordance with the provisions of Items 9810-001-001, 9810-001-494, and 9810-001-988 of the Budget Act of 1988 (Chapter 313 of the Statutes of 1988).

SEC. 2. Any amounts in excess of the amount approved pursuant to Section 1 of this act shall revert to the General Fund on June 30, 1990.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to pay judgments and settlement claims against the state and end hardship to claimants as quickly as possible, it is necessary for this act to take effect immediately.

CHAPTER 39

An act to amend Sections 13240, 13250, and 13278 of, and to repeal Sections 13224, 13225, and Chapter 5.3 (commencing with Section 13270) of Part 3 of Division 9 of, the Welfare and Institutions Code, relating to refugees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1989 Filed with Secretary of State June 8, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 13224 of the Welfare and Institutions Code is repealed.

SEC. 2. Section 13225 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 13240 of the Welfare and Institutions Code is amended to read:

13240. One year after the commencement of the implementation of this section, and annually thereafter for a total of four reports, the department shall submit a report to the Legislature evaluating the effectiveness of the program provided for under this chapter. These reports shall be due to the Legislature 60 days after the periodic reporting period's final date.

The department's reports shall detail any economic and other advantages to the people of California which have resulted from the program, including the decreased use of public cash assistance due to employment and the effect on refugees who, at the point of the termination of eligibility under this chapter, make a transition to the Aid to Families with Dependent Children program.

SEC. 4. Section 13250 of the Welfare and Institutions Code is amended to read:

13250. (a) (1) Except as provided in paragraph (2), this chapter shall be operative only if adequate federal funding is made available and necessary waivers are obtained from the federal government necessary to implement this chapter.

(2) If federal administrative funds are inadequate to fund costs incurred in the administration of the Refugee Cash Assistance Demonstration Project assistance provided to time-eligible recipients, the department and each county shall share those costs as provided for in subdivision (b) of Section 13251. Notwithstanding any other provision of this chapter, the provisions of this paragraph shall remain operative only until October 1, 1989.

(b) The department shall implement the Refugee Cash Assistance Demonstration Project on July 1, 1984, or as soon thereafter as is possible. This demonstration project shall be in operation for a period of five years and three months, commencing July 1, 1985, to September 30, 1990, inclusive.

(c) A county may discontinue the Refugee Cash Assistance Demonstration Project prior to September 30, 1990, subject to the following conditions:

(1) The county shall fully implement Section 13278.

(2) No new applications for the Refugee Cash Assistance Demonstration Project shall be accepted at the time Section 13278 is implemented or after April 1, 1990, whichever comes first.

(d) This chapter shall remain operative only until October 1, 1990, and shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 5. Chapter 5.3 (commencing with Section 13270) of Part 3 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 6. Section 13278 of the Welfare and Institutions Code is amended to read:

13278. Commencing October 1, 1990, the county shall, to the extent permitted by federal law, utilize funds as described in subdivision (a) of Section 13276 to pay for the costs of any services provided to, or activity performed on behalf of, any refugee participating in the program authorized under Article 3.2 (commencing with Section 11320) of Chapter 2 if that cost is allowed under a plan approved in accordance with Section 11320.2 and federal requirements for refugee employment-related and English language training funds. The plan shall be developed with significant participation by and input from refugee community organizations, voluntary agencies, and other local public and private entities involved in the refugee resettlement process.

SEC. 7. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted within 120 days of the enactment of this act in order to implement this act shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare, and shall not be subject to the review and approval of the Office of Administrative Law. The regulations shall not remain in effect more than 120 days unless the adopting agency complies with all the provisions of Chapter 3.5, as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that this program can provide quality needed services to refugees and demonstrate its value for the people of the State of California prior to July 1, 1989, it is necessary that this act go into immediate effect.

CHAPTER 40

An act relating to correctional institutions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 8, 1989 Filed with Secretary of State June 8, 1989.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby created within the Department of Corrections 12.9 positions to provide custody and security staff for the new 180-bed, acquired immune deficiency syndrome (AIDS) program in the Del Norte Unit at the California Institution for Men at Chino through June 30, 1989.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because there is an urgent need for staff to handle the special custody and security needs of inmates housed in a unit dedicated for treatment of AIDS, it is necessary that this act take effect immediately.

CHAPTER 41

An act to amend Sections 19053 and 26073 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor June 8, 1989 Filed with Secretary of State June 8, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 19053 of the Revenue and Taxation Code is amended to read:

19053. No credit or refund shall be allowed or made after four years from the last day prescribed for filing the return or after one year from the date of the overpayment, whichever period expires the later, unless before the expiration of the period a claim therefor is filed by the taxpayer, or unless before the expiration of the period the Franchise Tax Board allows a credit, makes a refund, mails a notice of proposed overpayment on a preprinted form prescribed by the Franchise Tax Board, or certifies the overpayment to the State Board of Control for approval of the refunding thereof.

SEC. 2. Section 26073 of the Revenue and Taxation Code is amended to read:

26073. No credit or refund shall be allowed or made after four

years from the last day prescribed for filing the return or after one year from the date of the overpayment, whichever period expires the later, unless before the expiration of the period a claim therefor is filed by the taxpayer, or unless before the expiration of the period the Franchise Tax Board allowed a credit, made a refund, mailed a notice of proposed overpayment on a preprinted form prescribed by the Franchise Tax Board, or certified the overpayment to the State Board of Control for approval of the refunding thereof.

CHAPTER 42

An act to amend Section 798.33 of the Civil Code, relating to mobilehomes.

[Approved by Governor June 14, 1989. Filed with Secretary of State June 15, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 798.33 of the Civil Code is amended to read:

798.33. (a) A homeowner shall not be charged a fee for keeping a pet in the park unless the management actually provides special facilities or services for pets. If special pet facilities are maintained by the management, the fee charged shall reasonably relate to the cost of maintenance of the facilities or services and the number of pets kept in the park.

(b) If the management of a mobilehome park implements a rule or regulation prohibiting residents from keeping pets in the park, the new rule or regulation shall not apply to prohibit the residents from continuing to keep the pets currently in the park if the pet otherwise conforms with the previous park rules or regulations relating to pets. However, if the pet dies or no longer lives with the resident, the resident does not have the right to replace the pet.

(c) Any rule or regulation prohibiting residents from keeping pets in the mobilehome park shall not apply to guide dogs, signal dogs, or service dogs.

CHAPTER 43

An act to amend Section 4114 of the Public Contract Code, relating to county contracts.

[Approved by Governor June 14, 1989 Filed with Secretary of State June 15, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 4114 of the Public Contract Code is amended to read:

4114. The county board of supervisors, when it is the awarding authority, may delegate its functions under Sections 4107 and 4110 to any officer designated by the board.

The authorized officer shall make a written recommendation to the board of supervisors. The board of supervisors may adopt the recommendation without further notice or hearing, or may set the matter for a de novo hearing before the board.

CHAPTER 44

An act to amend Section 19858.1 of the Government Code, relating to state employees.

[Approved by Governor June 14, 1989 Filed with Secretary of State June 15, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 19858.1 of the Government Code is amended to read:

19858.1. (a) Except as provided in subdivision (c), following completion of six months of continuous service, for each completed calendar month of service, except as provided in Section 19858.2, each state officer and employee who is employed full time shall receive credit for vacation with pay in accordance with the following schedule:

1 month to 3 years	5/6 day per month
37 months to 10 years	1¼ days per month
121 months to 15 years	1 5/12 days per month
181 months to 24 years	1 7/12 days per month
289 months and over	1⅔ days per month

The computation of credit for the month of January 1964, and each month thereafter, shall be based upon the schedule set forth in this subdivision, except that the rate of vacation credit allowed shall not be reduced for any officer or employee employed prior to January

1, 1964. The time when vacation shall be taken shall be determined by the appointing power of the officer or employee.

(b) If the provisions of subdivision (a) are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

(c) Following completion of six months of continuous service, for each completed calendar month of service, except as provided in Section 19858.2, each state officer and employee who is employed full time and is either excluded from the definition of state employee in subdivision (c) of Section 3513, or is a supervisory employee, as defined in Section 3522.1, or is a nonelected officer or employee of the executive branch of government who is not a member of the civil service, shall receive credit for vacation in accordance with the following schedule:

1 month to 3 years	7/8 day per month
37 months to 10 years	1 3/8 days per month
121 months to 15 years	1 5/8 days per month
181 months to 20 years	1 3/4 days per month
241 months to 25 years	1 7/8 days per month
301 months and over	2 days per month

The time when vacation shall be taken shall be determined by the appointing power of the officer or employee.

CHAPTER 45

An act to amend Section 13844 of the Health and Safety Code, and to amend Section 13070 of the Public Resources Code, relating to fire protection, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 14, 1989. Filed with Secretary of State June 15, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 13844 of the Health and Safety Code is amended to read:

13844. If a county board of supervisors or a city council has appointed itself as the district board, the board of supervisors or city council may delegate any or all of its powers to a fire commission composed of five or seven commissioners. In the case of a district governed by a board of supervisors, the commissioners may be

councilmembers of cities which are located in the district. The board of supervisors or city council shall determine whether the commissioners shall serve at its pleasure or for staggered terms of four years subject to removal for cause.

SEC. 2. Section 13070 of the Public Resources Code is amended to read:

13070. The district may acquire, construct, maintain, and operate property, works, and facilities for any one or more of the following purposes:

(a) To supply the inhabitants of the district with water for domestic use, irrigation, sanitation, industrial use, fire protection, and recreation.

(b) The collection, treatment, or disposal of sewage, waste, and storm water of the district and its inhabitants.

(c) To exercise any of the powers, functions, and duties which are vested in, or imposed upon, a fire protection district pursuant to the Fire Protection District Law of 1987, Part 3 (commencing with Section 13800) of Division 12 of the Health and Safety Code.

If the district includes any part of any local agency which provides fire protection service to any territory in the district, the district shall have no authority regarding the prevention or suppression of fires in that territory unless the district has obtained the consent of the local agency.

(d) Comprehensive planning for the physical growth of the area within the district.

(e) The collection or disposal of garbage or refuse matter.

(f) Public recreation by means of parks, including, but not limited to, acquatic parks and recreational harbors, playgrounds, golf courses, swimming pools, or recreation buildings for all-year recreation, including, but not limited to, facilities for public and private meetings, and other public squares and places.

(g) Street lighting.

(h) Mosquito abatement.

(i) The equipment and maintenance of a police department or other police protection to protect and safeguard life and property.

(j) The opening, widening, extending, straightening, and surfacing, in whole or part, of any street in the district, subject to the consent of the Department of Transportation, with respect to state highways, and local authorities, as defined in Section 385 of the Vehicle Code, with respect to highways under their jurisdiction.

(k) The construction and improvement of bridges, culverts, curbs, gutters, drains, and works incidental to the purposes specified in subdivision (j), subject to the consent of the Department of Transportation, with respect to state highways, and local authorities, as defined in Section 385 of the Vehicle Code, with respect to highways under their jurisdiction.

(*l*) The construction and maintenance of parking facilities and other transportation facilities.

SEC. 3. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Artice IV of the California Constitution and shall go into immediate effect. The facts constituting the necessity are:

Some county boards of supervisors govern fire protection districts and have appointed city councilmembers of cities within the districts to serve as fire commissioners. Although that practice was permitted by the Fire Protection District Law of 1961, it is not permitted by the Fire Protection District Law of 1987. This measure restores the ability of county supervisors to appoint city councilmembers as fire commissioners. The immediate effect of this measure will allow for the uninterrupted governance of fire districts which protect the public peace, health, and safety in many local communities.

CHAPTER 46

An act to add Section 50199.20 to the Health and Safety Code, and to amend Sections 17058 and 23610.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor June 15, 1989. Filed with Secretary of State June 15, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 50199.20 is added to the Health and Safety Code, to read:

50199.20. Not less than 20 percent of the total low-income housing tax credit shall be allocated to rural areas, as defined in Section 50101.

SEC. 2. Section 17058 of the Revenue and Taxation Code is amended to read:

17058. (a) There shall be allowed as a credit against the amount of net tax (as defined in Section 17039) a state low-income housing credit in an amount equal to the amount determined in subdivision (c), computed in accordance with the provisions of Section 42 of the Internal Revenue Code of 1986, as amended, including the amendments contained in the Technical Corrections and Miscellaneous Revenue Act of 1988, except as otherwise provided in this section.

(b) (1) The amount of the credit allocated to any project shall be authorized by the Mortgage Bond and Tax Credit Allocation Committee, or any successor thereof, based on a project's need for the credit for economic feasibility.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) It shall have been allocated by the Mortgage Bond and Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code.

(ii) It shall qualify for a credit under Section 42(h) (4) (B) of the

Internal Revenue Code.

(B) The Mortgage Bond and Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code.

(2) (A) The Mortgage Bond and Tax Credit Allocation Committee shall certify to the taxpayer the amount of tax credit under this section to which the taxpayer is entitled for each year in the credit period.

(B) The taxpayer shall attach a copy of the certification to any return upon which a tax credit is claimed under this section.

(C) In the case of a failure to attach a copy of the certification for the year to the return in which a tax credit is claimed under this section, no credit under this section shall be allowed for that year until a copy of that certification is provided.

(D) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code shall apply to this section.

(c) Section 42(b) of the Internal Revenue Code shall be modified as follows:

(1) In the case of any qualified low-income building placed in service by the taxpayer during 1987, the term "applicable percentage" means 9 percent for each of the first three years and 3 percent for the fourth year for new buildings (whether or not the building is federally subsidized) and for existing buildings.

(2) In the case of any qualified low-income building placed in service by the taxpayer after 1987 (for new buildings whether or not the building is federally subsidized and for existing buildings), the term "applicable percentage" means either of the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings which are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, in lieu of the percentage prescribed in Section 42(b)(1)(A).

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(d) The term "qualified low-income housing project" as defined in Section 42(c)(2) of the Internal Revenue Code is modified by adding the following requirements:

(1) The taxpayer shall be entitled to receive a cumulative cash distribution from the operation of the qualified low-income housing project in an amount not to exceed 8 percent per annum on the investment in the project. For purposes of this paragraph, the investment in the project shall be equal to the amount of the capital contributions actually paid to the housing project and shall not include any amounts until they are paid on an investor note. The limitation on return shall apply in the aggregate to the partners if the taxpayer is a partnership and in the aggregate to the shareholders if the taxpayer is an S corporation.

(2) The taxpayer shall apply any cash available for distribution in

excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

(1) The term "credit period" as defined in Section 42(f)(1) of the Internal Revenue Code is modified by substituting "four taxable years" for "10 taxable years."

(2) The special rule for the first taxable year of credit period under Section 42(f)(2) of the Internal Revenue Code shall not apply to the tax credit under this section.

(3) Section 42(f)(3) of the Internal Revenue Code is modified to read:

If, as of the close of the 1988 or 1989 taxable year, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the taxpayer shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the taxable year in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

The total amount for the four-year period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the Mortgage Bond and Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (6), and (7) of Section 42(h) of the Internal Revenue Code shall not be applicable to this section.

(g) (1) Except as provided in paragraph (2), the aggregate housing credit dollar amount which may be allocated annually by the Mortgage Bond and Tax Credit Allocation Committee for the 1987, 1988, and 1989 calendar years pursuant to this section and Section 23610.5 shall be an amount equal to one dollar and twenty-five cents ($1.25) multiplied by the state population in that year, as established by the Department of Finance.

(2) The portion of the aggregate housing credit dollar amount of the Mortgage Bond and Tax Credit Allocation Committee which is not allocated for each of the calendar years may be carried over to any subsequent calendar years through 1989.

(h) (1) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto, subject to the limitation in paragraph (2).

(2) If, after the first 15 years of the compliance period, a qualified

low-income housing project is not economically feasible, the taxpayer shall be entitled to remove one or more low-income units from the set-aside and rent requirements of Section 42(g) of the Internal Revenue Code as is necessary for the project to become economically feasible, provided that once a project is again economically feasible, the taxpayer designates the next available units as low-income units subject to the set-aside and rent requirements, up to the original number of low-income units, while keeping the project economically feasible.

(3) For purposes of paragraph (2), "economically feasible" means that project revenue equals or exceeds project operating expenses excluding any return on investment.

(4) For purposes of paragraph (3), "operating expenses" means the reasonable expenses necessary to operate and maintain the project in habitable condition, debt service, taxes, and reasonable reserves. For purposes of this paragraph, debt service shall not include that portion of payments of principal and interest attributable to any excess refinanced principal over the outstanding principal of the loan that was refinanced.

(i) Section 42(j) of the Internal Revenue Code shall not be applicable and the following shall be substituted in its place:

(1) The requirements of this section shall be set forth in a regulatory agreement between the Mortgage Bond and Tax Credit Allocation Committee and the taxpayer.

(2) The regulatory agreement shall include, but not be limited to, the following:

(A) A term equal to the compliance period.

(B) A requirement that the agreement be filed in the official records of the county in which the qualified low-income housing project is located.

(C) A provision stating which state and local agencies can enforce the regulatory agreement in the event the taxpayer fails to satisfy any of the requirements of this section.

(D) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto.

(E) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.

(F) A requirement that the taxpayer provide the Mortgage Bond and Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement with advance notice if the taxpayer intends to reduce the number of low-income units to make a project economically feasible.

(G) A requirement that the taxpayer notify the Mortgage Bond and Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.

(H) A requirement that the taxpayer, as security for the

performance of taxpayer's obligations under the regulatory agreement, assign the taxpayer's interest in rents which it receives from the project, provided that until there is a default under the regulatory agreement, the taxpayer is entitled to collect and retain the rents.

(I) The remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period, include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the taxpayer is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance, securing the appointment of a receiver to operate the project, or any other relief as may be appropriate.

(j) In allocating the housing credit, the Mortgage Bond and Tax Credit Allocation Committee shall give priority to qualified low-income housing projects that satisfy the following criteria, which are weighted according to the numerical order of the paragraphs listed below:

(1) Projects that have received government financing or mortgage assistance and are eligible and likely to convert to market-rate rental units.

(2) (A) Projects that commit to providing low-income units for a significantly longer period than the compliance period under this section.

(B) Projects that commit to providing a greater percentage of low-income units than is required under Section 42(g)(1) of the Internal Revenue Code.

(3) Projects that commit to charging rent for low-income units that is less than the rent requirements under Section 42(g)(2) of the Internal Revenue Code.

(4) (A) Projects for which the rate of return on cash investment is less than the rate allowed under this section.

(B) Projects targeted to those groups identified in the California Statewide Housing Plan as having special needs, including projects that ensure that rural areas receive a proportionate share of the housing credits, which share shall in no event be less than 20 percent of the total allocation, including 20 percent of any unallocated credit from prior years as provided in subdivision (m). For the purposes of this paragraph, "rural areas" has the same meaning as defined in Section 50101 of the Health and Safety Code.

(k) Section 42(*l*) of the Internal Revenue Code shall be modified as follows:

The term "secretary" shall be replaced by the term "Mortgage Bond and Tax Credit Allocation Committee."

(*l*) In the case where the credit allowed under this section exceeds the net tax for the taxable year, that portion of the credit

which exceeds the net tax may be carried over to the net tax in succeeding taxable years, with respect to which this section shall remain in effect for purposes of carrying over excess credit, until the credit is used. The credit shall be applied first to the earliest years possible.

(m) The aggregate amount of tax credits granted pursuant to this section and Section 23610.5 shall not exceed thirty-five million dollars ($35,000,000) per year in the 1987 and 1988 calendar years. The Mortgage Bond and Tax Credit Allocation Committee shall not authorize any credit if the total amount of credits authorized in any year under the Personal Income Tax Law and the Bank and Corporation Tax Law exceeds thirty-five million dollars ($35,000,000) in the 1987 and 1988 calendar years.

The aggregate amount of credit granted pursuant to this section and Section 23610.5 in 1989 may exceed thirty-five million dollars ($35,000,000) by an amount equal to the unallocated credit from 1987 and 1988.

(n) The credit period with respect to an allocation of credit in 1989 by the Mortgage Bond and Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(o) This section shall remain in effect only until December 1, 1990, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (*l*), until the credit has been exhausted.

SEC. 3. Section 23610.5 of the Revenue and Taxation Code is amended to read:

23610.5. (a) For income years beginning before January 1, 1990, there shall be allowed as a credit against the "tax" (as defined by Section 23036) a state low-income housing tax credit in an amount equal to the amount determined in subdivision (c), computed in accordance with Section 42 of the Internal Revenue Code of 1986, as amended, including the amendments contained in the Technical Corrections and Miscellaneous Revenue Act of 1988, except as otherwise provided in this section.

(b) (1) The amount of the credit allocated to any project shall be authorized by the Mortgage Bond and Tax Credit Allocation Committee, or any successor thereof, based on a project's need for the credit for economic feasibility

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) It shall have been allocated by the Mortgage Bond and Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code.

(ii) It shall qualify for a credit under Section 42(h) (4) (B) of the Internal Revenue Code.

(B) The Mortgage Bond and Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to

Section 42 of the Internal Revenue Code.

(2) (A) The Mortgage Bond and Tax Credit Allocation Committee shall certify to the taxpayer the amount of tax credit under this section to which the taxpayer is entitled for each year in the credit period.

(B) The taxpayer shall attach a copy of the certification to any return upon which a tax credit is claimed under this section.

(C) In the case of a failure to attach a copy of the certification for the year to the return in which a tax credit is claimed under this section, no credit under this section shall be allowed for that year until a copy of that certification is provided.

(D) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code shall apply to this section.

(c) Section 42(b) of the Internal Revenue Code shall be modified as follows:

(1) In the case of any qualified low-income building placed in service by the taxpayer during 1987, the term "applicable percentage" means 9 percent for each of the first three years and 3 percent for the fourth year for new buildings (whether or not the building is federally subsidized) and for existing buildings.

(2) In the case of any qualified low-income building placed in service by the taxpayer after 1987 (for new buildings whether or not the building is federally subsidized and for existing buildings), the term "applicable percentage" means either of the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings which are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, in lieu of the percentage prescribed in Section 42(b)(1)(A).

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(d) The term "qualified low-income housing project" as defined in Section 42(c)(2) of the Internal Revenue Code is modified by adding the following requirements:

(1) The taxpayer shall be entitled to receive a cumulative cash distribution from the operation of the qualified low-income housing project in an amount not to exceed 8 percent per annum on the investment in the project. For purposes of this paragraph, the investment in the project shall be equal to the amount of the capital contributions actually paid to the housing project and shall not include any amounts until they are paid on an investor note. The limitation on return shall apply in the aggregate to the partners if the taxpayer is a partnership and in the aggregate to the shareholders if the taxpayer is an S corporation.

(2) The taxpayer shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

(1) The term "credit period" as defined in Section 42(f) (1) of the Internal Revenue Code is modified by substituting "four income years" for "10 taxable years."

(2) The special rule for the first taxable year of credit period under Section 42(f) (2) of the Internal Revenue Code shall not apply to the tax credit under this section.

(3) Section 42(f) (3) of the Internal Revenue Code is modified to read:

If, as of the close of the 1988 or 1989 income year, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the taxpayer shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the taxable year in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h) (2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

The total amount for the four-year credit period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the Mortgage Bond and Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (6), and (7) of Section 42(h) of the Internal Revenue Code shall not be applicable.

(g) (1) Except as provided in paragraph (2), the aggregate housing credit dollar amount which may be allocated annually by the Mortgage Bond and Tax Credit Allocation Committee for the 1987, 1988, and 1989 calendar years pursuant to this section and Section 17058 shall be an amount equal to one dollar and twenty-five cents ($1.25) multiplied by the state population in that year, as established by the Department of Finance.

(2) The portion of the aggregate housing credit dollar amount of the Mortgage Bond and Tax Credit Allocation Committee which is not allocated for each of the calendar years may be carried over to any subsequent calendar years through 1989.

(h) (1) The term "compliance period" as defined in Section 42(i) (1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30-consecutive income years beginning with the first income year of the credit period with respect thereto, subject to the limitation in paragraph (2).

(2) If, after the first 15 years of the compliance period, a qualified low-income housing project is not economically feasible, the taxpayer shall be entitled to remove one or more low-income units from the set-aside and rent requirements of Section 42(g) of the Internal Revenue Code as is necessary for the project to become

economically feasible, provided that once a project is again economically feasible, the taxpayer designates the next available units as low-income units subject to the set-aside and rent requirements, up to the original number of low-income units, while keeping the project economically feasible.

(3) For purposes of paragraph (2), "economically feasible" means that project revenue equals or exceeds project operating expenses excluding any return on investment.

(4) For purposes of paragraph (3), "operating expenses" means the reasonable expenses necessary to operate and maintain the project in habitable condition, debt service, taxes, and reasonable reserves. For purposes of this paragraph, debt service shall not include that portion of payments of principal and interest attributable to any excess refinanced principal over the outstanding principal of the loan that was refinanced.

(i) Section 42(j) of the Internal Revenue Code shall not be applicable and the following shall be substituted in its place:

(1) The requirements of this section shall be set forth in a regulatory agreement between the Mortgage Bond and Tax Credit Allocation Committee and the taxpayer.

(2) The regulatory agreement shall include, but not be limited to, the following:

(A) A term equal to the compliance period.

(B) A requirement that the agreement be filed in the official records of the county in which the qualified low-income housing project is located.

(C) A provision stating which state and local agencies can enforce the regulatory agreement in the event the taxpayer fails to satisfy any of the requirements of this section.

(D) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto.

(E) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.

(F) A requirement that the taxpayer provide the Mortgage Bond and Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement with advance notice if the taxpayer intends to reduce the number of low-income units to make a project economically feasible.

(G) A requirement that the taxpayer notify the Mortgage Bond and Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.

(H) A requirement that the taxpayer, as security for the performance of taxpayer's obligations under the regulatory agreement, assign the taxpayer's interest in rents which it receives from the project, provided that until there is a default under the regulatory agreement, the taxpayer is entitled to collect and retain

the rents.

(I) The remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period, include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operate the project in accordance with the regulatory agreement until the enforcer determines the taxpayer is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance, securing the appointment of a receiver to operate the project, or any other relief as may be appropriate.

(j) In allocating the housing credit, the Mortgage Bond and Tax Credit Allocation Committee shall give priority to qualified low-income housing projects that satisfy the following criteria, which are weighted according to the numerical order of the paragraphs listed below:

(1) Projects that have received government financing or mortgage assistance and are eligible and likely to convert to market-rate rental units.

(2) (A) Projects that commit to providing low-income units for a significantly longer period than the compliance period under this section.

(B) Projects that commit to providing a greater percentage of low-income units than is required under Section 42(g)(1) of the Internal Revenue Code.

(3) Projects that commit to charging rent for low-income units that is less than the rent requirements under Section 42(g)(2) of the Internal Revenue Code.

(4) (A) Projects for which the rate of return on cash investment is less than the rate allowed under this section.

(B) Projects targeted to those groups identified in the California Statewide Housing Plan as having special needs, including projects that ensure that rural areas receive a proportionate share of the housing credits, which share shall in no event be less than 20 percent of the total allocation, including 20 percent of any unallocated credit from prior years as provided in subdivision (m). For the purposes of this paragraph, "rural areas" has the same meaning as defined in Section 50101 of the Health and Safety Code.

(k) Section 42(*l*) of the Internal Revenue Code shall be modified as follows:

The term "secretary" shall be replaced by the term "Mortgage Bond and Tax Credit Allocation Committee."

(*l*) In the case where the state credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(m) The aggregate amount of tax credits granted pursuant to this section and Section 17058 shall not exceed thirty-five million dollars

($35,000,000) per year in the 1987 and 1988 calendar years. The Mortgage Bond and Tax Credit Allocation Committee shall not authorize any credit if the total amount of credits authorized in any year under the Personal Income Tax Law and the Bank and Corporation Tax Law exceeds thirty-five million dollars ($35,000,000) in the 1987 and 1988 calendar years.

The aggregate amount of credit granted pursuant to this section and Section 17058 in 1989 may exceed thirty-five million dollars ($35,000,000) by an amount equal to the unallocated credit from 1987 and 1988.

(n) The credit period with respect to an allocation of credit in 1989 by the Mortgage Bond and Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(o) This section shall remain in effect only until December 1, 1990, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (*l*), until the credit has been exhausted.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the California Constitution and shall go into immediate effect. However, the provisions of this act shall be applied in the computation of taxes for taxable or income years beginning on or after the first day of the calendar year in which this act becomes effective provided the effective date is more than 90 days prior to the last day of the calendar year. If the effective date is 90 days or less prior to the last day of the calendar year, the provisions of this act shall apply in the computation of taxes for taxable or income years beginning on or after the first day of the calendar year following the effective date.

CHAPTER 47

An act to amend Section 39308.5 of the Education Code, relating to school facilities.

[Approved by Governor June 20, 1989 Filed with Secretary of State June 20, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 39308.5 of the Education Code is amended to read:

39308.5. (a) If, at an election held pursuant to Section 39308, or the predecessor to that section, a majority of the electors voting on the proposition voted "Yes," the governing board may call an election pursuant to this section.

Before entering into one or more leases or agreements pursuant to this section and this article, the governing board of the district

shall call, hold, and conduct an election in the manner provided in Section 42202 of the Education Code, as it existed on December 31, 1979, except that the ballot used in the election shall contain substantially the words: "Shall the governing board of the _____ District purchase (a site, sites) prepare plans and specifications [the reference to the site or sites and plans and specifications shall not be included if, prior to calling the election, the governing board of the district has acquired a site or sites or proposes to lease a site or sites or has prepared plans and specifications] and lease (a site, sites) and (a building, buildings) to be constructed for use by the school district (designating the location of the site or sites on which the building or buildings will be constructed and generally describing the building or buildings) and for those purposes, shall the tax rate increase authorized on [the date of the original election], be used solely and exclusively for those purposes in addition to those approved by the majority of electors at the election held pursuant to Section 39308, or the predecessor to that section, on [the date of the original election]?"

If, at the election held pursuant to this section, a majority of the electors voting on the proposition vote "Yes," the governing board may proceed pursuant to this article to use that previously authorized tax increase for the purpose or purposes authorized under that election.

(b) It is the intent of the Legislature, in enacting this section, to permit the levy of a tax to the extent authorized at an election held pursuant to Section 39308, or the predecessor to that section, as modified to permit the proceeds of that tax to be expended for the purposes authorized at the election held pursuant to subdivision (a).

CHAPTER 48

An act to amend Section 1208 of the Penal Code, and to amend Section 927 of the Welfare and Institutions Code, relating to work furlough.

[Approved by Governor June 20, 1989 Filed with Secretary of State June 20, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to job training, shall be operative in any

county in which the board of supervisors by ordinance finds, on the basis of job training conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to job training, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any ordinance the board shall prescribe whether the sheriff, the probation officer, the director of the county department of corrections, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board may, in that ordinance, provide for the performance of any or all functions of the work furlough administrator by any one or more of those persons, acting separately or jointly as to any of the functions; and may, by a subsequent ordinance, revise the provisions within the authorization of this section. The board of supervisors may also terminate the operation of this section, either with respect to employment, job training, or education in the county if it finds by ordinance that because of changed circumstances, the operation of this section, either with respect to employment, job training, or education in that county is no longer feasible.

Notwithstanding any other provision of law, the board of supervisors may by ordinance designate a facility for confinement of prisoners classified for the work furlough program and designate the work furlough administrator as the custodian of the facility. The work furlough administrator may, with the approval of the board of supervisors, enter into contracts with appropriate public or nonprofit private agencies or private entities to provide a facility and services for the housing, sustenance, counseling, supervision, and related services for inmates eligible for work furlough. No agency or private entity entering into a contract may itself employ any person who is in the work furlough program. The sheriff or director of the county department of corrections, as the case may be, is authorized to transfer custody of prisoners to the work furlough administrator to be confined in a facility for the period during which they are in the work furlough program.

All privately operated work furlough facilities and programs used for the detention of persons sentenced into the custody of the sheriff, the director of a county department of corrections, or the chief probation officer, shall be under the jurisdiction of, and subject to the terms of a contract entered into with, the work furlough administrator. Each contract shall include, but not be limited to, a provision whereby the private agency or entity agrees to operate in compliance with all appropriate state and local building, zoning, health, safety, and fire statutes, ordinances, and regulations and the minimum jail standards for Type IV facilities as established by

regulations adopted by the Board of Corrections. The private agency or entity shall select and train its personnel in accordance with selection and training requirements adopted by the Board of Corrections as set forth in Subchapter 1 (commencing with Section 100) of Chapter 1 of Division 1 of Title 15 of the California Code of Regulations. Failure to comply with the appropriate health, safety, and fire laws or minimum jail standards adopted by the board may be cause for termination of the contract. Upon discovery of a failure to comply with these requirements, the work furlough administrator shall notify the privately operated program director that the contract may be canceled if the specified deficiencies are not corrected within 60 days.

All private work furlough facilities and programs shall be inspected biennially by the Board of Corrections unless the work furlough administrator requests an earlier inspection pursuant to Section 6031.1. Each private agency or entity shall pay a fee to the Board of Corrections commensurate with the cost of those inspections and a fee commensurate with the cost of the initial review of the facility.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned in the county jail for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, the work furlough administrator may, if he or she concludes that the person is a fit subject to continue in his or her regular employment, direct that the person be permitted to continue in that employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself or herself, unless the court at the time of sentencing or committing has ordered that the person not be granted work furloughs. The work furlough administrator may, if he or she concludes that the person is a fit subject to continue in his or her job training program, direct that the person be permitted to continue in that job training program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure local job training for himself or herself, unless the court at the time of sentencing has ordered that person not be granted work furloughs. The work furlough administrator may, if he or she concludes that the person is a fit subject to continue in his or her regular educational program, direct that the person be permitted to continue in that educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself or herself, unless the court at the time of sentencing has ordered that person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his or her regular employment, job training, or educational program, the administrator shall arrange for a continuation of that employment or for that job training or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular job training or educational program, and the administrator has authorized the prisoner to secure

employment, job training, or education for himself or herself, the prisoner may do so, and the administrator may assist the prisoner in doing so. Any employment, job training, or education so secured shall be suitable for the prisoner. The employment, and the job training or educational program if it includes earnings by the prisoner, shall be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in that area. In no event may any employment, job training, or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed, trained, or educated.

(d) Whenever the prisoner is not employed or being trained or educated and between the hours or periods of employment, training, or education, the prisoner shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment, job training, or education, the work furlough administrator shall have the authority to release him or her from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, workers' compensation insurer, or the prisoner. The release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner classified for the work furlough program for a period not to exceed 72 hours for medical, dental, or psychiatric care, or for family emergencies or pressing business which would result in severe hardship if the release were not granted, or to attend those activities as the administrator deems may effectively promote the prisoner's successful return to the community, including, but not limited to, an attempt to secure housing, employment, entry into educational programs, or participation in community programs.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit the wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, that request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and the sheriff receives a writ of execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, the sheriff shall first levy on the earnings pursuant to the writ. When an employer or educator transmits earnings to the administrator pursuant to this subdivision, the sheriff shall have no liability to the prisoner for those earnings. From the earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall

deduct so much of the costs of administration of this section as is allocable to the prisoner or if the prisoner is unable to pay that sum, a lesser sum as is reasonable, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge. Upon discharge the balance shall be paid to the prisoner.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018 and 4019.

(g) In the event the prisoner violates the conditions laid down for his or her conduct, custody, job training, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he or she is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532.

(i) As used in this section, the following definitions apply:

(1) "Education" includes vocational and educational training and counseling, and psychological, drug abuse, alcoholic, and other rehabilitative counseling.

(2) "Educator" includes a person or institution providing that training or counseling.

(3) "Employment" includes care of children, including the daytime care of children of the prisoner.

(4) "Job training" may include, but shall not be limited to, job training assistance as provided through the Job Training Partnership Act (Public Law 97-300; 29 U.S.C.A. Sec. 1501 et seq.).

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 2. Section 927 of the Welfare and Institutions Code is amended to read:

927. (a) If the juvenile work furlough administrator so directs that the minor be permitted to continue in his or her regular employment, the administrator shall arrange for a continuation of that employment when possible without interruption. If the minor does not have regular employment, and the administrator has authorized the minor to secure employment for himself or herself, the minor may do so, and the administrator may assist the minor in doing so. Any employment so secured must be suitable for the minor and must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in the area. In no event may any employment be permitted where there is a labor dispute in the establishment in which the minor is, or is to be, employed.

(b) If the minor does not have regular employment, the juvenile

work furlough administrator may authorize the minor to apply for placement in a local job training program, and the administrator may assist him or her in doing so. The program may include, but shall not be limited to, job training assistance as provided through the Job Training Partnership Act (Public Law 97-300; 29 U.S.C.A. Sec. 1501 et seq.).

CHAPTER 49

An act to amend Section 72062 of, and to repeal Section 74352.3 of, the Government Code, and to amend Section 1205 of the Penal Code, relating to courts.

[Approved by Governor June 20, 1989 Filed with Secretary of State June 20, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 74352.3 of the Government Code is repealed.

SEC 2. Section 72062 of the Government Code is amended to read:

72062. The Legislature hereby authorizes the establishment of the following program, to be implemented in any county, upon the adoption of a resolution by the board of supervisors authorizing it. For each of the municipal court districts in a county, the board of supervisors may establish administrative assessments, not to exceed ten dollars ($10), for clerical and administrative costs incurred for the following activities:

(a) An assessment for the cost of recording and maintaining a record of the defendant's prior convictions for violations of the Vehicle Code. The assessment shall be payable at the time of payment of a fine or when bail is forfeited for any subsequent violations of the Vehicle Code other than parking, pedestrian, or bicycle violations.

(b) An assessment for all defendants whose driver's license or automobile registration is attached or restricted pursuant to Section 40509 or 40509.5 of the Vehicle Code, to cover the cost of notifying the Department of Motor Vehicles of the attachment or restriction.

SEC. 3. Section 1205 of the Penal Code is amended to read:

1205. (a) A judgment that the defendant pay a fine, with or without other punishment, may also direct that he or she be imprisoned until the fine is satisfied and may further direct that the imprisonment begin at and continue after the expiration of any imprisonment imposed as a part of the punishment or of any other imprisonment to which he or she may theretofore have been sentenced. Each of these judgments shall specify the extent of the imprisonment for nonpayment of the fine, which shall not be more

than one day for each thirty dollars ($30) of the fine, nor exceed in any case the term for which the defendant might be sentenced to imprisonment for the offense of which he or she has been convicted. A defendant held in custody for nonpayment of a fine shall be entitled to credit on the fine for each day he or she is so held in custody, at the rate specified in the judgment. When the defendant has been convicted of a misdemeanor, a judgment that the defendant pay a fine may also direct that he or she pay the fine within a limited time or in installments on specified dates and that in default of payment as therein stipulated he or she be imprisoned in the discretion of the court either until the defaulted installment is satisfied or until the fine is satisfied in full; but unless the direction is given in the judgment, the fine shall be payable forthwith.

(b) Except as otherwise provided in case of fines imposed as conditions of probation, the defendant shall pay the fine to the clerk of the court, or to the judge thereof if there is no clerk, unless the defendant is taken into custody for nonpayment of the fine, in which event payments made while he or she is in custody shall be made to the officer who holds him or her in custody and all amounts so paid shall be forthwith paid over by the officer to the court which rendered the judgment. The clerk shall report to the court every default in payment of a fine or any part thereof, or if there is no clerk, the court shall take notice of the default. If time has been given for payment of a fine or it has been made payable in installments, the court shall, upon any default in payment, immediately order the arrest of the defendant and order him or her to show cause why he or she should not be imprisoned until the fine or installment thereof, as the case may be, is satisfied in full. If the fine, or installment, is payable forthwith and it is not so paid, the court shall without further proceedings, immediately commit the defendant to the custody of the proper officer to be held in custody until the fine or installment thereof, as the case may be, is satisfied in full.

(c) This section applies to any violation of any of the codes or statutes of this state punishable by a fine or by a fine and imprisonment.

Nothing in this section shall be construed to prohibit the clerk of the court, or the judge thereof if there is no clerk, from turning these accounts over to another county department or a collecting agency for processing and collection.

(d) The defendant shall pay to the clerk of the court or the collecting agency a fee for the processing of installment accounts. This fee shall equal the administrative and clerical costs, as determined by the board of supervisors, except that the fee shall not exceed thirty dollars ($30). The Legislature hereby authorizes the establishment of the following program described in this section, to be implemented in any county, upon the adoption of a resolution by the board of supervisors authorizing it. The board of supervisors in any county may establish a fee for the processing of accounts receivable that are not to be paid in installments. The defendant shall

pay to the clerk of the court or the collecting agency the fee established for the processing of the accounts. The fee shall equal the administrative and clerical costs, as determined by the board of supervisors, except that the fee shall not exceed thirty dollars ($30).

CHAPTER 50

An act to amend Sections 3564 and 3566 of the Elections Code, relating to elections

[Approved by Governor June 21, 1989 Filed with Secretary of State June 21, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 3564 of the Elections Code is amended to read:

3564. A ballot argument shall not be accepted under this article unless accompanied by the name, business or home address, and telephone number of each person submitting it, or, if submitted on behalf of an organization, the name, business address, and telephone number of the organization and of at least two of its principal officers. The name, business or home address, and telephone number of a contact person for each individual shall also be submitted.

SEC. 2. Section 3566 of the Elections Code is amended to read:

3566. (a) No more than three signatures shall appear with any argument printed in the ballot pamphlet. In case any argument is signed by more than three persons the signatures of the first three shall be printed.

(b) The Secretary of State shall provide, upon request, the name of, and a telephone number for, each signer of a ballot argument printed in the ballot pamphlet

---

CHAPTER 51

An act to amend Section 25537 of the Government Code, relating to county property.

[Approved by Governor June 22, 1989 Filed with Secretary of State June 22, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 25537 of the Government Code is amended to read:

25537. (a) In any county the board of supervisors may prescribe by ordinance a procedure alternative to that required by Sections

25526 to 25535, inclusive, for the leasing of any real property belonging to the county. Any alternative procedure so prescribed shall require that the board of supervisors either accept the highest proposal for the proposed lease submitted in response to a call for bids posted in at least three public places for not less than 15 days and published for not less than 2 weeks in a newspaper of general circulation, if the newspaper is published in the county, or reject all bids.

(b) Leases of a duration not exceeding five years and having an estimated monthly rental of not exceeding two thousand dollars ($2,000) may be excluded from the bidding procedure specified in subdivision (a), except that notice shall be given pursuant to Section 6061, posted in the office of the county clerk, and if the lease involves residential property, notice shall be given to the housing sponsors, as defined by Sections 50074 and 50074.5 of the Health and Safety Code. The notice shall describe the property proposed to be leased, the terms of the lease, the location where leases will be executed, and any county officer authorized to execute the lease. If a lease is excluded from the bidding procedure the actual monthly rental in the executed lease shall not exceed two thousand dollars ($2,000), the term of the executed lease shall not exceed five years, and the lease is not renewable. The board of supervisors may, by ordinance, authorize the county officer or officers as are deemed appropriate, to execute leases pursuant to this section.

CHAPTER 52

An act to amend Section 6501 of the Health and Safety Code, relating to sanitary districts.

[Approved by Governor June 22, 1989 Filed with Secretary of State June 22, 1989]

The people of the State of California do enact as follows:

SECTION 1 Section 6501 of the Health and Safety Code is amended to read:

6501. By resolution, the board may change the name of the district. Any name resulting from a change shall include the words "Sanitary District" or shall be a name that is descriptive of the functions of the district. The change of name shall be effective upon the filing of a certified copy of the resolution with the Secretary of State and recording a certified copy in the office of the county recorder of the county or counties in which the district is situated.

CHAPTER 53

An act to amend Sections 76530, 76701, 76702, 76712, 76719, 76904, 76905, 76950, 76951, 76952, 76953, 76953.5, 76955, 76957, 76958, and 76959 of, to add Sections 76511, 76901.5, and 76904.5 to, and to repeal and add Sections 76900, 76901, 76902, and 76903 of, the Food and Agricultural Code, relating to commercial fishing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 22, 1989. Filed with Secretary of State June 22, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 76511 is added to the Food and Agricultural Code, to read:

76511. "Commercial salmon vessel operator" is a commercial fisherman who operates a commercial salmon vessel for which a valid commercial salmon vessel permit has been issued pursuant to Article 4.5 (commencing with Section 8230) of Chapter 2 of Part 3 of Division 6 of the Fish and Game Code.

SEC. 2. Section 76530 of the Food and Agricultural Code is amended to read:

76530. "Fisherman" means an individual licensed to commercially harvest fish pursuant to Sections 7850 to 7852, inclusive, of the Fish and Game Code.

SEC. 3. Section 76701 of the Food and Agricultural Code is amended to read:

76701. The voting members of the council shall be appointed by the director, after consultation with the Director of Fish and Game, giving due consideration to proper geographic distribution. The nine members shall include:

(a) Five commercial salmon vessel operators or their representatives, and their alternates.

(b) Two handlers who are receivers or processors or their representatives, and their alternates.

(c) One representative of a handler who is an exporter or a wholesaler, and an alternate.

(d) One public member, and an alternate.

SEC. 4. Section 76702 of the Food and Agricultural Code is amended to read:

76702. (a) The commercial salmon vessel operators and their alternates shall be selected from lists of nominees submitted by marketing associations and any organization deemed to represent the majority of organized commercial salmon vessel operators, and from nominations by individual commercial salmon vessel operators.

(b) The receivers, processors, wholesalers, or exporters and their alternates shall be selected from lists of nominees submitted by an organization deemed to represent the majority of those organized

groups in the state, and from individual receivers, processors, wholesalers, and exporters.

(c) The public member and alternate shall be selected by the director from a list submitted by the commercial salmon vessel operators and handler members of the council.

SEC. 5. Section 76712 of the Food and Agricultural is amended to read:

76712. (a) The council shall select annually from its voting members, to serve at its pleasure, a chair and vice chair.

(b) The chair and vice chair, together with four other voting members, selected annually by the council, shall constitute the executive committee of the council. The executive committee shall have and exercise any powers of the council that the council may delegate to it.

SEC. 6. Section 76719 of the Food and Agricultural Code is amended to read:

76719. The Legislature finds and declares that commercial salmon vessel operators, receivers, processors, wholesalers, or exporters appointed to the council pursuant to this article are intended to represent and further the interest of a particular agricultural industry concerned, and that this representation and furtherance is intended to serve the public interest. Accordingly, the Legislature finds and declares that, with respect to persons who are appointed to the council, the particular agricultural industry concerned is tantamount to, and constitutes, the public generally within the meaning of Section 87103 of the Government Code.

SEC. 7. Section 76900 of the Food and Agricultural Code is repealed.

SEC. 8. Section 76900 is added to the Food and Agricultural Code, to read:

76900. In order to carry out the programs and administer the activities which are conducted pursuant to this chapter, every fisherman who sells salmon to any person, shall pay a fee, as specified in Sections 76902 and 76903, for each pound or fraction thereof, of salmon taken and sold by the fisherman. The fee shall be collected from the fisherman and remitted to the director, by any person licensed to receive fish to whom the salmon are sold. If the salmon are sold to any other person the fee shall be remitted to the director by the fisherman.

SEC. 9. Section 76901 of the Food and Agricultural Code is repealed.

SEC. 10. Section 76901 is added to the Food and Agricultural Code, to read:

76901. Consistent with Section 8041 of the Fish and Game Code, the following persons shall remit the fees required by Section 76902 to the director:

(a) Any person who is required to be licensed as a fish receiver by Section 8033 of the Fish and Game Code, and receives salmon in this state from persons conducting the activities of a commercial

fisherman.

(b) Any commercial fisherman who sells salmon to any person who is not a licensed fish receiver.

SEC. 11. Section 76901.5 is added to the Food and Agricultural Code, to read:

76901.5. (a) Each person who is required by this chapter to collect a fee from fishermen shall maintain a complete and accurate record of all transactions subject to the fee. These records shall contain any information required by the director relating to the collection of fees, shall be preserved for a period of three years, and shall be available for review immediately upon demand by the director or the director's duly authorized agent.

(b) Any information obtained by the director or the director's duly authorized agent from inspection or audit of records shall be confidential and shall not be disclosed except when required in a judicial proceeding.

SEC. 12. Section 76902 of the Food and Agricultural Code is repealed.

SEC. 13. Section 76902 is added to the Food and Agricultural Code, to read:

76902. Except as specified in Section 76905, the amount of fees due under this article shall be determined by multiplying the weight in the round of salmon by two cents ($0.02). For the purposes of establishing the weight in the round of salmon brought ashore, a conversion factor of 10 percent shall be applied to the weight of salmon brought ashore in a dressed condition.

SEC. 14. Section 76903 of the Food and Agricultural Code is repealed.

SEC. 14.5. Section 76903 is added to the Food and Agricultural Code, to read:

76903. The fees imposed under this article shall be paid monthly to the director within 60 days after the last day of each month. If fees are not paid within 60 days after the month for which they are due, the director shall collect amounts owing under the procedures prescribed for sales and use taxes provided in Chapter 5 (commencing with Section 6451) of Part 1 of Division 2 of the Revenue and Taxation Code, insofar as they may be applicable, and for those purposes, "board" means the department and "the date of which the tax became due and payable," means that date 60 days after the month for which it is due.

SEC. 15. Section 76904 of the Food and Agricultural Code is amended to read:

76904. Sections 8058 to 8070, inclusive, of the Fish and Game Code apply to claims for overpayment of fees to the director. For purposes of this section, "department," as used in those sections, means the Department of Food and Agriculture, and "landing tax" means the fees imposed pursuant to this article.

SEC. 15.5. Section 76904.5 is added to the Food and Agricultural Code, to read:

76904.5. The director may consult with and enter into agreements with the Director of Fish and Game where necessary and reasonable, to assist in the administration of this chapter and in enforcing compliance with this chapter. If an agreement is established, the director shall reimburse the Department of Fish and Game for administrative costs associated with this chapter.

SEC. 16. Section 76905 of the Food and Agricultural Code is amended to read:

76905. After one year after the establishment of the council, and not before the commercial salmon season of 1990, the council may recommend to the director an increase over and above the two cents ($0.02) per pound fee required by Section 76902 for the council to carry out its duties under this chapter. The council shall consider the budget for the council, funding for activities conducted pursuant to Article 6 (commencing with Section 76800) and Article 7 (commencing with Section 76850), as well as the market price of salmon, landing taxes imposed by the Department of Fish and Game, assessments charged by marketing associations, and any other relevant factor affecting the economics of the salmon fishery. The council shall, in making any determination to increase fees, consult with marketing associations and, if the recommended increase would exceed seven cents ($0.07) per pound of salmon sold, shall conduct a ballot poll of the commercial salmon vessel operators on the director's list established pursuant to Article 9 (commencing with Section 76950). After an initial ballot poll on a recommended increase exceeding seven cents ($0.07) per pound of salmon sold, the council shall consult with marketing associations and, if the recommended increase would exceed five cents ($0.05) per pound of salmon sold, shall conduct a ballot poll of the commercial salmon vessel operators on the director's list. The director may not increase any fee without a majority approval of the voting members of the council.

SEC. 17. Section 76950 of the Food and Agricultural Code is amended to read:

76950. On or before August 15, 1989, the director shall establish a list of commercial salmon vessel operators eligible to vote on implementation of this chapter. In establishing the list, the director may require that handlers and commercial salmon vessel operators submit the names and mailing addresses of all commercial salmon vessel operators who harvested salmon during the previous season, as evidenced by receipts prepared under Section 8043 of the Fish and Game Code, together with the volume of salmon landed. The director may also request the assistance of the Director of Fish and Game for the names of all commercial salmon vessel operators who landed salmon the previous season and the volume of landings for each vessel. The request for the information shall be in writing and shall be subject to the confidentiality provisions of Section 8022 of the Fish and Game Code. The list shall be filed within 30 days following receipt of the written notice.

SEC. 18. Section 76951 of the Food and Agricultural Code is amended to read:

76951. Any commercial salmon vessel operator whose name does not appear upon the director's list of commercial salmon vessel operators affected may have his or her name established on the list by filing with the director a signed statement, identifying himself or herself as a commercial salmon vessel operator and furnishing evidence of having made landings the previous year through the submission of receipts prepared under Section 8043 of the Fish and Game Code. Failure to be on the list does not exempt a commercial salmon vessel operator from paying assessments under this chapter.

SEC. 19. Section 76952 of the Food and Agricultural Code is amended to read:

76952. This chapter, except as necessary to conduct an implementation referendum vote under this article or as provided in subdivision (b) of Section 76953, shall not become operative until the director finds in an implementation referendum conducted by the director under this article, that at least 40 percent of the total number of commercial salmon vessel operators from the list, established by the director pursuant to Section 76950, have participated by voting in the referendum, and the director finds either of the following:

(a) Sixty-five percent or more of the commercial salmon vessel operators who voted in the referendum voted in favor of implementing this chapter, and the commercial salmon vessel operators who voted in the referendum marketed 51 percent or more of the total quantity of salmon landed in the preceding fiscal year by all the commercial salmon vessel operators who voted in the referendum.

(b) Fifty-one percent of the commercial salmon vessel operators who voted in the referendum voted in favor of implementing this chapter, and the commercial salmon vessel operators who voted in the referendum marketed 65 percent or more of the total quantity of salmon landed in the preceding fiscal year by all of the commercial salmon vessel operators who voted in the referendum.

SEC. 20. Section 76953 of the Food and Agricultural Code is amended to read:

76953. The director shall establish a period in which to conduct the implementation referendum which shall not be less than 30 days nor more than 60 days in duration, and may prescribe additional procedures as may be necessary to conduct the referendum. If the initial period established is less than 30 days, the director may extend that period. However, the total referendum period may not exceed 60 days.

SEC. 21. Section 76953.5 of the Food and Agricultural Code is amended to read:

76953.5. (a) Before the referendum vote is conducted by the director, the proponents of the council shall deposit with the director the amount that the director determines is necessary to defray the

expenses of preparing the necessary lists and information and conducting the referendum vote.

(b) Any funds not used in carrying out this article shall be returned to the proponents of the council who deposited the funds with the director.

(c) Upon establishment of the council, the council may reimburse the proponents of the council for any funds deposited with the director which were used in carrying out this article, and for any legal expenses and costs incurred in establishing the council.

(d) After approval by the Commercial Salmon Trollers Advisory Committee created pursuant to Section 7862 of the Fish and Game Code, the Department of Fish and Game may expend funds collected pursuant to Section 7861 of the Fish and Game Code, for payment to the Director of Food and Agriculture to pay necessary costs incurred in conducting the implementation referendum vote. If a majority of the commercial salmon vessel operators who voted at the implementation referendum voted in favor of implementing this article, as provided in Section 76952, the council shall reimburse the Commercial Salmon Stamp Account in the Fish and Game Preservation Fund all amounts received from that fund.

SEC. 22. Section 76955 of the Food and Agricultural Code is amended to read:

76955. (a) If the director finds that a favorable vote has been given, the director shall certify and give notice of the favorable vote to all commercial salmon vessel operators whose names and addresses may be on file with the director.

(b) If the director finds that a favorable vote has not been given, the director shall so certify and declare all provisions of this chapter inoperative.

SEC. 23. Section 76957 of the Food and Agricultural Code is amended to read:

76957. (a) Between January 1, 1994, and February 28, 1994, and in the same period each five years thereafter, or pursuant to subdivision (b) of Section 76953, the director shall, by the public hearing procedure, and if appropriate, the review referendum procedure provided for in Sections 76958 and 76959, determine whether the council program provided for in this chapter shall continue in effect.

(b) If the director finds from evidence received at the hearing that a substantial question exists as to whether the council program is contrary to or does not effectuate the declared purposes or provisions of this chapter or receives in writing a referendum petition with the signatures of 25 percent or more of the number of commercial salmon vessel operators who made landings in the previous year, as evidenced by receipts prepared under Section 8043 of the Fish and Game Code, the council program shall be submitted to referendum as provided in Section 76958.

SEC. 24. Section 76958 of the Food and Agricultural Code is amended to read:

76958. If the director determines that a review referendum procedure is appropriate or, pursuant to subdivision (b) of Section 76953, required, the director shall establish a referendum period of not to exceed 30 days during which period ballots shall be submitted to every commercial salmon vessel operator on a statewide basis. If the director determines that the referendum period does not provide sufficient time for the balloting, the director may extend the referendum for an additional period not to exceed 30 days. The ballots shall provide a "yes" or "no" voting alternative to the following question:

"Shall the Salmon Council of California be continued for the next five fiscal years commencing April 1, following this referendum?"

SEC. 25. Section 76959 of the Food and Agricultural Code is amended to read:

76959. If the council program is submitted to a review referendum under Section 76958, the director shall find that commercial salmon vessel operators statewide have approved the council program if the director finds either of the following:

(1) Sixty-five percent or more of the total number of commercial salmon vessel operators, who voted in the review referendum and who harvested 51 percent or more of the total amount of salmon landed during the previous fiscal year by all commercial salmon vessel operators who voted in the review referendum, approve the program.

(2) Fifty-one percent or more of the total number of commercial salmon vessel operators, who voted in the review referendum and who harvested 65 percent or more of the total amount of salmon landed during the previous fiscal year by all commercial salmon vessel operators who voted in the review referendum, approve the program.

SEC. 26. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the changes to the salmon marketing plan in this act to be effective for the current salmon season, it is necessary that this act take effect immediately.

CHAPTER 54

An act to amend Section 7⅞ of the Knight's Landing Ridge Drainage District Act (Chapter 99 of the Statutes of 1913) and to amend Section 7⅝ of the Sacramento River West Side Levee District Act (Chapter 361 of the Statutes of 1915), relating to special districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 22, 1989 Filed with Secretary of State June 22, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 7⅞ of the Knight's Landing Ridge Drainage District Act (Chapter 99 of the Statutes of 1913) is amended to read:

Sec. 7⅞. In collecting an assessment for maintenance and repair of the works of the district and incidental expenses of the district, the board of drainage commissioners may in any year elect to utilize the tax bills of Colusa and Yolo Counties, and may impose a penalty and interest upon delinquent assessments, in the manner prescribed for reclamation districts as set forth in Division 15 (commencing with Section 50000) of the Water Code and all amendments thereto.

SEC. 2. Section 7⅝ of the Sacramento River West Side Levee District Act (Chapter 361 of the Statutes of 1915) is amended to read:

7⅝. In collecting an assessment for maintenance and repair of the works of the district and incidental expenses of the district, the board of levee commissioners may in any year elect to utilize the tax bills of Colusa and Yolo Counties, and may impose a penalty and interest upon delinquent assessments, in the manner prescribed for reclamation districts as set forth in Division 15 (commencing with Section 50000) of the Water Code and all amendments thereto.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enable the Knight's Landing Ridge Drainage District and the Sacramento River West Side Levee District to collect district assessments in a timely and efficient manner, it is necessary that this act take effect immediately.

CHAPTER 55

An act to amend Section 2881.1 of the Public Utilities Code, and to amend Section 3 of Chapter 1182 of the Statutes of 1985, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1989. Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 2881.1 of the Public Utilities Code is amended to read:

2881.1. (a) In addition to the requirements of Section 2881, the commission shall design and implement a program whereby each telephone corporation shall provide a telecommunications device capable of servicing the needs of the deaf or severely hearing-impaired, together with a single party line, at no charge additional to the basic exchange rate, to any subscriber which is an agency of state government and which the commission determines serves a significant portion of the deaf or severely hearing-impaired population, and to an office located in the State Capitol and selected by the Joint Rules Committee, for purposes of access by the deaf or severely hearing-impaired to Members of the Legislature.

(b) The commission shall permit telephone corporations to recover costs as they are incurred under this section pursuant to subdivision (c) of Section 2881.

SEC. 2. Section 3 of Chapter 1182 of the Statutes of 1985 is amended to read:

Sec. 3. (a) The Joint Rules Committee shall provide that a telecommunications device, capable of servicing the needs of the deaf or severely hearing-impaired in accordance with Section 2881 of the Public Utilities Code, shall be available for toll-free public access in the State Capitol.

(b) The Senate and Assembly Contingent Funds shall each bear half of the cost of obtaining and maintaining telecommunications service to the deaf and severely-impaired provided pursuant to this section

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the program providing a means for the deaf or severely hearing-impaired to communicate with state agencies and Members of the Legislature and providing a toll-free public access telecommunications device for the deaf or severely hearing-impaired in the State Capitol may be extended prior to its termination on July 1, 1989, it is necessary that this act take effect immediately.

CHAPTER 56

An act to amend Section 22662.5 of the Streets and Highways Code, relating to public improvements.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 22662.5 of the Streets and Highways Code is amended to read:

22662.5. (a) The legislative body of any local agency may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of the proposed improvements described in Section 22525, other than the costs of maintenance and servicing, under either the Improvement Act of 1911 (Division 7 (commencing with Section 5000)) or the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)). Either Part 5 (commencing with Section 6400) of Division 7 or Division 10 (commencing with Section 8500), as the case may be, shall govern all proceedings relating to the issuance of those bonds. The pertinent provisions of that division which apply to the legislative body of a city shall also apply to the legislative body of a special district formed to provide park and recreational services. Alternatively, the legislative body may determine and declare that notes shall be issued for the same purposes for which bonds may be issued. The maximum term to maturity of any notes issued shall not exceed 10 years.

(b) The resolution shall generally describe the proposed improvements specified in Section 22525, set forth the estimated cost thereof, specify the number of annual installments and the fiscal years during which they are to be collected, and fix or determine the maximum amount of each annual installment necessary to retire the bonds or notes. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years. The amount of debt service to retire the notes shall not exceed the amount of revenue to be raised from the assessments over 10 years.

(c) Notwithstanding any other provision of this part, assessments levied to pay the principal of, and interest on, any bond or note issued pursuant to this section, shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

CHAPTER 57

An act to amend Sections 25104, 25105, 26205, 26205.1, 26205.5, 34090.5, and 60203 of the Government Code, relating to local government records.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 25104 of the Government Code is amended to read:

25104. The books, records, and accounts of the board shall be kept in the custody of the clerk and available for public inspection during normal business hours.

SEC. 2. Section 25105 of the Government Code is amended to read:

25105. The board of supervisors may authorize the use of photographs, microphotographs, electronic data-processing records, optical disks, or any other medium which does not permit additions, deletions, or changes to the original document, or photocopies of all records, books and minutes of the board.

(a) Each photograph, microphotograph, or photocopy shall be made in a manner and on paper which will comply with the minimum standards of quality approved therefor by the National Institute of Standards and Technology. Every reproduction shall be deemed and considered an original; and a transcript, exemplification, or certified copy of any reproduction shall be deemed and considered a transcript, exemplification, or certified copy, as the case may be, of the original. Each roll of microfilm shall be deemed and constitute a book and shall be designated and numbered, and provision shall be made for preserving, examining, and using it. A duplicate of each roll of microfilm shall be made and kept in a safe and separate place.

(b) Electronic data-processing records, records recorded on optical disk, and records recorded on any other authorized medium shall comply with the minimum standards of the National Institute of Standards and Technology. A duplicate copy of any authorized record reproduced in compliance with the standards of the National Institute of Standards and Technology shall be deemed an original.

(c) In the event the authorization provided herein is granted, the personal signatures required by Section 25103 may be reproduced by the authorized process, and the reproduced signatures shall be deemed to satisfy the requirement of Section 25103.

SEC. 3. Section 26205 of the Government Code is amended to read:

26205. At the request of the county officer concerned, the board of supervisors of any county may authorize the destruction of any

record, paper, or document which is not expressly required by law to be filed and preserved if all of the following conditions are complied with:

(a) The record, paper, or document is photographed, microphotographed, reproduced by electronically recorded video images on magnetic surfaces, recorded in the electronic data-processing system, recorded on optical disk, or reproduced on film or any other medium which does not permit additions, deletions, or changes to the original document of a type approved for permanent records by the National Institute of Standards and Technology.

(b) The device used to reproduce the record, paper, or document on film, optical disk, or any other medium is one which accurately reproduces the original thereof in all details and which does not permit additions, deletions, or changes to the original document images.

(c) The photographs, microphotographs, electronically recorded video images on magnetic surfaces, records in the electronic data-processing system, records recorded on optical disk, or other reproductions on film or any other medium are placed in conveniently accessible files and provision is made for preserving, examining, and using the files.

Notwithstanding any other provision of this section, destruction of the original records, papers, or documents is not authorized when the method of reproduction pursuant to this section is reproduction of electronically recorded video images on magnetic surfaces unless a duplicate videotape of the images is separately maintained. A duplicate copy of a record contained in the electronic data-processing system, on optical disk, or on any other medium which does not permit additions, deletions, or changes to the original document images shall also be separately maintained.

SEC. 4. Section 26205.1 of the Government Code is amended to read:

26205.1. (a) The county officer having custody of nonjudicial public records, documents, instruments, books, and papers may cause to be destroyed any or all of the records, documents, instruments, books, and papers if all of the following conditions exist:

(1) The board of supervisors of the county has adopted a resolution authorizing the county officer to destroy records, documents, instruments, books, and papers pursuant to this subdivision. The resolution may impose conditions, in addition to those specified in this subdivision, which the board of supervisors determines are appropriate.

(2) The county officer who destroys any record, document, instrument, book, or paper pursuant to the authority granted by this subdivision and a resolution of the board of supervisors adopted pursuant to paragraph (1) shall maintain for the use of the public a photographic or microphotographic film, electronic recorded video production, a record contained in the electronic data-processing

system, a record recorded on optical disk, a record recorded by any other medium which does not permit additions, deletions, or changes to the original document, or other duplicate of the record, document, instrument, book, or paper destroyed.

(3) The device used to produce the record, paper, or document on film, optical disk, or any other medium is one which accurately reproduces the original thereof in all details and which does not permit additions, deletions, or changes to the original document images.

(b) Paragraphs (2) and 3 of subdivision (a) does not apply to records prepared or received other than pursuant to a state statute or county charter, or records which are not expressly required by law to be filed and preserved.

For the purposes of this section, every reproduction shall be deemed to be an original record and a transcript, exemplification, or certified copy of any reproduction shall be deemed to be a transcript, exemplification, or certified copy, as the case may be, of the original.

(c) The county clerk having custody of the original or a copy of the articles of any corporation may cause the destruction of any or all the documents. "Articles" includes the articles of incorporation, amendments thereto, amended articles, restated articles, certificate of incorporation, certificates of determination of preferences, dissolution certificates, merger certificates, and agreements of consolidation or merger.

(d) Notwithstanding any other provision of this section, destruction of the original records, papers, or documents is not authorized when the method of reproduction pursuant to this section is reproduction of electronically recorded video images on magnetic surfaces unless a duplicate videotape of the images is separately maintained. A duplicate copy of a record contained in the electronic data-processing system, on optical disk, or on any other medium which does not permit additions, deletions, or changes to the original document shall also be separately maintained.

SEC. 5. Section 26205.5 of the Government Code is amended to read:

26205.5. At the request of the county recorder, the board of supervisors of any county may authorize the destruction of any or all of the filed papers or record books created by handwriting, typing on printed forms, by typewriting, or by photographic methods, in the recorder's official custody, if all of the following conditions are complied with:

(a) The record, paper, or document is photographed, microphotographed, reproduced by electronically recorded video images on magnetic surfaces, recorded in the electronic data-processing system, recorded on optical disk, reproduced by any other medium which does not permit additions, deletions, or changes to the original document, or reproduced under the direction and control of the county recorder on film, optical disk, or any other medium of a type approved for permanent records by the National

Institute of Standards and Technology.

(b) The device used to reproduce the record, paper, or document on film, optical disk, or any other medium is one which accurately and legibly reproduces the original thereof in all details and which does not permit additions, deletions, or changes to the original document images.

(c) The photographs, microphotographs, or other reproductions on film, optical disk, or any other medium are made as accessible for public reference as the original records were.

(d) A true copy of archival quality of the film, optical disk, or any other medium reproductions shall be kept in a safe and separate place for security purposes.

However, no page of any record, paper, or document shall be destroyed if any page cannot be reproduced on film with full legibility. Every unreproducible page shall be permanently preserved in a manner that will afford easy reference.

For the purposes of this section, every reproduction shall be deemed to be an original record and a transcript, exemplification, or certified copy of any reproduction shall be deemed to be a transcript, exemplification, or certified copy, as the case may be, of the original.

SEC. 6. Section 34090.5 of the Government Code is amended to read:

34090.5. Notwithstanding the provisions of Section 34090, the city officer having custody of public records, documents, instruments, books, and papers, may, without the approval of the legislative body or the written consent of the city attorney, cause to be destroyed any or all of the records, documents, instruments, books, and papers, if all of the following conditions are complied with:

(a) The record, paper, or document is photographed, microphotographed, reproduced by electronically recorded video images on magnetic surfaces, recorded in the electronic data-processing system, recorded on optical disk, reproduced by any other medium which does not permit additions, deletions, or changes to the original document, or reproduced on film, optical disk, or any other medium of a type approved for permanent records by the National Institute of Standards and Technology.

(b) The device used to reproduce the record, paper, or document on film, optical disk, or any other medium is one which accurately and legibly reproduces the original thereof in all details and which does not permit additions, deletions, or changes to the original document images.

(c) The photographs, microphotographs, or other reproductions on film, optical disk, or any other medium are made as accessible for public reference as the original records were.

(d) A true copy of archival quality of the film, optical disk, or any other medium reproductions shall be kept in a safe and separate place for security purposes.

However, no page of any record, paper, or document shall be destroyed if any page cannot be reproduced on film with full

legibility. Every unreproducible page shall be permanently preserved in a manner that will afford easy reference.

For the purposes of this section, every reproduction shall be deemed to be an original record and a transcript, exemplification, or certified copy of any reproduction shall be deemed to be a transcript, exemplification, or certified copy, as the case may be, of the original.

SEC. 7. Section 60203 of the Government Code is amended to read:

60203. The legislative body of a district may authorize the destruction of any record, paper, or document which is not expressly required by law to be filed and preserved if all of the following conditions are complied with:

(a) The record, paper, or document is photographed, microphotographed, reproduced by electronically recorded video images on magnetic surfaces, recorded in the electronic data-processing system, recorded on optical disk, reproduced by any other medium which does not permit additions, deletions, or changes to the original document, or reproduced on film, optical disk, or any other authorized medium which complies with the minimum standards of the National Institute of Standards and Technology.

(b) The device used to reproduce the record, paper, or document on film, optical disk, or any other medium is one which accurately reproduces the original thereof in all details and which does not permit additions, deletions, or changes to the original document images.

(c) The photographs, microphotographs, or other reproductions on film, optical disk, or any other medium are placed in conveniently accessible files and provision is made for preserving, examining, and using the files.

For the purposes of this section, every reproduction shall be deemed to be an original record and a transcript, exemplification, or certified copy of any reproduction shall be deemed to be a transcript, exemplification, or certified copy, as the case may be, of the original.

CHAPTER 58

An act to amend Sections 19596.5 and 19596.6 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 19596.5 of the Business and Professions Code is amended to read:

19596.5. (a) Notwithstanding any other provision of law, the

board may authorize an association licensed to conduct a racing meeting in the northern zone to operate a satellite wagering facility for wagering on races conducted in the northern zone at its racetrack inclosure, except during the part of the day racing is being conducted at its racetrack, and may, with the approval of the Department of Food and Agriculture, authorize any county fair, district agricultural association fair, or citrus fruit fair in the northern zone eligible for an allocation of racing days pursuant to Section 19549, but which is not licensed to conduct a racing meeting or authorized pursuant to Section 19596.7, to locate a satellite wagering facility at its fairgrounds for wagering on races conducted in the northern zone, if all of the following conditions are met:

(1) An organization described in subdivision (c) of Section 19596.4 has executed agreements, which are approved by the board, with the association conducting a racing meeting in the northern zone and the satellite wagering facility. The agreement shall provide, among other things, the conditions for transmission of the signal and that the wagers made at the satellite wagering facility will be included in the appropriate conventional or exotic pool at the racetrack where the racing meeting is conducted. Notwithstanding any other provision of law or any agreement under this subdivision, for purposes of determining license fees and breakage at the racetrack where the racing meeting is conducted, wagers at a satellite wagering facility shall not be included in the conventional or exotic pools of the association conducting the racing meeting.

(2) The horsemen's organization which represents the horsemen at the association which conducts the racing meeting on which wagers are accepted consents to the acceptance of wagers at the satellite wagering facility, except that the association or fair operating the satellite wagering facility may appeal the withholding of consent to the board which may determine that consent is not required.

(3) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(4) The method used by the satellite wagering facility to transmit wagers, odds, results, and other data related to wagering has been approved by the board.

(5) Except as provided in Section 19596.9, any association or fair which conducts satellite wagering shall conduct wagering on all racing offered to the satellite wagering facility, as long as the satellite wagering facility is not sustaining a loss on either a day meeting or night meeting, as determined by the board, and, if sustaining a loss on either a day meeting or night meeting, as long as that loss is reimbursed by either an organization described in subdivision (c) of Section 19596.4 or an association.

In calculating the loss, if any, for operating a satellite wagering facility for a night meeting, only the expenses incurred by the satellite wagering facility because of acceptance of night wagers shall

be considered, and no overhead expenses or expenses which would be incurred regardless of the acceptance of night wagers shall be considered.

(b) Notwithstanding subdivision (a), during periods of the day when there is no night racing in the northern zone, the live audiovisual signal of night harness or quarter horse races in the central or southern zone may be offered to satellite wagering facilities in the northern zone, provided, however, (1) that racing associations may accept that audiovisual signal, but are not required to do so and (2) that satellite wagering facilities located at fairs are not required to accept more than five night racing programs per week.

(c) The total percentage deducted from wagers at satellite wagering facilities shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted under this section shall be distributed as follows:

(1) On thoroughbred meetings only, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and 0.4 of 1 percent shall be deposited with the official registering agency of California-bred thoroughbred racehorses for distribution pursuant to Section 19617, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(2) On harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, 6 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and, in the case of quarter horses, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6, and, in the case of Appaloosas, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas and, in the case of standardbreds, 0.4 of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619 and, in the case of thoroughbreds, 0.4 of 1 percent shall be deposited with the official registering agency of California-bred thoroughbred

racehorses for distribution pursuant to Section 19617, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(3) In addition to the distributions in paragraph (1) or (2), on thoroughbred meetings and harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1 percent of the total amount handled by the satellite wagering facility shall be distributed to an organization described in subdivision (c) of Section 19596.4 for promotion of the program at satellite wagering facilities. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year, and if promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. Additionally, 0.33 of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(d) On thoroughbred meetings only, the funds remaining after distribution of the amounts set forth in subdivision (c) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent as purses to the horsemen participating in the racing meeting, except that owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting.

(e) On harness, quarter horse, Appaloosa, mixed breed, and fair meetings, the funds remaining after distribution of the amounts set forth in subdivision (c) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent to the horsemen in the form of purses at the association conducting the racing meeting, except that, for meetings commencing on or after the effective date of the amendments to this subdivision enacted at the 1987–88 Regular Session of the Legislature, owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting.

(f) Except as provided in subdivisions (g) and (h), all revenues payable to the state as license fees from satellite wagering facilities located at fairs shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, are hereby continuously appropriated from that account to the Department of Food and Agriculture, for allocation by the Director of Food and Agriculture, in his or her discretion, for the following purposes, except that the concurrence of the Director of Finance shall be obtained for allocations for the purposes of paragraphs (1)

and (2):

(1) For repayment of the principal of, and interest on, bonds issued by a joint powers agency, or of other debt service or expense incurred, for the purpose of constructing improvements only at a fair's racetrack inclosure, for the purpose of construction of satellite wagering facilities at fairs, and for health and safety repair projects and handicapped access compliance at fairs. Notwithstanding any other law, the department may also commit any funds available for allocation under Article 10 (commencing with Section 19620) to complete projects funded under this paragraph in the priority described in this paragraph.

(2) For repayment of expenses incurred by fairs in establishing and operating satellite wagering facilities.

(3) For health and safety repair projects at fairs.

(4) For support purposes of fairs generally.

(g) Seven and one-half percent of all revenues payable to the state as license fees from satellite wagering facilities located at fairs shall be deposited in the General Fund.

(h) Up to 10 percent of all revenues payable to the state as license fees from satellite wagering facilities located at fairs shall be deposited in a special account in the fund and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated to the Department of Food and Agriculture for supplementing purses at fair meetings to achieve the purposes of subdivision (i). The department shall annually determine the percentage of revenues payable to the special account under this subdivision based on the amount necessary to achieve the purposes of subdivision (i).

(i) It is the intent of the Legislature that funds allocated pursuant to subdivision (h) be used primarily at fair racing meetings in the northern zone with a daily average handle of more than three hundred thousand dollars ($300,000). The Legislature further finds that its intent is that these allocations be used to bring the purses at these fairs, exclusive of purses for stakes races and special events, to a level of at least 80 percent of purses for similar classes of horses at private racing associations in the northern zone. The funds shall be used among all breeds For fair racing meetings in the northern zone with a daily average handle of three hundred thousand dollars ($300,000) or less, it is the intent of the Legislature to bring the purses to a level of at least 25 percent of purses for similar classes of horses at private racing associations in the northern zone.

SEC. 2. Section 19596.6 of the Business and Professions Code is amended to read:

19596.6. (a) Notwithstanding any other provision of law, subject to the conditions and limitations set forth in this section and Section 19596.7, the following entities in the central or southern zone are eligible to be licensed to operate a satellite wagering facility for wagering on races conducted in the central or southern zone:

(1) Any county fair, district agricultural association fair, or citrus

fruit fair which conducted general fair activities in 1986 within the central or southern zone, and which is eligible for an allocation of racing days pursuant to Section 19549, but which is not licensed to conduct a racing meeting, may locate a satellite wagering facility at its fairgrounds.

(2) Any association licensed to conduct a racing meeting in the central or southern zone.

(b) The board may authorize an eligible association or, with the approval of the Department of Food and Agriculture, an eligible fair, to operate a satellite wagering facility under all of the following conditions:

(1) A racing association licensed to conduct a racing meeting shall conduct satellite wagering only within its racing inclosure.

(2) An organization described in subdivision (c) of Section 19596.4 has executed an agreement approved by the board with the association conducting a racing meeting and the satellite wagering facility. The agreement shall provide, among other things, the conditions for transmission of the signal and that the wagers made at the satellite wagering facility are included in the appropriate conventional or exotic pool at the racetrack where the racing meeting is conducted.

(3) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(4) The method used by the satellite wagering facility to transmit wagers, odds, results, and other data related to wagering have been approved by the board.

(5) Any association or fair that operates a satellite wagering facility shall conduct wagering on all racing conducted in the central or southern zone that is offered to that satellite wagering facility, as long as the satellite wagering facility is not sustaining a loss on either a day meeting or a night meeting, as determined by the board, and, if sustaining a loss on either a day meeting or a night meeting, as long as that loss is not reimbursed by either an organization described in subdivision (c) of Section 19596.4 or an association.

In calculating the loss, if any, for operating a satellite wagering facility for a night meeting, only the expenses incurred by the satellite wagering facility because of acceptance of night wagers shall be considered, and no overhead expenses or expenses of the satellite wagering facility which would be incurred regardless of the acceptance of night wagers shall be considered.

(c) Notwithstanding subdivision (a), a satellite wagering facility may not be located within the County of Los Angeles or within the County of Orange, except as follows:

(1) If all other conditions in subdivision (b) are met, the Fiftieth District Agricultural Association may be authorized to operate a satellite wagering facility upon its fairgrounds in the City of Lancaster and to accept wagers on races conducted in the southern and central zones.

(2) If all other conditions are met, any fair or association licensed to conduct racing meetings in the County of Los Angeles and any racing association other than a fair which is licensed to conduct racing in the County of Orange may be authorized to operate a satellite wagering facility for the limited purpose of conducting satellite wagering on races conducted at the Twenty-Second District Agricultural Association fairgrounds at Del Mar in the County of San Diego, except that, when a fair in Orange County is licensed for a racing meeting, a satellite wagering facility located within the racing inclosure where the racing meeting is conducted may not operate on the days that racing is conducted.

(d) The total percentage deducted from wagers at satellite wagering facilities shall be the same as the percentage deducted from wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted by a satellite wagering facility under this section shall be distributed as follows:

(1) On thoroughbred meetings only, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and 0.4 of 1 percent shall be deposited with the official registering agency for California-bred thoroughbred racehorses for distribution pursuant to Section 19617, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(2) On harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, and 6 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and, in the case of quarter horses, 0.4 of 1 percent shall be distributed as breeders awards to breeders of quarter horses pursuant to Section 19617.6, and, in case of Appaloosas, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas and, in the case of standardbreds, 0.4 of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619 and, in the case of thoroughbreds, 0.4 of 1 percent shall be deposited with the official registering agency for California-bred thoroughbred

racehorses for distribution pursuant to Section 19617, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(3) In addition, on thoroughbred meetings and harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1 percent shall be distributed to an organization described in subdivision (c) of Section 19596.4 for promotion of the program at satellite wagering facilities. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year, and if promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. Additionally, 0.33 of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(e) On thoroughbred meetings only, the funds remaining after distribution of the amounts in subdivision (d) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent as purses to the horsemen participating in the racing meeting, except that owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting. All of the funds distributed for purses from satellite wagering facilities shall go to the purse program of the association conducting the racing meeting except that all sums for distribution as purses at satellite wagering facilities which are racing fairs in the County of Los Angeles shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated to the Department of Food and Agriculture for supplementing purses at fair meetings in Los Angeles and Orange Counties. The department shall distribute these funds on an equal basis to each racing fair in these counties for distribution in all nonstakes races and among all breeds.

(f) On harness, quarter horse, Appaloosa, mixed breed, and fair meetings, the funds remaining after distribution of the amounts set forth in subdivision (d) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent to the horsemen in the form of purses participating in the racing meeting, except that, for meetings commencing on or after the effective date of the amendments to this subdivision enacted at the 1987–88 Regular Session of the Legislature, owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting

(g) Notwithstanding subdivision (e), when satellite wagering is

conducted on thoroughbred meetings, an amount, not to exceed 1.25 percent of the total amount handled by all satellite wagering facilities, shall be deducted from the funds otherwise allocated for distribution as commissions, purses, and owners' premiums and instead distributed to an organization formed and operated by thoroughbred racing associations, fairs conducting thoroughbred racing, and the organization representing thoroughbred horsemen, with each party having meaningful representation on the board of the organization, to administer, pursuant to supervision of the board, a fund to provide reimbursement for offsite stabling at board-approved auxiliary training facilities of licensed racing associations for additional stalls beyond the number of usable stalls the association is required to make available and maintain pursuant to Section 19535, and for the vanning of starters from these additional stalls on race days for thoroughbred horses.

(h) The funds distributed to the organization formed pursuant to subdivision (g) shall be used to reimburse racing associations who are operating offsite stabling providing additional stalls for the incremental increase in operating costs directly resulting from providing the stabling. Neither the organization administering the offsite stabling and vanning program nor any of the entities forming and operating the organization, except the entity operating the offsite stabling facility where the injury occurred, shall be liable for any injury to any jockey, exercise person, owner, trainer, or any employee or agent thereof, or any horse occurring at any offsite stabling facility.

The funds shall also reimburse horsemen for the cost of vanning starting horses from a board-approved auxiliary training facility operated by a licensed racing association to the track conducting the racing meeting. Horsemen may use carriers of their own choice, except that the amount of reimbursement to horsemen is limited to the amount that the organization determines is generally charged by carriers for vanning from the auxiliary training facility to the track conducting the racing meeting. Neither the organization administering the offsite stabling and vanning program nor any of the entities forming and operating the organization, except the entity actually engaged in vanning horses, shall be liable for any injury occurring to any individual or horse during vanning from an offsite stabling facility.

The training facilities and amenities provided for offsite stabling and training purposes shall be equivalent in character to those provided during racing meetings of the association.

Upon the request of any party within the organization, the board shall adjudicate any dispute regarding costs, or other matters relating to the furnishing of offsite stabling or vanning. The board may, if necessary, appoint an independent auditor to assist in the resolution of disputes. The auditor shall be reimbursed from the funds of the organization.

The organization may maintain a reserve fund of up to 10 percent

of the total estimated annual vanning and stabling costs. In addition to the reserve fund, if the funds generated for offsite stabling and vanning are insufficient to fully reimburse racing associations for expenses incurred during the offsite vanning and stabling program, the organization is entitled to accumulate sufficient funds to fully reimburse these expenses.

The amount initially deducted and distributed to the organization shall be 1.25 percent of the total amount handled by satellite wagering facilities authorized under this section on thoroughbred racing, but that allocation may be adjusted by the board, in its discretion, but the adjusted amount may not exceed 1.25 percent of the total amount handled by satellite wagering facilities, to pay expenses and maintain the reserve fund for the continuing support of the program.

(i) Forty-two percent of the revenue payable to the state from license fees from satellite wagering facilities located at fairs under the authority of this section shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated from that account to the Department of Food and Agriculture, for allocation by the Director of Food and Agriculture, in his or her discretion, for the following purposes, except that the concurrence of the Director of Finance shall be obtained for allocations for the purposes of paragraphs (1) and (2):

(1) For repayment of the principal of, and interest on, bonds issued by a joint powers agency, or of other debt service or expense incurred for the purpose of constructing improvements only at a fair's racetrack inclosure, or for the purpose of construction of satellite wagering facilities at fairs, and for health and safety repair projects and handicapped access compliance at fairs. Notwithstanding any other law, the department may also commit any funds available for allocation under Article 10 (commencing with Section 19620) to complete projects funded under this paragraph in the priority described in this paragraph.

(2) For repayment of expenses incurred by fairs in establishing and operating satellite wagering facilities.

(3) For health and safety repair projects at the fair.

(4) For support purposes of the fair generally.

(j) The remaining 58 percent of the revenues payable to the state from satellite wagering facilities at fairs and all revenues payable to the state from satellite wagering facilities located under the authority of this section at sites other than fairs shall be deposited in the General Fund.

(k) Notwithstanding subdivision (b) of Section 19641, the state shall receive as additional license fees 50 percent of any redistributable money in a parimutuel pool arising from wagers at a satellite wagering facility, subject to payment to a claimant pursuant to Section 19598, but not successfully claimed within that period, and the funds shall be deposited in the General Fund. The remaining 50

percent of redistributable money in a parimutuel pool arising from wagers at a satellite wagering facility shall be paid to a welfare fund established by the horsemen's organization contracting with the association conducting the racing meeting for the benefit of horsemen, and that organization shall make an accounting to the board within one calendar year of the receipt of the payment.

(*l*) Of the total breakage arising in a parimutuel pool which includes wagers at satellite wagering facilities, that percentage of breakage equal to the percentage that wagers placed at satellite wagering facilities constitute of the total parimutuel pool shall be distributed equally among the state as an additional license fee deposited in the General Fund, the track conducting the racing meeting as a commission, and the horsemen participating in the racing meeting in the form of purses. The remainder of the breakage shall be distributed in the same manner as breakage arising from wagers at the track conducting the racing meeting.

(m) Notwithstanding subdivision (c) of Section 19596.5 and subdivision (d) of this section, if the total revenues from horseracing for deposit in the General Fund for the 1988–89 fiscal year, as determined by the board, do not equal or exceed one hundred fifteen million dollars ($115,000,000), the license fees distributed to the state for all wagers under subdivision (c) of Section 19596.5 and subdivision (d) of this section shall be increased by one-half of 1 percent for meetings commencing after July 1, 1989. The board shall determine if the total revenues from horseracing for deposit in the General Fund during the 1989–90 fiscal year and subsequent fiscal years equal or exceed one hundred fifteen million dollars ($115,000,000), and in fiscal years when that amount is not equaled or exceeded, the license fees distributed to the state for all wagers under subdivision (c) of Section 19596.5 and subdivision (d) of this section shall be increased by one-half of 1 percent for meetings commencing after July 1 of the following fiscal year.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for thoroughbred breeders to receive an equal share of awards along with other represented breeds during the 1989 fair racing meetings, it is necessary that this act take effect immediately.

CHAPTER 59

An act to add Section 20394.3 to the Public Contract Code, relating to San Bernardino County.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 20394.3 is added to the Public Contract Code, to read:

20394.3. Whenever the Board of Supervisors of San Bernardino County finds that the estimated expense of any work to be done upon any county highway is twenty-five thousand dollars ($25,000) or less, or that the estimated expense of any work to be done upon any road which is not within the county-maintained system but is maintained by a county service area with road maintenance powers is twenty-five thousand dollars ($25,000) or less, the board or the purchasing agent may let a contract covering both work and material, purchase the material and let a contract for doing the work, or purchase the materials and do the work by day labor, without calling for bids.

SEC. 2. Due to unique facts and circumstances applicable to San Bernardino County, the Legislature finds and declares that a general statute cannot be made applicable with the meaning of Section 16 of Article IV of the California Constitution. Special legislation is, therefore, necessary applicable to only San Bernardino County.

CHAPTER 60

An act to amend Section 4290 of the Public Resources Code, relating to fire safety, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 4290 of the Public Resources Code is amended to read:

4290. (a) The board shall adopt regulations implementing minimum fire safety standards related to defensible space which are applicable to state responsibility area lands under the authority of the department. These regulations apply to the perimeters and access to all residential, commercial, and industrial building construction within state responsibility areas approved after January 1, 1991. The

board may not adopt building standards, as defined in Section 18909 of the Health and Safety Code, under the authority of this section. As an integral part of fire safety standards, the State Fire Marshal has the authority to adopt regulations for roof coverings and openings into the attic areas of buildings specified in Section 13108.5 of the Health and Safety Code. The regulations apply to the placement of mobile homes as defined by National Fire Protection Association standards. These regulations do not apply where an application for a building permit was filed prior to January 1, 1991, or to parcel or tentative maps or other developments approved prior to January 1, 1991, if the final map for the tentative map is approved within the time prescribed by the local ordinance. The regulations shall include all of the following:

(1) Road standards for fire equipment access.

(2) Standards for signs identifying streets, roads, and buildings.

(3) Minimum private water supply reserves for emergency fire use.

(4) Fuel breaks and greenbelts.

(b) These regulations do not supersede local regulations which equal or exceed minimum regulations adopted by the state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessary are:

In order for this act to apply at the earliest opportunity, it is necessary that this act take effect immediately.

CHAPTER 61

An act to amend Section 23533 of the Elections Code, and to amend Sections 35106, 35107, and 71505 of, to add Section 35100 to, and to repeal Sections 71460, 71470, 71471, 71472, 71510, 71511, 71513, and 71514 of, the Water Code, relating to districts.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 23533 of the Elections Code is amended to read:

23533. The county clerk shall prepare for each precinct one voter list and one roster for each ballot form to be used at the polling place of the precinct at the general district election. Where, as provided by Section 23530, the county clerk provides for a consolidated ballot covering two or more district elections in the same precinct the county clerk may also provide a consolidated voter list and consolidated roster for the voters receiving such consolidated ballot.

The county clerk shall furnish each precinct board with its respective lists and rosters prior to the opening of the polls.

For a landowner voting district election, the voter list shall specify the number of votes each voter is entitled to cast.

SEC. 2. Section 35100 is added to the Water Code, to read:

35100. District elections shall be conducted in conformity with the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 14 of the Elections Code) and any provisions of law generally applicable to districts organized under this division.

SEC. 3. Section 35106 of the Water Code is amended to read:

35106. This section shall apply only to landowner voting districts. The ballots used at any general district election in a landowner voting district, including bond elections, shall be provided by the county clerk pursuant to the Uniform District Election Law and shall be in the following form:

(a) Each ballot shall have a perforated line across the top portion of the ballot two inches down and parallel to the top thereof. From this perforated line to the top of the ballot a vertical perforated line shall be placed in the center of the ballot.

(b) Above the perforated line and on both sides of the vertical perforation the ballot shall be printed with the name of the district, the date of the election and the ballot number. All ballots shall be numbered consecutively starting with number one.

(c) Above the perforated line and to the left of the vertical perforation shall be printed: "Number of votes entitled to cast:".

(d) Below the perforated line the following shall be printed in the order enumerated:

(1) The name of the district and the date of the election.

(2) "Number of votes entitled to cast:".

(3) A solid black line. Immediately under the line shall be printed: "Fold bottom of ballot up to this line."

(4) The names of the candidates, in accordance with the randomized alphabet as provided for in Section 10217 of the Elections Code.

(5) Any propositions, including authorizations to issue bonds, or other matters to be submitted to the voters.

(e) Appropriate squares shall be placed after each candidate and proposition on the right side of the ballot.

(f) Appropriate voting instructions may be placed on the ballot.

SEC. 4. Section 35107 of the Water Code is amended to read:

35107. This section shall apply only to landowner voting districts. The following procedures shall be used at the polls by the precinct board appointed pursuant to Section 23528 of the Elections Code:

(a) A roster of voters shall be kept by a member of the precinct board. Each qualified voter who votes shall sign the roster opposite his or her name.

(b) Any voter holding a proxy or authority of legal representative shall deliver it to the judge for inspection. If the proxy or authority

is valid, the voter shall sign his or her own name followed by the word "proxy" or "authority" in the roster opposite the name of the person giving the proxy or the authority.

(c) A voter list of all persons eligible to vote shall be kept by a member of the precinct board. This list shall contain an alphabetical list of eligible voters indicating the number of votes each may cast. The list shall have an appropriate blank space for inserting the ballot number issued to each voter to the right of the number of votes to be cast, a blank space for inserting the number of votes cast by each voter, and a blank space to insert the roster line number of the voter's signature to the left of the printed name of the voter.

(d) As each voter signs the roster, the member of the precinct board keeping the voter list of persons casting ballots shall announce the number of votes the voter is entitled to cast. A member of the precinct board shall insert in ink or indelible pencil in both spaces on each voter's ballot the number of votes the voter is entitled to cast on that ballot. A member of the precinct board shall then place the number of that ballot on the voter list and shall also insert the roster line number of the voter's signature and the number of votes cast in the appropriate spaces.

(e) The ballot and the ballot number shall be checked by a member of the precinct board for accuracy. Any errors shall be corrected and initialed by such member.

(f) The ballot shall be folded by a member of the precinct board by placing the bottom of the ballot on the line marked for that purpose. The ballot shall be refolded by placing the folded bottom on the line marked for folding so that the ballot is folded twice.

(g) The portion of the ballot above the perforated line and to the left of the vertical perforation shall be removed by a member of the precinct board. If a proxy or authority of legal representative is being voted, the proxy or authority shall be attached to the ballot slip.

(h) A member of the precinct board shall hand the folded ballot to the voter who shall take it into a voting booth which shall be so constructed as to insure privacy. The booth shall be provided with a rubber cross stamp and ink pad. The ballot shall be marked only with the rubber stamp by the voter.

(i) After voting the voter shall refold the ballot and deliver it to a member of the precinct board who shall examine only that portion of the ballot which is exposed above the fold line and check that the number of votes marked on the ballot corresponds with the number of votes on the ballot slip of that ballot. Any error in the number of votes shall be corrected by said member in ink or indelible pencil and initialed by two members of the precinct board. The remaining portion of the ballot above the perforated line, shall be removed and delivered to the voter. The folded ballot shall be placed into the ballot box. The ballot box shall be kept locked while the polls are open.

(j) The precinct board shall file as a part of the election records required by Section 23547 of the Elections Code the ballot slip and

any proxy or authority of legal representative attached thereto.

SEC. 5. Section 71460 of the Water Code is repealed.

SEC. 6. Section 71470 of the Water Code is repealed.

SEC. 7. Section 71471 of the Water Code is repealed.

SEC. 8. Section 71472 of the Water Code is repealed.

SEC. 9. Section 71505 of the Water Code is amended to read:

71505. Candidates shall declare their candidacy and shall be nominated, election returns shall be canvassed, the election shall be held and conducted, the results shall be declared, and the certificates of election shall be issued, in the same manner as the declaration of candidacy, nomination, election, canvassing of returns, declaration of results, and issuance of certificates of election are made, declared, held, and conducted, and issued, under the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 14 of the Elections Code).

SEC. 10. Section 71510 of the Water Code is repealed.

SEC. 11. Section 71511 of the Water Code is repealed.

SEC. 12. Section 71513 of the Water Code is repealed.

SEC. 13. Section 71514 of the Water Code is repealed.

CHAPTER 62

An act to amend Section 1033 of the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1033 of the Code of Civil Procedure is amended to read:

1033. (a) In the superior court, costs or any portion of claimed costs shall be as determined by the court in its discretion in accordance with Section 1034 where the prevailing party recovers a judgment that could have been rendered in a court of lesser jurisdiction.

(b) In a municipal or justice court, when a prevailing plaintiff recovers less than the amount prescribed by law as the maximum limitation upon the jurisdiction of the small claims court, the following shall apply:

(1) When the party could have brought the action in the small claims court, the court may, in its discretion, allow or deny costs to the prevailing party, or may allow costs in part in any amount as it deems proper.

(2) When the party could not have brought the action in small claims court, costs and necessary disbursements shall be limited to the actual cost of the filing fee, the actual cost of service of process,

and, when otherwise specifically allowed by law, reasonable attorney fees. However, those costs shall only be awarded to the plaintiff if the court is satisfied that prior to the commencement of the action, the plaintiff informed the defendant in writing of the intended legal action against the defendant and that legal action could result in a judgment against the defendant which would include the costs and necessary disbursements allowed by this paragraph.

CHAPTER 63

An act to amend Section 13863 of the Penal Code, relating to crimes.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1 Section 13863 of the Penal Code is amended to read:

13863. Criteria for the selection of law enforcement agencies and school districts to receive Suppression of Drug Abuse in Schools Program funding shall be developed by the State Suppression of Drug Abuse in Schools Advisory Committee.

(a) The State Suppression of Drug Abuse in Schools Advisory Committee shall be composed of two police chiefs, two sheriffs, two district attorneys, one attorney primarily engaged in criminal defense, one representative of parent groups, one representative of the Department of Alcohol and Drug Programs, one county drug program administrator designated pursuant to Section 11962 of the Health and Safety Code, a school peace officer, and a representative of community-based drug abuse programs, all of whom are appointed by the Governor. In addition, the Attorney General shall designate one member representing the Department of Justice and the Superintendent of Public Instruction shall designate four members, one representing the State Department of Education, and three schoolsite personnel. Staff services to the committee shall be provided by the Executive Director of the Office of Criminal Justice Planning. Committee members shall be reimbursed for actual expenses involved in the conduct of committee business. The committee shall review applications for grant awards and shall recommend approval for those applications which are deemed appropriate and are consistent with the guidelines and administrative procedures established pursuant to this section and this chapter.

(b) Each committee member or his or her designee shall be personally present to cast a vote or be counted toward a quorum. An appointed member of the committee unable to attend any meeting may designate a representative to attend the meetings on his or her

behalf. The representative shall be accorded full privilege to address the committee on any matter under consideration and shall have the right to vote on any motions entertained by the committee.

(c) The State Suppression of Drug Abuse in Schools Advisory Committee shall develop specific guidelines and administrative procedures for the Suppression of Drug Abuse in Schools Program.

(d) These guidelines and administrative procedures shall set forth the terms and conditions upon which the Office of Criminal Justice Planning is prepared to offer grants of funds pursuant to statutory authority. The guidelines and administrative procedures do not constitute rules, regulations, orders, or standards of general application.

(e) Administration of the overall program and the evaluation and monitoring of all grants made under this chapter shall be performed by the Office of Criminal Justice Planning.

(f) The Office of Criminal Justice Planning shall, to the extent possible, coordinate the administration of the Suppression of Drug Abuse in Schools Program with those of the Department of Alcohol and Drug Programs and the State Department of Education established pursuant to Article 2 (commencing with Section 11965) of Chapter 2 of Part 3 of Division 10.5 of the Health and Safety Code.

(g) Local assistance grants made pursuant to this chapter shall not be subject to review pursuant to Section 14780 of the Government Code.

(h) Funds disbursed under this chapter shall not be used for the acquisition of equipment.

(i) Funds disbursed under this chapter shall not be used to purchase information or drugs.

(j) In the interest of maximizing the use of funds for program support and implementation, local law enforcement agencies and school districts receiving funds under this chapter are expressly discouraged from using Suppression of Drug Abuse in Schools Program funds for personnel costs. Where it can be demonstrated that personnel costs are essential to the success of the program and that sufficient law enforcement and school personnel are not available to carry out the program, exceptions to this section may be requested through the Executive Director of the Office of Criminal Justice Planning.

(k) No more than 5 percent of the total amount of funds disbursed under this chapter shall be used for administrative costs.

CHAPTER 64

An act to amend Section 853.2 of the Penal Code, relating to boating.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 853.2 of the Penal Code is amended to read:

853.2. (a) All courts and officers now or hereafter having and exercising jurisdiction in any county which is now or may hereafter be formed in any part of this state bordering upon the Colorado River, or any lake formed by, or which is a part of, the Colorado River, shall have and exercise jurisdiction in all criminal cases upon those waters concurrently with the courts of and officers of the State of Arizona, so far and to the extent that any of these bodies of water form a common boundary between this state and the State of Arizona.

(b) This section applies only to those crimes which are established in common between the States of Arizona and California; and an acquittal or conviction and sentence by one state shall bar a prosecution for the same act or omission by the other.

(c) This compact shall not be construed to bar the enforcement of the penal laws of either state not established in common with the other, provided that the act or omission proscribed occurs on that state's side of the river channel boundary.

(d) This compact does not apply to Division 3.5 (commencing with Section 9840) of the Vehicle Code, relating to registration of vessels.

CHAPTER 65

An act to add Section 97.41 to the Revenue and Taxation Code, relating to local government financing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 97.41 is added to the Revenue and Taxation Code, to read:

97.41. Notwithstanding any other provision of law, commencing with the 1989–90 fiscal year and each fiscal year thereafter, in any given year, the amount allocated by the auditor in accordance with

Section 97.35 for a qualifying city in the County of Santa Clara shall not exceed 55 percent of the amount that otherwise would be allocated pursuant to that section.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances in the County of Santa Clara. The Legislature finds, therefore, that this special act is necessary. The facts constituting this necessity are:

The County of Santa Clara has the highest percentage of any California county of assessed value of property committed to tax increment financing. Because of the costs to the county of providing basic and essential services, this act is needed to conserve the county's remaining share of property tax revenues.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that funds necessary to maintain basic and essential services be made available to the County of Santa Clara, it is necessary that this act go into effect immediately.

CHAPTER 66

An act to amend Section 1391 of the Labor Code, relating to minors.

[Approved by Governor June 28, 1989. Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1391 of the Labor Code is amended to read:

1391. (a) Except as provided in Sections 1297 and 1298, no minor shall be employed more than eight hours in one day of 24 hours or more than 48 hours in one week, or before five o'clock in the morning, or after 10 o'clock in the evening on any day preceding a schoolday. However, a minor may work the hours authorized by this section during any evening preceding a nonschoolday until 12:30 in the morning of the nonschoolday.

For purposes of this section, "schoolday" means a day that a minor is enrolled in any class being taught in summer school, year-round school, or during the regular school year.

(b) Any person or the agent or officer thereof, or any parent or guardian, who directly or indirectly violates or causes or suffers the violation of this section is guilty of a misdemeanor punishable by a fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000), or imprisonment in the county jail for not

more than 60 days or both.

SEC. 2. The amendment of this section made at the 1989–90 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law.

CHAPTER 67

An act to amend Section 22840.5 of the Elections Code, relating to municipal elections.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 22840.5 of the Elections Code is amended to read:

22840.5. Notwithstanding the provisions of Sections 22836 and 22840, if nomination papers for an incumbent officer of the city are not filed by 5 p.m. on the 68th day before the election, the voters shall have until 5 p.m. on the 63rd day before the election to nominate candidates, other than the person who was the incumbent on the 68th day, for that incumbent's elective office.

This section is not applicable where there is no incumbent eligible to be elected.

CHAPTER 68

An act to amend Sections 3371 and 3372 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 3371 of the Revenue and Taxation Code is amended to read:

3371. Annually, on or before September 8, the tax collector shall publish the affidavit that the real property on which the taxes, assessments, penalties, and costs had not been fully paid are in default, together with a list of all that real property. However, in any county that mails delinquent notices to the assessees of record before June 30, the tax collector shall publish the affidavit and list of all that real property on or before September 8 of the year following the date of default.

SEC. 2. Section 3372 of the Revenue and Taxation Code is amended to read:

3372. The notice shall show:

(a) The affidavit of tax default.

(b) The fact that the real property may be redeemed by the payment of the amount of defaulted taxes together with such additional penalties and fees as prescribed by law, or that the real property may be redeemed under an installment plan of redemption.

(c) The official who will furnish all information concerning redemption.

(d) The following information relating to each assessment of tax-defaulted property:

(1) The name of the assessee, and where there is more than one valuation the name of the assessee need be listed only once. For the purposes of this section, the name of the assessee may be the name of the assessee as shown on the current roll.

(2) The description of the property.

(3) The total amount which was originally declared in default.

(4) The street address of the property, if any, shown on the county assessment records.

This information required to be published is the "published delinquent list." If any tax-defaulted property is redeemed, the information relating to the property may be omitted from any publication.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the time necessary to ensure that only those properties that are tax defaulted are published by the collector, it is necessary that this act go into immediate effect.

CHAPTER 69

An act relating to county governments, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 28, 1989 Filed with Secretary of State June 28, 1989]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Article 4 (commencing with Section 29080) of Chapter 1 of Division 3 of Title 3 of the Government Code, the board of supervisors of each county shall begin public hearings on the final county budget for the 1989–90 fiscal year on or before September 18, 1989, and shall complete these

hearings and adopt the final budget on or before October 2, 1989.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the board of supervisors of each county with more time to consider and adopt a final budget for the 1989–90 fiscal year, it is necessary that this act go into immediate effect.

CHAPTER 70

An act to amend Sections 1596.78, 1597.45, and 1597.65 of, and to add and repeal Section 1597.41 of, the Health and Safety Code, relating to family day care homes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1989 Filed with Secretary of State June 29, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1596.78 of the Health and Safety Code is amended to read:

1596.78. "Family day care home" means a home which regularly provides care, protection, and supervision of 12 or fewer children, in the provider's own home, for periods of less than 24 hours per day, while the parents or guardians are away, and includes the following:

(a) "Large family day care home" which means a home which provides family day care to 7 to 12 children, inclusive, including children under the age of 10 years who reside at the home, as defined in regulations.

(b) "Small family day care home" which means a home which provides family day care to six or fewer children, including children under the age of 10 years who reside at the home, as defined in regulations.

SEC. 2. Section 1597.41 is added to the Health and Safety Code, to read:

1597.41. (a) The State Director of Social Services shall authorize the Counties of Ventura and Placer to operate a pilot project, pursuant to this section, for a period not to extend beyond June 30, 1992. The purpose of the pilot project is to test the feasibility of permitting two additional schoolage children to be cared for in a family day care home.

(b) Notwithstanding Section 1596.78, upon authorization from the State Director of Social Services pursuant to subdivision (a), family day care homes in the Counties of Ventura and Placer shall be subject to the following limits on capacity:

(1) A large family day care home may provide family day care to

7 to 12 children, inclusive, or up to 14 children, inclusive, if two of the children are six years of age or older. Children under the age of 10 years who reside in the home, as defined in regulations, shall be counted for purposes of these limits.

(2) A small family day care home may provide family day care to six or fewer children, or eight or fewer children if two of the children are six years of age or older. Children under the age of 10 years who reside in the home, as defined in regulations, shall be counted for purposes of these limits.

(c) Any family day care provider who opts to care for children under the higher limits described in subdivision (b) shall notify the department of his or her intention prior to accepting the two additional children for care. Upon request of a local planning agency, local zoning agency, or similar local agency, the department shall inform the agency about whether or not a specified provider is participating in the pilot project.

(d) By March 1, 1992, the department shall submit an evaluation of the pilot project to the Assembly Human Services Committee and the Senate Health and Human Services Committee of the Legislature. In preparing the evaluation, the department shall consult with cities or other local agencies in the pilot counties, family day care provider associations, and other associations representing the interests of parents and children. The evaluation shall include, but not be limited to, all of the following:

(1) The number of family day care homes that participate in the pilot project, by county and by size of home.

(2) The number of additional children cared for as a result of the pilot project, by county and by size of home.

(3) Problems encountered by providers, parents, or other parties with respect to licensing and zoning requirements, and barriers to participation in the pilot project encountered by providers.

(4) Comments from providers, local agencies, and parents about the effectiveness, feasibility, and other aspects of the pilot project. The report shall include an assessment of the impact of the pilot project on local zoning practices and policies.

(5) Recommendations as to whether or not the pilot project should be expanded to other areas of the state, and the reasons for those recommendations.

(e) This section shall remain in effect only until July 1, 1992, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1992, deletes or extends that date.

SEC. 3. Section 1597.45 of the Health and Safety Code is amended to read:

1597.45. All of the following shall apply to small family day care homes:

(a) The use of single-family residence as a small family day care home shall be considered a residential use of property for the purposes of all local ordinances.

(b) No local jurisdiction shall impose any business license, fee, or

tax for the privilege of operating a small family day care home.

(c) Use of a single-family dwelling for purposes of a small family day care home shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 (State Housing Law) or for purposes of local building codes.

(d) A small family day care home shall not be subject to Article 1 (commencing with Section 13100) or Article 2 (commencing with Section 13140) of Chapter 1 of Part 2, except that a small family day care home shall contain a fire extinguisher and smoke detector device that meet standards established by the State Fire Marshal.

SEC. 4. Section 1597.65 of the Health and Safety Code is amended to read:

1597.65. This chapter shall remain in effect only until July 1, 1993, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1993, deletes or extends that date.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide continuity in the law which protects the health and safety of children in family homes that provide day care, it is necessary for this act to take immediate effect.

CHAPTER 71

An act to amend Section 1305 of the Penal Code, relating to bail.

[Approved by Governor June 29, 1989 Filed with Secretary of State June 29, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 1305 of the Penal Code is amended to read:

1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his or her presence in court is lawfully required, or to surrender himself or herself in execution of the judgment, the court must direct the fact to be entered upon its minutes, and, unless within 15 court days from arraignment no complaint has been filed or the charges have been dismissed, the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds two hundred dollars ($200), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of bond, and shall execute a certificate of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or

stamped thereon the address of its principal office, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond.

But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant appears, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall, under terms as may be just and that are equal with respect to all forms of pretrial release, direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately. The court may order the bail reinstated and the defendant released again on the same bond after notice to the bail, provided that the bail has not surrendered the defendant. If at any time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall under terms as may be just direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately.

If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall, under terms as may be just and that are equal with respect to all forms of pretrial release, direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days.

Unless waived by the district attorney or other prosecuting attorney, no order discharging the forfeiture of the undertaking or deposit shall be made without notice by the bail to the district attorney or prosecuting attorney, who may request a hearing within

10 days after receipt of the notice. The notice may be given by the surety insurer, its bail agent, the surety, or the depositor of money, any of whom may give the notice and appear either in person or by an attorney. The court shall then set the date, time, and place of hearing and give notice to the district attorney or prosecuting attorney and to the bail.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other occasion when his or her presence in court is lawfully required, or to surrender himself or herself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for his or her neglect to appear or surrender himself or herself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

CHAPTER 72

An act to amend Section 66799.3 of the Government Code, relating to solid waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1989 Filed with Secretary of State June 29, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 66799.3 of the Government Code is amended to read:

66799.3. The following definitions govern the construction of this chapter:

(a) "Account" means the Solid Waste Disposal Site Cleanup and Maintenance Account in the General Fund.

(b) "Closure plan" means a plan prepared by the owner or operator of a solid waste landfill to close the landfill in accordance with permit conditions and standards as may be required by a regional board, an enforcement agency, and the board.

(c) "Committee" means the Solid Waste Cleanup and Advisory Committee.

(d) "Corrective action" means any action, required or approved by an enforcement agency, or the board pursuant to Chapter 3 (commencing with Section 66795), a regional board, or an air quality management district or air pollution control district, to abate a nuisance or prevent the migration of methane gas or contaminated ground or surface water as necessary to protect human health and the environment.

(e) "Inert waste" means a nonliquid waste including, but not limited to, soil and concrete, that does not contain hazardous waste

or soluble pollutants at concentrations in excess of water quality objectives established by a regional board pursuant to Division 7 (commencing with Section 13000) of the Water Code and does not contain significant quantities of decomposable waste.

(f) "Postclosure plan" means a plan prepared by the owner or operator of a solid waste landfill to maintain the landfill for at least 30 years after closure in accordance with any permit conditions and standards which may be required by a regional board, an enforcement agency, or the board.

(g) "Regional board" means a California Regional Water Quality Control Board.

(h) "Solid waste landfill" means a disposal facility, as defined in Section 66714, that accepts solid waste, as defined in Section 66719, and which meets the requirements of a class III landfill pursuant to Sections 2533 and 2541 of Title 23 of the California Code of Regulations. "Solid waste landfill" does not include a facility which receives only wastes generated by the landfill owner or operator in the extraction, beneficiation, or processing of ores and minerals or a facility which receives only nonhazardous wood waste derived from timber production or wood product manufacturing.

(i) "State board" means the State Board of Equalization.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to exempt solid waste landfills which receive only nonhazardous wood waste from the requirements for plans due in August 1989, it is necessary for this act to take effect immediately.

CHAPTER 73

An act to add Sections 62000.6, 62000.9, 62000.10, 62000.11, and 62007 to, and to repeal Section 62000.4 of, the Education Code, relating to adult education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1989 Filed with Secretary of State June 30, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 62000.4 of the Education Code is repealed.

SEC. 2. Section 62000.6 is added to the Education Code, to read:

62000.6. The following programs shall sunset on June 30, 1989:

(a) Child development and preschool programs.

(b) Indian education centers.

SEC. 3. Section 62000.9 is added to the Education Code, to read:

62000.9. The Indian education centers program shall sunset on

June 30, 1989.

SEC. 4. Section 62000.10 is added to the Education Code, to read:

62000.10. The child development and preschool programs shall sunset on June 30, 1989.

SEC. 5. Section 62000.11 is added to the Education Code, to read:

62000.11. The adult education program shall sunset on June 30, 1994.

SEC. 6. Section 62007 is added to the Education Code, to read:

62007. The State Department of Education and the Legislative Analyst shall review and report upon the adult education program authorized pursuant to Chapter 3 (commencing with Section 8500) of Part 6 and Chapter 10 (commencing with Section 52500) of Part 28 of the Education Code. The State Department of Education shall submit its report to the appropriate policy and fiscal committees of the Legislature on or before June 30, 1994. The Legislative Analyst shall submit his or her report to the appropriate policy and fiscal committees of the Legislature within 90 days after receiving the State Department of Education report. In conducting the review required by this section, the State Department of Education and the Legislative Analyst shall consider the issues listed in subdivisions (a) and (c) of Section 62006 and shall make recommendations on any appropriate revisions of the law or regulations governing the program.

SEC. 7. Section 2 of this bill shall not become operative if AB 1901 and either or both AB 370 and SB 230 are chaptered before this bill and AB 1901 and either AB 370 or SB 230, if both AB 370 and SB 230 are not chaptered, or both AB 370 and SB 230, if both AB 370 and SB 230 are chaptered, each amends Section 62000.4 of the Education Code.

SEC. 8. Section 3 of this bill shall only become operative if this bill and either or both AB 370 and SB 230 are enacted and become effective on or before January 1, 1990, and this bill is enacted after AB 370 or SB 230, or both AB 370 and SB 230.

SEC. 9. Section 4 of this bill shall only become operative if this bill and AB 1901 are enacted and become effective on or before January 1, 1990, and this bill is enacted after AB 1901.

SEC. 10. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 4 (commencing with Section 17550) of Part 7 of Division 2 of Title 2 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that there is no disruption in the operation of adult education programs otherwise scheduled to cease operation June 30, 1989, it is necessary for this act to take effect immediately.

CHAPTER 74

An act to amend Sections 19596.5, 19596.6, 19596.7, 19596.15, and 19620 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1989 Filed with Secretary of State June 30, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 19596.5 of the Business and Professions Code is amended to read:

19596.5. (a) Notwithstanding any other provision of law, the board may authorize an association licensed to conduct a racing meeting in the northern zone to operate a satellite wagering facility for wagering on races conducted in the northern zone at its racetrack inclosure, except during the part of the day racing is being conducted at its racetrack, and may, with the approval of the Department of Food and Agriculture, authorize any county fair, district agricultural association fair, or citrus fruit fair in the northern zone eligible for an allocation of racing days pursuant to Section 19549, but which is not licensed to conduct a racing meeting or authorized pursuant to Section 19596.7, to locate a satellite wagering facility at its fairgrounds for wagering on races conducted in the northern zone, if all of the following conditions are met:

(1) An organization described in subdivision (c) of Section 19596.4 has executed agreements, which are approved by the board, with the association conducting a racing meeting in the northern zone and the satellite wagering facility. The agreement shall provide, among other things, the conditions for transmission of the signal and that the wagers made at the satellite wagering facility will be included in the appropriate conventional or exotic pool at the racetrack where the racing meeting is conducted. Notwithstanding any other provision of law or any agreement under this subdivision, for purposes of determining license fees and breakage at the racetrack where the racing meeting is conducted, wagers at a satellite wagering facility shall not be included in the conventional or exotic pools of the

association conducting the racing meeting.

(2) The horsemen's organization which represents the horsemen at the association which conducts the racing meeting on which wagers are accepted consents to the acceptance of wagers at the satellite wagering facility, except that the association or fair operating the satellite wagering facility may appeal the withholding of consent to the board which may determine that consent is not required.

(3) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(4) The method used by the satellite wagering facility to transmit wagers, odds, results, and other data related to wagering has been approved by the board.

(5) Except as provided in Section 19596.9, any association or fair which conducts satellite wagering shall conduct wagering on all racing offered to the satellite wagering facility, as long as the satellite wagering facility is not sustaining a loss on either a day meeting or night meeting, as determined by the board, and, if sustaining a loss on either a day meeting or night meeting, as long as that loss is reimbursed by either an organization described in subdivision (c) of Section 19596.4 or an association.

In calculating the loss, if any, for operating a satellite wagering facility for a night meeting, only the expenses incurred by the satellite wagering facility because of acceptance of night wagers shall be considered, and no overhead expenses or expenses which would be incurred regardless of the acceptance of night wagers shall be considered.

(b) Notwithstanding subdivision (a), during periods of the day when there is no night racing in the northern zone, the live audiovisual signal of night harness or quarter horse races in the central or southern zone may be offered to satellite wagering facilities in the northern zone, provided, however, (1) that racing associations may accept that audiovisual signal, but are not required to do so and (2) that satellite wagering facilities located at fairs are not required to accept more than five night racing programs per week.

(c) The total percentage deducted from wagers at satellite wagering facilities shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted under this section shall be distributed as follows:

(1) On thoroughbred meetings only, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4.0 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c)

of Section 19596.4, and 0.4 of 1 percent shall be distributed to the breeders in the form of breeders' awards, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(2) On harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3.0 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, 6 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and, in the case of quarter horses, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6, and, in the case of Appaloosas, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas and, in the case of standardbreds, 0.4 of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(3) In addition to the distributions in paragraph (1) or (2), on thoroughbred meetings and harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1 percent of the total amount handled by the satellite wagering facility shall be distributed to an organization described in subdivision (c) of Section 19596.4 for promotion of the program at satellite wagering facilities. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year, and if promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. Additionally, 0.33 of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(d) On thoroughbred meetings only, the funds remaining after distribution of the amounts set forth in subdivision (c) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent as purses to the horsemen participating in the racing meeting, except that owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing

meeting.

(e) On harness, quarter horse, Appaloosa, mixed breed, and fair meetings, the funds remaining after distribution of the amounts set forth in subdivision (c) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent to the horsemen in the form of purses at the association conducting the racing meeting, except that, for meetings commencing on or after the effective date of the amendments to this subdivision enacted at the 1987–88 Regular Session of the Legislature, owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting.

(f) Except as provided in subdivisions (g) and (h), all revenues payable to the state as license fees from satellite wagering facilities located at fairs shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, are hereby continuously appropriated from that account to the Department of Food and Agriculture, for allocation by the Director of Food and Agriculture, in his or her discretion, for the following purposes, except that the concurrence of the Director of Finance shall be obtained for allocations for the purposes of paragraphs (1) and (2):

(1) For repayment of the principal of, interest on, and costs of issuance of, and as security, including any coverage factor, pledged to the payment of, bonds issued or to be issued by a joint powers agency or other debt service or expense, including repayment of any advances made or security required by any provider of credit enhancement or liquidity for those bonds or other indebtedness or expenses of maintaining that credit enhancement or liquidity, incurred for the purpose of constructing or acquiring improvements at a fair's racetrack inclosure, satellite wagering facilities at fairs, health and safety repair projects, or handicapped access compliance projects at fairs or for the purpose of refunding bonds or other indebtedness incurred for those purposes. As used in this paragraph, "coverage factor" means revenues in excess of the amount necessary to pay debt service on the bonds or other indebtedness, up to an amount equal to 100 percent more than the amount of that debt service, which a joint powers authority, pursuant to the resolution or indenture under which the bonds or other indebtedness are or will be issued, pledges as additional security for the payment of that debt service or is required to have or maintain as a condition to the issuance of additional bonds or other indebtedness. Notwithstanding any other law, the department may also commit any funds available for allocation under Article 10 (commencing with Section 19620) to complete projects funded under this paragraph in the priority described in this paragraph.

(2) For repayment of expenses incurred by fairs in establishing and operating satellite wagering facilities.

(3) For health and safety repair projects at fairs.

(4) For support purposes of fairs generally.

(g) Seven and one-half percent of all revenues payable to the state as license fees from satellite wagering facilities located at fairs shall be deposited in the General Fund.

(h) Up to 10 percent of all revenues payable to the state as license fees from satellite wagering facilities located at fairs shall be deposited in a special account in the fund and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated to the Department of Food and Agriculture for supplementing purses at fair meetings to achieve the purposes of subdivision (i). The department shall annually determine the percentage of revenues payable to the special account under this subdivision based on the amount necessary to achieve the purposes of subdivision (i).

(i) It is the intent of the Legislature that funds allocated pursuant to subdivision (h) be used primarily at fair racing meetings in the northern zone with a daily average handle of more than three hundred thousand dollars ($300,000). The Legislature further finds that its intent is that these allocations be used to bring the purses at these fairs, exclusive of purses for stakes races and special events, to a level of at least 80 percent of purses for similar classes of horses at private racing associations in the northern zone. The funds shall be used among all breeds. For fair racing meetings in the northern zone with a daily average handle of three hundred thousand dollars ($300,000) or less, it is the intent of the Legislature to bring the purses to a level of at least 25 percent of purses for similar classes of horses at private racing associations in the northern zone.

SEC. 2. Section 19596.5 of the Business and Professions Code is amended to read:

19596.5. (a) Notwithstanding any other provision of law, the board may authorize an association licensed to conduct a racing meeting in the northern zone to operate a satellite wagering facility for wagering on races conducted in the northern zone at its racetrack inclosure, except during the part of the day racing is being conducted at its racetrack, and may, with the approval of the Department of Food and Agriculture, authorize any county fair, district agricultural association fair, or citrus fruit fair in the northern zone eligible for an allocation of racing days pursuant to Section 19549, but which is not licensed to conduct a racing meeting or authorized pursuant to Section 19596.7, to locate a satellite wagering facility at its fairgrounds for wagering on races conducted in the northern zone, if all of the following conditions are met:

(1) An organization described in subdivision (c) of Section 19596.4 has executed agreements, which are approved by the board, with the association conducting a racing meeting in the northern zone and the satellite wagering facility. The agreement shall provide, among other things, the conditions for transmission of the signal and that the wagers made at the satellite wagering facility will be included in the appropriate conventional or exotic pool at the racetrack where the

racing meeting is conducted. Notwithstanding any other provision of law or any agreement under this subdivision, for purposes of determining license fees and breakage at the racetrack where the racing meeting is conducted, wagers at a satellite wagering facility shall not be included in the conventional or exotic pools of the association conducting the racing meeting.

(2) The horsemen's organization which represents the horsemen at the association which conducts the racing meeting on which wagers are accepted consents to the acceptance of wagers at the satellite wagering facility, except that the association or fair operating the satellite wagering facility may appeal the withholding of consent to the board which may determine that consent is not required.

(3) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(4) The method used by the satellite wagering facility to transmit wagers, odds, results, and other data related to wagering has been approved by the board.

(5) Except as provided in Section 19596.9, any association or fair which conducts satellite wagering shall conduct wagering on all racing offered to the satellite wagering facility, as long as the satellite wagering facility is not sustaining a loss on either a day meeting or night meeting, as determined by the board, and, if sustaining a loss on either a day meeting or night meeting, as long as that loss is reimbursed by either an organization described in subdivision (c) of Section 19596.4 or an association.

In calculating the loss, if any, for operating a satellite wagering facility for a night meeting, only the expenses incurred by the satellite wagering facility because of acceptance of night wagers shall be considered, and no overhead expenses or expenses which would be incurred regardless of the acceptance of night wagers shall be considered.

(b) Notwithstanding subdivision (a), during periods of the day when there is no night racing in the northern zone, the live audiovisual signal of night harness or quarter horse races in the central or southern zone may be offered to satellite wagering facilities in the northern zone, provided, however, (1) that racing associations may accept that audiovisual signal, but are not required to do so and (2) that satellite wagering facilities located at fairs are not required to accept more than five night racing programs per week.

(c) The total percentage deducted from wagers at satellite wagering facilities shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted under this section shall be distributed as follows:

(1) On thoroughbred meetings only, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers

and 4.0 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and 0.4 of 1 percent shall be deposited with the official registering agency of California-bred thoroughbred racehorses for distribution pursuant to Section 19617, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(2) On harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3.0 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, 6 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and, in the case of quarter horses, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6, and, in the case of Appaloosas, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas and, in the case of standardbreds, 0.4 of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619 and, in the case of thoroughbreds, 0.4 of 1 percent shall be deposited with the official registering agency of California-bred thoroughbred racehorses for distribution pursuant to Section 19617, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(3) In addition to the distributions in paragraph (1) or (2), on thoroughbred meetings and harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1 percent of the total amount handled by the satellite wagering facility shall be distributed to an organization described in subdivision (c) of Section 19596.4 for promotion of the program at satellite wagering facilities. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year, and if promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. Additionally, 0.33 of 1 percent of the total amount handled by the satellite wagering facility shall be paid

to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(d) On thoroughbred meetings only, the funds remaining after distribution of the amounts set forth in subdivision (c) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent as purses to the horsemen participating in the racing meeting, except that owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting.

(e) On harness, quarter horse, Appaloosa, mixed breed, and fair meetings, the funds remaining after distribution of the amounts set forth in subdivision (c) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent to the horsemen in the form of purses at the association conducting the racing meeting, except that, for meetings commencing on or after the effective date of the amendments to this subdivision enacted at the 1987–88 Regular Session of the Legislature, owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting.

(f) Except as provided in subdivisions (g) and (h), all revenues payable to the state as license fees from satellite wagering facilities located at fairs shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, are hereby continuously appropriated from that account to the Department of Food and Agriculture, for allocation by the Director of Food and Agriculture, in his or her discretion, for the following purposes, except that the concurrence of the Director of Finance shall be obtained for allocations for the purposes of paragraphs (1) and (2):

(1) For repayment of the principal of, interest on, and costs of issuance of, and as security, including any coverage factor, pledged to the payment of, bonds issued or to be issued by a joint powers agency or other debt service or expense, including repayment of any advances made or security required by any provider of credit enhancement or liquidity for those bonds or other indebtedness or expenses of maintaining that credit enhancement or liquidity, incurred for the purpose of constructing or acquiring improvements at a fair's racetrack inclosure, satellite wagering facilities at fairs, health and safety repair projects, or handicapped access compliance projects at fairs or for the purpose of refunding bonds or other indebtedness incurred for those purposes. As used in this paragraph, "coverage factor" means revenues in excess of the amount necessary to pay debt service on the bonds or other indebtedness, up to an amount equal to 100 percent more than the amount of that debt service, which a joint powers authority, pursuant to the resolution or indenture under which the bonds or other indebtedness are or will be issued, pledges as additional security for the payment of that debt

service or is required to have or maintain as a condition to the issuance of additional bonds or other indebtedness. Notwithstanding any other law, the department may also commit any funds available for allocation under Article 10 (commencing with Section 19620) to complete projects funded under this paragraph in the priority described in this paragraph.

(2) For repayment of expenses incurred by fairs in establishing and operating satellite wagering facilities.

(3) For health and safety repair projects at fairs.

(4) For support purposes of fairs generally.

(g) Seven and one-half percent of all revenues payable to the state as license fees from satellite wagering facilities located at fairs shall be deposited in the General Fund.

(h) Up to 10 percent of all revenues payable to the state as license fees from satellite wagering facilities located at fairs shall be deposited in a special account in the fund and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated to the Department of Food and Agriculture for supplementing purses at fair meetings to achieve the purposes of subdivision (i). The department shall annually determine the percentage of revenues payable to the special account under this subdivision based on the amount necessary to achieve the purposes of subdivision (i).

(i) It is the intent of the Legislature that funds allocated pursuant to subdivision (h) be used primarily at fair racing meetings in the northern zone with a daily average handle of more than three hundred thousand dollars ($300,000). The Legislature further finds that its intent is that these allocations be used to bring the purses at these fairs, exclusive of purses for stakes races and special events, to a level of at least 80 percent of purses for similar classes of horses at private racing associations in the northern zone. The funds shall be used among all breeds. For fair racing meetings in the northern zone with a daily average handle of three hundred thousand dollars ($300,000) or less, it is the intent of the Legislature to bring the purses to a level of at least 25 percent of purses for similar classes of horses at private racing associations in the northern zone.

SEC. 3. Section 19596.6 of the Business and Professions Code is amended to read:

19596.6. (a) Notwithstanding any other provision of law, subject to the conditions and limitations set forth in this section and Section 19596.7, the following entities in the central or southern zone are eligible to be licensed to operate a satellite wagering facility for wagering on races conducted in the central or southern zone:

(1) Any county fair, district agricultural association fair, or citrus fruit fair which conducted general fair activities in 1986 within the central or southern zone, and which is eligible for an allocation of racing days pursuant to Section 19549, but which is not licensed to conduct a racing meeting, may locate a satellite wagering facility at its fairgrounds.

(2) Any association licensed to conduct a racing meeting in the central or southern zone.

(b) The board may authorize an eligible association or, with the approval of the Department of Food and Agriculture, an eligible fair, to operate a satellite wagering facility under all of the following conditions:

(1) A racing association licensed to conduct a racing meeting shall conduct satellite wagering only within its racing inclosure.

(2) An organization described in subdivision (c) of Section 19596.4 has executed an agreement approved by the board with the association conducting a racing meeting and the satellite wagering facility. The agreement shall provide, among other things, the conditions for transmission of the signal and that the wagers made at the satellite wagering facility are included in the appropriate conventional or exotic pool at the racetrack where the racing meeting is conducted.

(3) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(4) The method used by the satellite wagering facility to transmit wagers, odds, results, and other data related to wagering have been approved by the board.

(5) Any association or fair that operates a satellite wagering facility shall conduct wagering on all racing conducted in the central or southern zone that is offered to that satellite wagering facility, as long as the satellite wagering facility is not sustaining a loss on either a day meeting or a night meeting, as determined by the board, and, if sustaining a loss on either a day meeting or a night meeting, as long as that loss is not reimbursed by either an organization described in subdivision (c) of Section 19596.4 or an association.

In calculating the loss, if any, for operating a satellite wagering facility for a night meeting, only the expenses incurred by the satellite wagering facility because of acceptance of night wagers shall be considered, and no overhead expenses or expenses of the satellite wagering facility which would be incurred regardless of the acceptance of night wagers shall be considered.

(c) Notwithstanding subdivision (a), a satellite wagering facility may not be located within the County of Los Angeles or within the County of Orange, except as follows:

(1) If all other conditions in subdivision (b) are met, the Fiftieth District Agricultural Association may be authorized to operate a satellite wagering facility upon its fairgrounds in the City of Lancaster and to accept wagers on races conducted in the southern and central zones.

(2) If all other conditions are met, any fair or association licensed to conduct racing meetings in the County of Los Angeles and any racing association other than a fair which is licensed to conduct racing in the County of Orange may be authorized to operate a satellite wagering facility for the limited purpose of conducting

satellite wagering on races conducted at the Twenty-Second District Agricultural Association fairgrounds at Del Mar in the County of San Diego, except that, when a fair in Orange County is licensed for a racing meeting, a satellite wagering facility located within the racing inclosure where the racing meeting is conducted may not operate on the days that racing is conducted.

(d) The total percentage deducted from wagers at satellite wagering facilities shall be the same as the percentage deducted from wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted by a satellite wagering facility under this section shall be distributed as follows:

(1) On thoroughbred meetings only, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4.0 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and 0.40 of 1 percent shall be distributed to the breeders in the form of breeders' awards, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(2) On harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3.0 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, and 6 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and, in the case of quarter horses, 0.4 of 1 percent shall be distributed as breeders awards to breeders of quarter horses pursuant to Section 19617.6, and, in case of Appaloosas, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas and, in the case of standardbreds, 0.4 of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(3) In addition, on thoroughbred meetings and harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1 percent shall be

distributed to an organization described in subdivision (c) of Section 19596.4 for promotion of the program at satellite wagering facilities. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year, and if promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. Additionally, 0.33 of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(e) On thoroughbred meetings only, the funds remaining after distribution of the amounts in subdivision (d) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent as purses to the horsemen participating in the racing meeting, except that owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting. All of the funds distributed for purses from satellite wagering facilities shall go to the purse program of the association conducting the racing meeting except that all sums for distribution as purses at satellite wagering facilities which are racing fairs in the County of Los Angeles shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated to the Department of Food and Agriculture for supplementing purses at fair meetings in Los Angeles and Orange Counties. The department shall distribute these funds on an equal basis to each racing fair in these counties for distribution in all nonstakes races and among all breeds.

(f) On harness, quarter horse, Appaloosa, mixed breed, and fair meetings, the funds remaining after distribution of the amounts set forth in subdivision (d) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent to the horsemen in the form of purses participating in the racing meeting, except that, for meetings commencing on or after the effective date of the amendments to this subdivision enacted at the 1987–88 Regular Session of the Legislature, owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting.

(g) Notwithstanding subdivision (e), when satellite wagering is conducted on thoroughbred meetings, an amount, not to exceed 1.25 percent of the total amount handled by all satellite wagering facilities, shall be deducted from the funds otherwise allocated for distribution as commissions, purses, and owners' premiums and instead distributed to an organization formed and operated by thoroughbred racing associations, fairs conducting thoroughbred racing, and the organization representing thoroughbred horsemen, with each party having meaningful representation on the board of the organization, to administer, pursuant to supervision of the board,

a fund to provide reimbursement for offsite stabling at board-approved auxiliary training facilities of licensed racing associations for additional stalls beyond the number of usable stalls the association is required to make available and maintain pursuant to Section 19535, and for the vanning of starters from these additional stalls on race days for thoroughbred horses.

(h) The funds distributed to the organization formed pursuant to subdivision (g) shall be used to reimburse racing associations who are operating offsite stabling providing additional stalls for the incremental increase in operating costs directly resulting from providing the stabling. Neither the organization administering the offsite stabling and vanning program nor any of the entities forming and operating the organization, except the entity operating the offsite stabling facility where the injury occurred, shall be liable for any injury to any jockey, exercise person, owner, trainer, or any employee or agent thereof, or any horse occurring at any offsite stabling facility.

The funds shall also reimburse horsemen for the cost of vanning starting horses from a board-approved auxiliary training facility operated by a licensed racing association to the track conducting the racing meeting. Horsemen may use carriers of their own choice, except that the amount of reimbursement to horsemen is limited to the amount that the organization determines is generally charged by carriers for vanning from the auxiliary training facility to the track conducting the racing meeting. Neither the organization administering the offsite stabling and vanning program nor any of the entities forming and operating the organization, except the entity actually engaged in vanning horses, shall be liable for any injury occurring to any individual or horse during vanning from an offsite stabling facility.

The training facilities and amenities provided for offsite stabling and training purposes shall be equivalent in character to those provided during racing meetings of the association.

Upon the request of any party within the organization, the board shall adjudicate any dispute regarding costs, or other matters relating to the furnishing of offsite stabling or vanning. The board may, if necessary, appoint an independent auditor to assist in the resolution of disputes. The auditor shall be reimbursed from the funds of the organization.

The organization may maintain a reserve fund of up to 10 percent of the total estimated annual vanning and stabling costs. In addition to the reserve fund, if the funds generated for offsite stabling and vanning are insufficient to fully reimburse racing associations for expenses incurred during the offsite vanning and stabling program, the organization is entitled to accumulate sufficient funds to fully reimburse these expenses.

The amount initially deducted and distributed to the organization shall be 1.25 percent of the total amount handled by satellite wagering facilities authorized under this section on thoroughbred

racing, but that allocation may be adjusted by the board, in its discretion, but the adjusted amount may not exceed 1.25 percent of the total amount handled by satellite wagering facilities, to pay expenses and maintain the reserve fund for the continuing support of the program.

(i) Forty-two percent of the revenue payable to the state from license fees from satellite wagering facilities located at fairs under the authority of this section shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated from that account to the Department of Food and Agriculture, for allocation by the Director of Food and Agriculture, in his or her discretion, for the following purposes, except that the concurrence of the Director of Finance shall be obtained for allocations for the purposes of paragraphs (1) and (2):

(1) For repayment of the principal of, interest on, and costs of issuance of, and as security, including any coverage factor, pledged to the payment of, bonds issued or to be issued by a joint powers agency or other debt service or expense, including repayment of any advances made or security required by any provider of credit enhancement or liquidity for those bonds or other indebtedness or expenses of maintaining that credit enhancement or liquidity, incurred for the purpose of constructing or acquiring improvements at a fair's racetrack inclosure, satellite wagering facilities at fairs, health and safety repair projects, or handicapped access compliance projects at fairs or for the purpose of refunding bonds or other indebtedness incurred for those purposes. As used in this paragraph, "coverage factor" means revenues in excess of the amount necessary to pay debt service on the bonds or other indebtedness, up to an amount equal to 100 percent more than the amount of that debt service, which a joint powers authority, pursuant to the resolution or indenture under which the bonds or other indebtedness are or will be issued, pledges as additional security for the payment of that debt service or is required to have or maintain as a condition to the issuance of additional bonds or other indebtedness. Notwithstanding any other law, the department may also commit any funds available for allocation under Article 10 (commencing with Section 19620) to complete projects funded under this paragraph in the priority described in this paragraph.

(2) For repayment of expenses incurred by fairs in establishing and operating satellite wagering facilities.

(3) For health and safety repair projects at the fair.

(4) For support purposes of the fair generally.

(j) The remaining 58 percent of the revenues payable to the state from satellite wagering facilities at fairs and all revenues payable to the state from satellite wagering facilities located under the authority of this section at sites other than fairs shall be deposited in the General Fund.

(k) Notwithstanding subdivision (b) of Section 19641, the state

shall receive as additional license fees 50 percent of any redistributable money in a parimutuel pool arising from wagers at a satellite wagering facility, subject to payment to a claimant pursuant to Section 19598, but not successfully claimed within that period, and the funds shall be deposited in the General Fund. The remaining 50 percent of redistributable money in a parimutuel pool arising from wagers at a satellite wagering facility shall be paid to a welfare fund established by the horsemen's organization contracting with the association conducting the racing meeting for the benefit of horsemen, and that organization shall make an accounting to the board within one calendar year of the receipt of the payment.

(*l*) Of the total breakage arising in a parimutuel pool which includes wagers at satellite wagering facilities, that percentage of breakage equal to the percentage that wagers placed at satellite wagering facilities constitute of the total parimutuel pool shall be distributed equally among the state as an additional license fee deposited in the General Fund, the track conducting the racing meeting as a commission, and the horsemen participating in the racing meeting in the form of purses. The remainder of the breakage shall be distributed in the same manner as breakage arising from wagers at the track conducting the racing meeting.

(m) Notwithstanding subdivision (f) of Section 19596.5 and subdivision (i) of this section, if the revenues deposited in the separate account pursuant to those subdivisions (f) and (i) are in excess of the eleven million dollars ($11,000,000) in any fiscal year, one-half of the amount in excess of eleven million dollars ($11,000,000) shall be transferred to the General Fund.

SEC. 4. Section 19596.6 of the Business and Professions Code is amended to read:

19596.6. (a) Notwithstanding any other provision of law, subject to the conditions and limitations set forth in this section and Section 19596.7, the following entities in the central or southern zone are eligible to be licensed to operate a satellite wagering facility for wagering on races conducted in the central or southern zone:

(1) Any county fair, district agricultural association fair, or citrus fruit fair which conducted general fair activities in 1986 within the central or southern zone, and which is eligible for an allocation of racing days pursuant to Section 19549, but which is not licensed to conduct a racing meeting, may locate a satellite wagering facility at its fairgrounds.

(2) Any association licensed to conduct a racing meeting in the central or southern zone.

(b) The board may authorize an eligible association or, with the approval of the Department of Food and Agriculture, an eligible fair, to operate a satellite wagering facility under all of the following conditions:

(1) A racing association licensed to conduct a racing meeting shall conduct satellite wagering only within its racing inclosure.

(2) An organization described in subdivision (c) of Section 19596.4

has executed an agreement approved by the board with the association conducting a racing meeting and the satellite wagering facility. The agreement shall provide, among other things, the conditions for transmission of the signal and that the wagers made at the satellite wagering facility are included in the appropriate conventional or exotic pool at the racetrack where the racing meeting is conducted.

(3) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(4) The method used by the satellite wagering facility to transmit wagers, odds, results, and other data related to wagering have been approved by the board.

(5) Any association or fair that operates a satellite wagering facility shall conduct wagering on all racing conducted in the central or southern zone that is offered to that satellite wagering facility, as long as the satellite wagering facility is not sustaining a loss on either a day meeting or a night meeting, as determined by the board, and, if sustaining a loss on either a day meeting or a night meeting, as long as that loss is not reimbursed by either an organization described in subdivision (c) of Section 19596.4 or an association.

In calculating the loss, if any, for operating a satellite wagering facility for a night meeting, only the expenses incurred by the satellite wagering facility because of acceptance of night wagers shall be considered, and no overhead expenses or expenses of the satellite wagering facility which would be incurred regardless of the acceptance of night wagers shall be considered.

(c) Notwithstanding subdivision (a), a satellite wagering facility may not be located within the County of Los Angeles or within the County of Orange, except as follows:

(1) If all other conditions in subdivision (b) are met, the Fiftieth District Agricultural Association may be authorized to operate a satellite wagering facility upon its fairgrounds in the City of Lancaster and to accept wagers on races conducted in the southern and central zones.

(2) If all other conditions are met, any fair or association licensed to conduct racing meetings in the County of Los Angeles and any racing association other than a fair which is licensed to conduct racing in the County of Orange may be authorized to operate a satellite wagering facility for the limited purpose of conducting satellite wagering on races conducted at the Twenty-Second District Agricultural Association fairgrounds at Del Mar in the County of San Diego, except that, when a fair in Orange County is licensed for a racing meeting, a satellite wagering facility located within the racing inclosure where the racing meeting is conducted may not operate on the days that racing is conducted.

(d) The total percentage deducted from wagers at satellite wagering facilities shall be the same as the percentage deducted from wagers at the racetrack where the racing meeting is being

conducted and shall be distributed as set forth in this section. Amounts deducted by a satellite wagering facility under this section shall be distributed as follows:

(1) On thoroughbred meetings only, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4.0 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and 0.4 of 1 percent shall be deposited with the official registering agency for California-bred thoroughbred racehorses for distribution pursuant to Section 19617, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(2) On harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the state as a license fee, 2 percent shall be retained by the satellite wagering facility as a commission, and 6 percent or the amount of actual operating expenses, as determined by the board, whichever is less, shall be distributed to an organization described in subdivision (c) of Section 19596.4, and, in the case of quarter horses, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6, and, in case of Appaloosas, 0.4 of 1 percent shall be distributed as breeders' awards to breeders of Appaloosas and, in the case of standardbreds, 0.4 of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619 and, in the case of thoroughbreds, 0.4 of 1 percent shall be deposited with the official registering agency for California-bred thoroughbred racehorses for distribution pursuant to Section 19617, and one-tenth of 1 percent of the amount wagered at the satellite wagering facility shall be distributed to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that these one-tenth of 1 percent funds to the Equine Research Laboratory shall supplement and not supplant other funding sources.

(3) In addition, on thoroughbred meetings and harness, quarter horse, Appaloosa, mixed breed, or fair meetings, 1 percent shall be distributed to an organization described in subdivision (c) of Section 19596.4 for promotion of the program at satellite wagering facilities. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year, and if promotion funds distributed in any year exceed the amount

collected for that year, the funds distributed in the following year shall be reduced by the excess amount. Additionally, 0.33 of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(e) On thoroughbred meetings only, the funds remaining after distribution of the amounts in subdivision (d) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent as purses to the horsemen participating in the racing meeting, except that owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting. All of the funds distributed for purses from satellite wagering facilities shall go to the purse program of the association conducting the racing meeting except that all sums for distribution as purses at satellite wagering facilities which are racing fairs in the County of Los Angeles shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated to the Department of Food and Agriculture for supplementing purses at fair meetings in Los Angeles and Orange Counties. The department shall distribute these funds on an equal basis to each racing fair in these counties for distribution in all nonstakes races and among all breeds.

(f) On harness, quarter horse, Appaloosa, mixed breed, and fair meetings, the funds remaining after distribution of the amounts set forth in subdivision (d) shall be distributed 50 percent as commissions to the racing association which conducts the racing meeting and 50 percent to the horsemen in the form of purses participating in the racing meeting, except that, for meetings commencing on or after the effective date of the amendments to this subdivision enacted at the 1987–88 Regular Session of the Legislature, owners' premiums shall be paid from the amount distributed for purses in the same relative percentage as owners' premiums are paid at the racing meeting.

(g) Notwithstanding subdivision (e), when satellite wagering is conducted on thoroughbred meetings, an amount, not to exceed 1.25 percent of the total amount handled by all satellite wagering facilities, shall be deducted from the funds otherwise allocated for distribution as commissions, purses, and owners' premiums and instead distributed to an organization formed and operated by thoroughbred racing associations, fairs conducting thoroughbred racing, and the organization representing thoroughbred horsemen, with each party having meaningful representation on the board of the organization, to administer, pursuant to supervision of the board, a fund to provide reimbursement for offsite stabling at board-approved auxiliary training facilities of licensed racing associations for additional stalls beyond the number of usable stalls the association is required to make available and maintain pursuant to Section 19535, and for the vanning of starters from these additional

stalls on race days for thoroughbred horses.

(h) The funds distributed to the organization formed pursuant to subdivision (g) shall be used to reimburse racing associations who are operating offsite stabling providing additional stalls for the incremental increase in operating costs directly resulting from providing the stabling. Neither the organization administering the offsite stabling and vanning program nor any of the entities forming and operating the organization, except the entity operating the offsite stabling facility where the injury occurred, shall be liable for any injury to any jockey, exercise person, owner, trainer, or any employee or agent thereof, or any horse occurring at any offsite stabling facility.

The funds shall also reimburse horsemen for the cost of vanning starting horses from a board-approved auxiliary training facility operated by a licensed racing association to the track conducting the racing meeting. Horsemen may use carriers of their own choice, except that the amount of reimbursement to horsemen is limited to the amount that the organization determines is generally charged by carriers for vanning from the auxiliary training facility to the track conducting the racing meeting. Neither the organization administering the offsite stabling and vanning program nor any of the entities forming and operating the organization, except the entity actually engaged in vanning horses, shall be liable for any injury occurring to any individual or horse during vanning from an offsite stabling facility.

The training facilities and amenities provided for offsite stabling and training purposes shall be equivalent in character to those provided during racing meetings of the association.

Upon the request of any party within the organization, the board shall adjudicate any dispute regarding costs, or other matters relating to the furnishing of offsite stabling or vanning. The board may, if necessary, appoint an independent auditor to assist in the resolution of disputes. The auditor shall be reimbursed from the funds of the organization.

The organization may maintain a reserve fund of up to 10 percent of the total estimated annual vanning and stabling costs. In addition to the reserve fund, if the funds generated for offsite stabling and vanning are insufficient to fully reimburse racing associations for expenses incurred during the offsite vanning and stabling program, the organization is entitled to accumulate sufficient funds to fully reimburse these expenses.

The amount initially deducted and distributed to the organization shall be 1.25 percent of the total amount handled by satellite wagering facilities authorized under this section on thoroughbred racing, but that allocation may be adjusted by the board, in its discretion, but the adjusted amount may not exceed 1.25 percent of the total amount handled by satellite wagering facilities, to pay expenses and maintain the reserve fund for the continuing support of the program.

(i) Forty-two percent of the revenue payable to the state from license fees from satellite wagering facilities located at fairs under the authority of this section shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated from that account to the Department of Food and Agriculture, for allocation by the Director of Food and Agriculture, in his or her discretion, for the following purposes, except that the concurrence of the Director of Finance shall be obtained for allocations for the purposes of paragraphs (1) and (2):

(1) For repayment of the principal of, interest on, and costs of issuance of, and as security, including any coverage factor, pledged to the payment of, bonds issued or to be issued by a joint powers agency or other debt service or expense, including repayment of any advances made or security required by any provider of credit enhancement or liquidity for those bonds or other indebtedness or expenses of maintaining that credit enhancement or liquidity, incurred for the purpose of constructing or acquiring improvements at a fair's racetrack inclosure, satellite wagering facilities at fairs, health and safety repair projects, or handicapped access compliance projects at fairs or for the purpose of refunding bonds or other indebtedness incurred for those purposes. As used in this paragraph, "coverage factor" means revenues in excess of the amount necessary to pay debt service on the bonds or other indebtedness, up to an amount equal to 100 percent more than the amount of that debt service, which a joint powers authority, pursuant to the resolution or indenture under which the bonds or other indebtedness are or will be issued, pledges as additional security for the payment of that debt service or is required to have or maintain as a condition to the issuance of additional bonds or other indebtedness. Notwithstanding any other law, the department may also commit any funds available for allocation under Article 10 (commencing with Section 19620) to complete projects funded under this paragraph in the priority described in this paragraph.

(2) For repayment of expenses incurred by fairs in establishing and operating satellite wagering facilities.

(3) For health and safety repair projects at the fair.

(4) For support purposes of the fair generally.

(j) The remaining 58 percent of the revenues payable to the state from satellite wagering facilities at fairs and all revenues payable to the state from satellite wagering facilities located under the authority of this section at sites other than fairs shall be deposited in the General Fund.

(k) Notwithstanding subdivision (b) of Section 19641, the state shall receive as additional license fees 50 percent of any redistributable money in a parimutuel pool arising from wagers at a satellite wagering facility, subject to payment to a claimant pursuant to Section 19598, but not successfully claimed within that period, and the funds shall be deposited in the General Fund. The remaining 50

percent of redistributable money in a parimutuel pool arising from wagers at a satellite wagering facility shall be paid to a welfare fund established by the horsemen's organization contracting with the association conducting the racing meeting for the benefit of horsemen, and that organization shall make an accounting to the board within one calendar year of the receipt of the payment.

(*l*) Of the total breakage arising in a parimutuel pool which includes wagers at satellite wagering facilities, that percentage of breakage equal to the percentage that wagers placed at satellite wagering facilities constitute of the total parimutuel pool shall be distributed equally among the state as an additional license fee deposited in the General Fund, the track conducting the racing meeting as a commission, and the horsemen participating in the racing meeting in the form of purses. The remainder of the breakage shall be distributed in the same manner as breakage arising from wagers at the track conducting the racing meeting.

(m) Notwithstanding subdivision (f) of Section 19596.5 and subdivision (i) of this section, if the revenues deposited in the separate account pursuant to those subdivisions (f) and (i) are in excess of the eleven million dollars ($11,000,000) in any fiscal year, one-half of the amount in excess of eleven million dollars ($11,000,000) shall be transferred to the General Fund.

SEC. 5. Section 19596.7 of the Business and Professions Code is amended to read:

19596.7. (a) In addition to satellite wagering facilities authorized pursuant to Sections 19596.5 and 19596.6, the board, with the approval of the Department of Food and Agriculture, may authorize any county fair, district agricultural association fair, or citrus fruit fair in the County of Kern or Santa Barbara, eligible for an allocation of racing days pursuant to Section 19549, to operate a satellite wagering facility at its fairgrounds even though the fair is not licensed to conduct a racing meeting, and the fair may operate the facilities except for those functions to be performed by an organization described in subdivision (c) of Section 19596.4. Except as otherwise provided in this section, all the provisions of Section 19596.5 shall apply to satellite wagering facilities authorized pursuant to this section. A satellite wagering facility in the County of Kern or Santa Barbara may receive the audiovisual signal from the northern, central, or southern zone, or from more than one of these zones at the same time.

(b) This section shall become operative on January 1, 1988.

(c) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

(d) It is the intent of the Legislature that prior to extending the termination date in subdivision (c), the Legislature shall find that the multisignal authorized by this section is successful.

(e) It is the intent of the Legislature that the board provide, when feasible, for periods of at least 10 minutes between post times at the

satellite wagering facilities operating under this section.

SEC. 6. Section 19596.15 of the Business and Professions Code is amended to read:

19596.15. (a) All revenues payable to the state and deposited in a separate account in the fund pursuant to subdivision (f) of Section 19596.5 and subdivision (i) of Section 19596.6 that are allocated by the Director of Food and Agriculture for the purposes of paragraph (1) of subdivision (f) of Section 19596.5 and paragraph (1) of subdivision (i) of Section 19596.6 are hereby pledged for repayment of the principal of, and interest on, bonds issued by a joint powers agency, or of other debt service or expense incurred for the purposes described in paragraph (1) of subdivision (f) of Section 19596.5 and paragraph (1) of subdivision (i) of Section 19596.6.

(b) Any joint powers agency or agencies requesting moneys in connection with the issuance of bonds for the purposes described in paragraph (1) of subdivision (f) of Section 19596.5 and paragraph (1) of subdivision (i) of Section 19596.6 shall file an application with the Director of Food and Agriculture in the form as the director may require. The director shall, upon review of the applications, prepare a statement of allocation of moneys to the joint powers agency or agencies, in the priority the director deems appropriate. The director shall promulgate regulations governing the allocation procedures to be followed in implementing these provisions.

(c) It is the intent of the Legislature in enacting the provisions contained in this section to provide the revenues necessary for the financing by joint powers agencies of the described facilities and projects, which shall be deemed to be public capital improvements within the meaning of Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code. Deposits into the account in the fund in accordance with Sections 19596.5 and 19596.6 and this section shall continue through and including either the 20th year after the initial calendar year in which the revenues are collected, or whatever period of time is necessary to repay any borrowings of joint powers funding mechanism, including, but not limited to, retirement of bonded indebtedness, loan repayments, and monthly payments involving lease-purchase programs made by a joint powers agency to finance described facilities and projects, whichever time is longer.

(d) The State of California does hereby pledge to and agree with the holders of any bonds or other indebtedness issued, and with those joint powers agencies which may enter into project agreements with fairs or other third parties or authorize bonds or other indebtedness to be issued, in reliance on the allocations set forth in subdivision (f) of Section 19596.5 and subdivision (i) of Section 19596.6, that the state will not alter or change the structure of funding and deposits set forth in, or the pledge of funds for debt service, security, including any coverage factors, and expenses pursuant to, those sections until the bonds and other indebtedness are fully paid or discharged and the project is fully performed or discharged. However, nothing

precludes any alteration or change if and when adequate provision has been made by law for the protection from impairment of the contracts represented by the bonds, other indebtedness and projects, and the right to so alter or change is hereby reserved. Joint powers agencies are authorized to include this pledge and undertaking of the state in the bonds, agreements evidencing other indebtedness, and project agreements.

SEC. 7. Section 19620 of the Business and Professions Code is amended to read:

19620. (a) From the total revenue received by the board, exclusive of money received pursuant to Sections 19640 and 19641, the sum of two hundred sixty-five thousand dollars ($265,000) plus an amount equal to $^{63}/_{100}$ of 1 percent of the gross amount of money handled in the annual parimutuel pool shall be paid into the State Treasury to the credit of the Fair and Exposition Fund. If the revenues paid into the Fair and Exposition Fund under this section are in excess of thirteen million dollars ($13,000,000) in any fiscal year, one-half of the amount in excess of the thirteen million dollars ($13,000,000) shall be transferred to the General Fund.

(b) From the total revenue received by the board, exclusive of money received pursuant to Sections 19640 and 19641, and in addition to the funds paid into the State Treasury to the credit of the Fair and Exposition Fund as specified in subdivision (a), the Legislature shall annually appropriate and the board shall deposit to the credit of the Fair and Exposition Fund such sums as it deems necessary for the following purposes:

(1) For the support of the board, including any costs and expenses incurred by the Attorney General in the enforcement of this chapter as shall be authorized by the board, including, compensation including any fringe benefits, paid to stewards, to the official veterinarian, and for the costs of laboratory testing related to horseracing pursuant to Section 19442.

(2) To the Department of Food and Agriculture for the supervision of all fairs, including citrus fruit fairs and district agricultural associations receiving money from the fund.

(3) To the Department of Food and Agriculture for the contributions, or the cost of benefits in lieu of contributions, payable to the Unemployment Fund by all entities conducting fairs, including county, district, combined county and district, and citrus fruit fairs receiving funds pursuant to this article, as a result of unemployment insurance coverage pursuant to Section 605 of the Unemployment Insurance Code.

(4) To the Department of Finance for the auditing of all fairs, including citrus fruit fairs and district agricultural associations receiving money from the fund.

SEC. 8. Section 2 of this bill incorporates amendments to Section 19596.5 of the Business and Professions Code proposed by both this bill and AB 382. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1990, (2) each

bill amends Section 19596.5 of the Business and Professions Code, and (3) this bill is enacted after AB 382, in which case Section 19596.5 of the Business and Professions Code, as amended by AB 382, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

SEC. 9. Section 4 of this bill incorporates amendments to Section 19596.6 of the Business and Professions Code proposed by both this bill and AB 382. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1990, (2) each bill amends Section 19596.6 of the Business and Professions Code, and (3) this bill is enacted after AB 382, in which case Section 19596.6 of the Business and Professions Code, as amended by AB 382, shall remain operative only until the operative date of this bill, at which time Section 4 of this bill shall become operative, and Section 3 of this bill shall not become operative.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act may take effect and apply during the 1988–89 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 75

An act to amend Sections 5565.32, 5800.5, 5801, 5802, 5803, 5804, 5805, 5806, 5809, 5816, 5825, and 5832 of the Welfare and Institutions Code, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1989 Filed with Secretary of State June 30, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 5565.32 of the Welfare and Institutions Code is amended to read:

5565.32. (a) No later than July 1 of each year, each county that wishes to participate in the program under this chapter shall have a program proposal for the development of a coordinated system of services to address the needs of children with serious emotional disturbance.

(b) Each county program proposal shall include protocols developed in the county for case assessment designed to do all of the following:

(1) Determine the least restrictive appropriate mental health treatment setting for each child.

(2) Plan and facilitate the provision of needed services for the

child and family when necessary and monitor those services.

(3) Provide methods for client and family advocacy to occur within the system.

(c) Each county that wishes to participate in the program under this chapter shall initiate discussions with other public agencies serving children with serious emotional disturbance, including, but not limited to, special education, foster care, and child protective and juvenile justice services to identify common needs and joint planning opportunities.

SEC. 1.5. Section 5800.5 of the Welfare and Institutions Code is amended to read:

5800.5. (a) The Legislature finds that there is no comprehensive county interagency system for the delivery of mental health services to seriously mentally disordered adults and older adults, hereafter referred to as seniors. Specifically:

(1) The adult and senior population which should receive the highest priority for services has not been defined.

(2) The minimum range of treatment, case management, and community support services required by the seriously mentally disordered has not been identified or established.

(3) Service delivery standards which ensure uniform, appropriate care directed specifically to the needs of seriously mentally disordered adults and seniors and their families, including ethnic minorities and persons with multiple disabilities, have not been specified and required.

(4) Although seriously mentally disordered adults and seniors usually have multiple disabilities, the many different state and county public agencies with responsibilities for these individuals do not always collaborate to jointly develop integrated and cost-effective programs.

(5) The current mental health system lacks accountability. There are neither methods nor criteria for evaluating the value received for the mental health dollar the Legislature invests. The success of treatment for specific clients over the course of their illness and the cost effectiveness of mental health systems are not regularly monitored and reported.

(b) The Legislature further finds that Ventura County has implemented a model system of care for children and youth pursuant to the Children's Mental Health Services Act (Chapter 6.8 (commencing with Section 5565.10) of Part 1) hereafter referred to as the Ventura Model, which can be expanded to serve seriously mentally disordered adults and seniors.

(c) Therefore, using the Ventura Model guidelines, it is the intent of the Legislature to accomplish the following:

(1) Establish at least one county demonstration project to develop a comprehensive county interagency system for the delivery of mental health services to seriously mentally disordered adults and seniors that can be replicated in other counties.

(2) Establish a mission statement for county interagency systems

of care for seriously mentally disordered adults and seniors in the proposed demonstration projects, including a philosophy of service delivery, to guide the development of mental health programs and services.

(3) Define and establish target populations of seriously mentally disordered adults and seniors for the proposed demonstration projects pursuant to subdivisions (a) to (e), inclusive, of Section 5831.

(4) Require that 100 percent of new funds appropriated for demonstration project counties shall be dedicated to the target population as defined in subdivisions (a) to (e), inclusive, of Section 5831. Nothing in this chapter shall be construed to reduce funds available for mental health services to children and youth.

(5) Determine the client and cost outcome and interagency collaboration benefits that can be expected if the Ventura Model system of care were implemented statewide.

(6) Begin phasing in the county interagency system of care statewide during or by the end of the demonstration project, contingent on the finding of substantial benefit to seriously mentally disordered adults and seniors, effective cost control and accountability for the use of funds.

SEC. 2. Section 5801 of the Welfare and Institutions Code is amended to read:

5801. (a) The State Department of Mental Health shall contract with one or more counties for at least one, but not more than three, county demonstration projects to develop and implement the model adult and senior county interagency mental health service system beginning in July 1, 1989, and ending June 30, 1993.

(b) The State Department of Mental Health shall adopt as part of its overall mission for the proposed demonstration projects, the development of community-based, county interagency systems of mental health care for seriously mentally disordered adults and seniors that result in the highest benefit to the client, family, and community while ensuring that the public sector meets its legal responsibility and fiscal liability at the lowest possible cost. The underlying philosophy for these systems of care includes the following:

(1) Mental health care is a basic human service, no less so than food and shelter programs, adult protective services, medical care, education, or vocational training.

(2) Seriously mentally disordered adults and seniors are citizens of a community with all the rights, privileges, opportunities, and responsibilities accorded other citizens.

(3) Seriously mentally disordered adults and seniors usually have multiple disorders and disabling conditions and should have the highest priority for mental health services.

(4) Seriously mentally disordered adults and seniors should have an interagency network of services with multiple points of access and be assigned a single person or team to be responsible for all treatment, case management, and community support services.

(5) The client should be fully informed and volunteer for all treatment provided, unless danger to self or others or grave disability requires temporary involuntary treatment.

(6) Clients and families should directly participate in making decisions about services and resource allocations that affect their lives.

(7) People in local communities are the most knowledgeable regarding their particular environments, issues, service gaps and strengths, and opportunities.

(8) State and county government agencies each have responsibilities and fiscal liabilities for seriously mentally disordered adults and seniors.

(9) Mental health services should be responsive to the unique needs, among the seriously mentally disordered, of minority and ethnic groups, elderly persons, and people with multiple disorders.

(10) For the majority of seriously mentally disordered adults and seniors, treatment is best provided in the client's natural setting in the community. Treatment, case management, and community support services should be designed to prevent inappropriate removal from the natural environment to more restrictive and costly placements.

(11) Mental health systems of care must have measurable goals and be fully accountable by providing measures of client outcomes and cost of services.

SEC. 3. Section 5802 of the Welfare and Institutions Code is amended to read:

5802. (a) The State Department of Mental Health shall issue a request for proposals to develop the demonstration projects no later than February 1, 1989. Contracts for county demonstration projects shall be awarded no later than June 1, 1989. Nothing in this part shall be construed to restrict a demonstration county from contracting for part or all services included in the demonstration project proposal. The request for proposals shall include the following specifications:

(1) Proposals may be submitted as a regional system of care by smaller counties acting jointly, independent countywide proposals, and proposals to serve discrete geographic areas within counties. The department shall establish reporting requirements for direct and indirect administrative overhead. Guidelines for reporting administrative charges shall be included in the request for proposals. Weight shall be given to counties with lower administrative overhead costs but in no case shall administrative costs exceed those of existing county mental health programs and services.

(2) The demonstration projects shall identify all members of the target population as defined in subdivisions (a) to (e), inclusive, of Section 5831, in their respective region, county, or service area. The proposal shall identify the number of target population clients to be served through the demonstration project. Weight shall also be given to applicant counties to the extent that resources from county agencies other than the mental health department are used to

develop interagency services for the target population during the demonstration period.

(3) Proposals shall identify county staff and resources necessary to meet requirements established by the State Department of Mental Health to measure client and cost outcome and interagency collaboration for the system of care.

(b) Proposals must be approved by the board of supervisors and the local mental health advisory board.

(c) Upon selection of the demonstration counties, the State Department of Mental Health shall enter into annual performance contracts with the selected counties. Pursuant to Section 5707.1, the contracts required pursuant to this chapter, and pursuant to Chapters 2 (commencing with Section 5808) and 5 (commencing with Section 5833), shall be exempt from the requirements of the Public Contract Code and the State Administrative Manual and shall be exempt from approval by the Department of General Services.

SEC. 4. Section 5803 of the Welfare and Institutions Code is amended to read:

5803 The State Department of Mental Health shall require demonstration counties to use available resources for the target population to develop the following services, including, but not limited to:

(a) Mental health treatment services, including, but not limited to:

(1) Comprehensive assessment of mental and physical conditions which identify strengths and assets, impairments in functioning and psychosocial stressors.

(2) Medication management including strategies to maximize the client's cooperation with the medication plan.

(3) 24-hour crisis response services including, but not limited to, hotline, walk-in and mobile crisis response capability, crisis residential and acute inpatient beds, day stabilization, and brief intensive psychotherapy.

(4) In-home treatment services and services provided in other agency environments. This includes, but is not limited to, jails and homeless shelter programs.

(5) Treatment services for persons with a dual diagnosis where the serious mental disorder is the primary treatment focus including, but not limited to, services for persons with a secondary diagnosis of drug and alcohol abuse, and jail diversion programs for offenders.

(6) Outreach services when necessary to ensure that services are provided to members of the target population who may be difficult to treat including ethnic minorities, seniors, and persons with multiple disabilities.

(b) Case management services including:

(1) An identified, single point of contact with responsibility for all services, including mobile outreach, that is available 24 hours each day.

(2) Transportation to essential services.

(3) Consultation to individuals and agencies in frequent contact with the client with the intent of maintaining clients in appropriate residential and working arrangements, including family, employers, landlords, police, hospitals, and significant others.

(4) Ascertainment of eligibility and provision of access to income support and entitlements, housing, food, medical, and dental care, vocational services, educational services, community recreational services, legal assistance, and veterans benefits.

(5) Money management as substitute or protective payee.

(c) Community support services including:

(1) Socialization services or drop-in centers.

(2) Family consultation and support services including respite care, education on the nature of the disorder, medications, handling daily problems and crises, identification and reduction of stress, and linkage to regional resource centers, other family support services and advocacy organizations.

(3) Peer support or self-help groups.

(4) Consultations to agencies and individuals in frequent contact with groups of clients with the intent of developing and maintaining a system of care including, but not limited to, housing resources, employers, community and public agencies, and local businesses.

(5) A full range of residential options from supported independent living through restrictive, supervised settings. In-home support must be available. Demonstration counties shall plan the most effective residential system given the local resources and problems.

(d) Rehabilitative services including:

(1) Social rehabilitative programs that provide assessment of impairments and strengths, and training to develop skills of daily living, money management, personal hygiene, use of public transportation, social skills, and others.

(2) Vocational rehabilitative services that provide functional assessment of the person's skills, collaborative arrangements with educational and vocational rehabilitation agencies to perform vocational assessments, job readiness skill development, sheltered employment, supported work and on-the-job training opportunities, and evaluation of achievement of goals and skills.

(e) Protection and advocacy services including patient rights services, grievance procedures, and coordination with other existing advocacy services for seniors such as the ombudsman program for seniors.

SEC. 5. Section 5804 of the Welfare and Institutions Code is amended to read:

5804. The State Department of Mental Health shall establish service standards that assure members of the target population are identified and can choose, get, and keep environments where they can live, learn, and work. These standards include, but are not limited to:

(a) A systemwide county, region, or area service planning process

that is target population based and includes the following:

(1) Estimates of the numbers of clients to be served and the programs and services that will be provided to meet their needs. The local director of mental health shall consult with the Mental Health Advisory Board, contractors, the local chapter of the Alliance for the Mentally Ill, client constituency groups, ethnic minority constituency, and others as determined by the director to help identify all of the persons in the target populations and determine their needs.

(2) Plans for services including outreach for identification, to meet the cultural, linguistic, and special needs of minorities in the target populations. Provision shall also be made for staff with the cultural background and linguistic skills necessary to remove barriers to mental health services due to a limited-English speaking ability and cultural differences.

(3) Provision for services to meet the needs of target population clients who are physically disabled.

(4) Provision for services to meet the special needs of seniors, including problems arising from the increased interaction of physical and mental disorders, the need for accurate assessment of the role of brain impairment in psychiatric disorders being treated, and other specialized services.

(5) Provision for methods and procedures to identify underserved members of the target population.

(6) Provision, pursuant to paragraphs (2) and (3) of subdivision (c) of Section 5803, for family support and consultation services within three days of a client's admission to psychiatric inpatient treatment for the first psychotic "break," and requirements for assignment of a case manager and referral to a peer support or self-help group prior to discharge.

(b) The average caseload for each case management staff person shall not exceed 25 members.

(c) Each client shall have either a clearly designated mental health case manager or a multidisciplinary treatment team who is responsible for providing or assuring needed services through the course of the illness. Responsibilities include complete assessment of the client's case management needs, development of the client's Personal Services Plan (PSP) and following the client through the system of care, including when in the care or custody of another agency such as the jail or when hospitalized. If the person is admitted to crisis or acute inpatient care the responsible mental health staff shall be notified and included in planning for the member's treatment, discharge, and community reentry.

(d) The responsible case manager or the treatment team shall ensure that each client has a single, systemwide personal services plan that provides for the services in subdivisions (a) to (e), inclusive, of Section 5803 specifying methods to be used. Each client shall participate in the development of his or her personal services plan, and responsible staff shall consult with the conservator and,

with the consent of the client, consult with the family and other significant persons in the development of the personal services plan. The personal services plan shall be directed at the goals of assuring that clients:

(1) Have a reduction, to the extent possible, of the disabling symptoms of mental illness.

(2) Live in the most normal housing feasible in the local community.

(3) Have an adequate income and an appropriate level of work or vocational training.

(4) Are in good health.

(5) Have a support system, with friendships and participation in community activities.

(6) Have freedom from dangerous, addictive substances.

(7) Maintain socially responsible behavior.

(8) Obtain an appropriate level of education and learning.

(9) Receive culturally appropriate services.

(10) For members who reside with their family, the PSP should provide for respite care which is designed to give the family needed relief from difficult behavior and decrease the duration of the hospital stay.

SEC. 6. Section 5805 of the Welfare and Institutions Code is amended to read:

5805 The State Department of Mental Health shall require demonstration counties to develop systems of interagency collaboration which identify joint responsibilities for services specified in Section 5803 and achievement of the client and cost outcome goals and interagency collaboration goals pursuant to Section 5834. Each demonstration county shall accomplish the following:

(a) The local mental health director shall form or facilitate the formation of a county interagency policy and planning committee. Members may include directors or key policymaking staff from the local mental health department, the local mental health advisory board, and other agencies such as social services, the sheriff's department, superior court, county alcohol and drug programs, probation services, local, state, and county housing authorities, and other state and county agencies whose service policies will significantly affect members. The duties of the committee shall include, but not be limited to:

(1) Identification of those agencies that have a significant joint responsiblity for the target population and ensuring collaboration on countywide planning and policy.

(2) Identification of gaps in services to members of the target population, development of policies to assure service effectiveness and continuity, and setting priorities for interagency services.

(3) Implementation of public and private collaborative programs whenever possible to better serve the target population.

(4) Provision of a countywide interagency case management

council to coordinate resources to target population members who are using the services of more than one agency concurrently.

(b) The local mental health director shall develop written interagency agreements or memoranda of understanding with agencies identified in paragraph (a). Written interagency agreements or memoranda shall specify jointly provided or integrated services, staff tasks and responsibilities, facility and supply commitments, budget considerations, and linkage and referral services. The agreements shall be reviewed and updated annually. Agreements may be established with the following:

(1) Housing resource agencies, including federal Housing and Urban Development Agency, city and county planning departments with access to housing and community development funds, and local chapters of residential care provider organizations.

(2) Health and entitlement agencies including public sector agencies administering health funds for medically indigent adults and Medi-Cal eligibility services, public health departments, county drug and alcohol departments, public guardian or conservator, county welfare departments, elder abuse agencies, senior nutrition, health and home health care programs, and aging network representatives, including the area agency on aging.

(3) Educational institutions and agencies such as special education, adult education programs, community colleges, colleges and universities, city and county recreation and parks departments, and senior multipurpose service centers.

(4) Rehabilitation programs and agencies such as the Department of Rehabilitation, Private Industry Council, Job Training Partnership Act programs, and regional resource centers for the brain-impaired.

(5) Criminal justice agencies such as county jails, local police and sheriff departments, courts, and probation.

(6) Ethnic specific agencies.

(c) Joint resources and services not specified in the interagency agreements but needed by the target population shall be purchased from other public, private nonprofit, or private agencies.

SEC. 7. Section 5806 of the Welfare and Institutions Code is amended to read:

5806. The Secretary of Health and Welfare shall establish a State Human Services Interagency Task Force to coordinate statewide policy and planning of county interagency services for the members of the target population.

(a) The task force shall include representatives of the state departments which have responsibility for meeting the needs of the target population. The task force shall also include representatives from the Assembly Health Committee, the Assembly Ways and Means Committee, the Senate Health and Human Services Committee, the Senate Appropriations Committee, and other appropriate persons, as determined by the secretary.

(b) The duties of the task force include, but are not limited to, the following:

(1) Ensuring the collaboration of state level human services agencies to meet the needs of the target population.

(2) Developing interagency agreements as necessary to facilitate collaboration among state and local agencies, including the sharing of data and information on the target population.

(3) Ensuring ongoing communication between the executive and legislative branches of government relative to meeting the needs of the target population.

SEC. 8. Section 5809 of the Welfare and Institutions Code is amended to read:

5809. (a) The purposes of this part are:

(1) To establish a pilot model to test and evaluate an integrated service system for a limited number of persons with serious mental disorders.

(2) To provide the State Department of Mental Health with an evaluation of proposed standards for the organization and financing of community services for the seriously mentally disordered and for redirecting expenditures pursuant to the Short-Doyle Act (Part 2 (commencing with Section 5600)) if necessary to improve standards of service provided by counties, as authorized in Sections 5600.5 and 5600.6.

(3) To provide counties with information about alternative ways of organizing and allocating resources for services for the seriously mentally disordered.

(4) To provide the federal government with an opportunity to test a new method of consolidating the funding of federal, categorical human service programs.

(b) The pilot integrated service system established by this part is based upon features found in exemplary human service delivery systems in California and other states.

It is the intent of the Legislature that by this part California may evaluate proposed new methods of organizing and financing services for the seriously mentally disordered which may, over the next decade, result in cost-effective system of comprehensive services, responsive to the needs of the seriously mentally disordered and their families, in every part of the state.

It is the intent of the Legislature that a pilot agency maintain a continuity of services and financial responsibility for their members.

SEC. 9. Section 5816 of the Welfare and Institutions Code is amended to read:

5816. In addition to any other requirements which may be included in the department's request for proposals, proposals to operate a pilot agency shall include the following:

(a) A description of the staff team that will conduct the comprehensive services defined in Section 5815, the amount of time each staff person will devote to working for the pilot agency and the staffing arrangements that will assure compliance with the programmatic requirements of this part.

Persons employed or under contract to provide services pursuant

to this part shall be subject to all applicable requirements of law respecting professional licensure, and no person shall be employed to provide services for which a license is required unless the person possesses a currently valid license.

Each staff team shall include, at a minimum, a psychiatrist, a psychologist, a social worker, and a registered nurse with the formal training and the practical experience to work effectively with clients with serious mental disorders.

The staff team may include unlicensed personnel to provide services for which licenses are not required.

To the fullest extent feasible members should be involved in self-help organized by members, peer support, and other activities in support of the purposes of the pilot agencies on a paid or an unpaid basis. Pilot agencies are encouraged to make the fullest possible use of all community resources, including, but not limited to, the use of volunteers to raise funds; provide technical assistance to member-operated businesses; or assist with the day-to-day operations of the agency.

Nothing in this part shall preclude members from retaining their own therapists consistent with Section 5815. The agency shall have the option of paying or not paying for the cost of any services secured independently by the client or the client's family, and shall make every effort to collaborate with the providers of these services to prevent duplicative or conflicting efforts.

(b) A plan for serving minority members. The plan should include estimates of the numbers of minority members to be served and the ways by which the agency intends to respond to the language and cultural needs of minority members. It is the intent of the Legislature that the membership of each agency approximate the racial and ethnic mix of the general population of the community in which members of the agency reside.

(c) A plan for the provision of services described in Section 5815. The plan shall include methods to be used, including identification of services to be provided directly by the pilot agencies and those to be secured by contract or other means.

(d) If the applicant owns or operates a hospital or residential facility and intends to utilize the facility for purposes of the pilot agencies, the plan should identify the anticipated cost of this use and justify the cost effectiveness. The plan should also specify the conditions under which other hospital or residential facilities not owned or operated by the applicant will be used, and the anticipated amount of use.

(e) A plan describing the residential resources the applicant intends to use, ranging from crisis residential facilities to independent living arrangements. The plan for residential services should describe methods to be used to assure that members are assisted and supported to live as independently as possible, outside specialized institutions or facilities for the mentally disordered. For members who may require care in specialized institutions or

residential facilities, the plan shall describe methods to be used to assure that these facilities shall be staffed with sufficient expertise to assist members in achieving the objectives in their personal service plans, and that the daily activities of the members shall be constructive, purposeful, productive, and consistent with their intellectual, cultural, and personal interest.

(f) The plan for residential services should also include provisions for offering consultation, technical assistance, and other support as needed, to the operators of residential services for members or their family caregivers.

(g) A plan for the provision of services for members who may require services on an involuntary basis under the provisions of the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000).

The plan shall include agreements with hospitals from which pilot agencies purchase hospital services. Payment for hospital services shall be an obligation of the pilot agency if a member is hospitalized involuntarily, regardless of the existence of a payment agreement.

All of the following persons shall participate in determining the treatment and discharge of members placed voluntarily or involuntarily in local or state hospitals:

(1) The director of the pilot agency or his or her designee.

(2) The member or the member's conservator or guardian, if any.

(3) The attending staff responsible for treatment of the member within the local or state hospital.

(h) A plan for services to members admitted to the pilot service agency following a first psychotic "break." The plan shall include the provision of family information and counseling services pursuant to paragraph (11) of subdivision (c) of Section 5815, within three days of a member's admission. If admission procedures are initiated while the person is in a psychiatric inpatient facility, the plan shall include assignment of a staff team as defined in subdivision (a) of Section 5816 and referral to a peer support or self-help group prior to discharge from the psychiatric inpatient facility.

(i) A plan for the provision of vocational skills training and employment services. The plan shall include reference to the employment, educational, and skills training services to be provided directly by the pilot agencies and those to be secured by purchase of service or other means. A pilot agency shall utilize community college programs for the seriously mentally disordered where available and shall offer consultation to community colleges in the development of these programs.

SEC. 10. Section 5825 of the Welfare and Institutions Code is amended to read:

5825. Unless requested by the department and approved by the Legislature, the total annual amount requested in each fiscal year for the budgets of the contracted pilot agencies, serving no more than 400 clients, shall not exceed either one-fourth the average annual estimated cost of serving 400 patients in state hospitals in the same

year, or the average annual estimated cost of serving 400 clients in the conditional release program in the same year, whichever is less. The base budget for the integrated service system shall not include, and is in addition to, any income received by clients from SSI/SSP, SSDI, or other public income maintenance cash grants.

Pilot agencies shall be funded through annual performance contracts with the department. The department shall negotiate performance contracts to:

(a) Provide for the prepayment of a fixed capitated amount for all members to be served per annum without regard to the type or amount of services to be provided to any individual member. The department may contract for different prepaid amounts with each of the pilot agencies. Funding amounts may be adjusted in future years consistent with Section 5828.

(b) Provide pilot agencies with periodic advance payments for a specified number of members. After the first advance payment, succeeding advance payments are to be paid when performance pursuant to stipulation of the contract has been affirmed by the department. No advance payment shall exceed 25 percent of the total annual contracted amount. Pilot agencies shall be evaluated at least once annually, and shall be monitored regularly by the department.

(c) Provide the department with all the information needed to evaluate the financial and program performance of the pilot agencies.

SEC. 11. Section 5832 of the Welfare and Institutions Code is amended to read:

5832. (a) An advisory committee is hereby established to advise and consult with the Director of Mental Health on all aspects of the demonstration county and pilot service agency projects.

(b) The committee shall include representatives from the Conference of Local Mental Health Directors, the California Council on Mental Health, the Organization of Mental Health Advisory Boards, the California Alliance for the Mentally Ill, the California Network of Mental Health Clients, the Public Guardian's Association, the California Council of Community Mental Health Contractors, the Task Force for the Seriously Mentally Ill and representatives from organizations or groups representing older adults and ethnic minorities, and other appropriate constituency and consumer groups as determined by the Director of Mental Health. The panel of advisers shall also include a psychiatrist and a social worker, with distinguished experience in the provision of services to persons with serious mental disorders, who shall be appointed by the Senate Rules Committee; a nurse and a psychologist, with distinguished experience in the provision of services to persons with serious mental disorders, who shall be appointed by the Speaker of the Assembly; and two persons who have experienced mental disorders, as defined in subdivisions (a) to (e), inclusive, of Section 5831, and two family members, as defined in subdivision (c) of Section 5813, who shall be

appointed by the Governor. No person shall be appointed to the panel of advisers who would have a financial conflict of interest as a result of the appointment.

(c) The functions of the advisory committee may include, but are not limited to, assistance in the development of the request for proposals, consultation to the demonstration counties and pilot agencies, reviews of the annual progress reports, and participation in determining if demonstration counties and pilot agencies have provided substantial progress toward the goals listed in Section 5834, and other duties as determined by the Director of Mental Health.

(d) The director or his or her designee shall chair meetings of the advisory committee, which shall be called at his or her discretion at least four times annually. Panel members shall be reimbursed for necessary travel and per diem costs at customary state rates.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that contracts for these services and programs will be in place by the beginning of the 1989–90 fiscal year, thereby facilitating the provision of needed mental health services in order to prevent harm to seriously mentally disordered persons, including, but not limited to, unnecessary institutionalization, it is necessary that this act take effect immediately.

CHAPTER 76

An act to amend Section 8283 of the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1989 Filed with Secretary of State June 30, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 8283 of the Public Utilities Code is amended to read:

8283. (a) The commission shall require each electric, gas, and telephone corporation with gross annual revenues exceeding twenty-five million dollars ($25,000,000) and their commission-regulated subsidiaries and affiliates, to submit annually, a detailed and verifiable plan for increasing women and minority business enterprise procurement in all categories.

(b) These annual plans shall include short- and long-term goals and timetables, but not quotas, and shall include methods for encouraging both prime contractors and grantees to engage women and minority business enterprises in subcontracts in all categories

which provide subcontracting opportunities.

(c) The commission shall establish guidelines for all electric, gas, and telephone corporations with gross annual revenues exceeding twenty-five million dollars ($25,000,000) and their commission-regulated subsidiaries and affiliates, to be utilized in establishing programs pursuant to this article.

(d) Every electric, gas, and telephone corporation with gross annual revenues exceeding twenty-five million dollars ($25,000,000) shall furnish an annual report to the commission regarding the implementation of programs established pursuant to this article in such form as the commission shall require, and at the time that the commission shall annually designate.

(e) The commission shall provide an annual report to the Legislature on September 1 of each year, on the progress of activities undertaken by each electric, gas, and telephone corporation with gross annual revenues exceeding twenty-five million dollars ($25,000,000) pursuant to this article in the implementation of women and minority business enterprise development programs. The commission shall recommend a program for carrying out the policy declared in this article, together with recommendations for legislation that it deems necessary or desirable to further that policy.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Changing the date that the Public Utilities Commission submits its annual report to the Legislature on the progress of activities to implement women and minority enterprise development programs will permit the inclusion of the data of the most current year, thereby resulting in a more timely, meaningful report. In order to effect this beneficial change at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 77

An act to amend, repeal, and add Sections 11310, 11320.21, 11320.3, 11320.5, 11320.6, and 11320.7 of the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1989 Filed with Secretary of State June 30, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 11310 of the Welfare and Institutions Code is amended to read:

11310. (a) Except as provided in subdivision (b), every

individual, as a condition for eligibility for aid under this chapter, shall register for manpower services, training, and employment.

(b) The following individuals are not required to register:

(1) An individual under 16 years.

(2) A child attending an elementary, secondary, vocational, or technical school on a full-time basis. For purposes of this subdivision, school does not include postsecondary education.

(3) An individual who is ill, incapacitated, or of advanced age.

(4) An individual so remote from a program component that his or her effective participation is precluded.

(5) An individual whose presence in the home is required because of illness or incapacity of another member of the household.

(6) A parent or other relative who meets the criteria described in subparagraph (A) or (B).

(A) Has primary responsibility for personally providing care to a child under the age of three years.

(B) Has primary responsibility for personally providing care to a child aged three to five years, inclusive, unless it is guaranteed that: (1) child care will be provided and (2) participation will not be required for more than 20 hours per week.

(C) In a family eligible for Aid to Families with Dependent Children payments due to the unemployment of the principal wage earner, the exemption criteria contained in subparagraph (A) or (B) shall be applied to only one parent.

(7) A woman who is pregnant and it has been medically verified that the anticipated delivery date is the month of required participation or is within the six-month period immediately following the month of required participation.

(8) An individual who is working not less than 30 hours per week in unsubsidized employment which is expected to last a minimum of 30 days This exemption continues to apply if there is a temporary break in full-time employment which is expected to last no longer than 10 working days.

(c) Any individual not required to register may choose to register voluntarily for manpower services, training, and employment, and may withdraw that registration at any time without loss of eligibility for aid under this chapter, if his or her status has not changed in a way which would require registration.

(d) Notwithstanding subdivision (a), a parent who is 18 or 19 years old and who has not earned a high school diploma or its equivalent, and who is not exempt or whose only basis for exemption is subparagraph (A) of paragraph (6) of subdivision (b), shall be required to register solely for the purpose of earning a high school diploma or its equivalent. Notwithstanding subparagraph (B) of paragraph (6) of subdivision (b), full-time participation shall be required of the parent.

Custodial mothers aged 18 and 19 years shall be exempted from participation for medical reasons after the birth of the child. The length of the exemption period shall be consistent with current

practices under Division 1 (commencing with Section 2601) of Part 2 of the Unemployment Insurance Code.

(e) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 2. Section 11310 is added to the Welfare and Institutions Code, to read:

11310. (a) Except for individuals provided for in Section 11251 and as provided in subdivision (b), every individual, as a condition for eligibility for aid under this chapter, shall register for manpower services, training, and employment.

(b) The following individuals are not required to register:

(1) An individual under 16 years.

(2) A child attending school full time. For purposes of this subdivision, school does not include postsecondary education.

(3) An individual who is ill, incapacitated, or of advanced age.

(4) An individual so remote from a work incentive project that his or her effective participation is precluded.

(5) An individual whose presence in the home is required because of illness or incapacity of another member of the household.

(6) A parent with primary responsibility for the care of a child under the age of six years or other relative who is caring for that child if the parent or adult relative is providing care with only brief or infrequent absences from the child.

(7) A parent or other relative who is caring for a child if the other parent or another adult relative meets all of the following requirements:

(A) The other parent or adult relative is in the home.

(B) He or she is not excluded by paragraph (1), (2), (3), (4), or (5) of this subdivision.

(C) He or she has not failed to register as required by this section or has not been found pursuant to Chapter 4 (commencing with Section 5300) of Division 2 of the Unemployment Insurance Code to have refused without good cause to participate under a work incentive program or to accept employment, to the extent not in conflict with federal law.

(8) An individual who is working not less than 30 hours per week in unsubsidized employment which is expected to last a minimum of 30 days. This exemption continues to apply if there is a temporary break in full-time employment which is expected to last no longer than 10 working days.

(c) Any individual not required to register may choose to register voluntarily for manpower services, training, and employment, and may withdraw that registration at any time without loss of eligibility for aid under this chapter, if his or her status has not changed in a way which would require registration.

(d) This section shall become operative on January 1, 1991.

SEC. 2.5. Section 11320.21 of the Welfare and Institutions Code is amended to read:

11320.21. (a) Counties shall continually monitor their program expenditures throughout the fiscal year. If a county determines that its anticipated expenditures will exceed the amount of that year's allocations as a result of an unexpected event, including caseload increases, court cases, or significant justifiable increases in component costs, the county shall immediately notify the department and submit a reduction plan, developed in accordance with subdivision (d), to the department.

(b) The department shall review and respond to a county's proposed reduction plan within 30 days of receipt of the plan. The department may provide additional funds for the existing appropriation to forestall the need for county program reductions. If the department does not respond within 30 days, the plan shall be deemed to be approved. If the department disapproves the reduction plan, the county shall continue to provide services as specified in the approved plan. The department shall submit within 30 days of the disapproval of a reduction plan, a report to the Joint Legislative Budget Committee setting forth the reason for the department's disapproval.

(c) A county's approved reduction plan shall remain in effect for no longer than the duration of the fiscal year in which the plan is approved. At the beginning of the following fiscal year, the county shall provide services pursuant to its approved program plan.

(d) (1) Each county for which reductions are necessitated by this section shall develop a reduction plan in accordance with this subdivision. Reductions shall be proposed only to the extent necessary to bring anticipated expenditures within the amounts allocated to the county for the fiscal year. If reductions are necessary, it is the intent of the Legislature to allow persons who are already participating in components of the program established pursuant to this article to continue their participation to the extent possible.

(2) During the initial phase-in period, counties may serve applicants and recipients. However, if a county determines that it must implement reductions during its phase-in period, it shall halt its program intake in the following order:

(A) Applicants for Aid to Families with Dependent Children-Unemployed Parent Program.

(B) Applicants for Aid to Families with Dependent Children-Family Group Program.

(C) Volunteer registrants, excluding teenage parents specified in subparagraph (F) of subparagraph (4). For purposes of this section, "volunteer registrants" means recipients who voluntarily register under this article although exempt from registration pursuant to Section 11310.

(D) Recipients in accordance with the priorities specified in subparagraphs (A) to (G), inclusive, of paragraph (4).

No phase-in plan shall be approved which is likely to result in the subsequent removal of a disproportionate number of active participants from the program if reductions are implemented

pursuant to paragraphs (3) and (4).

(3) A county that has fully implemented its program shall first exclude those individuals who are not actively participating in the program established pursuant to this chapter. The county shall exclude those individuals in the following order:

(A) Applicants for Aid to Families with Dependent Children-Unemployed Parent Program.

(B) Applicants for Aid to Families with Dependent Children-Families Group Program.

(C) Volunteer registrants, excluding teenage parents specified in subparagraph (F) of subparagraph (4).

(D) Recipients whose program status changes from exempt to mandatory.

(E) Recipients who lose their deferral status.

(4) If the reductions in paragraph (2) or (3) are insufficient to bring anticipated expenditures within the amounts allocated to the county, the county shall temporarily exclude from program participation those recipients who are participating in a program component under a basic or amended contract, in the following order:

(A) Temporary exclusion of all volunteers excluding teenage parents.

(B) Temporary exclusion of all Aid to Families with Dependent Children-Unemployed Parent recipients who have been on aid for less than one year.

(C) Temporary exclusion of all Aid to Families with Dependent Children-Unemployed Parent recipients who have been on aid continuously for less than two years.

(D) Temporary exclusion of all Aid to Families with Dependent Children-Family Group recipients who have been on aid for less than one year.

(E) Temporary exclusion of all Aid to Families with Dependent Children-Family Group recipients who have been on aid continuously for less than two years.

(F) Temporary exclusion of volunteer teenage parent registrants.

(G) Temporary exclusion of all remaining Aid to Families with Dependent Children recipients, based on the time on aid, with recipients who have been on aid the longest being the last to be excluded.

(5) Persons identified as excluded shall be excluded from participation throughout the fiscal year without regard to changes in exclusionary status. However, these persons may be served if funds become available within the fiscal year and in accordance with paragraph (6).

(6) With the exception of applicants and volunteer registrants, all excluded persons who express a desire to participate in the program established under this chapter shall be served, except when their participation would interrupt services to individuals already participating in this program. However, the procedures contained in

subdivisions (a) and (b) of Section 11320.6 shall apply when persons who would otherwise be mandatory registrants subsequently fail or refuse to participate without good cause. The procedures contained in subdivision (c) of Section 11320.6 shall apply to persons who would otherwise be voluntary registrants and who subsequently fail or refuse to participate without good cause.

(7) (A) Notwithstanding paragraph (6), the following excluded persons, who would otherwise qualify as mandatory registrants, and who express a desire to participate in the program shall be served, except when their participation would interrupt service to individuals already participating in the program:

(i) Recipients who have received Aid to Families with Dependent Children payments for 36 of the 60 preceding months.

(ii) Applicants who have received Aid to Families with Dependent Children payments for 36 of the 60 months preceding the most recent date of application.

(iii) Parents under the age of 24 years who: (1) have not earned a high school diploma or its equivalent and are not enrolled in high school or an equivalency program; or (2) have little or no work experience within the preceding year.

(iv) Members of families in which the youngest child is within two years of ineligibility for Aid to Families with Dependent Children payments due to age.

(B) The procedures contained in subdivision (a) or (b) of Section 11320.6 shall apply when persons who would otherwise be mandatory registrants and who participate pursuant to this paragraph subsequently fail or refuse to participate without good cause.

(e) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 3. Section 11320.21 is added to the Welfare and Institutions Code, to read:

11320.21. (a) Counties shall continually monitor their program expenditures throughout the fiscal year. If a county determines that its anticipated expenditures will exceed the amount of that year's allocations as a result of an unexpected event, including caseload increases, court cases, or significant justifiable increases in component costs, the county shall immediately notify the department and submit a reduction plan, developed in accordance with subdivision (d), to the department.

(b) The department shall review and respond to a county's proposed reduction plan within 30 days of receipt of the plan. The department may provide additional funds for the existing appropriation to forestall the need for county program reductions. If the department does not respond within 30 days, the plan shall be deemed to be approved. If the department disapproves the reduction plan, the county shall continue to provide services as specified in the approved plan. The department shall submit within 30 days of the disapproval of a reduction plan, a report to the Joint

Legislative Budget Committee setting forth the reason for the department's disapproval.

(c) A county's approved reduction plan shall remain in effect for no longer than the duration of the fiscal year in which the plan is approved. At the beginning of the following fiscal year, the county shall provide services pursuant to its approved program plan.

(d) (1) Each county for which reductions are necessitated by this section shall develop a reduction plan in accordance with this subdivision. Reductions shall be proposed only to the extent necessary to bring anticipated expenditures within the amounts allocated to the county for the fiscal year. If reductions are necessary, it is the intent of the Legislature to allow persons who are already participating in components of the program established pursuant to this article to continue their participation to the extent possible.

(2) During the initial phase-in period, counties may serve applicants and recipients. However, if a county determines that it must implement reductions during its phase-in period, it shall halt its program intake in the following order.

(A) Applicants for Aid to Families with Dependent Children-Unemployed Parent Program.

(B) Applicants for Aid to Families with Dependent Children-Family Group Program.

(C) Volunteer registrants, excluding teenage parents specified in subparagraph (F) of paragraph (4). For purposes of this section, "volunteer registrants" means recipients who voluntarily register under this article although exempt from registration pursuant to Section 11310.

(D) Recipients in accordance with the priorities specified in subparagraphs (A) to (G), inclusive, of paragraph (4).

No phase-in plan shall be approved which is likely to result in the subsequent removal of a disproportionate number of active participants from the program if reductions are implemented pursuant to paragraphs (3) and (4).

(3) A county that has fully implemented its program shall first exclude those individuals who are not actively participating in the program established pursuant to this chapter. The county shall exclude those individuals in the following order:

(A) Applicants for Aid to Families with Dependent Children-Unemployed Parent Program.

(B) Applicants for Aid to Families with Dependent Children-Families Group Program.

(C) Volunteer registrants, excluding teenage parents specified in subparagraph (F) of paragraph (4).

(D) Recipients whose program status changes from exempt to mandatory.

(E) Recipients who lose their deferral status.

(4) If the reductions in paragraph (2) or (3) are insufficient to bring anticipated expenditures within the amounts allocated to the county, the county shall temporarily exclude from program

participation those recipients who are participating in a program component under a basic or amended contract, in the following order:

(A) Temporary exclusion of all volunteers excluding teenage parents.

(B) Temporary exclusion of all Aid to Families with Dependent Children-Unemployed Parent recipients who have been on aid for less than one year.

(C) Temporary exclusion of all Aid to Families with Dependent Children-Unemployed Parent recipients who have been on aid continuously for less than two years.

(D) Temporary exclusion of all Aid to Families with Dependent Children-Family Group recipients who have been on aid for less than one year.

(E) Temporary exclusion of all Aid to Families with Dependent Children-Family Group recipients who have been on aid continuously for less than two years.

(F) Temporary exclusion of volunteer teenage parent registrants.

(G) Temporary exclusion of all remaining Aid to Families with Dependent Children recipients, based on the time on aid, with recipients who have been on aid the longest being the last to be excluded.

(5) Persons identified as excluded shall be excluded from participation throughout the fiscal year without regard to changes in exclusionary status. However, these persons may be served if funds become available within the fiscal year and in accordance with paragraph (6).

(6) With the exception of applicants and volunteer registrants, all excluded persons who express a desire to participate in the program established under this chapter shall be served, except when their participation would interrupt services to individuals already participating in this program. However, the procedures contained in subdivisions (a) and (b) of Section 11320.6 shall apply when persons who would otherwise be mandatory registrants subsequently fail or refuse to participate without good cause. The procedures contained in subdivision (c) of Section 11320.6 shall apply to persons who would otherwise be voluntary registrants and who subsequently fail or refuse to participate without good cause.

(e) This section shall become operative on January 1, 1991.

SEC. 3.5. Section 11320.3 of the Welfare and Institutions Code is amended to read:

11320.3. (a) Each plan submitted pursuant to Section 11320.2 shall contain a methodology for the provision of job services, training and education, and supportive services to program participants. This methodology shall specify how county welfare departments will cooperate with, and maximize the use of, education, child care, resource and referral agencies, job service, and other appropriate local service providers. To the extent existing programs are available to county residents, each plan submitted pursuant to Section 11320.2

shall specify the manner in which these programs shall be utilized to provide services specified in this section. The county may provide services directly to program participants or enter into interagency agreements or contracts with private or public agencies for the provision of these services.

(b) Each county shall specify in its plan its target groups and the choices that shall be made available to each target group, pursuant to Section 11320.4. The county shall make available all of its programs to each target group, but may give priorities for certain programs to groups for whom these programs are reasonably expected to be the most effective.

(c) As provided in the contract entered into pursuant to Section 11320.5, job services shall include, but not be limited to, all of the following:

(1) Job club, which shall consist of both of the following:

(A) Job search workshops. These job search workshops shall be group training sessions where participants learn various job finding skills, including training in basic job seeking skills, job development skills, job interviewing skills, understanding employer requirements and expectations, and how to enhance self-esteem, self-image, and confidence.

(B) Supervised job search, which shall include, but not be limited to, access to phone banks in a clean and well-lighted place, job orders, direct referrals to employers, or other organized methods of seeking work which are overseen, reviewed, and criticized by a trained employment professional. The amount and type of activity required during this supervised job search period shall be determined by the county and the participant, based on the participant's employment history and need for supportive services, and shall be consistent with regulations developed by the department.

(2) Unsupervised job search. The individual shall seek work in his or her own way, and make periodic progress reports no less frequently than every two weeks to the county welfare department or the agency contracting with that department.

(3) Job placement, which shall include, but not be limited to, referrals to jobs listed by employers with the State Job Service.

(4) Job development, which shall be active assistance in seeking employment provided to a participant by a trained employment professional on a one-to-one basis.

(5) Employment counseling, which shall be counseling aimed at helping a person reach an informed decision on an appropriate employment goal.

(6) Notwithstanding any other provision of this article, participation in job search activities shall be limited to eight weeks in any 12 consecutive month period, except that an additional eight weeks of job search activities shall be allowed if it is required in conjunction with other education, training, or employment activity. This paragraph is intended to implement the limitations contained in the Family Support Act of 1988 (P.L. 100-485), and shall not be

construed to permit job search activities that are not specifically provided for elsewhere in this article.

(d) As provided in the contract entered into pursuant to Section 11320.5, training and education services include, but are not limited to, all of the following:

(1) Job training, which shall include, but is not limited to, training in employer-specific job skills in a classroom or onsite setting, including training provided by local private industry council programs and community colleges.

(2) Preemployment preparation shall be work for a public or nonprofit agency that provides the participant with either of the following:

(A) Basic preemployment preparation, which shall provide work behavior skills and a reference for future unsubsidized employment.

(B) Advanced preemployment preparation, which shall provide on-the-job enhancement of existing participant skills in a position related to a participant's experience, training, or education acquired as a result of the services funded pursuant to a contract entered into pursuant to Section 11320.5.

A short-term preemployment preparation assignment shall be for not longer than three months, and may be provided as a preparation for other education and training services as a part of the contract amendments pursuant to subdivision (d) and (e) of Section 11320.5. A long-term preemployment preparation assignment shall not exceed one year.

(C) Except for persons subject to subparagraph (D), the number of hours a person participates in a preemployment preparation program shall be determined by dividing his or her aid grant under this chapter, less any child support paid to the county, by the average hourly wage for all job orders placed with the Employment Development Department. The average hourly wage shall be updated annually every July 1. No preemployment preparation assignment shall exceed 32 hours per week.

(D) If a person participates in a preemployment preparation assignment for nine months, the number of hours that person is required to participate shall be recomputed by the county welfare department. Beginning in the 10th month, the number of hours of preemployment preparation shall be determined by dividing a person's aid grant under this chapter, less any child support paid to the county, by the prevailing rate of pay for the same or similar job at the site to which the person is assigned. In no case shall the prevailing rate of pay fall below the average hourly wage for job orders placed with the Employment Development Department, as provided in subparagraph (C). No preemployment preparation assignment shall exceed 32 hours per week.

(3) Adult basic education, which shall be preemployment basic education, including reading, writing, and arithmetic necessary for employment or job training, including high school proficiency.

(4) College and community college education, when that

education provides sufficient employment skills training that can reasonably be expected to lead to employment.

(5) Vocational English-as-a-second-language which shall be intensive instruction in English for non-English speaking participants, coordinated with specific job training.

(6) Grant diversion.

(7) Supported work.

(8) Transitional employment.

For purposes of paragraph (6), "grant diversion" means public or private sector employment or on-the-job training at comparable wage rates, in which the recipient's cash grant, or a portion thereof, or the welfare grant savings from employment, is diverted to the employer as a wage subsidy.

For purposes of paragraphs (7) and (8), "supported work or transitional employment" means a form of grant diversion in which the recipient's cash grant, or a portion thereof, or the welfare grant savings from employment, is diverted to an intermediary service provider.

Grant diversion, supported work, and transitional employment projects shall be administered so that the recipient shall not receive less disposable income than if he or she had not participated in the project. "Disposable income" means the income available to the recipient by adding the aid payment acquired pursuant to this chapter and earnings from the grant diversion project and subtracting the allowable employment related expenses.

The grant, a portion of the grant, or the estimated savings due to the earnings from a grant diversion project may be diverted into a special fund created by the county welfare department for this purpose. An employer may be reimbursed from the special fund pursuant to a contract developed by the county welfare department or the service delivery area with the employer.

The county shall obtain agreements with employers that participants will be employed upon successful completion of the grant diversion, supported work, or transitional employment period in any related job openings, and that employers will not discriminate against participants on the basis of race, sex, national origin, age, or disability. A participating employer or service provider shall obtain and maintain a surety bond in an amount equal to the total annual grant diverted to the employer or service provider. Except as provided in subdivision (b) of Section 11320.6, there shall be no interruption in receipt of income, whether wages from the employer or aid payments by the department, caused by an employer's conduct. No grant diversion, supported work, and transitional employment program shall be implemented under this article until a plan for such a program is approved by the department. No plan for grant diversion supported work or transitional employment programs shall be approved if the plan would jeopardize federal financial participation. Standards established by the department for purposes of these programs shall not preclude a significant portion

of recipients from participation.

A plan submitted under this subparagraph shall include provisions for immediate reissuance to the recipient of any grant or portion of a grant paid to an employer or intermediary, which has been lost due to fraud, malfeasance, or theft on the part of the employer or intermediary. This plan shall also include provisions for reissuance to the recipient of any grant or portion of a grant paid to an employer or intermediary, when the recipient is determined to have had good cause for declining to participate pursuant to Section 11320.7. In the event that funds are lost due to fraud, malfeasance, or theft by an employer, the county shall initiate an action to recover from the employer or intermediary any of those funds.

(e) As provided in the contract pursuant to Section 11320.5, supportive services shall include, but are not limited to, all of the following:

(1) Child care. Paid child care shall be available to every participant with a child under 12 years of age who needs it in order to participate in the program component to which he or she is assigned.

(2) Transportation costs shall be paid for every participant to and from his or her job or training assignment.

(3) Ancillary expenses, which shall include the cost of books, tools, clothing, fees, and other necessary costs of a work or training assignment.

(4) Personal counseling. A participant who has personal or family problems that would affect the outcome of the employment plan entered into pursuant to Section 11320.5 shall, to the extent available, receive necessary counseling or therapy to help him or her and his or her family adjust to his or her job or training assignment.

(f) Payments for supportive services, as described in subdivision (e), shall be advanced to the participant, wherever necessary, and when desired by the participant, so that the participant need not use his or her funds to pay for these services.

If the participant is working in unsubsidized employment after having participated in this program, child care shall be available for a transition period of not less than three months. If the participant is working in unsubsidized employment after having participated in this program, coverage under the Medi-Cal program shall also be provided for a transition period consistent with federal requirements.

The cost of support services, including reimbursement to licensed day care providers, shall be governed by regional market rates. Reimbursement to child care providers shall not exceed the fee charged to private clients for the same service. Participants shall be allowed to choose legal child care and the cost of that child care shall be reimbursed by counties if the cost is within the regional market rate. The regional market rate means care costing no more than 1.5 market standard deviations above the mean cost of care for that region. Reimbursement shall be made at a rate lower than that

charged to private clients for the same service if the child care program agrees to charge a lower fee. Reimbursement shall be made on a per month, per week, per day, or per hour basis depending upon the basis used to charge private clients for the same service. For purposes of this section, regional market rates shall be determined in accordance with resource and referral programs provided for under Article 2 (commencing with Section 8210) of Chapter 2 of Part 6 of the Education Code, and the Alternative Payment Program provided for under Article 3 (commencing with Section 8220) of Chapter 2 of Part 6 of the Education Code. Participant plans shall include immediate referrals to local resource and referral agencies. The department shall use the State Department of Education sliding scale fee schedule for participants receiving child care. Day care by family members shall be encouraged, but the choice between licensed or exempt day care arrangements shall be made by the recipient.

(g) Each county welfare department shall be encouraged to contract with existing service providers for any or all child care services arrangements. If the county welfare department elects to contract with any child care provider which is also under contract with the State Department of Education, these contracts shall be consistent with, and shall not supersede, all of the following:

(1) Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code.

(2) Applicable provisions of Title 5 and Title 22 of the California Code of Regulations.

(3) Applicable State Department of Education contract provisions.

(h) In order to provide maximum choice to parents, and to ensure the availability of child care, each county shall do all of the following:

(1) Assist participants to locate child care during and after participation under this article.

(2) Allow and promote parent choice by providing flexibility in child care arrangements and establishing payment arrangements, as necessary, to meet the cost of licensed or exempt child care settings.

(3) Assist in the development of new child care capacity, where needed.

(4) Provide for the continuity of child care during the participants postprogram transition period consistent with subdivision (f).

(5) Provide services to meet the child care needs of all children in the participant's family up to the age of 12 years.

(6) Provide child care to participants whose program demands flexible hours of care including evening, weekends, and split shifts.

(7) To the extent possible provide for transportation of children from school to care, if reasonable and necessary.

The county may contract with the public and private child care programs to provide any or all of the services specified in this subdivision.

(i) Resource and referral programs shall assist the county welfare

departments to determine the child care needs of Greater Avenues for Independence participants, provide them with a listing of available child care services in the service area, and facilitate the efforts of county welfare departments, school districts, local child care providers and parent groups for the expansion of child care services.

(j) If the county welfare department or a contractor pays for child care services which are exempt from licensure, all of the following information about the care giver shall be on file with the county welfare department or the contractor and shall be made available to the participant:

(1) The name and address of the care provider.

(2) The address where care is to be provided.

(3) The hours care is to be provided and the charge for this care.

(4) The names, addresses and telephone number of two character references.

(5) A copy of a valid California driver's license or other identification to establish that the care giver is at least 18 years old.

(6) A statement from the caregiver as to his or her health education, experience or other qualification, criminal record, and names and ages of other persons in the home or providing care.

(k) The department, under the direction of the Health and Welfare Agency, the Chancellor's office of the California Community Colleges, and the State Department of Education shall each develop and implement regulations whereby any payment for services from funds appropriated for the purposes of this article and delivered pursuant to subdivision (d) by a county or an entity contracting with a county shall be made in accordance with a competitively selected fixed unit price performance-based contract. Under these contracts, full payment shall not be considered earned until either of the following has occurred:

(1) The participant has successfully completed the education program.

(2) The participant has successfully completed the job training program and has been retained in unsubsidized employment for at least 180 days.

Up to 70 percent of the fixed unit price for job training may be paid upon placement. At least 30 percent of the fixed unit price for job training shall be withheld for the followup during the 180-day retention period. Progress payments shall be made from this portion upon evidence of job retention at 30, 90, and 180 days. A pro rata share of the 70 percent payment shall be paid to the training provider if the participant fails to complete the training.

(*l*) Whenever a plan entered into pursuant to Section 11320.5 provides for the use of education services provided for in subdivision (d), utilization of each education program component shall not exceed two academic years.

(m) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which

is enacted before January 1, 1991, deletes or extends that date.

SEC. 4. Section 11320.3 is added to the Welfare and Institutions Code, to read:

11320.3. (a) Each plan submitted pursuant to Section 11320.2 shall contain a methodology for the provision of job services, training and education, and supportive services to program participants. This methodology shall specify how county welfare departments will cooperate with, and maximize the use of, education, child care, resource and referral agencies, job service, and other appropriate local service providers. To the extent existing programs are available to county residents, each plan submitted pursuant to Section 11320.2 shall specify the manner in which these programs shall be utilized to provide services specified in this section. The county may provide services directly to program participants or enter into interagency agreements or contracts with private or public agencies for the provision of these services.

(b) Each county shall specify in its plan its target groups and the choices that shall be made available to each target group, pursuant to Section 11320.4. The county shall make available all of its programs to each target group, but may give priorities for certain programs to groups for whom these programs are reasonably expected to be the most effective.

(c) As provided in the contract entered into pursuant to Section 11320.5, job services shall include, but not be limited to, all of the following:

(1) Job club, which shall consist of both of the following:

(A) Job search workshops. These job search workshops shall be group training sessions where participants learn various job finding skills, including training in basic job seeking skills, job development skills, job interviewing skills, understanding employer requirements and expectations, and how to enhance self-esteem, self-image, and confidence.

(B) Supervised job search, which shall include, but not be limited to, access to phone banks in a clean and well-lighted place, job orders, direct referrals to employers, or other organized methods of seeking work which are overseen, reviewed, and criticized by a trained employment professional. The amount and type of activity required during this supervised job search period shall be determined by the county and the participant, based on the participant's employment history and need for supportive services, and shall be consistent with regulations developed by the department.

(2) Unsupervised job search. The individual shall seek work in his or her own way, and make periodic progress reports no less frequently than every two weeks to the county welfare department or the agency contracting with that department.

(3) Job placement, which shall include, but not be limited to, referrals to jobs listed by employers with the State Job Service.

(4) Job development, which shall be active assistance in seeking employment provided to a participant by a trained employment

professional on a one-to-one basis.

(5) Employment counseling, which shall be counseling aimed at helping a person reach an informed decision on an appropriate employment goal.

(d) As provided in the contract entered into pursuant to Section 11320.5, training and education services include, but are not limited to, all of the following:

(1) Job training, which shall include, but is not limited to, training in employer-specific job skills in a classroom or onsite setting, including training provided by local private industry council programs and community colleges.

(2) Preemployment preparation shall be work for a public or nonprofit agency that provides the participant with either of the following:

(A) Basic preemployment preparation, which shall provide work behavior skills and a reference for future unsubsidized employment.

(B) Advanced preemployment preparation, which shall provide on-the-job enhancement of existing participant skills in a position related to a participant's experience, training, or education acquired as a result of the services funded pursuant to a contract entered into pursuant to Section 11320.5.

A short-term preemployment preparation assignment shall be for not longer than three months, and may be provided as a preparation for other education and training services as a part of the contract amendments pursuant to subdivision (d) and (e) of Section 11320.5. A long-term preemployment preparation assignment shall not exceed one year. The number of hours a person participates in a preemployment preparation program shall be determined by adding his or her aid grant under this chapter, less any child support paid to the county, and his or her food stamp allotment and dividing by the average hourly wage for all job orders placed with the Employment Development Department. The average hourly wage shall be updated annually every July 1. No preemployment preparation assignment shall exceed 32 hours per week.

(3) Adult basic education, which shall be preemployment basic education, including reading, writing, and arithmetic necessary for employment or job training, including high school proficiency.

(4) College and community college education, when that education provides sufficient employment skills training that can reasonably be expected to lead to employment.

(5) Vocational English-as-a-second-language which shall be intensive instruction in English for non-English speaking participants, coordinated with specific job training.

(6) Grant diversion.

(7) Supported work.

(8) Transitional employment.

For purposes of paragraph (6), "grant diversion" means public or private sector employment or on-the-job training at comparable wage rates, in which the recipient's cash grant, or a portion thereof,

or the welfare grant savings from employment, is diverted to the employer as a wage subsidy.

For purposes of paragraphs (7) and (8), "supported work or transitional employment" means a form of grant diversion in which the recipient's cash grant, or a portion thereof, or the welfare grant savings from employment, is diverted to an intermediary service provider.

Grant diversion, supported work, and transitional employment projects shall be administered so that the recipient shall not receive less disposable income than if he or she had not participated in the project. "Disposable income" means the income available to the recipient by adding the aid payment acquired pursuant to this chapter and earnings from the grant diversion project and subtracting the allowable employment related expenses.

The grant, a portion of the grant, or the estimated savings due to the earnings from a grant diversion project may be diverted into a special fund created by the county welfare department for this purpose. An employer may be reimbursed from the special fund pursuant to a contract developed by the county welfare department or the service delivery area with the employer.

The county shall obtain agreements with employers that participants will be employed upon successful completion of the grant diversion, supported work, or transitional employment period in any related job openings, and that employers will not discriminate against participants on the basis of race, sex, national origin, age, or disability. A participating employer or service provider shall obtain and maintain a surety bond in an amount equal to the total annual grant diverted to the employer or service provider. Except as provided in subdivision (b) of Section 11320.6, there shall be no interruption in receipt of income, whether wages from the employer or aid payments by the department, caused by an employer's conduct. No grant diversion, supported work, and transitional employment program shall be implemented under this article until a plan for such a program is approved by the department. No plan for grant diversion supported work or transitional employment programs shall be approved if the plan would jeopardize federal financial participation. Standards established by the department for purposes of these programs shall not preclude a significant portion of recipients from participation.

A plan submitted under this subparagraph shall include provisions for immediate reissuance to the recipient of any grant or portion of a grant paid to an employer or intermediary, which has been lost due to fraud, malfeasance, or theft on the part of the employer or intermediary. This plan shall also include provisions for reissuance to the recipient of any grant or portion of a grant paid to an employer or intermediary, when the recipient is determined to have had good cause for declining to participate pursuant to Section 11320.7. In the event that funds are lost due to fraud, malfeasance, or theft by an employer, the county shall initiate an action to recover from the

employer or intermediary any of those funds.

(e) As provided in the contract pursuant to Section 11320.5, supportive services shall include, but are not limited to, all of the following:

(1) Child care. Paid child care shall be available to every participant with a child under 12 years of age who needs it in order to participate in the program component to which he or she is assigned.

(2) Transportation costs shall be paid for every participant to and from his or her job or training assignment.

(3) Ancillary expenses, which shall include the cost of books, tools, clothing, fees, and other necessary costs of a work or training assignment.

(4) Personal counseling. A participant who has personal or family problems that would affect the outcome of the employment plan entered into pursuant to Section 11320.5 shall, to the extent available, receive necessary counseling or therapy to help him or her and his or her family adjust to his or her job or training assignment.

(f) Payments for supportive services, as described in subdivision (e), shall be advanced to the participant, wherever necessary, and when desired by the participant, so that the participant need not use his or her funds to pay for these services.

If the participant is working in unsubsidized employment after having participated in this program, child care shall be available for a transition period of not less than three months. If the participant is working in unsubsidized employment after having participated in this program, coverage under the Medi-Cal program shall also be provided for a transition period consistent with federal requirements.

The cost of support services, including reimbursement to licensed day care providers, shall be governed by regional market rates. Reimbursement to child care providers shall not exceed the fee charged to private clients for the same service. Participants shall be allowed to choose legal child care and the cost of that child care shall be reimbursed by counties if the cost is within the regional market rate. The regional market rate means care costing no more than 1.5 market standard deviations above the mean cost of care for that region. Reimbursement shall be made at a rate lower than that charged to private clients for the same service if the child care program agrees to charge a lower fee. Reimbursement shall be made on a per month, per week, per day, or per hour basis depending upon the basis used to charge private clients for the same service. For purposes of this section, regional market rates shall be determined in accordance with resource and referral programs provided for under Article 2 (commencing with Section 8210) of Chapter 2 of Part 6 of the Education Code, and the Alternative Payment Program provided for under Article 3 (commencing with Section 8220) of Chapter 2 of Part 6 of the Education Code. Participant plans shall include immediate referrals to local resource and referral agencies.

The department shall use the State Department of Education sliding scale fee schedule for participants receiving child care. Day care by family members shall be encouraged, but the choice between licensed or exempt day care arrangements shall be made by the recipient.

(g) Each county welfare department shall be encouraged to contract with existing service providers for any or all child care services arrangements. If the county welfare department elects to contract with any child care provider which is also under contract with the State Department of Education, these contracts shall be consistent with, and shall not supersede, all of the following:

(1) Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code.

(2) Applicable provisions of Title 5 and Title 22 of the California Code of Regulations.

(3) Applicable State Department of Education contract provisions.

(h) In order to provide maximum choice to parents, and to ensure the availability of child care, each county shall do all of the following:

(1) Assist participants to locate child care during and after participation under this article.

(2) Allow and promote parent choice by providing flexibility in child care arrangements and establishing payment arrangements, as necessary, to meet the cost of licensed or exempt child care settings.

(3) Assist in the development of new child care capacity, where needed.

(4) Provide for the continuity of child care during the participants postprogram transition period consistent with subdivision (f).

(5) Provide services to meet the child care needs of all children in the participant's family up to the age of 12 years.

(6) Provide child care to participants whose program demands flexible hours of care including evening, weekends, and split shifts.

(7) To the extent possible provide for transportation of children from school to care, if reasonable and necessary.

The county may contract with the public and private child care programs to provide any or all of the services specified in this subdivision.

(i) Resource and referral programs shall assist the county welfare departments to determine the child care needs of Greater Avenues for Independence participants, provide them with a listing of available child care services in the service area, and facilitate the efforts of county welfare departments, school districts, local child care providers and parent groups for the expansion of child care services.

(j) If the county welfare department or a contractor pays for child care services which are exempt from licensure, all of the following information about the care giver shall be on file with the county welfare department or the contractor and shall be made available to the participant:

(1) The name and address of the care provider.

(2) The address where care is to be provided.

(3) The hours care is to be provided and the charge for this care.

(4) The names, addresses and telephone number of two character references.

(5) A copy of a valid California driver's license or other identification to establish that the care giver is at least 18 years old.

(6) A statement from the caregiver as to his or her health education, experience or other qualification, criminal record, and names and ages of other persons in the home or providing care.

(k) The department, under the direction of the Health and Welfare Agency, the Chancellor's office of the California Community Colleges, and the State Department of Education shall each develop and implement regulations whereby any payment for services from funds appropriated for the purposes of this article and delivered pursuant to subdivision (d) by a county or an entity contracting with a county shall be made in accordance with a competitively selected fixed unit price performance-based contract. Under these contracts, full payment shall not be considered earned until either of the following has occurred:

(1) The participant has successfully completed the education program.

(2) The participant has successfully completed the job training program and has been retained in unsubsidized employment for at least 180 days.

Up to 70 percent of the fixed unit price for job training may be paid upon placement. At least 30 percent of the fixed unit price for job training shall be withheld for the followup during the 180-day retention period. Progress payments shall be made from this portion upon evidence of job retention at 30, 90, and 180 days. A pro rata share of the 70 percent payment shall be paid to the training provider if the participant fails to complete the training.

(*l*) Whenever a plan entered into pursuant to Section 11320.5 provides for the use of education services provided for in subdivision (d), utilization of each education program component shall not exceed two academic years.

(m) This section shall become operative on January 1, 1991.

SEC. 4.5. Section 11320.5 of the Welfare and Institutions Code is amended to read:

11320.5. (a) At the time an individual applies for aid under this chapter, or at the time a recipient's eligibility for aid is redetermined, the county shall provide the individual, orally and in writing, with at least the following program information: a general description of the education, employment, and training opportunities and the supportive services available, including transitional benefits; and a description of the exemptions from required participation provided under this article and the consequences of a refusal to participate in program components if not exempt. At that time, the county shall also determine whether the individual is required to register for the

program provided under this article. At the time this determination is made, any individual who is deemed to be required to register under this article shall immediately register with the county welfare department. At the time an individual registers pursuant to this article, he or she shall receive a written preliminary determination that he or she is a member of a targeted group, for purposes of the federal Targeted Jobs Tax Credit and the California Jobs Tax Credit. With respect to any person required to register under this article, registration pursuant to subdivision (b), shall be a condition of eligibility for aid under this chapter, except that any delay in registration due to circumstances beyond the control of the individual shall not adversely affect his or her eligibility for aid under this chapter. The recipient may appeal a determination that he or she is required to register under this article or sign a basic contract pursuant to subdivision (b), through the procedures set forth in Chapter 7 (commencing with Section 10950) of Part 2. Persons not required to register may volunteer to participate. An applicant for, or a recipient of, aid who is dissatisfied with the terms of the basic contract may seek redress through informal and formal conciliation.

In accordance with procedures specified by the department, the county shall allow individuals to express their desire to participate in the program and provide instructions on how to enter the program. An indication of preference not to participate shall not exempt individuals required to register for the program from participation.

Unless otherwise exempt, all of the following persons shall not be required to participate in program components, beyond registration, until the county welfare department determines that the situation not requiring participation no longer exists:

(1) A woman who is in the first trimester of pregnancy.

(2) A person who is so seriously dependent upon alcohol or drugs that work or training is precluded.

(3) A person who is having an emotional or mental problem that precludes participation.

(4) A person who is involved in legal difficulties, such as court-maintained appearances, which preclude participation.

(5) A person who does not have the legal right to work in the United States.

(6) A person who has a severe family crisis.

(7) A person who is in good standing in a union which controls referrals and hiring in the occupation.

(8) A person who is temporarily laid off from a job with a definite call-back date.

(9) A person who is employed for 15 or more hours per week.

(10) A person, or a family member, has a medically verified illness.

(11) A parent or other adult relative caring for a child, if the parent or other adult relative meets all of the following requirements:

(A) The other parent or other adult relative is in the home.

(B) He or she is not excluded by paragraph (1), (2), (3), (4), or

(5) of subdivision (b) of Section 11310.

(C) He or she has not failed to register as required by Section 11310.

(12) A caretaker relative who is enrolled in school for at least 12 units of credit and has primary responsibility for the care of a child under six years of age.

(13) A custodial parent 16 or 17 years of age who is not currently in school and who does not possess a high school diploma.

For all other registrants, the county shall develop a preliminary employability plan. The plan shall, at a minimum, take into account the registrant's employment experience and his or her employment goals.

(b) At the time an individual registers pursuant to this article, including persons who volunteer to participate, or with respect to any individual described in paragraphs (1) to (10), inclusive, of subdivision (a) at the time the situation which permits nonparticipation no longer exists, every individual shall enter into a written basic contract with the county welfare department. The county shall offer the participant three days in which to consider and evaluate the proposed terms of this contract, or any subsequent amendments to this contract. The contract shall contain all of the following:

(1) The contract shall be written in clear and understandable language. The contract shall have a simple and easy-to-read format. The contract shall contain at least all of the following general information:

(A) A general description of the program provided for in this article.

(B) A description of the services, including supportive services such as child care and transportation, available to program participants.

(C) A description of the rights, duties and responsibilities of program participants, including a list of the exemptions from required participation under this article and the consequences of a refusal to participate in program components.

(2) In the case of any participant who has not been employed within two years from the date of registration, except for a participant described in paragraph (4), the contract shall provide that the participant shall participate in job club for a period of three weeks, as defined in paragraph (1) of subdivision (c) of Section 11320.3. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(3) In the case of any participant who has been employed within two years of the date of registration, except for a participant described in paragraph (4), the participant shall have the option to participate in a three-week period of job club, as defined in paragraph (1) of subdivision (c) of Section 11320.3, or in a three-week period of supervised job search, as defined in subparagraph (B) of paragraph (1) of subdivision (c) of Section

11320.3. At the discretion of the employment and training counselor and with the approval of the first or second line supervisor, the job search period may be shortened when it is determined that all reasonable job search efforts have been exhausted. The participant shall choose one of the options upon signing the contract. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(4) Notwithstanding paragraphs (2) and (3), in the case of any participant who has been a recipient of aid under this chapter more than twice within three years from the date of registration, the contract shall provide for immediate referral to assessment pursuant to subdivision (c). Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(5) An individual who is in a self-initiated vocational training program of limited duration or an educational program which leads to unsubsidized employment may continue to participate in that program until completion, or in the case of an educational program, for a maximum of two academic years. Participation in the vocational or educational training program shall be reflected in the basic contract. The basic contract shall provide that whenever an individual to which this paragraph applies ceases to participate in, fails or refuses to attend regularly, or does not maintain satisfactory progress in, the educational or vocational training program, the individual shall participate in this program in accordance with paragraph (2), (3), or (4), whichever is applicable.

(6) For those participants who lack basic literacy or mathematics skills, a high school diploma or its equivalent, or English language skills, the basic contract shall provide for either remedial education, instruction in order to obtain a general educational development certificate, or instruction in English-as-a-second-language. These participants shall be referred to appropriate service providers, including the educational programs operated by school districts or county offices of education that have contracted with the Superintendent of Public Instruction to provide services to participants pursuant to Section 33117.5 of the Education Code. The basic contract shall provide that when an individual, to which this paragraph applies, fails, refuses, or ceases to participate in the instruction provided for in this paragraph, without good cause, as specified in Section 11320.7, the individual shall be subject to the sanction provisions of Section 11320.6.

(7) In the case of a participant who is an applicant for aid under this chapter and who is required to register pursuant to this article, mandated activities shall be limited to those necessary to enter into a written basic contract and to participation in job search. However, a participant described in this subparagraph who is assessed as needing additional education and who chooses education over job search as his or her first program component shall not be required to participate in job search until the county has approved the registrant for aid pursuant to this chapter.

(c) A participant described in paragraph (4) of subdivision (b), and any participant described in paragraph (2) or (3) of subdivision (b) who has not obtained employment after his or her three weeks of participation in job club or supervised job search, shall work with the county welfare department to initiate the development of an employment plan. In developing the employment plan pursuant to this subdivision, the county and the participant shall develop an assessment of the skills and needs of the participant, which shall include at least all of the following:

(1) The participant's work history, including an inventory of his or her employment skills, knowledge, and abilities.

(2) The participant's educational history and present educational competency level.

(3) The participant's need for supportive services in order to obtain the greatest benefit from the employment and training services offered under this article.

(4) The employment goals of the participant, and an evaluation of the chances for the achievement of these goals given the current potential skills of the participant and the local labor market conditions.

(5) A goal to be attained upon completion of the program, including the period of time it will take to achieve this goal, and the resources available under this program for the attainment of that goal. This assessment shall be done by a person qualified by education or experience to provide counseling, guidance, assessment, or career planning. The county may contract with outside parties, including local educational agencies and service delivery areas to provide the assessment required by this subdivision.

(d) When the county and the participant have completed the assessment process required pursuant to subdivision (c), and they have agreed upon a goal to be attained under this program and the resources to be utilized in attaining that goal, the county and the participant shall amend the basic contract entered into pursuant to subdivision (b). The contract amendment shall specify the goal to be attained, the training or education services to be provided to the participant in order to attain the goal, which may consist of either one or more of the program components provided for in subdivisions (c) and (d) of Section 11320.3, and the criteria for successful completion of these services and attainment of the goal. With respect to education and training programs, the criteria shall include regular attendance, satisfactory progress, and completion of the program. The contract amendment shall provide for supportive services as necessary for participation in this program. Once the participant has begun his or her training or education, he or she shall have 30 days in which to request a change or reassignment to another component. The county shall grant the participant's request for reassignment to another component that is consistent with the results of the assessment. This grace period shall be spelled out in the contract amendment and shall be available only once to each participant.

Subject to limits specified in paragraph (6) of subdivision (c) of Section 11320.3, if services to be provided under the contract are not immediately available to the participant, he or she shall receive job search services until the education or training services designated in the contract are available.

Subject to limits specified in paragraph (6) of subdivision (c) of Section 11320.3, any individual who meets the established criteria for successful completion of the training or education services to which he or she is assigned, but who remains unemployed, shall be referred to job search services for a period of 90 days. These job search services may, depending upon the needs of the participant, include any of the services provided for in subdivision (c) of Section 11320.3. If the participant remains unemployed at the end of this 90-day job search period, he or she shall be evaluated and reassigned to an advanced long-term preemployment preparation assignment, as defined in paragraph (2) of subdivision (d) of Section 11320.3.

If at any time a participant does not meet the established criteria for successful completion of the training or education services to which he or she is assigned, the participant shall be reassigned to a basic long-term preemployment preparation assignment, as defined in paragraph (2) of subdivision (d) of Section 11320.3. The assignment to advanced or basic long-term preemployment preparation shall be reviewed by the county at least once every six months, for its continuing conformity to the contract, and likelihood of leading to unsubsidized employment. This review shall require an onsite visit to the participants worksite, and a discussion with the participant about his or her assignment and his or her job search progress. At the end of the one-year period specified in subdivision (d) of Section 11320.3, the county and the participant shall review the employment plan and, using the procedure described in subdivision (c), shall make any revisions necessary to obtain the goal of unsubsidized employment for the participant. These revisions shall become an amendment to the basic contract as provided in this subdivision.

Whenever a participant is assigned to a program component, the contract shall be amended to reflect the assignment. The county and the recipient shall be bound by the terms of any amendments made to the contract. The participant shall maintain responsible and adequate progress toward the goal of employment through the methods set forth in the plan, and the county shall provide the services specified in the plan.

(e) Notwithstanding the procedures set forth in Chapter 7 (commencing with Section 10950) of Part 2, if the participant and the worker are unable to reach agreement on amending a contract, pursuant to subdivision (d), the matter shall be referred by the county for an independent assessment by an impartial third party with career planning experience. The results of this assessment, which shall be binding upon the county and the participant, shall be used to develop the appropriate employment plan for the

participant.

No assessment under this subdivision shall be made by a party having any financial or other interest in the result of the assessment. The party making the assessment shall be selected by the department according to an unbiased procedure. Remuneration for this assessment shall be made by the department according to a fair fixed fee established by regulations of the department.

(f) A participant shall not be placed involuntarily in any other training or education component while waiting for assignment to the component agreed to in his or her contract.

Since a participant assigned to preemployment preparation, as defined in paragraph (2) of subdivision (d) of Section 11320.3, will be expected to continue to seek employment, at any time during the participant's preemployment preparation assignment he or she may request job services, as defined in subdivision (c) of Section 11320.3.

(g) Any participant who fails or refuses to participate in the program developed by the assessment pursuant to subdivision (e) shall receive sanctions in accordance with Section 11320.6.

Any county which fails to provide services according to its plan approved pursuant to this article shall receive sanctions in accordance with Section 10605. A recipient or a group of recipients may request the director to invoke Section 10605.

(h) Any participant who has entered into an amended contract plan pursuant to subdivision (d) and who, at any time, fails or refuses to participate in a component to which he or she has agreed to participate without good cause, shall be subject to sanctions in accordance with Section 11320.6.

(i) This section shall remain in effect until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 5. Section 11320.5 is added to the Welfare and Institutions Code, to read:

11320.5. (a) At the time an individual applies for aid under this chapter, or at the time a recipient's eligibility for aid is redetermined, the county shall determine whether the individual is required to register for the program provided under this article. At the time this determination is made, any individual who is deemed to be required to register under this article shall immediately register with the county welfare department. At the time an individual registers pursuant to this article, he or she shall receive a written preliminary determination that he or she is a member of a targeted group, for purposes of the federal Targeted Jobs Tax Credit and the California Jobs Tax Credit. With respect to any person required to register under this article, registration pursuant to subdivision (b), shall be a condition of eligibility for aid under this chapter, except that any delay in registration due to circumstances beyond the control of the individual shall not adversely affect his or her eligibility for aid under this chapter. The recipient may appeal a determination that he or she is required to register under this article or sign a basic contract

pursuant to subdivision (b), through the procedures set forth in Chapter 7 (commencing with Section 10950) of Part 2. Persons not required to register may volunteer to participate. An applicant for, or a recipient of, aid who is dissatisfied with the terms of the basic contract may seek redress through informal and formal conciliation.

Unless otherwise exempt, all of the following persons shall not be required to participate in program components, beyond registration, until the county welfare department determines that the situation not requiring participation no longer exists:

(1) A caretaker relative who is enrolled in school for at least 12 units of credit and has a child under age six.

(2) A person who is so seriously dependent upon alcohol or drugs that work or training is precluded.

(3) A person who is having an emotional or mental problem that precludes participation.

(4) A person who is involved in legal difficulties, such as court-maintained appearances, which preclude participation.

(5) A person who does not have the legal right to work in the United States.

(6) A person who has a severe family crisis.

(7) A person who is in good standing in a union which controls referrals and hiring in the occupation.

(8) A person who is temporarily laid off from a job with a definite callback date.

(9) A person who is employed for 15 or more hours per week.

(10) A person, or a family member, has a medically verified illness.

(b) At the time an individual registers pursuant to this article, including persons who volunteer to participate, or with respect to any individual described in paragraphs (1) to (10), inclusive, of subdivision (a) at the time the situation which permits nonparticipation no longer exists, every individual shall enter into a written basic contract with the county welfare department. The county shall offer the participant three days in which to consider and evaluate the proposed terms of this contract, or any subsequent amendments to this contract. The contract shall contain all of the following:

(1) The contract shall be written in clear and understandable language. The contract shall have a simple and easy-to-read format. The contract shall contain at least all of the following general information:

(A) A general description of the program provided for in this article.

(B) A description of the services, including supportive services such as child care and transportation, available to program participants.

(C) A description of the rights, duties and responsibilities of program participants, including a list of the exemptions from required participation under this article and the consequences of a refusal to participate in program components.

(2) In the case of any participant who has not been employed within two years from the date of registration, except for a participant described in paragraph (4), the contract shall provide that the participant shall participate in job club for a period of three weeks, as defined in paragraph (1) of subdivision (c) of Section 11320.3. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(3) In the case of any participant who has been employed within two years of the date of registration, except for a participant described in paragraph (4), the participant shall have the option to participate in a three-week period of job club, as defined in paragraph (1) of subdivision (c) of Section 11320.3, or in a three-week period of supervised job search, as defined in subparagraph (B) of paragraph (1) of subdivision (c) of Section 11320.3. At the discretion of the employment and training counselor and with the approval of the first or second line supervisor, the job search period may be shortened when it is determined that all reasonable job search efforts have been exhausted. The participant shall choose one of the options upon signing the contract. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(4) Notwithstanding paragraphs (2) and (3), in the case of any participant who has been a recipient of aid under this chapter more than twice within three years from the date of registration, the contract shall provide for immediate referral to assessment pursuant to subdivision (c). Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(5) An individual who is enrolled in a self-initiated vocational training program of limited duration or an educational program which leads to unsubsidized employment may continue to participate in that program until completion, or in the case of an educational program, for a maximum of two academic years. Participation in the vocational or educational training program shall be reflected in the basic contract. The basic contract shall provide that whenever an individual to which this paragraph applies ceases to participate in, fails or refuses to attend regularly, or does not maintain satisfactory progress in, the educational or vocational training program, the individual shall participate in this program in accordance with paragraph (2), (3), or (4), whichever is applicable.

(6) For those participants who lack basic literacy or mathematics skills, a high school diploma or its equivalent, or English language skills, the basic contract shall provide for either remedial education, instruction in order to obtain a general educational development certificate, or instruction in English-as-a-second-language. These participants shall be referred to appropriate service providers, including the educational programs operated by school districts or county offices of education that have contracted with the Superintendent of Public Instruction to provide services to participants pursuant to Section 33117.5 of the Education Code. The

basic contract shall provide that when an individual, to which this paragraph applies, fails, refuses, or ceases to participate in the instruction provided for in this paragraph, without good cause, as specified in Section 11320.7, the individual shall be subject to the sanction provisions of Section 11320.6.

(c) A participant described in paragraph (4) of subdivision (b), and any participant described in paragraph (2) or (3) of subdivision (b) who has not obtained employment after his or her three weeks of participation in job club or supervised job search, shall work with the county welfare department to initiate the development of an employment plan. In developing the employment plan pursuant to this subdivision, the county and the participant shall develop an assessment of the skills and needs of the participant, which shall include at least all of the following:

(1) The participant's work history, including an inventory of his or her employment skills, knowledge, and abilities.

(2) The participant's educational history and present educational competency level.

(3) The participant's need for supportive services in order to obtain the greatest benefit from the employment and training services offered under this article.

(4) The employment goals of the participant, and an evaluation of the chances for the achievement of these goals given the current potential skills of the participant and the local labor market conditions.

(5) A goal to be attained upon completion of the program, including the period of time it will take to achieve this goal, and the resources available under this program for the attainment of that goal. This assessment shall be done by a person qualified by education or experience to provide counseling, guidance, assessment, or career planning. The county may contract with outside parties, including local educational agencies and service delivery areas to provide the assessment required by this subdivision.

(d) When the county and the participant have completed the assessment process required pursuant to subdivision (c), and they have agreed upon a goal to be attained under this program and the resources to be utilized in attaining that goal, the county and the participant shall amend the basic contract entered into pursuant to subdivision (b). The contract amendment shall specify the goal to be attained, the training or education services to be provided to the participant in order to attain the goal, which may consist of either one or more of the program components provided for in subdivisions (c) and (d) of Section 11320.3, and the criteria for successful completion of these services and attainment of the goal. With respect to education and training programs, the criteria shall include regular attendance, satisfactory progress, and completion of the program. The contract amendment shall provide for supportive services as necessary for participation in this program. Once the participant has begun his or her training or education, he or she shall have 30 days

in which to request a change or reassignment to another component. The county shall grant the participant's request for reassignment to another component that is consistent with the results of the assessment. This grace period shall be spelled out in the contract amendment and shall be available only once to each participant.

If services to be provided under the contract are not immediately available to the participant, he or she shall receive job search services until the education or training services designated in the contract are available.

Any individual who meets the established criteria for successful completion of the training or education services to which he or she is assigned, but who remains unemployed, shall be referred to job search services for a period of 90 days. These job search services may, depending upon the needs of the participant, include any of the services provided for in subdivision (c) of Section 11320.3. If the participant remains unemployed at the end of this 90-day job search period, he or she shall be evaluated and reassigned to an advanced long-term preemployment preparation assignment, as defined in paragraph (2) of subdivision (d) of Section 11320.3.

If at any time a participant does not meet the established criteria for successful completion of the training or education services to which he or she is assigned, the participant shall be reassigned to a basic long-term preemployment preparation assignment, as defined in paragraph (2) of subdivision (d) of Section 11320.3. The assignment to advanced or basic long-term preemployment preparation shall be reviewed by the county at least once every six months, for its continuing conformity to the contract, and likelihood of leading to unsubsidized employment. This review shall require an onsite visit to the participant's worksite, and a discussion with the participant about his or her assignment and his or her job search progress. At the end of the one-year period specified in subdivision (d) of Section 11320.3, the county and the participant shall review the employment plan and, using the procedure described in subdivision (c), shall make any revisions necessary to obtain the goal of unsubsidized employment for the participant. These revisions shall become an amendment to the basic contract as provided in this subdivision.

Whenever a participant is assigned to a program component, the contract shall be amended to reflect the assignment. The county and the recipient shall be bound by the terms of any amendments made to the contract. The participant shall maintain responsible and adequate progress toward the goal of employment through the methods set forth in the plan, and the county shall provide the services specified in the plan.

(e) Notwithstanding the procedures set forth in Chapter 7 (commencing with Section 10950) of Part 2, if the participant and the worker are unable to reach agreement on amending a contract, pursuant to subdivision (d), the matter shall be referred by the county for an independent assessment by an impartial third party

with career planning experience. The results of this assessment, which shall be binding upon the county and the participant, shall be used to develop the appropriate employment plan for the participant.

No assessment under this subdivision shall be made by a party having any financial or other interest in the result of the assessment. The party making the assessment shall be selected by the department according to an unbiased procedure. Remuneration for this assessment shall be made by the department according to a fair fixed fee established by regulations of the department.

(f) A participant shall not be placed involuntarily in any other training or education component while waiting for assignment to the component agreed to in his or her contract.

Since a participant assigned to preemployment preparation, as defined in paragraph (2) of subdivision (d) of Section 11320.3, will be expected to continue to seek employment, at any time during the participant's preemployment preparation assignment he or she may request job services, as defined in subdivision (c) of Section 11320.3.

(g) Any participant who fails or refuses to participate in the program developed by the assessment pursuant to subdivision (e) shall receive sanctions in accordance with Section 11320.6.

Any county which fails to provide services according to its plan approved pursuant to this article shall receive sanctions in accordance with Section 10605. A recipient or a group of recipients may request the director to invoke Section 10605.

(h) Any participant who has entered into an amended contract plan pursuant to subdivision (d) and who, at any time, fails or refuses to participate in a component to which he or she has agreed to participate without good cause, shall be subject to sanctions in accordance with Section 11320.6.

(i) This section shall become operative January 1, 1991.

SEC. 5.5. Section 11320.6 of the Welfare and Institutions Code is amended to read:

11320.6. (a) Whenever an individual has failed or refused to participate without good cause in a program component to which he or she is assigned pursuant to subdivision (b), (d), or (e) of Section 11320.5, and the participant continues to refuse to participate after a period of informal and formal conciliation between the county and the participant, the individual shall be subject to subdivision (b) or (c), whichever is applicable. The department shall develop regulations specifying the maximum length of time which may be utilized in informal conciliation efforts. These efforts may utilize discussions with the supervisors of employees who make the decisions as to whether a participant has refused to participate without good cause in a program component to which he or she is assigned. Formal conciliation efforts shall follow informal conciliation efforts, if the latter have not resolved the dispute. Formal conciliation shall be conducted in accordance with Section 5302 of the Unemployment Insurance Code.

(b) (1) Except for persons voluntarily participating in this program, whenever the participant engages in an initial failure or refusal to participate without good cause, in a program component to which he or she has been assigned pursuant to subdivision (b), (d), or (e) of Section 11320.5, and conciliation efforts pursuant to Section 5302 of the Unemployment Insurance Code have failed to resolve the dispute, the family shall be placed on money management services, which shall constitute an extension of formal conciliation, for three months, except that if the participant and the county welfare department reach an agreement on program participation during this sanction period, or if the participant agrees to participate and performs the activity he or she previously refused to perform, money management services shall be terminated as soon as possible.

(2) Money management services shall cease to be part of the conciliation process if the federal government fails to approve the state's application for funds because of the money management services feature and if the federal government refuses to approve a waiver allowing money management services to remain in effect as part of the conciliation process.

(c) Financial sanctions shall be imposed in accordance with subdivision (e) if any of the following events occur:

(1) The participant continues to refuse to participate after the three month money management services period.

(2) The participant engages in a second instance of nonparticipation without good cause.

(3) The participant refuses to participate in violation of an agreement made during the imposition of money management services.

(d) Money management services and sanctions provided for in subdivisions (b) and (c) shall not apply to an individual voluntarily participating in the program. If such an individual is a member of a group listed in clauses (i) to (iv), inclusive, of subparagraph (A) of paragraph (7) of subdivision (d) of Section 11320.21, and engages in conduct which would bring about the actions provided for in subdivisions (b) and (c), except for his or her status as a voluntary program participant, the individual shall not be given priority so long as other individuals are actively seeking to participate. In the case of any other voluntary program participant who engages in conduct which would bring about the actions provided for in subdivisions (b) and (c), except for his or her status as a voluntary program participant, the individual shall be precluded from participating in the program for a period of six months.

(e) Notwithstanding Section 11308, financial sanctions for refusing to participate without good cause shall cause a reduction in the family's grant by removing the parent or parents in the family from the assistance unit for a period of time specified in subdivision (f).

(1) For families which qualify for aid due to unemployment of the family's primary wage earner, the sanctioned parent shall be

removed from the assistance unit. If the sanctioned parent's spouse is not participating in the program, both the sanctioned parent and the spouse shall be removed from the assistance unit. The county shall notify the spouse of the noncomplying participant in writing at the commencement of money management of his or her own opportunity to participate and the impact on sanctions of that participation. Notwithstanding any other provision of law, a spouse of a noncomplying participant referred to money management or under fiscal sanctions shall be provided the opportunity to participate.

(2) For families which qualify due to the absence or incapacity of a parent, only the noncomplying parent shall be removed from the assistance unit.

(f) The length of time that financial sanctions shall reduce a family's grant shall increase in the following manner:

(1) The first instance of noncompliance without good cause shall result in a financial sanction. This sanction shall terminate at any point if the noncomplying participant reaches an agreement with the county welfare department in an amended contract or agrees to participate and performs the activity he or she previously refused to perform.

(2) The second instance of noncompliance without good cause shall result in a financial sanction for three months or until the noncomplying participant reaches an agreement with the county welfare department or agrees to participate and performs the activity he or she previously refused to perform, whichever is longer.

(3) The third and each subsequent instance of noncompliance without good cause shall result in a financial sanction for six months or until the noncomplying partipant reaches an agreement with the county welfare department or agrees to participate and performs the activity he or she previously refused to perform, whichever is longer.

(g) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 6. Section 11320.6 is added to the Welfare and Institutions Code, to read:

11320.6. (a) Whenever an individual has failed or refused to participate without good cause in a program component to which he or she is assigned pursuant to subdivision (b), (d), or (e) of Section 11320.5, and the participant continues to refuse to participate after a period of informal and formal conciliation between the county and the participant, sanctions shall be imposed in accordance with subdivision (b) or (c), whichever is applicable. The department shall develop regulations specifying the maximum length of time which may be utilized in informal conciliation efforts. These efforts may utilize discussions with the supervisors of employees who make the decisions as to whether a participant has refused to participate without good cause in a program component to which he or she is assigned. Formal conciliation efforts shall follow informal

conciliation efforts, if the latter have not resolved the dispute. Formal conciliation shall be conducted in accordance with Section 5302 of the Unemployment Insurance Code.

(b) Except for persons voluntarily participating in this program, whenever the participant engages in an initial failure or refusal to participate without good cause, in a program component to which he or she has been assigned pursuant to subdivision (b), (d), or (e) of Section 11320.5, and conciliation efforts pursuant to Section 5302 of the Unemployment Insurance Code have failed, the family shall be placed on money management services for three months, except that if the participant and the county welfare department reach an agreement on program participation during this sanction period, or if the participant agrees to participate and performs the activity he or she previously refused to perform, money management services shall be terminated as soon as possible. Financial sanctions shall be imposed in accordance with Section 11308 if any of the following events occur:

(1) The participant continues to refuse to participate after the three month money management services sanction period.

(2) The participant engages in a second instance of nonparticipation without good cause.

(3) The participant refuses to participate in violation of an agreement made during the imposition of money management services sanctions.

(c) The sanctions provided for in subdivision (b) shall not apply to an individual voluntarily participating in the program. If such an individual engages in conduct which would bring about the imposition of sanctions provided for in subdivision (b), except for his or her status as a voluntary program participant, the individual shall be precluded from participating in the program for a period of six months.

(d) This section shall become operative on January 1, 1991.

SEC. 7. Section 11320.7 of the Welfare and Institutions Code is amended to read:

11320.7. No sanctions shall be applied for a failure or refusal to participate with good cause. Good cause for failure or refusal to participate in a program component to which a participant is assigned pursuant to subdivisions (b), (d), or (e) of Section 11320.5 shall include all of the following:

(a) An assignment, job referral, or job does not meet appropriate work and training criteria due to any of the following:

(1) The employment, offer of employment, activity or other training for employment discriminates in terms of age, sex, race, religion, ethnic origin, or physical or mental handicap.

(2) The employment or offer of employment, exceeds the daily or weekly hours of work customary to the occupation.

(3) The employment, offer of employment, activity, or other training for employment requires travel to and from the place of employment, activity, or other training and one's home that exceeds

a total of two hours in round trip time, exclusive of the time necessary to transport family members to a school or place providing care, or when walking is the only available means of transportation, the round trip is more than two miles, exclusive of the mileage necessary to accompany family members to a school or a place providing care.

(4) The employment, offer of employment, activity, or other training for employment involves conditions and specific responsibilities that impair the individual's physical or mental health or are not related to the individual's capability to perform the task on a regular basis.

(5) The employment, offer of employment, activity, or other training for employment involves conditions that are in violation of applicable health and safety standards.

(6) The employment, offer of employment or work activity, does not provide for worker's compensation insurance.

(7) An employment or training program position utilized pursuant to this article may not be created in violation of Section 11320.35.

(8) The employment, offer of employment, activity, or other training is not within the scope of the employment plan as contained in the contract provided for under Section 11320.5.

(9) Accepting the employment, offer of employment, or work activity would cause the individual to violate the terms of his or her union membership.

(10) Accepting the employment, offer of employment, or work activity would cause an interruption in an education or job training program in progress, excluding community work experience assignments as defined in paragraph (2) of subdivision (d) of Section 11320.3, or would prevent the individual from returning to his or her regular job within a reasonable time, unless the job offer provides either of the following:

(A) Employment and sufficient income to lead to self-support and the job offer is within the scope of the employment plan.

(B) Temporary employment while the individual is waiting for reemployment in his or her regular job.

(11) The participant is not receiving the supportive services agreed to under the contract entered into pursuant to Section 11320.5.

(12) In addition to good cause as specified in this section, no sanction shall be applied to any participant who is absent or tardy for periods up to 10 percent of the weekly hours required for any component. However, this time shall not accumulate.

(13) The employment or offer of employment is at a wage level that results in a net loss of income, in accordance with subdivision (*l*).

(14) The employment, offer of employment, or required activity exceeds 20 hours per week for parents with children three to five years of age.

(b) The individual is temporarily physically incapacitated or

suffers temporary physical illness.

(c) The individual is required to appear in a court proceeding or is incarcerated.

(d) The individual is suffering a family crisis or changed individual family circumstance as evidenced, for example, by the death of a spouse, parent, or child or an illness of a spouse, parent, or child which requires the individual's immediate attention.

(e) Inclement weather or other act of nature precludes individual and other persons similarly situated from traveling to an activity.

(f) There is a breakdown in transportation arrangements with no ready access to alternate transportation.

(g) The individual needs any other necessary social service not specifically mentioned in his or her contract.

(h) An individual refuses to accept major medical services even if the refusal precludes participation in the program.

(i) Licensed or exempt child care is not reasonably available, or unavailable during the individual's hours of training or employment including commuting time, or arrangements for child care have broken down or have been interrupted. For purposes of this section, "reasonably available" includes having at least two choices of child care arrangements The choices of day care shall meet either licensing requirements or the criteria established pursuant to subdivision (i) of Section 11320.3. This exemption shall include the unavailability of suitable special needs child care for identified special needs children, including children with disabilities, chronic illnesses, or other special needs.

(j) An individual is engaged in employment or training that is consistent with the employability objectives of the program, and prior notification and approval from the worker has been received.

(k) At the discretion of the county, any other substantial and compelling reason other than those specified in this section.

(*l*) Net loss of income would occur pursuant to the conditions provided for in this subdivision, if an offer of employment which results in a net income of less than 100 percent of a person's grant is accepted. Net loss of income shall be deemed to occur when current income is greater than the postemployment income would be if the job offer were accepted. "Postemployment income" means any unearned income plus the gross earnings from the job offered, less mandatory and legal deductions from the proposed salary, transportation, and child care if the participant goes off aid and is not eligible for transitional child care.

For purposes of computing the income disregards, the regional market rate for child care, transportation, and other mandatory work-related expenses shall be used. Regional market rates for child care shall be determined in accordance with the Alternative Payment Program as provided for under Article 3 (commencing with Section 8220) of Chapter 2 of Part 6 of the Education Code.

(m) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which

is enacted before January 1, 1991, deletes or extends that date.

SEC. 8. Section 11320.7 is added to the Welfare and Institutions Code, to read:

11320.7. No sanctions shall be applied for a failure or refusal to participate with good cause. Good cause for failure or refusal to participate in a program component to which a participant is assigned pursuant to subdivisions (b), (d), or (e) of Section 11320.5 shall include all of the following:

(a) An assignment, job referral, or job does not meet appropriate work and training criteria due to any of the following:

(1) The employment, offer of employment, activity or other training for employment discriminates in terms of age, sex, race, religion, ethnic origin, or physical or mental handicap.

(2) The employment or offer of employment, exceeds the daily or weekly hours of work customary to the occupation.

(3) The employment, offer of employment, activity, or other training for employment requires travel to and from the place of employment, activity, or other training and one's home that exceeds a total of two hours in round trip time, exclusive of the time necessary to transport family members to a school or place providing care, or when walking is the only available means of transportation, the round trip is more than two miles, exclusive of the mileage necessary to accompany family members to a school or a place providing care.

(4) The employment, offer of employment, activity, or other training for employment involves conditions and specific responsibilities that impair the individual's physical or mental health or are not related to the individual's capability to perform the task on a regular basis.

(5) The employment, offer of employment, activity, or other training for employment involves conditions that are in violation of applicable health and safety standards.

(6) The employment, offer of employment or work activity, does not provide for worker's compensation insurance.

(7) An employment or training program position utilized pursuant to this article may not be created in violation of Section 11320.35.

(8) The employment, offer of employment, activity, or other training is not within the scope of the employment plan as contained in the contract provided for under Section 11320.5.

(9) Accepting the employment, offer of employment, or work activity would cause the individual to violate the terms of his or her union membership.

(10) Accepting the employment, offer of employment, or work activity would cause an interruption in an education or job training program in progress, excluding community work experience assignments as defined in paragraph (2) of subdivision (d) of Section 11320.3, or would prevent the individual from returning to his or her regular job within a reasonable time, unless the job offer provides either of the following:

(A) Employment and sufficient income to lead to self-support and the job offer is within the scope of the employment plan.

(B) Temporary employment while the individual is waiting for reemployment in his or her regular job.

(11) The participant is not receiving the supportive services agreed to under the contract entered into pursuant to Section 11320.5.

(12) In addition to good cause as specified in this section, no sanction shall be applied to any participant who is absent or tardy for periods up to 10 percent of the weekly hours required for any component. However, this time shall not accumulate.

(13) The employment or offer of employment is at a wage level that results in a net loss of income, in accordance with subdivision (*l*).

(b) The individual is temporarily physically incapacitated or suffers temporary physical illness.

(c) The individual is required to appear in a court proceeding or is incarcerated.

(d) The individual is suffering a family crisis or changed individual family circumstance as evidenced, for example, by the death of a spouse, parent, or child or an illness of a spouse, parent, or child which requires the individual's immediate attention.

(e) Inclement weather or other act of nature precludes individual and other persons similarly situated from traveling to an activity.

(f) There is a breakdown in transportation arrangements with no ready access to alternate transportation.

(g) The individual needs any other necessary social service not specifically mentioned in his or her contract.

(h) An individual refuses to accept major medical services even if the refusal precludes participation in the program.

(i) Licensed or exempt child care is not reasonably available, or unavailable during the individual's hours of training or employment including commuting time, or arrangements for child care have broken down or have been interrupted. For purposes of this section, "reasonably available" includes having at least two choices of child care arrangements. The choices of day care shall meet either licensing requirements or the criteria established pursuant to subdivision (i) ofSection 11320.3. This exemption shall include the unavailability of suitable special needs child care for identified special needs children, including children with disabilities, chronic illnesses, or other special needs.

(j) An individual is engaged in employment or training that is consistent with the employability objectives of the program, and prior notification and approval from the worker has been received.

(k) At the discretion of the county, any other substantial and compelling reason other than those specified in this section.

(*l*) Net loss of income would occur pursuant to the conditions provided for in this subdivision, if an offer of employment which results in a net income of less than 100 percent of a person's grant

and that was not agreed to or part of a participant's employment training contract is accepted. Net loss of income shall be deemed to occur when current income is greater than the postemployment income would be if the job offer were accepted. "Postemployment income" means any unearned income plus the gross earnings from the job offered, less all of the following: mandatory and legal deductions from the proposed salary, the cost to the participant of health insurance premiums offered by the prospective employer or if none is offered, the cost of purchasing health insurance coverage based on the competitive market rate, child care, transportation, and other mandatory work-related expenses, and the cash equivalent value of the difference between the assistance food stamps and the nonassistance food stamps for which the participant is eligible.

For purposes of computing the income disregards, the regional market rate for child care, transportation, and other mandatory work-related expenses shall be used. Regional market rates for child care shall be determined in accordance with the Alternative Payment Program as provided for under Article 3 (commencing with Section 8220) of Chapter 2 of Part 6 of the Education Code

(m) This section shall become operative on January 1, 1991.

SEC. 9. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted within 120 days of the enactment of this act in order to implement this act shall not be subject to review and approval of the Office of Administrative Law. The regulations shall not remain in effect more than 120 days unless the adopting agency complies with all the provisions of Chapter 3.5 as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 10. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the state may take advantage of additional federal funding available for the Greater Avenues for Independence (GAIN) program by way of conforming the GAIN program to federal law, it is necessary that this act take effect immediately.

CHAPTER 78

An act to amend Section 25210.5 of, and to add Section 25210.59 to, the Government Code, relating to county service areas.

[Approved by Governor June 30, 1989. Filed with Secretary of State June 30, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.5 of the Government Code is amended to read:

25210.5. As used in this chapter, "structural fire protection" includes protection against all fires occurring within a county service area except those for which protection is provided pursuant to Section 25642, and shall include fire prevention, hazard abatement, and enforcement of the Uniform Fire Code as adopted by the State Fire Marshal in Section 1.09 of Title 19 of the California Code of Regulations.

SEC. 2. Section 25210.59 is added to the Government Code, to read:

25210.59. A board of supervisors as governing body of a county service area or zone thereof which provides fire protection services shall have the powers authorized by Sections 13916 to 13919, inclusive, of the Health and Safety Code.

CHAPTER 79

An act to amend Section 412.20 of the Code of Civil Procedure, relating to civil actions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1989 Filed with Secretary of State June 30, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 412.20 of the Code of Civil Procedure is amended to read:

412.20. (a) Except as otherwise required by statute, a summons shall be directed to the defendant, signed by the clerk and issued under the seal of the court in which the action is pending, and it shall contain:

(1) The title of the court in which the action is pending.

(2) The names of the parties to the action.

(3) A direction that the defendant file with the court a written pleading in response to the complaint within 30 days after summons is served on him or her. In justice courts, the direction shall be that

the defendant file with the court a written pleading, or cause an oral pleading to be entered in the docket, in response to the complaint within 30 days after summons is served on him or her.

(4) A notice that, unless the defendant so responds, his or her default will be entered upon application by the plaintiff, and the plaintiff may apply to the court for the relief demanded in the complaint, which could result in garnishment of wages, taking of money or property, or other relief.

(5) The following statement in boldface type: "You may seek the advice of an attorney in any matter connected with the complaint or this summons. Such attorney should be consulted promptly so that your pleading may be filed or entered within the time required by this summons."

(6) The following introductory legend at the top of the summons above all other matter, in boldface type, in English and Spanish:

"Notice! You have been sued. The court may decide against you without your being heard unless you respond within 30 days. Read information below."

(b) Each county may, by ordinance, require that the legend contained in paragraph (6) of subdivision (a) be set forth in every summons issued out of the courts of that county in any additional foreign language, if the legend in such additional foreign language is set forth in the summons in the same manner as required in such paragraph.

(c) A summons in a form approved by the Judicial Council is deemed to comply with this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Spanish-speaking population of this state and other foreign language citizens will continue to receive notice of a summons served upon them in a civil action in their primary language, the requirement of which has been in effect since January 1, 1975, it is necessary that this act go into immediate effect.

CHAPTER 80

An act to amend Section 23158 of the Vehicle Code, relating to drivers.

[Approved by Governor June 30, 1989 Filed with Secretary of State June 30, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 23158 of the Vehicle Code is amended to read:

23158. (a) Only a licensed physician and surgeon, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist or clinical laboratory bioanalyst, unlicensed laboratory personnel regulated pursuant to Sections 1242, 1242.5, and 1246 of the Business and Professions Code, or certified paramedic acting at the request of a peace officer may withdraw blood for the purpose of determining the alcoholic content therein. This limitation does not apply to the taking of breath specimens. An emergency call for paramedic services takes precedence over a peace officer's request for a paramedic to withdraw blood for determining its alcoholic content. A certified paramedic shall not withdraw blood for this purpose unless authorized by his or her employer to do so.

(b) The person tested may, at his own expense, have a licensed physician and surgeon, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist or clinical laboratory bioanalyst, unlicensed laboratory personnel regulated pursuant to Sections 1242, 1242.5, and 1246 of the Business and Professions Code, or any other person of his or her own choosing administer a test in addition to any test administered at the direction of a peace officer for the purpose of determining the amount of alcohol in the person's blood at the time alleged as shown by chemical analysis of his or her blood, breath, or urine. The failure or inability to obtain an additional test by a person does not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

(c) Upon the request of the person tested, full information concerning the test taken at the direction of the peace officer shall be made available to the person or the person's attorney.

(d) Notwithstanding any other provision of law, no licensed physician and surgeon, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist or clinical laboratory bioanalyst, unlicensed laboratory personnel regulated pursuant to Sections 1242, 1242.5, and 1246 of the Business and Professions Code, or certified paramedic, or hospital, laboratory, or clinic employing or utilizing the services of the licensed physician and surgeon, registered nurse, licensed vocational nurse, duly licensed laboratory technologist or clinical laboratory bioanalyst, unlicensed laboratory personnel regulated pursuant to Sections 1242, 1242.5, and 1246 of the Business and Professions Code, or certified paramedic, owning or leasing the premises on which tests are performed, shall incur any civil or criminal liability as a result of the administering of a blood test in a reasonable manner in a hospital, medical laboratory, or medical clinic environment, according to accepted medical practices, without violence by the person administering the test, and when requested in writing by a peace officer to administer the test.

(e) If the test given under Section 23157 is a chemical test of urine, the person tested shall be given such privacy in the taking of the urine specimen as will ensure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved.

(f) The department, in cooperation with the State Department of

Health Services or any other appropriate agency, shall adopt uniform standards for the withdrawal, handling, and preservation of blood samples prior to analysis.

(g) As used in this section, "certified paramedic" does not include any employee of a fire department.

(h) Consent, waiver of liability, or the offering to, acceptance by, or refusal of consent or waiver of liability by the person on whom a test is administered, is not an issue or relevant to the immunity from liability for medical personnel or the medical facility under subdivision (d).

CHAPTER 81

An act to amend Section 8360 of, to add Sections 62000.6, 62000.9, 62000.10, and 62000.12 to, and to repeal Section 62000.4 of, the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1989. Filed with Secretary of State June 30, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 8360 of the Education Code is amended to read:

8360. (a) Child development programs shall include a career ladder program for classroom staff. Persons who are 18 years of age and older may be employed as aides and may be eligible for salary increases upon the completion of additional semester units in childhood education or child development. Individuals who have six semester units in early childhood education or child development and prior field experience who pass a field-based assessment may be employed on a provisional basis.

Persons may also be employed as teachers under an emergency permit if they meet the requirements of either of the following:

(1) They have at least 12 semester units in child growth and development, child, family, and community, or early childhood education programming and curriculum, a minimum of two years of field experience, and are enrolled in a training program leading to additional semester units.

(2) They are employed with a children's center instructional permit requiring 24 semester units of early childhood education or child development. Teachers shall not be required to pass the basic skills proficiency test in order to qualify for a children's center instructional permit.

The governing board of each contracting agency shall be encouraged to provide teachers and aides with salary increases for the successful completion of six semester unit increments of early

childhood education or child development.

(b) Except as waived under Section 8242 the governing board of a public or private agency as defined within Section 8208 shall employ as teachers or supervisors in a child care and development program only such persons who hold child care and development permits issued by the Commission on Teacher Credentialing. Any person holding a credential authorizing teaching service in elementary schools issued by the State Board of Education or the commission with either 12 units of training or at least two years' experience in early childhood education or a child care and development program, or holding a single subject credential in home economics with either 12 units of training or at least two years' experience in early childhood education or a child care and development program is deemed to hold a regular child care and development permit that will authorize supervision and instruction of children or supervision of a child development program. The filing with the county superintendent of schools of a regulation of a governing board or a public health agency requiring a physical examination of persons employed in programs shall be deemed to be the issuance of a valid permit except for persons employed in positions pertaining to the supervision and instruction of children or supervision of a program. Each person employed by the governing board of a public or private agency as defined within Section 8208 for a position requiring a permit shall, not later than 95 days after the date fixed by the governing board of the agency for the commencement of his or her service, file with the county superintendent of schools a valid permit issued on or before such date, authorizing him or her to serve in a position for which he or she was employed, and shall, not later than 95 days after the renewal thereof, file the renewed permit in the same manner.

(c) Any teacher employed in a child care and development program immediately prior to July 28, 1980, who continues to be so employed on and after July 28, 1980, and who does not possess the qualifications contained in subdivision (b), shall, notwithstanding subdivision (b), also be deemed to hold a regular child care and development permit and may continue his or her employment, provided that he or she demonstrates progress toward attainment of the qualifications and meets the requirements under subdivision (b) by January 1, 1983. Notwithstanding any other provision of law the continued employment of any teacher described in this subdivision after July 28, 1980, and before the effective date of the act which amended this section at the 1981 portion of the 1981–82 Regular Session of the Legislature is hereby validated, ratified, confirmed, and declared legally effective if the continued employment would have been authorized by this subdivision had it been effective during that time. This authorization shall apply to all acts, all contracts, and all funds expended in the continued employment of teachers to which this subdivision applies. The requirements under subdivision (b) shall be met for any teacher employed in a child care and

development program that is hired on or after July 28, 1980.

SEC. 2. Section 62000.4 of the Education Code is repealed.

SEC. 3. Section 62000.6 is added to the Education Code, to read:

62000.6. (a) The following programs shall sunset on June 30, 1989:

(1) Adult education programs.

(2) Indian education centers.

(b) The following program shall sunset on June 30, 1994:

(1) Child development and preschool programs.

SEC. 4. Section 62000.9 is added to the Education Code, to read:

62000.9. (a) The following program shall sunset on June 30, 1989:

(1) Adult education.

(b) The following program shall sunset on June 30, 1994:

(1) Child development and preschool programs.

SEC. 5. Section 62000.10 is added to the Education Code, to read:

62000.10. (a) The following program shall sunset on June 30, 1989:

(1) Indian education centers.

(b) The following program shall sunset on June 30, 1994:

(1) Child development and preschool programs.

SEC. 6. Section 62000.12 is added to the Education Code, to read:

62000.12. The following program shall sunset on June 30, 1994:

(a) Child development and preschool programs.

SEC. 7. The State Department of Education shall conduct a study of the impact on the quality of adult to child ratios of 1:8, 1:9, and 1:10 in child development classrooms for children who are three to five years of age. The study shall be submitted in a report to the Legislature on or before January 15, 1992. The department shall contract with an independent contractor to administer and prepare a report on the study. The study shall, to the extent feasible, utilize data collected from a minimum of 200 classrooms or 25 percent of the existing child development sites. Any costs incurred by the department in contracting for the study shall be paid from funds available pursuant to Section 8278. The Superintendent of Public Instruction shall provide a waiver from the required adult-to-child ratios of this section for the three-year period during which the study is conducted, upon the request of any child care and development contractor for permission to participate voluntarily in the study.

SEC. 8. The statutory provisions and regulations governing the establishment and operation of child development and preschool programs pursuant to Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code, which became inoperative pursuant to the operation of any provision in Chapter 2, and any other statutory provisions necessary for the effective administration of those programs, are hereby reactivated.

SEC. 9. Section 8 of this bill shall become operative only if child development and preschool programs became inoperative on June 30, 1989, pursuant to the operation of any provision in Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code.

SEC. 10. (a) Section 3 shall become operative only if this bill is chaptered and neither AB 335 nor AB 1901 has been chaptered and become effective.

(b) If Section 3 becomes operative on or before January 1, 1990, and AB 1901 subsequently becomes effective on or before January 1, 1990, Section 3 shall be repealed on the effective date of AB 1901, and Section 4 shall become operative on the effective date of AB 1901.

SEC. 11. Except as provided in subdivision (b) of Section 10, Section 4 shall become operative only if this bill and AB 1901 are chaptered and become effective on or before January 1, 1990, this bill is chaptered after AB 1901, and AB 335 has not been chaptered.

(12) Section 5 shall become operative only if this bill is chaptered and becomes effective on or before January 1, 1990, this bill is chaptered after AB 335, and AB 1901 has not been chaptered.

SEC. 13. (a) Section 6 shall become operative only if this bill and both AB 335 and AB 1901 are chaptered and become effective on or before January 1, 1990. If AB 1901 becomes effective after this bill, Section 5 shall be repealed on the effective date of AB 1901 and Section 6 shall become operative on the effective date of AB 1901.

(b) If Section 6 of this bill becomes operative, Sections 3, 3.5, and 4, of this bill shall be repealed on the date Section 6 becomes operative.

SEC. 14. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to exempt child development and preschool programs from the provisions of Part 34 (commencing with Section 62000) of the Education Code, relative to the termination of certain educational programs, at the earliest possible time, and in order to ensure that state statutes and regulations governing the operation of these programs will continue to apply after the scheduled June 30, 1989, program termination date, it is necessary that this act take effect immediately.

CHAPTER 82

An act to amend Sections 35735, 39619, 39619.2, 41341, 41841.5, 42238.4, 42241.2, 49536, 52616, 54022, 54029, and 60246 of, to add Sections 35294.1, 39619.4, 41851.1, 42238.15, 42251, 54030, 54031, 54032, and 54033 to, to add and repeal Sections 14022.3 and 14022.5 of, to add Article 9 (commencing with Section 54760) to Chapter 9 of Part 29 of, to add and repeal Chapter 2 (commencing with Section 41200) of Part 24 of, the Education Code, to amend Sections 7901, 7906, 7907, 7908, and 13337 of the Government Code, and to add Section 13864 to the Penal Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1989 Filed with Secretary of State June 30, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 14022.3 is added to the Education Code, to read:

14022.3. (a) For purposes of calculating "increases in enrollment" pursuant to paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, the term "enrollment" for school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services means the sum of the following:

(1) Second principal apportionment regular average daily attendance for kindergarten and grades 1 to 12, inclusive, as defined in subdivision (b) of Section 42238.5.

(2) Annual average daily attendance for county offices of education, as calculated pursuant to subdivision (c) of Section 41601.

(b) Any determination or computation of enrollment for purposes of this section shall be based upon actual data from prior years. For the next succeeding year, any determination or computation of enrollment for purposes of this section shall be the estimated enrollment, adjusted as actual data become available.

(c) This section shall remain in effect only until July 1, 1990, and as of that date is repealed, unless Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 2. Section 14022.5 is added to the Education Code, to read:

14022.5. (a) For purposes of Section 8.5 of Article XVI of the California Constitution, the term "enrollment" shall have the following meaning for school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services:

(1) In school districts:

(A) The average daily attendance of each school district reported

for the second principal apportionment pursuant to Section 41601.

(B) The annual average daily attendance for adult education programs and classes, as determined under subdivision (d) of Section 41601.

(C) The annual average daily attendance for regional occupational centers and programs, as determined under subdivision (d) of Section 41601.

(D) The average daily attendance of apprentices enrolled in any class and reported pursuant to Section 8150, except that one unit of average daily attendance, for purposes of this paragraph, shall equal 525 hours of apprenticeship instruction in an apprenticeship program operated pursuant to Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code.

(E) (i) The annual average daily attendance for children enrolled in a state preschool program under the Child Care and Development Services Act (Chapter 2 (commencing with Section 8200) of Part 6), except that one unit of average daily attendance, for purposes of this clause, shall equal 700 hours of child care or preschool services.

(ii) The annual average daily attendance for children enrolled in any other program under the Child Care and Development Services Act (Chapter 2 (commencing with Section 8200) of Part 6), except that one unit of average daily attendance, for purposes of this clause, shall equal 250 days of child care services. For the purposes of this clause, less than four hours per day of child care services shall be defined as one-half day, from four up to six and one-half hours per day shall be defined as three-fourths day, and six and one-half hours or more per day shall be defined as one full day.

(F) The annual average daily attendance of pupils enrolled in summer school, computed pursuant to Section 42239, except that one unit of average daily attendance shall equal 700 hours of summer school instruction in an approved summer school program.

(G) The annual average daily attendance for pupils enrolled in an educational program offered by a county office of education, as determined pursuant to subdivisions (b) and (c) of Section 41601.

(2) In community college districts:

(A) The annual average daily attendance of a community college district computed pursuant to Chapter 4 (commencing with Section 84500) of Part 50, until Section 84750 becomes operative, and thereafter the number of full-time equivalent students as computed pursuant to Section 84750.

(B) The annual average daily attendance for evening community college programs designated as adult schools pursuant to Section 78401, as determined pursuant to Section 78405.

(C) The annual average daily attendance of apprentices enrolled in any class and reported pursuant to Section 8150, except that one unit of average daily attendance, for purposes of this paragraph, shall equal 525 hours of apprenticeship instruction in an apprenticeship program operated pursuant to Chapter 4 (commencing with Section

3070) of Division 3 of the Labor Code.

(3) In state agencies that provide direct elementary and secondary level instructional services:

(A) The annual average daily attendance equivalent for pupils enrolled in the State Schools for the Handicapped pursuant to Part 32 (commencing with Section 59000).

(B) The annual average daily attendance equivalent for pupils attending an educational program administered by the Department of the Youth Authority pursuant to Article 6 (commencing with Section 1120) and Article 10 (commencing with Section 1250) of Part 1 of Division 2 of Chapter 3 of the Welfare and Institutions Code.

(C) The annual average daily attendance equivalent for pupils in the state hospitals operated by the State Department of Developmental Services pursuant to Chapter 8 (commencing with Section 56850) of Part 30.

(b) Any determination or computation of enrollment for purposes of this section shall be based upon actual data from prior years. For the next succeeding year, any determination or computation of enrollment for purposes of this section shall be the estimated enrollment, adjusted as actual data become available.

(c) This section shall remain in effect only until July 1, 1990, and as of that date is repealed, unless Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 3. Section 35294.1 is added to the Education Code, to read:

35294.1. (a) The governing board of a school district, on behalf of one or more schools within the district that have developed a school safety plan, may apply to the Superintendent of Public Instruction for a grant to implement school safety plans. A grant shall be awarded only for school safety plans that include the following criteria:

(1) Assessment of the recent incidence of crime committed on the school campus.

(2) Identification of appropriate strategies and programs that will provide or maintain a high level of school safety.

(3) Development of an action plan, in conjunction with local law enforcement agencies, for implementing appropriate safety strategies and programs, and determining the fiscal impact of executing the strategies and programs. The action plan shall identify available resources which will provide for implementation of the plan.

(b) The Superintendent of Public Instruction shall award grants pursuant to this section to school districts for the implementation of individual school safety plans in an amount not to exceed fifteen thousand dollars ($15,000) for each school. No grant shall be made unless the school district makes available, for purposes of implementing the school safety plans, an amount of funds equal to the amount of the grant. Grants should be awarded through a competitive process, based upon criteria including, but not limited

to, (1) the merit of the proposal and (2) the need for imposing school safety, based on school crime rates.

(c) Any school district receiving a grant under this section shall report to the Superintendent of Public Instruction annually for three consecutive years following the receipt of the grant concerning the impact of the implementation of the school safety plan on the incidence of crime on the campus of the school.

SEC. 4. Section 35735 of the Education Code is amended to read:

35735. (a) Any proposal for reorganization of school districts shall include a computation of the revenue limit per unit of average daily attendance for the proposed new district. That provision shall be an inherent part of the proposal and shall not be construed as a separate proposition. That revenue limit per unit of average daily attendance shall be equal to the revenue limit which would be produced by adding (1) for the second fiscal year prior to the fiscal year in which the reorganization becomes effective for all purposes, the sum of the revenue limit of each of the districts proposed to be wholly included and the proportional share of the revenue limit of each district to be partially included in the proposed reorganized district is divided by the total number of units of average daily attendance that would have been in the proposed reorganized district had it been reorganized the second fiscal year prior to the fiscal year in which the reorganization becomes effective for all programs, plus (2) the revenue limits per unit of average daily attendance required to equal the amount of the difference between (A) the average certificated salary and fringe benefits, and (B) the amount of the difference between the average classified salary and fringe benefits of each of the component districts or any portion of a district during the second school year prior to that in which the district becomes effective for all purposes and the highest average certificated salary and fringe benefits and highest average classified salary and fringe benefits of any component district included in the proposal multiplied by the number of employees in each category less the number of employees in each category of the district or districts having the highest average salary and fringe benefits, plus (3) the inflation adjustment specified in Section 42238.1 for the fiscal year immediately preceding the year in which the reorganization becomes effective for all purposes, plus (4) the inflation adjustment specified in Section 42238 1 for the fiscal year in which the reorganization becomes effective for all purposes plus any other base revenue limit increases for which the district would have been eligible had it been reorganized in the second fiscal year prior to the year the reorganization became effective.

In computing the increase in the revenue limit in clause (2), any school district or, a portion of a district to be included in a proposal may be considered in determining the highest average salary or fringe benefits provided that the school district, or a portion of a district, contains at least 25 percent of the total number of certificated and classified employees in the proposed reorganized

district. "Salary and fringe benefits" shall be a single item of compensation and shall not be separately calculated.

The revenue limit per unit of average daily attendance for the reorganized district shall not be greater than the amount set forth in the proposal as approved by the county committee on school district organization or the State Board of Education except that the amount shall be increased pursuant to clauses (3), (4), and (5).

This section shall apply to any transfer of pupils by grade level between elementary and high school districts and, in any case, no transfer of seventh and eighth grade pupils from an elementary district to a high school district, or vice versa, shall result in the receiving district getting a revenue limit apportionment for those pupils which exceeds 105 percent of the statewide average revenue limit for the receiving district's type and size.

(b) Subdivision (a) shall not apply to any unification, consolidation, or other reorganization of school districts occurring pursuant to voter approval at an election held on or before the effective date of the act that added this subdivision, which reorganization shall be governed, instead, by the predecessor to this section as added by Chapter 1192 of the Statutes of 1980.

(c) Where the territorial jurisdiction of any school district was revised pursuant to a unification, consolidation, or other reorganization, occurring on or before July 1, 1989, that resulted in a school district having a larger territorial jurisdiction than the original school district had prior to the reorganization, and a reorganization of school districts occurs on or after the effective date of the act that added this subdivision that results in a school district having a territorial jurisdiction that is substantially the same, as determined by the State Board of Education, as the territorial jurisdiction of that original school district prior to the most recent reorganization occurring on or before July 1, 1989, the revenue limit of the school district resulting from the subsequent reorganization shall be the same, notwithstanding subdivision (a), as the revenue limit that was determined for the original school district prior to the most recent reorganization occurring on or before July 1, 1989.

SEC. 5. Section 39619 of the Education Code is amended to read:

39619. (a) Whenever, in any given fiscal year, a school district has budgeted, exclusive of state matching funds and district funds previously matched pursuant to subdivision (b), in its deferred maintenance fund established pursuant to Section 39618 an amount equal to, or greater than, that amount the district expended from its general fund for major maintenance, repair, or modernization of existing school buildings, as specified in Section 39618, exclusive of categorical aid funds and any proceeds from the sale of district property which were expended for the purpose of the district deferred maintenance account, in either the 1978–79 or 1979–80 fiscal year, adjusted annually to the current fiscal year in conformance with the percentage change in the district revenue limit computed pursuant to Section 42237 or 42238, the Superintendent of Public

Instruction shall so certify to the State Allocation Board.

(b) The State Allocation Board shall apportion, from the State School Deferred Maintenance Fund, to school districts an amount equal to one dollar ($1) for each one dollar ($1) of local funds up to a maximum of ½ percent of the district's current-year revenue limit average daily attendance multiplied by the average, per unit of average daily attendance, of the total general funds and adult education funds budgeted by districts of similar size and type, as defined in Section 42238.4, for the prior fiscal year, exclusive of any amounts budgeted for capital outlay or debt service, to the extent of funds available pursuant to Chapter 24 (commencing with Section 17780) of Part 10.

(c) Notwithstanding subdivision (a), in order to be eligible to receive state aid pursuant to subdivision (b), no district shall be required to budget from local district funds an amount greater than ½ percent of the district's current-year revenue limit average daily attendance, multiplied by the average, per unit of average daily attendance, of the total general funds and adult education funds budgeted by districts of similar size and type, as defined in Section 42238.4 for the prior fiscal year, exclusive of any amounts budgeted for capital outlay or debt service.

SEC. 6. Section 39619.2 of the Education Code is amended to read:

39619.2. (a) School districts may submit applications to the State Allocation Board for deferred maintenance funding in addition to the amounts specified in Section 39619. In order to be eligible for an additional apportionment, a school district shall do all of the following:

(1) Certify that if an additional apportionment is provided, the district will have matched the additional apportionment amount with an equal amount of district funds that have not been previously used as a match for state aid.

(2) Certify an additional claim of not greater than one-half of 1 percent of the district's current-year revenue limit average daily attendance, multiplied by the average, per unit of average daily attendance, of the total general funds and adult education funds budgeted by districts of similar size and type, as defined in Section 42238.4 for the prior fiscal year, excluding any amounts budgeted for capital outlay or debt service, but including adult education funds.

(3) Certify that any additional funds will be used to meet deferred maintenance identified in the district's five-year deferred maintenance plan.

(b) The State Allocation Board shall establish rules and regulations regarding the formulas used to apportion additional funds pursuant to this section.

(c) It is the intent of the Legislature that state funds for deferred maintenance be drawn first from excess bond repayments by school districts, revenues pursuant to subdivision (f) of Section 6217 of the Public Resources Code, and proceeds from existing general

obligation bonds.

SEC. 7. Section 39619.4 is added to the Education Code, to read:

39619.4. Notwithstanding any other provision of law, for the 1988–89 fiscal year, school districts may transfer matching funds to the deferred maintenance fund by September 1, 1989, based on the average determined in subdivision (b) of Section 39619.

SEC. 8. Chapter 2 (commencing with Section 41200) is added to Part 24 of the Education Code, to read:

CHAPTER 2. DETERMINATION OF MINIMUM LEVEL OF EDUCATION FUNDING

41200. (a) The Legislature finds and declares that the California Constitution, as amended by "The Classroom Instructional Improvement and Accountability Act" as adopted by the voters on November 8, 1988, mandates that a specific minimum level of state General Fund revenues be guaranteed and applied for the support of school districts, community college districts, and state agencies that provide direct elementary and secondary level instructional services. The Legislature further finds and declares that, by defining certain terms used in establishing a method of calculation for determining the guaranteed minimum level of funding, Section 14022.3, 14022.5, and this chapter further the purposes of "The Classroom Instructional Improvement and Accountability Act."

(b) It is the intent of the Legislature that the annual Budget Bill, required by Section 12 of Article IV of the California Constitution, include a section that specifies the respective percentages and amounts of General Fund revenues that must be set aside and applied for the support of school districts, community college districts, and the direct elementary and secondary level instructional services of state agencies, as required by subdivision (b) of Section 8 of Article XVI of the California Constitution.

41202. The words and phrases set forth in subdivision (b) of Section 8 of Article XVI of the Constitution of the State of California shall have the following meanings:

(a) "Monies to be applied by the state," as used in subdivision (b) of Section 8 of Article XVI of the California Constitution, means appropriations from the General Fund that are made for allocation to school districts, as defined, or community college districts. An appropriation that is withheld, impounded, or made without provisions for its allocation to school districts or community college districts, shall not be considered to be "monies to be applied by the state."

(b) "State General Fund revenues which may be appropriated pursuant to Article XIII B," as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI, means General Fund revenues that are the proceeds of taxes as defined by subdivision (c) of Section 8 of Article XIII B of the California Constitution, including, for the 1986–87 fiscal year only, any revenues that are determined to be in

excess of the appropriations limit established pursuant to Article XIII B for the fiscal year in which they are received. General Fund revenues for a fiscal year to which paragraph (1) is being applied shall include, in that computation, only General Fund revenues for that fiscal year that are the proceeds of taxes, as defined in subdivision (c) of Section 8 of Article XIII B of the California Constitution, and shall not include prior fiscal year revenues. The amount of the proceeds of taxes shall be computed for any fiscal year in a manner consistent with the manner in which the amount of the proceeds of taxes was computed by the Department of Finance for purposes of the Governor's Budget for the Budget Act of 1986.

(c) "State General Fund revenues appropriated for school districts," as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to school districts, as defined in Section 41302.5, regardless of whether those appropriations were made from the General Fund to the Superintendent of Public Instruction, to the Controller, or to any other fund or state agency for the purpose of allocation to school districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (1) of subdivision (b) of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(d) "State General Fund revenues appropriated for community college districts," as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to community college districts, regardless of whether those appropriations were made from the General Fund to the Controller, to the Chancellor of the California Community Colleges, or to any other fund or state agency for the purpose of allocation to community college districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (1) of subdivision (b) of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(e) "Total allocations to school districts and community college districts from the State General Fund proceeds of taxes appropriated pursuant to Article XIII B," as used in paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to school districts, as defined in Section 41302.5, and community college districts, regardless of whether those appropriations were made from the General Fund to the Controller, to the Superintendent of Public Instruction, to the Chancellor of the California Community Colleges, or to any other fund or state agency for the purpose of allocation to

school districts and community college districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (2) of Section 8 of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(f) "State General Fund revenues appropriated for school districts and community college districts, respectively" and " monies to be applied by the state for the support of school districts and community college districts," as used in Section 8 of Article XVI of the California Constitution, shall include funds appropriated for the Child Care and Development Services Act pursuant to Chapter 2 (commencing with Section 8200) of Part 6 and shall not include any of the following:

(1) Any appropriation that is not made for allocation to a school district, as defined in Section 41302.5, or to a community college district regardless of whether the appropriation is made for any purpose that may be considered to be for the benefit to a school district, as defined in Section 41302.5, or a community college district. This paragraph shall not be construed to exclude any funding appropriated for the Child Care and Development Services Act pursuant to Chapter 2 (commencing with Section 8200) of Part 6.

(2) Any appropriation made to the Teachers' Retirement Fund or to the Public Employees' Retirement Fund except those appropriations for reimbursable state mandates.

(3) Any appropriation made to service any public debt.

(g) "Allocated local proceeds of taxes," as used in paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means, for school districts as defined, those local revenues, except revenues identified pursuant to paragraph (5) of subdivision (h) of Section 42238, that are used to offset state aid for school districts in calculations performed pursuant to Sections 2558, 42238, and 56712.

(h) "Allocated local proceeds of taxes," as used in paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means, for community college districts, those local revenues that are used to offset state aid for community college districts in calculations performed pursuant to Section 84700. In no event shall the revenues or receipts derived from student fees be considered "allocated local proceeds of taxes."

(i) For the purposes of calculating the 4 percent entitlement pursuant to subdivision (a) of Section 8.5 of Article XVI of the California Constitution, "the total amount required pursuant to Section 8(b)" shall mean the State General Fund aid required for schools pursuant to Section 8(b), and shall not include allocated local proceeds of taxes.

41203. Any calculation of the monies to be applied by the state for the support of school districts and community college districts, pursuant to subdivision (b) of Section 8 of Article XVI of the

California Constitution, shall be made as a single, aggregate calculation for the school districts serving kindergarten and grades 1 to 12, inclusive, for the community college districts, and for the direct elementary and secondary level instructional services provided by the State of California.

41203.1. (a) For the 1990–91 fiscal year and each fiscal year thereafter, allocations calculated pursuant to Section 41203 shall be distributed in accordance with calculations provided in this section. Notwithstanding Section 41203, and for the purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for the purposes of this calculation under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989–90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), then the amount calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) This section shall become operative July 1, 1990, only if Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

41203.2. For purposes of the calculations pursuant to subdivision (a) of Section 41203.1 for the 1990–91 fiscal year, the total allocations to community college districts in the 1989–90 fiscal year, as that term is defined in subdivision (e) of Section 41202, shall include funds appropriated pursuant to paragraph (2) of subdivision (b) of Section 36 of the act that adds this section to the Education Code.

41204. (a) It is the intent of the Legislature, pursuant to "The Classroom Instructional Improvement and Accountability Act," that school districts, as defined in Section 41302.5, and community college districts, as constituted during 1986–87 fiscal year, annually receive a basic minimum portion of the revenues that were deposited to the General Fund in that year.

(b) In recognition of this intent, it is further the intent of the Legislature that both houses and the Governor be guided by the following:

(1) If the revenues of a tax that were deposited in the General

Fund in the 1986–87 fiscal year are redirected to any local governmental entity, then the percentages of General Fund revenues required to be applied by the state for the support of school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services shall be recalculated as if those revenues were not deposited in the General Fund in the 1986–87 fiscal year.

(2) If the allocated local proceeds of taxes, as defined by subdivisions (g) and (h) of Section 41202, received by a school district or community college district during the 1986–87 fiscal year, are redirected to other entities or statutorily or constitutionally reduced or eliminated, the additional General Fund support provided to replace the allocated local proceeds of taxes may not be counted as General Fund revenues required to be applied for the support of school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services pursuant to paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, unless the percentage of General Fund revenues appropriated to school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services in the 1986–87 fiscal year is adjusted to reflect the amount of General Fund support that would have been provided in the 1986–87 fiscal year had the allocated local proceeds of taxes been correspondingly reduced.

(c) No appropriation of funding to be allocated to school districts, as defined in Section 41302.5, or community college districts, for the support of any program or activity of either or both of those entities, that is not an ordinary or historical responsibility of one or both of those entities shall be credited toward the state's funding obligation under subdivision (b) of Section 8 of Article XVI of the California Constitution.

41205. The Legislature hereby finds and declares that the only state agencies that provide direct elementary and secondary level instructional services within the meaning of Section 41302.5 are those state agencies enumerated in Section 8880.5 of the Government Code, or in any successor to that section, not including any agency enumerated in any of subdivisions (a) to (f), inclusive, of that section. The amount of any appropriation made to a state agency for direct elementary and secondary level instruction services shall be determined by applying the definition of those services, as defined in the State School of Accounting Manual, to the expenditures of the agency.

41206. (a) For purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution, all determinations of percentages, amounts, revenues, appropriations, allocations, proceeds of taxes, increases in cost of living, or enrollments shall be based upon the best available estimate until actual data becomes available, and then upon actual data when it is available.

(b) Within nine months following the end of any fiscal year, the

Superintendent of Public Instruction and the Director of Finance shall recalculate, as necessary, and jointly certify all actual data pertaining to school districts, as defined, for the prior fiscal year. Any amount of funding required by subdivision (b) of Section 8 of Article XVI of the California Constitution to be appropriated to school districts for that year, less any amounts already appropriated for that year, shall be set aside by the Controller and, if not appropriated to school districts by the Legislature within 90 days, shall be allocated to school districts by the Controller in proportion to the enrollment in school districts as determined for purposes of Section 8.5 of Article XVI of the California Constitution.

(c) Within nine months following the end of any fiscal year, the Chancellor of the California Community Colleges and the Director of Finance shall recalculate, as necessary, and jointly certify all actual data pertaining to community college districts, as defined, for the prior fiscal year. Any amount of funding required by subdivision (b) of Section 8 of Article XVI of the California Constitution to be appropriated to community college districts for that year, less any amounts already appropriated for that year, shall be set aside by the Controller and, if not appropriated to community college districts by the Legislature within 90 days, shall be allocated to community college districts by the Controller in proportion to the enrollment in community college districts as determined for purposes of Section 8.5 of Article XVI of the California Constitution.

41207. This chapter shall remain in effect only until July 1, 1990, and as of that date is repealed, unless Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 9. Section 41341 of the Education Code is amended to read:

41341. (a) If, during any fiscal year, there is apportioned to a school district or to any fund from Section A of the State School Fund at least one hundred dollars ($100) more or at least one hundred dollars ($100) less than the amount to which the district or fund was entitled, the Superintendent of Public Instruction, in accordance with regulations that he or she is hereby authorized to adopt, not later than the first succeeding fiscal year from the fiscal year in which the computational error was made, shall withhold from, or add to, the apportionment made during that fiscal year, the amount of the excess or deficiency, as the case may be. Notwithstanding any other provision of this code to the contrary, excesses withheld or deficiencies added by the Superintendent of Public Instruction under this subdivision shall be added to or allowed from any portion of the State School Fund.

(b) If, during any fiscal year, there is apportioned to a community college district or to any fund from Section B of the State School Fund at least one hundred dollars ($100) more or at least one hundred dollars ($100) less than the amount to which the district or fund was entitled, the Chancellor of the California Community Colleges, in accordance with regulations that he or she is hereby

authorized to adopt, not later than the first succeeding fiscal year from the fiscal year in which the computational error was made, shall withhold from, or add to, the apportionment made during that fiscal year, the amount of the excess or deficiency, as the case may be. Notwithstanding any other provision of this code to the contrary, excesses withheld or deficiencies added by the Chancellor of the California Community Colleges under this subdivision shall be added to or allowed from any portion of the State School Fund.

SEC. 10. Section 41841.5 of the Education Code is amended to read:

41841.5. (a) The Superintendent of Public Instruction shall allow to each school district maintaining a secondary school an amount equal to the actual current expense of the district of maintaining adult education classes for prisoners in any county jail, or any county industrial farm or county or joint county road camp for the current fiscal year. The amount so allowed to a district for each unit of average daily attendance in these classes shall in no event exceed the statewide average revenue limit for adults multiplied by 0.8.

Each school district shall receive advanced apportionments as authorized by Sections 41330, 41332, and 41335 on the basis of the cost data report of the district for the preceding fiscal year and each district shall file a preliminary cost data report based upon estimated current expenses.

For purposes of this section, the Superintendent of Public Instruction shall, by rules and regulations, establish minimum standards for the conduct of the adult education classes, including, but not necessarily limited to, attendance requirements and requirements concerning records to be kept and reports to be submitted.

(b) There is hereby appropriated from the General Fund to Section A of the State School Fund the following sums for the following fiscal years for the purposes of subdivision (a):

(1) For the 1980–81 fiscal year	$1,020,100
(2) For the 1981–82 fiscal year and each fiscal year thereafter	$1,113,000

Commencing with the 1982–83 fiscal year, the amounts in paragraph (2) shall be cumulatively increased by 6 percent, unless otherwise provided by law. Commencing with the 1988–89 fiscal year, the amounts in paragraph (2) shall be increased by the percentage change determined pursuant to subdivision (b) of Section 42238.1.

SEC. 11. Section 41851.1 is added to the Education Code, to read:

41851.1. (a) For the 1989–90 fiscal year, from Section A of the State School Fund, the Superintendent of Public Instruction shall apportion to each school district or county superintendent of schools, as appropriate, an amount computed pursuant to this section. School districts and county superintendents of schools that provide

transportation services by means of a joint powers agreement, a cooperative pupil transportation program, or a consortium shall receive transportation allowances pursuant to this section.

(b) For the 1989–90 fiscal year, each school district, joint powers agency, cooperative pupil transportation program, or consortium shall receive a transportation apportionment equal to the greater of the following:

(1) Sixty-five percent of the prior year's approved transportation costs.

(2) The prior year's transportation allowance.

(c) For the 1989–90 fiscal year, each county office of education shall receive a transportation apportionment equal to the greater of the following:

(1) Eighty percent of the prior year's approved transportation costs.

(2) The prior year's transportation allowance.

(d) In the event that funds appropriated for the purposes of this section are not sufficient to fully fund the formula established by that section, the amounts apportioned shall be reduced on a proportionate basis.

SEC. 12. Section 42238.4 of the Education Code is amended to read:

42238.4. (a) For the 1989–90 fiscal year, the county superintendent shall compute an equalization adjustment for each district, except as provided under subdivision (c), so that no district's base revenue limit per unit of average daily attendance is less than the 1988–89 fiscal year statewide average base revenue limit for the appropriate size and type of district listed in subdivision (b) plus the inflation adjustment specified in Section 42238.1 for the current fiscal year for the appropriate type of district. For purposes of this section, both the statewide average base revenue limits and the base revenue limits of each school district shall include any funding received pursuant to Section 54060.5, 54060.6, or 54060.7.

For purposes of this section, the district base revenue limit and the statewide average base revenue limit shall not include any amounts attributable to Section 45023.4, 46200, or 46201.

(b) Subdivision (a) shall apply to the following school districts, which shall be grouped according to size and type as follows:

District	ADA
Elementary	less than 101
High School	less than 301
High School	more than 300
Unified	less than 1,501
Unified	more than 1,500

(c) For the 1989–90 fiscal year, the county superintendent shall compute an equalization adjustment for each elementary school district having an average daily attendance of more than 100 so that

no such district's base revenue limit per unit of average daily attendance is less than the 1987–88 fiscal year statewide average base revenue limit for those districts plus the inflation adjustment specified in Section 42238.1 for those districts for the 1988–89 fiscal year and the current fiscal year.

(d) The Superintendent of Public Instruction shall compute a revenue limit equalization adjustment for each school district's base revenue limit per unit of average daily attendance as follows:

(1) Add the products of the amount computed for each school district by the county superintendent pursuant to subdivision (a) and the average daily attendance used to calculate the district's revenue limit for the current fiscal year.

(2) Divide the amount appropriated for purposes of this section for the current fiscal year by the amount computed pursuant to paragraph (1).

(3) Multiply the amount computed for the school district pursuant to subdivision (a) or (c), as appropriate, by the amount computed pursuant to paragraph (2).

SEC. 13. Section 42238.15 is added to the Education Code, to read:

42238.15. (a) Notwithstanding any other provision of law, and in lieu of any inflation or cost-of-living adjustment otherwise authorized for any of the programs enumerated in subdivision (b), state funding for the programs enumerated in subdivision (b) shall be increased annually by the product of the following:

(1) The sum of 1.0 plus the percentage change determined under subdivision (b) of Section 42238.1.

(2) The sum of 1.0 plus the percentage of increase, from the prior fiscal year to the current fiscal year, in each of the workload factors described in subdivision (b).

(b) The programs for which annual state funding increases are determined under this section, and the factors used to measure workload for each of those programs, are as follows:

(1) Special education programs and services, as measured by the regular second principal apportionment average daily attendance for kindergarten and grades 1 to 12, inclusive.

(2) Child care and development programs, and preschool programs, as measured by the state population of children up to and including four years of age.

(3) Instructional materials for kindergarten and grades 1 to 8, inclusive, as measured by enrollment in kindergarten and grades 1 to 8, inclusive.

(4) Instructional materials for grades 9 to 12, inclusive, as measured by enrollment in those grades.

(5) Regional occupational programs and centers, as measured by enrollment in grades 11 and 12.

(6) School improvement programs in kindergarten and grades 1 to 6, inclusive, as measured by enrollment in kindergarten and grades 1 to 6, inclusive.

(7) School improvement programs in grades 7 to 12, inclusive, as measured by enrollment in those grades.

(8) Economic impact aid, as measured by the number of children aged 5 to 17, inclusive, from families that receive Aid to Families with Dependent Children and the number of pupils of limited English proficiency, as identified pursuant to Section 52163.

(9) Staff development programs, as measured by enrollment in kindergarten and grades 1 to 12, inclusive.

(c) This section shall become operative July 1, 1990, only if Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 14. Section 42251 is added to the Education Code, to read:

42251. (a) For the 1989–90 fiscal year, a school district may increase its revenue limit by the amount calculated pursuant to subdivision (b).

(b) (1) The district shall subtract, from its average daily attendance used for funding in the 1988–89 fiscal year pursuant to Section 42238.5, the amount of average daily attendance used for funding in the 1989–90 fiscal year pursuant to Section 42238.5. If the result is a negative number it shall be deemed to be zero.

(2) (A) Multiply the result obtained pursuant to paragraph (1) by the lesser of the district's 1988–89 fiscal year base revenue limit per unit of average daily attendance or the 1988–89 fiscal year statewide average revenue limit for similar types of districts.

(B) Multiply the product obtained pursuant to subparagraph (A) by 0.25.

(c) A district shall not be entitled to the portion of any adjustment that is attributable to a loss in average daily attendance resulting from a district reorganization plan.

(d) The calculation of reduction of average daily attendance of any school district to determine the district's entitlement to funding pursuant to this section shall not reflect any reduction in average daily attendance resulting from the authorization of district residency for any pupil pursuant to Section 48204.

(e) If the funds made available for purposes of this section are insufficient to fund the amounts calculated pursuant to subdivision (b), the Superintendent of Public Instruction shall reduce the amounts by an equal pro rata percentage.

SEC. 15. Section 42241.2 of the Education Code is amended to read:

42241.2. A school district may add, in the computation of the district's revenue limit pursuant to Section 42238 for the current fiscal year, the amount computed in the preceding fiscal year for Meals for Needy Pupils programs (Article 11 (commencing with Section 49550) of Chapter 9 of Part 27) multiplied by the sum of 1 plus the percentage change determined pursuant to subdivision (b) of Section 42238.1.

SEC. 16. Section 49536 of the Education Code is amended to read:

49536. Commencing with the 1985–86 fiscal year, funds allocated

pursuant to subdivision (a) of Section 41350 to child nutrition entities for school and child care and development program meals pursuant to this article shall be disbursed on the basis of eleven and thirty-five hundredths of a cent ($0.1135) for each breakfast and eleven and thirty-five hundredths of a cent ($0.1135) for each lunch served.

The State Department of Education shall thereafter, prior to July 1 of each subsequent year, prescribe an adjustment in the state meal contribution rates established pursuant to this section for the forthcoming fiscal year. The adjustments shall reflect the changes in the cost of operating a school breakfast and lunch program and shall be made commencing on July 1 of each year. The adjustment shall be the average of the separate indices of the "Food Away From Home Index" for Los Angeles and San Francisco as prepared by the United States Bureau of Labor Statistics.

In giving effect to the cost-of-living provisions of this section, the Department of Education shall use the same month for computation of the percentage change in the cost of living after July 1, 1975. The same month shall be used annually thereafter. The product of any percentage increase or decrease in the average index and the per meal reimbursement disbursement rate shall be adjusted by the amount of any cost-of-living change currently in effect pursuant to the provisions of this section.

Commencing with the 1988–89 fiscal year, the cost-of-living adjustment shall be equal to the percentage change determined pursuant to subdivision (b) of Section 42238.1.

SEC. 17. Section 52616 of the Education Code is amended to read:

52616. The Superintendent of Public Instruction shall determine an adult block entitlement for school districts which maintain education programs for adults. This entitlement shall be paid from appropriations to Section A of the State School Fund as a part of the principal apportionment to school districts.

(a) For the 1983–84 fiscal year, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year calculated pursuant to Provision 1 of Item 6100-156-001 of the Budget Act of 1982 shall be increased by seventy dollars ($70). For the 1984–85 fiscal year to the 1987–88 fiscal year, inclusive, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year shall be increased by an amount equal to 6 percent of the prior year's statewide average adult revenue limit per unit of average daily attendance, provided that no such revenue limit per unit of average daily attendance shall be less than 1.06 times the prior fiscal year's statewide average adult revenue limit per unit of average daily attendance. For the 1988–89 fiscal year and each fiscal year thereafter, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year shall be increased by an amount equal to the percentage change determined pursuant to subdivision (b) of Section 42238.1.

(b) For the purposes of the block entitlement, the district's average daily attendance shall be the lesser of paragraph (1) or (2):

(1) The 1982–83 adult average daily attendance authorized for funding purposes for the programs specified in Section 41976, as specified in Item 6100-156-001 of the Budget Act of 1982, multiplied by 1.025 in the 1983–84 fiscal year and each fiscal year thereafter.

(2) The actual adult average daily attendance for the programs specified in Section 41976.

(c) The adult block entitlement shall be computed by multiplying the adult revenue limit per unit of average daily attendance from subdivision (a) and the adult average daily attendance allowed in subdivision (b). The adult block entitlement shall be deposited in a separate fund of the district to be known as the "adult education fund." Moneys in an adult education fund shall be expended only for adult education purposes. Moneys received for programs other than adult education shall not be expended for adult education.

(d) If the adult average daily attendance of a school district in any fiscal year is less than the adult average daily attendance utilized to compute the funded district adult education block entitlement for that fiscal year, the district shall receive an apportionment only for the actual average daily attendance generated. Any surpluses accrued as a result of average daily attendance not generated in a district's block entitlement shall be reallocated after the annual apportionment by the Superintendent of Public Instruction to provide services to welfare recipients pursuant to Section 33117.5. Any remaining surplus shall be reallocated to meet unanticipated growth in adult education. The receipt of reallocated funds shall not be used for computational purposes for the district's block entitlement for subsequent fiscal years.

(e) Each school district which conducted adult education programs for substantially handicapped adults in activity centers, work activity centers, sheltered workshops, state hospitals, and other community settings, shall set aside an amount of money from its adult education block entitlement equal to its current fiscal year revenue limit times the average daily attendance generated in these facilities in the 1979–80 fiscal year times 1.02, subject to the following:

(1) The classes and courses offered in activity centers, work activity centers, sheltered workshops, and state hospitals shall be authorized pursuant to subdivision (e) of Section 41976.

(2) A school district shall operate classes in these facilities and shall expend all funds set aside pursuant to this subdivision and shall use all funds exclusively for those classes for substantially handicapped adults.

(3) The conditions imposed by paragraphs (1) and (2) may be waived by the Superintendent of Public Instruction upon certification from the school district that the local demand for the program is less than the required level of service.

SEC. 18. Section 54022 of the Education Code is amended to read:

54022. For entitlements of the 1989–90 fiscal year and each year thereafter, the Superintendent of Public Instruction shall calculate state gross need by multiplying the state index of need by the

average excess cost of education for impact aid.

The state index of need shall be: number of children aged 5 to 17 years, inclusive, from families that receive Aid to Families with Dependent Children.

The average excess cost of education for impact aid shall be five hundred sixty-five dollars and thirty-six cents ($565.36) in the 1989–90 fiscal year and shall be adjusted annually by the amount of the percentage increase determined under subdivision (b) of Section 42238.1.

SEC. 19. Section 54029 of the Education Code is amended to read:

54029. The State Board of Education may, pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20, waive any statutory provision or regulation regarding the use of funds apportioned pursuant to this article, provided that the funds are used in the same schools, or in schools in similar need, and the district demonstrates a reasonable case that the waiver will improve pupil services in those schools.

SEC. 20. Section 54030 is added to the Education Code, to read:

54030. For the purposes of this article, economically disadvantaged pupils shall be defined as the sum of the number of children aged 5 to 17, inclusive, from families that receive Aid to Families with Dependent Children and the number of pupils of limited English proficiency, as identified pursuant to Section 52163.

SEC. 21. Section 54031 is added to the Education Code, to read:

54031. Notwithstanding Section 54026, school districts with low concentrations of economically disadvantaged pupils shall be allocated funds pursuant to the following schedule:

Number of economically disadvantaged pupils	Amount
0	None
1-10	$4,000
11-20	$6,000

SEC. 22. Section 54032 is added to the Education Code, to read:

54032. School districts shall not expend economic impact aid funds at school sites that do not have pupils of limited English proficiency, as identified pursuant to Section 52163, or who are determined, pursuant to standards established by the State Department of Education, to be academically low achieving. These funds shall:

(a) Be utilized to serve and to assist those pupils.

(b) Supplement, and not supplant, existing resources at the schoolsite.

SEC. 23. Section 54033 is added to the Education Code, to read:

54033. For the 1989–90 fiscal year and each fiscal year thereafter, the Superintendent of Public Instruction shall compute an equalization adjustment for each district as follows:

(a) The superintendent shall divide the total amount of economic

impact aid allocations to the district, as calculated under this article, by the total number of economically disadvantaged pupils, to determine the statewide average economic impact aid allocation per economically disadvantaged pupil.

(b) The superintendent shall adjust the allocations made pursuant to Article 4 (commencing with Section 54040) so that each district's economic impact aid allocation per economically disadvantaged pupil is no less than the statewide average economic impact aid allocation per economically disadvantaged pupil for the prior fiscal year, as determined pursuant to subdivision (a).

SEC. 24. Article 9 (commencing with Section 54760) is added to Chapter 9 of Part 29 of the Education Code, to read:

Article 9 Supplemental Grants

54760. It is the intent of the Legislature to provide equal educational opportunity for all children in California. To achieve this end, the Legislature hereby establishes supplemental grants to be allocated to school districts that are receiving less than average funding from existing state programs. It is the intent of the Legislature that supplemental grants be funded by appropriations in the Budget Act in each of the two fiscal years following the first fiscal year in which funds for these grants are appropriated.

54761. In the 1989–90, 1990–91, and 1991–92 fiscal years, the Superintendent of Public Instruction shall provide supplemental grants to school districts.

(a) The supplemental grants shall be calculated in the following manner:

(1) For each school district the superintendent shall compute the sum of the following:

(A) The district's total revenue limit for the current fiscal year, including any equalization aid received pursuant to Section 42238.4 of the Education Code, as estimated by the superintendent at the time of the second principal apportionment for the current fiscal year.

(B) State aid received by the district for categorical education programs from the General Fund for the current fiscal year, as specified in clauses (i) and (ii), including funds appropriated for categorical programs by the act that adds this article to the Education Code, as estimated by the superintendent at the time of the second principal apportionment for the current fiscal year.

(i) The categorical education programs referenced in paragraph (B) shall include the following:

(I) High school pupil counseling.

(II) Home-to-school transportation, excluding special education transportation.

(III) School Improvement Program.

(IV) Vocational education pupil organizations.

(V) Specialized secondary schools.

(VI) Foster youth services.
(VII) Opportunity classes and programs.
(VIII) Pupil dropout prevention.
(IX) Economic Impact Aid.
(X) Gifted and talented education.
(XI) Miller-Unruh reading program.
(XII) Intergenerational education.
(XIII) Native American Indian education.
(XIV) Demonstration programs in reading and mathematics.
(XV) Partnership academies.
(XVI) Agricultural vocational education.
(XVII) Environmental education.
(XVIII) Instructional materials for kindergarten and grades 1 to 8, inclusive.
(XIX) Instructional materials for grades 9 to 12, inclusive.
(XX) Mentor teacher program
(XXI) Beginning teacher support and assessment.
(XXII) Reader services for blind teachers.
(XXIII) Child nutrition.
(XXIV) School/law enforcement partnership.
(XXV) Educational technology program.
(XXVI) Small school district bus replacement.

(ii) The categorical programs in clause (i) shall not include the following:

(I) Special education programs operated pursuant to Part 30 (commencing with Section 56000).

(II) Reimbursement for the costs of court-ordered or voluntary desegregation programs pursuant to Article 2 (commencing with Section 42238) of Chapter 7 of Part 24.

(III) Regional occupational centers and programs operated pursuant to Article 1 (commencing with Section 52300) of Part 28.

(IV) Adult education programs operated pursuant to Chapter 10 (commencing with Section 52500) of Part 28.

(V) Child care and development services and preschool programs operated pursuant to Chapter 2 (commencing with Section 8200) of Part 6.

(2) The superintendent shall divide the sum computed pursuant to paragraph (1) by the second principal apportionment regular average daily attendance of the school district for the current fiscal year.

(3) The superintendent shall compute the statewide weighted average of the amounts computed pursuant to paragraph (2) for each of the sizes and types of school districts identified pursuant to subdivision (b) of Section 42238.4, as that section read on January 1, 1989.

(4) For each school district, from the amount computed in paragraph (3) for the appropriate size and type of school district, the superintendent shall subtract the amount computed in paragraph (2). If the result is less than zero, it shall be deemed to be zero. If

the result is greater than one hundred dollars ($100) it shall be deemed to be one hundred dollars ($100).

(5) The superintendent shall multiply the amount computed pursuant to paragraph (4) by the district's second principal apportionment regular average daily attendance for the current fiscal year.

(b) (1) At the time of the first principal apportionment for the current fiscal year, except as provided pursuant to subdivision (c), the superintendent shall compute for each school district an estimate of the amount computed in paragraph (5) of subdivision (a), and shall apportion to each school district 75 percent of this estimate.

(2) At the time of the second principal apportionment for the current fiscal year, except as provided pursuant to subdivision (c), the superintendent shall apportion the balance of the amount computed pursuant to paragraph (5) of subdivision (a).

(c) In the event that the sum of the amounts computed pursuant to paragraph (5) of subdivision (a) exceeds the amount appropriated for purposes of this article, the amounts apportioned pursuant to subdivision (b) shall be reduced on a proportionate basis.

(d) Funds appropriated pursuant to this article shall be part of the base funding of each school district.

(e) All grant funding apportioned under this article to any school district shall be deposited by that district into a restricted account, and shall be expended from that account only for the purpose of funding one or more of the programs enumerated in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a).

SEC. 25. Section 60246 of the Education Code is amended to read:

60246. (a) The Controller shall, during each fiscal year, commencing with the 1983–84 fiscal year, transfer from the General Fund of the state to the State Instructional Materials Fund, an amount of twenty-one dollars and eighteen cents ($21.18) per pupil in the average daily attendance in the public elementary schools during the preceding fiscal year, as certified by the Superintendent of Public Instruction, except that this amount shall be adjusted annually through and including fiscal year 1987-88 in conformance with the Consumer Price Index, all items, of the Bureau of Labor Statistics of the United States Department of Labor, measured for the calendar year next preceding the fiscal year to which it applies. Commencing with the 1988-89 fiscal year, the amount shall be adjusted annually by an amount equal to percentage change determined pursuant to subdivision (b) of Section 42238.1.

(b) The amount transferred pursuant to subdivision (a) includes the designated percentage of the cash entitlements to be used to pay for unadopted state materials, tests, and in-service training.

SEC. 26. Section 7901 of the Government Code is amended to read:

7901. For the purposes of Article XIII B of the California Constitution and this division:

(a) "Change in California per capita personal income" for a

calendar year means the number resulting when the quotient of the California personal income, as published by the United States Department of Commerce in the Survey of Current Business for the fourth quarter of a calendar year divided by the civilian population of the state on January 1 of the next calendar year, as estimated by the Department of Finance, is divided by the similarly determined quotient for the next prior year. For example, the change in California per capita personal income for 1979 (to be used for computing the appropriations limit for the 1980–81 fiscal year) would equal the fourth quarter 1979 personal income divided by the January 1, 1980, population, the quotient divided by the fourth quarter 1978 personal income divided by the January 1, 1979, population.

(b) "Change in cost of living" for a calendar year means the number resulting when the United States All Urban Consumer Price Index for the month of March of a calendar year is divided by that index for the month of March of the prior calendar year.

(c) "Change in population" for a local agency for a calendar year means the number resulting when the percentage change in population between January 1 of the next calendar year and January 1 of the calendar year in question, as estimated by the Department of Finance pursuant to Section 2227 of the Revenue and Taxation Code for each city and county and Section 2228 of the Revenue and Taxation Code for each special district, plus 100, is divided by 100. For example, the change in population for 1979 would equal the percentage change in population between January 1, 1980, and January 1, 1979, plus 100, the sum divided by 100. For purposes of the state's appropriations limit, "change in population" means the number resulting when the civilian population of the state on January 1 of the next calendar year, as estimated by the Department of Finance, is divided by the similarly estimated population for January 1 of the calendar year in question. For example, the change in population for 1979 (to be used for computing the appropriations limit for the 1980–81 fiscal year) would equal the January 1, 1980, population divided by the January 1, 1979, population.

(d) "Change in population" for a school district means the change in average daily attendance between the year prior to that for which the appropriations limit is being computed and the year for which the appropriations limit is being computed, using the average daily attendance as defined in Section 7906.

(e) "Change in population" for a community college district means the number resulting when the average daily attendance for the community college district for the current year computed pursuant to Section 84500 of the Education Code is divided by the similarly computed average daily attendance for the previous year.

(f) "Local agency" means a city, county, city and county, special district, authority or other political subdivision of the state, except a school district, community college district, or county superintendent of schools. The term "special district" shall not include any district

which (1) existed on January 1, 1978, and did not possess the power to levy a property tax at that time or did not levy or have levied on its behalf, an ad valorem property tax rate on all taxable property in the district on the secured roll in excess of 12½ cents per $100 of assessed value for the 1977–78 fiscal year, or (2) existed on January 1, 1978, or was thereafter created by a vote of the people, and is totally funded by revenues other than the proceeds of taxes as defined in subdivision (c) of Section 8 of Article XIII B of the California Constitution.

If a special district levied, or had levied on its behalf, different property tax rates for the 1977–78 fiscal year depending on which area or zone within the district boundaries property was located, it shall be deemed not to have levied a secured property tax rate in excess of 12½ cents per $100 of assessed value if the total revenue derived from the ad valorem property tax levied by or for the district for 1977–78, divided by the total amount of taxable assessed valuation within the district's boundaries for 1977–78, does not exceed .00125.

(g) "School district" means an elementary, high school, or unified school district.

(h) "Local jurisdiction" means a local agency, school district, community college district, or county superintendent of schools.

(i) As used in Section 2 and subdivision (b) of Section 3 of Article XIII B, "revenues" means all tax revenues and the proceeds to a local jurisdiction or the state received from (1) regulatory licenses, user charges, and user fees to the extent that those proceeds exceed the costs reasonably borne by that entity in providing the regulation, product, or service, and (2) the investment of tax revenues as described in subdivision (i) of Section 8 of Article XIII B. For a local jurisdiction, revenues and appropriations shall also include subventions, as defined in Section 7903, and with respect to the state, revenues and appropriations shall exclude those subventions.

(j) "Proceeds of taxes" shall not include proceeds to a local jurisdiction or the state from regulatory licenses, user charges, or user fees except to the extent that those proceeds exceed the costs reasonably borne by that entity in providing the regulation, product, or service.

SEC. 27. Section 7906 of the Government Code is amended to read:

7906. For school districts:

(a) "ADA" means a school district's second principal apportionment units of average daily attendance as determined pursuant to Section 42238.5 of the Education Code, including average daily attendance in summer school, regional occupational centers and programs, and apprenticeship programs, and excluding average daily attendance in adult education programs. All other units of average daily attendance including, but not limited to, special day classes for special education pupils, shall be included.

(1) For purposes of this subdivision, the average daily attendance of summer school programs shall be determined pursuant to

subparagraph (F) of paragraph (1) of subdivision (a) of Section 14022.5 of the Education Code.

(2) For purposes of this subdivision, the average daily attendance of apprenticeship programs shall be determined pursuant to subparagraph (D) of paragraph (1) of subdivision (a) of Section 14022.5 of the Education Code.

(b) "Foundation program level" means:

(1) For the 1978–79 fiscal year, one thousand two hundred forty-one dollars ($1,241) for elementary districts, one thousand three hundred twenty-two dollars ($1,322) for unified districts, and one thousand four hundred twenty-seven dollars ($1,427) for high school districts.

(2) For the 1979–80 fiscal year through the 1986–87 fiscal year, inclusive, the levels specified in paragraph (1) increased by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year.

(3) For the 1986–87 fiscal year, the levels specified in paragraph (2) increased by one hundred eighty dollars ($180) for elementary districts, one hundred ninety-one dollars ($191) for unified districts, and two hundred seven dollars ($207) for high school districts.

(4) For the 1987–88 fiscal year, the levels specified in paragraph (3) increased by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year.

(5) For the 1988–89 fiscal year and each fiscal year thereafter, the foundation program level shall be the appropriations limit of the school district for the current fiscal year, less the sum of the following:

(A) Interest earned on the proceeds of taxes during the current fiscal year.

(B) The 50 percent of miscellaneous funds received during the current fiscal year which are from the proceeds of taxes.

(C) Locally voted taxes received during the current fiscal year, such as parcel taxes or square foot taxes, unless for voter-approved bonded debt.

(D) Any other local proceeds of taxes received during the current fiscal year, other than local taxes which count towards the revenue limit, such as excess bond revenues transferred to a district's general fund pursuant to Section 15234 of the Education Code.

(c) "Proceeds of taxes" shall be deemed to include subventions received from the state only if those subventions are for one of the following two purposes:

(1) Basic aid subventions of $120 per ADA.

(2) Additional apportionments, including special purpose apportionments which, when added to the district's local revenues as defined in Section 42238 of the Education Code, do not exceed the foundation program level for that district. In no case shall subventions received from the state for reimbursement of state mandates in accordance with the provisions of Section 6 of Article XIII B of the California Constitution or of Section 17561 or for

reimbursement of court or federal mandates imposed on or after November 6, 1979, be considered "proceeds of taxes" for the purposes of this section.

(d) Proceeds of taxes for a fiscal year shall not include any proceeds of taxes within the district's beginning balance or reserve, unless those funds were not appropriated in a prior fiscal year. Funds that were appropriated to a reserve or other fund referenced in Section 5 of Article XIII B of the California Constitution shall be deemed to be appropriated for the purpose of this paragraph.

(e) The remainder of the state apportionments, including special purpose apportionments and categorical aid subventions shall not be considered proceeds of taxes for a school district.

(f) Amounts paid for court or federal mandates shall be excluded from the computation of appropriations limits and foundation program levels.

(2) Each school district shall report to the Superintendent of Public Instruction and to the Director of Finance at least annually its appropriation limit, its appropriations subject to limitation, the amount of its state aid apportionments and subventions included within the proceeds of taxes of the school district, and amounts excluded from its appropriations limit, at a time and in a manner prescribed by the Superintendent of Public Instruction and approved by the Director of Finance.

SEC. 28. Section 7907 of the Government Code is amended to read:

7907. For county superintendents of schools:

(a) "Proceeds of taxes" shall be deemed to include subventions received from the state only if those subventions are received for programs operated pursuant to:

(1) Subdivision (e) of Section 2500, Section 2500.1, Section 1982 for pupils specified in subdivision (c) of Section 1981, Section 14057 for programs operated pursuant to Sections 48633 and 48634, Section 1904 and subdivision (a) of Section 1908, Section 52570, or Section 1806 of the Education Code; or

(2) Section 1510, 2504, 2506, 2506.5, or 2509 of the Education Code.

(b) For programs identified in paragraph (1) of subdivision (a), an amount shall be calculated equal to the appropriations made for those programs from the proceeds of taxes for the 1978–79 fiscal year, adjusted for the 1979–80 and 1980–81 fiscal years by the lesser of the change in cost-of-living or change in California per capita personal income applicable to each year and by the percentage change in average daily attendance in those programs for the 1979–80 and 1980–81 fiscal years.

(c) For all other programs operated by the county superintendent of schools, including, but not limited to, the programs identified in paragraph (2) of subdivision (a), an amount shall be calculated equal to the appropriations made for those programs from the proceeds of taxes for the 1978–79 fiscal year, adjusted for the 1979–80 and 1980–81 fiscal years by the lesser of the change in cost-of-living or change in

California per capita personal income for each year and by the percentage change in population (as defined by subdivision (d) of Section 7901) for all the districts in the county for the 1979–80 and 1980–81 fiscal years.

(d) The sum of the amounts calculated in subdivisions (b) and (c) shall be the appropriations limit for the county superintendent for the 1980–81 fiscal year.

(e) For the 1981–82 fiscal year and each year thereafter, the appropriations limit for the prior year shall be adjusted by the appropriate average daily attendance and the lesser of the change in cost-of-living or California per capita personal income.

(f) For the 1981–82 fiscal year through the 1987–88 fiscal year, state apportionments to county superintendents in excess of the amounts in subdivision (d) or (e) shall not be considered proceeds of taxes for a county superintendent of schools.

(g) For the 1988–89 fiscal year and each fiscal year thereafter, the state apportionments to county superintendents which shall be considered "proceeds of taxes" for a county superintendent of schools shall be equal to the lesser of the following:

(1) The total amount of state apportionments received for that fiscal year, excluding amounts paid for reimbursement of state mandates in accordance with the provisions of Section 6 of Article XIII B of the California Constitution or of Section 17561 or for reimbursement of court or federal mandates imposed on or after November 6, 1979.

(2) The appropriations limit for the county superintendent for that fiscal year, less the sum of all of the following:

(A) Interest earned on the proceeds of taxes during the current fiscal year.

(B) The 50 percent of miscellaneous funds received during the current fiscal year which are from the proceeds of taxes.

(C) Locally voted taxes received during the current year, such as parcel taxes or square foot taxes, other than for voter-approved bonded debt.

(D) Any other local proceeds of taxes received during the current year, such as excess bond revenues transferred to a district's general fund pursuant to Section 15234 of the Education Code.

(E) Local proceeds of taxes received during the current fiscal year which offset state aid.

(3) Amounts paid for court or federal mandates shall be excluded from the appropriations limit.

SEC. 29. Section 7908 of the Government Code is amended to read:

7908. For community college districts:

(a) As used in this section, "ADA" means the annual average daily attendance reported for students attending the community college district during the fiscal year.

(b) "Proceeds of taxes" shall be deemed to include subventions from the state, including special purpose apportionments, but

excluding subventions received from the state for reimbursement of state mandates in accordance with the provisions of Section 6 of Article XIII B of the California Constitution or of Section 17561 or for reimbursement of court or federal mandates imposed on or after November 6, 1979, only if those subventions, when added to the district's local resources, as defined in items (2) and (3) of subdivision (a) of Section 84904 of the Education Code, do not exceed:

(1) For the 1978–79 fiscal year, the lesser of the statewide average revenues or the actual revenues received per ADA, as defined in paragraph (1) of subdivision (c) of Section 84700 of the Education Code, multiplied by the ADA in the district for the 1978–79 fiscal year.

(2) For the 1979–80 through the 1987–88 fiscal years, the amount specified in paragraph (1) adjusted by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year and the percentage change in the district's ADA for that fiscal year.

(3) For the 1988–89 fiscal year and each fiscal year thereafter, the appropriations limit of that district, less the sum of the following:

(A) Interest earned on the proceeds of taxes during the current fiscal year.

(B) The 50 percent of miscellaneous funds received during the current fiscal year which are from the proceeds of taxes.

(C) Locally voted taxes received during the current fiscal year, such as parcel taxes or square foot taxes, unless for voter-approved bonded debt.

(D) Any other local proceeds of taxes received during the current fiscal year, other than local taxes which count towards the revenue limit, such as excess bond revenues transferred to a district's general fund pursuant to Section 15234.

(c) Amounts paid for court or federal mandates shall be excluded from the appropriations limit.

(d) Each community college district shall report to the Chancellor of the California Community Colleges and to the Director of Finance at least annually its appropriations limit, its appropriations subject to limitation, the amount of its state aid apportionments and subventions included within the proceeds of taxes of the district, and amounts excluded from the appropriations limit, at a time and in a manner prescribed by the Chancellors of the California Community Colleges and approved by the Director of Finance.

SEC. 30. Section 13337 of the Government Code is amended to read:

13337. (a) The budget required by the State Constitution to be submitted by the Governor at each regular session of the Legislature shall be submitted within the first 10 days thereof and shall contain a complete plan and itemized statement of all proposed expenditures of the state provided by existing law or recommended by him or her,

and all of its institutions, departments, boards, bureaus, commissions, officers, employees, and other agencies, and of all estimated revenues, for the ensuing fiscal year, together with a comparison, as to each item of revenues and expenditures, with the actual revenues and expenditures for the last completed fiscal year, the estimated revenues, and expenditures for the existing fiscal year and the budgeted revenue and expenditures for the next fiscal year.

(b) The budget shall, in accordance with Chapter 2 (commencing with Section 41200) of Part 24 of the Education Code, include a section that specifies the percentages and amounts of General Fund revenues that must be set aside and applied for the support of school districts, as defined in Section 41302.5, and community college districts, as required by subdivision (b) of Section 8 of Article XVI of the California Constitution.

(c) The Governor, or the Department of Finance acting on his or her behalf, shall make appropriate changes in the budget request to reflect any modification in the organization or functions of state government proposed under Article 7.5 (commencing with Section 12080) of Chapter 1 prior to the passage of the budget.

(d) The Governor's Budget shall be prepared in accordance with guidelines and instructions adopted by the Department of Finance.

(e) In order to provide meaningful comparisons, the Governor's Budget shall be prepared in such a manner that the information presented provides for such comparisons between the fiscal years.

(f) The Department of Finance shall submit to the committee in each house which considers appropriations and to the Joint Legislative Budget Committee copies of budget material submitted to it by agencies pursuant to the provisions of Article 2 (commencing with Section 13320).

(g) The Governor's Budget shall also include a coding structure which indicates for each budget entity the categorization of expenditures and revenues.

(h) Prior to the submission of the Governor's Budget to the Legislature, the Department of Finance may conduct public hearings regarding any portion of any budget.

(i) The Governor, or the Department of Finance acting on his or her behalf, shall, at the same time the Governor's Budget is submitted to the Legislature, submit to the Legislature copies of the material for the purposes of subdivision (j).

(j) The Department of Finance shall develop a fiscal information system which will provide timely and uniform fiscal data needed to formulate and monitor the budget, including, but not limited to, on-line inquiry capacity and the ability to simulate budget expenditures and forecast revenues. This system may include, among other things, data on encumbrances and expenditures by line item, governmental unit, and fund source. The system shall also include expenditures and encumbrances by program, as required. This system shall also include a coding structure which indicates the categorization of expenditures and revenues. This system and the

data shall be available to both the legislative and executive branches. The system may contain separate programs accessible by only one branch, designed to provide for distinct application of the data, but the basic system data shall be available on an equal basis to both the legislative and executive branches of government.

SEC. 31. Section 13864 is added to the Penal Code, to read:

13864. There is hereby created in the Office of Criminal Justice Planning the Comprehensive Alcohol and Drug Prevention Education Program, to supplement the Suppression of Drug Abuse in Schools Program in public elementary schools in grades 4 to 6, inclusive. Notwithstanding Section 13861 or any other provision in this code, all Comprehensive Alcohol and Drug Prevention Education Program funds made available to the Office of Criminal Justice Planning in accordance with the Classroom Instructional Improvement and Accountability Act shall be administered and disbursed to county superintendents of schools in this state by the Executive Director of the Office of Criminal Justice Planning. All applications for that funding shall be viewed an evaluated by the Office of Criminal Justice Planning, in consultation with the Department of Alcohol and Drug Programs and the State Department of Education.

(a) The executive director is authorized to allocate and award funds to county department superintendents of schools for allocation to individual school districts or to a consortium of two or more school districts. Applications funded under this section shall comply with the criteria, policies, and procedures established under subdivision (b) of this section.

(b) As a condition of eligibility for the funding described in this section, the school district or consortium of school districts shall have entered into an agreement with a local law enforcement agency to jointly implement a comprehensive alcohol and drug abuse prevention, intervention, and suppression program developed by the Office of Criminal Justice Planning, in consultation with the Department of Alcohol and Drug Programs and the State Department of Education, containing all of the following components:

(1) A standardized age-appropriate curriculum designed for pupils in grades 4 to 6, inclusive, specifically tailored and sensitive to the socioeconomic and ethnic characteristics of the target pupil population. Although new curricula shall not be required to be developed, existing curricula may be modified and adapted to meet local needs. The elements of the standardized comprehensive alcohol and drug prevention education program curriculum shall be defined and approved by the Governor's Policy Council on Drug and Alcohol Abuse, as established by Executive Order # D-70-80.

(2) A planning process that shall include both assessment of the school district's characteristics, resources and the extent of problems related to juvenile drug abuse, and input from local law enforcement agencies.

(3) A school district governing board policy that provides for a coordinated intervention system that, at a minimum, includes procedures for identification, intervention, and referral of at-risk alcohol- and drug-involved youth, and identifies the roles and responsibilities of law enforcement, school personnel, parents, and pupils.

(4) Early intervention activities that include, but are not limited to, the identification of pupils who are high risk or have chronic drug abuse problems, assessment, and referral for appropriate services, including ongoing support services.

(5) Parent education programs to initiate and maintain parental involvement, with an emphasis for parents of at-risk pupils.

(6) Staff and in-service training programs, including both indepth training for the core team involved in providing program services and general awareness training for all school faculty and administrative, credentialed, and noncredentialed school personnel.

(7) In-service training programs for local law enforcement officers.

(8) School, law enforcement, and community involvement to ensure coordination of program services.

(c) The application of the county superintendent of schools shall be submitted to the Office of Criminal Justice Planning. Funds made available to the Office of Criminal Justice Planning for allocation under this section are intended to enhance, but shall not supplant, local funds that would, in the absence of the Comprehensive Alcohol and Drug Prevention Education Program, be made available to prevent, intervene in, or suppress drug abuse among school-age children. For districts that are already implementing a comprehensive drug abuse prevention program for pupils in grades 4 to 6, inclusive, the county superintendent shall propose the use of the funds for drug prevention activities in school grades other than 4 to 6, inclusive, compatible with the program components of this section. The expenditure of funds for that an alternative purpose shall be approved by the executive director.

(1) Unless otherwise authorized by the Office of Criminal Justice Planning, each county superintendent of schools shall be the fiscal agent for any Comprehensive Alcohol and Drug Prevention Education program award, and shall be responsible for ensuring that each school district within that county receives the allocation prescribed by the Office of Criminal Justice Planning. Each county superintendent shall develop a countywide plan that complies with program guidelines and procedures established by the Office of Criminal Justice Planning pursuant to subdivision (d). A maximum of 5 percent of the county's allocation may be used for administrative costs associated with the project.

(2) Each county superintendent of schools shall establish and chair a local coordinating committee to assist the superintendent in developing and implementing a countywide implementation plan. This committee shall include the county drug administrator, law

enforcement executives, school district governing board members and adminstrators, school faculty, parents, and drug prevention and intervention program executives selected by the superintendent and approved by the county board of supervisors.

(d) The Executive Director of the Office of Criminal Justice Planning, in consultation with the Department of Alcohol Drug Programs and the State Department of Education, shall prepare and issue guidelines and procedures for the Comprehensive Alcohol and Drug Prevention Education Program consistent with this section.

(e) The Comprehensive Alcohol and Drug Prevention Education Program guidelines shall set forth the terms and conditions upon which the Office of Criminal Justice Planning is prepared to award grants of funds pursuant to this section. The guidelines shall not constitute rules, regulations, orders, or standards of general application.

(f) Funds awarded under the Comprehensive Alcohol and Drug Prevention Education Program shall not be subject to Section 10318 of the Public Contracts Code.

(g) Commencing January 1, 1991, or six months after a full year of program operation, whichever occurs later, the executive director shall prepare and submit an annual report to the Legislature describing the operation of the program and the results obtained from the Comprehensive Alcohol and Drug Prevention Education Program receiving funds under this section.

(h) Funds available pursuant to Item 8100-001-001 of the Budget Act of 1989, or the successor provision of the appropriate Budget Act, shall be allocated to implement this section.

SEC. 32. Notwithstanding any other provision of law, any school district not receiving funding in the 1988–89 fiscal year for gifted and talented education programs may apply to the Superintendent of Public Instruction for funding for a program for gifted and talented education, commencing in the 1989–90 fiscal year, which funding shall be apportioned pursuant to the funding formula that applied, as of that date, for a district's first year of funding for that purpose.

SEC. 33. If a school district has computed its appropriations limit using a method that differs from the method specified in Sections 7901 and 7906 of the Government Code, it shall compute its 1989–90 appropriations limit as if it were using this method for all years, beginning in 1978–79.

SEC. 34. Notwithstanding Section 42238.1 of the Education Code, the amount calculated pursuant to subdivision (b) of Section 42238.1 of the Education Code for the 1989–90 fiscal year shall be deemed to be 4.64 percent.

SEC. 35. Notwithstanding any other provision of law, no provision of this act shall be construed to require the allocation of funds to school districts, as defined in Section 41302.5 of the Education Code, or community college districts, in excess of the amount require by subdivision (b) of Section 8 of Article XVI of the California Constitution to be applied, in the aggregate, to the support

of those entities.

SEC. 36. (a) The sum of three hundred seventy-nine million eight hundred seventy thousand dollars ($379,870,000) is hereby appropriated from the General Fund to Section A of the State School Fund for the 1988–89 fiscal year, for expenditure without regard to fiscal year. The amount appropriated shall be apportioned in accordance with the following schedule:

(1) To the Superintendent of Public Instruction for allocation to school districts and county offices of education based on an equal amount per unit of average daily attendance. The amount a district receives under this paragraph shall not be considered an adjustment to the district's base revenue limit. The disbursement of these funds shall be included as part of the apportionments which a school district or county office of education is allowed under Article 3 (commencing with Section 41330) of Chapter 3 of Part 24 of the Education Code, and shall be allocated in the advance apportionment and the first principal apportionment based on available estimates of average daily attendance $250,000,000

(2) For transfer to the State School Deferred Maintenance Fund, for allocation to school districts, as provided for in Sections 39619 and 39619.2 of the Education Code $23,000,000

(3) To the Superintendent of Public Instruction for allocation to school districts to provide for expansion and equalization of the school improvement program in kindergarten and grades 1 to 6, inclusive, pursuant to Section 52048 of the Education Code $24,000,000

(4) To the Superintendent of Public Instruction to provide planning grants at a level of $30 per pupil to all schools with approved applications for the purposes of establishing school improvement programs in grades 7 and 8 pursuant to Chapter 6 (commencing with Section 52000) of the Education Code $10,000,000

(5) To the Superintendent of Public Instruction for allocation to school districts to equalize and update the formula for the economic impact aid program pursuant to Sections 54030, 54031, 54032, and 54033 of the Education Code $35,000,000

(6) To the Superintendent of Public Instruction for allocation to school districts to provide for

the establishment of gifted and talented education programs pursuant to Section 32 of this act	$3,000,000
(7) To the State Department of Education for allocation, for purposes of the Educational Technology Local Assistance Program, pursuant to Article 15 (commencing with Section 51870) of Chapter 5 of Part 28 of the Education Code	$13,570,000
(8) To the Superintendent of Public Instruction for allocation for the purposes of Article 4.5 (commencing with Section 44279.2) of Chapter 2 of Part 25 of the Education Code	$1,300,000
(9) To the Superintendent of Public Instruction for purposes of Chapter 1362 of the Statutes of 1988	$20,000,000

(b) The sum of fifty-one million five hundred thousand dollars ($51,500,000) is hereby appropriated to Section B of the State School Fund for the 1988–89 fiscal year, for expenditure without regard to fiscal year. The amount appropriated shall be apportioned in accordance with the following schedule:

(1) To the Chancellor of the California Community Colleges for allocations to community college districts based on the average daily attendance report for the second principal apportionment for fiscal year 1988–89, and the amount a district receives shall not be considered an adjustment to the district's base fiscal year revenue	$45,000,000
(2) To the Chancellor of the California Community Colleges for allocation to community college districts based upon each district's proportionate share in the 1988–89 fiscal year of unfunded average daily attendance which is in excess of the statewide funded average daily attendance for the 1988–89 fiscal year. These funds shall be considered to be a 1989–90 adjustment to each community college district's base fiscal year revenue	$6,500,000

SEC. 37. Prior to the appropriation of any of the funding reserved pursuant to Section 12.31 of the Budget Act of 1989 for any other purpose, the amount of that funding shall be adjusted to accurately reflect the state funding obligation under subdivision (b) of Section 8 of Article XIII B of the California Constitution. Subsequent to that adjustment, that funding shall be appropriated in accordance with, and in the order of, the following priorities:

(a) For purposes of deficiency allocation for kindergarten and

grades 1 to 12, inclusive, pursuant to Section 27 of the Budget Act of 1989.

(b) Up to one hundred ten million dollars ($110,000,000), for purposes of the program to reduce class size pursuant to Senate Bill 666 of the 1989–90 Regular Session.

(c) In support of other legislative measures, where the funding of those measures would qualify under the definition set forth in subdivision (a) of Section 41202 of the Education Code.

SEC. 38. The sum of twenty million dollars ($20,000,000) is hereby appropriated from the General Fund to the Controller for transfer to the Instructional Materials Fund to fund instructional materials in the public schools in kindergarten and grades 1 to 8, inclusive, subject to the condition that the total funding appropriated under this section shall not exceed an amount equal to 40 percent of the amount by which the "State General Fund revenues which may be appropriated pursuant to Article XIII B," as calculated pursuant to this act for the 1988–89 fiscal year for purposes of paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, exceed the sum of thirty-five billion nine hundred ninety-four million dollars ($35,994,000,000).

SEC. 39. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the minimum public education funding level requirements of the Classroom Instructional Improvement and Accountability Act, as adopted by the voters on November 8, 1988, it is essential that recalculations of public school apportionments be made on or before June 30, 1989. Therefore, it is necessary that this act take immediate effect.

CHAPTER 83

An act to amend Sections 35735, 39619, 39619.2, 41341, 41841.5, 42238.4, 42241.2, 49536, 52616, 54022, 54029, and 60246 of, to add Sections 35294.1, 39619.4, 41851.1, 42238.15, 42251, 52616.1, 52616.3, 54030, 54031, 54032, 54033, and 56712.5 to, to add and repeal Sections 14022.3 and 14022.5 of, to add Article 9 (commencing with Section 54760) to Chapter 9 of Part 29 of, to add and repeal Chapter 2 (commencing with Section 41200) of Part 24 of, the Education Code, to amend Sections 7901, 7906, 7907, 7908, and 13337 of the Government Code, and to add Section 13864 to the Government Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1989. Filed with Secretary of State June 30, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 14022.3 is added to the Education Code, to read:

14022.3. (a) For purposes of calculating "increases in enrollment" pursuant to paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, the term "enrollment" for school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services means the sum of the following:

(1) Second principal apportionment regular average daily attendance for kindergarten and grades 1 to 12, inclusive, as defined in subdivision (b) of Section 42238.5.

(2) Annual average daily attendance for county offices of education, as calculated pursuant to subdivision (c) of Section 41601.

(b) Any determination or computation of enrollment for purposes of this section shall be based upon actual data from prior years. For the next succeeding year, any determination or computation of enrollment for purposes of this section shall be the estimated enrollment, adjusted as actual data become available.

(c) This section shall remain in effect only until July 1, 1990, and as of that date is repealed, unless Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 2. Section 14022.5 is added to the Education Code, to read:

14022.5. (a) For purposes of Section 8.5 of Article XVI of the California Constitution, the term "enrollment" shall have the following meaning for school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services:

(1) In school districts:

(A) The average daily attendance of each school district reported

for the second principal apportionment pursuant to Section 41601.

(B) The annual average daily attendance for adult education programs and classes, as determined under subdivision (d) of Section 41601.

(C) The annual average daily attendance for regional occupational centers and programs, as determined under subdivision (d) of Section 41601.

(D) The average daily attendance of apprentices enrolled in any class and reported pursuant to Section 8150, except that one unit of average daily attendance, for purposes of this paragraph, shall equal 525 hours of apprenticeship instruction in an apprenticeship program operated pursuant to Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code.

(E) (i) The annual average daily attendance for children enrolled in a state preschool program under the Child Care and Development Services Act (Chapter 2 (commencing with Section 8200) of Part 6), except that one unit of average daily attendance, for purposes of this clause, shall equal 700 hours of child care or preschool services.

(ii) The annual average daily attendance for children enrolled in any other program under the Child Care and Development Services Act (Chapter 2 (commencing with Section 8200) of Part 6), except that one unit of average daily attendance, for purposes of this clause, shall equal 250 days of child care services. For the purposes of this clause, less than four hours per day of child care services shall be defined as one-half day, from four up to six and one-half hours per day shall be defined as three-fourths day, and six and one-half hours or more per day shall be defined as one full day.

(F) The annual average daily attendance of pupils enrolled in summer school, computed pursuant to Section 42239, except that one unit of average daily attendance shall equal 700 hours of summer school instruction in an approved summer school program.

(G) The annual average daily attendance for pupils enrolled in an educational program offered by a county office of education, as determined pursuant to subdivisions (b) and (c) of Section 41601.

(2) In community college districts:

(A) The annual average daily attendance of a community college district computed pursuant to Chapter 4 (commencing with Section 84500) of Part 50, until Section 84750 becomes operative, and thereafter the number of full-time equivalent students as computed pursuant to Section 84750.

(B) The annual average daily attendance for evening community college programs designated as adult schools pursuant to Section 78401, as determined pursuant to Section 78405.

(C) The annual average daily attendance of apprentices enrolled in any class and reported pursuant to Section 8150, except that one unit of average daily attendance, for purposes of this paragraph, shall equal 525 hours of apprenticeship instruction in an apprenticeship program operated pursuant to Chapter 4 (commencing with Section

3070) of Division 3 of the Labor Code.

(3) In state agencies that provide direct elementary and secondary level instructional services:

(A) The annual average daily attendance equivalent for pupils enrolled in the State Schools for the Handicapped pursuant to Part 32 (commencing with Section 59000).

(B) The annual average daily attendance equivalent for pupils attending an educational program administered by the Department of the Youth Authority pursuant to Article 6 (commencing with Section 1120) and Article 10 (commencing with Section 1250) of Part 1 of Division 2 of Chapter 3 of the Welfare and Institutions Code.

(C) The annual average daily attendance equivalent for pupils in the state hospitals operated by the State Department of Developmental Services pursuant to Chapter 8 (commencing with Section 56850) of Part 30.

(b) Any determination or computation of enrollment for purposes of this section shall be based upon actual data from prior years. For the next succeeding year, any determination or computation of enrollment for purposes of this section shall be the estimated enrollment, adjusted as actual data become available.

(c) This section shall remain in effect only until July 1, 1990, and as of that date is repealed, unless Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 3. Section 35294.1 is added to the Education Code, to read:

35294.1. (a) The governing board of a school district, on behalf of one or more schools within the district that have developed a school safety plan, may apply to the Superintendent of Public Instruction for a grant to implement school safety plans. A grant shall be awarded only for school safety plans that include the following criteria:

(1) Assessment of the recent incidence of crime committed on the school campus.

(2) Identification of appropriate strategies and programs that will provide or maintain a high level of school safety.

(3) Development of an action plan, in conjunction with local law enforcement agencies, for implementing appropriate safety strategies and programs, and determining the fiscal impact of executing the strategies and programs. The action plan shall identify available resources which will provide for implementation of the plan.

(b) The Superintendent of Public Instruction shall award grants pursuant to this section to school districts for the implementation of individual school safety plans in an amount not to exceed fifteen thousand dollars ($15,000) for each school. No grant shall be made unless the school district makes available, for purposes of implementing the school safety plans, an amount of funds equal to the amount of the grant. Grants should be awarded through a competitive process, based upon criteria including, but not limited

to, (1) the merit of the proposal and (2) the need for imposing school safety, based on school crime rates.

(c) Any school district receiving a grant under this section shall report to the Superintendent of Public Instruction annually for three consecutive years following the receipt of the grant concerning the impact of the implementation of the school safety plan on the incidence of crime on the campus of the school.

SEC. 4. Section 35735 of the Education Code is amended to read:

35735. (a) Any proposal for reorganization of school districts shall include a computation of the revenue limit per unit of average daily attendance for the proposed new district. That provision shall be an inherent part of the proposal and shall not be construed as a separate proposition. That revenue limit per unit of average daily attendance shall be equal to the revenue limit which would be produced by adding (1) for the second fiscal year prior to the fiscal year in which the reorganization becomes effective for all purposes, the sum of the revenue limit of each of the districts proposed to be wholly included and the proportional share of the revenue limit of each district to be partially included in the proposed reorganized district is divided by the total number of units of average daily attendance that would have been in the proposed reorganized district had it been reorganized the second fiscal year prior to the fiscal year in which the reorganization becomes effective for all programs, plus (2) the revenue limits per unit of average daily attendance required to equal the amount of the difference between (A) the average certificated salary and fringe benefits, and (B) the amount of the difference between the average classified salary and fringe benefits of each of the component districts or any portion of a district during the second school year prior to that in which the district becomes effective for all purposes and the highest average certificated salary and fringe benefits and highest average classified salary and fringe benefits of any component district included in the proposal multiplied by the number of employees in each category less the number of employees in each category of the district or districts having the highest average salary and fringe benefits, plus (3) the inflation adjustment specified in Section 42238.1 for the fiscal year immediately preceding the year in which the reorganization becomes effective for all purposes, plus (4) the inflation adjustment specified in Section 42238.1 for the fiscal year in which the reorganization becomes effective for all purposes plus any other base revenue limit increases for which the district would have been eligible had it been reorganized in the second fiscal year prior to the year the reorganization became effective.

In computing the increase in the revenue limit in clause (2), any school district or, a portion of a district to be included in a proposal may be considered in determining the highest average salary or fringe benefits provided that the school district, or a portion of a district, contains at least 25 percent of the total number of certificated and classified employees in the proposed reorganized

district. "Salary and fringe benefits" shall be a single item of compensation and shall not be separately calculated.

The revenue limit per unit of average daily attendance for the reorganized district shall not be greater than the amount set forth in the proposal as approved by the county committee on school district organization or the State Board of Education except that the amount shall be increased pursuant to clauses (3), (4), and (5).

This section shall apply to any transfer of pupils by grade level between elementary and high school districts and, in any case, no transfer of seventh and eighth grade pupils from an elementary district to a high school district, or vice versa, shall result in the receiving district getting a revenue limit apportionment for those pupils which exceeds 105 percent of the statewide average revenue limit for the receiving district's type and size.

(b) Subdivision (a) shall not apply to any unification, consolidation, or other reorganization of school districts occurring pursuant to voter approval at an election held on or before the effective date of the act that added this subdivision, which reorganization shall be governed, instead, by the predecessor to this section as added by Chapter 1192 of the Statutes of 1980.

(c) Where the territorial jurisdiction of any school district was revised pursuant to a unification, consolidation, or other reorganization, occurring on or before July 1, 1989, that resulted in a school district having a larger territorial jurisdiction than the original school district had prior to the reorganization, and a reorganization of school districts occurs on or after the effective date of the act that added this subdivision that results in a school district having a territorial jurisdiction that is substantially the same, as determined by the State Board of Education, as the territorial jurisdiction of that original school district prior to the most recent reorganization occurring on or before July 1, 1989, the revenue limit of the school district resulting from the subsequent reorganization shall be the same, notwithstanding subdivision (a), as the revenue limit that was determined for the original school district prior to the most recent reorganization occurring on or before July 1, 1989.

SEC. 5. Section 39619 of the Education Code is amended to read:

39619. (a) Whenever, in any given fiscal year, a school district has budgeted, exclusive of state matching funds and district funds previously matched pursuant to subdivision (b), in its deferred maintenance fund established pursuant to Section 39618 an amount equal to, or greater than, that amount the district expended from its general fund for major maintenance, repair, or modernization of existing school buildings, as specified in Section 39618, exclusive of categorical aid funds and any proceeds from the sale of district property which were expended for the purpose of the district deferred maintenance account, in either the 1978–79 or 1979–80 fiscal year, adjusted annually to the current fiscal year in conformance with the percentage change in the district revenue limit computed pursuant to Section 42237 or 42238, the Superintendent of Public

Instruction shall so certify to the State Allocation Board.

(b) The State Allocation Board shall apportion, from the State School Deferred Maintenance Fund, to school districts an amount equal to one dollar ($1) for each one dollar ($1) of local funds up to a maximum of ½ percent of the district's current-year revenue limit average daily attendance multiplied by the average, per unit of average daily attendance, of the total general funds and adult education funds budgeted by districts of similar size and type, as defined in Section 42238.4, for the prior fiscal year, exclusive of any amounts budgeted for capital outlay or debt service, to the extent of funds available pursuant to Chapter 24 (commencing with Section 17780) of Part 10.

(c) Notwithstanding subdivision (a), in order to be eligible to receive state aid pursuant to subdivision (b), no district shall be required to budget from local district funds an amount greater than ½ percent of the district's current-year revenue limit average daily attendance, multiplied by the average, per unit of average daily attendance, of the total general funds and adult education funds budgeted by districts of similar size and type, as defined in Section 42238.4 for the prior fiscal year, exclusive of any amounts budgeted for capital outlay or debt service.

SEC. 6. Section 39619.2 of the Education Code is amended to read:

39619.2. (a) School districts may submit applications to the State Allocation Board for deferred maintenance funding in addition to the amounts specified in Section 39619. In order to be eligible for an additional apportionment, a school district shall do all of the following:

(1) Certify that if an additional apportionment is provided, the district will have matched the additional apportionment amount with an equal amount of district funds that have not been previously used as a match for state aid.

(2) Certify an additional claim of not greater than one-half of 1 percent of the district's current-year revenue limit average daily attendance, multiplied by the average, per unit of average daily attendance, of the total general funds and adult education funds budgeted by districts of similar size and type, as defined in Section 42238.4 for the prior fiscal year, excluding any amounts budgeted for capital outlay or debt service, but including adult education funds.

(3) Certify that any additional funds will be used to meet deferred maintenance identified in the district's five-year deferred maintenance plan.

(b) The State Allocation Board shall establish rules and regulations regarding the formulas used to apportion additional funds pursuant to this section.

(c) It is the intent of the Legislature that state funds for deferred maintenance be drawn first from excess bond repayments by school districts, revenues pursuant to subdivision (f) of Section 6217 of the Public Resources Code, and proceeds from existing general

obligation bonds.

SEC. 7. Section 39619.4 is added to the Education Code, to read:

39619.4. Notwithstanding any other provision of law, for the 1988–89 fiscal year, school districts may transfer matching funds to the deferred maintenance fund by September 1, 1989, based on the average determined in subdivision (b) of Section 39619.

SEC. 8. Chapter 2 (commencing with Section 41200) is added to Part 24 of the Education Code, to read:

CHAPTER 2. DETERMINATION OF MINIMUM LEVEL OF EDUCATION FUNDING

41200. (a) The Legislature finds and declares that the California Constitution, as amended by "The Classroom Instructional Improvement and Accountability Act" as adopted by the voters on November 8, 1988, mandates that a specific minimum level of state General Fund revenues be guaranteed and applied for the support of school districts, community college districts, and state agencies that provide direct elementary and secondary level instructional services. The Legislature further finds and declares that, by defining certain terms used in establishing a method of calculation for determining the guaranteed minimum level of funding, Section 14022.3, 14022.5, and this chapter further the purposes of "The Classroom Instructional Improvement and Accountability Act."

(b) It is the intent of the Legislature that the annual Budget Bill, required by Section 12 of Article IV of the California Constitution, include a section that specifies the respective percentages and amounts of General Fund revenues that must be set aside and applied for the support of school districts, community college districts, and the direct elementary and secondary level instructional services of state agencies, as required by subdivision (b) of Section 8 of Article XVI of the California Constitution.

41202. The words and phrases set forth in subdivision (b) of Section 8 of Article XVI of the Constitution of the State of California shall have the following meanings:

(a) "Monies to be applied by the state," as used in subdivision (b) of Section 8 of Article XVI of the California Constitution, means appropriations from the General Fund that are made for allocation to school districts, as defined, or community college districts. An appropriation that is withheld, impounded, or made without provisions for its allocation to school districts or community college districts, shall not be considered to be "monies to be applied by the state."

(b) "State General Fund revenues which may be appropriated pursuant to Article XIII B," as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI, means General Fund revenues that are the proceeds of taxes as defined by subdivision (c) of Section 8 of Article XIII B of the California Constitution, including, for the 1986–87 fiscal year only, any revenues that are determined to be in

excess of the appropriations limit established pursuant to Article XIII B for the fiscal year in which they are received. General Fund revenues for a fiscal year to which paragraph (1) is being applied shall include, in that computation, only General Fund revenues for that fiscal year that are the proceeds of taxes, as defined in subdivision (c) of Section 8 of Article XIII B of the California Constitution, and shall not include prior fiscal year revenues. The amount of the proceeds of taxes shall be computed for any fiscal year in a manner consistent with the manner in which the amount of the proceeds of taxes was computed by the Department of Finance for purposes of the Governor's Budget for the Budget Act of 1986.

(c) "State General Fund revenues appropriated for school districts," as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to school districts, as defined in Section 41302.5, regardless of whether those appropriations were made from the General Fund to the Superintendent of Public Instruction, to the Controller, or to any other fund or state agency for the purpose of allocation to school districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (1) of subdivision (b) of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(d) "State General Fund revenues appropriated for community college districts," as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to community college districts, regardless of whether those appropriations were made from the General Fund to the Controller, to the Chancellor of the California Community Colleges, or to any other fund or state agency for the purpose of allocation to community college districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (1) of subdivision (b) of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(e) "Total allocations to school districts and community college districts from the State General Fund proceeds of taxes appropriated pursuant to Article XIII B," as used in paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to school districts, as defined in Section 41302.5, and community college districts, regardless of whether those appropriations were made from the General Fund to the Controller, to the Superintendent of Public Instruction, to the Chancellor of the California Community Colleges, or to any other fund or state agency for the purpose of allocation to

school districts and community college districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (2) of Section 8 of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(f) "State General Fund revenues appropriated for school districts and community college districts, respectively" and " monies to be applied by the state for the support of school districts and community college districts," as used in Section 8 of Article XVI of the California Constitution, shall include funds appropriated for the Child Care and Development Services Act pursuant to Chapter 2 (commencing with Section 8200) of Part 6 and shall not include any of the following:

(1) Any appropriation that is not made for allocation to a school district, as defined in Section 41302.5, or to a community college district regardless of whether the appropriation is made for any purpose that may be considered to be for the benefit to a school district, as defined in Section 41302.5, or a community college district. This paragraph shall not be construed to exclude any funding appropriated for the Child Care and Development Services Act pursuant to Chapter 2 (commencing with Section 8200) of Part 6.

(2) Any appropriation made to the Teachers' Retirement Fund or to the Public Employees' Retirement Fund except those appropriations for reimbursable state mandates.

(3) Any appropriation made to service any public debt.

(g) "Allocated local proceeds of taxes," as used in paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means, for school districts as defined, those local revenues, except revenues identified pursuant to paragraph (5) of subdivision (h) of Section 42238, that are used to offset state aid for school districts in calculations performed pursuant to Sections 2558, 42238, and 56712.

(h) "Allocated local proceeds of taxes," as used in paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means, for community college districts, those local revenues that are used to offset state aid for community college districts in calculations performed pursuant to Section 84700. In no event shall the revenues or receipts derived from student fees be considered "allocated local proceeds of taxes."

(i) For the purposes of calculating the 4 percent entitlement pursuant to subdivision (a) of Section 8.5 of Article XVI of the California Constitution, "the total amount required pursuant to Section 8(b)" shall mean the State General Fund aid required for schools pursuant to Section 8(b), and shall not include allocated local proceeds of taxes.

41203. Any calculation of the monies to be applied by the state for the support of school districts and community college districts, pursuant to subdivision (b) of Section 8 of Article XVI of the

California Constitution, shall be made as a single, aggregate calculation for the school districts serving kindergarten and grades 1 to 12, inclusive, for the community college districts, and for the direct elementary and secondary level instructional services provided by the State of California.

41203.1. (a) For the 1990–91 fiscal year and each fiscal year thereafter, allocations calculated pursuant to Section 41203 shall be distributed in accordance with calculations provided in this section. Notwithstanding Section 41203, and for the purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for the purposes of this calculation under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989–90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), then the amount calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) This section shall become operative July 1, 1990, only if Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

41204. (a) It is the intent of the Legislature, pursuant to "The Classroom Instructional Improvement and Accountability Act," that school districts, as defined in Section 41302.5, and community college districts, as constituted during 1986–87 fiscal year, annually receive a basic minimum portion of the revenues that were deposited to the General Fund in that year.

(b) In recognition of this intent, it is further the intent of the Legislature that both houses and the Governor be guided by the following:

(1) If the revenues of a tax that were deposited in the General Fund in the 1986–87 fiscal year are redirected to any local governmental entity, then the percentages of General Fund revenues required to be applied by the state for the support of school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services shall be recalculated as if those revenues were not deposited in the General

Fund in the 1986–87 fiscal year.

(2) If the allocated local proceeds of taxes, as defined by subdivisions (g) and (h) of Section 41202, received by a school district or community college district during the 1986–87 fiscal year, are redirected to other entities or statutorily or constitutionally reduced or eliminated, the additional General Fund support provided to replace the allocated local proceeds of taxes may not be counted as General Fund revenues required to be applied for the support of school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services pursuant to paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, unless the percentage of General Fund revenues appropriated to school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services in the 1986–87 fiscal year is adjusted to reflect the amount of General Fund support that would have been provided in the 1986–87 fiscal year had the allocated local proceeds of taxes been correspondingly reduced.

(c) No appropriation of funding to be allocated to school districts, as defined in Section 41302.5, or community college districts, for the support of any program or activity of either or both of those entities, that is not an ordinary or historical responsibility of one or both of those entities shall be credited toward the state's funding obligation under subdivision (b) of Section 8 of Article XVI of the California Constitution.

41205. The Legislature hereby finds and declares that the only state agencies that provide direct elementary and secondary level instructional services within the meaning of Section 41302.5 are those state agencies enumerated in Section 8880.5 of the Government Code, or in any successor to that section, not including any agency enumerated in any of subdivisions (a) to (f), inclusive, of that section. The amount of any appropriation made to a state agency for direct elementary and secondary level instruction services shall be determined by applying the definition of those services, as defined in the State School of Accounting Manual, to the expenditures of the agency.

41206. (a) For purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution, all determinations of percentages, amounts, revenues, appropriations, allocations, proceeds of taxes, increases in cost of living, or enrollments shall be based upon the best available estimate until actual data becomes available, and then upon actual data when it is available.

(b) Within nine months following the end of any fiscal year, the Superintendent of Public Instruction and the Director of Finance shall recalculate, as necessary, and jointly certify all actual data pertaining to school districts, as defined, for the prior fiscal year. Any amount of funding required by subdivision (b) of Section 8 of Article XVI of the California Constitution to be appropriated to school districts for that year, less any amounts already appropriated for that

year, shall be set aside by the Controller and, if not appropriated to school districts by the Legislature within 90 days, shall be allocated to school districts by the Controller in proportion to the enrollment in school districts as determined for purposes of Section 8.5 of Article XVI of the California Constitution.

(c) Within nine months following the end of any fiscal year, the Chancellor of the California Community Colleges and the Director of Finance shall recalculate, as necessary, and jointly certify all actual data pertaining to community college districts, as defined, for the prior fiscal year. Any amount of funding required by subdivision (b) of Section 8 of Article XVI of the California Constitution to be appropriated to community college districts for that year, less any amounts already appropriated for that year, shall be set aside by the Controller and, if not appropriated to community college districts by the Legislature within 90 days, shall be allocated to community college districts by the Controller in proportion to the enrollment in community college districts as determined for purposes of Section 8.5 of Article XVI of the California Constitution.

41207. This chapter shall remain in effect only until July 1, 1990, and as of that date is repealed, unless Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 9. Section 41341 of the Education Code is amended to read:

41341. (a) If, during any fiscal year, there is apportioned to a school district or to any fund from Section A of the State School Fund at least one hundred dollars ($100) more or at least one hundred dollars ($100) less than the amount to which the district or fund was entitled, the Superintendent of Public Instruction, in accordance with regulations that he or she is hereby authorized to adopt, not later than the first succeeding fiscal year from the fiscal year in which the computational error was made, shall withhold from, or add to, the apportionment made during that fiscal year, the amount of the excess or deficiency, as the case may be. Notwithstanding any other provision of this code to the contrary, excesses withheld or deficiencies added by the Superintendent of Public Instruction under this subdivision shall be added to or allowed from any portion of the State School Fund.

(b) If, during any fiscal year, there is apportioned to a community college district or to any fund from Section B of the State School Fund at least one hundred dollars ($100) more or at least one hundred dollars ($100) less than the amount to which the district or fund was entitled, the Chancellor of the California Community Colleges, in accordance with regulations that he or she is hereby authorized to adopt, not later than the first succeeding fiscal year from the fiscal year in which the computational error was made, shall withhold from, or add to, the apportionment made during that fiscal year, the amount of the excess or deficiency, as the case may be. Notwithstanding any other provision of this code to the contrary, excesses withheld or deficiencies added by the Chancellor of the

California Community Colleges under this subdivision shall be added to or allowed from any portion of the State School Fund.

SEC. 10. Section 41841.5 of the Education Code is amended to read:

41841.5. (a) The Superintendent of Public Instruction shall allow to each school district maintaining a secondary school an amount equal to the actual current expense of the district of maintaining adult education classes for prisoners in any county jail, or any county industrial farm or county or joint county road camp for the current fiscal year. The amount so allowed to a district for each unit of average daily attendance in these classes shall in no event exceed the statewide average revenue limit for adults multiplied by 0.8.

Each school district shall receive advanced apportionments as authorized by Sections 41330, 41332, and 41335 on the basis of the cost data report of the district for the preceding fiscal year and each district shall file a preliminary cost data report based upon estimated current expenses.

For purposes of this section, the Superintendent of Public Instruction shall, by rules and regulations, establish minimum standards for the conduct of the adult education classes, including, but not necessarily limited to, attendance requirements and requirements concerning records to be kept and reports to be submitted.

(b) There is hereby appropriated from the General Fund to Section A of the State School Fund the following sums for the following fiscal years for the purposes of subdivision (a):

(1) For the 1980–81 fiscal year	$1,020,100
(2) For the 1981–82 fiscal year and each fiscal year thereafter	$1,113,000

Commencing with the 1982–83 fiscal year, the amounts in paragraph (2) shall be cumulatively increased by 6 percent, unless otherwise provided by law. Commencing with the 1988–89 fiscal year, the amounts in paragraph (2) shall be increased by the percentage change determined pursuant to subdivision (b) of Section 42238.1.

SEC 11. Section 41851.1 is added to the Education Code, to read:

41851.1. (a) For the 1989–90 fiscal year, from Section A of the State School Fund, the Superintendent of Public Instruction shall apportion to each school district or county superintendent of schools, as appropriate, an amount computed pursuant to this section. School districts and county superintendents of schools that provide transportation services by means of a joint powers agreement, a cooperative pupil transportation program, or a consortium shall receive transportation allowances pursuant to this section.

(b) For the 1989–90 fiscal year, each school district, joint powers agency, cooperative pupil transportation program, or consortium shall receive a transportation apportionment equal to the greater of

the following:

(1) Sixty-five percent of the prior year's approved transportation costs.

(2) The prior year's transportation allowance.

(c) For the 1989–90 fiscal year, each county office of education shall receive a transportation apportionment equal to the greater of the following:

(1) Eighty percent of the prior year's approved transportation costs.

(2) The prior year's transportation allowance.

(d) In the event that funds appropriated for the purposes of this section are not sufficient to fully fund the formula established by that section, the amounts apportioned shall be reduced on a proportionate basis.

SEC. 12. Section 42238.4 of the Education Code is amended to read:

42238.4. (a) For the 1989–90 fiscal year, the county superintendent shall compute an equalization adjustment for each district, except as provided under subdivision (c), so that no district's base revenue limit per unit of average daily attendance is less than the 1988–89 fiscal year statewide average base revenue limit for the appropriate size and type of district listed in subdivision (b) plus the inflation adjustment specified in Section 42238.1 for the current fiscal year for the appropriate type of district. For purposes of this section, both the statewide average base revenue limits and the base revenue limits of each school district shall include any funding received pursuant to Section 54060.5, 54060.6, or 54060.7.

For purposes of this section, the district base revenue limit and the statewide average base revenue limit shall not include any amounts attributable to Section 45023.4, 46200, or 46201.

(b) Subdivision (a) shall apply to the following school districts, which shall be grouped according to size and type as follows:

District	ADA
Elementary	less than 101
High School	less than 301
High School	more than 300
Unified	less than 1,501
Unified	more than 1,500

(c) For the 1989–90 fiscal year, the county superintendent shall compute an equalization adjustment for each elementary school district having an average daily attendance of more than 100 so that no such district's base revenue limit per unit of average daily attendance is less than the 1987–88 fiscal year statewide average base revenue limit for those districts plus the inflation adjustment specified in Section 42238.1 for those districts for the 1988–89 fiscal year and the current fiscal year.

(d) The Superintendent of Public Instruction shall compute a

revenue limit equalization adjustment for each school district's base revenue limit per unit of average daily attendance as follows:

(1) Add the products of the amount computed for each school district by the county superintendent pursuant to subdivision (a) and the average daily attendance used to calculate the district's revenue limit for the current fiscal year.

(2) Divide the amount appropriated for purposes of this section for the current fiscal year by the amount computed pursuant to paragraph (1).

(3) Multiply the amount computed for the school district pursuant to subdivision (a) or (c), as appropriate, by the amount computed pursuant to paragraph (2).

SEC. 13. Section 42238.15 is added to the Education Code, to read:

42238.15. (a) Notwithstanding any other provision of law, and in lieu of any inflation or cost-of-living adjustment otherwise authorized for any of the programs enumerated in subdivision (b), state funding for the programs enumerated in subdivision (b) shall be increased annually by the product of the following:

(1) The sum of 1.0 plus the percentage change determined under subdivision (b) of Section 42238.1.

(2) The sum of 1.0 plus the percentage of increase, from the prior fiscal year to the current fiscal year, in each of the workload factors described in subdivision (b).

(b) The programs for which annual state funding increases are determined under this section, and the factors used to measure workload for each of those programs, are as follows:

(1) Special education programs and services, as measured by the regular second principal apportionment average daily attendance for kindergarten and grades 1 to 12, inclusive.

(2) Child care and development programs, and preschool programs, as measured by the state population of children up to and including four years of age.

(3) Instructional materials for kindergarten and grades 1 to 8, inclusive, as measured by enrollment in kindergarten and grades 1 to 8, inclusive.

(4) Instructional materials for grades 9 to 12, inclusive, as measured by enrollment in those grades.

(5) Regional occupational programs and centers, as measured by enrollment in grades 11 and 12.

(6) School improvement programs in kindergarten and grades 1 to 6, inclusive, as measured by enrollment in kindergarten and grades 1 to 6, inclusive.

(7) School improvement programs in grades 7 to 12, inclusive, as measured by enrollment in those grades.

(8) Economic impact aid, as measured by the number of children aged 5 to 17, inclusive, from families that receive Aid to Families with Dependent Children and the number of pupils of limited English proficiency, as identified pursuant to Section 52163.

(9) Staff development programs, as measured by enrollment in kindergarten and grades 1 to 12, inclusive.

(c) This section shall become operative July 1, 1990, only if Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 14. Section 42241.2 of the Education Code is amended to read:

42241.2. A school district may add, in the computation of the district's revenue limit pursuant to Section 42238 for the current fiscal year, the amount computed in the preceding fiscal year for Meals for Needy Pupils programs (Article 11 (commencing with Section 49550) of Chapter 9 of Part 27) multiplied by the sum of 1 plus the percentage change determined pursuant to subdivision (b) of Section 42238.1.

SEC. 15. Section 42251 is added to the Education Code, to read:

42251. (a) For the 1989–90 fiscal year, a school district may increase its revenue limit by the amount calculated pursuant to subdivision (b).

(b) (1) The district shall subtract, from its average daily attendance used for funding in the 1988–89 fiscal year pursuant to Section 42238.5, the amount of average daily attendance used for funding in the 1989–90 fiscal year pursuant to Section 42238.5. If the result is a negative number it shall be deemed to be zero.

(2) (A) Multiply the result obtained pursuant to paragraph (1) by the lesser of the district's 1988–89 fiscal year base revenue limit per unit of average daily attendance or the 1988–89 fiscal year statewide average revenue limit for similar types of districts.

(B) Multiply the product obtained pursuant to subparagraph (A) by 0.25.

(c) A district shall not be entitled to the portion of any adjustment that is attributable to a loss in average daily attendance resulting from a district reorganization plan.

(d) The calculation of reduction of average daily attendance of any school district to determine the district's entitlement to funding pursuant to this section shall not reflect any reduction in average daily attendance resulting from the authorization of district residency for any pupil pursuant to Section 48204.

(e) If the funds made available for purposes of this section are insufficient to fund the amounts calculated pursuant to subdivision (b), the Superintendent of Public Instruction shall reduce the amounts by an equal pro rata percentage.

SEC. 16. Section 49536 of the Education Code is amended to read:

49536. Commencing with the 1985–86 fiscal year, funds allocated pursuant to subdivision (a) of Section 41350 to child nutrition entities for school and child care and development program meals pursuant to this article shall be disbursed on the basis of eleven and thirty-five hundredths of a cent ($0.1135) for each breakfast and eleven and thirty-five hundredths of a cent ($0.1135) for each lunch served.

The State Department of Education shall thereafter, prior to July

1 of each subsequent year, prescribe an adjustment in the state meal contribution rates established pursuant to this section for the forthcoming fiscal year. The adjustments shall reflect the changes in the cost of operating a school breakfast and lunch program and shall be made commencing on July 1 of each year. The adjustment shall be the average of the separate indices of the "Food Away From Home Index" for Los Angeles and San Francisco as prepared by the United States Bureau of Labor Statistics.

In giving effect to the cost-of-living provisions of this section, the Department of Education shall use the same month for computation of the percentage change in the cost of living after July 1, 1975. The same month shall be used annually thereafter. The product of any percentage increase or decrease in the average index and the per meal reimbursement disbursement rate shall be adjusted by the amount of any cost-of-living change currently in effect pursuant to the provisions of this section.

Commencing with the 1988–89 fiscal year, the cost-of-living adjustment shall be equal to the percentage change determined pursuant to subdivision (b) of Section 42238.1.

SEC. 17. Section 52616 of the Education Code is amended to read:

52616. The Superintendent of Public Instruction shall determine an adult block entitlement for school districts which maintain education programs for adults. This entitlement shall be paid from appropriations to Section A of the State School Fund as a part of the principal apportionment to school districts.

(a) For the 1983–84 fiscal year, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year calculated pursuant to Provision 1 of Item 6100-156-001 of the Budget Act of 1982 shall be increased by seventy dollars ($70). For the 1984–85 fiscal year to the 1987–88 fiscal year, inclusive, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year shall be increased by an amount equal to 6 percent of the prior year's statewide average adult revenue limit per unit of average daily attendance, provided that no such revenue limit per unit of average daily attendance shall be less than 1.06 times the prior fiscal year's statewide average adult revenue limit per unit of average daily attendance. For the 1988–89 fiscal year and each fiscal year thereafter, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year shall be increased by an amount equal to the percentage change determined pursuant to subdivision (b) of Section 42238.1.

(b) For the purposes of the block entitlement, the district's average daily attendance shall be the lesser of paragraph (1) or (2):

(1) The 1982–83 adult average daily attendance authorized for funding purposes for the programs specified in Section 41976, as specified in Item 6100-156-001 of the Budget Act of 1982, multiplied by 1.025 in the 1983–84 fiscal year and each fiscal year thereafter.

(2) The actual adult average daily attendance for the programs specified in Section 41976.

(c) The adult block entitlement shall be computed by multiplying the adult revenue limit per unit of average daily attendance from subdivision (a) and the adult average daily attendance allowed in subdivision (b). The adult block entitlement shall be deposited in a separate fund of the district to be known as the "adult education fund." Moneys in an adult education fund shall be expended only for adult education purposes. Moneys received for programs other than adult education shall not be expended for adult education.

(d) If the adult average daily attendance of a school district in any fiscal year is less than the adult average daily attendance utilized to compute the funded district adult education block entitlement for that fiscal year, the district shall receive an apportionment only for the actual average daily attendance generated. Any surpluses accrued as a result of average daily attendance not generated in a district's block entitlement shall be reallocated after the annual apportionment by the Superintendent of Public Instruction to provide services to welfare recipients pursuant to Section 33117.5. Any remaining surplus shall be reallocated to meet unanticipated growth in adult education. The receipt of reallocated funds shall not be used for computational purposes for the district's block entitlement for subsequent fiscal years.

(e) Each school district which conducted adult education programs for substantially handicapped adults in activity centers, work activity centers, sheltered workshops, state hospitals, and other community settings, shall set aside an amount of money from its adult education block entitlement equal to its current fiscal year revenue limit times the average daily attendance generated in these facilities in the 1979–80 fiscal year times 1.02, subject to the following:

(1) The classes and courses offered in activity centers, work activity centers, sheltered workshops, and state hospitals shall be authorized pursuant to subdivision (e) of Section 41976.

(2) A school district shall operate classes in these facilities and shall expend all funds set aside pursuant to this subdivision and shall use all funds exclusively for those classes for substantially handicapped adults.

(3) The conditions imposed by paragraphs (1) and (2) may be waived by the Superintendent of Public Instruction upon certification from the school district that the local demand for the program is less than the required level of service.

SEC. 18. Section 54022 of the Education Code is amended to read:

54022. For entitlements of the 1989–90 fiscal year and each year thereafter, the Superintendent of Public Instruction shall calculate state gross need by multiplying the state index of need by the average excess cost of education for impact aid.

The state index of need shall be: number of children aged 5 to 17 years, inclusive, from families that receive Aid to Families with Dependent Children

The average excess cost of education for impact aid shall be five hundred sixty-five dollars and thirty-six cents ($565.36) in the

1989–90 fiscal year and shall be adjusted annually by the amount of the percentage increase determined under subdivision (b) of Section 42238.1.

SEC. 19. Section 54029 of the Education Code is amended to read:

54029. The State Board of Education may, pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20, waive any statutory provision or regulation regarding the use of funds apportioned pursuant to this article, provided that the funds are used in the same schools, or in schools in similar need, and the district demonstrates a reasonable case that the waiver will improve pupil services in those schools.

SEC. 20. Section 54030 is added to the Education Code, to read:

54030. For the purposes of this article, economically disadvantaged pupils shall be defined as the sum of the number of children aged 5 to 17, inclusive, from families that receive Aid to Families with Dependent Children and the number of pupils of limited English proficiency, as identified pursuant to Section 52163.

SEC. 21. Section 54031 is added to the Education Code, to read:

54031. Notwithstanding Section 54026, school districts with low concentrations of economically disadvantaged pupils shall be allocated funds pursuant to the following schedule:

Number of economically disadvantaged pupils	Amount
0	None
1-10	$4,000
11-20	$6,000

SEC. 22. Section 54032 is added to the Education Code, to read:

54032. School districts shall not expend economic impact aid funds at school sites that do not have pupils of limited English proficiency, as identified pursuant to Section 52163, or who are determined, pursuant to standards established by the State Department of Education, to be academically low achieving. These funds shall:

(a) Be utilized to serve and to assist those pupils.

(b) Supplement, and not supplant, existing resources at the schoolsite.

SEC. 23. Section 54033 is added to the Education Code, to read:

54033. For the 1989–90 fiscal year and each fiscal year thereafter, the Superintendent of Public Instruction shall compute an equalization adjustment for each district as follows:

(a) The superintendent shall divide the total amount of economic impact aid allocations to the district, as calculated under this article, by the total number of economically disadvantaged pupils, to determine the statewide average economic impact aid allocation per economically disadvantaged pupil.

(b) The superintendent shall adjust the allocations made pursuant to Article 4 (commencing with Section 54040) so that each district's

economic impact aid allocation per economically disadvantaged pupil is no less than the statewide average economic impact aid allocation per economically disadvantaged pupil for the prior fiscal year, as determined pursuant to subdivision (a).

SEC. 24. Article 9 (commencing with Section 54760) is added to Chapter 9 of Part 29 of the Education Code, to read:

Article 9. Supplemental Grants

54760. It is the intent of the Legislature to provide equal educational opportunity for all children in California. To achieve this end, the Legislature hereby establishes supplemental grants to be allocated to school districts that are receiving less than average funding from existing state programs. It is the intent of the Legislature that supplemental grants be funded by appropriations in the Budget Act in each of the two fiscal years following the first fiscal year in which funds for these grants are appropriated.

54761. In the 1989–90, 1990–91, and 1991–92 fiscal years, the Superintendent of Public Instruction shall provide supplemental grants to school districts.

(a) The supplemental grants shall be calculated in the following manner:

(1) For each school district the superintendent shall compute the sum of the following:

(A) The district's total revenue limit for the current fiscal year, including any equalization aid received pursuant to Section 42238.4 of the Education Code, as estimated by the superintendent at the time of the second principal apportionment for the current fiscal year.

(B) State aid received by the district for categorical education programs from the General Fund for the current fiscal year, as specified in clauses (i) and (ii), including funds appropriated for categorical programs by the act that adds this article to the Education Code, as estimated by the superintendent at the time of the second principal apportionment for the current fiscal year.

(i) The categorical education programs referenced in paragraph (B) shall include the following:

(I) High school pupil counseling.

(II) Home-to-school transportation, excluding special education transportation.

(III) School Improvement Program.

(IV) Vocational education pupil organizations.

(V) Specialized secondary schools.

(VI) Foster youth services.

(VII) Opportunity classes and programs.

(VIII) Pupil dropout prevention.

(IX) Economic Impact Aid.

(X) Gifted and talented education.

(XI) Miller-Unruh reading program.

(XII) Intergenerational education.
(XIII) Native American Indian education.
(XIV) Demonstration programs in reading and mathematics.
(XV) Partnership academies.
(XVI) Agricultural vocational education.
(XVII) Environmental education.
(XVIII) Instructional materials for kindergarten and grades 1 to 8, inclusive.
(XIX) Instructional materials for grades 9 to 12, inclusive.
(XX) Mentor teacher program.
(XXI) Beginning teacher support and assessment.
(XXII) Reader services for blind teachers.
(XXIII) Child nutrition.
(XXIV) School/law enforcement partnership.
(XXV) Educational technology program.
(XXVI) Small school district bus replacement.

(ii) The categorical programs in clause (i) shall not include the following:

(I) Special education programs operated pursuant to Part 30 (commencing with Section 56000).

(II) Reimbursement for the costs of court-ordered or voluntary desegregation programs pursuant to Article 2 (commencing with Section 42238) of Chapter 7 of Part 24.

(III) Regional occupational centers and programs operated pursuant to Article 1 (commencing with Section 52300) of Part 28.

(IV) Adult education programs operated pursuant to Chapter 10 (commencing with Section 52500) of Part 28.

(V) Child care and development services and preschool programs operated pursuant to Chapter 2 (commencing with Section 8200) of Part 6.

(2) The superintendent shall divide the sum computed pursuant to paragraph (1) by the second principal apportionment regular average daily attendance of the school district for the current fiscal year.

(3) The superintendent shall compute the statewide weighted average of the amounts computed pursuant to paragraph (2) for each of the sizes and types of school districts identified pursuant to subdivision (b) of Section 42238.4, as that section read on January 1, 1989.

(4) For each school district, from the amount computed in paragraph (3) for the appropriate size and type of school district, the superintendent shall subtract the amount computed in paragraph (2). If the result is less than zero, it shall be deemed to be zero. If the result is greater than one hundred dollars ($100) it shall be deemed to be one hundred dollars ($100).

(5) The superintendent shall multiply the amount computed pursuant to paragraph (4) by the district's second principal apportionment regular average daily attendance for the current fiscal year.

(b) (1) At the time of the first principal apportionment for the current fiscal year, except as provided pursuant to subdivision (c), the superintendent shall compute for each school district an estimate of the amount computed in paragraph (5) of subdivision (a), and shall apportion to each school district 75 percent of this estimate.

(2) At the time of the second principal apportionment for the current fiscal year, except as provided pursuant to subdivision (c), the superintendent shall apportion the balance of the amount computed pursuant to paragraph (5) of subdivision (a).

(c) In the event that the sum of the amounts computed pursuant to paragraph (5) of subdivision (a) exceeds the amount appropriated for purposes of this article, the amounts apportioned pursuant to subdivision (b) shall be reduced on a proportionate basis.

(d) Funds appropriated pursuant to this article shall be part of the base funding of each school district.

(e) All grant funding apportioned under this article to any school district shall be deposited by that district into a restricted account, and shall be expended from that account only for the purpose of funding one or more of the programs enumerated in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a).

SEC. 25. Section 60246 of the Education Code is amended to read:

60246. (a) The Controller shall, during each fiscal year, commencing with the 1983–84 fiscal year, transfer from the General Fund of the state to the State Instructional Materials Fund, an amount of twenty-one dollars and eighteen cents ($21.18) per pupil in the average daily attendance in the public elementary schools during the preceding fiscal year, as certified by the Superintendent of Public Instruction, except that this amount shall be adjusted annually through and including fiscal year 1987-88 in conformance with the Consumer Price Index, all items, of the Bureau of Labor Statistics of the United States Department of Labor, measured for the calendar year next preceding the fiscal year to which it applies. Commencing with the 1988-89 fiscal year, the amount shall be adjusted annually by an amount equal to percentage change determined pursuant to subdivision (b) of Section 42238.1.

(b) The amount transferred pursuant to subdivision (a) includes the designated percentage of the cash entitlements to be used to pay for unadopted state materials, tests, and in-service training.

SEC. 26. Section 7901 of the Government Code is amended to read:

7901. For the purposes of Article XIII B of the California Constitution and this division:

(a) "Change in California per capita personal income" for a calendar year means the number resulting when the quotient of the California personal income, as published by the United States Department of Commerce in the Survey of Current Business for the fourth quarter of a calendar year divided by the civilian population of the state on January 1 of the next calendar year, as estimated by the Department of Finance, is divided by the similarly determined

quotient for the next prior year. For example, the change in California per capita personal income for 1979 (to be used for computing the appropriations limit for the 1980–81 fiscal year) would equal the fourth quarter 1979 personal income divided by the January 1, 1980, population, the quotient divided by the fourth quarter 1978 personal income divided by the January 1, 1979, population.

(b) "Change in cost of living" for a calendar year means the number resulting when the United States All Urban Consumer Price Index for the month of March of a calendar year is divided by that index for the month of March of the prior calendar year.

(c) "Change in population" for a local agency for a calendar year means the number resulting when the percentage change in population between January 1 of the next calendar year and January 1 of the calendar year in question, as estimated by the Department of Finance pursuant to Section 2227 of the Revenue and Taxation Code for each city and county and Section 2228 of the Revenue and Taxation Code for each special district, plus 100, is divided by 100. For example, the change in population for 1979 would equal the percentage change in population between January 1, 1980, and January 1, 1979, plus 100, the sum divided by 100. For purposes of the state's appropriations limit, "change in population" means the number resulting when the civilian population of the state on January 1 of the next calendar year, as estimated by the Department of Finance, is divided by the similarly estimated population for January 1 of the calendar year in question. For example, the change in population for 1979 (to be used for computing the appropriations limit for the 1980–81 fiscal year) would equal the January 1, 1980, population divided by the January 1, 1979, population.

(d) "Change in population" for a school district means the change in average daily attendance between the year prior to that for which the appropriations limit is being computed and the year for which the appropriations limit is being computed, using the average daily attendance as defined in Section 7906.

(e) "Change in population" for a community college district means the number resulting when the average daily attendance for the community college district for the current year computed pursuant to Section 84500 of the Education Code is divided by the similarly computed average daily attendance for the previous year.

(f) "Local agency" means a city, county, city and county, special district, authority or other political subdivision of the state, except a school district, community college district, or county superintendent of schools. The term "special district" shall not include any district which (1) existed on January 1, 1978, and did not possess the power to levy a property tax at that time or did not levy or have levied on its behalf, an ad valorem property tax rate on all taxable property in the district on the secured roll in excess of 12½ cents per $100 of assessed value for the 1977–78 fiscal year, or (2) existed on January 1, 1978, or was thereafter created by a vote of the people, and is

totally funded by revenues other than the proceeds of taxes as defined in subdivision (c) of Section 8 of Article XIII B of the California Constitution.

If a special district levied, or had levied on its behalf, different property tax rates for the 1977–78 fiscal year depending on which area or zone within the district boundaries property was located, it shall be deemed not to have levied a secured property tax rate in excess of 12½ cents per $100 of assessed value if the total revenue derived from the ad valorem property tax levied by or for the district for 1977–78, divided by the total amount of taxable assessed valuation within the district's boundaries for 1977–78, does not exceed .00125.

(g) "School district" means an elementary, high school, or unified school district.

(h) "Local jurisdiction" means a local agency, school district, community college district, or county superintendent of schools.

(i) As used in Section 2 and subdivision (b) of Section 3 of Article XIII B, "revenues" means all tax revenues and the proceeds to a local jurisdiction or the state received from (1) regulatory licenses, user charges, and user fees to the extent that those proceeds exceed the costs reasonably borne by that entity in providing the regulation, product, or service, and (2) the investment of tax revenues as described in subdivision (i) of Section 8 of Article XIII B. For a local jurisdiction, revenues and appropriations shall also include subventions, as defined in Section 7903, and with respect to the state, revenues and appropriations shall exclude those subventions.

(j) "Proceeds of taxes" shall not include proceeds to a local jurisdiction or the state from regulatory licenses, user charges, or user fees except to the extent that those proceeds exceed the costs reasonably borne by that entity in providing the regulation, product, or service.

SEC. 27. Section 7906 of the Government Code is amended to read:

7906. For school districts:

(a) "ADA" means a school district's second principal apportionment units of average daily attendance as determined pursuant to Section 42238.5 of the Education Code, including average daily attendance in summer school, regional occupational centers and programs, and apprenticeship programs, and excluding average daily attendance in adult education programs. All other units of average daily attendance including, but not limited to, special day classes for special education pupils, shall be included.

(1) For purposes of this subdivision, the average daily attendance of summer school programs shall be determined pursuant to subparagraph (F) of paragraph (1) of subdivision (a) of Section 14022.5 of the Education Code.

(2) For purposes of this subdivision, the average daily attendance of apprenticeship programs shall be determined pursuant to subparagraph (D) of paragraph (1) of subdivision (a) of Section 14022.5 of the Education Code.

(b) "Foundation program level" means:

(1) For the 1978–79 fiscal year, one thousand two hundred forty-one dollars ($1,241) for elementary districts, one thousand three hundred twenty-two dollars ($1,322) for unified districts, and one thousand four hundred twenty-seven dollars ($1,427) for high school districts.

(2) For the 1979–80 fiscal year through the 1986–87 fiscal year, inclusive, the levels specified in paragraph (1) increased by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year.

(3) For the 1986–87 fiscal year, the levels specified in paragraph (2) increased by one hundred eighty dollars ($180) for elementary districts, one hundred ninety-one dollars ($191) for unified districts, and two hundred seven dollars ($207) for high school districts.

(4) For the 1987–88 fiscal year, the levels specified in paragraph (3) increased by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year.

(5) For the 1988–89 fiscal year and each fiscal year thereafter, the foundation program level shall be the appropriations limit of the school district for the current fiscal year, less the sum of the following:

(A) Interest earned on the proceeds of taxes during the current fiscal year.

(B) The 50 percent of miscellaneous funds received during the current fiscal year which are from the proceeds of taxes.

(C) Locally voted taxes received during the current fiscal year, such as parcel taxes or square foot taxes, unless for voter-approved bonded debt.

(D) Any other local proceeds of taxes received during the current fiscal year, other than local taxes which count towards the revenue limit, such as excess bond revenues transferred to a district's general fund pursuant to Section 15234 of the Education Code.

(c) "Proceeds of taxes" shall be deemed to include subventions received from the state only if those subventions are for one of the following two purposes:

(1) Basic aid subventions of $120 per ADA.

(2) Additional apportionments, including special purpose apportionments which, when added to the district's local revenues as defined in Section 42238 of the Education Code, do not exceed the foundation program level for that district. In no case shall subventions received from the state for reimbursement of state mandates in accordance with the provisions of Section 6 of Article XIII B of the California Constitution or of Section 17561 or for reimbursement of court or federal mandates imposed on or after November 6, 1979, be considered "proceeds of taxes" for the purposes of this section.

(d) Proceeds of taxes for a fiscal year shall not include any proceeds of taxes within the district's beginning balance or reserve, unless those funds were not appropriated in a prior fiscal year. Funds

that were appropriated to a reserve or other fund referenced in Section 5 of Article XIII B of the California Constitution shall be deemed to be appropriated for the purpose of this paragraph.

(e) The remainder of the state apportionments, including special purpose apportionments and categorical aid subventions shall not be considered proceeds of taxes for a school district.

(f) Amounts paid for court or federal mandates shall be excluded from the computation of appropriations limits and foundation program levels.

(2) Each school district shall report to the Superintendent of Public Instruction and to the Director of Finance at least annually its appropriation limit, its appropriations subject to limitation, the amount of its state aid apportionments and subventions included within the proceeds of taxes of the school district, and amounts excluded from its appropriations limit, at a time and in a manner prescribed by the Superintendent of Public Instruction and approved by the Director of Finance.

SEC. 28. Section 7907 of the Government Code is amended to read:

7907. For county superintendents of schools:

(a) "Proceeds of taxes" shall be deemed to include subventions received from the state only if those subventions are received for programs operated pursuant to:

(1) Subdivision (e) of Section 2500, Section 2500.1, Section 1982 for pupils specified in subdivision (c) of Section 1981, Section 14057 for programs operated pursuant to Sections 48633 and 48634, Section 1904 and subdivision (a) of Section 1908, Section 52570, or Section 1806 of the Education Code; or

(2) Section 1510, 2504, 2506, 2506.5, or 2509 of the Education Code.

(b) For programs identified in paragraph (1) of subdivision (a), an amount shall be calculated equal to the appropriations made for those programs from the proceeds of taxes for the 1978–79 fiscal year, adjusted for the 1979–80 and 1980–81 fiscal years by the lesser of the change in cost-of-living or change in California per capita personal income applicable to each year and by the percentage change in average daily attendance in those programs for the 1979–80 and 1980–81 fiscal years.

(c) For all other programs operated by the county superintendent of schools, including, but not limited to, the programs identified in paragraph (2) of subdivision (a), an amount shall be calculated equal to the appropriations made for those programs from the proceeds of taxes for the 1978–79 fiscal year, adjusted for the 1979–80 and 1980–81 fiscal years by the lesser of the change in cost-of-living or change in California per capita personal income for each year and by the percentage change in population (as defined by subdivision (d) of Section 7901) for all the districts in the county for the 1979–80 and 1980–81 fiscal years.

(d) The sum of the amounts calculated in subdivisions (b) and (c) shall be the appropriations limit for the county superintendent for

the 1980–81 fiscal year.

(e) For the 1981–82 fiscal year and each year thereafter, the appropriations limit for the prior year shall be adjusted by the appropriate average daily attendance and the lesser of the change in cost-of-living or California per capita personal income.

(f) For the 1981–82 fiscal year through the 1987–88 fiscal year, state apportionments to county superintendents in excess of the amounts in subdivision (d) or (e) shall not be considered proceeds of taxes for a county superintendent of schools.

(g) For the 1988–89 fiscal year and each fiscal year thereafter, the state apportionments to county superintendents which shall be considered "proceeds of taxes" for a county superintendent of schools shall be equal to the lesser of the following:

(1) The total amount of state apportionments received for that fiscal year, excluding amounts paid for reimbursement of state mandates in accordance with the provisions of Section 6 of Article XIII B of the California Constitution or of Section 17561 or for reimbursement of court or federal mandates imposed on or after November 6, 1979.

(2) The appropriations limit for the county superintendent for that fiscal year, less the sum of all of the following:

(A) Interest earned on the proceeds of taxes during the current fiscal year

(B) The 50 percent of miscellaneous funds received during the current fiscal year which are from the proceeds of taxes.

(C) Locally voted taxes received during the current year, such as parcel taxes or square foot taxes, other than for voter-approved bonded debt.

(D) Any other local proceeds of taxes received during the current year, such as excess bond revenues transferred to a district's general fund pursuant to Section 15234 of the Education Code.

(E) Local proceeds of taxes received during the current fiscal year which offset state aid.

(3) Amounts paid for court or federal mandates shall be excluded from the appropriations limit.

SEC. 29. Section 7908 of the Government Code is amended to read:

7908. For community college districts:

(a) As used in this section, "ADA" means the annual average daily attendance reported for students attending the community college district during the fiscal year.

(b) "Proceeds of taxes" shall be deemed to include subventions from the state, including special purpose apportionments, but excluding subventions received from the state for reimbursement of state mandates in accordance with the provisions of Section 6 of Article XIII B of the California Constitution or of Section 17561 or for reimbursement of court or federal mandates imposed on or after November 6, 1979, only if those subventions, when added to the district's local resources, as defined in items (2) and (3) of

subdivision (a) of Section 84904 of the Education Code, do not exceed:

(1) For the 1978–79 fiscal year, the lesser of the statewide average revenues or the actual revenues received per ADA, as defined in paragraph (1) of subdivision (c) of Section 84700 of the Education Code, multiplied by the ADA in the district for the 1978–79 fiscal year.

(2) For the 1979–80 through the 1987–88 fiscal years, the amount specified in paragraph (1) adjusted by the lesser of the change in cost of living or California per capita personal income for the preceding calendar year and the percentage change in the district's ADA for that fiscal year.

(3) For the 1988–89 fiscal year and each fiscal year thereafter, the appropriations limit of that district, less the sum of the following:

(A) Interest earned on the proceeds of taxes during the current fiscal year.

(B) The 50 percent of miscellaneous funds received during the current fiscal year which are from the proceeds of taxes.

(C) Locally voted taxes received during the current fiscal year, such as parcel taxes or square foot taxes, unless for voter-approved bonded debt.

(D) Any other local proceeds of taxes received during the current fiscal year, other than local taxes which count towards the revenue limit, such as excess bond revenues transferred to a district's general fund pursuant to Section 15234.

(c) Amounts paid for court or federal mandates shall be excluded from the appropriations limit.

(d) Each community college district shall report to the Chancellor of the California Community Colleges and to the Director of Finance at least annually its appropriations limit, its appropriations subject to limitation, the amount of its state aid apportionments and subventions included within the proceeds of taxes of the district, and amounts excluded from the appropriations limit, at a time and in a manner prescribed by the Chancellors of the California Community Colleges and approved by the Director of Finance.

SEC. 30. Section 13337 of the Government Code is amended to read:

13337. (a) The budget required by the State Constitution to be submitted by the Governor at each regular session of the Legislature shall be submitted within the first 10 days thereof and shall contain a complete plan and itemized statement of all proposed expenditures of the state provided by existing law or recommended by him or her, and all of its institutions, departments, boards, bureaus, commissions, officers, employees, and other agencies, and of all estimated revenues, for the ensuing fiscal year, together with a comparison, as to each item of revenues and expenditures, with the actual revenues and expenditures for the last completed fiscal year, the estimated revenues, and expenditures for the existing fiscal year and the

budgeted revenue and expenditures for the next fiscal year.

(b) The budget shall, in accordance with Chapter 2 (commencing with Section 41200) of Part 24 of the Education Code, include a section that specifies the percentages and amounts of General Fund revenues that must be set aside and applied for the support of school districts, as defined in Section 41302.5, and community college districts, as required by subdivision (b) of Section 8 of Article XVI of the California Constitution.

(c) The Governor, or the Department of Finance acting on his or her behalf, shall make appropriate changes in the budget request to reflect any modification in the organization or functions of state government proposed under Article 7.5 (commencing with Section 12080) of Chapter 1 prior to the passage of the budget.

(d) The Governor's Budget shall be prepared in accordance with guidelines and instructions adopted by the Department of Finance.

(e) In order to provide meaningful comparisons, the Governor's Budget shall be prepared in such a manner that the information presented provides for such comparisons between the fiscal years.

(f) The Department of Finance shall submit to the committee in each house which considers appropriations and to the Joint Legislative Budget Committee copies of budget material submitted to it by agencies pursuant to the provisions of Article 2 (commencing with Section 13320).

(g) The Governor's Budget shall also include a coding structure which indicates for each budget entity the categorization of expenditures and revenues.

(h) Prior to the submission of the Governor's Budget to the Legislature, the Department of Finance may conduct public hearings regarding any portion of any budget.

(i) The Governor, or the Department of Finance acting on his or her behalf, shall, at the same time the Governor's Budget is submitted to the Legislature, submit to the Legislature copies of the material for the purposes of subdivision (j).

(j) The Department of Finance shall develop a fiscal information system which will provide timely and uniform fiscal data needed to formulate and monitor the budget, including, but not limited to, on-line inquiry capacity and the ability to simulate budget expenditures and forecast revenues. This system may include, among other things, data on encumbrances and expenditures by line item, governmental unit, and fund source. The system shall also include expenditures and encumbrances by program, as required. This system shall also include a coding structure which indicates the categorization of expenditures and revenues. This system and the data shall be available to both the legislative and executive branches. The system may contain separate programs accessible by only one branch, designed to provide for distinct application of the data, but the basic system data shall be available on an equal basis to both the legislative and executive branches of government.

SEC. 31. Section 13864 is added to the Penal Code, to read:

13864. There is hereby created in the Office of Criminal Justice Planning the Comprehensive Alcohol and Drug Prevention Education Program, to supplement the Suppression of Drug Abuse in Schools Program in public elementary schools in grades 4 to 6, inclusive. Notwithstanding Section 13861 or any other provision in this code, all Comprehensive Alcohol and Drug Prevention Education Program funds made available to the Office of Criminal Justice Planning in accordance with the Classroom Instructional Improvement and Accountability Act shall be administered and disbursed to county superintendents of schools in this state by the Executive Director of the Office of Criminal Justice Planning. All applications for that funding shall be viewed an evaluated by the Office of Criminal Justice Planning, in consultation with the Department of Alcohol and Drug Programs and the State Department of Education.

(a) The executive director is authorized to allocate and award funds to county department superintendents of schools for allocation to individual school districts or to a consortium of two or more school districts. Applications funded under this section shall comply with the criteria, policies, and procedures established under subdivision (b) of this section.

(b) As a condition of eligibility for the funding described in this section, the school district or consortium of school districts shall have entered into an agreement with a local law enforcement agency to jointly implement a comprehensive alcohol and drug abuse prevention, intervention, and suppression program developed by the Office of Criminal Justice Planning, in consultation with the Department of Alcohol and Drug Programs and the State Department of Education, containing all of the following components:

(1) A standardized age-appropriate curriculum designed for pupils in grades 4 to 6, inclusive, specifically tailored and sensitive to the socioeconomic and ethnic characteristics of the target pupil population. Although new curricula shall not be required to be developed, existing curricula may be modified and adapted to meet local needs. The elements of the standardized comprehensive alcohol and drug prevention education program curriculum shall be defined and approved by the Governor's Policy Council on Drug and Alcohol Abuse, as established by Executive Order # D-70-80.

(2) A planning process that shall include both assessment of the school district's characteristics, resources and the extent of problems related to juvenile drug abuse, and input from local law enforcement agencies.

(3) A school district governing board policy that provides for a coordinated intervention system that, at a minimum, includes procedures for identification, intervention, and referral of at-risk alcohol- and drug-involved youth, and identifies the roles and responsibilities of law enforcement, school personnel, parents, and pupils.

(4) Early intervention activities that include, but are not limited to, the identification of pupils who are high risk or have chronic drug abuse problems, assessment, and referral for appropriate services, including ongoing support services.

(5) Parent education programs to initiate and maintain parental involvement, with an emphasis for parents of at-risk pupils.

(6) Staff and in-service training programs, including both indepth training for the core team involved in providing program services and general awareness training for all school faculty and administrative, credentialed, and noncredentialed school personnel.

(7) In-service training programs for local law enforcement officers.

(8) School, law enforcement, and community involvement to ensure coordination of program services.

(c) The application of the county superintendent of schools shall be submitted to the Office of Criminal Justice Planning. Funds made available to the Office of Criminal Justice Planning for allocation under this section are intended to enhance, but shall not supplant, local funds that would, in the absence of the Comprehensive Alcohol and Drug Prevention Education Program, be made available to prevent, intervene in, or suppress drug abuse among school-age children. For districts that are already implementing a comprehensive drug abuse prevention program for pupils in grades 4 to 6, inclusive, the county superintendent shall propose the use of the funds for drug prevention activities in school grades other than 4 to 6, inclusive, compatible with the program components of this section. The expenditure of funds for that an alternative purpose shall be approved by the executive director.

(1) Unless otherwise authorized by the Office of Criminal Justice Planning, each county superintendent of schools shall be the fiscal agent for any Comprehensive Alcohol and Drug Prevention Education program award, and shall be responsible for ensuring that each school district within that county receives the allocation prescribed by the Office of Criminal Justice Planning. Each county superintendent shall develop a countywide plan that complies with program guidelines and procedures established by the Office of Criminal Justice Planning pursuant to subdivision (d). A maximum of 5 percent of the county's allocation may be used for administrative costs associated with the project.

(2) Each county superintendent of schools shall establish and chair a local coordinating committee to assist the superintendent in developing and implementing a countywide implementation plan. This committee shall include the county drug administrator, law enforcement executives, school district governing board members and adminstrators, school faculty, parents, and drug prevention and intervention program executives selected by the superintendent and approved by the county board of supervisors.

(d) The Executive Director of the Office of Criminal Justice Planning, in consultation with the Department of Alcohol Drug

Programs and the State Department of Education, shall prepare and issue guidelines and procedures for the Comprehensive Alcohol and Drug Prevention Education Program consistent with this section.

(e) The Comprehensive Alcohol and Drug Prevention Education Program guidelines shall set forth the terms and conditions upon which the Office of Criminal Justice Planning is prepared to award grants of funds pursuant to this section. The guidelines shall not constitute rules, regulations, orders, or standards of general application.

(f) Funds awarded under the Comprehensive Alcohol and Drug Prevention Education Program shall not be subject to Section 10318 of the Public Contracts Code.

(g) Commencing January 1, 1991, or six months after a full year of program operation, whichever occurs later, the executive director shall prepare and submit an annual report to the Legislature describing the operation of the program and the results obtained from the Comprehensive Alcohol and Drug Prevention Education Program receiving funds under this section.

(h) Funds available pursuant to Item 8100-001-001 of the Budget Act of 1989, or the successor provision of the appropriate Budget Act, shall be allocated to implement this section.

SEC. 32. Notwithstanding any other provision of law, any school district not receiving funding in the 1988–89 fiscal year for gifted and talented education programs may apply to the Superintendent of Public Instruction for funding for a program for gifted and talented education, commencing in the 1989–90 fiscal year, which funding shall be apportioned pursuant to the funding formula that applied, as of that date, for a district's first year of funding for that purpose.

SEC. 33. If a school district has computed its appropriations limit using a method that differs from the method specified in Sections 7901 and 7906 of the Government Code, it shall compute its 1989–90 appropriations limit as if it were using this method for all years, beginning in 1978–79.

SEC. 34. Notwithstanding Section 42238.1 of the Education Code, the amount calculated pursuant to subdivision (b) of Section 42238.1 of the Education Code for the 1989–90 fiscal year shall be deemed to be 4.64 percent.

SEC. 35. Notwithstanding any other provision of law, no provision of this act shall be construed to require the allocation of funds to school districts, as defined in Section 41302.5 of the Education Code, or community college districts, in excess of the amount require by subdivision (b) of Section 8 of Article XVI of the California Constitution to be applied, in the aggregate, to the support of those entities.

SEC. 36. (a) The sum of three hundred seventy-nine million five hundred eleven thousand dollars ($379,511,000) is hereby appropriated from the General Fund to Section A of the State School Fund for the 1989–90 fiscal year. The amount appropriated in this subdivision shall be apportioned in accordance with the following

schedule:

(1) To the Superintendent of Public Instruction for allocation to school districts to provide for base revenue limit equalization pursuant to Section 42238.4 of the Education Code $76,000,000

(2) To the Superintendent of Public Instruction for allocation for purposes of special education program growth pursuant to Section 56728.6 of the Education Code, in augmentation of Item 6110-161-001 of Section 2.00 of the Budget Act of 1989 ..... $10,000,000

(3) To the Superintendent of Public Instruction for allocation to school districts for the purposes of Section 41851.1 of the Education Code $10,000,000

(4) To the Superintendent of Public Instruction for allocation to eligible school districts for purposes of Section 42251 of the Education Code in augmentation of Item 6110-101-001 of Section 2.00 of the Budget Act of 1989 ..... $6,000,000

(5) To the Superintendent of Public Instruction for allocation for the purposes of Article 9 (commencing with Section 54760) of Chapter 9 of Part 29 of the Education Code $180,000,000

(6) To the State Department of Education $1,011,000
For allocation as follows:

(A) To existing Indian education centers as a cost-of-living adjustment to the actual revenue limits received in the 1983–84 to 1988–89 fiscal years, inclusive $120,000

(B) For each of six existing centers that presently do not provide transportation services receiving five thousand dollars ($5,000) each for startup costs for transportation $30,000

(C) To establish 10 new Indian education centers at current funding levels $861,000
in the following areas:

(1) Fresno, Madera, and Kings Counties.
(2) Siskiyou, Shasta, and Modoc Counties.
(3) Butte County.
(4) Del Norte County.
(5) Imperial County.
(6) Tulare County.
(7) Alameda County and the City

and County of San Francisco.
(8) Los Angeles County.
(9) Mendocino and Sonoma Counties.
(10) Amador, El Dorado, and Alpine Counties.

The State Department of Education shall allocate these funds on a competitive bid basis, and shall ensure that funds allocated to the centers reflect the relative funding needs of each center.

(7) To the Superintendent of Public Instruction for allocation for purposes of the Interagency School Safety Demonstration Act of 1985 pursuant to Chapter 2.5 (commencing with Section 32260) of Part 19 of the Education Code $500,000

(8) To the Superintendent of Public Instruction for allocation to school districts and county offices of education based on an equal amount per unit of average daily attendance. The amount a district receives under this paragraph shall not be considered an adjustment to the district's base revenue limit..... $93,000,000

The disbursement of these funds shall be included as part of the apportionments to which a school district or county office of education is allowed under Article 3 (commencing with Section 41330) of Chapter 3 of Part 24 of the Education Code, and shall be allocated in the advance apportionment and the first principal apportionment based upon available estimates of average daily attendance.

(9) To the State Department of Education, in augmentation of the allocations made pursuant to Provisions (5) and (6) of Item 6110-120-001 of Section 2.00 of the Budget Act of 1989..... $3,000,000

(b) The sum of eighty-four million dollars ($84,000,000) is hereby appropriated from the General Fund to Section B of the State School Fund for the 1989–90 fiscal year. The amount appropriated in this subdivision shall be apportioned in accordance with the following schedule:

(1) To the Chancellor of the California Community Colleges for allocation to local community college districts to begin implementation of Phase I of transitional program improvements pursuant to Section 84755 of the Education Code and Section 70 of Chapter 973 of the Statutes of 1988 ..... $70,000,000

(2) To the Board of Governors of the California Community Colleges, for purposes of program 20.10.070

(matriculation), in augmentation of Item 6870-101-001 of Section 2.00 of the Budget Act of 1989 ..... $14,000,000

SEC. 37. The sum of sixteen million seven hundred thousand dollars ($16,700,000) is hereby appropriated to the Office of Criminal Justice Planning for the purposes of Section 13864 of the Penal Code.

SEC. 38. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the minimum public education funding level requirements of the Classroom Instructional Improvement and Accountability Act, as adopted by the voters on November 8, 1988, it is essential that recalculations of public school apportionments be made on or before June 30, 1989. Therefore, it is necessary that this act take immediate effect.

CHAPTER 84

An act to amend Section 31483 of the Water Code, relating to county water districts, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature Filed with Secretary of State July 5, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 31483 of the Water Code is amended to read:

31483. (a) Notwithstanding any other provision of this division, the Contra Costa Water District may from time to time issue bonds in accordance with the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code) for the purpose of financing the acquisition of land and land rights and the construction, improvement, or acquisition of any facilities necessary or convenient for the storage, transmission, distribution, or treatment of water for beneficial use, except that the provisions of Sections 54380 to 54388, inclusive, of the Government Code shall not apply to the issuance and sale of bonds pursuant to this section.

(b) The board shall not proceed under this section until it has submitted to the qualified voters of the district at a special election called by a resolution of the board a proposition as to whether the district may authorize and sell revenue bonds under this section. The proposition shall set forth generally the proposed facilities to be financed and the costs thereof. If a majority of the voters of the district voting on the proposition at the election vote in favor of the

proposition, the board may proceed to issue and sell revenue bonds as provided in this section. If the proposition fails to carry at the election, the proposition shall not again be voted upon until at least six months have elapsed since the date of the last election at which the proposition was submitted.

(c) The resolution calling the election shall fix the date on which the election is to be held, the proposition to be submitted at the election, the manner of holding the election and of voting for or against the proposition, and shall state that in all other particulars the election shall be held and the votes canvassed as provided by law for the holding of elections within the district. The election may be held separately or may be consolidated with any other election authorized by law at which the voters of the district may vote.

(d) Bonds issued pursuant to this section may be sold at one or more private or public sales as the board of directors of the Contra Costa Water District shall determine.

(e) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 2. (a) The Legislature hereby finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique water quality problems within the Contra Costa Water District which are not common to other districts organized pursuant to the County Water District Law.

(b) The source of the district's water supply is the Sacramento-San Joaquin Delta, the quality of which varies over a wide range. Reservoirs and pumps, pipelines, and appurtenant facilities are necessary to enable the district to store large quantities of good quality water when it is available for later use during periods when water in the delta is unsuitable for municipal and industrial use. These facilities may be capable of benefiting other areas adjacent to the district. Vast amounts of capital will be needed from time to time to finance the facilities.

(c) This act is necessary, therefore, to finance efficiently and fairly vital water facilities and to allocate the costs thereof equitably among the various areas and regions benefited thereby.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Contra Costa Water District may at the earliest possible date sell revenue bonds for the Los Vaqueros Project as authorized by the voters of the district on November 8, 1988, it is necessary that this act take effect immediately.

CHAPTER 85

An act to amend Sections 225p and 226.5 of, and to add and repeal Section 225q of, the Civil Code, relating to adoption, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 1989 Filed with Secretary of State July 5, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 225p of the Civil Code is amended to read:

225p. Whenever a petition is filed for the adoption of a child who has been placed for adoption by a licensed county adoption agency or the State Department of Social Services, the county adoption agency or the State Department of Social Services may, at the time of filing a favorable report in the superior court, require the persons petitioning to become adoptive parents to pay to the county agency, as agent of the state, or to the State Department of Social Services, a fee of five hundred dollars ($500). The county adoption agency or the State Department of Social Services may defer, waive, or reduce the fee when its payment would cause economic hardship to the adoptive parents detrimental to the welfare of the adopted child, when the child has been in the foster care of the adoptive parents for at least one year, or if necessary for the placement of a special needs child. A "special needs" child is a child who because of his or her age, ethnic background, race, color, language, or physical, mental, emotional, or medical handicaps has become difficult to place in an adoptive home.

SEC. 2. Section 225q is added to the Civil Code, to read:

225q. (a) Except as otherwise provided in this section, whenever a petition is filed for the adoption of a child who has not been placed for adoption by a licensed adoption agency or the State Department of Social Services, the petitioner or petitioners shall pay a fee of five hundred dollars ($500) to the county adoption agency or the State Department of Social Services prior to the filing of a favorable report in the superior court by the county adoption agency or the State Department of Social Services. The county adoption agency or the State Department of Social Services may defer, waive, or reduce the fee when in its judgment the payment would cause economic hardship to the adoptive parents and would be detrimental to the welfare of the adopted child. The fee shall be waived if the consent of any party from whom consent is required is signed in the presence of the court pursuant to subdivision (b) of Section 226.5.

(b) Revenues produced by fees collected pursuant to subdivision (a) by the State Department of Social Services shall be used, when appropriated by the Legislature, to fund only the state programs for the adoption of children who have not been placed by a licensed adoption agency or the State Department of Social Services.

Revenues produced by fees collected pursuant to subdivision (a) by the county adoption agency shall be used by the county to fund the county program for adoption of children who have not been placed by a licensed adoption agency or the State Department of Social Services. Revenues produced by fees collected by the State Department of Social Services or counties pursuant to subdivision (a) shall not be used to supplant current funding for the adoptions program.

(c) The State Department of Social Services shall determine the impact of the fee required under this section on the adoptions of children who have not been placed for adoption by the State Department of Social Services or a licensed adoption agency, including staffing, the time required to complete investigations and court reports, and the number of fee waivers or reduction requests made and granted or denied. The State Department of Social Services shall report its findings to the Legislature on or before January 1, 1992.

(d) This section applies only to petitions filed, on and after the effective date of the act enacting this section, for the adoption of a child who has not been placed for adoption by the State Department of Social Services or a licensed adoption agency, and does not apply to adoptions by a stepparent where one natural parent retains custody and control of the child.

(e) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 3. Section 226.5 of the Civil Code is amended to read:

226.5. (a) The State Department of Social Services or licensed county adoption agency shall interview the petitioners and all persons from whom consent is required and whose addresses are known as soon as possible and in the case of residents of California within 45 working days, excluding legal holidays, after the filing of the adoption petition. In order to facilitate these interviews, at the same time the petition is filed, the petitioner shall file with the district office of the State Department of Social Services or the licensed county adoption agency responsible for the investigation of the adoption, a copy of the filed petition together with the names, addresses, and phone numbers of all parties to be interviewed, if known.

(b) With respect to petitions for which a fee is charged or waived under Section 225q, if the State Department of Social Services or licensed county adoption agency fails without good cause to conduct the interviews of the petitioners and all persons from whom consent is required as specified in subdivision (a) within the period of time specified in subdivision (a), the petitioners, upon giving 10 days' written notice to the State Department of Social Services or the licensed county adoption agency responsible for the investigation of the adoption, may request the superior court in which the adoption petition has been filed, or the superior court in the county in which

the birth parent resides, to permit the signing of the consent in the presence of the court by any party whose consent is required. The consent and statement of understanding shall be obtained on forms prescribed by the State Department of Social Services. Consent provided under this subdivision shall be in lieu of the otherwise applicable provisions of subdivisions (a) and (c) of Section 226.1, but shall have the same effect.

For purposes of this section, "good cause" includes, but is not limited to, the following:

(1) An inability to contact or locate any of the parties who are required to be interviewed pursuant to subdivision (a).

(2) Failure of the petitioner to provide the district office of the State Department of Social Services or the licensed county adoption agency with a copy of the filed petition and the names, addresses, and telephone numbers of all parties to be interviewed, within 10 working days of the date the petition is filed with the court.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. Sections 1 to 3, inclusive, of this act shall become operative on September 1, 1989.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to increase the staffing at public adoption agencies to enable adoption workers to initiate adoption home studies in a timely manner in order to protect children, to eliminate an unstable situation for adoptive children and parents, and to prevent unnecessary inconvenience and emotional trauma to adoptive and birth parents, it is necessary for this act to take effect immediately.

CHAPTER 86

An act to amend Sections 830 and 10850.1 of the Welfare and Institutions Code, relating to abuse.

[Approved by Governor July 5, 1989 Filed with Secretary of State July 5, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 830 of the Welfare and Institutions Code is amended to read:

830. Notwithstanding any other provision of law, members of a multidisciplinary personnel team engaged in the prevention, identification, and treatment of child abuse may disclose and exchange information and writings to and with one another relating to any incidents of child abuse that may also be a part of a juvenile court record or otherwise designated as confidential under state law if the member of the team having that information or writing reasonably believes it is generally relevant to the prevention, identification, or treatment of child abuse. All discussions relative to the disclosure or exchange of any such information or writings during team meetings are confidential and, notwithstanding any other provision of law, testimony concerning any such discussion is not admissible in any criminal, civil, or juvenile court proceeding.

As used in this section, "child abuse" has the same meaning as defined in Section 18951.

As used in this section, "multidisciplinary personnel team" means any team of three or more persons, as specified in Section 18951, the members of which are trained in the prevention, identification, and treatment of child abuse and are qualified to provide a broad range of services related to child abuse.

SEC. 2. Section 10850.1 of the Welfare and Institutions Code is amended to read:

10850.1. Notwithstanding any other provision of law, for purposes of Section 10850, the activities of a multidisciplinary personnel team engaged in the prevention, identification, and treatment of child abuse or the abuse of elder or dependent persons are activities performed in the administration of public social services, and a member of the team may disclose and exchange any information or writing that also is kept or maintained in connection with any program of public social services or otherwise designated as confidential under state law which he or she reasonably believes is relevant to the prevention, identification, or treatment of child abuse or the abuse of elder or dependent persons to other members of the team. All discussions relative to the disclosure or exchange of any such information or writing during team meetings are confidential and, notwithstanding any other provision of law, testimony concerning any such discussion is not admissible in any criminal,

civil, or juvenile court proceeding.

As used in this section, "child abuse" has the same meaning as defined in Section 18951. As used in this section, "abuse of elder or dependent persons" has the meaning given in Section 15610.

As used in this section, "multidisciplinary personnel team" means any team of three or more persons, as specified in Section 15715 or 18951, the members of which are trained in the prevention, identification, and treatment of child abuse or the abuse of elder or dependent persons and are qualified to provide a broad range of services related to child abuse or the abuse of elder or dependent persons.

CHAPTER 87

An act to amend Section 25235 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor July 5, 1989. Filed with Secretary of State July 5, 1989.]

The people of the State of California do enact as follows:

SECTION 1. Section 25235 of the Business and Professions Code is amended to read:

25235. It is unlawful for any person to sell to any on- or off-sale licensee or to deliver to the premises of any on- or off-sale licensee, or for any on- or off-sale licensee to sell or to have upon his or her licensed premises, wine packaged or bottled in any pocket flask container of less than 750 milliliters, the face of which is substantially rectangular and the minimum thickness of which is less than two-thirds of its maximum width, the measurements to be made on the cross-sectional axes, excluding the neck portion of the container. This section does not apply to the possession of wine in such containers on the premises of a licensed wine grower or at the branch office or warehouse or United States bonded storeroom of the wine grower located away from his place of production or manufacture.

CHAPTER 88

An act to amend Section 19841 of the Government Code, relating to state employees.

[Approved by Governor July 5, 1989. Filed with Secretary of State July 5, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 19841 of the Government Code is amended to read:

19841. (a) Notwithstanding Section 11030, whenever a state officer or employee is required by the appointing power because of a change in assignment, promotion, or other reason related to his or her duties to change his or her place of residence, the officer, agent, or employee shall receive his or her actual and necessary moving, traveling, lodging, and meal expenses incurred by him or her both before and after and by reason of the change of residence. The maximum allowances for these expenses shall be as follows: the costs of packing, transporting, and unpacking 11,000 pounds of household effects, traveling, lodging, and meal expenses for 60 days while locating a permanent residence, storage of household effects for 60 days, and additional miscellaneous allowances not in excess of two hundred dollars ($200). The maximum allowances may be exceeded where the director determines that the change of residence will result in unusual and unavoidable hardship for the officer or employee, and in those cases the director shall determine the maximum allowances to be received by the officer or employee.

(b) If a change of residence reasonably requires the sale of residence or the settlement of an unexpired lease, the officer or employee may be reimbursed for any of the following expenses:

(1) The settlement of the unexpired lease to a maximum of one year. Upon the date of surrender of the premises by the employee who is the lessee, the rights and obligations of the parties to the lease shall be as determined by Section 1951.2 of the Civil Code.

The state shall be absolved of responsibility for an unexpired lease if the department determines the employee knew or reasonably should have known that a transfer involving physical move was imminent before entering into the lease agreement.

(2) In the event of residence sale, reimbursement for brokerage and other related selling fees or charges, as determined by regulations of the department, customarily charged for like services in the locality where the residence is located.

(c) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the

expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

CHAPTER 89

An act to add Section 22438 to the Water Code, relating to irrigation districts.

[Approved by Governor July 5, 1989 Filed with Secretary of State July 5, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 22438 is added to the Water Code, to read:

22438. Whenever any district is the owner of an easement for an open canal for the transportation of water across lands not owned by it, other than an easement evidenced by a written grant or judgment providing a legal description of the easement, the district shall have a secondary easement on each side of the open canal for the maintenance, repair, cleaning, operation, and control of the open canal and such other use thereof as may reasonably be required by the district in exercising those rights and in the maintenance, repair, cleaning, and operation of that easement and open canal with equipment owned by or available to the district for that use at the time the rights are exercised. The duration of the secondary easement shall be for so long as the district, or its successors or assigns, continues to own the open canal easement regardless of what use has or has not been made of the secondary easement. The owner of the land upon which a secondary easement is located, or any lessee of the land, shall have the right to use the surface of the land upon which the secondary easement is located for his or her own purposes to the extent that use does not unreasonably interfere with the district's ownership or use of the secondary easement, or the open canal easement. Any encroachment or obstruction placed or permitted upon the secondary easement by the owner of the land or any lessee of the land, which unreasonably interferes with the secondary easement or the open canal easement, may be removed by the district at the owner's or lessee's expense, or by legal action filed by the district. This section shall not be construed to limit the right of a district or of any person to acquire any easement by prescription or condemnation or to enter into a written agreement concerning an easement or secondary easement upon such terms as are agreed upon by the parties.

CHAPTER 90

An act to amend Sections 102, 103, 213, 554, and 560 of the Military and Veterans Code, relating to the state military forces.

[Approved by Governor July 5, 1989 Filed with Secretary of State July 5, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 102 of the Military and Veterans Code is amended to read:

102. The Uniform Code of Military Justice (Chapter 47 (commencing with Section 801) of Title 10 of the United States Code) and the rules and regulations adopted thereunder, together with the Manual for Courts-Martial, United States, 1984 (Executive Order 12473 of April 13, 1984, as amended), are hereby adopted as a part of this code and shall govern and be applicable, except as otherwise provided in this code or in regulations adopted by the Adjutant General, to the active militia, including the California National Guard.

SEC. 2. Section 103 of the Military and Veterans Code is amended to read:

103. Whenever reference is made in the Uniform Code of Military Justice or the Manual for Courts-Martial, United States, to military service, the Army of the United States, the United States Air Force, or the United States Navy, that reference includes the military and naval service of this state.

SEC. 3. Section 213 of the Military and Veterans Code is amended to read:

213. Members of the California National Guard who have reverted from federal control to state control thereby become members of the State Military Reserve and are subject to Chapter 3 (commencing with Section 550) of Part 2 of this division for the unexpired period of their enlistment or appointment, unless upon reversion the members are assigned to active units of the California National Guard which have not been called or ordered into federal service.

SEC. 4. Section 554 of the Military and Veterans Code is amended to read:

554. (a) For the use of the State Military Reserve, the Governor may submit requisitions to the United States Secretary of Defense for any arms and equipment in the possession of and excess to or not required by the Department of the Army or alloted or available to the State Military Reserve. The Governor may provide arms and equipment to the State Military Reserve which are not furnished by the Department of the Army and are required in the defense of the state. The Governor may make available to the State Military Reserve armories and other state premises, property, supplies, and

equipment as may be available.

(b) The members of the State Military Reserve may be male or female and are members of the state militia for purposes of this code.

(c) All unexpended balances appropriated for the use of the California National Guard or the Adjutant General and not required by the California National Guard or the Adjutant General may be expended by the Adjutant General for the use and benefit of the State Military Reserve and its members. Section 255 does not apply to the State Military Reserve.

SEC. 5. Section 560 of the Military and Veterans Code is amended to read:

560. (a) The Uniform Code of Military Justice (Chapter 47 (commencing with Section 801) of Title 10 of the United States Code) and the rules and regulations adopted thereunder, together with the Manual for Courts-Martial, United States, 1984 (Executive Order 12473 of April 13, 1984, as amended), are hereby adopted as part of this code and shall be applicable to and govern the State Military Reserve.

(b) No officer or enlisted person of the State Military Reserve may be arrested on any warrant, except for treason or a felony, while going to, remaining at, or returning from a place he or she is ordered to attend for military duty. Every officer and enlisted person of the State Military Reserve is, during his or her service, exempt from service upon any posse comitatus and from jury duty.

CHAPTER 91

An act to add Section 31520.4 to the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor July 5, 1989. Filed with Secretary of State July 5, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 31520.4 is added to the Government Code, to read:

31520.4. In any county with a board of retirement composed of nine members pursuant to Section 31520.1, if the second, third, seventh, or alternate member of the board is injured or killed while performing his or her duties as a member of the board, that member shall be deemed to have been acting in the course and scope of his or her duties as an employee of the county or district employing the member, for the limited purpose of determining eligibility for workers' compensation benefits or disability or death benefits from the retirement system.

This section shall not be operative in any county until the board of supervisors, by resolution adopted by a majority vote, makes this

section operative in that county.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 92

An act to amend Sections 14022.5, 35294.1, 41202, 41841.5, 42238.15, 42239.5, 42241.2, 49536, 52616, and 60246 of, and to repeal and add Section 41204 of, the Education Code, to amend Section 13864 of the Penal Code, and to amend Sections 32 and 36 of Assembly Bill No. 198 of the 1989–90 Regular Session, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 1989 Filed with Secretary of State July 6, 1989]

The people of the State of California do enact as follows:

SECTION 1. Section 14022.5 of the Education Code, as added by Assembly Bill 198 of the 1989–90 Regular Session, is amended to read:

14022.5. (a) For purposes of Section 8.5 of Article XVI of the California Constitution, the term "enrollment" shall have the following meaning for school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services:

(1) In school districts:

(A) The average daily attendance of each school district reported for the second principal apportionment pursuant to Section 41601.

(B) The annual average daily attendance for adult education programs and classes, as determined under subdivision (d) of Section 41601.

(C) The annual average daily attendance for regional occupational centers and programs, as determined under subdivision (d) of Section 41601.

(D) The average daily attendance of apprentices enrolled in any class and reported pursuant to Section 8150, except that one unit of average daily attendance, for purposes of this paragraph, shall equal

525 hours of apprenticeship instruction in an apprenticeship program operated pursuant to Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code.

(E) (i) The annual average daily attendance for children enrolled in a state preschool program under the Child Care and Development Services Act (Chapter 2 (commencing with Section 8200) of Part 6), except that one unit of average daily attendance, for purposes of this clause, shall equal 700 hours of preschool services.

(ii) The annual average daily attendance for children enrolled in any other program under the Child Care and Development Services Act (Chapter 2 (commencing with Section 8200) of Part 6), except that one unit of average daily attendance, for purposes of this clause, shall equal 250 days of services. For the purposes of this clause, less than four hours per day of services shall be defined as one-half day, from four up to six and one-half hours per day shall be defined as three-fourths day, and six and one-half hours or more per day shall be defined as one full day.

(F) The annual average daily attendance of pupils enrolled in summer school, computed pursuant to Section 42239, except that one unit of average daily attendance shall equal 700 hours of summer school instruction in an approved summer school program.

(G) The annual average daily attendance for pupils enrolled in an educational program offered by a county office of education, as determined pursuant to subdivisions (b) and (c) of Section 41601.

(2) In community college districts:

(A) The annual average daily attendance of a community college district computed pursuant to Chapter 4 (commencing with Section 84500) of Part 50, until Section 84750 becomes operative, and thereafter the number of full-time equivalent students as computed pursuant to Section 84750.

(B) The annual average daily attendance for evening community college programs designated as adult schools pursuant to Section 78401, as determined pursuant to Section 78405.

(C) The annual average daily attendance of apprentices enrolled in any class and reported pursuant to Section 8150, except that one unit of average daily attendance, for purposes of this paragraph, shall equal 525 hours of apprenticeship instruction in an apprenticeship program operated pursuant to Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code.

(3) In state agencies that provide direct elementary and secondary level instructional services:

(A) The annual average daily attendance equivalent for pupils enrolled in the State Schools for the Handicapped pursuant to Part 32 (commencing with Section 59000).

(B) The annual average daily attendance equivalent for pupils attending an educational program administered by the Department of the Youth Authority pursuant to Article 6 (commencing with Section 1120) and Article 10 (commencing with Section 1250) of Part 1 of Division 2 of Chapter 3 of the Welfare and Institutions Code.

(C) The annual average daily attendance equivalent for pupils in the state hospitals operated by the State Department of Developmental Services pursuant to Chapter 8 (commencing with Section 56850) of Part 30.

(b) Any determination or computation of enrollment for purposes of this section shall be based upon actual data from prior years. For the next succeeding year, any determination or computation of enrollment for purposes of this section shall be the estimated enrollment, adjusted as actual data become available.

(c) This section shall remain in effect only until July 1, 1990, and as of that date is repealed, unless Senate Constitutional Amendment No. 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 2. Section 35294.1 of the Education Code, as added by Assembly Bill 198 of the 1989–90 Regular Session, is amended to read:

35294.1. (a) The governing board of a school district, on behalf of one or more schools within the district that have developed a school safety plan, may apply to the Superintendent of Public Instruction for a grant to implement school safety plans. A grant shall be awarded only for school safety plans that include the following criteria:

(1) Assessment of the recent incidence of crime committed on the school campus.

(2) Identification of appropriate strategies and programs that will provide or maintain a high level of school safety.

(3) Development of an action plan, in conjunction with local law enforcement agencies, for implementing appropriate safety strategies and programs, and determining the fiscal impact of executing the strategies and programs. The action plan shall identify available resources which will provide for implementation of the plan.

(b) The Superintendent of Public Instruction shall award grants pursuant to this section to school districts for the implementation of individual school safety plans in an amount not to exceed five thousand dollars ($5,000) for each school. No grant shall be made unless the school district makes available, for purposes of implementing the school safety plans, an amount of funds equal to the amount of the grant. Grants should be awarded through a competitive process, based upon criteria including, but not limited to, (1) the merit of the proposal and (2) the need for imposing school safety, based on school crime rates.

(c) Any school district receiving a grant under this section shall report to the Superintendent of Public Instruction annually for three consecutive years following the receipt of the grant concerning the impact of the implementation of the school safety plan on the incidence of crime on the campus of the school.

SEC. 2.5. Section 41202 of the Education Code, as added by Assembly Bill 98 of the 1989–90 Regular Session, is amended to read:

41202. The words and phrases set forth in subdivision (b) of

Section 8 of Article XVI of the Constitution of the State of California shall have the following meanings:

(a) "Monies to be applied by the state," as used in subdivision (b) of Section 8 of Article XVI of the California Constitution, means appropriations from the General Fund that are made for allocation to school districts, as defined, or community college districts. An appropriation that is withheld, impounded, or made without provisions for its allocation to school districts or community college districts, shall not be considered to be "monies to be applied by the state."

(b) "State General Fund revenues which may be appropriated pursuant to Article XIII B," as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI, means General Fund revenues that are the proceeds of taxes as defined by subdivision (c) of Section 8 of Article XIII B of the California Constitution, including, for the 1986–87 fiscal year only, any revenues that are determined to be in excess of the appropriations limit established pursuant to Article XIII B for the fiscal year in which they are received. General Fund revenues for a fiscal year to which paragraph (1) is being applied shall include, in that computation, only General Fund revenues for that fiscal year that are the proceeds of taxes, as defined in subdivision (c) of Section 8 of Article XIII B of the California Constitution, and shall not include prior fiscal year revenues. The amount of the proceeds of taxes shall be computed for any fiscal year in a manner consistent with the manner in which the amount of the proceeds of taxes was computed by the Department of Finance for purposes of the Governor's Budget for the Budget Act of 1986.

(c) "State General Fund revenues appropriated for school districts," as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to school districts, as defined in Section 41302.5, regardless of whether those appropriations were made from the General Fund to the Superintendent of Public Instruction, to the Controller, or to any other fund or state agency for the purpose of allocation to school districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (1) of subdivision (b) of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(d) "State General Fund revenues appropriated for community college districts," as used in paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to community college districts, regardless of whether those appropriations were made from the General Fund to the Controller, to the Chancellor of the California Community Colleges, or to any other fund or state agency for the purpose of allocation to community college districts.

The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (1) of subdivision (b) of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(e) "Total allocations to school districts and community college districts from the State General Fund proceeds of taxes appropriated pursuant to Article XIII B," as used in paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means the sum of appropriations made that are for allocation to school districts, as defined in Section 41302.5, and community college districts, regardless of whether those appropriations were made from the General Fund to the Controller, to the Superintendent of Public Instruction, to the Chancellor of the California Community Colleges, or to any other fund or state agency for the purpose of allocation to school districts and community college districts. The full amount of any appropriation shall be included in the calculation of the percentage required by paragraph (2) of Section 8 of Article XVI, without regard to any unexpended balance of any appropriation. Any reappropriation of funds appropriated in any prior year shall not be included in the sum of appropriations.

(f) "State General Fund revenues appropriated for school districts and community college districts, respectively" and " monies to be applied by the state for the support of school districts and community college districts," as used in Section 8 of Article XVI of the California Constitution, shall include funds appropriated for the Child Care and Development Services Act pursuant to Chapter 2 (commencing with Section 8200) of Part 6 and shall not include any of the following:

(1) Any appropriation that is not made for allocation to a school district, as defined in Section 41302.5, or to a community college district regardless of whether the appropriation is made for any purpose that may be considered to be for the benefit to a school district, as defined in Section 41302.5, or a community college district. This paragraph shall not be construed to exclude any funding appropriated for the Child Care and Development Services Act pursuant to Chapter 2 (commencing with Section 8200) of Part 6.

(2) Any appropriation made to the Teachers' Retirement Fund or to the Public Employees' Retirement Fund except those appropriations for reimbursable state mandates imposed on or before January 1, 1988.

(3) Any appropriation made to service any public debt.

(g) "Allocated local proceeds of taxes," as used in paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means, for school districts as defined, those local revenues, except revenues identified pursuant to paragraph (5) of subdivision (h) of Section 42238, that are used to offset state aid for school districts in calculations performed pursuant to Sections 2558,

42238, and 56712.

(h) "Allocated local proceeds of taxes," as used in paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution, means, for community college districts, those local revenues that are used to offset state aid for community college districts in calculations performed pursuant to Section 84700. In no event shall the revenues or receipts derived from student fees be considered "allocated local proceeds of taxes."

(i) For the purposes of calculating the 4 percent entitlement pursuant to subdivision (a) of Section 8.5 of Article XVI of the California Constitution, "the total amount required pursuant to Section 8(b)" shall mean the State General Fund aid required for schools pursuant to Section 8(b), and shall not include allocated local proceeds of taxes.

SEC. 3. Section 41204 of the Education Code, as added by Assembly Bill 198 of the 1989–90 Regular Session, is repealed.

SEC. 3.5. Section 41204 is added to the Education Code, to read:

41204. (1) It is the intent of the Legislature, pursuant to "The Classroom Instructional Improvement and Accountability Act," that school districts, as defined in Section 41302.5, and community college districts, as constituted during 1986–87 fiscal year, annually receive a basic minimum portion of the revenues that is equivalent to the percentage of revenues that were deposited to the General Fund in that year.

(2) In recognition of this intent, it is further the intent of the Legislature that both houses and the Governor be guided by the following:

(a) If the revenues of a tax that were deposited in the General Fund in the 1986–87 fiscal year are redirected to another fund, or level of government, then the percentages of General Fund revenues required to be applied by the state for the support of school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services shall be recalculated as if those revenues were not deposited in the General Fund in the 1986–87 fiscal year.

(b) If the allocated local proceeds of taxes, as defined by subdivisions (g) and (h) of Section 41202, received by a school district or community college district during the 1986–87 fiscal year are redirected to other entities or statutorily or constitutionally reduced or eliminated, the additional General Fund support provided to replace the allocated local proceeds of taxes may not be counted as General Fund revenues required to be applied for the support of school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services pursuant to paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, unless the percentage of General Fund revenues appropriated to school districts, community college districts, and state agencies providing direct elementary and secondary level instructional services in the

1986–87 fiscal year is adjusted to reflect the amount of General Fund support that would have been provided in the 1986–87 fiscal year had the allocated local proceeds of taxes been correspondingly reduced.

(c) If a program of a school district, as defined in Section 41302.5, or of a community college district was supported by state funds from a source other than the General Fund during the 1986–87 fiscal year and General Fund moneys are subsequently provided in support of the program and in lieu of the other source of funds, the supplanting General Fund revenues shall not be counted as monies to be applied by the state for the support of school districts or community college districts pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution.

(d) Programs that existed in the 1986–87 fiscal year, and were not the functional responsibility of school districts or community college districts in that fiscal year, shall not be shifted to the responsibility or financial support of school districts or community college districts without appropriate corresponding adjustment to the calculations made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution. Nothing in this subdivision shall be construed to prevent the creation of a new educational program that is supported by a General Fund appropriation made in conformity with subdivision (b) of Section 8 of Article XVI of the California Constitution.

(e) Enrollment, average daily attendance, or average daily attendance equivalents used for the purpose of calculating "increases in enrollment" pursuant to paragraph (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution shall not be redefined, adjusted, or otherwise recalculated unless the appropriate action is taken to neutralize the effect of the change with respect to the adjustment required to be made for increases in enrollment.

SEC. 4. Section 41841.5 of the Education Code, as amended by Assembly Bill 198 of the 1989–90 Regular Session, is amended to read:

41841.5. (a) The Superintendent of Public Instruction shall allow to each school district maintaining a secondary school an amount equal to the actual current expense of the district of maintaining adult education classes for prisoners in any county jail, or any county industrial farm or county or joint county road camp for the current fiscal year. The amount so allowed to a district for each unit of average daily attendance in these classes shall in no event exceed the statewide average revenue limit for adults multiplied by 0.8.

Each school district shall receive advanced apportionments as authorized by Sections 41330, 41332, and 41335 on the basis of the cost data report of the district for the preceding fiscal year and each district shall file a preliminary cost data report based upon estimated current expenses.

For purposes of this section, the Superintendent of Public Instruction shall, by rules and regulations, establish minimum standards for the conduct of the adult education classes, including,

but not necessarily limited to, attendance requirements and requirements concerning records to be kept and reports to be submitted.

(b) There is hereby appropriated from the General Fund to Section A of the State School Fund the following sums for the following fiscal years for the purposes of subdivision (a):

(1) For the 1980–81 fiscal year	$1,020,100
(2) For the 1981–82 fiscal year and each fiscal year thereafter	$1,113,000

Commencing with the 1982–83 fiscal year, the amounts in paragraph (2) shall be cumulatively increased by 6 percent, unless otherwise provided by law. Commencing with the 1990–91 fiscal year, the amounts in paragraph (2) shall be increased by the percentage change determined pursuant to subdivision (b) of Section 42238.1.

SEC. 5. Section 42238.15 of the Education Code, as added by Assembly Bill 198 of the 1989–90 Regular Session, is amended to read:

42238.15. (a) Notwithstanding any other provision of law, and in lieu of any inflation or cost-of-living adjustment otherwise authorized for any of the programs enumerated in subdivision (b), state funding for the programs enumerated in subdivision (b) shall be increased annually by the product of the following:

(1) The sum of 1.0 plus the percentage change determined under subdivision (b) of Section 42238.1.

(2) The sum of 1.0 plus the percentage of increase, from the prior fiscal year to the current fiscal year, in each of the workload factors described in subdivision (b).

(b) The programs for which annual state funding increases are determined under this section, and the factors used to measure workload for each of those programs, are as follows:

(1) Special education programs and services, as measured by the regular second principal apportionment average daily attendance for kindergarten and grades 1 to 12, inclusive.

(2) Child care and development programs, and preschool programs, as measured by the state population of children up to and including four years of age.

(3) Instructional materials for kindergarten and grades 1 to 8, inclusive, as measured by enrollment in kindergarten and grades 1 to 8, inclusive.

(4) Instructional materials for grades 9 to 12, inclusive, as measured by enrollment in those grades.

(5) Regional occupational programs and centers, as measured by enrollment in grades 11 and 12.

(6) School improvement programs in kindergarten and grades 1 to 6, inclusive, as measured by enrollment in kindergarten and grades 1 to 6, inclusive.

(7) School improvement programs in grades 7 to 12, inclusive, as

measured by enrollment in those grades.

(8) Economic impact aid, as measured by the number of children aged 5 to 17, inclusive, from families that receive Aid to Families with Dependent Children and the number of pupils of limited English proficiency, as identified pursuant to Section 52163.

(9) Staff development programs, as measured by enrollment in kindergarten and grades 1 to 12, inclusive.

(10) Gifted and talented education programs, as measured by enrollment in kindergarten and grades 1 to 12, inclusive.

(c) This section shall become operative July 1, 1990, only if Senate Constitutional Amendment 1 is ratified by the voters at the statewide election to be held on June 5, 1990.

SEC. 6 Section 42239.5 of the Education Code is amended to read:

42239.5. (a) For the 1989–90 fiscal year and each fiscal year thereafter, average daily attendance generated by elementary and secondary school pupils in voluntary Saturday school programs shall be eligible for summer school apportionments calculated pursuant to Section 42239 if those programs meet the following conditions:

(1) The instruction is in core academic areas specified in paragraph (2) of subdivision (d) of Section 42239, or as specified for summer school in Section 37252 and subdivision (a) of Section 37253, or in a course that provides credit toward high school graduation.

(2) The instruction is provided on Saturday and does not exceed 180 minutes.

(3) The average pupil/teacher ratio does not exceed 20:1.

(4) Attendance by the pupils is not required by the participating schools and districts.

(b) Any minor pupil whose parent or guardian informs the school district that the pupil is unable to attend a Saturday school program established pursuant to this section for religious reasons, or any pupil 18 years of age or older who states that he or she is unable to attend a Saturday school program established pursuant to this section for religious reasons, shall be given priority over pupils who have attended the Saturday school program for enrollment in the regular summer school program if he or she chooses to enroll in the regular summer school program.

(c) Participating districts shall encourage the participation of elementary and secondary schools with low academic performance.

(d) The Superintendent of Public Instruction shall develop and distribute a program advisory to school districts on this program option.

(e) This section shall become inoperative on June 30, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. Section 42241.2 of the Education Code, as amended by Assembly Bill 198 of the 1989–90 Regular Session, is amended to read:

42241.2. A school district may add, in the computation of the

district's revenue limit pursuant to Section 42238 for the current fiscal year, the amount computed in the preceding fiscal year for Meals for Needy Pupils programs (Article 11 (commencing with Section 49550) of Chapter 9 of Part 27) multiplied by 1.06, except that, commencing with the 1990–91 fiscal year, that amount shall instead be multiplied by the sum of 1 plus the percentage change determined pursuant to subdivision (b) of Section 42238.1.

SEC. 8. Section 49536 of the Education Code, as amended by Assembly Bill 198 of the 1989–90 Regular Session, is amended to read:

49536. Commencing with the 1985–86 fiscal year, funds allocated pursuant to subdivision (a) of Section 41350 to child nutrition entities for school and child care and development program meals pursuant to this article shall be disbursed on the basis of eleven and thirty-five hundredths of a cent ($0.1135) for each breakfast and eleven and thirty-five hundredths of a cent ($0.1135) for each lunch served.

The State Department of Education shall thereafter, prior to July 1 of each subsequent year, prescribe an adjustment in the state meal contribution rates established pursuant to this section for the forthcoming fiscal year. The adjustments shall reflect the changes in the cost of operating a school breakfast and lunch program and shall be made commencing on July 1 of each year. The adjustment shall be the average of the separate indices of the "Food Away From Home Index" for Los Angeles and San Francisco as prepared by the United States Bureau of Labor Statistics.

In giving effect to the cost-of-living provisions of this section, the Department of Education shall use the same month for computation of the percentage change in the cost of living after July 1, 1975. The same month shall be used annually thereafter. The product of any percentage increase or decrease in the average index and the per meal reimbursement disbursement rate shall be adjusted by the amount of any cost-of-living change currently in effect pursuant to the provisions of this section.

Commencing with the 1990–91 fiscal year, the cost-of-living adjustment shall be equal to the percentage change determined pursuant to subdivision (b) of Section 42238.1.

SEC. 9. Section 52616 of the Education Code, as amended by Assembly Bill 198 of the 1989–90 Regular Session, is amended to read:

52616. The Superintendent of Public Instruction shall determine an adult block entitlement for school districts which maintain education programs for adults. This entitlement shall be paid from appropriations to Section A of the State School Fund as a part of the principal apportionment to school districts.

(a) For the 1983–84 fiscal year, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year calculated pursuant to Provision 1 of Item 6100-156-001 of the Budget Act of 1982 shall be increased by seventy dollars ($70). For the 1984–85 fiscal year to the 1987–88 fiscal year, inclusive, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year shall be increased by an amount equal to 6 percent of the

prior year's statewide average adult revenue limit per unit of average daily attendance, provided that no such revenue limit per unit of average daily attendance shall be less than 1.06 times the prior fiscal year's statewide average adult revenue limit per unit of average daily attendance. For the 1990–91 fiscal year and each fiscal year thereafter, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year shall be increased by an amount equal to the percentage change determined pursuant to subdivision (b) of Section 42238.1.

(b) For the purposes of the block entitlement, the district's average daily attendance shall be the lesser of paragraph (1) or (2):

(1) The 1982–83 adult average daily attendance authorized for funding purposes for the programs specified in Section 41976, as specified in Item 6100-156-001 of the Budget Act of 1982, multiplied by 1.025 in the 1983–84 fiscal year and each fiscal year thereafter.

(2) The actual adult average daily attendance for the programs specified in Section 41976.

(c) The adult block entitlement shall be computed by multiplying the adult revenue limit per unit of average daily attendance from subdivision (a) and the adult average daily attendance allowed in subdivision (b). The adult block entitlement shall be deposited in a separate fund of the district to be known as the "adult education fund." Moneys in an adult education fund shall be expended only for adult education purposes. Moneys received for programs other than adult education shall not be expended for adult education.

(d) If the adult average daily attendance of a school district in any fiscal year is less than the adult average daily attendance utilized to compute the funded district adult education block entitlement for that fiscal year, the district shall receive an apportionment only for the actual average daily attendance generated. Any surpluses accrued as a result of average daily attendance not generated in a district's block entitlement shall be reallocated after the annual apportionment by the Superintendent of Public Instruction to provide services to welfare recipients pursuant to Section 33117.5. Any remaining surplus shall be reallocated to meet unanticipated growth in adult education. The receipt of reallocated funds shall not be used for computational purposes for the district's block entitlement for subsequent fiscal years.

(e) Each school district which conducted adult education programs for substantially handicapped adults in activity centers, work activity centers, sheltered workshops, state hospitals, and other community settings, shall set aside an amount of money from its adult education block entitlement equal to its current fiscal year revenue limit times the average daily attendance generated in these facilities in the 1979–80 fiscal year times 1.02, subject to the following:

(1) The classes and courses offered in activity centers, work activity centers, sheltered workshops, and state hospitals shall be authorized pursuant to subdivision (e) of Section 41976.

(2) A school district shall operate classes in these facilities and

shall expend all funds set aside pursuant to this subdivision and shall use all funds exclusively for those classes for substantially handicapped adults.

(3) The conditions imposed by paragraphs (1) and (2) may be waived by the Superintendent of Public Instruction upon certification from the school district that the local demand for the program is less than the required level of service.

SEC. 10. Section 60246 of the Education Code, as amended by Assembly Bill 198 of the 1989–90 Regular Session, is amended to read:

60246. (a) The Controller shall, during each fiscal year, commencing with the 1983–84 fiscal year, transfer from the General Fund of the state to the State Instructional Materials Fund, an amount of twenty-one dollars and eighteen cents ($21.18) per pupil in the average daily attendance in the public elementary schools during the preceding fiscal year, as certified by the Superintendent of Public Instruction, except that this amount shall be adjusted annually through and including fiscal year 1987-88 in conformance with the Consumer Price Index, all items, of the Bureau of Labor Statistics of the United States Department of Labor, measured for the calendar year next preceding the fiscal year to which it applies. Commencing with the 1990–91 fiscal year, the amount shall be adjusted annually by an amount equal to percentage change determined pursuant to subdivision (b) of Section 42238.1.

(b) The amount transferred pursuant to subdivision (a) includes the designated percentage of the cash entitlements to be used to pay for unadopted state materials, tests, and in-service training.

SEC. 11. Section 13864 of the Penal Code, as added by Assembly Bill 198 of the 1989–90 Regular Session, is amended to read:

13864. There is hereby created in the Office of Criminal Justice Planning the Comprehensive Alcohol and Drug Prevention Education component of the Suppression of Drug Abuse in Schools Program in public elementary schools in grades 4 to 6, inclusive. Notwithstanding Section 13861 or any other provision in this code, all Comprehensive Alcohol and Drug Prevention Education component funds made available to the Office of Criminal Justice Planning in accordance with the Classroom Instructional Improvement and Accountability Act shall be administered and disbursed to county superintendents of schools in this state by the Executive Director of the Office of Criminal Justice Planning. All applications for that funding shall be reviewed and evaluated by the Office of Criminal Justice Planning, in consultation with the Department of Alcohol and Drug Programs and the State Department of Education.

(a) The executive director is authorized to allocate and award funds to county department superintendents of schools for allocation to individual school districts or to a consortium of two or more school districts. Applications funded under this section shall comply with the criteria, policies, and procedures established under subdivision (b) of this section.

(b) As a condition of eligibility for the funding described in this section, the school district or consortium of school districts shall have entered into an agreement with a local law enforcement agency to jointly implement a comprehensive alcohol and drug abuse prevention, intervention, and suppression program developed by the Office of Criminal Justice Planning, in consultation with the Department of Alcohol and Drug Programs and the State Department of Education, containing all of the following components:

(1) A standardized age-appropriate curriculum designed for pupils in grades 4 to 6, inclusive, specifically tailored and sensitive to the socioeconomic and ethnic characteristics of the target pupil population. Although new curricula shall not be required to be developed, existing curricula may be modified and adapted to meet local needs. The elements of the standardized comprehensive alcohol and drug prevention education program curriculum shall be defined and approved by the Governor's Policy Council on Drug and Alcohol Abuse, as established by Executive Order # D-70-80.

(2) A planning process that shall include both assessment of the school district's characteristics, resources and the extent of problems related to juvenile drug abuse, and input from local law enforcement agencies.

(3) A school district governing board policy that provides for a coordinated intervention system that, at a minimum, includes procedures for identification, intervention, and referral of at-risk alcohol- and drug-involved youth, and identifies the roles and responsibilities of law enforcement, school personnel, parents, and pupils.

(4) Early intervention activities that include, but are not limited to, the identification of pupils who are high risk or have chronic drug abuse problems, assessment, and referral for appropriate services, including ongoing support services.

(5) Parent education programs to initiate and maintain parental involvement, with an emphasis for parents of at-risk pupils.

(6) Staff and in-service training programs, including both indepth training for the core team involved in providing program services and general awareness training for all school faculty and administrative, credentialed, and noncredentialed school personnel.

(7) In-service training programs for local law enforcement officers.

(8) School, law enforcement, and community involvement to ensure coordination of program services.

(c) The application of the county superintendent of schools shall be submitted to the Office of Criminal Justice Planning. Funds made available to the Office of Criminal Justice Planning for allocation under this section are intended to enhance, but shall not supplant, local funds that would, in the absence of the Comprehensive Alcohol and Drug Prevention Education component, be made available to prevent, intervene in, or suppress drug abuse among school-age

children. For districts that are already implementing a comprehensive drug abuse prevention program for pupils in grades 4 to 6, inclusive, the county superintendent shall propose the use of the funds for drug prevention activities in school grades other than 4 to 6, inclusive, compatible with the program components of this section. The expenditure of funds for that an alternative purpose shall be approved by the executive director.

(1) Unless otherwise authorized by the Office of Criminal Justice Planning, each county superintendent of schools shall be the fiscal agent for any Comprehensive Alcohol and Drug Prevention Education component award, and shall be responsible for ensuring that each school district within that county receives the allocation prescribed by the Office of Criminal Justice Planning. Each county superintendent shall develop a countywide plan that complies with program guidelines and procedures established by the Office of Criminal Justice Planning pursuant to subdivision (d). A maximum of 5 percent of the county's allocation may be used for administrative costs associated with the project.

(2) Each county superintendent of schools shall establish and chair a local coordinating committee to assist the superintendent in developing and implementing a countywide implementation plan. This committee shall include the county drug administrator, law enforcement executives, school district governing board members and adminstrators, school faculty, parents, and drug prevention and intervention program executives selected by the superintendent and approved by the county board of supervisors.

(d) The Executive Director of the Office of Criminal Justice Planning, in consultation with the Department of Alcohol Drug Programs and the State Department of Education, shall prepare and issue guidelines and procedures for the Comprehensive Alcohol and Drug Prevention Education component consistent with this section.

(e) The Comprehensive Alcohol and Drug Prevention Education component guidelines shall set forth the terms and conditions upon which the Office of Criminal Justice Planning is prepared to award grants of funds pursuant to this section. The guidelines shall not constitute rules, regulations, orders, or standards of general application.

(f) Funds awarded under the Comprehensive Alcohol and Drug Prevention Education Program shall not be subject to Section 10318 of the Public Contracts Code.

(g) Commencing January 1, 1991, or six months after a full year of program operation, whichever occurs later, the executive director shall prepare and submit an annual report to the Legislature describing the operation of the program and the results obtained from the Comprehensive Alcohol and Drug Prevention Education component receiving funds under this section.

(h) Funds available pursuant to Item 8100-111-001 and Provision 1 of Item 8100-001-001 of the Budget Act of 1989, or the successor provision of the appropriate Budget Act, shall be allocated to

implement this section.

SEC. 11.5. Section 32 of Assembly Bill 98 of the 1989–90 Regular Session is amended to read:

Sec. 32. Notwithstanding any other provision of law, any school district not receiving funding in the 1988–89 fiscal year for gifted and talented education programs may apply to the Superintendent of Public Instruction for funding for a program for gifted and talented education, commencing in the 1989–90 fiscal year, which funding shall be apportioned pursuant to the funding formula that applied, as of June 29, 1988, for a district's first year of funding for that purpose.

SEC. 12. Section 36 of Assembly Bill 198 of the 1989–90 Regular Session is amended to read:

Sec. 36. (a) The sum of three hundred seventy-nine million five hundred eleven thousand dollars ($379,511,000) is hereby appropriated from the General Fund to Section A of the State School Fund for the 1989–90 fiscal year. The amount appropriated in this subdivision shall be apportioned in accordance with the following schedule:

(1) To the Superintendent of Public Instruction for allocation to school districts to provide for base revenue limit equalization pursuant to Section 42238.4 of the Education Code		$76,000,000
(2) To the Superintendent of Public Instruction for allocation for purposes of special education program growth pursuant to Section 56728.6 of the Education Code, in augmentation of Item 6110-161-001 of Section 2.00 of the Budget Act of 1989		$10,000,000
(3) To the Superintendent of Public Instruction for allocation to school districts for the purposes of Section 41851.1 of the Education Code		$10,000,000
(4) To the Superintendent of Public Instruction for allocation to eligible school districts for purposes of Section 42251 of the Education Code in augmentation of Item 6110-101-001 of Section 2.00 of the Budget Act of 1989		$6,000,000
(5) To the Superintendent of Public Instruction for allocation for the purposes of Article 9 (commencing with Section 54760) of Chapter 9 of Part 29 of the Education Code		$180,000,000
(6) To the State Department of Education		$1,011,000
For allocation as follows:		
(A) To existing Indian education centers as a cost-of-living adjustment to the actual revenue limits received in the 1983–84 to 1988–89 fiscal years, inclusive	$120,000	
(B) For each of six existing centers		

that presently do not provide transportation services receiving five thousand dollars ($5,000) each for startup costs for transportation $30,000

(C) To establish 10 new Indian education centers at current funding levels..... $861,000 in the following areas:

(1) Fresno, Madera, and Kings Counties.
(2) Siskiyou, Shasta, and Modoc Counties.
(3) Butte County.
(4) Del Norte County.
(5) Imperial County.
(6) Tulare County.
(7) Alameda County and the City and County of San Francisco.
(8) Los Angeles County.
(9) Mendocino and Sonoma Counties.
(10) Amador, El Dorado, and Alpine Counties.

The State Department of Education shall allocate these funds on a competitive bid basis, and shall ensure that funds allocated to the centers reflect the relative funding needs of each center.

(7) To the Superintendent of Public Instruction for allocation for purposes of Section 35294.1 of the Education Code..... $500,000

(8) To the Superintendent of Public Instruction for allocation to school districts and county offices of education based on an equal amount per unit of average daily attendance. The amount a district receives under this paragraph shall not be considered an adjustment to the district's base revenue limit..... $93,000,000

The disbursement of these funds shall be included as part of the apportionments to which a school district or county office of education is allowed under Article 3 (commencing with Section 41330) of Chapter 3 of Part 24 of the Education Code, and shall be allocated in the advance apportionment and the first principal apportionment based upon available estimates of average daily attendance.

(9) To the State Department of Education, in augmentation of the allocations made pursuant to Provisions (5) and (6) of Item 6110-120-001 of Section

2.00 of the Budget Act of 1989..... $3,000,000

(b) The sum of eighty-four million dollars ($84,000,000) is hereby appropriated from the General Fund to Section B of the State School Fund for the 1989–90 fiscal year. The amount appropriated in this subdivision shall be apportioned in accordance with the following schedule:

(1) To the Chancellor of the California Community Colleges for allocation to local community college districts to begin implementation of Phase I of transitional program improvements pursuant to Section 84755 of the Education Code and Section 70 of Chapter 973 of the Statutes of 1988 ..... $70,000,000
(2) To the Board of Governors of the California Community Colleges, for purposes of program 20.10.070 (matriculation), in augmentation of Item 6870-101-001 of Section 2.00 of the Budget Act of 1989 ..... $14,000,000

SEC. 13. The sum of two million five hundred thousand dollars ($2,500,000) is hereby reappropriated from paragraph (1) of subdivision (a) of Section 36 of Assembly Bill 198 of the 1989–90 Regular Session to the Superintendent of Public Instruction for allocation for the 1989–90 fiscal year for purposes of special education program growth pursuant to Section 56728.6 of the Education Code, in augmentation of Item 6110-161-001 of Section 2.00 of the Budget Act of 1989

SEC. 14. The sum of two million five hundred thousand dollars ($2,500,000) is hereby reappropriated from paragraph (8) of subdivision (a) of Section 36 of Assembly Bill 198 of the 1989–90 Regular Session to the Superintendent of Public Instruction for allocation for the 1989–90 fiscal year for purposes of special education program growth pursuant to Section 56728.6 of the Education Code, in augmentation of Item 6110-161-001 of Section 2.00 of the Budget Act of 1989.

SEC. 15. The sum of three million dollars ($3,000,000) is hereby appropriated from the General Fund to Section A of the State School Fund for apportionment to the Superintendent of Public Instruction for the 1989–90 fiscal year, for allocation for purposes of special education program growth pursuant to Section 56728.6 of the Education Code, in augmentation of Item 6110-161-001 of Section 2.00 of the Budget Act of 1989.

SEC. 16. (a) Section 1 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 adds Section 14022.5 to the Education Code.

(b) Section 2 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill

198 adds Section 35294.1 to the Education Code.

(c) Section 2.5 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 adds Section 41202 to the Education Code.

(d) Section 3 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 adds Section 41204 to the Education Code.

(e) Section 4 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 amends Section 41841.5 of the Education Code.

(f) Section 5 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 adds Section 42238.15 to the Education Code.

(g) Section 7 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 amends Section 42241.2 of the Education Code.

(h) Section 8 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 amends Section 49536 of the Education Code.

(i) Section 9 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 amends Section 52616 of the Education Code.

(j) Section 10 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 amends Section 60246 of the Education Code.

(k) Section 11 of this act shall become operative only if Assembly Bill 198 is enacted and becomes effective on or before the date on which this bill is enacted and becomes effective, and Assembly Bill 198 adds Section 13864 to the Penal Code.

SEC. 17. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the changes made by this bill may apply during the entire 1989–90 school year, it is necessary that this act take effect immediately.

CHAPTER 93

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1989 Filed with Secretary of State July 7, 1989]

I object to the following appropriations contained in Senate Bill No 165·

Item 0530-001-001—For support of Secretary for Health and Welfare I reduce this item from $2,044,000 to $1,814,000 by reducing

(a) Support from $3,739,000 to $3,509,000,

and by deleting Provision 1

I am reducing this item by $230,000 to eliminate the funding for an Office of Minority Health Affairs as proposed to be established by AB 1561

Health problems that are unique to minorities are being effectively addressed by existing programs within the Department of Health Services and other departments within the Health and Welfare Agency The augmentation proposed by this item would add another costly level of administrative structure that is not necessary

I am deleting Provision 1 to conform to this action.

Item 0530-101-001—For local assistance, Secretary of Health and Welfare. I delete this item and Provision 1

I am deleting the $250,000 legislative augmentation relating to the financing of an Office of Minority Health Affairs as proposed to be established by AB 1561

Health problems that are unique to minorities are being effectively addressed by existing programs within the Department of Health Services and other departments within the Health and Welfare Agency The augmentation proposed by this item would add another costly level of administrative structure that is not necessary

I am deleting Provision 1 to conform to this action

Item 0820-001-001—For support of Department of Justice. I reduce this item from $166,035,000 to $164,411,000 by reducing

(f) 45-Public Rights from $23,210,000 to $22,073,000,

(g) 50-Law Enforcement from $139,221,000 to $138,734,000,

and by deleting Provision 4

I am deleting the Legislative augmentation of $1,137,000 and 4 7 personnel years for litigation work related to the *Atlantic Richfield Company (ARCO) v. State Lands Commission, et al* Funding for this legal work should more appropriately be included in the State Lands Commission's budget, since the Commission has program responsibility regarding this matter This is important litigation and I have approved an additional $434,000 in the State lands Commission's Budget for its role in case preparation As I indicated in my veto message last year, I still believe this is an issue of such significant policy that it warrants careful study by the Legislature and should more appropriately be addressed through special legislation rather than through the budget process In the absence of such legislation, I believe that the Department of Justice should continue to redirect resources, in its $15,500,000 Public Rights Program on a priority basis, to ensure that the State's interests are protected

I am deleting the legislative augmentation of $350,000 and 7 6 personnel years to establish an Arson Information Management System While I am supportive of efforts to improve law enforcement's ability to control this serious crime, implementation of the proposed system is premature since the costs, benefits and feasibility have not been evaluated through the Feasibility Study Report process.

I am deleting the legislative augmentation of $137,000 and 1.9 personnel years for the administration of the Campaign Against Marijuana Planting (CAMP) program which was transferred by the Legislature to the Department of Justice from the Office of Criminal Justice Planning Additionally, consistent with this action, I am deleting the related $2,613,000 legislative augmentation to the Department of Justice (Item 0820-101-001) for allocation to counties for CAMP activities I am taking this action because the Office of Criminal Justice Planning is the more appropriate State agency to administer the State funded CAMP local assistance program based on its extensive experience with grants administration and management. The $2,750,000 I am vetoing within the Department of Justice's budget for CAMP will be set aside in order to return the program to the Office of Criminal Justice Planning So as not to disrupt the major seasonal eradication efforts to the local grant recipients, I would be supportive of urgency legislation which would authorize the restoration

I am deleting Provision 4 to conform to this action

Item 0820-001-477—For support of Department of Justice I delete Provision 1

I am deleting Provision 1 which was added by the Legislature to require the Director of Finance to transfer the unencumbered balance of this appropriation and any unexpended balance in the Gaming Registration Account on the effective date of the California Gaming Commission Act proposed to be established in AB 235 This provision constitutes an item of appropriation which I do not support I oppose the creation of this new commission because it is costly and would add another duplicative layer of management to existing regulatory agencies which are already effectively managing gaming in California Therefore, Provision 1 is not necessary

Item 0820-101-001—For local assistance, Department of Justice I reduce this item from $2,763,000 to $150,000 and delete Provision 1

I am deleting the $2,613,000 legislative augmentation for the local assistance portion of the Campaign Against Marijuana Planting (CAMP) program which I propose be set aside to be restored through urgency legislation appropriating funds to the Office of Criminal Justice Planning This action conforms to a reduction taken in Item 0820-001-001 related to administrative support for the CAMP program within the Department of Justice

I am also deleting Provision 1 to conform to this action.

Item 1108-001-001—For support of the California Aerospace Commission I delete this item and Provision 1

I am deleting the $350,000 legislative augmentation to establish the California Aerospace Commission because the need for a new California Air and Space Center has not been adequately demonstrated Furthermore, the State currently has an Air and Space Center at the California Museum of Science and Industry The creation of and funding for a new center and related staff would be duplicative This action conforms to my deletion of Item 1108-301-036

I am deleting Provision 1 to conform to this action

Item 1108-301-036—For capital outlay, California Aerospace Commission I delete this item and Provisions 1 and 2

I am deleting the $600,000 legislative augmentation to establish the California Aerospace Commission for the planning and development of the California Air and Space Center The creation of this new Commission would be duplicative of the existing activities of the California Museum of Science and Industry

I am deleting Provisions 1 and 2 to conform to this action.

Item 1230-020-735—For support of Contractors' State License Board. I reduce this item from $28,915,000 to $28,388,000 by reducing

(a) 30-Contractors' State License Board from $28,968,000 to $28,441,000,

and by deleting Provision 6 and revising Provision 7

I am reducing this item by $527,000 and 7 6 personnel years which represents partial funding for a new investigative unit to combat the unlicensed contractor problem I am retaining $528,000 and 7.6 personnel years to establish a unit as a demonstration project in Southern California to measure the effectiveness of such an effort I am revising Provision 7 to conform to this action

"7. Of the amount appropriated in this item, at least ~~$1,055,000~~ *$528,000* shall be dedicated to establishing a special investigation unit for the purpose of combating the unlicensed contractor problem in the State."

I am deleting Provision 6 which limits the Board's reserve to six months or 50 percent of operating expenditures. The decision should be deferred to the Board which has the statutory authority to maintain a reserve in an amount up to two years' operating budget expenditures. This language represents a substantive change to the Board's authority which can only be included in a different single subject bill, rather than the Budget Act.

Item 1480-064-763—For support of the State Board of Optometry. I reduce this item from $540,966 to $471,000 by reducing

(a) 69-Board of Optometry from $546,966 to $477,000,

and by revising Provision 1.

I am reducing this legislative augmentation by $69,966. The Legislature augmented this item to provide funding for the Board of Optometry to give licensing exams biannually rather than annually. Based on information provided by the Board, the yearly cost for the additional exam is $42,000 and 0.5 personnel years. On this basis, I am reducing the legislative augmentation by $69,966 and 3.0 personnel years.

I am revising Provision 1 to conform to this action.

"1. Of the funds appropriated by this item, ~~$111,966~~ *$42,000* shall be used for ~~3.5~~ *0.5* personnel years to administer a second licensure examination during the year."

Item 1510-070-761—For support of Board of Registered Nursing. I reduce this item from $7,866,000 to $7,616,000 by reducing

(a) 78-Board of Registered Nursing from $8,380,000 to $8,130,000,

and by deleting Provision 1.

I am deleting the $250,000 legislative augmentation for data collection and a study related to the registered nursing profession. The study of the nursing profession, required by Chapter 1421, Statutes of 1988, is still in progress. It is premature to require an additional study until the current study is completed.

I am deleting Provision 1 to conform to this action.

Item 1700-001-001—For support of Department of Fair Employment and Housing. I reduce this item from $10,001,000 to $10,000,000 by reducing

(a) 50-Administration of Civil Rights Law from $12,080,000 to $12,079,000,

and by deleting Provision 1.

I am reducing this item by $1,000. During 1986–87, the Department of Fair Employment and Housing consolidated the operations of the San Francisco legal office into the Sacramento legal office and eliminated the Boalt Hall Employment Discrimination Clinic. The Legislature has transferred funds from the Department of Fair Employment and Housing main support item to newly created items for the Los Angeles legal office, San Francisco legal office and the Boalt Hall Employment Discrimination Clinic. The amounts appropriated in these three items are based on the premise that all rent and other operating expenses for the legal offices will be paid from the main support item. However, the language in Provision 1 specifically precludes any transfer of funds to pay for the rent and other operating expenses in the three newly created items. The Department of Fair Employment and Housing would incur at least $1,000 of cost to relocate staff and pay the support expenses related to reestablishing the San Francisco legal office and the Boalt Hall Clinic. Although funds have not been budgeted for these administrative costs, I am reducing $1,000 which represents the savings that will be achieved based on vetoing language contained in Provision 1 of this item and similar provisions in the newly created items.

I am deleting Provision 1 to conform to this action.

I believe Provision 1 is inconsistent with the separation of powers provision concerning the Executive Branch authority and represents a substantive change of law.

Item 1700-011-001—For support of the Department of Fair Employment and Housing, Los Angeles Legal Office. I revise the language in this item and delete Provision 1.

The Department of Fair Employment and Housing has a district office in Los Angeles which employs attorneys to handle civil rights cases The department does not consider the legal staff in Los Angeles to constitute a legal office so I am revising this item to read:

"1700-011-001—For support of the Department of Fair Employment and Housing ; ~~Los Angeles Legal Office~~ "

I am deleting Provision 1 because this provision and the location specified in the item (Los Angeles Legal Office) are inconsistent with two Constitutional provisions. First, the language violates the separation of powers provision concerning the Executive Branch authority. Second, in as much as existing law does not define or reference the Los Angeles Legal Office, the language represents a substantive change of law which can only be included within a different single subject bill, rather than the Budget Act. I believe the Director of the Department of Fair Employment and Housing should be provided the opportunity to relocate staff and allocate funds to meet departmental needs which this language would prohibit

Item 1700-021-001—For the support of the Department of Fair Employment and Housing, San Francisco Legal Office I reduce this item from $438,000 to $437,000, revise the language in this item, and delete Provision 1.

The relocation of staff from Sacramento to San Francisco to reestablish a legal office would cost at least $1,000 In 1986–87 the Department closed the San Francisco legal office and consolidated the positions with the Sacramento office Evidence has not been provided to justify the reopening of this office Although relocation costs have not been budgeted in 1989–90, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item

I am revising the language in the item to conform to this action

"1700-021-001—For the support of the Department of Fair Employment and Housing ; ~~San Francisco Legal Office~~ "

I am also deleting Provision 1 because this provision and the location specified in the item (San Francisco Legal Office) are inconsistent with two Constitutional provisions First, the language violates the separation of powers provisions concerning Executive Branch authority Second, inasmuch as existing law does not define or reference the San Francisco Legal Office, the language represents a substantive change of law which can only be included in a different single subject bill, rather than the Budget Act

Item 1700-031-001—For support of the Department of Fair Employment and Housing, Boalt Hall Employment Discrimination Clinic I reduce this item from $72,000 to $71,000, revise the language in this item, and delete Provision 1 The relocation of staff from Sacramento to Berkeley to reestablish a legal clinic at Boalt Hall School of Law would cost at least $1,000. In 1986–87 the department closed the Boalt Hall legal clinic and evidence has not been provided to justify the reopening of this clinic Although relocation costs have not been budgeted in 1989–90, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 1 of this item

I am revising the language in the item to conform to this action.

"1700-031-001—For the support of the Department of Fair Employment and Housing ; ~~Boalt Hall Employment Discrimination Clinic~~ ."

I am deleting Provision 1 because this provision and the location specified in the item (Boalt Hall Employment Discrimination Clinic) are inconsistent with two Constitutional provisions. First, the language violates the separation of powers provision concerning Executive Branch authority. Second, inasmuch as existing law does not define or reference the Boalt Hall Employment Discrimination Clinic, the language represents a substantive change of law which can only be included within a different single subject bill, rather than the Budget Act

Item 1705-001-001—For support of the Fair Employment and Housing Commission I reduce this item from $884,000 to $805,000

I am reducing the $171,000 legislative augmentation by $79,000 and 1.4 personnel years to restore positions in the Fair Employment and Housing Commission I am retaining two attorney positions for workload involving enforcement of the Ralph Act and to represent the Commission in court litigation I do not believe the remainder of the workload related to this augmentation is of sufficiently high priority to justify the use of limited State General Fund resources

Item 1760-001-001—For support of the Department of General Services I reduce this item from $10,144,000 to $9,968,000 and delete Provision 5

I am reducing the $476,000 legislative augmentation for increased State Police security by $176,000

I am retaining $300,000 and 8 2 personnel years to meet security needs in the capitol area

I am deleting Provision 5 to conform to this action

Item 1760-001-666—For support of Department of General Services I reduce this item from $314,537,000 to $314,462,000 by reducing·

(a) 100000-Personal Services from $182,494,000 to $182,328,000,

(b) 300000-Operating Expenses and Equipment from $249,640,000 to $249,555,000,

(d) Amount payable from the General Fund (Item 1760-001-001) from −$10,144,000 to −$9,968,000,

and by deleting Provision 6.

I am deleting the $75,000 legislative augmentation for computer equipment for the Office of Small and Minority Business The augmentation provided is insufficient to expand the data base as proposed by the Legislature The need for additional funding for this purpose should be identified as part of the budget development process which includes the preparation and review of a Feasibility Study Report which specifies the project's scope and estimates the implementation costs

I am deleting Provision 6 to conform to this action

I am revising schedules in this item to conform to the action taken in Item 1760-001-001 regarding the State Police augmentation.

Item 1760-301-036—For capital outlay, Department of General Services I reduce this item from $3,954,000 to $3,154,000 by deleting

(b) 50 25 004-Van Nuys Child Day Care Center—Preliminary Plans, Working Drawings, Construction and Equipment ($800,000),

and by deleting Provision 2

I am reducing this item by $800,000 to delete the Van Nuys Child Day Care Center This project should be submitted during the budget development process for consideration of funding in the context of competing needs and priorities.

I am deleting Provision 2 to conform to this action

Item 1880-001-001—For support of State Personnel Board I reduce this item from $13,278,000 to $11,728,000 by adding

Unallocated Reduction −$1,550,000

I am deleting the $1,550,000 legislative augmentation to restore the 20 percent unallocated reduction I proposed in the 1989–90 Governor's Budget

I am confident that the Board can meet all Constitutional and statutory requirements with the level of funding I proposed Additionally, I do not believe that this augmentation is of sufficiently high priority to justify the use of limited State General Fund resources

Item 2240-001-001—For support of Department of Housing and Community Development. I reduce this item from $6,522,000 to $6,521,000 by reducing

(d) 5001-Administration from $7,974,000 to $7,973,000,

and by deleting Provision 1

I am reducing this item by $1,000 and deleting Provision 1, which links the salary of the Public Affairs Manager to the department's submission of a plan to the Legislature related to improving the sensitivity of various department personnel to the issue of homelessness. My administration, including the Department of Housing and Community Development, is aware of the needs of homeless Californians and is attempting to provide needed services to the homeless in a systematic and compassionate manner

Item 2240-101-001—For local assistance, Department of Housing and Community Development. I reduce this item from $15,247,000 to $4,400,000 by reducing

(a) 20-Community Affairs from $92,599,000 to $76,854,000,

and by deleting

(bx) Amount payable from the Outer Continental Shelf Land Act Section 8g Revenue Fund Item (2240-101-164) (−$4,898,000),

and by deleting Provisions 1, 2, 3, 4, 5, 6, 7, 8, 9, and 12

I am deleting the $3,000,000 legislative augmentation to provide funds for operating costs of homeless shelters Provision of emergency shelter for the homeless is a joint responsibility of Federal, State, and local agencies The State's share of funding for this program will be provided through the $772,000 remaining in the Department of Housing and Community Development's budget for the Emergency Shelter Program operating costs and the $25,000,000 available for this program during the next two years from Proposition 84

I am deleting Provision 1 to conform to this action

I am deleting the $3,000,000 legislative augmentation, payable from Item 2240-101-164, Outer Continental Shelf Land Act Section 8g Revenue Fund, for the Farmworker Housing Grant Program I am deleting this augmentation because $5,000,000 will be allocated for farmworker housing from Proposition 84 bond funds during 1989–90 This is twice the funding which has been available for this purpose in past years

I am deleting Provision 2 to conform to this action

I am deleting the $2,000,000 legislative augmentation for the Self-Help Housing Program This action is necessary to protect vital programs and to provide for a prudent reserve for economic uncertainties Furthermore, I believe the $75,000,000 available under Proposition 77 during 1989–90, and the $12,500,000 estimated to be allocated under Proposition 84 during 1989–90 for the Special User Housing Rehabilitation Program and the Deferred Payment Rehabilitation Loan Program, addresses the need to rehabilitate single family residences for low and moderate income households

I am deleting Provision 3 to conform to this action

I am deleting the $500,000 legislative augmentation for the Senior Citizen's Shared Housing Program This program has been funded in past years from Tidelands Oil Revenue, which no longer is a viable source of funding. This action is necessary to protect vital programs and to provide for a prudent reserve for economic uncertainties

I am deleting Provision 4 to conform to this action

I am deleting the $250,000 legislative augmentation, payable from Item 2240-101-164, Outer Continental Shelf Land Act Section 8g Revenue Fund, for the Rural Community Facilities Technical Assistance Program, which assists low-income rural communities in resolving water and wastewater problems I believe that sufficient funds are currently available in the budget to provide this assistance to rural communities. Of the $76,300,000 in the department's local assistance budget, over 50 percent is designated for small cities and rural areas In addition, my budget plan for the Rural Renaissance Program will provide $8,000,000 in 1989–90 to finance public improvements in rural counties

I am deleting Provision 5 to conform to this action

I am deleting the $230,000 legislative augmentation, payable from Item 2240-101-164, Outer Continental Shelf Land Act Section 8g Revenue Fund, for the Rural Development Assistance Program As stated above, I believe that sufficient funds currently are available within the budget to address rural community development

I am deleting Provision 6 to conform to this action

I am deleting the $107,000 legislative augmentation for the Homeless Coordinated Intake Project This action is necessary to protect vital programs and to provide for a prudent reserve for economic uncertainties

I am deleting Provision 7 to conform to this action

I am deleting the $240,000 legislative augmentation for the Public Guardian Pilot Program, Financial Services for Seniors This action is necessary to protect vital programs and to provide for a prudent reserve for economic uncertainties

I am deleting Provision 8 to conform to this action.

I am deleting the $1,418,000 legislative augmentation, payable from Item 2240-101-164, Outer Continental Shelf Land Act Section 8g Revenue Fund, for the Special Housing Program for Migratory Workers Proposition 84, approved by the voters in November 1988, provides $10,000,000 for the rehabilitation and construction of migrant farmworker centers In view of the availability of that source of funds, I do not believe this program to be of sufficiently high priority to justify the use of limited state resources

I am deleting Provision 9 to conform to this action

I am deleting the $5,000,000 legislative augmentation for the Homeless Assistance Loan Revolving Fund upon enactment of AB 1391 of the 1989 session The creation of the revolving fund is not of sufficiently high priority to justify the use of limited state resources in light of the need to protect vital programs and to provide for a prudent reserve for economic uncertainties Furthermore, this augmentation constitutes contingency budgeting in that legislation which would be required to establish the fund has not yet been enacted

I am deleting Provision 12 to conform to this action

Item 2240-490—Reappropriation, Department of Housing and Community Development I delete this item

I am deleting this reappropriation of funds remaining in the appropriation made by Chapter 112, Statutes of 1988, for operating costs of the Office of Migrant Services, including rehabilitation costs of migrant farmworker centers Proposition 84, approved by the voters in November 1988, provides $10,000,000 for the rehabilitation and construction of migrant farmworker centers In view of the availability of that source of funds, I do not believe this program to be of sufficiently high priority to justify the use of limited state resources

Item 2240-101-164—For local assistance, Department of Housing and Community Development I delete this item.

I am deleting this item to conform to the action I have taken in Item 2240-101-001

Item 2660-001-042—For support of Department of Transportation I revise this item by reducing (c) 30-Mass Transportation from $37,788,000 to $37,638,000, and

(j) Amount payable from the Transportation Planning and Development Account, State Transportation Fund (Item 2660-001-046) from −$32,656,000 to −$32,506,000, and by deleting Provisions 6 and 9

I am deleting the $150,000 legislative augmentation, payable from Item 2660-001-046, to fund the development of a railroad rights-of-way acquisition and development plan by the California Transportation Commission and the department, as required by SB 1562, which is currently pending before the Legislature I believe it would be more appropriate that funding for the plan be contained in the legislation

I am deleting Provision 6 to conform to this action.

I am deleting Provision 9 which would require the Department of Transportation to sell two parcels of property adjacent to the Interstate 405 freeway in Hawthorne to the City of Hawthorne for $100,000 each This language would inappropriately require the sale of the properties, currently appraised at over $3,000,000, at a price substantially below market value This would override the department's authority to sell excess land for parks at a mutually satisfactory price, as specified in Section 118 6 of the Streets and Highways Code, and would not be in the State's best interest

Item 2660-001-046—For support of Department of Transportation I reduce this item from $32,656,000 to $32,506,000

I am reducing this item to conform to the action I have taken in Item 2660-001-042

Item 2660-101-046—For local assistance, Department of Transportation I reduce this item from $49,652,000 to $48,677,000 by reducing

(a) 30-Mass Transportation from $45,620,000 to $44,645,000,

and by deleting Provision 2.

I am deleting the $975,000 legislative augmentation for the Tasman Corridor of the Santa Clara County light rail system Since light rail projects are normally funded based on priorities established by the California Transportation Commission, this allocation would circumvent the regular statewide priority allocation process, and would be inconsistent with the longstanding policy against project-specific budgeting

I am deleting Provision 2 to conform to this action

Item 2660-101-164—For local assistance, Department of Transportation. I reduce this item from $1,000,000 to $500,000 and delete Provision 1

I am deleting the $500,000 legislative augmentation to allocate funds to the Southern California Association of Governments for the following (1) $250,000 to establish a joint powers agency to assume responsibility for the operation of a commuter rail project, and (2) $250,000 to complete right-of-way acquisition negotiations for that project Because such activities are normally funded under the Transit Capital Improvements Program based on priorities established by the California Transportation Commission, this allocation would circumvent the regular statewide priority allocation process, and would be inconsistent with the longstanding policy against project-specific budgeting Also, I do not believe that this project is of sufficiently high priority to justify the use of limited Federal 8(g) resources I continue to support intercity rail passenger service and, with this veto, the 1989–90 Budget will still provide $10,000,000 for capital improvements to the San Diego-Los Angeles-Santa Barbara Rail Service

I am deleting Provision 1 to conform to this action

Item 2660-301-036—For capital outlay, Department of Transportation. I delete this item and Provision 1

I am deleting the $1,988,000 legislative augmentation to construct soundwalls on both sides of Interstate 405 between Victory Boulevard and Sherman Way in Los Angeles County. I support the Department of Transportation's retrofit soundwall construction program as provided by State law Under this program, funding for soundwalls is allocated from the State Highway Account to projects on the retrofit soundwall list in priority order This augmentation would provide separate funding from the Special Account for Capital Outlay (SAFCO) for one particular project. In doing so, it would provide an inequitable advantage to one project over others Such separate treatment would set an undesirable precedent Furthermore, by proposing to fund the soundwalls from SAFCO, this augmentation ignores both the limited funding available in the account and the many other high priority capital outlay needs of State programs which are funded from SAFCO.

I am deleting Provision 1 to conform to this action

Item 2660-302-046—For capital outlay, Department of Transportation I reduce this item from $21,254,500 to $10,000,000 by reducing

(a) 30-Mass Transportation from $44,370,000 to $21,861,000,

(b) Reimbursements from −$23,115,500 to −$11,861,000,

and by deleting Provisions 1, 2, 3 and 4.

I am deleting the $11,254,500 legislative augmentation for rail service improvements on the San Diego-Los Angeles-Santa Barbara rail corridor and the San Joaquin Rail Service. I continue to support intercity rail passenger service, and with this veto, the 1989–90 Budget will still provide $10,000,000 for capital improvements to the San Diego-Los Angeles-Santa Barbara Rail Service I believe that this level of funding is sufficient for needed rail improvements in 1989–90 and is consistent with the level of funding provided in the prior year I would be supportive of legislation that appropriates available Transportation Planning and Development Account funds for transit capital improvement projects This would enable the funds to be allocated by the California Transportation Commission according to statewide priorities.

I am deleting Provisions 1, 2, 3, and 4 to conform to this action.

Item 3340-001-001—For support of California Conservation Corps. I revise this item by reducing

(a) 10-Training and Work Program from $56,407,034 to $56,049,034,

and by deleting·

(fx)· Amount payable from Unallocated Account, Cigarette and Tobacco Products Surtax Fund (−$358,000),

and by deleting Provision 2

I am deleting the $358,000 legislative augmentation, payable from Item 3340-001-236, to provide state support for local conservation corps programs. This augmentation is contrary to current policy which provides that community conservation corps programs should work to become self-supportive and not rely on continual state support to operate their local programs

I am deleting Provision 2 because it is inconsistent with existing law in that it restricts the California Conservation Corps from expanding its nonresidential programs, if by expanding such programs, local corps programs are placed in a financially precarious condition This language inappropriately restricts the California Conservation Corps' ability to effectively implement new or expanded nonresidential programs that facilitate the training and employment of California's 18 to 23 year olds as program participants

Item 3340-001-236—For support of California Conservation Corps I delete this item

I am deleting this item to conform to the action I have taken in Item 3340-001-001

Item 3400-001-001—For support of State Air Resources Board. I revise this item by reducing

(b) 20-Environmental Affairs from $3,776,000 to $3,676,000, and

(g) Amount payable from Outer Continental Shelf Land Act, Section 8(g) Revenue Fund (Item 3400-001-164) from −$2,050,000 to −$1,950,000.

I am deleting the $100,000 legislative augmentation to the Environmental Affairs Agency for mitigation of emissions from offshore oil platforms. While I am supportive of efforts to reduce air pollution, this project is not of sufficiently high priority to justify the use of limited state resources

Item 3400-001-164—For support of State Air Resources Board I reduce this item from $2,050,000 to $1,950,000

I am reducing this item by $100,000 to conform to the action I have taken in Item 3400-001-001

Item 3400-101-164—For local assistance, State Air Resources Board. I delete this item

I am deleting the $500,000 legislative augmentation to provide grants to coastal air pollution control districts While I am supportive of efforts in this area, I do not believe this project is of sufficiently high priority to justify the use of limited state resources.

Item 3600-001-036—For support of the Department of Fish and Game I delete this item

I am deleting the $200,000 legislative augmentation to expand a flood mitigation study In response to concerns from flood control and irrigation districts, a task force has been established to work with the Department of Fish and Game and attempt to resolve concerns regarding administrative procedures required by the department prior to districts performing operational and maintenance activities This augmentation has not been justified on a workload basis, not is it consistent with expenditure priorities for the use of monies from the Special Account for Capital Outlay

Item 3600-001-140—For support of Department of Fish and Game I reduce this item from $10,885,825 to $10,592,000

I am deleting the $60,000 legislative augmentation provided to construct the Shell Marsh Interpretive Center and the $233,825 legislative augmentation to construct an observation deck on Lake Merritt I do not believe that these projects are of sufficiently high priority to justify the use of limited state resources

Item 3600-001-200—For support of Department of Fish and Game. I revise this item by reducing

(a) 100000-Personal Services from $68,763,446 to $68,228,446,

(b) 300000-Operating Expenses and Equipment from $64,761,879 to $61,360,554,

(f) Amount payable from the California Environmental License Plate Fund (Item 3600-001-140) from −$10,885,825 to −$10,592,000,

(g) Amount payable from the Public Resources Account, Cigarette and Tobacco Products Surtax Fund (Item 3600-001-235) from −$7,407,500 to −$4,990,000,

(h) Amount payable from the California Wildlife, Coastal, and Park Land Conservation Fund of 1988 (Item 3600-001-786) from −$4,935,000 to −$4,000,000,

and by deleting

(ex) Amount payable from Special Account for Capital Outlay (Item 3600-001-036) (−$200,000),

and by deleting Provisions 5, 6, 7 and 8

I am revising this item to conform to the actions taken in Items 3600-001-036, 3600-001-140, 3600-001-235, and 3600-001-786

I am also deleting Provision 8 because it requires the Department of Fish and Game to use $750,000 to contract with local community corps programs for habitat improvement work This language restricts the department's flexibility to consider operational alternatives which may prove to be more beneficial and less costly to the State Further, I believe this provision interferes with the department's ability to manage its programs and could result in increased costs to the State

Item 3600-001-235—For support of Department of Fish and Game. I reduce this item from $7,407,500 to $4,990,000 and delete Provision 1

I am deleting the $94,500 legislative augmentation to fund the administrative costs of the California Advisory Committee on Salmon and Steelhead Trout. I believe that pending legislation (AB 1589, Hauser) is a more appropriate mechanism to fund these administrative costs This legislation would require the Department to allocate to the Committee its administrative cost for programs funded from Proposition 99 funds

I am deleting the $200,000 legislative augmentation for the Urban Fishing Enhancement program While I support the positive impact this type of program could provide to urban youth, I do not believe additional funding is necessary. I have already provided $59,000 for the Department of Fish and Game to implement this new program

I am deleting the $625,000 legislative augmentation to implement a new Mussel Watch Program designed to conduct an extensive evaluation and data collection effort that identifies the level of damage to fish and wildlife from various toxic chemicals At this time, I do not have sufficient information to justify the expenditure of these funds over and above those already provided in the Budget for very similar activities

I am deleting the $800,000 legislative augmentation for the development of the Mokelumne Environmental Awareness Area located at the Comanche Lake storage facility on the upper Mokelumne River I believe this facility should more appropriately be funded by the East Bay Municipal Utilities District that manages and operates the storage facility

I am deleting the $70,000 legislative augmentation to fund the completion of a library inventory of petroleum products I do not believe that this project meets the criteria for use of Proposition 99 funds that are to be used for the protection and enhancement of fish, waterfowl and wildlife habitat areas

I am deleting the $128,000 legislative augmentation for the Department to conduct a study on alternatives to depredation for Black Bears who damage redwood trees This study is unnecessary as a similar evaluation has already been conducted that identified alternatives to killing bears who eat the redwood trees when they emerge from hibernation

I am deleting Provision 1 to conform to this action

I am also deleting the $500,000 legislative augmentation that would provide eight additional staff for the purpose of increasing the number of timber harvest plan reviews the Department of Fish and Game conducts every year This augmentation is not consistent with the way in which this program is currently administered, whereby funding is provided to the Department of Fish and Game as reimbursements from the California Department of Forestry and Fire Protection. In addition, I have no basis upon which to approve this augmentation, as sufficiently detailed workload information has not been provided to justify this augmentation.

Item 3600-001-786—For support of Department of Fish and Game I reduce this item from $4,935,000 to $4,000,000.

I am deleting the $935,000 legislative augmentation to construct a fish ladder at the Healdsburg Dam on the Russian River in Sonoma County because I do not believe that the Legislature's proposal requires the County to assume sufficient financial responsibility for the impact of its dam Further, the legislative action does not address the County's responsibility for ongoing operation and maintenance costs

Item 3600-301-786—For capital outlay, Department of Fish and Game I delete this item.

I am deleting $350,000 for preliminary plans for an Experimental Native Trout and Wild Steelhead Hatchery This project should be submitted during the budget development process so that the proper level of funding and well-defined scope may be determined.

Item 3640-001-447—For support of Wildlife Conservation Board I delete Provisions 1 and 2

I am deleting Provision 1 because this language is unnecessarily restrictive. It would require the Wildlife Conservation Board to acquire a 480 acre parcel at the Big Creek Reserve This would restrict the Board's authority to consider other alternatives which may prove to be beneficial and less costly to the State. I believe that requiring a specific acquisition interferes with the Board's ability to negotiate the best price and would invariably result in increased costs to the State

I am deleting Provision 2 because this language is also unnecessarily restrictive. It would require the Board to restore trout habitat at Malibu Creek This would restrict the Board's traditional authority to consider other alternatives which may prove to be a higher priority for the expenditure of limited funds

Item 3640-301-235—For capital outlay, Wildlife Conservation Board I reduce this item from $6,100,000 to $5,500,000 by deleting

(4) 80.10 134-Creighton Ranch Preserve-Acquisition ($600,000)

I am deleting the $600,000 legislative augmentation for Creighton Ranch Preserve-Acquisition This project should be submitted for consideration during the budget development process for review and evaluation in the context of statewide priorities for the Board and this fund source

Item 3680-101-036—For local assistance, Department of Boating and Waterways I reduce this item from $2,250,000 to $1,000,000 by deleting

(b) San Francisco Fisherman's Wharf, Hyde Street Marina Project ($1,250,000).

I am deleting the $1,250,000 legislative augmentation for the San Francisco Fisherman's Wharf, Hyde Street Marina Project, because funding for this project should not be a State responsibility This is a cost which should properly be borne by the Port of San Francisco.

Item 3680-101-516—For local assistance, Department of Boating and Waterways I reduce this item from $30,666,000 to $30,641,000 by reducing:

(c) Boating safety and enforcement from $3,225,000 to $3,200,000

I am reducing this item by $25,000 to eliminate a legislative augmentation for boating enforcement patrol at Turlock Lake It is my understanding that the County of Stanislaus has not submitted to the Department of Boating and Waterways the necessary application to be considered for boating enforcement financial assistance from the State as required by existing law.

Item 3720-001-001—For support of California Coastal Commission. I reduce this item from $6,469,000 to $5,818,000 by adding

Unallocated Reduction —$651,000.

I am deleting the $651,000 legislative augmentation to restore the California Coastal Commission's unallocated reduction I do not believe that this General Fund augmentation is of sufficiently high priority to justify the use of limited state resources and is inconsistent with the need to protect vital programs and to provide for a prudent reserve for economic uncertainties.

Item 3760-301-235—For capital outlay, State Coastal Conservancy. I delete this item and Provision 1

I am deleting this item because these projects should be submitted for consideration during the budget development process for review and evaluation in the context of statewide priorities for the Conservancy and this fund source

I am deleting Provision 1 to conform to this action.

Item 3760-303-140—For capital outlay, State Coastal Conservancy I delete this item

I am deleting the $15,000 legislative augmentation for the expansion of the Fishing Fleet exhibit This project should be submitted for consideration during the budget development process for consideration of funding in the context of statewide needs and priorities for the Conservancy

Item 3790-001-001—For support of Department of Parks and Recreation I revise this item from $83,344,000 to $83,124,000 by reducing

(a) 100000-Personal Services from $108,457,000 to $108,264,000,

(b) 300000-Operating Expenses and Equipment from $50,010,000 to $49,856,000,

(c) 400001-Special Item of Expense—Rehabilition of Camping Facilities from $300,000 to $200,000,

(dx) Amount payable from Special Account for Capital Outlay (Item 3790-001-036) from —$3,010,000 to —$3,000,000,

(g) Amount payable from the State Parks and Recreation Fund (Item 3790-001-392) from —$48,148,000 to —$47,951,000,

and by deleting

(dy) Amount payable from the Environmental License Plate Fund (Item 3790-001-140) (—$20,000),

and by deleting Provision 1

I am deleting the $220,000 legislative augmentation and 4 5 personnel years to increase staff at Olompali State Historical Park I believe an increase in staff at this park is premature because the entrance road to and from the park has not been completed

I am deleting Provision 1, which restricts the right of the City of Santa Monica to evict the current concessionaire from 415 Pacific Coast Highway, because it contravenes the City's authority as a State agent to expedite development of the site for the purpose of increasing public access

I am revising this item to conform to the actions taken in Items 3790-001-036, 3790-001-140, and 3790-001-392.

Item 3790-001-036—For support of Department of Parks and Recreation I reduce this item from $3,010,000 to $3,000,000

I am deleting the $10,000 legislative augmentation for a study at Napa-Solano Skyline Project The need for these funds has not been justified through the budget development process

Item 3790-001-140—For support of Department of Parks and Recreation I delete this item

I am deleting the $20,000 legisaltive augmentation for the North Central California Heritage, Openspace, and Trails Mapping Project Funds were appropriated for this purpose in 1979 and have continued to be available through the 1988–89 fiscal year. There has been sufficient opportunity and resources available for this project for ten years and the project has still not been completed I do not believe another appropriation for this project has been justified.

Item 3790-001-235—For support of Department of Parks and Recreation I delete this item and Provision 1

I am deleting Provision 1 as a technical correction to the Budget Bill in order to conform to legislative action related to a proposed feasibility study for acquisition of the Town of Locke in Sacramento County.

Item 3790-001-392—For support of Department of Parks and Recreation. I reduce this item from $48,148,000 to $47,951,000

I am deleting the $100,000 legislative augmentation for the Inmate Labor Program rehabilitation of camp facilities I have included $200,000 in the base budget of the department for this program and I believe there is adequate funding to address the highest priority needs for this program

I am deleting the legislative augmentation of $50,000 and 2 2 personnel years to provide additional lifeguards in the Pajaro Coast District along the Central California Coast and the $47,000 and 1 4 personnel years to increase staff at Mitchell Caverns State Preserve I believe the need for additional staff at State recreational facilities should be justified through the budget development process

Item 3790-101-036—For local assistance, Department of Parks and Recreation I delete this item and Provision 1

I am deleting the $5,371,000 legislative augmentation because these projects should be submitted through the budget development process and compete for other funding sources which are available for local park projects I believe the Special Account for Capital Outlay (SAFCO) should be made available for higher statewide priorities for which alternative funding sources are not available It is my intention to retain the reserve in SAFCO which results from this and other actions on this fund to meet the State's more urgent capital needs

I am deleting Provision 1 to conform to this action.

Item 3790-101-140—For local assistance, Department of Parks and Recreation I reduce this item from $505,000 to $300,000 by deleting

(3) 50 20 140.903-Youth Science Institute, Los Gatos Discovery Center-renovation and development ($150,000),

(4) 50 20 140 905-City of Santa Barbara, Santa Barbara Zoological Gardens ($55,000)

I am deleting the legislative augmentations of $150,000 for Youth Science Institute, Los Gatos Discovery Center-renovation and development, and $55,000 for City of Santa Barbara, Santa Barbara Zoological Gardens because neither project successfully completed the statutory review process for funding from the Environmental License Plate Fund

These projects should be submitted for consideration during the budget development process so they can be reviewed and evaluated in the context of competing needs for this funding source

Item 3790-101-236—For local assistance, Department of Parks and Recreation I delete this item

I am deleting the $1,500,000 legislative augmentation which is consistent with my actions taken in other items of appropriation from the Unallocated Account, Cigarette and Tobacco Products Surtax Fund I believe the allocation of funds from this account should be made by separate legislation after a comprehensive review of competing needs

Item 3790-101-786—For local assistance, Department of Parks and Recreation I reduce this item from $123,042,000 to $122,967,000 by reducing

(11) 50 20 786 707-Apple Valley Recreation and Park District-Papago Park Development Project from $176,000 to $101,000

I am reducing this item by $75,000 by reducing the local assistance grant for Apple Valley Recreation and Park District-Papago Park Development Project to $101,000, the amount the district is entitled to under the per capita grant allocation formula.

Item 3790-102-235—For local assistance, Department of Parks and Recreation. I delete this item and Provisions 1, 2, 3 and 4

I am deleting this item because these projects should be submitted through the budget development process so they can be prioritized against other similar local park projects I proposed to transfer $7,500,000 annually from the Proposition 99, Public Resources Account to the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program in order to allocate these limited funds on an established formula basis The Legislature, instead, chose to fund 23 individual local assistance projects for a total expenditure of $8,622,000 I believe the allocation of these funds on a statewide formula basis is a more equitable use of the funds

I am deleting Provisions 1, 2, 3 and 4 to conform to this action

Item 3790-102-733—For local assistance, Department of Parks and Recreation I delete this item and Provisions 1, 2, 3, 4, and 5

I am deleting the $2,800,000 legislative augmentation for two local assistance grants from the State Beach, Park, Recreational, Historical Facilities Fund of 1974. These projects should be submitted for consideration during the budget development process so they can be reviewed and evaluated in the context of competing needs for this fund source

I am deleting Provisions 1, 2, 3, 4 and 5 to conform to this action.

Item 3790-301-036—For capital outlay, Department of Parks and Recreation I delete this item

I am deleting this item because these projects should be submitted through the budget development process so they can be reviewed and evaluated in the context of competing needs among state parks from other available funding sources I believe the Special Account for Capital Outlay should be available for higher statewide priorities for which alternative funding sources are limited or not available

Item 3790-301-235—For capital outlay, Department of Parks and Recreation I reduce this item from $8,837,000 to $4,362,000 by deleting·

(4) 90 CO 400-Wilder Ranch SP—Gray Whale Ranch—Acquisition ($2,195,000),

(5) 90 FU 105-California Citrus State Historic Park-Immediate Public Use Facilities—Preliminary plans, working drawings, and construction ($500,000),

(6) 90 H4 110-Mt San Jacinto State Park-Tramway Station—Stabilize Foundation ($60,000),

(7) 90 6X 501-Napa-Solano Skyline Project Acquisition ($820,000), and

(8) 90 8D 400-Donner Memorial SP Expansion ($900,000)

I am deleting these projects because they should be submitted for consideration through the budget development process so they can be reviewed and evaluated in the context of competing needs among State Parks and from other available fund sources

Item 3790-301-236—For capital outlay, Department of Parks and Recreation I delete this item

I am deleting the $4,255,000 legislative augmentation which is consistent with my actions taken in other items of appropriation from the Unallocated Account, Cigarette and Tobacco Products Surtax Fund I believe the allocation of funds from this account should be made by separate legislation after a comprehensive review of competing needs

Item 3790-301-263—For capital outlay, Department of Parks and Recreation. I reduce this item from $7,337,000 to $6,537,000 by deleting·

(3 5) 90 EH.106-Hungry Valley SVRA Quail Canyon OHV Fair-Preliminary plans, working drawings, and preliminary site preparation ($800,000)

I am deleting the $800,000 legislative augmentation for the Hungry Valley SVRA· Quail Canyon OHV Fair-Preliminary plans, working drawings, and preliminary site preparation This project should be submitted for consideration during the budget development process so that a proper level of funding and a well-defined scope may be determined

Item 3790-301-392—For capital outlay, Department of Parks and Recreation. I reduce this item from $755,000 to $95,000 by deleting

(2) 90 AC 605-Old Sacramento SHP Museum of Railroad Technology-preliminary plans and agency retained items ($660,000)

I am deleting funding for the preliminary plans and agency retained items for the Museum of Railroad Technology at Old Sacramento SHP I believe that this proposed project should not proceed until the priority, scope, cost and funding source have been determined.

Item 3790-301-721—For capital outlay, Department of Parks and Recreation I reduce this item from $5,727,000 to $3,029,000 by deleting.

(2) 90 5X 105—Marconi Property-Construction and site improvements ($425,000),

(5) 90 CS.401—South Monterey Bay Dunes, Del Monte Dunes, Ponderosa Property-Acquisition ($2,273,000),

and by deleting Provision 2

I am deleting the legislative augmentations of $425,000 for the Marconi Property-Construction and site improvement, and $2,273,000 for South Monterey Bay Dunes, Del Monte Dunes, Ponderosa Property-Acquisition.

These projects should be submitted through the budget development process so they can be reviewed and evaluated in the context of competing needs for this funding source In addition, $300,000 for the Marconi Property project planning is proposed for reappropriation in 1989–90 I believe it is premature to appropriate additional funds for construction of this project until the project planning has been completed

I am deleting Provision 2 to conform to this action

Item 3790-301-722—For capital outlay, Department of Parks and Recreation I reduce this item from $10,034,000 to $7,899,000 by reducing

(10 5) 90.94 601-Stanford House SHP Historic Preservation—Preliminary plans and working drawings from $495,000 to $160,000

and by deleting

(6 5) 90 CO 400-Henry W Coe SP Redfern property-Acquisition ($1,800,000)

I am reducing this item by the $335,000 legislative augmentation for the Stanford House SHP Historic Preservation-Preliminary plans and working drawings I have proposed $160,000 for preliminary plans for this project I believe an appropriation for working drawings is premature and should be considered during the budget development process so that the proper level of funding for the working drawing phase may be determined

I am deleting the $1,800,000 legislative augmentation for Henry W Coe SP Redfern property-Acquisition This project should be submitted for consideration during the budget development process so it can be reviewed and evaluated in the context of competing needs for this fund source

Item 3790-301-786—For capital outlay, Department of Parks and Recreation. I reduce this item from $16,465,000 to $9,016,000 by deleting

(14) 90 EC 101-Kenneth Hahn SRA—Preliminary Plans, Working Drawings, and Construction ($3,510,000),

(15) 90 8L 105-New State Indian Museum—Preliminary Plans, Working Drawings, and Construction ($1,000,000),

(16) 90 IJ 400-Old Town San Diego SHP—Bohannon Pottery Village—Acquisition ($2,733,000), and

(19) 90 RS 115-Sno-Park Program—Minor Capital Outlay ($206,000)

I am deleting the legislative augmentations of $3,510,000 for Kenneth Hahn SR—Preliminary Plans, Working Drawings, and Construction, $1,000,000 for New State Indian Museum—Preliminary Plans, Working Drawings, and Construction, and $206,000 for Sno-Park Program—Minor Capital Outlay. These projects should be considered through the budget development process so that the proper level of funding and a well-defined scope may be determined

I am deleting the legislative augmentation of $2,733,000 for Old Town San Diego SHP—Bohannon Pottery Village—Acquisition I proposed funding for this project from the State Beach, Park, Recreation, and Historical Facilities Fund of 1974 because, as an acquisition project, this was a more appropriate funding source

Item 3790-490—Reappropriation, Department of Parks and Recreation I revise this item by deleting

036—Special Account for Capital Outlay.

(3) Section 1, Chapter 1548, Statutes of 1984, as reappropriated by Item 3790-490-036(4), Budget Act of 1988, John Marsh Home-restoration, provided that the amount reappropriated shall not exceed $500,000,

(4) Item 3790-301-036 (12 2), Budget Act of 1985, as reappropriated by Item 3790-490-036(6), Budget Act of 1988, 90 HO.400, Rancho Buena Vista-acquisition, provided that the funds shall be expended for acquisition of the Sunset Del Mar property adjacent to Torrey Pines State Reserve, and

722—Parklands Fund of 1984

(29) Item 3790-301-722 (20 2), Budget Act of 1985, as reappropriated by Item 3790-490-722(14) Budget Act of 1988, 90.5N 500 851-Mount Diablo SP-Communications tower study, provided that the department shall have the ability to consider the problems of consolidation in a broad and inclusive manner

I am deleting the reappropriation of Section 1, Chapter 1548, Statutes of 1984, as reappropriated by Item 3790-490-036(4), Budget Act of 1988, John Marsh Home-restoration, provided that the amount reappropriated shall not exceed $500,000, because the funds proposed for reappropriation are insufficient to complete the project The project should be resubmitted for consideration during the budget development process in order to determine the appropriate scope and funding level

I am deleting the reappropriation of Item 3790-301-036 (12 2), Budget Act of 1985, as reappropriated by 3790-490-036(6), Budget Act of 1988, 90 HO.400-Rancho Buena Vista-acquisition, provided that the funds shall be expended for acquisition of Sunset Del Mar property adjacent to Torrey Pines State Reserve because I believe this new project should be submitted through the budget development process so it can be considered in the context of competing needs among state parks

I am deleting the reappropriation of Item 3790-301-722 (20 2), Budget Act of 1985, as reappropriated by Item 3790-490-722(14), Budget Act of 1988, 90 5N 500 851-Mount Diablo SP-communications tower study because the initial information from a professional consultant indicates that tower consolidation is not feasible because of legal and ownership constraints Further studies would not be an effective use of state funds

Item 3810-301-236—For capital outlay, Santa Monica Mountains Conservancy I delete this item and Provision 1

I am deleting the $500,000 legislative augmentation which is consistent with my actions on other items of appropriation from the Unallocated Account, Cigarette and Tobacco Products Surtax Fund I believe the allocation of funds from this account should be made by separate legislation after a comprehensive review of competing needs

I am deleting Provision 1 to conform to this action.

Item 3810-301-722—For capital outlay, Santa Monica Mountains Conservancy. I delete this item and Provision 1

While these may be meritorious acquisition projects, I am deleting this item because there are insufficient funds available in the Parklands Fund at this time to fund these projects

I am deleting Provision 1 to conform to this action

Item 3860-001-001—For support of Department of Water Resources I revise this item by deleting Provision 2

I am deleting Provision 2 which would require the Department to provide notification to the Legislature 30 days prior to the expenditure of funds under the continuous appropriation authorized by Water Code Section 12937(b) (4) I am deleting this provision because it unduly restricts the Executive Branch in managing the program and I do not believe it is appropriate to place in the Budget Act restrictions which are inconsistent with powers granted to the Department by the voters when they approved the Burns-Porter Act of 1960

Item 3860-101-235—For local assistance, Department of Water Resources I delete this item

I am deleting the $60,000 legislative augmentation for studies of the recreational benefits of the Terminus, Lake Success, and Kaweah reservoirs because I do not believe that these studies qualify for funding from the Cigarette and Tobacco Tax Products Surtax Fund, Public Resources Account, established by Proposition 99

Item 3940-001-001—For support of State Water Resources Control Board. I revise this item by reducing.

(a) 10-Water Quality from $71,100,000 to $68,512,000,

and by deleting

(fx) Amount payable from Special Account for Capital Outlay (Item 3940-001-036) (−$258,000),

(fz) Amount payable from California Water Fund (Item 3940-001-144) (−$2,255,000),

(gx) Amount payable from the Unallocated Account, Cigarette and Tobacco Products Surtax Fund (Item 3940-001-236) (−$75,000),

and by deleting Provisions 1 and 2 to conform to this action.

I am deleting the $258,000 legislative augmentation, payable from the Special Account for Capital Outlay, for oversight of cleanups of underground tanks in the Silicon Valley While the proposed project may be meritorious, it is not of sufficient statewide priority to justify the use of limited tidelands oil revenues.

I am deleting the $2,255,000 legislative augmentation, payable from the California Water Fund, for four programs. solid waste assessment, reports on drinking water contamination, South San Francisco Bay waste allocation model and landfill liner regulations These programs are not of sufficiently high priority to justify the use of limited state resources

I am deleting the $75,000 legislative augmentation, payable from the Unallocated Account, Cigarette and Tobacco Products Surtax Fund, to provide additional staffing for the San Diego Interagency Panel This proposal is not of sufficient statewide priority to justify the use of limited funds from the Unallocated Account

I am deleting Provisions 1 and 2 to conform to this action

Item 3940-001-036—For support of the State Water Resources Control Board I delete this item

I am deleting this item to conform to the action I have taken in Item 3940-001-001

Item 3940-001-144—For support of the State Water Resources Control Board I delete this item

I am deleting this item to conform to the action I have taken in Item 3940-001-001

Item 3940-001-236—For support of the State Water Resources Control Board I delete this item

I am deleting this item to conform to the action I have taken in Item 3940-001-001.

Item 3940-101-235—For local assistance, State Water Resources Control Board I delete this item.

Funding for this local assistance project at Lake Merced should be submitted through the budget development process so that it may be reviewed and evaluated in the context of competing needs for this fund source

Item 4100-001-890—For support of the State Council on Developmental Disabilities I reduce this item from $5,501,000 to $5,462,000 by reducing· (c) 30-Allocation to Area Boards from $2,417,000 to $2,378,000

I am reducing this item by $39,000 thereby eliminating the salary savings reduction proposed by the Legislature for the Area Boards on Developmental Disabilities This action conforms to the reduction taken in Item 4110-001-001

Item 4110-001-001—For support of Area Boards on Developmental Disabilities I revise this item by reducing·

(a) 10-Area Board Services from $2,417,000 to $2,378,000, and

(b) Reimbursements from −$2,417,000 to −$2,378,000

I am deleting the legislative augmentation of $39,000 and 0 9 personnel years to provide a reduction in salary savings. The salary savings rate reflected in the current budget is consistent with the historical salary savings rate for this agency As there are many variables which impact a department's salary savings rate, I believe it is more appropriate to deal with salary savings issues during the development of the annual financial plan

Item 4120-101-001—For local assistance, Emergency Medical Services Authority I reduce this item from $3,191,000 to $2,857,000 and delete Provision 2

I am deleting the $334,000 legislative augmentation that would have provided additional State support for specified local emergency medical service regions as insufficient evidence has been presented to justify the need for added State funding

I am sustaining language added to Item 4120-001-001 in Provisions 2 and 3 that is intended to assist underfunded regions maintain a basic level of program with available local and State funding

I am deleting Provision 2 to conform to this action

Item 4170-101-001—For local assistance, Department of Aging. I reduce this item from $36,273,000 to $32,973,000 by reducing

(c) 30-Supportive Services and Centers (for match) from $27,979,000 to $27,679,000,

(d) 40-Special Projects from $33,592,000 to $30,592,000, and by deleting Provisions 5 and 7

I am deleting the $300,000 legislative augmentation to expand services provided by the long-term care Ombudsman program The Ombudsman program is currently meeting the statutory requirement related to investigations of elder abuse While I appreciate the efforts of this program and the fact that additional resources would be used to expand the number of volunteers, I believe that an increase is not supportable at this time

I am deleting the $300,000 legislative augmentation to expand the Linkages program The recent evaluation of the Linkages program which recommended that low income individuals be served on a priority basis and that a sliding fee schedule be implemented will assist in expanding existing resources to serve additional needy clients Consequently, considering the many demands for limited state resources, I believe that a further increase is not supportable at this time

I am deleting the $100,000 legislative augmentation to provide resources to maintain a 40 client to one case manager ratio in the Multipurpose Senior Services Program (MSSP) I have provided $21,900,000 ($10,900,000 General Fund) for support of the 22 MSSP sites which is sufficient to ensure that all 22 MSSP sites maintain adequate staffing to client ratios for MSSP case management services Consequently, I do not consider this augmentation necessary to maintain the proposed ratio

I am deleting Provision 5 to conform to this action

I am reducing this item from $1,200,000 to $600,000 for Alzheimer Day Care Resource Centers (ADCRC)

I am sustaining $600,000 to establish ten additional ADCRC's which will increase the number of centers from 26 to 36 This level of funding will provide an increase of 32 6 percent over 1988–89

I am deleting the $2,000,000 legislative augmentation to expand respite care services or to subsidize the participation of low-income clients in ADCRC By funding an increase from 26 to 36 centers I am providing this program a 32.6 percent increase over the last fiscal year I believe these additional resources should be prioritized to provide participation of needy low-income individuals In addition, I have supported efforts to broaden the availability of respite care services through technical assistance, education and coordination of available resources in the Department of Aging. Given my efforts in this area, I do not believe a further increase is appropriate at this time

I am deleting Provision 7 to conform to this action

Item 4200-101-001—For local assistance, Department of Alcohol and Drug Programs I reduce this item from $85,421,000 to $73,421,000 by reducing

(b) 20-Drug Program from $113,432,000 to $101,432,000,

and by deleting Provision 10

I am deleting the legislative augmentation of $12,000,000 for intravenous drug user (IVDU) treatment My proposed Budget includes $18,400,000 for IVDU treatment, an increase of $7,200,000 over the 1988–89 level (a 60 percent increase) This increase is attributable to the fact that the 1988 Federal Anti-Drug Act requires that 50 percent of the Federal Fiscal Year (FFY) 1989 Substance Abuse Supplement funds be targeted to IVDU In FFY 1990, this requirement will apply to the entire Drug Program share of the Federal Alcohol and Drug Abuse and Mental Health Administration block grant, resulting in a further augmentation of IVDU treatment funding of approximately $7,500,000 Therefore, I believe it would be inappropriate to allocate additional limited State resources for this purpose

I am deleting Provision 10 to conform to this action

Item 4200-101-890—For local assistance, Department of Alcohol and Drug Programs

I am deleting Provisions 7, 8, and 9

I am deleting Provision 7 because it provides for the use of federal funds in a manner that conflicts with federal law. Provision 7 requires the Department of Alcohol and Drug Programs to work with the Department of Social Services to provide child care in conjunction with treatment services, and to use up to $500,000 in federal funds for this purpose According to the Federal Alcohol and Drug Abuse and Mental Health Administration, child care services may only be funded if they are incidental to the provision of alcohol and drug abuse services, and requiring an expenditure of up to $500,000 would make such services more than incidental However, I recognize the necessity of providing child care services for some individuals in treatment

I am, therefore, directing the department to ensure that its contractors provide such services in a cost effective manner when needed and to the extent permitted by federal law

I am deleting Provision 8 because it is unnecessarily restrictive This language would require the department to spend $8,946,000 to fund perinatal substance abuse projects in eight counties The Budget which I submitted proposed to fund five pilot projects in four counties at a cost of $4,946,000 The Legislature has proposed to nearly double the size of the project before the first pilot is initiated, much less evaluated This augmentation is consequently premature Furthermore, this language would require the department to redirect $4,000,000, or 40 percent, of the funds set aside to provide for the unmet substance abuse treatment needs of all counties in order to fund perinatal projects in only four counties Given the fact that the perinatal pilots have not yet begun, it is inappropriate to restrict the department's ability to carry out its responsibilities for addressing all of California's substance abuse needs

This action conforms to the action I have taken in Items 4260-113-890 and 5180-151-001

I am deleting Provision 9 to conform to my action in deleting Provision 8 Provision 9 would redirect $63,000 from the Department's budget for unmet needs in order to fund a position to handle the workload associated with expanding the number of counties participating in the perinatal substance abuse program Since I am vetoing the program expansion, there will be no need for additional staff This action conforms to the action I have taken in Items 4260-113-890 and 5180-001-001

Item 4260-001-001—For support of Department of Health Services I reduce this item from $160,537,639 to $155,867,639 by reducing

(a) 100000-Personal Services from $192,809,237 to $190,194,237,

(b) 300000-Operating Expenses and Equipment from $156,889,416 to $154,236,416,

(r) Amount payable from the Federal Trust Fund (Item 4260-001-890) from −$115,803,014 to −$115,205,014,

and by deleting Provisions 6, 10, 11, 13, 15, 17 and 18

I am deleting the legislative augmentation of $400,000 and 6.6 personnel years for restoration of Local Program Development activities of the Department of Health Services. My proposed Budget eliminated these positions and an associated $400,000 because this discretionary program was determined to be of lesser priority than other higher priority departmental programs This action is necessary to protect vital programs and to provide for a prudent reserve for economic uncertainties

I am deleting the $1,213,000 legislative augmentation to reduce departmental salary savings to 9 6 percent, by reducing this Item by $655,000 and taking a corresponding action in Item 4260-001-890 by reducing $558,000 in federal funds As there are many variables which impact a department's salary savings rate, I believe it is more appropriate to deal with salary savings issues during the budget development process

I am deleting the $200,000 legislative augmentation to establish and maintain an asbestos registry program This action is necessary to protect vital programs and to provide for a prudent reserve for economic uncertainties

I am deleting Provision 6 to conform to this action

I am reducing this item by $1,000 and deleting Provision 10 which would require the Department to develop a report for the Legislature and to revise and expand the composition of the California AIDS Leadership Committee This language is an infringement on the Executive Branch's authority and dictates the composition of an administratively established advisory committee The selection of members to the committee is more appropriately the responsibility of the Director of the Department of Health Services The organization of the Committee should be determined by the Director in a manner which best meets the needs of the Department and the overall goals and objectives of the program

Although no funding was provided for the work load associated with this provision, I am reducing $1,000 from this item to reflect savings that will be achieved on vetoing language contained in Provision 10 of this item

I am deleting the $1,000,000 legislative augmentation for continuation of the AIDS Vaccine Research and Development Program This augmentation is duplicative and unnecessary Assembly Bill 2156 would appropriate $1,911,000 from the AIDS Vaccine Research and Development Grant Fund to the Department for the purpose of continuing the program AB 2156 proposes the appropriate funding source for the program and should be used as the vehicle for continued authorization

I am deleting Provision 11 to conform to this action.

I am reducing this item by $17,000 and making a corresponding reduction in Item 4260-001-890 by reducing $40,000 in federal funds to reflect deletion of one Nurse Consultant position to perform utilization control in three counties formerly served by the Redwood Health Foundation Staffing standards for this purpose were jointly established by the Department of Health Services and the Department of Finance in 1985 These staffing standards for Medi-Cal field offices are based on the staff needed to maintain the statutory five day average turnaround time in relationship to TAR volume The workload analysis based on these staffing standards indicates that a total of seven additional positions are required to perform prior authorization functions previously performed by the Redwood Health Foundation With the phase-out of contract management responsibility for the Redwood Health Foundation contract, a position will be available to redirect for the increased utilization review activities Consequently, six new positions are needed, whereas the Budget Bill provides seven new positions Consequently, I am deleting one position and the corresponding funds to reflect the established staffing standards

I am reducing this item by $1,000 and deleting Provision 13 which would increase the workload for the Department of Health Services by requiring the Department, along with the Department of Social Services, to work with counties and to submit a report to the Legislature on activities to reduce county error rates in determining Medi-Cal eligibility The Department of Health Services, as required by the federal government, currently monitors and has procedures to limit county error rates These procedures include a corrective actions program, as well as the authority to sanction counties when necessary

Failure by the State to maintain rates below federal standards could result in the disallowance of federal financial participation Therefore, this language is unnecessary and would increase departmental costs for preparation of the required report by at least $1,000 In addition, this language would be difficult to implement because it does not differentiate between case error rates and dollar error rates I am taking corresponding action by deleting Provision 8 in Item 5180-101-001, for local assistance, Department of Social Services

Therefore, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 13 of this item which would require the Department to submit a report on activities to reduce county error rates.

I am reducing this item by $1,000 and deleting Provision 15 which requires that the Department of Health Services report to the Legislature by March 1, 1990 on 1) its efforts to maximize Medi-Cal recoveries, 2) a comparison of recoveries with those of other states, and 3) an assessment of what, if any, additional resources would be necessary to increase recoveries by 10 percent Because of the Department's past and current efforts to promote cost avoidance, it is anticipated that a leveling-off of third party liability recoveries will occur The projected combined total of recovery and cost avoidance is $73,000,000 for 1989–90 Over the last three years, recoveries have increased by more than 50 percent Therefore, while a 10 percent increase in recoveries is possible, I am opposed to budget language which would establish an arbitrary target This language would not assist the Department in increasing recoveries, and creates additional costs related to preparing the report of at least $1,000

Although no funding was provided for the workload associated with this provision, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 15 of this item

I am deleting the legislative augmentation of $400,000 and 12 3 personnel years that would have provided funding for additional sanitarians for local community health services The 1989–90 Governor's Budget provides $2,900,000 General Fund and 41 personnel years to provide local public health services to counties with populations less than 40,000

I am deleting Provision 17 to conform to this action

I am deleting the legislative augmentation of $1,000,000 which would have required the Department of Health Services to expand and establish AIDS prevention programs in county jails pursuant to Chapter 1301, Statutes of 1988 Chapter 1301 requires county sheriffs, the California Department of Corrections, and the California Youth Authority to provide inmates and wards with information about behavior that places a person at high-risk for contracting the Human Immunodeficiency Virus (HIV) and about the prevention of the transmission of AIDS The statute also requires sheriffs, probation officers, the California Department of Corrections, and the California Youth Authority to provide those persons with information regarding AIDS testing and related services The statute provided no funding for its implementation and specified that implementation would be contingent upon annual Budget Act appropriations for the program

I am deleting Provision 18 to conform to this action

The revised 1989–90 Governor's Budget proposes $128,545,000 for AIDS-related program activities statewide This represents a 32 3 percent increase over the 1988–89 AIDS Budget Included in the 1989–90 Budget is funding specifically for information and education activities These funds are available for the education of inmates, wards, and employees of these institutions and have been allocated by the Office of AIDS based upon need This level of funding and method of allocation is appropriate

I am reducing this item by $995,000 and 15 1 personnel years to conform to the action I have taken in reducing the augmentation for the Office of Family Planning in Item 4260-111-001

Item 4260-001-890—For support of Department of Health Services I reduce this item from $115,803,014 to $115,205,014

I am reducing this item by $40,000 to reflect the deletion of one Nurse Consultant position (0 9 personnel year) to perform utilization control functions in three counties formerly served by the Redwood Health Foundation to conform to my action on this issue in Item 4260-001-001

I am reducing this item by $558,000 to reflect the deletion of a legislative augmentation for a reduced salary savings rate of 9 6 percent to conform to the action I have taken in Item 4260-001-001

Item 4260-101-001—For local assistance, Department of Health Services, Medical Assistance Program. I reduce this item from $3,348,999,000 to $3,313,024,000 by reducing

(a) 50 11-Benefits (Medical Care and Services) from $6,570,648,000 to $6,498,460,000,

(c) 50 50-Fiscal Intermediary Management from $53,368,000 to $53,367,000,

(d) Amount payable from the Federal Trust Fund (Item 4260-101-890) from −$3,454,414,000 to −$3,418,200,000,

and by deleting Provisions 20, 22 and 23

I am reducing this item by $10,000,000 and taking a corresponding action in Item 4260-101-890 by reducing $10,000,000 in federal funds to reflect deletion of the legislative augmentation for prescription drug expenditures The Budget I submitted included savings of $40,000,000 ($20,000,000 in this item and $20,000,000 in federal funds in Item 4260-101-890) in Medi-Cal prescription drug expenditures to reflect a program of negotiated rebates from drug manufacturers based on the volume of drugs sold to the Medi-Cal program annually Currently, the Medi-Cal program does not receive discounts or rebates of any kind from manufacturers, despite the fact that Medi-Cal spends in excess of $500 million annually for prescription drugs This is one of the fastest growing areas of the Medi-Cal Budget, exceeding the rate of growth for all other benefits, the number of prescriptions approved, and the number of beneficiaries using prescription drugs The federal government has questioned the absence of discounts or rebates in Medi-Cal reimbursements for drug ingredients. Most other health programs receive discounts substantially below the price Medi-Cal pays for the same product, including the Medicaid program in the State of Kansas, the State Department of General Services, the federal Veterans Administration, the Department of Defense, Los Angeles County and many private providers

This augmentation would have restored half the savings proposed I am deleting the $10,000,000 augmentation in this item and $10,000,000 in federal funds in Item 4260-101-890 to reflect the level of savings originally proposed I believe these savings are appropriate, based on the savings which other health programs have achieved in the prescription drug area, and I will continue to support legislation to achieve this program modification

I am reducing this item by $2,098,000 and taking a corresponding action in Item 4260-101-890 by reducing $2,176,000 in federal funds to reflect implementation of my proposal to estimate pharmacists' actual acquisition costs for drug ingredients more accurately The Budget I submitted included savings of $40,000,000 ($20,000,000 in this item and $20,000,000 in federal funds in Item 4260-101-890) to reflect a re-estimate of pharmacy acquisition costs for prescription drugs This proposal did not modify the current Medi-Cal dispensing fee Currently, the Medi-Cal program reimburses pharmacies for drug ingredient costs at the average wholesale price (AWP), which is essentially the list price for the drug, unless another price screen (such as the federal allowable cost, the State maximum allowable ingredient cost or the direct price) requires a lower payment AWP, which is used for about 30 percent of Medi-Cal purchases, however, is substantially above the pharmacy acquisition cost and has been questioned as a pricing standard by the federal government. Recent field studies, which have been completed by the Department of Health Services, indicate that pharmacy actual acquisition costs are 12 percent less than AWP.

This augmentation would have restored three-fourths of the savings proposed. The Department of Health Services' field studies indicate that, based on a reimbursement level of AWP minus 12 percent, an additional $4,274,000 ($2,098,000 General Fund, and $2,176,000 federal funds) can be saved Therefore, I am reducing this item by $2,098,000 and taking corresponding action by reducing Item 4260-101-890 by $2,176,000 Combined with legislative action, this brings the total savings from this issue to $14,274,000 ($7,098,000 General Fund, and $7,176,000 federal funds)

I am reducing this item by $20,000,000 and taking a corresponding action in Item 4260-101-890 by reducing $20,000,000 in federal funds to reflect deletion of the legislative augmentation to provide discretionary rate increases to disproportionate hospitals for outpatient services This item already contains a $5,000,000 augmentation and a corresponding $5,000,000 in federal funds for outpatient rate increases to disproportionate hospitals, effective the second quarter of the 1988–89 Fiscal Year The impact of this augmentation should be evaluated before other rate increases are made An additional augmentation would be premature and would restrict the State's ability to fund other vital programs and to provide for a prudent reserve for economic uncertainties

I am deleting Provision 22 to conform to this action

I am reducing this item by $2,715,000 and taking a corresponding action in Item 4260-101-890 by reducing $2,871,000 in federal funds, while retaining an augmentation of $2,716,000 in this item and $2,872,000 in Item 4260-101-890 to provide a discretionary five percent increase in dental rates While the Medi-Cal program has made several systems enhancements for its dental providers recently, these providers have not received a rate increase since the 1985-86 Fiscal Year I believe this is a priority area which should receive the consideration necessary to maintain access consistent with the need to fund other vital programs and provide a prudent reserve for economic uncertainties The Budget Bill contains funding for a 10 percent increase in dental rates I believe an increase of this size is unnecessary, in light of recent systems enhancements including the acceleration of claims payments, the addition of four new toll-free lines, and improved access to patients' history information necessary for billing In addition, an augmentation of this size would limit the State's ability to fund other vital programs and to maintain an adequate General Fund reserve for economic uncertainties Therefore, I am deleting half the legislative augmentation, while sustaining funds to provide a discretionary five percent increase in dental rates

I am reducing this item by $750,000 and taking a corresponding action in Item 4260-101-890 by reducing $750,000 in federal funds to reflect deletion of the legislative augmentation to provide case management services for human immunodeficiency virus (HIV) positive persons This augmentation could not be expended, since both State legislation and federal approval of a State Plan amendment would be required prior to program implementation Although California is a national leader in funding for AIDS treatment and research, much of the emphasis in this augmentation is on social services and is outside the scope of the Medi-Cal program, which is restricted to coverage of those procedures which are medically necessary In many cases HIV positive persons are asymptomatic and do not qualify for Medi-Cal services, including case management

I am reducing this item by $411,000 and taking a corresponding action in Item 4260-101-890 by reducing $417,000 in federal funds to reflect deletion of the legislative augmentation to provide a discretionary five percent rate increase for nonemergency medical transportation providers Medi-Cal beneficiaries who need nonemergency medical transportation services are able to obtain them at current reimbursement rates, and there is insufficient data to suggest that there is an access problem in this area I have authorized rate increases for maternity care, long-term care, and other high priority health care services related to access, federal requirements or State statutory requirements Additional rate increases such as this would restrict the State's ability to fund other important programs and to provide for a prudent reserve for economic uncertainties

I am deleting Provision 20 which prohibits the Department of Health Services from reducing the dispensing fee for drugs because this language is unnecessarily restrictive The Department of Health Services does not have plans to reduce the dispensing fee In fact, the current dispensing fee is an integral component of my Drug Cost Containment program The Department currently has an administrative process for setting this fee Therefore, I believe it is unnecessary and inappropriate to restrict the fee-setting process in the Budget Act

I am reducing this item by $1,000 and deleting Provision 23 which requires the Department of Health Services to continue to develop and maintain an educational program regarding Medi-Cal reimbursements for a sole practitioner or for practices located in rural or medically underserved areas In addition, the Department of Health Services would be required to report to the Legislature on the status of this program The Department already addresses the need for provider education by providing on-site specialized training and assistance for individuals and groups, continuing an on-going relationship with provider associations, updating provider manuals, and providing toll-free telephone lines Therefore, I am opposed to this provision because it creates redundant responsibilities and additional costs Information about these activities, which are part of the on-going work of the Department, can be obtained without the formal requirement for a report to the Legislature

Although no funding was provided for the additional workload associated with this provision, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 23 of this item.

Item 4260-101-890—For local assistance, Department of Health Services I reduce this item from $3,454,414,000 to $3,418,200,000

I am deleting the $10,000,000 legislative augmentation for prescription drugs, related to my proposal to obtain volume discounts from manufacturers, to correspond to my action on this issue in Item 4260-101-001

I am reducing the $15,000,000 legislative augmentation for prescription drugs by $2,176,000, related to my proposal to reimburse pharmacies for drug ingredients at their actual acquisition costs, to correspond to my action on this issue in Item 4260-101-001

I am deleting the $20,000,000 legislative augmentation to provide discretionary rate increases for disproportionate hospital outpatient services to correspond to my action on this issue in Item 4260-101-001

I am reducing the $5,743,000 legislative augmentation by $2,871,000 to provide a discretionary rate increase in dental rates to correspond to my action on this issue in Item 4260-101-001

I am deleting the $750,000 legislative augmentation to provide case management services for human immunodeficiency virus (HIV) infected persons to correspond to my action on this issue in Item 4260-101-001.

I am deleting the $417,000 legislative augmentation to provide a discretionary five percent rate increase for non-emergency medical transportation providers to correspond to my action on this issue in Item 4260-101-001

Item 4260-111-001—For local assistance, Department of Health Services I reduce this item from $1,291,314,354 to $1,061,959,354 by reducing

(a) 11-Preventive Medical Services from $9,454,000 to $9,124,000,

(b) 15-AIDS from $107,287,000 to $48,858,000,

(c) 20-Family Health Services from $150,590,000 to $116,434,000,

(d) 40-Rural and Community Health from $1,023,983,354 to $887,543,354,

and by deleting Provisions 1, 2(b), 2(e), 2(f), 2(g), 2(h), 2(i), 2(j), 2(l), 3(e), 3(g) (1), 3(g) (2), 3(h), 4(e), 4(f) and 4(g),

and by revising Provisions 2(d) and 2(k)

I am deleting the $330,000 legislative augmentation for the Dental Disease Prevention Program This augmentation represents a discretionary cost-of-living adjustment which I am unable to support and would create inequities among other important programs that are not being provided cost-of-living adjustments due to budgetary constraints

I am deleting Provision 1 to conform to this action

I am reducing this item by $1,000 and deleting Provision 2(b) which would require the Department, by January 1, 1990, to project the cost of treating human immunodeficiency virus (HIV) infected children The language further requires that to the extent costs are less than the $1,100,000 budgeted for treating HIV infected children, the Department shall reallocate the funds for noninstitutionalized treatment services for persons with AIDS or AIDS-related complex This language was included in the 1988 Budget Act with a due date for submission of this data by January 1, 1989, which the Department was unable to meet The due date has proven to be unworkable, because the Department is experiencing a nine to twelve-month lag in receiving the data from the counties who receive funding under this program Therefore, the data are untimely and any information provided to the Legislature would be based on prior-year expenditures Consequently, the Department would be unable to reallocate these funds to noninstitutionalized services

Additionally, I am supporting the reappropriation of unexpended 1988–89 AIDS local assistance funding In doing so, additional funds will be available in the budget year for noninstitutionalized treatment services

Although no funding was provided for the workload associated with this provision, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 2(b) of this item

I am sustaining $3,500,000 of the $40,000,000 legislative augmentation for Early Intervention Services

I am also sustaining $635,000 of the $12,000,000 legislative augmentation for Targeted Case Management activities I have committed to increasing AIDS funding in these two areas in recognition of the importance early intervention and targeted case management play in the overall AIDS effort

I am revising Provisions 2(d) and 2(k) to conform to this action

"(d) Of the amount appropriated in this item, ~~$40,000,000~~ *$3,500,000* shall be allocated for early AIDS intervention including AZT, aerosol pentamidine, and other medications approved for treatment of HIV, and medical, behavioral, and psychosocial services"

"(k) Of the amount appropriated in this item, ~~$12,000,000~~ *$635,000* shall be allocated for targeted case management, home health, hospice, and residential care"

My 1989–90 Budget provides $78,967,000 in General Fund for AIDS programs, statewide. This represents a 10 percent increase over the 1988–89 AIDS Budget When all funding sources are considered, my 1989–90 Budget provides $128,545,000 for AIDS programs, a 32 3-percent increase over the 1988–89 AIDS Budget

I am deleting the $10,000,000 legislative augmentation for increased testing, counseling, and outreach activities Because of the need to protect vital programs and to maintain a prudent reserve for economic uncertainties, I have deleted this augmentation However, as indicated previously, under my Administration, the AIDS budget has and continues to experience significant growth

I am deleting Provision 2(e) to conform to this action

I am deleting the $200,000 legislative augmentation for operating expenses of an AIDS hospice facility in South Central Los Angeles This augmentation is inconsistent with the need to protect vital programs and to maintain a prudent reserve for economic uncertainties Included in the 1989–90 Budget is funding specifically for Home and Community Based Care Pilot Projects These funds are allocated through a Request for Proposal (RFP) process in which all entities compete for available funding I believe this is the most appropriate method of allocation of these funds and do not support augmentations for individual entities outside the RFP process

I am deleting Provision 2(f) to conform to this action

I am deleting the $111,000 legislative augmentation for the establishment of an AIDS education and prevention contract for Sonoma County. This augmentation is inconsistent with the need to protect vital programs and to maintain a prudent reserve for economic uncertainties Included in the 1989–90 Budget is funding specifically for education and prevention contract activities. These funds are allocated through a Request for Proposal (RFP) process in which all entities compete for available funding I believe this is the most appropriate method of allocation for these funds and do not support augmentations for individual entities outside the RFP process

I am deleting Provision 2(g) to conform to this action

I am deleting Provision 2(h) which would require the Department of Health Services to redirect $13,800 from funds allocated for the Alternative Test Site program to instead fund an AIDS pilot care project for the Community Care Management Corporation of Ukiah I believe this language is inappropriate because it redirects funding from a critical program of anonymous testing to provide special consideration and funding to an entity which can compete for funding under another appropriate program My 1989–90 Budget provides funding specifically for pilot care treatment projects under which this corporation may compete Therefore, I do not support any redirections of funding from this critical program of anonymous testing

I am deleting the $250,000 legislative augmentation for operating expenses for an AIDS hospice facility on the grounds of Metropolitan State Hospital. This augmentation is inconsistent with the need to protect vital programs and to maintain a prudent reserve for economic uncertainties. Included in the budget is funding specifically for Home and Community Based Care Pilot Projects, which include hospice facilities These funds are allocated through a Request for Proposal (RFP) process in which all entities compete for available funding I believe this is the most appropriate method of allocation for these funds and do not support augmentations for individual entities outside the RFP process

I am deleting Provision 2(i) to conform to this action

I am reducing this item by $1,000 and deleting Provision 2(j) which would require the Department, by March 31, 1990, to distribute a brochure for providers which outlines the alternatives available for HIV testing, including instructions on how to order and interpret tests This language is unnecessary as the Department already provides training and education for health professionals with respect to AIDS The Department is also currently in the process of developing a brochure specifically for physicians regarding AIDS Although no funding was provided for the workload associated with this provision, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 2(j) of this item

I am reducing this item by $1,000 and deleting Provision 2(l) which would require the Department to expand AIDS outreach and testing to high-risk populations and encourage counties to expand testing in Sexually Transmitted Disease Clinics, drug treatment centers, primary care, and family planning clinics. This language is unnecessary The Department currently provides testing and outreach to high-risk populations in the Alternative Test Sites, Sexually Transmitted Disease Clinics and drug treatment centers Although no funding was provided for the workload associated with this provision, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 2(l) of this item

I am deleting the $1,000,000 legislative augmentation for increased family planning-based AIDS prevention services This augmentation is inconsistent with the need to protect vital programs and to maintain a prudent reserve for economic uncertainties. Included in my 1989–90 Budget is funding specifically for education and prevention activities These funds are available on a competitive basis to various contractors throughout the State, and family planning contractors are eligible to compete for these prevention and education grants

I am reducing the $36,230,000 legislative augmentation for the Office of Family Planning by $24,150,000 by reducing this item by $23,155,000 and making a corresponding reduction in Item 4260-001-001 of $995,000 and 15 1 personnel years. Inasmuch as the budget adopted by the Legislature did not contain a sufficient amount for a prudent reserve, this reduction and other actions were necessary to protect vital programs and to provide for a reserve for economic uncertainties

I am deleting the $4,300,000 legislative augmentation for the Adolescent Family Life Program The Governor's Budget already proposes $6,600,000 in State and federal funds for this program I am therefore vetoing this augmentation because of the need to maintain a prudent reserve for economic uncertainties.

I am deleting the $500,000 legislative augmentation that would have provided additional funding for the Genetically Handicapped Persons Program (GHPP) specifically for Marfan Syndrome and Skeletal Dysplasia The Department can currently add specific conditions to the Genetically Handicapped Persons Program and does so with the advice of the GHPP Advisory Committee .That Committee is presently developing criteria for consideration of new conditions It is, therefore, premature to add any conditions at this time

I am reducing this item by $3,200,000 to reflect a shift in funding from the General Fund to federal funds for the Maternal and Child Health (MCH) program Subsequent to the development of the 1989–90 Budget, the Department of Health Services learned that additional federal funds would be available in 1989–90 for MCH services I am reducing the MCH General Fund budget by $3,200,000 to reflect the availability of these additional federal funds

I am deleting the $2,000,000 legislative augmentation for the California Children's Services (CCS) program for an anticipated increase in county claims beyond that contained in the Department of Health Services' May Revision estimate As is the current practice, to the extent that claims do materialize in excess of the amount budgeted for that purpose, the Department will identify those increases in its subsequent caseload estimate updates

I am reducing this item by $1,000 and deleting Provision 3(e) which requires the Department of Health Services to revise its regulations for the Child Health and Disability Program (CHDP) to require the program to begin services to low-income children up to age six to the extent funds are available This language would place a new program requirement on the Department without providing additional resources Although no funding was provided for the workload associated with this provision, I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing language contained in Provision 3(e) of this item

I am deleting Provision 3(g) (1) which would require the expenditure of $274,000 for the purpose of an evaluation of perinatal substance abuse pilot projects There are sufficient federal funds available for this purpose in Item 4260-113-890

I am deleting Provision 3(g) (2) which would require the expenditure of $200,000 for a contract for the development of a statewide perinatal plan to meet the "Surgeon General's Objectives for the Year 2000 on Infant Mortality" The Maternal and Child Health Program funds appropriated in this item are committed in part for transitional costs associated with Chapter 980, Statutes of 1988, which will incorporate eligible clients up to 185 percent of the federal poverty level into the Medi-Cal program for perinatal services Further, these funds support the provision of perinatal services to eligible clients up to 200 percent of the federal poverty level which are not covered under Medi-Cal

I am deleting Provision 3(h) which requires the Department of Health Services to report to the Joint Legislative Budget Committee in conjunction with the submission of the Governor's Budget, the level of federal MCH funds available, and submit an expenditure plan for any funding in excess of budgeted funds. This provision is unnecessary because the information regarding the level of federal MCH funds for both the current year and budget year is currently provided as part of my annual Budget In addition, I believe the language in this provision is unduly restrictive in requiring an expenditure plan no later than 30 days after submission of the Governor's Budget and in requiring the Department of Finance to submit a Section 28 notification letter no later than 60 days after submission of the plan to the Legislature This language would limit the Administration's ability to examine timeframes and other factors which might be taken into consideration in the development of an expenditure plan for any additional federal MCH funds

I am deleting the $100,000,000 legislative augmentation that would have provided funding to restore a reduction proposed in the Governor's Budget for the Medically Indigent Services Program (MISP) due to claiming of State Legalization Impact Assistance Grant (SLIAG) funding I am reducing this augmentation because the basis for the original reduction is still valid, which is that newly legalized persons (NLPs) are recipients who continue to access the local health care system, however, SLIAG can now be claimed instead of General Fund

In addition, I am reducing $26,597,000 which will be for appropriation pursuant to legislation to allocate the funds back to the 26 MISP counties based on an "equity formula". This funding pool will be available to compensate for inequities between the MISP allocation formula and county SLIAG reimbursement percentages

I am, however, sustaining a $258,734,000 General Fund legislative augmentation for the MISP program The Budget also provides $208,866,000 in SLIAG for the MISP program

I am deleting the $1,000,000 legislative augmentation to restore a General Fund reduction for Primary Care Health Clinics The Governor's Budget proposed reducing this program to capture savings due to the ability to claim SLIAG funds for services previously paid from General Fund resources I am vetoing this augmentation because the basis for the original reduction is still valid, which is that newly legalized persons are continuing to access the local health care system Therefore, SLIAG moneys are appropriately being claimed in lieu of the General Fund

I am deleting the $184,000 legislative augmentation to fund a discretionary beneficiary cost-of-living adjustment (COLA) increase for the County Medical Services Program Funding of a discretionary COLA would create inequities among other important programs that are not being provided COLA's due to budgetary constraints I am, however, sustaining a $5,220,000 General Fund legislative augmentation for the CMSP to reflect estimated caseload increases

I am deleting Provision 4(e) which would require the Department to make $50,000 available for a management assistance grant to the Hupa Health Association to conduct a health care needs assessment I believe this language would result in preferential treatment for one geographic area Furthermore, it has not been demonstrated that this area has a greater need for such a grant than other areas within the State

I am deleting the $500,000 legislative augmentation that would have provided additional funding for the Medically Indigent Services Program in Alameda County due to the closure of Maxicare clinics Because Maxicare was a provider, not a funding source, the existing funding sources are unimpaired by Maxicare's closing. Individuals who were previously treated at Maxicare under Medi-Cal will continue to be covered under Medi-Cal, at other facilities

I am deleting Provision 4(f) to conform to this action

I am deleting the $8,159,000 legislative augmentation provided for the Rural and Community Health Program This augmentation was made by the Legislature to increase funds available to health care clinics I am vetoing this augmentation because of the need to protect vital programs and to provide for a prudent reserve for economic uncertainties

I am deleting Provision 4(g) to conform to this action.

Item 4260-113-890—For local assistance, Department of Health Services I am deleting Provisions 1(b), 1(j), and 1(n) and revising Provisions 1(a), 1(c), 1(g), 1(h), 1(m) and 1(o)

Provision 1(b) would have provided $1,000,000 for the provision of information, education, and referral services about sexually transmitted diseases to individuals seeking services through programs administered by the Maternal and Child Health (MCH) Branch I am deleting this provision to make funds available to support existing base MCH programs which the Legislature funded instead from the General Fund I have reduced $3,200,000 in Item 4260-111-001 to conform to this action

Provision 1(j) would have provided for a study to determine outcome measures suitable to evaluate pediatric critical care systems I am deleting this provision to make funds available to support existing base MCH programs

Provision 1(n) would have provided $90,000 to develop a brochure on the risks and benefits of a caesarean delivery versus a vaginal delivery I am deleting this provision to make funds available for base MCH programs

I am revising the language in Provision 1(a) to reduce the amount for various Sudden Infant Death Syndrome (SIDS) projects to $800,000, which the Department of Health Services advises me is sufficient for the purposes of this provision

"a ~~$1,000,000~~ *$800,000* for various Sudden Infant Death Syndrome projects including development of a SIDS autopsy protocol, support services and training for county health officials, public health nurses and law enforcement, family intervention services, parent advisory groups and data assessment "

I am revising the language in Provision 1(c) to provide funds for new and innovative projects to reduce the rate of black infant mortality which the language would have otherwise restricted.

"c $1,440,000 for new and innovative projects to reduce the rate of black infant mortality in California Of this amount, $140,000 may be used to establish one position and support a Black Infant Mortality Committee ~~; and $650,000 shall be used for outreach in Los Angeles housing projects~~ "

I am revising the language in Provision 1(g) to reduce the amount for expansion of the High-Risk Infant Followup program to $1,161,000, which the Department of Health Services advises me is sufficient for the purposes of this provision

"g ~~$1,500,000~~ *$1,161,000* to expand the High-Risk Infant Followup program "

I am revising the language in Provision 1(h) This provision would have provided $740,000 for the Diabetes in Pregnancy Program I am reducing the amount provided for in this provision to $221,000 thereby making $519,000 available to support the existing base MCH program

"h ~~$740,000~~ *$221,000* for the Diabetes in Pregnancy Program, of which ~~$360,000~~ *$105,000* shall be used ~~to establish three new regions, with priority given to those targeting black infant mortality; $105,000~~ to replace SPRANS funds for program evaluation, $100,000 to fund growth in the existing eight regional programs, ~~$35,000 for program education materials; $10,000 for California Diabetes and Pregnancy Program state liaison activities; $80,000 for affiliate development materials and training;~~ and ~~$50,000~~ *$16,000* for ~~affiliate~~ administrative support "

I am revising the language in Provision 1(m) which would have required the implementation of nine perinatal substance abuse pilot projects While I am supportive of efforts in this area, I believe the five pilot projects in four counties I proposed in the Budget will give us an opportunity to identify the most effective and cost efficient means of addressing this critical concern This action conforms to the actions taken in the Departments of Alcohol and Drug Programs and Social Services My revision will provide for a four county perinatal substance abuse pilot program as originally proposed and make available funds to support existing base MCH programs

"m ~~$2,760,000~~ *$1,843,000* for implementation of ~~nine~~ *five* perinatal substance abuse pilot projects in Los Angeles, ~~San Francisco, Kern,~~ Sacramento, ~~Orange,~~ San Diego, *and* Alameda ~~, and Santa Clara~~ counties"

I am revising the language in Provision 1(o) which would have required the establishment of a Black Infant Mortality Leadership Committee with members appointed by myself, the Speaker of the Assembly and the Senate Rules Committee This language is unnecessary because the Department of Health Services is currently in the process of administratively establishing a Black Infant Mortality Leadership Committee Furthermore, this language unnecessarily interferes with the responsibility of the Director of the Department of Health Services in organizing the Department, including the establishment of advisory committees, as he deems appropriate

I am sustaining that portion of the provision which identifies $140,000 for support of the Black Infant Mortality Leadership Committee, as requested in a Department of Finance Letter

"o ~~It is the intent of the Legislature that additional activities be undertaken by the department to reduce the abnormally high mortality rate among black infants~~

~~There shall be established in the department a Black Infant Mortality Leadership Committee. The following members shall be appointed by and serve at the pleasure of the Governor: the Director of Health Services (or designee); the Director of Maternal and Child Health; the Director of Alcohol and Drug Abuse (or designee); the Director of Social Services (or designee); a California County Supervisor (or designee); two local public health officers (or their designees); and a health care professional. The following members shall be appointed by and serve at the pleasure of the Speaker of the Assembly: a member of the State Assembly (or designee); two members of the Black Community Coalition; a consumer or member of a consumer advisory group; a member of the religious community; a health care professional; a pediatrician; and an obstetrician\gynecologist. The following members shall be appointed by and serve at the pleasure of the Senate Rules Committee: a member of the State Senate (or designee); two members of the Black Community Coalition; a consumer or member of a consumer advisory group; a member of the religious community; a health care professional; a pediatrician; and an obstetrician\gynecologist. The Superintendent of Public Instruction (or designee) shall also be a member of the committee.~~

~~The Black Infant Mortality Leadership Committee shall meet as frequently as necessary but no less than six times a year in order to conduct its business. It shall provide advice to and shall be consulted by the department on the establishment of policies, procedures, and programs designed to eliminate the disparity between the black and non/black populations in infant mortality. On or before January 1, 1991, the committee shall develop and present to the Legislature and Governor information which evaluates current programs, assesses current and ongoing needs, contains legislative, programmatic, and funding strategies, and make specific program recommendations regarding the elimination of the disparity between the black and non/black populations in infant mortality.~~

Of the funds appropriated in this item, $140,000 shall be used to support a Black Infant Mortality Leadership Committee ~~and its efforts in producing the information~~"

Item 4260-121-001—For local assistance, Department of Health Services, Chronic Diseases (Alzheimer's Program). I reduce this item from $8,564,000 to $3,564,000, and delete Provisions 1 and 2

I am deleting the following legislative augmentations. $500,000 to provide start up funds for two new diagnostic and treatment centers, $330,000 to supplement the funding for the three new centers established in the 1988–89 budget to provide a funding level of $350,000 per center, $150,000 for departmental administrative costs for monitoring and evaluating centers, $300,000 for innovative projects, and $3,720,000 for Alzheimer's research While I am supportive of efforts in this area, I am unable to support these augmentations due to the need to provide for a prudent reserve for economic uncertainties This program has received substantial funding increases under my Administration The program was established in FY 1984–85 with a funding level of $1,000,000 and has increased to $3,564,000 This represents a 256 percent growth in the program's budget

I am deleting Provisions 1 and 2 to conform to this action

Item 4260-493—Reappropriation, Department of Health Services

I am revising Provision 1 of this item to delete the second paragraph This paragraph would require subjective judgements to initiate its effect and may restrict the Executive Branch's long-term ability to manage the program

"1 (a) The funds appropriated in this item shall be available only for purposes of preliminary plans and a value engineering study for the expansion and remodeling of the Berkeley Public Health Laboratory The Director of Health Services shall notify the chairs of the Joint Legislative Budget Committee and the fiscal committees of each house on or before November 1, 1989, of the department's progress in developing the preliminary plans and value engineering study, including a schedule for their completion If the preliminary plans and value engineering study will not be completed by February 1, 1990, the director shall specify the reasons why and how he or she intends to expedite their completion

~~(b) In the event that the department continues to develop plans to move positions from this or any other Berkeley/area location to Sacramento in a manner which undermines the effectiveness of or slows the progress of, existing programs, this authorization shall be rescinded and the funds shall revert to the General Fund~~"

Item 4300-003-001—For support of Department of Developmental Services, for Developmental Centers I reduce this item from $38,217,000 to $31,440,000 by reducing

(a) 20-Developmental Centers Program from $527,143,000 to $520,059,000, and

(b) Reimbursements from −$482,710,000 to −$482,403,000

I am reducing this item by $6,777,000 to reflect the following actions

I am reducing this item by $3,239,000 General Fund, the scheduled reimbursements by $307,000, and 320 9 personnel years to continue the contracting proposal for housekeeping services at the developmental centers The Legislature augmented this item by $5,080,000 ($4,640,000 General Fund and $440,000 in reimbursements) and 320 9 personnel years to discontinue contracting and hire civil service employees to perform janitorial duties I have taken the opportunity to review the Legislature's action on the contracting-out proposal which would have allowed the Department of Developmental Services to realize cost savings related to housekeeping services at the developmental centers In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportunity to contract out I am, therefore, eliminating the 320 9 personnel years and $3,546,000 of the funds added by the Legislature and will use the remaining funds to contract for these services

I am reducing this item by $800,000 for recurring maintenance for developmental centers The Legislature augmented this item by $800,000 General Fund and made a corresponding reduction to the Outer Continental Shelf Land Act Section 8(g) Revenue Funds. Due to this funding shift, I can no longer support this augmentation The proposed use of Outer Continental Shelf Land Act Section 8(g) Revenue Funds for this purpose would have allowed General Funds to be used to fund other high priority areas In light of the $4,000,000 augmentation which I approved to fund increased developmental center facilities operations and maintenance costs for 1989–90, I believe that the $800,000 augmentation can be deleted without adversely impacting the developmental centers

I am reducing this item by $2,738,000 and 40 1 personnel years. The Legislature augmented this item by $6,799,000 and 99.6 personnel years to reduce developmental center salary savings This augmentation would have reduced the salary savings rate from 7 2 percent to 5 7 percent. Given the numerous significant changes in accreditation and certification standards, I believe that some reduction of the salary savings rate is appropriate However, given the General Fund need in other high priority areas and in order to provide for a prudent reserve for economic uncertainties, I am reducing this augmentation to $4,061,000 and 59 5 personnel years in order for the department to address its staffing and coverage needs These resources will assist the Department in meeting the more stringent accreditation standards

Item 4300-101-001—For local assistance, Department of Developmental Services, for Regional Centers I reduce this item from $529,624,000 to $498,107,000 by reducing

(a) 10 10 010-Operations from $149,103,000 to $148,603,000, and

(b) 10 10 020-Purchase of services from $409,134,000 to $378,117,000

I am reducing this item by $31,517,000 to reflect the following actions

I am reducing $23,417,000 which would have provided a 4 6 percent discretionary cost-of-living adjustment for regional center service providers. This augmentation would provide preferential treatment for one provider type While I am supportive of this program, I am unable to provide discretionary cost-of-living adjustments This action would create inequities among other important programs that are not being provided cost-of-living adjustments due to budgetary constraints

I am reducing $7,600,000 which would have provided for increased funding for "other services" due to a revision of the methodology for projecting costs There is no evidence that a methodology change is necessary or that the methodology change proposed is the most appropriate method of projecting costs. Projections using the existing methodology indicate that the regional centers are fully funded

I am reducing $500,000 which would have provided funding for regional center facility rent increases This augmentation is inconsistent with current policy which is to provide $2,000 per regional center position added due to caseload increases. Regional centers are currently reimbursed for allowable operations costs through this item

Item 4440-001-001—For support of Department of Mental Health I delete Provision 4

I am deleting Provision 4 because it conflicts with the provisions of Chapter 1494, Statutes of 1988. Chapter 1494, Statutes of 1988, appropriated $100,000 to have the Department of Mental Health assess the long-term care needs of the mentally ill I signed this legislation with the intent of meeting the legitimate concerns of the California Senior Legislature, among others I believe it would be inappropriate to change the intent of the legislation after it has been enacted and signed into law Furthermore, it is questionable whether the department could effectively comply with the mandate of both Chapter 1494 and Provision 4 within the limited resources made available by the bill

Item 4440-011-001—For support of the State Hospitals, Department of Mental Health I reduce this item from $340,931,000 to $331,724,000 by reducing.

(a) 20 10-Lanterman-Petris-Short Act from $211,052,000 to $205,403,000,

(b) 20 20-Penal Code and Judicially Committed from $131,669,000 to $128,111,000, and by deleting Provision 7

I am deleting the $100,000 General Fund legislative augmentation for the design, development and implementation of a unit-dose pharmacy system at Atascadero State Hospital. While there may be merit to the implementation of such a system, I do not believe that this project is of sufficiently high priority to justify the use of limited State resources

I am deleting Provision 7 to conform to this action

I am deleting $8,800,000 and 221 4 personnel years which were added for the purpose of reducing the State hospital salary savings rate In my Budget I proposed to add 164 3 personnel years costing $6,310,000 in Cigarette and Tobacco Products Surtax funds for program maintenance at the State hospitals The Legislature reduced this proposal to 155 1 personnel years costing $5,585,000, and shifted funding to the General Fund I have accepted these legislative changes, including the shift of funding to the General Fund However, in view of limited General Fund resources, I cannot approve this additional legislative augmentation This action is necessary to protect other vital programs and to provide for a prudent reserve for economic uncertainties

I am also reducing $307,000 of a $440,000 legislative augmentation for the Department of Mental Health's share of the housekeeping cost increase for Developmental Centers This action is consistent with my action in Item 4300-003-001

Item 4440-101-001—For local assistance, Department of Mental Health I reduce this item from $624,276,000 to $508,276,000 by reducing

(b) 10 25-Community Services—other treatment from $607,279,000 to $541,279,000,

(c) 10 40-Adult System of Care Pilots from $32,000,000 to $8,000,000,

(f) 10 65-Residential Care Services from $26,557,000 to $16,557,000,

(g) 10 75-Homeless Mentally Disabled from $29,539,000 to $19,539,000,

(h) 10 85-AIDS from $7,500,000 to $1,500,000,

and by deleting Provisions 12, 13, 14 and 15

I am reducing $116,000,000 in legislative augmentations for local mental health programs These augmentations include $50,000,000 for noncategorical local assistance, $24,000,000 to expand the Adult System of Care Pilots, $15,000,000 to expand the AB 377 children's mental health program, $10,000,000 each for the Residential Care and Homeless Mentally Disabled programs, $6,000,000 for AIDS mental health care, and $1,000,000 for various studies

My proposed Budget provided substantial augmentations for local mental health programs, including $8,000,000 for the Adult System of Care Pilots, $25,000,000 in Cigarette and Tobacco Products Surtax funds for noncategorical local assistance, and $5,239,000 for an additional 233 beds in Institutions for Mental Disease The Legislature agreed to the increases I proposed, but made several very substantial augmentations above my proposals As I have stated before, I support funding for local mental health programs Nevertheless, I must delete the legislative augmentations noted above to protect other equally vital programs and to provide for a prudent reserve for economic uncertainties

I am also deleting Provision 12, which would require the Department of Mental Health to obtain legislative approval prior to implementing any plan to redistribute Short-Doyle local assistance monies Provision 12 would interfere with the department's ability to manage its local assistance operations on a day-to-day basis Those operations frequently require small redistributions to be made for specific purposes and with the agreement of the counties involved This language is unduly restrictive and interferes with the Executive Branch's authority to administer programs

I am deleting Provision 13, which is intended to allocate $37,500,000 of the noncategorical legislative augmentation included in this item Since I have deleted the augmentation, I am deleting the allocation language as a conforming action

I am deleting Provision 14, which is intended to allocate $12,500,000 of the noncategorical legislative augmentation included in this item Since I have deleted the $12,500,000 augmentation, I am deleting the allocation language as a conforming action

I am deleting Provision 15, which consists of a statement of legislative intent to the effect that future augmentations of local Short-Doyle mental health funds shall be distributed in the manner set forth in Provision 14 I believe it is inappropriate to establish policy for future years in a Budget Act which will not be effective in those years Moreover, since I have deleted Provision 14, I am deleting Provision 15 as a conforming action

Item 4440-101-236—For local assistance, Department of Mental Health. I delete Provision 1

I am deleting Provision 1, which specifies the method of distributing the funds appropriated by this item, because it conflicts with existing law Welfare and Institutions Code Section 5600 specifies that new monies made available for Short-Doyle mental health programs shall be allocated "in such a manner that progress toward equity is reasonably assured " Specifically, Section 5600 requires that the allocation reflect more than what is generally referred to as each local program's "poverty-population" share, and take into account not only the poverty-population formula but the relative resources of all programs This language provides that the allocations are to be calculated based on the poverty-population formula, with the exception that the allocations for counties whose current resource level is 11 percent or more above the statewide average would be redistributed to those furthest under the statewide average By relying on the poverty-population formula, and by arbitrarily redistributing resources only for counties 11 percent or more above the statewide average, this language fails to make adequate progress toward equity, as required by existing law I am directing the Department of Mental Health, in consultation with the Conference of Local Mental Health Directors, to allocate the funds in a manner consistent with the intent of existing law

Item 4440-111-001—For local assistance, Department of Mental Health, for services to brain damaged adults I reduce this item from $7,257,000 to $5,257,000, and delete Provision 1.

I am deleting the $2,000,000 legislative augmentation to expand the Brain Damaged Adults program During 1988–89, the Brain Damaged Adults program received an augmentation of $900,000, or more than a 20 percent increase above the 1987–88 funding level Additionally, for 1989–90 I am approving the reappropriation of $150,000 of unspent monies for this program I signed Chapter 1658, Statutes of 1984, which initiated the Brain Damaged Adults program, and I continue to support it In view of the recent funding increase which the program has received, and the need to protect other equally vital programs, I am vetoing this augmentation to provide for a prudent reserve for economic uncertainties

I am deleting Provision 1 to conform to this action.

Item 4440-131-001—For local assistance, Department of Mental Health, for services to special education pupils. I reduce this item from $20,616,000 to $15,116,000 by reducing

(a) 10 80-Assessments, treatment and case management of special education pupils pursuant to Chapter 1747 of the Statutes of 1984 and Chapter 1274 of the Statutes of 1985 from $21,291,000 to $15,791,000

I am deleting the $5,500,000 legislative augmentation to expand the Special Education Pupils program. This program is intended to serve children with serious emotional disorders who require mental health treatment in order to benefit from their education. My Budget proposed to augment noncategorical local assistance funding for the Department of Mental Health by $25,000,000. Under existing law, one-half of the funds must be used to provide services for children In light of this funding increase, I believe it would be inconsistent with the need to protect other vital programs and to provide for a prudent reserve for economic uncertainties to allocate additional limited State resources for this purpose

Item 5160-101-001—For local assistance, Department of Rehabilitation I reduce this item from $73,887,000 to $73,777,000 by reducing·

(c) 30-Support of Community Facilities from $5,311,000 to $5,201,000

I am reducing this item by $110,000 to reflect the following actions

I am reducing $8,000 of the $85,000 legislative augmentation of "match" funds for the three new Independent Living Centers established in 1987–88 In order to assure sufficient incentive match funds for the new centers without adversely impacting existing centers, I am sustaining part of this increase The legislative augmentation would provide for $28,300 per center To maintain equity with the current level of match funds ($25,600 per center), I am reducing this item by $8,000

I am deleting the $102,000 legislative augmentation which provides for a two percent discretionary cost-of-living adjustment for Independent Living Centers While I am supportive of this program, I am unable to provide discretionary cost-of-living adjustments This action would create inequities among other important programs that are not being provided cost-of-living adjustments due to budgetary constraints

Item 5180-001-001—For support of Department of Social Services I reduce this item from $86,840,783 to $86,427,300 by reducing

(b) 20-Social Services Programs from $30,395,483 to $29,982,000

I am deleting the legislative augmentation of $63,483 and 0 9 personnel years to expand the Substance Exposed Infants Demonstration Projects My proposed budget provided $90,000 in this item to fund support activities related to the five pilot projects in four counties (located in South Central Los Angeles (two projects), Alameda, Sacramento and San Diego) for the care of substance exposed infants Since I am vetoing the program expansion, there will be no need for additional staff

This action conforms to the actions I have taken in Items 4260-113-890 and 4200-101-890

I am also deleting the legislative augmentation of $350,000 and 4 4 personnel years for the Child Welfare Services Case Management System. While I believe there may be benefits in developing a case management system, I am concerned about dedicating initial development resources to a project which will require significant future investment of resources without full consideration of the project as part of the budget development process

Item 5180-101-001—For local assistance, Department of Social Services I reduce this item from $2,472,435,000 to $2,450,834,000 by reducing

(a) 10 04 005-Aid to Families with Dependent Children from $4,754,795,000 to $4,727,933,000,

(e) Amount payable from the Federal Trust Fund (Item. 5180-101-890) from −$2,383,104,000 to −$2,377,843,000,

and by deleting Provisions 7, 8 and 9

I am deleting $13,800,000 from this item and $3,361,000 in the Federal Trust Fund Item (5180-101-890) which the Legislature augmented to provide funding for a new method of setting rates for foster care group homes. I believe that in the absence of enabling legislation to change the current rate setting methodology and until the issue of State and county foster care sharing ratios has been agreed upon, it is premature to set aside state resources for this purpose

I am deleting Provision 7 to conform to this action

I am further deleting $7,800,000 from this item and $1.900,000 in the Federal Trust Fund Item (5180-101-890) which the Legislature augmented to provide foster family homes a $200 per child increase in the annual clothing allowance It is my understanding that counties currently have the discretion to determine the amount provided for a clothing allowance and that these allowances range from $50 to approximately $300 Without prejudice to the appropriateness of this increase, I am vetoing this augmentation due to the need to fund other vital programs and to provide for a prudent reserve for economic uncertainties

I am deleting Provision 9 to conform to this action

I am reducing this item by $1,000 and deleting Provision 8, which would require the Departments of Social Services and Health Services, to work with counties to reduce Aid to Families with Dependent Children (AFDC) error rates and produce a report for the Legislature These Departments currently work with counties to reduce the error rates in eligibility determination Although no funding was provided for this report and administrative workload, I am reducing $1,000 to reflect savings that will be achieved based upon vetoing language contained in Provision 8 of this item

Item 5180-101-036—For local assistance, Department of Social Services, Ventura County Children's Crisis Center I delete this item and Provision 1

I am deleting the $2,000,000 legislative augmentation for the construction of the Ventura County Children's Crisis Center While I am supportive of efforts to address the needs of abused, neglected and exploited children, typically county children's crisis centers have been locally funded Therefore, I believe it would establish an inappropriate precedent to provide funding for a local capital construction project of this nature

I am deleting Provision 1 to conform to this action

Item 5180-101-890—For local assistance, Department of Social Services I am reducing this item from $2,383,104,000 to $2,377,843,000

This action reduces the amount payable from this item to Item 5180-101-001 and conforms to the actions taken in Item 5180-101-001

Item 5180-151-001—For local assistance, Department of Social Services. I reduce this item from $863,852,693 to $822,871,176 by reducing

(a) 20 30-Other County Social Services from $463,699,517 to $453,718,000,

(1) 20 30 010-Child Welfare Services Grant from $384,863,517 to $383,827,000,

(2) 20 30 030-County Services Block Grant from $78,836,000 to $69,891,000,

(b) 20 35-Specialized Adult Services from $610,944,000 to $609,944,000,

(3) 20 35 250-Access Assistance for the Deaf from $4,442,000 to $3,442,000,

(c) 20 40-Employment Services from $220,406,736 to $190,406,736,

and by deleting Provision 10

I am deleting the $836,517 legislative augmentation to expand the Substance Exposed Infants demonstration projects The Budget which I submitted proposed $1,066,000 to fund respite, recruitment and training activities related to the five pilot projects in four counties (located in South Central Los Angeles (2 projects), Alameda, Sacramento and San Diego) for the care of substance exposed infants. The Legislature has proposed to nearly double the size of the projects before the first pilot is initiated, much less evaluated Therefore, this augmentation is premature. This action conforms to my action on Items 4260-113-890 and 4200-101-890

I am deleting the $200,000 legislative augmentation to supplement Child Welfare Services to Indian Children Currently, children on reservations are under the protection and services of federal and state child welfare laws. Since the Child Welfare Services program is funded based on caseload need, to set aside funds for a particular program or group rather than budgeting according to the needs of the entire program would create duplication and set an unnecessary precedent

I am deleting the $1,000,000 legislative augmentation to expand the Deaf Access Assistance program. This action is necessary to protect vital programs and to provide for a prudent reserve for economic uncertainties

I am deleting Provision 10 to conform to this action

I am deleting the $8,500,000 legislative augmentation to expand the Adult Protective Services (APS) program. While I am supportive of the efforts to ensure the health and safety of elderly Californians, I believe that we should postpone any augmentations for a statewide expansion of the APS program at this time due to the need to provide for other vital programs and to provide for a prudent reserve for economic uncertainties.

I am deleting the $445,000 legislative augmentation to expand the County Services Block Grant program This augmentation would provide funding for this program above the estimate of caseload expenditures.

I am deleting $30,000,000 from this item to reflect the impact of legislation (Chapter 77, Statutes of 1989) which I have signed to conform State law with the federal Job Opportunities and Basic Skills (JOBS) training program The effect of this law change will provide increased federal funds for the Greater Avenues for Independence (GAIN) program These increased federal funds will allow the Department to reduce $30,000,000 in General Fund without a change in the total level of funding available for the GAIN program

Item 5180-155-001—For local assistance, Department of Social Services I delete Provision 1

I am deleting Provision 1 because it would prohibit Los Angeles County from contracting out case management services of the Greater Avenues for Independence (GAIN) program The federal government, which provides specific guidelines for contracted services, has reviewed this contract and the county procedures and has found them to be in compliance with these requirements. In addition, this provision would restrict the State's authority to consider operational alternatives which may prove to be beneficial and less costly Therefore, I believe this Provision interferes with the Administration's ability to manage its programs and would invariably result in increased costs to the State

Item 5180-181-001—For local assistance, Department of Social Services I reduce this item from $242,814,000 to $234,774,000 by reducing

(a) 10.04.005-Aid to Families with Dependent Children (for transfer to Item 5180-101-001) from $223,721,000 to $211,941,000,

(e) 20-Social Services Program (for transfer to Item 5180-151-001) from $2,593,000 to $2,453,000,

(f) Amount payable from the Federal Trust Fund (Item 5180-181-890) from −$137,806,000 to −$133,926,000,

and by deleting Provision 1

I am deleting $7,900,000 from this item and $3,880,000 in the Federal Trust Fund Item (5180-101-890) which the Legislature augmented to provide a discretionary 5.06 percent cost-of-living adjustment to foster family homes While I am supportive of the efforts provided by Foster Parents, I am unable to provide discretionary cost-of-living adjustments This action would create inequities among other important programs that are not being provided cost-of-living adjustments due to budgetary constraints

I am deleting Provision 1 to conform to this action

I am also deleting the $140,000 legislative augmentation to the Deaf Access Assistance program to provide a discretionary 4 0 percent cost-of-living adjustment (COLA) I am unable to provide this discretionary COLA adjustments This action would create inequities among other important programs that are not being provided a COLA adjustments due to budgetary constraints

Item 5180-181-890—For local assistance, Department of Social Services I reduce this item from $137,806,000 to $133,926,000

I am reducing this item by $3,880,000 for a discretionary 5 06 percent cost-of-living adjustment for foster family homes This action reduces the amount payable from this item to Item 5180-181-001 This action conforms to the action taken in Item 5180-181-001

Item 5460-301-747—For capital outlay, Department of the Youth Authority I reduce this item from $2,477,000 to $2,390,000 by reducing·

(7) 60.90 010-Minor Projects from $1,364,000 to $1,277,000

Statutory authority for a visitor services program expired January 1, 1989 Therefore, the purchase of a trailer at the Northern California Youth Center is unnecessary

Item 5770-001-001—For support of the Robert Presley Institute of Corrections Research and Training Institute I reduce this item from $566,000 to $416,000

I am deleting the $150,000 legislative augmentation for the Robert Presley Institute to fund a sociological study on the community impact of Pelican Bay State Prison in Del Norte County I do not believe this study is of sufficiently high priority nor do I believe that the need for this particular level of funding has been adequately demonstrated to justify the use of limited state resources

Item 6110-001-001—For support of Department of Education I reduce this item from $50,667,000 to $49,114,000 by reducing.

(a) 10-Instruction from $40,314,000 to $39,382,000,

(b) 20-Instructional Support from $36,311,000 to $35,665,000,

(c) 30-Special Programs from $14,728,000 to $14,503,000,

and by deleting

(j) Reimbursements-Special Schools Study (−$250,000),

and by deleting Provisions 14, 16, 17, and 18

I am deleting the legislative augmentation of $507,000 and the associated 4 7 personnel years for the C-LERN pilot project This project addresses high-risk youth and is currently funded from private and local resources The project, however, has not been evaluated Therefore, State funding for expansion would be premature at this time.

I am deleting the $75,000 legislative augmentation to conduct a survey of the experience, education, compensation and tenure of center-base child care teachers I do not believe that this project is of sufficiently high priority to justify the use of limited state resources

I am deleting Provision 14 to conform to this action

I am deleting the legislative augmentation of $75,000 and the associated 1 4 personnel years to support the College Preparation Model program to conform with my veto of local assistance funding for this program in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

I am deleting Provision 16 to conform to this action.

I am deleting the $140,000 legislative augmentation for support of a proposed California Planning Commission for Educational Technology Long-range planning for coordinated use of educational technology should be possible without the creation of a new commission.

I am deleting Provision 17 to conform to this action

I am deleting the $431,000 legislative augmentation for implementation of anticipated recommendations of the Upper Elementary Grades Task Force Since these recommendations are not expected to be completed until January, 1990, there is no basis for a decision to implement them and no basis for estimating the cost of implementation

I am deleting the $75,000 legislative augmentation for costs of participating in the 1990 National Assessment of Education Progress (NAEP) pilot 8th grade math test. This augmentation would be outside of Proposition 98 I do not believe that this project is of sufficiently high priority to justify the use of limited state resources

I am deleting the $100,000 legislative augmentation to prepare a statewide class size reduction plan This augmentation is unnecessary because I have proposed a statewide class size reduction program based on previous legislative proposals and have sponsored legislation to implement the program in 1989–90.

I am deleting Provision 18 to conform to this action

I am deleting the $150,000 legislative augmentation for the state operations of the pregnant/parenting teenagers project I do not believe the state operations portion of this project is of sufficiently high priority to justify the use of limited state resources

I am deleting reimbursement expenditure authority in this item to conform to actions taken in Item 6110-006-001 relating to the study of the cost-effectiveness of the State Special Schools

Item 6110-006-001—For support of Department of Education as allocated by the Department of Education to the State Special Schools I reduce this item from $41,770,000 to $41,520,000 by reducing

(a) 10 60 040-Instruction from $45,733,000 to $45,483,000,

and by deleting Provision 3

I am reducing this item by $250,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

I am deleting Provision 3 to conform to this action.

Item 6110-101-001—For local assistance, Department of Education, School Apportionments. I reduce this item from $9,005,705,000 to $9,005,615,000 by reducing

(a) Program 10 10 001.001—School Apportionments, District Revenue Limit, for the purposes of Section 42238 of the Education Code from $8,853,471,000 to $8,853,381,000,

and by deleting Provisions 19 and 20

I am reducing this item by $90,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989.

I am deleting Provision 20 to conform to this action

I am deleting Provision 19 because this provision would set a precedent for districts to attempt to recoup foregone interest from overstating local revenues I believe any changes to the apportionment process should address equitable treatment of all districts and the State.

Item 6110-106-001—For local assistance, Department of Education, County Offices of Education School Apportionment I reduce this item from $119,708,000 to $119,573,000, and delete Provisions 14 and 16

I am reducing this item by $135,000 ($35,000 for the Shasta County Literary Festival and $100,000 for a school-base funding allocation model task force) in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

I am deleting Provisions 14 and 16 to conform to this action

Item 6110-116-001—For local assistance, Department of Education, School Improvement Program I reduce this item from $251,081,000 to $248,081,000 by reducing

(a) 20 60.030 010-For the purpose of making allowances for Kindergarten and grades 1 to 6, inclusive from $214,012,000 to $211,012,000

I am reducing this item by $3,000,000 in order to finance the agreement reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

Item 6110-119-001—For local assistance, Department of Education, Supplementary Program Services I reduce this item from $5,135,000 to $4,237,000 by reducing

(a) 20 40.060-Instructional Support—Foster Youth Services from $1,719,000 to $821,000,

and by deleting Provision 3

I am reducing this item by $898,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

I am deleting Provision 3 to conform to this action

Item 6110-120-001—For local assistance, Department of Education, Pupil Dropout Prevention. I reduce this item from $12,250,000 to $8,350,000, revise the language in this item, and delete Provisions 2 and 4.

I am reducing this item by $3,900,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

I am deleting Provisions 2 and 4 to conform to this action

I am revising language in this item to conform to this action

"6110-120-001—For local assistance, Department of Education, Program 20.40 100—Pupil Dropout Prevention Program, High Risk Youth Liaison and Field Services for purposes of Article 6 (commencing with Section 52890) and ~~Article 7 (commencing with Section 52900) of, Chapter 12 of Part 28 of,~~ Article 7 (commencing with Section 54720) of Chapter 9 of Part 29 of ; ~~and Chapter 3.5 (commencing with Section 58550) of Part 31 of~~ the Education Code "

Item 6110-126-001—For local assistance, Department of Education, Miller-Unruh Reading Program I reduce this item from $20,441,000 to $19,869,000 and delete Provision 3

I am reducing this item by $572,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

I am deleting Provision 3 to conform to this action

Item 6110-131-001—For local assistance, Department of Education, Native American Indian Education I reduce this item from $385,000 to $365,000

I am reducing this item by $20,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989.

Item 6110-151-001—For local assistance, Department of Education, American Indian Education Centers. I reduce this item from $1,872,000 to $861,000

I am reducing this item by $1,011,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989.

Item 6110-156-001—For local assistance, Department of Education, Adult Education I reduce this item from $259,887,000 to $259,650,000 and delete Provision 7

I am reducing this item by $237,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

I am deleting Provision 7 to conform to this action

Item 6110-161-001—For local assistance, Department of Education, Special Education Programs for Exceptional Children. I reduce this item from $1,204,724,000 to $1,203,824,000.

I am reducing $900,000 from this item to reflect a reduction in General Fund need. This reduction is based on vetoing augmentations from federal fund carryover in Item 6110-161-890 The carryover, by statute, will be used for local entitlements which are a General Fund offset

Item 6110-161-890—For local assistance, Department of Education, Special Education Programs for Exceptional Children I reduce this item from $171,551,000 to $170,651,000 by reducing

(b) 10 60 050 020-PL 94-142, direct and indirect instructional services approved in the State Plan from $12,167,000 to $11,267,000,

and by revising Provision 8 and deleting Provisions 9 and 10

I am deleting the $900,000 legislative augmentations for expansion of special education federal discretionary programs (Cross Cultural, Second Language Institutes, Timpany Center). The augmentations were made from federal carryover funds which, by statute, are to be used for local entitlements

I am revising Provision 8 and deleting Provisions 9 and 10 to conform to this action

"8. Of the funds appropriated in Schedule (b) of this item, ~~$600,000 $200,000~~ shall be used for research and training in cross-cultural assessments."

Additionally, I am revising Provision 6 to delete the unduly restrictive legislative intent language The staff development funds for local level programs are provided so that specific training needs at the local level may be met Specific training programs should not be designated

"6 Of the funds appropriated in Schedule (b) of this item, up to $3,618,000 may be used for a personnel development program This program will include state sponsored staff development, ~~including parent training,~~ local inservice components, bilingual, student study team, and core curriculum components Of this amount, a minimum of $2,500,000 shall be allocated directly to special education local plan areas. The local inservice programs shall include a parent training component ~~It is the intent of the Legislature that a component be provided to train members of the Individualized Education Program Team, including, but not limited to, resource specialists, school psychologists, and school nurses, in assisting regular classroom teachers in the recognition of signs of learning disabilities in pupils, and in providing teaching strategies for for those pupils~~

~~Such training, however, is not meant to be an alternative to nor a supplanting of the legal entitlement to due process access to special education assessments or services~~ All programs are to include evaluation components."

Item 6110-171-178—For local assistance, Department of Education, Driver Training. I reduce this item from ($21,646,000) to ($21,236,000)

I am deleting the $410,000 legislative augmentation to expand the Driver Training Program The augmentation was made from the Driver Training Penalty Assessment Fund Funds remaining in the Driver Training Penalty Assessment Fund at the end of the fiscal year are transferred to the General Fund Therefore, this augmentation would reduce General Fund revenues. My action will allow the limited state resources to be used to protect vital programs

Item 6110-181-001—For local assistance, Department of Education, Educational Technology I delete this item

I am deleting this $13,570,000 legislative augmentation in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

Item 6110-191-001—For local assistance, Department of Education, Staff Development I reduce this item from $75,378,000 to $74,253,000 by reducing:

(d) 20 60 120-California International Studies from $1,055,000 to $880,000, and

(g) 20 60 050 002-Beginning Teacher Support and Assessment Study from $2,668,000 to $1,718,000,

and by revising Provision 6

I am reducing this item by $1,125,000 ($175,000 for the California International Studies Project and $950,000 for the Beginning Teacher Support and Assessment Study) in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989.

I am revising Provision 6 relating to the California International Studies Project to conform to this action

"6 Notwithstanding any other provision of law, the amount appropriated in category (d) of this item shall be the maximum amount allocated for the purposes of Chapter 3.7—California International Studies Project (commencing with Section 44780) of Part 25 of the Education Code ~~Of the amount appropriated in category (d), $175,000 shall be reserved for foreign language staff development. These funds shall be allocated to the California International Studies Project only if federal funds are not available for this purpose.~~"

Item 6110-194-001—For local assistance, Department of Education, College Admissions Test Preparation Pilot Projects I delete this item

I am deleting this $900,000 legislative augmentation in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

Item 6110-196-001—For local assistance, Department of Education, Local Education Agency Child Development I reduce this item from $331,490,000 to $330,340,000 by reducing

(b) 3 10 020-Child Care Services from $294,227,000 to $293,077,000,

(8) 30 10 020 008-Resource and referral from $8,497,000 to $7,597,000,

(10) 30 10 020 010-Protective services from $1,319,000 to $1,069,000.

I am reducing this item by $1,150,000 in order to finance the agreement reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

Item 6110-224-001—For local assistance, Department of Education I reduce this item from $36,950,000 to $36,000,000 by deleting

(ax) 10 10 951—Lodi Unified School District one-time secondary year-round school incentive payments $950,000

I am reducing this item by $950,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989.

Item 6120-211-001—For local assistance, Department of Education, California State Library I reduce this item from $15,148,000 to $14,048,000

I am deleting the $1,100,000 legislative augmentation for the California Literacy Campaign The State's current policy is to provide financial assistance to local literacy programs for a five-year establishment period. These programs are expected to be self-supporting after the fifth year of operation Therefore, I believe it would be inappropriate to indefinitely extend State funding to those local programs in their sixth and subsequent years of operation. This action is necessary to protect vital programs and to provide for a prudent reserve for economic uncertainties

Item 6120-221-001—For local assistance, Department of Education, California State Library I reduce this item from $21,556,000 to $20,600,000

I am deleting the $956,000 legislative augmentation for the Public Library Foundation Program While I am supportive of efforts in this area, I do not believe this program is of sufficiently high priority to justify the use of limited State resources. This action is necessary to protect vital programs and to maintain a prudent reserve for economic uncertainties

Item 6440-001-001—For support of University of California I reduce this item from $1,966,297,000 to $1,964,499,000 by deleting

(i) Animal Research Alternatives ($428,000),

(j) Alzheimer and Geriatrics Program ($1,000,000),

(k) Human Corps Program ($70,000),

(m) Aquaculture and Fisheries research ($300,000),

I am deleting the $428,000 legislative augmentation for Animal Research Alternatives The University of California has $179,000,000 available from the General Fund for research purposes to support high priority programs

I am deleting the $1,000,000 legislative augmentation for the Alzheimer and Geriatrics Program I do not believe this program is of sufficiently high priority to justify the use of limited State resources. Even with this reduction, during my administration, I have increased the statewide Alzheimer's disease budget from $121,000 to $9,743,000, an increase of $9,622,000

I am deleting the $70,000 legislative augmentation for the Human Corps Program When I signed the enabling legislation in 1987 for this program, the University of California's administrative structure and ongoing student volunteer community services activities were sufficient to implement and continue this program I believe that the program should be continued without an augmentation in light of the limited State resources and competing priorities

I am deleting the $300,000 legislative augmentation for Aquaculture and Fisheries Research The University of California has partially implemented and operated the program within its existing resources I believe that the program should be continued without an augmentation in light of the limited State resources and competing priorities

Item 6440-001-234—For support of the University of California I reduce this item from $42,038,000 to $40,923,000

I am reducing this item by $1,115,000 in order to maintain a five percent reserve in the Research Account, Cigarette and Tobacco Products Surtax Fund

Item 6440-011-001—For support of University of California I reduce this item from $52,807,000 to $52,563,000 and revise Provision 5

I am revising Provision 5 to conform to this action

"5 Of the funds appropriated in this item, ~~$12,105,000~~ *$11,861,000* shall be available to the University of California for faculty, nonfaculty and annuitants benefits The funds are sufficient to maintain faculty and nonfaculty benefits at the same rate of increase as for civil service and related employees "

This reduction conforms to the actions taken in Items 9800-001-001, 9800-001-494, and 9800-001-988 and Control Sections 4 00 and 4 20

Item 6600-011-001—For support of Hastings College of the Law I reduce this item from $416,000 to $415,000 and revise Provision 5

I am revising Provision 5 to conform to this action

"5 Of the funds appropriated in this item, ~~$106,000~~ *$105,000* shall be available to the Directors of Hastings College of the Law for faculty and nonfaculty benefits The funds are sufficient to maintain faculty and nonfaculty benefits at the same rate of increase as for civil service and related employees "

This reduction conforms to the actions taken in Items 9800-001-001, 9800-001-494, and 9800-001-988 and Control Sections 4 00 and 4 20

Item 6610-001-001—For support of Trustees of the California State University and the California State University I reduce this item from $1,580,130,000 to $1,579,960,000 by reducing

(d) 05-Student Service from $158,015,000 to $157,845,000.

I am deleting the legislative augmentation of $170,000 to fund administrative costs of the California State University's Human Corps Program When I signed the enabling legislation for this program in 1987, California State University's administrative structure and ongoing student volunteer community service activities were sufficient to implement and continue this program I believe this program has operated successfully without additional State resources

As a result of my actions, the total budget for the California State University will be $166,916,000 higher than in the 1988-89 fiscal year, which is a 9.0 percent increase

Item 6610-031-001—For support of Trustees of the California State University and the California State University I reduce this item from $53,119,000 to $52,901,000 by reducing

(d) 97 20-Benefit Maintenance from $14,634,000 to $14,416,000

This reduction conforms to the actions taken in Items 9800-001-001, 9800-001-494 and 9800-001-988, and in Control Sections 4 00 and 4 20

Item 6610-301-660—For capital outlay, State Public Works Board I reduce this item from $81,226,000 to $76,513,000 by deleting·

San Diego State University

(7) 06 80 109—Working drawings and construction, Chemistry/Geology Building addition—Chilled Water System expansion ($4,713,000)

I am reducing this item to defer the construction of this project This legislative augmentation should be considered in the budget development process in the context of competing needs from general obligation bond funds

Subsequent to this reduction the budget will still provide $186,621,000 for the California State University capital outlay program which is $78,708,000 or 73 percent higher than last year's program

Item 6610-301-785—For capital outlay, Trustees of the California State University and the California State University I reduce this item from $66,671,000 to $66,513,000 by deleting

California State Polytechnic University, San Luis Obispo·

(42) 06 96 101-Preliminary planning, Dairy Science Building II ($158,000).

I am reducing this item because preliminary planning for the Dairy Science Building II is not of sufficiently high priority on the California State University's priority list to warrant inclusion in this year's budget.

Subsequent to this reduction the budget will still provide $186,621,000 for the California State University capital outlay program which is $78,708,000 or 73 percent higher than last year's program

Item 6870-001-001—For support of Board of Governors of the California Community Colleges I reduce this item from $14,968,000 to $14,780,000 by reducing.

(b) 20-Special Services and Operations from $14,965,609 to $14,777,609.

I am deleting the legislative augmentation of $188,000 and 0 9 personnel years for support of Economic Development Resources Programs The Budget Act already includes a $120,000 augmentation for this purpose Furthermore, existing resources can be redirected within the Agency if the Chancellor determines that there is an increased need Even with the reduction, the support budget for the Chancellor's Office will receive a $1,764,000 (13 6 percent) budget increase over last year.

Item 6870-101-001—For local assistance, Board of Governors of the California Community Colleges I reduce this item from $1,548,715,000 to $1,464,143,000 by reducing.

(a) 10-Apportionments from $1,393,933,000 to $1,323,933,000,

(f) 20 10 070-Matriculation from $35,870,000 to $21,870,000,

(k) 20 30.030-Vocational Education Special Projects from $5,318,000 to $4,746,000, and by deleting Provision 20

I am deleting the $70,000,000 legislative augmentation which would implement "Phase I" reforms pursuant to Chapter 973, Statutes of 1988, the major reform bill for the California Community Colleges While I support the augmentation and the reforms, an agreement between the Administration and the Legislature provides for the $70,000,000 to be appropriated in legislation which includes funding required under Proposition 98 for K–12 Education and Community Colleges

I am deleting Provision 20 to conform to this action

I am deleting the $14,000,000 legislative augmentation for full implementation of the Matriculation Program in 1989–90 While I support this augmentation, an agreement between the Administration and the Legislature provides for the $14,000,000 to be appropriated in legislation which includes funding required under Proposition 98 for K–12 Education and Community Colleges

I am deleting the $572,000 legislative augmentation for expansion of local Economic Development Resource programs Legislation implementing Proposition 98 includes a $70,000,000 augmentation for Community College reforms and expansion of local programs pursuant to Chapter 973, Statutes of 1988 A significant portion of these funds is available to Community College districts for initiation or expansion of Economic Development Resource programs

Item 6870-311-660—For capital outlay, State Public Works Board I delete this item

I am deleting the $4,186,000 legislative augmentation because the projects were not of sufficiently high priority on the Chancellor's priority list to warrant inclusion in the Governor's Budget given competing needs for available resources

Even with this deletion and the similar deletion of Item 6870-311-785, the budget will still provide $109,853,000 for the California Community Colleges' Capital Outlay program This represents an increase of 56 percent over the level of funding provided in last year's budget

Item 6870-311-785—For capital outlay, Board of Governors of the California Community Colleges I delete this item

I am deleting the $1,135,000 legislative augmentation because the projects were not of sufficiently high priority on the Chancellor's priority list to warrant inclusion in the Governor's Budget given competing needs for available resources

Even with this deletion, and a similar deletion of Item 6870-311-660, the budget will still provide $109,853,000 for the California Community Colleges' Capital Outlay program This represents an increase of 56 percent over the level of funding provided in last year's budget

Item 8100-001-001—For support of Office of Criminal Justice Planning I revise this item by reducing

(c) 50-Local Project Awards from $9,089,000 to $9,039,000, and

(f) Amount payable from Victim/Witness Assistance Fund (Item 8100-001-425) from −$1,885,000 to −$1,835,000

I am revising this item to conform to the reduction taken in Item 8100-001-425.

Item 8100-001-425—For support of Office of Criminal Justice Planning I reduce this item from $1,885,000 to $1,835,000 and delete Provision 1

I am deleting the $50,000 legislative augmentation for development of a curriculum for health care professionals who examine victims of sexual assault. An augmentation for this activity is not necessary because the Office of Criminal Justice Planning currently makes videotaped versions of its original training sessions on this subject available to health care service providers upon request. Further,

I am already supporting a $450,000 increase from the Victim/Witness Assistance Fund to address workload increases in both the Victim/Witness Assistance and Sexual Assault Victims' Services Programs, which brings total State funding for these programs to $11,915,000 I believe that this is the maximum which should be authorized from the Victim/Witness Assistance Fund in order to provide reserves at a prudent level to meet program needs in 1989–90 and in subsequent years

I am deleting Provision 1 to conform to this action

Item 8100-101-241—For local assistance, Office of Criminal Justice Planning I reduce this item from $916,000 to $908,000 and delete Provision 2

I am deleting the $8,000 legislative augmentation for a study of post partum depression as a legal defense because there is insufficient evidence of the existence of a statewide problem which would justify funding for this project

I am deleting Provision 2 to conform to this action

Item 8100-101-425—For local assistance, Office of Criminal Justice Planning I reduce this item from $13,270,000 to $12,770,000 by reducing·

(b) 50 21 020-Rape Crisis Program from $3,496,500 to $2,996,500

I am deleting the $500,000 legislative augmentation for the Rape Crisis Center Program because I am concerned that this expenditure may jeopardize the maintenance of a prudent reserve in the Victim/Witness Assistance Fund and would inequitably increase funding for the Rape Crisis Center Program I am already supporting a $450,000 increase from the Victim/Witness Assistance Fund for workload increases in both the Rape Crises Center Program and Victim/Witness Assistance Program which brings total State funding for these programs to $11,915,000 I believe that this is the maximum which should be authorized from the Victim/Witness Assistance Fund in order to provide fund reserves at a prudent level to meet program needs in 1989–90 and in subsequent years

Item 8260-101-001—For local assistance, California Arts Council I reduce this item from $13,000,000 to $12,000,000 by reducing

(a) 10-Artists in Residence from $2,332,000 to $2,082,000,

(b) 20-Organizational Grants from $7,880,000 to $7,380,000,

(c) 25-Performing Arts Touring/Presenting Program from $737,000 to $667,000, and

(d) 40-Statewide Projects from $2,051,000 to $1,871,000

I am reducing the $5,000,000 legislative augmentation of this item by $1,000,000 Even with this reduction, however, the effect of my action is to support an additional $4,000,000 above the level included in the January 10 Governor's Budget. I believe that this is an appropriate level of support for this worthwhile program in the current fiscal environment.

Item 8350-001-001—For support of Department of Industrial Relations I delete Provisions 3 and 4

I am deleting Provision 3 which would prohibit the expenditure of funds for support of the Industrial Welfare Commission because it is an infringement on the separation of powers in that it usurps Executive branch authority to effectively administer State government

I am deleting Provision 4 which would prohibit the expenditure of funds in this item for the salary of the Labor Commissioner until specified information is printed in the Governor's Budget I believe this is an infringement on the separation of powers in that it usurps Executive branch ability to effectively administer State government

Item 8350-490—Reappropriation, Department of Industrial Relations I delete this item

I am deleting the Legislature's reappropriation of 1988-89 Budget Act funds appropriated for support of Program 30 in Item 8350-001-001 The Budget Act of 1988 does not include an appropriation for Program 30 due to the Legislature's action providing a lump sum appropriation for the Department of Industrial Relations. In addition to the fact that this reappropriation is technically incorrect, I believe the funding appropriated in Item 8350-001-001 is sufficient to provide for support of the workers' compensation program

Item 8550-001-191—For support of California Horse Racing Board. I reduce this item from $7,146,000 to $7,141,000 by reducing:

(b) 300000-Operating Expenses and Equipment from $5,073,000 to $5,068,000, and by deleting Provisions 1, 2, and 3.

I am deleting the $5,000 legislative augmentation for the Auditor General to audit contract bidding procedures for awarding laboratory drug testing contracts It is my understanding that the California Horse Racing Board is following appropriate bidding procedures in the awarding of laboratory drug testing contracts, therefore, an audit is unnecessary

I am deleting Provision 1 to conform to this action.

I am deleting Provision 2 which would require the Equine Medical Director to report directly to the California Horse Racing Board instead of to the Executive Secretary of the Board I believe that this language places an inappropriate control on the operation of the California Horse Racing Board, and constitutes an infringement upon the separation of powers in that it usurps Executive branch authority to effectively administer state government

I am deleting Provision 3 which would prohibit funds in this item from being encumbered until the order of the State Personnel Board on Case No 22821 has been executed The cited case has no relevance to the budgetary process, and could result in unwarranted disruptions to the operations of the California Horse Racing Board Furthermore, I believe this language is an infringement upon the separation of powers in that it usurps Executive branch authority to effectively administer state government

Item 8570-001-001—For support of Department of Food and Agriculture I reduce this item from $75,733,000 to $75,708,000 by reducing

(d) 30-Agricultural Marketing Services from $5,011,000 to $4,986,000

I am deleting the $25,000 legislative augmentation for the farmers market nutrition pilot project The legislation that would establish this program has not yet been enacted I do not believe it is proper to appropriate limited General Fund resources in anticipation that such a program will be created.

Item 8570-101-001—For local assistance, Department of Food and Agriculture I revise this item by reducing

(d) 60-Financial and Administrative Assistance to local fairs from $4,692,750 to $4,690,000,

and by deleting

(ex) Payable from the Special Account for Capital Outlay (−$2,750)

I am deleting the $2,750 legislative augmentation, payable from Item 8570-101-036, for improvements at the 24th District Agricultural Association (Kings District Fair). Projects of this nature should be submitted to the Department of Food and Agriculture to be evaluated and prioritized along with all other fair and exposition needs, and are more appropriately funded by the Fair and Exposition Fund

Item 8570-101-036—For local assistance, Department of Food and Agriculture. I delete this item

I delete this item to conform to the action I have taken in Item 8570-101-001.

Item 8660-001-412—For support of Public Utilities Commission I revise this item by reducing

(a) 100000-Personal Services from $51,745,044 to $51,701,044,

(b) 300000-Operating Expenses and Equipment from $18,945,956 to $18,934,956,

(g) Amount payable from the Public Utilities Commission Utilities Reimbursement Account, General Fund (Item 8660-001-462) from −$40,930,000 to −$40,875,000,

and by deleting Provisions 3 and 4

I am deleting the $55,000 legislative augmentation to fund a temporary field office in San Diego for the first six months of fiscal 1990–91 The need for additional funding during fiscal 1990-91 should be identified as part of the budget development process

I am deleting Provision 3 to conform to this action

I am deleting Provision 4 which would require the Public Utilities Commission to collect up to $500,000 in reimbursements for contract expenses "to promote public education, understanding, and participation" pertaining to the proposed merger of San Diego Gas and Electric with Southern California Edison This provision unduly interferes with Executive Branch Authority and is unnecessary, as the Division of Ratepayer Advocates currently protects the public interest at Public Utilities Commission proceedings It would also be inappropriate for a government entity to collect funds for the type of informational activities specified in this provision

Item 8660-001-462—For support of Public Utilities Commission I reduce this item from $40,930,000 to $40,875,000

I am reducing this item to conform to the action I have taken in Item 8660-001-412

Item 8700-001-214—For support of State Board of Control I delete Provision 1

I am deleting Provision 1 which would prohibit the Victim's Program from considering the Medically Indigent Adult Program as a reimbursement source for the purpose of determining pecuniary loss This language is not consistent with existing law and state policy which does not provide for the use of Restitution Funds for reimbursement to public hospitals for their costs in treating victims of crime who are also medically indigent Providing reimbursement to those public hospitals, which already receive state funding for health care services to the medically indigent, would be contrary to the state's current policy of using the Restitution Fund as the "payor of last resort" In addition, the costs associated with this language could be significant and jeopardize the fund's solvency, thereby negatively affecting my commitment to compensate victims of crime Lastly, I believe that this language represents a substantive change of law which can only be included within a different single subject bill, rather than the Budget Act

Item 8780-001-001—For support of Commission on California State Government Organization and Economy I reduce this item from $678,000 to $528,000 by reducing

(a) 10-Commission on California State Government Organization and Economy from $680,000 to $530,000

I am deleting the $150,000 legislative augmentation for a study on the effects of growth control on housing and urban development As I indicated in my message accompanying my deletion of a similar amount last year, Chapter 1423, Statutes of 1988, the Commission has the staff and the authority to perform such a study, therefore, no augmentation is provided I would also note that the State Senate Urban Growth Policy Project has already been established by Senate Resolution to perform a study of housing and growth management

Item 9100-101-001—For local assistance, Tax Relief I revise Provision 6

I am revising the language in Provision 6 to remove the portion that directs the Renters' Tax Credit to be provided to renters claiming head-of-household filing status and whose primary income is public assistance Inasmuch as existing law restricts the Renters' Tax Credit for persons receiving public assistance, the language represents a substantive change of law which can only be included within a different single subject bill, rather than the Budget Act

"6 Schedule (f) is for transfer by the State Controller, as needed, to the Tax Relief and Refund Account, General Fund for the purpose of providing credits and refunds to renters as required by Section 17053 5 of the Revenue and Taxation Code, Franchise Tax Board ~~It is the intent of the Legislature that the credits and refunds shall be provided to all qualified renters, inclusive of those renters claiming the head/of/household filing status whose primary source of income is public assistance~~"

Item 9800-001-001—For augmentation for Employee Compensation. I reduce this item from $152,575,000 to $151,916,000 by reducing:

(a) 10 01-Civil Service Employees—Represented from $116,573,550 to $116,067,000

(b) 10 02-Civil Service Employees—Nonrepresented from $26,241,650 to $26,132,000

(c) 10 03-Exempt/Excluded and Other Employees from $2,902,900 to $2,888,000

(d) 10 05-Judiciary from $3,369,450 to $3,356,000 and

(e) 10 06-Legislative Employees from $3,487,450 to $3,473,000

I am deleting the $659,000 legislative augmentation to provide subsidized health benefit contribution funding for active civil service employees enrolled in the PERSCARE health program.

The national trend of increasing health care costs is an issue of significant concern to public as well as private sector employers, employees and health care providers in this State Solutions to this complex issue will require a concerted effort by all parties involved. However, the Legislature's action to subsidize PERSCARE health rates is inequitable and would alter natural market decisions about the choice of health care providers Under the Legislature's proposal both the State and non-PERSCARE members would be required to pay higher health benefit contributions to artificially suppress PERSCARE rates Moreover, the Legislature's proposal would act as a disincentive to cost containment activities within the PERSCARE program This action is consistent with Government Code provisions for establishing employer contributions

To conform to this action,

I am also amending Budget Act Items 9800-001-494 and 9800-001-988 and Control Sections 4 00 and 4 20

Although I am making a reduction in this and other budget act items involving health benefit funding for active civil service employees, the budget will provide over $65,000,000 (all funds) for the funding of employer health benefit contributions Furthermore, the budget will provide over $262,000,000 to fund active civil service employee health, dental, vision, salary and special equity benefit adjustment funding increases

Item 9800-001-494—For augmentation for Employee Compensation I reduce this item from $63,183,000 to $62,857,000 by reducing

(a) 10.01-Civil Service Employees—Represented from $50,449,400 to $50,223,000

(b) 10 02-Civil Service Employees—Nonrepresented from $11,415,760 to $11,377,000

(c) 10 03-Exempt/Excluded and Other Employees from $1,317,840 to $1,257,000

I am reducing this item to conform to the reductions taken in Items 9800-001-001 and 9800-001-988 and the revisions to Control Sections 4 00 and 4 20

Item 9800-001-988—For augmentation for Employee Compensation I reduce this item from $47,469,000 to $47,231,000 by reducing:

(a) 10 01-Civil Service Employees—Represented from $37,904,000 to $37,737,000

(b) 10.02-Civil Service Employees—Nonrepresented from $8,562,500 to $8,502,000

(c) 10.03-Exempt/Excluded and Other Employees from $1,002,500 to $992,000

I am reducing this item to conform to the reductions taken in Items 9800-001-001 and 9800-001-494 and the revisions to Control Sections 4.00 and 4 20.

SEC. 4 00—Health Benefits Contribution.

I am revising this Section to conform to the reductions taken in Items 9800-001-001, 9800-001-494 and 9800-000-988 and revision to Control Section 4 20

"Notwithstanding any other provisions of law, the employer's contributions for the 1989–90 fiscal year, which are chargeable to an appropriation made in this act, with respect to each state officer and employee or an annuitant who was in such employment or office, including an academic position with a California State University or College, or is a survivor of such person, or is an annuitant-, shall be ~~$129~~ *$136* for basic and related major medical plans with respect to employees or annuitants enrolled for self alone, or ~~$241~~ *$255* for an employee or annuitant so enrolled for self and one family member, or ~~$309~~ *$322* for an employee or annuitant so enrolled for self and two or more family members, or, if less, the amount necessary to pay the cost of such person's enrollment, including the enrollment of such person's family members, in a health benefits plan or plans."

SEC 4 20—Contribution to Public Employees' Contingency Reserve Fund

I am revising this Section to conform to the reductions taken in Items 9800-001-001, 9800-001-494 and 9800-001-988 and revisions to Control Section 4 00

"(a) Notwithstanding any other provisions of law, the employer's contributions to the Public Employees' Contingency Reserve Fund, as required by Section 22826 of the Government Code, shall be ~~3 0~~ *0 5* percent of the gross health insurance premiums paid by the employer and employee for administrative expenses ~~and the reserve portion of the Public Employees' Contingency Reserve Fund~~."

SEC 5 10—Restitution Fund I delete this Control Section

I am deleting Control Section 5 10 as this language is unnecessarily restrictive It would limit the Administration's flexibility to provide additional options to fund programs, other than the claims payment program, which could also benefit victims of crime This veto does not reduce my long standing commitment to ensure that the first priority for the use of the Restitution Fund is for the payment of victims' claims

SEC 9 00—Supplemental Report on Conference Committee I delete this Control Section

I am deleting Section 9 00 which requires the Legislative Analyst to transmit copies of the Supplemental Report of the Committee on Conference on the Budget Bill to all agencies This report reflects both the intent and the actions of the Legislature in enacting the Budget Act of 1989 I believe that inclusion of this section in the Budget Act unduly restricts the Executive Branch and implies Gubernatorial concurrence on all statements of legislative intent or requests for studies or other actions

SEC 12 31—For local assistance, Department of Education, Proposition 98 Reserve I reduce this Control Section from $250,000,000 to $230,000,000.

I am reducing this Control Section by $20,000,000 in order to finance the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

SEC. 22 50—Cigarette and Tobacco Products Surtax Fund. I delete this Control Section

There are numerous legislative proposals that would appropriate the various accounts of the Cigarette and Tobacco Products Surtax Fund I believe it is more appropriate to provide for the appropriation of Proposition 99 funds through legislation where the merits of each proposal can be thoroughly explored rather than in a budget control section In addition, the control section is overly prescriptive in prohibiting the use of Proposition 99 funds if funding for the Medically Indigent Services Program is reduced below fiscal year 1988–89 levels A requirement such as this does not take into account any other mitigating factors that should be considered in allocating State funds, nor does it recognize economies that may be derived because of the availability of other funding sources such as State Legalization Impact Assistance Grant funds provided by the federal government

Finally, the funding levels reflected in the control section are not based upon revised revenue projections Given the uncertainty of this new revenue source, any subsequent legislation should be based upon the updated revenues and allow for a five percent reserve in each account

SEC. 24 50—For local assistance, Department of Education, child care-Proposition 98 language. I delete this Control Section

I am deleting this Control Section in order to conform to the agreements reached with the Legislature relating to Chapters 82, 83 and 92, Statutes of 1989

The actions I have taken on Senate Bill 165 will also permit me to set aside sufficient funds to support legislation to address the following priorities and obligations:

General Fund

- Commerce—restoration to fully fund the Tourism Program ($1,900,000).
- Forestry—restoration of the funds proposed for emergency fire suppression ($40,000,000)
- Health Services—to provide the funds for one additional Medi-Cal Checkwrite ($31,700,000)
- Health Services—implementation of an equitable county funding proposal for the Medically Indigent Services Program ($26,597,000)
- Health Services Toxics Division—provision of needed funding as part of an overall plan relating to the Toxic Program ($10,000,000)
- Corrections—restoration of funding to the level required to meet the estimated increases in inmate population ($28,700,000)
- Criminal Justice Planning—to return responsibility for the Campaign Against Marijuana Planting program from the Department of Justice to the Office of Criminal Justice Planning ($2,750,000)
- Industrial Relations—restoration of the funding necessary to operate the Industrial Welfare Commission ($431,000)

Other Funds

- Commerce—additional funding for the Competitive Technology Program ($3,000,000)
- Commerce—restoration of funding for the Rural Infrastructure Program ($2,000,000)
- Transportation—restoration of funding to meet priority needs for the Transit Capital Improvement Program ($10,000,000)

With the above deletions, revisions and reductions, I hereby approve Senate Bill No 165

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 1989."

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978 (AB 3322), and as amended by Chapter 1286, Statutes of 1984 (AB 3372), it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state's fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provisions of this act, the Department of Finance may revise the schedule of any appropriation made in this act where such revision is of a technical nature and is consistent with legislative intent. Such revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unal-

located amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. Such revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to (d) above, approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing such transfer shall also be eliminated.

SEC. 2.00 (a). The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1989–90 fiscal year beginning July 1, 1989, and ending June 30, 1990. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) Appropriations and reappropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 1989–90, 1990–91 and 1991–92 fiscal years, except that appropriations and reappropriations for studies, planning, working drawings, or minor capital outlay, except as provided herein, shall be available for expenditure only during the 1989–90 fiscal year. In addition, the balance of every appropriation made in this act which contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department of Finance on or before June 30, 1990, except as provided herein, shall revert as of that date to the fund from which the appropriation was made.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes, to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

(d) Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

Item Amount

Provisions:

1. Of the amount appropriated in this item, $200,000 shall be used to implement toll-free 800 numbers for the purpose of facilitating the receipt of consumer complaints to the board's district offices regarding, among other things, gross negligence by physicians in this state.
2. Of the amount appropriated in this item, $2,353,000 shall be used to provide urgent attention to the growing backlog of unassigned and pending consumer complaints which, among other things, demonstrate actual or a high potential for patient harm. Specifically, the funds shall be used to add 10 investigators, 2 supervising investigators, and 6 professional/clerical support positions to handle permanent increases in investigative caseloads. In addition, the funds shall be used to add 8 investigative and 2 professional support positions on a two-year limited term basis to reduce backlogged cases.
3. Notwithstanding paragraph (3) of subdivision (e) of Section 2435 of the Business and Professions Code, the Board of Medical Quality Assurance may maintain less than a four-month reserve in order to accommodate the appropriations made by this act until the board adjusts its biennial renewal fee to allow the accrual of such a reserve.
4. Of the funds appropriated under this item, $100,000 shall be used to develop an educational and technical assistance program to assist physicians and surgeons in gaining knowledge in (1) Medi-Cal reimbursement, billing, and other related procedures and (2) Medi-Cal fiscal intermediaries procedures to assist physicians in receiving Medi-Cal reimbursements. This educational program shall focus on assisting physicians and surgeons who operate a small practice, such as a sole practitioner, or with a practice located in a rural and medically deficient area. The board shall report to the fiscal committees by December 15, 1989, on this program.

Schedule:

(a) 63.20-Acupuncture Examining Committee 279,000

Provisions:

1. It is the intent of the Legislature that funding provided in this item is for operation of the Acupuncture Examining Committee (AEC) through December 31, 1989, during which time the committee shall enter into a contract with an independent consultant for a new acupuncture licensure examination, which shall be administered by June 30, 1990. Funds appropriated in this item shall only be expended in accordance with all of the following:
   (a) None of the funds in this item shall be expended to administer a licensure examination during the 1989–90 fiscal year, unless it is the examination contracted for pursuant to this provision.
   (b) Up to $100,000 appropriated in this item shall be used to contract with a consultant for a new acupuncture licensure examination not later than December 31, 1989.
   (c) The Central Testing Unit (CTU) within the Department of Consumer Affairs shall draft and administer the contract for a new examination in consultation with the AEC.
   (d) The CTU shall select the consultant responsible for developing the new acupuncture licensure examination, and shall oversee the administration of the examination, including the selection of examination proctors and the provisions for overall examination security.
   (e) The consultant shall, at a minimum, be responsible for the selection and translation of examination questions and the grading, weighting, and scoring of the examination.
   (f) For purposes of this provision, "new acupuncture licensure examination" may include an examination developed by a recognized national acupuncture certification association.

Item		Amount
(g) The AEC and CTU shall submit a report on the status of contracting for the new examination to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the legislative fiscal committees by October 1, 1989.

Provisions:

1. From any balance in the Service Revolving Fund, the Director of General Services, with the approval of the Director of Finance, may expend funds in excess of the amount appropriated in this item for the purchase of office copier machines. Any such amounts authorized by the Director of Finance for the purchase of office copier machines are hereby appropriated from the Service Revolving Fund as a loan to be repaid upon such terms and conditions as prescribed by the Director of Finance.
2. Any surplus resulting from legislative printing shall be shown as reimbursements to Item 0130-021-001 of this act.
3. Notwithstanding the provisions of Item 9840-001-988 and Section 27 of this act, the Director of Finance may augment this item in cases where the Legislature has approved funds for a client department for services or the purchase of equipment by the Department of General Services and the corresponding expenditure authority has not been provided in this item.
4. (a) Notwithstanding Section 16422 of the Government Code, the balance of any rental receipts paid into the Building Rental Account of the Service Revolving Fund as of June 30, 1989, after accounting for all receipts and the fiscal year 1988–89 costs of maintaining, operating, and insuring buildings included within the account shall be transferred by the State Controller to the General Fund and reported to the Joint Legislative Budget Committee no later than September 30, 1989.
   (b) On or before September 30, 1989, the State Controller shall transfer to the General Fund any amount of accumulated surplus in the Service Revolving Fund computed as of June 30, 1989, and any net amount of the Building Rental Account in excess of $81,886,000.

Provisions:

1. For Program 20—Highway Transportation. Notwithstanding other provisions of law, up to 10 percent of the amounts scheduled within Item 2660-301-042 may be transferred to Item 2660-001-042 or Item 2660-101-042 of this act only under emergency situations, for implementation of cost savings programs, or to maximize the use of federal funds. These transfers shall require the prior approval of the California Transportation Commission and the Department of Finance.
2. For Program 20—Highway Transportation. Funds appropriated by this item shall be available for allocation by the California Transportation Commission to those projects which have been included in a State Transportation Improvement Program adopted by the commission.
3. For Program 20—Highway Transportation. For each capital outlay appropriation, the department shall determine for reversion the difference between the appropriation and the total amount needed for encumbered projects, encumbered right-of-way, and projects still to be scheduled for encumbrance against the appropriations. On or before October 1, 1989, the department shall submit to the Controller the estimated amounts to be reverted as of June 30, 1989, from the 1987–88 and 1988–89 fiscal year appropriations.
4. For Program 20—Highway Transportation. The department shall, no later than January 1, 1990, determine the amount necessary to fund the highway projects to be delivered in 1989–90 as approved by the California Transportation Commission, and report to the chairpersons of the Joint Legislative Budget Committee and the fiscal committees of the Legislature. The department shall, by June 30, 1990, revert any amount identified as not needed for these projects.

Item Amount

5. For Program 20—Highway Transportation. The department shall maintain an unencumbered balance in this appropriation sufficient to provide state matching funds for any federal funds which are not encumbered under Item 2660-301-890.
6. For Program 20—Highway Transportation. Pursuant to Chapters 1363 and 1364 of the Statutes of 1988, no state or federal funds shall be expended for any purpose related to State Highway Routes 231 and 241, until the conditions set forth in those chapters or in any subsequent modifying legislation are met.

2660-301-890—For capital outlay, Department of Transportation, payable from the Federal Trust Fund .. 1,240,072,000

Schedule:

(a) 20-Highway Transportation..... 1,234,316,000
(b) 30-Mass Transportation..... 5,756,000

Provisions:

1. For Program 20—Highway Transportation. Notwithstanding other provisions of law, up to 10 percent of the amounts scheduled within Item 2660-301-890, may be transferred to Item 2660-001-890 or Item 2660-101-890 only under emergency situations, for implementation of cost savings programs, or to maximize the use of federal funds. These transfers shall require the prior approval of the California Transportation Commission and the Department of Finance.
2. For Program 20—Highway Transportation. Funds appropriated by this item shall be available for allocation by the California Transportation Commission to those projects which have been included in a State Transportation Improvement Program adopted by the commission.
3. For Program 20—Highway Transportation. For purposes of the Streets and Highways Code, all expenditures from this item shall be deemed to be expenditures from the State Highway Account, State Transportation Fund.
4. For Program 20—Highway Transportation. Federal funds may be received from any federal source, and shall be deposited in the Federal Trust Fund. Any federal reimbursements shall be credited to the account from which the expenditures were originally made.

Item Amount

5. For Program 20—Highway Transportation. For each capital outlay appropriation, the department shall determine for reversion the difference between the appropriation and the total amount needed for encumbered projects, encumbered right-of-way and projects still to be scheduled for encumbrance against the appropriations. On or before October 1, 1989, the department shall submit to the State Controller the estimated amounts to be reverted as of June 30, 1989, from the 1987–88 and 1988–89 fiscal year appropriations.
6. For Program 20—Highway Transportation. The department shall, no later than January 1, 1990, determine the amount necessary to fund the highway projects to be delivered in 1989–90 as approved by the California Transportation Commission, and report to the chairpersons of the Joint Legislative Budget Committee and the fiscal committees of the Legislature. The department shall revert by June 30, 1990, any amount identified to be not needed for these projects.
7. For Program 20—Highway Transportation. The amount of funds appropriated by this item which is in excess of the amount which can be encumbered based on federal obligation authority made available prior to October 1, 1990, shall not be encumbered prior to that date unless a state measure is enacted which increases the amount of state revenue available for state highway transportation purposes. The Department of Finance shall notify the chairpersons of the Joint Legislative Budget Committee and the fiscal committees of the Legislature that the Department of Transportation intends to encumber the additional amounts at least 30 days prior to that action. This shall not preclude the California Transportation Commission from allocating those funds to the Department of Transportation, subject to a condition placed on the encumbrance of the funds, in order to allow the department to proceed with project advertising if, in the judgment of the commission, that allocation is prudent. A state measure which increases the amount of state revenue available for state highway transportation purposes shall

Item Amount

not include a measure, which would take effect only upon approval by the voters of an amendment of Article XIII B of the California Constitution, until voter approval of that measure is obtained.

8. For Program 20—Highway Transportation. Pursuant to provisions of Chapters 1363 and 1364 of the Statutes of 1988, no state or federal funds shall be expended for any purpose related to State Highway Routes 231 and 241, until there is compliance with the conditions set forth in those chapters or in any subsequent modifying legislation.

2660-302-046—For capital outlay, Department of Transportation, payable from the Transportation Planning and Development Account, State Transportation Fund 21,254,500

Schedule:

(a) 30-Mass Transportation 44,370,000

(b) Reimbursements ..... −23,115,500

Provisions:

1. Of the funds appropriated in this item, $19,366,000 shall be allocated for projects in the San Diego-Los Angeles-Santa Barbara rail corridor in a manner so that not less than 50 percent is allocated to projects located between Los Angeles and Santa Barbara.

   By March 31, 1990, local agencies in the San Diego-Los Angeles-Santa Barbara rail corridor shall submit to the California Transportation Commission a letter committing matching funds for projects ready for allocation in the 1989–90 fiscal year. Notwithstanding the above 50-percent minimum allocation requirement, if a commitment is not made by March 31, 1990, funds may be allocated to the highest priority projects in the corridor for which matching funds are available.

2. The department shall make every reasonable effort to secure an agreement to increase rail service in the Los Angeles-Santa Barbara rail corridor in order to provide by January 1, 1990, at least one additional train with daily rail service from Simi Valley and the San Fernando Valley to Los Angeles. To the extent feasible, this additional service shall be provided at a time which coincides with normal commute hours.

Item Amount

3. Of the amount appropriated in this item, $1,925,000 shall be allocated for projects on the San Joaquin Rail Service.
4. It is the intent of the Legislature that the funds appropriated in this item and the allocations made pursuant to Provisions 1 and 3 of this item may be used for the acquisition of rail cars and locomotives in addition to capital improvement projects.

2660-311-042—For capital outlay, Department of Transportation, payable from the State Highway Account, State Transportation Fund 631,000

Schedule:

(1) 20.20.010.199—Minor Projects..... 631,000

Provisions:

1. For Program 20—Highway Transportation. Savings on projects within this item may be used by the California Transportation Commission to augment other projects within this item.
2. For Program 20—Highway Transportation. Up to 20 percent of this item may be transferred from Item 2660-301-042 of this act to enable the California Transportation Commission to allocate supplemental funds to projects in this item. The transfer may only be made with the approval of the commission. Also, the Department of Finance shall be notified of the transfer prior to the commission approving any transfer and allocating such funds to any project.

2660-399-042—For the Department of Transportation, for final cost accounting of projects funded by both state and federal funds for which appropriations have expired, for state operations, local assistance, or capital outlay, payable from the State Highway Account, State Transportation Fund 5,000,000

Provisions:

1. The funds appropriated in category (18) of this item shall be available to the Association of Bay Area Governments only for locally approved projects that contribute to the completion of the San Francisco Bay Area Trail plan, as developed pursuant to Section 5850 of the Public Resources Code. No funds shall be allocated by the association for a specific approved project unless and until local matching funds have been committed for that project.
2. No funds appropriated in category (20) for a local assistance grant to the City of Bellflower shall be encumbered unless and until the Director of Parks and Recreation determines that the city has acquired the 1.77-acre parcel that is to be developed as a city park with the funds in this category.
3. Of the amount appropriated in category (25) of this item, $500,000 is for a grant to the County of Sacramento to initiate and coordinate an interagency cooperative program for the planning, restoration, development, and expansion of a wildlife refuge in south Sacramento County, an area of wetlands that is nationally recognized for its environmental significance.

   The interagency cooperative program shall have all of the following goals:

   (a) Accelerated planning for the management and restoration of property already in public ownership.
   (b) Identification of environmentally sensitive

increased storage capacity of a one-million-gallon reservoir.

2. Funds appropriated in category (10) of this item shall be available for expenditure until June 30, 1992.

3790-401—For the 1989–90 fiscal year, the balance as of July 1, 1989, deposits in, and accruals to the Conservation and Enforcement Services Account in the Off-Highway Vehicle Fund shall be transferred by the State Controller to the Off-Highway Vehicle Fund. All funds transferred pursuant to this item shall be available for expenditure by the Department of Parks and Recreation for purposes of conservation and enforcement activities pursuant to Sections 23 and 25 of Chapter 1027, Statutes of 1987 which are authorized for expenditure within Items 3790-001-263, 3790-101-263, and 3790-301-263. The State Controller shall make the transfers quarterly or at such intervals as determined necessary to meet the cash-flow needs of the Off-Highway Vehicle Fund.

It is the intent of the Legislature that the Off-Highway Vehicle Fund will be utilized for appropriations to fund all Off-Highway Vehicle Recreation programs including conservation and enforcement activities. This intent recognizes that the funds in the Conservation and Enforcement Services Account may not be sufficient for the purposes of conservation and enforcement activities required pursuant to Chapter 1027, Statutes of 1987.

4100-001-890—For support of the State Council on Developmental Disabilities, payable from the Federal Trust Fund 5,501,000

Schedule:

(a) 10-State Council Operations..... 953,000

(b) 20-Community Program Development 2,131,000

(c) 30-Allocation to Area Boards..... 2,417,000

Provisions:

1. In the event federal funds are available to the state council in excess of the amounts appropriated in this item, the additional funds shall be used only for the following purposes, unless the funds are specifically designated by federal law for other purposes:
   (a) To augment the allocation to the Program Development Fund.
   (b) To fund the costs of salary and benefit increases approved by the Legislature that exceed the Budget Act appropriation.
2. No later than April 1, 1990, the state council, in coordination with the Organization of Area Boards, shall report to the Legislature on the availability of appropriate services for people with Prader-Willi Syndrome. The report shall be based on client specific data collected by regional centers. The purpose of the report shall be to quantify, by regional center, all of the following:
   (a) The number served.
   (b) The number and frequency with which applicants are denied regional center services and the reasons for denials.
   (c) The residential placement arrangements of those served through regional centers.
   (d) The extent to which current placements are inappropriate to meet the needs of Prader-Willi clients.
   (e) The frequency and severity of problems that have resulted from lack of appropriate services.
   (f) The types and number of additional programs needed.
   (g) The costs of developing and operating these additional programs.

Item Amount

The report shall, at a minimum, include recommendations with respect to eligibility determination procedures and criteria, the need for dietary programs to control obesity, and the need for additional programs designed specifically to meet the needs of Prader-Willi clients. The state council shall, in consultation with representatives of the Department of Developmental Services, regional centers, area boards on developmental disabilities, parents of Prader-Willi clients, and appropriate legislative staff, develop a questionnaire to gather client specific information needed to complete the April 1990 report.

All regional centers shall assist in the preparation of the report by submitting information in the format and according to timeliness specifications of the state council.

The Department of Developmental Services shall provide technical assistance, data processing, and other support services needed for the completion of the April 1990 report.

(b) Amount payable from the Federal Trust Fund (Item 4120-001-890).. −260,000

(c) Reimbursement ..... −152,000

Provisions:

1. The Emergency Medical Services (EMS) Authority shall use the following guidelines in administering state-funded grants to local agencies: (a) funding eligibility shall be limited to rural multicounty regions that demonstrate a heavy use of the EMS system by nonresidents, (b) local agencies shall provide matching funds of at least $1 for each dollar of state funds received, (c) state funding shall be used to provide only essential minimum services necessary

Item		Amount
	to operate the system, as defined by the authority, (d) no region shall receive both federal and state funds in the same fiscal year for the same purpose, and (e) the authority shall use a competitive process to award the funds and shall monitor the use of the funds by recipients to assure that these funds are used in an appropriate manner.	
	2. Each region shall be eligible to receive up to one-half of the total cost of a minimal system for that region, as defined by the authority. However, the authority may reallocate unclaimed funds among regions.	
	3. Notwithstanding Provision 1(b), regions with a population of 300,000 or less as of June 30, 1989, shall receive the full amount for which they are eligible if they provide a cash match of $0.41 per capita or more. Failure to provide local cash contributions at the specified level shall result in a proportional reduction in state funding. As a condition of receiving these funds, the authority shall require that these regions evaluate the feasibility of increasing their size by merging with other regions or adding more counties in the region. The authority shall submit information to the Legislature on the result of these evaluations by April 1, 1990.

Provisions:

1. Funds for state services, administration, research and training projects as identified as Special Projects of the 1989–90 Governor's Budget, are hereby approved for expenditure. The Department of Health Services shall process a budget revision for each project through the Department of Finance prior to any expenditure of funds and shall provide notification pursuant to Section 28 for any new project or any increase in excess of $200,000.
2. Except as otherwise prohibited by law, the department shall promulgate emergency regulations to adjust the public health fees set by regulation to an amount, such that if the new fees were effective throughout the 1989–90 fiscal year, the estimated revenues would be sufficient to offset at least 95% of the approved program level intended to be supported by such fees. This provision shall not apply to the fees for shellfish certificates. For radioactive materials licenses, the approved program level shall be calculated based on the total approved program level less the portion of the total approved program level attributable to fee-exempt facilities.
3. Effective July 1, 1989, the annual fee for a gen-

eral acute care hospital, acute psychiatric hospital, special hospital, general acute care rehabilitation hospital and chemical dependency recovery hospital shall be $25.25 per bed. Effective July 1, 1989, the annual fee for a skilled nursing facility, intermediate care facility, or intermediate care facility for the developmentally disabled is $117.48 per bed.

Department of Health Services fees subject to the annual fee adjustment pursuant to subdivision (a) of Section 115 of the Health and Safety Code, added by Chapter 327 of the Statutes of 1982, shall be increased by 19.7 percent effective July 1, 1989.

Departmental fees subject to the annual fee adjustment pursuant to subdivision (a) of Section 116 of the Health and Safety Code, as added by Chapter 327 of the Statutes of 1982, shall be decreased by 3.3 percent effective January 1, 1990.

Departmental fees subject to the annual fee increase provisions of subdivision (a) of Section 113 and subdivision (a) of Section 114 of the Health and Safety Code shall be increased 2.9 percent plus 0.5 percent for each 1 percent increase in employee compensation granted in the 1989 Budget Act.

The Director of Finance shall propose language to implement fee adjustments in the 1990 Budget Bill.

4. The Department of Health Services shall establish fees for the Neural Tube Defects program and the Newborn Screening program that are sufficient to cover the variable costs that may reasonably be attributed to providing services to each participant.
5. Notwithstanding any other provision of law, if federal administrative funds budgeted in Item 4260-001-890 are inadequate to fund costs incurred in the administration of the Refugee Medical Assistance Program provided to time eligible refugees, the department shall provide necessary funds to ensure adequate program administration.
6. Of the amount appropriated in this item, $200,000 shall be available for the implementation and maintenance of an asbestos registry program.

Item Amount

7. Except for initial certifications and out-of-state inspections, environmental laboratory inspections conducted by the department shall be unannounced. Out-of-state inspections shall be allowed no more than 24-hours notice.
8. In order to expedite attainment of the goals established by Chapter 1177 of the Statutes of 1983, the department shall, as necessary, execute appropriate written agreements or memoranda of understanding with the low-level radioactive waste license designee.
9. The Department of Health Services shall provide quarterly progress reports on the Vital Records Improvement Project to the fiscal committees and the Joint Legislative Budget Committee of the Legislature. The quarterly reports shall include any changes in timing, costs or scope of the pilot project, and the results of each phase of the pilot project. The first quarterly report shall be due no later than September 30, 1989.

   The department shall undertake activities to improve the state vital records system outside the scope of the pilot project only after approval of a Feasibility Study Report by the Department of Finance. At least thirty days prior to the expenditure of any funds for conversion of old records or other activities not within the scope of the pilot project, the department shall submit to the fiscal committees and the Joint Legislative Budget Committee the following information: (1) an approved Feasibility Study Report, including information on the timing, costs and scope of the proposed activities, (2) the Request for Proposal, and (3) detailed information on how the proposed activities interact with the pilot project.
10. The Director of Health Services shall appoint one representative of primary care clinics and one minority community representative to the Executive Committee of the department's AIDS Leadership Committee. In addition, the director shall appoint three persons to the committee who shall represent minority communities, primary care clinics, and community-based organizations in rural areas. Minority

Item Amount

representatives of the committee shall recommend to the director individuals from ethnic and racial minority groups who shall be appointed by the director to a 10-member Subcommittee on Minority AIDS Concerns.

The AIDS Leadership Committee shall hold two public hearings, one at a site in either northern or southern California on the topic of AIDS concerns in ethnic and racial minority communities, and one at a rural site to assess AIDS concerns in rural areas. The Subcommittee on Minority AIDS Concerns shall have the authority to conduct consultations on the impact of AIDS in minority communities and initiatives for the state to consider in dealing with these issues.

The AIDS Leadership Committee shall report to the fiscal committees and to the Joint Legislative Budget Committee by March 1, 1990, on the findings of the public hearings and consultations dealing with minority and rural community concerns with AIDS.

The department shall be responsible for reimbursing members of the subcommittee for travel, lodging, and expenses incurred in carrying out its responsibilities.

11. Of the amount appropriated in this Item, $1,000,000 shall be utilized for the continuation of the AIDS Vaccine Research and Development Grant Program.

13. It is the intent of the Legislature that the Department of Health Services and the Department of Social Services work with counties to reduce error rates in determining eligibility for AFDC and Medi-Cal by at least 0.5 percentage points. The Department of Health Services shall report to the Legislature, no later than March 1, 1990, on (1) error rates in each county and the AFDC and Medi-Cal costs resulting from eligibility errors in any counties whose error rate exceeds the statewide average; (2) efforts of both departments to work with counties whose error rates exceed the statewide average; and (3) an assessment of what, if any, additional resources would be necessary to reduce statewide error rates by 0.5 percent.

15. It is the intent of the Legislature that the De-

Item Amount

partment of Health Services increase by 10 percent (a) recoveries of Medi-Cal payments from liable third parties, providers who have been overpaid, and probate cases where statute permits collection of funds expended for Medi-Cal services and (b) cost avoidance.

The department shall report to the Legislature, no later than March 1, 1990, on (1) its efforts to maximize Medi-Cal recoveries and cost avoidance; (2) a comparison of California's level of recoveries and cost avoidance, with levels in higher-ranking states; and (3) an assessment of what, if any, additional resources would be necessary to increase levels by 10 percent.

16. Of the amount appropriated in this item, $800,000 shall be for the purpose of initiating a program of epidemiological assessments of the incidence of cancer, as follows:
    (a) $400,000 for cancer risk factor monitoring, which includes environmental and occupational surveys and data collection, to be conducted by the California Tumor Registry.
    (b) $400,000 for studies by the Environmental Epidemiology and Toxics Section, utilizing data collected pursuant to the California Tumor Registry, as follows:
        (1) $200,000 to conduct special epidemiological studies, including evaluation of environmental agents that may cause cancer.
        (2) $200,000 for investigations of identified cancer clusters.
17. Of the amount appropriated in this item, $400,000 shall be expended by the department to add additional sanitarian positions in the public health contract-back program, two of which shall be assigned to the San Benito County Area.
18. Of the amount appropriated in this item, $1,000,000 shall be expended to expand and establish AIDS prevention programs in county jails pursuant to Chapter 1301, Statutes of 1988.
19. The department shall, in conjunction with the Department of Social Services and the Department of Alcohol and Drug Programs, provide

	Care Deposit Fund from this item shall be permitted to meet the total General Fund obligation incurred pursuant to this item. 2. Notwithstanding any other provision of law, both the federal and nonfederal shares of any money recovered for previously paid health care services, provided pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, are hereby appropriated and shall be expended as soon as practicable for medical care and services as defined in the Welfare and Institutions Code. 3. Notwithstanding any other provision of law, accounts receivable, for recoveries as described in Provision 2 above, shall have no effect upon the positive balance of the General Fund or the Health Care Deposit Fund. Notwithstanding any other provision of law, money recovered as described in this item required to be transferred from the Health Care Deposit Fund to the General Fund shall be credited by the State Controller to the General Fund without regard to the appropriation from which it was drawn. 4. Without regard to fiscal year, the General Fund shall make a loan available not to exceed a cumulative total of $45 million to be transferred as needed to the Health Care Deposit Fund to meet cash needs. Such loans are subject to repayment provisions of Section 16351 of the Government Code. Any additional loan requirement in excess of $45 million shall be processed in the manner prescribed by Section 16351 of the Government Code. 5. Notwithstanding any other provision of law, the Director of Health Services may give public notice relative to proposing or amending any rule or regulation which could result in increased costs in the Medi-Cal program only after approval by the Department of Finance as to the availability of funds; and any rule or regulation adopted by the Director of Health Services and any communication which revises the Medi-Cal program shall only be effective from and after the date upon which it is approved as to availability of funds by the Department of Finance.	

Item	Amount
6. The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.	
7. Of the funds appropriated by this item, up to $25,000 may be allocated for attorney fees pursuant to Section 10962 of the Welfare and Institutions Code without prior notification to the Legislature. Individual settlements authorized under this language are limited to no more than $5,000. The semiannual estimates of Medi-Cal expenditures due to the Legislature in January and May shall reflect attorney fees paid fifteen (15) or more days prior to the transmittal of the estimate.	
8. When a date for public hearing has been established for a change in any program, rule, or regulation, or the Department of Finance has approved any communication revising any department program, the two fiscal committees and the Joint Legislative Budget Committee shall be notified if the annual General Fund cost of the proposed change is $1 million or more.	
9. Where regulations involve changes to the Medi-Cal Drug Formulary which could result in increased costs to the Medi-Cal program, it shall not be necessary for the Director of the State Department of Health Services to secure approval by the Department of Finance prior to the director's giving of public notice relative to the proposed or amended regulations. However, after the public hearing, the director shall submit those regulations which propose the addition of drugs to, or the deletion of drugs from, the Medi-Cal Drug Formulary to the Department of Finance for final approval prior to the submission of those regulations to the Office of Administrative Law for review and filing with the Secretary of State.	
11. Change orders to the medical or the dental fiscal intermediary contract for amounts exceeding a total cost of $250,000 shall be approved by the Director of Finance not sooner than 30	

Item Amount

days after written notification of the change order is provided to the chairpersons of the fiscal and policy committees in each house and to the Chairperson of the Joint Legislative Budget Committee or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may designate. If there are changes or potential changes in federal funding, the Department of Finance shall provide timely written notification of the changes to the chairperson of the fiscal committee in each house and the Chairperson of the Joint Legislative Budget Committee.

12. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are hereby reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the Medical Assistance Program, these funds, subject to notification to the Chairperson of the Joint Legislative Budget Committee, are hereby appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services, county administration, and fiscal intermediary services.
13. Amounts identified as abatements to the county medical services program for retroactive aid to the Totally Dependent Program claims shall be transferred from the Health Care Deposit Fund to the county medical services program without regard to fiscal year.
15. The department shall reimburse for adult day health care services at a daily rate of $45.85.
16. Hospital contract rate increases resulting from the additional $50,000,000 authorized by Chapter 981, Statutes of 1988, less the amount necessary to comply with the federal Omnibus Budget Reconciliation Act of 1987 (Public Law 100-203), as implemented by the State Medicaid Plan, shall be in addition to any other rate increases which hospitals would have received.
17. Upon prior federal approval and only for the

purposes of implementing Section 4112 of the Omnibus Budget Reconciliation Act of 1987 (Public Law 100-203), as implemented by the State Medicaid Plan, the department shall consider as separate acute inpatient hospital care days those days covered for delivery that are otherwise reimbursed by the Medi-Cal program as a "Common Day" for both the mother and newborn.

20. The Department of Health Services shall not promulgate regulations or take other action to reduce the dispensing fee for furnishing of prescription drugs under the Medi-Cal program below the level in effect on July 1, 1988.
21. None of the funds appropriated by this item shall be used for induced abortions. The exclusive means of paying for induced abortions shall be through the appropriation made in Item 4260-105-001.
22. Funds appropriated by this item for rate increases for disproportionate-share hospitals shall be distributed based on the method set forth in Chapter 976, Statutes of 1988.
23. The department shall continue to develop and maintain an educational and technical assistance program to assist physicians and surgeons in gaining knowledge in (a) Medi-Cal reimbursement, billing, and other related procedures, and (b) Medi-Cal fiscal intermediaries procedures to assist physicians in receiving Medi-Cal reimbursements. This program shall provide special assistance to physicians and surgeons who operate a small practice, such as a sole practitioner, or those with a practice located in a rural and medically underserved area. The department shall report to the fiscal committees of the Legislature by December 15, 1989, on the status of this program.
24. The department shall not expend any of the funds appropriated by this item and in Item 4260-101-890 for implementation of the Medicare Catastrophic Act until legislation that provides the necessary statutory authorization for implementation of the act is chaptered.
25. In the event that the department proposes to remove a single-source drug from the Medi-Cal Drug Formulary, the department shall estab-

Item Amount

lish a special Treatment Authorization Request (TAR) process to ensure access to these single-source drugs. The department shall use the special TAR process when the department determines that both of the following conditions are met:

(a) The physician has considered the use of alternative drug products on the Formulary and has determined that they do not meet the needs of the patient because the patient has a medical condition which precludes alternative medications.

(b) The patient has a medical condition which will require drug therapy for a period of time which exceeds the normal TAR authorization period.

In these cases, the department shall issue a TAR which shall be valid for the entire time that the patient is eligible for Medi-Cal.

Formulary drugs used primarily for the treatment of AIDS or AIDS-Related Complex shall not be removed from the Medi-Cal Drug Formulary.

26. No funds appropriated by this item shall be expended for Medi-Cal reimbursement to any pharmacist-provider for the drug ingredient cost component at a rate that is higher than the lowest rate the pharmacist-provider charges any other third-party payor.

item for induced abortions shall be limited for persons eligible for the Medi-Cal program to the extent that federal matching funds are available for these purposes; except that, regardless of whether federal matching funds are available, funds may be provided for induced abortions for these persons under any of the following circumstances:

(a) Where the life of a woman would be endangered if the pregnancy were allowed to continue, and when so certified under penalty of perjury by two physicians, one of whom, where practicable, is a specialist in the affected medical discipline, and documentation thereof is provided with the claim for payment.

(b) Where the pregnancy results from an act punishable under Section 261 of the Penal Code, and this act has been reported, within 60 days of its occurence, to a law enforcement agency or a public health agency which has immediately reported it to a law enforcement agency, and the abortion occurs during the first trimester.

(c) Where the pregnancy results from an act punishable under Section 261.5 of the Penal Code, and the female is under 18 years of age, and the abortion is performed no later than the first trimester, provided that the female's parent or guardian or, if none, an adult of the female's choice, is notified at least five days prior to the abortion by the physician who performs the abortion. Regulations governing the notice requirement shall be promulgated by the Director of Health Services.

(d) Where the pregnancy results from an act punishable under Section 285 of the Penal Code, and this act has been reported to a law enforcement agency or a public health agency which has immediately reported it to a law enforcement agency, and the abortion occurs not later than during the second trimester.

(e) Where it is determined by prenatal studies limited to amniocentesis, fetal blood sampling, fetal angiography, ultrasound, X-ray,

	3. (a) The provider's claim for payment for abortion services shall be accompanied by documentation which specifies the circumstances under which the abortion was performed. Claims without this documentation shall not be paid.	
	(b) In every case, prior to abortion, the provider shall make available to the woman appropriate counseling regarding the situation, complications, risks, benefits, and alternatives.	
	(c) By May 1, 1990, the Department of Health Services shall provide the Legislature a report listing the number of abortions theretofore paid for during the 1989–90 fiscal year pursuant to this act. The report shall specify the number of abortions performed under each category, and further specify the reasons or conditions within each category which qualified the particular pregnancy for the abortion and payment pursuant to this provision.	
	4. Nothing in this item shall be interpreted to prohibit payment for drugs or devices to prevent implantation of the fertilized ovum.	
	5 Limitation on payment for abortions provided for in this item shall apply only to abortions performed after August 15, 1989.	
	6. None of the funds appropriated by any other item in this act shall be used to pay for abortions.	
	7. The Controller shall place all funds appropriated by this item into the Special Financing Fund, which is hereby created. Henceforth, the director shall direct payment, and the Controller shall draw warrants for payments as allowed by this item, only from the Special Financing Fund.	
	8. As promptly as possible, the director shall notify providers and beneficiaries of the restrictions imposed by this item. The restrictions upon providers and beneficiaries shall become effective as soon as practicable after they receive notice

from the director.

9. If any provision of this item or the application thereof to any person or circumstances is held invalid, this invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

4260-106-001—For local assistance, Department of Health Services, for cost-of-living increases to be transferred to, and in augmentation of, the respective appropriations by the State Controller upon enactment in accordance with the following schedule:

Schedule:

(a) 50.11-Benefits (Medi-Cal Care and Services), for transfer to Item 4260-101-001 123,555,000

4260-106-890—For local assistance, Department of Health Services, for cost-of-living increases to be transferred to, and in augmentation of the respective appropriations by the State Controller upon enactment in accordance with the following schedule. 123,021,000

Schedule:

(a) 50.11-Benefits (Medical Care and Services) (for transfer to Item 4260-101-890) 123,021,000

4260-111-001—For local assistance, Department of Health Services 1,291,314,354

Schedule:

(a) 11-Preventive Medical Services ... 9,454,000
(b) 15-AIDS 107,287,000
(c) 20-Family Health Services 150,590,000
(d) 40-Rural and Community Health 1,023,983,354

Provisions:

1. Program 11-Preventive Medical Services: Of the funds appropriated in this item, $330,000 shall be available as a cost-of-living adjustment for the Dental Disease Prevention Program.
2. Program 15-AIDS:
   (a) The Office of AIDS, in allocating and processing contracts and grants, shall comply with the same requirements as are established for contracts and grants for other public health programs. Specifically: (1) the

Item Amount

office shall develop request-for-proposals which include the standards pursuant to which the proposals will be evaluated; (2) the office shall use an evaluation and selection committee consisting of persons with expertise in reviewing proposals; (3) it may negotiate the terms and conditions of the contracts and grants; (4) it may reject any and all contracts or grants; and (5) it shall publish a timetable and develop appropriate outreach efforts to assure that the request for a proposal reaches appropriate recipients of funds. The contracts or grants administered by the Office of AIDS shall be exempt from the Public Contract Code and shall be exempt from approval by the Department of Finance and the State Department of General Services prior to their execution.

(b) During hearings on the 1990–91 fiscal year Budget, the department shall present an analysis of the advantages and disadvantages of incorporating the treatment program for HIV infected children into the California Children's Services Program.

By January 1, 1990, the department shall project the costs of treating HIV infected children. To the extent that costs are less than the $1,100,000 budgeted for that purpose, the department shall reallocate the funds for noninstitutionalized treatment services for persons with AIDS or ARC.

(c) The Department of Health Services shall permit the San Francisco Health Department to consolidate state grants into a Consolidated AIDS Fund for the provision of AIDS services in San Francisco. The Consolidated AIDS Fund shall base grants on a state approved local plan developed with the participation of the community. The department shall not deny community-based agencies who wish to participate in the Consolidated AIDS Fund from applying for other AIDS funds from the department.

(d) Of the amount appropriated in this item, $40,000,000 shall be allocated for early AIDS intervention including AZT, aerosol penta-

midine, and other medications approved for treatment of HIV, and medical, behavioral, and psychosocial services.

(e) Of the amount appropriated in this item, $10,000,000 shall be allocated for AIDS testing, counseling, and street-outreach in communities with high IV drug use.

(f) Of the amount appropriated in this item, $200,000 shall be expended for operating expenses of the AIDS hospice facility in South Central Los Angeles.

(g) Of the funds appropriated in this item, $111,000 shall be allocated to the Prevention and Education Grant Program in Sonoma County in addition to expected 1989–90 awards.

(h) Of the amount appropriated in this item for the Alternative Test Site Program, $13,800 is redirected for an AIDS Pilot Care Project located in Mendocino County. This funding is in addition to any contract approved by the Office of AIDS for an AIDS Pilot Care Project in Mendocino County in the 1989–90 fiscal year.

(i) Of the funds appropriated in this item, $250,000 shall be available for an operating grant for an AIDS hospice on the grounds of Metropolitan State Hospital.

(j) The department shall develop and distribute, by March 31, 1990, a brochure for providers which outlines the alternatives available for HIV testing, including instructions on how to order and interpret tests.

(k) Of the amount appropriated in this item, $12,000,000 shall be allocated for targeted case management, home health, hospice, and residential care.

(*l*) The department shall expand outreach and testing to high-risk populations and encourage counties to expand testing in Sexually Transmitted Disease clinics, drug treatment centers, primary care and family planning clinics, and through street outreach programs.

3. Program 20-Family Health Services:

(a) Funds appropriated in this item for services to physically handicapped children shall be

Item Amount

used in accordance with provisions of Article 2 (commencing with Section 248) of Chapter 2 of Division 1 of the Health and Safety Code, provided that any person who is eligible for and is receiving services under the program funded by this item shall not be denied services or suffer an interruption of services because of any relocation within this state.

(b) Collections of family repayments by CCS and GHPP in excess of the appropriation for family repayments shall be used to offset the General Fund appropriation to those programs.

(c) The CCS Program shall require all CCS applicants who are potentially eligible for cash grant public assistance to apply for Medi-Cal eligibility prior to becoming eligible for CCS funded services, unless the individual declines to apply on the basis of known ineligibility under state law and the regulations promulgated thereunder

(d) As a condition of receiving General Fund support from the Maternal and Child Health program, contractors shall bill the Medi-Cal program for services provided to Medi-Cal eligibles.

(e) The department shall revise its regulations governing the Child Health and Disability Program in order to begin serving low-income children up to age six to the extent funds are available.

(g) Of the funds appropriated in this item, the department shall use the following amounts for the purposes specified:

(1) $274,000 for transfer to, and augmentation of, Item 4260-001-001 for evaluation of perinatal substance abuse pilot projects.

(2) $200,000 for transfer to, and augmentation of, Item 4260-001-001 for a contract for the development of a statewide perinatal plan to meet the Surgeon General's Objectives for the Year 2000 on Infant Mortality. The plan shall be submitted to the fiscal committees of the Legislature and the Joint Legisla-

Item | Amount

tive Budget Committee by June 30, 1990.

(h) The department, in conjunction with submission of the Governor's Budget, shall report to the Joint Legislative Budget Committee and the fiscal committees of the Legislature on the level of federal Maternal and Child Health funds and funds allocated for the community-based perinatal services program available for expenditure for the remainder of the fiscal year. To the extent the amount available exceeds expenditure levels for the year, the department shall submit an expenditure plan no later than 30 days after submission of the Governor's Budget for those funds available for expenditure during both the current and budget years. The Department of Finance shall submit a letter pursuant to Section 28.00 of this act to provide for the purposes in the expenditure plan for the current year no sooner than 30 days and no later than 60 days after submission of the plan to the Legislature.

(i) The augmentation for the Adolescent Family Life Program shall be used as follows: the first priority shall be to ensure a maintenance of effort for existing programs; the second priority shall be to increase services addressing black infant mortality and other high-risk infant populations.

4. Program 40-Rural and Community Health:

(a) The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level.

(b) Amounts identified as abatements to the county medical services program for claims for retroactive aid to the totally disabled shall be transferred from the Health Care Deposit Fund to the county medical services program without regard to fiscal year.

(c) Funds appropriated for medically indigent services in independent counties shall be

Item Amount

spent to preserve or provide reasonable access to both inpatient hospital care and outpatient care.

Outpatient care includes reasonable access, as determined by the State Department of Health Services, to physician's services through county outpatient clinics, nonprofit community outpatient clinics, or other arrangements, the Medi-Cal formulary of prescription drugs, and acute dental care. The department may withhold this funding for any county for which it makes a finding that the funding is not necessary to preserve or provide reasonable access to both inpatient hospital care and outpatient care. The department shall withhold approval if it makes a finding that the county will not be in compliance with state statutory requirements governing eligibility, advance payment of patient liability, or notices.

(d) To the extent savings are available from the County Health Services Fund, the director shall allocate the funds according to the following priorities:

(1)	Public Health Emergencies.....	315,000
(2)	Distressed County Facilities, as defined in Section 16715 of the Welfare and Institutions Code.	470,000
(3)	Refugee Health Programs	245,000
(4)	Computerization of County Information.....	535,000
(5)	County-Clinic Linkages	130,000
(6)	Elder Care Projects.....	505,000
(7)	Medication Education Program for Seniors	250,000

If the funding applications of local jurisdictions request fewer funds from one category than the amounts set forth above, the director may reallocate funds from one category to another. However, in reallocating funds, the director shall first consider the need for additional funds in the categories in the order of priorities listed above. If there are insufficient savings to fully fund the categories, the director shall make pro-

portionate reductions to each category. (e) Of the funds appropriated in this item, $50,000 shall be available for a management assistance grant to the Hupa Health Association to conduct a health care needs assessment. (f) Of the amount appropriated in this item, $500,000 shall be made available as a one-time grant to Alameda County to compensate for major health care service disruptions due to the closure of Maxicare clinics. (g) Of the funds appropriated in this item, $200,000 is appropriated to provide startup funding for a nonprofit organization to develop a Medi-Cal primary care case management plan to be operated in the City of Fresno.	
4260-111-137—For local assistance, Department of Health Services, payable from the Vital Records Improvement Project Fund.....	600,000
4260-111-890—For local assistance, Department of Health Services, payable from the Federal Trust Fund.....	25,872,000
Schedule: (a) 20-Family Health Services ..... 25,287,000 (b) 40-Rural and Community Health. 585,000	
Provisions: 1. Subdivisions (a) and (c) of Provision 3 of Item 4260-111-001 are also applicable to this item.	
4260-113-890—For local assistance, Department of Health Services payable from the Federal Trust Fund.....	10,806,000
Provisions: 1. Of the amount appropriated in this item, the department shall use the following amount for the following purposes: a. $1,000,000 for various Sudden Infant Death Syndrome projects including development of a SIDS autopsy protocol, support services and training for county health officials, public health nurses and law enforcement, family intervention services, parent advisory groups and data assessment. b. $1,000,000 for the provision of information, education, and referral services about sexually transmitted diseases to individuals seeking services through programs administered by the	

Item	Amount
Maternal and Child Health Branch.	
c. $1,440,000 for new and innovative projects to reduce the rate of black infant mortality in California. Of this amount, $140,000 may be used to establish one position and support a Black Infant Mortality Committee, and $650,000 shall be used for outreach in Los Angeles housing projects.	
e. $1,800,000 to expand the Adolescent Family Life Program, with priority given to projects targeting black infant mortality. Of this amount, $150,000 may be used to establish three positions to administer the program.	
f. $200,000 for the expansion of the Childhood Injury Prevention and Control Program. From this amount, the department may establish one support position.	
g. $1,500,000 to expand the High-Risk Infant Followup program.	
h. $740,000 for the Diabetes in Pregnancy Program, of which $360,000 shall be used to establish three new regions, with priority given to those targeting black infant mortality, $105,000 to replace SPRANS funds for program evaluation; $100,000 to fund growth in the existing eight regional programs; $35,000 for program education materials; $10,000 for California Diabetes and Pregnancy Program state liaison activities; $80,000 for affiliate development materials and training; and $50,000 for affiliate administrative support.	
i. $141,000 to establish three positions to support the Comprehensive Perinatal Services Program.	
j. $135,000 for transfer to, and augmentation of, Item 4260-001-890 to fund a study to determine outcome measures suitable to evaluate pediatric critical care systems and improving medical care for children.	
m. $2,760,000 for implementation of nine perinatal substance abuse pilot projects in Los Angeles, San Francisco, Kern, Sacramento, Orange, San Diego, Alameda, and Santa Clara counties.	
n. $90,000 shall be transferred to, and is in augmentation of, Item 4260-001-890 to develop a brochure on the risks and benefits of a Caesarean delivery versus a vaginal delivery. This brochure shall be available for distribution to all pregnant women.	

Item Amount

o. It is the intent of the Legislature that additional activities be undertaken by the department to reduce the abnormally high mortality rate among black infants.

There shall be established in the department a Black Infant Mortality Leadership Committee. The following members shall be appointed by and serve at the pleasure of the Governor: the Director of Health Services (or designee); the Director of Maternal and Child Health; the Director of Alcohol and Drug Abuse (or designee); the Director of Social Services (or designee); a California County Supervisor (or designee); two local public health officers (or their designees); and a health care professional. The following members shall be appointed by and serve at the pleasure of the Speaker of the Assembly: a member of the State Assembly (or designee); two members of the Black Community Coalition; a consumer or member of a consumer advisory group; a member of the religious community, a health care professional; a pediatrician; and an obstetrician/gynecologist. The following members shall be appointed by and serve at the pleasure of the Senate Rules Committee: a member of the State Senate (or designee); two members of the Black Community Coalition; a consumer or member of a consumer advisory group, a member of the religious community; a health care professional; a pediatrician; and an obstetrician/gynecologist. The Superintendent of Public Instruction (or designee) shall also be a member of the committee.

The Black Infant Mortality Leadership Committee shall meet as frequently as necessary but no less than six times a year in order to conduct its business. It shall provide advice to and shall be consulted by the department on the establishment of policies, procedures, and programs designed to eliminate the disparity between the black and non-black populations in infant mortality. On or before January 1, 1991, the committee shall develop and present to the Legislature and Governor information which evaluates current programs; assesses current and ongoing needs; contains legislative, programmatic, and

Item Amount

funding strategies; and make specific program recommendations regarding the elimination of the disparity between the black and non-black populations in infant mortality.

Of the funds appropriated in this item, $140,000 shall be used to support a Black Infant Mortality Leadership Committee and its efforts in producing the information.

2. Subject to approval by the lead department, the departments of Social Services, Health Services, and Alcohol and Drug Programs may award funds to local pilot projects for local planning and program startup. In order to receive continued funds, the lead department shall require local lead agencies, with the review and comment of the local perinatal substance abuse coordinating councils, to submit a plan for providing comprehensive service to program participants. The department shall allow local areas at least six weeks to develop this plan in response to the department's guidelines. The departments, through the Interagency Task Force on Perinatal Substance Abuse, shall complete their review and provide their assessment of each local area's plan within 45 days from the date when a plan is received. In order to be approved by the participating departments, the plan shall include, but not limited to, the following:
   (a) How the local area proposes to address the guidelines developed by the department.
   (b) Letters from all agencies providing services to eligible program participants indicating their approval of the plan and stating their intent to develop interagency agreements.
   (c) The program's budget, delineating planning, startup, and service costs.
3. To the extent that funds allocated under particular category in this item are in excess of the need in that category, the department may transfer funds to another category in this item no sooner than 30 days after written notification is provided to the Joint Legislative Budget Committee.

Upon approval of the Department of Finance, the department may transfer funds to Item 4260-001-890 for staff and related costs needed to support the augmentations contained in this item.

Item Amount

4260-116-001—For cost-of-living increases, Department of Health Services, to be transferred to and in augmentation of Item 4260-111-001, upon approval of the Department of Finance, in accordance with the following schedule 20,328,983

Schedule:

ated by Item 4260-001-001 of the Budget Act of 1988. These funds shall be reappropriated for support of one or more of the following programs: (a) prevention and education, (b) pilot care projects, (c) early intervention services, and (d) new and innovative projects. Emphasis shall be placed on programs involving intravenous drug users, minorities, and persons engaged in high-risk behaviors who are served in publicly funded clinics. Special consideration shall be given to AIDS programs that are continuing their contracts with the Office of AIDS and which have experienced funding reductions.

The department shall report to the Legislature by September 30, 1989, on the expenditure plans for these funds. To the extent these funds are not needed for state support, they shall be reappropriated for AIDS local assistance activities in the above four categories.

(2) For state support of human clinical trials for AIDS vaccine research, $2,000,000 of the $6,000,000 appropriated for that purpose by Chapter 1463 of the Statutes of 1986.

(3) Item 4260-111-001, Budget Act of 1988. For support of a Lyme Disease Surveillance and Prevention Program, $572,000 of the amount originally appropriated for Systemic Lupus Erythematosus (Lupus) research activities, to be expended as follows:
   (a) $271,000 for fiscal year 1989–90, as scheduled in Item 4260-001-001 of this act.
   (b) $301,000 for fiscal year 1990–91.

(4) Any unexpended funds remaining from the 1987–88 and 1988–89 fiscal years for the implementation of the blood platelet study defined in Chapter 1421 of the Statutes of 1987 shall be available for encumbrance and expenditure in the 1989–90 fiscal year.

(5) For state support for the AIDS Medi-Cal Waiver Program, the unencumbered balance of the amount appropriated for that purpose by Item 4260-001-001 of the Budget Act of 1988.

(6) Item 4260-001-001, Budget Act of 1988. For support of the Sickle Cell Screening Program, $200,000 for computer equipment acquisition.

(7) Item 4260-001-001, Budget Act of 1988. For

(2) 94.70.045-Berkeley: Additional Space and Renovation-Preliminary Plans.

Provisions:

1. (a) The funds appropriated in this item shall be available only for purposes of preliminary plans and a value engineering study for the expansion and remodeling of the Berkeley Public Health Laboratory. The Director of Health Services shall notify the chairs of the Joint Legislative Budget Committee and the fiscal committees of each house on or before November 1, 1989, of the department's progress in developing the preliminary plans and value engineering study, including a schedule for their completion. If the preliminary plans and value engineering study will not be completed by February 1, 1990, the director shall specify the reasons why and how he or she intends to expedite their completion.

(b) In the event that the department continues to develop plans to move positions from this or any other Berkeley-area location to Sacramento in a manner which undermines the effectiveness of, or slows the progress of, existing programs, this authorization shall be rescinded and the funds shall revert to the General Fund.

Item		Amount
4260-496—Reversion, Department of Health Services. As of June 30, 1989, the unencumbered balance of the appropriation provided in the following citation shall revert to the fund balance of the fund from which the appropriation was made.

ant to Sections 4621 and 4633 of the Welfare and Institutions Code and this act. If additional funds are appropriated by the Legislature, the Department of Developmental Services shall revise the contract amounts. The regional centers shall then administer the contracts within the revised contract amounts.

To carry out the intent of this provision, each regional center contract shall include provisions which ensure the regional center will provide services to eligible clients within the funds available in the contract throughout the contract term. If the regional center or the Director of Developmental Services determines that there are insufficient funds in a regional center contract for the provision of client services, the regional center shall continue to administer the contract within the funds provided and report to the Director of the Department of Developmental Services on the type, amount, and costs of client services which cannot be provided directly or through purchase because of insufficiency of funds. The director of the department shall use these data in preparing reports pursuant to subdivision (c) of Section 4631 and Section 4779 of the Welfare and Institutions Code, and subdivision (b) of this provision.

The regional center shall develop a written plan which specifies how the center intends to address the funding deficiency. If at any time the director of the department determines that a regional center's plan does not adequately address the funding deficiency during the contract period, the director may require the use of operational funds to reduce the deficiency in purchase of services.

(b) The Director of Developmental Services shall report on the financial status of all regional centers and their operations to the Joint Legislative Budget Committee by February 15, 1990, and May 15, 1990. The reports shall:

(1) Identify all projections of regional cen-

ter budget deficits during the reporting period.

(2) Analyze the accuracy of each identified deficit projection.

(3) Analyze the feasibility of eliminating the projected deficits by reductions in expenditures, reallocations of appropriated funds and budget augmentation.

(4) Indicate the actions planned to eliminate the projected deficits, including a description of the impact of such actions on the receipt of services needed by regional center clients during the remainder of the fiscal year.

3. Upon order of the Director of the Department of Finance, the State Controller shall transfer funds as are necessary between this item and Item 5160-101-001, to provide for the conversion of Day Programs, Supported Work Programs and Work Activity Programs to meet client service needs.
4. Any funds available from cost-of-living adjustments in the Supplemental Security Income/State Supplementary Program (SSI/SSP) shall be used to offset General Fund costs for residential care services.
5. A loan shall be made available from the General Fund to the Department of Developmental Services not to exceed a cumulative total of $12,000,000. The loan funds shall be transferred to this item as needed to meet cash-flow needs due to delays in collecting reimbursements from the Health Care Deposit Fund, and is subject to the repayment provisions of Section 16351 of the Government Code.
6. Any federal Medicaid funds received for Targeted Case Management activities shall be treated as a revenue to the General Fund.
7. Upon order of the Director of Finance, the State Controller shall transfer such funds as are necessary between this item and Item 5160-001-001 to provide for the transportation costs to and from work activity programs of clients who are receiving vocational rehabilitation services through the Vocational Rehabilitation/Work

Care Deposit Fund for the state's share of expenditures for mental health services provided to patients eligible under the California Medical Assistance Program.

3. Upon order of the Director of Finance, the Controller shall transfer between this item and Item 4440-011-001 those funds which are necessary to provide for overuse of allocated state hospital days. Other transfers between this item and Item 4440-011-001 may be made not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his/her designee, may in each instance determine.
4. Upon order of the Director of Finance, the Controller shall transfer between this item and Item 4440-141-001 those funds which are necessary to provide alternative services to patients who may be transferred to other facilities as the result of the decertification of the special treatment program in a skilled nursing facility funded by Item 4440-141-001. Other transfers between this item and Item 4440-141-001 may be made not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his/her designee, may in each instance determine.
5. In administering the residential care rate supplement program, the department shall continue its procedures to ensure that the program is operated within the available appropriation as scheduled in category (f).
6. Notwithstanding any other provisions of law, funds identified in Item 4440-101-001 of the Budget Act of 1988, for rollover by the counties in fiscal year 1989–90, shall be used only for the specified purpose for which they were allocated or for capital outlay purposes, subject to the review and approval of the Department of

Mental Health. Community services programs shall not be reduced to provide funds to roll-over for capital outlay purposes.

7. Notwithstanding any other provisions of this act, no funds in category (a), (d), (e), (f), (g) or (h) shall be transferred to other categories within this item or to any other items except as specified in Provision 8.
8. In order to provide relief from administrative requirements and budget restrictions which would create an undue hardship, small counties may combine allocations from categories (d), (e) and (g) into category (b) to be used for Short-Doyle funded programs with the approval of the State Director of Mental Health provided that the following conditions are met:
   a. Local unmet priorities are identified in Part B, County Plan Executive Summary.
   b. The county agrees to comply with all required submissions for data collection.
   c. The county has demonstrated that specific needs do not exist to establish special programs with categorical funds and/or categorical funds do not exist in amounts that make it programmatically or fiscally feasible to implement programs. The county must show that an attempt to maximize the use of public funds for identified populations has been made on a regional basis.

      Small counties are defined as those with a population of less than 1% of the total statewide population based on the most current Department of Finance population estimate.
9. Augmentations to reimbursements in this item from the Office of Emergency Services for Disaster Relief are exempt from the provisions of Section 28.00. The Department of Mental Health will provide written notification to the Joint Legislative Budget Committee describing the nature and planned expenditure of such funds when the amount received exceeds $100,000.
10. Subject to approval by the federal Health Care Financing Administration of the Department of Mental Health's proposal for case management services, and to the extent that counties

begin claiming federal financial participation for case management services, the Department of Mental Health shall reduce each county's Short-Doyle allocation by 50% of the total amount of federal financial participation for case management services.

12. The department shall notify the fiscal committees, the Joint Legislative Budget Committee, and the appropriate policy committees in the Assembly and Senate 30 days prior to implementing any plan requiring the redistribution of Short-Doyle funds, exceeding $100,000, appropriated in this item
13. Of the amount appropriated in this item, $37,500,000 shall be distributed as a cost-of-living adjustment.
14. Notwithstanding Section 5600 of the Welfare and Institutions Code, $12,500,000 of the amount appropriated in this item shall be combined with $25,000,000 appropriated in Item 4440-101-236 and distributed as follows:
    (a) The department shall calculate allocations for all counties based on its poverty/population formula.
    (b) However, funds for those counties with a 1988–89 poverty/population per capita funding that is 11% or more above the statewide average poverty/population per capita funding shall be redistributed to counties with funding furthest below the statewide average, to equalize funding of those counties receiving redistributed funds.
15. It is the intent of the Legislature that the method for distributing funds set forth in Provision 14 shall be used to distribute future augmentations for local Short-Doyle mental health programs.

mencing with Section 5000) of the Welfare and Institutions Code.

2. The Department of Mental Health may authorize advance payments of federal grant funds on a monthly basis to the counties for grantees. Such advance payments may not exceed one-twelfth of the individual grant award for 1989–90. No General Fund money may be used in making grant awards under the provisions of the federal ADAMH block grant.
3. The least possible amount of federal ADAMH block grant funds shall be utilized for purposes of administration at both the state, local and direct provider levels. The department's administrative expenditures shall not exceed 10 percent of federal ADAMH block grant.
4. The Department of Mental Health shall, to the extent possible, ensure that funds received pursuant to the Stewart B. McKinney Homeless Assistance Act of 1987 are expended in coordination with other funds available, both federal and state, for homeless chronically mentally disabled persons.

   Funds may be allocated by the department for the following purposes: outreach, community mental health, diagnostic services, administrative costs, supportive and supervisory services to clients in residential settings, habilitation/rehabilitation care, referrals, staff training and case management.

   Not more than 4 percent of the funds allocated to counties may be used for administrative costs associated with increased program services, unless a county can document to the Department of Mental Health that a program needs in excess of 4 percent.

   The department shall encourage counties to utilize these funds for services to the following chronically mentally disabled homeless target populations: (a) substance abusers, and (b) women.

   Up to $500,000 of the funds available to the department through the Stewart B. McKinney Homeless Assistance Act of 1987 shall be allocated to continue funding for not more than three homeless demonstration projects. The target populations to be serviced by demonstration

(a) 10.95 Institutions for Mental Diseases 80,839,000

(b) Reimbursements ..... −11,724,000

Provisions:

1. The funds appropriated in this item shall be used to provide mental health services for persons who are 64 years of age and under, in skilled nursing facilities/special treatment programs (SNF/STP/IMD) in accordance with Division 5 (commencing with Section 5000) of the Welfare and Institutions Code and as approved for funding by the Department of Mental Health.
2. Notwithstanding any other provision of law, counties shall not be required to match funds in this item.
3. Notwithstanding any provision of Article 4 (commencing with Section 10335) of Chapter 2 of Part 3 of Division 2 of the Public Contract Code, the Department of Mental Health may enter into sole source contracts with SNF/STP/IMD facilities.
4. Allocations from this item shall not be subject to Section 5600 of the Welfare and Institutions Code. The Department of Mental Health may also limit the number of beds which will be reimbursed with the funds provided.
5. Notwithstanding any other provision of law, the Department of Mental Health may authorize estimated or advanced payments to SNF/STP/IMD programs. These payments will be adjusted, as necessary, to reflect actual utilization and be offset by revenues. These payments shall not be limited to nonprofit facilities.
6. The operation of SNF/STP/IMD programs shall be consistent with Department of Mental Health policies and regulations for 24-hour care facilities.
7. Prior to any payment being made, a provider shall enter into a placement agreement with each county from which it accepts a patient.
8. Rates of payment for SNF/STP/IMDs in this item shall be limited to the Medi-Cal SNF/STP rate. In order to receive this level of payment,

Item Amount

SNF/STP/IMDs shall continue to provide the level of services required prior to the loss of federal funding. Any reductions in services below this level shall be accompanied by rate reductions equal to the savings in costs attributable to reducing services.

9. A loan shall be made available to the Department of Mental Health from the General Fund, subject to approval by the Department of Finance, not to exceed a cumulative total of one-twelfth of the amount which is appropriated in Schedule (a) of this item. The loan funds shall be transferred to this item as needed to meet cash-flow needs due to delays in the collection of SSI/SSP reimbursements, and subject to the repayment provisions of Section 16351 of the Government Code

10. Upon order of the Director of Finance, the Controller shall transfer between this item and Item 4440-011-001 and/or Item 4440-101-001 those funds which are necessary to support patients who may be transferred to the state hospitals and/or other facilities as the result of the decertification of the special treatment program in a skilled nursing facility funded by this item. Other transfers between this item and Item 4440-101-001 may be made not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his/her designee, may in each instance determine.

12. To the extent feasible, the Department of Mental Health shall target new resources for Institutions for Mental Disease (IMD) for use by clients in under-equity counties.

5. Up to $500,000 of the unexpended balance, as of June 30, 1989, of the amount appropriated for Item 5180-151-001 by the Budget Act of 1988 may be reappropriated to Item 5180-001-001 to fund a workload study of the Child Welfare Services and Adoption Programs.
6. The Department of Social Services shall convene an interagency task force to assist in planning Family Support Act implementation. Members of the task force shall include child care, adult education and basic education, vocational training, and fiscal experts from the State Department of Education, the community colleges, the Employment Development Department, the State Job Training Coordinating Council, and any other department impacted by the Family Support Act. Representatives from the Department of Social Services shall include staff from AFDC Policy, GAIN, and fiscal policy areas of the department.
7. The Department of Social Services shall enter into written agreements with the State Department of Education and any other impacted departments to the extent necessary to meet federal requirements for the claiming of federal funds for remedial education and child care, vocational education, and any other services or administrative activities that may be eligible for federal reimbursement.

Item	Amount
The agreements shall include all of the following: a. Roles and responsibilities of each department. b. How the administrative costs associated with the additional duties shall be paid for. c. Types and frequency of reports required from the departments that are primarily responsible for ensuring that the particular services are provided. d. Monitoring activities for compliance with federal and state laws and regulations as necessary. e. Deadlines for claims submittals. 8. The Department of Social Services shall periodically brief the GAIN Oversight Committee on its implementation efforts and provide copies of the formal agreements to the JOCGI. The initial briefing shall occur no later than October 15, 1989, and shall include the administration's proposal for the implementation of transitional child care provisions of the Family Support Act.

Provisions:

1. No funds appropriated by this item shall be encumbered unless every rule or regulation adopted and every all-county letter issued by the Department of Social Services which adds to the cost of any welfare program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter which would increase the costs of a welfare program, the Director of Finance shall consider the amount of the proposed increase on an annualized basis, the effect such change would have on the expenditure limitations for such program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, or any additional factors relating to the fiscal integrity of such program or the state's fiscal situation.

   Notwithstanding the provisions of Sections 26.00 and 28.00, the availability of funds contained in this item for welfare rules, regulations, or all-county letters which add to program costs

Item Amount

funded from the General Fund in excess of $500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (a) specifically required as a result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Director of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

Funds appropriated in this item are for welfare programs as they exist on July 1, 1989, consisting of state and federal statutory law, regulations, and court decisions, if funds necessary to carry out such decisions are specifically appropriated in this act.

For purposes of this provision "welfare" shall mean those program elements under "Welfare Program Operations," as found in the Governor's Budget and consistent with definitions used in the California Fiscal Information System (CFIS).

2. The Department of Social Services shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth herein, and so that the amount authorized to be expended in Program 10.04, Aid to Families with Dependent Children program shall fully cover the state share of aid payments and for services under such programs for the 1989–90 fiscal year.
3. There is hereby established for the next two quality control review periods, a dollar error rate standard of 4 percent, pursuant to Section 15200.4 of the Welfare and Institutions Code.

For the purposes of state sanctions pursuant to Section 15200.4 of the Welfare and Institutions Code, the error rate estimate that shall be used to measure the quality performance of

Item Amount

each county shall be the low point estimate of the confidence interval estimated by combining the results from the two quality review samples conducted during the two subsequent quality review periods.

Amounts realized from the counties as the result of a state fiscal sanction shall first be applied as an offset to the state's share of Program 10.04, Payments for Children. To the extent that this application results in a surplus to the General Fund appropriation for that program, such surplus shall revert to the General Fund.

4. The Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any rule or regulation adopted and any all-county letter issued in Program 10.04, Payments for Children, as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court decision, during the 1989–90 fiscal year which are within or in excess of amounts appropriated in this act for that year.

   If the Director of Finance determines that the estimate of expenditures will exceed the expenditures authorized for Program 10.04, Payments for Children, the director shall so report to the Legislature. At such time as the report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

5. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $113,000,000 shall be made available from the General Fund from funds not otherwise appropriated, to cover the federal share of costs for the Aid to Families with Dependent Children program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.

6. Pursuant to subdivision (b) of Section 903.7 of the Welfare and Institutions Code, the Department of Social Services shall authorize the quarterly transfer of the state share of collections at-

Item Amount

tributable to Sections 903, 903.4, and 903.5 of the Welfare and Institutions Code to the Foster Children and Parent Training Fund. From these collections, and prior to any transfer of funds, there shall be a deduction for the appropriate amount of county child support collection incentives.

7. Of the amount appropriated in this item, $17,161,000, consisting of $13,800,000 from the General Fund and $3,361,000 from the Federal Trust Fund, is to adjust foster care group home rates, contingent upon the enactment of legislation establishing a group home ratesetting system that reimburses group home providers according to a fixed schedule of rates.
8. It is the intent of the Legislature that the Department of Health Services and the Department of Social Services work with the counties to reduce error rates in determining eligibility for AFDC and Medi-Cal by at least 0.5 percent. The Department of Social Services shall report to the Legislature, no later than March 1, 1990, on (1) error rates in each county and the AFDC and Medi-Cal costs resulting from eligibility errors in any counties whose error rate exceeds the statewide average, (2) efforts of both departments to work with counties whose error rates exceed the statewide average, and (3) an assessment of what, if any, additional resources would be necessary to reduce statewide error rates by 0.5 percent.
9. Of the amount appropriated in this item, $9,700,000, consisting of $7,800,000 fromthe General Fund and $1,900,000 fromthe Federal Trust Fund, is to provide a clothing allowance of up to $200 per year per child, for each child placed in a foster family home.

(c) Amount payable from the State Legalization Impact Assistance Grant (Allocation from Control Section 23.50) ..... —1,985,000

Provisions:

1. The Department of Social Services may act in the place of any county and assume direct responsibility for the administration of eligibility and grant determination. Upon recommendation of the Director of Social Services, the Director of Finance may authorize the transfer of funds from Items 5180-141-001 and 5180-141-890, to Items 5180-001-001 and 5180-001-890 for this purpose.

2. During the 1989–90 fiscal year, pursuant to Sections 15204.5 and 18906 of the Welfare and Institutions Code, the Department of Social Services shall continue the implementation of a plan whereby costs for county administration for AFDC and Food Stamp Programs will be effectively controlled within the total state funds appropriated for Program 10.20, County Administration.

   Notwithstanding any provisions of the Welfare and Institutions Code to the contrary, the total amount of state funds available to the counties for administration of the programs specified in Program 10.20, County Administration, shall be limited to the amount appropriated for that program.

3. Notwithstanding any other provisions of law, the Department of Social Services may withhold state financial support of a county's automated welfare operations if the county does not provide a fiscal accounting of such operations in the form and manner as may be requested by the department. Provided further, that the Department of Social Services may enter into an agreement with a county wherein state financial support for the development or modification of

	4. Provision 1 of Item 5180-101-001 is also applicable to this item.	
	5. Of the funds appropriated in this item for costs of administering the Special Circumstances Program, the department shall limit state reimbursement for an individual county's administrative costs to 100 percent of the county's total benefit expenditures, or actual administrative costs, whichever is less.	
	6. When performance refinements and modifications to a county EDP system are needed to meet Statewide Automated Welfare System (SAWS) requirements that will benefit additional counties, the Department of Social Services may pay the first counties' share of administrative costs incurred for those modifications. The department is restricted to paying for the first counties' share for no more than five SAWS systems.

Provisions:

1. The amounts contained in this schedule are for Social Services Programs, for the cost of special social services programs for which federal grants in aid are made to the state; for grants or services to local agencies for the extension of child welfare services as provided by Chapter 5 (commencing with Section 16500) of Part 4 of Division 9 of the Welfare and Institutions Code; for the cost of the adoption programs and care of children, to be expended in accordance with the provisions of Chapter 2 (commencing with Section 16100) of Part 4 of Division 9 of the Welfare and Institutions Code; for the costs incurred by counties, including, but not limited to, the required county funds, for in-home supportive services as provided by Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, and for prevention of child abuse and neglect as provided by Chapter 11 (commencing with Section 18950) of Part 6 of Division 9 of the Welfare and Institutions Code.
2. Provision 1 of Item 5180-101-001 is also applicable to this item.
3. Notwithstanding Chapter 1 (commencing with Section 18000) of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $22,800,000 may be made available from the General Fund from funds not otherwise appropriated upon the approval of the Director of Fi-

nance to cover the federal share of costs for the In-Home Supportive Services Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.

4. The amount appropriated in Item 5180-151-001(b)(2), Program 20.35.240-Maternity Care, is appropriated in lieu of the amounts which would otherwise be appropriated pursuant to Sections 16148 and 16151 of the Welfare and Institutions Code. In subcategory (2) of category (b), $88,000 is to provide a 4.61 percent cost-of-living adjustment for licensed maternity home care providers.
5. Budgets for approved county plans shall clearly identify the amount necessary to meet the child care needs of GAIN participants. The Department of Social Services shall not approve any county request to use child care funds for any other purpose without providing written notification to the Legislature of the request. Approval of such a request may not occur any earlier than after 30 days' written notification to the Joint Legislative Budget Committee and the Joint Committee on the Oversight on GAIN.
6. Recognizing that the availability of child care is essential to economic self-sufficiency, it is the intent of the Legislature to fund child care services as necessary to support the goal of full employment.

   When a child care provider under contract with the State Department of Education (SDE) provides child care services to GAIN participants who are enrolled in a GAIN component or awaiting enrollment in a GAIN component, the county welfare department shall reimburse the provider for the cost of that child care.

   Children receiving services under an SDE contract, whose parents subsequently become GAIN participants, shall continue to receive services paid by the SDE contract until such time as the parents are no longer income-eligible for the subsidy.

   An SDE provider shall not be compensated by both SDE and a county welfare department for

the same service to the same person for the same time-period.

The Department of Social Services and SDE shall enter into a memorandum of understanding that specifies a maintenance-of-effort requirement by SDE programs for AFDC recipients. This memorandum of understanding shall use data collected by SDE and certified by the Auditor General.

7. The Director of Finance may authorize the transfer of amounts from this item to Item 5180-001-001, Program 20 Social Services programs, in order to allow the state to perform the adoption programs function in the event the counties fail to perform such functions.
8. Of the amount appropriated for Item 5180-151-001, Budget Act of 1988, the unexpended balance, as of June 30, 1989, up to $500,000, may be reappropriated to Item 5180-001-001 to fund a workload study of the Child Welfare Services and Adoption Programs.
9. For fiscal year 1989–90, funds appropriated by this item shall be used to continue to contract with the existing eight pilot projects which provide Intensive In-home Services to families referred by county welfare departments who have children who would otherwise be placed in foster care. The Office of Child Abuse Prevention shall complete the final evaluation of the pilot projects funded pursuant to Section 18964 of the Welfare and Institutions Code by January 10, 1990, and the Department of Finance shall, in its annual budget submission for fiscal year 1990–91, recommend either elimination of the projects or continuation or expansion of the projects on a permanent basis.
10. Of the amount appropriated in this item, $1,000,000 shall be used to expand the Deaf Access Assistance Program into counties not currently served.

Schedule:		
(a) 21-Institution Program	9,091,000	
(b) 31-Community Correctional Program	16,319,000	

Provisions:

1. The amount appropriated by this item is provided for the following purposes:
   a. To pay the transportation costs of prisoners to and between state prisons, including the return of parole violators to prison and for the conveying of persons under provisions of Division 3 (commencing with Section 3000) of the Welfare and Institutions Code and the Western Interstate Corrections Compact (commencing with Section 11190 of the Penal Code), in accordance with the provisions of Section 26749 of the Government Code. Provided, that claims filed by local jurisdictions shall be filed within six months after the end of the month in which such transportation costs are incurred; and provided further, that expenditures shall be charged to either the fiscal year in which the claim is received by the State Controller or the fiscal year in which the warrant is issued by the State Controller.

      Provided further, that claims filed by local jurisdictions directly with the State Controller may be paid by the Controller.

   b. To pay the expenses of returning fugitives from justice from outside the state, in accordance with the provisions of Sections 1389, 1549 and 1557 of the Penal Code. Provided, that expenditures shall be charged to either the fiscal year in which the claim is received by the State Controller or the fiscal year in which the warrant is issued by the State Controller, and any restitution received by the state for such expenses be credited to the appropriation of the year in which the State Controller's receipt is issued.

      Provided further, that claims filed by local jurisdictions directly with the State Control-

c. The Department of Corrections, with the approval of the Department of Finance, may transfer funds from Item 5240-101-001, Schedule (a) to Item 5240-001-001, Schedule (a), to pay for private vendor contract costs for transportation of prisoners or fugitives, and subject to Provisions (a) and (b) of Item 5240-101-001.

d. To pay court costs and county charges, payable under Sections 4700.1, 4750–4755 and 6005 of the Penal Code. Provided, that claims shall be filed by local jurisdictions within six months after the end of the month in which a service is performed by the coroner, a hearing is had on the return of a writ of habeas corpus, the district attorney declines to prosecute a case referred by the Department of Corrections, a judgment is rendered for a court hearing or trial, an appeal ruling is rendered for the trial judgment, or an activity is performed as permitted by these sections; and provided further, that expenditures shall be charged to either the fiscal year in which the claim is received by the State Controller or the fiscal year in which the warrant is issued by the State Controller.

Provided further, that claims filed by local jurisdictions directly with the State Controller may be paid by the Controller.

e. To reimburse counties for the cost of detaining state parolees pursuant to Section 4016.5 of the Penal Code. However, claims shall be filed by local jurisdictions within six months after the end of the month in which the costs are incurred. Claims for retroactive rate adjustments to original claims are exempt from this six months' limitation. Expenditures shall be charged to either the fiscal year in which the claim is received by the Department of Corrections or the fiscal year in which the warrant is issued by the State Controller.

The Department of Corrections, with the approval of the Department of Finance, may transfer funds from Item 5240-101-001, Schedule (b) to Item 5240-001-001, Schedule (b) for the purpose of contracting with private pro-

However, claims shall be filed by local jurisdictions within six months after the end of the month in which the costs are incurred.	
	3. Of the amount appropriated within Schedule (c), $3,705,000 is available to reimburse counties for the cost of the detention of Youth Authority parolees, who are detained on alleged parole violations, pursuant to Section 1776 of the Welfare and Institutions Code, provided, that expenditures made under this item shall be charged to either the fiscal year in which the claim is received by the State Controller or the fiscal year in which the warrant is issued by the State Controller. However, claims shall be filed by local jurisdictions within six months after the end of the month in which the costs are incurred.	
	4. Of the amount appropriated within Schedule (a), $67,298,000 is provided to support the County Justice System Subvention Program in accordance with Article 7 (commencing with Section 1805) of Chapter 1 of Division 2.5 of the Welfare and Institutions Code. Notwithstanding any other provision of law, and county receiving funds from the County Justice System Subvention Program shall use those funds in the 1989–90 fiscal year for the purposes specified in Section 1806 of the Welfare and Institutions Code.

(c)	Amount payable from the Lottery Education Fund (Item 6110-006-814)	−150,000

Provisions:

1. On or before January 15 of each year the superintendent of each State Special School shall report to each district the number of pupils from that district that are attending a State Special School, and the estimated payment due on behalf of the district for those pupils pursuant to Education Code Section 59300. The State Controller shall withhold from the State School Fund in the first principal apportionment of that fiscal year the amount due from each school district as reported to the Controller by the Superintendent of Public Instruction. The amount withheld shall be transferred from the State School Fund to Item 6110-006-001 which supports the State Special Schools. The Superintendent of Public Instruction is authorized to adjust the estimated payments required after the close of the fiscal year by reporting to the State Controller the information needed to make the adjustment.
2. Of the amount appropriated in this item, $362,000 shall be available for the assessment centers at the State Special Schools.
3. Of the funds appropriated in this item, $250,000 is for reimbursement to Item 6110-001-001 for the purpose of a study to review the mission, cost effectiveness, and staffing of the state special schools. The review shall include a comparison of the state special schools with the other state funded options for serving severely or multiply handicapped students, including programs provided by nonpublic schools as well as the special education local plan areas, with respect to the characteristics of the populations served and the costs and cost effectiveness of the provision of services. The Department of Education, in consultation with an advisory committee composed of representatives of the policy and fiscal committees of the Legislature, the Office of the Legislative Analyst, the deaf and blind communities, and the State Department of Finance shall expend these funds for the purpose of contracting, through a competitive bid process,

with an organization deemed qualified and competent to conduct this review. The advisory committee shall assist in the development of a request-for-proposal and the selection of the contractor. Up to $2,500 of the amount may be expended by the Department of Education to pay for overhead costs associated with supervision of the contract. The contractor shall, for purposes of this study, convene a technical committee of individuals with expertise in the education of the deaf, blind, and neurologically handicapped to provide advice on the educational needs of handicapped children. The contractor shall evaluate, as part of the study, the information compiled by the Department of Finance regarding diagnostic schools. The contractor shall also estimate the potential impact of children born to mothers who are substance abusers, or children with a high morbidity rate, with respect to the future placements in the state special schools in comparison to the overall educational system. The contractor shall submit an interim report to the Legislature by August 1, 1990, and a final report by October 1, 1990.

Item		Amount
(e)	Program 10.10.011—School Apportionments, for summer school programs, for the purposes of Section 42239 of the Education Code.....	95,987,000

Provisions:

1. Funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1989–90 fiscal year pursuant to Sections 14002, 14004, and 41301 of the Education Code, an amount as needed, in addition to sums accruing to Section A of the State School Fund from other sources for the purposes specified herein, for apportionment pursuant to Section 42238, Section 42239, and Sections 42240 and 42240.1 of the Education Code.
2. Notwithstanding Section 8154 of the Education Code, or any other provision of law, the funds specified in Schedule (d) of this item shall be the only funds available for and allocated by the Superintendent of Public Instruction for the apprentice programs operated by school districts and county offices of education.
3. Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of $3.76 per hour. For purposes of this division, each hour of teaching time may include up to 10 minutes for passing time and breaks.
4. (a) No school district or county office of education shall use funds available under Schedule (d) to offer any new or expanded apprentice program(s) unless that program(s) has been approved by the Superintendent of Public Instruction.
   (b) Upon the approval of the Superintendent of Public Instruction, school districts and county offices of education may use funds available under Schedule (d) for an apprentice program that is transferred to the

Item Amount

school district from a community college district in 1989–90.

(c) For any apprentice program offered pursuant to Section 8152 of the Education Code that is transferred from K–12 school district or a county office of education to a community college district in 1989–90, the Controller, upon certification by the Superintendent of Public Instruction, shall transfer, prior to the first or second principal apportionment, as appropriate, from Schedule (d) of this item to Schedule (a) of Item 6870-101-001 an amount equal to the number of hours for which the apprentice program received funding in 1988–89 times $3.76.

(d) The Director of Finance may approve any transfer authorized by this provision, provided that such transfer may not be authorized sooner than 30 days after the notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.

5. The Superintendent of Public Instruction shall report to the Department of Finance and the Legislature no later than October 1, 1989, on the amount of funds expended for and the hours of related and supplemental instruction offered in the apprentice program during the 1988–89 fiscal year, with information to be provided by school district, county office of education, program sponsor, and trade. Expenditure information shall distinguish between direct and indirect costs, including administrative costs funded for the Department of Education, school districts, and county offices of education. In addition, the report shall identify the hours of related and supplemental instruction proposed for the 1989–90 and 1990–91 fiscal years by school district, county office of education, program sponsor, and trade. As a condition of receiving funds for the apprenticeship program, K–12

Item Amoun-

school districts and county offices of education shall report to the Superintendent of Public Instruction the information necessary for the completion of this report.

6. Notwithstanding Article 8 (commencing with Section 8150) of Chapter 1 of Part 6 of the Education Code, or any other provision of law, the total number of hours eligible for reimbursement in apprentice programs operated by K–12 school districts and county offices of education shall be limited to an amount equal to the total appropriation specified in Schedule (d) of this item divided by the hourly rate specified in Provision 3 and as adjusted by Provision 4(b). The Superintendent of Public Instruction shall have the authority to determine which apprentice programs, and which hours offered in such programs, are eligible for reimbursement.
7. Notwithstanding any other provision of law, the county superintendent shall reduce the total revenue limit computed pursuant to Section 42238 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the 1989–90 fiscal year.

   The reduction shall be calculated as follows:

   (a) Determine the amount of employer contributions which would have been made in the 1989–90 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1989–90 fiscal year.

   For purposes of this calculation, no school district shall have a contribution rate higher than 13.020 percent.

   (b) Subtract from the amount determined in subdivision (a) the actual amount of employer contributions made to the Public

Item Amount

Employees' Retirement System in the 1989–90 fiscal year.

(c) For the purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above;

(1) Positions supported totally by federal funds which are subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(3) Positions supported, to the extent of employer contributions not exceeding $25,000 by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

It is the intent of the Legislature to make adjustments to school district revenue limits for the 1989–90 fiscal year to reflect savings that these districts will realize in the contributions to the Public Employees' Retirement System due to a reduced contribution rate for the 1989–90 fiscal year.

8. (a) Notwithstanding paragraph (2) of subdivision (d) of Section 42239 of the Education Code, or any other provision of the law, for the 1989–90 fiscal year a school district's maximum entitlement for pupil attendance in summer school programs offered pursuant to paragraph (2) of subdivision (d) of Section 42239 of the Education Code shall be an amount equal to 7 percent of the district's enrollment for the prior year, times 120 hours, times the hourly rate for the 1989–90 fiscal year determined pursuant to subdivision (c) of Section 42239 of the Education Code.

Item Amount

(b) Notwithstanding paragraph (2) of subdivision (d) of Section 42239 of the Education Code, or any other provision of the law, the Superintendent of Public Instruction shall reallocate to any school district any unexpended balance of the appropriations made for the 1989–90 fiscal year for reimbursement for actual pupil attendance in summer school programs authorized under paragraph (2) of subdivision (d) of Section 42239 of the Education Code that exceeds the maximum reimbursement that is available under subdivision (b) of this provision. In no event shall any district receive reimbursement for pupil attendance in summer school programs in excess of 10 percent of the district's enrollment for the prior year, times 120 hours, times the hourly rate for the 1989–90 fiscal year determined pursuant to subdivision (c) of Section 42239 of the Education Code

(c) Of the funds received pursuant to subdivisions (a) and (b) of this provision, priority shall be given to providing classes for students who have failed any core curriculum course, or who have accumulated fewer course credits toward graduation than the average student of equivalent age or grade level as determined by the local governing board. Funds also shall be provided to help students meet college entrance requirements.

(d) As a condition of receiving funds pursuant to subdivisions (a) and (b), the county superintendent shall report to the Superintendent of Public Instruction on or before November 15, 1989, the number of students who attended each class and the number and type of classes conducted.

(e) Notwithstanding subdivision (e) of Section 42239 of the Education Code, for the 1989–90 fiscal year, the Superintendent of Public Instruction shall allocate a minimum of $5,800 for supplemental summer school programs in those districts whose prior year enrollment was less than 500 and that, in

Item Amount

the 1989–90 fiscal year, offer at least 1,500 hours of supplemental summer school instruction. A small school district, as defined above, that offers less than 1,500 hours of supplemental summer school offerings shall receive a proportionate reduction in its allocation. For the purpose of this provision, supplemental summer school programs shall be defined as programs authorized under paragraph (2) of subdivision (d) of Section 42239 of the Education Code.

9. (a) From funds appropriated by this item, the State Department of Education is authorized to pay the United States Department of Education an amount not to exceed $203,339 in final settlement of the final audit determination issued by the State Department of Education on behalf of the U.S. Department of Education as prescribed by the U.S. Office of Management and Budget Circular A-102. Attachment P (Single Audit) and identified under federal audit ACN 09-41535. The State Department of Education shall reduce the revenue limit apportionment amount otherwise to be provided to the school district identified in the audit by the amount owing.

The amount which is repaid to the state under the provisions of Section 459 of the General Education Provisions Act (20 U.S.C. 1234h) shall be apportioned to the district in accordance with any grant-back plan submitted by the district and the State Department of Education and approved by the United States Department of Education.

(b) For federal audit actions which became final by entry of judgment or final administrative decision on or after July 1, 1987, and which required repayment of funds to the federal government by the State Department of Education for federal audit exceptions based on findings in any school district or any other agency receiving such federal funds through the State Department of Education, the amount of such repayments,

Item Amount

with interest due the federal government, may be deducted from the apportionment made to those districts or agencies by the Superintendent of Public Instruction from the funds appropriated by this item. The amount which is repaid to the state under the provisions of Section 459 of the General Education Provisions Act (20 U.S.C. 1234h) shall be apportioned to the district in accordance with any grantback plan submitted by the district and the State Department of Education and approved by the United States Department of Education.

10. Notwithstanding subdivision (b) of Section 46200 of the Education Code, for any school district which received an apportionment pursuant to subdivision (a) of Section 46200 of the Education Code and which offers less than 180 days of instruction in the 1989–90 fiscal year, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for 1989–90 by an amount attributable to the increase received pursuant to subdivision (a) of Section 46200, as adjusted by subsequent inflation adjustments and increases in ADA.
11. Notwithstanding any other provision of law, for the purpose of calculating entitlements for revenue limit apportionments, the Superintendent of Public Instruction shall increase the number of units of average daily attendance (ADA) for the Victor Valley Union High School District by 300 units in the 1987–88 fiscal year only. In each of the fiscal years 1988–89 through 1992–93, the superintendent shall reduce the district's numbers of units of ADA by 60 units below the level that the district would otherwise be entitled to claim. It is the intent of the Legislature to assist the district in overcoming the severe impacts on its cash flow of a reorganization election which reduced the district's ADA by 70 percent for the 1987–88 fiscal year. It is further the intent of the Legislature that such assistance be provided at no net cost to the state.
12. (a) At such time as the Superintendent of Public Instruction certifies principal ap-

portionments for the year, the Controller shall transfer, from Schedule (a) of this item to Schedule (a) of Item 6110-111-001, an amount equal to transportation aid pursuant to Section 42240 for school districts choosing to reflect small school district transportation aid in their transportation budget appropriation.

(b) The Director of Finance may approve any transfer authorized by this provision, provided that such transfer may not be authorized sooner than 30 days after the notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.

15. Of the funds appropriated in subschedule (e) of this item, $580,000 is for transfer to the California State Summer School for the Arts, Item 6255-001-001.

16. (a) No school district may receive apportionments from this item for pupils 19 or older for average daily attendance in excess of the number of units of average daily attendance generated by these pupils in the 1988–89 fiscal year.

(b) Each school district claiming apportionments for units of average daily attendance earned through independent study shall report to the Superintendent of Public Instruction on or before November 1, 1989, the number of units of average daily attendance earned through independent study in the 1988–89 fiscal year for pupils aged 19 or older as of December 31, 1988. The reported data shall be subject to audit by the Auditor General. The Superintendent of Public Instruction shall reduce apportionments to school districts by an amount equal to twice the base revenue limit per average daily attendance multiplied by the number of units of average daily attendance that the Auditor General

Item Amount

identifies as having been reported inaccurately, if the Auditor General finds that the reports have not generally been prepared accurately and in accordance with prudent management standards.

(c) On or before February 15, 1990, the Superintendent of Public Instruction shall report to the Legislature the number of units of average daily attendance claimed for independent study for the 1988–89 and 1989–90 fiscal years. The report shall identify the number of units of average daily attendance for pupils by the following age groups: (1) 21 or older; (2) under 19; (3) 19 and 20, who have been continuously enrolled since their eighteenth birthday; and (4) 19 and 20, who have not been continuously enrolled since their eighteenth birthday. For age group categories (1) and (4), the report shall indicate the number of units of average daily attendance that were served in dropout prevention and recovery programs in either educational clinics or alternative education work centers. School districts shall report to the State Department of Education in a time and manner specified by the Superintendent of Public Instruction as necessary to compile the report required by this provision.

(d) The Superintendent of Public Instruction shall notify each school district that the Legislature and Governor intend to enact program and fiscal reforms concerning independent study programs for adults which will probably become effective July 1, 1990, and which will impose new fiscal or program restrictions on these programs.

(e) It is the intent of the Legislature that the cap on pupils enrolled in independent study shall be continued in subsequent fiscal years, unless necessary program and fiscal reforms are enacted in the 1989 portion of the 1989–90 Regular Session. The reforms shall provide equity in funding for adults regardless of instructional mode. It

is further the intent of the Legislature that if the reforms are not enacted, the funding shall be reduced, over a three-year period beginning in fiscal year 1990–91, to the statewide average level per average daily attendance paid for pupils in adult education programs, with the savings generated by this reduction to be redirected to adult education programs.

17. The State Department of Education shall conduct a review of the practices of all districts and county offices with regard to claims for apportionments for attendance of pupils who are inmates of county jails, county honor farms, or county industrial farms, and shall review all related statutes and report their findings to the Joint Legislative Budget Committee and fiscal subcommittees prior to the budget hearings for fiscal year 1990–91. The report shall include recommendations for changes to resolve any inconsistencies or misuse of funds If statutory changes are not enacted to address any problems identified in the study prior to fiscal year 1990–91, it is the intent of the Legislature to adopt provisions which will eliminate any misuse of funds, and will clarify the existing statutes with regard to the use of funds from this item for independent study
18. It is the intent of the Legislature that no administrative action by the State Department of Education shall reduce the apportionment per unit of average daily attendance for programs for the education of inmates in county jails below the lesser of (1) the rate earned for such unit of average daily attendance in the 1988–89 fiscal year, or (2) the 1989–90 fiscal year average revenue limit per unit of average daily attendance for unified districts. It is the further intent of the Legislature that 1989–90 fiscal year apportionments pursuant to this paragraph be based on the lesser of the number of units of average daily attendance in fiscal year 1988–89 or 1989–90.
19. For the purpose of computing the 1989–90 advance apportionments pursuant to Section 41330 of the Education Code, the 1988–89 second principal apportionment property tax rev-

	(b) 20-Instructional support	1,436,000
	Provisions:	
	1. Of the funds appropriated by this item, $300,000 shall be allocated as a grant by the Superintendent of Public Instruction to a private, nonprofit foundation for the purpose of conducting a program on youth and the administration of justice in at least 150 school districts. These funds shall be allocated in four equal installments during the 1989–90 fiscal year on September 1, December 1, February 1, and May 1.

6110-102-001—For local assistance, Department of Education for transfer to Section A of the State School Fund, for the purposes of Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code, Program 10.10.004—School Apportionments, Regional Occupational Centers and Programs	220,562,000

Provisions:

1. Notwithstanding any provision of law to the contrary, the funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1989–90 fiscal year pursuant to Sections 14002 and 14004 of the Education Code, an amount as needed for apportionment pursuant to Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code.
2. Funds appropriated in this item shall be apportioned by the Superintendent of Public Instruction pursuant to Article 1.5 (commencing with Section 52335) of Chapter 9 of Part 28 of the Education Code.
3. Because Chapter 482, Statutes of 1984 was chaptered after Chapter 268, Statutes of 1984, the Legislature's intent regarding the eligibility of Regional Occupational Centers and Programs for incentive funding for a longer instructional year under Section 46200 of the Education Code was not carried out. It is the intent of the Legislature that Regional Occupational Centers and Programs not be eligible for such incentive funding.

   Notwithstanding any other provision of law to the contrary, none of the funds appropriated in this item are for the purposes of providing or continuing incentive funding for a longer instructional year pursuant to Section 46200 of the Education Code.
4. Of the amount appropriated in this item, $5,096,000 shall be available for funding growth in allowable levels of average daily attendance.
5. Notwithstanding any other provision of law, funds appropriated in this item for average daily attendance (ADA) generated by participants in

the Greater Avenues for Independence Program established by Chapter 1025 of the Statutes of 1985 may be apportioned on an advance basis to local education agencies based on expected units of ADA if a prior application for this additional ADA funding has been approved by the Superintendent of Public Instruction.

6110-106-001—For local assistance, Department of Education, for transfer to Section A of the State School Fund, for the purposes of Sections 1909, and 2558 of the Education Code, Program 10.10.005—County Offices of Education School Apportionment..... 119,708,000

Provisions:

1. Notwithstanding any provision of law to the contrary, the funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1989–90 fiscal year pursuant to Sections 14002 and 14004 of the Education Code, an amount as needed for apportionment pursuant to Article 3 (commencing with Section 2550) of Chapter 12 of Part 2, of the Education Code, excluding amounts for Regional Occupational Centers and Programs operated by County Superintendents of Schools.
2. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this item and in subschedule (a) (5) of Item 6110-226-001 shall be the maximum amount allocated for the purposes of Article 3 (commencing with Section 2550) of Chapter 12 of Part 2 of the Education Code.
3. Notwithstanding any other provision of law, the county superintendent shall reduce the total revenue limit computed pursuant to Section 2558 of the Education Code by the amount of the decreased employer contributions to the Public Employees Retirement System resulting from the applicable employer contributions rate reductions made through the 1989–90 fiscal year, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employ-

Item Amount

ees' Retirement System. The reduction shall be calculated as follows:

(a) Determine the amount of employer contributions which would have been made in the 1989–90 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1986–87 fiscal year.

(b) Subtract from the amount determined in subdivision (a) the actual amount of employer contributions made to the Public Employees' Retirement System in the 1989–90 fiscal year.

(c) For the purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(1) Positions supported totally by federal funds which are subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(3) Positions supported, to the extent of employer contributions not exceeding $25,000 by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

It is the intent of the Legislature to make adjustments to county office of education revenue limits for the 1989–90 fiscal year to reflect savings that these districts will realize in the contributions to the Public Employees' Retirement System due to a reduced contribution rate for the 1989–90 fiscal year.

Item Amount

8. It is the intent of the Legislature to adjust the revenue limits of the county offices of education in order to reflect savings that these agencies have realized in their contributions to the Public Employees' Retirement System due to reductions in the contribution rate due to the enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates. It is the further intent of the Legislature that this adjustment be phased in over a three-year period, with the full amount of the adjustment to be incorporated in the revenue limits of the county offices of education in the 1991–92 fiscal year.
9. The State Department of Education shall conduct a review of the practice of all districts and county offices with regard to claims for apportionments for attendance of pupils who are inmates of county jails, county honor farms, or county industrial farms, and shall review all related statutes, and report their findings to the Joint Legislative Budget Committee and fiscal subcommittees prior to the budget hearings for fiscal year 1990–91. The report shall include recommendations for changes to resolve any inconsistencies or misuse of funds. If statutory changes are not enacted to address the problems identified in the study prior to fiscal year 1990–91, it is the intent of the Legislature to adopt provisions which will eliminate any misuse of funds, and will clarify the existing statutes with regard to the use of funds from this item for independent study.
10. It is the intent of the Legislature that no administrative action by the State Department of Education shall reduce the apportionment per unit of average daily attendance for programs for the education of inmates in county jails below the lesser of (1) the rate earned for such unit of average daily attendance in the 1988–89 fiscal year, or (2) the 1989–90 fiscal year average revenue limit per unit of average daily attendance for unified districts. It is the further intent of the Legislature that 1989–90 fiscal year apportionments pursuant to this paragraph be based on the lesser of the number of

	units of average daily attendance in fiscal year 1988–89 or 1989–90.	
11.	The State Department of Education shall report to the Legislature by January 1, 1990, on community schools. This report shall include an estimate of the number of students attending community schools in 1988–89 in each county, broken down by the reason for that attendance as follows: (1) on probation, (2) expelled from school, (3) referred by a SARB, and (4) referred by a probation officer (but not actually on probation). For students in categories (1) and (4), the department shall develop county-by-county estimates of the average number of minutes per month of probation officer contact. The estimates may be based on statistically valid sampling procedures. The report also shall include (1) data on the prior school placements of community school students and (2) information to determine why the program has grown statewide over the past five years.	
12.	Notwithstanding any other provision of law, and county superintendent of schools operating juvenile court school, county group homes; and institutions' schools or community schools, or both, shall establish, not later than July 1, 1989, an account in their general fund, to be known as the juvenile court and community school account, and shall deposit all funds derived from the operation of juvenile court, county group home and institutions' schools, and community schools into that account Expenditures from the juvenile court and community school account shall be limited to (1) those expenditures defined as direct costs of instructional programs by the California State School Accounting Manual; (2) expenditures which are defined as documented direct support costs by the California State School Accounting Manual, excepting that costs charged for probation officers shall be limited to not more than the number of full time equivalent probation officers paid for by the county office of education during 1987–88 fiscal year; (3) expenditures which are defined as allocated direct support costs by the California State

School Accounting Manual; and (4) other expenditures for support and indirect charges, provided that these charges may not exceed 10 percent of the sum of the expenditures in (1), (2), and (3). Expenditures which represent contract payments to other agencies for the operation of juvenile court and community school programs shall be included in the juvenile court and community school account and the contract costs distributed to the cost categories defined in (1), (2), (3), and (4) above. At the end of any given school year the net ending balance in the juvenile court and community school account may be distributed to a reserved account for economic contingencies or to a reserved account for capital outlay, provided that the combined total transferred does not exceed 15 percent of the previous year's authorized expenditures as specified above and also provided that funds placed in the reserved accounts shall only be expended for juvenile court, county group home and institutions, and community school programs. The net ending balance, except for those funds placed in a capital outlay fund, shall not exceed 15 percent of the previous year's expenditures. A county may accumulate over a period of two or more given school years, a net ending balance in the capital outlay reserved account of not more than 15 percent of the previous fiscal year's expenditures, under provisions of a resolution of the governing board. Funds in the capital outlay reserve are to be used for capital outlay only. The Superintendent of Public Instruction shall require an annual certification by county superintendents of schools, beginning in the 1988–89 fiscal year, that juvenile court, county group home and institutions and community school funds have been expended as provided above and shall withhold from the subsequent year's apportionment an amount equal to any ending balance in the juvenile court and community school account in excess of the transfers to reserves for economic contingencies and capital outlay as described above. The Auditor General shall review the costs reported by counties in the cost categories (1),	

Item Amount

(2), (3), and (4) defined above to determine if the amounts reported are appropriately attributable to the costs of the juvenile court and community school programs. Prior to beginning the audit, the Auditor General shall review the proposed audit plan with representatives of the Legislative Analyst's Office, the Department of Finance, and the State Department of Education. The results of this review shall be reported to the Joint Legislative Budget Committee, the Superintendent of Public Instruction, and the Department of Finance no later than December 1, 1989.

13. Notwithstanding any other provision of law, only pupils, excepting those permitted pursuant to subdivision (a) and (b) of Section 1981 of the Education Code, who are referred by the county probation department under Section 601 or 654 of the Welfare and Institutions Code after an individualized review and certification of the appropriateness of enrollment in the county group home and institution's school or county community school, shall be enrolled in county community schools. The individualized review shall include representatives of the court, the county department of education, the county probation department, and either the school district of residence or, in cases in which the pupil resides in a group home or institution, the school district in which the group home or institution is located, and, in each case, the school district representative must agree to the appropriateness of the proposed placement and pupils so placed must have a probation officer or other appropriate designee of the probation department assigned to their case.
14. Of the funds appropriated in this item, $35,000 shall be allocated to the Shasta County Office of Education for the purpose of the Shasta County Literacy Festival.
15. Of the amount appropriated in this item, $507,000 shall be used to pay the Federal Audit Claim for the Migrant Mini-Corps Program.
16. (a) Of the funds appropriated by this item, up to $100,000 shall be reserved for transfer by the Superintendent of Public Instruction to a county office of education which shall

	be responsible for preparing a base funding model report. (b) The county office of education shall establish a task force with a representative sample of urban, suburban, and rural county offices and school districts. In addition to these representatives, the task force shall include representatives from the Department of Education and education staff from legislative fiscal and policy committees. (c) The task force shall develop a base funding allocation model which would address the issues and recommendations in the report of the Governor's commission on educational quality. (d) The task force may use the 1976 funding model as a base for modifications and adjustments for current data. The task force shall not require or request any new data collection efforts and shall use only current available data. (e) The task force report shall be presented to the Joint Legislative Budget Committee, the Department of Finance, and the legislative fiscal and policy committees no later than January 1, 1990. The Legislative Analyst and the Director of Finance shall review the report and, within 90 days following its receipt, shall present to the Legislature their respective comments and recommendations regarding the report, as appropriate (f) The funds subject to this provision may be used for necessary travel, per diem, meetings, and overhead expenses. The reimbursement rates shall be no more than the state rates. (g) Every effort will be made to ensure that the ethnic/racial composition of the task force will reflect the current K–12 ethnic /racial distribution of K–12 students of the public schools in California.

(b) 20.60.030.020—For the purpose of making allowances for grades 7 to 12, inclusive 37,069,000

Provisions:

1. Funds appropriated by this item are for transfer by the Controller to Section A of the State School Fund for direct disbursement by the Department of Education in lieu of the appropriations made for the 1989–90 fiscal year pursuant to subdivisions (a) and (b) of Section 75 of Chapter 894 of the Statutes of 1977, for the purpose of making allowances for the School Improvement Program and notwithstanding the third paragraph of Section 87 of Chapter 894 of the Statutes of 1977, and pursuant to Article 4 (commencing with Section 52046) of Chapter 6 of Part 28 of the Education Code.
2. The Department of Education shall allocate the funds scheduled in category (b) above to each district eligible to receive an allowance on the basis of the per unit of average daily attendance amounts specified in subdivision (b) of Section 52046 of the Education Code, adjusted on a pro-rata basis to conform to the amounts scheduled above.

Item Amount

3. The Department of Education shall promote the legislative intent for equalized funding for kindergarten and grades 1 through 6 and allocate funds appropriated in category (a) above in accordance with Section 52048 of the Education Code.
4. Notwithstanding any other provisions of law, of the amount appropriated in category (b) above, $4,600,000 is for apportionment to school districts as determined by the Superintendent of Public Instruction for the purpose of funding implementation grants at a level of $30 per pupil in grades 7 and 8 to those districts which received School Improvement Program planning grants at that level during the 1988–89 fiscal year.
5. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this item and in Item 6110-226-001 for this program shall be the maximum amount allocated for the purposes of Chapter 6 (commencing with Section 52000) of Part 28 of Division 4 of the Education Code.

gory (c) shall be the maximum amount allocated for the purposes of Chapter 6 (commencing with Section 58800) of Part 31 of the Education Code.

2. Pursuant to subdivision (b) of Section 903.7 of the Welfare and Institutions Code, the Department of Social Services shall authorize the quarterly transfer of the state share of collections attributable to Sections 903, 903.4, and 903.5 of the Welfare and Institutions Code to the Foster Children and Parent Training Fund. From these collections, and prior to any transfer of funds, there shall be a deduction for the appropriate amount of county child support collection incentives. Notwithstanding the provisions of subdivision (c) of Section 903.7 of the Welfare and Institutions Code, if sufficient moneys are available in the Foster Children and Parent Training Fund, up to $1,000,000 shall be transferred from the Foster Children and Parent Training Fund to the unappropriated balance of the General Fund in reimbursement for expenditures made for the Foster Parent Training Program from appropriations of $900,000 of category (e) of Item 6870-101-001 and $100,000 contained in Item 6870-001-001 of this act. Any remaining funds in the Foster Children and Parent Training Fund shall be transferred to the unappropriated balance of the General Fund in reimbursement for expenditures made for the Foster Youth Services Program from the appropriation of $1,719,000 of category (a) of Item 6110-119-001.
3. Of the amount appropriated in category (a), $898,000 shall be allocated to the following school districts in the prescribed amounts: (1) Fullerton ($200,000), (2) Richmond ($200,000), (3) Solano ($325,000), and (4) Woodland ($173,000).

Item Amount

6110-120-001—For local assistance, Department of Education, Program 20.40.100—Pupil Dropout Prevention Program, High Risk Youth Liaison and Field Services for purposes of Article 6 (commencing with Section 52890) and Article 7 (commencing with Section 52900) of, Chapter 12 of Part 28 of, Article 7 (commencing with Section 54720) of Chapter 9 of Part 29 of, and Chapter 3.5 (commencing with Section 58550) of Part 31 of, the Education Code 12,250,000

Provisions:

1. Of the amount appropriated in this item, $8,000,000 shall be available for the funding of outreach consultants by up to 200 schools with motivation and maintenance program plans developed in accordance with Chapter 1431, Statutes of 1985.
2. Of the amount appropriated in this item, $2,000,000 shall be available for the funding of outreach consultants by up to 50 school districts with dropout recovery program plans developed in accordance with the Chapter 1431, Statutes of 1985.
3. Prior to any school or school district hiring an outreach consultant with funds appropriated in this item, such school or school district shall have adopted a plan, subject to review by the Superintendent of Public Instruction, which includes a statement describing the specific duties of the outreach consultant. Such duty statement shall provide that the outreach consultant must only perform activities which directly benefit "high-risk pupils" as defined in Section 54721 (c) of the Education Code. Each outreach consultant shall receive no more than forty thousand dollars ($40,000) annually.
4. Of the amount appropriated in this item, $1,900,000 shall be available for payments to certified educational clinics established in accordance with Chapter 3.5 (commencing with Section 58550) of Part 31 of the Education Code.
5. Of the amount appropriated in this item, $350,000 shall be available for grants to be awarded by the Superintendent of Public Instruction to schools for the purpose of implementing dropout prevention programs based upon model programs approved for use by the Department of Education.

Item Amount

6. The district of any school receiving funds pursuant to Provision 1 of this item shall collect and report data to the Superintendent of Public Instruction on student dropouts, as well as any other data deemed necessary by the superintendent to evaluate motivation and maintenance programs. This data shall be reported in a format, to be determined by the Superintendent of Public Instruction. Whenever feasible, the superintendent shall collect this data through the California Basic Educational Data System.

None of the funds appropriated in this item shall be used for activities related to the California-Local Education Reform Network (C-LERN) project, with the exception of those schools operating programs funded under the provisions of Chapter 1421 of the Statutes of 1985.

6110-121-001—For local assistance, Department of Education, Program 10.30.070 Economic Impact Aid. 196,952,000

Provisions:

1. Funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund for direct disbursement by the Department of Education, for the purposes of the Economic Impact Aid Program, pursuant to Chapter 1 (commencing with Section 54000) of Part 29 of the Education Code Of the funds appropriated in this item, an amount not to exceed $17,934,000 shall be allocated by the Superintendent of Public Instruction pursuant to Section 54041 of the Education Code to a limited number of districts that receive insufficient funds through the Economic Impact Aid formula to serve the number of pupils of limited English proficiency and other economically disadvantaged pupils that reside in the district. The dollar amounts specified in this provision shall be adjusted appropriately to reflect any additional funding provided in Item 6110-226-001 for a cost-of-living adjustment. No school district receiving funds from this item shall be allocated less than $5,000, adjusted annually and cumulatively from 1980–81 by the same percentage adjustment for cost of living as the Economic Impact Aid Program received.

Item Amount

6110-124-001—For local assistance, Department of Education, Program 10.80.010—Gifted and Talented, for the purposes of Chapter 8 (commencing with Section 52200) of Part 28 of the Education Code . 23,433,000

Provisions:

1. Funds appropriated by this item are for transfer by the Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for the 1989–90 fiscal year pursuant to Section 14002 of the Education Code.
2. Funds appropriated by this item are to be allocated and expended for gifted and talented programs designed, implemented, and administered by school districts. Funds shall be allocated, both with regard to state-to-district and district-to-school disbursements, pursuant to the allocation formulas for the Gifted and Talented Program in effect on June 29, 1988, and only to school districts that operated programs that met the identification criteria for the Gifted and Talented Program on June 29, 1988.
3. Funds appropriated by this item shall be used only for the general purposes of the Gifted and Talented Program as provided for in Chapter 8 (commencing with Section 52200) of Part 28 of the Education Code as that chapter read on June 29, 1988.

6110-126-001—For local assistance, Department of Education, Program 20.10.035—Miller-Unruh Reading Program 20,441,000

Provisions:

1. Funds appropriated by this item are for the Special Elementary School Reading Instruction Program pursuart to Chapter 2 (commencing with Section 54100) of Part 29 of the Education Code.
2. The State Department of Education shall establish a procedure to accept applications from any school district for participation in the Miller-Unruh Reading Program. This procedure shall provide first priority for any available funding to districts with the lowest California Assessment Program reading scores and district base revenue limits. Whenever the number of reading specialist positions funded by the program is re-

propriated by this item shall not be allocated to support more than 66 percent of the instructional costs of a demonstration program that has been in operation for a period of three years, nor more than 33 percent of the instructional costs of a demonstration program that has been in operation for four or more prior years; (2) in the 1990–91 fiscal year, funds appropriated by this item shall not be allocated to support more than 33 percent of the instructional costs of a demonstration program that has been in operation for a period of four years; and (3) in the 1990–91 fiscal year, funds appropriated by this item shall not be allocated to support the instructional costs of a demonstration program that has been in operation for a period of five or more prior years. These demonstration programs may receive allocations from funds appropriated by this item to support curriculum development and dissemination replication activities.

In allocating demonstration program funds according to the above requirements, the Superintendent of Public Instruction shall assume that 70 percent of each program's budget supports instructional costs, and that the remaining 30 percent supports curriculum development and dissemination activities.

4. In fiscal year 1989–90, the Superintendent of Public Instruction shall allocate funds appropriated by this item which are reduced from existing program budgets according to Provision 3 to new demonstration programs. The Superintendent of Public Instruction may retain up to 5 percent of program funds for statewide dissemination of demonstration program materials and for contracts with external agencies to provide technical assistance to demonstration program sites. New programs shall be funded for a maximum of six years.

6110-156-001—For local assistance, Department of Education, Program 10.50.010.001—Adult Education..... 259,887,000

Provisions:

1. Funds appropriated by this item are in lieu of the amounts which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1989–90 fiscal year pursuant to Sections 14002, 14004 and 41301 of the Education Code, and are for transfer to Section A of the State School Fund, for the purposes of Section 52616 of the Education Code and Chapter 1025, Statutes of 1985.
2. Notwithstanding Section 52616 of the Education Code, the average daily attendance used in computing each district's 1989–90 block entitlement shall be the lesser of 109.74 percent of the district's 1981–82 adult block entitlement average daily attendance computed pursuant to paragraph (1) of subdivision (b) of Section 52616 of the Education Code, excluding average daily attendance in regional occupational centers and programs, or the district's reported 1989–90 annual adult average daily attendance, excluding average daily attendance in regional occupational centers and programs. Funds provided in this item for growth in average daily attendance are in lieu of the amounts which would otherwise be appropriated pursuant to Section 52616 of the Education Code.
3. Notwithstanding any other provision of law to the contrary, the amount appropriated in this item, exclusive of the amount appropriated for the purpose of Chapter 1025, Statutes of 1985, and the amount appropriated in Item 6110-226-001 for this program shall be the maximum amount allocated for the purposes of Section 52616 of the Education Code.
4. $22,069,000 of the funds appropriated by this item are available for funding special needs in adult education. These funds shall not be used to compute school district block entitlements pursuant to Section 52616 of the Education Code, and shall be exclusively utilized in the 1989–90 fiscal year as follows:

Item	Amount
(a) \$9,848,000 shall be used to fund extraordinary needs in adult programs in English-as-a-second language (ESL) provided under subdivision (c) of Section 41976 of the Education Code. The Superintendent of Public Instruction shall identify districts having extraordinary needs as those serving the highest concentration of limited-English-proficient students in grades K–12 within high school and unified school district boundaries recorded by the annual census of pupils of limited-English-proficiency pursuant to Section 52164 of the Education Code. The Superintendent of Public Instruction shall allocate the funds to applicant districts on the basis of the proportionate share of total count of pupils of limited-English-proficiency served by all participating districts.	
(b) \$5,776,000 shall be used to fund remedial education services for participants in the Greater Avenues for Independence (GAIN) Program pursuant to Chapter 1025 of the Statutes of 1985. These funds shall be apportioned by the Superintendent of Public Instruction only to school districts that certify that they are unable to provide educational services to GAIN recipients within their adult education block entitlements.	
(c) \$562,000 shall be used for programs in elementary and high school basic skills.	
(d) \$5,883,000 shall be used to fund ESL, GAIN and basic skills programs in amounts to be determined by the Superintendent of Public Instruction.	
(e) As a condition of receiving these funds, school districts shall certify to the Superintendent of Public Instruction that levels of annual average daily attendance in the 1989–90 fiscal year in (1) programs for (A) English as a second language and (B) elementary and high school basic skills and (2) which are used to compute block entitlements, shall be maintained at or above levels funded in either the 1987–88 or the 1988–89 fiscal year, whichever levels are	

Item		Amount
	higher, for each of these two areas. The Superintendent of Public Instruction shall, at the time of the annual apportionment, reduce funding by the corresponding amount to any school district receiving funds affected by this provision which fails to generate certified levels of average daily attendance.	
	5. Any adult education surpluses accrued pursuant to subdivision (d) of Section 52616 of the Education Code may be reallocated by the Superintendent of Public Instruction for either the fiscal year during or after which such surplus accrued. In reallocating these surpluses, the superintendent shall give first priority to funding remedial education services for GAIN participants in both fiscal years.	
	6. Notwithstanding any provision of law to the contrary, funds appropriated in this item for average daily attendance (ADA) generated by participants in the GAIN Program established by Chapter 1025 of the Statutes of 1985 may be apportioned on an advance basis to local education agencies based on expected units of ADA, if a prior application for such additional ADA funding has been approved by the Superintendent of Public Instruction.	
	7. Of the funds appropriated in this item, $237,000 shall be allocated to the Sacramento County Office of Education for the first year of a three-year adult education pilot project for parolees. Of this $237,000, up to $187,000 shall be available to the Sacramento County Probation Department only for services rendered as part of the pilot project, up to $40,000 shall be available for evaluation of the project, and up to $10,000 shall be available for the administrative costs of the Sacramento County Office of Education incurred in the course of administering this project.

6110-158-001—For local assistance, Department of Education, Program 10.50.010.002—Adult Education, for transfer to Section A of the State School Fund in lieu of the amount which would otherwise be appropriated pursuant to Section 41841.5 of the Education Code—Adults in Correctional Facilities... 2,401,000

Provisions:

1. Notwithstanding any other provision of law to the contrary, the amount appropriated in this item and the amount appropriated in Item 6110-226-001 for this program shall be the maximum amount allocated for the purposes of Section 41841.5 of the Education Code.

6110-161-001—For local assistance, Department of Education, Program 10.60—Special Education Programs for Exceptional Children 1,204,724,000

Provisions:

1. Funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1989–90 fiscal year pursuant to Sections 14002 and 41301 of the Education Code, for apportionment pursuant to Part 30 of the Education Code, superseding all prior law.
2. No more than $350,000 of the funds appropriated in this item may be used for inservice training for special education teachers.
3. Of the amount appropriated in this item, no more than $39,399,000 may be used for the purposes of Article 9 (commencing with Section 56780) of Chapter 7 of Part 30 of the Education Code.
4. Of the amount appropriated in this item, $14,500,000 shall be available for program growth pursuant to Section 56728.6 of the Education Code. The funds allocated pursuant to this provision shall be the only funds available in this item for program growth.

   These funds shall be allocated to fully fund calculated growth units for K–12 programs (ages 5–21) based on each SELPAs pupil count data and an average number of pupils per unit of:

   (a) For special day classes and centers—10,

Item Amount

(b) For resource specialist programs—24,
(c) For designated instructional services—24.

For the purposes of allocating special day class and center (SDC) growth units, a revenue limit offset shall be calculated for the unfunded 1988–89 P-2 SDC average daily attendance for those local educational agencies which are scheduled to receive SDC growth units. In no case shall the offset exceed 8 pupils per SDC growth unit. All other SDC growth units will be allocated using no revenue limit offset.

5. The number of units to be recaptured shall be calculated pursuant to Section 56728.6 of the Education Code. Within each SELPA, to maximize the use of existing units, the units available for recapture shall be shifted to any instructional setting that is eligible for growth pursuant to Provision 4. After maximizing the existing units, growth shall be calculated pursuant to the standards in Provision 4. Waivers of the subcaps (Education Code Section 56728.6) may only be approved if compliance would prevent the provision of a free, appropriate public education.
6. Of the amount appropriated in this item, $500,000 shall be available only for units approved by waiver for very sparse and rural SELPAs which are not eligible for calculated growth units pursuant to Provision 4. Waivers for sparsity may be approved only after previous waivers have been reviewed to determine that those units were utilized in sparsely populated areas of the SELPA, that additional units are necessary for these areas and that severe hardship would occur without additional units for this purpose.
7. Of the amount appropriated in this item, no more than $300,000 shall be available for the purposes of Section 56775.5 of the Education Code.
8. $7,000,000 of the funds appropriated in this item are available for purchase, repair, and inventory maintenance of specialized books, materials, and equipment for pupils with low-incidence disabilities, as defined in Section 56026.5 of the Education Code.
9. $3,500,000 of the funds appropriated in this item are available for matching funds for the pur-

	poses of PL 98-524, and for vocational training and job placement for special education students through Project Workability I pursuant to Article 3 (commencing with Section 56470) of Chapter 4.5 of Part 30 of the Education Code. As a condition of receiving these funds, each agency must certify that the amount of nonfederal resources, exclusive of funds received pursuant to this provision, devoted to the provision of vocational education for special education pupils shall be maintained at or above the level provided in 1984–85. The Superintendent of Public Instruction may waive this requirement for agencies which can demonstrate that the requirement would impose a severe hardship.	
	10. $200,000 of the funds appropriated in this item are available for matching funds with the Department of Rehabilitation to provide coordinated services to handicapped pupils.	
	11. Notwithstanding Section 7587 of the Government Code, the emergency regulations developed to implement Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code shall not be subject to automatic repeal until the final regulations take effect on or before June 30, 1990.

2. Notwithstanding any other provision of law to the contrary, the amount appropriated in category (a) of this item shall be the maximum amount allocated for the purposes of Article 3—Administrator Training and Evaluation (commencing with Section 44681) of Chapter 3.1 of Part 25 of the Education Code.
3. Notwithstanding any other provision of law to the contrary, the amount appropriated in category (b) of this item shall be the maximum amount allocated for the purposes of Article 4—California Mentor Teacher Program (commencing with Section 44490) of Chapter 3 of Part 25 of the Education Code.
4. Notwithstanding any other provision of law, each school district which participates in the California Mentor Teacher Program and receives funds pursuant to subdivision (a) of Section 44492 of the Education Code shall certify to the Superintendent of Public Instruction that no more than 10 percent of the total amount which it receives pursuant to subdivisions (a) and (c) of Section 44492 of the Education Code will be used for administrative costs.

   For purposes of this provision, "administrative costs" shall include the personnel costs of program administration and coordination, the costs of mentor teacher selection, and indirect costs associated with the mentor teacher program.
5. Notwithstanding any other provision of law, the amount appropriated in category (c) of this item shall be the maximum amount allocated for the purposes of Article 4—Bilingual Teacher Training Assistance Program (commencing with Section 52180) of Chapter 7 of Part 28 of the Education Code.
6. Notwithstanding any other provision of law, the amount appropriated in category (d) of this item shall be the maximum amount allocated for the purposes of Chapter 3.7—California International Studies Project (commencing with Section 44780) of Part 25 of the Education Code. Of

	7. Notwithstanding any other provision of law to the contrary, the amount appropriated in category (e) of this item shall be the maximum amount allocated by the Department of Education for the purposes of the joint effort in teacher improvement by the Department of Education and the California State University system.	
	8. Pursuant to Chapter 1355 of the Statutes of 1988, the amount appropriated by category (g) of this item and $1,100,000 in Item 6360-001-001 are for a joint study of alternative models of beginning teacher support and assessment by the Department of Education and the Commission on Teacher Credentialing. The study shall establish alternative models of beginning teacher support and assessment mechanisms and evaluate the costs and benefits of the alternative models.	
	These funds shall be expended only upon development of a joint program and expenditure plan by the department and the Commission on Teacher Credentialing and approval of the plan by the Director of Finance.

Provisions:

1. Funds scheduled in category (b) of this item shall be allocated subject to the requirements of Sections 8279 and 8279.1 of the Education Code.
2. The following reimbursement factors shall take effect as of July 1, 1989, but shall not apply to the

Item Amount

School-Age Community Child Care Program:

(a) Under 4 hours per day: 55% of the full-time daily rate.

(b) 4 to under 6½ hours: 75% of the full-time daily rate.

(c) 6½ to under 10½ hours: 100% of the full-time daily rate.

(d) 10½ hours and over: 118% of the full-time daily rate.

It is the intent of the Legislature that the rate specified in subdivision (d) of this provision shall result in services to additional children. Child development contractors that serve children 10½ hours or more per day and demonstrate to the satisfaction of the State Department of Education that their costs are reasonable and in excess of those allowed by subdivision (d) of this provision shall have the following apply: subdivision (a) of this provision shall be reduced to 50 percent, and subdivision (d) of this provision shall be increased to 150 percent.

The State Department of Education, using its existing procedures, shall give priority for the provision of services to additional children resulting from the change in subdivision (d) of this provision to counties that are relatively underserved by child development funds, as measured by funding per child receiving Aid to Families with Dependent Children (AFDC) in each county and other measures as deemed necessary by the department.

3. Notwithstanding Section 2.00 of this act, child development appropriations shall be available in accordance with the provisions of Section 8278 of the Education Code, except that funds remaining unencumbered as of June 30, 1990, shall revert to the General Fund. Further, the State Department of Education shall report to the Joint Legislative Budget Committee and the Department of Finance by March 31, 1990, the amount of child development funds, by program, which have been determined after audit to be unearned. The State Department of Education shall report on September 30, 1989, and on March 31, 1990, the settlement of claims payable from unearned contract funds balances by

program. Further, the State Department of Education shall report on September 30, 1989 and on March 31, 1990, the reencumbrance of unearned contract funds made pursuant to Section 8298 of the Education Code, by program, specifying the purpose and need for each expenditure.

4. The California Child Care Initiative shall ensure that the $250,000 in state funds are matched on a one-to-four basis, with private corporations and local governments providing up to $1,000,000.
5. Recognizing that the availability of child care is essential to economic self-sufficiency, it is the intent of the Legislature to fund child care services as necessary to support the goal of full employment.

Effective July 1, 1986, and notwithstanding the provisions of Sections 8263 and 8468.5 of the Education Code, if a GAIN participant reaches the top of a State Department of Education (SDE) waiting list and income and eligibility criteria for SDE programs are met, he or she shall be retained at the top of the list and enrollment in an SDE-subsidized space shall be deferred until the parent becomes employed or is separated from GAIN, whichever comes first. At this time, the participant who has been deferred for an SDE space shall have priority in the order of deferral for the next available SDE-subsidized space, regardless of income level that meets SDE criteria (with the exception of priorities for abused and neglected children).

These requirements shall not apply to parents whose children are enrolled in an SDE-subsidized space prior to the parents' enrollment in GAIN.

The Department of Social Services (DSS) and the State Department of Education (SDE) shall enter into a memorandum of understanding that specifies a level of service requirement by SDE programs for AFDC recipients. The data collected by SDE on September 15, 1986, and certified by the Auditor General on February 25, 1987, shall establish the plateau by county against which all future surveys of AFDC participation will be measured. For the 1989–90 fiscal year, the sampling will be made by SDE on

Item Amount

September 15 and March 15. To establish an ongoing process, SDE shall propose legislation that will fix these point-in-time dates in the Education Code.

If, upon comparison to the plateau, the AFDC participation falls below the certified county levels by more than 5 percent, the enrollment of GAIN participants, as specified in the previous paragraph, shall not be deferred. Deferrals shall resume only if AFDC participation levels are again in excess of the certified plateau.

6. The State Department of Education shall, to the extent possible, grant waivers of the school-age community child care requirements at the time contracts are issued. Notwithstanding any other provision of law, the Superintendent of Public Instruction shall ensure that waiver denials issued after the time contracts are issued shall not take effect until two months after the denial decisions are provided, in writing, to affected contractors. The two-month period may be extended at the discretion of the Superintendent of Public Instruction in order to provide contractors with a reasonable amount of time to comply with school-age community child care requirements. Nothing in this provision shall be construed to apply to school-age community child care agencies that do not apply for waivers in good faith.
7. Notwithstanding any other provision of law, the Superintendent of Public Instruction shall authorize any School Age Community Child Care program agency the choice of either a child day or a child hour as the contract unit of enrollment for the purpose of reimbursement. The agency's unit of choice shall remain in effect for the 1989–90 fiscal year and shall be the basis for determining earnings under the contract. After analysis of School-Age Community Child Care providers statewide, the superintendent shall establish an enrollment unit or units for reimbursement that will meet the needs of participating agencies.
8. Notwithstanding any other provision of law, for each School-Age Community Child Care Program approved for funding, the Superintendent of Public Instruction shall ensure that no more

than one-half of the enrollees reported are eligible for and receiving subsidization as specified under subdivision (b) of Section 8468.5 of the Education Code. Agencies which fail to meet the requirements of this provision and which do not have a State Department of Education approved waiver under Section 8474 of the Education Code shall be deemed in noncompliance with the Education Code requirements. The failure of an agency to submit a corrective action plan within the timelines specified by the State Department of Education to correct the deficiency shall result in the agency being placed on conditional status. Agencies on conditional status shall be monitored monthly by the State Department of Education, which will provide technical assistance to enable agencies to reach compliance.

It is the intent of the Legislature that the above-referenced procedures be imposed for fiscal years 1988–89 and 1989–90. On July 1, 1990, the full fiscal effect of the state participation limits shall be resumed.

9. Notwithstanding subdivision (e) of Section 8277.7 of the Education Code, the relocatable classroom located at Jacoby Creek School for the purposes of the "latch-key" program may also be used as a part-time elementary school classroom in accordance with existing agreements among officials of that school and child care council.
10. Notwithstanding any other provision of law, the State Department of Education, Child Development Division, may authorize a maximum reimbursement rate not to exceed the regional GAIN rate for child care for Alternative Payment Programs and Family Child Care Home Programs with nonemployee providers in service areas that exceeds the current statutory maximum reimbursement rate. This increased rate shall be subject to the procedures established by the State Department of Education pursuant to Section 8265.1 of the Education Code.
11. Notwithstanding any other provision of law, the State Department of Education may authorize the use of adjustment factors for special

needs children under subdivision (b) of Section 8265.5 of the Education Code for Alternative Payment Programs and Family Child Care Homes Programs with nonemployee providers and Migrant Programs whose assigned reimbursement rates exceed the standard reimbursement rate established under subdivision (b) of Section 8265 of the Education Code.

12. Notwithstanding Section 8473.3 of the Education Code, if a School-Age Community Child Care Program contractor fails to operate at least 98 percent of the minimum days of operation required in its contract, or ceases operations, or the contract is terminated prior to the end of the contract period, the maximum reimbursable amount shall be reduced in proportion to the percentage of the contract minimum days of operation that the contractor was not in operation.
13. Notwithstanding Section 8278 of the Education Code, the first $3,900,000, in excess of those required to make payments on accounts payable pursuant to subdivision (a) of Section 8278 of the Education Code shall be used, in the following priority order, for these purposes:

(a) Infant care and parent services components of the Youth and Family Center of Lawndale	82,000
(b) San Francisco Family Day Care Project	200,000
(c) Local Coordination Grants	416,500
(d) Intergenerational Child Care-City of Oakland	120,000
(e) Staff development	500,000
(f) Child Care inHousing Projects	100,000
(g) Innovative Projects and/or Reserve for Contingencies	237,500

14. Community college districts which levied child development permissive override taxes pursuant to Sections 8329 and 8330 of the Education Code in the 1977-78 fiscal year and received fiscal relief through Chapter 282 of the Statutes of 1979 shall not receive reimbursement for child care services from the Superintendent of Public Instruction in excess of 75 percent of the av-

erage daily enrollment funding standards for campus child care programs. Campus child care programs operated by the University of California, California State University, and community colleges that did not levy a permissive override tax in the 1977–78 fiscal year shall receive reimbursement from the Superintendent of Public Instruction which equals 100 percent of the average daily enrollment funding standards for campus child care programs.

15. The amount appropriated by this item for campus child care tax bailout shall be allocated by the State Department of Education on order of the Chancellor of the California Community Colleges. The chancellor shall order the allocation of these funds to community college districts which levied child care permissive override taxes in the 1977–78 fiscal year pursuant to Sections 8329 and 8330 of the Education Code in an amount equal to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its child development program for the 1979–80 fiscal year pursuant to Section 30 of Chapter 1035 of the Statutes of 1979, increased by any cost-of-living increases granted in subsequent fiscal years. These funds shall be used only for the purpose of community college child development programs.
16. Notwithstanding Section 8278 of the Education Code, the State Department of Education shall adopt an expenditure plan for funds in excess of those required to make payments on accounts payable pursuant to subdivision (a) of Section 8278 of the Education Code. To the extent that the following provisions are not in conflict with legislative priorities specified in this act or in other subsequent legislation, the expenditure plan shall reflect the following distribution of funds:
    (a) Not less than 50 percent for direct service.
    (b) Not less than 20 percent for staff development.
    (c) Not less than 20 percent for one-time-only special projects which will directly benefit children, including data collection and research.

priated by this item shall be available for allocation in accordance with provisions of Section 49536 of the Education Code, except that such allocation shall not be made on the basis of all meals served but shall be made on the basis of the number of meals that are served and which qualify as free or reduced priced meals in accordance with provisions of Sections 49501, 49550, and 49552 of the Education Code.

3. Notwithstanding any other provisions of law and in lieu of the reimbursement rates prescribed by Section 49559 of the Education Code for Child Nutrition and Pregnant/Lactating Minors Nutrition Programs, allowances made with funds appropriated by this item shall be available at the following reimbursement rates:
   (a) Complete supplements shall be reimbursed at the rate of $0.5915 per meal.
   (b) Partial breakfast or lunch supplements shall be reimbursed at the rate of $0.2957 per meal or supplement.
   (c) For each pregnant or lactating student, the total reimbursement per day shall not exceed $0.5915.

also applicable to Schedule (a) of this item.	
6110-224-344—For local assistance of Department of Education, Program 10.10-School Apportionments, for transfer to Section A of the State School Fund for funding applications received by the Office of Local Assistance by December 31, 1989, for the purposes of Sections 42250 and 42250.3 of the Education Code, incentive payments for utilizing alternatives to new construction or year-round schools, payable from the State School Building Lease-Purchase Fund	(7,255,000)

Provisions:

1. Notwithstanding any other provision of law, the funds appropriated in this item, and in Item 6110-224-001(a), shall be the only funds allocated as incentive payments for year-round school operations. Funds made available through this item shall be used to pay claims for year-round operations during the 1989–90 fiscal year only.
2. Applications for year-round incentive payments pursuant to Sections 42250 and 42250.3 of the Education Code must annually be received by the Office of Local Assistance by no later than December 31 of the year in which the year-round operation occurred and for which payment is sought; applications received after that date shall not be processed. The Office of Local Assistance shall certify all eligible and approved claims to the Superintendent of Public Instruction by no later than April 1 of the following year. In the event that the funds available for a fiscal year are insufficient to fully pay all claims for that year, the Superintendent of Public Instruction shall provide all approved claims with a prorated share of the funds made available.
3. If a district receives state reimbursement specifically attributable to the cost of operating schools on a year-round basis pursuant to a court-ordered or voluntary desegregation program, the district shall be eligible for any portion of the allowances for incentive payments pursuant to Section 42249 of the Education Code for the 1989–90 fiscal year but only to the extent that the district incurs costs in 1989–90 specifically attributed to operating schools on a year-round basis, as audited and approved by the

State Controller, that exceed claims submitted for state reimbursement and deemed to be allowable costs by the State Controller for such year-round operation pursuant to Sections 44243.6 and 42249 of the Education Code for the 1989–90 fiscal year. Funds may be distributed during the 1989–90 fiscal year pursuant to this provision. However, the State Controller shall audit and may make adjustments to the funds distributed under this item in future years.

4. Notwithstanding subdivision (b) of Section 42250.3 of the Education Code, a school district that meets all the criteria described in subdivision (a) of Section 42250.3 shall receive, based only on year-round school operation during 1989–90, year-round education incentive payments calculated as follows:
   (a) The school district shall certify the number of pupils in year-round education in excess of the capacity of the school or schools, as determined by State Allocation Board classroom loading standards.
   (b) The Office of Local Assistance shall multiply the number of pupils determined in paragraph (a) by the allowable square footage of new construction for the grade levels of the excess pupils.
   (c) The Office of Local Assistance shall multiply the amount determined in paragraph (b) by the average cost of new construction that would be allowed for schools of that grade level in that locale.
   (d) The State Department of Education shall certify to the State Allocation Board the amount of land that would be necessary for an educationally adequate facility for the number and grade level of pupils determined in paragraph (a) above.
   (e) The Office of Local Assistance shall multiply the amount determined in paragraph (d) above by the cost of land in the area where a new school would be built, if the pupils were not participating in year-round education.
   (f) The Office of Local Assistance shall reduce the value of land in this calculation starting in the year after the state has purchased the

land for the new school that would be built, if the pupils were not participating in year-round education. This reduction shall be one-third per year of the value of the land purchased. (g) The Office of Local Assistance shall add the amounts determined in paragraphs (c) and (e) or (f), whichever applies, and multiply the result by .05. (h) The Office of Local Assistance shall divide the amount determined by paragraph (g) by the amount of students enrolled in the facility or facilities used for year-round education. (i) The Office of Local Assistance shall determine the factor of excess pupil capacity by dividing the number of pupils determined in (a) above by the pupil capacity as determined by State Allocation Board classroom loading standards. (j) The Office of Local Assistance shall divide the factor of excess pupil capacity determined in (i) by .15. The result shall be rounded to the third decimal and shall not exceed 1.000. (k) The Office of Local Assistance shall multiply the factor determined in (j) by the amount determined in (h). The Office of Local Assistance shall certify the amount so determined to the State Allocation Board. (*l*) The State Allocation Board shall certify to the Superintendent of Public Instruction the amount determined in paragraph (k), not to exceed one hundred thirty-one dollars ($131) per pupil in year-round education facilities. (This amount has been adjusted to include the annual inflation for the prior calendar year on the basis of the cost index for class B construction as determined by the State Allocation Board in accordance with subdivision (b) of Section 42250.3 of the Education Code.) (m) In accordance with existing statutory law, a school district shall, in addition to the eligibility criteria specified in Section 42250.3 of the Education Code, also meet the applicable eligibility criteria for the in-

centive payments provided pursuant to Section 42250 of the Education Code (that is, the school district shall be eligible for funding for new construction under the State School Building Lease-Purchase Program).

(n) In determining if there is substantial overcrowding in the entire school district or high school attendance area pursuant to subdivision (a) of Section 42250.3 of the Education Code, the Office of Local Assistance shall calculate the capacity of the entire district or high school attendance area in accordance with the existing methods used to determine eligibility for new construction funding.

(o) Excess capacity shall reflect only the additional capacity that has been generated as a result of using a multitrack year-round calendar, and shall not reflect increased capacity generated by any other means.

It is the intent of the Legislature that this calculation of excess capacity not adversely affect school districts which participated in this program in the 1988–89 fiscal year. Therefore, for the 1989–90 fiscal year only, any school district that maintains at least the same number of students attending qualifying schools as it had in the 1988–89 fiscal year, shall receive total level funding not less than the level it received in the 1988–89 fiscal year.

5. Notwithstanding Provision 4, incentive payments shall be subject to the following conditions:

(a) Schools which received incentive payments in the preceding two fiscal years for accommodating pupils in excess of capacity will qualify for incentive payments in the 1989–90 fiscal year, provided the same or greater level of accommodation is achieved in the 1989–90 fiscal year.

(b) Schools not meeting the conditions of paragraph (a) of this provision shall accommodate at least 5 percent or more pupils over the capacity of the school.

Item		Amount
	(c) For the purposes of paragraph (a) or (b) of this provision, school districts may average the overcrowding accommodated among a combination of schools.	
	(d) No school accommodating a total number of pupils which is less than the capacity of the school for more than a majority of the school year shall qualify for incentive payments.	
	(e) It is the intent of the Legislature that, beginning in the 1990–91 fiscal year, no incentive payments shall be made for a school or combination of schools which on average accommodate fewer pupils than 105 percent of capacity. Pupils not on multitrack schedules shall be excluded from incentive payment computations.

amount allocated for the purposes of Article 2.3 of Part 27 (commencing with Section 48643) of the Education Code. If the total reappropriation is not sufficient to fund all excess costs of expanding Opportunity Classes and Programs as provided in Section 48643 of the Education Code, a deficit factor will be applied to all district apportionments as necessary.		
2. Notwithstanding Section 48644 of the Education Code, funds allocated to school districts for the expansion of Opportunity Classes and Programs shall not exceed $425 per unit of average daily attendance (ADA), based on the additional enrollment in these classes and programs above the 1982–83 enrollment levels, expressed in terms of ADA. For the purposes of making this allocation to Opportunity Programs, the superintendent shall use the following definition to express enrollment in Opportunity Programs in terms of ADA. Using total positive clock hours scheduled and attended during the year, 405 hours of opportunity program assignment equals one Opportunity Program ADA. (405 hours is the product of a Second Principal Apportionment divisor of 135 and three hours of attendance per day.)

(m) Aquaculture and Fisheries research		300,000

Provisions:

1. The appropriations from these funds are exempt from Section 31 of this act.
2. None of the funds appropriated may be expended to initiate major capital outlay projects by contract without prior legislative approval, except for cogeneration and energy conservation projects. Exempted projects shall be reported under the provisions of Section 28 of this act.
3. The funds appropriated in category (b) are for support of University of California program of clinical health sciences education, research, and public service, conducted in conjunction with the Charles R. Drew Postgraduate Medical School, as provided for in Sections 1, 2, and 3 of Chapter 1140 of the Statutes of 1973.
4. The University of California shall ensure by adequate controls that funds appropriated by Schedule (b) are expended solely for the support of such programs.
5. The funds appropriated by Schedule (c) are for support of a program of basic and clinical health science education and primary health care delivery research in the field of podiatry, University of California, to be conducted in conjunction with the California College of Podiatric Medicine as provided for in Sections 1 and 4, inclusive, of Chapter 1497, Statutes of 1974.
6. Of the amount in Schedule (a), $2,629,957 shall be available for expenditure only for support of the Northern and Southern Occupational Health Centers as established by a contract entered into with the Department of Industrial Relations pursuant to Section 50.8 of the Labor Code.
7. $4,080,000 of the amount in Schedule (a) shall be available only for microelectronics research, and shall be expended subject to the oversight and policy direction of a committee, to be appointed by the president of the university and to consist of equal numbers of state government, university, and electronics or semiconductor, or both, industry representatives, for the purposes of advancing appropriate research and graduate

Item Amount

education in microelectronics research, including innovative research in microelectronics technology, its applications in computer and information sciences, and its necessary antecedents in other physical science disciplines.

The expenditure of the $4,080,000 available for microelectronic research shall also be subject to the following conditions:

(1) The university may utilize no more than $204,000 of the $4,080,000 for administrative and related costs.

(2) The university may utilize a portion of the $4,080,000 as support for graduate student education and related professional teaching support.

(3) To the extent possible, expenditures subject to the limits in paragraphs (1) and (2) shall be reimbursed through the joint research projects specified in paragraph (4).

(4) The balance of the appropriation shall be used to fund industry/academic joint research projects for the policy purposes noted above, on a project-by-project basis, with a one-to-one match in total from the $4,080,000 and an industry contribution respectively.

8. No funds appropriated by this act may be used by the Regents of the University of California to reclassify instructional capacity space, administrative space, library space, or faculty offices to other uses unless and until any such proposed reclassification is first approved by the Department of Finance and 30 days' written notification is provided to the Chairperson of the Joint Legislative Budget Committee or his or her designee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

9. Since it is the intent of the Legislature in enacting this act that no qualified student be denied admission to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts

Item Amount

budgeted for the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to ensure that all qualified students can be admitted when the Director of Finance certifies that the systemwide enrollment of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the university was based; provided, that no increased expenditure may exceed $6,000,000 in the aggregate for both the University of California and the California State University or be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

In the event that the systemwide enrollment of the University of California is under the budgeted enrollment by more than 2 percent, such excess shall be unallocated by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved such action and shall not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of such committee, or his or her designee, may in each instance determine.

For purposes of this provision, graduate enrollments of the University of California shall be excluded from all calculations.

10. It is the intent of the Governor and the Legislature that $68,000,000, which otherwise would have been appropriated toward employer contributions to the University of California Retirement System for the 1989–90 fiscal year, is hereby deferred for the 1989–90 fiscal year. This amount shall be restored in the 1990–91 fiscal year Budget Act. In addition, the amount deferred in 1989–90 fiscal year shall be amor-

Provisions:

1. Funds appropriated in Schedule (1) for statewide preliminary planning shall be available only for those major capital outlay projects for which working drawing funds or working drawing and construction funds are expected to be included in the fiscal year 1990–91 Governor's Budget and for which preliminary plans and cost estimates can be developed prior to legislative hearings for the fiscal year 1990–91 Budget Bill, except that a maximum of $200,000 shall be available for expenditure on July 1, 1989, for the utility and site development for major capital outlay projects and for development of cost/benefit analyses of planning alternatives and detail project programs for proposed fiscal year 1990–91 and fiscal year 1991–92 capital outlay projects. If, on or before January 15, 1990, the $200,000 intended in Schedule (1) for preliminary planning has not been allocated by the Department of Finance because the anticipated related projects have not been included in the fiscal year 1990–91 Governor's Budget, then any remaining balance of the $200,000 in preliminary planning funds may be expended for cost/benefit analyses of planning alternatives or detailed project programs for proposed fiscal year 1990–91 and fiscal year 1991–92 capital outlay projects, or both.
2. Funds appropriated in Schedule (29) for the San Diego Classroom/Student Services, Phase II shall not be allocated by the Department of Finance until the California State University Trustees have approved an amendment to the San Diego State University's nonstate-funded capital outlay program to provide nonstate funds to design, construct, and equip a 9,000 assignable square foot (12,800 gross square foot) addition to Nastair and Storm Halls which will provide space for the academic skills center, 240

Provisions:

1. The funds appropriated in Schedule (a) are for transfer by the State Controller during the 1989–90 fiscal year to Section B of the State School Fund, in lieu of the amount which otherwise would be appropriated for transfer from the General Fund in the State Treasury to Section B of the State School Fund for the 1989–90 fiscal year pursuant to Section 14020 of the Education Code, as needed, in addition to the sums accruing to Section B of the State School Fund from other sources for the purposes specified in this item for apportionment pursuant to Chapter 5 of Part 50 of the Education Code.
2. (a) Of the amount appropriated in Schedule (a), up to $6,775,000 shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college related and supplemental instruction pursuant to Section 3074 of the Labor Code as provided in Section 8152 of the Education Code. No community college district shall use funds available under this provision to offer any new or expansion of apprenticeship training program(s) unless that program(s) has been approved by the chancellor.

   (b) The chancellor shall report to the Department of Finance and the Legislature no later than October 1, 1989, on the amount of funds expended for and the hours of related and supplemental instruction offered in the apprenticeship program during the 1988–89 fiscal year, with information to be provided by community college district, program sponsor, and trade. Expenditure information shall distinguish between direct and indirect costs, including administrative costs, funded for community college districts. In addition, the report shall identify the hours of related and supplemental instruction proposed for the 1989–90 fiscal year by community college district, program sponsor,

and trade. As a condition of receiving funds for the apprenticeship program, districts shall report to the chancellor's office the information necessary for the completion of this report.

(c) Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of three dollars and seventy-six cents ($3.76) per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.

(d) For any apprentice program offered pursuant to Section 8152 of the Education Code that in 1989-90 is transferred from a community college district to a K–12 school district, the Controller, upon certification by the chancellor and approval of the Director of Finance, shall transfer, prior to certification of the first or second principal apportionments, as appropriate, from Schedule (a) of this item to Schedule (e) of Item 6110-101-001 an amount equal to the number of hours for which the apprentice program received funding in 1988–89 times $3.76. Any transfers authorized pursuant to this provision shall be subject to Section 28.00 of this act.

3. Of the amount in Schedule (a), up to $3,939,000 may be allocated by the chancellor for the funding of employer-based job training programs of the type funded pursuant to Provision 12 of Item 6870-101-001 of the Budget Act of 1982. These programs shall be consistent with the intent of that provision and with the criteria adopted by the Board of Governors for allocating funds under that provision.

4. Notwithstanding any other provision of law, any funds allocated pursuant to Section 84707 of the Education Code or Section 22 of this act shall not be considered as part of the base revenues for community college districts in computing the 1990–91 apportionments, as prescribed in Sec-

tion 84701 of the Education Code. The additional ADA generated above each district's funded ADA shall not be added to the subsequent year's ADA base, and the additional revenues and ADA shall not be included in calculations for determining the average revenues per ADA.

5. (a) The funds appropriated in Schedule (b) are for transfer by the State Controller during the 1989–90 fiscal year to Section B of the State School Fund.

(b) Of the amount in Schedule (b), $31,365,000 is for the Extended Opportunity Programs and Services in accordance with the provisions of Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code; $13,420,000 is for the Board Financial Aid Program; $1,479,000 is for the cooperative Agencies Resources for Education program in accordance with the provisions of Chapter 1029, Statutes of 1982; and $229,000 is for the Puente Project if these funds are matched by $100,000 of private funds and the participating community colleges and University of California campuses maintain their 1988–89 support level for the Puente Project. The Board of Governors shall allocate funds on a priority basis and to local programs on the basis of need for student services and financial aid.

6. (a) The funds appropriated in Schedule (c) are for transfer by the State Controller during the 1989–90 fiscal year to Section B of the State School Fund, in lieu of the amount which otherwise would be appropriated for transfer from the General Fund in the State Treasury to Section B of the State School Fund for the 1989–90 fiscal year pursuant to Section 14020 of the Education Code, for funding the excess direct instructional cost of providing special facilities, special education materials, educational assistance, mobility assistance, transportation, program accountability, program developmental services for handicapped students enrolled at community colleges, and for state hospital

programs.

(b) Of the amount appropriated in Schedule (c), $645,000 is for growth in the number of students served by this program, and is not to be used for increased costs or levels of services provided to existing students.

7. The funds appropriated in Schedule (d) are to fund up to 20 transfer centers on a pilot project basis in accordance with proposals submitted by districts to the chancellor's office.
8. (a) The amount in Schedule (e) is provided for local assistance in support of the Foster Parent Training program in accordance with the provisions of Chapter 1597, Statutes of 1984.

(b) Notwithstanding the provisions of subdivision (c) of Section 903.7 of the Welfare and Institutions Code, if sufficient moneys are available in the Foster Children and Parent Training Fund, up to $1,000,000 shall be transferred from the Foster Children and Parent Training Fund to the General Fund in reimbursement for expenditures made for the Foster Parent Training Program from appropriations of $900,000 of Schedule (e) of Item 6870-101-001 and $100,000 contained in Item 6870-001-001 of this act.

9. The funds appropriated in Schedule (j) shall be expended only for grants.
10. Of the amount appropriated in Schedule (k), $1,050,000 shall be used for continued funding of the Counselor and Instructor In-Service Training Program initiated in Chapter 1662, Statutes of 1984.
11. Notwithstanding the provisions of Section 2.00 of this act, the funds appropriated by category (n) shall be available for expenditure until June 30, 1991.
12. Notwithstanding any other provision of law, an amount equal to 10 percent of the statewide total adjustment computed for credit ADA pursuant to Section 84704 of the Education Code for Equalization II shall be allocated by the chancellor, utilizing the same methodology employed in the allocation of 1986–87 equalization funds that was approved by the Department of Finance and submitted to the Legislature.

Item Amount

13. Upon certification of the chancellor, the Controller shall transfer up to $40,000 from the amount appropriated in Schedule (a) of this item to Schedule (g) for increased funding of the Academic Senate. Funds transferred pursuant to this provision shall not be considered in the calculation of any apportionment deficit.
14. The funds appropriated in Schedule (f) are for the purpose of student matriculation, as specified in Chapter 1467, Statutes of 1986.
15. Notwithstanding any other provision of law, $5,000,000 of the funds appropriated in Schedule (a) shall be for allocation to community college districts in the 1989–90 fiscal year for the purposes of funding, beyond the statutory ADA growth limit, needs in basic skills, including English-as-a-second-language course. The chancellor shall develop criteria for allocating funds for instruction in basic skills.
16. Pursuant to Section 84661 of the Education Code, which requires districts to match state funds provided for deferred maintenance and also authorizes the Board of Governors to waive this matching requirement, the chancellor shall report to the Joint Legislative Budget Committee by March 1, 1990, on any waivers granted.
17. The amount appropriated in Schedule (j) is in lieu of any amount which otherwise would be appropriated or reallocated pursuant to Education Code Section 84384.
18. Upon the approval of the Department of Finance, an amount up to $274,000 may be transferred from Schedule (f) to Item 6870-001-001, Schedule (b), for additional support to the Chancellor of the California Community Colleges in managing the implementation of matriculation.
19. Of the amount appropriated in Schedule (o), $3,000,000 shall be available for reimbursement to community colleges for development of business plans for emergency response to a release of hazardous materials and preparation of hazardous chemical inventories.
20. Of the amount appropriated in category (a) for apportionments, $70,000,000 is provided to
